NEXT MEETING

THURSDAY, APRIL 14, 2022 AT 6:30 PM

(IMMEDIATELY FOLLOWING THE COMMUNITY REDEVELOPMENT AGENCY (CRA) MEETING)

If a person decides to appeal any decision made by the Council concerning any considered matter, they will need a record of the proceeding. For such purposes, they may need to ensure that a verbatim record of the proceedings is available. The recording includes the testimony and evidence upon which the appeal is to be based.

Village of Palm Springs

Executive Brief

AGENDA DATE: March 10, 2022

DEPARTMENT: Administration

ITEM #1: Resolution No. 2022-15 Reorganization of the Village Council (Designating a New Vice Mayor & Mayor Pro-Tem) (ADDENDUM)

SUMMARY: The Village Charter provides that the Village Council and Mayor serve a four (4) year term and that all elections are held during an odd numbered year.

Although the Village did not have a Municipal Election in 2022, Section 3.05(a) of the Village Charter requires the nomination and election by Council action of a Vice-Mayor and Mayor Pro-Tem from among its members at the first Regular Council meeting after the General Election (or when the General Election is held - March 2022).

The new Vice-Mayor and Mayor Pro-Tem shall serve a one (1) year term until March 2023 (or immediately following the completion of the election canvassing process when required).

FISCAL IMPACT:
The reorganization of the Village Council does not have a fiscal impact to the Village (Designating a New Vice-Mayor & Mayor Pro-Tem)

ATTACHMENTS:
1. Proposed Resolution No. 2022-15 - Council Reorganization

RESOLUTION NO. 2022-15

A RESOLUTION OF THE VILLAGE COUNCIL OF THE VILLAGE OF PALM SPRINGS, FLORIDA, DESIGNATING A VICE MAYOR AND MAYOR PRO TEM FOR THE ENSUING YEAR 2022-2023, AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, Section 3.05(a) of the Charter of the Village of Palm Springs requires the Mayor and Council to elect from among its members a Vice Mayor and Mayor Pro Tem; and

WHEREAS, the same section requires this election of a Vice Mayor and Mayor Pro Tem to be done annually at the first Regular Council Meeting after the General Election.

NOW, THEREFORE, BE IT RESOLVED BY THE VILLAGE COUNCIL OF THE VILLAGE OF PALM SPRINGS, FLORIDA:

Section 1. _____ is hereby elected Vice Mayor and_____ is hereby elected Mayor Pro Tem of the Village of Palm Springs, Florida; and they shall forthwith enter upon and assume the duties of said respective offices for the ensuing year.

Section 2. This Resolution shall become effective immediately upon adoption.

Council Member _____ offered the foregoing Resolution. Council Member _____ seconded the motion, and upon being put to a vote, the vote was as follows:

	Aye	Nay	Absent
BEV SMITH, MAYOR	□	□	□
DOUG GUNTHER, _____	□	□	□
JONI BRINKMAN, _____	□	□	□
PATTI WALLER, _____	□	□	□
GARY READY, _____	□	□	□

The Mayor thereupon declared the Resolution duly passed and adopted this ___ day of March 2022.

AGENDA
VILLAGE COUNCIL MEETING
226 CYPRESS LANE, PALM SPRINGS, FLORIDA
33461 JANUARY 13, 2022
6:30 PM

1. CALL TO ORDER

Mayor Smith called the meeting to order at 6:34 PM.

2. ROLL CALL

Present:

Mayor Beverly Smith, Vice-Mayor Gary Ready, Council Member Patti Waller, Mayor Pro Tem Douglas Gunther, and Council Member Joni Brinkman.

Absent: None

Also present:

Glen Torcivia, Village Attorney, Jane R. Worth, Deputy Village Clerk, Kim Glas-Castro, Assistant Village Manager, Iramis Cabrera, Planning, Zoning, and Building Director, Michael Bornstein, Interim Village Manager, Police Chief, Tom Ceccarelli as Sergeant-in-Arms, Rebecca Morse, Chief Finance Officer, Mariana Ortega, Assistant Finance Director and Justin Lucas, Director of Parks and Recreation

3. INVOCATION

Interim Village Manager Bornstein led in the Invocation.

4. PLEDGE OF ALLEGIANCE

Council Member Patti Waller led in the Pledge of Allegiance.

5. ADDITIONS, DELETIONS, OR MODIFICATIONS, AND APPROVAL OF AGENDA

Mayor Smith asked if there were any additions, deletions, or modifications to the agenda. Assistant Village Manager Kim Glas-Castro stated clarification to the fee schedule, for Parks and Recreation was as follows: Ballfield Rental for Residents was $10.00 per hour and for Non-Residents - $20.00 per hour, a 2-hour minimum, in the column of the fee schedule shows a collective of two (2) hour minimum rather than the hourly rate.

Mayor Smith asked for a motion on the agenda as reset. Council Member Waller made a motion to approve the agenda as reset, and Vice Mayor Pro Tem Gunther seconded it. Motion carried 5-0.

6. CONSENT AGENDA *(Public Comment on Consent Agenda Items is permissible prior to voting)*

END OF CONSENT AGENDA

Mayor Smith offered the public an opportunity to speak on the Consent Agenda. Hearing none, Vice Mayor Ready made a motion to approve the Consent Agenda as set, Council Member Waller seconded it. The motion carried 5-0

7. PRESENTATIONS

7.1 Presentation - 2021 Christmas Decorating Contest Awards
2021 Holiday Decorating Contest Winners

2021 Holiday Decorating Contest Winners Photographs

Parks and Recreation Director Justin Lucas explained there were twenty-nine (29) applicants for the Holiday Decorating Contest. Parks and Recreation Director Justin Lucas thanked everyone for entering, and fifteen winners were picked and would receive a $100.00 check and certificate of participation. Mayor Smith handed checks and certificates to five (5) residents that participated in the Holiday Decorating Contest and were able to attend the meeting. Mayor Smith thanked all the recipients for the time they took to decorate and taking the time to put more joy in the eyes of those that also enjoyed them.

72 Proclamation - Crossing Guard Appreciation Day February 4, 2022
Proclamation - Crossing Guard Appreciation Day February 4, 2022

Mayor Smith stated there was an item that had not been placed on the agenda, but there was a presentation to be made. Mayor Smith said last year, several participants gathered for the "Love to Ride Florida Bicycle Challenge". Assistant Village Manager Kim Glas-Castro was the leader, and there were residents, board members, and spouses. Mayor Smith said there were 13 riders and the road 1,632 miles and saved 8 pounds of CO2. Mayor Smith presented Assistant Village Manager Glas-Castro with a plaque for display. Mayor Smith mentioned this year there would be an app on your phone and you would be able to track your miles once you started if you wanted to ride alone.

8. PUBLIC COMMENT *The public shall be limited to three (3) minutes to speak on agenda or non-agenda item(s)*

Mayor Smith stated there were comment cards to be read into the record. The first one was:

Wayne Barnett – 3138 Meadow Road - petition to allow canopies over boats and cars to be taken down during hurricanes. They are not allowed and there are a lot of them throughout the Village.

Trina Lawson – 4501 Waterview Circle – Waterview Estates has always had clippings and yard pick up. We are now being told this is not included in what we pay in taxes. Why has this changed? Mayor Smith asked Staff to phone Ms. Lawson.

Madhv Pandey - 3155 Lillian Road - Frost Lake Park walking trail adjoining the Lakeside Condominium Association has their sprinkler system scheduled the same time we have our walk/exercise planned. We have called the office several times and the problem has not been resolved that is why we are coming to you. Also, speed bumps at Lillian Road, speeding is uncontrollable.

Steve Sanchez - 5901 Waterview Circle - I have lived in Waterview Estates for 20 years and Waste Pro has always picked it up, now they say it has been done as a courtesy, and they are not to be doing it. But yet it is on our water bill. Mr. Sanchez left his phone number with the Deputy Clerk Worth to have Staff call him at 561-889-8354.

9. REGULAR AGENDA

9.1 Approve New Village Manager Agreement - Michael Bornstein
Letter to Mayor and Council Dated January 7, 2022, about Village Manager Agreement
Village Manager Agreement - Clean Version
Village Manager Agreement - Redline Version
2021 - City Manager Salary Survey For Palm Springs

Attorney Torcivia informed the Council they hired Mr. Bornstein as the Interim Village Manager three (3) months ago. It was expressed at the previous Council meeting to start negotiations with Mr. Bornstein as the Village Manager. There are not many changes from the Interim Manager to the Manager concerning the contract. Unless there are any questions, that is the end of my report.

Mayor Smith asked the Council if there was any further discussion. Hearing none Vice Mayor Ready made a motion to accept Mr. Bornstein as the Village Manager and was seconded by Council Member Waller. Motion carries 5-0.

Village Manager Bornstein stated it is a humbling honor and privilege to work at the Village. He said the people here are incredible, and he would not let the Council down.

9.2 Discussion - American Rescue Plan Act (ARPA) Coronavirus Local Fiscal Recovery Funding - Direction on Prioritization of Project Funding
Staff Recommendations for Funding Prioritization
American Rescue Plan Presentation (provided at June 10, 2021 meeting)

Assistant Village Manager Glas-Castro stated in June 2021 information about the American Rescue Plan Act was presented to the Village Council. The Village was to receive 12.6 million dollars in 2 disbursements. The first one of 6.3 million was received in December 2021. The funds are to provide relief as a result of the pandemic. They are to be used for the community and there are four (4) category uses, one of which is recognizing employees that have served during the pandemic. Staff had put together a list of funds that are eligible for monies to be used. Assistant Manager Glas-Castro stated most of the money is for the Storm Water improvements needed in the community.

Assistant Manager Glas-Castro stated that all funds have to be encumbered by 2024 and all projects are to be completed by 2026.

Mayor Pro-Tem Gunther asked what happens if the projects are not completed by the time given. Assistant Manager Glas-Castro stated they will make sure they are completed with ARPA monies.
Vice Mayor Ready asked once funds were approved with ARPA, can the grant programs still be used. Assistant Manager Glas-Castro answered the Village anticipates looking for grants, but with the monies available, they must be used first or given back.

Council Member Brinkman was also concerned about the completion dates. She focused on the sewer force main on Congress Avenue. Would a budget amendment be created to move that money over time to another project that would be completed. Assistant Manager Glas-Castro stated the funds would be moved to another project, yes.

Mayor Smith said thank you and let us hope that all materials come in, and all necessary materials needed.

9.3 Discussion - Village of Palm Springs Police Department Building Expansion - Update and Discussion on Funding Alternatives
Architect PD Building Expansion Project Presentation
Police Department Building Expansion Funding Options

Ms. Jill Lanigan, representative of Song and Associates Architects, along with Sebastian Velasquez. Ms. Lanigan gave an update on where the discussions had started and where they have come so far. There were three (3) different options for the expansion and they varied in size. The selected option would add another 14,000 sq. ft. to the existing building, for a total of 28,000 sq. ft. taking it into the year 2044 which is 20 years out and that is what you would want.

Ms. Lanigan also showed the different pallets of color that would benefit and enhance the outside presentation of the Police Department. Ms. Lanigan stated some of the goals of expansion - to improve civic presence, enhance the visitor experience, improve visitor parking areas, and be ADA accessible. Ms. Lanigan stated the ground floor would include the multipurpose meeting and training area, which would function as an emergency operations center. There will be an outdoor green space. On the south side of the building are existing security gates and extensions. The second floor will be the administration and the Chief's office.

Vice Mayor Ready - asked about the evidence room, part is in the old evidence room and some in a new building. Sometimes there were problems with fumes leaking throughout the building. Will there be two (2) different A/C units? Ms. Lanigan stated it would be a controlled environment with its separate HVAC and ventilation systems.

Council Member Waller - It is very minor, but the book drop has been taken out, is there a way to incorporate that back as it is very convenient for many residents. Ms. Lanigan said that can be looked at.

Mayor Smith asked about the glasswork on the front façade of the building. Ms. Lanigan stated they were impact windows and rated for 192 winds, it is about preserving life.

Council Member Brinkman mentioned there is currently an access walk to the library on that side, now there is no longer a pedestrian walkway. Is there a way to incorporate that back into the campus? Ms. Lanigan stated they could incorporate resident gateways. Council Member Brinkman asked if there would be any outdoor evidence storage. Ms. Lanigan answered yes, along with on the southside of the sally port area. Council Member Brinkman asked if Code Enforcement would be in the main building, Village Hall, or would it be in the Police building. Ms. Lanigan stated there is accommodation for them, however, that is an operational decision. Council Member Brinkman asked if there were statutory regulations that police buildings are to meet regarding energy efficiency, and will there be electric vehicle stations included. Ms. Lanigan stated building codes have changed, and their attention has been turned to meeting the checklist. Ms. Lanigan stated absolutely, that is the time to install such upgrades.

Vice Mayor Ready asked in the front portion of the building during the expansion - will they be using cranes, because there is the Palm Beach County Fire Department and we don't want to block the road for them. Ms. Lanigan insured all necessary precautions will be taken to include such decisions.

Mayor Pro Tem Gunther stated the use of space now with the different designs shown is one of the best presentations so far.

Chief Ceccarelli stated it was a better design, EOC training room is a huge improvement, also with hurricanes the front of the building will be a much-hardened building.

Manager Bornstein said it was a team approach to the decisions of the Administrative staff. The Chief, Assistant Village Manager, Assistant Chief, Finance and IT took a good look and were very excited about the project.

Finance Director Rebecca Morse explained the Police Department Expansion Funding Options (there were three (3)) for the Council and residents.

Mayor Smith asked how soon a decision was to be made. Director Morse confirmed the Village has a financial company that dealt with such consulting matters and should be used.

The Council, Director Morse, and Manager Bornstein discussed the matter in detail.

9.4 Discussion - Provision of "COVID Declaration Pay" for Eligible Village Employees with American Rescue Plan Act (ARPA) Coronavirus Local Fiscal Recovery Funding
Staff Recommendations for Funding Prioritization
Memo to All Village Employees - COVID-19 Pandemic Pay - April 2020

Manager Bornstein informed Council this was regarding the time during the declaration of Covid. There were many governments, and it has been in the papers regarding compensation to employees that worked during this time. Administration, along with the blessing of the Village Council wanted to recognize the employees that worked through the pandemic. It was determined that all Village employees perform essential work.

Mayor Pro Tem Gunther just wanted to make sure that the Village would be fair and equitable with every employee. That was his concern, to make sure it was equal, across the Board with every employee.

Manager Bornstein stated Human Resources staff has determined that 173 full-time employees performed in-person essential work during the State of Emergency. Granting COVID Declaration Pay to these employees. Manager Bornstein said that would utilize up to $173,000 of ARPA dollars. To ensure any bonus pay is provided fairly and transparently, Council discussion and direction are requested on this matter.

Mayor Smith asked the Council if there was any further discussion. Hearing none Council Member Waller made a motion to accept the COVID Declaration Pay, seconded by Council Member Brinkman. Motion carries 5-0.

10. PUBLIC HEARINGS

10.1 Resolution No. 2022-04 - Final Plat - Fontana Townhomes - 4063 Davis Road and 4090 Coconut Road (*Quasi-Judicial Hearing*)
Proposed Resolution No. 2022-04 Final Plat - 4063 Davis Road and 4090 Coconut Road
Proposed Final Plat - Fontana Townhomes
Letter of Compliance with Florida Statutes - Fontana Townhomes - 4063 Davis Road and 4090 Coconut Road - Engenuity Group
Approved Site Plan - Fontana Townhomes
Aerial and Location Maps

Director Cabrera informed the Council the final plat was consistent with the preliminary plat that was approved by the Village Council with Resolution No. 2021-19, July 29-2021. If approved, the final plat will be recorded in the public records of Palm Beach

County before any sales of townhouse lots.

Ms. Maria Bolivar with Meritage Homes, 1400 Central Park Boulevard, West Palm Beach, stated she was available for any questions the Council might have.

Village Attorney Torcivia read the title of the caption into the record.

Mayor Smith offered the public and Council an opportunity to comment. Hearing none, Mayor Pro Tem Gunther made a motion to approve Resolution 2022-04, seconded by Vice Mayor Ready. Motion carries 5-0.

102 Resolution No. 2022-01 - Site Development Plan Amendment (SPR22-01) and Special Exception Use (PSSE22-01) - Center Academy at Palm Springs Baptist Church - 3300 10th Avenue North (*Quasi-Judicial Hearing*)
Proposed Resolution No. 2022-01 -Site Plan Amendment (SPR22-01) and Special Exception (PSSE22-01) Center Academy at Palm Springs Baptist Church - 3300 10th Avenue North
Exhibit A Staff Report
Project Narrative and Justification Statement
Warranty Deed
Site, Landscape, and Architectural Plans; Letters
Aerial and Location Maps
LW Herald Advertisement on December 9, 2021

Mayor Smith asked if there was any ex-parte communication - there was none. Mr. Kevin McGinley was sworn in by Deputy Clerk Worth.

Director Cabrera gave the Council information regarding the Site Plan amendment and Special Exception use for the Palm Springs Baptist Church. Concurrently, a site plan amendment is being requested to enable the applicant to bring the property up to code, to the extent possible, and to be consistent with the Village's zoning regulations. Additionally, the proposed site plan provides enhanced landscape buffers and upgrades to the interior of the building.

Mr. Kevin McGinley - 2240 Palm Beach Lakes Boulevard - WPB, FL 33409 - was representing Center Academy and Palm Springs Baptist Church. Mr. McGinley introduced Chief Operating Officer, Steve Hicks, unfortunately, the Pastor of Palm Springs Baptist was unable to attend tonight. Mr. McGinley said this was relatively a match made in heaven; there is a vacant school and a special needs school that wants to rent the school. It will bring revenue into the church and a school for special needs children. There will be very few renovations, some interior changes to bring items up to code. Some site improvements, landscaping, and irrigation with today's code will be installed. Parking has been recalculated along Sabal Palm Road. He introduced Mr. Steve Hicks.

Mr. Hicks - 1748 Highland Oakes Lutz, FL 33459 - Mr. Hicks stated he is the CEO of ten (10) private schools, which started back in 1968. Excited about this and we feel we have an opportunity to help a special group of kids. If you are a parent and your child struggled in the academic areas, you understand how parents look for quality education for a special group of kids like these.

Council Member Waller asked if the students were going to be Palm Springs residents or students from outside of the area. Mr. Hicks stated the door will be opened to students from this area. Students will not be denied if there are any requests from outside the Village limits.

Vice Mayor Ready asked how many students and what would be the ratio of teachers per student? Mr. Hicks answered 95-99 generally the max. The motto is to be a small school to provide more staffing and more one on one individualized educational programming. Mr. Hicks stated there would be one (1) teacher for ten (10) students.

Mayor Pro Tem Gunther asked what the age group would be? Mr. Hicks answered middle school and high school students. When most of the students come to us, they try to quit the school they are already in. The school we are associated with has a Gold Seal of Academic Accreditation. Mr. Hicks said that the average student that comes to us are about 2 1/2 years behind.

Mayor Smith asked what the curriculum will be and will the teachers be certified. Mr. Hicks stated it would be a variety of curricula, the curriculum that will meet the standards of the Florida education graduation requirements. Some of the teachers are trained, some are certified. There is training with the teachers that we also do. Mayor Smith also discussed the traffic issue with Palm Springs Elementary so both schools were not getting out at the same time. Chief Ceccarelli gave the times of the heaviest traffic coming from the school. Mr. Hicks said they would change their time if they had to, they were flexible. The hours will be 8:30 to 2:30 pm. If it becomes a problem we can always adjust a little.

Vice Mayor Ready asked if food will be served? Mr. Hicks said no food served, students will bring their lunches. This is the procedure at all the schools we are in charge of.

Mr. McGinley said there was almost a deal-breaker referring to condition #16. He said there is a lot of improvements interior-wise and there is a lot of money being spent on renovations. All classrooms are open to the outside, they are on the first floor and the fire department stated that it was not necessary for the upgrading of the sprinkler system. Director Cabrera said she communicated to the applicant that it was not required as she spoke with Palm Beach County Fire.

Mr. Steve Sanchez asked if it was like a charter school? Mr. McGinley said it was not charter at all.

Village Attorney Torcivia read the title of the caption into the record. Mayor Smith offered the public and Council an opportunity to comment.

Council Member Brinkman made a motion to approve Resolution 2022-01, with Item #16 to be removed from the Conditions, and seconded by Mayor Pro Tem Gunther. Motion carries 5-0.

10.3 Ordinance No. 2022-01 - Village Code Amendment - Chapter 58 - Purchasing Code (*First Reading*)
Proposed Ordinance No. 2022-01 Amendment to Chapter 58 - Purchasing Code

Mr. David Harden said a lot of the research was done with Rebecca Morse. The reason to do this was to have the purchasing process more easily administered. The purchasing requirements were brought up to the current standards. Mr. Harden explained the work and research that went into the updates, some thresholds were increased. There were several different cities they compared those with. Mr. Harden explained in depth the additional changes made to the purchasing code.

Mayor Smith added on behave of the Council David, we would like to extend our thanks for all the hard work that you do with all your research.

Village Attorney Torcivia read the title of the caption into the record. Mayor Smith offered the public and Council an opportunity to comment.

Council Member Waller made a motion to approve Ordinance No. 2022-01 on first reading and seconded by Vice Mayor Ready. Motion carries 5-0.

11. ACTIONS AND REPORTS

12. VILLAGE COUNCIL COMMENTS

Village Manager Bornstein announced that Mr. Jim Schmitz has been hired as the new Public Works Director. He made out an application and he has had many years in this field and he believed that the Council would be happy with this decision.

Vice Mayor Ready has been to the Salvation Army five (5) times to help count money. He went on the decorating contest judging ride. He attended the health clinic on the Mayor's walk. He also congratulated Mr. Bornstein for accepting the position of Village Manager. He also congratulated Jim Schmitz in his new position.

Mayor Pro Tem Gunther wished everyone a Happy New Year. He said he was looking forward to working with Michael Bornstein and he likes what he has seen so far. He also congratulated Jim Schmitz.

Council Member Brinkman congratulated Michael Bornstein on the Village Manager position and felt that the Village was in a new place. She was looking forward to the future. She also congratulated Jim Schmitz on his new position.

Council Member Waller congratulated Jim Schmitz on his new position and she appreciated everything he and the department do for the Village. She was extremely happy with Mike coming aboard, and she was extremely impressed when Mike was introduced at the Christmas party and everyone stood up with joy and clapped for him, she believes the Village is going to shine with him.

Mayor Smith said December was outstanding, between the parades, decorating, the holiday party was a tremendous success. The Stuff A Cruiser had collected over $10,000 and an amazing amount of toys this year. Congratulations to Jim, he has always been a great go-to man, and she knew that he would be doing a great job. She also was extremely happy with the decision that Michael Bornstein will be joining the Village. She was excited to see the changes that would be coming that have been proposed and she felt they were going to be very busy.

Attorney Glen Torcivia wished everyone a happy and healthy New Year.

13. ADJOURNMENT

Mayor Smith stated the next Village Council Meeting was February 10, 2022 and adjourned the meeting at 8:12 PM.

Next Meeting THURSDAY, FEBRUARY 10, 2022 at 6:30 PM

If a person decides to appeal any decision made by this Council with respect to any matter considered at this meeting, he will need a record of the proceeding, and that for such purpose he may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based. Persons who need an accommodation in order to attend or participate in this meeting should contact the Village Clerk at (561) 965-4010 at least 3 business days prior to the meeting in order to request such assistance.

VILLAGE COUNCIL MEETING- COUNCIL CHAMBERS
226 CYPRESS LANE, PALM SPRINGS, FLORIDA 33461
FEBRUARY 10, 2022, at 6:30 PM

COUNCIL
- Mayor Beverly Smith
- Vice Mayor Gary Ready
- Mayor Pro Tem Doug Gunther
- Council Member Joni Brinkman
- Council Member Patti Waller

ADMINISTRATION
- Village Manager Michael Borenstein
- Village Attorney Glen Torcivia
- Village Clerk Kimberly Wynn

CALL TO ORDER

Mayor Bev Smith called the Regular Council Meeting to Order at 6:30 PM.

ROLL CALL

Present: Mayor Beverly Smith, Vice-Mayor Gary Ready, Mayor Pro Tem Douglas Gunther, Council Member Patti Waller, and Council Member Joni Brinkman

Absent: None

Also Present: Village Manager Michael Bornstein, Village Attorney Glen Torcivia, Village Clerk Kimberly Wynn, Assistant Village Manager Kim Glas-Castro, Police Chief Tom Ceccarelli as Sergeant in Arms, Planning, Zoning and Building Director Iramis Cabrera and Public Service Director Jim Schmitz

INVOCATION

Village Manager Bornstein led the Invocation.

PLEDGE OF ALLEGIANCE

Village Council led in the Invocation.

ADDITIONS, DELETIONS OR MODIFICATIONS, AND APPROVAL OF AGENDA

There were no requested changes to the Agenda.

Council Member Brinkman made a motion to approve the Agenda as presented, it was seconded by Mayor Pro Tem Gunther.

CONSENT AGENDA

Mayor Smith offered the public an opportunity to speak on the Consent Agenda; there were no comments.

Mayor Pro Tem Gunther made a motion to Approve the Consent Agenda, it was seconded by Council Member Waller. The motion carried 5-0.

1. **Approve a Interlocal Agreement with Palm Beach County for the Transfer of Seven (7) Drainage Easements - Lakewood Gardens Area**

   Staff: Kimberly Glas-Castro, Assistant Village Manager

   SUMMARY: Palm Beach County's Engineering Department is requesting to transfer seven (7) drainage easements located in the Lakewood Gardens area, west of Kirk Road, to the Village for ownership and maintenance responsibility. The predominantly residential area was annexed to the village limits in 2014. The subject drainage easements provide stormwater facilities to protect properties within the Village limits; therefore, the County desires to transfer its public interest in these easements to the Village.

   The seven (7) proposed transfers were easements dedicated to Palm Beach County through individually recorded drainage easements in 1966, 1967, and 1981. Enclave interlocal agreements approved by the Village and County in 2014 included the transfer of public rights-of-way and easements dedicated via plat but did not include the transfer of interests dedicated to separate recorded (easement) instruments.

   The seven (7) easements that are proposed to be conveyed/transferred to the Village are as follows:

   Drainage Easement# 204
   Recorded at ORB 1590, Page 204 in 1967

Improvements: 1) Ditch running between Lakewood Road and ditch behind Home Depot, and 2) Ditch along the western and southern perimeter of Duthie Freeman commercial condominium (Note: partial release to Southern Bell in 1974)

Drainage Easement# 205
Recorded at ORB 1590, Page 205 in 1967
Improvements: Catch Basin that serves as an outfall for Home Depot and the Post Office

Drainage Easement# 206
Recorded at ORB 1590, Page 206 in 1967
Improvements: Drainage Pipe in the rear of Home Depot property (cleaned and camera-ed by PBC Engineering in March 2021)

Drainage Easement# 207
Recorded at ORB 1590, Page 207 in 1967
Improvements: Ditch in the rear of Patio Court Townhomes and Lakewood Apartments (aka Lego project)

Drainage Easement# 208
Recorded at ORB 1590, Page 208 in 1966
Improvements: 1) Ditch east of Laurette Lane/April Avenue that outfalls to L-11 Canal, and 2) swale at the western terminus of Luzon Avenue

Drainage Easement# 216
Recorded at ORB 1561, Page 216 in 1967
Improvements: Swale running north-south behind houses on 42nd Avenue South and Kenyon Road

Drainage Easement# 1518
Recorded at ORB 3502, Page 1520 in 1981
Improvements: Swale running east-west between houses on 42nd Avenue South

If approved by the Village Council, the Palm Beach County Board of County Commissioners' consideration of the proposed interlocal agreement is anticipated on March 24, 2022.

The proposed Interlocal Agreement was prepared by Palm Beach County and reviewed by the Assistant Village Manager, Village Attorney, and Public Works Director.

Note: Annexations in the subject area were approved by the Village Council through Ordinance No. 2014-07, Ordinance No. 2014-15, Ordinance No. 2014-25, Ordinance No. 2014-31, and also Resolution No. 2014-22, Resolution No. 2014-38, Resolution No. 2014-54, and Resolution No. 2014-62 (enclave interlocal agreements).

Fiscal Impact:

The Village will be assuming maintenance responsibility for the stormwater facilities within the easements, which include ditches, swales, and underground pipes.

Maintenance costs associated with these areas will be included in the landscape/facility maintenance contracts or Village maintenance schedules and included in annual operational budgets.

2. **Approve Professional Services Agreements - 3rd Amendment - Term Extension – Keshavarz & Associates, Calvin Giordano & Associates, Engenuity Group, Eckler Engineering**

Staff: Kimberly Glas-Castro, Assistant Village Manager

SUMMARY: On December 16, 2015, the Village issued a Request for Qualifications (RFQ) for Professional Engineering, Architectural, and Surveying Consulting Services (RFQ 2016-002) under the Consultants Competitive Negotiation Act (CCNA) - Section 287.55, Florida Statutes.

As a result, on March 10, 2016, the Village selected four (4) firms to provide design and construction management services for water, wastewater, infrastructure, facilities, general engineering services, plat, and plan review services, and building design/review services.

- Keshavarz & Associates
- Calvin Giordano & Associates, Inc.
- Engenuity Group, Inc.
- Eckler Engineering, Inc.

On May 12, 2016, the First Amendment to each Professional Services Agreement was approved to clarify the terms and fees for each of the proposed engineering firms. The term of the agreement was clarified to coincide with the term that was outlined in RFQ No. 2016-002 - an initial term of five (5) years from the date of the agreement with the option, upon

approval by both parties, to renew for three (3), one-year periods.

The initial five-year term expired in 2021, and the Second Amendment to the Agreement was approved on March 11, 2021, to provide the first, one (1) year renewal in consideration of the ongoing Task Orders that we have with each firm. Staff proposes a second, one (1) year renewal. If approved, the Professional Services Agreement for three (3) of the four (4) engineering firms would be extended until March 11, 2023, and one (Keshavarz) would be extended until March 24, 2023, with the ability for each to be renewed for one (1) additional one-year term.

The proposed 3rd Amendment was prepared by the Village Attorney and reviewed by the Assistant Village Manager, Planning, Zoning, and Building Director, Interim Public Service Administrator, and the Finance Director.

Fiscal Impact:

The proposed request does not have a fiscal impact on the Village.

End of Consent Agenda

PRESENTATIONS

Mayor Smith noted there were no presentations.

PUBLIC COMMENT

Mayor Smith offered the public an opportunity to speak.

a) **Richard Hughes, 1840 Richard Lane, Palm Springs** Mr. Hughes stated he had lived in the Village for forty-five (45) years and serves on the P&Z Board. He did not support garages being inspected getting them counted as parking. He did not support a nuisance ordinance where the Village inspects garages. He discussed the acceptance of certain conditions, the Planning & Zoning Board. He commented on the beauty of Foxtail Park. He does not want us to pour concrete all over the village and not have this considered for density.

REGULAR AGENDA

None

PUBLIC HEARINGS

3. Resolution No. 2022-03 - Site Development Plan Amendment (SPR22-02) - 7-Eleven, Inc. - 1730 South Military Trail *(Quasi-Judicial Hearing)*
   Staff: Iramis Cabrera, PZB Director

Paul Mazzillo, agent for the owner, 7-Eleven Inc., requests a Site Development Plan Amendment (SPR22-02) for the Commercial General property located at 1730 South Military Trail. The applicant proposes to reconfigure the landscape buffer along frontage (western and southern) portions of the property due to right-of-way condemnation by the Florida Department of Transportation (FDOT).

FDOT proposes to make intersection improvements to State Road 809 (South Military Trail) and State Road 882 (Forest Hill Boulevard), which necessitates widening both roadways with the approach and departure from the intersection. The widening project resulted in the state taking 2,271 square feet along the entire length of the property's western and southern frontage. The taking will impact the property, causing a loss of the width in the planting area adjacent to the right-of-way.

Note: Currently, the 0.871-acre property is being developed with a 3,650 square-foot commercial building, fifteen (15) parking spaces, and twelve (12) fuel stations, and there are no plans to modify these improvements.

The applicant proposes reducing the width of the landscape buffer as a remedial action for the loss of the property and to minimize the negative impact. The proposed plan will re-accommodate the right-of-way landscaped buffers.

The Planning & Zoning Board approved during their regular meeting on December 14, 2021, one variance requested (PSV22-01) from the Village Code (relief from Sec 34-162(b)(5)), to allow an irregular landscape buffer along the west and south sides adjacent to Military Trail and Forest Hill Boulevard respectively, with a minimum width of 7' rather than 15' minimum required.

The Planning, Zoning & Building Staff does not object to the applicant's request and recommends conditional approval to facilitate the reconfiguration of the landscape buffer as a result of the state condemnation.

Fiscal Impact:

The proposed modification to the project is not expected to have a fiscal impact on the Village.

Mayor Smith asked the Council to disclose their ex parte communication. The Village Clerk, Ms. Wynn swore in the Applicant/ Engineer on the Project, Mr. Paul Mazzilo and staff.

Ms. Cabrera presented a summary of the project into the record. Although Mr. Mazillo was present for questions, he did not have a presentation to add.

Mayor Smith offered the public and Council an opportunity to speak. Council Member Brinkman commented about the consistency of the Florida Department of Transportation (FDOT) and rights-of-ways (R-O-W) with the project. Discussion ensued between Mr. Mazzilo about FDOT taking R-O-Ws and the process. Village Attorney Torcivia read the title of the caption into the record.

Vice-Mayor Ready made a motion to approve Resolution No. 2022-03. Council Member Waller seconded the said motion. The motion carried 5-0.

4. Ordinance No. 2022-01 - Village Code Amendment - Chapter 58 - Purchasing Code *(Second Reading)*

Staff: Kimberly Wynn, Village Clerk

Summary: The Finance Department requests an amendment to the Village Code of Ordinances Chapter 58 - Purchasing Code. The primary changes proposed are to the purchasing thresholds, competitive selection requirements, and the assignation of a Procurement Official:

- **Section 58-4 (b)**

  Increase the Department Head's purchasing authority from $5,000 to $7,500. Increase the amount requiring three (3) quotes from $3,000 to $5,000.

- **Section 58-4 (c)**

  Increases the Village Manager's purchasing authority from $25,000 to $35,000.

- **Section 58-4 (d)**

  Increase the amount that requires a competitive selection from $25,000 to $35,000.

  The cost of goods and services has increased dramatically. Increasing the thresholds enables Village staff to continue efficient operations.

- **Section 58-5**

  Competitive selection purchase requirements have changed to recognize the new $35,000 threshold.

The language has changed to add the newly created Procurement Official position in place of the CFO.

Ordinance No. 2022-01 was prepared by the Village Clerk and reviewed by the Village Attorney, Assistant Village Manager, and Finance Director. The proposed ordinance was approved on the 1st reading by the Village Council on January 13, 2022. It is presented for the 2nd and final reading.

Fiscal Impact:

The intent of the proposed changes to the Purchasing Code is to recognize the addition of a procurement official and to increase the purchasing thresholds to enable a more efficient and effective purchasing process. The fiscal impact is not measurable in dollars and cents but there will be cost savings in time and efficient use of staff resources.

Village Clerk Wynn read the statement of advertisement into the record. Ordinance No. 2022- 01 was advertised in the LWH on February 3, 2022. Mrs. Morse stated that the staff's presentation was given during First Reading, January 13, 2022. There were no additional changes.

Mayor Smith gave the public, and the Council, an opportunity to comment about Ordinance No. 2022-01. There were no additional comments. Village Attorney Torcivia read the title of the caption into the record.

Vice-Mayor Ready made a motion to approve Ordinance No. 2022-02. Council Member Waller seconded the motion. There was a roll call vote as follows Vice Mayor Ready –Yes; Mayor Pro Tem Gunther—Yes; Council Member Waller—Yes; Council Member Brinkman—Yes; and Mayor Smith—Yes. Said motion carried 5-0.

ACTIONS AND REPORTS

There were no Actions and Reports.

VILLAGE MANAGER COMMENTS

There were no comments from the Village Manager, Mr. Bornstein.

VILLAGE COUNCIL COMMENTS

There were no comments from Village Council.

ADJOURNMENT

Hearing no further business, Mayor Smith adjourned the meeting at 6:48 PM.

NEXT MEETING THURSDAY
MARCH 10, 2022, at 6:30 PM

ATTEST:

_____
Bev Smith, Mayor

The undersigned is the Village Clerk of Palm Springs, Florida, and the information provided herein is the Minutes of the Regular Meeting held on **February 10, 2021**. Which minutes were formally approved and adopted by the Village Council on March 10, 2022.

_____
Kimberly M. Wynn, Village Clerk

If a person decides to appeal any decision made by this Council for any matter considered at this meeting, he will need a record of the proceeding. For this purpose, he may need to ensure that a verbatim record of the proceedings was made, which recording includes the testimony and evidence upon which the appeal is to be based. Persons who need accommodation to attend or participate in this meeting should contact the Village Clerk at (561) 584-8200 (ext. 8431) at least three (3) business days before the meeting to request such assistance.

Village of Palm Springs

Executive Brief

AGENDA DATE: March 10, 2022

DEPARTMENT: Public Works

ITEM #4: Approve Gasoline and Diesel Fuel Agreement - Public Works Department (FY 2022 Budget Funded) - Port Consolidated, Inc.

SUMMARY: The Public Works Department, throughout the year, must purchase gasoline and diesel fuel for various Village vehicles, heavy equipment, and emergency generators. The Village currently utilizes Port Consolidated, Inc. to assist with purchases and services of this type. However, the existing piggyback agreement (from the Southeast Florida Governmental Purchasing Cooperative Group - City of Pompano Beach) expires on March 14, 2022.

To ensure the lowest possible price, staff recommends that the Village renew our ability to utilize Port Consolidated by continuing to follow the Southeast Florida Governmental Purchasing Cooperative's agreement selected by the City of Pompano Beach as the Lead Agency for the Co-Op. The term of the agreement is for five (5) years, from March 15, 2022, until March 14, 2027, with an option to renew for an additional five (5) years.

Note: The agreement by Southeast Florida Government Purchasing Cooperative (Co-Op) was completed through a competitive selection process by the City of Pompano Beach as Lead Agency for the Co-op – Unleaded Gasoline & Diesel Fuel for Southeast Florida Governmental Purchasing Cooperative Group (RFP No. E-03-22). The original bid documents authorizing the purchase with Port Consolidated, Inc. are available in the Village Clerk's Office .

If approved, the Village would accept Port Consolidated's pricing that is consistent with the existing agreement, and continue to piggyback with the City of Pompano Beach's contract including all terms, conditions, and pricing therein. The term of the proposed agreement would expire on March 14, 2027.

The Village's Purchasing Code, Section 58-9. Accessing contracts by other government agencies provides that the Village may award a contract by piggy-backing or accessing the goods and/or services from any State of Florida contract; contracts of any Florida political subdivision; or from any other governmental entity (other than the Federal government); provided that the same or substantially similar goods and/or services were competitively solicited.

The proposed agreement has been prepared by the Village Attorney and reviewed by the Public Works Director, the Interim Public Service Administrator, and Finance Director. The Village has worked with the proposed vendor and has received excellent service and a quality product.

FISCAL IMPACT:

Funding to support purchases under this agreement is available within the FY 2022 Budget - General Fund and Water and Sewer Enterprise Fund. The Village will not expend more than the amount within

the approved budget as it may be adopted/amended each year for these goods and services over the term of this contract.

ATTACHMENTS:

1. Proposed Agreement for Purchase and Delivery of Unleaded Gasoline and Diesel Fuel - Port Consolidated Inc.
2. Pompano Beach - Service Contract and Request for Proposals - Port Consolidated

AGREEMENT FOR PURCHASE AND DELIVERY OF UNLEADED GASOLINE AND DIESEL FUEL

This Agreement for purchase and delivery of unleaded gasoline and diesel fuel ("Agreement") is entered into this _____ day of _____, 2022, by and between the **Village of Palm Springs**, 226 Cypress Lane, Palm Springs, Florida 33461-1699, a municipal corporation organized and existing under the laws of the State of Florida, hereinafter referred to as the VILLAGE, and **Port Consolidated, Inc.**, P.O. Box 350430, Fort Lauderdale, Florida 33335, a corporation authorized to do business in the State of Florida, hereinafter referred to as the VENDOR.

RECITALS

WHEREAS, the VILLAGE is in need of a Vendor to for purchase and delivery of unleaded gasoline and diesel fuel for the VILLAGE; and

WHEREAS, the City of Pompano Beach acting as the lead agency for the Southeast Florida Governmental Purchasing Cooperative Group issued RFP No. E-03-22 for substantially the same goods and services sought by the VILLAGE, and awarded such RFP to the VENDOR; and

WHEREAS, the City of Pompano Beach entered into an agreement with VENDOR for the purchase and delivery of unleaded gasoline and diesel fuel: and

WHEREAS, the VILLAGE requested and the VENDOR has executed this Agreement with the VILLAGE for purchase and delivery of unleaded gasoline and diesel fuel based on the pricing and terms and conditions of the Pompano Beach Contract; and

WHEREAS, the VILLAGE desires to accept VENDOR's pricing by piggy-backing the POMPANO BEACH Contract, including all terms, conditions and pricing therein.

NOW, THEREFORE, in consideration of the mutual promises set forth herein, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. Recitals. The parties agree that the recitals set forth above are true and correct and are fully incorporated herein by reference.

2. Pompano Beach Contract. The Pompano Beach Contract with the VENDOR is hereby expressly made a part of this Agreement as fully as if set forth at length herein. The VILLAGE shall have all rights, obligations and remedies authorized to the City of Pompano Beach under the Pompano Beach Contract and all associated and applicable Contract Documents as defined therein.

3. Agreement. In accordance with the terms and conditions in the Pompano Beach Contract and pricing therein, the VENDOR shall provide unleaded gasoline and diesel fuel as requested by the VILLAGE.

4. Contract Documents and Conflict of Terms and Conditions. The Contract Documents for this Agreement are comprised of the following:

    (a) All written modifications and amendments hereto;
    (b) This Agreement;
    (c) The Pompano Beach Contract (including the Request for Proposals, Vendor's Proposal and Contract and all attachments and exhibits thereto).

The Contract Documents of this Agreement are intended to be complementary and interpreted in harmony so as to avoid conflict with the words and phrases interpreted in a manner consistent with industry standards. In the event of any inconsistency, conflict or ambiguity between or among the Contract Documents of this Agreement, the Contract Documents of this Agreement shall take precedence in the following order:

    (a) All written modifications and amendments hereto;
    (b) This Agreement;
    (c) The Pompano Beach Contract.

5. Compensation to Vendor. Payments by the VILLAGE to the VENDOR under this Agreement shall not exceed the amount of compensation, on the unit basis, as set forth under the POMPANO BEACH Contract. VENDOR waives consequential or incidental damages for claims, disputes or other matters in question arising out of or relating to this Agreement. **The VILLAGE will not expend more than the amount in the approved Budget as it may be adopted each year for these goods and services over the term of this Agreement.**

6. Miscellaneous Provisions.

    6.1 The VILLAGE and VENDOR each binds itself, its partners, its successors, assigns and legal representatives to the other party hereto, its partners, successors, assigns and legal representatives in respect of all covenants, agreements and obligations contained in the Contract Documents.

    6.2 VENDOR shall maintain the insurance as required in the Pompano Beach Contract applicable to the work being performed hereunder. Said insurance will name the VILLAGE as an additional insured.

    6.3 Headings and References & Exhibits: The headings contained in this Contract are inserted for convenience of reference only and shall not be a part or control or affect the meaning hereof. All references herein to Exhibits are to the exhibits hereto, each of which shall be incorporated into and deemed to be a part of this Contract.

    6.4 Counterparts: This Contract may be executed in two or more counterparts, each of which shall be deemed to be an original, but all of which shall be deemed to be an original, but each of which together shall constitute one and the same instrument.

6.5 Entire Contract; Amendment and Waiver: This Contract (together with the Exhibits hereto) supersedes any and all prior negotiations and oral or written agreements heretofore made relating to the subject matter hereof and, except for written agreements, if any, executed and delivered simultaneously with or subsequent to the date of this Contract, constitutes the entire agreement of the parties relating to the subject matter hereof. This Contract may not be altered or amended except by a writing signed by the parties hereto. No waiver of any of the terms or conditions of this Contract shall be effective unless in writing and executed by the party to be changed therewith. No waiver of any condition or of the breach of any term, covenant, representation, warranty or other provision hereof shall be deemed to be construed as a further or continuing waiver of any such condition or breach or a waiver of any other condition or of any breach of any other term, covenant, representation, warranty or other provision contained in this Contract.

6.6 Successors and Assigns: This Contract shall be binding upon, and shall inure to the benefit of the parties hereto and their respective successors and assigns.

6.7 Governing Law; Consent to Jurisdiction: This Contract shall be governed by and construed and interpreted in accordance with the laws of the State of Florida. Each of the parties hereto (a) irrevocably submit itself to the exclusive jurisdiction of the Fifteenth Judicial Circuit Court in and for Palm Beach County, Florida for state actions and jurisdiction of the United States District Court for the Southern District of Florida, Palm Beach Division, for the purposes of any suit, action or other proceeding arising out of, or relating to, this Contract; (b) waives and agrees not to assert against any party hereto, by way of motion, as a defense of otherwise, in any suit, action or other proceeding, any claim that it is not personally subject to the jurisdiction of the above-named courts for any reason whatsoever; and (ii) to the extent permitted by applicable law, any claim that such suit, action or proceeding by any part hereto is brought in an inconvenient forum or that the venue of such suit, action or proceeding is improper or that this Contract or the subject matter hereof may not be enforced in or by such courts.

6.8 Third Party Beneficiary rights: This Contract shall create no rights or claims whatsoever in any person other than a party herein.

6.9 Severability: If any one or more of the provisions of the Contract shall be held to be invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions hereof shall not in any way be affected or impaired thereby.

6.10 Effective date, term and renewal: The effective date of this Contract is the date the Contract is approved by the Village Council. The term of this contract shall be for a term to mirror the POMPANO BEACH Contract renewal term which shall expire on March 14th, 2027.

6.11 Preparation: This Contract shall not be construed more strongly against either party regardless of who was more responsible for its preparation.

6.12 All notices required in this Agreement shall be sent by certified mail, return receipt requested, and sent to the addresses appearing on the first page of this Agreement.

7. Palm Beach County Inspector General. In accordance with Palm Beach County ordinance number 2011-009, the VENDOR acknowledges that this Agreement may be subject to investigation and/or audit by the Palm Beach County Inspector General. The VENDOR has reviewed Palm Beach County ordinance number 2011-009 and is aware of its rights and/or obligations under such ordinance.

8. Public Records. VENDOR shall comply with Florida's Public Records Act, Chapter 119, Florida Statutes, and, if determined to be acting on behalf of the VILLAGE as provided under section 119.011(2), Florida Statutes, specifically agrees to:

(a) Keep and maintain public records required by the VILLAGE to perform the service.

(b) Upon request from the VILLAGE's custodian of public records or designee, provide the VILLAGE with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

(c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of this Contract and following completion of this Contract if the VENDOR does not transfer the records to the VILLAGE.

(d) Upon completion of this Contract, transfer, at no cost, to the VILLAGE all public records in possession of the VENDOR or keep and maintain public records required by the VILLAGE to perform the service. If the VENDOR transfers all public records to the VILLAGE upon completion of the Contract, the VENDOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the VENDOR keeps and maintains public records upon completion of the Contract, the VENDOR shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the VILLAGE, upon request from the VILLAGE's custodian of public records or designee, in a format that is compatible with the information technology systems of the VILLAGE.

IF THE VENDOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE VENDOR'S DUTY TO PROVIDE PUBLIC RECORDS

RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS OR DESIGNEE AT 561-434-5084, kwynn@vpsfl.org, OR BY MAIL AT VILLAGE OF PALM SPRINGS, 226 CYPRESS LANE, PALM SPRINGS, FL 33461.

The VILLAGE is exempt from payment of Florida State Sales and Use Tax. The VENDOR shall not be exempted from paying sales tax to its suppliers for materials used to fill contractual obligations with the VILLAGE, nor is the VENDOR authorized to use the VILLAGE'S Tax Exemption Number in securing such materials.

9. Indemnity. The parties recognize that the VENDOR is an independent Vendor. The VENDOR agrees to assume liability for and indemnify, hold harmless, and defend the VILLAGE, its council members, mayor, officers, employees, agents, and attorneys of, from, and against all liability and expense, including reasonable attorney's fees, in connection with any and all claims, demands, damages, actions, causes of action, and suits in equity of whatever kind or nature, including claims for personal injury, property damage, equitable relief, or loss of use, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the VENDOR, its agents, officers, Vendors, subcontractors, employees, or anyone else utilized by the VENDOR in the performance of this Contract. The VENDOR's liability hereunder shall include all attorney's fees and costs incurred by the VILLAGE in the enforcement of this indemnification provision. This includes claims made by the employees of the VENDOR against the VILLAGE and the VENDOR hereby waives its entitlement, if any, to immunity under Section 440.11, Florida Statutes. The obligations contained in this provision shall survive termination of this Contract and shall not be limited by the amount of any insurance required to be obtained or maintained under this Contract.

Subject to the limitations set forth in this Section, VENDOR shall assume control of the defense of any claim asserted by a third party against the VILLAGE and, in connection with such defense, shall appoint lead counsel, in each case at the VENDOR's expense. The VILLAGE shall have the right, at its option, to participate in the defense of any third party claim, without relieving VENDOR of any of its obligations hereunder. If the VENDOR assumes control of the defense of any third party claim in accordance with this paragraph, the VENDOR shall obtain the prior written consent of the VILLAGE before entering into any settlement of such claim. Notwithstanding anything to the contrary in this Section, the VENDOR shall not assume or maintain control of the defense of any third party claim, but shall pay the fees of counsel retained by the VILLAGE and all expenses, including experts' fees, if (i) an adverse determination with respect to the third party claim would, in the good faith judgment of the VILLAGE, be detrimental in any material respect to the VILLAGE's reputation; (ii) the third party claim seeks an injunction or equitable relief against the VILLAGE; or (iii) the VENDOR has failed or is failing to prosecute or defend vigorously the third party claim. Each party shall cooperate, and cause its agents to cooperate, in the defense or prosecution of any third party claim and shall furnish or cause to be furnished such records

and information, and attend such conferences, discovery proceedings, hearings, trials, or appeals, as may be reasonably requested in connection therewith.

It is the specific intent of the parties hereto that the foregoing indemnification complies with Section 725.06, Florida Statutes, as amended. VENDOR expressly agrees that it will not claim, and waives any claim, that this indemnification violates Section 725.06, Florida Statues. Nothing contained in the foregoing indemnification shall be construed as a waiver of any immunity or limitation of liability the VILLAGE may have under the doctrine of sovereign immunity or Section 768.28, Florida Statutes.

10. Public Entity Crimes. As provided in Sections 287.132-133, Florida Statutes, as amended from time to time, by entering into the Contract Documents, Company certify that they, their affiliates, suppliers, and any other Vendors who will perform hereunder, have not been placed on the convicted vendor list maintained by the State of Florida Department of Management Services within the thirty-six (36) months immediately preceding the date hereof.

11. E-verify. Pursuant to Section 448.095(2), Florida Statutes, beginning on January 1, 2021, the Company shall:

    (a) Register with and use the E-Verify system to verify the work authorization status of all newly hired employees and require all subcontractors (providing services or receiving funding under this Agreement) to register with and use the E-Verify system to verify the work authorization status of all the subcontractors' newly hired employees;

    (b) Secure an affidavit from all subcontractors (providing services or receiving funding under this Agreement) stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien;

    (c) Maintain copies of all subcontractor affidavits for the duration of this Agreement;

    (d) Comply fully, and ensure all of its subcontractors comply fully, with Section 448.095, Florida Statutes;

    (e) Be aware that a violation of Section 448.09, Florida Statutes (Unauthorized aliens; employment prohibited) shall be grounds for termination of this Agreement; and

    (f) Be aware that if the Village terminates this Agreement under Section 448.095(2)(c), Florida Statutes, the Company may not be awarded a public contract for at least 1 year after the date on which the Agreement is terminated and will be liable for any additional costs incurred by the Village as a result of the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have caused this to be executed as of the day and year set forth above.

ORDINANCE NO. 2022-30

CITY OF POMPANO BEACH
Broward County, Florida

AN ORDINANCE OF THE CITY COMMISSION OF THE CITY OF POMPANO BEACH, FLORIDA, APPROVING AND AUTHORIZING THE PROPER CITY OFFICIALS TO EXECUTE SERVICE CONTRACT NO. 1356 BETWEEN THE CITY OF POMPANO BEACH AND PORT CONSOLIDATED, INC. FOR THE PURCHASE AND DELIVERY OF UNLEADED GASOLINE AND DIESEL FUEL; PROVIDING FOR SEVERABILITY; PROVIDING AN EFFECTIVE DATE.

WHEREAS, pursuant to law, ten (10) days' notice has been given by publication in a paper of general circulation in the City, notifying the public of this proposed ordinance and of a public hearing in the City Commission Chambers of the City of Pompano Beach; and

WHEREAS, a public hearing before the City Commission was held pursuant to the published notice described above, at which hearing the parties in interest and all other citizens so desiring had an opportunity to be and were, in fact, heard; now, therefore,

BE IT ENACTED BY THE CITY OF POMPANO BEACH, FLORIDA:

SECTION 1. That a Service Contract between the City of Pompano Beach and Port Consolidated, Inc. for the purchase and delivery of unleaded gasoline and diesel fuel, a copy of which Contract is attached hereto and incorporated herein by reference as if set forth in full, is hereby approved.

SECTION 2. That the proper City officials are hereby authorized to execute said Contract between the City of Pompano Beach and Port Consolidated, Inc.

SECTION 3. If any provision of this Ordinance or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of

DocuSign Envelope ID: C327F0D0-D8DF-4343-B5DB-90853D1ED8AA

this Ordinance that can be given effect without the invalid provision or application, and to this end the provisions of this Ordinance are declared to be severable.

SECTION 4. This Ordinance shall become effective upon passage.

PASSED FIRST READING this 8th day of February, 2022.

PASSED SECOND READING this 22nd day of February, 2022.

SERVICE CONTRACT No. 1356

THIS AGREEMENT is made and entered into on February 24, 2022, by the City of Pompano Beach ("City") and Port Consolidated, Inc., a ("Contractor").

WHEREAS, City requires the purchase and delivery of unleaded gasoline and diesel fuel, which Contractor is capable of providing under the terms and conditions described herein; and

WHEREAS, Contractor is able and prepared to provide such services to City under the terms and conditions set forth; and

WHEREAS, the City of Pompano Beach is acting as lead agency for the Southeast Florida Governmental Purchasing Cooperative Group, and the City enters into a contract with Port Consolidated, Inc. for the purchase and delivery of unleaded gasoline and diesel fuel, in accordance with the pricing, terms and condition of RFP E-03-22; and

WHEREAS, Contractor agrees to provide all members of the Southeast Florida Governmental Purchasing Cooperative Group with the same pricing as the City of Pompano Beach.

NOW, THEREFORE, in consideration of those mutual promises and the terms and conditions set forth hereafter, the parties agree as follows:

1. Contract Documents. The Contract Documents consist of this Agreement; Exhibit "A" – RFP E-03-22; Exhibit "B" – Proposal of Port Consolidated, Inc.; Exhibit "C" – Rate Schedule; and all written change orders and modifications issued after execution of this Agreement. These form the Contract and all are as fully a part of the Contract as if attached to this Agreement or repeated herein.

2. Purpose. City hereby contracts with Contractor to provide for the purchase of unleaded gasoline and diesel fuel upon the terms and conditions herein set forth and the Contract Documents.

3. Scope of Work. Contractor will provide the services to be rendered as set forth in Exhibit "A" (RFP E-03-22), attached hereto and by reference incorporated herein and made a part hereof. Contractor agrees to provide all members of the Southeast Florida Governmental Purchasing Cooperative Group, as listed in Attachment "B" of RFP E-03-22, ("Participating Agencies"), and as may be added during the period of this Agreement, with the same pricing as the City of Pompano Beach.

4. Term of Contract. This Contract shall be for a term of five years commencing March 15, 2022 and ending March 14, 2027.

DocuSign Envelope ID: C327F0D0-D8DF-4343-B5DB-90853D1ED8AA

5. Renewal. In the event City determines Contractor to be in full compliance with this Agreement and Contractor's performance thereunder to be satisfactory, then City, with City Commission approval, shall have the option to renew this Agreement for an additional five year term upon the written consent of both City and Contractor provided that City provides written notice of its intention to renew within sixty (60) days of the termination date of this Agreement.

6. Maximum Obligation. City agrees to pay Contractor in consideration for its products and services described herein. It is the intention of the parties hereby to insure that unless otherwise directed by the City in writing, Contractor will continue to provide services as specified in Exhibit "A" for the term of the contract. City shall be responsible only for payment for products and services provided to City and not for purchases from Contractor by Participating Agencies.

7. Price Formula and Invoices.

A. Price Formula. City agrees to pay Contractor for performance of the services set forth in this Agreement as set forth in the Rate Schedule attached hereto as Exhibit "C" and incorporated herein.

B. Invoices. Contractor shall submit the invoices to City and Participating Agencies for their agency's purchases only, and payments made in the manner provided in Paragraph V.11 of RFP E-03-22. All payments by the City and Participating Agencies, shall be made after the service has been provided.

8. Disputes. Any factual disputes between City and the Contractor in regard to this Agreement shall be directed to the City Manager for the City, and such decision shall be final.

9. Contract Administrators, Notices and Demands.

A. Contract Administrators. During the term of this Agreement, the City's Contract Administrator shall be Robert McCaughan and the Contractor's Contract Administrator shall be (or their authorized written designee) as further identified below.

B. Notices and Demands. A notice, demand, or other communication hereunder by either party to the other shall be effective if it is in writing and sent via email, registered or certified mail, postage prepaid to the representatives named below or is addressed and delivered to such other authorized representative at the address as that party, from time to time may designate in writing and forward to the other as provided herein.

Pompano Beach, FL 33060
Phone: 954-786-5574
Email: antonio.pucci@copbfl.com

10. Ownership of Documents and Information. All information, data, reports, plans, procedures or other proprietary rights in all Work items, developed, prepared, assembled or compiled by Contractor as required for the Work hereunder, whether complete or unfinished, shall be owned by the City without restriction, reservation or limitation of their use and made available at any time and at no cost to City upon reasonable written request for its use and/or distribution as City deems appropriate provided City has compensated Contractor for said Work product. City's re-use of Contractor's Work product shall be at its sole discretion and risk if done without Contractor's written permission. Upon completion of all Work contemplated hereunder or termination of this Agreement, copies of all of the above data shall be promptly delivered to the City's Contract Administrator upon written request. The Contractor may not disclose, use, license or sell any work developed, created, or otherwise originated hereunder to any third party whatsoever. The rights and obligations created under this Article shall survive the termination or expiration of this Agreement.

To the extent it exists and is necessary to perform the Work hereunder, City shall provide any information, data and reports in its possession to Contractor free of charge.

11. Termination. City shall have the right to terminate this Agreement, in whole or in part, for convenience, cause, default or negligence on Contractor's part, upon ten (10) business days advance written notice to Contractor. Such Notice of Termination may include City's proposed Transition Plan and timeline for terminating the Work, requests for certain Work product documents and materials, and other provisions regarding winding down concerns and activities.

If there is any material breach or default in Contractor's performance of any covenant or obligation hereunder which has not been remedied within ten (10) business days after City's written Notice of Termination, City, in its sole discretion, may terminate this Agreement immediately and Contractor shall not be entitled to receive further payment for services rendered from the effective date of the Notice of Termination.

In the event of termination, City shall compensate Contractor for all authorized Work satisfactorily performed through the termination date under the payment terms set forth in Article 7 above and all Work product documents and materials shall be delivered to City within ten (10) business days from the Notice of Termination. If any Work hereunder is in progress but not completed as of the date of the termination, then upon City's written approval, this Agreement may be extended until said Work is completed and accepted by City.

DocuSign Envelope ID: C327F0D0-D8DF-4343-B5DB-90853D1ED8AA

12. Force Majeure. Neither party shall be obligated to perform any duty, requirement or obligation under this Agreement if such performance is prevented, delayed or stopped by fire, hurricane, earthquake, explosion, war, civil disorder , sabotage, accident , flood, acts of God, or act or order of a governmental instrumentality, failure of technical facilities, interruption or delay of transportation service, epidemic, pandemic, or public health emergencies (including any resurgence or re-occurrence) or by any reason of any other matter or condition beyond the control of either party which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall economic hardship or lack of funds be considered an event of force Majeure.

If either party is unable to perform or is prevented, delayed or stopped in performing any obligations under this Agreement because of any event of force majeure including an event that prevents the use or ability to use the Property for its intended purpose to the benefit of the public , such inability to perform or delay shall be excused and any associated charges or payment suspended until such time as the event of force majeure ends or as long as may be reasonably necessary for either party to correct the adverse effect of such event of force majeure, to the extent and in the form as mutually agreed by the Parties.

In order to be entitled to the benefit of this Paragraph, a party claiming an event of Force Majeure shall be required to give prompt written notice to the other party after commencement or discovery of the event of force majeure, specifying in detail the event of force majeure, the estimated length of the event of force majeure, diligently proceed to correct the adverse effect of any force majeure, where possible, and, upon request from the non-claiming party, provide an update until the event of force majeure ends. The parties agree that, as to this Paragraph, time is of the essence.

13. Insurance. Contractor shall maintain insurance in accordance with Exhibit “B” throughout the term of this Agreement.

14. Indemnification. Except as expressly provided herein, no liability shall attach to the City by reason of entering into this Agreement.

A. Contractor shall at all times indemnify, hold harmless and defend the City, its officers, officials, employees, volunteers and other authorized agents from and against any and all claims, demands, suit, damages, attorneys’ fees, fines, losses, penalties, defense costs or liabilities suffered by the City arising directly or indirectly from any act, breach, omission, negligence, recklessness or misconduct of Contractor and/or any of its agents, officers, or employees hereunder, including any inaccuracy in or breach of any of the representations, warranties or covenants made by the Contractor, its agents, officers and/or employees, in the performance of services of this contract. Contractor agrees to investigate, handle, respond to, provide defense for, and defend any such claims at its sole expense and to bear all other costs and expenses related thereto, even if the claim(s) is/are groundless, false or fraudulent. To the extent considered necessary by City, any sums due Contractor hereunder may be retained by City until all of City’s claims for indemnification hereunder have been settled or otherwise resolved, and any amount withheld shall not be subject to payment of interest by City.

DocuSign Envelope ID: C327F0D0-D8DF-4343-B5DB-90853D1ED8AA

B. Contractor acknowledges and agrees that City would not enter into this Agreement without this indemnification of City by Contractor. The parties agree that one percent (1%) of the total compensation paid to Contractor hereunder shall constitute specific consideration to Contractor for the indemnification provided under this Article and these provisions shall survive expiration or early termination of this Agreement.

15. Sovereign Immunity. Nothing in this Agreement shall constitute a waiver by the City of its sovereign immunity limits as set forth in section 768.28, Florida Statutes. Nothing herein shall be construed as consent from either party to be sued by third parties.

16. Non-Assignability and Subcontracting.

A. Non-Assignability. This Agreement is not assignable and Contractor agrees it shall not assign or otherwise transfer any of its interests, rights or obligations hereunder, in whole or in part, to any other person or entity without City's prior written consent which must be sought in writing not less than fifteen (15) days prior to the date of any proposed assignment. Any attempt by Contractor to assign or transfer any of its rights or obligations hereunder without first obtaining City's written approval shall not be binding on City and, at City's sole discretion, may result in City's immediate termination of this Agreement whereby City shall be released of any of its obligations hereunder. In addition, this Agreement and the rights and obligations herein shall not be assignable or transferable by any process or proceeding in court, or by judgment, execution, proceedings in insolvency, bankruptcy or receivership. In the event of Contractor's insolvency or bankruptcy, City may, at its option, terminate and cancel this Agreement without any notice of any kind whatsoever, in which event all rights of Contractor hereunder shall immediately cease and terminate.

B. Subcontracting. Prior to subcontracting for Work to be performed hereunder, Contractor shall be required to obtain the written approval of the City's Contract Administrator. If the City's Contract Administrator, in his/her sole discretion, objects to the proposed subcontractor, Contractor shall be prohibited from allowing that subcontractor to provide any Work hereunder. Although Contractor may subcontract Work in accordance with this Article, Contractor remains responsible for any and all contractual obligations hereunder and shall also be responsible to ensure that none of its proposed subcontractors are listed on the *Convicted Vendors List* referenced in accordance with the provisions of Article 28 below.

17. Performance Under Law. The Contractor, in the performance of duties under the Agreement, agrees to comply with all applicable local, state and/or federal laws and ordinances including, but not limited to, standards of licensing, conduct of business and those relating to criminal activity.

18. Audit and Inspection Records. The Contractor shall permit the authorized representatives of the City to inspect and audit all data and records of the Contractor, if any, relating to performance under the contract until the expiration of three years after final payment under this contract.

The Contractor further agrees to include in all his subcontracts hereunder a provision to the effect that the subcontractor agrees that City or any of their duly authorized

DocuSign Envelope ID: C327F0D0-D8DF-4343-B5DB-90853D1ED8AA

representatives shall, until the expiration of three years after final payment under the subcontractor, have access to and the right to examine any directly pertinent books, documents, papers and records of such subcontractor, involving transactions related to the subcontractor.

19. Adherence to Law. Both parties shall adhere to all applicable laws governing their relationship with their employees including, but not limited to, laws, rules, regulations and policies concerning worker's compensation, unemployment compensation and minimum wage requirements.

20. Independent Contractor. The Contractor shall be deemed an independent Contractor for all purposes, and the employees of the Contractor or any of its contractors, subcontractors and the employees thereof, shall not in any manner be deemed to be employees of City. As such, the employees of the Contractor, its Contractors or subcontractors, shall not be subject to any withholding for tax, social security or other purposes by City, nor shall such Contractor, subcontractor or employee be entitled to sick leave, pension benefits, vacation, medical benefits, life insurance, workers or unemployment compensation or the like from City.

21. Contractor cooperation. The Contractor recognizes that the performance of this contract is essential to the provision of vital public services and the accomplishment of the stated goals and mission of City. Therefore, the Contractor shall be responsible to maintain a cooperative and good faith attitude in all relations with City and shall actively foster a public image of mutual benefit to both parties. The Contractor shall not make any statements or take any actions detrimental to this effort.

22. Public Records.

A. The City of Pompano Beach is a public agency subject to Chapter 119, Florida Statutes. The Contractor shall comply with Florida's Public Records Law, as amended. Specifically, the Contractor shall:

1. Keep and maintain public records required by the City in order to perform the service.

2. Upon request from the City's custodian of public records, provide the City with a copy of requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes or as otherwise provided by law.

3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Contractor does not transfer the records to the City.

4. Upon completion of the contract, transfer, at no cost to the City, all public records in possession of the Contractor, or keep and maintain public records required by the City to perform the service. If the Contractor transfers all public records to the City upon completion of the contract, the Contractor shall destroy any duplicate public records that are

DocuSign Envelope ID: C327F0D0-D8DF-4343-B5DB-90853D1ED8AA

exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the City, upon request from the City's custodian of public records in a format that is compatible with the information technology systems of the City.

B. Failure of the Contractor to provide the above described public records to the City within a reasonable time may subject Contractor to penalties under 119.10, Florida Statutes, as amended.

PUBLIC RECORDS CUSTODIAN

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

CITY CLERK
100 W. Atlantic Blvd., Suite 253
Pompano Beach, Florida 33060
(954) 786-4611
RecordsCustodian@copbfl.com

23. Governing Law. This Agreement must be interpreted and construed in accordance with and governed by the laws of the State of Florida. The exclusive venue for any lawsuit arising from, related to, or in connection with this Agreement will be in the state courts of the Seventeenth Judicial Circuit in and for Broward County, Florida. If any claim arising from, related to, or in connection with this Agreement must be litigated in federal court, the exclusive venue for any such lawsuit will be in the United States District Court or United States Bankruptcy Court for the Southern District of Florida. BY ENTERING INTO THIS AGREEMENT, THE PARTIES HEREBY EXPRESSLY WAIVE ANY RIGHTS EITHER PARTY MAY HAVE TO A TRIAL BY JURY OF ANY CIVIL LITIGATION RELATED TO THIS AGREEMENT.

24. Waiver and Modification.

A. No waiver made by either party with respect to performance, manner, time, or any obligation of either party or any condition hereunder shall be considered a waiver of that party's rights with respect to the particular obligation or condition beyond those expressly waived in writing or a waiver of any other rights of the party making the waiver or any other obligations of the other party.

DocuSign Envelope ID: C327F0D0-D8DF-4343-B5DB-90853D1ED8AA

B. No Waiver by Delay. The City shall have the right to institute such actions or proceedings as it may deem desirable for effectuating the purposes of this Agreement provided that any delay by City in asserting its rights hereunder shall not operate as a waiver of such rights or limit them in any way. The intent of this provision is that City shall not be constrained to exercise such remedy at a time when it may still hope to otherwise resolve the problems created by the default or risk nor shall any waiver made by City with respect to any specific default by Contractor be considered a waiver of City's rights with respect to that default or any other default by Contractor.

C. Either party may request changes to modify certain provisions of this Agreement; however, unless otherwise provided for herein, any such changes must be contained in a written amendment executed by both parties with the same formality of this Agreement.

25. No Contingent Fee. Contractor warrants that other than a bona fide employee working solely for Contractor, Contractor has not employed or retained any person or entity, or paid or agreed to pay any person or entity, any fee, commission, gift or any other consideration to solicit or secure this Agreement or contingent upon or resulting from the award or making of this Agreement. In the event of Contractor's breach or violation of this provision, City shall have the right to terminate this Agreement without liability and, at City's sole discretion, to deduct from the Price Formula set forth in Article 7 or otherwise recover the full amount of such fee, commission, gift or other consideration.

26. Attorneys' Fees and Costs. In the event of any litigation involving the provisions of this Agreement, both parties agree that the prevailing party in such litigation shall be entitled to recover from the non-prevailing party reasonable attorney and paraprofessional fees as well as all out-of-pocket costs and expenses incurred thereby by the prevailing party in such litigation through all appellate levels.

27. No Third Party Beneficiaries. Contractor and City agree that this Agreement and other agreements pertaining to Contractor's performance hereunder shall not create any obligation on Contractor or City's part to third parties. No person not a party to this Agreement shall be a third-party beneficiary or acquire any rights hereunder.

28. Public Entity Crimes Act. As of the full execution of this Agreement, Contractor certifies that in accordance with §287.133, Florida Statutes, it is not on the *Convicted Vendors List* maintained by the State of Florida, Department of General Services. If Contractor is subsequently listed on the *Convicted Vendors List* during the term of this Agreement, Contractor agrees it shall immediately provide City written notice of such designation in accordance with Article 9 above.

29. Entire Agreement. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements or understandings applicable to the matters contained herein, and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, it is agreed that no deviation from the terms hereof shall be predicated upon any prior representations or agreements, whether oral or written.

DocuSign Envelope ID: C327F0D0-D8DF-4343-B5DB-90853D1ED8AA

30. Headings. The headings or titles to Articles of this Agreement are not part of the Agreement and shall have no effect upon the construction or interpretation of any part of this Agreement.

31. Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. A photocopy, email or facsimile copy of this Agreement and any signatory hereon shall be considered for all purposes as original.

32. Approvals. Whenever CITY approval(s) shall be required for any action under this Agreement, said approval(s) shall not be unreasonably withheld.

33. Absence of Conflicts of Interest. Both parties represent they presently have no interest and shall acquire no interest, either direct or indirect, which would conflict in any manner with their performance under this Agreement and that no person having any conflicting interest shall be employed or engaged by either party in their performance hereunder.

34. Binding Effect. The benefits and obligations imposed pursuant to this Agreement shall be binding and enforceable by and against the parties hereto.

35. Employment Eligibility. By entering into this Contract, the Contractor becomes obligated to comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility." This includes but is not limited to utilization of the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. Failure to comply will lead to termination of this Contract, or if a subcontractor knowingly violates the statute, the subcontract must be terminated immediately. Any challenge to termination under this provision must be filed in the Circuit or County Court no later than 20 calendar days after the date of termination. If this contract is terminated for a violation of the statute by the Contractor, the Contractor may not be awarded a public contract for a period of 1 year after the date of termination

36. Ordering and Payment. It is understood and agreed that the City of Pompano Beach is not a legally bound party to any contractual agreement made between any other agency and the Contractor as a result of this Agreement or purchases made between other agencies. After award of contract to Contractor, the City reserves the right to issue purchase orders in accordance with the terms of this contract.

37. Severability. Should any provision of this Agreement or the applications of such provisions be rendered or declared invalid by a court action or by reason of any existing or subsequently enacted legislation, the remaining parts of provisions of this Agreement shall remain in full force and effect.

THE REMAINDER OF THE PAGE IS INTENTIONALLY LEFT BLANK

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed the day and year hereinabove written.

SOUTHEAST FLORIDA GOVERNMENTAL PURCHASING COOPERATIVE

TO OUR PROSPECTIVE CONTRACTORS:
The attached Invitation for Bid or Request for Proposal represents a cooperative procurement for the Southeast Florida Governmental Purchasing Cooperative.

For the past several years, approximately forty-five (45) government entities have participated in Cooperative Purchasing in Southeast Florida. The Southeast Florida Governmental Purchasing Cooperative was formed in an effort to provide cost savings and cost avoidances to all entities by utilizing the buying power of combined requirements for common, basic items.

The Government Agencies participating in this particular procurement and their respective delivery locations are listed in the attached document.

Southeast Florida Governmental Purchasing Cooperative Procurement Operational Procedures:

- All questions concerning this procurement should be addressed to the issuing agency, hereinafter referred to as the "Lead Agency". All responses are to be returned in accordance with the instructions contained in the attached document. Any difficulty with participating agencies referenced in this award must be brought to the attention of the Lead Agency.
- Each participating governmental entity will use the Lead Agency's contract and terms as executed, for its purchase orders. Furthermore each participating governmental entity will issue its own purchase orders for order placement. Each entity will require separate billings, be responsible for payment to the Contractor(s) awarded this contract, and issue its own tax exemption certificates as required by the Contractor.
- Awarded Contractor agrees that the contract/purchase order terms of each entity will prevail for the individual participating entity should there be any conflicts between the Lead Agency's resulting contract and participating governmental entities contract/purchase order terms. Invoicing instructions, delivery locations and insurance requirements will be in accordance with the respective agency requirements.
- Any reference in the documents to a single entity or location will, in fact, be understood as referring to all participating entities referenced in the documents and cover letter unless specifically noted otherwise.
- The Awarded Contractor(s) shall be responsible for advising the Lead Agency of those participants who fail to place orders as a result of this award during the contract period.
- The Contractor(s) shall furnish the Lead Agency a detailed Summary of Sales semi-annually during the contract period. Sales Summary shall include contract number(s), Contractor's name, the total of each commodity sold during the reporting period and the total dollar amount of purchases by commodity.
- Municipalities and other governmental entities, which are not members of the Southeast Florida Governmental Purchasing Cooperative, are strictly prohibited from utilizing any contract or purchase order resulting from this bid award. However, other Southeast Florida

Governmental Purchasing Cooperative members may participate in their contract for new usage, during the contract term, or in any contract extension term, if approved by the Lead Agency. New Southeast Florida Governmental Purchasing Cooperative members may participate in any contract on acceptance and approval by the Lead Agency.

- None of the participating governmental entities shall be deemed or construed to be a party to any contract executed by and between any other governmental entity and the Contractor(s) as a result of this procurement action.

"WORKING TOGETHER TO REDUCE COSTS"

Issued: October 28, 2021

CITY OF POMPANO BEACH, FLORIDA

REQUEST FOR PROPOSALS
E-03-22
UNLEADED GASOLINE & DIESEL FUEL
FOR SOUTHEAST FLORIDA GOVERNMENTAL
PURCHASING COOPERATIVE GROUP

The City of Pompano Beach, Lead Agency and hereinafter referred to as the City, is seeking proposals from qualified companies to provide unleaded gasoline and diesel fuel to participating agencies of the Southeast Florida Governmental Purchasing Cooperative Group (Cooperative).

The City will receive sealed Proposals until **2:00:00 p.m. (local), November 29, 2021**. Proposals must be submitted electronically through the eBid System on or before the due date/time stated above. Any Proposal received after the due date and time specified will not be considered. Any uncertainty regarding the time a Proposal is received will be resolved against the Proposer.

Proposer must be registered on the City's eBid System in order to view the solicitation documents and respond to this solicitation. The complete solicitation document can be downloaded for free from the eBid System as a pdf at: https://pompanobeachfl.ionwave.net. The City is not responsible for the accuracy or completeness of any documentation the Proposer receives from any source other than from the eBid System. Proposer is solely responsible for downloading all required documents. A list of Proposers will be read aloud in a virtual public forum. To attend the virtual public meeting, go to https://www.pompanobeachfl.gov/meetings to find the link.

Introduction

The City intends to establish a contract for the purchase of unleaded gasoline and diesel fuel, as and when needed. The City is acting as the Lead Agency for the Cooperative, and this solicitation includes the requirements of both the City and the participating agencies named herein. Any reference to a single agency or location will in fact, be understood as referring to all participating agencies referenced in the documents unless specifically noted otherwise.

A. Objectives

1. Contract for diesel and unleaded gasoline products *with suppliers that have access to volumes of substantial petroleum products at a minimum in Port Everglades either via contractual allocations or direct ownership*, and have proven stable business operations, including provisions for delivery capabilities, business continuity and supply to the participating agencies in emergency situations.
2. Obtain fuels at competitive market rates.

B. Scope Of Services and Attachments

Attachment "A" – Specifications and Requirements
Attachment "B" – Delivery Locations-Tank Size.
Attachment "C" – Current Port Consolidated Contract
Attachment "D" – Cooperative Volume Report

Attachment “E” – Applicable Fuel Taxes
Attachment “F” – Sample Invoice

C. Responsiveness and Responsibility items:

Responsiveness. The following items must be provided by Proposers with their Proposal. At the discretion of the Lead Agency’s General Services Director, the Lead Agency reserves the right, after the opening of the RFP, but prior to the start of evaluations of Proposals, to request a missing or corrupted item(s) of a Proposer. Proposer must provide said item no later than three (3) business days after such request is made by Lead Agency. Failure to provide these items shall result in the Proposer being deemed non-responsive, and its Proposal disqualified. Proposer must provide the following with its Proposals:

a. Documentation evidencing specialized experience in the delivery of products and demonstrate a capability to provide the products to the Cooperative entire geographical area (including, but not limited to Miami-Dade, Broward and Palm Beach Counties).

b. References of representative customers of comparable size and scope to the Cooperative for which the Proposer supplies product. Reference list must include names and addresses of each customer’s contact (email, phone number, address, etc.) and description of current business relationship.

c. Proof that Proposer can meet the included estimated product usage requirements of the Cooperative’s participating agencies. If the Proposer is not a fuel distributer (not a fuel terminal operator) also provide proof of monthly fuel sale volumes, including copies of any Letter of Intent or contractual agreements with terminal operators.

Responsibility. The following items shall be used by the City to evaluate each Proposer’s responsibility:

a. Licenses required for the services.

b. City reserves the right during evaluation and up to negotiations with the Successful Proposer to request financial information to determine Proposer’s financial solvency and ability to fulfill delivery of the product during the term of the contract.

c. Proposer’s past performance, including any feedback from references.

d. City will review the Proposer’s business organization to confirm that it is in good standing with the Florida Department of State, Division of Corporations based on the information provided in the Proposer’s response.

e. Disclose of any litigation within the past five (5) years arising out of your company’s performance. City reserves the right, at its sole discretion, to deem a Proposer non-responsible and disqualify the Proposer.

D. Participating Agencies

Refer to Attachment B - Delivery Locations-Tank Size.

E. Term of Contract

City reserves the right to negotiate up to a five-year contract with the Successful Proposer, renewals, or any term that the City deems best meets its needs and the needs of the Cooperative.

The City may require additions or deletions of participating agencies. This may entail additional agencies and locations, and/or deletion of previous participating agencies. The Contractor shall serve all required additions or deletions, as requested by the City, according to the terms and conditions of the solicitation.

In the event delivery/service is scheduled to end because of the expiration of this contract, the Contractor must continue to deliver and provide services upon the request of the City's General Services Director. The extension period shall not extend for more than ninety (90) days beyond the expiration date of the existing contract. The Contractor shall be compensated for the product/service at the rate in effect when this extension clause is invoked by the City. This paragraph shall survive the expiration of the contract.

F. Required Proposal Submittal

Submission/Format Requirements

Sealed Proposals shall be submitted electronically through the eBid System on or before the due date/time stated above. Proposer shall upload response as one (1) file to the eBid System. The file size for uploads is limited to 250 MB. If the file size exceeds 250 MB the response must be split and uploaded as two (2) separate files.

Information to be included in the Proposal: In order to maintain comparability and expedite the review process, it is required that Proposals be organized in the manner specified below, with the sections clearly labeled:

1. Cover letter: A cover letter signed by an authorized representative of the company. The letter should present an overview of the Proposer's organization and will include the company's name, address, principal contact person for this Proposal, e-mail address, phone number, and fax number. A brief description of the company's history and corporate affiliations.

2. Personnel: Identify the proposed contact persons and telephone numbers for ordering services, for invoicing questions, and other key (customer service) personnel that will be assigned to this account.

3. Obligations of the participating agencies: Describe the requirements (operational, legal, agreements, insurance, etc.) for the sale and delivery of petroleum products. Copies of any and all required terms and conditions, agreements, notices, or procedural descriptions should be attached to the Proposal. Proposers should

describe in detail any product volume purchase requirements which would be required of ***each participating agency*** on a monthly basis.

4. ***Contingency plan of action. Companies should describe a plan of action to*** **assure product availability (including requirements for additional products before and after an emergency situation), and avoid disruption of supply during any emergency situation (e.g. hurricanes). Describe your storage and distribution logistics plan to include but not be limited to: ownership or control of storage facilities in the Tri-County area, agreements or partnerships with fuel transportation providers to supplement existing delivery capabilities, redundant communication capabilities, and emergency power generation. Availability of fuels at other terminals on a regional basis should also be described in this plan of action submittal.**

5. Price Proposal*:* Submit your firm, fixed price Proposal for providing all services, materials, etc. required for sale of petroleum products as outlined on Attachment A-item 2 “pricing methodology” with the Proposal response.

6. Proposers may include additional services, such as the ability of the Lead Agency and Cooperative to pre-purchase fuel or lease storage space for fuel as part of a comprehensive Emergency Plan.

7. Responsiveness and Responsibility items as described above.

8. Alternate Proposals:

   a. An option is afforded to all Proposers to submit, in addition to their original Proposal, an alternate Proposal, which excludes the provision of transportation services for the petroleum products, included in this RFP. Transportation services would be the responsibility of that participating agency, typically with vehicles owned and operated by the agency. Proposers wishing to submit on this basis should clearly indicate in the alternative Proposal response the discount from the differential provided in the pricing pages and any requirements to be met by the participating agency, such as insurance provisions to be supplied and certifications for vehicles and operators.

   b. For the potential use of some participating agencies, the opportunity is afforded to all Proposers to provide the option to pre-arrange purchase of fixed volume(s) of product(s) at a fixed price from time to time thereby assuring:
      i. Product availability of fixed volume(s) on a ratable basis over a defined period of time, presumable in monthly increments.
      ii. Established pre-agreed fixed pricing point(s) for product(s) during that established period of time, regardless of market conditions.

   c. Proposers wishing to provide an alternate Proposal on a fixed volume/fixed price basis should provide minimum and, if applicable, maximum monthly volumes applicable or percentage of agency estimated ratable demand that could be contracted for on this basis. If available, provide a copy of

standard terms and conditions that would generally apply to such a transaction.

9. Addenda, Additional Information:

Any addenda or answers to written questions supplied by the City to potential Proposers shall become part of this RFP and any resulting contract.

City Forms:
The RFP Proposer Information Page Form must be signed by an authorized company representative and included with the Proposal that is electronically submitted through the City's eBid System.

G. Insurance

The insurance described herein reflects the insurance requirements deemed necessary for this contract by the City. It is not necessary to have this level of insurance in effect at the time of submittal, but certificates indicating that the insurance is currently carried or a letter from the Carrier indicating upgrade ability will speed the review process to determine the most qualified Proposer.

The successful Proposer(s) shall not commence operations until certification or proof of insurance, detailing terms and provisions of coverage, has been received and approved by the City of Pompano Beach Risk Manager.

If you are responding to a solicitation and have questions regarding the insurance requirements hereunder, please contact the City's Purchasing Division at (954) 786-4098. If the contract has already been awarded, please direct any inquiries and proof of the requisite insurance coverage to City staff responsible for oversight of the subject project/contract.

Contractor is responsible to deliver to the City for timely review and written approval/disapproval Certificates of Insurance which evidence that all insurance required hereunder is in full force and effect and which name on a primary basis, the City as an additional insured on all such coverage.

Throughout the term of this Contract, City, by and through its Risk Manager, reserve the right to review, modify, reject or accept any insurance policies required by this Contract, including limits, coverages or endorsements. City reserves the right, but not the obligation, to review and reject any insurer providing coverage because of poor financial condition or failure to operate legally.

Failure to maintain the required insurance shall be considered an event of default. The requirements herein, as well as City's review or acceptance of insurance maintained by Contractor, are not intended to and shall not in any way limit or qualify the liabilities and obligations assumed by Contractor under this Contract.

Throughout the term of this Contract, Contractor and all subcontractors or other agents hereunder, shall, at their sole expense, maintain in full force and effect, the following insurance coverages and limits described herein, including endorsements.

1. Worker's Compensation Insurance covering all employees and providing benefits as required by Florida Statute, Chapter 440, regardless of the size of the company (number of employees) or the state in which the work is to be performed or of the state in which Contractor is obligated to pay compensation to employees engaged in the performance of the work. Contractor further agrees to be responsible for employment, control and conduct of its employees and for any injury sustained by such employees in the course of their employment.

2. Liability Insurance

   a. Naming the City of Pompano Beach as an additional insured as City's interests may appear, on General Liability Insurance only, relative to claims which arise from Contractor's negligent acts or omissions in connection with Contractor's performance under this Contract.

   b. Such Liability insurance shall include the following checked types of insurance and indicated minimum policy limits.

Type of Insurance		**Limits of Liability**
GENERAL LIABILITY:		Minimum $2,000,000 Per Occurrence and $2,000,000 Per Aggregate
* Policy to be written on a claims incurred basis		
XX	comprehensive form	bodily injury and property damage
XX	premises - operations	bodily injury and property damage
__	explosion & collapse hazard	
__	underground hazard	
XX	products/completed operations hazard	bodily injury and property damage combined
XX	contractual insurance	bodily injury and property damage combined
XX	broad form property damage	bodily injury and property damage combined
XX	independent contractors	personal injury
XX	personal injury	

AUTOMOBILE LIABILITY:		Minimum $1,000,000 Per Occurrence and $2,000,000 Per Aggregate. Bodily injury (each person) bodily injury (each accident), property damage, bodily injury and property damage combined.
XX	comprehensive form	
__	owned	
__	hired	
__	non-owned	

REAL & PERSONAL PROPERTY		
__	comprehensive form	Agent must show proof they have this coverage.

EXCESS LIABILITY			Per Occurrence	Aggregate
XX	other than umbrella	bodily injury and property damage combined	$4,000,000	$4,000,000
PROFESSIONAL LIABILITY			Per Occurrence	Aggregate
__	* Policy to be written on a claims made basis		$2,000,000	$2,000,000

c. If Professional Liability insurance is required, Contractor agrees the indemnification and hold harmless provisions of the Contract shall survive the termination or expiration of the Contract for a period of three (3) years unless terminated sooner by the applicable statute of limitations.

3. Employer's Liability. Contractor and all subcontractors shall, for the benefit of their employees, provide, carry, maintain and pay for Employer's Liability Insurance in the minimum amount of One Hundred Thousand Dollars ($100,000.00) per employee, Five Hundred Thousand Dollars ($500,000) per aggregate.

4. Policies: Whenever, under the provisions of this Contract, insurance is required of the Contractor, the Contractor shall promptly provide the following:

a. Certificates of Insurance evidencing the required coverage;

b. Names and addresses of companies providing coverage;

c. Effective and expiration dates of policies; and

d. A provision in all policies affording City thirty (30) days written notice by a carrier of any cancellation or material change in any policy.

5. Insurance Cancellation or Modification. Should any of the required insurance policies be canceled before the expiration date, or modified or substantially modified, the issuing company shall provide thirty (30) days written notice to the City.

6. Waiver of Subrogation. Contractor hereby waives any and all right of subrogation against the City its officers, employees and agents for each required policy. When required by the insurer, or should a policy condition not permit an insured to enter into a pre-loss agreement to waive subrogation without an endorsement, then Contractor shall notify the insurer and request the policy be endorsed with a Waiver of Transfer of Rights of Recovery Against Others, or its equivalent. This Waiver of Subrogation requirement shall not apply to any policy which includes a condition to the policy not specifically prohibiting such an endorsement, or voids coverage should Contractor enter into such an agreement on a pre-loss basis.

The Successful Proposer shall furnish to the City the certification or proof of insurance required by the provisions set forth above, within ten (10) days after notification of award

of contract. Certificate(s) to be issued to City of Pompano Beach, Attention Risk Manager, 100 West Atlantic Boulevard, Pompano Beach, Florida, 33060.

H. Selection/Evaluation Process

A Selection/Evaluation Committee will be appointed to select the most qualified company. The Selection/Evaluation Committee will present their findings to the City Commission.

Proposals will be evaluated using the following criteria:

	Criteria	Point Range
1.	**Company Qualifications and Capabilities** (Factors including but not limited to those identified below) • Fuel supply delivery capability from Port Everglades • Delivery capabilities, such as transportation fleet and personnel	0-35
2.	**Emergency Supply Capabilities** (Factors including but not limited to those identified below) • Control of storage facilities in Tri-County area, and surrounding Counties • Contingency plan of action • Availability of additional emergency storage outside the vicinity of the Tri-County area and surrounding Counties • Availability of trucks and drivers from outside the Tri-County and surrounding counties • Percentage of supply contracted with fuel terminals versus spot purchases based on supplied volume report	0-30
3.	**References** (Factors including but not limited to the following) • Years servicing each referenced customer • Number of locations that the Proposer services for the referenced customer and their capacity	0-10
4.	**Cost**	0-25
	Total	**0-100**

The Committee has the option to use the above criteria for the initial ranking to short-list Proposers and to use an ordinal ranking system to score short-listed Proposers following

presentations (if deemed necessary) with a score of “1” assigned to the short-listed Proposer deemed most qualified by the Committee.

Each company should submit documentation that evidences the company’s capability to provide the services required for the Committee’s review for short listing purposes. After an initial review of the Proposals, the City may invite Proposers for an interview to discuss the Proposal and meet company representatives, particularly key personnel who would be assigned to the project. Should interviews be deemed necessary, it is understood that the City shall incur no costs as a result of this interview, nor bear any obligation in further consideration of the submittal.

When more than three responses are received, the committee shall furnish the City Commission (for their approval) a listing, in ranked order, of no fewer than three companies deemed to be the most highly qualified to perform the service. If three or fewer companies respond to the RFP, the list will contain the ranking of all responses.

The City Commission has the authority to (including, but not limited to); approve the recommendation; reject the recommendation and direct staff to re-advertise the solicitation; or, review the responses themselves and/or request oral presentations and determine a ranking order that may be the same or different from what was originally presented to the City Commission.

I. Hold Harmless and Indemnification

Proposer covenants and agrees that it will indemnify and hold harmless the City and all of its officers, agents, and employees from any claim, loss, damage, cost, charge or expense arising out of any act, action, neglect or omission by the Proposer, whether direct or indirect, or whether to any person or property to which the City or said parties may be subject, except that neither the Proposer nor any of its subcontractors will be liable under this section for damages arising out of injury or damage to persons or property directly caused by or resulting from the sole negligence of the City or any of its officers, agents or employees.

J. Right to Audit

Successful Proposer's records which shall include but not be limited to accounting records, written policies and procedures, computer records, disks and software, videos, photographs, subcontract files (including proposals of Successful and Unsuccessful Proposers), originals, estimates, estimating worksheets, correspondence, change order files (including documentation covering negotiated settlements), and any other supporting evidence necessary to substantiate charges related to the contract (all the foregoing hereinafter referred to as "records") shall be open to inspection and subject to audit and/or reproduction, during normal working hours, by City's agent or its authorized representative to the extent necessary to adequately permit evaluation and verification of any invoices, payments or claims submitted by the Successful Proposer or any of its payees pursuant to the execution of the contract. Such records subject to examination shall also include, but not be limited to, those records necessary to evaluate and verify direct and indirect costs (including overhead allocations) as they may apply to costs associated with the contract.

For the purpose of such audits, inspections, examinations and evaluations, the City's agent or authorized representative shall have access to said records from the effective

date of the contract, for the duration of the Work, and until five (5) years after the date of final payment by City to Successful Proposer pursuant to the contract.

City's agent or its authorized representative shall have access to the Successful Proposer's facilities, shall have access to all necessary records, and shall be provided adequate and appropriate work space, in order to conduct audits in compliance with this article. City's agent or its authorized representative shall give auditees reasonable advance notice of intended audits.

Successful Proposer shall require all subcontractors, insurance agents, and material suppliers (payees) to comply with the provisions of this article by insertion of the requirements hereof in any written contract. Failure to obtain such written contracts which include such provisions shall be reason to exclude some or all of the related payees' costs from amounts payable to the Successful Proposer pursuant to the contract.

K. Retention of Records and Right to Access

1. The City of Pompano Beach is a public agency subject to Chapter 119, Florida Statutes. The Contractor shall comply with Florida's Public Records Law, as amended. Specifically, the Contractor shall:

   a. Keep and maintain public records required by the City in order to perform the service;

   b. Upon request from the City's custodian of public records, provide the City with a copy of requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes or as otherwise provided by law;

   c. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Contractor does not transfer the records to the City; and

   d. Upon completion of the contract, transfer, at no cost to the City, all public records in possession of the Contractor, or keep and maintain public records required by the City to perform the service. If the Contractor transfers all public records to the City upon completion of the contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the City, upon request from the City's custodian of public records in a format that is compatible with the information technology systems of the City.

2. Failure of the Contractor to provide the above described public records to the City within a reasonable time may subject Contractor to penalties under 119, Florida Statutes, as amended.

PUBLIC RECORDS CUSTODIAN

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

CITY CLERK
100 W. Atlantic Blvd., Suite 253
Pompano Beach, Florida 33060
(954) 786-4611
RecordsCustodian@copbfl.com

3. The Successful Proposer shall maintain during the term of the contract all books of account, receipt invoices, reports and records in accordance with generally accepted accounting practices and standards. The form of all records and reports shall be subject to the approval of the City's Internal Auditor. The Successful Proposer must comply with the Internal Auditor's recommendation for changes, additions, or deletions. The City's Internal Auditor must be permitted during normal business hours to audit and examine the books of account, reports, and records relating to this contract. The Successful Proposer shall maintain and make available such records and files for the duration of the contract and retain them until the expiration of three years after final payment under the contract.

L. Communications

No negotiations, decisions, or actions shall be initiated or executed by the company as a result of any discussions with any City employee. Only those communications, which are in writing from the City, may be considered as a duly authorized expression on behalf of the City. In addition, only communications from companies that are signed and in writing will be recognized by the City as duly authorized expressions on behalf of companies.

M. No Discrimination

There shall be no discrimination as to race, sex, color, age, religion, or national origin in the operations conducted under any contract with the City.

N. Independent Contractor

The Successful Proposer will conduct business as an independent contractor under the terms of this contract. Personnel services provided by the Successful Proposer shall be by employees of the company and subject to supervision by the company, and not as officers, employees, or agents of the City. Personnel policies, tax responsibilities, social security and health insurance, employee benefits, purchasing policies and other similar administrative procedures applicable to services rendered under this contract shall be those of the company.

O. Staff Assignment

The City of Pompano Beach reserves the right to approve or reject, for any reasons, Proposer's staff assigned to this project at any time. Background checks may be required.

P. Contract Terms

The contract resulting from this RFP shall include, but not be limited to the following terms:

The contract shall include as a minimum, the entirety of this RFP document, together with the Successful Proposer's Proposal. Contract shall be prepared by the City of Pompano Beach City Attorney.

If the City of Pompano Beach defends any claim, demand, cause of action, or lawsuit arising out of any act, action, negligent acts or negligent omissions, or willful misconduct of the contractor, its employees, agents or servants during the performance of the contract, whether directly or indirectly, contractor agrees to reimburse the City of Pompano Beach for all expenses, attorney's fees, and court costs incurred in defending such claim, cause of action or lawsuit.

Q. Waiver

It is agreed that no waiver or modification of the contract resulting from this RFP, or of any covenant, condition or limitation contained in it shall be valid unless it is in writing and duly executed by the party to be charged with it, and that no evidence of any waiver or modification shall be offered or received in evidence in any proceeding, arbitration, or litigation between the parties arising out of or affecting this contract, or the right or obligations of any party under it, unless such waiver or modification is in writing, duly executed as above. The parties agree that the provisions of this paragraph may not be waived except by a duly executed writing.

R. Survivorship Rights

This contract resulting from this RFP shall be binding on and inure to the benefit of the respective parties and their executors, administrators, heirs, personal representative, successors and assigns.

S. Manner of Performance

Proposer agrees to perform its duties and obligations under the contract resulting from this RFP in a professional manner and in accordance with all applicable local, federal and state laws, rules and regulations.

Proposer agrees that the delivery of product and services provided under the contract resulting from this RFP shall be provided by employees that are educated, trained and experienced, certified and licensed in all areas encompassed within their designated duties. Proposer agrees to furnish the City of Pompano Beach with all documentation, certification, authorization, license, permit, or registration currently required by applicable laws or rules and regulations. Proposer further certifies that it and its employees are now in and will maintain good standing with such governmental agencies and that it and its employees will keep all license, permits, registration, authorization or certification required by applicable laws or regulations in full force and effect during the term of this contract. Failure of Proposer to comply with this paragraph shall constitute a material breach of contract.

T. Acceptance Period

Proposals submitted in response to this RFP must be valid for a period no less than one hundred and twenty days (120) days from the closing date of this solicitation.

U. RFP Conditions and Provisions

The completed Proposal (together with all required attachments) must be submitted electronically to City on or before the time and date stated herein. All Proposers, by electronic submission of a Proposal, shall agree to comply with all of the conditions, requirements and instructions of this RFP as stated or implied herein. All Proposals and supporting materials submitted will become the property of the City.

Proposer's response shall not contain any alteration to the document posted other than entering data in spaces provided or including attachments as necessary. By submission of a response, Proposer affirms that a complete set of solicitation documents was obtained from the eBid System or from the Purchasing Division only and no alteration of any kind has been made to the solicitation. Exceptions or deviations to this Proposal may not be added after the submittal date.

All Proposers are required to provide all information requested in this RFP. Failure to do so may result in disqualification of the Proposal.

The City reserves the right to postpone or cancel this RFP, or reject all Proposals, if in its sole discretion it deems it to be in the best interest of the City to do so.

The City reserves the right to waive any technical or formal errors or omissions and to reject all Proposals, or to award contract for the items herein, in part or whole, if it is determined to be in the best interests of the City to do so.

The City shall not be liable for any costs incurred by the Proposer in the preparation of Proposals or for any work performed in connection therein.

V. Standard Provisions

2. Licenses

In order to perform public work, the Successful Proposer shall:
Be licensed to do business in Florida, if an entity, and hold or obtain such Contractor' and Business Licenses if required by State Statutes or local ordinances.

3. Conflict of Interest

For purposes of determining any possible conflict of interest, each Proposer must disclose if any Elected Official, Appointed Official, or City Employee is also an owner, corporate officer, or an employee of the company. If any Elected Official, Appointed Official, or City Employee is an owner, corporate officer, or an employee, the Proposer must file a statement with the Broward County Supervisor of Elections pursuant to §112.313, Florida Statutes.

4. Drug Free Workplace

The Successful Proposer will be required to verify they will operate a "Drug Free Workplace" as set forth in Florida Statute, 287.087.

5. Public Entity Crimes

A person or affiliate who has been placed on the convicted vendor list following a conviction for public entity crime may not submit a Proposal on a contract to provide any goods or services to a public entity, may not submit a Proposal on a contract with a public entity for the construction or repair of a public building or public work, may not submit Proposals on leases of real property to public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Florida Statute, Section 287.017, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

6. Patent Fees, Royalties, And Licenses

If the Successful Proposer requires or desires to use any design, trademark, device, material or process covered by letters of patent or copyright, the selected Proposer and his surety shall indemnify and hold harmless the City from any and all claims for infringement by reason of the use of any such patented design, device, trademark, copyright, material or process in connection with the work agreed to be performed and shall indemnify the City from any cost, expense, royalty or damage which the City may be obligated to pay by reason of any infringement at any time during or after completion of the work.

7. Permits

The Successful Proposer shall be responsible for obtaining all permits, licenses, certifications, etc., required by federal, state, county, and municipal laws, regulations, codes, and ordinances for the performance of the work required in these specifications and to conform to the requirements of said legislation.

8. Familiarity With Laws

It is assumed the Successful Proposer will be familiar with all federal, state and local laws, ordinances, rules and regulations that may affect its services pursuant to this RFP. Ignorance on the part of the Proposer will in no way relieve the company from responsibility.

9. Withdrawal of Proposals

A Proposer may withdraw its Proposal without prejudice no later than the advertised deadline for submission of Proposals by using the “Retract” feature of the City’s eBid System..

10. Composition of Project Team

Proposers are required to commit that the principals and personnel named in the Proposal will perform the services throughout the contractual term unless otherwise provided for by way of a negotiated contract or written amendment to same executed by both parties. No diversion or substitution of principals or

personnel will be allowed unless a written request that sets forth the qualifications and experience of the proposed replacement(s) is submitted to and approved by the City in writing.

11. Invoicing/Payment

Payments will be ***made by each Participating Agency*** within fifteen (15) calendar days from delivery of product at Participating Agencies location via wire transfer to seller's account and bank, as indicated on the invoice.

W. Questions and Communication

Each Proposer will examine all Request for Proposal (RFP) documents and will judge all matters relating to the adequacy and accuracy of such documents. All questions regarding the RFP are to be submitted using the Questions feature in the eBid System. Questions must be received at least seven (7) calendar days before the scheduled solicitation opening. No further questions will be accepted after this date. Oral and other interpretations or clarifications will be without legal effect. Addenda will be posted to the RFP solicitation in the eBid System, and it is the Proposer's responsibility to obtain all addenda before submitting a response to the solicitation.

X. Addenda

The issuance of a written addendum or posting of an answer in response to a question submitted using the Questions feature in the eBid System are the only official methods whereby interpretation, clarification, or additional information can be given. If any addendum is issued to this RFP, the addendum will be issued via the eBid System. It shall be the responsibility of each Proposer, prior to submitting its response, to contact the Purchasing Division of the General Services Department at (954) 786-4098 to determine if addendum was issued and to make such addendum a part of its proposal. Any Addendum will be posted to this RFP in the eBid System.

COMPLETE THE PROPOSER INFORMATION FORM ON THE ATTACHMENTS TAB IN THE EBID SYSTEM. PROPOSERS ARE TO COMPLETE THE FORM IN ITS ENTIRETY AND INCLUDE THE COMPLETED FORM IN YOUR PROPOSAL THAT MUST BE UPLOADED TO THE RESPONSE ATTACHMENTS TAB FOR THE RFP IN THE EBID SYSTEM.

PROPOSER INFORMATION PAGE

RFP _____, _____
(number) (RFP name)

To: The City of Pompano Beach, Florida

The below named company hereby agrees to furnish the proposed services under the terms stated subject to all instructions, terms, conditions, specifications, addenda, legal advertisement, and conditions contained in the RFP. I have read the RFP and all attachments, including the specifications, and fully understand what is required. By submitting this Proposal, I will accept a contract if approved by the City and such acceptance covers all terms, conditions, and specifications of this Proposal.

Proposal submitted by:

RFP E-03-22
UNLEADED GASOLINE & DIESEL FUEL FOR SOUTHEAST
FLORIDA GOVERNMENTAL PURCHASING COOPERATIVE GROUP

ATTACHMENT "A"
SPECIFICATIONS & REQUIREMENTS

The table included in Attachment "B" provides information from each Participating Agency as regards the size, type and location of fuel storage tanks and their estimated *monthly* usage of the various fuels included in this Request for Proposals.

1. SPECIFICATIONS

1.1 Successful Proposer will sell to all participating agencies the following products (the "Products"):

- "Ultra Low Sulfur diesel": No. 2 Ultra Low Sulfur, on-road, clear, taxable diesel fuel per ASTM D975-08a specifications, or latest revision.
- "Ethanol Gasoline": 10% Ethanol blended gasoline per ASTM D4814-07b specifications, or latest revision.

1.2 Additional, Optional Fuel Products:

- Midrange Unleaded Gasoline: Minimum Octane of 89.0
- Ultra Low Sulfur #2 Red Dye Diesel
- "5% Biodiesel Fuel": Ultra Low Sulfur 5% Biodiesel blended fuel, on-road, clear, taxable diesel fuel. The B100 will conform to ASTM D6751-08 or latest revision.
- "20% Biodiesel Fuel": Ultra Low Sulfur 20% Biodiesel blended fuel, on-road, clear, taxable diesel fuel. The B100 will conform to ASTM D6751-08 or latest revision.
- E85 Fuel Ethanol: Shall conform to the chemical and physical standards for fuel Ethanol as set forth in the ASTM International Designation D5798-99,"Standard specification for fuel Ethanol (Ed 75-Ed85) for Automotive Spark-Ignition Engines".
- Bulk Diesel Fuel Exhaust Fluid (DEF)

1.3 The products supplied as a result of this Request for Proposals must conform to the specifications of the State of Florida and comply with all Federal, State and local laws and regulations as applicable on date of delivery.

2. PRICING METHODOLOGY:

2.1 Prices proposed are to be F.O.B. delivered expressed as a positive or negative differential from the applicable daily ***OPIS*** price published in the "OPIS Contract Benchmark File" as described herein ***for the date of delivery of product*** to the Participating Agency and are exclusive of all Federal, State and County Excise taxes and fees. Any other applicable taxes and fees shall be added at the time of invoicing. See Paragraph 3, TAXES .

Item No.	Description	Transport Delivery Differential Proposed (+)/(-) per gallon*	Tankwagon Delivery Differential Proposed (+) (-) per gallon*
1	87 Octane Unleaded	$._____	$._____
2	Diesel Fuel #2 Ultra Low Sulfur	$._____	$._____
3	Lump Sum Additional Delivery Charge for Deliveries beyond 30-mile radius of Port Everglades only.	$._____ /each	$._____/each

* Calculate differential proposed to fourth decimal point. Differential proposed to remain firm during initial contract period and any renewal period, except as provided below.

Note: If your proposal is contingent on your firm being awarded a contract for all products and all delivery methods, Proposer must indicate this condition in the proposal response.

2.2 Pricing of Unleaded 87 Octane Gasoline is to be proposed using the following methodology:

Daily Published ***OPIS Gross CBOB Ethanol 10% Unleaded Unbranded Rack Average Price*** (For the applicable Reid Vapor Pressure - RVP on the date of delivery of product at the rack).

Plus

Positive or Negative differential proposed for 87 Octane Unleaded per Section 2.1. (Differential to be constant regardless of the applicable RVP.)

2.3 Pricing of Ultra Low Sulfur Diesel #2 is to be proposed using the following methodology:

Daily Published OPIS Gross Ultra Low Sulfur Distillate No. 2 ***Unbranded Rack Average*** prices.

Plus

Positive or Negative differential proposed for Diesel Fuel #2 Ultra Low Sulfur per Section 2.1.

2.4 The price proposed with differential shall include the vendor's cost of product, vendor's profit, the cost of delivery within a 30-mile radius of Port Everglades, and any and all other costs. A lump sum, additional delivery charge only applicable to deliveries beyond a thirty (30) mile radius of Port Everglades may be proposed on the pricing sheet. Within the thirty (30) mile radius of Port Everglades the proposed costs must include delivery regardless of the actual varying road miles required to be driven to make deliveries within that radius to each tank location. The firm markup or discount for Unleaded Gasoline or Diesel shall not change during the negotiated term of the contract, except for circumstances described under 3. PROPOSER'S COST INCREASES AND SURCHARGES. No other charges shall be added. Differential must be expressed in dollars and/or cents per gallon.

2.5 The selected proposer shall advise the Lead Agency of all available Federal or State credits and discounts available on all fuel types being purchased herein. The selected proposer shall apply all applicable credits and discounts to the price charged to the Co-Op and identify and reflect the discount on the applicable invoices. (Note: the applicable credits and discounts will be incorporated after award and shall not be reflected in the Price proposal Schedule.)

2.6 Alternative Fuels

Considering the dynamic nature of fuel technology and the growing demand for alternative fuels, the Co-Op reserves the right to add any alternative fuel to the fuel types required. When such a need arises, the Co-Op shall contact the selected Proposer to determine if the selected proposer has the ability to provide or obtain the alternative fuel. The Co-Op shall provide the selected Proposer with information on the fuel type, the technical specifications of the fuel, the acceptable operating parameters, the estimated quantities, delivery requirements, and any other relevant information available. The selected proposer shall submit a written price offer for the supply of the alternative fuel for the Co-Op's review and approval.

However, if the selected proposer is unable to supply the alternative fuel type, or the Co-Op does not accept the selected proposer's price offer, the Co-Op shall have the right to purchase the alternative fuel elsewhere.

2.7 Additional Fuel Products: Proposers may submit under a separate cover a price proposal on the following fuels. Proposers must outline the Pricing Methodology for each additional fuel product proposed.

Item No.	Description
1	Midrange Unleaded 89 Octane
2	Recreational Unleaded 90 Octane
3	Ultra Low Sulfur #2 Red Dye Diesel

4	Biodiesel Fuel B5
5	Biodiesel Fuel B20
6	E85 Fuel Ethanol
7	Bulk Diesel Fuel Exhaust Fluid (DEF)

3. PROPOSER'S COST INCREASES AND SURCHARGES

The City may, in its sole discretion, allow for a temporary surcharge to be added to the differential proposed. If the cost of labor or diesel fuel are affected by extreme or unforeseen volatility in the cost of labor or diesel fuel that satisfy all the following criteria: 1) the volatility is due to causes wholly beyond the successful Proposer's control; 2) the volatility affects the marketplace or industry, not just the particular successful Proposer's source of supply and/or labor; 3) the effect on pricing or availability of supply is substantial; and 4) the volatility so affects the successful Proposer's continued performance of the Contract would result in substantial loss. Any temporary surcharge would require irrefutable evidence and written approval by the City's Manager or their designee.

The successful Proposer and City shall negotiate a time frame for the temporary surcharge, and reevaluate the need for said surcharge upon the end of the negotiated time frame. Should the unforeseen volatility end, and the costs to the successful Proposer are reduced and no longer result in substantial loss, the temporary surcharge must be terminated. If it is determined that the additional unforeseen costs will not abate for the remaining duration of the contract term, the parties reserve the right to negotiate an amendment to the resulting agreement and the proposed differential.

4. TAXES:

4.1 The agencies listed herein are counties, municipalities or subdivisions of the State of Florida and are exempt from Federal Gasoline and Diesel (excise) Road taxes and Florida Sales Tax.

4.2 Proposals will be considered only from Proposers who do not require the payment of these taxes.

5. SUBSTITUTE/ALTERNATE METHOD FOR PRICE ADJUSTMENT:

5.1 The City reserves the right, based on mutual agreement with the successful proposer, to substitute an alternate method for price adjustment for a specified, negotiated period of time if:

A. An interruption in the OPIS Index is experienced beyond existing scheduled holidays (Independence Day, Christmas, etc.), or

B. The listing of prices for the OPIS Index are interrupted or modified to a degree which would require alteration of the computation formula to determine a fair price, or

C. The use of the OPIS Index prices becomes non-representative of the market.

D. The Successful Proposer provides clear and convincing proof that market conditions unrelated to the OPIS Index have been materially altered from those that existed at the time of award or renewal of contract. Such proof may consist of contracts with suppliers, invoices or published indexes, etc.

5.2 The City may, if deemed to be in the City's best interest, elect to modify the pricing methodology in the situations listed above in the following manner using any nationally recognized, published benchmark or index.

The firm markup or discount will include the vendor's cost of product, profit, delivery costs and any other costs. The firm markup or discount for Unleaded Gasoline or Diesel shall not change during the negotiated term of the contract amendment, except for circumstances described under 3. PROPOSER'S COST INCREASES AND SURCHARGES. No other charges shall be added.

5.3 If it is determined by the City to be in its best interest to substitute an alternate method for price adjustment as specified above, the contractor(s) will be notified thirty (30) days prior to the effective date for the alternate adjustment. If an alternate price adjustment method is not acceptable to all awarded contractor(s), the City may cancel this contract in whole or in part by giving the contractor(s) ninety (90) days prior written notice.

6. INVOICING

6.1 All invoices shall be provided to each participating agency via an electronic method within twenty-four (24) hours of date of delivery of product. Each invoice shall reference the date of the applicable published ***OPIS*** price for that day with the appropriate differential as per the contract. Successful proposer shall list separately on invoice each individual non-exempt tax/fee and the amount of the differential.

7. ORDERING & PAYMENT:

7.1 Each participating governmental agency will, based on the award of contract made by the Lead Agency and with the same prices, terms, and conditions establish its own contract with the successful proposer(s) in a manner acceptable to the successful proposer; will issue its own purchase orders; will require separate billing and will issue its own tax exemption certificates as required by the successful proposer.

7.2 The City of Pompano Beach Purchasing Division will furnish a copy of proposers list and any other information submitted with the proposals to all participating agencies.

7.3 Payment will be ***made by each Participating Agency*** within fifteen (15) calendar days from delivery of product at Participating Agencies location via wire transfer to seller's account and bank, as indicated on the invoice.

7.4 It is understood and agreed that the City of Pompano Beach is not a legally bound party to any contractual agreement made between any other agency and the successful proposer as a result of this Request for Proposals.

7.5 After award of contract(s) to successful proposer(s) the City reserves the right to issue purchase orders in accordance with the terms of this contract.

8. Reporting Requirements

The selected Proposer shall submit to the Lead Agency a Fuel Purchasing Report on a monthly basis. The fuel Purchasing Report shall include fuel volume totals by fuel type for each participating agency. The report shall also include a "Grand Total" (year-to-date) fuel volume for all Participating Agencies for each fuel type. The required fields are the following:

- Reporting Period (specify month)
- Participating Agency
- Delivery volume (do not round off reported volume amounts, allow volumes to be reported up to as many decimal places as needed).
- Subtotal volume (per fuel type for each Participating Agency)
- Cumulative Total Volume Year to Date (per fuel type for all Participating Agencies)
- Note regarding fuel types: report must specify the ethanol and biodiesel blend being delivered.

The Fuel Purchasing Report shall be sent in electronic format (Excel format preferred) via email to: purchasing@copbfl.com.

9. OPIS MEMBERSHIP

Successful Proposer shall provide City either a subscription to the latest edition of the OPIS Publication PAD 1 report edition, or OPIS Invoice Checker or similar OPIS product that will allow the City to validate the Successful Proposer's pricing on an as needed basis.

10. DELIVERY REQUIREMENTS

For the purposes of this section the term Carrier shall mean the Seller or an independent contractor hired by the Seller for the delivery of fuel to the Participating Agencies.

10.1 LEGAL REQUIREMENTS:

A. Compliance with Laws and Codes: Federal, State, County, and local laws, ordinances, rules and regulations that in any manner, affect the terms covered herein apply. Lack of knowledge by Carrier shall in no way be a cause for relief from

responsibility. The Carrier shall strictly comply with Federal, State and Local building and safety codes. Equipment shall meet all State and Federal Safety Regulations.

B. Independent Contractor Relationship: The Carrier is, and shall be, in the performance of all work, services, and activities under the Agreement, an Independent Contractor and not an employee, agent, or servant of any Participating Agency. All persons engaged in any of the work or services performed pursuant to this Contract shall at all times, and in all places, be subject to the Carrier's sole direction, supervision, and control. The Carrier shall exercise control over the means and manner in which it and its employees perform the work and in all respects the Carrier's relationship, and the relationship of its employees, to any Participating Agency shall be that of an independent contractor and not as employees or agents of any Participating Agency.

C. Certifications, Licenses and Permits: Carrier shall provide a copy of all applicable Certificates of Competency issued by the State of Florida in the name of the Carrier. It shall also be the responsibility of the Carrier to submit prior to commencement of work a current Occupational License and all permits required to complete this contractual service at no additional cost. It is the responsibility of the Carrier to ensure that all required certifications, licenses and permits are maintained in force and current throughout the term of the Agreement.

11. DELIVERY/RESPONSE TIME:

A. Delivery shall be required within twenty-four (24) hours unless an alternate delivery date has been requested by the Participating Agency.

B. Daily orders shall be placed by e-mail from a participating agency representative by 10:00 a.m., Monday through Friday.

C. Deliveries shall be made within 24 hours of order placement unless the participating agency specifically requests otherwise as indicated on the order, in which case, requested delivery date and time shall become the required delivery time.

D. Orders placed on Friday shall be delivered no later than 5:00 p.m. the following Monday, unless the participating agency specifically requests otherwise, in which case, requested delivery date and time, shall become the required delivery time. The participating agency shall not require the carrier to deliver on Sundays (except for declared emergency situations).

E. A transport load shall be defined as no less than 7,500 gallons of Ethanol blended or regular gasoline or no less than 7,000 gallons of Ultra Low Sulfur Diesel or 5% biodiesel fuel or 20% biodiesel fuel.

F. The Participating Agencies reserve the right to split any load between no more than two delivery sites for their agency.

G. If the carrier is unable to meet the delivery requirements, it shall be the responsibility of the carrier to notify the participating agency within 2 hours of the delay occurring so that the participating agency can determine if it needs to transfer fuel between its sites to cover delay.

H. At time of delivery, carrier shall present a delivery ticket/bill of lading to a participating agency representative, or if requested, deliver document to a specified location. The delivery ticket/bill of lading shall include:

- Bill of lading number.
- Name of supplier and carrier.
- Date and time of delivery.
- Type of fuel delivered.
- Gross gallons and net gallons delivered.
- Inches in fuel tank, before and after delivery.
- Driver's signature.
- Signature of participating agency employee receiving delivery, unless otherwise indicated.
- Delivery address.

I. Carrier shall be adequately equipped, staffed, and supplied to, promptly, and efficiently, furnish, deliver, and dispense, all products that are submitted at various facilities.

J. Carrier shall have the ability to fill above-ground tanks.

K. Carrier shall be fully responsible for any and/or all actions of their employees that require clean up or ground sterilization as the result of an "improper" delivery. Carrier shall have and shall maintain those types and quantities of materials necessary to contain spilled product(s). Carrier shall be responsible for prompt and thorough cleanup of all spillage, as per EPA specifications, and for any agency fines or fees that result from contamination.

L. Discovery or occurrence of a spill, on overfill, excess water in the tank, suspected contamination of surrounding area, suspected tank failure, or any other indication of chemical release shall be immediately reported by the Carrier to the participating agency. Where the event is directly or indirectly the result of carrier's actions, the carrier shall also affect containment and initiate cleanup immediately.

M. All transport truck deliveries will be temperature adjusted to 60 degrees F in accordance with the latest edition of the American Society for Testing and Materials (ASTM) Table 6B, Volume II, Petroleum Measurement Tables. Delivery tickets and invoices shall reflect the net gallons delivered after temperature compensation.

N. Any Tankwagon deliveries will be metered in gross gallons and invoiced in gross gallons.

O. Agencies will accept fuel from trucks with sealed State approved and inspected meters. Trucks that have State of Florida Department of Agriculture and Consumer Services sealed, calibrated and certified compartment tank volume markers for the petroleum product being delivered, are also acceptable.

12. SPILLAGE:

The Contractor and/or his subcontractors making deliveries shall be fully responsible for any errors or mistakes that require clean up or ground sterilization. Contractor will be responsible for prompt and thorough cleanup of all spillage per EPA specifications and for any agencies fines or fees for any contamination that result from improper delivery of fuel.

11. PRIORITY DELIVERIES:

Preference of deliveries shall be given to agencies providing emergency relief and response services and members of the co-op who are participating in this contract, in case of declared emergencies or natural disasters.

Proposers shall attach an emergency plan that assures continued deliveries of these products in case of emergencies and/or when additional quantities may be required.

12. WORK SITE SAFETY/SECURITY:

The carrier shall at all times guard against damage or loss to the delivery site property, the Carrier's own property, and/or that of other contractors, and shall be held responsible for replacing or repairing any such loss or damage. When applicable, the Carrier shall provide fences, signs, barricades, flashing lights, etc. necessary to protect and ensure the delivery site(s) and insure that all county, State of Florida, OSHA, and other applicable safety regulations are met. Additionally, carrier shall provide for the prompt removal of all debris from delivery sites. All participating agencies may withhold payment or make such deductions as deemed necessary to ensure reimbursement or replacement for loss or damage to property through negligence of the Carrier or its agents.

13. ADDITION OF DELIVERY SITES:

Each Participating Agency shall be able to add delivery sites to the attached list, with 7 days notice to the seller.

ORDINANCE NO. 2017-32

CITY OF POMPANO BEACH
Broward County, Florida

AN ORDINANCE OF THE CITY COMMISSION OF THE CITY OF POMPANO BEACH, FLORIDA, APPROVING AND AUTHORIZING THE PROPER CITY OFFICIALS TO EXECUTE AN AGREEMENT BETWEEN THE CITY OF POMPANO BEACH AND PORT CONSOLIDATED, INC. FOR THE PURCHASE OF UNLEADED GASOLINE AND DIESEL FUEL, WITH THE CITY OF POMPANO ACTING AS THE LEAD AGENCY FOR THE SOUTHEAST FLORIDA GOVERNMENTAL PURCHASING COOPERATIVE GROUP; PROVIDING FOR SEVERABILITY; PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of Pompano Beach, acting as lead agency for the Southeast Florida Governmental Purchasing Cooperative Group, enters into a contract with Port Consolidated, Inc. for the purchase of unleaded gasoline and diesel fuel, in accordance with the pricing, terms and conditions of RFP E-13-17; and

WHEREAS, pursuant to law, ten (10) days' notice has been given by publication in a paper of general circulation in the City, notifying the public of this proposed ordinance and of a public hearing in the City Commission Chambers of the City of Pompano Beach; and

WHEREAS, a public hearing before the City Commission was held pursuant to the published notice described above, at which hearing the parties in interest and all other citizens so desiring had an opportunity to be and were, in fact, heard; now, therefore,

BE IT ENACTED BY THE CITY OF POMPANO BEACH, FLORIDA:

SECTION 1. The above referenced "Whereas" clauses are true and correct and made a part hereof.

DocuSign Envelope ID: C327F0D0-D8DF-4343-B5DB-90853D1ED8AA

SECTION 2. That the proper City officials are hereby authorized to execute said Agreement with Port Consolidated, Inc. pursuant to RFP E-13-17.

SECTION 3. If any provision of this Ordinance or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this Ordinance that can be given effect without the invalid provision or application, and to this end the provisions of this Ordinance are declared to be severable.

SECTION 4. This Ordinance shall become effective upon passage.

PASSED FIRST READING this 28th day of February, 2017.

PASSED SECOND READING this 14th day of March, 2017.

CONTRACT

THIS AGREEMENT is made and entered into this 15th day of March, 2017, by the CITY OF POMPANO BEACH, hereinafter referred to as "City" and PORT CONSOLIDATED, INC., a Florida corporation, hereinafter referred to as "Contractor."

WHEREAS, City requires services which Contractor is capable of providing, under the terms and conditions hereinafter described or referenced; and

WHEREAS, Contractor is able and prepared to provide such services as City does hereinafter require, under those terms and conditions set forth; and

WHEREAS, the City of Pompano Beach is acting as lead agency for the Southeast Florida Governmental Purchasing Cooperative Group, and the City enters into a contract with Port Consolidated, Inc. for the purchase of unleaded gasoline and diesel fuel, in accordance with the pricing, terms and conditions of RFP E-13-17; and

WHEREAS, Contractor agrees to provide all members of the Southeast Florida Governmental Purchasing Cooperative Group with the same pricing as the City of Pompano Beach.

NOW, THEREFORE, in consideration of those mutual promises and the terms and conditions set forth hereafter, the parties agree as follows:

1. Contract Documents. The Contract Documents consist of this Agreement; Exhibit "A" – RFP E-13-17; Exhibit "B" – Proposal of Port Consolidated, Inc.; Exhibit "C" – Rate Schedule; and all written change orders and modifications issued after execution of this Agreement. These form the Contract and all are as fully a part of the Contract as if attached to this Agreement or repeated herein.

2. Purpose. City hereby contracts with Contractor to provide for the purchase of unleaded gasoline and diesel fuel upon the terms and conditions herein set forth and the Contract Documents.

3. Scope of Work. Contractor will provide the services to be rendered as set forth in Exhibit "A" (RFP E-13-17), attached hereto and by reference incorporated herein and made a part hereof. Contractor agrees to provide all members of the Southeast Florida Governmental Purchasing Cooperative Group, as listed in Attachment "B" of RFP E-13-17, ("Participating Agencies"), and as may be added during the period of this Agreement, with the same pricing as the City of Pompano Beach.

4. Term of Contract. This Contract shall be for a term of three (3) years or less beginning with the date this Contract is fully executed by both parties.

5. Renewal. In the event City determines the Contractor to be in full compliance with this contract and Contractor's performance to be satisfactory, then City, with City Commission approval, shall have the option to renew this contract for an additional period of two (2) years upon the written consent of both the City and the Contractor, and provided that City will provide notification within sixty (60) days of termination date of its intention.

6. Maximum Obligation. City agrees to pay Contractor in consideration for its products and services described herein. It is the intention of the parties hereby to insure that unless otherwise directed by the City in writing, Contractor will continue to provide services as specified in Exhibit "A" for the term of the contract. City shall be responsible only for payment for products and services provided to City and not for purchases from Contractor by Participating Agencies.

7. Price Formula. City agrees to pay Contractor for performance of the services set forth in this Agreement as set forth in the Rate Schedule attached hereto as Exhibit "C" and incorporated herein.

8. Invoices. Contractor shall submit the invoices to City and Participating Agencies for their agency's purchases only, and payments made in the manner provided in Paragraph U.11 of RFP E-13-17. All payments by the City and Participating Agencies, shall be made after the service has been provided.

9. Disputes.

A. Any factual disputes between City and the Contractor in regard to this Agreement shall be directed to the City Manager for the City, and such decision shall be final.

B. Any action brought against either party to enforce this Agreement will be brought in Broward County, Florida.

10. Communications. All notices hereunder and communications with respect to this Agreement shall be effective upon the mailing thereof to the persons named below.

If to Contractor: Port Consolidated, Inc.
Donald R. Carlton, Jr., President
P. O. Box 350430
Fort Lauderdale, Florida 33335

If to City: City of Pompano Beach
City Manager
P. O. Box 1300
Pompano Beach, Florida 33060

11. Information and Documents. All information, data, reports, as are existing, if any, and necessary for carrying out the work as outlined in Exhibit "A" hereof, shall be furnished to Contractor without charge by City, and City shall cooperate in the carrying out of the work without undue delay.

12. Termination. This Agreement may be terminated pursuant to Paragraph Q of RFP E-13-17.

13. Force Majeure. Contractor shall not be held responsible for losses, delays, failure to perform or excess costs caused by events beyond the control of the Contractor. Such events may include, but are not restricted to the following: Acts of God; fire, epidemics, earthquake, flood or other natural disaster; acts of the government; riots, strikes, war or civil disorder; unavailability of fuel.

14. Insurance. Throughout the term of this Agreement, Contractor shall procure and maintain liability insurance in the type and amounts set forth in RFP E-13-17 attached hereto. Such insurance shall specify that it is issued on an "occurrence" basis. Contractor shall name City as additional insured on said policies and shall provide evidence of such insurance. Such policies shall provide that they may not be canceled without at least thirty (30) days' notice to City.

15. Indemnity. The Contractor shall defend, indemnify and hold the City, all Participating Agencies in the Purchasing Cooperative Group, its officers, officials, employees and volunteers harmless from any and all claims, injuries, damages, losses or suits including attorney fees, arising out of or in connection with the performance of this Agreement, except for injuries and damages caused by the sole negligence of the City. The parties agree that one percent (1%) of the total compensation paid to Contractor for the work of the contract shall constitute specific consideration to Contractor for the indemnification to be provided under the contract. Nothing in this Agreement shall be construed to affect in any way the rights, privileges and immunities of the City and agencies, as set forth in Section 768.28, Florida Statutes.

16. Assignment. Contractor shall not assign all or any portion of this Agreement without the prior written consent of the City, and it is agreed that said consent must be sought in writing by Contractor not less than fifteen (15) days prior to the date of any proposed assignment.

17. Performance Under Law. The Contractor, in the performance of duties under the Agreement, agrees to comply with all applicable local, state and/or federal laws and ordinances including, but not limited to, standards of licensing, conduct of business and those relating to criminal activity.

18. Audit and Inspection Records. The Contractor shall permit the authorized representatives of the City to inspect and audit all data and records of the Contractor, if any, relating to performance under the contract until the expiration of three years after final payment under this contract.

The Contractor further agrees to include in all his subcontracts hereunder a provision to the effect that the subcontractor agrees that City or any of their duly authorized representatives shall, until the expiration of three years after final payment under the subcontractor, have access to and the right to examine any directly pertinent books, documents, papers and records of such subcontractor, involving transactions related to the subcontractor.

19. Adherence to Law. Both parties shall adhere to all applicable laws governing their relationship with their employees including, but not limited to, laws, rules, regulations and policies

concerning worker's compensation, unemployment compensation and minimum wage requirements.

20. Independent Contractor. The Contractor shall be deemed an independent Contractor for all purposes, and the employees of the Contractor or any of its contractors, subcontractors and the employees thereof, shall not in any manner be deemed to be employees of City. As such, the employees of the Contractor, its Contractors or subcontractors, shall not be subject to any withholding for tax, social security or other purposes by City, nor shall such Contractor, subcontractor or employee be entitled to sick leave, pension benefits, vacation, medical benefits, life insurance, workers or unemployment compensation or the like from City.

21. Ordering and Payment. It is understood and agreed that the City of Pompano Beach is not a legally bound party to any contractual agreement made between any other agency and the Contractor as a result of this Agreement or purchases made between other agencies. After award of contract to Contractor, the City reserves the right to issue purchase orders in accordance with the terms of this contract.

22. Mutual cooperation. The Contractor recognizes that the performance of this contract is essential to the provision of vital public services and the accomplishment of the stated goals and mission of City. Therefore, the Contractor shall be responsible to maintain a cooperative and good faith attitude in all relations with City and shall actively foster a public image of mutual benefit to both parties. The Contractor shall not make any statements or take any actions detrimental to this effort.

23. Public Records.

A. The City of Pompano Beach is a public agency subject to Chapter 119, Florida Statutes. The Contractor shall comply with Florida's Public Records Law, as amended. Specifically, the Contractor shall:

1. Keep and maintain public records required by the City in order to perform the service.

2. Upon request from the City's custodian of public records, provide the City with a copy of requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes or as otherwise provided by law.

3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Contractor does not transfer the records to the City.

4. Upon completion of the contract, transfer, at no cost to the City, all public records in possession of the Contractor, or keep and maintain public records required by the City to perform the service. If the Contractor transfers all public records to the City upon completion of the contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps

and maintains public records upon completion of the contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the City, upon request from the City's custodian of public records in a format that is compatible with the information technology systems of the City.

B. Failure of the Contractor to provide the above described public records to the City within a reasonable time may subject Contractor to penalties under 119.10, Florida Statutes, as amended.

PUBLIC RECORDS CUSTODIAN

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

CITY CLERK
100 W. Atlantic Blvd., Suite 253
Pompano Beach, Florida 33060
(954) 786-4611
RecordsCustodian@copbfl.com

24. Governing Law. This Agreement has been and shall be construed as having been made and delivered within the State of Florida, and it is agreed by each party hereto that this Agreement shall be governed by the laws of the State of Florida, both as to interpretation and performance. Any action at law, or in equity, shall be instituted and maintained only in courts of competent jurisdiction in Broward County, Florida.

25. Waiver. Any waiver of any breach of the covenants herein contained to be performed by Contractor shall not be deemed or considered as a continuing waiver and shall not operate to bar or prevent the City from declaring a forfeiture for any succeeding breach either of the same condition or covenant or otherwise.

26. Entire Agreement. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements or understandings applicable to the matters contained herein, and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, it is agreed that no deviation from the terms hereof shall be predicated upon any prior representations or agreements, whether oral or written.

27. Headings. The headings or titles to sections of this Agreement are not part of the Agreement and shall have no effect upon the construction or interpretation of any part of this Agreement.

28. Severability. Should any provision of this Agreement or the applications of such provisions be rendered or declared invalid by a court action or by reason of any existing or subsequently enacted legislation, the remaining parts of provisions of this Agreement shall remain in full force and effect.

The City hereby promises and agrees with the Contractor to employ and does employ the Contractor to provide the materials, if any, and to do and cause to do and be done the above-described work and to complete and finish the same according to the attached plans and specifications and the terms and conditions herein contained and hereby contracts to pay for the same according to the attached specifications and the schedule of unit or itemized prices hereto attached, at the time and in the manner and upon the conditions provided for in this contract.

The Contractor for himself and for his heirs, executors, administrators, successors and assigns, does hereby agree to the full performance of all the covenants herein contained upon the part of the Contractor.

It is further provided that no liability shall be attached to the City by reason of entering into this contract, except as expressly provided herein.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed the day and year hereinabove written.

Florida's Warmest Welcome

CITY OF POMPANO BEACH
REQUEST FOR PROPOSALS
E-13-17

UNLEADED GASOLINE & DIESEL FUEL FOR SOUTHEAST FLORIDA GOVERNMENTAL PURCHASING COOPERATIVE GROUP

RFP OPENING: January 20, 2017 2:00 P.M.
PURCHASING OFFICE
1190 N.E. 3RD AVENUE, BUILDING C (Front)
POMPANO BEACH, FLORIDA 33060

SOUTHEAST FLORIDA GOVERNMENTAL PURCHASING COOPERATIVE

TO OUR PROSPECTIVE CONTRACTORS:
The attached Invitation for Bid or Request for Proposal represents a cooperative procurement for the Southeast Florida Governmental Purchasing Cooperative.

For the past several years, approximately forty-five (45) government entities have participated in Cooperative Purchasing in Southeast Florida. The Southeast Florida Governmental Purchasing Cooperative was formed in an effort to provide cost savings and cost avoidances to all entities by utilizing the buying power of combined requirements for common, basic items.

The Government Agencies participating in this particular procurement and their respective delivery locations are listed in the attached document.

Southeast Florida Governmental Purchasing Cooperative Procurement Operational Procedures:

- All questions concerning this procurement should be addressed to the issuing agency, hereinafter referred to as the "lead agency". All responses are to be returned in accordance with the instructions contained in the attached document. Any difficulty with participating agencies referenced in this award must be brought to the attention of the lead agency.
- Each participating governmental entity will be responsible for awarding the contract, issuing its own purchase orders, and for order placement. Each entity will require separate billings, be responsible for payment to the Contractor(s) awarded this contract, and issue its own tax exemption certificates as required by the Contractor.
- The Contract/purchase order terms of each entity will prevail for the individual participating entity. Invoicing instructions, delivery locations and insurance requirements will be in accordance with the respective agency requirements.
- Any reference in the documents to a single entity or location will, in fact, be understood as referring to all participating entities referenced in the documents and cover letter unless specifically noted otherwise.
- The awarded Contractor(s) shall be responsible for advising the lead agency of those participants who fail to place orders as a result of this award during the contract period.
- The Contractor(s) shall furnish the Lead Agency a detailed Summary of Sales semi-annually during the contract period. Sales Summary shall include contract number(s), contractor's name, the total of each commodity sold during the reporting period and the total dollar amount of purchases by commodity.
- Municipalities and other governmental entities, which are not members of the Southeast Florida Governmental Purchasing Cooperative, are strictly prohibited from utilizing any contract or purchase order resulting from this bid award. However, other Southeast Florida Governmental Purchasing Cooperative members may participate in their contract for new usage, during the contract term, or in any contract extension term, if approved by the lead

agency. New Southeast Florida Governmental Purchasing Cooperative members may participate in any contract on acceptance and approval by the lead agency.

- None of the participating governmental entities shall be deemed or construed to be a party to any contract executed by and between any other governmental entity and the Contractor(s) as a result of this procurement action.

I. "WORKING TOGETHER TO REDUCE COSTS"

December 20, 2016

CITY OF POMPANO BEACH, FLORIDA

REQUEST FOR PROPOSALS
E-13-17
UNLEADED GASOLINE & DIESEL FUEL
FOR SOUTHEAST FLORIDA GOVERNMENTAL
PURCHASING COOPERATIVE GROUP

The City of Pompano Beach, hereinafter referred to as CITY, is seeking proposals from qualified firms to provide unleaded gasoline and diesel fuel to participating members of the Southeast Florida Governmental Purchasing Cooperative Group.

The City will receive sealed proposals until **2:00 p.m. (local), January 20, 2017**. Proposals must be submitted electronically through the eBid System on or before the due date/time stated above. Any proposal received after the due date and time specified, will not be considered. Any uncertainty regarding the time a proposal is received will be resolved against the Proposer.

Proposer must be registered on the City's eBid System in order to view the solicitation documents and respond to this solicitation. The complete solicitation document can be downloaded for free from the eBid System as a pdf at: https://pompanobeachfl.ionwave.net/CurrentSourcingEvents.aspx. The City is not responsible for the accuracy or completeness of any documentation the Proposer receives from any source other than from the eBid System. Proposer is solely responsible for downloading all required documents. Responses will be electronically unsealed in a public forum and read aloud.

Introduction

The intent of this solicitation is to establish an annual, open-end contract for the purchase of unleaded gasoline and diesel fuel, as and when needed. The City is acting as the lead agency for the Southeast Florida Governmental Purchasing Cooperative, and this solicitation includes the requirements of both the City and the participating agencies named herein. Any reference to a single agency or location will in fact, be understood as referring to all participating agencies referenced in the documents unless specifically noted otherwise.

A. Objectives

1. Contract for diesel and unleaded gasoline products *with suppliers that have access to volumes of substantial petroleum products at Port Everglades either via contractual allocations or direct ownership*, and have proven stable business operations, including provisions for delivery capabilities, business continuity and supply to the participating agencies in emergency situations.
2. Obtain the fuels at competitive market rates.

B. Scope Of Services

Attachment "A" – Specifications and Requirements

Attachment "B" – Locations of Participating Agencies fuel locations and contact personnel.

C. Participating Agencies

D. Term of Contract

The initial contract period shall be one year, commencing upon award by the appropriate City officials.

The City reserves the right to renew this agreement for four (4) additional one-year periods subject to vendor acceptance, satisfactory performance, and determination that renewal will be in the best interest of the City. All terms, prices and conditions shall remain firm for the initial period of the contract, and any renewal period. Renewals may be approved and executed by the City Manager or their designee.

The City may require additions or deletions of participating agencies. This may entail additional agencies and locations, and/or deletion of previous participating agencies. The Contractor shall serve all required additions or deletions, as requested by the City, according to the terms and conditions of the solicitation.

In the event delivery/service is scheduled to end because of the expiration of this contract, the Contractor shall continue to deliver/service upon the request of the General Services Director. The extension period shall not extend for more than ninety (90) days beyond the expiration date of the existing contract. The Contractor shall be compensated for the product/service at the rate in effect when this extension clause is invoked by the City.

E. Required Proposal Submittal

Submission/Format Requirements

Sealed proposals shall be submitted electronically through the eBid System on or before the due date/time stated above. Proposer shall upload response as one (1) file to the eBid System. The file size for uploads is limited to 100 MB. If the file size exceeds 100 MB the response must be split and uploaded as two (2) separate files.

Information to be included in the proposal: In order to maintain comparability and expedite the review process, it is required that proposals be organized in the manner specified below, with the sections clearly labeled:

1. Cover letter: A cover letter signed by an authorized representative of the firm. The letter should present an overview of the Proposer's organization and will include the firm name, address, principal contact person for this proposal, e-mail address, phone number, and fax number. A brief description of the firm's history and corporate affiliations.

2. Qualifications, capabilities, and experience: Qualifications and specialized experience of proposer for providing the type of products described in the Specifications and Requirements (Attachment "A") of this RFP.

    a. State proposer's capability to provide these types of products on a local (Port Everglades) and regional/national level.

b. List of representative current customers comparable in size and scope to this RFP for which the Proposer is providing petroleum products. The list should include the name and address of each client's contact person, telephone and fax numbers, e-mail address and a general description of the existing business relationship.

3. Personnel: Identify the proposed contact persons and telephone numbers for ordering services, for invoicing questions, and other key (customer service) personnel that will be assigned to this account.

4. Address how Proposer will ensure its contractual obligation to the Co-Op. Include any contractual obligations to supply fuel to other entities that could affect the Co-Op's supply of fuel. If Proposer is a fuel distributor (not a fuel terminal operator) also provide proof of monthly fuel sale volumes, including copies of any Letter of Intent or contractual agreements with terminal operators.

5. Obligations of the participating agencies: Describe the requirements (operational, legal, agreements, insurance, etc.) for the sale and delivery of petroleum products. Copies of any and all required terms and conditions, agreements, notices, or procedural descriptions should be attached to the proposal response. Proposers should describe in detail any product volume purchase requirements which would be required of ***each participating agency*** on a monthly basis.

6. ***Contingency plan of action. Firms should describe a plan of action to*** **assure product availability (including requirements for additional products before and after an emergency situation), and avoid disruption of supply during any emergency situation (e.g. hurricanes). Describe your storage and distribution logistics plan to include but not be limited to: ownership or control of storage facilities in the Tri-County area, agreements or partnerships with fuel transportation providers to supplement existing delivery capabilities, redundant communication capabilities, and emergency power generation. Availability of fuels at other terminals on a regional basis should also be described in this plan of action submittal.**

7. Price Proposal: Submit your firm, fixed price proposal for providing all services, materials, etc. required for sale of petroleum products as outlined on Attachment A-item 2 "pricing methodology" with the proposal response.

8. Alternate Proposals:

a. An option is afforded to all proposers to submit, in addition to their original proposal, an alternate proposal, which excludes the provision of transportation services for the petroleum products, included in this RFP. Transportation services would be the responsibility of that participating agency, typically with vehicles owned and operated by the agency. Proposers wishing to submit on this basis should clearly indicate in the alternative proposal response the discount from the differential provided in the pricing pages and any requirements to be met by the participating agency, such as insurance provisions to be supplied and certifications for vehicles and operators.

b. For the potential use of some participating agencies, the opportunity is afforded to all proposers to provide the option to pre-arrange purchase of fixed volume(s) of product(s) at a fixed price from time to time thereby assuring:

i. Product availability of fixed volume(s) on a ratable basis over a defined period of time, presumable in monthly increments.

ii. Established pre-agreed fixed pricing point(s) for product(s) during that established period of time, regardless of market conditions.

Proposers wishing to provide an alternate proposal on a fixed volume/fixed price basis should provide minimum and, if applicable, maximum monthly volumes applicable or percentage of agency estimated ratable demand that could be contracted for on this basis. If available, provide a copy of standard terms and conditions that would generally apply to such a transaction.

9. Addenda, Additional Information:

Any addenda or answers to written questions supplied by the City to potential proposers become part of this Request for Proposal and any resulting contract. The proposal form should be signed by an authorized company representative, dated and returned with the proposal.

10. Contract with Participating Agencies:

No negotiations, decisions or action shall be initiated or executed by the Offeror as a result of any discussions with any participating agency or representative of those agencies. Only those communications, which are in writing from the Purchasing Agent, or other designee, of the City of Pompano Beach may be considered as a duly authorized expression. Also, only communications from Offerors that are signed and in writing will be recognized by the City as duly authorized expressions on behalf of the Offeror.

Litigation:
Disclose any litigation within the past five (5) years arising out your firm's performance.

City Forms:
The RFP Proposer Information Page Form and any other required forms must be completed and submitted electronically through the City's eBid System.

F. Insurance

The insurance described herein reflects the insurance requirements deemed necessary for this contract by the City. It is not necessary to have this level of insurance in effect at the time of submittal, but certificates indicating that the insurance is currently carried or a letter from the Carrier indicating upgrade ability will speed the review process to determine the most qualified Proposer.

The successful Proposer(s) shall not commence operations until certification or proof of insurance, detailing terms and provisions of coverage, has been received and approved by the City of Pompano Beach Risk Manager.

If you are responding to a solicitation and have questions regarding the insurance requirements hereunder, please contact the City's Purchasing Department at (954) 786-4098. If the contract has already been awarded, please direct any queries and proof of the requisite insurance coverage to City staff responsible for oversight of the subject project/contract.

CONTRACTOR is responsible to deliver to the CITY for timely review and written approval/disapproval Certificates of Insurance which evidence that all insurance required hereunder is in full force and effect and which name on a primary basis, the CITY as an additional insured on all such coverage.

Throughout the term of this Agreement, CITY, by and through its Risk Manager, reserve the right to review, modify, reject or accept any insurance policies required by this Agreement, including limits, coverages or endorsements. CITY reserves the right, but not the obligation, to review and reject any insurer providing coverage because of poor financial condition or failure to operate legally.

Failure to maintain the required insurance shall be considered an event of default. The requirements herein, as well as CITY's review or acceptance of insurance maintained by CONTRACTOR, are not intended to and shall not in any way limit or qualify the liabilities and obligations assumed by CONTRACTOR under this Agreement.

Throughout the term of this Agreement, CONTRACTOR and all subcontractors or other agents hereunder, shall, at their sole expense, maintain in full force and effect, the following insurance coverages and limits described herein, including endorsements.

1. Worker's Compensation Insurance covering all employees and providing benefits as required by Florida Statute, Chapter 440, regardless of the size of the company (number of employees) or the state in which the work is to be performed or of the state in which Contractor is obligated to pay compensation to employees engaged in the performance of the work. Contractor further agrees to be responsible for employment, control and conduct of its employees and for any injury sustained by such employees in the course of their employment.

2. Liability Insurance

    a. Naming the City of Pompano Beach as an additional insured as City's interests may appear, on General Liability Insurance only, relative to claims which arise from Contractor's negligent acts or omissions in connection with Contractor's performance under this Agreement.

    b. Such Liability insurance shall include the following checked types of insurance and indicated minimum policy limits.

Type of Insurance		Limits of Liability		
GENERAL LIABILITY:		Minimum $2,000,000 Per Occurrence and $2,000,000 Per Aggregate		
* Policy to be written on a claims incurred basis				
XX	comprehensive form	bodily injury and property damage		
XX	premises - operations	bodily injury and property damage		
__	explosion & collapse hazard			
__	underground hazard			
XX	products/completed operations hazard	bodily injury and property damage combined		
XX	contractual insurance	bodily injury and property damage combined		
XX	broad form property damage	bodily injury and property damage combined		
XX	independent contractors	personal injury		
XX	personal injury			
__	sexual abuse/molestation	Minimum $1,000,000 Per Occurrence and Aggregate		
AUTOMOBILE LIABILITY:		Minimum $1,000,000 Per Occurrence and $2,000,000 Per Aggregate. Bodily injury (each person) bodily injury (each accident), property damage, bodily injury and property damage combined.		
XX	comprehensive form			
__	owned			
__	hired			
__	non-owned			
REAL & PERSONAL PROPERTY				
__	comprehensive form	Agent must show proof they have this coverage.		
EXCESS LIABILITY			Per Occurrence	Aggregate
__	other than umbrella	bodily injury and property damage combined	$1,000,000	$1,000,000
PROFESSIONAL LIABILITY			Per Occurrence	Aggregate
XX	* Policy to be written on a claims made basis		$2,000,000	$2,000,000

c. If Professional Liability insurance is required, Contractor agrees the indemnification and hold harmless provisions of the Agreement shall

survive the termination or expiration of the Agreement for a period of three (3) years unless terminated sooner by the applicable statute of limitations.

3. Employer's Liability. CONTRACTOR and all subcontractors shall, for the benefit of their employees, provide, carry, maintain and pay for Employer's Liability Insurance in the minimum amount of One Hundred Thousand Dollars ($100,000.00) per employee, Five Hundred Thousand Dollars ($500,000) per aggregate.

4. Policies: Whenever, under the provisions of this Agreement, insurance is required of the CONTRACTOR, the CONTRACTOR shall promptly provide the following:

   a. Certificates of Insurance evidencing the required coverage;

   b. Names and addresses of companies providing coverage;

   c. Effective and expiration dates of policies; and

   d. A provision in all policies affording CITY thirty (30) days written notice by a carrier of any cancellation or material change in any policy.

5. Insurance Cancellation or Modification. Should any of the required insurance policies be canceled before the expiration date, or modified or substantially modified, the issuing company shall provide thirty (30) days written notice to the CITY.

6. Waiver of Subrogation. CONTRACTOR hereby waives any and all right of subrogation against the CITY, its officers, employees and agents for each required policy. When required by the insurer, or should a policy condition not permit an insured to enter into a pre-loss agreement to waive subrogation without an endorsement, then CONTRACTOR shall notify the insurer and request the policy be endorsed with a Waiver of Transfer of Rights of Recovery Against Others, or its equivalent. This Waiver of Subrogation requirement shall not apply to any policy which includes a condition to the policy not specifically prohibiting such an endorsement, or voids coverage should CONTRACTOR enter into such an agreement on a pre-loss basis.

The successful proposer shall furnish to the City the certification or proof of insurance required by the provisions set forth above, within ten (10) days after notification of award of contract. Certificate(s) to be issued to City of Pompano Beach, Attention Risk Manager, 100 West Atlantic Boulevard, Pompano Beach, Florida, 33060.

G. Selection/Evaluation Process

A Selection/Evaluation Committee will be appointed to select the most qualified firm(s). The Selection/Evaluation Committee will present their findings to the City Commission.

Proposals will be evaluated using the following criteria.

	Criteria	Point Range
1.	**Firm Qualifications and Capabilities** (Factors including but not limited to the following) • Fuel supply delivery capability from Port Everglades • Contracting Terms and Conditions proposed	0-40
2.	**Emergency Supply Capabilities** (Factors including but not limited to the following) • Control of storage facilities in Tri-County area • Contingency plan of action • Availability of regional emergency storage	0-20
3.	**References** (Factors including but not limited to the following) • Years experience • Number of Locations	0-10
4.	**Cost**	0-30
	Total	**0-100**

The Committee has the option to use the above criteria for the initial ranking to short-list Proposers and to use an ordinal ranking system to score short-listed Proposers following presentations (if deemed necessary) with a score of "1" assigned to the short-listed Proposer deemed most qualified by the Committee.

Each firm should submit documentation that evidences the firm's capability to provide the services required for the Committee's review for short listing purposes. After an initial review of the Proposals, the City may invite Proposers for an interview to discuss the proposal and meet firm representatives, particularly key personnel who would be assigned to the project. Should interviews be deemed necessary, it is understood that the City shall incur no costs as a result of this interview, nor bear any obligation in further consideration of the submittal.

When more than three responses are received, the committee shall furnish the City Commission (for their approval) a listing, in ranked order, of no fewer than three firms deemed to be the most highly qualified to perform the service. If three or less firms respond to the RFP, the list will contain the ranking of all responses.

The City Commission has the authority to (including, but not limited to); approve the recommendation; reject the recommendation and direct staff to re-advertise the

solicitation; or, review the responses themselves and/or request oral presentations and determine a ranking order that may be the same or different from what was originally presented to the City Commission.

H. Hold Harmless and Indemnification

Proposer covenants and agrees that it will indemnify and hold harmless the City and all of its officers, agents, and employees from any claim, loss, damage, cost, charge or expense arising out of any act, action, neglect or omission by the Proposer, whether direct or indirect, or whether to any person or property to which the City or said parties may be subject, except that neither the Proposer nor any of its subcontractors will be liable under this section for damages arising out of injury or damage to persons or property directly caused by or resulting from the sole negligence of the City or any of its officers, agents or employees.

I. Retention of Records and Right to Access

The selected firm shall maintain during the term of the contract all books of account, receipt invoices, reports and records in accordance with generally accepted accounting practices and standards. The form of all records and reports shall be subject to the approval of the City's Internal Auditor. The selected firm must comply with the Internal Auditor's recommendation for changes, additions, or deletions. The City's Internal Auditor must be permitted during normal business hours to audit and examine the books of account, reports, and records relating to this contract. The selected firm shall maintain and make available such records and files for the duration of the contract and retain them until the expiration of three years after final payment under the contract.

J. Communications

No negotiations, decisions, or actions shall be initiated or executed by the firm as a result of any discussions with any City employee. Only those communications, which are in writing from the City, may be considered as a duly authorized expression on behalf of the City. In addition, only communications from firms that are signed and in writing will be recognized by the City as duly authorized expressions on behalf of firms.

K. No Discrimination

There shall be no discrimination as to race, sex, color, age, religion, or national origin in the operations conducted under any contract with the City.

L. Independent Contractor

The selected firm will conduct business as an independent contractor under the terms of this contract. Personnel services provided by the firm shall be by employees of the firm and subject to supervision by the firm, and not as officers, employees, or agents of the City. Personnel policies, tax responsibilities, social security and health insurance, employee benefits, purchasing policies and other similar administrative procedures applicable to services rendered under this agreement shall be those of the firm.

M. Staff Assignment

The City of Pompano Beach reserves the right to approve or reject, for any reasons, Proposer's staff assigned to this project at any time. Background checks may be required.

N. Contract Terms

The contract resulting from this RFP shall include, but not be limited to the following terms:

The contract shall include as a minimum, the entirety of this RFP document, together with the successful Proposer's proposal. Contract shall be prepared by the City of Pompano Beach City Attorney.

If the City of Pompano Beach defends any claim, demand, cause of action, or lawsuit arising out of any act, action, negligent acts or negligent omissions, or willful misconduct of the contractor, its employees, agents or servants during the performance of the contract, whether directly or indirectly, contractor agrees to reimburse the City of Pompano Beach for all expenses, attorney's fees, and court costs incurred in defending such claim, cause of action or lawsuit.

O. Waiver

It is agreed that no waiver or modification of the contract resulting from this RFP, or of any covenant, condition or limitation contained in it shall be valid unless it is in writing and duly executed by the party to be charged with it, and that no evidence of any waiver or modification shall be offered or received in evidence in any proceeding, arbitration, or litigation between the parties arising out of or affecting this contract, or the right or obligations of any party under it, unless such waiver or modification is in writing, duly executed as above. The parties agree that the provisions of this paragraph may not be waived except by a duly executed writing.

P. Survivorship Rights

This contract resulting from this RFP shall be binding on and inure to the benefit of the respective parties and their executors, administrators, heirs, personal representative, successors and assigns.

Q. Termination

The contract resulting from this RFP may be terminated by the City of Pompano Beach without cause upon providing contractor with at least sixty (60) days prior written notice.

Should either party fail to perform any of its obligations under the contract resulting from this RFP for a period of thirty (30) days after receipt of written notice of such failure, the non-defaulting part will have the right to terminate the contract immediately upon delivery of written notice to the defaulting part of its election to do so. The foregoing rights of termination are in addition to any other rights and remedies that such party may have.

R. Manner of Performance

Proposer agrees to perform its duties and obligations under the contract resulting from this RFP in a professional manner and in accordance with all applicable local, federal and state laws, rules and regulations.

Proposer agrees that the services provided under the contract resulting from this RFP shall be provided by employees that are educated, trained and experienced, certified and licensed in all areas encompassed within their designated duties. Proposer agrees to furnish the City of Pompano Beach with all documentation, certification, authorization, license, permit, or registration currently required by applicable laws or rules and regulations. Proposer further certifies that it and its employees are now in and will maintain good standing with such governmental agencies and that it and its employees will keep all license, permits, registration, authorization or certification required by applicable laws or regulations in full force and effect during the term of this contract. Failure of Proposer to comply with this paragraph shall constitute a material breach of contract.

S. Acceptance Period

Proposals submitted in response to this RFP must be valid for a period no less than ninety (90) days from the closing date of this solicitation.

T. RFP Conditions and Provisions

The completed proposal (together with all required attachments) must be submitted electronically to City on or before the time and date stated herein. All Proposers, by electronic submission of a proposal, shall agree to comply with all of the conditions, requirements and instructions of this RFP as stated or implied herein. All proposals and supporting materials submitted will become the property of the City.

Proposer's response shall not contain any alteration to the document posted other than entering data in spaces provided or including attachments as necessary. By submission of a response, Proposer affirms that a complete set of solicitation documents was obtained from the eBid System or from the Purchasing Division only and no alteration of any kind has been made to the solicitation. Exceptions or deviations to this proposal may not be added after the submittal date.

All Proposers are required to provide all information requested in this RFP. Failure to do so may result in disqualification of the proposal.

The City reserves the right to postpone or cancel this RFP, or reject all proposals, if in its sole discretion it deems it to be in the best interest of the City to do so.

The City reserves the right to waive any technical or formal errors or omissions and to reject all proposals, or to award contract for the items herein, in part or whole, if it is determined to be in the best interests of the City to do so.

The City shall not be liable for any costs incurred by the Proposer in the preparation of proposals or for any work performed in connection therein.

U. Standard Provisions

1. Governing Law

Any agreement resulting from this RFP shall be governed by the laws of the State of Florida, and the venue for any legal action relating to such agreement will be in Broward County, Florida.

2. Licenses

In order to perform public work, the successful Proposer shall:
Be licensed to do business in Florida, if an entity, and hold or obtain such Contractor' and Business Licenses if required by State Statutes or local ordinances.

3. Conflict Of Interest

For purposes of determining any possible conflict of interest, each Proposer must disclose if any Elected Official, Appointed Official, or City Employee is also an owner, corporate officer, or an employee of the firm. If any Elected Official, Appointed Official, or City Employee is an owner, corporate officer, or an employee, the Proposer must file a statement with the Broward County Supervisor of Elections pursuant to §112.313, Florida Statutes.

4. Drug Free Workplace

The selected firm(s) will be required to verify they will operate a "Drug Free Workplace" as set forth in Florida Statute, 287.087.

5. Public Entity Crimes

A person or affiliate who has been placed on the convicted vendor list following a conviction for public entity crime may not submit a proposal on a contract to provide any goods or services to a public entity, may not submit a proposal on a contract with a public entity for the construction or repair of a public building or public work, may not submit proposals on leases of real property to public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Florida Statute, Section 287.017, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.

6. Patent Fees, Royalties, And Licenses

If the selected Proposer requires or desires to use any design, trademark, device, material or process covered by letters of patent or copyright, the selected Proposer and his surety shall indemnify and hold harmless the City from any and all claims for infringement by reason of the use of any such patented design, device, trademark, copyright, material or process in connection with the work agreed to be performed and shall indemnify the City from any cost, expense, royalty or damage which the City may be obligated to pay by reason of any infringement at any time during or after completion of the work.

7. Permits

The selected Proposer shall be responsible for obtaining all permits, licenses, certifications, etc., required by federal, state, county, and municipal laws, regulations, codes, and ordinances for the performance of the work required in these specifications and to conform to the requirements of said legislation.

8. Familiarity With Laws

It is assumed the selected firm(s) will be familiar with all federal, state and local laws, ordinances, rules and regulations that may affect its services pursuant to this RFP. Ignorance on the part of the firm will in no way relieve the firm from responsibility.

9. Withdrawal Of Proposals

A firm may withdraw its proposal without prejudice no later than the advertised deadline for submission of proposals by written communication to the General Services Department, 1190 N.E. 3rd Avenue, Building C, Pompano Beach, Florida 33060.

10. Composition Of Project Team

Firms are required to commit that the principals and personnel named in the proposal will perform the services throughout the contractual term unless otherwise provided for by way of a negotiated contract or written amendment to same executed by both parties. No diversion or substitution of principals or personnel will be allowed unless a written request that sets forth the qualifications and experience of the proposed replacement(s) is submitted to and approved by the City in writing.

11. Invoicing/Payment

Payment will be ***made by each Participating Agency*** within fifteen (15) calendar days from delivery of product at Participating Agencies location via wire transfer to seller's account and bank, as indicated on the invoice.

12. Public Records

a. The City of Pompano Beach is a public agency subject to Chapter 119, Florida Statutes. The Contractor shall comply with Florida's Public Records Law, as amended. Specifically, the Contractor shall:

   i. Keep and maintain public records required by the City in order to perform the service;

   ii. Upon request from the City's custodian of public records, provide the City with a copy of requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes or as otherwise provided by law;

iii. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Contractor does not transfer the records to the City; and

iv. Upon completion of the contract, transfer, at no cost to the City, all public records in possession of the Contractor, or keep and maintain public records required by the City to perform the service. If the Contractor transfers all public records to the City upon completion of the contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the City, upon request from the City's custodian of public records in a format that is compatible with the information technology systems of the City.

b. Failure of the Contractor to provide the above described public records to the City within a reasonable time may subject Contractor to penalties under 119.10, Florida Statutes, as amended.

PUBLIC RECORDS CUSTODIAN

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

V. Questions and Communication

All questions regarding the RFP are to be submitted in writing. All questions are to be submitted using the Questions feature in the eBid System. Questions must be received at least seven (7) calendar days before the scheduled solicitation opening. Oral and other interpretations or clarifications will be without legal effect. Addenda will be posted to the RFP solicitation in the eBid System, and it is the Proposer's responsibility to obtain all addenda before submitting a response to the solicitation.

W. Addenda

The issuance of a written addendum is the only official method whereby interpretation, clarification, or additional information can be given. If any addenda are issued to this RFP solicitation the addendum will be issued via the eBid System. It shall be the responsibility of each Proposer, prior to submitting their response, to contact the City Purchasing Office at (954) 786-4098 to determine if addenda were issued and to make such addenda a part of their proposal. Addenda will be posted to the RFP solicitation in the eBid System.

Cover Letter – UNLEADED GASOLINE & DIESEL FUEL FOR SOUTHEAST FLORIDA GOVERNMENTAL COOPERATIVE GROUP

Dear Mr. English:

On behalf of Port Consolidated, I would like to thank the City of Pompano Beach for the opportunity to participate in this RFP. Below you will find our official contact information.

Name of Firm: Port Consolidated
Physical Address: 3141 SE 14th Ave., Ft. Lauderdale, FL 33316
Mailing Address: PO Box 350430, Ft. Lauderdale, FL 3333
Corporate Website: www.portconsolidated.com
Corporate Phone: 800-683-5823
Corporate Fax: 954-527-1191
Point of Contact: Don Carlton, President
E-Mail Address: dcarlton@portconsolidated.com

Per the terms of the RFP, the following is a brief outline of Port Consolidated and its history:

- The company has been marketing petroleum products in Florida since 1967.
- We have locations in Miami, Ft. Lauderdale, Pompano, Riviera Beach, West Palm Beach, Fort Pierce, Fort Myers, Tampa, Orlando, Palatka, Jacksonville, and Fernandina Beach.
- Port Consolidated currently supplies a multitude of municipalities throughout the State of Florida for not only day to day supplies, but hurricane and emergency fuel as well.

PORT Consolidated
3141 SE 14th Ave. • P.O. Box 350430
Ft. Lauderdale, FL 33335
Phone: (954) 522-1182
Fax: (954) 527-1191
Toll Free: (800) 683-5823

- Our company owns and operates a fleet of over 60 tankwagons and over 60 tractor trailers, which gives us the largest and most comprehensive delivery capabilities in the area.

- We currently have supply agreements with several major oil companies, notably Chevron, Marathon, Valero, TPSI, Colonial, Gulf Oil, Indigo Energy, and Motiva. These supply agreements allow us to pull product from not just Port Everglades, but the Ports of Tampa, Canaveral, Jacksonville, Orlando, and Savannah as well. Our ability to pull product from multiple suppliers, in multiple Ports, during emergency situations allows us to continue to supply our customer base while our competitors will be forced to sit on the sideline.

- We own and operate over 15 different petroleum storage facilities throughout the State of Florida.

- Port Consolidated is privately owned and is registered as an "S" Corp with the State of Florida.

Should you or the City of Pompano Beach Purchasing Division have any questions on this proposal, please feel free to contact me at any time.

Sincerely,

Don Carlton
President
Port Consolidated

Qualifications and Experience – UNLEADED GASOLINE & DIESEL FUEL FOR SOUTHEAST FLORIDA GOVERNMENTAL COOPERATIVE GROUP

Dear Mr. English:

Per the terms of the RFP, the following is a brief description of our firm's qualifications and experience along with a list of references:

Port Consolidated has been supplying fuel and lubricants throughout the State of Florida since 1967. We own and operate all of our own equipment, never having to rely on common carriers to deliver the products that we sell. Our customer service department, consisting of 15 representatives, is open Monday through Friday, 7:30 AM to 5:00 PM. In addition to that, we have 24 sales representatives out in the field to assist our customers with any/all technical questions.

Please see below a list of local references. We have serviced these entities over the years.

- Broward Sheriff's Office – Rick Torres – 954-831-8170
- City of Fort Lauderdale – Ann Debra Diaz – 954-828-5949
- Palm Beach County School Board – Morris Simpson – 561-434-8172
- Florida Power and Light – Patti Earley – Riviera Beach, FL – 561-881-3407
- Broward County School Board – Mark Alan - 754-321-0507

Should you or the City of Pompano Beach Purchasing Division have any questions on this proposal, please feel free to contact me at any time.

Sincerely,

Don Carlton

Contractual Supply Obligation – UNLEADED GASOLINE & DIESEL FUEL FOR SOUTHEAST FLORIDA GOVERNMENTAL COOPERATIVE GROUP

Dear Mr. English:

Per the terms of the RFP, the following is a brief description of our supply chain that will ensure adequate fuel supply for the Co-op, not only on a day-to-day basis, but during a declared State-of-Emergency as well.

Port Consolidated's corporate headquarters sits in the heart of the Port Everglades, which supplies both gasoline and diesel fuel to all of South Florida. We have the ability to pull day to day product from Chevron, Citgo, Gulf Oil, Indigo, Mansfield, Marathon, Motiva, Petroleum Traders, and Valero.

For those times when supplies are tight, we have contractual arrangements with Chevron, Gulf Oil, Indigo Energy, and Marathon. These contracts will ensure a guaranteed, ratable supply to the Co-op. Attached to this letter, you will find copies of those current agreements.

Port Consolidated also has the ability to pull product from other Ports throughout the State of Florida, notably the Port of Tampa, Port Manatee, Port Canaveral, Orlando, and the Port of Jacksonville. Should Port Everglades become incapacitated for any length of time, these various Ports provide us with other options to pull product. We also have relationships in Savannah.

In addition to our regular supply points, Port Consolidated also has the ability to pre-purchase and store product at any one of our 13 facilities. Our total storage capacity is just under 3 million gallons for various petroleum products.

Should you or the City of Pompano Beach Purchasing Division have any questions on this proposal, please feel free to contact me at any time.

Sincerely,

Don Carlton
President
Port Consolidated

20264

GUARANTEED SUPPLY AGREEMENT

This is a Guaranteed Supply Agreement dated November 2, 2016 between Marathon Petroleum Company LP ("MPC"), a Delaware limited partnership with offices at 539 South Main Street, Findlay, Ohio 45840 and Port Consolidated, Inc. ("**Port Consolidated**"). a Florida corporation with offices at 3141 SE 14th Avenue. Fort Lauderdale, Florida 33316.

1. **Definitions.** "Products" shall mean gasoline, gasohol and distillates of all grades and types as are generally offered to MPC's Wholesale Reseller customers at a Terminal from time to time. "Terminal," "10-Day Volume," and "Monthly Volume," shall refer to the MPC terminals and the associated quantities (in gallons) listed in the table in Section 3, if applicable. "Month" (capitalized or not) shall mean a calendar month. "10-Day Period" shall mean 10 calendar days in a Month, beginning on the first day of the Month. The last 10-Day Period in a Month must end on the last calendar day of the Month and can be shorter or longer than 10 days depending on the amount of days in the Month.

2. **Term.** The initial term of this Agreement is from January 1, 2017 to December 31, 2017, inclusive. This Agreement shall automatically renew for up to two successive one-year renewal term(s) unless either party gives written notice of non-renewal at least 60 days prior to the end of the initial term or any subsequent one-year renewal term. In no instance shall this Agreement extend beyond December 31, 2019.

3. **Quantity.** **(A)** During each Month, **Port Consolidated** shall purchase 100% of the Monthly Volumes of each Product at the associated Terminal as shown in the table below. **(B)** During each 10-Day Period, **Port Consolidated** shall purchase the 10-Day Volumes of each Product at the associated Terminal as shown in the table below. **(1)** MPC shall not guarantee availability of Product for **Port Consolidated's** purchase in amounts greater than 110% of the 10-Day Volumes set forth in the table below. **(2)** During any 10-Day Period, all Product purchases over 110% of the 10-Day Volumes shall not apply toward **Port Consolidated's** obligation to purchase the Monthly Volumes. **(C)** In the event the needs of **Port Consolidated** increase beyond the volumes specified in the table below, **Port Consolidated** shall notify the MPC Regional Office in writing of the additional volume requested at least 30 days prior to lifting. The MPC Regional Office shall assess Product availability. and if the parties mutually agree, shall amend the volumes in the table set forth below.

Terminal	Product	Date Range	10-Day Volume	Monthly Volume
Tampa	GASOHOL	TERM	125.000	375,000
Tampa	ULSD	TERM	616,666	1,850,000
Fort Lauderdale	GASOHOL	TERM	275,000	825,000
Fort Lauderdale	ULSD	TERM	750,000	2,250,000
TOTAL MONTHLY VOLUME				**5,300,000**

4. **Price.** The price for any given load of Product shall be the applicable MPC Wholesale Reseller Price in effect at the following Terminal(s) as of the time that lifting ends: Tampa and Fort Lauderdale.

Port Consolidated acknowledges and agrees that MPC may use the Wholesale Reseller Price to manage customer liftings when MPC's Product supply at a Terminal is limited and **Port Consolidated** waives the right to claim that this method of pricing is unfair, anti-competitive, tortious, or a breach of contract.

5. **Remedies.** **(A)** MPC will, at its sole discretion, invoice **Port Consolidated** on a monthly basis an underlifting fee of $.0300 per gallon not lifted if **Port Consolidated** fails to lift 100% of the Monthly Volumes of each Product at the associated Terminal as shown in the table in Section 3. **Port Consolidated** shall pay MPC within 15 days after receipt of the invoice for any applicable underlifting fees charged by MPC. No failure by MPC to charge for any underlifting fees to which it would be entitled in any given month shall operate as or imply any existing or future waiver of the right to charge such fees, nor shall it, in any way, limit or alter the rights of MPC set forth herein or prevent MPC from asserting its rights herein through estoppels or any similar legal theory. **(B)** MPC may cancel this Agreement upon 15 days' advance written notice if, for any two consecutive months, **Port Consolidated** fails to purchase the Monthly Volumes at the associated Terminal as shown in the table in Section 3. **(C)** If a supply interruption occurs at a Terminal, MPC may request **Port Consolidated**, to the extent logistically feasible, to lift Products at another MPC Terminal.

6. **General.** **(A) THE ATTACHED PRODUCT SALES TERMS ARE PART OF THIS AGREEMENT**, but the terms herein shall prevail over any conflicting terms in the Product Sales Terms. **(B)** The fee in Section 5(A) is not a penalty but is a reasonable liquidated damage amount. **(C)** This Agreement has been executed in two original counterparts. **(D) Port Consolidated** has the right to disclose the terms and conditions contained herein with its agents, employees, directors and officers with a need to know, however these terms and conditions are confidential, and any unauthorized disclosure by **Port Consolidated** without the express written consent of MPC is a material breach of this Agreement.

(Revised 8/1/2016)

PRODUCT SALES TERMS

These terms will apply to any agreement to which they are attached, in which they are incorporated by reference, or which is found on the other side of these terms. In the event of a conflict between that agreement and these terms, that agreement will control. That agreement and these terms are collectively referred to below as the "Agreement", and the term "Products" refers to the petroleum products sold by Marathon Petroleum Company LP ("Seller") under this Agreement to the buyer identified in this Agreement ("Buyer").

1. Payment. Payment terms are subject to change by Seller at any time. If Seller does not receive payment when due, it may impose a late payment charge not to exceed the maximum amount allowed by law and if the account is placed for collection or suit is filed thereon, Seller will be entitled to attorney fees and court costs. **PAYMENTS TENDERED IN FULL SETTLEMENT OF A DISPUTED AMOUNT MUST BE CLEARLY LABELED AS SUCH AND SENT BY CERTIFIED MAIL, RETURN RECEIPT REQUESTED, TO: COMMERCIAL CREDIT MANAGER, MARATHON PETROLEUM COMPANY LP, 539 SOUTH MAIN STREET, FINDLAY, OHIO 45840.** Seller may set off amounts owed by Buyer to Seller or its subsidiaries or affiliates against amounts owed by Seller to Buyer.

2. Taxes. Buyer will pay, and indemnify Seller for, all taxes, fees, duties, environmental levies, and other charges (whether imposed on manufacture, processing, use, purchase, sale, resale, delivery, receipt, title transfer, inspection, removal from storage, measurement or passage through a measurement device, receipt of payment, or other activity, and regardless of when imposed) relating to Products, or their raw materials or feedstocks. The sole exception to this obligation is taxes based on or measured by Seller's income or net worth. Upon account set up, Buyer will promptly furnish Seller with the Buyer's appropriate state tax registration number(s), its federal identification number and any applicable tax exemption certificates. Buyer will promptly inform Seller of any changes to its tax registration or exemption status that may occur after account setup.

3. Delivery. All sales will be F.O.B. the "Ship From" location stated in this Agreement, unless this Agreement clearly provides otherwise. Title and risk of loss will pass to Buyer at the "Ship From" location as Product passes (as applicable) the transport truck or railcar inlet flange, barge permanent hose connection, or pipeline upstream flange. Title and risk of loss will not be affected by Seller's ownership of the transportation assets, arrangement of shipment, and/or pre-payment or collection of shipment expenses from Buyer. Seller will have no obligation to deliver Product at the "Ship From" location unless Buyer, its agents, and its carriers have entered into, and are in compliance with, agreements governing access to the "Ship From" location.

Where this Agreement clearly provides that delivery is F.O.B. the "Ship To" destination, title and risk of loss will pass to Buyer at the "Ship To" destination as Product passes (as applicable) the transport truck or railcar outlet flange, barge permanent hose connection, or pipeline downstream flange. Where shipment is by railcar, and Buyer is unable to accept delivery of the railcar when offered, then title and risk of loss will pass to Buyer at the time of constructive placement of the railcar. Buyer will pay and be responsible for any demurrage, fleeting, shifting, parking, detention, port or other charges related to receipt or delivery of Product, unless solely caused by Seller.

4. Quantity and Inspection. Quantities will be determined by (in order of preference) calibrated meters; terminal tank gauges or shoretank downgauges; or any applicable ASTM method. Quantities may be temperature-adjusted to 60°F, at Seller's option, using built-in temperature compensators or ASTM tables. Either party may require that Product quantity and quality be determined by a jointly-selected, licensed petroleum inspector, whose findings will be conclusive. Customary inspection costs will be shared equally, but additional services will be paid for by the party requesting them.

5. Compliance With Laws. Buyer, its agents, and its carriers will comply with all laws, regulations, and standards applicable to the sale, delivery (including loading, unloading, and/or transloading), transportation, storage, use, and disposition of Products, and Buyer will not deliver, or allow to be delivered, to an RVP or RFG control area any Product that would be in violation of U.S. EPA regulations applicable to that area. Buyer will require similar commitments from its purchasers. Product identified as Blend-Grade, CBOB or RBOB is for use as blending component only.

6. Safety and Health. Buyer shall thoroughly review and adhere to all Safety Data Sheets (SDS) and other safety-related information provided by Seller concerning the Products, including but not limited to the recommended use, restriction on use, precautionary measures and exposure controls for each of the Products as described in the SDS. Buyer shall comply with all state and federal laws, regulations and codes pertaining to the maintenance and distribution of SDS. Buyer acknowledges the hazards and assumes the risks associated with handling and using each of the Products. SDS for Products are available at the following internet address: http://www.marathonpetroleum.com /brand/products/sds/. Buyer may request to receive SDS via email by contacting the Seller at sdsinfo@marathonpetroleum.com.

Buyer's employees, agents, and subcontractors will comply with all applicable safety standards, policies, practices and rules of conduct mandated by Seller when involved in any operations on Seller's premises in connection with the performance of this Agreement.

7. Warranties. Seller warrants good title to all Products supplied hereunder at the time of delivery to Buyer, and that each Product supplied hereunder will comply with all applicable federal, state and local rules and regulations in effect at the time and place title thereto passes to Buyer. **MPC DISCLAIMS ANY AND ALL OTHER WARRANTIES AND REPRESENTATIONS WITH RESPECT TO THE PERFORMANCE OR QUALITY OF PRODUCTS SUPPLIED HEREUNDER INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR BUYER'S PARTICULAR OR INTENDED PURPOSES OR USAGE.** Seller will, at its option and its cost (including expense of return and re-delivery), remedy the defect in, replace, or refund the purchase price of, any Product that fails to meet this warranty. **THIS IS BUYER'S EXCLUSIVE REMEDY FOR BREACH OF WARRANTY.**

8. Claims. All claims must be in writing. Product quality or quantity claims must be delivered to Seller within 30 days after delivery of the Product, and all other claims by Buyer must be delivered to Seller within 60 days after the event giving rise to the claim. Buyer will preserve, and permit Seller to inspect and sample, the subject Product. **ANY LAWSUIT AGAINST SELLER WHICH INVOLVES THIS AGREEMENT OR THE SALE OF PRODUCTS MUST BE BROUGHT WITHIN ONE YEAR AFTER THE CAUSE OF ACTION ACCRUES.**

9. Limitation of Liability. IN NO EVENT WILL SELLER'S LIABILITY FOR DAMAGES (WHETHER ARISING FROM BREACH OF CONTRACT OR WARRANTY, NEGLIGENCE, STRICT LIABILITY, OR OTHERWISE) EXCEED THE PURCHASE PRICE OF THE PRODUCT CONCERNED NOR WILL SELLER BE LIABLE FOR PUNITIVE, INCIDENTAL, CONSEQUENTIAL, OR SPECIAL DAMAGES (INCLUDING LOST PROFITS), EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

10. Force Majeure and Allocation. Neither party will be liable to the other for any delay or failure in performance (other than to make payments when due) to the extent that it is caused by circumstances beyond its reasonable control, or by fire; explosion; flood; earthquake; storm; act of God; mechanical breakdown; sabotage or vandalism; strike or other labor disturbance (Seller will not be required to settle a labor dispute or take an action that might involve it in a labor dispute); shortages of, or delays in obtaining, crude oil, feedstocks, raw materials or finished products, equipment, labor, transportation, or storage; interruption of utility services; or compliance with any law, regulation or order (regardless of validity) of any governmental or military authority. Further, if Seller at any time decides that its Product supply is insufficient to meet the actual or forecasted needs of Seller, its divisions and subsidiaries, and its and their customers (whether under contract or not), Seller may allocate its supply among all of them in any fair and reasonable manner determined by Seller.

11. Indemnity. Buyer will indemnify and defend Seller and its employees and agents against any loss, claim, liability (actual or alleged), fine, penalty, or expense (including court costs, attorney fees, and litigation expenses), of any kind (including those based in tort, warranty, or strict liability), arising out of, or in connection with: (i) the performance of this Agreement; (ii) any failure of Buyer, its agents or employees to comply with the terms and conditions of this Agreement; or (iii) any act or failure to act in the handling, storage, transportation, loading, unloading, transloading, resale, or other use, by Buyer or others, of a Product sold under this Agreement. The only exception to this obligation is when Seller's negligence or intentional misconduct is determined by a court to be the sole cause of the damage. In responding to any third-party claims, Seller may select an attorney and may enter into any settlement without affecting this obligation.

12. Default. Seller may terminate this Agreement in the event of a material default by Buyer which is not cured within 10 days after notice of default is given. Seller may also terminate this Agreement at once (and

(Revised 8/1/2016)

Buyer will have no right to cure) if Buyer either fails to pay any amount when due or violates the provisions of paragraph 14 below. The right to terminate is in addition to any other remedy that may be available. A waiver of a default in one instance does not extend to any subsequent default.

13. Export Sales. For any Product that will be exported from the U.S.A. by Buyer or another Party, all export-related requirements are the sole responsibility of Buyer or the Exporter. Seller is not responsible for compliance with U.S. export control laws or requirements in such transactions unless it agrees to assume that responsibility in writing. Buyer acknowledges that Product was designed and produced solely for commercial purposes. Further, Buyer agrees that unless specifically licensed by the United States government, no Product received from Seller is intended to be nor will be, shipped either directly or indirectly, to any country entity, or person or for any end-use that is prohibited under the Export Administration Regulations ("EAR"), Office of Foreign Assets Control ("OFAC") regulations, International Traffic in Arms Regulations ("ITAR") or as otherwise prohibited by any applicable law or regulation. Any diversion contrary to U.S. law is strictly prohibited. Buyer shall indemnify and hold Seller harmless from all fines, penalties, costs, and expenses (including reasonable attorney fees) incurred by reason of the breach of the foregoing.

Except where Seller has specifically provided to Buyer in writing the appropriate documentation necessary to substantiate that Product is eligible for NAFTA or other preferential duty treatment, Product sold hereunder is deemed not eligible for NAFTA or any preferential duty treatment.

For any Product that will be exported from the U.S.A. by Buyer, Seller reserves all rights as a manufacturer under 19 U.S.C. §1313 and related regulations and reserves all rights to claim drawback. Buyer will provide Seller with proof of export satisfactory to Seller and any other information needed by Seller for the timely and accurate filing of Seller's claim.

14. Trademarks. Buyer will not use Seller's name, trade or service marks, or trade dress in any way with regard to the Products.

15. General. (A) The sale of Products to Buyer, and this Agreement, will be governed by Ohio law, without giving effect to its principles of conflict of laws provisions and excluding the United Nations Convention on Contracts for the International Sales of Goods. (B) Buyer's obligations in paragraphs 2, 5, 6, 11, 13, and 14 above will survive termination of this Agreement. (C) The invalidity or unenforceability of any part of this Agreement will not affect the validity or enforceability of its remaining provisions. (D) This Agreement, and any rights or duties under it may not be assigned or delegated by Buyer; any attempted assignment or delegation by Buyer will be void. (E) In the event of a sale or transfer of all or substantially all of Buyer's equity shares or assets, or a controlling interest in either, by merger, acquisition, exchange, joint venture, or other similar transaction, Seller may, at its sole option, immediately terminate this Agreement. (F) No claim or notice relating to this Agreement to be given to Seller will be valid unless sent by certified mail return receipt requested or by a national overnight courier service to Seller addressed as follows: Manager, Wholesale Marketing, Marathon Petroleum Company LP, 539 South Main Street, Findlay, Ohio 45840. All notices given by Seller to Buyer may be sent to the addresses shown on the most recent written correspondence sent to Seller by Buyer, or to such addresses as may be requested in writing by Buyer in the future. (G) No amendment or modification of this Agreement will be valid unless made in a writing signed by authorized representatives of both parties. Any attempt by either party, through a job order, purchase order, invoice, or other document, to vary in any degree any of the terms of this Agreement will be deemed immaterial and will be void, unless contained in an amendment executed as specified hereinabove. (H) No failure to exercise or election not to exercise any of a party's rights hereunder will constitute any waiver or modification of such rights, or be deemed to be a course of performance or dealing, modifying or waiving the parties' rights, remedies, duties, obligations or liabilities under this Agreement or any part thereof. (I) This Agreement contains the entire agreement of the parties with respect to its subject matter.

Chevron

Our Family of Brands

Product Sales Contract
(Reseller)

This contract is dated **November 01, 2016**, and is between **Chevron Products Company**, a division of Chevron U.S.A. Inc. ("Seller"), and **PORT CONSOLIDATED INC** ("Buyer").

Seller and Buyer agree as follows.

1. TERM. The term of this contract shall commence on **November 04, 2016**, and shall end on **October 31, 2017**, unless sooner terminated by either party in accordance with the provisions of this contract.

2. PRODUCTS AND QUANTITIES. Seller agrees to sell to Buyer, and Buyer agrees to purchase from Seller those grades of diesel fuel and other products specified in Exhibit A of this contract. Buyer agrees to purchase from Seller during each calendar month not less than the minimum quantities of products specified in Exhibit A. Seller shall not be obligated to sell to Buyer in any calendar month quantities of products in excess of the maximum quantities specified in Exhibit A, but Seller may elect to do so at its option after request by Buyer. Such minimum and maximum quantities shall be prorated for any period less than a calendar month included within the term of this contract. Buyer shall not represent or authorize or permit any other person to represent that the products purchased under this contract are the products of Seller or use or authorize or permit any other person to use any of the trademarks, service marks, trade names, color schemes or service station designs utilized by Seller or any other identification, designation or marking of any kind that would identify such products with Seller. It is understood and agreed that the products purchased under this contract shall be resold by Buyer under Buyer's brands and trade names, and Seller hereby gives its consent to the rebranding of such products. If Buyer breaches any of the provisions of this section 2, such breach shall, at Seller's option, be deemed a breach of this entire Agreement and, in addition to such other remedies as it may have, Seller shall have the right to terminate this Agreement forthwith.

3. PRODUCT QUALITY. The products sold under this contract shall be of the quality as is generally offered by Seller for similar use at the relevant delivery location. To facilitate the investigation of any claim or concern regarding the quality of the products delivered under this contract, Buyer shall keep complete and accurate records of Buyer's purchase, transportation, receipt, inventory, transfer, use, sale, or delivery of all products purchased by Buyer in bulk from Seller and any other supplier. Seller's representatives shall be permitted to inspect and audit such records at any time during Buyer's business hours on reasonable notice to Buyer for up to one year after the termination of this contract. Seller's representatives shall also have the right at any time to enter upon the premises where the products purchased under this contract are stored by or for Buyer and to take samples of such products for testing purposes, compensating Buyer (at Buyer's cost, which for this purpose shall be based on Seller's price to Buyer in effect at the time such samples are taken, or, at Seller's option, in kind) for any products so taken.

4. PRICE. The prices that Buyer shall pay Seller for products purchased under this contract shall be determined as set forth in Exhibit A (except as otherwise provided in section 22 with respect to any Discretionary Sales (as defined below)).

5. PAYMENT AND FINANCIAL RESPONSIBILITY. Buyer's payments for products shall be in U.S. dollars without discount by electronic transfer of immediately available funds to an account, bank and location designated by Seller.

~~Buyer shall, except at Seller's option, pay Seller cash before delivery for products purchased hereunder.~~

Buyer acknowledges the importance of payment within the terms specified when credit is extended and agrees that past due amounts shall bear interest at the rate of 18% per year or the maximum rate permitted by the state of Buyer's address for notices as specified in Exhibit A of this contract, whichever is less. If Buyer fails to make payment within the specified terms, such failure shall, at Seller's option, be deemed a breach of this entire contract and, in addition to such other remedies as it may have, Seller shall have thereafter the right to demand advance cash payment, to withhold deliveries until such advance payment (including payment of all amounts then outstanding for products delivered by Seller to Buyer hereunder) is received, or to terminate this contract. The acceptance of any payment by Seller after the due date shall not waive any of Seller's rights hereunder nor shall such withholding of deliveries or termination of this contract affect any obligation of Buyer hereunder. If credit is extended to Buyer by Seller, the buyer shall periodically provide to (Chevron) that financial information or security

PC

deemed necessary by (Chevron) to support any credit extension. If during the life of this contract, the financial capacity of the buyer becomes impaired or unsatisfactory to (Chevron) in the sole judgment of (Chevron), advance cash payment or security satisfactory to (Chevron) shall be given by the buyer on demand by (Chevron) and shipments/deliveries may be withheld until such payment or security is received.

Seller's terms of payment are subject to change without notice at the discretion of Seller.

6. TAXES. Any tax, duty, toll, fee, impost, charge or other exaction, or the amount equivalent thereto, and any increase thereof now or hereafter imposed, levied or assessed by any governmental authority upon, measured by, incident to or as a result of the transactions herein provided for (other than local, state and Federal net income taxes measured by the net income of Seller from all sources), or the transportation, importation, production, manufacture, use or ownership of the goods covered by this contract, shall, if collectible or payable by Seller, be paid by Buyer on demand by Seller. Any such payments shall be in addition to the prices otherwise provided for in this contract. Buyer shall, at Seller's request, execute and deliver to Seller such certificates or other documents as Seller may reasonably require in order to enable Seller to secure any tax exemption which may be available in connection with sales or deliveries hereunder.

7. DELIVERIES. Product deliveries shall be made by Seller to Buyer at the locations specified in Exhibit A (except as otherwise provided in section 22 with respect to any Discretionary Sales). . Title and risk of loss shall pass to Buyer at the point of delivery into Buyer's trucks, railcars, storage facilities, or other receiving unit. If deliveries are to be made into vehicles supplied by Buyer, Seller shall not be required to make such deliveries into such vehicles unless they are clean and empty immediately prior to delivery and shall not be required to load or deliver quantities less than the full capacity of the vehicle, except as otherwise authorized by Seller. If deliveries are to be made into Buyer's storage facilities, Buyer shall provide storage facilities sufficient to enable it to receive such deliveries and shall provide Seller with unimpeded access to make deliveries 24 hours per day. Buyer is responsible for ensuring that any vehicles and facilities used to receive deliveries are in safe condition and that Buyer's storage facilities can be accessed safely. Seller shall not be obligated to make any delivery to Buyer that cannot be made safely in Seller's sole judgment. Buyer shall comply with such reasonable rules and regulations as Seller may establish regarding deliveries by Seller into Buyer's vehicles or storage facilities. Orders for deliveries shall be placed by Buyer with such advance notice and in such manner as Seller may designate.

8. CONFLICTS OF INTEREST. Neither Buyer nor any director, employee or agent of Buyer shall (1) give to or receive from any director, employee or agent of Seller or its affiliates any commission, fee, or rebate, or any gift or entertainment of significant cost or value in connection with this contract, or (2) enter into any business arrangement with any director, employee or agent of Seller or its affiliates (other than as a representative of Seller or its affiliates) without prior written notice to Seller. Buyer shall promptly notify Seller of any violation of this section 8 and any consideration received as a result of such violation shall be paid over or credited to Seller. Any representative authorized by Seller may audit any and all records of Buyer for the sole purpose of determining whether there has been compliance with this section 8 for up to 24 months after the termination of this contract.

9. PREVENTION OF PERFORMANCE; SHORTAGE OF SUPPLY. There shall be no obligation to sell or deliver, or to purchase or receive, products under this contract when, and to the extent that, such actions are prevented or hindered by act of God, fire, riot, labor disturbances (whether involving employees of the party affected or of others and regardless of whether the disturbance could be settled by acceding to the demands of a labor group), accident, war, the acts of any government (at any level, foreign or domestic) or any causes beyond the reasonable control of the party affected, whether or not similar to any of the foregoing causes. Due to an interruption, loss or shortage of necessary facilities or supplies, or uncertainties in the supply/demand situation (which may include a decision by Seller that the costs of some products which might be available are unreasonable), Seller may not have sufficient supplies of one or more of the products covered by this contract to meet the full requirements of Buyer, of Seller's other customers, and of Seller for its own use. If there is a shortage of products deliverable under this contract, Seller may allocate deliveries of available products among Buyer, Seller's other customers (contract or otherwise, including Seller's affiliates) and Seller for its own use, on any basis which in Seller's sole judgment is fair and reasonable, allowing for such priorities as Seller deems appropriate. Allocation is fair and reasonable even if it is based on a shortage in the then-contemplated sources of supply or a general shortage in the supply system of Seller or its affiliates or on historical or planned deliveries.

10. OIL SPILLS. If a product spill occurs anywhere in connection with Buyer's performance of this contract, Buyer shall promptly notify Seller and the appropriate governmental authorities and shall take immediate action to clean up the spill and prevent further damage. Upon receipt of such notification, Seller shall have the right, at its election, to provide, or cause to be provided to Buyer such additional manpower, equipment and material as in Seller's sole discretion are deemed reasonable to complete the clean-up in a satisfactory manner. Buyer shall pay and be responsible for, and Buyer's indemnity obligation under section 11 of this contract shall include all costs and expenses incurred in connection with the clean-up operations, including reimbursement to Seller for all of its costs and expenses, and all fines, charges, fees or judgments imposed or levied by any Federal, state or local governmental agency as a result of such spill, except in the event the spill resulted solely from any act or omission on the part of Seller or Seller's employees.

DocuSign Envelope ID: C327F0D0-D8DF-4343-B5DB-90853D1ED8AA

11. INDEMNITY. Buyer shall indemnify, defend and hold harmless Seller and its affiliates, and their respective directors, employees and agents, from and against any and all expenses (including attorneys' fees), liabilities and claims of whatsoever kind and nature including those for damage to property (including property of Buyer), or for injury to or death of any person (including Buyer), directly or indirectly arising or alleged to arise out of or in any way connected with the acquisition, storage, handling, or use of any products purchased under this contract, or with the maintenance, upkeep, repair, replacement or operation of any premises used by Buyer in connection with this contract or anything located thereon, including any act or omission of Buyer or Buyer's agents or employees in the performance of this contract or in the operation of any vehicle in connection with Buyer's business. The foregoing indemnity shall not apply to the extent and only to the extent such expense, liability or claims result from Seller's sole negligence or willful misconduct.

12. DEFINITIONS AND USAGES. In this contract, unless otherwise stated or the context otherwise requires, the following definitions and usages apply:

- "Seller and its affiliates" means Seller, its ultimate parent company Chevron Corporation, and the subsidiary and affiliated companies of each of them.
- "U.S." refers to the United States of America, and all prices are expressed in U.S. currency and all units of measure are in U.S. units.
- "Includes" means "includes, but is not limited to," and "including" means "including but not limited to."
- Actions permitted under this contract may be taken at any time and from time to time in the actor's discretion.
- "A or B" means "A or B or both."

13. APPLICABLE LAW AND DISPUTE RESOLUTION. This contract shall be governed, construed, interpreted, enforced and the relations between the parties determined in accordance with the laws of the state of California, without regard to its choice of law rules. In the event a dispute arises with respect to the interpretation or performance of, or the relationship created by, this contract, the parties shall attempt in good faith to resolve the dispute. If such efforts prove unsuccessful, each party agrees to consider the use of mediation, mini-trial, arbitration or other alternative dispute resolution techniques prior to resorting to litigation. If mediation, mini-trial, arbitration or other alternative dispute resolution techniques are utilized by the parties, each party agrees that no award or decision resulting therefrom shall include punitive damages. If the parties are unsuccessful in their good faith attempt to otherwise resolve a dispute, the parties hereby irrevocably and unconditionally consent to submit to the exclusive jurisdiction of the courts of either (1) Contra Costa County in the State of California, or (2) the federal courts of the Northern District of California, for any actions, suits or proceedings arising out of or relating to this contract (and the parties each agree not to commence any action, suit or proceeding relating thereto except in such courts).

14. PRIOR AGREEMENTS; WAIVER; MODIFICATIONS. This contract constitutes the entire agreement of the parties with respect to its subject matter and terminates and supersedes any prior agreement, understanding, representation, or proposal relating to the sale by Seller of products to Buyer at the delivery locations specified in Exhibit A or ancillary Discretionary Sales contemplated by section 22. Waiver by Seller or Buyer of one or more breaches of this contract shall not be deemed to be a waiver of any other or continuing breach. No modification of this contract, and no waiver of any of its provisions, shall be binding on Seller or Buyer unless in writing and signed by Seller and Buyer.

15. SEVERABILITY. If any provision of this contract shall be adjudged invalid or unenforceable by a court of competent jurisdiction or by operation of any applicable law, such provision shall be deemed omitted and the remaining provisions shall remain in full force and effect.

16. MSDS. Buyer acknowledges receipt of Material Safety Data Sheets (MSDS) for all products covered by this contract.

17. DAMAGES. In no event shall Seller be liable for any special, indirect or consequential damages of any kind including loss of profits, loss of use or claims of Buyer's customers due to loss of service whether the damages are based in contract or tort (including negligence or strict liability) or otherwise. Buyer's exclusive remedy for any and all losses or damages resulting from the purchase of products under this contract, including, but not limited to, any allegation of breach of warranty, breach of contract, negligence or strict liability, shall be limited, at Buyer's option, to either the return of the purchase price or the replacement of the fuel for which a claim is proved.

18. ASSIGNMENT AND DELEGATION. This contract is personal to Buyer and Buyer shall not, subject to any valid requirements of any applicable statute, assign any rights or delegate any duties that Buyer may have under this contract, either voluntarily, involuntarily or by operation of law, or otherwise, without the prior written consent of Seller. If Buyer is a corporation, any sale, conveyance, alienation, transfer or other change of interest in or title to or beneficial ownership of 50 percent or more of the voting stock (or securities convertible into 50 percent or more of the voting stock) of Buyer, either voluntarily, involuntarily, by operation of law, merger or other corporate proceedings, or otherwise, shall be construed as an assignment of Buyer's rights under this contract. Seller may assign any of its rights or delegate any of its duties under this contract without Buyer's consent.

19. NOTICES. Notices to be given under this contract shall be in writing and delivered by mail, in person or by facsimile to the other party at the appropriate address specified in Exhibit A, or at such other address as either party may designate by written notice to the other. Notices shall be effective at time of receipt.

20. TERMINATION. Seller and Buyer shall have the right to terminate this contract at any time without cause upon giving the other party at least 30 days' prior written notice of termination. Termination of this contract shall not relieve the parties of responsibility for obligations incurred prior to termination. If Seller continues to accept orders from Buyer for the products covered by this contract following expiration of the term of this contract, such sales shall be upon all of the terms and conditions of this contract; provided that such sales shall not be construed to evidence a renewal of this contract by operation of law or otherwise.

21. WARRANTY. Seller warrants that it has title to the products sold under this contract. EXCEPT AS OTHERWISE PROVIDED IN THE FOREGOING SENTENCE AND IN THE FIRST SENTENCE OF SECTION 3 OF THIS CONTRACT, BUYER ACKNOWLEDGES AND HEREBY ACCEPTS THAT SELLER EXPRESSLY DISCLAIMS ANY AND ALL OTHER WARRANTIES, EXPRESS OR IMPLIED INCLUDING WITHOUT LIMITATION, ANY AND ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE AND ANY WARRANTIES ARISING FROM ANY COURSE OF DEALING OR USAGE OF TRADE.

22. DISCRETIONARY SALES. Seller and Buyer may (but are not obligated to) engage in sale transactions for products or delivery locations not specified in Exhibit A ("Discretionary Sales"). Unless otherwise agreed to in writing by Seller and Buyer, any Discretionary Sales shall be deemed made "under this contract" and on its terms except that the specific products, prices, quantities, and delivery locations for Discretionary Sales shall be as mutually agreed upon by Seller and Buyer for each such transaction. The quantities of products sold in Discretionary Sales shall not count against the minimum or maximum volumes specified in Exhibit A.

PETROLEUM PRODUCT SALE AGREEMENT

[Unbranded-Term-Rack]

This *Petroleum Product Sale Agreement* ("***Agreement***"), dated to be effective as of October 1, 2016 (the "***Effective Date***"), is entered into by and between PORT CONSOLIDATED, INC., a Florida Corporation ("***Buyer***"), and INDIGO ENERGY PARTNERS, LLC, a Georgia limited liability company ("***Seller***"). Each of Buyer and Seller is referred to herein individually as a "***Party***" and collectively, as the "***Parties***."

1. Term. The term of this Agreement (the "***Term***"), shall be from the Effective Date through September 30, 2017 (the "***Expiration Date***").

2. Purchase and Sale. Seller agrees to sell and deliver to Buyer, and Buyer agrees to purchase and receive from Seller, the product or products described on Exhibit A (collectively, the "***Products***", and each individually, a "***Product***"), in accordance with the terms and provisions of this Agreement. Seller's obligations under this Agreement are expressly conditioned upon Buyer satisfying Seller's credit and other financial requirements.

3. General Terms and Conditions. The general terms and conditions set forth on the attached Exhibit B are incorporated herein for all purposes.

4. Volume Requirements; Delivery Point. Exhibit A attached hereto and made a part hereof designates the monthly ratable volumes (the "***Monthly Volume***"), and total aggregate gallons (the "***Total Volume***") of each Product that Buyer has agreed to purchase under this Agreement, and further designates the location (each, a "***Delivery Point***") where each Product will be delivered FCA to Buyer. During each calendar month during the Term, Seller agrees to sell, and Buyer agrees to purchase, not less than **90%** and not more than **110%** of the Monthly Volume at each Delivery Point (the "***Volume Range***"), which shall be ratable on a daily and weekly basis, and Buyer will not be allowed to purchase from Seller, and Seller will not be required to sell to Buyer, more than **110%** of the ratable weekly portions of, or more than **110%** of the ratable daily portions of the Monthly Volume. The volume of Product purchased will be determined solely by the amount set forth on the net bill of lading generated at the Delivery Point. The Monthly Volume may be adjusted from time to time upon mutual agreement; provided, however, in such case a formal amendment to this Agreement is not necessary.

5. Price and Payment. Buyer agrees to pay Seller, at the prices specified therefor on Exhibit A (the " ***Price***"), for all Products purchased under this Agreement within ten (10) days after the date of the relevant bill of lading. Notwithstanding anything to the contrary contained herein, or contained in any other agreement between the Parties, Buyer shall pay to Seller on demand amounts equivalent to any and all (collectively, the "***Fees*** "): Taxes, duties, charges, and fees, and any and all increases thereon which are now or hereafter imposed, directly or indirectly, on, against, in respect of, or measured by the Products, or any material contained in the Products, or the inspection, production, manufacture, sale, purchase, storage, transportation, delivery, or other handling of the Products or material contained in the Products, or any feature thereof, or otherwise relating to this Agreement. Fees are not included in the Price and will be billed as a separate line item on each invoice.

6. Termination. This Agreement may be terminated by either party upon thirty (30) days written notice.

7. Ratability. In addition to any other rights that Seller may have under this Agreement as a result of Buyer's failure to purchase Products within the Volume Range, if Buyer fails to purchase at least

90% of the Monthly Volume for a given Product at a given Delivery Point, at Seller's sole discretion, upon written notice to Buyer (the " ***Underlift Notice***"), Seller may reduce the Monthly Volume thereafter required to be sold and delivered by Seller to Buyer to the actual amount purchased by Buyer (the "***Adjusted Monthly Volume***"), which amount will be stated in the Underlift Notice.

8. Miscellaneous.

a. *Notices.* All notices required by, permitted by or otherwise related to this Agreement shall be in writing and sent by facsimile, overnight courier, hand, registered or certified mail, return receipt requested with all postage fully paid to the relevant Party at the address set forth below the signature block below. A Party may change or provide additional notice information to the other by giving notice in accordance with this section. A notice shall be deemed to have been received by a Party: (i) if delivered by hand or sent by overnight courier, on the day of delivery if a Business Day, or if not a Business Day, on the immediately following Business Day, (ii) if sent by registered or certified mail, return receipt requested, on the date of receipt, and (iii) if transmitted by facsimile, at the time of transmission with answer back confirmation of receipt.

b. *Counterparts; Facsimile* Signatures. The Parties may execute this Agreement in multiple counterparts, each of which constitutes an original, and all of which, collectively, constitute only one agreement. The signatures of all of the Parties need not appear on the same counterpart, and delivery of an executed counterpart signature page by facsimile or electronically scanned transmittal (including via electronic mail in portable document format) is effective execution for all purposes under this Agreement.

[*signatures commence on following page*]

Buyer and Seller have executed this Agreement to be effective for all purposes as of the Effective Date.

Obligations of Co-Op Participants – UNLEADED GASOLINE & DIESEL FUEL FOR SOUTHEAST FLORIDA GOVERNMENTAL COOPERATIVE GROUP

Dear Mr.English:

Per the terms of the RFP, the following is a brief description of the obligations of the Co-op participants.

1. All Participants' storage tanks must be registered accordingly with all local code enforcement agencies.
2. Participating agencies can order fuel Monday through Friday from 7:30 AM to 5:00 PM.
3. Orders will be accepted via phone, fax, or e-mail. Automatic deliveries and/or weekly top-offs are recommended for tankwagon deliveries.
4. Orders in by 3 PM are guaranteed next day service.
5. Port Consolidated expects Co-op participates to pay within the defined terms of the agreement. Failure to do so may result in refusal of service.
6. Port Consolidated does not have volume purchase requirements for participating agencies. However, if an agency does not purchase product on a regular basis, we cannot guarantee supply during an emergency situation.

Should you or the City of Pompano Beach Purchasing Division have any questions on this proposal, please feel free to contact me at any time.

Sincerely,

Don Carlton
President

Contingency Plan of Action – UNLEADED GASOLINE & DIESEL FUEL FOR SOUTHEAST FLORIDA GOVERNMENTAL COOPERATIVE GROUP

Dear Mr. English:

Per the terms of the RFP, the following is a brief description of our Contingency Plan of Action.

1. Port Consolidated has contracted with 3 different suppliers in Port Everglades for approximately 4 million gallons per month of diesel and 825K gallons per month of gasoline.
2. Port Consolidated has contracted with 2 different suppliers in the Port of Tampa and Orlando for approximately 2.25 million gallons per month of diesel and 375K gallons per month of gasoline.
3. Port Consolidated also has active accounts in Port Everglades with 7 other suppliers.
4. Port Consolidated operates 13 different petroleum storage facilities in Florida that can hold up to 3 million gallons of product.
5. Port Consolidated has more rolling assets than any supplier in the State of Florida. We have the ability to shift those assets from one market to another depending on where the emergency needs arise.
6. Port Consolidated fills any/all petroleum storage available throughout its network prior to any named storm. This storage capacity will allow us continuous operation while the other terminals are not releasing product.
7. Port Consolidated operates 9 offices throughout the State of Florida. We have computer servers stored at a hurricane proof facility in Dade County. Our office can function from any one of our 9 offices throughout the State.
8. Port Consolidated has 6 satellite phones to utilize during times of crisis when AT&T is not operating.
9. Port Consolidated has a fleet of mobile generators in stock to position at any of our locations that may experience a power outage.

10. Port Consolidated operates 6 different Cardlock facilities (private fueling stations) throughout the Tri-County area. These facilities are not open to the public. They do require card activation through the CFN network.
11. Port Consolidated has the ability to pull product from all other Florida Ports should Port Everglades become incapacitated.

These 11 simple steps should allow us to function properly throughout a time of crisis.

Should you or the City of Pompano Beach Purchasing Division have any questions on this proposal, please feel free to contact me at any time.

Sincerely,

Don Carlton
President
Port Consolidated

COMPLETE THE PROPOSER INFORMATION FORM ON THE ATTACHMENTS TAB IN THE EBID SYSTEM. PROPOSERS ARE TO COMPLETE FORM IN ITS ENTIRITY AND INCLUDE THE FORM IN YOUR PROPOSAL THAT MUST BE UPLOADED TO THE RESPONSE ATTACHMENTS TAB FOR THE RFP IN THE EBID SYSTEM.

PROPOSER INFORMATION PAGE

RFP E-13-17 (number), Unleaded Gasoline and Diesel Fuel for Southeast Florida Purchasing Cooperative Group (RFP name)

To: The City of Pompano Beach, Florida

The below named company hereby agrees to furnish the proposed services under the terms stated subject to all instructions, terms, conditions, specifications, addenda, legal advertisement, and conditions contained in the RFP. I have read the RFP and all attachments, including the specifications, and fully understand what is required. By submitting this proposal, I will accept a contract if approved by the City and such acceptance covers all terms, conditions, and specifications of this proposal.

Proposal submitted by:

RFP E-13-17
UNLEADED GASOLINE & DIESEL FUEL FOR SOUTHEAST FLORIDA GOVERNMENTAL PURCHASING COOPERATIVE GROUP

ATTACHMENT "A"
SPECIFICATIONS & REQUIREMENTS

The table included in Attachment "B" provides information from each Participating Agency as regards the size, type and location of fuel storage tanks and their estimated *monthly* usage of the various fuels included in this Request for Proposals.

1. SPECIFICATIONS

1.1 Successful Proposer will sell to all participating agencies the following products (the "Products"):

- "Ultra Low Sulfur diesel": No. 2 Ultra Low Sulfur, on-road, clear, taxable diesel fuel per ASTM D975-08a specifications, or latest revision.
- "Ethanol Gasoline": 10% Ethanol blended gasoline per ASTM D4814-07b specifications, or latest revision.

1.2 Additional, Optional Fuel Products:

- Midrange Unleaded Gasoline: Minimum Octane of 89.0
- Ultra Low Sulfur #2 Red Dye Diesel
- "5% Biodiesel Fuel": Ultra Low Sulfur 5% Biodiesel blended fuel, on-road, clear, taxable diesel fuel. The B100 will conform to ASTM D6751-08 or latest revision.
- "20% Biodiesel Fuel": Ultra Low Sulfur 20% Biodiesel blended fuel, on-road, clear, taxable diesel fuel. The B100 will conform to ASTM D6751-08 or latest revision.
- E85 Fuel Ethanol: Shall conform to the chemical and physical standards for fuel Ethanol as set forth in the ASTM International Designation D5798-99,"Standard specification for fuel Ethanol (Ed 75-Ed85) for Automotive Spark-Ignition Engines".

1.3 The products supplied as a result of this Request for Proposals must conform to the specifications of the State of Florida and comply with all Federal, State and local laws and regulations as applicable on date of delivery.

2. PRICING METHODOLOGY:

2.1 Prices proposed are to be F.O.B. delivered expressed as a positive or negative differential from the applicable daily ***OPIS*** price published in the "OPIS Contract Benchmark File" as described herein ***for the date of delivery of product*** to the Participating Agency and are exclusive of all Federal, State and County Excise taxes and fees. Any other applicable taxes and fees shall be added at the time of invoicing. See Paragraph 3, TAXES .

Item No.	Description	Transport Delivery Differential Proposed (+)/(-) per gallon*	Tankwagon Delivery Differential Proposed (+) (-) per gallon*
1	87 Octane Unleaded	$ (+) 0.019	$ (+) 0.089
2	Diesel Fuel #2 Ultra Low Sulfur	$ (+) 0.019	$ (+) 0.089
3	Lump Sum Additional Delivery Charge for Deliveries beyond 30 mile radius of Port Everglades only.	$.Ø /each	$.Ø /each

* Calculate differential proposed to fourth decimal point.Differential proposed to remain firm during initial contract period and any renewal period.

Note: If your proposal is contingent on your firm being awarded a contract for all products and all delivery methods, Proposer must indicate this condition in the proposal response.

2.2 Pricing of Unleaded 87 Octane Gasoline is to be proposed using the following methodology:

Daily Published ***OPIS Gross CBOB Ethanol 10% Unleaded Unbranded Rack Average Price*** (For the applicable Reid Vapor Pressure - RVP on the date of delivery of product at the rack)

Plus

Positive or Negative differential proposed for 87 Octane Unleaded on Proposal Form, Paragraph 6. (Differential to be constant regardless of the applicable RVP.)

2.3 Pricing of Ultra Low Sulfur Diesel #2 is to be proposed using the following methodology:

Daily Published OPIS Gross Ultra Low Sulfur Distillate No. 2 ***Unbranded Rack Average*** prices.

Plus

Positive or Negative differential proposed for Diesel Fuel #2 Ultra Low Sulfur on Proposal Form, Paragraph 6.

2.4 The price proposed with differential shall include the vendor's cost of product, vendor's profit, the cost of delivery within a 30 mile radius of Port Everglades, and any and all other costs. A lump sum, additional delivery charge only applicable to deliveries beyond a thirty (30) mile radius of Port Everglades may be proposed on the pricing sheet. Within the thirty (30) mile radius of Port Everglades the proposed costs must include delivery regardless of the actual varying road miles required to be driven to make deliveries within that radius to each tank location. The differential proposed for Unleaded Gasoline and Diesel Fuel or any additional fuel products shall not change during the initial term of the contract or any renewal periods. No other charges shall be added. Differential must be expressed in dollars and/or cents per gallon.

2.5 The selected proposer shall advise the Lead Agency of all available Federal or State credits and discounts available on all fuel types being purchased herein. The selected proposer shall apply all applicable credits and discounts to the price charged to the Co-Op and identify and reflect the discount on the applicable invoices. (Note: the applicable credits and discounts will be incorporated after award and shall not be reflected in the Price proposal Schedule.)

2.6 Alternative Fuels

Considering the dynamic nature of fuel technology and the growing demand for alternative fuels, the Co-Op reserves the right to add any alternative fuel to the fuel types required. When such a need arises, the Co-Op shall contact the selected Proposer to determine if the selected proposer has the ability to provide or obtain the alternative fuel. The Co-Op shall provide the selected Proposer with information on the fuel type, the technical specifications of the fuel, the acceptable operating parameters, the estimated quantities, delivery requirements, and any other relevant information available. The selected proposer shall submit a written price offer for the supply of the alternative fuel for the Co-Op's review and approval.

However, if the selected proposer is unable to supply the alternative fuel type, or the Co-Op does not accept the selected proposer's price offer, the Co-Op shall have the right to purchase the alternative fuel elsewhere.

2.7 Additional Fuel Products: Proposers may submit under a separate cover a price proposal on the following fuels. Proposers must outline the Pricing Methodology for each additional fuel product proposed.

Item No.	Description
1	Midrange Unleaded 89 Octane
2	Recreational Unleaded 90 Octane

3	Ultra Low Sulfur #2 Red Dye Diesel
4	Biodiesel Fuel B5
5	Biodiesel Fuel B20
6	E85 Fuel Ethanol

3. TAXES:

3.1 The agencies listed herein are counties, municipalities or subdivisions of the State of Florida and are exempt from Federal Gasoline and Diesel (excise) Road taxes and Florida Sales Tax.

3.2 Proposals will be considered only from Proposers who do not require the payment of these taxes.

4. SUBSTITUTE/ALTERNATE METHOD FOR PRICE ADJUSTMENT:

4.1 The City reserves the right, based on mutual agreement with the successful proposer, to substitute an alternate method for price adjustment for a specified, negotiated period of time if:

A. An interruption in the OPIS Index is experienced beyond existing scheduled holidays (Independence Day, Christmas, etc.), or

B. The listing of prices for the OPIS Index are interrupted or modified to a degree which would require alteration of the computation formula to determine a fair price, or

C. The use of the OPIS Index prices becomes non-representative of the market.

D. The Successful Proposer provides clear and convincing proof that market conditions unrelated to the OPIS Index have been materially altered from those that existed at the time of award or renewal of contract. Such proof may consist of contracts with suppliers, invoices or published indexes, etc.

4.2 The City may, if deemed to be in the City's best interest, elect to modify the pricing methodology in the situations listed above in the following manner using any nationally recognized, published benchmark or index.

The firm markup or discount will include the vendor's cost of product, profit, delivery costs and any other costs. The firm markup or discount for Unleaded Gasoline or Diesel shall not change during the negotiated term of the contract amendment. No other charges shall be added.

4.3 The City may also negotiate a per transport or tank wagon delivery surcharge, if market conditions necessitate such a solution.

4.4 If it is determined by the City to be in its best interest to substitute an alternate method for price adjustment as specified above, the contractor(s) will be notified thirty (30) days prior to the effective date for the alternate adjustment. If an alternate price adjustment method is not acceptable to all awarded contractor(s), the City may cancel this contract in whole or in part by giving the contractor(s) ninety (90) days prior written notice.

5. INVOICING

5.1 All invoices shall be provided to each participating agency via an electronic method within twenty-four (24) hours of date of delivery of product. Each invoice shall reference the date of the applicable published ***OPIS*** price for that day with the appropriate differential as per the contract. Successful proposer shall list separately on invoice each individual non-exempt tax/fee and the amount of the differential.

6. ORDERING & PAYMENT:

6.1 Each participating governmental agency will, based on the award of contract made by the Lead Agency and with the same prices, terms, and conditions establish its own contract with the successful proposer(s) in a manner acceptable to the successful proposer; will issue its own purchase orders; will require separate billing and will issue its own tax exemption certificates as required by the successful proposer.

6.2 The City of Pompano Beach Purchasing Division will furnish a copy of proposers list and any other information submitted with the proposals to all participating agencies.

6.3 Payment will be ***made by each Participating Agency*** within fifteen (15) calendar days from delivery of product at Participating Agencies location via wire transfer to seller's account and bank, as indicated on the invoice.

6.4 It is understood and agreed that the City of Pompano Beach is not a legally bound party to any contractual agreement made between any other agency and the successful proposer as a result of this Request for Proposals.

6.5 After award of contract(s) to successful proposer(s) the City reserves the right to issue purchase orders in accordance with the terms of this contract.

7. Reporting Requirements

The selected Proposer shall submit to the Lead Agency a Fuel Purchasing Report on a monthly basis. The fuel Purchasing Report shall include fuel volume totals by fuel type for each participating agency. The report shall also include a "Grand Total" (year-to-date) fuel volume for all Participating Agencies for each fuel type. The required fields are the following:

- Reporting Period (specify month)
- Participating Agency

- Delivery volume (do not round off reported volume amounts, allow volumes to be reported up to as many decimal places as needed).
- Subtotal volume (per fuel type for each Participating Agency)
- Cumulative Total Volume Year to Date (per fuel type for all Participating Agencies)
- Note regarding fuel types: report must specify the ethanol and biodiesel blend being delivered.

The Fuel Purchasing Report shall be sent in electronic format (Excel format preferred) via email to: purchasing@copbfl.com.

8. DELIVERY REQUIREMENTS

For the purposes of this section the term Carrier shall mean the Seller or an independent contractor hired by the Seller for the delivery of fuel to the Participating Agencies.

8.1 LEGAL REQUIREMENTS:

A. **Compliance with Laws and Codes**: Federal, State, County, and local laws, ordinances, rules and regulations that in any manner, affect the terms covered herein apply. Lack of knowledge by Carrier shall in no way be a cause for relief from responsibility. The Carrier shall strictly comply with Federal, State and Local building and safety codes. Equipment shall meet all State and Federal Safety Regulations.

B. **Independent Contractor Relationship:** The Carrier is, and shall be, in the performance of all work, services, and activities under the Agreement, an Independent Contractor and not an employee, agent, or servant of any Participating Agency. All persons engaged in any of the work or services performed pursuant to this Contract shall at all times, and in all places, be subject to the Carrier's sole direction, supervision, and control. The Carrier shall exercise control over the means and manner in which it and its employees perform the work and in all respects the Carrier's relationship, and the relationship of its employees, to any Participating Agency shall be that of an independent contractor and not as employees or agents of any Participating Agency.

C. **Certifications, Licenses and Permits:** Carrier shall provide a copy of all applicable Certificates of Competency issued by the State of Florida in the name of the Carrier. It shall also be the responsibility of the Carrier to submit prior to commencement of work a current Occupational License and all permits required to complete this contractual service at no additional cost. It is the responsibility of the Carrier to ensure that all required certifications, licenses and permits are maintained in force and current throughout the term of the Agreement.

9. DELIVERY/RESPONSE TIME:

A. Delivery shall be required within twenty-four (24) hours unless an alternate delivery date has been requested by the Participating Agency.

B. Daily orders shall be placed by e-mail from a participating agency representative by 10:00 a.m., Monday through Friday.

C. Deliveries shall be made within 24 hours of order placement unless the participating agency specifically requests otherwise as indicated on the order, in which case, requested delivery date and time shall become the required delivery time.

D. Orders placed on Friday shall be delivered no later than 5:00 p.m. the following Monday, unless the participating agency specifically requests otherwise, in which case, requested delivery date and time, shall become the required delivery time. The participating agency shall not require the carrier to deliver on Sundays (except for declared emergency situations).

E. A transport load shall be defined as no less than 7,500 gallons of Ethanol blended or regular gasoline or no less than 7,000 gallons of Ultra Low Sulfur Diesel or 5% biodiesel fuel or 20% biodiesel fuel.

F. The Participating Agencies reserve the right to split any load between no more than two delivery sites for their agency.

G. If the carrier is unable to meet the delivery requirements, it shall be the responsibility of the carrier to notify the participating agency within 2 hours of the delay occurring so that the participating agency can determine if it needs to transfer fuel between its sites to cover delay.

H. At time of delivery, carrier shall present a delivery ticket/bill of lading to a participating agency representative, or if requested, deliver document to a specified location. The delivery ticket/bill of lading shall include:

- Bill of lading number.
- Name of supplier and carrier.
- Date and time of delivery.
- Type of fuel delivered.
- Gross gallons and net gallons delivered.
- Inches in fuel tank, before and after delivery.
- Driver's signature.
- Signature of participating agency employee receiving delivery, unless otherwise indicated.
- Delivery address.

I. Carrier shall be adequately equipped, staffed, and supplied to, promptly, and efficiently, furnish, deliver, and dispense, all products that are submitted at various facilities.

J. Carrier shall have the ability to fill above-ground tanks.

K. Carrier shall be fully responsible for any and/or all actions of their employees that require clean up or ground sterilization as the result of an "improper" delivery. Carrier shall have and shall maintain those types and quantities of materials necessary to contain spilled

product(s). Carrier shall be responsible for prompt and thorough cleanup of all spillage, as per EPA specifications, and for any agency fines or fees that result from contamination.

L. Discovery or occurrence of a spill, on overfill, excess water in the tank, suspected contamination of surrounding area, suspected tank failure, or any other indication of chemical release shall be immediately reported by the Carrier to the participating agency. Where the event is directly or indirectly the result of carrier's actions, the carrier shall also affect containment and initiate cleanup immediately.

M. All transport truck deliveries will be temperature adjusted to 60 degrees F in accordance with the latest edition of the American Society for Testing and Materials (ASTM) Table 6B, Volume II, Petroleum Measurement Tables. Delivery tickets and invoices shall reflect the net gallons delivered after temperature compensation.

N. Any Tankwagon deliveries will be metered in gross gallons and invoiced in gross gallons.

O. Agencies will accept fuel from trucks with sealed State approved and inspected meters. Trucks that have State of Florida Department of Agriculture and Consumer Services sealed, calibrated and certified compartment tank volume markers for the petroleum product being delivered, are also acceptable.

10. SPILLAGE:

A. The Contractor and/or his subcontractors making deliveries shall be fully responsible for any errors or mistakes that require clean up or ground sterilization. Contractor will be responsible for prompt and thorough cleanup of all spillage per EPA specifications and for any agencies fines or fees for any contamination that result from improper delivery of fuel.

11. PRIORITY DELIVERIES:

Preference of deliveries shall be given to agencies providing emergency relief and response services and members of the co-op who are participating in this contract, in case of declared emergencies or natural disasters.

Proposers shall attach an emergency plan that assures continued deliveries of these products in case of emergencies and/or when additional quantities may be required.

12. WORK SITE SAFETY/SECURITY:

The carrier shall at all times guard against damage or loss to the delivery site property, the Carrier's own property, and/or that of other contractors, and shall be held responsible for replacing or repairing any such loss or damage. When applicable, the Carrier shall provide fences, signs, barricades, flashing lights, etc. necessary to protect and ensure the delivery site(s) and insure that all county, State of Florida, OSHA, and other applicable safety regulations are met. Additionally, carrier shall provide for the prompt removal of all debris from delivery sites. All participating agencies may withhold payment or make such deductions as deemed necessary

to ensure reimbursement or replacement for loss or damage to property through negligence of the Carrier or its agents.

13. ADDITION OF DELIVERY SITES:

Each Participating Agency shall be able to add delivery sites to the attached list, with 7 days notice to the seller.

Alternate Proposal – UNLEADED GASOLINE & DIESEL FUEL FOR SOUTHEAST FLORIDA GOVERNMENTAL COOPERATIVE GROUP

Dear Mr. English:

Please be advised. For those municipalities that wish to haul their own product, Port will deduct $0.01 per gallon from the standard delivered transport offering.

Port Consolidated also has the ability to arrange for "Fixed Price" fuel contracts. These programs will allow municipalities to budget their fuel costs without having to combat day to day market volatility.

Please see the attached "Fixed Price" Supply Agreement. Pricing or quotes for such programs change by the minute. We would prefer to quote accordingly if and when the need arises.

Should you or the City of Pompano Beach Purchasing Division have any questions on this proposal, please feel free to contact me at any time.

Sincerely,

Don Carlton
President
Port Consolidated

By: _____	By: _____
Print Name:	Print Name: Donald Carlton, Jr.
Title: Owner	Title: President

1. F.O.B. Delivery Point(s)	Monthly Gallons	Product

2. Payment Terms: Payment Net 15 Days from date of bill of lading. All payments shall be made in US Dollars. Volume shall be determined solely by the terminal net bill of lading or certified meter reading.

3. Term: The Term of this Agreement shall be for a period of _____ months, beginning on _____ and ending on _____.

4. Price:

5. Credit: Upon request Buyer will promptly furnish to Seller financial statements, references from banks and trade organizations and any other information requested by Seller. Buyer represents and warrants that all financial statements or similar documents provided by Buyer to Seller (previously or hereafter) (i) do or will fairly present in all material respects Buyer's financial condition as of the date of such documents; (ii) have been prepared in accordance with U.S. generally accepted accounting principles and (iii) if audited, have been certified without reservation by a firm of independent public accountants. Seller shall determine a credit limit ("Credit Limit") for Buyer. Buyer agrees that it shall not contract for Product(s) in excess of its Credit Limit. Buyer shall have the right to contract for amounts reflecting the difference between the Credit Limit and any amounts due and owing to Seller. Seller in its discretion may require Buyer to make a good faith deposit at initiation of this Agreement to secure Buyer's performance. [Alternative: Seller in its discretion may require Buyer to make several deposits on demand during the Term of the Agreement to secure Buyer's performance.] Such deposit(s) will constitute credit against future delivery and may be applied against one or more invoices (exclusive of taxes) in Seller's discretion. Seller has the right to use any deposit(s) to set off against any obligations of this Agreement in the event Buyer defaults, becomes insolvent or files for bankruptcy.

6. Taxes/Fees: Buyer acknowledges that taxes and fees are not included in the price set forth above, shall be billed as a separate line item and are subject to change from time to time without notice. Buyer further acknowledges that it is responsible for paying on demand any and all (a) costs and expenses for transportation from the designated supply point(s) set forth herein and (b) taxes, duties, charges, assessments and fees (including without limitation superfund and environmental fees) imposed, directly or indirectly, now or hereafter on, against, in respect of, or measured by the Product(s), or any material contained in the Product(s), or related to inspection, production, manufacture, sale, use, purchase, storage, transportation, delivery, or

other handling of the Product(s) or material contained in the Product(s), or any feature thereof, or otherwise relating to this Agreement. The parties specifically agree that the preceding sentence shall apply regardless of any other term or condition contained herein or any other agreement between the parties. Should Buyer claim exemption from any taxes, Seller is under no obligation to verify such status and Buyer shall indemnify Seller pursuant to Paragraph 15 in the event Buyer is or was not exempt from such taxes.

7. Specification: Per Seller specifications.

8. Quantity/Volume: Buyer shall purchase 100% of Monthly Gallons per each Delivery Point. Buyer is required to lift Product(s) ratably on a weekly basis at all Delivery Points.

9. Ratable Usage: During each calendar month of this Agreement, Buyer is required to lift each Product on a ratable basis by the week at any or all of the delivery points. The weekly ratable volume for each Product by delivery point is 7/30 of the maximum monthly volume (defined as one twelfth of Purchaser's yearly commitment or otherwise computed on a pro rata basis based on the number of months of this Agreement) specified for each delivery point.

10. Default and Remedies: For the purposes of this Agreement, Buyer's default includes (a) the making of any false or misleading representation in this Agreement and (b) the failure to observe or comply with any provision or covenant in this Agreement. In the event of Buyer's default, Seller may seek all legal and equitable remedies, including, without limitation, all rights provided by Article 2 of the Uniform Commercial Code. Seller may also seek its attorneys' fees, costs and expenses incurred in connection with Buyer's default. In addition, in the event that any invoice is not paid when due or Buyer takes delivery in violation of Buyer's Credit Limit, Seller may at its option (i) suspend or condition further deliveries or (ii) terminate this Agreement, without notice or demand, and all unpaid balances shall be immediately due and payable. In the event Buyer fails to take delivery of any portion of any Product(s) during the Term, including non-delivery as a result of Buyer's default, Buyer agrees to pay Seller immediately Seller's lost profits on the undelivered quantity of Product(s). All amounts not paid when due shall bear interest at __% per annum and shall be payable with all costs of collection, including, without limitation, Seller's attorneys fees, costs and expenses. Upon the occurrence of any default, Seller may set off against the indebtedness of any amounts owing by Seller to Buyer, whether or not those amounts are immediately payable. Seller shall have the right to require the Buyer to take possession of the Product with or without demand and with or without process of law and the right to sell or dispose of the Product.

11. Notices: Any notice, request or other communication required or permitted by or pertaining to this Agreement ("Notices") shall be in writing and issued to the addresses as listed above. Notices shall be delivered by (a) by a nationally recognized courier or messenger service with confirmed delivery, (b) personal service or (c) first class mail prepaid. Notice using the methods set forth in (a) or (b) shall be deemed effective if delivered between 9AM (EST) and 5PM (EST) ("Business Hours") on a day on which commercial banks are open for business ("Business Day"); any notices delivered after Business Hours or on a non-Business Day shall be deemed delivered as of 9AM (EST) on the first succeeding Business Day. Notices by first class prepaid mail shall be deemed received 5 calendar days after mailing. Refusal by a party to accept notice shall not affect its validity.

12. Allocation: Seller, in its sole discretion, may decide to allocate or limit quantities of Product(s) available for sale. In such instance, Seller shall exercise reasonable efforts to provide all of its buyers with allocations of Product(s) reflecting amounts purchased previously on a regular basis prior to allocating any Product(s) to non guaranteed quantity purchase customers and/or new customers.

13. Over Lifting: For purchases of Product(s) exceeding the amounts set forth in Section 1 above, the Buyer shall be charged in accordance with current Port Consolidated delivered prices.

14. Non-Reliance: Buyer represents that is entering into this Agreement as a principal (rather than as agent of any person or entity) and has made its own independent decisions to enter into this Agreement. Buyer is not relying on any communication (written or oral) of Seller as a recommendation to enter into this Agreement. Buyer is capable of assessing the merits of and understanding (on its own behalf or through independent professional advice), and understands and accepts, the terms, conditions and risks of this Agreement.

15. Warranties: Seller warrants that Product(s) delivered to Buyer will conform to the description(s) set forth on page 1 of this Agreement. This is Seller's sole warranty. **SELLER MAKES NO OTHER WARRANTIES OF ANY KIND, WHETHER EXPRESS OR IMPLIED, WITH REGARD TO ANY PRODUCT(S) PURCHASED HEREUNDER. ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ARE EXPRESSLY DISCLAIMED AND SPECIFICALLY EXCLUDED.**

16. LIMITATION OF LIABILITY: SELLER DISCLAIMS AND BUYER HOLDS SELLER HARMLESS FROM AND AGAINST ANY LIABILITY FOR CONSEQUENTIAL OR OTHER INCIDENTAL DAMAGES. BUYER AGREES TO INDEMNIFY AND HOLD SELLER HARMLESS FROM ANY CLAIMS OF LIABILITY ARISING FROM USE OF THE PRODUCT, WHETHER SINGLY OR IN COMBINATION WITH OTHER SUBSTANCES. Seller shall not be liable for damages, whether arising from performance of Seller's obligations under this Agreement, tort (negligence), or otherwise for loss of anticipated profits, loss by reason of plant shutdown, non-operation or increased expense of operation, service interruption, claims of customers, cost of money, loss of use of capital or revenue, or for any special, incidental or consequential loss or damage. Buyer agrees to defend, indemnify and hold harmless Seller from and against any and all liability, losses, damages, costs, claims, lawsuits, judgments, settlements and expenses, including without limitation, reasonable attorneys fees, costs and expenses arising or related to this Agreement or Seller's performance under this Agreement. Buyer assumes all risk and liability for and shall indemnify and hold Seller harmless from and against any and all loss, damage or injury to persons or property (whether to Buyer or third parties) arising out of the ownership, use, custody, control or disposition of the Product(s) by Buyer, its agents and employees or by any third parties.

17. Risk of Loss and Title: Identification of the Product(s) shall occur the Agreement is effective. Risk of loss passes to Buyer on identification. Title of the Product(s) shall pass to Buyer on physical possession.

18. Defects: Buyer shall within 2 days advise Seller of any alleged defect or failure to conform with specifications. If the parties agree that the Seller is responsible, at Seller's option (a) the defective Product(s) shall be returned at Buyer's expense, properly safeguarded against normal transit

risks as required by Seller, for replacement by Seller or (b) the parties shall negotiate a mutually acceptable amount to be deducted from the Agreement price, the payment of which shall operate as a full release of Seller. Buyer's failure to notify Seller of any alleged defect or failure to meet specification within 2 days shall constitute a complete waiver of any claim with respect to defects or failure to conform and Buyer's release and covenant not to sue Seller with respect to any such claim.

19. Acceptance: Buyer's acceptance of delivery of Product(s) shall constitute irrefutable evidence of its agreement to the terms and conditions set forth herein.

20. Responsibility to Warn and Report: Buyer assumes all responsibility for (a) warning and protecting its personnel and any third parties of all hazards to persons and property related to the Product(s) and (b) complying with all relevant reporting obligations under the Emergency Planning and Community Right to Know Act of 1986. 42 USC Sections 11001-11049 resulting from the presence of chemicals under this Agreement.

21. Applicable Law/Forum/Jury Waiver: This Agreement is governed by and shall be construed under the laws of the State of Florida without reference to conflicts of laws rules or principles. With respect to any suit, action or proceedings relating to this Agreement ("Proceedings") each Party irrevocably (a) submits to the exclusive jurisdiction of the courts of the State of Florida and the United States District Court located in Broward County: (b) waives any objection that it may have at any time to the laying of venue of any Proceedings brought in such court, (c) waives any claim that such Proceedings have been brought in an inconvenient forum and (d) further waives the right to object, with respect to such Proceedings, that such court does not have jurisdiction over such party. INSOFAR AS PERMITTED BY LAW, EACH PARTY IRREVOCABLY WAIVES ANY AND ALL RIGHTS TO TRIAL BY JURY IN ANY LEGAL PROCEEDING IN CONNECTION WITH THIS AGREEMENT AND ACKNOWLEDGES THIS WAIVER IS A MATERIAL INDUCEMENT TO THE OTHER PARTY'S ENTERING INTO THIS AGREEMENT. The prevailing party in any litigation between the parties shall be entitled to recover reasonable costs including external attorneys fees.

22. Waiver: No waiver by either Party hereto of a breach of an obligation owed hereunder by the other shall be construed as a waiver of any other breach, whether of the same or of a different nature, No delay or failure on either Party's part to enforce any right or claim, which it may have hereunder, shall constitute a waiver on the respective Party's part of such right or claim. All rights and remedies arising under this Agreement as amended and modified from time to time are cumulative and not exclusive of any rights or remedies which may be available at law or otherwise.

23. Assignment: Neither Party shall assign this Agreement without the consent of the other Party hereto. Any such attempt to assign this Agreement shall be null and void. Nothing herein shall confer or is intended to confer on any person or entity which is not a party to this Agreement any rights or benefits under this Agreement.

24. Amendment: This Agreement shall not be modified or amended, except by written instrument duly executed by officers or other duly authorized representatives of the respective Parties. Notwithstanding the foregoing, Buyer agrees that Seller may modify the terms of this Agreement at any time to comply with changes in applicable law. Acceptance or acquiescence in a course of performance rendered shall not be relevant to determine the meanings of these terms and conditions. Notwithstanding any provisions therein to the contrary, any terms and conditions in a Buyer's purchase order, confirmation, acknowledgement form or other document issued by the Buyer that conflict with this Agreement or increase Seller's obligations are rejected and shall not be binding on Seller unless expressly accepted by Seller in writing.

25. Severability: Any provision hereof which is legally unenforceable shall be ineffective only to the extent of such unenforceability without thereby invalidating the remaining provisions hereof or affecting the validity of enforceability of this Agreement as a whole.

26. Entire Agreement: This Agreement contains the entire agreement and understanding between the Parties with respect to the subject matter hereof, and there are no other promises, representations, or warranties affecting it.

27. Force Majeure: In no event shall the Seller be held liable (a) for indirect, consequential, punitive, or multiple damages or (b) for any loss of any kind caused, directly or indirectly, by federal, state or local law, order or regulation, government restrictions, war (whether declared or undeclared), terrorist acts, insurrection, riots, fires, flooding, strikes, failure of utility services, accidents, adverse weather or other events of nature, or other conditions beyond its reasonable control

28. Insurance: Buyer shall carry and maintain comprehensive general public liability insurance, including contractual liability, bodily injury and property damage, workmen's compensation, and employer's liability insurance throughout the Term of the Agreement and any extension of this Agreement.

29. Recording: Each party may, in its commercially reasonable discretion, record, on tape or otherwise, any telephone conversation between the parties and involving their respective officers, agents and employees, and each party hereby agrees and consents thereto.

30. Time is of the Essence: Time is of the Essence in this Agreement. Failure to meet a deadline shall be a breach.

31. Headings: Headings in this Agreement are for convenience only and should not be used for interpretive purposes.

32. Authority to Sign: Each party executing this Agreement is duly authorized to do so and all entity action necessary for the making of this Agreement has been duly taken.

ADDENDUM #1, BID E-13-17

Unleaded Gasoline and Diesel Fuel for Southeast Florida Purchasing Cooperative Group

To Whom It May Concern,

Please review the following question and the City's answer.

Q1: I wanted to confirm the volume on the bid as it seems to be a sizable difference from last year. Last year's volume: 21,434,744 gallons. This year's volume: 3,621,580 gallons. I wanted to make sure we recorded the correct gallons in our system and communicated it to our bid team.

A1: The aggregate fuel capacity of the Southeast Florida Governmental Purchasing Cooperative Group, which is shown in Attachment B, represents only one fill-up of all the tanks owned by each participating Co-op member. Attachment D "Co-op volume report Jan-Dec 2015" may be more useful for annual volume projections, as it records a full year's history of multiple deliveries.

Q2: [We] would like to prepare a proposal for the above referenced bid. However, I would like to know if we have to bid on all sites, or can we bid on just the tanker sites?

A2: This is an "all or nothing" solicitation. The successful proposer will be expected to provide diesel AND unleaded gasoline to all participating Co-op agencies.

Q3: Please provide a copy of the prior bid tabulations, invoice and bill of ladings for our records for each location with a tank capacity of 5,000 or more.

A3: The previous contract, Attachment C Coral Springs Contract 14-A-035 RFP has been added to the attachments tab. As the successful proposer will bill, deliver to, and enter into separate contracts with approximately 40 participating Co-op agencies, there is no single source for the invoices and bills of lading for each of these agencies.

Q4: What are the volumes for this bid, either by agency or total? I need to be able to judge the commitments that need to be made and realistic projections of what products will be needed and in what quantity.

DocuSign Envelope ID: C327F0D0-D8DF-4343-B5DB-90853D1ED8AA

A4: Attachment D "Co-op volume report Jan-Dec 2015" has been added to the attachments tab.

Q5: What agencies may use their own trucks and what volumes would they require?

A5: Presently, the City of Boca Raton uses their own trucks. Attachment D "Co-op volume report Jan-Dec 2015" contains a record of their volume.

Attachments C and D have been added to the attachments tab of the electronic solicitation. Addendum #1 is posted on the City's eBid website: http://pompanobeachfl.ionwave.net. Acknowledge receipt of this Addendum using the Addendum Attribute on the Attributes tab in the eBid System.

The deadline for receipt of written questions is **5:00 p.m. (local) December 28, 2016**. No further questions will be accepted after this date. Oral and other interpretations or clarifications will be without legal effect.

The deadline for acceptance of sealed bids in the Purchasing Office, 1190 N.E. 3rd Avenue, Bldg. C, Pompano Beach, 33060, is **2:00 p.m. (local), January 4, 2017.**

The remainder of the solicitation is unchanged at this time.

Sincerely,

Jeff English
Purchasing Agent

Re: Confirmed Cardlock Locations and Pricing

Dear Mr. English:

Please be advised. Port Consolidated has six locations throughout the South Florida where customers can fuel their vehicles directly from our automated fueling stations. They are as follows:

- 11550 NW 36th Ave., Miami, FL 33167 – Diesel and Gasoline -Mon. through Fri., 7 AM – 5 PM
- 3141 SE 14th, Ave., Ft. Lauderdale, FL 33316 – Diesel and Gasoline 24/7
- 2301 NW 15th Ave., Pompano, FL 33069 – Diesel and Gasoline 24/7
- 1126 Hammondville Rd., Pompano, FL 33039 – Diesel Mon. through Fri., 7 AM – 5 PM
- 1782 Skees Rd., West Palm Beach, FL 33411 – Diesel and Gasoline 24/7
- 6951 Garden Rd., Riviera Beach, FL 33404 – Diesel and Gasoline 24/7

Pricing for the above facilities will be the same as our confirmed delivered tankwagon pricing. I will send out Cardlock set-up/activation forms with additional information to the Co-op at a later date.

Should you have any questions or comments, please feel free to contact me at any time.

Sincerely,

Don Canton
President
Port Consolidated

Exhibit C

Rate Schedule

Prices are F.O.B. delivered as a differential from the applicable OPIS price published in the "OPIS Contract Benchmark File" as described herein for the date of delivery of product to the City, and Participating Agencies, and are exclusive of all Federal, State and County Excise taxes and fees. Any other applicable taxes and fees shall be added at the time of invoicing. The differential shall remain firm during the initial contract period and any renewal period unless agreed to in writing by both parties. The below pricing also includes the alternate fuels listed in RFP E-13-17.

Item No.	Description	Transport Delivery Differential	Tankwagon Delivery Differential
1	Unleaded Gasoline	0.007	0.089
2	Diesel Fuel	0.007	0.089

SAMPLE SERVICE CONTRACT

THIS AGREEMENT is made and entered into this _____ day of _____, 20____, by the City of Pompano Beach ("City") and _____, a _____ corporation **or** limited liability company ("Contractor").

WHEREAS, City requires services which Contractor is capable of providing under the terms and conditions described herein; and

WHEREAS, Contractor is able and prepared to provide such services to City under the terms and conditions set forth herein.

NOW, THEREFORE, in consideration of those mutual promises and the terms and conditions set forth hereafter, the parties agree as follows:

1. Contract Documents. This Agreement consists of the Scope of Work set forth in Exhibit "A" (the "Work") and, the Insurance Requirements set forth in Exhibit "B", both of which are attached hereto and made a part hereof; and all written change orders and modifications issued after execution of this Agreement.

2. Purpose. City contracts with Contractor to provide _____ services upon the terms and conditions set forth herein.

3. Scope of Work. Contractor shall provide the Scope Services set forth in Exhibit "A" and insurance set forth in Exhibit "B" both attached hereto and made a part hereof. If the Work requires Contractor to provide materials or complete the Work within a specified time frame or in accordance with certain plans and specifications, these terms and conditions shall be set forth and included in Exhibit A and Contractor agrees to provide said materials or Work in accordance therewith. Contractor and Contractor's heirs, executors, administrators, successors and assigns, do hereby agree to full performance of all covenants contained herein on Contractor's part.

4. Term of Contract. This Contract shall be for a term of one (1) year or less beginning with the date this Contract is fully executed by both parties.

5. Renewal. In the event City determines Contractor to be in full compliance with this Agreement and Contractor's performance thereunder to be satisfactory, then City, with City Commission approval, shall have the option to renew this Agreement for an additional one (1) year term upon the written consent of both City and Contractor provided that City provides written notice of its intention to renew within sixty (60) days of the termination date of this Agreement. OR Remove the following language if not applicable: This Contract is not subject to renewal.

6. Maximum Obligation. City agrees to pay Contractor for providing the Work and insurance required hereunder. Both parties agree that unless otherwise directed by City in writing, Contractor shall continue to provide the Work for the term of this Agreement.

7. Price Formula, Payment and Invoices.

A. Price Formula. City agrees to pay Contractor for performance of the Work set forth in this Agreement as follows:

Payment of a not to exceed Fixed Fee of $_____ per month or a Not to Exceed Fixed Fee of $_____.

B. Payment. All payments by City shall be made after the Work has been verified and completed. Unless disputed by City as provided herein, upon City's receipt of a Proper Invoice as defined in §218.72, Florida Statutes, as amended, City shall forward Contractor payment for (i) construction services defined as all labor, services, and materials provided in connection with the construction, alteration, repair, demolition, reconstruction, or any other improvement to real property that require a license under Parts I and II of Chapter 489, Florida Statutes, within twenty-five (25) business days and (ii) forty five (45) days for all goods and services provided other than construction services.

City may temporarily remove for review any disputed amount, by line item, from an invoice and shall timely provide Contractor written notification of any such disputed charge. Contractor shall provide clarification and a satisfactory explanation to City, along with revised copies of all such documents if inaccuracies or errors are discovered, within ten (10) days of receipt of City's notice of the disputed amount

In the event City has a claim against Contractor for Work performed hereunder which has not been timely remedied in accordance with the provisions of this Article 7, City may withhold payment for the contested amount, in whole or in part, to protect itself from loss on account of defective Work, claims filed or reasonable evidence indicating probable filing of claims by other parties against Contractor, and/or Contractor's failure to make proper payments to subcontractors or vendors for material or labor. When the reason(s) for withholding payment are removed or resolved in a manner satisfactory to City, payment shall be made.

Resolution of improper payment requests or invoices shall be in accordance with §218.76, Florida Statutes, as amended.

C. Invoices. If required by City, Contractor shall submit invoices to City on a monthly basis or on _____.

8. Disputes. Any factual disputes between City and the Contractor in regard to this Agreement shall be directed to the City Manager for the City, and such decision shall be final.

9. Contract Administrators, Notices and Demands.

A. Contract Administrators. During the term of this Agreement, the City's Contract Administrator shall be _____ and the Contractor's Contract Administrator shall be _____ (or their authorized written designee) as further identified below.

B. Notices and Demands. A notice, demand, or other communication hereunder by either party to the other shall be effective if it is in writing and sent via email, facsimile, registered or certified mail, postage prepaid to the representatives named below or is addressed and delivered to such other authorized representative at the address as that party, from time to time may designate in writing and forward to the other as provided herein.

10. Ownership of Documents and Information. All information, data, reports, plans, procedures or other proprietary rights in all Work items, developed, prepared, assembled or compiled by Contractor as required for the Work hereunder, whether complete or unfinished, shall be owned by the City without restriction, reservation or limitation of their use and made available at any time and at no cost to City upon reasonable written request for its use and/or distribution as City deems appropriate provided City has compensated Contractor for said Work product. City's re-use of Contractor's Work product shall be at its sole discretion and risk if done without Contractor's written permission. Upon completion of all Work contemplated hereunder or termination of this Agreement, copies of all of the above data shall be promptly delivered to the City's Contract Administrator upon written request. The Contractor may not disclose, use, license or

sell any work developed, created, or otherwise originated hereunder to any third party whatsoever. The rights and obligations created under this Article shall survive the termination or expiration of this Agreement.

To the extent it exists and is necessary to perform the Work hereunder, City shall provide any information, data and reports in its possession to Contractor free of charge.

11. Termination. City shall have the right to terminate this Agreement, in whole or in part, for convenience, cause, default or negligence on Contractor's part, upon ten (10) business days advance written notice to Contractor. Such Notice of Termination may include City's proposed Transition Plan and timeline for terminating the Work, requests for certain Work product documents and materials, and other provisions regarding winding down concerns and activities.

If there is any material breach or default in Contractor's performance of any covenant or obligation hereunder which has not been remedied within ten (10) business days after City's written Notice of Termination, City, in its sole discretion, may terminate this Agreement immediately and Contractor shall not be entitled to receive further payment for services rendered from the effective date of the Notice of Termination.

In the event of termination, City shall compensate Contractor for all authorized Work satisfactorily performed through the termination date under the payment terms set forth in Article 7 above and all Work product documents and materials shall be delivered to City within ten (10) business days from the Notice of Termination. If any Work hereunder is in progress but not completed as of the date of the termination, then upon City's written approval, this Agreement may be extended until said Work is completed and accepted by City.

12. Force Majeure. Neither party shall be obligated to perform any duty, requirement or obligation hereunder if such performance is prevented by fire, hurricane, earthquake, explosion, war, civil disorder, sabotage, accident, flood, acts of nature or by any reason of any other matter or condition beyond the control of either party which cannot be overcome by reasonable diligence and without unusual expense ("Force Majeure"). In no event shall economic hardship or lack of funds be considered an event of Force Majeure. If either party is unable to perform or delayed in their performance of any obligations hereunder by reason of any event of Force Majeure, such inability or delay shall be excused at any time during which compliance therewith is prevented by such event and during such period thereafter as may be reasonably necessary for either party to correct the adverse effect of such event of Force Majeure.

Contractor must follow all Federal, State, County, and City safety guidelines, including all CDC safety guidelines in effect during the term of the program, including but not limited to social distancing, and personal protection equipment. Inability to conduct the program and follow any and all required safety guidelines from the COVID-19 crisis or other similar emergency, or failure to follow such requirements including, but not limited to, social distancing, shall constitute grounds for immediate cancellation of this Agreement unilaterally by the City upon written notice, which may be provided via electronic mail.

The parties, by mutual agreement, may reschedule the performance of the services to a later date pursuant to the terms of this agreement.

13. Insurance. Contractor shall maintain insurance in accordance with Exhibit "B" throughout the term of this Agreement.

14. Indemnification. Except as expressly provided herein, no liability shall attach to the City by reason of entering into this Agreement.

A. Contractor shall at all times indemnify, hold harmless and defend the City, its officers, officials, employees, volunteers and other authorized agents from and against any and all claims, demands, suit, damages, attorneys' fees, fines, losses, penalties, defense costs or liabilities suffered by the City arising directly or indirectly from any act, breach, omission, negligence, recklessness or misconduct of Contractor and/or any of its agents, officers, or employees hereunder, including any inaccuracy in or breach of any of the representations, warranties or covenants made by the Contractor, its agents, officers and/or employees, in the performance of services of this contract. Contractor agrees to investigate, handle, respond to, provide defense for, and defend any such claims at its sole expense and to bear all other costs and expenses related thereto, even if the claim(s) is/are groundless, false or fraudulent. To the extent considered necessary by City, any sums due Contractor hereunder may be retained by City until all of City's claims for indemnification hereunder have been settled or otherwise resolved, and any amount withheld shall not be subject to payment of interest by City.

B. Contractor acknowledges and agrees that City would not enter into this Agreement without Contractor's indemnification of the City. The parties agree that one percent (1%) of the total compensation paid to Contractor hereunder shall constitute specific consideration to Contractor for the indemnification provided under this Article and these provisions shall survive expiration or early termination of this Agreement.

15. Sovereign Immunity. Nothing in this Agreement shall constitute a waiver by the City of its sovereign immunity limits as set forth in section 768.28, Florida Statutes. Nothing herein shall be construed as consent from either party to be sued by third parties.

16. Non-Assignability and Subcontracting.

A. Non-Assignability. This Agreement is not assignable and Contractor agrees it shall not assign or otherwise transfer any of its interests, rights or obligations hereunder, in whole or in part, to any other person or entity without City's prior written consent which must be sought in writing not less than fifteen (15) days prior to the date of any proposed assignment. Any attempt by Contractor to assign or transfer any of its rights or obligations hereunder without first obtaining City's written approval shall not be binding on City and, at City's sole discretion, may result in City's immediate termination of this Agreement whereby City shall be released of any of its obligations hereunder. In addition, this Agreement and the rights and obligations herein shall not be assignable or transferable by any process or proceeding in court, or by judgment, execution, proceedings in insolvency, bankruptcy or receivership. In the event of Contractor's insolvency or bankruptcy, City may, at its option, terminate and cancel this Agreement without any notice of any kind whatsoever, in which event all rights of Contractor hereunder shall immediately cease and terminate.

B. Subcontracting. Prior to subcontracting for Work to be performed hereunder, Contractor shall be required to obtain the written approval of the City's Contract Administrator. If the City's Contract Administrator, in his/her sole discretion, objects to the proposed subcontractor, Contractor shall be prohibited from allowing that subcontractor to provide any Work hereunder. Although Contractor may subcontract Work in accordance with this Article, Contractor remains responsible for any and all contractual obligations hereunder and shall also be responsible to ensure that none of its proposed subcontractors are listed on the *Convicted Vendors List* referenced in accordance with the provisions of Article 28 below.

17. Performance Under Law. The Contractor, in the performance of duties under the Agreement, agrees to comply with all applicable local, state and/or federal laws and ordinances including, but not limited to, standards of licensing, conduct of business and those relating to criminal activity, and the Americans with Disabilities Act (ADA).

18. Audit and Inspection Records. The Contractor shall permit the authorized representatives of the City to inspect and audit all data and records of the Contractor, if any, relating to performance under the contract until the expiration of three years after final payment under this contract.

The Contractor further agrees to include in all his subcontracts hereunder a provision to the effect that the subcontractor agrees that City or any of their duly authorized representatives shall, until the expiration of three years after final payment under the subcontractor, have access to and the right to examine any directly pertinent books, documents, papers and records of such subcontractor, involving transactions related to the subcontractor.

19. Adherence to Law. Both parties shall adhere to all applicable laws governing their relationship with their employees including, but not limited to, laws, rules, regulations and policies concerning worker's compensation, unemployment compensation and minimum wage requirements.

20. Independent Contractor. The Contractor shall be deemed an independent Contractor for all purposes, and the employees of the Contractor or any of its contractors, subcontractors and the employees thereof, shall not in any manner be deemed to be employees of City. As such, the employees of the Contractor, its Contractors or subcontractors, shall not be subject to any withholding for tax, social security or other purposes by City, nor shall such Contractor, subcontractor or employee be entitled to sick leave, pension benefits, vacation, medical benefits, life insurance, workers or unemployment compensation or the like from City.

21. Contractor cooperation. The Contractor recognizes that the performance of this contract is essential to the provision of vital public services and the accomplishment of the stated goals and mission of City. Therefore, the Contractor shall be responsible to maintain a cooperative and good faith attitude in all relations with City and shall actively foster a public image of mutual benefit to both parties. The Contractor shall not make any statements or take any actions detrimental to this effort.

22. Public Records.

A. The City of Pompano Beach is a public agency subject to Chapter 119, Florida Statutes. The Contractor shall comply with Florida's Public Records Law, as amended. Specifically, the Contractor shall:

1. Keep and maintain public records required by the City in order to perform the service.

2. Upon request from the City's custodian of public records, provide the City with a copy of requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes or as otherwise provided by law.

3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Contractor does not transfer the records to the City.

4. Upon completion of the contract, transfer, at no cost to the City, all public records in possession of the Contractor, or keep and maintain public records required by the City to perform the service. If the Contractor transfers all public records to the City upon completion of the contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the City, upon request from the City's custodian of public records in a format that is compatible with the information technology systems of the City.

B. Failure of the Contractor to provide the above described public records to the City within a reasonable time may subject Contractor to penalties under 119.10, Florida Statutes, as amended.

PUBLIC RECORDS CUSTODIAN

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

CITY CLERK

Pompano Beach, Florida 33060
(954) 786-4611

RecordsCustodian@copbfl.com

23. Governing Law. Agreement must be interpreted and construed in accordance with and governed by the laws of the State of Florida. The exclusive venue for any lawsuit arising from, related to, or in connection with this Agreement will be in the state courts of the Seventeenth Judicial Circuit in and for Broward County, Florida. If any claim arising from, related to, or in connection with this Agreement must be litigated in federal court, the exclusive venue for any such lawsuit will be in the United States District Court or United States Bankruptcy Court for the Southern District of Florida. BY ENTERING INTO THIS AGREEMENT, THE PARTIES HEREBY EXPRESSLY WAIVE ANY RIGHTS EITHER PARTY MAY HAVE TO A TRIAL BY JURY OF ANY CIVIL LITIGATION RELATED TO THIS AGREEMENT.

24. Waiver and Modification.

A. No waiver made by either party with respect to performance, manner, time, or any obligation of either party or any condition hereunder shall be considered a waiver of that party's rights with respect to the particular obligation or condition beyond those expressly waived in writing or a waiver of any other rights of the party making the waiver or any other obligations of the other party.

B. No Waiver by Delay. The City shall have the right to institute such actions or proceedings as it may deem desirable for effectuating the purposes of this Agreement provided that any delay by City in asserting its rights hereunder shall not operate as a waiver of such rights or limit them in any way. The intent of this provision is that City shall not be constrained to exercise such remedy at a time when it may still hope to otherwise resolve the problems created by the default or risk nor shall any waiver made by City with respect to any specific default by Contractor be considered a waiver of City's rights with respect to that default or any other default by Contractor.

C. Either party may request changes to modify certain provisions of this Agreement; however, unless otherwise provided for herein, any such changes must be contained in a written amendment executed by both parties with the same formality of this Agreement.

25. No Contingent Fee. Contractor warrants that other than a bona fide employee working solely for Contractor, Contractor has not employed or retained any person or entity, or paid or agreed to pay any person or entity, any fee, commission, gift or any other consideration to solicit or secure this Agreement or contingent upon or resulting from the award or making of this Agreement. In the event of Contractor's breach or violation of this provision, City shall have the right to terminate this Agreement without liability and, at City's sole discretion, to deduct from the Price Formula set forth in Article 7 or otherwise recover the full amount of such fee, commission, gift or other consideration.

26. Attorneys' Fees and Costs. In the event of any litigation involving the provisions of this Agreement, both parties agree that the prevailing party in such litigation shall be entitled to recover from the non-prevailing party reasonable attorney and paraprofessional fees as well as all out-of-pocket costs and expenses incurred thereby by the prevailing party in such litigation through all appellate levels.

27. No Third Party Beneficiaries. Contractor and City agree that this Agreement and other agreements pertaining to Contractor's performance hereunder shall not create any obligation on Contractor or City's part to third parties. No person not a party to this Agreement shall be a third-party beneficiary or acquire any rights hereunder.

28. Public Entity Crimes Act. As of the full execution of this Agreement, Contractor certifies that in accordance with §287.133, Florida Statutes, it is not on the *Convicted Vendors List* maintained by the State of Florida, Department of General Services. If Contractor is subsequently listed on the *Convicted Vendors List* during the term of this Agreement, Contractor agrees it shall immediately provide City written notice of such designation in accordance with Article 9 above.

29. Entire Agreement. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements or understandings applicable to the matters contained herein, and the parties agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, it is agreed that no deviation from the terms hereof shall be predicated upon any prior representations or agreements, whether oral or written.

30. Headings. The headings or titles to Articles of this Agreement are not part of the Agreement and shall have no effect upon the construction or interpretation of any part of this Agreement.

31. Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. A photocopy, email or facsimile copy of this Agreement and any signatory hereon shall be considered for all purposes as original.

32. Approvals. Whenever CITY approval(s) shall be required for any action under this Agreement, said approval(s) shall not be unreasonably withheld.

33. Absence of Conflicts of Interest. Both parties represent they presently have no interest and shall acquire no interest, either direct or indirect, which would conflict in any manner with their performance under this Agreement and that no person having any conflicting interest shall be employed or engaged by either party in their performance hereunder.

34. Binding Effect. The benefits and obligations imposed pursuant to this Agreement shall be binding and enforceable by and against the parties hereto.

35. Employment Eligibility. By entering into this Contract, the Contractor becomes obligated to comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility." This includes but is not limited to utilization of the E-Verify System to verify the work authorization status of all newly hired employees, and requiring all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. Failure to comply will lead to termination of this Contract, or if a subcontractor knowingly violates the statute, the subcontract must be terminated immediately. Any challenge to termination under this provision must be filed in the Circuit or County Court no later than 20

calendar days after the date of termination. If this contract is terminated for a violation of the statute by the Contractor, the Contractor may not be awarded a public contract for a period of 1 year after the date of termination.

36. Severability. Should any provision of this Agreement or the applications of such provisions be rendered or declared invalid by a court action or by reason of any existing or subsequently enacted legislation, the remaining parts of provisions of this Agreement shall remain in full force and effect.

THE REMAINDER OF THE PAGE IS INTENTIONALLY LEFT BLANK

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed the day and year hereinabove written.

ADDENDUM #1, RFP E-03-22

UNLEADED GASOLINE & DIESEL FUEL FOR SOUTHEAST FLORIDA GOVERNMENTAL PURCHASING COOPERATIVE GROUP

To Whom It May Concern,

I. The following changes have been made to Attachment A, page 2:

- Section 2.2 currently reads:

Pricing of Unleaded 87 Octane Gasoline is to be proposed using the following methodology:

Daily Published ***OPIS Gross CBOB Ethanol 10% Unleaded Unbranded Rack Average Price*** (For the applicable Reid Vapor Pressure - RVP on the date of delivery of product at the rack).

Plus

Positive or Negative differential proposed for 87 Octane Unleaded on Proposal Form, Paragraph 6. (Differential to be constant regardless of the applicable RVP.)

- Section 2.2 has been revised to read:

Pricing of Unleaded 87 Octane Gasoline is to be proposed using the following methodology:

Daily Published ***OPIS Gross CBOB Ethanol 10% Unleaded Unbranded Rack Average Price*** (For the applicable Reid Vapor Pressure - RVP on the date of delivery of product at the rack).

Plus

Positive or Negative differential proposed for 87 Octane Unleaded per section 2.1. (Differential to be constant regardless of the applicable RVP.)

II. The following changes have been made to Attachment A, pages 2 and 3:

- Section 2.3 currently reads:

Pricing of Ultra Low Sulfur Diesel #2 is to be proposed using the following methodology:

Daily Published OPIS Gross Ultra Low Sulfur Distillate No. 2 ***Unbranded Rack Average*** prices.

Plus

Positive or Negative differential proposed for Diesel Fuel #2 Ultra Low Sulfur on Proposal Form, Paragraph 6.

- Section 2.3 has been revised to read:

Pricing of Ultra Low Sulfur Diesel #2 is to be proposed using the following methodology:

Daily Published OPIS Gross Ultra Low Sulfur Distillate No. 2 ***Unbranded Rack Average*** prices.

Plus

Positive or Negative differential proposed for Diesel Fuel #2 Ultra Low Sulfur per Section 2.1.

III. Attachment F - Sample Invoice, which included a bill of lading and invoice for diesel fuel, has been replaced by Attachment F – Sample Invoice Diesel and Unleaded Gasoline, which includes bills of lading and invoices for both diesel and unleaded gasoline.

IV. Attachment G - Product and Account Gallon Report has been added to the Attachments Tab of the City's eBid System.

V. Attachment H - E-13-17 Analysis Comparison Ranking has been added to the Attachments Tab of the City's eBid System.

VI. Attachment I - E-13-17 Voting Matrix has been added to the Attachments Tab of the City's eBid System.

VII. Attachment J - Sample Service Contract has been added to the Attachments Tab of the City's eBid System.

Addendum #1 is posted on the City's eBid website: http://pompanobeachfl.ionwave.net. Acknowledge receipt of this Addendum using the Addendum Attribute on the Attributes tab in the eBid System.

The deadline for receipt of written questions has passed.

The deadline for acceptance of proposals in the eBid system has been **extended** to **2:00:00 p.m. (local), December 6, 2021.**

The remainder of the solicitation is unchanged at this time.

Sincerely,

Jeff English, Purchasing Agent

Online Questions & Answers

Event Information

Number:	E-03-22 Addendum 1
Title:	Unleaded Gasoline & Diesel Fuel
Type:	Request for Proposals
Issue Date:	10/28/2021
Question Deadline:	11/22/2021 05:00 PM (ET)
Response Deadline:	12/6/2021 02:00 PM (ET)
Notes:	

The City of Pompano Beach, Lead Agency and hereinafter referred to as the City, is seeking proposals from qualified companies to provide unleaded gasoline and diesel fuel to participating agencies of the Southeast Florida Governmental Purchasing Cooperative Group (Cooperative).

The City will receive sealed Proposals until **2:00:00 p.m. (local), December 6, 2021**. Proposals must be submitted electronically through the eBid System on or before the due date/time stated above. Any Proposal received after the due date and time specified will not be considered. Any uncertainty regarding the time a Proposal is received will be resolved against the Proposer.

Proposer must be registered on the City's eBid System in order to view the solicitation documents and respond to this solicitation. The complete solicitation document can be downloaded for free from the eBid System as a pdf at: https://pompanobeachfl.ionwave.net. The City is not responsible for the accuracy or completeness of any documentation the Proposer receives from any source other than from the eBid System. Proposer is solely responsible for downloading all required documents. A list of Proposers will be read aloud in a virtual public forum. To attend the virtual public meeting, go to https://www.pompanobeachfl.gov/meetings to find the link.

Published Questions

Question: Could you please provide a copy of the previous bid tabulations as well as copies of BOLs and Invoices for both gas and diesel? Is this bid broken up in the trailer load and tank wagon deliveries? Is this an all or nothing bid? What is the average delivery size per location? What is the total estimated delivered volume per year? The turnaround time for invoices is 24 hours, does the vendor need to provide backups with the invoice? Could you please provide the street address and cities for these locations? Main Courthouse Shop N Regional courthouse Midrise Main Library S Regional Courthouse Public Safety Bldg 1 Public Safety Bldg 2 Public Safety Bldg 3 W Regional Courthouse Medical Examiner Booher Bldg. Answer: The previous solicitation was not a bid, but an RFP. Attachment H - Analysis comparison ranking has been provided in Addendum - 1.

Attachment F- Sample Invoice Diesel and Unleaded Gasoline has been provided in Addendum - 1.

Yes, proposals should have separate amounts for transport loads and tank wagon deliveries.

Yes, this is an all or nothing RFP.

Attachments D and G provide delivered volume information.

Yes. Bills of Lading should be received with delivery of product. Quick invoice turn-around facilitates prompt payment from municipalities.

Asked: 11/22/2021 10:55 AM (ET)

Question:	Would the Southeast FL Coop consider extending the due date?
Answer:	The deadline has been extended to 12/6/2021.
Asked:	11/19/2021 02:30 PM (ET)
Question:	Can you please provide the addresses for the Broward County EOC, West Tank 1 & 2 & Mental Health?
Answer:	Broward EOC 201 NW 84th Ave., Plantation, 33324
Asked:	11/19/2021 02:30 PM (ET)
Question:	Can you please provide the addresses for Broward County Public Safety Buildings 1, 2 & 4?
Answer:	2601 W Broward Blvd., Fort Lauderdale, 33312 - 701 SW 71st Ave., North Lauderdale, 33068 - 120 SW 3rd St., Pompano Beach, 33060
Asked:	11/19/2021 02:29 PM (ET)
Question:	If a split occurs, is the fee to be included in the bid differential pricing or a separate line item on the invoice?
Answer:	There shall be no fee for the split.
Asked:	11/19/2021 02:28 PM (ET)
Question:	If a split occurs, how many sites are to be split per delivery?
Answer:	A maximum of two sites.
Asked:	11/19/2021 02:28 PM (ET)
Question:	What percentage of time are deliveries split between multiple locations?
Answer:	Less than five percent (5%) of all transport loads are split locations.
Asked:	11/19/2021 02:28 PM (ET)
Question:	Are gas and diesel delivered together on the same shipment?
Answer:	Yes, about 10% of all transport loads are split product.
Asked:	11/19/2021 02:28 PM (ET)
Question:	Would the SE Florida Coop be able to provide historical monthly volume usages by fuel grade?
Answer:	Attachment G - Product and Account Gallon Report is included in Addendum - 1.
Asked:	11/19/2021 02:27 PM (ET)
Question:	When will the awarded vendor be notified to lock the fixed price?
Answer:	The figure for unbranded rack average +/- the differential of the awarded company will be finalized at negotiation.
Asked:	11/19/2021 02:26 PM (ET)

Question: How will the awarded vendor be notified to lock the fixed price?

Answer: The figure for unbranded rack average +/- the differential of the awarded company will be finalized at negotiation.

Asked: 11/19/2021 02:25 PM (ET)

Question: If you were to award/select a fixed price, do you want a “all in” price or just a differential to the NYMEX?

Answer: Taxes will not be included in the proposed differential.

Asked: 11/19/2021 02:25 PM (ET)

Question: Will the above ground tanks require the delivery truck to provide a pump for offloading?

Answer: Yes.

Asked: 11/19/2021 02:25 PM (ET)

Question: Or are wet signatures required for bids to be considered responsive?

Answer: An electronic signature may be permitted for the RFP response, but the awarded company shall be required to provide a wet signature to execute the contract resulting from this RFP

Asked: 11/19/2021 02:24 PM (ET)

Question: Will bids be considered responsive if electronic signatures are used? (i.e. DocuSign)

Answer: An electronic signature may be permitted for the RFP response, but the awarded company shall be required to provide a wet signature to execute the contract resulting from this RFP.

Asked: 11/19/2021 02:24 PM (ET)

Question: Who is the current vendor?

Answer: Port Consolidated, Inc.

Asked: 11/19/2021 02:24 PM (ET)

Question: Please provide tax exemptions / certificates.

Answer: As a part of executed individual municipal contracts, the awarded company will receive tax exemption certificates from each of the respective municipalities.

Asked: 11/19/2021 02:24 PM (ET)

Question: Please provide the tabulations for the current contract.

Answer: The Analysis Comparison Ranking and Voting Matrix for E-13-17 are included in Addendum - 1.

Asked: 11/19/2021 02:23 PM (ET)

Question: Can you push this back a week or 2 with the the Thanksgiving Holiday being just before the bid opening?

Answer: The deadline has been extended to 12/6/2021.

Asked: 11/18/2021 11:29 AM (ET)

Question: Can we look at the last weighted tabulations from this bid?

Answer: The Analysis Comparison Ranking and Voting Matrix for E-13-17 are included in Addendum - 1.

Asked: 11/18/2021 11:27 AM (ET)

Question: The due date for submission is the Monday after Thanksgiving. Would you consider moving the submission date a day or two later?

Answer: The deadline has been extended by one week to 12/6/2021.

Asked: 11/8/2021 04:27 PM (ET)

Question: Do any of the sites in need of marine product?

Answer: Marine product is not addressed in this RFP.

Asked: 11/8/2021 04:25 PM (ET)

Question: 13. What is the average delivery size received by each location? 14. Do you have a minimum gallon order quantity? 15. What is the anticipated award date? 16. Is there a local preference for this bid? 17. If yes, how is the local preference calculated into the scoring for award? 18. Will Federal Environmental Recover Fee, Federal LUST, and miscellaneous county taxes / fees be included in price differential or shown as a separate line item on invoice? 19. Are taxes to be included in the differential pricing? 20. What percentage of total volume will be locked under the fixed price agreement? 21. Will the entity lift gallons from the “open market” while also under the locked fixed NYMEX price contract? 22. In light of the current COVID-19 pandemic, will an electronic signature be allowed in this solicitation, or does AISD require a “wet” signature?

Answer: 13. This information is not available.
14. The Alternate Fuels section (Section F-8-c of the solicitation document) is the only section where minimums have been expressly permitted.
15. 1/11/2022 is the tentative award date.
16. There is no local preference for this solicitation.
17. There is no local preference for this solicitation.
18. Taxes will be shown on a separate line item on invoice.
19. No.
20. Upon execution of its individual contract each participating agency will purchase all of its contracted fuel under this agreement.
21. Upon execution of its individual contract each participating agency will purchase all of its contracted fuel under this agreement.
22. An electronic signature may be permitted for the RFP response, but the awarded company shall be required to provide a wet signature to execute the contract resulting from this RFP.

Asked: 11/8/2021 10:31 AM (ET)

Question: 9. Please provide site delivery addresses for the following 8 locations as they are blank on Attachment B: a. Town of Palm Beach, D-7 Storm Station Australian (DOCKS), Palm Beach. b. City of West Palm Beach: i. Valley Forge Re-Pump ii. Cumberland Re-Pump iii. Kaye St Re-Pump iv. St Mary's Re-Pump v. Ibis Re-Pump vi. Palm Beach Re-Pump vii. Other Fire Stations c. Broward County Sheriff, MM 35 Alligator Alley 10. Please provide tank sizes for the following locations: a. 3201 W Copans Rd, Pompano Beach b. 3201 W Copans Rd Ft. Lauderdale c. 1521 N 14th Ave, Hollywood d. 13900 Pembroke Rd, Miramar e. 3376 Summit Blvd, West Palm Beach f. 4375 Easley Dr, West Palm Beach g. 220 SW 14th Ave, Ft. Lauderdale h. 949 NW 38 St, Ft. Lauderdale 11. Please provide annual volume per site per tank. 12. Please provide the estimated amount on gallons that are expected to be delivered by Transport truck and how many are to be delivered by Tank Wagon?

Answer: 9.

a. There is no physical address [like a building address] because the fuel tank is between the Australian and Peruvian Docks. Google Earth shows the closest address is 378 South Lake Dr.

b.
i-vi. No longer in service. Disregard
vii, 700 N Congress Ave.

10. Tank sizes are stated in Attachment B

c. Correct address is 1621 N 14th Ave.

11. Attachment G - Product and Account Gallon Report will be included in Addendum-1.
12. Transport volume is approximately 75% of the total volume, and Tank Wagon volume is approximately 25% of the total volume.

Asked: 11/8/2021 10:31 AM (ET)

Question: Standard Bid Questions / Clarifications: Mansfield Oil Company of Gainesville, Inc. will be participating in the bidding process of the above-referenced project. To accurately prepare our submission, we need clarification/answers to the following questions: 1. Which OPIS city are vendors to base their price proposal off of? 2. Would all entities need an OPIS subscription? 3. Are there any entities in locked fixed pricing currently? 4. Do you plan to award to one vendor? 5. Do you plan to split the award between multiple vendors? 6. How often are deliveries split between multiple locations? 7. Please provide a current gas and diesel invoice. 8. Please provide a current gas and diesel Bill of Lading.

Answer: 1. Miami
2. Attachment A Section 9 "OPIS MEMBERSHIP" reads as follows:
Successful Proposer shall provide City either a subscription to the latest edition of the OPIS Publication PAD 1 report edition, or OPIS Invoice Checker or similar OPIS product that will allow the City to validate the Successful Proposer’s pricing on an as needed basis.
3. Attachment D includes a list of participating agencies who have agreed to purchase fuel under the terms and conditions of the contract resulting from this RFP.
4. Yes the awards for this contract will be to a single vendor.
5. No.
6. Less than five percent (5%) of all transport loads are split locations.
7. Per Addendum - 1, Attachment F has been revised to include bills of lading and invoices for both diesel and unleaded fuel.
8. Per Addendum - 1, Attachment F has been revised to include bills of lading and invoices for both diesel and unleaded fuel.

Cover Letter – UNLEADED GASOLINE & DIESEL FUEL FOR SOUTHEAST FLORIDA GOVERNMENTAL COOPERATIVE GROUP – RFP E-03-22

Dear Mr. English:

On behalf of Port Consolidated, I would like to thank the City of Pompano Beach for the opportunity to participate in this RFP. Below you will find our official contact information.

Name of Firm: Port Consolidated
Physical Address: 3141 SE 14th Ave., Ft. Lauderdale, FL 33316
Mailing Address: PO Box 350430, Ft. Lauderdale, FL 3333
Corporate Website: www.portconsolidated.com
Corporate Phone: 800-683-5823
Corporate Fax: 954-527-1191
Point of Contact: Don Carlton, President
E-Mail Address: dcarlton@portconsolidated.com

Per the terms of the RFP, the following is a brief outline of Port Consolidated and its history:

- The company has been marketing petroleum products in Florida since 1967.
- We have locations in Miami, Ft. Lauderdale, Pompano, Riviera Beach, West Palm Beach, Fort Pierce, Fort Myers, Tampa, Orlando, Palatka, Jacksonville, and Fernandina Beach.
- Port Consolidated currently supplies a multitude of municipalities throughout the State of Florida for not only day to day supplies, but hurricane and emergency fuel as well.

PORT Consolidated
3141 SE 14th Ave. • P.O. Box 350430
Ft. Lauderdale, FL 33335
Phone: (954) 522-1182
Fax: (954) 527-1191
Toll Free: (800) 683-5823

- Our company owns and operates a fleet of over 60 tankwagons and over 60 tractor trailers, which gives us the largest and most comprehensive delivery capabilities in the area.

- We currently have supply agreements with several major oil companies, notably Chevron, Marathon, Valero, Metroplex, Colonial, Musket, Indigo Energy, and Motiva. These supply agreements allow us to pull product from not just Port Everglades, but the Ports of Tampa, Canaveral, Jacksonville, Orlando, and Savannah as well. Our ability to pull product from multiple suppliers, in multiple Ports, during emergency situations allows us to continue to supply our customer base while our competitors will be forced to sit on the sideline.

- We own and operate over 15 different petroleum storage facilities throughout the State of Florida.

- Port Consolidated is privately owned and is registered as an "S" Corp with the State of Florida.

Should you or the City of Pompano Beach Purchasing Division have any questions on this proposal, please feel free to contact me at any time.

Sincerely,

Don Carlton
President

Obligations of Co-Op Participants – UNLEADED GASOLINE & DIESEL FUEL FOR SOUTHEAST FLORIDA GOVERNMENTAL COOPERATIVE GROUP – RFP E-03-22

Dear Mr.English:

Per the terms of the RFP, the following is a brief description of the obligations of the Co-op participants.

1. All Participants' storage tanks must be registered accordingly with all local code enforcement agencies.
2. Participating agencies can order fuel Monday through Friday from 7:30 AM to 5:00 PM.
3. Orders will be accepted via phone, or e-mail. Automatic deliveries and/or weekly top-offs are recommended for tankwagon deliveries.
4. Orders in by 3 PM are guaranteed next day service.
5. Port Consolidated expects Co-op participates to pay within the defined terms of the agreement. Failure to do so may result in refusal of service.
6. Port Consolidated does not have volume purchase requirements for participating agencies. However, if an agency does not purchase product on a regular basis, we cannot guarantee supply during an emergency situation.

Should you or the City of Pompano Beach Purchasing Division have any questions on this proposal, please feel free to contact me at any time.

Sincerely,

Don Carlton
President
Port Consolidated

Contingency Plan of Action – UNLEADED GASOLINE & DIESEL FUEL FOR SOUTHEAST FLORIDA GOVERNMENTAL COOPERATIVE GROUP – RFP E-03-22

Dear Mr. English:

Per the terms of the RFP, the following is a brief description of our Contingency Plan of Action.

1. Port Consolidated has contracted with 4 different suppliers in Port Everglades for approximately 5 million gallons per month of diesel and 1 million gallons per month of gasoline.
2. Port Consolidated has contracted with 3 different suppliers in the Port of Tampa and Orlando for approximately 3 million gallons per month of diesel and 375K gallons per month of gasoline.
3. Port Consolidated also has active accounts in Port Everglades with 4 other suppliers.
4. Port Consolidated operates 13 different petroleum storage facilities in Florida that can hold up to 3 million gallons of product.
5. Port Consolidated has more rolling assets than any supplier in the State of Florida. We have the ability to shift those assets from one market to another depending on where the emergency needs arise.
6. Port Consolidated fills any/all petroleum storage available throughout its network prior to any named storm. This storage capacity will allow us continuous operation while the other terminals are not releasing product.
7. Port Consolidated operates 9 offices throughout the State of Florida. We have computer servers stored at a hurricane proof facility in Dade and Broward County. Our office can function from any one of our 9 offices throughout the State.
8. Port Consolidated has a fleet of mobile generators in stock to position at any of our locations that may experience a power outage.

PORT Consolidated
3141 SE 14th Ave. • P.O. Box 350430
Ft. Lauderdale, FL 33335
Phone: (954) 522-1182
Fax: (954) 527-1191
Toll Free: (800) 683-5823

9. Port Consolidated operates 6 different Cardlock facilities (private fueling stations) throughout the Tri-County area. These facilities are not open to the public. They do require card activation through the CFN network.
10. Port Consolidated has the ability to pull product from all other Florida Ports should Port Everglades become incapacitated.

These 10 simple steps should allow us to function properly throughout a time of crisis.

Should you or the City of Pompano Beach Purchasing Division have any questions on this proposal, please feel free to contact me at any time.

Sincerely,

Don Carlton
President
Port Consolidated

RFP E-03-22
UNLEADED GASOLINE & DIESEL FUEL FOR SOUTHEAST FLORIDA GOVERNMENTAL PURCHASING COOPERATIVE GROUP

ATTACHMENT "A"
SPECIFICATIONS & REQUIREMENTS

The table included in Attachment "B" provides information from each Participating Agency as regards the size, type and location of fuel storage tanks and their estimated *monthly* usage of the various fuels included in this Request for Proposals.

1. SPECIFICATIONS

1.1 Successful Proposer will sell to all participating agencies the following products (the "Products"):

- "Ultra Low Sulfur diesel": No. 2 Ultra Low Sulfur, on-road, clear, taxable diesel fuel per ASTM D975-08a specifications, or latest revision.
- "Ethanol Gasoline": 10% Ethanol blended gasoline per ASTM D4814-07b specifications, or latest revision.

1.2 Additional, Optional Fuel Products:

- Midrange Unleaded Gasoline: Minimum Octane of 89.0
- Ultra Low Sulfur #2 Red Dye Diesel
- "5% Biodiesel Fuel": Ultra Low Sulfur 5% Biodiesel blended fuel, on-road, clear, taxable diesel fuel. The B100 will conform to ASTM D6751-08 or latest revision.
- "20% Biodiesel Fuel": Ultra Low Sulfur 20% Biodiesel blended fuel, on-road, clear, taxable diesel fuel. The B100 will conform to ASTM D6751-08 or latest revision.
- E85 Fuel Ethanol: Shall conform to the chemical and physical standards for fuel Ethanol as set forth in the ASTM International Designation D5798-99,"Standard specification for fuel Ethanol (Ed 75-Ed85) for Automotive Spark-Ignition Engines".
- Bulk Diesel Fuel Exhaust Fluid (DEF)

1.3 The products supplied as a result of this Request for Proposals must conform to the specifications of the State of Florida and comply with all Federal, State and local laws and regulations as applicable on date of delivery.

2. PRICING METHODOLOGY:

2.1 Prices proposed are to be F.O.B. delivered expressed as a positive or negative differential from the applicable daily ***OPIS*** price published in the "OPIS Contract Benchmark File" as described herein ***for the date of delivery of product*** to the Participating Agency and are exclusive of all Federal, State and County Excise taxes and fees. Any other applicable taxes and fees shall be added at the time of invoicing. See Paragraph 3, TAXES .

Item No.	Description	Transport Delivery Differential Proposed (+)/(-) per gallon*	Tankwagon Delivery Differential Proposed (+) (-) per gallon*
1	87 Octane Unleaded	$ (+) 0.039	$ (+) 0.189
2	Diesel Fuel #2 Ultra Low Sulfur	$ (+) 0.039	$ (+) 0.189
3	Lump Sum Additional Delivery Charge for Deliveries beyond 30 mile radius of Port Everglades only.	$.Ø /each	$.Ø /each

* Calculate differential proposed to fourth decimal point. Differential proposed to remain firm during initial contract period and any renewal period, except as provided below.

Note: If your proposal is contingent on your firm being awarded a contract for all products and all delivery methods, Proposer must indicate this condition in the proposal response.

2.2 Pricing of Unleaded 87 Octane Gasoline is to be proposed using the following methodology:

Daily Published ***OPIS Gross CBOB Ethanol 10% Unleaded Unbranded Rack Average Price*** (For the applicable Reid Vapor Pressure - RVP on the date of delivery of product at the rack)

Plus

Positive or Negative differential proposed for 87 Octane Unleaded on Proposal Form, Paragraph 6. (Differential to be constant regardless of the applicable RVP.)

2.3 Pricing of Ultra Low Sulfur Diesel #2 is to be proposed using the following methodology:

Daily Published OPIS Gross Ultra Low Sulfur Distillate No. 2 ***Unbranded Rack Average*** prices.

Plus

Positive or Negative differential proposed for Diesel Fuel #2 Ultra Low Sulfur on Proposal Form, Paragraph 6.

2.4 The price proposed with differential shall include the vendor's cost of product, vendor's profit, the cost of delivery within a 30-mile radius of Port Everglades, and any and all other costs. A lump sum, additional delivery charge only applicable to deliveries beyond a thirty (30) mile radius of Port Everglades may be proposed on the pricing sheet. Within the thirty (30) mile radius of Port Everglades the proposed costs must include delivery regardless of the actual varying road miles required to be driven to make deliveries within that radius to each tank location. The firm markup or discount for Unleaded Gasoline or Diesel shall not change during the negotiated term of the contract, except for circumstances described under 3. PROPOSER'S COST INCREASES AND SURCHARGES. No other charges shall be added. Differential must be expressed in dollars and/or cents per gallon.

2.5 The selected proposer shall advise the Lead Agency of all available Federal or State credits and discounts available on all fuel types being purchased herein. The selected proposer shall apply all applicable credits and discounts to the price charged to the Co-Op and identify and reflect the discount on the applicable invoices. (Note: the applicable credits and discounts will be incorporated after award and shall not be reflected in the Price proposal Schedule.)

2.6 Alternative Fuels

Considering the dynamic nature of fuel technology and the growing demand for alternative fuels, the Co-Op reserves the right to add any alternative fuel to the fuel types required. When such a need arises, the Co-Op shall contact the selected Proposer to determine if the selected proposer has the ability to provide or obtain the alternative fuel. The Co-Op shall provide the selected Proposer with information on the fuel type, the technical specifications of the fuel, the acceptable operating parameters, the estimated quantities, delivery requirements, and any other relevant information available. The selected proposer shall submit a written price offer for the supply of the alternative fuel for the Co-Op's review and approval.

However, if the selected proposer is unable to supply the alternative fuel type, or the Co-Op does not accept the selected proposer's price offer, the Co-Op shall have the right to purchase the alternative fuel elsewhere.

2.7 Additional Fuel Products: Proposers may submit under a separate cover a price proposal on the following fuels. Proposers must outline the Pricing Methodology for each additional fuel product proposed.

Item No.	Description
1	Midrange Unleaded 89 Octane
2	Recreational Unleaded 90 Octane
3	Ultra Low Sulfur #2 Red Dye Diesel

4	Biodiesel Fuel B5
5	Biodiesel Fuel B20
6	E85 Fuel Ethanol
7	Bulk Diesel Fuel Exhaust Fluid (DEF)

3. PROPOSER'S COST INCREASES AND SURCHARGES

The City may, in its sole discretion, allow for a temporary surcharge to be added to the differential proposed. If the cost of labor or diesel fuel are affected by extreme or unforeseen volatility in the cost of labor or diesel fuel that satisfy all the following criteria: 1) the volatility is due to causes wholly beyond the successful Proposer's control; 2) the volatility affects the marketplace or industry, not just the particular successful Proposer's source of supply and/or labor; 3) the effect on pricing or availability of supply is substantial; and 4) the volatility so affects the successful Proposer's continued performance of the Contract would result in substantial loss. Any temporary surcharge would require irrefutable evidence and written approval by the City's Manager or their designee.

The successful Proposer and City shall negotiate a time frame for the temporary surcharge, and reevaluate the need for said surcharge upon the end of the negotiated time frame. Should the unforeseen volatility end, and the costs to the successful Proposer are reduced and no longer result in substantial loss, the temporary surcharge must be terminated. If it is determined that the additional unforeseen costs will not abate for the remaining duration of the contract term, the parties reserve the right to negotiate an amendment to the resulting agreement and the proposed differential.

4. TAXES:

4.1 The agencies listed herein are counties, municipalities or subdivisions of the State of Florida and are exempt from Federal Gasoline and Diesel (excise) Road taxes and Florida Sales Tax.

4.2 Proposals will be considered only from Proposers who do not require the payment of these taxes.

5. SUBSTITUTE/ALTERNATE METHOD FOR PRICE ADJUSTMENT:

5.1 The City reserves the right, based on mutual agreement with the successful proposer, to substitute an alternate method for price adjustment for a specified, negotiated period of time if:

A. An interruption in the OPIS Index is experienced beyond existing scheduled holidays (Independence Day, Christmas, etc.), or

B. The listing of prices for the OPIS Index are interrupted or modified to a degree which would require alteration of the computation formula to determine a fair price, or

C. The use of the OPIS Index prices becomes non-representative of the market.

D. The Successful Proposer provides clear and convincing proof that market conditions unrelated to the OPIS Index have been materially altered from those that existed at the time of award or renewal of contract. Such proof may consist of contracts with suppliers, invoices or published indexes, etc.

5.2 The City may, if deemed to be in the City's best interest, elect to modify the pricing methodology in the situations listed above in the following manner using any nationally recognized, published benchmark or index.

The firm markup or discount will include the vendor's cost of product, profit, delivery costs and any other costs. The firm markup or discount for Unleaded Gasoline or Diesel shall not change during the negotiated term of the contract amendment, except for circumstances described under 3. PROPOSER'S COST INCREASES AND SURCHARGES. No other charges shall be added.

5.3 If it is determined by the City to be in its best interest to substitute an alternate method for price adjustment as specified above, the contractor(s) will be notified thirty (30) days prior to the effective date for the alternate adjustment. If an alternate price adjustment method is not acceptable to all awarded contractor(s), the City may cancel this contract in whole or in part by giving the contractor(s) ninety (90) days prior written notice.

6. INVOICING

6.1 All invoices shall be provided to each participating agency via an electronic method within twenty-four (24) hours of date of delivery of product. Each invoice shall reference the date of the applicable published ***OPIS*** price for that day with the appropriate differential as per the contract. Successful proposer shall list separately on invoice each individual non-exempt tax/fee and the amount of the differential.

7. ORDERING & PAYMENT:

7.1 Each participating governmental agency will, based on the award of contract made by the Lead Agency and with the same prices, terms, and conditions establish its own contract with the successful proposer(s) in a manner acceptable to the successful proposer; will issue its own purchase orders; will require separate billing and will issue its own tax exemption certificates as required by the successful proposer.

7.2 The City of Pompano Beach Purchasing Division will furnish a copy of proposers list and any other information submitted with the proposals to all participating agencies.

7.3 Payment will be ***made by each Participating Agency*** within fifteen (15) calendar days from delivery of product at Participating Agencies location via wire transfer to seller's account and bank, as indicated on the invoice.

7.4 It is understood and agreed that the City of Pompano Beach is not a legally bound party to any contractual agreement made between any other agency and the successful proposer as a result of this Request for Proposals.

7.5 After award of contract(s) to successful proposer(s) the City reserves the right to issue purchase orders in accordance with the terms of this contract.

8. Reporting Requirements

The selected Proposer shall submit to the Lead Agency a Fuel Purchasing Report on a monthly basis. The fuel Purchasing Report shall include fuel volume totals by fuel type for each participating agency. The report shall also include a "Grand Total" (year-to-date) fuel volume for all Participating Agencies for each fuel type. The required fields are the following:

- Reporting Period (specify month)
- Participating Agency
- Delivery volume (do not round off reported volume amounts, allow volumes to be reported up to as many decimal places as needed).
- Subtotal volume (per fuel type for each Participating Agency)
- Cumulative Total Volume Year to Date (per fuel type for all Participating Agencies)
- Note regarding fuel types: report must specify the ethanol and biodiesel blend being delivered.

The Fuel Purchasing Report shall be sent in electronic format (Excel format preferred) via email to: purchasing@copbfl.com.

9. OPIS MEMBERSHIP

Successful Proposer shall provide City either a subscription to the latest edition of the OPIS Publication PAD 1 report edition, or OPIS Invoice Checker or similar OPIS product that will allow the City to validate the Successful Proposer's pricing on an as needed basis.

10. DELIVERY REQUIREMENTS

For the purposes of this section the term Carrier shall mean the Seller or an independent contractor hired by the Seller for the delivery of fuel to the Participating Agencies.

10.1 LEGAL REQUIREMENTS:

A. Compliance with Laws and Codes: Federal, State, County, and local laws, ordinances, rules and regulations that in any manner, affect the terms covered herein apply. Lack of knowledge by Carrier shall in no way be a cause for relief from

responsibility. The Carrier shall strictly comply with Federal, State and Local building and safety codes. Equipment shall meet all State and Federal Safety Regulations.

B. **Independent Contractor Relationship:** The Carrier is, and shall be, in the performance of all work, services, and activities under the Agreement, an Independent Contractor and not an employee, agent, or servant of any Participating Agency. All persons engaged in any of the work or services performed pursuant to this Contract shall at all times, and in all places, be subject to the Carrier's sole direction, supervision, and control. The Carrier shall exercise control over the means and manner in which it and its employees perform the work and in all respects the Carrier's relationship, and the relationship of its employees, to any Participating Agency shall be that of an independent contractor and not as employees or agents of any Participating Agency.

C. **Certifications, Licenses and Permits:** Carrier shall provide a copy of all applicable Certificates of Competency issued by the State of Florida in the name of the Carrier. It shall also be the responsibility of the Carrier to submit prior to commencement of work a current Occupational License and all permits required to complete this contractual service at no additional cost. It is the responsibility of the Carrier to ensure that all required certifications, licenses and permits are maintained in force and current throughout the term of the Agreement.

11. DELIVERY/RESPONSE TIME:

A. Delivery shall be required within twenty-four (24) hours unless an alternate delivery date has been requested by the Participating Agency.

B. Daily orders shall be placed by e-mail from a participating agency representative by 10:00 a.m., Monday through Friday.

C. Deliveries shall be made within 24 hours of order placement unless the participating agency specifically requests otherwise as indicated on the order, in which case, requested delivery date and time shall become the required delivery time.

D. Orders placed on Friday shall be delivered no later than 5:00 p.m. the following Monday, unless the participating agency specifically requests otherwise, in which case, requested delivery date and time, shall become the required delivery time. The participating agency shall not require the carrier to deliver on Sundays (except for declared emergency situations).

E. A transport load shall be defined as no less than 7,500 gallons of Ethanol blended or regular gasoline or no less than 7,000 gallons of Ultra Low Sulfur Diesel or 5% biodiesel fuel or 20% biodiesel fuel.

F. The Participating Agencies reserve the right to split any load between no more than two delivery sites for their agency.

G. If the carrier is unable to meet the delivery requirements, it shall be the responsibility of the carrier to notify the participating agency within 2 hours of the delay occurring so that the participating agency can determine if it needs to transfer fuel between its sites to cover delay.

H. At time of delivery, carrier shall present a delivery ticket/bill of lading to a participating agency representative, or if requested, deliver document to a specified location. The delivery ticket/bill of lading shall include:

- Bill of lading number.
- Name of supplier and carrier.
- Date and time of delivery.
- Type of fuel delivered.
- Gross gallons and net gallons delivered.
- Inches in fuel tank, before and after delivery.
- Driver's signature.
- Signature of participating agency employee receiving delivery, unless otherwise indicated.
- Delivery address.

I. Carrier shall be adequately equipped, staffed, and supplied to, promptly, and efficiently, furnish, deliver, and dispense, all products that are submitted at various facilities.

J. Carrier shall have the ability to fill above-ground tanks.

K. Carrier shall be fully responsible for any and/or all actions of their employees that require clean up or ground sterilization as the result of an "improper" delivery. Carrier shall have and shall maintain those types and quantities of materials necessary to contain spilled product(s). Carrier shall be responsible for prompt and thorough cleanup of all spillage, as per EPA specifications, and for any agency fines or fees that result from contamination.

L. Discovery or occurrence of a spill, on overfill, excess water in the tank, suspected contamination of surrounding area, suspected tank failure, or any other indication of chemical release shall be immediately reported by the Carrier to the participating agency. Where the event is directly or indirectly the result of carrier's actions, the carrier shall also affect containment and initiate cleanup immediately.

M. All transport truck deliveries will be temperature adjusted to 60 degrees F in accordance with the latest edition of the American Society for Testing and Materials (ASTM) Table 6B, Volume II, Petroleum Measurement Tables. Delivery tickets and invoices shall reflect the net gallons delivered after temperature compensation.

N. Any Tankwagon deliveries will be metered in gross gallons and invoiced in gross gallons.

O. Agencies will accept fuel from trucks with sealed State approved and inspected meters. Trucks that have State of Florida Department of Agriculture and Consumer Services sealed, calibrated and certified compartment tank volume markers for the petroleum product being delivered, are also acceptable.

12. SPILLAGE:

The Contractor and/or his subcontractors making deliveries shall be fully responsible for any errors or mistakes that require clean up or ground sterilization. Contractor will be responsible for prompt and thorough cleanup of all spillage per EPA specifications and for any agencies fines or fees for any contamination that result from improper delivery of fuel.

11. PRIORITY DELIVERIES:

Preference of deliveries shall be given to agencies providing emergency relief and response services and members of the co-op who are participating in this contract, in case of declared emergencies or natural disasters.

Proposers shall attach an emergency plan that assures continued deliveries of these products in case of emergencies and/or when additional quantities may be required.

12. WORK SITE SAFETY/SECURITY:

The carrier shall at all times guard against damage or loss to the delivery site property, the Carrier's own property, and/or that of other contractors, and shall be held responsible for replacing or repairing any such loss or damage. When applicable, the Carrier shall provide fences, signs, barricades, flashing lights, etc. necessary to protect and ensure the delivery site(s) and insure that all county, State of Florida, OSHA, and other applicable safety regulations are met. Additionally, carrier shall provide for the prompt removal of all debris from delivery sites. All participating agencies may withhold payment or make such deductions as deemed necessary to ensure reimbursement or replacement for loss or damage to property through negligence of the Carrier or its agents.

13. ADDITION OF DELIVERY SITES:

Each Participating Agency shall be able to add delivery sites to the attached list, with 7 days notice to the seller.

Hurricane Supply Program - UNLEADED GASOLINE & DIESEL FUEL FOR SOUTHEAST FLORIDA GOVERNMENTAL COOPERATIVE GROUP – RFP E-03-22

Dear Mr. English:

For those members of the Co-op that may require additional hurricane supply, we are pleased to offer the following program:

1. Members may pre-purchase product in full truck load increments during the months of June, July, or August. Product will be priced using the same OPIS price model used for delivered product.
2. Product will be stored at a designated Port Consolidated facility for an additional fee of $0.59 per gallon. Product will be stored for up to 6 months.
3. Members can elect to take delivery of product at any time. There will be a delivery fee of .049 per gallon.
4. Product needs to be removed from storage and delivered by December 31st.

Should you have any questions or comments, please feel free to contact me at any time.

Sincerely,

Don Carlton

Qualifications and Experience – UNLEADED GASOLINE & DIESEL FUEL FOR SOUTHEAST FLORIDA GOVERNMENTAL COOPERATIVE GROUP – RFP E-03-22

Dear Mr. English:

Per the terms of the RFP, the following is a brief description of our firm's qualifications and experience along with a list of references:

Port Consolidated has been supplying fuel and lubricants throughout the State of Florida since 1967. We own and operate all of our own equipment, never having to rely on common carriers to deliver the products that we sell. Our customer service department, consisting of 15 representatives, is open Monday through Friday, 7:30 AM to 5:00 PM. In addition to that, we have 24 sales representatives out in the field to assist our customers with any/all technical questions.

Please see below a list of local references. We have serviced these entities over the years.

- Broward Sheriff's Office – Rick Torres – 954-831-8170
- City of Fort Lauderdale – Ann Debra Diaz – 954-828-5949

Second Amendment to Guaranteed Supply Agreement

This Second Amendment to Guaranteed Supply Agreement ("**Amendment**") is made by and between Port Consolidated, Inc. ("**PCI**"), a Florida corporation whose offices are located at P.O. Box 350430, Fort Lauderdale, FL 33335, and Marathon Petroleum Company LP ("**MPC**"), a Delaware limited partnership whose offices are located at 539 South Main Street, Findlay, Ohio 45840.

WHEREAS, MPC and PCI entered into a certain Guaranteed Supply Agreement dated December 30, 2019, as amended by the First Amendment to Guaranteed Supply Agreement dated October 8, 2020 (the "**Agreement**"), in which MPC agrees to sell and PCI agrees to purchase Products as described in the Agreement; and

WHEREAS, MPC and PCI desire to amend the "Quantity" section of the Agreement.

NOW, THEREFORE, in consideration of the foregoing and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereto agree that the foregoing recitals are incorporated herein by reference and as follows:

1. Except for the provisions of the Agreement specifically addressed in this Amendment, all other provisions of the Agreement will remain in full force and effect.

2. Capitalized terms used but not defined in this Amendment will have the meaning ascribed to such terms in the Agreement.

3. The table in Section 3 labeled "Quantity" is hereby deleted in its entirety and replaced with the following table:

Terminal	Product	Date Range	10-Day Volume	Monthly Volume

4. The effective date of this Amendment is January 1, 2021.

5. This Amendment constitutes the entire agreement among the parties regarding this subject matter and may be amended or modified only by a written instrument signed by each of the parties.

6. This Amendment supersedes any other prior agreements or understandings of the parties relating to the subject matter specifically contained herein and the parties are not relying on any statement, representation, promise or inducement not expressly set forth herein.

7. The parties may execute this Amendment electronically with the intent that such electronic signature will have the same effect as a handwritten original signature. By signing electronically, PCI and MPC acknowledge that they have read, understand and hereby agree to be bound by the electronic signatures applied to this Amendment in the same manner as if such parties had signed this Amendment with handwritten original signatures.

Each party is signing this Amendment on the date indicated with its respective signature.

METROPLEX
ENERGY

January 1, 2021

Mr. Don Carlton
President
Port Consolidated Inc.
P.O. Box 350430
Ft. Lauderdale, Florida 33335

Dear Don:

This letter agreement (the "**Agreement**") sets forth the terms pursuant to which Metroplex Energy Inc. ("**MXE**") offers to sell and provide to Port Consolidated ("**Port**"), and pursuant to which Port agrees to purchase, certain Products (as defined below) in the quantities and at the pricing set forth herein. Each of MXE and Port may be referred to individually as a "**Party**" and, collectively, as the "**Parties**".

If the contents of this Agreement accurately state your understanding of the business arrangement contemplated by the Parties herein, please execute and date in the space provided for below. The Parties' mutual execution of this Agreement will constitute the binding agreement of the Parties with respect to the transactions and subject matter contemplated herein.

This Agreement is entered into pursuant to and shall be governed by those certain General Terms and Conditions for Rack Sales attached hereto as **Exhibit A** and incorporated by reference (the "**General Terms and Conditions**"). In the event of a conflict between the terms contained in the body of this Agreement and the terms contained in **Exhibit A**, the terms contained in the body of this Agreement shall control to the extent of such conflict. For the avoidance of doubt, the terms contained in the body of this Agreement shall be considered a "Confirmation" under the General Terms and Conditions and this Confirmation shall document a "Transaction."

TERM:

Table 1

Commencement Date	Expiration Date	Renewal Term Length (if any)
01/01/2021	12/31/2021	12 months

The initial term of this Agreement shall begin on the Commencement Date and end on the Expiration Date set forth in Table 1 (such period, the "**Initial Term**"). After expiration of the Initial Term, this Agreement shall automatically continue for the subsequent periods specified in Table 1 above (each a "**Renewal Term**" and, together with the Initial Term, the "**Term**") unless and until either Party provides the other Party with notice of its intent not to renew the Agreement no later than sixty (60) days' prior to expiration of the Initial Term or the then-current Renewal Term, as applicable.

Sales Terms:

MXE shall sell, and Port shall purchase, the products specified in Table 2 below (the "**Products**"), at the locations and in the quantities, and in accordance with the pricing formula, specified therein.

Table 2

Location	Product	Pricing (per gallon)	Volume (Monthly)
TransMontaigne Pt. Everglades South and/or North	ULSD		See Chart Below
	CONV-87-E10		250,000 Gallons
TransMontaigne and/or Buckeye Tampa/ and/or TransMontaigne Manatee	ULSD		See Chart Below
	REC 90		150,000 Gallons
Kinder Morgan Orlando (Taft)	ULSD		See Chart Below

Location to be determined at seller's discretion

Dec	1,750,000	1,000,000	100,000
	30,750,000	12,000,000	2,700,000

Pricing Indices will be as follows:

- CBOB-83.7
- PBOB-91.4 :
- Ethanol
- D6 CY RIN
- ULSD =
- Gallons will be billed off Net

Saturday, Sunday and Monday lifting's will be priced the same. Daily pricing will run Midnight to Midnight.

SPECIFICATIONS: All Products shall comply with the Kinder Morgan CFPL specifications in Florida.

RATABILITY: Port's obligation to buy and take delivery of product hereunder shall be subject to the daily and monthly tolerances specified in Table 3 below. For the avoidance of doubt, MXE shall have no obligation to sell or deliver to Port any amount in excess of the daily tolerances or monthly tolerances specified in Table 3.

Table 3

Product	Daily Tolerances	Monthly Tolerances
ULSD and All Gas Products	+/- 20%	+15% -10%

The Daily Tolerance percentage shall be based on an expected daily volume calculated as follows: [Monthly Volume x 12] ÷ 365

AVAILABILITY: If for any reason Port, fails to take on schedule, delivery of eighty-five percent (85%) of its aggregate monthly minimum loading quantity for in any month, MXE, at its discretion and without prejudice to any other rights or remedies which Port may have, will be entitled to invoice Port and Port will pay, as liquidated damages an amount equal to $.0200 multiplied by the difference between the volume of product delivered in the applicable month and ninety percent (90%) of the committed volume for such product (in gallons); provided however the product was reasonably available to Port.

Metroplex Energy appreciates your business and looks forward to a continued and mutually-beneficial business relationship. If you agree to the terms contained in this Agreement, please indicate your acceptance by countersigning below.

Sincerely,

Michael A. Smith
Executive Director Marketing
Metroplex Energy, Inc.

FUEL PURCHASER AGREEMENT

THIS FUEL PURCHASER AGREEMENT (the "Agreement") is entered into this 26th day of October, 2021 by and between PORT CONSOLIDATED. ("Fuel Purchaser"), and MUSKET CORPORATION, an Oklahoma corporation ("Musket").

A. Musket, among other things, is in the business of selling and transporting petroleum products and fuel; and

B. Fuel Purchaser desires to buy and Musket desires to sell the products described herein to Fuel Purchaser all under the terms and conditions set forth herein.

FOR GOOD AND VALUABLE CONSIDERATION, including without limitation the covenants and agreements contained herein, the receipt and sufficiency of which are hereby acknowledged, Musket and Fuel Purchaser hereby agree as follows:

Fuel Purchaser Contact Person: Don Carlton
Email address: dcarlton@portconsolidated.com
Mobile Phone No.: (954)-275-1967
Address: 3141 SE 14 Ave. Fort Lauderdale, FL. 33316

COMMERCIAL TERMS

Site	Product	Monthly Volume	Pricing
Transmontaigne/Metropl ex Terminal – Tampa T-59-FL-2101- TransMontaigne - Tampa	No2 ULSD	500,000 Gallons	
Motiva Terminal – Port Everglades T-65-FL-2452-Motiva Enterprises LLC	No2 ULSD	500,000 Gallons	

Any change of pipeline rates, additive costs or fees, will result in a change to the Platt's add-on rate at the delivery point.

TERM OF AGREEMENT: December 1st, 2021 through November 30th, 2022 (the "Term")

PAYMENT TERMS: EFT NET 10 Days from date of invoice

EFFECTIVE DATE: The "Effective Date" of this Agreement shall be the date first set forth above, notwithstanding the date of execution by the parties; provided, however, that deliveries of Product hereunder shall not commence until the later to occur of the following: (a) the date a Product order is placed by Fuel Purchaser, or (b) the first date of the Term (stated above).

ACKNOWLEDGEMENT: Fuel Purchasers affirms that they have read and agree to the terms listed herein will serve as general terms to future fuel sales and Fuel Purchaser acknowledges that he has had a reasonable opportunity to read and has read and understood the terms and conditions of this Agreement.

ENTIRE AGREEMENT: This Agreement and the Provisions of Agreement attached hereto constitute the entire agreement between the parties relating to the subject matter hereof and can only be revised or amended in writing, signed by both parties.

PROVISIONS OF AGREEMENT

The Commercial Terms and these Provisions of Agreement are collectively referred to as the "Agreement". This Agreement shall control over any purchase order, delivery sheet or other document used by Fuel Purchaser, regardless of whether or not such document is signed by an employee of Musket Corporation.

1. **PRICE ADJUSTMENTS.** In the event fuel prices are to be determined by reference to an index, the price for each product shall be that first published on the date of delivery. Fuel Purchaser acknowledges that the prices of product sold under this Agreement, if stated in a dollar and cents figure, are based upon consideration of several factors and, as such, are subject to increase or decrease by Seller, in its sole discretion, at any time during the Term of this Agreement, without prior written notice to Fuel Purchaser. If such Product Distribution Costs change over the life of this Agreement, Musket, in its sole discretion, at any time during the Term of this Agreement, with prior written notice to Fuel Purchaser may change the Differential used in calculating the price to reflect the changes in the Product Distribution Costs. In the event any increase in price is unacceptable to Fuel Purchaser, Fuel Purchaser may elect to *immediately* discontinue future purchases hereunder, *only as to the product or products for which the price was increased*; provided that, Fuel Purchaser timely makes such election in accordance with any requirement of Musket in such regard, it being understood that Fuel Purchaser may discontinue the purchase of other products hereunder and/or terminate this Agreement only upon thirty (30) days prior written notice to Seller.

2. **TAXES.** Fuel Purchaser shall be responsible for any and all taxes arising from or related to the transactions contemplated by this Agreement, including but not limited to, all domestic and foreign taxes and duties now or hereafter imposed directly or indirectly: (i) on fuel products purchased by Fuel Purchaser hereunder and (ii) on the production, manufacture, transportation, purchase, sale, use or handling of such fuel products, of any material contained in such fuel products, or of any material from which such fuel products are wholly or partly refined or manufactured. Upon receipt of any invoice, bill or assessment related to such taxes or duties, Fuel Purchaser shall promptly and timely pay the same.

3. **INDEMNITY.** To the extent permitted by applicable law, Fuel Purchaser hereby agrees to defend, indemnify and hold harmless Musket, its parent, subsidiaries, affiliates and related companies, and the partners, officers, directors, members, employees and representatives of any of the foregoing, from and against any and all liabilities, claims, liens, damages, fines or penalties, losses, judgments, costs and expenses (including attorneys fees and court costs), of whatever kind or nature and in any manner directly or indirectly arising out of, in connection with or resulting from (i) any breach of this Agreement or the performance of its obligations under this Agreement by Fuel Purchaser, an employee of Fuel Purchaser or anyone acting under Fuel Purchaser's direction or control or on its behalf, (ii) the negligence (whether active or passive) of Fuel Purchaser, an employee of Fuel Purchaser or anyone acting under Fuel Purchaser's direction or control or on its behalf, and (iii) the willful misconduct of Fuel Purchaser, an employee of Fuel Purchaser or anyone acting under Fuel Purchaser's direction or control or on its behalf, it being understood that Fuel Purchaser's obligations hereunder shall not apply to liabilities caused by the sole or gross negligence or willful misconduct of the indemnified party. Musket may participate in any investigation or defense of any claim or action hereunder and may, at its option, notwithstanding the foregoing indemnity, elect to conduct any investigation or litigation

regarding a claim for which it is indemnified hereunder through counsel of its own choosing and expense. This indemnification shall survive the expiration or termination of this Agreement.

4. MANNER OF PAYMENT; DEFAULT IN PAYMENT. All payments hereunder shall be made by Fuel Purchaser in U.S. dollars, without discount, deduction or offset of any kind, and in accordance with the other terms of this Agreement. If at any time, in Musket's opinion, Fuel Purchaser's creditworthiness becomes impaired or otherwise unsatisfactory, Musket may require that Fuel Purchaser (i) make only cash payments for products hereunder and/or (ii) provide such security, as Musket determines necessary or desirable, for Fuel Purchaser's payment and performance under this Agreement. Upon Fuel Purchaser's failure to timely pay any amount due to Musket hereunder, such amount shall (i) accrue interest at the rate of eighteen percent (18%) per annum and (ii) be subject to a late charge equal to ten percent (10%) of the outstanding sum due. The accrual of interest on such amounts and such late charge shall not prejudice any other remedies available to Musket under this Agreement or applicable law.

5. TERMINAL ACCESS. Musket shall provide to Fuel Purchaser such keys, cards, or identification numbers (each an "Access Item"), as may be necessary, from time to time, to enable Fuel Purchaser to enter Musket's terminal or to load product at any such terminal. Access Items shall be used only by Fuel Purchaser and its authorized employees or representatives, as permitted by Musket. Fuel Purchaser shall reimburse Musket for (i) any costs incurred by Musket in replacing any Access Item and/or securing any terminal of Musket after Fuel Purchaser's loss of an Access Item and (ii) any loss, cost or expense arising from or related to Fuel Purchaser's loss of any Access Item or the unauthorized use of an Access Item provided to Fuel Purchaser. Fuel Purchaser shall not permit any Access Item to be duplicated without Musket's prior written consent and all Access Items shall be immediately returned to Musket upon termination of this Agreement.

6. DELIVERY. Unless otherwise agreed in writing by the parties, delivery of product to Fuel Purchaser shall be deemed complete when products, properly consigned, are placed free on board ("FOB") tank cars, transport trucks, tank wagons, or other vehicles. If Musket is to deliver product at Fuel Purchaser's location, Fuel Purchaser hereby authorizes any janitor, superintendent, caretaker or other purported agent of Fuel Purchaser at such location to sign receipts for deliveries on its behalf. Such signed receipts shall be binding upon Fuel Purchaser and may be relied upon by Musket. Fuel Purchaser shall provide Musket with all necessary access to such delivery location and all necessary hose connections, without delay. In the event Musket delivers product to Fuel Purchaser hereunder in carload, transport truck or tankwagon lots, such delivery shall be deemed in compliance with this Agreement if the actual volume of product delivered is within ten percent (10%) of that required hereunder for such delivery. In any event, Fuel Purchaser shall be charged only for the actual volume of product delivered.

7. ACCESSORIAL AND OTHER CHARGES.

7.1 Tank Cars. The party responsible for transloading fuel product purchased hereunder (whether conducted by such party or at its direction) shall be solely responsible for any and all destination rail carrier accessorial charges for any fuel shipment hereunder. Additionally, if Fuel Purchaser (or a third party at its direction) is responsible for transloading and fails to offload a Musket owned or leased tank car and release the same to the rail carrier within three (3) days of carrier placement or a constructive placement event, Fuel Purchaser shall be assessed a charge equal to $25.00 per day / per car for each day a car is detained beyond such three (3) day period, with such charges to be paid to Musket on demand.

7.2 Trucks. Prices of fuel product under this Agreement are based on product offloading times not exceeding one (1) hour per full truckload, commencing at the time any such truck arrives at the offloading destination. In this regard, if Fuel Purchaser fails to unload any truck within such one (1) hour period, Fuel Purchaser shall be responsible for any additional expense or charges incurred by Musket as a result of such detention beyond such hour.

7.3 Terminal and Tariff Increases. Fuel Purchaser shall reimburse Musket for cost increases or additional charges arising from the applicable terminals, racks or increased tariffs. Fuel Purchaser shall promptly reimburse Musket or pay directly (as the case may be) any charges for which it is responsible hereunder upon receipt of an invoice or demand therefore. In no event shall Fuel Purchaser be entitled to deduct or offset any amounts due Musket hereunder.

8. RATABLE LIFTING. If the term of this Agreement extends beyond one (1) calendar month, the following shall apply:
Lifting; Volume Tolerance: Fuel Purchaser shall lift ninety percent (90%) percent (but in no event more than one-hundred and ten percent (110%)), of the aggregate total monthly contract volumes ("MCV") of fuel purchased under this Agreement by the end of each calendar month, on a ratable basis (*i.e.* with the monthly volume being lifted in approximately equal amounts each day of a calendar month, as practical). Should Fuel Purchaser not lift at least ninety percent (90%) of the aggregate total MCV for any calendar month, Fuel Purchase shall be charged the price described herein for each gallon of fuel below ninety percent (90%) of the MCV. Upon the expiration this Agreement, if Fuel Purchaser has not lifted ninety percent (90%) of the aggregate total quantity of fuel under this Agreement, Fuel Purchaser shall remain responsible for all unlifted gallons and will charged the price stated herein for each such gallon.

9. CAPACITY – ABILITY TO PERFORM. If Musket determines, in its sole discretion, that its ability to perform under this Agreement is significantly impaired or impractical, as to one or more products, for any reason whatsoever, upon written notice to Fuel Purchaser, Musket shall be relieved of any and all obligations hereunder (as to such product or products). In such event, Musket shall not be liable for any claims, damages or liabilities resulting from or in any way related to a delay in delivery, or non-delivery, of product to Fuel Purchaser. Nothing in this Section 10 shall be construed to extend the Term of this Agreement or to relieve Fuel Purchaser of its obligation to (i) pay for product actually delivered or (ii) otherwise perform under this Agreement.

10. FORCE MAJEURE. Either party's failure to perform any term or condition of this Agreement as a result of conditions beyond such non-performing party's reasonable control, including, but not limited to, Acts of God, natural disaster or severe weather conditions, war, strikes, riots, picketing or other labor troubles or disputes, malicious mischief, civil commotion, the inability to procure materials, shortages, government restrictions, performance failures of third parties upon which the non-performing party relies in its performance hereunder, and the total or partial failure of transportation facilities customarily available to such non-performing party shall not be deemed a breach of this Agreement.

11. LIMITED WARRANTY AND LIMITATION OF DAMAGES. BEYOND THE BASIC DESCRIPTION OF THE PRODUCT BEING SOLD TO FUEL PURCHASER UNDER THIS AGREEMENT, MUSKET MAKES NO WARRANTIES OR REPRESENTATIONS, EITHER EXPRESS OR IMPLIED, AS TO THE QUALITY, CONDITION, MERCHANTIBILITY, FITNESS FOR A PARTICULAR PURPOSE, NONINFRINGEMENT BY OR ANY OTHER MATTER RELATING TO THE PRODUCT. FUEL PURCHASER'S SOLE AND EXCLUSIVE REMEDY FOR BREACH OF THIS LIMITED WARRANTY SHALL BE REPLACEMENT OF THE NONCONFORMING PRODUCT. IN ANY EVENT, MUSKET

SHALL NOT HAVE ANY RESPONSIBILITY TO FUEL PURCHASER FOR INCIDENTAL, INDIRECT OR CONSEQUENTIAL DAMAGES OF ANY NATURE, INCLUDING BUT NOT LIMITED TO, LOSS OF BUSINESS OR ANTICIPATED PROFITS, OR OTHER FINANCIAL LOSS ARISING OUT OF OR IN CONNECTION WITH THE SALE, PURCHASE, USE, PERFORMANCE OR NONCONFORMANCE OF PRODUCT HEREUNDER. TO THE EXTENT PERMITTED BY LAW, THIS DISCLAIMER OF LIABILITY WILL NOT BE AFFECTED OR IMPAIRED IF THE REMEDY PROVIDED HEREUNDER SHALL FAIL OF ITS ESSENTIAL PURPOSE.

12. CLAIMS; REQUIRED NOTICE. Fuel Purchaser must notify Musket in writing of any claim for breach of the limited warranty provided in this Agreement within two (2) business days after delivery of the product at issue, it being agreed that Fuel Purchaser's failure to provide timely written notice shall constitute Fuel Purchaser's waiver of any such claim. Fuel Purchaser shall allow Musket reasonable opportunity to inspect the product at issue; provided that, if delivery of product is made in equipment furnished by Musket, notice of any claim and the reasonable opportunity to inspect shall be given prior to such product being unloaded. Fuel Purchaser shall immediately notify Musket in writing if any equipment used to deliver product is leaking or is otherwise not in good condition and repair.

13. FUEL PURCHASER'S INSURANCE. If Fuel Purchaser, its agents, employees or contractors, will at any time during the Term of this Agreement pick up product purchased hereunder at any terminal, transload site, or other premises owned, leased or operated by Musket, Fuel Purchaser shall procure and maintain in full force and effect during the Term, the following policies of insurance:

Commercial General Liability Insurance (including blanket contractual liability), insuring Fuel Purchaser against any liability for injury or death to a person or persons, and for damage to or destruction of property occasioned by or arising out of or in connection with Fuel Purchaser's performance under this Agreement, with a combined single limit of not less than $5,000,000.00 per occurrence and in the aggregate.

Workers' Compensation Insurance for each of Fuel Purchaser's employees performing under this Agreement, with coverage in accordance with applicable statutory requirements and

Employer's Liability Insurance with limits of not less than $1,000,000.00 per accident or illness.

Business Auto Liability Insurance covering all owned, non-owned and hired vehicles used in connection with Fuel Purchaser's performance under this Agreement, with a combined single limit of not less than $1,000,000.00 per occurrence and Supplemental Environmental

Automobile Liability ("SEAL") Insurance covering losses resulting from claims for bodily injury, property damage or clean-up costs caused by a pollution release from transported cargo, regardless of the location of such occurrence.

Each policy required hereunder (i) shall be carried with a reputable insurance carrier licensed to do business in the states in which the terminals, transload sites or other premises at which product is being picked-up by Fuel Purchaser are located, (ii) shall include waiver of subrogation in favor of Musket, (iii) shall apply as primary insurance without contribution from any other insurance or self-insurance programs afforded to or maintained by Fuel Purchaser (and shall not require the exhaustion of coverage), and (iv) shall be endorsed to state that coverage shall not be suspended, voided, canceled or reduced in limits except after thirty (30) days prior written notice to Musket. All general liability or property damage insurance shall name Musket as an additional insured, with proceeds payable first to Musket to the extent of liability, if any, and the balance to

Fuel Purchaser. The proceeds of fire, theft or other casualty insurance shall be payable to Musket, as loss payee, with respect to the loss suffered thereby. Fuel Purchaser shall furnish Musket with certificates of insurance and original endorsements affecting coverage required by this Section 13 prior to performing hereunder and, from time to time, as applicable, certificates evidencing renewal of such policies no less than thirty (30) days prior to the expiration thereof. Musket shall have no duty to examine any certificate or other evidence of insurance or to advise Fuel Purchaser in the event that any insurance is not in compliance with this Section 13. That notwithstanding, should Fuel Purchaser fail to obtain any insurance policy required to be obtained hereunder, or furnish proof thereof, Musket may (but shall have no obligation to) obtain such insurance, at Fuel Purchaser's expense and Fuel Purchaser shall reimburse Musket for the same on demand. All such sums not paid to Musket within ten (10) days of demand therefore shall accrue interest at the rate of eighteen percent (18%) per annum until paid in full, it being understood that accrual of interest on such amounts shall not prejudice any other remedies which may be available to Musket. Self-insured retentions, if any, shall not exceed Five Thousand Dollars ($5,000.00), unless a larger amount is approved by Musket, in its sole discretion. That notwithstanding, in all instances of self-insured retention in excess of Five Thousand Dollars ($5,000.00), Fuel Purchaser shall furnish to Musket a certificate of excess liability coverage. Insurance coverage required under this Agreement shall be additional security for the obligations assumed by Fuel Purchaser hereunder and in no event shall the types of insurance or limits of coverage required hereunder be deemed to limit any obligation or liability assumed under this Agreement.

14. NOTICE. All notices or other communication herein required or permitted shall be in writing and given by personal delivery or sent by (i) registered or certified mail, return receipt requested, postage prepaid, (ii) facsimile or (iii) nationally recognized overnight courier service, addressed to the respective party as set forth on the first page of the Agreement (unless written notice of change thereof is provided). Notice shall be deemed given on the earlier of (i) actual receipt, (ii) three (3) business days after deposit in the U.S. Mail, (iii) the date of facsimile delivery/receipt confirmation, or (iv) the first business day after deposit with an overnight courier. Any notice or communication not received because of change of address, without notice to the other party thereof, or refusal to accept delivery, shall be deemed received on the date of attempted personal delivery or on the date, as indicated above, for other permitted methods of delivery.

15. MISCELLANEOUS. This Agreement and the legal relations between the parties shall be governed by the laws of the State of Texas without giving effect to any conflict of law provision (whether of the State of Texas or any other jurisdiction) that would cause the application of the law of any other jurisdiction. No waiver by Musket of any breach or default of any provision of this Agreement shall waive any subsequent breach or default of the same or any other provision. Fuel Purchaser may assign its rights under this Agreement only upon the prior written approval of Musket and, notwithstanding any such assignment, Fuel Purchaser shall not be released from its obligations hereunder, absent Musket's written agreement to the contrary. This Agreement may be executed in one or more counterparts, and by facsimile, all of which counterparts shall be considered one and the same agreement. In any action to enforce or defend this Agreement, the prevailing party shall be entitled to an award of its reasonable attorneys' fees and costs associated therewith.

Chevron

Chevron TEXACO CALTEX
Our Family of Brands

Product Sales Contract
(Reseller)

This contract is dated **August 26, 2021**, and is between **Chevron Products Company**, a division of Chevron U.S.A. Inc. ("Seller"), and **PORT CONSOLIDATED INC** ("Buyer").

Seller and Buyer agree as follows.

1. TERM. The term of this contract shall commence on **September 01, 2021**, and shall end on **August 31, 2022**, unless sooner terminated by either party in accordance with the provisions of this contract.

2. PRODUCTS AND QUANTITIES. Seller agrees to sell to Buyer, and Buyer agrees to purchase from Seller those grades of fuel specified in Exhibit A of this contract. Buyer agrees to purchase from Seller during each calendar month not less than the minimum quantities of products specified in Exhibit A. Seller shall not be obligated to sell to Buyer in any calendar month quantities of products in excess of the maximum quantities specified in Exhibit A, but Seller may elect to do so at its option after request by Buyer. Such minimum and maximum quantities shall be prorated for any period less than a calendar month included within the term of this contract. Buyer shall not represent or authorize or permit any other person to represent that the products purchased under this contract are the products of Seller or use or authorize or permit any other person to use any of the trademarks, service marks, trade names, color schemes or service station designs utilized by Seller or any other identification, designation or marking of any kind that would identify such products with Seller. It is understood and agreed that the products purchased under this contract shall be resold by Buyer under Buyer's brands and trade names, and Seller hereby gives its consent to the rebranding of such products. If Buyer breaches any of the provisions of this section 2, such breach shall, at Seller's option, be deemed a breach of this entire Agreement and, in addition to such other remedies as it may have, Seller shall have the right to terminate this Agreement forthwith.

3. PRODUCT QUALITY. The products sold under this contract shall be of the quality as is generally offered by Seller for similar use at the relevant delivery location. To facilitate the investigation of any claim or concern regarding the quality of the products delivered under this contract, Buyer shall keep complete and accurate records of Buyer's purchase, transportation, receipt, inventory, transfer, use, sale, or delivery of all products purchased by Buyer in bulk from Seller and any other supplier. Seller's representatives shall be permitted to inspect and audit such records at any time during Buyer's business hours on reasonable notice to Buyer for up to one year after the termination of this contract. Seller's representatives shall also have the right at any time to enter upon the premises where the products purchased under this contract are stored by or for Buyer and to take samples of such products for testing purposes, compensating Buyer (at Buyer's cost, which for this purpose shall be based on Seller's price to Buyer in effect at the time such samples are taken, or, at Seller's option, in kind) for any products so taken.

4. PRICE. The prices that Buyer shall pay Seller for products purchased under this contract shall be determined as set forth in Exhibit A (except as otherwise provided in section 22 with respect to any Discretionary Sales (as defined below)).

5. PAYMENT AND FINANCIAL RESPONSIBILITY. Buyer's payments for products shall be in U.S. dollars without discount by electronic transfer of immediately available funds to an account, bank and location designated by Seller.

   Buyer shall, except at Seller's option, pay Seller cash before delivery for products purchased hereunder.

   Buyer acknowledges the importance of payment within the terms specified when credit is extended and agrees that past due amounts shall bear interest at the rate of 18% per year or the maximum rate permitted by the state of Buyer's address for notices as specified in Exhibit A of this contract, whichever is less. If Buyer fails to make payment within the specified terms, such failure shall, at Sellers's option, be deemed a breach of this entire contract and, in addition to such other remedies as it may have, Seller shall have thereafter the right to demand advance cash payment, to withhold deliveries until such advance payment (including payment of all amounts then outstanding for products delivered by Seller to Buyer hereunder) is received, or to terminate this contract. The acceptance of any payment by Seller after the due date shall not waive any of Seller's rights hereunder nor shall such withholding of deliveries or termination of this contract affect any obligation of Buyer hereunder. If credit is extended to Buyer by Seller, the buyer shall periodically provide to (Chevron) that financial information or security deemed

necessary by (Chevron) to support any credit extension. If during the life of this contract, the financial capacity of the buyer becomes impaired or unsatisfactory to (Chevron) in the sole judgment of (Chevron), advance cash payment or security satisfactory to (Chevron) shall be given by the buyer on demand by (Chevron) and shipments/deliveries may be withheld until such payment or security is received.

Seller's terms of payment are subject to change without notice at the discretion of Seller.

6. TAXES. Any tax, duty, toll, fee, impost, charge, exaction, or other obligation, or the amount equivalent thereto, and any increase thereof now or hereafter imposed, levied, assessed, or required by any governmental authority upon, measured by, incident or related to or as a result of the transactions herein provided for (other than local, state and Federal net income taxes measured by the net income of Seller from all sources), or the transportation, importation, production, manufacture, use or ownership of the goods covered by this contract, shall, if collectible, payable, accountable, managed, or administered by Seller, be paid by Buyer on demand by Seller. Any such payments shall be in addition to the prices otherwise provided for in this contract. Buyer shall, at Seller's request, execute and deliver to Seller such certificates or other documents as Seller may reasonably require in order to enable Seller to secure any tax exemption which may be available in connection with sales or deliveries hereunder.

7. DELIVERIES. Diesel fuel deliveries shall be made by Seller to Buyer at the locations specified in Exhibit A. Title and risk of loss shall pass to Buyer at the point of delivery into Buyer's trucks, railcars, storage facilities, or other receiving unit. If deliveries are to be made into vehicles supplied by Buyer, Seller shall not be required to make such deliveries into such vehicles unless they are clean and empty immediately prior to delivery and shall not be required to load or deliver quantities less than the full capacity of the vehicle, except as otherwise authorized by Seller. If deliveries are to be made into Buyer's storage facilities, Buyer shall provide storage facilities sufficient to enable it to receive such deliveries and shall provide Seller with unimpeded access to make deliveries 24 hours per day. Buyer is responsible for ensuring that any vehicles and facilities used to receive deliveries are in safe condition, that vehicles are in compliance with all applicable terminal procedures, policies, rules or requirements in effect at the time of delivery, and that Buyer's storage facilities can be accessed safely. Seller shall not be obligated to make any delivery to Buyer that cannot be made safely in Seller's sole judgment. Buyer shall comply with such reasonable policies, procedures, rules and requirements as Seller may establish regarding deliveries by Seller into Buyer's vehicles or storage facilities. Orders for deliveries shall be placed by Buyer with such advance notice and in such manner as Seller may designate.

8. CONFLICTS OF INTEREST. Neither Buyer nor any director, employee or agent of Buyer shall (1) give to or receive from any director, employee or agent of Seller or its affiliates any commission, fee, or rebate, or any gift or entertainment of significant cost or value in connection with this contract, or (2) enter into any business arrangement with any director, employee or agent of Seller or its affiliates (other than as a representative of Seller or its affiliates) without prior written notice to Seller. Buyer shall promptly notify Seller of any violation of this section 8 and any consideration received as a result of such violation shall be paid over or credited to Seller. Any representative authorized by Seller may audit any and all records of Buyer for the sole purpose of determining whether there has been compliance with this section 8 for up to 24 months after the termination of this contract.

9. PREVENTION OF PERFORMANCE; SHORTAGE OF SUPPLY. There shall be no obligation to sell or deliver, or to purchase or receive, products under this contract when, and to the extent that, such actions are prevented or hindered by act of God, fire, riot, labor disturbances (whether involving employees of the party affected or of others and regardless of whether the disturbance could be settled by acceding to the demands of a labor group), accident, war, the acts of any government (at any level, foreign or domestic) or any causes beyond the reasonable control of the party affected, whether or not similar to any of the foregoing causes. Due to an interruption, loss or shortage of necessary facilities or supplies, or uncertainties in the supply/demand situation (which may include a decision by Seller that the costs of some products which might be available are unreasonable), Seller may not have sufficient supplies of one or more of the products covered by this contract to meet the full requirements of Buyer, of Seller's other customers, and of Seller for its own use. If there is a shortage of products deliverable under this contract, Seller may allocate deliveries of available products among Buyer, Seller's other customers (contract or otherwise, including Seller's affiliates) and Seller for its own use, on any basis which in Seller's sole judgment is fair and reasonable, allowing for such priorities as Seller deems appropriate. Allocation is fair and reasonable even if it is based on a shortage in the then-contemplated sources of supply or a general shortage in the supply system of Seller or its affiliates or on historical or planned deliveries.

10. OIL SPILLS. If a product spill occurs anywhere in connection with Buyer's performance of this contract, Buyer shall promptly notify Seller and the appropriate governmental authorities and shall take immediate action to clean up the spill and prevent further damage. Upon receipt of such notification, Seller shall have the right, at its election, to provide, or cause to be provided to Buyer such additional manpower, equipment and material as in Seller's sole discretion are deemed reasonable to complete the clean-up in a satisfactory manner. Buyer shall pay and be responsible for, and Buyer's indemnity obligations under this contract shall include all costs and expenses incurred in connection with the clean-up operations, including reimbursement to Seller for all of its costs and expenses, and all fines, charges, fees or judgments imposed or levied by any Federal, state or local governmental agency as a result of such spill, except in the event the spill resulted solely from any act or omission on the part of Seller or Seller's employees.

11. INDEMNITY. Buyer shall indemnify, defend and hold harmless Seller and its affiliates, and their respective directors, employees and agents, from and against any and all expenses (including attorneys' fees), liabilities and claims of whatsoever kind and nature including those for damage to property (including property of Buyer), or for injury to or death of any person (including Buyer),

directly or indirectly arising or alleged to arise out of or in any way connected with the acquisition, storage, handling, or use of any products purchased under this contract, or with the maintenance, upkeep, repair, replacement or operation of any premises used by Buyer in connection with this contract or anything located thereon, including any act or omission of Buyer or Buyer's agents or employees in the performance of this contract, or in the operation of any vehicle in connection with Buyer's business. The foregoing indemnity shall not apply to the extent and only to the extent such expense, liability or claims result from Seller's sole negligence or willful misconduct.

12. DEFINITIONS AND USAGES. In this contract, unless otherwise stated or the context otherwise requires, the following definitions and usages apply:
    - "Seller and its affiliates" means Seller, its divisional parent company Chevron U.S.A. Inc., and the subsidiary and affiliated companies of each of them.
    - "U.S." refers to the United States of America, and all prices are expressed in U.S. currency and all units of measure are in U.S. units.
    - "Includes" means "includes, but is not limited to," and "including" means "including but not limited to."
    - Actions permitted under this contract may be taken at any time and from time to time in the actor's discretion.
    - "A or B" means "A or B or both."

13. APPLICABLE LAW AND DISPUTE RESOLUTION. This contract shall be governed, construed, interpreted, enforced and the relations between the parties determined in accordance with the laws of the state of California, without regard to its choice of law rules. In the event a dispute arises with respect to the interpretation or performance of, or the relationship created by, this contract, the parties shall attempt in good faith to resolve the dispute. If such efforts prove unsuccessful, each party agrees to consider the use of mediation, mini-trial, arbitration or other alternative dispute resolution techniques prior to resorting to litigation. If mediation, mini-trial, arbitration or other alternative dispute resolution techniques are utilized by the parties, each party agrees that no award or decision resulting therefrom shall include punitive damages. If the parties are unsuccessful in their good faith attempt to otherwise resolve a dispute, the parties hereby irrevocably and unconditionally consent to submit to the exclusive jurisdiction of the courts of either (1) Contra Costa County in the State of California, or (2) the federal courts of the Northern District of California, for any actions, suits or proceedings arising out of or relating to this contract (and the parties each agree not to commence any action, suit or proceeding relating thereto except in such courts).

14. PRIOR AGREEMENTS; WAIVER; MODIFICATIONS. This contract constitutes the entire agreement of the parties with respect to its subject matter and terminates and supersedes any prior agreement, understanding, representation, or proposal relating to the sale by Seller of products to Buyer at the delivery locations specified in Exhibit A or ancillary Discretionary Sales contemplated by section 22. Waiver by Seller or Buyer of one or more breaches of this contract shall not be deemed to be a waiver of any other or continuing breach. No modification of this contract, and no waiver of any of its provisions, shall be binding on Seller or Buyer unless in writing and signed by Seller and Buyer.

15. SEVERABILITY. If any provision of this contract shall be adjudged invalid or unenforceable by a court of competent jurisdiction or by operation of any applicable law, such provision shall be deemed omitted and the remaining provisions shall remain in full force and effect.

16. MSDS. Buyer acknowledges receipt of Material Safety Data Sheets (MSDS) for all products covered by this contract.

17. DAMAGES. In no event shall Seller be liable for any special, indirect or consequential damages of any kind including loss of profits, loss of use or claims of Buyer's customers due to loss of service whether the damages are based in contract or tort (including negligence or strict liability) or otherwise. Buyer's exclusive remedy for any and all losses or damages resulting from the purchase of products under this contract, including, but not limited to, any allegation of breach of warranty, breach of contract, negligence or strict liability, shall be limited, at Buyer's option, to either the return of the purchase price or the replacement of the fuel for which a claim is proved.

18. ASSIGNMENT AND DELEGATION. This contract is personal to Buyer and Buyer shall not, subject to any valid requirements of any applicable statute, assign any rights or delegate any duties that Buyer may have under this contract, either voluntarily, involuntarily or by operation of law, or otherwise, without the prior written consent of Seller. If Buyer is a corporation, any sale, conveyance, alienation, transfer or other change of interest in or title to or beneficial ownership of 50 percent or more of the voting stock (or securities convertible into 50 percent or more of the voting stock) of Buyer, either voluntarily, involuntarily, by operation of law, merger or other corporate proceedings, or otherwise, shall be construed as an assignment of Buyer's rights under this contract. Seller may assign any of its rights or delegate any of its duties under this contract without Buyer's consent.

19. NOTICES. Notices to be given under this contract shall be in writing and delivered by mail, in person, or by facsimile to the other party at the appropriate address specified in Exhibit A, or at such other address as either party may designate by written notice to the other. Notices shall be effective at time of receipt.

20. TERMINATION. Seller and Buyer shall have the right to terminate this contract at any time without cause upon giving the other party at least 30 days' prior written notice of termination. Termination of this contract shall not relieve the parties of responsibility for obligations incurred prior to termination. If Seller continues to accept orders from Buyer for the products covered by this contract following expiration of the term of this contract, such sales shall be upon all of the terms and conditions of this contract; provided that such sales shall not be construed to evidence a renewal of this contract by operation of law or otherwise.

21. WARRANTY. Seller warrants that it has title to the products sold under this contract. EXCEPT AS OTHERWISE PROVIDED IN THE FOREGOING SENTENCE AND IN THE FIRST SENTENCE OF SECTION 3 OF THIS CONTRACT, BUYER ACKNOWLEDGES AND HEREBY ACCEPTS THAT SELLER EXPRESSLY DISCLAIMS ANY AND ALL OTHER WARRANTIES, EXPRESS OR IMPLIED INCLUDING WITHOUT LIMITATION, ANY AND ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE AND ANY WARRANTIES ARISING FROM ANY COURSE OF DEALING OR USAGE OF TRADE.

22. DISCRETIONARY SALES. Seller and Buyer may (but are not obligated to) engage in sale transactions for products or delivery locations not specified in Exhibit A ("Discretionary Sales"). Unless otherwise agreed to in writing by Seller and Buyer, any Discretionary Sales shall be deemed made "under this contract" and on its terms except that the specific products, prices, quantities, and delivery locations for Discretionary Sales shall be as mutually agreed upon by Seller and Buyer for each such transaction. The quantities of products sold in Discretionary Sales shall not count against the minimum or maximum volumes specified in Exhibit A.

Pricing Provisions:

1. The per gallon price which Buyer shall pay Seller for PRODUCT NAME delivered to the DELIVERY LOCATION shall be established for the date of delivery using prior day pricing based on PRICE DESCRIPTION plus DIFF. The price above does not reflect applicable taxes and governmental fees, which will be added to the final invoice unless declared as exempt by the Buyer.

   For Platt's or OPIS spot market based pricing, if pricing includes day(s) on a weekend or holiday on which the market is closed, pricing will be calculated using the prior calendar day on which the market is open. For OPIS Rack based pricing whereby OPIS generally posts a quote value Monday – Saturday including most holidays, Chevron will not update the OPIS rack quote value on Saturdays and the following holidays:

   New Year's Day (observed)
   Memorial Day
   Independence Day (observed)
   Labor Day
   Thanksgiving Day
   Christmas Day (observed)

   The quote value used for pricing based on these dates will be the quote from the prior weekday.

Dear Taxpayer:

Attached below is your Fuel/Pollutants tax license issued pursuant to Chapter 206 of the Florida Statutes. This authorizes the license holder to engage in the fuel/pollutants activity classifications listed on the license. The license must be displayed conspicuously at the principal place of business. The license is only valid for the person/business named and cannot be transferred or assigned to another entity or person. Whenever the license is held by a corporation or business entity, there can be no change of stock, ownership, or equity without prior approval by the Department. The license is only valid through the expiration date listed. If no expiration date is listed, the license is valid until notified by the Department.

Alternate Proposal – UNLEADED GASOLINE & DIESEL FUEL FOR SOUTHEAST FLORIDA GOVERNMENTAL COOPERATIVE GROUP – RFP E-03-22

Dear Mr. English:

Please be advised. For those municipalities that wish to haul their own product, Port will deduct $0.01 per gallon from the standard delivered transport offering.

Port Consolidated also has the ability to arrange for "Fixed Price" fuel contracts. These programs will allow municipalities to budget their fuel costs without having to combat day to day market volatility.

Please see the attached "Fixed Price" Supply Agreement. Pricing or quotes for such programs change by the minute. We would prefer to quote accordingly if and when the need arises.

Should you or the City of Pompano Beach Purchasing Division have any questions on this proposal, please feel free to contact me at any time.

Sincerely,

Don Carlton
President

Title: Owner	Title: President

1. F.O.B. Delivery Point(s)	Monthly Gallons	Product

2. Payment Terms: Payment Net 15 Days from date of bill of lading. All payments shall be made in US Dollars. Volume shall be determined solely by the terminal net bill of lading or certified meter reading.

3. Term: The Term of this Agreement shall be for a period of _____months, beginning on _____ and ending on _____.

4. Price:

5. Credit: Upon request Buyer will promptly furnish to Seller financial statements, references from banks and trade organizations and any other information requested by Seller. Buyer represents and warrants that all financial statements or similar documents provided by Buyer to Seller (previously or hereafter) (i) do or will fairly present in all material respects Buyer's financial condition as of the date of such documents; (ii) have been prepared in accordance with U.S. generally accepted accounting principles and (iii) if audited, have been certified without reservation by a firm of independent public accountants. Seller shall determine a credit limit ("Credit Limit") for Buyer. Buyer agrees that it shall not contract for Product(s) in excess of its Credit Limit. Buyer shall have the right to contract for amounts reflecting the difference between the Credit Limit and any amounts due and owing to Seller. Seller in its discretion may require Buyer to make a good faith deposit at initiation of this Agreement to secure Buyer's performance. [Alternative: Seller in its discretion may require Buyer to make several deposits on demand during the Term of the Agreement to secure Buyer's performance.] Such deposit(s) will constitute credit against future delivery and may be applied against one or more invoices (exclusive of taxes) in Seller's discretion. Seller has the right to use any deposit(s) to set off against any obligations of this Agreement in the event Buyer defaults, becomes insolvent or files for bankruptcy.

6. Taxes/Fees: Buyer acknowledges that taxes and fees are not included in the price set forth above, shall be billed as a separate line item and are subject to change from time to time without notice. Buyer further acknowledges that it is responsible for paying on demand any and all (a) costs and expenses for transportation from the designated supply point(s) set forth herein and (b) taxes, duties, charges, assessments and fees (including without limitation superfund and environmental fees) imposed, directly or indirectly, now or hereafter on, against, in respect of, or measured by the Product(s), or any material contained in the Product(s), or related to inspection, production, manufacture, sale, use, purchase, storage, transportation, delivery, or

other handling of the Product(s) or material contained in the Product(s), or any feature thereof, or otherwise relating to this Agreement. The parties specifically agree that the preceding sentence shall apply regardless of any other term or condition contained herein or any other agreement between the parties. Should Buyer claim exemption from any taxes, Seller is under no obligation to verify such status and Buyer shall indemnify Seller pursuant to Paragraph 15 in the event Buyer is or was not exempt from such taxes.

7. Specification: Per Seller specifications.

8. Quantity/Volume: Buyer shall purchase 100% of Monthly Gallons per each Delivery Point. Buyer is required to lift Product(s) ratably on a weekly basis at all Delivery Points.

9. Ratable Usage: During each calendar month of this Agreement, Buyer is required to lift each Product on a ratable basis by the week at any or all of the delivery points. The weekly ratable volume for each Product by delivery point is 7/30 of the maximum monthly volume (defined as one twelfth of Purchaser's yearly commitment or otherwise computed on a pro rata basis based on the number of months of this Agreement) specified for each delivery point.

10. Default and Remedies: For the purposes of this Agreement, Buyer's default includes (a) the making of any false or misleading representation in this Agreement and (b) the failure to observe or comply with any provision or covenant in this Agreement. In the event of Buyer's default, Seller may seek all legal and equitable remedies, including, without limitation, all rights provided by Article 2 of the Uniform Commercial Code. Seller may also seek its attorneys' fees, costs and expenses incurred in connection with Buyer's default. In addition, in the event that any invoice is not paid when due or Buyer takes delivery in violation of Buyer's Credit Limit, Seller may at its option (i) suspend or condition further deliveries or (ii) terminate this Agreement, without notice or demand, and all unpaid balances shall be immediately due and payable. In the event Buyer fails to take delivery of any portion of any Product(s) during the Term, including non-delivery as a result of Buyer's default, Buyer agrees to pay Seller immediately Seller's lost profits on the undelivered quantity of Product(s). All amounts not paid when due shall bear interest at __% per annum and shall be payable with all costs of collection, including, without limitation, Seller's attorneys fees, costs and expenses. Upon the occurrence of any default, Seller may set off against the indebtedness of any amounts owing by Seller to Buyer, whether or not those amounts are immediately payable. Seller shall have the right to require the Buyer to take possession of the Product with or without demand and with or without process of law and the right to sell or dispose of the Product.

11. Notices: Any notice, request or other communication required or permitted by or pertaining to this Agreement ("Notices") shall be in writing and issued to the addresses as listed above. Notices shall be delivered by (a) by a nationally recognized courier or messenger service with confirmed delivery, (b) personal service or (c) first class mail prepaid. Notice using the methods set forth in (a) or (b) shall be deemed effective if delivered between 9AM (EST) and 5PM (EST) ("Business Hours") on a day on which commercial banks are open for business ("Business Day"); any notices delivered after Business Hours or on a non-Business Day shall be deemed delivered as of 9AM (EST) on the first succeeding Business Day. Notices by first class prepaid mail shall be deemed received 5 calendar days after mailing. Refusal by a party to accept notice shall not affect its validity.

12. Allocation: Seller, in its sole discretion, may decide to allocate or limit quantities of Product(s) available for sale. In such instance, Seller shall exercise reasonable efforts to provide all of its buyers with allocations of Product(s) reflecting amounts purchased previously on a regular basis prior to allocating any Product(s) to non guaranteed quantity purchase customers and/or new customers.

13. Over Lifting: For purchases of Product(s) exceeding the amounts set forth in Section 1 above, the Buyer shall be charged in accordance with current Port Consolidated delivered prices.

14. Non-Reliance: Buyer represents that is entering into this Agreement as a principal (rather than as agent of any person or entity) and has made its own independent decisions to enter into this Agreement. Buyer is not relying on any communication (written or oral) of Seller as a recommendation to enter into this Agreement. Buyer is capable of assessing the merits of and understanding (on its own behalf or through independent professional advice), and understands and accepts, the terms, conditions and risks of this Agreement.

15. Warranties: Seller warrants that Product(s) delivered to Buyer will conform to the description(s) set forth on page 1 of this Agreement. This is Seller's sole warranty. **SELLER MAKES NO OTHER WARRANTIES OF ANY KIND, WHETHER EXPRESS OR IMPLIED, WITH REGARD TO ANY PRODUCT(S) PURCHASED HEREUNDER. ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ARE EXPRESSLY DISCLAIMED AND SPECIFICALLY EXCLUDED.**

16. LIMITATION OF LIABILITY: SELLER DISCLAIMS AND BUYER HOLDS SELLER HARMLESS FROM AND AGAINST ANY LIABILITY FOR CONSEQUENTIAL OR OTHER INCIDENTAL DAMAGES. BUYER AGREES TO INDEMNIFY AND HOLD SELLER HARMLESS FROM ANY CLAIMS OF LIABILITY ARISING FROM USE OF THE PRODUCT, WHETHER SINGLY OR IN COMBINATION WITH OTHER SUBSTANCES. Seller shall not be liable for damages, whether arising from performance of Seller's obligations under this Agreement, tort (negligence), or otherwise for loss of anticipated profits, loss by reason of plant shutdown, non-operation or increased expense of operation, service interruption, claims of customers, cost of money, loss of use of capital or revenue, or for any special, incidental or consequential loss or damage. Buyer agrees to defend, indemnify and hold harmless Seller from and against any and all liability, losses, damages, costs, claims, lawsuits, judgments, settlements and expenses, including without limitation, reasonable attorneys fees, costs and expenses arising or related to this Agreement or Seller's performance under this Agreement. Buyer assumes all risk and liability for and shall indemnify and hold Seller harmless from and against any and all loss, damage or injury to persons or property (whether to Buyer or third parties) arising out of the ownership, use, custody, control or disposition of the Product(s) by Buyer, its agents and employees or by any third parties.

17. Risk of Loss and Title: Identification of the Product(s) shall occur the Agreement is effective. Risk of loss passes to Buyer on identification. Title of the Product(s) shall pass to Buyer on physical possession.

18. Defects: Buyer shall within 2 days advise Seller of any alleged defect or failure to conform with specifications. If the parties agree that the Seller is responsible, at Seller's option (a) the defective Product(s) shall be returned at Buyer's expense, properly safeguarded against normal transit

risks as required by Seller, for replacement by Seller or (b) the parties shall negotiate a mutually acceptable amount to be deducted from the Agreement price, the payment of which shall operate as a full release of Seller. Buyer's failure to notify Seller of any alleged defect or failure to meet specification within 2 days shall constitute a complete waiver of any claim with respect to defects or failure to conform and Buyer's release and covenant not to sue Seller with respect to any such claim.

19. Acceptance: Buyer's acceptance of delivery of Product(s) shall constitute irrefutable evidence of its agreement to the terms and conditions set forth herein.

20. Responsibility to Warn and Report: Buyer assumes all responsibility for (a) warning and protecting its personnel and any third parties of all hazards to persons and property related to the Product(s) and (b) complying with all relevant reporting obligations under the Emergency Planning and Community Right to Know Act of 1986, 42 USC Sections 11001-11049 resulting from the presence of chemicals under this Agreement.

21. Applicable Law/Forum/Jury Waiver: This Agreement is governed by and shall be construed under the laws of the State of Florida without reference to conflicts of laws rules or principles. With respect to any suit, action or proceedings relating to this Agreement ("Proceedings") each Party irrevocably (a) submits to the exclusive jurisdiction of the courts of the State of Florida and the United States District Court located in Broward County; (b) waives any objection that it may have at any time to the laying of venue of any Proceedings brought in such court, (c) waives any claim that such Proceedings have been brought in an inconvenient forum and (d) further waives the right to object, with respect to such Proceedings, that such court does not have jurisdiction over such party. INSOFAR AS PERMITTED BY LAW, EACH PARTY IRREVOCABLY WAIVES ANY AND ALL RIGHTS TO TRIAL BY JURY IN ANY LEGAL PROCEEDING IN CONNECTION WITH THIS AGREEMENT AND ACKNOWLEDGES THIS WAIVER IS A MATERIAL INDUCEMENT TO THE OTHER PARTY'S ENTERING INTO THIS AGREEMENT. The prevailing party in any litigation between the parties shall be entitled to recover reasonable costs including external attorneys fees.

22. Waiver: No waiver by either Party hereto of a breach of an obligation owed hereunder by the other shall be construed as a waiver of any other breach, whether of the same or of a different nature. No delay or failure on either Party's part to enforce any right or claim, which it may have hereunder, shall constitute a waiver on the respective Party's part of such right or claim. All rights and remedies arising under this Agreement as amended and modified from time to time are cumulative and not exclusive of any rights or remedies which may be available at law or otherwise.

23. Assignment: Neither Party shall assign this Agreement without the consent of the other Party hereto. Any such attempt to assign this Agreement shall be null and void. Nothing herein shall confer or is intended to confer on any person or entity which is not a party to this Agreement any rights or benefits under this Agreement.

24. Amendment: This Agreement shall not be modified or amended, except by written instrument duly executed by officers or other duly authorized representatives of the respective Parties. Notwithstanding the foregoing, Buyer agrees that Seller may modify the terms of this Agreement at any time to comply with changes in applicable law. Acceptance or acquiescence in a course of performance rendered shall not be relevant to determine the meanings of these terms and conditions. Notwithstanding any provisions therein to the contrary, any terms and conditions in a Buyer's purchase order, confirmation, acknowledgement form or other document issued by the Buyer that conflict with this Agreement or increase Seller's obligations are rejected and shall not be binding on Seller unless expressly accepted by Seller in writing.

25. Severability: Any provision hereof which is legally unenforceable shall be ineffective only to the extent of such unenforceability without thereby invalidating the remaining provisions hereof or affecting the validity of enforceability of this Agreement as a whole.

26. Entire Agreement: This Agreement contains the entire agreement and understanding between the Parties with respect to the subject matter hereof, and there are no other promises, representations, or warranties affecting it.

27. Force Majeure: In no event shall the Seller be held liable (a) for indirect, consequential, punitive, or multiple damages or (b) for any loss of any kind caused, directly or indirectly, by federal, state or local law, order or regulation, government restrictions, war (whether declared or undeclared), terrorist acts, insurrection, riots, fires, flooding, strikes, failure of utility services, accidents, adverse weather or other events of nature, or other conditions beyond its reasonable control

28. Insurance: Buyer shall carry and maintain comprehensive general public liability insurance, including contractual liability, bodily injury and property damage, workmen's compensation, and employer's liability insurance throughout the Term of the Agreement and any extension of this Agreement.

29. Recording: Each party may, in its commercially reasonable discretion, record, on tape or otherwise, any telephone conversation between the parties and involving their respective officers, agents and employees, and each party hereby agrees and consents thereto.

30. Time is of the Essence: Time is of the Essence in this Agreement. Failure to meet a deadline shall be a breach.

31. Headings: Headings in this Agreement are for convenience only and should not be used for interpretive purposes.

32. Authority to Sign: Each party executing this Agreement is duly authorized to do so and all entity action necessary for the making of this Agreement has been duly taken.

Re: RFP E-03-22, Unleaded Gasoline and Diesel Fuel for SE Florida Co-op Group

---

Dear Mr. English:

Port Consolidated is pleased to offer the Co-op our Best and Final Offer.

- Item No. 1 Transport Regular Unleaded 87 Octane $ + .036 per gallon
- Item No. 1 Tankwagon Regular Unleaded 87 Octane $ + .186 per gallon
- Item No. 2 Transport Diesel Fuel #2 Ultra Low Sulfur $ + .036 per gallon
- Item No. 2 Tankwagon Diesel Fuel #2 Ultra Low Sulfur $ + .186 per gallon

Should you have any questions or comments on this proposal, please feel free to contact me at any time.

Sincerely,

Don Carlton
President
Port Consolidated

Village of Palm Springs

Executive Brief

AGENDA DATE: March 10, 2022

DEPARTMENT: Public Service

ITEM #5: Approve Gulfstream Road Stormwater Improvements Award (Task Order No. 277) - Invitation to Bid (ITB 2022B-004) - Public Service Department (FY 2022 Budget Funded - Stormwater Enterprise Fund) - Hinterland Group, Inc.

SUMMARY: The Public Service Department has identified a need to address localized flooding within and around Gulfstream Road between 10th Avenue North and Lake Worth Road. The improvements will include the addition of stormwater piping and structures on Gulfstream Road and the re-establishment of roadside swales.

To ensure the lowest possible price for these projects, the Village issued an Invitation to Bid (ITB 2022B-004) on December 9, 2021, for the installation of a new drainage pipe along Gulfstream Road between Lake Worth Road and Lakewood Road and between the L-11 Canal and 10th Avenue North. This process was completed by the Village through a competitive selection process - Gulfstream Road Stormwater Improvements (ITB No. 2022B-004 - December 9, 2021).

Within the Fiscal Year 2022 Budget - Stormwater Enterprise Fund, the Village Council approved $448,800 for the Gulfstream Road Stormwater Improvements project. As a result of the Village's ITB, the following two (2) bid proposals were received:

Vendor	Total Bid
Hinterland Group, Inc.	$ 778,325.00
CK Contractors & Development	$1,007,139.00

Note: The Village's consultant engineering firm, Craven Thompson, reviewed the bids that were received, and found that one (1) of the bids contained an additional irregularity (Hinterland Group). This error was corrected, and the corrected bid value is presented in the table above.

After reviewing the two (2) bids received, the Acting Public Service Director, Interim Public Service Administrator, Public Service Project Manager, Village Attorney, and the Village's contracted engineer, Craven Thompson, determined that Hinterland Group, Inc. provided the lowest, responsible, and responsive bid. As a result, the staff is requesting the Council to approve Task Order #277 for the amount of $778,325.00 to Hinterland Group, Inc.

Note: The Village Council has approved funding ($448,800) within the FY 2022 Budget - Stormwater Fund to support this project. Although the full cost for this project was not included within the FY 2022 Budget - Stormwater Fund due to substantial increases in construction costs from the time the Village's

budget was approved, funding to support the proposed Gulfstream Road Stormwater Improvements project is available through the ARPA grant fund.

If approved, the Village would accept Hinterland Group, Inc.'s pricing, including all terms, conditions, and pricing submitted within their ITB proposal and proposed agreement. The Village will not expend more than the amount in the approved budget as it may be adopted/amended each year for these goods and services over the term of this contract.

The Gulfstream Road Stormwater Improvements project is expected to be completed by August 2022.

The proposed agreement was prepared by the Village Attorney and reviewed by the Acting Public Service Director, the Public Service Project Manager, the Interim Public Service Administrator, and the Finance Director.

The Village has previously worked with the proposed contractor and has received excellent service and a quality product.

FISCAL IMPACT:
Funding to support the Gulfstream Road Stormwater Improvements project (Task Order No. 277) is available within the FY 2022 - Stormwater Enterprise Fund:

Allocated/Estimated Project Funding:	***Amount***
FY 2021 Actual Funding - Stormwater Enterprise Fund:	$ 25,120.00
FY 2022 Approved Funding - Stormwater Enterprise Fund:	$ 448,800.00
FY 2022 Requested ARPA Funding - Stormwater Enterprise Fund:	$ 341,205.00
TOTAL ALLOCATED/APPROVED BUDGET	**$ 815,125.00**
Expected Project Costs:	***Amount***
FY 2021 Actual Costs - Design & Engineering - Stormwater Fund (TO # 277):	$ 25,120.00
FY 2022 Projected Costs - Design & Engineering - Stormwater Fund (TO # 277):	$ 11,680.00
FY 2022 Projected Costs - Construction - Stormwater Fund (TO # 277):	$ 778,325.00
TOTAL PROJECT COSTS:	**$ 815,125.00**

The Village will not expend more than the amount within the approved budget as it may be adopted/amended each year for these goods and services over the term of this contract.

An internal budget transfer or amendment to support the cost above the budgeted amount will be completed within the Stormwater Enterprise Fund at a later date, if necessary.

AGREEMENT
BETWEEN OWNER AND CONTRACTOR
FOR CONSTRUCTION CONTRACT (STIPULATED PRICE)

THIS AGREEMENT is by and between Village of Palm Springs ("Owner") and Hinterland Group, Inc. ("Contractor").

Owner and Contractor hereby agree as follows:

ARTICLE 1 – WORK

1.01 Contractor shall complete all Work as specified or indicated in the Contract Documents. The Work is generally described as follows:

ARTICLE 2 – THE PROJECT

2.01 The Project, of which the Work under the Contract Documents is a part, is generally described as follows: **Gulfstream Road Stormwater Improvements**

ARTICLE 3 – ENGINEER

3.01 The part of the Project that pertains to the Work has been designed by **Craven Thompson & Associates, Inc.**.

3.02 The Owner has retained **Craven Thompson & Associates, Inc.** ("Engineer") to act as Owner's representative, assume all duties and responsibilities, and have the rights and authority assigned to Engineer in the Contract Documents in connection with the completion of the Work in accordance with the Contract Documents.

ARTICLE 4 – CONTRACT TIMES

4.01 *Time of the Essence*

A. All time limits for Milestones, if any, Substantial Completion, and completion and readiness for final payment as stated in the Contract Documents are of the essence of the Contract.

4.02 *Contract Times: Days*

A. The Work will be substantially completed within **120** days after the date when the Contract Times commence to run as provided in Paragraph 4.01 of the General Conditions, and completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions within **150** days after the date when the Contract Times commence to run.

4.03 *Liquidated Damages*

A. Contractor and Owner recognize that time is of the essence as stated in Paragraph 4.01 above and that Owner will suffer financial and other losses if the Work is not completed and Milestones not achieved within the times specified in Paragraph 4.02 above, plus any extensions thereof allowed in accordance with the Contract. The parties also recognize the delays, expense, and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by Owner if the Work is not completed on time. Accordingly, instead of

requiring any such proof, Owner and Contractor agree that as liquidated damages for delay (but not as a penalty):

1. Substantial Completion: Contractor shall pay Owner $ **500** for each day that expires after the time (as duly adjusted pursuant to the Contract) specified in Paragraph 4.02.A above for Substantial Completion until the Work is substantially complete.

2. Completion of Remaining Work: After Substantial Completion, if Contractor shall neglect, refuse, or fail to complete the remaining Work within the Contract Times (as duly adjusted pursuant to the Contract) for completion and readiness for final payment, Contractor shall pay Owner $ **200** for each day that expires after such time until the Work is completed and ready for final payment.

3. Liquidated damages for failing to timely attain Substantial Completion and final completion are not additive and will not be imposed concurrently.

4.04 *Special Damages*

A. In addition to the amount provided for liquidated damages, Contractor shall reimburse Owner (1) for any fines or penalties imposed on Owner as a direct result of the Contractor's failure to attain Substantial Completion according to the Contract Times.

ARTICLE 5 – CONTRACT PRICE

5.01 Owner shall pay Contractor for completion of the Work in accordance with the Contract Documents the amounts that follow, subject to adjustment under the Contract:

A. For all Unit Price Work, an amount equal to the sum of the extended prices (established for each separately identified item of Unit Price Work by multiplying the unit price times the actual quantity of that item):

Unit Price Work					
Item No.	**Description**	**Unit**	**Estimated Quantity**	**Unit Price**	**Extended Price**
1	MOBILIZATION (5%)	1	LS	$41,800.00	$41,800.00
2	MAINTENANCE OF TRAFFIC (2%)	1	LS	$16,700.00	$16,700.00
3	ALL DEMOLITION AND DISPOSAL REQUIRED TO CONSTRUCT PROJECT INCLUDING BUT NOT LIMITED TO CLEARING, GRUBBING, AND REMOVAL AND DISPOSAL OF TREES, ROOTS, PAVEMENT, PIPE, CONCRETE PAD, FENCE, STRUCTURE, OR ANY OBJECT OR MATERIAL IN CONFLICT WITH PROPOSED WORK.	1	LS	$69,425.00	$69,425.00
4	FURNISH AND INSTALL 12" STABILIZED SUBGRADE LBR 40 (FOR PAVEMENT RESTORATION)	3278	SY	$32.15	$105,387.70
5	FURNISH AND INSTALL 8" LIMEROCK BASE LBR 100 (FOR PAVEMENT RESTORATION)	2899	SY	$22.30	$64,647.70
6	FURNISH AND INSTALL 1-1/2" TYPE S-III ASPHALTIC CONCRETE SURFACE (TWO ¾" LIFTS) (FOR DRIVEWAY ASPHALT PAVEMENT RESTORATION)	498	SY	$24.00	$11,952.00

Unit Price Work					
Item No.	**Description**	**Unit**	**Estimated Quantity**	**Unit Price**	**Extended Price**
7	FURNISH AND INSTALL 2” TYPE SP-9.5 IN TWO 1" LIFTS (FOR ROADWAY ASPHALT PAVEMENT RESTORATION)	2376	SY	$24.00	$57,024.00
8	FURNISH AND INSTALL CONCRETE DRIVEWAY 6" THICK 3,000 PSI	379	SY	$75.00	$28,425.00
9	FURNISH AND INSTALL 1" SAND BED LAYER FOR PAVER PAVEMENT SECTION (FOR PAVER DRIVEWAY RESTORATION)	25	SY	$55.00	$1,375.00
10	FURNISH AND INSTALL 3-1/8" THICK TRAFFIC RATED PAVERS (FOR PAVER DRIVEWAY RESTORATION)	25	SY	$120.00	$3,000.00
11	REMOVE AND RE-INSTALL PAVERS PROVIDED BY RESIDENT (FOR PAVER DRIVEWAY RESTORATION)	25	SY	$250.00	$6,250.00
12	FURNISH AND INSTALL 15" RCP STORM DRAINAGE PIPE (INCLUDES DEWATERING)	140	SY	$50.40	$7,056.00

22	REPLACEMENT OF WATER OR SEWER SEVICE DUE TO CONFLICT WITH PROPOSED DRAINAGE PIPING	18	EA	$1,500.00	$27,000.00
23	IRRIGATION RESTORATION ALLOWANCE	1	LS	$5,000.00	$5,000.00
24	MISC ALLOWANCE	1	LS	$20,000	$20,000.00
25	REQUIRED TESTING	1	LS	$9,800.00	$9,800.00
26	PREPARE AND PROVIDE ALL STAKE OUT AND REQUIRED ASBUILTS PER LWDD & VILLAGE	1	LS	$40,000.00	$40,000.00

Unit Price Work					
Item No.	**Description**	**Unit**	**Estimated Quantity**	**Unit Price**	**Extended Price**
27	NPDES (SILT FENCE, INLET FABRIC, TURBIDITY BARRIER, ETC…)	1	LS	$4,500.00	$4,500.00
Total of all Extended Prices for Unit Price Work (subject to final adjustment based on actual quantities)					**$778,325.00**

The extended prices for Unit Price Work set forth as of the Effective Date of the Contract are based on estimated quantities. As provided in Paragraph 13.03 of the General Conditions, estimated quantities are not guaranteed, and determinations of actual quantities and classifications are to be made by Engineer.

B. Total of Unit Price Work (subject to final Unit Price adjustment) $ **$778,325.00** .

ARTICLE 6 – PAYMENT PROCEDURES

6.01 *Submittal and Processing of Payments*

A. Contractor shall submit Applications for Payment in accordance with Article 15 of the General Conditions. Applications for Payment will be processed by Engineer as provided in the General Conditions.

6.02 *Progress Payments; Retainage*

A. Owner shall make progress payments on account of the Contract Price on the basis of Contractor's Applications for Payment on or about the 20th day of each month during performance of the Work as provided in Paragraph 6.02.A.1 below, provided that such Applications for Payment have been submitted in a timely manner and otherwise meet the requirements of the Contract. All such payments will be measured by the Schedule of Values established as provided in the General Conditions (and in the case of Unit Price Work based on the number of units completed) or, in the event there is no Schedule of Values, as provided elsewhere in the Contract.

1. Prior to Substantial Completion, progress payments will be made in accordance with Florida Statute 255.078 but, in each case, less the aggregate of payments previously made and less such amounts as Owner may withhold, including but not limited to liquidated damages, in accordance with the Contract

B. Upon Substantial Completion, Owner shall pay an amount sufficient to increase total payments to Contractor to 100 percent of the Work completed, less such amounts set off by Owner pursuant to Paragraph 15.01.E of the General Conditions, and less 200 percent of Engineer's estimate of the value of Work to be completed or corrected as shown on the punch list of items to be completed or corrected prior to final payment.

6.03 *Final Payment*

A. Upon final completion and acceptance of the Work in accordance with Paragraph 15.06 of the General Conditions, Owner shall pay the remainder of the Contract Price as recommended by Engineer as provided in said Paragraph 15.06.

ARTICLE 7 – INTEREST

7.01 All amounts not paid when due shall bear interest at the rate of 1 percent per annum.

ARTICLE 8 – CONTRACTOR'S REPRESENTATIONS

8.01 In order to induce Owner to enter into this Contract, Contractor makes the following representations:

A. Contractor has examined and carefully studied the Contract Documents, and any data and reference items identified in the Contract Documents.

B. Contractor has visited the Site, conducted a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and is satisfied as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.

C. Contractor is familiar with and is satisfied as to all Laws and Regulations that may affect cost, progress, and performance of the Work.

D. Contractor has carefully studied all: (1) reports of explorations and tests of subsurface conditions at or adjacent to the Site and all drawings of physical conditions relating to existing surface or subsurface structures at the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings, and (2) reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings.

E. Contractor has considered the information known to Contractor itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Contract Documents; and the Site-related reports and drawings identified in the Contract Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Contractor; and (3) Contractor's safety precautions and programs.

F. Based on the information and observations referred to in the preceding paragraph, Contractor agrees that no further examinations, investigations, explorations, tests, studies, or data are necessary for the performance of the Work at the Contract Price, within the Contract Times, and in accordance with the other terms and conditions of the Contract.

G. Contractor is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Contract Documents.

H. Contractor has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Contractor has discovered in the Contract Documents, and the written resolution thereof by Engineer is acceptable to Contractor.

I. The Contract Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performance and furnishing of the Work.

J. Contractor's entry into this Contract constitutes an incontrovertible representation by Contractor that without exception all prices in the Agreement are premised upon performing and furnishing the Work required by the Contract Documents.

ARTICLE 9 – CONTRACT DOCUMENTS

9.01 *Contents*

A. The Contract Documents consist of the following:

1. This Agreement (pages 1 to 15, inclusive).
2. Performance bond (pages 1 to 3, inclusive).
3. Payment bond (pages 1 to 3, inclusive).
4. Other bonds.
    a. ___ (pages ___ to ___, inclusive).
    b. ___ (pages ___ to ___, inclusive).
    c. ___ (pages ___ to ___, inclusive).
5. General Conditions (pages 1 to 65, inclusive).
6. Supplementary Conditions (pages 1 to 10, inclusive).
7. Specifications as listed in the table of contents of the Project Manual.
8. Drawings (not attached but incorporated by reference) consisting of 16 sheets with each sheet bearing the following general title: Gulfstream Road Drainage Improvements (Sheet No. C-#).
9. Addenda (numbers 1 to 1, inclusive).
10. Exhibits to this Agreement (enumerated as follows):
    a. None.
11. The following which may be delivered or issued on or after the Effective Date of the Contract and are not attached hereto:
    a. Notice to Proceed.
    b. Work Change Directives.
    c. Change Orders.
    d. Field Orders.

B. The documents listed in Paragraph 9.01.A are attached to this Agreement (except as expressly noted otherwise above).

C. There are no Contract Documents other than those listed above in this Article 9.

D. The Contract Documents may only be amended, modified, or supplemented as provided in the General Conditions.

E. To the extent that there exists a conflict between this Agreement and the remaining Contract Documents, the terms, conditions, covenants, and/or provisions of this Agreement shall prevail. Wherever possible, the provisions of such documents shall be construed in such a manner as to avoid conflicts between provisions of the various documents.

ARTICLE 10 – MISCELLANEOUS

10.01 *Terms*

A. Terms used in this Agreement will have the meanings stated in the General Conditions and the Supplementary Conditions.

10.02 *Assignment of Contract*

A. Unless expressly agreed to elsewhere in the Contract, no assignment by a party hereto of any rights under or interests in the Contract will be binding on another party hereto without the written consent of the party sought to be bound; and, specifically but without limitation, money that may become due and money that is due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents.

10.03 *Successors and Assigns*

A. Owner and Contractor each binds itself, its successors, assigns, and legal representatives to the other party hereto, its successors, assigns, and legal representatives in respect to all covenants, agreements, and obligations contained in the Contract Documents.

10.04 *Severability*

A. Any provision or part of the Contract Documents held to be void or unenforceable under any Law or Regulation shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon Owner and Contractor, who agree that the Contract Documents shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision.

10.05 *Contractor's Certifications*

A. Contractor certifies that it has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for or in executing the Contract. For the purposes of this Paragraph 10.05:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process or in the Contract execution;

2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process or the execution of the Contract to the detriment of Owner, (b) to establish Bid or Contract prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;

3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish Bid prices at artificial, non-competitive levels; and

4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the execution of the Contract.

10.06 *Indemnity*

A. The parties recognize that the CONTRACTOR is an independent contractor. The CONTRACTOR agrees to assume liability for and indemnify, hold harmless, and defend the VILLAGE, its council members, mayor, officers, employees, agents, and attorneys of, from, and against all liability and expense, including reasonable attorney's fees, in connection with any and all claims, demands, damages, actions, causes of action, and suits in equity of whatever kind or nature, including claims for personal injury, property damage, equitable relief, or loss of use, to the extent caused by the negligence, recklessness, or intentionally

wrongful conduct of the CONTRACTOR, its agents, officers, Contractors, subcontractors, employees, or anyone else utilized by the CONTRACTOR in the performance of this Contract. The CONTRACTOR's liability hereunder shall include all attorney's fees and costs incurred by the VILLAGE in the enforcement of this indemnification provision. This includes claims made by the employees of the CONTRACTOR against the VILLAGE and the CONTRACTOR hereby waives its entitlement, if any, to immunity under Section 440.11, Florida Statutes. The obligations contained in this provision shall survive termination of this Contract and shall not be limited by the amount of any insurance required to be obtained or maintained under this Contract.

B. Subject to the limitations set forth in this Section, CONTRACTOR shall assume control of the defense of any claim asserted by a third party against the VILLAGE and, in connection with such defense, shall appoint lead counsel, in each case at the CONTRACTOR's expense. The VILLAGE shall have the right, at its option, to participate in the defense of any third party claim, without relieving CONTRACTOR of any of its obligations hereunder. If the CONTRACTOR assumes control of the defense of any third party claim in accordance with this paragraph, the CONTRACTOR shall obtain the prior written consent of the VILLAGE before entering into any settlement of such claim. Notwithstanding anything to the contrary in this Section, the CONTRACTOR shall not assume or maintain control of the defense of any third party claim, but shall pay the fees of counsel retained by the VILLAGE and all expenses, including experts' fees, if (i) an adverse determination with respect to the third party claim would, in the good faith judgment of the VILLAGE, be detrimental in any material respect to the VILLAGE's reputation; (ii) the third party claim seeks an injunction or equitable relief against the VILLAGE; or (iii) the CONTRACTOR has failed or is failing to prosecute or defend vigorously the third party claim. Each party shall cooperate, and cause its agents to cooperate, in the defense or prosecution of any third party claim and shall furnish or cause to be furnished such records and information, and attend such conferences, discovery proceedings, hearings, trials, or appeals, as may be reasonably requested in connection therewith.

C. It is the specific intent of the parties hereto that the foregoing indemnification complies with Section 725.06, Florida Statutes, as amended. CONTRACTOR expressly agrees that it will not claim, and waives any claim, that this indemnification violates Section 725.06, Florida Statues. Nothing contained in the foregoing indemnification shall be construed as a waiver of any immunity or limitation of liability the VILLAGE may have under the doctrine of sovereign immunity or Section 768.28, Florida Statutes.

10.07 *Governing Law and Remedies*

A. The validity of this Agreement and of any of its terms or provisions, as well as the rights and duties of the parties hereunder, shall be governed by the laws of the State of Florida and venue for any and all disputes related to or arising from this Agreement shall be in Palm Beach County, Florida.

B. No remedy herein conferred upon any party is intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or further exercise thereof.

10.08 *Office of the Inspector General*

A. Palm Beach County has established the Office of the Inspector General, which is authorized and empowered to review past, present, and proposed County programs, contracts,

transactions, accounts and records. The Inspector General (IG) has the power to subpoena witnesses, administer oaths, require the production of records, and monitor existing projects and programs. The Inspector General may, on a random basis, perform audits on all Village contracts.

10.09 *Scrutinized Companies*

A. Company certifies that it and its subcontractors are not on the Scrutinized Companies that Boycott Israel List and are not engaged in the boycott of Israel. Pursuant to section 287.135, Florida Statutes, the Village may immediately terminate this Agreement at its sole option if the Company or any of its subcontractors are found to have submitted a false certification; or if the Company or any of its subcontractors, are placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of this Agreement.

B. The Company agrees to observe the above requirements for applicable subcontracts entered into for the performance of work under this Agreement. The Company agrees that the certifications in this section shall be effective and relied upon by the Village for the term of this Agreement, including any and all renewals. The Company agrees that if it or any of its subcontractors' status changes in regards to any certification herein, the Company shall immediately notify the Village of the same. As provided in Subsection 287.135(8), Florida Statutes, if federal law ceases to authorize the above-stated contracting prohibitions then they shall become inoperative.

10.10 *Public Records*

A. The CONTRACTOR shall comply with Florida's Public Records Act, Chapter 119, Florida Statutes, and, if determined to be acting on behalf of the Village as provided under section 119.011(2), Florida Statutes, specifically agrees to:

1. Keep and maintain public records required by the Village to perform the service.

2. Upon request from the Village's custodian of public records or designee, provide the Village with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of this Contract and following completion of this Contract if the Contractor does not transfer the records to the Village.

4. Upon completion of this Contract, transfer, at no cost, to the Village all public records in possession of the Contractor or keep and maintain public records required by the Village to perform the service. If the Contractor transfers all public records to the Village upon completion of the Contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the Contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the Village, upon request from the Village's custodian of public records or designee, in a format that is compatible with the information technology systems of the Village.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONSULTANT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS OR DESIGNEE AT 561-584-8200 ext. 8430, kwynn@vpsfl.org, OR BY MAIL AT VILLAGE OF PALM SPRINGS, 226 CYPRESS LANE, PALM SPRINGS, FL 33461.

10.11 *Insurance*

A. The limits of liability for insurance required by Paragraph 6.03 of the General Conditions shall provide coverage for not less that the following amounts or greater where required by Law and Regulations:

1. Workers' Compensation, and related coverages under Paragraphs 6.03.A.1 and A.2 of the General Conditions:

a.	State	Statutory
b.	Applicable Federal	Statutory
c.	Employer Liability:	
	Bodily injury, each accident	$1,000,000
	Bodily injury by disease, each employee	$500,000
	Bodily injury/disease aggregate	$1,000,000
d.	Foreign voluntary worker compensation	Statutory

2. Contractor's Commercial General Liability under Paragraphs 6.03.B and 6.03.C of the General Conditions:

a.	General Aggregate	$2,000,000
b.	Products – Completed Operations Aggregate	$2,000,000
c.	Personal and Advertising Injury	$1,000,000
d.	Each Occurrence (Bodily Injury and Property Damage)	$1,000,000

3. Automobile Liability under paragraph 6.03.D of the General Conditions:

a.	Bodily Injury:	
	Each Person	$500,000
	Each Accident	$1,000,000
b.	Property Damage:	
	Each Incident	$1,000,000

4. Umbrella of Excess Liability under paragraph 6.03.E of the General Conditions:

a.	Excess or Umbrella Liability	
	1) General Aggregate	$5,000,000
	2) Each Occurrence	$1,000,000

5. Contractor's Pollution Liability under paragraph 6.03.F of the General Conditions:

a.	Contractor's Pollution Liability	
	1) General Aggregate	$2,000,000
	2) Each Occurrence	$1,000,000

6. Additional Insureds include the respective officers, partners, directors, employees, agents, consultants, and subconsultants of the following firms and municipal government(s):

    a. Village of Palm Springs

10.12 *Public Construction Bond*

A. If the contract amount exceeds $200,000 in total construction cost, the CONTRACTOR must provide the VILLAGE with a public construction bond in accordance with section 255.05, Florida Statutes. Said bond must be recorded in the Official Records in and for Palm Beach County and a copy of the recorded bond must be provided to the VILLAGE prior to the CONTRACTOR providing any services under the contract. The VILLAGE reserves the right to request a bond for any work which is less than $200,000. The cost of the bond shall be a direct pass through cost to the VILLAGE without any mark-up by the CONTRACTOR.

B. The public construction bond shall be on forms attached hereto as **Exhibit "B"** or substantially similar as approved by the VILLAGE. The bond shall be in an amount not less than the total contract price and shall incorporate by reference the terms of the Contract Documents in their entirety.

C. To be acceptable to the VILLAGE, a Surety Company shall comply with the following provisions:

    a. The Surety Company shall have a currently valid Certificate of Authority, issued by the State of Florida Department of Insurance, authorizing it to write surety bonds in the State of Florida.

    b. The Surety Company shall have a currently valid Certificate of Authority issued by the United States Department of Treasury under Sections 9304 to 9308 of Title 31 of the United States Code.

    c. The Surety Company shall be in full compliance with the provisions of the Florida Insurance Code.

    d. The Surety Company shall have at least twice the minimum surplus and capital required by the Florida Insurance Code at the time the contract is approved.

    e. The Surety Company shall have at least the ratings of A-/Class V in the latest issue of Best's Key Rating Guide.

    f. The Surety Company shall not expose itself to any loss on any one risk in an amount exceeding ten (10) percent of its surplus to policyholders, provided:

        1) Any risk or portion of any risk being reinsured shall be deducted in determining the limitation of the risk as prescribed in this section. These minimum requirements shall apply to the reinsuring carrier providing authorization or approval by the State of Florida, Department of Insurance to do business in this state have been met.

        2) In the case of the surety insurance company, in addition to the deduction for reinsurance, the amount assumed by any co-surety, the value of any security deposited, pledged or held subject to the consent of the surety and for the protection of the surety shall be deducted.

10.13 *Audit by Village*

A. The CONTRACTOR shall maintain adequate records to justify all charges, expenses, and costs incurred in estimating and performing the Services for at least three (3) years after

completion of the Contract. The CONTRACTOR shall permit the VILLAGE, or any authorized representatives of the VILLAGE, at all reasonable times, access to and the right to examine all records, books, papers or documents related to the CONTRACTOR's performance under this Agreement including, but not limited to, expenses for sub-contractors, agents or assistants, direct and indirect charges for work performed and detailed documentation for all such work performed or to be performed under this Agreement.

10.14 *Copies of Data/Documents*

A. Copies or original documents prepared by the CONTRACTOR in relation to work associated with this Agreement shall be provided to the VILLAGE. Data collected, stored, and/or provided shall be in a form acceptable to the VILLAGE and agreed upon by the VILLAGE.

10.15 *Ownership*

A. Each and every report, draft, work product, map, record, and other document reproduced, prepared, or caused to be prepared by the CONTRACTOR pursuant to or in connection with this Agreement shall be the exclusive property of the VILLAGE.

10.16 *Limitations of Liability*

A. Under no circumstances shall either party be liable to the other for any consequential, incidental, special, punitive, or any other form of indirect or non-compensatory damages.

10.17 *Enforcement Costs*

A. All parties shall be responsible for their own attorneys' fees, court costs and expenses if any legal action or other proceeding is brought for any dispute, disagreement, or issue of construction or interpretation arising hereunder whether relating to the Agreement's execution, validity, the obligations provided therein, or performance of this Agreement, or because of an alleged breach, default or misrepresentation in connection with any provisions of this Agreement.

10.18 *Copyrights and/or Patent Rights*

A. CONTRACTOR warrants that there has been no violation of copyrights and/or patent rights in the manufacturing, producing or selling of the goods, shipped or ordered, as a result of this Agreement and the CONTRACTOR agrees to hold the Village harmless from any and all liability, loss, or expense occasioned by any such violation.

10.19 *Protection of Property*

A. The CONTRACTOR shall at all times guard against damage or loss to the property of the VILLAGE or of other vendors or contractors and shall be held responsible for replacing or repairing any such loss or damage. The VILLAGE may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss or damage to property through negligence of the successful CONTRACTOR or its agents. The CONTRACTOR shall be responsible to safeguard all of their property such as tools and equipment while on site. The VILLAGE will not be held responsible for any loss of CONTRACTOR property due to theft or vandalism.

10.20 *Damage to Persons or Property*

A. The responsibility for all damage to person or property arising out of or on account of Scope of Work done under this Contract shall rest upon the CONTRACTOR.

10.21 *Discrimination*

A. The CONTRACTOR warrants and represents that all of its employees are treated equally during employment without regard to race, color, religion, disability, sex, age, national origin, ancestry, political affiliation, marital status, handicap, or sexual orientation. Further, CONTRACTOR shall not discriminate or permit discrimination against any employee or an applicant for employment on the basis of race, color, sex, religion, political affiliation, natural origin, ancestry, marital status, sexual orientation or handicap.

10.22 *Construction Defects*

A. PURSUANT TO SECTION 558.005, FLORIDA STATUTES, ANY CLAIMS FOR CONSTRUCTION DEFECTS ARE NOT SUBJECT TO THE NOTICE AND CURE PROVISIONS OF CHAPTER 558, FLORIDA STATUTES.

10.23 *Public Entity Crimes*

A. Contractor acknowledges and agrees that a person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier or sub-contractor under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statues, for CATEGORY TWO for a period of 36 months following the date of being placed on the convicted vendor list. The Contractor will advise the Village immediately if it becomes aware of any violation of this statute.

10.24 *Scrutinized Companies*

A. Contractor certifies that it and its subcontractors are not on the Scrutinized Companies that Boycott Israel List and are not engaged in the boycott of Israel. Pursuant to section 287.135, Florida Statutes, the City may immediately terminate this Agreement at its sole option if the Contractor or any of its subcontractors are found to have submitted a false certification; or if the Contractor or any of its subcontractors, are placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of this Agreement.

B. If this Agreement is for one million dollars or more, the Contractor certifies that it and its subcontractors are also not on the Scrutinized Companies with Activities in Sudan List, Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged in business operations in Cuba or Syria as identified in Section 287.135, Florida Statutes. Pursuant to Section 287.135, the City may immediately terminate this Agreement at its sole option if the Contractor, or any of its subcontractors are found to have submitted a false certification; or if the Contractor or any of its subcontractors are placed on the Scrutinized Companies with Activities in Sudan List, or Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or are or have been engaged with business operations in Cuba or Syria during the term of this Agreement.

C. The Contractor agrees to observe the above requirements for applicable subcontracts entered into for the performance of work under this Agreement.

D. The Contractor agrees that the certifications in this section shall be effective and relied upon by the City for the term of this Agreement, including any and all renewals.

E. The Contractor agrees that if it or any of its subcontractors' status changes in regards to any certification herein, the Contractor shall immediately notify the City of the same.

F. As provided in Subsection 287.135(8), Florida Statutes, if federal law ceases to authorize the above-stated contracting prohibitions then they shall become inoperative.

10.25 *E-Verify*

A. Pursuant to Section 448.095(2), Florida Statutes, beginning on January 1, 2021, the CONTRACTOR shall:

1. Register with and use the E-Verify system to verify the work authorization status of all newly hired employees and require all Subcontractors (providing services or receiving funding under this Agreement) to register with and use the E-Verify system to verify the work authorization status of all the Subcontractors' newly hired employees;

2. Secure an affidavit from all Subcontractors (providing services or receiving funding under this Agreement) stating that the Subcontractor does not employ, contract with, or subcontract with an "unauthorized alien" as defined in Section 448.095(1)(k), Florida Statutes;

3. Maintain copies of all Subcontractor affidavits for the duration of this Agreement and provide the same to the Owner upon request;

4. Comply fully, and ensure all of its Subcontractors comply fully, with Section 448.095, Florida Statutes;

5. Be aware that a violation of Section 448.09, Florida Statutes (Unauthorized aliens; employment prohibited) shall be grounds for termination of this Agreement; and,

6. Be aware that if the Owner terminates this Agreement under Section 448.095(2)(c), Florida Statutes, the Contractor may not be awarded a contract for at least 1 year after the date on which the Agreement is terminated and will be liable for any additional costs incurred by the Village as a result of the termination of the Agreement.

13. ✓ Current Insurance Certificate showing that bidder can meet the insurance requirements per Section 10.11 of the Contract Agreement, Section 6.03 of the General Conditions.
14. ✓ Signed copy of all Addenda.

Submit one (1) original and two (2) copies of all documents listed above. Original shall be clearly marked "Original".

Failure to provide the above listed items may result in your bid being deemed non-responsive.

END OF SECTION

BID FORM

ARTICLE 1 – BID RECIPIENT

1.01 This Bid is submitted to:

VILLAGE OF PALM SPRINGS

C/O Kimberly Wynn, Village Clerk

226 Cypress Lane, Palm Springs, FL 33461

1.02 The undersigned Bidder proposes and agrees, if this Bid is accepted, to enter into an Agreement with Owner in the form included in the Bidding Documents to perform all Work as specified or indicated in the Bidding Documents for the prices and within the times indicated in this Bid and in accordance with the other terms and conditions of the Bidding Documents.

ARTICLE 2 – BIDDER'S ACKNOWLEDGEMENTS

2.01 Bidder accepts all of the terms and conditions of the Instructions to Bidders, including without limitation those dealing with the disposition of Bid security. This Bid will remain subject to acceptance for 120 days after the Bid opening, or for such longer period of time that Bidder may agree to in writing upon request of Owner.

ARTICLE 3 – BIDDER'S REPRESENTATIONS

3.01 In submitting this Bid, Bidder represents that:

A. Bidder has examined and carefully studied the Bidding Documents, and any data and reference items identified in the Bidding Documents, and hereby acknowledges receipt of the following Addenda:

Addendum No.	Addendum, Date
1	12/24/2021

B. Bidder has visited the Site, conducted a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and satisfied itself as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.

C. Bidder is familiar with and has satisfied itself as to all Laws and Regulations that may affect cost, progress, and performance of the Work.

D. Bidder has carefully studied all: (1) reports of explorations and tests of subsurface conditions at or adjacent to the Site and all drawings of physical conditions relating to existing surface or subsurface structures at the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings, and (2) reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings.

E. Bidder has considered the information known to Bidder itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Bidding Documents; and any Site-related reports and drawings identified in the Bidding Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Bidder; and (3) Bidder's safety precautions and programs.

F. Bidder agrees, based on the information and observations referred to in the preceding paragraph, that no further examinations, investigations, explorations, tests, studies, or data are necessary for the determination of this Bid for performance of the Work at the price bid and within the times required, and in accordance with the other terms and conditions of the Bidding Documents.

G. Bidder is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Bidding Documents.

H. Bidder has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Bidder has discovered in the Bidding Documents, and confirms that the written resolution thereof by Engineer is acceptable to Bidder.

I. The Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for the performance and furnishing of the Work.

J. The submission of this Bid constitutes an incontrovertible representation by Bidder that Bidder has complied with every requirement of this Article, and that without exception the Bid and all prices in the Bid are premised upon performing and furnishing the Work required by the Bidding Documents.

ARTICLE 4 – BIDDER'S CERTIFICATION

4.01 Bidder certifies that:

A. This Bid is genuine and not made in the interest of or on behalf of any undisclosed individual or entity and is not submitted in conformity with any collusive agreement or rules of any group, association, organization, or corporation;

B. Bidder has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid;

C. Bidder has not solicited or induced any individual or entity to refrain from bidding; and

D. Bidder has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for the Contract. For the purposes of this Paragraph 4.01.D:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process;

2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process to the detriment of Owner, (b) to establish bid prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;

3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish bid prices at artificial, non-competitive levels; and

4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the execution of the Contract.

ARTICLE 5 – BASIS OF BID

5.01 Bidder will complete the Work in accordance with the Contract Documents for the following price(s):

BID FORM

BIDDER TO VERIFY ALL QUANTITIES

Item No.	Description	Unit	Estimated Quantity	Bid Unit Price	Bid Price
1	MOBILIZATION (5%)	1	LS	$41,800.00	$41,800.00
2	MAINTENANCE OF TRAFFIC (2%)	1	LS	$16,700.00	$16,700.00
3	ALL DEMOLITION AND DISPOSAL REQUIRED TO CONSTRUCT PROJECT INCLUDING BUT NOT LIMITED TO CLEARING, GRUBBING, AND REMOVAL AND DISPOSAL OF TREES, ROOTS, PAVEMENT, PIPE, CONCRETE PAD, FENCE, STRUCTURE, OR ANY OBJECT OR MATERIAL IN CONFLICT WITH PROPOSED WORK.	1	LS	$69,425.00	$69,425.00

Note: Addresses are to be used for giving any required notice.
Provide execution by any additional parties, such as joint venturers, if necessary.

PENAL SUM FORM

1. Bidder and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors, and assigns to pay to Owner upon default of Bidder the penal sum set forth on the face of this Bond. Payment of the penal sum is the extent of Bidder's and Surety's liability. Recovery of such penal sum under the terms of this Bond shall be Owner's sole and exclusive remedy upon default of Bidder.

2. Default of Bidder shall occur upon the failure of Bidder to deliver within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds required by the Bidding Documents.

3. This obligation shall be null and void if:

3.1 Owner accepts Bidder's Bid and Bidder delivers within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds required by the Bidding Documents, or

3.2 All Bids are rejected by Owner, or

3.3 Owner fails to issue a Notice of Award to Bidder within the time specified in the Bidding Documents (or any extension thereof agreed to in writing by Bidder and, if applicable, consented to by Surety when required by Paragraph 5 hereof).

4. Payment under this Bond will be due and payable upon default of Bidder and within 30 calendar days after receipt by Bidder and Surety of written notice of default from Owner, which notice will be given with reasonable promptness, identifying this Bond and the Project and including a statement of the amount due.

5. Surety waives notice of any and all defenses based on or arising out of any time extension to issue Notice of Award agreed to in writing by Owner and Bidder, provided that the total time for issuing Notice of Award including extensions shall not in the aggregate exceed 120 days from the Bid due date without Surety's written consent.

6. No suit or action shall be commenced under this Bond prior to 30 calendar days after the notice of default required in Paragraph 4 above is received by Bidder and Surety and in no case later than one year after the Bid due date.

7. Any suit or action under this Bond shall be commenced only in a court of competent jurisdiction located in the state in which the Project is located.

8. Notices required hereunder shall be in writing and sent to Bidder and Surety at their respective addresses shown on the face of this Bond. Such notices may be sent by personal delivery, commercial courier, or by United States Registered or Certified Mail, return receipt requested, postage pre-paid, and shall be deemed to be effective upon receipt by the party concerned.

9. Surety shall cause to be attached to this Bond a current and effective Power of Attorney evidencing the authority of the officer, agent, or representative who executed this Bond on behalf of Surety to execute, seal, and deliver such Bond and bind the Surety thereby.

10. This Bond is intended to conform to all applicable statutory requirements. Any applicable requirement of any applicable statute that has been omitted from this Bond shall be deemed to be included herein as if set forth at length. If any provision of this Bond conflicts with any applicable statute, then the provision of said statute shall govern and the remainder of this Bond that is not in conflict therewith shall continue in full force and effect.

11. The term "Bid" as used herein includes a Bid, offer, or proposal as applicable.

11. CONSTRUCTION EXPERIENCE:

Current Experience:

List on **Schedule A** all uncompleted projects currently under contract (If Joint Venture list each participant's projects separately). **See attached FDOT Work in Progress List

Previous Experience:

List on **Schedule B** all projects completed within the last 5 Years (If Joint Venture list each participant's projects separately). **See Attached Completed Project List

Has firm listed in Section 1 ever failed to complete a construction contract awarded to it?

☐ YES ☑ NO

If YES, attach as an Attachment details including Project Owner's contact information.

Has any Corporate Officer, Partner, Joint Venture participant or Proprietor ever failed to complete a construction contract awarded to them in their name or when acting as a principal of another entity?

☐ YES ☑ NO

If YES, attach as an Attachment details including Project Owner's contact information.

Are there any judgments, claims, disputes or litigation pending or outstanding involving the firm listed in Section 1 or any of its officers (or any of its partners if a partnership or any of the individual entities if a joint venture)?

☐ YES ☑ NO

If YES, attach as an Attachment details including Project Owner's contact information.

12. SAFETY PROGRAM:

Name of Contractor's Safety Officer: Joseph Myer

Include the following as attachments:

Provide as an Attachment Contractor's (and Contractor's proposed Subcontractors and Suppliers furnishing or performing Work having a value in excess of 10 percent of the total amount of the Bid) OSHA No. 300 - Log & Summary of Occupational Injuries & Illnesses for the past 5 years. **See attached OSHA 300 Logs

Provide as an Attachment Contractor's (and Contractor's proposed Subcontractors and Suppliers furnishing or performing Work having a value in excess of 10 percent of the total amount of the Bid) list of all OSHA Citations & Notifications of Penalty (monetary or other) received within the last 5 years (indicate disposition as applicable) - IF NONE SO STATE. None

Provide as an Attachment Contractor's (and Contractor's proposed Subcontractors and Suppliers furnishing or performing Work having a value in excess of 10 percent of the total amount of the Bid) list of all safety citations or violations under any state all received within the last 5 years (indicate disposition as applicable) - IF NONE SO STATE. None

Provide the following for the firm listed in Section V (and for each proposed Subcontractor furnishing or performing Work having a value in excess of 10 percent of the total amount of the Bid) the following (attach additional sheets as necessary):

JOSEPH V. MYER

518-965-4680 JoeMyer77@gmail.com
Mailing: 2336 SE Ocean Blvd. # 274, Stuart, Florida 34996
Physical: 4550 SE Boatyard Drive, Slip E-11, Stuart, Florida 34997

A highly talented Certified Safety and Health Official with experience in monitoring and coordinating an organization's safety program, including: safety inspections, accident investigations, work zone air monitoring and conducting OSHA and site-specific safety trainings and new hire orientations. Keen observation and enforcement of rules, regulations and governing policies.

PROFESSIONAL EXPERIENCE

2018 – PRESENT

FIELD SAFETY SUPERVISOR, FERREIRA CONSTRUCTION & POWER

Performed new hire safety orientations, forklift, FDOT Flagger certifications and respirator training and fit testing. Daily management of site safety procedures and site control. Documentation of construction safety in daily audit reports, site-specific training, equipment inspections, writing JSA's and crane lift plans. Maintaining employee certification/training files, data log download of air monitoring equipment and routine auditing of safety systems. Marine safety inspections of barges, cranes and vessels. Subcontractor oversight. Compliance of client/company policies. Monitoring and permitting of confined space entries and hot work permits. Work zone air monitoring with PID's, Multi-Gas Meters and Dust meters. Excavation and trenching inspections.

2016 – 2018

CORPORATE SITE SAFETY OFFICER, LAND REMEDIATION INC.

Performed daily management of site safety procedures and site control.
Documentation of construction safety in weekly safety report, site-specific training, equipment inspections, JSA's, crane lift plans, maintaining employee certification/training files, data log download of air monitoring equipment and routine auditing of safety systems.
Marine navigational operations and safety inspections of barges, cranes and vessels.
Subcontractor oversight. Compliance of client/company policies.
Monitoring and permitting of confined space entries and hot work permits.
Work zone air monitoring with PID's, Multi-Gas Meters and Dust meters.
Excavation and trenching inspections.

2014 – 2016

SAFETY SPECIALIST, SELBY & SMITH/GLOBAL FOUNDARIES

Enforced corporate and project- specific safety and health programs as well as federal, state and site.
Developed and implemented an ongoing project- specific safety program to meet site requirements, identify known/potential exposures and recommend corrective action.
Worked closely with field supervision to plan more complex safety aspects of the project construction.

Developed project- specific safety training for job site personnel and delivered weekly safety presentations on varying topics (depending on assessed significance) to a large, diverse audience.
Conducted compliance evaluations of equipment, structures, and work in progress.
Engaged employees to act proactively, to mitigate future hazards they may encounter.
Performed field safety assessments to evaluate training needs.

2013 – 2014

NCCER CONSTRUCTION TRADE INSTRUCTOR, GLENMONT JOB CORP

Utilized evidence-based teaching and learning strategies for instruction. Provided explicit instruction, guided practice, skill reiteration.
Teaching 10hr OSHA Construction Safety and NCCER Core Curriculum.
Independently and collaboratively created lesson plans and related assessments, selected and developed instructional materials that aligned with technical career and academic success standards. Compose/write descriptive reports and use appropriate techniques to implement programmatic activities.

2012 – 2013

CREW LEAD, SOLAR CITY

Proficient in installing all types of grid-tied inverters and able to work with various ground and roof mount racking systems.
Understanding of the National Electrical Codes that relate to PV installations.
Implementation of roofing anchor safety systems and ensuring co-workers are trained and tied off properly.
Instruction and guidance to crew on electrical safety and use of arch flash gear and maintaining approach boundaries.

2001 – 2012

HVAC TECHNICIAN, D.A. BENNETT/KOOL-TEMP/TIENKEN PLUMBING & HEATING

Plumbing: installation of sinks, toilets, showers, boilers, water heaters. Familiarity with Pex, copper piping, cast and pvc. Join pipes or tubing to equipment and to fuel, water, or refrigerant source, to form complete circuit.
Duct Work: Fabrication of plenums, returns and trunk line. Use of ductulator calculator for proper cfm sizing for systems.
Heating: Installation of natural gas, propane, fuel oil; furnaces, boilers and Geo Thermal heat pumps
Cooling: Installation of central air units, ductless splits; including running line sets and adding refrigerant. Use of gauges and thermometers to check proper sub cooling & super heat settings.
Electrical: Wiring, including high and low voltage, use of relay's, disconnects and thermostats. Test electrical circuits and components for continuity, using electrical test equipment. Layout and connect electrical wiring between controls and equipment according to wiring diagrams.

LAW ENFORCEMENT & MILITARY EXPERIENCE

2002-2005

DEPUTY SHERIFF, GREENE COUNTY

Patrolled county roads and enforce NYS Traffic & Penal Laws. Investigated accident scenes.
Responded to 911 calls. Investigated and apprehended offenders.
Served warrants and civil papers.
Worked jointly with other law enforcement agencies (US Secret Service, US Marshals, State Police and local Police).
Transported prisoners to and from court proceedings.
Documented statements and filed paperwork.
Testified in court proceedings.

1996-2000

BOAT COXSWAIN/FEDERAL BOARDING OFFICER, U.S. COAST GUARD

Federal Law Enforcement /Supervisor & Training Officer.
Federal Fisheries Enforcement.
Enforcement of federal maritime laws.
Performed boating safety inspections.
Conducted joint operations with U.S. Customs, NYPD and DEC boarding vessels in NY Harbor.
Setup and maintained security zones during presidential operations, working with U.S. Secret Service.
Boat Coxswain Certified/Search and Rescue Boat Captain.
Training in towing, de-watering, firefighting, engine casualty control, first aid, and CPR.

EDUCATION/TRAINING/CERTIFICATIONS/LICENSES

2013-2017
OSHA TRAINING INSTITUTE
KEENE STATE COLLEGE, Manchester, NH
CSHO-Certified Safety & Health Official
OSHA 500 Construction Trainer, OSHA 510 Construction Standards, OSHA 511 General Industry Standards, OSHA 2264 Permit Required Confined Space Entry, OSHA 2225 Respiratory Protection, OSHA 3095 Electrical Standards, OSHA 2055 Cranes in Construction, OSHA 3115 Fall Arrest Systems, OSHA 3015 Excavating, Trenching & Soil Mechanics, OSHA 521 Guide to Industrial Hygiene, OSHA 7500 Safety & Health Management, OSHA 7845 Recordkeeping, OSHA 7505 Intro to Accident Investigation, OSHA 502 Update for Construction Trainers.

OSHA's Form 300 (Rev. 04/2004)

Log of Work-Related Injuries and Illnesses

Note: You can type input into this form and save it.
Because the forms in this recordkeeping package are "fillable/writable" PDF documents, you can type into the input form fields and then save your inputs using the free Adobe PDF Reader. In addition, the forms are programmed to auto-calculate as appropriate.

Attention: This form contains information relating to employee health and must be used in a manner that protects the confidentiality of employees to the extent possible while the information is being used for occupational safety and health purposes.

Year 20 20

U.S. Department of Labor
Occupational Safety and Health Administration

Form approved OMB no. 1218-0176

Please Record:
- Information about every work-related death and about every work-related injury or illness that involves loss of consciousness, restricted work activity or job transfer, days away from work, or medical treatment beyond first aid.
- Significant work-related injuries and illnesses that are diagnosed by a physician or licensed health care professional.
- Work-related injuries and illnesses that meet any of the specific recording criteria listed in 29 CFR Part 1904.8 through 1904.12.

Reminders:
- Complete an Injury and Illness Incident Report (OSHA Form 301) or equivalent form for each injury or illness recorded on this form. If you're not sure whether a case is recordable, call your local OSHA office for help.
- Feel free to use two lines for a single case if you need to.
- Complete the 5 steps for each case.

Establishment name: Hinterland Group

City: Riviera Beach State: FL

Step 1. Identify the person

Step 2. Describe the case

Step 3. Classify the case

SELECT ONLY ONE circle based on the most serious outcome.

Step 4.

Enter the number of days the injured or ill worker was:

Step 5.

Select one column:

	(A) Case no.	(B) Employee's name	(C) Job title (e.g., Welder)	(D) Date of injury or onset of illness (e.g., 7/10)	(E) Where the event occurred (e.g., Loading dock north end)	(F) Describe injury or illness, parts of body affected, and object/substance that directly injured or made person ill (e.g., Second degree burns on right forearm from acetylene torch)	Death (G)	Days away from work (H)	Remained at Work: Job transfer or restriction (I)	Remained at Work: Other recordable cases (J)	Away from work (K)	On job transfer or restriction (L)	(M) Injury (1)	(M) Skin disorder (2)	(M) Respiratory condition (3)	(M) Poisoning (4)	(M) Hearing loss (5)	(M) All other illnesses (6)

Summary of Work-Related Injuries and Illnesses

Note: You can type input into this form and save it.
Because the forms in this recordkeeping package are "fillable/writable" PDF documents, you can type into the input form fields and then save your inputs using the free Adobe PDF Reader.

Year 20 20

U.S. Department of Labor
Occupational Safety and Health Administration

Form approved OMB no. 1218-0176

All establishments covered by Part 1904 must complete this Summary page, even if no work-related injuries or illnesses occurred during the year. Remember to review the Log to verify that the entries are complete and accurate before completing this summary.

Using the Log, count the individual entries you made for each category. Then write the totals below, making sure you've added the entries from every page of the Log. If you had no cases, write "0."

Employees, former employees, and their representatives have the right to review the OSHA Form 300 in its entirety. They also have limited access to the OSHA Form 301 or its equivalent. See 29 CFR Part 1904.35, in OSHA's recordkeeping rule, for further details on the access provisions for these forms.

Number of Cases

Total number of deaths	Total number of cases with days away from work	Total number of cases with job transfer or restriction	Total number of other recordable cases

OSHA's Form 301
Injuries and Illnesses Incident Report

Attention: This form contains information relating to employee health and must be used in a manner that protects the confidentiality of employees to the extent possible while the information is being used for occupational safety and health purposes.

U.S. Department of Labor
Occupational Safety and Health Administration
Form approved OMB no. 1218-0176

This *Injury and Illness Incident Report* is one of the first forms you must fill out when a recordable work-related injury or illness has occurred. Together with the *Log of Work-Related Injuries and Illnesses* and the accompanying *Summary*, these forms help the employer and OSHA develop a picture of the extent and severity of work-related incidents.

Within 7 calendar days after you receive information that a recordable work-related injury or illness has occurred, you must fill out this form or an equivalent. Some state workers' compensation, insurance, or other reports may be acceptable substitutes. To be considered an equivalent form, any substitute must contain all the information asked for on this form.

According to Public Law 91-596 and 29 CFR 1904, OSHA's recordkeeping rule, you must keep this form on file for 5 years following the year to which it pertains.

If you need additional copies of this form, you may photocopy and use as many as you need.

Completed by Emily Davies

Title Human Resources

Phone 561-640-3503 Date 1/8/2020

Information about the employee

1) Full Name Dylan Winfrey

2) Street 501 Wendell Rd.

City Fort Pierce State FL Zip 34950

3) Date of birth 5/12/1996

4) Date hired 10/1/2018

*14) **What was the employee doing just before the incident occurred?** Describe the activity, as well as the tools, equipment or material the employee was using. Be specific. Examples: "climbing a ladder while carrying roofing materials"; "spraying chlorine from hand sprayer"; "daily computer key-entry."

pulling liner

*15) **What happened?** Tell us how the injury occurred. Examples: "When ladder slipped on wet floor, worker fell 20 feet"; "Worker was sprayed with chlorine when gasket broke during replacement" "Worker developed soreness in wrist over time."

employee tripped and twisted knee

*16) **What was the injury or illness?** Tell us the part of the body that was affected and how it was affected. Examples: "strained back"; "chemical burn, hand"; "carpal tunnel syndrome."

sprain to right knee

*17) **What object or substance directly harmed the employee?** Examples: "concrete floor"; "chlorine"; "radial arm saw." If this question does not apply to the incident, leave it blank.

18) **If the employee died, when did death occur?** Date of death

Public reporting burden for this collection of information is estimated to average 22 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Persons are not required to respond to the collection of information unless it displays a current valid OMB control number. If you have any comments about this estimate or any other aspects of this data collection, including suggestions for reducing this burden, contact: US Department of Labor, OSHA Office of Statistics, Room N-3644, 200 Constitution Ave, NW, Washington, DC 20210. Do not send the completed forms to this office.

OSHA's Form 301
Injuries and Illnesses Incident Report

Attention: This form contains information relating to employee health and must be used in a manner that protects the confidentiality of employees to the extent possible while the information is being used for occupational safety and health purposes.

U.S. Department of Labor
Occupational Safety and Health Administration
Form approved OMB no. 1218-0176

This *Injury and Illness Incident Report* is one of the first forms you must fill out when a recordable work-related injury or illness has occurred. Together with the *Log of Work-Related Injuries and Illnesses* and the accompanying *Summary*, these forms help the employer and OSHA develop a picture of the extent and severity of work-related incidents.

Within 7 calendar days after you receive information that a recordable work-related injury or illness has occurred, you must fill out this form or an equivalent. Some state workers' compensation, insurance, or other reports may be acceptable substitutes. To be considered an equivalent form, any substitute must contain all the information asked for on this form.

According to Public Law 91-596 and 29 CFR 1904, OSHA's recordkeeping rule, you must keep this form on file for 5 years following the year to which it pertains.

If you need additional copies of this form, you may photocopy and use as many as you need.

OSHA's Form 300 (Rev. 01/2004)

Log of Work-Related Injuries and Illnesses

Attention: This form contains information relating to employee health and must be used in a manner that protects the confidentiality of employees to the extent possible while the information is being used for occupational safety and health purposes.

Year 2018

U.S. Department of Labor
Occupational Safety and Health Administration

Form approved OMB no. 1218-0176

You must record information about every work-related injury or illness that involves loss of consciousness, restricted work activity or job transfer, days away from work, or medical treatment beyond first aid. You must also record significant work-related injuries and illnesses that are diagnosed by a physician or licensed health care professional. You must also record work-related injuries and illnesses that meet any of the specific recording criteria listed in 29 CFR 1904.8 through 1904.12. Feel free to use two lines for a single case if you need to. You must complete an injury and illness incident report (OSHA Form 301) or equivalent form for each injury or illness recorded on this form. If you're not sure whether a case is recordable, call your local OSHA office for help.

OSHA's Form 300A (Rev. 01/2004)

Summary of Work-Related Injuries and Illnesses

Year 2018

U.S. Department of Labor
Occupational Safety and Health Administration
Form approved OMB no. 1210-0178

All establishments covered by Part 1904 must complete this Summary page, even if no injuries or illnesses occurred during the year. Remember to review the Log to verify that the entries are complete.

Using the Log, count the individual entries you made for each category. Then write the totals below, making sure you've added the entries from every page of the log. If you had no cases, write "0."

Employees, former employees, and their representatives have the right to review the OSHA Form 300 in its entirety. They also have limited access to the OSHA Form 301 or its equivalent. See 29 CFR 1904.35, in OSHA's Recordkeeping rule, for further details on the access provisions for these forms.

Number of Cases

Total number of deaths	Total number of cases with days away from work	Total number of cases with job transfer or restriction	Total number of other recordable cases
0	2	0	1
(G)	(H)	(I)	(J)

Number of Days

Public reporting burden for this collection of information is estimated to average 14 minutes per response, including time to review the instruction, search and gather the data needed, and complete and review the collection of information. Persons are not required to respond to the collection of information unless it displays a currently valid OMB control number. If you have any comments about these estimates or any other aspects of this data collection, contact: US Department of Labor, OSHA Office of Statistical Analysis, Room N-3644, 200 Constitution Avenue, NW, Washington, DC 20210. Do not send the completed forms to this office.

OSHA's Form 300A (Rev. 01/2004)

Summary of Work-Related Injuries and Illnesses

Year 2017

U.S. Department of Labor
Occupational Safety and Health Administration

Form approved OMB no. 1218-0176

All establishments covered by Part 1904 must complete this Summary page, even if no injuries or illnesses occurred during the year. Remember to review the Log to verify that the entries are complete.

Using the Log, count the individual entries you made for each category. Then write the totals below, making sure you've added the entries from every page of the log. If you had no cases write "0."

Employees, former employees, and their representatives have the right to review the OSHA Form 300 in its entirety. They also have limited access to the OSHA Form 301 or its equivalent. See 29 CFR 1904.35, in OSHA's Recordkeeping rule, for further details on the access provisions for these forms.

Number of Cases

OSHA's Form 300 (Rev. 01/2004)

Log of Work-Related Injuries and Illnesses

Attention: This form contains information relating to employee health and must be used in a manner that protects the confidentiality of employees to the extent possible while the information is being used for occupational safety and health purposes.

Year 2016

U.S. Department of Labor
Occupational Safety and Health Administration

Form approved OMB no. 1218-0176

You must record information about every work-related injury or illness that involves loss of consciousness, restricted work activity or job transfer, days away from work, or medical treatment beyond first aid. You must also record significant work-related injuries and illnesses that are diagnosed by a physician or licensed health care professional. You must also record work-related injuries and illnesses that meet any of the specific recording criteria listed in 29 CFR 1904.8 through 1904.12. Feel free to use two lines for a single case if you need to. You must complete an injury and illness incident report (OSHA Form 301) or equivalent form for each injury or illness recorded on this form. If you're not sure whether a case is recordable, call your local OSHA office for help

Establishment name Hinterland Group

City Riviera Beach State FL

H.G.I. COMPLETED PROJECT LIST -

Job Name	Scope of Work	Municipality	Municipality Project Manager	Municipality Phone	Municipality Email	Municipality Address	Original Contract Amount	Start Date	End Date
Lift Station C-16 Rehabilitation	Rehabilitation of Lift Station C-16; existing wet well structure needs rehabed & new concrete top installed. All mechanical piping, valves, and electrical equipment to be replaced.	Brevard County	Craig Helping	(321) 633-2089	Craig.Helping@brevardcounty.us	2725 Judge Fran Jamieson Way, A-213, Viera Beach, FL 32940	$ 207,800.00	Jul-16	Oct-16
Lift Station C-05 and Force Main Replacement	Replacement of the existing C-05 Lift Station, including new wet well, twin submersible pumps, electrical and instrumentation, PVC force main installed, modification to existing wet well, and placing out of service a portion of the existing force main. Work includes temporary bypass pumping, piping, valves fittings	Brevard County	Owen Callard	(321) 933-2089	owen.callard@brevardfl.gov	2725 Judge Fran Jamieson Way, Viera, FL 32940	$ 872,000.00	Jul-15	Dec-15
Lift Station M-06 Replacement	installation of new mechanical equipment, piping and appurtenances	Brevard County	Owen Callard	(321) 933-2089	owen.callard@brevardfl.gov	2725 Judge Fran Jamieson Way, Viera, FL 32940	$ 439,495.00	Sep-15	Nov-15
Relocation of Lift Station M-05 Panel	Relining of lift station M-5	Brevard County	Owen Callard	(321) 933-2089	owen.callard@brevardfl.gov	2725 Judge Fran Jamieson Way, Viera, FL 32940	$ 6,590.00	Apr-14	May-14
LS R1 & R6	Lift Station rehabilitations	Brevard County	Owen Callard	(321) 933-2089	owen.callard@brevardfl.gov	2725 Judge Fran Jamieson Way, Viera, FL 32940	$ 20,774.45	Jan-12	Mar-12
LS #4 & #47	High pressure water blasting, bypass, remove and install HDPE risers	City of Altamonte Springs	James Wickert	(407) 57-5860	jswickert@altamonte.org	950 Calabria Drive, Altamonte Springs, FL 32714	$ 6,342.00	Oct-13	Nov-13
Manhole Rehabilitation 2012	Manhole rehabilitations	City of Altamonte Springs	James Wickert	(407) 57-5860	jswickert@altamonte.org	950 Calabria Drive, Altamonte Springs, FL 32714	$ 13,446.90	Oct-12	Sep-12
LS #3	Rehabilitation & lining	City of Atlantis	Mo Thornton	(562) 965-1744	mthornton@atlantisfl.gov	260 Orange Tree Dr, Atlantis, FL 33462	$ 119,420.00	Aug-13	Oct-13
Misc Drainage Repairs		City of Atlantis	Mo Thornton	(562) 965-1744	mthornton@atlantisfl.gov	260 Orange Tree Dr, Atlantis, FL 33462	$ 68,545.00	Oct-16	Nov-16
Manhole Rehabilitation August 2013	High pressure water blasting, coating, .5" layer build back, reset manhole casting within asphalt, re-construct existing manhole benching	City of Bartow	Ken Absher	863-534-0100	kbasher.pw@cityofbartow.net	450 N Wilson Ave., Bartow, FL 33830	$ 44,990.76	Sep-13	Oct-13
M-20 Lift Station	Rehabilitation of master Lift Station	Brevard County/Merritt Island	Bill Cowan	(321) 617-7350	bill.cowan@brevardcounty.us	2725 Judge Fran Jamieson Way, Bldg. C, 3rd Floor, Suite C-303, Viera, FL 32940	$ 213,250.00	Feb-11	Apr-11
Lift Station M-20	Rehabilitation of Lift Station M-20	Brevard County	Owen Callard	(321) 933-2089	owen.callard@brevardfl.gov	2725 Judge Fran Jamieson Way, Viera, FL 32940	$ 158,777.00	Jan-14	May-14
Cape Canaveral Lift Station No. 1 Improvements	Rehabilitation of master pump station, lift station No. 1. Rehabilitation of wet well structure inclusive protective coating, & replacement of ALL LS internals including but not limited to rails, pump bases, discharge piping, valves to point where the three pump discharge piping comes into one manifold pipe, bypass pumping installation, and all other incidentals.	City of Cape Canaveral	Lonnie Dunn	(321) 868-1240	ldunn@cityofcapecanaveral.org	601 Thrum Blvd, Cape Canaveral, FL 32920	$ 164,743.12	Nov-13	Apr-15
Replacement of three Return Activated Sludge Pumps (RAS) Pumps	Install three (3) Return Activated Sludge (RAS) Pump ends, at the Sellers Water Reclamation Facility	City of Cocoa Utilities	Don Stevens	(321) 433-8744	dstevens@cocoafl.org	65 Stone Street, Cocoa, FL 32922	$ 89,987.00	Jan-13	Jul-13
Manhole Rehabilitation	Manhole rehabilitation, 4" lining, excess surface loss, reconstruction of manhole benching, removal of existing coating	City of Cooper City	Kerri Fisher	(954) 454-4300		11791 SW 49 STREET COOPER CITY, FL 33330	$ 11,480.00	Oct-14	Nov-14
Lift Station Rehabilitation Project 2014	Rehabilitation to various lift stations across the City	City of Coral Gables	Margie Gomez	(305) 460-5103	mgomez@coralgables.com	405 Baltimore Way, Coral Gables, FL 33134	$ 160,508.32	May-14	Mar-15
2014 Rehabilitation of Lift Stations	Rehabilitation of Lift Stations #31, #33, #47 and #52. Converting Lift Stations from Dry Can into duplex submersible LS.	City of Deerfield Beach	Paul Collette	(954) 480-4418	pcollette@deerfield-beach.com	150 NE 2nd Ave. Deerfield Beach, FL 33441	$ 444,240.00	Nov-14	Apr-15
Manhole Rehabilitation	Rehabilitation of (14) Manholes throughout the City, Rehabilitation of wetwell.	City of Deerfield Beach	Paul Collette	(954) 480-4418	pcollette@deerfield-beach.com	150 NE 2nd Ave, Deerfield Beach, FL 33441	$ 23,527.00	May-13	Jun-13
Rehabilitation of Lift Stations 2018	Rehabilitation of Lift Stations. Converting Lift Stations from Dry Can into duplex submersible LS.	City of Deerfield Beach	Paul Collette	(954) 480-4418	pcollette@deerfield-beach.com	150 NE 2nd Ave, Deerfield Beach, FL 33441	$ 376,798.00	Apr-17	Aug-18

Job Name	Scope of Work	Municipality	Municipality Project Manager	Municipality Phone	Municipality Email	Municipality Address	Original Contract Amount	Start Date	End Date
Lift Station Rehabilitation 2013	Rehabilitation of lift station #60	City of Delray Beach	Harold Williams	(561) 243-7161	hwilliams@ci.delray-beach.fl.us	100 NW 1st Ave, Delray Beach, FL 33444	$ 29,750.00	Jun-13	Jul-13
Manhole Piggyback	Remove and replace existing 4' diameter manhole with coal tar epoxy coating inside and out and new ring and cover, install bench and invert in the new manhole, remove and replace influent and effluent pipe up to 20' each direction, bypass pumping as needed, and full restoration of the roadway and surrounding area.	City of Delray Beach	Scott Solomon	(561) 243-7161	ssolomon@ci.delray-beach.fl.us	434 S. Swinton Avenue, Delray Beach, FL 33444	$ 25,940.00	Mar-15	Nov-14
Lift Station and Manhole Rehabilitation 2014 Project	Lift station and manhole rehabilitation	City of Lake Wales	Rendall Britt	(863) 678-4114	abuckner@cityoflakewales.com	201 W. Central Ave. Lake Wales, Florida 33853	$ 259,644.62	Apr-14	Sep-14
South Water Treatment Plant Improvements	Complete demolition of existing WTP and installation of new prefab pumping station, above ground storage tank, 2 wells and al other WTP appurtenances. Electrical work included installing new power services, ATS and 150 kW generator, making all connections between wells and pumping station and all other instrumentation	City of Mulberry	John Wright	(863)425-1125	jwright@cityofmulberryfl.com	500 S.W. 2nd Street Mulberry, FL 33860	$ 2,143,000.00	Feb-14	Dec-15
Lift Station No. 34 Pump Rehabilitation	High pressure water blasting, furnish/install 3 inflatable plugs in two, 8" inverts, one 10" invert, coating work, reinstall existing pump base, furnish and install 4" pipe, check calve and gate valve and replace all conduitys from wet well up to existing seal offs, install pumps and guide rails, additional core drilling of four 8" holes & removal of unforeseen concrete	City of St. Cloud	Christopher Combs	407-957-7124	ccombs@stcloud.org	1300 Ninth Street St. Cloud, Fl 34769	$ 33,894.00	May-13	Jun-13
Turtle Creek Forcemain & Lift Station No. 84		City of St. Cloud	Christopher Combs	407-957-7124	ccombs@stcloud.org	155 Corey Avenue St. Pete Beach, Florida 33706	$ 12,900.00	May-13	Nov-13
Manhole Rehabilitation	Rehabilitation to include inspection, surface preparations, liner installation, testing, bypass pumping, maintenance of traffic, confined space monitoring/certifications, patching of any areas disturbed or destroyed	City of St. Pete Beach	Christopher Combs	407-957-7124	ccombs@stcloud.org	155 Corey Avenue St. Pete Beach, Florida 33706	$ 24,990.00	May-12	Aug-12
Lift Station 107 Rehabilitation	convert the City of Sunrise's existing Lift Station 107 from a package wet pit/dry pit configuration to a submersible pump configuration	City of Sunrise	Gregg Bagnall	(954) 572-2274	GBagnall@Sunrisefl.gov	10770 W. Oakland Park Blvd., Sunrise, Florida 33351	$ 494,176.66	Feb-16	Jun-16
Wastewater Gravity Sewer Rehabilitation by Cured in Place Pipe	Annual contract for wastewater gravity sewer rehabilitation by CIPP	City of Tampa	Jim Greiner	813-274-8598	Jim.Greiner@tampagov.net	306 E Jackson St #280A4N, Tampa FL 33602	$ 1,048,495.00	Feb-15	Feb-16
Manhole Rehabilitation - Rebid	Rehabilitation of sanitary sewer manholes	City of Tarpon Springs	James Wheaton	(727) 942-5615	jweaton@ctsfl.us	324 East Pine Street Tarpon Springs, Florida 34688-5004	$ 18,525.00	Mar-16	Apr-16
Lift Stations Upgrades	Rehabilitation of the wet wells of four lift stations.By-pass pumping and control of sewage flows for the duration of the wet well rehabilitation work.	City of Titusville	Jimmy Gager	(321) 383-5767		555 South Washington Avenue, Titusville, Florida 32796	$ 73,435.00	Mar-12	Apr-12
Lift Stations Nos. 6, 7, 8, & 9 Rehabilitation	Rehabilitation of mentioned lift stations	City of Treasure Island	Mike Helfrich	(727) 574-4575	mhelfrich@mytreasureisland.org	108th Ave., Treasure Island, FL 33706	$ 884,000.00	Aug-16	Dec-16
Structural Repairs of the Flow Equalization Basin for East Central Regional Water Reclamation Facility	repair damaged concrete slabs, columns and elevated walkways at the ECRWRF Equalization Basin. The Work shall include cleaning the basin, removing unsound concrete, preparing the concrete and reinforcing bars, replacement of damaged reinforcing basin, epoxy adhesive injection, epoxy mortar backfill, repair of construction and expansion joints, and fabrication and installation of escutcheon plates	City of West Palm Beach	Jay Kwag	(561) 822-2100	HJKwag@wpb.org	401 Clematis St., 4th Floor, West Palm Beach, FL 33401	$ 424,770.00	Sep-12	Feb-13
Lift Station Rehabilitation Phase II	refurbishing/repair/replacement of concrete, and metal lift station components along with site related improvements for Lift Station Nos. 11, 12, 13, 15A, 17A, 18, 119, 25, 40, 41, 42, 43, 44, 45, 46, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 67, 102, 201, 202, 203 and 20	City of Weston	Sabrina Baglieri	(954) 385-2000	sbaglieri@cdlvin-giordano.com	17200 Royal Palm Blvd, Weston, FL 33326	$ 1,127,059.28	Sep-12	Mar-13

RE: Hinterland Group, Inc.

To Whom It May Concern:

The Hartford, through its operating entities, will favorably consider surety bonds to Hinterland Group, Inc. for projects up to $20,000,000 single and $100,000,000 aggregate. Our experience with Hinterland Group, Inc. has been excellent, and we highly recommend them to you.

Hartford's decision to issue any bond is conditioned upon acceptable review of contract terms, contract amount, bond forms, and financing for each project as well as other pertinent underwriting information at the time of the request.

Please understand that any arrangement for any bonds is a matter between Hinterland Group, Inc. and Hartford Accident and Indemnity Company and we assume no liability to third parties or you if, for any reason, we do not issue requested bonds.

Hartford Accident and Indemnity Company is licensed and qualified to operate in the State of Florida and listed with the U.S. Department of Treasury Federal Register with an underwriting limitation of $219,310,000, and has an AM Best Rating of A+.

This letter will expire one hundred and eighty (180) days from the above date.

Very Truly Yours,

Timothy M. Holicky

SECTION 00453

NONCOLLUSION AFFIDAVIT

TO: The Village of Palm Springs, herein called the "Owner."

Pursuant to bidding requirements for the work titled " Gulfstream Rd Stormwater Improvements ,"

the enclosed contract documents shall be provided to the Owner.

State of Florida

County of Palm Beach

Chase Rogers, being first duly
(Officer's Name)

sworn, deposes, and says that:

1. He\She is Project Director of Hinterland Group Inc. (officer's title) of ____(company name), the Bidder that has submitted the attached bid;

2. He\She is fully informed respecting the preparation and contents of the attached bid and of all pertinent circumstances respecting such bid;

3. Such bid is genuine and is not a collusive or sham bid;

4. Neither the said Bidder nor any of its officers, partners, owners, agents, representatives, employees, or parties in interest, including this affiant, has in any way colluded, conspired, connived, or agreed, directly or indirectly with any other Bidder, firm, or person to submit a collusive or sham bid in connection with the contract for which the attached bid has been submitted or to refrain from bidding in connection with such contract, or has in any manner, directly or indirectly, sought by agreement or collusion or communication or conference with any other Bidder, firm, or person to fix the price or prices in the attached bid or of any other Bidder, or to fix any overhead, profit, or cost element of the bid price or the bid price of any other Bidder, or to secure through any collusion, conspiracy, connivance, or unlawful agreement any advantage against the Village of Palm Springs or any person interested in the proposed contract; and

5. The price or prices quoted in the attached bid are fair and proper and are not tainted by any collusion, conspiracy, connivance, or unlawful agreement on the part of the Bidder or any of its agents, representatives, owners, employees, or parties in interest, including this affiant.

SECTION 00454
DRUG-FREE WORKPLACE CERTIFICATE

I, the undersigned, in accordance with Florida Statute 287.087, hereby certify that _____
Hinterland Group Inc. (Print or Type Name of Firm)

3. Publishes a written statement notifying that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace named above, and specifying actions that will be taken against violations of such prohibition.

4. Informs employees about the dangers of drug abuse in the workplace; the firm's policy of maintaining a drug-free working environment and available drug counseling, rehabilitation, and employee assistance programs; and the penalties that may be imposed upon employees for drug- use violations.

5. Gives each employee engaged in providing commodities or contractual services that are under bid or proposal a copy of the statement specified above.

6. Notifies the employees that as a condition of working on the commodities or contractual services under bid or proposal, the employee will abide by the terms of the statement and will notify the employer of any conviction of or plea of guilty or nolo contendere to any violation of Chapter 1893 or any controlled substance law of the State of Florida or the United States for a violation occurring in the workplace, no later than 5 days after such conviction, and requires employees to sign copies of such written statement to acknowledge their receipt.

7. Imposes a sanction on or requires the satisfactory participation in a drug-abuse assistance or rehabilitation program, if such is available in the employee's community, by any employee who is so convicted.

8. Makes a good faith effort to continue to maintain a drug-free workplace through the implementation of the drug-free workplace program.

"As a person authorized to sign this statement, I certify that the business, firm, or corporation named above complies fully with the requirements set forth herein."

SECTION 00455
SWORN STATEMENT UNDER SECTION 287.133(3)(a),
FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES

(To be signed in the presence of a notary public or other officer authorized to administer oaths.)

STATE OF FLORIDA

COUNTY OF PALM BEACH

Before me, the undersigned authority, personally appeared Chase Rogers, who, being by me first duly sworn, made the following statement:

1. The business address of Hinterland Group Inc.
(firm name of Bidder/Contractor)

is 2051 W Blue Heron Blvd., Riviera Beach, FL 33404.

2. My relationship to Hinterland Group Inc.
(firm name of Bidder/Contractor)

is Project Director.
(relationship such as sole proprietor, partner, president, vice president)

3. I understand that a "public entity crime" as defined in Section 287.133 of the Florida Statutes includes a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity in Florida or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or such an agency or political subdivision and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

4. I understand that "convicted" or "conviction" is defined by the statute to mean a finding of guilt or a conviction of a public entity crime, with or without adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

5. I understand that "affiliate" is defined by the statute to mean (1) a predecessor or successor of a person or a corporation convicted of a public entity crime; or (2) an entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime; or (3) those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate; or (4) a person or corporation who knowingly entered into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months.

6. Neither the Bidder/Contractor nor any officer, director, executive, partner, shareholder, employee, member or agent who is active in the management of the Bidder/Contractor, nor any affiliate of the Bidder/Contractor, has been convicted of public entity crime subsequent to July 1, 1989.

(Draw a line through Paragraph 6 if Paragraph 7 below applies.)

7. There has been a conviction of a public entity crime by the Bidder/Contractor, or an officer, director, executive, partner, shareholder, employee, member or agent of the Bidder/Contractor who is active in the management of the Bidder/Contractor or an affiliate of the Bidder/Contractor. A determination has been made pursuant to Section 287.133(3) by order of the Division of Administrative Hearings that it is not in the public interest for the name of the convicted person or affiliate to appear on the convicted vendor list. The name of the convicted person or affiliate is_____.

A copy of the order of the Division of Administrative Hearings is attached to this statement.

(Draw a line through Paragraph 7 if Paragraph 6 above applies.)

SECTION 00456
SCRUTINIZED COMPANIES CERTIFICATION FORM

By execution below, I, Chase Rogers, on behalf of Hinterland Group Inc. (hereinafter, the "Contractor"), hereby swear or affirm to the following certifications:

The following certifications apply to all procurements:

1. The Contractor has reviewed section 215.4725, Florida Statutes, section 215.473, Florida Statutes and section 287.135, Florida Statutes, and understands the same.
2. The Contractor is not on the Scrutinized Companies that Boycott Israel List nor is the Contractor engaged in a boycott of Israel.
3. If awarded a contract, the Contractor agrees to require these certifications for applicable subcontracts entered into for the performance of work/services under this procurement.
4. If awarded a contract, the Contractor agrees that the certifications in this section shall be effective and relied upon by the City for the entire term of the contract, including any and all renewals.

If the contract awarded hereunder is for one million dollars or more, the following additional certifications apply:

1. The Contractor is not on the Scrutinized Companies with Activities in Sudan List.
2. The Contractor is not on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List.
3. The Contractor is not engaged in business operations in Cuba or Syria.
5. If awarded a contract, the Contractor agrees to require these certifications for applicable subcontracts entered into for the performance of work/services under this procurement.
6. If awarded a contract, the Contractor agrees that the certifications in this section shall be effective and relied upon by the City for the entire term of the contract, including any and all renewals.

CORPORATE RESUME

DANIEL A. DUKE, III

President

Daniel began his career working on land development projects with his father, and came to realize his passion for the underground industry. In 2006 Daniel III and His father, Daniel Jr, decided to dive into the underground industry full bore and started Hinterland Group out of a small office space in Cocoa, FL. Daniel and his father served as the field crew through the first few years as Hinterland Group developed. Through Hard work and dedication to the best final product possible and customer satisfaction the company has grown exponentially over the years. Daniel has worked on projects of every nature related to the underground industry over the years, including all facets of water, waste water and storm water. Daniel remains a key role player at Hinterland Group and stays involved with all the daily operations. His oversight with all the projects ensures that the final product and customer that HG was built on continue to carry on through every project the company completes.

DANIEL A. DUKE, JR.

Operations

Daniel has Twenty-Seven years of direct experience including various wastewater lift station installations, gravity and force main sewer installations. He provides direct daily supervision of superintendents and skilled labor, management of project schedules, asset management and logistics for entire company personnel and equipment fleet.

CHARLES BREIG

Electrical Contractor

Charles has over 40 years of commercial electrical experience through out the state of Florida. He currently holds a Florida Electrical Contractors License (EC13003615). Charles joined the HGI team in June 2006.

JAY B. BREIG

Project Manager/Operations

Jay began working in the waste water industry in 2004 for a clarifier rehabilitation company, and then a full service underground utility company in 2006. He then joined the HG team in early 2008, and since then has been a huge contributing factor to the growth of HG as a company. Jay brought a wealth knowledge of the water and waste water industry to the company and allowed HG to broaden its capabilities as an underground contractor. Jay served as a lead foreman for many years on all of the company's largest and most difficult projects ranging from lift station installs to master pumping stations and neighborhood revitalization projects before moving into a management position. Jay now oversees the construction operations for HG by scheduling all crews, coordinating project startups with project managers, arranging equipment deliveries, communicating daily with crew foreman and superintendents and making sure that all jobs are completed properly, on time and under budget.

CORPORATE RESUME (CONT.)

CHASE R. ROGERS, E.I.

Estimating Manager, Engineer

Chase has been with the HG team since 2008, in its very early stages. Prior to working at HG Chase had spent several years in the construction industry working for both residential contractors and an industrial electrical contractor. Chase began his career at HG halfway through his collegiate career as a field staff member working on lift station rehabilitation. Since then he has played many roles in the company both in the field and eventually into the office. Chase obtained his Bachelor's degree in civil engineering from the University of Central Florida, before making the transition into the office and has since become a key staff member for HG. He covered the role of Estimator and Project Manager for many years as HG expanded its scope of services and coverage area. As the need for more management grew Chase has fallen into a managerial role for the company, overseeing the estimating and contract procurement departments and helping to coordinate scheduling and crews with the project management team. Chase has worked on all facets of the underground industry over the years from Stormwater and drainage projects, to large pipeline projects, water and waste water treatment plants, and every type of lift station project imaginable.

MIKE CARTER

Electrical Project Manager

Mike has over 28 years in all aspects of the electrical industry including; commercial, residential, service, maintenance, generator installation and servicing and Industrial including water and waster water treatment plants. Mike is a Master Electrician and a Journeymen. His is responsible for overseeing all electrical projects, the estimating of electrical projects, and assisting project managers. Mike joined the HGI team in 2018.

BRETT KONCHAK

CIPP Project Manager

Brett has over 5 years in direct development of multiple land use projects in Florida, including various gravity and force main CIPP sanitary and storm sewer installations. He provides direct daily supervision of CIPP project scheduling, superintendents and skilled labor. Brett joined the HGI team in February 2015.

DANIEL A. DUKE III

President/Founder

2051 W. Blue Heron Blvd.
Riviera Beach, FL 33404
dduke1@hinterlandgroup.com
561-640-3503

PERSONAL PROFILE

Daniel began his career working on land development projects with his father, and came to realize his passion for the underground industry. In 2006 Daniel III and His father, Daniel Jr, decided to dive into the underground industry full bore and started Hinterland Group out of a small office space in Cocoa, FL. Daniel and his father served as the field crew through the first few years as Hinterland Group developed. Through Hard work and dedication to the best final product possible and customer satisfaction the company has grown exponentially over the years. Daniel has worked on projects of every nature related to the underground industry over the years, including all facets of water, waste water and storm water. Daniel remains a key role player at Hinterland Group and stays involved with all the daily operations. His oversight with all the projects ensures that the final product and customer that HG was built on continue to carry on through every project the company completes.

PROJECT RELATED BACKGROUND

ORANGE COUNTY EWRF IN PLANT PUMP STATION REPLACEMENT

Project Owner: Orange County
Project Value: $1,323,642.00
Project Location: Orlando, FL
Role: Project Manager

The Process 395 North In-Plant Pump Station Replacement. Furnishing and installation of a new triplex pumps station with three (3) 47 HP Flygt or ABS submersible pumps. Installation of a new 12 feet diameter wet well structure. Furnishing and Installation of the above ground flanged piping manifold with appurtenances. Installation of a new sanitary sewer manhole and 65 linear feet of 16" DIP force main and 48 linear feet of 24" PVC SDR 2.6 gravity sewer. The conversion of the existing pump station wet well into gravity sewer manhole. Demolition of existing valve vault and existing force main.

NORTH PALM BEACH EARMAN RIVER TRANSFER PUMP STATION

Project Owner: Village of North Palm Beach
Project Value: $346,680.00
Project Location: North Palm Beach, FL
Role: Project Manager

Installation of a water detection switch in the main mops pump station to confirm that there is water in the wet well.

PALM BEACH COUNTY GATOR BLVD WATERMAIN EXTENSION

Project Owner: Palm Beach County
Project Value: $792,003.00
Project Location: Belle Glade, FL
Role: Project Manager

Installation of approximately 4,000 Linear Feet of 12" water main on Gator Blvd from E Sugarhouse Road to Duda Road in Belle Glade and included fire hydrants, appurtenances, fittings and all necessary connections to provide a complete and functional water system.

CHASE R. ROGERS, E.I.

Estimating Manager/Project Director

2051 W. Blue Heron Blvd.
Riviera Beach, FL 33404
crogers@hinterlandgroup.com
561-640-3503

PERSONAL PROFILE:

Chase has been with the HG team since 2008, in its very early stages. Prior to working at HG Chase had spent several years in the construction industry working for both residential contractors and an industrial electrical contractor. Chase began his career at HG halfway through his collegiate career as a field staff member working on lift station rehabilitation. Since then he has played many roles in the company both in the field and eventually into the office. Chase obtained his Bachelor's degree in civil engineering from the University of Central Florida, before making the transition into the office and has since become a key staff member for HG. He covered the role of Estimator and Project Manager for many years as HG expanded its scope of services and coverage area. As the need for more management grew Chase has fallen into a managerial role for the company, overseeing the estimating and contract procurement departments and helping to coordinate scheduling and crews with the project management team. Chase has worked on all facets of the underground industry over the years from Stormwater and drainage projects, to large pipeline projects, water and waste water treatment plants, and every type of lift station project imaginable.

QUALIFICATIONS:

- Bachelor's Degree in Civil Engineering from University of Central Florida
- Engineering Intern, E.I.
- Member of ASCE
- OSHA Confined Space Training
- Intermediate MOT certification

PROJECT RELATED BACKGROUND

STRUCTURAL REPAIR OF THE FLOW EQUALIZATION BASIN AT ECR

Project Owner: City of West Palm Beach
Project Value: $528, 587.00
Project Location: West Palm Beach, FL
Role: On Site Foreman

Complete rehabilitation of the flow equalization basin at the City of West Palm Beach East Central Regional Water Reclamation Facility. Dewatering and cleaning/removal of all silt and sediment from the EQ basin, leak stopping throughout, repairs to damaged and spalling concrete and replacement of piping for the EQ basin floor pumps.

PUMP REPLACEMENT FOR THE RAW WATER BOOSTER PUMP STATION

Project Owner: Collier County
Project Value: $653,400.00
Project Location: Naples, FL
Role: Project Manager

Removal and Replacement of four 300HP split case pumps and their associated VFD drives. All 18" and 24" piping and valves were replaced to accommodate the new pumps.

CUDJOE INNER ISLANDS - MASTER PUMPING STATIONS

Project Owner: Florida Keys Aqueduct Authority
Project Value: $2,313,374.00
Project Location: Cudjoe Key, FL
Role: Project Manager

Removal and Replacement of four 300HP split case pumps and their associated VFD drives. All 18" and 24" piping and valves were replaced to accommodate the new pumps.

JAY B. BREIG

Construction Operations Manager

2051 W. Blue Heron Blvd.
Riviera Beach, FL 33404
jbreig@hinterlandgroup.com
561-640-3503

PERSONAL PROFILE

Jay began working in the waste water industry in 2004 for a clarifier rehabilitation company, and then a full service underground utility company in 2006. He then joined the HG team in early 2008, and since then has been a huge contributing factor to the growth of HG as a company. Jay brought a wealth knowledge of the water and waste water industry to the company and allowed HG to broaden its capabilities as an underground contractor. Jay served as a lead foreman for many years on all of the company's largest and most difficult projects ranging from lift station installs to master pumping stations and neighborhood revitalization projects before moving into a management position. Jay now oversees the construction operations for HG by scheduling all crews, coordinating project startups with project managers, arranging equipment deliveries, communicating daily with crew foreman and superintendents and making sure that all jobs are completed properly, on time and under budget.

QUALIFICATIONS

- OSHA Confined Space Training
- Advanced MOT Certification
- Crane and Rigging Certification

PROJECT RELATED BACKGROUND

CITY OF WESTON INDIAN TRACE LIFT STATION REHABILITATION

Project Owner: The City of Weston
Project Location: The City of Weston, FL
Project Value: $689,531.00
Role: Project Manager

This project consisted of the refurbishing, repair, and, replacement of concrete, and metal lift station components along with site related improvements for over 30 Lift Stations in the City of Weston, Florida.

PALM BEACH COUNTY WATER UTILITIES DISTRICT ZONE 1 WATERMAIN IMPROVEMENTS

Project Owner: Palm Beach County WUD
Project Location: Belle Glades, FL
Project Value: $1,121,551.20
Role: Project Manager

Improvement and replacement of approximately 2,500 LF of WM and relocation of services from the rear to front of homes.

CLIFF CREEK STORMWATER QUALITY RETROFIT

Project Owner: City of Melbourne
Project Location: City of Melbourne, FL
Project Value: $715,290.00
Role: Project Manager

The largest baffle box East of the Mississippi for the City of Melbourne, Fl. As part of the "Cleaning Our Lagoon Program." The project included installing a 24' x 30' x 12' deep baffle box structure, 7" x 5" box culvert, corresponding endwalls and canal revetment.

MINUTES OF SPECIAL MEETING

OF

HINTERLAND GROUP INC.

Minutes of Special Meting of Hinterland Group Inc. held at 2051 W. Blue Heron Blvd. Riviera Beach, FL 33404 on this 26th day of August, 2019

The President called the meeting to consider the following business: The authorization of Chase Rogers and Danny Duke, Jr., to sign any and all documentation with regard to the Company.

On motion duly made and carried, the meeting proceeded to approve the authorization.

Chase Rogers and Danny Duke, Jr., have the authority to sign all documents as stated above.

There being no further business, the meeting was adjourned.

Dated 8/26/19

THE HARTFORD

Orlando Regional Bond Department

September 2, 2021

RE: Hinterland Group, Inc.

To Whom It May Concern:

The Hartford, through its operating entities, will favorably consider surety bonds to Hinterland Group, Inc. for projects up to $20,000,000 single and $100,000,000 aggregate. Our experience with Hinterland Group, Inc. has been excellent, and we highly recommend them to you.

Hartford's decision to issue any bond is conditioned upon acceptable review of contract terms, contract amount, bond forms, and financing for each project as well as other pertinent underwriting information at the time of the request.

Please understand that any arrangement for any bonds is a matter between Hinterland Group, Inc. and Hartford Accident and Indemnity Company and we assume no liability to third parties or you if, for any reason, we do not issue requested bonds.

Hartford Accident and Indemnity Company is licensed and qualified to operate in the State of Florida and listed with the U.S. Department of Treasury Federal Register with an underwriting limitation of $219,310,000, and has an AM Best Rating of A+.

This letter will expire one hundred and eighty (180) days from the above date.

Very Truly Yours,

Timothy M. Holicky

RE: CERTIFICATE OF QUALIFICATION

Dear Sir/Madam:

The Department of Transportation has qualified your company for the type of work indicated below. Unless your company is notified otherwise, this Certificate of Qualification will expire 6/30/2022. However, the new application is due **4/30/2022**.

In accordance with S.337.14 (1) F.S. your next application must be filed within (4) months of the ending date of the applicant's audited annual financial statements.

If your company's maximum capacity has been revised, you can access it by logging into the Contractor Prequalification Application System via the following link: HTTPS://fdotwp1.dot.state.fl.us/ContractorPreQualification/

Once logged in, select "View" for the most recently approved application, and then click the "Manage" and "Application Summary" tabs.

FDOT APPROVED WORK CLASSES:
DRAINAGE, ELECTRICAL WORK, Water & Wastewater, Manhole Rehabilitation, Lift Stations, Pipe Lining & Pipe Desilting.

You may apply for a Revised Certificate of Qualification at any time prior to the expiration date of this certificate according to Section 14-22.0041(3), Florida Administrative Code (F.A.C.), by accessing your most recently approved application as shown above and choosing "Update" instead of "View." If certification in additional classes of work is desired, documentation is needed to show that your company has done such work with your own forces and equipment or that experience was gained with another contractor and that you have the necessary equipment for each additional class of work requested.

All prequalified contractors are required by Section 14-22.006(3), F.A.C., to certify their work underway monthly in order to adjust maximum bidding capacity to available bidding capacity. You can find the link to this report at the website shown above.

Sincerely,

Darlene Anderson, for

Alan Autry, Manager
Contracts Administration Office

Sanitary Sewer Remediation	Cleaning and internally lining the existing vitrified clay sanitary sewer gravity collection system. Cured-in Place Pipe (CIPP) system. The liner system consists of a heat-activated resin-impregnated fabric pipe system. Once cured, the CIPP system will provide a continuous rigid pipe system between manholes. Individual services are to be cut out and sealed to the main line to minimize infiltration around the connections. GULFSTREAM RD STORMWATER IMPROVEMENTS

Addendum No. 1

December 24, 2021

BIDS DUE: 2:00 PM, Local Time, January 11, 2022

TO ALL VENDORS BIDDING ON THIS PROJECT:

The changes, additions, substitutions, and/or deletions contained in Addendum No. 1 are hereby made a part of the Bid Documents for the **GULFSTREAM RD STORMWATER IMPROVEMENTS** project, fully and completely as if the same were fully set forth herein.

IN THE SPECIFICATIONS

1. Section #00410, Bid Form, Page 00410-4:

   ADD:
   Add the cost of $5,000.00 to item 23 Irrigation Restoration allowance on page 00410-4 of the bid form.

Receipt acknowledged and conditions agreed to the 24 day of December, 2021.

END OF ADDENDUM

ATTACHMENT 1

RESPONSES TO BIDDER QUESTIONS

RESPONSES TO BIDDER QUESTIONS

Question 1: *Is there an engineer's estimate or budget available?*

Response 1: **$600,000**

Question 2: *I noticed that there is an irrigation allowance on the bid sheet, but there was no dollar value assigned to it. Will the bid sheet be updated or is that a number that we assume?*

Response 2: **In the cost estimate the irrigation restoration allowance is $5,000.00. See attached revised bid breakdown sheet 00410-4.**

Question 3: *Can the road be shutdown at all or will one lane have to remain open at all times?*

Response 3: **Contractor shall maintain access for all property owners to their properties at all times throughout the duration of the project.**

Village of Palm Springs

PUBLIC SERVICE DEPARTMENT

ITB NO. 2022B-004
GULFSTREAM RD STORMWATER IMPROVEMENTS

ADVERTISEMENT FOR BIDS

Sealed Bids for the construction of the **Gulfstream Rd Stormwater Improvements** will be received, by the **Village of Palm Springs**, at the office of the **Palm Springs Village Clerk**, until **2:00 PM** local time on **January 11, 2022**. At **2:30 PM** all Bids received will be publicly opened and read. The Project consists of demolition, drainage pipe and structure installation, swale grading, driveway construction, and sodding within the Gulfstream Road Right of Way from Lake Worth Road to Lakewood Road and from the L-11 canal to 10th Avenue North.

Bidding Documents may be viewed and downloaded online www.vpsfl.org or http://www.demandstar.com. Hard copies of bidding Documents may be obtained from Craven Thompson & Associates, Inc. on Mondays through Fridays between the hours of **8:00 AM and 5:00 PM**. Bidding Documents are available on compact disc (as portable document format (PDF) files) for a non-refundable charge of $ **50.00** , including shipping via overnight express service. Alternatively, printed Bidding Documents may be obtained from Craven Thompson & Associates, Inc. either via in-person pick-up or via mail, upon receipt of payment for the Bidding Documents. The non-refundable cost of printed Bidding Documents is $ **50.00** per set, payable to "Craven Thompson & Associates, Inc.". The City Consulting Engineer Leonard Z. Gamble, P.E. can be contacted at either zgamble@craventhompson.com or 561-501-5718.

A virtual pre-bid conference will be held at **10:00 AM** local time on **December 21, 2021,** via GoToMeeting. Attendance at the pre-bid conference **is not** mandatory.

Non-Mandatory Pre-Bid Conference – December 21, 2021, at 10:00 AM

Participants can use their telephone or computer mic & speakers (VoIP)

- Registration: https://attendee.gotowebinar.com/register/4515945363465610256 Web ID # 234-774-515
- Phone: United States 1 (562) 247-8422 Web ID# 446-369-625

Bid Opening – January 11, 2022, at 2:30 PM

Participants can use their telephone or computer mic & speakers (VoIP).

- Registration: https://attendee.gotowebinar.com/register/7585972043727833101 Web ID 682-100-659
- Phone: United States 1 (562) 247-8422 Web ID #540-604-896

Bid security shall be furnished in accordance with the Instructions to Bidders.

Any questions regarding the specifications and Solicitation process must be submitted in writing to the Village Clerk at kwynn@vpsfl.org, Questions and requests for clarification and additional information must be received prior to the Deadline for Submission of Questions on **January 3, 2022,** at **5:00 PM** local time.

Pursuant to Section 2-355 of Palm Beach County Ordinance No. 2011-039, and the purchasing policies of the Village of Palm Springs, all Solicitations, once advertised, are under the "Cone of Silence" until the appropriate authority has approved an award recommendation, rejected all responses or some other action by the Village to end the selection process. This limits and requires documentation of communications between potential Bidders and/or Bidders on Village Solicitations, the Village's professional staff, and the Village Council members.

Florida P.E. No. 65921

CTA PROJECT NUMBER:20-00069-001-01

I. APPLICABLE CODES

A. ALL CONSTRUCTION AND MATERIALS SHALL CONFORM TO THE STANDARDS AND SPECIFICATIONS OF VILLAGE OF PALM SPRINGS & ALL OTHER LOCAL, STATE AND NATIONAL CODES WHERE APPLICABLE.

B. ALL CONSTRUCTION SHALL BE DONE IN A SAFE MANNER AND IN STRICT COMPLIANCE WITH ALL THE REQUIREMENTS OF THE FEDERAL OCCUPATIONAL SAFETY AND HEALTH ACT OF 1970, AND ALL STATE AND LOCAL SAFETY AND HEALTH REGULATIONS.

C. ALL ELEVATIONS SHOWN ON THE CONSTRUCTION DRAWINGS ARE BASED ON THE NORTH AMERICAN VERTICAL DATUM OF 1988 (N.A.V.D.).

D. WITHIN THE VILLAGE OF PALM SPRINGS JURISDICTIONAL RIGHT-OF-WAY, ALL MATERIALS AND CONSTRUCTION SHALL CONFORM WITH VILLAGE OF PALM SPRINGS SUBDIVISION AND LAND DEVELOPMENT CODE.

E. TRENCH SAFETY ACT

1. ALL TRENCH EXCAVATION SHALL BE PERFORMED IN ACCORDANCE WITH CHAPTER 90-96 OF THE LAWS OF FLORIDA (THE TRENCH SAFETY ACT).

2. ALL TRENCH EXCAVATION IN EXCESS OF 5 FEET IN DEPTH SHALL BE UNDERTAKEN IN ACCORDANCE WITH O.S.H.A. STANDARD 29 CFR. SECTION 1926.650 SUBPART P.

3. A TRENCH SAFETY SYSTEM, IF REQUIRED, SHALL BE DESIGNED BY THE CONTRACTOR.

F. ASBESTOS CEMENT PIPE (ACP), AND TRANSITE PIPE, CONTAIN ASBESTOS MATERIAL. ALL ASBESTOS CONTAINING MATERIALS SHALL BE HANDLED AND DISPOSED OF IN ACCORDANCE WITH THE CURRENT LOCAL, STATE AND FEDERAL REGULATIONS. THIS INCLUDES THE CUTTING, PLUGGING AND DISPOSAL OF EXISTING ACP OR TRANSITE WATER MAIN PIPES.

G. ALL HANDICAP ACCESSIBLE AREAS TO CONFORM WITH THE REQUIREMENTS OF THE AMERICANS WITH DISABILITIES ACT, LATEST EDITION.

H. IN THE EVENT OF A CONFLICT BETWEEN THE CONTRACT DOCUMENTS AND THE REQUIREMENTS OF ANY JURISDICTIONAL AUTHORITIES, THE MORE STRINGENT REQUIREMENT SHALL APPLY.

II. PRE-CONSTRUCTION RESPONSIBILITIES

A. FOR WORK WITHIN VILLAGE OF PALM SPRINGS JURISDICTIONAL RIGHT-OF-WAY, PLAN APPROVAL, CITY COUNCIL APPROVAL AND PERMIT ISSUANCE ARE REQUIRED PRIOR TO SCHEDULING PRE-CONSTRUCTION CONFERENCE.

B. UPON THE RECEIPT OF THE "NOTICE TO PROCEED", THE CONTRACTOR SHALL CONTACT THE ENGINEER OF RECORD AND ARRANGE A PRECONSTRUCTION CONFERENCE TO INCLUDE ALL INVOLVED GOVERNMENTAL AGENCIES, UTILITY OWNERS AND THE ENGINEER OF RECORD.

C. THE CONTRACTOR SHALL OBTAIN A SUNSHINE STATE ONE CALL CERTIFICATION NUMBER AND FIELD MARKINGS AT LEAST 48 HOURS PRIOR TO BEGINNING ANY EXCAVATION, CALL 811.

D. LOCATION OF EXISTING FACILITIES AS SHOWN ON CONSTRUCTION DRAWINGS ARE DRAWN FROM AVAILABLE RECORDS. THE ENGINEER ASSUMES NO RESPONSIBILITY FOR THE ACCURACY OF THE EXISTING FACILITIES SHOWN OR FOR ANY EXISTING FACILITY NOT SHOWN. THE CONTRACTOR SHALL VERIFY THROUGH VACUUM EXCAVATION & TEST HOLE METHODS, THE ELEVATIONS AND LOCATIONS OF EXISTING FACILITIES PRIOR TO CONSTRUCTION. IF AN EXISTING FACILITY IS FOUND TO CONFLICT WITH THE PROPOSED CONSTRUCTION UPON EXCAVATION, THE CONTRACTOR SHALL IMMEDIATELY NOTIFY THE ENGINEER OF RECORD SO THAT APPROPRIATE MEASURES CAN BE TAKEN TO RESOLVE THE ISSUE.

E. THE CONTRACTOR SHALL COORDINATE W/ OTHER UTILITY OWNERS TO LOCATE, IDENTIFY OR RELOCATE EXISTING UTILITIES AS REQUIRED. NO ADDITIONAL PAYMENT SHALL BE MADE FOR THIS WORK. IT SHALL BE CONSIDERED INCIDENTAL TO THE PROJECT.

F. THE CONTRACTOR SHALL SUBMIT A MAINTENANCE OF TRAFFIC (M.O.T.) PLAN TO THE VILLAGE OF PALM SPRINGS PRIOR TO COMMENCEMENT OF CONSTRUCTION AND CANNOT COMMENCE CONSTRUCTION PRIOR TO APPROVAL OF THE M.O.T. PLAN AND INSTALLATION OF THE MEASURES CALLED FOR IN THE PLAN. THE M.O.T. SHALL BE PREPARED SUCH THAT THERE IS ACCESS TO PROPERTIES AT ALL TIMES.

G. THE CONTRACTOR SHALL USE EXTREME CAUTION WORKING UNDER, OVER AND AROUND EXISTING ELECTRIC LINES. THE CONTRACTOR SHALL CONTACT THE FLORIDA POWER & LIGHT TO VERIFY LOCATIONS, VOLTAGE AND REQUIRED CLEARANCES, ONSITE, IN RIGHT-OF-WAYS AND IN EASEMENTS, PRIOR TO ANY CONSTRUCTION IN THE VICINITY OF EXISTING LINES.

H. ALL UTILITY / ACCESS EASEMENTS TO BE SECURED PRIOR TO CONSTRUCTION.

I. NO CONSTRUCTION MAY COMMENCE UNTIL THE APPROPRIATE PERMITS HAVE BEEN OBTAINED FROM ALL LOCAL, STATE, AND FEDERAL AGENCIES.

J. ALL REQUIRED GOVERNMENTAL AGENCY BUILDING AND RIGHT OF WAY PERMITS TO BE OBTAINED BY THE CONTRACTOR PRIOR TO ANY CONSTRUCTION ACTIVITY.

III. INSPECTIONS

A. THE CONTRACTOR SHALL NOTIFY THE VILLAGE OF PALM SPRINGS, THE ENGINEER OF RECORD, AND ANY OTHER GOVERNMENTAL AGENCIES HAVING JURISDICTION AT LEAST 48 HOURS PRIOR TO BEGINNING CONSTRUCTION AND 24 HOUR ADVANCED NOTIFICATION PRIOR TO THE INSPECTION OF THE FOLLOWING ITEMS, WHERE APPLICABLE:

1. CLEARING AND DEMOLITION, INCLUDING STRUCTURE AND TREE REMOVAL
2. DRAINAGE PIPE AND STRUCTURE
3. SWALE GRADING
4. SUBGRADE
5. LIMEROCK BASE
6. ASPHALTIC CONCRETE
7. SODDING
8. FINAL

IV. SHOP DRAWINGS

A. PRIOR TO THEIR CONSTRUCTION OR INSTALLATION, SHOP DRAWINGS SHALL BE SUBMITTED TO AND APPROVED BY THE ENGINEER OF RECORD FOR THE FOLLOWING: SUBGRADE, LIMEROCK BASE, ASPHALT, DRAINAGE PIPE, CONCRETE, AND DRAINAGE STRUCTURES, TO OBTAIN ALL OTHER AGENCY APPROVALS IF REQUIRED.

V. TEMPORARY FACILITIES

A. GENERAL:

1. IT SHALL BE THE CONTRACTOR'S RESPONSIBILITY TO ARRANGE FOR OR SUPPLY TEMPORARY WATER SERVICE, SANITARY FACILITIES AND ELECTRICITY.

B. TRAFFIC REGULATION:

1. MAINTENANCE OF TRAFFIC IN THE PUBLIC RIGHT-OF-WAY SHALL BE IN ACCORDANCE WITH THE MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES (M.U.T.C.D.). CONTRACTOR IS RESPONSIBLE TO PREPARE AND PROCESS A MAINTENANCE OF TRAFFIC PLAN AND OBTAIN APPROVAL FROM VILLAGE OF PALM SPRINGS PRIOR TO THE START OF CONSTRUCTION.

2. ALL OPEN TRENCHES AND HOLES ADJACENT TO ROADWAYS OR WALKWAYS SHALL BE PROPERLY MARKED AND BARRICADED TO ASSURE THE SAFETY OF BOTH VEHICULAR AND PEDESTRIAN TRAFFIC.

3. NO TRENCHES OR HOLES NEAR WALKWAYS, IN ROADWAYS OR THEIR SHOULDERS ARE TO BE LEFT OPEN DURING NIGHTTIME HOURS, UNLESS IN ACCORDANCE WITH METHODS APPROVED BY THE ENGINEER OF RECORD AND THE VILLAGE OF PALM SPRINGS.

4. THE SAFE WALK ROUTE FOR ALL SCHOOLS WITHIN THE VICINITY OF THE CONSTRUCTION ZONE SHALL BE MAINTAINED DURING THE ARRIVAL AND DISMISSAL OF SCHOOL.

5. IT SHALL BE THE RESPONSIBILITY OF THE GENERAL CONTRACTOR FOR ANY NECESSARY CONSTRUCTION, PAVEMENT MARKING AND SIGNAGE OR ANY PEDESTRIAN SIGNALIZATION AND/OR SIGNAL MODIFICATION TO ACCOMMODATE AN ALTERNATE SAFE WALK ROUTE.

6. IT SHALL BE THE CONTRACTORS RESPONSIBILITY TO MAINTAIN ALL TRAFFIC CONTROL DEVICES DURING CONSTRUCTION. ANY DEVICE DAMAGED DURING CONSTRUCTION SHALL BE PROPERLY RESTORED AT THE CONTRACTORS EXPENSE. ALL TRAFFIC CONTROL DEVICES SHALL BE RESTORED IN ACCORDANCE WITH VILLAGE OF PALM SPRINGS STANDARDS.

VI. PAVING

A. GENERAL:

1. ALL UNDERGROUND UTILITIES SHALL BE COMPLETED AND TESTED PRIOR TO FINISHED GRADING AND COMPACTION OF SUBGRADE.

2. ALL EXISTING PAVEMENT, CUT OR DAMAGED BY CONSTRUCTION, SHALL BE PROPERLY RESTORED AT THE CONTRACTOR'S EXPENSE.

3. WHERE ANY PROPOSED PAVEMENT IS TO BE CONNECTED TO EXISTING PAVEMENT, THE EXISTING EDGE OF PAVEMENT SHALL BE CLEANLY SAW CUT TO ENSURE A PROPER JOINT.

B. MATERIALS.

1. LIMEROCK BASE MATERIAL SHALL BE CRUSHED LIMEROCK WITH A MINIMUM OF 70% CARBONATES OF CALCIUM AND MAGNESIUM (60% FOR LOCAL STREETS, DRIVEWAYS AND PARKING AREAS).

2. ASPHALT SURFACES SHALL BE 1 1/2" TYPE S-III ASPHALT (TWO 3/4" LIFTS):
BOTTOM COURSE: 3/4" LIFT OF TYPE S-III ASPHALTIC CONCRETE PAVEMENT FOLLOWED BY 3/4" LIFT OF TYPE S-III ASPHALTIC CONCRETE PAVEMENT ALL MEETING MOST RECENT FDOT STANDARDS THAT INCLUDE TYPE S ASPHALT. TACK COAT PER F.D.O.T. SECTION 300 BETWEEN LIFTS.

3. REINFORCED CONCRETE SLABS SHALL BE CONSTRUCTED OF CLASS I CONCRETE WITH A MINIMUM STRENGTH OF 3,000 PSI EXCEPT WHERE OTHERWISE SHOWN ON THE PLANS.

4. SIDEWALK CONSTRUCTION SHALL BE CLASS I CONCRETE AND MINIMUM 3000 PSI COMPRESSIVE STRENGTH AT 28 DAYS. SAWCUT CONSTRUCTION JOINTS 5 FOOT O.C. WITHIN 48 HOURS OF PLACING. SIDEWALK THICKNESS SHALL BE 4" THICK WITHIN RESIDENTIAL AREAS. SIDEWALK THICKNESS SHALL BE 6" THICK WITHIN DRIVEWAYS AND WITHIN LWDD CANAL RIGHT OF WAY.

5. CURBS : CONCRETE 3000 PSI COMPRESSIVE STRENGTH AT 28 DAYS, SAWCUT CONSTRUCTION JOINTS AT 10 FOOT (O.C.) MAX. SPACING (NO SECTION SHALL BE LESS THAN 4 FEET) WITHIN 48 HOURS OF PLACING.

C. INSTALLATION

1. STABILZED SUBGRADE FOR ROADWAYS SHALL BE COMPACTED TO 98% OF MAXIMUM DENSITY PER AASTHO T-180 AND HAVE A MIN. L.B.R. OF 40.

2. LIMEROCK BASE COURSE FOR PAVED AREAS SHALL BE COMPACTED TO 98% OF MAXIMUM DRY DENSITY AS PER AASHTO T-180, HAVE A L.B.R. OF 100 AT 8" THICK FOR NEW ASPHALT INSTALLATION. FOR RESTORATION FOLLOW RESTORATION DETAIL FOR BASE THICKNESS.

3. INSTALLATION OF THE BASE COURSE AND WEARING COURSE SHALL CONFORM WITH THE REQUIREMENTS OF THE F.D.O.T. STANDARD SPECIFICATIONS FOR TYPE "S" ASPHALTIC CONCRETE OR THE LATEST REVISION.

D. TESTING

1. THE FINISHED SURFACE OF THE ASPHALT BASE COURSE AND THAT OF THE ASPHALT WEARING SURFACE SHALL NOT VARY MORE THAN 1/4" FROM THE TEMPLATE. ANY IRREGULARITIES EXCEEDING THIS LIMIT SHALL BE CORRECTED.

2. DENSITY TESTS SHALL BE TAKEN BY AN INDEPENDENT TESTING LABORATORY CERTIFIED BY THE STATE OF FLORIDA.

3. ALL TESTING COSTS SHALL BE PAID FOR BY THE CONTRACTOR.

4. DENSITY TESTS ON THE STABILIZED SUBGRADE SHALL BE SUPPLIED TO THE ENGINEER OF RECORD, AND APPROVED BEFORE ANY LIMEROCK BASE IS CONSTRUCTED.

5. DENSITY TESTS AND AS-BUILTS ON THE FINISHED LIMEROCK BASE SHALL BE SUPPLIED TO THE ENGINEER OF RECORD (E.O.R.) AND APPROVED BEFORE ANY ASPHALT PAVEMENT IS CONSTRUCTED. INCLUDING AS-BUILTS ON PAVED SWALES AND DRIVEWAYS.

VII. PAVEMENT MARKING AND SIGNAGE

1. ALL PAVEMENT MARKINGS AND SIGNAGE SHALL BE IN ACCORDANCE WITH THE "MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES FOR STREETS AND HIGHWAYS," LATEST EDITION; AND CITY OF VILLAGE OF PALM BEACH (LATEST EDITION) AND THE FLORIDA DEPARTMENT OF TRANSPORTATION STANDARDS (LATEST EDITION).

2. ALL PAVEMENT MARKING AND SIGNAGE DAMAGED AS A RESULT OF CONSTRUCTION SHALL BE REPLACED IN ACCORDANCE WITH ALL CURRENT CODE REQUIREMENTS FOR PAVEMENT MARKING AND SIGNAGE.

VIII. STORM DRAINAGE

A. GENERAL:

1. CATCH BASIN, YARD DRAIN/INLINE DRAIN & STORM MANHOLE GRATES AND RIM ELEVATIONS AS SHOWN ON PLANS SHALL BE ADJUSTED TO CONFORM TO NEW OR EXISTING GRADES.

2. DISTANCES AND LENGTHS SHOWN ON PLANS AND PROFILE DRAWINGS ARE REFERENCED TO THE CENTER OF STRUCTURES.

B. MATERIALS:

1. REINFORCED CONCRETE PIPE (R.C.P.) SHALL MEET THE REQUIREMENTS OF ASTM C-76, CLASS III, LATEST REVISION. RUBBER GASKETS OR OTHER MANUFACTURER SUPPLIED JOINT SEALER SHALL BE USED.

2. ALL DRAINAGE CATCH BASINS AND STRUCTURES SHALL BE PRECAST CONCRETE AND SHALL MEET THE REQUIREMENTS OF A.S.T.M. SPECIFICATION C-478 AND 65T UNLESS OTHERWISE NOTED IN THE PLANS. THE MINIMUM WALL THICKNESS SHALL BE 6 INCHES AND MINIMUM SLAB THICKNESS SHALL BE 8 INCHES. THE MINIMUM REINFORCING SHALL BE GRADE 60 NO. 4 BARS AT 12 INCHES EACH WAY UNLESS OTHERWISE INDICATED. CONCRETE SHALL BE MINIMUM OF FC=4000 PSI AT 28 DAYS.

C. INSTALLATION:

1. PIPE BEDDING MATERIAL SHALL CONSIST OF IN-SITU GRANULAR MATERIAL OR WASHED AND GRADED LIMEROCK 3/8"-7/8" SIZING. UNSUITABLE IN-SITU MATERIALS SUCH AS MUCK, DEBRIS, AND LARGER ROCK SHALL BE REMOVED. BEDDING MATERIAL SHALL BE COMPACTED IN 6" MAXIMUM LAYERS TO ACHIEVE 98% OF THE MAXIMUM DENSITY PER AASHTO T-180. BEDDING MATERIAL SHALL BE PLACED 4" BELOW BOTTOM OF PIPE AND EXTEND TO SPRING LINE OF PIPE.

2. BACKFILL MATERIAL SHALL BE WELL GRADED GRANULAR MATERIAL (2" MAX. SIZE), PLACED AND COMPACTED TO ACHIEVE 98% OF THE MAXIMUM DENSITY PER AASTHO T-180, WITH WELL TAMPED LAYERS NOT TO EXCEED 6" TO A HEIGHT 12" ABOVE PIPE. REFER TO UTILITY TRENCH DETAIL WITHIN PLAN SHEETS.

3. PROVIDE A MINIMUM PROTECTIVE COVER OF 18 INCHES OF COVER OVER STORM SEWER PIPE AND AVOID UNNECESSARY CROSSING BY HEAVY CONSTRUCTION VEHICLES DURING CONSTRUCTION.

4. THE CONTRACTOR SHALL NOTIFY VILLAGE OF PALM SPRINGS AT LEAST 7 DAYS PRIOR TO THE START OF THE CONSTRUCTION AND INSPECTION.

IX. DE-WATERING

1. THE CONTRACTOR SHALL BE RESPONSIBLE FOR DETERMINING IF DEWATERING PERMIT IS REQUIRED FOR ANY OF THE PROPOSED CONSTRUCTION ACTIVITIES. IF A DEWATERING PERMIT IS REQUIRED, IT SHALL BE THE CONTRACTORS RESPONSIBILITY TO PREPARE AND SUBMIT A DEWATERING REPORT APPLICATION (PREPARED BY A STATE OF FLORIDA LICENSED ENGINEER OR A REGISTERED PROFESSIONAL GEOLOGIST) TO ALL APPLICABLE AGENCIES FOR PERMIT APPROVAL. THE CONTRACTOR MAY BE REQUIRED TO PROVIDE TESTING AND MONITORING OF THE DEWATERING OPERATIONS AND WILL BE RESPONSIBLE FOR ALL COSTS ASSOCIATED WITH MEANS AND METHODS OF DEWATERING WHICH WILL BE SET FORTH BY THE DEWATERING PERMIT(S) OBTAINED BY THE CONTRACTOR.

2. THE CONTRACTOR WILL BE REQUIRED TO PROVIDE TESTING AND MONITORING OF THE DEWATERING OPERATIONS AND WILL BE RESPONSIBLE FOR ALL COSTS ASSOCIATED WITH MEANS AND METHODS OF DEWATERING WHICH WILL BE SET FORTH BY THE DEWATERING PERMIT(S) OBTAINED BY THE CONTRACTOR.

X. NPDES REQUIREMENT

1. AT LEAST TWO (2) DAYS PRIOR TO THE START OF CONSTRUCTION, THE CONTRACTOR SHALL SUBMIT A CGP "NOTICE OF INTENT (N.O.I.) TO USE GENERIC PERMIT FOR STORMWATER DISCHARGE FROM CONSTRUCTION ACTIVITIES THAT DISTURB ONE OR MORE ACRES OF LAND" FORM (DEP FORM 62-621.300(4)(B)) TO FDEP NOTICES CENTER. THE CONTRACTOR WILL BE RESPONSIBLE FOR (AT THE CONTRACTORS EXPENSE) (1) ASSISTING THE OWNER(S) WITH PREPARING, COMPLETING, AND FILING THE N.O.I. AND N.O.T. TO FDEP (2) PREPARING A STORM WATER POLLUTION PREVENTION PLAN (SWPPP) (REQUIRED PRIOR TO THE NOI SUBMITTAL) (3) IMPLEMENTATION OF THE STORM WATER POLLUTION PREVENTION PLAN (SWPPP) THAT WAS REQUIRED TO BE DEVELOPED PRIOR TO THE NOI SUBMITTAL, AND (4) RETENTION OF RECORDS REQUIRED BY THE PERMIT, INCLUDING RETENTION OF A COPY OF THE SWPPP AT THE CONSTRUCTION SITE FROM THE DATE OF PROJECT INITIATION TO THE DATE OF FINAL SITE STABILIZATION. A "NOTICE OF TERMINATION (N.O.T.) OF GENERIC PERMIT COVERAGE" FORM (DEP FORM 62-621.300(6)) MUST BE SUBMITTED TO FDEP TO DISCONTINUE PERMIT COVERAGE, SUBSEQUENT TO COMPLETION OF CONSTRUCTION. FOR ADDITIONAL INFORMATION SEE FDEP WEBSITE:

HTTP://WWW.DEP.STATE.FL.US/WATER/STORMWATER/NPDES.

XI. EARTHWORK

A. EARTHWORK AND SITE PREPARATION

1. THE CONTRACTOR SHALL IMPLEMENT AND BE RESPONSIBLE FOR THE COST REQUIRED TO MAINTAIN THE STRUCTURAL INTEGRITY OF THE EXISTING EARTH AT ITS CURRENT POSITION WITHIN THE EXISTING ADJACENT RESIDENTIAL LOTS OR LAKE ACCESS EASEMENTS ABUTTING THE PROJECT PROPOSED LIMITS OF RE-GRADING, EXCAVATION, OR FILL SUCH THAT NO MATERIAL WITHIN AN EXISTING RESIDENTIAL YARD/LLOT SHALL FAIL OR MOVE FROM ITS CURRENT POSITION TOWARDS THE LAKE EMBANKMENT. THE CONTRACTOR SHALL MAINTAIN THE ACCESS AND SAFE USE OF ALL ADJACENT RESIDENTIAL LOTS BY RESIDENTS AT ALL TIMES SUCH THAT THE PROJECT DOES NOT INTERFERE WITH OR CAUSE A LACK OF ACCESS OR UNSAFE USE OF THE RESIDENTIAL LOT THROUGHOUT THE DURATION OF CONSTRUCTION.

2. ALL TREES, BRUSH, ROOTS, GRASS, WEEDS AND ALL OTHER OBSTRUCTIONS SHALL BE REMOVED FROM WITHIN THE PROJECT LIMITS OF THE AREAS PROPOSED TO BE RE-GRADED, EXCAVATED, OR FILLED .

3. ALL UNSUITABLE MATERIAL SHALL BE REMOVED UNDER THE PROJECT LIMITS OF THE AREAS PROPOSED TO BE RE-GRADED, EXCAVATED, OR FILLED IN SUCH A MANNER THAT WILL NOT CAUSE FAILURE OF THE LAKE EMBANKMENT EITHER ABOVE OR BENEATH THE WATER LEVEL. CONTRACTOR IS RESPONSIBLE FOR THE IMPLEMENTATION AND COST OF DEWATERING, SHORING, OR OTHER REQUIREMENTS TO MAINTAIN THE STRUCTURAL INTEGRITY OF THE LAKE EMBANKMENT ABOVE AND BELOW THE WATER LEVEL.

4. STRUCTURAL FILL SHOULD CONSIST OF INORGANIC, NON-PLASTIC, GRANULAR SOILS CONTAINING LESS THAN 10 PERCENT MATERIAL PASSING THE #200 SIEVE (GP, GW, SP, SW, GW-GM, GP-GM SW-SM OR SP-SM OR A CRUSHED LIME ROCK WITH A 3" MAX. PARTICLE SIZE) BACK FILL MATERIAL PLACED IN LIFTS NOT TO EXCEED TWELVE (12) INCHES IN THICKNESS, AND COMPACTED TO A MINIMUM DENSITY OF 98% OF AASHTO T-180 (MODIFIED PROCTOR). IF THE EXCAVATION EXTENDS BELOW THE GROUND WATER LEVEL, THE EXCAVATION SHOULD BE DEWATERED PRIOR TO STRIPPING AND SITE PREPARATION. THE DEWATERING OPERATION SHOULD BE A WELL POINT OPERATION AND SHOULD OPERATE CONTINUOUSLY UNTIL THE FILL HAS BEEN BROUGHT TO AT LEAST TWO (2) FEET ABOVE THE ORIGINAL GROUND WATER LEVEL. PRIOR TO INITIATING COMPACTION, REPRESENTATIVE SAMPLES OF THE FILL MATERIALS TO BE USED, AS WELL AS ACCEPTABLE EXPOSED IN-PLACE SOILS, SHALL BE COLLECTED AND TESTED TO DETERMINE THEIR COMPACTION AND CLASSIFICATION CHARACTERISTICS.

5. A REPRESENTATIVE NUMBER OF IN-PLACE FIELD DENSITY TESTS SHOULD BE PERFORMED IN THE COMPACTED EXISTING SOILS AND IN EACH 1' LIFT OF FILL MATERIAL OR BACK FILL TO CONFIRM THAT THE REQUIRED DEGREE OF COMPACTION HAS BEEN ACHIEVED. AT LEAST ONE DENSITY TEST SHALL BE PERFORMED FOR EVERY 2000 SQUARE FEET OF COMPACTED EXISTING SOIL, SUB GRADE, AND EACH LIFT OF CONTROLLED FILL.

6. ANY DEEP EXCAVATIONS OR TRENCHES REQUIRED FOR THIS PROJECT SHOULD BE ADEQUATELY SHORED TO PREVENT THE SANDY ON-SITE SOILS FROM COLLAPSING INTO THE EXCAVATIONS. ALL APPLICABLE OSHA STANDARDS AND REGULATIONS SHOULD BE ADHERED TO FOR THE SAFETY OF PROJECT CONSTRUCTION PERSONNEL. CONTRACTOR MUST ADHERE TO REQUIREMENTS OF FLORIDA TRENCH SAFETY ACT OF 1990.

XII. PROJECT CLOSEOUT

A. CLEAN UP:

1. DURING CONSTRUCTION, THE PROJECT SITE AND ALL ADJACENT AREAS SHALL BE MAINTAINED IN A NEAT AND CLEAN MANNER, AND UPON FINAL CLEAN-UP, THE PROJECT SITE SHALL BE LEFT CLEAR OF ALL SURPLUS MATERIAL OR TRASH. THE PAVED AREAS SHALL BE SWEPT BROOM CLEAN.

2. THE CONTRACTOR SHALL RESTORE OR REPLACE, WHEN AND AS DIRECTED, ANY PUBLIC OR PRIVATE PROPERTY DAMAGED BY HIS WORK, EQUIPMENT, OR EMPLOYEES, TO A CONDITION AT LEAST EQUAL TO THAT EXISTING IMMEDIATELY PRIOR TO THE BEGINNING OF OPERATIONS. TO THAT END, THE CONTRACTOR SHALL DO, AS REQUIRED, ALL NECESSARY HIGHWAY, DRIVEWAY, WALK AND LANDSCAPING WORK. SUITABLE MATERIALS AND METHODS SHALL BE USED FOR SUCH RESTORATION.

3. WHERE MATERIAL OR DEBRIS HAS WASHED OR FLOWED INTO OR HAS BEEN PLACED IN WATER COURSES, DITCHES, DRAINS, CATCH BASINS, OR ELSEWHERE AS A RESULT OF THE CONTRACTOR'S OPERATIONS, SUCH MATERIAL OR DEBRIS SHALL BE REMOVED AND SATISFACTORILY DISPOSED OF DURING THE PROGRESS OF THE WORK, AND THE AREA KEPT IN A CLEAN AND NEAT CONDITION.

4. ALL PROPERTY MONUMENTS OR PERMANENT REFERENCES, REMOVED OR DESTROYED BY THE CONTRACTOR DURING CONSTRUCTION SHALL BE RESTORED BY A STATE OF FLORIDA REGISTERED LAND SURVEYOR AT THE CONTRACTOR'S EXPENSE.

5. ALL UNPAVED SURFACES DISTURBED AS A RESULT OF CONSTRUCTION ACTIVITIES SHALL BE RESTORED TO A CONDITION EQUAL TO OR BETTER THAN THAT WHICH EXISTED BEFORE THE CONSTRUCTION.

XIII. PROJECT RECORD DOCUMENTS:

1. DURING THE DAILY PROGRESS OF THE JOB, THE CONTRACTOR SHALL RECORD ON HIS SET OF CONSTRUCTION DRAWINGS THE EXACT LOCATION, LENGTH, MATERIAL AND ELEVATION OF ANY FACILITY NOT BUILT EXACTLY ACCORDING TO PLANS.

2. UPON COMPLETION OF GRADING MODIFICATIONS THE CONTRACTOR SHALL FURNISH THE ENGINEER OF RECORD "AS-BUILT" PLANS FOR THESE IMPROVEMENTS. SEE ENGINEERS AS-BUILT REQUIREMENTS.

3. ALL "AS-BUILT" INFORMATION SHALL BE CERTIFIED BY A FLORIDA REGISTERED LAND SURVEYOR.

XIX. ENGINEER'S AS-BUILT REQUIREMENTS

A. ALL AS-BUILT LOCATIONS MENTIONED BELOW SHALL PROVIDE COORDINATES (NORTHING AND EASTING) SPATIALLY LOCATED WITHIN STATE PLANE COORDINATES. ALL LOCATIONS (NORTHING AND EASTING) SHALL BE PROVIDED TO THE NEAREST TENTH OF A FOOT. ALSO ALL AS-BUILT LOCATION POINT COORDINATES SHALL BE PROVIDED AT THE CORRESPONDING NORTHING AND EASTING IN AN AUTOCAD FILE.

B. EASEMENT LOCATIONS (NORTHING AND EASTINGS) SHALL BE PROVIDED ON AS-BUILTS.

C. AS-BUILTS OF PROPOSED LAKE BANK CROSS SECTIONS SHALL BE PROVIDED.

D. DRAINAGE AS-BUILTS SHALL BE PROVIDED SHOWING OF ALL DRAINAGE PIPING AND STRUCTURES WHICH SHALL INCLUDE THE FOLLOWING INFORMATION:

1. LOCATION, RIM ELEVATION, INVERTS, BOTTOM OF STRUCTURE, BOTTOM OF POLLUTION RETARDANT BAFFLE AND WEIR ELEVATIONS (IF APPLICABLE) ON DRAINAGE STRUCTURES.

2. LENGTH AND SIZE OF THE PIPING BETWEEN STRUCTURES. SIZE OF THE PIPING SHALL BE VERIFIED BY THE SURVEY CREW AT THE TIME OF AS-BUILT.

3. LENGTH AND SIZE OF EXFILTRATION TRENCH BETWEEN STRUCTURES ALONG WITH THE TOP AND BOTTOM ELEVATIONS OF EXFILTRATION TRENCH. LENGTH, SIZE, TOP OF AND BOTTOM OF EXFILTRATION TRENCH SHALL BE VERIFIED BY THE SURVEY CREW AT THE TIME OF AS-BUILT.

4. CONTROL STRUCTURE AS-BUILTS SHALL INCLUDE, BUT NOT BE LIMITED TO, RIM ELEVATIONS, WEIR

5. ELEVATIONS, BOTTOM ELEVATION OF THE STRUCTURES, BOTTOM ELEVATION OF POLLUTION RETARDANT BAFFLE, AND INVERTS ELEVATIONS OF PIPING.

6. CROSSING INFORMATION BETWEEN PROPOSED DRAINAGE PIPING AND EXISTING AND PROPOSED SEWER MAIN, FORCE MAIN, DRAINAGE, WATER MAIN, UTILITIES, ETC.

E. UPON COMPLETION OF THE WORK, THE CONTRACTOR SHALL PREPARE RECORD DRAWINGS AND "AS-BUILTS", ON FULL SIZE, 24" X 36" REPRODUCIBLE MATERIAL, TWO (2) SETS OF THESE RECORD DRAWINGS AND "AS-BUILTS" SHALL BE SIGNED AND SEALED BY A FLORIDA REGISTERED PROFESSIONAL LAND SURVEYOR. ADDITIONALLY, AN ELECTRONIC COPY OF THESE RECORD DRAWINGS AND "AS-BUILTS", SHALL BE SUBMITTED TO THE ENGINEER OF RECORD IN BOTH PDF AND AUTOCAD (VERSION 2010 OR GREATER).

F. FINAL DELIVERABLES SHALL INCLUDE AN AUTOCAD-COMPATIBLE DIGITAL FILE CONTAINING ALL PERTINENT RECORD DRAWING AND "AS-BUILT" INFORMATION (INCLUDING, WATER, SEWER, PAVING, AND DRAINAGE). FILE TO BE SPATIALLY LOCATED WITHIN STATE PLANE COORDINATES.

4. ALL PAVEMENT, SOD, MAIL BOXES, CONCRETE, ELECTRICAL BOXES, OR UTILITY POLES IN CONFLICT WITH PROPOSED CONSTRUCTION SHALL BE RELOCATED AND RESTORED TO ORIGINAL CONDITION.

5. CONTRACTOR SHALL RELOCATE AND ADJUST AND RESTORE ALL EXISTING IRRIGATION SYSTEMS IN CONFLICT WITH PROPOSED WORK.

6. ALL EXISTING UTILITY BOX AND CLEANOUT LIDS AND STRUCTURE TOPS OF ALL TYPES SHALL BE ADJUSTED TO FINAL GRADE.

7. DRIVEWAYS TO BE RESTORED OR REPLACED AS CALLED OUT ON THE PLAN SHALL INCLUDE A SWALE TYPE DIP HALFWAY BETWEEN THE LOCATION WHERE THE DRIVE CROSSES THE RIGHT OF WAY LINE AND BETWEEN THE NEAREST EDGE OF PAVEMENT WITH AN ELEVATION THAT IS NOT GREATER THAN 4" BELOW EITHER THE EDGE OF PAVEMENT OR THE EXISTING GRADE AT THE RIGHT OF WAY LINE.

EROSION CONTROL NOTES

1.) CONTRACTOR SHALL ASSUME ANY AND ALL RESPONSIBILITIES FOR ANY WATER CONTROL VIOLATIONS RESULTING FROM FAILURE TO ELIMINATE AND/OR CONTROL TURBID RUNOFF FROM LEAVING THE SITE AS ISSUED BY ANY AGENCY HAVING JURISDICTION.

2.) CONTRACTOR SHALL PROVIDE TEMPORARY DEWATERING AREA(S) PRIOR TO ANY EXCAVATION FOR PIPE INSTALLATION. DEWATERING AREA(S) SHALL BE PROTECTED WITH SILT SCREENS. ALL DEWATERING OPERATIONS SHALL DISCHARGE INTO TEMPORARY DEWATERING AREA(S) AND NO DIRECT DISCHARGE INTO THE EXISTING OR NEW DITCHES, STORM DRAINS, AND/OR PUBLIC RIGHT OF WAY WILL BE ALLOWED.

3.) CONTRACTOR SHALL MAINTAIN A POLLUTION PREVENTION CONTROL LOG AND CONDUCT WEEKLY INSPECTIONS AND WITHIN 24 HOURS OF A 0.25" STORM EVENT.

4.) CONTRACTOR TO EMPLOY BEST MANAGEMENT PRACTICES THROUGHOUT CONSTRUCTION IN ORDER TO ENSURE POLLUTION PREVENTION. CONTRACTOR TO COMPLY WITH ALL LOCAL, STATE, AND OTHER LOCAL GOVERNMENTAL ENVIRONMENTAL REGULATIONS THROUGHOUT CONSTRUCTION.

5.) DURING CONSTRUCTION, ALL CATCH BASINS TO BE EQUIPPED WITH FILTER FABRIC AND HAY BALES OVER GRATES.

6.) ALL AREAS DISTURBED DURING CONSTRUCTION SHALL BE STABILIZED WITHIN A RESONABLE PERIOD OF TIME TO ASSURE MINIMUM EROSION OF SOILS.

7.) NO LAND CLEARING OR GRADING SHALL BEGIN UNTIL ALL EROSON CONTROL MEASURES HAVE BEEN INSTALLED & INSPECTED BY VILLAGE STORMWATER INSPECTOR (TYP.).

8.) ADDITIONAL EROSION AND SEDIMENT CONTROL MEASURES SHALL BE INSTALLED IF DEEMED NECESSARY. ADDITIONAL CONTROL MEAUSURES SHALL BE INSTALLED AT CONTRACTORS EXPENSE.

BIDDING REQUIREMENTS

Village of Palm Springs

PUBLIC SERVICE DEPARTMENT

ITB NO. 2022B-004
GULFSTREAM RD STORMWATER IMPROVEMENTS

ADVERTISEMENT FOR BIDS

Sealed Bids for the construction of the **Gulfstream Rd Stormwater Improvements** will be received, by the **Village of Palm Springs**, at the office of the **Palm Springs Village Clerk**, until **2:00 PM** local time on **January 11, 2022**. At **2:30 PM** all Bids received will be publicly opened and read. The Project consists of demolition, drainage pipe and structure installation, swale grading, driveway construction, and sodding within the Gulfstream Road Right of Way from Lake Worth Road to Lakewood Road and from the L-11 canal to 10th Avenue North.

Bidding Documents may be viewed and downloaded online www.vpsfl.org or http://www.demandstar.com. Hard copies of bidding Documents may be obtained from Craven Thompson & Associates, Inc. on Mondays through Fridays between the hours of **8:00 AM and 5:00 PM**. Bidding Documents are available on compact disc (as portable document format (PDF) files) for a non-refundable charge of $ **50.00** , including shipping via overnight express service. Alternatively, printed Bidding Documents may be obtained from Craven Thompson & Associates, Inc. either via in-person pick-up or via mail, upon receipt of payment for the Bidding Documents. The non-refundable cost of printed Bidding Documents is $ **50.00** per set, payable to "Craven Thompson & Associates, Inc.". The City Consulting Engineer Leonard Z. Gamble, P.E. can be contacted at either zgamble@craventhompson.com or 561-501-5718.

A virtual pre-bid conference will be held at **10:00 AM** local time on **December 21, 2021,** via GoToMeeting. Attendance at the pre-bid conference **is not** mandatory.

Non-Mandatory Pre-Bid Conference – December 21, 2021, at 10:00 AM

Participants can use their telephone or computer mic & speakers (VoIP)

- Registration: https://attendee.gotowebinar.com/register/4515945363465610256 Web ID # 234-774-515
- Phone: United States 1 (562) 247-8422 Web ID# 446-369-625

Bid Opening – January 11, 2022, at 2:30 PM

Participants can use their telephone or computer mic & speakers (VoIP).

- Registration: https://attendee.gotowebinar.com/register/7585972043727833101 Web ID 682-100-659
- Phone: United States 1 (562) 247-8422 Web ID #540-604-896

Bid security shall be furnished in accordance with the Instructions to Bidders.

Any questions regarding the specifications and Solicitation process must be submitted in writing to the Village Clerk at kwynn@vpsfl.org, Questions and requests for clarification and additional information must be received prior to the Deadline for Submission of Questions on **January 3, 2022,** at **5:00 PM** local time.

Pursuant to Section 2-355 of Palm Beach County Ordinance No. 2011-039, and the purchasing policies of the Village of Palm Springs, all Solicitations, once advertised, are under the "Cone of Silence" until the appropriate authority has approved an award recommendation, rejected all responses or some other action by the Village to end the selection process. This limits and requires documentation of communications between potential Bidders and/or Bidders on Village Solicitations, the Village's professional staff, and the Village Council members.

INSTRUCTIONS TO BIDDERS

ARTICLE 1 – DEFINED TERMS

1.01 Terms used in these Instructions to Bidders have the meanings indicated in the General Conditions and Supplementary Conditions. Additional terms used in these Instructions to Bidders have the meanings indicated below:

A. *Issuing Office* – The office from which the Bidding Documents are to be issued.

ARTICLE 2 – COPIES OF BIDDING DOCUMENTS

2.01 Complete sets of the Bidding Documents may be obtained from the Issuing Office in the number and format stated in the advertisement or invitation to bid.

2.02 Complete sets of Bidding Documents shall be used in preparing Bids; neither Owner nor Engineer assumes any responsibility for errors or misinterpretations resulting from the use of incomplete sets of Bidding Documents.

2.03 Owner and Engineer, in making copies of Bidding Documents available on the above terms, do so only for the purpose of obtaining Bids for the Work and do not authorize or confer a license for any other use.

ARTICLE 3 – QUALIFICATIONS OF BIDDERS

3.01 To demonstrate Bidder's qualifications to perform the Work, Bidder shall submit with its Bid (a) written evidence establishing its qualifications such as financial data, previous experience, present commitments, and other such information as may be called for in Section 00451, and (b) the following additional information:

A. Evidence of Bidder's authority to do business in the State of Florida.

B. State of Florida contractor license number.

C. [Subcontractor and Supplier qualification information; coordinate with provisions of Article 12 of these Instructions, "Subcontractors, Suppliers, and Others."]

D. Provide a minimum of five (5) similar projects which have been completed within the past ten (10) years per Section 00315 - Bidder Qualifications Questionnaire, Article 12, including project description, final project cost, owner's name, address, and phone number. A similar project shall be defined as Drainage Improvements within Municipal Right of Way.

3.02 A Bidder's failure to submit required qualification information within the times indicated may disqualify Bidder from receiving an award of the Contract.

3.03 No requirement in this Article 3 to submit information will prejudice the right of Owner to seek additional pertinent information regarding Bidder's qualifications.

3.04 Bidder is advised to carefully review those portions of the Bid Form requiring Bidder's representations and certifications.

ARTICLE 4 – SITE AND OTHER AREAS; EXISTING SITE CONDITIONS; EXAMINATION OF SITE; OWNER'S SAFETY PROGRAM; OTHER WORK AT THE SITE

4.01 *Site and Other Areas*

A. The Site is identified in the Bidding Documents. By definition, the Site includes rights-of-way, easements, and other lands furnished by Owner for the use of the Contractor. Any additional lands required for temporary construction facilities, construction equipment, or storage of materials and equipment, and any access needed for such additional lands, are to be obtained and paid for by Contractor.

4.02 *Existing Site Conditions*

A. Subsurface and Physical Conditions; Hazardous Environmental Conditions

1. The Supplementary Conditions identify:

a. those reports known to Owner of explorations and tests of subsurface conditions at or adjacent to the Site, if any.

b. those drawings known to Owner of physical conditions relating to existing surface or subsurface structures at the Site (except Underground Facilities), if any.

2. Owner will make copies of reports and drawings referenced above available to any Bidder on request. These reports and drawings are not part of the Contract Documents, but the Technical Data contained therein upon whose accuracy Bidder is entitled to rely, as provided in the General Conditions, has been identified and established in the Supplementary Conditions. Bidder is responsible for any interpretation or conclusion Bidder draws from any Technical Data or any other data, interpretations, opinions, or information contained in such reports or shown or indicated in such drawings.

3. If the Supplementary Conditions do not identify Technical Data, the default definition of Technical Data set forth in Article 1 of the General Conditions will apply.

B. Underground Facilities: Information and data shown or indicated in the Bidding Documents with respect to existing Underground Facilities at or adjacent to the Site are set forth in the Contract Documents and are based upon information and data furnished to Owner and Engineer by owners of such Underground Facilities, including Owner, or others.

C. Adequacy of Data: Provisions concerning responsibilities for the adequacy of data furnished to prospective Bidders with respect to subsurface conditions, other physical conditions, and Underground Facilities, and possible changes in the Bidding Documents due to differing or unanticipated subsurface or physical conditions appear in Paragraphs 5.03, 5.04, and 5.05 of the General Conditions. Provisions concerning responsibilities for the adequacy of data furnished to prospective Bidders with respect to a Hazardous Environmental Condition at the Site, if any, and possible changes in the Contract Documents due to any Hazardous Environmental Condition uncovered or revealed at the Site which was not shown or indicated in the Drawings or Specifications or identified in the Contract Documents to be within the scope of the Work, appear in Paragraph 5.06 of the General Conditions.

4.03 *Site Visit and Testing by Bidders*

A. On request, the Owner will provide the Bidder access to the Site visit during normal working hours. Bidder shall not disturb any ongoing operations at the Site.

B. On request, and to the extent Owner has control over the Site, and schedule permitting, the Owner will provide Bidder access to the Site to conduct such additional examinations, investigations, explorations, tests, and studies as Bidder deems necessary for preparing and submitting a successful Bid. Owner will not have any obligation to grant such access if doing so is not practical because of existing operations, security or safety concerns, or restraints on Owner's authority regarding the Site.

C. Bidder shall comply with all applicable Laws and Regulations regarding excavation and location of utilities, obtain all permits, and comply with all terms and conditions established by Owner or by property owners or other entities controlling the Site with respect to schedule, access, existing operations, security, liability insurance, and applicable safety programs.

D. Bidder shall fill all holes and clean up and restore the Site to its former condition upon completion of such explorations, investigations, tests, and studies.

E. Bidder shall not disturb any ongoing operations at the Site.

ARTICLE 5 – BIDDER'S REPRESENTATIONS

5.01 It is the responsibility of each Bidder before submitting a Bid to:

A. examine and carefully study the Bidding Documents, and any data and reference items identified in the Bidding Documents;

B. visit the Site, conduct a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and satisfy itself as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work;

C. become familiar with and satisfy itself as to all Laws and Regulations that may affect cost, progress, and performance of the Work;

D. carefully study all: (1) reports of explorations and tests of subsurface conditions at or adjacent to the Site and all drawings of physical conditions relating to existing surface or subsurface structures at the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings, and (2) reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings;

E. consider the information known to Bidder itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Bidding Documents; and the Site-related reports and drawings identified in the Bidding Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Bidder; and (3) Bidder's safety precautions and programs;

F. agree, based on the information and observations referred to in the preceding paragraph, that at the time of submitting its Bid no further examinations, investigations, explorations, tests, studies, or data are necessary for the determination

of its Bid for performance of the Work at the price bid and within the times required, and in accordance with the other terms and conditions of the Bidding Documents;

G. become aware of the general nature of the work to be performed by Owner and others at the Site that relates to the Work as indicated in the Bidding Documents;

H. promptly give Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Bidder discovers in the Bidding Documents and confirm that the written resolution thereof by Engineer is acceptable to Bidder;

I. determine that the Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for the performance and furnishing of the Work; and

J. agree that the submission of a Bid will constitute an incontrovertible representation by Bidder that Bidder has complied with every requirement of this Article, that without exception the Bid and all prices in the Bid are premised upon performing and furnishing the Work required by the Bidding Documents.

ARTICLE 6 – PRE-BID CONFERENCE

6.01 A pre-Bid conference will be held at the time and location stated in the invitation or advertisement to bid. Representatives of Owner and Engineer will be present to discuss the Project. Bidders are encouraged to attend and participate in the conference. Owner will transmit to all prospective Bidders of record such Addenda as Owner and Engineer considers necessary in response to questions arising at the conference. Oral statements may not be relied upon and will not be binding or legally effective.

ARTICLE 7 – INTERPRETATIONS AND ADDENDA

7.01 All questions about the meaning or intent of the Bidding Documents are to be submitted to Owner in writing to the email address stated in the invitation or advertisement to bid. Interpretations or clarifications considered necessary by Owner or Engineer in response to such questions will be issued by Addenda delivered to all parties recorded as having received the Bidding Documents. Questions received less than seven days prior to the date for opening of Bids may not be answered. Only questions answered by Addenda will be binding. Oral and other interpretations or clarifications will be without legal effect.

7.02 Addenda may be issued to clarify, correct, supplement, or change the Bidding Documents.

ARTICLE 8 – BID SECURITY

8.01 A Bid must be accompanied by Bid security made payable to Owner in an amount of 5 percent of Bidder's maximum Bid price (determined by adding the base bid and all alternates) and in the form of a certified check, bank money order, or a Bid bond (on the form included in the Bidding Documents) issued by a surety meeting the requirements of Paragraphs 6.01 and 6.02 of the General Conditions.

8.02 The Bid security of the apparent Successful Bidder will be retained until Owner awards the contract to such Bidder, and such Bidder has executed the Contract Documents, furnished the required contract security, and met the other conditions of the Notice of Award, whereupon the Bid security will be released. If the Successful Bidder fails to execute and deliver the Contract Documents and furnish the required contract security within 15 days after the Notice of Award, Owner may consider Bidder to be in default,

annul the Notice of Award, and the Bid security of that Bidder will be forfeited. Such forfeiture shall be Owner's exclusive remedy if Bidder defaults.

8.03 The Bid security of other Bidders that Owner believes to have a reasonable chance of receiving the award may be retained by Owner until the earlier of seven days after the Effective Date of the Contract or 121 days after the Bid opening, whereupon Bid security furnished by such Bidders will be released.

8.04 Bid security of other Bidders that Owner believes do not have a reasonable chance of receiving the award will be released within seven days after the Bid opening.

ARTICLE 9 – CONTRACT TIMES

9.01 The number of days within which, or the dates by which, the Work is to be substantially completed, and completed and ready for final payment, are set forth in the Agreement.

ARTICLE 10 – LIQUIDATED DAMAGES

10.01 Provisions for liquidated damages, if any, for failure to timely attain a Milestone, Substantial Completion, or completion of the Work in readiness for final payment, are set forth in the Agreement.

ARTICLE 11 – SUBSTITUTE AND "OR-EQUAL" ITEMS

11.01 The Contract for the Work, as awarded, will be on the basis of materials and equipment specified or described in the Bidding Documents, and those "or-equal" or substitute or materials and equipment subsequently approved by Engineer prior to the submittal of Bids and identified by Addendum. No item of material or equipment will be considered by Engineer as an "or-equal" or substitute unless written request for approval has been submitted by Bidder and has been received by Engineer at least 15 days prior to the date for receipt of Bids. Each such request shall comply with the requirements of Paragraphs 7.04 and 7.05 of the General Conditions. The burden of proof of the merit of the proposed item is upon Bidder. Engineer's decision of approval or disapproval of a proposed item will be final. If Engineer approves any such proposed item, such approval will be set forth in an Addendum issued to all prospective Bidders. Bidders shall not rely upon approvals made in any other manner.

11.02 All prices that Bidder sets forth in its Bid shall be based on the presumption that the Contractor will furnish the materials and equipment specified or described in the Bidding Documents, as supplemented by Addenda. Any assumptions regarding the possibility of post-Bid approvals of "or-equal" or substitution requests are made at Bidder's sole risk.

ARTICLE 12 – SUBCONTRACTORS, SUPPLIERS, AND OTHERS

12.01 A Bidder shall be prepared to retain specific Subcontractors, Suppliers, or other individuals or entities for the performance of the Work if required by the Bidding Documents (most commonly in the Specifications) to do so. If a prospective Bidder objects to retaining any such Subcontractor, Supplier, or other individual or entity, and the concern is not relieved by an Addendum, then the prospective Bidder should refrain from submitting a Bid.

12.02 Subsequent to the submittal of the Bid, Owner may not require the Successful Bidder or Contractor to retain any Subcontractor, Supplier, or other individual or entity against which Contractor has reasonable objection.

12.03 Unless otherwise required to be submitted with the Bid, the apparent Successful Bidder, and any other Bidder so requested, shall within five days after Bid opening, submit to Owner a list of the Subcontractors or Suppliers for which such identification is required

Such list shall be accompanied by an experience statement with pertinent information regarding similar projects and other evidence of qualification for each such Subcontractor, Supplier, or other individual or entity. If Owner or Engineer, after due investigation, has reasonable objection to any proposed Subcontractor, Supplier, individual, or entity, Owner may, before the Notice of Award is given, request apparent Successful Bidder to submit an acceptable substitute, in which case apparent Successful Bidder shall submit a substitute, Bidder's Bid price will be increased (or decreased) by the difference in cost occasioned by such substitution, and Owner may consider such price adjustment in evaluating Bids and making the Contract award.

12.04 If apparent Successful Bidder declines to make any such substitution, Owner may award the Contract to the next lowest Bidder that proposes to use acceptable Subcontractors, Suppliers, or other individuals or entities. Declining to make requested substitutions will constitute grounds for forfeiture of the Bid security of any Bidder. Any Subcontractor, Supplier, individual, or entity so listed and against which Owner or Engineer makes no written objection prior to the giving of the Notice of Award will be deemed acceptable to Owner and Engineer subject to subsequent revocation of such acceptance as provided in Paragraph 7.06 of the General Conditions.

ARTICLE 13 – PREPARATION OF BID

13.01 The Bid Form is included with the Bidding Documents.

A. All blanks on the Bid Form shall be completed in ink and the Bid Form signed in ink. Erasures or alterations shall be initialed in ink by the person signing the Bid Form. A Bid price shall be indicated for each section, Bid item, alternate, adjustment unit price item, and unit price item listed therein.

B. If the Bid Form expressly indicates that submitting pricing on a specific alternate item is optional, and Bidder elects to not furnish pricing for such optional alternate item, then Bidder may enter the words "No Bid" or "Not Applicable."

13.02 A Bid by a corporation shall be executed in the corporate name by a corporate officer (whose title must appear under the signature), accompanied by evidence of authority to sign. The corporate address and state of incorporation shall be shown.

13.03 A Bid by a partnership shall be executed in the partnership name and signed by a partner (whose title must appear under the signature), accompanied by evidence of authority to sign. The partnership's address for receiving notices shall be shown.

13.04 A Bid by a limited liability company shall be executed in the name of the firm by a member or other authorized person and accompanied by evidence of authority to sign. The state of formation of the firm and the firm's address for receiving notices shall be shown.

13.05 A Bid by an individual shall show the Bidder's name and address for receiving notices.

13.06 A Bid by a joint venture shall be executed by an authorized representative of each joint venturer in the manner indicated on the Bid Form. The joint venture's address for receiving notices shall be shown.

13.07 All names shall be printed in ink below the signatures.

13.08 The Bid shall contain an acknowledgment of receipt of all Addenda, the numbers of which shall be filled in on the Bid Form.

13.09 Postal and e-mail addresses and telephone number for communications regarding the Bid shall be shown.

13.10 The Bid shall contain evidence of Bidder's authority and qualification to do business in the state where the Project is located, or Bidder shall covenant in writing to obtain such authority and qualification prior to award of the Contract and attach such covenant to the Bid. Bidder's state contractor license number, if any, shall also be shown on the Bid Form.

ARTICLE 14 – BASIS OF BID

14.01 *Lump Sum*

A. Bidders shall submit a Bid on a lump sum basis as set forth in the Bid Form.

14.02 *Unit Price*

A. Bidders shall submit a Bid on a unit price basis for each item of Work listed in the unit price section of the Bid Form.

B. The "Bid Price" (sometimes referred to as the extended price) for each unit price Bid item will be the product of the "Estimated Quantity" (which Owner or its representative has set forth in the Bid Form) for the item and the corresponding "Bid Unit Price" offered by the Bidder. The total of all unit price Bid items will be the sum of these "Bid Prices"; such total will be used by Owner for Bid comparison purposes. The final quantities and Contract Price will be determined in accordance with Paragraph 13.03 of the General Conditions.

C. Discrepancies between the multiplication of units of Work and unit prices will be resolved in favor of the unit prices. Discrepancies between the indicated sum of any column of figures and the correct sum thereof will be resolved in favor of the correct sum.

14.03 *Allowances*

A. For cash allowances the Bid price shall include such amounts as the Bidder deems proper for Contractor's overhead, costs, profit, and other expenses on account of cash allowances, if any, named in the Contract Documents, in accordance with Paragraph 13.02.B of the General Conditions.

ARTICLE 15 – SUBMITTAL OF BID

15.01 With each copy of the Bidding Documents, a Bidder is furnished one separate unbound copy of the Bid Form, and, if required, the Bid Bond Form. The unbound copy of the Bid Form is to be completed and submitted with the Bid security and the other documents required to be submitted under the terms of Article 7 of the Bid Form.

15.02 A Bid shall be received no later than the date and time prescribed and at the place indicated in the advertisement or invitation to bid and shall be enclosed in a plainly marked package with the Project title (and, if applicable, the designated portion of the Project for which the Bid is submitted), the name and address of Bidder, and shall be accompanied by the Bid security and other required documents. If a Bid is sent by mail or other delivery system, the sealed envelope containing the Bid shall be enclosed in a separate package plainly marked on the outside with the notation "BID ENCLOSED." A mailed Bid shall be addressed to 226 Cypress Lane, Palm Springs, FL 33461.

15.03 Bids received after the date and time prescribed for the opening of bids, or not submitted at the correct location or in the designated manner, will not be accepted and will be returned to the Bidder unopened.

15.04 By submitting a Bid, Bidder acknowledges that Bidder has reviewed the terms of the Agreement included as part of the bid package and represents that, if awarded the contract, Bidder is prepared to enter into an Agreement with the Village in substantially the same form.

15.05 The following documents shall be submitted with and made a part of the Bid:

Section 00400 Bid Submission checklist
Section 00410 Bid Form
Section 00430 Bid Bond
Section 00431 Tabulation of Subcontractor and Suppliers
Section 00440 Florida Trench Safety Act Certification
Section 00451 Qualifications Statement
Section 00452 Bidder's Statement of Disputes, Litigation, Arbitration, and Surety Completion
Section 00453 Noncollusion Affidavit
Section 00454 Drug-Free Workplace Certificate
Section 00455 Sworn Statement on Public Entity Crimes
Section 00456 Scrutinized Companies Certification Form
Certificate of Insurance

ARTICLE 16 – MODIFICATION AND WITHDRAWAL OF BID

16.01 A Bid may be withdrawn by an appropriate document duly executed in the same manner that a Bid must be executed and delivered to the place where Bids are to be submitted prior to the date and time for the opening of Bids. Upon receipt of such notice, the unopened Bid will be returned to the Bidder.

16.02 If a Bidder wishes to modify its Bid prior to Bid opening, Bidder must withdraw its initial Bid in the manner specified in Paragraph 16.01 and submit a new Bid prior to the date and time for the opening of Bids.

16.03 If within 24 hours after Bids are opened any Bidder files a duly signed written notice with Owner and promptly thereafter demonstrates to the reasonable satisfaction of Owner that there was a material and substantial mistake in the preparation of its Bid, that Bidder may withdraw its Bid, and the Bid security will be returned. Thereafter, if the Work is rebid, that Bidder will be disqualified from further bidding on the Work.

ARTICLE 17 – OPENING OF BIDS

17.01 Bids will be opened at the time and place indicated in the advertisement or invitation to bid and, unless obviously non-responsive, read aloud publicly. An abstract of the amounts of the base Bids and major alternates, if any, will be made available to Bidders after the opening of Bids.

ARTICLE 18 – BIDS TO REMAIN SUBJECT TO ACCEPTANCE

18.01 All Bids will remain subject to acceptance for the period of time stated in the Bid Form, but Owner may, in its sole discretion, release any Bid and return the Bid security prior to the end of this period.

ARTICLE 19 – EVALUATION OF BIDS AND AWARD OF CONTRACT

19.01 Owner reserves the right to reject any or all Bids, including without limitation, nonconforming, nonresponsive, unbalanced, or conditional Bids. Owner will reject the Bid of any Bidder that Owner finds, after reasonable inquiry and evaluation, to not be responsible. If Bidder purports to add terms or conditions to its Bid, takes exception to any provision of the Bidding Documents, or attempts to alter the contents of the Contract Documents for purposes of the Bid, then the Owner will reject the Bid as nonresponsive; provided that Owner also reserves the right to waive all minor informalities not involving price, time, or changes in the Work.

19.02 If Owner awards the contract for the Work, such award shall be to the responsible Bidder submitting the lowest responsive Bid.

19.03 Evaluation of Bids

A. In evaluating Bids, Owner will consider whether or not the Bids comply with the prescribed requirements, and such alternates, unit prices, and other data, as may be requested in the Bid Form or prior to the Notice of Award.

B. In the comparison of Bids, alternates will be applied in the same order of priority as listed in the Bid Form. To determine the Bid prices for purposes of comparison, Owner shall announce to all bidders a "Base Bid plus alternates" budget after receiving all Bids, but prior to opening them. For comparison purposes alternates will be accepted, following the order of priority established in the Bid Form, until doing so would cause the budget to be exceeded. After determination of the Successful Bidder based on this comparative process and on the responsiveness, responsibility, and other factors set forth in these Instructions, the award may be made to said Successful Bidder on its base Bid and any combination of its additive alternate Bids for which Owner determines funds will be available at the time of award.

19.04 In evaluating whether a Bidder is responsible, Owner will consider the qualifications of the Bidder and may consider the qualifications and experience of Subcontractors and Suppliers proposed for those portions of the Work for which the identity of Subcontractors and Suppliers must be submitted as provided in the Bidding Documents.

19.05 Owner may conduct such investigations as Owner deems necessary to establish the responsibility, qualifications, and financial ability of Bidders and any proposed Subcontractors or Suppliers.

ARTICLE 20 – BONDS AND INSURANCE

20.01 Article 6 of the General Conditions, as may be modified by the Supplementary Conditions, sets forth Owner's requirements as to performance and payment bonds and insurance. When the Successful Bidder delivers the Agreement (executed by Successful Bidder) to Owner, it shall be accompanied by required bonds and insurance documentation.

ARTICLE 21 – SIGNING OF AGREEMENT

21.01 When Owner issues a Notice of Award to the Successful Bidder, it shall be accompanied by the unexecuted counterparts of the Agreement along with the other Contract Documents as identified in the Agreement. Within 15 days thereafter, Successful Bidder shall execute and deliver the required number of counterparts of the Agreement (and any bonds and insurance documentation required to be delivered by the Contract Documents) to Owner. Within ten days thereafter, Owner shall deliver one fully executed counterpart

of the Agreement to Successful Bidder, together with printed and electronic copies of the Contract Documents as stated in Paragraph 2.02 of the General Conditions.

ARTICLE 22 – SALES AND USE TAXES

22.01 CONTRACTOR is responsible for all sales and use taxes applicable to this project.

SECTION 00400

BID SUBMISSION CHECKLIST

Project Name: Gulfstream Rd Stormwater Improvements

Bid Number: 2022B-004

Bidders Name: _____

The following items must be submitted in the following order with your bid:

1. __ Completed Section 00400 - Bid Submission Checklist
2. __ Completed Section 00410 - Bid Form
3. __ Completed Section 00430 - Bid Bond, complete with Power of Attorney
4. __ Completed Section 00431 - Tabulation of Subcontractor and Suppliers
5. __ Completed Section 00440 - Florida Trench Safety Act Certification
6. __ Completed Section 00451 - Qualifications Statement
7. __ Completed Section 00452 - Bidder's Statement of Disputes, Litigation, Arbitration, and Surety Completion
8. __ Completed Section 00453 - Non-Collusive Affidavit
9. __ Completed Section 00454 - Drug-Free Workplace Certificate
10. __ Completed Section 00455 - Sworn Statement on Public Entity Crimes
11. __ Completed Section 00456 – Scrutinized Companies
12. __ Provide requested bidder qualification information per Section 00200 - Instructions to Bidders, Articles 3.01, 3.02, 3.03, and 3.04.
13. __ Current Insurance Certificate showing that bidder can meet the insurance requirements per Section 10.11 of the Contract Agreement, Section 6.03 of the General Conditions.
14. __ Signed copy of all Addenda.

Submit one (1) original and two (2) copies of all documents listed above. Original shall be clearly marked "Original".

Failure to provide the above listed items may result in your bid being deemed non-responsive.

END OF SECTION

BID FORM

ARTICLE 1 – BID RECIPIENT

1.01 This Bid is submitted to:

VILLAGE OF PALM SPRINGS

C/O Kimberly Wynn, Village Clerk

226 Cypress Lane, Palm Springs, FL 33461

1.02 The undersigned Bidder proposes and agrees, if this Bid is accepted, to enter into an Agreement with Owner in the form included in the Bidding Documents to perform all Work as specified or indicated in the Bidding Documents for the prices and within the times indicated in this Bid and in accordance with the other terms and conditions of the Bidding Documents.

ARTICLE 2 – BIDDER'S ACKNOWLEDGEMENTS

2.01 Bidder accepts all of the terms and conditions of the Instructions to Bidders, including without limitation those dealing with the disposition of Bid security. This Bid will remain subject to acceptance for 120 days after the Bid opening, or for such longer period of time that Bidder may agree to in writing upon request of Owner.

ARTICLE 3 – BIDDER'S REPRESENTATIONS

3.01 In submitting this Bid, Bidder represents that:

A. Bidder has examined and carefully studied the Bidding Documents, and any data and reference items identified in the Bidding Documents, and hereby acknowledges receipt of the following Addenda:

Addendum No.	**Addendum, Date**
_____	_____
_____	_____
_____	_____
_____	_____

B. Bidder has visited the Site, conducted a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and satisfied itself as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.

C. Bidder is familiar with and has satisfied itself as to all Laws and Regulations that may affect cost, progress, and performance of the Work.

D. Bidder has carefully studied all: (1) reports of explorations and tests of subsurface conditions at or adjacent to the Site and all drawings of physical conditions relating to existing surface or subsurface structures at the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings, and (2) reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings.

E. Bidder has considered the information known to Bidder itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Bidding Documents; and any Site-related reports and drawings identified in the Bidding Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Bidder; and (3) Bidder's safety precautions and programs.

F. Bidder agrees, based on the information and observations referred to in the preceding paragraph, that no further examinations, investigations, explorations, tests, studies, or data are necessary for the determination of this Bid for performance of the Work at the price bid and within the times required, and in accordance with the other terms and conditions of the Bidding Documents.

G. Bidder is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Bidding Documents.

H. Bidder has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Bidder has discovered in the Bidding Documents, and confirms that the written resolution thereof by Engineer is acceptable to Bidder.

I. The Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for the performance and furnishing of the Work.

J. The submission of this Bid constitutes an incontrovertible representation by Bidder that Bidder has complied with every requirement of this Article, and that without exception the Bid and all prices in the Bid are premised upon performing and furnishing the Work required by the Bidding Documents.

ARTICLE 4 – BIDDER'S CERTIFICATION

4.01 Bidder certifies that:

A. This Bid is genuine and not made in the interest of or on behalf of any undisclosed individual or entity and is not submitted in conformity with any collusive agreement or rules of any group, association, organization, or corporation;

B. Bidder has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid;

C. Bidder has not solicited or induced any individual or entity to refrain from bidding; and

D. Bidder has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for the Contract. For the purposes of this Paragraph 4.01.D:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process;

2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process to the detriment of Owner, (b) to establish bid prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;

3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish bid prices at artificial, non-competitive levels; and

4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the execution of the Contract.

ARTICLE 5 – BASIS OF BID

5.01 Bidder will complete the Work in accordance with the Contract Documents for the following price(s):

BID FORM

25	REQUIRED TESTING	1	LS		
26	PREPARE AND PROVIDE ALL STAKE OUT AND REQUIRED ASBUILTS PER LWDD & VILLAGE	1	LS		
27	NPDES (SILT FENCE, INLET FABRIC, TURBIDITY BARRIER, ETC…)	1	LS		
Total of All Unit Price Bid Items					**$**

Bidder acknowledges that (1) each Bid Unit Price includes an amount considered by Bidder to be adequate to cover Contractor's overhead and profit for each separately identified item, and (2) estimated quantities are not guaranteed, and are solely for the purpose of comparison of Bids,

and final payment for all unit price Bid items will be based on actual quantities, determined as provided in the Contract Documents.

Total of Unit Price Bids = Total Bid Price $ _____

ARTICLE 6 – TIME OF COMPLETION

6.01 Bidder agrees that the Work will be substantially complete within **120** calendar days after the date when the Contract Times commence to run as provided in Paragraph 4.01 of the General Conditions, and will be completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions within **150** calendar days after the date when the Contract Times commence to run.

6.02 Bidder accepts the provisions of the Agreement as to liquidated damages.

ARTICLE 7 – ATTACHMENTS TO THIS BID

7.01 The following documents are submitted with and made a condition of this Bid:

A. Required Bid security;

B. List of Proposed Subcontractors;

C. List of Proposed Suppliers;

D. List of Project References;

E. Evidence of authority to do business in the state of the Project; or a written covenant to obtain such license within the time for acceptance of Bids;

F. Contractor's License No.: _____ **[or]** Evidence of Bidder's ability to obtain a State Contractor's License and a covenant by Bidder to obtain said license within the time for acceptance of Bids;

G. Required Bidder Qualification Statement with supporting data; and

ARTICLE 8 – DEFINED TERMS

8.01 The terms used in this Bid with initial capital letters have the meanings stated in the Instructions to Bidders, the General Conditions, and the Supplementary Conditions.

Title	Title

Note: Addresses are to be used for giving any required notice.
Provide execution by any additional parties, such as joint venturers, if necessary.

1. Bidder and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors, and assigns to pay to Owner upon default of Bidder the penal sum set forth on the face of this Bond. Payment of the penal sum is the extent of Bidder's and Surety's liability. Recovery of such penal sum under the terms of this Bond shall be Owner's sole and exclusive remedy upon default of Bidder.

2. Default of Bidder shall occur upon the failure of Bidder to deliver within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds required by the Bidding Documents.

3. This obligation shall be null and void if:

3.1 Owner accepts Bidder's Bid and Bidder delivers within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds required by the Bidding Documents, or

3.2 All Bids are rejected by Owner, or

3.3 Owner fails to issue a Notice of Award to Bidder within the time specified in the Bidding Documents (or any extension thereof agreed to in writing by Bidder and, if applicable, consented to by Surety when required by Paragraph 5 hereof).

4. Payment under this Bond will be due and payable upon default of Bidder and within 30 calendar days after receipt by Bidder and Surety of written notice of default from Owner, which notice will be given with reasonable promptness, identifying this Bond and the Project and including a statement of the amount due.

5. Surety waives notice of any and all defenses based on or arising out of any time extension to issue Notice of Award agreed to in writing by Owner and Bidder, provided that the total time for issuing Notice of Award including extensions shall not in the aggregate exceed 120 days from the Bid due date without Surety's written consent.

6. No suit or action shall be commenced under this Bond prior to 30 calendar days after the notice of default required in Paragraph 4 above is received by Bidder and Surety and in no case later than one year after the Bid due date.

7. Any suit or action under this Bond shall be commenced only in a court of competent jurisdiction located in the state in which the Project is located.

8. Notices required hereunder shall be in writing and sent to Bidder and Surety at their respective addresses shown on the face of this Bond. Such notices may be sent by personal delivery, commercial courier, or by United States Registered or Certified Mail, return receipt requested, postage pre-paid, and shall be deemed to be effective upon receipt by the party concerned.

9. Surety shall cause to be attached to this Bond a current and effective Power of Attorney evidencing the authority of the officer, agent, or representative who executed this Bond on behalf of Surety to execute, seal, and deliver such Bond and bind the Surety thereby.

10. This Bond is intended to conform to all applicable statutory requirements. Any applicable requirement of any applicable statute that has been omitted from this Bond shall be deemed to be included herein as if set forth at length. If any provision of this Bond conflicts with any applicable statute, then the provision of said statute shall govern and the remainder of this Bond that is not in conflict therewith shall continue in full force and effect.

11. The term "Bid" as used herein includes a Bid, offer, or proposal as applicable.

SECTION 00431
TABULATION OF SUBCONTRACTORS AND SUPPLIERS

The Undersigned states that the following is a full and complete list of the proposed subcontractors and suppliers on this Project and the class of work to be performed by each and that such list will not be added to nor altered without written consent to the Owner through the Engineer.

SECTION 00454
DRUG-FREE WORKPLACE CERTIFICATE

I, the undersigned, in accordance with Florida Statute 287.087, hereby certify that _____
_____(Print or Type Name of Firm)

3. Publishes a written statement notifying that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace named above, and specifying actions that will be taken against violations of such prohibition.

4. Informs employees about the dangers of drug abuse in the workplace; the firm's policy of maintaining a drug-free working environment and available drug counseling, rehabilitation, and employee assistance programs; and the penalties that may be imposed upon employees for drug- use violations.

5. Gives each employee engaged in providing commodities or contractual services that are under bid or proposal a copy of the statement specified above.

6. Notifies the employees that as a condition of working on the commodities or contractual services under bid or proposal, the employee will abide by the terms of the statement and will notify the employer of any conviction of or plea of guilty or nolo contendere to any violation of Chapter 1893 or any controlled substance law of the State of Florida or the United States for a violation occurring in the workplace, no later than 5 days after such conviction, and requires employees to sign copies of such written statement to acknowledge their receipt.

7. Imposes a sanction on or requires the satisfactory participation in a drug-abuse assistance or rehabilitation program, if such is available in the employee's community, by any employee who is so convicted.

8. Makes a good faith effort to continue to maintain a drug-free workplace through the implementation of the drug-free workplace program.

"As a person authorized to sign this statement, I certify that the business, firm, or corporation named above complies fully with the requirements set forth herein."

SECTION 00455
SWORN STATEMENT UNDER SECTION 287.133(3)(a),
FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES

(To be signed in the presence of a notary public or other officer authorized to administer oaths.)

STATE OF _____

COUNTY OF _____

Before me, the undersigned authority, personally appeared_____, who, being by me first duly sworn, made the following statement:

1. The business address of _____
(firm name of Bidder/Contractor)

is_____.

2. My relationship to _____
(firm name of Bidder/Contractor)

is_____.
(relationship such as sole proprietor, partner, president, vice president)

3. I understand that a "public entity crime" as defined in Section 287.133 of the Florida Statutes includes a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity in Florida or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or such an agency or political subdivision and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

4. I understand that "convicted" or "conviction" is defined by the statute to mean a finding of guilt or a conviction of a public entity crime, with or without adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

5. I understand that "affiliate" is defined by the statute to mean (1) a predecessor or successor of a person or a corporation convicted of a public entity crime; or (2) an entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime; or (3) those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate; or (4) a person or corporation who knowingly entered into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months.

6. Neither the Bidder/Contractor nor any officer, director, executive, partner, shareholder, employee, member or agent who is active in the management of the Bidder/Contractor, nor any affiliate of the Bidder/Contractor, has been convicted of public entity crime subsequent to July 1, 1989.

(Draw a line through Paragraph 6 if Paragraph 7 below applies.)

7. There has been a conviction of a public entity crime by the Bidder/Contractor, or an officer, director, executive, partner, shareholder, employee, member or agent of the Bidder/Contractor who is active in the management of the Bidder/Contractor or an affiliate of the Bidder/Contractor. A determination has been made pursuant to Section 287.133(3) by order of the Division of Administrative Hearings that it is not in the public interest for the name of the convicted person or affiliate to appear on the convicted vendor list. The name of the convicted person or affiliate is_____.

A copy of the order of the Division of Administrative Hearings is attached to this statement.

(Draw a line through Paragraph 7 if Paragraph 6 above applies.)

SECTION 00456
SCRUTINIZED COMPANIES CERTIFICATION FORM

By execution below, I, _____, on behalf of _____ (hereinafter, the "Contractor"), hereby swear or affirm to the following certifications:

The following certifications apply to all procurements:

1. The Contractor has reviewed section 215.4725, Florida Statutes, section 215.473, Florida Statutes and section 287.135, Florida Statutes, and understands the same.
2. The Contractor is not on the Scrutinized Companies that Boycott Israel List nor is the Contractor engaged in a boycott of Israel.
3. If awarded a contract, the Contractor agrees to require these certifications for applicable subcontracts entered into for the performance of work/services under this procurement.
4. If awarded a contract, the Contractor agrees that the certifications in this section shall be effective and relied upon by the City for the entire term of the contract, including any and all renewals.

If the contract awarded hereunder is for one million dollars or more, the following additional certifications apply:

1. The Contractor is not on the Scrutinized Companies with Activities in Sudan List.
2. The Contractor is not on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List.
3. The Contractor is not engaged in business operations in Cuba or Syria.
5. If awarded a contract, the Contractor agrees to require these certifications for applicable subcontracts entered into for the performance of work/services under this procurement.
6. If awarded a contract, the Contractor agrees that the certifications in this section shall be effective and relied upon by the City for the entire term of the contract, including any and all renewals.

PART 2

CONTRACT FORMS

NOTICE OF AWARD

Date of Issuance:

Owner: Village of Palm Springs

Owner's Task Order No.: 277

Engineer: Craven Thompson & Assoc.

Engineer's Project No.: 20-0069-001-01

Project: Gulfstream Rd Stormwater Improvements

Bidder:

Bidder's Address:

TO BIDDER:

You are notified that Owner has accepted your Bid dated [_____] for the above Contract, and that you are the Successful Bidder and are awarded a Contract for:

_____.

[describe Work, alternates, or sections of Work awarded]

The Contract Price of the awarded Contract is: $_____ *[note if subject to unit prices, or cost-plus]*

[ ] unexecuted counterparts of the Agreement accompany this Notice of Award, and one copy of the Contract Documents accompanies this Notice of Award, or has been transmitted or made available to Bidder electronically. *[revise if multiple copies accompany the Notice of Award]*

☐ a set of the Drawings will be delivered separately from the other Contract Documents.

You must comply with the following conditions precedent within 15 days of the date of this Notice of Award:

1. Deliver to Owner [____]counterparts of the Agreement, fully executed by Bidder.
2. Deliver with the executed Agreement(s) the Contract security *[e.g., performance and payment bonds]* and insurance documentation as specified in the Instructions to Bidders and General Conditions, Articles 2 and 6.
3. Other conditions precedent (if any):

Failure to comply with these conditions within the time specified will entitle Owner to consider you in default, annul this Notice of Award, and declare your Bid security forfeited.

Within ten days after you comply with the above conditions, Owner will return to you one fully executed counterpart of the Agreement, together with any additional copies of the Contract Documents as indicated in Paragraph 2.02 of the General Conditions.

AGREEMENT
BETWEEN OWNER AND CONTRACTOR
FOR CONSTRUCTION CONTRACT (STIPULATED PRICE)

THIS AGREEMENT is by and between Village of Palm Springs ("Owner") and

("Contractor").

Owner and Contractor hereby agree as follows:

ARTICLE 1 – WORK

1.01 Contractor shall complete all Work as specified or indicated in the Contract Documents. The Work is generally described as follows:

ARTICLE 2 – THE PROJECT

2.01 The Project, of which the Work under the Contract Documents is a part, is generally described as follows: **Gulfstream Road Stormwater Improvements**

ARTICLE 3 – ENGINEER

3.01 The part of the Project that pertains to the Work has been designed by **Craven Thompson & Associates, Inc.**.

3.02 The Owner has retained **Craven Thompson & Associates, Inc.** ("Engineer") to act as Owner's representative, assume all duties and responsibilities, and have the rights and authority assigned to Engineer in the Contract Documents in connection with the completion of the Work in accordance with the Contract Documents.

ARTICLE 4 – CONTRACT TIMES

4.01 *Time of the Essence*

A. All time limits for Milestones, if any, Substantial Completion, and completion and readiness for final payment as stated in the Contract Documents are of the essence of the Contract.

4.02 *Contract Times: Days*

A. The Work will be substantially completed within **120** days after the date when the Contract Times commence to run as provided in Paragraph 4.01 of the General Conditions, and completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions within **150** days after the date when the Contract Times commence to run.

4.03 *Liquidated Damages*

A. Contractor and Owner recognize that time is of the essence as stated in Paragraph 4.01 above and that Owner will suffer financial and other losses if the Work is not completed and Milestones not achieved within the times specified in Paragraph 4.02 above, plus any extensions thereof allowed in accordance with the Contract. The parties also recognize the delays, expense, and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by Owner if the Work is not completed on time. Accordingly, instead of

requiring any such proof, Owner and Contractor agree that as liquidated damages for delay (but not as a penalty):

1. Substantial Completion: Contractor shall pay Owner $ **500** for each day that expires after the time (as duly adjusted pursuant to the Contract) specified in Paragraph 4.02.A above for Substantial Completion until the Work is substantially complete.

2. Completion of Remaining Work: After Substantial Completion, if Contractor shall neglect, refuse, or fail to complete the remaining Work within the Contract Times (as duly adjusted pursuant to the Contract) for completion and readiness for final payment, Contractor shall pay Owner $ **200** for each day that expires after such time until the Work is completed and ready for final payment.

3. Liquidated damages for failing to timely attain Substantial Completion and final completion are not additive and will not be imposed concurrently.

4.04 *Special Damages*

A. In addition to the amount provided for liquidated damages, Contractor shall reimburse Owner (1) for any fines or penalties imposed on Owner as a direct result of the Contractor's failure to attain Substantial Completion according to the Contract Times.

ARTICLE 5 – CONTRACT PRICE

5.01 Owner shall pay Contractor for completion of the Work in accordance with the Contract Documents the amounts that follow, subject to adjustment under the Contract:

A. For all Unit Price Work, an amount equal to the sum of the extended prices (established for each separately identified item of Unit Price Work by multiplying the unit price times the actual quantity of that item):

Unit Price Work					
Item No.	**Description**	**Unit**	**Estimated Quantity**	**Unit Price**	**Extended Price**
1	MOBILIZATION (5%)	1	LS		
2	MAINTENANCE OF TRAFFIC (2%)	1	LS

Unit Price Work					
Item No.	**Description**	**Unit**	**Estimated Quantity**	**Unit Price**	**Extended Price**
27	NPDES (SILT FENCE, INLET FABRIC, TURBIDITY BARRIER, ETC…)	1	LS		
Total of all Extended Prices for Unit Price Work (subject to final adjustment based on actual quantities)					$

The extended prices for Unit Price Work set forth as of the Effective Date of the Contract are based on estimated quantities. As provided in Paragraph 13.03 of the General Conditions, estimated quantities are not guaranteed, and determinations of actual quantities and classifications are to be made by Engineer.

B. Total of Unit Price Work (subject to final Unit Price adjustment) $_____.

ARTICLE 6 – PAYMENT PROCEDURES

6.01 *Submittal and Processing of Payments*

A. Contractor shall submit Applications for Payment in accordance with Article 15 of the General Conditions. Applications for Payment will be processed by Engineer as provided in the General Conditions.

6.02 *Progress Payments; Retainage*

A. Owner shall make progress payments on account of the Contract Price on the basis of Contractor's Applications for Payment on or about the 20th day of each month during performance of the Work as provided in Paragraph 6.02.A.1 below, provided that such Applications for Payment have been submitted in a timely manner and otherwise meet the requirements of the Contract. All such payments will be measured by the Schedule of Values established as provided in the General Conditions (and in the case of Unit Price Work based on the number of units completed) or, in the event there is no Schedule of Values, as provided elsewhere in the Contract.

1. Prior to Substantial Completion, progress payments will be made in accordance with Florida Statute 255.078 but, in each case, less the aggregate of payments previously made and less such amounts as Owner may withhold, including but not limited to liquidated damages, in accordance with the Contract

B. Upon Substantial Completion, Owner shall pay an amount sufficient to increase total payments to Contractor to 100 percent of the Work completed, less such amounts set off by Owner pursuant to Paragraph 15.01.E of the General Conditions, and less 200 percent of Engineer's estimate of the value of Work to be completed or corrected as shown on the punch list of items to be completed or corrected prior to final payment.

6.03 *Final Payment*

A. Upon final completion and acceptance of the Work in accordance with Paragraph 15.06 of the General Conditions, Owner shall pay the remainder of the Contract Price as recommended by Engineer as provided in said Paragraph 15.06.

ARTICLE 7 – INTEREST

7.01 All amounts not paid when due shall bear interest at the rate of *1* percent per annum.

ARTICLE 8 – CONTRACTOR'S REPRESENTATIONS

8.01 In order to induce Owner to enter into this Contract, Contractor makes the following representations:

A. Contractor has examined and carefully studied the Contract Documents, and any data and reference items identified in the Contract Documents.

B. Contractor has visited the Site, conducted a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and is satisfied as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.

C. Contractor is familiar with and is satisfied as to all Laws and Regulations that may affect cost, progress, and performance of the Work.

D. Contractor has carefully studied all: (1) reports of explorations and tests of subsurface conditions at or adjacent to the Site and all drawings of physical conditions relating to existing surface or subsurface structures at the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings, and (2) reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings.

E. Contractor has considered the information known to Contractor itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Contract Documents; and the Site-related reports and drawings identified in the Contract Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Contractor; and (3) Contractor's safety precautions and programs.

F. Based on the information and observations referred to in the preceding paragraph, Contractor agrees that no further examinations, investigations, explorations, tests, studies, or data are necessary for the performance of the Work at the Contract Price, within the Contract Times, and in accordance with the other terms and conditions of the Contract.

G. Contractor is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Contract Documents.

H. Contractor has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Contractor has discovered in the Contract Documents, and the written resolution thereof by Engineer is acceptable to Contractor.

I. The Contract Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performance and furnishing of the Work.

J. Contractor's entry into this Contract constitutes an incontrovertible representation by Contractor that without exception all prices in the Agreement are premised upon performing and furnishing the Work required by the Contract Documents.

ARTICLE 9 – CONTRACT DOCUMENTS

9.01 *Contents*

A. The Contract Documents consist of the following:

1. This Agreement (pages 1 to 15, inclusive).
2. Performance bond (pages 1 to 3, inclusive).
3. Payment bond (pages 1 to 3, inclusive).
4. Other bonds.
    a. ___ (pages ___ to ___, inclusive).
    b. ___ (pages ___ to ___, inclusive).
    c. ___ (pages ___ to ___, inclusive).
5. General Conditions (pages 1 to 65, inclusive).
6. Supplementary Conditions (pages 1 to 10, inclusive).
7. Specifications as listed in the table of contents of the Project Manual.
8. Drawings (not attached but incorporated by reference) consisting of 16 sheets with each sheet bearing the following general title: Gulfstream Road Drainage Improvements (Sheet No. C-#).
9. Addenda (numbers ___ to ___, inclusive).
10. Exhibits to this Agreement (enumerated as follows):
    a. None.
11. The following which may be delivered or issued on or after the Effective Date of the Contract and are not attached hereto:
    a. Notice to Proceed.
    b. Work Change Directives.
    c. Change Orders.
    d. Field Orders.

B. The documents listed in Paragraph 9.01.A are attached to this Agreement (except as expressly noted otherwise above).

C. There are no Contract Documents other than those listed above in this Article 9.

D. The Contract Documents may only be amended, modified, or supplemented as provided in the General Conditions.

E. To the extent that there exists a conflict between this Agreement and the remaining Contract Documents, the terms, conditions, covenants, and/or provisions of this Agreement shall prevail. Wherever possible, the provisions of such documents shall be construed in such a manner as to avoid conflicts between provisions of the various documents.

ARTICLE 10 – MISCELLANEOUS

10.01 *Terms*

A. Terms used in this Agreement will have the meanings stated in the General Conditions and the Supplementary Conditions.

10.02 *Assignment of Contract*

A. Unless expressly agreed to elsewhere in the Contract, no assignment by a party hereto of any rights under or interests in the Contract will be binding on another party hereto without the written consent of the party sought to be bound; and, specifically but without limitation, money that may become due and money that is due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents.

10.03 *Successors and Assigns*

A. Owner and Contractor each binds itself, its successors, assigns, and legal representatives to the other party hereto, its successors, assigns, and legal representatives in respect to all covenants, agreements, and obligations contained in the Contract Documents.

10.04 *Severability*

A. Any provision or part of the Contract Documents held to be void or unenforceable under any Law or Regulation shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon Owner and Contractor, who agree that the Contract Documents shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision.

10.05 *Contractor's Certifications*

A. Contractor certifies that it has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for or in executing the Contract. For the purposes of this Paragraph 10.05:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process or in the Contract execution;

2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process or the execution of the Contract to the detriment of Owner, (b) to establish Bid or Contract prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;

3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish Bid prices at artificial, non-competitive levels; and

4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the execution of the Contract.

10.06 *Indemnity*

A. The parties recognize that the CONTRACTOR is an independent contractor. The CONTRACTOR agrees to assume liability for and indemnify, hold harmless, and defend the VILLAGE, its council members, mayor, officers, employees, agents, and attorneys of, from, and against all liability and expense, including reasonable attorney's fees, in connection with any and all claims, demands, damages, actions, causes of action, and suits in equity of whatever kind or nature, including claims for personal injury, property damage, equitable relief, or loss of use, to the extent caused by the negligence, recklessness, or intentionally

wrongful conduct of the CONTRACTOR, its agents, officers, Contractors, subcontractors, employees, or anyone else utilized by the CONTRACTOR in the performance of this Contract. The CONTRACTOR's liability hereunder shall include all attorney's fees and costs incurred by the VILLAGE in the enforcement of this indemnification provision. This includes claims made by the employees of the CONTRACTOR against the VILLAGE and the CONTRACTOR hereby waives its entitlement, if any, to immunity under Section 440.11, Florida Statutes. The obligations contained in this provision shall survive termination of this Contract and shall not be limited by the amount of any insurance required to be obtained or maintained under this Contract.

B. Subject to the limitations set forth in this Section, CONTRACTOR shall assume control of the defense of any claim asserted by a third party against the VILLAGE and, in connection with such defense, shall appoint lead counsel, in each case at the CONTRACTOR's expense. The VILLAGE shall have the right, at its option, to participate in the defense of any third party claim, without relieving CONTRACTOR of any of its obligations hereunder. If the CONTRACTOR assumes control of the defense of any third party claim in accordance with this paragraph, the CONTRACTOR shall obtain the prior written consent of the VILLAGE before entering into any settlement of such claim. Notwithstanding anything to the contrary in this Section, the CONTRACTOR shall not assume or maintain control of the defense of any third party claim, but shall pay the fees of counsel retained by the VILLAGE and all expenses, including experts' fees, if (i) an adverse determination with respect to the third party claim would, in the good faith judgment of the VILLAGE, be detrimental in any material respect to the VILLAGE's reputation; (ii) the third party claim seeks an injunction or equitable relief against the VILLAGE; or (iii) the CONTRACTOR has failed or is failing to prosecute or defend vigorously the third party claim. Each party shall cooperate, and cause its agents to cooperate, in the defense or prosecution of any third party claim and shall furnish or cause to be furnished such records and information, and attend such conferences, discovery proceedings, hearings, trials, or appeals, as may be reasonably requested in connection therewith.

C. It is the specific intent of the parties hereto that the foregoing indemnification complies with Section 725.06, Florida Statutes, as amended. CONTRACTOR expressly agrees that it will not claim, and waives any claim, that this indemnification violates Section 725.06, Florida Statues. Nothing contained in the foregoing indemnification shall be construed as a waiver of any immunity or limitation of liability the VILLAGE may have under the doctrine of sovereign immunity or Section 768.28, Florida Statutes.

10.07 *Governing Law and Remedies*

A. The validity of this Agreement and of any of its terms or provisions, as well as the rights and duties of the parties hereunder, shall be governed by the laws of the State of Florida and venue for any and all disputes related to or arising from this Agreement shall be in Palm Beach County, Florida.

B. No remedy herein conferred upon any party is intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or further exercise thereof.

10.08 *Office of the Inspector General*

A. Palm Beach County has established the Office of the Inspector General, which is authorized and empowered to review past, present, and proposed County programs, contracts,

transactions, accounts and records. The Inspector General (IG) has the power to subpoena witnesses, administer oaths, require the production of records, and monitor existing projects and programs. The Inspector General may, on a random basis, perform audits on all Village contracts.

10.09 *Scrutinized Companies*

A. Company certifies that it and its subcontractors are not on the Scrutinized Companies that Boycott Israel List and are not engaged in the boycott of Israel. Pursuant to section 287.135, Florida Statutes, the Village may immediately terminate this Agreement at its sole option if the Company or any of its subcontractors are found to have submitted a false certification; or if the Company or any of its subcontractors, are placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of this Agreement.

B. The Company agrees to observe the above requirements for applicable subcontracts entered into for the performance of work under this Agreement. The Company agrees that the certifications in this section shall be effective and relied upon by the Village for the term of this Agreement, including any and all renewals. The Company agrees that if it or any of its subcontractors' status changes in regards to any certification herein, the Company shall immediately notify the Village of the same. As provided in Subsection 287.135(8), Florida Statutes, if federal law ceases to authorize the above-stated contracting prohibitions then they shall become inoperative.

10.10 *Public Records*

A. The CONTRACTOR shall comply with Florida's Public Records Act, Chapter 119, Florida Statutes, and, if determined to be acting on behalf of the Village as provided under section 119.011(2), Florida Statutes, specifically agrees to:

1. Keep and maintain public records required by the Village to perform the service.

2. Upon request from the Village's custodian of public records or designee, provide the Village with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of this Contract and following completion of this Contract if the Contractor does not transfer the records to the Village.

4. Upon completion of this Contract, transfer, at no cost, to the Village all public records in possession of the Contractor or keep and maintain public records required by the Village to perform the service. If the Contractor transfers all public records to the Village upon completion of the Contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the Contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the Village, upon request from the Village's custodian of public records or designee, in a format that is compatible with the information technology systems of the Village.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONSULTANT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS OR DESIGNEE AT 561-584-8200 ext. 8430, kwynn@vpsfl.org, OR BY MAIL AT VILLAGE OF PALM SPRINGS, 226 CYPRESS LANE, PALM SPRINGS, FL 33461.

10.11 *Insurance*

A. The limits of liability for insurance required by Paragraph 6.03 of the General Conditions shall provide coverage for not less that the following amounts or greater where required by Law and Regulations:

1. Workers' Compensation, and related coverages under Paragraphs 6.03.A.1 and A.2 of the General Conditions:

a.	State	Statutory
b.	Applicable Federal	Statutory
c.	Employer Liability:	
	Bodily injury, each accident	$1,000,000
	Bodily injury by disease, each employee	$500,000
	Bodily injury/disease aggregate	$1,000,000
d.	Foreign voluntary worker compensation	Statutory

2. Contractor's Commercial General Liability under Paragraphs 6.03.B and 6.03.C of the General Conditions:

a.	General Aggregate	$2,000,000
b.	Products – Completed Operations Aggregate	$2,000,000
c.	Personal and Advertising Injury	$1,000,000
d.	Each Occurrence (Bodily Injury and Property Damage)	$1,000,000

3. Automobile Liability under paragraph 6.03.D of the General Conditions:

a.	Bodily Injury:	
	Each Person	$500,000
	Each Accident	$1,000,000
b.	Property Damage:	
	Each Incident	$1,000,000

4. Umbrella of Excess Liability under paragraph 6.03.E of the General Conditions:

a.	Excess or Umbrella Liability	
	1) General Aggregate	$5,000,000
	2) Each Occurrence	$1,000,000

5. Contractor's Pollution Liability under paragraph 6.03.F of the General Conditions:

a.	Contractor's Pollution Liability	
	1) General Aggregate	$2,000,000
	2) Each Occurrence	$1,000,000

6. Additional Insureds include the respective officers, partners, directors, employees, agents, consultants, and subconsultants of the following firms and municipal government(s):

    a. Village of Palm Springs

10.12 *Public Construction Bond*

A. If the contract amount exceeds $200,000 in total construction cost, the CONTRACTOR must provide the VILLAGE with a public construction bond in accordance with section 255.05, Florida Statutes. Said bond must be recorded in the Official Records in and for Palm Beach County and a copy of the recorded bond must be provided to the VILLAGE prior to the CONTRACTOR providing any services under the contract. The VILLAGE reserves the right to request a bond for any work which is less than $200,000. The cost of the bond shall be a direct pass through cost to the VILLAGE without any mark-up by the CONTRACTOR.

B. The public construction bond shall be on forms attached hereto as **Exhibit "B"** or substantially similar as approved by the VILLAGE. The bond shall be in an amount not less than the total contract price and shall incorporate by reference the terms of the Contract Documents in their entirety.

C. To be acceptable to the VILLAGE, a Surety Company shall comply with the following provisions:

    a. The Surety Company shall have a currently valid Certificate of Authority, issued by the State of Florida Department of Insurance, authorizing it to write surety bonds in the State of Florida.

    b. The Surety Company shall have a currently valid Certificate of Authority issued by the United States Department of Treasury under Sections 9304 to 9308 of Title 31 of the United States Code.

    c. The Surety Company shall be in full compliance with the provisions of the Florida Insurance Code.

    d. The Surety Company shall have at least twice the minimum surplus and capital required by the Florida Insurance Code at the time the contract is approved.

    e. The Surety Company shall have at least the ratings of A-/Class V in the latest issue of Best's Key Rating Guide.

    f. The Surety Company shall not expose itself to any loss on any one risk in an amount exceeding ten (10) percent of its surplus to policyholders, provided:

        1) Any risk or portion of any risk being reinsured shall be deducted in determining the limitation of the risk as prescribed in this section. These minimum requirements shall apply to the reinsuring carrier providing authorization or approval by the State of Florida, Department of Insurance to do business in this state have been met.

        2) In the case of the surety insurance company, in addition to the deduction for reinsurance, the amount assumed by any co-surety, the value of any security deposited, pledged or held subject to the consent of the surety and for the protection of the surety shall be deducted.

10.13 *Audit by Village*

A. The CONTRACTOR shall maintain adequate records to justify all charges, expenses, and costs incurred in estimating and performing the Services for at least three (3) years after

completion of the Contract. The CONTRACTOR shall permit the VILLAGE, or any authorized representatives of the VILLAGE, at all reasonable times, access to and the right to examine all records, books, papers or documents related to the CONTRACTOR's performance under this Agreement including, but not limited to, expenses for sub-contractors, agents or assistants, direct and indirect charges for work performed and detailed documentation for all such work performed or to be performed under this Agreement.

10.14 *Copies of Data/Documents*

A. Copies or original documents prepared by the CONTRACTOR in relation to work associated with this Agreement shall be provided to the VILLAGE. Data collected, stored, and/or provided shall be in a form acceptable to the VILLAGE and agreed upon by the VILLAGE.

10.15 *Ownership*

A. Each and every report, draft, work product, map, record, and other document reproduced, prepared, or caused to be prepared by the CONTRACTOR pursuant to or in connection with this Agreement shall be the exclusive property of the VILLAGE.

10.16 *Limitations of Liability*

A. Under no circumstances shall either party be liable to the other for any consequential, incidental, special, punitive, or any other form of indirect or non-compensatory damages.

10.17 *Enforcement Costs*

A. All parties shall be responsible for their own attorneys' fees, court costs and expenses if any legal action or other proceeding is brought for any dispute, disagreement, or issue of construction or interpretation arising hereunder whether relating to the Agreement's execution, validity, the obligations provided therein, or performance of this Agreement, or because of an alleged breach, default or misrepresentation in connection with any provisions of this Agreement.

10.18 *Copyrights and/or Patent Rights*

A. CONTRACTOR warrants that there has been no violation of copyrights and/or patent rights in the manufacturing, producing or selling of the goods, shipped or ordered, as a result of this Agreement and the CONTRACTOR agrees to hold the Village harmless from any and all liability, loss, or expense occasioned by any such violation.

10.19 *Protection of Property*

A. The CONTRACTOR shall at all times guard against damage or loss to the property of the VILLAGE or of other vendors or contractors and shall be held responsible for replacing or repairing any such loss or damage. The VILLAGE may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss or damage to property through negligence of the successful CONTRACTOR or its agents. The CONTRACTOR shall be responsible to safeguard all of their property such as tools and equipment while on site. The VILLAGE will not be held responsible for any loss of CONTRACTOR property due to theft or vandalism.

10.20 *Damage to Persons or Property*

A. The responsibility for all damage to person or property arising out of or on account of Scope of Work done under this Contract shall rest upon the CONTRACTOR.

10.21 *Discrimination*

A. The CONTRACTOR warrants and represents that all of its employees are treated equally during employment without regard to race, color, religion, disability, sex, age, national origin, ancestry, political affiliation, marital status, handicap, or sexual orientation. Further, CONTRACTOR shall not discriminate or permit discrimination against any employee or an applicant for employment on the basis of race, color, sex, religion, political affiliation, natural origin, ancestry, marital status, sexual orientation or handicap.

10.22 *Construction Defects*

A. PURSUANT TO SECTION 558.005, FLORIDA STATUTES, ANY CLAIMS FOR CONSTRUCTION DEFECTS ARE NOT SUBJECT TO THE NOTICE AND CURE PROVISIONS OF CHAPTER 558, FLORIDA STATUTES.

10.23 *Public Entity Crimes*

A. Contractor acknowledges and agrees that a person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier or sub-contractor under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statues, for CATEGORY TWO for a period of 36 months following the date of being placed on the convicted vendor list. The Contractor will advise the Village immediately if it becomes aware of any violation of this statute.

10.24 *Scrutinized Companies*

A. Contractor certifies that it and its subcontractors are not on the Scrutinized Companies that Boycott Israel List and are not engaged in the boycott of Israel. Pursuant to section 287.135, Florida Statutes, the City may immediately terminate this Agreement at its sole option if the Contractor or any of its subcontractors are found to have submitted a false certification; or if the Contractor or any of its subcontractors, are placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of this Agreement.

B. If this Agreement is for one million dollars or more, the Contractor certifies that it and its subcontractors are also not on the Scrutinized Companies with Activities in Sudan List, Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged in business operations in Cuba or Syria as identified in Section 287.135, Florida Statutes. Pursuant to Section 287.135, the City may immediately terminate this Agreement at its sole option if the Contractor, or any of its subcontractors are found to have submitted a false certification; or if the Contractor or any of its subcontractors are placed on the Scrutinized Companies with Activities in Sudan List, or Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or are or have been engaged with business operations in Cuba or Syria during the term of this Agreement.

C. The Contractor agrees to observe the above requirements for applicable subcontracts entered into for the performance of work under this Agreement.

D. The Contractor agrees that the certifications in this section shall be effective and relied upon by the City for the term of this Agreement, including any and all renewals.

E. The Contractor agrees that if it or any of its subcontractors' status changes in regards to any certification herein, the Contractor shall immediately notify the City of the same.

F. As provided in Subsection 287.135(8), Florida Statutes, if federal law ceases to authorize the above-stated contracting prohibitions then they shall become inoperative.

10.25 *E-Verify*

A. Pursuant to Section 448.095(2), Florida Statutes, beginning on January 1, 2021, the CONTRACTOR shall:

1. Register with and use the E-Verify system to verify the work authorization status of all newly hired employees and require all Subcontractors (providing services or receiving funding under this Agreement) to register with and use the E-Verify system to verify the work authorization status of all the Subcontractors' newly hired employees;

2. Secure an affidavit from all Subcontractors (providing services or receiving funding under this Agreement) stating that the Subcontractor does not employ, contract with, or subcontract with an "unauthorized alien" as defined in Section 448.095(1)(k), Florida Statutes;

3. Maintain copies of all Subcontractor affidavits for the duration of this Agreement and provide the same to the Owner upon request;

4. Comply fully, and ensure all of its Subcontractors comply fully, with Section 448.095, Florida Statutes;

5. Be aware that a violation of Section 448.09, Florida Statutes (Unauthorized aliens; employment prohibited) shall be grounds for termination of this Agreement; and,

6. Be aware that if the Owner terminates this Agreement under Section 448.095(2)(c), Florida Statutes, the Contractor may not be awarded a contract for at least 1 year after the date on which the Agreement is terminated and will be liable for any additional costs incurred by the Village as a result of the termination of the Agreement.

Notes: (1) Provide supplemental execution by any additional parties, such as joint venturers. (2) Any singular reference to Contractor, Surety, Owner, or other party shall be considered plural where applicable.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

1. The Contractor and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors, and assigns to the Owner for the performance of the Construction Contract, which is incorporated herein by reference.

2. If the Contractor performs the Construction Contract, the Surety and the Contractor shall have no obligation under this Bond, except when applicable to participate in a conference as provided in Paragraph 3.

3. If there is no Owner Default under the Construction Contract, the Surety's obligation under this Bond shall arise after:

3.1 The Owner first provides notice to the Contractor and the Surety that the Owner is considering declaring a Contractor Default. Such notice shall indicate whether the Owner is requesting a conference among the Owner, Contractor, and Surety to discuss the Contractor's performance. If the Owner does not request a conference, the Surety may, within five (5) business days after receipt of the Owner's notice, request such a conference. If the Surety timely requests a conference, the Owner shall attend. Unless the Owner agrees otherwise, any conference requested under this Paragraph 3.1 shall be held within ten (10) business days of the Surety's receipt of the Owner's notice. If the Owner, the Contractor, and the Surety agree, the Contractor shall be allowed a reasonable time to perform the Construction Contract, but such an agreement shall not waive the Owner's right, if any, subsequently to declare a Contractor Default;

3.2 The Owner declares a Contractor Default, terminates the Construction Contract and notifies the Surety; and

3.3 The Owner has agreed to pay the Balance of the Contract Price in accordance with the terms of the Construction Contract to the Surety or to a contractor selected to perform the Construction Contract.

4. Failure on the part of the Owner to comply with the notice requirement in Paragraph 3.1 shall not constitute a failure to comply with a condition precedent to the Surety's obligations, or release the Surety from its obligations, except to the extent the Surety demonstrates actual prejudice.

5. When the Owner has satisfied the conditions of Paragraph 3, the Surety shall promptly and at the Surety's expense take one of the following actions:

5.1 Arrange for the Contractor, with the consent of the Owner, to perform and complete the Construction Contract;

5.2 Undertake to perform and complete the Construction Contract itself, through its agents or independent contractors;

5.3 Obtain bids or negotiated proposals from qualified contractors acceptable to the Owner for a contract for performance and completion of the Construction Contract, arrange for a contract to be prepared for execution by the Owner and a contractor selected with the Owners concurrence, to be secured with performance and payment bonds executed by a qualified surety equivalent to the bonds issued on the Construction Contract, and pay to the Owner the amount of damages as described in Paragraph 7 in excess of the Balance of the Contract Price incurred by the Owner as a result of the Contractor Default; or

5.4 Waive its right to perform and complete, arrange for completion, or obtain a new contractor, and with reasonable promptness under the circumstances:

5.4.1 After investigation, determine the amount for which it may be liable to the Owner and, as soon as practicable after the amount is determined, make payment to the Owner; or

5.4.2 Deny liability in whole or in part and notify the Owner, citing the reasons for denial.

6. If the Surety does not proceed as provided in Paragraph 5 with reasonable promptness, the Surety shall be deemed to be in default on this Bond seven days after receipt of an additional written notice from the Owner to the Surety demanding that the Surety perform its obligations under this Bond, and the Owner shall be entitled to enforce any remedy available to the Owner. If the Surety proceeds as provided in Paragraph 5.4, and the Owner refuses the payment or the Surety has denied liability, in whole or in part, without further notice the Owner shall be entitled to enforce any remedy available to the Owner.

7. If the Surety elects to act under Paragraph 5.1, 5.2, or 5.3, then the responsibilities of the Surety to the Owner shall not be greater than those of the Contractor under the Construction Contract, and the responsibilities of the Owner to the Surety shall not be greater than those of the Owner under the Construction Contract. Subject to the commitment by the Owner to pay the Balance of the Contract Price, the Surety is obligated, without duplication for:

7.1 the responsibilities of the Contractor for correction of defective work and completion of the Construction Contract;

7.2 additional legal, design professional, and delay costs resulting from the Contractor's Default, and resulting from the actions or failure to act of the Surety under Paragraph 5; and

7.3 liquidated damages, or if no liquidated damages are specified in the Construction Contract, actual damages caused by delayed performance or non-performance of the Contractor.

8. If the Surety elects to act under Paragraph 5.1, 5.3, or 5.4, the Surety's liability is limited to the amount of this Bond.

9. The Surety shall not be liable to the Owner or others for obligations of the Contractor that are unrelated to the Construction Contract, and the Balance of the Contract Price shall not be reduced or set off on account of any such unrelated obligations. No right of action shall accrue on this Bond to any person or entity other than the Owner or its heirs, executors, administrators, successors, and assigns.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

10. The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders, and other obligations.

11. Any proceeding, legal or equitable, under this Bond may be instituted in any court of competent jurisdiction in the location in which the work or part of the work is located and shall be instituted within two years after a declaration of Contractor Default or within two years after the Contractor ceased working or within two years after the Surety refuses or fails to perform its obligations under this Bond, whichever occurs first. If the provisions of this paragraph are void or prohibited by law, the minimum periods of limitations available to sureties as a defense in the jurisdiction of the suit shall be applicable.

12. Notice to the Surety, the Owner, or the Contractor shall be mailed or delivered to the address shown on the page on which their signature appears.

13. When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted here from and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

14. Definitions

14.1 Balance of the Contract Price: The total amount payable by the Owner to the Contractor under the Construction Contract after all proper adjustments have been made including allowance for the Contractor for any amounts received or to be received by the Owner in settlement of insurance or other claims for damages to which the Contractor is entitled, reduced by all valid and proper payments made to or on behalf of the Contractor under the Construction Contract.

14.2 Construction Contract: The agreement between the Owner and Contractor identified on the cover page, including all Contract Documents and changes made to the agreement and the Contract Documents.

14.3 Contractor Default: Failure of the Contractor, which has not been remedied or waived, to perform or otherwise to comply with a material term of the Construction Contract.

14.4 Owner Default: Failure of the Owner, which has not been remedied or waived, to pay the Contractor as required under the Construction Contract or to perform and complete or comply with the other material terms of the Construction Contract.

14.5 Contract Documents: All the documents that comprise the agreement between the Owner and Contractor.

15. If this Bond is issued for an agreement between a contractor and subcontractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

Notes: (1) Provide supplemental execution by any additional parties, such as joint venturers. (2) Any singular reference to Contractor, Surety, Owner, or other party shall be considered plural where applicable.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

1. The Contractor and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors, and assigns to the Owner to pay for labor, materials, and equipment furnished for use in the performance of the Construction Contract, which is incorporated herein by reference, subject to the following terms.

2. If the Contractor promptly makes payment of all sums due to Claimants, and defends, indemnifies, and holds harmless the Owner from claims, demands, liens, or suits by any person or entity seeking payment for labor, materials, or equipment furnished for use in the performance of the Construction Contract, then the Surety and the Contractor shall have no obligation under this Bond.

3. If there is no Owner Default under the Construction Contract, the Surety's obligation to the Owner under this Bond shall arise after the Owner has promptly notified the Contractor and the Surety (at the address described in Paragraph 13) of claims, demands, liens, or suits against the Owner or the Owner's property by any person or entity seeking payment for labor, materials, or equipment furnished for use in the performance of the Construction Contract, and tendered defense of such claims, demands, liens, or suits to the Contractor and the Surety.

4. When the Owner has satisfied the conditions in Paragraph 3, the Surety shall promptly and at the Surety's expense defend, indemnify, and hold harmless the Owner against a duly tendered claim, demand, lien, or suit.

5. The Surety's obligations to a Claimant under this Bond shall arise after the following:

    5.1 Claimants who do not have a direct contract with the Contractor,

        5.1.1 have furnished a written notice of non-payment to the Contractor, stating with substantial accuracy the amount claimed and the name of the party to whom the materials were, or equipment was, furnished or supplied or for whom the labor was done or performed, within ninety (90) days after having last performed labor or last furnished materials or equipment included in the Claim; and

        5.1.2 have sent a Claim to the Surety (at the address described in Paragraph 13).

    5.2 Claimants who are employed by or have a direct contract with the Contractor have sent a Claim to the Surety (at the address described in Paragraph 13).

6. If a notice of non-payment required by Paragraph 5.1.1 is given by the Owner to the Contractor, that is sufficient to satisfy a Claimant's obligation to furnish a written notice of non-payment under Paragraph 5.1.1.

7. When a Claimant has satisfied the conditions of Paragraph 5.1 or 5.2, whichever is applicable, the Surety shall promptly and at the Surety's expense take the following actions:

    7.1 Send an answer to the Claimant, with a copy to the Owner, within sixty (60) days after receipt of the Claim, stating the amounts that are undisputed and the basis for challenging any amounts that are disputed; and

    7.2 Pay or arrange for payment of any undisputed amounts.

    7.3 The Surety's failure to discharge its obligations under Paragraph 7.1 or 7.2 shall not be deemed to constitute a waiver of defenses the Surety or Contractor may have or acquire as to a Claim, except as to undisputed amounts for which the Surety and Claimant have reached agreement. If, however, the Surety fails to discharge its obligations under Paragraph 7.1 or 7.2, the Surety shall indemnify the Claimant for the reasonable attorney's fees the Claimant incurs thereafter to recover any sums found to be due and owing to the Claimant.

8. The Surety's total obligation shall not exceed the amount of this Bond, plus the amount of reasonable attorney's fees provided under Paragraph 7.3, and the amount of this Bond shall be credited for any payments made in good faith by the Surety.

9. Amounts owed by the Owner to the Contractor under the Construction Contract shall be used for the performance of the Construction Contract and to satisfy claims, if any, under any construction performance bond. By the Contractor furnishing and the Owner accepting this Bond, they agree that all funds earned by the Contractor in the performance of the Construction Contract are dedicated to satisfy obligations of the Contractor and Surety under this Bond, subject to the Owner's priority to use the funds for the completion of the work.

10. The Surety shall not be liable to the Owner, Claimants, or others for obligations of the Contractor that are unrelated to the Construction Contract. The Owner shall not be liable for the payment of any costs or expenses of any Claimant under this Bond, and shall have under this Bond no obligation to make payments to or give notice on behalf of Claimants, or otherwise have any obligations to Claimants under this Bond.

11. The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders, and other obligations.

12. No suit or action shall be commenced by a Claimant under this Bond other than in a court of competent jurisdiction in the state in which the project that is the subject of the Construction Contract is located or after the expiration of one year from the date (1) on which the Claimant sent a Claim to the Surety pursuant to Paragraph 5.1.2 or 5.2, or (2) on which the last labor or service was performed by anyone or the last materials or equipment were furnished by anyone under the Construction Contract, whichever of (1) or (2) first occurs. If the provisions of this paragraph are void or prohibited by law, the minimum

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.

13. Notice and Claims to the Surety, the Owner, or the Contractor shall be mailed or delivered to the address shown on the page on which their signature appears. Actual receipt of notice or Claims, however accomplished, shall be sufficient compliance as of the date received.

14. When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

15. Upon requests by any person or entity appearing to be a potential beneficiary of this Bond, the Contractor and Owner shall promptly furnish a copy of this Bond or shall permit a copy to be made.

16. **Definitions**

16.1 **Claim:** A written statement by the Claimant including at a minimum:

1. The name of the Claimant;
2. The name of the person for whom the labor was done, or materials or equipment furnished;
3. A copy of the agreement or purchase order pursuant to which labor, materials, or equipment was furnished for use in the performance of the Construction Contract;
4. A brief description of the labor, materials, or equipment furnished;
5. The date on which the Claimant last performed labor or last furnished materials or equipment for use in the performance of the Construction Contract;
6. The total amount earned by the Claimant for labor, materials, or equipment furnished as of the date of the Claim;
7. The total amount of previous payments received by the Claimant; and
8. The total amount due and unpaid to the Claimant for labor, materials, or equipment furnished as of the date of the Claim.

16.2 **Claimant:** An individual or entity having a direct contract with the Contractor or with a subcontractor of the Contractor to furnish labor, materials, or equipment for use in the performance of the Construction Contract. The term Claimant also includes any individual or entity that has rightfully asserted a claim under an applicable mechanic's lien or similar statute against the real property upon which the Project is located. The intent of this Bond shall be to include without limitation in the terms of "labor, materials, or equipment" that part of the water, gas, power, light, heat, oil, gasoline, telephone service, or rental equipment used in the Construction Contract, architectural and engineering services required for performance of the work of the Contractor and the Contractor's subcontractors, and all other items for which a mechanic's lien may be asserted in the jurisdiction where the labor, materials, or equipment were furnished.

16.3 **Construction Contract:** The agreement between the Owner and Contractor identified on the cover page, including all Contract Documents and all changes made to the agreement and the Contract Documents.

16.4 **Owner Default**: Failure of the Owner, which has not been remedied or waived, to pay the Contractor as required under the Construction Contract or to perform and complete or comply with the other material terms of the Construction Contract.

16.5 **Contract Documents:** All the documents that comprise the agreement between the Owner and Contractor.

17. If this Bond is issued for an agreement between a contractor and subcontractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

18. Modifications to this Bond are as follows:

ARTICLE 1 – DEFINITIONS AND TERMINOLOGY

1.01 Defined Terms

A. Wherever used in the Bidding Requirements or Contract Documents, a term printed with initial capital letters, including the term's singular and plural forms, will have the meaning indicated in the definitions below. In addition to terms specifically defined, terms with initial capital letters in the Contract Documents include references to identified articles and paragraphs, and the titles of other documents or forms.

1. *Addenda*—Written or graphic instruments issued prior to the opening of Bids which clarify, correct, or change the Bidding Requirements or the proposed Contract Documents.

2. *Agreement*—The written instrument, executed by Owner and Contractor, that sets forth the Contract Price and Contract Times, identifies the parties and the Engineer, and designates the specific items that are Contract Documents.

3. *Application for Payment*—The form acceptable to Engineer which is to be used by Contractor during the course of the Work in requesting progress or final payments and which is to be accompanied by such supporting documentation as is required by the Contract Documents.

4. *Bid*—The offer of a Bidder submitted on the prescribed form setting forth the prices for the Work to be performed.

5. *Bidder*—An individual or entity that submits a Bid to Owner.

6. *Bidding Documents*—The Bidding Requirements, the proposed Contract Documents, and all Addenda.

7. *Bidding Requirements*—The advertisement or invitation to bid, Instructions to Bidders, Bid Bond or other Bid security, if any, the Bid Form, and the Bid with any attachments.

8. *Change Order*—A document which is signed by Contractor and Owner and authorizes an addition, deletion, or revision in the Work or an adjustment in the Contract Price or the Contract Times, or other revision to the Contract, issued on or after the Effective Date of the Contract.

9. *Change Proposal*—A written request by Contractor, duly submitted in compliance with the procedural requirements set forth herein, seeking an adjustment in Contract Price or Contract Times, or both; contesting an initial decision by Engineer concerning the requirements of the Contract Documents or the acceptability of Work under the Contract Documents; challenging a set-off against payments due; or seeking other relief with respect to the terms of the Contract.

10. *Claim*—(a) A demand or assertion by Owner directly to Contractor, duly submitted in compliance with the procedural requirements set forth herein: seeking an adjustment of Contract Price or Contract Times, or both; contesting an initial decision by Engineer concerning the requirements of the Contract Documents or the acceptability of Work under the Contract Documents; contesting Engineer's decision regarding a Change Proposal; seeking resolution of a contractual issue that Engineer has declined to address; or seeking other relief with respect to the terms of the Contract; or (b) a demand or assertion by Contractor directly to Owner, duly submitted in compliance with the procedural requirements set forth herein, contesting Engineer's decision regarding a Change Proposal; or seeking resolution of a contractual issue that Engineer

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

has declined to address. A demand for money or services by a third party is not a Claim.

11. *Constituent of Concern*—Asbestos, petroleum, radioactive materials, polychlorinated biphenyls (PCBs), hazardous waste, and any substance, product, waste, or other material of any nature whatsoever that is or becomes listed, regulated, or addressed pursuant to (a) the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. §§9601 et seq. ("CERCLA"); (b) the Hazardous Materials Transportation Act, 49 U.S.C. §§5101 et seq.; (c) the Resource Conservation and Recovery Act, 42 U.S.C. §§6901 et seq. ("RCRA"); (d) the Toxic Substances Control Act, 15 U.S.C. §§2601 et seq.; (e) the Clean Water Act, 33 U.S.C. §§1251 et seq.; (f) the Clean Air Act, 42 U.S.C. §§7401 et seq.; or (g) any other federal, state, or local statute, law, rule, regulation, ordinance, resolution, code, order, or decree regulating, relating to, or imposing liability or standards of conduct concerning, any hazardous, toxic, or dangerous waste, substance, or material.

12. *Contract*—The entire and integrated written contract between the Owner and Contractor concerning the Work.

13. *Contract Documents*—Those items so designated in the Agreement, and which together comprise the Contract.

14. *Contract Price*—The money that Owner has agreed to pay Contractor for completion of the Work in accordance with the Contract Documents. .

15. *Contract Times*—The number of days or the dates by which Contractor shall: (a) achieve Milestones, if any; (b) achieve Substantial Completion; and (c) complete the Work.

16. *Contractor*—The individual or entity with which Owner has contracted for performance of the Work.

17. *Cost of the Work*—See Paragraph 13.01 for definition.

18. *Drawings*—The part of the Contract that graphically shows the scope, extent, and character of the Work to be performed by Contractor.

19. *Effective Date of the Contract*—The date, indicated in the Agreement, on which the Contract becomes effective.

20. *Engineer*—The individual or entity named as such in the Agreement.

21. *Field Order*—A written order issued by Engineer which requires minor changes in the Work but does not change the Contract Price or the Contract Times.

22. *Hazardous Environmental Condition*—The presence at the Site of Constituents of Concern in such quantities or circumstances that may present a danger to persons or property exposed thereto. The presence at the Site of materials that are necessary for the execution of the Work, or that are to be incorporated in the Work, and that are controlled and contained pursuant to industry practices, Laws and Regulations, and the requirements of the Contract, does not establish a Hazardous Environmental Condition.

23. *Laws and Regulations; Laws or Regulations*—Any and all applicable laws, statutes, rules, regulations, ordinances, codes, and orders of any and all governmental bodies, agencies, authorities, and courts having jurisdiction.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

24. *Liens*—Charges, security interests, or encumbrances upon Contract-related funds, real property, or personal property.

25. *Milestone*—A principal event in the performance of the Work that the Contract requires Contractor to achieve by an intermediate completion date or by a time prior to Substantial Completion of all the Work.

26. *Notice of Award*—The written notice by Owner to a Bidder of Owner's acceptance of the Bid.

27. *Notice to Proceed*—A written notice by Owner to Contractor fixing the date on which the Contract Times will commence to run and on which Contractor shall start to perform the Work.

28. *Owner*—The individual or entity with which Contractor has contracted regarding the Work, and which has agreed to pay Contractor for the performance of the Work, pursuant to the terms of the Contract.

29. *Progress Schedule*—A schedule, prepared and maintained by Contractor, describing the sequence and duration of the activities comprising the Contractor's plan to accomplish the Work within the Contract Times.

30. *Project*—The total undertaking to be accomplished for Owner by engineers, contractors, and others, including planning, study, design, construction, testing, commissioning, and start-up, and of which the Work to be performed under the Contract Documents is a part.

31. *Project Manual*—The written documents prepared for, or made available for, procuring and constructing the Work, including but not limited to the Bidding Documents or other construction procurement documents, geotechnical and existing conditions information, the Agreement, bond forms, General Conditions, Supplementary Conditions, and Specifications. The contents of the Project Manual may be bound in one or more volumes.

32. *Resident Project Representative*—The authorized representative of Engineer assigned to assist Engineer at the Site. As used herein, the term Resident Project Representative or "RPR" includes any assistants or field staff of Resident Project Representative.

33. *Samples*—Physical examples of materials, equipment, or workmanship that are representative of some portion of the Work and that establish the standards by which such portion of the Work will be judged.

34. *Schedule of Submittals*—A schedule, prepared and maintained by Contractor, of required submittals and the time requirements for Engineer's review of the submittals and the performance of related construction activities.

35. *Schedule of Values*—A schedule, prepared and maintained by Contractor, allocating portions of the Contract Price to various portions of the Work and used as the basis for reviewing Contractor's Applications for Payment.

36. *Shop Drawings*—All drawings, diagrams, illustrations, schedules, and other data or information that are specifically prepared or assembled by or for Contractor and submitted by Contractor to illustrate some portion of the Work. Shop Drawings, whether approved or not, are not Drawings and are not Contract Documents.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

37. *Site*—Lands or areas indicated in the Contract Documents as being furnished by Owner upon which the Work is to be performed, including rights-of-way and easements, and such other lands furnished by Owner which are designated for the use of Contractor.

38. *Specifications*—The part of the Contract that consists of written requirements for materials, equipment, systems, standards, and workmanship as applied to the Work, and certain administrative requirements and procedural matters applicable to the Work.

39. *Subcontractor*—An individual or entity having a direct contract with Contractor or with any other Subcontractor for the performance of a part of the Work.

40. *Substantial Completion*—The time at which the Work (or a specified part thereof) has progressed to the point where, in the opinion of Engineer, the Work (or a specified part thereof) is sufficiently complete, in accordance with the Contract Documents, so that the Work (or a specified part thereof) can be utilized for the purposes for which it is intended. The terms "substantially complete" and "substantially completed" as applied to all or part of the Work refer to Substantial Completion thereof.

41. *Successful Bidder*—The Bidder whose Bid the Owner accepts, and to which the Owner makes an award of contract, subject to stated conditions.

42. *Supplementary Conditions*—The part of the Contract that amends or supplements these General Conditions.

43. *Supplier*—A manufacturer, fabricator, supplier, distributor, materialman, or vendor having a direct contract with Contractor or with any Subcontractor to furnish materials or equipment to be incorporated in the Work by Contractor or a Subcontractor.

44. *Technical Data*—Those items expressly identified as Technical Data in the Supplementary Conditions, with respect to either (a) subsurface conditions at the Site, or physical conditions relating to existing surface or subsurface structures at the Site (except Underground Facilities) or (b) Hazardous Environmental Conditions at the Site. If no such express identifications of Technical Data have been made with respect to conditions at the Site, then the data contained in boring logs, recorded measurements of subsurface water levels, laboratory test results, and other factual, objective information regarding conditions at the Site that are set forth in any geotechnical or environmental report prepared for the Project and made available to Contractor are hereby defined as Technical Data with respect to conditions at the Site under Paragraphs 5.03, 5.04, and 5.06.

45. *Underground Facilities*—All underground pipelines, conduits, ducts, cables, wires, manholes, vaults, tanks, tunnels, or other such facilities or attachments, and any encasements containing such facilities, including but not limited to those that convey electricity, gases, steam, liquid petroleum products, telephone or other communications, fiber optic transmissions, cable television, water, wastewater, storm water, other liquids or chemicals, or traffic or other control systems.

46. *Unit Price Work*—Work to be paid for on the basis of unit prices.

47. *Work*—The entire construction or the various separately identifiable parts thereof required to be provided under the Contract Documents. Work includes and is the result of performing or providing all labor, services, and documentation necessary to produce such construction; furnishing, installing, and incorporating all materials and equipment into such construction; and may include related services such as testing, start-up, and commissioning, all as required by the Contract Documents.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

48. *Work Change Directive*—A written directive to Contractor issued on or after the Effective Date of the Contract, signed by Owner and recommended by Engineer, ordering an addition, deletion, or revision in the Work.

1.02 Terminology

A. The words and terms discussed in the following paragraphs are not defined but, when used in the Bidding Requirements or Contract Documents, have the indicated meaning.

B. *Intent of Certain Terms or Adjectives*:

1. The Contract Documents include the terms "as allowed," "as approved," "as ordered," "as directed" or terms of like effect or import to authorize an exercise of professional judgment by Engineer. In addition, the adjectives "reasonable," "suitable," "acceptable," "proper," "satisfactory," or adjectives of like effect or import are used to describe an action or determination of Engineer as to the Work. It is intended that such exercise of professional judgment, action, or determination will be solely to evaluate, in general, the Work for compliance with the information in the Contract Documents and with the design concept of the Project as a functioning whole as shown or indicated in the Contract Documents (unless there is a specific statement indicating otherwise). The use of any such term or adjective is not intended to and shall not be effective to assign to Engineer any duty or authority to supervise or direct the performance of the Work, or any duty or authority to undertake responsibility contrary to the provisions of Article 10 or any other provision of the Contract Documents.

C. *Day*:

1. The word "day" means a calendar day of 24 hours measured from midnight to the next midnight.

D. *Defective*:

1. The word "defective," when modifying the word "Work," refers to Work that is unsatisfactory, faulty, or deficient in that it:

a. does not conform to the Contract Documents; or

b. does not meet the requirements of any applicable inspection, reference standard, test, or approval referred to in the Contract Documents; or

c. has been damaged prior to Engineer's recommendation of final payment (unless responsibility for the protection thereof has been assumed by Owner at Substantial Completion in accordance with Paragraph 15.03 or 15.04).

E. *Furnish, Install, Perform, Provide*:

1. The word "furnish," when used in connection with services, materials, or equipment, shall mean to supply and deliver said services, materials, or equipment to the Site (or some other specified location) ready for use or installation and in usable or operable condition.

2. The word "install," when used in connection with services, materials, or equipment, shall mean to put into use or place in final position said services, materials, or equipment complete and ready for intended use.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

3. The words “perform” or “provide,” when used in connection with services, materials, or equipment, shall mean to furnish and install said services, materials, or equipment complete and ready for intended use.

4. If the Contract Documents establish an obligation of Contractor with respect to specific services, materials, or equipment, but do not expressly use any of the four words “furnish,” “install,” “perform,” or “provide,” then Contractor shall furnish and install said services, materials, or equipment complete and ready for intended use.

F. Unless stated otherwise in the Contract Documents, words or phrases that have a well-known technical or construction industry or trade meaning are used in the Contract Documents in accordance with such recognized meaning.

ARTICLE 2 – PRELIMINARY MATTERS

2.01 Delivery of Bonds and Evidence of Insurance

A. *Bonds*: When Contractor delivers the executed counterparts of the Agreement to Owner, Contractor shall also deliver to Owner such bonds as Contractor may be required to furnish.

B. *Evidence of Contractor’s Insurance*: When Contractor delivers the executed counterparts of the Agreement to Owner, Contractor shall also deliver to Owner, with copies to each named insured and additional insured (as identified in the Supplementary Conditions or elsewhere in the Contract), the certificates and other evidence of insurance required to be provided by Contractor in accordance with Article 6.

C. *Evidence of Owner’s Insurance*: After receipt of the executed counterparts of the Agreement and all required bonds and insurance documentation, Owner shall promptly deliver to Contractor, with copies to each named insured and additional insured (as identified in the Supplementary Conditions or otherwise), the certificates and other evidence of insurance required to be provided by Owner under Article 6.

2.02 Copies of Documents

A. Owner shall furnish to Contractor four printed copies of the Contract (including one fully executed counterpart of the Agreement), and one copy in electronic portable document format (PDF). Additional printed copies will be furnished upon request at the cost of reproduction.

B. Owner shall maintain and safeguard at least one original printed record version of the Contract, including Drawings and Specifications signed and sealed by Engineer and other design professionals. Owner shall make such original printed record version of the Contract available to Contractor for review. Owner may delegate the responsibilities under this provision to Engineer.

2.03 Before Starting Construction

A. *Preliminary Schedules*: Within 10 days after the Effective Date of the Contract (or as otherwise specifically required by the Contract Documents), Contractor shall submit to Engineer for timely review:

1. a preliminary Progress Schedule indicating the times (numbers of days or dates) for starting and completing the various stages of the Work, including any Milestones specified in the Contract;

2. a preliminary Schedule of Submittals; and

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

3. a preliminary Schedule of Values for all of the Work which includes quantities and prices of items which when added together equal the Contract Price and subdivides the Work into component parts in sufficient detail to serve as the basis for progress payments during performance of the Work. Such prices will include an appropriate amount of overhead and profit applicable to each item of Work.

2.04 Preconstruction Conference; Designation of Authorized Representatives

A. Before any Work at the Site is started, a conference attended by Owner, Contractor, Engineer, and others as appropriate will be held to establish a working understanding among the parties as to the Work and to discuss the schedules referred to in Paragraph 2.03.A, procedures for handling Shop Drawings, Samples, and other submittals, processing Applications for Payment, electronic or digital transmittals, and maintaining required records.

B. At this conference Owner and Contractor each shall designate, in writing, a specific individual to act as its authorized representative with respect to the services and responsibilities under the Contract. Such individuals shall have the authority to transmit and receive information, render decisions relative to the Contract, and otherwise act on behalf of each respective party.

2.05 Initial Acceptance of Schedules

A. At least 10 days before submission of the first Application for Payment a conference, attended by Contractor, Engineer, and others as appropriate, will be held to review for acceptability to Engineer as provided below the schedules submitted in accordance with Paragraph 2.03.A. Contractor shall have an additional 10 days to make corrections and adjustments and to complete and resubmit the schedules. No progress payment shall be made to Contractor until acceptable schedules are submitted to Engineer.

1. The Progress Schedule will be acceptable to Engineer if it provides an orderly progression of the Work to completion within the Contract Times. Such acceptance will not impose on Engineer responsibility for the Progress Schedule, for sequencing, scheduling, or progress of the Work, nor interfere with or relieve Contractor from Contractor's full responsibility therefor.

2. Contractor's Schedule of Submittals will be acceptable to Engineer if it provides a workable arrangement for reviewing and processing the required submittals.

3. Contractor's Schedule of Values will be acceptable to Engineer as to form and substance if it provides a reasonable allocation of the Contract Price to the component parts of the Work.

2.06 Electronic Transmittals

A. Except as otherwise stated elsewhere in the Contract, the Owner, Engineer, and Contractor may transmit, and shall accept, Project-related correspondence, text, data, documents, drawings, information, and graphics, including but not limited to Shop Drawings and other submittals, in electronic media or digital format, either directly, or through access to a secure Project website.

B. If the Contract does not establish protocols for electronic or digital transmittals, then Owner, Engineer, and Contractor shall jointly develop such protocols.

C. When transmitting items in electronic media or digital format, the transmitting party makes no representations as to long term compatibility, usability, or readability of the items resulting from the recipient's use of software application packages, operating systems, or

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

computer hardware differing from those used in the drafting or transmittal of the items, or from those established in applicable transmittal protocols.

ARTICLE 3 – DOCUMENTS: INTENT, REQUIREMENTS, REUSE

3.01 Intent

A. The Contract Documents are complementary; what is required by one is as binding as if required by all.

B. It is the intent of the Contract Documents to describe a functionally complete project (or part thereof) to be constructed in accordance with the Contract Documents.

C. Unless otherwise stated in the Contract Documents, if there is a discrepancy between the electronic or digital versions of the Contract Documents (including any printed copies derived from such electronic or digital versions) and the printed record version, the printed record version shall govern.

D. The Contract supersedes prior negotiations, representations, and agreements, whether written or oral.

E. Engineer will issue clarifications and interpretations of the Contract Documents as provided herein.

3.02 Reference Standards

A. Standards Specifications, Codes, Laws and Regulations

1. Reference in the Contract Documents to standard specifications, manuals, reference standards, or codes of any technical society, organization, or association, or to Laws or Regulations, whether such reference be specific or by implication, shall mean the standard specification, manual, reference standard, code, or Laws or Regulations in effect at the time of opening of Bids (or on the Effective Date of the Contract if there were no Bids), except as may be otherwise specifically stated in the Contract Documents.

2. No provision of any such standard specification, manual, reference standard, or code, or any instruction of a Supplier, shall be effective to change the duties or responsibilities of Owner, Contractor, or Engineer, or any of their subcontractors, consultants, agents, or employees, from those set forth in the part of the Contract Documents prepared by or for Engineer. No such provision or instruction shall be effective to assign to Owner, Engineer, or any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors, any duty or authority to supervise or direct the performance of the Work or any duty or authority to undertake responsibility inconsistent with the provisions of the part of the Contract Documents prepared by or for Engineer.

3.03 Reporting and Resolving Discrepancies

A. *Reporting Discrepancies*:

1. *Contractor's Verification of Figures and Field Measurements*: Before undertaking each part of the Work, Contractor shall carefully study the Contract Documents, and check and verify pertinent figures and dimensions therein, particularly with respect to applicable field measurements. Contractor shall promptly report in writing to Engineer any conflict, error, ambiguity, or discrepancy that Contractor discovers, or has actual knowledge of, and shall not proceed with any Work affected thereby until the conflict,

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

error, ambiguity, or discrepancy is resolved, by a clarification or interpretation by Engineer, or by an amendment or supplement to the Contract Documents issued pursuant to Paragraph 11.01.

2. *Contractor's Review of Contract Documents*: If, before or during the performance of the Work, Contractor discovers any conflict, error, ambiguity, or discrepancy within the Contract Documents, or between the Contract Documents and (a) any applicable Law or Regulation, (b) actual field conditions, (c) any standard specification, manual, reference standard, or code, or (d) any instruction of any Supplier, then Contractor shall promptly report it to Engineer in writing. Contractor shall not proceed with the Work affected thereby (except in an emergency as required by Paragraph 7.15) until the conflict, error, ambiguity, or discrepancy is resolved, by a clarification or interpretation by Engineer, or by an amendment or supplement to the Contract Documents issued pursuant to Paragraph 11.01.

3. Contractor shall not be liable to Owner or Engineer for failure to report any conflict, error, ambiguity, or discrepancy in the Contract Documents unless Contractor had actual knowledge thereof.

B. *Resolving Discrepancies*:

1. Except as may be otherwise specifically stated in the Contract Documents, the provisions of the part of the Contract Documents prepared by or for Engineer shall take precedence in resolving any conflict, error, ambiguity, or discrepancy between such provisions of the Contract Documents and:

a. the provisions of any standard specification, manual, reference standard, or code, or the instruction of any Supplier (whether or not specifically incorporated by reference as a Contract Document); or

b. the provisions of any Laws or Regulations applicable to the performance of the Work (unless such an interpretation of the provisions of the Contract Documents would result in violation of such Law or Regulation).

3.04 Requirements of the Contract Documents

A. During the performance of the Work and until final payment, Contractor and Owner shall submit to the Engineer all matters in question concerning the requirements of the Contract Documents (sometimes referred to as requests for information or interpretation—RFIs), or relating to the acceptability of the Work under the Contract Documents, as soon as possible after such matters arise. Engineer will be the initial interpreter of the requirements of the Contract Documents, and judge of the acceptability of the Work thereunder.

B. Engineer will, with reasonable promptness, render a written clarification, interpretation, or decision on the issue submitted, or initiate an amendment or supplement to the Contract Documents. Engineer's written clarification, interpretation, or decision will be final and binding on Contractor, unless it appeals by submitting a Change Proposal, and on Owner, unless it appeals by filing a Claim.

C. If a submitted matter in question concerns terms and conditions of the Contract Documents that do not involve (1) the performance or acceptability of the Work under the Contract Documents, (2) the design (as set forth in the Drawings, Specifications, or otherwise), or (3) other engineering or technical matters, then Engineer will promptly give written notice to Owner and Contractor that Engineer is unable to provide a decision or interpretation. If Owner and Contractor are unable to agree on resolution of such a matter in question, either party may pursue resolution as provided in Article 12.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

3.05 Reuse of Documents

A. Contractor and its Subcontractors and Suppliers shall not:

1. have or acquire any title to or ownership rights in any of the Drawings, Specifications, or other documents (or copies of any thereof) prepared by or bearing the seal of Engineer or its consultants, including electronic media editions, or reuse any such Drawings, Specifications, other documents, or copies thereof on extensions of the Project or any other project without written consent of Owner and Engineer and specific written verification or adaptation by Engineer; or

2. have or acquire any title or ownership rights in any other Contract Documents, reuse any such Contract Documents for any purpose without Owner's express written consent, or violate any copyrights pertaining to such Contract Documents.

B. The prohibitions of this Paragraph 3.05 will survive final payment, or termination of the Contract. Nothing herein shall preclude Contractor from retaining copies of the Contract Documents for record purposes.

ARTICLE 4 – COMMENCEMENT AND PROGRESS OF THE WORK

4.01 Commencement of Contract Times; Notice to Proceed

A. The Contract Times will commence to run on the thirtieth day after the Effective Date of the Contract or, if a Notice to Proceed is given, on the day indicated in the Notice to Proceed. A Notice to Proceed may be given at any time within 30 days after the Effective Date of the Contract. In no event will the Contract Times commence to run later than the sixtieth day after the day of Bid opening or the thirtieth day after the Effective Date of the Contract, whichever date is earlier.

4.02 Starting the Work

A. Contractor shall start to perform the Work on the date when the Contract Times commence to run. No Work shall be done at the Site prior to such date.

4.03 Reference Points

A. Owner shall provide engineering surveys to establish reference points for construction which in Engineer's judgment are necessary to enable Contractor to proceed with the Work. Contractor shall be responsible for laying out the Work, shall protect and preserve the established reference points and property monuments, and shall make no changes or relocations without the prior written approval of Owner. Contractor shall report to Engineer whenever any reference point or property monument is lost or destroyed or requires relocation because of necessary changes in grades or locations, and shall be responsible for the accurate replacement or relocation of such reference points or property monuments by professionally qualified personnel.

4.04 Progress Schedule

A. Contractor shall adhere to the Progress Schedule established in accordance with Paragraph 2.05 as it may be adjusted from time to time as provided below.

1. Contractor shall submit to Engineer for acceptance (to the extent indicated in Paragraph 2.05) proposed adjustments in the Progress Schedule that will not result in changing the Contract Times.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. Proposed adjustments in the Progress Schedule that will change the Contract Times shall be submitted in accordance with the requirements of Article 11.

B. Contractor shall carry on the Work and adhere to the Progress Schedule during all disputes or disagreements with Owner. No Work shall be delayed or postponed pending resolution of any disputes or disagreements, or during any appeal process, except as permitted by Paragraph 16.04, or as Owner and Contractor may otherwise agree in writing.

4.05 Delays in Contractor's Progress

A. If Owner, Engineer, or anyone for whom Owner is responsible, delays, disrupts, or interferes with the performance or progress of the Work, then Contractor shall be entitled to an equitable adjustment in the Contract Times and Contract Price. Contractor's entitlement to an adjustment of the Contract Times is conditioned on such adjustment being essential to Contractor's ability to complete the Work within the Contract Times.

B. Contractor shall not be entitled to an adjustment in Contract Price or Contract Times for delay, disruption, or interference caused by or within the control of Contractor. Delay, disruption, and interference attributable to and within the control of a Subcontractor or Supplier shall be deemed to be within the control of Contractor.

C. If Contractor's performance or progress is delayed, disrupted, or interfered with by unanticipated causes not the fault of and beyond the control of Owner, Contractor, and those for which they are responsible, then Contractor shall be entitled to an equitable adjustment in Contract Times. Contractor's entitlement to an adjustment of the Contract Times is conditioned on such adjustment being essential to Contractor's ability to complete the Work within the Contract Times. Such an adjustment shall be Contractor's sole and exclusive remedy for the delays, disruption, and interference described in this paragraph. Causes of delay, disruption, or interference that may give rise to an adjustment in Contract Times under this paragraph include but are not limited to the following:

1. severe and unavoidable natural catastrophes such as fires, floods, epidemics, and earthquakes;

2. abnormal weather conditions;

3. acts or failures to act of utility owners (other than those performing other work at or adjacent to the Site by arrangement with the Owner, as contemplated in Article 8); and

4. acts of war or terrorism.

D. Delays, disruption, and interference to the performance or progress of the Work resulting from the existence of a differing subsurface or physical condition, an Underground Facility that was not shown or indicated by the Contract Documents, or not shown or indicated with reasonable accuracy, and those resulting from Hazardous Environmental Conditions, are governed by Article 5.

E. Paragraph 8.03 governs delays, disruption, and interference to the performance or progress of the Work resulting from the performance of certain other work at or adjacent to the Site.

F. Contractor shall not be entitled to an adjustment in Contract Price or Contract Times for any delay, disruption, or interference if such delay is concurrent with a delay, disruption, or interference caused by or within the control of Contractor.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

G. Contractor must submit any Change Proposal seeking an adjustment in Contract Price or Contract Times under this paragraph within 30 days of the commencement of the delaying, disrupting, or interfering event.

ARTICLE 5 – AVAILABILITY OF LANDS; SUBSURFACE AND PHYSICAL CONDITIONS; HAZARDOUS ENVIRONMENTAL CONDITIONS

5.01 Availability of Lands

A. Owner shall furnish the Site. Owner shall notify Contractor of any encumbrances or restrictions not of general application but specifically related to use of the Site with which Contractor must comply in performing the Work.

B. Upon reasonable written request, Owner shall furnish Contractor with a current statement of record legal title and legal description of the lands upon which permanent improvements are to be made and Owner's interest therein as necessary for giving notice of or filing a mechanic's or construction lien against such lands in accordance with applicable Laws and Regulations.

C. Contractor shall provide for all additional lands and access thereto that may be required for temporary construction facilities or storage of materials and equipment.

5.02 Use of Site and Other Areas

A. *Limitation on Use of Site and Other Areas*:

1. Contractor shall confine construction equipment, temporary construction facilities, the storage of materials and equipment, and the operations of workers to the Site, adjacent areas that Contractor has arranged to use through construction easements or otherwise, and other adjacent areas permitted by Laws and Regulations, and shall not unreasonably encumber the Site and such other adjacent areas with construction equipment or other materials or equipment. Contractor shall assume full responsibility for (a) damage to the Site; (b) damage to any such other adjacent areas used for Contractor's operations; (c) damage to any other adjacent land or areas; and (d) for injuries and losses sustained by the owners or occupants of any such land or areas; provided that such damage or injuries result from the performance of the Work or from other actions or conduct of the Contractor or those for which Contractor is responsible.

2. If a damage or injury claim is made by the owner or occupant of any such land or area because of the performance of the Work, or because of other actions or conduct of the Contractor or those for which Contractor is responsible, Contractor shall (a) take immediate corrective or remedial action as required by Paragraph 7.12, or otherwise; (b) promptly attempt to settle the claim as to all parties through negotiations with such owner or occupant, or otherwise resolve the claim by arbitration or other dispute resolution proceeding, or at law; and (c) to the fullest extent permitted by Laws and Regulations, indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them from and against any such claim, and against all costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to any claim or action, legal or equitable, brought by any such owner or occupant against Owner, Engineer, or any other party indemnified hereunder to the extent caused directly or indirectly, in whole or in part

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

by, or based upon, Contractor's performance of the Work, or because of other actions or conduct of the Contractor or those for which Contractor is responsible.

B. *Removal of Debris During Performance of the Work*: During the progress of the Work the Contractor shall keep the Site and other adjacent areas free from accumulations of waste materials, rubbish, and other debris. Removal and disposal of such waste materials, rubbish, and other debris shall conform to applicable Laws and Regulations.

C. *Cleaning*: Prior to Substantial Completion of the Work Contractor shall clean the Site and the Work and make it ready for utilization by Owner. At the completion of the Work Contractor shall remove from the Site and adjacent areas all tools, appliances, construction equipment and machinery, and surplus materials and shall restore to original condition all property not designated for alteration by the Contract Documents.

D. *Loading of Structures*: Contractor shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall Contractor subject any part of the Work or adjacent structures or land to stresses or pressures that will endanger them.

5.03 Subsurface and Physical Conditions

A. *Reports and Drawings*: The Supplementary Conditions identify:

1. those reports known to Owner of explorations and tests of subsurface conditions at or adjacent to the Site;

2. those drawings known to Owner of physical conditions relating to existing surface or subsurface structures at the Site (except Underground Facilities); and

3. Technical Data contained in such reports and drawings.

B. *Reliance by Contractor on Technical Data Authorized*: Contractor may rely upon the accuracy of the Technical Data expressly identified in the Supplementary Conditions with respect to such reports and drawings, but such reports and drawings are not Contract Documents. If no such express identification has been made, then Contractor may rely upon the accuracy of the Technical Data (as defined in Article 1) contained in any geotechnical or environmental report prepared for the Project and made available to Contractor. Except for such reliance on Technical Data, Contractor may not rely upon or make any claim against Owner or Engineer, or any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors, with respect to:

1. the completeness of such reports and drawings for Contractor's purposes, including, but not limited to, any aspects of the means, methods, techniques, sequences, and procedures of construction to be employed by Contractor, and safety precautions and programs incident thereto; or

2. other data, interpretations, opinions, and information contained in such reports or shown or indicated in such drawings; or

3. any Contractor interpretation of or conclusion drawn from any Technical Data or any such other data, interpretations, opinions, or information.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

5.04 Differing Subsurface or Physical Conditions

A. *Notice by Contractor*: If Contractor believes that any subsurface or physical condition that is uncovered or revealed at the Site either:

1. is of such a nature as to establish that any Technical Data on which Contractor is entitled to rely as provided in Paragraph 5.03 is materially inaccurate; or

2. is of such a nature as to require a change in the Drawings or Specifications; or

3. differs materially from that shown or indicated in the Contract Documents; or

4. is of an unusual nature, and differs materially from conditions ordinarily encountered and generally recognized as inherent in work of the character provided for in the Contract Documents;

then Contractor shall, promptly after becoming aware thereof and before further disturbing the subsurface or physical conditions or performing any Work in connection therewith (except in an emergency as required by Paragraph 7.15), notify Owner and Engineer in writing about such condition. Contractor shall not further disturb such condition or perform any Work in connection therewith (except with respect to an emergency) until receipt of a written statement permitting Contractor to do so.

B. *Engineer's Review*: After receipt of written notice as required by the preceding paragraph, Engineer will promptly review the subsurface or physical condition in question; determine the necessity of Owner's obtaining additional exploration or tests with respect to the condition; conclude whether the condition falls within any one or more of the differing site condition categories in Paragraph 5.04.A above; obtain any pertinent cost or schedule information from Contractor; prepare recommendations to Owner regarding the Contractor's resumption of Work in connection with the subsurface or physical condition in question and the need for any change in the Drawings or Specifications; and advise Owner in writing of Engineer's findings, conclusions, and recommendations.

C. *Owner's Statement to Contractor Regarding Site Condition*: After receipt of Engineer's written findings, conclusions, and recommendations, Owner shall issue a written statement to Contractor (with a copy to Engineer) regarding the subsurface or physical condition in question, addressing the resumption of Work in connection with such condition, indicating whether any change in the Drawings or Specifications will be made, and adopting or rejecting Engineer's written findings, conclusions, and recommendations, in whole or in part.

D. *Possible Price and Times Adjustments*:

1. Contractor shall be entitled to an equitable adjustment in Contract Price or Contract Times, or both, to the extent that the existence of a differing subsurface or physical condition, or any related delay, disruption, or interference, causes an increase or decrease in Contractor's cost of, or time required for, performance of the Work; subject, however, to the following:

a. such condition must fall within any one or more of the categories described in Paragraph 5.04.A;

b. with respect to Work that is paid for on a unit price basis, any adjustment in Contract Price will be subject to the provisions of Paragraph 13.03; and,

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

c. Contractor's entitlement to an adjustment of the Contract Times is conditioned on such adjustment being essential to Contractor's ability to complete the Work within the Contract Times.

2. Contractor shall not be entitled to any adjustment in the Contract Price or Contract Times with respect to a subsurface or physical condition if:

a. Contractor knew of the existence of such condition at the time Contractor made a commitment to Owner with respect to Contract Price and Contract Times by the submission of a Bid or becoming bound under a negotiated contract, or otherwise; or

b. the existence of such condition reasonably could have been discovered or revealed as a result of any examination, investigation, exploration, test, or study of the Site and contiguous areas expressly required by the Bidding Requirements or Contract Documents to be conducted by or for Contractor prior to Contractor's making such commitment; or

c. Contractor failed to give the written notice as required by Paragraph 5.04.A.

3. If Owner and Contractor agree regarding Contractor's entitlement to and the amount or extent of any adjustment in the Contract Price or Contract Times, or both, then any such adjustment shall be set forth in a Change Order.

4. Contractor may submit a Change Proposal regarding its entitlement to or the amount or extent of any adjustment in the Contract Price or Contract Times, or both, no later than 30 days after Owner's issuance of the Owner's written statement to Contractor regarding the subsurface or physical condition in question.

5.05 Underground Facilities

A. *Contractor's Responsibilities*: The information and data shown or indicated in the Contract Documents with respect to existing Underground Facilities at or adjacent to the Site is based on information and data furnished to Owner or Engineer by the owners of such Underground Facilities, including Owner, or by others. Unless it is otherwise expressly provided in the Supplementary Conditions:

1. Owner and Engineer do not warrant or guarantee the accuracy or completeness of any such information or data provided by others; and

2. the cost of all of the following will be included in the Contract Price, and Contractor shall have full responsibility for:

a. reviewing and checking all information and data regarding existing Underground Facilities at the Site;

b. locating all Underground Facilities shown or indicated in the Contract Documents as being at the Site;

c. coordination of the Work with the owners (including Owner) of such Underground Facilities, during construction; and

d. the safety and protection of all existing Underground Facilities at the Site, and repairing any damage thereto resulting from the Work.

B. *Notice by Contractor*: If Contractor believes that an Underground Facility that is uncovered or revealed at the Site was not shown or indicated in the Contract Documents, or was not shown or indicated with reasonable accuracy, then Contractor shall, promptly after

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

becoming aware thereof and before further disturbing conditions affected thereby or performing any Work in connection therewith (except in an emergency as required by Paragraph 7.15), identify the owner of such Underground Facility and give written notice to that owner and to Owner and Engineer.

C. *Engineer's Review*: Engineer will promptly review the Underground Facility and conclude whether such Underground Facility was not shown or indicated in the Contract Documents, or was not shown or indicated with reasonable accuracy; obtain any pertinent cost or schedule information from Contractor; prepare recommendations to Owner regarding the Contractor's resumption of Work in connection with the Underground Facility in question; determine the extent, if any, to which a change is required in the Drawings or Specifications to reflect and document the consequences of the existence or location of the Underground Facility; and advise Owner in writing of Engineer's findings, conclusions, and recommendations. During such time, Contractor shall be responsible for the safety and protection of such Underground Facility.

D. *Owner's Statement to Contractor Regarding Underground Facility*: After receipt of Engineer's written findings, conclusions, and recommendations, Owner shall issue a written statement to Contractor (with a copy to Engineer) regarding the Underground Facility in question, addressing the resumption of Work in connection with such Underground Facility, indicating whether any change in the Drawings or Specifications will be made, and adopting or rejecting Engineer's written findings, conclusions, and recommendations in whole or in part.

E. *Possible Price and Times Adjustments*:

1. Contractor shall be entitled to an equitable adjustment in the Contract Price or Contract Times, or both, to the extent that any existing Underground Facility at the Site that was not shown or indicated in the Contract Documents, or was not shown or indicated with reasonable accuracy, or any related delay, disruption, or interference, causes an increase or decrease in Contractor's cost of, or time required for, performance of the Work; subject, however, to the following:

    a. Contractor did not know of and could not reasonably have been expected to be aware of or to have anticipated the existence or actual location of the Underground Facility in question;

    b. With respect to Work that is paid for on a unit price basis, any adjustment in Contract Price will be subject to the provisions of Paragraph 13.03;

    c. Contractor's entitlement to an adjustment of the Contract Times is conditioned on such adjustment being essential to Contractor's ability to complete the Work within the Contract Times; and

    d. Contractor gave the notice required in Paragraph 5.05.B.

2. If Owner and Contractor agree regarding Contractor's entitlement to and the amount or extent of any adjustment in the Contract Price or Contract Times, or both, then any such adjustment shall be set forth in a Change Order.

3. Contractor may submit a Change Proposal regarding its entitlement to or the amount or extent of any adjustment in the Contract Price or Contract Times, or both, no later than 30 days after Owner's issuance of the Owner's written statement to Contractor regarding the Underground Facility in question.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

5.06 Hazardous Environmental Conditions at Site

A. *Reports and Drawings*: The Supplementary Conditions identify:

1. those reports and drawings known to Owner relating to Hazardous Environmental Conditions that have been identified at or adjacent to the Site; and

2. Technical Data contained in such reports and drawings.

B. *Reliance by Contractor on Technical Data Authorized*: Contractor may rely upon the accuracy of the Technical Data expressly identified in the Supplementary Conditions with respect to such reports and drawings, but such reports and drawings are not Contract Documents. If no such express identification has been made, then Contractor may rely on the accuracy of the Technical Data (as defined in Article 1) contained in any geotechnical or environmental report prepared for the Project and made available to Contractor. Except for such reliance on Technical Data, Contractor may not rely upon or make any claim against Owner or Engineer, or any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors with respect to:

1. the completeness of such reports and drawings for Contractor's purposes, including, but not limited to, any aspects of the means, methods, techniques, sequences and procedures of construction to be employed by Contractor and safety precautions and programs incident thereto; or

2. other data, interpretations, opinions and information contained in such reports or shown or indicated in such drawings; or

3. any Contractor interpretation of or conclusion drawn from any Technical Data or any such other data, interpretations, opinions or information.

C. Contractor shall not be responsible for removing or remediating any Hazardous Environmental Condition encountered, uncovered, or revealed at the Site unless such removal or remediation is expressly identified in the Contract Documents to be within the scope of the Work.

D. Contractor shall be responsible for controlling, containing, and duly removing all Constituents of Concern brought to the Site by Contractor, Subcontractors, Suppliers, or anyone else for whom Contractor is responsible, and for any associated costs; and for the costs of removing and remediating any Hazardous Environmental Condition created by the presence of any such Constituents of Concern.

E. If Contractor encounters, uncovers, or reveals a Hazardous Environmental Condition whose removal or remediation is not expressly identified in the Contract Documents as being within the scope of the Work, or if Contractor or anyone for whom Contractor is responsible creates a Hazardous Environmental Condition, then Contractor shall immediately: (1) secure or otherwise isolate such condition; (2) stop all Work in connection with such condition and in any area affected thereby (except in an emergency as required by Paragraph 7.15); and (3) notify Owner and Engineer (and promptly thereafter confirm such notice in writing). Owner shall promptly consult with Engineer concerning the necessity for Owner to retain a qualified expert to evaluate such condition or take corrective action, if any. Promptly after consulting with Engineer, Owner shall take such actions as are necessary to permit Owner to timely obtain required permits and provide Contractor the written notice required by Paragraph 5.06.F. If Contractor or anyone for whom Contractor is responsible created the Hazardous Environmental Condition in question, then Owner may remove and remediate the Hazardous Environmental Condition, and impose a set-off against payments to account for the associated costs.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

F. Contractor shall not resume Work in connection with such Hazardous Environmental Condition or in any affected area until after Owner has obtained any required permits related thereto, and delivered written notice to Contractor either (1) specifying that such condition and any affected area is or has been rendered safe for the resumption of Work, or (2) specifying any special conditions under which such Work may be resumed safely.

G. If Owner and Contractor cannot agree as to entitlement to or on the amount or extent, if any, of any adjustment in Contract Price or Contract Times, or both, as a result of such Work stoppage or such special conditions under which Work is agreed to be resumed by Contractor, then within 30 days of Owner's written notice regarding the resumption of Work, Contractor may submit a Change Proposal, or Owner may impose a set-off.

H. If after receipt of such written notice Contractor does not agree to resume such Work based on a reasonable belief it is unsafe, or does not agree to resume such Work under such special conditions, then Owner may order the portion of the Work that is in the area affected by such condition to be deleted from the Work, following the contractual change procedures in Article 11. Owner may have such deleted portion of the Work performed by Owner's own forces or others in accordance with Article 8.

I. To the fullest extent permitted by Laws and Regulations, Owner shall indemnify and hold harmless Contractor, Subcontractors, and Engineer, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to a Hazardous Environmental Condition, provided that such Hazardous Environmental Condition (1) was not shown or indicated in the Drawings, Specifications, or other Contract Documents, identified as Technical Data entitled to limited reliance pursuant to Paragraph 5.06.B, or identified in the Contract Documents to be included within the scope of the Work, and (2) was not created by Contractor or by anyone for whom Contractor is responsible. Nothing in this Paragraph 5.06.I shall obligate Owner to indemnify any individual or entity from and against the consequences of that individual's or entity's own negligence.

J. To the fullest extent permitted by Laws and Regulations, Contractor shall indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to the failure to control, contain, or remove a Constituent of Concern brought to the Site by Contractor or by anyone for whom Contractor is responsible, or to a Hazardous Environmental Condition created by Contractor or by anyone for whom Contractor is responsible. Nothing in this Paragraph 5.06.J shall obligate Contractor to indemnify any individual or entity from and against the consequences of that individual's or entity's own negligence.

K. The provisions of Paragraphs 5.03, 5.04, and 5.05 do not apply to the presence of Constituents of Concern or to a Hazardous Environmental Condition uncovered or revealed at the Site.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

ARTICLE 6 – BONDS AND INSURANCE

6.01 Performance, Payment, and Other Bonds

A. Contractor shall furnish a performance bond and a payment bond, each in an amount at least equal to the Contract Price, as security for the faithful performance and payment of all of Contractor's obligations under the Contract. These bonds shall remain in effect until one year after the date when final payment becomes due or until completion of the correction period specified in Paragraph 15.08, whichever is later, except as provided otherwise by Laws or Regulations, the Supplementary Conditions, or other specific provisions of the Contract. Contractor shall also furnish such other bonds as are required by the Supplementary Conditions or other specific provisions of the Contract.

B. All bonds shall be in the form prescribed by the Contract except as provided otherwise by Laws or Regulations, and shall be executed by such sureties as are named in "Companies Holding Certificates of Authority as Acceptable Sureties on Federal Bonds and as Acceptable Reinsuring Companies" as published in Circular 570 (as amended and supplemented) by the Financial Management Service, Surety Bond Branch, U.S. Department of the Treasury. A bond signed by an agent or attorney-in-fact must be accompanied by a certified copy of that individual's authority to bind the surety. The evidence of authority shall show that it is effective on the date the agent or attorney-in-fact signed the accompanying bond.

C. Contractor shall obtain the required bonds from surety companies that are duly licensed or authorized in the jurisdiction in which the Project is located to issue bonds in the required amounts.

D. If the surety on a bond furnished by Contractor is declared bankrupt or becomes insolvent, or its right to do business is terminated in any state or jurisdiction where any part of the Project is located, or the surety ceases to meet the requirements above, then Contractor shall promptly notify Owner and Engineer and shall, within 20 days after the event giving rise to such notification, provide another bond and surety, both of which shall comply with the bond and surety requirements above.

E. If Contractor has failed to obtain a required bond, Owner may exclude the Contractor from the Site and exercise Owner's termination rights under Article 16.

F. Upon request, Owner shall provide a copy of the payment bond to any Subcontractor, Supplier, or other person or entity claiming to have furnished labor or materials used in the performance of the Work.

6.02 Insurance—General Provisions

A. Owner and Contractor shall obtain and maintain insurance as required in this Article and in the Supplementary Conditions.

B. All insurance required by the Contract to be purchased and maintained by Owner or Contractor shall be obtained from insurance companies that are duly licensed or authorized, in the state or jurisdiction in which the Project is located, to issue insurance policies for the required limits and coverages. Unless a different standard is indicated in the Supplementary Conditions, all companies that provide insurance policies required under this Contract shall have an A.M. Best rating of A-VII or better.

C. Contractor shall deliver to Owner, with copies to each named insured and additional insured (as identified in this Article, in the Supplementary Conditions, or elsewhere in the Contract), certificates of insurance establishing that Contractor has obtained and is

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

maintaining the policies, coverages, and endorsements required by the Contract. Upon request by Owner or any other insured, Contractor shall also furnish other evidence of such required insurance, including but not limited to copies of policies and endorsements, and documentation of applicable self-insured retentions and deductibles. Contractor may block out (redact) any confidential premium or pricing information contained in any policy or endorsement furnished under this provision.

D. Owner shall deliver to Contractor, with copies to each named insured and additional insured (as identified in this Article, the Supplementary Conditions, or elsewhere in the Contract), certificates of insurance establishing that Owner has obtained and is maintaining the policies, coverages, and endorsements required of Owner by the Contract (if any). Upon request by Contractor or any other insured, Owner shall also provide other evidence of such required insurance (if any), including but not limited to copies of policies and endorsements, and documentation of applicable self-insured retentions and deductibles. Owner may block out (redact) any confidential premium or pricing information contained in any policy or endorsement furnished under this provision.

E. Failure of Owner or Contractor to demand such certificates or other evidence of the other party's full compliance with these insurance requirements, or failure of Owner or Contractor to identify a deficiency in compliance from the evidence provided, shall not be construed as a waiver of the other party's obligation to obtain and maintain such insurance.

F. If either party does not purchase or maintain all of the insurance required of such party by the Contract, such party shall notify the other party in writing of such failure to purchase prior to the start of the Work, or of such failure to maintain prior to any change in the required coverage.

G. If Contractor has failed to obtain and maintain required insurance, Owner may exclude the Contractor from the Site, impose an appropriate set-off against payment, and exercise Owner's termination rights under Article 16.

H. Without prejudice to any other right or remedy, if a party has failed to obtain required insurance, the other party may elect to obtain equivalent insurance to protect such other party's interests at the expense of the party who was required to provide such coverage, and the Contract Price shall be adjusted accordingly.

I. Owner does not represent that insurance coverage and limits established in this Contract necessarily will be adequate to protect Contractor or Contractor's interests.

J. The insurance and insurance limits required herein shall not be deemed as a limitation on Contractor's liability under the indemnities granted to Owner and other individuals and entities in the Contract.

6.03 Contractor's Insurance

A. *Workers' Compensation*: Contractor shall purchase and maintain workers' compensation and employer's liability insurance for:

1. claims under workers' compensation, disability benefits, and other similar employee benefit acts.

2. United States Longshoreman and Harbor Workers' Compensation Act and Jones Act coverage (if applicable).

3. claims for damages because of bodily injury, occupational sickness or disease, or death of Contractor's employees (by stop-gap endorsement in monopolist worker's compensation states).

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

4. Foreign voluntary worker compensation (if applicable).

B. *Commercial General Liability—Claims Covered*: Contractor shall purchase and maintain commercial general liability insurance, covering all operations by or on behalf of Contractor, on an occurrence basis, against:

1. claims for damages because of bodily injury, sickness or disease, or death of any person other than Contractor's employees.

2. claims for damages insured by reasonably available personal injury liability coverage.

3. claims for damages, other than to the Work itself, because of injury to or destruction of tangible property wherever located, including loss of use resulting therefrom.

C. *Commercial General Liability—Form and Content*: Contractor's commercial liability policy shall be written on a 1996 (or later) ISO commercial general liability form (occurrence form) and include the following coverages and endorsements:

1. Products and completed operations coverage:

a. Such insurance shall be maintained for three years after final payment.

b. Contractor shall furnish Owner and each other additional insured (as identified in the Supplementary Conditions or elsewhere in the Contract) evidence of continuation of such insurance at final payment and three years thereafter.

2. Blanket contractual liability coverage, to the extent permitted by law, including but not limited to coverage of Contractor's contractual indemnity obligations in Paragraph 7.18.

3. Broad form property damage coverage.

4. Severability of interest.

5. Underground, explosion, and collapse coverage.

6. Personal injury coverage.

7. Additional insured endorsements that include both ongoing operations and products and completed operations coverage through ISO Endorsements CG 20 10 10 01 and CG 20 37 10 01 (together); or CG 20 10 07 04 and CG 20 37 07 04 (together); or their equivalent.

8. For design professional additional insureds, ISO Endorsement CG 20 32 07 04, "Additional Insured—Engineers, Architects or Surveyors Not Engaged by the Named Insured" or its equivalent.

D. *Automobile liability*: Contractor shall purchase and maintain automobile liability insurance against claims for damages because of bodily injury or death of any person or property damage arising out of the ownership, maintenance, or use of any motor vehicle. The automobile liability policy shall be written on an occurrence basis.

E. *Umbrella or excess liability*: Contractor shall purchase and maintain umbrella or excess liability insurance written over the underlying employer's liability, commercial general liability, and automobile liability insurance described in the paragraphs above. Subject to industry-standard exclusions, the coverage afforded shall follow form as to each and every one of the underlying policies.

F. *Contractor's pollution liability insurance*: Contractor shall purchase and maintain a policy covering third-party injury and property damage claims, including clean-up costs, as a result

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

of pollution conditions arising from Contractor's operations and completed operations. This insurance shall be maintained for no less than three years after final completion.

G. *Additional insureds*: The Contractor's commercial general liability, automobile liability, umbrella or excess, and pollution liability policies shall include and list as additional insureds Owner and Engineer, and any individuals or entities identified in the Supplementary Conditions; include coverage for the respective officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of all such additional insureds; and the insurance afforded to these additional insureds shall provide primary coverage for all claims covered thereby (including as applicable those arising from both ongoing and completed operations) on a non-contributory basis. Contractor shall obtain all necessary endorsements to support these requirements.

H. *Contractor's professional liability insurance*: If Contractor will provide or furnish professional services under this Contract, through a delegation of professional design services or otherwise, then Contractor shall be responsible for purchasing and maintaining applicable professional liability insurance. This insurance shall provide protection against claims arising out of performance of professional design or related services, and caused by a negligent error, omission, or act for which the insured party is legally liable. It shall be maintained throughout the duration of the Contract and for a minimum of two years after Substantial Completion. If such professional design services are performed by a Subcontractor, and not by Contractor itself, then the requirements of this paragraph may be satisfied through the purchasing and maintenance of such insurance by such Subcontractor.

I. *General provisions*: The policies of insurance required by this Paragraph 6.03 shall:

1. include at least the specific coverages provided in this Article.

2. be written for not less than the limits of liability provided in this Article and in the Supplementary Conditions, or required by Laws or Regulations, whichever is greater.

3. contain a provision or endorsement that the coverage afforded will not be canceled, materially changed, or renewal refused until at least 10 days prior written notice has been given to Contractor. Within three days of receipt of any such written notice, Contractor shall provide a copy of the notice to Owner, Engineer, and each other insured under the policy.

4. remain in effect at least until final payment (and longer if expressly required in this Article) and at all times thereafter when Contractor may be correcting, removing, or replacing defective Work as a warranty or correction obligation, or otherwise, or returning to the Site to conduct other tasks arising from the Contract Documents.

5. be appropriate for the Work being performed and provide protection from claims that may arise out of or result from Contractor's performance of the Work and Contractor's other obligations under the Contract Documents, whether it is to be performed by Contractor, any Subcontractor or Supplier, or by anyone directly or indirectly employed by any of them to perform any of the Work, or by anyone for whose acts any of them may be liable.

J. The coverage requirements for specific policies of insurance must be met by such policies, and not by reference to excess or umbrella insurance provided in other policies.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

6.04 Owner's Liability Insurance

A. In addition to the insurance required to be provided by Contractor under Paragraph 6.03, Owner, at Owner's option, may purchase and maintain at Owner's expense Owner's own liability insurance as will protect Owner against claims which may arise from operations under the Contract Documents.

B. Owner's liability policies, if any, operate separately and independently from policies required to be provided by Contractor, and Contractor cannot rely upon Owner's liability policies for any of Contractor's obligations to the Owner, Engineer, or third parties.

6.05 Property Insurance

A. *Builder's Risk*: Unless otherwise provided in the Supplementary Conditions, Contractor shall purchase and maintain builder's risk insurance upon the Work on a completed value basis, in the amount of the full insurable replacement cost thereof (subject to such deductible amounts as may be provided in the Supplementary Conditions or required by Laws and Regulations). This insurance shall:

1. include the Owner and Contractor as named insureds, and all Subcontractors, and any individuals or entities required by the Supplementary Conditions to be insured under such builder's risk policy, as insureds or named insureds. For purposes of the remainder of this Paragraph 6.05, Paragraphs 6.06 and 6.07, and any corresponding Supplementary Conditions, the parties required to be insured shall collectively be referred to as "insureds."

2. be written on a builder's risk "all risk" policy form that shall at least include insurance for physical loss or damage to the Work, temporary buildings, falsework, and materials and equipment in transit, and shall insure against at least the following perils or causes of loss: fire; lightning; windstorm; riot; civil commotion; terrorism; vehicle impact; aircraft; smoke; theft; vandalism and malicious mischief; mechanical breakdown, boiler explosion, and artificially generated electric current; earthquake; volcanic activity, and other earth movement; flood; collapse; explosion; debris removal; demolition occasioned by enforcement of Laws and Regulations; water damage (other than that caused by flood); and such other perils or causes of loss as may be specifically required by the Supplementary Conditions. If insurance against mechanical breakdown, boiler explosion, and artificially generated electric current; earthquake; volcanic activity, and other earth movement; or flood, are not commercially available under builder's risk policies, by endorsement or otherwise, such insurance may be provided through other insurance policies acceptable to Owner and Contractor.

3. cover, as insured property, at least the following: (a) the Work and all materials, supplies, machinery, apparatus, equipment, fixtures, and other property of a similar nature that are to be incorporated into or used in the preparation, fabrication, construction, erection, or completion of the Work, including Owner-furnished or assigned property; (b) spare parts inventory required within the scope of the Contract; and (c) temporary works which are not intended to form part of the permanent constructed Work but which are intended to provide working access to the Site, or to the Work under construction, or which are intended to provide temporary support for the Work under construction, including scaffolding, form work, fences, shoring, falsework, and temporary structures.

4. cover expenses incurred in the repair or replacement of any insured property (including but not limited to fees and charges of engineers and architects).

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

5. extend to cover damage or loss to insured property while in temporary storage at the Site or in a storage location outside the Site (but not including property stored at the premises of a manufacturer or Supplier).

6. extend to cover damage or loss to insured property while in transit.

7. allow for partial occupation or use of the Work by Owner, such that those portions of the Work that are not yet occupied or used by Owner shall remain covered by the builder's risk insurance.

8. allow for the waiver of the insurer's subrogation rights, as set forth below.

9. provide primary coverage for all losses and damages caused by the perils or causes of loss covered.

10. not include a co-insurance clause.

11. include an exception for ensuing losses from physical damage or loss with respect to any defective workmanship, design, or materials exclusions.

12. include performance/hot testing and start-up.

13. be maintained in effect, subject to the provisions herein regarding Substantial Completion and partial occupancy or use of the Work by Owner, until the Work is complete.

B. *Notice of Cancellation or Change*: All the policies of insurance (and the certificates or other evidence thereof) required to be purchased and maintained in accordance with this Paragraph 6.05 will contain a provision or endorsement that the coverage afforded will not be canceled or materially changed or renewal refused until at least 10 days prior written notice has been given to the purchasing policyholder. Within three days of receipt of any such written notice, the purchasing policyholder shall provide a copy of the notice to each other insured.

C. *Deductibles*: The purchaser of any required builder's risk or property insurance shall pay for costs not covered because of the application of a policy deductible.

D. *Partial Occupancy or Use by Owner*: If Owner will occupy or use a portion or portions of the Work prior to Substantial Completion of all the Work as provided in Paragraph 15.04, then Owner (directly, if it is the purchaser of the builder's risk policy, or through Contractor) will provide notice of such occupancy or use to the builder's risk insurer. The builder's risk insurance shall not be canceled or permitted to lapse on account of any such partial use or occupancy; rather, those portions of the Work that are occupied or used by Owner may come off the builder's risk policy, while those portions of the Work not yet occupied or used by Owner shall remain covered by the builder's risk insurance.

E. *Additional Insurance*: If Contractor elects to obtain other special insurance to be included in or supplement the builder's risk or property insurance policies provided under this Paragraph 6.05, it may do so at Contractor's expense.

F. *Insurance of Other Property*: If the express insurance provisions of the Contract do not require or address the insurance of a property item or interest, such as tools, construction equipment, or other personal property owned by Contractor, a Subcontractor, or an employee of Contractor or a Subcontractor, then the entity or individual owning such property item will be responsible for deciding whether to insure it, and if so in what amount.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

6.06 Waiver of Rights

A. All policies purchased in accordance with Paragraph 6.05, expressly including the builder's risk policy, shall contain provisions to the effect that in the event of payment of any loss or damage the insurers will have no rights of recovery against any insureds thereunder, or against Engineer or its consultants, or their officers, directors, members, partners, employees, agents, consultants, or subcontractors. Owner and Contractor waive all rights against each other and the respective officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them, for all losses and damages caused by, arising out of, or resulting from any of the perils or causes of loss covered by such policies and any other property insurance applicable to the Work; and, in addition, waive all such rights against Engineer, its consultants, all Subcontractors, all individuals or entities identified in the Supplementary Conditions as insureds, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them, under such policies for losses and damages so caused. None of the above waivers shall extend to the rights that any party making such waiver may have to the proceeds of insurance held by Owner or Contractor as trustee or fiduciary, or otherwise payable under any policy so issued.

B. Owner waives all rights against Contractor, Subcontractors, and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them, for:

1. loss due to business interruption, loss of use, or other consequential loss extending beyond direct physical loss or damage to Owner's property or the Work caused by, arising out of, or resulting from fire or other perils whether or not insured by Owner; and

2. loss or damage to the completed Project or part thereof caused by, arising out of, or resulting from fire or other insured peril or cause of loss covered by any property insurance maintained on the completed Project or part thereof by Owner during partial occupancy or use pursuant to Paragraph 15.04, after Substantial Completion pursuant to Paragraph 15.03, or after final payment pursuant to Paragraph 15.06.

C. Any insurance policy maintained by Owner covering any loss, damage or consequential loss referred to in Paragraph 6.06.B shall contain provisions to the effect that in the event of payment of any such loss, damage, or consequential loss, the insurers will have no rights of recovery against Contractor, Subcontractors, or Engineer, or the officers, directors, members, partners, employees, agents, consultants, or subcontractors of each and any of them.

D. Contractor shall be responsible for assuring that the agreement under which a Subcontractor performs a portion of the Work contains provisions whereby the Subcontractor waives all rights against Owner, Contractor, all individuals or entities identified in the Supplementary Conditions as insureds, the Engineer and its consultants, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them, for all losses and damages caused by, arising out of, relating to, or resulting from any of the perils or causes of loss covered by builder's risk insurance and any other property insurance applicable to the Work.

6.07 Receipt and Application of Property Insurance Proceeds

A. Any insured loss under the builder's risk and other policies of insurance required by Paragraph 6.05 will be adjusted and settled with the named insured that purchased the

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

policy. Such named insured shall act as fiduciary for the other insureds, and give notice to such other insureds that adjustment and settlement of a claim is in progress. Any other insured may state its position regarding a claim for insured loss in writing within 15 days after notice of such claim.

B. Proceeds for such insured losses may be made payable by the insurer either jointly to multiple insureds, or to the named insured that purchased the policy in its own right and as fiduciary for other insureds, subject to the requirements of any applicable mortgage clause. A named insured receiving insurance proceeds under the builder's risk and other policies of insurance required by Paragraph 6.05 shall distribute such proceeds in accordance with such agreement as the parties in interest may reach, or as otherwise required under the dispute resolution provisions of this Contract or applicable Laws and Regulations.

C. If no other special agreement is reached, the damaged Work shall be repaired or replaced, the money so received applied on account thereof, and the Work and the cost thereof covered by Change Order, if needed.

ARTICLE 7 – CONTRACTOR'S RESPONSIBILITIES

7.01 Supervision and Superintendence

A. Contractor shall supervise, inspect, and direct the Work competently and efficiently, devoting such attention thereto and applying such skills and expertise as may be necessary to perform the Work in accordance with the Contract Documents. Contractor shall be solely responsible for the means, methods, techniques, sequences, and procedures of construction.

B. At all times during the progress of the Work, Contractor shall assign a competent resident superintendent who shall not be replaced without written notice to Owner and Engineer except under extraordinary circumstances.

7.02 Labor; Working Hours

A. Contractor shall provide competent, suitably qualified personnel to survey and lay out the Work and perform construction as required by the Contract Documents. Contractor shall at all times maintain good discipline and order at the Site.

B. Except as otherwise required for the safety or protection of persons or the Work or property at the Site or adjacent thereto, and except as otherwise stated in the Contract Documents, all Work at the Site shall be performed during regular working hours, Monday through Friday. Contractor will not perform Work on a Saturday, Sunday, or any legal holiday. Contractor may perform Work outside regular working hours or on Saturdays, Sundays, or legal holidays only with Owner's written consent, which will not be unreasonably withheld.

7.03 Services, Materials, and Equipment

A. Unless otherwise specified in the Contract Documents, Contractor shall provide and assume full responsibility for all services, materials, equipment, labor, transportation, construction equipment and machinery, tools, appliances, fuel, power, light, heat, telephone, water, sanitary facilities, temporary facilities, and all other facilities and incidentals necessary for the performance, testing, start up, and completion of the Work, whether or not such items are specifically called for in the Contract Documents.

B. All materials and equipment incorporated into the Work shall be of good quality and new, except as otherwise provided in the Contract Documents. All special warranties and

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

guarantees required by the Specifications shall expressly run to the benefit of Owner. If required by Engineer, Contractor shall furnish satisfactory evidence (including reports of required tests) as to the source, kind, and quality of materials and equipment.

C. All materials and equipment shall be stored, applied, installed, connected, erected, protected, used, cleaned, and conditioned in accordance with instructions of the applicable Supplier, except as otherwise may be provided in the Contract Documents.

7.04 "Or Equals"

A. Whenever an item of material or equipment is specified or described in the Contract Documents by using the name of a proprietary item or the name of a particular Supplier, the Contract Price has been based upon Contractor furnishing such item as specified. The specification or description of such an item is intended to establish the type, function, appearance, and quality required. Unless the specification or description contains or is followed by words reading that no like, equivalent, or "or equal" item is permitted, Contractor may request that Engineer authorize the use of other items of material or equipment, or items from other proposed suppliers under the circumstances described below.

1. If Engineer in its sole discretion determines that an item of material or equipment proposed by Contractor is functionally equal to that named and sufficiently similar so that no change in related Work will be required, Engineer shall deem it an "or equal" item. For the purposes of this paragraph, a proposed item of material or equipment will be considered functionally equal to an item so named if:

a. in the exercise of reasonable judgment Engineer determines that:

1) it is at least equal in materials of construction, quality, durability, appearance, strength, and design characteristics;

2) it will reliably perform at least equally well the function and achieve the results imposed by the design concept of the completed Project as a functioning whole;

3) it has a proven record of performance and availability of responsive service; and

4) it is not objectionable to Owner.

b. Contractor certifies that, if approved and incorporated into the Work:

1) there will be no increase in cost to the Owner or increase in Contract Times; and

2) it will conform substantially to the detailed requirements of the item named in the Contract Documents.

B. *Contractor's Expense*: Contractor shall provide all data in support of any proposed "or equal" item at Contractor's expense.

C. *Engineer's Evaluation and Determination*: Engineer will be allowed a reasonable time to evaluate each "or-equal" request. Engineer may require Contractor to furnish additional data about the proposed "or-equal" item. Engineer will be the sole judge of acceptability. No "or-equal" item will be ordered, furnished, installed, or utilized until Engineer's review is complete and Engineer determines that the proposed item is an "or-equal", which will be evidenced by an approved Shop Drawing or other written communication. Engineer will advise Contractor in writing of any negative determination.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

D. *Effect of Engineer's Determination*: Neither approval nor denial of an "or-equal" request shall result in any change in Contract Price. The Engineer's denial of an "or-equal" request shall be final and binding, and may not be reversed through an appeal under any provision of the Contract Documents.

E. *Treatment as a Substitution Request*: If Engineer determines that an item of material or equipment proposed by Contractor does not qualify as an "or-equal" item, Contractor may request that Engineer considered the proposed item as a substitute pursuant to Paragraph 7.05.

7.05 Substitutes

A. Unless the specification or description of an item of material or equipment required to be furnished under the Contract Documents contains or is followed by words reading that no substitution is permitted, Contractor may request that Engineer authorize the use of other items of material or equipment under the circumstances described below. To the extent possible such requests shall be made before commencement of related construction at the Site.

1. Contractor shall submit sufficient information as provided below to allow Engineer to determine if the item of material or equipment proposed is functionally equivalent to that named and an acceptable substitute therefor. Engineer will not accept requests for review of proposed substitute items of material or equipment from anyone other than Contractor.

2. The requirements for review by Engineer will be as set forth in Paragraph 7.05.B, as supplemented by the Specifications, and as Engineer may decide is appropriate under the circumstances.

3. Contractor shall make written application to Engineer for review of a proposed substitute item of material or equipment that Contractor seeks to furnish or use. The application:

a. shall certify that the proposed substitute item will:

1) perform adequately the functions and achieve the results called for by the general design,

2) be similar in substance to that specified, and

3) be suited to the same use as that specified.

b. will state:

1) the extent, if any, to which the use of the proposed substitute item will necessitate a change in Contract Times,

2) whether use of the proposed substitute item in the Work will require a change in any of the Contract Documents (or in the provisions of any other direct contract with Owner for other work on the Project) to adapt the design to the proposed substitute item, and

3) whether incorporation or use of the proposed substitute item in connection with the Work is subject to payment of any license fee or royalty.

c. will identify:

1) all variations of the proposed substitute item from that specified, and

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2) available engineering, sales, maintenance, repair, and replacement services.

d. shall contain an itemized estimate of all costs or credits that will result directly or indirectly from use of such substitute item, including but not limited to changes in Contract Price, shared savings, costs of redesign, and claims of other contractors affected by any resulting change.

B. *Engineer's Evaluation and Determination*: Engineer will be allowed a reasonable time to evaluate each substitute request, and to obtain comments and direction from Owner. Engineer may require Contractor to furnish additional data about the proposed substitute item. Engineer will be the sole judge of acceptability. No substitute will be ordered, furnished, installed, or utilized until Engineer's review is complete and Engineer determines that the proposed item is an acceptable substitute. Engineer's determination will be evidenced by a Field Order or a proposed Change Order accounting for the substitution itself and all related impacts, including changes in Contract Price or Contract Times. Engineer will advise Contractor in writing of any negative determination.

C. *Special Guarantee*: Owner may require Contractor to furnish at Contractor's expense a special performance guarantee or other surety with respect to any substitute.

D. *Reimbursement of Engineer's Cost*: Engineer will record Engineer's costs in evaluating a substitute proposed or submitted by Contractor. Whether or not Engineer approves a substitute so proposed or submitted by Contractor, Contractor shall reimburse Owner for the reasonable charges of Engineer for evaluating each such proposed substitute. Contractor shall also reimburse Owner for the reasonable charges of Engineer for making changes in the Contract Documents (or in the provisions of any other direct contract with Owner) resulting from the acceptance of each proposed substitute.

E. *Contractor's Expense*: Contractor shall provide all data in support of any proposed substitute at Contractor's expense.

F. *Effect of Engineer's Determination*: If Engineer approves the substitution request, Contractor shall execute the proposed Change Order and proceed with the substitution. The Engineer's denial of a substitution request shall be final and binding, and may not be reversed through an appeal under any provision of the Contract Documents. Contractor may challenge the scope of reimbursement costs imposed under Paragraph 7.05.D, by timely submittal of a Change Proposal.

7.06 Concerning Subcontractors, Suppliers, and Others

A. Contractor may retain Subcontractors and Suppliers for the performance of parts of the Work. Such Subcontractors and Suppliers must be acceptable to Owner.

B. Contractor shall retain specific Subcontractors, Suppliers, or other individuals or entities for the performance of designated parts of the Work if required by the Contract to do so.

C. Subsequent to the submittal of Contractor's Bid or final negotiation of the terms of the Contract, Owner may not require Contractor to retain any Subcontractor, Supplier, or other individual or entity to furnish or perform any of the Work against which Contractor has reasonable objection.

D. Prior to entry into any binding subcontract or purchase order, Contractor shall submit to Owner the identity of the proposed Subcontractor or Supplier (unless Owner has already deemed such proposed Subcontractor or Supplier acceptable, during the bidding process or otherwise). Such proposed Subcontractor or Supplier shall be deemed acceptable to Owner unless Owner raises a substantive, reasonable objection within five days.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

E. Owner may require the replacement of any Subcontractor, Supplier, or other individual or entity retained by Contractor to perform any part of the Work. Owner also may require Contractor to retain specific replacements; provided, however, that Owner may not require a replacement to which Contractor has a reasonable objection. If Contractor has submitted the identity of certain Subcontractors, Suppliers, or other individuals or entities for acceptance by Owner, and Owner has accepted it (either in writing or by failing to make written objection thereto), then Owner may subsequently revoke the acceptance of any such Subcontractor, Supplier, or other individual or entity so identified solely on the basis of substantive, reasonable objection after due investigation. Contractor shall submit an acceptable replacement for the rejected Subcontractor, Supplier, or other individual or entity.

F. If Owner requires the replacement of any Subcontractor, Supplier, or other individual or entity retained by Contractor to perform any part of the Work, then Contractor shall be entitled to an adjustment in Contract Price or Contract Times, or both, with respect to the replacement; and Contractor shall initiate a Change Proposal for such adjustment within 30 days of Owner's requirement of replacement.

G. No acceptance by Owner of any such Subcontractor, Supplier, or other individual or entity, whether initially or as a replacement, shall constitute a waiver of the right of Owner to the completion of the Work in accordance with the Contract Documents.

H. On a monthly basis Contractor shall submit to Engineer a complete list of all Subcontractors and Suppliers having a direct contract with Contractor, and of all other Subcontractors and Suppliers known to Contractor at the time of submittal.

I. Contractor shall be fully responsible to Owner and Engineer for all acts and omissions of the Subcontractors, Suppliers, and other individuals or entities performing or furnishing any of the Work just as Contractor is responsible for Contractor's own acts and omissions.

J. Contractor shall be solely responsible for scheduling and coordinating the work of Subcontractors, Suppliers, and all other individuals or entities performing or furnishing any of the Work.

K. Contractor shall restrict all Subcontractors, Suppliers, and such other individuals or entities performing or furnishing any of the Work from communicating with Engineer or Owner, except through Contractor or in case of an emergency, or as otherwise expressly allowed herein.

L. The divisions and sections of the Specifications and the identifications of any Drawings shall not control Contractor in dividing the Work among Subcontractors or Suppliers or delineating the Work to be performed by any specific trade.

M. All Work performed for Contractor by a Subcontractor or Supplier shall be pursuant to an appropriate contractual agreement that specifically binds the Subcontractor or Supplier to the applicable terms and conditions of the Contract Documents for the benefit of Owner and Engineer.

N. Owner may furnish to any Subcontractor or Supplier, to the extent practicable, information about amounts paid to Contractor on account of Work performed for Contractor by the particular Subcontractor or Supplier.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

O. Nothing in the Contract Documents:

1. shall create for the benefit of any such Subcontractor, Supplier, or other individual or entity any contractual relationship between Owner or Engineer and any such Subcontractor, Supplier, or other individual or entity; nor

2. shall create any obligation on the part of Owner or Engineer to pay or to see to the payment of any money due any such Subcontractor, Supplier, or other individual or entity except as may otherwise be required by Laws and Regulations.

7.07 Patent Fees and Royalties

A. Contractor shall pay all license fees and royalties and assume all costs incident to the use in the performance of the Work or the incorporation in the Work of any invention, design, process, product, or device which is the subject of patent rights or copyrights held by others. If a particular invention, design, process, product, or device is specified in the Contract Documents for use in the performance of the Work and if, to the actual knowledge of Owner or Engineer, its use is subject to patent rights or copyrights calling for the payment of any license fee or royalty to others, the existence of such rights shall be disclosed by Owner in the Contract Documents.

B. To the fullest extent permitted by Laws and Regulations, Owner shall indemnify and hold harmless Contractor, and its officers, directors, members, partners, employees, agents, consultants, and subcontractors from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals, and all court or arbitration or other dispute resolution costs) arising out of or relating to any infringement of patent rights or copyrights incident to the use in the performance of the Work or resulting from the incorporation in the Work of any invention, design, process, product, or device specified in the Contract Documents, but not identified as being subject to payment of any license fee or royalty to others required by patent rights or copyrights.

C. To the fullest extent permitted by Laws and Regulations, Contractor shall indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to any infringement of patent rights or copyrights incident to the use in the performance of the Work or resulting from the incorporation in the Work of any invention, design, process, product, or device not specified in the Contract Documents.

7.08 Permits

A. Unless otherwise provided in the Contract Documents, Contractor shall obtain and pay for all construction permits and licenses. Owner shall assist Contractor, when necessary, in obtaining such permits and licenses. Contractor shall pay all governmental charges and inspection fees necessary for the prosecution of the Work which are applicable at the time of the submission of Contractor's Bid (or when Contractor became bound under a negotiated contract). Owner shall pay all charges of utility owners for connections for providing permanent service to the Work

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

7.09 Taxes

A. Contractor shall pay all sales, consumer, use, and other similar taxes required to be paid by Contractor in accordance with the Laws and Regulations of the place of the Project which are applicable during the performance of the Work.

7.10 Laws and Regulations

A. Contractor shall give all notices required by and shall comply with all Laws and Regulations applicable to the performance of the Work. Except where otherwise expressly required by applicable Laws and Regulations, neither Owner nor Engineer shall be responsible for monitoring Contractor's compliance with any Laws or Regulations.

B. If Contractor performs any Work or takes any other action knowing or having reason to know that it is contrary to Laws or Regulations, Contractor shall bear all resulting costs and losses, and shall indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such Work or other action. It shall not be Contractor's responsibility to make certain that the Work described in the Contract Documents is in accordance with Laws and Regulations, but this shall not relieve Contractor of Contractor's obligations under Paragraph 3.03.

C. Owner or Contractor may give notice to the other party of any changes after the submission of Contractor's Bid (or after the date when Contractor became bound under a negotiated contract) in Laws or Regulations having an effect on the cost or time of performance of the Work, including but not limited to changes in Laws or Regulations having an effect on procuring permits and on sales, use, value-added, consumption, and other similar taxes. If Owner and Contractor are unable to agree on entitlement to or on the amount or extent, if any, of any adjustment in Contract Price or Contract Times resulting from such changes, then within 30 days of such notice Contractor may submit a Change Proposal, or Owner may initiate a Claim.

7.11 Record Documents

A. Contractor shall maintain in a safe place at the Site one printed record copy of all Drawings, Specifications, Addenda, Change Orders, Work Change Directives, Field Orders, written interpretations and clarifications, and approved Shop Drawings. Contractor shall keep such record documents in good order and annotate them to show changes made during construction. These record documents, together with all approved Samples, will be available to Engineer for reference. Upon completion of the Work, Contractor shall deliver these record documents to Engineer.

7.12 Safety and Protection

A. Contractor shall be solely responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the Work. Such responsibility does not relieve Subcontractors of their responsibility for the safety of persons or property in the performance of their work, nor for compliance with applicable safety Laws and Regulations. Contractor shall take all necessary precautions for the safety of, and shall provide the necessary protection to prevent damage, injury, or loss to:

1. all persons on the Site or who may be affected by the Work;

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. all the Work and materials and equipment to be incorporated therein, whether in storage on or off the Site; and

3. other property at the Site or adjacent thereto, including trees, shrubs, lawns, walks, pavements, roadways, structures, other work in progress, utilities, and Underground Facilities not designated for removal, relocation, or replacement in the course of construction.

B. Contractor shall comply with all applicable Laws and Regulations relating to the safety of persons or property, or to the protection of persons or property from damage, injury, or loss; and shall erect and maintain all necessary safeguards for such safety and protection. Contractor shall notify Owner; the owners of adjacent property, Underground Facilities, and other utilities; and other contractors and utility owners performing work at or adjacent to the Site, when prosecution of the Work may affect them, and shall cooperate with them in the protection, removal, relocation, and replacement of their property or work in progress.

C. Contractor shall comply with the applicable requirements of Owner's safety programs, if any. The Supplementary Conditions identify any Owner's safety programs that are applicable to the Work.

D. Contractor shall inform Owner and Engineer of the specific requirements of Contractor's safety program with which Owner's and Engineer's employees and representatives must comply while at the Site.

E. All damage, injury, or loss to any property referred to in Paragraph 7.12.A.2 or 7.12.A.3 caused, directly or indirectly, in whole or in part, by Contractor, any Subcontractor, Supplier, or any other individual or entity directly or indirectly employed by any of them to perform any of the Work, or anyone for whose acts any of them may be liable, shall be remedied by Contractor at its expense (except damage or loss attributable to the fault of Drawings or Specifications or to the acts or omissions of Owner or Engineer or anyone employed by any of them, or anyone for whose acts any of them may be liable, and not attributable, directly or indirectly, in whole or in part, to the fault or negligence of Contractor or any Subcontractor, Supplier, or other individual or entity directly or indirectly employed by any of them).

F. Contractor's duties and responsibilities for safety and protection shall continue until such time as all the Work is completed and Engineer has issued a notice to Owner and Contractor in accordance with Paragraph 15.06.B that the Work is acceptable (except as otherwise expressly provided in connection with Substantial Completion).

G. Contractor's duties and responsibilities for safety and protection shall resume whenever Contractor or any Subcontractor or Supplier returns to the Site to fulfill warranty or correction obligations, or to conduct other tasks arising from the Contract Documents.

7.13 Safety Representative

A. Contractor shall designate a qualified and experienced safety representative at the Site whose duties and responsibilities shall be the prevention of accidents and the maintaining and supervising of safety precautions and programs.

7.14 Hazard Communication Programs

A. Contractor shall be responsible for coordinating any exchange of material safety data sheets or other hazard communication information required to be made available to or

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

exchanged between or among employers at the Site in accordance with Laws or Regulations.

7.15 Emergencies

A. In emergencies affecting the safety or protection of persons or the Work or property at the Site or adjacent thereto, Contractor is obligated to act to prevent threatened damage, injury, or loss. Contractor shall give Engineer prompt written notice if Contractor believes that any significant changes in the Work or variations from the Contract Documents have been caused thereby or are required as a result thereof. If Engineer determines that a change in the Contract Documents is required because of the action taken by Contractor in response to such an emergency, a Work Change Directive or Change Order will be issued.

7.16 Shop Drawings, Samples, and Other Submittals

A. *Shop Drawing and Sample Submittal Requirements*:

1. Before submitting a Shop Drawing or Sample, Contractor shall have:

a. reviewed and coordinated the Shop Drawing or Sample with other Shop Drawings and Samples and with the requirements of the Work and the Contract Documents;

b. determined and verified all field measurements, quantities, dimensions, specified performance and design criteria, installation requirements, materials, catalog numbers, and similar information with respect thereto;

c. determined and verified the suitability of all materials and equipment offered with respect to the indicated application, fabrication, shipping, handling, storage, assembly, and installation pertaining to the performance of the Work; and

d. determined and verified all information relative to Contractor's responsibilities for means, methods, techniques, sequences, and procedures of construction, and safety precautions and programs incident thereto.

2. Each submittal shall bear a stamp or specific written certification that Contractor has satisfied Contractor's obligations under the Contract Documents with respect to Contractor's review of that submittal, and that Contractor approves the submittal.

3. With each submittal, Contractor shall give Engineer specific written notice of any variations that the Shop Drawing or Sample may have from the requirements of the Contract Documents. This notice shall be set forth in a written communication separate from the Shop Drawings or Sample submittal; and, in addition, in the case of Shop Drawings by a specific notation made on each Shop Drawing submitted to Engineer for review and approval of each such variation.

B. *Submittal Procedures for Shop Drawings and Samples*: Contractor shall submit Shop Drawings and Samples to Engineer for review and approval in accordance with the accepted Schedule of Submittals. Each submittal will be identified as Engineer may require.

1. *Shop Drawings*:

a. Contractor shall submit the number of copies required in the Specifications.

b. Data shown on the Shop Drawings will be complete with respect to quantities, dimensions, specified performance and design criteria, materials, and similar data to show Engineer the services, materials, and equipment Contractor proposes to

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

provide and to enable Engineer to review the information for the limited purposes required by Paragraph 7.16.D.

2. *Samples*:

   a. Contractor shall submit the number of Samples required in the Specifications.

   b. Contractor shall clearly identify each Sample as to material, Supplier, pertinent data such as catalog numbers, the use for which intended and other data as Engineer may require to enable Engineer to review the submittal for the limited purposes required by Paragraph 7.16.D.

3. Where a Shop Drawing or Sample is required by the Contract Documents or the Schedule of Submittals, any related Work performed prior to Engineer's review and approval of the pertinent submittal will be at the sole expense and responsibility of Contractor.

C. *Other Submittals*: Contractor shall submit other submittals to Engineer in accordance with the accepted Schedule of Submittals, and pursuant to the applicable terms of the Specifications.

D. *Engineer's Review*:

1. Engineer will provide timely review of Shop Drawings and Samples in accordance with the Schedule of Submittals acceptable to Engineer. Engineer's review and approval will be only to determine if the items covered by the submittals will, after installation or incorporation in the Work, conform to the information given in the Contract Documents and be compatible with the design concept of the completed Project as a functioning whole as indicated by the Contract Documents.

2. Engineer's review and approval will not extend to means, methods, techniques, sequences, or procedures of construction or to safety precautions or programs incident thereto.

3. Engineer's review and approval of a separate item as such will not indicate approval of the assembly in which the item functions.

4. Engineer's review and approval of a Shop Drawing or Sample shall not relieve Contractor from responsibility for any variation from the requirements of the Contract Documents unless Contractor has complied with the requirements of Paragraph 7.16.A.3 and Engineer has given written approval of each such variation by specific written notation thereof incorporated in or accompanying the Shop Drawing or Sample. Engineer will document any such approved variation from the requirements of the Contract Documents in a Field Order.

5. Engineer's review and approval of a Shop Drawing or Sample shall not relieve Contractor from responsibility for complying with the requirements of Paragraph 7.16.A and B.

6. Engineer's review and approval of a Shop Drawing or Sample, or of a variation from the requirements of the Contract Documents, shall not, under any circumstances, change the Contract Times or Contract Price, unless such changes are included in a Change Order.

7. Neither Engineer's receipt, review, acceptance or approval of a Shop Drawing, Sample, or other submittal shall result in such item becoming a Contract Document.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

8. Contractor shall perform the Work in compliance with the requirements and commitments set forth in approved Shop Drawings and Samples, subject to the provisions of Paragraph 7.16.D.4.

E. *Resubmittal Procedures*:

1. Contractor shall make corrections required by Engineer and shall return the required number of corrected copies of Shop Drawings and submit, as required, new Samples for review and approval. Contractor shall direct specific attention in writing to revisions other than the corrections called for by Engineer on previous submittals.

2. Contractor shall furnish required submittals with sufficient information and accuracy to obtain required approval of an item with no more than three submittals. Engineer will record Engineer's time for reviewing a fourth or subsequent submittal of a Shop Drawings, sample, or other item requiring approval, and Contractor shall be responsible for Engineer's charges to Owner for such time. Owner may impose a set- off against payments due to Contractor to secure reimbursement for such charges.

3. If Contractor requests a change of a previously approved submittal item, Contractor shall be responsible for Engineer's charges to Owner for its review time, and Owner may impose a set-off against payments due to Contractor to secure reimbursement for such charges, unless the need for such change is beyond the control of Contractor.

7.17 Contractor's General Warranty and Guarantee

A. Contractor warrants and guarantees to Owner that all Work will be in accordance with the Contract Documents and will not be defective. Engineer and its officers, directors, members, partners, employees, agents, consultants, and subcontractors shall be entitled to rely on Contractor's warranty and guarantee.

B. Contractor's warranty and guarantee hereunder excludes defects or damage caused by:

1. abuse, modification, or improper maintenance or operation by persons other than Contractor, Subcontractors, Suppliers, or any other individual or entity for whom Contractor is responsible; or

2. normal wear and tear under normal usage.

C. Contractor's obligation to perform and complete the Work in accordance with the Contract Documents shall be absolute. None of the following will constitute an acceptance of Work that is not in accordance with the Contract Documents or a release of Contractor's obligation to perform the Work in accordance with the Contract Documents:

1. observations by Engineer;

2. recommendation by Engineer or payment by Owner of any progress or final payment;

3. the issuance of a certificate of Substantial Completion by Engineer or any payment related thereto by Owner;

4. use or occupancy of the Work or any part thereof by Owner;

5. any review and approval of a Shop Drawing or Sample submittal;

6. the issuance of a notice of acceptability by Engineer;

7. any inspection, test, or approval by others; or

8. any correction of defective Work by Owner.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

D. If the Contract requires the Contractor to accept the assignment of a contract entered into by Owner, then the specific warranties, guarantees, and correction obligations contained in the assigned contract shall govern with respect to Contractor's performance obligations to Owner for the Work described in the assigned contract.

7.18 Indemnification

A. To the fullest extent permitted by Laws and Regulations, and in addition to any other obligations of Contractor under the Contract or otherwise, Contractor shall indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to the performance of the Work, provided that any such claim, cost, loss, or damage is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom but only to the extent caused by any negligent act or omission of Contractor, any Subcontractor, any Supplier, or any individual or entity directly or indirectly employed by any of them to perform any of the Work or anyone for whose acts any of them may be liable.

B. In any and all claims against Owner or Engineer or any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors by any employee (or the survivor or personal representative of such employee) of Contractor, any Subcontractor, any Supplier, or any individual or entity directly or indirectly employed by any of them to perform any of the Work, or anyone for whose acts any of them may be liable, the indemnification obligation under Paragraph 7.18.A shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for Contractor or any such Subcontractor, Supplier, or other individual or entity under workers' compensation acts, disability benefit acts, or other employee benefit acts.

C. The indemnification obligations of Contractor under Paragraph 7.18.A shall not extend to the liability of Engineer and Engineer's officers, directors, members, partners, employees, agents, consultants and subcontractors arising out of:

1. the preparation or approval of, or the failure to prepare or approve maps, Drawings, opinions, reports, surveys, Change Orders, designs, or Specifications; or

2. giving directions or instructions, or failing to give them, if that is the primary cause of the injury or damage.

7.19 Delegation of Professional Design Services

A. Contractor will not be required to provide professional design services unless such services are specifically required by the Contract Documents for a portion of the Work or unless such services are required to carry out Contractor's responsibilities for construction means, methods, techniques, sequences and procedures. Contractor shall not be required to provide professional services in violation of applicable Laws and Regulations.

B. If professional design services or certifications by a design professional related to systems, materials, or equipment are specifically required of Contractor by the Contract Documents, Owner and Engineer will specify all performance and design criteria that such services must satisfy. Contractor shall cause such services or certifications to be provided by a properly licensed professional, whose signature and seal shall appear on all drawings, calculations, specifications, certifications, and other submittals prepared by such professional. Shop

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

Drawings and other submittals related to the Work designed or certified by such professional, if prepared by others, shall bear such professional's written approval when submitted to Engineer.

C. Owner and Engineer shall be entitled to rely upon the adequacy, accuracy, and completeness of the services, certifications, or approvals performed by such design professionals, provided Owner and Engineer have specified to Contractor all performance and design criteria that such services must satisfy.

D. Pursuant to this paragraph, Engineer's review and approval of design calculations and design drawings will be only for the limited purpose of checking for conformance with performance and design criteria given and the design concept expressed in the Contract Documents. Engineer's review and approval of Shop Drawings and other submittals (except design calculations and design drawings) will be only for the purpose stated in Paragraph 7.16.D.1.

E. Contractor shall not be responsible for the adequacy of the performance or design criteria specified by Owner or Engineer.

ARTICLE 8 – OTHER WORK AT THE SITE

8.01 Other Work

A. In addition to and apart from the Work under the Contract Documents, the Owner may perform other work at or adjacent to the Site. Such other work may be performed by Owner's employees, or through contracts between the Owner and third parties. Owner may also arrange to have third-party utility owners perform work on their utilities and facilities at or adjacent to the Site.

B. If Owner performs other work at or adjacent to the Site with Owner's employees, or through contracts for such other work, then Owner shall give Contractor written notice thereof prior to starting any such other work. If Owner has advance information regarding the start of any utility work at or adjacent to the Site, Owner shall provide such information to Contractor.

C. Contractor shall afford each other contractor that performs such other work, each utility owner performing other work, and Owner, if Owner is performing other work with Owner's employees, proper and safe access to the Site, and provide a reasonable opportunity for the introduction and storage of materials and equipment and the execution of such other work. Contractor shall do all cutting, fitting, and patching of the Work that may be required to properly connect or otherwise make its several parts come together and properly integrate with such other work. Contractor shall not endanger any work of others by cutting, excavating, or otherwise altering such work; provided, however, that Contractor may cut or alter others' work with the written consent of Engineer and the others whose work will be affected.

D. If the proper execution or results of any part of Contractor's Work depends upon work performed by others under this Article 8, Contractor shall inspect such other work and promptly report to Engineer in writing any delays, defects, or deficiencies in such other work that render it unavailable or unsuitable for the proper execution and results of Contractor's Work. Contractor's failure to so report will constitute an acceptance of such other work as fit and proper for integration with Contractor's Work except for latent defects and deficiencies in such other work.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

8.02 Coordination

A. If Owner intends to contract with others for the performance of other work at or adjacent to the Site, to perform other work at or adjacent to the Site with Owner's employees, or to arrange to have utility owners perform work at or adjacent to the Site, the following will be set forth in the Supplementary Conditions or provided to Contractor prior to the start of any such other work:

1. the identity of the individual or entity that will have authority and responsibility for coordination of the activities among the various contractors;

2. an itemization of the specific matters to be covered by such authority and responsibility; and

3. the extent of such authority and responsibilities.

B. Unless otherwise provided in the Supplementary Conditions, Owner shall have sole authority and responsibility for such coordination.

8.03 Legal Relationships

A. If, in the course of performing other work at or adjacent to the Site for Owner, the Owner's employees, any other contractor working for Owner, or any utility owner for whom the Owner is responsible causes damage to the Work or to the property of Contractor or its Subcontractors, or delays, disrupts, interferes with, or increases the scope or cost of the performance of the Work, through actions or inaction, then Contractor shall be entitled to an equitable adjustment in the Contract Price or the Contract Times, or both. Contractor must submit any Change Proposal seeking an equitable adjustment in the Contract Price or the Contract Times under this paragraph within 30 days of the damaging, delaying, disrupting, or interfering event. The entitlement to, and extent of, any such equitable adjustment shall take into account information (if any) regarding such other work that was provided to Contractor in the Contract Documents prior to the submittal of the Bid or the final negotiation of the terms of the Contract. When applicable, any such equitable adjustment in Contract Price shall be conditioned on Contractor assigning to Owner all Contractor's rights against such other contractor or utility owner with respect to the damage, delay, disruption, or interference that is the subject of the adjustment. Contractor's entitlement to an adjustment of the Contract Times is conditioned on such adjustment being essential to Contractor's ability to complete the Work within the Contract Times.

B. Contractor shall take reasonable and customary measures to avoid damaging, delaying, disrupting, or interfering with the work of Owner, any other contractor, or any utility owner performing other work at or adjacent to the Site. If Contractor fails to take such measures and as a result damages, delays, disrupts, or interferes with the work of any such other contractor or utility owner, then Owner may impose a set-off against payments due to Contractor, and assign to such other contractor or utility owner the Owner's contractual rights against Contractor with respect to the breach of the obligations set forth in this paragraph.

C. When Owner is performing other work at or adjacent to the Site with Owner's employees, Contractor shall be liable to Owner for damage to such other work, and for the reasonable direct delay, disruption, and interference costs incurred by Owner as a result of Contractor's failure to take reasonable and customary measures with respect to Owner's other work. In response to such damage, delay, disruption, or interference, Owner may impose a set-off against payments due to Contractor.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

D. If Contractor damages, delays, disrupts, or interferes with the work of any other contractor, or any utility owner performing other work at or adjacent to the Site, through Contractor's failure to take reasonable and customary measures to avoid such impacts, or if any claim arising out of Contractor's actions, inactions, or negligence in performance of the Work at or adjacent to the Site is made by any such other contractor or utility owner against Contractor, Owner, or Engineer, then Contractor shall (1) promptly attempt to settle the claim as to all parties through negotiations with such other contractor or utility owner, or otherwise resolve the claim by arbitration or other dispute resolution proceeding or at law, and (2) indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them from and against any such claims, and against all costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such damage, delay, disruption, or interference.

ARTICLE 9 – OWNER'S RESPONSIBILITIES

9.01 Communications to Contractor

A. Except as otherwise provided in these General Conditions, Owner shall issue all communications to Contractor through Engineer.

9.02 Replacement of Engineer

A. Owner may at its discretion appoint an engineer to replace Engineer, provided Contractor makes no reasonable objection to the replacement engineer. The replacement engineer's status under the Contract Documents shall be that of the former Engineer.

9.03 Furnish Data

A. Owner shall promptly furnish the data required of Owner under the Contract Documents.

9.04 Pay When Due

A. Owner shall make payments to Contractor when they are due as provided in the Agreement.

9.05 Lands and Easements; Reports, Tests, and Drawings

A. Owner's duties with respect to providing lands and easements are set forth in Paragraph 5.01.

B. Owner's duties with respect to providing engineering surveys to establish reference points are set forth in Paragraph 4.03.

C. Article 5 refers to Owner's identifying and making available to Contractor copies of reports of explorations and tests of conditions at the Site, and drawings of physical conditions relating to existing surface or subsurface structures at the Site.

9.06 Insurance

A. Owner's responsibilities, if any, with respect to purchasing and maintaining liability and property insurance are set forth in Article 6.

9.07 Change Orders

A. Owner's responsibilities with respect to Change Orders are set forth in Article 11.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

9.08 Inspections, Tests, and Approvals

A. Owner's responsibility with respect to certain inspections, tests, and approvals is set forth in Paragraph 14.02.B.

9.09 Limitations on Owner's Responsibilities

A. The Owner shall not supervise, direct, or have control or authority over, nor be responsible for, Contractor's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of Contractor to comply with Laws and Regulations applicable to the performance of the Work. Owner will not be responsible for Contractor's failure to perform the Work in accordance with the Contract Documents.

9.10 Undisclosed Hazardous Environmental Condition

A. Owner's responsibility in respect to an undisclosed Hazardous Environmental Condition is set forth in Paragraph 5.06.

9.11 Evidence of Financial Arrangements

A. Upon request of Contractor, Owner shall furnish Contractor reasonable evidence that financial arrangements have been made to satisfy Owner's obligations under the Contract Documents (including obligations under proposed changes in the Work).

9.12 Safety Programs

A. While at the Site, Owner's employees and representatives shall comply with the specific applicable requirements of Contractor's safety programs of which Owner has been informed.

B. Owner shall furnish copies of any applicable Owner safety programs to Contractor.

ARTICLE 10 – ENGINEER'S STATUS DURING CONSTRUCTION

10.01 Owner's Representative

A. Engineer will be Owner's representative during the construction period. The duties and responsibilities and the limitations of authority of Engineer as Owner's representative during construction are set forth in the Contract.

10.02 Visits to Site

A. Engineer will make visits to the Site at intervals appropriate to the various stages of construction as Engineer deems necessary in order to observe as an experienced and qualified design professional the progress that has been made and the quality of the various aspects of Contractor's executed Work. Based on information obtained during such visits and observations, Engineer, for the benefit of Owner, will determine, in general, if the Work is proceeding in accordance with the Contract Documents. Engineer will not be required to make exhaustive or continuous inspections on the Site to check the quality or quantity of the Work. Engineer's efforts will be directed toward providing for Owner a greater degree of confidence that the completed Work will conform generally to the Contract Documents. On the basis of such visits and observations, Engineer will keep Owner informed of the progress of the Work and will endeavor to guard Owner against defective Work.

B. Engineer's visits and observations are subject to all the limitations on Engineer's authority and responsibility set forth in Paragraph 10.08. Particularly, but without limitation, during

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

or as a result of Engineer's visits or observations of Contractor's Work, Engineer will not supervise, direct, control, or have authority over or be responsible for Contractor's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of Contractor to comply with Laws and Regulations applicable to the performance of the Work.

10.03 Project Representative

A. If Owner and Engineer have agreed that Engineer will furnish a Resident Project Representative to represent Engineer at the Site and assist Engineer in observing the progress and quality of the Work, then the authority and responsibilities of any such Resident Project Representative will be as provided in the Supplementary Conditions, and limitations on the responsibilities thereof will be as provided in Paragraph 10.08. If Owner designates another representative or agent to represent Owner at the Site who is not Engineer's consultant, agent, or employee, the responsibilities and authority and limitations thereon of such other individual or entity will be as provided in the Supplementary Conditions.

10.04 Rejecting Defective Work

A. Engineer has the authority to reject Work in accordance with Article 14.

10.05 Shop Drawings, Change Orders and Payments

A. Engineer's authority, and limitations thereof, as to Shop Drawings and Samples, are set forth in Paragraph 7.16.

B. Engineer's authority, and limitations thereof, as to design calculations and design drawings submitted in response to a delegation of professional design services, if any, are set forth in Paragraph 7.19.

C. Engineer's authority as to Change Orders is set forth in Article 11.

D. Engineer's authority as to Applications for Payment is set forth in Article 15.

10.06 Determinations for Unit Price Work

A. Engineer will determine the actual quantities and classifications of Unit Price Work performed by Contractor as set forth in Paragraph 13.03.

10.07 Decisions on Requirements of Contract Documents and Acceptability of Work

A. Engineer will render decisions regarding the requirements of the Contract Documents, and judge the acceptability of the Work, pursuant to the specific procedures set forth herein for initial interpretations, Change Proposals, and acceptance of the Work. In rendering such decisions and judgments, Engineer will not show partiality to Owner or Contractor, and will not be liable to Owner, Contractor, or others in connection with any proceedings, interpretations, decisions, or judgments conducted or rendered in good faith.

10.08 Limitations on Engineer's Authority and Responsibilities

A. Neither Engineer's authority or responsibility under this Article 10 or under any other provision of the Contract, nor any decision made by Engineer in good faith either to exercise or not exercise such authority or responsibility or the undertaking, exercise, or performance of any authority or responsibility by Engineer, shall create, impose, or give rise to any duty in contract, tort, or otherwise owed by Engineer to Contractor, any Subcontractor, any Supplier, any other individual or entity, or to any surety for or employee or agent of any of them.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. Engineer will not supervise, direct, control, or have authority over or be responsible for Contractor's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of Contractor to comply with Laws and Regulations applicable to the performance of the Work. Engineer will not be responsible for Contractor's failure to perform the Work in accordance with the Contract Documents.

C. Engineer will not be responsible for the acts or omissions of Contractor or of any Subcontractor, any Supplier, or of any other individual or entity performing any of the Work.

D. Engineer's review of the final Application for Payment and accompanying documentation and all maintenance and operating instructions, schedules, guarantees, bonds, certificates of inspection, tests and approvals, and other documentation required to be delivered by Paragraph 15.06.A will only be to determine generally that their content complies with the requirements of, and in the case of certificates of inspections, tests, and approvals, that the results certified indicate compliance with the Contract Documents.

E. The limitations upon authority and responsibility set forth in this Paragraph 10.08 shall also apply to the Resident Project Representative, if any.

10.09 Compliance with Safety Program

A. While at the Site, Engineer's employees and representatives will comply with the specific applicable requirements of Owner's and Contractor's safety programs (if any) of which Engineer has been informed.

ARTICLE 11 – AMENDING THE CONTRACT DOCUMENTS; CHANGES IN THE WORK

11.01 Amending and Supplementing Contract Documents

A. The Contract Documents may be amended or supplemented by a Change Order, a Work Change Directive, or a Field Order.

1. *Change Orders*:

a. If an amendment or supplement to the Contract Documents includes a change in the Contract Price or the Contract Times, such amendment or supplement must be set forth in a Change Order. A Change Order also may be used to establish amendments and supplements of the Contract Documents that do not affect the Contract Price or Contract Times.

b. Owner and Contractor may amend those terms and conditions of the Contract Documents that do not involve (1) the performance or acceptability of the Work, (2) the design (as set forth in the Drawings, Specifications, or otherwise), or (3) other engineering or technical matters, without the recommendation of the Engineer. Such an amendment shall be set forth in a Change Order.

2. *Work Change Directives*: A Work Change Directive will not change the Contract Price or the Contract Times but is evidence that the parties expect that the modification ordered or documented by a Work Change Directive will be incorporated in a subsequently issued Change Order, following negotiations by the parties as to the Work Change Directive's effect, if any, on the Contract Price and Contract Times; or, if negotiations are unsuccessful, by a determination under the terms of the Contract Documents governing adjustments, expressly including Paragraph 11.04 regarding change of Contract Price. Contractor must submit any Change Proposal seeking an

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

adjustment of the Contract Price or the Contract Times, or both, no later than 30 days after the completion of the Work set out in the Work Change Directive. Owner must submit any Claim seeking an adjustment of the Contract Price or the Contract Times, or both, no later than 60 days after issuance of the Work Change Directive.

3. *Field Orders*: Engineer may authorize minor changes in the Work if the changes do not involve an adjustment in the Contract Price or the Contract Times and are compatible with the design concept of the completed Project as a functioning whole as indicated by the Contract Documents. Such changes will be accomplished by a Field Order and will be binding on Owner and also on Contractor, which shall perform the Work involved promptly. If Contractor believes that a Field Order justifies an adjustment in the Contract Price or Contract Times, or both, then before proceeding with the Work at issue, Contractor shall submit a Change Proposal as provided herein.

11.02 Owner-Authorized Changes in the Work

A. Without invalidating the Contract and without notice to any surety, Owner may, at any time or from time to time, order additions, deletions, or revisions in the Work. Such changes shall be supported by Engineer's recommendation, to the extent the change involves the design (as set forth in the Drawings, Specifications, or otherwise), or other engineering or technical matters. Such changes may be accomplished by a Change Order, if Owner and Contractor have agreed as to the effect, if any, of the changes on Contract Times or Contract Price; or by a Work Change Directive. Upon receipt of any such document, Contractor shall promptly proceed with the Work involved; or, in the case of a deletion in the Work, promptly cease construction activities with respect to such deleted Work. Added or revised Work shall be performed under the applicable conditions of the Contract Documents. Nothing in this paragraph shall obligate Contractor to undertake work that Contractor reasonably concludes cannot be performed in a manner consistent with Contractor's safety obligations under the Contract Documents or Laws and Regulations.

11.03 Unauthorized Changes in the Work

A. Contractor shall not be entitled to an increase in the Contract Price or an extension of the Contract Times with respect to any work performed that is not required by the Contract Documents, as amended, modified, or supplemented, except in the case of an emergency as provided in Paragraph 7.15 or in the case of uncovering Work as provided in Paragraph 14.05.

11.04 Change of Contract Price

A. The Contract Price may only be changed by a Change Order. Any Change Proposal for an adjustment in the Contract Price shall comply with the provisions of Paragraph 11.06. Any Claim for an adjustment of Contract Price shall comply with the provisions of Article 12.

B. An adjustment in the Contract Price will be determined as follows:

1. where the Work involved is covered by unit prices contained in the Contract Documents, then by application of such unit prices to the quantities of the items involved (subject to the provisions of Paragraph 13.03); or

2. where the Work involved is not covered by unit prices contained in the Contract Documents, then by a mutually agreed lump sum (which may include an allowance for overhead and profit not necessarily in accordance with Paragraph 11.04.C.2); or

3. where the Work involved is not covered by unit prices contained in the Contract Documents and the parties do not reach mutual agreement to a lump sum, then on

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

the basis of the Cost of the Work (determined as provided in Paragraph 13.01) plus a Contractor's fee for overhead and profit (determined as provided in Paragraph 11.04.C).

C. *Contractor's Fee*: When applicable, the Contractor's fee for overhead and profit shall be determined as follows:

1. a mutually acceptable fixed fee; or

2. if a fixed fee is not agreed upon, then a fee based on the following percentages of the various portions of the Cost of the Work:

a. for costs incurred under Paragraphs 13.01.B.1 and 13.01.B.2, the Contractor's fee shall be 15 percent;

b. for costs incurred under Paragraph 13.01.B.3, the Contractor's fee shall be five percent;

c. where one or more tiers of subcontracts are on the basis of Cost of the Work plus a fee and no fixed fee is agreed upon, the intent of Paragraphs 11.04.C.2.a and 11.04.C.2.b is that the Contractor's fee shall be based on: (1) a fee of 15 percent of the costs incurred under Paragraphs 13.01.A.1 and 13.01.A.2 by the Subcontractor that actually performs the Work, at whatever tier, and (2) with respect to Contractor itself and to any Subcontractors of a tier higher than that of the Subcontractor that actually performs the Work, a fee of five percent of the amount (fee plus underlying costs incurred) attributable to the next lower tier Subcontractor; provided, however, that for any such subcontracted work the maximum total fee to be paid by Owner shall be no greater than 27 percent of the costs incurred by the Subcontractor that actually performs the work;

d. no fee shall be payable on the basis of costs itemized under Paragraphs 13.01.B.4, 13.01.B.5, and 13.01.C;

e. the amount of credit to be allowed by Contractor to Owner for any change which results in a net decrease in cost will be the amount of the actual net decrease in cost plus a deduction in Contractor's fee by an amount equal to five percent of such net decrease; and

f. when both additions and credits are involved in any one change, the adjustment in Contractor's fee shall be computed on the basis of the net change in accordance with Paragraphs 11.04.C.2.a through 11.04.C.2.e, inclusive.

11.05 Change of Contract Times

A. The Contract Times may only be changed by a Change Order. Any Change Proposal for an adjustment in the Contract Times shall comply with the provisions of Paragraph 11.06. Any Claim for an adjustment in the Contract Times shall comply with the provisions of Article 12.

B. An adjustment of the Contract Times shall be subject to the limitations set forth in Paragraph 4.05, concerning delays in Contractor's progress.

11.06 Change Proposals

A. Contractor shall submit a Change Proposal to Engineer to request an adjustment in the Contract Times or Contract Price; appeal an initial decision by Engineer concerning the requirements of the Contract Documents or relating to the acceptability of the Work under the Contract Documents; contest a set-off against payment due; or seek other relief under

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

the Contract. The Change Proposal shall specify any proposed change in Contract Times or Contract Price, or both, or other proposed relief, and explain the reason for the proposed change, with citations to any governing or applicable provisions of the Contract Documents.

1. *Procedures*: Contractor shall submit each Change Proposal to Engineer promptly (but in no event later than 30 days) after the start of the event giving rise thereto, or after such initial decision. The Contractor shall submit supporting data, including the proposed change in Contract Price or Contract Time (if any), to the Engineer and Owner within 15 days after the submittal of the Change Proposal. The supporting data shall be accompanied by a written statement that the supporting data are accurate and complete, and that any requested time or price adjustment is the entire adjustment to which Contractor believes it is entitled as a result of said event. Engineer will advise Owner regarding the Change Proposal, and consider any comments or response from Owner regarding the Change Proposal.

2. *Engineer's Action*: Engineer will review each Change Proposal and, within 30 days after receipt of the Contractor's supporting data, either deny the Change Proposal in whole, approve it in whole, or deny it in part and approve it in part. Such actions shall be in writing, with a copy provided to Owner and Contractor. If Engineer does not take action on the Change Proposal within 30 days, then either Owner or Contractor may at any time thereafter submit a letter to the other party indicating that as a result of Engineer's inaction the Change Proposal is deemed denied, thereby commencing the time for appeal of the denial under Article 12.

3. *Binding Decision*: Engineer's decision will be final and binding upon Owner and Contractor, unless Owner or Contractor appeals the decision by filing a Claim under Article 12.

B. *Resolution of Certain Change Proposals*: If the Change Proposal does not involve the design (as set forth in the Drawings, Specifications, or otherwise), the acceptability of the Work, or other engineering or technical matters, then Engineer will notify the parties that the Engineer is unable to resolve the Change Proposal. For purposes of further resolution of such a Change Proposal, such notice shall be deemed a denial, and Contractor may choose to seek resolution under the terms of Article 12.

11.07 Execution of Change Orders

A. Owner and Contractor shall execute appropriate Change Orders covering:

1. changes in the Contract Price or Contract Times which are agreed to by the parties, including any undisputed sum or amount of time for Work actually performed in accordance with a Work Change Directive;

2. changes in Contract Price resulting from an Owner set-off, unless Contractor has duly contested such set-off;

3. changes in the Work which are: (a) ordered by Owner pursuant to Paragraph 11.02, (b) required because of Owner's acceptance of defective Work under Paragraph 14.04 or Owner's correction of defective Work under Paragraph 14.07, or (c) agreed to by the parties, subject to the need for Engineer's recommendation if the change in the Work involves the design (as set forth in the Drawings, Specifications, or otherwise), or other engineering or technical matters; and

4. changes in the Contract Price or Contract Times, or other changes, which embody the substance of any final and binding results under Paragraph 11.06, or Article 12.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. If Owner or Contractor refuses to execute a Change Order that is required to be executed under the terms of this Paragraph 11.07, it shall be deemed to be of full force and effect, as if fully executed.

11.08 Notification to Surety

A. If the provisions of any bond require notice to be given to a surety of any change affecting the general scope of the Work or the provisions of the Contract Documents (including, but not limited to, Contract Price or Contract Times), the giving of any such notice will be Contractor's responsibility. The amount of each applicable bond will be adjusted to reflect the effect of any such change.

ARTICLE 12 – CLAIMS

12.01 Claims

A. *Claims Process*: The following disputes between Owner and Contractor shall be submitted to the Claims process set forth in this Article:

1. Appeals by Owner or Contractor of Engineer's decisions regarding Change Proposals;

2. Owner demands for adjustments in the Contract Price or Contract Times, or other relief under the Contract Documents; and

3. Disputes that Engineer has been unable to address because they do not involve the design (as set forth in the Drawings, Specifications, or otherwise), the acceptability of the Work, or other engineering or technical matters.

B. *Submittal of Claim*: The party submitting a Claim shall deliver it directly to the other party to the Contract promptly (but in no event later than 30 days) after the start of the event giving rise thereto; in the case of appeals regarding Change Proposals within 30 days of the decision under appeal. The party submitting the Claim shall also furnish a copy to the Engineer, for its information only. The responsibility to substantiate a Claim shall rest with the party making the Claim. In the case of a Claim by Contractor seeking an increase in the Contract Times or Contract Price, or both, Contractor shall certify that the Claim is made in good faith, that the supporting data are accurate and complete, and that to the best of Contractor's knowledge and belief the amount of time or money requested accurately reflects the full amount to which Contractor is entitled.

C. *Review and Resolution*: The party receiving a Claim shall review it thoroughly, giving full consideration to its merits. The two parties shall seek to resolve the Claim through the exchange of information and direct negotiations. The parties may extend the time for resolving the Claim by mutual agreement. All actions taken on a Claim shall be stated in writing and submitted to the other party, with a copy to Engineer.

D. *Mediation*:

1. At any time after initiation of a Claim, Owner and Contractor may mutually agree to mediation of the underlying dispute. The agreement to mediate shall stay the Claim submittal and response process.

2. If Owner and Contractor agree to mediation, then after 60 days from such agreement, either Owner or Contractor may unilaterally terminate the mediation process, and the Claim submittal and decision process shall resume as of the date of the termination. If the mediation proceeds but is unsuccessful in resolving the dispute, the Claim

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

submittal and decision process shall resume as of the date of the conclusion of the mediation, as determined by the mediator.

3. Owner and Contractor shall each pay one-half of the mediator's fees and costs.

E. *Partial Approval*: If the party receiving a Claim approves the Claim in part and denies it in part, such action shall be final and binding unless within 30 days of such action the other party invokes the procedure set forth in Article 17 for final resolution of disputes.

F. *Denial of Claim*: If efforts to resolve a Claim are not successful, the party receiving the Claim may deny it by giving written notice of denial to the other party. If the receiving party does not take action on the Claim within 90 days, then either Owner or Contractor may at any time thereafter submit a letter to the other party indicating that as a result of the inaction, the Claim is deemed denied, thereby commencing the time for appeal of the denial. A denial of the Claim shall be final and binding unless within 30 days of the denial the other party invokes the procedure set forth in Article 17 for the final resolution of disputes.

G. *Final and Binding Results*: If the parties reach a mutual agreement regarding a Claim, whether through approval of the Claim, direct negotiations, mediation, or otherwise; or if a Claim is approved in part and denied in part, or denied in full, and such actions become final and binding; then the results of the agreement or action on the Claim shall be incorporated in a Change Order to the extent they affect the Contract, including the Work, the Contract Times, or the Contract Price.

ARTICLE 13 – COST OF THE WORK; ALLOWANCES; UNIT PRICE WORK

13.01 Cost of the Work

A. *Purposes for Determination of Cost of the Work*: The term Cost of the Work means the sum of all costs necessary for the proper performance of the Work at issue, as further defined below. The provisions of this Paragraph 13.01 are used for two distinct purposes:

1. To determine Cost of the Work when Cost of the Work is a component of the Contract Price, under cost-plus-fee, time-and-materials, or other cost-based terms; or

2. To determine the value of a Change Order, Change Proposal, Claim, set-off, or other adjustment in Contract Price. When the value of any such adjustment is determined on the basis of Cost of the Work, Contractor is entitled only to those additional or incremental costs required because of the change in the Work or because of the event giving rise to the adjustment.

B. *Costs Included*: Except as otherwise may be agreed to in writing by Owner, costs included in the Cost of the Work shall be in amounts no higher than those prevailing in the locality of the Project, shall not include any of the costs itemized in Paragraph 13.01.C, and shall include only the following items:

1. Payroll costs for employees in the direct employ of Contractor in the performance of the Work under schedules of job classifications agreed upon by Owner and Contractor. Such employees shall include, without limitation, superintendents, foremen, and other personnel employed full time on the Work. Payroll costs for employees not employed full time on the Work shall be apportioned on the basis of their time spent on the Work. Payroll costs shall include, but not be limited to, salaries and wages plus the cost of fringe benefits, which shall include social security contributions, unemployment, excise, and payroll taxes, workers' compensation, health and retirement benefits, bonuses, sick leave, and vacation and holiday pay applicable

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

thereto. The expenses of performing Work outside of regular working hours, on Saturday, Sunday, or legal holidays, shall be included in the above to the extent authorized by Owner.

2. Cost of all materials and equipment furnished and incorporated in the Work, including costs of transportation and storage thereof, and Suppliers' field services required in connection therewith. All cash discounts shall accrue to Contractor unless Owner deposits funds with Contractor with which to make payments, in which case the cash discounts shall accrue to Owner. All trade discounts, rebates, and refunds and returns from sale of surplus materials and equipment shall accrue to Owner, and Contractor shall make provisions so that they may be obtained.
3. Payments made by Contractor to Subcontractors for Work performed by Subcontractors. If required by Owner, Contractor shall obtain competitive bids from subcontractors acceptable to Owner and Contractor and shall deliver such bids to Owner, who will then determine, with the advice of Engineer, which bids, if any, will be acceptable. If any subcontract provides that the Subcontractor is to be paid on the basis of Cost of the Work plus a fee, the Subcontractor's Cost of the Work and fee shall be determined in the same manner as Contractor's Cost of the Work and fee as provided in this Paragraph 13.01.
4. Costs of special consultants (including but not limited to engineers, architects, testing laboratories, surveyors, attorneys, and accountants) employed for services specifically related to the Work.
5. Supplemental costs including the following:
    a. The proportion of necessary transportation, travel, and subsistence expenses of Contractor's employees incurred in discharge of duties connected with the Work.
    b. Cost, including transportation and maintenance, of all materials, supplies, equipment, machinery, appliances, office, and temporary facilities at the Site, and hand tools not owned by the workers, which are consumed in the performance of the Work, and cost, less market value, of such items used but not consumed which remain the property of Contractor.
    c. Rentals of all construction equipment and machinery, and the parts thereof, whether rented from Contractor or others in accordance with rental agreements approved by Owner with the advice of Engineer, and the costs of transportation, loading, unloading, assembly, dismantling, and removal thereof. All such costs shall be in accordance with the terms of said rental agreements. The rental of any such equipment, machinery, or parts shall cease when the use thereof is no longer necessary for the Work.
    d. Sales, consumer, use, and other similar taxes related to the Work, and for which Contractor is liable, as imposed by Laws and Regulations.
    e. Deposits lost for causes other than negligence of Contractor, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable, and royalty payments and fees for permits and licenses.
    f. Losses and damages (and related expenses) caused by damage to the Work, not compensated by insurance or otherwise, sustained by Contractor in connection with the performance of the Work (except losses and damages within the deductible amounts of property insurance established in accordance with Paragraph 6.05), provided such losses and damages have resulted from causes

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

other than the negligence of Contractor, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable. Such losses shall include settlements made with the written consent and approval of Owner. No such losses, damages, and expenses shall be included in the Cost of the Work for the purpose of determining Contractor's fee.

g. The cost of utilities, fuel, and sanitary facilities at the Site.

h. Minor expenses such as communication service at the Site, express and courier services, and similar petty cash items in connection with the Work.

i. The costs of premiums for all bonds and insurance that Contractor is required by the Contract Documents to purchase and maintain.

C. *Costs Excluded*: The term Cost of the Work shall not include any of the following items:

1. Payroll costs and other compensation of Contractor's officers, executives, principals (of partnerships and sole proprietorships), general managers, safety managers, engineers, architects, estimators, attorneys, auditors, accountants, purchasing and contracting agents, expediters, timekeepers, clerks, and other personnel employed by Contractor, whether at the Site or in Contractor's principal or branch office for general administration of the Work and not specifically included in the agreed upon schedule of job classifications referred to in Paragraph 13.01.B.1 or specifically covered by Paragraph 13.01.B.4. The payroll costs and other compensation excluded here are to be considered administrative costs covered by the Contractor's fee.

2. Expenses of Contractor's principal and branch offices other than Contractor's office at the Site.

3. Any part of Contractor's capital expenses, including interest on Contractor's capital employed for the Work and charges against Contractor for delinquent payments.

4. Costs due to the negligence of Contractor, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable, including but not limited to, the correction of defective Work, disposal of materials or equipment wrongly supplied, and making good any damage to property.

5. Other overhead or general expense costs of any kind and the costs of any item not specifically and expressly included in Paragraph 13.01.B.

D. *Contractor's Fee*: When the Work as a whole is performed on the basis of cost-plus, Contractor's fee shall be determined as set forth in the Agreement. When the value of any Work covered by a Change Order, Change Proposal, Claim, set-off, or other adjustment in Contract Price is determined on the basis of Cost of the Work, Contractor's fee shall be determined as set forth in Paragraph 11.04.C.

E. *Documentation*: Whenever the Cost of the Work for any purpose is to be determined pursuant to this Article 13, Contractor will establish and maintain records thereof in accordance with generally accepted accounting practices and submit in a form acceptable to Engineer an itemized cost breakdown together with supporting data.

13.02 Allowances

A. It is understood that Contractor has included in the Contract Price all allowances so named in the Contract Documents and shall cause the Work so covered to be performed for such sums and by such persons or entities as may be acceptable to Owner and Engineer.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. *Cash Allowances*: Contractor agrees that:

1. the cash allowances include the cost to Contractor (less any applicable trade discounts) of materials and equipment required by the allowances to be delivered at the Site, and all applicable taxes; and

2. Contractor's costs for unloading and handling on the Site, labor, installation, overhead, profit, and other expenses contemplated for the cash allowances have been included in the Contract Price and not in the allowances, and no demand for additional payment on account of any of the foregoing will be valid.

C. *Contingency Allowance*: Contractor agrees that a contingency allowance, if any, is for the sole use of Owner to cover unanticipated costs.

D. Prior to final payment, an appropriate Change Order will be issued as recommended by Engineer to reflect actual amounts due Contractor on account of Work covered by allowances, and the Contract Price shall be correspondingly adjusted.

13.03 Unit Price Work

A. Where the Contract Documents provide that all or part of the Work is to be Unit Price Work, initially the Contract Price will be deemed to include for all Unit Price Work an amount equal to the sum of the unit price for each separately identified item of Unit Price Work times the estimated quantity of each item as indicated in the Agreement.

B. The estimated quantities of items of Unit Price Work are not guaranteed and are solely for the purpose of comparison of Bids and determining an initial Contract Price. Payments to Contractor for Unit Price Work will be based on actual quantities.

C. Each unit price will be deemed to include an amount considered by Contractor to be adequate to cover Contractor's overhead and profit for each separately identified item.

D. Engineer will determine the actual quantities and classifications of Unit Price Work performed by Contractor. Engineer will review with Contractor the Engineer's preliminary determinations on such matters before rendering a written decision thereon (by recommendation of an Application for Payment or otherwise). Engineer's written decision thereon will be final and binding (except as modified by Engineer to reflect changed factual conditions or more accurate data) upon Owner and Contractor, subject to the provisions of the following paragraph.

E. Within 30 days of Engineer's written decision under the preceding paragraph, Contractor may submit a Change Proposal, or Owner may file a Claim, seeking an adjustment in the Contract Price if:

1. the quantity of any item of Unit Price Work performed by Contractor differs materially and significantly from the estimated quantity of such item indicated in the Agreement;

2. there is no corresponding adjustment with respect to any other item of Work; and

3. Contractor believes that it is entitled to an increase in Contract Price as a result of having incurred additional expense or Owner believes that Owner is entitled to a decrease in Contract Price, and the parties are unable to agree as to the amount of any such increase or decrease.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

ARTICLE 14 – TESTS AND INSPECTIONS; CORRECTION, REMOVAL OR ACCEPTANCE OF DEFECTIVE WORK

14.01 Access to Work

A. Owner, Engineer, their consultants and other representatives and personnel of Owner, independent testing laboratories, and authorities having jurisdiction will have access to the Site and the Work at reasonable times for their observation, inspection, and testing. Contractor shall provide them proper and safe conditions for such access and advise them of Contractor's safety procedures and programs so that they may comply therewith as applicable.

14.02 Tests, Inspections, and Approvals

A. Contractor shall give Engineer timely notice of readiness of the Work (or specific parts thereof) for all required inspections and tests, and shall cooperate with inspection and testing personnel to facilitate required inspections and tests.

B. Owner shall retain and pay for the services of an independent inspector, testing laboratory, or other qualified individual or entity to perform all inspections and tests expressly required by the Contract Documents to be furnished and paid for by Owner, except that costs incurred in connection with tests or inspections of covered Work shall be governed by the provisions of Paragraph 14.05.

C. If Laws or Regulations of any public body having jurisdiction require any Work (or part thereof) specifically to be inspected, tested, or approved by an employee or other representative of such public body, Contractor shall assume full responsibility for arranging and obtaining such inspections, tests, or approvals, pay all costs in connection therewith, and furnish Engineer the required certificates of inspection or approval.

D. Contractor shall be responsible for arranging, obtaining, and paying for all inspections and tests required:

1. by the Contract Documents, unless the Contract Documents expressly allocate responsibility for a specific inspection or test to Owner;

2. to attain Owner's and Engineer's acceptance of materials or equipment to be incorporated in the Work;

3. by manufacturers of equipment furnished under the Contract Documents;

4. for testing, adjusting, and balancing of mechanical, electrical, and other equipment to be incorporated into the Work; and

5. for acceptance of materials, mix designs, or equipment submitted for approval prior to Contractor's purchase thereof for incorporation in the Work.

Such inspections and tests shall be performed by independent inspectors, testing laboratories, or other qualified individuals or entities acceptable to Owner and Engineer.

E. If the Contract Documents require the Work (or part thereof) to be approved by Owner, Engineer, or another designated individual or entity, then Contractor shall assume full responsibility for arranging and obtaining such approvals.

F. If any Work (or the work of others) that is to be inspected, tested, or approved is covered by Contractor without written concurrence of Engineer, Contractor shall, if requested by Engineer, uncover such Work for observation. Such uncovering shall be at Contractor's expense unless Contractor had given Engineer timely notice of Contractor's intention to

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

cover the same and Engineer had not acted with reasonable promptness in response to such notice.

14.03 Defective Work

A. *Contractor's Obligation*: It is Contractor's obligation to assure that the Work is not defective.

B. *Engineer's Authority*: Engineer has the authority to determine whether Work is defective, and to reject defective Work.

C. *Notice of Defects*: Prompt notice of all defective Work of which Owner or Engineer has actual knowledge will be given to Contractor.

D. *Correction, or Removal and Replacement*: Promptly after receipt of written notice of defective Work, Contractor shall correct all such defective Work, whether or not fabricated, installed, or completed, or, if Engineer has rejected the defective Work, remove it from the Project and replace it with Work that is not defective.

E. *Preservation of Warranties*: When correcting defective Work, Contractor shall take no action that would void or otherwise impair Owner's special warranty and guarantee, if any, on said Work.

F. *Costs and Damages*: In addition to its correction, removal, and replacement obligations with respect to defective Work, Contractor shall pay all claims, costs, losses, and damages arising out of or relating to defective Work, including but not limited to the cost of the inspection, testing, correction, removal, replacement, or reconstruction of such defective Work, fines levied against Owner by governmental authorities because the Work is defective, and the costs of repair or replacement of work of others resulting from defective Work. Prior to final payment, if Owner and Contractor are unable to agree as to the measure of such claims, costs, losses, and damages resulting from defective Work, then Owner may impose a reasonable set-off against payments due under Article 15.

14.04 Acceptance of Defective Work

A. If, instead of requiring correction or removal and replacement of defective Work, Owner prefers to accept it, Owner may do so (subject, if such acceptance occurs prior to final payment, to Engineer's confirmation that such acceptance is in general accord with the design intent and applicable engineering principles, and will not endanger public safety). Contractor shall pay all claims, costs, losses, and damages attributable to Owner's evaluation of and determination to accept such defective Work (such costs to be approved by Engineer as to reasonableness), and for the diminished value of the Work to the extent not otherwise paid by Contractor. If any such acceptance occurs prior to final payment, the necessary revisions in the Contract Documents with respect to the Work shall be incorporated in a Change Order. If the parties are unable to agree as to the decrease in the Contract Price, reflecting the diminished value of Work so accepted, then Owner may impose a reasonable set-off against payments due under Article 15. If the acceptance of defective Work occurs after final payment, Contractor shall pay an appropriate amount to Owner.

14.05 Uncovering Work

A. Engineer has the authority to require additional inspection or testing of the Work, whether or not the Work is fabricated, installed, or completed.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. If any Work is covered contrary to the written request of Engineer, then Contractor shall, if requested by Engineer, uncover such Work for Engineer's observation, and then replace the covering, all at Contractor's expense.

C. If Engineer considers it necessary or advisable that covered Work be observed by Engineer or inspected or tested by others, then Contractor, at Engineer's request, shall uncover, expose, or otherwise make available for observation, inspection, or testing as Engineer may require, that portion of the Work in question, and provide all necessary labor, material, and equipment.

1. If it is found that the uncovered Work is defective, Contractor shall be responsible for all claims, costs, losses, and damages arising out of or relating to such uncovering, exposure, observation, inspection, and testing, and of satisfactory replacement or reconstruction (including but not limited to all costs of repair or replacement of work of others); and pending Contractor's full discharge of this responsibility the Owner shall be entitled to impose a reasonable set-off against payments due under Article 15.

2. If the uncovered Work is not found to be defective, Contractor shall be allowed an increase in the Contract Price or an extension of the Contract Times, or both, directly attributable to such uncovering, exposure, observation, inspection, testing, replacement, and reconstruction. If the parties are unable to agree as to the amount or extent thereof, then Contractor may submit a Change Proposal within 30 days of the determination that the Work is not defective.

14.06 Owner May Stop the Work

A. If the Work is defective, or Contractor fails to supply sufficient skilled workers or suitable materials or equipment, or fails to perform the Work in such a way that the completed Work will conform to the Contract Documents, then Owner may order Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, this right of Owner to stop the Work shall not give rise to any duty on the part of Owner to exercise this right for the benefit of Contractor, any Subcontractor, any Supplier, any other individual or entity, or any surety for, or employee or agent of any of them.

14.07 Owner May Correct Defective Work

A. If Contractor fails within a reasonable time after written notice from Engineer to correct defective Work, or to remove and replace rejected Work as required by Engineer, or if Contractor fails to perform the Work in accordance with the Contract Documents, or if Contractor fails to comply with any other provision of the Contract Documents, then Owner may, after seven days written notice to Contractor, correct or remedy any such deficiency.

B. In exercising the rights and remedies under this Paragraph 14.07, Owner shall proceed expeditiously. In connection with such corrective or remedial action, Owner may exclude Contractor from all or part of the Site, take possession of all or part of the Work and suspend Contractor's services related thereto, and incorporate in the Work all materials and equipment stored at the Site or for which Owner has paid Contractor but which are stored elsewhere. Contractor shall allow Owner, Owner's representatives, agents and employees, Owner's other contractors, and Engineer and Engineer's consultants access to the Site to enable Owner to exercise the rights and remedies under this paragraph.

C. All claims, costs, losses, and damages incurred or sustained by Owner in exercising the rights and remedies under this Paragraph 14.07 will be charged against Contractor as set- offs against payments due under Article 15. Such claims, costs, losses and damages will

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

include but not be limited to all costs of repair, or replacement of work of others destroyed or damaged by correction, removal, or replacement of Contractor's defective Work.

D. Contractor shall not be allowed an extension of the Contract Times because of any delay in the performance of the Work attributable to the exercise by Owner of Owner's rights and remedies under this Paragraph 14.07.

ARTICLE 15 – PAYMENTS TO CONTRACTOR; SET-OFFS; COMPLETION; CORRECTION PERIOD

15.01 Progress Payments

A. *Basis for Progress Payments*: The Schedule of Values established as provided in Article 2 will serve as the basis for progress payments and will be incorporated into a form of Application for Payment acceptable to Engineer. Progress payments on account of Unit Price Work will be based on the number of units completed during the pay period, as determined under the provisions of Paragraph 13.03. Progress payments for cost-based Work will be based on Cost of the Work completed by Contractor during the pay period.

B. *Applications for Payments*:

1. At least 20 days before the date established in the Agreement for each progress payment (but not more often than once a month), Contractor shall submit to Engineer for review an Application for Payment filled out and signed by Contractor covering the Work completed as of the date of the Application and accompanied by such supporting documentation as is required by the Contract Documents. If payment is requested on the basis of materials and equipment not incorporated in the Work but delivered and suitably stored at the Site or at another location agreed to in writing, the Application for Payment shall also be accompanied by a bill of sale, invoice, or other documentation warranting that Owner has received the materials and equipment free and clear of all Liens, and evidence that the materials and equipment are covered by appropriate property insurance, a warehouse bond, or other arrangements to protect Owner's interest therein, all of which must be satisfactory to Owner.

2. Beginning with the second Application for Payment, each Application shall include an affidavit of Contractor stating that all previous progress payments received on account of the Work have been applied on account to discharge Contractor's legitimate obligations associated with prior Applications for Payment.

3. The amount of retainage with respect to progress payments will be as stipulated in the Agreement.

C. *Review of Applications*:

1. Engineer will, within 10 days after receipt of each Application for Payment, including each resubmittal, either indicate in writing a recommendation of payment and present the Application to Owner, or return the Application to Contractor indicating in writing Engineer's reasons for refusing to recommend payment. In the latter case, Contractor may make the necessary corrections and resubmit the Application.

2. Engineer's recommendation of any payment requested in an Application for Payment will constitute a representation by Engineer to Owner, based on Engineer's observations of the executed Work as an experienced and qualified design professional, and on Engineer's review of the Application for Payment and the accompanying data and schedules, that to the best of Engineer's knowledge, information and belief:

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

a. the Work has progressed to the point indicated;

b. the quality of the Work is generally in accordance with the Contract Documents (subject to an evaluation of the Work as a functioning whole prior to or upon Substantial Completion, the results of any subsequent tests called for in the Contract Documents, a final determination of quantities and classifications for Unit Price Work under Paragraph 13.03, and any other qualifications stated in the recommendation); and

c. the conditions precedent to Contractor's being entitled to such payment appear to have been fulfilled in so far as it is Engineer's responsibility to observe the Work.

3. By recommending any such payment Engineer will not thereby be deemed to have represented that:

a. inspections made to check the quality or the quantity of the Work as it has been performed have been exhaustive, extended to every aspect of the Work in progress, or involved detailed inspections of the Work beyond the responsibilities specifically assigned to Engineer in the Contract; or

b. there may not be other matters or issues between the parties that might entitle Contractor to be paid additionally by Owner or entitle Owner to withhold payment to Contractor.

4. Neither Engineer's review of Contractor's Work for the purposes of recommending payments nor Engineer's recommendation of any payment, including final payment, will impose responsibility on Engineer:

a. to supervise, direct, or control the Work, or

b. for the means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or

c. for Contractor's failure to comply with Laws and Regulations applicable to Contractor's performance of the Work, or

d. to make any examination to ascertain how or for what purposes Contractor has used the money paid on account of the Contract Price, or

e. to determine that title to any of the Work, materials, or equipment has passed to Owner free and clear of any Liens.

5. Engineer may refuse to recommend the whole or any part of any payment if, in Engineer's opinion, it would be incorrect to make the representations to Owner stated in Paragraph 15.01.C.2.

6. Engineer will recommend reductions in payment (set-offs) necessary in Engineer's opinion to protect Owner from loss because:

a. the Work is defective, requiring correction or replacement;

b. the Contract Price has been reduced by Change Orders;

c. Owner has been required to correct defective Work in accordance with Paragraph 14.07, or has accepted defective Work pursuant to Paragraph 14.04;

d. Owner has been required to remove or remediate a Hazardous Environmental Condition for which Contractor is responsible; or

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

e. Engineer has actual knowledge of the occurrence of any of the events that would constitute a default by Contractor and therefore justify termination for cause under the Contract Documents.

D. *Payment Becomes Due*:

1. Ten days after presentation of the Application for Payment to Owner with Engineer's recommendation, the amount recommended (subject to any Owner set-offs) will become due, and when due will be paid by Owner to Contractor.

E. *Reductions in Payment by Owner*:

1. In addition to any reductions in payment (set-offs) recommended by Engineer, Owner is entitled to impose a set-off against payment based on any of the following:

a. claims have been made against Owner on account of Contractor's conduct in the performance or furnishing of the Work, or Owner has incurred costs, losses, or damages on account of Contractor's conduct in the performance or furnishing of the Work, including but not limited to claims, costs, losses, or damages from workplace injuries, adjacent property damage, non-compliance with Laws and Regulations, and patent infringement;

b. Contractor has failed to take reasonable and customary measures to avoid damage, delay, disruption, and interference with other work at or adjacent to the Site;

c. Contractor has failed to provide and maintain required bonds or insurance;

d. Owner has been required to remove or remediate a Hazardous Environmental Condition for which Contractor is responsible;

e. Owner has incurred extra charges or engineering costs related to submittal reviews, evaluations of proposed substitutes, tests and inspections, or return visits to manufacturing or assembly facilities;

f. the Work is defective, requiring correction or replacement;

g. Owner has been required to correct defective Work in accordance with Paragraph 14.07, or has accepted defective Work pursuant to Paragraph 14.04;

h. the Contract Price has been reduced by Change Orders;

i. an event that would constitute a default by Contractor and therefore justify a termination for cause has occurred;

j. liquidated damages have accrued as a result of Contractor's failure to achieve Milestones, Substantial Completion, or final completion of the Work;

k. Liens have been filed in connection with the Work, except where Contractor has delivered a specific bond satisfactory to Owner to secure the satisfaction and discharge of such Liens;

l. there are other items entitling Owner to a set off against the amount recommended.

2. If Owner imposes any set-off against payment, whether based on its own knowledge or on the written recommendations of Engineer, Owner will give Contractor immediate written notice (with a copy to Engineer) stating the reasons for such action and the specific amount of the reduction, and promptly pay Contractor any amount

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

remaining after deduction of the amount so withheld. Owner shall promptly pay Contractor the amount so withheld, or any adjustment thereto agreed to by Owner and Contractor, if Contractor remedies the reasons for such action. The reduction imposed shall be binding on Contractor unless it duly submits a Change Proposal contesting the reduction.

3. Upon a subsequent determination that Owner's refusal of payment was not justified, the amount wrongfully withheld shall be treated as an amount due as determined by Paragraph 15.01.C.1 and subject to interest as provided in the Agreement.

15.02 Contractor's Warranty of Title

A. Contractor warrants and guarantees that title to all Work, materials, and equipment furnished under the Contract will pass to Owner free and clear of (1) all Liens and other title defects, and (2) all patent, licensing, copyright, or royalty obligations, no later than seven days after the time of payment by Owner.

15.03 Substantial Completion

A. When Contractor considers the entire Work ready for its intended use Contractor shall notify Owner and Engineer in writing that the entire Work is substantially complete and request that Engineer issue a certificate of Substantial Completion. Contractor shall at the same time submit to Owner and Engineer an initial draft of punch list items to be completed or corrected before final payment.

B. Promptly after Contractor's notification, Owner, Contractor, and Engineer shall make an inspection of the Work to determine the status of completion. If Engineer does not consider the Work substantially complete, Engineer will notify Contractor in writing giving the reasons therefor.

C. If Engineer considers the Work substantially complete, Engineer will deliver to Owner a preliminary certificate of Substantial Completion which shall fix the date of Substantial Completion. Engineer shall attach to the certificate a punch list of items to be completed or corrected before final payment. Owner shall have seven days after receipt of the preliminary certificate during which to make written objection to Engineer as to any provisions of the certificate or attached punch list. If, after considering the objections to the provisions of the preliminary certificate, Engineer concludes that the Work is not substantially complete, Engineer will, within 14 days after submission of the preliminary certificate to Owner, notify Contractor in writing that the Work is not substantially complete, stating the reasons therefor. If Owner does not object to the provisions of the certificate, or if despite consideration of Owner's objections Engineer concludes that the Work is substantially complete, then Engineer will, within said 14 days, execute and deliver to Owner and Contractor a final certificate of Substantial Completion (with a revised punch list of items to be completed or corrected) reflecting such changes from the preliminary certificate as Engineer believes justified after consideration of any objections from Owner.

D. At the time of receipt of the preliminary certificate of Substantial Completion, Owner and Contractor will confer regarding Owner's use or occupancy of the Work following Substantial Completion, review the builder's risk insurance policy with respect to the end of the builder's risk coverage, and confirm the transition to coverage of the Work under a permanent property insurance policy held by Owner. Unless Owner and Contractor agree otherwise in writing, Owner shall bear responsibility for security, operation, protection of the Work, property insurance, maintenance, heat, and utilities upon Owner's use or occupancy of the Work.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

E. After Substantial Completion the Contractor shall promptly begin work on the punch list of items to be completed or corrected prior to final payment. In appropriate cases Contractor may submit monthly Applications for Payment for completed punch list items, following the progress payment procedures set forth above.

F. Owner shall have the right to exclude Contractor from the Site after the date of Substantial Completion subject to allowing Contractor reasonable access to remove its property and complete or correct items on the punch list.

15.04 Partial Use or Occupancy

A. Prior to Substantial Completion of all the Work, Owner may use or occupy any substantially completed part of the Work which has specifically been identified in the Contract Documents, or which Owner, Engineer, and Contractor agree constitutes a separately functioning and usable part of the Work that can be used by Owner for its intended purpose without significant interference with Contractor's performance of the remainder of the Work, subject to the following conditions:

1. At any time Owner may request in writing that Contractor permit Owner to use or occupy any such part of the Work that Owner believes to be substantially complete. If and when Contractor agrees that such part of the Work is substantially complete, Contractor, Owner, and Engineer will follow the procedures of Paragraph 15.03.A through E for that part of the Work.

2. At any time Contractor may notify Owner and Engineer in writing that Contractor considers any such part of the Work substantially complete and request Engineer to issue a certificate of Substantial Completion for that part of the Work.

3. Within a reasonable time after either such request, Owner, Contractor, and Engineer shall make an inspection of that part of the Work to determine its status of completion. If Engineer does not consider that part of the Work to be substantially complete, Engineer will notify Owner and Contractor in writing giving the reasons therefor. If Engineer considers that part of the Work to be substantially complete, the provisions of Paragraph 15.03 will apply with respect to certification of Substantial Completion of that part of the Work and the division of responsibility in respect thereof and access thereto.

4. No use or occupancy or separate operation of part of the Work may occur prior to compliance with the requirements of Paragraph 6.05 regarding builder's risk or other property insurance.

15.05 Final Inspection

A. Upon written notice from Contractor that the entire Work or an agreed portion thereof is complete, Engineer will promptly make a final inspection with Owner and Contractor and will notify Contractor in writing of all particulars in which this inspection reveals that the Work, or agreed portion thereof, is incomplete or defective. Contractor shall immediately take such measures as are necessary to complete such Work or remedy such deficiencies.

15.06 Final Payment

A. *Application for Payment*:

1. After Contractor has, in the opinion of Engineer, satisfactorily completed all corrections identified during the final inspection and has delivered, in accordance with the Contract Documents, all maintenance and operating instructions, schedules, guarantees, bonds, certificates or other evidence of insurance, certificates of

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

inspection, annotated record documents (as provided in Paragraph 7.11), and other documents, Contractor may make application for final payment.

2. The final Application for Payment shall be accompanied (except as previously delivered) by:

   a. all documentation called for in the Contract Documents;

   b. consent of the surety, if any, to final payment;

   c. satisfactory evidence that all title issues have been resolved such that title to all Work, materials, and equipment has passed to Owner free and clear of any Liens or other title defects, or will so pass upon final payment.

   d. a list of all disputes that Contractor believes are unsettled; and

   e. complete and legally effective releases or waivers (satisfactory to Owner) of all Lien rights arising out of the Work, and of Liens filed in connection with the Work.

3. In lieu of the releases or waivers of Liens specified in Paragraph 15.06.A.2 and as approved by Owner, Contractor may furnish receipts or releases in full and an affidavit of Contractor that: (a) the releases and receipts include all labor, services, material, and equipment for which a Lien could be filed; and (b) all payrolls, material and equipment bills, and other indebtedness connected with the Work for which Owner might in any way be responsible, or which might in any way result in liens or other burdens on Owner's property, have been paid or otherwise satisfied. If any Subcontractor or Supplier fails to furnish such a release or receipt in full, Contractor may furnish a bond or other collateral satisfactory to Owner to indemnify Owner against any Lien, or Owner at its option may issue joint checks payable to Contractor and specified Subcontractors and Suppliers.

B. *Engineer's Review of Application and Acceptance*:

1. If, on the basis of Engineer's observation of the Work during construction and final inspection, and Engineer's review of the final Application for Payment and accompanying documentation as required by the Contract Documents, Engineer is satisfied that the Work has been completed and Contractor's other obligations under the Contract have been fulfilled, Engineer will, within ten days after receipt of the final Application for Payment, indicate in writing Engineer's recommendation of final payment and present the Application for Payment to Owner for payment. Such recommendation shall account for any set-offs against payment that are necessary in Engineer's opinion to protect Owner from loss for the reasons stated above with respect to progress payments. At the same time Engineer will also give written notice to Owner and Contractor that the Work is acceptable, subject to the provisions of Paragraph 15.07. Otherwise, Engineer will return the Application for Payment to Contractor, indicating in writing the reasons for refusing to recommend final payment, in which case Contractor shall make the necessary corrections and resubmit the Application for Payment.

C. *Completion of Work*: The Work is complete (subject to surviving obligations) when it is ready for final payment as established by the Engineer's written recommendation of final payment.

D. *Payment Becomes Due*: Thirty days after the presentation to Owner of the final Application for Payment and accompanying documentation, the amount recommended by Engineer (less any further sum Owner is entitled to set off against Engineer's recommendation,

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

including but not limited to set-offs for liquidated damages and set-offs allowed under the provisions above with respect to progress payments) will become due and shall be paid by Owner to Contractor.

15.07 Waiver of Claims

A. The making of final payment will not constitute a waiver by Owner of claims or rights against Contractor. Owner expressly reserves claims and rights arising from unsettled Liens, from defective Work appearing after final inspection pursuant to Paragraph 15.05, from Contractor's failure to comply with the Contract Documents or the terms of any special guarantees specified therein, from outstanding Claims by Owner, or from Contractor's continuing obligations under the Contract Documents.

B. The acceptance of final payment by Contractor will constitute a waiver by Contractor of all claims and rights against Owner other than those pending matters that have been duly submitted or appealed under the provisions of Article 17.

15.08 Correction Period

A. If within one year after the date of Substantial Completion (or such longer period of time as may be prescribed by the terms of any applicable special guarantee required by the Contract Documents, or by any specific provision of the Contract Documents), any Work is found to be defective, or if the repair of any damages to the Site, adjacent areas that Contractor has arranged to use through construction easements or otherwise, and other adjacent areas used by Contractor as permitted by Laws and Regulations, is found to be defective, then Contractor shall promptly, without cost to Owner and in accordance with Owner's written instructions:

1. correct the defective repairs to the Site or such other adjacent areas;

2. correct such defective Work;

3. if the defective Work has been rejected by Owner, remove it from the Project and replace it with Work that is not defective, and

4. satisfactorily correct or repair or remove and replace any damage to other Work, to the work of others, or to other land or areas resulting therefrom.

B. If Contractor does not promptly comply with the terms of Owner's written instructions, or in an emergency where delay would cause serious risk of loss or damage, Owner may have the defective Work corrected or repaired or may have the rejected Work removed and replaced. Contractor shall pay all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such correction or repair or such removal and replacement (including but not limited to all costs of repair or replacement of work of others).

C. In special circumstances where a particular item of equipment is placed in continuous service before Substantial Completion of all the Work, the correction period for that item may start to run from an earlier date if so provided in the Specifications.

D. Where defective Work (and damage to other Work resulting therefrom) has been corrected or removed and replaced under this paragraph, the correction period hereunder with respect to such Work will be extended for an additional period of one year after such correction or removal and replacement has been satisfactorily completed.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

E. Contractor's obligations under this paragraph are in addition to all other obligations and warranties. The provisions of this paragraph shall not be construed as a substitute for, or a waiver of, the provisions of any applicable statute of limitation or repose.

ARTICLE 16 – SUSPENSION OF WORK AND TERMINATION

16.01 Owner May Suspend Work

A. At any time and without cause, Owner may suspend the Work or any portion thereof for a period of not more than 90 consecutive days by written notice to Contractor and Engineer. Such notice will fix the date on which Work will be resumed. Contractor shall resume the Work on the date so fixed. Contractor shall be entitled to an adjustment in the Contract Price or an extension of the Contract Times, or both, directly attributable to any such suspension. Any Change Proposal seeking such adjustments shall be submitted no later than 30 days after the date fixed for resumption of Work.

16.02 Owner May Terminate for Cause

A. The occurrence of any one or more of the following events will constitute a default by Contractor and justify termination for cause:

1. Contractor's persistent failure to perform the Work in accordance with the Contract Documents (including, but not limited to, failure to supply sufficient skilled workers or suitable materials or equipment or failure to adhere to the Progress Schedule);

2. Failure of Contractor to perform or otherwise to comply with a material term of the Contract Documents;

3. Contractor's disregard of Laws or Regulations of any public body having jurisdiction; or

4. Contractor's repeated disregard of the authority of Owner or Engineer.

B. If one or more of the events identified in Paragraph 16.02.A occurs, then after giving Contractor (and any surety) ten days written notice that Owner is considering a declaration that Contractor is in default and termination of the contract, Owner may proceed to:

1. declare Contractor to be in default, and give Contractor (and any surety) notice that the Contract is terminated; and

2. enforce the rights available to Owner under any applicable performance bond.

C. Subject to the terms and operation of any applicable performance bond, if Owner has terminated the Contract for cause, Owner may exclude Contractor from the Site, take possession of the Work, incorporate in the Work all materials and equipment stored at the Site or for which Owner has paid Contractor but which are stored elsewhere, and complete the Work as Owner may deem expedient.

D. Owner may not proceed with termination of the Contract under Paragraph 16.02.B if Contractor within seven days of receipt of notice of intent to terminate begins to correct its failure to perform and proceeds diligently to cure such failure.

E. If Owner proceeds as provided in Paragraph 16.02.B, Contractor shall not be entitled to receive any further payment until the Work is completed. If the unpaid balance of the Contract Price exceeds the cost to complete the Work, including all related claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals) sustained by Owner, such excess will be paid to Contractor. If the cost to complete the Work including such related claims, costs, losses,

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

and damages exceeds such unpaid balance, Contractor shall pay the difference to Owner. Such claims, costs, losses, and damages incurred by Owner will be reviewed by Engineer as to their reasonableness and, when so approved by Engineer, incorporated in a Change Order. When exercising any rights or remedies under this paragraph, Owner shall not be required to obtain the lowest price for the Work performed.

F. Where Contractor's services have been so terminated by Owner, the termination will not affect any rights or remedies of Owner against Contractor then existing or which may thereafter accrue, or any rights or remedies of Owner against Contractor or any surety under any payment bond or performance bond. Any retention or payment of money due Contractor by Owner will not release Contractor from liability.

G. If and to the extent that Contractor has provided a performance bond under the provisions of Paragraph 6.01.A, the provisions of that bond shall govern over any inconsistent provisions of Paragraphs 16.02.B and 16.02.D.

16.03 Owner May Terminate For Convenience

A. Upon seven days written notice to Contractor and Engineer, Owner may, without cause and without prejudice to any other right or remedy of Owner, terminate the Contract. In such case, Contractor shall be paid for (without duplication of any items):

1. completed and acceptable Work executed in accordance with the Contract Documents prior to the effective date of termination, including fair and reasonable sums for overhead and profit on such Work;

2. expenses sustained prior to the effective date of termination in performing services and furnishing labor, materials, or equipment as required by the Contract Documents in connection with uncompleted Work, plus fair and reasonable sums for overhead and profit on such expenses; and

3. other reasonable expenses directly attributable to termination, including costs incurred to prepare a termination for convenience cost proposal.

B. Contractor shall not be paid on account of loss of anticipated overhead, profits, or revenue, or other economic loss arising out of or resulting from such termination.

16.04 Contractor May Stop Work or Terminate

A. If, through no act or fault of Contractor, (1) the Work is suspended for more than 90 consecutive days by Owner or under an order of court or other public authority, or (2) Engineer fails to act on any Application for Payment within 30 days after it is submitted, or (2) Owner fails for 30 days to pay Contractor any sum finally determined to be due, then Contractor may, upon seven days written notice to Owner and Engineer, and provided Owner or Engineer do not remedy such suspension or failure within that time, terminate the contract and recover from Owner payment on the same terms as provided in Paragraph 16.03.

B. In lieu of terminating the Contract and without prejudice to any other right or remedy, if Engineer has failed to act on an Application for Payment within 30 days after it is submitted, or Owner has failed for 30 days to pay Contractor any sum finally determined to be due, Contractor may, seven days after written notice to Owner and Engineer, stop the Work until payment is made of all such amounts due Contractor, including interest thereon. The provisions of this paragraph are not intended to preclude Contractor from submitting a Change Proposal for an adjustment in Contract Price or Contract Times or otherwise for

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

expenses or damage directly attributable to Contractor's stopping the Work as permitted by this paragraph.

ARTICLE 17 – FINAL RESOLUTION OF DISPUTES

17.01 Methods and Procedures

A. *Disputes Subject to Final Resolution*: The following disputed matters are subject to final resolution under the provisions of this Article:

1. A timely appeal of an approval in part and denial in part of a Claim, or of a denial in full; and

2. Disputes between Owner and Contractor concerning the Work or obligations under the Contract Documents, and arising after final payment has been made.

B. *Final Resolution of Disputes*: For any dispute subject to resolution under this Article, Owner or Contractor may:

1. elect in writing to invoke the dispute resolution process provided for in the Supplementary Conditions; or

2. agree with the other party to submit the dispute to another dispute resolution process; or

3. if no dispute resolution process is provided for in the Supplementary Conditions or mutually agreed to, give written notice to the other party of the intent to submit the dispute to a court of competent jurisdiction.

ARTICLE 18 – MISCELLANEOUS

18.01 Giving Notice

A. Whenever any provision of the Contract Documents requires the giving of written notice, it will be deemed to have been validly given if:

1. delivered in person, by a commercial courier service or otherwise, to the individual or to a member of the firm or to an officer of the corporation for which it is intended; or

2. delivered at or sent by registered or certified mail, postage prepaid, to the last business address known to the sender of the notice.

18.02 Computation of Times

A. When any period of time is referred to in the Contract by days, it will be computed to exclude the first and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day will be omitted from the computation.

18.03 Cumulative Remedies

A. The duties and obligations imposed by these General Conditions and the rights and remedies available hereunder to the parties hereto are in addition to, and are not to be construed in any way as a limitation of, any rights and remedies available to any or all of them which are otherwise imposed or available by Laws or Regulations, by special warranty or guarantee, or by other provisions of the Contract. The provisions of this paragraph will be as effective as if repeated specifically in the Contract Documents in connection with each particular duty, obligation, right, and remedy to which they apply.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

18.04 Limitation of Damages

A. With respect to any and all Change Proposals, Claims, disputes subject to final resolution, and other matters at issue, neither Owner nor Engineer, nor any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors, shall be liable to Contractor for any claims, costs, losses, or damages sustained by Contractor on or in connection with any other project or anticipated project.

18.05 No Waiver

A. A party's non-enforcement of any provision shall not constitute a waiver of that provision, nor shall it affect the enforceability of that provision or of the remainder of this Contract.

18.06 Survival of Obligations

A. All representations, indemnifications, warranties, and guarantees made in, required by, or given in accordance with the Contract, as well as all continuing obligations indicated in the Contract, will survive final payment, completion, and acceptance of the Work or termination or completion of the Contract or termination of the services of Contractor.

18.07 Controlling Law

A. This Contract is to be governed by the law of the state in which the Project is located.

18.08 Headings

A. Article and paragraph headings are inserted for convenience only and do not constitute parts of these General Conditions.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

SECTION 00800

SUPPLEMENTARY CONDITIONS

These Supplementary Conditions amend or supplement the Standard General Conditions of the Construction Contract, EJCDC® C-700 (2013 Edition). All provisions that are not so amended or supplemented remain in full force and effect.

The terms used in these Supplementary Conditions have the meanings stated in the General Conditions. Additional terms used in these Supplementary Conditions have the meanings stated below, which are applicable to both the singular and plural thereof.

The address system used in these Supplementary Conditions is the same as the address system used in the General Conditions, with the prefix "SC" added thereto.

ARTICLE 1 – 1 – DEFINITIONS AND TERMINOLOGY

1.01 *1.01 Defined Terms*

SC-1.01. Add to the list of definitions in Paragraph 1.01.A by inserting the following as numbered items in their proper alphabetical positions:

SURETY – The person, firm, or corporation which is bound by the contract bonds with and for Contractor (Principal); and which is held and firmly bound unto Owner for the conditions of obligations set forth in said bonds.

ARTICLE 2 – 2 – PRELIMINARY MATTERS

2.01 *2.01 Delivery of Bonds and Evidence of Insurance*

SC-2.01 Delete Paragraphs 2.01 B. in their entirety and insert the following in their place:

B. Evidence of Contractor's Insurance: When Contractor delivers the executed counterparts of the Agreement to Owner, Contractor shall also deliver to Owner copies of the policies of insurance (including all endorsements, and identification of applicable self-insured retentions and deductibles) required to be provided by Contractor in Article 6. Contractor may block out (redact) any confidential premium or pricing information contained in any policy or endorsement furnished under this provision.

SC-2.01 Delete Paragraphs 2.01 C. in its entirety.

2.02 *2.03 Before Starting Construction*

SC-2.03 Amend the second sentence of Paragraph 2.03.A to read as follows:

At the Preconstruction Conference (or as otherwise specifically required by the Contract Documents), Contractor shall submit to Engineer for timely review

ARTICLE 3 – 4 – PRELIMINARY MATTERS

3.01 *4.01 Commencement of Contract Times; Notice to Proceed*

SC-4.01 Amend the third sentence of Paragraph 4.01 A. to read as follows:

A. In no event will the Contract Times commence to run later than the one hundred eightieth day after the day of Bid opening or the ninetieth day after the Effective Date of the Contract, whichever date is earlier.

ARTICLE 4 – 5 – AVAILABILITY OF LANDS; SUBSURFACE AND PHYSICAL CONDITIONS; HAZARDOUS ENVIRONMENTAL CONDITIONS

4.01 *5.01 Availability of Lands*

SC-5.01 Add the following to the end of paragraph 5.01.C:

Contractor shall obtain said land rights at his own expense and without liability to the Owner. Contractor shall not enter upon private property without first obtaining written permission from the rightful property owner.

4.02 *5.03 Subsurface and Physical Conditions*

SC-5.03 Add the following new paragraphs immediately after Paragraph 5.03.B:

C. In the preparation of Drawings and Specifications, Engineer or Engineer's Consultants relied upon the following reports of explorations and tests of subsurface conditions at the Site:

1. Report dated January 28, 2020, prepared by ____Tierra_____, entitled: "Borehole Permeability Test", consisting of 3 pages.

E. Copies of these reports and drawings itemized in SC 5.03.C that are not included with the Bidding Documents may be examined at the Engineer's office during regular business hours. These reports and drawings are not part of the Contract Documents, but the "technical data" contained therein upon which Contractor may rely as identified and established above are incorporated therein by reference. Contractor is not entitled to rely upon other information and data utilized by Engineer and Engineer's Consultants in the preparation of Drawings and Specifications.

4.03 *5.06 Hazardous Environmental Conditions*

SC 5.06 Delete Paragraphs 5.06.A and 5.06.B in their entirety and insert the following:

A. No reports or drawings related to Hazardous Environmental Conditions at the Site are known to Owner.

B. Not Used.

SC-5.06 Delete Paragraph 5.06 I. in its entirety.

SC 5.06 Amend the first paragraph of 5.06.J of the General Conditions by changing "(including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs)" to "(including but not limited to all fees

and charges of engineers, architects, attorneys, and other professionals and all court or other dispute resolution costs)"

ARTICLE 5 – 6 – BONDS AND INSURANCE

5.01 *6.01 Performance, Payment, and Other Bonds*

SC 6.01 Delete Paragraph 6.01.B in its entirety and insert the following:

B. All Bonds shall be in the form prescribed by the Contract Documents or other form approved by Owner. All else notwithstanding, the terms of all Bonds shall be substantially in the form prescribed by Chapter 255, Florida Statutes. All Bonds shall be executed by Contractor and a corporate bonding company licensed to transact such business in the State of Florida and named on the current list of "Surety Companies Acceptable on Federal Bonds" as published in the Treasury Department Circular Number 570. Contractor will cause the Bonds to be recorded with the Clerk of the Circuit Court in the county in which the Work is to be performed. Failure to execute bonds in the form prescribed may constitute nonresponsiveness on the part of Contractor. The expense for all Bonds shall be Contractor's responsibility.

5.02 *6.02 Insurance—General Provisions*

SC-6.02 Add the following paragraph immediately after Paragraph 6.02.B:

1. Certificates of insurance shall be issued by a company with a Best's rating of at least B+ authorized to do business in the State of Florida. Owner must approve non-rated insurers. If used, Owner shall be shown as the Certificate Holder, Engineer as Additional Insured and provide for a 30-day cancellation notice.

SC-6.02 Delete Paragraph 6.02 D. in its entirety.

SC-6.02 Add the following paragraph immediately after Paragraph 6.02.J:

K. No work shall be commenced under this contract until the required Certificate(s) have been provided. Work shall not continue after expiration (or cancellation) until new Certificate(s) have been provided. Non-continuance of work after expiration (or cancellation) of Certificate(s) will not constitute a delay beyond Contractor's control as defined in paragraph 4.05.

L. Contractor shall arrange for its insurers' policies to include, or be endorsed to include, a severability of interest/cross liability provision, so that Owner will be treated as if a separate policy were in existence, but without increasing the policy limits.

M. Contractor's deductibles/self-insured retentions shall be disclosed to Owner and may be disapproved by the latter. They shall be reduced or eliminated at the option of Owner. Contractor is responsible for the amount of any deductible or self-insured retention.

N. Insurance required of Contractor or any other insurance of Contractor shall be considered primary and insurance or self-insurance of Owner shall be considered excess, as may be applicable to claims that arise out of this contract.

O. The Contractor shall either (a) require each subcontractor to procure and maintain the same coverage as required of the Contractor, or (b) insure the activities of subcontractors in his own policy.

SC-6.05.A. Add the following to the list of items in Paragraph 6.05.A, as numbered items:

14. include for the benefit of Owner loss of profits and soft cost coverage including, without limitation, fixed expenses and debt service for a minimum of 12 months with a maximum deductible of 30 days, plus attorneys fees and engineering or other consultants' fees, if not otherwise covered;

15. include by express endorsement coverage of damage to Contractor's equipment.

ARTICLE 6 – 7 – CONTRACTOR'S RESPONSIBILITIES

6.01 *7.02 Labor; Working Hours*

SC-7.02.B. Amend the first and second sentences of Paragraph 7.02.B to state "…all Work at the Site shall be performed during regular working hours, 7:00 AM through 5:00 PM. Contractor will not perform Work on a Saturday, Sunday, or any legal holiday recognized by the Owner without prior written approval by the Owner. The Owner recognizes the following legal holidays:

New Year's Day (January 1)
Martin Luther King Jr. Day (3rd Monday in January)
President's Day (3rd Monday in February)
Good Friday
Memorial Day (Last Monday of May)
Independence Day (July 4)
Labor Day (1st Monday of September)
Veteran's Day (November 11)
Thanksgiving Day (4th Thursday of November)
Day After Thanksgiving (4th Friday of November)
Christmas Eve (December 24)
Christmas Day (December 25)
New Year's Eve (December 31)"

SC-7.02.C. Add the following new paragraph immediately after Paragraph 7.02.B:

Contractor shall be responsible for the cost of any overtime pay or other expense incurred by the Owner for Engineer's services (including those of the Resident Project Representative, if any), Owner's representative, and construction observation services, occasioned by the performance of Work outside of regular working hours as defined in the Contract Documents. If Contractor is responsible but does not pay, or if the parties are unable to agree as to the amount owed, then Owner may impose a reasonable set-off against payments due under Article 15.

SC-7.07 Delete Paragraph 7.07 B. in its entirety.

6.02 *7.11 Record Documents*

SC-7.11.A. Add the following new paragraph immediately after Paragraph 7.11.A:

Annotation of record documents shall be legible, precise, and complete as determined by Engineer. Record drawings shall also meet all additional requirements if any as specified in the Contract Documents including providing an electronic CAD version.

6.03 *7.12 Safety and Protection*

SC-7.12.A. Add the following new paragraph immediately after Paragraph 7.12.A.3:

4. Contractor shall be responsible at all times for precautions to achieve the protection of all persons, including employees and property. Contractor shall make special effort to detect hazardous conditions and shall take prompt action where necessary to avoid accident, injury, or property damage. OSHA and all other applicable safety laws and ordinances shall be followed as well as American National Standards Institute Safety Standards. All accidents, injuries, claims, or potential claims shall be reported promptly to Owner.

6.04 *7.16 Shop Drawings, Samples, and Other Submittals*

SC-7.16.E. Add the following new paragraph immediately after Paragraph 7.16.E.1:

2. Contractor shall reimburse Owner for the charges of Engineer and Engineer's Consultants for costs generated as a result of more than two submittals of any one Shop Drawing or Sample being required for evaluation due to rejection for noncompliance of the original submittal or for lack of information required by the Contract Documents. Owner's reimbursement for the charges shall be a deduction from Contractor's Partial Payment(s).

6.05 *7.18 Indemnification*

SC-7.18 Delete in its entirety

ARTICLE 7 – 9 – OWNER'S RESPONSIBILITIES

7.01 *9.02 Replacement of Engineer*

SC-9.02 Amend paragraph 9.02 of the General Conditions by striking out the following words: ",provided the Contractor makes no reasonable objection."

7.02 *9.11 Evidence of Financial Arrangements*

SC-9.11 Delete in its entirety

ARTICLE 8 – 10 – ENGINEER'S STATUS DURING CONSTRUCTION

8.01 *10.03 Project Representative*

SC-10.03 Add the following new paragraphs immediately after Paragraph 10.03.A:

B. The Resident Project Representative (RPR) will be Engineer's representative at the Site, will act as directed by and under the supervision of Engineer, and will confer with Engineer regarding RPR's actions.

1. General: RPR's dealings in matters pertaining to the Work in general shall be with Engineer and Contractor. RPR's dealings with Subcontractors shall only be through or with the full knowledge and approval of Contractor. RPR shall generally communicate with Owner only with the knowledge of and under the direction of Engineer.

2. Schedules: Review the progress schedule, schedule of Shop Drawing and Sample submittals, and Schedule of Values prepared by Contractor and consult with Engineer concerning acceptability.

3. Conferences and Meetings: Attend meetings with Contractor, such as preconstruction conferences, progress meetings, job conferences, and other Project-related meetings, and prepare and circulate copies of minutes thereof.

4. Liaison:

a. Serve as Engineer's liaison with Contractor. Working principally through Contractor's authorized representative or designee, assist in providing information regarding the provisions and intent of the Contract Documents.

b. Assist Engineer in serving as Owner's liaison with Contractor when Contractor's operations affect Owner's on-Site operations.

c. Assist in obtaining from Owner additional details or information, when required for proper execution of the Work.

5. Interpretation of Contract Documents: Report to Engineer when clarifications and interpretations of the Contract Documents are needed and transmit to Contractor clarifications and interpretations as issued by Engineer.

6. Shop Drawings and Samples:

a. **Record date of receipt of Samples and Contractor-approved Shop Drawings.**

b. Receive Samples which are furnished at the Site by Contractor, and notify Engineer of availability of Samples for examination.

c. Advise Engineer and Contractor of the commencement of any portion of the Work requiring a Shop Drawing or Sample submittal for which RPR believes that the submittal has not been approved by Engineer.

7. Modifications: Consider and evaluate Contractor's suggestions for modifications in Drawings or Specifications and report such suggestions, together with RPR's recommendations, if any, to Engineer. Transmit to Contractor in writing decisions as issued by Engineer.

8. **Review of Work and Rejection of Defective Work:**

   a. **Conduct on-Site observations of Contractor's work in progress to assist Engineer in determining if the Work is in general proceeding in accordance with the Contract Documents.**

   b. **Report to Engineer whenever RPR believes that any part of Contractor's work in progress is defective, will not produce a completed Project that conforms generally to the Contract Documents, or will imperil the integrity of the design concept of the completed Project as a functioning whole as indicated in the Contract Documents, or has been damaged, or does not meet the requirements of any inspection, test or approval required to be made; and advise Engineer of that part of work in progress that RPR believes should be corrected or rejected or should be uncovered for observation, or requires special testing, inspection or approval.**

9. **Inspections, Tests, and System Start-ups:**

   a. **Verify that tests, equipment, and systems start-ups and operating and maintenance training are conducted in the presence of appropriate Owner's personnel, and that Contractor maintains adequate records thereof.**

   b. **Observe, record, and report to Engineer appropriate details relative to the test procedures and systems start-ups.**

10. **Records:**

    a. **Prepare a daily report or keep a diary or log book, recording Contractor's hours on the Site, Subcontractors present at the Site, weather conditions, data relative to questions of Change Orders, Field Orders, Work Change Directives, or changed conditions, Site visitors, deliveries of equipment or materials, daily activities, decisions, observations in general, and specific observations in more detail as in the case of observing test procedures; and send copies to Engineer.**

    b. **Record names, addresses, fax numbers, e-mail addresses, web site locations, and telephone numbers of all Contractors, Subcontractors, and major Suppliers of materials and equipment.**

    c. **Maintain records for use in preparing Project documentation.**

11. **Reports:**

    a. **Furnish to Engineer periodic reports as required of progress of the Work and of Contractor's compliance with the Progress Schedule and schedule of Shop Drawing and Sample submittals.**

    b. **Draft and recommend to Engineer proposed Change Orders, Work Change Directives, and Field Orders. Obtain backup material from Contractor.**

    c. **Immediately notify Engineer of the occurrence of any Site accidents, emergencies, acts of God endangering the Work, force majeure or delay events, damage to property by fire or other causes, or the discovery of any Constituent of Concern or Hazardous Environmental Condition.**

12. **Payment Requests: Review applications for payment with Contractor for compliance with the established procedure for their submission and forward with recommendations to Engineer, noting particularly the relationship of the payment requested to the Schedule of Values, Work completed, and materials and equipment delivered at the Site but not incorporated in the Work.**

13. **Certificates, Operation and Maintenance Manuals: During the course of the Work, verify that materials and equipment certificates, operation and maintenance manuals and other data required by the Contract Documents to be assembled and furnished by Contractor are applicable to the items actually installed and in accordance with the Contract Documents, and have these documents delivered to Engineer for review and forwarding to Owner prior to payment for that part of the Work.**

14. **Completion:**

    a. **Participate in Engineer's visits to the Site to determine Substantial Completion, assist in the determination of Substantial Completion and the preparation of a punch list of items to be completed or corrected.**

    b. **Participate in Engineer's final visit to the Site to determine completion of the Work, in the company of Owner and Contractor, and prepare a final punch list of items to be completed and deficiencies to be remedied.**

    c. **Observe whether all items on the final list have been completed or corrected and make recommendations to Engineer concerning acceptance and issuance of the notice of acceptability of the work.**

C. The RPR shall not:

1. **Authorize any deviation from the Contract Documents or substitution of materials or equipment (including "or-equal" items).**

2. **Exceed limitations of Engineer's authority as set forth in the Contract Documents.**

3. **Undertake any of the responsibilities of Contractor, Subcontractors, or Suppliers.**

4. **Advise on, issue directions relative to, or assume control over any aspect of the means, methods, techniques, sequences or procedures of Contractor's work.**

5. **Advise on, issue directions regarding, or assume control over security or safety practices, precautions, and programs in connection with the activities or operations of Owner or Contractor.**

6. **Participate in specialized field or laboratory tests or inspections conducted off-site by others except as specifically authorized by Engineer.**

7. **Accept Shop Drawing or Sample submittals from anyone other than Contractor.**

8. **Authorize Owner to occupy the Project in whole or in part.**

ARTICLE 13 – 12 – CLAIMS

8.02 *12.01 Claims*

SC 12.01.B Amend the first sentence of paragraph 12.01.B of the General Conditions by changing "(but in no event later than 30 days)" to "(but in no event later than 90 days for the Owner and no later than 10 days for the Contractor)".

ARTICLE 14 – 13 – COST OF THE WORK; ALLOWANCES; UNIT PRICE WORK

8.03 *13.01 Cost of the Work*

SC 13.01.B.5.c Add the following to the end of Paragraph 13.01.B.5.c:

In no case shall rates exceed those published by the current edition of Data Quest Incorporated titled, Rental Rate Blue Book for Construction Equipment, and other procedures established by Florida Department of Transportation.

SC 13.01.B.5.f Amend the first sentence of paragraph 13.01.B.5.f by striking out the following words: "(except losses and damages within the deductible amounts of property insurance established in accordance with Paragraph 6.05)."

SC 13.01.B.5.i Add the following new paragraphs immediately after paragraph 13.01.B.5.i:

j. The cost of compliance with current local, state and federal safety regulations.

8.04 *13.03 Unit Price Work*

SC 13.03.E Delete Paragraph 13.03.E in its entirety and insert the following in its place:

E. The unit price of an item of Unit Price Work shall be subject to reevaluation and adjustment by the Owner under the following conditions:

1. if the extended price of a particular item of Unit Price Work amounts to 25 percent or more of the Contract Price (based on estimated quantities at the time of Contract formation) and the variation in the quantity of that particular item of Unit Price Work actually furnished or performed by Contractor differs by more than 25 percent from the estimated quantity of such item indicated in the Agreement; and

2. if there is no corresponding adjustment with respect to any other item of Work; and

3. if Owner believes that the quantity variation entitles Owner to an adjustment in the unit price, Owner may make a Claim, seeking an adjustment in the Contract Price.

SC 13.03.E Add the following new paragraphs immediately after Paragraph 13.03.E:

F. Owner reserves the right to delete any Unit Price Work with the change, if any, in the Contract Price or in the Contract Times determined in accordance with Article 11.

ARTICLE 15 – 14 –TESTS AND INSPECTIONS; CORRECTION, REMOVAL OR ACCEPTANCE OF DEFECTIVE WORK

8.05 *14.02 Tests, Inspections, and Approvals*

SC 14.02.A Add the following to the end of Paragraph 14.02.A:

Contractor shall reimburse Owner for the charges of Engineer and Engineer's Consultants for all costs due to work not being ready for tests and/or inspections when the Contractor has notified Engineer that work is ready for tests and/or inspections. Contractor shall reimburse Owner for all failed tests and subsequent retests. Partial payments payable to Contractor shall be distributed, first to reimburse the Owner for such charges, with the balance distributed to the Contractor in accordance with the Contract Documents.

ARTICLE 15 – 15 – PAYMENTS TO CONTRACTOR; SET-OFFS; COMPLETION; CORRECTION PERIOD

15.01 *15.01 Progress Payments*

SC 15.01.B.2 Delete Paragraph 15.01.B.2 in its entirety and insert the following in its place:

Beginning with the second Application for Payment, each Application shall include an affidavit of Contractor certifying that Contractor has disbursed to all subcontractors and suppliers having an interest in the contract their pro rata shares of the payment out of previous progress payments received by Contractor for all work completed and materials furnished in the previous period, less a retainage withheld by Contractor pursuant to an agreement with a subcontractor. Contractor shall provide a waiver of lien for all stored materials with the second application for payment after submitting application for payment. If the waiver of lien is not provided, current application for payment will be reduced by the value of the stored materials until said time waiver of lien is received or stored materials become incorporated in the Work. Within 30 days of receipt for the final progress payment or any other payments received thereafter except the final payment, Contractor shall pay all subcontractors and suppliers having an interest in the contract their pro rata shares of the payment for all work completed and materials furnished.

SC 15.01.D.1 Change Paragraph 15.01.D.1 to read as follows:

After presentation of the Application for Payment to the Owner with Engineer's recommendation, the amount recommended will (subject to the provisions of paragraph 15.01.C) become due and when due, will be paid by Owner to Contractor within thirty (30) days.

8.06 *15.03 Substantial Completion*

SC 15.03.B Add the following new subparagraph to Paragraph 15.03.B:

1. If some or all of the Work has been determined not to be at a point of Substantial Completion and will require re-inspection or re-testing by Engineer, the cost of such re-inspection or re-testing, including the cost of time, travel and living expenses, shall be paid by Contractor to Owner. If Contractor does not pay, or the parties are unable to agree as to the amount owed, then Owner may impose a reasonable set-off against payments due under Article 15.

CERTIFICATE OF SUBSTANTIAL COMPLETION

Owner: Village of Palm Springs
Contractor:
Engineer: Craven Thompson & Associates
Project: Gulfstream Rd Stormwater Improvements

Owner's Task Order No.: 277
Contractor's Project No.:
Engineer's Project No.: 20-0069-001-01

This [preliminary] [final] Certificate of Substantial Completion applies to:

☐ All Work ☐ The following specified portions of the Work:

Date of Substantial Completion

The Work to which this Certificate applies has been inspected by authorized representatives of Owner, Contractor, and Engineer, and found to be substantially complete. The Date of Substantial Completion of the Work or portion thereof designated above is hereby established, subject to the provisions of the Contract pertaining to Substantial Completion. The date of Substantial Completion in the final Certificate of Substantial Completion marks the commencement of the contractual correction period and applicable warranties required by the Contract.

A punch list of items to be completed or corrected is attached to this Certificate. This list may not be all-inclusive, and the failure to include any items on such list does not alter the responsibility of the Contractor to complete all Work in accordance with the Contract.

The responsibilities between Owner and Contractor for security, operation, safety, maintenance, heat, utilities, insurance, and warranties upon Owner's use or occupancy of the Work shall be as provided in the Contract, except as amended as follows: *[Note: Amendments of contractual responsibilities recorded in this Certificate should be the product of mutual agreement of Owner and Contractor; see Paragraph 15.03.D of the General Conditions.]*

Amendments to Owner's responsibilities: ☐ None ☐ As follows

Amendments to Contractor's responsibilities: ☐ None ☐ As follows:

The following documents are attached to and made a part of this Certificate: *[punch list; others]*

This Certificate does not constitute an acceptance of Work not in accordance with the Contract Documents, nor is it a release of Contractor's obligation to complete the Work in accordance with the Contract.

PART 5

SPECIFICATIONS

SECTION 01010

SUMMARY OF WORK

PART 1 - GENERAL REQUIREMENTS

1.01 SECTION INCLUDES

A. Scope of Work
B. Coordination
C. Sequence of Work
D. Shop Drawings
E. Contractor's Use of Premises
F. City Occupancy

1.02 SCOPE OF WORK

A. The work covered under this contract comprises in general the furnishing of all labor, equipment, materials, tools, supplies and machinery, and performing all operations to complete the **GULFSTREAM ROAD DRAINAGE IMPROVEMENTS** as described in the specifications. The work can be generally described as follows:

The removal of drainage piping and structures; the installation of new drainage piping and structures; and restoration, along with other work incidental thereto as shown on the Construction Plans and described in the Contract Documents.

B. Materials or work described in words that have a well-known technical trade meaning shall be held to refer to such recognized standard. All materials and supplies shall be new unless otherwise specified.

C. Omission of a specific item obviously necessary for the proper functioning of the system shall not relieve the contractor of the responsibility of furnishing the items as part of the work at no additional expense to the City.

D. All work performed and materials used shall meet all requirements of the Florida Building Code and any amendments thereto, State and Local Ordinances and regulations of authorities having jurisdiction.

E. The site of the work is in the City of Greenacres.

1.03 COORDINATION

A. Contractor shall coordinate work with the City through the ENGINEER, to provide for the orderly prosecution and interfacing of work. Ample notice shall be given to the City and all work shall be planned and scheduled so as to minimize interference with the use of the premises.

B. The Contractor shall submit shop drawings to the ENGINEER for approval. The Contractor will assume all responsibility for the materials and supplies upon delivery.

1.04 SEQUENCE OF WORK

A. Contractor shall secure and pay for, as necessary, all permits, licenses and registrations as applicable at time of receipt of Notice to Proceed. All City issued permits will be no charge. The contractor will need to pay a registration fee with the building department if they are not already registered with the City this year.

B. Contractor shall supervise and direct all of the work herein specified. The Contractor will be responsible for the means, methods, techniques, sequences, construction safety and procedures of construction. Materials to be incorporated in the work, labor performed, and appliances, tools and methods shall be subject to the review, observation and comments of the ENGINEER.

The ENGINEER shall decide all questions relating to measurements, material, character of work performed, and whether or not the rate of progress complies with terms of the contract. The Contractor shall execute the work in the presence of the ENGINEER or the ENGINEER'S authorized representative, during the working hours of the day, unless otherwise directed; but the presence of the ENGINEER, or his representative, shall in no way relieve the Contractor of the responsibility of work, or be any warrant to furnish bad material or poor workmanship.

C. Contractor shall schedule work as necessary for the completion of the work within the time period specified in the bid proposal and as set forth in the Agreement.

D. Undertake work in such a manner that will minimize interference with the use of the premises. Any damage resulting from the activities of the Contractor shall be repaired at the expense of the Contractor to the satisfaction of the City.

E. Schedule work at least 48 hours in advance with the City.

F. Locate all utilities located within the construction area at least 48 hours prior to commencing work near existing utilities in any specific area. Any damage resulting from the activities of the Contractor shall be repaired at the expense of the Contractor to the satisfaction of the City.

G. Coordinate work with all Subcontractors, such as striping and concrete Sub-contractors, to ensure the orderly progression of the work.

H. Verify all dimensions in the field, immediately reporting any discrepancies to the ENGINEER. If any errors or omissions are found in the documents, the Contractor shall notify the ENGINEER in writing of such error or omissions relative to any work, which appears in question.

In the event the Contractor fails to give such notice prior to proceeding with any work, he shall be held responsible for the results of any such errors or omissions and the cost of rectifying same.

I. Store and install all materials and equipment in accordance with manufacturers recommendations unless otherwise noted.

1.05 SHOP DRAWINGS

A. Submit shop drawings, drawn to accurate scale, including fabrication details and installation instructions. Do not reproduce Contract Documents as the basis of shop drawings. Submit materials samples and product data sheets where shop drawing is not necessary and where color selections are required for ENGINEER'S approval. The following shall be submitted as shop drawings for ENGINEER'S approval prior to fabrication and/or installation:

- Paving Mix
- Limerock Base
- Stabilized Sub-base
- Concrete Mix
- Drainage Structures

1.06 CONTRACTOR'S USE OF PREMISES

A. Coordinate use of premises under direction of the ENGINEER.

B. Comply with all codes, ordinances, rules and regulations and other legal requirements of entities having jurisdiction in the area of the project.

C. Assume full responsibility for the protection and safekeeping of products under this contract located on the site.

D. Move any stored products, under contractor's control, which interfere with operations of the City or separate contractor.

E. Conduct work at all times to ensure the least possible obstruction to traffic and inconvenience to the general public.

F. Where irrigation systems, utilities or other facilities, fall within the path of the proposed construction, and are not called for to be removed they shall be carefully removed and replaced, or otherwise protected from damage by the contractor and any such item damaged shall be repaired or replaced to the satisfaction of the ENGINEER and at no cost to the OWNER.

1.07 CITY OCCUPANCY

A. City will be using the roadways during the entire period of construction for the conduct of its normal operations. Cooperate with City through the ENGINEER in all construction operations to minimize conflict and to facilitate City usage.

B. Contractor shall at all time conduct work operations as to insure the least inconvenience to the general public.

C. Schedule of road/lane closures shall be submitted to ENGINEER for City's approval.

PART 2 - PRODUCTS

Not used

PART 3 - EXECUTION

Not Used

END OF SECTION

SECTION 01019

CONTRACT CONSIDERATIONS

PART 1 - GENERAL

1.01 SECTION INCLUDES

A. Schedule of Values

B. Application for Payment

C. Change Procedures

D. Measurements and Payment

1.02 RELATED SECTIONS

A. Document 00500 – Sample Agreement

B. Document 00700 - General Conditions

1.03 SCHEDULE OF VALUES

A. Submit typed schedule on form included in the Contract Documents.

B. Submit Schedule of Values in duplicate within ten (10) days after date established in Notice to Proceed.

C. Format: Utilize the format outlined in the bid schedule and provide an itemized breakdown for all items for which payment will be on a lump sum basis as outlined in the bid schedule.

D. Revise schedule to list approved change orders with each application for payment.

1.04 APPLICATION FOR PAYMENT

A. Submit three (3) copies of each application on form indicated in bid documents.

B. Content and Format: Utilize Schedule of Values for listing items in application for payment.

C. Payment Period: Monthly

D. Attach Warranty of Title on format indicated in bid documents to each application for payment.

1.05 CHANGE PROCEDURES

A. The ENGINEER will advise of minor changes in the work not involving an adjustment to contract price or contract time as authorized by the General Conditions by issuing supplemental instructions.

B. The ENGINEER may issue a Proposal Request, which includes a detailed description of a proposed change with supplementary or revised drawings and specifications. Contractor will prepare and submit an estimate within seven (7) days of receipt.

C. Execution of Change Orders: The ENGINEER will issue change orders for signatures of parties as provided in the conditions of the Contract. All change orders to be executed and accepted must be approved and executed by the City Purchasing Administrator. The Purchasing Administrator will confirm by issuing a change to the City Purchase Order with the signed Change Order attached.

1.06 MEASUREMENT AND PAYMENT

A. Authority: Measurement and payment methods delineated in the individual specification sections are intended to complement the criteria of this section.

B. Take all measurements and compute quantities accordingly.

1. Area Measurements: Measure by square dimension using mean length and width or radius.
2. Linear Measurements: Measure by linear dimension at the item centerline or mean chord.

C. Unit Quantities: Quantities and measurements indicated in the Bid Proposal are for contract purposes only. Payment will be based on actual accepted quantities supplied, placed or provided, in accordance with the provisions of section 11.03 of the Standard General Conditions.

D. Payment Includes: Full compensation for all required labor, products, tools, equipment, plant, transportation, services and incidentals; erection, testing, application or installation of an item of the work; overhead and profit and all miscellaneous administrative costs including but not limited to insurance, bonds, licenses, etc.

E. Defect Assessment: The work or portions of the work, not conforming to specified requirements shall be replaced. If, in the opinion of the ENGINEER, it is not practical to remove and replace the work, the ENGINEER will direct an appropriate remedy or adjust payment.

F. Nonpayment for Rejected Products: Payment will not be made for products and installations determined as unacceptable before or after placement.

G. Allowance items: The allowance item for permitting of dewatering as required by South Florida Water management District is not to exceed $4,000.00.

SECTION 01039

COORDINATION AND MEETINGS

PART 1 - GENERAL

1.01 SECTION INCLUDES

A. Coordination

B. Field Engineering

C. Preconstruction Conference

1.02 COORDINATION

A. Coordinate scheduling, submittals and work of various sections of specifications to assure efficient and orderly sequence of installation of interdependent construction elements with provisions for accommodating items installed later.

B. Coordinate completion and clean up of work of separate sections in preparation for substantial completion.

1.03 FIELD ENGINEERING

A. Employ a Land Surveyor registered in the State of Florida and acceptable to the ENGINEER to establish property boundary, staking, benchmarks, and as-built survey.

B. Contractor to locate and protect survey control and reference points.

C. Control datum for survey is that shown on drawings.

D. Provide field-engineering services. Establish elevations, lines and levels utilizing recognized engineering survey practices.

E. Submit a copy of registered site drawing signed by the Land Surveyor showing the locations and finished elevations of the completed work in conformance with the Contract Documents.

1.04 PRECONSTRUCTION CONFERENCE

A. The City will schedule a conference through the Notice of Award.

B. Attendance Required: City Representatives, Contractor, and Subcontractors.

C. Agenda:

1. Execution of City-Contractor Agreement
2. Distribution of Contract Documents
3. Submission of List of Subcontractors and List of Products

4. Designation of Personnel Representing the Parties in the Contract
5. Procedures and Processing of Field Decisions, Submittals, Substitutions, Applications for Payments, Proposal Request, Change Orders and Contract Closeout Procedures
6. Scheduling/Permitting
7. Execution of Federal Compliance Documents

QUALITY CONTROL

PART 1 - GENERAL

1.01 SECTION INCLUDES

A. Quality Assurance and Control of Installation

B. References

C. Inspection and Testing Laboratory Services

1.02 RELATED SECTIONS

A. Section 01019 – Contract Considerations

1.03 QUALITY ASSURANCE/CONTROL OF INSTALLATION

A. Monitor quality control over suppliers, manufacturers, products, services, site conditions and workmanship to produce work of specified quality.

B. Comply fully with manufacturers' instructions including each step in sequence.

C. Should manufacturers' instructions conflict with Contract Documents, request clarification from ENGINEER before proceeding.

D. Comply with specified standards as a minimum quality for the work except when more stringent tolerances, codes or specified requirements indicate higher standards or more precise workmanship.

E. Perform work by persons qualified to produce workmanship of specified quality.

F. Secure products in place with positive anchorage devices designed and sized to withstand stresses, vibration, physical distortion or disfigurement.

1.04 REFERENCES

A. Conform to reference standard by date of issue current on date of Contract Documents.

B. Should specified reference standards conflict with Contract Documents, request clarification from ENGINEER before proceeding.

C. The contractual relationship of the parties to the contract shall not be altered from the Contract Documents by mention or inference otherwise in any reference document.

1.05 INSPECTION AND TESTING LABORATORY SERVICES

A. Contractor will employ and pay for services of an independent firm acceptable to ENGINEER to perform testing.

B. The independent firm will perform tests and other services specified in individual specification sections and as required by the ENGINEER.

C. Reports will be submitted by the independent firm to the ENGINEER indicating results of tests and indicating compliance or noncompliance with contract documents.

D. Cooperate with independent firm; furnish samples of materials, design mix, equipment, tools, storage and assistance as requested.

1. Notify ENGINEER and independent firm twenty-four (24) hours prior to expected time for operations requiring services.

E. Retesting required because of nonconformance to specified requirements shall be performed by the same independent firm.

CONSTRUCTION FACILITIES AND TEMPORARY CONTROLS

PART 1 - GENERAL

1.01 SECTION INCLUDES

A. Temporary Utilities: Electricity, Water and Sanitary Facilities

B. Temporary Controls: Barriers and Protection of the Work

C. Construction Facilities: Maintenance, Progress Cleaning and Project Signage

1.02 RELATED SECTIONS

A. Section 01700 - Contract Closeout: Final Cleaning

1.03 TEMPORARY ELECTRICITY

A. Provide and pay for power service required from utility source as required during construction.

1.04 TEMPORARY WATER AND SANITARY FACILITIES

A. Provide, pay for, and maintain required facilities and enclosures.

1.05 BARRIERS

A. Provide barriers to prevent unauthorized entry to construction areas and to protect existing facilities and adjacent properties from damage from construction operations.

B. Provide barriers and warning signs as outlined in the F.D.O.T. Standards to ensure the safety of motorists and pedestrians at the construction site.

C. Provide additional protection and security to protect work from vandalism. Contractor shall be responsible for the replacement of vandalized work at no cost to the City until such time as the project is completed.

1.06 PROTECTION OF INSTALLED WORK

A. Protect installed work and provide additional special protection where specified in individual specification sections.

B. Provide temporary and removable protection for installed products. Control activity in immediate work area to minimize damage.

C. Prohibit traffic from landscaped areas.

1.07 MAINTENANCE

A. Maintain and preserve from damage all property and existing improvements, along the line of work, or which is in the vicinity of, or is in any affected by the work, the removal of which is not called for by the plans.

B. Restore, at Contractor's expense, any property that is damaged due to the activities of the Contractor. Failure to repair or restore such property within 48 hours notice from the City will result in the City making such repairs or restoration and deducting the actual cost from monies due the Contractor.

1.08 PROGRESS CLEANING

A. Maintain areas free of waste materials, debris and rubbish. Maintain site in a clean and orderly condition.

B. Remove waste materials, debris and rubbish from site at least twice a week, and dispose of in an approved manner.

1.09 REMOVAL OF UTILITIES, FACILITIES AND CONTROLS

A. Remove temporary above-ground or buried utilities, equipment, facilities and/or materials prior to final application for payment.

B. Clean and repair damage caused by installation or use of temporary work.

C. Restore existing facilities used during construction to original condition. Restore permanent facilities used during construction to specified condition.

1.10 PROJECT SIGNAGE

A. Provide one (1) 4'x 8'x ¾" marine plywood project sign with wood frame construction painted with exhibit lettering by professional sign painter to City's design and colors. Sign shall be in substantial conformance with Attachment A.

B. List title of project, names of owner, contractor, contract amount and funding source.

C. Obtain approval of mock-up from Engineer.

D. Erect on-site at location established by Engineer.

CONTRACT CLOSEOUT

PART 1 - GENERAL

1.01 SECTION INCLUDES

A. Closeout Procedures

B. Final Cleaning

C. Adjusting

D. Project Record Documents

1.02 RELATED SECTIONS

A. Not used.

1.03 CLOSEOUT PROCEDURES

A. Submit written notification that contract documents have been reviewed, work has been inspected and that work is complete in accordance with contract documents and ready for ENGINEER'S inspection.

B. Provide submittals to ENGINEER as required by governing or other authorities.

C. Submit final application for payment identifying total adjusted contract sum, previous payments and remaining due.

D. Submit Warranty of Title, Contractor's Affidavit to City, Final Release and releases of liens from all subcontractors and suppliers with application for final payment.

1.04 FINAL CLEANING

A. Execute final cleaning prior to final inspection.

B. Clean site, sweep paved areas and rake clean landscaped surfaces.

C. Remove waste and surplus materials, rubbish and construction facilities from the site.

D. Restore all areas of site affected by work to an equal to, or better condition existing prior to start of work.

1.05 ADJUSTING

A. Adjust constructed work to ensure smooth and unhindered operation.

1.06 PROJECT RECORD DOCUMENTS

A. Maintain on site one set of the following stamped approved record documents; record actual revisions to the work:

1. Contract Drawings
2. Specifications
3. Addenda
4. Change Orders and other Modifications to the Contract
5. Warranties
6. Operation and Maintenance Manuals

B. Store record documents separate from documents used for construction.

C. Record information concurrent with construction progress.

D. Record drawings: As-built drawings showing all variations from work as contemplated on the construction drawings, including but not limited to locations of work and elevations.

E. Submit documents to ENGINEER with claim for final application for payment.

SECTION 01720

PROJECT SURVEY AND LAYOUT

PART 1 - GENERAL

1.01 REQUIREMENTS INCLUDED

A. CONTRACTOR shall provide and pay for field Engineering and Survey services required for the project except as noted below in paragraph 1.05.

B. ENGINEER will identify existing control points and property line corner stakes indicated on the drawings, as required.

1.02 SUMMARY

A. The CONTRACTOR shall provide construction stakeout sufficient to construct the proposed improvement in accordance with the approved construction plans.

B. All stakeout services shall be completed under the direct supervision of a Professional Surveyor & Mapper licensed in the State of Florida.

C. The OWNER shall provide the following prior to the commencement of any stake-out services:

1. Construction site drawings and associated electronic files. Any plan released to the CONTRACTOR via electronic media is for as-built use only. They have not been geometrically calculated by a surveyor. This applies to all aspects of the plans including, but not limited to, ROW, roads, utilities and drainage.

2. Copies of the topographic survey that the approved site plans, if applicable, have been based on. The topographic survey shall include a minimum of two benchmarks, which shall be used for vertical control; and,

3. Copies of the boundary survey that the approved site plans, if applicable, have been based on. The boundary survey shall be closed and monumented. These monuments shall be used for horizontal control, or a monumented baseline (minimum of 3 points) related to the site boundary and the dimensional control plan.

1.03 RELATED REQUIREMENTS

A. All applicable sections of the Specifications.

B. Conditions of the Contract.

1.04 QUALIFICATIONS OF SURVEYOR OR ENGINEER

A. Qualified Engineer or Registered Professional Surveyor & Mapper registered in the State of Florida, acceptable to ENGINEER and OWNER.

1.05 SURVEY REFERENCE POINTS

A. ENGINEER will provide basic horizontal and vertical control points for the construction project including:
   1. Permanent coordinate reference points with horizontal and vertical control, located and staked as shown on the plans.

B. The CONTRACTOR shall locate and protect control points prior to starting site construction work, and preserve all permanent reference points during construction.

   1. Make no changes or relocations without prior written notice to OWNER's Representative.

   2. Report to OWNER's Representative when any reference point is lost or destroyed, or requires relocation because of necessary changes in grades or locations.

   3. CONTRACTOR's surveyor shall replace project control points which may be lost or destroyed.

      a. Establish replacements based on original survey control.

1.06 PROJECT SURVEY REQUIREMENTS

A. CONTRACTOR's surveyor shall establish a minimum of two permanent bench marks on site, referenced to data established by survey control points.

B. CONTRACTOR shall establish lines and levels, locate and layout, prepare a horizontal and vertical control plan for the purpose of construction staking by instrumentation and similar appropriate means:

   1. Stakes for grading and fill placement.

   2. Controlling lines and levels as required.

C. From time to time, verify layouts by same methods.

D. Horizontal and vertical control plan shall be made available to CONSULTANT in ACAD format.

1.07 RECORDS

A. Maintain a complete, accurate log of all control and survey work as it progresses.

B. On completion of construction work, prepare a certified survey showing all dimensions, locations and elevations of project.

1.08 SUBMITTALS

A. Submit name and address of Professional Surveyor & Mapper and Professional Engineer to OWNER's Representative.

B. On request of OWNER's Representative, submit documentation to verify accuracy of field Engineering work.

C. Submit certificate signed by Registered Engineer or Professional Surveyor & Mapper certifying that elevation and locations of work are in conformance, or non-conformance, with Contract Documents.

PART 2 - PRODUCTS

2.01 MATERIALS

A. The CONTRACTOR/Surveyor shall supply all stakeout materials.

2.02 EQUIPMENT

A. The CONTRACTOR/Surveyor shall supply all equipment necessary to accomplish the work.

PART 3 - EXECUTION

3.01 MINIMUM PERFORMANCE STANDARDS

A. Building Layout

1. Set a minimum of 4 building corners (to be the outer most building limits or as requested by the CONTRACTOR) with 2 (10 foot minimum) offsets per corner. A minimum of two benchmarks or a finished floor benchmarks will be set within close proximity to the proposed building.

B. Building Pad/Limits Certification

1. Grade elevations for the building limits (finished floor elevation) shall be provided at a 50 foot grid for subgrade acceptance, stone base acceptance, and prior to slab placement.

C. Detention/Retention Ponds

1. The CONTRACTOR shall provide an as-built survey of all constructed detention/retention ponds and associated drainage structures prior to final acceptance, including a written certification verifying the constructed pond volume from top of bank and inverts of the proposed drainage structures.

D. Curb Layout

1. Stakes shall be located at a minimum of 25 feet and a maximum of 50 feet intervals and also at points of curvature, points of tangency, radius points, and transitions, high and low points, and deflections. Offsets will be at 3 feet from back of curb. Elevations of top of curb to be provided at this 3 foot offset.

E. Storm, Sanitary Structures, Catch Basins and Curb Inlets

1. Stake centerline structure and offset stakes in the same direction from centerline, perpendicular to the direction of excavation. Provide sufficient bench marks away from excavations for elevation control.

F. Curb Inlet Tops

1. Set hubs and tacks at 10 foot offsets to centerline of structure at the edge of pavement alignment.

G. Utility Layout

1. Water – Stakes shall be located at 50 foot intervals along centerline of pipe, at all mechanical fittings and at deflections with no offsets. One 10 foot offset stake to the center of hydrant with a grade ring elevation will be provided;

2. Lighting – Centerline of lighting structure with a 5 foot offset will be staked. Offset stake elevation will be marked at finished grade.

H. Roadway Layout

1. Subgrade stakeout

   a. Grade stakes shall be located at centerline of roadway at 50 foot intervals, including point of curvature, point on curve, point of tangency, and points of vertical curves. Grades shall be at finished grade.

2. Rock installation.

   a. Grade stakes shall be located at 2 foot offset to edge of pavement at 50 foot intervals, including point of curvature, point on curve, point of tangency, and points of vertical curves. Grades shall be at top of rock grade.

I. Wall Layout

1. Stakes with 10 feet offset shall be provided at 50 feet intervals, deflections, beginning and end of wall. Additional stakes may be required, depending on wall height and conditions.

J. Limits of Disturbance

1. Clearing limits shall be staked at 100 feet ± intervals and at all critical areas.

K. Grade Stakes – Site balancing

1. Stakes will be provided at a 50 foot grid. Grade elevations shall be to finished grade.

3.02 CONTRACTOR VERIFICATION

A. CONTRACTOR will field verify the utility location, size and invert elevations at points of connection in area of conflict, prior to construction and protect them from damage.

1. Finished subgrades shall be verified by the CONTRACTOR to ensure proper elevation and conditions for construction above subgrade;

2. Protect subgrade from excessive construction traffic and wheel loading including concrete and dump trucks; and,

B. Notify OWNER if it is necessary to destroy or remove control points and/or benchmarks due to construction. CONTRACTOR shall be responsible for the protection of benchmarks, including the cost for relocation as required.

C. Advise OWNER of any discrepancies between plans and field layout.

3.03 QUALITY ASSURANCE

A. The survey crew shall discuss all layout procedures with the CONTRACTOR's supervisor prior to commencing work.

B. A survey crew daily report detailing that day's work, shall be completed and signed by the CONTRACTOR's supervisor at the end of that day's layout.

C. Copies of field notes, sketches, cut sheets, etc. shall be provided to the CONTRACTOR by the beginning of the next workday.

D. All costs related to re-staking due to construction or CONTRACTORs' work resulting in destruction or movement of stakes, shall be paid for by the CONTRACTOR and at no additional expense to the OWNER.

E. Building dimensions shall be obtained only from the approved architectural/structural drawings. Dimensions are to be obtained only from the appropriate approved (engineering, architectural and structural) drawings. The surveyor shall report any conflicts to the CONTRACTOR and OWNER.

END OF SECTION

SECTION 02100

CLEARING AND GRUBBING

PART 1 - GENERAL

1.01 DESCRIPTION

A. The work of this section includes, but is not limited to:

1. Clearing
2. Grubbing
3. Stripping and stock piling top soil
4. Debris disposal

B. Definitions:

1. Clearing is defined as the removal of trees, brush, down timber, rotten wood, rubbish, any other vegetation, and objectionable material at or above original ground elevation not designated to be saved. Clearing also includes removal of fences, walls, guard posts, guardrail, signs, and other obstructions interfering with the proposed work.

2. Grubbing is defined as the removal from below the surface of the natural ground of stumps, roots and stubs, brush, organic materials and debris.

PART 2 - CONDITIONS

2.01 JOB CONDITIONS

A. The CONTRACTOR may clear all obstructions within the permanent and construction rights-of-way except those specifically designated to be saved or restored on the Contract Drawings or Specifications. Right-of-way limits and obstructions specifically designated to be saved or restored will be marked by the ENGINEER.

2.02 SUBMITTALS

A. Burning Permits:

1. Burning Permits will not be issued by the CITY.

B. All disposal sites must be approved by the CITY.

PART 3 - EXECUTION

3.01 PREPARATION

A. Protect benchmarks, utilities, existing trees, shrubs and other landscape features designated for preservation with temporary fencing or barricades satisfactory to the ENGINEER. No material shall be stored or construction operation carried on within 4 feet of any tree to be saved or within the tree protection fence.

3.02 UTILITY RELOCATIONS

A. Inform all companies, individuals and other owning or controlling facilities or structures within the limits of the work which have to be relocated, adjusted or reconstructed in sufficient time for the utility or organization to perform such work in conjunction with or in advance of the CONTRACTOR's operations.

3.03 CLEARING

A. Confine clearing to within the limits of the rights-of-way or easement, or as indicated on the construction drawings.

B. Fell trees in a manner that will avoid damage to trees, shrubs, and other installations, which are to be retained.

3.04 GRUBBING

A. Grub areas within the construction limits to remove roots and other objectionable material to a minimum depth of 8 inches.

B. Remove all stumps within the cleared areas unless otherwise authorized by the ENGINEER.

3.05 STRIPPING AND STOCKPILING TOPSOIL

A. Strip topsoil/muck to whatever depth it may occur from areas to be excavated, filled, or graded and stockpiled or removed to a location approved by the ENGINEER.

B. No stockpiles to exceed a height of 6'.

3.06 DEBRIS DISPOSAL

A. Trees, logs, branches, brush, stumps, and other debris resulting from clearing and grubbing operations shall become the property of the CONTRACTOR and shall be legally disposed of.

B. Do not deposit or bury on the site debris resulting from clearing and grubbing work, wasted construction materials or any other debris.

3.07 RESTORATION

A. Repair all injuries to bark, trunk, limbs, and roots of remaining plants by properly dressing, cutting, tracing and painting, using approved arboricultural practices and materials.

B. Replace trees, shrubs and plants designated to be saved which are permanently injured or die during the life of the Contract as a result of construction operations with like or approved species acceptable to the CITY.

C. Remove protective fences, enclosures and guards upon the completion of the project.

D. Restore guard posts, guardrail, signs and other interferences to the condition equal to that existing before construction operations.

E. Restore area to an equal or better condition.

END OF SECTION

SECTION 02222

PROJECT AREA PREPARATION

PART 1 - GENERAL

1.01 SECTION INCLUDES

All materials, labor, equipment, tools, and superintendence necessary to provide preparation of project area for the proposed improvements.

1.02 RELATED SECTIONS

1. Section 02305 - Excavation and Backfilling for Utilities
2. Section 02319 - Excavation, Backfilling and Compaction for Paving

1.03 DEFINITIONS

Preparation of the project area shall be defined as the removal and disposal of all surface and subsurface obstructions from project area as required to perform the Work.

Such obstructions shall be considered to include but not be limited to: trees and shrubs and other landscape features not designated for preservation, vegetation, pavement, soils, and wheel stops.

1.04 SITE CONDITIONS

Surface and ground water conditions do exist within the areas of proposed Work, which may impede performance of the Work.

PART 2 - PRODUCTS

Not used.

PART 3 - EXECUTION

3.01 PROTECTION

All areas, as shown on the plans, shall be cleared of all material and obstructions as defined above. Those trees, shrubs and other landscape features specifically designated for preservation shall be carefully protected from abuse, marring or damage during construction operations.

3.02 INSTALLATION

1. Removal:
   Materials shall be removed in a proper sequence for maintenance of traffic and drainage. No drainage structure shall be obstructed such that it may cause flooding or a dangerous condition during a rain event. Positive drainage must be provided at all times.

2. Backfill:
   Holes remaining after removal of all obstructions, objectionable material, tree stumps, etc., shall be backfilled in accordance with 02305 Excavating and Backfilling for Utilities and/or 02319 Excavating, Backfilling and Compacting for Paving. Contours shall be reestablished

to approximately the same as existed prior to removal of the obstruction, unless directed otherwise by the ENGINEER.

3. Repair:
   Before backfilling, the storm drainage culvert shall be repaired as specified to insure a water tight seal.

END OF SECTION

SECTION 02223

RIGHTS OF WAY PREPARATION

PART 1 - GENERAL

1.01 SECTION INCLUDES

All materials, labor, equipment, tools, and superintendence necessary to provide preparation of the rights of way for paving, drainage and other improvements.

1.02 RELATED SECTIONS

1. Section 02100 - Clearing and Grubbing
2. Section 02305 - Excavation and Backfilling for Utilities
3. Section 02319 - Excavation, Backfilling and Compaction for Paving

1.03 DEFINITIONS

Preparation of the Rights of Way shall be defined as the removal and disposal of all surface and subsurface obstructions from the Rights of Way and designated easements, where removal of all such obstructions is not otherwise shown on the plans and or stipulated in the specifications.

Such obstructions shall be considered to include but not be limited to: remains of houses, foundations, floor slabs, concrete, brick, lumber, plaster, septic tank drain fields, basements, abandoned utility pipes or conduits, equipments, fences, and retaining walls, trees and shrubs and other landscape features not designated for preservation, stumps, brush, roots, vegetation, logs, curb and gutter, driveways, street paving, paved parking areas, miscellaneous stone, sidewalks, drainage structures, manholes, catch basins, abandoned railroad tracks, scrap iron.

This item does not include disposal of water wells.

1.04 SITE CONDITIONS

Surface and ground water conditions do exist within the areas of proposed Work, which may impede performance of the Work.

PART 2 - PRODUCTS

Not included.

PART 3 - EXECUTION

3.01 PROTECTION

All areas, as shown on the plans, shall be cleared of all structures obstructions as defined above. Those trees, shrubs and other landscape features specifically designated for preservation shall be carefully protected from abuse, marring or damage during construction operations. Continual parking and servicing of equipment under the drip line or canopy of trees marked for preservation is not permitted. When trees and shrubs are designated for preservation and require pruning, they shall be trimmed as directed by the ENGINEER.

3.02 INSTALLATION

1. Removal:
   Culverts, storm sewers, manholes and inlets shall be removed in a proper sequence for maintenance of traffic and drainage. No drainage structure shall be removed or obstructed such that it may cause flooding or a dangerous condition during a rain event. Positive drainage must be provided at all times.

   Underground obstruction, except those items designated for preservation, shall be removed to the following depths:

   a. In areas to receive embankment: 2 feet below natural ground, except when permitted by the plans, trees and stumps may be cut off as close to natural ground as practicable on areas which are to be covered by at least three feet of embankment.
   b. In areas to be excavated: 2 feet below the lowest elevation of the excavation.
   c. All other Areas: 1 foot below natural grade.

2. Backfill:
   Holes remaining after removal of all obstructions, objectionable material, tree stumps, etc., shall be backfilled in accordance with 02305 Excavating and Backfilling for Utilities and or 02319 Excavating, Backfilling and Compacting for Paving. Contours shall be reestablished to approximately the same as existed prior to removal of the obstruction, unless directed otherwise by the ENGINEER.

3. Plugging:
   Before backfilling the open ends of all storm drainage structures pipes and conduits shall be capped and plugged with sufficient concrete to insure a water tight seal. All electrical, gas, water and sanitary sewer pipes and mains shall be properly capped and sealed in accordance with the direction of the ENGINEER.

4. Salvage:
   Existing frames, grates, light poles, luminaries and appurtenances shall be salvaged to the CITY. The location shall be determined upon the commencement of the WORK. If no direction is given by the CITY then CONTRACTOR shall dispose of them offsite.

END OF SECTION

SECTION 02240

DEWATERING

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

A. All applicable provisions of the Bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this Section.

1.02 WORK INCLUDED

A. Obtain permit through the South Florida Water Management District for dewatering within one mile of a contaminated site and provide all testing, labor, materials, necessary equipment and services to complete the dewatering per the permit to install the sewer utilities, as indicated on the drawings, as specified herein or both, except as for items specifically indicated as "NIC ITEMS".

1.03 RELATED WORK

A. Section 02305 - Excavation and Backfilling for Utilities.

B. Section 02630 - Storm Drainage Facilities.

PART 2 - PRODUCTS

2.01 EQUIPMENT

A. Dewatering, where required, may include the use of temporary reservoirs and diking, well points, sump pumps, temporary pipelines for water disposal, rock or gravel placement, and other means. Standby pumping equipment must be maintained on the jobsite and operate within any local noise ordinance limits. All safety requirements, fencing, etc. shall be installed and maintained by the CONTRACTOR.

PART 3 - EXECUTION

3.01 GENERAL REQUIREMENTS

A. The CONTRACTOR shall provide all permits and equipment necessary for dewatering. It shall have on hand, at all times, sufficient pumping equipment and machinery in good working condition and shall have available, at all times, competent workmen for the operation of the pumping equipment. Adequate standby equipment shall be kept available at all times to insure efficient dewatering and maintenance of dewatering operation during power failure.

B. Dewatering for structures and pipelines shall commence when groundwater is first encountered, and shall be continuous until such times as water can be allowed to rise in accordance with the provisions of this Section or other requirements.

C. At all times, site grading shall promote drainage. Surface runoff shall be diverted from excavations. Water entering the excavation from surface runoff shall be collected in shallow ditches around the perimeter of the excavation, drained to sumps, and be pumped or drained by gravity from the excavation to maintain a bottom free from standing water.

D. Dewatering shall at all times be conducted in such a manner as to preserve the undisturbed bearing capacity of the subgrade soils at proposed bottom of excavation.

E. If foundation soils are disturbed or loosened by the upward seepage of water or an uncontrolled flow of water, the affected areas shall be excavated and replaced with pea rock at no additional cost to the COUNTY.

F. The CONTRACTOR shall maintain the water level below the bottom of excavation in all work areas where groundwater occurs during excavation construction, backfilling, and up to acceptance.

G. Flotation shall be prevented by the CONTRACTOR by maintaining a positive and continuous removal of water. The CONTRACTOR shall be fully responsible and liable for all damages which may result from failure to adequately keep excavations dewatered.

H. If well points or wells are used, they shall be adequately spaced to provide the necessary dewatering and shall be sand-packed and/or other means used to prevent pumping of fine sands or silts from the subsurface. A continual check by the CONTRACTOR shall be maintained to ensure that the subsurface soil is not being removed by the dewatering operation.

I. The CONTRACTOR shall dispose of water from the WORK in a suitable manner without damage to adjacent property. CONTRACTOR shall be responsible for obtaining any permits that may be necessary to dispose of water. No water shall be drained into work built or under construction without prior consent of the ENGINEER. Water shall be filtered using a silt box or another approved method to remove sand and fine-sized soil particles before disposal into any drainage system. Dewatering disposal points shall be approved by the ENGINEER prior to being used. Storm drains used by the CONTRACTOR for dewatering shall be cleaned by a jet vac or other method approved by the ENGINEER after dewatering is complete.

J. The release of groundwater to its static level shall be performed in such a manner as to maintain the undisturbed state of the natural foundation soils, prevent disturbance of compacted backfill and prevent flotation or movement of structures, pipelines, and sewers.

K. Dewatering of trenches and other excavations shall be considered, as incidental to the construction of the WORK and all costs thereof shall be included in the various contract prices in the Bid Forms, unless a separate bid item has been established for dewatering.

L. The CONTRACTOR shall submit a dewatering plan to the Consultant for review. The CONTRACTOR is advised that the Palm Beach County Department of Planning and Environmental Protection may require that a dewatering plan, prepared by a State of Florida licensed Professional Engineer or Registered Professional Geologist, be submitted and approved prior to issuance of a dewatering permit. The CONSULTANT will retain a State of Florida Licensed Professional Engineer or Registered Professional Geologist to prepare and submit dewatering report application to the Palm Beach County Department of Planning and Environmental Protection (DPEP) for permitting.

M. The CONTRACTOR is advised that the Palm Beach County Department of Planning and Environmental Protection may have identified contaminated sites within ¼ mile radius of the project site. The CONTRACTOR may be required to provide testing and monitoring of the dewatering operations, and to institute dewatering methods and controls, as required by BCDPEP. The CONTRACTOR will be responsible for all costs associated with means and methods of dewatering which will be set forth by Palm Beach County Department of Planning and Environmental Protection (DPEP) dewatering permit.

3.02 QUALITY CONTROL

A. It shall be the sole responsibility of the CONTRACTOR to control the rate and effect of the dewatering in such a manner as to avoid all objectionable settlement and subsidence.

B. All dewatering operations shall be adequate to assure the integrity of the finished project and shall be the responsibility of the CONTRACTOR.

C. Where critical structures or facilities exist immediately adjacent to areas of proposed dewatering, reference points shall be established and observed at frequent intervals to detect any settlement, which may develop. The responsibility for conducting the dewatering operation in a manner, which will protect adjacent structures and facilities, rests solely with the CONTRACTOR. The cost of repairing any damage to adjacent structures and restoration of facilities shall be the responsibility of the CONTRACTOR.

3.03 CONTRACTOR SUBMITTALS

A. Prior to commencement of excavation, the CONTRACTOR shall submit a detailed plan and operation schedule for dewatering of excavations. The CONTRACTOR may be required to demonstrate the system proposed and to verify that adequate equipment, personnel, and materials are provided to dewater the excavations at all locations and times. The CONTRACTOR's dewatering plan is subject to review by the ENGINEER and regulatory agencies.

3.04 MEASUREMENT AND PAYMENT

A. Refer to the measurement and payment section of the specifications.

END OF SECTION

SECTION 02284

TOPSOIL

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

All applicable provisions of the Bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this Section.

1.02 WORK INCLUDED

A. Provide all labor, materials, necessary equipment and services to complete the work, as indicated on the drawings, as specified herein or both.

B. Including but not necessarily limited to the following:

1. Topsoil Stripping.

2. Topsoil Mixing and Spreading.

C. There shall be no classification of excavation for measurement of payment regardless of materials encountered.

1.03 RELATED WORK

A. Section 02100 – Clearing and Grubbing.

PART 2 - PRODUCTS

2.01 TOPSOIL

A. Topsoil shall be obtained from any previously established stockpile on site, to the extent that suitable material is available.

B. Additional topsoil, if required, shall be obtained by mixing existing on-site sandy fill with imported muck or compost.

C. Topsoil, whether obtained from stockpile, or mixed as described in "B" above, shall be sandy loam, and shall have the following characteristics:

1. 95% of topsoil shall pass a ¼ inch sieve.

2. Topsoil shall be free of stones 1" in longest dimensions, earth clods, plant parts, and debris.

3. Organic matter content shall be 4% to 12% of total dry weight.

4. PH and nutrient content shall be adjusted as necessary to conform with recommendations made by testing laboratory. (See 2.01 (D))

D. Samples shall be submitted to CITY for testing. Test shall indicate compliance with the specifications and recommendations as to the type and quantity of soil additives required to bring the nutrient content and pH to satisfactory levels for planting specified plant material. Tests shall be required at a rate of one per 500 cubic yards of material placed, for the first 5,000 cubic yards of material, and may be reduced at the ENGINEER discretion thereafter. Sampling shall be done in the presence of the ENGINEER. The CONTRACTOR shall be responsible for the cost of testing.

PART 3 - EXECUTION

3.01 JOB CONDITIONS

Protection: Use all means necessary to protect existing objects and vegetation. In the event of damage, immediately make all repairs, and replacements necessary to the acceptance of the ENGINEER.

3.02 FILLING AND GRADING:

Topsoil shall be spread in a uniform 2" layer after compaction, over all sodded and pervious areas, and finished to grades shown on the plans, making allowance, where necessary, for sod. Grades shown include 2” for thickness of sod in all sodded areas.

END OF SECTION

SECTION 02305

EXCAVATION AND BACKFILLING FOR UTILITIES

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

A. All applicable provisions of the Bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this section.

1.02 SUMMARY

A. Work under this section shall include, but not be limited to excavating trenches for the installation of storm drains and utilities, backfilling trench with bedding material as specified and finish filling trenches with suitable material to proposed subgrade, compacting subgrade, bedding, and backfill materials, and compliance with all environmental and health and safety regulations.

B. This work shall include all labor and materials and equipment necessary to meet all applicable requirements as specified in the contract documents.

1.03 REFERENCED SECTIONS

A. Section 02630 - Storm Drainage Facilities

1.04 REFERENCE STANDARDS

A. American Society for Testing and Materials (ASTM) Latest Edition

1. D 422 Method for Particle Size Analysis
2. D 698 Test of Moisture Density Relations of Soils - Standard Proctor Method
3. D 1557 Test for Moisture-Density Relations of Soils Using 10-lb. (4.5 Kg) Hammer and 18-inch (457 mm) Drop (Modified Proctor)
4. D 2216 Laboratory Determination of Moisture Content of Soil
5. D 2487 Classification of Soils for Engineering Purposes
6. D 2922 Tests for Density of Soil and Soil-Aggregate in Place by Nuclear Methods (Shallow Depth)
7. D 3017 Test for Moisture Content of Soil and Soil-Aggregate in Place by Nuclear Methods (Shallow Depth)
8. D 4318 Test for Plastic Limit, Liquid Limit, & Plasticity Index of Soils

B. American Association of State Highway and Transportation Officials (AASHTO) latest edition

1. T 88 Mechanical Analysis of Soils

2. M 43 Standard Sizes of Coarse Aggregate for Highway

C. National Electric Code

1. NEC 300-5

2. NEC 710-36

1.05 PROJECT RECORD DOCUMENTS

A. Accurately record actual locations of all subsurface utilities, structures and obstructions encountered.

B. Accurately record any as-built variation from the construction drawings and specifications. The CONTRACTOR shall provide final as-built drawings within 30 days of project completion.

C. If portions of the work are to be certified for use prior to the completion of the project, the CONTRACTOR shall provide as-built drawings 30 days prior to the anticipated date of use of that portion of the utility.

1.06 QUALITY ASSURANCE

A. An ENGINEER, selected and paid by the CONTRACTOR, shall be retained to perform construction inspection and testing on backfilling operations as stated herein. This inspection will not relieve the CONTRACTOR from his responsibility to complete the work in accordance with the drawings and specifications.

1.07 SUBMITTALS

A. The CONTRACTOR shall contact all utility companies and identify any requirements. CONTRACTOR shall provide written confirmation of the status of all utility construction to the OWNER at the time of the preconstruction conference or no later than 30 days following the project possession date.

B. Submit a sample of each type of offsite fill and/or bedding material that is to be used in backfilling.

PART 2 - PRODUCTS

2.01 MATERIALS

A. Backfill material shall be as specified and approved by the OWNER and/or the ENGINEER.

B. Bedding Material: Bedding material shall only be utilized when specified on the drawings. Bedding material shall conform to ASTM #67 aggregate free from debris, clay lumps, organic, or other deleterious material.

PART 3 - EXECUTION

3.01 PREPARATION

A. Set all lines, elevations, and grades for utility and drainage system work and maintain for the duration of work. Provide careful maintenance of benchmarks, property corners, monuments, or other reference points.

B. Protect and maintain in operating condition, existing utilities encountered during utility installation. Repair any damage to surface or subsurface improvements shown on Drawings.

C. Verify location, size, elevation, and other pertinent data required to make connections between existing utilities, drainage systems, and proposed construction indicated on Drawings. Coordinate all building utility connection locations and elevations with architectural drawings. CONTRACTOR shall comply with all local codes and regulations.

3.02 EXCAVATION

A. General: This work shall consist of the excavation of whatever substances shall be encountered to the depths as shown on the plans. Excavated materials not required for fill or backfill shall be removed from the work site as directed by the ENGINEER and shall be considered to be a part of the bid price of the utility pipe for which excavation and backfill is required.

B. Contact regulatory authorities having jurisdiction and utility companies before excavation begins. Dig trenches at proper width and depth for laying pipe, conduit, or cable and in accordance with utility company requirements. Cut trench banks for safety and remove stones as necessary to avoid point-bearing.

C. All trench excavation side walls shall be sloped, shored, sheeted, braced or otherwise supported by means of sufficient strength to protect the workmen within them in accordance with the applicable rules and regulations established for construction by the Department of Labor, Occupational Safety and Health Administration (OSHA), and by regulatory authorities having jurisdiction, codes and ordinances. Such bracing or shoring shall be considered to be part of the bid price of the pipe for which excavation and backfill is required.

The CONTRACTOR shall furnish, put in place and maintain such sheeting, bracing, as may be required to support the side of the excavation, and to prevent any movement which can in any way damage the work or endanger adjacent structures. If the ENGINEER is of the opinion that supports are insufficient, he may order additional supports. The compliance with such order shall not release the CONTRACTOR from his responsibility for the sufficiency of the sheeting.

The CONTRACTOR shall leave all sheeting in place. The ENGINEER may require sheeting to be cut off at any specified elevation, but in no case will any sheeting be left closer than three (3) feet below the natural surface, nor cut off below the elevation of the top of the pipe.

D. Provide uniform bearing and support for each section of pipe at every point along the entire length, except where necessary to excavate for bell holes, pipe joints, or other required connections. Dig bell holes and depressions for joints after trench bottom has been graded. Dig no deeper, longer, or wider than needed to make the joint connection properly.

E. During excavation, stockpile excavated material suitable for backfilling in an orderly manner far enough from the trench to avoid overloading and slides, and to prevent runoff from affecting surrounding areas.

F. Any abandoned structures utilities or debris discovered during excavation shall be removed and disposed of, or capped.

G. Utility alignments have been designed to avoid expected obstructions wherever possible. If unanticipated significant obstructions are encountered during utility installation work immediately notify the OWNER.

H. Prevent surface water from flowing into trenches or other excavations by temporary grading or other methods, as necessary. Remove accumulated water in trenches or other excavations by pumping or other acceptable methods. Water shall not be directly pumped to the city sewer system.

I. Utility installation shall meet the following minimum pipe installation depths, or applicable codes and ordinances, measured from finished grade.

1. Water Mains: 36 inches to top of pipe barrel, or as specified on the plans;

2. Sanitary Sewer: 24 inches to top of pipe barrel, or as specified on the plans;

3. Storm Sewer: 24 inches to top of pipe barrel, or as specified on the plans;

4. Electrical Conduits: 24 inches to top of secondary service conduits, 36 inches minimum to the top of primary service conduits, or as required by NEC 300-5, NEC 710-36 codes, or the regulatory authorities having jurisdiction, and utility company requirements, whichever is deeper;

5. Telephone Conduits: 24 inches to top of conduit, or as required by the regulatory authorities having jurisdiction and utility company, whichever is deeper; and,

J. Excavation for structures and other accessories shall have a minimum clearance of twelve inches and a maximum clearance of twenty-four inches on all sides.

K. Excavation shall not be carried below the required depths as indicated by the plans. Excess excavation below the required level shall be backfilled at the CONTRACTOR's expense with sharp sand, gravel or other suitable material thoroughly compacted and approved by the ENGINEER.

L. Any unstable soil shall be removed and shall be replaced by material acceptable to the ENGINEER. The removal and replacement of such unstable soil shall be considered to be part of the bid price of the pipe for which excavation and backfill is required.

M. Water shall not be permitted to accumulate in the excavated area. It shall be removed by pumping or other means as approved by the ENGINEER. The removal of water shall be considered to be a part of the bid price of the pipe for which excavation and backfill is required.

Well points, pumps or other approved means shall be used to keep the ground water sufficiently low in the opinion of the ENGINEER to permit the placing of concrete, masonry or pipe in first class condition, and sufficiently long thereafter to protect the concrete, masonry or joints against washing or damage.

The CONTRACTOR shall also use such other means as may be necessary to keep the excavation in satisfactory condition for the construction of the work, and the use of well points, or other approved method, will not relieve the CONTRACTOR of his responsibility to make structures water tight.

Predigging of trenches in order to install well point systems shall be included in the bid price of the pipe.

N. Banks and trenches shall be vertical unless shown otherwise on plans. The width of the trench shall be no less than eight inches (8") and no more than twelve inches (12"), or as approved by the ENGINEER, on each side of the pipe bell for pipe up to 16" diameter. Bell holes shall be accurately excavated by hand.

O. If the bottom of the trench is rock, the excavation shall be carried eight inches below the invert of the pipe and backfilled with thoroughly compacted sharp sand, gravel or other suitable material approved by the ENGINEER.

P. Haunching, including tamping, material, and compaction, shall be in conformance with the pipe manufacturer's recommendation.

3.03 LATERALS

A. All utilities intended to connect to services within any building will be extended to within 5 feet of the building limits in the direction and at elevations to connect at those geometrical locations indicated or inferred on the drawings. All utility ends will be plugged and marked by a 2 inch x 4 inch piece of wood extending from the utility invert to 4 feet above final grade.

3.04 PIPE BEDDING (When Specified)

A. Accurately cut trenches for pipe or conduit to designated line and grade 6 inches below the bottom of the pipe, to width as specified previously. Compact trench bottoms a minimum of 92% of the maximum dry density as determined by ASTM D1557, Modified Proctor Test.

B. Over excavate wet or unstable soil, if encountered, from trench bottom as necessary to provide a suitable base for continuous and uniform bedding.

C. Place bedding material and compact in 6 inch loose lifts to obtain at least 95% of the maximum dry density per ASTM D1557. Accurately shape bedding material to conform to lower portion of pipe barrel. After pipe installation, place and compact bedding material as specified above in maximum 6-inch loose layers to the springline of the pipe.

3.05 BACKFILLING

A. After pipes, structures and other appurtenances have been installed, the trench or opening shall be backfilled with material free from large stones or clods of a quality acceptable to the ENGINEER.

B. Backfill around the pipe and to a point twelve inches above the top of the pipe shall be placed in six inch layers compacted with 20-pound hand tampers or mechanical tampers suitable for this purpose. Backfilling shall follow pipe laying closely, and shall not be more than one hundred (100) feet behind completed pipe laying. Backfill over pipe shall be carefully placed by experienced labor and

thoroughly consolidated without shock to the pipe, and carried up uniformly on both sides of the pipe. No backfilling with bulldozers will be permitted adjacent to pipeline.

C. Within roadway right-of-ways, or within areas where pavements are to be constructed over the pipe, the remainder of the trench shall be placed in six-inch layers (compacted thickness) and shall be compacted to 100% of maximum density as determined by AASHTO T-99. CONTRACTOR will be responsible for correcting settlement in all backfilled areas whether under the pavement or otherwise.

D. In areas where no pavement is to be constructed, the backfill above the twelve-inch line above the pipe shall be compacted to a firmness approximately equal to that of the soil adjacent to the pipe trench or 95% of maximum density as determined by AASHTO T-180 in public rights of way. Backfill below the 12-inch line shall be compacted in 6-inch layers (compacted thickness) and shall be compacted to 100% of maximum density as determined by AASHTO T-180.

3.06 EXPLOSIVES

A. The use of explosives will not be permitted.

3.07 PAYMENT

A. No separate payment is provided for work covered by this Section. All costs in connection with Excavation and Backfilling, including testing, shall be included in the bid price of any item for which excavation and backfilling is required.

END OF SECTION

SECTION 02319

EXCAVATING, BACKFILLING, AND COMPACTING FOR PAVING

PART 1 - GENERAL

1.01 SECTION INCLUDES

A. All material, labor, equipment, tools and superintendence necessary to furnish and install excavating, backfilling, and compacting for paving, complete in place.

1.02 RELATED SECTIONS

A. Section 02722 – Stabilized Subgrade

B. Section 02725 – Limerock Base

1.03 SITE CONDITIONS

A. Site is subject to frequent inundating rains, and may be subject to localized flooding and surface flows. Site is subject to groundwater conditions which may impede the Work sequence.

PART 2 - PRODUCTS

Not Used

PART 3 - EXECUTION

3.01 PREPARATION

A. Prepare the site prior to commencement of grading operations

3.02 LINE AND GRADE

A. All fill and excavation to be graded to subgrade +/- 0.10 foot. Drainage patterns are not to be altered from preconstruction conditions. CONTRACTOR shall be responsible for final grading, smoothing and clean-up of all areas between R.O.W. and / or easement lines and curb or pavement, regardless of work performed by other contractors. Final grade shall be established by “Blue Top” method.

3.03 EXCAVATION SPOIL

A. All spoil from excavation, except as may be determined by the ENGINEER to be unsuitable, shall be placed in the fill areas.

3.04 BENCHING

A. CONTRACTOR shall tie all fills into undisturbed bank with benches of not less than 2H:1V, with a minimum H=2'-0.

3.05 DEPTH OF FILL

A. CONTRACTOR shall place fill in level, uniform layers. Each layer shall have a uniform loose thickness of not more than ten (10) inches and/or a maximum compacted thickness of not more than six (6) inches, whichever is less.

3.06 MOISTURE CONTENT

A. CONTRACTOR shall prepare and bring each layer of fill to (+/-) 3% of optimum moisture. Where soils are placed in water the requirement for moisture control will be waived until such time as 1'-0 foot of comparative dry fill can be placed. At that time, moisture control and density control will begin again. The testing laboratory shall determine soils type and required moisture content. Where moisture fails to meet specified limits, CONTRACTOR shall rework, re-compact, and retest failed areas as follows:

1. High Moisture Content:

    a. Should moisture content exceed established maximum moisture content, CONTRACTOR shall spread, disk, aerate, and / or otherwise cause the moisture content to be reduced to within uniform maximum allowable limits.

2. Low Moisture Content:

    a. Should moisture content not reach established minimum moisture content, CONTRACTOR shall disk, sprinkler, water, mix, and/or otherwise bring the moisture content to within uniform minimum allowable limits.

3.07 COMPACTION

A. CONTRACTOR shall compact and / or otherwise manipulate each layer of fill using a vibratory compactor such that a uniform compaction of not less than 98% of maximum dry density, per AASHTO T-180.

B. Where compaction fails to meet specified limits, CONTRACTOR shall rework, re-compact, and retest failed areas.

3.08 FIELD QUALITY CONTROL

A. Provide passing density / moisture tests in accordance with the Contract Documents

END OF SECTION

SECTION 02577

PAVEMENT MARKING AND CAR STOPS

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

A. All applicable provisions of the bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this section.

1.02 WORK INCLUDED

A. The work covered by this section shall include the furnishing of all labor, equipment and materials necessary to construct and install all pavement marking, striping and car stops in accordance with the plans and these specifications.

1.03 RELATED WORK

A. Section 02746 - Asphaltic Concrete

1.04 QUALITY ASSURANCE

A. Perform all work in accordance with the requirements of local agencies.

PART 2 - PRODUCTS

2.01 Chlorinated rubber-alkyd type, as per Fed Spec. No. TT-P-115, Type III, or shall be Code T-1, conforming to Section 971-12.2 of the Florida Department of Transportation (FDOT) Standard Specifications.

A. Paint shall be factory mixed, quick drying and non-bleeding type.

B. Color shall be as per FDOT requirements.

C. Parking striping (except for handicap spaces) shall be provided with paint containing reflective additive.

2.02 Traffic pavement markings including arrows, lane markers and stop bars shall be thermoplastic paint and shall conform to the applicable Technical Specifications (Section 711) of the FDOT. All handicap parking striping shall be thermoplastic paint and shall conform to the applicable Technical Specifications (Section 711) of the FDOT.

2.03 Traffic paint shall conform to the applicable Technical Specifications (Section 710) of the Florida Department of Transportation (FDOT).

2.04 Car stops shall be of the size and dimensions shown on the plans. Concrete for car stops shall have a minimum compressive strength of 2,500 psi.

2.05 Reflectors shall be in accordance with FDOT Standards.

PART 3 - EXECUTION

3.01 TRAFFIC AND LANE MARKINGS

A. Sweep dust and loose material from the sealed surface.

B. Apply paint striping as indicated on the drawings, with suitable mechanical equipment to produce uniform straight edges.

1. Apply in not less than (2) two coats as per manufacturer's recommended rates of applications.

C. Protect pavement markings until completely dry in accordance with manufacturer’s recommendations.

END OF SECTION

SECTION 02630

STORM DRAINAGE FACILITIES

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

A. All applicable provisions of the Bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this section.

1.02 SUMMARY

A. Work under this section shall consist of providing all labor, plant facilities, materials, tools, equipment, shop drawings and supervision necessary and required to install all of the storm drainage facilities, including piping, fittings, structures, bedding, and backfilling, as specified in accordance with the contract documents.

1.03 WORK INCLUDED

A. Provide all labor, materials, necessary equipment and services to complete the Storm Drainage Facilities work, as indicated on the drawings, as specified herein or both, except as for items specifically indicated as "NIC ITEMS".

1.04 RELATED WORK

A. Section 02100 – Clearing and Grubbing.

B. Section 02305 – Excavation and Backfilling for Utilities.

1.05 REFERENCE STANDARDS

A. American Society for Testing and Materials (ASTM)

1. A185 – Steel Welded Wire Fabric, Plain, for Concrete Reinforcement
2. A615 – Deformed and Plain Billet-Steel Bars for Concrete Reinforcement
3. A760 – Corrugated Steel Pipe, Metallic-Coated for Sewers and Drains
4. A798 – Installation of Corrugated-Steel Pipe for Sewers and Other Applications
5. A929 – Metallic-Coated by the Hot-Dip Process for Corrugated Steel Pipe
6. C76 – Reinforced Concrete Culvert, Storm Drain, and Sewer Pipe
7. C478 – Precast Reinforced Concrete Manhole Sections
8. C1479 – Installation of Reinforced Concrete Pipe

10. D2321 – Installation of Thermoplastic Pipe for Sewer/Gravity-Flow Applications

11. D3034 – Type PSM Poly(Vinyl Chloride) (PVC) Sewer Pipe and Fittings

12. D3212 – Joints for Drain and Sewer Plastic Pipes Using Elastomeric Seals

13. F477 – Elastomeric Seals (Gaskets) for Joining Plastic Pipe

14. F794 – Poly(Vinyl Chloride) (PVC) Profile Gravity Sewer Pipe and Fittings Based on Controlled Inside Diameter

15. F949 – Poly(Vinyl Chloride) (PVC) Corrugated Sewer Pipe With a Smooth Interior and Fittings

B. American Association of State Highway and Transportation Officials (AASHTO)

1. M198 – Joints for Circular Concrete Sewer and Culvert Pipe Using Flexible Watertight Gaskets

2. M252 – Corrugated Polyethylene Drainage Tubing

3. M274 – Aluminum-Coated (Type 2), for Corrugated Steel Pipe

4. M294 – Corrugated Polyehtylene Pipe. 12 to 14 inch Diameter

5. M36 – Metallic Coated Corrugated Steel Culverts and Underdrains

6. M190 – Bituminous Coated Corrugated Metal Culvert Pipe and Pipe Arches

7. M199 – Standard Specification for Precast Reinforced Concrete Manhole Sections

C. American Water Works Association (AWWA)

1. C110 – Ductile-Iron and Gray-Iron Fittings, 3 in through 48 in (75 mm through 1200 mm), for Water and Other Liquids (revision of ANSI/AWWA C110/A21.10-93)

2. C111 – Rubber-Gasket Joints for Ductile-Iron Pressure Pipe and Fittings

3. C151 – Ductile-Iron Pipe, Centrifugally Cast, for Water

D. American Concrete Institute (ACI)

1. 301 – Structural Concrete for Buildings, Specifications for

2. 318 –Building Code Requirements for Structural Plain Concrete

1.06 CLEARING

A. Clearing or installation of pipe and all drainage structures shall be confined within the working limits of the trenches. Trees, utility poles, survey monuments, underground and overhead utilities shall be suitably protected and preserved.

1.07 EXISTING UTILITIES

A. Furnish temporary support, adequate protection and maintenance of all underground and surface utility structures, drains, sewers, cables, etc., and other obstructions encountered in the progress of the work.

B. When the grade of alignment of the pipe is obstructed by existing utility structures, such as conduits, ducts, pipes, branch connections to water or sewer mains, and other obstructions, the obstructions shall be permanently supported, relocated, removed or reconstructed by the CONTRACTOR in cooperation with the OWNERs of such structures. No deviation shall be made from the required line or grade except as directed in writing by the ENGINEER.

C. It shall be the responsibility of the CONTRACTOR to notify the OWNERs of existing utilities in the area of construction a minimum of 48 hours prior to any excavation adjacent of such utilities, so that field locations of said utilities may be established.

D. Temporary relocation of existing utilities (to be removed) to accommodate installation of storm drain pipe shall be the responsibility of the CONTRACTOR and approved by the ENGINEER. No additional payment shall be made for temporary relocation of existing utilities if shall be considered part of the bid item for the pipe.

1.08 PROJECT RECORD DOCUMENTS

A. Accurately record as-built locations of pipe runs, connections, catch basins, cleanouts, top elevations and invert elevations.

B. Identify and describe unexpected variations of subsurface conditions and location of any utilities encountered.

1.09 QUALITY ASSURANCE

A. All costs related to reinspection due to failures shall be paid for by the CONTRACTOR at no additional expense to the OWNER. OWNER reserves the right to direct any inspection that is deemed necessary. CONTRACTOR shall provide free access to site for inspection activities.

PART 2 - PRODUCTS

2.01 PIPE

A. ALUMINUM METAL PIPE:

1. Pipe material shall be full round or spiral, hy-flo aluminum culvert pipe, as specified in A.S.T.M. B209 and A.A.S.H.T.O. M-196. Aluminum pipe shall be in accordance with Florida D.O.T. Specification Section 945.

2. Metal pipe shall be jointed according to the pipe manufacturer's specifications for the pipe manufacturer's water tight joint. Corrugated metal band or coupling with bolts as recommended and furnished by the pipe manufacturer shall be used for joints. No pipe or pipe fittings which have been dented, scratched or marred in any way shall be accepted. The CONTRACTOR must receive written approval to backfill before placing any backfill over the pipe. The metal pipe shall be furnished in standard laying lengths of 20' or 40'.

3. Perforated corrugated metal pipe shall be aluminum full round or spiral pipe as specified in A.S.T.M. B209 and A.A.S.H.T.O. M-196, perforated corrugated metal underdrain pipe shall be referred to as P.C.M.P.

B. REINFORCED CONCRETE CULVERT PIPE:

1. Concrete pipe shall be produced by a reputable manufacturer engaged in the full time business of manufacturing concrete pipe. Pipe manufacturer shall produce the pipe from an approved, permanent plant acceptable to the ENGINEER.

2. All concrete pipe shall be reinforced and shall conform to the requirements of ASTM C-76. "Reinforced Concrete Culvert, Storm Drain, and Sewer Pipe." All pipe shall be a minimum of Class III. Pipe shall have an interior surface which is smooth, uniform and free from rough spots, irregularities and projections. Nominal pipe lengths shall be 8' unless authorized otherwise by the OWNER's Representative. Lifting holes will be permitted, one (1) hole per length.

3. Concrete pipe may be either bell and spigot, tongue and groove or modified tongue and groove.

4. Internal rubber gasket joints shall be used. The internal rubber gasket joint shall be supplied by the pipe manufacturer and shall be completely compatible in every respect with the pipe furnished. The rubber gasket on the inside of the bell or groove shall be installed on the pipe at the plant by the pipe manufacturer. All materials and accessories for the rubber gasket joint and the methods of jointing shall be in strict conformance with the pipe manufacturer's direction and recommendation. Joint must be completely water tight.

5. Cement grout joints shall be completely water tight and acceptable to the OWNER's Representative. A full bed of mortar shall be placed in the bell and/or groove and on the tongue and/or spigot. The annular space in the pipe joint shall be wiped with cement mortar to insure the joint is filled and to present a smooth surface. The complete exterior periphery of the joint shall have a standard cement grout diaper joint. Diaper shall be installed with the aid of an approved cloth ring. Cement mortar joints shall be made in the dry. Mortar and grout shall be one part Portland Cement to two parts by weight of sand. Mortar shall have enough water to make a stiff mixture that can be molded and worked. Cement mortar joints shall not be covered until inspected and approved by the OWNER's Representative.

C. HIGH DENSITY POLYETHYLENE PIPE:

1. High Density Polyethylene Pipe (HDPE) sizes 12" - 36", shall be corrugated type, smooth interior, conforming to ASTM F405, ASTM F667, AASHTO M252 and AASHTO M294 as manufactured by Advanced Drainage Systems or approved equal.

2. Basic Material:

   a. Extruded Pipe and Blow Molded Fittings: Pipe and fittings shall be made of virgin PE compounds which conform with the requirements for Type III, Category 4 or 5, Grade P33, Class C; or Grade P34, Class C, as defined and described in ASTM D 1248.

   b. Rotational Molded Pipe and Fittings: Pipe and fittings shall be made of virgin PE compounds which conform with the requirements of Type III, Category 3, Grade P33, Class C; or Grade P34, Class C, as defined and described in ASTM D 1248.

3. Corrugated Polyethylene Pipe shall meet the requirements as describe in ASTM D 2412 for pipe stiffness.

4. Corrugated Polyethylene Pipe shall be in accordance for brittleness with ASTM D 2444.

5. Fitting Requirements:

   a. The fittings shall not reduce or impair the overall integrity or function of the pipe line.

   b. Couplings shall be corrugated to match the pipe corrugations and shall provide sufficient longitudinal strength to preserve pipe alignment and prevent separation at the joints. Couplings shall be bell and spigot, split collar, or screw-on collar. split collar couplings shall engage at least one full corrugation on each pipe section and screw on collars shall be in width at least one-half the nominal diameter of the pipe.

   c. HDPE pipe joints shall be of a rubber or neoprene gasket designed to secure a soil tight joint.

D. BITUMINOUS COATED CORRUGATED STEEL (Metal) PIPE and PIPE ARCH (BCCMP/BCCMA)

1. Pipe shall meet the requirements of ASTM A760 or AASHTO M36 and be fully bituminous coated in accordance with AASHTO M190;

2. The minimum gage for pipe materials shall be 16 gauge for diameters of 10-24 inches, 14 gage for diameters of 30-36 inches, 12 gage for diameters of 42-54 inches, 10 gage for diameters of 60-72 inches and 8 gauge for diameters of 78 inches and larger, but not less than the gage otherwise indicated on the drawings;

3. Each pipe shall be clearly marked to show class or gauge, date of manufacture, and name or trademark of the manufacturer; and,

4. Joints for corrugated metal pipe, pipe arches and fittings shall be outside collars or coupling bands of galvanized steel angles riveted near the ends and bolted through angles to draw the bands tight.

E. ALUMINIZED STEEL TYPE 2 CORRUGATED STEEL PIPE

1. Pipe shall meet the requirements of ASTM A929 or AASHTO M274;

2. May be used in lieu of BCCMP and shall meet the requirements of Article 2.01(C 2-4) noted above; and,

3. Externally Ribbed Pipe, such as "ULTRA FLO" shall not be permitted.

F. POLYVINYL CHLORIDE PIPE (PVC)

1. Pipe shall meet the requirements of ASTM D3034, SDR 35; and,

2. Rubber gaskets shall meet the requirements of ASTM F477 with joints conforming to ASTM D3212.

G. CORRUGATED POLYVINYL CHLORIDE PIPE

1. Pipe shall meet the requirements of ASTM F949 and F794;

2. Rubber gaskets shall meet the requirements of ASTM F477 with joints conforming to ASTM D3212; and,

3. Approved Manufacture: Contech "A2000", 1001 Grove Street, Middletown, OH 45044, (336) 854-2177 or approved equal.

H. DUCTILE IRON PIPE (DIP)

1. Pipe shall meet the requirements of AWWA C151; and,

2. Fittings shall meet the requirements of AWWA C110 with rubber gaskets conforming to AWWA C111.

PART 3 – EXECUTION

3.01 GENERAL

A. CONTRACTOR shall only use the pipe material as specified on the plans. Materials will not be allowed unless approved by the ENGINEER in writing.

B. The CONTRACTOR shall install all drainage structures and pipe in the locations shown on the drawings and/or as approved by the OWNER. Pipe shall be of the type and sizes specified on the drawings and shall be laid accurately to line and grade. Structures shall be accurately located and properly oriented.

C. Excavation and Backfill – The provisions in Section 02305, Excavating and Backfilling for Utilities shall govern all work under this Section.

D. Storage and Handling of Pipe – All pipe shall be protected against impact, shock and free fall, and only equipment of sufficient capacity and proper design shall be used in the handling of the pipe. Storage of pipe on the job shall be in accordance with the pipe manufacturer's recommendations.

E. Damage to Pipe

1. Pipe which is defective from any cause, including damage caused by handling, and determined by the OWNER as unrepairable, shall be unacceptable for installation and shall be replaced at no cost to the OWNER and as directed by the OWNER; and,

2. Pipe that is damaged or disturbed through any cause prior to acceptance of the work, shall be repaired realigned or replaced as directed by the OWNER, at the CONTRACTOR's expense.

F. Maintenance Access Structures, catch basins and drain inlets shall be constructed as soon as the pipe laying reaches the location of the structures. Should the CONTRACTOR continue his pipe laying without making provisions for completion of the structures, the OWNER shall have the authority to stop the pipe laying operations until the structure is completed.

G. Any structure, which is mislocated or oriented improperly, shall be removed and re-built in its proper location, alignment and orientation at the CONTRACTOR's expense.

3.02 EXCAVATIONS

A. Trenches shall be kept as nearly vertical as possible and, if required, shall be properly sheeted and braced. Where, in the opinion of the ENGINEER, damage could result from withdrawing sheeting, the sheeting shall be left in place. Not more than 100 feet of trench shall be opened at any one time or in advance of pipe laying unless permitted by the ENGINEER.

1. Except in rock, water-bearing earth or where a granular or concrete base is to be used, mechanical excavation of trenches shall be stopped above the final grade elevation so that the pipe may be laid on a firm, undisturbed native earth bed. If overdigging occurs, all loosened earth shall be removed and the trench bottom brought back to grade with granular material.

2. Excavations and trenches in rock shall be carried to a depth of not less than 8" below the pipe bottom. This space shall be filled with granular material or washed rock.

3. Width of trenches shall be such as to provide adequate space for placing and jointing pipe properly, but in every case the trench shall be kept to a minimum width.

4. Any unstable soil encountered shall be removed and replaced with gravel, crushed rock or rock and sand suitably compacted.

3.03 PREPARATION TO TRENCH BOTTOM

A. Water shall not be allowed in the trenches while the trench bottom is being prepared or while pipe is being installed, unless directed by the ENGINEER.

B. A continuous trough shall be shaped to receive the bottom quadrant of the pipe barrel. Bell holes shall be excavated so that after placement, only the barrel of the pipe receives bearing pressure from the trench bottom.

C. Where unsuitable soil conditions are encountered, the trench bottom shall be excavated to a minimum of eight (8) inches below the proposed bottom of the pipe, and a trough as described above shall be formed with sharp sand or bedding rock to uniformly support the bottom quadrant of the pipe barrel.

3.04 BEDDING

A. Bedding material, when required, shall be in accordance with Section 02305, Excavating and Backfilling for Utilities for work described within this Section.

3.05 PIPE INSTALLATION

A. Comply with Section 02305, Excavating and Backfilling for Utilities

B. Laying Pipe

1. Unloading and Handling: All pipes shall be unloaded and handled with reasonable care. Pipes shall not be rolled or dragged over gravel or rock during handling. The CONTRACTOR shall take necessary precautions to ensure the method used in lifting or placing the pipe does not induce stress fatigue in the pipe and the lifting device used uniformly distributes the weight of the pipe along its axis or circumference;

2. Each length of pipe shall be inspected for defects and cracks before carefully lowered into the trench. Any damaged or any pipe that has had its grade disturbed after laying shall be removed and replaced. Bituminous coated pipe shall be handled with special care and repair of damaged coating shall conform with AASHTO M190;

3. Lay pipe on prepared foundation starting at the downgrade end according to line and grade with the necessary drainage structures, fittings, bends and appurtenances as shown on the drawings. Rigid pipes shall be laid with the bell or groove ends upgrade with the spigot or tongue fully inserted. Flexible pipes shall be laid with the inside circumferential laps pointing downstream and with the longitudinal laps at the side or quarter points. Reinforced concrete pipe shall be installed in accordance with ASTM C1479. Bituminous coated corrugated steel pipe and arch pipe shall be installed in accordance with ASTM A798. HDPE pipes shall be installed in accordance with pipe manufacture’s installation guidelines for heavy duty drainage applications and ASTM D2321; and,

4. Pipe sections shall be firmly joined together with appropriate gaskets or bands and joints wrapped with approved fabric.

5. Pipe shall be protected during handling against impact shocks and free falls. Pipe shall be kept clean at all times and no pipe shall be used that does not conform to the Specifications.

6. The laying of the pipe shall be commenced at the lowest point with spigot ends pointing in the direction of flow. All pipe shall be laid with ends abutting and true to line and grade. They shall be laid in accordance with manufacturer's requirements as approved by the ENGINEER.

7. Pipe shall be laid accurately to the line and grade as designated on the plans. Preparatory to making pipe joints, all surfaces of the portions of the pipe to be jointed, or of the factory made jointing material, shall be clean and dry. Lubricant, primers, adhesive, etc., shall be used as recommended by the pipe or joint manufacturer's specifications. The jointing materials or factory fabricated joints shall then be placed, fitted, joined and adjusted in such a manner as to obtain a water tight line. As soon as possible after the joint is made, sufficient backfill material shall be placed along each side of the pipe to prevent movement of pipe off line and grade.

8. The exposed ends of all pipe shall be suitably plugged to prevent earth, water, or other substances from entering the pipe when construction is not in progress.

3.06 BACKFILLING TRENCHES

A. No trenches or excavations shall be backfilled until the trench and installation has been inspected and written approval given by the OWNER's Representative. Under no circumstances shall water be permitted to rise in unbackfilled trenches after pipe has been placed. Trenches shall be backfilled with approved material, free of large clods, stones or rocks and carefully deposited in layers not to exceed 6" until enough fill has been placed to provide a cover of not less than 1' above the pipe. Each layer shall be placed, then carefully and uniformly tamped, so as to eliminate the possibility of pipe displacement. The remainder of backfill materials shall then be placed, moistened and compacted in 8" layers to 98% maximum AASHTO T-180 density.

B. Whenever the trenches have been improperly filled or if settlement occurs, they shall be refilled, compacted, smoothed off and made to conform to grade. Unless otherwise directed or shown on the plans, backfill in trenches in or through roadways shall be made as specified above, except that the entire fill above 1' over the pipe shall be deposited in layers not to exceed 8" in thickness, moistened, and compacted to density equal to or greater than that of adjacent material so that pavement can be placed immediately.

3.07 CONCRETE ENCASEMENT OF DRAINAGE PIPE

A. Trenches in which encasement for pipe are to be placed, may be excavated completely with mechanical equipment. Prior to formation of the encasement, temporary supports consisting of timber wedges or masonry shall be used to support the pipe in place. Temporary supports shall have minimum dimensions and shall support the pipe at no more than two places, one at the bottom of the barrel of the pipe adjacent to the shoulder of the socket and the other near the spigot end.

3.08 DRAINAGE STRUCTURES

A. All structures shall be built to the line and grade shown on drawings. All reinforced concrete work shall be in strict conformance with the concrete specifications contained herein. After erection of the forms and placing of the steel, the CONTRACTOR must have inspection and approval from the ENGINEER before placing any concrete. After removal of the forms, the CONTRACTOR shall backfill around each structure with approved granular fill. The fill shall be placed in layers not exceeding 8" in depth measured loose and compacted to 98% of the maximum density as determined by the modified proctor, AASHTO T-180. No defects of any kind in the pipe section will be accepted. All pipe stubs shall be made of the same type of pipe. Pipe stubs shall be sealed with a concrete plug, water tight. The ends of the pipes which enter masonry shall be neatly cut to fit the inner face of the masonry. Cutting shall be done before the pipes are built in.

3.09 INFILTRATION AND EXFILTRATION TESTS

A. Tests for watertightness shall be made by the CONTRACTOR. Leakage of completed storm sewer system shall not exceed 500 U.S. gallons per day per inch diameter per mile of pipe under minimum hydrostatic pressure of 2'. Test shall be conducted in a manner satisfactory to the ENGINEER. Any portion of the project not conforming to the above requirements shall be corrected by the CONTRACTOR, at his own expense, prior to acceptance by the ENGINEER.

3.10 RESTORATION OF SURFACES AND/OR STRUCTURES

A. The CONTRACTOR shall restore and/or replace paving, curbing, sidewalks, fences and survey points, or any other disturbed surfaces or structures to a condition equal to that before the work was begun and to the satisfaction of the ENGINEER. Relative to restoration of surfaces and/or structures, the CONTRACTOR shall comply with all requirements of governing agencies including city, town, county and state.

3.11 PROTECTION AND CLEANING

A. The CONTRACTOR shall maintain all pipe installations and drainage structures in a condition such that they will function continuously and shall be kept clean of silt, debris and other foreign matter from the pipe and drainage structure is installed until the project is accepted.

3.12 FINAL INSPECTION

A. All storm sewers shall be lamped by the ENGINEER prior to acceptance of the work. Repairs or misalignment shown necessary by the tests shall be corrected at the CONTRACTOR's expense. All sewers shall be thoroughly cleaned before being placed into use and shall be kept clean until final acceptance by the ENGINEER.

B. Upon completion of the work and before final acceptance by the OWNER, the entire drainage system shall be subject to a final inspection in the presence of the OWNER and/or ENGINEER. The work shall not be considered as complete until all requirements for line, grade, cleanliness, and workmanship have been completed.

END OF SECTION

SECTION 02722

STABILIZED SUBGRADE

PART 1 - GENERAL

1.01 WORK INCLUDES

A. The work specified in this section consists of the construction of a stabilized compacted pavement subgrade where indicated on the Drawings. Construction shall be to the uniformity, density and bearing ratio specified hereinafter and to the depths and dimensions indicated on the Drawings.

B. Definitions:

The stabilizing shall be FDOT Type B as described hereinafter. The required bearing ratio value shall be obtained by stabilizing the subgrade material by the addition and mixing in of suitable stabilizing material. Such work shall be done in accordance with these Specifications, lines, grades, thicknesses and notes shown on the Drawings.

C. When the volume of the excavation exceeds that required to construct the subgrade to the grades indicated, any excess unsuitable material shall be removed from the site and disposed. Excess suitable material shall be removed from the site to a designated location within the City. The ENGINEER will notify the CONTRACTOR of the location and determine which material is suitable or unsuitable.

PART 2 - PRODUCTS

2.01 MATERIALS

A. General:

The particular type of stabilizing material to be used shall be in accordance with Paragraph 2.01.E hereinafter and shall meet the following requirements.

B. Commercial Materials:

1. General:

Materials which are designated as commercial materials which are to be used for this stabilizing may be either commercial limerock, limerock overburden or crushed shell.

2. Limerock:

Specific requirements for limerock and limerock overburden: For limerock and limerock overburden the percentage of carbonates of calcium and magnesium shall be at least 70, and the plasticity index shall not exceed 10. The gradation of both commercial limerock and limerock overburden shall be such that 97% of these materials will pass a 1-inch sieve.

C. Local Material:

1. General:

Local materials used for this stabilizing may be high-bearing value soils or sand-clay material. The material passing the 40-mesh sieve shall have a liquid limit not greater than 30 and a plasticity index not greater than 10.

2. Blending:

No blending of materials to meet these requirements will be permitted unless authorized by the ENGINEER. When blending is permitted, the blended material shall be tested and approved before being spread on the roadway.

D. Type B Stabilization:

1. The type of materials, commercial or local, shall be at the CONTRACTOR's option.

2. No separate payment for stabilizing materials will be made.

3. Bearing value determinations will be made by the Limerock Bearing Ratio Method.

4. Under this method, it shall be the CONTRACTOR's responsibility that the finished pavement section meets the bearing value requirements regardless of the quantity of stabilizing materials necessary to be added.

5. After the pavement grading operations have been substantially completed, the CONTRACTOR shall make their own determination as to the quantity (if any) of stabilizing material, of the type selected, necessary for compliance with the bearing value requirements. The CONTRACTOR shall notify the ENGINEER of the approximate quantity to be added. The spreading and mixing of such quantity of materials shall meet the approval of the ENGINEER as to uniformity and effectiveness.

PART 3 - EXECUTION

3.01 PREPARATION

General:

1. Prior to the beginning of stabilizing operations, the area to be stabilized shall have been constructed to an elevation such that upon completion of stabilizing operations the completed stabilized subgrade will conform to the lines, grades and cross section shown in the Plans. Prior to the spreading of any additive stabilizing material, the surface of the roadbed shall be brought to a plane approximately parallel to the plane of the proposed finished surface.

2. The subgrade to be stabilized may be processed in one course, unless the equipment and methods being used do not provide the required uniformity, particle size limitation, compaction and other desired results, in which case, the ENGINEER will direct that the processing be done in more than one course.

3.02 APPLICATION

A. Stabilizing Material:

1. When additive stabilizing materials are required, the designated quantity shall be spread uniformly over the area to be stabilized.
2. Commercial stabilizing material shall be spread by the use of mechanical material spreaders except that where use of such equipment is not practicable other means of spreading may be used, but only upon written approval of the ENGINEER.

B. Mixing:

1. The mixing shall be done with rotary tillers or other equipment meeting the approval of the PORT ENGINEER. The area to be stabilized shall be thoroughly mixed throughout the entire depth and width of the stabilizing limits.

2. The mixing operations, as specified, will be required regardless of whether the existing soil or any select soils placed within the limits of the stabilized sections, have the required bearing value without the addition of stabilizing materials.

3. As an exception to the above mixing requirements, where the subgrade is of rock, the ENGINEER may direct that the mixing operations (and the work of stabilizing) be waived.

C. Maximum Particle Size of Mixed Materials:

At the completion of mixing, all particles of material within the limits of the area to be stabilized shall pass a 3-1/2 inch ring. Any particles not meeting this requirement shall be removed from the stabilized area or shall be broken down so as to meet this requirement.

D. Compaction:

After the mixing operations have been completed and requirements for bearing value, uniformity and particle size have been satisfied, the stabilized area shall be compacted, in accordance with Paragraph 3.03.B hereinafter. The materials shall be compacted at a moisture content permitting the specified compaction. If the moisture content of the material is improper for attaining the specified density, either water shall be added or the material shall be permitted to dry until the proper moisture content for the specified compaction is reached.

E. Finish Grading:

The completed stabilized subgrade shall be shaped to conform with the finished lines, grades and cross section indicated in the Drawings. The subgrade shall be checked by the use of elevation stakes or other means approved by ENGINEER.

F. Requirements for Condition of Completed Subgrade:

1. After the stabilizing and compacting operations have been completed, the subgrade shall be firm and substantially unyielding to the extent that it will support construction equipment and will have the bearing value required by the Drawings.

2. All soft and yielding material and any other portions of the subgrade which will not compact readily shall be removed and replaced with suitable material and the whole subgrade brought to line and grade, with proper allowance for subsequent compaction.

G. Maintenance of Completed Subgrade:

After the subgrade has been completed as specified above, the CONTRACTOR shall maintain it free from ruts, depressions and any damage resulting from the hauling or handling of materials, equipment, tools, etc. It shall be CONTRACTOR's responsibility to maintain the required density until the subsequent base or pavement is in place. Such responsibility shall include any repairs, replacement, etc., of curb and gutter, sidewalk, etc., which might become necessary to recompact the subgrade in the event of underwash or other damage occurring to the previously compacted subgrade. Any such work required for recompaction shall be at the CONTRACTOR's expense. Ditches and drains shall be constructed and maintained along the completed subgrade section.

3.03 FIELD QUALITY CONTROL

A. Bearing Value Requirements:

1. General:

Bearing value samples will be obtained and tested by the ENGINEER at completion of satisfactory mixing of the stabilized area. For any area where the bearing value obtained is deficient from the value indicated on the Drawings, in excess of the tolerances established herein, additional stabilizing material shall be spread and mixed in accordance with 3.02.B.l and 3.02B.2. This reprocessing shall be done for the full width of the area being stabilized and longitudinally for a distance of 50 feet beyond the limits of the area in which the bearing value is deficient.

2. Tolerances in Bearing Value Requirements:

The following undertolerances from the specified bearing value will be allowed as based on tests performed on samples obtained after mixing operations have been completed:

Specified Bearing Value	Undertolerances
LBR 40	5.0
LBR 70	5.0

B. Density Requirements:

General:

Within the entire limits of the width and depth of the areas to be stabilized, the minimum density acceptable at any location will be 98% of the maximum density as determined by AASHTO T-180.

C. Density Tests:

1. Density tests shall be taken by an independent testing laboratory certified in the State of Florida where directed by ENGINEER.

2. Density tests shall be taken at a minimum spacing of one per 2000 square feet of material (per lift).

3. All testing costs shall be paid for by the CONTRACTOR.

4. During final compacting operations, if blading of any areas is necessary to obtain the true grade and cross-section, the compacting operations for such areas shall be completed prior to making the density determinations on the finished grade.

5. At least three density determinations shall be made on each day's final operations on each course. The density determination shall be made at more frequent intervals if deemed necessary by the ENGINEER.

END OF SECTION

SECTION 02725

LIMEROCK BASE

PART 1 - GENERAL

1.01 SECTION INCLUDES

This section shall include all materials, labor, equipment, tools and superintendence necessary to furnish and install compacted limerock base complete in place.

1.02 RELATED SECTION

A. Section 02722 - Stabilized Subgrade

B. Section 02319 - Excavating, Backfilling, and Compacting for Pavement

C. Section 02742 - Prime and Tack Coat

1.03 REFERENCES

Florida Department of Transportation, Standard Specifications for Road and Bridge Construction. Section - 911 Limerock Material For Base and Stabilized Base

1.04 SITE CONDITIONS

Site is subject to frequent inundating rains, and may be subject to localized flooding and surface flows. Site is subject to groundwater conditions, which may impede the Work sequence.

PART 2 - PRODUCTS

2.01 MATERIALS

In accordance with FDOT Section - 911 Limerock Material For Base and Stabilized Base. Limerock material shall have an average LBR value of not less than 100. The minimum calcium carbonate content shall be 70.

PART 3 - EXECUTION

3.01 INSTALLATION

Construct in accordance with FDOT Section - 911 Limerock Material For Base and Stabilized Base.

3.02 MOISTURE CONTENT

CONTRACTOR shall prepare and bring each layer of fill to (+/-) 3% of optimum moisture. The testing laboratory shall determine soils type and required moisture content. Where moisture fails to meet specified limits, CONTRACTOR shall rework, re-compact, and retest failed areas as follows:

PART 1 - High Moisture Content:

Should moisture content exceed established maximum moisture content, CONTRACTOR shall spread, disk, aerate, and / or otherwise cause the moisture content to be reduced to within uniform maximum allowable limits.

PART 2 - Low Moisture Content:

Should moisture content not reach established minimum moisture content, CONTRACTOR shall disk, sprinkler, water, mix, and/or otherwise bring the moisture content to within uniform minimum allowable limits.

3.03 COMPACTION

CONTRACTOR shall compact and/or otherwise manipulate each layer of fill using a vibratory compactor such that a uniform compaction of not less than 98% of maximum dry density, per AASHTO T-180 (Modified Proctor).

Where compaction fails to meet specified limits, CONTRACTOR shall rework, re-compact, and retest failed areas.

3.04 FIELD QUALITY CONTROL

Provide passing density / moisture tests in accordance with the Contract Documents.

END OF SECTION

SECTION 02742

PRIME AND TACK COATS

PART 1 - GENERAL

1.01 SECTION INCLUDES

This section shall include all materials, labor, equipment, tools and superintendence necessary to furnish and install the application of bituminous material on previously prepared base.

1.02 RELATED SECTION

Section 02725 - Limerock Base

1.03 REFERENCE

Florida Department of Transportation, Standard Specifications for Road and Bridge Construction. Section 300 - Prime and Tack Coats For Base Courses

PART 2 - PRODUCTS

2.01 MATERIALS

1. Prime Coat

   Unless otherwise indicated, the material used for the prime coat shall be cutback asphalt, Grade RC-70 or RC-250 and shall conform with the requirements specified in FDOT 300- 2 Materials. Unless otherwise indicated, the use of either RC-70 or RC-250 shall be at the CONTRACTOR's option.

2. Tack Coat

   The material used for the tack coat shall be emulsified asphalt, Grade RS-2 and shall conform with the requirements specified in FDOT 300 -2 Materials.

PART 3 - EXECUTION

3.00 INSTALLATION

In accordance with FDOT 300 - Prime and Tack Coats For Base Courses.

Rate of Application:

1. Limerock Base - 0.10 gallons per square yard
2. Tack Coat - 0.08 gallons per square yard.

END OF SECTION

SECTION 02746

ASPHALTIC CONCRETE

PART 1 - GENERAL

1.01 SECTION INCLUDES

All material, labor, equipment, tools, and superintendence necessary to furnish and install asphaltic concrete pavement, complete in place.

1.02 REFERENCES

Florida Department of Transportation, Standard Specifications for Road and Bridge Construction.

PART 2 - PRODUCTS

2.01 MATERIALS

Asphaltic Concrete shall conform to the latest version of the FDOT specifications that include Type S-III and Type S-1 Asphalt Concrete within the FDOT Specifications. The lowest percentage available of the Type S asphalt may be recycled asphalt if it meets the FDOT specifications regarding recycled asphalt. Recycled asphalt must also have uniform consistency meeting typically accepted construction practices to provide typically accepted aphalt appearance. Asphalt installed shall be free and clear of foreign objects and materials.

PART 3 - EXECUTION

3.01 INSTALLATION

Construction of Asphaltic Concrete pavements shall conform to FDOT Standard Section 320 Hot Bituminous Mixtures - Plant, Methods and Equipment.

END OF SECTION

SECTION 02774

PORTLAND CEMENT CONCRETE CURB and GUTTER

PART 1 - GENERAL

1.01 SECTION INCLUDES

All materials, labor, equipment, tools and superintendence necessary to furnish and install concrete curbs.

1.02 REFERENCE

1. Florida Department of Transportation, Standard Specifications for Road and Bridge Construction. Section 520 Concrete Gutter, Curb Elements and Traffic Separator.
2. Florida Department of Transportation, Roadway and Traffic Design Standards, Curb and Curbs and Pavement Joints

3.02 REPAIR

1. Minimum length of curb to be repaired or replaced shall be as directed by ENGINEER.

END OF SECTION

SECTION 02775

CONCRETE SIDEWALK

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

A. All applicable provisions of the Bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this section.

1.02 WORK INCLUDED

A. The work specified in this Section consists of the construction of concrete sidewalk in accordance with these Specifications and in conformity with the lines, grades, dimensions and notes shown on the plans.

1.03 RELATED WORK

A. Section 02100 – Clearing and Grubbing.

B. Section 03010 – Concrete Work.

PART 2 - PRODUCTS

2.01 CONCRETE

A. Concrete shall be Class I Concrete, with a minimum compressive strength of 3,000 psi in accordance with Section 346 and 347, Florida Department of Transportation Standard Specifications for Road and Bridge Construction.

2.02 FORMS

A. Forms for this work shall be made of either wood or metal and shall have a depth equal to the plan dimensions for the depth of concrete being deposited against them. They shall be straight, free from warp or bends, and of sufficient strength when staked, to resist the lateral pressure of the concrete without displacement from lines and grade. Forms shall be cleaned each time they are used and shall be oiled prior to placing the concrete.

2.03 SUBGRADE AND GRADING

A. Excavation shall be made to the required depth, and the foundation material upon which the sidewalk is to be set shall be compacted to a firm, even surface, true to grade and cross-section, and shall be moist at the time that the concrete is placed.

2.04 JOINTS

A. Expansion joints between the sidewalk and the curb, and at all other locations indicated on the plans, shall be 1/4-inch wide, formed with a preformed joint filler. Preformed joint filler shall meet the requirements of AASHTO M153 or AASHTO M213.

B. Contraction joints may be of the open type or may be sawed. Open type contraction joints shall be formed by staking a metal bulkhead in place and depositing the concrete on both sides. After the concrete has set sufficiently to preserve the width and shape of the joint, the bulkhead shall be removed. After the sidewalk has been finished over the joint, the slot shall be edged with a tool having a 1/2-inch radius.

If the CONTRACTOR elects to saw the contraction joints, a slot approximately 1/8 inch wide and not less than 1-1/2 inches deep shall be cut with a concrete saw after the concrete has set, and within the following periods of time:

Contraction joints shall be constructed at not more than 25-foot intervals, and shall be in place within 12 hours after finishing.

PART 3 - EXECUTION

3.01 PLACING

A. The concrete shall be placed in the forms to the required depth and shall be vibrated and spaded until mortar entirely covers its surface.

3.02 FINISHING

A. Screeding: The concrete shall be struck-off by means of a wood or metal screed, used perpendicular to the forms, and floated in order to obtain the required grade and remove surplus water and laitance.

B. Surface requirements: The concrete shall be given a broom finish. The surface variations shall not be more than 1/4 inch under a ten-foot straightedge, nor more than 1/8 inch on a five-foot transverse section. The exposed edge of the slab shall be carefully finished with an edging tool having a radius of 1-1/2 inch.

3.03 CURING

A. The concrete shall be continuously cured for a period of at least 72 hours. Curing shall be commenced after finishing has been completed and as soon as the concrete has hardened sufficiently, to permit application of the curing material without marring the surface.

B. Wet burlap, white-pigmented curing compound, waterproof paper or polyethylene sheets may be used for the curing.

C. CONTRACTOR shall protect against graffiti and other damages to the finish, prior to curing and acceptance.

D. No sidewalk installed by the CONTRACTOR with visible cracks will be accepted by the OWNER. Cracked sidewalk shall be removed, disposed of and replaced by the CONTRACTOR at no cost to

the OWNER. Cracked sidewalk replacement shall consist of a minimum of one flag (5') of sidewalk.

END OF SECTION

SECTION 02910

SODDING

PART 1 - GENERAL

1.00 RELATED DOCUMENTS

A. All applicable provisions of the Bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this Section.

1.01 SCOPE OF WORK

A. The work included in this section consists of furnishing all labor, supplies, equipment and materials necessary to complete the installation of sod and associated materials herein after listed and as shown on the plans.

1.02 RELATED WORK

A. Section 02100 – Clearing and Grubbing

1.03 QUALITY ASSURANCE

A. Sodding work shall be performed by a firm specializing in sodding.

B. Source Quality Control: Ship sod with certificates of inspection as required by governing authorities. Company with regulations applicable to sod.

Do not make substitutions. If specified sod is not obtainable, submit proof of non-availability to ENGINEER, together with proposal for use of equivalent material.

C. Analysis and Standards: Package standard products with manufacturer's certified analysis. For other materials, provide analysis by recognized laboratory made in accordance with methods established by the Association of Official Agriculture Chemists, wherever applicable.

1.04 SUBMITTALS

A. Submit the following in accordance with Conditions of Contract and Division 1 Specification Sections.

B. Plant and Material Certifications:

1. Certificate of inspection as required by governmental authorities

2. Manufacturer's or vendor's certified analysis for soil amendments or fertilizer materials.

1.05 DELIVERY, STORAGE AND HANDLING

A. Packaged Materials: Deliver packaged materials in containers showing weight, analysis, and name of manufacturer. Protect materials from deterioration during delivery, and while stored at site.

B. Sod: Time delivery so that sod will be placed within 24 hours after stripping. Protect sod against drying.

C. Transporting:

1. Sod transported to the project in open vehicles shall be covered with tarpaulin or other suitable covers securely fastened to the body of the vehicle to prevent injury to the sod material. Closed vehicles shall be adequately ventilated to prevent overheating of the sod. Evidence of inadequate protection against drying out in transit shall be cause for rejection.

2. Sod shall be kept moist, fresh and protected at all times. Such protection shall encompass the entire period during which the sod is in transit, being handled, or in temporary storage.

3. Upon arrival at the temporary storage location or the site of work, sod shall be inspected for proper shipping procedures. Should the roots be dried out, the ENGINEER will reject the sod. When sod has been rejected, the CONTRACTOR shall remove it at once from the area of the work and replace it.

4. Unless otherwise authorized by the ENGINEER, the CONTRACTOR shall notify the ENGINEER at least 48 hours in advance of the anticipated delivery date of sod material. A legible copy of the invoice, showing species and variety of sod included for each shipment shall be submitted to ENGINEER. Certificate of Inspection must accompany each sod shipment.

5. Sod shall not be installed until it has been inspected by ENGINEER. When sod has been rejected, the CONTRACTOR shall remove it at once from the area of the work and replace it.

1.06 JOB CONDITIONS

A. Begin installation of sod after preceding related work is accepted.

B. Environmental Requirements:

1. Install sod during months acceptable to ENGINEER.

2. Do not install sod on saturated soil.

C. Protection: Erect signs and barriers to control vehicular traffic.

D. Utilities: Determine location of underground utilities and perform work in a manner, which will avoid possible damage. Hand excavate, as required. Maintain grade stakes set by others until removal is mutually agreed upon by parties concerned.

1.07 SEQUENCING AND SCHEDULING

A. Correlate planting with specified maintenance periods to provide maintenance from date of substantial completion.

B. Coordination with sodding: Plant trees, palms and shrubs after final grades are established and prior to planting of sod, unless otherwise acceptable to ENGINEER. If planting of trees, palms and shrubs occurs after sod work, protect sod areas and promptly repair damage to lawns resulting from planting operations.

1.08 SPECIAL PROJECT WARRANTY

A. Warranty sod through specified lawn maintenance period, and until final acceptance.

B. Lawn maintenance period shall extend up to 30 days after final acceptance by ENGINEER. Lawn maintenance shall include initial fertilization, watering and mowing, as required.

PART 2 - PRODUCTS

2.01 PLANTING SOIL

A. Provide new planting soil that is fertile, friable, natural loam, surface soil, reasonably free of subsoil, clay lumps, brush, weeds and other litter, and free of roots, stumps, stones larger than 1 inch in any dimension, and other extraneous or toxic matter harmful to plant growth.

B. Obtain planting soil from local sources or from areas having similar soil characteristics to that found at project site.

C. Refer to Section 2284 for topsoil specifications

2.02 COMMERCIAL FERTILIZER

A. For sod, provide fertilizer with percentage of nitrogen required to provide not less than 1 pound of actual nitrogen per 1,000 sq. ft. of lawn area and not less than 4 percent phosphoric acid and 2 percent potassium. Provide nitrogen in a form that will be available to sod during initial period of growth; at least 50 percent of nitrogen to be organic form.

2.03 SOD

A. Provide strongly rooted sod, not less than 2 years old, free of weeds and undesirable native grasses, and machine cut to pad thickness of 1-1/2 inch (plus or minus 1/4 inch), excluding top growth and thatch. Provide only sod capable of vigorous growth and development when planted (viable, not dormant).

B. Provide sod uniform pad sizes with maximum 5 percent deviation in either length or width. Broken pads with uneven ends will not be acceptable. Sod pads incapable of supporting their own weight when suspended vertically with a firm grasp on upper 10 percent of pad will be rejected.

C. Provide sod composed of the following:

1. Sod variety shall be as indicated on the contract drawings.

D. Sod shall be nursery grown on cultivated mineral agricultural soils and must be weed free on delivery. Sod shall have been mowed regularly and carefully maintained from planting to harvest.

E. American Sod Producers Association (ASPA) Grade: Nursery Grown or Approved. Field grown sod is not acceptable.

F. Furnished in pads for St. Augustine:

1. Size:

a. Length: 24 inches plus or minus 5%.
b. Width: 18 inches plus or minus 5%
c. Thickness: 1-1/2 inches excluding top growth and thatch.

2. Not stretched, broken or torn.

G. Uniformly mowed height when harvested: 2 inches.

H. Thatch: Maximum 1/2 inch uncompressed.

I. Inspected and found free of disease, nematodes, pests, and pest larvae, by entomologist of State Department of Agriculture.

J. Weeds:

1. Free of Bermuda grass, nut grass or other objectionable weeds.

K. Uniform in color, leaf texture, and density.

2.04 WATER

A. Water shall be from municipal water supplies or from the irrigation system water source.

2.05 FERTILIZER

A. FS O-F-241c(1), Grade A or B.

B. The chemical designation shall be 1-8-8, with at least 50 percent of the nitrogen from a non-water-soluble organic source.

2.06 HERBICIDES

A. As recommended by the State Department of Agriculture.

2.07 STAKES

A. Softwood, 3/4-inch diameter, 8-inch length if required.

PART 3 - EXECUTION

3.01 PREPARATION OF GROUND SURFACE

A. Before mixing, clean planting soil of roots, plants, sods, stones, clay lumps, and other extraneous material harmful or toxic to plant growth.

B. Mix specified fertilizers with planting soil as necessary at rates specified. Delay mixing fertilizer if planting will not allow placing of planting soil within a few days.

C. For sod, mix planting soil either prior to planting or apply on surface of topsoil and mix thoroughly before planting.

3.02 PREPARATION OF PLANTING BEDS

A. Loosen subgrade of lawn areas to a minimum depth of 4 inches. Remove stones measuring over 1 1/2 inches in any dimension. Remove sticks, stones, rubbish, and other extraneous matter. Limit preparation to areas which will be planted promptly after preparation.

B. Spread planting soil to minimum depth of 2" or as required to meet lines, grades, and elevations shown, after light rolling and natural settlement. Add specified fertilizer and mix thoroughly into upper 4 inches of topsoil.

C. Place approximately 1/2 of total amount of top soil required. Work into top of loosened subgrade to create a transition layer and then place remainder of planting soil. Add specified soil amendments and mix thoroughly into upper 4 inches.

D. Where sod is to be planted in areas that have not been altered or disturbed by excavating, grading, or stripping operations, prepare soil for lawn planting as follows: Till to a depth of not less than 6 inches. Apply fertilizers as specified. Remove high areas and fill in depressions. Till soil to a homogenous mixture of fine texture, free of lumps, clods, stones, roots and other extraneous matter.

E. Prior to preparation of unchanged areas, remove existing grass, vegetation and turf. Dispose of such material outside of OWNER's property. Do not turn existing vegetation over into soil being prepared for lawns.

F. Allow for sod thickness in areas to be sodded.

G. Apply specified commercial fertilizer at rates specified and thoroughly mix into upper 2 inches of topsoil. Delay application of fertilizer if lawn planting will not follow within a few days. For Bermuda sodded areas, amend the soil with a starter fertilizer such as Scotts 19-25-5 or 16-25-12 prior to sodding.

H. Fine grade sod areas to smooth, even surface with loose, uniformly fine texture. Roll, rake, and drag lawn areas, remove ridges and fill depressions, as required to meet finish grades. Limit fine grading to areas which can be planted immediately after grading. For Bermuda sodded areas, final grade to be established by ‘Laser Grading Process’ and maintained throughout sod installation.

I. Moisten prepared sod areas before planting if soil is dry. Water thoroughly and allow surface to dry before planting lawns. Do not create a muddy soil condition.

J. Restore sod areas to specified condition, if eroded or otherwise disturbed, after fine grading and prior to planting.

K. All ruts, depressions, undulations and mounds must be brought to grade before sodding areas.

3.03 SODDING NEW LAWNS

A. Lay sod within 24 hours from time of stripping.

B. Installation must be even and consistent with the grade.

C. Lay sod to form solid mass with tightly fitted joints. All seams to be tightly installed with no overlapping or gapping. Butt ends and sides of sod strips; do not overlap. Stagger strips to offset joints in adjacent courses. Work from boards to avoid damage to subgrade or sod. Moisten and tamp or roll lightly to ensure contact with subgrade. Rolling to occur diagonally in two directions. More rolling may be required to maintain the final laser grades. Top dress seams with backfill sand and work into minor cracks between pieces of sod; remove excess to avoid smothering of adjacent grass.

D. Anchor sod on slopes with wood pegs to prevent slippage.

E. Water sod thoroughly with a fine spray immediately after planting and continue to irrigate consistent with accepted horticultural practices for new turf installation.

3.04 MAINTENANCE

A. Begin maintenance immediately after planting.

B. Maintain lawns for not less than 30 days after substantial completion, and longer as required to establish an acceptable lawn.

C. Maintain sod by watering, fertilizing, weeding, mowing, trimming, and other operations such as rolling, regrading and replanting as required to establish a smooth, acceptable lawn, free of eroded or bare areas.

D. Mowing:

Maintenance schedule for newly installed St. Augustine sod:

- Whenever grass reaches a height of 3 inches, it shall be cut back to 2" with all clippings removed.
- After two mowings, CONTRACTOR shall topdress the sod with an application of fertilizer at the rate of 1 pound of actual nitrogen per 1,000 square feet.

E. Fertilizer and insecticide:

- First week: After the sod has been installed and rolled, the first application of Scotts 16-25-12 Starter fertilizer should be applied at the rate of four bags per acre. This is to provide 0.64 Lbs. of N/M and 1.0 Lbs. of P205.
- Second week: Apply Scotts insecticide III at the rate of two bags per acre.
- Third week: Apply Scotts 19-3-19 fertilzer with minors at the rate of four bags per acre.
- Fifth week: Apply Scotts 16-25-12 starter fertilizer at the same rate as that which is specified in the first week.

F. Any Herbicide treatments should not be applied until the end of the fourth or fifth week after the turf has become established.

G. During the grow in period, the turf must be inspected for verman such as sod web worms, army worms, mole crickets, nematodes and all other pests relative to turf grass. If an infestation is discovered, the turf must be sprayed with an appropriate insecticide immediately.

H. Any pathogens, including fungi and bacteria, are to be addressed immediately with an appropriate fungicide.

I. All weeds must be addressed via manual removal during the grow-in process or until the new turf becomes established.

3.05 CLEANUP AND PROTECTION

A. During sodding work, keep pavements clean and work area in an orderly condition.

B. Protect sodding work and materials from damage due to landscape operations, operations by other CONTRACTORs and trades, and trespassers. Maintain protection during installation and maintenance periods. Treat, repair, or replace damaged sod work as directed.

3.06 INSPECTION AND ACCEPTANCE

A. Sod areas will be accepted when in compliance with all the following conditions:

1. The roots are thoroughly attached to the soil.

2. Absence of visible joints.

3. All areas show a uniform stand of specified grass in healthy condition.

4. At least 60 days have elapsed since the completion of the work in this section.

B. When inspected sod work does not comply with requirements, replace rejected work and continue specified maintenance until reinspected by ENGINEER and found to be acceptable. Remove rejected plants and materials promptly from project site.

C. Procedure:

1. The CONTRACTOR shall submit a request for acceptance in writing to the ENGINEER. Request must be received not less than 10 days before the anticipated date for final inspection.

2. Upon completion of all repairs and/or renewals required by ENGINEER at the inspection, the ENGINEER will verify the completeness of the work and then notify the OWNER in writing that the work is accepted.

3. Upon completeness, the OWNER will assume maintenance of all sod areas.

END OF SECTION

SECTION 03010

CONCRETE WORK

PART 1 - GENERAL

1.00 RELATED DOCUMENTS

General and Supplementary Conditions apply to the work specified in this Section.

1.01 THIS WORK INCLUDES

Concrete work as shown on the plans.

1.02 QUALITY ASSURANCE

A. Codes and Standards - Latest Editions

Comply with the provisions of the following codes, specifications and standards, except where more stringent requirements are shown or specified:

1) ACI 301 "Specifications for Structural Concrete for Buildings."

2) ACI 311 "Recommended Practice for Concrete Inspection."

3) ACI 318 "Building Code Requirements for Reinforced Concrete."

4) ACI 347 "Recommended Practice for Concrete Formwork."

5) ACI 304 "Recommended Practice for Measuring, Mixing, Transporting and Placing Concrete."

6) Concrete Reinforcing Steel Institute, "Manual of Standard Practice."

7) ACI 302 “Guide for Concrete Floor & Slab Construction”.

8) ACI 305 "Hot Weather Concreting".

9) ACI 211-1 “Selecting Proportions for Normal Weight Concrete”.

10) ACI 305 “Hot Weather Concreting”.

11) ACI 308 “Curing Concrete”.

ATSM Standards

1. ASTM C31 Making and Curing Concrete Test Specimens in the Field.

2. ASTM C33 Concrete Aggregates.

3. ASTM C39 Compressive Strength of Cylindrical Concrete Specimens.

4. ASTM C94 Ready-Mixed Concrete.

5. ASTM C150 Portland Cement.

6. ASTM C172 Sampling Freshly Mixed Concrete.

7. ASTM C260 Air-Entraining Admixtures for Concrete.

8. ASTM C309 Liquid Membrane-Forming Compound for Curing Concrete Type 1or 1D Class A.

9. ASTM C823 Examination and Sampling of Hardened Concrete in Constructions.

10. ASTM C1046 Measuring Temperature of Freshly Mixed Concrete.

11. ASTM D448 Standard Sizes of Coarse Aggregate for Highway Construction.

12. ASTM E329 Inspection and Testing Agencies for Concrete Steel, and Bituminous Materials As Used in Construction.

13. ASTM C-618 "Chemical Admixtures for Concrete".

14. ASTM C-494 "FLYASH and Raw or Calcined natural Pozzolans for use as a mineral admixture in Portland Cement Concrete".

Florida Department of Transportation Standard Specifications, latest edition, Section 520, 522 and 524.

B. Workmanship

The Contractor is responsible for correction of concrete work which does not conform to the specified requirements, including strength, tolerances and finishes.

C. Laboratory Test Reports; Concrete Work

Submit two (2) copies of laboratory test reports for concrete materials and mix design test as specified.

PART 2 - PRODUCTS

2.00 FORM MATERIALS

A. Forms for Exposed Finish Concrete

Unless otherwise shown or specified, construct formwork for exposed concrete surfaces with plywood, metal, metal-framed plywood faced or other acceptable panel-type materials, to provide continuous, straight, smooth, exposed surfaces. Furnish in largest practicable sizes to minimize number of joints. Provide form material with sufficient thickness to withstand pressure of newly placed concrete without bow or deflection.

B. Forms for Unexposed Finish Concrete

Form concrete surfaces which will be unexposed in finished structure with plywood, lumber, metal or other acceptable material. Provide lumber dressed on at least 2 edges and one side for tight fit.

C. Form Coatings

Provide commercial formulation form-coating compounds that will not bond with, stain nor adversely affect concrete surfaces, and will not impair subsequent treatments of concrete surfaces.

D. Form Ties

1) Provide factory-fabricated, adjustable-length, removable or snap off metal form ties, designed to prevent form deflection and to prevent spilling of concrete surfaces upon removal.

2) Unless otherwise shown, install ties so portion remaining within concrete after removal is at least 1-1/2" inside concrete.

3) Unless otherwise shown, provide form ties which will not leave holes larger than 1" diameter in concrete surface.

E. Inserts

1) Provide metal inserts for anchorage of materials to concrete construction, not supplied by other trades and as required for the work.

2) Adjustable wedge inserts of malleable cast iron shall be complete with bolts, nuts and washers; 3/4" bolt size unless otherwise indicated.

3) Threaded inserts of malleable cast iron shall be furnished complete with full-depth bolts; 3/4" bolt size, unless otherwise indicated.

2.01 REINFORCING MATERIALS

A. Reinforcing Bar

1) ASTM A 615, Grade 60 deformed. Fabricate reinforcing bars to conform to required shapes and dimensions, with fabrication tolerances complying with CRSI "Manual of Standard Practice." In case of fabricating errors, do not rebend or straighten reinforcement in a manner that will injure or weaken the material. Reinforcement with any of the following defects will not be permitted in the work:

a) Bar lengths, depths and bends exceeding CRSI fabricating tolerances.

b) Bends or kinks not indicated on drawings or final shop drawings.

c) Bars with reduced cross section due to excessive rusting or other cause.

B. Supports for Reinforcement

1) Provide supports for reinforcement including bolsters, chairs, spacers and other devices for spacing, supporting and fastening reinforcing bars and welded wire fabric in place. Use wire bar type support complying with CRSI recommendations, unless otherwise indicated. Wood, brick and other devices will not be acceptable.

2) For slabs-on-grade, use supports with sand plates or horizontal runners where base material will not support chair legs.

2.02 CONCRETE MATERIALS

A. Portland Cement

1) ASTM C 150, Type 1 or Type II, unless otherwise acceptable to Project Engineer.

2) Use only one brand of cement throughout the project, unless otherwise acceptable to Project Engineer.

B. Normal Weight Aggregates

1) ASTM C 33, and as herein specified. Provide aggregates from a single source for all exposed concrete.

C. Water

1) Clean, fresh, potable.

D. Admixtures

1) All admixtures shall be reported with proportions of mix per manufacturer's specification.

2) HRWR (Superplastisizer): ASTM C-494 Type F/G.

3) Air-Entraining Admixture: ASTM C 260.

4) Water-Reducing and Retarding Admixture: ASTM C 494, Type A, B or D.

5) Calcium chloride will not be permitted in concrete.

E. FLYASH ASTM C-618 Class F (25% Mx. cement replacement).

2.03 RELATED MATERIALS

A. Moisture-Retaining Cover

1) One of the following, complying with ASTM C 171.

a) Waterproof paper.

b) Polyethylene film.

c) Polyethylene-coated burlap.

B. Curing Compounds

1) After the finishing operations have been completed and as soon as the concrete has hardened sufficiently such that marring of the surface will not occur, the entire surface and the edges of the newly placed concrete are to be cured using a liquid curing compound. Rate of application to be 200 square feet per gallon or as recommended by the manufacturer.

2) Do not leave concrete exposed for a period in excess of 30 minutes between stages of curing or during the curing period.

2.04 PROPORTIONING AND DESIGN OF MIXES

A. Normal Weight Concrete

1) Prepare design mix for type and strength of concrete in accordance with applicable provisions of ACI 221.1 and ACI 318, Chapter 4.

2) Recommended design mixes to provide normal weight with the following properties, as indicated on drawing and schedules:

B. Adjustment to Concrete Mixes

1) Mix design adjustments may be requested by the Contractor when characteristics of materials, use of admixtures, job conditions, method of placement, weather, test results, or other circumstances warrant, at no additional cost to the Owner and as approved by the Project Engineer. Laboratory test data for revised mix design and strength results must be submitted to and approved by the Project Engineer before using in the work.

C. Slump Limits

Proportion and design mixes to result in concrete slump at the point of placement as follows:

	Maximum	**Minimum**
Mass Concrete	3	1
Plain Concrete	4	2
Reinforcement Concrete	5	3
Concrete with HRWR	8	5

2.05 CONCRETE MIXING

A. Ready-Mix Concrete

1) Comply with the requirements of ASTM C-94, and as specified.

2) During hot weather, or under conditions contributing to rapid setting of concrete, a shorter mixing time than specified in ASTM C-94 may be required.

a) When the air temperature is between 85° F and 90° F, reduce the mixing and delivery time to 75 minutes, and when the air temperature is above 90° F, reduce the mixing and delivery time to 60 minutes.

PART 3 - EXECUTION

3.00 FORMS

A. Design, erect, support, brace and maintain formwork to support vertical and lateral loads that might be applied until such loads can be supported by the concrete structure. Construct formwork so concrete members and structures are of correct size, shape, alignment, elevation and position.

B. Construct forms complying with ACI 347. Provide for openings, offsets, sinkages, anchorages and inserts, and other features required in work. Use selected materials to obtain required finishes. Solidly butt joints and provide back-up at joint to prevent leakage of cement paste.

C. Form Ties

1) Factory fabricated, adjustable length, removable or snap-off metal form ties, designed to prevent form deflection, and to prevent spilling concrete surfaces upon removal.

2) Unless otherwise shown, provide ties so portion remaining within concrete removal is at least 1-1/2" inside concrete.

3) Unless otherwise shown, provide form ties, which will not leave holes larger than 1" diameter in concrete surface.

D. Provisions for Other Trades

1) Provide openings in concrete formwork to accommodate work of other trades. Determine size and location of openings from trades providing such items. Accurately place and securely support items built into forms.

E. Cleaning and Tightening

1) Thoroughly clean forms and adjacent surfaces to receive concrete. Remove chips, wood, sawdust, dirt or other debris just before concrete is placed. Retighten forms after concrete placement if required to eliminate mortar leaks.

F. Edge Forms and Screed Strips for Slabs

1) Set edge forms for bulkheads and intermediate screed strips for slabs to obtain the required elevations and contours in the finished slab surface. Provide and secure units sufficiently strong to support the types of screed strips by the use of strike-off templates or accepted compacting type screeds.

G. Preparation of Form Surfaces

1) Coat the contact surface for forms with a form-coating compound before reinforcement is placed.

2) Thin form-coating compounds only with thinning agent of type, and in amount, and under conditions of the form-coating compound manufacturer's directions. Do not allow excess form-coating material to accumulate in the forms or to come into contact with concrete surfaces against which fresh concrete will be placed. Apply in compliance with manufacturer's instructions.

3) Coat steel forms with non-staining, rust preventative form oil or otherwise protect against rusting. Rust-stained steel formwork is not acceptable.

3.01 PLACING REINFORCEMENT

A. General - Comply with the specified codes and standards, and Concrete Reinforcing Steel Institute's recommended practice for "Placing Reinforcing Bars," for details and methods of reinforcement placement and supports, and as herein specified.

B. Clean reinforcement of loose rust and mill scale, earth, and other materials which reduce or destroy bond with concrete.

C. Accurately position, support and secure reinforcement against displacement by formwork, construction, or concrete placement operations. Locate and support reinforcing by metal chairs, runners, bolsters, spacing, and hangers, as required.

D. Place reinforcement to obtain at least the minimum coverages for concrete protection. Arrange, space and securely tie bars and bar supports to hold reinforcement in position during concrete, not toward exposed concrete surfaces.

E. Do not place reinforcing bars more than 3" beyond the last leg of continuous bar support. Do not use supports as bases for runways for concrete conveying equipment and similar construction loads.

F. Install welded wire fabric in as long lengths as practicable. Lap adjoining pieces at least one full mesh and lace splices with wire. Offset end laps in adjacent widths to prevent continuous laps in either direction.

G. Splice reinforcement by lapping ends, placing bars in contact, and tightly wire typing. Comply with requirements of ACI 318 for minimum laps of spliced bars.

3.02 JOINTS

A. General: Construct expansion, weakened-plane (contraction), and construction joints true-to-line with face perpendicular to surface of concrete.

B. Contraction Joints: Provide contraction joints, sectioning concrete into areas as shown on drawings. Construct contraction joints for a depth equal to at least 1/4 concrete thickness, as follows:

Sawed Joints: Form weakened-plan joints using powered saws equipped with shatterproof abrasive or diamond rimmed blades. Cut joints into hardened concrete as soon as surface will not be torn, abraded or otherwise damaged by cutting action.

C. Construction Joints:

1) Place construction joints at the end of pours and at locations where placement operations are stopped for a period of more than 1/2-hour, except where such pours terminate at expansion joints.

2) Locate and install construction joints, as indicated on the drawings so as not to impair the strength and appearance of the structure, as acceptable to the Project Engineer.

3) Provide keyways, at least 1 1/2" deep in construction joints in walls, slabs and between walls and footing.

3.03 EMBEDDED ITEMS

General:

Set and build into the work, anchorage devices and other embedded items required for other work that is attached or supported by, cast-in-place concrete. Use setting drawings, diagrams, instructions and directions provided by suppliers of the items to be attached thereto. All hardware used to attach or embed devices into concrete is to be stainless steel.

3.04 CONCRETE PLACEMENT

A. General:

1) Place concrete in compliance with the practice and recommendations of ACI 304, and as herein specified. No water shall be added to the concrete after initial mixing, unless approved by Project Engineer's jobsite representative.

2) Deposit concrete continuously or in layers of such thickness that no concrete will be placed on concrete which has hardened sufficiently to cause the formation of seams of planes of weakness with the section. If a section cannot be placed continuously, provide construction joints as herein specified. Deposit concrete as nearly as practicable to its final location to avoid segregation due to rehandling or flowing. Do not subject concrete to any procedure which will cause segregation.

3) Screed concrete which is to receive other construction to the proper level to avoid excessive skimming or grouting.

4) Do not use concrete which becomes non-plastic and unworkable, or does not meet the required quality control limits, or which has been contaminated by foreign materials.

Do not use retempered concrete. Remove rejected concrete and dispose of at approved off-site location.

B. Placing Concrete Slabs:

1) Deposit and consolidate concrete slabs in a continuous operation, within the limits of construction joints, until the placing of a panel or section is completed.

2) Bring slab surface to the correct level with a straight-edge and strike-off. Use bull floats or other acceptable methods to smooth the surface, leaving it free of humps or hollows. Do not sprinkle water on the plastic surface. Do not disturb the slab surfaces prior to beginning finishing operations.

3) Consolidate concrete during placing operations so that concrete is thoroughly worked around reinforcement and other embedded items and into corners. Maintain reinforcing in the proper position during concrete placement operations.

C. Hot Weather Placing:

1) When hot weather conditions exist that would seriously impair the quality and strength of concrete, place concrete in compliance with ACI 305 and as herein specified.

2) Cool ingredients before mixing to maintain concrete temperature at time of placement below 95° to 100° F. Mixing water may be chilled, or chopped ice may be used to control the concrete temperature, provided the water equivalent of the ice is calculated to the total amount of mixing.

3) Cover reinforcing steel with water-soaked burlap if it becomes too hot, so that the steel temperature will not exceed the ambient air temperature immediately before embedment in concrete.

4) Wet forms thoroughly before placing concrete.

D. Bonding:

1) Roughen surfaces of set concrete at all joints, except where bonding is obtained by use of concrete bonding agent, and clean surfaces of laitance, coatings, loose particles, and foreign matter. Roughen surfaces a manner to expose bonded aggregate uniformly and to not leave laitance, loose particle of aggregate, or damaged concrete at the surface.

2) Prepare for bonding of fresh concrete to new concrete that has set but is not fully cured, as follows:

a) At joints between walls or columns and beams or slabs they support, and elsewhere unless otherwise specified herein, dampen, but do not saturate, the roughened and cleaned surface of set concrete immediately before placing fresh concrete.

3.05 FINISH OF FORMED SURFACES

Rough Form Finish:

For formed concrete surfaces not exposed to view in the finish work or by other construction, unless otherwise indicated. This is the concrete surface having the texture imparted by the form facing material used with tie holes and defective areas repaired and patched and fins and other projections exceeding 1/4" in height rubbed down or chipped off.

3.06 CURING AND PROTECTION

A. General:

Protect freshly placed concrete from premature drying and excessive cold or hot temperature, and maintain without drying at a relatively constant temperature for a period of time necessary for hydration of cement and proper hardening. Start curing as soon as free water has disappeared from concrete surface after placing and finishing. Keep continuously moist for not less than 72 hours. Continue curing for at least 7 days in accordance with ACI 301 procedures. Avoid rapid drying at end of curing period.

B. Curing Method:

1) After the finishing operations have been completed and as soon as the concrete has hardened sufficiently such that marring of the surface will not occur, the entire surface and the edges of the newly placed concrete are to be cured using a liquid curing compound. Rate of application to be 200 square feet per gallon or as recommended by the manufacturer.

2) Do not leave concrete exposed for a period in excess of 30 minutes between stages of curing or during the curing period.

3.07 REMOVAL OF FORMS

A. Formwork not supporting weight of concrete, such as sides of beams, walls, columns, and similar parts of the work may be removed after cumulatively curing at not less than 50°F for 24 hours after placing concrete, provided concrete is sufficiently hard to not be damaged by form removal operations, and provided curing and protection operations are maintained.

3.08 MISCELLANEOUS CONCRETE ITEMS

A. Filling In:

1) Fill-in holes and openings left in concrete structures for passage of work by other trades, unless otherwise shown or directed, after work of other trades is in place. Mix, place and cure concrete as herein specified, to blend with in-place construction. Provide other miscellaneous concrete filling shown or required to complete work.

B. Curbs:

1) Provide monolithic finish to interior curbs by stripping form while concrete is still green and steel-troweling surfaces to a hard, dense finish with corners, intersections and terminations slightly rounded.

3.09 CONCRETE SURFACE REPAIRS

A. Patching Defective Areas:

1) Repair and patch defective areas with cement mortar immediately after removal of forms, as specified herein.

2) Cut out honeycomb, rock pockets, voids over 1/4" in any dimension, and holes left by tie roads and bolts, down to solid concrete, but in no case to a depth of less than 1". Make edges of cuts perpendicular to the concrete surface. Before placing cement mortar or proprietary patching compound, thoroughly clean, dampen with water and brush-coat the area to the patched with neat cement grout, or proprietary bonding agent.

B. Repair of Formed Surfaces:

1) Remove and replace concrete having defective surfaces if defects cannot be repaired to satisfaction of Project Engineer. Surface defects, as such, include color and texture irregularities, cracks, spalls, air bubbles, honeycomb, rock pockets, fins and other projections on surface, and stains and other discolorations that cannot be removed by cleaning.

2) Flush out form tie holes, fill with dry pack mortar, or precast cement cone plugs secured in place with bonding agent.

3) Repair concealed formed surfaces, where possible, that contain defects that adversely affect the durability of the concrete. If defects cannot be repaired, remove and replace the concrete.

C. Repair of Unformed Surfaces:

1) Test unformed surfaces, such as monolithic slabs, for smoothness and to verify surface plane to tolerances specified for each surface and finish. Correct low and high areas as herein specified. Test unformed surfaces sloped to drain for trueness of slope, in addition to smoothness, using a template having the required slope.

2) Repair finished unformed surfaces that contain defects which adversely affect durability of concrete. Surface defects, as such, include crazing, cracks in excess of 0.01" wide or which penetrate to reinforcement or completely through non-reinforced sections regardless of width, spilling, pop-outs, honeycomb, rock pockets, and other objectionable conditions.

3) Correct high areas in unformed surfaces by grinding, after concrete has cured at least 14 days.

4) Correct low areas in unformed surfaces during or immediately after completion or surface finishing operations by cutting out low areas and replacing with fresh concrete. Finish repaired areas to blend into adjacent concrete. Proprietary patching compounds may be used when acceptable to the Project Engineer.

5) Repair isolated random cracks and single holes not over 1" in diameter by dry-pack method. Groove top of cracks and cur-out holes to sound concrete and clean of dust, dirt and loose particles. Dampen cleaned concrete surfaces and brush with neat cement grout coating or concrete bonding agent. Mix dry-pack, consisting of one part portland cement to 2 1/2 parts fine aggregate passing a No. 16 mesh sieve, using only enough water as required for handling and placing. Compact dry-pack mixture in place and finish to match adjacent concrete. Keep patched area continuously moist for not less than 72 hours.

6) Use epoxy-based mortar for structural repairs, where directed by Project Engineer.

7) Repair methods not specified above may be used, subject to acceptance by the Project Engineer.

3.10 QUALITY CONTROL TESTING DURING CONSTRUCTION

A. General:

1) The Contractor shall submit the name of the testing laboratory they propose to use to the Project Engineer for approval at least ten days before testing on material starts.

2) Sampling and testing for quality control during the placement of concrete shall include the following:

a) Slump: ASTM C 143; One test each 50 yards or when an apparent change in consistency is observed.

b) Air Content: ASTM C 231 pressure for normal weight concrete; one for each set of compressive strength test specimens.

c) Concrete Temperature: Test hourly when air temperature is 40°F and below or 80°F and above, and each time a set of compressive test specimens are made.

d) Compressive Tests Specimen: ASTM C 31; one set of five (5) standard cylinders for each compressive strength test.

e) Compressive Test Specimen: ASTM C 39; one set each 50 cy.yd. or fraction thereof, of each concrete class placed in any one day or for each 1,000 sq.ft. of surface area placed; 1 specimen tested at 3 days; 1 specimen tested at 7 days, 3 specimens tested at 28 days, and one specimen retained in reserve for later testing, if required.

f) Test results will be reported in writing to the Project Engineer, Ready-Mix supplier, and the Contractor on the same day that tests are made. Reports of compressive strength tests shall contain the project identification name and number, date of concrete placement, name of concrete testing service, concrete type and class, location of concrete batch in the structure, design compressive strength at 28 days, concrete mix proportions and materials; compressive breaking strength and type of break for 3-day test, 7-day tests, and 28-day tests.

g) Additional Tests: The testing service will make additional tests of in-place concrete when test results indicate the specified concrete strength and other characteristics have not been attained in the structure, as directed by the Project Engineer. The testing service may conduct tests to determine adequacy of concrete by cored cylinders complying with ASTM C 42, or by other methods as directed. Contractor shall pay for such tests conducted, and any other additional testing as may be required, when unacceptable concrete is verified.

h) Defective Work: Concrete work which does not conform to the specified requirements, including strength, tolerances and finishes, shall be corrected at the Contractor's expense, without extension of time therefore. The Contractor shall be responsible for the cost of corrections to any other work affected by or resulting from corrections to the concrete work.

END OF SECTION

SECTION 03400

PRE-CAST CONCRETE

PART 1 - GENERAL

1.01 SCOPE

The Work consists of performing all precast and prestressed concrete work and related items as indicated on drawings and specified in this section.

1.02 RELATED REQUIREMENTS SPECIFIED ELSEWHERE

A. Section 03010 - Concrete Work

1.03 REFERENCED SPECIFICATIONS

Florida Department of Transportation "Standard Specifications for "Road and Bridge Construction" Sections 346, 400, 413, and 415, Latest Edition.

1.04 WORK INCLUDED

A. The work shall be to construct precast and prestressed structures and other items as detailed on drawings or as approved by shop drawings.

B. Records: The Contractor shall record on the drawings in color code, the time, date and location of all precast and prestressed concrete items installed. These drawings shall be kept on file at the project and be subject to inspection by the Project Engineer.

1.05 CODES

American Concrete Institute and Prestressed Concrete Institute Code.

1.06 NOTICE

The Project Engineer shall be given 24 hours advance notice of installation of all precast and prestressed concrete elements and no elements shall be installed without approval of the Project Engineer.

1.07 SUBMITTALS

See Section 03010.

1.08 QUALITY ASSURANCE

Acceptable Manufacturers: Minimum of three years experience in precast and prestressed structure work of quality and scope required on this project.

PART 2 - PRODUCTS

2.01 PORTLAND CEMENT

ASTM C-150 - Type 1 Portland Cement shall be used in all precast and prestressed concrete items, unless otherwise specified on plans.

2.02 FINE AGGREGATE SAND

See Section 03010.

2.03 COARSE AGGREGATE

See Section 03010.

2.04 MIXING WATER

See Section 03010.

2.05 MIXING PROPORTIONING

A. Precast: To be Class IV in accordance with Section 345 of the referenced specifications and produce 28 day compressive strength of moisture cured laboratory samples 3400 p.s.i. minimum.

B. Minimum cement content: 564 lbs./cubic yard.

2.06 MIXES

A. Equivalent to ASTM C-94-72.

B. Mix concrete only in quantities for immediate use.

C. Do not retemper or use set concrete.

PART 3 - EXECUTION

3.01 INSTALLATION

A. Placing Concrete

1. Convey concrete from mixer to final position by method which will prevent separation or loss of materials.

2. Deposit concrete in continuous operation until section is completed.

3. Regulate rate of placement so concrete remains plastic and flows into position.

4. All other items of handling and placing concrete shall be in accordance with ACI 318-83.

B. Consolidating Concrete

1. Use mechanical vibrating equipment for consolidation. No placement of concrete will be allowed to commence unless the Contractor has a minimum of two operable vibrators on the job.

2. Vertically insert and remove hand-held vibrators at points 18 inches to 30 inches apart.

3. Do not use vibrators to transport concrete in forms.

4. Vibrators shall be 2 1/4" to 2 5/8" in diameter, and shall have a minimum frequency of 10, 000 impulses/minute.

5. Vibrate concrete minimum amount required for consolidation.

C. Construction Joints

Construction joints and/or expansion joints not shown on the plans will be made only with the approval of the Project Engineer.

D. Finishing

1. Tops of forms:

a. Strike concrete smooth at tops of forms.
b. Float to texture comparable to formed surfaces.
c. Steel trowel to seal.

2. Formed surfaces:

a. As-cast finish.
b. Patch the holes and defects after form removal.
c. Remove fins from surfaces.

E. Curing

1. Keep concrete moist by keeping surfaces continually dampened, continuing for minimum of 72 hours, or

2. Apply an approved (white pigmented) membrane curing compound AASHTO M 148 Type 2.

F. Tolerances

1. Overall dimensions of members = 1/4" per 10 feet with $\pm$1" maximum after completion of erection.

2. Cross Section Dimensions

a. Sections less than 3 inches = +3/8", -1/8".
b. Sections over 3 inches and less than 18 inches = +1/2", -1/4"
c. Sections over 18 inches = +3/4", -1/2".

3.02 PROTECTION OF COMPLETED WORK

During curing period, protect concrete from damaging mechanical disturbances, water flow, loading, shock and vibration.

3.03 INSPECTION AND TESTING

A. Fabricators Tests: The fabricator shall take a minimum of five concrete compression cylinders for each days concrete placing of each type of product covered by this division and for every 50 cubic yards of concrete placed each day. The five test cylinders shall be cured with the project. Two shall be used to determine if the proper release strength has been achieved. Two cylinders shall then be water cured for twenty-eight days and tested. Three copies of the test reports shall be furnished to the Project Engineer. Regular moisture and grading determinations shall be made on materials and the concrete mix adjusted accordingly.

B. Fabricators Inspections: The fabricator shall inspect initial prestress forces and maintain a check on the manufacturing process in accordance with standards referenced in this section.

Three copies of mix reports on cement, reinforcing steel and strand steel, concrete design, and aggregate gradation shall be furnished to the Project Engineer prior to fabrication of the units.

If so directed by the Owner, the Project Engineer will employ the services of an independent testing laboratory to conduct additional testing. The cost of this testing will be paid by the Owner.

Project Engineer and their authorized representatives shall be allowed access to the casting yard at any time to inspect the fabrication of units for this project.

PROJECT SIGNAGE TO BE PROVIDED

February 22, 2022

Mr. Walter Sanchez
Public Service Project Manager
Village of Palm Springs
226 Cypress Lane
Palm Springs, Florida 33461

RE: GULFSTREAM ROAD DRAINAGE IMPROVEMENTS
VILLAGE OF PALM SPRINGS BID NO. 22B-004
CTA PROJECT NO. 13-0053-001-09

Dear Walter:

Based upon the bid tabulation for the above project Hinterland Group, Inc. submitted the lowest base bid in the amount of $778,325.00.

Craven Thompson and Associates, Inc. (CTA) has reviewed the bid package provided by Hinterland Group, Inc. which includes contacting and confirming the project references provided by Hinterland Group, Inc. as well as review of the project experience and company resources provided within the bid package submitted. Based on the information provided in the bid package, CTA believes Hinterland Group, Inc. is the low responsive and responsible bidder.

As a result of our review of the bid proposal, CTA has no objection to the Village of Palm Springs awarding the contract for Gulfstream Road Drainage Improvements to Hinterland Group, Inc. in the amount of $778,325.00.

Sincerely,

CRAVEN THOMPSON & ASSOCIATES, INC.

GULFSTREAM RD STORMWATER IMPROVEMENTS

Addendum No. 1

December 24, 2021

BIDS DUE: 2:00 PM, Local Time, January 11, 2022

TO ALL VENDORS BIDDING ON THIS PROJECT:

The changes, additions, substitutions, and/or deletions contained in Addendum No. 1 are hereby made a part of the Bid Documents for the **GULFSTREAM RD STORMWATER IMPROVEMENTS** project, fully and completely as if the same were fully set forth herein.

IN THE SPECIFICATIONS

1. Section #00410, Bid Form, Page 00410-4:

   ADD:
   Add the cost of $5,000.00 to item 23 Irrigation Restoration allowance on page 00410-4 of the bid form.

Receipt acknowledged and conditions agreed to the _____ day of _____, 2021.

RESPONSES TO BIDDER QUESTIONS

RESPONSES TO BIDDER QUESTIONS

Question 1: *Is there an engineer's estimate or budget available?*

Response 1: **$600,000**

Question 2: *I noticed that there is an irrigation allowance on the bid sheet, but there was no dollar value assigned to it. Will the bid sheet be updated or is that a number that we assume?*

Response 2: **In the cost estimate the irrigation restoration allowance is $5,000.00. See attached revised bid breakdown sheet 00410-4.**

Question 3: *Can the road be shutdown at all or will one lane have to remain open at all times?*

Response 3: **Contractor shall maintain access for all property owners to their properties at all times throughout the duration of the project.**

CAPITAL IMPROVEMENT PROJECT DETAIL

Task # 20-STW-563-01
PROJECT # 277

Project Name: Gulfstream Road Stormwater Improvements
Department: Public Service
Location: Stormwater - Gulfstream Road
Project Manager: Walt Sanchez
Original Plan Date: FY20

DESCRIPTION / JUSTIFICATION:

The Gulfstream Road Stormwater Improvements Project (Stormwater Master Plan Project No. 8) was identified to address localized flooding within and around Gulfstream Road between 10th Avenue North and Lake Worth Road. The proposed improvements will include the addition of stormwater piping and structures on Gulfstream Road and the re-establishment of roadside swales.

Village of Palm Springs

Executive Brief

AGENDA DATE: March 10, 2022

DEPARTMENT: Public Service

ITEM #6: Approve Village Hall North Flex Space Buildout Project Award (Task Order No. 289) - Invitation to Bid (ITB No. 2022B-002) - Public Service Department (FY 2022 Budget Funded - General Fund) - E&F Florida Enterprises, Inc. dba Creative Contracting Group

SUMMARY: The Public Service Department has identified a need to build additional office space in the North End Flex space on the 2nd floor of Village Hall located at 226 Cypress Lane to accommodate additional staff and provide a space for the IT department.

To ensure the lowest possible price for these projects, the Village issued an Invitation to Bid (ITB No. 2022B-002) on December 9, 2021, for the buildout of new offices in the North End 2nd-Floor Flex space at Village Hall. This process was completed by the Village through a competitive selection process - Village Hall North Flex Space Buildout - (ITB No. 2022B-002 - December 9, 2021).

Within the Fiscal Year 2022 Budget - General Fund, the Village Council approved $232,200.00 for the Village Hall North Flex Space Buildout project. As a result of the Village's ITB, the following four (4) bid proposals were received:

Vendor	Total Bid
Good News Development	$259,912.00
Creative Contracting Group	$309,300.00
Ralph Della-Pietra Inc	$325,967.00
Intertech Construction Corp.	$353,212.04

Village staff reviewed the bids and determined the lowest bid proposal did not provide all the required documentation (Good News Development did not provide a complete bid form, a bid bond for the correct amount, missing reference information, bonding company affidavit, and a safety program). Therefore, the second-lowest bid was provided by Creative Contracting Group for the amount of $309,300.00. Creative Contracting Group gave a complete bid package with the required bid documents and their experience and references indicated they have the qualifications to perform the work advertised.

The Village's Purchasing Code - Section 58-5(4)a - Competitive Selection Purchase Requirements, provides that the Village Manager shall have the authority to reject any and all bids, proposals, or other responses if he determines that it is in the best interest of the Village to do so.

After the review of the four (4) bids received, the Acting Public Service Director, the Interim Public Service Administrator, the Public Service Project Manager, the Village Attorney and the Village's contracted architect/engineer, REG Architects/WGI, determined that Creative Contracting Group provided the lowest, responsible and responsive bid. Hence, staff is requesting the Council to approve Task Order No. 289 in the amount of $309,300.00 to Creative Contracting Group.

Note: The Village Council has approved funding for $232,200.00 within the FY 2022 Budget - General Fund to support this project. Although the full cost for this project was not included within the FY 2022 Budget - General Fund due to substantial increases in construction costs from the time the Village's budget was approved, funding to support the proposed Village Hall North End Flex Space Buildout project is available within the General Fund. A budget transfer to support the proposed cost above the budgeted amount is being considered for Council approval at the March 10, 2022 meeting.

If approved, the Village would accept Creative Contracting Group's pricing including all terms, conditions, and pricing as submitted within their ITB proposal. The Village will not expend more than the amount in the approved budget as it may be adopted/amended each year for these goods and services over the term of this contract.

It is estimated that the Village Hall North End Flex Space Buildout project is expected to be complete by August 2022.

The proposed agreement was prepared by the Village Attorney and reviewed by the Acting Public Service Director, the Interim Public Service Administrator, the Public Service Project Manager, and the Finance Director.

The Village has previously worked with the proposed contractor and has received excellent service and a quality product.

FISCAL IMPACT:
Funding to support the Village Hall North Flex Space Buildout Project (Task Order No. 289) is available within the FY 2022 - General Fund:

Allocated/Estimated Project Funding:	***Amount***
FY 2021 Actual Funding - General Fund:	$ 15,000.00
FY 2022 Approved Funding - General Fund:	$ 232,200.00
FY 2022 Requested Funding - General Fund:	$ 84,100.00
TOTAL ALLOCATED/APPROVED BUDGET	**$ 331,300.00**
Expected Project Costs:	***Amount***
FY 2021 Actual Costs - Design & Engineering - General Fund (TO #289):	$ 15,000.00
FY 2022 Projected Costs - Design & Engineering - General Fund (TO #289):	$ 7,000.00
FY 2022 Projected Costs - Construction - General Fund (TO #289):	$ 309,300.00
TOTAL PROJECT REQUEST/COSTS:	**$ 331,300.00**

The Village will not expend more than the amount within the approved budget as it may be

adopted/amended each year for these goods and services over the term of this contract.

A budget transfer to support this proposed cost above the budgeted amount is also being submitted for Council approval at this same meeting.

AGREEMENT
BETWEEN OWNER AND CONTRACTOR
FOR CONSTRUCTION CONTRACT (STIPULATED PRICE)

THIS AGREEMENT is by and between Village of Palm Springs ("Owner") and

E&F Florida Enterprises, Inc. dba Creative Contracting Group ("Contractor").

Owner and Contractor hereby agree as follows:

ARTICLE 1 – WORK

1.01 Contractor shall complete all Work as specified or indicated in the Contract Documents. The Work is generally described as follows:

ARTICLE 2 – THE PROJECT

2.01 The Project, of which the Work under the Contract Documents is a part, is generally described as follows: **Village Hall N Flex Space Buildout**

ARTICLE 3 – ENGINEER

3.01 The part of the Project that pertains to the Work has been designed by **REG Architects**.

3.02 The Owner has retained **Wantman Group, Inc.** ("Engineer") to act as Owner's representative, assume all duties and responsibilities, and have the rights and authority assigned to Engineer in the Contract Documents in connection with the completion of the Work in accordance with the Contract Documents.

ARTICLE 4 – CONTRACT TIMES

4.01 *Time of the Essence*

A. All time limits for Milestones, if any, Substantial Completion, and completion and readiness for final payment as stated in the Contract Documents are of the essence of the Contract.

4.02 *Contract Times: Days*

A. The Work will be substantially completed within **120** days after the date when the Contract Times commence to run as provided in Paragraph 4.01 of the General Conditions and completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions within **150** days after the date when the Contract Times commence to run.

4.03 *Liquidated Damages*

A. Contractor and Owner recognize that time is of the essence as stated in Paragraph 4.01 above and that Owner will suffer financial and other losses if the Work is not completed and Milestones not achieved within the times specified in Paragraph 4.02 above, plus any extensions thereof allowed in accordance with the Contract. The parties also recognize the delays, expense, and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by Owner if the Work is not completed on time. Accordingly, instead of

requiring any such proof, Owner and Contractor agree that as liquidated damages for delay (but not as a penalty):

1. Substantial Completion: Contractor shall pay Owner $ **500** for each day that expires after the time (as duly adjusted pursuant to the Contract) specified in Paragraph 4.02.A above for Substantial Completion until the Work is substantially complete.

2. Completion of Remaining Work: After Substantial Completion, if Contractor shall neglect, refuse, or fail to complete the remaining Work within the Contract Times (as duly adjusted pursuant to the Contract) for completion and readiness for final payment, Contractor shall pay Owner $ **200** for each day that expires after such time until the Work is completed and ready for final payment.

3. Liquidated damages for failing to timely attain Substantial Completion and final completion are not additive and will not be imposed concurrently.

4.04 *Special Damages*

A. In addition to the amount provided for liquidated damages, Contractor shall reimburse Owner (1) for any fines or penalties imposed on Owner as a direct result of the Contractor's failure to attain Substantial Completion according to the Contract Times.

ARTICLE 5 – CONTRACT PRICE

5.01 Owner shall pay Contractor for completion of the Work in accordance with the Contract Documents the amounts that follow, subject to adjustment under the Contract:

A. For all Work other than Unit Price Work, a lump sum of: **$ 309,300.00**.

All specific cash allowances are included in the above price in accordance with Paragraph 13.02 of the General Conditions.

ARTICLE 6 – PAYMENT PROCEDURES

6.01 *Submittal and Processing of Payments*

A. Contractor shall submit Applications for Payment in accordance with Article 15 of the General Conditions. Applications for Payment will be processed by Engineer as provided in the General Conditions.

6.02 *Progress Payments; Retainage*

A. Owner shall make progress payments on account of the Contract Price on the basis of Contractor's Applications for Payment on or about the 20th day of each month during performance of the Work as provided in Paragraph 6.02.A.1 below, provided that such Applications for Payment have been submitted in a timely manner and otherwise meet the requirements of the Contract. All such payments will be measured by the Schedule of Values established as provided in the General Conditions (and in the case of Unit Price Work based on the number of units completed) or, in the event there is no Schedule of Values, as provided elsewhere in the Contract.

1. Prior to Substantial Completion, progress payments will be made in accordance with Florida Statute 255.078 but, in each case, less the aggregate of payments previously made and less such amounts as Owner may withhold, including but not limited to liquidated damages, in accordance with the Contract

B. Upon Substantial Completion, Owner shall pay an amount sufficient to increase total payments to Contractor to 100 percent of the Work completed, less such amounts set off by Owner pursuant to Paragraph 15.01.E of the General Conditions, and less 200 percent of Engineer's estimate of the value of Work to be completed or corrected as shown on the punch list of items to be completed or corrected prior to final payment.

6.03 *Final Payment*

A. Upon final completion and acceptance of the Work in accordance with Paragraph 15.06 of the General Conditions, Owner shall pay the remainder of the Contract Price as recommended by Engineer as provided in said Paragraph 15.06.

ARTICLE 7 – INTEREST

7.01 All amounts not paid when due shall bear interest at the rate of *1* percent per annum.

ARTICLE 8 – CONTRACTOR'S REPRESENTATIONS

8.01 In order to induce Owner to enter into this Contract, Contractor makes the following representations:

A. Contractor has examined and carefully studied the Contract Documents, and any data and reference items identified in the Contract Documents.

B. Contractor has visited the Site, conducted a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and is satisfied as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.

C. Contractor is familiar with and is satisfied as to all Laws and Regulations that may affect cost, progress, and performance of the Work.

D. Contractor has considered the information known to Contractor itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Contract Documents; and the Site-related reports and drawings identified in the Contract Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Contractor; and (3) Contractor's safety precautions and programs.

E. Based on the information and observations referred to in the preceding paragraph, Contractor agrees that no further examinations, investigations, explorations, tests, studies, or data are necessary for the performance of the Work at the Contract Price, within the Contract Times, and in accordance with the other terms and conditions of the Contract.

F. Contractor is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Contract Documents.

G. Contractor has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Contractor has discovered in the Contract Documents, and the written resolution thereof by Engineer is acceptable to Contractor.

H. The Contract Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performance and furnishing of the Work.

I. Contractor's entry into this Contract constitutes an incontrovertible representation by Contractor that without exception all prices in the Agreement are premised upon performing and furnishing the Work required by the Contract Documents.

ARTICLE 9 – CONTRACT DOCUMENTS

9.01 *Contents*

A. The Contract Documents consist of the following:

1. This Agreement (pages 1 to 14, inclusive).
2. Performance bond (pages 1 to 3, inclusive).
3. Payment bond (pages 1 to 3, inclusive).
4. Other bonds.
    a. None.
5. General Conditions (pages 1 to 65, inclusive).
6. Supplementary Conditions (pages 1 to 10, inclusive).
7. Specifications as listed in the table of contents of the Project Manual.
8. Drawings (not attached but incorporated by reference) consisting of the Drawings listed on the attached sheet index.
9. Addenda (numbers 1 to 2, inclusive).
10. The following which may be delivered or issued on or after the Effective Date of the Contract and are not attached hereto:
    a. Notice to Proceed.
    b. Work Change Directives.
    c. Change Orders.
    d. Field Orders.

B. The documents listed in Paragraph 9.01.A are attached to this Agreement (except as expressly noted otherwise above).

C. There are no Contract Documents other than those listed above in this Article 9.

D. The Contract Documents may only be amended, modified, or supplemented as provided in the General Conditions.

E. To the extent that there exists a conflict between this Agreement and the remaining Contract Documents, the terms, conditions, covenants, and/or provisions of this Agreement shall prevail. Wherever possible, the provisions of such documents shall be construed in such a manner as to avoid conflicts between provisions of the various documents.

ARTICLE 10 – MISCELLANEOUS

10.01 *Terms*

A. Terms used in this Agreement will have the meanings stated in the General Conditions and the Supplementary Conditions.

10.02 *Assignment of Contract*

A. Unless expressly agreed to elsewhere in the Contract, no assignment by a party hereto of any rights under or interests in the Contract will be binding on another party hereto without the written consent of the party sought to be bound; and, specifically but without limitation, money that may become due and money that is due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents.

10.03 *Successors and Assigns*

A. Owner and Contractor each binds itself, its successors, assigns, and legal representatives to the other party hereto, its successors, assigns, and legal representatives in respect to all covenants, agreements, and obligations contained in the Contract Documents.

10.04 *Severability*

A. Any provision or part of the Contract Documents held to be void or unenforceable under any Law or Regulation shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon Owner and Contractor, who agree that the Contract Documents shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision.

10.05 *Contractor's Certifications*

A. Contractor certifies that it has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for or in executing the Contract. For the purposes of this Paragraph 10.05:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process or in the Contract execution;

2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process or the execution of the Contract to the detriment of Owner, (b) to establish Bid or Contract prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;

3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish Bid prices at artificial, non-competitive levels; and

4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the execution of the Contract.

10.06 *Indemnity*

A. The parties recognize that the CONTRACTOR is an independent contractor. The CONTRACTOR agrees to assume liability for and indemnify, hold harmless, and defend the VILLAGE, its council members, mayor, officers, employees, agents, and attorneys of, from, and against all liability and expense, including reasonable attorney's fees, in connection with any and all claims, demands, damages, actions, causes of action, and suits in equity of whatever kind or nature, including claims for personal injury, property damage, equitable relief, or loss of use, to the extent caused by the negligence, recklessness, or intentionally

wrongful conduct of the CONTRACTOR, its agents, officers, Contractors, subcontractors, employees, or anyone else utilized by the CONTRACTOR in the performance of this Contract. The CONTRACTOR's liability hereunder shall include all attorney's fees and costs incurred by the VILLAGE in the enforcement of this indemnification provision. This includes claims made by the employees of the CONTRACTOR against the VILLAGE and the CONTRACTOR hereby waives its entitlement, if any, to immunity under Section 440.11, Florida Statutes. The obligations contained in this provision shall survive termination of this Contract and shall not be limited by the amount of any insurance required to be obtained or maintained under this Contract.

B. Subject to the limitations set forth in this Section, CONTRACTOR shall assume control of the defense of any claim asserted by a third party against the VILLAGE and, in connection with such defense, shall appoint lead counsel, in each case at the CONTRACTOR's expense. The VILLAGE shall have the right, at its option, to participate in the defense of any third party claim, without relieving CONTRACTOR of any of its obligations hereunder. If the CONTRACTOR assumes control of the defense of any third party claim in accordance with this paragraph, the CONTRACTOR shall obtain the prior written consent of the VILLAGE before entering into any settlement of such claim. Notwithstanding anything to the contrary in this Section, the CONTRACTOR shall not assume or maintain control of the defense of any third party claim, but shall pay the fees of counsel retained by the VILLAGE and all expenses, including experts' fees, if (i) an adverse determination with respect to the third party claim would, in the good faith judgment of the VILLAGE, be detrimental in any material respect to the VILLAGE's reputation; (ii) the third party claim seeks an injunction or equitable relief against the VILLAGE; or (iii) the CONTRACTOR has failed or is failing to prosecute or defend vigorously the third party claim. Each party shall cooperate, and cause its agents to cooperate, in the defense or prosecution of any third party claim and shall furnish or cause to be furnished such records and information, and attend such conferences, discovery proceedings, hearings, trials, or appeals, as may be reasonably requested in connection therewith.

C. It is the specific intent of the parties hereto that the foregoing indemnification complies with Section 725.06, Florida Statutes, as amended. CONTRACTOR expressly agrees that it will not claim, and waives any claim, that this indemnification violates Section 725.06, Florida Statues. Nothing contained in the foregoing indemnification shall be construed as a waiver of any immunity or limitation of liability the VILLAGE may have under the doctrine of sovereign immunity or Section 768.28, Florida Statutes.

10.07 *Governing Law and Remedies*

A. The validity of this Agreement and of any of its terms or provisions, as well as the rights and duties of the parties hereunder, shall be governed by the laws of the State of Florida and venue for any and all disputes related to or arising from this Agreement shall be in Palm Beach County, Florida.

B. No remedy herein conferred upon any party is intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or further exercise thereof.

10.08 *Office of the Inspector General*

A. Palm Beach County has established the Office of the Inspector General, which is authorized and empowered to review past, present, and proposed County programs, contracts,

transactions, accounts and records. The Inspector General (IG) has the power to subpoena witnesses, administer oaths, require the production of records, and monitor existing projects and programs. The Inspector General may, on a random basis, perform audits on all Village contracts.

10.09 *Scrutinized Companies*

A. Company certifies that it and its subcontractors are not on the Scrutinized Companies that Boycott Israel List and are not engaged in the boycott of Israel. Pursuant to section 287.135, Florida Statutes, the Village may immediately terminate this Agreement at its sole option if the Company or any of its subcontractors are found to have submitted a false certification; or if the Company or any of its subcontractors, are placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of this Agreement.

B. The Company agrees to observe the above requirements for applicable subcontracts entered into for the performance of work under this Agreement. The Company agrees that the certifications in this section shall be effective and relied upon by the Village for the term of this Agreement, including any and all renewals. The Company agrees that if it or any of its subcontractors' status changes in regards to any certification herein, the Company shall immediately notify the Village of the same. As provided in Subsection 287.135(8), Florida Statutes, if federal law ceases to authorize the above-stated contracting prohibitions then they shall become inoperative.

10.10 *Public Records*

A. The CONTRACTOR shall comply with Florida's Public Records Act, Chapter 119, Florida Statutes, and, if determined to be acting on behalf of the Village as provided under section 119.011(2), Florida Statutes, specifically agrees to:

1. Keep and maintain public records required by the Village to perform the service.

2. Upon request from the Village's custodian of public records or designee, provide the Village with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of this Contract and following completion of this Contract if the Contractor does not transfer the records to the Village.

4. Upon completion of this Contract, transfer, at no cost, to the Village all public records in possession of the Contractor or keep and maintain public records required by the Village to perform the service. If the Contractor transfers all public records to the Village upon completion of the Contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the Contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the Village, upon request from the Village's custodian of public records or designee, in a format that is compatible with the information technology systems of the Village.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONSULTANT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS OR DESIGNEE AT 561-584-8200 ext. 8430, kwynn@vpsfl.org, OR BY MAIL AT VILLAGE OF PALM SPRINGS, 226 CYPRESS LANE, PALM SPRINGS, FL 33461.

10.11 *Insurance*

A. The limits of liability for insurance required by Paragraph 6.03 of the General Conditions shall provide coverage for not less that the following amounts or greater where required by Law and Regulations:

1. Workers' Compensation, and related coverages under Paragraphs 6.03.A.1 and A.2 of the General Conditions:

a.	State	Statutory
b.	Applicable Federal	Statutory
c.	Employer Liability:	
	Bodily injury, each accident	$1,000,000
	Bodily injury by disease, each employee	$500,000
	Bodily injury/disease aggregate	$1,000,000
d.	Foreign voluntary worker compensation	Statutory

2. Contractor's Commercial General Liability under Paragraphs 6.03.B and 6.03.C of the General Conditions:

a.	General Aggregate	$2,000,000
b.	Products – Completed Operations Aggregate	$2,000,000
c.	Personal and Advertising Injury	$1,000,000
d.	Each Occurrence (Bodily Injury and Property Damage)	$1,000,000

3. Automobile Liability under paragraph 6.03.D of the General Conditions:

a.	Bodily Injury:	
	Each Person	$500,000
	Each Accident	$1,000,000
b.	Property Damage:	
	Each Incident	$1,000,000

4. Umbrella of Excess Liability under paragraph 6.03.E of the General Conditions:

a.	Excess or Umbrella Liability	
	1) General Aggregate	$5,000,000
	2) Each Occurrence	$1,000,000

5. Contractor's Pollution Liability under paragraph 6.03.F of the General Conditions:

a.	Contractor's Pollution Liability	
	1) General Aggregate	$2,000,000
	2) Each Occurrence	$1,000,000

6. Additional Insureds include the respective officers, partners, directors, employees, agents, consultants, and subconsultants of the following firms and municipal government(s):

    a. Village of Palm Springs

10.12 *Public Construction Bond*

A. If the contract amount exceeds $200,000 in total construction cost, the CONTRACTOR must provide the VILLAGE with a public construction bond in accordance with section 255.05, Florida Statutes. Said bond must be recorded in the Official Records in and for Palm Beach County and a copy of the recorded bond must be provided to the VILLAGE prior to the CONTRACTOR providing any services under the contract. The VILLAGE reserves the right to request a bond for any work which is less than $200,000. The cost of the bond shall be a direct pass through cost to the VILLAGE without any mark-up by the CONTRACTOR.

B. The public construction bond shall be on forms attached hereto as **Exhibit "B"** or substantially similar as approved by the VILLAGE. The bond shall be in an amount not less than the total contract price and shall incorporate by reference the terms of the Contract Documents in their entirety.

C. To be acceptable to the VILLAGE, a Surety Company shall comply with the following provisions:

    a. The Surety Company shall have a currently valid Certificate of Authority, issued by the State of Florida Department of Insurance, authorizing it to write surety bonds in the State of Florida.

    b. The Surety Company shall have a currently valid Certificate of Authority issued by the United States Department of Treasury under Sections 9304 to 9308 of Title 31 of the United States Code.

    c. The Surety Company shall be in full compliance with the provisions of the Florida Insurance Code.

    d. The Surety Company shall have at least twice the minimum surplus and capital required by the Florida Insurance Code at the time the contract is approved.

    e. The Surety Company shall have at least the ratings of A-/Class V in the latest issue of Best's Key Rating Guide.

    f. The Surety Company shall not expose itself to any loss on any one risk in an amount exceeding ten (10) percent of its surplus to policyholders, provided:

        1) Any risk or portion of any risk being reinsured shall be deducted in determining the limitation of the risk as prescribed in this section. These minimum requirements shall apply to the reinsuring carrier providing authorization or approval by the State of Florida, Department of Insurance to do business in this state have been met.

        2) In the case of the surety insurance company, in addition to the deduction for reinsurance, the amount assumed by any co-surety, the value of any security deposited, pledged or held subject to the consent of the surety and for the protection of the surety shall be deducted.

10.13 *Audit by Village*

A. The CONTRACTOR shall maintain adequate records to justify all charges, expenses, and costs incurred in estimating and performing the Services for at least three (3) years after

completion of the Contract. The CONTRACTOR shall permit the VILLAGE, or any authorized representatives of the VILLAGE, at all reasonable times, access to and the right to examine all records, books, papers or documents related to the CONTRACTOR's performance under this Agreement including, but not limited to, expenses for sub-contractors, agents or assistants, direct and indirect charges for work performed and detailed documentation for all such work performed or to be performed under this Agreement.

10.14 *Copies of Data/Documents*

A. Copies or original documents prepared by the CONTRACTOR in relation to work associated with this Agreement shall be provided to the VILLAGE. Data collected, stored, and/or provided shall be in a form acceptable to the VILLAGE and agreed upon by the VILLAGE.

10.15 *Ownership*

A. Each and every report, draft, work product, map, record, and other document reproduced, prepared, or caused to be prepared by the CONTRACTOR pursuant to or in connection with this Agreement shall be the exclusive property of the VILLAGE.

10.16 *Limitations of Liability*

A. Under no circumstances shall either party be liable to the other for any consequential, incidental, special, punitive, or any other form of indirect or non-compensatory damages.

10.17 *Enforcement Costs*

A. All parties shall be responsible for their own attorneys' fees, court costs and expenses if any legal action or other proceeding is brought for any dispute, disagreement, or issue of construction or interpretation arising hereunder whether relating to the Agreement's execution, validity, the obligations provided therein, or performance of this Agreement, or because of an alleged breach, default or misrepresentation in connection with any provisions of this Agreement.

10.18 *Copyrights and/or Patent Rights*

A. CONTRACTOR warrants that there has been no violation of copyrights and/or patent rights in the manufacturing, producing or selling of the goods, shipped or ordered, as a result of this Agreement and the CONTRACTOR agrees to hold the Village harmless from any and all liability, loss, or expense occasioned by any such violation.

10.19 *Protection of Property*

A. The CONTRACTOR shall at all times guard against damage or loss to the property of the VILLAGE or of other vendors or contractors and shall be held responsible for replacing or repairing any such loss or damage. The VILLAGE may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss or damage to property through negligence of the successful CONTRACTOR or its agents. The CONTRACTOR shall be responsible to safeguard all of their property such as tools and equipment while on site. The VILLAGE will not be held responsible for any loss of CONTRACTOR property due to theft or vandalism.

10.20 *Damage to Persons or Property*

A. The responsibility for all damage to person or property arising out of or on account of Scope of Work done under this Contract shall rest upon the CONTRACTOR.

10.21 *Discrimination*

A. The CONTRACTOR warrants and represents that all of its employees are treated equally during employment without regard to race, color, religion, disability, sex, age, national origin, ancestry, political affiliation, marital status, handicap, or sexual orientation. Further, CONTRACTOR shall not discriminate or permit discrimination against any employee or an applicant for employment on the basis of race, color, sex, religion, political affiliation, natural origin, ancestry, marital status, sexual orientation or handicap.

10.22 *Construction Defects*

A. PURSUANT TO SECTION 558.005, FLORIDA STATUTES, ANY CLAIMS FOR CONSTRUCTION DEFECTS ARE NOT SUBJECT TO THE NOTICE AND CURE PROVISIONS OF CHAPTER 558, FLORIDA STATUTES.

10.23 *Public Entity Crimes*

A. Contractor acknowledges and agrees that a person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier or sub-contractor under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statues, for CATEGORY TWO for a period of 36 months following the date of being placed on the convicted vendor list. The Contractor will advise the Village immediately if it becomes aware of any violation of this statute.

10.24 *Scrutinized Companies*

A. Contractor certifies that it and its subcontractors are not on the Scrutinized Companies that Boycott Israel List and are not engaged in the boycott of Israel. Pursuant to section 287.135, Florida Statutes, the City may immediately terminate this Agreement at its sole option if the Contractor or any of its subcontractors are found to have submitted a false certification; or if the Contractor or any of its subcontractors, are placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of this Agreement.

B. If this Agreement is for one million dollars or more, the Contractor certifies that it and its subcontractors are also not on the Scrutinized Companies with Activities in Sudan List, Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged in business operations in Cuba or Syria as identified in Section 287.135, Florida Statutes. Pursuant to Section 287.135, the City may immediately terminate this Agreement at its sole option if the Contractor, or any of its subcontractors are found to have submitted a false certification; or if the Contractor or any of its subcontractors are placed on the Scrutinized Companies with Activities in Sudan List, or Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or are or have been engaged with business operations in Cuba or Syria during the term of this Agreement.

C. The Contractor agrees to observe the above requirements for applicable subcontracts entered into for the performance of work under this Agreement.

D. The Contractor agrees that the certifications in this section shall be effective and relied upon by the City for the term of this Agreement, including any and all renewals.

E. The Contractor agrees that if it or any of its subcontractors' status changes in regards to any certification herein, the Contractor shall immediately notify the City of the same.

F. As provided in Subsection 287.135(8), Florida Statutes, if federal law ceases to authorize the above-stated contracting prohibitions then they shall become inoperative.

10.25 *E-Verify*

A. Pursuant to Section 448.095(2), Florida Statutes, beginning on January 1, 2021, the CONTRACTOR shall:

1. Register with and use the E-Verify system to verify the work authorization status of all newly hired employees and require all Subcontractors (providing services or receiving funding under this Agreement) to register with and use the E-Verify system to verify the work authorization status of all the Subcontractors' newly hired employees;

2. Secure an affidavit from all Subcontractors (providing services or receiving funding under this Agreement) stating that the Subcontractor does not employ, contract with, or subcontract with an "unauthorized alien" as defined in Section 448.095(1)(k), Florida Statutes;

3. Maintain copies of all Subcontractor affidavits for the duration of this Agreement and provide the same to the Owner upon request;

4. Comply fully, and ensure all of its Subcontractors comply fully, with Section 448.095, Florida Statutes;

5. Be aware that a violation of Section 448.09, Florida Statutes (Unauthorized aliens; employment prohibited) shall be grounds for termination of this Agreement; and,

6. Be aware that if the Owner terminates this Agreement under Section 448.095(2)(c), Florida Statutes, the Contractor may not be awarded a contract for at least 1 year after the date on which the Agreement is terminated and will be liable for any additional costs incurred by the Village as a result of the termination of the Agreement.

Submit one (1) original and two (2) copies of all documents listed above. Original shall be clearly marked "Original".

Failure to provide the above listed items may result in your bid being deemed non-responsive.

END OF SECTION

BID FORM

ARTICLE 1 – BID RECIPIENT

1.01 This Bid is submitted to:

VILLAGE OF PALM SPRINGS

C/O Kimberly Wynn, Village Clerk

226 Cypress Lane, Palm Springs, FL 33461

1.02 The undersigned Bidder proposes and agrees, if this Bid is accepted, to enter into an Agreement with Owner in the form included in the Bidding Documents to perform all Work as specified or indicated in the Bidding Documents for the prices and within the times indicated in this Bid and in accordance with the other terms and conditions of the Bidding Documents.

ARTICLE 2 – BIDDER'S ACKNOWLEDGEMENTS

2.01 Bidder accepts all of the terms and conditions of the Instructions to Bidders, including without limitation those dealing with the disposition of Bid security. This Bid will remain subject to acceptance for 120 days after the Bid opening, or for such longer period of time that Bidder may agree to in writing upon request of Owner.

ARTICLE 3 – BIDDER'S REPRESENTATIONS

3.01 In submitting this Bid, Bidder represents that:

A. Bidder has examined and carefully studied the Bidding Documents, and any data and reference items identified in the Bidding Documents, and hereby acknowledges receipt of the following Addenda:

Addendum No.	Addendum, Date
01	12/27/22
02	1/10/22

B. Bidder has visited the Site, conducted a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and satisfied itself as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.

C. Bidder is familiar with and has satisfied itself as to all Laws and Regulations that may affect cost, progress, and performance of the Work.

D. Bidder has considered the information known to Bidder itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Bidding Documents; and any Site-related reports and drawings identified in the Bidding Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Bidder; and (3) Bidder's safety precautions and programs.

E. Bidder agrees, based on the information and observations referred to in the preceding paragraph, that no further examinations, investigations, explorations, tests, studies, or data are necessary for the determination of this Bid for performance of the Work at the price bid and within the times required, and in accordance with the other terms and conditions of the Bidding Documents.

F. Bidder is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Bidding Documents.

G. Bidder has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Bidder has discovered in the Bidding Documents, and confirms that the written resolution thereof by Engineer is acceptable to Bidder.

H. The Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for the performance and furnishing of the Work.

I. The submission of this Bid constitutes an incontrovertible representation by Bidder that Bidder has complied with every requirement of this Article, and that without exception the Bid and all prices in the Bid are premised upon performing and furnishing the Work required by the Bidding Documents.

ARTICLE 4 – BIDDER'S CERTIFICATION

4.01 Bidder certifies that:

A. This Bid is genuine and not made in the interest of or on behalf of any undisclosed individual or entity and is not submitted in conformity with any collusive agreement or rules of any group, association, organization, or corporation;

B. Bidder has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid;

C. Bidder has not solicited or induced any individual or entity to refrain from bidding; and

D. Bidder has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for the Contract. For the purposes of this Paragraph 4.01.D:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process;

2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process to the detriment of Owner, (b) to establish bid prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;

3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish bid prices at artificial, non-competitive levels; and

4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the e execution of the Contract.

ARTICLE 5 – BASIS OF BID

5.01 Bidder will complete the Work in accordance with the Contract Documents for the following price(s):

Lump Sum Bid Price	$ 289,300.00
Lump Sum Contingency Allowance	$ 20,000.00

Total of All Lump Sums $ 309,300.00

ARTICLE 6 – TIME OF COMPLETION

6.01 Bidder agrees that the Work will be substantially complete within 120 calendar days after the date when the Contract Times commence to run as provided in Paragraph 4.01 of the General Conditions, and will be completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions within 150 calendar days after the date when the Contract Times commence to run.

6.02 Bidder accepts the provisions of the Agreement as to liquidated damages.

ARTICLE 7 – ATTACHMENTS TO THIS BID

7.01 The following documents are submitted with and made a condition of this Bid:

A. Required Bid security;

B. List of Proposed Subcontractors;

C. List of Proposed Suppliers;

D. List of Project References;

E. Evidence of authority to do business in the state of the Project; or a written covenant to obtain such license within the time for acceptance of Bids;

F. Contractor's License No.: CGC1513410 **[or]** Evidence of Bidder's ability to obtain a State Contractor's License and a covenant by Bidder to obtain said license within the time for acceptance of Bids;

G. Required Bidder Qualification Statement with supporting data; and

ARTICLE 8 – DEFINED TERMS

8.01 The terms used in this Bid with initial capital letters have the meanings stated in the Instructions to Bidders, the General Conditions, and the Supplementary Conditions.

ARTICLE 9 – BID SUBMITTAL

Note: Addresses are to be used for giving any required notice.
Provide execution by any additional parties, such as joint venturers, if necessary.

1. Bidder and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors, and assigns to pay to Owner upon default of Bidder the penal sum set forth on the face of this Bond. Payment of the penal sum is the extent of Bidder's and Surety's liability. Recovery of such penal sum under the terms of this Bond shall be Owner's sole and exclusive remedy upon default of Bidder.

2. Default of Bidder shall occur upon the failure of Bidder to deliver within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds required by the Bidding Documents.

3. This obligation shall be null and void if:

3.1 Owner accepts Bidder's Bid and Bidder delivers within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds required by the Bidding Documents, or

3.2 All Bids are rejected by Owner, or

3.3 Owner fails to issue a Notice of Award to Bidder within the time specified in the Bidding Documents (or any extension thereof agreed to in writing by Bidder and, if applicable, consented to by Surety when required by Paragraph 5 hereof).

4. Payment under this Bond will be due and payable upon default of Bidder and within 30 calendar days after receipt by Bidder and Surety of written notice of default from Owner, which notice will be given with reasonable promptness, identifying this Bond and the Project and including a statement of the amount due.

5. Surety waives notice of any and all defenses based on or arising out of any time extension to issue Notice of Award agreed to in writing by Owner and Bidder, provided that the total time for issuing Notice of Award including extensions shall not in the aggregate exceed 120 days from the Bid due date without Surety's written consent.

6. No suit or action shall be commenced under this Bond prior to 30 calendar days after the notice of default required in Paragraph 4 above is received by Bidder and Surety and in no case later than one year after the Bid due date.

7. Any suit or action under this Bond shall be commenced only in a court of competent jurisdiction located in the state in which the Project is located.

8. Notices required hereunder shall be in writing and sent to Bidder and Surety at their respective addresses shown on the face of this Bond. Such notices may be sent by personal delivery, commercial courier, or by United States Registered or Certified Mail, return receipt requested, postage pre-paid, and shall be deemed to be effective upon receipt by the party concerned.

9. Surety shall cause to be attached to this Bond a current and effective Power of Attorney evidencing the authority of the officer, agent, or representative who executed this Bond on behalf of Surety to execute, seal, and deliver such Bond and bind the Surety thereby.

10. This Bond is intended to conform to all applicable statutory requirements. Any applicable requirement of any applicable statute that has been omitted from this Bond shall be deemed to be included herein as if set forth at length. If any provision of this Bond conflicts with any applicable statute, then the provision of said statute shall govern and the remainder of this Bond that is not in conflict therewith shall continue in full force and effect.

11. The term "Bid" as used herein includes a Bid, offer, or proposal as applicable.

POWER OF ATTORNEY
UNITED STATES FIRE INSURANCE COMPANY
PRINCIPAL OFFICE - MORRISTOWN, NEW JERSEY

02725427820

KNOW ALL MEN BY THESE PRESENTS: That United States Fire Insurance Company, a corporation duly organized and existing under the laws of the state of Delaware, has made, constituted and appointed, and does hereby make, constitute and appoint:

Brett Rosenhaus, Dale Belis, Richard Zimmerman

each, its true and lawful Attorney(s)-In-Fact, with full power and authority hereby conferred in its name, place and stead, to execute, acknowledge and deliver: Any and all bonds and undertakings of surety and other documents that the ordinary course of surety business may require, and to bind United States Fire Insurance Company thereby as fully and to the same extent as if such bonds or undertakings had been duly executed and acknowledged by the regularly elected officers of United States Fire Insurance Company at its principal office, in amounts or penalties not exceeding: **Seven Million, Five Hundred Thousand Dollars ($7,500,000).**

This Power of Attorney limits the act of those named therein to the bonds and undertakings specifically named therein, and they have no authority to bind United States Fire Insurance Company except in the manner and to the extent therein stated.

This Power of Attorney revokes all previous Powers of Attorney issued on behalf of the Attorneys-In-Fact named above and expires on January 31, 2021.

This Power of Attorney is granted pursuant to Article IV of the By-Laws of United States Fire Insurance Company as now in full force and effect, and consistent with Article III thereof, which Articles provide, in pertinent part:

> Article IV, Execution of Instruments - Except as the Board of Directors may authorize by resolution, the Chairman of the Board, President, any Vice-President, any Assistant Vice President, the Secretary, or any Assistant Secretary shall have power on behalf of the Corporation:
>
> (a) to execute, affix the corporate seal manually or by facsimile to, acknowledge, verify and deliver any contracts, obligations, instruments and documents whatsoever in connection with its business including, without limiting the foregoing, any bonds, guarantees, undertakings, recognizances, powers of attorney or revocations of any powers of attorney, stipulations, policies of insurance, deeds, leases, mortgages, releases, satisfactions and agency agreements;
>
> (b) to appoint, in writing, one or more persons for any or all of the purposes mentioned in the preceding paragraph (a), including affixing the seal of the Corporation.
>
> Article III, Officers, Section 3.11, Facsimile Signatures. The signature of any officer authorized by the Corporation to sign any bonds, guarantees, undertakings, recognizances, stipulations, powers of attorney or revocations of any powers of attorney and policies of insurance issued by the Corporation may be printed, facsimile, lithographed or otherwise produced. In addition, if and as authorized by the Board of Directors, dividend warrants or checks, or other numerous instruments similar to one another in form, may be signed by the facsimile signature or signatures, lithographed or otherwise produced, of such officer or officers of the Corporation as from time to time may be authorized to sign such instruments on behalf of the Corporation. The Corporation may continue to use for the purposes herein stated the facsimile signature of any person or persons who shall have been such officer or officers of the Corporation, notwithstanding the fact that he may have ceased to be such at the time when such instruments shall be issued.

IN WITNESS WHEREOF, United States Fire Insurance Company has caused these presents to be signed and attested by its appropriate officer and its corporate seal hereunto affixed this 22nd day of August 2019.

UNITED STATES FIRE INSURANCE COMPANY

A. R. S.

Anthony R. Slimowicz, Executive Vice President

State of Pennsylvania }
County of Philadelphia }

On this 22nd day of August 2019, before me, a Notary public of the State of Pennsylvania, came the above named officer of United States Fire Insurance Company, to me personally known to be the individual and officer described herein, and acknowledged that he executed the foregoing instrument and affixed the seal of United States Fire Insurance Company thereto by the authority of his office.

Re: E&F Florida Enterprises, Inc. dba Creative Contracting Group
Statement of Bondability

To Whom It May Concern:

This is to advise you that our office provides Bid, Performance, and Payment Bonds for E&F Florida Enterprises, Inc. dba Creative Contracting Group. Their Surety is Philadelphia Indemnity Insurance Company which carries an A.M. Best Rating of A++ XV and is listed in the Department of the Treasury's Federal Register.

Based upon normal and standard underwiring criteria at the time of the request, we should be in position to provide Performance and Payment Bonds for projects up to $750,000 for a single bond and $750,000 in the aggregate. We obviously reserve the right to review final contractual documents, bond forms and obtain satisfactory evidence of funding prior to final commitment to issue bonds. We cannot assume liability to any third party, including you, if we do not execute said bonds.

E&F Florida Enterprises, Inc. dba Creative Contracting Group is an excellent contractor and we hold them in the highest regard. We feel extremely confident in our contractor and encourage you to offer them an opportunity to execute any upcoming projects.

This letter is not an assumption of liability, nor is it a bid or performance and payment bond. It is issued only as a bonding reference by our respected client.

If you should have any questions, please do not hesitate to give me a call.

Sincerely,

Brett Rosenhaus

April 6, 2020

Re: E&F Florida Enterprises, Inc. dba Creative Contracting Group
Statement of Bondability

To Whom It May Concern:

This is to advise you that our office provides Bid, Performance, and Payment Bonds for E&F Florida Enterprises, Inc. dba Creative Contracting Group. Their Surety is Philadelphia Indemnity Insurance Company which carries an A.M. Best Rating of A++ XV and is listed in the Department of the Treasury's Federal Register.

Based upon normal and standard underwiring criteria at the time of the request, we should be in position to provide Performance and Payment Bonds for projects up to $750,000 for a single bond and $750,000 in the aggregate. We obviously reserve the right to review final contractual documents, bond forms and obtain satisfactory evidence of funding prior to final commitment to issue bonds. We cannot assume liability to any third party, including you, if we do not execute said bonds.

E&F Florida Enterprises, Inc. dba Creative Contracting Group is an excellent contractor and we hold them in the highest regard. We feel extremely confident in our contractor and encourage you to offer them an opportunity to execute any upcoming projects.

This letter is not an assumption of liability, nor is it a bid or performance and payment bond. It is issued only as a bonding reference by our respected client.

If you should have any questions, please do not hesitate to give me a call.

Sincerely,

Brett Rosenhaus
Florida Licensed Agent

SECTION 00454
DRUG-FREE WORKPLACE CERTIFICATE

I, the undersigned, in accordance with Florida Statute 287.087, hereby certify that _____
E+F Florida Enterprises (Print or Type Name of Firm)

- Publishes a written statement notifying that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace named above, and specifying actions that will be taken against violations of such prohibition.

- Informs employees about the dangers of drug abuse in the workplace; the firm's policy of maintaining a drug-free working environment and available drug counseling, rehabilitation, and employee assistance programs; and the penalties that may be imposed upon employees for drug-use violations.

- Gives each employee engaged in providing commodities or contractual services that are under bid or proposal a copy of the statement specified above.

- Notifies the employees that as a condition of working on the commodities or contractual services under bid or proposal, the employee will abide by the terms of the statement and will notify the employer of any conviction of or plea of guilty or nolo contendere to any violation of Chapter 1893 or any controlled substance law of the State of Florida or the United States for a violation occurring in the workplace, no later than 5 days after such conviction, and requires employees to sign copies of such written statement to acknowledge their receipt.

- Imposes a sanction on or requires the satisfactory participation in a drug-abuse assistance or rehabilitation program, if such is available in the employee's community, by any employee who is so convicted.

- Makes a good faith effort to continue to maintain a drug-free workplace through the implementation of the drug-free workplace program.

"As a person authorized to sign this statement, I certify that the business, firm, or corporation named above complies fully with the requirements set forth herein."

SECTION 00455
SWORN STATEMENT UNDER SECTION 287.133(3)(a),
FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES

(To be signed in the presence of a notary public or other officer authorized to administer oaths.)

STATE OF FL.

COUNTY OF Palm Bch.

Before me, the undersigned authority, personally appeared Lisa Addis, who, being by me first duly sworn, made the following statement:

1. The business address of E+F Florida Enterprises Inc. (firm name of Bidder/Contractor) is 3141 Fortune Way S-16 Wellington FL 33414.

2. My relationship to E+F Florida Enterprises (firm name of Bidder/Contractor) is V.P / Owner (relationship such as sole proprietor, partner, president, vice president).

3. I understand that a "public entity crime" as defined in Section 287.133 of the Florida Statutes includes a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity in Florida or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or such an agency or political subdivision and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

4. I understand that "convicted" or "conviction" is defined by the statute to mean a finding of guilt or a conviction of a public entity crime, with or without adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

5. I understand that "affiliate" is defined by the statute to mean (1) a predecessor or successor of a person or a corporation convicted of a public entity crime; or (2) an entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime; or (3) those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate; or (4) a person or corporation who knowingly entered into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months.

6. Neither the Bidder/Contractor nor any officer, director, executive, partner, shareholder, employee, member or agent who is active in the management of the Bidder/Contractor, nor any affiliate of the Bidder/Contractor, has been convicted of public entity crime subsequent to July 1, 1989.

(Draw a line through Paragraph 6 if Paragraph 7 below applies.)

7. There has been a conviction of a public entity crime by the Bidder/Contractor, or an officer, director, executive, partner, shareholder, employee, member or agent of the Bidder/Contractor who is active in the management of the Bidder/Contractor or an affiliate of the Bidder/Contractor. A determination has been made pursuant to Section 287.133(3) by order of the Division of Administrative Hearings that it is not in the public interest for the name of the convicted person or affiliate to appear on the convicted vendor list. The name of the convicted person or affiliate is N/A.

A copy of the order of the Division of Administrative Hearings is attached to this statement.

(Draw a line through Paragraph 7 if Paragraph 6 above applies.)

(Signature)

Sworn to and subscribed to before me in the State and County first mentioned above on the 11 day of January, 2022.

SECTION 00456
SCRUTINIZED COMPANIES CERTIFICATION FORM

By execution below, I, Lisa Addis, on behalf of E+F Florida Enterprises (hereinafter, the "Contractor"), hereby swear or affirm to the following certifications:

The following certifications apply to all procurements:

1. The Contractor has reviewed section 215.4725, Florida Statutes, section 215.473, Florida Statutes and section 287.135, Florida Statutes, and understands the same.
2. The Contractor is not on the Scrutinized Companies that Boycott Israel List nor is the Contractor engaged in a boycott of Israel.
3. If awarded a contract, the Contractor agrees to require these certifications for applicable subcontracts entered into for the performance of work/services under this procurement.
4. If awarded a contract, the Contractor agrees that the certifications in this section shall be effective and relied upon by the City for the entire term of the contract, including any and all renewals.

If the contract awarded hereunder is for one million dollars or more, the following additional certifications apply:

1. The Contractor is not on the Scrutinized Companies with Activities in Sudan List.
2. The Contractor is not on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List.
3. The Contractor is not engaged in business operations in Cuba or Syria.
5. If awarded a contract, the Contractor agrees to require these certifications for applicable subcontracts entered into for the performance of work/services under this procurement.
6. If awarded a contract, the Contractor agrees that the certifications in this section shall be effective and relied upon by the City for the entire term of the contract, including any and all renewals.

BID FORM

ARTICLE 1 – BID RECIPIENT

1.01 This Bid is submitted to:

VILLAGE OF PALM SPRINGS

C/O Kimberly Wynn, Village Clerk

226 Cypress Lane, Palm Springs, FL 33461

1.02 The undersigned Bidder proposes and agrees, if this Bid is accepted, to enter into an Agreement with Owner in the form included in the Bidding Documents to perform all Work as specified or indicated in the Bidding Documents for the prices and within the times indicated in this Bid and in accordance with the other terms and conditions of the Bidding Documents.

ARTICLE 2 – BIDDER'S ACKNOWLEDGEMENTS

2.01 Bidder accepts all of the terms and conditions of the Instructions to Bidders, including without limitation those dealing with the disposition of Bid security. This Bid will remain subject to acceptance for 120 days after the Bid opening, or for such longer period of time that Bidder may agree to in writing upon request of Owner.

ARTICLE 3 – BIDDER'S REPRESENTATIONS

3.01 In submitting this Bid, Bidder represents that:

A. Bidder has examined and carefully studied the Bidding Documents, and any data and reference items identified in the Bidding Documents, and hereby acknowledges receipt of the following Addenda:

Addendum No.	Addendum, Date
01	12/27/22
02	1/10/23

B. Bidder has visited the Site, conducted a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and satisfied itself as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.

C. Bidder is familiar with and has satisfied itself as to all Laws and Regulations that may affect cost, progress, and performance of the Work.

D. Bidder has considered the information known to Bidder itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Bidding Documents; and any Site-related reports and drawings identified in the Bidding Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Bidder; and (3) Bidder's safety precautions and programs.

E. Bidder agrees, based on the information and observations referred to in the preceding paragraph, that no further examinations, investigations, explorations, tests, studies, or data are necessary for the determination of this Bid for performance of the Work at the price bid and within the times required, and in accordance with the other terms and conditions of the Bidding Documents.

F. Bidder is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Bidding Documents.

G. Bidder has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Bidder has discovered in the Bidding Documents, and confirms that the written resolution thereof by Engineer is acceptable to Bidder.

H. The Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for the performance and furnishing of the Work.

I. The submission of this Bid constitutes an incontrovertible representation by Bidder that Bidder has complied with every requirement of this Article, and that without exception the Bid and all prices in the Bid are premised upon performing and furnishing the Work required by the Bidding Documents.

ARTICLE 4 – BIDDER'S CERTIFICATION

4.01 Bidder certifies that:

A. This Bid is genuine and not made in the interest of or on behalf of any undisclosed individual or entity and is not submitted in conformity with any collusive agreement or rules of any group, association, organization, or corporation;

B. Bidder has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid;

C. Bidder has not solicited or induced any individual or entity to refrain from bidding; and

D. Bidder has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for the Contract. For the purposes of this Paragraph 4.01.D:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process;

2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process to the detriment of Owner, (b) to establish bid prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;

3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish bid prices at artificial, non-competitive levels; and

4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the e execution of the Contract.

ARTICLE 5 – BASIS OF BID

5.01 Bidder will complete the Work in accordance with the Contract Documents for the following price(s):

Lump Sum Bid Price	$ 289,300.00
Lump Sum Contingency Allowance	$ 20,000.00

Total of All Lump Sums $ 309,300.00

ARTICLE 6 – TIME OF COMPLETION

6.01 Bidder agrees that the Work will be substantially complete within 120 calendar days after the date when the Contract Times commence to run as provided in Paragraph 4.01 of the General Conditions, and will be completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions within 150 calendar days after the date when the Contract Times commence to run.

6.02 Bidder accepts the provisions of the Agreement as to liquidated damages.

ARTICLE 7 – ATTACHMENTS TO THIS BID

7.01 The following documents are submitted with and made a condition of this Bid:

A. Required Bid security;

B. List of Proposed Subcontractors;

C. List of Proposed Suppliers;

D. List of Project References;

E. Evidence of authority to do business in the state of the Project; or a written covenant to obtain such license within the time for acceptance of Bids;

F. Contractor's License No.: CGC1513[illegible] [or] Evidence of Bidder's ability to obtain a State Contractor's License and a covenant by Bidder to obtain said license within the time for acceptance of Bids;

G. Required Bidder Qualification Statement with supporting data; and

ARTICLE 8 – DEFINED TERMS

8.01 The terms used in this Bid with initial capital letters have the meanings stated in the Instructions to Bidders, the General Conditions, and the Supplementary Conditions.

Note: Addresses are to be used for giving any required notice.
Provide execution by any additional parties, such as joint venturers, if necessary.

1. Bidder and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors, and assigns to pay to Owner upon default of Bidder the penal sum set forth on the face of this Bond. Payment of the penal sum is the extent of Bidder's and Surety's liability. Recovery of such penal sum under the terms of this Bond shall be Owner's sole and exclusive remedy upon default of Bidder.

2. Default of Bidder shall occur upon the failure of Bidder to deliver within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds required by the Bidding Documents.

3. This obligation shall be null and void if:

3.1 Owner accepts Bidder's Bid and Bidder delivers within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds required by the Bidding Documents, or

3.2 All Bids are rejected by Owner, or

3.3 Owner fails to issue a Notice of Award to Bidder within the time specified in the Bidding Documents (or any extension thereof agreed to in writing by Bidder and, if applicable, consented to by Surety when required by Paragraph 5 hereof).

4. Payment under this Bond will be due and payable upon default of Bidder and within 30 calendar days after receipt by Bidder and Surety of written notice of default from Owner, which notice will be given with reasonable promptness, identifying this Bond and the Project and including a statement of the amount due.

5. Surety waives notice of any and all defenses based on or arising out of any time extension to issue Notice of Award agreed to in writing by Owner and Bidder, provided that the total time for issuing Notice of Award including extensions shall not in the aggregate exceed 120 days from the Bid due date without Surety's written consent.

6. No suit or action shall be commenced under this Bond prior to 30 calendar days after the notice of default required in Paragraph 4 above is received by Bidder and Surety and in no case later than one year after the Bid due date.

7. Any suit or action under this Bond shall be commenced only in a court of competent jurisdiction located in the state in which the Project is located.

8. Notices required hereunder shall be in writing and sent to Bidder and Surety at their respective addresses shown on the face of this Bond. Such notices may be sent by personal delivery, commercial courier, or by United States Registered or Certified Mail, return receipt requested, postage pre-paid, and shall be deemed to be effective upon receipt by the party concerned.

9. Surety shall cause to be attached to this Bond a current and effective Power of Attorney evidencing the authority of the officer, agent, or representative who executed this Bond on behalf of Surety to execute, seal, and deliver such Bond and bind the Surety thereby.

10. This Bond is intended to conform to all applicable statutory requirements. Any applicable requirement of any applicable statute that has been omitted from this Bond shall be deemed to be included herein as if set forth at length. If any provision of this Bond conflicts with any applicable statute, then the provision of said statute shall govern and the remainder of this Bond that is not in conflict therewith shall continue in full force and effect.

11. The term "Bid" as used herein includes a Bid, offer, or proposal as applicable.

POWER OF ATTORNEY
UNITED STATES FIRE INSURANCE COMPANY
PRINCIPAL OFFICE - MORRISTOWN, NEW JERSEY

02725427820

KNOW ALL MEN BY THESE PRESENTS: That United States Fire Insurance Company, a corporation duly organized and existing under the laws of the state of Delaware, has made, constituted and appointed, and does hereby make, constitute and appoint:

Brett Rosenhaus, Dale Belis, Richard Zimmerman

each, its true and lawful Attorney(s)-In-Fact, with full power and authority hereby conferred in its name, place and stead, to execute, acknowledge and deliver: Any and all bonds and undertakings of surety and other documents that the ordinary course of surety business may require, and to bind United States Fire Insurance Company thereby as fully and to the same extent as if such bonds or undertakings had been duly executed and acknowledged by the regularly elected officers of United States Fire Insurance Company at its principal office, in amounts or penalties not exceeding: **Seven Million, Five Hundred Thousand Dollars ($7,500,000).**

This Power of Attorney limits the act of those named therein to the bonds and undertakings specifically named therein, and they have no authority to bind United States Fire Insurance Company except in the manner and to the extent therein stated.

This Power of Attorney revokes all previous Powers of Attorney issued on behalf of the Attorneys-In-Fact named above and expires on January 31, 2021.

This Power of Attorney is granted pursuant to Article IV of the By-Laws of United States Fire Insurance Company as now in full force and effect, and consistent with Article III thereof, which Articles provide, in pertinent part:

> Article IV, Execution of Instruments - Except as the Board of Directors may authorize by resolution, the Chairman of the Board, President, any Vice-President, any Assistant Vice President, the Secretary, or any Assistant Secretary shall have power on behalf of the Corporation:
>
> (a) to execute, affix the corporate seal manually or by facsimile to, acknowledge, verify and deliver any contracts, obligations, instruments and documents whatsoever in connection with its business including, without limiting the foregoing, any bonds, guarantees, undertakings, recognizances, powers of attorney or revocations of any powers of attorney, stipulations, policies of insurance, deeds, leases, mortgages, releases, satisfactions and agency agreements;
>
> (b) to appoint, in writing, one or more persons for any or all of the purposes mentioned in the preceding paragraph (a), including affixing the seal of the Corporation.
>
> Article III, Officers, Section 3.11, Facsimile Signatures. The signature of any officer authorized by the Corporation to sign any bonds, guarantees, undertakings, recognizances, stipulations, powers of attorney or revocations of any powers of attorney and policies of insurance issued by the Corporation may be printed, facsimile, lithographed or otherwise produced. In addition, if and as authorized by the Board of Directors, dividend warrants or checks, or other numerous instruments similar to one another in form, may be signed by the facsimile signature or signatures, lithographed or otherwise produced, of such officer or officers of the Corporation as from time to time may be authorized to sign such instruments on behalf of the Corporation. The Corporation may continue to use for the purposes herein stated the facsimile signature of any person or persons who shall have been such officer or officers of the Corporation, notwithstanding the fact that he may have ceased to be such at the time when such instruments shall be issued.

IN WITNESS WHEREOF, United States Fire Insurance Company has caused these presents to be signed and attested by its appropriate officer and its corporate seal hereunto affixed this 22nd day of August 2019.

UNITED STATES FIRE INSURANCE COMPANY

Anthony R. Slimowicz, Executive Vice President

State of Pennsylvania }
County of Philadelphia }

On this 22nd day of August 2019, before me, a Notary public of the State of Pennsylvania, came the above named officer of United States Fire Insurance Company, to me personally known to be the individual and officer described herein, and acknowledged that he executed the foregoing instrument and affixed the seal of United States Fire Insurance Company thereto by the authority of his office.

Commonwealth of Pennsylvania – Notary Seal
Tamara Watkins, Notary Public
Philadelphia County
My commission expires August 22, 2023
Commission number 1348843

Tamara Watkins (Notary Public)

I, the undersigned officer of United States Fire Insurance Company, a Delaware corporation, do hereby certify that the original Power of Attorney of which the foregoing is a full, true and correct copy is still in force and effect and has not been revoked.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the corporate seal of United States Fire Insurance Company on the 12th day of January 2022

Re: E&F Florida Enterprises, Inc. dba Creative Contracting Group
Statement of Bondability

To Whom It May Concern:

This is to advise you that our office provides Bid, Performance, and Payment Bonds for E&F Florida Enterprises, Inc. dba Creative Contracting Group. Their Surety is Philadelphia Indemnity Insurance Company which carries an A.M. Best Rating of A++ XV and is listed in the Department of the Treasury's Federal Register.

Based upon normal and standard underwiring criteria at the time of the request, we should be in position to provide Performance and Payment Bonds for projects up to $750,000 for a single bond and $750,000 in the aggregate. We obviously reserve the right to review final contractual documents, bond forms and obtain satisfactory evidence of funding prior to final commitment to issue bonds. We cannot assume liability to any third party, including you, if we do not execute said bonds.

E&F Florida Enterprises, Inc. dba Creative Contracting Group is an excellent contractor and we hold them in the highest regard. We feel extremely confident in our contractor and encourage you to offer them an opportunity to execute any upcoming projects.

This letter is not an assumption of liability, nor is it a bid or performance and payment bond. It is issued only as a bonding reference by our respected client.

If you should have any questions, please do not hesitate to give me a call.

Sincerely,

Brett Rosenhaus

Village of Palm Springs

PUBLIC SERVICE DEPARTMENT

ITB NO. 2022-002
VILLAGE HALL N. FLEX SPACE BUILDOUT

ADVERTISEMENT FOR BIDS

Sealed Bids for the construction of the **Village Hall N Flex Space Buildout** will be received, by the **Village of Palm Springs**, at the office of the **Palm Springs Village Clerk**, until **2:00 PM** local time on **January 12, 2022**. At **2:30 PM** all Bids received before the deadline will be publicly opened and read. The Project consists of building out **NEW OFFICES ON THE SECOND FLOOR OF THE UNFINISHED N. SIDE FLEX SPACE AT VILLAGE HALL**.

Bidding Documents may be viewed and downloaded online www.vpsfl.org or http://www.demandstar.com. Hard copies of bidding Documents may be obtained from **REG Architects, Inc.**, 120 South Olive Ave, Ste. 210, West Palm Beach, Fl. 33401 on **Mondays through Fridays** between the hours of **9:00 AM to 5:00 PM**. Bidding Documents are available on compact disc (as portable document format (PDF) files) for a non-refundable charge of $ **5** . Shipping via overnight express service is ¢ **50** per mile. Alternatively, printed Bidding Documents may be obtained from **REG Architects, Inc.** either via in-person pick-up or via mail, upon receipt of payment for the Bidding Documents. The non-refundable cost of printed Bidding Documents is $ **11** per set, payable to **"REG Architects, Inc."**.

A pre-bid conference will be held at **2:00 PM** local time on **December 21, 2021,** at the **Village of Palm Springs Council Chambers at 226 Cypress Lane, Palm Springs FL 33461**. Attendance at the pre-bid conference **is *mandatory***.

Mandatory Pre-Bid Conference – December 21, 2021, at 2:00 PM

Participants can use their telephone or computer mic & speakers (VoIP)

- Registration: https://attendee.gotowebinar.com/register/6828830744655438861 Web ID# 341-967-163
- Phone: United States 1 (562) 247-8321 Web ID# 201-503-611

Bid Opening – January 12, 2022, at 2:30 PM

Participants can use their telephone or computer mic & speakers (VoIP)

- Registration: https://attendee.gotowebinar.com/register/5710172221393377549 Web ID# 252-773-051
- Phone: United States 1 (562) 247-8321 Web ID# 178-374-941

Bid security shall be furnished in accordance with the Instructions to Bidders.

Any questions regarding the specifications and Solicitation process must be submitted in writing to the Village Clerk at kwynn@vpsfl.org, Questions and requests for clarification and additional information must be received prior to the Deadline for Submission of Questions on **January 4, 2022** at **5:00 PM** local time.

Pursuant to Section 2-355 of Palm Beach County Ordinance No. 2011-039, and the purchasing policies of the Village of Palm Springs, all Solicitations, once advertised, are under the "Cone of Silence" until the appropriate authority has approved an award recommendation, rejected all responses or some other

action by the Village to end the selection process. This limits and requires documentation of communications between potential Bidders and/or Bidders on Village Solicitations, the Village's professional staff, and the Village Council members.

DEMOLITION NOTES

1. CONTRACTOR IS RESPONSIBLE FOR BECOMING FULLY INFORMED AS TO EXISTING CONDITIONS AT THE SITE. NEITHER THE OWNER NOR THE A/E MAKES ANY REPRESENTATION WARRANTY AS TO SITE CONDITIONS.

2. CONTRACTOR TO PROVIDE THE NECESSARY LABOR, MATERIAL, SCAFFOLDING & EQUIPMENT REQUIRED TO COMPLETE DEMOLITION AS DESCRIBED IN THE DRAWING.

3. CONTRACTOR SHALL VERIFY THE DEMOLITION PHASING SCHEDULE, WITH THE OWNER BEFORE START DEMOLITION WORK.

4. MATERIALS, EQUIPMENT & RUBBISH, EXCEPT FOR ITEMS TO BE REUSED, SHALL BECOME THE PROPERTY OF THE CONTRACTOR AND SHALL BE REMOVED AND DISPOSED OF IN ACCORDANCE WITH LOCAL AND STATE CODES..

5. CONTRACTOR SHALL COORDINATE WITH OWNER ANY ITEMS, FIXTURES, AND/OR BUILDING ELEMENTS TO BE SALVAGED PRIOR TO START OF DEMOLITION.

6. THE DEMOLITION PLAN AND KEY NOTES ARE PROVIDED FOR REFERENCE ONLY. IT DOES NOT INTEND TO ADDRESS ALL DEMOLITION SCOPE OF WORK. CONTRACTOR SHALL COORDINATE FULL DEMOLITION SCOPE WITH EXISTING CONDITIONS AND PROPOSED PLANS.

7. CONTRACTOR SHALL REPORT TO ARCHITECT ANY DISCREPANCY FOUND ON SITE WITH THE DEMOLITION PLAN PRIOR TO START.

8. ALL DEMOLITION RENOVATION, AND NEW CONSTRUCTION SHALL COMPLY WITH NFPA 241 AND ALL OTHER APPLICABLE NATIONAL STATE AND LOVAL CODES, RULES, AND ORDINANCES.

9. CONTRACTOR IS FULLY RESPONSIBLE FOR THE SAFETY AND PROTECTION OF WORKMEN AND THE PUBLIC FROM DEMOLITION WORK. CONTRACTOR SHALL PROTECT ALL EXISTING OCCUPIED AREAS AS NECESSARY UTILIZING (BUT NOT LIMITED TO:) LIGHTING BARRICADES, WORKING SIGNS, AND DUST BARRIERS.

10. CONTRACTOR SHALL VERIFY WITH LOCAL JURISDICTION, THE REQUIREMENTS FOR DEBRIS, DUMPSTER LOCATION AND COLLECTION SCHEDULE PRIOR TO COMMENCEMENT.

11. UPON COMPLETION OF DEMOLITION WORK, ADJACENT AREAS AND PROPERTY SHALL BE LEFT CLEAN AND SATISFACTORY TO THE AUTHORITIES HAVING JURISDICTION, THE OWNER AND ARCHITECT.

12. EXISTING BUILDING ELEMENTS THAT ARE AFFECTED BY DEMOLITION ARE TO BE PATCHED AND REPAIRED TO MATCH ADJACENT EXISTING CONDITIONS, FINISHES AND MAINTAIN EXISTING FIRE RATINGS WHERE APPLICABLE.

13. EXISTING CONCRETE FLOOR TRENCHING AND EXISTING PARTITION WALL/CEILING GYPSUM BOARD REMOVAL MAY BE REQUIRED FOR NEW PLUMBING/ELECTRICAL WORK.

14. UNLESS NOTED OTHERWISE, ALLOW TWO INCHES OF VARIANCE UP AND DOWN FOR GIVEN DIMENSIONS OF EXISTING CONDITIONS. CONTRACTOR TO VERIFY AND REPORT TO ARCHITECT OF ANY DISCREPANCIES PRIOR TO START OF DEMOLITION WORK.

15. NOT USED

16. CONTRACTOR TO COORDINATE AND SCHEDULE ALL UTILITIES SHUTDOWNS WITH THE LOCAL UTILITY COMPANIES, AUTHORITIES HAVING JURISDICTION, AND BUILDING MANAGERS AS APPLICABLE.

17. FOR EQUIPMENT AND SYSTEMS TO REMAIN, IT SHALL BE THE CONTRACTOR'S RESPONSIBILITY TO VERIFY THE CONDITION OF EXACT SIZES AND LOCATION OF EXISTING DUCT AND PIPING ETC, BEFORE DEMOLITION WORK IS BEGUN. REPORT ANY DISCREPANCIES BETWEEN PLANS AND ACTUAL FIELD CONDITIONS TO THE OWNER AND ENGINEER PRIOR TO THE COMMENCEMENT OF DEMOLITION WORK.

18. ALL PLUMBING PIPES ASSOCIATED WITH FIXTURES TO BE DEMOLISHED OR REMOVED (INCLUDING BUT NOT LIMITED TO:) SANITARY, WATER, GREASE, GAS, CONDENSATE, AND REFRIGERATION) SHALL BE CAPPED BELOW SLAB, ABOVE CEILING OR IN WALL (TO REMAIN).

19. NO EXISTING PIPING SHALL BE LEFT OPEN AFTER PARTIAL REMOVAL. PIPE SHALL BE PERMANENTLY CAPPED OR TEMPORARILY CAPPED IF MADE READY FOR CONNECTION TO NEW WORK.

20. CONTRACTOR SHALL VERIFY LOCATION OF EXISTING UNDERGROUND/UNDER-SLAB LINES AND COORDINATE WITH ALL DISCIPLINES FOR NEW CONNECTIONS.

21. NOT USED

22. NOT USED

GENERAL NOTES

1. THE ARCHITECTURAL DESIGN AND DETAIL DRAWINGS ARE THE LEGAL PROPERTY OF THE ARCHITECT AND ARE INSTRUMENTS OF SERVICE NOT TO BE REPRODUCED IN WHOLE OR IN PARTS WITHOUT THE EXPRESS WRITTEN CONSENT OF THE SAME.

2. IT IS THE INTENT OF THE ARCHITECT THAT THE CONSTRUCTION DOCUMENTS AND SPECIFICATIONS BE IN CONFORMANCE WITH ALL REQUIREMENTS OF THE BUILDING AUTHORITIES HAVING JURISDICTION OVER THIS TYPE OF CONSTRUCTION AND OCCUPANCY.

3. IT IS NOT THE INTENT OF THESE PLANS TO SHOW EVERY MINOR DETAIL OF CONSTRUCTION. THE CONTRACTOR IS EXPECTED TO FURNISH AND INSTALL ALL ITEMS TO COMPLETE ALL BUILDING SYSTEMS AND PROVIDE ALL NECESSARY APPURTENANCES FOR EQUIPMENT TO BE PLACED IN PROPER WORKING ORDER AND IN ACCORDANCE WITH ALL APPLICABLE CODES, RULES, AND REGULATIONS.

4. ALL DETAILS AND SECTIONS SHOWN ON THE DRAWINGS ARE INTENDED TO BE TYPICAL AND SHALL BE CONSTRUCTED TO APPLY TO ANY SIMILAR SITUATION ELSEWHERE IN THE WORK EXCEPT WHERE A DIFFERENT DETAIL IS SHOWN. DETAILED AND LARGER SCALE DRAWINGS TAKE PRECEDENCE OVER SMALL SCALE DRAWINGS.

5. ALL DIMENSIONS SHOWN ARE NOMINAL UNLESS OTHERWISE NOTED. DO NOT SCALE DRAWINGS, USE FIGURED DIMENSIONS ONLY.

6. NOT USED

7. ALL DESIGN LOADS ARE TO BE AT MINIMUM PER F.B.C. 2020 & F.B.C.-R AND AS OTHERWISE INDICATED IN THE CONTRACT.

8. ALL EXTERIOR WINDOWS & DOORS SHALL BE IMPACT RESISTANT.

9. ALL WOOD IN CONTACT WITH CONCRETE SHALL BE PRESSURE TREATED. ALL HEADERS ARE DOUBLE MEMBERS UNLESS OTHERWISE NOTED.

10. ALL PENETRATIONS THROUGH ANY RATED ASSEMBLY SHALL BE PROVIDED WITH UL APPROVED PENETRATION RATED MATERIAL.

11. HARDWARE, BATHROOM FIXTURES, LIGHTING FIXTURES, AND OTHER MISCELLANEOUS ITEMS NOT SPECIFICALLY CALLED OUT ON DRAWINGS SHALL BE SELECTED BY OWNER.

12. ALL MECHANICAL, PLUMBING AND ELECTRICAL SHALL COMPLY WITH THE F.B.C. 2020 (MECH),(ELECT),(PLUMB).

13. ALL WORK TO BE TRUE TO LINE, PLUMB AND SQUARE AND ADEQUATELY SUPPORTED. FILL ALL VOIDS BETWEEN COMPONENTS. ALL ITEMS THAT DO NOT MEET THE ARCHITECT'S SATISFACTION AS TO GOOD TRADE PRACTICES AND QUALITY WORKMANSHIP WILL BE REPLACED AT THE CONTRACTOR'S EXPENSE.

14. WHEN CONFLICTING INFORMATION IS FOUND IN THE DRAWINGS AND/OR SPECIFICATIONS. THE CONTRACTOR SHALL CONTACT THE ARCHITECT FOR CLARIFICATION PRIOR TO CONSTRUCTION.

15. THE CONTRACTOR IS TO ACQUIRE ALL REQUIRED PERMITS FOR DEMOLITION (IF APPLICABLE), CONSTRUCTION, AND OCCUPANCY OF THE PROJECT.

16. THE CONTRACTOR SHALL SUBMIT A SCHEDULE FOR DEMOLITION AND CONSTRUCTION PROCEDURES AND OPERATIONAL SEQUENCE FOR REVIEW AND ACCEPTANCE BY THE ARCHITECT/ENGINEER AND OWNER.

17. CONTRACTOR IS TO COORDINATE AND SCHEDULE THE WORK OF ALL TRADES TO INSURE THE WORK IS COMPLETED IN A TIMELY MANNER, COMPLYING WITH OWNER/CONTRACTOR AGREEMENT.

18. CONTRACTOR SHALL SUBMIT PRODUCT APPROVAL DATA FOR ALL PRODUCTS AND MATERIALS AS REQUIRED BY CODE AND SPECIFIC MUNICIPALITY THE PROJECT IS LOCATED IN.

19. CONTRACTOR SHALL SUBMIT, WITHIN 15 DAYS FROM OWNER/CONTRACTOR CONTRACT, A SHOP DRAWING AND SUBMITTAL SCHEDULE FOR ARCHITECT AND OWNER APPROVAL.

20. CONTRACTOR SUBMITTALS MUST BE SUBMITTED VIA E-MAIL IN ELECTRONIC FORMAT FOR ARCHITECT/ENGINEER/OWNER RECORDS, PLUS ANY ADDITIONAL SETS REQUIRED FOR PERMITTING AND CONTRACTORS USE. ALL SUBMITTALS MUST BE COMPLETE (NO PARTIAL SUBMITTALS WILL BE RECEIVED). ALL SHOP DRAWINGS MUST BE REVIEWED AND APPROVED BY THE CONTRACTOR BEFORE SUBMITTING TO THE ARCHITECT/ENGINEER AND OWNER.

21. NOT USED

22. CONTRACTOR SHALL PROVIDE THE ARCHITECT AND OWNER WITH RED-LINED AS-BUILT DRAWINGS FOR ANY AND ALL FIELD CHANGES AND/OR ADDITIONS TO THE WORK INCLUDED IN THE DRAWINGS.

23. ALL WORK DONE UNDER THE SUPERVISION OF THE CONTRACTOR SHALL BE IN A NEAT AND WORKMAN-LIKE MANNER AND IN ACCORDANCE WITH ALL GOVERNING AGENCIES, APPLICABLE CODES, RULES AND REGULATIONS HAVING JURISDICTION.

24. CONTRACTOR SHOULD MAINTAIN THE SITE SAFE AND CLEAR OF DEBRIS. ALL CONSTRUCTION DEBRIS IS TO BE REMOVED FROM THE WORK AREAS DAILY AND FROM THE SITE AT PROPER INTERVALS

25. THE CONTRACTOR SHALL PROVIDE AN ON-SITE DUMPSTER IN A LOCATION APPROVED BY THE OWNER FOR THE DISPOSAL OF REMOVED MATERIAL. THE DUMPSTER SHALL BE EMPTIED AT APPROPRIATE INTERVALS TO PREVENT OVERFLOW AND UNSIGHTLY CONDITIONS.

26. CONTRACTOR SHALL BE RESPONSIBLE FOR THE PROTECTION OF HIS WORK, INCLUDING BUT NOT LIMITED TO VANDALISM, THEFT, ETC.

27. CONTRACTOR ASSUMES FULL RESPONSIBILITY FOR PROTECTION AND SAFEKEEPING OF GOODS BEING INSTALLED UNDER THIS CONTRACT, AS WELL AS FOR COMPLIANCE WITH ALL APPLICABLE OSHA REGULATIONS.

28. THE ARCHITECT IS NOT RESPONSIBLE FOR CONSTRUCTION MEANS, METHODS, SEQUENCES, PROCEDURES OR FOR PRECAUTIONS AND PROGRAMS RELATED TO THE PROJECT'S CONSTRUCTION.

29. THE CONTRACTOR IS TO VISIT THE SITE AND VERIFY ALL EXISTING BUILDING AND SITE CONDITIONS AND DIMENSIONS. SHOULD ANY DISCREPANCIES BE ENCOUNTERED BETWEEN THE DRAWINGS AND THE FIELD CONDITIONS, THE ARCHITECT/ENGINEER SHOULD BE NOTIFIED IN WRITING 7 DAYS PRIOR TO SUBMITTING HIS BID. ANY DISCREPANCIES SHALL BE RESOLVED BY THE ARCHITECT/ENGINEER PRIOR TO PROCEEDING WITH THE WORK.

30. CONTRACTOR IS TO PROVIDE ALL THE SUPPLEMENTARY MATERIALS REQUIRED TO PROPERLY INSTALL, SUPPORT, BRACE AND SHORE ALL BUILDING COMPONENTS WITHIN THE SCOPE OF THE PROJECT.

31. CONTRACTOR SHALL SUPPLY, LOCATE AND BUILD INTO THE WORK ALL INSERTS, ANCHORS, ANGLES, PLATES, OPENINGS, SLEEVES, HANGERS, SLAB DEPRESSIONS, AND PITCHES AS MAY BE REQUIRED TO ATTACH AND ACCOMMODATE OTHER WORK.

32. CONTRACTOR SHALL BE RESPONSIBLE FOR COMPLIANCE WITH SPECIFIC STANDARDS AND REQUIREMENTS BY CORRESPONDING TESTING AGENCIES ON ASSEMBLIES CALLED OUT IN DRAWINGS & SPECIFICATIONS.

33. CONTRACTOR SHALL EMPLOY AND PAY FOR SERVICES OF AN INDEPENDENT, QUALIFIED TESTING LABORATORY TO PERFORM SOIL COMPACTION TEST AS WELL AS COMPREHENSIVE STRENGTH TEST IN CONCRETE SAMPLINGS, AS PER ASTM STANDARDS.

34. CONTRACTOR SHALL PROVIDE MOCKUP FOR EXTERIOR AND INTERIOR FINISHES AND COLOR SELECTIONS FOR ARCHITECT AND OWNER'S APPROVAL.

35. TO OBTAIN ARCHITECT'S APPROVAL ON APPLICATION FOR PAYMENT, CONTRACTOR SHALL SUBMIT DETAILED SCHEDULE OF VALUES PER TRADE, BROKEN DOWN TO SUFFICIENT LINE ITEMS TO GRANT PAYMENT ON COMPLETED PORTIONS ONLY. NO PAYMENT WILL BE APPROVED ON PARTIALLY COMPLETED LINE ITEMS.

36. NOT USED.

37. SUBMITTALS BY CONTRACTOR - UP TO TWO REVIEWS OF SUBMITTALS ARE INCLUDED IN THIS PROJECT. ANY ADDITIONAL REVIEWS OF SUBMITTALS WILL BE BILLED TO THE CONTRACTOR AND PAYABLE TO THE ARCHITECT, ARCHITECT'S AND/OR OWNER'S CONSULTANTS AT THEIR CURRENT HOURLY RATE.

38. NO SUBSTITUTIONS ARE ALLOWED UNLESS PREVIOUSLY REVIEWED AND ACCEPTED BY OWNER. SUBMIT SUBSTITUTION REQUESTS TO ARCHITECT FOR REVIEW AND COMMENT, ALLOW UP TO ONE WEEK FOR REVIEW, SUBMIT EARLY ENOUGH TO ACCOMMODATE ALL LEAD TIME AND NOT NEGATIVELY AFFECT PROJECT SCHEDULE.

39. ALL FOAM PLASTIC INSULATION SHALL BE COVERED BY THERMAL BARRIER AND NOT EXPOSED.

40. ALL RIGID BOARD INSULATION SHALL BE POLYISOCYANURATE "POLYISO". EPS AND XPS ARE NOT ALLOWED SUBSTITUTIONS.

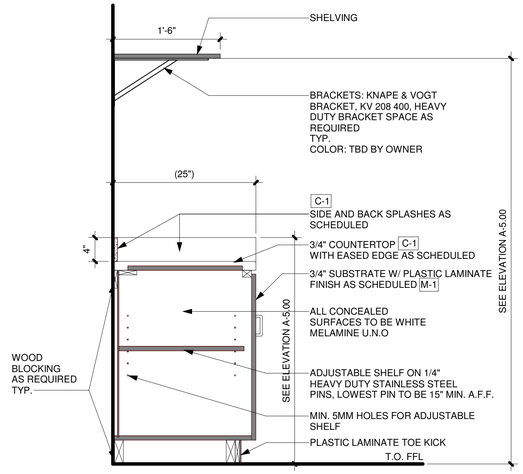
(H-1) CABINET HARDWARE:
EMTEK – JASPER PULL C-TO-C 4"
WARWICK MODERN RECTANGULAR COLLECTION
FINISH: SATIN NICKEL
Product Code: 86705US15

(FSS) FILES STORAGE SYSTEM:
KNOLL
FILES & STORAGE SYSTEM
MODEL: CALIBRE
LATERAL FILE STORAGE (5 DRAWERS) (36" WIDE)
WITH CABINET ADD ON
COLOR: TBD

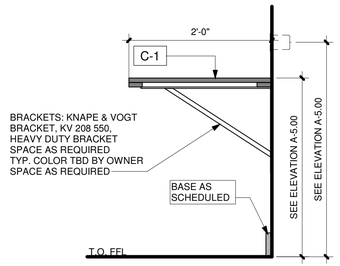
NOTE: SEE A-5.00 FOR DOOR & DOOR FRAME FINISH SPECIFICATIONS

1 **Finish Plan**
1/4" = 1'-0"

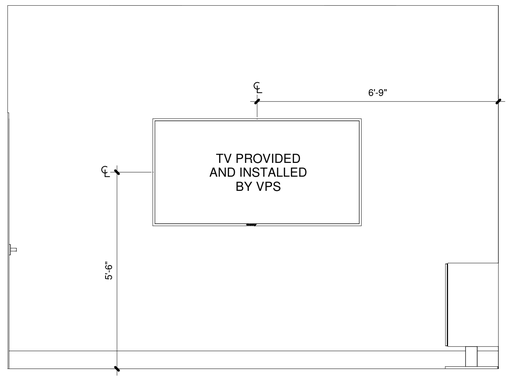
SHELVING NOTE
OPTION 1: WOOD SHELF WITH HEAVY DUTY METAL BRACKET (SEE BRACKET SPECS)
OPTION 2: OWNER APPROVED METAL SHELVING SYSTEM WITH WALL MOUNTED BRACKET SUPPORT
VERIFY WITH OWNER PRIOR TO ORDEREING & INSTALLING



4 **Base Cabinet Detail TYP.**
1" = 1'-0"



3 **Desk Section Detail TYP.**
1" = 1'-0"



2 **Conf.Rm (103) Elevation 1**
1/2" = 1'-0"

PERMIT SET

A-6.00

MECHANICAL PROJECT INFORMATION

PROJECT LOCATION	PALM SPRINGS ,FL
PROJECT ALTITUDE	19 FEET ABOVE SEA LEVEL
SUMMER DESIGN TEMPERATURE (DB/WB)	90.4°F / 77.7°F
WINTER DESIGN TEMPERATURE (DB/WB)	52°F
SUMMER ROOM DESIGN TEMPERATURE	75°F DB - 50% HUMIDITY REQUIREMENT
WINTER ROOM DESIGN TEMPERATURE	70°F DB - NO HUMIDITY REQUIREMENT

GENERAL MECHANICAL SYMBOLS

- REVISION NUMBER - SHOWN ON PLANS
- POINT WHERE NEW CONNECTS TO EXISTING
- NUMBER OF DETAIL ON SHEET
- NUMBER OF SHEET WHERE DETAIL APPEARS
- KEYNOTE
- CONTINUATION SYMBOL
- ROOM NAME AND NUMBER (Room 3)
- ITEM TO BE DEMOLISHED
- AREA NOT IN CONTRACT
- 2" — PIPE SIZE TAG (DIAMETER)
- ABOVE GROUND PIPING
- 1/8" / 12" SLOPE — PIPE SLOPE TAG
- BELOW GROUND PIPING
- INVERT: -10' - 1" — PIPE INVERT ELEVATION TAG
- (E) — EXISTING PIPE TAG
- PIPING BEING DEMOLISHED

PIPING SYMBOLS

CHWR	CHILLED WATER RETURN
CHWS	CHILLED WATER SUPPLY
CWR	CONDENSER WATER RETURN
CWS	CONDENSER WATER SUPPLY
HWR	HEATING WATER RETURN
HWS	HEATING WATER SUPPLY
REF-L	REFRIGERANT-LIQUID
REF-S	REFRIGERANT-SUCTION
REF-HG	REFRIGERANT-HOT GAS
STM	STEAM
CDR	CONDENSATE RETURN

CURRENT CODE STANDARDS

FLORIDA BUILDING CODE EDITIONS: YEAR 2020

HVAC SYMBOLS

- 16"x8" — SQUARE DUCT SIZE TAG (WIDTH x HEIGHT)
- 16"/8" — OVAL DUCT SIZE TAG (WIDTH / HEIGHT)
- 16"Ø — ROUND DUCT SIZE TAG (DIAMETER)
- (E) — EXISTING DUCT TAG
- DUCT BEING DEMOLISHED
- S/A — S/A 7
- S-O/A — S-O/A 2
- O/A — O/A 2
- R/A — R/A 8
- T/A — T/A 2
- E/A — E/A 8
- L/A — L/A 2
- GE/A — GE/A 2

HVAC GENERAL NOTES

1 ALL WORK SHALL COMPLY WITH APPLICABLE CODES AND STANDARDS.
2 PRIME CONTRACTOR IS RESPONSIBLE TO HAVE LICENSED AND QUALIFIED SUBCONTRACTORS PERFORMING ALL WORK.
3 ALL WORK SHALL BE CONSTRUCTED TO MEET THE PHASING REQUIREMENTS OF THE PROJECT AS OUTLINED IN THE DRAWINGS AND SPECIFICATIONS, OR AS DICTATED BY THE OWNER AND/OR ARCHITECT.
4 PRIOR TO BID, CHECK LEAD TIMES OF ALL EQUIPMENT IN THE PROJECT. IF NECESSARY TO MEET THE PROJECT SCHEDULE, BID SHALL INCLUDE THE COST TO ACCELERATE DELIVERY OF CRITICAL MATERIALS AND EQUIPMENT. ALLOW TIME FOR NORMAL SHOP DRAWING PREPARATION AND REVIEW.
5 CONTRACTOR SHALL NOT CONCEAL ANY WORK UNTIL INSPECTED BY MECHANICAL INSPECTOR. CONTRACTOR SHALL NOTIFY ENGINEER OF A SCHEDULED INSPECTION TIME WITHIN 72 HOURS. GENERAL CONTRACTOR SHALL NOT CONCEAL WORK UNTIL APPROVED, REGARDLESS OF SCHEDULE.
6 ALL CHANGES MADE IN THE FIELD SHALL BE RECORDED BY THE CONTRACTOR(S) ON AS-BUILT DRAWINGS, SHOP DRAWINGS AND MAITENANCE MANUALS IN A CLEAR AND PRECISE MANNER.
7 DRAWINGS ARE DIAGRAMMATIC IN NATURE. COORDINATE EXACT LOCATION OF ALL EQUIPMENT MOUNTED IN CEILING CAVITY SO ALL SERVICEABLE COMPONENTS CAN BE EASILY ACCESSED BY REMOVING CEILING TILES ONLY. REMOVAL OR RELOCATION OF LIGHTING FIXTURES FOR SERVICE ACCESS IS NOT ACCEPTABLE. THE CONTRACTOR SHALL REINSTALL EQUIPMENT THAT HAS INADEQUATE OR UNSAFE ACCESSIBILITY. LOCATE ALL EQUIPMENT WITH MANUFACTURER RECOMMENDED ACCESS FOR OPERATION AND MAINTENANCE.
8 PROVIDE ACCESS PANELS IN DUCTWORK, WALLS AND CEILINGS WHERE REQUIRED FOR OPERATION, BALANCING, INSPECTION AND MAINTENANCE OF ALL EQUIPMENT.
9 CONTRACTOR SHALL PROVIDE SHOP DRAWINGS PRIOR TO PROCURING OR INSTALLING EQUIPMENT AND SYSTEMS INDICATED ON CONTRACT DOCUMENTS. SUBMIT IN STRICT ACCORDANCE WITH THE SPECIFICATIONS. PRIOR TO SUBMITTAL, CONTRACTOR SHALL VERIFY THAT ADEQUATE SPACE EXISTS FOR THE SUBMITTED EQUIPMENT. SHOP DRAWINGS SHALL BE REVIEWED BY THE GENERAL CONTRACTOR, ENGINEER AND ARCHITECT.
10 PRIOR TO BID, COORDINATE ALL MECHANICAL WORK WITH ELECTRICAL WORK AND OTHER TRADES. SEE SPECIFICATIONS FOR ADDITIONAL REQUIREMENTS.
11 THE SIZE, LOCATION, WEIGHT, ELECTRICAL REQUIREMENTS AND SERVICE CLEARANCES OF EQUIPMENT INSTALLED BY MECHANICAL SHALL BE COORDINATED WITH ALL OTHER TRADES.
12 WHERE CROWDED LOCATIONS EXIST OR WHERE THERE IS A POSSIBILITY OF CONFLICT BETWEEN TRADES, CONTRACTOR SHALL MAKE COMPOSITE DRAWINGS SHOWING THE EXACT LOCATION OF PIPES, DUCTS, CONDUIT AND EQUIPMENT. DRAWINGS SHALL BE BASED ON FIELD MEASUREMENTS AND, AFTER CONSULTATION AND AGREEMENT BETWEEN THE TRADES, SHALL BE REVIEWED BY THE ENGINEER PRIOR TO INSTALLATION OF THE WORK.
13 MECHANICAL CONTRACTOR SHALL COORDINATE WITH ARCHITECT AND GENERAL CONTRACTOR THE REQUIREMENTS FOR STRUCTURAL SUPPORTS AND FRAMING FOR ALL MECHANICAL EQUIPMENT AND SYSTEMS. MECHANICAL AND GENERAL CONTRACTOR SHALL COORDINATE FABRICATION AND INSTALLATION OF ALL STRUCTURAL SUPPORTS AND FRAMING. MECHANICAL CONTRACTOR SHALL ALL NECESSARY STRUCTURAL SUPPORTS AND FRAMING FOR SUPPORT OF NEW DUCTWORK, PIPING AND MECHANICAL EQUIPMENT. PROVIDE SUPPORTS AS REQUIRED TO PROVIDE A VIBRATION-FREE, RIGID INSTALLATION.
14 NOTIFY ENGINEER OF ANY CONFLICTS PRIOR TO PURCHASING EQUIPMENT AND PRIOR TO CUTTING OPENINGS.
15 THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL COSTS INCURRED BY OTHER TRADES DUE TO SUBSTITUTION OF OTHER THAN SCHEDULED EQUIPMENT. WHEN EQUIPMENT FURNISHED IS DIFFERENT THAN INDICATED, THE COST OF ADDITIONAL ELECTRICAL SERVICE, STRUCTURAL AND RELATED WORK SHALL BE PAID BY THIS CONTRACTOR.
16 SEE SPECIFICATIONS FOR ADDITIONAL INFORMATION AND ALL REQUIREMENTS NOT INDICATED ON THE DRAWINGS. IF THERE ARE ANY APPARENT CONFLICTS BETWEEN THE SPECIFICATIONS, DRAWINGS AND CODE REQUIREMENTS, THE MORE STRINGENT REQUIREMENTS SHALL APPLY.
17 ALL EQUIPMENT, PIPING AND VALVES SHALL HAVE IDENTIFICATION LABELS AND TAGS PER SPECIFICATIONS AND AS INDICATED.
18 ALL BARE METAL SURFACES SHALL BE PRIMED AND PAINTED TO PREVENT ANY RUST, INCLUDING, BUT NOT LIMITED TO, ANGLE FRAMING, UNIT SUPPORTS, MOUNTING HARDWARE, ETC.
19 LOCATE THERMOSTATS, TEMPERATURE SENSORS, HUMIDISTATS, AND HUMIDITY SENSORS AT 48" ABOVE FINISHED FLOOR UNLESS NOTED OTHERWISE. COORDINATE LOCATIONS WITH OTHER EQUIPMENT, FURNITURE, AND DOOR SWINGS.
20 CONTRACTOR SHALL PROVIDE 4" THICK REINFORCED CONCRETE PADS FOR ALL INTERIOR SLAB-MOUNTED EQUIPMENT. ALL OUTDOOR EQUIPMENT SHALL BE MOUNTED ON MINIMUM 6" THICK REINFORCED CONCRETE PADS ON GRADE. ALL PADS SHALL EXTEND 6" BEYOND EACH SIDE OF EQUIPMENT.
21 CONNECTION TO EQUIPMENT SHALL BE VERIFIED WITH MANUFACTURER'S CERTIFIED DRAWINGS. TRANSITIONS TO ALL EQUIPMENT SHALL BE VERIFIED AND PROVIDED FOR EQUIPMENT FURNISHED.
22 INTERRUPTIONS TO EXISTING SERVICES SHALL BE SCHEDULED WITH THE OWNER, AND SHALL NOT BE MADE WITHOUT THE PRIOR WRITTEN CONSENT OF THE OWNER'S REPRESENTATIVE AND PROPER COORDINATION WITH OTHER TRADES. PRE-WORK SHALL BE PERFORMED TO MAKE THE SHUTDOWN PERIOD AS BRIEF AS POSSIBLE.
23 CONTRACTOR SHALL BE RESPONSIBLE TO REMOVE, STORE, AND REINSTALL/REPAIR CEILING SYSTEM(S) AS REQUIRED TO PERFORM THE REQUIRED WORK. CONTRACTOR SHALL REPLACE ANY DAMAGED LAY-IN CEILING SYSTEM COMPONENTS (MATCHING EXISTING), INCLUDING STAINED TILES, PRIOR TO REINSTALLATION. REPAIR ANY DISTURBED HARD (NON LAY-IN) CEILINGS TO MATCH EXISTING.
24 ANY FIELD MODIFICATION(S) DEVIATING FROM DESIGN DOCUMENTS REQUIRING REVIEW OR APPROVAL BY THE ENGINEER SHALL BE DONE SO PRIOR TO PREFORMING THE WORK WITH A FORMAL RFI. FAILURE TO DO SO WILL INCUR AN ADDITIONAL FEE TO BE PAID BY THE CONTRACTOR TO THE ENGINEER FOR TIME REQUIRED TO EVALUATE FIELD MODIFCATION(S).
25 ALL MATERIALS AND EQUIPMENT INSTALLED IN RETURN AIR PLENUMS SHALL BE NON-COMBUSTIBLE WITH A FLAME AND SMOKE INDEX NOT TO EXCEED 25/50, ASTM E136 COMPLIANT AND UL 1709 APPROVED FOR USE IN A RETURN AIR PLENUM SPACE. ALL WIRING SHALL BE NON-COMBUSTIBLE OR SHALL BE ENCLOSED IN METAL CONDUIT OR PROTECTED BY A SHEET METAL COVER SECURED WITH METAL FASTENERS.
26 TEST AND BALANCE ALL NEW AND EXISTING AIR AND HYDRONIC DEVICES, SYSTEMS AND EQUIPMENT IN AFFECTED SYSTEMS.
27 SUPPLY AND RETURN DUCTWORK SHOWN ON PLANS WITH SOLID AND DASHED LINE (SEE LEGEND) SHALL BE ACOUSTICAL DOUBLE-WALL PREINSULATED DUCTWORK AND SHALL CONTINUE BACK TO AHU CONNECTIONS.
28 COORDINATE DIFFUSER, GRILLE AND REGISTER LOCATIONS, WITH ARCHITECTURAL REFLECTED CEILING PLANS AND EQUIPMENT OF ALL TRADES.
29 COORDINATE WITH GENERAL CONTRACTOR FOR ALL CONDENSATE DRAIN LINE LOCATIONS. TRAPPED CONDENSATE DRAINS FROM ALL COOLING EQUIPMENT SHALL BE PROVIDED FOR PROPER DRAINAGE, TO SUIT EQUIPMENT FURNISHED. SEE CONDENSATE TRAP DETAILS.
30 PROVIDE AN AUXILIARY DRAIN PAN AND DRAIN LINE UNDER ALL AIR HANDLING UNITS OR FAN COIL UNITS LOCATED ABOVE THE CEILING. SECONDARY DRAIN LINE SHALL RUN TO READILY VISIBLE LOCATION OR PROVIDE FLOAT SWITCH TO SHUT DOWN UNIT.
31 DUCT SIZES AND ALL OPENINGS THROUGH BUILDING CONSTRUCTION SHALL SUIT EQUIPMENT FURNISHED.
32 DAMPERS AND INSIDE OF DUCTS VISIBLE THROUGH GRILLES, REGISTERS AND DIFFUSERS SHALL BE PAINTED FLAT BLACK.
33 ALL DUCTWORK IS SHOWN SCHEMATICALLY. PROVIDE ALL TRANSITIONS, TURNING VANES, ELBOWS, FITTINGS, ETC., TO ALLOW SMOOTH FLOWS. ALL SPLIT DUCT FITTINGS SHALL TRANSITION TO FULL SIZE OF THE SUM OF BOTH BRANCHES UPSTREAM OF SPLIT.
34 VERIFY FINISH WITH ARCHITECT PRIOR TO PURCHASING GRILLES, REGISTERS, DIFFUSERS, LOUVERS AND OTHER AIR DISTRIBUTION DEVICES.
35 DUCT RUNOUTS TO DIFFUSERS SHALL MATCH THE SIZE OF THE DIFFUSER NECK.
36 MAINTAIN 6" CLEARANCE BETWEEN DUCTWORK, PIPING, EQUIPMENT, ETC., AND ALL FIRE, SMOKE AND FIRE/SMOKE RATED PARTITIONS, TO ALLOW FOR INSPECTIONS OF RATED WALLS
37 LOCATE ALL OUTSIDE AIR INTAKES A MINIMUM OF 10'-0" CLEAR FROM ALL PLUMBING VENTS AND EXHAUST AIR DISCHARGE LOCATIONS. LOWEST POINT OF EACH OUTSIDE AIR INTAKE ON ROOF SHALL BE A MINIMUM OF 24" ABOVE ROOF, PAVEMENT OR GRADE.
38 ALL DUCTS SHALL BE CONSTRUCTED AND SUPPORTED (AS A MINIMUM) AS SPECIFIED IN THE SMACNA "HVAC DUCT CONSTRUCTION STANDARDS - METAL AND FLEXIBLE", LATEST EDITION. MORE STRINGENT REQUIREMENTS OF THESE DRAWINGS AND/OR SPECIFICATIONS SHALL PREVAIL.
39 LOW PRESSURE SUPPLY AIR, RETURN AIR, TRANSFER AIR, OUTDOOR AIR AND EXHAUST AIR (NON-GREASE, NON-CORROSIVE) DUCTS SHALL BE CONSTRUCTED OF G90 (SINGLE-WALL) GALVANIZED STEEL UNLESS NOTED OTHERWISE. (+/- 2" PRESSURE CLASS UNLESS SPECIFIED OR NOTED OTHERWISE.).

HVAC GENERAL NOTES

40 FLEXIBLE DUCT SHALL BE PROVIDED WHERE INDICATED ON DRAWINGS. ALL FLEXIBLE DUCT SHALL BE SUITABLE FOR THE SERVICE INTENDED. NO LENGTH OF FLEXIBLE DUCT SHALL TURN MORE THAN A TOTAL OF 180 DEGREES OR EXCEED A MAXIMUM LENGTH OF 8 FEET. FLEXIBLE DUCT SHALL ONLY BE USED IN CONCEALED SPACES (ABOVE CEILINGS) AND NOT PASS THROUGH ANY WALL, FLOOR OR CEILING.
41 ALL HORIZONTAL SUSPENDED RECTANGULAR DUCTS SHALL BE SUPPORTED WITH GALVANIZED STEEL TRAPEZE HANGERS UNDER BOTTOM OF DUCTS. SECURELY FASTEN SUPPORTS TO THE BUILDING CONSTRUCTION IN AN APPROVED MANNER. RECTANGULAR DUCTS EIGHTEEN (18) INCHES OR LESS IN WIDTH MAY BE SUPPORTED WITH GALVANIZED STEEL STRAP HANGERS AROUND SIDES AND BOTTOM OF DUCTS IN LIEU OF TRAPEZE HANGERS.
42 ROUND AND OVAL DUCT SHALL BE SUPPORTED AS SHOWN ON THE DRAWINGS OR AS RECOMMENDED BY SMACNA MANUAL.
43 NO CEILINGS, PIPING OR EQUIPMENT SHALL BE SUPPORTED FROM THE DUCTWORK OR DUCT HANGERS.
44 THE DUCT SEALING MATERIAL SHALL BE OF LIQUID, MASTIC AND GASKET TYPES AND APPLIED PER THE MANUFACTURER'S WRITTEN RECOMMENDATIONS.
45 INSULATION FOR DUCTWORK (SA, RA, EA AND OA): INTERIOR DUCTS LOCATED BELOW ROOF INSULATION SHALL BE INSULATED TO A MINIMUM INSTALLED R-VALUE OF R-4.2. DUCTS LOCATED IN ATTIC SPACES SHALL BE INSULATED TO A MINIMUM INSTALLED R-VALUE OF R-6. EXTERIOR DUCTS SHALL BE INSULATED TO A MINIMUM INSTALLED R-VALUE OF R-8. DUCT INSULATION SHALL MEET ALL OF THE CRITERIA PRESCRIBED IN FBC-MECHANICAL SECTION 604 AND FBC-ENERGY SECTION C403.2.9.1.
46 ALL HORIZONTAL OR VERTICAL DUCT BENDS AND ANGLED TURNS OF DUCTWORK SHALL BE RADIUSED ELBOWS WHEREEVER POSSIBLE. WHERE A RADIUS ELBOW WILL NOT FIT, MITERED ELBOWS IN EXCESS OF 45° SHALL HAVE TURNING VANES INSTALLED.
47 BEVELED TAKE-OFFS AND DAMPERS SHALL BE INSTALLED IN ALL BRANCH DUCTWORK LEADING FROM THE MAIN TRUNK LINES.
48 DUCT SIZES SHOWN ARE MINIMUM CLEAR INSIDE DIMENSIONS.
49 ANY LOW PRESSURE SUPPLY, RETURN, VENTILATION OR GENERAL EXHAUST AIR DUCT ON PLANS NOT INDICATED BY SIZE OR REQUIRING RESIZING DUE TO FIELD CONDITIONS SHALL BE SIZED BY CONTRACTOR PER THE TRANE 'DUCTULATOR' AT 0.08 IN. WATER/100 FT. OF DUCT STATIC PRESSURE.
50 THESE DOCUMENTS ARE PREPARED IN PART WITH AS-BUILT DRAWINGS, NON-INVASIVE FIELD SURVEYS AND INFORMATION PROVIDED BY OTHERS. IT IS THE CONTRACTORS RESPONSIBILITY TO FIELD VERIFY ALL EXISTING CONDITIONS FOR ANY DEVIATIONS THAT WOULD IMPACT THE INTENDED DESIGN PRIOR TO BID AND INSTALLATION. FAILURE TO DO SO SHALL RESULT IN THE CONTRACTOR CORRECTING THE INSTALLATION AT NO ADDITIONAL COST TO OTHERS.
51 CONTRACTOR TO PROVIDE SUBMITTALS FOR ALL EQUIPMENT TO ENGINEER PRIOR TO PROCUREMENT, PURCHASING OR INSTALLATION FOR REVIEW. REVIEWED SUBMITTALS SHALL BE RETAINED AND PROVIDED TO LOCAL AHJ TO SHOW COMPLIANCE WITH DESIGN DOCUMENTS.
52 ANCHORING DETAILS AND WIND LOAD CALCULATIONS ARE A DEFERRED SUBMITTAL TO BE PROVIDED BY CONTRACTOR TO LOCAL AHJ PRIOR TO INSTALLATION OF EQUIPMENT.
53 CONTRACTOR SHALL SECURE AND PAY FOR ALL PERMITS, FEES, INSPECTIONS & TESTS.
54 ALL DUCTWORK SIZES ARE NET INSIDE DIMENSIONS.
55 ALL DUCT WORK SHALL BE SUPPORTED AT INTERVALS OF 5 FEET AS SPECIFIED BY FMC 2020.
56 MECHANICAL CONTRACTOR TO COORDINATE DUCT LAYOUT AND DIMENSIONS WITH FIELD VERIFIED ROOF JOIST LOCATIONS, STRUCTURAL OPENINGS AND OTHER TRADES PRIOR TO THE FABRICATION OF ANY DUCTWORK. ENGINEER OF RECORD TO BE CONTACTED IF ANY CONDITION MAY HINDER INSTALL.
57 DIFFUSER TO BE INSTALLED WITH SYMMETRY IN ACCORDANCE WITH LIGHTING LAYOUT DESIGN. DIFFUSERS SHALL NOT BE OFF CENTER OR ALIGNMENT.
58 ADJUST CEILING DIFFUSERS TO FIT BETWEEN ROOF/FLOOR JOISTS.
59 ALL MECHANICAL DUCTWORK TO BE GALVANIZED SHEET METAL. WITH R-6 DUCTWRAP INSULATION.
60 PROVIDE ACCESS PANEL TO ALL FIRE/SMOKE, FIRE AND BALANCE DAMPER.
61 MECHANICAL CONTRACTOR TO COORDINATE ROUTE AND LOCATION OF DUCTWORK.
62 SIZE REFRIGERATION PIPE ACCORDING TO MANUFACTURERS WRITTEN INSTRUCTIONS. SIZE INSULATION PER ENERGY CODE.

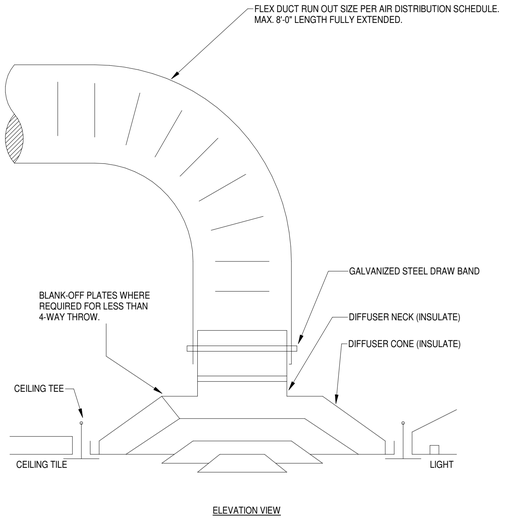
MECHANICAL LEVEL 2 FLOOR PLAN

PERMIT SET

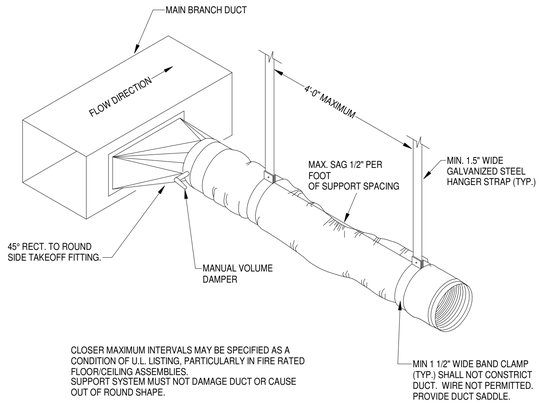
M301



ELEVATION VIEW

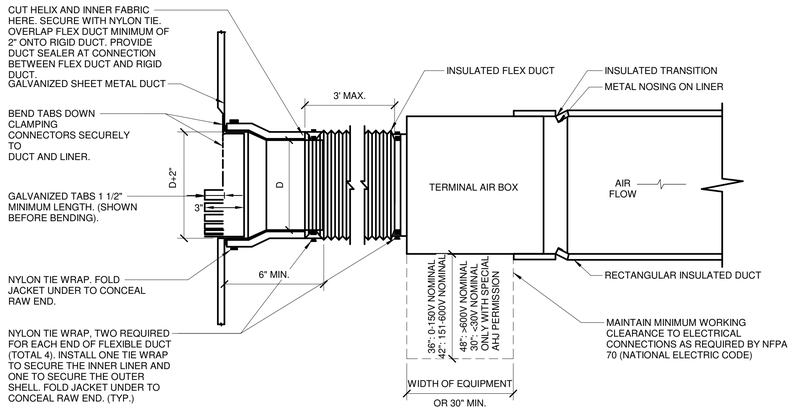
3 M701 DIFFUSER MOUNTING DETAIL
NOT TO SCALE

NOTES:
1) DUCT SHALL EXTEND STRAIGHT FOR SEVERAL INCHES FROM A CONNECTION BEFORE BENDING.
2) DUCT BENDS SHALL BE GRADUAL AND REQUIRE EXTRA SUPPORTS BEFORE AND AFTER EACH BEND.
3) ACCESS SHALL BE PROVIDED FOR MANUAL VOLUME DAMPERS. FOR CEILINGS THAT ARE NOT ACCESSIBLE AND NO ACCESS PANEL CAN BE PROVIDED, A CABLE CONTROL VOLUME DAMPER IS ACCEPTABLE. SEE ADDITIONAL CABLE CONTROL VOLUME DAMPER DETAIL IF REQUIRED.



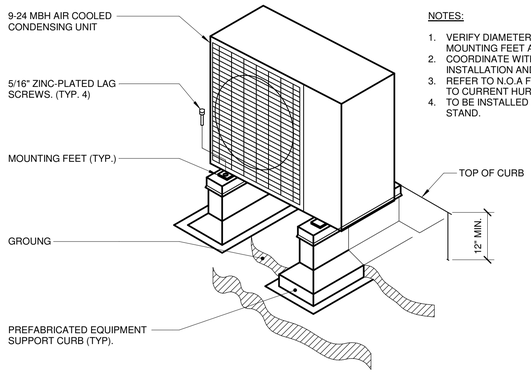
CLOSER MAXIMUM INTERVALS MAY BE SPECIFIED AS A CONDITION OF U.L. LISTING, PARTICULARLY IN FIRE RATED FLOOR/CEILING ASSEMBLIES.
SUPPORT SYSTEM MUST NOT DAMAGE DUCT OR CAUSE OUT OF ROUND SHAPE.

2 M701 FLEXIBLE DUCT SUPPORT DETAIL
NOT TO SCALE



NOTES:
1. THIS DETAIL APPLIES ONLY TO TAPS OFF LINED DUCTS.
2. THIS DETAIL APPLIES TO TERMINAL AIR BOXES WITH ROUND INLETS AND RECTANGULAR OUTLETS.
3. DUCT LEADING TO TAB INLET MUST BE STRAIGHT FOR 1.5 DIAMETERS UPSTREAM.

1 M701 TERMINAL AIR BOX DETAIL LINED MAIN
NOT TO SCALE



NOTES:

1. VERIFY DIAMETER OF ANCHOR BOLT REQUIRED TO FIT WITHIN MOUNTING FEET ANCHOR HOLES.
2. COORDINATE WITH STRUCTURAL AND ARCHITECT FOR ROOF INSTALLATION AND BRACING REQUIREMENTS.
3. REFER TO N.O.A FOR TIE DOWN REQUIREMENTS TO ADHERE TO CURRENT HURRICANE CODE.
4. TO BE INSTALLED ON MIAMI DADE APPROVED MECHANICAL STAND.

4 M701 ROOF MOUNTED CONDENSING UNIT DETAIL - HORIZONTAL DISCHARGE
NOT TO SCALE

1. PROVIDE MANUFACTURERS WIRED PROGRAMMABLE THERMOSTAT
2. PROVIDE UNIT WITH MANUFACTURERS LINE SET AND REQUIRED ACCESSORIES; INSTALL PER MANUFACTURERS WRITTEN INSTRUCTONS.
3. PROVIDE MANUFACTURERS STANDARD FILTER
4. SEER, EER & COP NOTED ARE AT RATED CONDITIONS.
5. PROVIDE CONDENSATE DRAIN WITH TRAP AND CLEANOUT; CONNECT TO CONDENSATE PUMP WHERE NOTED.
6. PROVIDE WITH UNIT MOUNTED FUSED DISCONNECT; FIELD COORDINATE UNIT INSTALLATION TO MAINTAIN MAINTENANCE CLEARANCE PER NEC IN FRONT OF DISCONNECT.
7. PROVIDE MANUFACTURERS LOW AMBIENT COOLING KIT TO ALLOW FOR OPERATION DOWN TO LISTED WINTER TEMPERATURE.
8. POWER TO INDOOR UNIT COMES FROM EXTERIOR UNIT, COORDINATE WITH EC ROUTING OF POWER FROM EXTERIOR UNIT TO INDOOR UNIT.
9. PROVIDE UNIT WITH REMOTE CONTROLLER. ALL REQUIRED CONTROLS SHALL BE IN-BUILT.

FBC 2020 VENTILATION RATE PROCEDURE CALCULATIONS - EXISTING UNIT EVALUATION

Unit: EXISTING AHU — **Existing Air Handling Unit % Outside Air (NOTE 3) : 20%**

UNIT	ROOM NUMBER	ROOM NAME	ZONE TYPE	AREA SQ FT	OCCUPANT OUTDOOR AIRFLOW RATE CFM/PER	AREA OUTDOOR AIRFLOW RATE CFM/SQ FT	OCCUPANT DENSITY PEOPLE PER 1000 SQ FT	OCCUPANT QUANTITY	OVER-VENTILATION PERCENTAGE	BREATHING ZONE OUTDOOR AIRFLOW RATE CFM	TABLE 6-2 ZONE AIR DISTRIBUTION EFFECTIVENESS (Ez)	TOTAL SUPPLY AIR TO ZONE AT CONDITION ANALYZED CFM - NOTE 1	ZONE VENTILATION EFFICIENCY (Evz)	SYSTEM VENTILATION EFFICIENCY NOTE 2 (Ev)	ACTUAL OSA CFM REQUIRED AT UNIT FOR ZONE	ACTUAL OSA CFM DELIVERED AT UNIT FOR ZONE	MEETS REQUIREMENTS OF IMC / ASHRAE 62.1
EXISTING AHU	OFFICE 4 111	VAV-01	Office space	933	5.0	0.06	5	8	0%	96	1.0	840	0.99	0.94	103	168	Yes

SPECIFIC...

1. TOTAL SUPPLY AIR AT CONDITION ANALYZED USES THE MAXIMUM AIRFLOW PROVIDED TO THE ZONE DURING THE HEATING OR COOLING MODE, WHICHEVER IS THE CURRENT CONDITION BEING ANALYZED.
2. AS DETERMINED USING THE ASHRAE 62.1-2010 "62 MZ Calc" SPREADSHEET. SYSTEM VENTILATION EFFICIENCY IS EQUAL TO THE LOWEST ZONE VENTILATION EFFICIENCY OF ALL ROOMS SERVED BY THE UNIT AREA UNDER THE CURRENT SCOPE OF WORK.
3. EXISTING AIR HANDLING UNIT % OUTSIDE AIR PER THE BUILDING/PROPERTY MANAGER.
4. CALCULATIONS SHOW COMPLIANCE WITH INTERNATIONAL EXISTING BUILDING CODE (IEBC) SECTION 809 MECHANICAL ALTERATIONS WHICH ALLOW FOR 5 CFM/PERSON IN EXISTING SPACES.
5. OCCUPANT QUANTITY MAY VARY FROM OCCUPANT DENSITY FROM IMC. IN THOSE CASES OCCUPANT QUANTITY IS ADJUSTED TO MEET DATA PROVIDED BY THE CLIENT. THIS IS ACCEPTABLE PER IMC 403.3 EXCEPTION.
   OCCUPANCY RATES GREATER THAN CODE NOTED WITH AN BOLD DOUBLE UNDERLINE. OCCUPANCY RATES LESS THAN CODE NOTED WITH AN BOLD UNDERLINE.

NOTES:
1) VAVS SHALL BE DOUBLE WALL CONSTRUCTION.
2) FACTORY MOUNTED BACNET INTERFACE AND WIRELESS COMMUNICATION CARD.
3) FACTORY FUSED DISCONNECT SWITCH.
4) FACTORY MOUNTED LINE VOLTAGE TO 24 V CONTROLS TRANSFORMER.

GRILLES, REGISTERS, & DIFFUSERS SCHEDULE

EQUIP TAG	TYPE	FA SIZE IN.	MOUNTING TYPE	DAMPER REQUIRED	MATERIAL	MANUFACTURER & MODEL NO.	PLAN INFO	SPECIFIC NOTES
SD1	SUPPLY DIFFUSER	24x24	LAY-IN	YES	ALUMINUM	TITUS TMS-AA	NECK / CFM	ALL
RG1	RETURN DIFFUSER	24X24	LAY-IN	YES	ALUMINUM	TITUS PAR-AA	NECK / CFM	ALL

GENERAL NOTES:

1. SEE PLANS FOR NECK SIZE
2. ALL GRDs REQUIRING DAMPERS SHALL BE EQUIPPED WITH A REMOTE BALANCING DAMPER THAT IS ADJUSTABLE THROUGH THE GRD FACE OR ANOTHER APPROVED LOCATION UNLESS SUPPLIED FROM AN ACCESSIBLE TAKE-OFF WITH LOCKING DAMPER.
3. VERIFY GRD FINISH AND CLG/WALL/SILL/FLOOR MOUNTING TYPE WITH ARCHITECT FOR EACH APPLICATION PRIOR TO ORDERING.
4. PROVIDE 4-WAY THROW FOR DIFFUSERS UNLESS OTHERWISE SHOWN ON PLANS.
5. MATERIAL SHALL BE ALUMINUM UNLESS OTHERWISE INDICATED OR SPECIFIED.
6. MECHANICAL CONTRACTOR SHALL COORDINATE WITH ARCHITECT THE FRAME STYLE.

* WHERE CFM IS INDICATED ON PLANS FOR RETURN AND TRANSFERS, BALANCE TO AIRFLOW INDICATED.

SPECIFIC NOTES:

1. MECHANICAL CONTRACTOR TO COORDINATE FRAME TYPE MOUNTING CEILING WITH ARCHITECT.
2. COORDINATE PAINT FINISH WITH ARCHITECT.
3. PROVIDE OPPOSED BLADE DAMPER CONSTRUCTED OF ALUMINUM.

GENERAL DISCLAIMER:

ANY CHANGES, TO THE SYSTEM COVERED BY THESE PLANS WITHOUT PRIOR APPROVAL OF THE ENGINEER WHO PREPARED THESE PLANS, WILL NULL AND VOID THESE PLANS AND THE REVISED INSTALLATION. IN ADDITION, ALL EXPENSES ASSOCIATED WITH RETURNING THE SYSTEM TO ITS ORIGINAL DESIGN WILL BE THE REPONSIBILITY OF THE COMPANY WHICH APPROVED THESE CHANGES. FINAL BID TO INCLUDE PERMIT COMMENTS.

ELECTRICAL SYMBOL NOTES

S3d — LIGHTING FIXTURE TAG DESCRIPTORS:
TOP VALUE: FIXTURE TYPE ID.
BOTTOM VALUE, NUMBER: CIRCUIT NUMBER, REFER TO DRAWINGS FOR PANEL.
BOTTOM VALUE, LOWERCASE LETTER: SWITCH DESIGNATION.
ABSENCE OF A SWITCH ID INDICATES FIXTURE IS CONTROLLED BY THE ONLY SWITCH IN THE SPACE.
"x" IN PLACE OF THE SWITCH ID INDICATES NIGHT LIGHT, UNSWITCHED.

EXIT LIGHTS. STEM INDICATES WALL MOUNTING. NO STEM INDICATES CEILING MOUNTING. SHADED AREA INDICATES ILLUMINATED FACE(S). ARROW INDICATES DIRECTIONAL ARROW ON ILLUMINATED FACE(S). THE CIRCUIT DESIGNATION IS INDICATED BY A NUMBER. EXAMPLE: THE WALL MOUNTED EXIT LIGHT TYPE "E1" WITH SINGLE FACE AND DIRECTIONAL ARROW IS CONNECTED TO CIRCUIT 1.

DEVICES. THE CIRCUIT DESIGNATION IS INDICATED BY A NUMBER. THE SWITCH DESIGNATION IS INDICATED BY A LOWER CASE LETTER. EXAMPLE: SPLIT DUPLEX RECEPTACLE IS CONNECTED TO CIRCUIT 1 AND ONE RECEPTACLE OUTLET IS CONTROLLED BY SWITCH "d".

THE CONTROL DEVICE DESIGNATION IS INDICATED BY A LOWER CASE LETTER. EXAMPLE: SINGLE POLE SWITCH "d" TO CONTROL LIGHTING FIXTURES INDICATED BY "d".

WALL BOX DIMMER WITH SIZE AS INDICATED AT DEVICE. EXAMPLE: 600 WATT WALL BOX DIMMER TO CONTROL LIGHTING FIXTURES INDICATED BY "e". SEE SPECIFICATIONS FOR WATTAGE IF NOT INDICATED.

SPECIAL CONNECTIONS. THE EQUIPMENT IS INDICATED BY A NUMBER IN A CIRCLE. SEE THE MOTOR AND EQUIPMENT SCHEDULE FOR THE LOAD DESCRIPTION AND TYPE OF CONNECTION. THE CIRCUIT DESIGNATION IS INDICATED BY NUMBER(S) ADJACENT TO THE SYMBOL. EXAMPLE: EQUIPMENT NO. ELEC-1; 1 PHASE CONNECTION TO CIRCUITS 2, 4.

PANELBOARDS. PANELBOARD DOORS MAY BE SHOWN TO INDICATE OPENING SIDE OF RECESSED PANELBOARDS. SEE PANELBOARD IDENTIFICATION FOR DESIGNATION CODES.

FLOOR CLEARANCE AREA

MOTOR CONNECTIONS. THE MOTOR IS INDICATED BY A NUMBER WITHIN OR CHARACTERS ADJACENT TO THE MOTOR SYMBOL. SEE THE MOTOR AND EQUIPMENT SCHEDULE FOR THE MOTOR DESCRIPTION AND ELECTRICAL REQUIREMENTS.

TRANSFORMERS. THE TRANSFORMER TYPE IS INDICATED BY A NUMBER FOLLOWING THE UPPER CASE LETTER "T". SEE THE TRANSFORMER SCHEDULE OR THE SINGLE LINE DIAGRAM FOR THE TRANSFORMER DESCRIPTION AND REQUIREMENTS. EXAMPLE: TRANSFORMER TYPE "T1".

CONDUIT IN CEILING, FLOOR OR WALL AS REQUIRED BY FIELD CONDITIONS

CONDUIT IN FLOOR

#12 — CONDUIT SHOWN WITHOUT SLASH MARKS SHALL CONTAIN 1 # 12 CONDUCTOR PER PHASE, NEUTRAL, AND GROUND IN 1/2" CONDUIT UNLESS SPECIFIC EQUIPMENT REQUIRES A DIFFERENT SIZE.

#10 — CONDUIT SHOWN SHALL CONTAIN 1 # 10 CONDUCTOR PER PHASE IN ELECTRICAL CODE SIZED MINIMUM CONDUIT UNLESS A CONDUCTOR AND CONDUIT SIZE IS SHOWN ADJACENT.

P4N-102 1, 3, 5 — HOME RUN TO BRANCH CIRCUIT PANELBOARD. THE PANELBOARD DESIGNATION IS SHOWN ADJACENT TO THE HOME RUN ARROW AS A NUMERATOR AND THE CIRCUIT DESIGNATION IS SHOWN AS THE DENOMINATOR. CIRCUIT BREAKER SIZES (AMPS/NUMBER OF POLES) ARE SHOWN IN THE PANELBOARD SCHEDULE WITH THE CORRESPONDING PANELBOARD AND CIRCUIT DESIGNATION. EXAMPLE: HOME RUN TO PANELBOARD P4N-102; CIRCUITS 1, 3, 5.

GRAPHICAL REPRESENTATION OF PHASING, TYPICAL FOR ALL SYMBOLS.

EXISTING TO REMAIN
EXISTING TO BE REMOVED
NEW
ITEM TO BE REMOVED
AREA NOT IN CONTRACT

REVISION NUMBER - SHOWN ON PLANS

NUMBER OF DETAIL ON SHEET
NUMBER OF SHEET WHERE DETAIL APPEARS

1 — KEYED NOTE (SEE SCHEDULE)

ROOM NAME AND NUMBER

PANELBOARD IDENTIFICATION

P4N-102

1. EQUIPMENT DESIGNATION:
L = LIGHTING
P = POWER
D = DISTRIBUTION
S = SWITCHBOARD
M = MOTOR CONTROL CENTER
R = RELAY PANEL

2. VOLTAGE DESIGNATION:
1 = 120/240V - 1PH
2 = 240V - 3PH
3 = 208Y/120V - 3PH
4 = 480Y/277V - 3PH
5 = 120/208 - 1PH
6 = SPECIAL

3. SYSTEM DESIGNATION:
N = NORMAL
E = EMERGENCY
C = POWER CONDITIONED
U = UNINTERRUPTIBLE POWER SOURCE

5. PANEL NO. DESIGNATION:
01 = PANELBOARD #1
02 = PANELBOARD #2
03 = PANELBOARD #3
ETC.

4. FLOOR DESIGNATION:
B = BASEMENT
G = GROUND
1 = FIRST FLOOR
2 = SECOND FLOOR
ETC.

ELECTRICAL GENERAL NOTES

1. WORK SHALL BE DONE IN ACCORDANCE W/FBC 2020 -7TH EDITION, NEC 2017, NFPA 101 LIFE SAFETY, NFPA 72 FIRE ALARM, PLUS LOCAL CODES.
2. CONDUCTORS OPERATING AT 50 VOLTS OR GREATER SHALL BE IN RACEWAY. RACEWAY WITHIN THE STRUCTURE ABOVE THE FLOOR SLAB SHALL BE METAL. RACEWAY BELOW THE FLOOR SLAB AND UNDERGROUND RACEWAY OUTSIDE THE STRUCTURE SHALL BE PVC.
3. LOW VOLTAGE CABLES OR CONDUCTORS OPERATING AT LESS THAN 50 VOLTS SHALL BE IN METAL RACEWAY WHERE INSTALLED WITHIN WALLS OR INACCESSIBLE SPACES. LOW VOLTAGE CABLES MAY BE RUN IN CABLE TRAY WHERE NOTED. LOW VOLTAGE CABLES MAY BE RUN IN CABLE SUPPORT HOOKS ABOVE ACCESSIBLE CEILINGS WHERE NOTED. LOW VOLTAGE CABLE SHALL BE PLENUM RATED IN PLENUM SPACES.
4. COORDINATE LOCATIONS OF DEVICES WITH ARCHITECTURAL ELEVATIONS AND DETAILS. ARCHITECTURAL ELEVATIONS AND DETAILS TAKE PRECEDENCE OVER LOCATIONS SHOWN ON ELECTRICAL DRAWINGS.
5. PROVIDE CABLE OR CONDUIT AND WIRE AS REQUIRED TO ACHIEVE CIRCUITING SHOWN. SIZE CONDUCTORS PER NEC AMPACITY AND WIRE FILL CRITERIA. PROVIDE DEDICATED NEUTRAL AND GROUND CONDUCTORS FOR CIRCUITING ,UNLESS NOTED OTHERWISE. INCREASE BRANCH CIRCUIT AND/OR FEEDER CONDUCTORS INCLUDING EQUIPMENT GROUNDING CONDUCTORS PROPORTIONALLY FOR NO MORE THAN 3% VOLTAGE DROP ON BRANCH CIRCUITS AND 2% ON FEEDERS PER ENERGY CODE.
6. IT IS THE RESPONSIBILITY OF THIS CONTRACTOR TO COORDINATE INSTALLATION OF ELECTRICAL SYSTEMS AND THOSE REQUIRING ELECTRICAL CONNECTIONS TO MAINTAIN NEC REQUIRED CLEARANCES, INCLUDED BY NOT LIMITED TO AREAS ABOVE ACCESSIBLE CEILINGS.
7. COORDINATE WITH OTHER TRADES FOR PROPER INSTALLATION OF EQUIPMENT. CONSULT THE DRAWINGS OF OTHER TRADES OR CRAFTS TO AVOID CONFLICTS WITH EQUIPMENT, ETC. CONFLICTS SHALL BE RESOLVED PRIOR TO ROUGH-IN AND AT NO ADDITIONAL COST TO THE OWNER.
8. LEAVE THE SITE CLEAN AND READY FOR OCCUPANCY. REMOVE DIRT, DEBRIS, EMPTY CARTONS, TOOLS, CONDUIT AND WIRE SCRAPS AND MISCELLANEOUS SPARE EQUIPMENT AND MATERIALS USED IN THIS DIVISION OF THE WORK DURING CONSTRUCTION. COMPONENTS SHALL BE FREE OF DUST, GRIT AND FOREIGN MATERIALS AND LEFT AS NEW BEFORE FINAL ACCEPTANCE OF WORK.
9. THE SYMBOLS AND ABBREVIATIONS SHOWN ON THIS SHEET MAY OR MAY NOT BE USED IN THIS SET OF DRAWINGS.
10. PERFORM WORK TO COMPLY WITH THE STANDARD PRACTICES FOR GOOD WORKMANSHIP PUBLISHED BY NATIONAL ELECTRICAL CONTRACTORS ASSOCIATION (NECA). COMPLY WITH THE LATEST ENFORCED EDITION OF THE NATIONAL ELECTRICAL CODE (NEC), LOCAL CODES, AMENDMENTS, AND ORDINANCES.
11. FIELD COORDINATE FINAL MECHANICAL AND EQUIPMENT LOCATIONS ALONG WITH CONNECTION REQUIREMENTS AND CONTROL WIRING PRIOR TO ROUGH-IN. ADJUST CORRESPONDING CIRCUIT BREAKER RATINGS AND BRANCH CIRCUITING ACCORDINGLY.
12. ELECTRICAL WORK SHALL BE PERFORMED UNDER THE SUPERVISION OF A LICENSED MASTER ELECTRICIAN. PROCURE PERMITS AND LICENSES AND PAY FEES ASSOCIATED WITH THIS WORK.
13. MATERIALS FURNISHED FOR THIS PROJECT SHALL BE NEW, COMMERCIAL GRADE, FREE OF DEFECTS, AND LISTED BY A NATIONALLY RECOGNIZED TESTING LABORATORY UNO.
14. PROVIDE COMPLETE OPERATION & MAINTENANCE MANUAL INCLUDING APPROVED SUBMITTAL DRAWINGS, WARRANTY INFORMATION FOR PRODUCT SUPPLIED,AND MANUFACTURES OPERATION AND MAINTENANCE INSTRUCTIONS.
15. THE CONTRACTOR IS RESPONSIBLE FOR MAKING FINAL WIRING TERMINATIONS TO PRE-INSTALLED RECEPTACLES IN OFFICE FURNITURE. CONTRACTOR IS RESPONSIBLE FOR WIRING AND INSTALLING VOICE/DATA DEVICES IN OFFICE FURNITURE. COORDINATE PLACEMENT OF DEVICES WITH FURNITURE LAY-OUT.
16. SECURITY SYSTEM TO BE PROVIDED UNDER SEPARATE CONTRACT. IT IS THE RESPONSIBILITY OF THIS CONTRACTOR TO PROVIDE CONDUIT PROVISIONS, BACK BOXES, ROUGH-INS, SLEEVES AND POWER TO HEAD END EQUIPMENT FOR EXACT REQUIREMENTS PRIOR TO START OF WORK.
17. CONDUIT AND WIRE SHALL NOT BE INSTALLED BELOW FLOOR SLAB UNLESS INDICATED ON PLAN BY DASHED CONDUIT.
18. CONTRACTOR SHALL BE RESPONSIBLE FOR WIRING ELECTRICAL ITEMS SHOWN ON DRAWINGS EXCEPT FOR ITEMS LISTED IN NOTE 'R' BELOW.
19. TV OUTLETS, TELEPHONE OUTLETS, DATA OUTLETS, AND FIRE ALARM DEVICES SHALL CONSIST OF A BACK BOX WITH CONDUIT STUBBED ABOVE THE ACCESSIBLE CEILING, SEE STUB UP DETAIL.VERIFY SIZE OF BACK BOX REQUIRED WITH DEVICE TO BE INSTALLED. LOCATE BACK BOXES 6" FROM ADJACENT POWER RECEPTACLE INTENDED FOR COMPUTER USE.
20. FURNISH AND INSTALL CONDUIT FROM BACK BOXES FOR THE FOLLOWING DEVICES INTO THE ACCESSIBLE CEILING SPACE IN THE CORRIDOR, UNLESS NOTED OTHERWISE:
    1/2"C TV OUTLETS.
    3/4"C TELEPHONE OUTLETS
    3/4"C INFORMATION OUTLETS
    3/4"C FIRE ALARM DEVICES
21. CONTRACTOR SHALL KEEP A SET OF CLEAR AND CONCISE AS-BUILTS DRAWINGS ON THE JOBSITE AT ALL TIMES AND DELIVER A SET OF UP TO DATE AS-BUILTS TO THE ENGINEER & OWNER AT THE COMPLETION OF THE PROJECT.
22. ANY FIELD MODIFICATION(S) DEVIATING FROM DESIGN DOCUMENTS REQUIRING REVIEW BY THE ENGINEER SHALL BE DONE SO PRIOR TO PERFORMING THE WORK WITH A FORMAL RFI. FAILURE TO DO SO WILL INCUR AN ADDITIONAL FEE TO BE PAID BY THE CONTRACTOR TO THE ENGINEER FOR TIME REQUIRED TO EVALUATE FIELD MODIFCATION(S).
23. CONTRACTOR TO PROVIDE SUBMITTALS FOR ALL EQUIPMENT TO ENGINEER PRIOR TO PROCUREMENT, PURCHASING OR INSTALLATION FOR REVIEW. REVIEWED SUBMITTALS SHALL BE RETAINED AND PROVIDED TO LOCAL AHJ TO SHOW COMPLIANCE WITH DESIGN DOCUMENTS.
24. THESE DOCUMENTS ARE PREPARED IN PART WITH AS-BUILT DRAWINGS, NON-INVASIVE FIELD SURVEYS AND INFORMATION PROVIDED BY OTHERS. IT IS THE CONTRACTORS RESPONSIBILITY TO FIELD VERIFY ALL EXISTING CONDITIONS FOR ANY DEVIATIONS THAT WOULD IMPACT THE INTENDED DESIGN PRIOR TO BID AND INSTALLATION. FAILURE TO DO SO SHALL RESULT IN THE CONTRACTOR CORRECTING THE INSTALLATION AT NO ADDITIONAL COST TO OTHERS.
25. CONTRACTOR SHALL SECURE AND PAY FOR ALL PERMITS, FEES, INSPECTION & TESTS.

RENOVATION NOTES:

THESE NOTES APPLY TO ALL ELECTRICAL SHEETS AND TRADES, INCLUDING BUT NOT LIMITED TO, POWER, LIGHTING, DATA, AND FIRE ALARM.

1. EXISTING CONDITIONS ARE SHOWN BASED ON INFORMATION OBTAINED FROM FIELD SURVEYS, EXISTING BUILDING DOCUMENTS, AND STAFF. VERIFY EXISTING CONDITIONS AND REPORT ANY CONFLICTS BEFORE PROCEEDING.
2. NOT ALL EXISTING DEVICES AND EQUIPMENT IS SHOWN. VERIFY EXISTING CONDITIONS BEFORE STARTING WORK. NOTIFY ENGINEER OF ANY CONFLICTS WITH NEW WORK.
3. CONTRACTOR SHALL FIELD VERIFY ACCESSIBILITY TO THE AREA OF HIS/HER WORK AND SHALL NOTIFY THE GENERAL CONTRACTOR OR CONSTRUCTION MANAGER PRIOR TO BIDDING IF OTHER UTILITIES ARE REQUIRED TO BE REMOVED OR RELOCATED TO ALLOW ACCESS TO HIS/HER AREA OF WORK.
4. CONTRACTORS SHALL NOTIFY THE GC OF AFFECTED AREAS PRIOR TO BIDDING.
5. THE GENERAL CONTRACTOR IS RESPONSIBLE FOR REMOVAL AND REPLACEMENT OF CEILINGS, CEILING TILES, AND CEILING GRIDS ASSOCIATED WITH AREAS OF WORK BY ALL CONTRACTORS. NOTIFY THE GENERAL CONTRACTOR OF AFFECTED AREAS PRIOR TO BIDDING.
6. PROVIDE TEMPORARY POWER TO MAINTAIN EXISTING SYSTEMS IN SERVICE DURING CONSTRUCTION.
7. OBTAIN PERMISSION FROM OWNER BEFORE SHUTTING DOWN POWER FOR ANY REASON. MAINTAIN SERVICE TO ALL COMPONENTS THAT ARE TO REMAIN UNTIL NEW SYSTEMS ARE INSTALLED.
8. MAINTAIN EXISTING SYSTEM IN SERVICE UNTIL NEW SYSTEM IS COMPLETE AND READY FOR TIE IN AND SWITCHOVER.
9. UPON COMPETION OF WORK UPDATE ALL PANEL SCHEDULES IF AFFECTED BY PROJECT SCOPE.

ELECTRICAL COVER SHEET

PERMIT SET

E000

FIRE ALARM SHEET NOTES

A	EXTEND FIRE ALARM SYSTEM IN RENOVATION AREA AND CONNECT NEW DEVICES AS SHOWN ON THIS PLAN.
B	PROVIDE REPROGRAMMING OF FIRE ALARM CONTROL PANEL AS REQUIRED TO ADD NEW DEVICES.
C	NEW FIRE ALARM DEVICES SHALL BE THE SAME MANUFACTURER AS EXISTING FIRE ALARM SYSTEM.
D	PROVIDE BATTERY CALCULATION FOR FIRE ALARM SYSTEM. ADD NEW BATTERIES AS REQUIRED TO SUPPORT ADDITION OF NEW DEVICES.

POWER SHEET NOTES

A	WHERE CONNECTED TO A 20A. BRANCH CIRCUIT SUPPLYING AN INDIVIDUAL RECEPTACLE (SIMPLEX OR DUPLEX), THE RECEPTACLE SHALL BE RATED AT 20A.
B	CIRCUIT WIRING IS NOT SHOWN EXCEPT FOR SWITCHING INTENT OF FIXTURES AND CONTROL OF DEVICES.
C	PROVIDE PROPER NUMBER OF CONDUCTORS TO ACHIEVE CIRCUITING AND SWITCHING SHOWN.
D	CIRCUIT NUMBERS AT DEVICES CORRESPOND TO PANELBOARD BREAKERS (SEE PANELBOARD SCHEDULE). BRANCH CIRCUITS SHALL BE SIZED ACCORDING TO THE CIRCUIT BREAKER RATING, UNLESS INDICATED OTHERWISE ON THE ELECTRICAL EQUIPMENT SCHEDULE.

KEYNOTES

200	REFER TO ARCHITECTURAL ELEVATIONS FOR EXACT MOUNTING HEIGHT OF TV POWER AND DATA RECEPTACLES.
201	PROVIDE 120V CIRCUIT FOR NEW VAV BOXES IN RENOVATION AREA.
202	PROVIDE (2) 120V, 30A, DEDICATED CIRCUITS WITH LOCKING TYPE RECEPTACLES NEMA L5-30R FOR DATA EQUIPMENT.
203	EXISTING PANELBOARD AFFECTED BY NEW WORK. REFER TO PANEL SCHEDULES AND ELECTRICAL RISER DIAGRAM ON SHEET E601 FOR FURTHER INFORMATION.
204	CONDESING UNIT CU-1 TO BE LOCATED AND INSTALLED ON ROOF. COORDINATE WITH MECHANICAL CONTRACTOR TO FINAL LOCATION.

LIGHTING SHEET NOTES

A ALL RECESSED LIGHTING FIXTURES IN LAY-IN CEILINGS SHALL BE INSTALLED WITH 6' LONG FLEXIBLE METAL CONDUIT.

B ALL MOUNTING HEIGHTS FOR LIGHTING FIXTURES ARE TO THE BOTTOM OF THE FIXTURES UNLESS INDICATED OTHERWISE.

C CIRCUIT WIRING IS NOT SHOWN EXCEPT FOR SWITCHING INTENT OF FIXTURES AND CONTROL OF DEVICES.

D PROVIDE PROPER NUMBER OF CONDUCTORS TO ACHIEVE CIRCUITING AND SWITCHING SHOWN.

E CIRCUIT NUMBERS AT DEVICES CORRESPOND TO PANELBOARD BREAKERS (SEE PANELBOARD SCHEDULE). BRANCH CIRCUITS SHALL BE SIZED ACCORDING TO THE CIRCUIT BREAKER RATING, UNLESS INDICATED OTHERWISE ON THE ELECTRICAL EQUIPMENT SCHEDULE.

KEYNOTES

100 LIFE SAFETY FIXTURE TAGGED 'NL' ON PLANS SHALL BE CONTROLLED BY OCCUPANCY SENSOR ONLY.

LIGHTING FIXTURE SCHEDULE

TYPE	CONSTRUCTION DESCRIPTION	PRODUCT MFR	PRODUCT MODEL	LIGHT SOURCE LUMENS DOWN	ELECTRICAL VOLT	ELECTRICAL INPUT WATTS	NOTE
A	2X4 RECESSED TROFFER.	LITHONIA	2BLT4 48L ADP GZ10 LP835	4960 lm	277 V	38 W	--
AE	2X4 RECESSED TROFFER. PROVIDE FIXTURE WITH EMERGENCY BATTERY BACKUP.	LITHONIA	2BLT4 48L ADP GZ10 LP835 EL7L	4960 lm	277 V	38 W	--
EX1	EXIT SIGN, EDGE-LIT, 1-SIDED.	LITHONIA	EDGR 1 R EL	0 lm	277 V	5 W	

GENERAL NOTES:

A. CATALOG NUMBER SHALL NOT BE CONSIDERED COMPLETE AND MATERIAL SHALL NOT BE ORDERED BY MANUFACTURER AND CATALOG NUMBER ONLY. THE COMPLETE DESCRIPTION AND THE SPECIFICATION SHALL BE COORDINATED WITH THE CATALOG NUMBER TO DETERMINE THE EXACT MATERIAL AND ACCESSORIES TO BE ORDERED. THE FIRST MANUFACTURER LISTED IS THE BASIS OF DESIGN.
B. VERIFY AND COORDINATE ALL CEILING TYPES WITH LUMINAIRE MOUNTING AND TRIM REQUIREMENTS PRIOR TO THE RELEASE OF THE LUMINAIRE ORDER.
C. CONFIRM ALL COLORS AND FINISHES OF ALL LUMINAIRE COMPONENTS WITH ARCHITECT AND INTERIOR DESIGNER PRIOR TO THE RELEASE OF THE LUMINAIRE ORDER.
D. UNLESS INDICATED ON LIGHTING PLANS OR BELOW, REFER TO ARCHITECTURAL AND INTERIOR DESIGN ELEVATIONS, SECTIONS AND DETAILS FOR ALL SUSPENDED AND WALL MOUNTED LUMINAIRE MOUNTING HEIGHTS.

SCHEDULE NOTES:

1. INTERIOR CORRELATED COLOR TEMPERATURE 3500K, COLOR RENDERING INDEX (CRI) AT OR ABOVE 80, UNLESS NOTED OTHERWISE.
2. PROVIDE ALL DEVICES, CONTROLS AND ACCESSORIES FOR A COMPLETE AND FUNTIONAL LIGHTING SYSTEM.

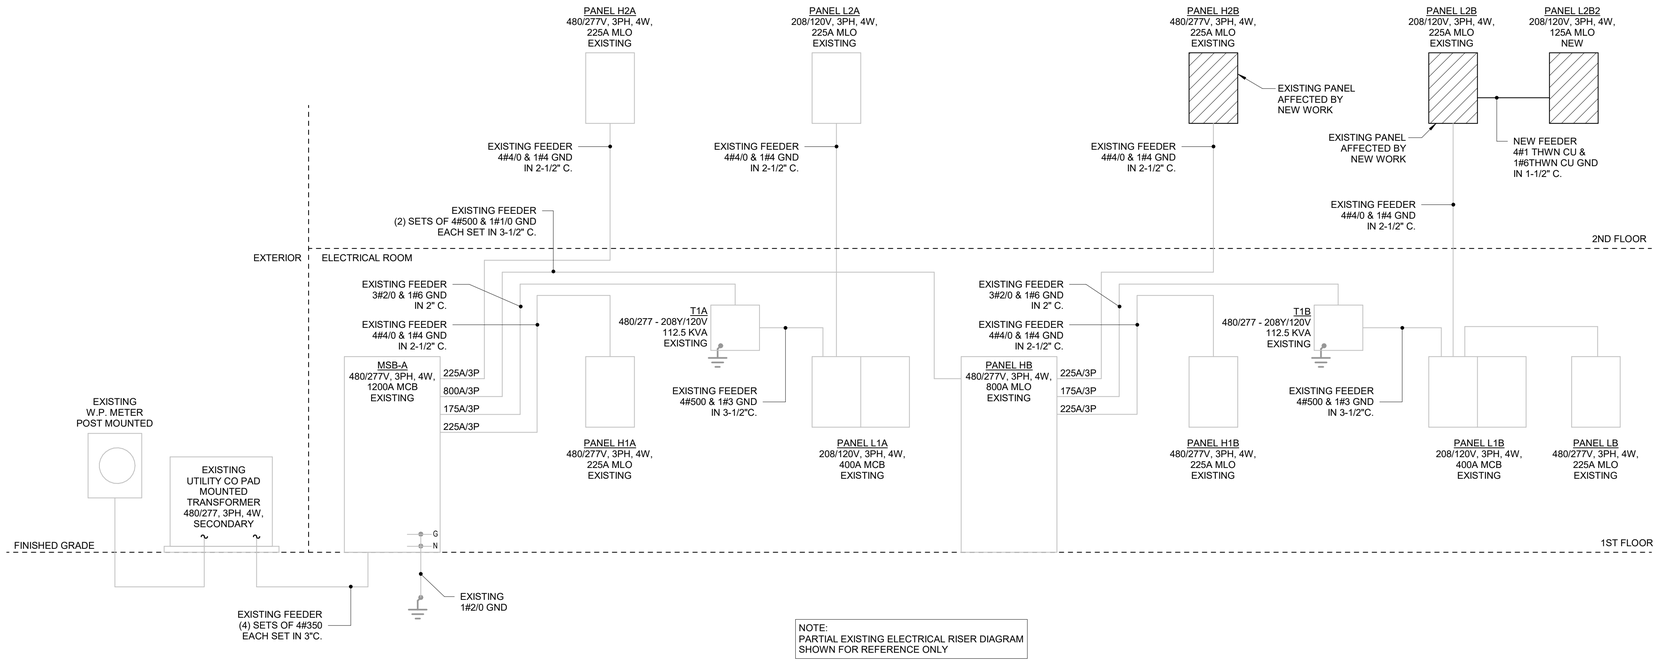
PHOTOMETRIC PLAN EMERGENCY LIGHTING

PERMIT SET

E403



NOTE:
PARTIAL EXISTING ELECTRICAL RISER DIAGRAM SHOWN FOR REFERENCE ONLY

ELECTRICAL POWER RISER DIAGRAM

NOT TO SCALE

ELECTRICAL RISER DIAGRAM SHEET NOTES

- A OVERCURRENT DEVICES OF ENTIRE DISTRIBUTION SYSTEM SHALL MEET STATED FAULT CURRENT VALUES WITH FULLY RATED EQUIPMENT.
- C REFER TO PANEL SCHEDULES FOR ADDITIONAL REQUIREMENTS. WHERE A DISCREPANCY EXISTS BETWEEN EQUIPMENT ON THE RISER DIAGRAM AND THE DETAILED SCHEDULES, THE ITEM OR ARRANGEMENT WITH BETTER QUALITY, GREATER QUANTITY, OR HIGHER COST SHALL BE USED.
- D ALL DISCREPANCIES SHALL BE BROUGHT TO THE ATTENTION OF THE ENGINEER.
- E GROUNDING ELECTRODE CONDUCTORS ARE EXISTING AND SIZES ARE NOT INDICATED ON THE RISER DIAGRAM. ELECTRICAL CONTRACTOR HALL FIELD VERIFY.

ELECTRICAL REMODEL NOTES

- A BRANCH CIRCUITING INDICATED ON PLANS AND SCHEDULES IS BASED UPON EXISTING PLANS AND SITE OBSERVATION, CONTRACTOR TO FIELD VERIFY.
- B PROVIDE TYPED CIRCUIT BOARD DIRECTORIES TO REFLECT AS-CONSTRUCTED CONDITIONS. FIELD VERIFY DURING CONSTRUCTION AND REVISE ACCORDINGLY.
- C PROVIDE NECESSARY DEMOLITION TO FACILITATE NEW CONSTRUCTION WORK ASSOCIATED WITH THIS PROJECT. COORDINATE OUTAGES WITH OWNER MINIMUM 72 HOURS IN ADVANCE. OWNER RETAINS RIGHT TO FIRST SALVAGE. PROVIDE DISPOSAL OF REMOVED MATERIAL. MAINTAIN CIRCUIT CONTINUITY AS REQUIRED.
- D IT IS THE INTENT OF THESE DIAGRAMMATIC DRAWINGS TO PROVIDE THE PROJECT SCOPE INCLUDING, BUT NOT LIMITED TO PHASED DEMOLITION AND NEW CONSTRUCTION. EXISTING INFORMATION INDICATED ON THESE PLANS DOES NOT REPRESENT ALL EXISTING CONDITIONS. THIS CONTRACTOR SHALL BECOME FAMILIAR WITH EXISTING CONDITIONS, SCOPE OF PHASING, AND PROJECT INTENT PRIOR TO BID SUBMISSION. NO EXTRA WILL BE ALLOWED DUE TO THE LACK OF KNOWLEDGE OF EXISTING CONDITIONS TO COORDINATE RELOCATION OF ELECTRICAL SYSTEMS AS REQUIRED.
- E PROVIDE CUTTING, PATCHING, AND RESTORATION OF FINISHES NECESSARY FOR WORK SURFACES DAMAGED BY THIS WORK AND SPACES AROUND CONDUITS PASSING THROUGH FLOORS AND WALLS SHALL BE NEATLY PATCHED AND FINISHED TO MATCH NEW/EXISTING. STRUCTURAL MEMBERS SHALL NOT BE CUT OR PENETRATED IN ANY MANNER. THE SPACES AROUND THE CONDUITS SHALL BE SEALED TO PREVENT ENTRANCE OF MOISTURE. PROVIDE FIRE STOPPING PER UL APPROVED METHODS.
- F REMOVE ABANDONED WIRING COMPLETE. AT CONTRACTORS OPTION, UTILIZE EXISTING ABANDONED RACEWAY TO EXTENT AVAILABLE. EXPOSED ABANDONED RACEWAY SHALL BE REMOVED.
- G COORDINATE WORK IN PHASES. WITH GENERAL CONTRACTOR AND OWNER TO FACILITATE DEMOLITION AND NEW CONSTRUCTION.
- H REMOVE ELECTRICAL RELATED EQUIPMENT (I.E JUNCTION BOXES, RECEPTACLES, SWITCHES, DEVICES, ETC...) AFFECTED/ABANDONED AS A RESULT OF DEMOLITION AND NEW CONSTRUCTION.

FAULT CURRENT CALCULATIONS

Maximum Available Fault Current (IAIC)

I SCA = (I AIC x M)

Where M = 1 / (1+f), and f = (1.732 x L x I AIC) / (C x n x E)

Point	Fault Location	Length, feet	Conductors size	# conductors per phase	Cu (1) Al (2)	Conduit Magnetic (1) Nonmagn. (2)	Voltage	Phase	"C" Value	Previous fault value	Fault value
U	Service Transformer Secondary Winding per XFMR size										36,500
1	MSB-A	150	350	4	1	2	480	3	22736	36,500	29,986
2	HB	225	500	2	1	1	480	3	22185	29,986	19,362
3	T1B PRIMARY	15	"2/0"	1	1	1	208	3	10755	19,362	15,807
4	L1B	5	500	1	1	1	208	1	22185	16,825	16,523
5	L2B	67	"4/0"	1	1	1	208	1	15082	16,523	12,213
6	L2B2	7	2	1	1	1	208	1	5906	12,213	11,419

For Second Transformer:

f = (I SCA pri x E PRI x 1.732 x (%Z)) / (100000 x KVA)

I SCA sec = (E pri x M x I SCA pri) /E sec

Point	Fault Location	Size, KVA	Primary voltage, V	Secondary Voltage, V	%Z		Phase		Previous fault value	Fault value
	T1B Secondary	112.5	480	208	1		3		15,807	16,825

GENERAL DISCLAIMER:

ANY CHANGES, TO THE SYSTEM COVERED BY THESE PLANS WITHOUT PRIOR APPROVAL OF THE ENGINEER WHO PREPARED THESE PLANS, WILL NULL AND VOID THESE PLANS AND THE REVISED INSTALLATION. IN ADDITION, ALL EXPENSES ASSOCIATED WITH RETURNING THE SYSTEM TO ITS ORIGINAL DESIGN WILL BE THE REPONSIBILITY OF THE COMPANY WHICH APPROVED THESE CHANGES. FINAL BID TO INCLUDE PERMIT COMMENTS.

BIDDING REQUIREMENTS

Village of Palm Springs

PUBLIC SERVICE DEPARTMENT

ITB NO. 2022-002
VILLAGE HALL N. FLEX SPACE BUILDOUT

ADVERTISEMENT FOR BIDS

Sealed Bids for the construction of the **Village Hall N Flex Space Buildout** will be received, by the **Village of Palm Springs**, at the office of the **Palm Springs Village Clerk**, until **2:00 PM** local time on **January 12, 2022**. At **2:30 PM** all Bids received before the deadline will be publicly opened and read. The Project consists of building out **NEW OFFICES ON THE SECOND FLOOR OF THE UNFINISHED N. SIDE FLEX SPACE AT VILLAGE HALL**.

Bidding Documents may be viewed and downloaded online www.vpsfl.org or http://www.demandstar.com. Hard copies of bidding Documents may be obtained from **REG Architects, Inc.**, 120 South Olive Ave, Ste. 210, West Palm Beach, Fl. 33401 on **Mondays through Fridays** between the hours of **9:00 AM to 5:00 PM**. Bidding Documents are available on compact disc (as portable document format (PDF) files) for a non-refundable charge of $ **5** . Shipping via overnight express service is ¢ **50** per mile. Alternatively, printed Bidding Documents may be obtained from **REG Architects, Inc.** either via in-person pick-up or via mail, upon receipt of payment for the Bidding Documents. The non-refundable cost of printed Bidding Documents is $ **11** per set, payable to **"REG Architects, Inc."**.

A pre-bid conference will be held at **2:00 PM** local time on **December 21, 2021,** at the **Village of Palm Springs Council Chambers at 226 Cypress Lane, Palm Springs FL 33461**. Attendance at the pre-bid conference **is *mandatory***.

Mandatory Pre-Bid Conference – December 21, 2021, at 2:00 PM

Participants can use their telephone or computer mic & speakers (VoIP)

- Registration: https://attendee.gotowebinar.com/register/6828830744655438861 Web ID# 341-967-163
- Phone: United States 1 (562) 247-8321 Web ID# 201-503-611

Bid Opening – January 12, 2022, at 2:30 PM

Participants can use their telephone or computer mic & speakers (VoIP)

- Registration: https://attendee.gotowebinar.com/register/5710172221393377549 Web ID# 252-773-051
- Phone: United States 1 (562) 247-8321 Web ID# 178-374-941

Bid security shall be furnished in accordance with the Instructions to Bidders.

Any questions regarding the specifications and Solicitation process must be submitted in writing to the Village Clerk at kwynn@vpsfl.org, Questions and requests for clarification and additional information must be received prior to the Deadline for Submission of Questions on **January 4, 2022** at **5:00 PM** local time.

Pursuant to Section 2-355 of Palm Beach County Ordinance No. 2011-039, and the purchasing policies of the Village of Palm Springs, all Solicitations, once advertised, are under the "Cone of Silence" until the appropriate authority has approved an award recommendation, rejected all responses or some other

action by the Village to end the selection process. This limits and requires documentation of communications between potential Bidders and/or Bidders on Village Solicitations, the Village's professional staff, and the Village Council members.

ARTICLE 1 – DEFINED TERMS

1.01 Terms used in these Instructions to Bidders have the meanings indicated in the General Conditions and Supplementary Conditions. Additional terms used in these Instructions to Bidders have the meanings indicated below:

A. *Issuing Office* – The office from which the Bidding Documents are to be issued.

ARTICLE 2 – COPIES OF BIDDING DOCUMENTS

2.01 Complete sets of the Bidding Documents may be obtained from the Issuing Office in the number and format stated in the advertisement or invitation to bid.

2.02 Complete sets of Bidding Documents shall be used in preparing Bids; neither Owner nor Engineer assumes any responsibility for errors or misinterpretations resulting from the use of incomplete sets of Bidding Documents.

2.03 Owner and Engineer, in making copies of Bidding Documents available on the above terms, do so only for the purpose of obtaining Bids for the Work and do not authorize or confer a license for any other use.

ARTICLE 3 – QUALIFICATIONS OF BIDDERS

3.01 To demonstrate Bidder's qualifications to perform the Work, Bidder shall submit with its Bid (a) written evidence establishing its qualifications such as financial data, previous experience, present commitments, and other such information as may be called for in Section 00451, and (b) the following additional information:

A. Evidence of Bidder's authority to do business in the State of Florida.

B. State of Florida contractor license number.

C. Subcontractor and Supplier qualification information [coordinate with provisions of Article 12 of these Instructions, "Subcontractors, Suppliers, and Others."]

D. Provide a minimum of five (5) similar projects which have been completed within the past ten (10) years per Section 00451 - Bidder Qualifications Questionnaire, Article 11, including project description, final project cost, owner's name, address, and phone number. A similar project shall be defined as one similar in scope and size.

E. Current Certificate of Insurance per the requirements of Section 00520 - Agreement, Article 10.10.

3.02 A Bidder's failure to submit required qualification information within the times indicated may disqualify Bidder from receiving an award of the Contract.

3.03 No requirement in this Article 3 to submit information will prejudice the right of Owner to seek additional pertinent information regarding Bidder's qualifications.

3.04 Bidder is advised to carefully review those portions of the Bid Form requiring Bidder's representations and certifications.

ARTICLE 4 – SITE AND OTHER AREAS; EXISTING SITE CONDITIONS; EXAMINATION OF SITE; OWNER'S SAFETY PROGRAM; OTHER WORK AT THE SITE

4.01 *Site and Other Areas*

A. The Site is identified in the Bidding Documents. By definition, the Site includes rights-of-way, easements, and other lands furnished by Owner for the use of the Contractor. Any additional lands required for temporary construction facilities, construction equipment, or storage of materials and equipment, and any access needed for such additional lands, are to be obtained and paid for by Contractor.

4.02 *Existing Site Conditions*

A. Subsurface and Physical Conditions; Hazardous Environmental Conditions – N/A

1. The Supplementary Conditions identify:

a. those reports known to Owner of explorations and tests of subsurface conditions at or adjacent to the Site, if any.

b. those drawings known to Owner of physical conditions relating to existing surface or subsurface structures at the Site (except Underground Facilities), if any.

2. Owner will make copies of reports and drawings referenced above available to any Bidder on request. These reports and drawings are not part of the Contract Documents, but the Technical Data contained therein upon whose accuracy Bidder is entitled to rely, as provided in the General Conditions, has been identified and established in the Supplementary Conditions. Bidder is responsible for any interpretation or conclusion Bidder draws from any Technical Data or any other data, interpretations, opinions, or information contained in such reports or shown or indicated in such drawings.

3. If the Supplementary Conditions do not identify Technical Data, the default definition of Technical Data set forth in Article 1 of the General Conditions will apply.

B. Underground Facilities: Information and data shown or indicated in the Bidding Documents with respect to existing Underground Facilities at or adjacent to the Site are set forth in the Contract Documents and are based upon information and data furnished to Owner and Engineer by owners of such Underground Facilities, including Owner, or others.

C. Adequacy of Data: Provisions concerning responsibilities for the adequacy of data furnished to prospective Bidders with respect to subsurface conditions, other physical conditions, and Underground Facilities, and possible changes in the Bidding Documents due to differing or unanticipated subsurface or physical conditions appear in Paragraphs 5.03, 5.04, and 5.05 of the General Conditions. Provisions concerning responsibilities for the adequacy of data furnished to prospective Bidders with respect to a Hazardous Environmental Condition at the Site, if any, and possible changes in the Contract Documents due to any Hazardous Environmental Condition uncovered or revealed at the Site which was not shown or indicated in the Drawings or Specifications or identified in the Contract Documents to be within the scope of the Work, appear in Paragraph 5.06 of the General Conditions.

4.03 *Site Visit and Testing by Bidders*

A. On request, the Owner will provide the Bidder access to the Site visit during normal working hours. Bidder shall not disturb any ongoing operations at the Site.

B. On request, and to the extent Owner has control over the Site, and schedule permitting, the Owner will provide Bidder access to the Site to conduct such additional examinations,

investigations, explorations, tests, and studies as Bidder deems necessary for preparing and submitting a successful Bid. Owner will not have any obligation to grant such access if doing so is not practical because of existing operations, security or safety concerns, or restraints on Owner's authority regarding the Site.

C. Bidder shall comply with all applicable Laws and Regulations regarding excavation and location of utilities, obtain all permits, and comply with all terms and conditions established by Owner or by property owners or other entities controlling the Site with respect to schedule, access, existing operations, security, liability insurance, and applicable safety programs.

D. Bidder shall fill all holes and clean up and restore the Site to its former condition upon completion of such explorations, investigations, tests, and studies.

E. Bidder shall not disturb any ongoing operations at the Site.

ARTICLE 5 – BIDDER'S REPRESENTATIONS

5.01 It is the responsibility of each Bidder before submitting a Bid to:

A. examine and carefully study the Bidding Documents, and any data and reference items identified in the Bidding Documents;

B. visit the Site, conduct a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and satisfy itself as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work;

C. become familiar with and satisfy itself as to all Laws and Regulations that may affect cost, progress, and performance of the Work;

D. carefully study all: (1) reports of explorations and tests of subsurface conditions at or adjacent to the Site and all drawings of physical conditions relating to existing surface or subsurface structures at the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings, and (2) reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings;

E. consider the information known to Bidder itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Bidding Documents; and the Site-related reports and drawings identified in the Bidding Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Bidder; and (3) Bidder's safety precautions and programs;

F. agree, based on the information and observations referred to in the preceding paragraph, that at the time of submitting its Bid no further examinations, investigations, explorations, tests, studies, or data are necessary for the determination of its Bid for performance of the Work at the price bid and within the times required, and in accordance with the other terms and conditions of the Bidding Documents;

G. become aware of the general nature of the work to be performed by Owner and others at the Site that relates to the Work as indicated in the Bidding Documents;

H. promptly give Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Bidder discovers in the Bidding Documents and confirm that the written resolution thereof by Engineer is acceptable to Bidder;

I. determine that the Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for the performance and furnishing of the Work; and

J. agree that the submission of a Bid will constitute an incontrovertible representation by Bidder that Bidder has complied with every requirement of this Article, that without exception the Bid and all prices in the Bid are premised upon performing and furnishing the Work required by the Bidding Documents.

ARTICLE 6 – PRE-BID CONFERENCE

6.01 A pre-Bid conference will be held at the time and location stated in the invitation or advertisement to bid. Representatives of Owner and Engineer will be present to discuss the Project. Bidders are encouraged to attend and participate in the conference. Owner will transmit to all prospective Bidders of record such Addenda as Owner and Engineer considers necessary in response to questions arising at the conference. Oral statements may not be relied upon and will not be binding or legally effective.

ARTICLE 7 – INTERPRETATIONS AND ADDENDA

7.01 All questions about the meaning or intent of the Bidding Documents are to be submitted to Owner in writing to the email address stated in the invitation or advertisement to bid. Interpretations or clarifications considered necessary by Owner or Engineer in response to such questions will be issued by Addenda delivered to all parties recorded as having received the Bidding Documents. Questions received less than seven days prior to the date for opening of Bids may not be answered. Only questions answered by Addenda will be binding. Oral and other interpretations or clarifications will be without legal effect.

7.02 Addenda may be issued to clarify, correct, supplement, or change the Bidding Documents.

ARTICLE 8 – BID SECURITY
