8.01 A Bid must be accompanied by Bid security made payable to Owner in an amount of 5 percent of Bidder's maximum Bid price (determined by adding the base bid and all alternates) and in the form of a certified check, bank money order, or a Bid bond (on the form included in the Bidding Documents) issued by a surety meeting the requirements of Paragraphs 6.01 and 6.02 of the General Conditions.

8.02 The Bid security of the apparent Successful Bidder will be retained until Owner awards the contract to such Bidder, and such Bidder has executed the Contract Documents, furnished the required contract security, and met the other conditions of the Notice of Award, whereupon the Bid security will be released. If the Successful Bidder fails to execute and deliver the Contract Documents and furnish the required contract security within 15 days after the Notice of Award, Owner may consider Bidder to be in default, annul the Notice of Award, and the Bid security of that Bidder will be forfeited. Such forfeiture shall be Owner's exclusive remedy if Bidder defaults.

8.03 The Bid security of other Bidders that Owner believes to have a reasonable chance of receiving the award may be retained by Owner until the earlier of seven days after the Effective Date of

the Contract or 121 days after the Bid opening, whereupon Bid security furnished by such Bidders will be released.

8.04 Bid security of other Bidders that Owner believes do not have a reasonable chance of receiving the award will be released within seven days after the Bid opening.

ARTICLE 9 – CONTRACT TIMES

9.01 The number of days within which, or the dates by which, the Work is to be substantially completed, and completed and ready for final payment, are set forth in the Agreement.

ARTICLE 10 – LIQUIDATED DAMAGES

10.01 Provisions for liquidated damages, if any, for failure to timely attain a Milestone, Substantial Completion, or completion of the Work in readiness for final payment, are set forth in the Agreement.

ARTICLE 11 – SUBSTITUTE AND "OR-EQUAL" ITEMS

11.01 The Contract for the Work, as awarded, will be on the basis of materials and equipment specified or described in the Bidding Documents, and those "or-equal" or substitute or materials and equipment subsequently approved by Engineer prior to the submittal of Bids and identified by Addendum. No item of material or equipment will be considered by Engineer as an "or-equal" or substitute unless written request for approval has been submitted by Bidder and has been received by Engineer at least 15 days prior to the date for receipt of Bids. Each such request shall comply with the requirements of Paragraphs 7.04 and 7.05 of the General Conditions. The burden of proof of the merit of the proposed item is upon Bidder. Engineer's decision of approval or disapproval of a proposed item will be final. If Engineer approves any such proposed item, such approval will be set forth in an Addendum issued to all prospective Bidders. Bidders shall not rely upon approvals made in any other manner.

11.02 All prices that Bidder sets forth in its Bid shall be based on the presumption that the Contractor will furnish the materials and equipment specified or described in the Bidding Documents, as supplemented by Addenda. Any assumptions regarding the possibility of post-Bid approvals of "or-equal" or substitution requests are made at Bidder's sole risk.

ARTICLE 12 – SUBCONTRACTORS, SUPPLIERS, AND OTHERS

12.01 A Bidder shall be prepared to retain specific Subcontractors, Suppliers, or other individuals or entities for the performance of the Work if required by the Bidding Documents (most commonly in the Specifications) to do so. If a prospective Bidder objects to retaining any such Subcontractor, Supplier, or other individual or entity, and the concern is not relieved by an Addendum, then the prospective Bidder should refrain from submitting a Bid.

12.02 Subsequent to the submittal of the Bid, Owner may not require the Successful Bidder or Contractor to retain any Subcontractor, Supplier, or other individual or entity against which Contractor has reasonable objection.

12.03 Unless otherwise required to be submitted with the Bid, the apparent Successful Bidder, and any other Bidder so requested, shall within five days after Bid opening, submit to Owner a list of the Subcontractors or Suppliers for which such identification is required.

Such list shall be accompanied by an experience statement with pertinent information regarding similar projects and other evidence of qualification for each such Subcontractor, Supplier, or

other individual or entity. If Owner or Engineer, after due investigation, has reasonable objection to any proposed Subcontractor, Supplier, individual, or entity, Owner may, before the Notice of Award is given, request apparent Successful Bidder to submit an acceptable substitute, in which case apparent Successful Bidder shall submit a substitute, Bidder's Bid price will be increased (or decreased) by the difference in cost occasioned by such substitution, and Owner may consider such price adjustment in evaluating Bids and making the Contract award.

12.04 If apparent Successful Bidder declines to make any such substitution, Owner may award the Contract to the next lowest Bidder that proposes to use acceptable Subcontractors, Suppliers, or other individuals or entities. Declining to make requested substitutions will constitute grounds for forfeiture of the Bid security of any Bidder. Any Subcontractor, Supplier, individual, or entity so listed and against which Owner or Engineer makes no written objection prior to the giving of the Notice of Award will be deemed acceptable to Owner and Engineer subject to subsequent revocation of such acceptance as provided in Paragraph 7.06 of the General Conditions.

ARTICLE 13 – PREPARATION OF BID

13.01 The Bid Form is included with the Bidding Documents.

A. All blanks on the Bid Form shall be completed in ink and the Bid Form signed in ink. Erasures or alterations shall be initialed in ink by the person signing the Bid Form. A Bid price shall be indicated for each section, Bid item, alternate, adjustment unit price item, and unit price item listed therein.

B. If the Bid Form expressly indicates that submitting pricing on a specific alternate item is optional, and Bidder elects to not furnish pricing for such optional alternate item, then Bidder may enter the words "No Bid" or "Not Applicable."

13.02 A Bid by a corporation shall be executed in the corporate name by a corporate officer (whose title must appear under the signature), accompanied by evidence of authority to sign. The corporate address and state of incorporation shall be shown.

13.03 A Bid by a partnership shall be executed in the partnership name and signed by a partner (whose title must appear under the signature), accompanied by evidence of authority to sign. The partnership's address for receiving notices shall be shown.

13.04 A Bid by a limited liability company shall be executed in the name of the firm by a member or other authorized person and accompanied by evidence of authority to sign. The state of formation of the firm and the firm's address for receiving notices shall be shown.

13.05 A Bid by an individual shall show the Bidder's name and address for receiving notices.

13.06 A Bid by a joint venture shall be executed by an authorized representative of each joint venturer in the manner indicated on the Bid Form. The joint venture's address for receiving notices shall be shown.

13.07 All names shall be printed in ink below the signatures.

13.08 The Bid shall contain an acknowledgment of receipt of all Addenda, the numbers of which shall be filled in on the Bid Form.

13.09 Postal and e-mail addresses and telephone number for communications regarding the Bid shall be shown.

13.10 The Bid shall contain evidence of Bidder's authority and qualification to do business in the state where the Project is located, or Bidder shall covenant in writing to obtain such authority and

qualification prior to award of the Contract and attach such covenant to the Bid. Bidder's state contractor license number, if any, shall also be shown on the Bid Form.

ARTICLE 14 – BASIS OF BID

14.01 *Lump Sum*

A. Bidders shall submit a Bid on a lump sum basis as set forth in the Bid Form.

14.02 *Unit Price*

A. Bidders shall submit a Bid on a unit price basis for each item of Work listed in the unit price section of the Bid Form.

B. The "Bid Price" (sometimes referred to as the extended price) for each unit price Bid item will be the product of the "Estimated Quantity" (which Owner or its representative has set forth in the Bid Form) for the item and the corresponding "Bid Unit Price" offered by the Bidder. The total of all unit price Bid items will be the sum of these "Bid Prices"; such total will be used by Owner for Bid comparison purposes. The final quantities and Contract Price will be determined in accordance with Paragraph 13.03 of the General Conditions.

C. Discrepancies between the multiplication of units of Work and unit prices will be resolved in favor of the unit prices. Discrepancies between the indicated sum of any column of figures and the correct sum thereof will be resolved in favor of the correct sum.

14.03 *Allowances*

A. For cash allowances the Bid price shall include such amounts as the Bidder deems proper for Contractor's overhead, costs, profit, and other expenses on account of cash allowances, if any, named in the Contract Documents, in accordance with Paragraph 13.02.B of the General Conditions.

ARTICLE 15 – SUBMITTAL OF BID

15.01 With each copy of the Bidding Documents, a Bidder is furnished one separate unbound copy of the Bid Form, and, if required, the Bid Bond Form. The unbound copy of the Bid Form is to be completed and submitted with the Bid security and the other documents required to be submitted under the terms of Article 7 of the Bid Form.

15.02 A Bid shall be received no later than the date and time prescribed and at the place indicated in the advertisement or invitation to bid and shall be enclosed in a plainly marked package with the Project title (and, if applicable, the designated portion of the Project for which the Bid is submitted), the name and address of Bidder, and shall be accompanied by the Bid security and other required documents. If a Bid is sent by mail or other delivery system, the sealed envelope containing the Bid shall be enclosed in a separate package plainly marked on the outside with the notation "BID ENCLOSED." A mailed Bid shall be addressed to 226 Cypress Lane, Palm Springs, FL 33461.

15.03 Bids received after the date and time prescribed for the opening of bids, or not submitted at the correct location or in the designated manner, will not be accepted and will be returned to the Bidder unopened.

15.04 By submitting a Bid, Bidder acknowledges that Bidder has reviewed the terms of the Agreement included as part of the bid package and represents that, if awarded the contract, Bidder is prepared to enter into an Agreement with the Village in substantially the same form.

15.05 The following documents shall be submitted with and made a part of the Bid:

Section 00400 Bid Submission checklist
Section 00410 Bid Form
Section 00430 Bid Bond
Section 00431 Tabulation of Subcontractor and Suppliers
Section 00440 Florida Trench Safety Act Certification
Section 00451 Qualifications Statement
Section 00452 Bidder's Statement of Disputes, Litigation, Arbitration, and Surety Completion
Section 00453 Noncollusion Affidavit
Section 00454 Drug-Free Workplace Certificate
Section 00455 Sworn Statement on Public Entity Crimes
Section 00456 Scrutinized Companies Certification Form
Current Certificate of Insurance

ARTICLE 16 – MODIFICATION AND WITHDRAWAL OF BID

16.01 A Bid may be withdrawn by an appropriate document duly executed in the same manner that a Bid must be executed and delivered to the place where Bids are to be submitted prior to the date and time for the opening of Bids. Upon receipt of such notice, the unopened Bid will be returned to the Bidder.

16.02 If a Bidder wishes to modify its Bid prior to Bid opening, Bidder must withdraw its initial Bid in the manner specified in Paragraph 16.01 and submit a new Bid prior to the date and time for the opening of Bids.

16.03 If within 24 hours after Bids are opened any Bidder files a duly signed written notice with Owner and promptly thereafter demonstrates to the reasonable satisfaction of Owner that there was a material and substantial mistake in the preparation of its Bid, that Bidder may withdraw its Bid, and the Bid security will be returned. Thereafter, if the Work is rebid, that Bidder will be disqualified from further bidding on the Work.

ARTICLE 17 – OPENING OF BIDS

17.01 Bids will be opened at the time and place indicated in the advertisement or invitation to bid and, unless obviously non-responsive, read aloud publicly. An abstract of the amounts of the base Bids and major alternates, if any, will be made available to Bidders after the opening of Bids.

ARTICLE 18 – BIDS TO REMAIN SUBJECT TO ACCEPTANCE

18.01 All Bids will remain subject to acceptance for the period of time stated in the Bid Form, but Owner may, in its sole discretion, release any Bid and return the Bid security prior to the end of this period.

ARTICLE 19 – EVALUATION OF BIDS AND AWARD OF CONTRACT

19.01 Owner reserves the right to reject any or all Bids, including without limitation, nonconforming, nonresponsive, unbalanced, or conditional Bids. Owner will reject the Bid of any Bidder that Owner finds, after reasonable inquiry and evaluation, to not be responsible. If Bidder purports to add terms or conditions to its Bid, takes exception to any provision of the Bidding Documents, or attempts to alter the contents of the Contract Documents for purposes of the Bid, then the Owner will reject the Bid as nonresponsive; provided that Owner also reserves the right to waive all minor informalities not involving price, time, or changes in the Work.

19.02 If Owner awards the contract for the Work, such award shall be to the responsible Bidder submitting the lowest responsive Bid.

19.03 Evaluation of Bids

A. In evaluating Bids, Owner will consider whether or not the Bids comply with the prescribed requirements, and such alternates, unit prices, and other data, as may be requested in the Bid Form or prior to the Notice of Award.

B. In the comparison of Bids, alternates will be applied in the same order of priority as listed in the Bid Form. To determine the Bid prices for purposes of comparison, Owner shall announce to all bidders a "Base Bid plus alternates" budget after receiving all Bids, but prior to opening them. For comparison purposes alternates will be accepted, following the order of priority established in the Bid Form, until doing so would cause the budget to be exceeded. After determination of the Successful Bidder based on this comparative process and on the responsiveness, responsibility, and other factors set forth in these Instructions, the award may be made to said Successful Bidder on its base Bid and any combination of its additive alternate Bids for which Owner determines funds will be available at the time of award.

19.04 In evaluating whether a Bidder is responsible, Owner will consider the qualifications of the Bidder and may consider the qualifications and experience of Subcontractors and Suppliers proposed for those portions of the Work for which the identity of Subcontractors and Suppliers must be submitted as provided in the Bidding Documents.

19.05 Owner may conduct such investigations as Owner deems necessary to establish the responsibility, qualifications, and financial ability of Bidders and any proposed Subcontractors or Suppliers.

ARTICLE 20 – BONDS AND INSURANCE

20.01 Article 6 of the General Conditions, as may be modified by the Supplementary Conditions, sets forth Owner's requirements as to performance and payment bonds and insurance. When the Successful Bidder delivers the Agreement (executed by Successful Bidder) to Owner, it shall be accompanied by required bonds and insurance documentation.

ARTICLE 21 – SIGNING OF AGREEMENT

21.01 When Owner issues a Notice of Award to the Successful Bidder, it shall be accompanied by the unexecuted counterparts of the Agreement along with the other Contract Documents as identified in the Agreement. Within 15 days thereafter, Successful Bidder shall execute and deliver the required number of counterparts of the Agreement (and any bonds and insurance documentation required to be delivered by the Contract Documents) to Owner. Within ten days thereafter, Owner shall deliver one fully executed counterpart of the Agreement to Successful Bidder, together with printed and electronic copies of the Contract Documents as stated in Paragraph 2.02 of the General Conditions.

ARTICLE 22 – SALES AND USE TAXES

22.01 CONTRACTOR is responsible for all sales and use taxes applicable to this project.

SECTION 00400

BID SUBMISSION CHECKLIST

Project Name: **Village Hall N Flex Space Buildout**

Bid Number: **ITB #2022B-002**

Bidders Name: _____

The following items must be submitted in the following order with your bid:

1. __ Completed Section 00400 - Bid Submission Checklist
2. __ Completed Section 00410 - Bid Form
3. __ Completed Section 00430 - Bid Bond, complete with Power of Attorney
4. __ Completed Section 00431 - Tabulation of Subcontractor and Suppliers
5. __ Completed Section 00440 - Florida Trench Safety Act Certification
6. __ Completed Section 00451 - Qualifications Statement
7. __ Completed Section 00452 - Bidder's Statement of Disputes, Litigation, Arbitration, and Surety Completion
8. __ Completed Section 00453 - Non-Collusive Affidavit
9. __ Completed Section 00454 - Drug-Free Workplace Certificate
10. __ Completed Section 00455 - Sworn Statement on Public Entity Crimes
11. __ Completed Section 00456 – Scrutinized Companies
12. __ Provide requested bidder qualification information per Section 00200 - Instructions to Bidders, Articles 3.01, 3.02, 3.03, and 3.04.
13. __ Current Insurance Certificate showing that bidder can meet the insurance requirements per Section 10.11 of the Contract Agreement, Section 6.03 of the General Conditions.
14. __ Signed copy of all Addenda.

Submit one (1) original and two (2) copies of all documents listed above. Original shall be clearly marked "Original".

Failure to provide the above listed items may result in your bid being deemed non-responsive.

END OF SECTION

BID FORM

ARTICLE 1 – BID RECIPIENT

1.01 This Bid is submitted to:

VILLAGE OF PALM SPRINGS

C/O Kimberly Wynn, Village Clerk

226 Cypress Lane, Palm Springs, FL 33461

1.02 The undersigned Bidder proposes and agrees, if this Bid is accepted, to enter into an Agreement with Owner in the form included in the Bidding Documents to perform all Work as specified or indicated in the Bidding Documents for the prices and within the times indicated in this Bid and in accordance with the other terms and conditions of the Bidding Documents.

ARTICLE 2 – BIDDER'S ACKNOWLEDGEMENTS

2.01 Bidder accepts all of the terms and conditions of the Instructions to Bidders, including without limitation those dealing with the disposition of Bid security. This Bid will remain subject to acceptance for 120 days after the Bid opening, or for such longer period of time that Bidder may agree to in writing upon request of Owner.

ARTICLE 3 – BIDDER'S REPRESENTATIONS

3.01 In submitting this Bid, Bidder represents that:

A. Bidder has examined and carefully studied the Bidding Documents, and any data and reference items identified in the Bidding Documents, and hereby acknowledges receipt of the following Addenda:

Addendum No.	**Addendum, Date**
_____	_____
_____	_____
_____	_____
_____	_____

B. Bidder has visited the Site, conducted a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and satisfied itself as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.

C. Bidder is familiar with and has satisfied itself as to all Laws and Regulations that may affect cost, progress, and performance of the Work.

D. Bidder has considered the information known to Bidder itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Bidding Documents; and any Site-related reports and drawings identified in the Bidding Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Bidder; and (3) Bidder's safety precautions and programs.

E. Bidder agrees, based on the information and observations referred to in the preceding paragraph, that no further examinations, investigations, explorations, tests, studies, or data are necessary for the determination of this Bid for performance of the Work at the price bid and within the times required, and in accordance with the other terms and conditions of the Bidding Documents.

F. Bidder is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Bidding Documents.

G. Bidder has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Bidder has discovered in the Bidding Documents, and confirms that the written resolution thereof by Engineer is acceptable to Bidder.

H. The Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for the performance and furnishing of the Work.

I. The submission of this Bid constitutes an incontrovertible representation by Bidder that Bidder has complied with every requirement of this Article, and that without exception the Bid and all prices in the Bid are premised upon performing and furnishing the Work required by the Bidding Documents.

ARTICLE 4 – BIDDER'S CERTIFICATION

4.01 Bidder certifies that:

A. This Bid is genuine and not made in the interest of or on behalf of any undisclosed individual or entity and is not submitted in conformity with any collusive agreement or rules of any group, association, organization, or corporation;

B. Bidder has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid;

C. Bidder has not solicited or induced any individual or entity to refrain from bidding; and

D. Bidder has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for the Contract. For the purposes of this Paragraph 4.01.D:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process;

2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process to the detriment of Owner, (b) to establish bid prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;

3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish bid prices at artificial, non-competitive levels; and

4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the e execution of the Contract.

ARTICLE 5 – BASIS OF BID

5.01 Bidder will complete the Work in accordance with the Contract Documents for the following price(s):

Lump Sum Bid Price	$
Lump Sum Contingency Allowance	$ 20,000.00

Total of All Lump Sums $ _____

ARTICLE 6 – TIME OF COMPLETION

6.01 Bidder agrees that the Work will be substantially complete within **120** calendar days after the date when the Contract Times commence to run as provided in Paragraph 4.01 of the General Conditions, and will be completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions within **150** calendar days after the date when the Contract Times commence to run.

6.02 Bidder accepts the provisions of the Agreement as to liquidated damages.

ARTICLE 7 – ATTACHMENTS TO THIS BID

7.01 The following documents are submitted with and made a condition of this Bid:

A. Required Bid security;

B. List of Proposed Subcontractors;

C. List of Proposed Suppliers;

D. List of Project References;

E. Evidence of authority to do business in the state of the Project; or a written covenant to obtain such license within the time for acceptance of Bids;

F. Contractor's License No.: _____ **[or]** Evidence of Bidder's ability to obtain a State Contractor's License and a covenant by Bidder to obtain said license within the time for acceptance of Bids;

G. Required Bidder Qualification Statement with supporting data; and

ARTICLE 8 – DEFINED TERMS

8.01 The terms used in this Bid with initial capital letters have the meanings stated in the Instructions to Bidders, the General Conditions, and the Supplementary Conditions.

ARTICLE 9 – BID SUBMITTAL

Title	Title
Attest: _____	Attest: _____
Signature	Signature
Title	Title

Note: Addresses are to be used for giving any required notice.
Provide execution by any additional parties, such as joint venturers, if necessary.

1. Bidder and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors, and assigns to pay to Owner upon default of Bidder the penal sum set forth on the face of this Bond. Payment of the penal sum is the extent of Bidder's and Surety's liability. Recovery of such penal sum under the terms of this Bond shall be Owner's sole and exclusive remedy upon default of Bidder.

2. Default of Bidder shall occur upon the failure of Bidder to deliver within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds required by the Bidding Documents.

3. This obligation shall be null and void if:

3.1 Owner accepts Bidder's Bid and Bidder delivers within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds required by the Bidding Documents, or

3.2 All Bids are rejected by Owner, or

3.3 Owner fails to issue a Notice of Award to Bidder within the time specified in the Bidding Documents (or any extension thereof agreed to in writing by Bidder and, if applicable, consented to by Surety when required by Paragraph 5 hereof).

4. Payment under this Bond will be due and payable upon default of Bidder and within 30 calendar days after receipt by Bidder and Surety of written notice of default from Owner, which notice will be given with reasonable promptness, identifying this Bond and the Project and including a statement of the amount due.

5. Surety waives notice of any and all defenses based on or arising out of any time extension to issue Notice of Award agreed to in writing by Owner and Bidder, provided that the total time for issuing Notice of Award including extensions shall not in the aggregate exceed 120 days from the Bid due date without Surety's written consent.

6. No suit or action shall be commenced under this Bond prior to 30 calendar days after the notice of default required in Paragraph 4 above is received by Bidder and Surety and in no case later than one year after the Bid due date.

7. Any suit or action under this Bond shall be commenced only in a court of competent jurisdiction located in the state in which the Project is located.

8. Notices required hereunder shall be in writing and sent to Bidder and Surety at their respective addresses shown on the face of this Bond. Such notices may be sent by personal delivery, commercial courier, or by United States Registered or Certified Mail, return receipt requested, postage pre-paid, and shall be deemed to be effective upon receipt by the party concerned.

9. Surety shall cause to be attached to this Bond a current and effective Power of Attorney evidencing the authority of the officer, agent, or representative who executed this Bond on behalf of Surety to execute, seal, and deliver such Bond and bind the Surety thereby.

10. This Bond is intended to conform to all applicable statutory requirements. Any applicable requirement of any applicable statute that has been omitted from this Bond shall be deemed to be included herein as if set forth at length. If any provision of this Bond conflicts with any applicable statute, then the provision of said statute shall govern and the remainder of this Bond that is not in conflict therewith shall continue in full force and effect.

11. The term "Bid" as used herein includes a Bid, offer, or proposal as applicable.

SECTION 00431
TABULATION OF SUBCONTRACTORS AND SUPPLIERS

The Undersigned states that the following is a full and complete list of the proposed subcontractors and suppliers on this Project and the class of work to be performed by each and that such list will not be added to nor altered without written consent to the Owner through the Engineer.

SECTION 00454
DRUG-FREE WORKPLACE CERTIFICATE

I, the undersigned, in accordance with Florida Statute 287.087, hereby certify that _____
_____(Print or Type Name of Firm)

- Publishes a written statement notifying that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace named above, and specifying actions that will be taken against violations of such prohibition.

- Informs employees about the dangers of drug abuse in the workplace; the firm's policy of maintaining a drug-free working environment and available drug counseling, rehabilitation, and employee assistance programs; and the penalties that may be imposed upon employees for drug-use violations.

- Gives each employee engaged in providing commodities or contractual services that are under bid or proposal a copy of the statement specified above.

- Notifies the employees that as a condition of working on the commodities or contractual services under bid or proposal, the employee will abide by the terms of the statement and will notify the employer of any conviction of or plea of guilty or nolo contendere to any violation of Chapter 1893 or any controlled substance law of the State of Florida or the United States for a violation occurring in the workplace, no later than 5 days after such conviction, and requires employees to sign copies of such written statement to acknowledge their receipt.

- Imposes a sanction on or requires the satisfactory participation in a drug-abuse assistance or rehabilitation program, if such is available in the employee's community, by any employee who is so convicted.

- Makes a good faith effort to continue to maintain a drug-free workplace through the implementation of the drug-free workplace program.

"As a person authorized to sign this statement, I certify that the business, firm, or corporation named above complies fully with the requirements set forth herein."

SECTION 00455
SWORN STATEMENT UNDER SECTION 287.133(3)(a),
FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES

(To be signed in the presence of a notary public or other officer authorized to administer oaths.)

STATE OF _____

COUNTY OF _____

Before me, the undersigned authority, personally appeared _____, who, being by me first duly sworn, made the following statement:

1. The business address of _____
(firm name of Bidder/Contractor)

is _____.

2. My relationship to _____
(firm name of Bidder/Contractor)

is _____.
(relationship such as sole proprietor, partner, president, vice president)

3. I understand that a "public entity crime" as defined in Section 287.133 of the Florida Statutes includes a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity in Florida or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or such an agency or political subdivision and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

4. I understand that "convicted" or "conviction" is defined by the statute to mean a finding of guilt or a conviction of a public entity crime, with or without adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

5. I understand that "affiliate" is defined by the statute to mean (1) a predecessor or successor of a person or a corporation convicted of a public entity crime; or (2) an entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime; or (3) those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate; or (4) a person or corporation who knowingly entered into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months.

6. Neither the Bidder/Contractor nor any officer, director, executive, partner, shareholder, employee, member or agent who is active in the management of the Bidder/Contractor, nor any affiliate of the Bidder/Contractor, has been convicted of public entity crime subsequent to July 1, 1989.

(Draw a line through Paragraph 6 if Paragraph 7 below applies.)

7. There has been a conviction of a public entity crime by the Bidder/Contractor, or an officer, director, executive, partner, shareholder, employee, member or agent of the Bidder/Contractor who is active in the management of the Bidder/Contractor or an affiliate of the Bidder/Contractor. A determination has been made pursuant to Section 287.133(3) by order of the Division of Administrative Hearings that it is not in the public interest for the name of the convicted person or affiliate to appear on the convicted vendor list. The name of the convicted person or affiliate is_____.

A copy of the order of the Division of Administrative Hearings is attached to this statement.

(Draw a line through Paragraph 7 if Paragraph 6 above applies.)

SECTION 00456
SCRUTINIZED COMPANIES CERTIFICATION FORM

By execution below, I, _____, on behalf of _____ (hereinafter, the "Contractor"), hereby swear or affirm to the following certifications:

The following certifications apply to all procurements:

1. The Contractor has reviewed section 215.4725, Florida Statutes, section 215.473, Florida Statutes and section 287.135, Florida Statutes, and understands the same.
2. The Contractor is not on the Scrutinized Companies that Boycott Israel List nor is the Contractor engaged in a boycott of Israel.
3. If awarded a contract, the Contractor agrees to require these certifications for applicable subcontracts entered into for the performance of work/services under this procurement.
4. If awarded a contract, the Contractor agrees that the certifications in this section shall be effective and relied upon by the City for the entire term of the contract, including any and all renewals.

If the contract awarded hereunder is for one million dollars or more, the following additional certifications apply:

1. The Contractor is not on the Scrutinized Companies with Activities in Sudan List.
2. The Contractor is not on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List.
3. The Contractor is not engaged in business operations in Cuba or Syria.
5. If awarded a contract, the Contractor agrees to require these certifications for applicable subcontracts entered into for the performance of work/services under this procurement.
6. If awarded a contract, the Contractor agrees that the certifications in this section shall be effective and relied upon by the City for the entire term of the contract, including any and all renewals.

CONTRACT FORMS

NOTICE OF AWARD

Date of Issuance:

Owner:	Village of Palm Springs	Owner's Task Order No.:	289
Engineer:	WGI	Engineer's Project No.:	3527.00
Project:	**Village Hall N Flex Space Buildout**		
Bidder:			
Bidder's Address:			

TO BIDDER:

You are notified that Owner has accepted your Bid dated [_____] for the above Contract, and that you are the Successful Bidder and are awarded a Contract for:

_____ .

[describe Work, alternates, or sections of Work awarded]

The Contract Price of the awarded Contract is: $_____ *[note if subject to unit prices, or cost-plus]*

[ ] unexecuted counterparts of the Agreement accompany this Notice of Award, and one copy of the Contract Documents accompanies this Notice of Award, or has been transmitted or made available to Bidder electronically. *[revise if multiple copies accompany the Notice of Award]*

☐ a set of the Drawings will be delivered separately from the other Contract Documents.

You must comply with the following conditions precedent within 15 days of the date of this Notice of Award:

1. Deliver to Owner [____]counterparts of the Agreement, fully executed by Bidder.
2. Deliver with the executed Agreement(s) the Contract security *[e.g., performance and payment bonds]* and insurance documentation as specified in the Instructions to Bidders and General Conditions, Articles 2 and 6.
3. Other conditions precedent (if any):

Failure to comply with these conditions within the time specified will entitle Owner to consider you in default, annul this Notice of Award, and declare your Bid security forfeited.

Within ten days after you comply with the above conditions, Owner will return to you one fully executed counterpart of the Agreement, together with any additional copies of the Contract Documents as indicated in Paragraph 2.02 of the General Conditions.

Owner**:**

Authorized Signature

Title:

Copy: Engineer

AGREEMENT
BETWEEN OWNER AND CONTRACTOR
FOR CONSTRUCTION CONTRACT (STIPULATED PRICE)

THIS AGREEMENT is by and between Village of Palm Springs ("Owner") and

("Contractor").

Owner and Contractor hereby agree as follows:

ARTICLE 1 – WORK

1.01 Contractor shall complete all Work as specified or indicated in the Contract Documents. The Work is generally described as follows:

ARTICLE 2 – THE PROJECT

2.01 The Project, of which the Work under the Contract Documents is a part, is generally described as follows: **Village Hall N Flex Space Buildout**

ARTICLE 3 – ENGINEER

3.01 The part of the Project that pertains to the Work has been designed by **REG Architects**.

3.02 The Owner has retained **Wantman Group, Inc.** ("Engineer") to act as Owner's representative, assume all duties and responsibilities, and have the rights and authority assigned to Engineer in the Contract Documents in connection with the completion of the Work in accordance with the Contract Documents.

ARTICLE 4 – CONTRACT TIMES

4.01 *Time of the Essence*

A. All time limits for Milestones, if any, Substantial Completion, and completion and readiness for final payment as stated in the Contract Documents are of the essence of the Contract.

4.02 *Contract Times: Days*

A. The Work will be substantially completed within **120** days after the date when the Contract Times commence to run as provided in Paragraph 4.01 of the General Conditions, and completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions within **150** days after the date when the Contract Times commence to run.

4.03 *Liquidated Damages*

A. Contractor and Owner recognize that time is of the essence as stated in Paragraph 4.01 above and that Owner will suffer financial and other losses if the Work is not completed and Milestones not achieved within the times specified in Paragraph 4.02 above, plus any extensions thereof allowed in accordance with the Contract. The parties also recognize the delays, expense, and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by Owner if the Work is not completed on time. Accordingly, instead of

requiring any such proof, Owner and Contractor agree that as liquidated damages for delay (but not as a penalty):

1. Substantial Completion: Contractor shall pay Owner $ **500** for each day that expires after the time (as duly adjusted pursuant to the Contract) specified in Paragraph 4.02.A above for Substantial Completion until the Work is substantially complete.

2. Completion of Remaining Work: After Substantial Completion, if Contractor shall neglect, refuse, or fail to complete the remaining Work within the Contract Times (as duly adjusted pursuant to the Contract) for completion and readiness for final payment, Contractor shall pay Owner $ **200** for each day that expires after such time until the Work is completed and ready for final payment.

3. Liquidated damages for failing to timely attain Substantial Completion and final completion are not additive and will not be imposed concurrently.

4.04 *Special Damages*

A. In addition to the amount provided for liquidated damages, Contractor shall reimburse Owner (1) for any fines or penalties imposed on Owner as a direct result of the Contractor's failure to attain Substantial Completion according to the Contract Times.

ARTICLE 5 – CONTRACT PRICE

5.01 Owner shall pay Contractor for completion of the Work in accordance with the Contract Documents the amounts that follow, subject to adjustment under the Contract:

A. For all Work other than Unit Price Work, a lump sum of: $_____.

All specific cash allowances are included in the above price in accordance with Paragraph 13.02 of the General Conditions.

ARTICLE 6 – PAYMENT PROCEDURES

6.01 *Submittal and Processing of Payments*

A. Contractor shall submit Applications for Payment in accordance with Article 15 of the General Conditions. Applications for Payment will be processed by Engineer as provided in the General Conditions.

6.02 *Progress Payments; Retainage*

A. Owner shall make progress payments on account of the Contract Price on the basis of Contractor's Applications for Payment on or about the 20th day of each month during performance of the Work as provided in Paragraph 6.02.A.1 below, provided that such Applications for Payment have been submitted in a timely manner and otherwise meet the requirements of the Contract. All such payments will be measured by the Schedule of Values established as provided in the General Conditions (and in the case of Unit Price Work based on the number of units completed) or, in the event there is no Schedule of Values, as provided elsewhere in the Contract.

1. Prior to Substantial Completion, progress payments will be made in accordance with Florida Statute 255.078 but, in each case, less the aggregate of payments previously made and less such amounts as Owner may withhold, including but not limited to liquidated damages, in accordance with the Contract

B. Upon Substantial Completion, Owner shall pay an amount sufficient to increase total payments to Contractor to 100 percent of the Work completed, less such amounts set off by Owner pursuant to Paragraph 15.01.E of the General Conditions, and less 200 percent of Engineer's estimate of the value of Work to be completed or corrected as shown on the punch list of items to be completed or corrected prior to final payment.

6.03 *Final Payment*

A. Upon final completion and acceptance of the Work in accordance with Paragraph 15.06 of the General Conditions, Owner shall pay the remainder of the Contract Price as recommended by Engineer as provided in said Paragraph 15.06.

ARTICLE 7 – INTEREST

7.01 All amounts not paid when due shall bear interest at the rate of *1* percent per annum.

ARTICLE 8 – CONTRACTOR'S REPRESENTATIONS

8.01 In order to induce Owner to enter into this Contract, Contractor makes the following representations:

A. Contractor has examined and carefully studied the Contract Documents, and any data and reference items identified in the Contract Documents.

B. Contractor has visited the Site, conducted a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and is satisfied as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.

C. Contractor is familiar with and is satisfied as to all Laws and Regulations that may affect cost, progress, and performance of the Work.

D. Contractor has considered the information known to Contractor itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Contract Documents; and the Site-related reports and drawings identified in the Contract Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Contractor; and (3) Contractor's safety precautions and programs.

E. Based on the information and observations referred to in the preceding paragraph, Contractor agrees that no further examinations, investigations, explorations, tests, studies, or data are necessary for the performance of the Work at the Contract Price, within the Contract Times, and in accordance with the other terms and conditions of the Contract.

F. Contractor is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Contract Documents.

G. Contractor has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Contractor has discovered in the Contract Documents, and the written resolution thereof by Engineer is acceptable to Contractor.

H. The Contract Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performance and furnishing of the Work.

I. Contractor's entry into this Contract constitutes an incontrovertible representation by Contractor that without exception all prices in the Agreement are premised upon performing and furnishing the Work required by the Contract Documents.

ARTICLE 9 – CONTRACT DOCUMENTS

9.01 *Contents*

A. The Contract Documents consist of the following:

1. This Agreement (pages 1 to 14, inclusive).
2. Performance bond (pages 1 to 3, inclusive).
3. Payment bond (pages 1 to 3, inclusive).
4. Other bonds.
    a. None.
5. General Conditions (pages 1 to 65, inclusive).
6. Supplementary Conditions (pages 1 to 10, inclusive).
7. Specifications as listed in the table of contents of the Project Manual.
8. Drawings (not attached but incorporated by reference) consisting of the Drawings listed on the attached sheet index.
9. Addenda (numbers ___ to ___, inclusive).
10. The following which may be delivered or issued on or after the Effective Date of the Contract and are not attached hereto:
    a. Notice to Proceed.
    b. Work Change Directives.
    c. Change Orders.
    d. Field Orders.

B. The documents listed in Paragraph 9.01.A are attached to this Agreement (except as expressly noted otherwise above).

C. There are no Contract Documents other than those listed above in this Article 9.

D. The Contract Documents may only be amended, modified, or supplemented as provided in the General Conditions.

E. To the extent that there exists a conflict between this Agreement and the remaining Contract Documents, the terms, conditions, covenants, and/or provisions of this Agreement shall prevail. Wherever possible, the provisions of such documents shall be construed in such a manner as to avoid conflicts between provisions of the various documents.

ARTICLE 10 – MISCELLANEOUS

10.01 *Terms*

A. Terms used in this Agreement will have the meanings stated in the General Conditions and the Supplementary Conditions.

10.02 *Assignment of Contract*

A. Unless expressly agreed to elsewhere in the Contract, no assignment by a party hereto of any rights under or interests in the Contract will be binding on another party hereto without the written consent of the party sought to be bound; and, specifically but without limitation, money that may become due and money that is due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents.

10.03 *Successors and Assigns*

A. Owner and Contractor each binds itself, its successors, assigns, and legal representatives to the other party hereto, its successors, assigns, and legal representatives in respect to all covenants, agreements, and obligations contained in the Contract Documents.

10.04 *Severability*

A. Any provision or part of the Contract Documents held to be void or unenforceable under any Law or Regulation shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon Owner and Contractor, who agree that the Contract Documents shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision.

10.05 *Contractor's Certifications*

A. Contractor certifies that it has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for or in executing the Contract. For the purposes of this Paragraph 10.05:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process or in the Contract execution;

2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process or the execution of the Contract to the detriment of Owner, (b) to establish Bid or Contract prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;

3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish Bid prices at artificial, non-competitive levels; and

4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the execution of the Contract.

10.06 *Indemnity*

A. The parties recognize that the CONTRACTOR is an independent contractor. The CONTRACTOR agrees to assume liability for and indemnify, hold harmless, and defend the VILLAGE, its council members, mayor, officers, employees, agents, and attorneys of, from, and against all liability and expense, including reasonable attorney's fees, in connection with any and all claims, demands, damages, actions, causes of action, and suits in equity of whatever kind or nature, including claims for personal injury, property damage, equitable relief, or loss of use, to the extent caused by the negligence, recklessness, or intentionally

wrongful conduct of the CONTRACTOR, its agents, officers, Contractors, subcontractors, employees, or anyone else utilized by the CONTRACTOR in the performance of this Contract. The CONTRACTOR's liability hereunder shall include all attorney's fees and costs incurred by the VILLAGE in the enforcement of this indemnification provision. This includes claims made by the employees of the CONTRACTOR against the VILLAGE and the CONTRACTOR hereby waives its entitlement, if any, to immunity under Section 440.11, Florida Statutes. The obligations contained in this provision shall survive termination of this Contract and shall not be limited by the amount of any insurance required to be obtained or maintained under this Contract.

B. Subject to the limitations set forth in this Section, CONTRACTOR shall assume control of the defense of any claim asserted by a third party against the VILLAGE and, in connection with such defense, shall appoint lead counsel, in each case at the CONTRACTOR's expense. The VILLAGE shall have the right, at its option, to participate in the defense of any third party claim, without relieving CONTRACTOR of any of its obligations hereunder. If the CONTRACTOR assumes control of the defense of any third party claim in accordance with this paragraph, the CONTRACTOR shall obtain the prior written consent of the VILLAGE before entering into any settlement of such claim. Notwithstanding anything to the contrary in this Section, the CONTRACTOR shall not assume or maintain control of the defense of any third party claim, but shall pay the fees of counsel retained by the VILLAGE and all expenses, including experts' fees, if (i) an adverse determination with respect to the third party claim would, in the good faith judgment of the VILLAGE, be detrimental in any material respect to the VILLAGE's reputation; (ii) the third party claim seeks an injunction or equitable relief against the VILLAGE; or (iii) the CONTRACTOR has failed or is failing to prosecute or defend vigorously the third party claim. Each party shall cooperate, and cause its agents to cooperate, in the defense or prosecution of any third party claim and shall furnish or cause to be furnished such records and information, and attend such conferences, discovery proceedings, hearings, trials, or appeals, as may be reasonably requested in connection therewith.

C. It is the specific intent of the parties hereto that the foregoing indemnification complies with Section 725.06, Florida Statutes, as amended. CONTRACTOR expressly agrees that it will not claim, and waives any claim, that this indemnification violates Section 725.06, Florida Statues. Nothing contained in the foregoing indemnification shall be construed as a waiver of any immunity or limitation of liability the VILLAGE may have under the doctrine of sovereign immunity or Section 768.28, Florida Statutes.

10.07 *Governing Law and Remedies*

A. The validity of this Agreement and of any of its terms or provisions, as well as the rights and duties of the parties hereunder, shall be governed by the laws of the State of Florida and venue for any and all disputes related to or arising from this Agreement shall be in Palm Beach County, Florida.

B. No remedy herein conferred upon any party is intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or further exercise thereof.

10.08 *Office of the Inspector General*

A. Palm Beach County has established the Office of the Inspector General, which is authorized and empowered to review past, present, and proposed County programs, contracts,

transactions, accounts and records. The Inspector General (IG) has the power to subpoena witnesses, administer oaths, require the production of records, and monitor existing projects and programs. The Inspector General may, on a random basis, perform audits on all Village contracts.

10.09 *Scrutinized Companies*

A. Company certifies that it and its subcontractors are not on the Scrutinized Companies that Boycott Israel List and are not engaged in the boycott of Israel. Pursuant to section 287.135, Florida Statutes, the Village may immediately terminate this Agreement at its sole option if the Company or any of its subcontractors are found to have submitted a false certification; or if the Company or any of its subcontractors, are placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of this Agreement.

B. The Company agrees to observe the above requirements for applicable subcontracts entered into for the performance of work under this Agreement. The Company agrees that the certifications in this section shall be effective and relied upon by the Village for the term of this Agreement, including any and all renewals. The Company agrees that if it or any of its subcontractors' status changes in regards to any certification herein, the Company shall immediately notify the Village of the same. As provided in Subsection 287.135(8), Florida Statutes, if federal law ceases to authorize the above-stated contracting prohibitions then they shall become inoperative.

10.10 *Public Records*

A. The CONTRACTOR shall comply with Florida's Public Records Act, Chapter 119, Florida Statutes, and, if determined to be acting on behalf of the Village as provided under section 119.011(2), Florida Statutes, specifically agrees to:

1. Keep and maintain public records required by the Village to perform the service.

2. Upon request from the Village's custodian of public records or designee, provide the Village with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of this Contract and following completion of this Contract if the Contractor does not transfer the records to the Village.

4. Upon completion of this Contract, transfer, at no cost, to the Village all public records in possession of the Contractor or keep and maintain public records required by the Village to perform the service. If the Contractor transfers all public records to the Village upon completion of the Contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the Contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the Village, upon request from the Village's custodian of public records or designee, in a format that is compatible with the information technology systems of the Village.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONSULTANT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS OR DESIGNEE AT 561-584-8200 ext. 8430, kwynn@vpsfl.org, OR BY MAIL AT VILLAGE OF PALM SPRINGS, 226 CYPRESS LANE, PALM SPRINGS, FL 33461.

10.11 *Insurance*

A. The limits of liability for insurance required by Paragraph 6.03 of the General Conditions shall provide coverage for not less that the following amounts or greater where required by Law and Regulations:

1. Workers' Compensation, and related coverages under Paragraphs 6.03.A.1 and A.2 of the General Conditions:

a.	State	Statutory
b.	Applicable Federal	Statutory
c.	Employer Liability:	
	Bodily injury, each accident	$1,000,000
	Bodily injury by disease, each employee	$500,000
	Bodily injury/disease aggregate	$1,000,000
d.	Foreign voluntary worker compensation	Statutory

2. Contractor's Commercial General Liability under Paragraphs 6.03.B and 6.03.C of the General Conditions:

a.	General Aggregate	$2,000,000
b.	Products – Completed Operations Aggregate	$2,000,000
c.	Personal and Advertising Injury	$1,000,000
d.	Each Occurrence (Bodily Injury and Property Damage)	$1,000,000

3. Automobile Liability under paragraph 6.03.D of the General Conditions:

a.	Bodily Injury:	
	Each Person	$500,000
	Each Accident	$1,000,000
b.	Property Damage:	
	Each Incident	$1,000,000

4. Umbrella of Excess Liability under paragraph 6.03.E of the General Conditions:

a.	Excess or Umbrella Liability	
	1) General Aggregate	$5,000,000
	2) Each Occurrence	$1,000,000

5. Contractor's Pollution Liability under paragraph 6.03.F of the General Conditions:

a.	Contractor's Pollution Liability	
	1) General Aggregate	$2,000,000
	2) Each Occurrence	$1,000,000

6. Additional Insureds include the respective officers, partners, directors, employees, agents, consultants, and subconsultants of the following firms and municipal government(s):

    a. Village of Palm Springs

10.12 *Public Construction Bond*

A. If the contract amount exceeds $200,000 in total construction cost, the CONTRACTOR must provide the VILLAGE with a public construction bond in accordance with section 255.05, Florida Statutes. Said bond must be recorded in the Official Records in and for Palm Beach County and a copy of the recorded bond must be provided to the VILLAGE prior to the CONTRACTOR providing any services under the contract. The VILLAGE reserves the right to request a bond for any work which is less than $200,000. The cost of the bond shall be a direct pass through cost to the VILLAGE without any mark-up by the CONTRACTOR.

B. The public construction bond shall be on forms attached hereto as **Exhibit "B"** or substantially similar as approved by the VILLAGE. The bond shall be in an amount not less than the total contract price and shall incorporate by reference the terms of the Contract Documents in their entirety.

C. To be acceptable to the VILLAGE, a Surety Company shall comply with the following provisions:

    a. The Surety Company shall have a currently valid Certificate of Authority, issued by the State of Florida Department of Insurance, authorizing it to write surety bonds in the State of Florida.

    b. The Surety Company shall have a currently valid Certificate of Authority issued by the United States Department of Treasury under Sections 9304 to 9308 of Title 31 of the United States Code.

    c. The Surety Company shall be in full compliance with the provisions of the Florida Insurance Code.

    d. The Surety Company shall have at least twice the minimum surplus and capital required by the Florida Insurance Code at the time the contract is approved.

    e. The Surety Company shall have at least the ratings of A-/Class V in the latest issue of Best's Key Rating Guide.

    f. The Surety Company shall not expose itself to any loss on any one risk in an amount exceeding ten (10) percent of its surplus to policyholders, provided:

        1) Any risk or portion of any risk being reinsured shall be deducted in determining the limitation of the risk as prescribed in this section. These minimum requirements shall apply to the reinsuring carrier providing authorization or approval by the State of Florida, Department of Insurance to do business in this state have been met.

        2) In the case of the surety insurance company, in addition to the deduction for reinsurance, the amount assumed by any co-surety, the value of any security deposited, pledged or held subject to the consent of the surety and for the protection of the surety shall be deducted.

10.13 *Audit by Village*

A. The CONTRACTOR shall maintain adequate records to justify all charges, expenses, and costs incurred in estimating and performing the Services for at least three (3) years after

completion of the Contract. The CONTRACTOR shall permit the VILLAGE, or any authorized representatives of the VILLAGE, at all reasonable times, access to and the right to examine all records, books, papers or documents related to the CONTRACTOR's performance under this Agreement including, but not limited to, expenses for sub-contractors, agents or assistants, direct and indirect charges for work performed and detailed documentation for all such work performed or to be performed under this Agreement.

10.14 *Copies of Data/Documents*

A. Copies or original documents prepared by the CONTRACTOR in relation to work associated with this Agreement shall be provided to the VILLAGE. Data collected, stored, and/or provided shall be in a form acceptable to the VILLAGE and agreed upon by the VILLAGE.

10.15 *Ownership*

A. Each and every report, draft, work product, map, record, and other document reproduced, prepared, or caused to be prepared by the CONTRACTOR pursuant to or in connection with this Agreement shall be the exclusive property of the VILLAGE.

10.16 *Limitations of Liability*

A. Under no circumstances shall either party be liable to the other for any consequential, incidental, special, punitive, or any other form of indirect or non-compensatory damages.

10.17 *Enforcement Costs*

A. All parties shall be responsible for their own attorneys' fees, court costs and expenses if any legal action or other proceeding is brought for any dispute, disagreement, or issue of construction or interpretation arising hereunder whether relating to the Agreement's execution, validity, the obligations provided therein, or performance of this Agreement, or because of an alleged breach, default or misrepresentation in connection with any provisions of this Agreement.

10.18 *Copyrights and/or Patent Rights*

A. CONTRACTOR warrants that there has been no violation of copyrights and/or patent rights in the manufacturing, producing or selling of the goods, shipped or ordered, as a result of this Agreement and the CONTRACTOR agrees to hold the Village harmless from any and all liability, loss, or expense occasioned by any such violation.

10.19 *Protection of Property*

A. The CONTRACTOR shall at all times guard against damage or loss to the property of the VILLAGE or of other vendors or contractors and shall be held responsible for replacing or repairing any such loss or damage. The VILLAGE may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss or damage to property through negligence of the successful CONTRACTOR or its agents. The CONTRACTOR shall be responsible to safeguard all of their property such as tools and equipment while on site. The VILLAGE will not be held responsible for any loss of CONTRACTOR property due to theft or vandalism.

10.20 *Damage to Persons or Property*

A. The responsibility for all damage to person or property arising out of or on account of Scope of Work done under this Contract shall rest upon the CONTRACTOR.

10.21 *Discrimination*

A. The CONTRACTOR warrants and represents that all of its employees are treated equally during employment without regard to race, color, religion, disability, sex, age, national origin, ancestry, political affiliation, marital status, handicap, or sexual orientation. Further, CONTRACTOR shall not discriminate or permit discrimination against any employee or an applicant for employment on the basis of race, color, sex, religion, political affiliation, natural origin, ancestry, marital status, sexual orientation or handicap.

10.22 *Construction Defects*

A. PURSUANT TO SECTION 558.005, FLORIDA STATUTES, ANY CLAIMS FOR CONSTRUCTION DEFECTS ARE NOT SUBJECT TO THE NOTICE AND CURE PROVISIONS OF CHAPTER 558, FLORIDA STATUTES.

10.23 *Public Entity Crimes*

A. Contractor acknowledges and agrees that a person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier or sub-contractor under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statues, for CATEGORY TWO for a period of 36 months following the date of being placed on the convicted vendor list. The Contractor will advise the Village immediately if it becomes aware of any violation of this statute.

10.24 *Scrutinized Companies*

A. Contractor certifies that it and its subcontractors are not on the Scrutinized Companies that Boycott Israel List and are not engaged in the boycott of Israel. Pursuant to section 287.135, Florida Statutes, the City may immediately terminate this Agreement at its sole option if the Contractor or any of its subcontractors are found to have submitted a false certification; or if the Contractor or any of its subcontractors, are placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of this Agreement.

B. If this Agreement is for one million dollars or more, the Contractor certifies that it and its subcontractors are also not on the Scrutinized Companies with Activities in Sudan List, Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged in business operations in Cuba or Syria as identified in Section 287.135, Florida Statutes. Pursuant to Section 287.135, the City may immediately terminate this Agreement at its sole option if the Contractor, or any of its subcontractors are found to have submitted a false certification; or if the Contractor or any of its subcontractors are placed on the Scrutinized Companies with Activities in Sudan List, or Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or are or have been engaged with business operations in Cuba or Syria during the term of this Agreement.

C. The Contractor agrees to observe the above requirements for applicable subcontracts entered into for the performance of work under this Agreement.

D. The Contractor agrees that the certifications in this section shall be effective and relied upon by the City for the term of this Agreement, including any and all renewals.

E. The Contractor agrees that if it or any of its subcontractors' status changes in regards to any certification herein, the Contractor shall immediately notify the City of the same.

F. As provided in Subsection 287.135(8), Florida Statutes, if federal law ceases to authorize the above-stated contracting prohibitions then they shall become inoperative.

10.25 *E-Verify*

A. Pursuant to Section 448.095(2), Florida Statutes, beginning on January 1, 2021, the CONTRACTOR shall:

1. Register with and use the E-Verify system to verify the work authorization status of all newly hired employees and require all Subcontractors (providing services or receiving funding under this Agreement) to register with and use the E-Verify system to verify the work authorization status of all the Subcontractors' newly hired employees;

2. Secure an affidavit from all Subcontractors (providing services or receiving funding under this Agreement) stating that the Subcontractor does not employ, contract with, or subcontract with an "unauthorized alien" as defined in Section 448.095(1)(k), Florida Statutes;

3. Maintain copies of all Subcontractor affidavits for the duration of this Agreement and provide the same to the Owner upon request;

4. Comply fully, and ensure all of its Subcontractors comply fully, with Section 448.095, Florida Statutes;

5. Be aware that a violation of Section 448.09, Florida Statutes (Unauthorized aliens; employment prohibited) shall be grounds for termination of this Agreement; and,

6. Be aware that if the Owner terminates this Agreement under Section 448.095(2)(c), Florida Statutes, the Contractor may not be awarded a contract for at least 1 year after the date on which the Agreement is terminated and will be liable for any additional costs incurred by the Village as a result of the termination of the Agreement.

Notes: (1) Provide supplemental execution by any additional parties, such as joint venturers. (2) Any singular reference to Contractor, Surety, Owner, or other party shall be considered plural where applicable.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

1. The Contractor and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors, and assigns to the Owner for the performance of the Construction Contract, which is incorporated herein by reference.

2. If the Contractor performs the Construction Contract, the Surety and the Contractor shall have no obligation under this Bond, except when applicable to participate in a conference as provided in Paragraph 3.

3. If there is no Owner Default under the Construction Contract, the Surety's obligation under this Bond shall arise after:

3.1 The Owner first provides notice to the Contractor and the Surety that the Owner is considering declaring a Contractor Default. Such notice shall indicate whether the Owner is requesting a conference among the Owner, Contractor, and Surety to discuss the Contractor's performance. If the Owner does not request a conference, the Surety may, within five (5) business days after receipt of the Owner's notice, request such a conference. If the Surety timely requests a conference, the Owner shall attend. Unless the Owner agrees otherwise, any conference requested under this Paragraph 3.1 shall be held within ten (10) business days of the Surety's receipt of the Owner's notice. If the Owner, the Contractor, and the Surety agree, the Contractor shall be allowed a reasonable time to perform the Construction Contract, but such an agreement shall not waive the Owner's right, if any, subsequently to declare a Contractor Default;

3.2 The Owner declares a Contractor Default, terminates the Construction Contract and notifies the Surety; and

3.3 The Owner has agreed to pay the Balance of the Contract Price in accordance with the terms of the Construction Contract to the Surety or to a contractor selected to perform the Construction Contract.

4. Failure on the part of the Owner to comply with the notice requirement in Paragraph 3.1 shall not constitute a failure to comply with a condition precedent to the Surety's obligations, or release the Surety from its obligations, except to the extent the Surety demonstrates actual prejudice.

5. When the Owner has satisfied the conditions of Paragraph 3, the Surety shall promptly and at the Surety's expense take one of the following actions:

5.1 Arrange for the Contractor, with the consent of the Owner, to perform and complete the Construction Contract;

5.2 Undertake to perform and complete the Construction Contract itself, through its agents or independent contractors;

5.3 Obtain bids or negotiated proposals from qualified contractors acceptable to the Owner for a contract for performance and completion of the Construction Contract, arrange for a contract to be prepared for execution by the Owner and a contractor selected with the Owners concurrence, to be secured with performance and payment bonds executed by a qualified surety equivalent to the bonds issued on the Construction Contract, and pay to the Owner the amount of damages as described in Paragraph 7 in excess of the Balance of the Contract Price incurred by the Owner as a result of the Contractor Default; or

5.4 Waive its right to perform and complete, arrange for completion, or obtain a new contractor, and with reasonable promptness under the circumstances:

5.4.1 After investigation, determine the amount for which it may be liable to the Owner and, as soon as practicable after the amount is determined, make payment to the Owner; or

5.4.2 Deny liability in whole or in part and notify the Owner, citing the reasons for denial.

6. If the Surety does not proceed as provided in Paragraph 5 with reasonable promptness, the Surety shall be deemed to be in default on this Bond seven days after receipt of an additional written notice from the Owner to the Surety demanding that the Surety perform its obligations under this Bond, and the Owner shall be entitled to enforce any remedy available to the Owner. If the Surety proceeds as provided in Paragraph 5.4, and the Owner refuses the payment or the Surety has denied liability, in whole or in part, without further notice the Owner shall be entitled to enforce any remedy available to the Owner.

7. If the Surety elects to act under Paragraph 5.1, 5.2, or 5.3, then the responsibilities of the Surety to the Owner shall not be greater than those of the Contractor under the Construction Contract, and the responsibilities of the Owner to the Surety shall not be greater than those of the Owner under the Construction Contract. Subject to the commitment by the Owner to pay the Balance of the Contract Price, the Surety is obligated, without duplication for:

7.1 the responsibilities of the Contractor for correction of defective work and completion of the Construction Contract;

7.2 additional legal, design professional, and delay costs resulting from the Contractor's Default, and resulting from the actions or failure to act of the Surety under Paragraph 5; and

7.3 liquidated damages, or if no liquidated damages are specified in the Construction Contract, actual damages caused by delayed performance or non-performance of the Contractor.

8. If the Surety elects to act under Paragraph 5.1, 5.3, or 5.4, the Surety's liability is limited to the amount of this Bond.

9. The Surety shall not be liable to the Owner or others for obligations of the Contractor that are unrelated to the Construction Contract, and the Balance of the Contract Price shall not be reduced or set off on account of any such unrelated obligations. No right of action shall accrue on this Bond to any person or entity other than the Owner or its heirs, executors, administrators, successors, and assigns.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

10. The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders, and other obligations.

11. Any proceeding, legal or equitable, under this Bond may be instituted in any court of competent jurisdiction in the location in which the work or part of the work is located and shall be instituted within two years after a declaration of Contractor Default or within two years after the Contractor ceased working or within two years after the Surety refuses or fails to perform its obligations under this Bond, whichever occurs first. If the provisions of this paragraph are void or prohibited by law, the minimum periods of limitations available to sureties as a defense in the jurisdiction of the suit shall be applicable.

12. Notice to the Surety, the Owner, or the Contractor shall be mailed or delivered to the address shown on the page on which their signature appears.

13. When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted here from and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

14. Definitions

14.1 Balance of the Contract Price: The total amount payable by the Owner to the Contractor under the Construction Contract after all proper adjustments have been made including allowance for the Contractor for any amounts received or to be received by the Owner in settlement of insurance or other claims for damages to which the Contractor is entitled, reduced by all valid and proper payments made to or on behalf of the Contractor under the Construction Contract.

14.2 Construction Contract: The agreement between the Owner and Contractor identified on the cover page, including all Contract Documents and changes made to the agreement and the Contract Documents.

14.3 Contractor Default: Failure of the Contractor, which has not been remedied or waived, to perform or otherwise to comply with a material term of the Construction Contract.

14.4 Owner Default: Failure of the Owner, which has not been remedied or waived, to pay the Contractor as required under the Construction Contract or to perform and complete or comply with the other material terms of the Construction Contract.

14.5 Contract Documents: All the documents that comprise the agreement between the Owner and Contractor.

15. If this Bond is issued for an agreement between a contractor and subcontractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

1. The Contractor and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors, and assigns to the Owner to pay for labor, materials, and equipment furnished for use in the performance of the Construction Contract, which is incorporated herein by reference, subject to the following terms.

2. If the Contractor promptly makes payment of all sums due to Claimants, and defends, indemnifies, and holds harmless the Owner from claims, demands, liens, or suits by any person or entity seeking payment for labor, materials, or equipment furnished for use in the performance of the Construction Contract, then the Surety and the Contractor shall have no obligation under this Bond.

3. If there is no Owner Default under the Construction Contract, the Surety's obligation to the Owner under this Bond shall arise after the Owner has promptly notified the Contractor and the Surety (at the address described in Paragraph 13) of claims, demands, liens, or suits against the Owner or the Owner's property by any person or entity seeking payment for labor, materials, or equipment furnished for use in the performance of the Construction Contract, and tendered defense of such claims, demands, liens, or suits to the Contractor and the Surety.

4. When the Owner has satisfied the conditions in Paragraph 3, the Surety shall promptly and at the Surety's expense defend, indemnify, and hold harmless the Owner against a duly tendered claim, demand, lien, or suit.

5. The Surety's obligations to a Claimant under this Bond shall arise after the following:

   5.1 Claimants who do not have a direct contract with the Contractor,

      5.1.1 have furnished a written notice of non-payment to the Contractor, stating with substantial accuracy the amount claimed and the name of the party to whom the materials were, or equipment was, furnished or supplied or for whom the labor was done or performed, within ninety (90) days after having last performed labor or last furnished materials or equipment included in the Claim; and

      5.1.2 have sent a Claim to the Surety (at the address described in Paragraph 13).

   5.2 Claimants who are employed by or have a direct contract with the Contractor have sent a Claim to the Surety (at the address described in Paragraph 13).

6. If a notice of non-payment required by Paragraph 5.1.1 is given by the Owner to the Contractor, that is sufficient to satisfy a Claimant's obligation to furnish a written notice of non-payment under Paragraph 5.1.1.

7. When a Claimant has satisfied the conditions of Paragraph 5.1 or 5.2, whichever is applicable, the Surety shall promptly and at the Surety's expense take the following actions:

   7.1 Send an answer to the Claimant, with a copy to the Owner, within sixty (60) days after receipt of the Claim, stating the amounts that are undisputed and the basis for challenging any amounts that are disputed; and

   7.2 Pay or arrange for payment of any undisputed amounts.

   7.3 The Surety's failure to discharge its obligations under Paragraph 7.1 or 7.2 shall not be deemed to constitute a waiver of defenses the Surety or Contractor may have or acquire as to a Claim, except as to undisputed amounts for which the Surety and Claimant have reached agreement. If, however, the Surety fails to discharge its obligations under Paragraph 7.1 or 7.2, the Surety shall indemnify the Claimant for the reasonable attorney's fees the Claimant incurs thereafter to recover any sums found to be due and owing to the Claimant.

8. The Surety's total obligation shall not exceed the amount of this Bond, plus the amount of reasonable attorney's fees provided under Paragraph 7.3, and the amount of this Bond shall be credited for any payments made in good faith by the Surety.

9. Amounts owed by the Owner to the Contractor under the Construction Contract shall be used for the performance of the Construction Contract and to satisfy claims, if any, under any construction performance bond. By the Contractor furnishing and the Owner accepting this Bond, they agree that all funds earned by the Contractor in the performance of the Construction Contract are dedicated to satisfy obligations of the Contractor and Surety under this Bond, subject to the Owner's priority to use the funds for the completion of the work.

10. The Surety shall not be liable to the Owner, Claimants, or others for obligations of the Contractor that are unrelated to the Construction Contract. The Owner shall not be liable for the payment of any costs or expenses of any Claimant under this Bond, and shall have under this Bond no obligation to make payments to or give notice on behalf of Claimants, or otherwise have any obligations to Claimants under this Bond.

11. The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders, and other obligations.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

12. No suit or action shall be commenced by a Claimant under this Bond other than in a court of competent jurisdiction in the state in which the project that is the subject of the Construction Contract is located or after the expiration of one year from the date (1) on which the Claimant sent a Claim to the Surety pursuant to Paragraph 5.1.2 or 5.2, or (2) on which the last labor or service was performed by anyone or the last materials or equipment were furnished by anyone under the Construction Contract, whichever of (1) or (2) first occurs. If the provisions of this paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.

13. Notice and Claims to the Surety, the Owner, or the Contractor shall be mailed or delivered to the address shown on the page on which their signature appears. Actual receipt of notice or Claims, however accomplished, shall be sufficient compliance as of the date received.

14. When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

15. Upon requests by any person or entity appearing to be a potential beneficiary of this Bond, the Contractor and Owner shall promptly furnish a copy of this Bond or shall permit a copy to be made.

16. **Definitions**

16.1 **Claim:** A written statement by the Claimant including at a minimum:

1. The name of the Claimant;
2. The name of the person for whom the labor was done, or materials or equipment furnished;
3. A copy of the agreement or purchase order pursuant to which labor, materials, or equipment was furnished for use in the performance of the Construction Contract;
4. A brief description of the labor, materials, or equipment furnished;
5. The date on which the Claimant last performed labor or last furnished materials or equipment for use in the performance of the Construction Contract;
6. The total amount earned by the Claimant for labor, materials, or equipment furnished as of the date of the Claim;
7. The total amount of previous payments received by the Claimant; and
8. The total amount due and unpaid to the Claimant for labor, materials, or equipment furnished as of the date of the Claim.

16.2 **Claimant:** An individual or entity having a direct contract with the Contractor or with a subcontractor of the Contractor to furnish labor, materials, or equipment for use in the performance of the Construction Contract. The term Claimant also includes any individual or entity that has rightfully asserted a claim under an applicable mechanic's lien or similar statute against the real property upon which the Project is located. The intent of this Bond shall be to include without limitation in the terms of "labor, materials, or equipment" that part of the water, gas, power, light, heat, oil, gasoline, telephone service, or rental equipment used in the Construction Contract, architectural and engineering services required for performance of the work of the Contractor and the Contractor's subcontractors, and all other items for which a mechanic's lien may be asserted in the jurisdiction where the labor, materials, or equipment were furnished.

16.3 **Construction Contract:** The agreement between the Owner and Contractor identified on the cover page, including all Contract Documents and all changes made to the agreement and the Contract Documents.

16.4 **Owner Default**: Failure of the Owner, which has not been remedied or waived, to pay the Contractor as required under the Construction Contract or to perform and complete or comply with the other material terms of the Construction Contract.

16.5 **Contract Documents:** All the documents that comprise the agreement between the Owner and Contractor.

17. If this Bond is issued for an agreement between a contractor and subcontractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

18. Modifications to this Bond are as follows:

These General Conditions have been prepared for use with the Agreement Between Owner and Contractor for Construction Contract (EJCDC® C-520, Stipulated Sum, or C-525, Cost-Plus, 2013 Editions). Their provisions are interrelated and a change in one may necessitate a change in the other.

To prepare supplementary conditions that are coordinated with the General Conditions, use EJCDC's Guide to the Preparation of Supplementary Conditions (EJCDC® C-800, 2013 Edition). The full EJCDC Construction series of documents is discussed in the Commentary on the 2013 EJCDC Construction Documents (EJCDC® C-001, 2013 Edition).

ARTICLE 1 – DEFINITIONS AND TERMINOLOGY

1.01 *Defined Terms*

A. Wherever used in the Bidding Requirements or Contract Documents, a term printed with initial capital letters, including the term's singular and plural forms, will have the meaning indicated in the definitions below. In addition to terms specifically defined, terms with initial capital letters in the Contract Documents include references to identified articles and paragraphs, and the titles of other documents or forms.

1. *Addenda*—Written or graphic instruments issued prior to the opening of Bids which clarify, correct, or change the Bidding Requirements or the proposed Contract Documents.

2. *Agreement*—The written instrument, executed by Owner and Contractor, that sets forth the Contract Price and Contract Times, identifies the parties and the Engineer, and designates the specific items that are Contract Documents.

3. *Application for Payment*—The form acceptable to Engineer which is to be used by Contractor during the course of the Work in requesting progress or final payments and which is to be accompanied by such supporting documentation as is required by the Contract Documents.

4. *Bid*—The offer of a Bidder submitted on the prescribed form setting forth the prices for the Work to be performed.

5. *Bidder*—An individual or entity that submits a Bid to Owner.

6. *Bidding Documents*—The Bidding Requirements, the proposed Contract Documents, and all Addenda.

7. *Bidding Requirements*—The advertisement or invitation to bid, Instructions to Bidders, Bid Bond or other Bid security, if any, the Bid Form, and the Bid with any attachments.

8. *Change Order*—A document which is signed by Contractor and Owner and authorizes an addition, deletion, or revision in the Work or an adjustment in the Contract Price or the Contract Times, or other revision to the Contract, issued on or after the Effective Date of the Contract.

9. *Change Proposal*—A written request by Contractor, duly submitted in compliance with the procedural requirements set forth herein, seeking an adjustment in Contract Price or Contract Times, or both; contesting an initial decision by Engineer concerning the requirements of the Contract Documents or the acceptability of Work under the Contract Documents; challenging a set-off against payments due; or seeking other relief with respect to the terms of the Contract.

10. *Claim*—(a) A demand or assertion by Owner directly to Contractor, duly submitted in compliance with the procedural requirements set forth herein: seeking an adjustment of Contract Price or Contract Times, or both; contesting an initial decision by Engineer concerning the requirements of the Contract Documents or the acceptability of Work under the Contract Documents; contesting Engineer's decision regarding a Change Proposal; seeking resolution of a contractual issue that Engineer has declined to address; or seeking other relief with respect to the terms of the Contract; or (b) a demand or assertion by Contractor directly to Owner, duly submitted in compliance with the procedural requirements set forth herein, contesting Engineer's decision regarding a Change Proposal; or seeking resolution of a contractual issue that Engineer

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

has declined to address. A demand for money or services by a third party is not a Claim.

11. *Constituent of Concern*—Asbestos, petroleum, radioactive materials, polychlorinated biphenyls (PCBs), hazardous waste, and any substance, product, waste, or other material of any nature whatsoever that is or becomes listed, regulated, or addressed pursuant to (a) the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. §§9601 et seq. ("CERCLA"); (b) the Hazardous Materials Transportation Act, 49 U.S.C. §§5101 et seq.; (c) the Resource Conservation and Recovery Act, 42 U.S.C. §§6901 et seq. ("RCRA"); (d) the Toxic Substances Control Act, 15 U.S.C. §§2601 et seq.; (e) the Clean Water Act, 33 U.S.C. §§1251 et seq.; (f) the Clean Air Act, 42 U.S.C. §§7401 et seq.; or (g) any other federal, state, or local statute, law, rule, regulation, ordinance, resolution, code, order, or decree regulating, relating to, or imposing liability or standards of conduct concerning, any hazardous, toxic, or dangerous waste, substance, or material.

12. *Contract*—The entire and integrated written contract between the Owner and Contractor concerning the Work.

13. *Contract Documents*—Those items so designated in the Agreement, and which together comprise the Contract.

14. *Contract Price*—The money that Owner has agreed to pay Contractor for completion of the Work in accordance with the Contract Documents. .

15. *Contract Times*—The number of days or the dates by which Contractor shall: (a) achieve Milestones, if any; (b) achieve Substantial Completion; and (c) complete the Work.

16. *Contractor*—The individual or entity with which Owner has contracted for performance of the Work.

17. *Cost of the Work*—See Paragraph 13.01 for definition.

18. *Drawings*—The part of the Contract that graphically shows the scope, extent, and character of the Work to be performed by Contractor.

19. *Effective Date of the Contract*—The date, indicated in the Agreement, on which the Contract becomes effective.

20. *Engineer*—The individual or entity named as such in the Agreement.

21. *Field Order*—A written order issued by Engineer which requires minor changes in the Work but does not change the Contract Price or the Contract Times.

22. *Hazardous Environmental Condition*—The presence at the Site of Constituents of Concern in such quantities or circumstances that may present a danger to persons or property exposed thereto. The presence at the Site of materials that are necessary for the execution of the Work, or that are to be incorporated in the Work, and that are controlled and contained pursuant to industry practices, Laws and Regulations, and the requirements of the Contract, does not establish a Hazardous Environmental Condition.

23. *Laws and Regulations; Laws or Regulations*—Any and all applicable laws, statutes, rules, regulations, ordinances, codes, and orders of any and all governmental bodies, agencies, authorities, and courts having jurisdiction.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

24. *Liens*—Charges, security interests, or encumbrances upon Contract-related funds, real property, or personal property.

25. *Milestone*—A principal event in the performance of the Work that the Contract requires Contractor to achieve by an intermediate completion date or by a time prior to Substantial Completion of all the Work.

26. *Notice of Award*—The written notice by Owner to a Bidder of Owner's acceptance of the Bid.

27. *Notice to Proceed*—A written notice by Owner to Contractor fixing the date on which the Contract Times will commence to run and on which Contractor shall start to perform the Work.

28. *Owner*—The individual or entity with which Contractor has contracted regarding the Work, and which has agreed to pay Contractor for the performance of the Work, pursuant to the terms of the Contract.

29. *Progress Schedule*—A schedule, prepared and maintained by Contractor, describing the sequence and duration of the activities comprising the Contractor's plan to accomplish the Work within the Contract Times.

30. *Project*—The total undertaking to be accomplished for Owner by engineers, contractors, and others, including planning, study, design, construction, testing, commissioning, and start-up, and of which the Work to be performed under the Contract Documents is a part.

31. *Project Manual*—The written documents prepared for, or made available for, procuring and constructing the Work, including but not limited to the Bidding Documents or other construction procurement documents, geotechnical and existing conditions information, the Agreement, bond forms, General Conditions, Supplementary Conditions, and Specifications. The contents of the Project Manual may be bound in one or more volumes.

32. *Resident Project Representative*—The authorized representative of Engineer assigned to assist Engineer at the Site. As used herein, the term Resident Project Representative or "RPR" includes any assistants or field staff of Resident Project Representative.

33. *Samples*—Physical examples of materials, equipment, or workmanship that are representative of some portion of the Work and that establish the standards by which such portion of the Work will be judged.

34. *Schedule of Submittals*—A schedule, prepared and maintained by Contractor, of required submittals and the time requirements for Engineer's review of the submittals and the performance of related construction activities.

35. *Schedule of Values*—A schedule, prepared and maintained by Contractor, allocating portions of the Contract Price to various portions of the Work and used as the basis for reviewing Contractor's Applications for Payment.

36. *Shop Drawings*—All drawings, diagrams, illustrations, schedules, and other data or information that are specifically prepared or assembled by or for Contractor and submitted by Contractor to illustrate some portion of the Work. Shop Drawings, whether approved or not, are not Drawings and are not Contract Documents.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

37. *Site*—Lands or areas indicated in the Contract Documents as being furnished by Owner upon which the Work is to be performed, including rights-of-way and easements, and such other lands furnished by Owner which are designated for the use of Contractor.

38. *Specifications*—The part of the Contract that consists of written requirements for materials, equipment, systems, standards, and workmanship as applied to the Work, and certain administrative requirements and procedural matters applicable to the Work.

39. *Subcontractor*—An individual or entity having a direct contract with Contractor or with any other Subcontractor for the performance of a part of the Work.

40. *Substantial Completion*—The time at which the Work (or a specified part thereof) has progressed to the point where, in the opinion of Engineer, the Work (or a specified part thereof) is sufficiently complete, in accordance with the Contract Documents, so that the Work (or a specified part thereof) can be utilized for the purposes for which it is intended. The terms "substantially complete" and "substantially completed" as applied to all or part of the Work refer to Substantial Completion thereof.

41. *Successful Bidder*—The Bidder whose Bid the Owner accepts, and to which the Owner makes an award of contract, subject to stated conditions.

42. *Supplementary Conditions*—The part of the Contract that amends or supplements these General Conditions.

43. *Supplier*—A manufacturer, fabricator, supplier, distributor, materialman, or vendor having a direct contract with Contractor or with any Subcontractor to furnish materials or equipment to be incorporated in the Work by Contractor or a Subcontractor.

44. *Technical Data*—Those items expressly identified as Technical Data in the Supplementary Conditions, with respect to either (a) subsurface conditions at the Site, or physical conditions relating to existing surface or subsurface structures at the Site (except Underground Facilities) or (b) Hazardous Environmental Conditions at the Site. If no such express identifications of Technical Data have been made with respect to conditions at the Site, then the data contained in boring logs, recorded measurements of subsurface water levels, laboratory test results, and other factual, objective information regarding conditions at the Site that are set forth in any geotechnical or environmental report prepared for the Project and made available to Contractor are hereby defined as Technical Data with respect to conditions at the Site under Paragraphs 5.03, 5.04, and 5.06.

45. *Underground Facilities*—All underground pipelines, conduits, ducts, cables, wires, manholes, vaults, tanks, tunnels, or other such facilities or attachments, and any encasements containing such facilities, including but not limited to those that convey electricity, gases, steam, liquid petroleum products, telephone or other communications, fiber optic transmissions, cable television, water, wastewater, storm water, other liquids or chemicals, or traffic or other control systems.

46. *Unit Price Work*—Work to be paid for on the basis of unit prices.

47. *Work*—The entire construction or the various separately identifiable parts thereof required to be provided under the Contract Documents. Work includes and is the result of performing or providing all labor, services, and documentation necessary to produce such construction; furnishing, installing, and incorporating all materials and equipment into such construction; and may include related services such as testing, start-up, and commissioning, all as required by the Contract Documents.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

48. *Work Change Directive*—A written directive to Contractor issued on or after the Effective Date of the Contract, signed by Owner and recommended by Engineer, ordering an addition, deletion, or revision in the Work.

1.02 *Terminology*

A. The words and terms discussed in the following paragraphs are not defined but, when used in the Bidding Requirements or Contract Documents, have the indicated meaning.

B. *Intent of Certain Terms or Adjectives*:

1. The Contract Documents include the terms "as allowed," "as approved," "as ordered," "as directed" or terms of like effect or import to authorize an exercise of professional judgment by Engineer. In addition, the adjectives "reasonable," "suitable," "acceptable," "proper," "satisfactory," or adjectives of like effect or import are used to describe an action or determination of Engineer as to the Work. It is intended that such exercise of professional judgment, action, or determination will be solely to evaluate, in general, the Work for compliance with the information in the Contract Documents and with the design concept of the Project as a functioning whole as shown or indicated in the Contract Documents (unless there is a specific statement indicating otherwise). The use of any such term or adjective is not intended to and shall not be effective to assign to Engineer any duty or authority to supervise or direct the performance of the Work, or any duty or authority to undertake responsibility contrary to the provisions of Article 10 or any other provision of the Contract Documents.

C. *Day*:

1. The word "day" means a calendar day of 24 hours measured from midnight to the next midnight.

D. *Defective*:

1. The word "defective," when modifying the word "Work," refers to Work that is unsatisfactory, faulty, or deficient in that it:

a. does not conform to the Contract Documents; or

b. does not meet the requirements of any applicable inspection, reference standard, test, or approval referred to in the Contract Documents; or

c. has been damaged prior to Engineer's recommendation of final payment (unless responsibility for the protection thereof has been assumed by Owner at Substantial Completion in accordance with Paragraph 15.03 or 15.04).

E. *Furnish, Install, Perform, Provide*:

1. The word "furnish," when used in connection with services, materials, or equipment, shall mean to supply and deliver said services, materials, or equipment to the Site (or some other specified location) ready for use or installation and in usable or operable condition.

2. The word "install," when used in connection with services, materials, or equipment, shall mean to put into use or place in final position said services, materials, or equipment complete and ready for intended use.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

3. The words “perform” or “provide,” when used in connection with services, materials, or equipment, shall mean to furnish and install said services, materials, or equipment complete and ready for intended use.

4. If the Contract Documents establish an obligation of Contractor with respect to specific services, materials, or equipment, but do not expressly use any of the four words “furnish,” “install,” “perform,” or “provide,” then Contractor shall furnish and install said services, materials, or equipment complete and ready for intended use.

F. Unless stated otherwise in the Contract Documents, words or phrases that have a well-known technical or construction industry or trade meaning are used in the Contract Documents in accordance with such recognized meaning.

ARTICLE 2 – PRELIMINARY MATTERS

2.01 *Delivery of Bonds and Evidence of Insurance*

A. *Bonds*: When Contractor delivers the executed counterparts of the Agreement to Owner, Contractor shall also deliver to Owner such bonds as Contractor may be required to furnish.

B. *Evidence of Contractor’s Insurance*: When Contractor delivers the executed counterparts of the Agreement to Owner, Contractor shall also deliver to Owner, with copies to each named insured and additional insured (as identified in the Supplementary Conditions or elsewhere in the Contract), the certificates and other evidence of insurance required to be provided by Contractor in accordance with Article 6.

C. *Evidence of Owner’s Insurance*: After receipt of the executed counterparts of the Agreement and all required bonds and insurance documentation, Owner shall promptly deliver to Contractor, with copies to each named insured and additional insured (as identified in the Supplementary Conditions or otherwise), the certificates and other evidence of insurance required to be provided by Owner under Article 6.

2.02 *Copies of Documents*

A. Owner shall furnish to Contractor four printed copies of the Contract (including one fully executed counterpart of the Agreement), and one copy in electronic portable document format (PDF). Additional printed copies will be furnished upon request at the cost of reproduction.

B. Owner shall maintain and safeguard at least one original printed record version of the Contract, including Drawings and Specifications signed and sealed by Engineer and other design professionals. Owner shall make such original printed record version of the Contract available to Contractor for review. Owner may delegate the responsibilities under this provision to Engineer.

2.03 *Before Starting Construction*

A. *Preliminary Schedules*: Within 10 days after the Effective Date of the Contract (or as otherwise specifically required by the Contract Documents), Contractor shall submit to Engineer for timely review:

1. a preliminary Progress Schedule indicating the times (numbers of days or dates) for starting and completing the various stages of the Work, including any Milestones specified in the Contract;

2. a preliminary Schedule of Submittals; and

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

3. a preliminary Schedule of Values for all of the Work which includes quantities and prices of items which when added together equal the Contract Price and subdivides the Work into component parts in sufficient detail to serve as the basis for progress payments during performance of the Work. Such prices will include an appropriate amount of overhead and profit applicable to each item of Work.

2.04 *Preconstruction Conference; Designation of Authorized Representatives*

A. Before any Work at the Site is started, a conference attended by Owner, Contractor, Engineer, and others as appropriate will be held to establish a working understanding among the parties as to the Work and to discuss the schedules referred to in Paragraph 2.03.A, procedures for handling Shop Drawings, Samples, and other submittals, processing Applications for Payment, electronic or digital transmittals, and maintaining required records.

B. At this conference Owner and Contractor each shall designate, in writing, a specific individual to act as its authorized representative with respect to the services and responsibilities under the Contract. Such individuals shall have the authority to transmit and receive information, render decisions relative to the Contract, and otherwise act on behalf of each respective party.

2.05 *Initial Acceptance of Schedules*

A. At least 10 days before submission of the first Application for Payment a conference, attended by Contractor, Engineer, and others as appropriate, will be held to review for acceptability to Engineer as provided below the schedules submitted in accordance with Paragraph 2.03.A. Contractor shall have an additional 10 days to make corrections and adjustments and to complete and resubmit the schedules. No progress payment shall be made to Contractor until acceptable schedules are submitted to Engineer.

1. The Progress Schedule will be acceptable to Engineer if it provides an orderly progression of the Work to completion within the Contract Times. Such acceptance will not impose on Engineer responsibility for the Progress Schedule, for sequencing, scheduling, or progress of the Work, nor interfere with or relieve Contractor from Contractor's full responsibility therefor.

2. Contractor's Schedule of Submittals will be acceptable to Engineer if it provides a workable arrangement for reviewing and processing the required submittals.

3. Contractor's Schedule of Values will be acceptable to Engineer as to form and substance if it provides a reasonable allocation of the Contract Price to the component parts of the Work.

2.06 *Electronic Transmittals*

A. Except as otherwise stated elsewhere in the Contract, the Owner, Engineer, and Contractor may transmit, and shall accept, Project-related correspondence, text, data, documents, drawings, information, and graphics, including but not limited to Shop Drawings and other submittals, in electronic media or digital format, either directly, or through access to a secure Project website.

B. If the Contract does not establish protocols for electronic or digital transmittals, then Owner, Engineer, and Contractor shall jointly develop such protocols.

C. When transmitting items in electronic media or digital format, the transmitting party makes no representations as to long term compatibility, usability, or readability of the items resulting from the recipient's use of software application packages, operating systems, or

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

computer hardware differing from those used in the drafting or transmittal of the items, or from those established in applicable transmittal protocols.

ARTICLE 3 – DOCUMENTS: INTENT, REQUIREMENTS, REUSE

3.01 *Intent*

A. The Contract Documents are complementary; what is required by one is as binding as if required by all.

B. It is the intent of the Contract Documents to describe a functionally complete project (or part thereof) to be constructed in accordance with the Contract Documents.

C. Unless otherwise stated in the Contract Documents, if there is a discrepancy between the electronic or digital versions of the Contract Documents (including any printed copies derived from such electronic or digital versions) and the printed record version, the printed record version shall govern.

D. The Contract supersedes prior negotiations, representations, and agreements, whether written or oral.

E. Engineer will issue clarifications and interpretations of the Contract Documents as provided herein.

3.02 *Reference Standards*

A. Standards Specifications, Codes, Laws and Regulations

1. Reference in the Contract Documents to standard specifications, manuals, reference standards, or codes of any technical society, organization, or association, or to Laws or Regulations, whether such reference be specific or by implication, shall mean the standard specification, manual, reference standard, code, or Laws or Regulations in effect at the time of opening of Bids (or on the Effective Date of the Contract if there were no Bids), except as may be otherwise specifically stated in the Contract Documents.

2. No provision of any such standard specification, manual, reference standard, or code, or any instruction of a Supplier, shall be effective to change the duties or responsibilities of Owner, Contractor, or Engineer, or any of their subcontractors, consultants, agents, or employees, from those set forth in the part of the Contract Documents prepared by or for Engineer. No such provision or instruction shall be effective to assign to Owner, Engineer, or any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors, any duty or authority to supervise or direct the performance of the Work or any duty or authority to undertake responsibility inconsistent with the provisions of the part of the Contract Documents prepared by or for Engineer.

3.03 *Reporting and Resolving Discrepancies*

A. *Reporting Discrepancies*:

1. *Contractor's Verification of Figures and Field Measurements*: Before undertaking each part of the Work, Contractor shall carefully study the Contract Documents, and check and verify pertinent figures and dimensions therein, particularly with respect to applicable field measurements. Contractor shall promptly report in writing to Engineer any conflict, error, ambiguity, or discrepancy that Contractor discovers, or has actual knowledge of, and shall not proceed with any Work affected thereby until the conflict,

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

error, ambiguity, or discrepancy is resolved, by a clarification or interpretation by Engineer, or by an amendment or supplement to the Contract Documents issued pursuant to Paragraph 11.01.

2. *Contractor's Review of Contract Documents*: If, before or during the performance of the Work, Contractor discovers any conflict, error, ambiguity, or discrepancy within the Contract Documents, or between the Contract Documents and (a) any applicable Law or Regulation, (b) actual field conditions, (c) any standard specification, manual, reference standard, or code, or (d) any instruction of any Supplier, then Contractor shall promptly report it to Engineer in writing. Contractor shall not proceed with the Work affected thereby (except in an emergency as required by Paragraph 7.15) until the conflict, error, ambiguity, or discrepancy is resolved, by a clarification or interpretation by Engineer, or by an amendment or supplement to the Contract Documents issued pursuant to Paragraph 11.01.

3. Contractor shall not be liable to Owner or Engineer for failure to report any conflict, error, ambiguity, or discrepancy in the Contract Documents unless Contractor had actual knowledge thereof.

B. *Resolving Discrepancies*:

1. Except as may be otherwise specifically stated in the Contract Documents, the provisions of the part of the Contract Documents prepared by or for Engineer shall take precedence in resolving any conflict, error, ambiguity, or discrepancy between such provisions of the Contract Documents and:

a. the provisions of any standard specification, manual, reference standard, or code, or the instruction of any Supplier (whether or not specifically incorporated by reference as a Contract Document); or

b. the provisions of any Laws or Regulations applicable to the performance of the Work (unless such an interpretation of the provisions of the Contract Documents would result in violation of such Law or Regulation).

3.04 *Requirements of the Contract Documents*

A. During the performance of the Work and until final payment, Contractor and Owner shall submit to the Engineer all matters in question concerning the requirements of the Contract Documents (sometimes referred to as requests for information or interpretation—RFIs), or relating to the acceptability of the Work under the Contract Documents, as soon as possible after such matters arise. Engineer will be the initial interpreter of the requirements of the Contract Documents, and judge of the acceptability of the Work thereunder.

B. Engineer will, with reasonable promptness, render a written clarification, interpretation, or decision on the issue submitted, or initiate an amendment or supplement to the Contract Documents. Engineer's written clarification, interpretation, or decision will be final and binding on Contractor, unless it appeals by submitting a Change Proposal, and on Owner, unless it appeals by filing a Claim.

C. If a submitted matter in question concerns terms and conditions of the Contract Documents that do not involve (1) the performance or acceptability of the Work under the Contract Documents, (2) the design (as set forth in the Drawings, Specifications, or otherwise), or (3) other engineering or technical matters, then Engineer will promptly give written notice to Owner and Contractor that Engineer is unable to provide a decision or interpretation. If Owner and Contractor are unable to agree on resolution of such a matter in question, either party may pursue resolution as provided in Article 12.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

3.05 *Reuse of Documents*

A. Contractor and its Subcontractors and Suppliers shall not:

1. have or acquire any title to or ownership rights in any of the Drawings, Specifications, or other documents (or copies of any thereof) prepared by or bearing the seal of Engineer or its consultants, including electronic media editions, or reuse any such Drawings, Specifications, other documents, or copies thereof on extensions of the Project or any other project without written consent of Owner and Engineer and specific written verification or adaptation by Engineer; or

2. have or acquire any title or ownership rights in any other Contract Documents, reuse any such Contract Documents for any purpose without Owner's express written consent, or violate any copyrights pertaining to such Contract Documents.

B. The prohibitions of this Paragraph 3.05 will survive final payment, or termination of the Contract. Nothing herein shall preclude Contractor from retaining copies of the Contract Documents for record purposes.

ARTICLE 4 – COMMENCEMENT AND PROGRESS OF THE WORK

4.01 *Commencement of Contract Times; Notice to Proceed*

A. The Contract Times will commence to run on the thirtieth day after the Effective Date of the Contract or, if a Notice to Proceed is given, on the day indicated in the Notice to Proceed. A Notice to Proceed may be given at any time within 30 days after the Effective Date of the Contract. In no event will the Contract Times commence to run later than the sixtieth day after the day of Bid opening or the thirtieth day after the Effective Date of the Contract, whichever date is earlier.

4.02 *Starting the Work*

A. Contractor shall start to perform the Work on the date when the Contract Times commence to run. No Work shall be done at the Site prior to such date.

4.03 *Reference Points*

A. Owner shall provide engineering surveys to establish reference points for construction which in Engineer's judgment are necessary to enable Contractor to proceed with the Work. Contractor shall be responsible for laying out the Work, shall protect and preserve the established reference points and property monuments, and shall make no changes or relocations without the prior written approval of Owner. Contractor shall report to Engineer whenever any reference point or property monument is lost or destroyed or requires relocation because of necessary changes in grades or locations, and shall be responsible for the accurate replacement or relocation of such reference points or property monuments by professionally qualified personnel.

4.04 *Progress Schedule*

A. Contractor shall adhere to the Progress Schedule established in accordance with Paragraph 2.05 as it may be adjusted from time to time as provided below.

1. Contractor shall submit to Engineer for acceptance (to the extent indicated in Paragraph 2.05) proposed adjustments in the Progress Schedule that will not result in changing the Contract Times.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. Proposed adjustments in the Progress Schedule that will change the Contract Times shall be submitted in accordance with the requirements of Article 11.

B. Contractor shall carry on the Work and adhere to the Progress Schedule during all disputes or disagreements with Owner. No Work shall be delayed or postponed pending resolution of any disputes or disagreements, or during any appeal process, except as permitted by Paragraph 16.04, or as Owner and Contractor may otherwise agree in writing.

4.05 *Delays in Contractor's Progress*

A. If Owner, Engineer, or anyone for whom Owner is responsible, delays, disrupts, or interferes with the performance or progress of the Work, then Contractor shall be entitled to an equitable adjustment in the Contract Times and Contract Price. Contractor's entitlement to an adjustment of the Contract Times is conditioned on such adjustment being essential to Contractor's ability to complete the Work within the Contract Times.

B. Contractor shall not be entitled to an adjustment in Contract Price or Contract Times for delay, disruption, or interference caused by or within the control of Contractor. Delay, disruption, and interference attributable to and within the control of a Subcontractor or Supplier shall be deemed to be within the control of Contractor.

C. If Contractor's performance or progress is delayed, disrupted, or interfered with by unanticipated causes not the fault of and beyond the control of Owner, Contractor, and those for which they are responsible, then Contractor shall be entitled to an equitable adjustment in Contract Times. Contractor's entitlement to an adjustment of the Contract Times is conditioned on such adjustment being essential to Contractor's ability to complete the Work within the Contract Times. Such an adjustment shall be Contractor's sole and exclusive remedy for the delays, disruption, and interference described in this paragraph. Causes of delay, disruption, or interference that may give rise to an adjustment in Contract Times under this paragraph include but are not limited to the following:

1. severe and unavoidable natural catastrophes such as fires, floods, epidemics, and earthquakes;

2. abnormal weather conditions;

3. acts or failures to act of utility owners (other than those performing other work at or adjacent to the Site by arrangement with the Owner, as contemplated in Article 8); and

4. acts of war or terrorism.

D. Delays, disruption, and interference to the performance or progress of the Work resulting from the existence of a differing subsurface or physical condition, an Underground Facility that was not shown or indicated by the Contract Documents, or not shown or indicated with reasonable accuracy, and those resulting from Hazardous Environmental Conditions, are governed by Article 5.

E. Paragraph 8.03 governs delays, disruption, and interference to the performance or progress of the Work resulting from the performance of certain other work at or adjacent to the Site.

F. Contractor shall not be entitled to an adjustment in Contract Price or Contract Times for any delay, disruption, or interference if such delay is concurrent with a delay, disruption, or interference caused by or within the control of Contractor.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

G. Contractor must submit any Change Proposal seeking an adjustment in Contract Price or Contract Times under this paragraph within 30 days of the commencement of the delaying, disrupting, or interfering event.

ARTICLE 5 – AVAILABILITY OF LANDS; SUBSURFACE AND PHYSICAL CONDITIONS; HAZARDOUS ENVIRONMENTAL CONDITIONS

5.01 *Availability of Lands*

A. Owner shall furnish the Site. Owner shall notify Contractor of any encumbrances or restrictions not of general application but specifically related to use of the Site with which Contractor must comply in performing the Work.

B. Upon reasonable written request, Owner shall furnish Contractor with a current statement of record legal title and legal description of the lands upon which permanent improvements are to be made and Owner's interest therein as necessary for giving notice of or filing a mechanic's or construction lien against such lands in accordance with applicable Laws and Regulations.

C. Contractor shall provide for all additional lands and access thereto that may be required for temporary construction facilities or storage of materials and equipment.

5.02 *Use of Site and Other Areas*

A. *Limitation on Use of Site and Other Areas*:

1. Contractor shall confine construction equipment, temporary construction facilities, the storage of materials and equipment, and the operations of workers to the Site, adjacent areas that Contractor has arranged to use through construction easements or otherwise, and other adjacent areas permitted by Laws and Regulations, and shall not unreasonably encumber the Site and such other adjacent areas with construction equipment or other materials or equipment. Contractor shall assume full responsibility for (a) damage to the Site; (b) damage to any such other adjacent areas used for Contractor's operations; (c) damage to any other adjacent land or areas; and (d) for injuries and losses sustained by the owners or occupants of any such land or areas; provided that such damage or injuries result from the performance of the Work or from other actions or conduct of the Contractor or those for which Contractor is responsible.

2. If a damage or injury claim is made by the owner or occupant of any such land or area because of the performance of the Work, or because of other actions or conduct of the Contractor or those for which Contractor is responsible, Contractor shall (a) take immediate corrective or remedial action as required by Paragraph 7.12, or otherwise; (b) promptly attempt to settle the claim as to all parties through negotiations with such owner or occupant, or otherwise resolve the claim by arbitration or other dispute resolution proceeding, or at law; and (c) to the fullest extent permitted by Laws and Regulations, indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them from and against any such claim, and against all costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to any claim or action, legal or equitable, brought by any such owner or occupant against Owner, Engineer, or any other party indemnified hereunder to the extent caused directly or indirectly, in whole or in part

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

by, or based upon, Contractor's performance of the Work, or because of other actions or conduct of the Contractor or those for which Contractor is responsible.

B. *Removal of Debris During Performance of the Work*: During the progress of the Work the Contractor shall keep the Site and other adjacent areas free from accumulations of waste materials, rubbish, and other debris. Removal and disposal of such waste materials, rubbish, and other debris shall conform to applicable Laws and Regulations.

C. *Cleaning*: Prior to Substantial Completion of the Work Contractor shall clean the Site and the Work and make it ready for utilization by Owner. At the completion of the Work Contractor shall remove from the Site and adjacent areas all tools, appliances, construction equipment and machinery, and surplus materials and shall restore to original condition all property not designated for alteration by the Contract Documents.

D. *Loading of Structures*: Contractor shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall Contractor subject any part of the Work or adjacent structures or land to stresses or pressures that will endanger them.

5.03 *Subsurface and Physical Conditions*

A. *Reports and Drawings*: The Supplementary Conditions identify:

1. those reports known to Owner of explorations and tests of subsurface conditions at or adjacent to the Site;

2. those drawings known to Owner of physical conditions relating to existing surface or subsurface structures at the Site (except Underground Facilities); and

3. Technical Data contained in such reports and drawings.

B. *Reliance by Contractor on Technical Data Authorized*: Contractor may rely upon the accuracy of the Technical Data expressly identified in the Supplementary Conditions with respect to such reports and drawings, but such reports and drawings are not Contract Documents. If no such express identification has been made, then Contractor may rely upon the accuracy of the Technical Data (as defined in Article 1) contained in any geotechnical or environmental report prepared for the Project and made available to Contractor. Except for such reliance on Technical Data, Contractor may not rely upon or make any claim against Owner or Engineer, or any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors, with respect to:

1. the completeness of such reports and drawings for Contractor's purposes, including, but not limited to, any aspects of the means, methods, techniques, sequences, and procedures of construction to be employed by Contractor, and safety precautions and programs incident thereto; or

2. other data, interpretations, opinions, and information contained in such reports or shown or indicated in such drawings; or

3. any Contractor interpretation of or conclusion drawn from any Technical Data or any such other data, interpretations, opinions, or information.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

5.04 *Differing Subsurface or Physical Conditions*

A. *Notice by Contractor*: If Contractor believes that any subsurface or physical condition that is uncovered or revealed at the Site either:

1. is of such a nature as to establish that any Technical Data on which Contractor is entitled to rely as provided in Paragraph 5.03 is materially inaccurate; or

2. is of such a nature as to require a change in the Drawings or Specifications; or

3. differs materially from that shown or indicated in the Contract Documents; or

4. is of an unusual nature, and differs materially from conditions ordinarily encountered and generally recognized as inherent in work of the character provided for in the Contract Documents;

then Contractor shall, promptly after becoming aware thereof and before further disturbing the subsurface or physical conditions or performing any Work in connection therewith (except in an emergency as required by Paragraph 7.15), notify Owner and Engineer in writing about such condition. Contractor shall not further disturb such condition or perform any Work in connection therewith (except with respect to an emergency) until receipt of a written statement permitting Contractor to do so.

B. *Engineer's Review*: After receipt of written notice as required by the preceding paragraph, Engineer will promptly review the subsurface or physical condition in question; determine the necessity of Owner's obtaining additional exploration or tests with respect to the condition; conclude whether the condition falls within any one or more of the differing site condition categories in Paragraph 5.04.A above; obtain any pertinent cost or schedule information from Contractor; prepare recommendations to Owner regarding the Contractor's resumption of Work in connection with the subsurface or physical condition in question and the need for any change in the Drawings or Specifications; and advise Owner in writing of Engineer's findings, conclusions, and recommendations.

C. *Owner's Statement to Contractor Regarding Site Condition*: After receipt of Engineer's written findings, conclusions, and recommendations, Owner shall issue a written statement to Contractor (with a copy to Engineer) regarding the subsurface or physical condition in question, addressing the resumption of Work in connection with such condition, indicating whether any change in the Drawings or Specifications will be made, and adopting or rejecting Engineer's written findings, conclusions, and recommendations, in whole or in part.

D. *Possible Price and Times Adjustments*:

1. Contractor shall be entitled to an equitable adjustment in Contract Price or Contract Times, or both, to the extent that the existence of a differing subsurface or physical condition, or any related delay, disruption, or interference, causes an increase or decrease in Contractor's cost of, or time required for, performance of the Work; subject, however, to the following:

a. such condition must fall within any one or more of the categories described in Paragraph 5.04.A;

b. with respect to Work that is paid for on a unit price basis, any adjustment in Contract Price will be subject to the provisions of Paragraph 13.03; and,

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

c. Contractor's entitlement to an adjustment of the Contract Times is conditioned on such adjustment being essential to Contractor's ability to complete the Work within the Contract Times.

2. Contractor shall not be entitled to any adjustment in the Contract Price or Contract Times with respect to a subsurface or physical condition if:

a. Contractor knew of the existence of such condition at the time Contractor made a commitment to Owner with respect to Contract Price and Contract Times by the submission of a Bid or becoming bound under a negotiated contract, or otherwise; or

b. the existence of such condition reasonably could have been discovered or revealed as a result of any examination, investigation, exploration, test, or study of the Site and contiguous areas expressly required by the Bidding Requirements or Contract Documents to be conducted by or for Contractor prior to Contractor's making such commitment; or

c. Contractor failed to give the written notice as required by Paragraph 5.04.A.

3. If Owner and Contractor agree regarding Contractor's entitlement to and the amount or extent of any adjustment in the Contract Price or Contract Times, or both, then any such adjustment shall be set forth in a Change Order.

4. Contractor may submit a Change Proposal regarding its entitlement to or the amount or extent of any adjustment in the Contract Price or Contract Times, or both, no later than 30 days after Owner's issuance of the Owner's written statement to Contractor regarding the subsurface or physical condition in question.

5.05 *Underground Facilities*

A. *Contractor's Responsibilities*: The information and data shown or indicated in the Contract Documents with respect to existing Underground Facilities at or adjacent to the Site is based on information and data furnished to Owner or Engineer by the owners of such Underground Facilities, including Owner, or by others. Unless it is otherwise expressly provided in the Supplementary Conditions:

1. Owner and Engineer do not warrant or guarantee the accuracy or completeness of any such information or data provided by others; and

2. the cost of all of the following will be included in the Contract Price, and Contractor shall have full responsibility for:

a. reviewing and checking all information and data regarding existing Underground Facilities at the Site;

b. locating all Underground Facilities shown or indicated in the Contract Documents as being at the Site;

c. coordination of the Work with the owners (including Owner) of such Underground Facilities, during construction; and

d. the safety and protection of all existing Underground Facilities at the Site, and repairing any damage thereto resulting from the Work.

B. *Notice by Contractor*: If Contractor believes that an Underground Facility that is uncovered or revealed at the Site was not shown or indicated in the Contract Documents, or was not shown or indicated with reasonable accuracy, then Contractor shall, promptly after

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

becoming aware thereof and before further disturbing conditions affected thereby or performing any Work in connection therewith (except in an emergency as required by Paragraph 7.15), identify the owner of such Underground Facility and give written notice to that owner and to Owner and Engineer.

C. *Engineer's Review*: Engineer will promptly review the Underground Facility and conclude whether such Underground Facility was not shown or indicated in the Contract Documents, or was not shown or indicated with reasonable accuracy; obtain any pertinent cost or schedule information from Contractor; prepare recommendations to Owner regarding the Contractor's resumption of Work in connection with the Underground Facility in question; determine the extent, if any, to which a change is required in the Drawings or Specifications to reflect and document the consequences of the existence or location of the Underground Facility; and advise Owner in writing of Engineer's findings, conclusions, and recommendations. During such time, Contractor shall be responsible for the safety and protection of such Underground Facility.

D. *Owner's Statement to Contractor Regarding Underground Facility*: After receipt of Engineer's written findings, conclusions, and recommendations, Owner shall issue a written statement to Contractor (with a copy to Engineer) regarding the Underground Facility in question, addressing the resumption of Work in connection with such Underground Facility, indicating whether any change in the Drawings or Specifications will be made, and adopting or rejecting Engineer's written findings, conclusions, and recommendations in whole or in part.

E. *Possible Price and Times Adjustments*:

1. Contractor shall be entitled to an equitable adjustment in the Contract Price or Contract Times, or both, to the extent that any existing Underground Facility at the Site that was not shown or indicated in the Contract Documents, or was not shown or indicated with reasonable accuracy, or any related delay, disruption, or interference, causes an increase or decrease in Contractor's cost of, or time required for, performance of the Work; subject, however, to the following:

    a. Contractor did not know of and could not reasonably have been expected to be aware of or to have anticipated the existence or actual location of the Underground Facility in question;

    b. With respect to Work that is paid for on a unit price basis, any adjustment in Contract Price will be subject to the provisions of Paragraph 13.03;

    c. Contractor's entitlement to an adjustment of the Contract Times is conditioned on such adjustment being essential to Contractor's ability to complete the Work within the Contract Times; and

    d. Contractor gave the notice required in Paragraph 5.05.B.

2. If Owner and Contractor agree regarding Contractor's entitlement to and the amount or extent of any adjustment in the Contract Price or Contract Times, or both, then any such adjustment shall be set forth in a Change Order.

3. Contractor may submit a Change Proposal regarding its entitlement to or the amount or extent of any adjustment in the Contract Price or Contract Times, or both, no later than 30 days after Owner's issuance of the Owner's written statement to Contractor regarding the Underground Facility in question.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

5.06 *Hazardous Environmental Conditions at Site*

A. *Reports and Drawings*: The Supplementary Conditions identify:

1. those reports and drawings known to Owner relating to Hazardous Environmental Conditions that have been identified at or adjacent to the Site; and

2. Technical Data contained in such reports and drawings.

B. *Reliance by Contractor on Technical Data Authorized*: Contractor may rely upon the accuracy of the Technical Data expressly identified in the Supplementary Conditions with respect to such reports and drawings, but such reports and drawings are not Contract Documents. If no such express identification has been made, then Contractor may rely on the accuracy of the Technical Data (as defined in Article 1) contained in any geotechnical or environmental report prepared for the Project and made available to Contractor. Except for such reliance on Technical Data, Contractor may not rely upon or make any claim against Owner or Engineer, or any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors with respect to:

1. the completeness of such reports and drawings for Contractor's purposes, including, but not limited to, any aspects of the means, methods, techniques, sequences and procedures of construction to be employed by Contractor and safety precautions and programs incident thereto; or

2. other data, interpretations, opinions and information contained in such reports or shown or indicated in such drawings; or

3. any Contractor interpretation of or conclusion drawn from any Technical Data or any such other data, interpretations, opinions or information.

C. Contractor shall not be responsible for removing or remediating any Hazardous Environmental Condition encountered, uncovered, or revealed at the Site unless such removal or remediation is expressly identified in the Contract Documents to be within the scope of the Work.

D. Contractor shall be responsible for controlling, containing, and duly removing all Constituents of Concern brought to the Site by Contractor, Subcontractors, Suppliers, or anyone else for whom Contractor is responsible, and for any associated costs; and for the costs of removing and remediating any Hazardous Environmental Condition created by the presence of any such Constituents of Concern.

E. If Contractor encounters, uncovers, or reveals a Hazardous Environmental Condition whose removal or remediation is not expressly identified in the Contract Documents as being within the scope of the Work, or if Contractor or anyone for whom Contractor is responsible creates a Hazardous Environmental Condition, then Contractor shall immediately: (1) secure or otherwise isolate such condition; (2) stop all Work in connection with such condition and in any area affected thereby (except in an emergency as required by Paragraph 7.15); and (3) notify Owner and Engineer (and promptly thereafter confirm such notice in writing). Owner shall promptly consult with Engineer concerning the necessity for Owner to retain a qualified expert to evaluate such condition or take corrective action, if any. Promptly after consulting with Engineer, Owner shall take such actions as are necessary to permit Owner to timely obtain required permits and provide Contractor the written notice required by Paragraph 5.06.F. If Contractor or anyone for whom Contractor is responsible created the Hazardous Environmental Condition in question, then Owner may remove and remediate the Hazardous Environmental Condition, and impose a set-off against payments to account for the associated costs.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

F. Contractor shall not resume Work in connection with such Hazardous Environmental Condition or in any affected area until after Owner has obtained any required permits related thereto, and delivered written notice to Contractor either (1) specifying that such condition and any affected area is or has been rendered safe for the resumption of Work, or (2) specifying any special conditions under which such Work may be resumed safely.

G. If Owner and Contractor cannot agree as to entitlement to or on the amount or extent, if any, of any adjustment in Contract Price or Contract Times, or both, as a result of such Work stoppage or such special conditions under which Work is agreed to be resumed by Contractor, then within 30 days of Owner's written notice regarding the resumption of Work, Contractor may submit a Change Proposal, or Owner may impose a set-off.

H. If after receipt of such written notice Contractor does not agree to resume such Work based on a reasonable belief it is unsafe, or does not agree to resume such Work under such special conditions, then Owner may order the portion of the Work that is in the area affected by such condition to be deleted from the Work, following the contractual change procedures in Article 11. Owner may have such deleted portion of the Work performed by Owner's own forces or others in accordance with Article 8.

I. To the fullest extent permitted by Laws and Regulations, Owner shall indemnify and hold harmless Contractor, Subcontractors, and Engineer, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to a Hazardous Environmental Condition, provided that such Hazardous Environmental Condition (1) was not shown or indicated in the Drawings, Specifications, or other Contract Documents, identified as Technical Data entitled to limited reliance pursuant to Paragraph 5.06.B, or identified in the Contract Documents to be included within the scope of the Work, and (2) was not created by Contractor or by anyone for whom Contractor is responsible. Nothing in this Paragraph 5.06.I shall obligate Owner to indemnify any individual or entity from and against the consequences of that individual's or entity's own negligence.

J. To the fullest extent permitted by Laws and Regulations, Contractor shall indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to the failure to control, contain, or remove a Constituent of Concern brought to the Site by Contractor or by anyone for whom Contractor is responsible, or to a Hazardous Environmental Condition created by Contractor or by anyone for whom Contractor is responsible. Nothing in this Paragraph 5.06.J shall obligate Contractor to indemnify any individual or entity from and against the consequences of that individual's or entity's own negligence.

K. The provisions of Paragraphs 5.03, 5.04, and 5.05 do not apply to the presence of Constituents of Concern or to a Hazardous Environmental Condition uncovered or revealed at the Site.

ARTICLE 6 – BONDS AND INSURANCE

6.01 *Performance, Payment, and Other Bonds*

A. Contractor shall furnish a performance bond and a payment bond, each in an amount at least equal to the Contract Price, as security for the faithful performance and payment of all of Contractor's obligations under the Contract. These bonds shall remain in effect until one year after the date when final payment becomes due or until completion of the correction period specified in Paragraph 15.08, whichever is later, except as provided otherwise by Laws or Regulations, the Supplementary Conditions, or other specific provisions of the Contract. Contractor shall also furnish such other bonds as are required by the Supplementary Conditions or other specific provisions of the Contract.

B. All bonds shall be in the form prescribed by the Contract except as provided otherwise by Laws or Regulations, and shall be executed by such sureties as are named in "Companies Holding Certificates of Authority as Acceptable Sureties on Federal Bonds and as Acceptable Reinsuring Companies" as published in Circular 570 (as amended and supplemented) by the Financial Management Service, Surety Bond Branch, U.S. Department of the Treasury. A bond signed by an agent or attorney-in-fact must be accompanied by a certified copy of that individual's authority to bind the surety. The evidence of authority shall show that it is effective on the date the agent or attorney-in-fact signed the accompanying bond.

C. Contractor shall obtain the required bonds from surety companies that are duly licensed or authorized in the jurisdiction in which the Project is located to issue bonds in the required amounts.

D. If the surety on a bond furnished by Contractor is declared bankrupt or becomes insolvent, or its right to do business is terminated in any state or jurisdiction where any part of the Project is located, or the surety ceases to meet the requirements above, then Contractor shall promptly notify Owner and Engineer and shall, within 20 days after the event giving rise to such notification, provide another bond and surety, both of which shall comply with the bond and surety requirements above.

E. If Contractor has failed to obtain a required bond, Owner may exclude the Contractor from the Site and exercise Owner's termination rights under Article 16.

F. Upon request, Owner shall provide a copy of the payment bond to any Subcontractor, Supplier, or other person or entity claiming to have furnished labor or materials used in the performance of the Work.

6.02 *Insurance—General Provisions*

A. Owner and Contractor shall obtain and maintain insurance as required in this Article and in the Supplementary Conditions.

B. All insurance required by the Contract to be purchased and maintained by Owner or Contractor shall be obtained from insurance companies that are duly licensed or authorized, in the state or jurisdiction in which the Project is located, to issue insurance policies for the required limits and coverages. Unless a different standard is indicated in the Supplementary Conditions, all companies that provide insurance policies required under this Contract shall have an A.M. Best rating of A-VII or better.

C. Contractor shall deliver to Owner, with copies to each named insured and additional insured (as identified in this Article, in the Supplementary Conditions, or elsewhere in the Contract), certificates of insurance establishing that Contractor has obtained and is

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

maintaining the policies, coverages, and endorsements required by the Contract. Upon request by Owner or any other insured, Contractor shall also furnish other evidence of such required insurance, including but not limited to copies of policies and endorsements, and documentation of applicable self-insured retentions and deductibles. Contractor may block out (redact) any confidential premium or pricing information contained in any policy or endorsement furnished under this provision.

D. Owner shall deliver to Contractor, with copies to each named insured and additional insured (as identified in this Article, the Supplementary Conditions, or elsewhere in the Contract), certificates of insurance establishing that Owner has obtained and is maintaining the policies, coverages, and endorsements required of Owner by the Contract (if any). Upon request by Contractor or any other insured, Owner shall also provide other evidence of such required insurance (if any), including but not limited to copies of policies and endorsements, and documentation of applicable self-insured retentions and deductibles. Owner may block out (redact) any confidential premium or pricing information contained in any policy or endorsement furnished under this provision.

E. Failure of Owner or Contractor to demand such certificates or other evidence of the other party's full compliance with these insurance requirements, or failure of Owner or Contractor to identify a deficiency in compliance from the evidence provided, shall not be construed as a waiver of the other party's obligation to obtain and maintain such insurance.

F. If either party does not purchase or maintain all of the insurance required of such party by the Contract, such party shall notify the other party in writing of such failure to purchase prior to the start of the Work, or of such failure to maintain prior to any change in the required coverage.

G. If Contractor has failed to obtain and maintain required insurance, Owner may exclude the Contractor from the Site, impose an appropriate set-off against payment, and exercise Owner's termination rights under Article 16.

H. Without prejudice to any other right or remedy, if a party has failed to obtain required insurance, the other party may elect to obtain equivalent insurance to protect such other party's interests at the expense of the party who was required to provide such coverage, and the Contract Price shall be adjusted accordingly.

I. Owner does not represent that insurance coverage and limits established in this Contract necessarily will be adequate to protect Contractor or Contractor's interests.

J. The insurance and insurance limits required herein shall not be deemed as a limitation on Contractor's liability under the indemnities granted to Owner and other individuals and entities in the Contract.

6.03 *Contractor's Insurance*

A. *Workers' Compensation*: Contractor shall purchase and maintain workers' compensation and employer's liability insurance for:

1. claims under workers' compensation, disability benefits, and other similar employee benefit acts.

2. United States Longshoreman and Harbor Workers' Compensation Act and Jones Act coverage (if applicable).

3. claims for damages because of bodily injury, occupational sickness or disease, or death of Contractor's employees (by stop-gap endorsement in monopolist worker's compensation states).

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

4. Foreign voluntary worker compensation (if applicable).

B. *Commercial General Liability—Claims Covered*: Contractor shall purchase and maintain commercial general liability insurance, covering all operations by or on behalf of Contractor, on an occurrence basis, against:

1. claims for damages because of bodily injury, sickness or disease, or death of any person other than Contractor's employees.

2. claims for damages insured by reasonably available personal injury liability coverage.

3. claims for damages, other than to the Work itself, because of injury to or destruction of tangible property wherever located, including loss of use resulting therefrom.

C. *Commercial General Liability—Form and Content*: Contractor's commercial liability policy shall be written on a 1996 (or later) ISO commercial general liability form (occurrence form) and include the following coverages and endorsements:

1. Products and completed operations coverage:

a. Such insurance shall be maintained for three years after final payment.

b. Contractor shall furnish Owner and each other additional insured (as identified in the Supplementary Conditions or elsewhere in the Contract) evidence of continuation of such insurance at final payment and three years thereafter.

2. Blanket contractual liability coverage, to the extent permitted by law, including but not limited to coverage of Contractor's contractual indemnity obligations in Paragraph 7.18.

3. Broad form property damage coverage.

4. Severability of interest.

5. Underground, explosion, and collapse coverage.

6. Personal injury coverage.

7. Additional insured endorsements that include both ongoing operations and products and completed operations coverage through ISO Endorsements CG 20 10 10 01 and CG 20 37 10 01 (together); or CG 20 10 07 04 and CG 20 37 07 04 (together); or their equivalent.

8. For design professional additional insureds, ISO Endorsement CG 20 32 07 04, "Additional Insured—Engineers, Architects or Surveyors Not Engaged by the Named Insured" or its equivalent.

D. *Automobile liability*: Contractor shall purchase and maintain automobile liability insurance against claims for damages because of bodily injury or death of any person or property damage arising out of the ownership, maintenance, or use of any motor vehicle. The automobile liability policy shall be written on an occurrence basis.

E. *Umbrella or excess liability*: Contractor shall purchase and maintain umbrella or excess liability insurance written over the underlying employer's liability, commercial general liability, and automobile liability insurance described in the paragraphs above. Subject to industry-standard exclusions, the coverage afforded shall follow form as to each and every one of the underlying policies.

F. *Contractor's pollution liability insurance*: Contractor shall purchase and maintain a policy covering third-party injury and property damage claims, including clean-up costs, as a result

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

of pollution conditions arising from Contractor's operations and completed operations. This insurance shall be maintained for no less than three years after final completion.

G. *Additional insureds*: The Contractor's commercial general liability, automobile liability, umbrella or excess, and pollution liability policies shall include and list as additional insureds Owner and Engineer, and any individuals or entities identified in the Supplementary Conditions; include coverage for the respective officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of all such additional insureds; and the insurance afforded to these additional insureds shall provide primary coverage for all claims covered thereby (including as applicable those arising from both ongoing and completed operations) on a non-contributory basis. Contractor shall obtain all necessary endorsements to support these requirements.

H. *Contractor's professional liability insurance*: If Contractor will provide or furnish professional services under this Contract, through a delegation of professional design services or otherwise, then Contractor shall be responsible for purchasing and maintaining applicable professional liability insurance. This insurance shall provide protection against claims arising out of performance of professional design or related services, and caused by a negligent error, omission, or act for which the insured party is legally liable. It shall be maintained throughout the duration of the Contract and for a minimum of two years after Substantial Completion. If such professional design services are performed by a Subcontractor, and not by Contractor itself, then the requirements of this paragraph may be satisfied through the purchasing and maintenance of such insurance by such Subcontractor.

I. *General provisions*: The policies of insurance required by this Paragraph 6.03 shall:

1. include at least the specific coverages provided in this Article.

2. be written for not less than the limits of liability provided in this Article and in the Supplementary Conditions, or required by Laws or Regulations, whichever is greater.

3. contain a provision or endorsement that the coverage afforded will not be canceled, materially changed, or renewal refused until at least 10 days prior written notice has been given to Contractor. Within three days of receipt of any such written notice, Contractor shall provide a copy of the notice to Owner, Engineer, and each other insured under the policy.

4. remain in effect at least until final payment (and longer if expressly required in this Article) and at all times thereafter when Contractor may be correcting, removing, or replacing defective Work as a warranty or correction obligation, or otherwise, or returning to the Site to conduct other tasks arising from the Contract Documents.

5. be appropriate for the Work being performed and provide protection from claims that may arise out of or result from Contractor's performance of the Work and Contractor's other obligations under the Contract Documents, whether it is to be performed by Contractor, any Subcontractor or Supplier, or by anyone directly or indirectly employed by any of them to perform any of the Work, or by anyone for whose acts any of them may be liable.

J. The coverage requirements for specific policies of insurance must be met by such policies, and not by reference to excess or umbrella insurance provided in other policies.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

6.04 *Owner's Liability Insurance*

A. In addition to the insurance required to be provided by Contractor under Paragraph 6.03, Owner, at Owner's option, may purchase and maintain at Owner's expense Owner's own liability insurance as will protect Owner against claims which may arise from operations under the Contract Documents.

B. Owner's liability policies, if any, operate separately and independently from policies required to be provided by Contractor, and Contractor cannot rely upon Owner's liability policies for any of Contractor's obligations to the Owner, Engineer, or third parties.

6.05 *Property Insurance*

A. *Builder's Risk*: Unless otherwise provided in the Supplementary Conditions, Contractor shall purchase and maintain builder's risk insurance upon the Work on a completed value basis, in the amount of the full insurable replacement cost thereof (subject to such deductible amounts as may be provided in the Supplementary Conditions or required by Laws and Regulations). This insurance shall:

1. include the Owner and Contractor as named insureds, and all Subcontractors, and any individuals or entities required by the Supplementary Conditions to be insured under such builder's risk policy, as insureds or named insureds. For purposes of the remainder of this Paragraph 6.05, Paragraphs 6.06 and 6.07, and any corresponding Supplementary Conditions, the parties required to be insured shall collectively be referred to as "insureds."

2. be written on a builder's risk "all risk" policy form that shall at least include insurance for physical loss or damage to the Work, temporary buildings, falsework, and materials and equipment in transit, and shall insure against at least the following perils or causes of loss: fire; lightning; windstorm; riot; civil commotion; terrorism; vehicle impact; aircraft; smoke; theft; vandalism and malicious mischief; mechanical breakdown, boiler explosion, and artificially generated electric current; earthquake; volcanic activity, and other earth movement; flood; collapse; explosion; debris removal; demolition occasioned by enforcement of Laws and Regulations; water damage (other than that caused by flood); and such other perils or causes of loss as may be specifically required by the Supplementary Conditions. If insurance against mechanical breakdown, boiler explosion, and artificially generated electric current; earthquake; volcanic activity, and other earth movement; or flood, are not commercially available under builder's risk policies, by endorsement or otherwise, such insurance may be provided through other insurance policies acceptable to Owner and Contractor.

3. cover, as insured property, at least the following: (a) the Work and all materials, supplies, machinery, apparatus, equipment, fixtures, and other property of a similar nature that are to be incorporated into or used in the preparation, fabrication, construction, erection, or completion of the Work, including Owner-furnished or assigned property; (b) spare parts inventory required within the scope of the Contract; and (c) temporary works which are not intended to form part of the permanent constructed Work but which are intended to provide working access to the Site, or to the Work under construction, or which are intended to provide temporary support for the Work under construction, including scaffolding, form work, fences, shoring, falsework, and temporary structures.

4. cover expenses incurred in the repair or replacement of any insured property (including but not limited to fees and charges of engineers and architects).

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

5. extend to cover damage or loss to insured property while in temporary storage at the Site or in a storage location outside the Site (but not including property stored at the premises of a manufacturer or Supplier).

6. extend to cover damage or loss to insured property while in transit.

7. allow for partial occupation or use of the Work by Owner, such that those portions of the Work that are not yet occupied or used by Owner shall remain covered by the builder's risk insurance.

8. allow for the waiver of the insurer's subrogation rights, as set forth below.

9. provide primary coverage for all losses and damages caused by the perils or causes of loss covered.

10. not include a co-insurance clause.

11. include an exception for ensuing losses from physical damage or loss with respect to any defective workmanship, design, or materials exclusions.

12. include performance/hot testing and start-up.

13. be maintained in effect, subject to the provisions herein regarding Substantial Completion and partial occupancy or use of the Work by Owner, until the Work is complete.

B. *Notice of Cancellation or Change*: All the policies of insurance (and the certificates or other evidence thereof) required to be purchased and maintained in accordance with this Paragraph 6.05 will contain a provision or endorsement that the coverage afforded will not be canceled or materially changed or renewal refused until at least 10 days prior written notice has been given to the purchasing policyholder. Within three days of receipt of any such written notice, the purchasing policyholder shall provide a copy of the notice to each other insured.

C. *Deductibles*: The purchaser of any required builder's risk or property insurance shall pay for costs not covered because of the application of a policy deductible.

D. *Partial Occupancy or Use by Owner*: If Owner will occupy or use a portion or portions of the Work prior to Substantial Completion of all the Work as provided in Paragraph 15.04, then Owner (directly, if it is the purchaser of the builder's risk policy, or through Contractor) will provide notice of such occupancy or use to the builder's risk insurer. The builder's risk insurance shall not be canceled or permitted to lapse on account of any such partial use or occupancy; rather, those portions of the Work that are occupied or used by Owner may come off the builder's risk policy, while those portions of the Work not yet occupied or used by Owner shall remain covered by the builder's risk insurance.

E. *Additional Insurance*: If Contractor elects to obtain other special insurance to be included in or supplement the builder's risk or property insurance policies provided under this Paragraph 6.05, it may do so at Contractor's expense.

F. *Insurance of Other Property*: If the express insurance provisions of the Contract do not require or address the insurance of a property item or interest, such as tools, construction equipment, or other personal property owned by Contractor, a Subcontractor, or an employee of Contractor or a Subcontractor, then the entity or individual owning such property item will be responsible for deciding whether to insure it, and if so in what amount.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

6.06 *Waiver of Rights*

A. All policies purchased in accordance with Paragraph 6.05, expressly including the builder's risk policy, shall contain provisions to the effect that in the event of payment of any loss or damage the insurers will have no rights of recovery against any insureds thereunder, or against Engineer or its consultants, or their officers, directors, members, partners, employees, agents, consultants, or subcontractors. Owner and Contractor waive all rights against each other and the respective officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them, for all losses and damages caused by, arising out of, or resulting from any of the perils or causes of loss covered by such policies and any other property insurance applicable to the Work; and, in addition, waive all such rights against Engineer, its consultants, all Subcontractors, all individuals or entities identified in the Supplementary Conditions as insureds, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them, under such policies for losses and damages so caused. None of the above waivers shall extend to the rights that any party making such waiver may have to the proceeds of insurance held by Owner or Contractor as trustee or fiduciary, or otherwise payable under any policy so issued.

B. Owner waives all rights against Contractor, Subcontractors, and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them, for:

1. loss due to business interruption, loss of use, or other consequential loss extending beyond direct physical loss or damage to Owner's property or the Work caused by, arising out of, or resulting from fire or other perils whether or not insured by Owner; and

2. loss or damage to the completed Project or part thereof caused by, arising out of, or resulting from fire or other insured peril or cause of loss covered by any property insurance maintained on the completed Project or part thereof by Owner during partial occupancy or use pursuant to Paragraph 15.04, after Substantial Completion pursuant to Paragraph 15.03, or after final payment pursuant to Paragraph 15.06.

C. Any insurance policy maintained by Owner covering any loss, damage or consequential loss referred to in Paragraph 6.06.B shall contain provisions to the effect that in the event of payment of any such loss, damage, or consequential loss, the insurers will have no rights of recovery against Contractor, Subcontractors, or Engineer, or the officers, directors, members, partners, employees, agents, consultants, or subcontractors of each and any of them.

D. Contractor shall be responsible for assuring that the agreement under which a Subcontractor performs a portion of the Work contains provisions whereby the Subcontractor waives all rights against Owner, Contractor, all individuals or entities identified in the Supplementary Conditions as insureds, the Engineer and its consultants, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them, for all losses and damages caused by, arising out of, relating to, or resulting from any of the perils or causes of loss covered by builder's risk insurance and any other property insurance applicable to the Work.

6.07 *Receipt and Application of Property Insurance Proceeds*

A. Any insured loss under the builder's risk and other policies of insurance required by Paragraph 6.05 will be adjusted and settled with the named insured that purchased the

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

policy. Such named insured shall act as fiduciary for the other insureds, and give notice to such other insureds that adjustment and settlement of a claim is in progress. Any other insured may state its position regarding a claim for insured loss in writing within 15 days after notice of such claim.

B. Proceeds for such insured losses may be made payable by the insurer either jointly to multiple insureds, or to the named insured that purchased the policy in its own right and as fiduciary for other insureds, subject to the requirements of any applicable mortgage clause. A named insured receiving insurance proceeds under the builder's risk and other policies of insurance required by Paragraph 6.05 shall distribute such proceeds in accordance with such agreement as the parties in interest may reach, or as otherwise required under the dispute resolution provisions of this Contract or applicable Laws and Regulations.

C. If no other special agreement is reached, the damaged Work shall be repaired or replaced, the money so received applied on account thereof, and the Work and the cost thereof covered by Change Order, if needed.

ARTICLE 7 – CONTRACTOR'S RESPONSIBILITIES

7.01 *Supervision and Superintendence*

A. Contractor shall supervise, inspect, and direct the Work competently and efficiently, devoting such attention thereto and applying such skills and expertise as may be necessary to perform the Work in accordance with the Contract Documents. Contractor shall be solely responsible for the means, methods, techniques, sequences, and procedures of construction.

B. At all times during the progress of the Work, Contractor shall assign a competent resident superintendent who shall not be replaced without written notice to Owner and Engineer except under extraordinary circumstances.

7.02 *Labor; Working Hours*

A. Contractor shall provide competent, suitably qualified personnel to survey and lay out the Work and perform construction as required by the Contract Documents. Contractor shall at all times maintain good discipline and order at the Site.

B. Except as otherwise required for the safety or protection of persons or the Work or property at the Site or adjacent thereto, and except as otherwise stated in the Contract Documents, all Work at the Site shall only be performed during regular working hours, Monday through Friday. Contractor will not perform Work on a Saturday, Sunday, or any legal holiday. Contractor may perform Work outside regular working hours or on Saturdays, Sundays, or legal holidays only with Owner's written consent, which will not be unreasonably withheld.

7.03 *Services, Materials, and Equipment*

A. Unless otherwise specified in the Contract Documents, Contractor shall provide and assume full responsibility for all services, materials, equipment, labor, transportation, construction equipment and machinery, tools, appliances, fuel, power, light, heat, telephone, water, sanitary facilities, temporary facilities, and all other facilities and incidentals necessary for the performance, testing, start up, and completion of the Work, whether or not such items are specifically called for in the Contract Documents.

B. All materials and equipment incorporated into the Work shall be of good quality and new, except as otherwise provided in the Contract Documents. All special warranties and

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

guarantees required by the Specifications shall expressly run to the benefit of Owner. If required by Engineer, Contractor shall furnish satisfactory evidence (including reports of required tests) as to the source, kind, and quality of materials and equipment.

C. All materials and equipment shall be stored, applied, installed, connected, erected, protected, used, cleaned, and conditioned in accordance with instructions of the applicable Supplier, except as otherwise may be provided in the Contract Documents.

7.04 *"Or Equals"*

A. Whenever an item of material or equipment is specified or described in the Contract Documents by using the name of a proprietary item or the name of a particular Supplier, the Contract Price has been based upon Contractor furnishing such item as specified. The specification or description of such an item is intended to establish the type, function, appearance, and quality required. Unless the specification or description contains or is followed by words reading that no like, equivalent, or "or equal" item is permitted, Contractor may request that Engineer authorize the use of other items of material or equipment, or items from other proposed suppliers under the circumstances described below.

1. If Engineer in its sole discretion determines that an item of material or equipment proposed by Contractor is functionally equal to that named and sufficiently similar so that no change in related Work will be required, Engineer shall deem it an "or equal" item. For the purposes of this paragraph, a proposed item of material or equipment will be considered functionally equal to an item so named if:

a. in the exercise of reasonable judgment Engineer determines that:

1) it is at least equal in materials of construction, quality, durability, appearance, strength, and design characteristics;

2) it will reliably perform at least equally well the function and achieve the results imposed by the design concept of the completed Project as a functioning whole;

3) it has a proven record of performance and availability of responsive service; and

4) it is not objectionable to Owner.

b. Contractor certifies that, if approved and incorporated into the Work:

1) there will be no increase in cost to the Owner or increase in Contract Times; and

2) it will conform substantially to the detailed requirements of the item named in the Contract Documents.

B. *Contractor's Expense*: Contractor shall provide all data in support of any proposed "or equal" item at Contractor's expense.

C. *Engineer's Evaluation and Determination*: Engineer will be allowed a reasonable time to evaluate each "or-equal" request. Engineer may require Contractor to furnish additional data about the proposed "or-equal" item. Engineer will be the sole judge of acceptability. No "or-equal" item will be ordered, furnished, installed, or utilized until Engineer's review is complete and Engineer determines that the proposed item is an "or-equal", which will be evidenced by an approved Shop Drawing or other written communication. Engineer will advise Contractor in writing of any negative determination.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

D. *Effect of Engineer's Determination*: Neither approval nor denial of an "or-equal" request shall result in any change in Contract Price. The Engineer's denial of an "or-equal" request shall be final and binding, and may not be reversed through an appeal under any provision of the Contract Documents.

E. *Treatment as a Substitution Request*: If Engineer determines that an item of material or equipment proposed by Contractor does not qualify as an "or-equal" item, Contractor may request that Engineer considered the proposed item as a substitute pursuant to Paragraph 7.05.

7.05 *Substitutes*

A. Unless the specification or description of an item of material or equipment required to be furnished under the Contract Documents contains or is followed by words reading that no substitution is permitted, Contractor may request that Engineer authorize the use of other items of material or equipment under the circumstances described below. To the extent possible such requests shall be made before commencement of related construction at the Site.

1. Contractor shall submit sufficient information as provided below to allow Engineer to determine if the item of material or equipment proposed is functionally equivalent to that named and an acceptable substitute therefor. Engineer will not accept requests for review of proposed substitute items of material or equipment from anyone other than Contractor.

2. The requirements for review by Engineer will be as set forth in Paragraph 7.05.B, as supplemented by the Specifications, and as Engineer may decide is appropriate under the circumstances.

3. Contractor shall make written application to Engineer for review of a proposed substitute item of material or equipment that Contractor seeks to furnish or use. The application:

a. shall certify that the proposed substitute item will:

1) perform adequately the functions and achieve the results called for by the general design,

2) be similar in substance to that specified, and

3) be suited to the same use as that specified.

b. will state:

1) the extent, if any, to which the use of the proposed substitute item will necessitate a change in Contract Times,

2) whether use of the proposed substitute item in the Work will require a change in any of the Contract Documents (or in the provisions of any other direct contract with Owner for other work on the Project) to adapt the design to the proposed substitute item, and

3) whether incorporation or use of the proposed substitute item in connection with the Work is subject to payment of any license fee or royalty.

c. will identify:

1) all variations of the proposed substitute item from that specified, and

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2) available engineering, sales, maintenance, repair, and replacement services.

d. shall contain an itemized estimate of all costs or credits that will result directly or indirectly from use of such substitute item, including but not limited to changes in Contract Price, shared savings, costs of redesign, and claims of other contractors affected by any resulting change.

B. *Engineer's Evaluation and Determination*: Engineer will be allowed a reasonable time to evaluate each substitute request, and to obtain comments and direction from Owner. Engineer may require Contractor to furnish additional data about the proposed substitute item. Engineer will be the sole judge of acceptability. No substitute will be ordered, furnished, installed, or utilized until Engineer's review is complete and Engineer determines that the proposed item is an acceptable substitute. Engineer's determination will be evidenced by a Field Order or a proposed Change Order accounting for the substitution itself and all related impacts, including changes in Contract Price or Contract Times. Engineer will advise Contractor in writing of any negative determination.

C. *Special Guarantee*: Owner may require Contractor to furnish at Contractor's expense a special performance guarantee or other surety with respect to any substitute.

D. *Reimbursement of Engineer's Cost*: Engineer will record Engineer's costs in evaluating a substitute proposed or submitted by Contractor. Whether or not Engineer approves a substitute so proposed or submitted by Contractor, Contractor shall reimburse Owner for the reasonable charges of Engineer for evaluating each such proposed substitute. Contractor shall also reimburse Owner for the reasonable charges of Engineer for making changes in the Contract Documents (or in the provisions of any other direct contract with Owner) resulting from the acceptance of each proposed substitute.

E. *Contractor's Expense*: Contractor shall provide all data in support of any proposed substitute at Contractor's expense.

F. *Effect of Engineer's Determination*: If Engineer approves the substitution request, Contractor shall execute the proposed Change Order and proceed with the substitution. The Engineer's denial of a substitution request shall be final and binding, and may not be reversed through an appeal under any provision of the Contract Documents. Contractor may challenge the scope of reimbursement costs imposed under Paragraph 7.05.D, by timely submittal of a Change Proposal.

7.06 *Concerning Subcontractors, Suppliers, and Others*

A. Contractor may retain Subcontractors and Suppliers for the performance of parts of the Work. Such Subcontractors and Suppliers must be acceptable to Owner.

B. Contractor shall retain specific Subcontractors, Suppliers, or other individuals or entities for the performance of designated parts of the Work if required by the Contract to do so.

C. Subsequent to the submittal of Contractor's Bid or final negotiation of the terms of the Contract, Owner may not require Contractor to retain any Subcontractor, Supplier, or other individual or entity to furnish or perform any of the Work against which Contractor has reasonable objection.

D. Prior to entry into any binding subcontract or purchase order, Contractor shall submit to Owner the identity of the proposed Subcontractor or Supplier (unless Owner has already deemed such proposed Subcontractor or Supplier acceptable, during the bidding process or otherwise). Such proposed Subcontractor or Supplier shall be deemed acceptable to Owner unless Owner raises a substantive, reasonable objection within five days.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

E. Owner may require the replacement of any Subcontractor, Supplier, or other individual or entity retained by Contractor to perform any part of the Work. Owner also may require Contractor to retain specific replacements; provided, however, that Owner may not require a replacement to which Contractor has a reasonable objection. If Contractor has submitted the identity of certain Subcontractors, Suppliers, or other individuals or entities for acceptance by Owner, and Owner has accepted it (either in writing or by failing to make written objection thereto), then Owner may subsequently revoke the acceptance of any such Subcontractor, Supplier, or other individual or entity so identified solely on the basis of substantive, reasonable objection after due investigation. Contractor shall submit an acceptable replacement for the rejected Subcontractor, Supplier, or other individual or entity.

F. If Owner requires the replacement of any Subcontractor, Supplier, or other individual or entity retained by Contractor to perform any part of the Work, then Contractor shall be entitled to an adjustment in Contract Price or Contract Times, or both, with respect to the replacement; and Contractor shall initiate a Change Proposal for such adjustment within 30 days of Owner's requirement of replacement.

G. No acceptance by Owner of any such Subcontractor, Supplier, or other individual or entity, whether initially or as a replacement, shall constitute a waiver of the right of Owner to the completion of the Work in accordance with the Contract Documents.

H. On a monthly basis Contractor shall submit to Engineer a complete list of all Subcontractors and Suppliers having a direct contract with Contractor, and of all other Subcontractors and Suppliers known to Contractor at the time of submittal.

I. Contractor shall be fully responsible to Owner and Engineer for all acts and omissions of the Subcontractors, Suppliers, and other individuals or entities performing or furnishing any of the Work just as Contractor is responsible for Contractor's own acts and omissions.

J. Contractor shall be solely responsible for scheduling and coordinating the work of Subcontractors, Suppliers, and all other individuals or entities performing or furnishing any of the Work.

K. Contractor shall restrict all Subcontractors, Suppliers, and such other individuals or entities performing or furnishing any of the Work from communicating with Engineer or Owner, except through Contractor or in case of an emergency, or as otherwise expressly allowed herein.

L. The divisions and sections of the Specifications and the identifications of any Drawings shall not control Contractor in dividing the Work among Subcontractors or Suppliers or delineating the Work to be performed by any specific trade.

M. All Work performed for Contractor by a Subcontractor or Supplier shall be pursuant to an appropriate contractual agreement that specifically binds the Subcontractor or Supplier to the applicable terms and conditions of the Contract Documents for the benefit of Owner and Engineer.

N. Owner may furnish to any Subcontractor or Supplier, to the extent practicable, information about amounts paid to Contractor on account of Work performed for Contractor by the particular Subcontractor or Supplier.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

O. Nothing in the Contract Documents:

1. shall create for the benefit of any such Subcontractor, Supplier, or other individual or entity any contractual relationship between Owner or Engineer and any such Subcontractor, Supplier, or other individual or entity; nor

2. shall create any obligation on the part of Owner or Engineer to pay or to see to the payment of any money due any such Subcontractor, Supplier, or other individual or entity except as may otherwise be required by Laws and Regulations.

7.07 *Patent Fees and Royalties*

A. Contractor shall pay all license fees and royalties and assume all costs incident to the use in the performance of the Work or the incorporation in the Work of any invention, design, process, product, or device which is the subject of patent rights or copyrights held by others. If a particular invention, design, process, product, or device is specified in the Contract Documents for use in the performance of the Work and if, to the actual knowledge of Owner or Engineer, its use is subject to patent rights or copyrights calling for the payment of any license fee or royalty to others, the existence of such rights shall be disclosed by Owner in the Contract Documents.

B. To the fullest extent permitted by Laws and Regulations, Owner shall indemnify and hold harmless Contractor, and its officers, directors, members, partners, employees, agents, consultants, and subcontractors from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals, and all court or arbitration or other dispute resolution costs) arising out of or relating to any infringement of patent rights or copyrights incident to the use in the performance of the Work or resulting from the incorporation in the Work of any invention, design, process, product, or device specified in the Contract Documents, but not identified as being subject to payment of any license fee or royalty to others required by patent rights or copyrights.

C. To the fullest extent permitted by Laws and Regulations, Contractor shall indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to any infringement of patent rights or copyrights incident to the use in the performance of the Work or resulting from the incorporation in the Work of any invention, design, process, product, or device not specified in the Contract Documents.

7.08 *Permits*

A. Unless otherwise provided in the Contract Documents, Contractor shall obtain and pay for all construction permits and licenses. Owner shall assist Contractor, when necessary, in obtaining such permits and licenses. Contractor shall pay all governmental charges and inspection fees necessary for the prosecution of the Work which are applicable at the time of the submission of Contractor's Bid (or when Contractor became bound under a negotiated contract). Owner shall pay all charges of utility owners for connections for providing permanent service to the Work

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

7.09 *Taxes*

A. Contractor shall pay all sales, consumer, use, and other similar taxes required to be paid by Contractor in accordance with the Laws and Regulations of the place of the Project which are applicable during the performance of the Work.

7.10 *Laws and Regulations*

A. Contractor shall give all notices required by and shall comply with all Laws and Regulations applicable to the performance of the Work. Except where otherwise expressly required by applicable Laws and Regulations, neither Owner nor Engineer shall be responsible for monitoring Contractor's compliance with any Laws or Regulations.

B. If Contractor performs any Work or takes any other action knowing or having reason to know that it is contrary to Laws or Regulations, Contractor shall bear all resulting costs and losses, and shall indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such Work or other action. It shall not be Contractor's responsibility to make certain that the Work described in the Contract Documents is in accordance with Laws and Regulations, but this shall not relieve Contractor of Contractor's obligations under Paragraph 3.03.

C. Owner or Contractor may give notice to the other party of any changes after the submission of Contractor's Bid (or after the date when Contractor became bound under a negotiated contract) in Laws or Regulations having an effect on the cost or time of performance of the Work, including but not limited to changes in Laws or Regulations having an effect on procuring permits and on sales, use, value-added, consumption, and other similar taxes. If Owner and Contractor are unable to agree on entitlement to or on the amount or extent, if any, of any adjustment in Contract Price or Contract Times resulting from such changes, then within 30 days of such notice Contractor may submit a Change Proposal, or Owner may initiate a Claim.

7.11 *Record Documents*

A. Contractor shall maintain in a safe place at the Site one printed record copy of all Drawings, Specifications, Addenda, Change Orders, Work Change Directives, Field Orders, written interpretations and clarifications, and approved Shop Drawings. Contractor shall keep such record documents in good order and annotate them to show changes made during construction. These record documents, together with all approved Samples, will be available to Engineer for reference. Upon completion of the Work, Contractor shall deliver these record documents to Engineer.

7.12 *Safety and Protection*

A. Contractor shall be solely responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the Work. Such responsibility does not relieve Subcontractors of their responsibility for the safety of persons or property in the performance of their work, nor for compliance with applicable safety Laws and Regulations. Contractor shall take all necessary precautions for the safety of, and shall provide the necessary protection to prevent damage, injury, or loss to:

1. all persons on the Site or who may be affected by the Work;

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. all the Work and materials and equipment to be incorporated therein, whether in storage on or off the Site; and

3. other property at the Site or adjacent thereto, including trees, shrubs, lawns, walks, pavements, roadways, structures, other work in progress, utilities, and Underground Facilities not designated for removal, relocation, or replacement in the course of construction.

B. Contractor shall comply with all applicable Laws and Regulations relating to the safety of persons or property, or to the protection of persons or property from damage, injury, or loss; and shall erect and maintain all necessary safeguards for such safety and protection. Contractor shall notify Owner; the owners of adjacent property, Underground Facilities, and other utilities; and other contractors and utility owners performing work at or adjacent to the Site, when prosecution of the Work may affect them, and shall cooperate with them in the protection, removal, relocation, and replacement of their property or work in progress.

C. Contractor shall comply with the applicable requirements of Owner's safety programs, if any. The Supplementary Conditions identify any Owner's safety programs that are applicable to the Work.

D. Contractor shall inform Owner and Engineer of the specific requirements of Contractor's safety program with which Owner's and Engineer's employees and representatives must comply while at the Site.

E. All damage, injury, or loss to any property referred to in Paragraph 7.12.A.2 or 7.12.A.3 caused, directly or indirectly, in whole or in part, by Contractor, any Subcontractor, Supplier, or any other individual or entity directly or indirectly employed by any of them to perform any of the Work, or anyone for whose acts any of them may be liable, shall be remedied by Contractor at its expense (except damage or loss attributable to the fault of Drawings or Specifications or to the acts or omissions of Owner or Engineer or anyone employed by any of them, or anyone for whose acts any of them may be liable, and not attributable, directly or indirectly, in whole or in part, to the fault or negligence of Contractor or any Subcontractor, Supplier, or other individual or entity directly or indirectly employed by any of them).

F. Contractor's duties and responsibilities for safety and protection shall continue until such time as all the Work is completed and Engineer has issued a notice to Owner and Contractor in accordance with Paragraph 15.06.B that the Work is acceptable (except as otherwise expressly provided in connection with Substantial Completion).

G. Contractor's duties and responsibilities for safety and protection shall resume whenever Contractor or any Subcontractor or Supplier returns to the Site to fulfill warranty or correction obligations, or to conduct other tasks arising from the Contract Documents.

7.13 *Safety Representative*

A. Contractor shall designate a qualified and experienced safety representative at the Site whose duties and responsibilities shall be the prevention of accidents and the maintaining and supervising of safety precautions and programs.

7.14 *Hazard Communication Programs*

A. Contractor shall be responsible for coordinating any exchange of material safety data sheets or other hazard communication information required to be made available to or

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

exchanged between or among employers at the Site in accordance with Laws or Regulations.

7.15 *Emergencies*

A. In emergencies affecting the safety or protection of persons or the Work or property at the Site or adjacent thereto, Contractor is obligated to act to prevent threatened damage, injury, or loss. Contractor shall give Engineer prompt written notice if Contractor believes that any significant changes in the Work or variations from the Contract Documents have been caused thereby or are required as a result thereof. If Engineer determines that a change in the Contract Documents is required because of the action taken by Contractor in response to such an emergency, a Work Change Directive or Change Order will be issued.

7.16 *Shop Drawings, Samples, and Other Submittals*

A. *Shop Drawing and Sample Submittal Requirements*:

1. Before submitting a Shop Drawing or Sample, Contractor shall have:

a. reviewed and coordinated the Shop Drawing or Sample with other Shop Drawings and Samples and with the requirements of the Work and the Contract Documents;

b. determined and verified all field measurements, quantities, dimensions, specified performance and design criteria, installation requirements, materials, catalog numbers, and similar information with respect thereto;

c. determined and verified the suitability of all materials and equipment offered with respect to the indicated application, fabrication, shipping, handling, storage, assembly, and installation pertaining to the performance of the Work; and

d. determined and verified all information relative to Contractor's responsibilities for means, methods, techniques, sequences, and procedures of construction, and safety precautions and programs incident thereto.

2. Each submittal shall bear a stamp or specific written certification that Contractor has satisfied Contractor's obligations under the Contract Documents with respect to Contractor's review of that submittal, and that Contractor approves the submittal.

3. With each submittal, Contractor shall give Engineer specific written notice of any variations that the Shop Drawing or Sample may have from the requirements of the Contract Documents. This notice shall be set forth in a written communication separate from the Shop Drawings or Sample submittal; and, in addition, in the case of Shop Drawings by a specific notation made on each Shop Drawing submitted to Engineer for review and approval of each such variation.

B. *Submittal Procedures for Shop Drawings and Samples*: Contractor shall submit Shop Drawings and Samples to Engineer for review and approval in accordance with the accepted Schedule of Submittals. Each submittal will be identified as Engineer may require.

1. *Shop Drawings*:

a. Contractor shall submit the number of copies required in the Specifications.

b. Data shown on the Shop Drawings will be complete with respect to quantities, dimensions, specified performance and design criteria, materials, and similar data to show Engineer the services, materials, and equipment Contractor proposes to

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

provide and to enable Engineer to review the information for the limited purposes required by Paragraph 7.16.D.

2. *Samples*:

   a. Contractor shall submit the number of Samples required in the Specifications.

   b. Contractor shall clearly identify each Sample as to material, Supplier, pertinent data such as catalog numbers, the use for which intended and other data as Engineer may require to enable Engineer to review the submittal for the limited purposes required by Paragraph 7.16.D.

3. Where a Shop Drawing or Sample is required by the Contract Documents or the Schedule of Submittals, any related Work performed prior to Engineer's review and approval of the pertinent submittal will be at the sole expense and responsibility of Contractor.

C. *Other Submittals*: Contractor shall submit other submittals to Engineer in accordance with the accepted Schedule of Submittals, and pursuant to the applicable terms of the Specifications.

D. *Engineer's Review*:

1. Engineer will provide timely review of Shop Drawings and Samples in accordance with the Schedule of Submittals acceptable to Engineer. Engineer's review and approval will be only to determine if the items covered by the submittals will, after installation or incorporation in the Work, conform to the information given in the Contract Documents and be compatible with the design concept of the completed Project as a functioning whole as indicated by the Contract Documents.

2. Engineer's review and approval will not extend to means, methods, techniques, sequences, or procedures of construction or to safety precautions or programs incident thereto.

3. Engineer's review and approval of a separate item as such will not indicate approval of the assembly in which the item functions.

4. Engineer's review and approval of a Shop Drawing or Sample shall not relieve Contractor from responsibility for any variation from the requirements of the Contract Documents unless Contractor has complied with the requirements of Paragraph 7.16.A.3 and Engineer has given written approval of each such variation by specific written notation thereof incorporated in or accompanying the Shop Drawing or Sample. Engineer will document any such approved variation from the requirements of the Contract Documents in a Field Order.

5. Engineer's review and approval of a Shop Drawing or Sample shall not relieve Contractor from responsibility for complying with the requirements of Paragraph 7.16.A and B.

6. Engineer's review and approval of a Shop Drawing or Sample, or of a variation from the requirements of the Contract Documents, shall not, under any circumstances, change the Contract Times or Contract Price, unless such changes are included in a Change Order.

7. Neither Engineer's receipt, review, acceptance or approval of a Shop Drawing, Sample, or other submittal shall result in such item becoming a Contract Document.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

8. Contractor shall perform the Work in compliance with the requirements and commitments set forth in approved Shop Drawings and Samples, subject to the provisions of Paragraph 7.16.D.4.

E. *Resubmittal Procedures*:

1. Contractor shall make corrections required by Engineer and shall return the required number of corrected copies of Shop Drawings and submit, as required, new Samples for review and approval. Contractor shall direct specific attention in writing to revisions other than the corrections called for by Engineer on previous submittals.

2. Contractor shall furnish required submittals with sufficient information and accuracy to obtain required approval of an item with no more than three submittals. Engineer will record Engineer's time for reviewing a fourth or subsequent submittal of a Shop Drawings, sample, or other item requiring approval, and Contractor shall be responsible for Engineer's charges to Owner for such time. Owner may impose a set-off against payments due to Contractor to secure reimbursement for such charges.

3. If Contractor requests a change of a previously approved submittal item, Contractor shall be responsible for Engineer's charges to Owner for its review time, and Owner may impose a set-off against payments due to Contractor to secure reimbursement for such charges, unless the need for such change is beyond the control of Contractor.

7.17 *Contractor's General Warranty and Guarantee*

A. Contractor warrants and guarantees to Owner that all Work will be in accordance with the Contract Documents and will not be defective. Engineer and its officers, directors, members, partners, employees, agents, consultants, and subcontractors shall be entitled to rely on Contractor's warranty and guarantee.

B. Contractor's warranty and guarantee hereunder excludes defects or damage caused by:

1. abuse, modification, or improper maintenance or operation by persons other than Contractor, Subcontractors, Suppliers, or any other individual or entity for whom Contractor is responsible; or

2. normal wear and tear under normal usage.

C. Contractor's obligation to perform and complete the Work in accordance with the Contract Documents shall be absolute. None of the following will constitute an acceptance of Work that is not in accordance with the Contract Documents or a release of Contractor's obligation to perform the Work in accordance with the Contract Documents:

1. observations by Engineer;

2. recommendation by Engineer or payment by Owner of any progress or final payment;

3. the issuance of a certificate of Substantial Completion by Engineer or any payment related thereto by Owner;

4. use or occupancy of the Work or any part thereof by Owner;

5. any review and approval of a Shop Drawing or Sample submittal;

6. the issuance of a notice of acceptability by Engineer;

7. any inspection, test, or approval by others; or

8. any correction of defective Work by Owner.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

D. If the Contract requires the Contractor to accept the assignment of a contract entered into by Owner, then the specific warranties, guarantees, and correction obligations contained in the assigned contract shall govern with respect to Contractor's performance obligations to Owner for the Work described in the assigned contract.

7.18 *Indemnification*

A. To the fullest extent permitted by Laws and Regulations, and in addition to any other obligations of Contractor under the Contract or otherwise, Contractor shall indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to the performance of the Work, provided that any such claim, cost, loss, or damage is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom but only to the extent caused by any negligent act or omission of Contractor, any Subcontractor, any Supplier, or any individual or entity directly or indirectly employed by any of them to perform any of the Work or anyone for whose acts any of them may be liable.

B. In any and all claims against Owner or Engineer or any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors by any employee (or the survivor or personal representative of such employee) of Contractor, any Subcontractor, any Supplier, or any individual or entity directly or indirectly employed by any of them to perform any of the Work, or anyone for whose acts any of them may be liable, the indemnification obligation under Paragraph 7.18.A shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for Contractor or any such Subcontractor, Supplier, or other individual or entity under workers' compensation acts, disability benefit acts, or other employee benefit acts.

C. The indemnification obligations of Contractor under Paragraph 7.18.A shall not extend to the liability of Engineer and Engineer's officers, directors, members, partners, employees, agents, consultants and subcontractors arising out of:

1. the preparation or approval of, or the failure to prepare or approve maps, Drawings, opinions, reports, surveys, Change Orders, designs, or Specifications; or

2. giving directions or instructions, or failing to give them, if that is the primary cause of the injury or damage.

7.19 *Delegation of Professional Design Services*

A. Contractor will not be required to provide professional design services unless such services are specifically required by the Contract Documents for a portion of the Work or unless such services are required to carry out Contractor's responsibilities for construction means, methods, techniques, sequences and procedures. Contractor shall not be required to provide professional services in violation of applicable Laws and Regulations.

B. If professional design services or certifications by a design professional related to systems, materials, or equipment are specifically required of Contractor by the Contract Documents, Owner and Engineer will specify all performance and design criteria that such services must satisfy. Contractor shall cause such services or certifications to be provided by a properly licensed professional, whose signature and seal shall appear on all drawings, calculations, specifications, certifications, and other submittals prepared by such professional. Shop

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

Drawings and other submittals related to the Work designed or certified by such professional, if prepared by others, shall bear such professional's written approval when submitted to Engineer.

C. Owner and Engineer shall be entitled to rely upon the adequacy, accuracy, and completeness of the services, certifications, or approvals performed by such design professionals, provided Owner and Engineer have specified to Contractor all performance and design criteria that such services must satisfy.

D. Pursuant to this paragraph, Engineer's review and approval of design calculations and design drawings will be only for the limited purpose of checking for conformance with performance and design criteria given and the design concept expressed in the Contract Documents. Engineer's review and approval of Shop Drawings and other submittals (except design calculations and design drawings) will be only for the purpose stated in Paragraph 7.16.D.1.

E. Contractor shall not be responsible for the adequacy of the performance or design criteria specified by Owner or Engineer.

ARTICLE 8 – OTHER WORK AT THE SITE

8.01 *Other Work*

A. In addition to and apart from the Work under the Contract Documents, the Owner may perform other work at or adjacent to the Site. Such other work may be performed by Owner's employees, or through contracts between the Owner and third parties. Owner may also arrange to have third-party utility owners perform work on their utilities and facilities at or adjacent to the Site.

B. If Owner performs other work at or adjacent to the Site with Owner's employees, or through contracts for such other work, then Owner shall give Contractor written notice thereof prior to starting any such other work. If Owner has advance information regarding the start of any utility work at or adjacent to the Site, Owner shall provide such information to Contractor.

C. Contractor shall afford each other contractor that performs such other work, each utility owner performing other work, and Owner, if Owner is performing other work with Owner's employees, proper and safe access to the Site, and provide a reasonable opportunity for the introduction and storage of materials and equipment and the execution of such other work. Contractor shall do all cutting, fitting, and patching of the Work that may be required to properly connect or otherwise make its several parts come together and properly integrate with such other work. Contractor shall not endanger any work of others by cutting, excavating, or otherwise altering such work; provided, however, that Contractor may cut or alter others' work with the written consent of Engineer and the others whose work will be affected.

D. If the proper execution or results of any part of Contractor's Work depends upon work performed by others under this Article 8, Contractor shall inspect such other work and promptly report to Engineer in writing any delays, defects, or deficiencies in such other work that render it unavailable or unsuitable for the proper execution and results of Contractor's Work. Contractor's failure to so report will constitute an acceptance of such other work as fit and proper for integration with Contractor's Work except for latent defects and deficiencies in such other work.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

8.02 *Coordination*

A. If Owner intends to contract with others for the performance of other work at or adjacent to the Site, to perform other work at or adjacent to the Site with Owner's employees, or to arrange to have utility owners perform work at or adjacent to the Site, the following will be set forth in the Supplementary Conditions or provided to Contractor prior to the start of any such other work:

1. the identity of the individual or entity that will have authority and responsibility for coordination of the activities among the various contractors;

2. an itemization of the specific matters to be covered by such authority and responsibility; and

3. the extent of such authority and responsibilities.

B. Unless otherwise provided in the Supplementary Conditions, Owner shall have sole authority and responsibility for such coordination.

8.03 *Legal Relationships*

A. If, in the course of performing other work at or adjacent to the Site for Owner, the Owner's employees, any other contractor working for Owner, or any utility owner for whom the Owner is responsible causes damage to the Work or to the property of Contractor or its Subcontractors, or delays, disrupts, interferes with, or increases the scope or cost of the performance of the Work, through actions or inaction, then Contractor shall be entitled to an equitable adjustment in the Contract Price or the Contract Times, or both. Contractor must submit any Change Proposal seeking an equitable adjustment in the Contract Price or the Contract Times under this paragraph within 30 days of the damaging, delaying, disrupting, or interfering event. The entitlement to, and extent of, any such equitable adjustment shall take into account information (if any) regarding such other work that was provided to Contractor in the Contract Documents prior to the submittal of the Bid or the final negotiation of the terms of the Contract. When applicable, any such equitable adjustment in Contract Price shall be conditioned on Contractor assigning to Owner all Contractor's rights against such other contractor or utility owner with respect to the damage, delay, disruption, or interference that is the subject of the adjustment. Contractor's entitlement to an adjustment of the Contract Times is conditioned on such adjustment being essential to Contractor's ability to complete the Work within the Contract Times.

B. Contractor shall take reasonable and customary measures to avoid damaging, delaying, disrupting, or interfering with the work of Owner, any other contractor, or any utility owner performing other work at or adjacent to the Site. If Contractor fails to take such measures and as a result damages, delays, disrupts, or interferes with the work of any such other contractor or utility owner, then Owner may impose a set-off against payments due to Contractor, and assign to such other contractor or utility owner the Owner's contractual rights against Contractor with respect to the breach of the obligations set forth in this paragraph.

C. When Owner is performing other work at or adjacent to the Site with Owner's employees, Contractor shall be liable to Owner for damage to such other work, and for the reasonable direct delay, disruption, and interference costs incurred by Owner as a result of Contractor's failure to take reasonable and customary measures with respect to Owner's other work. In response to such damage, delay, disruption, or interference, Owner may impose a set-off against payments due to Contractor.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

D. If Contractor damages, delays, disrupts, or interferes with the work of any other contractor, or any utility owner performing other work at or adjacent to the Site, through Contractor's failure to take reasonable and customary measures to avoid such impacts, or if any claim arising out of Contractor's actions, inactions, or negligence in performance of the Work at or adjacent to the Site is made by any such other contractor or utility owner against Contractor, Owner, or Engineer, then Contractor shall (1) promptly attempt to settle the claim as to all parties through negotiations with such other contractor or utility owner, or otherwise resolve the claim by arbitration or other dispute resolution proceeding or at law, and (2) indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them from and against any such claims, and against all costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such damage, delay, disruption, or interference.

ARTICLE 9 – OWNER'S RESPONSIBILITIES

9.01 *Communications to Contractor*

A. Except as otherwise provided in these General Conditions, Owner shall issue all communications to Contractor through Engineer.

9.02 *Replacement of Engineer*

A. Owner may at its discretion appoint an engineer to replace Engineer, provided Contractor makes no reasonable objection to the replacement engineer. The replacement engineer's status under the Contract Documents shall be that of the former Engineer.

9.03 *Furnish Data*

A. Owner shall promptly furnish the data required of Owner under the Contract Documents.

9.04 *Pay When Due*

A. Owner shall make payments to Contractor when they are due as provided in the Agreement.

9.05 *Lands and Easements; Reports, Tests, and Drawings*

A. Owner's duties with respect to providing lands and easements are set forth in Paragraph 5.01.

B. Owner's duties with respect to providing engineering surveys to establish reference points are set forth in Paragraph 4.03.

C. Article 5 refers to Owner's identifying and making available to Contractor copies of reports of explorations and tests of conditions at the Site, and drawings of physical conditions relating to existing surface or subsurface structures at the Site.

9.06 *Insurance*

A. Owner's responsibilities, if any, with respect to purchasing and maintaining liability and property insurance are set forth in Article 6.

9.07 *Change Orders*

A. Owner's responsibilities with respect to Change Orders are set forth in Article 11.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

9.08 *Inspections, Tests, and Approvals*

A. Owner's responsibility with respect to certain inspections, tests, and approvals is set forth in Paragraph 14.02.B.

9.09 *Limitations on Owner's Responsibilities*

A. The Owner shall not supervise, direct, or have control or authority over, nor be responsible for, Contractor's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of Contractor to comply with Laws and Regulations applicable to the performance of the Work. Owner will not be responsible for Contractor's failure to perform the Work in accordance with the Contract Documents.

9.10 *Undisclosed Hazardous Environmental Condition*

A. Owner's responsibility in respect to an undisclosed Hazardous Environmental Condition is set forth in Paragraph 5.06.

9.11 *Evidence of Financial Arrangements*

A. Upon request of Contractor, Owner shall furnish Contractor reasonable evidence that financial arrangements have been made to satisfy Owner's obligations under the Contract Documents (including obligations under proposed changes in the Work).

9.12 *Safety Programs*

A. While at the Site, Owner's employees and representatives shall comply with the specific applicable requirements of Contractor's safety programs of which Owner has been informed.

B. Owner shall furnish copies of any applicable Owner safety programs to Contractor.

ARTICLE 10 – ENGINEER'S STATUS DURING CONSTRUCTION

10.01 *Owner's Representative*

A. Engineer will be Owner's representative during the construction period. The duties and responsibilities and the limitations of authority of Engineer as Owner's representative during construction are set forth in the Contract.

10.02 *Visits to Site*

A. Engineer will make visits to the Site at intervals appropriate to the various stages of construction as Engineer deems necessary in order to observe as an experienced and qualified design professional the progress that has been made and the quality of the various aspects of Contractor's executed Work. Based on information obtained during such visits and observations, Engineer, for the benefit of Owner, will determine, in general, if the Work is proceeding in accordance with the Contract Documents. Engineer will not be required to make exhaustive or continuous inspections on the Site to check the quality or quantity of the Work. Engineer's efforts will be directed toward providing for Owner a greater degree of confidence that the completed Work will conform generally to the Contract Documents. On the basis of such visits and observations, Engineer will keep Owner informed of the progress of the Work and will endeavor to guard Owner against defective Work.

B. Engineer's visits and observations are subject to all the limitations on Engineer's authority and responsibility set forth in Paragraph 10.08. Particularly, but without limitation, during

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

or as a result of Engineer's visits or observations of Contractor's Work, Engineer will not supervise, direct, control, or have authority over or be responsible for Contractor's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of Contractor to comply with Laws and Regulations applicable to the performance of the Work.

10.03 *Project Representative*

A. If Owner and Engineer have agreed that Engineer will furnish a Resident Project Representative to represent Engineer at the Site and assist Engineer in observing the progress and quality of the Work, then the authority and responsibilities of any such Resident Project Representative will be as provided in the Supplementary Conditions, and limitations on the responsibilities thereof will be as provided in Paragraph 10.08. If Owner designates another representative or agent to represent Owner at the Site who is not Engineer's consultant, agent, or employee, the responsibilities and authority and limitations thereon of such other individual or entity will be as provided in the Supplementary Conditions.

10.04 *Rejecting Defective Work*

A. Engineer has the authority to reject Work in accordance with Article 14.

10.05 *Shop Drawings, Change Orders and Payments*

A. Engineer's authority, and limitations thereof, as to Shop Drawings and Samples, are set forth in Paragraph 7.16.

B. Engineer's authority, and limitations thereof, as to design calculations and design drawings submitted in response to a delegation of professional design services, if any, are set forth in Paragraph 7.19.

C. Engineer's authority as to Change Orders is set forth in Article 11.

D. Engineer's authority as to Applications for Payment is set forth in Article 15.

10.06 *Determinations for Unit Price Work*

A. Engineer will determine the actual quantities and classifications of Unit Price Work performed by Contractor as set forth in Paragraph 13.03.

10.07 *Decisions on Requirements of Contract Documents and Acceptability of Work*

A. Engineer will render decisions regarding the requirements of the Contract Documents, and judge the acceptability of the Work, pursuant to the specific procedures set forth herein for initial interpretations, Change Proposals, and acceptance of the Work. In rendering such decisions and judgments, Engineer will not show partiality to Owner or Contractor, and will not be liable to Owner, Contractor, or others in connection with any proceedings, interpretations, decisions, or judgments conducted or rendered in good faith.

10.08 *Limitations on Engineer's Authority and Responsibilities*

A. Neither Engineer's authority or responsibility under this Article 10 or under any other provision of the Contract, nor any decision made by Engineer in good faith either to exercise or not exercise such authority or responsibility or the undertaking, exercise, or performance of any authority or responsibility by Engineer, shall create, impose, or give rise to any duty in contract, tort, or otherwise owed by Engineer to Contractor, any Subcontractor, any Supplier, any other individual or entity, or to any surety for or employee or agent of any of them.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. Engineer will not supervise, direct, control, or have authority over or be responsible for Contractor's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of Contractor to comply with Laws and Regulations applicable to the performance of the Work. Engineer will not be responsible for Contractor's failure to perform the Work in accordance with the Contract Documents.

C. Engineer will not be responsible for the acts or omissions of Contractor or of any Subcontractor, any Supplier, or of any other individual or entity performing any of the Work.

D. Engineer's review of the final Application for Payment and accompanying documentation and all maintenance and operating instructions, schedules, guarantees, bonds, certificates of inspection, tests and approvals, and other documentation required to be delivered by Paragraph 15.06.A will only be to determine generally that their content complies with the requirements of, and in the case of certificates of inspections, tests, and approvals, that the results certified indicate compliance with the Contract Documents.

E. The limitations upon authority and responsibility set forth in this Paragraph 10.08 shall also apply to the Resident Project Representative, if any.

10.09 *Compliance with Safety Program*

A. While at the Site, Engineer's employees and representatives will comply with the specific applicable requirements of Owner's and Contractor's safety programs (if any) of which Engineer has been informed.

ARTICLE 11 – AMENDING THE CONTRACT DOCUMENTS; CHANGES IN THE WORK

11.01 *Amending and Supplementing Contract Documents*

A. The Contract Documents may be amended or supplemented by a Change Order, a Work Change Directive, or a Field Order.

1. *Change Orders*:

a. If an amendment or supplement to the Contract Documents includes a change in the Contract Price or the Contract Times, such amendment or supplement must be set forth in a Change Order. A Change Order also may be used to establish amendments and supplements of the Contract Documents that do not affect the Contract Price or Contract Times.

b. Owner and Contractor may amend those terms and conditions of the Contract Documents that do not involve (1) the performance or acceptability of the Work, (2) the design (as set forth in the Drawings, Specifications, or otherwise), or (3) other engineering or technical matters, without the recommendation of the Engineer. Such an amendment shall be set forth in a Change Order.

2. *Work Change Directives*: A Work Change Directive will not change the Contract Price or the Contract Times but is evidence that the parties expect that the modification ordered or documented by a Work Change Directive will be incorporated in a subsequently issued Change Order, following negotiations by the parties as to the Work Change Directive's effect, if any, on the Contract Price and Contract Times; or, if negotiations are unsuccessful, by a determination under the terms of the Contract Documents governing adjustments, expressly including Paragraph 11.04 regarding change of Contract Price. Contractor must submit any Change Proposal seeking an

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

adjustment of the Contract Price or the Contract Times, or both, no later than 30 days after the completion of the Work set out in the Work Change Directive. Owner must submit any Claim seeking an adjustment of the Contract Price or the Contract Times, or both, no later than 60 days after issuance of the Work Change Directive.

3. *Field Orders*: Engineer may authorize minor changes in the Work if the changes do not involve an adjustment in the Contract Price or the Contract Times and are compatible with the design concept of the completed Project as a functioning whole as indicated by the Contract Documents. Such changes will be accomplished by a Field Order and will be binding on Owner and also on Contractor, which shall perform the Work involved promptly. If Contractor believes that a Field Order justifies an adjustment in the Contract Price or Contract Times, or both, then before proceeding with the Work at issue, Contractor shall submit a Change Proposal as provided herein.

11.02 *Owner-Authorized Changes in the Work*

A. Without invalidating the Contract and without notice to any surety, Owner may, at any time or from time to time, order additions, deletions, or revisions in the Work. Such changes shall be supported by Engineer's recommendation, to the extent the change involves the design (as set forth in the Drawings, Specifications, or otherwise), or other engineering or technical matters. Such changes may be accomplished by a Change Order, if Owner and Contractor have agreed as to the effect, if any, of the changes on Contract Times or Contract Price; or by a Work Change Directive. Upon receipt of any such document, Contractor shall promptly proceed with the Work involved; or, in the case of a deletion in the Work, promptly cease construction activities with respect to such deleted Work. Added or revised Work shall be performed under the applicable conditions of the Contract Documents. Nothing in this paragraph shall obligate Contractor to undertake work that Contractor reasonably concludes cannot be performed in a manner consistent with Contractor's safety obligations under the Contract Documents or Laws and Regulations.

11.03 *Unauthorized Changes in the Work*

A. Contractor shall not be entitled to an increase in the Contract Price or an extension of the Contract Times with respect to any work performed that is not required by the Contract Documents, as amended, modified, or supplemented, except in the case of an emergency as provided in Paragraph 7.15 or in the case of uncovering Work as provided in Paragraph 14.05.

11.04 *Change of Contract Price*

A. The Contract Price may only be changed by a Change Order. Any Change Proposal for an adjustment in the Contract Price shall comply with the provisions of Paragraph 11.06. Any Claim for an adjustment of Contract Price shall comply with the provisions of Article 12.

B. An adjustment in the Contract Price will be determined as follows:

1. where the Work involved is covered by unit prices contained in the Contract Documents, then by application of such unit prices to the quantities of the items involved (subject to the provisions of Paragraph 13.03); or

2. where the Work involved is not covered by unit prices contained in the Contract Documents, then by a mutually agreed lump sum (which may include an allowance for overhead and profit not necessarily in accordance with Paragraph 11.04.C.2); or

3. where the Work involved is not covered by unit prices contained in the Contract Documents and the parties do not reach mutual agreement to a lump sum, then on

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

the basis of the Cost of the Work (determined as provided in Paragraph 13.01) plus a Contractor's fee for overhead and profit (determined as provided in Paragraph 11.04.C).

C. *Contractor's Fee*: When applicable, the Contractor's fee for overhead and profit shall be determined as follows:

1. a mutually acceptable fixed fee; or

2. if a fixed fee is not agreed upon, then a fee based on the following percentages of the various portions of the Cost of the Work:

a. for costs incurred under Paragraphs 13.01.B.1 and 13.01.B.2, the Contractor's fee shall be 15 percent;

b. for costs incurred under Paragraph 13.01.B.3, the Contractor's fee shall be five percent;

c. where one or more tiers of subcontracts are on the basis of Cost of the Work plus a fee and no fixed fee is agreed upon, the intent of Paragraphs 11.04.C.2.a and 11.04.C.2.b is that the Contractor's fee shall be based on: (1) a fee of 15 percent of the costs incurred under Paragraphs 13.01.A.1 and 13.01.A.2 by the Subcontractor that actually performs the Work, at whatever tier, and (2) with respect to Contractor itself and to any Subcontractors of a tier higher than that of the Subcontractor that actually performs the Work, a fee of five percent of the amount (fee plus underlying costs incurred) attributable to the next lower tier Subcontractor; provided, however, that for any such subcontracted work the maximum total fee to be paid by Owner shall be no greater than 27 percent of the costs incurred by the Subcontractor that actually performs the work;

d. no fee shall be payable on the basis of costs itemized under Paragraphs 13.01.B.4, 13.01.B.5, and 13.01.C;

e. the amount of credit to be allowed by Contractor to Owner for any change which results in a net decrease in cost will be the amount of the actual net decrease in cost plus a deduction in Contractor's fee by an amount equal to five percent of such net decrease; and

f. when both additions and credits are involved in any one change, the adjustment in Contractor's fee shall be computed on the basis of the net change in accordance with Paragraphs 11.04.C.2.a through 11.04.C.2.e, inclusive.

11.05 *Change of Contract Times*

A. The Contract Times may only be changed by a Change Order. Any Change Proposal for an adjustment in the Contract Times shall comply with the provisions of Paragraph 11.06. Any Claim for an adjustment in the Contract Times shall comply with the provisions of Article 12.

B. An adjustment of the Contract Times shall be subject to the limitations set forth in Paragraph 4.05, concerning delays in Contractor's progress.

11.06 *Change Proposals*

A. Contractor shall submit a Change Proposal to Engineer to request an adjustment in the Contract Times or Contract Price; appeal an initial decision by Engineer concerning the requirements of the Contract Documents or relating to the acceptability of the Work under the Contract Documents; contest a set-off against payment due; or seek other relief under

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

the Contract. The Change Proposal shall specify any proposed change in Contract Times or Contract Price, or both, or other proposed relief, and explain the reason for the proposed change, with citations to any governing or applicable provisions of the Contract Documents.

1. *Procedures*: Contractor shall submit each Change Proposal to Engineer promptly (but in no event later than 30 days) after the start of the event giving rise thereto, or after such initial decision. The Contractor shall submit supporting data, including the proposed change in Contract Price or Contract Time (if any), to the Engineer and Owner within 15 days after the submittal of the Change Proposal. The supporting data shall be accompanied by a written statement that the supporting data are accurate and complete, and that any requested time or price adjustment is the entire adjustment to which Contractor believes it is entitled as a result of said event. Engineer will advise Owner regarding the Change Proposal, and consider any comments or response from Owner regarding the Change Proposal.

2. *Engineer's Action*: Engineer will review each Change Proposal and, within 30 days after receipt of the Contractor's supporting data, either deny the Change Proposal in whole, approve it in whole, or deny it in part and approve it in part. Such actions shall be in writing, with a copy provided to Owner and Contractor. If Engineer does not take action on the Change Proposal within 30 days, then either Owner or Contractor may at any time thereafter submit a letter to the other party indicating that as a result of Engineer's inaction the Change Proposal is deemed denied, thereby commencing the time for appeal of the denial under Article 12.

3. *Binding Decision*: Engineer's decision will be final and binding upon Owner and Contractor, unless Owner or Contractor appeals the decision by filing a Claim under Article 12.

B. *Resolution of Certain Change Proposals*: If the Change Proposal does not involve the design (as set forth in the Drawings, Specifications, or otherwise), the acceptability of the Work, or other engineering or technical matters, then Engineer will notify the parties that the Engineer is unable to resolve the Change Proposal. For purposes of further resolution of such a Change Proposal, such notice shall be deemed a denial, and Contractor may choose to seek resolution under the terms of Article 12.

11.07 *Execution of Change Orders*

A. Owner and Contractor shall execute appropriate Change Orders covering:

1. changes in the Contract Price or Contract Times which are agreed to by the parties, including any undisputed sum or amount of time for Work actually performed in accordance with a Work Change Directive;

2. changes in Contract Price resulting from an Owner set-off, unless Contractor has duly contested such set-off;

3. changes in the Work which are: (a) ordered by Owner pursuant to Paragraph 11.02, (b) required because of Owner's acceptance of defective Work under Paragraph 14.04 or Owner's correction of defective Work under Paragraph 14.07, or (c) agreed to by the parties, subject to the need for Engineer's recommendation if the change in the Work involves the design (as set forth in the Drawings, Specifications, or otherwise), or other engineering or technical matters; and

4. changes in the Contract Price or Contract Times, or other changes, which embody the substance of any final and binding results under Paragraph 11.06, or Article 12.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. If Owner or Contractor refuses to execute a Change Order that is required to be executed under the terms of this Paragraph 11.07, it shall be deemed to be of full force and effect, as if fully executed.

11.08 *Notification to Surety*

A. If the provisions of any bond require notice to be given to a surety of any change affecting the general scope of the Work or the provisions of the Contract Documents (including, but not limited to, Contract Price or Contract Times), the giving of any such notice will be Contractor's responsibility. The amount of each applicable bond will be adjusted to reflect the effect of any such change.

ARTICLE 12 – CLAIMS

12.01 *Claims*

A. *Claims Process*: The following disputes between Owner and Contractor shall be submitted to the Claims process set forth in this Article:

1. Appeals by Owner or Contractor of Engineer's decisions regarding Change Proposals;

2. Owner demands for adjustments in the Contract Price or Contract Times, or other relief under the Contract Documents; and

3. Disputes that Engineer has been unable to address because they do not involve the design (as set forth in the Drawings, Specifications, or otherwise), the acceptability of the Work, or other engineering or technical matters.

B. *Submittal of Claim*: The party submitting a Claim shall deliver it directly to the other party to the Contract promptly (but in no event later than 30 days) after the start of the event giving rise thereto; in the case of appeals regarding Change Proposals within 30 days of the decision under appeal. The party submitting the Claim shall also furnish a copy to the Engineer, for its information only. The responsibility to substantiate a Claim shall rest with the party making the Claim. In the case of a Claim by Contractor seeking an increase in the Contract Times or Contract Price, or both, Contractor shall certify that the Claim is made in good faith, that the supporting data are accurate and complete, and that to the best of Contractor's knowledge and belief the amount of time or money requested accurately reflects the full amount to which Contractor is entitled.

C. *Review and Resolution*: The party receiving a Claim shall review it thoroughly, giving full consideration to its merits. The two parties shall seek to resolve the Claim through the exchange of information and direct negotiations. The parties may extend the time for resolving the Claim by mutual agreement. All actions taken on a Claim shall be stated in writing and submitted to the other party, with a copy to Engineer.

D. *Mediation*:

1. At any time after initiation of a Claim, Owner and Contractor may mutually agree to mediation of the underlying dispute. The agreement to mediate shall stay the Claim submittal and response process.

2. If Owner and Contractor agree to mediation, then after 60 days from such agreement, either Owner or Contractor may unilaterally terminate the mediation process, and the Claim submittal and decision process shall resume as of the date of the termination. If the mediation proceeds but is unsuccessful in resolving the dispute, the Claim

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

submittal and decision process shall resume as of the date of the conclusion of the mediation, as determined by the mediator.

3. Owner and Contractor shall each pay one-half of the mediator's fees and costs.

E. *Partial Approval*: If the party receiving a Claim approves the Claim in part and denies it in part, such action shall be final and binding unless within 30 days of such action the other party invokes the procedure set forth in Article 17 for final resolution of disputes.

F. *Denial of Claim*: If efforts to resolve a Claim are not successful, the party receiving the Claim may deny it by giving written notice of denial to the other party. If the receiving party does not take action on the Claim within 90 days, then either Owner or Contractor may at any time thereafter submit a letter to the other party indicating that as a result of the inaction, the Claim is deemed denied, thereby commencing the time for appeal of the denial. A denial of the Claim shall be final and binding unless within 30 days of the denial the other party invokes the procedure set forth in Article 17 for the final resolution of disputes.

G. *Final and Binding Results*: If the parties reach a mutual agreement regarding a Claim, whether through approval of the Claim, direct negotiations, mediation, or otherwise; or if a Claim is approved in part and denied in part, or denied in full, and such actions become final and binding; then the results of the agreement or action on the Claim shall be incorporated in a Change Order to the extent they affect the Contract, including the Work, the Contract Times, or the Contract Price.

ARTICLE 13 – COST OF THE WORK; ALLOWANCES; UNIT PRICE WORK

13.01 *Cost of the Work*

A. *Purposes for Determination of Cost of the Work*: The term Cost of the Work means the sum of all costs necessary for the proper performance of the Work at issue, as further defined below. The provisions of this Paragraph 13.01 are used for two distinct purposes:

1. To determine Cost of the Work when Cost of the Work is a component of the Contract Price, under cost-plus-fee, time-and-materials, or other cost-based terms; or

2. To determine the value of a Change Order, Change Proposal, Claim, set-off, or other adjustment in Contract Price. When the value of any such adjustment is determined on the basis of Cost of the Work, Contractor is entitled only to those additional or incremental costs required because of the change in the Work or because of the event giving rise to the adjustment.

B. *Costs Included*: Except as otherwise may be agreed to in writing by Owner, costs included in the Cost of the Work shall be in amounts no higher than those prevailing in the locality of the Project, shall not include any of the costs itemized in Paragraph 13.01.C, and shall include only the following items:

1. Payroll costs for employees in the direct employ of Contractor in the performance of the Work under schedules of job classifications agreed upon by Owner and Contractor. Such employees shall include, without limitation, superintendents, foremen, and other personnel employed full time on the Work. Payroll costs for employees not employed full time on the Work shall be apportioned on the basis of their time spent on the Work. Payroll costs shall include, but not be limited to, salaries and wages plus the cost of fringe benefits, which shall include social security contributions, unemployment, excise, and payroll taxes, workers' compensation, health and retirement benefits, bonuses, sick leave, and vacation and holiday pay applicable

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

thereto. The expenses of performing Work outside of regular working hours, on Saturday, Sunday, or legal holidays, shall be included in the above to the extent authorized by Owner.

2. Cost of all materials and equipment furnished and incorporated in the Work, including costs of transportation and storage thereof, and Suppliers' field services required in connection therewith. All cash discounts shall accrue to Contractor unless Owner deposits funds with Contractor with which to make payments, in which case the cash discounts shall accrue to Owner. All trade discounts, rebates, and refunds and returns from sale of surplus materials and equipment shall accrue to Owner, and Contractor shall make provisions so that they may be obtained.

3. Payments made by Contractor to Subcontractors for Work performed by Subcontractors. If required by Owner, Contractor shall obtain competitive bids from subcontractors acceptable to Owner and Contractor and shall deliver such bids to Owner, who will then determine, with the advice of Engineer, which bids, if any, will be acceptable. If any subcontract provides that the Subcontractor is to be paid on the basis of Cost of the Work plus a fee, the Subcontractor's Cost of the Work and fee shall be determined in the same manner as Contractor's Cost of the Work and fee as provided in this Paragraph 13.01.

4. Costs of special consultants (including but not limited to engineers, architects, testing laboratories, surveyors, attorneys, and accountants) employed for services specifically related to the Work.

5. Supplemental costs including the following:

    a. The proportion of necessary transportation, travel, and subsistence expenses of Contractor's employees incurred in discharge of duties connected with the Work.

    b. Cost, including transportation and maintenance, of all materials, supplies, equipment, machinery, appliances, office, and temporary facilities at the Site, and hand tools not owned by the workers, which are consumed in the performance of the Work, and cost, less market value, of such items used but not consumed which remain the property of Contractor.

    c. Rentals of all construction equipment and machinery, and the parts thereof, whether rented from Contractor or others in accordance with rental agreements approved by Owner with the advice of Engineer, and the costs of transportation, loading, unloading, assembly, dismantling, and removal thereof. All such costs shall be in accordance with the terms of said rental agreements. The rental of any such equipment, machinery, or parts shall cease when the use thereof is no longer necessary for the Work.

    d. Sales, consumer, use, and other similar taxes related to the Work, and for which Contractor is liable, as imposed by Laws and Regulations.

    e. Deposits lost for causes other than negligence of Contractor, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable, and royalty payments and fees for permits and licenses.

    f. Losses and damages (and related expenses) caused by damage to the Work, not compensated by insurance or otherwise, sustained by Contractor in connection with the performance of the Work (except losses and damages within the deductible amounts of property insurance established in accordance with Paragraph 6.05), provided such losses and damages have resulted from causes

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

other than the negligence of Contractor, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable. Such losses shall include settlements made with the written consent and approval of Owner. No such losses, damages, and expenses shall be included in the Cost of the Work for the purpose of determining Contractor's fee.

g. The cost of utilities, fuel, and sanitary facilities at the Site.

h. Minor expenses such as communication service at the Site, express and courier services, and similar petty cash items in connection with the Work.

i. The costs of premiums for all bonds and insurance that Contractor is required by the Contract Documents to purchase and maintain.

C. *Costs Excluded*: The term Cost of the Work shall not include any of the following items:

1. Payroll costs and other compensation of Contractor's officers, executives, principals (of partnerships and sole proprietorships), general managers, safety managers, engineers, architects, estimators, attorneys, auditors, accountants, purchasing and contracting agents, expediters, timekeepers, clerks, and other personnel employed by Contractor, whether at the Site or in Contractor's principal or branch office for general administration of the Work and not specifically included in the agreed upon schedule of job classifications referred to in Paragraph 13.01.B.1 or specifically covered by Paragraph 13.01.B.4. The payroll costs and other compensation excluded here are to be considered administrative costs covered by the Contractor's fee.

2. Expenses of Contractor's principal and branch offices other than Contractor's office at the Site.

3. Any part of Contractor's capital expenses, including interest on Contractor's capital employed for the Work and charges against Contractor for delinquent payments.

4. Costs due to the negligence of Contractor, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable, including but not limited to, the correction of defective Work, disposal of materials or equipment wrongly supplied, and making good any damage to property.

5. Other overhead or general expense costs of any kind and the costs of any item not specifically and expressly included in Paragraph 13.01.B.

D. *Contractor's Fee*: When the Work as a whole is performed on the basis of cost-plus, Contractor's fee shall be determined as set forth in the Agreement. When the value of any Work covered by a Change Order, Change Proposal, Claim, set-off, or other adjustment in Contract Price is determined on the basis of Cost of the Work, Contractor's fee shall be determined as set forth in Paragraph 11.04.C.

E. *Documentation*: Whenever the Cost of the Work for any purpose is to be determined pursuant to this Article 13, Contractor will establish and maintain records thereof in accordance with generally accepted accounting practices and submit in a form acceptable to Engineer an itemized cost breakdown together with supporting data.

13.02 *Allowances*

A. It is understood that Contractor has included in the Contract Price all allowances so named in the Contract Documents and shall cause the Work so covered to be performed for such sums and by such persons or entities as may be acceptable to Owner and Engineer.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. *Cash Allowances*: Contractor agrees that:

1. the cash allowances include the cost to Contractor (less any applicable trade discounts) of materials and equipment required by the allowances to be delivered at the Site, and all applicable taxes; and

2. Contractor's costs for unloading and handling on the Site, labor, installation, overhead, profit, and other expenses contemplated for the cash allowances have been included in the Contract Price and not in the allowances, and no demand for additional payment on account of any of the foregoing will be valid.

C. *Contingency Allowance*: Contractor agrees that a contingency allowance, if any, is for the sole use of Owner to cover unanticipated costs.

D. Prior to final payment, an appropriate Change Order will be issued as recommended by Engineer to reflect actual amounts due Contractor on account of Work covered by allowances, and the Contract Price shall be correspondingly adjusted.

13.03 *Unit Price Work*

A. Where the Contract Documents provide that all or part of the Work is to be Unit Price Work, initially the Contract Price will be deemed to include for all Unit Price Work an amount equal to the sum of the unit price for each separately identified item of Unit Price Work times the estimated quantity of each item as indicated in the Agreement.

B. The estimated quantities of items of Unit Price Work are not guaranteed and are solely for the purpose of comparison of Bids and determining an initial Contract Price. Payments to Contractor for Unit Price Work will be based on actual quantities.

C. Each unit price will be deemed to include an amount considered by Contractor to be adequate to cover Contractor's overhead and profit for each separately identified item.

D. Engineer will determine the actual quantities and classifications of Unit Price Work performed by Contractor. Engineer will review with Contractor the Engineer's preliminary determinations on such matters before rendering a written decision thereon (by recommendation of an Application for Payment or otherwise). Engineer's written decision thereon will be final and binding (except as modified by Engineer to reflect changed factual conditions or more accurate data) upon Owner and Contractor, subject to the provisions of the following paragraph.

E. Within 30 days of Engineer's written decision under the preceding paragraph, Contractor may submit a Change Proposal, or Owner may file a Claim, seeking an adjustment in the Contract Price if:

1. the quantity of any item of Unit Price Work performed by Contractor differs materially and significantly from the estimated quantity of such item indicated in the Agreement;

2. there is no corresponding adjustment with respect to any other item of Work; and

3. Contractor believes that it is entitled to an increase in Contract Price as a result of having incurred additional expense or Owner believes that Owner is entitled to a decrease in Contract Price, and the parties are unable to agree as to the amount of any such increase or decrease.

ARTICLE 14 – TESTS AND INSPECTIONS; CORRECTION, REMOVAL OR ACCEPTANCE OF DEFECTIVE WORK

14.01 *Access to Work*

A. Owner, Engineer, their consultants and other representatives and personnel of Owner, independent testing laboratories, and authorities having jurisdiction will have access to the Site and the Work at reasonable times for their observation, inspection, and testing. Contractor shall provide them proper and safe conditions for such access and advise them of Contractor's safety procedures and programs so that they may comply therewith as applicable.

14.02 *Tests, Inspections, and Approvals*

A. Contractor shall give Engineer timely notice of readiness of the Work (or specific parts thereof) for all required inspections and tests, and shall cooperate with inspection and testing personnel to facilitate required inspections and tests.

B. Contractor shall retain and pay for the services of an independent inspector, testing laboratory, or other qualified individual or entity to perform all inspections and tests expressly required by the Contract Documents to be furnished and paid for by Contractor, except that costs incurred in connection with tests or inspections of covered Work shall be governed by the provisions of Paragraph 14.05.

C. If Laws or Regulations of any public body having jurisdiction require any Work (or part thereof) specifically to be inspected, tested, or approved by an employee or other representative of such public body, Contractor shall assume full responsibility for arranging and obtaining such inspections, tests, or approvals, pay all costs in connection therewith, and furnish Engineer the required certificates of inspection or approval.

D. Contractor shall be responsible for arranging, obtaining, and paying for all inspections and tests required:

1. by the Contract Documents, unless the Contract Documents expressly allocate responsibility for a specific inspection or test to Owner;

2. to attain Owner's and Engineer's acceptance of materials or equipment to be incorporated in the Work;

3. by manufacturers of equipment furnished under the Contract Documents;

4. for testing, adjusting, and balancing of mechanical, electrical, and other equipment to be incorporated into the Work; and

5. for acceptance of materials, mix designs, or equipment submitted for approval prior to Contractor's purchase thereof for incorporation in the Work.

Such inspections and tests shall be performed by independent inspectors, testing laboratories, or other qualified individuals or entities acceptable to Owner and Engineer.

E. If the Contract Documents require the Work (or part thereof) to be approved by Owner, Engineer, or another designated individual or entity, then Contractor shall assume full responsibility for arranging and obtaining such approvals.

F. If any Work (or the work of others) that is to be inspected, tested, or approved is covered by Contractor without written concurrence of Engineer, Contractor shall, if requested by Engineer, uncover such Work for observation. Such uncovering shall be at Contractor's expense unless Contractor had given Engineer timely notice of Contractor's intention to

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

cover the same and Engineer had not acted with reasonable promptness in response to such notice.

14.03 *Defective Work*

A. *Contractor's Obligation*: It is Contractor's obligation to assure that the Work is not defective.

B. *Engineer's Authority*: Engineer has the authority to determine whether Work is defective, and to reject defective Work.

C. *Notice of Defects*: Prompt notice of all defective Work of which Owner or Engineer has actual knowledge will be given to Contractor.

D. *Correction, or Removal and Replacement*: Promptly after receipt of written notice of defective Work, Contractor shall correct all such defective Work, whether or not fabricated, installed, or completed, or, if Engineer has rejected the defective Work, remove it from the Project and replace it with Work that is not defective.

E. *Preservation of Warranties*: When correcting defective Work, Contractor shall take no action that would void or otherwise impair Owner's special warranty and guarantee, if any, on said Work.

F. *Costs and Damages*: In addition to its correction, removal, and replacement obligations with respect to defective Work, Contractor shall pay all claims, costs, losses, and damages arising out of or relating to defective Work, including but not limited to the cost of the inspection, testing, correction, removal, replacement, or reconstruction of such defective Work, fines levied against Owner by governmental authorities because the Work is defective, and the costs of repair or replacement of work of others resulting from defective Work. Prior to final payment, if Owner and Contractor are unable to agree as to the measure of such claims, costs, losses, and damages resulting from defective Work, then Owner may impose a reasonable set-off against payments due under Article 15.

14.04 *Acceptance of Defective Work*

A. If, instead of requiring correction or removal and replacement of defective Work, Owner prefers to accept it, Owner may do so (subject, if such acceptance occurs prior to final payment, to Engineer's confirmation that such acceptance is in general accord with the design intent and applicable engineering principles, and will not endanger public safety). Contractor shall pay all claims, costs, losses, and damages attributable to Owner's evaluation of and determination to accept such defective Work (such costs to be approved by Engineer as to reasonableness), and for the diminished value of the Work to the extent not otherwise paid by Contractor. If any such acceptance occurs prior to final payment, the necessary revisions in the Contract Documents with respect to the Work shall be incorporated in a Change Order. If the parties are unable to agree as to the decrease in the Contract Price, reflecting the diminished value of Work so accepted, then Owner may impose a reasonable set-off against payments due under Article 15. If the acceptance of defective Work occurs after final payment, Contractor shall pay an appropriate amount to Owner.

14.05 *Uncovering Work*

A. Engineer has the authority to require additional inspection or testing of the Work, whether or not the Work is fabricated, installed, or completed.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. If any Work is covered contrary to the written request of Engineer, then Contractor shall, if requested by Engineer, uncover such Work for Engineer's observation, and then replace the covering, all at Contractor's expense.

C. If Engineer considers it necessary or advisable that covered Work be observed by Engineer or inspected or tested by others, then Contractor, at Engineer's request, shall uncover, expose, or otherwise make available for observation, inspection, or testing as Engineer may require, that portion of the Work in question, and provide all necessary labor, material, and equipment.

1. If it is found that the uncovered Work is defective, Contractor shall be responsible for all claims, costs, losses, and damages arising out of or relating to such uncovering, exposure, observation, inspection, and testing, and of satisfactory replacement or reconstruction (including but not limited to all costs of repair or replacement of work of others); and pending Contractor's full discharge of this responsibility the Owner shall be entitled to impose a reasonable set-off against payments due under Article 15.

2. If the uncovered Work is not found to be defective, Contractor shall be allowed an increase in the Contract Price or an extension of the Contract Times, or both, directly attributable to such uncovering, exposure, observation, inspection, testing, replacement, and reconstruction. If the parties are unable to agree as to the amount or extent thereof, then Contractor may submit a Change Proposal within 30 days of the determination that the Work is not defective.

14.06 *Owner May Stop the Work*

A. If the Work is defective, or Contractor fails to supply sufficient skilled workers or suitable materials or equipment, or fails to perform the Work in such a way that the completed Work will conform to the Contract Documents, then Owner may order Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, this right of Owner to stop the Work shall not give rise to any duty on the part of Owner to exercise this right for the benefit of Contractor, any Subcontractor, any Supplier, any other individual or entity, or any surety for, or employee or agent of any of them.

14.07 *Owner May Correct Defective Work*

A. If Contractor fails within a reasonable time after written notice from Engineer to correct defective Work, or to remove and replace rejected Work as required by Engineer, or if Contractor fails to perform the Work in accordance with the Contract Documents, or if Contractor fails to comply with any other provision of the Contract Documents, then Owner may, after seven days written notice to Contractor, correct or remedy any such deficiency.

B. In exercising the rights and remedies under this Paragraph 14.07, Owner shall proceed expeditiously. In connection with such corrective or remedial action, Owner may exclude Contractor from all or part of the Site, take possession of all or part of the Work and suspend Contractor's services related thereto, and incorporate in the Work all materials and equipment stored at the Site or for which Owner has paid Contractor but which are stored elsewhere. Contractor shall allow Owner, Owner's representatives, agents and employees, Owner's other contractors, and Engineer and Engineer's consultants access to the Site to enable Owner to exercise the rights and remedies under this paragraph.

C. All claims, costs, losses, and damages incurred or sustained by Owner in exercising the rights and remedies under this Paragraph 14.07 will be charged against Contractor as set-offs against payments due under Article 15. Such claims, costs, losses and damages will

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

include but not be limited to all costs of repair, or replacement of work of others destroyed or damaged by correction, removal, or replacement of Contractor's defective Work.

D. Contractor shall not be allowed an extension of the Contract Times because of any delay in the performance of the Work attributable to the exercise by Owner of Owner's rights and remedies under this Paragraph 14.07.

ARTICLE 15 – PAYMENTS TO CONTRACTOR; SET-OFFS; COMPLETION; CORRECTION PERIOD

15.01 *Progress Payments*

A. *Basis for Progress Payments*: The Schedule of Values established as provided in Article 2 will serve as the basis for progress payments and will be incorporated into a form of Application for Payment acceptable to Engineer. Progress payments on account of Unit Price Work will be based on the number of units completed during the pay period, as determined under the provisions of Paragraph 13.03. Progress payments for cost-based Work will be based on Cost of the Work completed by Contractor during the pay period.

B. *Applications for Payments*:

1. At least 20 days before the date established in the Agreement for each progress payment (but not more often than once a month), Contractor shall submit to Engineer for review an Application for Payment filled out and signed by Contractor covering the Work completed as of the date of the Application and accompanied by such supporting documentation as is required by the Contract Documents. If payment is requested on the basis of materials and equipment not incorporated in the Work but delivered and suitably stored at the Site or at another location agreed to in writing, the Application for Payment shall also be accompanied by a bill of sale, invoice, or other documentation warranting that Owner has received the materials and equipment free and clear of all Liens, and evidence that the materials and equipment are covered by appropriate property insurance, a warehouse bond, or other arrangements to protect Owner's interest therein, all of which must be satisfactory to Owner.

2. Beginning with the second Application for Payment, each Application shall include an affidavit of Contractor stating that all previous progress payments received on account of the Work have been applied on account to discharge Contractor's legitimate obligations associated with prior Applications for Payment.

3. The amount of retainage with respect to progress payments will be as stipulated in the Agreement.

C. *Review of Applications*:

1. Engineer will, within 10 days after receipt of each Application for Payment, including each resubmittal, either indicate in writing a recommendation of payment and present the Application to Owner, or return the Application to Contractor indicating in writing Engineer's reasons for refusing to recommend payment. In the latter case, Contractor may make the necessary corrections and resubmit the Application.

2. Engineer's recommendation of any payment requested in an Application for Payment will constitute a representation by Engineer to Owner, based on Engineer's observations of the executed Work as an experienced and qualified design professional, and on Engineer's review of the Application for Payment and the accompanying data and schedules, that to the best of Engineer's knowledge, information and belief:

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

a. the Work has progressed to the point indicated;

b. the quality of the Work is generally in accordance with the Contract Documents (subject to an evaluation of the Work as a functioning whole prior to or upon Substantial Completion, the results of any subsequent tests called for in the Contract Documents, a final determination of quantities and classifications for Unit Price Work under Paragraph 13.03, and any other qualifications stated in the recommendation); and

c. the conditions precedent to Contractor's being entitled to such payment appear to have been fulfilled in so far as it is Engineer's responsibility to observe the Work.

3. By recommending any such payment Engineer will not thereby be deemed to have represented that:

a. inspections made to check the quality or the quantity of the Work as it has been performed have been exhaustive, extended to every aspect of the Work in progress, or involved detailed inspections of the Work beyond the responsibilities specifically assigned to Engineer in the Contract; or

b. there may not be other matters or issues between the parties that might entitle Contractor to be paid additionally by Owner or entitle Owner to withhold payment to Contractor.

4. Neither Engineer's review of Contractor's Work for the purposes of recommending payments nor Engineer's recommendation of any payment, including final payment, will impose responsibility on Engineer:

a. to supervise, direct, or control the Work, or

b. for the means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or

c. for Contractor's failure to comply with Laws and Regulations applicable to Contractor's performance of the Work, or

d. to make any examination to ascertain how or for what purposes Contractor has used the money paid on account of the Contract Price, or

e. to determine that title to any of the Work, materials, or equipment has passed to Owner free and clear of any Liens.

5. Engineer may refuse to recommend the whole or any part of any payment if, in Engineer's opinion, it would be incorrect to make the representations to Owner stated in Paragraph 15.01.C.2.

6. Engineer will recommend reductions in payment (set-offs) necessary in Engineer's opinion to protect Owner from loss because:

a. the Work is defective, requiring correction or replacement;

b. the Contract Price has been reduced by Change Orders;

c. Owner has been required to correct defective Work in accordance with Paragraph 14.07, or has accepted defective Work pursuant to Paragraph 14.04;

d. Owner has been required to remove or remediate a Hazardous Environmental Condition for which Contractor is responsible; or

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

e. Engineer has actual knowledge of the occurrence of any of the events that would constitute a default by Contractor and therefore justify termination for cause under the Contract Documents.

D. *Payment Becomes Due*:

1. Ten days after presentation of the Application for Payment to Owner with Engineer's recommendation, the amount recommended (subject to any Owner set-offs) will become due, and when due will be paid by Owner to Contractor.

E. *Reductions in Payment by Owner*:

1. In addition to any reductions in payment (set-offs) recommended by Engineer, Owner is entitled to impose a set-off against payment based on any of the following:

a. claims have been made against Owner on account of Contractor's conduct in the performance or furnishing of the Work, or Owner has incurred costs, losses, or damages on account of Contractor's conduct in the performance or furnishing of the Work, including but not limited to claims, costs, losses, or damages from workplace injuries, adjacent property damage, non-compliance with Laws and Regulations, and patent infringement;

b. Contractor has failed to take reasonable and customary measures to avoid damage, delay, disruption, and interference with other work at or adjacent to the Site;

c. Contractor has failed to provide and maintain required bonds or insurance;

d. Owner has been required to remove or remediate a Hazardous Environmental Condition for which Contractor is responsible;

e. Owner has incurred extra charges or engineering costs related to submittal reviews, evaluations of proposed substitutes, tests and inspections, or return visits to manufacturing or assembly facilities;

f. the Work is defective, requiring correction or replacement;

g. Owner has been required to correct defective Work in accordance with Paragraph 14.07, or has accepted defective Work pursuant to Paragraph 14.04;

h. the Contract Price has been reduced by Change Orders;

i. an event that would constitute a default by Contractor and therefore justify a termination for cause has occurred;

j. liquidated damages have accrued as a result of Contractor's failure to achieve Milestones, Substantial Completion, or final completion of the Work;

k. Liens have been filed in connection with the Work, except where Contractor has delivered a specific bond satisfactory to Owner to secure the satisfaction and discharge of such Liens;

l. there are other items entitling Owner to a set off against the amount recommended.

2. If Owner imposes any set-off against payment, whether based on its own knowledge or on the written recommendations of Engineer, Owner will give Contractor immediate written notice (with a copy to Engineer) stating the reasons for such action and the specific amount of the reduction, and promptly pay Contractor any amount

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

remaining after deduction of the amount so withheld. Owner shall promptly pay Contractor the amount so withheld, or any adjustment thereto agreed to by Owner and Contractor, if Contractor remedies the reasons for such action. The reduction imposed shall be binding on Contractor unless it duly submits a Change Proposal contesting the reduction.

3. Upon a subsequent determination that Owner's refusal of payment was not justified, the amount wrongfully withheld shall be treated as an amount due as determined by Paragraph 15.01.C.1 and subject to interest as provided in the Agreement.

15.02 *Contractor's Warranty of Title*

A. Contractor warrants and guarantees that title to all Work, materials, and equipment furnished under the Contract will pass to Owner free and clear of (1) all Liens and other title defects, and (2) all patent, licensing, copyright, or royalty obligations, no later than seven days after the time of payment by Owner.

15.03 *Substantial Completion*

A. When Contractor considers the entire Work ready for its intended use Contractor shall notify Owner and Engineer in writing that the entire Work is substantially complete and request that Engineer issue a certificate of Substantial Completion. Contractor shall at the same time submit to Owner and Engineer an initial draft of punch list items to be completed or corrected before final payment.

B. Promptly after Contractor's notification, Owner, Contractor, and Engineer shall make an inspection of the Work to determine the status of completion. If Engineer does not consider the Work substantially complete, Engineer will notify Contractor in writing giving the reasons therefor.

C. If Engineer considers the Work substantially complete, Engineer will deliver to Owner a preliminary certificate of Substantial Completion which shall fix the date of Substantial Completion. Engineer shall attach to the certificate a punch list of items to be completed or corrected before final payment. Owner shall have seven days after receipt of the preliminary certificate during which to make written objection to Engineer as to any provisions of the certificate or attached punch list. If, after considering the objections to the provisions of the preliminary certificate, Engineer concludes that the Work is not substantially complete, Engineer will, within 14 days after submission of the preliminary certificate to Owner, notify Contractor in writing that the Work is not substantially complete, stating the reasons therefor. If Owner does not object to the provisions of the certificate, or if despite consideration of Owner's objections Engineer concludes that the Work is substantially complete, then Engineer will, within said 14 days, execute and deliver to Owner and Contractor a final certificate of Substantial Completion (with a revised punch list of items to be completed or corrected) reflecting such changes from the preliminary certificate as Engineer believes justified after consideration of any objections from Owner.

D. At the time of receipt of the preliminary certificate of Substantial Completion, Owner and Contractor will confer regarding Owner's use or occupancy of the Work following Substantial Completion, review the builder's risk insurance policy with respect to the end of the builder's risk coverage, and confirm the transition to coverage of the Work under a permanent property insurance policy held by Owner. Unless Owner and Contractor agree otherwise in writing, Owner shall bear responsibility for security, operation, protection of the Work, property insurance, maintenance, heat, and utilities upon Owner's use or occupancy of the Work.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

E. After Substantial Completion the Contractor shall promptly begin work on the punch list of items to be completed or corrected prior to final payment. In appropriate cases Contractor may submit monthly Applications for Payment for completed punch list items, following the progress payment procedures set forth above.

F. Owner shall have the right to exclude Contractor from the Site after the date of Substantial Completion subject to allowing Contractor reasonable access to remove its property and complete or correct items on the punch list.

15.04 *Partial Use or Occupancy*

A. Prior to Substantial Completion of all the Work, Owner may use or occupy any substantially completed part of the Work which has specifically been identified in the Contract Documents, or which Owner, Engineer, and Contractor agree constitutes a separately functioning and usable part of the Work that can be used by Owner for its intended purpose without significant interference with Contractor's performance of the remainder of the Work, subject to the following conditions:

1. At any time Owner may request in writing that Contractor permit Owner to use or occupy any such part of the Work that Owner believes to be substantially complete. If and when Contractor agrees that such part of the Work is substantially complete, Contractor, Owner, and Engineer will follow the procedures of Paragraph 15.03.A through E for that part of the Work.

2. At any time Contractor may notify Owner and Engineer in writing that Contractor considers any such part of the Work substantially complete and request Engineer to issue a certificate of Substantial Completion for that part of the Work.

3. Within a reasonable time after either such request, Owner, Contractor, and Engineer shall make an inspection of that part of the Work to determine its status of completion. If Engineer does not consider that part of the Work to be substantially complete, Engineer will notify Owner and Contractor in writing giving the reasons therefor. If Engineer considers that part of the Work to be substantially complete, the provisions of Paragraph 15.03 will apply with respect to certification of Substantial Completion of that part of the Work and the division of responsibility in respect thereof and access thereto.

4. No use or occupancy or separate operation of part of the Work may occur prior to compliance with the requirements of Paragraph 6.05 regarding builder's risk or other property insurance.

15.05 *Final Inspection*

A. Upon written notice from Contractor that the entire Work or an agreed portion thereof is complete, Engineer will promptly make a final inspection with Owner and Contractor and will notify Contractor in writing of all particulars in which this inspection reveals that the Work, or agreed portion thereof, is incomplete or defective. Contractor shall immediately take such measures as are necessary to complete such Work or remedy such deficiencies.

15.06 *Final Payment*

A. *Application for Payment*:

1. After Contractor has, in the opinion of Engineer, satisfactorily completed all corrections identified during the final inspection and has delivered, in accordance with the Contract Documents, all maintenance and operating instructions, schedules, guarantees, bonds, certificates or other evidence of insurance, certificates of

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

inspection, annotated record documents (as provided in Paragraph 7.11), and other documents, Contractor may make application for final payment.

2. The final Application for Payment shall be accompanied (except as previously delivered) by:

   a. all documentation called for in the Contract Documents;

   b. consent of the surety, if any, to final payment;

   c. satisfactory evidence that all title issues have been resolved such that title to all Work, materials, and equipment has passed to Owner free and clear of any Liens or other title defects, or will so pass upon final payment.

   d. a list of all disputes that Contractor believes are unsettled; and

   e. complete and legally effective releases or waivers (satisfactory to Owner) of all Lien rights arising out of the Work, and of Liens filed in connection with the Work.

3. In lieu of the releases or waivers of Liens specified in Paragraph 15.06.A.2 and as approved by Owner, Contractor may furnish receipts or releases in full and an affidavit of Contractor that: (a) the releases and receipts include all labor, services, material, and equipment for which a Lien could be filed; and (b) all payrolls, material and equipment bills, and other indebtedness connected with the Work for which Owner might in any way be responsible, or which might in any way result in liens or other burdens on Owner's property, have been paid or otherwise satisfied. If any Subcontractor or Supplier fails to furnish such a release or receipt in full, Contractor may furnish a bond or other collateral satisfactory to Owner to indemnify Owner against any Lien, or Owner at its option may issue joint checks payable to Contractor and specified Subcontractors and Suppliers.

B. *Engineer's Review of Application and Acceptance*:

1. If, on the basis of Engineer's observation of the Work during construction and final inspection, and Engineer's review of the final Application for Payment and accompanying documentation as required by the Contract Documents, Engineer is satisfied that the Work has been completed and Contractor's other obligations under the Contract have been fulfilled, Engineer will, within ten days after receipt of the final Application for Payment, indicate in writing Engineer's recommendation of final payment and present the Application for Payment to Owner for payment. Such recommendation shall account for any set-offs against payment that are necessary in Engineer's opinion to protect Owner from loss for the reasons stated above with respect to progress payments. At the same time Engineer will also give written notice to Owner and Contractor that the Work is acceptable, subject to the provisions of Paragraph 15.07. Otherwise, Engineer will return the Application for Payment to Contractor, indicating in writing the reasons for refusing to recommend final payment, in which case Contractor shall make the necessary corrections and resubmit the Application for Payment.

C. *Completion of Work*: The Work is complete (subject to surviving obligations) when it is ready for final payment as established by the Engineer's written recommendation of final payment.

D. *Payment Becomes Due*: Thirty days after the presentation to Owner of the final Application for Payment and accompanying documentation, the amount recommended by Engineer (less any further sum Owner is entitled to set off against Engineer's recommendation,

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

including but not limited to set-offs for liquidated damages and set-offs allowed under the provisions above with respect to progress payments) will become due and shall be paid by Owner to Contractor.

15.07 *Waiver of Claims*

A. The making of final payment will not constitute a waiver by Owner of claims or rights against Contractor. Owner expressly reserves claims and rights arising from unsettled Liens, from defective Work appearing after final inspection pursuant to Paragraph 15.05, from Contractor's failure to comply with the Contract Documents or the terms of any special guarantees specified therein, from outstanding Claims by Owner, or from Contractor's continuing obligations under the Contract Documents.

B. The acceptance of final payment by Contractor will constitute a waiver by Contractor of all claims and rights against Owner other than those pending matters that have been duly submitted or appealed under the provisions of Article 17.

15.08 *Correction Period*

A. If within one year after the date of Substantial Completion (or such longer period of time as may be prescribed by the terms of any applicable special guarantee required by the Contract Documents, or by any specific provision of the Contract Documents), any Work is found to be defective, or if the repair of any damages to the Site, adjacent areas that Contractor has arranged to use through construction easements or otherwise, and other adjacent areas used by Contractor as permitted by Laws and Regulations, is found to be defective, then Contractor shall promptly, without cost to Owner and in accordance with Owner's written instructions:

1. correct the defective repairs to the Site or such other adjacent areas;

2. correct such defective Work;

3. if the defective Work has been rejected by Owner, remove it from the Project and replace it with Work that is not defective, and

4. satisfactorily correct or repair or remove and replace any damage to other Work, to the work of others, or to other land or areas resulting therefrom.

B. If Contractor does not promptly comply with the terms of Owner's written instructions, or in an emergency where delay would cause serious risk of loss or damage, Owner may have the defective Work corrected or repaired or may have the rejected Work removed and replaced. Contractor shall pay all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such correction or repair or such removal and replacement (including but not limited to all costs of repair or replacement of work of others).

C. In special circumstances where a particular item of equipment is placed in continuous service before Substantial Completion of all the Work, the correction period for that item may start to run from an earlier date if so provided in the Specifications.

D. Where defective Work (and damage to other Work resulting therefrom) has been corrected or removed and replaced under this paragraph, the correction period hereunder with respect to such Work will be extended for an additional period of one year after such correction or removal and replacement has been satisfactorily completed.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

E. Contractor's obligations under this paragraph are in addition to all other obligations and warranties. The provisions of this paragraph shall not be construed as a substitute for, or a waiver of, the provisions of any applicable statute of limitation or repose.

ARTICLE 16 – SUSPENSION OF WORK AND TERMINATION

16.01 *Owner May Suspend Work*

A. At any time and without cause, Owner may suspend the Work or any portion thereof for a period of not more than 90 consecutive days by written notice to Contractor and Engineer. Such notice will fix the date on which Work will be resumed. Contractor shall resume the Work on the date so fixed. Contractor shall be entitled to an adjustment in the Contract Price or an extension of the Contract Times, or both, directly attributable to any such suspension. Any Change Proposal seeking such adjustments shall be submitted no later than 30 days after the date fixed for resumption of Work.

16.02 *Owner May Terminate for Cause*

A. The occurrence of any one or more of the following events will constitute a default by Contractor and justify termination for cause:

1. Contractor's persistent failure to perform the Work in accordance with the Contract Documents (including, but not limited to, failure to supply sufficient skilled workers or suitable materials or equipment or failure to adhere to the Progress Schedule);

2. Failure of Contractor to perform or otherwise to comply with a material term of the Contract Documents;

3. Contractor's disregard of Laws or Regulations of any public body having jurisdiction; or

4. Contractor's repeated disregard of the authority of Owner or Engineer.

B. If one or more of the events identified in Paragraph 16.02.A occurs, then after giving Contractor (and any surety) ten days written notice that Owner is considering a declaration that Contractor is in default and termination of the contract, Owner may proceed to:

1. declare Contractor to be in default, and give Contractor (and any surety) notice that the Contract is terminated; and

2. enforce the rights available to Owner under any applicable performance bond.

C. Subject to the terms and operation of any applicable performance bond, if Owner has terminated the Contract for cause, Owner may exclude Contractor from the Site, take possession of the Work, incorporate in the Work all materials and equipment stored at the Site or for which Owner has paid Contractor but which are stored elsewhere, and complete the Work as Owner may deem expedient.

D. Owner may not proceed with termination of the Contract under Paragraph 16.02.B if Contractor within seven days of receipt of notice of intent to terminate begins to correct its failure to perform and proceeds diligently to cure such failure.

E. If Owner proceeds as provided in Paragraph 16.02.B, Contractor shall not be entitled to receive any further payment until the Work is completed. If the unpaid balance of the Contract Price exceeds the cost to complete the Work, including all related claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals) sustained by Owner, such excess will be paid to Contractor. If the cost to complete the Work including such related claims, costs, losses,

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

and damages exceeds such unpaid balance, Contractor shall pay the difference to Owner. Such claims, costs, losses, and damages incurred by Owner will be reviewed by Engineer as to their reasonableness and, when so approved by Engineer, incorporated in a Change Order. When exercising any rights or remedies under this paragraph, Owner shall not be required to obtain the lowest price for the Work performed.

F. Where Contractor's services have been so terminated by Owner, the termination will not affect any rights or remedies of Owner against Contractor then existing or which may thereafter accrue, or any rights or remedies of Owner against Contractor or any surety under any payment bond or performance bond. Any retention or payment of money due Contractor by Owner will not release Contractor from liability.

G. If and to the extent that Contractor has provided a performance bond under the provisions of Paragraph 6.01.A, the provisions of that bond shall govern over any inconsistent provisions of Paragraphs 16.02.B and 16.02.D.

16.03 *Owner May Terminate For Convenience*

A. Upon seven days written notice to Contractor and Engineer, Owner may, without cause and without prejudice to any other right or remedy of Owner, terminate the Contract. In such case, Contractor shall be paid for (without duplication of any items):

1. completed and acceptable Work executed in accordance with the Contract Documents prior to the effective date of termination, including fair and reasonable sums for overhead and profit on such Work;

2. expenses sustained prior to the effective date of termination in performing services and furnishing labor, materials, or equipment as required by the Contract Documents in connection with uncompleted Work, plus fair and reasonable sums for overhead and profit on such expenses; and

3. other reasonable expenses directly attributable to termination, including costs incurred to prepare a termination for convenience cost proposal.

B. Contractor shall not be paid on account of loss of anticipated overhead, profits, or revenue, or other economic loss arising out of or resulting from such termination.

16.04 *Contractor May Stop Work or Terminate*

A. If, through no act or fault of Contractor, (1) the Work is suspended for more than 90 consecutive days by Owner or under an order of court or other public authority, or (2) Engineer fails to act on any Application for Payment within 30 days after it is submitted, or (3) Owner fails for 30 days to pay Contractor any sum finally determined to be due, then Contractor may, upon seven days written notice to Owner and Engineer, and provided Owner or Engineer do not remedy such suspension or failure within that time, terminate the contract and recover from Owner payment on the same terms as provided in Paragraph 16.03.

B. In lieu of terminating the Contract and without prejudice to any other right or remedy, if Engineer has failed to act on an Application for Payment within 30 days after it is submitted, or Owner has failed for 30 days to pay Contractor any sum finally determined to be due, Contractor may, seven days after written notice to Owner and Engineer, stop the Work until payment is made of all such amounts due Contractor, including interest thereon. The provisions of this paragraph are not intended to preclude Contractor from submitting a Change Proposal for an adjustment in Contract Price or Contract Times or otherwise for

expenses or damage directly attributable to Contractor's stopping the Work as permitted by this paragraph.

ARTICLE 17 – FINAL RESOLUTION OF DISPUTES

17.01 *Methods and Procedures*

A. *Disputes Subject to Final Resolution*: The following disputed matters are subject to final resolution under the provisions of this Article:

1. A timely appeal of an approval in part and denial in part of a Claim, or of a denial in full; and

2. Disputes between Owner and Contractor concerning the Work or obligations under the Contract Documents, and arising after final payment has been made.

B. *Final Resolution of Disputes*: For any dispute subject to resolution under this Article, Owner or Contractor may:

1. elect in writing to invoke the dispute resolution process provided for in the Supplementary Conditions; or

2. agree with the other party to submit the dispute to another dispute resolution process; or

3. if no dispute resolution process is provided for in the Supplementary Conditions or mutually agreed to, give written notice to the other party of the intent to submit the dispute to a court of competent jurisdiction.

ARTICLE 18 – MISCELLANEOUS

18.01 *Giving Notice*

A. Whenever any provision of the Contract Documents requires the giving of written notice, it will be deemed to have been validly given if:

1. delivered in person, by a commercial courier service or otherwise, to the individual or to a member of the firm or to an officer of the corporation for which it is intended; or

2. delivered at or sent by registered or certified mail, postage prepaid, to the last business address known to the sender of the notice.

18.02 *Computation of Times*

A. When any period of time is referred to in the Contract by days, it will be computed to exclude the first and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day will be omitted from the computation.

18.03 *Cumulative Remedies*

A. The duties and obligations imposed by these General Conditions and the rights and remedies available hereunder to the parties hereto are in addition to, and are not to be construed in any way as a limitation of, any rights and remedies available to any or all of them which are otherwise imposed or available by Laws or Regulations, by special warranty or guarantee, or by other provisions of the Contract. The provisions of this paragraph will be as effective as if repeated specifically in the Contract Documents in connection with each particular duty, obligation, right, and remedy to which they apply.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

18.04 *Limitation of Damages*

A. With respect to any and all Change Proposals, Claims, disputes subject to final resolution, and other matters at issue, neither Owner nor Engineer, nor any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors, shall be liable to Contractor for any claims, costs, losses, or damages sustained by Contractor on or in connection with any other project or anticipated project.

18.05 *No Waiver*

A. A party's non-enforcement of any provision shall not constitute a waiver of that provision, nor shall it affect the enforceability of that provision or of the remainder of this Contract.

18.06 *Survival of Obligations*

A. All representations, indemnifications, warranties, and guarantees made in, required by, or given in accordance with the Contract, as well as all continuing obligations indicated in the Contract, will survive final payment, completion, and acceptance of the Work or termination or completion of the Contract or termination of the services of Contractor.

18.07 *Controlling Law*

A. This Contract is to be governed by the law of the state in which the Project is located.

18.08 *Headings*

A. Article and paragraph headings are inserted for convenience only and do not constitute parts of these General Conditions.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

SUPPLEMENTARY CONDITIONS

These Supplementary Conditions amend or supplement the Standard General Conditions of the Construction Contract, EJCDC® C-700 (2013 Edition). All provisions that are not so amended or supplemented remain in full force and effect.

The terms used in these Supplementary Conditions have the meanings stated in the General Conditions. Additional terms used in these Supplementary Conditions have the meanings stated below, which are applicable to both the singular and plural thereof.

The address system used in these Supplementary Conditions is the same as the address system used in the General Conditions, with the prefix "SC" added thereto.

ARTICLE 1 – DEFINITIONS AND TERMINOLOGY

SC-1.01 Defined Terms

SC-1.01. Add to the list of definitions in Paragraph 1.01.A by inserting the following as numbered items in their proper alphabetical positions:

SURETY – The person, firm, or corporation which is bound by the contract bonds with and for Contractor (Principal); and which is held and firmly bound unto Owner for the conditions of obligations set forth in said bonds.

ARTICLE 2 – PRELIMINARY MATTERS

SC-2.01 Delivery of Bonds and Evidence of Insurance

SC-2.01 Delete Paragraphs 2.01 B. in their entirety and insert the following in their place:

B. Evidence of Contractor's Insurance: When Contractor delivers the executed counterparts of the Agreement to Owner, Contractor shall also deliver to Owner copies of the policies of insurance (including all endorsements, and identification of applicable self-insured retentions and deductibles) required to be provided by Contractor in Article 6. Contractor may block out (redact) any confidential premium or pricing information contained in any policy or endorsement furnished under this provision.

SC-2.01 Delete Paragraphs 2.01 C. in its entirety.

SC-2.03 Before Starting Construction

SC-2.03 Amend the second sentence of Paragraph 2.03.A to read as follows:

At the Preconstruction Conference (or as otherwise specifically required by the Contract Documents), Contractor shall submit to Engineer for timely review

ARTICLE 4 – PRELIMINARY MATTERS

SC-4.01 Commencement of Contract Times; Notice to Proceed

SC-4.01 Amend the third sentence of Paragraph 4.01 A. to read as follows:

A. In no event will the Contract Times commence to run later than the one hundred eightieth day after the day of Bid opening or the ninetieth day after the Effective Date of the Contract, whichever date is earlier.

ARTICLE 5 – AVAILABILITY OF LANDS; SUBSURFACE AND PHYSICAL CONDITIONS; HAZARDOUS ENVIRONMENTAL CONDITIONS

SC-5.01 Availability of Lands

SC-5.01 Add the following to the end of paragraph 5.01.C:

Contractor shall obtain said land rights at his own expense and without liability to the Owner. Contractor shall not enter upon private property without first obtaining written permission from the rightful property owner.

SC-5.03 Subsurface and Physical Conditions

SC 5.03 Delete Paragraphs 5.03.A and 5.03.B in their entirety and insert the following:

A. No reports of explorations or tests of subsurface conditions at or adjacent to the Site, or drawings of physical conditions relating to existing surface or subsurface structures at the Site, are known to Owner.

SC-5.06 Hazardous Environmental Conditions

SC 5.06 Delete Paragraphs 5.06.A and 5.06.B in their entirety and insert the following:

A. No reports or drawings related to Hazardous Environmental Conditions at the Site are known to Owner.

B. Not Used.

SC-5.06 Delete Paragraph 5.06.I in its entirety.

SC 5.06 Amend the first paragraph of 5.06.J of the General Conditions by changing "(including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs)" to "(including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or other dispute resolution costs)"

ARTICLE 6 – BONDS AND INSURANCE

SC-6.01 Performance, Payment, and Other Bonds

SC 6.01 Delete Paragraph 6.01.B in its entirety and insert the following:

B. All Bonds shall be in the form prescribed by the Contract Documents or other form approved by Owner. All else notwithstanding, the terms of all Bonds shall be substantially in the form prescribed by Chapter 255, Florida Statutes. All Bonds shall be executed by Contractor and a corporate bonding company

licensed to transact such business in the State of Florida and named on the current list of "Surety Companies Acceptable on Federal Bonds" as published in the Treasury Department Circular Number 570. Contractor will cause the Bonds to be recorded with the Clerk of the Circuit Court in the county in which the Work is to be performed. Failure to execute bonds in the form prescribed may constitute non-responsiveness on the part of Contractor. The expense for all Bonds shall be Contractor's responsibility.

SC-6.02 Insurance—General Provisions

SC-6.02 Add the following paragraph immediately after Paragraph 6.02.B:

1. Certificates of insurance shall be issued by a company with a Best's rating of at least B+ authorized to do business in the State of Florida. Owner must approve non-rated insurers. If used, Owner shall be shown as the Certificate Holder, Engineer as Additional Insured and provide for a 30-day cancellation notice.

SC-6.02 Delete Paragraph 6.02 D. in its entirety.

SC-6.02 Add the following paragraph immediately after Paragraph 6.02.J:

K. No work shall be commenced under this contract until the required Certificate(s) have been provided. Work shall not continue after expiration (or cancellation) until new Certificate(s) have been provided. Non-continuance of work after expiration (or cancellation) of Certificate(s) will not constitute a delay beyond Contractor's control as defined in paragraph 4.05.

L. Contractor shall arrange for its insurers' policies to include, or be endorsed to include, a severability of interest/cross liability provision, so that Owner will be treated as if a separate policy were in existence, but without increasing the policy limits.

M. Contractor's deductibles/self-insured retentions shall be disclosed to Owner and may be disapproved by the latter. They shall be reduced or eliminated at the option of Owner. Contractor is responsible for the amount of any deductible or self-insured retention.

N. Insurance required of Contractor or any other insurance of Contractor shall be considered primary and insurance or self-insurance of Owner shall be considered excess, as may be applicable to claims that arise out of this contract.

O. The Contractor shall either (a) require each subcontractor to procure and maintain the same coverage as required of the Contractor, or (b) insure the activities of subcontractors in his own policy.

SC-6.05.A. Add the following to the list of items in Paragraph 6.05.A, as numbered items:

14. include for the benefit of Owner loss of profits and soft cost coverage including, without limitation, fixed expenses and debt service for a minimum of 12 months with a maximum deductible of 30 days, plus attorneys fees and engineering or other consultants' fees, if not otherwise covered;

15. include by express endorsement coverage of damage to Contractor's equipment.

ARTICLE 7 – CONTRACTOR'S RESPONSIBILITIES

SC-7.02 Labor; Working Hours

SC-7.02.B. Amend the first and second sentences of Paragraph 7.02.B to state "…all Work at the Site shall be performed during regular working hours, 7:00 AM through 5:00 PM. Contractor will not perform Work on a Saturday, Sunday, or any legal holiday recognized by the Owner without prior written approval by the Owner. The Owner recognizes the following legal holidays:

New Year's Day (January 1)
Martin Luther King Jr. Day (3rd Monday in January)
President's Day (3rd Monday in February)
Good Friday
Memorial Day (Last Monday of May)
Independence Day (July 4)
Labor Day (1st Monday of September)
Veteran's Day (November 11)
Thanksgiving Day (4th Thursday of November)
Day After Thanksgiving (4th Friday of November)
Christmas Eve (December 24)
Christmas Day (December 25)
New Year's Eve (December 31)"

SC-7.02.C. Add the following new paragraph immediately after Paragraph 7.02.B:

Contractor shall be responsible for the cost of any overtime pay or other expense incurred by the Owner for Engineer's services (including those of the Resident Project Representative, if any), Owner's representative, and construction observation services, occasioned by the performance of Work outside of regular working hours as defined in the Contract Documents. If Contractor is responsible but does not pay, or if the parties are unable to agree as to the amount owed, then Owner may impose a reasonable set-off against payments due under Article 15.

SC-7.07 Delete Paragraph 7.07 B. in its entirety.

SC-7.11 Record Documents

SC-7.11.A. Add the following new paragraph immediately after Paragraph 7.11.A:

Annotation of record documents shall be legible, precise, and complete as determined by Engineer. Record drawings shall also meet all additional requirements if any as specified in the Contract Documents including providing an electronic CAD version.

SC-7.12 Safety and Protection

SC-7.12.A. Add the following new paragraph immediately after Paragraph 7.12.A.3:

4. Contractor shall be responsible at all times for precautions to achieve the protection of all persons, including employees and property. Contractor shall make special effort to detect hazardous conditions and shall take prompt action where necessary to avoid accident, injury, or property damage. OSHA and all other applicable safety laws and ordinances shall be followed as well as American National Standards Institute Safety Standards. All accidents, injuries,

claims, or potential claims shall be reported promptly to Owner.

SC-7.16 Shop Drawings, Samples, and Other Submittals

SC-7.16.E. Add the following new paragraph immediately after Paragraph 7.16.E.1:

2. Contractor shall reimburse Owner for the charges of Engineer and Engineer's Consultants for costs generated as a result of more than two submittals of any one Shop Drawing or Sample being required for evaluation due to rejection for noncompliance of the original submittal or for lack of information required by the Contract Documents. Owner's reimbursement for the charges shall be a deduction from Contractor's Partial Payment(s).

SC-7.18 Indemnification

SC-7.18 Delete in its entirety

ARTICLE 9 – OWNER'S RESPONSIBILITIES

SC-9.02 Replacement of Engineer

SC-9.02 Amend paragraph 9.02 of the General Conditions by striking out the following words: ", provided the Contractor makes no reasonable objection."

SC-9.11 Evidence of Financial Arrangements

SC-9.11 Delete in its entirety

ARTICLE 10 – ENGINEER'S STATUS DURING CONSTRUCTION

SC-10.03 Project Representative

SC-10.03 Add the following new paragraphs immediately after Paragraph 10.03.A:

B. The Resident Project Representative (RPR) will be Engineer's representative at the Site, will act as directed by and under the supervision of Engineer, and will confer with Engineer regarding RPR's actions.

1. General: RPR's dealings in matters pertaining to the Work in general shall be with Engineer and Contractor. RPR's dealings with Subcontractors shall only be through or with the full knowledge and approval of Contractor. RPR shall generally communicate with Owner only with the knowledge of and under the direction of Engineer.

2. Schedules: Review the progress schedule, schedule of Shop Drawing and Sample submittals, and Schedule of Values prepared by Contractor and consult with Engineer concerning acceptability.

3. Conferences and Meetings: Attend meetings with Contractor, such as preconstruction conferences, progress meetings, job conferences, and other Project-related meetings, and prepare and circulate copies of minutes thereof.

4. **Liaison:**

   a. **Serve as Engineer's liaison with Contractor. Working principally through Contractor's authorized representative or designee, assist in providing information regarding the provisions and intent of the Contract Documents.**

   b. **Assist Engineer in serving as Owner's liaison with Contractor when Contractor's operations affect Owner's on-Site operations.**

   c. **Assist in obtaining from Owner additional details or information, when required for proper execution of the Work.**

5. **Interpretation of Contract Documents: Report to Engineer when clarifications and interpretations of the Contract Documents are needed and transmit to Contractor clarifications and interpretations as issued by Engineer.**

6. **Shop Drawings and Samples:**

   a. **Record date of receipt of Samples and Contractor-approved Shop Drawings.**

   b. **Receive Samples which are furnished at the Site by Contractor, and notify Engineer of availability of Samples for examination.**

   c. **Advise Engineer and Contractor of the commencement of any portion of the Work requiring a Shop Drawing or Sample submittal for which RPR believes that the submittal has not been approved by Engineer.**

7. **Modifications: Consider and evaluate Contractor's suggestions for modifications in Drawings or Specifications and report such suggestions, together with RPR's recommendations, if any, to Engineer. Transmit to Contractor in writing decisions as issued by Engineer.**

8. **Review of Work and Rejection of Defective Work:**

   a. **Conduct on-Site observations of Contractor's work in progress to assist Engineer in determining if the Work is in general proceeding in accordance with the Contract Documents.**

   b. **Report to Engineer whenever RPR believes that any part of Contractor's work in progress is defective, will not produce a completed Project that conforms generally to the Contract Documents, or will imperil the integrity of the design concept of the completed Project as a functioning whole as indicated in the Contract Documents, or has been damaged, or does not meet the requirements of any inspection, test or approval required to be made; and advise Engineer of that part of work in progress that RPR believes should be corrected or rejected or should be uncovered for observation, or requires special testing, inspection or approval.**

9. **Inspections, Tests, and System Start-ups:**

   a. **Verify that tests, equipment, and systems start-ups and operating and maintenance training are conducted in the presence of appropriate Owner's personnel, and that Contractor maintains adequate records thereof.**

b. **Observe, record, and report to Engineer appropriate details relative to the test procedures and systems start-ups.**

10. **Records:**

    a. **Prepare a daily report or keep a diary or log book, recording Contractor's hours on the Site, Subcontractors present at the Site, weather conditions, data relative to questions of Change Orders, Field Orders, Work Change Directives, or changed conditions, Site visitors, deliveries of equipment or materials, daily activities, decisions, observations in general, and specific observations in more detail as in the case of observing test procedures; and send copies to Engineer.**

    b. **Record names, addresses, fax numbers, e-mail addresses, web site locations, and telephone numbers of all Contractors, Subcontractors, and major Suppliers of materials and equipment.**

    c. **Maintain records for use in preparing Project documentation.**

11. **Reports:**

    a. **Furnish to Engineer periodic reports as required of progress of the Work and of Contractor's compliance with the Progress Schedule and schedule of Shop Drawing and Sample submittals.**

    b. **Draft and recommend to Engineer proposed Change Orders, Work Change Directives, and Field Orders. Obtain backup material from Contractor.**

    c. **Immediately notify Engineer of the occurrence of any Site accidents, emergencies, acts of God endangering the Work, force majeure or delay events, damage to property by fire or other causes, or the discovery of any Constituent of Concern or Hazardous Environmental Condition.**

12. **Payment Requests: Review applications for payment with Contractor for compliance with the established procedure for their submission and forward with recommendations to Engineer, noting particularly the relationship of the payment requested to the Schedule of Values, Work completed, and materials and equipment delivered at the Site but not incorporated in the Work.**

13. **Certificates, Operation and Maintenance Manuals: During the course of the Work, verify that materials and equipment certificates, operation and maintenance manuals and other data required by the Contract Documents to be assembled and furnished by Contractor are applicable to the items actually installed and in accordance with the Contract Documents, and have these documents delivered to Engineer for review and forwarding to Owner prior to payment for that part of the Work.**

14. **Completion:**

    a. **Participate in Engineer's visits to the Site to determine Substantial Completion, assist in the determination of Substantial Completion and the preparation of a punch list of items to be completed or corrected.**

    b. **Participate in Engineer's final visit to the Site to determine completion of the Work, in the company of Owner and Contractor, and prepare a**

final punch list of items to be completed and deficiencies to be remedied.

c. Observe whether all items on the final list have been completed or corrected and make recommendations to Engineer concerning acceptance and issuance of the notice of acceptability of the work.

C. The RPR shall not:

1. Authorize any deviation from the Contract Documents or substitution of materials or equipment (including "or-equal" items).

2. Exceed limitations of Engineer's authority as set forth in the Contract Documents.

3. Undertake any of the responsibilities of Contractor, Subcontractors, or Suppliers.

4. Advise on, issue directions relative to, or assume control over any aspect of the means, methods, techniques, sequences or procedures of Contractor's work.

5. Advise on, issue directions regarding, or assume control over security or safety practices, precautions, and programs in connection with the activities or operations of Owner or Contractor.

6. Participate in specialized field or laboratory tests or inspections conducted off-site by others except as specifically authorized by Engineer.

7. Accept Shop Drawing or Sample submittals from anyone other than Contractor.

8. Authorize Owner to occupy the Project in whole or in part.

ARTICLE 12 – CLAIMS

SC-12.01 Claims

SC 12.01.B **Amend the first sentence of paragraph 12.01.B of the General Conditions by changing "(but in no event later than 30 days)" to "(but in no event later than 90 days for the Owner and no later than 10 days for the Contractor)".**

ARTICLE 13 – COST OF THE WORK; ALLOWANCES; UNIT PRICE WORK

SC-13.01 Cost of the Work

SC 13.01.B.5.c **Add the following to the end of Paragraph 13.01.B.5.c:**

In no case shall rates exceed those published by the current edition of Data Quest Incorporated titled, Rental Rate Blue Book for Construction Equipment, and other procedures established by Florida Department of Transportation.

SC 13.01.B.5.f **Amend the first sentence of paragraph 13.01.B.5.f by striking out the following words: "(except losses and damages within the deductible amounts of property insurance established in accordance with Paragraph 6.05)."**

SC 13.01.B.5.i **Add the following new paragraphs immediately after paragraph 13.01.B.5.i:**

j. The cost of compliance with current local, state and federal safety regulations.

SC-13.03 Unit Price Work

SC 13.03.E **Delete Paragraph 13.03.E in its entirety and insert the following in its place:**

E. The unit price of an item of Unit Price Work shall be subject to reevaluation and adjustment by the Owner under the following conditions:

1. if the extended price of a particular item of Unit Price Work amounts to 25 percent or more of the Contract Price (based on estimated quantities at the time of Contract formation) and the variation in the quantity of that particular item of Unit Price Work actually furnished or performed by Contractor differs by more than 25 percent from the estimated quantity of such item indicated in the Agreement; and

2. if there is no corresponding adjustment with respect to any other item of Work; and

3. if Owner believes that the quantity variation entitles Owner to an adjustment in the unit price, Owner may make a Claim, seeking an adjustment in the Contract Price.

SC 13.03.E **Add the following new paragraphs immediately after Paragraph 13.03.E:**

F. Owner reserves the right to delete any Unit Price Work with the change, if any, in the Contract Price or in the Contract Times determined in accordance with Article 11.

ARTICLE 14 –TESTS AND INSPECTIONS; CORRECTION, REMOVAL OR ACCEPTANCE OF DEFECTIVE WORK

SC-14.02 Tests, Inspections, and Approvals

SC 14.02.A Add the following to the end of Paragraph 14.02.A:

Contractor shall reimburse Owner for the charges of Engineer and Engineer's Consultants for all costs due to work not being ready for tests and/or inspections when the Contractor has notified Engineer that work is ready for tests and/or inspections. Contractor shall reimburse Owner for all failed tests and subsequent retests. Partial payments payable to Contractor shall be distributed, first to reimburse the Owner for such charges, with the balance distributed to the Contractor in accordance with the Contract Documents.

ARTICLE 15 – PAYMENTS TO CONTRACTOR; SET-OFFS; COMPLETION; CORRECTION PERIOD

SC-15.01 Progress Payments

SC 15.01.B.2 Delete Paragraph 15.01.B.2 in its entirety and insert the following in its place:

Beginning with the second Application for Payment, each Application shall include an affidavit of Contractor certifying that Contractor has disbursed to all subcontractors and suppliers having an interest in the contract their pro rata shares of the payment out of previous progress payments received by Contractor for all work completed and materials furnished in the previous period, less a retainage withheld by Contractor pursuant to an agreement with a subcontractor. Contractor shall provide a waiver of lien for all stored materials with the second application for payment after submitting application for payment. If the waiver of lien is not provided, current application for payment will be reduced by the value of the stored materials until said time waiver of lien is received or stored materials become incorporated in the Work. Within 30 days of receipt for the final progress payment or any other payments received thereafter except the final payment, Contractor shall pay all subcontractors and suppliers having an interest in the contract their pro rata shares of the payment for all work completed and materials furnished.

SC 15.01.D.1 Change Paragraph 15.01.D.1 to read as follows:

After presentation of the Application for Payment to the Owner with Engineer's recommendation, the amount recommended will (subject to the provisions of paragraph 15.01.C) become due and when due, will be paid by Owner to Contractor within thirty (30) days.

SC-15.03 Substantial Completion

SC 15.03.B Add the following new subparagraph to Paragraph 15.03.B:

1. If some or all of the Work has been determined not to be at a point of Substantial Completion and will require re-inspection or re-testing by Engineer, the cost of such re-inspection or re-testing, including the cost of time, travel and living expenses, shall be paid by Contractor to Owner. If Contractor does not pay, or the parties are unable to agree as to the amount owed, then Owner may impose a reasonable set-off against payments due under Article 15.

This [preliminary] [final] Certificate of Substantial Completion applies to:

☐ All Work ☐ The following specified portions of the Work:

Date of Substantial Completion

The Work to which this Certificate applies has been inspected by authorized representatives of Owner, Contractor, and Engineer, and found to be substantially complete. The Date of Substantial Completion of the Work or portion thereof designated above is hereby established, subject to the provisions of the Contract pertaining to Substantial Completion. The date of Substantial Completion in the final Certificate of Substantial Completion marks the commencement of the contractual correction period and applicable warranties required by the Contract.

A punch list of items to be completed or corrected is attached to this Certificate. This list may not be all-inclusive, and the failure to include any items on such list does not alter the responsibility of the Contractor to complete all Work in accordance with the Contract.

The responsibilities between Owner and Contractor for security, operation, safety, maintenance, heat, utilities, insurance, and warranties upon Owner's use or occupancy of the Work shall be as provided in the Contract, except as amended as follows: *[Note: Amendments of contractual responsibilities recorded in this Certificate should be the product of mutual agreement of Owner and Contractor; see Paragraph 15.03.D of the General Conditions.]*

Amendments to Owner's responsibilities: ☐ None ☐ As follows

Amendments to Contractor's responsibilities: ☐ None ☐ As follows:

The following documents are attached to and made a part of this Certificate: *[punch list; others]*

This Certificate does not constitute an acceptance of Work not in accordance with the Contract Documents, nor is it a release of Contractor's obligation to complete the Work in accordance with the Contract.

Mr. Walt Sanchez
Public Service Project Manager
The Village of Palm Springs
226 Cypress Lane
Palm Springs, Florida 33461

RE: General Bid Review – Village of Palm Springs Flex Space REG Project #19007.2

Dear Mr. Sanchez,

REG Architects, Inc. (REG) offers the following general comparison of 4 submitted bids for the above-mentioned project based on the current construction documents scope of work. (See EXHIBIT-A)

This general comparison of the bids for the Village of Palm Springs (VPS) is based on information provided in the bid packages by the General Contractors and is provided to VPS for review purposes only. REG has no control over the cost of labor, materials, equipment, services, competitive bidding, or market conditions, and therefore does not guarantee the accuracy of these bids.

REG makes no definitive approvals or assumptions on the other three bidders, but we recommend "Good News Development Inc" be rejected or asked for clarification on their bid package as it is our professional opinion that their submittal is unclear and incomplete. This Opinion represents REG's best judgment as a design professional based on information known to REG at the time the Opinion is made. The Opinion is supplied to the Village of Palm Springs for guidance only. VPS is responsible to exercise due diligence to thoroughly review the submitted bids, and to also research and verify bidder references as required.

Sincerely,

REG Architects, Inc.

Rick Gonzalez, AIA
President

EXHIBIT-A

Palm Springs Village Hall N Flex Space Buildout Bid Comparison

INTERTECH CONSTRUCTION

A) **PROJECT COST:**
$333,212.04 + $20,000 (contingency) = **$353,212.04**
NOTE:
Project Price Breakdown not provided

B) **CONTINGENCY ALLOWANCE:** **Included**
$20,000

C) **PROJECT SCHEDULING:**
120 Calendar Days **Substantial Completion**
150 Calendar Days **General Condition Completion**
Article 6 of Bid form provided/acknowledged

D) **WORK EXPERIENCE:** **Good**
Extensive work experience provided
Relevant experience include Interior Office Renovations and multiple commercial projects including Financial institutions, Medical Offices, Restaurants and High end Retail

E) **PREVIOUS PROJECTS COST:** **Weak**
Not enough past project pricing provided in bid package
Note: 2 listed projects range from $290,000 to $432,000
Note: Based on project types listed, construction cost could be over $1,000,000 for some of the provided reference projects.

F) **COMPANY/EMPLOYEE EXPERIENCE:** **Good**
Company 49 Years./Florida Corporation 3 Years.
CM/PM/Superintendent from 7 Years to 33 Years

G) **SUBCONTRCATOR LIST:** **Good**
Subcontractors list provided

H) **REFERENCES:** **Provided**

RALPH DELLA-PIETRA INC.

A) **PROJECT COST:**
$305,967 + $20,000 (contingency) = **$325,967.00**
NOTE:
Project Price Breakdown not provided

B) **CONTINGENCY ALLOWANCE:** **Included**
$20,000

C) **PROJECT SCHEDULING:**
120 Calendar Days **Substantial Completion**
150 Calendar Days **General Condition Completion**
Article 6 of Bid form provided/acknowledged

D) **WORK EXPERIENCE:** **Good**
Extensive work experience provided
Relevant work experience include Interior Renovations for offices & schools
NOTE: Company has City Projects experience & New Construction Experience

E) **PREVIOUS PROJECTS COST:** **Provided**
Projects range from $314,000 to multiple projects over $1,000,000 in construction cost

F) **COMPANY/EMPLOYEE EXPERIENCE:** **Good**
Company/Florida Corporation 35 Years.
CM/PM/Superintendent from 17 Years to 30 Years

G) **SUBCONTRCATOR LIST:** **Good**
Subcontractors list provided

H) **REFERENCES:** **Provided**

E+F FLORIDA ENTERPRISES INC.

A) **PROJECT COST:**
$289,300 + $20,000 (contingency) = **$309,300.00**
NOTE:
Project Price Breakdown not provided

B) **CONTINGENCY ALLOWANCE:** **Included**
$20,000

C) **PROJECT SCHEDULING:**
120 Calendar Days **Substantial Completion**
150 Calendar Days **General Condition Completion**
Article 6 of Bid form provided/acknowledged

D) **WORK EXPERIENCE:** **Good**
Extensive work experience provided
Relevant work experience include Interior Office Renovations
NOTE: Company has city projects experience

E) **PREVIOUS PROJECTS COST:** **Provided**
Based on list of submitted completed project price, past project budget varies from $26,000 to $547,000

F) **COMPANY/EMPLOYEE EXPERIENCE:** **Good**
Company/Florida Corporation 18 Years.
CM/PM/Superintendent from 10 Years to 22 Years

G) **SUBCONTRCATOR LIST:** **Good**
Subcontractors list provided

H) **REFERENCES:** **Provided**

GOOD NEWS DEVELOPMENT INC.

A) **PROJECT COST:**
$239,912 (contingency not added) **$239,912.00**
NOTE:
Project cost could be $259,912 with added Contingency
Project Price Breakdown Provided

B) **CONTINGENCY ALLOWANCE:** **Not Included**
$20,000

C) **PROJECT SCHEDULING:**
120 Calendar Days **Not Acknowledged**
150 Calendar Days **Not Acknowledged**
Article 6 of Bid form not provided/acknowledged

D) **WORK EXPERIENCE:** **Weak**
Experience include Interior Office Renovations
NOTE: Most of the company's relevant experience seems to be outside of the state of Florida

E) **PREVIOUS PROJECTS COST:** **Provided**
Relevant projects range from $35,000 to $530,000 in construction cost

F) **COMPANY/EMPLOYEE EXPERIENCE:** **Unclear**
GOOD NEWS DEVELOPMENT seems to have been incorporated in Florida in 2020
GC Holds North Carolina License. Created Joint Venture with another Florida company stated as of January 1st 2022 to provide licensing and possible other services for this project.
Owner & PM/20 Year
NOTE: Other staff not listed)

G) **SUBCONTRCATOR LIST:** **Weak**
Subcontractors list incomplete

H) **REFERENCES:** **Not Provided**

END OF ADDENDUM

ATTACHMENT 1

RESPONSES TO BIDDER QUESTIONS

RESPONSES TO BIDDER QUESTIONS

Question 1: Do you know the existing Luxury Vinyl Plank (LVT) brand & style to match the community room? If not is there a manufacture/color you could provide for the bid?

Response 1: **The existing flooring material is a Shannon Tuf Stuf Woodland Path Boxelder WP57006.**

Question 2: Electrical Floor box shown on plans shows being fed from conduit going through the slab. Is the 2nd floor slab being cut? On sheet A1.10 there is a note at the top of floor plan that says 3" LW Concrete on 2" metal decking.

Response 2: **Existing 4" concrete deck consists of 2-1/2" concrete over 1-1/2" metal deck. See attached structural details. Contractor is suggested to visit the space to determine the best way to accomplish the floor box installation with the least amount of disruption/destruction. The consultation of a structural engineer may be necessary, and any associated costs are inherent to performing this work.**

Question 3: Will the GC be responsible for the data work? Is the GC to only provide conduit for the new data drops?

Response 3: **GC to provide conduit and pull strings only. This work to be coordinated with the Village's selected data cabling vendor.**

Question 4: Will the GC need to include Fire Sprinklers for the area of buildout?

Response 4: **Yes, the GC will have to modify existing fire sprinkler system in the space to accommodate the new office space layouts. The GC will also have to provide a dry suppression system in the server room which will need to be reviewed and approved by the Village during the submittal process.**

Question 5: Will there be a chance to review the site? Is a site visit possible? Who do we coordinate a site visit with?

Response 5: **Yes, a site visit is heavily encouraged. This is to be coordinated through the Village Clerk via email (kwynn@vpsfl.org).**

Question 6: Are there any building permit fees associated with the project?

Response 6: **Permit fees will be waived for permits from the Village of Palm Springs. PBC Fire on the other hand does have permit fees associated with any reviews.**

Question 7: What is the budget for the project? What is the estimated job cost?

Response 7: **The budget for the project is $230,000.00**

Question 8: Will there be a separate fire suppression system required for the server room?

Response 8: **Yes, a dry fire suppression system will be required for the server room. A system like the FIKE SHP PRO FM-200 Clean Agent system or an equal appropriate for the space will be considered.**

Question 9: For offices on the left side of the corridor (offices 100, 101, 102, 103), those offices have been roughed in (framing, drywall, rough electrical) just needs finishing and painting, correct?

Response 9: **That is correct. It is heavily encouraged to visit the site and familiarize yourself with what's in place and what requires finishing.**

Question 10: What are the liquidated damages for the project?

Response 10: **The liquidated damages as indicated in the included construction agreement within the bid package, under sections 4.03.A.1 and 4.03.A.2, states $500 for ea. day you go beyond the substantial completion date and $200 for ea. day beyond final completion.**

ATTACHMENT 2

DETAIL - SPACES WITH NEW WALLS COMPLETE

Notes:

1. Areas marked out in (rooms 100, 101, 102, 103, and main corridor running east to west only) are already framed out, drywalled, and mostly finished. Some final sanding and finishing is still required to make it paint ready. Pricing should be adjusted accordingly. Five (5) Doors and frames have also been purchased for these areas and will need to be installed, adjusted, and painted. Remainder of doors to be supplied and installed by Contractor.

2. The entire space will require existing HVAC to be extended into space as indicated on plan sheet M301.

3. The entire space will require existing fire sprinkler system to be modified to the new space layout. Server Rm will have a dry fire suppression system appropriate for the room size and equipment.

4. Electrical wall rough conduit and wiring are done in the shaded areas as well as data conduit and boxes (Data wiring provided by others). Electrical pigtails for lighting are also provided in the shaded spaces, but still require lighting fixtures. Shaded spaces will require electrical terminations and trim. Pricing should be adjusted accordingly.

5. Existing 2nd level 4" floor deck consists of 2-1/2" concrete poured over a 1-1/2" metal deck. See included structural details for existing 2nd floor slab. Care should be taken when installing floor boxes within/through the floor slab where called out. The consultation of a structural engineer may be necessary and any associated costs are inherent to performing this work.

6. It is strongly encourage that all interested bidders visit the site to familiarize themselves with the project and everything that it entails. All bids are to include completing the shaded spaces and building out the remainder of the spaces for a complete project. Bids to include all framing and finishing per plans, flooring, paint, ceilings, electrical, mechanical, fire sprinkler / fire suppression systems, doors w/ hardware, cabinets, file storage, life safety devices, and fire alarm system for a complete usable space.

RESPONSES TO BIDDER QUESTIONS

RESPONSES TO BIDDER QUESTIONS

Question 1: Could you provide clarification for the roof drain line that runs through office 104. Could you provide a framing detail as it is not shown on the drawings.

Response 1: **The roof drain line that runs down the back of office 105 will need to be wrapped with sound attenuation batts and framed / drywalled around the pipe to create the least amount of space intrusion into the office. (See attached detail).**

Question 2: Are we to assume that we will be hanging metal studs and drywall at the west exterior wall that only has tuff r insulation?

Response 2: **Exposed east walls with Tuff insulation are to be framed out in 1-5/8" metal studs anchored back to the masonry wall as required and drywalled.**

Question 3: Will the owner be removing the existing temporary plywood walls, existing wall hung A/C unit, and the temporary surface mounted conduit and outlets located on the south wall?

Response 3: **The temp wood structure and misc. exposed electrical conduit/boxes will be removed by the Village. The wall hung A/C unit will also be removed by the Village at the latest possible date as this is serving the Village's server room in the adjacent space. Contractor to coordinate with Village this step and shall repair the wall opening left by the removal of the unit. All efforts should be made to bring the new split system online at the earliest possible moment once the existing unit is removed.**

Question 4: Could we run the new condensate line for the new mini split system to an existing roof drain located on the roof?

Response 4: **Yes, the condensate line can be run to the nearest roof drain. The drain line will need to be carried and strapped so as to not sit directly on the roof.**

Question 5: Please provide the Fire Alarm company info that is already contracted to this facility? Do you have a contact person

Response 5: **Knight Fire and Security. Address: 7513 Central Industrial Dr, West Palm Beach, FL 33404 Hours: 8AM - 5PM; Phone: (561) 471-8221.**

Question 6: Who will be responsible for the control work for the (4) VAV's on the drawings? I am looking to see if there is a control company by the owner for this project as all equipment is coming without the controller on the (4) VAV BOXES

Response 6: **The Village utilizes Advanced Control Corporation 6001 NE 14th Avenue Fort Lauderdale, FL 33334, Phone (954)491-6660 for their systems controls. Costs to procure and install all required components to have the new spaces included and controlled by the Village's system control equipment including any testing and final inspections are to be included in the bid price.**

VILLAGE OF PALM SPRINGS
PRELIMINARY CAPITAL IMPROVEMENT PROJECT DETAIL

TASK # 289

Project Name: Village Hall Renovations (Flex Space)
Department: Public Works
Location: Village Hall N. End 2nd Fl Flex Space
Project Manager: Walt Sanchez
Date Requested: 10/6/20
Date Approved:

DESCRIPTION / JUSTIFICATION:

The project consists of building out (6) new office spaces, a conference room, and an IT department w/ server room on the 2nd floor N. end flex space totaling approximately 2,300 S.F. The offices will be similar in design to existing adjacent office spaces. Work will include dividing walls, doors, acoustical ceiling, lighting, and similar finishes to existing offices. Work will also include extending HVAC ductwork, fire sprinkler, fire alarm, and electrical/data into the new spaces. The space will have a new corridor, a server room and a lab for IT.

Village of Palm Springs

Executive Brief

AGENDA DATE: March 10, 2022

DEPARTMENT: Planning, Zoning & Building

ITEM #7: Approve Building Plans Review and Inspection Services Agreement - Piggyback - 1st Amendment - Term Extension - C.A.P. Government, Inc.

SUMMARY: The Planning, Zoning & Building Department, throughout the year, has a need to enter into a contract to provide building plan reviews and inspection services to assist the Village with private development that is occurring within the Village. To ensure the lowest possible price, staff recommends that the Village piggyback off the current Palm Beach County contract awarded to C.A.P. Government, Inc. This selection by Palm Beach County was originally completed through a competitive selection process - Building Inspection, Plan Review, and Permit Technician Services (RFP No. 17-023/SC - May 17, 2017).

On May 10, 2018, the Village entered into an agreement for Building Inspection/Plan Review based upon the Palm Beach County Contract. The initial term for the 2018 agreement was to run concurrently with that contract until May 12, 2022. On November 23, 2021, the term of the Palm Beach County Contract was extended from the period May 16, 2022, through November 15, 2022. The purpose of this First Amendment is to extend the term of the Agreement from the period May 16, 2022, through November 15, 2022, and to add contract provisions concerning E-Verify that became a requirement under Florida law subsequent to the date of the original agreement. Fees are not proposed to be increased.

If approved, the Village would continue to accept the C.A.P. Government's services by piggybacking on the Palm Beach County contract including all terms, conditions, and pricing therein. The term of the contract is for six (6) months and will expire on November 15, 2022. The Village will not expend more than the amount in the approved budget as it may be adopted/ amended each year for these goods and services over the term of this contract. The

The Village's Purchasing Code, Section 58-9, Accessing contracts of other government agencies, provides that the Village may award a contract by piggybacking or accessing the goods and/or services from any State of Florida contract; contracts of any Florida political subdivision; or from any other governmental entity (other than the federal government); provided that the same or substantially similar goods and/or services were competitively solicited.

The proposed Agreement has been prepared by the Village Attorney and reviewed by the Assistant Village Manager, Planning, Zoning, and Building Director, and Finance Director.

The Village has been working with the vendor and finds their plan review services to be thorough.

FISCAL IMPACT:

Funds to support this proposed Agreement are available with the FY2022 Budget - General Fund. The Village will not expend more than the amount within the approved budget as it may be adopted/amended each year for these goods and services over the term of this contract.

ATTACHMENTS:

1. Proposed 1st Amendment to Contract for Building Inspection/Plan Review - C.A.P. Government
2. VPS Renewal Letter and PBC Contract 2nd Amendment
3. Original Contract with PBC - C.A.P. Government (RFP No.17-023/SC - May 17, 2017)

FIRST AMENDMENT TO CONTRACT FOR BUILDING INSPECTION/PLAN REVIEW BEWEEN THE VILLAGE OF PALM SPRINGS AND C.A.P. GOVERNMENT, INC.

This First Amendment to Contract for Building Inspection/Plan Review ("First Amendment") is made as of the _____ day of _____, 2022, by and between the **Village of Palm Springs**, a Florida Municipal Corporation ("VILLAGE") and **C.A.P. Government, Inc.,** a corporation authorized to do business in the State of Florida ("CONTRACTOR").

On May 10, 2018, the parties entered into an agreement for Building Inspection/Plan Review ("the 2018 Agreement") based upon Contractor's competitively awarded contract with Palm Beach County, Florida, #17-023/SC ("the Palm Beach County Contract") The initial term for the 2018 Agreement was to run concurrently with that of the Palm Beach County Contract, until May 15, 2022. On November 23, 2021, the term of the Palm Beach County Contract was extended for the period May 16, 2022 through November 15, 2022.

The purpose of this First Amendment is to extend the term of the Agreement for the period May 16, 2022 through November 15, 2022, and to add a contract provision concerning E-Verify that became a requirement under Florida law subsequent to the date of the parties' original Agreement.

In consideration of the mutual promises contained in the Agreement, incorporated herein by reference, as amended by this First Amendment, the VILLAGE and CONTRACTOR agree as follows:

A. EXTENSION OF CONTRACT TERM

The term of the Agreement is hereby reinstated and effective May 16, 2022 through and including November. Pricing, scope of services, and other terms shall remain as set forth in the Agreement unless specifically modified herein.

B. E-VERIFY

Pursuant to Section 448.095(2), Florida Statutes, effective January 1, 2021, the CONTRACTOR shall:

(a) Register with and use the E-Verify system to verify the work authorization status of all newly hired employees and require all subcontractors (providing services or receiving funding under this Agreement) to register with and use the E-Verify system to verify the work authorization status of all the subcontractors' newly hired employees;
(b) Secure an affidavit from all subcontractors (providing services or receiving funding under this Agreement) stating that the subcontractor does not employ,

contract with, or subcontract with an "unauthorized alien" as defined in Section 448.095(1)(k), Florida Statutes;

(c) Maintain copies of all subcontractor affidavits for the duration of this Agreement and provide the same to the Owner upon request;

(d) Comply fully, and ensure all of its subcontractors comply fully, with Section 448.095, Florida Statutes;

(e) Be aware that a violation of Section 448.09, Florida Statutes (Unauthorized aliens; employment prohibited) shall be grounds for termination of this Agreement; and,

(f) Be aware that if the VILLAGE terminates this Agreement under Section 448.095(2)(c), Florida Statutes, the CONTRACTOR may not be awarded a contract for at least one (1) year after the date on which the Agreement is terminated and will be liable for any additional costs incurred by the VILLAGE as a result of the termination of the Agreement.

All other terms and conditions set forth in the 2018 Agreement remain in full force and effect except to the extent modified hereinabove.

IN WITNESS WHEREOF, the parties hereto have caused this Addendum to be executed as of the day and year set forth above.

Re: Extension of Agreement between the Village of Palm Springs and C.A.P. Government, Inc. for Building Inspection, Plan Review and Permit Technician Services – Piggyback Palm Beach County (No. 17-023/SC)

Dear Mr. Bernstein:

Our Company, C.A.P. Government, Inc. (CAP) entered into an agreement with the Village of Palm Springs (Village) on May 10, 2018. The Agreement for "Building Inspection, Plan Review and Permit Technician Services" is set to expire on May 15, 2022. This Agreement is a "piggyback" of an existing Palm Beach County contract for Building Inspection, Plan Review and Permit Technician Services that has been recently extended from May 15, 2022 to November 15, 2022 (Second Amendment attached).

CAP is pleased to serve the Village and respectively requests the opportunity to continue to do so. CAP would respectfully accept an extension of this Agreement with the Village for a period from May 15, 2022, to November 15, 2022, using the second Amendment available under the Agreement referenced above.

We look forward to continuing to serve the Village of Palm Springs with professional, customer centered Building Department services. If you find this extension acceptable, please execute in the space provided and return it to me. If you wish to discuss this proposal further or need additional information, please contact Mr. Judson Dulany, BU our Palm Beach County Regional Director at (561) 261-9757 or me at (305) 458.6000 at your earliest convenience.

Very truly yours,
C.A.P. Government, Inc.

Carlos A. Penin, PE
President

R2021 1763

SECOND AMENDMENT
TO CONTRACT FOR
Building Inspection, Plan Review and Permit Technician Services
(Contract No. 17-023/SC)

THIS SECOND AMENDMENT, dated NOV 2 3 2021, 2021, to Contract No. 17-023/SC, dated May 16, 2017, is made by and between Palm Beach County, a political subdivision of the State of Florida, by and through its Board of Commissioners, hereinafter referred to as the "COUNTY", and C.A.P. Government, Inc., 1910 N. Florida Mango Road, West Palm Beach, FL 33401, a corporation authorized to do business in the State of Florida, hereinafter referred to as the CONTRACTOR.

WITNESSETH:

WHEREAS, the parties have entered into that certain Contract dated May 16, 2017, hereinafter referred to as the "Contract", whereby the CONTRACTOR, as the primary CONTRACTOR, has agreed provide, when requested, building inspection, plan review and permit technician services to the Planning, Zoning & Building Department; and

WHEREAS, the First Amendment to the Contract, dated June 18, 2019, amended ARTICLE 4 - PAYMENTS TO CONTRACTOR, paragraph A, to increase the authorized not-to-exceed total contract amount by Three Million One Hundred Seventy-Five Thousand Dollars and no cents, ($3,175,000.00), revised ARTICLE 10 - SMALL BUSINESS ENTERPRISE SUBCONTRACTING, ARTICLE 23 - PUBLIC RECORDS, ACCESS AND AUDITS, and ARTICLE 24 - NON-DISCRIMINATION and added ARTICLE 11 - EQUAL BUSINESS OPPORTUNITY PROGRAM COMPLIANCE - PENALTIES in order to comply with the provisions of Palm Beach County Ordinance No. 2018-021, modified ARTICLE 13 - INSURANCE REQUIREMENTS to address changes as to where the CONTRACTOR shall provide evidence of insurance coverage, revised ARTICLE 23 - PUBLIC RECORDS, ACCESS AND AUDITS in order to comply with the amended requirements of Section 119.0701 F.S., and modified ARTICLE 28 - SCRUTINIZED COMPANIES (when contract value is greater than $1 million) to the Contract in order to comply with requirements of F.S. 287.135, and

WHEREAS, the parties desire to extend the Contract for the period May 16, 2022, through November 15, 2022; and

WHEREAS, the parties desire to modify ARTICLE 4 - PAYMENTS TO CONTRACTOR, paragraph A, to increase the authorized not-to-exceed total contract amount by Three Million Dollars and no cents ($3,000,000.00); and

WHEREAS, Palm Beach County Code, Section 2-371 - 2-377, the Palm Beach County Criminal History Records Check Ordinance ("Ordinance") was amended to comply with the requirements of the U.S. Federal Bureau of Investigation's Criminal Justice Information (CJI) Security Policy, which includes, but is not limited to, the addition of criminal justice information facilities ("CJI Facilities") as identified in Resolutions R-2013-1470 and R -2015-0572; and

WHEREAS, the COUNTY has implemented a new insurance management system, and the parties desire to modify ARTICLE 14 - INSURANCE REQUIREMENTS, as renumbered by the First Amendment, to address changes as to where the CONTRACTOR shall provide evidence of insurance coverage; and

WHEREAS, the COUNTY desires to revised ARTICLE 24 - PUBLIC RECORDS, ACCESS AND AUDITS, as renumbered by the First Amendment, to revise the number of years records are to be maintained to five (5) years; and

WHEREAS, the COUNTY desires to add ARTICLE 34 - E-VERIFY-EMPLOYMENT ELIGIBILTY in order to comply with F.S. 448.09.

NOW THEREFORE, in consideration of the mutual covenants and agreements expressed herein, the COUNTY and the CONTRACTOR agree as follows:

1. ARTICLE 3 - SCHEDULE is hereby amended to read as follows:

> "The CONTRACTOR shall commence services on May 16, 2017, and complete all services by November 15, 2022.
>
> Reports and other items shall be delivered and/or completed in accordance with Exhibit A."

2. ARTICLE 4 - PAYMENTS TO CONTRACTOR is hereby amended as follows:

Delete the first paragraph of paragraph A in its entirety and insert in its place the following paragraph:

> "The total amount to be paid by the COUNTY under this Contract for all CONTRACTORS, (on an "as needed" basis) for all services and materials shall not exceed a total aggregate contract amount of Nine Million One Hundred Seventy-Five Thousand Dollars and no cents ($9,175,000.00)."

3. ARTICLE 9 - CRIMINAL HISTORY RECORDS CHECK is hereby amended to read as follows:

"The CONTRACTOR, CONTRACTOR's employees, subcontractors of CONTRACTOR and employees of subcontractors shall comply with Palm Beach County Code, Section 2-371 – 2-377, the Palm Beach County Criminal History Records Check Ordinance ("Ordinance"), for unescorted access to critical facilities ("Critical Facilities") or criminal justice information facilities ("CJI Facilities") as identified in Resolutions R-2013-1470 and R-2015-0572, as amended. The CONTRACTOR is solely responsible for understanding the financial, schedule, and/or staffing implications of this Ordinance. Further, the CONTRACTOR acknowledges that its Contract price includes any and all direct or indirect costs associated with compliance with this Ordinance, except for the applicable FDLE/FBI fees that shall be paid by the COUNTY.

This Contract may include sites and/or buildings which have been designated as either "critical facilities" or "criminal justice information facilities" pursuant to the Ordinance and Resolution R-2003-1274, as amended. COUNTY staff representing the COUNTY department will contact the CONTRACTOR(s) and provide specific instructions for meeting the requirements of this Ordinance. Individuals passing the background check will be issued a badge. The CONTRACTOR shall make every effort to collect the badges of its employees and its subcontractors' employees upon conclusion of the contract and return them to the COUNTY. If the CONTRACTOR or its subcontractor(s) terminates an employee who has been issued a badge, the CONTRACTOR must notify the COUNTY within two (2) hours. At the time of termination, the CONTRACTOR shall retrieve the badge and shall return it to the COUNTY in a timely manner.

The COUNTY reserves the right to suspend the CONTRACTOR if the CONTRACTOR: 1) does not comply with the requirements of County Code Section 2-371 – 2-377, as amended; 2) does not contact the COUNTY regarding a terminated CONTRACTOR employee or subcontractor employee within the stated time; or 3) fails to make a good faith effort in attempting to comply with the badge retrieval policy."

4. ARTICLE 14 - INSURANCE REQUIREMENTS, as renumbered by the First Amendment, is hereby amended as follows:

a. The first three paragraphs are hereby amended to read as follows:

"Prior to execution of this Contract, the CONTRACTOR shall provide evidence of the following minimum required insurance coverage and limits (i.e., a Certificate of Insurance) to COUNTY, c/o Purchasing Department,

50 South Military Trail, Suite 110, West Palm Beach, FL 33415, Attention: Lisa Inkell, Senior Buyer, until otherwise notified by the COUNTY.

The CONTRACTOR shall maintain at its sole expense, in full force and effect, at all times during the term of this Contract, insurance coverage and limits (including endorsements) as described herein. Failure to maintain the required insurance shall be considered default of the Contract. The requirements contained herein, as well as COUNTY's review or acceptance of insurance maintained by CONTRACTOR, are not intended to and shall not in any manner limit or qualify the liabilities and obligations assumed by CONTRACTOR under the Contract. CONTRACTOR agrees to notify the COUNTY at least ten (10) days prior to cancellation, non-renewal or material change to the required insurance coverage. Where applicable, coverage shall apply on a primary basis."

b. Paragraph G is hereby amended to read as follows:

"G. Certificates of Insurance: Prior to each subsequent renewal of this Contract, within forty-eight (48) hours of a request by COUNTY, and subsequently, prior to expiration of any of the required coverage throughout the term of this Agreement, the CONTRACTOR shall deliver to the COUNTY a signed Certificate(s) of Insurance evidencing that all types and amounts of insurance coverage required by this Contract have been obtained and are in full force and effect. The Certificate Holder shall read:

Palm Beach County Board of County Commissioners
Insurance Compliance
PO Box 100085 – DX
Duluth, GA 30096"

5. ARTICLE 24 - PUBLIC RECORDS, ACCESS AND AUDITS, as renumbered by the First Amendment, is hereby amended to read as follows:

"The COUNTY shall have the right to request and review CONTRACTOR's books and records to verify CONTRACTOR's compliance with this Contract, adherence to the EBO Program and its proposal. The COUNTY shall have the right to interview subcontractors, and workers at the work site to determine Contract compliance. The CONTRACTOR shall maintain records related to all charges, expenses, and costs incurred in estimating and performing the work for at least five (5) years after completion or termination of the Contract. CONTRACTOR shall retain all books and records pertaining to this Contract, including, but not limited to, subcontractor payment records, for five (5) years after project completion date, The COUNTY and the Palm Beach County Inspector General shall have access

to such records as required in this Article for the purpose of inspection or audit during normal business hours, in Palm Beach County at any reasonable time during the five (5) years.

Notwithstanding anything contained herein, as provided under Section 119.0701, F.S., if the CONTRACTOR: **(i) provides a service; and (ii) acts on behalf of the COUNTY as provided under Section 119.011(2), F.S.**, the CONTRACTOR shall comply with the requirements of Section 119.0701, Florida Statutes, as it may be amended from time to time. The CONTRACTOR is specifically required to:

A. Keep and maintain public records required by the COUNTY to perform services as provided under this Contract.

B. Upon request from the COUNTY's Custodian of Public Records (COUNTY's Custodian) or COUNTY's representative/liaison, on behalf of the COUNTY's Custodian, provide the COUNTY with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119 or as otherwise provided by law. The CONTRACTOR further agrees that all fees, charges and expenses shall be determined in accordance with Palm Beach County PPM CW-F-002, Fees Associated with Public Records Requests, as it may be amended or replaced from time to time.

C. Ensure that public records that are exempt, or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Contract term and following completion of the Contract, if the CONTRACTOR does not transfer the records to the public agency. Nothing contained herein shall prevent the disclosure of or the provision of records to the COUNTY.

D. Upon completion of the Contract, the CONTRACTOR shall transfer, at no cost to the COUNTY, all public records in possession of the CONTRACTOR unless notified by COUNTY's representative/liaison, on behalf of the COUNTY's Custodian, to keep and maintain public records required by the COUNTY to perform the service. If the CONTRACTOR transfers all public records to the COUNTY upon completion of the Contract, the CONTRACTOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the CONTRACTOR keeps and maintains public records upon completion of the Contract, the CONTRACTOR shall meet all applicable requirements for retaining public records. All records stored electronically by the CONTRACTOR must be provided to COUNTY, upon request of the

COUNTY's Custodian or the COUNTY's representative/liaison, on behalf of the COUNTY's Custodian, in a format that is compatible with the information technology systems of COUNTY, at no cost to COUNTY.

CONTRACTOR acknowledges that it has familiarized itself with the requirements of Chapter 119, F.S., and other requirements of state law applicable to public records not specifically set forth herein. Failure of the CONTRACTOR to comply with the requirements of this Article, Chapter 119, F.S. and other applicable requirements of state law, shall be a material breach of this Contract. COUNTY shall have the right to exercise any and all remedies available to it for breach of contract, including but not limited to, the right to terminate for cause.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, PLEASE CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT RECORDS REQUEST, PALM BEACH COUNTY PUBLIC AFFAIRS DEPARTMENT, 301 N. OLIVE AVENUE, WEST PALM BEACH, FL 33401, BY E-MAIL AT RECORDSREQUEST@PBCGOV.ORG OR BY TELEPHONE AT 561-355-6680."

6. ARTICLE 34 - E-VERIFY – EMPLOYMENT ELEGIBILITY is hereby added to the Contract:

"ARTICLE 34 - E-VERIFY – EMPLOYMENT ELEGIBILITY

CONTRACTOR warrants and represents that it is in compliance with section 448.095, Florida Statutes, as may be amended, and that it: (1) is registered with the E-Verify System (E-Verify.gov), and beginning January 1, 2021, uses the E-Verify System to electronically verify the employment eligibility of all newly hired workers; and (2) has verified that all of CONTRACTOR's subcontractor's performing the duties and obligations of this Contract are registered with the E-Verify System, and beginning January 1, 2021, use the E-Verify System to electronically verify the employment eligibility of all newly hired workers.

CONTRACTOR shall obtain from each of its subcontractors an affidavit stating that the subcontractor does not employ, Contract with, or subcontract with an Unauthorized Alien, as that term is defined in section 448.095(1)(k), Florida Statutes, as may be amended. CONTRACTOR shall

maintain a copy of any such affidavit from a subcontractor for, at a minimum, the duration of the subcontractor and any extension thereof. This provision shall not supersede any provision of this Contract which requires a longer retention period.

COUNTY shall terminate this Contract if it has a good faith belief that CONTRACTOR has knowingly violated Section 448.09(1), Florida Statutes, as may be amended. If COUNTY has a good faith belief that CONTRACTOR's subcontractor has knowingly violated section 448.09(1), Florida Statutes, as may be amended, COUNTY shall notify CONTRACTOR to terminate its Contract with the subcontractor and CONTRACTOR shall immediately terminate its Contract with the subcontractor. If COUNTY terminates this Contract pursuant to the above, CONTRACTOR shall be barred from being awarded a future Contract by COUNTY for a period of one (1) year from the date on which this Contract was terminated. In the event of such Contract termination, CONTRACTOR shall also be liable for any additional costs incurred by COUNTY as a result of the termination."

7. All other provisions of said Contract, dated May 16, 2017, are hereby confirmed and, except as provided herein, are not otherwise altered or amended and shall remain in full force and effect.

8. In accordance with Palm Beach County Code Chapter 2, Article III, Section 2.51, as amended, this SECOND AMENDMENT shall not take effect until executed by the CONTRACTOR and COUNTY.

THE REST OF THIS PAGE IS LEFT BLANK INTENTIONALLY

Execution of this Second Amendment to the Contract by the Director of Purchasing Is Not Legally Binding or in Effect until Approved by the Palm Beach County Board of County Commissioners.

IN WITNESS WHEREOF, the Director of Purchasing of Palm Beach County, Florida, on behalf of the COUNTY, and the CONTRACTOR have executed this Second Amendment to the Contract on the day and year above written.

CONTRACT FOR
Building Inspection, Plan Review and Permit Technician Services
(Contract No. 17-023/SC)

This Contract No. 17-023/SC is made as of this _____ day of MAY 16 2017, 2017, by and between Palm Beach County, a political subdivision of the State of Florida, by and through its Board of Commissioners, hereinafter referred to as the COUNTY, and C.A.P. Government, Inc., 1910 N. Florida Mango Road, West Palm Beach, FL 33401, a corporation authorized to do business in the State of Florida, hereinafter referred to as the CONTRACTOR.

In consideration of the mutual promises contained herein, the COUNTY and the CONTRACTOR agree as follows:

ARTICLE 1 - SERVICES

The CONTRACTOR's responsibility under this Contract, as the primary CONTRACTOR, is to provide, when requested, building inspection, plan review and permit technician services to the Planning, Zoning & Building Department in accordance with Exhibit A, Scope of Work/Services, and Exhibit B, CONTRACTOR's proposal dated March 17, 2017, both of which are attached hereto and incorporated herein.

The COUNTY's representative/liaison during the performance of this Contract shall be Pat D'Agostino, Fiscal Manager, telephone number (561) 233-5017 or designee.

The CONTRACTOR's representative/liaison during the performance of this Contract shall be Carlos A. Penin, President, telephone number (305) 458-6000.

ARTICLE 2 - ORDER OF PRECEDENCE

Conflicting provisions hereof, if any, shall prevail in the following descending order of precedence: (1) the provisions of the Contract, including Exhibit A; (2) the provisions of RFP No. 17-023/SC and all Amendments thereto, which are incorporated into and made a part of this Contract; (3) Exhibit B, CONTRACTOR's proposal dated March 17, 2017; and (4) all other documents, if any, cited herein or incorporated herein by reference.

ARTICLE 3 - SCHEDULE

The CONTRACTOR shall commence services on May 16, 2017, and complete all services by May 15, 2022.

Reports and other items shall be delivered and/or completed in accordance with Exhibit A.

ARTICLE 4 - PAYMENTS TO CONTRACTOR

A. The total amount to be paid by the COUNTY under this Contract for all CONTRACTORS, (on an "as needed" basis) for all services and materials shall not exceed a total aggregate contract amount of Three Million Dollars and no cents ($3,000,000.00).

For each work order issued to the CONTRACTOR, the COUNTY shall pay the CONTRACTOR on an hourly basis as identified in Appendix A, Price Proposal Pages. The CONTRACTOR will bill the COUNTY upon completion of all work specified in each work order performed in accordance with Exhibit A, Scope of Work/Services. The CONTRACTOR has the option to bill the COUNTY on a monthly basis when multiple work orders are placed.

B. CONTRACTOR shall send **ALL ORIGINAL** invoices to: PALM BEACH COUNTY FINANCE DEPT., P.O. BOX 4036, WEST PALM BEACH, FL 33402-4036, with a copy to the COUNTY's representative. Invoices received from the CONTRACTOR pursuant to this Contract will be reviewed and approved by the COUNTY's representative, indicating that services have been rendered in conformity with the Contract. Approved invoices will be sent to the Finance Department for payment. Invoices will normally be paid within thirty (30) days following approval by the COUNTY's representative. Invoices submitted on carbon paper shall not be accepted. In order for the COUNTY to make payment, the CONTRACTOR must ensure that the following information included on Appendix B, Business Information, of Exhibit B, CONTRACTOR's proposal must be exactly the same as it appears on the invoice and in the COUNTY's Vendor Self Service System which can be accessed at **https://pbcvssp.co.palm-beach.fl.us/webapp/vssp/AltSelfService**: Vendor's Legal Name, Vendor's Address, and Vendor's TIN/FEIN Number.

C. Final Invoice: In order for both parties herein to close their books and records, the CONTRACTOR will clearly state "final invoice" on the CONTRACTOR's final/last billing to the COUNTY. This shall constitute CONTRACTOR's certification that all services have been properly performed and all charges and costs have been invoiced to the COUNTY. Any further charges, if not properly included on this final invoice, are waived by the CONTRACTOR.

ARTICLE 5 - PALM BEACH COUNTY OFFICE OF THE INSPECTOR GENERAL AUDIT REQUIREMENTS

Pursuant to Palm Beach County Code, Section 2-421 - 2-440, as amended, Palm Beach County's Office of Inspector General is authorized to review past, present and proposed COUNTY contracts, transactions, accounts, and records. The Inspector General's authority includes, but is not limited to, the power to audit, investigate, monitor, and inspect the activities of entities contracting with the COUNTY, or anyone acting on their behalf, in order to ensure compliance with contract requirements and to detect corruption and fraud. Failure to cooperate with the Inspector General or

interfering with or impeding any investigation shall be a violation of Palm Beach County Code, Section 2-421 – 2-440, and punished pursuant to Section 125.69, F.S., in the same manner as a second degree misdemeanor.

ARTICLE 6 - TRUTH-IN-NEGOTIATION CERTIFICATE

Signature of this Contract by the CONTRACTOR shall also constitute the execution of a truth-in-negotiation certificate certifying that the wage rates, over-head charges, and other costs used to determine the compensation provided for in this Contract are accurate, complete, and current as of the date of the Contract and no higher than those charged the CONTRACTOR's most favored customer for the same or substantially similar service.

The said rates and costs shall be adjusted to exclude any significant sums should the COUNTY determine that the rates and costs were increased due to inaccurate, incomplete, or noncurrent wage rates or due to inaccurate representation(s) of fees paid to outside contractors. The COUNTY shall exercise its rights under this Article 6 within three (3) years following final payment.

ARTICLE 7 - TERMINATION

This Contract may be terminated by the CONTRACTOR upon sixty (60) days prior written notice to the COUNTY in the event of substantial failure by the COUNTY to perform in accordance with the terms of this Contract through no fault of the CONTRACTOR. It may also be terminated, in whole or in part, by the COUNTY, with cause upon five (5) business days written notice to the CONTRACTOR or without cause upon ten (10) business days written notice to the CONTRACTOR. Unless the CONTRACTOR is in breach of this Contract, the CONTRACTOR shall be paid for services rendered to the COUNTY's satisfaction through the date of termination. After receipt of a Termination Notice, except as otherwise directed by the COUNTY, in writing, the CONTRACTOR shall:

1. Stop work on the date and to the extent specified.

2. Terminate and settle all orders and subcontracts relating to the performance of the terminated work.

3. Transfer all work in process, completed work, and other materials related to the terminated work to the COUNTY.

4. Continue and complete all parts of the work which have not been terminated.

ARTICLE 8 - PERSONNEL

The CONTRACTOR represents that it has, or will secure at its own expense, all necessary personnel required to perform the services under this Contract. Such

personnel shall not be employees of or have any contractual relationship with the COUNTY.

All of the services required hereinunder shall be performed by the CONTRACTOR, or under its supervision, and all personnel engaged in performing the services shall be fully qualified and, if required, authorized or permitted under state and local law to perform such services.

Any changes or substitutions in the CONTRACTOR's key personnel, as may be listed in Exhibit B, attached hereto and incorporated herein, must be made known to the COUNTY's representative and written approval must be granted by the COUNTY's representative before said change or substitution can become effective.

The CONTRACTOR warrants that all services shall be performed by skilled and competent personnel to the highest professional standards in the field.

All of the CONTRACTOR's personnel (and all subcontractors) will comply with all COUNTY requirements governing conduct, safety, and security while on COUNTY premises.

ARTICLE 9 - CRIMINAL HISTORY RECORDS CHECK

The CONTRACTOR, CONTRACTOR's employees, subcontractors of CONTRACTOR and employees of subcontractors shall comply with Palm Beach County Code, Section 2-371 – 2-377, the Palm Beach County Criminal History Records Check Ordinance ("Ordinance"), for unescorted access to critical facilities ("Critical Facilities") or criminal justice information facilities ("CJI Facilities") as identified in Resolution R-2003-1274, as amended. The CONTRACTOR is solely responsible for understanding the financial, schedule, and/or staffing implications of this Ordinance. Further, the CONTRACTOR acknowledges that its Contract price includes any and all direct or indirect costs associated with compliance with this Ordinance, except for the applicable FDLE/FBI fees that shall be paid by the COUNTY.

This Contract may include sites and/or buildings which have been designated as either "critical facilities" or "criminal justice information facilities" pursuant to the Ordinance and Resolution R-2003-1274, as amended. COUNTY staff representing the COUNTY department will contact the CONTRACTOR(s) and provide specific instructions for meeting the requirements of this Ordinance. Individuals passing the background check will be issued a badge. The CONTRACTOR shall make every effort to collect the badges of its employees and its subcontractors' employees upon conclusion of the contract and return them to the COUNTY. If the CONTRACTOR or its subcontractor(s) terminates an employee who has been issued a badge, the CONTRACTOR must notify the COUNTY within two (2) hours. At the time of termination, the CONTRACTOR shall retrieve the badge and shall return it to the COUNTY in a timely manner.

The COUNTY reserves the right to suspend the CONTRACTOR if the CONTRACTOR: 1) does not comply with the requirements of County Code Section 2-371 - 2-377, as

amended; 2) does not contact the COUNTY regarding a terminated CONTRACTOR employee or subcontractor employee within the stated time; or 3) fails to make a good faith effort in attempting to comply with the badge retrieval policy.

ARTICLE 10 - SMALL BUSINESS ENTERPRISES SUBCONTRACTING

The COUNTY reserves the right to accept the use of a subcontractor, or to reject the selection of a particular subcontractor, and to inspect all facilities of any subcontractors in order to make a determination as to the capability of the subcontractor to perform properly under this Contract. The CONTRACTOR is encouraged to seek additional small business enterprises (SBEs) for participation in subcontracting opportunities. If the CONTRACTOR uses any subcontractors on this project, the following provisions of this Article shall apply:

A. If a subcontractor fails to perform or make progress, as required by this Contract, and it is necessary to replace the subcontractor to complete the work in a timely fashion, the CONTRACTOR shall promptly do so, subject to acceptance of the new subcontractor by the COUNTY.

B. The Palm Beach County Board of County Commissioners has established a minimum goal for SBE participation of 15% on all County solicitations.

C. The CONTRACTOR agrees to abide by all provisions of the Palm Beach County Code establishing the SBE Program, as amended, and understands that failure to comply with any of the requirements will be considered a breach of contract.

D. The CONTRACTOR incorporates Schedule 1 List of proposed SBE-M/WBE Prime/Subcontractors) and Schedule 2 (Letter of Intent) attached hereto and made a part hereof, the names, addresses, scope of work, percentage and/or dollar value of the SBE-M/WBE participation on Schedule 1 and the Letter of Intent, Schedule 2, signed by each of the listed SBE-M/WBE sub-consultants on Schedule 1 agreeing to perform the contract at the listed percentage and/or dollar value.

E. The CONTRACTOR understands that each SBE firm utilized on this Contract must be certified by Palm Beach County in order to be counted toward the SBE participation goal.

F. The CONTRACTOR understands that it is the responsibility of the department letting the contract and the Office of Small Business Assistance (OSBA) to monitor compliance with the SBE Ordinance requirements. In that regard, the CONTRACTOR agrees to furnish progress payment reports to both parties on the progress of the SBE-M/WBE participation on each pay application submitted.

G. The CONTRACTOR further agrees to provide OSBA with a copy of their contract with the SBE sub-consultant or any other related documentation upon request.

H. After contract award, the successful CONTRACTOR will only be permitted to replace a certified SBE subcontractor who is unwilling or unable to perform. Such substitution must be done with other certified SBEs in order to maintain the proposed SBE percentages submitted with the proposal. Requests for substitutions must be submitted to the department issuing the Request for Proposal and the OSBA.

I. The CONTRACTOR understands that s/he is prohibited from making any agreements with the SBE in which the SBE promises not to provide sub consultant quotations to other proposers or potential proposers.

J. The CONTRACTOR agrees to maintain all relevant records and information necessary to document compliance with the Palm Beach County Code and will allow the COUNTY to inspect such records.

ARTICLE 11 - FEDERAL AND STATE TAX

The COUNTY is exempt from payment of Florida State Sales and Use Taxes. The COUNTY will provide an exemption certificate submitted by the CONTRACTOR. The CONTRACTOR shall not be exempted from paying sales tax to its suppliers for materials used to fulfill contractual obligations with the COUNTY, nor is the CONTRACTOR authorized to use the COUNTY's Tax Exemption Number in securing such materials.

The CONTRACTOR shall be responsible for payment of its own and its share of its employees' payroll, payroll taxes, and benefits with respect to this Contract.

ARTICLE 12 - AVAILABILITY OF FUNDS

The COUNTY's performance and obligation to pay under this Contract is contingent upon an annual appropriation for its purpose by the Board of County Commissioners.

ARTICLE 13 - INSURANCE REQUIREMENTS

It shall be the responsibility of the CONTRACTOR to provide initial evidence of the following minimum amounts of insurance coverage to:

Palm Beach County
c/o Insurance Tracking Services, Inc. (ITS)
P.O. Box 20270
Long Beach, CA 90801

Subsequently, the CONTRACTOR shall, during the term of the Contract, and prior to each renewal thereof, provide such evidence to ITS at pbc@instracking.com or fax (562) 435-2999, which is Palm Beach County's insurance management system, prior to the expiration date of each and every insurance required herein.

The CONTRACTOR shall, on a primary basis and at its sole expense, maintain in full force and effect, at all times during the life of this Contract, insurance coverages and limits (including endorsements) as described herein. Failure to maintain the required insurance will be considered default of the Contract. The requirements contained herein, as well as COUNTY's review or acceptance of insurance maintained by CONTRACTOR, are not intended to and shall not in any manner limit or qualify the liabilities and obligations assumed by CONTRACTOR under the Contract. CONTRACTOR agrees to notify the COUNTY with at least ten (10) days prior notice of any cancellation, non-renewal or material change to the insurance coverages. Further, CONTRACTOR shall agree that all insurance coverage required herein shall be provided by CONTRACTOR to COUNTY on a primary basis.

A. **Commercial General Liability**: CONTRACTOR shall maintain Commercial General Liability at a limit of liability not less than $**500,000** Each Occurrence. Coverage shall not contain any endorsement(s) excluding Contractual Liability or Cross Liability.

B. **Business Auto Liability**: CONTRACTOR shall maintain Business Auto Liability at a limit of liability not less than $**500,000** Each Occurrence for all owned, non-owned, and hired automobiles. In the event CONTRACTOR owns no automobiles, the Business Auto Liability requirement shall be amended allowing CONTRACTOR to maintain only Hired & Non-Owned Auto Liability and shall provide either an affidavit or a letter on company letterhead signed by the CONTRACTOR indicating either the CONTRACTOR does not own any vehicles, and if vehicles are acquired throughout the term of the contract, CONTRACTOR agrees to purchase "Owned Auto" coverage as of the date of acquisition. This amended requirement may be satisfied by way of endorsement to the Commercial General Liability, or separate Business Auto coverage form.

C. **Workers' Compensation Insurance & Employer's Liability**: CONTRACTOR shall maintain Workers' Compensation & Employer's Liability in accordance with Florida Statute Chapter 440.

D. **Professional Liability**: CONTRACTOR shall maintain Professional Liability, or equivalent Errors & Omissions Liability, at a limit of liability not less than $**1,000,000** Per Occurrence. When a self-insured retention (SIR) or deductible exceeds $**10,000**, COUNTY reserves the right, but not the obligation, to review and request a copy of CONTRACTOR's most recent annual report or audited financial statement. For policies written on a "Claims-Made" basis, CONTRACTOR warrants the Retroactive Date equals or preceded the effective date of this Contract. In the event the policy is canceled, non-renewed, switched to an Occurrence Form, retroactive date advanced, or any other event triggering the right to purchase a Supplement Extended Reporting Period (SERP) during the life of this Contract, CONTRACTOR shall purchase a SERP with a minimum reporting period not less than three (3) years. The requirement to purchase a SERP shall not relieve the CONTRACTOR of the obligation to provide

replacement coverage. The Certificate of Insurance providing evidence of the purchase of this coverage shall clearly indicate whether coverage is provided on an "occurrence" or "claims - made" form. If coverage is provided on a "claims - made" form the Certificate of Insurance must also clearly indicate the "retroactive date" of coverage.

E. **Additional Insured Clause**: Except as to Business Auto, Workers' Compensation and Employer's Liability (and Professional Liability, when applicable) the Certificate(s) of Insurance shall clearly confirm that coverage required by the Contract has been endorsed to include Palm Beach County as an Additional Insured.

F. **Waiver of Subrogation**: CONTRACTOR hereby waives any and all rights of Subrogation against the COUNTY, its officers, employees and agents for each required policy. When required by the insurer, or should a policy condition not permit an insured to enter into a pre-loss agreement to waive subrogation without an endorsement, then CONTRACTOR shall notify the insurer and request the policy be endorsed with a Waiver of Transfer of Rights of Recovery Against Others, or its equivalent. This Waiver of Subrogation requirement shall not apply to any policy which includes a condition to the policy specifically prohibiting such an endorsement or voids coverage should CONTRACTOR enter into such an agreement on a pre-loss basis.

G. **Certificates of Insurance**: Within forty-eight (48) hours of the COUNTY's request to do so, the CONTRACTOR shall deliver to the COUNTY via the Insurance Company/Agent a signed Certificate(s) of Insurance evidencing that all types and amounts of insurance coverages required by this Contract have been obtained and are in full force and effect. During the term of the Contract and prior to each subsequent renewal thereof, the CONTRACTOR shall provide this evidence to ITS at pbc@instracking.com or fax (562) 435-2999, which is Palm Beach County's insurance management system, prior to the expiration date of each and every insurance required herein. Said Certificate(s) of Insurance shall, to the extent allowable by the insurer, include a minimum thirty (30) day endeavor to notify due to cancellation (10 days for nonpayment of premium) or non-renewal of coverage.

H. **Umbrella or Excess Liability**: If necessary, CONTRACTOR may satisfy the minimum liability limits required above for Commercial General Liability and Business Auto Liability under Umbrella or Excess Liability policy. There is no minimum Per Occurrence limit of liability under the Umbrella or Excess Liability policy; however, the Annual Aggregate limit shall not be less than the highest "Each Occurrence" limit for either Commercial General Liability or Business Auto Liability. CONTRACTOR agrees to endorse COUNTY as an "Additional Insured" on the Umbrella or Excess Liability policy, unless the Certificate of Insurance notes the Umbrella or Excess Liability provides coverage on a pure/true "Follow-Form" basis.

l. **Right to Revise or Reject**: COUNTY, by and through its Risk Management Department in cooperation with the contracting/monitoring department, reserves the right to review, modify, reject, or accept any required policies of insurance, including limits, coverages, or endorsements, herein from time to time throughout the term of this Contract. COUNTY reserves the right, but not the obligation, to review and reject any insurer providing coverage because of its poor financial condition or failure to operate legally.

ARTICLE 14 - INDEMNIFICATION

CONTRACTOR shall protect, defend, reimburse, indemnify and hold COUNTY, its agents, employees and elected officials harmless from and against any and all claims, liability, loss, expense, cost, damages, or causes of action of every kind or character, including attorney's fees and costs, whether at trial or appellate levels or otherwise, arising during and as a result of their performance of the terms of this Contract or due to the acts or omissions of CONTRACTOR.

ARTICLE 15 - SUCCESSORS AND ASSIGNS

The COUNTY and the CONTRACTOR each binds itself and its partners, successors, executors, administrators and assigns to the other party of this Contract and to the partners, successors, executors, administrators and assigns of such other party, in respect to all covenants of this Contract. Except as above, neither the COUNTY nor the CONTRACTOR shall assign, sublet, convey, or transfer its interest in this Contract, without the prior written consent of the other. Nothing herein shall be construed as creating any personal liability on the part of any officer or agent of the COUNTY, nor shall it be construed as giving any rights or benefits hereunder to anyone other than the COUNTY and the CONTRACTOR.

ARTICLE 16 - REMEDIES

This Contract shall be governed by the laws of the State of Florida. Any and all legal action necessary to enforce the Contract will be held in Palm Beach County. No remedy herein conferred upon any party is intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder now or hereafter existing at law, or in equity, by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or further exercise thereof.

No provision of this Contract is intended to, or shall be construed to, create any third party beneficiary or to provide any rights to any person or entity not a party to this Contract, including but not limited to any citizen or employees of the COUNTY and/or CONTRACTOR.

ARTICLE 17 - CONFLICT OF INTEREST

The CONTRACTOR represents that it presently has no interest and shall acquire no interest, either direct or indirect, which would conflict in any manner with the performance or services required hereunder, as provided for in Chapter 112, Part III, F.S. and the Palm Beach County Code of Ethics. The CONTRACTOR further represents that no person having any conflict of interest shall be employed for said performance or services.

The CONTRACTOR shall promptly notify the COUNTY's representative, in writing, by certified mail, of all potential conflicts of interest for any prospective business association, interest or other circumstance which may influence, or appear to influence, the CONTRACTOR's judgment or quality of services being provided hereunder. Such written notification shall identify the prospective business association, interest or circumstance, the nature of work that the CONTRACTOR may undertake and request an opinion of the COUNTY as to whether the association, interest or circumstance would, in the opinion of the COUNTY, constitute a conflict of interest if entered into by the CONTRACTOR. The COUNTY agrees to notify the CONTRACTOR of its opinion by certified mail within thirty (30) days of receipt of notification by the CONTRACTOR. If, in the opinion of the COUNTY, the prospective business association, interest or circumstance would not constitute a conflict of interest by the CONTRACTOR, the COUNTY shall so state in the notification and the CONTRACTOR shall, at its option, enter into said association, interest or circumstance and it shall be deemed not in conflict of interest with respect to services provided to the COUNTY by the CONTRACTOR under the terms of this Contract.

ARTICLE 18 - EXCUSABLE DELAYS

The CONTRACTOR shall not be considered in default by reason of any failure in performance if such failure arises out of causes reasonably beyond the control of the CONTRACTOR, or its subcontractor(s), and without their fault or negligence. Such causes include, but are not limited to: acts of God; force majeure; natural or public health emergencies; labor disputes; freight embargoes; and abnormally severe and unusual weather conditions.

Upon the CONTRACTOR's request, the COUNTY shall consider the facts and extent of any failure to perform the work; and, if the CONTRACTOR's failure to perform was without it or its subcontractors' fault or negligence, the Contract Schedule and/or any other affected provision of this Contract shall be revised accordingly, subject to the COUNTY's rights to change, terminate, or stop any or all of the work at any time.

ARTICLE 19 - ARREARS

The CONTRACTOR shall not pledge the COUNTY's credit or make it a guarantor of payment or surety for any contract, debt, obligation, judgment, lien, or any form of indebtedness. The CONTRACTOR further warrants and represents that it has no obligation or indebtedness that would impair its ability to fulfill the terms of this Contract.

ARTICLE 20 - DISCLOSURE AND OWNERSHIP OF DOCUMENTS

The CONTRACTOR shall deliver to the COUNTY's representative for approval and acceptance, and before being eligible for final payment of any amounts due, all documents and materials prepared by and for the COUNTY under this Contract.

To the extent allowed by Chapter 119, F.S., all written and oral information not in the public domain or not previously known, and all information and data obtained, developed, or supplied by the COUNTY, or at its expense, will be kept confidential by the CONTRACTOR and will not be disclosed to any other party, directly or indirectly, without the COUNTY's prior written consent, unless required by a lawful court order. All drawings, maps, sketches, programs, data bases, reports and other data developed or purchased under this Contract for the COUNTY, or at the COUNTY's expense, shall be and remain the COUNTY's property and may be reproduced and reused at the discretion of the COUNTY.

All covenants, agreements, representations and warranties made herein, or otherwise made in writing by any party pursuant hereto, including but not limited to any representations made herein relating to disclosure or ownership of documents, shall survive the execution and delivery of this Contract and the consummation of the transactions contemplated hereby.

ARTICLE 21 - INDEPENDENT CONTRACTOR RELATIONSHIP

The CONTRACTOR is, and shall be, in the performance of all work, services, and activities under this Contract, an Independent Contractor and not an employee, agent, or servant of the COUNTY. All persons engaged in any of the work or services performed pursuant to this Contract shall at all times, and in all places, be subject to the CONTRACTOR's sole direction, supervision, and control. The CONTRACTOR shall exercise control over the means and manner in which it and its employees perform the work, and in all respects the CONTRACTOR's relationship, and the relationship of its employees, to the COUNTY shall be that of an Independent Contractor and not as employees or agents of the COUNTY.

The CONTRACTOR does not have the power or authority to bind the COUNTY in any promise, agreement, or representation other than specifically provided for in this Contract.

ARTICLE 22 - CONTINGENT FEE

The CONTRACTOR warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the CONTRACTOR, to solicit or secure this Contract and that it has not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for the CONTRACTOR, any fee, commission, percentage, gift, or any other consideration contingent upon or resulting from the award or making of this Contract.

ARTICLE 23 - PUBLIC RECORDS, ACCESS AND AUDITS

The CONTRACTOR shall maintain records related to all charges, expenses, and costs incurred in estimating and performing the work for at least three (3) years after completion or termination of this Contract. The COUNTY shall have access to such records as required in this section for the purpose of inspection or audit during normal business hours, at the CONTRACTOR's place of business.

Notwithstanding anything contained herein, as provided under Section 119.0701, F.S., if the CONTRACTOR: **(i) provides a service; and (ii) acts on behalf of the COUNTY as provided under Section 119.011(2), F.S.**, the CONTRACTOR shall comply with the requirements of Section 119.0701, F.S., as it may be amended from time to time. The CONTRACTOR is specifically required to:

A. Keep and maintain public records required by the COUNTY to perform services as provided under this Contract.

B. Upon request from the COUNTY's Custodian of Public Records (COUNTY's Custodian) or COUNTY's representative/liaison, on behalf of the COUNTY's Custodian, provide the COUNTY with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119 or as otherwise provided by law. The CONTRACTOR further agrees that all fees, charges and expenses shall be determined in accordance with Palm Beach County PPM CW-F-002, Fees Associated with Public Records Requests, as it may be amended or replaced from time to time.

C. Ensure that public records that are exempt, or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Contract term and following completion of the Contract, if the CONTRACTOR does not transfer the records to the public agency. Nothing contained herein shall prevent the disclosure of or the provision of records to the COUNTY.

D. Upon completion of the Contract, the CONTRACTOR shall transfer, at no cost to the COUNTY, all public records in possession of the CONTRACTOR unless notified by COUNTY's representative/liaison, on behalf of the COUNTY's Custodian, to keep and maintain public records required by the COUNTY to perform the service. If the CONTRACTOR transfers all public records to the COUNTY upon completion of the Contract, the CONTRACTOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the CONTRACTOR keeps and maintains public records upon completion of the Contract, the CONTRACTOR shall meet all applicable requirements for retaining public records. All records stored electronically by the CONTRACTOR must be provided to COUNTY, upon request of the COUNTY's Custodian or the COUNTY's representative/liaison, on

behalf of the COUNTY's Custodian, in a format that is compatible with the information technology systems of COUNTY, at no cost to COUNTY.

CONTRACTOR acknowledges that it has familiarized itself with the requirements of Chapter 119, F. S., and other requirements of state law applicable to public records not specifically set forth herein. Failure of the CONTRACTOR to comply with the requirements of this Article, Chapter 119, F.S. and other applicable requirements of state law, shall be a material breach of this Contract. COUNTY shall have the right to exercise any and all remedies available to it for breach of contract, including but not limited to, the right to terminate for cause.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, PLEASE CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT RECORDS REQUEST, PALM BEACH COUNTY PUBLIC AFFAIRS DEPARTMENT, 301 N. OLIVE AVENUE, WEST PALM BEACH, FL 33401, BY E-MAIL AT RECORDSREQUEST@PBCGOV.ORG OR BY TELEPHONE AT 561-355-6680.

ARTICLE 24 - NONDISCRIMINATION

The COUNTY is committed to assuring equal opportunity in the award of contracts and complies with all laws prohibiting discrimination. The CONTRACTOR warrants and represents that all of its employees are treated equally during employment without regard to race, color, religion, disability, sex, age, national origin, ancestry, marital status, familial status, sexual orientation, gender identity and expression, or genetic information.

It is the responsibility of the CONTRACTOR to maintain a written or non-written non-discrimination policy that conforms with the COUNTY's policy as set forth in Resolution R-2014-1421, as may be amended, throughout the term of the Contract. Failure to meet this requirement shall be considered default of the Contract.

ARTICLE 25 - AUTHORITY TO PRACTICE

The CONTRACTOR hereby represents and warrants that it has, and will continue to maintain, all licenses and approvals required to conduct its business; and, that it will, at all times, conduct its business activities in a reputable manner. Proof of such licenses and approvals shall be submitted to the COUNTY's representative upon request.

ARTICLE 26 - SEVERABILITY

If any term or provision of this Contract or the application thereof to any person or circumstances shall, to any extent, be held invalid or unenforceable, the remainder of this Contract, or the application of such terms or provision to persons or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected, and every other term and provision of this Contract shall be deemed valid and enforceable to the extent permitted by law.

ARTICLE 27 - PUBLIC ENTITY CRIMES

As provided in F.S. 287.132-133, by entering into this Contract or performing any work in furtherance hereof, the CONTRACTOR certifies that it, its affiliates, suppliers, subcontractors and consultants who will perform hereunder, have not been placed on the convicted vendor list maintained by the State of Florida Department of Management Services within the thirty-six (36) months immediately preceding the date hereof. This notice is required by F.S. 287.133(3)(a).

ARTICLE 28 - SCRUTINIZED COMPANIES (when contract value is greater than $1 million)

As provided in F.S. 287.135, by entering into this Contract or performing any work in furtherance hereof, the CONTRACTOR certifies that it, its affiliates, suppliers, subcontractors and consultants who will perform hereunder, have not been placed on the Scrutinized Companies With Activities in Sudan List or Scrutinized Companies With Activities in The Iran Petroleum Energy Sector List created pursuant to F.S. 215.473, or on the Scrutinized Companies that boycott Israel List, or is engaged in a boycott of Israel, pursuant to F.S. 215.4725, or is engaged in business operations in Cuba or Syria.

If the COUNTY determines, using credible information available to the public, that a false certification has been submitted by CONTRACTOR, this Contract may be terminated and a civil penalty equal to the greater of $2 million or twice the amount of this Contract shall be imposed, pursuant to F.S. 287.135.

ARTICLE 29 - MODIFICATIONS OF WORK

The COUNTY reserves the right to make changes in Scope of Work, including alterations, reductions therein, or additions thereto. Upon receipt by the CONTRACTOR of the COUNTY's notification of a contemplated change, the CONTRACTOR shall, in writing: (1) provide a detailed estimate for the increase or decrease in cost due to the contemplated change; (2) notify the COUNTY of any estimated change in the completion date; and (3) advise the COUNTY if the contemplated change shall affect the CONTRACTOR's ability to meet the completion dates or schedules of this Contract.

If the COUNTY so instructs, in writing, the CONTRACTOR shall suspend work on that portion of the Scope of Work affected by a contemplated change, pending the COUNTY's decision to proceed with the change.

If the COUNTY elects to make the change, the COUNTY shall initiate a Contract Amendment, and the CONTRACTOR shall not commence work on any such change until such written amendment is signed by the CONTRACTOR and approved and executed on behalf of Palm Beach County.

ARTICLE 30 - NOTICE

All notices required in this Contract shall be sent by certified mail (return receipt requested), hand delivered, or sent by other delivery service requiring signed acceptance. If sent to the COUNTY, notices shall be addressed to:

Kathleen M. Scarlett, Director
Purchasing, Palm Beach County
50 South Military Trail, Suite 110
West Palm Beach, FL 33415

With a copy to:

Patrick Rutter, Executive Director
Planning, Zoning & Building Department
Palm Beach County
2300 N. Jog Road, Room 2Q-14
West Palm Beach, FL 33411

If sent to the CONTRACTOR, notices shall be addressed to:

Carlos A. Penin, PE
President
C.A.P. Government, Inc.
1910 N. Florida Mango Road
West Palm Beach, FL 33401

ARTICLE 31 - ENTIRETY OF CONTRACTUAL AGREEMENT

The COUNTY and the CONTRACTOR agree that this Contract sets forth the entire agreement between the parties, and that there are no promises or understandings other than those stated herein. None of the provisions, terms, and conditions contained in the Contract may be added to, modified, superseded, or otherwise altered, except by written instrument executed by the parties hereto in accordance with Article 29 - Modifications of Work.

ARTICLE 32 - REGULATIONS; LICENSING REQUIREMENTS

The CONTRACTOR shall comply with all laws, ordinances and regulations applicable to the services contemplated herein, to include those applicable to conflict of interest and collusion. CONTRACTOR is presumed to be familiar with all federal, state and local laws, ordinances, codes and regulations that may in any way affect the services offered.

THE REST OF THIS PAGE LEFT BLANK INTENTIONALLY

Execution of this Contract by the Director of Purchasing Is Not Legally Binding or in Effect until Approved by the Palm Beach County Board of County Commissioners.

IN WITNESS WHEREOF, the Director of Purchasing of Palm Beach County, Florida, on behalf of the COUNTY, and the CONTRACTOR have executed this Contract on the day and year above written.

EXHIBIT A
SCOPE OF WORK/SERVICES
Contract No. 17-023/SC

1. PURPOSE

The CONTRACTOR shall provide building inspection (building, plumbing, electric and mechanical HVAC), plan review and permit processing services in accordance with the requirements of Florida Statutes 468, Part XIII. The CONTRACTOR shall act as an independent contractor and not as an employee of the COUNTY.

2. INTRODUCTION

The CONTRACTOR shall, when requested, review plans for residential and commercial building applications, provide building inspection (building, plumbing, electric and mechanical HVAC) for structures in which permits have been issued by the Palm Beach County (COUNTY) Planning, Zoning & Building Department (PZ&B). Building inspection, plan review and permit processing services shall be conducted under the COUNTY's and all other federal, state and local laws, rules, regulations, directives, codes and ordinances.

3. CONTRACTOR'S DESIGNATION

The COUNTY reserves the right to make up to five (5) awards for this solicitation on a ranking basis. The highest ranked CONTRACTOR shall be the primary CONTRACTOR and up to the next four (4) highest ranked CONTRACTORS shall be designated second, third, fourth and fifth CONTRACTOR respectively. The primary CONTRACTOR shall be given the first opportunity to perform. The second ranked CONTRACTOR shall be contacted **only** after the primary CONTRACTOR is unable to perform, and the third ranked CONTRACTOR shall be contacted **only** after the second ranked CONTRACTOR is unable to perform. Each successive CONTRACTOR, in ranked order, shall be given an opportunity to perform until the needs of the Division are met. Each CONTRACTOR is expected to perform all work offered to them, unless they are unable to perform it for lack of resources or technical ability. A CONTRACTOR may be found in default of the Contract if they demonstrate that they are consistently unable to provide requested services during the term of the Contract. Additionally, if during the term of the Contract the primary CONTRACTOR is found in default of the Contract; or unilaterally terminates the Contract, the rights, duties, and obligations of the primary CONTRACTOR shall be offered to the second ranked CONTRACTOR and awarded upon mutual agreement, and likewise from the second ranked CONTRACTOR to the third ranked CONTRACTOR, and continue in the descending order of ranking to the fourth CONTRACTOR and fifth CONTRACTOR.

4. STAFFING

The normal workload is expected to require the equivalent of approximately five (5) full time Standard Inspectors and/or Standard Plans Examiners and/or Permit Technicians, for the term of the Contract at the COUNTY's discretion. In addition to the anticipated normal workload, additional inspection services may be required for special projects, large developments and natural disasters.

5. QUALIFICATIONS OF CONTRACTOR'S PERSONNEL

At a minimum, CONTRACTOR's personnel shall be qualified as follows:

a. Inspection personnel shall be qualified to perform building inspections or plan examination on residential and commercial structures. Personnel that are multi-licensed for multiple disciplines of inspection or plan review are preferred.

b. Inspection and plan review personnel shall possess the Florida Department of Business Professional Regulation Certification as a Building Inspector or Building Plans Examiner, as regulated by Florida Statute 468, Part XIII, for the specific disciplines they are working in. The inspector or plans examiner shall be responsible for maintaining compliance with the Florida Building Code as required by Florida Statutes Chapter 553.

c. Personnel, including permit technicians shall be fully certified, qualified, trained and with at least two (2) years of on the job experience prior to beginning services for the COUNTY. Personnel should have familiarity with the Florida contractor licensing law as described in Florida Statute (FS) Chapter 489 (construction contracting), and permitting regulations as contained in FS Chapter 320 (mobile homes) FSS Chapter 553 (permitting), FSS Chapter 470 (workers compensation), and FS Chapter 713 (Florida's Lien Law). New and inexperienced personnel shall not be acceptable.

d. Personnel shall maintain their Certifications with the State of Florida, to provide continually their best efforts to perform efficiently and effectively in a proper and professional manner their duties and responsibilities as assigned, to uphold the policies and regulations of the COUNTY and PZ&B, and to abide by ethical standards of conduct appropriate to their duties.

6. RESPONSIBILITIES OF CONTRACTOR'S PERSONNEL

CONTRACTOR's personnel shall provide services to include, but are not limited to, the following:

a. Permit processing duties, inspection and plan review services that include, but not be limited to, permit processing, plan review and inspection of, general building, mechanical (HVAC), plumbing, structural, gas and electrical, as well as, provide all administrative documentation as required by the COUNTY.

b. Inspection of permitted construction within the Unincorporated Palm Beach County, for compliance with State and COUNTY codes and ordinances and conformance with permitted plans and specifications.

c. Written reports on inspections and field investigations of complaints, and other reports as may be reasonably requested by the COUNTY. COUNTY inspection forms must be used.

d. Review of submitted construction plans for code compliance.

e. Maintenance of records of inspections, plan reviews and field investigations performed. Log daily inspection results, plan review results, deficiencies and log hours worked in the computer system. All deficiencies identified shall include proper code citations as required by Florida Statutes. These logs and a summary sheet shall be attached to all billing statements.

f. Using COUNTY forms and databases, issue correction or deficiency notices listing the items identified during inspections and reviews, and cite the applicable code sections.

g. Provide As-built surveys, Field Revisions, Design Professional Letters, and other paperwork provided directly to the Inspector or Plan Reviewer shall be reviewed for sufficiency and annotated appropriately (approved or deficient).

h. Contact contractors, architects, engineers and citizens about construction projects, code questions and other concerns.

i. Perform other duties that are related to or incidental to Inspector's primary duties as herein described and that the COUNTY may from time to time assign. The Inspector's duties and responsibilities may change from time to time at the sole discretion of the COUNTY and at no additional cost to the COUNTY.

j. Perform inspection service duties during normal business hours of 8:00 a.m. to 4:30 p.m., Monday through Friday, and Plan Review service duties from 8:00 a.m. to 5:00 p.m. or as may be altered upon mutual agreement.

k. Report to the COUNTY's Building Official or his or her designee.

l. Provide inspection services and plan review in the event of a natural disaster (i.e., hurricane).

m. Inspection and plan personnel may be required to attend meetings or to provide consultation to the COUNTY during normal business hours.

n. CONTRACTOR's staff shall have a cell phone to be accessible to COUNTY staff and to COUNTY customers during the hours worked for the COUNTY.

o. Entry of data into the COUNTY's database is anticipated and will be required.

p. Other documentation as requested may be required as necessary to assist customers in achieving compliance with applicable code requirements.

7. SELECTION AND ASSIGNMENT OF PERSONNEL

a. Personnel approved by the COUNTY for each assignment shall not be changed without prior written consent of the COUNTY. All personnel approved for assignment or replacement shall be selected from those individuals submitted by CONTRACTOR as qualified and available to perform services for the COUNTY.

b. The COUNTY will issue a work order to CONTRACTOR for the services needed for each project.

c. Personnel approved and given an assignment by the COUNTY shall not be granted leaves of absence (vacation, sick or other) from their assignment unless a person of equal or greater qualification is approved by the COUNTY for the substitution.

d. Emergency substitutes shall not remain on an assignment for more than two (2) days without the written consent of the COUNTY.

e. Personnel assigned to the COUNTY shall be subject to pre-employment background checks by the Florida Department of Law Enforcement, the Florida Department of Motor Vehicles and a urine drug test. Personnel must meet or exceed the employment requirements of COUNTY personnel prior to approval and assignment. The COUNTY reserves the right to have an individual person removed from service to the COUNTY.

8. EQUIPMENT

At no cost to the COUNTY, CONTRACTOR shall equip its personnel with the following:

a. Employee I.D.
b. Florida Building Code Books
c. Cellular telephone
d. Uniform provided by the CONTRACTOR
e. An inspection vehicle in good operating condition and capable of transporting one ladder, subject to approval by the COUNTY.
f. One ladder capable of reaching the roof of a typical one story home.
g. Safety shoes, hardhats and other safety related equipment.

9. FACILITIES

The COUNTY will provide personnel with facilities and support services adequate for the performance of their duties, including office space, computers, office materials and equipment, including access to COUNTY and clerical support. The COUNTY will not provide vehicles to CONTRACTOR.

APPENDIX A
PRICE PROPOSAL PAGES
RFP NO. 17-023/SC

Page 1 of 2

The following pricing is submitted as the all inclusive pricing (including travel, mileage, copies, etc.) to provide the Planning, Zoning & Building Department with building inspection, plan review and permit technician services in accordance with the Requirements/Scope of Work/Services set forth in this RFP document.

	Description	Fixed Hourly Rate
1.	Licensed Plans Examiner, Residential and/or Commercial	$80.00 / hr.
2.	Licensed Inspector, Residential and/or Commercial	$75.00 / hr.
3.	Licensed Supplemental Inspector, during a natural disaster event (at the request of the County)	$85.00 / hr.
4.	Permit Technician	$45.00 / hr.

The rates above are based on a forty (40) hour week, eight (8) hours per day. Overtime (over eight (8) working hours in one day) and/or weekend rates are one and one-half (1.5) times the listed rates. All overtime hours must be approved, in advance, by the Building Director.

The Proposer certifies by signature below the following:

a. This pricing is current, accurate complete, and is presented as the Total Pricing, including "out-of-pocket" expenses (if any), for the performance of this Contract in accordance with the Requirements/Scope of Work/Services of this RFP.

b. This Proposal is current, accurate, complete, and is presented to the County for the performance of this Contract in accordance with all the requirements as stated in this RFP.

APPENDIX A
PRICE PROPOSAL PAGES
RFP NO. 17-023/SC

c. This Proposal is submitted without prior understanding, agreement, or connection with any corporation, firm, or person submitting a Proposal for the same materials, services, and supplies and is, in all respects, fair and without collusion or fraud.

d. The financial stability to fully perform the terms and conditions as specified herein. The County reserves the right to request financial information from the proposer at any time during the solicitation process and in any form deemed necessary by the County.

IMPORTANT: FAILURE TO SUBMIT THESE PAGES, INCLUDING ALL REQUIRED INFORMATION AND SIGNATURES, WILL BE CAUSE FOR "IMMEDIATE REJECTION" OF THE ENTIRE PROPOSAL RESPONSE.

APPENDIX E
DRUG-FREE WORKPLACE CERTIFICATION
RFP NO. 17-023/SC

IDENTICAL TIE PROPOSALS - In accordance with Section 287.087, F.S., a preference will be given to vendors submitting with their proposals the following certification that they have implemented a drug-free workplace program which meets the requirements of Section 287.087; provided, however, that any preference given pursuant to Section 287.087, shall be made in conformity with the requirements of the Palm Beach County Code, Chapter 2, Article III, Sections 2-80.21 through 2-80.34. In the event tie proposals are received from vendors who have not submitted with their proposals a completed Drug-Free Workplace Certification form, the award will be made in accordance with Palm Beach County's purchasing procedures pertaining to tie proposals.

This Drug-Free Workplace Certification form must be executed and returned with the attached proposal, and received on or before time of proposal submission to be considered. The failure to execute and/or return this certification shall not cause any proposal to be deemed non-responsive.

Whenever two (2) or more proposals which are equal with respect to price, quality, and service are received by Palm Beach County for the procurement of commodities or contractual services, a proposal received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. In order to have a drug-free workplace program, a business shall:

(1) Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

(2) Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.

(3) Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in number (1).

(4) In the statement specified in number (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893, Florida Statutes, or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.

(5) Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

(6) Make a good faith effort to continue to maintain a drug-free workplace through implementation Section 287.087, Florida Statutes.

THIS CERTIFICATION is submitted by Carlos A. Penin, PE the
(Individual's Name)

President of C.A.P. Government, Inc.
(Title/Position with Company/Vendor) (Name of Company/Vendor)

who does hereby certify that said Company/Vendor has implemented a drug-free workplace program which meets the requirements of Section 287.087, Florida Statutes, which are identified in numbers (1) through (6) above.

APPENDIX G
NON-DISCRIMINATION POLICY
RFP NO. 17-023/SC

Pursuant to Palm Beach County Resolution R-2014-1421, as may be amended, it is the policy of the Board of County Commissioners of Palm Beach County that Palm Beach County shall not conduct business with nor appropriate any funds for any organization that practices discrimination on the basis of race, color, national origin, religion, ancestry, sex, age, familial status, marital status, sexual orientation, gender identity and expression, disability, or genetic information.

All proposers doing business with Palm Beach County are required to submit a copy of its non-discrimination policy which shall be consistent with the policy of Palm Beach County stated above, **prior** to entering into any contract with Palm Beach County. In the event a proposer does not have a written non-discrimination policy, such proposer shall be required to check the applicable statement and sign below affirming that their non-discrimination policy is in conformance with Palm Beach County's policy.

Check one:

(x) Proposer hereby acknowledges that it **does not** have a written non-discrimination policy; however, respondent hereby **affirms by signing below** that its non-discrimination policy is in conformance with the above.

OR

( ) Proposer hereby attaches its non-discrimination policy which is consistent with the policy of Palm Beach County.

NOTE:

Proposer's failure to comply with the above requirements will render proposer non-responsive.

Proposer shall notify Palm Beach County in the event it no longer maintains a non-discrimination policy that is in conformance with Palm Beach County's policy set forth above. Failure to maintain said non-discrimination policy shall be considered a default of contract.

APPENDIX D
CERTIFICATION OF BUSINESS LOCATION
RFP NO. 17-023/SC

In accordance with the Palm Beach County Local Preference Code, a preference may be given to: (1) proposers having a permanent place of business in Palm Beach County ("County"); or (2) proposers having a permanent place of business in the Glades that are able to provide the goods, services or construction to be utilized or built within the Glades. To receive a local preference, proposers must have a permanent place of business within the County or the Glades, as applicable, prior to the County's issuance of any solicitation. A Business Tax Receipt which is issued by the Palm Beach County Tax Collector, authorizes the proposer to provide the goods/services to be purchased, and will be used to verify that the proposer had a permanent place of business prior to the issuance of the solicitation. The proposer must submit this Certification of Business Location ("Certification") along with the required Business Tax Receipt at the time of proposal submission. The Business Tax Receipt and this Certification are the sole determinant of local preference eligibility. Errors in the completion of this Certification or failure to submit this completed Certification will cause the proposer to not receive a local preference.

In instances where the proposer is exempt by law from the requirement of obtaining a Business Tax Receipt, the proposer must: (a) provide a citation to the specific statutory exemption; and (b) provide other documentation which clearly establishes that the proposer had a permanent place of business within the County or the Glades prior to the date of issuance of the solicitation. The County hereby retains the right to contact said proposer for additional information related to this requirement after the proposal due date.

I. Proposer is a:

_xx_ Local Business: A local business has a permanent place of business in Palm Beach County.

(Please indicate):

_____ Headquarters located in Palm Beach County

_xx_ Permanent office or other site located in Palm Beach County from which a vendor will produce a substantial portion of the goods or services.

_____ Glades Business: A Glades business has a permanent place of business in the Glades.

(Please indicate):

_____ Headquarters located in the Glades

_____ Permanent office or other site located in the Glades from which a vendor will produce a substantial portion of the goods or services.

II. The attached copy of proposer's County Business Tax Receipt verifies proposer's permanent place of business.

THIS CERTIFICATION is submitted by Carlos A. Penin, PE, as
(Name of Individual)

President, of C.A.P. Government, Inc.
(Title/Position) (Firm Name of Proposer)

who hereby certifies that the information stated above is true and correct and that the County Business Tax Receipt is a true and correct copy of the original. Further, it is hereby acknowledged that any misrepresentation by the proposer on this Certification will be considered an unethical business practice and be grounds for sanctions against future County business with the proposer.

Ms. Sharon Cushnie, Senior Buyer
Purchasing Department
Palm Beach County
50 South Military Trail, Suite 110
West Palm Beach, FL 33415

Re: Building Inspections, Plan Review and Permit Technician Services for Palm Beach County, RFP No. 17-023/SC

Dear Ms. Cushnie:

C.A.P. Government, Inc. (CAP) is proud to respond to the Request for Proposal (RFP) referenced above to provide Building Inspections, Plan Review and Permit Technician services to Palm Beach County. We understand the Scope of Services contained in the RFP and have enclosed one (1) unbound original, six (6) copies, and one (1) electronic copy of our response.

Our company has the expertise and ability to perform the services requested in the County's RFP. ***More importantly, we have been providing Plan Review and Inspection services to Palm Beach County since 2015.*** CAP's staff is familiar with the County's policies, procedures and in utilizing the County's in-house permitting automated system, "Electronic, Planning, Zoning and Building" (EPZB), allows us the ability to continue serving the County seamlessly.

Our firm specializes in outsourcing Building Department services to government agencies and has done so for over 25 years. Our delivery complements the County's philosophy of creating a positive customer service experience without sacrificing accuracy and efficiency. As you review our proposal package we call your attention to the following points:

Qualifications: – CAP is currently providing Building Plan Review and Inspection Services to Palm Beach County. CAP provides these same services to forty (40) municipalities and four (4) Educational Institutions in Miami-Dade, Broward, Palm Beach, Collier and Monroe counties.

Staff Experience: – CAP has a staff of over 140 employees in South Florida that are qualified and licensed by the State of Florida Department of Business and Professional Regulation. Our staff includes Building Officials, Plans Reviewers, Inspectors and Permit Technicians. We are proposing Mr. Joseph Kajak, Jr. to continue to serve as our Project Manager and the County's single point of contact. Mr. Kajak has many years of experience in Palm Beach County and can be reached at (561) 436.8732.

Locations: – Over the last two (2) years CAP has expanded into Palm Beach County and is currently serving eleven (11) municipalities. Thanks to this growth, we opened our new Palm Beach Office in July, 2016. We understand, however, that our staff will continue to use the County's Building Department office as stipulated in this RFP.

Electronic Plan Review (EPR): We have equipped our PB offices to provide an Electronic Plan Review (EPR) and Inspection (INSP) Platform that CAP has developed. This Platform is used to expedite the plans reviews process, all related communications and reporting. Work on each project will be "real time" and all stakeholders will have access to this information via email.

Ms. Sharon Cushnie, Senior Buyer
Re: Building Inspections, Plan Review and Permit Technician Services for Palm Beach County, RFP No. 17-023/SC
Page 2

Our Company is a leader in providing Building Plans Review, Inspections and Permit Technician services exclusively to governmental agencies. C.A.P. Government **does not provide "Private Provider Services" to the private sector** thus avoiding potential conflicts of Interest.

In summary, no other company in South Florida can match CAP's experience and expertise in this field.

Why us, by the numbers?

28	**Years in Business (Est.1989)**
25	Years Outsourcing Building Services Exclusively to the Government
10	Municipal Clients - Full service
30	Municipal Clients - Supplemental Services **(Similar to the scope of this RFP)**
4	Educational Clients
44	**Total Building Department Outsourcing Clients**
80	Percent of our Clients are within the HVHZ.
2	**Years with Palm Beach County**
12	Years with the City of Weston
12	Years with the Town of Cutler Bay
22	Years with the City of Aventura
1	Broward County Headquarters located in Fort Lauderdale
1	Palm Beach County Headquarters located in West Palm Beach
140	Employees dedicated to outsourcing Building Services
0	**Private Sector Clients**

Finally, C.A.P. Government, Inc. has been providing Building Department services to Palm Beach County for the past two (2) years and if given the opportunity, **will continue to provide and improve**. Should you require any additional information, or wish to discuss this proposal further, please contact me at 305.458.6000.

Very truly yours,
C.A.P. Government, Inc.

Carlos A. Perrin, PE
President

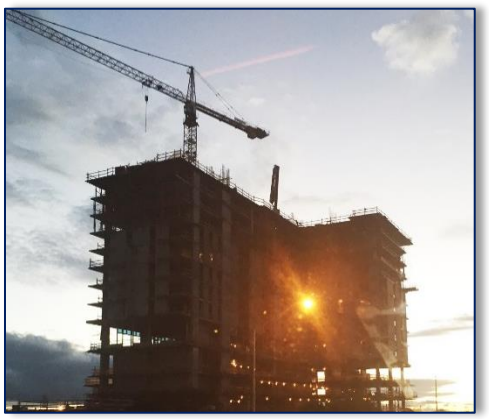
3.1 Experience / Qualifications / Background / References Information

3.1.1 EXPERIENCE:

C.A.P. Government, Inc. (CAP) was established in 1989 by Mr. Carlos A. Penin, PE. CAP is a Florida Corporation with three (3) offices in South Florida:

CORPORATE OFFICE IN MIAMI-DADE COUNTY:

343 Almeria Avenue
Coral Gables, FL 33134
T. (305) 448.1711
F. (305) 448.1712
Email: cap@capfla.com
www.capfla.com



BROWARD COUNTY:

100 S.E. 12 Street
Fort Lauderdale, FL 33316
T. (954) 888.9882
F. (954) 888.9860

PALM BEACH COUNTY:

1910 N. Florida Mango Road
West Palm Beach, FL 33409
T. (561) 508.0615
F. (561) 708.5742

For over 25 years C.A.P. Government has maintained a noteworthy track record for the professional management of all phases of the building and the permitting process. In 1992, CAP began outsourcing Building, Public Works, Engineering and the Zoning Department services to the newly created Village of Key Biscayne. Immediately upon taking the helm, South Florida suffered the wrath of Hurricane Andrew.

Our success in providing these services during very difficult times proved that our "outsource model" worked. In 1995, the City of Aventura followed Key Biscayne and retained C.A.P. Government as the company to provide services to its Building Department. On November 1, 2015, CAP joined the City of Aventura in celebrating twenty (20) years of continuous service. CAP's pioneering efforts have dramatically improved the efficiency of existing Building departments and aided in the creation of new

departments across South Florida. Today CAP provides outsourced Building Department services to forty (40) municipalities and is recognized as a leading provider of these services. In addition, we also provide Building Department outsourcing to the following educational institutions: The School Board of Broward County, Miami-Dade County Public Schools, Florida International University and Miami-Dade College.

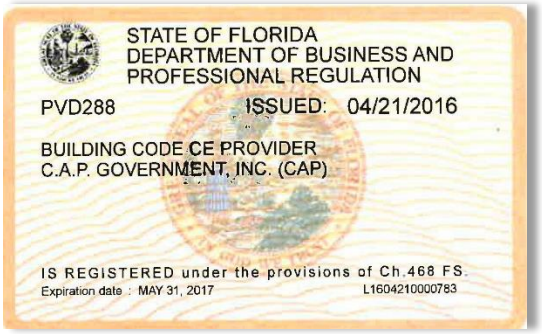
CAP now employs approximately one hundred forty (**140**) employees in various offices and municipalities throughout South Florida. CAP's expertise is developing tailored solutions to implementing Building Code services to government clients. Our staff has extensive experience in performing these services while adhering to established protocols, ethics and the Florida Building Code (FBC).

CAP's Building Department protocols and procedures exemplify the professionalism in providing consistency to its municipal clients and the residents of those cities. ***We have several contracts with 10, 15 and 20 years of continuous service.*** Understanding that customer service is paramount; our staff responds to the permit holders quickly to serve their needs by assuring that all plans examination and inspections are performed timely, efficiently, uniformly, and in accordance with the FBC.

QUALIFICATIONS:

C.A.P. Government has a team of qualified personnel to perform professional building code services per Chapter 553 and 468, Part XII of the Florida Statutes, the FBC and all relevant local codes and ordinances as adopted by each individual municipality. Our plans examiners and inspectors are certified by the State of Florida Code Administrators and Inspection Board, Engineers by the State of Florida Board of Professional Engineers, Architects by the Board of Architecture and Interior Design, and by the State of Florida Department of Business and Professional Regulation. All CAP employees undergo a criminal background check and comply with CAP's Drug-Free Workplace Policy. Additionally, our employees are required to participate in yearly ethics training courses, adhere to the company's code of conduct and

take continuing educational credits to maintain their licenses. Our employees are encouraged to obtain additional certifications through educational programs and training opportunities.



To maintain a high level of service to our clients, CAP provides our Plans Examiners and Inspectors support and training through continuing education. We emphasize training of our personnel because we understand that having qualified and experienced personnel is the only way to administer an efficient and accurate Building Department. To that end, we have taken a unique approach. On April of 2016, CAP became an Educational Provider accredited by the Florida Department of Business and Professional Regulations and recognized by the Florida Building Code Administrators and Inspectors Board.

BACKGROUND:

C.A.P. Government outsources Building Department services to government municipalities in Miami-Dade, Broward, Palm Beach Counties, Collier and Monroe Counties. A few examples of CAP's clients in Palm Beach County where we provide similar services are:

- Palm Beach County
- City of West Palm Beach
- City of Pahokee
- City of Boynton Beach
- Town of Briny Breezes
- City of Greenacres
- Town of Palm Beach County
- Village of Wellington
- City of South Bay
- City of Delray Beach
- City of Riviera Beach

CAP's familiarity with the standard, day to day practices and procedures of building departments uniquely qualifies our staff to respond effectively to natural disasters. Several members of our staff hold certifications in the Federal Emergency Management Agency's (FEMA) National Incident Management System (NIMS) program. Our team remains abreast of FBC updates and requirements to provide our clients with the level of quality service. Our experience with the FBC has evolved through the transition from the various editions of the Building Codes beginning with the changes as a result of the lessons learned from Hurricane Andrew until the current 5th Edition (2014).

Our Company **does not perform "Private Provider" services.**

3.1.3 SIMILAR PROJECT EXPERIENCE:

The following is a more comprehensive list of CAP's clients with the term of our contracts and the services provided.

	Comprehensive Building Department Services		
	Name of Entity	**Term**	**Services Provided**
1	City of Aventura	1995 - Present	Full Building Department
2	Town of Cutler Bay	2005 - Present	Full Building Department

Services performed:	Supplemental Services Plans Reviews and Inspections for all trades.
No. of Personnel:	Fluctuates based on the number of permits and inspections required. We currently have 2-3 full time employees and the rest are on an as needed basis.

3.2 Project Approach / Understanding Information

3.2 PROJECT APPROACH AND UNDERSTANDING

In this Section, we outline our proposed approach to this opportunity and our understanding of how to comply with the RFP's contract responsibilities by providing Building Inspection (building, plumbing, electric, and mechanical HVAC), Plan Review and Permit Technician Services. In fact, ***C.A.P. Government, Inc. (CAP) has been providing Building Code Services to Palm Beach County since 2015.*** CAP's familiarity with the County's policies, procedures and in utilizing the County's in-house automation system, "Electronic, Planning, Zoning and Building" (EPZB), allows us to seamlessly continue to serve the County. Several of the staff, currently serving the PZ&B Department, are multi-licensed for plan reviews and inspections as preferred in this RFP. CAP has responded to the County's requests for plan reviews and inspections within reasonable time frames and we have therefore increased our services. Our goal is to continue providing quality service to the County's PZ&B Department through stringent permitting, inspection methodologies, effective and friendly customer service.

We have included, in **Section 3.3 Key Personnel and Operations Information an** Organizational Chart **that shows the "Structure of our Firm" and** a chart that shows our Proposed Staff. The latter, identifies CAP staff that is currently serving the County's Planning, Zoning and Building (PZ&B) Department.

3.2.1 OVERVIEW OF PROJECT TASK:

PERMIT TECHNICIANS:

The Building Department plans process begins with the interaction between the Permit Technicians and the applicant. CAP prides itself on providing customer centered services therefore, CAP's Permit Technicians are scrutinized to be both qualified and to have active listening skills.

CAP provides Permit Technicians to various Building Departments throughout Miami-Dade, Broward, and Palm Beach counties. Our Permit Technicians accept and process permit applications including checking for the completeness of the documentations, applicable fees, receipt of payments, scheduling the plan reviews, issue permits and schedule inspections. Below is a listing of a few of the Building Departments where CAP has full time Permit Technicians:

- **City of Weston**
- **City of Wilton Manors**
- **City of Aventura**
- **Town of Southwest Ranches**
- **Lauderdale-by-the-Sea**
- **Town of Cutler Bay**

CAP's Permit Technicians are familiar with Florida contractor licensing laws as described in Florida Statute (FS) Chapter 489 (Construction Contracting), and permitting regulations contained in FS Chapter 320 (mobile homes), FS Chapter 553 (permitting), FS Chapter 470 (worker's compensation) and FS Chapter 713 (Florida Lien Law) as required by the RFP. **CAP's Permit Technicians are ready to serve Palm Beach County and its residents.**

REVIEW PLANS FOR PERMITTING:

- Permit Technicians will review applications for compliance with the County's submittal requirements including as-built surveys, field revisions, design professional letters, elevation designations, contractor's information and insurance as well as compliance with zoning and other necessary departments.
- Permit Technicians will log and route the application documents and plans to obtain the technical reviews by the appropriate CAP Plan Examiner for compliance with the Florida Building Code (FBC).

- The technical review process will begin after the submittal of a completed application is entered in the County's EPZB system.
- In accordance with the County's procedures, the permit holder will be notified as to approval or what corrections are required to the plans and documents to meet the FBC and other federal, state and local laws, rules, regulations, directives, codes and ordinances.
- Comments and related FBC sections generated by plan reviews will be entered in the Building Department's automation system and maintained by the County Staff.
- The first plan review of a residential project with minor improvements will be completed within two (2) days, and within five (5) days for larger projects. The first plan review of commercial projects will be performed in five (5) days or more depending on their scope. The review will include compliance with all applicable County code and ordinances.

ISSUING OF PERMITS AND INSPECTIONS:

- A building permit will be issued by the County once CAP and County staff have reviewed and processed the construction plans and it is determined that the permit application and supporting documents comply with the codes. CAP will follow the County's procedures and requirements for compliance with the FBC, including expired permits and FBC violations.
- Permit Technicians will notify CAP Inspectors of all inspection requests with sufficient lead time for CAP to perform the inspections.
- Using the approved plans, CAP's Inspectors will verify that the work conforms to the plans. At the construction site the Contractor's representative will be informed as to whether the inspection

- has passed or failed. If the inspection fails, the FBC Section will be referenced substantiating the failure. The inspection results will be entered on the field Permit Card.
- The results of inspections, field investigations and daily hours and logs will be entered into the County's computer systems. CAP will prepare written reports of inspections, field investigations of complaints, and other reports requested by the County utilizing the County's forms and databases.

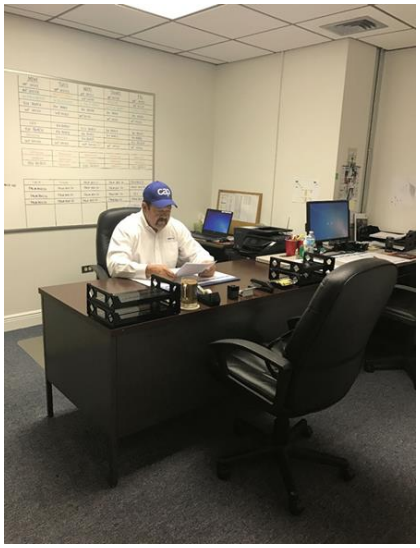
PREPARE WRITTEN REPORTS, RECORDS, AND INVESTIGATIONS:

- As part of our responsibilities, CAP will prepare written reports of inspections, investigation of complaints, and other reports using the County's forms. The inspection results, plan reviews and code compliance results will be entered in the daily logs. These results will be maintained in the County's computer system. The daily logs along with the summary sheets will be attached to all of CAP's billing statements.

COORDINATION WITH CUSTOMERS AND STAKEHOLDERS:

- When requested by the Building Official and/or designee, CAP's staff will consult with architects, engineers, contractors and other stakeholders for building code guidance on large or smaller projects. CAP will also consult when necessary with Building Code experts when questionable and technical matters surface concerning the FBC. CAP staff will meet with architects, engineers, homeowners, contractors and stakeholders when requested, to discuss expediting plan review, inspections concerns, issues, questions, problems and possible solutions.

STAFF SCHEDULES:



CAP staff will report to the County's Building Official and/or designee. The inspections services will be provided to the County during normal business hours of 8:00 a.m. to 4:30 p.m., Monday through Friday, and Plan Review services from 8:00 a.m. to 5:00 p.m. or as may be altered upon mutual agreement.

EMERGENCY SERVICES:

If the County suffers a severe storm, hurricane or any other natural or manmade disasters, CAP will make available the necessary Building Code staff to:

- Monitor the National Weather Service and once it issues a Hurricane Watch, or as directed by the Building Official, CAP personnel will assist the County in notifying contractors to "safe-up" their construction sites. Contractors need to take the necessary measures to ensure that all materials are properly secured.
- Provide the County with a listing of CAP staff that will be available to respond to an emergency or natural disaster. The list will include the names of priority responders, supervisors and back-up personnel with their cell phone and home numbers.
- Abide by the emergency procedures as set forth by the County which will identify CAP's role in assisting in the emergency response.
- Assist in damage assessment and comply with the Federal Emergency Management Agency's (FEMA) requirements. As directed, CAP will perform Building Plans Reviews and Inspections in connection with these events.

- Respond to fire emergencies, evaluating the level of damage and taking appropriate measures to insure safety for the occupants. Report findings and obtain direction from the County's Building Official and/or his designee.
- Coordinate with other responders such as the Fire Department, utilities, and FPL to stabilize the emergency in the County.

CONFORMANCE TO FEMA REGULATIONS:

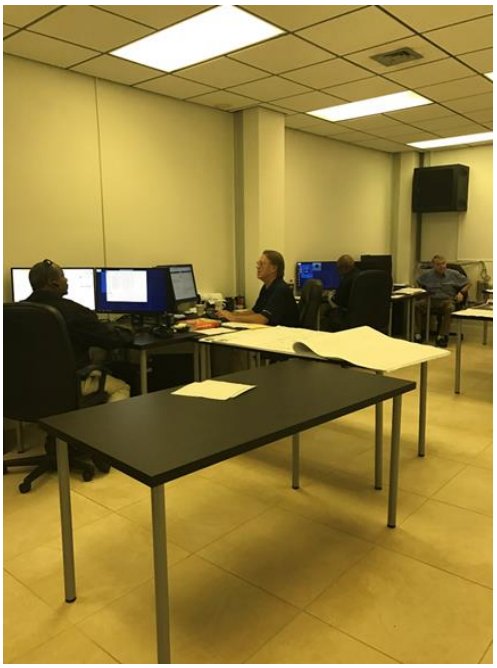
- When directed by the County, CAP will review and maintain all records required by the Federal Emergency Management Agency (FEMA) in association with the processing of building permits in the format required by FEMA. CAP's staff responding to this assignment is FEMA National Incident Management System (NIMS) qualified.

SELECTION AND ASSIGNMENT OF PERSONNEL:

- CAP acknowledges that the County reserves the right to interview and select personnel that will be assigned to this contract. Personnel approved by the County shall not be changed without prior consent by the County. Any CAP personnel approved for assignment or replacement shall be qualified and available to provide services for the County.

AUTOMATION:

- CAP will continue to utilize the County's in-house automation system "Electronic, Planning, Zoning and Building" (EPZB), as directed.
- There is legislation taking effect October 2017 that will require all muncipalities to have the capacity to accept permit applications electronically. In anticipation of this requirement and to better serve its clients, CAP has developed the **Electronic Plan Review (EPR) and Inspection (INSP) Platform**. This Platform is used to expedite plans reviews process, related communication and reporting. **All notification on each project is "real time" and sent via email to all of the stakeholders**. By using our Platform, turnaround times and efficiency will greatly increase. End users will be able to view and respond to comments in real time and upload "Revised" drawings into the on-line system for approvals. The Design Team will have the capability to interact directly with our reviewers using the same Platform. ***CAP's West Palm Beach office has the resources and capability to fully perform Electronic Plans Reviews.***



- The **EPR system** is currently being used by our Educational clients with overwhelming success.

ADDITIONAL RESPONSIBILITIES:

- CAP is prepared to act as the County's representative and attend meetings, as requested. CAP will prepare cases and represent the County at the Code Enforcement Board and/or Special Magistrate Meetings in conjunction with the County Attorney. CAP will assign Senior Staff to the County to support, coordinate and assist in all building code services.

- CAP staff will receive and investigate complaints from County citizens, County employees, and administrative staff that refer to working without a permit. Code Violations, County codes and ordinances will be enforced as required. Utilizing County forms, results of the investigation will be entered into the County's EPZB system.
- CAP will coordinate activities with County's Building Official, Boards and Agencies, including participating in the County's Unsafe Structure program.
- Under the County's direction, CAP personnel will inspect new and transferred business uses. The Business Use application will be researched as to its past usage to determine if there are any changes to the use that would require modifications to the existing structure to meet current Florida Build Code requirements (FBC).
- Under the County's direction, CAP will coordinate their Building Department activities with the County's Planning and Zoning Consultants, County's Fire Marshall, and County's Code Enforcement Officers.
- CAP will perform other duties relating to or incidental to Plans Examiner's or Inspector's primary duties, as required by the County from time to time.
- CAP will coordinate activities with County's Building Official and/or his Designee, Boards and Agencies, including participating in the County's Unsafe Structure program as described in the County's Administrative sections of the Florida Building Code (FBC). Our staff will provide support to the Building Official and/or Designee to conduct inspections, posting and recording violations as required.

CAP SHALL PROVIDE:

- Company issued **Employee I.D. badge.**
- Florida Building Code Books
- Company cellular telephone.
- Company uniforms with Company logo.

- Vehicle in good operating condition capable of transporting one ladder, long enough to reach the roof of a typical one story home.
- Safety shoes, hard hats and all safety equipment.

3.2.2 COUNTY RESOURCES:

County resources which will be required to conduct the project tasks are:

- Office Space with adequate means to perform plans reviews
- Automation system and other support services with County staff assistance.
- Regulations needed to review plans, documents and inspections requirements.
- Office Equipment and Materials (i.e. copy machines, office phones, computers, magnetic car signs, etc...)
- County's support personnel to assist in plans review and inspections services

3.6 Business Information

APPENDIX D
CERTIFICATION OF BUSINESS LOCATION
RFP NO. 17-023/SC

In accordance with the Palm Beach County Local Preference Code, a preference may be given to: (1) proposers having a permanent place of business in Palm Beach County ("County"); or (2) proposers having a permanent place of business in the Glades that are able to provide the goods, services or construction to be utilized or built within the Glades. To receive a local preference, proposers must have a permanent place of business within the County or the Glades, as applicable, prior to the County's issuance of any solicitation. A Business Tax Receipt which is issued by the Palm Beach County Tax Collector, authorizes the proposer to provide the goods/services to be purchased, and will be used to verify that the proposer had a permanent place of business prior to the issuance of the solicitation. The proposer must submit this Certification of Business Location ("Certification") along with the required Business Tax Receipt at the time of proposal submission. The Business Tax Receipt and this Certification are the sole determinant of local preference eligibility. Errors in the completion of this Certification or failure to submit this completed Certification will cause the proposer to not receive a local preference.

In instances where the proposer is exempt by law from the requirement of obtaining a Business Tax Receipt, the proposer must: (a) provide a citation to the specific statutory exemption; and (b) provide other documentation which clearly establishes that the proposer had a permanent place of business within the County or the Glades prior to the date of issuance of the solicitation. The County hereby retains the right to contact said proposer for additional information related to this requirement after the proposal due date.

I. Proposer is a:

xx Local Business: A local business has a permanent place of business in Palm Beach County.

(Please indicate):

_____ Headquarters located in Palm Beach County

xx Permanent office or other site located in Palm Beach County from which a vendor will produce a substantial portion of the goods or services.

_____ Glades Business: A Glades business has a permanent place of business in the Glades.

(Please indicate):

_____ Headquarters located in the Glades

_____ Permanent office or other site located in the Glades from which a vendor will produce a substantial portion of the goods or services.

II. The attached copy of proposer's County Business Tax Receipt verifies proposer's permanent place of business.

THIS CERTIFICATION is submitted by Carlos A. Penin, PE, as
(Name of Individual)

President, of C.A.P. Government, Inc.
(Title/Position) (Firm Name of Proposer)

who hereby certifies that the information stated above is true and correct and that the County Business Tax Receipt is a true and correct copy of the original. Further, it is hereby acknowledged that any misrepresentation by the proposer on this Certification will be considered an unethical business practice and be grounds for sanctions against future County business with the proposer.

APPENDIX E
DRUG-FREE WORKPLACE CERTIFICATION
RFP NO. 17-023/SC

IDENTICAL TIE PROPOSALS - In accordance with Section 287.087, F.S., a preference will be given to vendors submitting with their proposals the following certification that they have implemented a drug-free workplace program which meets the requirements of Section 287.087; provided, however, that any preference given pursuant to Section 287.087, shall be made in conformity with the requirements of the Palm Beach County Code, Chapter 2, Article III, Sections 2-80.21 through 2-80.34. In the event tie proposals are received from vendors who have not submitted with their proposals a completed Drug-Free Workplace Certification form, the award will be made in accordance with Palm Beach County's purchasing procedures pertaining to tie proposals.

This Drug-Free Workplace Certification form must be executed and returned with the attached proposal, and received on or before time of proposal submission to be considered. The failure to execute and/or return this certification shall not cause any proposal to be deemed non-responsive.

Whenever two (2) or more proposals which are equal with respect to price, quality, and service are received by Palm Beach County for the procurement of commodities or contractual services, a proposal received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. In order to have a drug-free workplace program, a business shall:

(1) Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

(2) Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.

(3) Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in number (1).

(4) In the statement specified in number (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893, Florida Statutes, or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.

(5) Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

(6) Make a good faith effort to continue to maintain a drug-free workplace through implementation Section 287.087, Florida Statutes.

THIS CERTIFICATION is submitted by Carlos A. Penin, PE the
(Individual's Name)

President of C.A.P. Government, Inc.
(Title/Position with Company/Vendor) (Name of Company/Vendor)

who does hereby certify that said Company/Vendor has implemented a drug-free workplace program which meets the requirements of Section 287.087, Florida Statutes, which are identified in numbers (1) through (6) above.

APPENDIX G
NON-DISCRIMINATION POLICY
RFP NO. 17-023/SC

Pursuant to Palm Beach County Resolution R-2014-1421, as may be amended, it is the policy of the Board of County Commissioners of Palm Beach County that Palm Beach County shall not conduct business with nor appropriate any funds for any organization that practices discrimination on the basis of race, color, national origin, religion, ancestry, sex, age, familial status, marital status, sexual orientation, gender identity and expression, disability, or genetic information.

All proposers doing business with Palm Beach County are required to submit a copy of its non-discrimination policy which shall be consistent with the policy of Palm Beach County stated above, **prior** to entering into any contract with Palm Beach County. In the event a proposer does not have a written non-discrimination policy, such proposer shall be required to check the applicable statement and sign below affirming that their non-discrimination policy is in conformance with Palm Beach County's policy.

Check one:

(x) Proposer hereby acknowledges that it **does not** have a written non-discrimination policy; however, respondent hereby **affirms by signing below** that its non-discrimination policy is in conformance with the above.

OR

( ) Proposer hereby attaches its non-discrimination policy which is consistent with the policy of Palm Beach County.

NOTE:

Proposer's failure to comply with the above requirements will render proposer non-responsive.

Proposer shall notify Palm Beach County in the event it no longer maintains a non-discrimination policy that is in conformance with Palm Beach County's policy set forth above. Failure to maintain said non-discrimination policy shall be considered a default of contract.

SECTION 1
GENERAL INFORMATION

1.1 ISSUING OFFICE

This Request for Proposal (RFP) is issued for the County of Palm Beach, hereinafter referred to as "County", by the Purchasing Department for the benefit of the Planning, Zoning & Building Department (PZ&B). The Purchasing Department is the SOLE point of contact concerning this RFP. All communications regarding this RFP must be done through the Purchasing Department. See Section 1.9, Contact Person.

1.2 PURPOSE OF THE PROJECT

The County is requesting proposals from qualified and experienced contractors to provide the services of building inspection (building, plumbing, electric and mechanical HVAC), plan review and permit processing for PZ&B in accordance with the requirements of Florida Statutes 468, Part XIII. The County reserves the right to select up to five (5) qualified contractors for award of contracts. Each contractor shall be an independent contractor and not an employee of the County.

1.3 INTRODUCTION

The qualified contractors, when requested, shall review plans for residential and commercial building applications, provide building inspection (building, plumbing, electric and mechanical HVAC) for structures in which permits have been issued by the Palm Beach County Planning, Zoning & Building Department. Building inspection, plan review and permit processing services shall be conducted under the County's and all other federal, state and local laws, rules, regulations, directives, codes and ordinances.

1.4 NON-MANDATORY PRE-PROPOSAL CONFERENCE

All proposers are **invited** to attend a Non-Mandatory Pre-Proposal Conference which will be held at the Purchasing Department, 50 South Military Trail, Room 1N-142 North/South, West Palm Beach, Florida 33415, on February 24, 2017, commencing at 10:00 a.m. local time. At this time, the County's representative(s) will be available to answer any questions relative to this Request for Proposal. Any questions or comments arising subsequent to the Non-Mandatory Pre-Proposal Conference must be presented, in writing, prior to the date and time stated in the Timetable (see Section 1.7) of the RFP, to be discussed with the County's representative(s) as possible amendments to the RFP.

In accordance with the provisions of ADA, auxiliary aids or services will be provided upon request with at least three days notice.

1.5 PERIOD OF CONTRACT

The proposed effective date of this Contract is May 16, 2017. The selected proposer(s) will provide services for a five (5) year period ending May 15, 2022.

1.6 QUALIFICATION OF RESPONDENTS

All proposers to this RFP shall have demonstrated experience in supplying such services and shall meet all criteria/requirements identified in this RFP.

1.7 TIMETABLE

The anticipated schedule and deadline for the RFP and Contract approval are as follows:

Activity	Date	Time	Location
RFP available for Download from Purchasing Dept. VSS: https://pbcvssp.co.palm-beach.fl.us/webapp/vssp/AltSelfService	2/15/17		Purchasing Department 50 S. Military Trail, Ste. 110 W. P. B., FL 33415
Non-Mandatory Pre-Proposal Conference	2/24/17	10:00 a.m.	Purchasing Department 50 S. Military Trail Room 1N-142 North/South W. P. B., FL 33415
Deadline for receipt of questions or comments	2/28/17	5:00 p.m.	Purchasing Department 50 S. Military Trail, Ste.110 W. P. B., FL 33415
Deadline for receipt of proposals	3/17/17	4:00 p.m.	Purchasing Department 50 S. Military Trail, Ste. 110 W. P. B., FL 33415
Selection Committee Meeting	4/3/17	9:00 a.m.	Purchasing Department 50 S. Military Trail Room 1N-142 North/South W. P. B., FL 33415
Posting Date of Notice of Intent to Award	4/6/17		Purchasing Department 50 S. Military Trail, Ste. 110 W.P.B., FL 33415 www.pbcgov.com/purchasing

BCC Award Date	5/16/17	Governmental Center 301 N. Olive Avenue, 6th Floor W.P.B., FL 33401
Contract Start Date	5/16/17	

NOTE: County reserves the right to alter the above activities and/or times at the County's sole discretion.

1.8 PROPOSAL SUBMISSION

All proposals must be submitted on 8 ½" x 11" paper.

One (1) unbound original, six (6) bound copies, and one (1) electronic copy in pdf (CD or flash drive) of the complete proposal must be received in the Purchasing Department by March 17, 2017, 4:00 p.m. local time. The original and all copies must be submitted in a sealed envelope or container. The proposer's complete return address must be included on the outer envelope or wrapper enclosing any materials submitted in response to this RFP. The outer envelope or wrapper should be addressed as follows:

Proposer Name
Address
Phone No.

Palm Beach County
Board of County Commissioners
Purchasing Department
50 South Military Trail, Suite 110
West Palm Beach, Florida 33415
RFP No. 17-023/SC

Title: Building Inspection, Plan Review and Permit Technician Services
Due Date: March 17, 2017, 4:00 p.m. local time.

The Purchasing Department's office hours are 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding holidays observed by the County.

Proposers are responsible for informing any commercial delivery services, if used, of all delivery requirements and for insuring that the required address information appears on the outer wrapper or envelope used by such service.

The Price Proposal Page(s) (Appendix A) must be signed by an officer of the company who is legally authorized to enter into a contractual relationship in the name of the proposer ("Authorized Person").

The submission of a signed proposal by a proposer will be considered by the County as constituting a legal offer by the proposer to perform the required services at the proposed price identified therein.

1.9 CONTACT PERSON

The contact person for this RFP is Sharon Cushnie, Senior Buyer, at (561) 616-6808, e-mail address: scushnie@pbcgov.com or fax number (561) 242-6708 in the Purchasing Department.

Proposers are advised that from the date of release of this RFP until award of the contract, NO contact with County staff and/or designated Selection Committee members concerning this RFP is permitted, except as authorized by the contact person designated herein.

1.10 CONE OF SILENCE

Proposers are advised that the "Palm Beach County Lobbyist Registration Ordinance" prohibits a proposer or anyone representing the proposer from communicating with any County Commissioner, County Commissioner's staff, or any County Employee authorized to act on behalf of the Board of County Commissioners to award this contract regarding its proposal, i.e., a "Cone of Silence".

The "Cone of Silence" is in effect from the date/time of the deadline for submission of the proposal, and terminates at the time that the Board of County Commissioners, or a County Department authorized to act on their behalf, awards or approves a contract, rejects all proposals, or otherwise takes action which ends the solicitation process.

Proposers may, however, contact any County Commissioner, County Commissioner's Staff, or any County Employee authorized to act on behalf of the Board of County Commissioners to award this contract via written communication, i.e., fax, e-mail, or U.S. Mail.

Violations of the "Cone of Silence" are punishable by a fine of $250.00 per violation.

1.11 ADDITIONAL INFORMATION/AMENDMENT(S)

Any questions, comments (i.e., additional information or clarifications) must be made, in writing via fax, e-mail or U.S. Mail, no later than February 28, 2017, and to the address listed in the RFP Timetable (Section 1.7) or fax number or e-mail address listed for the Contact Person (Section 1.9) above. The request must contain the proposer's name, address, phone number, facsimile number and e-mail address.

Facsimiles must have a cover sheet which includes, at a minimum, the proposer's name, address, number of pages transmitted, phone number, facsimile number and e-mail address.

Changes to this RFP, when deemed necessary by the County, will be completed only by written Amendment(s) issued prior to the Deadline for receipt of proposals. Proposers should not rely on any representations, statements or explanation other than those made in the RFP or in any Amendment to this RFP. Where there appears to be a conflict between the RFP and any Amendment issued, the last Amendment issued shall prevail.

As they are issued, all Amendments to solicitations will be posted under the applicable solicitation on our on-line Vendor Self-Service (VSS) system at https://pbcvssp.co.palm-beach.fl.us/webapp/vssp/AltSelfService. It is the sole responsibility of the proposer to routinely check VSS for any Amendments that may have been issued prior to the Deadline for receipt of proposals. The County shall not be responsible for the completeness of any RFP package not downloaded from VSS or purchased directly from the Palm Beach County Purchasing Department.

It is the proposer's sole responsibility to assure receipt of all Amendments. The proposer should verify with the designated Contact Person (see Section 1.9) prior to entering a proposal that all Amendments have been received. Proposers are required to acknowledge the receipt of all Amendments as part of their proposal.

SECTION 2
GENERAL TERMS AND CONDITIONS

2.1 PROPOSAL GUARANTEE

Proposer guarantees their commitment, compliance, and adherence to all requirements of the RFP by submission of their proposal.

2.2 MODIFIED PROPOSALS

Proposer may submit a modified proposal to replace all or any portion of a previously submitted proposal until the Deadline for receipt of proposals. The County will only consider the latest proposal submitted.

2.3 WITHDRAWAL OF PROPOSALS

A proposal may be withdrawn only by written notification. Letters of withdrawal received after the Deadline for receipt of proposals will not be accepted unless the contract has been awarded to another vendor or no award has been made within ninety (90) days after the Deadline for receipt of proposals.

Unless withdrawn, as provided in this subsection, a proposal shall be irrevocable until the time that a contract is awarded.

2.4 LATE PROPOSALS, LATE MODIFIED PROPOSALS

Proposals and/or modifications to proposals received after the Deadline for receipt of proposals specified in the RFP Timetable (Section 1.7) are late and shall not be considered.

2.5 RFP POSTPONEMENT/CANCELLATION

The County may, at its sole and absolute discretion, reject any and all, or parts of any and all, proposals; waive any minor irregularities in this RFP or in the proposals received as a result of this RFP; postpone or cancel, at any time, this RFP process; or re-advertise this RFP.

2.6 COSTS INCURRED BY PROPOSERS

All expenses incurred with the preparation and submission of proposals to the County, or any work performed in connection therewith, shall be borne by the proposer. No payment will be made for proposals received, nor for any other effort required of or made by the proposers, prior to commencement of work as defined by a contract approved by the Board of County Commissioners.

2.7 PROPRIETARY/CONFIDENTIAL INFORMATION

Any material submitted in response to this Request for Proposal is considered a public document in accordance with Section 119.07, F.S. This includes material which the responding proposer might consider to be confidential. All submitted information that the responding proposer believes to be confidential and exempt from disclosure (i.e., a trade secret or as provided for in Section 119.07 and Section 812.081, F.S.) must be specifically identified as such. Upon receipt of a public records request for such information, a determination will be made as to whether the identified information is, in fact, confidential.

2.8 NEGOTIATIONS

The County may award a contract on the basis of initial proposals received, without discussions. Therefore, each submitted proposal should contain the proposer's best price and technical offer.

2.9 RIGHT TO PROTEST

Any proposer may protest any recommendations for contract award by submitting a written protest to the Director of Purchasing within five (5) business days after posting the Notice of Intent to Award in accordance with Chapter 2, Article II, Section 2-55 of the Palm Beach County Code. Protests must be submitted in writing, addressed to the Director of Purchasing, via hand delivery, mail or fax to (561) 242-6705.

2.10 SMALL BUSINESS ENTERPRISE

Policy

It is the policy of the Board of County Commissioners of Palm Beach County, Florida, that all business be afforded an opportunity for full participation in the free enterprise system. In order to implement the policy, the Board of County Commissioners of Palm Beach County, Florida is committed to ensuring full and equitable participation by small business enterprises in the provision of goods and services.

SBE Goals

The County has established a minimum goal of 15% SBE participation for all County solicitations, inclusive of all alternates and change orders. This goal is a minimum, and no rounding will be accepted.

It will be the responsibility of the firm submitting a proposal to furnish all the necessary information to the County in order to receive points for SBE participation. Points will not be cumulative. Points shall be assigned based on the level of SBE participation as outlined below:

Table 1 - SBE Point System (Non-CCNA)

Scenario		Points
A	Proposer is a Palm Beach County certified SBE who will be providing 51% of the work with their own workforce.	**10 points (or 10% if total evaluation points exceed 100)**
B	Proposer has submitted proper documentation verifying that the County's Professional Services Goal of 15% has been met, utilizing Palm Beach County certified SBE subcontractors. One-half point will be awarded for each increment of five (5) percent by which said amount exceeds the established goal.	**5-8 points (or 5%-8% if total evaluation points exceed 100)**

NOTE: Final SBE points will be contingent upon a percentage of the total evaluation.

Upon initiation of the RFP solicitation process, all potential and interested professional service firms or consultants shall be required to list all SBE and M/WBE sub-consultants' selected portion of work to be performed, and dollar amount or percentage for each on Schedule 1 and Schedule 2.

Points awarded for SBE participation shall not exceed ten percent (10%) of the total amount of possible points awarded.

Proposal Submission Documentation

SBE proposers proposing as prime consultants, are advised that they must complete Schedule 1 and schedule 2, listing the work to be performed by their own workforce as well as the work to be performed by any SBE sub-consultant. Failure to include this information on Schedule 1 will result in the participation by the SBE prime proposers own workforce NOT being counted towards meeting the SBE goal. This requirement applies even if the SBE consultant intends to perform 100% of the work with their own workforce.

Proposers are required to submit with their proposal the appropriate SBE-M/WBE schedules in order to be deemed responsive to the SBE requirements. SBE-M/WBE documentation to be submitted is as follows:

Schedule 1 - List of Proposed SBE and M/WBE Participation

This list shall contain the names of all SBE prime and SBE sub-consultants intended to be used in performance of the contract, if awarded. This schedule shall also be used if an SBE prime proposer is utilizing ANY sub-consultants.

Schedule(s) 2 - Letter(s) of Intent to Perform as an SBE or M/WBE Subcontractor

A Schedule 2 shall be completed by the SBE Prime consultant. A schedule 2 shall be completed and signed by the proposed SBE sub-consultant listed on Schedule 1. SBE Primes and SBE sub-consultants shall specify the type of work to be performed, the cost and/or percentage. If the SBE intends to subcontract any portion of the job to another certified SBE or non-SBE, they are required to list the amount and the name of the sub consultant on this form. The Prime may count toward its SBE goal second and third tiered SBE sub-consultants provided that the Prime submits a completed Schedule 2 form for each SBE sub-consultant. Additional sheets may be used as needed.

SBE Certification

Only those firms certified by Palm Beach County at the time of proposal submission shall be counted toward the established SBE goals. Upon receipt of a complete application, **IT TAKES UP TO NINETY (90) DAYS TO BECOME CERTIFIED AS AN SBE WITH PALM BEACH COUNTY.** It is the responsibility of the proposer to confirm the certification of any proposed SBE; therefore, it is recommended that proposers visit the on-line Vendor Directory at www.pbcgov.org/osba to verify SBE certification.

Counting SBE Participation (and M/WBE Participation for Tracking Purposes)

a. Once a firm is determined to be an eligible SBE according to the Palm Beach County certification procedures, the Prime may count toward its SBE goals only that portion of the total dollar value of a contract performed by the SBE.

b. The Prime may count toward its SBE goal a portion of the total dollar value of a contract with a joint venture, eligible under the standards for certification, equal to the percentage of the ownership and control of the SBE partner in the joint venture.

c. The Prime may count toward its SBE goal the entire expenditures for materials and equipment purchased by an SBE sub-consultant, provided that the SBE sub-consultant has the responsibility for the installation of the purchased materials and equipment.

d. Prime may count the entire expenditure to an SBE manufacturer (i.e., a supplier/distributor that produces goods from raw materials or substantially alters the goods before resale).

e. The Prime may count sixty percent (60%) of its expenditure to SBE suppliers/distributors that are not manufacturers.

f. The Prime may count toward its SBE goal second and third tiered SBE sub-consultants; provided that the Prime submits a completed Schedule 2 form for each SBE sub-consultant.

g. The Prime may only count towards its SBE goal the goods and services in which the SBE is certified and performs with its own forces.

Responsibilities After Contract Award

Schedule 3(A) – Professional Services Activity Report

This form shall be submitted by the prime consultants with each payment application when SBE sub-consultants are utilized in the performance of the contract. This form shall contain the names of all SBE sub-consultants, specify the subcontracted dollar amount for each sub-consultant and show amount drawn and payments to date issued to sub-consultants. This form is intended to be utilized on all professional services contracts.

Schedule 4 – SBE-M/WBE Payment Certification

A schedule 4 for each SBE OR MWBE sub-consultant shall be completed and signed by the proposed SBE after receipt of payment from the prime. If a SBE sub-consultant intends to disburse any funds associated with this payment to any sub-consultant for labor provided on this contract, the amount and name of the sub-consultant must be listed on this form. In addition, if the named sub consultant is a certified SBE, then a schedule 4 shall be completed and signed by the named SBE after receipt of payment from the SBE sub-consultant. When applicable, the prime shall submit this form with each application submitted to the county for payment to document payment issued to a sub in the performance of the contract

All proposers hereby assure that they will meet the SBE participation percentages submitted in their respective proposals with the sub-consultants contained on Schedules 1 and 2 and at the dollar values or percentages specified. Proposers agree to provide any additional information requested by the County to substantiate participation.

The successful proposer shall submit an SBE-M/WBE Activity Form (Schedule 3(A)) and SBE-M/WBE Payment Certification Forms (Schedule 4) with each payment application. Failure to provide these forms may result in a delay in processing payment or disapproval of the invoice until they are submitted. The SBE-M/WBE Activity Form is to be filled out by the Prime Consultant and the SBE-M/WBE Payment Certification Forms are to be executed by the SBE firm to verify receipt of payment.

SBE Substitutions

After contract award, the successful proposer will only be permitted to replace a certified SBE sub-consultant who is unwilling or unable to perform. Such substitution must be done with other certified SBE's in order to maintain the SBE percentages submitted with the bid. Requests for substitutions must be submitted to the user Department and OSBA.

2.11 PALM BEACH COUNTY OFFICE OF THE INSPECTOR GENERAL AUDIT REQUIREMENTS

Pursuant to Palm Beach County Code, Section 2-421 - 2-440, as amended, Palm Beach County's Office of Inspector General is authorized to review past, present and proposed County contracts, transactions, accounts, and records. The Inspector General's authority includes, but is not limited to, the power to audit, investigate, monitor, and inspect the activities of entities contracting with the County, or anyone acting on their behalf, in order to ensure compliance with contract requirements and to detect corruption and fraud. Failure to cooperate with the Inspector General or interfering with or impeding any investigation shall be a violation of Palm Beach County Code, Section 2-421 – 2-440, and punished pursuant to Section 125.69, F.S., in the same manner as a second degree misdemeanor.

2.12 RULES; REGULATIONS; LICENSING REQUIREMENTS

The proposer shall comply with all laws, ordinances and regulations applicable to the services contemplated herein, to include those applicable to conflict of interest and collusion. Proposers are presumed to be familiar with all federal, state and local laws, ordinances, codes and regulations that may in any way affect the services offered, to include Executive Order No. 11246 entitled "Equal Employment Opportunity" as amended by Executive Order No. 11375, and as supplemented by the Department of Labor Regulations (41 CFR, Part 60).

2.13 CRIMINAL HISTORY RECORDS CHECK

Pursuant to Palm Beach County Code Section 2-371 – 2-377, the Palm Beach County Criminal History Records Check Ordinance ("Ordinance"), the County will conduct fingerprint based criminal history record checks on all persons not employed by the County who repair, deliver, or provide goods or services for, to, or on behalf of the County. A fingerprint based criminal history record check shall be conducted on all employees of contractors and subcontractors of contractors, including repair persons and delivery persons, who are unescorted when entering a facility determined to be either a critical facility ("Critical Facilities") or a criminal justice information facility ("CJI Facilities"), which are critical to the public safety and security of the County. County facilities that require this heightened level of security are identified in Resolution R-2003-1274, as amended. In October 2013, compliance with the requirements of the U.S. Federal Bureau of Investigation's CJI Security Policy was added to the Ordinance, which includes a broad list of disqualifying offenses. The proposer is solely responsible for understanding the financial, schedule, implications, and/or staffing implications of this Ordinance. Further, the proposer acknowledges that its proposal price includes any and all direct or indirect costs associated with compliance of this Ordinance, except for the applicable FDLE/FBI fees that shall be paid by the County.

2.14 REVIEW OF PROPOSALS

Each proposal will be reviewed to determine if the proposal is responsive to the RFP. Proposals deemed to be non-responsive will be rejected without being evaluated by the Selection Committee. A responsive proposal is one which has been signed, has been submitted by the specified submission time, and has provided the information required to be submitted with the proposal (as stated in Section 3). While poor formatting, poor documentation, and/or incomplete or unclear information may not be cause to reject a proposal without evaluation, such substandard submissions may adversely impact the evaluation of your proposal, especially information relating to establishing financial/business stability. Proposers who fail to comply with all of the required and/or desired elements of this RFP, do so at their own risk.

2.15 EXCEPTIONS TO THE RFP

All exceptions taken must be specific, and the proposer must indicate clearly what alternative is being offered to allow the County a meaningful opportunity to evaluate the proposal. Proposers are cautioned that submitting an alternative proposal does not relieve the proposer from submitting the "Minimum Requirements" as stated in Section 3. The County is under NO obligation to accept any proposed exceptions or alternatives.

2.16 SELECTION PROCESS

All proposals timely received will be reviewed first by the Purchasing Department to determine if each proposer has submitted the required information and met all Proposal Requirements (as stated in Section 3). Those proposals fulfilling the Proposal

Requirements shall be referred to the Selection Committee for review and further consideration.

The Selection Committee will evaluate all responses to this RFP that meet the Proposal Requirements and are deemed responsive. The Selection Committee may evaluate all proposals based solely on the information submitted with the proposal. Accordingly, proposers are urged to ensure that their proposal contains all the necessary information for the Selection Committee to fairly and accurately evaluate each of the criteria listed below in Section 2.17. However, an oral presentation, additional written information, internal staff analysis, proposer presentations, outside consultants, and/or any other information may be required, at any time during the selection process, to help the Committee determine the final ranking of proposers. The Selection Committee may determine, as the result of additional information, that the impact of this information is significant and may be considered in the scoring and/or ranking, at the discretion of the Committee.

The Selection Committee shall meet in public session as necessary to score each proposal by reviewing each proposal against the evaluation criteria listed below, see Section 2.17. Upon completion of the Selection Committee's review and discussion of all the responsive proposals submitted, each Selection Committee Member shall score each proposal and total the scores for each proposal. The proposals shall be assigned a ranking based upon the totals of each Selection Committee Member's score for each proposal.

After the Selection Committee has developed an overall ranking for each proposer, the committee will then review, discuss, and declare the proposer ranked the highest as its "finalist" and make its recommendation for award of the contract.

2.17 EVALUATION CRITERIA

1.	**Experience/Qualifications Background/References** (See Section 3.1)	**Weight 25 % (25 pts)**
2.	**Project Approach/Understanding** (See Section 3.2)	**Weight 10 % (10 pts)**
3.	**Key Personnel and Operations** (See Section 3.3)	**Weight 25 % (25 pts)**
4.	**Price Proposal** (See Section 3.5)	**Weight 25 % (25 pts)**
5.	**Small Business Enterprise** (See Section 2.10)	**Weight 10 % (10 pts)**

6. Business Location/Local Preference **Weight 5 % (5 pts)**
(See Section 3.4)

2.18 AWARD OF CONTRACT

The County reserves the right to make up to five (5) awards for this solicitation on a ranking basis. The awards, if any, will be made to the highest ranked responsive, responsible proposer(s) whose proposal(s) are considered to be the most advantageous to the County based on the Selection Committee's opinion after review of every such proposal including, but not limited to, price.

In the event that this right is exercised, the highest ranked responsive, responsible proposer shall be designated the primary awardee and up to the next four (4) highest ranked responsive, responsible proposer(s) shall be designated second, third, fourth and fifth awardees respectively. The primary awardee shall be given the first opportunity to perform. The second ranked awardee shall be contacted **only** after the primary awardee is unable to perform, and the third ranked awardee shall be contacted **only** after the second ranked awardee is unable to perform. Each successive awardee, in ranked order, shall be given an opportunity to perform until the needs of the Division are met. Each awardee is expected to perform all work offered to them, unless they are unable to perform it for lack of resources or technical ability. An awardee may be found in default of the contract if they demonstrate that they are consistently unable to provide requested services during the term of the contract. Additionally, if during the term of the contract the primary awardee is found in default of the contract; or unilaterally terminates the contract, the rights, duties, and obligations of the primary awardee shall be offered to the second ranked awardee and awarded upon mutual agreement, and likewise from the second ranked awardee to the third ranked awardee, and continue in the descending order of ranking to the fourth awardee and fifth awardee.

Upon review and approval of the Selection Committee's recommendation for award, the Purchasing Department will post the award recommendation at the Purchasing Department and on the Purchasing Department website at www.pbcgov.com/purchasing for a period of five (5) business days for review by interested parties prior to final approval of the award. The apparent successful proposer(s) will be notified of the recommendation for award by mail. The recommended awardee(s) shall provide documentation that demonstrates that the individual(s) executing the Contract has the authority to do so and to legally bind the recommended awardee. A contract must be completed and executed by the successful proposer(s) and the County and, when appropriate, by the Board of County Commissioners before it becomes valid and effective. If these conditions and contract negotiations, if applicable, are not met and/or completed within a reasonable timeframe as determined by the County, the County may elect to cancel the Recommended Award to that proposer and make the award recommendation to the next most advantageous proposer. This process may continue until such time as the County has determined to cancel the procurement in its entirety. The official posting on the Purchasing Department website shall prevail if a discrepancy exists between the referenced listings.

2.19 DISCLOSURE OF OWNERSHIP INTEREST

Pursuant to a directive by the Board of County Commissioners, the Disclosure of Ownership Interest affidavit (DOIA, Appendix F) must be completed on behalf of any individual or business entity that seeks to do business with the County when applicable. Disclosure does not apply to nonprofit corporations, government agencies, or to an individual's or entity's interest in any entity registered with the Federal Securities Exchange Commission or registered pursuant to Chapter 517, F.S., whose interest is for sale to the general public.

Upon request from the Purchasing Department, the recommended awardee shall submit a completed DOIA (Appendix F) within a reasonable time, as requested. If the recommended awardee fails to submit a completed DOIA in a timely manner, the County, at its sole discretion, may elect to cancel the Recommended Award.

2.20 STANDARD CONTRACT PROVISIONS (ATTACHMENT 1)

The selected proposer(s) will be required to execute a contract similar to the attached Standard County Contract (Attachment 1). If a proposer has comments related to any of the provisions in this RFP and/or the contract sample, comments must be made, in writing, no later than the date specified in the RFP Timetable (see Section 1.7).

Standard County Contract provisions (general and specific) will be incorporated into any contract resulting from this RFP. Should any selected proposer and the County be unable to consummate a written contract, the County may proceed to the next most advantageous proposal as determined by the Selection Committee or issue a new solicitation or cancel the procurement process in its entirety.

2.21 COMMENCEMENT OF WORK

This RFP does not, by itself, obligate the County. The County's obligation will commence when the contract is approved by the Board of County Commissioners or their designee and upon written notice to the proposer. The County may set a different starting date for the contract. The County will not be responsible for any work done by the proposer, even work done in good faith, if it occurs prior to the contract start date set by the County.

2.22 INSURANCE REQUIREMENTS

Prior to the effective date of the Contract, it shall be the responsibility of the successful proposer to provide evidence of the minimum amounts of insurance coverage specified in Attachment 1, Article 13, to Palm Beach County, c/o Insurance Tracking Services, Inc. (ITS), P.O. Box 20270, Long Beach, CA 90801.

The successful proposer shall, on a primary basis and at its sole expense, maintain in full force and effect, at all times during the life of this Contract, insurance coverages and limits (including endorsements) as described herein (see Attachment 1, Article 13).

Failure to maintain the required insurance shall be considered default of the Contract. The requirements contained herein, as well as the County's review or acceptance of insurance maintained by the successful proposer, are not intended to and shall not in any manner limit or qualify the liabilities and obligations assumed by the successful proposer under the Contract.

2.23 SUCCESSFUL PROPOSER NON-DISCRIMINATION POLICY

Pursuant to Palm Beach County Resolution R-2014-1421, as may be amended, the successful proposer warrants and represents that all of its employees are treated equally during employment without regard to race, color, religion, disability, sex, age, national origin, ancestry, marital status, familial status, sexual orientation, gender identity and expression or genetic information. Per Resolution R-2014-1421, as may be amended, the successful proposer shall perform the following and shall use the "Non-Discrimination Policy" form attached as Appendix *I* in order to do the same:

1. Submit to the County a copy of its non-discrimination policy, which shall be consistent with the non-discrimination policy of the County as set forth in this Section; **OR**

2. In the event that the successful proposer **does not** have a written non-discrimination policy, the successful proposer shall sign and submit to the County a statement affirming that their unwritten non-discrimination policy is in conformance with the County's non-discrimination policy as provided in Palm Beach County Resolution R-2014-1421, as may be amended.

Upon request from the Purchasing Department, the recommended awardee shall satisfy the requirements set forth in this Section prior to execution of a contract with the County. If the recommended awardee fails to satisfy the requirements set forth herein within a timely manner, the County, at its sole discretion, will cancel the Recommended Award. It is the responsibility of the successful proposer to maintain a written or non-written non-discrimination policy that conforms with the County's policy as set forth in Resolution R-2014-1421, as may be amended, throughout the term of the Contract. Failure to meet this requirement shall be considered default of the Contract.

2.24 DRUG FREE WORKPLACE CERTIFICATION

Proposers should submit, with their proposal, an executed Drug Free Workplace Certification (Appendix E) indicating that the proposer has implemented a Drug Free Workplace Program which meets the requirements of Section 287.087, F.S.

2.25 AUTHORIZED SIGNATURE

The authorized representative signature required on all offers and the Contract must be made by an officer of the company (if applicable).

SECTION 3
PROPOSAL REQUIREMENTS

PROPOSAL FORMAT AND CONTENT:

Format

Proposer **shall** submit one (1) unbound original, six (6) bound copies, and one (1) electronic copy in pdf (CD or flash drive) of the complete proposal. Proposals should be typed, double spaced and submitted on 8 ½" x 11" size paper. Copies should be bound using a single method of fastening (e.g., stapled, binder, etc.). Proposals should include only brief and concise narrative. The enclosure of elaborate or unnecessary verbage or promotional material is discouraged.

Table of Contents

Proposals should contain a Table of Contents. The Table of Contents outlines in sequential order, all of the areas of the proposal and it allows for clarity and ease of review of the proposal.

Letter of Transmittal

Proposals should contain a Letter of Transmittal addressed to Sharon Cushnie, Senior Buyer, and should, at a minimum, contain the following:

a. Identification of Proposer, including name address and telephone number.

b. Proposed working relationship between proposer and subcontractors, if applicable.

c. Name, title, address, telephone/fax numbers and e-mail address of contact person during period of proposal evaluation.

d. Signed by a person authorized to bind proposer to the terms of the proposal.

Technical Proposal

Proposals shall contain all of the documents listed below, **each fully completed, signed, and notarized as required.** Failure of a proposer to provide the required information is considered sufficient cause to deem the proposal non-responsive.

The item(s) marked by an asterisk (*) should be a part of the proposal; however, if these items are omitted, the proposer must submit the item(s) upon request from the County within a time frame specified by the County (normally within two working days of request) or the proposal shall be deemed non-responsive. All other items must be submitted with the proposal or it shall be deemed non-responsive.

Notwithstanding these submittal requirements, the County reserves the right, at its sole discretion, to waive any minor irregularity relating to the proposal. Upon request, it shall be the responsibility of the proposer to address the determined minor irregularity within a time frame specified by the County (normally within two working days of request). Failure of a proposer to provide the required information within the specified time frame is considered sufficient cause to deem the proposal non-responsive.

Each of the following requirements should be addressed in separate sections of the proposal.

3.1 EXPERIENCE / QUALIFICATIONS / BACKGROUND / REFERENCES INFORMATION

3.1.1 Each proposer shall provide a detailed statement on its qualification and background and demonstrate it has a minimum of five (5) years experience in providing building inspection (building, plumbing, electric and mechanical HVAC), plan review and permit processing services. Include your firm's business history and number of years in business.

3.1.2 Each proposer shall provide two (2) brief descriptions of similar service contracts satisfactorily provided with locations, dates, and copies of the contracts.

3.1.3 Each proposer shall provide a list of all similar services performed for government agencies.

*3.1.4 Each proposer should submit a minimum of three (3) references demonstrating the successful provision of building inspection (building, plumbing, electric and mechanical HVAC), residential and commercial plan review, and permit processing services within the past five (5) year(s).

Each reference should include the following:

a. Name of client company, contact names, addresses, telephone/fax numbers, dollar amount of contracts, and dates of service.

b. Scope of Work, types of services performed, and number of full-time staff provided.

3.2 PROJECT APPROACH / UNDERSTANDING INFORMATION

The proposer shall provide a detailed narrative description of its approach and methodology for implementing building inspection and plan review services including, but not limited to, the following:

3.2.1 Overview of the project tasks to be performed.

3.2.2 County resources which will be required to conduct the project tasks.

3.3 KEY PERSONNEL AND OPERATIONS INFORMATION

The proposer shall provide:

3.3.1 An Organizational Chart identifying the structure of firm.

3.3.2 A list of the key personnel assigned to the project, and submit a complete resume detailing their experience, education, expertise, qualifications and licenses. Personnel that are multi-licensed for multiple disciplines of inspection or plan review are preferred.

Copies of license for each personnel and staff member who will be assigned work under this Contract.

3.3.3 A description of the role of each staff member who will be responsible for handling and monitoring the Contract.

3.3.4 Identify projects of similar nature in which each staff member has been involved and dates.

3.3.5 A summary of any fines or discipline by the State of Florida which is related to the Scope of Work/Services and the resolution of such fines or discipline. If none, proposer shall state this in their proposal.

3.3.6 A summary of any litigation, pending lawsuits or unresolved disputes against the proposer in the past three (3) years which is related to the services that the proposer provides in a regular course of business. If none, proposer shall state this in their proposal.

3.4 BUSINESS LOCATION / LOCAL PREFERENCE

Pursuant to Section 2-80.47 of the Palm Beach County Local Preference Code, unless prohibited by federal, state or local law or where prohibited under the conditions of any grant, the location of a business shall be addressed through the evaluation criteria set forth in this solicitation.

Proposer shall submit at the time of proposal submission the attached "Certification of Business Location" (Appendix D) (the "Certification") together with a valid Business Tax Receipt issued by the Palm Beach County Tax Collector, unless the proposer is exempt from the Business Tax Receipt requirement by law, which will be used to verify that the proposer had a permanent place of business prior to the issuance of this Notice of Solicitation/Request for Proposal. The Palm Beach County Business Tax

Receipt and the Certification are the sole determinant of Business Location/Local Preference points. Errors in the completion of the Certification or failure to submit this completed Certification will cause the proposer to not receive points for Business Location/Local Preference.

Provided a proposer does not qualify to receive an SBE preference, local proposers who submit Appendix D, the Certification, together with the required Business Tax Receipt at the time of proposal submission, shall receive five (5) points.

Required Appendices

3.5 PRICE PROPOSAL INFORMATION

The proposer shall submit the attached Price Proposal Page(s) (Appendix A) filled out and signed. The proposer shall indicate the amount of money to be paid by the County during the Contract term.

Offers will receive up to the maximum points listed in 2.17 above, based upon the reasonableness of the total price and competitiveness of this amount with other offers received.

In order for the County to make payment, the Vendor's Legal Name, Vendor's Address and Vendor's TIN/FEIN Number on the Contractor's proposal and Contract must be exactly the same as it appears on the invoice and in the County's Vendor Self Service (VSS) system. Contractor **shall** send **ALL ORIGINAL** invoices to the following address and **may** send copies of invoices to the County's representative set forth in the Contract**.** Invoices submitted on carbon paper shall not be accepted

PALM BEACH COUNTY
FINANCE DEPT.
P.O.BOX 4036
WEST PALM BEACH, FL 33402-4036

Note: Palm Beach County Vendors can now be paid by Credit Card via the County's voluntary Payment Manager Program. For vendors who do not have a merchant account, one is needed to utilize the Program. For vendors with a merchant account, you will need to enroll with the Palm Beach County Clerk & Comptroller's office. For information, contact the Palm Beach County Clerk & Comptroller at pbcpaymentmgr@mypalmbeachclerk.com or 561-355-3295.

3.6 BUSINESS INFORMATION

Each proposer shall complete and submit the attached Business Information page (Appendix B).

3.7 AMENDMENTS TO THE RFP

It is the proposer's responsibility to assure receipt of all amendments. The proposer shall verify with the designated contact person, prior to submitting a proposal, the number of amendments that have been received. Each amendment to the RFP shall be signed by an authorized person and shall be submitted with the proposal or the proposal shall be deemed non-responsive.

Additional Appendices

3.8 ADDITIONAL INFORMATION

Information considered by the proposer to be pertinent to this project and which has not been specifically solicited in any of the aforementioned sections may be placed in a separate appendix section. Proposers are cautioned, however, that this does not constitute an invitation to submit large amounts of extraneous materials. Appendices should be relevant and brief.

SECTION 4
SCOPE OF WORK/SERVICES

4.1 PURPOSE

The CONTRACTOR shall provide building inspection (building, plumbing, electric and mechanical HVAC), plan review and permit processing services in accordance with the requirements of Florida Statutes 468, Part XIII. The CONTRACTOR shall act as an independent contractor and not as an employee of the COUNTY.

4.2 INTRODUCTION

The CONTRACTOR shall, when requested, review plans for residential and commercial building applications, provide building inspection (building, plumbing, electric and mechanical HVAC) for structures in which permits have been issued by the Palm Beach County (COUNTY) Planning, Zoning & Building Department (PZ&B). Building inspection, plan review and permit processing services shall be conducted under the COUNTY's and all other federal, state and local laws, rules, regulations, directives, codes and ordinances.

4.3 CONTRACTOR'S DESIGNATION

The COUNTY reserves the right to make up to five (5) awards for this solicitation on a ranking basis. The highest ranked CONTRACTOR shall be the primary CONTRACTOR and up to the next four (4) highest ranked CONTRACTORS shall be designated second, third, fourth and fifth CONTRACTOR respectively. The primary CONTRACTOR shall be given the first opportunity to perform. The second ranked CONTRACTOR shall

be contacted **only** after the primary CONTRACTOR is unable to perform, and the third ranked CONTRACTOR shall be contacted **only** after the second ranked CONTRACTOR is unable to perform. Each successive CONTRACTOR, in ranked order, shall be given an opportunity to perform until the needs of the Division are met. Each CONTRACTOR is expected to perform all work offered to them, unless they are unable to perform it for lack of resources or technical ability. A CONTRACTOR may be found in default of the Contract if they demonstrate that they are consistently unable to provide requested services during the term of the Contract. Additionally, if during the term of the Contract the primary CONTRACTOR is found in default of the Contract; or unilaterally terminates the Contract, the rights, duties, and obligations of the primary CONTRACTOR shall be offered to the second ranked CONTRACTOR and awarded upon mutual agreement, and likewise from the second ranked CONTRACTOR to the third ranked CONTRACTOR, and continue in the descending order of ranking to the fourth CONTRACTOR and fifth CONTRACTOR.

4.4 STAFFING

The normal workload is expected to require the equivalent of approximately five (5) full time Standard Inspectors and/or Standard Plans Examiners and/or Permit Technicians, for the term of the Contract at the COUNTY's discretion. In addition to the anticipated normal workload, additional inspection services may be required for special projects, large developments and natural disasters.

4.5 QUALIFICATIONS OF CONTRACTOR'S PERSONNEL

At a minimum, CONTRACTOR's personnel shall be qualified as follows:

a. Inspection personnel shall be qualified to perform building inspections or plan examination on residential and commercial structures. Personnel that are multi-licensed for multiple disciplines of inspection or plan review are preferred.

b. Inspection and plan review personnel shall possess the Florida Department of Business Professional Regulation Certification as a Building Inspector or Building Plans Examiner, as regulated by Florida Statute 468, Part XIII, for the specific disciplines they are working in. The inspector or plans examiner shall be responsible for maintaining compliance with the Florida Building Code as required by Florida Statutes Chapter 553.

c. Personnel, including permit technicians shall be fully certified, qualified, trained and with at least two (2) years of on the job experience prior to beginning services for the COUNTY. Personnel should have familiarity with the Florida contractor licensing law as described in Florida Statute (FS) Chapter 489 (construction contracting), and permitting regulations as contained in FS Chapter 320 (mobile homes) FSS Chapter 553 (permitting), FSS Chapter 470 (workers compensation), and FS Chapter

713 (Florida's Lien Law). New and inexperienced personnel shall not be acceptable.

d. Personnel shall maintain their Certifications with the State of Florida, to provide continually their best efforts to perform efficiently and effectively in a proper and professional manner their duties and responsibilities as assigned, to uphold the policies and regulations of the COUNTY and PZ&B, and to abide by ethical standards of conduct appropriate to their duties.

4.6 RESPONSIBILITIES OF CONTRACTOR'S PERSONNEL

CONTRACTOR's personnel shall provide services to include, but are not limited to, the following:

a. Permit processing duties, inspection and plan review services that include, but not be limited to, permit processing, plan review and inspection of, general building, mechanical (HVAC), plumbing, structural, gas and electrical, as well as, provide all administrative documentation as required by the COUNTY.

b. Inspection of permitted construction within the Unincorporated Palm Beach County, for compliance with State and COUNTY codes and ordinances and conformance with permitted plans and specifications.

c. Written reports on inspections and field investigations of complaints, and other reports as may be reasonably requested by the COUNTY. COUNTY inspection forms must be used.

d. Review of submitted construction plans for code compliance.

e. Maintenance of records of inspections, plan reviews and field investigations performed. Log daily inspection results, plan review results, deficiencies and log hours worked in the computer system. All deficiencies identified shall include proper code citations as required by Florida Statutes. These logs and a summary sheet shall be attached to all billing statements.

f. Using COUNTY forms and databases, issue correction or deficiency notices listing the items identified during inspections and reviews, and cite the applicable code sections.

g. Provide As-built surveys, Field Revisions, Design Professional Letters, and other paperwork provided directly to the Inspector or Plan Reviewer shall be reviewed for sufficiency and annotated appropriately (approved or deficient).

h. Contact contractors, architects, engineers and citizens about construction projects, code questions and other concerns.

i. Perform other duties that are related to or incidental to Inspector's primary duties as herein described and that the COUNTY may from time to time assign. The Inspector's duties and responsibilities may change from time to time at the sole discretion of the COUNTY and at no additional cost to the COUNTY.

j. Perform inspection service duties during normal business hours of 8:00 a.m. to 4:30 p.m., Monday through Friday, and Plan Review service duties from 8:00 a.m. to 5:00 p.m. or as may be altered upon mutual agreement.

k. Report to the COUNTY's Building Official or his or her designee.

l. Provide inspection services and plan review in the event of a natural disaster (i.e., hurricane).

m. Inspection and plan personnel may be required to attend meetings or to provide consultation to the COUNTY during normal business hours.

n. CONTRACTOR's staff shall have a cell phone to be accessible to COUNTY staff and to COUNTY customers during the hours worked for the COUNTY.

o. Entry of data into the COUNTY's database is anticipated and will be required.

p. Other documentation as requested may be required as necessary to assist customers in achieving compliance with applicable code requirements.

4.7 SELECTION AND ASSIGNMENT OF PERSONNEL

a. Personnel approved by the COUNTY for each assignment shall not be changed without prior written consent of the COUNTY. All personnel approved for assignment or replacement shall be selected from those individuals submitted by CONTRACTOR as qualified and available to perform services for the COUNTY.

b. The COUNTY will issue a work order to CONTRACTOR for the services needed for each project.

c. Personnel approved and given an assignment by the COUNTY shall not be granted leaves of absence (vacation, sick or other) from their

assignment unless a person of equal or greater qualification is approved by the COUNTY for the substitution.

d. Emergency substitutes shall not remain on an assignment for more than two (2) days without the written consent of the COUNTY.

e. Personnel assigned to the COUNTY shall be subject to pre-employment background checks by the Florida Department of Law Enforcement, the Florida Department of Motor Vehicles and a urine drug test. Personnel must meet or exceed the employment requirements of COUNTY personnel prior to approval and assignment. The COUNTY reserves the right to have an individual person removed from service to the COUNTY.

4.8 EQUIPMENT

At no cost to the COUNTY, CONTRACTOR shall equip its personnel with the following:

a. Employee I.D.
b. Florida Building Code Books
c. Cellular telephone
d. Uniform provided by the CONTRACTOR
e. An inspection vehicle in good operating condition and capable of transporting one ladder, subject to approval by the COUNTY.
f. One ladder capable of reaching the roof of a typical one story home.
g. Safety shoes, hardhats and other safety related equipment.

4.9 FACILITIES

The COUNTY will provide personnel with facilities and support services adequate for the performance of their duties, including office space, computers, office materials and equipment, including access to COUNTY and clerical support. The COUNTY will not provide vehicles to CONTRACTOR.

SECTION 5
ATTACHMENTS

ATTACHMENT 1 - SAMPLE STANDARD CONTRACT

ATTACHMENT 1
Sample Standard Contract
CONTRACT FOR
Building Inspection, Plan Review and Permit Technician Services
(Contract No. 17-023/SC)

This Contract No. 17-023/SC is made as of this _____ day of _____, 2017, by and between Palm Beach County, a political subdivision of the State of Florida, by and through its Board of Commissioners, hereinafter referred to as the COUNTY, and (*Put in Vendor's Legal Name and Address)*_____, *(select one of the following types of entities) an individual, a partnership, a corporation*, *a limited liability company, or specify another* authorized to do business in the State of Florida, hereinafter referred to as the CONTRACTOR.

In consideration of the mutual promises contained herein, the COUNTY and the CONTRACTOR agree as follows:

ARTICLE 1 - SERVICES

The CONTRACTOR's responsibility under this Contract is to provide building inspection, plan review and permit technician services to the Planning, Zoning & Building Department in accordance with Exhibit A, Scope of Work/Services, and Exhibit ___, CONTRACTOR's proposal dated _____, both of which are attached hereto and incorporated herein.

The COUNTY's representative/liaison during the performance of this Contract shall be Pat D'Agostino, Fiscal Manager, telephone number (561) 233-5017 or designee.

The CONTRACTOR's representative/liaison during the performance of this Contract shall be _(Name, Title)_____, telephone number _____.

ARTICLE 2 - ORDER OF PRECEDENCE

Conflicting provisions hereof, if any, shall prevail in the following descending order of precedence: (1) the provisions of the Contract, including Exhibit A; (2) the provisions of RFP No. 17-023/SC and all Amendments thereto, which are incorporated into and made a part of this Contract; (3) Exhibit __, CONTRACTOR's proposal dated _____; and (4) all other documents, if any, cited herein or incorporated herein by reference.

ARTICLE 3 - SCHEDULE

The CONTRACTOR shall commence services on May 16, 2017, and complete all services by May 15, 2022.

Reports and other items shall be delivered and/or completed in accordance with Exhibit A.

ARTICLE 4 - PAYMENTS TO CONTRACTOR

A. The total amount to be paid by the COUNTY under this Contract for all services and materials shall not exceed a total contract amount of _____ Dollars ($_____).

For each work order issued to the CONTRACTOR, the COUNTY shall pay the CONTRACTOR on an hourly basis as identified in Appendix A, Price Proposal Pages. The CONTRACTOR will bill the COUNTY upon completion of all work specified in each work order performed in accordance with Exhibit A, Scope of Work/Services. The CONTRACTOR has the option to bill the COUNTY on a monthly basis when multiple work orders are placed.

B. CONTRACTOR shall send **ALL ORIGINAL** invoices to: PALM BEACH COUNTY FINANCE DEPT., P.O. BOX 4036, WEST PALM BEACH, FL 33402-4036, with a copy to the COUNTY's representative. Invoices received from the CONTRACTOR pursuant to this Contract will be reviewed and approved by the COUNTY's representative, indicating that services have been rendered in conformity with the Contract. Approved invoices will be sent to the Finance Department for payment. Invoices will normally be paid within thirty (30) days following approval by the COUNTY's representative. Invoices submitted on carbon paper shall not be accepted. In order for the COUNTY to make payment, the CONTRACTOR must ensure that the following information included on Appendix__, Business Information, of Exhibit__, CONTRACTOR's proposal must be exactly the same as it appears on the invoice and in the COUNTY's Vendor Self Service System which can be accessed at **https://pbcvssp.co.palm-beach.fl.us/webapp/vssp/AltSelfService**: Vendor's Legal Name, Vendor's Address, and Vendor's TIN/FEIN Number.

C. Final Invoice: In order for both parties herein to close their books and records, the CONTRACTOR will clearly state "final invoice" on the CONTRACTOR's final/last billing to the COUNTY. This shall constitute CONTRACTOR's certification that all services have been properly performed and all charges and costs have been invoiced to the COUNTY. Any further charges, if not properly included on this final invoice, are waived by the CONTRACTOR.

ARTICLE 5 - PALM BEACH COUNTY OFFICE OF THE INSPECTOR GENERAL AUDIT REQUIREMENTS

Pursuant to Palm Beach County Code, Section 2-421 - 2-440, as amended, Palm Beach County's Office of Inspector General is authorized to review past, present and proposed COUNTY contracts, transactions, accounts, and records. The Inspector General's authority includes, but is not limited to, the power to audit, investigate, monitor, and inspect the activities of entities contracting with the COUNTY, or anyone acting on their behalf, in order to ensure compliance with contract requirements and to detect corruption and fraud. Failure to cooperate with the Inspector General or interfering with or impeding any investigation shall be a violation of Palm Beach County

Code, Section 2-421 – 2-440, and punished pursuant to Section 125.69, F.S., in the same manner as a second degree misdemeanor.

.

ARTICLE 6 - TRUTH-IN-NEGOTIATION CERTIFICATE

Signature of this Contract by the CONTRACTOR shall also constitute the execution of a truth-in-negotiation certificate certifying that the wage rates, over-head charges, and other costs used to determine the compensation provided for in this Contract are accurate, complete, and current as of the date of the Contract and no higher than those charged the CONTRACTOR's most favored customer for the same or substantially similar service.

The said rates and costs shall be adjusted to exclude any significant sums should the COUNTY determine that the rates and costs were increased due to inaccurate, incomplete, or noncurrent wage rates or due to inaccurate representation(s) of fees paid to outside contractors. The COUNTY shall exercise its rights under this Article 6 within three (3) years following final payment.

ARTICLE 7 - TERMINATION

This Contract may be terminated by the CONTRACTOR upon sixty (60) days prior written notice to the COUNTY in the event of substantial failure by the COUNTY to perform in accordance with the terms of this Contract through no fault of the CONTRACTOR. It may also be terminated, in whole or in part, by the COUNTY, with cause upon five (5) business days written notice to the CONTRACTOR or without cause upon ten (10) business days written notice to the CONTRACTOR. Unless the CONTRACTOR is in breach of this Contract, the CONTRACTOR shall be paid for services rendered to the COUNTY's satisfaction through the date of termination. After receipt of a Termination Notice, except as otherwise directed by the COUNTY, in writing, the CONTRACTOR shall:

1. Stop work on the date and to the extent specified.

2. Terminate and settle all orders and subcontracts relating to the performance of the terminated work.

3. Transfer all work in process, completed work, and other materials related to the terminated work to the COUNTY.

4. Continue and complete all parts of the work which have not been terminated.

ARTICLE 8 - PERSONNEL

The CONTRACTOR represents that it has, or will secure at its own expense, all necessary personnel required to perform the services under this Contract. Such

personnel shall not be employees of or have any contractual relationship with the COUNTY.

All of the services required hereinunder shall be performed by the CONTRACTOR, or under its supervision, and all personnel engaged in performing the services shall be fully qualified and, if required, authorized or permitted under state and local law to perform such services.

Any changes or substitutions in the CONTRACTOR's key personnel, as may be listed in Exhibit __, *(fill in the blank)* attached hereto and incorporated herein, must be made known to the COUNTY's representative and written approval must be granted by the COUNTY's representative before said change or substitution can become effective.

The CONTRACTOR warrants that all services shall be performed by skilled and competent personnel to the highest professional standards in the field.

All of the CONTRACTOR's personnel (and all subcontractors) will comply with all COUNTY requirements governing conduct, safety, and security while on COUNTY premises.

ARTICLE 9 - CRIMINAL HISTORY RECORDS CHECK

The CONTRACTOR, CONTRACTOR's employees, subcontractors of CONTRACTOR and employees of subcontractors shall comply with Palm Beach County Code, Section 2-371 – 2-377, the Palm Beach County Criminal History Records Check Ordinance ("Ordinance"), for unescorted access to critical facilities ("Critical Facilities") or criminal justice information facilities ("CJI Facilities") as identified in Resolution R-2003-1274, as amended. The CONTRACTOR is solely responsible for understanding the financial, schedule, and/or staffing implications of this Ordinance. Further, the CONTRACTOR acknowledges that its Contract price includes any and all direct or indirect costs associated with compliance with this Ordinance, except for the applicable FDLE/FBI fees that shall be paid by the COUNTY.

This Contract may include sites and/or buildings which have been designated as either "critical facilities" or "criminal justice information facilities" pursuant to the Ordinance and Resolution R-2003-1274, as amended. COUNTY staff representing the COUNTY department will contact the CONTRACTOR(s) and provide specific instructions for meeting the requirements of this Ordinance. Individuals passing the background check will be issued a badge. The CONTRACTOR shall make every effort to collect the badges of its employees and its subcontractors' employees upon conclusion of the contract and return them to the COUNTY. If the CONTRACTOR or its subcontractor(s) terminates an employee who has been issued a badge, the CONTRACTOR must notify the COUNTY within two (2) hours. At the time of termination, the CONTRACTOR shall retrieve the badge and shall return it to the COUNTY in a timely manner.

The COUNTY reserves the right to suspend the CONTRACTOR if the CONTRACTOR: 1) does not comply with the requirements of County Code Section 2-371 - 2-377, as

amended; 2) does not contact the COUNTY regarding a terminated CONTRACTOR employee or subcontractor employee within the stated time; or 3) fails to make a good faith effort in attempting to comply with the badge retrieval policy.

ARTICLE 10 - SMALL BUSINESS ENTERPRISES SUBCONTRACTING

The COUNTY reserves the right to accept the use of a subcontractor, or to reject the selection of a particular subcontractor, and to inspect all facilities of any subcontractors in order to make a determination as to the capability of the subcontractor to perform properly under this Contract. The CONTRACTOR is encouraged to seek additional small business enterprises (SBEs) for participation in subcontracting opportunities. If the CONTRACTOR uses any subcontractors on this project, the following provisions of this Article shall apply:

A. If a subcontractor fails to perform or make progress, as required by this Contract, and it is necessary to replace the subcontractor to complete the work in a timely fashion, the CONTRACTOR shall promptly do so, subject to acceptance of the new subcontractor by the COUNTY.

B. The Palm Beach County Board of County Commissioners has established a minimum goal for SBE participation of 15% on all County solicitations.

C. The CONTRACTOR agrees to abide by all provisions of the Palm Beach County Code establishing the SBE Program, as amended, and understands that failure to comply with any of the requirements will be considered a breach of contract.

D. The CONTRACTOR incorporates Schedule 1 List of proposed SBE-M/WBE Prime/Subcontractors) and Schedule 2 (Letter of Intent) attached hereto and made a part hereof, the names, addresses, scope of work, percentage and/or dollar value of the SBE-M/WBE participation on Schedule 1 and the Letter of Intent, Schedule 2, signed by each of the listed SBE-M/WBE sub-consultants on Schedule 1 agreeing to perform the contract at the listed percentage and/or dollar value.

E. The CONTRACTOR understands that each SBE firm utilized on this Contract must be certified by Palm Beach County in order to be counted toward the SBE participation goal.

F. The CONTRACTOR understands that it is the responsibility of the department letting the contract and the Office of Small Business Assistance (OSBA) to monitor compliance with the SBE Ordinance requirements. In that regard, the CONTRACTOR agrees to furnish progress payment reports to both parties on the progress of the SBE-M/WBE participation on each pay application submitted.

G. The CONTRACTOR further agrees to provide OSBA with a copy of their contract with the SBE sub-consultant or any other related documentation upon request.

H. After contract award, the successful CONTRACTOR will only be permitted to replace a certified SBE subcontractor who is unwilling or unable to perform. Such substitution must be done with other certified SBEs in order to maintain the proposed SBE percentages submitted with the proposal. Requests for substitutions must be submitted to the department issuing the Request for Proposal and the OSBA.

I. The CONTRACTOR understands that s/he is prohibited from making any agreements with the SBE in which the SBE promises not to provide sub consultant quotations to other proposers or potential proposers.

J. The CONTRACTOR agrees to maintain all relevant records and information necessary to document compliance with the Palm Beach County Code and will allow the COUNTY to inspect such records.

ARTICLE 11 - FEDERAL AND STATE TAX

The COUNTY is exempt from payment of Florida State Sales and Use Taxes. The COUNTY will provide an exemption certificate submitted by the CONTRACTOR. The CONTRACTOR shall not be exempted from paying sales tax to its suppliers for materials used to fulfill contractual obligations with the COUNTY, nor is the CONTRACTOR authorized to use the COUNTY's Tax Exemption Number in securing such materials.

The CONTRACTOR shall be responsible for payment of its own and its share of its employees' payroll, payroll taxes, and benefits with respect to this Contract.

ARTICLE 12 - AVAILABILITY OF FUNDS

The COUNTY's performance and obligation to pay under this Contract is contingent upon an annual appropriation for its purpose by the Board of County Commissioners.

ARTICLE 13 - INSURANCE REQUIREMENTS

It shall be the responsibility of the CONTRACTOR to provide initial evidence of the following minimum amounts of insurance coverage to:

Palm Beach County
c/o Insurance Tracking Services, Inc. (ITS)
P.O. Box 20270
Long Beach, CA 90801

Subsequently, the CONTRACTOR shall, during the term of the Contract, and prior to each renewal thereof, provide such evidence to ITS at pbc@instracking.com or fax (562) 435-2999, which is Palm Beach County's insurance management system, prior to the expiration date of each and every insurance required herein.

The CONTRACTOR shall, on a primary basis and at its sole expense, maintain in full force and effect, at all times during the life of this Contract, insurance coverages and limits (including endorsements) as described herein. Failure to maintain the required insurance will be considered default of the Contract. The requirements contained herein, as well as COUNTY's review or acceptance of insurance maintained by CONTRACTOR, are not intended to and shall not in any manner limit or qualify the liabilities and obligations assumed by CONTRACTOR under the Contract. CONTRACTOR agrees to notify the COUNTY with at least ten (10) days prior notice of any cancellation, non-renewal or material change to the insurance coverages. Further, CONTRACTOR shall agree that all insurance coverage required herein shall be provided by CONTRACTOR to COUNTY on a primary basis.

A. **Commercial General Liability**: CONTRACTOR shall maintain Commercial General Liability at a limit of liability not less than $**500,000** Each Occurrence. Coverage shall not contain any endorsement(s) excluding Contractual Liability or Cross Liability.

B. **Business Auto Liability**: CONTRACTOR shall maintain Business Auto Liability at a limit of liability not less than $**500,000** Each Occurrence for all owned, non-owned, and hired automobiles. In the event CONTRACTOR owns no automobiles, the Business Auto Liability requirement shall be amended allowing CONTRACTOR to maintain only Hired & Non-Owned Auto Liability and shall provide either an affidavit or a letter on company letterhead signed by the CONTRACTOR indicating either the CONTRACTOR does not own any vehicles, and if vehicles are acquired throughout the term of the contract, CONTRACTOR agrees to purchase "Owned Auto" coverage as of the date of acquisition. This amended requirement may be satisfied by way of endorsement to the Commercial General Liability, or separate Business Auto coverage form.

C. **Workers' Compensation Insurance & Employer's Liability**: CONTRACTOR shall maintain Workers' Compensation & Employer's Liability in accordance with Florida Statute Chapter 440.

D. **Professional Liability**: CONTRACTOR shall maintain Professional Liability, or equivalent Errors & Omissions Liability, at a limit of liability not less than $**1,000,000** Per Occurrence. When a self-insured retention (SIR) or deductible exceeds $**10,000**, COUNTY reserves the right, but not the obligation, to review and request a copy of CONTRACTOR's most recent annual report or audited financial statement. For policies written on a "Claims-Made" basis, CONTRACTOR warrants the Retroactive Date equals or preceded the effective date of this Contract. In the event the policy is canceled, non-renewed, switched to an Occurrence Form, retroactive date advanced, or any other event triggering the right to purchase a Supplement Extended Reporting Period (SERP) during the life of this Contract, CONTRACTOR shall purchase a SERP with a minimum reporting period not less than three (3) years. The requirement to purchase a SERP shall not relieve the CONTRACTOR of the obligation to provide

replacement coverage. The Certificate of Insurance providing evidence of the purchase of this coverage shall clearly indicate whether coverage is provided on an "occurrence" or "claims - made" form. If coverage is provided on a "claims - made" form the Certificate of Insurance must also clearly indicate the "retroactive date" of coverage.

E. **Additional Insured Clause**: Except as to Business Auto, Workers' Compensation and Employer's Liability (and Professional Liability, when applicable) the Certificate(s) of Insurance shall clearly confirm that coverage required by the Contract has been endorsed to include Palm Beach County as an Additional Insured.

F. **Waiver of Subrogation**: CONTRACTOR hereby waives any and all rights of Subrogation against the COUNTY, its officers, employees and agents for each required policy. When required by the insurer, or should a policy condition not permit an insured to enter into a pre-loss agreement to waive subrogation without an endorsement, then CONTRACTOR shall notify the insurer and request the policy be endorsed with a Waiver of Transfer of Rights of Recovery Against Others, or its equivalent. This Waiver of Subrogation requirement shall not apply to any policy which includes a condition to the policy specifically prohibiting such an endorsement or voids coverage should CONTRACTOR enter into such an agreement on a pre-loss basis.

G. **Certificates of Insurance**: Within forty-eight (48) hours of the COUNTY's request to do so, the CONTRACTOR shall deliver to the COUNTY via the Insurance Company/Agent a signed Certificate(s) of Insurance evidencing that all types and amounts of insurance coverages required by this Contract have been obtained and are in full force and effect. During the term of the Contract and prior to each subsequent renewal thereof, the CONTRACTOR shall provide this evidence to ITS at pbc@instracking.com or fax (562) 435-2999, which is Palm Beach County's insurance management system, prior to the expiration date of each and every insurance required herein. Said Certificate(s) of Insurance shall, to the extent allowable by the insurer, include a minimum thirty (30) day endeavor to notify due to cancellation (10 days for nonpayment of premium) or non-renewal of coverage.

H. **Umbrella or Excess Liability**: If necessary, CONTRACTOR may satisfy the minimum liability limits required above for Commercial General Liability and Business Auto Liability under Umbrella or Excess Liability policy. There is no minimum Per Occurrence limit of liability under the Umbrella or Excess Liability policy; however, the Annual Aggregate limit shall not be less than the highest "Each Occurrence" limit for either Commercial General Liability or Business Auto Liability. CONTRACTOR agrees to endorse COUNTY as an "Additional Insured" on the Umbrella or Excess Liability policy, unless the Certificate of Insurance notes the Umbrella or Excess Liability provides coverage on a pure/true "Follow-Form" basis.

I. **Right to Revise or Reject**: COUNTY, by and through its Risk Management Department in cooperation with the contracting/monitoring department, reserves the right to review, modify, reject, or accept any required policies of insurance, including limits, coverages, or endorsements, herein from time to time throughout the term of this Contract. COUNTY reserves the right, but not the obligation, to review and reject any insurer providing coverage because of its poor financial condition or failure to operate legally.

ARTICLE 14 - INDEMNIFICATION

CONTRACTOR shall protect, defend, reimburse, indemnify and hold COUNTY, its agents, employees and elected officials harmless from and against any and all claims, liability, loss, expense, cost, damages, or causes of action of every kind or character, including attorney's fees and costs, whether at trial or appellate levels or otherwise, arising during and as a result of their performance of the terms of this Contract or due to the acts or omissions of CONTRACTOR.

ARTICLE 15 - SUCCESSORS AND ASSIGNS

The COUNTY and the CONTRACTOR each binds itself and its partners, successors, executors, administrators and assigns to the other party of this Contract and to the partners, successors, executors, administrators and assigns of such other party, in respect to all covenants of this Contract. Except as above, neither the COUNTY nor the CONTRACTOR shall assign, sublet, convey, or transfer its interest in this Contract, without the prior written consent of the other. Nothing herein shall be construed as creating any personal liability on the part of any officer or agent of the COUNTY, nor shall it be construed as giving any rights or benefits hereunder to anyone other than the COUNTY and the CONTRACTOR.

ARTICLE 16 - REMEDIES

This Contract shall be governed by the laws of the State of Florida. Any and all legal action necessary to enforce the Contract will be held in Palm Beach County. No remedy herein conferred upon any party is intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder now or hereafter existing at law, or in equity, by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or further exercise thereof.

No provision of this Contract is intended to, or shall be construed to, create any third party beneficiary or to provide any rights to any person or entity not a party to this Contract, including but not limited to any citizen or employees of the COUNTY and/or CONTRACTOR.

ARTICLE 17 - CONFLICT OF INTEREST

The CONTRACTOR represents that it presently has no interest and shall acquire no interest, either direct or indirect, which would conflict in any manner with the performance or services required hereunder, as provided for in Chapter 112, Part III, F.S. and the Palm Beach County Code of Ethics. The CONTRACTOR further represents that no person having any conflict of interest shall be employed for said performance or services.

The CONTRACTOR shall promptly notify the COUNTY's representative, in writing, by certified mail, of all potential conflicts of interest for any prospective business association, interest or other circumstance which may influence, or appear to influence, the CONTRACTOR's judgment or quality of services being provided hereunder. Such written notification shall identify the prospective business association, interest or circumstance, the nature of work that the CONTRACTOR may undertake and request an opinion of the COUNTY as to whether the association, interest or circumstance would, in the opinion of the COUNTY, constitute a conflict of interest if entered into by the CONTRACTOR. The COUNTY agrees to notify the CONTRACTOR of its opinion by certified mail within thirty (30) days of receipt of notification by the CONTRACTOR. If, in the opinion of the COUNTY, the prospective business association, interest or circumstance would not constitute a conflict of interest by the CONTRACTOR, the COUNTY shall so state in the notification and the CONTRACTOR shall, at its option, enter into said association, interest or circumstance and it shall be deemed not in conflict of interest with respect to services provided to the COUNTY by the CONTRACTOR under the terms of this Contract.

ARTICLE 18 - EXCUSABLE DELAYS

The CONTRACTOR shall not be considered in default by reason of any failure in performance if such failure arises out of causes reasonably beyond the control of the CONTRACTOR, or its subcontractor(s), and without their fault or negligence. Such causes include, but are not limited to: acts of God; force majeure; natural or public health emergencies; labor disputes; freight embargoes; and abnormally severe and unusual weather conditions.

Upon the CONTRACTOR's request, the COUNTY shall consider the facts and extent of any failure to perform the work; and, if the CONTRACTOR's failure to perform was without it or its subcontractors' fault or negligence, the Contract Schedule and/or any other affected provision of this Contract shall be revised accordingly, subject to the COUNTY's rights to change, terminate, or stop any or all of the work at any time.

ARTICLE 19 - ARREARS

The CONTRACTOR shall not pledge the COUNTY's credit or make it a guarantor of payment or surety for any contract, debt, obligation, judgment, lien, or any form of indebtedness. The CONTRACTOR further warrants and represents that it has no obligation or indebtedness that would impair its ability to fulfill the terms of this Contract.

ARTICLE 20 - DISCLOSURE AND OWNERSHIP OF DOCUMENTS

The CONTRACTOR shall deliver to the COUNTY's representative for approval and acceptance, and before being eligible for final payment of any amounts due, all documents and materials prepared by and for the COUNTY under this Contract.

To the extent allowed by Chapter 119, F.S., all written and oral information not in the public domain or not previously known, and all information and data obtained, developed, or supplied by the COUNTY, or at its expense, will be kept confidential by the CONTRACTOR and will not be disclosed to any other party, directly or indirectly, without the COUNTY's prior written consent, unless required by a lawful court order. All drawings, maps, sketches, programs, data bases, reports and other data developed or purchased under this Contract for the COUNTY, or at the COUNTY's expense, shall be and remain the COUNTY's property and may be reproduced and reused at the discretion of the COUNTY.

All covenants, agreements, representations and warranties made herein, or otherwise made in writing by any party pursuant hereto, including but not limited to any representations made herein relating to disclosure or ownership of documents, shall survive the execution and delivery of this Contract and the consummation of the transactions contemplated hereby.

ARTICLE 21 - INDEPENDENT CONTRACTOR RELATIONSHIP

The CONTRACTOR is, and shall be, in the performance of all work, services, and activities under this Contract, an Independent Contractor and not an employee, agent, or servant of the COUNTY. All persons engaged in any of the work or services performed pursuant to this Contract shall at all times, and in all places, be subject to the CONTRACTOR's sole direction, supervision, and control. The CONTRACTOR shall exercise control over the means and manner in which it and its employees perform the work, and in all respects the CONTRACTOR's relationship, and the relationship of its employees, to the COUNTY shall be that of an Independent Contractor and not as employees or agents of the COUNTY.

The CONTRACTOR does not have the power or authority to bind the COUNTY in any promise, agreement, or representation other than specifically provided for in this Contract.

ARTICLE 22 - CONTINGENT FEE

The CONTRACTOR warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the CONTRACTOR, to solicit or secure this Contract and that it has not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for the CONTRACTOR, any fee, commission, percentage, gift, or any other consideration contingent upon or resulting from the award or making of this Contract.

ARTICLE 23 - PUBLIC RECORDS, ACCESS AND AUDITS

The CONTRACTOR shall maintain records related to all charges, expenses, and costs incurred in estimating and performing the work for at least three (3) years after completion or termination of this Contract. The COUNTY shall have access to such records as required in this section for the purpose of inspection or audit during normal business hours, at the CONTRACTOR's place of business.

Notwithstanding anything contained herein, as provided under Section 119.0701, F.S., if the CONTRACTOR: **(i) provides a service; and (ii) acts on behalf of the COUNTY as provided under Section 119.011(2), F.S.**, the CONTRACTOR shall comply with the requirements of Section 119.0701, F.S., as it may be amended from time to time. The CONTRACTOR is specifically required to:

A. Keep and maintain public records required by the COUNTY to perform services as provided under this Contract.

B. Upon request from the COUNTY's Custodian of Public Records (COUNTY's Custodian) or COUNTY's representative/liaison, on behalf of the COUNTY's Custodian, provide the COUNTY with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119 or as otherwise provided by law. The CONTRACTOR further agrees that all fees, charges and expenses shall be determined in accordance with Palm Beach County PPM CW-F-002, Fees Associated with Public Records Requests, as it may be amended or replaced from time to time.

C. Ensure that public records that are exempt, or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Contract term and following completion of the Contract, if the CONTRACTOR does not transfer the records to the public agency. Nothing contained herein shall prevent the disclosure of or the provision of records to the COUNTY.

D. Upon completion of the Contract, the CONTRACTOR shall transfer, at no cost to the COUNTY, all public records in possession of the CONTRACTOR unless notified by COUNTY's representative/liaison, on behalf of the COUNTY's Custodian, to keep and maintain public records required by the COUNTY to perform the service. If the CONTRACTOR transfers all public records to the COUNTY upon completion of the Contract, the CONTRACTOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the CONTRACTOR keeps and maintains public records upon completion of the Contract, the CONTRACTOR shall meet all applicable requirements for retaining public records. All records stored electronically by the CONTRACTOR must be provided to COUNTY, upon request of the COUNTY's Custodian or the COUNTY's representative/liaison, on

behalf of the COUNTY's Custodian, in a format that is compatible with the information technology systems of COUNTY, at no cost to COUNTY.

CONTRACTOR acknowledges that it has familiarized itself with the requirements of Chapter 119, F. S., and other requirements of state law applicable to public records not specifically set forth herein. Failure of the CONTRACTOR to comply with the requirements of this Article, Chapter 119, F.S. and other applicable requirements of state law, shall be a material breach of this Contract. COUNTY shall have the right to exercise any and all remedies available to it for breach of contract, including but not limited to, the right to terminate for cause.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, PLEASE CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT RECORDS REQUEST, PALM BEACH COUNTY PUBLIC AFFAIRS DEPARTMENT, 301 N. OLIVE AVENUE, WEST PALM BEACH, FL 33401, BY E-MAIL AT RECORDSREQUEST@PBCGOV.ORG OR BY TELEPHONE AT 561-355-6680.

ARTICLE 24 - NONDISCRIMINATION

The COUNTY is committed to assuring equal opportunity in the award of contracts and complies with all laws prohibiting discrimination. The CONTRACTOR warrants and represents that all of its employees are treated equally during employment without regard to race, color, religion, disability, sex, age, national origin, ancestry, marital status, familial status, sexual orientation, gender identity and expression, or genetic information.

It is the responsibility of the CONTRACTOR to maintain a written or non-written non-discrimination policy that conforms with the COUNTY's policy as set forth in Resolution R-2014-1421, as may be amended, throughout the term of the Contract. Failure to meet this requirement shall be considered default of the Contract.

ARTICLE 25 - AUTHORITY TO PRACTICE

The CONTRACTOR hereby represents and warrants that it has, and will continue to maintain, all licenses and approvals required to conduct its business; and, that it will, at all times, conduct its business activities in a reputable manner. Proof of such licenses and approvals shall be submitted to the COUNTY's representative upon request.

ARTICLE 26 - SEVERABILITY

If any term or provision of this Contract or the application thereof to any person or circumstances shall, to any extent, be held invalid or unenforceable, the remainder of this Contract, or the application of such terms or provision to persons or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected, and every other term and provision of this Contract shall be deemed valid and enforceable to the extent permitted by law.

ARTICLE 27 - PUBLIC ENTITY CRIMES

As provided in F.S. 287.132-133, by entering into this Contract or performing any work in furtherance hereof, the CONTRACTOR certifies that it, its affiliates, suppliers, subcontractors and consultants who will perform hereunder, have not been placed on the convicted vendor list maintained by the State of Florida Department of Management Services within the thirty-six (36) months immediately preceding the date hereof. This notice is required by F.S. 287.133(3)(a).

ARTICLE 28 - SCRUTINIZED COMPANIES (when contract value is greater than $1 million)

As provided in F.S. 287.135, by entering into this Contract or performing any work in furtherance hereof, the CONTRACTOR certifies that it, its affiliates, suppliers, subcontractors and consultants who will perform hereunder, have not been placed on the Scrutinized Companies With Activities in Sudan List or Scrutinized Companies With Activities in The Iran Petroleum Energy Sector List created pursuant to F.S. 215.473, or on the Scrutinized Companies that boycott Israel List, or is engaged in a boycott of Israel, pursuant to F.S. 215.4725, or is engaged in business operations in Cuba or Syria.

If the COUNTY determines, using credible information available to the public, that a false certification has been submitted by CONTRACTOR, this Contract may be terminated and a civil penalty equal to the greater of $2 million or twice the amount of this Contract shall be imposed, pursuant to F.S. 287.135.

ARTICLE 29 - MODIFICATIONS OF WORK

The COUNTY reserves the right to make changes in Scope of Work, including alterations, reductions therein, or additions thereto. Upon receipt by the CONTRACTOR of the COUNTY's notification of a contemplated change, the CONTRACTOR shall, in writing: (1) provide a detailed estimate for the increase or decrease in cost due to the contemplated change; (2) notify the COUNTY of any estimated change in the completion date; and (3) advise the COUNTY if the contemplated change shall affect the CONTRACTOR's ability to meet the completion dates or schedules of this Contract.

If the COUNTY so instructs, in writing, the CONTRACTOR shall suspend work on that portion of the Scope of Work affected by a contemplated change, pending the COUNTY's decision to proceed with the change.

If the COUNTY elects to make the change, the COUNTY shall initiate a Contract Amendment, and the CONTRACTOR shall not commence work on any such change until such written amendment is signed by the CONTRACTOR and approved and executed on behalf of Palm Beach County.

ARTICLE 30 - NOTICE

All notices required in this Contract shall be sent by certified mail (return receipt requested), hand delivered, or sent by other delivery service requiring signed acceptance. If sent to the COUNTY, notices shall be addressed to:

Kathleen M. Scarlett, Director
Purchasing, Palm Beach County
50 South Military Trail, Suite 110
West Palm Beach, FL 33415

With a copy to:

Patrick Rutter, Executive Director
Planning, Zoning & Building Department
Palm Beach County
2300 N. Jog Road, Room 2Q-14
West Palm Beach, FL 33411

If sent to the CONTRACTOR, notices shall be addressed to:

ARTICLE 31 - ENTIRETY OF CONTRACTUAL AGREEMENT

The COUNTY and the CONTRACTOR agree that this Contract sets forth the entire agreement between the parties, and that there are no promises or understandings other than those stated herein. None of the provisions, terms, and conditions contained in the Contract may be added to, modified, superseded, or otherwise altered, except by written instrument executed by the parties hereto in accordance with Article 29 - Modifications of Work.

ARTICLE 32 - REGULATIONS; LICENSING REQUIREMENTS

The CONTRACTOR shall comply with all laws, ordinances and regulations applicable to the services contemplated herein, to include those applicable to conflict of interest and collusion. CONTRACTOR is presumed to be familiar with all federal, state and local laws, ordinances, codes and regulations that may in any way affect the services offered.

THE REST OF THIS PAGE LEFT BLANK INTENTIONALLY

Execution of this Contract by the Director of Purchasing Is Not Legally Binding or in Effect until Approved by the Palm Beach County Board of County Commissioners.

IN WITNESS WHEREOF, the Director of Purchasing of Palm Beach County, Florida, on behalf of the COUNTY, and the CONTRACTOR have executed this Contract on the day and year above written.

APPENDIX A
PRICE PROPOSAL PAGES
RFP NO. 17-023/SC

Page 1 of 2

The following pricing is submitted as the all inclusive pricing (including travel, mileage, copies, etc.) to provide the Planning, Zoning & Building Department with building inspection, plan review and permit technician services in accordance with the Requirements/Scope of Work/Services set forth in this RFP document.

Description		Fixed Hourly Rate
1.	Licensed Plans Examiner, Residential and/or Commercial	_____ / hr.
2.	Licensed Inspector, Residential and/or Commercial	_____ / hr.
3.	Licensed Supplemental Inspector, during a natural disaster event (at the request of the County)	_____ / hr.
4.	Permit Technician	_____ / hr.

The rates above are based on a forty (40) hour week, eight (8) hours per day. Overtime (over eight (8) working hours in one day) and/or weekend rates are one and one-half (1.5) times the listed rates. All overtime hours must be approved, in advance, by the Building Director.

The Proposer certifies by signature below the following:

a. This pricing is current, accurate complete, and is presented as the Total Pricing, including ”out-of-pocket” expenses (if any), for the performance of this Contract in accordance with the Requirements/Scope of Work/Services of this RFP.

b. This Proposal is current, accurate, complete, and is presented to the County for the performance of this Contract in accordance with all the requirements as stated in this RFP.

APPENDIX D
CERTIFICATION OF BUSINESS LOCATION
RFP NO. 17-023/SC

In accordance with the Palm Beach County Local Preference Code, a preference may be given to: (1) proposers having a permanent place of business in Palm Beach County ("County"); or (2) proposers having a permanent place of business in the Glades that are able to provide the goods, services or construction to be utilized or built within the Glades. To receive a local preference, proposers must have a permanent place of business within the County or the Glades, as applicable, prior to the County's issuance of any solicitation. A Business Tax Receipt which is issued by the Palm Beach County Tax Collector, authorizes the proposer to provide the goods/services to be purchased, and will be used to verify that the proposer had a permanent place of business prior to the issuance of the solicitation. The proposer must submit this Certification of Business Location ("Certification") along with the required Business Tax Receipt at the time of proposal submission. The Business Tax Receipt and this Certification are the sole determinant of local preference eligibility. Errors in the completion of this Certification or failure to submit this completed Certification will cause the proposer to not receive a local preference.

In instances where the proposer is exempt by law from the requirement of obtaining a Business Tax Receipt, the proposer must: (a) provide a citation to the specific statutory exemption; and (b) provide other documentation which clearly establishes that the proposer had a permanent place of business within the County or the Glades prior to the date of issuance of the solicitation. The County hereby retains the right to contact said proposer for additional information related to this requirement after the proposal due date.

I. Proposer is a:

_____ Local Business: A local business has a permanent place of business in Palm Beach County.

(Please indicate):

_____ Headquarters located in Palm Beach County

_____ Permanent office or other site located in Palm Beach County from which a vendor will produce a substantial portion of the goods or services.

_____ Glades Business: A Glades business has a permanent place of business in the Glades.

(Please indicate):

_____ Headquarters located in the Glades

_____ Permanent office or other site located in the Glades from which a vendor will produce a substantial portion of the goods or services.

II. The attached copy of proposer's County Business Tax Receipt verifies proposer's permanent place of business.

THIS CERTIFICATION is submitted by _____, as
(Name of Individual)

_____, of _____.
(Title/Position) (Firm Name of Proposer)

who hereby certifies that the information stated above is true and correct and that the County Business Tax Receipt is a true and correct copy of the original. Further, it is hereby acknowledged that any misrepresentation by the proposer on this Certification will be considered an unethical business practice and be grounds for sanctions against future County business with the proposer.

_____ _____
(Signature) (Date)

APPENDIX E
DRUG-FREE WORKPLACE CERTIFICATION
RFP NO. 17-023/SC

IDENTICAL TIE PROPOSALS - In accordance with Section 287.087, F.S., a preference will be given to vendors submitting with their proposals the following certification that they have implemented a drug-free workplace program which meets the requirements of Section 287.087; provided, however, that any preference given pursuant to Section 287.087, shall be made in conformity with the requirements of the Palm Beach County Code, Chapter 2, Article III, Sections 2-80.21 through 2-80.34. In the event tie proposals are received from vendors who have not submitted with their proposals a completed Drug-Free Workplace Certification form, the award will be made in accordance with Palm Beach County's purchasing procedures pertaining to tie proposals.

This Drug-Free Workplace Certification form must be executed and returned with the attached proposal, and received on or before time of proposal submission to be considered. The failure to execute and/or return this certification shall not cause any proposal to be deemed non-responsive.

Whenever two (2) or more proposals which are equal with respect to price, quality, and service are received by Palm Beach County for the procurement of commodities or contractual services, a proposal received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. In order to have a drug-free workplace program, a business shall:

(1) Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.

(2) Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.

(3) Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in number (1).

(4) In the statement specified in number (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of Chapter 893, Florida Statutes, or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.

(5) Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

(6) Make a good faith effort to continue to maintain a drug-free workplace through implementation Section 287.087, Florida Statutes.

THIS CERTIFICATION is submitted by _____ the
(Individual's Name)

_____ of _____
(Title/Position with Company/Vendor) (Name of Company/Vendor)

who does hereby certify that said Company/Vendor has implemented a drug-free workplace program which meets the requirements of Section 287.087, Florida Statutes, which are identified in numbers (1) through (6) above.

APPENDIX G
NON-DISCRIMINATION POLICY
RFP NO. 17-023/SC

Pursuant to Palm Beach County Resolution R-2014-1421, as may be amended, it is the policy of the Board of County Commissioners of Palm Beach County that Palm Beach County shall not conduct business with nor appropriate any funds for any organization that practices discrimination on the basis of race, color, national origin, religion, ancestry, sex, age, familial status, marital status, sexual orientation, gender identity and expression, disability, or genetic information.

All proposers doing business with Palm Beach County are required to submit a copy of its non-discrimination policy which shall be consistent with the policy of Palm Beach County stated above, **prior** to entering into any contract with Palm Beach County. In the event a proposer does not have a written non-discrimination policy, such proposer shall be required to check the applicable statement and sign below affirming that their non-discrimination policy is in conformance with Palm Beach County's policy.

Check one:

(__) Proposer hereby acknowledges that it **does not** have a written non-discrimination policy; however, respondent hereby **affirms by signing below** that its non-discrimination policy is in conformance with the above.

OR

(__) Proposer hereby attaches its non-discrimination policy which is consistent with the policy of Palm Beach County.

NOTE:

Proposer's failure to comply with the above requirements will render proposer non-responsive.

Proposer shall notify Palm Beach County in the event it no longer maintains a non-discrimination policy that is in conformance with Palm Beach County's policy set forth above. Failure to maintain said non-discrimination policy shall be considered a default of contract.

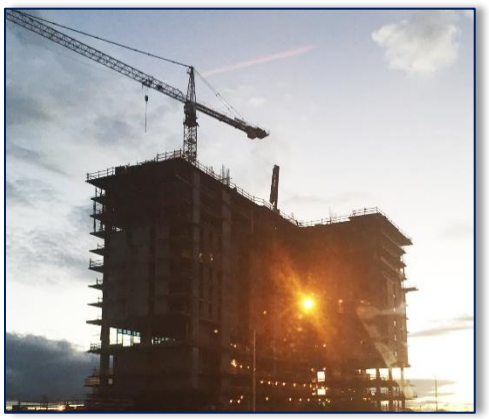
3.1.1 EXPERIENCE:

C.A.P. Government, Inc. (CAP) was established in 1989 by Mr. Carlos A. Penin, PE. CAP is a Florida Corporation with three (3) offices in South Florida:

CORPORATE OFFICE IN MIAMI-DADE COUNTY:

343 Almeria Avenue
Coral Gables, FL 33134
T. (305) 448.1711
F. (305) 448.1712
Email: cap@capfla.com
www.capfla.com



BROWARD COUNTY:

100 S.E. 12 Street
Fort Lauderdale, FL 33316
T. (954) 888.9882
F. (954) 888.9860

PALM BEACH COUNTY:

1910 N. Florida Mango Road
West Palm Beach, FL 33409
T. (561) 508.0615
F. (561) 708.5742

For over 25 years C.A.P. Government has maintained a noteworthy track record for the professional management of all phases of the building and the permitting process. In 1992, CAP began outsourcing Building, Public Works, Engineering and the Zoning Department services to the newly created Village of Key Biscayne. Immediately upon taking the helm, South Florida suffered the wrath of Hurricane Andrew.

Our success in providing these services during very difficult times proved that our "outsource model" worked. In 1995, the City of Aventura followed Key Biscayne and retained C.A.P. Government as the company to provide services to its Building Department. On November 1, 2015, CAP joined the City of Aventura in celebrating twenty (20) years of continuous service. CAP's pioneering efforts have dramatically improved the efficiency of existing Building departments and aided in the creation of new

departments across South Florida. Today CAP provides outsourced Building Department services to forty (40) municipalities and is recognized as a leading provider of these services. In addition, we also provide Building Department outsourcing to the following educational institutions: The School Board of Broward County, Miami-Dade County Public Schools, Florida International University and Miami-Dade College.

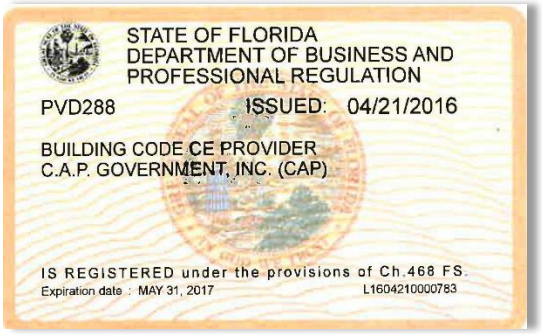
CAP now employs approximately one hundred forty (**140**) employees in various offices and municipalities throughout South Florida. CAP's expertise is developing tailored solutions to implementing Building Code services to government clients. Our staff has extensive experience in performing these services while adhering to established protocols, ethics and the Florida Building Code (FBC).

CAP's Building Department protocols and procedures exemplify the professionalism in providing consistency to its municipal clients and the residents of those cities. ***We have several contracts with 10, 15 and 20 years of continuous service.*** Understanding that customer service is paramount; our staff responds to the permit holders quickly to serve their needs by assuring that all plans examination and inspections are performed timely, efficiently, uniformly, and in accordance with the FBC.

QUALIFICATIONS:

C.A.P. Government has a team of qualified personnel to perform professional building code services per Chapter 553 and 468, Part XII of the Florida Statutes, the FBC and all relevant local codes and ordinances as adopted by each individual municipality. Our plans examiners and inspectors are certified by the State of Florida Code Administrators and Inspection Board, Engineers by the State of Florida Board of Professional Engineers, Architects by the Board of Architecture and Interior Design, and by the State of Florida Department of Business and Professional Regulation. All CAP employees undergo a criminal background check and comply with CAP's Drug-Free Workplace Policy. Additionally, our employees are required to participate in yearly ethics training courses, adhere to the company's code of conduct and

take continuing educational credits to maintain their licenses. Our employees are encouraged to obtain additional certifications through educational programs and training opportunities.



To maintain a high level of service to our clients, CAP provides our Plans Examiners and Inspectors support and training through continuing education. We emphasize training of our personnel because we understand that having qualified and experienced personnel is the only way to administer an efficient and accurate Building Department. To that end, we have taken a unique approach. On April of 2016, CAP became an Educational Provider accredited by the Florida Department of Business and Professional Regulations and recognized by the Florida Building Code Administrators and Inspectors Board.

BACKGROUND:

C.A.P. Government outsources Building Department services to government municipalities in Miami-Dade, Broward, Palm Beach Counties, Collier and Monroe Counties. A few examples of CAP's clients in Palm Beach County where we provide similar services are:

- Palm Beach County
- City of West Palm Beach
- City of Pahokee
- City of Boynton Beach
- Town of Briny Breezes
- City of Greenacres
- Town of Palm Beach County
- Village of Wellington
- City of South Bay
- City of Delray Beach
- City of Riviera Beach

CAP's familiarity with the standard, day to day practices and procedures of building departments uniquely qualifies our staff to respond effectively to natural disasters. Several members of our staff hold certifications in the Federal Emergency Management Agency's (FEMA) National Incident Management System (NIMS) program. Our team remains abreast of FBC updates and requirements to provide our clients with the level of quality service. Our experience with the FBC has evolved through the transition from the various editions of the Building Codes beginning with the changes as a result of the lessons learned from Hurricane Andrew until the current 5th Edition (2014).

Our Company **does not perform "Private Provider" services.**

3.1.3 SIMILAR PROJECT EXPERIENCE:

Village of Palm Springs

Executive Brief

AGENDA DATE: March 10, 2022

DEPARTMENT: Planning, Zoning & Building

ITEM #8: Approve Property Improvement Program (PIP) Matching Grant Awards - 3691 Riedel Avenue and 43 Springdale Circle

SUMMARY: The Village's Property Improvement Program (PIP) Committee is recommending that two (2) grant awards be approved for property owners who have completed an improvement project to their property and filed the necessary documentation to receive matching grant funding under this program:

- Owner/Resident: Yoan Enriquez Brana
- Address: 3691 Riedel Avenue
- Project: Construct a circular driveway with pavers
- Eligible (Project) Cost(s): $13,810.17
- Matching Grant Award: $5,000.00

- Owner/Resident: Chester D. Osborne
- Address: 43 Springdale Circle
- Project: Replaced mansard roof with Davinci Bellaforte (composite shake roof)
- Eligible (Project) Cost(s): $6,975.00
- Matching Grant Award: $3,487.50

The PIP Selection Committee met on October 28, 2021, and recommended approval of the grant awards (up to 50% of $5,000). If approved by the Village Council, the awardees will be mailed their checks and may be acknowledged at a future Village Council meeting.

FISCAL IMPACT:
Funding to support the proposed awards is available within the FY22 Budget - General Fund.

ATTACHMENTS:
1. Property Improvement Grant Agreement - 3691 Riedel Avenue

Village of Palm Springs

PROPERTY IMPROVEMENT GRANT AGREEMENT

THIS AGREEMENT is entered into this 29th day of October, 2021, by and between the VILLAGE OF PALM SPRINGS and Yoan Enriquez Brana (Applicant).

WHEREAS, the Applicant has made application for a grant with the Village of Palm Springs under the Property Improvement Program for real property located at 3691 Riedel Avenue; and

WHEREAS, the Village of Palm Springs has approved said application.

IT IS HEREBY AGREED AS FOLLOWS:

1) Applicant agrees to rehabilitate the existing driveway with pavers or other property elements consistent with the application submitted to the Village, which is attached to the Agreement as Exhibit "A".
2) In consideration of same and upon satisfactory completion and submittal of appropriate receipts, as determined by the Village Land Development Director in his/her sole discretion, the Village will reimburse Applicant fifty percent (50%) of the total (eligible) project costs, in an amount not to exceed $5,000.00. **In no event shall the Village's reimbursement costs exceed $5,000.00.**
3) Applicant, its successors or assigns, agrees to complete all work, as described on Exhibit "A", and obtain a Certificate of Occupancy or other applicable document that shows 100% completion of the work within one year from the execution of this Agreement, as set forth above.
4) Applicant, its successors or assigns, agrees to maintain the improvements for a period of five (5) years from completion. Should applicant, its successors or assigns, fail to maintain said improvements for a period of five years, applicant, its successors or assigns, shall be obligated to reimburse the Village the full amount of grant funding contributed by the Village under paragraph 2 of this Agreement.
5) This agreement shall be governed by the Laws of the State of Florida and venue shall be in Palm Beach County.

IN WITNESS WHEREOF, the parties have executed this agreement on the date first stated above.

Village of Palm Springs

Executive Brief

AGENDA DATE: March 10, 2022

DEPARTMENT: Public Service

ITEM #9: Approve Pump Station SCADA Upgrades (Task Order No. 284) - Invitation to Bid (ITB No. 2022B-003) - Utilities Department (FY 2022 Budget Funded - Water & Sewer Enterprise Fund) - Engineer Service Corporation.

SUMMARY: The Utilities Department has a need to upgrade the existing Supervisory Control and Data Acquisition (SCADA) system to include the remaining 20 Village-owned lift stations that currently do not have SCADA. By installing a SCADA system at each lift station, the Village will be assured of improved service to customers through reduced response times to lift station problems, reduced liability exposure to the Village (in terms of quicker responses to wastewater overflows/backups), fewer equipment repair costs due to early detection and diagnosis of potential problems and minimized capital and ongoing maintenance costs.

Currently, the Village Council has authorized Eckler Engineering to serve as the Village's consulting engineer to complete the engineering and design for this project (Task Order #284) for the amount of $156,407. The proposed construction project consists of the construction and installation of control panels, radio antennas, programming, electrical wiring, and site restoration. This upgrade would enable Village utility field staff to monitor these additional lift stations and ensure their continued operation.

Note: To ensure the lowest possible price for this project, the Village issued an Invitation to Bid (ITB) on November 18, 2021, for Pump Station SCADA Upgrades. This process was completed by the Village through a competitive bid selection process - Pump Station SCADA Upgrades (ITB No. 2022B-003 - November 18, 2021).

Within the FY 2022 Budget - Water & Sewer Enterprise Fund and the Capital Improvement Plan (CIP), the Village approved $820,000.00 for the Pump Station SCADA Upgrades. As a result of the Village's ITB, the following five (5) bid proposals were received:

Vendor	Total Bid
Engineer Service Corporation	$400,700.00
General Control Systems	$577,215.00
Hinterland Group, Inc.	$822,800.00
Revere Control Systems, Inc.	$945,310.00
TLC Diversified, Inc.	$1,135,000.00

After reviewing the five (5) bids received, the Interim Public Service Administrator, Public Service Project Manager, the Village Attorney, and the Village's consulting engineer, Eckler Engineering, determined that Engineer Service Corporation provided the lowest responsible and responsive bid. As a result, staff is recommending that the Council award this proposed contract (Task Order #284) to Engineer Service Corporation for the amount of $400,700.00.

If approved, the Village would accept Engineer Service Corporation's pricing, including all terms, conditions, and pricing as submitted within their ITB proposal and proposed agreement. The Village will not expend more than the amount within the approved budget as it may be adopted/amended each year for these goods and/or services over the term of this contract.

The project will take approximately 330 days (February 2023) to complete following the Notice to Proceed from the Village.

The proposed agreement was prepared by the Village Attorney and reviewed by the Interim Public Service Administrator, the Public Service Project Manager, and the Finance Director.

The Village has worked with the proposed vendor previously and received an excellent product and service.

FISCAL IMPACT:

Funding to support the proposed Automated Chemical Feed Improvements project is available within the FY 2022 Budget - Water & Sewer Enterprise Fund:

Allocated/Estimated Project Funding:	***Amount:***
FY 2020 Actual Funding - Water & Sewer Fund TO#284	$45,776.50
FY 2021 Actual Funding - Water & Sewer Fund TO#284	$12,425.05
FY 2022 Arroved Funding - Water & Sewer Fund TO#284	$820,000.00
Total Allocated/Approved Budget - TO#284:	**$878,201.55**

FY 2020 Project Cost - Actual Engineering - Water & Sewer Fund TO#284	$45,776.50
FY 2021 Project Cost - Actual Engineering - Water & Sewer Fund TO#284	$12,425.05
FY 2022 Project Cost - Estimated Engineering - Water & Sewer Fund TO#284	$98,205.45
FY 2022 Project Cost - Estimated Construction Cost - Water & Sewer Fund TO#284	$400,700.00
Total Project Request/Cost - TO# 284	**$557,107.00**

Note: The proposed bid amount ($400,700.00) was submitted by Engineer Service Corporation and was below the engineer's estimate of $746,000.00.

The Village will not expend more than the amount within the approved budget as it may be adopted/amended each year for these goods and/or services over the term of this contract.

ATTACHMENTS:

AGREEMENT
BETWEEN OWNER AND CONTRACTOR
FOR CONSTRUCTION CONTRACT (STIPULATED PRICE)

THIS AGREEMENT is by and between Village of Palm Springs ("Owner") and

("Contractor").

Owner and Contractor hereby agree as follows:

ARTICLE 1 – WORK

1.01 Contractor shall complete all Work as specified or indicated in the Contract Documents. The Work is generally described as follows: The Project consists of furnishing all labor, equipment and material for the Pump Station SCADA Upgrades as described by the Drawings and Specifications. Generally, the work includes construction of new SCADA system improvements inclusive of all components, I/O, electrical, and all other incidentals as indicated by the drawings and specifications or as required to properly complete the project as planned.

ARTICLE 2 – THE PROJECT

2.01 The Project, of which the Work under the Contract Documents is a part, is generally described as follows: **Pump Station SCADA Upgrades.**

ARTICLE 3 – ENGINEER

3.01 The part of the Project that pertains to the Work has been designed by Eckler Engineering, Inc.

3.02 The Owner has retained Eckler Engineering, Inc. ("Engineer") to act as Owner's representative, assume all duties and responsibilities, and have the rights and authority assigned to Engineer in the Contract Documents in connection with the completion of the Work in accordance with the Contract Documents.

ARTICLE 4 – CONTRACT TIMES

4.01 *Time of the Essence*

A. All time limits for Milestones, if any, Substantial Completion, and completion and readiness for final payment as stated in the Contract Documents are of the essence of the Contract.

4.02 *Contract Times: Days*

A. The Work will be substantially completed within 300 days after the date when the Contract Times commence to run as provided in Paragraph 4.01 of the General Conditions, and completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions within 330 days after the date when the Contract Times commence to run.

4.03 *Liquidated Damages*

A. Contractor and Owner recognize that time is of the essence as stated in Paragraph 4.01 above and that Owner will suffer financial and other losses if the Work is not completed and Milestones not achieved within the times specified in Paragraph 4.02 above, plus any extensions thereof allowed in accordance with the Contract. The parties also recognize the

delays, expense, and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by Owner if the Work is not completed on time. Accordingly, instead of requiring any such proof, Owner and Contractor agree that as liquidated damages for delay (but not as a penalty):

1. Substantial Completion: Contractor shall pay Owner $500.00 for each day that expires after the time (as duly adjusted pursuant to the Contract) specified in Paragraph 4.02.A above for Substantial Completion until the Work is substantially complete.
2. Completion of Remaining Work: After Substantial Completion, if Contractor shall neglect, refuse, or fail to complete the remaining Work within the Contract Times (as duly adjusted pursuant to the Contract) for completion and readiness for final payment, Contractor shall pay Owner $500.00 for each day that expires after such time until the Work is completed and ready for final payment.
3. Liquidated damages for failing to timely attain Substantial Completion and final completion are not additive and will not be imposed concurrently.

4.04 *Special Damages*

A. In addition to the amount provided for liquidated damages, Contractor shall reimburse Owner (1) for any fines or penalties imposed on Owner as a direct result of the Contractor's failure to attain Substantial Completion according to the Contract Times.

ARTICLE 5 – CONTRACT PRICE

5.01 Owner shall pay Contractor for completion of the Work in accordance with the Contract Documents the amounts that follow, subject to adjustment under the Contract:

A. For all Work other than Unit Price Work, a lump sum of: $_____.

All specific cash allowances are included in the above price in accordance with Paragraph 13.02 of the General Conditions.

B. For all Unit Price Work, an amount equal to the sum of the extended prices (established for each separately identified item of Unit Price Work by multiplying the unit price times the actual quantity of that item):

Unit Price Work					
Item No.	**Description**	**Unit**	**Estimated Quantity**	**Unit Price**	**Extended Price**
	Not Applicable				
Total of all Extended Prices for Unit Price Work (subject to final adjustment based on actual quantities)					$ N/A

The extended prices for Unit Price Work set forth as of the Effective Date of the Contract are based on estimated quantities. As provided in Paragraph 13.03 of the General

Conditions, estimated quantities are not guaranteed, and determinations of actual quantities and classifications are to be made by Engineer.

C. Total of Lump Sum Amount and Unit Price Work (subject to final Unit Price adjustment) $_____.

D. For all Work, at the prices stated in Contractor's Bid, attached hereto as an exhibit.

ARTICLE 6 – PAYMENT PROCEDURES

6.01 *Submittal and Processing of Payments*

A. Contractor shall submit Applications for Payment in accordance with Article 15 of the General Conditions. Applications for Payment will be processed by Engineer as provided in the General Conditions.

6.02 *Progress Payments; Retainage*

A. Owner shall make progress payments on account of the Contract Price on the basis of Contractor's Applications for Payment on or about the 20th day of each month during performance of the Work as provided in Paragraph 6.02.A.1 below, provided that such Applications for Payment have been submitted in a timely manner and otherwise meet the requirements of the Contract. All such payments will be measured by the Schedule of Values established as provided in the General Conditions (and in the case of Unit Price Work based on the number of units completed) or, in the event there is no Schedule of Values, as provided elsewhere in the Contract.

1. Prior to Substantial Completion, progress payments will be made in accordance with Florida Statute 255.078 but, in each case, less the aggregate of payments previously made and less such amounts as Owner may withhold, including but not limited to liquidated damages, in accordance with the Contract

B. Upon Substantial Completion, Owner shall pay an amount sufficient to increase total payments to Contractor to 100 percent of the Work completed, less such amounts set off by Owner pursuant to Paragraph 15.01.E of the General Conditions, and less 200 percent of Engineer's estimate of the value of Work to be completed or corrected as shown on the punch list of items to be completed or corrected prior to final payment.

6.03 *Final Payment*

A. Upon final completion and acceptance of the Work in accordance with Paragraph 15.06 of the General Conditions, Owner shall pay the remainder of the Contract Price as recommended by Engineer as provided in said Paragraph 15.06.

ARTICLE 7 – INTEREST

7.01 All amounts not paid when due shall bear interest at the rate of 1 percent per annum.

ARTICLE 8 – CONTRACTOR'S REPRESENTATIONS

8.01 In order to induce Owner to enter into this Contract, Contractor makes the following representations:

A. Contractor has examined and carefully studied the Contract Documents, and any data and reference items identified in the Contract Documents.

B. Contractor has visited the Site, conducted a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and is satisfied as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.

C. Contractor is familiar with and is satisfied as to all Laws and Regulations that may affect cost, progress, and performance of the Work.

D. Contractor has carefully studied all: (1) reports of explorations and tests of subsurface conditions at or adjacent to the Site and all drawings of physical conditions relating to existing surface or subsurface structures at the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings, and (2) reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings.

E. Contractor has considered the information known to Contractor itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Contract Documents; and the Site-related reports and drawings identified in the Contract Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Contractor; and (3) Contractor's safety precautions and programs.

F. Based on the information and observations referred to in the preceding paragraph, Contractor agrees that no further examinations, investigations, explorations, tests, studies, or data are necessary for the performance of the Work at the Contract Price, within the Contract Times, and in accordance with the other terms and conditions of the Contract.

G. Contractor is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Contract Documents.

H. Contractor has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Contractor has discovered in the Contract Documents, and the written resolution thereof by Engineer is acceptable to Contractor.

I. The Contract Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performance and furnishing of the Work.

J. Contractor's entry into this Contract constitutes an incontrovertible representation by Contractor that without exception all prices in the Agreement are premised upon performing and furnishing the Work required by the Contract Documents.

ARTICLE 9 – CONTRACT DOCUMENTS

9.01 *Contents*

A. The Contract Documents consist of the following:

1. This Agreement (pages 1 to ___, inclusive).
2. Performance bond (pages ___ to ___, inclusive).
3. Payment bond (pages ___ to ___, inclusive).
4. Other bonds.
    a. ___ (pages ___ to ___, inclusive).

b. ___ (pages ___ to ___, inclusive).

c. ___ (pages ___ to ___, inclusive).

5. General Conditions (pages _1__ to _65__, inclusive).

6. Supplementary Conditions (pages _1__ to _10__, inclusive).

7. Specifications as listed in the table of contents of the Project Manual dated November 1, 2021.

8. Drawings (not attached but incorporated by reference) consisting of _34__ sheets with each sheet bearing the following general title: Pump Station SCADA Upgrades, dated November 1, 2021.

9. Addenda (numbers ___ to ___, inclusive).

10. Exhibits to this Agreement (enumerated as follows):

    a. Contractor's Bid (pages ___ to ___, inclusive).

11. The following which may be delivered or issued on or after the Effective Date of the Contract and are not attached hereto:

    a. Notice to Proceed.

    b. Work Change Directives.

    c. Change Orders.

    d. Field Orders.

B. The documents listed in Paragraph 9.01.A are attached to this Agreement (except as expressly noted otherwise above).

C. There are no Contract Documents other than those listed above in this Article 9.

D. The Contract Documents may only be amended, modified, or supplemented as provided in the General Conditions.

ARTICLE 10 – MISCELLANEOUS

10.01 *Terms*

A. Terms used in this Agreement will have the meanings stated in the General Conditions and the Supplementary Conditions.

10.02 *Assignment of Contract*

A. Unless expressly agreed to elsewhere in the Contract, no assignment by a party hereto of any rights under or interests in the Contract will be binding on another party hereto without the written consent of the party sought to be bound; and, specifically but without limitation, money that may become due and money that is due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents.

10.03 *Successors and Assigns*

A. Owner and Contractor each binds itself, its successors, assigns, and legal representatives to the other party hereto, its successors, assigns, and legal representatives in respect to all covenants, agreements, and obligations contained in the Contract Documents.

10.04 *Severability*

A. Any provision or part of the Contract Documents held to be void or unenforceable under any Law or Regulation shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon Owner and Contractor, who agree that the Contract Documents shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision.

10.05 *Contractor's Certifications*

A. Contractor certifies that it has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for or in executing the Contract. For the purposes of this Paragraph 10.05:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process or in the Contract execution;

2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process or the execution of the Contract to the detriment of Owner, (b) to establish Bid or Contract prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;

3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish Bid prices at artificial, non-competitive levels; and

4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the execution of the Contract.

10.06 *Indemnity*

A. The parties recognize that the CONTRACTOR is an independent contractor. The CONTRACTOR agrees to assume liability for and indemnify, hold harmless, and defend the VILLAGE, its council members, mayor, officers, employees, agents, and attorneys of, from, and against all liability and expense, including reasonable attorney's fees, in connection with any and all claims, demands, damages, actions, causes of action, and suits in equity of whatever kind or nature, including claims for personal injury, property damage, equitable relief, or loss of use, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the CONTRACTOR, its agents, officers, Contractors, subcontractors, employees, or anyone else utilized by the CONTRACTOR in the performance of this Contract. The CONTRACTOR's liability hereunder shall include all attorney's fees and costs incurred by the VILLAGE in the enforcement of this indemnification provision. This includes claims made by the employees of the CONTRACTOR against the VILLAGE and the CONTRACTOR hereby waives its entitlement, if any, to immunity under Section 440.11, Florida Statutes. The obligations contained in this provision shall survive termination of this Contract and shall not be limited by the amount of any insurance required to be obtained or maintained under this Contract.

B. Subject to the limitations set forth in this Section, CONTRACTOR shall assume control of the defense of any claim asserted by a third party against the VILLAGE and, in connection with such defense, shall appoint lead counsel, in each case at the CONTRACTOR's expense. The VILLAGE shall have the right, at its option, to participate in the defense of any third party claim, without relieving CONTRACTOR of any of its obligations hereunder. If the CONTRACTOR assumes control of the defense of any third party claim in accordance with this paragraph, the CONTRACTOR shall obtain the prior written consent of the VILLAGE before entering into any settlement of such claim. Notwithstanding anything to the contrary in this Section, the CONTRACTOR shall not assume or maintain control of the defense of any third party claim, but shall pay the fees of counsel retained by the VILLAGE and all expenses, including experts' fees, if (i) an adverse determination with respect to the third party claim would, in the good faith judgment of the VILLAGE, be detrimental in any material respect to the VILLAGE's reputation; (ii) the third party claim seeks an injunction or equitable relief against the VILLAGE; or (iii) the CONTRACTOR has failed or is failing to prosecute or defend vigorously the third party claim. Each party shall cooperate, and cause its agents to cooperate, in the defense or prosecution of any third party claim and shall furnish or cause to be furnished such records and information, and attend such conferences, discovery proceedings, hearings, trials, or appeals, as may be reasonably requested in connection therewith.

C. It is the specific intent of the parties hereto that the foregoing indemnification complies with Section 725.06, Florida Statutes, as amended. CONTRACTOR expressly agrees that it will not claim, and waives any claim, that this indemnification violates Section 725.06, Florida Statues. Nothing contained in the foregoing indemnification shall be construed as a waiver of any immunity or limitation of liability the VILLAGE may have under the doctrine of sovereign immunity or Section 768.28, Florida Statutes.

10.07 *Governing Law and Remedies*

A. The validity of this Agreement and of any of its terms or provisions, as well as the rights and duties of the parties hereunder, shall be governed by the laws of the State of Florida and venue for any and all disputes related to or arising from this Agreement shall be in Palm Beach County, Florida.

B. No remedy herein conferred upon any party is intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or further exercise thereof.

10.08 *Office of the Inspector General*

A. Palm Beach County has established the Office of the Inspector General, which is authorized and empowered to review past, present, and proposed County programs, contracts, transactions, accounts and records. The Inspector General (IG) has the power to subpoena witnesses, administer oaths, require the production of records, and monitor existing projects and programs. The Inspector General may, on a random basis, perform audits on all Village contracts.

10.09 *Scrutinized Companies*

A. Company certifies that it and its subcontractors are not on the Scrutinized Companies that Boycott Israel List and are not engaged in the boycott of Israel. Pursuant to section 287.135, Florida Statutes, the Village may immediately terminate this Agreement at its sole option if the Company or any of its subcontractors are found to have submitted a false

certification; or if the Company or any of its subcontractors, are placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of this Agreement.

B. The Company agrees to observe the above requirements for applicable subcontracts entered into for the performance of work under this Agreement. The Company agrees that the certifications in this section shall be effective and relied upon by the Village for the term of this Agreement, including any and all renewals. The Company agrees that if it or any of its subcontractors' status changes in regards to any certification herein, the Company shall immediately notify the Village of the same. As provided in Subsection 287.135(8), Florida Statutes, if federal law ceases to authorize the above-stated contracting prohibitions then they shall become inoperative.

10.10 *Public Records*

A. The CONTRACTOR shall comply with Florida's Public Records Laws, Chapter 119, Florida Statutes, and, if it is acting on behalf of the VILLAGE as provided under section 119.011(2), the CONTRACTOR specifically agrees to:

1. Keep and maintain public records required by the VILLAGE to perform the services under this Agreement.

2. Upon request from the VILLAGE's custodian of public records, provide the VILLAGE with a copy of the requested records or allow the records to be inspected or copied within a reasonable tie at a cost that does not exceed the cost provided in this Chapter 119, Florida Statutes, or as otherwise provided by law.

3. Ensure that said public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement term and following completion of the Agreement, if the CONTRACTOR does not transfer the records to the VILLAGE.

4. Upon the completion of the Agreement, transfer, at no cost, to the VILLAGE all public records in possession of the CONTRACTOR or keep and maintain public records required by the VILLAGE to perform the services. If the CONTRACTOR transfers all public records to the VILLAGE upon completion of the Agreement, the CONTRACTOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the CONTRACTOR keeps and maintains public records upon completion of the Agreement, the CONTRACTOR shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the VILLAGE, upon request from the VILLAGE's custodian of public records, in a format that is compatible with the information technology systems of the Village.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONSULTANT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS OR DESIGNEE AT 561-434-5084, kwynn@vpsfl.org, OR BY MAIL AT VILLAGE OF PALM SPRINGS, 226 CYPRESS LANE, PALM SPRINGS, FL 33461.

10.11 *Insurance*

A. The limits of liability for insurance required by Paragraph 6.03 of the General Conditions shall provide coverage for not less that the following amounts or greater where required by Law and Regulations:

1. Workers' Compensation, and related coverages under Paragraphs 6.03.A.1 and A.2 of the General Conditions:

a. State	Statutory
b. Applicable Federal	Statutory
c. Employer Liability:	
Bodily injury, each accident	$1,000,000
Bodily injury by disease, each employee	$500,000
Bodily injury/disease aggregate	$1,000,000
Foreign voluntary worker compensation	Statutory

2. Contractor's Commercial General Liability under Paragraphs 6.03.B and 6.03.C of the General Conditions:

a. General Aggregate	$2,000,000
b. Products – Completed Operations Aggregate	$2,000,000
c. Personal and Advertising Injury	$1,000,000
d. Each Occurrence (Bodily Injury and Property Damage)	$1,000,000

3. Automobile Liability under paragraph 6.03.D of the General Conditions:

a. Bodily Injury:	
Each Person	$500,000
Each Accident	$1,000,000
b. Property Damage:	
Each Incident	$1,000,000

4. Umbrella of Excess Liability under paragraph 6.03.E of the General Conditions:

a. Excess or Umbrella Liability	
1) General Aggregate	$5,000,000
2) Each Occurrence	$1,000,000

5. Contractor's Pollution Liability under paragraph 6.03.F of the General Conditions:

a. Contractor's Pollution Liability	
1) General Aggregate	$2,000,000
2) Each Occurrence	$1,000,000

6. Additional Insureds include the respective officers, partners, directors, employees, agents, consultants, and subconsultants of the following firms and municipal government(s):

   a. Village of Palm Springs

10.12 *Public Construction Bond*

A. If the contract amount exceeds $200,000 in total construction cost, the CONTRACTOR must provide the VILLAGE with a public construction bond in accordance with section 255.05, Florida Statutes. Said bond must be recorded in the Official Records in and for Palm Beach

County and a copy of the recorded bond must be provided to the VILLAGE prior to the CONTRACTOR providing any services under the contract. The VILLAGE reserves the right to request a bond for any work which is less than $200,000. The cost of the bond shall be a direct pass through cost to the VILLAGE without any mark-up by the CONTRACTOR.

B. The public construction bond shall be on forms attached hereto as **Exhibit "B"** or substantially similar as approved by the VILLAGE. The bond shall be in an amount not less than the total contract price and shall incorporate by reference the terms of the Contract Documents in their entirety.

C. To be acceptable to the VILLAGE, a Surety Company shall comply with the following provisions:

a. The Surety Company shall have a currently valid Certificate of Authority, issued by the State of Florida Department of Insurance, authorizing it to write surety bonds in the State of Florida.

b. The Surety Company shall have a currently valid Certificate of Authority issued by the United States Department of Treasury under Sections 9304 to 9308 of Title 31 of the United States Code.

c. The Surety Company shall be in full compliance with the provisions of the Florida Insurance Code.

d. The Surety Company shall have at least twice the minimum surplus and capital required by the Florida Insurance Code at the time the contract is approved.

e. The Surety Company shall have at least the ratings of A-/Class V in the latest issue of Best's Key Rating Guide.

f. The Surety Company shall not expose itself to any loss on any one risk in an amount exceeding ten (10) percent of its surplus to policyholders, provided:

1) Any risk or portion of any risk being reinsured shall be deducted in determining the limitation of the risk as prescribed in this section. These minimum requirements shall apply to the reinsuring carrier providing authorization or approval by the State of Florida, Department of Insurance to do business in this state have been met.

2) In the case of the surety insurance company, in addition to the deduction for reinsurance, the amount assumed by any co-surety, the value of any security deposited, pledged or held subject to the consent of the surety and for the protection of the surety shall be deducted.

10.13 *Audit By Village*

A. The CONTRACTOR shall permit the VILLAGE, or any authorized representatives of the VILLAGE, at all reasonable times, access to and the right to examine all records, books, papers or documents related to the CONTRACTOR's performance under this Agreement including, but not limited to, expenses for sub-contractors, agents or assistants, direct and indirect charges for work performed and detailed documentation for all such work performed or to be performed under this Agreement.

10.14 *Copies of Data/Documents*

A. Copies or original documents prepared by the CONTRACTOR in relation to work associated with this Agreement shall be provided to the VILLAGE. Data collected, stored, and/or provided shall be in a form acceptable to the VILLAGE and agreed upon by the VILLAGE.

10.15 *Ownership*

A. Each and every report, draft, work product, map, record, and other document reproduced, prepared, or caused to be prepared by the CONTRACTOR pursuant to or in connection with this Agreement shall be the exclusive property of the VILLAGE.

10.16 *Limitations of Liability*

A. Under no circumstances shall either party be liable to the other for any consequential, incidental, special, punitive, or any other form of indirect or non-compensatory damages.

10.17 *Enforcement Costs*

A. All parties shall be responsible for their own attorneys' fees, court costs and expenses if any legal action or other proceeding is brought for any dispute, disagreement, or issue of construction or interpretation arising hereunder whether relating to the Agreement's execution, validity, the obligations provided therein, or performance of this Agreement, or because of an alleged breach, default or misrepresentation in connection with any provisions of this Agreement.

10.18 *Copyrights and/or Patent Rights*

A. CONTRACTOR warrants that there has been no violation of copyrights and/or patent rights in the manufacturing, producing or selling of the goods, shipped or ordered, as a result of this Agreement and the CONTRACTOR agrees to hold the Village harmless from any and all liability, loss, or expense occasioned by any such violation.

10.19 *Protection of Property*

A. The CONTRACTOR shall at all times guard against damage or loss to the property of the VILLAGE or of other vendors or contractors and shall be held responsible for replacing or repairing any such loss or damage. The VILLAGE may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss or damage to property through negligence of the successful CONTRACTOR or its agents. The CONTRACTOR shall be responsible to safeguard all of their property such as tools and equipment while on site. The VILLAGE will not be held responsible for any loss of CONTRACTOR property due to theft or vandalism.

10.20 *Damage to Persons or Property*

A. The responsibility for all damage to person or property arising out of or on account of Scope of Work done under this Contract shall rest upon the CONTRACTOR.

10.21 *Discrimination*

A. The CONTRACTOR warrants and represents that all of its employees are treated equally during employment without regard to race, color, religion, disability, sex, age, national origin, ancestry, political affiliation, marital status, handicap, or sexual orientation. Further, CONTRACTOR shall not discriminate or permit discrimination against any employee or an applicant for employment on the basis of race, color, sex, religion, political affiliation, natural origin, ancestry, marital status, sexual orientation or handicap.

10.22 *Construction Defects*

A. PURSUANT TO SECTION 558.005, FLORIDA STATUTES, ANY CLAIMS FOR CONSTRUCTION DEFECTS ARE NOT SUBJECT TO THE NOTICE AND CURE PROVISIONS OF CHAPTER 558, FLORIDA STATUTES.

10.23 *Public Entity Crimes*

A. Contractor acknowledges and agrees that a person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier or sub-contractor under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statues, for CATEGORY TWO for a period of 36 months following the date of being placed on the convicted vendor list. The Contractor will advise the Village immediately if it becomes aware of any violation of this statute.

10.24 *Scrutinized Companies*

A. Contractor certifies that it and its subcontractors are not on the Scrutinized Companies that Boycott Israel List and are not engaged in the boycott of Israel. Pursuant to section 287.135, Florida Statutes, the City may immediately terminate this Agreement at its sole option if the Contractor or any of its subcontractors are found to have submitted a false certification; or if the Contractor or any of its subcontractors, are placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of this Agreement.

B. If this Agreement is for one million dollars or more, the Contractor certifies that it and its subcontractors are also not on the Scrutinized Companies with Activities in Sudan List, Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged in business operations in Cuba or Syria as identified in Section 287.135, Florida Statutes. Pursuant to Section 287.135, the City may immediately terminate this Agreement at its sole option if the Contractor, or any of its subcontractors are found to have submitted a false certification; or if the Contractor or any of its subcontractors are placed on the Scrutinized Companies with Activities in Sudan List, or Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or are or have been engaged with business operations in Cuba or Syria during the term of this Agreement.

C. The Contractor agrees to observe the above requirements for applicable subcontracts entered into for the performance of work under this Agreement.

D. The Contractor agrees that the certifications in this section shall be effective and relied upon by the City for the term of this Agreement, including any and all renewals.

E. The Contractor agrees that if it or any of its subcontractors' status changes in regards to any certification herein, the Contractor shall immediately notify the City of the same.

F. As provided in Subsection 287.135(8), Florida Statutes, if federal law ceases to authorize the above-stated contracting prohibitions then they shall become inoperative.

10.25 *E-Verify*

A. Pursuant to Section 448.095(2), Florida Statutes, beginning on January 1, 2021, the CONTRACTOR shall:

1. Register with and use the E-Verify system to verify the work authorization status of all newly hired employees and require all Subcontractors (providing services or receiving funding under this Agreement) to register with and use the E-Verify system to verify the work authorization status of all the Subcontractors' newly hired employees;

2. Secure an affidavit from all Subcontractors (providing services or receiving funding under this Agreement) stating that the Subcontractor does not employ, contract with, or subcontract with an "unauthorized alien" as defined in Section 448.095(1)(k), Florida Statutes;
3. Maintain copies of all Subcontractor affidavits for the duration of this Agreement and provide the same to the Owner upon request;
4. Comply fully, and ensure all of its Subcontractors comply fully, with Section 448.095, Florida Statutes;
5. Be aware that a violation of Section 448.09, Florida Statutes (Unauthorized aliens; employment prohibited) shall be grounds for termination of this Agreement; and,
6. Be aware that if the Owner terminates this Agreement under Section 448.095(2)(c), Florida Statutes, the Contractor may not be awarded a contract for at least 1 year after the date on which the Agreement is terminated and will be liable for any additional costs incurred by the Village as a result of the termination of the Agreement.

ECKLER ENGINEERING, INC.

January 26, 2022 (Sent via email to PWard@vpsfl.org)
400-084.01

Mr. Paul Ward
Public Service Administrator
Village of Palm Springs
226 Cypress Lane
Palm Springs, FL 33461

Dear Mr. Ward:

Reference: Recommendation of Award
Pump Station SCADA Upgrades
Bid No. 2022B-003

The Village of Palm Springs received bids for the Pump Station SCADA Upgrades project on Thursday, January 13 at 2:00 PM. Five (5) bids were received ranging in price from $400,700.00 to $1,135,000.00. The apparent low bid was submitted by Engineering Service Corporation, from Jacksonville, FL.

The bid package submitted by the low bidder was reviewed and evaluated per the requirements of the Bid Advertisement documents as follows:

Engineer Service Corporation

The bid package submitted by the bidder was reviewed as the apparent low bidder. In accordance with our review and evaluation, we note the following items as incomplete or not provided in accordance with the bid documents:

1. Per Section 00451 – Qualifications Statement, Article 12, the OSHA 300 – Log & Summary of Occupational Injuries & Illnesses attached was not included in the submittal.
2. Pollution Liability was not provided on the submitted insurance certificate per Section 00520 – Agreement, Article 10.10.
3. Umbrella of Excess Liability was not provided on the submitted insurance certificate per Section 00520 – Agreement, Article 10.10.
4. A minimum of five (5) similar projects was not provided per Section 00200 – Instructions to Bidders, Article 3.01, D.

In accordance with Section 00200 – Instruction to Bidders, page 8, Article 19.01, the Owner reserves the right to waive any and all informalities not involved with price, time, or changes in the work. Based on this Specification Article, we continued the evaluation process of the bidder's qualifications and experience.

Engineer Service Corporation has successfully completed projects for municipalities and private companies including SCADA upgrades, and control panel and RTU installations. The projects submitted as references by Engineer Service Corporation demonstrate that they have completed SCADA upgrades, similar to the work proposed.

Engineer Service Corporation has successfully completed projects for the Village of Palm Springs. Most recently, in 2018, they completed the SCADA System Improvements (RFP No 2017R-004)

4700 RIVERSIDE DRIVE, SUITE 110
CORAL SPRINGS, FL 330367
954/510-4700
FAX 954/755-2741

that consisted of similar work to the project proposed. This work was designed by Eckler Engineering and therefore we worked directly with the contractor.

Two of the references provided in the bid submittal documentation were contacted and interviewed by Eckler Engineering. In general, the references' responses were all satisfactory. Additionally, the Village provided positive remarks relating to Engineer Service Corporation's most recent SCADA project.

Based on the evaluation above, we recommend the Village exercise its right as Owner to waive the incomplete items above. Insurance coverage is usually finalized during the contract award period and they can submit the OSHA summary at the same time. Although the Contractor did not provide five (5) completed projects, they have previously completed projects for the Village that were satisfactory. Therefore, we determined this bid complete and consider Engineer Service Corporation the lowest responsible and responsive bidder. **Eckler Engineering recommends the award of construction contract to Engineer Service Corporation in the amount of $400,700.00.** This amount is less than the Engineer's published estimate of $746,000.00.

A certified bid tabulation has been attached for your review. The bid tabulation lists the documents that were required to be submitted by the bidder with the bid proposal. An "X" indicates that the necessary documents were submitted and found to be in compliance with the requirements of the bidding phase of this project.

If you have any questions require additional information pertaining to this recommendation of award or the project in general, please do not hesitate to contact me.

Sincerely,

Chase Dickinson

Failure to provide the above listed items may result in your bid being deemed non-responsive.

END OF SECTION

SECTION 00410

BID FORM

ARTICLE 1 – BID RECIPIENT

1.01 This Bid is submitted to:

Village of Palm Springs
226 Cypress Lane
Palm Springs, FL 33461

1.02 The undersigned Bidder proposes and agrees, if this Bid is accepted, to enter into an Agreement with Owner in the form included in the Bidding Documents to perform all Work as specified or indicated in the Bidding Documents for the prices and within the times indicated in this Bid and in accordance with the other terms and conditions of the Bidding Documents.

ARTICLE 2 – BIDDER'S ACKNOWLEDGEMENTS

2.01 Bidder accepts all of the terms and conditions of the Instructions to Bidders, including without limitation those dealing with the disposition of Bid security. This Bid will remain subject to acceptance for 120 days after the Bid opening, or for such longer period of time that Bidder may agree to in writing upon request of Owner.

ARTICLE 3 – BIDDER'S REPRESENTATIONS

3.01 In submitting this Bid, Bidder represents that:

A. Bidder has examined and carefully studied the Bidding Documents, and any data and reference items identified in the Bidding Documents, and hereby acknowledges receipt of the following Addenda:

Addendum No.	Addendum Date
1	12/28/2021
2	1/5/2022

B. Bidder has visited the Site, conducted a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and satisfied itself as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.

C. Bidder is familiar with and has satisfied itself as to all Laws and Regulations that may affect cost, progress, and performance of the Work.

D. Not used.

E. Bidder has considered the information known to Bidder itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Bidding Documents; and any Site-related reports and drawings identified in the Bidding Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and

performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Bidder; and (3) Bidder's safety precautions and programs.

F. Bidder agrees, based on the information and observations referred to in the preceding paragraph, that no further examinations, investigations, explorations, tests, studies, or data are necessary for the determination of this Bid for performance of the Work at the price bid and within the times required, and in accordance with the other terms and conditions of the Bidding Documents.

G. Bidder is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Bidding Documents.

H. Bidder has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Bidder has discovered in the Bidding Documents, and confirms that the written resolution thereof by Engineer is acceptable to Bidder.

I. The Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for the performance and furnishing of the Work.

J. The submission of this Bid constitutes an incontrovertible representation by Bidder that Bidder has complied with every requirement of this Article, and that without exception the Bid and all prices in the Bid are premised upon performing and furnishing the Work required by the Bidding Documents.

ARTICLE 4 – BIDDER'S CERTIFICATION

4.01 Bidder certifies that:

A. This Bid is genuine and not made in the interest of or on behalf of any undisclosed individual or entity and is not submitted in conformity with any collusive agreement or rules of any group, association, organization, or corporation;

B. Bidder has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid;

C. Bidder has not solicited or induced any individual or entity to refrain from bidding; and

D. Bidder has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for the Contract. For the purposes of this Paragraph 4.01.D:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process;

2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process to the detriment of Owner, (b) to establish bid prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;

3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish bid prices at artificial, non-competitive levels; and

4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the execution of the Contract.

ARTICLE 5 – BASIS OF BID

5.01 Bidder will complete the Work in accordance with the Contract Documents for the following price(s):

Lump Sum Bid Price	$ 350,700.00
Lump Sum Contingency Allowance	$ 50,000.00

Total of Lump Sum Price $ 400,700.00

Four hundred thousand seven hundred dollars and no/100

(written)

ARTICLE 6 – TIME OF COMPLETION

6.01 Bidder agrees that the Work will be substantially complete within 300 calendar days after the date when the Contract Times commence to run as provided in Paragraph 4.01 of the General Conditions, and will be completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions within 330 calendar days after the date when the Contract Times commence to run.

6.02 Bidder accepts the provisions of the Agreement as to liquidated damages.

ARTICLE 7 – ATTACHMENTS TO THIS BID

7.01 The following documents are submitted with and made a condition of this Bid:

A. Required Bid security;

B. List of Proposed Subcontractors;

C. List of Proposed Suppliers;

D. List of Project References;

E. Evidence of authority to do business in the state of the Project;

F. Contractor's License Number;

G. Required Bidder Qualification Statement with supporting data; and

H. Documentation per Section 00200 – Instructions to bidders, page 8, Article 15.04.

ARTICLE 8 – DEFINED TERMS

8.01 The terms used in this Bid with initial capital letters have the meanings stated in the Instructions to Bidders, the General Conditions, and the Supplementary Conditions.

MERCHANTS
BONDING COMPANY

POWER OF ATTORNEY

Know All Persons By These Presents, that MERCHANTS BONDING COMPANY (MUTUAL) and MERCHANTS NATIONAL BONDING, INC., both being corporations of the State of Iowa (herein collectively called the "Companies") do hereby make, constitute and appoint, individually,

Benjamin Powell; Fitzhugh K Powell Jr; Robert T Theus; Susan W Jordan

their true and lawful Attorney(s)-In-Fact, to sign its name as surety(ies) and to execute, seal and acknowledge any and all bonds, undertakings, contracts and other written instruments in the nature thereof, on behalf of the Companies in their business of guaranteeing the fidelity of persons, guaranteeing the performance of contracts and executing or guaranteeing bonds and undertakings required or permitted in any actions or proceedings allowed by law.

This Power-of-Attorney is granted and is signed and sealed by facsimile under and by authority of the following By-Laws adopted by the Board of Directors of Merchants Bonding Company (Mutual) on April 23, 2011 and amended August 14, 2015 and adopted by the Board of Directors of Merchants National Bonding, Inc., on October 16, 2015.

"The President, Secretary, Treasurer, or any Assistant Treasurer or any Assistant Secretary or any Vice President shall have power and authority to appoint Attorneys-in-Fact, and to authorize them to execute on behalf of the Company, and attach the seal of the Company thereto, bonds and undertakings, recognizances, contracts of indemnity and other writings obligatory in the nature thereof."

"The signature of any authorized officer and the seal of the Company may be affixed by facsimile or electronic transmission to any Power of Attorney or Certification thereof authorizing the execution and delivery of any bond, undertaking, recognizance, or other suretyship obligations of the Company, and such signature and seal when so used shall have the same force and effect as though manually fixed."

In connection with obligations in favor of the Florida Department of Transportation only, it is agreed that the power and aut hority hereby given to the Attorney-in-Fact includes any and all consents for the release of retained percentages and/or final estimates on engineering and construction contracts required by the State of Florida Department of Transportation. It is fully understood that consenting to the State of Florida Department of Transportation making payment of the final estimate to the Contractor and/or its assignee, shall not relieve this surety company of any of its obligations under its bond.

In connection with obligations in favor of the Kentucky Department of Highways only, it is agreed that the power and authority hereby given to the Attorney-in-Fact cannot be modified or revoked unless prior written personal notice of such intent has been given to the Commissioner-Department of Highways of the Commonwealth of Kentucky at least thirty (30) days prior to the modification or revocation.

In Witness Whereof, the Companies have caused this instrument to be signed and sealed this 11th day of February , 2020 .

1.1 SAFETY POLICY

Your company name here has established this written safety program in accordance with OSHA Regulations. It is our policy to provide a safe and healthful workplace for our employees, to observe all State and Federal Laws and Regulations and to provide an environment as free as possible from recognized hazards. We have and will continue to maintain and implement a comprehensive employee Injury and Illness Prevention Program (IIPP).

Incident prevention is our goal. This safety program is designed to train our employees to follow safe practices and to recognize and correct unsafe working conditions. We are always working towards improvement. Safety is a part of each employee's job. Active participation and adherence to the Safety Program is a condition of each employee's employment. No employee is required to work at a job that he or she knows is not safe; therefore, we must work to make every workplace safe by detecting and correcting unsafe working conditions as well as the detection of unsafe work practices.

The main objectives of Your company name here's Safety Program are:

- To protect people (employees, and others), property, and the environment from potential hazards
- To provide a flexible, uniform policy of safety management consistent with the requirements of the government safety, health, and environmental regulations
- To establish and maintain an effective Injury and Illness Prevention Program involving all levels of the organization including managers, supervisors, and employees
- To cooperate and assist clients, customers, and others involved in the work area to maintain a safe and healthful workplace

It is our goal to completely eliminate accidents and injuries. Because of the many different hazards of our industry, we must maintain a constant safety awareness to achieve this goal.

If a job cannot be performed safely, it must not be done until it can be done safely.

SECTION 00454
DRUG-FREE WORKPLACE CERTIFICATE

I, the undersigned, in accordance with Florida Statute 287.087, hereby certify that ENGINEER SERVICE CORPORATION (Print or Type Name of Firm)

- Publishes a written statement notifying that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace named above, and specifying actions that will be taken against violations of such prohibition.
- Informs employees about the dangers of drug abuse in the workplace; the firm's policy of maintaining a drug-free working environment and available drug counseling, rehabilitation, and employee assistance programs; and the penalties that may be imposed upon employees for drug-use violations.
- Gives each employee engaged in providing commodities or contractual services that are under bid or proposal a copy of the statement specified above.
- Notifies the employees that as a condition of working on the commodities or contractual services under bid or proposal, the employee will abide by the terms of the statement and will notify the employer of any conviction of or plea of guilty or nolo contendere to any violation of Chapter 1893 or any controlled substance law of the State of Florida or the United States for a violation occurring in the workplace, no later than 5 days after such conviction, and requires employees to sign copies of such written statement to acknowledge their receipt.
- Imposes a sanction on or requires the satisfactory participation in a drug-abuse assistance or rehabilitation program, if such is available in the employee's community, by any employee who is so convicted.
- Makes a good faith effort to continue to maintain a drug-free workplace through the implementation of the drug-free workplace program.

"As a person authorized to sign this statement, I certify that the business, firm, or corporation named above complies fully with the requirements set forth herein."

SECTION 00455
SWORN STATEMENT UNDER SECTION 287.133(3)(a),
FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES

(To be signed in the presence of a notary public or other officer authorized to administer oaths.)

STATE OF FLORIDA

COUNTY OF DUVAL

Before me, the undersigned authority, personally appeared KELLY ATKINS, who, being by me first duly sworn, made the following statement:

1. The business address of ENGINEER SERVICE CORPORATION
(firm name of Bidder/Contractor)

is 2950 HALCYON LANE UNIT 601 JACKSONVILLE FLORIDA 32223.

2. My relationship to ENGINEER SERVICE CORPORATION
(firm name of Bidder/Contractor)

is PRESIDENT.
(relationship such as sole proprietor, partner, president, vice president)

3. I understand that a "public entity crime" as defined in Section 287.133 of the Florida Statutes includes a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity in Florida or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or such an agency or political subdivision and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

4. I understand that "convicted" or "conviction" is defined by the statute to mean a finding of guilt or a conviction of a public entity crime, with or without adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

5. I understand that "affiliate" is defined by the statute to mean (1) a predecessor or successor of a person or a corporation convicted of a public entity crime; or (2) an entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime; or (3) those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate; or (4) a person or corporation who knowingly entered into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months.

6. Neither the Bidder/Contractor nor any officer, director, executive, partner, shareholder, employee, member or agent who is active in the management of the Bidder/Contractor, nor any affiliate of the Bidder/Contractor, has been convicted of public entity crime subsequent to July 1, 1989.

(Draw a line through Paragraph 6 if Paragraph 7 below applies.)

7. There has been a conviction of a public entity crime by the Bidder/Contractor, or an officer, director, executive, partner, shareholder, employee, member or agent of the Bidder/Contractor who is active in the management of the Bidder/Contractor or an affiliate of the Bidder/Contractor. A determination has been made pursuant to Section 287.133(3) by order of the Division of Administrative Hearings that it is not in the public interest for the name of the convicted person or affiliate to appear on the convicted vendor list. The name of the convicted person or affiliate is_____.

A copy of the order of the Division of Administrative Hearings is attached to this statement.

(Draw a line through Paragraph 7 if Paragraph 6 above applies.)

Kelly Ottens

SECTION 00456
SCRUTINIZED COMPANIES CERTIFICATION FORM

By execution below, I, KELLY ATKINS, on behalf of ENGINEER SERVICE CORPORATION (hereinafter, the "Contractor"), hereby swear or affirm to the following certifications:

The following certifications apply to all procurements:

1. The Contractor has reviewed section 215.4725, Florida Statutes, section 215.473, Florida Statutes and section 287.135, Florida Statutes, and understands the same.
2. The Contractor is not on the Scrutinized Companies that Boycott Israel List nor is the Contractor engaged in a boycott of Israel.
3. If awarded a contract, the Contractor agrees to require these certifications for applicable subcontracts entered into for the performance of work/services under this procurement.
4. If awarded a contract, the Contractor agrees that the certifications in this section shall be effective and relied upon by the City for the entire term of the contract, including any and all renewals.

If the contract awarded hereunder is for one million dollars or more, the following additional certifications apply:

1. The Contractor is not on the Scrutinized Companies with Activities in Sudan List.
2. The Contractor is not on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List.
3. The Contractor is not engaged in business operations in Cuba or Syria.
5. If awarded a contract, the Contractor agrees to require these certifications for applicable subcontracts entered into for the performance of work/services under this procurement.
6. If awarded a contract, the Contractor agrees that the certifications in this section shall be effective and relied upon by the City for the entire term of the contract, including any and all renewals.

CONTRACTOR:
By: Kelly Atkins
Name: KELLY ATKINS
Title: PRESIDENT
Date: 01/05/2022

STATE OF FLORIDA
COUNTY OF DUVAL

The foregoing instrument was sworn to (or affirmed) and subscribed before this 5 day of January, 2022, by Kelly Atkins, who is the President of Engineer Service Corporation, who is personally known to me or who has produced _____ as identification.

Pump Station SCADA Upgrades

Bid No.: 2022B - 003
Addendum No. 1
December 28, 2021

BIDS DUE: 2:00 PM, Local Time, January 6, 2022

TO ALL VENDORS BIDDING ON THIS PROJECT:

The changes, additions, substitutions, and/or deletions contained in Addendum No. 1 are hereby made a part of the Bid Documents for the **Pump Station SCADA Upgrades** fully and completely as if the same were fully set forth herein.

A. QUESTIONS FROM BIDDERS

1. **Question**: Commerce Controls, Inc. requests acceptance as Process Instrumentation and Controls subcontractor.

   Response: The bid documents do not provide for Pre-Bid approvals. Per Specification Section 00200 – Instructions to Bidders, page 5, Article 11.02, determination of "or equal" or substitution request will be done post-Bid.

2. **Question**: At the G-Star PS, please verify the existing equipment rack can be reused with the new pump control panel.

   Response: Contractor shall use existing rack.

3. **Question:** At the G-Star PS, how far from the control panel can the antenna tower be placed?

   Response: The antenna tower shall be placed within five (5) feet of the control panel or at a distance that allows reliable signal transmission.

4. **Question:** At the G-Stat PS, on which side of the control panel do you want the emergency power receptacle to be placed?

Response: Refer to Control Panel Front Elevation on E-20 for guidance.

5. **Question:** At the Mercurio PS, the equipment rack is low profile. Mounting the new control panel on it would result in the panel bottom being very close to the ground. Please verify reuse of the existing equipment rack.

   Response: If the existing equipment rack is too low to allow 24-inch of clearance between the bottom on the new control panel and grade, then a new rack should be provided following Detail 600A on ED-01.

6. **Question**: At the Mercurio PS, on which side of the control panel do you want the emergency power receptacle to be placed?

Response: Refer to Control Panel Front Elevation on E-20 for guidance.

7. **Question:** At the Price St PS, please verify that the new control panel and RTU are to be mounted onto the single concrete post supporting the existing control panel.

Response: New control panel and RTU shall be mounted on existing concrete post.

8. **Question:** At the Price St PS, the concrete pad is broken where the drawings show the antenna tower to be anchored. How do you wish to proceed?

   Response: Antenna shall be located where the drawings indicate. Any issues with the integrity of the concrete will be addressed during construction.

9. **Question:** Section 13725 4.01 B. Are Ground Fault Monitors to be added to existing control panels that do not have them?

Response: Yes

10. **Question:** Requesting if Engineer can confirm if new software for VT SCADA, or a Tagcount upgrade to existing, is to be provided. If so, identify what the tag-count on the new provision is, and shall be.

    Response: Existing VT SCADA Software licenses include runtime and development capabilities and a 25,000 I/O Tag Count. Existing software shall be used per Specifications Section 13711 – Existing SCADA System Modifications, page 3, Articles 4.01 and 4.02.

11. **Question:** Regarding the upcoming bid for the Pump Station SCADA Upgrades Project, the specification for Cementitious Coating in Section 09900 "Protective Coatings", Page 5, Paragraph 2.02 B. AND Page 15, Paragraph 3.09 N. shown below, is incorrect. This cannot be bid by a subcontractor as it is written. The product specified does not exist as it is currently named and described. The "Thoroseal" product brand was discontinued. BASF no

longer manufacturers products of this kind/type.

Response: Thoroseal was sold by BASF to MasterBuilders. As a result, MasterSeal 581 has replaced Thoroseal and shall be utilized.

B. SPECIFICATIONS

1. None.

Receipt acknowledged and conditions agreed to the 6 day of January, 2021.

Village of Palm Springs

PUBLIC SERVICE DEPARTMENT

ITB NO. 2022B-003
PUMP STATION SCADA UPGRADES

ADVERTISEMENT FOR BIDS

Sealed Bids for the construction of the **Pump Station SCADA Upgrades** will be received, by the **Village of Palm Springs**, at the office of the **Palm Springs Village Clerk**, until **2:00 P.M.** local time on **January 6th, 2022**, at which time the Bid Package received will be reviewed for document completeness. Following a determination of which bidders were responsible and responsive, the **Village of Palm Springs** will hold a bid opening of compliant bidders on **January 6th, 2022, at 2:00 P.M.** local time to determine the acceptable low bidder. The Project consists of furnishing all labor, equipment, and material for Pump Station SCADA Upgrades as described by the Drawings and Specifications. Generally, the work includes the implementation of Supervisory Control and Data Acquisition (SCADA) systems at fourteen (14) pump stations, and all other incidentals as indicated by the drawings and specifications or as required to properly complete the project as planned. Late proposals will not be accepted, whether by mail or otherwise. Proposals will be returned unopened. It is the responsibility of the Proposer to ensure all pages are included in the submission. All Proposers are advised to closely examine the request for Proposals documents. ***All Proposers are advised to closely examine the request for Proposals documents*.**

Invitation to Bid documents are available beginning **November 18th, 2021**. The Village of Palm Springs utilizes electronic online services for notification, distribution, and submittal of its Solicitation documents. The Village's Solicitation information can be obtained from: (a) Demandstar website – www.Demandstar.com; (b) by contacting the Village Clerk, Kimberly Wynn, at kwynn@vpsfl.org; (c) or calling the Village Clerk's office at (561) 584-8430.

Proposers may submit their responses electronically via DemandStar. Proposers also have the option to submit one (1) unbound original to the Village Clerk at the time and date specified. Sealed Proposals must be marked **"ITB #2022B-003, PUMP STATION SCADA UPGRADES".**

Hardcopies of bidding documents may also be obtained from Eckler Engineering, Inc., 4700 Riverside Drive, Suite 110, Coral Springs, Florida, 33067 on Mondays through Fridays between the hours of 8:00 AM to 5:00 P.M. Bidding Documents are available on your preferred media device as a Compact Disc or USB Drive (as portable document format (PDF) files) for a non-refundable charge of $40.00, including shipping via overnight express service. Alternatively, printed Bidding Documents may be obtained from Eckler Engineering, Inc. either via in- person pick-up or via mail, upon receipt of payment for the Bidding Documents. The non-refundable cost of printed Bidding Documents is $65.00 per full size drawing set and specification book or $45.00 per half size drawing set and specification book, payable to Eckler Engineering, Inc.

A virtual **Pre-Bid Conference** will be held for this solicitation on **December 15th, 2021 at 2:00 P.M.** Attendance at the pre-bid conference ***is not*** mandatory.

The Village of Palm Springs will provide for public participation using Gotowebinar.com, a communication media technology (teleconference) for the non-mandatory Pre-bid conference and Bid Opening.

Non-Mandatory Pre-Bid Conference

Participants can use their telephone or computer mic & speakers (VoIP).
United States: +1 (562)247-8422 ID#: 818-924-802
Registration URL
https://attendee.gotowebinar.com/register/866579408840411919 Web # 972-890-035

Bid Opening

Participants can use their telephone or computer mic & speakers (VoIP).
United States +1 (562)247-8422 ID#: 612-693-706
Registration URL
https://attendee.gotowebinar.com/register/8051497569728811023 Web Id # 895-072-547

Bid security shall be furnished in accordance with the Instructions to Bidders.

Any questions regarding the specifications and Solicitation process must be submitted in writing to the Village Clerk at kwynn@vpsfl.org, Questions and requests for clarification and additional information must be received prior to the Deadline for Submission of Questions on **December 27th, 2021** at **5:00 PM** local time.

Pursuant to Section 2-355 of Palm Beach County Ordinance No. 2011-039, and the purchasing policies of the Village of Palm Springs, all Solicitations, once advertised, are under the "Cone of Silence" until the appropriate authority has approved an award recommendation, rejected all responses or some other action by the Village to end the selection process. This limit and requires documentation of communications between potential Bidders and/or Bidders on Village Solicitations, the Village's professional staff, and the Village Council members.

Owner: **Village of Palm Springs**

Pump Station SCADA Upgrades

Bid No.: 2022B - 003
Addendum No. 1
December 28, 2021

BIDS DUE: 2:00 PM, Local Time, January 6, 2022

TO ALL VENDORS BIDDING ON THIS PROJECT:

The changes, additions, substitutions, and/or deletions contained in Addendum No. 1 are hereby made a part of the Bid Documents for the **Pump Station SCADA Upgrades** fully and completely as if the same were fully set forth herein.

A. QUESTIONS FROM BIDDERS

1. **Question**: Commerce Controls, Inc. requests acceptance as Process Instrumentation and Controls subcontractor.

   Response: The bid documents do not provide for Pre-Bid approvals. Per Specification Section 00200 – Instructions to Bidders, page 5, Article 11.02, determination of "or equal" or substitution request will be done post-Bid.

2. **Question**: At the G-Star PS, please verify the existing equipment rack can be reused with the new pump control panel.

   Response: Contractor shall use existing rack.

3. **Question:** At the G-Star PS, how far from the control panel can the antenna tower be placed?

   Response: The antenna tower shall be placed within five (5) feet of the control panel or at a distance that allows reliable signal transmission.

4. **Question:** At the G-Stat PS, on which side of the control panel do you want the emergency power receptacle to be placed?

Response: Refer to Control Panel Front Elevation on E-20 for guidance.

5. **Question:** At the Mercurio PS, the equipment rack is low profile. Mounting the new control panel on it would result in the panel bottom being very close to the ground. Please verify reuse of the existing equipment rack.

   Response: If the existing equipment rack is too low to allow 24-inch of clearance between the bottom on the new control panel and grade, then a new rack should be provided following Detail 600A on ED-01.

6. **Question**: At the Mercurio PS, on which side of the control panel do you want the emergency power receptacle to be placed?

Response: Refer to Control Panel Front Elevation on E-20 for guidance.

7. **Question:** At the Price St PS, please verify that the new control panel and RTU are to be mounted onto the single concrete post supporting the existing control panel.

Response: New control panel and RTU shall be mounted on existing concrete post.

8. **Question:** At the Price St PS, the concrete pad is broken where the drawings show the antenna tower to be anchored. How do you wish to proceed?

   Response: Antenna shall be located where the drawings indicate. Any issues with the integrity of the concrete will be addressed during construction.

9. **Question:** Section 13725 4.01 B. Are Ground Fault Monitors to be added to existing control panels that do not have them?

Response: Yes

10. **Question:** Requesting if Engineer can confirm if new software for VT SCADA, or a Tagcount upgrade to existing, is to be provided. If so, identify what the tag-count on the new provision is, and shall be.

    Response: Existing VT SCADA Software licenses include runtime and development capabilities and a 25,000 I/O Tag Count. Existing software shall be used per Specifications Section 13711 – Existing SCADA System Modifications, page 3, Articles 4.01 and 4.02.

11. **Question:** Regarding the upcoming bid for the Pump Station SCADA Upgrades Project, the specification for Cementitious Coating in Section 09900 “Protective Coatings”, Page 5, Paragraph 2.02 B. AND Page 15, Paragraph 3.09 N. shown below, is incorrect. This cannot be bid by a subcontractor as it is written. The product specified does not exist as it is currently named and described. The “Thoroseal” product brand was discontinued. BASF no

longer manufacturers products of this kind/type.

Response: Thoroseal was sold by BASF to MasterBuilders. As a result, MasterSeal 581 has replaced Thoroseal and shall be utilized.

GENERAL NOTES

1) ALL CONSTRUCTION AND MATERIALS SHALL CONFORM TO THE STANDARDS AND SPECIFICATIONS OF THE:
   - FLORIDA BUILDING CODE - 2020, 7TH EDITION
   - NATIONAL ELECTRICAL CODE 2017
   - VILLAGE OF PALM SPRINGS
   - DEPARTMENT OF TRANSPORTATION
   - FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION
   - PALM BEACH COUNTY HEALTH DEPARTMENT
   - AND ALL OTHER LOCAL AND NATIONAL CODES WHERE APPLICABLE
2) ALL CONSTRUCTION SHALL BE DONE IN A SAFE MANNER, SPECIFICALLY, THE RULES AND REGULATIONS OF THE OCCUPATIONAL SAFETY AND HEALTH ADMINISTRATION AND THE MANUAL OF UNIFORM TRAFFIC CONTROL DEVICES SHALL BE STRICTLY OBSERVED.
3) ALL ELEVATIONS ON THE DRAWINGS OR REFERENCED IN THE SPECIFICATIONS ARE BASED ON NORTH AMERICAN VERTICAL DATUM OF 1988 (NAVD88), UNLESS NOTED OTHERWISE.
4) THE CONTRACTOR SHALL OBTAIN THE SERVICES OF A UTILITY LOCATION SERVICE SUCH AS "SUNSHINE STATE ONE CALL OF FLA, INC." AT (800) 432-4770 AT LEAST 48 HOURS PRIOR TO BEGINNING ANY EXCAVATION.
5) EXISTING UTILITY LOCATIONS SHOWN ON THESE DRAWINGS ARE APPROXIMATE. THE ENGINEER ASSUMES NO RESPONSIBILITY FOR THE ACCURACY OF EXISTING UTILITIES SHOWN OR FOR ANY EXISTING UTILITIES NOT SHOWN.
6) PRIOR TO BEGINNING CONSTRUCTION, THE CONTRACTOR SHALL VERIFY THE SIZE LOCATION AND MATERIAL OF ALL EXISTING UTILITIES WITHIN THE AREA OF CONSTRUCTION.
7) IF UPON EXCAVATION, AN EXISTING UTILITY IS FOUND TO BE IN CONFLICT WITH THE PROPOSED CONSTRUCTION OR TO BE OF A SIZE OR MATERIAL DIFFERENT FROM THAT SHOWN ON THE DRAWINGS, THE CONTRACTOR SHALL IMMEDIATELY NOTIFY THE ENGINEER.
9) THE CONTRACTOR SHALL PERFORM ALL WORK NECESSARY TO LOCATE, EXCAVATE AND PREPARE FOR CONNECTIONS TO THE EXISTING SYSTEMS ALL AS SHOWN ON THE DRAWINGS. THE COST FOR THIS WORK AND FOR THE ACTUAL CONNECTION TO THE EXISTING SYSTEMS SHALL BE INCLUDED IN THE BID PRICE FOR THE PROJECT AND SHALL NOT RESULT IN ANY ADDITIONAL COST TO THE OWNER.
10) CONTRACTOR MUST PROVIDE FOR AND MAINTAIN ADEQUATE ACCESS AT ALL TIMES TO ALL BUSINESSES AND RESIDENCES AFFECTED BY PROGRESS OF THE WORK.
11) PROJECT SITE SAFETY:
   A. THE ENGINEER/OWNER OR THEIR EMPLOYEES HAVE NO AUTHORITY TO EXERCISE ANY CONTROL OVER THE CONTRACTOR, ANY SUB-CONTRACTOR OR OTHER ENTITY OR THEIR EMPLOYEES IN CONNECTION WITH THEIR WORK OR ANY JOBSITE HEALTH OR SAFETY PRECAUTIONS.
   B. THE CONTRACTOR IS SOLELY RESPONSIBLE FOR JOBSITE SAFETY, AND WARRANTS THAT THIS INTENT IS MADE EVIDENT BY THE AGREEMENT BETWEEN OWNER AND CONTRACTOR.
   C. ALL EXISTING OVERHEAD AND UNDERGROUND UTILITIES SHOWN ON THESE DRAWINGS OR ENCOUNTERED THROUGH THE PROGRESSION OF WORK AT THIS PROJECT SITE ARE ASSUMED TO BE LIVE, CONTRACTOR SHALL BE RESPONSIBLE FOR ALL SAFETY PRECAUTIONS WHEN WORKING AROUND EXISTING OVERHEAD OR UNDERGROUND UTILITIES.

PROCESS & INSTRUMENTATION LEGEND

VALVE SYMBOLS

- GATE N/O
- GATE N/C
- BALL N/O
- BALL N/C
- REDUCER (CONCENTRIC)
- REDUCER (ECCENTRIC)
- GLOBE
- VEE BALL
- BUTTERFLY
- OR PLUG
- SWING CHECK
- DIFFUSER (FLAPPER) CHECK
- VALVE W/ DIAPHRAGM ACTUATOR
- PRESSURE RELIEF VALVE
- PRESSURE SUSTAINING (INTERNAL TAP)
- PRESSURE SUSTAINING (EXTERNAL TAP)
- PRESSURE REDUCING
- KNIFE
- AIR RELEASE
- MOTOR OPERATED VALVE
- PINCH
- NEEDLE
- MUD
- BACKFLOW
- 2-WAY VALVE
- 3-WAY VALVE
- 4-WAY VALVE

VALVE ACTUATOR SYMBOLS

- DIAPHRAGM
- ELECTRICAL MOTOR
- SOLENOID
- PISTON
- LEVER
- HAND WHEEL
- CHAIN WHEEL

FLOW ELEMENT SYMBOLS

- ROTAMETER
- VENTURI (FE)
- FLOW ELEMENT (ORIFICE PLATE)
- FLOW METER (PROPELLER)
- FLOW METER (MAGNETIC)

GENERAL SYMBOLS

- DIAPHRAGM SEAL
- PE — PRESSURE SENSOR
- LEVEL (FLOAT)
- DIFFUSER
- WATER LEVER / SURFACE
- FLOAT SWITCH
- TILT FLOAT SWITCH
- SIGHT GLASS
- I — PANEL MOUNTED INTERLOCK (HARDWIRED)
- POWER (120 VOLT)
- RECEPTACLE
- (X) WIRING (IDENTIFIER)
- PROPOSED PANEL, PULL BOX, ELECTRICAL CABINET BOUNDARY
- SKID UNIT / EQUIPMENT BOUNDARY
- A — OR — A INTERCEPT EXISTING WIRING (SEE ELECTRICAL DRAWINGS)
- GENERATOR RECEPTACLE
- ASC — ADJUSTABLE SPEED CONTROL (ELECTRIC)
- VSD — VARIABLE SPEED CONTROL (MECHANICAL)
- VFD — VARIABLE FREQUENCY DRIVE
- LASER — NON-CONTACT LASER FLOW VELOCITY SENSOR
- M — REDUCER / MOTOR DRIVE UNIT
- ETHERNET MODEM — ETHERNET MODEM
- ETHERNET SWITCH — ETHERNET SWITCH
- INTERNET MODEM — INTERNET MODEM
- VPN ROUTER AND FIREWALL — VPN ROUTER AND FIREWALL
- RADIO / MODEM — ETHERNET (RADIO / MODEM)
- F/O | M — MEDIA CONVERTER FIBER OPTIC TO ETHERNET
- MCP-PLC — PLC MAIN CONTROL PANEL
- EH — ETHERNET HUB (SWITCH)
- INDUSTRIAL PC — COMPUTER TERMINAL
- KEYPAD
- ANTENNA
- BFP — BACKFLOW PREVENTER
- EXHAUST SILENCER
- ANTI-VORTEX PLATE
- MIXER
- FLOOR DRAIN
- FLEXIBLE HOSE
- INJECTION WELL
- H — HOSE CONNECTION
- F — FLUSHING CONNECTION
- S — SAMPLE POINT
- PROCESS FLUME
- STATIC MIXER
- AIR RELEASE VALVE (W/GAUGE AND W/O GAUGE)
- QUICK COUPLING HOSE CONNECTION
- THREADED HOSE CONNECTION
- BULKHEAD FITTING
- EMERGENCY EYEWASH / SHOWER HEAD
- EMERGENCY EYEWASH / SHOWER SIGNAL LIGHT
- SEPERATOR
- EDUCTOR
- WASTE CONTAINER
- AIR COMPRESSOR
- AC — INSTRUMENT AIR COMPRESSOR
- FILTER / REGULATOR
- BLOWER FAN
- UNION
- "Y" STRAINER
- "T" STRAINER
- FLANGE
- EXPANSION JOINT

PUMP SYMBOLS

- S — SUBMERSIBLE PUMP
- ROTARY GEAR PUMP
- CENTRIFUGAL PUMP FOOT MOUNTED
- CENTRIFUGAL PUMP RECEIVER MOUNTED
- GRINDER PUMP
- POSITIVE DISPLACEMENT PUMP
- VC — VERTICAL CANTILEVERED PUMP
- VT — VERTICAL TURBINE PUMP IN CAN
- VP — VERTICAL CENTRIFUGAL PUMP
- VT — VERTICAL TURBINE PUMP
- DOUBLE DIAPHRAGM PUMP (AIR OPERATED)
- M — DOUBLE DIAPHRAGM PUMP (ELECTRIC MOTOR OPERATED)
- CHEMICAL FEED PUMP (DIAPHRAGM)
- VAC FEED — VACUUM CHEMICAL DOSING UNIT
- M — PROGRESSIVE CAVITY PUMP

LINETYPE AND ANNOTATION SYMBOLS

PROPOSED	EXISTING

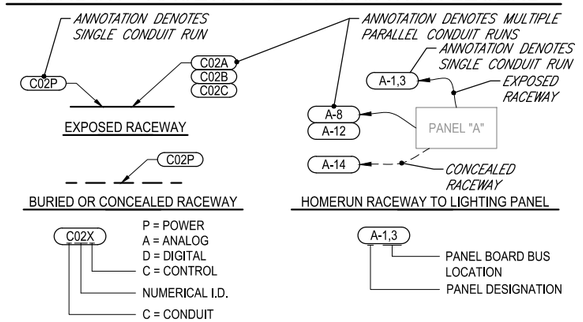
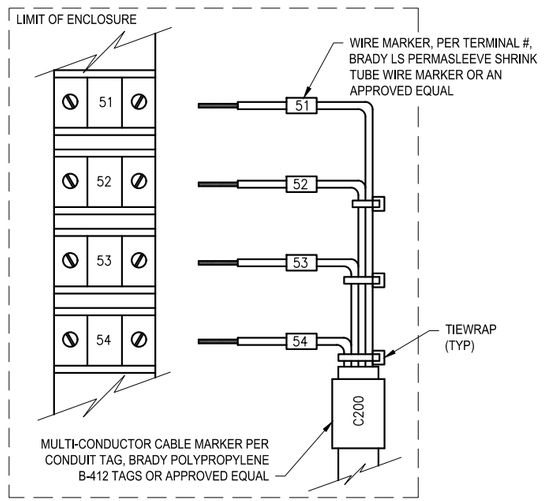
GENERAL NOTES

1. THE SCHEDULE SHALL ESTABLISH THE MINIMUM LEVEL OF QUALITY FOR MATERIALS, UNLESS OTHERWISE INDICATED BY THE DRAWINGS OR NOTED IN THE SPECIFICATIONS.
2. THE SCHEDULE SHALL NOT APPLY TO POWER TRANSFORMERS, LIGHT FIXTURES AND LIGHT POLES. THESE ELEMENTS ARE NOTED OR INDICATED ELSEWHERE.
3. PVC COATED RGS WHERE NOTED OR INDICATED ON DRAWINGS.

CONDUIT / RACEWAY IDENTIFICATION LEGEND





TERMINATION EXAMPLE DETAIL

SCALE : N.T.S.

GENERAL ELECTRICAL NOTES

1) ALL PROPOSED AND MODIFIED CONDUITS AND WIRE SHALL BE LABELED PER STANDARD DETAILS.
2) THE CONTRACTOR SHALL VERIFY EXACT LOCATION OF ELECTRICAL ENCLOSURES AND CONDUIT ENTRANCES OF ALL EQUIPMENT AGAINST APPROVED SHOP DRAWINGS BEFORE STUBBING UP CONDUITS.
3) CONDUIT FOR FUTURE EQUIPMENT OR EXTENSION SHALL BE TERMINATED AS SHOWN IN DETAILS OR AS SPECIFIED. ALL EXPOSED CONDUIT STUB UPS SHALL BE CAPPED.
4) CONNECTION BETWEEN RIGID CONDUIT AND MOTOR TERMINAL BOX SHALL BE LIQUID-TIGHT FLEXIBLE METAL CONDUIT.
5) EXPOSED CONNECTIONS SHALL BE LIQUID-TIGHT FLEXIBLE METAL CONDUIT WITH APPROVED GROUNDING FITTINGS AND SHALL NOT EXCEED 30" IN LENGTH FOR 2" SIZE FITTINGS AND LARGER. MAXIMUM LENGTH OF 18" FOR SIZES 1" AND SMALLER.
6) CONDUITS TERMINATING AT SWITCHBOARD, MOTOR CONTROL CENTER, POWER PANELS, CONTROL CABINETS, ETC., SHALL BE EQUIPPED WITH A GROUNDING BUSHING 'OZ' TYPE 'GB' AND GROUNDED AS INDICATED ON DRAWINGS OR PER NEC SECTION ARTICLE 250.
7) EQUIPMENT SHALL BE INSTALLED IN ACCORDANCE WITH APPROVED SHOP DWG, ADJUSTMENT OR ALTERATIONS SHALL BE MADE WITH ENGINEERS APPROVAL.
8) MOTOR CONTROL CENTERS, SWITCHBOARDS, SWITCHGEAR AND ALL FREE STANDING PANELS SHALL BE SET ON CONCRETE HOUSEKEEPING PAD AS SHOWN IN DETAILS, UNLESS OTHERWISE INDICATED.
9) IN CASE OF INTERFERENCE BETWEEN ELECTRICAL EQUIPMENT SHOWN ON THE DRAWINGS AND OTHER EQUIPMENT OR CONFLICTS, THE CONTRACTOR SHALL NOTIFY THE ENGINEER IN WRITING AND THE ENGINEER SHALL REVIEW THE PROPOSED CHANGES BEFORE THEY ARE MADE.
10) ALL OUTDOOR DEVICES SHALL BE "IN-USE" WEATHERPROOF.
11) ALL RECEPTACLES IN OUTDOOR OR ANTICIPATED WET AREAS SHALL BE GROUND FAULT INTERRUPTER RECEPTACLES.
12) ALL RECEPTACLES SHALL BE MOUNTED 14" ABOVE FLOOR SURFACE UNLESS OTHERWISE INDICATED.
13) LOCATION OF PULLBOXES ARE APPROXIMATE. CONTRACTOR SHALL COORDINATE EXACT LOCATION OF PULL BOXES WITH MECHANICAL PIPING AND/OR OTHER SITE WORK. ANY FIELD ADJUSTMENTS SHALL BE AT NO ADDITIONAL COST TO THE OWNER.
14) CONTRACTOR SHALL PROVIDE PULLBOXES WHERE THEY ARE REQUIRED TO MAKE A WORKABLE INSTALLATION WHETHER INDICATED BY DRAWINGS OR NOT.
15) SEE SPECIFICATIONS DIVISION 16 FOR ADDITIONAL NOTES AND REQUIREMENTS.
16) CONTRACTOR SHALL DUCT SEAL ALL ELECTRICAL CONDUITS ENTERING CONTROL PANELS, SWITCHBOARDS, PANEL BOARDS, SAFETY SWITCHES AND THE LIKE. DUCT SEAL SHALL ALSO BE APPLIED TO CONDUITS ENTERING CHEMICAL AREAS SUCH AS CHLORINE ROOMS AND THE LIKE TO PROHIBIT GAS MIGRATION TO OTHER AREAS. DUCT SEAL SHALL BE APPLIED TO CONDUITS AT BOTH ENDS. DUCT SHALL BE PUG DUCT SEAL BY GB ELECTRICAL OR EQUAL.

PRETTY LANE PUMP STATION LOCATION MAP

N.T.S.

GENERAL ELECTRICAL NOTES

1) MINIMUM CONDUIT SIZE = 3/4"
2) SEE DWG E-1 FOR CONDUIT MATERIAL REQUIREMENTS.
3) FIELD VERIFY RTU AND ANTENNA LOCATION WITH OWNER/ENGINEER.
4) PROVIDE DUCT SEAL FOR ALL CONDUITS ENTERING CONTROL PANEL CABINET AND RTU PANEL.

SPECIFIC NOTES

1. NEW CONDUIT AND WIRE FOR POWER AND I/O PER I-DWGS AND SPECIFICATIONS.
2. WIRING AND CONDUIT TO BE CONFIRMED BY DESIGN/BUILDER.
3. CONTROL PANEL REVISIONS PER DESIGN/BUILDER'S APPROVED SHOP DRAWINGS.
4. NEW RTU PER DESIGN/BUILDER'S APPROVED SHOP DRAWINGS.
5. INSTALL RADAR LEVEL TRANSDUCER IN WETWELL. ROUTE CABLE VIA EXISTING CONDUITS TO EXISTING CONTROL PANEL, THEN TO NEW RTU.
6. FURNISH AND INSTALL 1P-20A BREAKER FOR RTU POWER SUPPLY.

2) SEE DWG E-1 FOR CONDUIT MATERIAL REQUIREMENTS.
3) FIELD VERIFY RTU AND ANTENNA LOCATION WITH OWNER/ENGINEER.
4) PROVIDE DUCT SEAL FOR ALL CONDUITS ENTERING CONTROL PANEL CABINET AND RTU PANEL.

SPECIFIC NOTES

1. NEW CONDUIT AND WIRE FOR POWER AND I/O PER I-DWGS AND SPECIFICATIONS.
2. WIRING AND CONDUIT TO BE CONFIRMED BY DESIGN/BUILDER.
3. CONTROL PANEL REVISIONS PER DESIGN/BUILDER'S APPROVED SHOP DRAWINGS.
4. NEW RTU PER DESIGN/BUILDER'S APPROVED SHOP DRAWINGS.
5. INSTALL RADAR LEVEL TRANSDUCER IN WETWELL. ROUTE CABLE VIA EXISTING CONDUITS TO EXISTING CONTROL PANEL, THEN TO NEW RTU.
6. FURNISH AND INSTALL 1P-20A BREAKER FOR RTU POWER SUPPLY.

PART 5

SPECIFICATIONS

SECTION 01005

GENERAL REQUIREMENTS

PART 1 GENERAL

1.01 WORK INCLUDED

A. Written and drawn Work specified in these Contract Documents are the sole responsibility of the CONTRACTOR.

B. Provide materials, equipment, and incidentals necessary for proper completion of the Work required by the Specifications and as shown on the Drawings, using qualified labor and supervision.

C. Summary of Work can be found in Section 01010 - Summary of Work. Obtain and pay for required permits. Perform and complete the work in the manner best calculated to promote rapid construction consistent with safety of life and property and to the satisfaction of the ENGINEER and OWNER, and in strict accordance with the Contract Documents. Clean up the work and maintain it during and after construction, until accepted, perform work and pay costs incidental thereto. Repair or restore structures and property that may be damaged or disturbed during performance of the work.

D. The cost of incidental work described in these GENERAL REQUIREMENTS, for which there are no specific Contract Items, shall be considered as part of the general cost of doing the work and shall be included in the prices for the various Contract Items. No additional payment will be made therefor.

E. Provide and maintain such modern plant, tools, and equipment as may be necessary, to perform in a satisfactory and acceptable manner all the work required by this Contract. Only equipment of established reputation and proven efficiency shall be used.

F. The CONTRACTOR is solely responsible for the adequacy of his workmanship, materials, and equipment, prior review of the ENGINEER notwithstanding.

1.02 WORK TO BE PERFORMED BY OTHERS

A. During the construction period for this project, the OWNER (either with his own forces or under a separate contract) may be performing work that will require the cooperation of the CONTRACTORs in scheduling and coordination to avoid conflicts.

1.03 PROGRESS OF PIPELINE CONSTRUCTION

A. Perform Work in a systematic manner so that a minimum of inconvenience will result to the public in the course of construction. It is, therefore, necessary to confine operations to as small a length of work area per crew as is practical. Normally, the trenching equipment shall not be farther than 200 feet ahead of each pipe-laying crew or such distance as necessary to provide maximum safety. Backfill the trench so no section of properly laid pipe is left uncovered longer than is absolutely necessary. The safety conditions of open excavations shall be the CONTRACTOR's responsibility. Completely

backfill and clean up after each section of pipe has been inspected and approved.

1.04 PUBLIC UTILITY INSTALLATIONS AND STRUCTURES

A. Public utility installations and structures shall be understood to include poles, tracks, pipes, wires, conduits, house service connections, vaults, manholes, other appurtenances, and facilities pertaining thereto whether owned or controlled by the OWNER, other governmental bodies or privately owned by individuals, firms, and corporations, used to serve the public with transportation, traffic control, gas, electricity, telephone, cable TV, sewerage collection, drainage collection, potable water, irrigation water, and other public and private property which may be affected by the work shall be deemed included hereunder.

B. The Contract Documents contain data relative to existing public utility installations and structures above and below the ground surface. These data are not guaranteed as to their completeness or accuracy and it is the responsibility of the CONTRACTOR to make his own investigations to inform himself fully of the character, condition and extent of all such installations and structures as may be encountered and as may affect the construction operations.

C. Protect public utility installations and structures from damage during the work. Arrange construction operations as to avoid damage to these facilities. Provide required protective devices and construction including but not limited to temporary pipe supports at CONTRACTOR expense. Repair existing public utilities damaged by the CONTRACTOR which are shown on the Plans or have been located in the field by the utility, at CONTRACTOR expense, as directed by the ENGINEER. No separate payment shall be made for such protective devices or repairs to public utility installations or structures.

D. The CONTRACTOR is solely and directly responsible to the OWNER and operators of such properties for any damage, injury, expense, loss, inconvenience, delay, suits, actions, and claims of any character brought because of any injuries or damage which may result from the construction operations under this Contract.

E. Neither the OWNER nor its officers or agents will be responsible to the CONTRACTOR for damages as a result of the Contractor's failure to protect utilities encountered in the work.

F. Public utility installations or structures owned or controlled by the OWNER or another governmental body which are shown on the Drawings to be removed, relocated, replaced or rebuilt by the CONTRACTOR shall be considered as a part of the general cost of doing the work and shall be included in the prices bid for the various contract items. No separate payment shall be made therefore.

G. Where public utility installations or structures owned or controlled by the OWNER, another governmental body or public agency are encountered during the course of the work, and are not indicated on the Drawings or in the Specifications, and when, in the opinion of the ENGINEER, removal, relocation, replacement, or rebuilding is necessary to complete the work under this Contract, such work shall be accomplished by the utility having jurisdiction, or such work may be

ordered, in writing by the utility for the CONTRACTOR to accomplish. If such work is accomplished by the utility having jurisdiction, it will be carried out expeditiously and the CONTRACTOR shall give full cooperation to permit the utility to complete the removal, relocation, replacement or rebuilding as required. If such work is accomplished by the CONTRACTOR, it will be paid for as extra work as provided in the Agreement.

H. In the event of interruption to domestic water, sewer, storm drain, or other utility services as a result of accidental breakage due to construction operations, promptly notify the proper authority. Cooperate with said authority in restoration of service as promptly as possible and bear all costs of repair. In no case shall interruption of any water or utility service be allowed to exist outside working hours unless prior approval is granted.

I. During performance of the work employ approved methods, exercise reasonable care and skill so as to avoid unnecessary delay, injury, damage, and destruction of public utility installations and structures, avoid unnecessary interference with, or interruption of, public utility services, and cooperate fully with the OWNERs thereof to that end.

J. Perform maintenance, repair, removal, relocation, or rebuilding of public utility installations and structures, when accomplished by the CONTRACTOR as specified, by methods approved by the owner of the utility.

K. Provide written notice to OWNER and other governmental utility departments and other OWNERs of public utilities of the location of his proposed construction operations, at least forty-eight hours in advance of breaking ground in any area or on any unit of the work. This can be accomplished by making the appropriate contact with the following utility companies:

Name of Utility	Responsible Authority	Telephone No.
Sunshine State One Call of Florida, Inc.	General Utility Location	(800) 432-4770

1.05 TEMPORARY SHUTDOWN OF EXISTING OPERATIONS AND UTILITIES

A. Connections to existing services or utilities, or other work that requires the temporary shutdown of any existing operations or utilities shall be planned in detail with appropriate scheduling of the Work and coordinated with the OWNER or ENGINEER. The approved schedule for shutdown or restart shall be indicated on the CONTRACTOR's Progress Schedule, and advance notice shall be given in order that the OWNER or ENGINEER may witness the shutdown, tie-in and startup and coordinate with affected people.

B. Materials and equipment (including emergency equipment) necessary to expedite the tie-in shall be on hand prior to the shutdown of existing services or utilities.

1.06 INTERFERING STRUCTURES

A. Take necessary precautions to prevent damage to existing structures whether on the surface, aboveground or underground. An attempt has been made to show major structures on the Drawings. The completeness and accuracy of information shown cannot be guaranteed, and it is presented simply as a guide to avoid know possible difficulties.

B. Protect underground and above ground existing structures from damage, whether or not they lie within the limits of the existing right-of-way and/or additional right-of-way and easements obtained by the OWNER. Where such existing fences, gates, barns, sheds, buildings or any other structure must be removed during construction, restore to their original condition to the satisfaction of the property owner involved at the CONTRACTOR's own expense. Notify the ENGINEER of any damaged underground structure and make repairs or replacements before backfilling.

C. Without additional compensation, the CONTRACTOR may remove and replace in a condition good as or better than original, such small miscellaneous structures as fences, mailboxes and signposts that interfere with the CONTRACTOR's operations.

1.07 FIELD RELOCATION

A. During the progress of construction, it is expected that minor relocations of the work may be necessary. Such relocations shall be made only by direction of the ENGINEER. If existing structures are encountered which prevent the construction, and which are not properly shown on the drawings, notify the ENGINEER before continuing with the construction in order that the ENGINEER my make such field revisions as necessary to avoid conflict with the existing structures. If the structure is encountered, and shall proceed with the construction despite this interference, he shall do so at his own risk.

1.08 EASEMENTS

A. Where portions of the work are located on public or private property, easements and permits will be obtained by the OWNER. Easements will provide for the use of property for construction purposes to the extent indicated on the easements. Copies of these easements and permits are available upon request to the OWNER. It shall be the CONTRACTOR's responsibility to determine the adequacy of the easement obtained in every case and to abide by all requirements and provisions of the easement or permit. The CONTRACTOR shall confine his construction operations to within the easement limits or street right-of-way limits or make special arrangements with the property owners or appropriate public agency for the additional area required. Any damage to property, either inside or outside the limits of the easements provided by the OWNER, shall be the responsibility of the CONTRACTOR as specified herein. The CONTRACTOR shall remove, protect and replace all fences or other items encountered on public or private property. Before final payment will be authorized by the ENGINEER, the CONTRACTOR will be required to furnish the OWNER with written releases from property owners or public agencies where side agreements or special easements have been made by the CONTRACTOR of where the CONTRACTOR's operations, for any reason, have not been kept within the construction right-of-way obtained by the OWNER.

B. It is anticipated that the required easements and permits will be obtained before construction is started. However should the procurement of any easement or permit be delayed, the CONTRACTOR shall schedule and perform the work around these areas until such time as the easement or permit has been secured.

1.09 LAND MONUMENTS

A. Notify the ENGINEER of any existing federal, state, county, city and private land monuments encountered. Private monuments that are within 5 feet of the trench centerline shall be preserved, or replaced by a licensed surveyor at the CONTRACTOR's expense. Notify the ENGINEER when government monuments are encountered at least 2 weeks in advance of the proposed construction in order that the ENGINEER will have ample opportunity to notify the proper authority and reference these monuments for later replacement.

1.10 DRAWINGS AND SPECIFICATIONS

A. Drawings

The Drawings referred to in the Contract Documents bear the general project name and number as shown in the Invitation to Bid.

When obtaining data and information from the Drawings, figures shall be used in preference to scaled dimensions, and large scale drawings in preference to small scale drawings.

B. Copies furnished to CONTRACTOR

After the Contract has been executed, the contractor will be furnished with three (3) sets of paper prints, the same size as the original drawings and three (3) copies of the Specifications. Additional copies of the Plans and Specifications, when requested, may be furnished to the CONTRACTOR at cost of reproduction.

The CONTRACTOR shall furnish each of the subcontractors, manufacturers, and material men such copies of the Contract Documents as may be required for their work.

C. Supplementary Drawings

When, in the opinion of the ENGINEER, it becomes necessary to explain more fully the work to be done or to illustrate the work further or to show any changes which may be required, drawings known as Supplementary Drawings, with specifications pertaining thereto, will be prepared by the ENGINEER and five (5) paper prints thereof will be given to the CONTRACTOR.

The Supplementary Drawings shall be binding upon the CONTRACTOR with the same force as the Drawings. Where such Supplementary Drawings require either less or more than the estimated quantities of work, credit to the OWNER or compensation therefor to the CONTRACTOR shall be subject to the terms of the Agreement.

D. CONTRACTOR To Check Drawings and Data

Verify all dimensions, quantities and details shown on the Drawings, Supplementary Drawings, schedules, Specifications or other data received from the ENGINEER, and shall notify him of all errors, omissions, conflicts, and discrepancies found therein. Failure to discover or correct errors, conflicts or discrepancies shall not relieve the CONTRACTOR of full responsibility for unsatisfactory work, faulty construction or improper operation resulting therefrom nor from rectifying such conditions at his own expense. He will not be allowed to take advantage of any errors or omissions, as full instructions will be furnished by the ENGINEER, should such errors or omissions be discovered. All schedules are given for the convenience of the ENGINEER and the CONTRACTOR and are not guaranteed to be complete. The CONTRACTOR shall assume all responsibility for the making of estimates of the size, kind, and quality of materials and equipment included in work to be done under the Contract.

E. Specifications

Each Technical Specification Section consists of three parts: General, Products and Execution. The General part contains General Requirements which govern the Work. Products and Execution modify and supplement these by detailed requirements for the work and shall always govern whenever there appears to be a conflict.

F. Intent

All work called for in the Specifications applicable to this Contract, but not shown on the Drawings in their present form, or vice versa, shall be of like effect as if shown or mentioned in both. Work not specified in either the Drawings or in the Specifications, but involved in carrying out their intent or in the complete and proper execution of the work, is required and shall be performed by the CONTRACTOR as though it were specifically delineated or described.

The apparent silence of the Specifications as to any detail, or the apparent omission from them of a detailed description concerning any work to be done and materials to be furnished, shall be regarded as meaning that only the best general practice is to prevail and that only material and workmanship of the best quality is to be used, and interpretation of these Specifications shall be made upon that basis.

1.11 MATERIALS AND EQUIPMENT

A. General

Materials and equipment to be incorporated in the Work must be new and unused. The use of reconditioned or refurbished materials and equipment will not be allowed.

B. Manufacturer

The names of proposed manufacturers, material men, suppliers and dealers who are to furnish materials, fixtures, equipment, appliances or other fittings shall be submitted to the ENGINEER for review as early as possible, to afford proper investigation and checking. Such review must be obtained before Shop Drawings will be checked. No manufacturer will be acceptable to furnish any materials under this Contract unless it shall be of good reputation and have a plant of ample capacity. Manufacturers shall, upon the request of the

ENGINEER, be required to submit evidence that it has manufactured a similar product to the one specified and that it has been previously used for a like purpose for a sufficient length of time to demonstrate its satisfactory performance.

All transactions with the manufacturers or subcontractors shall be through the CONTRACTOR, unless the contractor shall request, in writing to the ENGINEER, that the manufacturer or subcontractor deal directly with the ENGINEER. Any such transactions shall not in any way release the CONTRACTOR from his full responsibility under this Contract.

Any two or more pieces of material or equipment of the same kind, type or classification, and being used for identical types of service shall be made by the same manufacturer.

C. Delivery

Deliver materials in ample quantities to insure the most speedy and uninterrupted progress of the work so as to complete the work within the allotted time. Also coordinate deliveries in order to avoid delay in, or impediment of, the progress of the work of any related CONTRACTOR.

D. Tools and Accessories

Unless otherwise stated in the Contract Documents, furnish with each type, kind or size of equipment, one complete set of suitably marked high grade special tools and appliances which may be needed to adjust, operate, maintain or repair the equipment. Such tools and appliances shall be furnished in painted steel cases, properly labeled and equipped with good grade cylinder locks and duplicate keys.

Furnish spare parts as specified.

Provide with each piece of equipment a substantial nameplate, securely fastened in place and clearly inscribed with the manufacturer's name, year of manufacture, serial number, weight and principal rating data.

E. Installation of Equipment

Have on hand sufficient proper equipment and machinery of ample capacity to facilitate the work and to handle all emergencies normally encountered in work of this character.

Erect equipment in a neat and workmanlike manner on the foundations at the locations and elevations shown on the Drawings. Correctly align, level, and adjust equipment for satisfactory operation and install so that proper and necessary connections can be made readily between the various units.

F. Service of Manufacturer's ENGINEER

The Contract prices for equipment shall include the cost of furnishing a competent and experienced engineer or superintendent who shall represent the manufacturer and shall assist the CONTRACTOR, when required, to install, adjust, test and place in operation the equipment in conformity with the Contract Documents. After the equipment is placed in permanent operation by the OWNER, such engineer or

superintendent shall make all adjustments and tests required by the ENGINEER to prove that such equipment is proper and in satisfactory operating condition, and shall instruct such personnel as may be designated by the OWNER in the proper operation and maintenance of such equipment.

1.12 INSPECTION AND TESTING

A. General

Inspection and testing of materials will be performed by a representative of the OWNER unless otherwise specified.

For tests specified to be made by the CONTRACTOR, the testing personnel shall make the necessary inspections and tests and the reports thereof shall be in such form as will facilitate checking to determine compliance with the Contract Documents. Five copies of the reports shall be submitted and authoritative certification thereof must be furnished to the ENGINEER as a prerequisite for the acceptance of any material or equipment.

If, in the making of any test of any material or equipment, it is ascertained by the ENGINEER that the material or equipment does not comply with the Contract, the CONTRACTOR will be notified thereof and he will be directed to refrain from delivering said material or equipment, or to remove it promptly from the site or from the work and replace it with acceptable material, without cost to the OWNER.

Tests of electrical and mechanical equipment and appliances shall be conducted in accordance with recognized test codes of the ANSI, ASME, or the IEEE, except as may otherwise be stated herein.

The CONTRACTOR shall be fully responsible for the proper operation of equipment during tests and instruction periods and shall neither have nor make any claim for damage which may occur to equipment prior to the time when the OWNER formally takes over the operation thereof.

B. Costs

Inspection and testing of materials furnished under this Contract will be performed by the OWNER or duly authorized inspection engineers or inspection bureaus without cost to the CONTRACTOR, unless otherwise expressly specified.

The cost of shop and field tests of equipment and of certain other tests specifically called for in the Contract Documents shall be borne by the CONTRACTOR and such costs shall be deemed to be included in the Contract price.

Materials and equipment submitted by the CONTRACTOR as the equivalent to those specifically named in the Contract may be tested by the OWNER for compliance. The CONTRACTOR shall reimburse the OWNER for the expenditures incurred in making such tests on materials and equipment which are rejected for non-compliance.

C. Inspection of Materials

Give notice in writing to the ENGINEER, sufficiently in advance of intention to commence the manufacture or preparation of materials especially manufactured or prepared for use in or as part of the permanent construction. Such notice shall contain a request for inspection, the date of commencement and the expected date of completion of the manufacture or preparation of materials. Upon receipt of such notice, the ENGINEER will arrange to have a representative present at such times during the manufacture as may be necessary to inspect the materials or he will notify the CONTRACTOR that the inspection will be made at a point other than the point of manufacture, or he will notify the CONTRACTOR that inspection will be waived. The CONTRACTOR must comply with these provisions before shipping any material. Such inspection shall not release the CONTRACTOR from the responsibility for furnishing materials meeting the requirements of the Contract Documents.

D. Certificate of Manufacture

When inspection is waived or when the ENGINEER so requires, the CONTRACTOR shall furnish to him authoritative evidence in the form of Certificates of Manufacture that the materials to be used in the work have been manufactured and tested in conformity with the Contract Documents. These certificates shall be notarized and shall include copies of the results of physical tests and chemical analyses, where necessary, that have been made directly on the product or on similar products of the manufacturer.

E. Shop Tests of Operating Equipment

Test each piece of equipment for which pressure, duty, capacity, rating, efficiency, performance, function, or special requirements are specified in the shop of the maker in a manner which shall conclusively prove that its characteristics comply fully with the requirements of the Contract documents. No such equipment shall be shipped to the work until the ENGINEER notifies the CONTRACTOR, in writing, that the results of such tests are acceptable.

Five copies of the manufacturer's actual test data and interpreted results thereof, accompanied by a certificate of authenticity sworn to by a responsible official of the manufacturing company, shall be forwarded to the ENGINEER for approval.

The cost of shop tests and of furnishing manufacturer's preliminary and shop test data of operating equipment shall be borne by the CONTRACTOR.

F. Preliminary Field Tests

As soon as conditions permit, provide materials, equipment, and incidentals necessary for proper completion of the preliminary field tests of equipment, using qualified labor and supervision. If the preliminary field tests disclose any equipment furnished under this Contract which does not comply with the requirements of the Contract Documents, the CONTRACTOR shall, prior to the acceptance tests, make all changes, adjustments and replacements required. The supplier and furnishing contractor shall assist in the preliminary field tests as applicable.

G. Final Field Tests

Upon completion of the work and prior to final payment, all equipment and piping installed under this Contract shall be subjected to acceptance tests as specified or required to prove compliance with the Contract Documents.

Provide materials, equipment, fuel, energy, water, and incidentals necessary for proper completion of the acceptance tests and final field tests required by the Specifications and as shown on the Drawings, using qualified labor and supervision.

H. Failure of Tests

Any defects in the materials and equipment or their failure to meet the tests, guarantees or requirements of the Contract Documents shall be promptly corrected by the CONTRACTOR by replacements or otherwise. The decision of the ENGINEER as to whether or not the CONTRACTOR has fulfilled his obligations under the Contract shall be final and conclusive. If the CONTRACTOR fails to make these corrections or if the improved materials and equipment, when tested, shall again fail to meet the guarantees or specified requirements, the OWNER, notwithstanding its partial payment for work, and materials and equipment, may reject the materials and equipment and may order the CONTRACTOR to remove them from the site at his own expense.

If the failure during testing is fully or partly due to the equipment provided by the CONTRACTOR, as determined by the ENGINEER, the Furnishing CONTRACTOR shall make all required improvements at no cost to the OWNER.

In case the OWNER rejects any materials and equipment, then the CONTRACTOR shall replace the rejected materials and equipment within a reasonable time. If he fails to do so, the OWNER may, after the expiration of a period of thirty (30) calendar days after giving him notice in writing, proceed to replace such rejected materials and equipment, and the cost thereof shall be deducted from any compensation due or which may become due the CONTRACTOR under his Contract.

The OWNER agrees to obtain other equipment within a reasonable time and the CONTRACTOR agrees that the OWNER may use the equipment furnished by him without rental or other charges until the new equipment is obtained.

I. Final Inspection

During such final inspections, the work shall be clean and free from water. In no case will the final estimate be prepared until the CONTRACTOR has complied with all requirements set forth and the ENGINEER has made his final inspection of the entire work and is satisfied that the entire work is properly and satisfactorily constructed in accordance with the requirements of the Contract documents.

1.13 TEMPORARY STRUCTURES

A. Responsibility for Temporary Structures

In accepting the Contract, the CONTRACTOR assumes full responsibility for the sufficiency and safety of all temporary structures or work and for any damage which may result from their failure or their improper construction, maintenance or operation and will indemnify and save harmless the OWNER and ENGINEER from all claims, suits or actions and damages or costs of every description arising by reason of failure to comply with the above provisions.

1.14 TEMPORARY SAFETY SERVICES

A. Accident Prevention

Precautions shall be exercised at all times for the protection of person and property. The safety provisions of applicable laws, building and construction codes shall be observed. Comply with the U.S. Department of Labor Safety and Health Regulations for construction promulgated under the Occupational Safety and Health Act of 1970 (PL 910-596), and under Section 107 of the contract Work. Hours and Safety Standards Act (PL 91-54), except where state and local safety standards exceed the federal requirements and except where state safety standards have been approved by the Secretary of labor in accordance with provisions of the Occupational Safety and Health Act, shall be complied with.

B. First Aid

Keep at each location where work is in progress, a completely equipped first aid kit and provide ready access thereto at all times when men are employed on the work.

1.15 TRAFFIC MAINTENANCE AND SAFETY

A. Comply with all rules and regulation of the state, county and city authorities regarding closing or restricting the use of public streets or highways. No public or private road shall be closed, except by express permission of the OWNER. Conduct the work so as to assure the least possible obstruction to traffic and normal commercial pursuits. Protect all obstructions within traveled roadways by installing approved signs, barricades and lights where necessary for the safety of the public. The convenience of the general public and residents adjacent to the project and the protection of persons and property are of prime importance and shall be provided for in an adequate and satisfactory manner.

B. Where traffic will pass over trenches after they are backfilled and before they are paved, the top of the trench shall be maintained in a condition that will allow normal vehicular traffic to pass over. Temporary access driveways must be provided where required. Cleanup operations shall follow immediately behind backfilling and the work site shall be kept in an orderly condition at all times.

C. When flagmen and guards are required by regulation or when deemed necessary for safety, they shall be furnished with approved orange wearing apparel and other regulation traffic-control devices.

1.16 PROTECTION OF PROPERTY

A. Protect stored materials, cultivated trees and crops and other items located adjacent to the proposed work. Notify property owners affected by the construction at least 48 hours in advance of the time construction begins. During construction operations, construct and maintain such facilities as may be required to provide access by all property owners to their property. No person shall be cut off from access to his residence or place of business for a period exceeding 8 hours, unless the CONTRACTOR has made special arrangements with the affected persons.

1.17 ACCESS FOR POLICE, FIRE, AND POSTAL SERVICE

A. Notify the fire department and police department before closing any street or portion thereof. No closing shall be made without the OWNER's approval. Notify said departments when the streets are again passable for emergency vehicles. Do not block off emergency vehicle access to consecutive arterial crossings or dead-end streets, in excess of 300 linear feet, without special written permission from the fire department. Conduct operations with the least interference to fire equipment access and at no time prevent such access.

B. The CONTRACTOR shall lease a night emergency telephone number or numbers with the police department so that contact may be made easily at all times in case of barricade and flare trouble or other emergencies.

C. Maintain postal service facilities in accordance with the requirements of the U.S. Postal Service. Move mailboxes to temporary locations designated by the U.S. Postal Service and at the completion of the work in each area, replace them in their original location and in a condition satisfactory to the U.S. Postal Service.

1.18 SITE RESTORATION AND CLEANUP

A. At all times during the work, keep the premises clean and orderly and upon completion of the work, repair all damage caused by equipment and leave the project free of rubbish or excess materials of any kind.

B. Stockpile excavated materials in a manner that will cause the least damage to adjacent lawns, grassed areas, gardens, shrubbery, or fences, regardless of whether these are on private property or on state, county or city rights-of-way. Remove all excavated materials from grassed and planted areas and leave these surfaces in a condition equivalent to their original conditions.

C. All existing drainage ditches and culverts shall be reopened and graded and natural drainage restored. Restore culverts broken or damaged to their original condition and location.

D. Upon completion of pipe laying and backfilling operations, hand-rake and drag all former grassed and planted areas leaving all disturbed areas free from rocks, gravel, clay or any other foreign materials and ready, in all aspects, for planting. The finished surface shall conform to the original surface and shall be free-draining and free from holes, ruts, rough spots or other surface features detrimental to a seeded area.

E. No trees, except those specifically shown on the Drawings to be removed, shall be removed without the express approval of the ENGINEER. Removed trees will be disposed of off the work site by the CONTRACTOR.

F. Originally seeded areas outside dedicated rights-of-way or easements shall be fertilized and reseeded with first-quality seed or planted with new sod as approved by the property owner. All ground preparation, reseeding and sodding shall be done in accordance with the best accepted practices for lawn planting. The CONTRACTOR shall be responsible for obtaining a satisfactory grass turf acceptable to the property owner.

G. Thoroughly clean all spilled dirt, gravel or other foreign material caused by the construction operations from all streets and roads at the conclusion of each day's operation.

1.19 PRESERVATION OF IRRIGATION AND DRAINAGE DITCHES

A. Arrange schedules so that construction will not interfere with the irrigation of cultivated lands or pasturelands. Construction may proceed during the irrigation season provided the CONTRACTOR constructs, at his own expense, temporary irrigation ditches, turnouts and miscellaneous structures acceptable to the owner of the property.

B. After backfilling of the trenches, restore all irrigation and storm drain ditches destroyed, damaged or otherwise modified during construction to a condition equivalent, in the opinion of the ENGINEER, to the condition of the ditch before construction. Ditches to be reconstructed shall be built in their original locations.

1.20 LINES AND GRADES

A. Grade

All work under this Contract shall be constructed in accordance with the lines and grades shown on the Plans, or as given by the ENGINEER. The full responsibility for keeping alignment and grade shall rest upon the CONTRACTOR.

B. Surveys

Furnish and maintain stakes and other such materials, and give such assistance, including qualified helpers, as may be required by the ENGINEER for setting reference marks. Check such reference marks by such means as deemed necessary and, before using them, call the ENGINEER's attention to any inaccuracies. Establish all working or construction lines and grades as required from the reference marks set by the ENGINEER, and be solely responsible for the accuracy thereof. Lines and grades are subject to the check and review of the ENGINEER.

Keep the ENGINEER informed a reasonable time in advance as to need for line and grade reference marks, in order that they may be furnished and all necessary measurements made for record and payment with the minimum of inconvenience to the ENGINEER or of delay to the CONTRACTOR.

It is the intention not to delay the Work for the establishment of reference marks but, when necessary, working operations shall be

suspended for such reasonable time as the ENGINEER may require for this purpose.

C. Safeguarding Marks

Safeguard all points, stakes, grade marks, monuments and bench marks made or established on the work, bear the cost of reestablishing them if disturbed, and bear the entire expense of rectifying work improperly installed due to not maintaining or protecting or to removing without authorization such established points, stakes and marks. Safeguard all existing and known property corners, monuments and marks adjacent to but not related to the work and, if required, bear the cost of reestablishing them if disturbed or destroyed.

D. Datum Plane

All elevations indicated or specified refer to the North American Vertical Datum of 1988 (NAVD 88) unless noted otherwise.

E. Refer to Section 01050 - Field Engineering.

1.21 PROTECTION OF WORK AND PUBLIC

A. Barriers and Lights

During the prosecution of the work, put up and maintain, at all times, such barriers and lights as will effectually prevent accidents. Provide suitable barricades, yellow lights, "danger" or "caution" or "street closed" signs and watchmen at all places where the work causes obstructions to the normal traffic or constitutes in any way a hazard to the public.

B. Noise

Eliminate noise to as great as extent as practicable at all times. Air compressing plants shall be equipped with silencers and the exhaust of all gasoline motors or other power equipment shall be provided with mufflers. In the vicinity of hospitals and schools, special care shall be used to avoid noise or other nuisances. Strictly observe all local regulations and ordinances covering noise control.

Except in the event of an emergency, no work shall be done between the hours of 7:00 P.M. and 7:00 A.M., or on Saturdays and Sundays. If the proper and efficient prosecution of the work requires operations during these hours, written permission of the ENGINEER shall be obtained before starting such items of the work.

C. Access to Public Services

Neither the materials excavated nor the materials or plant used in the construction of the work shall be so placed as to prevent free access to all fire hydrants, valves or manholes.

D. Dust Prevention

Give all unpaved streets, roads, detours or haul roads used in the construction area an approved dust-preventative treatment or

periodically water to prevent dust. Applicable environmental regulations for dust prevention shall be strictly enforced.

1.22 CUTTING AND PATCHING

A. Do all cutting, fitting or patching of this portion of the Work that may be required to make the several parts thereof join and coordinate in a manner satisfactory to the ENGINEER and in accordance with the Drawings and Specifications. The Work must be done by competent workmen skilled in the trade required by the restoration.

1.23 CLEANING

A. During construction of the Work, keep the site of the Work and adjacent premises as free from material, debris and rubbish as is practicable and remove same from any portion of the site if, in the opinion of the ENGINEER, such material, debris, or rubbish constitutes a nuisance or is objectionable.

Remove from the site all surplus materials and temporary structures when no further need therefore develops. Clean up all spillage and incur all associated costs including, but not limited to, costs related to repair and maintenance resulting from damages of such spills.

B. Final Cleaning

At the conclusion of the work, all erection plant, tools, temporary structures and materials belonging to the CONTRACTOR shall be promptly taken away, and remove and promptly dispose of all water, dirt, rubbish or any other foreign substances.

Thoroughly clean all equipment and materials installed and deliver such materials and equipment undamaged in a bright, clean, polished and new operating condition.

1.24 MISCELLANEOUS

A. Protection Against Siltation and Bank Erosion

1. Arrange operations to minimize siltation and bank erosion on construction sites and on existing or proposed water courses and drainage ditches.

2. Remove any siltation deposits and correct any erosion problems as recommended by the ENGINEER which results from the construction operations.

B. Protection of Wetland Areas

Properly dispose of all surplus material, including spoil, in accordance with Local, State and Federal regulations. Under no circumstances shall surplus material be disposed of in wetland areas as defined by the Florida Department of Environmental Regulation.

C. Existing Facilities

The work shall be so conducted to maintain existing facilities in operation insofar as is possible. Requirements and schedules of

operations for maintaining existing facilities in service during construction shall be as described in the Specific Provisions.

D. Use of Chemicals

All chemicals used during project construction or furnished for project operation, whether herbicide, pesticide, disinfection, polymer, reactant, or of other classification, must show approval of either EPA or USDA. Use of all such chemicals and disposal of residues shall be in strict conformance with instructions.

E. Use of Explosives

The use of any type of explosive to carry out any portion of the work is strictly prohibited.

PART 3 EXECUTION

Not Used.

END OF SECTION

SECTION 01010

SUMMARY OF WORK

PART 1 GENERAL

1.01 WORK INCLUDED

A. CONTRACTOR shall provide all labor, materials, equipment, incidentals, engineering, fabrication, delivery, installation, testing, and other pertinent work to complete and make operable the proposed SCADA System Improvements and associated work in accordance with the Contract documents.

B. Furnish all labor, materials, equipment, tools, services and incidentals to complete all work required by these Specifications and as shown on the Drawings.

C. Perform the work complete, in place, and ready for continuous service, and include repairs, testing, permits, cleanup, replacements and restoration required as a result of damages caused during this construction.

D. All materials, equipment, skills, tools and labor which are reasonably and properly inferable and necessary for the proper completion of the work in a substantial manner and in compliance with the requirements stated or implied by these Specifications or Drawings shall be furnished and installed by the CONTRACTOR whether specifically indicated in the Contract Documents or not.

E. Comply with all Municipal, County, State, Federal, and other codes which are applicable to the proposed construction work.

1.02 GENERAL DESCRIPTION OF WORK

A. The project consists of the implementation of Supervisory Control and Data Acquisition (SCADA) systems at fourteen (14) pump station locations owned and operated by the Village of Palm Springs.

1.03 DETAILED DESCRIPTION OF COMPONENTS

A. Preliminary site investigation (inclusive of radio frequency survey(s)).

B. Prepare and provide design/shop drawing submittals for all work components.

C. Design, construction and startup of SCADA system improvements at fourteen (14) existing sanitary pump station sites inclusive of all components, I/O, electrical, and necessary appurtenances per the Contract Documents and approved submittal..

D. Provide all specified record drawings, photographs, and other record documents.

E. Provide all surface restoration work and site cleanup in order to return the installation site(s) to conditions existing prior to mobilization of CONTRACTOR’s personnel. This will include repairs

and/or replacement of existing asphalt roadway, concrete pavement, sod, fencing and general cleanup of areas impacted by the CONTRACTOR's work.

F. All other required work whether implied or incidental to the proper completion of the project.

1.04 CONTRACT TIME

A. Contract times as specified in the Bid form and Agreement are as follows:

1. Substantial Completion = 300 calendar days from Notice to Proceed.
2. Final Completion = 330 calendar days from Date of Substantial Completion.

1.05 ALLOWANCES

A. The CONTRACTOR shall include in the Bid, the Lump Sum allowances itemized below to establish a fund which shall be used only by the CONTRACTOR with the specific approval of the ENGINEER to pay the cost of items not called for in these Specifications which cannot be anticipated at the time of Bidding. Payment for items of allowance shall be made in accordance with Article 11 of the General Conditions. Any unused balance of allowance shall revert to the OWNER upon completion of the Work.

BID ITEM	DESCRIPTION	AMOUNT
	Miscellaneous Work Allowance	$50,000.00
	TOTAL	$50,000.00

B. Additional contract time for providing miscellaneous work shall be as requested by CONTRACTOR and as approved by OWNER and ENGINEER.

1.06 PERMITS

A. The OWNER has obtained permits for the design and construction of these facilities from the following agencies:

1. None.

B. Pursuant to the Public Bid Disclosure Act, the permits and fees which the CONTRACTOR must apply for, obtain and pay prior to or during this project are as follows:

1. None required. Control Maintenance Project.

1.07 SPECIAL PROJECT CONSIDERATIONS

A. CONTRACTOR shall maintain existing pump station(s) capability for OWNER at all times via proposed or existing systems.

B. Temporary shutdowns of existing pump station(s) capabilities may be required for connections to existing facilities. CONTRACTOR shall

coordinate these requirements with the OWNER a minimum of 48 hours in advance.

C. VILLAGE shall provide bypass pumping, if required.

1.08 ALTERNATE ITEMS

A. The OWNER may require the following alternate items in the event they become necessary for the successful completion of this project:

1. None.

B. Alternate item(s) shall not be included or utilized in the bid evaluation process. If alternates are to be accepted, they will be added prior to the recommendation of award based on available funding at the time.

PART 2 PRODUCTS

Not Used.

PART 3 EXECUTION

Not Used.

END OF SECTION

SECTION 01200

PROJECT MEETINGS

PART 1 GENERAL

1.01 WORK INCLUDED

A. The ENGINEER shall schedule and administer pre-construction meeting, periodic progress meetings, and specially called meetings throughout the progress of the work. ENGINEER shall also:

1. Prepare agenda for meetings.
2. Make physical arrangement for meetings.
3. Preside at meetings.
4. Prepare and distribute minutes of the meetings.

B. Representatives of contractors, subcontractors and suppliers attending meetings shall be qualified and authorized to act on behalf of the entity each represents.

C. The CONTRACTOR shall attend meetings to ascertain that work is expedited consistent with Contract Documents and construction schedules.

1.02 RELATED WORK SPECIFIED ELSEWHERE

A. Section 00200 - Instructions to Bidders.

B. Section 01300 - Submittals.

C. Section 01720 - Project Record Documents.

1.03 PRECONSTRUCTION CONFERENCE

A. Schedule a preconstruction meeting no later than 20 days after date of Notice to Proceed.

B. Location: A central site, convenient for all parties, designated by the ENGINEER.

C. Attendance:
1. OWNER's Representative.
2. ENGINEER and his Professional Consultants.
3. Resident Project Representative.
4. CONTRACTOR's Superintendent.
5. Major subcontractors.
6. Major suppliers.
7. Utilities.
8. Others as appropriate.

D. Suggested Agenda:
1. Distribution and discussion of:
   a. List of major subcontractors and suppliers.
   b. Projected Construction Schedules.
2. Critical work sequencing.
3. Major equipment deliveries and priorities.
4. Project Coordination.

a. Designation of responsible personnel.

5. Procedures and processing of:
   a. Field orders.
   b. Requests for Information (RFI).
   c. Requests for Proposal (RFP).
   d. Submittals.
   e. Change Orders.
   f. Applications for Payment.
6. Adequacy of distribution of Contract Documents.
7. Procedures for maintaining Record Documents.
8. Use of premises:
   a. Office, work and storage areas.
   b. OWNER's requirements.
9. Construction facilities, controls and construction aids.
10. Temporary utilities.
11. Housekeeping procedures.
12. Check of required Bond and Insurance certifications.
13. Liquidated damages.
14. Request for a weekly job meeting for all involved.
15. Laboratory testing of material requirements.
16. Inventory of material stored on site provision.
17. Other Items as applicable.

1.04 PROGRESS MEETINGS

A. ENGINEER will schedule and administer Project meetings throughout progress of the Work at maximum monthly intervals, specially called meetings and pre-installation conferences.

B. ENGINEER will make physical arrangements for meetings, prepare agenda with copies for participants, preside at meetings, record minutes, and distribute copies within two days to ENGINEER, participants, and those affected by decisions made at meetings.

C. Location: Project field office of CONTRACTOR or ENGINEER or a central site convenient to all parties.

D. Attendance:
   1. ENGINEER, and his professional consultants as needed.
   2. Subcontractors as appropriate to the agenda.
   3. Suppliers as appropriate to the agenda.
   4. Others as appropriate.

E. Suggested Agenda:
   1. Review, approval of minutes of previous meeting.
   2. Review of work progress since previous meeting.
   3. Field observations, problems, conflicts.
   4. Problems which impede Construction Schedule.
   5. Review of off-site fabrication, delivery schedules.
   6. Corrective measures and procedures to regain projected schedule.
   7. Revisions to Construction Schedule.
   8. Progress, schedule, during succeeding work period.
   9. Coordination of schedules.
   10. Review submittal schedules; expedite as required.
   11. Maintenance of quality standards.
   12. Pending changes and substitutions.
   13. Review proposed changes for:
      a. Effect on Construction Schedule and on completion date.

b. Effect on other contracts of the Project.

14. Other business.
15. Construction schedule.
16. Critical/long lead items.

F. The CONTRACTOR is to attend progress meetings and is to study previous meeting minutes and current agenda items, in order to be prepared to discuss pertinent topics such as deliveries of materials and equipment, progress of the work, etc.

G. The CONTRACTOR is to provide a current submittal log at each progress meeting in accordance with Section 01300 - Submittals.

1.05 PRE-INSTALLATION CONFERENCES

A. When required in individual specification Section, a pre-installation conference will be arranged prior to commencing work of the Section.

B. Require attendance of entities directly affecting, or affected by, work of the Section.

C. Review conditions of installation, preparation and installation procedures, and coordination with related work.

PART 2 PRODUCTS

Not Used.

PART 3 EXECUTION

Not Used.

END OF SECTION

SECTION 01300

SUBMITTALS

PART 1 GENERAL

1.01 WORK INCLUDED

A. Prepare and submit construction progress schedules, proposed products list, shop drawings, product data, samples, manufacturers' instructions, and manufacturers' certificates, complete and in accordance with the Contract Documents.

1.02 RELATED WORK SPECIFIED ELSEWHERE

A. Section 00700 - GENERAL CONDITIONS.

B. Section 00800 - Supplementary Conditions.

C. Section 01700 - Contract Closeout.

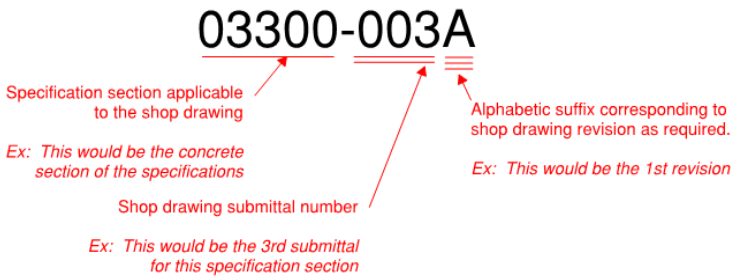
D. Section 01720 - Project Record Documents.

E. Individual Specification Sections: Additional specific requirements for submitted data.

1.03 SUBMITTAL PROCEDURES

A. Transmit each submittal with ENGINEER accepted form. Electronic submittals (via email) are preferred.

B. Sequentially number the transmittal forms. Resubmittals to have original number with an alphabetic suffix.



C. Identify Project, CONTRACTOR, Subcontractor or supplier; pertinent Drawing sheet and detail number(s), and specification Section number, as appropriate.

D. Drawings and schedules shall be checked and coordinated with the work of all trades involved, before they are submitted for review by the ENGINEER and shall bear the CONTRACTOR's stamp of approval as evidence of such checking and coordination. Drawings or schedules submitted without this stamp of approval shall be returned to the CONTRACTOR for resubmission.

E. Schedule submittals to expedite the Project, and deliver to ENGINEER at Eckler Engineering, Inc., 4700 Riverside Drive, Suite 110, Coral Springs, Florida 33067 and allow 20 days for review. Electronic submittals shall be emailed to Eckler Engineering's project manager for review.

F. If submittal documents/shop drawings show variations from Contract requirements because of standard shop practice or for other reasons, describe such variations in the letter of transmittal. If acceptable, proper adjustment in the Contract shall be implemented where appropriate. Failure to describe such variations does not relieve the CONTRACTOR of the responsibility for executing the work in accordance with the Contract, even though such drawings have been reviewed.

G. Each Shop Drawing shall have a blank area 3-1/2 inches by 3-1/2 inches, located adjacent to the title block. The title block shall display the following:
   1. Number and title of the drawing.
   2. Date of drawing or revision.
   3. Name of project building or facility.
   4. Name of contractor and subcontractor submitting drawing.
   5. Clear identification of contents and location of the work.
   6. Specification title and number.
   7. Specification Section.
   8. Applicable Drawing Number.

H. Revise and resubmit submittals as required; identify all changes made since previous submittal.

I. Distribute copies of reviewed submittals to concerned parties. Instruct parties to promptly report any inability to comply with provisions.

J. Requirements in this Section are in addition to any specific requirements for submittals specified in other Divisions and Sections of these Contract Documents.

1.04 CONSTRUCTION PROGRESS SCHEDULES

A. Submit initial progress schedule in triplicate within 15 days after date established in the Notice to Proceed for ENGINEER review.

B. Revise and resubmit as required.

C. Submit revised schedules with each Application for Payment, identifying changes since previous version.

D. Submit computer generated network analysis diagram using the critical path method, generally as outlined in Associated General Contractors of America (AGC) publication "The Use of CPM in Construction - A Manual for General Contractors and the Construction Industry".

E. Show complete sequence of construction by activity, identifying Work of separate stages and other logically grouped activities. Indicate the early and late start, early and late finish, float dates, and duration.

F. Indicate estimated percentage of completion for each item of Work at each submission.

G. Indicate submittal dates required for shop drawings, product data, samples, and product delivery dates, including those furnished by the OWNER and under Allowances.

1.05 PROPOSED PRODUCTS LIST

A. Within 30 days after date established in the Notice to Proceed, submit a complete list of major products proposed for use, with name of manufacturer, trade name, and model number of each product.

B. For products specified only by reference standards, give manufacturer, trade name, model or catalog designation, and reference standards.

1.06 SHOP DRAWINGS

A. Submit the number of copies which CONTRACTOR requires, plus three copies, which will be retained by ENGINEER (maximum of eight).

B. After review, distribute in accordance with Article on Procedures above and for Record Documents described in Section 01720 - Project Record Documents.

C. When used in the Contract Documents, the term "Shop Drawings" shall be considered to mean, in addition to the definition in Section 00705 - GENERAL CONDITIONS, Contractor's drawings plans for material and equipment which become an integral part of the Project. These drawings shall be complete and detailed. Shop Drawings shall consist of fabrication, erection and setting drawings and schedule drawings, manufacturer's scale drawings, and wiring and control diagrams. Cuts, catalogs, pamphlets, descriptive literature, and performance and test data, shall be considered only as supportive to required Shop Drawings as defined above.

D. Data on materials and equipment include, without limitation, materials and equipment lists, catalog data sheets, cuts, performance curves, diagrams, materials of construction and similar descriptive material. Materials and equipment lists shall give, for each item thereon, the name and location of the supplier or manufacturer, trade name, catalog reference, size, finish and all other pertinent data.

E. For all mechanical and electrical equipment furnished, provide a list including the equipment name, address, telephone number of the manufacturer's representative and service company so that service and/or spare parts can be readily obtained.

F. All manufacturers or equipment suppliers who proposed to furnish equipment or products shall submit an installation list to the ENGINEER along with the required shop drawings. The installation list shall include at least five installations where identical equipment has been installed and has been in operation for a period of at least one (1) year.

G. **Only the ENGINEER will utilize the color "red" in marking Shop Drawing submittals.**

1.07 PRODUCT DATA

A. Submit the number of copies which the CONTRACTOR requires, plus four copies which will be retained by the ENGINEER (with a maximum of eight).

B. Mark each copy to identify applicable products, models, options, and other data. Supplement manufacturers' standard data to provide information unique to this Project.

C. After review, distribute in accordance with Article on Procedures above and provide copies for Record Documents described in Section 01720 - Project Record Documents.

1.08 SAMPLES

A. Submit samples to illustrate functional and aesthetic characteristics of the Product, with integral parts and attachment devices. Coordinate sample submittals for interfacing work.

B. Submit samples of finishes in custom colors selected, textures, and patterns for ENGINEER's selection.

C. Include identification on each sample, with full Project information.

D. Submit the number or samples specified in individual specification Sections; one of which will be retained by ENGINEER.

E. Samples not destroyed in testing shall be sent to the ENGINEER or stored at the site of the work. Accepted samples of the hardware in good condition will be marked for identification and may be used in the work. Materials and equipment incorporated in the work shall match the accepted samples. Samples which failed testing or are not accepted will be returned to the CONTRACTOR at his expense, if so requested at time of submission.

1.09 MANUFACTURER'S INSTRUCTIONS

A. When specified in individual specification Sections, submit manufacturers' printed instructions for delivery, storage, assembly, installation, start-up, adjusting, and finishing, in quantities specified for Product Data.

B. Identify conflicts between manufacturers' instructions and Contract Documents.

1.10 MANUFACTURER'S CERTIFICATES

A. When specified in individual specification Sections, submit manufacturers' certificate to ENGINEER for review, in quantities specified for Product Data.

B. Indicate material or Product conforms to or exceeds specified requirements. Submit supporting reference date, affidavits, and certifications as appropriate.

C. Certificates may be recent or previous test results on material or Product, but must be acceptable to ENGINEER.

END OF SECTION

SECTION 01400

QUALITY CONTROL

PART 1 GENERAL

1.01 WORK INCLUDED

A. This section covers the work as required to provide and/or coordinate:

1. Quality assurance and control of installation.

2. References.

3. Field samples.

4. Inspection and testing laboratory services.

5. Manufacturers' field services and reports.

1.02 RELATED WORK SPECIFIED ELSEWHERE

A. Section 01300 - Submittals

1.03 REFERENCE/STANDARDS

A. Conform to reference standards by date of current issue on date for receiving bids.

B. Should specified reference standards conflict with Contract Documents, request clarification from ENGINEER before proceeding.

C. The contractual relationship of the parties to the Contract shall not be altered from the Contract Documents by mention or inference otherwise in any reference document.

1.04 QUALITY ASSURANCE/CONTROL OF INSTALLATION

A. Monitor quality control over suppliers, manufacturers, products, services, site conditions, and workmanship, to produce Work of specified quality.

B. Comply fully with manufacturers' instructions, including each step in sequence.

C. Should manufacturers' instructions conflict with Contract Documents, request clarification from ENGINEER before proceeding.

D. Comply with specified standards as a minimum quality for the Work except when more stringent tolerances, codes, or specified requirements indicate higher standards or more precise workmanship.

E. Perform work by persons qualified to produce workmanship of specified quality.

F. Secure Products in place with positive anchorage devices designed and sized to withstand stresses, vibration, physical distortion or disfigurement.

1.05 FIELD SAMPLES

A. Install field samples at the site as required by individual specification Sections for review.

B. Acceptable samples represent a quality level for the Work.

C. Where field sample is specified in individual Sections to be removed, clear area after field sample has been accepted by ENGINEER.

1.06 INSPECTION AND TESTING LABORATORY SERVICES

A. OWNER will appoint, employ, and pay for services of an independent firm to perform inspection and testing of earthwork, concrete, road base, and asphalt.

B. The independent firm will perform inspections, tests, and other services specified in individual specification Sections and as required by the ENGINEER.

C. Reports will be submitted by the independent firm to the ENGINEER indicating observations and results of tests and indicating compliance or non-compliance with Contract Documents. Number of signed/sealed reports required and distribution shall be established at preconstruction meeting.

D. Cooperate with independent firm; furnish samples of materials, design mix, equipment, tools, storage and assistance as requested.
   1. Notify ENGINEER and independent firm 24 hours prior to expected time for operations requiring services.
   2. Make arrangements with independent firm and pay for additional samples and tests required for CONTRACTOR's use.

E. Retesting required because of non-conformance to specified requirements shall be performed by the same independent firm on instructions by the ENGINEER. Payment for retesting will be charged to the CONTRACTOR by deducting inspection or testing charges from the Contract Sum/Price.

1.07 MANUFACTURERS' FIELD SERVICES AND REPORTS

A. Submit qualifications of manufacturer's representative to ENGINEER 30 days in advance of required observations. Manufacturer's representative subject to acceptance of ENGINEER.

B. When specified in individual specification Sections, require material or Product suppliers or manufacturers to provide qualified staff personnel to observe site conditions, conditions of surfaces and installation, quality of workmanship, start-up of equipment, test, adjust, and balance of equipment and place equipment into operation as applicable, and to initiate instructions when necessary.

C. Individuals to report observations and site decisions or instructions given to applicators or installers that are supplemental or contrary to manufacturers' written instructions.

D. Submit report in triplicate within 30 days of observation to ENGINEER for review.

PART 2 PRODUCTS

Not Used.

PART 3 EXECUTION

SECTION 01500

CONSTRUCTION FACILITIES AND TEMPORARY CONTROLS

PART 1 GENERAL

1.01 WORK INCLUDED

A. Temporary Utilities: Electricity, lighting, heat, ventilation, telephone service, water, and sanitary facilities.

B. Temporary Controls: Enclosures and fencing, protection of the Work, and water control.

C. Construction Facilities: Access roads, parking, progress cleaning, and temporary buildings.

D. Some of the items specified herein are not specifically required for the project. However, these items may be provided for the convenience of the CONTRACTOR or as required for proper completion of the Work.

1.02 RELATED WORK SPECIFIED ELSEWHERE

A. Section 02500 - Restoration and Cleanup.

1.03 TEMPORARY ELECTRICITY (AS APPLICABLE)

A. Temporary electrical power service for general construction purposes, as required, is available at site(s) from existing and upgraded and/or new electrical service.

B. Existing permanent convenience receptacles may be utilized during construction for small power tools and lighting local to Work.

C. CONTRACTOR will not be charged for electrical service used.

D. Provide connections to existing facilities, sized to provide service required for power and lighting, as required.

E. Install circuit and branch wiring, with area distribution boxes located so that power and lighting is available throughout the Site by use of construction type power cords, as required.

F. Provide properly configured NEMA polarized outlets to prevent insertion of 110-120 volt plugs into higher voltage outlets. For connection of power tools and equipment, provide outlets equipped with ground-fault circuit interrupters, reset button and pilot light, as required.

G. Provide grounded extension cords. Use "hard-service" cords where exposed to abrasion and traffic. Provide waterproof connectors to connect separate lengths of electric cords if more than one length is required.

H. Provide general service incandescent lamps as required for adequate illumination. Provide guard cages or tempered glass enclosures, where exposed to breakage. Provide exterior fixtures where exposed to moisture.

1.04 TEMPORARY LIGHTING (AS APPLICABLE)

A. Provide and maintain 1 watt/sq ft lighting to exterior staging and storage areas after dark for security purposes.

B. Maintain lighting and provide routine repairs.

1.05 TEMPORARY VENTILATION

A. Ventilate enclosed areas to assist cure of materials, to dissipate humidity, and to prevent accumulation of dust, fumes, vapors, or gases.

1.06 CONFINED SPACE ENTRY REQUIREMENTS

A. CONTRACTOR shall obtain all entry permits and provide all equipment and procedures as required to meet confined space entry requirements in accordance with the following legal authorities:

1. Occupational Safety and Health Act (OSHA), Title 29 CFR 1910.146 "Permit Required Confined Spaces".

2. Florida Statute - Chapter 38 T-20 Section .035. "Hazardous Atmospheres in Confined Spaces".

1.07 TEMPORARY WATER SERVICE (AS APPLICABLE)

A. Provide and maintain suitable quality water service, as required, for construction operations.

B. All water used must be metered by OWNER, but CONTRACTOR will not be charged for the metered water use.

C. Extend branch piping with outlets located so water is available by hoses with threaded connections.

D. Make arrangements with OWNER for obtaining meter.

1.08 TEMPORARY SANITARY FACILITIES (REQUIRED)

A. Provide self-contained, single-occupant toilet units of the chemical, aerated recirculation, or combustion type, properly vented and fully enclosed in a fiberglass or other approved non-absorbent shell.

1.09 TEMPORARY CONSTRUCTION FENCING

A. Construction Fence: Commercial grade chain link fence or bright orange-colored, high density, polyethylene safety fence. Minimum fence height shall be 4 feet.

B. Provide construction fence to secure entire construction area at all times when CONTRACTOR's personnel are not present.

1.10 CONTRACTOR'S FIELD OFFICES AND STORAGE TRAILERS/CONTAINERS

A. Office: Weather-tight, with lighting, electrical outlets, heating, cooling and ventilating equipment, sanitation facilities, and equipped with sturdy furniture.

B. Provide space for project meetings with table and chairs to accommodate 8 persons.

C. Provide private space (lockable room), desk, chair, and filing cabinet for ENGINEER'S USE.

D. Locate offices and sheds a minimum distance of 30 feet from new structures and proposed underground construction.

E. Recommended location for CONTRACTOR’s office trailer and storage facilities shall be indicated on drawings.

1.11 PARKING

A. Temporary parking areas for CONTRACTOR’s and ENGINEER’s project personnel shall be indicated on Drawings.

1.12 PROJECT IDENTIFICATION (WHEN INDICATED ON DRAWINGS)

A. Provide minimum 6'-6"w x 5'-0"h project sign of exterior grade plywood and wood frame construction, painted, with exhibit lettering by a professional sign painter to ENGINEER's design and colors. Sign shall withstand weathering, fading, and chipping for the duration of construction. General design as required for the project sign shall be as shown on the Drawings.

B. List title of Project, names of OWNER, ENGINEER, professional sub-consultants and CONTRACTOR.

C. Erect on site at location established by OWNER and ENGINEER.

D. No other signs are allowed without OWNER permission except those required by applicable law.

E. Submit sketch of project sign for approval in accordance with Section 01300 - Submittals.

1.13 PROTECTION OF INSTALLED WORK

A. Protect installed Work and provide special protection where specified in individual specification Sections.

B. Provide temporary and removable protection for installed Products. Control activity in immediate work area to minimize damage.

C. Prohibit traffic from landscaped areas.

1.14 FIRE EXTINGUISHERS

A. Provide portable UL-rated, Class A fire extinguishers for temporary offices and similar spaces. In other locations, provide portable UL-

rated Class ABC dry chemical extinguishers or a combination of NFPA recommended Classes for the exposure. Comply with NFPA 10 and 241 for classification, extinguishing agent and size required by location and class of fire exposure.

1.15 PROTECTION OF EXISTING STRUCTURES

A. CONTRACTOR shall provide screens or other such means to prevent splatter of concrete, paint or other such substance from staining or damaging the nearby existing structures, equipment or vehicles.

B. CONTRACTOR shall be responsible for cleaning and repairing all damages caused by overspray.

1.16 FUEL STORAGE

A. All fuel or other such regulated substances stored on site by CONTRACTOR shall be done so in accordance with the rules and regulations of the Palm Beach County Department of Environmental Resources Management.

1.17 CONSTRUCTION DEBRIS DISPOSAL

A. Dumpster and/or roll-off container service shall be provided by local waste hauler franchise.

B. Other lawful debris haul-off (dump trucks) by CONTRACTOR.

1.18 PROGRESS CLEANING

A. Maintain areas free of waste materials, debris, and rubbish. Maintain sites in a clean and orderly condition.

B. Broom and vacuum clean interior areas prior to start of surface finishing and continue cleaning to eliminate dust.

C. Remove waste materials, debris, and rubbish from sites weekly and dispose of at an approved site.

1.19 REMOVAL OF TEMPORARY UTILITIES, FACILITIES, AND CONTROLS

A. Remove temporary above grade or buried utilities, equipment, facilities, materials, prior to Final Inspection.

B. Clean and repair damage caused by installation or use of temporary work.

C. Restore existing facilities used during construction to original condition. Restore permanent facilities used during construction to specified condition.

PART 2 PRODUCTS - Not Used

PART 3 EXECUTION - Not Used

END OF SECTION

SECTION 01505

MOBILIZATION/DEMOBILIZATION

PART 1 GENERAL

1.01 WORK INCLUDED

A. Mobilization shall include obtaining of all permits, insurance, and bonds; moving onto site of equipment; temporary buildings, and other construction facilities; all as required for proper performance and completion of the Work. Mobilization shall include but not be limited to the following principal items:

1. Moving onto site of CONTRACTOR's labor and equipment required for first month's operation.

2. Providing field office trailers with all specified furnishings and utility services and appurtenances, if required by specifications.

3. Providing on-site sanitary facilities, potable water facilities and electrical service, as specified.

4. Submittal of all required insurance certificates, bonds and work progress schedules.

5. Obtaining all required permits.

6. Posting all OSHA required notices and establishment of safety programs.

7. Have CONTRACTOR's superintendent at job site full time.

8. Project identification sign (When required by the Drawings).

B. Demobilization shall include but not be limited to the following principle items:

1. Removal of all temporary construction facilities.

2. Removal of all equipment and excess materials.

3. Cleanup and restoration of the site to conditions existing prior to construction.

1.02 PAYMENT FOR MOBILIZATION/DEMOBILIZATION

A. CONTRACTOR's attention is directed to the condition that no payment for mobilization/demobilization, or any part thereof, will be recommended for payment under the Contract until all Mobilization/Demobilization items listed above have been completed as specified.

B. As soon as practicable after receipt of Notice to Proceed, CONTRACTOR shall submit a breakdown to ENGINEER for review, which shall show estimated value of each major component of mobilization/demobilization. When reviewed by ENGINEER, breakdown will be basis for initial progress payments in which Mobilization is included.

C. It shall be understood that the Mobilization/Demobilization item on Lump Sum Base Bid Breakdown includes a sum paid by OWNER to CONTRACTOR in recognition of CONTRACTOR's indemnification obligations. CONTRACTOR shall acknowledge payment of such consideration by letter to OWNER.

END OF SECTION

SECTION 01700

CONTRACT CLOSEOUT

PART 1 GENERAL

1.01 WORK INCLUDED

A. This section covers the work as related to contract closeout procedures, final inspection, CONTRACTOR's closeout submittals and final application for payment.

1.02 RELATED WORK SPECIFIED ELSEWHERE

A. Section 01720 - Project Record Documents.

B. Individual Sections - Testing and Closeout Requirements.

1.03 SUBSTANTIAL COMPLETION

A. When CONTRACTOR considers the Work is substantially complete, he shall submit to the ENGINEER:
   1. A written notice that the Work, or designated portion thereof, is substantially complete.
   2. A list of items to be completed or corrected.

B. Within a reasonable time after receipt of such notice, the ENGINEER will make an inspection to determine the status of completion.

C. Should the ENGINEER determine that the Work is not substantially complete:
   1. The ENGINEER will promptly notify the CONTRACTOR in writing, giving the reasons therefor.
   2. CONTRACTOR shall remedy the deficiencies in the Work, and send a second written notice of substantial completion to the ENGINEER.
   3. The ENGINEER will reinspect the Work.

D. When the ENGINEER finds that the Work is substantially complete, he will:
   1. Prepare and deliver to OWNER a tentative Certificate of Substantial Completion on NSPE Form 1910-8-D, with a tentative list of items to be completed or corrected before final payment.
   2. After consideration of any objections made by the OWNER as provided in GENERAL CONDITIONS, and when the ENGINEER considers the Work substantially complete, he will execute and deliver to the OWNER and the CONTRACTOR a definite Certificate of Substantial Completion with a revised tentative list of items to be completed or corrected.

1.04 FINAL COMPLETION

A. When CONTRACTOR considers the Work is complete, he shall submit written certification that:
   1. Contract Documents have been reviewed.
   2. Work has been inspected for compliance with Contract Documents.
   3. Work has been completed in accordance with Contract Documents.
   4. Equipment and systems have been tested in the presence of the OWNER's representative and are operational.

5. Work is completed and ready for final inspection.

B. The ENGINEER will make an inspection to verify the status of completion with reasonable promptness after receipt of such certification.

C. Should the ENGINEER consider that the Work is incomplete or defective:
   1. The ENGINEER will promptly notify the CONTRACTOR in writing, listing the incomplete or defective work.
   2. CONTRACTOR shall take immediate steps to remedy the stated deficiencies, and send a second written certification to the ENGINEER that the Work is complete.
   3. The ENGINEER will reinspect the Work.

D. When the ENGINEER finds that the Work is acceptable under the Contract Documents, he shall request the CONTRACTOR to make final closeout submittals.

1.05 REINSPECTION FEES

A. Should the ENGINEER perform reinspections due to failure of the Work to comply with the claims of status of completion made by the CONTRACTOR:
   1. OWNER will deduct the amount of such compensation from the final payment to the CONTRACTOR.

1.06 CONTRACTOR'S CLOSEOUT SUBMITTALS TO ENGINEER

A. Evidence of Payment and Release of Liens: To requirements of GENERAL and SUPPLEMENTARY CONDITIONS.

B. Certificate of Insurance for Products and Completed Operations.

C. Consent of Surety for Final Payment.

1.07 FINAL ADJUSTMENT OF ACCOUNTS

A. Submit a final statement of accounting to the ENGINEER.

B. Statement shall reflect all adjustments to the contract Sum:
   1. The original Contract Sum.
   2. Additions and deductions resulting from:
      a. Previous Change Orders.
      b. Allowances.
      c. Unit Prices.
      d. Deductions for uncorrected Work.
      e. Penalties and Bonuses.
      f. Deductions for liquidated damages.
      g. Deductions for reinspection payments.
      h. Other adjustments.
   3. Total Contract Sum, as adjusted.
   4. Previous payments.
   5. Sum remaining due.

C. ENGINEER will prepare a final Change Order, reflecting recommended adjustments to the Contract Sum which were not previously made by Change Order(s).

1.08 FINAL APPLICATION FOR PAYMENT

A. ENGINEER shall send written request directing CONTRACTOR to make final application for payment once the following conditions have been met:

1. All work per contract has been satisfactorily completed.

2. All contract closeout deliverables have been submitted by CONTRACTOR and approved by ENGINEER.

3. The requirements of all permits obtained by OWNER and CONTRACTOR have been satisfied.

4. All closeout submittals per Article 1.06 above have been delivered to ENGINEER.

5. Final contract change order has been approved.

B. CONTRACTOR shall submit the final Application for Payment in accordance with procedures and requirements stated in the Conditions of the Contract.

PART 2 PRODUCTS

Not Used.

PART 3 EXECUTION

Not Used.

END OF SECTION

SECTION 01720

PROJECT RECORD DOCUMENTS

PART 1 GENERAL

1.01 WORK INCLUDED

A. Collect, maintain, and provide the required record documents and samples for the project, including record drawings, and construction photographs.

1.02 RELATED WORK SPECIFIED ELSEWHERE

A. Section 00700 - GENERAL CONDITIONS

B. Section 00800 - Supplementary Conditions.

C. Section 01300 - Submittals.

D. Section 01700 - Contract Closeout

E. Individual Specification Sections: Manufacturer's certificates and certificates of inspections and samples.

1.03 SUBMITTALS

A. At Contract closeout, deliver Record Documents and samples under provisions of Section 01700 - Contract Closeout.

B. Submittal quantities shall be as follows:

1. Final Record Drawings - two (2) sets.
2. Construction photographs - two (2) sets with CD’s.
1. Preconstruction audio/video DVD - two (2) copies.

C. Submittals shall be made in accordance with the requirements of Section 01300 - Submittals.

1.04 DEFINITIONS

A. ZONE OF INFLUENCE: Area in which surface and/or underground facilities or features will be disturbed by progress of work.

1.05 MAINTENANCE OF DOCUMENTS AND SAMPLES

A. In addition to requirements in GENERAL CONDITIONS, maintain at the site for OWNER one record copy of:
1. Contract Drawings.
2. Specifications.
3. Addenda.
4. Change Orders and other modifications to the Contract.
5. ENGINEER's field orders or written instructions.
6. Reviewed shop drawings, product data, and samples.
7. Field test records.
8. Inspection certificates.
9. Manufacturer's certificates.
10. Construction photographs.

B. Store Record Documents and samples apart from documents used for construction. Provide organized, dry, secure storage for Record Documents.

C. Label Record Documents and samples in accordance with Section number listings in Table of Contents of this Project Manual. Label each document "PROJECT RECORD" in neat, large, printed letters.

D. Maintain Record Documents in a clean, dry and legible condition. Do not use Record Documents for construction purposes.

E. Keep Record Documents and samples available for inspection by ENGINEER.

1.06 RECORDING (RECORD DATA)

A. Record information on a set of blackline drawings and in a copy of the Contract Documents (Specifications) Book provided by ENGINEER.

B. Provide color marking pens for recording information. Color coding system used shall be approved by ENGINEER. Recommended color coding system as follows:

Green = Deleted Item or Work
Red = Revised Item or Work
Blue = Notation or Clarification

C. Record information concurrently with construction progress. Do not conceal any work until required information is recorded.

D. Contract Drawings and Shop Drawings: Legibly mark each item to record actual construction, including:
1. Horizontal locations and vertical elevations of bridge and appurtenances, structure corners, paving corners and other site improvements per Section 01050 - Field Engineering.
2. Measured locations of internal utilities and appurtenances concealed in construction, referenced to visible and accessible features of construction.
3. Field changes of dimension and detail of all disciplines.
4. Changes made by Modifications of all disciplines.
5. Details not on original Contract Drawings of all disciplines.
6. References to related shop drawings and Modifications of all disciplines.
7. Show field location and relative elevation of all located existing underground facilities not shown on contract drawings.
8. Show field location and relative elevation confirming all located existing underground facilities shown on drawings.
9. Dimensional changes to drawings.
10. Revisions to details shown on drawings.
11. Depths of foundations.
12. Locations and depths of underground utilities.
13. Revisions to routing of piping and conduits.
14. Revisions to electrical circuitry.
15. Actual equipment locations.
16. Duct size and routing.
17. Locations of concealed internal utilities.
18. Changes made by Change Order or Construction Change Directive.
19. Details not on the original Contract Drawings.
20. Field records for variable and concealed conditions.

21. Record information on the Work that is shown only schematically.
22. In general, document all revisions/modifications to contract documents.

E. Specifications: Legibly mark each item to record actual construction, including:
1. Manufacturer, trade name, and catalog number of each product actually installed, paying particular attention to optional items and substitute items.
2. Changes made by Addenda and Modifications.

F. Other Documents: Maintain manufacturer's certifications, inspection certifications, and field test records, required by individual Specification sections.

1.07 CONSTRUCTION PHOTOGRAPHS

A. Provide photographs in color showing the preconstruction conditions, construction progress, and the post-construction conditions.

B. Photographs shall be taken by an experienced photographer.

C. The photographer shall be equipped to take interior/exterior photographs.

D. Photographs shall be taken throughout the construction process and show excavations, piping details, work progress, construction which will ultimately be hidden from view and the final completion. Provide sufficient quantity of photographs to adequately detail construction.

E. Provide two (2) sets of construction photographs. These prints shall measure 3-1/2" x 5". All prints shall be mounted in plastic photographic binders. Also provide two (2) CD’s with all photos.

F. Identify each print with the date, orientation of view, and a description of the view.

G. Deliver CD’s and two sets of prints, all in three-ring binders and sequentially labeled to the ENGINEER upon completion of the project. Binders shall be labeled to indicate project name and number, contractor, owner, engineer and year of project.

1.08 COLOR AUDIO-VISUAL PRECONSTRUCTION RECORD

A. General

1. Prior to commencing work, CONTRACTOR shall have a continuous color audio-video DVD recording taken along entire length of Project to serve as a record of preconstruction conditions. No work shall begin prior to review and acceptance of video covering the work area(s) by ENGINEER. ENGINEER shall have authority to reject all or any portion of the video DVD not conforming to specifications and order that it be redone at no additional charge. CONTRACTOR shall reschedule unacceptable coverage within five days after being notified. ENGINEER shall designate those areas, if any, to be omitted from or added to audio-video coverage. DVD recordings shall not be made more than 90 days

prior to work in any area. All DVD(s) and written records shall become property of OWNER.

2. CONTRACTOR shall engage services of a professional videographer. Color audio-video DVD(s) shall be prepared by a responsible commercial firm known to be skilled and regularly engaged in the business of preconstruction color audio-video documentation. Electrographer shall furnish to ENGINEER a list of all equipment to be used for audio-video recording, i.e. manufacturer's name, model number, specifications and other pertinent information. Additional information to be furnished by electrographer is the names and addresses of two references that electrographer has performed color audio-video recording for projects of a similar nature within the last 12 months.

B. Audio-Video DVD(s)

1. Audio-video DVD(s) shall be new. Reprocessed DVD(s) will not be acceptable. The DVD(s) shall be compatible for playback with a standard DVD player, -R or +R format.

C. Equipment

1. All equipment, accessories, materials and labor to perform this service shall be furnished by CONTRACTOR.

2. Total audio-video system shall reproduce bright, sharp, clear pictures with accurate colors and shall be free from distortion, or any other form of imperfection. The audio portion of recording shall reproduce commentary of camera operator with proper volume, clarity and be free from distortion and interruptions.

3. When conventional wheeled vehicles are used, distance from the camera lens to ground shall not be less than 12 feet. In some instances, audio-video coverage may be required in areas not accessible by conventional wheeled vehicles. Such coverage shall be obtained by walking or special conveyance acceptable to ENGINEER.

4. Color video camera used in the recording system shall have horizontal resolution of 300 lines at center, a luminance signal to noise ratio of 45 db ad a minimum illumination requirement of 25 foot-candles.

D. Recorded Information - Audio

1. Each DVD shall begin with current date, project name and municipality (or owner) and be followed by general location, i.e., name of street, house address, viewing side and direction of progress. Audio track shall consist of an original living recording. The recording shall contain the narrative commentary of electrographer, recorded simultaneously with his fixed elevation video record of zone of influence of construction.

E. Recorded Information - Video

1. All video recordings must, by electronic means, display continuously and simultaneously, generated with actual taping,

transparent digital information to include the date and time of recording and station numbers as shown on the Drawings. The date information shall contain the hours, minutes and seconds. Additional information shall be displayed periodically. Such information shall include nut not be limited to project name, contract umber, name of street, house address, direction of travel and the viewing side. This transparent information shall appear on the extreme upper left hand third of the screen.

2. All recording shall be done during times of good visibility. No recording shall be done during precipitation, mist or fog. The recording shall only be done when sufficient sunlight is present to properly illuminate the subjects of recording and to produce bright, sharp video recordings of those subjects.

3. The rate of speed in the general direction of travel of the vehicle used during recording shall not exceed 44 feet per minute. Panning, zoom-in and zoom-out rates shall be sufficiently controlled to maintain a clear view of the object.

4. Video coverage shall include all surface features located within the zone of influence of construction supported by appropriate audio coverage. Such coverage shall include, but not be limited to existing driveways, sidewalks, curbs, pavements, ditches, mailboxes, landscaping, culverts, fences, signs, structures, and headwalls within the area covered.

PART 3 EXECUTION

Not Used.

END OF SECTION

SECTION 01730

OPERATION AND MAINTENANCE DATA

PART 1 GENERAL

1.01 WORK INCLUDED

A. This section covers the work required to prepare and submit operation and maintenance manuals for the project, complete all in accordance with the Contract Documents.

B. Some of the items specified herein are not specifically required for the project. However, these items shall be provided as required for the proper completion of the Work.

1.02 RELATED WORK SPECIFIED ELSEWHERE

A. Section 01010 - Summary of Work.

B. Section 01740 - Warranties and Bonds.

1.03 SUBMITTALS

A. Submit two copies of preliminary draft or proposed formats and outlines of contents prior to substantial completion of Work. ENGINEER will review draft and return one copy with comments.

B. Submit two (2) copies of completed volumes in final form 15 days prior to final completion. Copy will be returned with ENGINEER comments. Revise content of documents as required prior to final submittal.

D. Submit four (4) copies of revised volumes of data in final form within ten days after final completion.

1.04 QUALITY ASSURANCE

A. Prepare instructions and data by personnel experienced in maintenance and operation of described products.

1.05 GENERAL FORMAT (EACH VOLUME)

A. Prepare data in the form of an instructional manual.

B. Binders: Commercial quality, 8-1/2 x 11 inch three-ring binders with hardback, cleanable, plastic covers; 3 inch maximum ring size. When multiple binders are used, correlate data into related consistent groupings.

C. Cover: Identify each binder with typed or printed title OPERATION AND MAINTENANCE INSTRUCTIONS; list title of Project; identify subject matter of contents.

D. Arrange content by process flow under section numbers and sequence of Table of Contents of this Project Manual.

E. Provide tabbed fly leaf for each separate product and system, with typed description of product and major component parts of equipment.

F. Text: Manufacturer's printed data, or typewritten data on 20 pound paper.

G. Drawings: Provide with reinforced punched binder tab. Bind in with text; fold larger drawings to size of text pages.

1.06 OPERATION AND MAINTENANCE MANUALS (EACH VOLUME)

A. Provide title of Project; owner's name; names, addresses, and telephone numbers of ENGINEER, subconsultants, and CONTRACTOR with name of responsible parties; schedule of products and systems, indexed to content of the volume.

B. Table of Contents: schedule of contents and systems, indexed to each volume.

C. For Each Product or System: List names, addresses and telephone numbers of Subcontractors and suppliers, including local source of supplies and replacement parts.

D. Product Data: Mark each sheet to clearly identify specific products and component parts, and data applicable to installation. Delete inapplicable information.

E. Drawings: Supplement product data to illustrate relations of component parts of equipment and systems, to show control and flow diagrams. Do not use Project Record Documents as maintenance drawings.

F. Type Text: As required to supplement product data. Provide logical sequence of instructions for each procedure, incorporating manufacturer's instructions.

1.07 EQUIPMENT AND SYSTEMS DATA

A. Each Item of Equipment and Each System: Include description of unit or system, and component parts. Identify function, normal operating characteristics, and limiting conditions. Include performance curves, with engineering data and tests, and complete nomenclature and commercial number of replaceable parts.

B. Panelboard Circuit Directories: Provide electrical service characteristics, controls and communications.

C. Operating Procedures: Include start-up, break-in, and routine normal operating instructions and sequences. Include regulation, control, stopping, shut-down, and emergency instructions. Include summer, winter, and any special operating instructions.

D. Maintenance Requirements: Include routine procedures and guide for trouble-shooting; disassembly, repair, and reassembly instructions; and alignment, adjusting, balancing, and checking instructions.

E. Provide servicing and lubrication schedule, and list of lubricants required.

F. Include manufacturer's printed operation and maintenance instructions.

G. Include sequence of operation by controls manufacturer.

H. Provide original manufacturer's parts list, illustrations, assembly drawings, and diagrams required for maintenance.

I. Provide control diagrams by controls manufacturer as installed. Include coded wiring as installed.

J. Provide CONTRACTOR's coordination drawings, with coded piping diagrams as installed.

K. Provide charts of valve tag numbers, with location and function of each valve, keyed to flow and control diagrams.

L. Provide list of original manufacturer's spare parts, current prices, and recommended quantities to be maintained in storage.

M. Additional Requirements: As specified in individual Product specification sections.

N. Provide a listing in Table of Contents for design data, with tabbed fly sheet and space for insertion of data.

1.08 INSTRUCTION OF OWNER PERSONNEL

A. Before final inspection, instruct OWNER's designated personnel in operation, adjustment, and maintenance of products, equipment, and systems, at agreed upon times.

B. Use operation and maintenance manuals as basis for instruction. Review contents of manual with personnel in detail to explain all aspects of operation and maintenance.

C. Prepare and insert additional data in Operation and Maintenance Manual when need for such data becomes apparent during instruction.

PART 2 PRODUCTS

Not Used.

PART 3 EXECUTION

Not Used.

END OF SECTION

SECTION 01740

WARRANTIES AND BONDS

PART 1 GENERAL

1.01 WORK INCLUDED

A. This section covers the work required to prepare and submit all warranty and bond information required by these Contract Documents.

B. Warranties and bonds required shall be as specified in the individual specification sections and Section 00700 - GENERAL CONDITIONS.

1.02 RELATED WORK SPECIFIED ELSEWHERE

A. Section 00200 - Instructions to Bidders.

B. Section 00700 - General Conditions.

C. Section 01700 - Contract Closeout.

D. Individual Specification Sections: Warranties required for specific Products or Work.

1.03 FORMAT OF SUBMITTALS

A. Bind in commercial quality, 8-1/2 x 11 three-ring side binders with hardback, cleanable, plastic covers. Provide two copies of completed binders.

B. Label cover of each binder with typed or printed title WARRANTIES AND BONDS, with title of Project; date; project owner; name, address and telephone number of CONTRACTOR and ENGINEER.

C. Table of Contents: Neatly typed, in the sequence of the Table of Contents of these Specifications, with each item identified with the number and title of the specification section in which specified, and the name of the Product or work item.

D. Separate each warranty or bond with index tab sheets keyed to the Table of Contents listing. Provide full information, using separate typed sheets as necessary. List Subcontractor, supplier, and manufacturer, with name, address, and telephone number of responsible principal.

E. Provide dates of beginning and ending of warranty period, bond or service and maintenance contracts.

1.04 PREPARATION OF SUBMITTALS

A. Obtain warranties and bonds, executed in duplicate by responsible Subcontractors, suppliers, and manufacturers, within ten days after completion of the applicable item or work. Except for items put into use with Owner's permission, leave date of beginning of time of warranty blank until the Date of Substantial completion is determined.

B. Verify that documents are in proper form, contain full information, and are notarized.

C. Co-execute submittals when required.

D. Retain warranties and bonds until time specified for submittal.

1.05 TIME OF SUBMITTALS

A. For equipment or component parts of equipment put into service during construction with Owner's permission, submit documents within ten days after acceptance.

B. Make other submittals within ten days after Date of Substantial Completion, prior to final Application for Payment.

C. For items of Work when acceptance is delayed beyond Date of Substantial Completion, submit within ten days after acceptance, listing the date of acceptance as the beginning of the warranty period.

PART 3 EXECUTION

Not Used.

END OF SECTION

SECTION 02500

RESTORATION AND CLEANUP

PART 1 GENERAL

1.01 WORK INCLUDED

A. This section covers the work necessary to provide and coordinate the restoration and cleanup of areas disturbed during construction.

B. All areas disturbed or damaged during construction shall be restored to conditions existing prior to the work.

C. See GENERAL CONDITIONS and Division 1, General Requirements, which contain information and requirements that apply to the work specified herein and are mandatory for this project.

1.02 RELATED WORK SPECIFIED ELSEWHERE

A. N/A.

1.03 SUBMITTALS

A. Documentation to confirm conformance of materials with the requirements of this specification.

B. Submittals shall be made in accordance with the GENERAL CONDITIONS.

1.04 LIMITS OF RESTORATION

A. All areas disturbed by progress of work and/or CONTRACTOR's operations shall be restored to limits disturbed unless noted otherwise on drawings.

B. Proposed new sidewalks, paving, sod, landscaping, and the like shall be completed as shown on the drawings.

PART 2 PRODUCTS

2.01 CONCRETE PAVEMENT

A. Materials for concrete driveway approaches, sidewalks and curbs shall be as specified in Section 02630 - Concrete sidewalks, Drives and Curbs.

2.02 SOD

A. Sod shall be of firm texture having a compacted growth and good root development. Sod is to contain no weeds or undesirable native grasses and be free from fungus, vermin and diseases. Sod to be not less than two (2) years old.

Provide sod capable of growth and development when planted (viable, not dormant).

B. Sod shall be selected to match the existing varieties and types encountered, as applicable. Sod shall be Bahia for non-irrigated areas and Floratam for irrigated areas.

C. Sod selection shall be approved in field by resident project representative.

2.03 LANDSCAPING

A. All existing landscaping damaged or disturbed by CONTRACTOR shall be replaced in kind by the CONTRACTOR as directed in field by the resident project representative. All such work shall be considered incidental restoration and covered under the work required by this contract.

B. Preconstruction video tape shall be used to assist in landscape restoration requirements.

C. New landscaping improvements shall be as noted on drawings.

2.04 MISCELLANEOUS LANDSCAPING MATERIALS

A. Water

1. Water shall be potable from municipal water supplies or from wastewater reuse system (where available).

B. Fertilizer

1. New ground covers: Fertilize with an approved fertilizer of fifty percent (50%) or greater organic 6-6-6 or 8-8-8 with minor elements including, but not limited to, iron, zinc and manganese.

2.05 CLEANING MATERIALS

A. Use materials which will not create hazards to health or property, and which will not damage surfaces.

B. Use only materials and methods recommended by manufacturer of material or equipment being cleaned.

PART 3 EXECUTION

3.01 CONCRETE PAVEMENT RESTORATION

A. Restore concrete drives, sidewalks and curbs as shown on the Drawings and specified in Section 02630 - Concrete Sidewalks, Driveways and Curbs.

3.02 SODDING

A. Sod shall be placed as indicated on Drawings or to the extent to achieve the conditions existing prior to the work. General sod limits are as follows:

1. All unpaved areas disturbed within the project site shall be prepared and sodded as specified herein.

2. Other areas indicated on drawings within the project site shall be prepared and sodded as specified herein.

B. Properly prepare subgrade prior to placing sod. Remove excess materials, hand rake and level as necessary to place sod evenly and at grades to match adjacent existing surfaces. Finish sod installation shall provide unimpeded sheet flow of surface water drainage.

C. Lay sod to form a solid mass with tight-fitting joints. Butt ends and sides of sod strips. Do not overlap. Stagger strips to offset joints in courses. Tamp or roll sod lightly to insure uniform contact with subgrade. Fill minor cracks between pieces of sod with sifted soil.

D. Where necessary to prevent slippage of new installed sod, peg or pin sod securely using 1" x 1" x 6" wood pegs, driven flush with top of sod.

E. Water sod thoroughly with a fine spray immediately after installation.

F. Do not install sod on Friday, Saturday or Sunday, unless provisions are made to water manually or automatically.

3.03 LANDSCAPING RESTORATION

A. All landscaping that has been disturbed or damaged shall be replaced to match existing. The restoration work shall be as per directions of the resident project representative.

3.04 IRRIGATION SYSTEM RESTORATION

A. Repair existing sprinkler heads, irrigation equipment and piping at the existing site to conditions and coverage existing prior to work. Materials shall be as specified in Section 15400 - Plumbing.

3.05 CLEANING

A. In addition to removal of debris and cleaning specified in other sections, clean interior and exterior exposed-to-view surfaces.

B. Remove temporary protection and labels not required to remain.

C. Clean finishes free of dust, stains, films and other foreign substances.

D. Clean transparent and glossy materials to a polished condition; remove foreign substances. Polish reflective surfaces to a clear shine.

E. Clean surfaces of equipment; remove excess lubrication.

F. Clean ventilating louvers of dust and debris.

G. Maintain cleaning until Final Completion.

H. Remove waste, debris, and surplus materials from site. Clean grounds; remove stains, spills, and foreign substances from paved areas and sweep clean. Rake clean other exterior surfaces.

3.06 SOD AND LANDSCAPING MAINTENANCE

A. CONTRACTOR shall be responsible for maintaining all newly sodded areas and new landscaping through final completion of the project. Maintenance shall include but not be limited to irrigation and mowing.

B. CONTRACTOR may make arrangements with the individual property owners to complete landscaping maintenance. However, CONTRACTOR shall remain responsible for landscaping maintenance through final completion.

C. All sod or other landscaping improvements found dead prior to final completion shall be replaced by CONTRACTOR at no additional cost to the OWNER.

3.07 RESTORATION REQUIREMENTS (GENERAL)

A. Remove all debris generated by work from site.

B. Restore all existing paved areas (to remain) that are impacted by work in accordance with standard details as applicable.

C. Pave all areas as indicated by the drawings.

D. Sod all lawn areas disturbed by work in accordance with these specifications.

E. Provide new landscaping improvements as noted on the drawings.

F. Where applicable, repair existing sprinkler heads, irrigation equipment and piping at the site to conditions and coverage existing prior to work. Materials shall match existing. Existing sprinkler heads shall be reused.

END OF SECTION

SECTION 03300

CONCRETE

PART 1 GENERAL

1.01 WORK INCLUDED

A. This section covers all work necessary for providing, testing and placing ready mix concrete.

B. See CONDITIONS OF THE CONTRACT and Division 1, GENERAL REQUIREMENTS, which contain information and requirements which apply to the Work specified herein and are mandatory for this project.

1.02 RELATED WORK SPECIFIED ELSEWHERE

A. Section 01400 - Quality Control.

1.03 REFERENCE STANDARDS, CODES AND SPECIFICATIONS (AS REFERENCED IN FLORIDA BUILDING CODE))

A. ACI 214 “Guide to Evaluation of Strength Test Results of Concrete”.

B. ACI 318 "Building Code Requirement for Reinforced Concrete".

C. ASTM C31 "Standard Method for Making and Curing Concrete Compressive and Flexure Test Specimens in the Field".

D. ASTM C33 "Standard Specification for Concrete Aggregates".

E. ASTM C94 "Standard Specification for Ready-Mix Concrete".

1.04 SUBMITTALS

A. Submittals shall be in accordance with Section 01300 - Submittals and shall include the following:

1. Concrete mix designs and trial mix laboratory reports.
2. Manufacturer's certification of admixtures.
3. Contractor's schedule and sequence of placement.
4. All Test Results.
5. Drawings showing locations of construction joints.

1.05 QUALITY ASSURANCE

A. Submit certificates of mill reports on all foreign cements for review by ENGINEER before batching concrete.

B. Secure the services of a reputable manufacturer for counseling regarding the use of any specified admixture.

C. The ENGINEER shall have access to and have the right to inspect all batch plants, cement mills, and supply facilities of suppliers, manufacturers, subcontractors, and contractors providing products included in these Specifications. Batch plants shall have current certification that all weighing scales have been tested and are within the tolerances as set forth in the National Bureau of Standards Handbook No. 44.

1.06 CERTIFICATION

A. Submit batch delivery tickets to the ENGINEER in compliance with and in accordance to ASTM C94.

1.07 TESTING

A. Performed by an acceptable Engineering Laboratory at OWNER's expense. CONTRACTOR shall assist in the collection of samples. Any retests shall be within the Scope of the Contract.

B. Criteria:

1. Each test: not less than 5 cylinders; retain one after 28 days.
2. One test for every 50 consecutive cubic yards of concrete cast.
3. Furnish ENGINEER with 4 certified copies of tests made of 2 at 7 days and 2 at 28 days.
4. Slump test, concrete temperature and entrained air test shall be completed for each set.

C. Questionable strength of in-place concrete:

1. Additional tests may be ordered by the ENGINEER.
2. Execute the core tests in accordance with ASTM C42 procedure.
3. Costs of additional tests showing strength of in-place concrete conforming to design criteria are the responsibility of the OWNER.
4. Costs of additional tests showing noncompliance with the design criteria are the responsibility of the CONTRACTOR.
5. Additional items at CONTRACTOR's expense:

    a. Provide load tests as directed by the ENGINEER.
    b. Reinforce structure as directed or remove and replace all under strength concrete structure in place.

PART 2 PRODUCTS

2.01 MATERIALS

A. Cement

1. Portland cement Type I or Type II conforming to ASTM C 150. In addition, the tricalcium aluminate content of Type I cement shall not exceed 12 percent.

2. Type I or Type II cement, at the Contractor's option, may be used for nonhydraulic structures.

3. Type II cement or Type I cement, in combination with pozzolan (fly ash) as hereinafter specified, shall be used for all hydraulic structures and sanitary sewer structures.

B. Water: potable, salt free conforming to ASTM C94.

C. Fine Aggregate (Regular): salt free and clean, conforming to ASTM C33.

Fine Aggregate (Pump): salt free and clean, conforming to FDOT 902.

D. Coarse Aggregate (Regular): salt free and clean, conforming to ASTM C33, maximum size 1 1/2-inch (3/4-inch for water retaining structures).

Coarse Aggregate (Pump): Salt free and clean, size #89, FDOT 901.

E. All aggregates: quarried/mined in fresh water only.

F. Screenings: Screenings meeting the requirements of FDOT 902-5 may be substituted for fine aggregates.

2.02 MIXES

A. Fillets, thrust blocks, sidewalks, curbs and miscellaneous non-structural slabs on grade.

1. 28 day compressive strength: 3000 p.s.i.
2. Admixture: As required below, use only specified product.
3. Slump: 5 inches, ± 1 inch.
4. Entrained air content (ASTM C 231): 0 percent.

B. Structural (walls, columns, beams, footings, floor slabs and elevated slabs) and precast concrete:
1. 28 day compressive strength: 4000 p.s.i., minimum, or as illustrated on the Drawings.
   a. Strengths noted on the Drawings take precedence over herein specified amounts.
2. Water-cement ratio: w/c ≤ 0.4.
3. Slump: 5 inches, ± 1 inch.
4. Entrained air Content (ASTM C231): 0 percent.
5. Admixture: As required below, use only specified products.

C. Pavement (Drives/Roadways):

1. 28 day compressive strength: 4000 p.s.i.
2. Water-cement ratio: w/c ≤ 0.5.
3. Slump: 5 inches, ± 1 inch.
4. Entrained air Content (ASTM C231): 0 percent
5. Admixture: As required below, use only specified products.
6. Slump: N/A (mix shall be self-leveling).

D. Excavatable Flowable Fill (For Trench Backfill)

1. Cement: 50 to 100 lbs/Cy. (Or indicated on drawings.)
2. Pozzolan (Flyash): 0 lbs/Cy.
3. Fine Aggregate: 2750 lb/Cy.
4. Water: 500 lbs/Cy. (Maximum)
5. Dye: Add per color noted on drawings.
6. 28 Day Compressive Strength: 100 psi (maximum).
7. Slump: N/A (mix shall be self-leveling).

E. Flowable Fill (Non-Excavatable)

1. 28 day compressive strength: 125 psi (minimum).
2. Slump: N/A (mix shall be self-leveling).
3. Entrained air Content (ASTM C231): 0 percent.
4. Cement: 75-150 lbs/ct
5. Pozzolan (Flyash): 150-600 lbs/cy

6. Dye: Add per color noted on drawings.
7. Admixtures: As required below, use only specified products.

F. Curbs

8. 28 day compressive strength: 3000 psi
9. Slump: 2-inches, ± 1-inch.
10. Entrained Air Content (ASTM C231): 0 percent.
11. Admixtures: As required below, use only specified products.

2.03 ADMIXTURE

A. Air-Entraining

1. Provide air-entraining admixture in all concrete. Admixture shall conform to ASTM C 260, except it shall be nontoxic after 30 days and shall contain no chlorides. Furnish manufacturer's compliance statement for these requirements.

B. Water-Reducing

1. All concrete shall contain a water-reducing admixture. The admixture shall conform to ASTM C 494, Type A or Type D, except it shall contain no chlorides, shall be nontoxic after 30 days, and shall be compatible with the air-entraining admixtures. The amount of admixture added to the concrete shall be in accordance with the manufacturer's recommendations. Furnish a compliance statement that the admixture used satisfies all requirements of this Specification.

C. Pozzolan (Fly-Ash)

1. The pozzolan to be used in combination with Type I cement, as previously specified for use in all hydraulic structures and sewers, shall be Class C or Class F fly ash conforming to ASTM C 618-78 and furnish test data confirming that the fly ash in combination with the cement to be used meets all strength requirements, is compatible with air-entraining agents and other additives, and provides increased sulfate resistance equivalent to or better than Type II cement.

2.04 CURING COMPOUNDS

A. Normal placement without special finish; approved products:
1. Master Builders Company: "Masterseal".
2. Sonneborn-Contech: "Kure-N'Seal".

2.05 DEFORMED REINFORCING BARS

A. ASTM A615: "Standard Specification for Deformed and Plain Billet-Steel Bars for concrete Reinforcement".
1. Grade: 60
2. Minimum yield strength: 60,000 p.s.i.

B. Sizes shall be as indicated on the Drawings.

2.06 WELDED WIRE FABRIC

A. Welded wire fabric shall conform to ASTM A1064.

2.07 EXPANSION JOINT FILLER

A. Expansion joint filler shall be 1/2-inch thick, preformed asphalt-impregnated, expansion joint material conforming to ASTM D994.

2.08 ACCESSORIES

A. Tie wires shall be 16-gauge, black, soft-annealed wire.

B. Bar supports shall be of proper type for us intended. Bar supports in beams and slabs exposed to view after stripping shall be galvanized or plastic coated. Use concrete supports for reinforcing in concrete placed on grade.

PART 3 EXECUTION

3.01 EXAMINATION

A. Place no concrete until all reinforcing steel, pipes, inserts, sleeves, etc., have been set in place and reviewed by the ENGINEER. Notify the ENGINEER of scheduled pours 24 hours prior to placement.

3.02 PLACING

A. Place concrete expeditiously in clean forms that are not hot to the touch; spray forms with water just prior to placing concrete. Before placing concrete directly against earth, install vapor barrier to prevent water absorption, secure reinforcement in position, inspect, and approve before placing concrete. Do not rest runways for transporting concrete on the reinforcing steel. Deposit concrete as nearly as practical in final position; and, do not allow concrete to drop freely more than 5 feet. Place all concrete during daylight, unless otherwise authorized. Where reinforcing steel above the top of the cast is coated with concrete while placing below, remove all concrete from such reinforcing steel after the placing is complete and prior to the next cast.

B. Place slabs-on-grade carefully to avoid damages to the vapor barrier.

3.03 CONSOLIDATION

A. Consolidate concrete in layers by internal vibrating equipment, supplemented by hand rodding and tamping as required. Do not use vibrators to move the concrete laterally inside the forms.

B. Maintain internal vibrators at speed of at least 5000 impulses per minute when submerged in concrete. Maintain at least 1 spare vibrator in working condition at site at all times.

C. Limit duration of vibration to time necessary to produce satisfactory consolidation without causing segregation. In no case more than 15 seconds per square foot of exposed surface. Move the vibrator constantly and place in each specific spot only once.

3.04 JOINTS

A. Construction joints:

1. Locate as illustrated on the Drawings and as reviewed by the ENGINEER for slabs.
2. Key joints.

B. Expansion Joints: Place pre-formed expansion joints as indicated on the Drawings.

3.05 CURING

A. Begin curing of concrete as soon as practicable after placing, but not more than 3 hours thereafter.

B. Begin curing of the structural elements immediately after removal of forms.

C. Apply curing compounds as specified.

3.06 FINISHES

A. Formed surfaces:

1. Patching: immediately after stripping forms, patch all defective areas with mortar similar to the concrete mix; but, without coarse aggregate. Patch minor honeycombs, bulges and other minor defects as designed by the ENGINEER, only where exposed to view. Clean, dampen, and fill all the holes with patching mortar.

   a. Major defective areas, as judged by the ENGINEER, including those resulting from the leakage of forms, excessive honeycombs, large bulges, and large offsets at form joints: chip away to a depth of at least 1/4 inch; and, the surfaces that are to be patched coat with an epoxy-polysulfide adhesive. Press patching mortar in for a complete bond and finish to match adjacent areas.
   b. Minor defective areas, as judged by the ENGINEER, including honeycombs, air bubbles, holes resulting from removal of ties and those resulting from leakage of forms: patch with grout without resorting to chipping. Minor bulges and offsets at form joints: finish as specified herein below.

2. Finishes; locations:

   a. Rough or board finish: for all concrete surfaces not exposed to public view.

3. Finishes; definitions:

   a. Rough or board finish: reasonably true to line and plane. Tie holes and defects patched, and the fins exceeding 1/4 inch rubbed down, otherwise, surfaces may be left with texture imparted by forms.

B. Unformed surfaces (flatwork):

1. Finishes:

a. General: grade and screed slab to exact elevation, as required. After screeding, tamp mixture thoroughly to drive the coarse aggregate down from surfaces and apply finish specified hereinafter.

b. Light Broom finish: slab on grade.

2. Finishes; definition:

a. Broom finish: finish with light street type broom as soon as surface water sheen has disappeared.

3.07 FIELD QUALITY CONTROL

A. Only ready mixed concrete in accordance with ASTM C94 will be accepted.

B. Place all concrete within 1-1/2 hours after introduction of water to mix.

C. Under no circumstances may additional water be added to mix.

D. Discard unused concrete older than 1-1/2 hours. Retempering is prohibited.

END OF SECTION

SECTION 03600

GROUT

PART 1 GENERAL

1.01 WORK INCLUDED

A. Furnish all materials for grout in accordance with the provisions of this Section and form, mix, place, cure, repair, finish, and do all other work as required to produce finished grout, all in accordance with the requirements of the Contract Documents.

B. The following types of grout shall be covered in this Section:

1. Non-Shrink Grout.
2. Cement Grout.
3. Epoxy Grout.

C. All items specified herein this section may not be specifically required for this project. CONTRACTOR shall coordinate the requirements of this section with the drawings for proper completion of the Work.

D. Like items of materials provided hereunder shall be the end products of one manufacturer in order to achieve standardization for appearance, maintenance, replacement and service.

E. See CONTRACT CONDITIONS and Division 1, GENERAL REQUIREMENTS, for information and requirements which apply to the Work specified in this Section and that are mandatory for this project.

1.02 RELATED WORK SPECIFIED ELSEWHERE

A. Section 03300 - Concrete.

1.03 REFERENCE SPECIFICATIONS, CODES, AND STANDARDS

A. Specifications, codes, and standards shall be as specified in Section 03300 - Concrete and as referred to herein.

B. Additional Commercial Standards (Latest Revision):

CRD-C 621-82B Corps of Engineers Specifications for Non-shrink grout.

ASTM C 109-80 Standard test methods for compressive strength of hydraulic cement mortars (using 2-in or 50-mm cube specimens).

ASTM C 531-81 Test method for linear shrinkage and coefficient of thermal expansion of chemical-resistant mortars, grouts and monolithic surfacings.

ASTM C 579-82 Test methods for compressive strength of chemical-resistant mortars and monolithic surfacings.

ASTM C 827-82 Standard test method for early volume change of cementitious mixtures.

ASTM C 696-79 Test method for coefficient of linear thermal expansion of plastics.

1.04 SUBMITTALS

A. Submit certified test results verifying the compressive strength, shrinkage, and expansion requirements specified herein; and manufacturer's handling, placement and appropriate uses for each type of non-shrink and epoxy grout used in the Work.

PART 2 PRODUCTS

2.01 CEMENT GROUT

A. Cement Grout: Cement grout shall be composed of one part cement, three parts sand, and the minimum amount of water necessary to obtain the desired consistency. Where needed to match the color of adjacent concrete, white Portland cement shall be blended with regular cement as needed. The minimum compressive strength at 28 days shall be 4000 psi.

B. Cement grout materials shall be as specified in Section 03300 - Concrete.

2.02 PREPACKAGED GROUTS

A. Non-Shrink Grout

1. Non-shrink grout shall be a prepackaged, inorganic, non-gas liberating, non-metallic, cement-based grout requiring only the addition of water. Manufacturer's instructions shall be printed on each bag or other container in which the materials are packaged. The specific formulation for each class of non-shrink grout specified herein shall be that recommended by the manufacturer for the particular application.

2. Class A non-shrink grouts shall have a minimum 28 day compressive strength of 5000 psi; shall have no shrinkage (0.0 percent) and a maximum 4.0 percent expansion in the plastic state when tested in accordance with ASTM C-827; and shall have no shrinkage (0.0 percent) and a maximum of 0.2 percent expansion in the hardened state when tested in accordance with CRD C 621.

3. Class B non-shrink grouts shall have a minimum 28 day compressive strength of 5000 psi and shall meet the requirements of CRD C 621.

4. Application
   a. Class A non-shrink grout shall be used for the repair of all holes and defects in concrete members which are water bearing or in contact with soil or other fill material, grouting under all equipment base plates, and at all locations where grout is specified in the Contract Documents; except for those applications for Class B non-shrink grout and epoxy grout specified herein. Class A non-shrink grout may be used in place of Class B non-shrink grout for all applications.

b. Class B non-shrink grout shall be used for the repair of all holes and defects in concrete members which are not water-bearing and not in contact with soil or other fill material, grouting under all base plates for structural steel members, and grouting railing posts in place.

c. Grouting equipment installations.

5. Material shall be Bonsal F77 non-shrink, non-metallic high performance cementitious grout, or equal.

B. Epoxy Grout

1. Epoxy grout shall be a pourable, non-shrink, 100 percent solids system. The epoxy grout system shall have three components: resin, hardener, and specially blended aggregate, all premeasured and prepackaged. The resin component shall not contain any nonreactive diluents. Resins containing butyl glycidyl ether (BGE) or other highly volatile and hazardous reactive diluents are not acceptable. Variation of component ratios is not permitted unless specifically recommended by the manufacturer. Manufacturer's instructions shall be printed on each container in which the materials are packaged.

2. The chemical formulation of the epoxy grout shall be that recommended by the manufacturer for the particular application.

3. The mixed epoxy grout system shall have a minimum working life of 45 minutes at 75 degrees F.

4. The epoxy grout shall develop a compressive strength of 5000 psi in 24 hours and 10,000 psi in seven days when tested in accordance with ASTM C 579, Method B. There shall be no shrinkage (0.0 percent) and a maximum 4.0 percent expansion when tested in accordance with ASTM C 827.

5. The epoxy grout shall exhibit a minimum effective bearing area of 95 percent. This shall be determined by a test consisting of filling a 2-inch diameter by 4-inch high metal cylinder mold covered with a glass plate coated with a release agent. A weight shall be placed on the glass plate. At 24 hours after casting, the weight and plate shall be removed and the area in plan of all voids measured. The surface of the grout shall be probed with a sharp instrument to locate all voids.

6. The peak exotherm of a 2-inch diameter by 4-inch high cylinder shall not exceed 95 degrees F when tested with 75 degree F material at laboratory temperature. The epoxy grout shall exhibit a maximum thermal coefficient of 30 x 10^{-6} inches/inch/degree F when tested according to ASTM C 531 or ASTM D 696.

7. Application:

a. Epoxy grout shall be used to embed all anchor bolts and reinforcing steel required to be set in grout and for all other applications required in the Contract Documents.

b. Grouting equipment installations.

8. Material should be Escoweld 7505E/7530, Epoxy grout, or equal.

2.03 CURING MATERIALS

A. Curing materials shall be as specified in the Section entitled, 03300 - Concrete, for cement grout and as recommended by the manufacturer of prepackaged grouts.

2.04 CONSISTENCY

A. The consistency of grouts shall be that necessary to completely fill the space to be grouted for the particular application. Dry pack consistency is such that the grout is plastic and moldable but will not flow. Where "dry pack" is called for in the Contract Documents, it shall mean a grout of that consistency; the type of grout to be used shall be as specified herein for the particular application.

2.05 MEASUREMENT OF INGREDIENTS

A. Measurements for cement grout shall be made accurately by volume using containers. Shovel measurement will not be allowed.

B. Prepackaged grouts shall have ingredients measured by means recommended by the manufacturer.

PART 3 EXECUTION

3.01 GENERAL

A. All surface preparation, curing, and protection of cement grout shall be as specified in Section 03300 - Concrete. The finish of the grout surface shall match that of the adjacent concrete.

B. The manufacturer of Class A non-shrink grout and epoxy grout shall provide on-site technical assistance upon request.

C. All mixing, surface preparation, handling, placing, consolidation and other means of execution for prepackaged grouts shall be done according to the instructions and recommendations of the manufacturer.

3.02 CONSOLIDATION

A. Grout shall be placed in such a manner for the consistency necessary for each application so as to assure that the space to be grouted is completely filled.

END OF SECTION

SECTION 05500

FABRICATED METALWORK AND CASTINGS

PART 1 GENERAL

1.01 WORK INCLUDED

A. This Section covers the Work necessary to furnish and install, complete, all fabricated metalwork and castings.

B. Like items of materials provided hereunder shall be the end products of one manufacturer in order to achieve standardization for appearance, maintenance, and replacement.

C. All items specified herein this section may not be specifically required for this project. CONTRACTOR shall coordinate the requirements of this section with the drawings for proper completion of the Work.

D. See CONTRACT CONDITIONS and Division 1, GENERAL REQUIREMENTS, which contain information and requirements that apply to the Work specified herein and are mandatory for this project.

1.02 RELATED WORK SPECIFIED ELSEWHERE

A. Section 09900 - Protective Coatings.

1.03 SUBMITTALS

A. Submittals shall be made in accordance with Section 01300 - Submittals.

B. Submittal data shall include, but not be limited to:

1. Shop drawings, including calculations where required.
2. Test pieces and samples.
3. Certificates, test reports, etc.
4. Color samples of abrasive nosings.

PART 2 PRODUCTS

2.01 GENERAL

A. The use of a manufacturer's name and model or catalog number is for the purpose of establishing the standard of quality and general configuration desired only. Products of other manufacturers will be considered in accordance with GENERAL CONDITIONS.

B. Unless otherwise indicated, all materials shall conform to the latest issue of the following ASTM Specifications:

Item	ASTM Specification
Steel Shapes and Plates	A36, A501
Zinc (Hot Galvanized) Coatings of Fabricated Steel	ASTM A 123

Item	ASTM Specification
Stainless Steel	
Bars and Shapes	A 276, Type 316
Steel Plate, Sheet, and Strip	A 167, Type 316
Bolts	A 193, Type 316
Nuts	A 194, Type 316
Aluminum, Structural Shapes	Alloy 6061-T6; conform to referenced specifications and ASTM sections found in the Aluminum Association current Construction Manual Series
Connection Bolts for Steel Members	A 325-F
Galvanized Bolts	A 307, A 153
Connection Bolts for Wood Members	A307
Connection Bolts for Aluminum	A 2024-T4, or use appropriate stainless steel
Cast Iron	A 48, Class 30

C. The miscellaneous metalwork and castings indicated on the Drawings, or required to secure the various parts together and provide a complete installation, shall be included under this section. The tabulation of items herein is not intended to be all-inclusive, and it shall be the CONTRACTOR'S responsibility to provide all metalwork and castings shown, specified, or which case reasonably be inferred as necessary to complete the project.

2.02 STEEL ANCHOR BOLTS (NONSUBMERGED USE)

A. One-half-inch minimum diameter with hex nuts, or as shown. Bolts and nuts shall be steel as specified hereinbefore.

2.03 STAINLESS STEEL ANCHOR BOLTS (SUBMERGED USE)

A. ASTM A 193, Type 316 stainless steel anchor bolt, ½-inch minimum diameter with hex nuts, or size as shown.

B. Submerged use is defined as any connection to concrete from point 1 foot 6 inches above the maximum water surface in a water-holding basin and any connection below that point.

2.04 STAINLESS STEEL FASTENERS LUBRICANT (ANTI-SEIZING)

A. Where stainless steel nuts and machined bolts, anchor bolts, concrete anchors, and all other threaded fasteners are used, CONTRACTOR shall apply an anti-seizing lubricant to the threads prior to making up the connections. The lubricant shall contain substantial amounts of molybdenum disulfide, graphite, mica, talic, or copper.

2.05 MACHINE ANCHOR BOLTS

A. For equipment with motors 3 horsepower or greater, fabricate as shown or as required. Size of fastening stud and anchor bolts as required by equipment manufacturer, stainless.

B. All machine anchor bolts, nuts and washers shall be stainless steel.

2.06 ADHESIVE ANCHORS

A. Adhesive anchors shall be Parabond capsule anchors with 316 stainless steel stud, nuts, and washers, as manufactured by Molly Division, 504 Mt. Laurel Avenue, Temple, PA 19560; heavy-duty adhesive anchor with HBP adhesive cartridge and has 316 stainless steel anchor rod assembly as manufactured by Hilti, Inc., PO Box 45400, Tulsa, OK 74145, or equal.

B. Adhesive anchors shall be used for anchoring all metal components at or below a point 1 foot 6 inches above the peak (maximum) water surface elevations in water-holding structures. For embedded anchors refer to stainless steel anchors as hereinbefore specified.

2.07 SHELL-TYPE ANCHOR

A. Shell-type anchors shall be self-drilling or non-drilling Red Head anchors as manufactured by the Phillips Drill Company, or equal.

2.08 WEDGE ANCHORS

A. Wedge anchors shall be Red Head wedge-type anchors as manufactured by the Phillips Drill Company, Parabolt anchors as manufactured by the Molly Division of Emhart Corporation, or equal.

2.09 EXPANSION ANCHORS

A. Stainless steel expansion anchors shall be a pre-assembled heavy duty sleeve style undercut anchor with an internal hex head meeting the requirements of ASTM A276 and A493. The stainless steel components shall be manufactured from Type 303 or 304 stainless steel. Anchors shall be Kwik Bolt II expansion anchors as manufactured by Hilti, Inc., or equal.

2.10 MASONRY ANCHORS

A. 3/16" or 1/4" Tapcon or Hilti Kwik-Con II anchors. Head type and embedment per installation requirements.

B. Allowed at locations approved by ENGINEER only.

2.11 PIPE SLEEVES

A. ASTM A 120 standard weight steel pipe. Where shown, fabricate seepage rings of 1/4-inch steel plate extending 2 inches from pipe and weld continuously to pipe around complete circumference. Galvanize after fabrication. Support pipe sleeves by form work to prevent contact with reinforcing steel. Do not weld reinforcing to pipe sleeves.

2.12 STRUCTURAL STEEL COMPONENTS

A. Provide all structural steel components of the sizes, materials and weights shown. All connections shall be welded, unless otherwise shown on the Drawings and as specified herein.

2.13 MACHINE BOLTS, INSERTS, AND FASTENERS

A. Machine bolts, inserts, and fasteners permanently embedded in concrete shall be Type 316 stainless steel.

B. Machine bolts, inserts, and fasteners not permanently embedded in concrete, but located outdoors in well wet floors, walls, and ceilings; chemical handling areas; equipment rooms subject to drainage, leakage, and washdown; and in galleries and trenches, shall be Type 316 stainless steel.

C. Machine bolts, inserts, and fasteners not permanently embedded in concrete, but located indoors where washdown, leakage, and drainage are not likely to occur (e.g., in personnel buildings excluding laboratories, on motor floors, in electrical equipment rooms, and in control rooms), may be galvanized steel, ASTM A 153.

2.14 GRATING (ALUMINUM)

A. Grating shall be fabricated of aluminum I-shaped bars, alloy 6063-T6, with swaged cross bars spaced on 4" centers. Bearing bars shall be spaced on 1-3/16" centers. Top surface of bearing bars shall be striated to provide a nonslip surface.

B. Grating shall support a uniform load of 200 pounds per square foot with a deflection of not more than 1/4". Maximum fiber stress shall not exceed that allowed by the Aluminum Association. Minimum depth shall be as noted on Drawings.

C. Gratings shall be provided with all frames, seat angles, fasteners, and other appropriate accessories as required. Metals to be embedded in concrete shall be Type 316 stainless steel.

D. Cutouts for all circular or square obstructions to be at least 2" larger than the obstruction. All cut openings shall be banded with bar the same depth as the bearing bars. The ends of all grating shall be banded.

E. Fasteners for anchoring grating to beam and channel flanges shall be stainless steel, Universal clip type with 1/4-inch Type 304 or 316 stainless steel bolts and nuts. Fasteners shall be furnished for a minimum spacing of four feet, or as required, for proper support to each panel, unless otherwise noted on the Drawings.

F. Standard installation clearances and tolerances shall conform to the requirements of the current Metal Bar Grating Manual published by the National Association of Architectural Metal Manufacturers.

G. Width of any single grating section shall not exceed 3 feet 1 inch, or be less than 2-foot 0-inches unless otherwise shown on reviewed shop drawings.

H. All support angles and framing shall be provided by the grating manufacturer. Support angles and framing shall be of the size and materials as indicated on the Drawings and as specified herein.

I. Aluminum Grating shall be as manufactured by Thompson Fabricating Company, Inc., Alpha Enterprises, or equal.

2.15 CAST IRON MANHOLE FRAMES AND COVERS (SANITARY MANHOLES)

A. Frames and covers shall be cast from close-grained, grey cast-iron, conforming to ASTM-A48 Class 30, gray cast iron. Castings shall be free from blow holes, shrinkages or other imperfections not true to pattern. Round frames and covers in roadway or traffic areas shall have machined wearing surfaces so that fitting parts will not rattle or rock under traffic.

B. Manhole frames and covers shall be USF 420, cover Type C with "SANITARY SEWER" inscribed thereon, as manufactured by U.S. Foundry Manufacturing Corporation, Miami, Florida, or equal.

2.16 CAST IRON MANHOLE FRAMES AND COVERS (STORM SEWER MANHOLES)

A. Frames and covers shall be cast from close-grained, grey cast-iron, conforming to ASTM-A48 Class 30, gray cast iron. Castings shall be free from blow holes, shrinkages or other imperfections not true to pattern. Round frames and covers in roadway or traffic areas shall have machined wearing surfaces so that fitting parts will not rattle or rock under traffic.

B. Manhole frames and covers shall be USF 420, cover type "C" as manufactured by U.S. Foundry Manufacturing Corporation, Miami, Florida, or equal. Cover shall have "STORM SEWER" inscribed thereon.

2.17 CAST IRON INLET FRAMES AND GRATES (STORM SEWER INLETS)

A. Frames and grates shall be cast from close-grained, grey cast-iron, conforming to ASTM-A48 Class 30, grey cast iron. Castings shall be free from blow holes, shrinkages or other imperfections not true to pattern.

D. Castings shall be as manufactured by U.S. Foundry and Manufacturing Corporation, Miami, Florida, or equal.

E. Frame and Grate Schedule:

Location	U.S. Foundry Number
Type "F" Gutter Inlet	USF 5130-6016
Valley Gutter Inlet	USF 5112-6143
Swale Inlet	USF 4139-6429

2.18 ACCESS HATCHES

A. Single and double access doors shall be sized as indicated on the Drawings. Door leaf shall be 1/4-inch aluminum floor plate. The frame shall be an extruded aluminum channel (trough frame) section with a continuous integral anchor flange. Trough frame shall drain water out through a 1-1/2-inch drainage pipe coupling. Hinges shall be all stainless steel with tamper proof stainless steel nuts and bolts.

Where noted on drawings, angle type frame shall be provided in lieu of trough frame.

B. Access doors shall be watertight and equipped with stainless steel accessories, cast aluminum drop handle, padlock staple and an automatic hold open arm with vinyl release handle grip. Slam Lock mechanisms shall be provided for all doors equipped with spring-assist opening mechanisms.

C. Parts of access door units which will be in contact with concrete shall be coated with one coat of coal tar epoxy (minimum 10 mils).

D. Loading (H20 or 300 psf) and spring assist requirements shall be as noted on drawings.

E. Access doors shall be as manufactured by U.S.F. Fabrication, Inc., Hialeah, Florida, Halliday Products, Orlando, Florida, or equal.

2.19 ACCESS HATCHES (FLOOD RESISTANT)

A. Single access doors shall be sized as indicated on the Drawings. Door leaf shall be 1/4-inch aluminum diamond plate reinforced for 625 PSF live load and capable of holding up to 10 feet head of water. The frame shall be aluminum angle section. Hinges shall be all stainless steel with tamper proof stainless steel nuts and bolts.

B. Access doors shall be flood-resistant and equipped with stainless steel accessories, cast aluminum handle, padlock staple and an automatic hold open arm with vinyl release handle grip. Slam Lock mechanisms shall be provided for all doors equipped with spring-assist opening mechanisms.

C. Parts of access door units which will be in contact with concrete shall be coated with one coat of coal tar epoxy (minimum 10 mils).

D. Loading and spring assist requirements shall be as noted on drawings.

E. Access doors shall be FPS access hatch, as manufactured by U.S.F. Fabrication, Inc., Hialeah, Florida, or equal.

2.20 NEOPRENE GASKET

A. Unless otherwise indicated, Rubatex No. R-411-N, (ASTM D 1056-RE-41-E), soft, closed-cell, neoprene gasket material, as manufactured by Rubatex Division of Great American Industries, Bedford, VA; equivalent as manufactured by Garlock Manufacturing, San Francisco, CA; or equal. The material shall be suitable for exposure to chlorine, lime and other chemicals typically used in water treatment. Thickness shall be as indicated, but in no case less than 1/4-inch. Gaskets shall be furnished without skin coat on either side.

PART 3 EXECUTION

3.01 GENERAL

A. Workmanship and finish of all metalwork specified under this section shall be the highest grade and equal to the best practice of modern shops for the respective work. Exposed surfaces shall have smooth finish and sharp, well-defined lines. Provide all necessary rabbets,

lugs, and brackets to that the work can be assembled in a neat, substantial manner. Conceal fastenings where practical. Drill metalwork and countersink holes as required for attaching hardware or other materials. Fabricate materials as specified weld connections, except where bolting is directed. Items requiring special fabrication methods are mentioned herein. Fabrication of all other items shall be of equal quality. Methods of fabrication not otherwise specified or shown shall be adequate for the stresses and as directed by the ENGINEER.

B. Grind all exposed edges of welds smooth on walkways, guardrails, handrails, stairways, channel door frames, steel column bases, and where indicated on the Drawings. All sharp edges shall be rounded to a 1/8-inch minimum radius; all burrs, jagged edges, and surface defects shall be ground smooth.

C. Welds and adjacent areas shall be prepared such that there is (1) no undercutting or reverse ridges on the weld bead, (2) no weld spatter on or adjacent to the weld or any other area to be painted, and (3) no sharp peaks or ridges along the weld bead. All embedded pieces of electrode or wire shall be ground flush with the adjacent surface of the weld bead.

D. Aluminum: Fabricate aluminum as shown, and in accordance with the Aluminum Association Standards and the manufacturer's recommendations as reviewed. Grind smooth sheared edges exposed in the finished work.

3.02 WELDING

A. The technique or welding employed, appearance, quality of welds made, and the methods of correcting defective Work shall conform to codes for Arc and Gas Welding in Building Construction of the AWS and AISC. Surfaces to be welded shall be free from loose scale, rust, grease, paint, and other foreign material, except that mill scale which will withstand vigorous wire brushing may remain. A light film of linseed oil may likewise be disregarded. No welding shall be done when the temperature of the base metal is lower than zero degrees F. Finished members shall be true to line and free from twists.

B. All welding operators shall be qualified in accordance with the requirements of current AWS Standard Qualification Procedure D1.1, Chapter 5, and welders of structural and reinforcing steel shall be certified for all positions of welding in accordance with such procedure. Qualification tests shall be run by a recognized testing laboratory at the CONTRACTOR'S expense.

C. All welding operators shall be subject to examination for requalification using the equipment, materials, and electrodes employed in the execution of the Contract Work. Such requalification, if ordered by the ENGINEER, shall be done at the expense of the CONTRACTOR.

D. Aluminum: Aluminum shall be welded with Gas Metal Arc (MIG) or Gas Tungsten Arc (TIG) processes in accordance with the manufacturer's recommendations as approved, and in accordance with the recommendations of the American Welding Society contained in the Welding Handbook, as last revised. Grind smooth all exposed aluminum welds.

3.03 INSTALLATION OF FABRICATED METALWORK

A. Install in accordance with the shop drawings, the Drawings, and these Specifications. Perform field welding and erection work by skilled mechanics. Install fabricated metalwork plumb or level as applicable. The completed installations shall, in all cases, be rigid, substantial, and neat in appearance. Erect structural steel in accordance with the applicable portions of AISC Code of Standard Practice, except as modified. Install commercially manufactured products in accordance with manufacturer's recommendations as approved.

B. Aluminum: Erection of aluminum shall be in accordance with the Aluminum Association. Mill markings shall not be removed from concealed surfaces. Exposed surfaces not otherwise coated shall have the inked or painted identification marks removed after the material has been inspected and approved by the ENGINEER.

3.04 ANCHOR BOLTS

A. All anchor bolts shall be accurately located and held in place with templates at the time the concrete is poured.

3.05 GALVANIZING AND REPAIR

A. Galvanizing of steel plates, shapes, bars (and products fabricated from these items), and strip 1/8-inch thick or thicker, shall conform to ASTM A 123. Pipe, welded or seamless steel, shall conform to ASTM A 120. Material thinner than 1/8 inch shall either be galvanized before fabrication in conformance with the requirements of ASTM A 525, Coating Designation G 1`0; after fabrication, in conformance with the requirements of ASTM A 123, except that the weight of zinc coating shall average not less than 1.2 ounces per square foot of actual surface area with no individual specimen having a weight of less than 1.0 ounce. Unless otherwise provided, galvanizing shall be done before or after fabrication, for material which is thinner than 1/8 inch, at the option of the CONTRACTOR. Galvanizing will not be required for stainless steel, monel metal, and similar corrosion-resistant parts.

B. In like manner, galvanizing of iron and steel hardware, and nuts and bolts, shall conform to ASTM A 153. Galvanizing shall be performed after fabrication. Galvanizing of tapped holes will not be required.

C. Fabrication shall include all operations such as shearing, cutting, punching, forming, drilling, milling, bending, welding, and riveting.

D. Components of bolted assemblies shall be galvanized separately before assembly.

E. The minimum pitch diameter of the threaded portion of all bolts, anchor bars, or studs shall conform to ANSI B1.1, having a Class 2A tolerance before galvanizing. After galvanizing, the pit diameter of the nuts or other internally threaded parts may be tapped over ANSI B1.1, Class 2B tolerance, by the following maximum amounts:

3/8-inch through 9/16-inch	0.016-inch oversize
5/8-inch through 1-inch	0.023-inch oversize
1-1/8-inch and larger	0.033-inch oversize

F. Galvanized surfaces which are specifically to be painted shall not be chemically treated after galvanizing, and prior to cleaning and painting.

G. Except for inlet grates not otherwise required to be welded, all edges of tightly contacting surfaces, where galvanized is required, shall be completely sealed by welding before galvanizing.

H. Galvanized surfaces that are abraded or damaged at any time after the application of the zinc coating shall be repaired by SP 1) and hand or power tool (Steel Structures Painting Council SP 1 or SP 3) the damaged areas, removing all loose and cracked coating after which the cleaned areas shall be painted with one of the following coatings:
   1. One coat of Inorganic Zinc Silicate (MIL-P-23236, Class 3).
   2. Two coats of Galvanizing Repair Paint (MIL-P-21035).
   3. Two coats of Zinc Dust Paint (MIL-E-15145, Formula 102).

I. Paint should be applied to a cleaned surface. Abrasive blasting is required for inorganic zinc silicate.

3.06 ELECTROLYTIC PROTECTION

A. Aluminum in contact with or embedded in concrete shall be provided with an electrolysis protective material. the protective material shall be applied to the aluminum surface which will be in contact with the dissimilar material. Protective system shall be System No. 27 as specified in Section 09900 - Protective Coatings.

B. Aluminum in contact with steel shall be provided with an electrolysis protective material. The protective material shall be neoprene gasket as specified herein.

3.07 PAINTING

A. Thoroughly clean all ferrous metal items not galvanized and give a shop coat of metal primer. Preparation of surfaces and application of primer shall be in accordance with the paint manufacturer's printed directions and recommendations as reviewed and in accordance with Section 09900 - Protective Coatings, utilizing the appropriate painting system.

3.08 PREPARATION FOR SHIPMENT

A. Insofar as is practical, the items provided hereunder shall be factory assembled. The parts and assemblies that are of necessity shipped unassembled, shall be packaged and clearly tagged in a manner that will protect the materials from damage, and facilitate the identification and final assembly in the field.

END OF SECTION

SECTION 09900

PROTECTIVE COATINGS

PART 1 GENERAL

1.01 WORK INCLUDED

A. This Section covers the work required to provide all labor, materials, equipment and incidentals to perform all of the necessary surface preparation and painting required to complete this contract in its entirety.

B. It is the intent of this specification to paint all concrete exposed miscellaneous ferrous metals, pipes, fittings, valves, equipment and all other work obviously required to be painted unless otherwise specified. Minor items omitted in the schedule of Work shall be included in the Work of this Section where they come within the general intent of the Specifications as stated herein.

C. The following surfaces or items are not required to be painted:

1. Aluminum: gratings, checkered plates, hatches, handrails, toeboards, stairways and walkways (except as required for electrolytic protection).

2. Stainless Steel, brass and bronze.

3. Piping buried in the ground or embedded in concrete.

4. Ducts, pipes and other miscellaneous items covered with insulation or plastic coated.

5. Concealed surfaces of pipe and crawl spaces.

6. Finish hardware.

7. Nonferrous architectural metals, unless specifically noted otherwise.

8. Packing glands and other adjustable parts and nameplates of mechanical equipment.

9. All manufactured painted electrical equipment (switchgear, transformers, motor control centers, control panels, etc.).

D. All items or coating systems specified herein this section may not be specifically required for this project. CONTRACTOR shall coordinate the requirements of this section with the drawings for proper completion of the Work.

E. Like items of materials provided hereunder shall be the end products of one manufacturer in order to achieve standardization for appearance, maintenance, replacement and service.

F. See CONTRACT CONDITIONS and Division 1, General Requirements, which contain information and requirements that apply to the Work specified herein and are mandatory for this project.

1.02 RELATED WORK SPECIFIED ELSEWHERE

A. Finish Schedules on Drawings.

1.03 ABBREVIATIONS

A. The abbreviations and definitions listed below, when used in this Section shall have the following meanings:

ANSI	American National Standards Institute
ASTM	American Society of Testing Materials
AWWA	American Water Works Association
DFT	Dry Film Thickness
FRP	Fiberglass Reinforced Plastic
HCL	Hydrochloric Acid
MDFT	Minimum Dry Film Thickness
MDFTPC	Minimum Dry Film Thickness Per Coat
mil	Thousandths of an Inch
MIL-P	Military Specification - Paint
NACE	National Association of Corrosion Engineers
NSF	National Sanitary Foundation
OSHA	Occupational Safety and Health Administration
SFPG	Square Feet Per Gallon
SFPGPC	Square Feet Per Gallon Per Coat
SP	Surface Preparation
SSPC	Steel Structures Painting Council

1.04 SUBMITTALS

A. Submittals shall be made in accordance with the requirements specified in Section 01300 - Submittals.

B. Submittals will be made with the coating system data sheet included at the end of this section.

C. The following shall be submitted for each proposed coating system: manufacturer's specifications, surface preparation details, application procedures, technical data sheets and dry film thickness or coverage.

D. Schedule of Painting Operations: The CONTRACTOR shall include a complete Schedule of Painting Operations with the overall project schedule.

1.05 QUALITY ASSURANCE

A. The paint manufacturer shall provide a representative to visit the jobsite at intervals during surface preparation and painting as may be required for product application quality assurance and to determine compliance with Manufacturer's instructions and these Specifications, and as may be necessary to resolve field problems attributable to, or associated with, the manufacturer's products furnished under this Contract.

1.06 INSPECTION

A. The CONTRACTOR shall give the ENGINEER a minimum of three (3) days advance notice of the completion of any surface preparation work or start of coating application work.

B. Before application of the base (prime) coat and each succeeding coat, all surfaces to be painted shall be inspected by ENGINEER. Any and all defects or deficiencies shall be corrected by the CONTRACTOR before application of any subsequent coating.

C. Coating applications shall be checked for required MDFT as per these specifications. All coated surfaces failing to meet the MDFT requirements shall be rejected.

D. For all coatings subject to immersion, consult the coatings manufacturer's written instructions for time required after system application before immersion.

E. Inspection by the ENGINEER or the waiver of inspection of any particular portion of the Work shall not be construed to relieve the CONTRACTOR of his responsibility to perform the Work in accordance with these Specifications.

F. All equipment required for discontinuity (Holiday) testing of steel substrates and continuity verification of concrete substrates shall be furnished and operated by the painting contractor.

1.07 PAINT DELIVERY AND STORAGE

A. All materials shall be new and shall be delivered to the project site in unopened containers that plainly show, at the time of use, the designated name, date of manufacture, color, and name of manufacturer. Paints shall be stored in a suitable protected area that is heated or cooled as required to maintain temperatures within the range recommended by the paint manufacturer.

B. All paint or other such regulated substances stored on site by CONTRACTOR shall be done so in accordance with the rules and regulations of the Florida Department of Environmental Protection regarding secondary containment and the Broward County Department of Planning and Environmental Protection.

1.08 PROJECT SITE CONDITIONS

A. The location of this project requires observance and conformance with EPA Volatile Organic Compound (VOC) restrictions. EPA limits the content of VOC's in painting materials to 3.5 lbs./gallon. Information regarding the VOC content of proposed paints will be required during submittals.

1.09 WARRANTY

A. CONTRACTOR shall warrant to the OWNER and guarantee the work under this Section against defective workmanship and materials for a period of two (2) years commencing on the final contract date of final acceptance of the project.

B. Warranties shall be submitted in accordance with Section 01740-Warranties and Bonds.

PART 2 PRODUCTS

2.01 GENERAL

A. All products used in immersion service or in contact with potable water shall be ANSI/NSF certified for use in contact with potable water.

B. Products containing lead will not be allowed. Oil shall be pure boiled linseed oil.

2.02 PAINT MATERIALS

A. Products shall be manufactured by Tnemec Company, Inc., Carboline, BASF, or equal.

B. The following paint products are used for the basis of establishing the desired quality expected for the project.

PRODUCT TYPE	TNEMEC COMPANY, INC. PRODUCT NAME	CARBOLINE PRODUCT NAME
Epoxy (Non-Potable)	Series 66 Hi-Build Epoxoline	Carboguard 890
Epoxy (Potable)	Series N140 Pota-Pox Plus	CarboGuard 891HS
Polyurethane	Series 73 Endura-Shield	Carbothane 134HB
Acrylic Emulsion (Low Gloss)	Series 6 Tneme-Cryl	Sanitile 155
Water Borne Acrylic Epoxy(Semi Gloss)	Series 113 H.B. Tneme-Tufcoat	Sanitile 255
Epoxy Waterborne Cementitious Acrylic	Series 130-6602 Envirofill	Sanitile 100
Epoxy Mastic	Series 135 Chembuild	Carbomastic 615
Acrylic Polymer (Semi-Gloss)	Series 1028 Enduratone	Carbocrylic 3359
Waterborne Acrylic Bonding Primer		Carbocylic 120
Polyamine Epoxy (Primer)	Series 201 Epoxoprime	Semstone 110
Polyamidoamine Epoxy (Non-Potable)	Series N69 Hi-Build Epoxoline II	CarboGuard 890
Polyamide Epoxy Coal Tar	46H-413 Hi-Build Tneme-Tar	Bitumastic 300M

PRODUCT TYPE	TNEMEC COMPANY, INC. PRODUCT NAME	CARBOLINE PRODUCT NAME
Polyamine Novolac Epoxy	Series 282 Tneme-Glaze	Semstone 145 or 145SL (Floors)
Fiber Reinforced Epoxy	Series 270 Stranlok	Semstone 145
Waterborne Epoxy-Amine Adduct (Floor)	Series 287 Enviro-Tread	CarboGuard 655
Aliphatic Polyester Polyurethane (Floor)	Series 290 CRU	Carbothane 133HB
Glass Bead Additive	Series 211-212 Glass Beads	Contact Supplier

PRODUCT TYPE	BASF PRODUCT NAME
Cementitious Coating	Thoroseal

2.03 EXTRA PAINT

A. Furnish one (1) unopened container of each type and each color of paint used, properly marked for future use by OWNER. Minimum size of one (1) gallon.

2.04 PIPE IDENTIFICATION LABELS

A. Piping systems larger than 1" diameter

1. Stick-on pipe labels shall be durable self-adhesive vinyl, meeting ANSI A13.1 for background color and lettering height as follows:

Pipe Diameter	Letter Height
1" to 2-1/2"	3/4"
2-5/8" to 6"	1-1/4"
8" and above	2-1/2"

2. Custom flow stream identification color and text shall be provided per the flow stream requirements noted on the drawings.

3. Flow detection arrow(s) shall be incorporated with each custom label. Above 6" diameter pipe flow arrows shall be provided around pipe circumference.

4. Labels for color code painted pipe shall have a clear background with black letters and flow direction arrows.

5. Stick-on pipe labels shall be as provided by Brady, Craftmark, Seton, or equal.

B. Piping systems 1" diameter and smaller

1. Labels shall be reusable plastic snap-on markers as manufactured by Brady, Craftmark, Seton, or equal.

2. Custom flow stream identification text with flow direction arrow shall be provided per the flow stream requirements noted on the drawings.

C. Piping Systems Larger Than 3" Diameter (Alternative)

1. Black stencil painted letters, all capitals meeting the following heights:

Pipe Diameter	Letter Height
4" to 10"	1-1/4"
12" and above	2-1/2"

2. Paint for stenciling shall be black, same top coat as specified coating system.

3. Flow direction arrows shall also be included.

PART 3 EXECUTION

3.01 PROTECTION OF SURFACES NOT TO BE PAINTED

A. Mask or otherwise protect hardware, lighting fixtures, switch plates, aluminum surfaces, machined surfaces, couplings, shafts, bearings, nameplates and all other surfaces not intended to be painted which cannot be removed.

B. Provide drop cloths to prevent paint materials from falling on or marring adjacent surfaces.

C. Protect working parts of mechanical and electrical equipment from damage during surface preparation and painting processes. Openings in motors shall be masked to prevent paint and other materials from entering motors.

D. Protection of Existing Structures, Residences, or Vehicles

1. CONTRACTOR shall provide screens or other such means to prevent splatter of concrete, paint or other such substance from staining or damaging the nearby existing structures, residences or vehicles.

2. CONTRACTOR shall be responsible for cleaning and repairing all damages caused by overspray.

3.02 ENVIRONMENTAL CONDITIONS

A. Paint shall not be applied in temperatures exceeding the manufacturer's recommended maximum and minimum allowable, nor under adverse conditions such as dust, smoke-laden atmosphere, damp or humid weather.

3.03 SAFETY

A. Painting shall be performed in strict accordance with the safety recommendations of the paint manufacturer; with the safety recommendations of the National Association of Corrosion Engineers

contained in the publication, Manual for Painter Safety; Federal, State, and local agencies having jurisdiction.

B. Ultimate responsibility for safety is the CONTRACTOR's.

3.04 PREPARATION OF FERROUS METAL SURFACES

A. All surfaces to be coated shall be prepared as specified herein and shall be dry and clean before coating. Specific surface preparation shall be specified for the individual coating systems.

B. Standards for Ferrous Metal Surfaces Preparation

1. SSPC-SP-1 Chemical and/or Solvent Cleaning

Remove all grease, oil, salt, acid, alkali, dirt, dust, wax, fat, foreign matter and contaminates, etc. by one of the following methods: steam cleaning, alkaline cleaning, or volatile solvent cleaning.

2. SSPC-SP-2 Hand Tool Cleaning

Removal of loose rust, loose mill scale and loose paint to a clean sound substrate by hand chipping, scraping, sanding and wire brushing.

3. SSPC-SP-3 Power Tool Cleaning

Removal of loose rust, loose mill scale and loose paint to a clean sound substrate by power tool chipping, descaling, sanding, wire brushing and grinding.

4. SSPC-SP-4 Flame Cleaning

Dehydrating and removal of rust, loose mill scale and some light mill scale by use of flame, followed by wire brushing.

5. SSPC-SP-5 (NACE-1) White Metal Blast Cleaning

Complete removal of all mill scale, rust scale, previous coating, etc., leaving the surface a uniform gray-white color.

6. SSPC-SP-6 (NACE-3) Commercial Grade Blast Cleaning

Complete removal of all dirt, rust scale, mill scale, foreign matter and previous coating, etc., leaving only shadows and/or streaks caused by rust stain and mill scale oxides. At least 66% of each square inch of surface area is to be free of all visible residues, except slight discoloration.

7. SSPC-SP-7 (NACE-4) Brush-Off Blast Cleaning

Removal of rust scale, loose mill scale, loose rust and loose coatings, leaving tightly-bonded mill scale, rust and previous coatings. On concrete surfaces, brush-off blast cleaning shall remove all laitance, form oils and solid contaminates. Blasting should be performed sufficiently close to the surface so as to open up surface voids, bugholes, air pockets and other

subsurface irregularities, but so as not to expose underlying aggregate.

8. SSPC-SP-8 Pickling

   Complete removal of rust and mill scale by acid pickling, duplex pickling or electrolytic pickling (may reduce the resistance of the surface to corrosion, if not to be primed immediately).

9. SSPC-SP-10 (NACE-2) Near-White Metal Blast Cleaning

   Removal of all rust scale, mill scale, previous coating, etc., leaving only light stains from rust, mill scale and small specks of previous coating. At least 95% of each square inch of surface area is to be free of all visible residues, and the remainder shall be limited to slight discoloration.

10. SSPC-SP-11-87 Power Tool Cleaning to Bare Metal

    Complete removal of rust, rust scale, mill scale, foreign matter and previous coatings, etc. to a standard as specified on a Commercial Grade Blast Cleaning (SSPC-SP-6, NACE-3) by means of power tools that will provide the proper degree of cleaning and surface profile.

C. Ferrous metal shall be blasted unless otherwise specified. Blasting shall be done with a centrifugal wheel or compressed air blasting equipment, using proper abrasives to attain an average profile depth of 1.5 mils. Do not reuse sand or flint abrasives. Shot abrasives must be thoroughly clean of contamination before reuse. Blow dust and grit from surface with clean, dry air. Coat within 8 hours or before rust contamination occurs.

D. Shop-Finished Surfaces: All shop-coated surfaces shall be protected from damage and corrosion before and after installation by treating damaged areas immediately upon detection. Abraded or corroded spots on shop-coated surfaces shall be prepared in accordance with SSPC-SP2 (Hand Tool Cleaning) and then touched up with the same materials as the shop coat. All shop coated surfaces which are faded, discolored, or which require more than minor touch-up in the opinion of the ENGINEER shall be repainted. Cut edges of galvanized sheets and exposed threads and cut ends of galvanized piping, electrical conduit, and metal pipe sleeves, not to be finished painted, shall be cleaned in accordance with SSPC-SP1 (Solvent Cleaned) and primed with zinc dust-zinc oxide metal primer.

E. Pre-Blast Cleaning Requirements

   All oil, grease, welding fluxes, and other surface contaminants shall be removed prior to blast cleaning. Preblast cleaning methods shall use steam, open flame, hot water, or cold water with appropriate detergent additives followed with clean water rinsing.

   Small isolated areas shall be cleaned as above or solvent cleaned with suitable solvents and clean cloths.

   All sharp edges shall be rounded or chamfered and all burrs, jagged edges, and surface defects shall be ground smooth.

Welds and adjacent areas shall be prepared such that there is: (1) no undercutting or reverse ridges on the weld bead, (2) no weld spatter on or adjacent to the weld or any other area to be painted and (3) no sharp peaks or ridges along the weld bead. All embedded pieces of electrode or wire shall be ground flush with the adjacent surface of the weld bead.

3.05 PREPARATION OF CONCRETE AND MASONRY SURFACES

A. All surfaces to be coated shall be prepared as specified herein and shall be dry and clean before coating. Specific surface preparation shall be specified for the individual coating systems.

B. Standards for concrete/masonry surface preparation shall be as defined and specified by guideline No. 03732 (latest revision) as published by the International Concrete Repair Institute.

C. Concrete and masonry surfaces shall be prepared in accordance with the International Concrete Repair Institute Guideline No. 03732 to provide the specified Concrete Surface Profile CSP 2 - CSP 9, and the recommendations of the repair, coating and lining manufacturer. According to ICRI, surface preparation methods that may result in a CSP 1 - CSP 9, include acid etching, detergent scrubbing, low-pressure water blasting, abrasive (sand) blasting, and high and ultra high pressure water jetting.

Concrete and masonry surface preparation method shall be as selected by CONTRACTOR to meet the specified concrete surface profile requirement and the other specified surface preparation requirements.

D. The Concrete Surface Profile (CSP) requirements shall be as follows:
1. ICRI CSP 1 - Acid Etched.
2. ICRI CSP 2 - Grinding.
3. ICRI CSP 3 - Light Shot Blast.
4. ICRI CSP 4 - Light Scarification.
5. ICRI CSP 5 - Medium Shot Blast.
6. ICRI CSP 6 - Medium Scarification.
7. ICRI CSP 7 - Heavy Abrasive Blast.
8. ICRI CSP 8 - Scabbled.
9. ICRI CSP 9 - Heavy Scarification.

These classifications are to be used to determine depth of surface profile and are not intended to dictate surface preparation method to be employed.

3.06 PREPARATION OF EXISTING COATED SURFACES

A. Existing coated surfaces to be painted shall be detergent washed and fresh water rinsed. Loose, abraded, or damaged coatings shall be cleaned to substrate by SSPC-SP2 (Hand Tool Cleaning) or SSPC-SP3 (Power Tool Cleaning). Surrounding intact coating shall be feathered. One spot coat of the specified primer shall be applied to bare areas overlapping the prepared existing coating. One full finish coat of the specified material shall be applied overall.

B. The exact nature of the existing coatings is not known in all cases; and, while it is assumed that they have oxidized sufficiently to prevent lifting or peeling when overcoated with the paints specified,

the compatibility shall be checked by application to a small area prior to starting the painting. If lifting or other problems occur, request instructions from the ENGINEER.

3.07 SHOP PAINTING

A. All fabricated steel work and equipment shall receive at the factory at least one shop coat of prime paint compatible with the paint system required by these Specifications. Surface preparation prior to shop painting shall be as specified. Finish coats may be applied in the shop if acceptable to the ENGINEER. All shop painted items shall be properly packaged and stored until they are incorporated in the Work. Any painted surfaces that are damaged during handling, transporting, storage or installation shall be cleaned, scraped and patched before field painting begins. Work shall be equal to the original painting received at the shop. Equipment or steel work that is to be assembled on the site shall likewise receive a minimum of one shop coat of paint at the factory. Surfaces of exposed members that will be inaccessible after erection shall be prepared and painted before erection.

B. The CONTRACTOR shall specify the shop paints to be applied when ordering equipment in order to assure compatibility of shop paints with field paints. The paints and surface preparation used for shop coating shall be identified on shop drawings submitted to the ENGINEER for review.

C. Shop finish coats may be the standard finish as ordinarily applied by the manufacturer if it can be demonstrated to the ENGINEER that the paint system is equal to and compatible with the paint system specified. However, all pumps, motors, valves, pipe and other equipment shall receive at least one field applied finish coat after installation.

3.08 COATING SYSTEM INDEX

A. The following is a general index to the Coating System descriptions contained herein:

SYSTEM NUMBER	TITLE
2A	Exterior of New Precast Concrete
4E	Exposed Metal (Existing/Shop Primed) - Highly Corrosive
7	Interior Metal - Highly Corrosive
7E	Interior Metal (Existing/Shop Primed) - Highly Corrosive.
23	Chemical Resistant Wall (Concrete and Masonry)
24	Exposed FRP, PVC
24E	Exposed FRP, PVC (Existing)
25	Interior FRP, PVC
25E	Interior FRP, PVC (Existing)
27	Aluminum and Dissimilar Metal Insulation
109	Interior Concrete and Masonry
109E	Existing Interior Concrete and Masonry
111	Exterior Stucco Cementitious Coating (Flat)
111E	Existing Exterior Stucco Cementitious Coating (Flat)
154NS	Concrete Floor (Chemical Resistant) Non-Skid

3.09 COATING SYSTEMS

A. System No. 2A - Exterior of New Precast Concrete

Surface Preparation:	All curing oils, form oils, laitance, soluble salts and loose concrete must be removed per SP13. Concrete must be dry and thoroughly clean before coating.
Prime Coat:	None required.
Top Coat:	Polyamide Epoxy Coal Tar at 16.0 mils DFT per coat.
MDFT:	16 mils DFT
Color:	Black

B. System No. 4E - Exposed Metal (Existing/Shop Primed) - Highly Corrosive.

Surface Preparation: (Existing)	Remove all dirt, oil, grease, chemicals by High pressure water blasting. Remove all rust and loose damaged paint by abrasive blast cleaning per SSPC-SP7 (Brush Off Blast) or by SSPC-SP2 & 3 Hand & Power Tool Cleaning.
Surface Preparation: (Shop Primed)	Piping, fittings, and valves shall be shop primed in accordance with Specification Sections 15005 and 15100. Equipment, pumps and motors shall be shop primed per applicable Specification Sections.
Spot Prime:	Spot prime all bare metal areas with an epoxy mastic at 5.0 mils DFT.
Prime Coat:	Epoxy Mastic 5.0 Mils DFT.
Top Coat:	Polyurethane 3.0 Mils DFT.
Sealant:	Apply single component sealant as specified in Section 07900 - Sealants, at location where two pieces of steel overlap, between flanges, at bolts, etc.
MDFT:	8.0 Mils for the two (2) coat system.
Color:	Color as scheduled on drawings.

C. System No. 7 - Interior Metal - Highly Corrosive.

Surface Preparation:	Abrasive blast clean metal to an SSPC-SP10 (near-white metal blast).
Prime Coat:	Epoxy (Non-Potable) 7.0 Mils DFT.
Top Coat:	Epoxy (Non-Potable) 3.0 Mils DFT.

MDFT:	10.0 Mils for the two (2) coat system.
Color:	As scheduled on Drawings.

D. System No. 7E - Interior Metal (Existing/Shop Primed) - Highly Corrosive.

Surface Preparation: (Existing)	Remove all dirt, oil, grease, chemicals by high pressure water blasting. Remove all rust and loose damaged paint by abrasive blast cleaning per SSPC-SP7 (Brush Off Blast) or by SSPC-SP2 & 3 Hand & Power Tool Cleaning.
Surface Preparation: (Shop Primed)	Piping, fittings, and valves shall be shop primed in accordance with Specification Sections 15005 and 15100. Equipment, pumps and motors shall be shop primed per applicable Specification Sections.
Spot Prime (Existing):	Spot prime all bare metal areas with an epoxy mastic at 5.0 mils DFT.
Prime Coat:	Epoxy (Non-Potable) 7.0 Mils DFT.
Top Coat:	Epoxy (Non-Potable) 3.0 Mils DFT.
MDFT:	10.0 Mils for the two (2) coat system.
Color:	As scheduled on Drawings.

E. System No. 23 - Chemical Resistant Wall (Concrete Masonry)

Surface Preparation:	Surface shall be clean, dry, free of dust, oil, curing compounds and other foreign materials.
Prime Coat/Block Filler:	One (1) coat Epoxy waterborne cementitious acrylic at 80 SFPGPC.
Top Coat:	Two (2) coats Waterborne Acrylic Epoxy (Semi-Gloss) at 4.0 - 6.9 DFT per coat.
Color:	As scheduled on Drawings.

F. System No. 24 - Exposed FRP, PVC.

Surface Preparation:	Solvent cleaning, SSPC-SP1, to remove soluble contaminants. Remove all insuluble contaminants or foreign materials by hand, SSPC-SP2, or Power Tool Cleaning, SSPC-SP3.
Prime Coat:	Epoxy (non-potable) at 2.0 - 4.0 Mils DFT.
Top Coat:	High Build Acrylic Polyurethane at 2.0 - 4.0 Mils DFT.

MDFT: 6.0 Mils for two (2) coat system.

Color: As scheduled on Drawings.

G. System No. 24E - Exposed FRP, PVC (Existing)

Surface Preparation: Remove all dirt, oil, grease, chemicals and loose paint by high pressure water blasting (min 3500 PSI) and scraping. Feather all edges. Lightly sand or abrade to roughen and de-gloss existing surface.

Prime Coat: Epoxy (Non-Potable) 3.0 Mils DFT.

Top Coat: Polyurethane 2.0 Mils DFT.

Color: As scheduled on drawings.

H. System No. 25 - Interior FRP, PVC.

Surface Preparation: Solvent cleaning, SSPC-SP1, to remove soluble contaminants. Remove all insuluble contaminants or foreign materials by hand, SSPC-SP2, or Power Tool Cleaning, SSPC-SP3.

Prime Coat: Epoxy (Non-Potable) 3.0 Mils DFT.

Top Coat: Epoxy (Non-Potable) 3.0 Mils DFT.

MDFT: 6.0 Mils for the two (2) coat system.

Color: As scheduled on Drawings.

I. System No. 25E - Interior FRP, PVC (Existing)

Surface Preparation: Solvent cleaning, SSPC-SP1, to remove soluble contaminants. Remove all insuluble contaminants or foreign materials by hand, SSPC-SP2, or Power Tool Cleaning, SSPC-SP3. Lightly sand or abrade to roughen and de-gloss existing surface.

Prime Coat: Epoxy (Non-Potable) 3.0 Mils DFT.

Top Coat: Epoxy (Non-Potable) 3.0 Mils DFT.

MDFT: 6.0 Mils for the two (2) coat system.

Color: As scheduled on Drawings.

J. System No. 27 - Aluminum and Dissimilar Metal Insulation

Surface Preparation: Scarify surface.

Top Coat: Polyamide Epoxy Coal Tar at 10.0 mils DFT.

MDFT: 10.0 mils for one (1) coat system.

Color: Black.

K. System No. 109 - Interior Concrete and Masonry (Semi-Gloss)

Surface Preparation: Surface shall be clean, dry, free of dust, oil, curing compounds and other foreign materials.

Prime Coat: One (1) coat Epoxy Block Filler 80 SFPGPC.

Top Coats: Two (2) coats Waterborne Acrylic Epoxy (Semi-Gloss) at 254 SFPGPC.

Color: As scheduled on drawings.

L. System No. 109E - Existing Interior Concrete and Masonry (Semi-Gloss)

Surface Preparation: Remove all dirt, oil, grease, chemicals and loose paint by high pressure water blasting (3500 PSI with a turbo tip). Remove as much of the topcoats from the block filler as possible. All remaining topcoat must be tightly adhering. Feather all edges of remaining topcoat.

Surface Profile: ICRI CSP 1

Patching: Patch all existing holes in walls with non-shrink grout as specified in Section 03600 - Grout.

Caulking: Prepare and fill all surface cracks (≤ 1/4-inch) with sealant as specified in Section 07900 - Sealants. Caulk all doors, louvers, and fans.

Spot Prime: Acrylic Emulsion (low gloss) at 254 SFPGPC or Waterborne Acrylic Bonding Primer at 1.0-2.0 mils DFT.

Top Coat: Two (2) coats Acrylic Polymer (Semi-Gloss) at 254 SFPGPC.

Color: As scheduled on drawings.

M. System No. 111 - Stucco Cementitious Coating (Flat)

Surface Preparation: Allow cementitious finish a minimum of 28 days drying/curing time. Surface shall be clean, dry, free of dust, oil, curing compounds and other foreign materials.

Prime Coat: Acrylic Emulsion (Low Gloss) at 318 SFPGPC

Top Coat: Acrylic Emulsion (Low Gloss) at 318 SFPGPC

Color: As scheduled on drawings.

N. System No. 111E - Existing Stucco Cementitious Coating (Flat)

Surface Preparation:	Remove all dirt, oil, grease, chemicals and loose paint by high pressure water blasting (min. 3500 PSI).
Surface Profile:	ICRI CSP 1
Caulking:	Prepare and fill all surface cracks (≤ 1/4-inch) with sealant as specified in Section 07900 - Sealants. Caulk all doors, louvers, and fans.
Patching:	Patch all existing holes (or holes resulting from work) in walls with non- shrink grout as specified in Section 03600 - Grout.
Cementitious Repair:	Thoroseal plaster mix with sponge finish. (For damaged areas greater than 3-inch diameter)
Prime:	Acrylic Emulsion (Low Gloss) at 2.0-3.0 Mils (287 SFPGPC)
Top Coat:	Acrylic Emulsion (Low Gloss) at 2.0-3.0 Mils (287 SFPGPC).
Color:	As scheduled on drawings.

O. System No. 154NS - Concrete Floor (Chemical Resistant) Non-Skid

Surface Preparation:	Remove all dirt, oil, grease, mold, mildew, chemicals, waste and other surface contaminants by high pressure water blasting (minimum 3000 psi). After pressure washing, remove all failing, loosely adhering coatings and concrete and scarify all sound, tightly adhering coatings by abrasive blast cleaning per SSPC-SP13 (surface preparation of concrete), feather the edges of all sound, tightly adhering coatings.
Seal Coat:	One (1) coat Koester VAP I 2000 at 100 to 130 SFPG.
Top Coat:	Novolac Epoxy 6.0-10.0 mils with Glass Bead Additive.
MDFT:	6-10 mils DFT
Color:	As scheduled on Drawings.

3.10 UNIDENTIFIED SURFACES

A. Any surfaces not specifically named in the Schedule and not specifically excluded or exempted shall be prepared, primed and painted in the manner and with materials consistent with these Specifications. The ENGINEER shall select which of the manufacturer's products, whether the type is indicated herein or not, shall be used

for such unidentified surfaces. This painting shall be done within the Scope of the Contract.

3.11 WORKMANSHIP

A. On metal surfaces apply each coat of paint at the rate specified by the manufacturer to achieve the minimum dry mil thickness required. If material has thickened or must be diluted for application by spray gun, the coating shall be built up to the same film thickness achieved with undiluted material. One gallon of paint as originally furnished by the manufacturer shall not cover a greater area when applied by spray gun than when applied unthinned by the application of an additional coat(s). On masonry, application rates will vary according to surface texture, however, in no case shall the manufacturer's stated coverage rate be exceeded. On porous surfaces, it shall be the painter's responsibility to achieve a protective and decorative finish either by decreasing the coverage rate or by applying additional coats of paint.

B. All safety equipment shall be painted in accordance with OSHA Standards as approved.

C. Materials shall be mixed in proper containers of adequate capacity. All materials shall be thoroughly stirred before use and shall be kept stirred while using. No unauthorized thinners or other materials shall be added to any paint.

D. Only skilled painters shall be used on the Work and specialists shall be employed where required.

E. Steel members, metal castings, mechanical and electrical equipment and other metals which are shop primed before delivery at the site will not require a prime coat on the job. All piping and other bare metals to be painted shall receive one coat of primer before exposure to the weather, and this prime coat shall be the first coat as specified in the painting schedule.

F. Finish surfaces shall not show brush marks or other irregularities. Undercoats shall be thoroughly and uniformly sanded with No. 00 sandpaper or equal to remove defects and provide a smooth even surface. Top and bottom edges of doors shall be painted and all exterior trim shall be back-primed before installation.

G. Painting shall be continuous and shall be accomplished in an orderly manner so as to facilitate inspection. All exterior concrete and masonry painting shall be performed in one continuous manner structure by structure. Materials subject to weathering shall be prime coated as quickly as possible. Surfaces of exposed members that will by inaccessible after erection shall be cleaned and painted before erection.

H. Before final acceptance of the Work, all damaged surfaces of paint shall be cleaned and repainted as directed by the ENGINEER.

3.12 APPLICATION SCHEDULE

A. Coating systems shall be used at locations as scheduled on the drawings.

B. **System No. 27 - Aluminum and dissimilar metal insulation.** This system shall be used on all aluminum in contact with concrete. Insulate all contacting dissimilar metals with this system. Neoprene pads may be substituted to insulate aluminum from concrete or aluminum from steel.

3.13 COLOR CODING FOR PIPES AND EQUIPMENT

A. All existing piping, valves, and equipment that are repainted shall be color coded. When color coding is specified, it shall consist of color code painting and lettering identification of all exposed conduits, trough items and pipelines for the transport of gases, air, liquid and semi-liquids including all accessories such as valves, insulated pipe coverings, fittings, junction boxes, bus bars, connectors and all operating accessories which are integral to be whole function mechanical pipe and electrical conduit system.

B. All hangers and pipe support floor stands shall be painted. The system shall be painted up to but not including the flanges attached to the mechanical equipment nor the flexible conduit connected to electrical equipment. Colors shall be as noted in the Finish Schedules.

C. All systems which are an integral part of the equipment that is originating from the equipment and returning to the same piece of equipment, shall be painted between and up to but not including the fixed flanges or connections on the equipment.

D. Color coding requirements are as indicated by the Finish Schedules contained in the Drawings.

E. CONTRACTOR shall submit proposed schedule for color coding pipes and equipment for approval by ENGINEER/OWNER.

3.14 PIPE LABELING

A. All exposed piping repainted shall be labeled to indicate flow stream and direction of flow.

B. Labels shall be installed following completion of specified protective coating system application.

C. Maximum spacing between labels shall be 10'-0" on center.

D. In locations where pipes are horizontally or vertically stacked, pipe labels shall be arranged in similar.

3.15 CLEAN UP

A. It shall be the responsibility of the Contractor to collect and dispose of properly, all waste materials from the site in accordance with all requirements of the Federal, State and local Environment Protection Agencies.

B. At completion of the Work, remove all paint where spilled, splashed, splattered, sprayed or smeared on all surfaces, including glass, light fixtures, hardware, equipment, painted and unpainted surfaces.

C. After completion of all painting, the Contractor shall remove from the job site all painting equipment, surplus materials and debris resulting from this Work.

SECTION 13700

PROCESS INSTRUMENTATION AND CONTROLS

PART 1 GENERAL

1.01 WORK INCLUDED

A. Provide all engineering, labor, materials and equipment to furnish, install, adjust, test, document and start-up all process instrumentation and controls as shown on the Drawings and specified herein, complete.

B. The process instrumentation and control system specified herein shall be a complete system.

C. Like items of equipment provided hereunder shall be the end products of one manufacturer in order to achieve standardization for appearance, operation and maintenance.

D. See CONTRACT CONDITIONS and Division 1, GENERAL REQUIREMENTS, which contain information and requirements which apply to the work specified herein and are mandatory for this project.

1.02 RELATED WORK SPECIFIED ELSEWHERE

A. Section 01010 – Summary of Work

B. Section 13711 – Existing SCADA System Modifications

C. Section 13725 – Loop Functions/Programming Strategies/Protocols

D. Section 13751 – RTU Sub System

E. Division 16 - Electrical.

1.03 REFERENCE SPECIFICATIONS, CODES AND STANDARDS

A. ISA Standards and Practices for Instrumentation - Current Edition.

1.04 DEFINITIONS

A. The instrumentation and control (I&C) integrator shall be a single firm, under direct contract and direction of the CONTRACTOR. The I&C integrator shall assume complete responsibility for the engineering, furnishing, technical advise on, certification as to correctness of installation, final connections to, adjusting, documenting, testing and start-up of the process instrumentation and control system(s) shown on the Drawings and specified herein. The I&C integrator may have the electrical subcontractor make final connections of the I&C system(s), but the I&C integrator shall be fully responsible for these connections.

B. CONTRACTOR, as distinct from the I&C integrator, shall provide all additional materials and labor necessary to supplement the materials and labor provided by the I&C integrator as necessary to satisfy the requirements of this project.

C. System acceptance shall be defined as the point in time when:

1. All record "as-built" submittals and documentation have been submitted, reviewed and accepted.

2. The complete system of instrumentation and controls has successfully completed all testing requirements specified herein.

3. All OWNER's staff personnel training has been completed.

1.05 SYSTEM INSTALLATION RESPONSIBILITY

A. The CONTRACTOR shall be ultimately responsible for the complete and proper installation of the process instrumentation and control system. The CONTRACTOR shall either include installation within the scope of the I&C integrator's contract or shall provide for the installation by an experienced I&C system installer, acceptable to ENGINEER.

1.06 SUBMITTALS

A. Submittals shall be in accordance with Section 01300 - Submittals.

B. Catalog information, descriptive literature, wiring diagrams, and shop drawings on all controllers, recorders, indicators, transmitters, primary elements, flow measuring equipment and appurtenances, gauges, and all other components of the system shall be provided.

C. Individual data (or specification) sheets shall be provided for all components provided under this section. The purpose of these data sheets is to supplement the generalized catalog information provided by citing all specific features for each specific component (e.g.: scale range, materials of construction, special options included, etc.). Each component data sheet shall bear the component name and instrument tag number designation shown on the Drawings and Specifications.

D. Catalog information on all electrical devices furnished under this section.

E. Shop Drawings and catalog material for all control panels and enclosures.

F. Panel elementary diagrams of prewired panels. Diagrams shall be similar to those diagrams shown on the Drawings, but with the addition of all switched analog signals and all auxiliary devices such as relays, alarms, fuses, lights, fans, heaters, etc. Drawings shall include all terminal numbers.

G. Plumbing diagrams of preplumbed panels and interconnecting plumbing diagrams.

H. Interconnecting wiring diagrams, showing all component and panel terminal board identification numbers and external wire numbers. This diagram shall include all intermediate terminations between

field elements and panels (e.g., terminal junction boxes, motor control centers, etc.). This diagram shall be coordinated with the Electrical Subcontractor and shall bear his mark showing that this has been done. Diagrams, device designations, and symbols shall be in accordance with NEMA ICA 1-101.

I. A tabulation of steady state air consumption of each pneumatic instrument (as applicable).

J. Loop diagrams, which shall consist of an individual wiring and/or plumbing diagram for each analog loop showing all terminal numbers, the location of the dc power supply, the location of any booster relays or common dropping resistors, etc. The loop diagrams shall meet the minimum requirements of ISA S5.4 plus the following requirements: each loop diagram shall be divided into three areas for identification of element locations: panel face, back-of-panel, and field, respectively. On each diagram present a tabular summary of: (a) the output capability of the transmitting instruments, (b) the input impedance of each receiving instrument, ©) an estimate of the loop wiring impedance based on the wire sizes and lengths shown, (d) the total loop impedance, and (e) reserve output capacity. Loop diagrams shall be on individual 8-1/2-inch by 11-inch or 11-inch by 17-inch Drawings.

K. Systems testing, calibration and adjustment procedures along with the proposed calibration, adjustment and check-out forms for this project.

L. Operation and maintenance manual including operating and maintenance information and specifications for all components specified under this Section. Submitted literature shall be of sufficient detail so as to facilitate the operation, removal, installation, adjustment, calibration and maintenance of each component specified in this Section. O&M Manuals shall include internal wiring diagrams for all panels. Wiring diagrams shall show all terminal block number designations and wire numbers.

Operation and Maintenance Manual shall also include the following:

A. Detailed descriptive control strategies and start/stop sequences in narrative English.

B. Description of equipment protection, interlocks and alarm settings.

C. Detailed descriptive instructions for clearing and resetting alarm functions.

D. Details descriptions of normal, bypass and emergency operation procedures.

E. Final instrumentation technician field settings.

F. Final drawings in Autocad format.

M. The I&C integrator shall submit one set of as-built Drawings in Autocad format of all process and instrumentation diagrams. Include in final O&M Manuals.

N. All test results, system calibration and adjustment settings shall be submitted to ENGINEER. Include in final O&M Manuals.

1.07 QUALITY ASSURANCE

A. The CONTRACTOR's attention is directed to the fact that the instrumentation and control functions result in an integrated system. Therefore, it is the intention of this specification that all controls and instruments including panel assemblies, will be provided, furnished, assembled and shipped, along with installation supervision, inspection and start-up by one Instrumentation integrator which has a minimum of five (5) years of experience on installations of similar complexity even though individual control and instrumentation components may be the standard products of separate manufacturing companies.

B. Since many control items and instrumentation devices involve the assembly and interlocking functions of many individual parts, solenoids, pressure switches, timing relays, relays, switches, push buttons, contacts, dials, charts, clocks, pens, etc., the functional system descriptions contained herein are given to allow the Instrumentation Subcontractor to choose the proper components and to assemble them so as to provide a rugged, low maintenance, easy cleaning, reliable mechanism suitable for the temperature, salt spray and humidity conditions of the South Florida coastal area and which will perform the described function(s).

C. All of the equipment furnished by the Instrumentation integrator shall be the latest and proven design. Specifications and Drawings call attention to certain features, but do not purport to cover all details entering into the design of the instrumentation system. The completed system shall be compatible with the functions required and the equipment furnished by the CONTRACTOR.

1.08 SEQUENCING AND SCHEDULING

A. Every effort shall be made to minimize interference with the OWNER's existing plant operation. Should any shutdown, total or partial, be required, it shall be scheduled and coordinated with the OWNER and his approval must be obtained prior to the shutdown.

B. The I&C integrator shall obtain from the CONTRACTOR the required information on those primary elements, valves, valve actuators and other control equipment or devices that are required to be interfaced with, but are not provided within the context of this section.

C. The I&C integrator shall coordinate his work with the CONTRACTOR to ensure that all components provided under this section are properly installed; the proper type, size and number of control wires and conduits are provided and installed; the proper type, size and number of pneumatic tubes with their conduits are provided and installed and

proper electrical circuits are provided for all components and systems.

1.09 DELIVERY, STORAGE AND HANDLING

A. Proper shipping, storage and handling procedures shall be followed as recommended by the equipment MANUFACTURER and as specified herein.

B. All parts shall be properly protected so that no damage or deterioration will occur during shipment, normal unloading, storage and installation.

C. All equipment and parts must be properly protected against any damage during a prolonged storage period at the site. Proper job site storage is the responsibility of the CONTRACTOR.

D. Factory assembled parts and components shall not be dismantled for shipment unless permission is received in writing from the ENGINEER. This provision shall not apply if the items are too large to be shipped in a completely assembled condition.

E. Finished iron or steel surfaces not painted shall be properly protected to prevent rust and corrosion.

F. Each box or package shall be properly marked to show its net weight in addition to its contents.

1.10 WARRANTY

A. The manufacturer, I&C Integrator, and CONTRACTOR shall warrant the equipment being supplied to the OWNER against all defects in workmanship and materials for a period of two (2) year(s). Warranty period shall commence on Substantial Completion date as outlined in the GENERAL CONDITIONS. Warranties for all equipment installed under this contract shall run concurrently.

B. The MANUFACTURER's warranty period shall run concurrently with the CONTRACTOR's warranty period. No exception to this provision shall be allowed. The CONTRACTOR shall be responsible for proper storage of the equipment so as to remain in an "as shipped" condition. If the equipment remains in storage at the job site for longer than six (6) months, before installation, the CONTRACTOR may be required to provide factory service personnel for a complete inspection of the equipment. Any work necessary to restore the equipment to an "as shipped" condition will be the responsibility of the CONTRACTOR.

1.11 TEST PROCEDURE DEVELOPMENT AND DOCUMENTATION

A. I&C integrator shall prepare and submit to the ENGINEER for review, a detailed description of the test procedures that he proposed to perform to demonstrate conformance of the complete system of instrumentation and controls to this Specification.

B. It is recommended that the I&C integrator develop the test procedures in two steps by first submitting general descriptions and outlines of the tests and then, upon receipt of approval, submit the required detailed procedures and forms.

C. Operational Acceptance Tests

1. The I&C integrator shall prepare check-off sheet(s) for each loop and an instrument calibration sheet for each active I & C element (except simple hand switches, lights, etc.). These check-off and data sheets shall form the basis for these operational tests and this documentation.

2. Each loop check-off sheet shall cite the following information and shall provide spaces for sign-off on individual items and on the completed loop by the I&C integrator:

   a. Project name;
   b. Loop number;
   c. For each element: Tag number, description, manufacturer and model number, installation bulletin, and Specification sheet number;
   d. Loop description;
   e. Installation check;
   f. Termination check;
   g. Calibration check;
   h. Adjustment check;
   i. Space for comments;
   j. Space for loop sign-off by I&C integrator and date.

3. Each instrument calibration sheet shall provide the following information and a space for sign-off on individual items and on the completed unit by the I&C integrator:

   a. Project name;
   b. Loop number;
   c. Tag number;
   d. Manufacturer;
   e. Model number;
   f. Serial number;
   g. Calibration range;
   h. Calibration data: Input, output, and error at 10 percent, 50 percent and 90 percent of span;
   i. Switch setting, contact action, and dead band for discrete elements;
   j. Space for comments;
   k. Space for sign-off by I&C integrator and date.

D. Functional Acceptance Tests

The I&C integrator shall prepare two types of test forms as follows:

1. For those functions that can be demonstrated on a loop-by-loop basis, the form shall include:

   a. Project name;
   b. Loop number;
   c. Loop description;
   d. Test procedure description;
   e. For each component: Tag number, description, manufacturer, and data sheet number;

f. Space for sign-off and date by both I&C integrator and ENGINEER.

2. For those functions that cannot be demonstrated on a loop-by-loop basis, the test form shall be a listing of the specific tests to be conducted. With each test description the following information shall be included:

a. Spec page and paragraph of function demonstrated;
b. Description of function;
c. Space for sign-off and date by both I&C integrator and ENGINEER.

PART 2 PRODUCTS

2.01 GENERAL

A. The process instrumentation and control system shall provide all of the functions as shown by the electrical and P & ID Drawings. Major equipment items are specified for each loop. However, it shall be the responsibility of the I&C integrator to provide all items of equipment, whether indicated or not, that are necessary to effect the required loop performance.

B. Display and control loops are shown on the Drawings.

C. Control panel(s) shall be provided with a U.L. label and be manufactured by a U.L. 508A panel manufacturer. Panel manufacturer shall submit proof of current enrollment in U.L.'s custom builder's program.

D. Process instrumentation and controls systems subcontractor shall be one of the following:

1. C. C. Control Corporation
5760 Corporate Way, Suite 100
West Palm Beach, FL 33407
Contact: Mr. Luis Garcia
561-784-3737

2. Or equal

2.02 L8 LEVEL SWITCH, FLOAT TYPE WITH INTEGRAL SWITCH

A. Direct-acting float type consisting of a mercury switch enclosed in a float and connected to a two-conductor, combination support and signal cable. The entire assembly shall form a completely watertight and impact-resistant unit. Floats shall be of chemical-resistant polypropylene material or other corrosion-resistant material. Cable shall be rugged and flexible with heavy neoprene or PVC jacket. The actuation/deactuation differential shall not exceed 1-inch. The mercury switch shall be rated at 5 amps at 120 VAC. Units shall be pipe mounted or suspended type as noted and provided with 30 feet of cable unless otherwise noted. Each pipe mounted type shall be provided with a clamp to secure the cable to its support pipe, 2 feet of stainless steel support pipe and stainless steel pipe mounting clamps.

B. Each suspended type shall be provided with necessary brackets and clamps to suspend the unit from the top of a tank or vessel. The suspended type shall include an integral or attached weight assembly for stabilization and positive operation of the unit. All mounting clamps shall be PVC or Neoprene.

C. Units shall be Anchor Scientific, Type S, or equal.

2.03 L8E LEVEL SWITCH, FLOAT TYPE WITH INTEGRAL SWITCH (NON-MERCURY)

A. Direct-acting float type consisting of a mercury free switch enclosed in a float and connected to a two-conductor, combination support and signal cable. The entire assembly shall form a completely watertight and impact-resistant unit. Floats shall be of chemical-resistant polypropylene material or other corrosion-resistant material. Cable shall be rugged and flexible with heavy neoprene or PVC jacket. The actuation/deactuation differential shall not exceed 1-inch. The switch shall be rated at 5 amps at 120 VAC. Units shall be pipe mounted or suspended type as noted and provided with 30 feet of cable unless otherwise noted. Each pipe mounted type shall be provided with a clamp to secure the cable to its support pipe, 2 feet of stainless steel support pipe and stainless steel pipe mounting clamps.

B. Each suspended type shall be provided with necessary brackets and clamps to suspend the unit from the top of a tank or vessel. The suspended type shall include an integral or attached weight assembly for stabilization and positive operation of the unit. All mounting clamps shall be PVC or Neoprene.

C. Units shall be Eco Float Model G as manufactured by Anchor Scientific, or equal.

2.04 L16 RADAR LEVEL SENSOR WITH REMOTE DISPLAY

A. VEGAPULS 61, Radar Sensor for continuous level measurement of liquids. Part Number: PSWL61.XXBX6HKBX.

B. VEGADIS 82, External Loop Powered Display and Adjustment unit. Part Number: DIS82.IXHKINACK.

C. Wet well mounting bracket for radar sensor shall be type 316 stainless steel.

D. External display unit shall be mounted within existing pump control panel or RTU panel.

2.05 M7 MISCELLANEOUS ELECTRICAL

A. Circuit Breakers
1. For motor short circuit and overcurrent protection, circuit breaker shall be Square D with poles, voltage, rating and AIC as indicated on the drawings. Units shall interrupt the maximum prospective fault current available.

2. For control circuits, units shall be Square D with poles, voltage and ratings as indicated on the drawings. Units shall interrupt the maximum prospective fault current available.

B. Fuses
1. Bussman 600 volt, dual element type.

C. Control Relays
1. Control relays shall be programmable.
2. Omron, IDEC or equal.

D. Indicator Lights
1. Square-D trans type 6 volt, Class 9001, type K, push to test, or equal.
2. Lens color shall be as noted.
3. Provide finger safe contact blocks.

E. Selector Switches.
1. Square-D, Class 9001, Type K, or equal.
2. Operators shall be black knob type or key switch, 3-position or 2-position, as noted.
3. Selector switches shall be spring return where noted.
4. Provide finger safe contact blocks.

F. Pushbuttons.
1. Square-D Class 9001, Type K, pushbutton, or equal.
2. Provide finger safe contact blocks.
3. Non-illuminated pushbuttons shall be black.

G. Elapsed Time Meter
1. Hour meter, non-reset type, Cramer 635K, or equal.

H. Ground Fault Duplex Receptacle
1. Leviton Duplex Receptacle or equal.
2. AC receptacle box shall be Steel City 58351-1/2 or equal.
3. Covers shall be Steel City 58-C-5, or equal.

I. Motor Starter
1. Square D 8536 motor starters with NEMA rated contactors, minimum size 1 or as indicated on drawings. Provide overload blocks with overloads as required.
2. Provide auxiliary contacts as required.
3. Reset buttons Square D 9066-RA1, or equal.

J. Duplex Alternating Relay
1. Diversified Electronics, ARA-120-ADA, Duplex Alternator or equal.

K. Phase Monitor
1. Diversified or equal with auto reset.

L. Surge and Lightning Arrestors
1. All control panels shall be provided with surge and lightning arrestors as specified.
2. Power
a. Surge arrestor shall be GE Tranquell, 9L18BBB301
3. Lightning Surge Suppressor

a. Lightning surge suppressors shall be Easton/IT Protector, model and series number to be determined by control panel manufacturer.

4. Signal
   a. Panel surge arrestors (PSA) shall be Edco PC 642C Series, 2 channel or equal.
   b. Field surge arrestors (FSA) shall be Edco SS64 Series, pipe style or equal.
5. Discrete signals
   a. Provide surge arrestor for discrete I/O.
   b. Surge arrestors shall be provided regardless of drawing indication.

M. Generator Receptacles
1. Crouse Hinds AR20412-S22, 4 pole, 3 wire with ground, 200A, 600V reverse service with back box, for use on 480V systems.
2. Russel Stol JRS 1044FR, 4 pole, 4 wire, with ground, 100 amp, 600V, reverse service for use on 240V systems.
3. Angle Adaptor selected by amperage rating shall be provided for all generator receptacles.
4. Coordinate with OWNER for exact model number before ordering. Match Owner's standards.

N. Fluorescent Lamp
1. 8 watt, 120v, 12", Grainger 2V809, or equal.
2. Bulb, 8w, 12", miniature, Phillips, or equal.

O. High level alarm light
1. Red, 120v, MAJOR, CVP1OR, or equal.
2. Alarm light guard, Major, VGD-1, or equal.

P. Flasher
1. 90 FPM, 120v.
2. SSAC, FS127, or equal.

Q. Alarm Horn
1. 120v, 103 dB.
2. Faraday, or equal.

R. Ground Lug
1. #1/0 Wire Ilsco AU-O, or equal.

S. Intrinsically Safe Relay (Barrier Relay)
1. Barrier relays shall be SAF-PAK as manufactured by GEMS Sensors, for use in hazardous areas, with intrinsically safe-sensing circuit. Units shall be UL approved for use in Class I, Division 2, environments.

T. Time Delay Relays
1. Time delay relays shall be programmable with adjustable ranges, DIP switch settable.
2. Omron or equal.

U. Pump Cycle Counter
1. 120V, electromechanical counter with reset button.
2. Four digit display min.

3. Redington Model P2 - 4904, or equal.

V. Door Switch (Z1)
1. UL Listed, flush or surface mounted contact switch. Contacts shall be hermetically sealed.
2. Rated for 120V, Allen-Bradley 802M, or equal.

W. Ground Fault Monitor
1. Bender GF monitor relay with SPDT output, 120 VAC, adjustable pickup, adjustable time delay separate CT, Model RCM460 Y Series, or equal.

X. Current Transmitter
1. AT Series Current Transducer Model No.: AT2-420-24L-FR, as manufactured by NK Technologies.

2.06 X1 CONTROL POWER TRANSFORMER

A. Square D, Type KF, Class 9070, 50 VA (or minimum as indicated by the drawings); applies to 480 volts control panels.

2.07 FIELD PANEL CONSTRUCTION (ENCL1)

A. Field panels shall be UL Listed, modified, NEMA 3R, Type 316 Stainless Steel enclosure with padlockable draw latches or 3-point padlockable handles conforming to the requirements of the National Electrical Manufacturer's Association.

B. In addition to the NEMA 3R standard, the panel shall conform to the following requirements:

1. Minimum metal thickness shall be 14-gauge.

2. All doors shall be rubber-gasketed with continuous hinge.

3. Provide Type 316 stainless steel drip shield.

4. Provide aluminum dead front panel for component mounting as shown on drawings.

5. Cabinet shall be mounted as indicated on the Drawings. Provide mounting ears as required. Field drilling of cabinet is prohibited.

6. Print pocket (full, ½ or 1/4 size) and one (1) set of reduced drawings shall be provided on interior side of door. (This requirement may be deleted where indicated on drawings.)

7. Minimum overall dimensions shall be as indicated by Drawings or as required by UL subject 508A for industrial control panels.

8. Provide door stop kits for outer cabinet door and dead front door.

9. Provide ARC flash label per N.E.C.

10. Where indicated on drawings, provide Lexan glass view window.

11. Where indicated on drawings, provide 316 SST sunshields and standoffs.

C. Cabinet enclosure shall be as manufactured by Hoffman, Wiegman, or equal.

2.08 PANEL ELECTRICAL

A. Wiring

1. All electrical wiring shall be in accordance with the applicable requirements of Division 16 - Electrical. Wires shall be 600-volt class, PVC insulated stranded copper and shall be of the sizes required for the current to be carried, but not below 14 AWG enclosed in either sheet metal raceway or plastic wiring duct. Wiring for signal circuits shall be twisted shielded pairs not smaller than No. 16 AWG, and be separated at least 6 inches from any power wiring.

2. All panel wiring shall be labeled with T&B Shrink-Kon HVM marker system.

B. Terminal Blocks

1. Terminal blocks shall be one-piece molded plastic blocks with screw type terminals and barriers rated for 300 volts. Terminals shall be double sided. Terminals shall have permanent, legible identification.

2. Wires shall be terminated at the terminal blocks with crimp type, preinsulated, locking forked-tongue lugs. Lugs shall be of the appropriate size for the terminal block screws and for the number and size of the wires terminated.

3. Allow 20% extra terminals for spares.

C. Power Supplies

1. Provide dc power supplies as required to power instruments requiring external dc power.

2. Power supplies shall convert 120V ac, 60-Hz power to dc power of the appropriate voltage(s) with sufficient voltage regulation and ripple control to assure that the instruments being supplied can operate within their required tolerances.

3. Output overvoltage and overcurrent protective devices shall be provided with the power supply to protect the instruments from damage due to power supply failure and to protect the power supply from damage due to external failure. Provide NEMA 1 enclosure for all power supplies. Power supplies shall be mounted such that dissipated heat does not adversely affect other components.

D. Wire Ducts

1. Wire duct shall be Panduit, or equal.

E. Miscellaneous Features

1. Provide fluorescent courtesy light, convenience outlet, lightning arrestor, surge arrestor, loop power supplies (with surge protection specified herein), circuit breakers and power supply.

2. Items required shall be as indicated on the drawings.

2.09 NAMEPLATES, NAME TAGS AND SERVICE LEGENDS

A. All components provided under this section, both field and panel mounted, shall be provided with permanently mounted name tags bearing the entire ISA tag number of the components. Panel mounted tags shall be plastic; field mounted tags shall be stamped stainless steel.

B. Circuit breakers and all dead front panel items shall be clearly labeled by name, not tag number. Nameplates are defined as inscribed laminated plastic plates mounted under or near a panel face mounted instrument. Service legends are defined as inscribed laminated plastic integrally mounted on a panel face mounted instrument.

C. Service legends and nameplates shall be engraved, rigid, laminated plastic. Service legends and nameplates shall be fastened to the panel by screws or with a specially applied adhesive. Fastening shall not depend only on the adhesive backing of the nameplate. Unless otherwise noted, color shall be black with white letters and letter height shall be 3/16-inch.

D. Field mounted tags shall be 16-gauge, 304 stainless steel with 3/16-inch high characters.

E. Each panel shall be provided with a cabinet face mounted laminated nameplate as specified above. Unless otherwise noted, color shall be black with white letters ½-inch high.

2.10 SPARE PARTS

A. Furnish the manufacturer's recommended spare parts including at least the following:

1. None.

B. All parts shall be furnished in containers which are clearly marked and identified as to the contents.

C. Provide spare parts bill of materials with submittals for approval.

PART 3 EXECUTION

3.01 GENERAL

A. Install materials and equipment in a workmanlike manner utilizing craftsmen skilled in the particular trade. Provide work which has a neat and finished appearance.

B. Electrical work shall be performed in compliance with these Specifications. Where these Specifications and the Drawings do not delineate precise installation procedures, API RP 550 shall be used as a guide to installation procedures.

C. Coordinate I&C work with the OWNER, the CONTRACTOR and work of other trades to avoid conflicts, errors, delays and unnecessary interference with operation of the existing plant(s) during construction.

3.02 PROTECTION OF EQUIPMENT

A. Throughout this Contract, the Contractor shall provide protection for materials and equipment against loss or damage and from the effects of weather. Prior to installation, store items in indoor, dry locations. Provide heating in storage areas for items subject to corrosion under damp conditions. Specific storage requirements shall be in accordance with the ENGINEER-reviewed I&C integrator's recommendations.

3.03 EQUIPMENT INSTALLATION

A. Follow manufacturers' installation instructions explicitly, unless otherwise indicated. Wherever any conflict arises between manufacturers' instructions, and these Contract Documents, follow ENGINEER's decision, at no additional cost to OWNER. Keep copy of manufacturers' instructions on the job site available for review at all times.

3.04 ELECTRIC CONTROL AND SIGNAL WIRING

A. Control and signal wiring external to the control panels and all power wiring shall conform to the requirements of Division 16 - Electrical.

B. Control and signal wiring in control panels shall be restrained by plastic ties or ducts. Hinge wiring shall be secured at each end so that any bending or twisting will be around the longitudinal axis of the wire and the bend area shall be protected with a sleeve.

C. Arrange wiring neatly, cut to proper length and remove surplus wire. Provide abrasion protection for any wire bundles which pass through holes or across edges of sheet metal.

D. Wiring shall not be spliced or tapped except at device terminals or terminal blocks.

E. Panels and panel mounted equipment shall be assembled as far as possible at the I&C integrator's plant. No work, other than correction of minor defects or minor transit damage, shall be done on the panels at the job site.

F. I&C integrator shall observe and advise on the installation to the extent required to certify in writing that the equipment will perform as required.

3.05 MANUFACTURER'S SERVICES

A. The supervisory services of a factory-trained service engineer who is specifically trained on the type of equipment herein specified shall be provided for a period specified below during construction to assist the CONTRACTOR in the location of sleeves; methods of installing conduits and special cable; mounting, piping and wiring of one of each type of device and the method of protecting all of the equipment prior to placing it into service. Upon completion of the installation, the services of the above service engineer shall be provided for a period specified below for calibration and start-up of the equipment. The minimum days specified below do not relieve the Instrumentation Subcontractor from providing sufficient service to place the system into satisfactory operation.

Event	Duration (Minimum)
Construction/Installation Assistance	Three (3) Eight (8) Hour Man Days
I&C System(s) Startup/Calibration	Three (3) Eight (8) Hour Man Days
OWNER Personnel Instruction	One (1) Days Four (4) Hours Per Day

B. No form of energy shall be turned on to any part of the instrumentation system prior to receipt by the ENGINEER of a certified statement of approval of the installation from the CONTRACTOR containing his supplier's authorization for energizing the system.

C. All instrumentation shall be calibrated in the presence of the ENGINEER in accordance with the range and accuracy specified herein. Certified test reports shall be filed with the ENGINEER.

3.06 TESTING

A. All elements of the Instrumentation and Control system shall be tested to demonstrate that the total system satisfies all of the requirements of this specification.

B. All special testing materials and equipment shall be provided by the I&C integrator. Where it is not practical to test with real process variables, the I&C integrator shall provide suitable means of simulation. These simulation techniques shall be subject to the approval of the ENGINEER.

C. The I&C integrator shall coordinate all of his testing with the CONTRACTOR and all other associated subcontractors.

D. As a minimum, the testing shall include the following:

1. Factory Tests

a. All analog panels and panel assemblies shall be tested for proper operation at the I&C integrator's factory prior to the shipment of any system element to the site. Results of the factory tests shall be recorded and submitted for approval before shipment of any panel or panel assembly to the project site.

2. Operational Acceptance Tests

a. The objective of these tests is to demonstrate that the system of Process Instrumentation and Control is READY for final operation.

b. The I & C System shall be checked for proper installation, adjusted, and calibrated on a loop-by-loop basis to verify that it is ready to function as specified.

c. All system elements shall be checked to verify that they have been installed properly and that all terminations have been made correctly.

d. All discrete elements and systems shall have their set points adjusted and shall be checked for proper operation (e.g., interlock functions, contact closure on rising/falling P.V., etc.).

e. All continuous elements and systems shall have three-point calibrations performed. All controller tuning constants shall be adjusted to preliminary settings.

f. The OPERATIONAL ACCEPTANCE TESTS shall be completed prior to starting the FUNCTIONAL ACCEPTANCE TESTS. The actual testing program shall be conducted in accordance with prior approved procedures and shall be documented as required hereinafter.

3. Functional Acceptance Tests

a. The objective of these tests is to demonstrate that the system of Instrumentation and Controls is operating and complying with the specified performance requirements.

b. A witnessed, FUNCTIONAL ACCEPTANCE TEST shall be performed on the complete system of Instrumentation and Controls. Each function shall be demonstrated to the satisfaction of the ENGINEER on a loop-by-loop and/or paragraph-by-paragraph basis.

c. Each test shall be witnessed and signed off by both the I&C integrator and the ENGINEER upon satisfactory completion.

d. The actual testing program shall be conducted in accordance with prior approved procedures and shall be documented as required hereinafter.

e. The I&C integrator shall notify the ENGINEER at least 2 weeks prior to the date of the FUNCTIONAL ACCEPTANCE TEST.

3.07 CLEAN-UP

A. Keep the premises free from accumulation of waste material or rubbish. Upon completion of work, remove materials, scraps, and debris from

premises and from interior and exterior of all devices and equipment. Touch-up scratches, scrapes, or chips in interior and exterior surfaces of devices and equipment with finishes matching as nearly as possible the type, color, consistency and type of surface of the original finish.

PART 4 LOOP SPECIFICATIONS

4.01 LOOP SPECIFICATIONS

Not Used.

END OF SECTION

SECTION 13711

EXISTING SCADA SYSTEM MODIFICATIONS

PART 1 GENERAL

1.01 WORK INCLUDED

A. The CONTRACTOR shall coordinate and furnish all labor and materials to modify the existing SCADA System including all hardware and programming revisions for a complete and functional system. Modification(s) shall include:

1. Addition of RTU's specified herein and shown on drawings.

B. Provide all equipment and re-developed PLC software files including manuals and disks for proper communication. Include all PLC located equipment, PC located equipment, interposing equipment, cable (length as required), connectors and the like. CONTRACTOR shall utilize his computer for startup and testing. After successful startup, all re-developed software shall be provided to the OWNER. PLC software and SCADA software shall be loaded onto the OWNER's computers. Backup copies of all developed files shall be provided to OWNER on CD.

C. All programming, field debugging and testing shall be provided.

D. In order to establish sole source responsibility for the Instrumentation and Control (I&C) System, the CONTRACTOR shall be responsible for all systems and subsystems provided and coordination of work completed by I&C Integrator.

E. All items specified here in this section may not be specifically required for this project. Contractor shall coordinate the requirements of this section the work required for proper completion of the project.

F. Like items of equipment provided hereunder shall be the end products of one manufacturer in order to achieve standardization for appearance, operation and maintenance.

G. See CONTRACT CONDITIONS and Division 1, GENERAL REQUIREMENTS, which contain information and requirements that apply to the Work specified herein and are mandatory for this project.

1.02 RELATED WORK SPECIFIED ELSEWHERE

A. Section 13700 - Process Instrumentation and Controls.

B. Section 13725 - Loop Functions/Programming Strategies/Protocol.

1.03 SUBMITTALS

A. Submittals shall be made in accordance with the requirements of Section 01300 - Submittals.

1. It is incumbent upon the CONTRACTOR to coordinate the work specified in these Sections so that a complete SCADA program will be provided.

2. As part of the responsibility as assigned by the CONTRACTOR, the PLC/RTU System supplier shall prepare and submit through the CONTRACTOR, complete and organized program printouts including fully annotated ladder diagrams and reports, I/O schedules, I/O addresses, Rack assignments, Communication channel/drop assignments.

3. During the period of preparation of this submittal, the CONTRACTOR shall authorize direct informal liaison between his single I&C Integrator and the ENGINEER for exchange of technical information. As a result of this liaison certain minor refinements and revisions in the systems as specified may be authorized informally by the ENGINEER, but these shall not alter the scope of the work or cause increase or decrease in the Contract price. During this informal exchange no oral statement by the ENGINEER shall be construed to give formal approval of any component or method, nor shall any statement be construed to grant formal exception to, or variation from these specifications.

4. The original and backup copy of the developed files shall be provided on CD-Rom.

B. Complete sets of Operation and Maintenance Manuals shall be submitted in accordance with Section 01730 - Operation and Maintenance Data. O & M Manuals shall be provided prior to start-up.

1. Manuals shall contain copies of submittal data.

2. Manuals shall contain all Engineering shop drawings with all field modification revisions.

3. Provide print out of final SCADA database programming.

4. Provide print out of final SCADA database I/O list.

5. Provide print out of final operator interface parameters.

C. Warranty information shall be submitted in accordance with Section 01740 - Warranties and Bonds.

1.04 QUALITY ASSURANCE

A. Work specified herein shall be performed by the same I&C Integrator as listed in Section 13700.

1.05 WARRANTY

A. The CONTRACTOR shall warrant all equipment and programming for a period of two (2) year(s) from the date of project substantial completion.

PART 2 PRODUCTS

2.01 EXISTING PLC SYSTEM

A. Existing PLC systems are based on Allen-Bradley Micrologix family of components per Section 13710.

B. New field wiring terminations for new field equipment and instrumentation shall be as shown on the drawings and field coordinated with the approved shop drawings.

C. All PLC programming shall be provided using existing system software in agreement with the OWNER's copy.

2.02 EXISTING COMPUTER OPERATOR INTERFACE

A. Existing computer hardware and software systems shall be replaced with programming modifications as specified herein.

B. All SCADA programming shall be provided using Trihedral VTS SCADA software in agreement with the OWNER's copy. Copies shall be loaded onto the development, runtime, and client computers.

C. Provide backup of all developed files on CD.

2.03 SPARE PARTS

A. Furnish the following spare parts:

1. None required.

B. All parts shall be furnished in containers which are clearly marked and identified as to the contents.

C. Provide spare parts bill of materials with submittals for approval.

PART 3 EXECUTION – Not Used

PART 4 – LOOP SPECIFICATIONS

4.01 PROGRAMMING STRATEGIES/PROTOCOL

A. Existing programming shall be modified to meet the functional requirements specified in Section 13725 - Loop Functions, Programming Strategies/Protocol.

4.02 EXISTING COMPUTER OPERATOR INTERFACE AND PLC MODIFICATIONS (SCADA HMI)

A. Provide all programming and software modifications of the existing SCADA HMI program to implement the requirements for a complete and functional system as specified herein and shown on drawings.

B. General programming shall include but not be limited to the following:

1. Graphic display of all new and existing discrete and analog data.
2. Reporting of all new and existing discrete and analog data.
3. Alarm reception and acknowledgment of the new and existing alarms.
4. Control output of data from central computer to RTU=s per P&I diagram and these specifications.
5. Software modifications shall be similar to and consistent with the existing computer operator interface.

C. Specific function revisions shall be as follows:

1. Functional requirements specified in Section 13725 – Loop Functions/Programming Strategies/Protocol.

4.03 DOCUMENTATION

A. Fully annotated ladder diagrams, screen design graphics and other reports and documentation shall be included in the O&M manuals reflecting final corrections. Other required reports shall include but not be limited to bit, word, timer, counter and memory usage reports.

B. Describe how fault sensing is achieved and the actions required from operators to acknowledge or clear faults.

C. After successful software start up the DESIGN/BUILDER shall deliver to the OWNER all corrected ladder diagrams and reports as listed above as part of the O&M manuals. DESIGN/BUILDER shall also provide to the OWNER on disk all annotated, developed files. The OWNER becomes the Owner of such files.

END OF SECTION

SECTION 13725

LOOP FUNCTIONS/PROGRAMMING STRATEGIES/PROTOCOL

PART 1 GENERAL

1.01 WORK INCLUDED

A. This Section covers the instrumentation loop functions, PLC, RTU, and HMI programming strategies and protocols.

B. In order to establish sole source responsibility for the Instrumentation and Control (I&C) System, the I&C vendor/subcontractor shall be responsible for systems and subsystems provided.

C. This specification section shall define the general programming parameters for HMI improvements.

D. All operator settings shall be documented as modified at start-up.

E. See CONDITIONS OF THE CONTRACT and Division 1, GENERAL REQUIREMENTS, which contain information and requirements that apply to the Work specified herein and are mandatory for this project.

1.02 RELATED WORK SPECIFIED ELSEWHERE

A. Section 01010 - Summary of Work.

B. Section 13700 - Process Instrumentation and Controls.

C. Section 13711 – Existing SCADA System Modifications.

D. Section 13751 - RTU Subsystem.

1.03 DEFINITIONS

A. The following abbreviations/definitions shall be defined as follows:

1. DI = Discrete Input
2. DO = Discrete Output
3. AI = Analog Input
4. AO = Analog Output
5. HMI = Human Machine Interface
6. RTU = Remote Telemetry Unit with Programmable Logic Controller (PLC)

1.04 LOOP SPECIFICATION FORMAT

A. General

1. The P & Ids and these Specifications are not intended to completely depict all of the functional requirements of the control systems provided under this Section. The filter system supplier shall provide all instrumentation and controls necessary to provide safe and operable systems. The specific control systems proposed shall be subject to the review and approval of the ENGINEER.

B. "Functions" specify the functional performance of the loop and includes a description of any functional interlocks to be provided by the I&C subcontractor. For more precise information on a loop's functional interlocks, refer to the Drawings.

C. "Components" specify the major components to be provided for a loop. Each component is identified by three pieces of information: tag number, component identification code and component name and options.

D. Tag numbers example HS-1-2-3C

HS = Instrumentation designation: Hand Switch
1 = Unit Process Number

2 = Loop Number
3 = Unit or Item Number
C = Sequential Modifier: Switch Location C

Tag numbering is further defined on the drawings.

E. Component identification code is an alphanumeric code used to reference a particular component specification within this section.

F. Component name and options are listed as required for each specific requirement. One particular nomenclature has been used to define the action of discrete devices about their set points.

"Rising" - in reference to a set point means that the contacts are closed for all process variable values above that point.

"Falling"- in reference to a set point means that contacts are closed for all process variable values below that point.

1.05 PROGRAMMING STRATEGIES, GENERAL REQUIREMENTS

A. Provide all programming to fully implement the following control strategies to produce output and receive input from the instrumentation and control system.

1.06 SUBMITTALS

A. Submittals shall be in accordance with Section 01300 - Submittals.

B. Provide submittal to demonstrate understanding and completion of the work covered by this section.

C. Submittal shall include proposed HMI screens for ENGINEER/OWNER review and approval.

PART 2 PRODUCTS

2.01 INSTRUMENTATION AND SCADA SYSTEM COMPONENTS

A. Instrumentation components shall be as specified in Section 13700 - Process Instrumentation and Controls.

B. RTU components shall be as specified in Section 13751 - RTU Subsystem.

PART 3 EXECUTION

NOT USED

PART 4 LOOP FUNCTIONS/PROGRAMMING STRATEGIES/PROTOCOL

4.01 DUPLEX WASTEWATER PUMPING (EXISTING CONTROL PANEL)

A. Field Functions:

1. Existing duplex PS control panel shall remain and all functions shall remain except as modified herein below.

2. Modify existing systems to incorporate/interface with new RTU.

3. Provide RTU power supply and other components to meet all function requirements.

4. Provisions shall be made for the following system monitoring functions:

a. Provide continuous 4-20 mA DC signal to RTU from level transmitter (LT) corresponding wet well level.

b. Provide continuous 4-20 mA DC signal to RTU from Pump No. 1 current transmitter (IIT-1) corresponding to pump amperage draw.

c. Provide continuous 4-20 mA DC signal to RTU from Pump No. 2 current transmitter (IIT-2) corresponding to pump amperage draw.

5. Provisions shall be made for the following future system monitoring functions:

a. Provide continuous 4-20 mA DC signal to RTU from future combustible gas detector (CGD) corresponding to percent LEL in wet well.

B. Field Components:

Tag Number	Component Identification Code	Component Name and Options
RTU BKR	M7	RTU Breaker 20 Amp
LT	L16	Radar Level Sensor Range: Depth of Wet well
GFM(2)	M7	Ground Fault Monitor
IIT-(2)	M7	Current Transmitter (Amps)

C. RTU Strategies:

1. Constant Speed Pump(s) Operation

a. Pump(s) shall start when pump(s) call signal is received from RTU after a time delay. This will be considered normal operation based on wet well level.

   Pump(s) shall be stopped when pump(s) call signal is discontinued from RTU after a time delay.

b. Backup float actuated operation shall be provided by existing local control panel.

2. System Status and Faults (Normal via SCADA)

   a. When discrete signal is received at RTU from PM following a time delay, a phase monitor alarm shall be issued to existing SCADA network via RTU.

   b. When discrete signal is received at RTU from MS-1 or MS-2 of pump(s) on following a time delay, a pump(s) run shall be issued to existing SCADA network via RTU.

   c. When discrete signal is received at RTU from CR4 of high high wet well level following a time delay, a high high wet well level shall be issued to existing SCADA network via RTU.

   d. When a discrete signal is received at RTU from CR51 (overtemp), SFR1 (seal failure), or CR8 (ground fault) following a time delay, the individual alarm shall be issued to existing SCADA network via RTU.

      Upon receipt of overtemp, seal fault, or ground fault signal, Pump shall be removed from ready status and not allowed to run. Pump shall return to ready status and allowed to run after the overtemp and ground fault discrete signal has been discontinued.

   e. When a discrete signal is received at RTU from CR52 (overtemp), SFR2 (seal failure), or CR9 (ground fault) following a time delay, the individual alarm shall be issued to existing SCADA network via RTU.

      Upon receipt of overtemp, seal fault, or ground fault signal, Pump shall be removed from ready status and not allowed to run. Pump shall return to ready status and allowed to run after the overtemp and ground fault discrete signal has been discontinued.

   f. When discrete signal is received at RTU from intruder switch(s) ZS following a time delay, an intruder alarm signal shall be issued to existing SCADA via RTU. Intruder alarm shall be reset by one of the following actions:

      i. Signal from intruder switch(s) is discontinued.

      ii. Acknowledgment of alarm via the existing SCADA network.

g. RTU shall receive and monitor 4-20 mA DC signal from the following devices:

Tag	**Variable**
LT	Water Level in Wet well
IIT-1	Pump No. 1 Current Draw
IIT-2	Pump No. 2 Current Draw

Continuous analog signal corresponding to the variables shall be issued to existing SCADA network via RTU.

h. RTU shall receive and monitor 4-20 mA DC signal from the following future devices:

Tag	**Variable**
CGD	Percent LEL in Wet well

Continuous analog signal corresponding to each of these variables shall be issued to existing SCADA network via RTU.

i. When discrete signal is received from CR01 on loss of RTU panel power following a time delay, a loss of RTU power alarm shall be issued to existing SCADA network via RTU.

j. RTU shall monitor position of each pump H-0-A switch. When switch is in auto, a switch in auto position shall be issue to existing SCADA network via RTU.

k. RTU shall internally monitor its own diagnostic protocols. When any of these protocols are out of specification following a time delay, a RTU trouble signal shall be issued to existing SCADA network via RTU. Signal shall be discontinued when condition is corrected.

D. Internal RTU Program Adjustable Software Values.

Description	Range, Initial Setting
1. Pump start/stop time delay	0-60 sec, 10 sec
2. RTU Fault Output time delay	0-60 sec, 30 sec
3. RTU Fault Reset Time Delay	0-60 sec, 30 sec
4. Other display/parameter elements shall Be provided as required.	

E. HMI

1. Provide all programming and software modifications for the existing SCADA HMI program to implement the requirements for a complete and functional system as specified herein and shown on drawings.

2. General programming shall include but not be limited to the following:

a. Graphic display of all new and existing discrete and analog data.
b. Reporting of all new and existing discrete and analog data.
c. Alarm reception and acknowledgment of the new and existing alarms.
d. Control output of data from central computer to RTU's per P&I diagram and these specifications.

3. Specific Functions shall be as follows:

a. General Alarm Logging and Reset.

i. Log all alarm received.
ii. Display all received alarms, graphically.
iii. Provide alarm acknowledgment.

b. Provide display and alarm function of all alarms and faults indicated on drawing(s) and specified herein.

c. Provide and display status indication for pump(s). This shall include running non-resettable runtime total.

d. Provide and display variable (analog) status functions.

i. Functions shall be shown graphically and numerically.
ii. Daily totalizer shall be provided for flow variable. Totalizer shall reset to zero at midnight and transfer total daily value to previous day reading.
iii. Provide for all analogs indicated on P&ID drawings.

e. Trending and Record keeping

i. All data (analog) and events (alarm and status) shall be stored for trending and records.

f. Sewage Pump Auto/Manual/Off Control

An auto/manual/off selector shall be provided for each pump.

Manual
i. When manual mode is selected, additional on-screen start/stop functions will appear.
ii. Operator can use the pump start/stop command to control selected pump(s) via SCADA.

Auto Mode
i. When auto mode is selected, additional on-screen start/stop functions will appear.
ii. Operator shall input RTU operational level setpoints for "Lead Pump Start"; "Lag Pump Start"; "High Level Alarm"; "All Pumps Off".

Off Mode

i. When off mode is selected, no additional screens will appear and no commands will be issued.

g. Wet well Level Status Monitoring

i. Operator can enter a setpoint for level. The SCADA system will alarm output "WARNING WET WELL LEVEL APPROACHING OVERFLOW CONDITION".

ii. When level is exceeded, alarm will be issued.

iii. When level drops below setpoint, alarm output will be discontinued after time delay.

h. The following adjustable parameters shall be provided at SCADA HMI:

	Description	Range, Initial Setting
i.	Lead Pump Start	Wet well Depth (Ft), TBD
ii.	Lag Pump Start	Wet well Depth (Ft), TBD
iii.	All Pumps Off	Wet well Depth (Ft), TBD
iv.	High Level Alarm	Wet well Depth (Ft), TBD
v.	Warning Wet well Level Approaching Overflow Condition	Wet well Depth (Ft), TBD

4.02 DUPLEX WASTEWATER PUMPING (WITH NEW CONTROL PANEL)

A. Field Functions:

1. Provide hand/off/auto for each pump. Operation is same for each pump.

In hand mode, pump runs.

In off mode, pump will not run.

In auto mode, pump runs as directed by RTU logic per drawings. Level control for pump operation shall be via level transmitter. Lead pump position shall alternate on each pump stop condition.

Pump can be remotely started as directed by RTU when hand switch is in the auto position only.

2. Pump run status, RL-X, pump run time, ETM-X, and pump starts (cycle count, KKI-X) shall be indicated. Pump run status shall also be provided to RTU.

3. Receive a discrete signal on over-temperature from pump manufacturer's internal temperature switch. Indicate pump overtemp, OT-X locally. Over temperature alarm shall also be issued to RTU. Signal shall discontinue once condition has cleared.

4. Receive a discrete signal on seal failure from pump manufacturer's seal failure module (SFM-X). Indicate pump seal failure locally. Seal failure alarm shall also be issued to RTU. Signal shall discontinue once condition has cleared.

5. Receive a discrete signal from FS2 on high high level in wet well and locally indicate high high level visually (HLA) and audibly (AH). High high level alarm shall also be issued to RTU.

   Provide pushbutton reset to silence local alarm.

   Float shall be self-resetting and output signals shall discontinue on reset.

   High level alarm float shall also backup start the pumps.

6. Receive a discrete signal from FS1 on low low level in wet well.

   Low low level float shall also backup stop both pumps.

7. Receive a discrete signal on ground fault from ground fault monitor and locally indicate. Ground fault alarm shall also be issued to RTU. Signal shall discontinue once condition has cleared.

8. Upon opening of front panel door, intruder alarm switch ZS shall provide a discrete signal to RTU. System shall reset upon closing door which opens CR7.

9. Provide fluorescent courtesy lamp, convenience outlet, all indicated breakers, relays, terminal strips, wiring, power supplies, wire duct, lightning arrestor, surge capacitor, fuses, control power transformer, RTU power supply, and other components to meet all function requirements. Refer to 3-line diagrams and control schematics in drawings.

10. Monitor phase of normal and emergency power supply. When any power leg is out of phase, indicate locally, interrupt controls and stop pump(s). Phase monitor shall auto reset. Power supply to control panel shall be as indicated on drawings. Phase failure indication shall also be provided to RTU.

    Discontinue discrete signal to RTU on phase monitor reset.

11. Provisions shall be made for the following system monitoring functions:

    a. Provide continuous 4-20 mA DC signal to RTU from level transmitter (LT) corresponding wet well level.

    b. Provide continuous 4-20 mA DC signal to RTU from Pump No. 1 current transmitter (IIT-1) corresponding to pump amperage draw.

    c. Provide continuous 4-20 mA DC signal to RTU from Pump No. 2 current transmitter (IIT-2) corresponding to pump amperage draw.

12. Provisions shall be made for the following future system monitoring functions:

a. Provide continuous 4-20 mA DC signal to RTU from future combustible gas detector (CGD) corresponding to percent LEL in wet well.

B. Field Components:

Tag Number	Component Identification Code	Component Name and Options
GR	M7	Generator Receptacle
LA	M7	Lightning Arrestor
SC	M7	Surge Capacitor
MS(2)	M7	Pump Motor Starter w/Solid State Overload
CCB	M7	Control Circuit Breaker 20 Amp
DRB	M7	Duplex Receptacle Breaker 20 amp
RTU	M7	RTU Breaker 20 Amp
GFDR	M7	Ground Fault Duplex Receptacle
PM	M7	Phase Monitor
AL1	M7	Indicator Light, Amber = Fail
HS(2)	M7	Selector Switch (Hand/Off/Auto)
ETM(2)	M7	Elapsed Time Meter
RL(2)	M7	Indicator Light, Green = Run
MB(2)	M7	Pump Motor Breaker (Amperage Rating indicated on drawings)
MCB/ECB	M7	Main and emergency circuit breakers w/mechanical interlock (amperage ratings indicated on drawings)
FL	M7	Fluorescent Lamp
CPT	X1	Control Power Transformer (480 volt panels only)
FS2	L8	Float Switch, Rising
FS1	L8	Float Switch, Falling

ISR1,2	M7	Intrinsically Safe Relay
FLA	M7	Flasher
HLA	M7	High Level Alarm, Globe Type
ASB	M7	Pushbutton, Black
AH	M7	Alarm Horn
AUX	M7	Auxiliary Breaker 20 amp (where noted on drawings only)
KKI(2)	M7	Pump Cycle Counter
ALT	M7	Duplex Alternator
SFM(2)		Seal Fail Module
OT-(2)	M7	Indicator Light, Red = Overtemp
SF(2)	M7	Indicator Light, Red = Seal Fail
ZS	Z1	Intrusion Switch
IT	X1	Isolation Transformer 120V:24V
GF-(2)	M7	Indicator Light, Red = Ground Fault
LT	L16	Submersible Level Transmitter Range: Depth of Wet well
GFM(2)	See Drawings	Ground Fault Monitor
IIT-(2)	See Drawings	Current Transmitter (Amps)

C. RTU Strategies:

1. Constant Speed Pump(s) Operation

a. Pump(s) shall start when pump(s) call signal is received from RTU after a time delay. This will be considered normal operation based on wet well level.

Pump(s) shall be stopped when pump(s) call signal is discontinued from RTU after a time delay.

b. Backup float actuated operation shall be provided by local control panel.

2. System Status and Faults (Normal via SCADA)

a. When discrete signal is received at RTU from PM following a time delay, a phase monitor alarm shall be issued to existing SCADA network via RTU.

b. When discrete signal is received at RTU from MS-1 or MS-2 of pump(s) on following a time delay, a pump(s) run shall be issued to existing SCADA network via RTU.

c. When discrete signal is received at RTU from CR4 of high high wet well level following a time delay, a high high wet well level shall be issued to existing SCADA network via RTU.

d. When a discrete signal is received at RTU from CR51 (overtemp), SFR1 (seal failure), or CR8 (ground fault) following a time delay, the individual alarm shall be issued to existing SCADA network via RTU.

Upon receipt of overtemp or ground fault signal, Pump shall be removed from ready status and not allowed to run. Pump shall return to ready status and allowed to run after the overtemp and ground fault discrete signal has been discontinued.

e. When a discrete signal is received at RTU from CR52 (overtemp), SFR2 (seal failure), or CR9 (ground fault) following a time delay, the individual alarm shall be issued to existing SCADA network via RTU.

Upon receipt of overtemp or ground fault signal, Pump shall be removed from ready status and not allowed to run. Pump shall return to ready status and allowed to run after the overtemp and ground fault discrete signal has been discontinued.

f. When discrete signal is received at RTU from intruder switch(s) ZS following a time delay, an intruder alarm signal shall be issued to existing SCADA via RTU. Intruder alarm shall be reset by one of the following actions:

i. Signal from intruder switch(s) is discontinued.

ii. Acknowledgment of alarm via the existing SCADA network.

g. RTU shall receive and monitor 4-20 mA DC signal from the following devices:

Tag	**Variable**
LT	Water Level in Wet well
IIT-1	Pump No. 1 Current Draw
IIT-2	Pump No. 2 Current Draw

Continuous analog signal corresponding to the variables shall be issued to existing SCADA network via RTU.

h. RTU shall receive and monitor 4-20 mA DC signal from the following future devices:

Tag	**Variable**
CGD	Percent LEL in Wet well

Continuous analog signal corresponding to each of these variables shall be issued to existing SCADA network via RTU.

i. When discrete signal is received from CR01 on loss of RTU panel power following a time delay, a loss of RTU power alarm shall be issued to existing SCADA network via RTU.

j. RTU shall monitor position of each pump H-0-A switch. When switch is in auto, a switch in auto position shall be issue to existing SCADA network via RTU.

k. RTU shall internally monitor its own diagnostic protocols. When any of these protocols are out of specification following a time delay, a RTU trouble signal shall be issued to existing SCADA network via RTU. Signal shall be discontinued when condition is corrected.

D. Internal RTU Program Adjustable Software Values.

Description	Range, Initial Setting
1. Pump start/stop time delay	0-60 sec, 10 sec
2. RTU Fault Output time delay	0-60 sec, 30 sec
3. RTU Fault Reset Time Delay	0-60 sec, 30 sec
4. Other display/parameter elements shall Be provided as required.	

E. HMI

1. Provide all programming and software modifications for the existing SCADA HMI program to implement the requirements for a complete and functional system as specified herein and shown on drawings.

2. General programming shall include but not be limited to the following:

a. Graphic display of all new and existing discrete and analog data.
b. Reporting of all new and existing discrete and analog data.
c. Alarm reception and acknowledgment of the new and existing alarms.
d. Control output of data from central computer to RTU's per P&I diagram and these specifications.

3. Specific Functions shall be as follows:

a. General Alarm Logging and Reset.

i. Log all alarm received.

ii. Display all received alarms, graphically.
iii. Provide alarm acknowledgment.

b. Provide display and alarm function of all alarms and faults indicated on drawing(s) and specified herein.

c. Provide and display status indication for pump(s). This shall include running non-resettable runtime total.

d. Provide and display variable (analog) status functions.

i. Functions shall be shown graphically and numerically.
ii. Daily totalizer shall be provided for flow variable. Totalizer shall reset to zero at midnight and transfer total daily value to previous day reading.
iii. Provide for all analogs indicated on P&ID drawings.

e. Trending and Record keeping

i. All data (analog) and events (alarm and status) shall be stored for trending and records.

f. Sewage Pump Auto/Manual/Off Control

An auto/manual/off selector shall be provided for each pump.

Manual
i. When manual mode is selected, additional on-screen start/stop functions will appear.
ii. Operator can use the pump start/stop command to control selected pump(s) via SCADA.

Auto Mode
i. When auto mode is selected, additional on-screen start/stop functions will appear.
ii. Operator shall input RTU operational level setpoints for “Lead Pump Start”; “Lag Pump Start”; “High Level Alarm”; “All Pumps Off”.

Off Mode
i. When off mode is selected, no additional screens will appear and no commands will be issued.

g. Wet well Level Status Monitoring
i. Operator can enter a setpoint for level. The SCADA system will alarm output “WARNING WET WELL LEVEL APPROACHING OVERFLOW CONDITION”.
ii. When level is exceeded, alarm will be issued.
iii. When level drops below setpoint, alarm output will be discontinued after time delay.

h. The following adjustable parameters shall be provided at SCADA HMI:

	Description	Range, Initial Setting
i.	Lead Pump Start	Wet well Depth (Ft), TBD
ii.	Lag Pump Start	Wet well Depth (Ft), TBD
iii.	All Pumps Off	Wet well Depth (Ft), TBD
iv.	High Level Alarm	Wet well Depth (Ft), TBD
v.	Warning Wet well Level Approaching Overflow Condition	Wet well Depth (Ft), TBD

END OF SECTION

SECTION 13751

RTU SUBSYSTEM

PART 1 GENERAL

1.01 WORK INCLUDED

A. Provide all engineering, labor, materials, and equipment to furnish, install, adjust, test, startup, and document a fully functional RTU Subsystem as shown on the drawings and specified herein.

B. All equipment, software and programming furnished under this specification shall be new and unused, shall be the product of a manufacturer having a successful record of manufacturing and servicing the equipment specified herein for a minimum of five (5) years.

C. Like items of equipment provided hereunder shall be the end products of one manufacturer in order to achieve standardization for appearance, operation and maintenance.

D. All items specified herein this Section may not be specifically required for this project. I&C INTEGRATOR shall coordinate the requirements of this Section with the work required for proper completion of the project.

E. See CONTRACT CONDITIONS and Division 1, GENERAL REQUIREMENTS, which contain information and requirements which apply to the work specified herein and are mandatory for this project.

1.02 RELATED WORK SPECIFIED ELSEWHERE

A. Section 01010 – Summary of Work.

B. Section 13725 - Loop Functions/Programming Strategies/Protocol.

C. Division 16 - Electrical.

1.03 GENERAL SCOPE REQUIREMENTS

A. Standard RTU shall be installed and configured at each location indicated on drawings.

B. RTU functions shall be as specified in Section 13725 - Loop Functions/Programming Strategies/Protocol.

C. Radio Frequency shall match OWNER’s existing FHSS (Frequency Hoping Spread Spectrum) application. CONTRACTOR shall confirm communication’s protocols during shop drawing/submittal process.

D. Serial communications radios.

E. System Design

1. The base supplied system shall include all the elements as indicated by the design intent/concept drawings.

F. Software

1. Provide, install and configure all associated software and documentation. As a minimum, include radio, RTU, existing PLC drawings and SCADA.

2. The OWNER shall be the named license holder of all software.

3. Provide software configuration hard copy in the O&M Manuals.

4. Provide 2 electronic copies of all programs and configure files.

PART 2 PRODUCTS

2.01 GENERAL

A. RTU panel(s) shall be provided with a UL508 label and be manufactured by a UL508 panel manufacturer. Panel manufacturer shall submit proof of enrollment in U.L.'s custom builder's program.

B. RTU panels shall be manufactured and provided by the I&C INTEGRATOR.

2.02 PROGRAMMABLE LOGIC CONTROLLER (PLC)

A. PLC shall be Micrologix 1400, 1766 Family as manufactured by Rockwell Automation, Inc.

2.03 RADIO/MODEM SYSTEM

A. Radio shall be Transnet 900, Model EL805-MD 9XAFCSOWN as manufactured by GE.

2.04 ANTENNA AND ACCESSORIES

A. Antenna shall be Yagi antenna with N connector Model TY-900 as manufactured by Kathrein, Inc., Scala Division, or equal.

B. Coaxial cable shall be flexible low loss communications coax for outdoor/watertight applications, Part Number LMR-400-DB as manufactured by Times Microwave Systems, or equal.

2.05 BACKUP BATTERY

A. 12 Volt, 7 amp hour backup battery.

B. Battery shall be Power-Sonic, PS-1270, or equal.

2.06 RTU ENCLOSURE

A. RTU panels shall be UL Listed, modified, NEMA 3R, Type 304 Stainless Steel enclosure with padlockable draw latches or 3-point padlockable handles conforming to the requirements of the National Electrical Manufacturer's Association.

B. In addition to the NEMA 3R standard, the panel shall conform to the following requirements:

1. Minimum metal thickness shall be 14-gauge.

2. All doors shall be rubber-gasketed with continuous hinge.

3. Provide Type 304 stainless steel drip shield.

4. Provide aluminum dead front panel for component mounting as shown on drawings.

5. Cabinet shall be mounted as indicated on the Drawings. Provide mounting ears as required. Field drilling of cabinet is prohibited.

6. Print pocket (full, ½ or 1/4 size) and one (1) set of reduced drawings shall be provided on interior side of door. (This requirement may be deleted where indicated on drawings.)

7. Minimum overall dimensions shall be as indicated by Drawings or as required by UL subject 508A for industrial control panels.

8. Provide door stop kits for outer cabinet door and dead front door.

9. Provide ARC flash label per N.E.C.

10. Enclosure shall have exterior white powder coat

C. Cabinet enclosure shall be as manufactured by Hoffman, or equal.

2.07 MISCELLANEOUS RTU COMPONENTS

A. 12 VDC power supply shall be Model MDR-60-12 as manufactured by Meanwell, or equal.

B. 12 to 24 VDC converter shall be Model S-25A-24 as manufactured by Meanwell, or equal.

C. RF surge suppressor shall be Part Number IS-B50LN-C2 as manufactured by Polyphaser Corporation, or equal.

D. Loop surge suppressors shall be Part Number DRS-036 as manufactured by EDCO, or equal.

E. Terminals shall be Dinnectors, DN-T10A, or equal.

F. Fuse holders shall be Bussman, CHM1D, or equal.

G. Fuses shall be Bussman, or equal.

H. Door switch shall be Square D, 9007AP221, or equal.

I. Other miscellaneous components not specified herein shall be as specified in Section 13700 - Process Instrumentation and Controls.

2.08 PANEL ELECTRICAL

A. Wiring

1. All electrical wiring shall be in accordance with the applicable requirements of Division 16 - Electrical. Wires shall be 600-volt class, PVC insulated stranded copper and shall be of the sizes required for the current to be carried, but not below 16

AWG enclosed in either sheet metal raceway or plastic wiring duct. Wiring for signal circuits shall be twisted shielded pairs not smaller than No. 18 AWG, and be separated at least 6 inches from any power wiring.

2. All panel wiring shall be labeled with T&B Shrink-Kon HVM marker system. Wire marker numbers shall agree with control panel provided terminals.

B. Terminal Blocks

1. Terminal numbers and wire numbers shall agree.

C. Wire Ducts

1. Wire duct shall be by Panduit, or equal.

D. Miscellaneous Features

1. Provide fluorescent courtesy light, convenience outlet, lightning arrestor, surge arrestor, loop power supplies (with surge protection specified herein), circuit breakers and power supply.

2. Items required shall be as indicated on the drawings.

2.09 NAMEPLATES, NAME TAGS AND SERVICE LEGENDS

A. All components provided under this section, both field and panel mounted, shall be provided with permanently mounted name tags bearing the entire ISA tag number of the components. Panel mounted tags shall be plastic; field mounted tags shall be stamped stainless steel.

B. Circuit breakers and all dead front panel items shall be clearly labeled by name, no tag number. Nameplates are defined as inscribed laminated plastic plates mounted under or near a panel face mounted instrument. Service legends are defined as inscribed laminated plastic integrally mounted on a panel face mounted instrument.

C. Service legends and nameplates shall be engraved, rigid, laminated plastic. Service legends and nameplates shall be fastened to the panel by screws or with a specially applied adhesive. Fastening shall not depend only on the adhesive backing of the nameplate. Unless otherwise noted, color shall be black with white letters and letter height shall be 3/16-inch.

D. Field mounted tags shall be 16-gauge, 304 stainless steel with 3/16-inch high characters.

E. Each panel shall be provided with a cabinet face mounted laminated nameplate as specified above. Unless otherwise noted, color shall be black with white letters ½-inch high.

2.10 SPARE PARTS

B. Furnish the manufacturer's recommended spare parts including at least the following:

1. One (1) complete replacement radio.

2. One (1) battery.

B. All parts shall be furnished in containers which are clearly marked and identified as to the contents.

C. Provide spare parts bill of materials with submittals for approval.

2.11 RADIO SYSTEM SURVEY

A. Radio survey shall be provided to confirm communications, signal strength and design requirements. Include a computer model and an actual field survey with verifiable results for each proposed RTU.

B. Radio survey shall be completed with the radio, antenna and PLC as specified herein.

C. Radio survey shall be completed prior to submittal of RTU shop drawings.

D. Radio survey shall be completed by Advantage Communication, Inc., or equal.

PART 3 EXECUTION

3.01 GENERAL

A. New RTU(s) shall be installed at locations per Drawings.

PART 4 LOOP SPECIFICATIONS

4.01 LOOP SPECIFICATIONS

A. Control loop requirements shall be as specified in Section 13725 - Loop functions/Programming Strategies/Protocols and as shown by the Drawings.

END OF SECTION

SECTION 16000

ELECTRICAL GENERAL REQUIREMENTS

PART 1 GENERAL

1.01 RELATED DOCUMENTS

A. The general provisions of the Contract, including CONTRACT CONDITIONS, apply to all the Work specified in the Electrical 16000 Sections.

1.02 LAWS, PERMITS, FEES AND NOTICES

A. Secure and pay all permits, fees and licenses necessary for the proper execution of the Work per the requirements OF Section 01010 - Summary of Work.

B. Submit all notices and comply with all laws, ordinances, rules and regulations of any public agency bearing on the Work.

C. Electrical subcontractor shall be a licensed Electrical Contractor in project location jurisdiction.

1.03 DEPARTURES

A. If any departures from the Contract Drawings or Specifications are deemed necessary, details of such departures and the reasons therefore shall be submitted to the ENGINEER for advance written approval, prior to departure.

1.04 AS-BUILT INFORMATION

A. A set of "record drawing" electrical drawings shall be carefully maintained at the job site. Actual conditions are to be put on the drawings in red on a daily basis so the drawings will continuously show locations and routes of cable trays, conduits, pull-boxes, circuit numbers, and other information required by the ENGINEER.

1.05 JOB SITE VISIT

A. Visit the project site before submitting a bid. Verify all dimensions shown and determine the characteristics of existing facilities which will affect performance of the Work, but which may not be shown on drawings or described within these Specifications.

1.06 CUTTING AND PATCHING

A. Cut and prepare all openings, chases and trenches required for the installation of equipment and materials. Repair, remodel and finish in strict conformance with the quality of workmanship and materials in the surroundings. Obtain written permission from the ENGINEER for any alterations to structural members before proceeding.

1.07 MAINTENANCE

A. Render all necessary measures to ensure complete protection and maintenance of all systems, materials, and equipment prior to final acceptance. Any materials or equipment not properly maintained or

protected to assure a factory new condition at the time of final acceptance shall be replaced immediately at no additional cost to the OWNER.

1.08 WATERPROOFING

A. Whenever any Work penetrates any waterproofing, seal and render the Work waterproof. All Work shall be accomplished so as not to void or diminish any waterproofing bond or guarantee.

1.09 TESTS

A. Conduct an operating test of equipment prior to the ENGINEER's approval. The equipment shall be demonstrated to operate in accordance with the requirements of these Specifications. The tests shall be performed in the presence of the ENGINEER or an authorized representative. The Electrical Contractor shall furnish all instruments, electricity and personnel required for the tests.

1.10 SUMMARY OF ELECTRICAL WORK

A. Provide all labor, materials, took, supplies, equipment, and temporary utilities to complete the work shown on the drawings and specified herein. All systems are to be completely installed and fully operational. Specifically the work includes, but is not necessarily limited to:

1. Extend wiring/conduit to all new and existing controls and field instruments.

2. Installation of all control and RTU panels.

3. Conduit/wiring to serve new RTU locations.

4. Installation of antennas.

5. Grounding per NEC.

6. Other work as shown per the drawings or specified herein.

7. Start-up testing and documentation.

1.11 CODES AND STANDARDS

A. General Applicable provisions of the following codes and standards and other codes and standards required by the State of Florida and local jurisdictions are hereby imposed on a general basis for electrical Work (in addition to specific applications specified by individual Work sections of these specifications):

1. U.L.: Electrical materials shall be approved by the Underwriters' Laboratories, Inc. This applies to materials which are covered by U.L. standards. Factory applied labels are required.

2. National Electrical Code.

3. OSHA: Standards of the Occupational Safety and Health Administration are to be complied with.

4. NEMA: National Electrical Manufacturers Association Standards are to be met wherever standards have been established by that agency, and proof is specifically required with material submittals for switchboards, motor control centers, panelboards, cable trays, motors, switches, circuit breakers and fuses.

5. ANSI: American National Standards Institute

6. NESC: National Electrical Safety Code

7. NFPA 820, fire protection in wastewater treatment and collection facilities.

8. Florida Building Code, Latest Edition.

1.12 ELECTRICAL TEMPORARY FACILITIES

A. The CONTRACTOR shall include in the bid the cost of furnishing, installing, maintaining, and removing all materials and equipment required to provide temporary light and power to perform CONTRACTOR's Work during construction and until Work is completed.

B. Safety

1. All reasonable safety requirements shall be observed to protect workers and the public from shock and fire hazards. Ground fault interrupters shall be employed in accordance with codes.

2. Ground wires are required in all circuits. Ground poles are required on all outlets. All metallic cases shall be grounded.

3. Raintight cabinets shall be used for all equipment employed in wet areas.

1.13 EXCAVATING FOR ELECTRICAL WORK

A. General

1. Excavation or drilling, backfill and repair of paving and grassing is to be in the bid of the CONTRACTOR. The actual Work need not be performed by electrical trades. However, the CONTRACTOR is responsible for all excavation, drilling, dewatering, backfilling, tamping, and repair of pavements and grassing required in support of electrical Work. All areas disturbed by electrical Work shall be repaired to their original condition, or as indicated on the drawings.

B. Coordination

1. The CONTRACTOR must check for existing utilities before commencing any excavation or drilling.

2. Contract drawings and other trades are to be consulted to avoid interferences with other utilities on this project.

3. In the event of damage to existing utilities, the ENGINEER shall be immediately notified, and damage shall be immediately repaired.

4. The OWNER is to be consulted to ascertain locations of existing interferences by referring to "As Built" drawings and OWNER's experience. The excavations are to be scheduled at the OWNER's convenience.

C. Precautions

1. The Electrical Contractor must take every reasonable precaution to avoid interferences. In the vicinity of a suspected interference, excavations shall be dug by hand.

1.14 ELECTRICAL PRODUCTS

A. Standards Products

1. Unless otherwise indicated in writing by the ENGINEER, the products to be furnished under this Specification shall be the manufacturer's latest design. Units of equipment and components of the same purpose and rating shall be interchangeable throughout the project. All products shall be newly manufactured. Defective equipment or equipment damaged in the course of installation or test, shall be replaced or repaired in a manner meeting with the approval of the ENGINEER at no additional expense to the OWNER.

B. Delivery, Storage and Handling

1. Deliver products to project properly identified with names, model numbers, types, grades, compliance labels and similar information needed for distinct identification; adequately packaged or protected to prevent deterioration during shipment, storage and handling. Store in a dry, well ventilated, indoor space, except where prepared and protected by the manufacturer specifically for exterior instructions for storage locations.

1.15 ELECTRICAL IDENTIFICATION

A. Color Coding Conductor colors shall be in accordance with the N.E.C. and NFPA requirements.

B. Nameplates

1. The following items shall be equipped with nameplates: All motors, motor starters, junction boxes, motor control centers, pushbutton stations, control panels, time switches, disconnect or relays in separate enclosures, receptacles, wall switches, high voltage boxes and cabinets. All light switches and outlets shall carry a phenolic plate with the supply identified. Special Electrical systems shall be identified at junction and pullboxes, terminal cabinets and equipment racks.

2. Nameplates shall adequately describe the function of the particular equipment involved. Nameplates for panelboards and switchboards shall include the panel designation, voltage and

phase of the supply. For example, "Panel A, 277/480V, 3-phase, 4-wire". The name of the machine on the motor nameplates for a particular machine shall be the same as the one used on all motor starters, disconnect and P.B. station nameplates for that machine. Normal power nameplates shall be laminated phenolic plastic, white front and back with black core, with lettering etched through the outer covering; black engraved letters on white background. Lettering shall be 3/16 inch high at pushbutton stations, thermal overload switches, receptacles, wall switches and similar devices, where the nameplate is attached to the device plate. At all other locations, lettering shall be 1/4 inch high, unless otherwise detailed on the Drawings. Nameplates shall be securely fastened to the equipment with stainless steel pop rivets. Motor nameplates may be non-ferrous metal not less than 0.003 inch thick, die stamped. In lieu of separate plastic nameplates, engraving directly on device plates is acceptable. Engraved lettering shall be filled with contrasting enamel. Equipment nameplate schedule for all equipment shall be submitted with shop drawing submittal for ENGINEER's approval.

3. All junction and splice boxes shall be labeled using permanent shipping tags attached to boxes; not covers.

C. Wire and Cable Identification

1. All wire and cable shall be identified at each termination point and at each pull box, splice box, junction box, or manhole. Provide permanent, waterproof, non-metallic (paper unacceptable) tags indicating the circuit number in 3/16 inch letters.

2. Individual wires within equipment enclosures shall be identified using the equipment manufacturer's shop drawing wire numbers. Panel wire numbers and terminal numbers shall agree. Wire markers shall be as called out on the drawings.

D. Signs

1. Warning signs shall comply with OSHA requirements and reasonable safety precautions.

1.16 SKILLED ELECTRICAL CRAFTSMEN

A. Contractor shall employ and staff the project with skilled Craftsmen experienced in the project requirements.

B. As a minimum, a Licensed Journeyman Electrician shall be present on the project at all times.

C. Other skilled persons shall be present as the project requirements dictate including manufacturer’s representatives, start-up technicians, Engineers, etc.

END OF SECTION

SECTION 16050

BASIC MATERIALS AND METHODS

PART 1 GENERAL

1.01 WORK INCLUDED

A. The work covered by this section of the Specifications consists of furnishing all plant, labor, material and equipment, and in performing all operations necessary for the construction of the electrical work, complete and ready for use. The work shall include, but shall not be limited to the furnishing and installing of materials and equipment to provide a complete electrical system in strict accordance with the specifications, as shown on the drawings, and as is necessary and incidental to the proper operation of the electrical equipment described for the project. Omission of a special electrical item obviously necessary for the proper functioning of equipment shall not relieve the Contractor of the responsibility of furnishing the item as a part of the work.

B. The Work shall include complete testing of all equipment and wiring at the completion of the Work and making any minor connection changes or adjustments necessary for the proper functioning of the systems and equipment. All workmanship shall be of the highest quality; sub-standard work will be rejected.

C. It is the intent of these Specifications that the electrical system shall be suitable in every way for the service required. All material and all work which may be reasonably implied as being incidental to the Work of this Section shall be furnished within the Scope of the Contract.

D. All items specified herein may not be specifically required for this project. CONTRACTOR and/or electrical subcontractor shall coordinate the requirements of this Section with the drawings for proper completion of the work.

E. Like items provided hereunder shall be the end products of one manufacturer in order to achieve standardization for appearance, operation and maintenance.

F. See CONTRACT CONDITIONS and Division 1, GENERAL REQUIREMENTS, which contain information and requirements that apply to the Work specified herein and are mandatory for this project.

1.02 RELATED WORK SPECIFIED ELSEWHERE

A. Section 16000 - Electrical General Requirements.

1.03 REFERENCE SPECIFICATIONS, CODES AND STANDARDS

A. All work shall be in accordance with the latest edition of the National Electrical Code and all applicable national, local and state codes as adopted at bid time.

B. All materials and installations shall comply with the applicable standards of the National Electrical Manufacturers Association (NEMA) and Underwriters' Laboratories (UL).

C. It shall be the responsibility of the Contractor to install all work in conformance with all applicable codes to requirements of all authorities having jurisdiction and to the regulations of related utility companies.

D. Any changes to the design to comply with these codes shall be included in the Bid.

E. When a change is required, the CONTRACTOR shall send a copy of the change to the ENGINEER/OWNER and indicate the reasons. In no case shall any change be made if the design exceeds the minimum requirements of these codes.

1.04 INTERPRETATION OF DRAWINGS

A. The Drawings are not intended to show exact locations of conduit runs. Conduit runs are schematic. All known obstructions are indicated. CONTRACTOR shall locate unknown obstructions and avoid them. CONTRACTOR shall install raceways for a complete and functional system.

B. Unless otherwise directed by the ENGINEER, conduit shown exposed shall be installed exposed; conduit shown concealed shall be installed concealed.

C. Where circuits are shown as "home-runs" all necessary fittings and boxes shall be provided for a complete raceway installation.

D. Harmonize the Work of the different trades so that interferences between conduits, piping, equipment and structural work will be avoided. All necessary offsets shall be furnished so as to take up a minimum space and all such offsets and fittings, required to accomplish this shall be furnished and installed within the Scope of the Contract. In case conflict develops, the ENGINEER's and/or OWNER's authorized representative will decide which equipment or piping, must be relocated, regardless of which was installed first.

E. The locations of electrical equipment and similar devices shown on the Drawings are approximate only. Exact locations shall be as accepted by the ENGINEER during construction. Vendor's approved shop drawings shall be used for dimensions of equipment. Obtain in the field all information relevant to the placing of electrical work and in case of any interferences with other work, proceed as directed by the ENGINEER and furnish all labor and materials necessary to complete the Work in a workmanlike manner.

F. Circuit layouts shown are not intended to show the number of fittings, or other installation details. Furnish all labor and materials necessary to install and place in satisfactory operation all power and other electrical systems shown. Additional circuits shall be installed wherever needed to conform to the specific requirements of the equipment.

G. All connections to equipment shall be made in accordance with the approved shop and setting drawings.

H. CONTRACTOR shall install all power, grounding, control, and instrumentation conduits concealed within walls, slabs, etc. whenever possible unless noted or shown otherwise on drawings.

1.05 SUBMITTALS

A. Submittals shall be made in accordance with Section 01300 - Submittals.

B. Submittals shall be made for all specified equipment and materials. Submittal data shall include but not be limited to catalog data, cut sheets, manufacturer's name and model number.

C. No material or equipment shall be ordered or shop work started until the ENGINEER's review of submittals has been completed.

1.06 QUALITY ASSURANCE

A. Work under this Section shall be accomplished by persons skilled in performance of the required work. All work shall be done in a first class manner in keeping with conventions of the trade. Work under this Section shall be closely coordinated with work of other trades to avoid conflict and interference.

B. The electrical subcontractor shall have experience in similar projects and shall employ a qualified supervisor with responsible experience in similar work who shall be in direct charge at all times.

1.07 DELIVERY, STORAGE AND HANDLING

A. The Contractor shall use all means necessary to protect the materials and equipment of this Section before, during and after installation and to protect the installed work and material of all other trades. In the event of damage, immediately make all repairs and replacements necessary for the approval of the ENGINEER/OWNER at no additional cost to the OWNER.

B. Electrical equipment shall at all times during construction be adequately protected against mechanical injury or damage by water. Electrical equipment shall not be stored out-of-doors. Electrical equipment shall be stored in dry permanent shelters. If any apparatus has been damaged, such damage shall be repaired by the CONTRACTOR at his own cost and expense. If any apparatus has been subject to possible injury by water, it shall be thoroughly dried out and put through such special tests as directed by the ENGINEER, at the cost and expense of the CONTRACTOR, or shall be replaced by the CONTRACTOR within the Scope of the Contract.

1.08 WARRANTY

A. The manufacturer and CONTRACTOR shall warrant the equipment being supplied to the OWNER against all defects in workmanship and materials for a period of one (1) year(s). Warranty period shall commence on Substantial Completion date as outlined in the GENERAL CONDITIONS. Warranties for all equipment installed under this contract shall run concurrently.

B. The MANUFACTURER's warranty period shall run concurrently with the CONTRACTOR's warranty period. No exception to this provision shall be allowed. The CONTRACTOR shall be responsible for proper storage of the equipment so as to remain in an "as shipped" condition.

PART 2 PRODUCTS

2.01 MATERIALS

A. The materials used in all systems shall be new, unused and as hereinafter specified. All materials where not specified shall be of the very best of their respective kinds. Samples of materials or manufacturer's specifications shall be submitted for review as required by the ENGINEER.

B. Materials and equipment used shall be labeled and listed by UL or FM wherever standards have been established and label service is regularly furnished. All products shall conform with the applicable standards of NEMA and ANSI.

2.02 GROUNDING MATERIALS

A. All ground rods shall be 10 or 20 foot 5/8" copperclad sections, unless otherwise indicated.

B. Ground wires shall be soft drawn copper sized per National Electrical Code, unless otherwise indicated.

C. CONTRACTOR shall provide equipment grounding conductors, minimally sized per the N.E.C. unless otherwise indicated.

D. Grounding shall be provided per Article 250 of the N.E.C.

E. Provide exothermic welded connection to the building steel and to ground rods.

F. Test ground resistance in dry conditions, 3 days after rain. Submit test results.

G. Ground resistance shall not exceed 25 ohms per Article 250.56 of the N.E.C. Provide additional ground rods, if required within scope of contract.

2.03 CONDUIT

A. Galvanized Rigid Conduit (ANSI C80.1)

1. Rigid galvanized steel conduit “RGS” shall be U.L. approved, Schedule 40, mild steel pipe, zinc-coated on the inside and outside. Fittings shall be zinc-coated, U.L. approved. Comply with ANSI Spec C80.1 and Federal Spec WW-C-581.

B. PVC Conduit

1. PVC conduit shall be Schedule 80 or 40 as scheduled on drawings and shall be U.L. approved. Comply with Federal Spec WC-1094 and NEMA TC-1.

C. Flexible Conduit

1. All flexible conduits shall be liquidtight, made of corrosion resistant plated steel with extruded polyvinyl covering and watertight connectors.

D. Conduit End (Strain Relief)

1. Shall be nonmetallic, liquidtight, strain relief connectors - straight, as manufactured by Thomas & Betts (T&B) or equal.

E. PVC Coated RGS

1. PVC coated rigid galvanized steel conduit system shall be coated interior (minimum 2 mils) and exterior (minimum 40 mils) provided by Pearmacoat, Robroy, or equal.

F. Rigid Aluminum conduit

1. Rigid aluminum conduit shall be manufactured in accordance with ANSI® C80.5, UL-6A and Federal specifications WW-C581.

2. Provide UL listed rigid aluminum conduit couplings and fittings.

3. Rigid aluminum conduit shall be as manufactured by Wheatland Tube, or equal.

2.04 CABLE, WIRE AND CONNECTORS

A. 600 Volt Power Wiring

1. Cable shall be rated for 600 volts and shall meet the requirements below:

a. Conductors shall be stranded.

b. All wire shall be brought to the job in unbroken packages and shall bear the date of manufacturing; not older than 12 months.

a. Type of wire shall be THHN/THWN except where required otherwise by the contract drawings.

d. No wire smaller than No. 12 gauge shall be used unless specifically indicated.

e. Conductor metal shall be copper.

f. All conductors shall be meggered after installation and insulation must be in compliance with the National Electrical Code.

B. Instrumentation and Control Cable

1. Single and multiple pair, process instrumentation wire shall be 16 gauge twisted pair, stranded copper, 600 V., cross-linked polyethylene insulated, aluminum tape shielded, polyvinyl chloride jacketed. Wire shall be Houston Wire and Cable Product HW106, or equal.

2. Multi-conductor control cable shall be stranded 14 gauge, copper, 600V. THWN insulated overall shielded with PVC jacket. Cable shall be Houston Wire and Cable Product HW151, or equal.

C. Ground Wire

1. Bare, stranded copper conductors.

2. Provide tin plated copper at locations where grounding conductors are in direct contact with concrete.

D. Tray Cable

1. Power and control wiring installed in cable try system shall be 600V rated, shielded, tray cable, stranded copper with XHHW/CPE rated insulation, UL 1277 and UL 1685.

2. Tray cable shall be manufactured by Southwire, or equal.

2.05 BOXES (INTERIOR)

A. Outlets, junction boxes, conduits and pull boxes shall be of adequate size for the number of wires run into them. Pull boxes shall be installed where necessary and shall be placed in accessible location. All junction boxes and conduit fittings shall be cast of cadmium finished malleable iron.

B. PVC and F.R.P. fiberglass reinforced plastic shall be permitted in protected location.

2.06 BOXES (EXTERIOR AND PROCESS AREAS)

A. Boxes for wiring devices (switches and receptacles) installed outdoors or in process areas shall be weatherproof stainless steel with stainless steel cover plates. Junction boxes shall be stainless steel with gasketed covers. All boxes shall be securely mounted plumb and level in readily accessible locations. Boxes shall have stainless steel cover plates.

B. Unless otherwise indicated, all outdoor or process area junction boxes and pull boxes shall be NEMA 4X stainless steel.

2.07 SAFETY DISCONNECT SWITCHES AND ENCLOSED CIRCUIT BREAKERS

A. Safety Disconnect Switches

1. Fusible and non-fusible disconnect switches shall be heavy-duty, NEMA type H, quick-make, quick-break, visible blades, 600 volt, 3 pole with full cover interlock. Switches shall have copper Lugs.

2. Where disconnects are installed outside, provide a NEMA 4X, stainless steel enclosure.

3. Switches shall be horsepower rated and as manufactured by the Square D Co., or equal.

4. Auxiliary contacts shall be provided where required on plans.

5. Where indicated on drawings, provide auxiliary wire lugs for the surge capacitor (SC) and transient voltage surge suppressor (TVSS). These auxiliary lugs shall be on the load side of the switch. Lug sizes shall be coordinated with wire sizes required for these devices.

B. Enclosed Circuit Breakers

1. Provide a thermal magnetic circuit breaker, 480 volt (where applicable) or 240 volt, 3 pole molded case, per UL 489. All breakers shall have copper lugs.

2. Unless otherwise indicated, breakers shall be enclosed in a NEMA 4X, stainless steel enclosure.

3. Minimum breaker AIC shall be 65 KAIC unless otherwise indicated.

4. Units provided as main service disconnects shall be service entrance rated.

2.08 TERMINATIONS AND SPLICES (600 VOLTS AND LESS)

A. Terminations of power cable shall be by means of U.L. approved connectors. All connectors shall meet U.L. 486B and shall be compatible with the conductor material.

B. Terminate all control and instrumentation cable with fork type compression lugs or similar.

C. Splicing of power, control, or instrumentation wiring will not be allowed except by written approval of the ENGINEER. Where splicing is allowed, splices shall be made with approved compression connectors, and splices shall be made waterproof at outdoor locations.

D. Unless otherwise indicated, power splices shall be made using polaris taps.

E. Unless otherwise indicated control circuits and power circuits less than #10 shall be made using compression butt splice with heat shrink.

F. Signal splices shall be made using compression butt splices with heat shrink.

G. Submit splice system for review and approval.

2.09 AUXILIARY GUTTERS

A. Gutters shall be provided per NEC article 374.

B. Interior Gutters

1. Minimum gauge steel shall be 12. Gutters shall be painted with one prime coat and two finish coats. Final coats shall match other electrical enclosures.

C. Exterior and Process Area Gutters

1. Minimum metal gauge shall be 12. Exterior gutters shall be NEMA 4X, Type 316 SST.

D. Submit shop drawings for all gutters.

2.10 MOUNTING AND SUPPORTING ELECTRICAL EQUIPMENT

A. Furnish and install all supports, hangers, and inserts required to mount fixtures, conduits, cables, pullboxes, and other equipment furnished under this section or furnished for installation under this section.

B. Perforated straps and wire are not permitted for supporting electrical devices. Anchors shall be of approved types.

C. Framing channels for mounting disconnect switch, field panels, electrical equipment and the like, shall be minimum 1-5/8-inch width type 316 stainless steel channels as manufactured by Unistrut, or equal.

D. Pipe clamps, nuts, bolts, washers and other miscellaneous installation hardware shall be type 316 stainless steel.

2.11 TRANSIENT VOLTAGE SURGE SUPPRESSION (TVSS)

A. Furnish a UL listed TVSS, IT Protector, PTX400 Series, NEMA 4X with fused disconnect, no equal.

2.12 LIGHTING AND CONVENIENCE ITEMS

A. Lighting and convenience items shall be as specified and scheduled on the drawings.

2.13 LIGHTING CONTACTORS

A. Units installed indoors in clean dry rooms shall be NEMA 1; all others shall be NEMA 4X.

B. Eaton/Cutler-Hammer, UL Listed, electrically held contactor, with hand-off-auto selector, 30mm.

C. Provide and install photocell.

2.14 TIME CLOCKS

A. Units shall be UL Listed, 24/hour/7 day, electromechanical time clocks with mechanically held contactor, 30 amp rated, NEMA 3R enclosure.

B. Time clocks shall be as manufactured by Intermatic, or equal.

PART 3 EXECUTION

3.01 GENERAL

A. Prior to all work of Section, carefully inspect the installed work of all other trades and verify that all such work is complete to the

point where this installation may properly commence. Install all electrical work to conform with job site conditions and all Drawings and Specifications.

B. All "tight" conditions shall be worked out in advance by the Contractor with all involved trades. In the event of any discrepancy, immediately notify the ENGINEER/OWNER. Do not proceed with any installation in the area of the discrepancy until it has been fully resolved. No additional cost will be considered for work which must be relocated due to the conflicts with the work of other trades.

C. Install all equipment, systems and materials in strict accordance with manufacturers' recommendations and NEMA standards for installation. If this in any way causes conflicts, immediately notify the ENGINEER/OWNER.

D. Provide all mounting supports and accessories as required to install all equipment and all system components. Correlate the Shop Drawings as applicable.

E. Coordinate with precast concrete supplier for locations of conduit blockouts. Blockouts shall be twice the nominal diameter of intended conduit.

3.02 EXCAVATION FOR ELECTRICAL WORK

A. The work of this article is defined to include whatever excavating and backfilling is necessary to install the electrical work. Coordinate the work with other excavating and backfilling in the same area, including dewatering, flood protection provisions and other temporary facilities. Coordinate the work with other work in the same area, including other underground services (existing and new), landscape development, paving and floor slabs on grade. Coordinate with weather conditions and provide temporary facilities needed for protection and proper performance of excavation and backfilling.

3.03 CONCRETE FOR ELECTRICAL WORK

A. The work of this article is defined to include whatever concrete work is necessary or shown specifically to install the electrical work.

B. Concrete shall be as specified in Section 03300 - Concrete.

3.04 WATERPROOFING

A. Use watertight fittings on panel or other equipment to keep out water. Seal conduits coming from wetwell with duct seal to keep out moisture.

B. Where support holes are drilled in panel or boxes, seal with butyl rubber or other approved sealing compound inside and out.

3.05 GROUNDING

A. Provide ground system as indicated on the drawings and as required by the National Electrical Code.

B. All raceways require grounding conductors. Metallic raceways are not adequate grounding paths. Bonding conductors through the raceway systems shall be continuous from main switch ground buses to panel ground bars of panelboards, and from panel grounding bars of panelboards, and motor control centers to branch circuit outlets, motors, lights, etc. THESE GROUND CONDUCTORS ARE REQUIRED THROUGHOUT THE PROJECT REGARDLESS OF WHETHER CONDUIT RUNS SHOW GROUND CONDUCTORS ON THE DRAWINGS.

C. All connections made below grade shall be of the exothermic type.

3.06 CONDUIT

A. Locations

1. Conduit materials shall be used as scheduled on Drawings.

B. Installation

1. Conduits subjected to rough handling or usage shall be removed from the premises.
2. Conduits must be kept dry and free of water or debris with approved pipe plugs or caps. Care shall be given that plugs or caps be installed before pouring of concrete.
3. Where conduits pass through exterior concrete walls or fittings below grade, the entrances shall be made watertight. This shall be done by providing pipe sleeves in the concrete with one half inch minimum clearance around the conduits and caulking with sealant, or by means of conduit entrance seals.
4. Conduits entering panelboards, pull boxes, or outlet boxes shall be secured in place by galvanized locknuts (grounding type with lugs) and bushings, one (1) locknut outside and one (1) locknut inside of box with bushing on conduit end. The locknuts shall be tightened against the box without deforming the box. Bushings shall be of the insulating type.
5. Field conduit bends shall be made with standard tools and equipment manufactured especially for conduit bending.
6. Where embedded conduits cross expansion joints, furnish and install offset expansion joints or sliding expansion joints. Sliding expansion joints shall be made with straps and clamps.
7. Exposed runs of conduits shall be installed with runs parallel or perpendicular to walls, structural members or intersections of vertical planes and ceilings, with right angle turns consisting of symmetrical bends or pull boxes as indicated on the drawings. Bends and offsets shall be avoided where possible.
8. Conduits in structural slabs shall be placed between the upper and the lower layers of reinforcing steel, requiring careful bending of conduits. Conduits embedded in concrete slabs shall be spaced not less than eight (8) inches on centers or as widely spaced as possible where they converge at panels or junction boxes. Conduits running parallel to slab supports, such as beams, columns and structural walls shall be installed

not less than 12 inches from such supporting elements. To prevent displacement during concrete pour, saddle supports for conduit, outlet boxes, junction boxes, inserts, etc., shall be secured.

9. Conduit runs shall always be concealed except where indicated on plans.
10. Pull wires shall be installed in all empty conduits. Pull wires shall be No. 12 gauge copper. All pull wires shall be identified with conduit number at each end.
11. The use of running threads is prohibited and where some such device is necessary, split couplings, Erickson couplings, or equal shall be used. Where watertight conduit installations are required, watertight conduit unions shall be used.
12. Where conduits are run individually, they shall be supported by approved pipe straps secured by means of toggle bolts on hollow masonry; expansion shields and machine screws or standard preset inserts on concrete or solid masonry; machine screws or bolts on metal surfaces, and wood screws on wood construction. The use of perforated straps or wires will not be permitted.
13. Concrete inserts and pipe straps shall be Type 316 stainless steel.
14. Wire shall not be installed until all Work of any nature that may cause damage is completed, including pouring of concrete. Mechanical means shall not be used in pulling in wires No. 8 or smaller.
15. Underground conduits not under concrete slabs, are to be buried at least two (2) feet below finished grade for circuits rated 600 volts or less, except under traffic areas where motor vehicles may cross. Under traffic areas, conduits are to be buried at least three (3) feet below finished grade.
16. All conduits shall be cleaned by pulling a brush swab through before installing cables.
17. All conduits shall be sealed at each end with electrical putty. Special care shall be taken at all equipment where entrance of moisture could be detrimental to equipment.
18. Where rigid conduit penetrates ground or concrete, the conduit shall be painted with two (2) coats of asphaltic base paint one (1) foot on each side of penetration.
19. A maximum of two (2) feet of flexible conduit shall be used at connections of all motors, transformers, motor operated valve and gates, instruments, and other items of equipment where vibration is present.

3.07 WIRES, CABLES AND CONNECTIONS

A. Cables pulled into conduits shall be pulled using pulling eyes attached to conductors.

B. Shields shall be grounded at only one termination point.

C. A loop of each conductor shall be provided in each manhole to facilitate the addition of future tee splices.

3.08 BOXES

A. Installation of boxes shall be in accordance with the National Electrical Code requirements.

B. Boxes shall be mounted plumb and level in accessible locations and mounting shall be secure, vibration resistant, and galvanically compatible. Hardware shall be used that is specifically intended for the purpose. When mounted in corrosive, damp or wet locations, stainless steel hardware shall be utilized.

3.09 WIRING DEVICES

A. Wiring devices shall be installed in device boxes approved for the application. All connections shall be made with screw terminals.

3.10 MOUNTING AND SUPPORTING ELECTRICAL EQUIPMENT

A. Furnish and install all supports, hangers, and inserts required to mount fixtures, conduits, cables, pull boxes, and other equipment furnished under this section or furnished for installation under this section.

B. Perforated straps and wire are not permitted for supporting electrical devices. Anchors shall be of approved types.

C. All floor mounted devices (switchboards, motor control centers, transformers, etc.) shall be securely anchored to the floors. Where recommendations are made by manufacturer, these recommendation shall be followed.

D. Pipe stands shall be constructed for supporting electrical and I&C equipment. Unless otherwise indicated, all materials shall be 316 stainless steel including all hardware. Pipe stands shall be set a minimum of 36" in the ground with 36" x 12" diameter concrete encasement. Encased pipe shall be coated with bitumastic coating. Unless otherwise indicated, top of equipment mounting height shall be approximately 60" above final grade but shall be increased as required to maintain a minimum of 12" from bottom of equipment enclosure to the final grade.

END OF SECTION

CAPITAL IMPROVEMENT PROJECT DETAIL

Task #
PROJECT # 20-UTL-563-18

Project Name:	Lift Station SCADA Upgrades	**Project Manager:**	Pward
Department:	Public Service	**Original Plan Date:**	FY20
Location:	Utilities - Lift Stations	**Date Approved:**	

DESCRIPTION / JUSTIFICATION:

Approximately 40% of the Village's lift stations are currently monitored and controlled by a Supervisory Control and Data Acquisition (SCADA). This project includes the phased installation of SCADA systems at the remainder of the Village owned lift stations. Installation of SCADA systems would include the installation of an electronic monitoring system that achieves control at each of the Village's lift stations and provides data on how the station is operating (i.e., flow rates, pump starts, etc.). This proposed system will result in a significant benefit to our customers through reduced response times to station problems as well as to the Village by reducing liability (in terms of wastewater overflows/backups) and will result in fewer equipment repairs (and lower capital and ongoing maintenance costs) due to early detection and diagnosis of problems.

Village of Palm Springs

Executive Brief

AGENDA DATE: March 10, 2022

DEPARTMENT: Finance

ITEM #10: Resolution No. 2022-12 Approval of Budget Transfer from Public Works to Library and General Government

SUMMARY: Staff requests approval of the transfer of budgeted funds to cover additional costs to build out the "Flex Area" on the North End of Village Hall and to cover the estimated cost of a new roof for the Library. Funds are proposed to be transferred from Public Works that were originally budgeted to repair and repaint village roofs.

FISCAL IMPACT:

This has no impact on the General Fund. Staff requests approval to transfer funds from Public Works to the Library for the estimated cost of a new roof and transferring funds to the General Government to cover the additional costs needed to complete the flex area buildout.

ATTACHMENTS:

1. Proposed Resolution No. 2022-12 Budget Transfer (Public Works to Library and General Government)
2. Budget Transfer - Public Works to Library and General Government

RESOLUTION NO. 2022-12

A RESOLUTION OF THE VILLAGE COUNCIL OF THE VILLAGE OF PALM SPRINGS, FLORIDA, ADOPTING A GENERAL APPROPRIATION BUDGET TRANSFER AND CORRESPONDING APPROPRIATIONS FOR THE VILLAGE'S NECESSARY OPERATING EXPENSES TO COVER THE ESTIMATED COST OF A NEW ROOF FOR THE LIBRARY THE VILLAGE FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2020, AND ENDING SEPTEMBER 30, 2021; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Village of Palm Springs, Florida ("Village") previously adopted the FY 2022 Annual Operating Budget, pursuant to Ordinance No. 2021-11 on September 23, 2021; and

WHEREAS, the Village finds it is necessary consider a transfer Public Works to cover additional costs to buildout the "Flex Area", located on the North End of Village Hall, and to cover the estimated cost of a new roof for the Village of Palm Springs Library; and

WHEREAS, adoption of the FY 2021-2022 Amended Annual Operating Budget set forth herein serves a value for public purpose.

NOW THEREFORE, BE IT RESOLVED BY THE VILLAGE COUNCIL OF THE VILLAGE OF PALM SPRINGS, FLORIDA;

Section 1. The above recitals are hereby ratified and confirmed as being true and correct and are hereby incorporated into this Resolution.

Section 2. The funds and available resources and revenues more specifically described in "Exhibit A", attached hereto, and incorporated herein by reference, are appropriated to provide the funding for necessary operating and other expenses of departments of the Village for the fiscal year.

Section 3. The revenues and expenses as set forth in "Exhibit A" are hereby incorporated by reference and are hereby adopted as the amended budget for FY 2021 - 2022.

Section 4. This Resolution shall take effect immediately upon adoption.

Council Member_____offered the foregoing resolution. Council Member_____seconded the motion, and upon being put to a vote, the vote was as follows:

	Aye	Nay	Absent
BEV SMITH, MAYOR	____	____	____
GARY READY, VICE MAYOR	____	____	____
DOUG GUNTHER, MAYOR PRO TEM	____	____	____
JONI BRINKMAN, COUNCIL MEMBER	____	____	____
PATTI WALLER, COUNCIL MEMBER	____	____	____

The Mayor thereupon declared the Resolution duly passed and adopted this day of March 10, 2022.

Village of Palm Springs

Executive Brief

AGENDA DATE: March 10, 2022

DEPARTMENT: Parks & Recreation

ITEM #11: Approve Foxtail Palm Park Playground Shade Structure Purchase Contract (Task Order No. 301) - Piggyback - Parks and Recreation Department (FY 2022 Funded - General Fund) - Shade Systems, Inc.

SUMMARY: The Parks and Recreation Department has identified a need to purchase a shade structure to provide shade for the previously installed playground equipment at Foxtail Palm Park. This type of shade structure is important for the safety of our children utilizing playground equipment. The Florida weather limits the ability for residents to use playground equipment in the heat of the day, especially during the summer. This new structure would contribute toward ensuring a more safe and fun play space for our community.

To ensure the lowest possible price, staff recommends that the Village piggyback off the Volusia County School District Contract awarded to Shade Systems, Inc. This selection through Volusia County School District is through a competitive selection process - Playground and Related Equipment (ITB MTS-906BC - October 23, 2018). Files are available in the Village Clerk's Office.

Note: Through the Volusia County School District contract, the Parks and Recreation Department would be able to obtain a price of $39,995.50 that includes a 25% discount (per the terms of the approved contract) from their retail catalog pricing.

Within the FY 2022 Budget - General Fund and the Capital Improvement Plan (CIP), the Village Council approved $80,000 for the purchase and installation of a shade structure for the playground at Foxtail Palm Park.

If approved, the Village would accept Shade System, Inc.'s pricing by piggybacking the Volusia County School District Contract, including all terms, conditions, and pricing therein. The Village will not expend more than the amount within the approved budget as it may be adopted/amended each year for these goods and services over the term of this contract. The Village has received a proposal from a separate vendor to provide the installation for this structure.

The Village's Purchasing Code, Section 58-9, Accessing contracts of other government agencies, provides that the Village may award a contract by piggybacking or accessing the goods and/or services from any State of Florida contract; contracts of any Florida political subdivision; or from any other governmental entity (other than the Federal government); provided that the same or substantially similar goods and/or services were competitively solicited.

If approved, the proposed permitting and installation of the new shade structure system would be completed in conjunction with the installation of the previously approved playground equipment and is

estimated to be complete within 150 days (August/September 2022) following the Notice to Proceed/Receipt of Purchase Order by the Village.

The Village Attorney prepared the proposed agreement, and the Parks and Recreation Director, Public Works Director, and Finance Director reviewed it.

The Village has worked with the vendor previously and has received excellent service and quality products.

FISCAL IMPACT:

Funding to support this purchase is available within the FY 2022 Budget - General Fund. This is for the shade structure only. A separate vendor will be doing the installation.

Allocated/Estimated Project Funding:	
FY 2022 Approved Budget - General Fund	$80,000.00
Proposed Project Cost - Foxtail Palm Park Shade Structure (Task Order No. 301) - FY 2022	$39,995.50
Proposed Project Cost - Foxtain Palm Park Shade Structure Installation (Task Order No. 301) - FY 2022	$23,977.00

ATTACHMENTS:

1. Proposed Agreement Foxtail Palm Park Shade Structure - Shade Systems, Inc.
2. Proposal Shade Structure - Foxtail Palm Park - Shade Systems, Inc.
3. School Board of Volusia County - Contract Renewal Award Letter
4. School Board of Volusia County - Addendum 1 - Invitation to Bid (ITB MTS-906BC - Playgrounds and Related Equipment)
5. Shade Systems, Inc - Pricing Discount

AGREEMENT FOR THE PURCHASE OF PLAYGROUND SHADE CANOPY EQUIPMENT FOR FOXTAIL PALM PARK

This Agreement for the purchase of playground shade canopy equipment ("Agreement" hereafter) is made as of the _____ day of _____, 202__, by and between the **Village of Palm Springs**, 226 Cypress Lane, Palm Springs, Florida 33461-1699, a municipal corporation organized and existing under the laws of the State of Florida, hereinafter referred to as the VILLAGE, and **Shade Systems, Inc.,** 4150 S.W. 19th Street, Ocala, Florida 34474, a company authorized to do business in the State of Florida, hereinafter referred to as the VENDOR.

RECITALS

WHEREAS, the VILLAGE is in need of a VENDOR to supply playground shade canopy equipment for use in the VILLAGE's Foxtail Palm Park; and,

WHEREAS, the School Board of Volusia County through its competitive selection process awarded a Contract for the supply and delivery Playgrounds and Related Equipment (Bid # MTS-906BC), (hereafter "Volusia Contract") to the VENDOR, which includes the shade canopy equipment sought by the VILLAGE; and,

WHEREAS, the Volusia Contract was set to expire on January 31, 2022 but has been renewed through January 31, 2023; and

WHEREAS, the VILLAGE requested and the VENDOR has agreed to execute this Agreement with the VILLAGE for the supply of shade canopy equipment based on the terms and conditions of the Volusia Contract and the pricing contained therein; and,

WHEREAS, the VILLAGE desires to accept the pricing and terms and conditions and piggyback the Volusia Contract, including all terms and conditions therein.

NOW THEREFORE, in consideration of the mutual promises set forth herein, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Recitals. The parties agree that the recitals set forth above are true and correct and are fully incorporated herein by reference.

2. Volusia Contract. The School Board of Volusia County's Contract with the VENDOR is hereby expressly made a part of this Agreement as fully as if set forth at length herein. The VILLAGE shall have all rights, obligations and remedies authorized to the School Board of Volusia County under the Volusia Contract and all associated and applicable Contract Documents as defined therein and which shall include Bid #MTS-906BC and all attachments thereto. VENDOR shall be afforded all rights and remedies against the VILLAGE as given to VENDOR under the Volusia Contract.

3. VENDOR's Proposal. In accordance with the terms and conditions in the Volusia Contract and pricing therein, the VENDOR shall supply as requested by the VILLAGE, as set forth on Exhibit "A", attached hereto and incorporated herein. The goods to be provided by the VENDOR shall be available

subsequent to the execution and approval of this Agreement by the VILLAGE in accordance with the Volusia Contract.

4. Contract Documents and Conflict of Terms and Conditions. The Contract Documents for this Agreement are compromised of the following:

A. All written modifications and amendments hereto;
B. This Agreement (including all exhibits);
C. Volusia Contract (including all Contract Documents as defined therein including the Bid documents); and,

The Contract Documents of this Agreement are intended to be complementary and interpreted in harmony so as to avoid conflict with the words and phrases interpreted in a manner consistent with industry standards. In the event of any inconsistency, conflict or ambiguity between or among the Contract Documents of this Agreement, the Contract Documents of this Agreement shall take precedence in the following order:

A. All written modifications and amendments hereto;
B. This Agreement; and
C. The Volusia Contract.

5. Compensation to VENDOR. Payments by the VILLAGE to the VENDOR under this Agreement shall not exceed the pricing stated in the VENDOR's proposal, attached hereto, and as set forth in the Volusia Contract. VENDOR waives consequential or incidental damages for claims, disputes or other matters in question arising out of or relating to this Agreement.

6. Miscellaneous Provisions.

6.1 The VILLAGE and VENDOR each binds itself, its partners, its successors, assigns and legal representatives to the other party hereto, its partners, successors, assigns and legal representatives in respect of all covenants, agreements and obligations contained in the Contract Documents.

6.2 VENDOR shall maintain the insurance and warranties as required by the Volusia Contract, or as provided herein. Said insurance will name the VILLAGE as an additional insured.

6.3 Headings and References & Exhibits: The headings contained in this Contract are inserted for convenience of reference only and shall not be a part or control or affect the meaning hereof. All references herein to Exhibits are to the exhibits hereto, each of which shall be incorporated into and deemed to be a part of this Contract.

6.4 Counterparts: This Contract may be executed in two or more counterparts, each of which shall be deemed to be an original, but all of which shall be deemed to be an original, but each of which together shall constitute one and the same instrument.

6.5 Entire Contract; Amendment and Waiver: This Contract (together with the Exhibits hereto) supersedes any and all prior negotiations and oral or written agreements heretofore made relating to the subject matter hereof and, except for written agreements, if any, executed and delivered simultaneously with or subsequent to the date of this Contract, constitutes the entire agreement of the parties relating to the subject matter hereof. This Contract may not be altered or amended except by a writing signed by the parties hereto. No waiver of any of the terms or conditions of this Contract shall be effective unless in writing and executed by the party to be changed therewith. No waiver of any condition or of the breach of any term, covenant, representation, warranty or other provision hereof shall be deemed to be construed as a further or continuing waiver of any such condition or breach or a waiver of any other condition or of any breach of any other term, covenant, representation, warranty or other provision contained in this Contract.

6.6 Successors and Assigns: This Contract shall be binding upon, and shall inure to the benefit of the parties hereto and their respective successors and assigns.

6.7 Governing Law; Consent to Jurisdiction: This Contract shall be governed by and construed and interpreted in accordance with the laws of the State of Florida. Each of the parties hereto (a) irrevocably submit itself to the exclusive jurisdiction of the Fifteenth Judicial Circuit Court in and for Palm Beach County, Florida for state actions and jurisdiction of the United States District Court for the Southern District of Florida, Palm Beach Division, for the purposes of any suit, action or other proceeding arising out of, or relating to, this Contract; (b) waives and agrees not to assert against any party hereto, by way of motion, as a defense of otherwise, in any suit, action or other proceeding, any claim that it is not personally subject to the jurisdiction of the above-named courts for any reason whatsoever; and (ii) to the extent permitted by applicable law, any claim that such suit, action or proceeding by any part hereto is brought in an inconvenient forum or that the venue of such suit, action or proceeding is improper or that this Contract or the subject matter hereof may not be enforced in or by such courts.

6.8 Third Party Beneficiary rights: This Agreement shall create no rights or claims whatsoever in any person other than a party herein.

6.9 Severability: If any one or more of the provisions of the Agreement shall be held to be invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions hereof shall not in any way be affected or impaired thereby.

6.10 Effective date: The effective date of this Agreement is the date the Agreement is approved by the Village Council. The Agreement will terminate on the same termination date as listed in the Volusia Contract.

6.11 Public Records: VENDOR shall comply with Florida's Public Records Act, Chapter 119, Florida Statutes, and, if determined to be acting on behalf of the VILLAGE as provided under section 119.011(2), Florida Statutes, specifically agrees to:

A. Keep and maintain public records required by the VILLAGE to perform the service.

B. Upon request from the VILLAGE's custodian of public records or designee, provide the VILLAGE with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of this Contract and following completion of this Contract if the VENDOR does not transfer the records to the VILLAGE.

D. Upon completion of this Contract, transfer, at no cost, to the VILLAGE all public records in possession of the VENDOR or keep and maintain public records required by the VILLAGE to perform the service. If the VENDOR transfers all public records to the VILLAGE upon completion of the Contract, the VENDOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the VENDOR keeps and maintains public records upon completion of the Contract, the VENDOR shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the VILLAGE, upon request from the VILLAGE's custodian of public records or designee, in a format that is compatible with the information technology systems of the VILLAGE.

IF THE VENDOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS OR DESIGNEE AT 561-434-5084, kwynn@vpsfl.org, OR BY MAIL AT VILLAGE OF PALM SPRINGS, 226 CYPRESS LANE, PALM SPRINGS, FL 33461.

6.12 Preparation: This Contract shall not be construed more strongly against either party regardless of who was more responsible for its preparation.

6.13 PALM BEACH COUNTY IG: In accordance with Palm Beach County ordinance number 2011-009, the VENDOR acknowledges that this Agreement may be subject to investigation and/or audit by the Palm Beach County Inspector General. The VENDOR has reviewed Palm Beach County ordinance number 2011-009 and is aware of its rights and/or obligations under such ordinance.

6.14 All notices required in this Agreement shall be sent by certified mail, return receipt requested, and sent to the addresses appearing on the first page of this Agreement.

6.15 The VILLAGE is exempt from payment of Florida State Sales and Use Tax.

7. Indemnification. Regardless of the coverage provided by any insurance, VENDOR shall indemnify, save harmless and defend the VILLAGE, its agents, servants or employees from and against any and all claims, liability, losses and/or causes of action which may arise from any negligent act or omission of the VENDOR, its subcontractors, agents, servants, or employees during the course of performing services or caused by the goods provided pursuant to the Volusia bid documents and subsequent contract and this Agreement.

8. Defaults; Termination of Agreement.

A. If the Village Manager deems that the VENDOR is in default for failure to supply the requested goods or has failed in any other respect to satisfactorily perform the services specified in this Agreement, the Village Manager may give written notice to the VENDOR specifying defaults to be remedied within fifteen (15) days.

If the VENDOR does not remedy defaults within fifteen (15) days or commence steps to remedy default to the reasonable satisfaction of the Village Manager, the VILLAGE may secure such services from another VENDOR and the VILLAGE may withhold any money due or which may become due to the VENDOR for such task related to the claimed default; or

If after thirty (30) days the VENDOR has not remedied defaults or commenced steps to remedy defaults to the satisfaction of the Village Manager, the VILLAGE may elect to terminate this Agreement.

B. Notwithstanding paragraph A, the VILLAGE reserves the right and may elect to terminate this Agreement, without cause, upon fifteen (15) days written notice. At such time, the VENDOR would be compensated only for the goods purchased to the date of termination. No compensation shall be paid for disengagement, wind-down or other costs incurred due to termination of this Agreement.

9. 13. E-Verify. Pursuant to Section 448.095(2), Florida Statutes, beginning on January 1, 2021, the CONTRACTOR shall:

A. Register with and use the E-Verify system to verify the work authorization status of all newly hired employees and require all subcontractors (providing services or receiving funding under this Agreement) to register with and use the E-Verify system to verify the work authorization status of all the subcontractors' newly hired employees;

B. Secure an affidavit from all subcontractors (providing services or receiving funding under this Agreement) stating that the subcontractor does not employ, contract with, or subcontract with an "unauthorized alien" as defined in Section 448.095(1)(k), Florida Statutes;

C. Maintain copies of all subcontractor affidavits for the duration of this Agreement and provide the same to the Owner upon request;

Comply fully, and ensure all of its subcontractors comply fully, with Section 448.095, Florida Statutes;

D. Be aware that a violation of Section 448.09, Florida Statutes (Unauthorized aliens; employment prohibited) shall be grounds for termination of this Agreement; and,

E. Be aware that if the VILLAGE terminates this Agreement under Section 448.095(2)(c), Florida Statutes, the CONTRACTOR may not be awarded a contract for at least one (1) year after the date on which the Agreement is terminated and will be liable for any additional costs incurred by the VILLAGE as a result of the termination of the Agreement.

IN WITNESS WHEREOF, the VILLAGE and VENDOR have caused this Agreement to be executed the day and year shown above.

RE: BID # MTS-906BC
ITB NAME: PLAYGROUNDS & RELATED EQUIPMENT
Renewal Effective: **02/01/2022 to 01/31/2023**

To whom it may concern:

Please be advised the above-mentioned ITB for Playgrounds & Related Equipment is due to expire January 31, 2022. We have been more than happy with your performance and would like to renew for another contract period with your consent to the same terms and conditions as submitted on the original bid response. The renewed contract period will begin on February 1, 2022 and end on January 31, 2023.

Please sign below or have an authorized representative sign indicating your company's intentions. Please email me the form directly to bjclem@volusia.k12.fl.us as this will help to expedite the renewal process. Please return the signed form by email *no later than* **Wednesday, November 3, 2021**.

Thank you for your cooperation and continued interest in Volusia County Schools.

Sincerely,

Brian J. Clem Digitally signed by Brian J. Clem Date: 2021.11.01 16:12:59 -04'00'

An Equal Opportunity Employer

ADDENDUM #1

ITB NO.: MTS-906BC – PLAYGROUNDS AND RELATED EQUIPMENT

BID OPENING DATE & TIME: NOVEMBER 9, 2018 @ 2:00 PM

LATE BIDS WILL NOT BE CONSIDERED

Listed below are answers to questions that were received in writing prior to the question end date on October 30, 2018.

1. **Question:** Cover page of the ITB says the due date is 11/9/18; however, page 34 says the due date is 10/23/18; please advise?

   Answer: The Bid Opening Date & Time are November 9, 2018 @ 2:00 PM EDT

2. **Question:** Do you need an actual price list or just a catalog of our equipment?

   Answer: In accordance with the ITB, Section 2, Para 3, "All bidder(s) must submit an electronic copy or a weblink for all cataloged items to be used under the resulting contract with their bid submittal." "If an electronic copy is NOT available, the bidder shall provide a hardcopy with their submittal package". Based on this information, we simply need your catalog or link which lists your equipment.

3. **Question:** Do you want the catalog in hard copy or digital copy?

   Answer: Please refer to the answer above.

4. **Question:** I have two companies that are owned and operated by the same person. We use one company to sell products and the other company for installation services. Can I submit two bids? One for product and the other for installation services? For tax liability reasons we like to split bill the services we provide. For example, we would provide an estimate for playground equipment and another estimate for installation.

   Answer: Submitting two bid submittals is acceptable ONLY if these two companies are operating under different Federal Tax ID Numbers and/or two separate business licenses.

5. **Question:** Should playground safety surfacing be included?

   Answer: We urge all prospective vendors to provide a percentage discount for as many items listed on the Bidder's Response Sheet as possible. Playground safety surfacing material is listed on the Bidder's Response Sheet as well; therefore, if it's something that you are able to provide, please provide a percentage discount for those categories.

ADDENDUM ACKNOWLEDGEMENT

This addendum to ITB number ***MTS-906BC – Playgrounds and Related Equipment*** has been received and fully understood.

Vendor: _____ **Date:** _____

Village of Palm Springs

Executive Brief

AGENDA DATE: March 10, 2022

DEPARTMENT: Parks & Recreation

ITEM #12: Resolution No. 2022-10 - Community Development Block Grant (CDBG) - FY 2023 Annual Project - Park Connector Pathway Project - Phase II (Canal Road Sub-Phase III)

SUMMARY: This is the 8th year that the Village of Palm Springs is an "Entitlement City" with a delineated Community Development Block Grant (CDBG) Target Area in the Palm Beach County 5-Year Consolidated Plan. Our proposed CDBG allocation for FY 2022/2023 is estimated to be approximately $130,515.

Under Housing and Urban Development (HUD) and CDBG requirements, the Village must submit a project to be included within the County's Annual CDBG Work Plan that meets the following requirements:

- Benefits low and moderate-income persons
- Include a public facility in need of repair or replacement, including ADA accessibility improvements, and/or
- Aid in the elimination of blight

Therefore, the staff is proposing a continuation of funding for the next phase of construction (Phase II of the Park Connector Pathway Project) utilizing the Village's projected FY 2023 CDBG funding allocation. The Park Connector Pathway is a village-wide trail designed to interconnect nine (9) of the Village's parks for 6.7 miles with a sidewalk system where possible, enhanced with pedestrian amenities, such as benches, water fountains, distance markers, trail information boards, etc. Phase II of the Park Connector Pathway Project includes the construction and the installation of the proposed improvements.

Note: The Village Council (on November 7, 2019) provided input and direction on the proposed engineering and design plans that have been developed by the Village's consulting engineer before proceeding with additional Sub-Phases for the engineering and design portion of this project, which will include wide concrete sidewalks, paver brick separators, concrete illuminated feature, stamped pavement options, landscaping improvements, proposed signage and information boards, etc.

The Park Connector Pathway project consists of two (2) primary components:

Phase I is the professional engineering and design - Village's FY 2019 CDBG Project - Resolution No. 2018-07 - March 8, 2018.

Phase II is the construction of the system - Village's FY 2020 CDBG Project - Resolution No. 2019-07

- March 14, 2019. Within each of these Phases, the project has been broken into five (5) “Sub- Phases” and, thus, the work authorizations are (will be) referenced as such.

Sub-Phase I - South side of Alemeda Drive (Davis Road east to the intersecting Pathway Park sidewalk that is located behind the Village Center Complex Ballfields) for a total of approximately 1,400 feet. This sub-phase was completed in February 2021 and has been a welcome addition to the Village.

Sub-Phase II - Davis Road, from Alemeda Drive south to approximately 300 feet north of Lakewood Road (to include Royal Palm Park), approximately 2,600 feet of Greenbriar Drive that turns into Park Lane and west to Kirk Road to include the new Foxtail Palm Park and 600 feet of 10th Avenue North heading east off of Davis Road for a total of approximately 1.4 miles.

Note: Sub-Phase II was broken into two (2) separate projects (Sub-Phase IIA & Sub-Phase IIB) to better fund this large project for years rather than at a single time. The sub-phase IIB Davis Road, from Greenbrier to Lakewood Road, was completed in January 2022. The Village is being considered for a Recreation Trails Grant for the section along Davis Road (Alemeda to Greenbriar and west to Foxtail Palm Park) that's waiting for approval from the FWHA (Florida Highway Administration).

Sub-Phase III - Lakewood Road (Davis Road west to Kirk Road), Canal Road (Davis Road west to Kirk Road), and Kirk Road (Lakewood Road north to Canal Road) for a total of approximately 1.26 miles.

Sub-Phase IV - Kirk Road (between Canal Road and Park Lane), 10th Avenue North (from Sago Park Road - Sago Palm Park - to Summer Street), and Summer Street (700 feet north to Sabal Palm Park) for a total of approximately 1.42 miles

Sub-Phase V - At this time, the location for the final connection of the proposed Pathway (Sub-Phase V) has not been determined but is expected to connect to a potential new park (that is expected to be located east of Congress Avenue).

The proposed FY 2022-2023 Community Development Block Grant (CDBG) Program application is to construct a pathway along the north side of Canal Road located between Kirk Road and Davis Road along the Lake Worth Drainage District (LWDD) easement. The pathway will be a meandering coquina pathway with native Florida landscaping.

Note: This project is expected to be presented to the Council for consideration as the Village's annual CDBG project over the next two (2) to three (3) CDBG funding cycles (provided CDBG funding is available by the federal government) to support the expected construction and installation costs associated with the proposed Park Connector Pathway System improvements. Additional requests for funding (i.e., CDBG, Sales Tax, Grant Funding, General Fund, etc.) may be required depending on the construction (competitive) pricing that is received by vendors to complete this project.

The FY 2022/2023 CDBG allocation that the Village expects to be approved by PBC is approximately $130,515 and will get reimbursed to the Village - the remaining FY 2023 project budget funding will be supported utilizing Infrastructure Surtax (Sales Tax) dollars, other grant funding and /or Village General Fund allocation.

The proposed pathway improvements are located both inside and outside of the Village's CDBG Target Area, but will serve low- and moderate-income residents of the target area by providing an interconnected, pedestrian-friendly pathway between nine (9) of the Village's parks. The proposed pathway would also be ADA-compliant to serve those in the Village with unique abilities as well as our senior population. Additionally, the pathway network will benefit all Village residents; however, 4,730 CDBG Target Area residents living immediately along the Park Connector Pathway, will directly benefit

from the new facilities.

Under the previously approved Interlocal Agreement with Palm Beach County that enables the Village to serve as a CDBG sub-recipient ("entitlement") city (Resolution No. 2015-112), the Village (with County oversight), is responsible for all aspects of this project (i.e., establishing a general project timeframe, upfront funding of all associated project costs and outline county and federal requirements - compliance with Palm Beach County Purchasing Code and Davis-Bacon Act minimum wages).

If approved, project bidding and selection is expected to be complete by the end of January 2023 with construction expected to begin by Spring 2023 with an expected completion by September 2023.

Note: The Village issued a Request for Qualifications (RFQ) for professional engineering services (i.e., design, bidding, and construction services) (RFQ #2019-001 - General Consulting Services Continuing Contracts) in accordance with the Consultants Competitive Negotiation Act (CCNA) - Section 287.55, Florida Statutes. The selected engineer - Wantman Group, Inc. - for this project is required to meet local, state, and federal procurement funding requirements.

The Planning & Zoning Board considered the proposed project during their February 13, 2018 meeting and recommended (conceptual) approval.

The proposed project application was prepared by the Parks and Recreation Program Supervisor and reviewed by the Parks and Recreation Director and Planning Zoning and Building Director.

FISCAL IMPACT:

The proposed FY 2023 CDBG allocation for the Village is estimated to be $130,515 and is requested to be approved to support the Park Connector Pathway Project - Sub Phase III. Additional funding above the proposed CDBG allocation ($130,515) will be funded utilizing Infrastructure Surtax (Sales Tax) dollars, and/or Village General Fund allocation.

Estimated FY 2023 CDBG Allocation - Village CDBG	$130,515.00
Estimated Construction Cost - Canal Road (Davis Road to Kirk Road)	$141,457.00

ATTACHMENTS:

RESOLUTION NO. 2022-10

A RESOLUTION OF THE VILLAGE OF PALM SPRINGS, FLORIDA, AUTHORIZING THE MAYOR TO EXECUTE AN INTERLOCAL AGREEMENT WITH PALM BEACH COUNTY TO PROVIDE COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) FUNDING TO CONTINUE THE DEVELOPMENT OF THE VILLAGE'S PROPOSED PARK CONNECTOR PATHWAY PROJECT (PHASE II) IN THE ESTIMATED AMOUNT OF $130,515; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Village of Palm Springs ("Village") is a municipal corporation of the State of Florida with such power and authority as has been conferred upon it by the Florida Constitution and Chapter 166, Florida Statutes; and

WHEREAS, the Village has determined that it is in the best interest of the community to undertake the Park Connector Pathway System ("Project") for the construction and to install improvements to the existing sidewalk network to create an interconnected pathway system enhanced with pedestrian amenities that link nine (9) of the Village's ten (10) parks; and

WHEREAS, the Project falls within two of the three categories of eligible activities as defied by HUD, in as much as the Project:

(1) will benefit low and moderate-income persons; and

(2) it is a public access in need of repair, including ADA and accessibility improvements; and.

WHEREAS, the Project lies entirely within a public area that is used by and available to the entire community and the general public for direct access to Village recreational facilities.

NOW THEREFORE, BE IT RESOLVED BY THE VILLAGE COUNCIL OF THE VILLAGE OF PALM SPRINGS, FLORIDA, as follows:

Section 1. The "Whereas" clauses are incorporated herein are true and correct and are hereby made a specific part of this Resolution.

Section 2. The Village Council hereby authorizes and directs the Village Manager to submit a grant application to the Palm Beach County Housing and Community Development in the estimated amount $130,515 for the Fiscal Year 2022-2023 Community Development Block Grant (CDBG) to undertake the Project.

Section 3. All funds derived from this Grant will be used toward completion of the Park Connector Pathway System.

Section 4. This Resolution shall take effect immediately upon adoption.

Council Member _____ offered the foregoing resolution. Council Member_____ seconded the motion, and upon being put to a vote, the vote was as follows:

Mr. Michael Bornstein, Interim Village Manager
Village of Palm Springs
226 Cypress Lane
Palm Springs, FL 33461

RE: Fiscal Year (FY) 2022-2023 Community Development Block Grant (CDBG) Program

Dear Mr. Bornstein:

The Department of Housing and Economic Development (DHED) has commenced preparation of the FY 2022-2023 Action Plan and anticipates providing continued CDBG support to the Village of Palm Springs. Accordingly, please complete and return the attached funding application to DHED no later than **March 8, 2022**, via email to hed-submit@pbcgov.org, or hard copy to DHED, 100 Australian Avenue, Suite 500, West Palm Beach, FL 33406.

The County allocates CDBG funds to municipalities on a formula basis. The U.S. Department of Housing and Urban Development has not yet advised of the amount of the County's FY 2022-2023 CDBG grant. Therefore, for purposes of your application, the amount of CDBG funds requested should be the same as allocated during FY 2021-2022 ($130,515). If your application is approved for funding, the award will be based on your FY 2022-2023 CDBG formula amount.

The Board of County Commissioners (BCC) will discuss CDBG funding strategies at a public workshop tentatively scheduled for April 26, 2022. Contingent on BCC direction, proposed CDBG allocations will be included in the FY 2022-2023 Action Plan and presented to the BCC for approval in July 2022.

If you have any questions, please contact Carlos Serrano, Director of Strategic Planning and Operations at (561) 233-3608 or cserrano@pbcgov.org.

Sincerely,

Jonathan B. Brown, Director
Department of Housing and Economic Development

Municipality:	**Village of Palm Springs**
Contact Person:	**Justin Lucas**
Title:	**Parks and Recreation Director**
Address:	**226 Cypress Lane**
City; State; Zip Code:	**Palm Springs, Florida 33461**
Phone Number:	**561-584-8200 x 8451**
E-mail Address:	**jlucas@vpsfl.org**
Name of Person Signing:	**Michael Bornstein**
Title of Person Signing:	**Village Manager**

Municipal applications must be signed by the City Manager or designee.

Signature:_____ **Date:**_____

II. PROJECT INFORMATION

a. Project Description

1. Name of Project:
   Canal Road Linear Pathway

2. Project Description:

a) Provide a detailed description of the work to be undertaken, including the current status of planning and design:

North side of Canal 11 between Davis Road on east and Kirk Road on west. Construct a meandering linear pathway of coquina rock material along an easement that has been dedicated to the Village by Lake Worth Drainage District. Will also include native Florida landscaping. Design completed by Wantman Group, Inc. See Attachment 3 Preliminary Design.

b) For projects serving all persons in a geographic area, identify the general bounds of the project service area:

The proposed path will serve all Village residents, however, it will be immediately accessible to those along Davis and Kirk Roads.

c) For projects serving a certain group(s) of users or a specific limited population(s), identify the user group(s)/population(s) and the unduplicated number of persons to be served:

The proposed path will serve all Village residents, as well as Residents living in the unincorporated areas in near vicinity of Village park facilities.

3. Project Location

a) Project Address:

Along the north side of Canal 11 on an easement dedicated to the Village of Palm Springs by Lake Worth Drainage District

b) Property Control Number(s):

70434419000001020

Attach street map and plat map

4. Project Specific Information (N/A for code enforcement)

a) Identify owner of property. If applicant is not owner, explain:

Lake Worth Drainage District

b) Identify zoning and land use designations of project site.

Districts

c) Describe status of project design, and if available, **attach preliminary design**.

The proposed project includes construction and installation of improvements to incorporate a non-pervious path on the north side of the canal (8 to 10 feet wide path), native Florida landscaping

III. PROJECT JUSTIFICATION

Describe the need for proposed project and how the project will address the identified need(s):

This is one section of a pathway project that links Village Park Facilities and neighborhoods to provide a safe and enhanced sidewalk and/or pathway system and a designated route to walk or bike between Village parks. Will receive high levels of pedestrian traffic.

IV. PROJECT IMPLEMENTATION

a. Project Implementation

1. Explain in detail how the agency (and who specifically) will implement the project:

   The Village of Palm Springs will issue an Invitation to Bid under the direction of the Village of Palm Springs Parks and Recreation Department with oversight from the Public Services Department.

2. **Attach an implementation schedule** that lists the following:
   - Tasks to be undertaken;
   - Dates for initiation and completion of each task; and
   - Dates for start and completion of expenditure of CDBG funds.

Include any pertinent comments/information to support feasibility of the proposed schedule.

V. PROJECT BUDGET

CDBG funds shall not supplant non-federal funds budgeted for the project.

a. Budget

1. Total Project Cost: $141,457

2. CDBG Funds Requested: $130,515

3. **Attach an itemized project budget** that includes all sources and uses of funds and identifies proposed uses of CDBG funds.

4. Provide details as to non-CDBG source funding timing and availability and **attach supporting documentation**, if available:

   The Village has applied for multiple state and federal grants aimed at providing funding to support the construction of the pathway. The attachment also shows support available within the Capital Improvement Plan.

5. **Attach a construction cost estimate** for the project from an engineer, registered architect, licensed contractor, or other qualified party. (N/A for code enforcement)

6. Will fees be charged for the use of the facility? (N/A for code enforcement) If yes, provide details on the nature and amount of the fees:

   No

7. Is the facility leased, or anticipated to be leased, by users other than the applicant? (N/A for code enforcement) If yes, identify users and lease arrangements:

   No

8. Will assessments be levied on real property to recover project capital costs? (N/A for code enforcement) If yes, explain:

   No

VI. REQUIRED ATTACHMENTS

	Document	Attached
1.	Street map showing location of project	**Attachment 1**
2.	Plat Map of project site	**Attachment 2**
3.	Project preliminary design	**Attachment 3**
4.	Project Schedule	**Attachment 4**
5.	Project Budget	**Attachment 5**
6.	Documentation of availability of non-CDBG funds	**Attachment 6**
7.	Construction cost estimate	**Attachment 7**

Document	Attached

THE STRATEGIC PLANNING DIVISION WILL PROVIDE TECHNICAL ASSISTANCE, IF NEEDED. IF YOU HAVE ANY QUESTIONS REGARDING THIS APPLICATION, PLEASE CONTACT THE SECTION AT (561) 233-3623 OR EMAIL msklar@pbcgov.org.

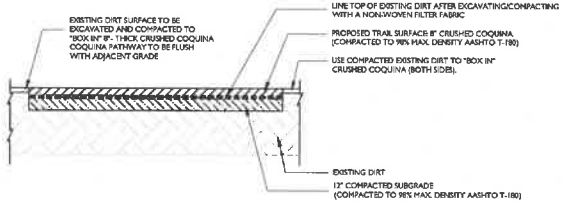
GENERAL HARDSCAPE NOTES

1. THESE CONSTRUCTION DOCUMENTS ARE ONLY INTENDED TO CONVEY OVERALL DESIGN INTENT, FORM, AND FINISHES. THE CONTRACTOR IS RESPONSIBLE TO INSTALL ALL WORK IN ACCORDANCE WITH THE RELEVANT AND APPLICABLE SECTIONS OF THE CSI, ASTM, AND/OR OTHER AIA/ASLA RECOGNIZED TRADE AGENCY, OR ANY LOCAL, COUNTY, OR STATE BUILDING CODES. THE LANDSCAPE ARCHITECT SHALL BEAR NO RESPONSIBILITY FOR ANY CONTRACTOR'S METHODS OF WORK.
2. THE CONTRACTOR SHALL VISIT THE SITE TO UNDERSTAND THE SCOPE AND EXISTING CONDITIONS PRIOR TO SUBMITTING A BID. NO ALLOWANCES WILL BE MADE DUE TO A FAILURE TO THOROUGHLY UNDERSTAND EXISTING CONDITIONS.
3. ALL DRAWINGS SHALL BE READ IN CONJUNCTION WITH THE MANUFACTURER'S TECHNICAL SPECIFICATIONS OR RECOMMENDED METHODS OF INSTALLATION.
4. QUANTITIES PROVIDED ARE FOR REFERENCE ONLY, IT IS THE CONTRACTOR'S RESPONSIBILITY TO VERIFY ALL QUANTITIES PRIOR TO SUBMITTING A BID.
5. CONTRACTOR SHALL GUARANTEE THE WORK FOR THE PERIOD OF ONE YEAR FROM THE DATE OF OCCUPANCY.
6. CONTRACTOR SHALL SECURE ANY AND ALL NECESSARY PERMITS FOR THE WORK PRIOR TO COMMENCING OF THEIR OPERATIONS ONSITE, INCLUDING THE LOCAL MUNICIPALITY, COUNTY, AND STATE IN WHICH THE SITE IS LOCATED. COPIES OF THE PERMITS SHALL BE SENT TO THE OWNER AND KEPT ON-SITE BY THE GENERAL CONTRACTOR.
7. ALL WORK SHALL CONFORM WITH GOVERNING JURISDICTIONS.
8. ANY WORK IN THE RIGHT-OF-WAY SHALL CONFORM TO THE STANDARDS AND SPECIFICATIONS OF LOCAL AND/OR STATE HIGHWAY JURISDICTION.
9. THE APPROPRIATE UTILITY COMPANIES SHALL BE NOTIFIED BY THE CONTRACTOR - (SUNSHINE 811) - AT LEAST 48 HOURS IN ADVANCE OF ANY EXCAVATION. CONTRACTOR TO COORDINATE FIELD VISITS WITH UTILITY REPRESENTATIVES TO LOCATE UTILITIES AND INVESTIGATE FOR CONFLICTS WITHIN THE PROJECT LIMITS.
10. LOCATIONS OF UNDERGROUND UTILITIES ARE APPROXIMATE ONLY. CONTRACTOR WILL NOTIFY DESIGN TEAM IF CONFLICTS ARE DISCOVERED.
11. ALL MATERIALS, PRODUCTS, AND EQUIPMENT SHALL BE STORED IN AN ORGANIZED FASHION AS DIRECTED BY THE OWNER.
12. CONTRACTOR RESPONSIBLE FOR LEGAL REMOVAL AND DISPOSAL OF DEMOLISHED CONCRETE, SUB-BASE AND COMPACTED ROAD ROCK.
13. EXISTING UTILITIES, MANHOLE & HANDHOLE COVERS, UTILITY VAULTS, VALVE BOXES, METER BOXES, DRAINAGE STRUCTURES, ETC. SHALL BE SET ADJUSTED TO NEW GRADE ELEVATION, UNLESS OTHERWISE NOTED.
14. RESTORE ALL AREAS DISTURBED BY CONSTRUCTION ACTIVITY TO IT'S CONDITION PREVIOUS TO CONSTRUCTION.
15. PROPOSED PATHWAY IS TO CONNECT TO EXISTING SIDEWALK AND MATCH EXISTING GRADE, WHERE APPLICABLE.
16. ALL PRODUCTS SHALL BE AS SPECIFIED, IF AN EQUIVALENT PRODUCT IS TO BE USED, IT MUST BE APPROVED BY THE LANDSCAPE ARCHITECT.
17. CONSTRUCTION ACCESS AND STAGING AREAS TO BE DETERMINED AT THE PRE-CONSTRUCTION MEETING.
18. CONTRACTOR SHALL MAINTAIN A SAFE AND CLEAN WORK SITE AT ALL TIMES WITH NO ACCESS TO THE PUBLIC. IF WORK IS TO BE COMPLETED IN THE RIGHT-OF-WAY THE CONTRACTOR SHALL PROVIDE SAFE ACCESS AND PROTECTION AROUND THE CONSTRUCTION SITE AT ALL TIMES.
19. CONTRACTOR SHALL COORDINATE WITH THE OWNER'S TESTING FIRM TO ASSURE THAT PROPER COMPACTION HAS BEEN ACHIEVED ON SUBGRADES, BASE MATERIALS, ETC. AS PER THE PLANS AND PROVIDE COPIES TO THE OWNER, UPON REQUEST.
20. PRIOR TO CONSTRUCTION OR INSTALLATION, SHOP DRAWINGS/SUBMITTALS/ENGINEERING DRAWINGS SHALL BE PROVIDED TO THE LANDSCAPE ARCHITECT FOR REVIEW AND APPROVAL.
21. CONTRACTOR SHALL MAINTAIN A COMPLETE SET OF PROGRESS RECORD DRAWINGS (AS-BUILTS) ON-SITE DURING CONSTRUCTION INCLUDING ALL PERMITS.
22. SHALL THERE BE QUESTION AS TO WHICH FINISH MATERIAL IS SPECIFIED FOR ANY SURFACE SHOWN IN THE DRAWING SET, IT IS UP TO THE CONTRACTOR TO REACH OUT TO THE LANDSCAPE ARCHITECT IN THE FORM OF AN RFP, FOR CLARIFICATION, ANY USE OF MATERIAL THAT IS NOT SPECIFIED IS SUBJECT TO REMOVAL AND REPLACEMENT.
23. DRAINAGE AND IRRIGATION SHALL BE PROVIDED TO ALL PLANTING AREAS.
24. PROPOSED PLANT MATERIAL SHALL TAKE PRECEDENCE WHEN DETERMINING UNDERGROUND PIPING AND UTILITY LOCATIONS, UNLESS OTHERWISE NOTED. CONTRACTOR SHALL PROVIDE CLEARANCES NECESSARY TO INSTALL PROPOSED LANDSCAPE/HARDSCAPE ELEMENTS.
25. CONTRACTOR SHALL BE RESPONSIBLE FOR PROVIDING MINIMUM TWO (2) SLEEVES TO ACCOMMODATE IRRIGATION/ELECTRICAL/DRAINAGE AS NEEDED TO ANY ISOLATED PLANTING AREA.
26. FINAL GRADING SHALL BE REVIEWED OR COMPLETED BY A CIVIL ENGINEER.
27. NEW EARTHWORK SHALL BE BLENDED INTO ADDITIONAL GRADE.
28. ONCE GRADING OPERATIONS ARE COMPLETED, ALL DISTURBED AREAS SHALL BE STABILIZED BY FINE GRADING.
29. ALL SEDIMENT WILL BE PREVENTED FROM ENTERING ANY STORM DRAINAGE SYSTEM THROUGH THE USE OF, BUT NOT LIMITED TO, THE FOLLOWING MEASURES: SILT FENCES, STRAW BALES, GRAVEL BOARDS, GUTTER GUARDS, DRAIN GUARDS. THE CONTRACTOR SHALL BE RESPONSIBLE FOR MITIGATING ALL SEDIMENT LEAVING THE SITE AND TAKE APPROPRIATE CORRECTIVE MEASURES.

LAYOUT NOTES

1. THE CONTRACTOR IS RESPONSIBLE FOR ACCURATELY SURVEYING AND LAYING OUT THE PROPOSED WORK FOR CONSTRUCTION. ANY DISTURBED OR LOST SURVEY MARKERS TO BE REPLACED AS REQUIRED BY THE CONTRACTOR. THE CONTRACTOR IS RESPONSIBLE FOR VERIFYING GRADES, LINES, DIMENSIONS, EXISTING CONDITIONS AND REPORT ANY ERRORS, OMISSIONS, OR INCONSISTENCIES TO THE LANDSCAPE ARCHITECT PRIOR TO COMMENCING WORK.
2. DO NOT SCALE THE DRAWINGS. CONTRACTOR SHALL VERIFY AND BE RESPONSIBLE FOR ALL DIMENSIONS AND CONDITIONS ON THE JOB AND THE LANDSCAPE ARCHITECT SHALL BE INFORMED OF ANY VARIATIONS FROM THE DIMENSIONS AND CONDITIONS SHOWN ON THE DRAWINGS PRIOR TO CONTINUING WITH THE WORK.
3. CONTRACTOR MAY REQUEST DIGITAL DRAWING FILES FOR CONSTRUCTION LAYOUT PURPOSES.
4. THE LIMIT OF WORK LINE SHOULD BE STAKED TO ESTABLISH THE DISTURBED AREAS. ANTI-SILTATION BARRIERS AND FILTERS TO BE PLACED AT LOW POINTS TO PREVENT CONSTRUCTION SITE RUN-OFF FROM CONTAMINATING ADJACENT LAND AND WATER BODIES.



1 TYPICAL COQUINA PATHWAY CROSS SECTION

N.T.S.

NOTE:
CRUSHED COQUINA PATHWAY SURFACE TO BE SLOPED 1% TO 2% AWAY FROM CANAL FOR DRAINAGE, AND TO COMPLY WITH ADA SPECIFICATIONS. CONTRACTOR SHALL NOTIFY DESIGN TEAM IF PROPOSED CROSS SLOPE OF PATHWAY EXCEEDS 2%. EXISTING GRADES OUTSIDE OF PATHWAY EASEMENT MUST REMAIN UNDISTURBED.

LANDSCAPE NOTES:

1. STRUCTURAL ELEMENTS AND HARDSCAPE FEATURES INDICATED ON LANDSCAPE PLANS ARE FOR INFORMATIONAL PURPOSES ONLY. LANDSCAPE PLANS ARE TO BE UTILIZED FOR LOCATION OF LIVING PLANT MATERIAL ONLY. LANDSCAPE PLANS SHOULD NOT BE UTILIZED FOR STAKING AND LAYOUT OR LOCATION OF ANY STRUCTURAL SITE FEATURES INCLUDING BUT NOT LIMITED TO: BUILDINGS, SIGNAGE, PATHWAYS, EASEMENTS, BERMS, WALL, FENCES, UTILITIES OR ROADWAYS.
2. CONTRACTOR SHALL ACQUIRE ALL APPLICABLE FEDERAL, STATE, LOCAL, JURISDICTIONAL OR UTILITY COMPANY PERMITS REQUIRED PRIOR TO REMOVAL, RELOCATION, AND/OR INSTALLATION OF LANDSCAPE MATERIALS INDICATED WITHIN PLAN DOCUMENTS. THE CONTRACTOR SHALL HAVE PERMITS "IN HAND" PRIOR TO STARTING WORK. LANDSCAPE ARCHITECT SHALL BEAR NO RESPONSIBILITY FOR WORK PERFORMED WITHOUT PERMITTED DRAWINGS. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL CHANGES TO THE WORK, AT NO ADDITIONAL COST TO THE OWNER, AS A RESULT OF UNAUTHORIZED WORK PRIOR TO RECEIPT OF PERMIT.
3. TREES SHOWN ON THIS PLAN ARE FOR GRAPHIC REPRESENTATION ONLY. TREE SPACING IS BASED ON DESIGN REQUIREMENTS AND THE TREES SHOWN ON THESE PLANS ATTEMPT TO ACCOMPLISH THAT SPACING WHILE MAINTAINING THE REQUIRED SETBACKS FROM UTILITIES. IN THE EVENT OF A CONFLICT, AFFECTED PLANT MATERIAL SHALL BE FIELD ADJUSTED WITH THE APPROVAL OF THE LANDSCAPE ARCHITECT TO AVOID CONFLICTS WITH THE WITH EXISTING AND PROPOSED UTILITIES, LIGHT POLES, DRAINAGE STRUCTURES OR LINES, LAKE MAINTENANCE EASEMENTS OR OTHER AFFECTED SITE FEATURES.
4. ANY PLANTING WITHIN SITE SIGHT TRIANGLES SHALL PROVIDE UNOBSTRUCTED VIEWS AT A LEVEL BETWEEN 30" AND 8' ABOVE THE PAVEMENT.
5. ALL UTILITY BOXES/STRUCTURES TO BE SCREENED ON 3 SIDES W/ APPROVED PLANTING MATERIAL.
6. IRRIGATION IS REQUIRED PROVIDING 100% COVERAGE WITH A MAXIMUM OF 50% OVERLAP, AN AUTOMATIC RAIN SENSOR MUST BE INCLUDED.
7. ALL PLANT MATERIAL TO BE INSTALLED SHALL CONFORM TO FLORIDA POWER AND LIGHT'S (FPL'S) RIGHT TREE RIGHT PLACE GUIDELINES.
8. IN CASE OF DISCREPANCIES PLANS TAKE PRECEDENCE OVER PLANT LIST.
9. LANDSCAPE CONTRACTOR RESPONSIBLE FOR VERIFICATION OF ALL QUANTITIES PRIOR TO BIDDING.
10. REMOVAL OF EXISTING VEGETATION IS RESPONSIBILITY OF LANDSCAPE CONTRACTOR.
11. RELOCATION OF EXISTING VEGETATION IS RESPONSIBILITY OF LANDSCAPE CONTRACTOR. REFER TO SPECIFICATIONS FOR RELOCATION INSTRUCTIONS.
12. ALL PLANT MATERIAL TO BE FLORIDA GRADE #1 AT TIME OF INSTALLATION UNLESS OTHERWISE NOTED.

Landscape Planting - Part I, General

I. Description of Work
A. Provide all exterior planting as shown on the drawings or listed as therefrom and/or as specified in accordance with the requirements of the Contract Documents. Landscape plans provided indicate the proposed location of living plant material only. Structural elements and hardscape features indicated on the landscape plans are for information purposes only. Landscape plans are not to be utilized for staking and layout or location of any structural site features including but not limited to, buildings, signage, pathways, easements, utilities or roadways.
B. Where specifications include standards necessary for and incidental to the execution and completion of planting as indicated on the prepared drawings and specified herein.
C. All applicable federal, state and local permits shall be obtained prior to the removal, relocation, or installation of plant materials indicated within the plan documents.
D. Protection of existing features. During construction, protect all existing trees, shrubs, and other specified vegetation, site features and improvements, structures, and utilities specified herein and/or on submitted drawings. Removal or destruction of existing plantings is prohibited unless specifically authorized by the owner, and with permit as required by associated federal, state and local government agencies.

II. Applicable Standards
A. American National Standards for Tree Care Operations, ANSI A300. American National Standards Institute, 11 West 42nd Street, New York, N.Y. 10036.
B. American Standard for Nursery Stock, ANSI Z60.1. American Nursery and Landscape Association, 1250 Eye Street. NW, Suite 500, Washington, D.C. 20005.
C. Hortus Third, The Staff of the L.H. Bailey Hortorium. 1976. MacMillan Publishing Co., New York.
D. Florida Department of Agriculture "Grades and Standards for Nursery Plants", most recent addition.
E. National Arborist Association- Pruning Standards for Shade Trees
F. All standards shall include the latest additions and amendments as of the date of advertisement for bids

III. Qualifications
A. Landscape planting and related work shall be performed by a firm with a minimum of five years experience specializing in this type of work. All contractors and their sub-contractors who will be performing any landscape work included in this section of the specification shall be approved by the landscape architect.
B. Landscape Contractor shall be licensed and shall carry any necessary insurance and shall protect the Landscape Architect and Owner against all liabilities, claims or demands for injuries or damage to any person or property growing out of the performance of the work under this contract. All workers shall be covered by Workmen's Compensation insurance.

IV. Requirements of Regulatory Agencies
A. Certificate of inspection shall accompany the invoice for each shipment of plants as may be required by law for transportation. File certificates with the landscape architect prior to acceptance of the material. Inspection by federal or state authorities at place of growth does not preclude rejection of the plants at the site.

V. Submittals
A. Manufacturer's Data: Submit copies of the manufacturer's and/or source data for all materials specified, including soils, soil amendments and fertilizer materials. Comply with regulations applicable to landscape materials.
B. Samples: Submit samples of all topsoil, soil mixes, mulches, and organic materials. Samples shall weigh 1 kg (2 lb) and be packaged in plastic bags. Samples shall be typical of the lot of material to be delivered to the site and provide an accurate indication of color, texture, and organic makeup of the material.
C. Nursery Sources: Submit a list of all nurseries that will supply plants, along with a list of the plants they will provide and the location of the nursery.
D. Soil Test: Submit soil test analysis report for each sample of topsoil and planting mix from a soil testing laboratory approved by the landscape architect.
1. Provide a particle size analysis, including the following gradient of mineral content:

USDA Designation	Size in mm
Gravel	+2 mm
Very Course Sand	1-2 mm
Course Sand	0.5-1 mm
Medium Sand	0.25-0.5 mm
Fine Sand	0.1-0.25 mm
Very fine sand	0.05-0.1 mm
Silt	0.002-0.05 mm
Clay	smaller than 0.002

2. Provide a chemical analysis, including the following:
a. pH and buffer pH
b. Percentage of organic content by oven-dried weight.
c. Nutrient levels by parts per million, including phosphorous, potassium magnesium, manganese, iron, zinc, and calcium. Nutrient test shall include the testing laboratory recommendations for supplemental additions to the soil based on the requirements of horticultural plants.
d. Soluble salt by electrical conductivity of a 1:2, soil: water, sample measured in millimhos per cm.
e. Cation exchange capacity (CEC).

E. Material Testing: Submit the manufacturers particle size analysis, and the pH analysis and provide a description and source location for the content material of all organic materials.
F. Maintenance Instructions. Prior to the end of maintenance period, Landscape Contractor shall furnish three copies of written maintenance instructions to the Landscape Architect for transmittal to the Owner for maintenance and care of installed plants through their full growing season.

VI. Utility Verification
A. The contractor shall contact the local utility companies for verification of the location of all underground utility lines in the area of the work. The contractor shall be responsible for all damage resulting from neglect or failure to comply with this requirement.

Part 2, Materials

I. Plants
A. Plants shall be true to species and variety specified and nursery grown in accordance with good horticultural practices under climatic conditions similar to those in the locality of the project for at least two years. They shall have been freshly dug.
1. All plant names and descriptions shall be as defined in Hortus Third.
2. All plants shall be grown and harvested in accordance with the American Standard for Nursery Stock and Florida Department of Agriculture Grades and Standards for Nursery Plants.
3. Unless approved by the landscape architect, plants shall have been grown at a latitude not more than 325 km (200 miles) north or south of the latitude of the project unless the provenance of the plant can be documented to be compatible with the latitude and cold hardiness zone of the planting location.
B. Unless specifically noted, all plants shall be exceptionally heavy, symmetrical, and so trained or favored in development and appearance as to be unquestionably and outstandingly superior in form, compactness, and symmetry. They shall be sound, healthy, vigorous, well branched, and densely foliated when in leaf, free of disease and insects, eggs, or larvae; and shall have healthy, well-developed root systems. They shall be free from physical damage or other conditions that would prevent vigorous growth.
1. Trees will multiple leaders, unless specified, will be rejected. Trees with a damaged or crooked leader, bark abrasions, sunscald, disfiguring knots, insect damage, or cuts of more over 20 mm (3/4 in.) in diameter that are not completely closed will be rejected.
C. Plants shall conform to the measurements specified, except that plants larger than those specified may be used if approved by the landscape architect. Use of larger plants shall not increase the contract price. If larger plants are approved, the root ball shall be increased in proportion to the size of the plant.
1. Caliper measurements shall be taken on the trunk 150 mm (6 in.) above the natural ground line for trees up to and including 100 mm (4 in.) in caliper, and 300 mm (12 in.) above the natural ground line for trees over 100 mm (4 in.) in caliper. Height and spread dimensions specified refer to the main body of the plant and not from branch tip to branch tip. Plants shall be measured when branches are in their normal position. If a range of sizes is given, no plant shall be less than the minimum size, and no less than 50 percent of the plants shall be as large as the maximum size specified. Measurements specified are minimum sizes acceptable after pruning, where pruning is required. Plants that meet measurements but do not possess a standard relationship between height and spread, according to the Florida Department of Agriculture Grades and Standards for Nursery Plants, will be rejected.
D. Substitutions of plant materials will not be permitted unless authorized in writing by the landscape architect. If proof is submitted in writing that a plant specified is not obtainable, consideration will be given to the nearest available size or similar variety, with a corresponding adjustment of the contract price.
E. The plant schedule provided at the end of the sheets is for the contractor's information only, and no guarantee is expressed or implied that quantities therein are correct or that the list is complete. The contractor shall ensure that all plant materials shown on the drawings are included in his or her bid.
F. All plants shall be labeled by plant name. Labels shall be attached securely to all plants, bundles, and containers of plant materials when delivered. Plant labels shall be durable and legible, with information given in weather-resistant ink or embossed process lettering.
G. Selection and Tagging
1. Plants shall be subject to inspection for conformity to specification requirements and approval by the landscape architect at their place of growth and upon delivery. Such approval shall not impair the right of inspection and rejection during progress of the work.
2. A written request for the inspection of plant material at their place of growth shall be submitted to the landscape architect at least ten calendar days prior to digging. This request shall state the place of growth and the quantity of plants to be inspected. The landscape architect may refuse inspection at the time if, in his or her judgment, sufficient quantities of plants are not available for inspection. Landscape architect claims inspection is not required.
3. All field grown deciduous trees shall be marked to indicate the trees north orientation in the nursery. Place a 1-in. diameter spot of white paint onto the north side of the tree trunk within the bottom 12 inches of the trunk.
H. Anti-Desiccants
1. Anti-desiccants, if specified, are to be applied to plants in full leaf immediately before digging or as required by the landscape architect. Anti-desiccants are to be sprayed on trees at leaves and branches are covered with a continuous protective film.
I. Balled and Burlapped (B&B) Plant Materials
1. Trees designated B&B shall be properly dug with firm, natural balls of soil retaining as many fibrous roots as possible, in sizes and shapes as specified in the Florida Department of Agriculture Grades and Standards for Nursery Plants. Balls shall be firmly wrapped with synthetic, natural, or treated burlap, and/or wire. All synthetic fabric should be removed from the rootball prior to planting. True biodegradable burlap can be left around the root ball. The root collar shall be apparent at surface of ball. Trees with loose, broken, processed, or manufactured root balls will not be accepted, except with special written approval before planting.
J. Container Plants
1. Plants grown in containers shall be of appropriate size for the container as specified in the most recent edition of the Florida Department of Agriculture Grades and Standards for Nursery Plants and be free of circling roots on the exterior and interior of the root ball.
2. Container plants shall have been grown in the container long enough to have established roots throughout the growing medium.
K. Berlocot and Collected Plants
1. Plants designated as berlocot or collected plants shall conform to the American Standard for Nursery Stock.
2. Berlocot material shall not be dug or installed after bud break or before dormancy.
3. Collected plant material that has not been taken from active nursery operations shall be dug with a root ball spread at least 1/3 greater than nursery grown plants. When specified or approved, shall be in good health, free from disease, insect or weed infestation and shall not be planted before inspection and acceptance at the site. Testing may be required at the discretion of the Landscape Architect and/or the Owner and shall be provided at no additional cost.
L. Specimen Material: Plant material specified as specimens are to be approved by the Landscape Architect before being brought to the site. Unless otherwise noted on the drawings, these plants shall be Florida Fancy.
M. Palms
1. Coconut Palms shall be grown from a certified seed.
2. All palm species except Sabal palmettos shall have roots adequately wrapped before transporting.
3. Sabal palms shall have a hurricane cut. Sabal palms shall be installed on site at the earliest opportunity in the construction process. All Sabal palms shall be from Palm Beach County or other sandy soils. All Sabal palms shall be Florida Fancy.
4. For booted palms, fronds shall have clean intact boots firmly attached to the palm trunk. For slick trunk palms, trunk shall be clear and free from defect and scars.
5. The Contractor shall treat all palms as required to prevent infestation by the palmetto weevil.
N. Sod
1. Sod shall be graded #1 or better. Sod shall be loam or muck grown with a firm, full texture and good root development. Sod shall be thick, healthy and free from defects and debris including but not limited to dead thatch, insects, fungus, diseases and contamination by weeds, other grass varieties or objectionable plant material.
2. Sod shall be sufficiently thick to insure a dense stand of live grass. Sod shall be live, fresh, and uninjured at the time of planting. Plant sod within 48 hours after harvesting.
3. Sod area shall be all areas not otherwise identified and shall include the area beyond the property line to the edge of pavement and/or edge of water.
O. Immediately after harvesting plants, protect from drying and damage until shipped and delivered to the planting site. Rootballs shall be checked regularly and watered sufficiently to maintain root viability.
P. Transportation and Storage of Plant Material
1. Branches shall be tied with rope or twine only, and in such a manner that no damage will occur to the bark or branches.
2. During transportation of plant material, the contractor shall exercise care to prevent injury and drying out of the trees. Shrubs the roots be dried out, large branches broken, balls of earth broken or loosened, or areas of bark torn, the landscape architect may reject the injured tree(s) and order them replaced at no additional cost to the owner. All loads of plants shall be covered at all times with tarpaulin or canvas. Loads that are not protected will be rejected.
3. All bareroot stock sent from the storage facility shall be adequately covered with wet soil, sawdust, woodchips, moss, peat, straw, hay, or other acceptable moisture-holding medium, and shall be covered with a tarpaulin or canvas. Loads that are not protected in the above manner may be rejected.
4. Plants must be protected at all times from sun or drying winds. Those that cannot be planted immediately on delivery shall be kept in the shade, well protected with soil, wet mulch, or other acceptable material, and kept well watered. Plants shall not remain unplanted any longer than three days after delivery. Plants shall not be bound with wire or rope at any time so as to damage the bark or break branches. Plants shall be lifted and handled with suitable support of the soil ball to avoid damaging it.
Q. Mechanized Tree Spade Requirements
Trees may be moved and planted with an approved mechanical tree spade. The tree spade shall move trees limited to the maximum size allowed for a similar B&B root-ball diameter according to the American Standard for Nursery Stock or the manufacturer's maximum size recommendation for the tree spade being used, whichever is smaller. The machine shall be approved by the landscape architect prior to use. Trees shall be planted at the designated locations in the manner shown in the plans and in accordance with applicable sections of the specifications.

II Materials for Planting
A. Mulch: Except as otherwise specified, mulch shall be shredded Melaleuca mulch - grade "A". All Melaleuca mulch shall be made entirely from the wood and bark of the
Melaleuca quinquinerva tree. It shall not contain more than 10% bark (by volume). Shreds and chips shall not be larger the ¼" diameter and 1½" in length. Mulch shall
be free of weeds, seeds, and any other organic or inorganic material other than Melaleuca wood and bark. It shall not contain stones or other foreign material that will prevent its eventual decay. This shall be applied to all planted areas where indicated so that, after installation, the mulch thickness will not be less than 3". Submit sample for approval
B. Peat: Shall be horticultural peat composed of not less than 60% decomposed organic matter by weight, on an oven-dried basis. Peat shall be delivered to the site in a
workable condition free from lumps.
C. Gravel Mulch: Use only where specifically indicated on the plans of the size and type shown. Unless otherwise specified it shall be water-worn, hard durable gravel, washed free of loam, sand, clay and other foreign substances. It shall be a minimum of 3" deep and shall be contained with edging or other approved gravel stop as indicated on the plans. It shall be a maximum of 1 1/2", a minimum of 3/4" and of a readily-available natural gravel color range. Provide geotextile filter fabric below aggregate rock.
Submit sample for approval.
D. Root Barrier: Where specified, root barriers shall be installed on all tree and palm material in accordance with the root barrier detail provided within the plan drawings. Root barriers shall comply with all requirements of the municipality within which they are located as well as with any utility holder requirements of any affected utilities. In the event that conflicting requirements exist between the root barrier detail provided within the plan documents and the municipal/utility holder requirements, the more stringent of the requirements shall be applicable.
E. Planter Edging: Use only where specifically indicated on plans. Edging shall be the color black.
F. Anti-desiccant: shall be an emulsion specifically manufactured for agricultural use, which provides a protective film over plant surfaces. Anti-desiccants shall be delivered in containers of the manufacturer and shall be mixed according to the manufacturers directions. Submit manufacturer literature for approval.

III. Materials for Soil Amendment
A. Pine Bark: Horticultural-grade milled pine bark, with 80 percent of the material by volume sized between 0.1 and 15.0 mm.
1. Pine bark shall be aged sufficiently to break down all woody material. Pine bark shall be screened.
2. pH shall range between 4 and 7.0.
3. Submit manufacturer literature for approval.
B. Organic Matter: Leaf matter and yard waste composted sufficiently to break down all woody fibers, seeds, and leaf structures, and free of toxic and noncganic matter. Organic matter shall be commercially prepared compost. Submit 0.5 kg (1 lb) sample and suppliers literature for approval.
C. Course Sand: Course concrete sand, ASTM C-33 Fine Aggregates, with a Fines Modulus Index of 2.75 or greater.
1. Sands shall be clean, sharp, natural sands free of limestone, shale and slate particles.
2. Provide the following particle size distribution:

Sieve	Percentage Passing
3/8 in (9.5 mm)	100
No. 4 (4.75 mm)	95-100
No. 8 (2.36 mm)	80-100
No. 16 (1.18 mm)	50-85
No. 30 (0.60 mm)	25-60
No. 50 (0.30 mm)	10-30
No. 100 (0.15 mm)	2-10

D. Lime: shall be ground, pelletized, or pulverized lime manufactured to meet agricultural standards and contain a maximum of 80 percent oxide (i.e. calcium oxide plus magnesium oxide). Submit manufacturer literature for approval.
E. Sulfur: shall be flowers of sulfur, pelletized or granular sulfur, or iron sulfate. Submit manufacturer literature for approval.
F. Fertilizer: Agricultural fertilizer of a formula indicated by the soil test. Fertilizers shall be organic, slow-release compositions whenever applicable. Submit manufacturer literature for approval.

IV. Planting Mix
A. Planting Mix
1. Planting Mix for Trees, Shrubs, Groundcovers and vines: Check with landscape architect for appropriate mixture.
2. Planting Mix for Palms: Mixture of course sand and peat mixed to the following proportion:

Components	Percent by Volume
Course Sand	75%
Peat	25%

B. Planting mix shall be thoroughly mixed, screened, and shredded.
C. Prior to beginning the mixing process, submit a 1-kg (2-lb) sample of the proposed mix with soil test results that indicate the mix ratio and the results achieved.
D. During the mixing process but prior to installing the mix, submit a 1-kg (2-lb) sample for each 200 cubic meters (250 cubic yards) of planting mix, taken randomly from the finished soil mix, with soil test results for approval. In the event that the test results do not meet the required particle size distribution, remix and resubmit a revised planting mix
E. Make all amendments of lime/sulfur and fertilizer indicated by the soil test results at the time of mixing.
F. All mixing shall take place in the contractors yard, using commercial mixing equipment sufficient to thoroughly mix all components uniformly
G. Protect the planting mix from erosion prior to installation.

Part 3, Execution

I. Excavation of Planted Areas
A. Locations for plants and/or outlines of areas to be planted are to be staked out at the site. Locate and mark all subsurface utility lines. Approval of the stakeout by the landscape architect is required before excavation begins.
B. Tree, shrub, and groundcover beds are to be excavated to the depth and widths indicated on the landscape plan detail drawings. If the planting area under any tree is initially dug too deep, the soil added to bring it up to the correct level should be thoroughly tamped.
1. The sides of the excavation of all planting areas shall be sloped at a 45 degrees. The bottom of all beds shall slope parallel to the proposed grades or toward any subsurface drain lines within the planting bed. The bottom of the planting bed directly under any tree shall be horizontal such that the tree sits plumb.
2. Maintain all required angles of repose of the adjacent materials as shown on the drawings. Do not excavate compacted subgrades of adjacent pavement or structures.
3. Subgrade soils shall be separated from the topsoil, removed from the area, and not used as backfill in any planted or lawn area. Excavations shall not be left uncovered or unprotected overnight.
C. For trees and shrubs planted in individual holes in areas of good soil that is to remain in place and/or to receive amendment in the top 150-mm (6 in.) layer, excavate the
hole to the depth of the root ball and to widths shown on the drawing. Slope the sides of the excavation at a 45 degree angle up and away from the bottom of the excavation.
1. In areas of slowly draining soils, the root ball may be set up to 75 mm (3 in.) or 1/8 of the depth of the root ball above the adjacent soil level.
2. Save the existing soil to be used as backfill around the tree.
3. On steep slopes, the depth of the excavation shall be measured at the center of the hole and the excavation dug as shown on the drawings.
D. Detrimental soil conditions: The landscape architect is to be notified, in writing, of soil conditions encountered, including poor drainage, that the contractor considers detrimental to the growth of plant material. When detrimental conditions are uncovered, planting shall be discontinued until instructions to resolve the conditions are received from the landscape architect.
E. Obstructions: If rock, underground construction work, utilities, tree roots, or other obstructions are encountered in the excavation of planting areas, alternate locations for
any planting shall be determined by the landscape architect.

II. Installation of Planting Mix
A. Prior to the installation of the planting mix, install subsurface drains, irrigation main lines, lateral lines, and irrigation risers shown on the drawings.
B. The landscape architect shall review the preparation of subgrades prior to the installation of planting mix.
C. Do not proceed with the installation of planting mix until all utility work in the area have been installed.
D. Protect adjacent walls, walks, and utilities from damage or staining by the soil. Use 12-mm (1/2 in.) plywood and/or plastic sheeting as directed to cover existing concrete,
metal, masonry work, and other items as directed during the progress of the work.
1. Clean up any soil or dirt spilled on any paved surface at the end of each working day.
2. Any damage to the paving or architectural work caused by the soils installation contractor shall be repaired by the general contractor at the soils installation contractors expense.
E. Till the subsoil into the bottom layer of topsoil or planting mix.
1. Loosen the soil of the subgrade to a depth of 50 to 75 mm (2 to 3 in.) with a rototiller or other suitable device.
2. Spread a layer of the specified topsoil or planting mix 50 mm (2 in.) deep over the subgrade. Thoroughly till the planting mix and the subgrade together.
3. Immediately install the remaining topsoil or planting mix in accordance with the following specifications. Protect the tilled area from traffic. DO NOT allow the tilled subgrade to become compacted.
4. In the event that the tilled area becomes compacted, till the area again prior to installing the planting mix
F. Install the remaining topsoil or planting mix in 200- to 250-mm (6- to 10-in.) lifts to the depths and shown on the drawing details. The depths and grades shown on the drawings are the final grades after soil settlement and shrinkage of the organic material. The contractor shall install the soil at a higher level to anticipate this reduction of soil volume, depending on predicted setting properties for each type of soil.
1. Phase the installation of the soil such that equipment does not have to travel over already-installed topsoil or planting mixes
2. Compact each lift sufficiently to reduce settling but not enough to prevent the movement of water and feeder roots through the soil. The soil in each lift should feel firm to the foot but still loose and mellow only slight heel prints. Overcompaction shall be determined by the following field percolation test.
a. Dig a hole 250 mm (10 in.) in diameter and 250 mm (10 in.) deep.
b. Fill the hole with water and let it drain completely. Immediately refill the hole with water, and measure the rate of fall in the water level.
c. In the event that the water drains at a rate less than 25 mm (1 in.) per hour, till the soil to a depth required to break the overcompaction.
d. The landscape architect shall determine the need for, and the number and location of percolation tests based on observed field conditions of the soil.
3. Maintain moisture conditions within the soils during installation to allow for satisfactory compaction. Suspend installation operations if the soil becomes wet. Do not place soils on wet subgrade.
4. Provide adequate equipment to achieve consistent and uniform compaction of the soils. Use the smallest equipment that can reasonably perform the task of spreading and compaction.
5. Add lime, sulfur, fertilizer, and other amendments during soil installation. Spread the amendments over the top layer of soil and till into the top 100 mm (4 in.) of soil. Soil amendments may be added at the same time that organic matter, when required, is added to the top layer of soil.
6. Protect soil from overcompaction after placement. An area that becomes overcompacted shall be tilled to a depth of 125 mm (5 in.). Uneven or settled areas shall be filled and regraded.

III. Fine Grading
A. It shall be the responsibility of the Contractor to finish grade (min. 6" below adjacent F.F.E.). Finish grades in planting areas shall be one inch lower than adjacent paving and are to include 3" of mulching. New earthwork shall blend smoothly into the existing earthwork, and grades shall pitch evenly between spot grades. All planted areas must pitch to drain at a minimum of 1/4" per foot. Any discrepancies not allowing this to occur shall be reported to the Landscape Architect prior to continuing work.
B. Fill all dips and remove any bumps in the overall plane of the slope.
1. The tolerance for dips and bumps in lawn areas shall be a 12-mm (1/2 in.) deviation from the plane in 3,000 mm (10 ft).
2. The tolerance for dips and bumps in shrub planting areas shall be a 25-mm (1 in.) deviation from the plane in 3,000 mm (10 ft).
3. All fine grading shall be inspected and approved by the landscape architect prior to planting, mulching, seeding, or seeding.
C. Berming shall not be placed within 10' of any existing tree nor will it be allowed to encroach upon any utility, drainage, or maintenance easement. Berming shall not impede or obstruct any necessary swales needed to drain other areas for the property.

IV. Planting Operations
A. Plants shall be set on flat-tamped or unexcavated pads at the same relationship to finished grade as they were to the ground from which they were dug, unless otherwise noted on the drawings. Plants must be set plumb and braced in position until topsoil or planting mix has been placed and tamped around the base of the root ball. Improper compacting of the soil around the root ball may result in the tree settling or leaning. Plants shall be set so that they will be at the same depth and so that the root ball does not shift or move laterally one year later.
1. Determine the elevation of the root flare and ensure that it is planted at grade. This may require that the tree be set higher than the grade in the nursery.
2. If the root flare is less than 50 mm (2 in.) below the soil level of the root ball, plant the tree the appropriate level above the grade to set the flare even with the grade. If the flare is more than 50 mm (2 in) at the center of the root ball the tree shall be rejected.
B. Lift plants only from the bottom of the root balls or with belts or lifting harnesses of sufficient width not to damage the root balls. Do not lift trees by their trunk or use the trunk as a lever in positioning or moving the tree in the planting area.
C. Remove plastic, paper, or fiber pots from containerized plant material. Pull roots out of the root mat. Loosen the potting medium and shake away from the root mat. Immediately after removing the container, install the plant such that the roots do not dry out. Pack planting mix around the exposed roots while planting.
D. The roots of bare-root trees shall be pruned at the time of planting to remove damaged or undesirable roots (those likely to become a detriment to future growth of the root system). Bare-root trees shall have the roots spread to approximate the natural position of the roots and shall be centered in the planting pit. The planting-soil backfill shall be worked firmly into and around the roots, with care taken to fill in completely with no air pockets.
E. Cut ropes or strings from the top of shrub root balls and trees smaller than 3 in. caliper after plant has been set. Remove burlap or cloth wrapping and any wire baskets from around top half of balls. Do not turn under and bury portions of burlap at top of ball.
1. Do not immediately remove the ropes and burlap from trees larger than 3 in. caliper. Return to each tree three months after planting and cut all ropes around the trunks and tops of the root balls of these trees.
2. Completely remove any waterproof or water-repellant strings or wrappings from the root ball and trunk before backfilling.
F. Set balled and burlapped trees in the hole with the north marker facing north unless otherwise approved by the landscape architect.
G. Place native soil, topsoil, or planting mix into the area around the tree, tamping lightly to reduce settlement.
1. For plants planted in individual holes in existing soil, add any required soil amendments to the soils, as the material is being backfilled around the plant. Ensure that the amendments are thoroughly mixed into the backfill
2. For plants planted in large beds of prepared soil, add soil amendments during the soil preparation.
3. Ensure that the backfill immediately around the base of the root ball is tamped with foot pressure sufficient to prevent the root ball from shifting or leaning.
H. Solid sod shall be laid with closely abutting joints with a tamped or rolled, even surface. Stagger strips to offset joints in adjacent courses. Bring the sod edge in a neat, clean manner to the edge of all paving and shrub areas. Sod along slopes shall be pegged to hold sod in place along slopes or banks a wood peg acceptable to the Landscape Architect shall be used at no additional cost to the Owner. If, in the opinion of the Landscape Architect, top-dressing is necessary after rolling, clean sand will be evenly applied over the entire surface and thoroughly washed in without additional charge.
I. Thoroughly water all plants immediately after planting. Apply water by hose directly to the root ball and the adjacent soil.
J. Remove all tags, labels, strings, etc. from all plants.
K. Remove any excess soil, debris, and planting material from the job site at the end of each workday.
L. Form watering saucers 100 mm (4 in.) high immediately outside the area of the root ball of each tree as indicated on the drawings.

V. Relocation of Existing Material
A. Landscape Contractor shall root prune trees which are to be relocated in accordance with approved horticultural practices and the following procedures.
1. Select a healthy tree
2. Selectively thin the canopy removing dead limbs, cross branching over crowned areas, and lower undesirable limbs. Fertilize and water trees before pruning.
3. Root prune 50% of the root system approximately 18"-2' deep (depending upon species and size). This is done by hand with sharp hand tools or a root pruning saw. The diameter of the root ball to be pruned is 6-12 inches per every one inch of diameter at breast height of the tree.
4. Back fill the existing soil with peat moss to stimulate new root growth of the pruned roots.
5. Water in thoroughly and treat with a mycorrhizae and a low nitrogen fertilizer (so not to burn the pruned roots). Brace trees if deemed necessary.
6. The root pruned trees should be watered every day (especially during warm months of the season), the equivalent of 5 gallons for every DBH of tree per day.
7. Root pruned trees should be left to stand for a minimum of 6 weeks for trees less than 8" DBH and as long as 3 months for larger specimens prior to transplanting.
8. For best results and survivorship, new root growth should be evident on root pruned trees prior to transplanting.
9. Upon transplanting, water should be applied every day as outlined in step 6 for at least one year.

VI. Staking and Guying
A. The Contractor shall stake all trees and palms in accordance with the tree and palm staking details provided within the plan drawings. Alternate methods of guying or staking may be employed with the prior approval of the Landscape Architect.
B. The Contractor shall be responsible for the replacement or adjustment of all trees, palms or shrubs that fall or lean during the guarantee period. The Contractor shall be responsible for any damages caused by the failure or leaning of trees.
C. Stakes and guys shall be installed immediately upon approval or planting, and shall be removed in accordance with the staking details provide within the plan drawings. Any tree that is not stable at the end of the warranty period shall be rejected.

VII. Pruning
A. Plants shall not be heavily pruned at the time of planting. Pruning is required at planting time to correct defects in the tree structure, including removal of injured branches, waterspouts, suckers, and interfering branches. Healthy lower branches and interior small twigs should not be removed except as necessary to clear walks and roads. In no case should more than one-quarter of the branching structure be removed. Retain the normal or natural shape of the plant.
B. All pruning shall be completed using clean, sharp tools. All cuts shall be clean and smooth, with the bark intact with no rough edges or tears.
C. Pruning of large trees shall be done from a hydraulic man-lift such that it is not necessary to climb the tree.

VIII. Mulching
A. All trees, palms, shrubs, and other plantings will be mulched with mulch previously approved by the landscape architect. The mulch shall be a minimum 3" thick layer over all tree, shrub and ground cover planting areas, unless otherwise specified. All mulch layers shall be of the specified thickness at the time of the final acceptance of the work. Mulch must not be placed within 3 inches of the trunks of trees, palms or shrubs.
B. Place mulch at least 3" in depth in a circle around all trees located in lawn areas. The diameter of the circle shall be 18" in diameter larger than the ball of the plant provided. Mulch must not be placed within 3 inches of the trunks of trees, palms or shrubs.

IX. Maintenance of Trees, Shrubs, and Vines
A. Maintenance shall begin immediately after each plant is planted and continue until its acceptance has been confirmed by the landscape architect.
B. Maintenance shall consist of pruning, watering, cultivating, weeding, mulching, fertilizing, tightening and repairing guys and stakes, resetting plants to proper grades or upright positions, restoring of the planting saucer, and furnishing and applying such sprays or other materials as necessary to keep plantings free of insects and diseases and free from irrigation conflicts.
C. Planting areas and plants shall be protected at all times against trespassing and damage of all kinds for the duration of the maintenance period. If a plant becomes damaged or injured, it shall be treated or replaced as directed by the landscape architect at no additional cost
D. Watering: Contractor shall irrigate as required to maintain vigorous and healthy tree growth. Overwatering or flooding shall not be allowed. The contractor shall monitor, adjust, and use existing irrigation facilities, if available, and furnish any additional material, equipment, or water to ensure adequate irrigation. Root balls of all trees and large shrubs shall be soot watered using handheld hoses during the first four months after planting, as required to ensure adequate water within the root ball.
E. During periods of restricted water usage, all governmental regulations (permanent or temporary) shall be followed. The contractor may have to transport water from ponds or other sources, at no additional expense to the owner when irrigation systems are unavailable.
F. Remove soil ridges from around watering basins prior to end of maintenance period, as directed by Landscape Architect

X. Acceptance
A. The landscape architect shall inspect it work for acceptance upon written request of the contractor. The request shall be received at least ten calendar days before the anticipated date of inspection.
B. Acceptance of plant material shall be for general conformance to specified size, character, and quality and shall not relieve the contractor of responsibility for full conformance to the contract documents, including correct species.
C. Upon completion and re-inspection of all repairs or renewals necessary in the judgment of the landscape architect, the landscape architect shall certify in writing that the work has been accepted.

XI. Acceptance in Part
A. Work may be accepted in parts when the landscape architect and contractor deem that practice to be in their mutual interest. Approval must be given in writing by the landscape architect to the contractor verifying that the work is to be completed in parts. Acceptance of work in parts shall not waive any other provision of this contract.

XII. Guarantee Period and Replacements
A. The guarantee period for trees and shrubs shall begin at the date of acceptance.
B. The contractor shall guarantee all plant materials to be in healthy and flourishing condition for a period of one year from the date of acceptance.
C. When work is accepted in parts, the guarantee periods extend from each of the partial acceptances to the terminal date of the guarantee of the last acceptance. Thus, all guarantee periods terminate at one time.
D. The contractor shall replace, without cost, as soon as weather conditions permit, and within a specified planting period, all plants determined by the landscape architect to be dead or in an unacceptable condition during and at the end of the guarantee period. To be considered acceptable, plants shall be free of dead or dying branches and branch tips and shall bear foliage of normal density, size, and color. Replacements shall closely match adjacent specimens of the same species. Replacements shall be subject to all requirements stated in this specification.
E. The guarantee of all replacement plants shall extend for an additional period of one year from the date of their acceptance after replacement. In the event that a replacement plant is not acceptable during or at the end of said extended guarantee period, the landscape architect may elect subsequent replacement or credit for that item.
F. At the end of the guarantee, the contractor shall reset grades that have settled below the proposed grades on the drawings.
G. The contractor shall make periodic inspections, at no extra cost, during the guarantee period to determine what changes, if any, should be made in the maintenance program. If changes are recommended, they shall be submitted in writing to the landscape architect. Claims by the contractor that the owners maintenance practices or lack of maintenance resulted in dead or dying plants will not be considered if such claims have not been documented by the contractor during the guarantee period.

XIII. Final Inspection and Final Acceptance
At the end of the guarantee period and upon written request of the contractor, the landscape architect will inspect all guaranteed work for final acceptance. The request shall be received at least ten calendar days before the anticipated date for final inspection. Upon completion and re-inspection of all repairs or renewals necessary in the judgment of the landscape architect at that time, the landscape architect shall certify, in writing, that the project has received final acceptance.

QUICK COUPLING VALVE AT GRADE

DETAIL—FILE

IRRIGATION NOTES

SYSTEM DESCRIPTION

THIS IS A TEMPORARY IRRIGATION SYSTEM FOR PLANT ESTABLISHMENT ONLY WITH A QUICK COUPLER VALVE CONNECTION.

WORK

THE IRRIGATION CONTRACTOR SHALL BE CERTIFIED AS A CERTIFIED IRRIGATION CONTRACTOR BY THE IRRIGATION ASSOCIATION. SUBMIT CERTIFICATION TO THE OWNER'S REPRESENTATIVE PRIOR TO PRE-CONSTRUCTION MEETING.

FOLLOW THESE NOTES IN ADDITION TO CITY AND COUNTY REQUIREMENTS AND DESIGN STANDARDS. IMMEDIATELY NOTIFY THE OWNER'S REPRESENTATIVE OF ANY CONFLICTS BETWEEN THE PLANS AND CITY/COUNTY REQUIREMENTS.

VERIFY SITE CONDITIONS BEFORE BIDDING. INSTALLATIONS MAY REQUIRE ADDITIONAL EQUIPMENT FOR SPECIFIC SITE CONDITIONS. INCLUDE ALL COSTS TO COMPLETE THE SCOPE OF WORK IN BID.

INCLUDE ALL REQUIRED PERMIT FEES IN BID. OBTAIN ALL REQUIRED PERMITS AT NO ADDITIONAL CHARGE.

IMMEDIATELY REPAIR AND/OR REPLACE ANY ITEM DAMAGED BY CONSTRUCTION OF THE IRRIGATION SYSTEM AT NO CHARGE.

GUARANTEE MATERIALS AND WORKMANSHIP FOR ONE-YEAR FROM FINAL ACCEPTANCE. CORRECT DEFICIENCIES AT NO CHARGE

INSTALLATIONS

PROVIDE MANUFACTURER CUT SHEETS FOR EVERY ITEM TO BE INSTALLED FOR APPROVAL.

PROVIDE ONLY NEW EQUIPMENT AND AS SPECIFIED WITHIN THE PLANS.

PLAN ADJUSTMENTS:
PLAN LAYOUT IS SCHEMATIC FOR GRAPHIC CLARITY. INSTALL IN PERVIOUS AREAS EXCEPT WHERE SLEEVING IS SHOWN

AS-BUILT PLANS:
PREPARE AS-BUILT PLANS AS THE WORK PROGRESSES, INDICATING THE ACTUAL LOCATION OF EQUIPMENT. KEEP THE AS-BUILT PLAN SET ON SITE DURING CONSTRUCTION. SUBMIT FINAL AS-BUILT TO THE OWNER'S REPRESENTATIVE

TRENCHING AND PIPE INSTALLATION:
INSTALL PIPE ON A STABLE FOUNDATION. IF NECESSARY, REMOVE UNSTABLE SOIL OR MUCK FROM THE TRENCH BOTTOM AND INSTALL A 6 INCH FOUNDATION OF COMPACTED CLASS 1 BEDDING MATERIAL. REMOVE WATER FROM THE TRENCH BEFORE BACKFILLING. EXCAVATE 6 INCHES BELOW THE PIPE BOTTOM WHEN TRENCHING THROUGH ROCK AND INSTALL CLASS 1 BEDDING MATERIAL. BACKFILL TRENCHES AND COMPACT TO FINISHED GRADE WITH CLEAN NO. 9 SOILS FREE OF DEBRIS, ROOTS, ROCKS OR OBJECTS THAT COULD DAMAGE THE PIPE. TUNNEL UNDER TREE ROOTS

MAKE PVC SOLVENT WELD CONNECTIONS IN ACCORDANCE WITH ASTM D2855. APPLY PURPLE COLORED PVC PRIMER IN ACCORDANCE WITH ASTM F656. APPLY PVC CEMENT IN ACCORDANCE WITH ASTM D2564.

FLUSHING:
PRIOR TO INSTALLATION OF THE VALVES, FLUSH MAINLINES FOR A MINIMUM OF 10 MINUTES OR UNTIL LINES ARE CLEAR OF DEBRIS, WHICHEVER IS LONGER.
PRIOR TO INSTALLATION OF THE HEADS, FLUSH LATERAL LINES FOR A MINIMUM OF 10 MINUTES OR UNTIL LINES ARE CLEAR OF DEBRIS, WHICHEVER IS LONGER

IRRIGATION HEAD PRESSURE TEST:
PERFORM PRESSURE TEST ON EACH ZONE AT THE FIRST AND LAST IRRIGATION HEADS. THE MAXIMUM ALLOWABLE PRESSURE DEVIATION @ 10 PERCENT.

FINAL ACCEPTANCE

FINAL ACCEPTANCE OF THE IRRIGATION SYSTEM WILL BE GIVEN ONLY AFTER THE FOLLOWING HAS BEEN COMPLETED AND APPROVED:

1. COMPLETION AND ACCEPTANCE OF THE "AS-BUILT DRAWINGS"
2. FINAL WALK THROUGH WITH THE OWNER'S REPRESENTATIVE AND CREATION OF FINAL PUNCH LIST
3. FINAL PUNCH LIST ITEMS HAVE BEEN CORRECTED AND ACCEPTED.

Notes:

1.The above estimate was prepared by a Registered Landscape Architect licensed to practice in the State of Florida and is hereby certified as our professional opinion of probable costs.

2.The opinion of probable construction costs provided are made based on experience and represent our best judgement as Landscape Architects familiar with the construction industry. The firm cannot and does not guarantee that proposals, bids, or the construction cost will not vary from our opinions of probable costs. If the Owner wishes greater assurances of the construction cost, we recommend employment of an independent cost estimator.

Village of Palm Springs

Executive Brief

AGENDA DATE: March 10, 2022

DEPARTMENT: Parks & Recreation

ITEM #13: Interlocal Agreement - Mutual Use of Recreational Facilities - School District of Palm Beach County

SUMMARY: The Village entered into an Interlocal Agreement on May 11, 2017, with the School District of Palm Beach County for the mutual use of recreational facilities. This agreement is set to expire on May 11, 2022. Renewing this Agreement will allow the Village to host recreation programs and events that benefit the community.

The Parks and Recreation Department is recommending the renewal of this Agreement, to ensure gymnasium space within our local community for the Village's youth basketball and any future gymnasium-based programming. The proposed Agreement is similar to other agreements currently in place with other municipalities in Palm Beach County.

The proposed Agreement, if approved, would be for an initial one (1) year term with four (4) additional automatic one (1) year renewals, unless either party provides written notice of non-renewal thirty (30) days prior to the expiration of the current term.

Note: The School Board of Palm Beach County is scheduled to consider the proposed agreement during their meeting on May 11, 2022.

The proposed Interlocal Agreement was prepared by the School District of Palm Beach County and has been reviewed by the Village Attorney, Planning Zoning and Building Director, and the Parks and Recreation Director.

FISCAL IMPACT:

There is no direct fiscal impact on the Village as a result of this proposed Agreement.

ATTACHMENTS:

1. Proposed Interlocal Agreement Mutual Use of Sports Facilities - School District of Palm Beach County

INTERLOCAL AGREEMENT BETWEEN
THE VILLAGE OF PALM SPRINGS
AND THE SCHOOL BOARD OF PALM BEACH COUNTY
FOR THE MUTUAL USE OF RECREATIONAL FACILITIES

This Interlocal Agreement is made this _____ day of _____, 2022, between the Village of Palm Springs, a municipal corporation of the State of Florida ("Village") and the School Board of Palm Beach County, Florida, a corporate body politic pursuant to the Constitution of the State of Florida (“Board”), each one constituting a public agency as defined in Part I of Chapter 163, Florida Statutes.

WITNESSETH

WHEREAS, Section 163.01, Florida Statutes, known as the "Florida Interlocal Cooperation Act of 1969" authorizes local governments to make the most efficient use of their powers by enabling them to cooperate with other localities on a basis of mutual advantage and thereby to provide services and facilities that will harmonize geographic, economic, population and other factors influencing the needs and development of local communities; and

WHEREAS, Part I of Chapter 163, Florida Statutes, permits public agencies, as defined therein, to enter into interlocal agreements with each other to jointly exercise any power, privilege, or authority that such agencies share in common and which each might exercise separately; and

WHEREAS, the Village and Board recognize the benefits to be derived by utilizing each other’s facilities thereby minimizing the duplication of facilities; and

WHEREAS, the Village and Board desire the ability to use the facilities of the other.

NOW THEREFORE, in consideration of the mutual representations, terms, and covenants hereinafter set forth, the parties hereby agree as follows:

1. Recitals.

The foregoing recitals are true and correct and are hereby incorporated herein by reference.

2. Purpose.

The purpose of this Agreement is to enable the Board and Village to utilize each other's recreational facilities and provide a procedure for authorizing the use of the Board's recreational facilities by Village-affiliated recreation groups and organizations that have been approved by the parties.

3. Definitions.

A. "Board Facilities" and "Board Facility" mean facilities owned or operated by the Board that are made available for public use by the Board and are used primarily for recreational activities, excluding facilities that are leased, licensed or under the contractual control of others. The terms "Board Facilities" and "Board Facility" shall include gymnasiums, playgrounds, swimming pools, tennis, racquetball and basketball courts, athletic fields and tracks.

B. "Village Facilities" and "Village Facility" mean facilities owned or operated by the Village that are made available for public use by the Village and are used primarily for recreational activities, excluding facilities that are leased, licensed or under the contractual control of others. The terms "Village Facilities" and "Village Facility" shall include, parks, wrestling rooms, gymnasiums, weight room, pavilions, community centers, playgrounds, swimming pools, tennis, racquetball and basketball courts, and athletic fields and tracks.

C. "Village Manager" means the Village Manager of the Village of Palm Springs, Florida or his/her designee.

D. "Facilities" means the Board Facilities and Village Facilities.

E. "Priority of Use" means the priority of uses when there are conflicting requests for the use of a Facility.

For Board Facilities, the Priority of Use shall be as follows:

1. Board activities and programs or Board Facility lease agreements; and

2. County activities and programs pursuant to the Mutual Use Interlocal Agreement between the Board and Palm Beach County dated October 20, 2015 or the latest approved Agreement.

3. Village or Village Recognized Sports Provider activities and programs pursuant to this agreement.

For Village Facilities, the Priority of Use shall be as follows:

1. Village or Village Recognized Sports Provider activities and programs or Village facility rental agreements; and

2. Board activities and programs pursuant to this Agreement.

E. "Village Recognized Sports Provider" means an organized youth recreation program conducted by a non-Village organization identified in the attached Exhibit "A", which may be amended or supplemented from time to time upon the mutual written

agreement of the Board's Chief Operating Officer and the Village manager or his/her designee, without formal amendment hereto.

To qualify as a Recognized Sports Provider, the organization shall provide the following documents to the Board:

1. Proof of current good standing from the Secretary of State in which the organization is incorporated; and

2. A Certificate of Insurance (COI) evidencing all of the insurance coverages required in Section 5.C.1 of this Agreement.

4. Use of Facilities by the Parties.

A. The Board agrees to make the Board Facilities available for use by the Village according to the Priority of Use at no cost or expense to the Village, except as otherwise provided for in this Agreement. The Village's use of the Board Facilities shall be subject to and in accordance with: (i) the terms and conditions of this Agreement, including but not limited to Exhibit "B" which may be amended or supplemented from time to time upon the mutual written agreement of the Board's Chief Operating Officer and the Village Manager or his or her designee without formal amendment hereto; (ii) the Board's rules, regulations and policies governing the use of the Board Facilities; (iii) any grant or bond obligations pertaining to the use of any of the Board Facilities; and (iv) all applicable local, state and federal laws.

B. The Village agrees to make available the Village Facilities for use by the Board according to the Priority of Use at no cost or expense to the Board, except as otherwise provided for in this Agreement. The Village is eligible to request use of the Board Facilities at the following public schools pursuant to this Agreement and the following public schools are eligible to request use of Village Facilities pursuant to this Agreement:

1. Palm Springs Elementary School
2. C.O Taylor/Kirklane Elementary School
3. Palm Springs Middle School
4. John I. Leonard High School

The Board's use of the Village Facilities shall be subject to and in accordance with: (i) the terms and conditions of this Agreement; (ii) the Village's rules, regulations and policies governing the use of the Village's Facilities; (iii) any grant or bond obligations pertaining to the use of any of the Village Facilities; and (iv) all applicable local, state and federal laws.

C. The Village and Board shall each be responsible for paying the actual charges incurred by each of them for necessary Facility staff and utilities if all or a portion of the Facility is scheduled to be closed or not normally staffed during the proposed use.

D. The Village shall submit all requests for use of the Board Facilities in writing on the form attached hereto as Exhibit "C" to the Principal responsible for the management of the Board Facility or his or her designee no less than thirty (30) days prior to the date that the Village desires to use the Board Facility. The Board shall be responsible for ensuring that a written response to the request is provided to the Village

within fifteen (15) days of the date of the request. In the event a request is denied, the reason for denial shall be stated in the written response. The Board reserves the right to deny use of the Board Facility if that particular Board Facility has been selected to remain closed during the summer.

E. The Board shall submit all requests for use of the Village Facilities in writing on the form attached hereto as Exhibit "C" to the Village Manager or his or her designee, no less than thirty (30) days prior to the date that the Board desires to use the Village Facility. The Village shall be responsible for ensuring that a written response to the request is provided to the Board within fifteen (15) days of the date of the request. In the event a request is denied, the reason for denial shall be stated in the written response.

F. Notwithstanding the requirements set forth in Paragraphs 4.D. and 4.E. above, in the event that a need to use a Facility arises less than thirty (30) days prior to the date the Village or Board Facility is needed, the Village or Board, as applicable, will use reasonable efforts to expedite the review of and accommodate such request to the extent practicable under the circumstances.

G. The Board and Village acknowledge the waiver of sovereign immunity for liability in tort contained in Florida Statutes Section 768.28, the State of Florida's partial waiver of sovereign immunity, and acknowledge that such statute permits actions at law to recover damages in tort for money damages up to the limits set forth in such statute for death, personal injury or damage to property caused by the negligent or wrongful acts or omissions of an employee acting within the scope of the employee's office or employment. The Board and Village agree to be responsible for all such claims and damages, to the extent and limits provided in Florida Statutes Section 768.28, arising from the actions of their respective employees. The parties acknowledge that the foregoing shall not constitute an agreement by either party to indemnify the other, nor a waiver of sovereign immunity, nor a waiver of any defense the parties may have under such statute, nor as consent to be sued by third parties.

H. Without waiving the right to sovereign immunity, the parties acknowledge that they are self-insured for commercial general liability and automobile liability in the amounts specified in Florida Statutes Section 768.28, as may be amended from time to time. In the event either party maintains third-party commercial general liability or business automobile liability insurance in lieu of exclusive reliance on self-insurance, the party maintaining the third-party insurance shall maintain limits of not less than One Million Dollars ($1,000,000) combined single limit for bodily injury or property damage The parties agree to maintain or to be self-insured for worker's compensation and employer's liability insurance in accordance with Chapter 440, Florida Statutes, as may be amended from time to time. Each party agrees to provide the other party with an affidavit or certificate of insurance evidencing insurance, self-insurance and/or sovereign immunity status, which the parties agree to recognize as acceptable for the above-referenced coverages. Compliance with the requirements of this paragraph shall not relieve the parties of their liability and obligations under this Agreement.

I. Each party agrees to provide adequate supervision of its own activities to prevent bodily harm to the users and damage to the Facilities, taking into consideration the types of activities planned, when using the other's Facilities. When aquatic facilities

will be included in the Facilities to be utilized, the party using the Facility shall provide supervisors certified in Lifeguard Training in addition to any other supervision required hereunder. Notwithstanding the foregoing, the party using the Village's aquatic facilities shall be required to use the Village's lifeguards and will be responsible for the cost of the lifeguards for any use of the facility beyond its normal operating hours.

J. In the event the Facilities are damaged, the party using the Facilities of the other party shall promptly notify the other party in writing of the damage and shall reimburse the other party for the actual costs to repair the damage. Reimbursement shall be made within sixty (60) days of a written request for reimbursement of costs.

K. The Facilities shall be surrendered by the party using them in the same condition as they were accepted and the party using the Facilities shall cause to be removed from the Facilities all waste, garbage and rubbish resulting from such party's use of the Facilities.

L. The Board acknowledges and agrees that the Village may charge a fee for: (1) use of the Village's picnic pavilions on holidays and weekends (2) Village lifeguards at the Aquatic Center in accordance with Paragraph 4.I.; (3) Village staff when Village Facilities are closed; (4) Village staff for preparation of recreational and athletic Facilities for Board use, if field preparation is requested by the Board; (5) Staff and utilities in accordance with Paragraph 4.C. of this Agreement.

M. The Village acknowledges and agrees that the Board may charge a fee for: (1) Board staff when Board Facilities are closed; (2) Board staff for preparation of recreational and athletic Facilities for Village use, if field preparation is requested by the Village; and (3) Staff and utilities in accordance with Paragraph 4.C. of this Agreement.

N. The Village may use a Board Facility or other Board-owned and controlled facility for a one-time Village meeting or annual Village-sponsored community event with prior written authorization from the Board's Area Superintendent and the Board's Chief Operating Officer, or designee, provided that the event benefits the community or student population. Such events shall have the same priority as the Village's other uses of the Board Facilities set forth in this Agreement. The foregoing sentences are not intended to limit the number of recreation programs sponsored by the Village of Palm Springs Recreation Department using Board Facilities pursuant to Section 4.A of this Agreement.

O. The Board may use a Village Facility or other Village-owned and controlled facility for a one-time Board meeting or annual Board-sponsored community event with prior written authorization from the Village Manager or designee, provided that the event benefits the community or student population. Such events shall have the same priority as the Board's other uses of the Village Facilities set forth in this Agreement.

5. Use of Board Facilities by Village Recognized Sports Providers.

A. The Board agrees to make the Board Facilities available for use by the Village Recognized Sports Providers according to the Priority of Use, except as otherwise provided for in this Agreement. The Village Recognized Sports Provider shall be responsible for payment of any fees set forth in Paragraph 4.M above directly to the Board. Use of the Board Facilities by the Village Recognized Sports Providers shall depend on availability and shall be subject to and in accordance with: (i) the terms and

conditions of this Agreement including but not limited to Exhibit "B"; (ii) the Board's rules, regulations and policies governing the use of Board Facilities; (iii) any bond or grant obligations pertaining to the use of the Board Facilities; and (iv) all applicable local, state and federal laws.

B. The Recognized Sports Provider represents and warrants that it shall be responsible for monitoring and complying with all CDC and OSHA regulations and guidance, and other federal, state and local regulations and guidance for responding to COVID-19 during the event period. This includes, but is not limited to regulations and guidelines related to cleaning and disinfecting during the event, promoting efforts that reduce the spread of COVID-19, providing healthy environments for all persons attending or participating in the event, protecting communal spaces and arranging for food service. The School Board shall not be responsible for any costs associated with the Recognized Sports Provider's duty to comply with COVID-19 regulations and guidelines as mandated by the terms of this Agreement. The School Board shall not be responsible for monitoring or enforcing the Recognized Sports Provider's compliance with CDC and OSHA regulations and guidance, and other federal, state and local regulations and guidance for responding to COVID-19 during the event. The Recognized Sports Provider shall indemnify, defend and hold harmless the School Board for any claims, expenses, liabilities, losses or damages resulting from a failure to comply with CDC and OSHA regulations and guidance, and other federal, state and local regulations and guidance for responding to COVID-19 during the event or as a result of a breach of the terms of this Agreement.

C. Prior to being granted access to any of the Board Facilities, each Village Recognized Sports Provider shall be required to obtain a Facility Use Permit from the Village. The Facility Use Permit shall, at a minimum, require the Village Recognized Sports Provider to: have a current executed Recognized Sports Provider Agreement and meet all of its requirements.

1. Provide proof of insurance in the amounts listed below:

COMMERCIAL GENERAL LIABILITY: Village Recognized Sports Provider shall procure and maintain, for the life of the contract Commercial General Liability Insurance from a carrier that has an A.M. Best rating of A- VIII or better. This policy shall provide coverage for death, bodily injury, personal injury, products and completed operations liability and property damage that could arise directly or indirectly from the use of the Board Facilities. It must be an occurrence form policy. **THE SCHOOL BOARD OF PALM BEACH COUNTY, 3300 Forest Hill Blvd, West Palm Beach FL 33406 SHALL BE NAMED AS AN ADDITIONAL INSURED ON THE CERTIFICATE FOR COMMERCIAL GENERAL LIABILITY INSURANCE.**

The minimum limits of coverage shall be $1,000,000/occurrence, $2,000,000 aggregate, for Bodily Injury Liability and Property Damage Liability.

Required Endorsements:

- Additional Insured – CG 20 26 or CG 20 10 and CG 20 37 or their equivalents.

Note: CG 20 10 or CG 2026 must be accompanied by CG 20 37 to include products/completed operations.

- Waiver of Transfer Rights of Recovery – CG 24 04 or its equivalent.
- Primary and noncontributory – CG 20 01 or its equivalent.

Note: If blanket endorsements are being submitted, please include the entire endorsement and applicable policy number.

WORKERS' COMPENSATION: Village Recognized Sports Provider must comply with Section 440, Florida Statutes, Workers' Compensation and Employers' Liability Insurance with minimum statutory limits or elective exemptions as defined in Florida Statute 440 will be considered on a case by case basis.

Required Endorsements:

- Waiver of Subrogation – WC 0003 13 or its equivalent

(Required if employees provide work in conjunction with the facility use.)

BUSINESS AUTOMOBILE LIABILITY: Village Recognized Sports Provider shall procure and maintain, for the life of the contract, Business Automobile Liability Insurance. **THE SCHOOL BOARD OF PALM BEACH COUNTY, 3300 Forest Hill Blvd, West Palm Beach, FL 33406 SHALL BE NAMED AS AN ADDITIONAL INSURED ON THE CERTIFICATE FOR BUSINESS AUTOMOBILE LIABILITY INSURANCE.**

The minimum limits of coverage shall be $500,000 Combined Single Limit for Bodily Injury Liability and Property Damage Liability. This coverage shall be an "Any Auto" form policy. The insurance must be an occurrence form policy.

- Waiver of Transfer Rights of Recovery – CA 04 44 10 13 or its equivalent.

In the event the Village Recognized Sports Provider does not own any vehicles, the School District will accept hired and non-owned coverage in the amounts listed above. In addition, the School District will require an affidavit signed by the awarded proposer indicating the following:

_____ (Company Name) does not own any vehicles. In the event the company acquires any vehicles throughout the term of the contract, _____ (Company Name) agrees to purchase "Any Auto" coverage as of the date of acquisition.

PARTICIPANT ACCIDENT COVERAGE: $25,000

Required if Village Recognized Sports Provider utilizes Board facilities for any type of athletic activities. Examples are: team sports like soccer, football, tennis, tournaments, practice, swim and gymnastic meets, dance/cheer competitions, karate, dance recitals, and fitness class. This also includes games, camps or practice.

In the event of loss, damage or injury to the Village Recognized Sports Provider's property, the Village Recognized Sports Provider shall look solely to any insurance in its favor without making any claim against the Board. The Village shall require the Recognized Sports Provider to waive any right of subrogation against the Board, for loss,

damage or injury within the scope of the Village Recognized Sports Provider's insurance, and on behalf of itself and its insurer, waives all such claims against the Board;

2. Protect, defend, reimburse, indemnify and hold the Board, its agents, employees and elected officers harmless from and against all claims, liability, expenses, costs, damages and causes of action of every kind or character, including attorney's fees and costs, whether at trial or appellate levels or otherwise, arising from or in any way connected to the Village Recognized Sports Provider's use of the Board Facilities;

3. Provide adequate supervision of its own activities to prevent bodily harm to the users or damage to the facilities, taking into consideration the types of activities planned;

4. Return the Board Facilities in the same condition as they were accepted and to remove all waste, garbage and rubbish resulting from the Village Recognized Sports Provider's use of the Board Facilities;

5. Notify the Board and the Village Manager or his designee of any damage to the Board Facilities resulting from the Village Recognized Sports Provider's use of the Board Facilities and reimburse the Board for the actual costs to repair the damage; and

6. Notify the Board of any dangerous conditions existing on the Board's Facilities.

D. The Facility Use Permit issued by the Village shall also indicate that the Facility Use Permit may be revoked or suspended by the Village and the Board may deny access to the Board Facilities for failure to comply with the terms and conditions of the Facility Use Permit.

E. The Village Recognized Sports Providers shall be required to submit all requests for use of the Board Facilities in writing in the form attached hereto as Exhibit "C" to the Village Manager or his or her designee, no less than forty-five (45) days prior to the date the Village Recognized Sports Provider desires to use the Board Facility. The Village Manager or his designee shall coordinate scheduling of the use of the Board Facility with the Principal responsible for the management of the Board Facility or his or her designee. The Board shall be responsible for ensuring that a written response to the request is provided to the Village Manager or his or her designee within fifteen (15) days of the date of the Village Manager's, or his or her designee's request. In the event a request is denied, the reason for denial shall be stated in the written response.

F. Notwithstanding any provision of this Agreement to the contrary, the Board shall not be obligated to make the Board Facilities available for use for summer camps, tournaments, travel team practices or games or any events where admission, vendor fees and or charges will be collected or imposed by the Village or Village Recognized Sports Provider. These events shall require the parties to enter into a lease for use of the Board Facility and the payment of all fees, all in accordance with Board Policy 7.18.

G. To the extent that the Board's aquatic facilities are included within the term Board Facilities, as defined in Section 3.A. of this Agreement, the Board's aquatic facilities may only be utilized under this Agreement for aquatic programs and competitive activities such as swimming, diving, water polo practices and competitions and shall not be utilized

for leisure activities such as pool parties and/or open swims. The Village acknowledges and agrees the Board may charge a fee for use of the Board's aquatic facilities, which shall be consistent with Board Policy 7.18.

6. Maintenance/Repair of Facilities.

The parties acknowledge and agree that either party may deny a request for use of a Facility to perform maintenance or repairs to the Facility.

7. Notification of Responsibilities under Agreement.

The Board agrees to notify the Board's Principals of the terms and conditions of this Agreement and the Board's commitment to make the Board Facilities available to the Village and Village Recognized Sports Providers in accordance with the Priority of Use.

8. Dispute Resolution.

In the event an issue arises that cannot be resolved between the Board's Principal and the Village's Director of Parks and Recreation or his or her designee regarding the use or availability of a Facility, the dispute shall be referred to the Board's Chief Operating Officer and the Village Manager who shall both make a good faith effort to resolve the dispute. If the dispute cannot be settled through negotiation, the parties agree to try in good faith to settle the dispute by mediation before resorting to litigation.

9. Acceptance of Facilities.

Neither party shall be required to make any improvements or repairs to the Facilities as a condition of use of the Facilities by the other party or Village Recognized Sports Providers. The parties and Village Recognized Sports Providers shall accept the Facilities in their "As Is", "Where Is" condition. The parties acknowledge and agree that neither party has made any warranties or representations to the other party regarding the Facilities, including, but not limited to, any representations or warranties regarding the suitability of the Facilities for use by the other party or Village Recognized Sports Providers.

10. License.

Notwithstanding any provision of this Agreement to the contrary, the use the Facilities by either of the parties or the Village Recognized Sports Providers shall only amount to a license to use the Facilities on a non-exclusive basis, which license shall be revocable by the party licensing the use for any reason whatsoever. The parties agree that nothing in this Agreement shall be construed as granting either party or the Village Recognized Sports Providers any title, interest or estate in the Facilities.

11. Default.

The parties agree that, in the event either party is in default of its obligations under this Agreement, the non-defaulting party shall provide to the defaulting party thirty (30) days written notice to cure the default. In the event the defaulting party fails to cure the default within the thirty (30) day cure period, the non-defaulting party shall be entitled to seek any remedy available to it at law or equity, including, but not limited to, the right to terminate this Agreement and seek damages, if any.

12. Termination.

Notwithstanding any provision of this Agreement to the contrary, this Agreement may be terminated by either party: (i) without cause upon thirty (30) days prior written notice to the other party or (ii) with cause upon the expiration of the thirty (30) day cure period provided for in Paragraph 11 above.

13. Annual Appropriation.

Each party's performance and obligations under this Agreement shall be contingent upon an annual budgetary appropriation by its respective governing body for subsequent fiscal years.

14. Notice.

All notices required to be given under this Agreement shall be deemed sufficient to each party when delivered by United States Mail to the following:

IF TO VILLAGE:
Village of Palm Springs .
ATTN: Village Manager
226 Cypress Lane
Palm Springs, FL 33461

IF TO BOARD:
The School District of Palm Beach County
ATTN: Director of Planning and Intergovernmental Relations
3661 Interstate Park Road N, Suite 200
Riviera Beach, FL 33404

With copies to:

School Board General Counsel
3661 Interstate Park Road N, Suite 200
West Palm Beach, FL 33406

15. Governing Law and Venue.

This Agreement shall be construed by and governed by the laws of the State of Florida. The parties agree that any controversies or legal disputes arising out of this Agreement and any action involving the enforcement or interpretation of any rights hereunder shall be submitted to the jurisdiction of the State courts of the Fifteenth Judicial Circuit of Palm Beach County, Florida. If any action at law or in equity is brought to

enforce or interpret the provisions of this Agreement, each party shall be responsible for their own attorney's fees and costs incurred.

16. Subordination to Bond and Grant Obligations

The parties acknowledge that certain Facilities may be subject to bond covenants and restrictions or grant obligations and agree that this Agreement shall be subject and subordinate to any such covenants, restrictions and obligations. Notwithstanding any provision of this Agreement to the contrary, the parties shall not be obligated to make any Facility available for use by the other party or Village Recognized Sports Providers in a manner which either party has determined, in its sole discretion, would be contrary to any of its bond or grant obligations, including, but not limited to, making any of the Facilities available at no cost when such an action would be contrary to either party's bond or grant obligations. Each party agrees to provide timely notice to the other party in the event this provision makes a Facility unavailable for use.

17. Equal Opportunity Provision.

The parties agree that no person shall, on the grounds of race, color, sex, age, national origin, disability, religion, ancestry, marital status, familial status, sexual orientation, gender, gender identity or expression be excluded from the benefits of, or be subjected to any form of discrimination under any activity carried out by the performance of this Agreement.

18. Captions.

The captions and section designations set forth herein are for convenience only and shall have no substantive meaning.

19. Severability.

In the event that any section, paragraph, sentence, clause, or provision of this Agreement is held by a court of competent jurisdiction to be invalid, such shall not affect the remaining portions of this Agreement and the same shall remain in full force and effect.

20. Entirety of Agreement.

This Agreement represents the entire understanding between the parties, and supersedes all other negotiations, representations, or agreements, either written or oral, relating to this Agreement.

21. Incorporation by Reference.

Exhibits attached hereto and referenced herein shall be deemed to be incorporated into this Agreement by reference.

22. Amendment.

Except as otherwise provided for in this Agreement, this Agreement may be modified and amended only by written instrument executed by the parties hereto.

23. Waiver.

No waiver of any provision of this Agreement shall be effective against any party hereto unless it is in writing and signed by the party waiving such provision. A written

waiver shall only be effective as to the specific instance for which it is obtained and shall not be deemed a continuing or future waiver.

24. Construction.

Neither party shall be considered the author of this Agreement since the parties have participated in extensive negotiations and drafting and redrafting of this document to arrive at a final Agreement. Thus, the terms of this Agreement shall not be strictly construed against one party as opposed to the other party based upon who drafted it.

25. Filing.

A copy of this Agreement shall be recorded with the Clerk of the Circuit Court in and for Palm Beach County pursuant to Section 163.01(11), Florida Statutes.

26. Effective Date/Term.

This Agreement shall become effective when signed by both parties, and recorded with the Clerk of the Circuit Court in and for Palm Beach County. The term of this Agreement shall be for a period of one (1) year and shall be automatically renewed up to four (4) additional consecutive one (1) year terms, unless either party provides a written notice of intent to terminate the Agreement to the other party pursuant to Paragraph 12.

27. Prohibition Against Alcohol, Tobacco and Drones.

The manufacture, distribution, dispensation, possession, consumption or use of alcohol, tobacco products of any kind, e-cigarettes or controlled substances on Village or School Board-owned property is strictly prohibited and violation of this provision shall be a material breach of this Agreement. No unmanned aerial vehicles of any kind, also known as drones, shall be permitted on or about Village or School Board-owned property. Violation of this provision by any person associated with a Village Recognized Sports Provider shall be just cause for termination of the Village Recognized Sports Provider's privilege to use any Board Facility in the future.

28. Inspector General.

The Village agrees and understands that, except as otherwise required by law, it will provide the School Board's Office of Inspector General ("School Board's Inspector General") access to records related to this Agreement as required by School Board Policy 1.092(5)(e) and Policy 6.14(12).

Similarly, in accordance with Palm Beach County ordinance number 2011-009, the School Board acknowledges that this Agreement may be subject to investigation and/or audit by the Palm Beach County Inspector General. The School Board has reviewed Palm Beach County ordinance number 2011-009 and is aware of its rights and/or obligations under such ordinance.

29. No Third Party Beneficiaries.

No provision of this Agreement is intended to, or shall be construed to, create any third party beneficiary or to provide any rights to any person or entity not a party to this Agreement, including but not limited to any citizen or employees of the Village and/or Board.

30. Liens.

Each party's respective interest in the Facilities shall not be subject to liens arising from the others or the Village Recognized Sports Provider's use of the Facilities, or exercise of the rights granted hereunder. Each party shall promptly cause any lien imposed against the Facility of the other party relating to the use of Facilities under this Agreement to be discharged or transferred to bond.

31. No Agency Relationship.

Neither party is an agent or servant of the other. No person employed by either party to this Agreement, shall in connection with the performance of this Agreement or any services or functions contemplated hereunder, at any time, be considered the employee of the other party, nor shall an employee claim any right in or entitlement to any pension, workers' compensation benefit, unemployment compensation, civil service, or other employee rights or privileges granted by operation of law or otherwise, except through and against the party by whom they are employed.

32. Records.

Each party shall maintain its own respective records and documents associated with this Agreement in accordance with the records retention requirements applicable to public records. Each party shall be responsible for compliance with any public documents request served upon it pursuant to Section 119.07, Florida Statutes, and any resultant award of attorney's fees for non-compliance with that law.

33. Survival.

Provisions contained in this Agreement that, by their sense and context, are intended to survive the suspension or termination of this Agreement, shall so survive.

34. Waiver of Jury Trial.

EACH OF THE PARTIES HERETO HEREBY KNOWINGLY, VOLUNTARILY, AND INTENTIONALLY WAIVES THE RIGHT EITHER OF THEM MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY LITIGATION BASED HEREON, OR ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT.

35. Authority to Execute

Each Person signing this Agreement on behalf of either party individually warrants that he or she has full legal power to execute this Agreement on behalf of the party for whom he or she is signing, and to bind and obligate such party with respect to all provisions contained in this Agreement.

(The remainder of this page is intentionally left blank.)

IN WITNESS WHEREOF, the parties hereto have affixed their signatures on the day and year first above written.

Executive Brief

AGENDA DATE: March 10, 2022

DEPARTMENT: Parks & Recreation

ITEM #14: Approve Park ConnectoPathway Sub-Phase 2B (Change Order No. 1 & Closeout) (Task Order # 255) - Parks and Recreation Department (FY 2022 Budget Funded - General Fund) - E&F Florida Enterprises

SUMMARY: On April 8, 2021, the Council approved Task Order #255 with E&F Florida Enterprises, Inc. for the Park Connector Pathway Sub-Phase 2B (Davis Road - Greenbrier south to near Lakewood Road) project for the amount of $505,065.50. The project involved the replacement of a deteriorating existing five (5) foot-wide sidewalk with an eight (8) foot-wide enhanced sidewalk pathway along the west side of Davis Road, where space allowed. The project also included replacing sod along with the construction areas, paver crosswalks at designated locations, and Village-seal stamped concrete.

The project was started on June 7, 2021, and was substantially complete and inspected by January 31, 2022, and with no punch items identified, declared finished on the same day.

Note: The project entailed additional quantities of six (6) inch concrete work along the pathway as well as additional American Disabilities Act (ADA) Detectable Warnings, a field decision to install St. Augustine sod instead of Bahia in multiple areas to match existing, and required concrete work due to damage caused by Lake Worth Beach Utilities while installing new utility poles along Davis Road. Lake Worth Beach Utilities was invoiced and is reimbursing the Village for the incurred cost of replacing the damaged sidewalk.

The Village's contracted engineer, Wantman Group, Inc., and the Parks and Recreation Department are recommending approval of a final reconciliation change order (Change Order #1) in the amount of $7,445.40 in order to complete this project.

The final reconciliation (close out) for the Park Connector Pathway Sub-Phase 2B contract to E&F Enterprises Florida, Inc. is as follows:

Work Completed	**Amount**
Original Contract Amount	$505,065.50
Add: Change Order No. 1	$ 7,445.40
Final Revised Contract Amount	$512,510.90

If approved, the revised total cost of the Park Connector Pathway Sub-Phase 2B project within Task Order #255 will be $512,510.90. No additional change orders are anticipated for this project. Construction work is complete and, if approved, the contract will be closed.

The proposed reconciliation Change Order #1 was prepared by E&F Florida Enterprises, Inc. and reviewed by the Village's Contracted Engineer, the Public Services Project Manager, Parks and Recreation Director, and the Finance Director.

FISCAL IMPACT:

Funding to support Park Connector Pathway Sub-Phase 2B project (Task Order No. 255) was provided within the General Fund Budget - Capital Improvement Plan:

Project Costs	**Amount**
FY 2021 Approved Contract Award	$505,065.50
FY 2022 Requested Funding - Change Order No. 1	$ 7,445.40
Total Project Cost	**$512,510.90**

The Village will not expend more than the amount in the approved budget as it may be adopted/approved each year for these goods and services for the term of the contract.

AGREEMENT FOR CONSTRUCTION SERVICES

THIS AGREEMENT ("Agreement") is made this 8th day of April, 2021 between the **Village of Palm Springs**, Florida, a municipal corporation, hereinafter the "VILLAGE", with its office located at 226 Cypress Lane, Palm Springs, Florida 33461, and **E&F Florida Enterprises, Inc dba Creative Contracting Group**, hereinafter the "CONTRACTOR", with its office located at 3141 Fortune Way S-16, Wellington, Florida 33414.

RECITALS

WHEREAS, the VILLAGE issued Invitation to Bid -2021B-001 to construct Pathway Park Construction Sub-Phase 2B (Task Order #255) (the "ITB");

WHEREAS, the CONTRACTOR submitted a bid in response to the ITB;

WHEREAS, the VILLAGE desires to accept the CONTRACTOR's bid in order for the CONTRACTOR to render the goods and services as specified in the ITB and herein;

WHEREAS, the CONTRACTOR further warrants that it is experienced and capable of performing the services hereunder in a professional and competent manner; and,

WHEREAS, the VILLAGE finds awarding the ITB to the CONTRACTOR as described herein serves a valid public purpose.

NOW THEREFORE, the VILLAGE hereby engages the services of the CONTRACTOR, and in consideration of the mutual promises herein contained, the sufficiency of which is hereby acknowledged by both parties, the parties agree as follows:

1. AGREEMENT TERM

1.1 The term of this Agreement shall commence upon approval of this Agreement by the Village Council and the Village's issuance of a Notice to Proceed.

1.2 Final completion of the Scope of Work (as identified herein) shall be completed in accordance with the ITB, attached hereto and incorporated herein as Exhibit "A".

1.3 Liquidated Damages. Liquidated Damages shall be assessed in accordance with the provision set forth in the ITB.

1.4 The Recitals set forth above are incorporated into the body of this Agreement.

2. SCOPE OF WORK

2.1 The Scope of Work includes all goods and services and other things necessary for the construction of a fitness park as more specifically set forth in the ITB, which is incorporated herein by reference (the Scope of Work).

2.2 The CONTRACTOR represents to the VILLAGE that the Scope of Work provided under this Agreement shall be in accordance with accepted and established trade practices and

procedures recognized in the CONTRACTOR's trade in general and that the materials shall conform to the highest standards and in accordance with this Agreement.

2.3 The CONTRACTOR represents that it is licensed to do business in the State of Florida and that it holds and will maintain all applicable licenses required for the work to be completed under this Agreement. The CONTRACTOR further warrants its capability and experience to perform the work provided for herein in a professional and competent manner.

2.4 The Scope of Work shall be performed by the CONTRACTOR or under its supervision (if authorized) and all personnel engaged in performing the Scope of Work shall be fully qualified and, if required, authorized or permitted under the state and local law to perform such Scope of Work. All of the CONTRACTOR's personnel (and all subcontractors if authorized), while on VILLAGE premises, shall comply with all VILLAGE requirements governing safety, conduct and security.

2.5 The Scope of Work shall be completed in accordance with the terms and conditions set forth in the ITB the CDBG Agreement with Palm Beach County and this Agreement and within the time frame set forth in the ITB.

2.6 The Project is being funded in whole or in part by the Community Development Block Grant Project Agreement between Palm Beach County and the VILLAGE, dated December 15, 2020, which includes the Requirements for Federally Funded Projects ("Grant Agreement"). The CONTRACTOR shall abide by all requirements and obligations imposed on the VILLAGE or the VILLAGE's subcontractor (or as otherwise identified) under the Grant Agreement (a copy of which is attached hereto as **Exhibit "C"**). This includes all Federal and Davis Bacon Act Requirements. Federal Requirements Parts 1&2, Wage Determinations, and Statement of Acknowledgement must be included in the bid submittal. If the Grant Agreement is terminated for any reason, this Contract and the Contract Documents will also be terminated unless agreed in writing by the VILLAGE and CONTRACTOR to be extended.

3. INDEPENDENT CONTRACTOR; USE OF AGENTS OR ASSISTANTS

3.1 The CONTRACTOR is and shall be, in the performance of the Scope of Work under this Agreement, an independent contractor, and not an employee, agent, or servant of the VILLAGE. All persons engaged in any of the Scope of Work performed pursuant to this Agreement shall at all times, and in all places, be subject to the CONTRACTOR's sole direction, supervision, and control. The CONTRACTOR shall exercise control over the means and manner in which it and its employees perform the Scope of Work.

3.2 To the extent reasonably necessary to enable the CONTRACTOR to perform the Scope of Work hereunder and if authorized by the ITB, the CONTRACTOR shall be authorized to engage the services of any agents or assistants which it may deem proper, and may further employ, engage, or retain the services of such other persons or corporations to aid or assist in the proper performance of its duties. All costs of the services of, or expenses incurred by, such agents or assistants shall be paid by the CONTRACTOR.

4. MATERIALS

4.1 The CONTRACTOR shall provide all materials as more specifically set forth in the Scope of Work.

5. FEE AND ORDERING MECHANISM

5.1 This Agreement is for the construction of Pathway Park Construction Sub-Phase 2B (Task Order #255) for which the CONTRACTOR shall be entitled to a fee in an amount not to exceed $505,065.50.

5.2 Should the VILLAGE require additional materials or services, not included in this Agreement or authorized via use of the allowance, fees and payment for such work will be set forth in a separate amendment, as authorized in accordance with the VILLAGE's procurement code prior to any such additional materials or services being provided by the CONTRACTOR.

5.3 The VILLAGE's ordering mechanism for the Scope of Work performed under this Agreement may be a VILLAGE Purchase Order; however, the terms and conditions stated in a VILLAGE Purchase Order shall not apply. CONTRACTOR shall not exceed amounts expressed on any Purchase Order.

5.4 The VILLAGE's Fiscal Year ends on September 30th of each calendar year. The VILLAGE cannot authorize the purchase of goods or services beyond September 30th of each calendar year, prior to the annual budget being approved by the VILLAGE Council. Additionally, the VILLAGE must have budgeted appropriate funds for the goods and services in any subsequent Fiscal Year. If the budget is approved for said goods and services, the VILLAGE will issue a new Purchase Order for required and approved goods and/or services.

6. MAXIMUM COSTS

6.1 The CONTRACTOR expressly acknowledges and agrees that the total cost to complete the Scope of Work shall not exceed the amount set forth in Section 5.1, and no additional costs shall be authorized without prior written approval from the VILLAGE.

7. INVOICE

7.1 Generally. The CONTRACTOR shall submit invoices on a monthly basis detailing all work accomplished in the prior month and all materials installed and used in the work.

VILLAGE staff will review each invoice submitted by the CONTRACTOR. If approved, the VILLAGE will make payment in accordance with the Contract Documents. If not approved, the VILLAGE will notify the CONTRACTOR within twenty (20) business days of the VILLAGE's receipt and identify the action necessary to correct the invoice or a deficiency.

7.2 Payment to the CONTRACTOR shall be made pursuant to the **Community Development Block Grant Agreement** and Florida's Prompt Payment Act (for construction services), section 218.735, Florida Statutes, except as provided herein. Specifically, the VILLAGE will withhold ten

percent (10%) of each payment from an invoice to the CONTRACTOR as retainage until fifty percent (50%) of the invoice price is paid to the CONTRACTOR. Upon payment of fifty percent (50%) of the invoice price to the CONTRACTOR, the VILLAGE will withhold only five percent (5%) of each invoice payment made to the CONTRACTOR. Upon written request from the CONTRACTOR, VILLAGE staff may agree in writing with the CONTRACTOR to release a portion of the retainage upon payment of fifty percent (50%) of the invoice price being paid to the CONTRACTOR (not to exceed fifty percent (50%) of the total retainage amount).

7.3 Upon substantial completion, the CONTRACTOR and VILLAGE shall establish a punch-list of items that must be completed by the CONTRACTOR prior to the CONTRACTOR submitting its final payment request.

7.4 Final Payment shall occur as follows: Upon final completion and acceptance of the work in accordance with the Contract Documents (including all punch-list items) and final inspection by the appropriate agency with jurisdiction over the project (if other than the VILLAGE), the CONTRACTOR shall submit a "final invoice" to the VILLAGE. In order for both parties to close their books and records, the CONTRACTOR will clearly state "FINAL" on the CONTRACTOR's final invoice. This certifies that all work under the applicable invoice has been properly completed and all charges have been invoiced to the VILLAGE. Since this account will thereupon be closed, any and other further charges if not properly included in this final invoice are waived by the CONTRACTOR. If the CONTRACTOR's Final Invoice is approved as set forth above, the VILLAGE shall pay the remainder of the invoice price including any amount held as retainage.

7.5 Notwithstanding the foregoing, the VILLAGE shall not be required to pay or release any amount of retainage that is subject of a good faith dispute, the subject of a claim brought pursuant to section 255.05, Florida Statutes, or otherwise the subject of a claim or demand by the VILLAGE.

7.6 Final payment shall not become due until the CONTRACTOR and all of its subcontractors submit to the VILLAGE releases and waivers of liens, and data establishing payment or satisfaction of obligations, such as receipts, claims, security interests or encumbrances arising out of the Contract Documents or otherwise related to the Program.

7.7 Acceptance of final payment by the CONTRACTOR or a subcontractor shall constitute a waiver of claims by that payee except those previously made in writing and identified by that payee as unsettled at the time of final invoice.

8. AUDIT BY VILLAGE

8.1 The CONTRACTOR shall permit the VILLAGE, or any authorized representatives of the VILLAGE, at all reasonable times, access to and the right to examine all records, books, papers or documents related to the CONTRACTOR's performance under this Agreement including, but not limited to, expenses for sub-contractors, agents or assistants, direct and indirect charges for work performed and detailed documentation for all such work performed or to be performed under this Agreement.

9. COPIES OF DATA/DOCUMENTS

9.1 Copies or original documents prepared by the CONTRACTOR in relation to work associated with this Agreement shall be provided to the VILLAGE. Data collected, stored, and/or provided shall be in a form acceptable to the VILLAGE and agreed upon by the VILLAGE.

10. OWNERSHIP

10.1 Each and every report, draft, work product, map, record, and other document reproduced, prepared, or caused to be prepared by the CONTRACTOR pursuant to or in connection with this Agreement shall be the exclusive property of the VILLAGE.

11. WRITTEN AUTHORIZATION REQUIRED

11.1 The CONTRACTOR shall not make changes in the Scope of Work or perform any additional services or provide any additional material under this Agreement without first obtaining written authorization from the VILLAGE for such additional services or materials. Additional services or materials provided without written authorization shall be done at the CONTRACTOR's sole risk and without payment from the VILLAGE.

12. DEFAULTS, TERMINATION OF AGREEMENT

12.1 **TERMINATION BY VILLAGE:** The VILLAGE may terminate the agreement, the Contract and/or the Contract Documents if the CONTRACTOR is in default as follows:

(a) refuses or fails to supply enough properly skilled workers or proper materials to timely and competently complete the work;
(b) fails to make payment to subcontractors for materials or labor in accordance with the respective agreements between the CONTRACTOR and the subcontractors;
(c) disregards or takes action contrary to any laws, ordinances, or rules, regulations or orders of a public authority having jurisdiction;
(d) takes action, short of declaring bankruptcy, evidencing insolvency;
(e) fails to prosecute the services or work in a timely manner and reasonably be unable to reach substantial completion and/or final completion within the timeframe(s) required;
(f) fails or refuses to provide and/or maintain insurance or proof of insurance as required by the Contract Documents; or,
(g) otherwise is in breach of a provision of the Contract Documents.

When any of the above reasons exist, the VILLAGE, may without prejudice to any other rights or remedies of the VILLAGE and after giving the CONTRACTOR and the CONTRACTOR's surety (if applicable), written notice and five (5) days to cure, terminate the contract, Contract and/or Contract Documents and may:

(a) take possession of the site and of all materials, equipment, tools, and construction equipment and machinery thereon owned by or paid for by the VILLAGE; and,
(b) finish the work by whatever reasonable method the VILLAGE may deem expedient.

The CONTRACTOR and its surety (if any) shall be liable for any damage to the VILLAGE, including additional attorney and engineering/architectural fees, resulting from the

CONTRACTOR's termination under this provision by the VILLAGE, including but not limited to, and any increased costs incurred by the VILLAGE in completing the work.

When the VILLAGE terminates the Contract for one of the reasons stated above, the CONTRACTOR shall not be entitled to receive further payment, if any, until the work is finished.

Should it be determined by a mediator or a court of competent jurisdiction that the VILLAGE wrongfully terminated the Contract, then the CONTRACTOR agrees to treat such termination as a termination for convenience.

13 TERMINATION BY THE VILLAGE FOR CONVENIENCE

13.1 The VILLAGE may, at any time, terminate the Contract and Contract Documents for the VILLAGE's convenience and without cause. Upon receipt of written notice from the VILLAGE of such termination for the VILLAGE's convenience, the CONTRACTOR shall:

(a) cease operations as directed by the VILLAGE in the notice;
(b) take actions necessary, or that the VILLAGE may direct, for the protection and preservation of the work; and
(c) except for work directed to be performed prior to the effective date of termination stated in the notice, terminate all existing subcontracts and purchase orders and enter into no further subcontracts and purchase orders.

In case of such termination for the VILLAGE's convenience, the CONTRACTOR shall be entitled to receive payment for work executed, and costs incurred by reason of such termination including termination payments to subcontractors and demobilization costs.

14. INSURANCE

14.1. Prior to commencing the Scope of Work, the CONTRACTOR shall provide certificates evidencing insurance coverage as required in the ITB. All insurance policies shall be issued by companies authorized to do business under the laws of the State of Florida. The Certificates shall clearly indicate that the CONTRACTOR has obtained insurance of the type, amount, and classification as required for strict compliance with this Section and that no material change or cancellation of the insurance shall be effective without thirty (30) days' prior written notice to the VILLAGE. Failure to comply with the foregoing requirements shall not relieve the CONTRACTOR of its liability and obligations under this Contract. All insurance, other than Workers' Compensation, required hereunder shall specifically include the "Village of Palm Springs" as an "Additional Insured", and the CONTRACTOR shall provide additional insured endorsements section of Certificates of Insurance.

15. WAIVER OF BREACH

15.1 The waiver by either party of any breach of any provision of this Agreement shall not operate or be construed as a waiver of any subsequent breach of that same or any other provision.

16. INDEMNITY

16.1 The parties recognize that the CONTRACTOR is an independent contractor. The CONTRACTOR agrees to assume liability for and indemnify, hold harmless, and defend the VILLAGE, its council members, mayor, officers, employees, agents, and attorneys of, from, and against all liability and expense, including reasonable attorney's fees, in connection with any and all claims, demands, damages, actions, causes of action, and suits in equity of whatever kind or nature, including claims for personal injury, property damage, equitable relief, or loss of use, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the CONTRACTOR, its agents, officers, Contractors, subcontractors, employees, or anyone else utilized by the CONTRACTOR in the performance of this Contract. The CONTRACTOR's liability hereunder shall include all attorney's fees and costs incurred by the VILLAGE in the enforcement of this indemnification provision. This includes claims made by the employees of the CONTRACTOR against the VILLAGE and the CONTRACTOR hereby waives its entitlement, if any, to immunity under Section 440.11, Florida Statutes. The obligations contained in this provision shall survive termination of this Contract and shall not be limited by the amount of any insurance required to be obtained or maintained under this Contract.

16.2 Subject to the limitations set forth in this Section, CONTRACTOR shall assume control of the defense of any claim asserted by a third party against the VILLAGE and, in connection with such defense, shall appoint lead counsel, in each case at the CONTRACTOR's expense. The VILLAGE shall have the right, at its option, to participate in the defense of any third party claim, without relieving CONTRACTOR of any of its obligations hereunder. If the CONTRACTOR assumes control of the defense of any third party claim in accordance with this paragraph, the CONTRACTOR shall obtain the prior written consent of the VILLAGE before entering into any settlement of such claim. Notwithstanding anything to the contrary in this Section, the CONTRACTOR shall not assume or maintain control of the defense of any third party claim, but shall pay the fees of counsel retained by the VILLAGE and all expenses, including experts' fees, if (i) an adverse determination with respect to the third party claim would, in the good faith judgment of the VILLAGE, be detrimental in any material respect to the VILLAGE's reputation; (ii) the third party claim seeks an injunction or equitable relief against the VILLAGE; or (iii) the CONTRACTOR has failed or is failing to prosecute or defend vigorously the third party claim. Each party shall cooperate, and cause its agents to cooperate, in the defense or prosecution of any third party claim and shall furnish or cause to be furnished such records and information, and attend such conferences, discovery proceedings, hearings, trials, or appeals, as may be reasonably requested in connection therewith.

16.3 It is the specific intent of the parties hereto that the foregoing indemnification complies with Section 725.06, Florida Statutes, as amended. CONTRACTOR expressly agrees that it will not claim, and waives any claim, that this indemnification violates Section 725.06, Florida Statues. Nothing contained in the foregoing indemnification shall be construed as a waiver of any immunity or limitation of liability the VILLAGE may have under the doctrine of sovereign immunity or Section 768.28, Florida Statutes.

17. ENTIRE AGREEMENT AND ORDER OF PRECEDENCE

17.1 This Agreement consists of the terms and conditions provided herein, the underlying Community Development Block Grant (CDBG) Agreement that funds a portion of the project, as may be amended and the ITB (the ITB includes the CONTRACTOR'S response). To the extent that there exists a conflict between the documents, the CDBG Agreement, this Agreement and the ITB, shall prevail in that order. Wherever possible, the provisions of such documents shall be construed in such a manner as to avoid conflicts between provisions of the various documents.

17.2 This Agreement supersedes any and all other Agreements, either oral or in writing, between the parties hereto with respect to the subject matter hereof, and no other Agreement, statement, or promise relating to the subject matter of this Agreement which is not contained herein shall be valid or binding.

18. ASSIGNMENT

18.1 Nothing under this Agreement shall be construed to give any rights or benefits to any party other than the VILLAGE and the CONTRACTOR. All duties and responsibilities under this Agreement shall be for the sole and exclusive benefit of the VILLAGE and the CONTRACTOR and not for the benefit or any other party. The CONTRACTOR shall not assign any right or interest in this Agreement, and shall not delegate any duty owned, without the VILLAGE's prior written consent. Any attempted assignment or delegation shall be void and totally ineffective for all purposes, and shall constitute a material breach upon which the VILLAGE may immediately terminate or suspend this Agreement.

18.2 In the event the VILLAGE consents to an assignment or delegation, the assignee, delegate, or its legal representative shall agree in writing to personally assume, perform, and be bound by this Agreement's covenants, conditions, obligations and provisions.

19. SUCCESSORS AND ASSIGNS

19.1 Subject to the provision regarding assignment, this Agreement shall be binding on the heirs, executors, administrators, successors, and assigns of the respective parties.

20. WAIVER OF TRIAL BY JURY

20.1 TO ENCOURAGE PROMPT AND EQUITABLE RESOLUTION OF ANY LITIGATION, EACH PARTY HEREBY WAIVES ITS RIGHTS TO A TRIAL BY JURY IN ANY LITIGATION RELATED TO OR ARISING FROM THIS AGREEMENT.

21. GOVERNING LAW AND REMEDIES

21.1 The validity of this Agreement and of any of its terms or provisions, as well as the rights and duties of the parties hereunder, shall be governed by the laws of the State of Florida and venue for any and all disputes related to or arising from this Agreement shall be in Palm Beach County, Florida.

21.2 No remedy herein conferred upon any party is intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or further exercise thereof.

22. TIME IS OF THE ESSENCE

22.1 Time is of the essence in the completion of the Scope of Work as specified herein.

23. NOTICES

23.1 All notices hereunder must be in writing and, unless otherwise provided herein, shall be deemed validly given on the date when personally delivered to the address indicated below; or on the third (3rd) business day following deposit, postage prepaid, using certified mail, return receipt requested, in any U.S. postal mailbox or at any U.S. Post Office; or when sent via nationally recognized overnight courier to the address indicated below. Should the VILLAGE or the CONTRACTOR have a change of address, the other party shall immediately be notified in writing of such change, provided, however, that each address for notice must include a street address and not merely a post office box. All notices, demands or requests from the CONTRACTOR to the VILLAGE shall be given to the VILLAGE address as follows:

Village Manager
Village of Palm Springs
226 Cypress Lane
Palm Springs, Florida 33461

All notices, demands or requests from the VILLAGE to the CONTRACTOR shall be given to the CONTRACTOR address as follows:

24. SEVERABILITY

24.1 Should any part, term or provision of this Agreement or any document required herein to be executed be declared invalid, void or unenforceable, all remaining parts, terms and provisions hereof shall remain in full force and effect and shall in no way be invalidated, impaired or affected thereby.

25. DELAYS AND FORCES OF NATURE

25.1 The CONTRACTOR shall not be considered in default by reason of a delay in timely performance if such delay and failure arises out of causes reasonably beyond the control of the CONTRACTOR or its subcontractors (if authorized) and without their fault or negligence. Upon the CONTRACTOR's request, the VILLAGE shall consider the facts and extent of any such delay and failure to timely perform the work for reason beyond the control of the CONTRACTOR and, if the CONTRACTOR'S delay and failure to timely perform was without it or its subcontractors' fault or negligence, as determined by the VILLAGE in its sole discretion, the time of completion shall be extended for any reasonable time that the VILLAGE, in its sole discretion, may decide; subject to the VILLAGE'S rights to change, terminate, or stop any or all of the work at any time. If the CONTRACTOR is delayed at any time in the progress of the work by any act or neglect of the VILLAGE or its employees, or by any other contractor employed by the VILLAGE, or by changes ordered by the VILLAGE or in an unusual delay in transportation, unavoidable casualties, or any causes beyond the CONTRACTOR'S control, or by delay authorized by the VILLAGE

pending negotiation or by any cause which the VILLAGE, in its sole discretion, shall decide justifies the delay, then the time of completion shall be extended for any reasonable time the VILLAGE, in its sole discretion, may decide. No extension of time shall be made for any delay occurring more than five (5) days before a claim therefore is made in writing to the VILLAGE. In the case of continuing cause of delay, only one (1) claim is necessary. The CONTRACTOR's sole remedy for a delay in completion of the work for any reason will be an extension of time to complete the work and CONTRACTOR specifically waives any right to seek any monetary damages or losses for a delay in completion of the work, including, but not limited to, waiving any right to seek monetary amounts for lost profits, additional overhead, salaries, lost productivity, efficiency losses, or any other alleged monetary losses which may be allegedly suffered by CONTRACTOR due to a delay in completion of the work.

25.2 Neither party shall be considered in default in the performance of its obligations hereunder or any of them, if such obligations were prevented or delayed by any cause, existing or future beyond the reasonable control of such party which include but are not limited to acts of God, labor disputes or civil unrest.

26. COUNTERPARTS

26.1 This Agreement may be executed in counterparts, each of which shall be an original, but all of which shall constitute one and the same document. Each of the parties should sign a sufficient number of counterparts, so that each party will receive a fully executed original of this Agreement.

27. LIMITATIONS OF LIABILITY

27.1 Under no circumstances shall either party be liable to the other for any consequential, incidental, special, punitive, or any other form of indirect or non-compensatory damages.

28. PUBLIC ENTITY CRIMES

28.1 CONTRACTOR acknowledges and agrees that a person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier or sub-contractor under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statutes, for CATEGORY TWO for a period of 36 months following the date of being placed on the convicted vendor list. CONTRACTOR will advise the VILLAGE immediately if it becomes aware of any violation of this statute.

29. SCRUTINIZED COMPANIES.

29.1 As provided in Section 287.135, Florida Statutes, as amended from time to time, by entering into any agreement with the VILLAGE, or performing any work in furtherance hereof, CONTRACTOR certifies that CONTRACTOR and CONTRACTOR's affiliates, suppliers, subcontractors and consultants that will perform hereunder that at the time CONTRACTOR submits a bid or proposal for a contract or before CONTRACTOR enters into or renews a

contract with an agency or local governmental entity for goods or services of $1 million or more, the company must certify that CONTRACTOR is not on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List and that it does not have business operations in Cuba or Syria. Also, at the time a contractor submits a bid or proposal for a contract or before the contractor enters into or renews a contract with an agency or local governmental entity for goods or services of any amount, CONTRACTOR must certify that it is not participating in a boycott of Israel. If the VILLAGE determines, using credible information available to the public, that a false certification has been submitted by CONTRACTOR, the VILLAGE's Agreement may be terminated and a civil penalty equal to the greater of $2 million or twice the amount of the Agreement shall be imposed, pursuant to Section 287.135, Florida Statutes.

30. PREPARATION

30.1 This Agreement shall not be construed more strongly against either party regardless of who was more responsible for its preparation.

31. PALM BEACH COUNTY INSPECTOR GENERAL

31.1 In accordance with Palm Beach County ordinance number 2011-009, the CONTRACTOR acknowledges that this Agreement may be subject to investigation and/or audit by the Palm Beach County Inspector General. The CONTRACTOR has reviewed Palm Beach County ordinance number 2011-009 and is aware of its rights and/or obligations under such ordinance.

32. ENFORCEMENT COSTS

32.1 All parties shall be responsible for their own attorneys' fees, court costs and expenses if any legal action or other proceeding is brought for any dispute, disagreement, or issue of construction or interpretation arising hereunder whether relating to the Agreement's execution, validity, the obligations provided therein, or performance of this Agreement, or because of an alleged breach, default or misrepresentation in connection with any provisions of this Agreement.

33. PUBLIC RECORDS

33.1 The CONTRACTOR shall comply with Florida's Public Records Laws, Chapter 119, Florida Statutes, and, if it is acting on behalf of the VILLAGE as provided under section 119.011(2), the CONTRACTOR specifically agrees to:

(a) Keep and maintain public records required by the VILLAGE to perform the services under this Agreement.

(b) Upon request from the VILLAGE's custodian of public records, provide the VILLAGE with a copy of the requested records or allow the records to be inspected or copied within a reasonable tie at a cost that does not exceed the cost provided in this Chapter 119, Florida Statutes, or as otherwise provided by law.

(c) Ensure that said public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement term and following completion of the Agreement, if the CONTRACTOR does not transfer the records to the VILLAGE.

(d) Upon the completion of the Agreement, transfer, at no cost, to the VILLAGE all public records in possession of the CONTRACTOR or keep and maintain public records required by the VILLAGE to perform the services. If the CONTRACTOR transfers all public records to the VILLAGE upon completion of the Agreement, the CONTRACTOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the CONTRACTOR keeps and maintains public records upon completion of the Agreement, the CONTRACTOR shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the VILLAGE, upon request from the VILLAGE's custodian of public records, in a format that is compatible with the information technology systems of the Village.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS OR DESIGNEE AT 561-434-5084, kwynn@vpsfl.org, OR BY MAIL AT VILLAGE OF PALM SPRINGS, 226 CYPRESS LANE, PALM SPRINGS, FL 33461.

34. INFRINGEMENT INDEMNITY

34.1 The CONTRACTOR will defend or settle at its expense a claim or suit brought by a third party against the VILLAGE arising out of a claim asserting that the services, work, repair, materials or other deliverables ("deliverables" hereafter) provided by the CONTRACTOR under the Contract Documents (if any) infringes any U.S. copyright or any U.S. patent or misappropriates a trade secret. The CONTRACTOR will indemnify and hold harmless the VILLAGE against and from damages, costs, and attorneys' fees, if any and at all levels of trial and appeal or mediation or arbitration, finally awarded in such suit or the amount of the settlement thereof; provided that (i) the CONTRACTOR is promptly notified in writing of such claim or suit, (ii) the CONTRACTOR will have the sole control of the defense and settlement thereof, and (iii) VILLAGE furnishes the CONTRACTOR, on reasonable request, information available to VILLAGE for such defense. The VILLAGE will not admit any such claim without prior consent of the CONTRACTOR.

(a) In the event of a claim of infringement, the CONTRACTOR shall, at its option:

1. procure for VILLAGE the right to continue using the deliverables provided under the Contract Documents; or

2. replace or modify the deliverables so that the same becomes non-infringing but substantially equivalent in functionality and performance.

3. If neither of the above actions is reasonably feasible, the CONTRACTOR will refund to VILLAGE the fee actually paid by VILLAGE under the Contract Documents (as amortized on a straight-line basis over the time in which the VILLAGE was able to use the deliverables.

(b) The CONTRACTOR will have no obligation under this section for infringement and to the extent that such claim arises from:

1. modification of the deliverables other than by the CONTRACTOR or by its recommendation; or

2. combination of the deliverables with products other than those supplied by the CONTRACTOR;

and

3. the alleged infringement or misappropriation relates to such modification or combination.

(c) The CONTRACTOR will also not have any indemnification obligation with respect to a claim: (i) if it has provided VILLAGE with reasonable changes that would have avoided the problem and the reasonable changes are not fully implemented by VILLAGE within a reasonable time or (ii) arising out use of the deliverables not in accordance with the Contract Documents.

(d) CONTRACTOR's obligation to indemnify, defend and hold harmless shall remain in effect and shall be binding upon the CONTRACTOR whether such injury or damage shall accrue, or may be discovered, before or after termination or expiration of the Contract Documents.

35. COMPLIANCE WITH OCCUPATIONAL SAFETY AND HEALTH

35.1 CONTRACTOR certifies that all material, equipment, etc., contained in this bid meets all OSHA requirements. CONTRACTOR further certifies that, if the material, equipment, etc., delivered is subsequently found to be deficient in any OSHA requirements in effect on date of delivery, all costs necessary to bring the material, equipment, etc. into compliance with the aforementioned requirements shall be borne by the CONTRACTOR.

36. FEDERAL AND STATE TAX

36.1 The Village is exempt from payment of Florida State Sales and Use Tax. The CONTRACTOR is not authorized to use the Village's Tax Exemption Number.

37. PROTECTION OF PROPERTY

37.1 The CONTRACTOR shall at all times guard against damage or loss to the property of the VILLAGE or of other vendors or contractors and shall be held responsible for replacing or repairing any such loss or damage. The VILLAGE may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss or damage to property through negligence of the successful CONTRACTOR or its agents. The CONTRACTOR shall be responsible to safeguard all of their property such as tools and equipment while on site. The VILLAGE will not be held responsible for any loss of CONTRACTOR property due to theft or vandalism.

38. DAMAGE TO PERSONS OR PROPERTY

38.1 The responsibility for all damage to person or property arising out of or on account of Scope of Work done under this Contract shall rest upon the CONTRACTOR.

39. WARRANTY

39.1 CONTRACTOR warrants and guarantees to the VILLAGE that the Scope of Work provided under this Agreement shall be in accordance with this Agreement and the ITB and as further specified in the ITB.

40. SURVIVABILITY

40.1 Any provision of this Agreement which is of a continuing nature or imposes an obligation which extends beyond the term of this Agreement shall survive its expiration or earlier termination.

41. DISCRIMINATION

41.1 The CONTRACTOR warrants and represents that all of its employees are treated equally during employment without regard to race, color, religion, disability, sex, age, national origin, ancestry, political affiliation, marital status, handicap, or sexual orientation. Further, CONTRACTOR shall not discriminate or permit discrimination against any employee or an applicant for employment on the basis of race, color, sex, religion, political affiliation, natural origin, ancestry, marital status, sexual orientation or handicap.

42. CONSTRUCTION DEFECTS.

42.1 PURSUANT TO SECTION 558.005, FLORIDA STATUTES, ANY CLAIMS FOR CONSTRUCTION DEFECTS ARE NOT SUBJECT TO THE NOTICE AND CURE PROVISIONS OF CHAPTER 558, FLORIDA STATUTES.

43. REIMUBURSEMENT OF ENGINEER EXPENSES

43.1 Should the completion of the contract be delayed beyond the specified or adjusted time limit, CONTRACTOR shall reimburse the VILLAGE for all expenses of engineering and inspection incurred by the VILLAGE during the period between said specified or adjusted time and the actual date of final completion. All such expenses for engineering and inspection incurred by the VILLAGE will be charged to CONTRACTOR and be deducted from payments due CONTRACTOR as provided by this Contract. Said expenses shall be further defined as engineer charges associated with the construction contract administration, including resident project representative costs. All such expenses shall be separate from and in addition to any Liquidated Damages.

44. PUBLIC CONSTRUCTION BOND

44.1 If the contract amount exceeds $200,000 in total construction cost, the CONTRACTOR must provide the VILLAGE with a public construction bond in accordance with section 255.05, Florida Statutes. Said bond must be recorded in the Official Records in and for Palm Beach County and a copy of the recorded bond must be provided to the VILLAGE prior to the CONTRACTOR providing any services under the contract. The VILLAGE reserves the right to request a bond for any work which is less than $200,000. The cost of the bond shall be a direct pass through cost to the VILLAGE without any mark-up by the CONTRACTOR.

44.2 The public construction bond shall be on forms attached hereto as **Exhibit "B"** or substantially similar as approved by the VILLAGE. The bond shall be in an amount not less than the total contract price and shall incorporate by reference the terms of the Contract Documents in their entirety.

44.3 To be acceptable to the VILLAGE, a Surety Company shall comply with the following provisions:

(a) The Surety Company shall have a currently valid Certificate of Authority, issued by the State of Florida Department of Insurance, authorizing it to write surety bonds in the State of Florida.

(b) The Surety Company shall have a currently valid Certificate of Authority issued by the United States Department of Treasury under Sections 9304 to 9308 of Title 31 of the United States Code.

(c) The Surety Company shall be in full compliance with the provisions of the Florida Insurance Code.

(d) The Surety Company shall have at least twice the minimum surplus and capital required by the Florida Insurance Code at the time the contract is approved.

(e) The Surety Company shall have at least the ratings of A-/Class V in the latest issue of Best's Key Rating Guide.

(f) The Surety Company shall not expose itself to any loss on any one risk in an amount exceeding ten (10) percent of its surplus to policyholders, provided:

1. Any risk or portion of any risk being reinsured shall be deducted in determining the limitation of the risk as prescribed in this section. These minimum requirements shall apply to the reinsuring carrier providing authorization or approval by the State of Florida, Department of Insurance to do business in this state have been met.
2. In the case of the surety insurance company, in addition to the deduction for reinsurance, the amount assumed by any co-surety, the value of any security deposited, pledged or held subject to the consent of the surety and for the protection of the surety shall be deducted.

45. E-VERIFY

45.1 Pursuant to Section 448.095(2), Florida Statutes, beginning on January 1, 2021, the CONTRACTOR shall:

(a) Register with and use the E-Verify system to verify the work authorization status of all newly hired employees and require all subcontractors (providing services or receiving funding under this Agreement) to register with and use the E-Verify system to verify the work authorization status of all the subcontractors' newly hired employees;

(b) Secure an affidavit from all subcontractors (providing services or receiving funding under this Agreement) stating that the subcontractor does not employ, contract with, or subcontract with an "unauthorized alien" as defined in Section 448.095(1)(k), Florida Statutes;

(c) Maintain copies of all subcontractor affidavits for the duration of this Agreement and provide the same to the Owner upon request;

(d) Comply fully, and ensure all of its subcontractors comply fully, with Section 448.095, Florida Statutes;

(e) Be aware that a violation of Section 448.09, Florida Statutes (Unauthorized aliens; employment prohibited) shall be grounds for termination of this Agreement; and,

(f) Be aware that if the VILLAGE terminates this Agreement under Section 448.095(2)(c), Florida Statutes, the CONTRACTOR may not be awarded a contract for at least one (1) year after the date on which the Agreement is terminated and will be liable for any additional costs incurred by the VILLAGE as a result of the termination of the Agreement.

46. CONTRACTOR'S ADDITIONAL REPRESENTATIONS AND AGREEMENTS

In order to induce the VILLAGE to enter into this Contract, the CONTRACTOR makes the following representations:

46.1 CONTRACTOR has or will familiarize itself with the nature and extent of the Contract Documents, work, site, locality, and all local conditions and laws and regulations that in any manner may affect cost, progress, performance or furnishing of the work prior to commencing the work. All work shall be performed consistent with all applicable laws and regulations.

46.2 CONTRACTOR agrees to be solely responsible for compliance with all applicable environmental regulations, for any liability arising from non-compliance with the regulations and to reimburse the VILLAGE for any loss incurred in connection therewith. This compliance provision specifically includes the CONTRACTOR's compliance with all applicable standards, orders or regulations including, without limitation, those issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387).

46.3 The CONTRACTOR represents and warrants that it has and will continue to maintain all licenses and approvals required to conduct its business and provide the work required under the Contract Documents. Proof of such licenses and approvals shall be submitted to the VILLAGE upon request.

IN WITNESS WHEREOF the parties hereto have made and executed this Agreement for the construction of a fitness park on the day and year first above written.

   - Guidance to Contractor for Compliance with Labor Standards Provisions
   - The applicable wage decision(s) shown below is attached:

Wage Decision(s) No.:	FL20210182 Mod 0, Highway 1/1/2021

Section 00310
BID FORM

ARTICLE 1 – BID RECIPIENT

1.01 This Bid is submitted to:

VILLAGE OF PALM SPRINGS

C/O Kimberly Wynn, Village Clerk

226 Cypress Lane, Palm Springs, FL 33461

1.02 The undersigned Bidder proposes and agrees, if this Bid is accepted, to enter into an Agreement with Owner in the form included in the Bidding Documents to perform all Work as specified or indicated in the Bidding Documents for the prices and within the times indicated in this Bid and in accordance with the other terms and conditions of the Bidding Documents.

ARTICLE 2 – BIDDER'S ACKNOWLEDGEMENTS

2.01 Bidder accepts all of the terms and conditions of the Instructions to Bidders, including without limitation those dealing with the disposition of Bid security. This Bid will remain subject to acceptance for 120 days after the Bid opening, or for such longer period of time that Bidder may agree to in writing upon request of Owner.

ARTICLE 3 – BIDDER'S REPRESENTATIONS

3.01 In submitting this Bid, Bidder represents that:

A. Bidder has examined and carefully studied the Bidding Documents, and any data and reference items identified in the Bidding Documents, and hereby acknowledges receipt of the following Addenda:

Addendum No.	Addendum, Date
01	3-8-21

B. Bidder has visited the Site, conducted a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and satisfied itself as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.

C. Bidder is familiar with and has satisfied itself as to all Laws and Regulations that may affect cost, progress, and performance of the Work.

D. Bidder has carefully studied all: (1) reports of explorations and tests of subsurface conditions at or adjacent to the Site and all drawings of physical conditions relating to existing surface or subsurface structures at the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings, and (2) reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings.

E. Bidder has considered the information known to Bidder itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Bidding Documents; and any Site-related reports and drawings identified in the Bidding Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Bidder; and (3) Bidder's safety precautions and programs.

F. Bidder agrees, based on the information and observations referred to in the preceding paragraph, that no further examinations, investigations, explorations, tests, studies, or data are necessary for the determination of this Bid for performance of the Work at the price bid and within the times required, and in accordance with the other terms and conditions of the Bidding Documents.

G. Bidder is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Bidding Documents.

H. Bidder has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Bidder has discovered in the Bidding Documents, and confirms that the written resolution thereof by Engineer is acceptable to Bidder.

I. The Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for the performance and furnishing of the Work.

J. The submission of this Bid constitutes an incontrovertible representation by Bidder that Bidder has complied with every requirement of this Article, and that without exception the Bid and all prices in the Bid are premised upon performing and furnishing the Work required by the Bidding Documents.

ARTICLE 4 – BIDDER'S CERTIFICATION

4.01 Bidder certifies that:

A. This Bid is genuine and not made in the interest of or on behalf of any undisclosed individual or entity and is not submitted in conformity with any collusive agreement or rules of any group, association, organization, or corporation;

B. Bidder has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid;

C. Bidder has not solicited or induced any individual or entity to refrain from bidding; and

D. Bidder has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for the Contract. For the purposes of this Paragraph 4.01.D:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process;

2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process to the detriment of Owner, (b) to establish bid prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;

3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish bid prices at artificial, non-competitive levels; and

4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the e execution of the Contract.

ARTICLE 5 – BASIS OF BID

SECTION 00315

BIDDER QUALIFICATIONS QUESTIONNAIRE

The BIDDER guarantees the truth and accuracy of all statements and answers herein contained. Include additional sheets if necessary. Print in ink or type all answers.

In order to receive bid award consideration on this bid, this Qualifications Questionnaire should be completed and returned with your bid. This information may be used in determining the bid award for this project.

CONTRACTORS proposing to be qualified to perform the Work are advised that they must address each item of this questionnaire.

1. How many years has the BIDDER identified on signature of Bidder page been in business? 17 Years

2. General Contractor's License Number (attach copy): CGC1513410.

3. Attach documents demonstrating evidence of BIDDER's qualifications to do business in Palm Beach County, Florida. ✓

4. What is the last project of this nature (similar scope) that you have completed? (Owner, Engineer contact, Contract Time, Bid Value, Final Contract Amount, identify completion date).

   Project Title: Love ST Parking lot Renovations

Owner Contact: TOWN OF JUPITER Ph: 561-741-2281

Engineer Contact: Scott Isberner Ph: 561-741-2281

Contract Time: 120 days Bid Value: 407,700

Final Contract Amount: 393,414 Completion Date: 12/10/19

5. Have you ever failed to complete work awarded to you? If so, where and why.

NO.

6. Have you personally inspected the proposed work and have you a complete understanding and plan for its completion?

Yes.

7. Will you subcontract any part of this work: If so, give details:

Name of Subcontractor	Work to be performed
Line Technology	Thermo plastic Stripping

8. What equipment do you own that is available for the work? (Attach additional listing if necessary.)

2 Landscape Trucks for Demo + Haul, excavators, bobcats, chipping hammers, wet saws, curbing machine, and numerous other power tools & equipment that may be needed.

ELECTRONIC FILE(S) DISCLAIMER

At CONTRACTOR's request, Wantman Group, Inc. (WGI) will provide electronic files for CONTRACTOR's convenience and use in the preparation of CONTRACTOR's proposal related to Pathway Park Construction Phase 2B subject to the following terms and conditions:

WGI's electronic files are compatible with Adobe Reader. WGI makes no representation as to the compatibility of these files with CONTRACTOR's hardware or CONTRACTOR's software.

Data contained on these electronic files are part of WGI's instruments of service and shall not be used by CONTRACTOR or anyone else receiving these data through or from CONTRACTOR for any purpose other than as a convenience in the preparation of CONTRACTOR's bid for the referenced project. Any other use or reuse by CONTRACTOR or by others will be at CONTRACTOR's sole risk and without liability or legal exposure to EGI. CONTRACTOR agrees to make no claim and hereby waive, to the fullest extent permitted by law, any claim or cause of action of any nature against WGI, our officers, directors, employees, agents or sub consultants that may arise out of or in connection with CONTRACTOR's use of the electronic files.

Furthermore, CONTRACTOR shall, to the fullest extent permitted by law, indemnify and hold EGI harmless against all damages, liabilities or costs, including reasonable attorneys' fees and defense costs, arising out of or resulting from CONTRACTOR's use of these electronic files.

These electronic files are bidding documents. Differences may exist between these electronic files and corresponding hard-copy construction documents. WGI makes no representation regarding the accuracy or completeness of the electronic files CONTRACTOR receives. In the event that a conflict arises between the signed and sealed hard-copy construction documents prepared by WGI and the electronic files, the

signed and sealed hard-copy construction documents shall govern. CONTRACTOR is responsible for determining if any conflict exists. By CONTRACTOR's use of these electronic files, CONTRACTOR is not relieved of CONTRACTOR's duty to fully comply with the contract documents, including, and without limitation, the need to check, confirm and coordinate all dimensions and details, take field measurements, verify field conditions and coordinate CONTRACTOR's work with that of material/equipment suppliers and/or subcontractors for the project and to be sure that all pages of the documents have been received.

Because information presented on the electronic files can be modified, unintentionally or otherwise, WGI reserves the right to remove all indicia of ownership and/or involvement from each electronic display.

WGI makes no warranties, either express or implied, of merchantability and fitness for any purpose other than bidding this project. In no event shall WGI be liable for any loss of profit or any consequential damages as a result of CONTRACTOR's use or reuse of these electronic files.

BID BOND

STATE OF FLORIDA)

) SS

KNOW ALL MEN BY THESE PRESENTS, that we, E&F Florida Enterprises, Inc dba Creative Contracting Group

as Principal and CONTRACTOR, and United States Fire Insurance Company

hereinafter called Surety, are held and firmly bound unto The Village of Palm Springs, Palm Springs, Florida, a political subdivision of the State of Florida, and represented by its Village Council hereinafter called OWNER, in the sum of Five Percent of Amount Bid Dollars ($ 5% of Amount Bid) lawful money of the United States of America, for the payment of which well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally, by these presents.

WHEREAS, the Principal contemplates submitting or has submitted a Bid to the OWNER for the furnishing of all labor, materials, equipment, machinery, tools, apparatus, means of transportation for, and the performance of the work covered in the Proposal and the detailed Drawings and Specifications, entitled:

Pathway Park Construction Phase 2B

WHEREAS, it was a condition precedent to the submission of said bid that a cashier's check, certified check or bid bond in the amount of 5 percent of the base bid be submitted with said bid as a guarantee that the Bidder would, if awarded the Contract, enter into a written Contract with the OWNER for the performance of said Contract, within 10 consecutive calendar days after written notice having been given of the award of the Contract.

NOW, THEREFORE, the conditions of this obligation are such that if the Principal within 10 consecutive calendar days after written notice of such acceptance, enters into a written Contract with the OWNER and furnishes the Performance and Payment Bond, each in an amount equal to 100 percent of the base bid, satisfactory to the OWNER, then this obligation shall be void; otherwise the sum herein stated shall be due and payable to the OWNER and the sum herein stated shall be due and payable to the OWNER and the Surety herein agrees to pay said sum immediately upon demand of the OWNER in good and lawful money of the United States of America, as liquidated damages for failure thereof of said Principal.

IN WITNESS WHEREOF, the said E&F Florida Enterprises, Inc dba Creative Contracting Group, as Principal herein, has caused these presents to be signed in its name by its _____ and attested by its _____ under its corporate seal, and the said United States Fire Insurance Company as Surety herein, has caused these presents to be signed in its name by its under its corporate seal, this 16th day of March A.D., 20 21.

POWER OF ATTORNEY
UNITED STATES FIRE INSURANCE COMPANY
PRINCIPAL OFFICE - MORRISTOWN, NEW JERSEY

02725427820

KNOW ALL MEN BY THESE PRESENTS: That United States Fire Insurance Company, a corporation duly organized and existing under the laws of the state of Delaware, has made, constituted and appointed, and does hereby make, constitute and appoint:

Brett Rosenhaus, Dale Belis, Richard Zimmerman

each, its true and lawful Attorney(s)-In-Fact, with full power and authority hereby conferred in its name, place and stead, to execute, acknowledge and deliver: Any and all bonds and undertakings of surety and other documents that the ordinary course of surety business may require, and to bind United States Fire Insurance Company thereby as fully and to the same extent as if such bonds or undertakings had been duly executed and acknowledged by the regularly elected officers of United States Fire Insurance Company at its principal office, in amounts or penalties not exceeding: **Seven Million, Five Hundred Thousand Dollars ($7,500,000).**

This Power of Attorney limits the act of those named therein to the bonds and undertakings specifically named therein, and they have no authority to bind United States Fire Insurance Company except in the manner and to the extent therein stated.

This Power of Attorney revokes all previous Powers of Attorney issued on behalf of the Attorneys-In-Fact named above and expires on January 31, 2021.

This Power of Attorney is granted pursuant to Article IV of the By-Laws of United States Fire Insurance Company as now in full force and effect, and consistent with Article III thereof, which Articles provide, in pertinent part:

> Article IV, Execution of Instruments - Except as the Board of Directors may authorize by resolution, the Chairman of the Board, President, any Vice-President, any Assistant Vice President, the Secretary, or any Assistant Secretary shall have power on behalf of the Corporation:
>
> (a) to execute, affix the corporate seal manually or by facsimile to, acknowledge, verify and deliver any contracts, obligations, instruments and documents whatsoever in connection with its business including, without limiting the foregoing, any bonds, guarantees, undertakings, recognizances, powers of attorney or revocations of any powers of attorney, stipulations, policies of insurance, deeds, leases, mortgages, releases, satisfactions and agency agreements;
>
> (b) to appoint, in writing, one or more persons for any or all of the purposes mentioned in the preceding paragraph (a), including affixing the seal of the Corporation.
>
> Article III, Officers, Section 3.11, Facsimile Signatures. The signature of any officer authorized by the Corporation to sign any bonds, guarantees, undertakings, recognizances, stipulations, powers of attorney or revocations of any powers of attorney and policies of insurance issued by the Corporation may be printed, facsimile, lithographed or otherwise produced. In addition, if and as authorized by the Board of Directors, dividend warrants or checks, or other numerous instruments similar to one another in form, may be signed by the facsimile signature or signatures, lithographed or otherwise produced, of such officer or officers of the Corporation as from time to time may be authorized to sign such instruments on behalf of the Corporation. The Corporation may continue to use for the purposes herein stated the facsimile signature of any person or persons who shall have been such officer or officers of the Corporation, notwithstanding the fact that he may have ceased to be such at the time when such instruments shall be issued.

IN WITNESS WHEREOF, United States Fire Insurance Company has caused these presents to be signed and attested by its appropriate officer and its corporate seal hereunto affixed this 22nd day of August 2019.

UNITED STATES FIRE INSURANCE COMPANY

Anthony R. Slimowicz, Executive Vice President

State of Pennsylvania }
County of Philadelphia }

On this 22nd day of August 2019, before me, a Notary public of the State of Pennsylvania, came the above named officer of United States Fire Insurance Company, to me personally known to be the individual and officer described herein, and acknowledged that he executed the foregoing instrument and affixed the seal of United States Fire Insurance Company thereto by the authority of his office.

SECTION 00420

STATEMENT UNDER SECTION 287.087

FLORIDA STATUTES, ON DRUG-FREE WORKPLACE

Preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids which are equal with respect to price, quality, and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of chapter 893 or of any controlled substance law of the United States or any state for a violation occurring in the workplace no later than five (5) days after such conviction.

5. Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

As the person authorized to sign the statement, I certify that this form complies fully with the above requirements.

THIS CERTIFICATION is submitted by the Lisa Addis

(INDIVIDUAL'S NAME)

of V.P.

(TITLE/POSITION WITH COMPANY/VENDOR)

E+F Florida Enterprises Inc.

(NAME OF COMPANY/VENDOR)

who does hereby certify that said Company/Vendor has implemented a drug free workplace program which meets the requirements of Section 287.087, Florida Statutes, which are identified in numbers (1) through (6) above.

CERTIFICATION OF NONSEGREGATED FACILITIES

The Bidder certifies that he/she does not maintain or provide for his/her employees any segregated facilities at any of his/her establishments, and that he/she does not permit his/her employees to perform their services at any location, under his/her control where segregated facilities are maintained. The bidder certifies further that he/she will not maintain or provide for his/her employees any segregated facilities at any of his/her establishments, and that he/she will not permit his/her employees to perform their services at any location under his/her control where segregated facilities are maintained. The bidder agrees that a breach of this certification will be a violation of the Equal Opportunity clause in any contract resulting from acceptance of this bid. As used in this certification, the term "segregated facilities" means any waiting rooms, work areas, restrooms and washrooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation and housing facilities provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, or national origin, because of habit, local custom, or otherwise. The bidder agrees that (except where he/she has obtained identical certification from proposed subcontractors for specific time periods) he/she will obtain identical certifications from proposed subcontractors prior to the award of subcontracts exceeding $10,000 which are not exempt from the provisions of the Equal Opportunity clause, and that he/she will retain such certifications in his/her files.

NOTE: The penalty for making false statements in offers is prescribed in 18 U.S.C. 1001.

Park Connector Pathway Sub-

Phase 2B

Addendum No. 1

March 8, 2021

BIDS DUE: 2:00 PM, Local Time, March 16, 2021

TO ALL VENDORS BIDDING ON THIS PROJECT:

The changes, additions, substitutions, and/or deletions contained in Addendum No. 1 are hereby made a part of the Bid Documents for Park Connector Pathway Sub-Phase 2B, fully and completely as if the same were fully set forth herein.

IN THE BID PLANS

1. Sheets LH-102 and LH-104 Palm Springs Park Connector Pathway Sub-Phase 2B

    Plan Calls:
    New fence to replace existing chain link fences.
    Replace With:
    Existing chain link fence to remain.

2. Sheet LH-104 Palm Springs Park Connector Pathway Sub-Phase 2B

    Plan Calls:
    Field adjust proposed sidewalk around trees 51, 54, 59, 61.
    Replace With:
    Field adjust proposed sidewalk around existing trees as required.

3. Sheets GN-100, C-101, C-102, C-103, C-104, and C-105 Palm Springs Park Connector Pathway Sub-Phase 2B

Plan Calls:

Legend has designation of "existing sidewalk (to be removed)" listed twice with different symbols.

Replace With:

Duplicate designation corrected to indicate "Proposed Paver Sidewalk".

ON THE BID FORM

1. Mark line item No 12 with $0- existing fencing will remain.

2. Mark line item No 23 with $0- existing fencing will remain.

Receipt acknowledged and conditions agreed to the 9 day of March, 2021.

Section 00310
BID FORM

ARTICLE 1 – BID RECIPIENT

1.01 This Bid is submitted to:

VILLAGE OF PALM SPRINGS

C/O Kimberly Wynn, Village Clerk

226 Cypress Lane, Palm Springs, FL 33461

1.02 The undersigned Bidder proposes and agrees, if this Bid is accepted, to enter into an Agreement with Owner in the form included in the Bidding Documents to perform all Work as specified or indicated in the Bidding Documents for the prices and within the times indicated in this Bid and in accordance with the other terms and conditions of the Bidding Documents.

ARTICLE 2 – BIDDER'S ACKNOWLEDGEMENTS

2.01 Bidder accepts all of the terms and conditions of the Instructions to Bidders, including without limitation those dealing with the disposition of Bid security. This Bid will remain subject to acceptance for 120 days after the Bid opening, or for such longer period of time that Bidder may agree to in writing upon request of Owner.

ARTICLE 3 – BIDDER'S REPRESENTATIONS

3.01 In submitting this Bid, Bidder represents that:

A. Bidder has examined and carefully studied the Bidding Documents, and any data and reference items identified in the Bidding Documents, and hereby acknowledges receipt of the following Addenda:

Addendum No.	Addendum, Date
01	3-8-21

B. Bidder has visited the Site, conducted a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and satisfied itself as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.

C. Bidder is familiar with and has satisfied itself as to all Laws and Regulations that may affect cost, progress, and performance of the Work.

D. Bidder has carefully studied all: (1) reports of explorations and tests of subsurface conditions at or adjacent to the Site and all drawings of physical conditions relating to existing surface or subsurface structures at the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings, and (2) reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings.

E. Bidder has considered the information known to Bidder itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Bidding Documents; and any Site-related reports and drawings identified in the Bidding Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Bidder; and (3) Bidder's safety precautions and programs.

F. Bidder agrees, based on the information and observations referred to in the preceding paragraph, that no further examinations, investigations, explorations, tests, studies, or data are necessary for the determination of this Bid for performance of the Work at the price bid and within the times required, and in accordance with the other terms and conditions of the Bidding Documents.

G. Bidder is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Bidding Documents.

H. Bidder has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Bidder has discovered in the Bidding Documents, and confirms that the written resolution thereof by Engineer is acceptable to Bidder.

I. The Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for the performance and furnishing of the Work.

J. The submission of this Bid constitutes an incontrovertible representation by Bidder that Bidder has complied with every requirement of this Article, and that without exception the Bid and all prices in the Bid are premised upon performing and furnishing the Work required by the Bidding Documents.

ARTICLE 4 – BIDDER'S CERTIFICATION

4.01 Bidder certifies that:

A. This Bid is genuine and not made in the interest of or on behalf of any undisclosed individual or entity and is not submitted in conformity with any collusive agreement or rules of any group, association, organization, or corporation;

B. Bidder has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid;

C. Bidder has not solicited or induced any individual or entity to refrain from bidding; and

D. Bidder has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for the Contract. For the purposes of this Paragraph 4.01.D:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process;

2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process to the detriment of Owner, (b) to establish bid prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;

3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish bid prices at artificial, non-competitive levels; and

4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the e execution of the Contract.

ARTICLE 5 – BASIS OF BID

ELECTRONIC FILE(S) DISCLAIMER

At CONTRACTOR's request, Wantman Group, Inc. (WGI) will provide electronic files for CONTRACTOR's convenience and use in the preparation of CONTRACTOR's proposal related to Pathway Park Construction Phase 2B subject to the following terms and conditions:

WGI's electronic files are compatible with Adobe Reader. WGI makes no representation as to the compatibility of these files with CONTRACTOR's hardware or CONTRACTOR's software.

Data contained on these electronic files are part of WGI's instruments of service and shall not be used by CONTRACTOR or anyone else receiving these data through or from CONTRACTOR for any purpose other than as a convenience in the preparation of CONTRACTOR's bid for the referenced project. Any other use or reuse by CONTRACTOR or by others will be at CONTRACTOR's sole risk and without liability or legal exposure to EGI. CONTRACTOR agrees to make no claim and hereby waive, to the fullest extent permitted by law, any claim or cause of action of any nature against WGI, our officers, directors, employees, agents or sub consultants that may arise out of or in connection with CONTRACTOR's use of the electronic files.

Furthermore, CONTRACTOR shall, to the fullest extent permitted by law, indemnify and hold EGI harmless against all damages, liabilities or costs, including reasonable attorneys' fees and defense costs, arising out of or resulting from CONTRACTOR's use of these electronic files.

These electronic files are bidding documents. Differences may exist between these electronic files and corresponding hard-copy construction documents. WGI makes no representation regarding the accuracy or completeness of the electronic files CONTRACTOR receives. In the event that a conflict arises between the signed and sealed hard-copy construction documents prepared by WGI and the electronic files, the

signed and sealed hard-copy construction documents shall govern. CONTRACTOR is responsible for determining if any conflict exists. By CONTRACTOR's use of these electronic files, CONTRACTOR is not relieved of CONTRACTOR's duty to fully comply with the contract documents, including, and without limitation, the need to check, confirm and coordinate all dimensions and details, take field measurements, verify field conditions and coordinate CONTRACTOR's work with that of material/equipment suppliers and/or subcontractors for the project and to be sure that all pages of the documents have been received.

Because information presented on the electronic files can be modified, unintentionally or otherwise, WGI reserves the right to remove all indicia of ownership and/or involvement from each electronic display.

WGI makes no warranties, either express or implied, of merchantability and fitness for any purpose other than bidding this project. In no event shall WGI be liable for any loss of profit or any consequential damages as a result of CONTRACTOR's use or reuse of these electronic files.

BID BOND

STATE OF FLORIDA)

) SS

KNOW ALL MEN BY THESE PRESENTS, that we, E&F Florida Enterprises, Inc dba Creative Contracting Group

as Principal and CONTRACTOR, and United States Fire Insurance Company

hereinafter called Surety, are held and firmly bound unto The Village of Palm Springs, Palm Springs, Florida, a political subdivision of the State of Florida, and represented by its Village Council hereinafter called OWNER, in the sum of Five Percent of Amount Bid Dollars ($ 5% of Amount Bid) lawful money of the United States of America, for the payment of which well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally, by these presents.

WHEREAS, the Principal contemplates submitting or has submitted a Bid to the OWNER for the furnishing of all labor, materials, equipment, machinery, tools, apparatus, means of transportation for, and the performance of the work covered in the Proposal and the detailed Drawings and Specifications, entitled:

Pathway Park Construction Phase 2B

WHEREAS, it was a condition precedent to the submission of said bid that a cashier's check, certified check or bid bond in the amount of 5 percent of the base bid be submitted with said bid as a guarantee that the Bidder would, if awarded the Contract, enter into a written Contract with the OWNER for the performance of said Contract, within 10 consecutive calendar days after written notice having been given of the award of the Contract.

NOW, THEREFORE, the conditions of this obligation are such that if the Principal within 10 consecutive calendar days after written notice of such acceptance, enters into a written Contract with the OWNER and furnishes the Performance and Payment Bond, each in an amount equal to 100 percent of the base bid, satisfactory to the OWNER, then this obligation shall be void; otherwise the sum herein stated shall be due and payable to the OWNER and the sum herein stated shall be due and payable to the OWNER and the Surety herein agrees to pay said sum immediately upon demand of the OWNER in good and lawful money of the United States of America, as liquidated damages for failure thereof of said Principal.

IN WITNESS WHEREOF, the said E&F Florida Enterprises, Inc dba Creative Contracting Group, as Principal herein, has caused these presents to be signed in its name by its _____ and attested by its _____ under its corporate seal, and the said United States Fire Insurance Company as Surety herein, has caused these presents to be signed in its name by its under its corporate seal, this 16th day of March A.D., 20 21.

POWER OF ATTORNEY
UNITED STATES FIRE INSURANCE COMPANY
PRINCIPAL OFFICE - MORRISTOWN, NEW JERSEY

02725427820

KNOW ALL MEN BY THESE PRESENTS: That United States Fire Insurance Company, a corporation duly organized and existing under the laws of the state of Delaware, has made, constituted and appointed, and does hereby make, constitute and appoint:

Brett Rosenhaus, Dale Belis, Richard Zimmerman

each, its true and lawful Attorney(s)-In-Fact, with full power and authority hereby conferred in its name, place and stead, to execute, acknowledge and deliver: Any and all bonds and undertakings of surety and other documents that the ordinary course of surety business may require, and to bind United States Fire Insurance Company thereby as fully and to the same extent as if such bonds or undertakings had been duly executed and acknowledged by the regularly elected officers of United States Fire Insurance Company at its principal office, in amounts or penalties not exceeding: **Seven Million, Five Hundred Thousand Dollars ($7,500,000).**

This Power of Attorney limits the act of those named therein to the bonds and undertakings specifically named therein, and they have no authority to bind United States Fire Insurance Company except in the manner and to the extent therein stated.

This Power of Attorney revokes all previous Powers of Attorney issued on behalf of the Attorneys-In-Fact named above and expires on January 31, 2021.

This Power of Attorney is granted pursuant to Article IV of the By-Laws of United States Fire Insurance Company as now in full force and effect, and consistent with Article III thereof, which Articles provide, in pertinent part:

> Article IV, Execution of Instruments - Except as the Board of Directors may authorize by resolution, the Chairman of the Board, President, any Vice-President, any Assistant Vice President, the Secretary, or any Assistant Secretary shall have power on behalf of the Corporation:
>
> (a) to execute, affix the corporate seal manually or by facsimile to, acknowledge, verify and deliver any contracts, obligations, instruments and documents whatsoever in connection with its business including, without limiting the foregoing, any bonds, guarantees, undertakings, recognizances, powers of attorney or revocations of any powers of attorney, stipulations, policies of insurance, deeds, leases, mortgages, releases, satisfactions and agency agreements;
>
> (b) to appoint, in writing, one or more persons for any or all of the purposes mentioned in the preceding paragraph (a), including affixing the seal of the Corporation.
>
> Article III, Officers, Section 3.11, Facsimile Signatures. The signature of any officer authorized by the Corporation to sign any bonds, guarantees, undertakings, recognizances, stipulations, powers of attorney or revocations of any powers of attorney and policies of insurance issued by the Corporation may be printed, facsimile, lithographed or otherwise produced. In addition, if and as authorized by the Board of Directors, dividend warrants or checks, or other numerous instruments similar to one another in form, may be signed by the facsimile signature or signatures, lithographed or otherwise produced, of such officer or officers of the Corporation as from time to time may be authorized to sign such instruments on behalf of the Corporation. The Corporation may continue to use for the purposes herein stated the facsimile signature of any person or persons who shall have been such officer or officers of the Corporation, notwithstanding the fact that he may have ceased to be such at the time when such instruments shall be issued.

IN WITNESS WHEREOF, United States Fire Insurance Company has caused these presents to be signed and attested by its appropriate officer and its corporate seal hereunto affixed this 22nd day of August 2019.

UNITED STATES FIRE INSURANCE COMPANY

Anthony R. Slimowicz, Executive Vice President

END OF SECTION

SECTION 00420

STATEMENT UNDER SECTION 287.087

FLORIDA STATUTES, ON DRUG-FREE WORKPLACE

Preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids which are equal with respect to price, quality, and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of chapter 893 or of any controlled substance law of the United States or any state for a violation occurring in the workplace no later than five (5) days after such conviction.

5. Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.

6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

As the person authorized to sign the statement, I certify that this form complies fully with the above requirements.

THIS CERTIFICATION is submitted by the Lisa Addis

(INDIVIDUAL'S NAME)

of V.P.

(TITLE/POSITION WITH COMPANY/VENDOR)

E+F Florida Enterprises Inc.

(NAME OF COMPANY/VENDOR)

who does hereby certify that said Company/Vendor has implemented a drug free workplace program which meets the requirements of Section 287.087, Florida Statutes, which are identified in numbers (1) through (6) above.

CERTIFICATION OF ELIGIBILITY OF GENERAL CONTRACTOR

STATE OF FLORIDA
COUNTY OF PALM BEACH

BEFORE ME, the undersigned authority, personally appeared Lisa Addis, who, after being by me first duly sworn, deposes and says of his/her personal knowledge that

(1) He/she is the V.P. of E+F Florida Enterprises, hereinafter referred to as the "General Contractor"; with State of FL Contractor License or Palm Beach County Contractors Certificate of Competency

License/ Certification No: CGC1513410 Expiration Date: 8/31/22 who submitted a proposal to perform work for the following project:

Contract #: 2012B-001 Project Name: Pathway Park Construction 2B

(2) He/she is fully informed that the Proposal submitted for work to be performed under the above mentioned contract, is being funded, in whole or in part, by a Federally-assisted or insured contract; and

(3) The General Contractor nor any of its officers, partners, owners or parties of interest is not named on the current General Services Administration List of Parties Excluded from Federal Procurement or Non-procurement Programs prior to award of the contract; and

(4) The General Contractor acknowledges that should the contractor be subsequently found ineligible after award of the contract, its Construction Contract shall be terminated and the matter referred to the Department of Labor, the Department of Housing and Urban Development, or the General Services Administration for its action; and

(5) The General Contractor acknowledges the responsibility of informing all of its subcontractors that this contract is being funded, in whole or in part, by a Federally-assisted or insured contract; and

(6) The General Contractor acknowledged the responsibility that all of its subcontractors are to sign a "Certification Regarding Debarment Suspension, Ineligibility and Voluntary Exclusion-Lower-Tier Participant" as a part of its contract with such subcontractors, and that the "General Contractor" will retain such certifications in its files. Furthermore, should the subcontractor be subsequently found ineligible after award of the Construction Contract, its contract with the "General Contractor" shall be terminated and the matter referred to the Department of Labor, the Department of Housing and Urban Development, or the General Services Administration, for its action.

CERTIFICATION OF NONSEGREGATED FACILITIES

The Bidder certifies that he/she does not maintain or provide for his/her employees any segregated facilities at any of his/her establishments, and that he/she does not permit his/her employees to perform their services at any location, under his/her control where segregated facilities are maintained. The bidder certifies further that he/she will not maintain or provide for his/her employees any segregated facilities at any of his/her establishments, and that he/she will not permit his/her employees to perform their services at any location under his/her control where segregated facilities are maintained. The bidder agrees that a breach of this certification will be a violation of the Equal Opportunity clause in any contract resulting from acceptance of this bid. As used in this certification, the term "segregated facilities" means any waiting rooms, work areas, restrooms and washrooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation and housing facilities provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, or national origin, because of habit, local custom, or otherwise. The bidder agrees that (except where he/she has obtained identical certification from proposed subcontractors for specific time periods) he/she will obtain identical certifications from proposed subcontractors prior to the award of subcontracts exceeding $10,000 which are not exempt from the provisions of the Equal Opportunity clause, and that he/she will retain such certifications in his/her files.

NOTE: The penalty for making false statements in offers is prescribed in 18 U.S.C. 1001.

Park Connector Pathway Sub-

Phase 2B

Addendum No. 1

March 8, 2021

BIDS DUE: 2:00 PM, Local Time, March 16, 2021

TO ALL VENDORS BIDDING ON THIS PROJECT:

The changes, additions, substitutions, and/or deletions contained in Addendum No. 1 are hereby made a part of the Bid Documents for Park Connector Pathway Sub-Phase 2B, fully and completely as if the same were fully set forth herein.

IN THE BID PLANS

1. Sheets LH-102 and LH-104 Palm Springs Park Connector Pathway Sub-Phase 2B

    Plan Calls:
    New fence to replace existing chain link fences.
    Replace With:
    Existing chain link fence to remain.

2. Sheet LH-104 Palm Springs Park Connector Pathway Sub-Phase 2B

    Plan Calls:
    Field adjust proposed sidewalk around trees 51, 54, 59, 61.
    Replace With:
    Field adjust proposed sidewalk around existing trees as required.

3. Sheets GN-100, C-101, C-102, C-103, C-104, and C-105 Palm Springs Park Connector Pathway Sub-Phase 2B

Plan Calls:

Legend has designation of "existing sidewalk (to be removed)" listed twice with different symbols.

Replace With:

Duplicate designation corrected to indicate "Proposed Paver Sidewalk".

ON THE BID FORM

1. Mark line item No 12 with $0- existing fencing will remain.

2. Mark line item No 23 with $0- existing fencing will remain.

Receipt acknowledged and conditions agreed to the 9 day of March, 2021.

Village of Palm Springs

Executive Brief

AGENDA DATE: March 10, 2022

DEPARTMENT: Police Department

ITEM #15: Interlocal Agreement Renewal and Amendment - Homeless Resource Center

SUMMARY: Pursuant to the Florida Statutes and the Florida Interlocal Cooperation Act of 1969, local governments are permitted to enter into interlocal agreements to make the most efficient use of their powers by enabling them to cooperate with other localities on a basis of mutual advantage and thereby to provide services and facilities in a manner pursuant to forms of governmental organization that will accord best with geographic, economic, population, and other factors influencing the needs and development of local communities.

On May 22, 2012, the Village entered into an Interlocal Agreement with Palm Beach County in order to provide protocol by which the Village refers and transports homeless individuals for acceptance into the Homeless Resource Center and provides for the payment of any transportation costs.

The original Agreement was effective for five years until 2017. In May of 2017, the Agreement was renewed for the first of three possible renewals and the Agreement continued for five years until May 21, 2022. This will be the second renewal, and the following are changes to the new Interlocal Agreement:

- Section 12: Remedies (Original Section Deleted and Replaced)
- Section 18: Non-Discrimination (Original Section Deleted and Replaced)
- Section 19: Assignment (New)
- Section 20: Severability (New)
- Section 21: Counterparts (New)
- Section 22: Effective Date (New)

Upon execution of the new Agreement, it will continue for five years until May 20, 2027. Thereafter, it may be renewed for one (1) additional five-year term.

If approved by the Village Council, the Agreement will be presented to the Director of Facilities Development and Operations Department, to whom the Palm Beach County Board of County Commissioners has delegated authority to execute the agreement.

The proposed Interlocal Agreement has been prepared by Palm Beach County and reviewed by the Chief of Police and the Village Attorney.

FISCAL IMPACT:

There is no fiscal impact at this time.

ATTACHMENTS:

1. Proposed Homeless Resource Center Interlocal Agreement - Second Amendment - 2022
2. Homeless Resource Center First Amendment - 2017
3. Homeless Resource Center Interlocal Agreement 2012

SECOND AMENDMENT
TO INTERLOCAL AGREEMENT

THIS SECOND AMENDMENT to the Interlocal Agreement dated May 22, 2012, as amended by R2018-0386 (collectively referred to herein as the "Agreement"), is made as of _____, by and between Palm Beach County, a political subdivision of the State of Florida ("County"), and the Village of Palm Springs, a municipal corporation of the State of Florida ("Village").

WHEREAS, the Agreement provides the protocol by which the Village refers and transports homeless individuals for acceptance into the Homeless Resource Center (HRC) and provides for the payment of any transport costs; and

WHEREAS, the County and the Village have determined it to be beneficial to both parties to continue the Agreement.

NOW, THEREFORE, in consideration of the mutual promises contained herein, the County and Village agree as follows:

1. The parties agree to exercise the second of the three (3) five (5) year renewal options. The term of the Agreement is renewed beginning on May 21, 2022 and continuing through May 20, 2027.

2. Section 12 of the Agreement is deleted in its entirety and replaced with the following:

SECTION 12: REMEDIES

This Agreement shall be governed by the laws of the State of Florida. Any legal action necessary to enforce the Agreement will be held in a court of competent jurisdiction located in Palm Beach County, Florida. No remedy herein conferred upon any party is intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity, by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or further exercise thereof.

No provision of this Agreement is intended to, or shall be construed to, create any third party beneficiary or to provide any rights to any person or entity not a party to this Agreement, including but not limited to any citizen or employees of the County and/or Village.

3. Section 18 of the Agreement is deleted in its entirety and replaced with the following:

SECTION 18: NON-DISCRIMINATION

The County is committed to assuring equal opportunity in the award of contracts and complies with all laws prohibiting discrimination. Pursuant to Palm Beach County Resolution R2017-1770, as may be amended, the Village warrants and represents that throughout the term of

the Agreement, including any renewals thereof, if applicable, all of its employees are treated equally during employment without regard to race, color, religion, disability, sex, age, national origin, ancestry, marital status, familial status, sexual orientation, gender identity or expression, or genetic information. Failure to meet this requirement shall be considered default of the Agreement.

4. The Agreement is hereby modified to add the following:

SECTION 19: ASSIGNMENT

Village may not assign, mortgage, pledge, or encumber this Agreement in whole or in part, without prior written consent of County, which may be granted or withheld at the County's absolute discretion. This provision shall be construed to include a prohibition against an assignment, mortgage, pledge, encumbrance or sublease, by operation of law, legal process, receivership, bankruptcy, or otherwise, whether voluntary or involuntary.

SECTION 20: SEVERABILITY

If any term of the Agreement or the application thereof to any person or circumstance shall be determined by a court of competent jurisdiction to be invalid or unenforceable, the remainder of the Agreement, or the application of such term to persons or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected thereby, and each term of the Agreement shall be valid and enforceable to the fullest extent permitted by law.

SECTION 21: COUNTERPARTS

This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but all of which, taken together, shall constitute one and the same agreement.

SECTION 22: EFFECTIVE DATE

This Agreement is expressly contingent upon the approval of the Palm Beach County Board of County Commissioners and shall become effective only when signed by all Parties and approved by the Palm Beach County Board of County Commissioners.

5. Except as modified by this Second Amendment, the Agreement remains unmodified and in full force and effect in accordance with the terms thereof and is hereby ratified and confirmed by the Village and County.

THE REMAINDER OF THIS PAGE LEFT BLANK INTENTIONALLY

IN WITNESS WHEREOF, the parties have caused this First Amendment to be executed as of the day and year first above written.

FIRST AMENDMENT
TO INTERLOCAL AGREEMENT

THIS FIRST AMENDMENT to the Interlocal Agreement dated May 22, 2012 (the "Agreement"), is made as of JANUARY 11, 18, by and between Palm Beach County, a political subdivision of the State of Florida ("County"), and Village of Palm Springs, a municipal corporation of the State of Florida ("Village").

WHEREAS, the Agreement provides the protocol by which the Village refers and transports homeless individuals for acceptance into the Homeless Resource Center (HRC) and provides for the payment of any transport costs; and

WHEREAS, the County and the Village have determined it to be beneficial to both parties to continue the Agreement.

NOW, THEREFORE, in consideration of the mutual promises contained herein, the County and Village agree as follows:

1. The term of the Agreement is renewed beginning on May 22, 2017, and continuing through May 21, 2022, pursuant to the exercise of the first of three (3), five (5) year renewal options.

2. Section 15 of the Agreement is deleted in its entirety and replaced with the following:

SECTION 15: PALM BEACH COUNTY OFFICE OF THE INSPECTOR GENERAL

Palm Beach County has established the Office of the Inspector General, Palm Beach County Code, Section 2-421 – 2-440, as may be amended. The Inspector General's authority includes but is not limited to the power to review past, present and proposed County contracts, transactions, accounts and records, to require the production of records, and audit, investigate, monitor, and inspect the activities of entities contracting with the County, or anyone acting on their behalf, in order to ensure compliance with contract specifications and detect corruption and fraud. Failure to cooperate with the Inspector General or interfering with or impeding any investigation shall be in violation of Palm Beach County Code, Section 2-421 - 2-440, and punished pursuant to Section 125.69, Florida Statutes, in the same manner as a second-degree misdemeanor.

3. The Agreement is hereby modified to add the following:

SECTION 17: NO THIRD PARTY BENEFICIARY

No provision of this Contract is intended to, or shall be construed to, create any third party beneficiary or to provide any rights to any person or entity not a party to this Contract, including but not limited to any citizen or employees of the County and/or Village.

4. The Agreement is hereby modified to add the following:

SECTION 18: NON-DISCRIMINATION

Pursuant to Resolution R-2014-1421, as may be amended, it is the policy of the Board of County Commissioners of Palm Beach County that Palm Beach County shall not conduct business with nor appropriate any funds to any organization that practices discrimination on the basis of race, color, national origin, religion, ancestry, sex, age, familial status, marital status, sexual orientation, gender identity and expression, disability, or genetic information.

The Village has submitted to County a copy of its non-discrimination policy which is consistent with the above paragraph, as contained in Resolution R-2014-1421, as may be amended, or in the alternative, if the Village does not have a written non-discrimination policy, it has affirmed through a signed statement provided to County that Village will conform to the County's non-discrimination policy as provided in R-2014-1421, as may be amended.

5. Except as modified by this First Amendment, the Agreement remains unmodified and in full force and effect in accordance with the terms thereof and is hereby ratified and confirmed by the Village and County.

THE REMAINDER OF THIS PAGE IS LEFT BLANK INTENTIONALLY

IN WITNESS WHEREOF, the parties have caused this First Amendment to be executed as of the day and year first above written.

INTERLOCAL AGREEMENT

THIS INTERLOCAL AGREEMENT (this "Agreement") is made and entered into May 22, 2012, by and between Palm Beach County, a political subdivision of the State of Florida ("County") and the Village of Palm Springs, a municipal corporation of the State of Florida ("Village").

W I T N E S S E T H

WHEREAS, the County has established a Homeless Resource Center ("HRC") within the municipal boundaries of the City of West Palm Beach ("WPB") for the referral of the County's homeless population to a central facility supporting organizations, services and programs that will help end the cycle of homelessness; and

WHEREAS, the County has entered into an Interlocal Agreement dated January 12, 2010, with WPB (City Ordinance No. 4235-09, as may be amended) in support of the HRC; and

WHEREAS, the Palm Beach County Law Enforcement Planning Council ("LEPC") and subcommittee of the Criminal Justice Commission has adopted Best Practices for law enforcement personnel's: 1) interaction with the homeless population and 2) referral of homeless individuals to the HRC and related community agencies' specialty facilities; and

WHEREAS, the foregoing operating protocols have been developed in satisfaction of the requirements set forth in the Interlocal Agreement between County and WPB, which are to: 1) uphold the safe and orderly operation of the HRC; 2) sustain compatibility between the HRC and the uses and character of land surrounding and in the vicinity of the HRC; and 3) further the purpose of the HRC to end homelessness for qualified individuals that voluntarily commit to participate in the services and programs offered by the HRC; and

WHEREAS, the aforementioned protocol is endorsed by the LEPC for countywide implementation through standard law enforcement practices and procedures that shall precede a referral to the HRC; and

WHEREAS, the County and the Village have determined it to be beneficial to both parties for the Village to be able to refer and transport homeless individuals to the HRC; and

WHEREAS, this Agreement authorizes the Village to utilize the HRC in a manner that conforms to both the operational understanding and expectations of both the County and WPB as established by the Interlocal Agreement and the practices endorsed by the LEPC; and

WHEREAS, the County and the Village have the ability to lawfully enter into this Agreement.

NOW THEREFORE, in consideration of the mutual covenants, promises and representations contained herein, the parties hereto agree as follows:

SECTION 1: PURPOSE

The purpose of this Agreement is to: 1) provide the protocol by which the Village shall refer and transport homeless individuals for acceptance into the HRC and 2) provide for payment of any transport costs incurred by the Village.

SECTION 2: LAW ENFORCEMENT BEST PRACTICES

2.01 The Village agrees to abide by and adopt the Palm Beach County Law Enforcement Agencies Best Practices for Interaction with the Homeless ("Best Practices") in accordance with the most current approved revision to the Best Practices, which is attached as **Exhibit A** to this Agreement. The Best Practices establish the guidelines which law enforcement agencies shall include in each agency's operating procedures and which law enforcement personnel shall follow during their interactions with homeless individuals. The Best Practices may be modified or updated from time to time as may be agreed to by the LEPC. Each update to the Best Practices shall be transmitted to the County's representatives identified in Section 11 of this Agreement who shall have responsibility for transmitting such update to the Village's representatives identified in Section 11. The update shall automatically replace the former and become part of this Agreement with sixty (60) days prior notice of the implementation date.

SECTION 3: HRC REFERRAL PROCEDURES

3.01 The County may establish and issue HRC specific procedures associated with HRC referrals ("Referral Procedures"). The Referral Procedures include such documents as the Field Referral Form which is attached as **Exhibit B** to this Agreement. The Referral Procedures may be modified or updated from time to time by the County with sixty (60) days prior notice of the implementation date at which time such modifications/updates shall automatically replace the former and become a part of this Agreement. In the event that the Village does not agree to operate in accordance with the Referral Procedures, then the Village's sole option shall be to exercise its right to terminate this Agreement as provided herein.

3.02 The Village agrees to conduct training for all sworn personnel, and those non-sworn personnel which may have interaction with the homeless. The training curriculums (new and refresher) shall be provided to the Village by the County (as prepared by the Palm Beach County Sheriff's Office). The Village agrees to conduct training for all officers (and eligible non-sworn personnel) as part of new employee field training and as part of the next round of in-service training. Subsequent refresher training shall be conducted no less frequently than annually as part of in-service training.

SECTION 4: TRANSPORTATION COSTS

4.01 The Village, on an individual referral basis, has the option of either: 1) transporting a homeless person and all of their belongings that are not secured, to the HRC by Village personnel in a Village-owned vehicle, or 2) requesting that the County arranges for transport via the County's contracted transport provider. In the event that the Village chooses to utilize the County's contracted transport provider, the Village agrees to reimburse the County the actual cost

of the transport. The County shall invoice the Village for the number of transports twice a year on March 31st and September 30th. The Village shall pay the County, in full, no later than thirty (30) days after the date of the invoice. Payments shall be sent to:

Facilities Development & Operations
Fiscal Manager
2633 Vista Parkway
West Palm Beach, FL 33411-5603

Attn: HRC Interlocal Agreement #____ Invoice #

If during transport, the homeless person decides that he/she does not wish to end their homelessness, the Village will return the homeless person to his/her original location or another location within the Village's boundaries that is mutually acceptable to the homeless person and the Village. In the event that the homeless person is being transported by the County's contracted transport provider, the homeless person will be returned only to the original location from which he/she originated. In the event of the foregoing, the Village will still be required to reimburse the County for the cost of the partial trip. The Village's reimbursement obligations set forth in this section shall survive expiration or termination of this Agreement.

SECTION 5: INDEMNIFICATION

5.01 Each party shall be liable for its own actions and negligence and, to the extent permitted by law, each party shall indemnify, defend and hold harmless the other party against any actions, claims or damages arising out of the indemnifying party's negligent, willful, or intentional acts or omissions in connection with this Agreement. The foregoing indemnification shall not constitute a waiver of sovereign immunity beyond the limits set forth in Section 768.28, Florida State Statutes, nor shall the same be construed to constitute agreement by either party to indemnify the other party for such other party's negligent, willful, or intentional acts or omissions. This provision shall survive expiration or termination of this Agreement.

SECTION 6: TERM OF AGREEMENT

6.01 The initial term of this Agreement is for five (5) years and shall commence immediately upon execution of this Agreement. The term of this Agreement may be renewed for three (3) successive periods of five (5) years each under the same terms and conditions of this Agreement. At least six (6) months prior to the expiration of this Agreement's term, the Village shall provide the County with a request to renew this Agreement. If agreed upon by the parties, within two (2) months of the County's receipt of such request, the County shall process an Amendment to this Agreement which shall be executed by both the Village and the County. The County may not unreasonably withhold its approval of the renewal request.

SECTION 7: ENFORCEMENT

7.01 The County will immediately communicate with the Village's Representative any referral that the County determines not to have been made in accordance with the Referral

Procedures. If a homeless person cannot be accepted into the HRC due to an error of the Village's law enforcement personnel with respect to the Referral Procedures, the homeless person will be transported back to the location from which he/she originated at the Village's cost, pursuant to Section 4.01. The Village retains the option of self-transport but agrees to consider the information provided by the HRC operator prior to making a determination regarding self-transport on a return trip. For purposes of this Section 7, within fifteen (15) days of the effective date of this Agreement the Village shall provide the County with written notice as to the person designated as the Village's Representative and such representative's contact information. The Village may from time to time change the person designated as the Village's Representative, upon three (3) days prior written notice to the County.

SECTION 8: AMENDMENTS TO THIS AGREEMENT

8.01 This Agreement may be amended from time to time by written amendment executed by both the Board of County Commissioners and the Village.

SECTION 9: TERMINATION

9.01 This Agreement may be terminated by either party, with or without cause. Any termination shall be effective sixty (60) days from the receipt of written notice thereof.

SECTION 10: ANNUAL BUDGET APPROPRIATIONS

10.01 The County's and the Village's performance and obligations to pay pursuant to this Agreement are contingent upon annual appropriation for its purpose by the Board of County Commissioners and the Village Council.

SECTION 11: NOTICES

11.01 Any notice given pursuant to the terms of this Agreement shall be in writing and delivered by Certified Mail, Return Receipt Requested. The effective date of such notice shall be the date of receipt, as evidenced by the Return Receipt. All notices shall be addressed to the following:

As to the County:

Director, Facilities Development & Operations
2633 Vista Parkway
West Palm Beach, FL 33411

With a copy to:

County Attorney's Office
301 North Olive Avenue
West Palm Beach, FL 33401

County Administrator
301 North Olive Avenue
West Palm Beach, FL 33401

Director, Human Services Division
810 Datura Street
West Palm Beach, FL 33401

As to the Village:

Village Manager
Village of Palm Springs
226 Cypress Lane
Palm Springs, FL 33461

Any party may from time to time change the address at which notices under this Agreement shall be given such party, upon three (3) days prior written notice to the other parties.

SECTION 12: APPLICABLE LAW/VENUE

12.01 This Agreement shall be governed by the laws of the State of Florida and venue for any causes of action concerning this Agreement shall be in Palm Beach County, Florida.

SECTION 13: FILING

13.01 A copy of this Agreement shall be filed with the Clerk & Comptroller's Office in and for Palm Beach County.

SECTION 14: DELEGATION OF DUTY

14.01 Nothing contained herein shall be deemed to authorize the delegation of the Constitutional or Statutory duties of the County's or the Village's officers.

SECTION 15: PALM BEACH COUNTY OFFICE OF THE INSPECTOR GENERAL

15.01 Palm Beach County has established the Office of the Inspector General, which is authorized and empowered to review past, present and proposed County contracts, transactions, accounts and records. All parties doing business with the County shall fully cooperate with the Inspector General. The Inspector General has the power to subpoena witnesses, administer oaths, require the production of records, and to audit, investigate, monitor, and inspect the activities of the Village, its officers, agents, employees, and lobbyists in order to ensure compliance with the agreement specifications and to detect waste, corruption and fraud.

SECTION 16: MISCELLANEOUS

16.01 The recitals set forth in this Agreement are true and correct and are incorporated herein.

16.02 All Exhibits referenced in this Agreement are incorporated herein by such reference and shall be deemed to be an integral part of this Agreement.

16.03 This Agreement and any Exhibits attached hereto and forming a part thereof as if fully set forth herein, constitute all agreements, conditions and understandings between the County and the Village concerning the Village's utilization of the HRC; except as herein otherwise provided, no subsequent alterations, waiver, change, or addition to this Agreement shall be binding upon the County or the Village unless reduced to writing and signed by them.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK

EXHIBIT A

Palm Beach County Law Enforcement Agencies Best Practices for Interaction with the Homeless

Palm Beach County Law Enforcement Agencies Best Practices for Interaction with the Homeless

DISCUSSION: The development of countywide best practices is to ensure that members of Palm Beach County Law Enforcement Agencies understand and are sensitive to the needs and rights of homeless persons, and to set forth procedures for law enforcement members to follow during contacts with homeless persons. These Best Practices recognize that there is a right of all persons, including people experiencing homelessness, to be peaceably in any public place of the jurisdiction so long as their activities are lawful. It also explicitly affirms that homelessness is not a crime. It is also recognized that each individual law enforcement agency may develop policies and procedures to handle homeless persons based on the individual needs of their community, but that the policy or procedure will incorporate the Best Practices below.

POLICY: The policies of Palm Beach County Law Enforcement are to treat homeless persons in a manner that protects their needs, rights and dignity, while providing appropriate law enforcement services to the entire community. Agencies recognize that in law enforcement situations involving homeless individuals, it is preferable to make referrals to organizations that provide services to homeless individuals, and to refrain from initiating contacts that interrupt innocent activity and may violate an individual's constitutional rights.

DEFINITIONS:

Homeless Person - Is an individual or individuals who lack a fixed, regular and adequate night-time residence, or has a primary night-time residence that is:

a. A supervised publicly or privately operated shelter designed to provide temporary living accommodations;
b. An institution that provides a temporary residence for individuals intended to be institutionalized;
c. A private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings.

Law Enforcement Member (LE Member) – An employee or volunteer of a municipal, county or school board law enforcement agency in Palm Beach County, Florida; whether or not that member is sworn or non-sworn, paid or non-paid, status.

Accept Referral – Applies to a Homeless Person who has indicated that they desire to end their homelessness. This differs from a Homeless Person who seeks to have nothing more than a meal or a place to sleep for the night.

Homeless Resource Center (HRC) - A facility acting as single point of access recognized by the County to accept a Homeless Person and their families and engage individuals in ending their homelessness.

BEST PRACTICES:

- **CONTACT**

  - A LE Member may at any time approach a Homeless Person who has not been observed engaging in criminal conduct, to offer advice about shelters, services, or other assistance that is available. In appropriate situations, the LE Member may also contact an outreach worker from a public or private homeless services provider. The Homeless Person is free to choose whether to accept any referrals or not.

  - When a Homeless Person accepts a referral, that person or persons shall be transported to the HRC or other community partner's facility identified by the HRC as appropriate for the specific type of referral. When a Homeless Person desires to end their homelessness and accept a referral to the HRC, the LE Member will begin the acceptance process in the field by completing an HRC Field Referral Form, confirming acceptance with the HRC and transporting (or arranging for transport) to the HRC. Prior to a Homeless Person being transported to the HRC, the LE Member shall query the appropriate State and National criminal history databases to determine if the Homeless Person is a registered sexual predator or sexual offender or has active arrest warrants.

    1. Homeless Sexual Offenders or Predators are not allowed at an HRC.
    2. Homeless Sexual Offenders or Predators under the supervision of the Florida Department of Corrections (FDOC) shall be free to go as long as their actions are lawful. For extenuating issues, FDOC can be contacted at (561) 837-5175 or after hours at (561) 791-4750.
    3. Homeless Sexual Offenders or Predators not under the supervision of FDOC should be reported to the Sheriff's Office S.P.O.T. Unit at (561) 688-4161 (M-F 8am to 4pm), or via e-mail at spot@pbso.org.

  - LE Members having interactions and or contacts with persons determined to be homeless as a result of self-initiated contact or as a result of a citizen complaint shall document that contact. In all cases LE Members shall complete the reporting form appropriate to the interaction, and shall include the letters HL (homeless) in the address field, or other appropriate field, which records for tracking contacts only, a person's homelessness status. The reporting form shall be in a form such that each agency can electronically identify, retrieve and count interactions with a Homeless Person. The countywide goal is to have the forms entered by each agency into the Law Enforcement Exchange System. LE Members shall refrain from detention, arrest, interrogation, or initiation of any other criminal law enforcement interaction with any persons based solely upon their "status" of being or appearing to be homeless, so long as their activities are lawful.

- LE Members shall not communicate in any way, to persons who are or appear to be homeless, that they are not allowed to be in a particular public space in the jurisdiction based on their homeless status.

- Homeless school age children are required to be enrolled and attend school. LE Members shall contact the School District Police Dispatch at 561-434-8700 to determine if a child is enrolled. If the child is not enrolled, the School District Police Dispatch will be able to advise what public school the child should be attending. The officer will then advise the parents where to enroll the child.

- **"MOVE ON" ORDERS**

  - LE Members shall not order any person to move to another location when that person has a legal right to be present where he or she is, subject to requests to move for safety or security or other constitutionally permissible reasons.

  - It is agency policy not to give "move on" orders and not to arrest people for failure to move on if there is another reasonable way to resolve the situation. LE Members shall not give "move on" orders to persons merely because the person is or appears to be homeless.

- **REQUESTS FOR IDENTIFICATION**

  - Requests for identification made to persons who are, or appear to be, homeless shall be subject to the same legitimate law enforcement purposes as are required when made to any other individual, but with sensitivity to the special needs and circumstances of the individual situation.

    1. Requests or demands for identification shall only be made with good cause. Requests for identification shall not be made pursuant to casual contact with persons who are, or appear to be, homeless. At no time shall requests or demands for identification be made in order to harass, intimidate, threaten or make any other unwarranted show of authority.

    2. Unless required by law, or essential to the performance of a law enforcement officer's duty, at no time shall a form of identification presented by a Homeless Person be seized and not returned to him or her.

    3. In situations where persons who are, or appear to be, homeless are unable to produce a valid form of identification, the LE Member shall not penalize the person for failing to produce the requested identification.

- **PERSONAL PROPERTY**

  - The personal property of a Homeless Person shall be treated with the same respect and consideration given to the personal property of any other individual, with

particular sensitivity to the special needs and circumstances of the individual situation.

1. In arrest situations, a Homeless Person shall not be required to abandon personal property they identify as their own at the arrest site. LE Members shall not damage, hide or cause to be abandoned the personal property of any such person. Where practical, LE Members shall adopt or facilitate measures that will best safeguard personal property, as determined by the arrestee.

    a. Property may be taken into custody when an arrestee identifies the property as his or hers. The personal property of arrestees experiencing homelessness is to be handled in the same manner as the property of other arrestees.

2. In no event shall any LE Member destroy any personal property known to belong to a Homeless Person, or recognizable as property of a Homeless Person, unless it is contaminated or otherwise poses a health hazard.

3. A Homeless Person has a constitutionally protected expectation of privacy in their personal belongings and closed containers. LE Members shall refrain from instituting any search, frisk, or other such investigation where the elements of reasonable suspicion or probable cause is not met. A person's status of being, or appearing to be, homeless, without more, does not constitute reasonable suspicion or probable cause or any other grounds for such a search.

- **ARREST SITUATIONS** - Arrests of all persons including those defined as homeless, shall comply with State law, or County Ordinance and Department policies and procedures.

    - If a LE Member observes a Homeless Person engaged in criminal activity, when practical and prudent to do so and with the consent of the victim who has signed a "refusal to prosecute" form, an alternative to a physical arrest shall be used, to include utilizing the resources at the HRC.

    - A LE Member always has the right to approach any individual including a person who is, or appears to be homeless, to allay any suspicions a LE Member may have about the individual, and ascertain that no criminal activity is occurring.

- **TRAINING** –Training on how to interact with a Homeless Person shall be conducted as a part of any new officer field training curriculum. Annual in-service training curriculums shall include updates and refreshers on this topic.

Homeless Resource Center Information Sheet

The major cause of homelessness in the United States is lack of affordable housing.

Process for making referrals to the Homeless Resource Center:

- The Homeless Resource Center (HRC) is a centralized intake/assessment center that offers temporary interim housing for those individuals and families who indicate **they want to end their homelessness.**
- ***The HRC is not an overnight shelter, a food kitchen, a clothing pantry or a place to go for only a few hours.***
- If you approach a person who appears homeless, offer information on services (brochure provided with this form) or if the person would like to **end their homelessness**, offer a referral to the HRC.
- Before filling out the Field Referral Form, perform a NCIC/FCIC check to determine if the individual has an active arrest warrant or if they are a sexual offender/perpetrator. If they are, handle according to your agency policies and do not refer.
- If the individual does not have an active warrant and is not a sexual offender, fill out the Field Referral Form starting with your contact information in the first section of the form.
- Check all that apply regarding Client Information and Current Living Situation.
- To the best of your knowledge, fill out the Client Screening Section. If any of the items are checked, the individual should be referred or transported to the facility type indicated.
- Once the form is completed call the HRC (number to be determined) to confirm the referral and to be given a referral confirmation number. Write the number on the form in the space specified. Indicate to the HRC whether you will be transporting the individual or if you will be calling for transportation and the estimated time of arrival at the HRC.
- Transportation depends on your municipality's procedure. If you are not physically transporting, you must call the pre-arranged transportation company. Fill out the information on the form and have the person that is transporting sign the form indicating that the individual has been turned over to them.
- Sign the form under the Contact Information For Person Making The Referral Section before you hand the form to the HRC personnel or to the transportation company.
- If the individual has personal belongings, make every attempt to transport all of the person's belongings with them.
- Ensure that the individual's personal identification documents are returned to them before transport.

There are a few things you can do to humanize homelessness and de-stigmatize mental illness:

- Make eye contact.
- Pay attention to your language. Use expressions such as "people experiencing homelessness". People who are in this situation are still people first.
- Recognize the value of the person's belongings.

Village of Palm Springs

Executive Brief

AGENDA DATE: March 10, 2022

DEPARTMENT: Administration

ITEM #16: Approval of Employee Medical, Dental & Other Benefits (FY 2022 Budget Funded)

SUMMARY: Recently, the Gehring Group, the Village's contracted benefits broker, secured a fair renewal offer with the Village's current insurance carrier, Humana, as well as additional options with lower points for consideration.

Staff recommends that the Village remain with Humana for the sixth year in a row with an alternative design plan at an increase of 11.5% for medical and 0.05% for dental. There will be a slight increase in employee costs (see breakdown below) . The increase is due to both a direct and indirect response to COVID-19. Carriers in the insurance market have increased costs over the last 7-8 months. Therefore, the increase in both employer and employee costs was inevitable. Remaining with Humana is still the most cost-effective option for the Village. Increasing costs now will alleviate the impact in the future.

If approved, the Village would extend the current Agreement for an additional one (1) year term, beginning April 1, 2022 and ending March 31, 2023 for medical, dental and vision benefits. Funding to support the proposed annual premiums is included within the approved FY 2022 Budget (and will be presented for approval within the FY 2023 Budget). The Village will not expend more than the amount in the approved Budget as it may be adopted/amended each year for these goods and services over the term of this contract.

The Gehring Group and staff recommend the following for your consideration:

Health Insurance - Humana:

- Increase deductible from $250 to $300 (single) and from $500 to $600 (family)
- Emergency Room Charge $250 to $300
- Employee Rate Changes:
  - Employee Only from $15.50 to $17.31
  - Employee + 1 (Spouse or One Child) $48.50 to $53.08
  - Employee + 2 (Spouse + Child or Children) $78.50 to $85.38
  - Employee + 3 or More (Spouse and Children or Children) $98.50 to $109.62
- Continuation of Humana's annual biometric screenings, angio screening and their Go365 wellness platform for employees.
- Employees will still have access to both Quest and LabCorp.
- Maintain current wellness initiatives (i.e., Health Fair, Smoking Cessation, etc.)

- Humana's Premier Network is seamless, meaning that enrolled members can travel outside of the state and access care with an in-network HMO Premier provider.
- Employee Assistance Program (EAP) sessions remain at six (6) sessions
- Humana staff will be available to meet with Village staff

Health Insurance - Teledoc:

- Discontinue services with Teledoc due to low employee usage. The Villages Humana Health plan offers a telehealth service as part of the medical plan.
  Doctor On Demand® is a convenient video consultation platform that provides immediate medical assistance for many conditions.

Dental - Humana:

- 0.5% Increase
- Endodontics (Root Canal Therapy) changed from a Basic Service covered at 80% after deductible to a Major Service at 50% after deductible.

Vision – Humana (Voluntary Product):

- Remains the same

Group Basic Life with AD&D – Mutual of Omaha to The Standard:

- Changing to the standard results in $3000 savings.
- Reduced rates for employees for Long- Term Disability
- Rates are guaranteed for a three (3) year period (scheduled to expire on March 31, 2025).

Group Supplemental (Voluntary) Products:

- No change in employee rates
- The Village will continue to offer various group supplemental products that are voluntary to provide our employees with additional benefits at a lower cost for accident, critical illness and hospital indemnity.
- Existing individual supplemental products may be maintained by employees; however, they will be direct billed (payroll deduction will not be available).
- The Village will offer Pet Insurance (direct billed) and Identity Theft Protection as supplemental products that are voluntary to provide employees with additional benefits at a lower cost

Benefits Administration:

- BenTek – will continue to provide online enrollment benefits for employees and our Human Resources and Finance staff with an administration system that streamlines the enrollment process and provides various reports and audit features to ensure integrity of data between our payroll system and BenTek.
- Third party administrators are recommended to continue to be utilized to assist in monitoring and managing the Village's various federally required benefit programs. These programs are

expected to provide additional compliance/legal support and remove the liability associated with staff handling documents containing protected health information:

1. Family Medical Leave (FMLA) Basic FMLA Ease
2. Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) Humana
3. Flexible Spending Accounts (FSA) P&A

If approved, enrollment will begin March 7th through March 21st, 2022 as the new plan begins on April 1, 2022.

Note: The Service Employees International Union/Florida Public Services Union (SEIU) and the Palm Beach County Police Benevolent Association (PBA) memberships have been notified of the proposed employee benefit plan changes as well as the recommendation for the upcoming plan year. At this time, we are awaiting the PBA and SEIU approval.

FISCAL IMPACT:

The proposed cost/rates for employee benefit premiums are included within the FY 2022 Budget. Funding will be proposed within the FY 2023 Budget to be considered by the Village Council during the upcoming budget process. The Village will not expend more than the amount in the approved Budget as it may be adopted/amended each year for these goods and services over the term of this contract.

Our employees will continue to be provided with a high level of insurance benefits.

BACKGROUND

The Village of Palm Springs offers group medical, dental, vision, life, dependent life, supplemental life, long-term disability insurance and worksite products to current employees, COBRA participants, retirees and their eligible dependents.

Historically, the Village has issued a Request for Proposal (RFP) to the insurance marketplace each year for medical coverage. Given the status of the medical plan's utilization metrics reflecting an over 100% loss ratio which would not be favorable for a market quote, it was decided not to issue a market solicitation for the 2022/23 plan year. The Gehring Group was able to secure a fair renewal offer from the City's current medical insurance carrier, Humana, as well as additional options with lower price points for consideration.

The Village has been insured with Humana since 2018. The current program consists of a single in-network only open access plan. The average rate increase over a five-year period has been 0.88% and the employee contributions have remained consistent since 2016. The medical plan was enhanced over the years and resulted in a reduced annual deductible and out of pocket maximum as well as the removal of the separate inpatient and outpatient hospital copays, which left room for modifications as needed to sustain the overall cost of the program.

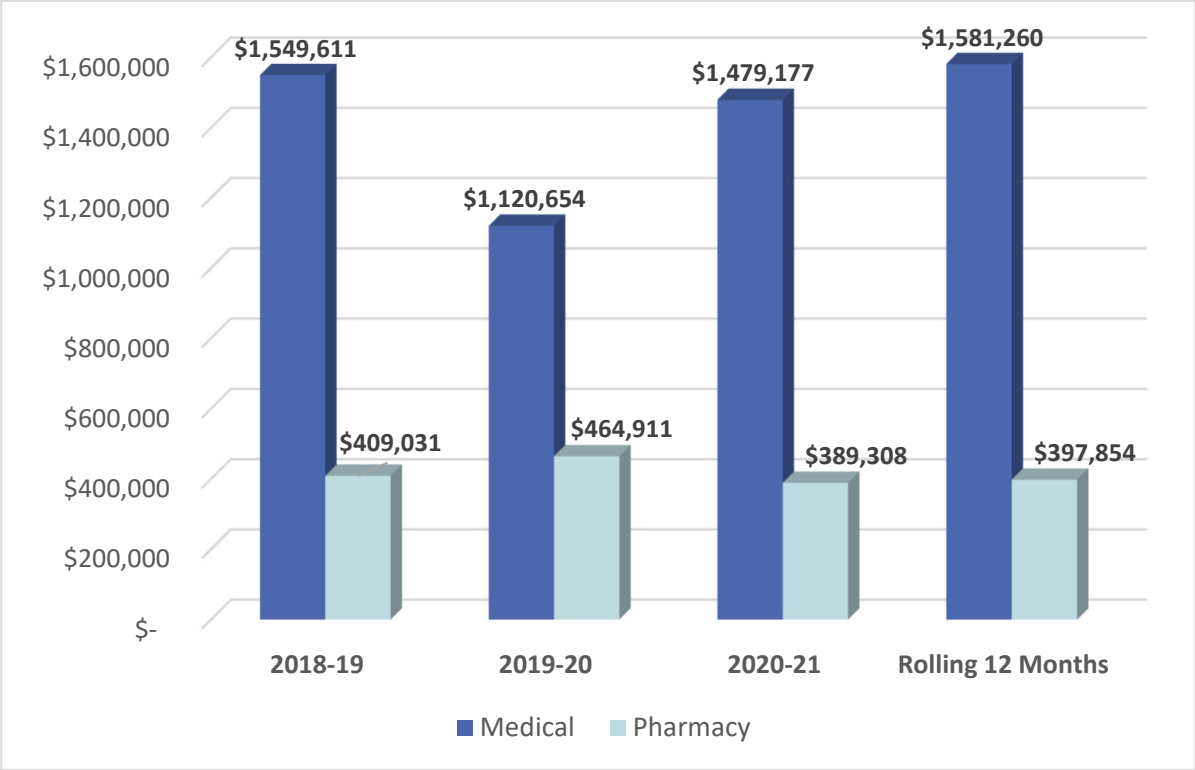
5 Year Medical Insurance Renewal Increase

2018-2019	2019-2020	2020-2021	2021-2022	2022-2023
-8.1%	0.0%	1.0%	0.0%	11.5%

MEDICAL COVERAGE - RENEWAL

The market for medical insurance is currently forecasted at larger than average increases for the 2022/23 plan year, hovering close to 10%. The majority of the increased trend is due to both a direct and indirect response to COVID-19. Many insurance carriers and plans enjoyed below average utilization in 2020 and much of 2021 due to the resurgence of the virus via the Delta variant, which thereby resulted in favorable underwriting and lower than average insurance renewals for the 2021/22 plan year. Since then, all of the major carriers and many of their plan sponsors have seen claims costs increase over the last 7-8 months. Much of this activity comes from plan members accessing pended services, continued COVID claims and related costs, such as coverage for over-the-counter testing and diagnostics as mandated by legislation, and a significant uptick of large claims surmised to be the effect of delayed diagnostics and care.

Exhibit I – Medical & Pharmacy Claims Spend



As the chart above summarizes, costs have returned to pre-COVID levels and are continuing to increase for the aforementioned reasons. All of this lends to a conservative underwriting environment with the estimated cost of reinsurance projected to increase 20-25% for the 2022/23 plan year. Gehring Group was able to secure pricing for an option that modified plan benefits slightly, increasing the deductible $50/$100, still below the market average, and the ER copay by $50 for an 11.5% increase.

The Gehring Group also provided alternative cost sharing scenarios for review and consideration as the cost of insurance to employees has not changed since 2016, however the Village has absorbed increases over the years. The cost sharing alternative resulted in a $40,000 savings with only a maximum of a $10.12 increase to per pay period employee contributions.

Humana also offers the Go365 wellness program to eligible employees and dependents. Humana's renewal proposal also includes a wellness fund of $20,000.
The Teladoc program is a separate offering and will no longer be offered to employees as the Humana plan provides for telemedical services at the same cost as a standard physician office visit.

DENTAL COVERAGE RENEWAL

In addition to the medical insurance, group dental insurance is offered to employees and dependents through Humana. The current dental program consists of a fully insured Preferred Provider Organization (PPO) which provides benefits regardless of the dentist's participation in the network. Humana's renewal for the current plan was negotiated to a 4% increase with no plan changes. An alternate plan design was provided for consideration that moves the service category for Endodontics (root canal therapy) from Basic to Major. This change provided for a 3.5% savings for an overall renewal increase of 0.5% and impacted only 5% of claims.

VISION COVERAGE RENEWAL

The Village also offers a vision plan through Humana. This benefit is 100% paid by the employees through payroll deductions. The current plan is structured with a $10 exam copay and $15 materials copay. The current plan also provides a $130 allowance toward the purchase of frames and contacts at participating providers. The Village has been insured with Humana for vision since 2020. The plan is currently in rate guarantee until 2023.

BASIC GROUP LIFE INSURANCE RENEWAL

The Village's current life and disability carrier, Mutual of Omaha, was unable to renew the policy at a reasonable adjustment to premiums. As a result, the Gehring Group marketed this and the corresponding lines of coverage to gauge market competitiveness. The RFP provided for several cost saving options, with the Standard providing the most competitive offer with rates below current, resulting in a nearly $3,000 savings guaranteed for 3 years until 2025.

VOLUNTARY GROUP LIFE INSURANCE RENEWAL

In addition to basic life coverage provided by the Village, employees and spouses have the option to purchase additional life insurance on a voluntary basis.

The Standard's voluntary life insurance plan similarly allows employees to purchase supplemental life insurance in increments of $10,000 to a maximum amount of five times their annual salary or $300,000, with an increased Guaranteed Issue amount of $250,000. Additionally, the plan allows spouses to purchase increments of $5,000 up to a maximum of $100,000. Voluntary life rates are determined by employees' and spouses' ages. Now children from birth to twenty-six years old are covered for a $10,000 benefit at a reduced rate until 2025.

VOLUNTARY LONG TERM DISABILITY INSURANCE RENEWAL

Employees also have the option of purchasing long-term disability coverage on a voluntary basis through. The Standard's voluntary long-term disability plan allows employees to purchase long-term disability coverage in increments of $100 to a maximum amount of 60% of their monthly salary or $6,000. The rates quoted in the RFP are significantly lower and are guaranteed until 2025.

EMPLOYEE ASSISTANCE PROGRAM (EAP)

The current employee assistance program is sponsored by the Village and is offered through Humana to all employees and their family members. The Employee Assistance Program provides confidential assistance with the daily stressors of life and work. Employees, dependents and household members are currently offered six face to face sessions (per issue). Humana's renewal came in at no change to annual costs for this program.

RECOMMENDATION SUMMARY

Medical & Prescription Drug – Gehring Group and staff recommend renewing with Humana with the alternative plan design at an 11.5% increase. The offer includes a wellness budget of $20,000 as well as access to the Go365 online wellness platform and an assigned wellness coordinator to support the Village in planning and initiatives.

Dental Insurance – Gehring Group and staff recommend renewing with Humana with the alternative plan design at a 0.5% increase.

Vision Insurance – Gehring Group and staff recommend honoring the current Humana vision plan with no change to the rates in guarantee until 2023. This is a voluntary product offered to employees through payroll deduction.

Basic Group Life and Voluntary Life – Gehring Group and staff recommend transitioning coverage to the Standard for a 21% savings with no changes to benefits.

Long-Term Disability Insurance - Gehring Group and staff recommend transitioning coverage to the Standard with reduced rates for employees.

Employee Assistance Program - Gehring Group and staff recommend renewing the current plan with Humana at no change to annual premium.

Village of Palm Springs

Executive Brief

AGENDA DATE: March 10, 2022

DEPARTMENT: Administration

ITEM #17: Approve Agent Record–Employee Benefit Broker Services Agreement – Piggyback (Renewal) – The Gehring Group, Inc.

SUMMARY: The Village uses a consultant to help with selecting providers for all employee benefits (i.e., health insurance, dental insurance, vision coverage, and other ancillary products). Currently, the Village utilizes Gehring Group to provide these essential employee benefits, and the existing three (3) year contract will expire on March 31, 2022.

To ensure the lowest possible price, the staff recommended the Village piggyback the current City of Oakland Park contract awarded to Gehring Group, Inc. This selection by the City of Oakland Park was completed through a competitive selection process - Group Benefits Consultant/Agent of Record - (RFP #052716).

If approved, the Village would accept Gehring Group Employee Insurance pricing by piggybacking the City of Oakland Park's contract, including all terms, conditions, and pricing therein. The term of the proposed agreement, if approved, would expire on November 4, 2022, and provides for two (2) one (1) year renewal options. The Village will not expend more than the amount within the approved budget as it may be adopted/amended each year for these goods and services over the term of this contract.

Note: A flat annual consulting fee (equal to the estimated commission) will remain the same at $30,000 ($7,500 quarterly).

Village Purchasing Code, Section 58-9: "Contracts with other government agencies" provides that the Village may award a contract by piggybacking or accessing the goods and/or services from any State of Florida contact; contracts of any Florida political subdivision; or from any other governmental entity (other than the Federal government); provided that the same or substantially similar goods and/or services were competitively solicited.

The proposed agreement was prepared by the Village Attorney and reviewed by the Interim HR Director, the HR Manager, and Finance Director.

The Village has worked with the proposed vendor and has received excellent service and a quality product.

FISCAL IMPACT:

Funding to support this service is available within the FY 2022 Budget - General Fund and Water & Sewer Enterprise Fund. The Village will not expend more than the amount within the approved budget as it may be adopted/amended each year for these goods and services over the term of this contract.

Note: A flat annual consulting fee (equal to the estimated commission) will remain the same at $30,000 ($7,500 quarterly).

ATTACHMENTS:

1. City of Oakland Park - Agent of Record Agreement 2020 thru November 4, 2022 - Fully Executed
2. City of Oakland Park - Request for Proposal #052716 - Agent of Records Benefits Consultant - Response
3. City of Oakland Park Contract - Piggyback for Insurance Services with Gehring Group
4. Palm Springs - Gehring Group - Piggyback Letter

CITY OF OAKLAND PARK
3650 NE 12th Avenue
Oakland Park, FL 33334

AGREEMENT for Employees Benefits Agent of Record (AOR)

This AGREEMENT, made this 5 day of November, 2020, by and between the City of Oakland Park, acting herein through its City Manager, hereinafter called "OWNER", and the Gehring Group, located in Palm Beach County in the State of Florida, hereinafter called "CONTRACTOR".

WITNESSETH, that the parties hereto do mutually agree as follows:

ARTICLE I

That for, and in consideration of, the payments and agreements hereinafter mentioned, to be made and performed by the OWNER, the CONTRACTOR hereby agrees with the OWNER to commence and complete the work described as follows:

The Contractor will provide services identified in the City Request for Proposal #052716 Scope of Services and further identified in CONTRACTOR's proposal of May 27, 2016.

All terms, conditions, and provisions of the Request for Proposal #052716 are incorporated herein by reference and made specific part hereof.

ARTICLE II

In accordance with the Proposal, the Contractor shall furnish at his own expense all labor, vehicles, materials, tools and equipment needed to perform the services required.

ARTICLE III

The term of this Agreement shall be for a two year period and the City, acting through the City Manager or his/her designee, will have the option to extend such agreement for up to one additional two-year periods upon satisfactory performance by the consultant, and terms and conditions mutually agreed upon.

ARTICLE IV

If it is determined that it is in the best interest of either party of the Agreement to terminate this Agreement prior to the expiration date, for cause, a thirty (30) calendar day written notice shall be given by the party wishing to terminate this Agreement.

ARTICLE V

Contractor agrees to indemnify and save CITY, its public officials, agents, servants and employees harmless from and against any and all claims arising out of or in any way connected with the willful misconduct or negligence of the contractor, or its employees and to carry at its own expense policies of insurance described in Request for Proposal ##052716 to protect the CITY and its interests from such actions of the contractor or sub-contractors. Contractor further agrees to reimburse CITY for any and all court costs and other expenses, including reasonable attorney's fees incurred by CITY in defending any action, at both the trial and appellate levels, including paralegal expenses associated therewith, brought against CITY for injury or damage claimed to have been suffered as a result of or in any way connected with contractor's willful misconduct or negligence or that of its employees.

ARTICLE VI
Nondiscrimination Equal Employment Opportunity and Americans With Disabilities Act:

Contractor shall not unlawfully discriminate against any person in its operations and activities or in its use or expenditure of funds in fulfilling its obligations under this Agreement. Contractor shall affirmatively comply with all applicable provisions of the Americans with Disabilities Act (ADA) in the course of providing any services funded by this Agreement, including Titles I and II of the ADA (regarding nondiscrimination on the basis of disability), and all applicable regulations, guidelines, and standards. In addition, CONTRACTOR shall take affirmative steps to ensure nondiscrimination in employment against disabled persons. Such actions shall include, but not be limited to, the following: employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff, termination, rates of pay, other forms of compensation, terms and conditions of employment, training (including apprenticeship) and accessibility.

Contractor's decisions regarding the delivery of services under this Agreement shall be made without regard to or consideration of race, age, religion, color, gender, sexual orientation, gender identity, gender expression, national origin, marital status, physical or mental disability, political affiliation, or any other factor which cannot be lawfully used as a basis for service delivery.

Contractor shall not engage in or commit any discriminatory practice in violation of the Broward County Human Rights Act (Broward County Code, Chapter 162) in performing any services pursuant to this Agreement.

ARTICLE VII
Public Records

The City of Oakland Park is a public agency subject to Chapter 119, Florida Statutes. The Contractor shall comply with Florida's Public Records Law. Specifically, the Contractor shall:

1. Keep and maintain public records that ordinarily and necessarily would be required by the City in order to perform the service;
2. Provide the public with access to such public records on the same terms and conditions that the City would provide the records and at a cost that does not exceed that provided in chapter 119, Fla. Stat., or as otherwise provided by law;
3. Ensure that public records that are exempt or that are confidential and exempt from public record requirements are not disclosed except as authorized by law; and
4. Meet all requirements for retaining public records and transfer to the City, at no cost, all public records in possession of the contractor upon termination of the contract and destroy any duplicate public records that are exempt or confidential and exempt. All records stored electronically must be provided to the City in a format that is compatible with the information technology systems of the agency.

The failure of Contractor to comply with the provisions set forth in this Article shall constitute a Default and Breach of this Agreement and the City shall enforce the Default in accordance with the provisions set forth in ARTICLE IV.

AGREEMENT:

IN WITNESS WHEREOF, the parties to these presents have executed this contract in three (3) counterparts, each of which shall be deemed an original, in the Year and Day first mentioned above.

Re: RFP # 052716 – Group Benefits Consultant / Agent of Record

Dear Committee Member:

Gehring Group is pleased to provide this response to the City of Oakland Park's Request for Proposal for Group Benefits Consultant/Agent of Record. As the current Employee Benefits Consultant/Agent, we welcome the opportunity to submit this response in the hope of continuing our mutually successful relationship with the City. Through our extensive experience as Consultant/Agent for over 80 Florida public sector entities, we are confident that our firm will continue to offer the City efficiencies, value added services, in-depth public sector experience, and an unparalleled service standard with the goal of not merely meeting the City's needs, but exceeding the City's expectations.

Gehring Group has enjoyed a long-standing and excellent relationship with the City during the past five years; having guided the City proactively in identifying and modifying its overall benefits program and administrative processes in order to achieve efficiencies and capitalize on cost saving opportunities. While serving in our capacity as Consultant and Broker for the City's employee benefits programs, some of these proactive solutions and services provided have included:

- Over the course of five years; the Gehring Group has negotiated over $1.4 million in savings in premium costs with carriers without significantly changing the core benefits; even while carrier trend (medical inflation) factors were in the double digits for the local market.
- Negotiating a "no increase" for the City's dental and vision programs for the past five years with not plan changes.
- Gehring Group provided for and oversaw the implementation of BenTek®, a paperless online employee benefits enrollment and administration system (valued at $30,000 per year). In addition to soft dollar savings associated with the efficiencies gained during the open enrollment, eligibility update reporting, and administration process. BenTek includes unique audit capabilities that allow the administrator to easily identify real time discrepancies between eligibility and payroll deductions – resulting in not only the saving of reconciliation time, but also ensuring the employee portion of any premiums is also collected.
- The review of all health plans and policies to ensure compliance with the previously and currently implemented guidelines and changes pursuant to Health Care Reform Acts of 2010 (ACA/PPACA); as well as planning for the regulations set to be effective in the upcoming years including EEOC and ADA wellness plan guidelines.
- Facilitating the selection of a vendor to provide 1094/1095 IRS Reporting.
- Providing Health Care Reform education and training resources including the Gehring Group Client Portal, client seminars and webinars, and group meetings.
- Preparation of custom communication pieces to effectively educate employees and retirees of their benefit plan offerings; providing an additional resource to City staff.

- Advocating for employees regarding complex claim issues and appeals, assisting them through resolution.
- Attendance at all meetings, as requested.
- Assisting the City with the coordination of the implementation of Health and Wellness Programs along with negotiating Vitality through Humana and a renewal rate increase cap based upon plan performance.

Gehring Group's core services have been designed to meet and exceed those requested in the Scope of Services outlined in the RFP. We provide sophisticated solutions to complex problems and utilize technology and administrative capabilities to assist our clients in gaining efficiencies and develop long range strategies to conform to the entity's overall financial goals.

Gehring Group has specialized in serving the public sector for over twenty years and currently places over $600 million in insurance premium annually, including the health plans for each of more than 80 Florida public sector organizations. We employ the highest caliber industry staff and remain committed to ongoing training for both our staff and our clients as the insurance marketplace transforms through the implementation of the Health Care Reform Acts. In addition, our extensive public sector experience and expertise affords us the ability and experience to provide benchmarking studies, and related case study comparatives for consideration. With a centralized, rather than decentralized analytics team, we are able to collaborate and negotiate in an informed and experienced concurrent manner in order to achieve the most cost savings and greatest results for our clients. As you will note while reading through our proposal, Gehring Group does not employ a "silo" structure, dedicating the monies ordinarily paid in commissions to a commissioned salesperson, instead into value added services for our clients.

As one of the top producing brokers/consultants for public sector entities throughout the state, our firm also has the distinct honor of participating in the agent advisory councils of some of the top carriers in the state include Florida Blue and CIGNA HealthCare. This provides us with considerable leverage during client negotiations. We have also received additional recognitions and have been named a Florida Blue BlueDiamond Producer, CIGNA HealthCare Platinum Broker, and United Healthcare Advantage Gold membership. These strong carrier relationships allow us to effectively negotiate and implement innovative and cost saving measures. We represent all carriers and hold no interest or ownership in any insurer or TPA; therefore, emphasizing our independent status. In addition, Gehring Group can bring additional options to the City for consideration such as the Florida League of Cities municipal insurance trust.

In summary, Gehring Group meets and exceeds the minimum requirements of the RFP, and we are confident that we can continue to provide the City with additional value and exceptional services. Our approach to the business is detailed in this proposal, coupled with our extensive public sector experience, familiarity with applicable regulations, market relationships, and enthusiasm make us the broker of choice. We thank the members of the selection committee in advance for the review of our comprehensive response and stand ready to provide any additional required clarification upon review of this proposal's contents.

Sincerely,

Kurt Gehring, CEO

TAB A: EXPERIENCE

EXPERIENCE: Including professional and/or technical education and training; experience in the kind of projects to be undertaken; availability of adequate personnel, equipment and facilities and the extent of repeat business of the persons. Provide names and resumes of all individuals to be assigned to this project. List previous projects similar to the one in this RFP, which have been satisfactorily completed or managed.

1. **Parent company name, home office business address, business telephone number, facsimile number, and email address; local business address, telephone number, facsimile number, and email address. If you are proposing for a subsidiary of the parent company, please provide above information for the subsidiary.**

   Gehring Group is incorporated as a Florida S-Corporation. There is no applicable parent company, and the firm is not a subsidiary. Gehring Group's contact information is as follows:

Company Name:	The Gehring Group, Inc.
Business Address:	11505 Fairchild Gardens Ave., Ste. 202 Palm Beach Gardens, FL 33410
Telephone:	Toll Free: (800) 244-3696 or (561) 626-6797
Facsimile:	(561) 626-6970
Email:	cindy.thompson@gehringgroup.com

2. **Briefly describe your firm's history, particularly your employee benefits division, number of employees and years in existence. List all Florida Public/Private sector clients which your firm has provided employee benefits services from 2006. Provide:**
   - **Date contract began**
   - **Date contract ended or if on-going please state so**

   HISTORY OF FIRM

   Kurt Gehring founded the Gehring Group in 1992 with the intention of providing year-round benefits consulting and advisory services to clients, in addition to expert negotiations and renewals. With experience working for national insurance companies, he had observed firsthand the challenges employers faced on a daily basis regarding their benefit programs and observed many departments in need of enrollment assistance, employee education, claims servicing, and objectivity that was not being provided.

   Gehring Group was founded on the principle of individually addressing the needs and goals of public sector entities, businesses, industries, and labor and professional organizations through the design and servicing of insurance programs that best suit each clients' particular needs and circumstances. Mr. Gehring employed an approach that benefits programs are not cookie cutter, and communication among parties is a key to any successful program. The result was the development of Gehring Group into a service centered firm providing unparalleled expertise and services in employee benefits, risk management, and technology solutions.

   NUMBER OF EMPLOYEES

   Gehring Group has since grown from 3 employees at inception to over 55 employees today with offices in Palm Beach Gardens and Coconut Creek, and with employees located in Sarasota and Orlando. We understand that the best way to take care of our clients begins with taking care of our

employees which is why we have so many employees that have been with the firm for over 10 years. Our employees are highly experienced and committed to working with you for the long haul. You will find our employees as engaged with your long-term planning process as they are with the day-to-day needs of the City and its employees. With this knowledge comes the empowerment to deliver solutions that optimize your employee benefits.

PUBLIC SECTOR CLIENTS

(Please note that in order to preserve the privacy of our private sector clients, information will be provided upon Gehring Group's selection as AOR and upon receiving approval from the applicable private sector clients.)

3. Provide details of your company's financial status and stability.

Gehring Group is organized as a Florida Subchapter S corporation, of which Kurt Gehring is the Principal owner. As a non-public company, Gehring Group does not prepare or file audited financial statements for public distribution or file with the Securities and Exchange Commission. Under the

direction of Kate Grangard, CFO, and Katherine Bellantoni, Controller, both Florida Certified Public Accountants, Gehring Group employs a conservative fiscal approach and prudent decision making. The predominant portion of Gehring Group's revenue is received from monthly commissions and consulting fees and Gehring Group has enjoyed continuous, year to year operating profitability. Gehring Group maintains a positive capital balance and reinvests its profits into the development of client oriented services and technology such as BenTek®. In addition, Gehring Group maintains a strong banking relationship, reference to which is available upon request.

Please refer to **Exhibit 1** for a letter from Thomas & Clough Co., P.A., our accounting firm which will verify the firm's financial stability.

4. What is your company's vision statement?

Gehring Group's vision is to be the broker/consultant of choice in the public sector market, setting a standard of excellence, and serving our client's individual needs through the delivery of progressive and customized services, market trends, and recommending cost-effective solutions.

Inherent in our corporate culture, Gehring Group has 30 ***Keys to Our Collective Success*** that focus on:

- ✓ Fanaticism around culture, values, and principles
- ✓ An unfailing commitment to people
- ✓ Rigorous attention to detail and execution, and
- ✓ Flexibility, creativity and determination to transcending the status quo.

5. **Respondents must provide a list of all lawsuits in which the firm has been named as a party in the past four (4) years along with the status of the lawsuit.**

Gehring Group is pleased to state that the firm has not been involved in any lawsuits within the past four (4) years (or since its inception).

6. **Discuss any impending changes in your organization that could impact the delivery of services.**

   There are no impending changes within our organization that would impact Gehring Group's delivery of services to the City of Oakland Park. As a dedicated and robust organization, we continually strive to enhance our level of service as well as increase the resources that we are able to make available to our clients.

7. **Capacity of local business office, i.e., computers, network, secured email system, printers, facsimile machines, telephones, and conference room.**

   Gehring Group's headquarters is located in Palm Beach Gardens, Florida, with a branch office in Coconut Creek, Florida. Gehring also has a permanent group of remote employees. Office locations consist of employee offices, break rooms, conference rooms, storage rooms and IT infrastructure. The Palm Beach Gardens facility has a dedicated computer room with dual redundant Internet connections and redundant firewalls. Gehring Group leverages elastic SAAS cloud services from both Microsoft and Amazon to deliver secure, reliable and highly scalable business computing solutions with no capacity or location limitations. HIPAA compliance is at the core of all systems engineering starting with Business Associate Agreements with both Microsoft and Amazon and highly secured and auditable systems with least privilege configurations. Data encryption is systematically enforced on all mobile computing devices including laptops, tablets and smart phones.

8. **As outlined under Section IV., Minimum Requirements, describe designated team members to be assigned this account, including name, title, work location, education, years of experience in this area and achievements.**

   Gehring Group meets all minimum requirements as outlined in the RFP. Our staff members have the required experience in all areas outlined. Engaged, personalized account leadership is paramount to effective long-term client relationships. You will see that our passion for service shines through daily. Gehring Group holds a strong commitment to hiring talented high caliber professionals for our team and remaining on the cutting edge of industry innovation. Such strategic hires include former risk management personnel with public sector experience as well as former insurance carrier personnel with significant client service and underwriting experience. We also have former carrier underwriters, who bring their significant experience and expertise into the negotiation of carrier renewals and rates, to the direct benefit of our clients.

   PROPOSED SERVICE TEAM

   Executive Staff:..... **Kurt Gehring, CEO**
   Senior Benefits Consultant: ..... **Christian Bergstrom**
   Benefits Consultant:..... **Athena Erchard**
   Senior Account Manager: ..... **Jodi Beale**
   Employee Benefits Analyst: ..... **Larry Anchel**

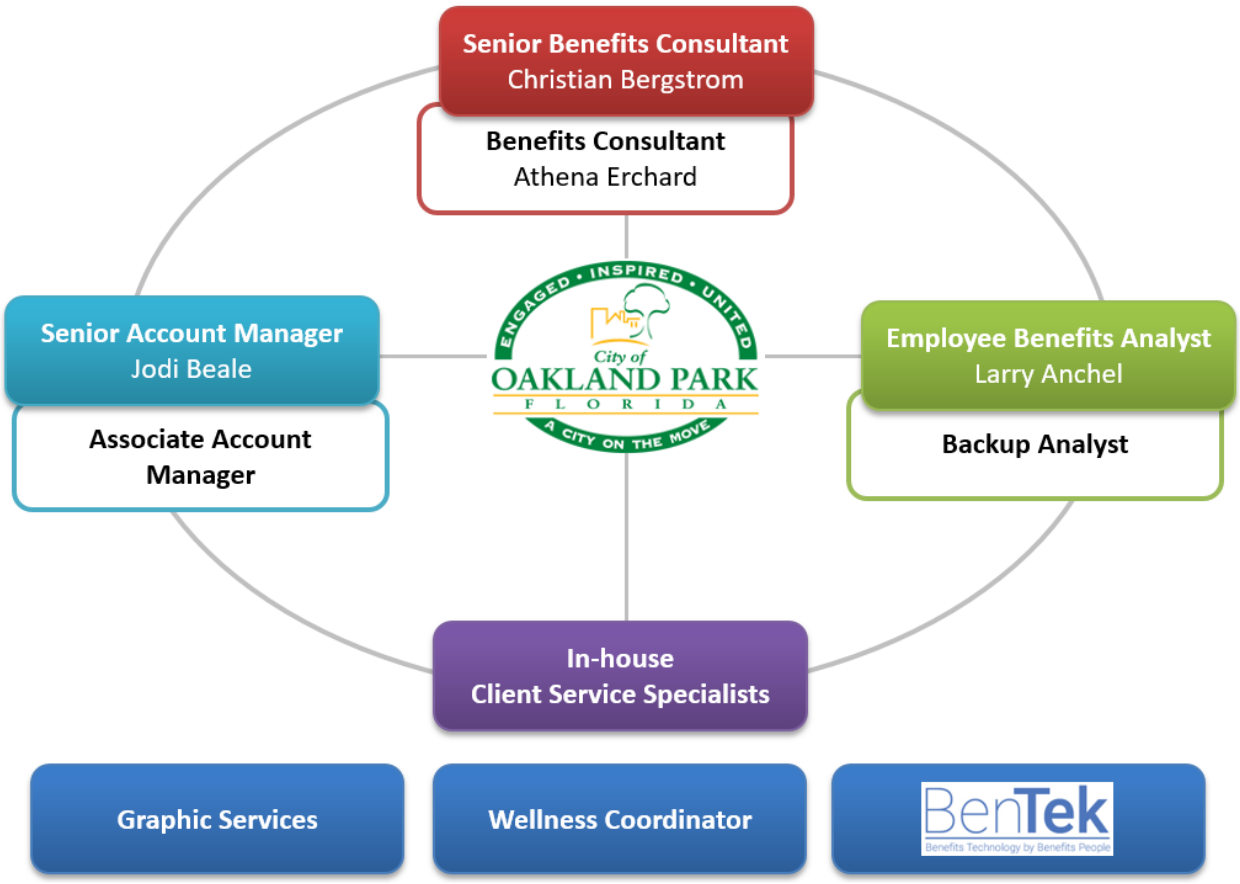
   Resumes for the above team members are included on following pages.

   In addition to the above service team, the City will also have direct access to additional staff resources with varying specialties including:

   - Kate Grangard, CPA, CGMA, CFO – *Health Care Reform Certified*

- Shawn Fleming, CSFS, Senior Benefits Consultant – *Certified Self-Funding Specialist*
- Anna Maria Studley – Senior Benefits Consultant
- Sarah Burt, CWWS, CCWS – Wellness Coordinator

Our service team model for the City is represented as follows:



EMPLOYEE BENEFITS CLIENT SERVICE TEAM

Senior Benefit Consultant: Christian Bergstrom, CHRS, Senior Benefits Consultant
Professional Licenses: Life, Health & Variable Annuity, General Lines Property & Casualty, Certified Healthcare Reform Specialist
Education: University of Texas
Degree: B.S., Public Administration
Work Location: Palm Beach Gardens, FL
Years of Experience: 14+

In Christian Bergstrom's role as Senior Benefits Consultant, he will assist in strategic and budget planning as it relates to the entity's employee benefits program, making recommendations as necessary and providing guidance with regard to compliance with health care reform. He will be available as needed for meetings with decision makers and is available to make presentations to executive staff and boards as required.

For the past fourteen years, twelve of which spent at Gehring Group, Christian has worked in the insurance arena, focusing on large group public sector clients. Familiar with all lines of insurance coverage and funding arrangements, Christian is licensed to transact life, health, variable annuity, and property and casualty classes of insurance in the State of Florida. Christian Bergstrom earned a Bachelor of Science Degree in Public Administration, Cum Laude from the University of Texas. He was a Fast Track student in Public Affairs and is an alumnus of Pi Sigma Alpha, the national political science honor society. Christian has also earned his CHRS (Certified Healthcare Reform Specialist) designation through the Employer Healthcare & Benefits Congress.

Christian joined Gehring Group as a Senior Analyst in 2003. Currently in his role as Senior Benefits Consultant, he is responsible for overseeing all aspects of client service and technical analysis of his large group clients' employee benefits program needs. These include: spearheading RFP development, bidding and compliance during the RFP process, and providing detailed analysis of the bid's analytical data in order for an appropriate recommendation to be made. During the bid and negotiation process, Christian acts as the key liaison between the client and the insurance carrier/TPA. Christian currently serves as the Senior Benefits Consultant for such large employers as the Palm Beach County Sheriff's Office, the City of West Palm Beach, City of Margate, Town of Jupiter, and City of Naples and is therefore, well-versed in the services required in the public sector market.

Christian's reputation in the industry has earned him the invitation to sit on the "agent advisory councils" of two of the largest group insurance carriers in the State of Florida; Florida Blue and Cigna Healthcare. His insurance expertise and real-life experience in advising his clients allow him to provide real time, relevant feedback to these carriers regarding specific programs and plan models. He also maintains close working relationships with other vendors and upholds an unbiased allegiance to making recommendations that best meet the needs and goals of his clients.

Athena Erchard, Benefits Consultant
Professional Licenses: Life, Health & Variable Annuity
Education: Palm Beach Atlantic University
Degree: B.A., Marketing & Psychology
Work Location: Palm Beach Gardens, FL
Years of Experience: 20+

Athena Erchard is an experienced employee benefits professional with 20 years of experience in the industry including working for an international brokerage and consulting firm. During the course of her career, she has worked in multiple roles allowing her the unique opportunity to gain an understanding of the client perspective from different vantage points. Athena has spent over 10 years working specifically in the public sector large group space analyzing benefit plans, funding arrangements and insurance carrier data, researching and developing employer tools for comparing programs and managing open enrollments, benefit fairs and wellness programs.

Her work history is rich, working with all major carriers and large group employers, assisting through the navigation of healthcare reform and the options afforded in this cycle of the benefits arena. Athena has worked as a Senior Marketing Analyst, Account Executive and as an Employee Benefits division manager which provides her clients with an in-depth understanding through organizing and analyzing data to best fit the needs of employer group.

Her communication skills and industry knowledge fosters a dynamic relationship with both clients and carriers. Her collaborative spirit helps maintain interpersonal relationships between brokers, clients and employees. She has been instrumental in developing strategies that include various funding arrangements based on client objectives with consideration of the insurance marketplace, budget objectives, benchmarking and legislative compliance.

Athena is a member of the National Association of Health Underwriters, Florida Association of Health Underwriters and Tampa Bay Underwriters organizations.

Senior Account Manager: Jodi Beale, SPHR
Professional Licenses: Life, Health & Variable Annuity, SPHR
Education: Palm Beach Atlantic University
Degree: M.A., Human Resources Development
Work Location: Palm Beach Gardens, FL
Years of Experience: 20+

Jodi Beale is an experienced professional, having 20+ years of combined Human Resources and Employee Benefits experience. Jodi began her career in human resources and benefits administration in both the public and private industries, eventually spending 7 years as a Director of Human Resources. In her experience in Human Resources, Jodi was responsible for the administration of the payroll and employee benefits for a company of 400+ employees, coordinated workers' compensation and unemployment claims, updated HR policies and processes as required for compliance, researched and implemented an HRIS system, and assisted in employee matters including performance issues and recruiting.

Prior to joining Gehring Group in 2009, Jodi spent 8 years with a national benefits consulting firm in the capacity of account manager assisting employers with the implementation and maintenance of their employee benefits programs. Jodi is licensed in Life Insurance, Health Insurance & Variable Annuities, and is PHR and SPHR certified. Additionally, Jodi holds a Master's Degree in Human Resources Development. An active member of SHRM and other relevant associations, Jodi remains at the forefront of the industry to accomplish the goal of keeping her Gehring Group clients ahead of the curve regarding compliance and other employee benefits issues.

Employee Benefits Analyst: Larry Anchel
Professional Licenses: Life, Health & Variable Annuity
Education: University of South Florida
Degree: B.S., Marketing
Work Location: Palm Beach Gardens, FL
Years of Experience:

As a member of the Gehring Group Analytical Services team, Larry is a seasoned professional, having spent more than ten years of his career working specifically in various employee benefits analytic roles which includes leading a team of Benefit Analysts for a national benefits consulting firm. He has also mastered the ability to build relationships with clients, negotiating on their behalf with insurance vendors to achieve the most advantageous options for their benefit dollars. He has deep knowledge of claims analyses and geographic market trends and has worked with both public and private sector clients ranging from two to 12,000 employees.

Larry began his career as a Financial Advisor, where he specialized in retirement planning for the Public Sector market, including School Districts, Police and Fire in the Tampa area and surrounding counties. He

currently holds his Life, Health, and Variable Annuity License and previously held his Series 6, 66, and 7 licenses.

A graduate of the University of South Florida, Larry earned his Bachelor of Science degree in Marketing. Our clients count on Larry to be responsible for all aspects of the analytical functions of servicing their programs and monitoring claims data and associated trends.

ADDITIONAL STAFF RESOURCES

Kurt Gehring, CEO
Professional Licenses: Life, Health & Variable Annuity, General Lines Property & Casualty, Surplus Lines
Kurt Gehring is an alumnus of Florida State University and currently serves on FSU's College of Business Board of Governors. An insurance industry veteran with over 25 years' experience, Kurt is an insurance expert licensed in Health, Life, and Variable Annuities, Property and Casualty Insurance, and Surplus Lines License. Kurt has successfully recommended, implemented, and serviced various types of employee benefit, workers' compensation and property and casualty insurance programs, while specializing in the large group market. Recognized for his extensive knowledge, expertise as well as his excellent communication skills, Kurt has been a featured speaker at various conferences on a variety of insurance topics.

Kurt founded the Gehring Group with the mission of providing clients the highest level of service, exceeding not only industry standards, but also client expectations. Recognizing the inherent challenges in servicing organizations with a large number of employees, various contracting parties, and various insurance obligations, the Gehring Group utilizes a unique, team-based approach customized to meet the specific needs of each client. Each Gehring Group employee makes an unprecedented effort to address each situation both promptly and effectively. The success of the Gehring Group is a direct result of this promised and delivered, unparalleled service standard.

Under the guidance and visionary leadership of Kurt Gehring, Gehring Group clients have successfully implemented leading edge concepts such as Consumer Directed Health Plans, Onsite Clinics and Innovative Wellness Programs. In addition, the Gehring Group developed BenTek®, an internet based employee benefits administration system in order to meet the growing benefit administration needs of its clients. This system allows clients to conduct internet enrollments, transmit electronic eligibility to insurance carriers, and provides employees with access to an "Employee Benefits Center" help site. The Gehring Group's growth and success in maintaining long lasting client relationships is a result of its strong commitment to personalized service to its clients as an independent resource, facilitator, advocate, and advisor.

Name: Kate Grangard, CPA, Chief Financial Officer
Professional Licenses: Certified Public Accountant, Certified Health Care Reform Specialist
Kate Grangard graduated with honors from Fordham University in 1987 with a B.S. degree in Business Administration with a concentration in Public Accounting. She is a licensed Certified Public Accountant in Florida, and has also held licensure in New York. Kate is a member of the American Institute of Certified Public Accountants, the Florida Institute of Certified Public Accountants, and an associate member of the Association of Certified Fraud Examiners.

Kate started her career in public accounting with the Metropolitan Services Group of Price Waterhouse in Manhattan. As an auditor, she worked on a variety of industry clients including financial institutions, insurance companies, and pension funds. After moving to Florida, she continued her Price Waterhouse career in the West Palm Beach office.

Mrs. Grangard also spent eleven years as Vice President of Finance for a Florida based regional restaurant chain. In her position, she developed and managed the accounting, risk management, employee benefits, and information technology departments. In this executive position, she designed and implemented highly successful internal control and risk management programs and formulated and implemented company policies and procedures. In addition, in the finance arena, she successfully obtained senior debt facility commitments and maintained the commercial bank and financing partner relationships. Notably, Kate's achievements in the risk management area while in this position resulted in substantial savings to the company. In managing this department, she gained experience in the property and casualty, general liability, workers compensation, employee benefits, and umbrella insurance sectors. Her ability to first recognize contributing factors to trends and negative experience, and subsequently effectively negotiate and redesign program parameters resulted in substantial savings to her employer.

Kate brings her extensive management, finance, audit and analytical experience, and customer service commitment to her leadership role with the Gehring Group. Kate is a legislative compliance lead on the Health Care Reform Acts for our clients, and is respected as a highly regarded speaker on health care reform updates for various conferences and groups. Additionally, as CFO of Gehring Group for over nine years, Kate is responsible for overseeing the growth and development of the Company's finances, infrastructure, and staff so that Gehring Group is able to meet its commitment to provide the highest level of customer service to its clients.

Kate is also a frequent speaker at various organizations, and authors and presents webinars and seminars throughout the year believing her role to be an educator with regard to this landmark legislation. In addition to appearing as a recurring guest expert on the Affordable Care Act on The South Florida Business Report on WPEC, Kate also serves as Vice Chair on the Executive Board of The Lord's Place, an organization in Palm Beach County dedicated to breaking the cycle of homelessness. Kate is a 20+ year member of the Jupiter-Tequesta Kiwanis Club, and maintains various professional affiliations including membership in the AICPA, FICPA, FGFOA, and NAHU. Kate serves on 2 committees each for both FGFOA and FICPA for the 2015-2016 year, including the FICPA Employee Benefits Conference Committee.

Anna Maria Studley, Senior Benefits Consultant
Professional Licenses: Life, Health & Variable Annuity

Anna Maria Studley is a seasoned professional with 35 years of experience in the insurance industry and has obtained vast experience undertaking many roles in the insurance sector. Her work history includes time as a General Agent and a Consultant, experience with two national insurance carriers, owning and operating a third party administration company, and experience as Director of Account Management with a national brokerage firm. Her responsibilities have included: providing analysis of benefit plans and claims utilization, oversight of the RFP and evaluation process, management of various funding arrangements, coordination of open enrollments and health fairs, and the handling of escalated member issues and billing reconciliation. Licensed in 26 states, she has also serviced such large employers as IBM and FPL where she managed several multi-state employee benefit programs, performed health insurance claim audits and assisted with the completion of required Form 5500's. Her expertise in compliance issues, state and federal regulations also make her a valuable asset the Gehring Group team and the clients she serves.

In addition, Anna Maria brings invaluable insight and experience from her employment experience with two national health insurance carriers. Her years at these carriers enabled her to gain special expertise regarding the inner workings of an insurance carrier and provided the opportunity for the establishment of significant industry relationships. As the Managing Director of Gehring Group's client service staff, Anna Maria is responsible for overseeing all aspects of account management and technical analysis to ensure delivery of the highest level of service with the ultimate goal of achieving both client and member satisfaction. She is supported by several other Gehring Group staff members including account managers, benefits specialists and analytical staff.

Anna Maria's experience at Gehring Group includes servicing clients from 50 to 3,500 employees to whom she brings the experience and knowledge to lead each client in its effort of maintaining a cost effective program.

Cindy Thompson, Vice President – Operations
Professional Licenses: Life, Health & Variable Annuity
As Vice President of Operations for Gehring Group, Cindy is responsible for providing senior level leadership and operations guidance to the organization and its team members. A 20-year veteran of Gehring Group, holding her Health, Life, and Variable Annuity Insurance License, Cindy brings a full array of talents and experience to her position, and serves as a valuable resource in various benefit related areas including employee benefits best practices, compliance and legislative issues, and technical and analytical tools. Her quest for in depth, rather than cursory understanding of the complexities of employee benefits laws complement her experience in servicing all aspects of an employee benefits program including analytical services, account management and wellness. Her responsibilities have included developing Requests for Proposals, preparing bid evaluations from responses received from the insurance market, and negotiating with carriers on behalf of many large employers throughout the State of Florida. Her expertise also extends to the various insurance plan funding arrangements including fully insured, self-insured and minimum premium arrangements, implementation of new programs and/or new carriers, enrollment and communication of group insurance benefits, as well as the day to day service requirements associated with administering a cost effective and administratively efficient employee benefits program.

Cindy's participation in coordinating and designing innovative program solutions to clients ranging from 50 employees to 5,000 employees that are fully insured, self-insured or under other types of funding arrangements brings value to every discussion as she offers history and experience, together with a methodical implementation and troubleshooting perspective, while considering and recommending forward thinking solutions. A valued member of the executive team, Cindy works with management to ensure overall client satisfaction and quality expectations. Cindy holds a Bachelor's degree from Palm Beach Atlantic University, where she majored in Finance, Banking, and Business Administration.

Kimberly Hall, Analytics Team Supervisor
Professional Licenses: Life, Health & Variable Annuity
In her role as the Analytics Team Supervisor, Kim Hall will be responsible for overseeing the team performing the financial and analytical aspects relating to the City's account. She will also be an additional contact regarding all financial aspects of its benefits program.

Kimberly is a tenured professional with extensive experience in the Underwriting and Actuarial Services arena. Prior to joining the Gehring Group, Kimberly spent 28 years in the underwriting department of

Blue Cross Blue Shield of Delaware where served as an Underwriting Senior Consultant and then promoted to Tactical Manager where she provided operational management to the entire underwriting department. In this role, she was responsible for developing, evaluating and recommending underwriting strategies designed to increase market share by providing cost effective solutions for clients. She was also involved in conducting analysis of client data and financials, monitoring performance, rate setting strategy, coaching and account level guidance and collaborating between sales, account management and other key internals. As Tactical Manager for over 10 years, Kimberly served as a company-wide resource on matters pertaining to rating and was responsible for reviewing and approving the work output of the entire unit, as well as delivering top-notch consulting work on the most "premier accounts".

Kimberly Hall earned her Bachelor of Science Degree in Mathematics/Computer Science/Physics graduating Sigma Zeta Math/Science Honor Society from Immaculata College, Pennsylvania. Upon her move to Florida, Kim joined the Gehring Group team in early 2015. Having worked with Local and National governmental accounts, her level of expertise has proven and invaluable resource to our team.

Sarah Burt, Wellness Coordinator
Professional Designations: CWWS, CCWS, ACSM CPT
Education: University of West Florida
Degree: B.S., Exercise Science

A skilled professional with focus in fitness and corporate wellness program implementation, Sarah has valuable experience in designing and implementing wellness, fitness, and health improvement programs and promotions for one of the nation's leading models for worksite wellness. Sarah's experience involves working with both large and small employee populations and she is focused on long-term participation and results.

As Wellness Coordinator at Gehring Group, Sarah employs a combination of experience, knowledge, enthusiasm, coordination and empathy to deliver cost saving, achievable, proven, and innovative programs to our clients.

During her years working in this specialized field, Sarah has worked in both the private and public sectors and has achieved a reputable resume which includes the supervision of all health promotion functions for a population of over 400 employees and coordination and implementation of wellness programs for a population of nearly 5000 employees.

In addition to these accomplishments, Sarah, who holds a bachelor's degree in Exercise Science from the University of West Florida, has also achieved the following education and health and wellness related credentials:

- Certified Worksite Wellness Specialist
- Certified Corporate Wellness Specialist
- Member of the American College of Sports Medicine
- American College of Sports Medicine Certified Personal Trainer
- Aerobic and Fitness Association of America Certified Group Exercise Instructor
- Trained in Motivational Interviewing Behavior Modification Technique
- Trained in Office Ergonomic Assessments

9. Provide three references from municipalities or other governmental agencies within the state of Florida for whom you provided services with similar requirements as the City.

The following includes a sample list of public sector clients for whom Gehring Group provides services similar to those requested within the City's RFP:

TAB B: PLAN EVALUATION

ABILITY TO OBSERVE AND ADVISE WHETHER PLANS AND SPECIFICATIONS ARE BEING COMPLIED WITH, WHERE APPLICABLE.

Describe experience, ability, and understanding of Proposer and assigned personnel in observing and monitoring instruction or direction to similarly related tasks.

1. **Describe your firm's Employee Benefits Group Insurance experience. Please refer to the Scope of Services and provide information on your ability to meet the required services.**

   Having served over 80 public sector entities in Florida, Gehring Group has extensive experience in serving public sector entities and providing each of the services outlined within the scope of work. Our team has worked with all major insurance carriers regarding all lines of insurance coverage, and has a comprehensive knowledge of all available products and funding methods. Our clients have grown to rely on our expertise and accessibility in dealing with all of their insurance and compliance needs. In Gehring Group's team environment, our staff work together to support each client as well as each other, and will make every effort to address each situation promptly and effectively. Our commitment to this high level of service is one of the many reasons that the Gehring Group continues to build long lasting client relationships.

   Gehring Group understands the City's desire to continue to offer their employees a competitive benefits package to attract and retain valued employees. If selected, Gehring Group will continue to partner with the City, to provide innovative ideas and solutions in accordance with the City's benefits philosophy and employee benefit plan offerings. Gehring Group will provide professional, timely advice and consulting services.

   Gehring Group works to consistently to deliver an unparalleled level of client service and industry expertise to the public sector market, serving many governmental entities including: city and county governments, special taxing districts, law enforcement agencies and school boards. Our experience with the requirements inherent in servicing this specialty market has enabled Gehring Group to become an extension of our clients' team, working with them, and for them year round to anticipate and respond to their needs, and deliver significant "value added" products.

   Gehring Group commits to performing all requested services as outlined in the Scope of Services including but not limited to:

   SCOPE OF SERVICES

   1. **<u>Benefits Analysis and Research:</u>**
      Gehring Group will review and evaluate the City's benefits programs on a consistent basis. This includes review and consideration of all viable program alternatives during a bid or renewal negotiation process. We present our clients with information and education regarding fully insured, self-insured, and minimum premium arrangements, tax-advantaged funding accounts, consumer driven health plans and other considerations specific to the client, such as bargaining obligations. This benefits analysis would also include research and evaluation of any new product offerings introduced by insurance carriers to determine its viability for the client. As an example, Gehring Group was one of the first to implement Health Savings Accounts (HRA), Health Reimbursement Accounts (HSA) and onsite employee health centers (onsite clinics) in the public

sector. We remain ahead of the curve with regard to evaluating and implementing new cost saving concepts and guide our clients through the entire selection and implementation process.

Our team is available to meet with the City as needed (but at least quarterly). We are also available to conduct satisfaction surveys, feasibility studies, performance audits and benchmarking of other local entities. Due to Gehring Group's concentration in the public sector, we have a significant amount of employee benefits benchmark data in-house. This includes statistics on plan benefits, employer contributions, waiting periods, trend factors and other related data.

Gehring Group's large public sector client base will also provide the City with the necessary negotiating strength when negotiating with various insurance carriers during the renewal season and throughout the year. One such example of our negotiation strength is illustrated by the fact that the City has not had a dental or vision rate increase since our contract inception with no change to the City's plan design. All analysis materials compiled by Gehring Group will include a comparison of any proposed option against the City's current benefit plans. Gehring Group's Analytical Services Department staff members are experts in the evaluation skills necessary to present complex insurance information in an easy to understand format. Our analysis will compare all proposals to the in force program and illustrate the program differences to include the advantages and disadvantages of each. Our analysis will include a detailed cost comparison which outlines the total cost of the program in addition to breaking down the costs related to employer and employee contributions. We will also compare provider networks to determine which proposers may be considered viable options for the City in addition to performing a network discount analysis. Throughout the evaluation process, we encourage proposers to bring their best numbers to the table and have been extremely successful in obtaining the maximum number of truly competitive quotations from an extensive array of carriers.

2. **Procurement of Insurance:**

Gehring Group would assist in conducting all phases of the procurement process for those lines of insurance deemed suitable for bidding. Our involvement in this process can be as comprehensive as the City wishes. Once we have reviewed all necessary background information, we will work with staff to compile all RFP's for submission to the insurance market. This includes negotiating renewal rates, working with the procurement division to maintain integrity with the bid process as well as issuing bid specifications directly to the market. Gehring Group has vast experience in the solicitation of all types of insurance and we are confident that acquisition of various competitive options will be accomplished. We would also ensure that all proposers comply with the requirements to which Florida public sector entities must adhere under Florida Statute 112.08, such as retiree coverage. Gehring Group evaluates a proposal based many factors, the obvious include overall cost, plan design, network of providers, carrier rating and compliance with the RFP. Preparation is the key to a successful outcome.

Upon carrier and plan selection, we will remain involved throughout the implementation and open enrollment process, coordinating with all selected carriers and vendors. Our team is able to attend open enrollment meetings as needed and are also able to conduct the meetings, give presentations or simply be there answer employee questions. With Gehring Group's provision of the **Bentek Online Enrollment and Administration System**, the City's employees are now able to enroll online, and the City can transmit eligibility and enrollment information to carriers electronically.

3. **Communications:**

Your Gehring Group service team is available to review all summary plan descriptions as well as articles and newsletters to employees and retirees, communicating the City's employees benefits insurance and wellness programs. We are also able to meet with the City, its insurance carrier or other related vendors as needed to discuss innovative plan options and address service issues as needed.

As part of Gehring Group's comprehensive level of service, we also provide various methods of communicating benefits information to employees. This includes the provision of an employee benefits handbook as well as various other types of employee communication materials, customized for and subject to the approval of the City, such as payroll stuffers, department posters, mass employee mailings, etc. At the beginning of each new plan year we compile all of the information regarding your insurance coverages and summarize it in an employee friendly benefit booklet which can be distributed on paper or posted electronically to the City's online enrollment system. This booklet has proven to be a valuable resource to our client's employees and has reduced the number of inquiries received by our client's HR and Benefits staff. This service is offered at no additional cost. We will provide you with enough copies for open enrollment and as needed for new-hire orientations throughout the plan year. Please refer to **Exhibit 5: Sample Employee Benefit Booklets** for examples. In addition, we have the ability to produce customized communication pieces based on the specific needs of the City. **Exhibit 6: Sample Employee Communications** includes such examples for your review. This allows our clients to better communicate its employee benefit offerings and keep their employees well educated with regard to their employee benefit options and responsibilities.

4. **Regulatory & Compliance:**

Ensuring that our clients' employee benefits programs are compliant with applicable laws and regulations is critical to Gehring Group and our clients. Gehring Group is available to assist with all regulatory and compliance duties including all required filings. In addition, we provide you with regular updates regarding any changes in applicable laws and how they might affect your benefits program via our newsletters, client seminars and webinars. (Samples included in **Exhibits 7 and 8**).

Gehring Group is proactive on follow-up and will also contact you directly in the event of any legislative changes that may affect your group or your coverage. We are also available to review your processes and procedures to make recommendations as to whether legal services may be required with regard to compliance issues, HIPAA, FMLA, COBRA, etc.

Another major consideration is the Patient Protection and Affordable Care Act, also known as Health Care Reform. As health care reform continues to evolve and guidance continues to be issued, Gehring Group will diligently review all newly available product offerings to ensure that our clients are always presented with the best available options while complying with all mandates and requirements of the health care reform legislation.

5. **Continuous Examination:**

Your Gehring Group team of experts is available to assist the City in reviewing all plan documents, renewal policies, plan amendments and any other related service agreements for feasibility, compliance and accuracy. We remain involved throughout the renewal process to ensure policies and certificates accurately reflect the results of the negotiations and decisions resulting.

In addition, we continuously monitor your group's claims experience on a regular basis in order to provide budget projections and provide advance notice of large claim activity or higher than expected rate increases.

6. **Annual Renewal:**

During each renewal period, Gehring Group will provide the City with a customized presentation detailing our findings and recommendations regarding the applicable lines of insurance coverage. This includes a thorough review of the City's claims experience, large claims and detailed renewal calculation. With former carrier underwriters on staff, we are able to aggressively negotiate with the insurance carriers to achieve the best deal for our clients.

We also assist our clients in implementing innovative plan options including programs with financial incentives tied to wellness goals to affect behavioral changes. We are able to design various plan alternatives and creative options, all while keeping the City's benefits needs and budget in consideration and ensuring contract and policy language are in compliance.

7. **Computer/Internet Resources:**

Gehring Group provides a number of technological resources via the internet. The first is the BenTek Online Enrollment and Administration Solution which is currently provided to the City at no additional cost. This system provides for a virtually paperless open enrollment process for the City and its employees and provides a place for the City to post the required annual compliance notices. (Additional information regarding the features of BenTek is included in **Exhibit 2: BenTek**.)

In addition to BenTek, Gehring Group also provides our clients with the following resources at no additional cost:

- **Gehring Group Client Portal**

  Gehring Group hosts a client portal to communicate with and serve as an informational resource to its clients. The client portal can be accessed by registered client users by clicking on the "Client Login" link on our www.gehringgroup.com website. This site allows us to post legislative updates and documents for clients to review, so that as the landscape of health care reform evolves, we can ascertain that they have timely access to relevant documents and analysis to help them navigate through this period of change.

- **Online Human Resources Research Tool – *ThinkHR***

  Gehring Group provides *Think HR* to all clients at no additional charge. *Think HR* offers a one-stop resource for quick answers to thousands of human resources and employee benefits questions covering such issues as record-keeping, employment law, wages and withholding, workers' compensation, harassment, ERISA, COBRA and FMLA. *Think HR* provides you with easy and immediate access to expert HR advisors who will provide information and answers in a timely manner to minimize the exposure and risk associated with legal and regulatory matters. These answers are provided via phone, web or email, followed up with a written response to summarize the issue and result.

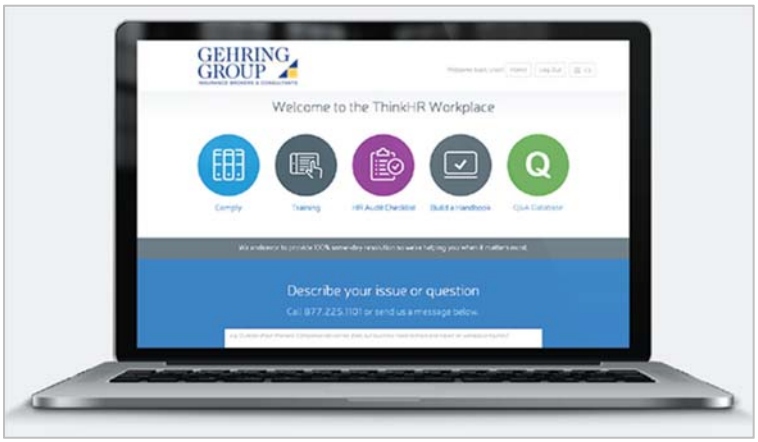
  ThinkHR Live includes:

  HR Hotline – Immediate, unlimited help from PHR and SPHR Advisors via phone or email.
  - Phone access to HR advisers anytime Mon-Fri, 9am-8pm EST

- Written/email follow-up on complex issues or researched matters
- National and regional expertise

HR Library – Immediate access to HR resources to solve your HR concerns.

- Thousands of forms, documents, tools and checklists for every HR department
- Job description builder and salary benchmarking tools



These are a few of the innovative mechanisms utilized to reduce insurance and service costs for our clients.

8. **Benefits Administration Support:**

Your Gehring Group team, led by Christian Bergstrom, Senior Benefits Consultant, will be available year-round to meet with staff and provide additional consulting services as needed throughout the year. Your Account Manager will be the City's primary resource for all services related to enrollment & eligibility, claims issues and day-to-day inquiries throughout the course of the year. Based on our team and back up approach for servicing our clients, your Gehring Group service team is truly an extension of, and valuable resource to the benefits administration and human resources staff. Other ways in which Gehring Group provide benefits administration support includes but is not limited to:

- Coordinating and conducting open enrollment meetings
- Providing additional staff to support multiple locations and time slots for employee meetings
- Attending open enrollment meetings to assist employees one-on-one
- Coordinating all materials or carrier/vendor participation for open enrollment
- Ensuring a smooth implementation with new vendors or plans to ensure that all necessary paperwork is complete and all policies are accurate
- Conducting employee surveys to determine employee satisfaction with the benefits plan
- Analyzing data to identify wellness and education targets
- Continually monitoring claims experience to make projections in order to adequately prepare for renewal
- Providing onsite educational meetings to staff and employees
- Providing account service personnel to assist employees with individual claims issues
- Providing the BenTek Benefit Resource Center enabling employees to find quick answers to coverage and benefits questions, access to view participating network providers, as well as access to policy information and forms

- Providing access to the Gehring Group client portal which provides timely legislative updates applicable to our clients including state and federal mandates such as health care reform
- Providing access to ThinkHR, an online HR research tool
- Assisting with the coordination of and attending health and wellness fairs and any ongoing wellness initiatives

2. What measures and analysis would be used to evaluate the City's current vendor relationships?

As a completely independent agent/consultant, Gehring Group focuses on recommending proposals that best meet the needs of our clients. We have no ownership in any TPA or insurance carrier. We evaluate cost factors in our analysis; however, we also take into consideration how plan benefits and network discounts may vary from carrier to carrier and region to region, as well as A.M. Best rating and reputation for service. In addition, we also base our analysis on our clients' experience with the vendor including responsiveness and satisfaction level as it relates to the timeliness of claim issue resolution or other service issues. Our goal is to make recommendations for each client that is most in line with their employee benefits philosophy and budgetary constraints. We are also able to leverage our large client base and carrier recognitions when aggressively negotiating in the best interest of our clients.

As one of the top brokers/consultants for public sector entities throughout the state, our firm also has the distinct honor of participating in the advisory councils of some of the top carriers in the state include Florida Blue and CIGNA HealthCare. This provides us with considerable leverage during client negotiations. We have also received additional acknowledgments, having achieved Florida Blue BlueDiamond recognition, CIGNA HealthCare Platinum recognition, and United Healthcare Advantage Gold membership. Through these carrier groups, we are able to attend local, regional, and national meetings regarding, providing feedback to the vendors. These small, exclusive meetings also allow us to stay ahead of the curve and educate our clients of new and innovative programs before they are released.

Gehring Group also has significant relationships with the majority of ancillary and voluntary benefit carriers for dental, life, vision, disability and other supplemental offerings.

3. Describe what quality control processes / procedures are in place.

Gehring Group has a long standing commitment to quality assurance that starts with the hiring of outstanding talented professionals who work under a team approach to servicing clients, ensuring that client requests are responded to thoroughly and with expertise.

At Gehring Group, all clients are assigned a team of consultants who work on their account including a Senior Benefits Consultant, an account manager, a back-up account manager, an analyst, and additional client service specialists. This approach ensures that an entire team of experts are considering responses, resolutions, and recommendations being put forth to our clients and monitoring their success. It is also common for our employees to "think tank" among departments, tapping into each other's specialties; be it health and wellness, Human Resources, clinic related, recent legislation, compliance issues, etc. We also have a review process whereby all work product is reviewed by personnel experienced in the applicable area.

In addition to our team approach, in which every position has a team member of the same position who is able to back up, or pitch in as needed, Gehring Group also utilizes a client relationship management system into which client related activities, projects, and timelines are entered. Your team's Senior Benefits Consultant and staff managers utilize this tool with its extensive capabilities daily to manage workflow and ensure that committed work is planned for and delivered timely.

In addition to these recent upgrades to our client relationship management software, Gehring Group recently promoted a senior level experienced professional to the position of Director of Client Experience. This new position will be focused on communicating with our clients to ascertain whether we are meeting expectations, and to receive feedback from clients on opportunities and future and trending needs.

At Gehring Group, we rely on our clients to be our references, and insomuch we work toward not only being excellent technicians but also excellent communicators and a valued resource for all their benefits needs. Our staff understands the value of our reputation and the importance of meeting our clients' expectations. We are always communicating not only with our clients, but also internally to ensure that we are on track with meeting client expectations and delivering quality service and expertise to each and every client. In summary, Gehring Group strives to exceed client expectations through our dedicated personnel, innovation and commitment to excellent client satisfaction.

TAB C: APPROACH & WORK PLAN

ABILITY TO DESIGN AN APPROACH AND WORK PLAN TO MEET THE PROJECT REQUIREMENTS. Describe the Proposer's understanding of the requirements of this solicitation, and its ability, approach and/or plan to satisfy the same in complete compliance with all applicable federal, state and local laws, statutes, ordinances, rules and regulations.

Gehring Group understands the scope of work as outlined in our response Tab B, Question 1 and commits to performing all requested services in a timely manner.

1. **Describe how your firm's proposed Senior Consultant has improved the employee benefits insurance of three organizations similar in size to the City to reduce cost, improve benefits/services, and enhance communication to everyone involved in the past five years ending January 1, 2016.**

   Gehring Group remains on the forefront of the industry, recommending creative solutions that help our clients save money. There are many examples in which Gehring Group has aggressively pursued a cost effective benefits program for its clients. The following includes several actual case samples of Gehring Group clients ranging in employee size, who have experienced notable savings due to Gehring Group's expert consulting, experience, service and product offerings.

   Example 1: City (400+ Employees)

   Cost Reduction Strategy: Implementation of a Consumer Driven Health Plan Model

   This City contracted in with the Gehring Group in order to review the structure, scope, competitiveness and economic efficiency of its employee benefit insurance coverages. The City wanted to consider creative and innovative approaches that would help them maintain a quality employee benefits without sacrificing fiscal soundness. Gehring Group along with City management established a three-year approach in developing a fiscally conservative self-funded health plan while maintaining quality benefits.

   Year One Goals

   The City's self-funded health plan experience claims utilization that was higher than "the norm" and thus required a significant funding increase as reserves had been depleted. After review of the dual option plan design Gehring Group recommended several plan design changes including slight increases to deductibles and coinsurance, limitations on various other services that were being abused and the removal of out of network benefits under the Health Reimbursement Account plan due to lack of out of network utilization.

   These minimal changes prompted a significant enrollment shift from the Point of Service to the less costly Health Reimbursement Account plan, which resulted in a plan savings of approximately $368,000.

   Year Two Goals

   The goal for year two was to set appropriate and actuarially sound premium rate equivalents for the City's two self-funded health plan options. Gehring Group's analysis determined that the premiums charged for Health Reimbursement Account plan had been subsidizing the costs incurred under the Point of Service plan due to adverse selection (i.e. the highest utilizers remain in the costliest plan

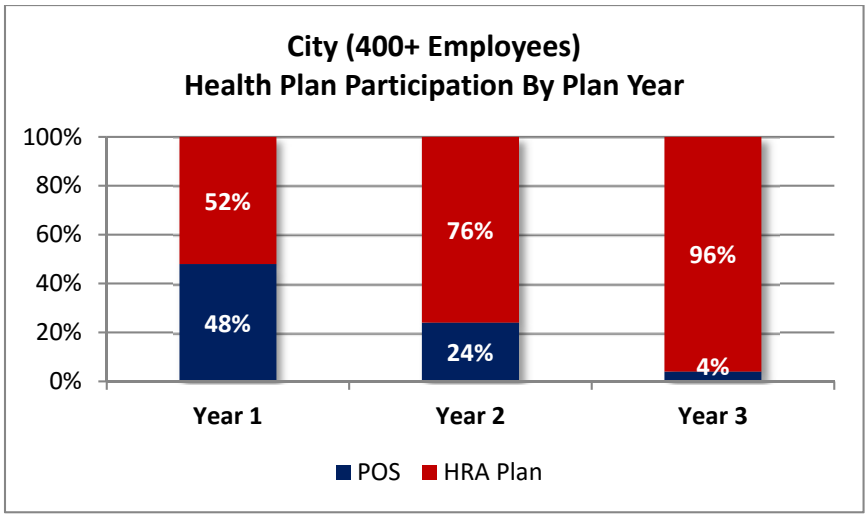
with the richest benefits, while low utilizers move to the less costly plan, leaving fewer premium dollars to cover the costs of the highest utilizers.)

Gehring Group enlisted the services of an independent actuarial firm, to complete the rate-setting study. In addition to pricing the plans appropriately, individual plan rates were also adjusted by tier of coverage based upon utilization and demographic factors. Based on these results, the City was able to price both medical plans at a level where the premium rate equivalents were in line with the actual cost of the plan regardless of which plan an employee enrolled.

During the subsequent open enrollment period, there was an additional twenty percent shift from the Point of Service to the Health Reimbursement Account plan. Gehring Group also assisted the City in conducting a Dependent Audit in which every employee had to provide documentation for all eligible dependents covered under the plan. At the conclusion of the audit, it was determined that approximately fifteen dependents were not eligible for coverage and thus removed from the plan, saving the City up to $100,000 in plan funding.

Year Three Goals

By the beginning of the third plan year, this City had accomplished its goal of incentivizing employees to select the most cost effective health plan option as illustrated below:



The next step was to begin the implementation of a formal Wellness Incentive Program that incorporated measureable targets and alternative incentive rewards. The City's voluntary wellness program includes such features as:

- Additional funding to Health Reimbursement Accounts for covered employees and retirees for each health target achieved
- Biometric Screenings for employees and retirees via a Primary Care Physician or at a City-sponsored event
- HIPAA compliant Wellness Target Forms submitted to Human Resources (no personal health information is exchanged with the City)
- Rewards for achieving any or all targets (maximum of five)
- Enrollment in the program is one-time per year during Open Enrollment

Incentives are achieved by meeting measurable goals for targets related to weight management, tobacco usage, blood sugar levels, triglycerides, LDL cholesterol, and blood pressure in addition to the completion of a health risk assessment.

Based upon the programs established in year one and two along with the current implementation of the Wellness Incentive Program, the City has experienced a significant reduction in average claims costs along with a reduction in a reduced trend and overall paid claims.

The City's most recent strategy includes the addition of a smoker surcharge of $50 per pay period for those employees unable to complete the non-smoker affidavit or who are unwilling to participate in a smoking cessation program.

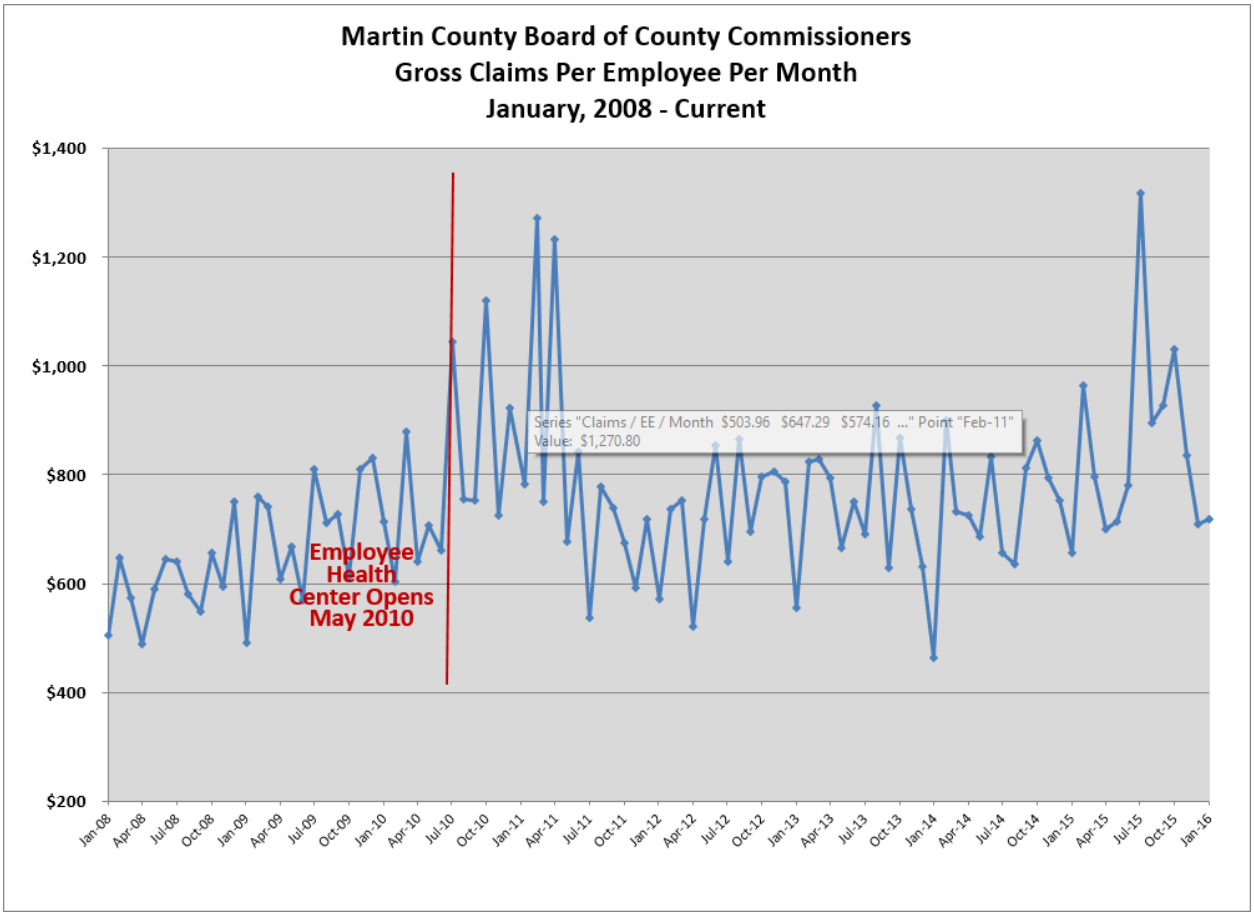
Example 2: County (1,100+ Employees)

Cost Reduction Strategy: Implementation of Onsite Employee Health Center

A victim of double-digit health insurance trend, this county was seeking creative options to combat the effects of increasing medical inflation on its self-insured health insurance program. They had taken all the right steps in implementing consumer driven plan options as well as making recommended plan changes based on the results of Gehring Group's claims analysis; however, were willing to go another step further – to implement an onsite employee health center for its employees. The goals of this undertaking included:

- Providing employees and their dependents with convenient, free access to routine as well as urgent medical care;
- Providing a facility from which to offer an increased level of wellness initiatives and opportunities to focus on preventive medicine through the use of annual Health Risk Assessments, nurse/physician outreach program, disease/case management and coaching and health education training;
- Better management of chronic illnesses including diabetes, cholesterol, and hypertension;
- Providing medical care at a cost lower than through the medical plan;
- Providing generic prescription drugs at a lower cost, thus increasing use of generics and other lower cost alternatives;
- Reducing the effects of medical trend on the County's self-funded health plan; and ultimately
- Reducing the overall number of claims incurred under the County's self-funded health insurance plan.

After conducting a feasibility study to determine whether this concept was a viable option for the County, Gehring Group spearheaded the process of compiling the request of proposal for a clinic vendor. We evaluated all proposals received and assisted the County throughout the selection and implementation process, attending all meetings as necessary. The County ultimately contracted with a local provider and opened its clinic doors in May, 2010. The impact to the County's health insurance claims totals was virtually immediate, as illustrated below. There was a brief spike in claims as previously undiagnosed conditions were uncovered. But as a result, the County was able to provide its employees with free and convenient access to healthcare which positively impacted its premium increases in the long run.



Example 3: Public Sector Entity (4,000+ Employees)

Cost Reduction Strategy: Implementation of Self-Funded Minimum Essential Coverage (MEC) Plan for Variable Hour Employees

As the Employer Shared Responsibility Provision (ESRP) penalty approached for the 2015 plan year, Gehring Group assisted this client in finding a solution to meet the health care reform coverage requirements for variable hour employees who may or may not work more than 30 hours per week. Based on our review of many approaches and evaluating the various options, Gehring Group recommended the implementation of a MEC (Minimum Essential Coverage) plan for this large population of variable hour employees. Offering the MEC plan to this specific class of employees enabled the employer to comply with the "offer of coverage" requirements under the Employer Shared Responsibility Provision of the health care reform law while saving over $1.3 million over the cost of offering them the same traditional health plan offered to full-time employees.

2. **Provide a recent example of an analysis report created by your firm for a client following evaluation of a proposal.**

   Example included in **Exhibit 3.**

3. **Provide sample Requests for Proposal for solicitation of group Life and Health insurance, previously prepared for one of your clients (similar in size to the City) during the past year ending December 31, 2010.**

   Example included in **Exhibit 4.**

4. **Provide sample enrollment packets, flyers, or newsletter articles to employees and retirees that your firm has prepared.**

   Please refer to **Exhibit 6: Employee Communications** for samples of employee benefit guides and various employee communication materials.

TAB D: COST PROPOSAL

QUOTATION OF RATES, FEES OR CHARGES AND OTHER DETAILED COST PROPOSAL OR COST BREAKDOWN INFORMATION. Describe the Proposer's overall willingness to meet both time and budget requirements for the project, in particular, proposed total compensation or unit price quotations, including, without limitation, hourly rates, fees, or other charges that will ultimately be used during contract negotiations to calculate or determine total compensation.

1. **Please describe the various methodologies used for compensation by your firm.**

   Gehring Group currently works under both Agent of Record and Consulting agreements. Under the agent of record arrangement, we are compensated via commission directly from the insurance carriers. Under a consulting agreement, we are compensated directly by the client. Under this arrangement, Gehring Group charges a flat annual service fee which can be billed monthly or quarterly. Gehring Group is open to discussion regarding either arrangement and will always work to accommodate the needs of the City.

2. **What options exist?**

   Gehring Group is open to contracting with the City either under the Agent of Record (commission) or Consultant (flat fee) arrangement and will always work to accommodate the needs of the City.

3. **Provide a complete listing of the types of charges, the basis and method for charging for your services.**

   Gehring Group offers and all-inclusive service model whereby all services outlined within the scope of work are included within the fees proposed in question 7 below. Gehring Group bases its pricing on our knowledge of the scope of work and our significant experience along with efficiencies derived in servicing the public sector and the costs associated. We offer a comprehensive level of service and never pass on any additional fees for travel, printing and our numerous value added services including BenTek® and the City's COBRA administration services.

4. **Have you ever used performance guarantees? If yes, are you currently using them?**

   Yes, Gehring Group has implemented performance guarantees as part of the contracting process resulting from an agent/broker RFP. These may include putting a portion of fees at risk in the event expectations are not adequately met in the areas of account management service, data accuracy and overall client satisfaction.

5. **How could they be applied to the City's Employee Benefits program?**

   Gehring Group is open to discussion regarding any performance guarantees requested by the City.

6. **If selected, are you willing to negotiate fees?**

   Gehring Group is open to discussion regarding all proposed fee and compensation arrangements.

7. **Please give a proposed rate and expected total for services for each of the years.**

AGENT OF RECORD

Gehring Group proposes the following commission structure under an agent of record arrangement for each year:

Line of Coverage:	Commission Rate:
Medical	4%
Dental	10%
Vision	10%
Life and ADD	10%
Disability (LTD, STD)	10%

Commission rates would be addressed annually to accommodate adjustments for premium rate increases.

Gehring Group is open to being compensated on a **commission basis** payable by the applicable carriers or a **flat annual consulting fee** (equal to the estimated commission) paid directly by the client. It is important to note that Gehring Group does not participate in any provider relationships that would prevent us from acting independently and providing objective advice and guidance. We do not accept indirect compensation such as gifts or trips and we practice full disclosure relating to all direct and indirect compensation. Gehring Group is an independent agency, not affiliated with any particular insurance companies, third party administrators or provider networks. We do not have a fund or trust that we or a related entity holds, and we do not sell related third party insurance products. The relationships and recognitions Gehring Group does have with carriers are based on premium volume providing us with significant negotiating clout. As one of the top producing brokers/consultants for public sector entities throughout the state, our philosophy has always been to offer complete revenue disclosure upon request which we will continue to practice with the City.

Please note that under either arrangement there be will no additional charges to the City as this arrangement includes:

- BenTek Online Enrollment & Administration Solution
- All travel costs
- Onsite attendance at annual Open Enrollment meetings as needed
- Affordable Care Act compliance and planning assistance by in-house CPAs
- COBRA Administration services
- Development, production and printing of annual employee benefit booklet and other employee communications (Samples included in **Exhibits 5 and 6**)
- Access to Gehring Group Client Portal including CCH's *HR Answers Now*
- Access to *ThinkHR* online H.R. research tool

8. **If selected, would you receive any other form of compensation from any source, such as administrator fee/allowance from vendors, bonus, overrides, compensation from PBMs or any other form of compensation not otherwise characterized and fully disclosed to the City of Oakland Park as commissions? If so, please explain in detail.**

Due to our focus on the public sector, Gehring Group has always had the practice of complete compensation disclosure and transparency, which we would continue to practice with the City of Oakland Park.

9. **Describe how you would prefer to be compensated (i.e. fee for service, monthly retainer, commissions, etc.).**

   Gehring Group's preferred method of compensation is under the agent of record agreement with a commission payable directly from the insurance provider. The majority of our clients operate under this arrangement as it is an all-inclusive service arrangement and they do not have to add a separate budget line item for the provision of these services. But again, we are open to either form of compensation and will accommodate the method that best meets the City's needs and goals.

TAB E: YOUR PRACTICE

1. Describe your experience with employee claim escalation issues.

Your Gehring Group account manager is available to take an active role in assisting the City and its employees in the resolution of unresolved claim issues and billing disputes. Each client's dedicated Client Manager will assist you with any and all issues that may arise. Our response time is always within 24 hours and often times within the hour. Our success rate in resolving issues in a timely fashion is extremely high due to the strong carrier relationships we maintain. For most carriers, we have dedicated service personnel to whom we can address employee claim issues. We document all major issues in our client management system and continuously follow up with the employee, carrier and provider through to resolution. All information remains confidential as Gehring Group is HIPAA compliant. In addition to your assigned Client Manager, Gehring Group also provides three in-house Client Service Specialists specifically for this purpose, so that even if your account manager is temporarily unavailable, there will be someone accessible to you and your employees. These staff members are available to help employees work through claims issues by analyzing the issue and working with the carrier claims department or service representative as well as the provider's office to seek resolution. The internal service personnel are also valuable in helping to resolve escalated claims issues by assisting with writing appeal letters in the event a claim has been denied. They follow up with the applicable carrier claims department or service representative and assist in gathering all required information and documentation and continuously follow up through resolution. Our staff has a proven track record of success in resolving such issues, exhausting all avenues in their efforts to bring each employee issue to resolution.

Some examples of Gehring Group's intervention that resulted in significant savings to employees include:

1. Assisting an employee in resolving $19,000 of denied claims. The employee's dependent child had specific type of surgery and was billed over $19,000. The claims were denied because the carrier claimed a lack of medical necessity. Our team worked closely with both the provider and Florida Blue to provide the medical necessity information and documentation in order to have the claims reprocessed and paid, resulting in the employee only owing his $500 deductible and a $150 facility copay.

2. The dependent of an employee had a skiing accident and received emergency care out of state. After the surgery, he received a "boot" from an out-of-network durable equipment provider. The carrier denied this claim, stating that it was considered a non-covered service and the member was then billed $966. Our team worked with the employee to write an appeal letter on the member's behalf and provided all medical documentation for the carrier to reconsider covering the expense. The appeal was approved and this claim for $966 was processed and paid in-network at 100%.

Our Gehring Group team will follow up with the applicable carrier claims department or service representative and assist in gathering all required information and documentation and continuously follow up throughout the appeal process. They exhaust all avenues in their efforts to bring each employee issue to resolution.

2. **Please describe what support will be provided by your firm in the areas of implementation, managing open enrollment, ongoing new hire enrollment, web development and rollout, including open enrollment meetings.**

Throughout our current contract with the City, Gehring Group has remained deeply involved in all areas of program implementation, new hire and annual open enrollments. Shortly upon selection as the City's agent of record, we implemented the BenTek Online Enrollment and Administration Solution to accomplish a paperless enrollment process for the City and reduce many of the laborious tasks associated with program administration. In addition, the City was then able to transmit enrollment and eligibility data to the carriers electronically at regular intervals throughout the plan year. Please note that our proposal includes the continued use of BenTek to maintain an efficient and effective enrollment and management process.

Implementation

Your team will handle all areas of implementing and renewing all lines of employee benefits coverage referenced within this RFP. This includes ensuring that all paperwork is complete and accurate and is forwarded to the applicable vendors in a timely manner as well as:

- Coordinating implementation process with all selected carriers.
- Developing education materials and employee benefit booklets based on new programs and updates in current plans.
- Aiding in cancellation or renewal of current insurer upon written acceptance from the client.

Enrollment Assistance

Your team is also available to assist with the City's annual open enrollment as well as conduct new hire orientations. We will contact all required vendors to coordinate all materials as well as attendance at open enrollment. We are available to conduct meetings, give presentations, and meet with employees individually to clarify any questions regarding their coverage. In addition, we can provide additional licensed staff to attend meetings at multiple locations and time slots if necessary. We can also conduct new-hire enrollments on a scheduled basis.

Web Based Enrollment Tools

Gehring Group has included the BenTek® online enrollment and administration system within the scope of our proposal. BenTek is a comprehensive on-line benefits enrollment and administration system aimed at increasing efficiencies and reducing the burden of the administration of your employee benefits program.

The online enrollment experience, "Enrollment in 7 Steps", is designed to guide employees through the enrollment process in seven progressive steps, each tracked within the Enrollment Progress Bar. During any enrollment process (Open Enrollment, New Hire, Qualifying Event), employees can view both current and future enrollment and deduction information for all benefit options on one page. Each enrollment module provides a detailed confirmation statement of all elected benefits and deductions that can be saved, printed, and viewed in future sessions. Employees can access detailed plan information such as Summaries of Benefits and Coverage (SBC's), plan summaries, plan comparisons as well as acknowledge compliance notifications, disclaimers, and more.

3. Describe how your firm is taking a leadership role within the industry.

From new insurance and health care concepts to keeping our clients updated regarding new legislation, Gehring Group is not only known for taking a leadership role in the industry, but also known for being pacesetters. This is evidenced by our progressive efforts in ensuring that our clients are taking advantage of all available cost saving insurance concepts and funding arrangements. For example, Gehring Group was the first to implement a consumer driven health plan option for a large public sector employer in Florida during the early 2000's. In addition, we have guided a number of our public sector clients through the entire process of bidding for, evaluating and implementing onsite employee health clinics, many of which have already begun to experience a considerable return on investment. Many of our clients have also implemented innovative wellness programs which incorporate various types of incentives and/or biometrics.

Our leadership role is also evidenced by our proactive response to new legislation. We inform our clients regarding any applicable legislative happenings that may have an impact on them via our informational newsletters (samples included in **Exhibit 7**), face-to-face meetings, and our client portal. Our client portal website allows us to post legislative updates and documents for clients to review, so that as the landscape of health care reform evolves, we can ascertain that they have timely access to relevant documents and analysis to help them navigate through this period of change. Ultimately, Gehring Group has taken a very proactive response to the health care reform legislation and has addressed each of the requirements on behalf of all of our clients to ensure that all policy renewals subject to the mandates are in compliance with this new legislation. We also spearheaded the research on various 1094/1095 reporting vendors; providing our clients with information on several options and allowing them to select the vendor that best meet their needs.

We have also taken on the role as educator which regard to new legislation and health care trends. We host a number of informational seminars and webinars on the new laws for our clients at several locations throughout the state each year so that they have all the information needed to be adequately prepared for any legislative changes and are comfortable in their understanding of the new requirements. As health care reform continues to evolve, Gehring Group will diligently review all newly available product offerings to ensure that our clients are always presented with the best available options while complying with all mandates and requirements of the health care reform legislation.

Lastly, Gehring Group's expertise is well-known throughout the state as evidenced by the repeated number of requests for our staff members to be featured speakers at various Florida public sector associations and other organizations including:

- FAC – Florida Association of Counties
- FERMA – Florida Educational Risk Management Association
- FGFOA – Florida Government Finance Officers Association
- Florida League of Cities
- FPELRA – Florida Public Employer Labor Relations Association
- FPPA – Florida Public Personnel Association
- PRIMA – Public Risk Management Association
- RIMS – Risk & Insurance Management Society
- SHRM – Society for Human Resource Management

Gehring Group is also a member of each of the above listed associations through which we are able to stay abreast of all issues public sector entities are facing today.

4. Describe in detail wellness initiatives you have proposed to clients.

There are many aspects of a wellness program to take into consideration in the early stages of development of the program in order to obtain measurable results:

- Results can be obtained through periodic health risk assessments and screenings; structured and non-structured activities that are provided by internal and external resources;
- Incentive programs may be needed to encourage and sustain participation;
- There must be support of management in order to effectively communicate and encourage participation; and
- What is our budget for the program?

The simplest of Wellness Programs can cost next to nothing; however, Wellness Programs in which health risk assessments and biometric screenings are conducted for the entire employee population and measured throughout several plan years can incur substantial cost to the group.

For many of our who may not have a "wellness budget" per se, Gehring Group has been successful in negotiating "wellness funds" from various health insurance carriers inclusive with their renewal proposals. For these groups from 50 to 150 employees, we have successfully negotiated annual wellness funds in the range of $2,500 to upwards of $10,000 which provides our clients with the ability to offer wellness incentives without impacting their budget. These clients include the Village of Palm Springs, Village of North Palm Beach, Cape Coral Fire Rescue and City of Brooksville to name a few.

Another strategy Gehring Group has employed is to enlist the client's EAP provider or health insurance carrier to provide more extensive disease management and educational wellness seminars. There are also additional carrier programs available to groups the size of the City at no additional cost. One example is Florida Blue's provision of health assessments and biometric screenings to each health plan participant. Upon completion, Florida Blue provides the aggregate statistical data (no personal health information) to the employer which can then be used to determine those aspects of healthcare on which to focus their wellness efforts; whether it be weight loss, stress reduction, smoking cessation or simply increasing the level of physical activity.

Lastly, we have also assisted some of our larger clients in the implementation of a comprehensive wellness plan that includes incentives for lifestyle changes such as weight loss, smoking cessation, lowering their cholesterol, exercise, etc. For example, the Charlotte City Board of City Commissioners conducts an annual employee health fair where employees can take advantage of free medical screenings including cholesterol, body mass index (BMI), blood pressure and blood glucose level.

Another specific example of Gehring Group's involvement in implementing wellness initiatives is the City of Clearwater. During a recent plan year renewal, Gehring Group was able to negotiate with their health insurance carrier to provide a comprehensive wellness program valued at over $200,000 at no cost to the City. The program includes monthly educational sessions regarding specific medical issues, incentives to attend the sessions, ability to earn rewards such as gift cards from popular retailers, and many other benefits. There are smoking cessation and weight loss programs and numerous other resources that employees now have at their disposal.

As a final example, we assisted the City of Sarasota in implementing a customized voluntary wellness program that incorporated five measureable targets and alternative incentive rewards through plan design and reduced payroll deductions. The successful implementation of this program included the negotiation with the carrier to process the testing of the measureable targets inclusively without any co-pays as well as the roll out of a provider confirmation process that was HIPAA compliant. The City is getting ready to begin the fourth year of this program and has successfully provided incentives to its employees to strive for healthier lifestyles.

5. **Please describe your administrative assistance surrounding vendor management. Specifically, do you review operations of carriers and third-party claims administrators for expected performance; act as liaison between vendors and us?**

   Your Gehring Group team is significantly involved in interacting with all of the City's employee benefits vendors. It is our role to act as a liaison between the City and its vendors and represent the City's best interests in negotiating, coordinating, implementing and monitoring all aspects of plan benefits and service. We consistently review carrier performance and interact with claims departments to ensure claims are processed correctly. In addition, we negotiate performance guarantees with vendors regarding implementation, ongoing member service criteria and provider discounts.

   Gehring Group's services include ongoing benefits administration support as well as assistance to employees with provider and claim issues. We often meet with employees individually to facilitate a quick resolution to any claim issues they may be experiencing. Oftentimes, Gehring Group staff acts as the intermediary between the employee, provider and insurance carrier, to expedite the process. Consider your Gehring Group team as a true extension of your HR and Benefits staff. Supporting our client's needs is a fundamental objective at Gehring Group. We take the role of advocacy to heart when representing your employees on claims issues, and we advocate for the organization when negotiating your renewal and communicating with all vendors. Gehring Group will coordinate with vendors to resolve issues on delivery, enrollment, interpretations and other contract issues.

6. **Provide the names, contact information and responsibilities for the proposed service team. If your firm employs underwriters, describe how they will be a part of the team serving Oakland Park.**

   The contact information for the proposed service team is as follows:

   Gehring Group
   11505 Fairchild Gardens Ave., Ste. 202
   Palm Beach Gardens, FL 33410
   Tel: (800) 244-3696 or (561) 626-6797 / Fax: (561) 626-6970

   PROPOSED SERVICE TEAM

   Lead Consultant: Christian Bergstrom, Senior Benefits Consultant
   Christian is the Senior Benefits Consultant responsible for overseeing all aspects of account management to ensure delivery of the highest level of service with the ultimate goal of achieving both client and member satisfaction. His responsibilities will include overall benefits strategy and planning, overseeing the account management and analytical staff as well as meeting with the City as needed and making presentations as required.

Athena Erchard, Benefits Consultant
Athena will work closely with Christian as well as the City's Employee Benefits Analyst, Larry Anchel, in serving the needs of the City as it relates to all financial aspects of the City's employee benefits program. Her evaluation and analysis skills accomplish the Gehring Group's goal of presenting complex analytical information language that can be understood by staff and the public-at-large.

Larry Anchel, Employee Benefits Analyst
Under the direction of your Senior Benefit Consultant and Benefits Consultant, Larry Anchel will be responsible for all financial aspects and analytical services functions including the RFP and evaluation process as well as renewal negotiations. This also includes monitoring available claims utilization reports on a monthly basis (if available) in order to better anticipate future cost increases and make recommendations regarding utilization patterns as well as providing budget and renewal projections.

Primary Account Manager: Jodi Beale, Senior Account Manager
Jodi Beale will serve as the primary Account Manager for the City. Her responsibilities include claims assistance, coordinating and conducting open enrollments and new hire orientations, coordinating wellness fairs, providing assistance with billing and carrier issues, and acting as a resource to our clients regarding numerous compliance issues. She is supported by several other Gehring Group staff members including other account managers, in-house client service specialists and analytical staff to ensure all client needs are met promptly.

In addition to the above service team, the City will also have direct access to additional staff resources with varying specialties including:

- Kate Grangard, CPA, CGMA, CFO – *Health Care Reform Certified*
- Anna Maria Studley, Senior Benefits Consultant
- Christian Bergstrom, Senior Benefits Consultant – *Health Care Reform Certified*
- Sarah Burt, CWWS, CCWS – Wellness Coordinator

Gehring Group holds a strong commitment to hiring talented high caliber professionals for our team and remaining on the cutting edge of industry innovation. Such strategic hires include former risk management personnel with public sector experience as well as former insurance carrier personnel with significant client service and underwriting experience. We also have former carrier underwriters, who bring their significant experience and expertise into the negotiation of carrier renewals and rates, to the direct benefit of our clients.

*(Detailed resumes are included in **Tab A**.)*

7. If your firm is selected, how would you propose we transition the account?

Gehring Group is pleased to have served the City of Oakland Park over the past five years and look forward to continuing our mutually beneficial relationship. Based on our current relationship, there would be little if no transition required; however, to answer the question, Gehring Group's methodology in bringing on a new client is to make the transition process as simplified and seamless as possible. Therefore, there are two main tasks to complete. These tasks are:

1. Introduction and Expectations meeting
   Immediately following selection, our first priority would be to meet with all applicable staff and carriers/vendors to begin the discovery process. This includes interviewing staff regarding what

they deem to be the positive aspects of their program as well as any areas of particular concern. This includes a review of all lines of coverage and benefits included in their total employee benefits program package. Discussion of the City's future goals will be analyzed. We would complete our "New Client Implementation" checklist which includes such information as City contact names, carrier contacts, waiting periods, payroll frequency, etc. Also, at that time, we will determine a tentative schedule for monthly or quarterly meetings, setting a timetable for claims review and anticipated projects.

2. Carrier/Vendor Engagement & Information Gathering
   In order to perform a comprehensive analysis of your current programs, past programs, claims history and clinic performance, Gehring Group will engage each applicable vendor to obtain all plan documents, policy data, claims experience and all other information relevant to servicing the City. Due to our vendor relationships, we anticipate this also to be a very smooth process. We would also collect all relevant plan documents and benefit summaries in order to become familiar with the details of each policy. In addition, a review of your available claims information, premium rates and all other information would take place in order to evaluate your current in force program. At that time, we will determine a tentative schedule for monthly or quarterly meetings, setting a timetable for the release of any RFP's that may be necessary.

Once onboard, Gehring Group's strategy and service philosophy centers around remaining involved with the City on a year round basis.

TAB F: SPECIAL SERVICES

1. **Describe any unique tools you could employ to assist us in monitoring our healthcare and prescription drug programs.**

   Our team will review historical claims experience, demographic data trends and plan performance from a financial perspective. Our seasoned and experienced analysts review and evaluate each client's plan performance on a monthly basis, with further extensive analysis performed at scheduled intervals, typically annually. As a top-producing broker for all the large group carriers in the State, Gehring Group is granted access to detailed claims data which allows us to identify cost drivers and utilization issues to drive better decisions regarding plan design and uncover cost saving opportunities. We are also able to take advantage of these robust claims reporting systems to compile and present concise and comprehensive plan performance reports that provide committee members and decision makers with the knowledge necessary to make informed program recommendations and decisions.

   What Gehring Group also brings to the table is our extensive public sector experience. In light of the City's size and that fact that the group claims data is not considered 100% credible, we are able to make recommendations based on our experiences with other public sector groups. Based on our review of utilization trends specifically in the public sector market, we are able to provide our clients with valuable insight on factors such as pharmacy utilization, clinic utilization and domestic partner benefits.

2. **Does your firm offer clients the services of an on staff specialist in clinical/quality issues in wellness, disease management and related areas?**

   Gehring Group continues to play an independent role with regard to clinical care consultation. Our staff members have built relationships and networks of independent consultants and resources that we can call upon to succinctly match the needs of our clients' initiatives. Additionally, we have access to and make a point to engage such expertise through the services provided by insurance carriers, employee assistance program providers and other independent wellness and disease management providers.

   Gehring Group has, however, implemented the role of a Wellness Coordinator within our core services. Sarah Burt is a skilled professional with a focus in fitness and corporate wellness program implementation, Sarah has valuable experience in designing and implementing wellness, fitness, and health improvement programs and promotions for one of the nation's leading models for worksite wellness. Sarah's experience involves working with both large and small employee populations and she is focused on long-term participation and results.

   During her years working in this specialized field, Sarah has worked in both the private and public sectors and has achieved a reputable resume which includes the supervision of all health promotion functions for a population of over 400 employees and coordination and implementation of wellness programs for a population of nearly 5000 employees. She has achieved her "Certified Corporate Wellness Specialist" designation and serves as a resource to Gehring Group clients looking to implement and maintain a culture of wellness.

3. Describe your firm's ability to support our established wellness programs and to help us initiate a wellness program of our own?

Gehring Group is available to assist in initiating new wellness programs and/or support wellness programs already established. Gehring Group will partner with the City and will prove to be a valuable asset in assisting the Wellness Committee by providing effective and relevant strategy ideas. Having already implemented many cost saving solutions for our clients, including but not limited to; disease management programs, health risk assessments, wellness initiatives, and carve out programs, Gehring Group has the expertise and know how to assist with these cost saving programs.

Gehring Group has assisted a number of clients in implementing a structured wellness program with the goal of encouraging employees toward a culture of wellness. One example of this is the City of Stuart. Gehring Group played a key role in the implementation of a new wellness initiative at the City of Stuart. Coordinated by Gehring Group's prior Wellness Coordinator, the City's *Working on Wellness (WOW)* campaign kicked off in early 2012. The program began with a meeting with the City Manager to discuss the mission and direction for the wellness initiative, and began the process of working with the City to create a comprehensive, cost effective wellness program.

Gehring was able to negotiate $30,000 in wellness dollars from the City's health insurance carrier to help develop the program. From there, we worked with the City to brand the program through a "Name that Campaign" contest that encouraged the employees to initially engage in the process and feel a sense of ownership in the program. The next step was to set up a team of "wellness ambassadors" to help strategize, communicate information to employees, and develop educational programs. Gehring Group and the City of Stuart, using a Health Summary Report from HRA and biometrics screenings, created targeted wellness and educational programs to directly align with the City's health issues found through the screenings.

Gehring Group's wellness services for the City of Stuart included:

- Branding the Wellness Program
- Creating the WOW logo with our in-house graphics department
- Creating employee interest and satisfaction surveys to encourage engagement
- Creating a "Wellness Map" detailing the programs offered throughout the year
- Developing targeted educational and disease management programs
- Strategizing with wellness ambassadors during bi-monthly meetings
- Working to develop wellness programs with the Employee Health Center
- Advertising the educational seminars with e-blasts and flyers through our graphics department
- Planning an employee health fair
- All planning and budgeting of wellness dollars
- Year-end strategy meeting with City officials to determine direction of the WOW program going forward

The City of Stuart's wellness program received accolades in the Treasure Coast Palm (TCPalm) Newspaper detailing its success in worksite wellness.

4. **Does your firm offer any unique tools that allow employees to research quality of care options?**

BenTek has a customizable employee benefit resource center which can be configured to direct employees to a number of quality assurance rating tools including Medicare's Hospital Compare website. Additionally, quality of care information regarding specific in-network providers and facilities is typically available through the majority of medical insurance provider's websites, therefore, Gehring Group also encourages our clients to take advantage this service which is already built into the cost of the health plan and can be accessed through BenTek. The availability of this information can be communicated through customized communication materials and/or online via a link through the BenTek employee benefit resource center.

In addition, our team is available to assist the City in researching vendors such as Monocle Health Data that focus on analyzing healthcare cost data to empower employees to make more informed healthcare decisions. In conjunction with education, such services help employees become smarter consumers by providing unbiased healthcare rankings based on price, efficiency and quality; finding the most efficient providers for specific illnesses; and, utilizing an easy to use web-based platform.

5. **Describe your company's capabilities with regards to employee communication – both paper and web.**

Gehring Group provides many options to our clients regarding employee communication. From face to face interaction at employee meetings to paper communication pieces, we realize that employee communication is key is having a successful employee benefits program.

Gehring Group employs in-house graphic artists to help us accomplish our communication goals. Having these services available in-house enables us to assist our clients with their employee communication materials more effectively. As part of our agent of record services, we draft and produce employee communication pieces such as payroll stuffers, department posters, mass employee mailings, etc. at no additional cost. This allows our clients to better communicate its employee benefit offerings and keep their employees well educated with regard to their employee benefit options and responsibilities. All of the communication materials included in **Exhibits 5 and 6** such as posters, educational materials and employee benefit handbooks, are compiled and produced in-house.

In addition, Gehring Group provides web-based communication through the BenTek Online Enrollment and Administration System. This system hosts an Employee Benefits Center module with the specific goal of being a one stop shop for information regarding all of the City's employee benefits offerings. It provides you the ability to communicate your benefit offerings to current and potential employees 24 hours a day anywhere Internet connectivity is available from their computer, phone or tablet. Some features of the site include:

- ✓ Open Enrollment
- ✓ New Hire Enrollment
- ✓ Plan Summaries & Certificates
- ✓ Carrier Links
- ✓ Forms
- ✓ Important Contact Information

6. Describe any services you offer around employee focus groups and/or employee surveys.

Your Gehring Group team is available to participate in all employee benefits committees or focus groups. We are active participants in many of our clients' insurance committees and wellness committees, making presentations and/or strategic recommendations upon request. We are also able to conduct employee surveys as needed. One of the most effective ways to acquire employee feedback regarding their benefits program, or any other topic of interest, is through an employee survey. Gehring Group has the ability to accomplish this via paper survey form, or electronically, via the internet. These surveys have proven to generate effective results that aid in future decision making. We continue to develop and refine the types of services and support for our clients to proactively manage all areas of employee benefits.

7. What resources do you use for benchmarking?

Due to Gehring Group's concentration in the public sector, we have a significant amount of employee benefits benchmark data in-house. This includes statistics on plan benefits, employer contributions, waiting periods, trend factors and other related data. In addition, we conduct local entity surveys on a regular basis throughout various regions of the state of Florida. Although we have access to national benchmark data available through such resources as the Kaiser Family Foundation, Mercer and other national research firms, our local benchmark information proves to be more advantageous to our clients. In most cases, national statistics include both public and private sector data for large regions of the country which is oftentimes not reflective of what is happening in the State of Florida, or more specifically, South Florida. In addition, by the time such data is released, it is often more than a year old. With Gehring Group's large public sector client base and our knowledge of the local market, we are able to provide our clients with timely benchmark and trend data.

8. Does your firm offer any education opportunities for clients?

Gehring Group offers various education opportunities for our clients. We are available to host training sessions on applicable topics for client staff. We also host annual seminars for our clients on subject matter relevant to employee benefits and the public sector. During this time of legislative change, Gehring Group has taken on the role of becoming and educational resource in order to ensure that our clients have all the information needed to be adequately prepared for upcoming mandates and are comfortable in their understanding of the new requirements. Upcoming seminars will include other benefits related topics as well as human resources topics. Gehring Group has provided Health Care Reform education and training resources including our *Client Portal*, client seminars and webinars, as well as personalized onsite meetings with HCR certified personnel.

9. How can you assist our organization with motivating our employees and rewarding them for healthy behaviors and professional rewards?

Gehring Group works with our internal and external resources to strategically promote healthy behaviors and lifestyles with your employees and their families. We work closely with HR and Wellness Committees during the planning phases and throughout the year to implement and communicate a variety of effective programs and services for employees. We aim to create an "awareness" culture and engaging environment through our custom communication pieces (posters, flyers, payroll stuffers), health fairs, seminars, and structured physical activities. We take an innovative approach and tailor simple and comprehensive wellness programs to meet the City's needs. We also work closely with medical carriers to strategize and to review your plans for options

that can incorporate specific health targets and behaviors by rewarding the employee through lower deductibles, insurance premiums, etc. We also work with outside health vendors in conjunction with the medical carrier of choice to combine the free resources and services that are available through your community and medical plan.

The goal is to target individuals and groups and teach them how to care for themselves and how to appropriately access their medical benefits and the medical care system as a whole. This starts with proper communication of the City's employee benefits insurance programs and available clinic resources. Educating employees regarding their benefits and encouraging wellness and preventive care is the first step in identifying chronic conditions that may otherwise go undetected.

The specifics of the best approach will vary for each client, so our first step is to determine what kind, if any, changes need to occur for the group to move toward a culture of wellness. Gehring Group works closely in coordination with your carrier to review aggregate data, using claims information to identify areas of opportunity and develop a strategy to achieve this goal.

From there, Gehring Group can coordinate services between carriers, health and wellness vendors, and the client to facilitate the delivery of appropriate and coordinated health management and care management services through various outlets including clinics, educational seminars, management programs offered through the carrier, carrier resources, programs developed by the Gehring Group wellness team, and health improvement wellness challenge platform vendors.

Gehring Group also provides you with access to a Wellness Coordinator, who can advise and assist in designing and implementing programs to help achieve effective population health management practices for your organization. Your Gehring Group Wellness Coordinator has knowledge of various effective wellness vendors and can provide you with an overview of which services may be in your best interest.

In addition, BenTek allows for natural progression towards population health management because it becomes your employee's one stop shop to learn about their benefits and have access to a support line to help them make the best choices possible.

10. Describe any additional services offered by your company that may be of interest to us.

Gehring Group has proposed a full array of services inclusive within our proposed service fee. These services include but are not limited to:

- Bentek Online Enrollment and Administration Solution,
- COBRA administration,
- Customized employee benefits handbook and employee communication materials,
- Health and wellness program coordination,
- Expert RFP and evaluation services,
- Unlimited open enrollment meetings,
- Access to Gehring Group's client portal,
- Access to ThinkHR online human resources research tool,
- Local Health Care Reform seminars and webinars,
- Legislative updates via our newsletters, and

Gehring Group's mission is to see our clients realize real dollar savings and experience greater employee satisfaction through increased communication and availability of benefits information.

What differentiates proposing firm from other firms?

With two decades invested in serving the public sector, Gehring Group is confident in our ability to provide expert level service to Estero Fire Rescue District. In addition to our experience and knowledge, there are several additional differentiating factors between Gehring Group and most other brokerage firms.

Public Sector Focus

Since 85% of the Gehring Group's client base consists of public entities our firm is uniquely qualified in its understanding of public entity issues. We understand the bid process and public record laws while maintaining familiarity with the constantly changing and complex Statutes that apply to governmental organizations. This specialized knowledge is especially vital when negotiating renewals and program changes with insurance carriers, Florida insurance trusts, and health insurance consortiums. We have access to benchmark information and are extremely familiar with the public sector market as a whole.

No Commissioned Employees

In addition to our public sector focus, Gehring Group is not organized like a traditional insurance agency. Traditionally, agencies grow by employing a number of producers who sell and manage a "silo" of accounts. Free of this business model, Gehring Group is able to maintain a supportive team environment and culture whereby all employees feel an allegiance and commitment to all of our clients as a whole. What this means to you is that all decisions are made based on what is in the best interest of the client.

Client & Community Support

In addition to a superior service standard, supporting our client's needs is a fundamental objective at Gehring Group. We take the role of advocacy to heart when representing your employees on claims issues, and we advocate for the organization when negotiating your renewal. Further, through our *Helping Hands and Hearts* community service efforts here at Gehring Group, our staff has provided hands on service in the community including assisting programs run by our clients such as *Paint Your Heart Out* through Solid Waste Authority, building homes with *Habitat for Humanity*, supporting the initiatives of The Lord's Place in ending homeless and fundraising for ARC of Palm Beach County. Whether sponsoring or attending a fundraiser or participating in an event or drive, the Gehring Group organization will not only be your supporter and advocate, but your raving fan.

TAB G: LEGISLATIVE/COMPLIANCE

1. Do you have in-house legal advisors who provide counsel to your clients?

In order to remaining completely independent, Gehring Group does not employ legal advisors in-house. Rather, we have formed partnerships with legal professionals within a number of specialties to respond to each client's specific needs based on the issue at hand. Gehring Group maintains relationships with attorney resources who specialize in employee benefits and ERISA, health care reform, human resources, and other specialties as needed to provide our clients with basic assistance.

Gehring Group retains Seyfarth Shaw's Benjamin Conley as an additional resource for legal issues and research regarding health and welfare plans, ERISA and other benefits related topics. Mr. Conley regularly advises on defined benefit and defined contribution plan compliance, ERISA, COBRA and HIPAA privacy regulations. He is also a member of Seyfarth Shaw's healthcare reform team and regularly consults with various governmental agencies such as the IRS, Department of Health and Human Services and the Department of Labor on health care reform developments, receiving clarification and interpretation of guidance directly from the source. In addition to Mr. Conley and his team at Seyfarth, we utilize ERISA attorneys at Ford Harrison including Christine Hanley, a partner in the West Palm Beach, Florida office, to assist when our clients need either basic and/or extended health and welfare regulatory advice. Christine Hanley's practice focuses on regulatory issues affecting the employment relationship. Ms. Hanley and Mr. Conley have been selected by Gehring due to their best in class reputations, straightforward and business centric approach, industry reputation, and Gehring client satisfaction.

Our in-house compliance team includes in house CPA's, our attorney partners, tenured licensed professionals, and seasoned human resources professionals holding the PHR and SPHR designations. We believe independence and transparency are important in our role as advisors. In order to play an "independent role" as your employee benefits consultant, Gehring is not currently involved in any specific political, regulatory or legislative activities. We take the position that we are a resource to our clients and not just a facilitator, so we embrace the learning and dissemination of information.

2. Describe methods you employ to disseminate information about current trends and legislation. Provide examples.

Gehring maintains a strong commitment to remain at the forefront of new legislation, and to educate our clients in a clear and understandable, timely manner with regard to federal and state legislation. We employ a proactive approach to learning, interpreting, and educating on all applicable regulations as released.

We educate our clients regularly by holding on-site and local client seminars, hosting topic specific compliance webinars, authoring easy to read succinct newsletters and email updates, and the maintenance of a web based client portal. Subscribers to our portal additionally receive daily updates from CCH on national regulatory changes. Gehring is recognized within the industry as experts in the employee benefits field.

In summary, Gehring Group employs several methods of informing our clients about changes in federal, state, and/or local laws. These include:

a. Gehring Group Newsletters

Gehring Group provides you with updates regarding any changes in applicable laws and how they might affect your benefits program via our Gehring Group newsletters which are distributed via email and posted on our client portal. Examples of our newsletters are included in **Exhibit 7** for your review.

b. Gehring Group Client Portal

Our client portal website allows us to post our newsletters as well as legislative updates and documents for clients to review, so that as the landscape of health care reform evolves, we can ascertain that they have timely access to relevant documents and analysis to help them navigate through this period of change. Our client portal also hosts recorded versions of our Health Care Reform and other educational webinars and materials.

c. Client Seminars/Webinars

During this time of legislative change, Gehring Group has taken on the role of becoming and educational resource for our clients. Each year, we host several client seminars/webinars on the topic of health care reform and other relevant topics, in order to ensure that our clients have all the information needed to remain in compliance with the mandates and are comfortable in their understanding of the new requirements. (Sample included in **Exhibit 8**.)

Gehring Group has taken a very proactive response to the **Health Care Reform** legislation and is addressing each of the requirements on behalf of all of our clients to ensure that all policy renewals subject to the mandates are in compliance with this new legislation.

d. Face to Face Meetings

Last but not least, Gehring Group will make a point to meet with clients face to face to address issues or opportunities specific to that client. Since Gehring Group sits on the agent advisory councils of many of the major insurance carriers in the state, we are often the first to be informed of new health plan trends and product offerings resulting from the new legislative mandates and can therefore keep our clients well informed of any programs or potential new cost saving opportunities. In addition, we meet with each client to address any changes in state or federal regulations that may affect them.

3. Please identify which of the following compliance services would be provided within the scope of your fee:

- **i. Form 5500 preparation**
- **ii. Summary Annual Report preparation**
- **iii. Plan Document preparation**
- **iv. Special issue research**
- **v. Compliance support for ERISA, COBRA, HIPAA, Section 125**
- **vi. Employee communication materials and newsletters.**

All of the above listed compliance services are included within our proposal.

TAB H: REQUIRED FORMS

1. Acknowledgement of Addenda
2. Proposal Forms
3. Public Entity Crimes
4. Non-Collusion Affidavit
5. Domestic Partner Certification Form
6. Proof of Insurance

Addenda Acknowledgement

No addenda have been issued for this RFP.

SECTION V PROPOSAL FORMS

RFP # 052716

The undersigned hereby declares that after examining the Proposal Documents, does hereby submit a response to the proposal and warrants that:

a. She/he is an officer of the organization.
b. She/he is authorized to offer a proposal in full compliance with all requirements and conditions, as set forth in the RFP.
c. She/he has fully read and understands the RFP and has full knowledge of the scope, nature, quantity and quality of the work to be performed, and the requirements and conditions under which the work is to be performed.

SWORN STATEMENT UNDER SECTION 287.133(3)(A), FLORIDA STATUTES, ON THE PUBLIC ENTITY CRIMES (To be signed in the presence Of a notary public or other officer authorized to administer oaths.)

STATE OF FLORIDA COUNTY PALM BEACH

Before me, the undersigned authority, personally appeared, who, being by me first duly sworn, made the following statement:

Name of Proposer The Gehring Group, Inc.

Business address 11505 Fairchild Gardens Avenue, #202, Palm Beach Gardens, FL 33410

I understand that a public entity crime as defined in Section 287.133 of the Florida Statutes includes a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity in Florida or with an agency or political subdivision of any other state or with the agency or political subdivision of any other state or with the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or any such agency or political subdivision and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

I understand that "convicted" or "conviction" is defined by the statute to mean a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

I understand that "affiliate" is defined by the statute to mean (1) a predecessor or successor of a person or a corporation convicted of a public entity crime, or (2) and entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime, or (3) those officers, directors, executives, partners, shareholders, employees, members and agents who are active in the management of an affiliate, or (4) a person or corporation who knowingly entered into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months.

Please check the appropriate paragraph below:

- ☑ Neither the Proposer, Contractor, nor any officer, director, executive, partner, shareholder, employee member or agent who is active in the management of the Proposer or Contractor nor any affiliate of the Proposer or cCntractor has been convicted of a public entity crime subsequent to July 1, 1989.
- ☐ There has been a conviction of a public entity crime by the Proposer or contractor, or an officer, director, executive, partner, shareholder, employee, member or agent of the Proposer or contractor who is active in the management of the Proposer or Contractor or an affiliate of the Proposer or Contractor. A determination has been made pursuant to Section 287.133(3) by order

of the Division of Administrative Hearings that it is not in the public interest for the name of the convicted person or affiliate to appear on the convicted vendor list. The name of the convicted person or affiliate is _____. A copy of the order of the Division of Administrative Hearings is attached to this statement

NON-COLLUSION AFFIDAVIT

By submission of this affidavit, the Proposer certifies that this proposal is made independently and free from collusion. Proposer shall disclose below, to the best of its knowledge, any City of Oakland Park officer or employee, or any spouse, son, daughter, stepson, stepdaughter, or parent of any such officer or employee, who is an officer or director of, or has a material interest in, the Proposer's business who is in a position to influence this procurement. Any City of Oakland Park officer or employee who has any input into the writing of specifications or requirements, solicitation of offers, decision to award, evaluation of offers, or any other activity pertinent to this procurement is presumed, for purposes hereof, to be in a position to influence this procurement. For purposes hereof, a person has a material interest if he or she directly or indirectly owns more than five percent (5%) of the total assets or capital stock of any business entity, or if he or she otherwise stands to personally gain if the contract is awarded to this vendor.

DOMESTIC PARTNERSHIP CERTIFICATION FORM
THIS FORM **MUST** BE COMPLETED AND SUBMITTED AT TIME OF SUBMITTAL
FOR PROPOSER TO BE DEEMED RESPONSIVE

The Proposer, by virtue of the signature below, certifies that it is aware of the requirements of Section 2-197.1 of the City of Oakland Park's Code of Ordinances, "Requirement for city contractors to provide equal benefits to domestic partners", and certifies the following:

Please check only one below

☑ 1. The Proposer currently complies with the requirements of Section 2-197.1 of the City of Oakland Park's Code of Ordinances and provides benefits to domestic partners of its employees and the partners' dependents on the same basis as it provides benefits to employees' spouses and the spouses' dependents

☐ 2. The Proposer will comply with the requirements of Section 2-197.1 of the City of Oakland Park's Code of Ordinances at time of contract award and provide benefits to domestic partners of its employees and the partners' dependents on the same basis as it provides benefits to employees' spouses and the spouses' dependents

☐ 3. The Proposer will not comply with the requirements of Section 2-197.1 of the City of Oakland Park's Code of Ordinances at time of award

☐ 4. The Proposer does not need to comply with the requirements of Section 2-197.1 of the City of Oakland Park's Code of Ordinances at time of award because the following exemption applies:

Please check only one below

☐ The Proposer's price bid for the initial contract term is $100,000 or less

☐ The Proposer employs less than twenty-five (25) employees

☐ The Proposer does not provide benefits to employees' spouses or spouse's dependents

☐ The Proposer is a religious organization, association, society, or non-profit charitable or educational institution

☐ The Proposer is a government entity

☐ The Proposer cannot comply with the requirements of Section 2-197.1 of the City of Oakland Park's Code of Ordinances because it would violate the laws, rules or regulations of federal or state law or would violate or be inconsistent with the terms or conditions of a grant or contract with the United States or State of Florida. Indicate the law, statute or regulation _____,

(Attach explanation of its applicability).

DOMESTIC PARTNERSHIP CERTIFICATION FORM (continued)

I, Kurt Gehring (Name), CEO & President (Title) of The Gehring Group, Inc. (Proposer)

Hereby attest that I have the authority to sign this notarized certification and certify that the above-referenced information is true, complete and correct.

To Whom It May Concern:

re: The Gehring Group, Inc.

This Certified Public Accounting firm has provided tax and accounting services to The Gehring Group, Inc. (the "Company"), a private corporation, for more than 9 years. The Company provides insurance brokerage and consulting services. It earns commissions from insurance providers for whom they sell insurance products. Additionally, the Company earns fees providing consulting services for advice and assistance in the administration of clients' insurance related programs.

Throughout the term of our engagement, the Company has consistently demonstrated financial stability and strong operating results. In addition, as a service related business, it regularly maintains significant liquidity and net worth.

We are available to answer any inquiries regarding the Company's financial position and operating results so please do not hesitate to contact us.

Sincerely,

Randy M. Clough, CPA

Employee Benefits Renewal Evaluation & Recommendation
Plan Year Effective: October 1, 2015

EXECUTIVE SUMMARY

Pursuant to the City's transition from a self-insured medical, dental and vision program to a fully insured arrangement effective October 1, 2013, Gehring Group and City Staff have met regularly to review and monitor current year plan performance. Transitioning to a fully insured arrangement has allowed the City to budget more effectively and limit the City's claims cost exposure under its employee benefits program.

Background Information

The City of Dania Beach currently offers group medical, dental, vision, life & accidental death insurance to its full time employees, retirees and their dependents (subject to eligibility guidelines). In 2013, the City and Gehring Group conducted a formal RFP and evaluation process to investigate all viable options in an attempt to maintain the most cost effective employee benefits program. Based on the results of our analysis, the Florida League of Cities proposed the most competitive medical option on a fully insured basis, providing a guaranteed cost to the City, saving approximately $700,000 over the 2012/2013 medical self-funded premiums. The current 2014/2015 program is administered by United Health Care and provides City members access to United Healthcare's national provider network. The total annual cost of the medical insurance program for the 2014/2015 plan year is approximately $2,734,555 (based on current enrollment of 179 employees and retirees).

Medical Insurance Renewal

Using an industry standard renewal calculation, Gehring Group's renewal projection yielded an anticipated premium increase of approximately 10.8% based upon current utilization, a 98% claims to premium loss ratio, large claim information, and additional fees required under the Patient Protection and Affordable Care Act (PPACA). Based on these early projections, Gehring Group diligently worked with the Florida League of Cities (FLOC) and was successful in negotiating the initial FLOC renewal down to a 9% increase. The schedule of benefits associated with the FLOC renewal remain the same as the City's current program as outlined in the chart below. Under the Affordable Care Act, all deductibles, coinsurance and copays paid by the employee are required to accumulate to the maximum out of pocket.

Dental Insurance Renewal

In 2013, the City transitioned from a self-insured dental program to a fully insured dental arrangement administered by Reliance Standard Life Insurance Company, providing a guaranteed cost to the City, and saving approximately $150,000 over the 2012/2013 dental self-funded premiums. The Reliance Standard dental PPO also provided a larger dental network, allowing employees to receive additional discounts by utilizing in-network dentists.

Through the renewal negotiation process, Gehring Group was successful in negotiating the City's dental renewal at no rate increase to the City for 12 months.

Vision Insurance Renewal

In 2013, the City transitioned from a self-insured vision reimbursement program to a more traditional fully insured vision arrangement with an extensive provider network administered by Reliance Standard Life Insurance Company. This program provided a guaranteed cost to the City at no increase over the 2012/2013 vision self-funded premiums.

Through this year's renewal process, Gehring Group was successful in negotiating an alternate plan option which included an enhancement to the current vision benefits, increasing the frame frequency from every 24 months to every 12 months at a 5% rate increase to the City.

Life & Disability Insurance Renewal

Gehring Group and the insurance review committee also recommends that the City renew its life and AD&D coverage with Reliance Standard on a fully insured basis. Reliance Standard has an excellent track record with the City in providing competitive plan options for its life insurance coverage as well as excellent customer service. Through the renewal negotiation process, Gehring Group was successful in negotiating the City's life renewal at no rate increase to the City for 12 months.

Lastly, due to the historically low utilization of the City's self-insured short term disability program, Gehring Group recommends that the City continue to self-insure this coverage through the current administrator, Maxon Administrators.

RECOMMENDATION

Upon receipt of the negotiated renewal proposals, City Staff and Gehring Group representatives met with the Insurance Review Committee to evaluate the options proposed. Based on the review of the City's year to date claims experience and the outcome of the renewal negotiation process, Gehring Group, City Staff and the Insurance Review Committee recommend the following for your consideration:

- Maintain current fully insured health insurance program with the Florida League of Cities (United Healthcare) at a 9% rate increase; this includes no plan changes to the City's current program;
- Maintain current fully insured dental program with Reliance Standard with no rate increase with plan benefit enhancements at no rate increase;
- Maintain current fully insured vision program with Reliance Standard with plan benefit enhancements at a 5% rate increase;
- Maintain current fully insured life program with Reliance Standard with no rate increase with plan benefit enhancements at no rate increase;

SAMPLE CLIENT

DEFINITIONS

For the purposes of this Request for Proposal (RFP), a "PROPOSER" shall mean an organization, firm, insurance carrier or trust, or other provider of like service(s) submitting a response to this RFP.

INVITATION TO PROPOSE

The SAMPLE CLIENT is requesting proposals for the insurance coverage's outlined herein. Proposals must be received on or before 3:00 PM (Local Time) on Friday September 5th, 2014 at the office of the Gehring Group, 11505 Fairchild Gardens Avenue, Suite 202, Palm Beach Gardens, FL 33410. Normal business hours are 9:00 a.m. to 5:00 p.m., Monday through Friday, except holidays. Any proposal received after the specified date and time will not be considered.

All proposals not submitted on the required forms will be subject to rejection. Proposals must be signed in ink in the space(s) provided on the Proposal Form(s). The Proposals shall include all information requested on the form(s).

It is agreed by the PROPOSER that the signing and delivery of the Proposal represents the PROPOSER's acceptance of the terms and conditions of the Specifications.

SAMPLE CLIENT reserves the right to reject any or all proposals, in whole or in part, with or without cause, to waive any informalities and technicalities, and to award the Contract on such coverage and terms it deems will best serve the interest of SAMPLE CLIENT. Criteria utilized for determining the most responsible PROPOSER include, but is not limited to: cost, whether the PROPOSER meets SAMPLE CLIENT's published specifications, the PROPOSER's experience, skill, ability, financial capacity, previous performance, and any other factor which could reasonably be asserted as being relevant to successful performance.

Any questions regarding the RFP Specifications and process should be directed to Dustin Kuehn – Senior Analyst at the Gehring Group in writing to dustin.kuehn@gehringgroup.com.

PURPOSE

The purpose of this Request for Proposals is to seek a qualified and responsible carrier to provide employee benefits insurance to the employees of SAMPLE CLIENT. The primary objective of this RFP is for SAMPLE CLIENT to maintain a quality program that will control claims costs and related expenses. The goal is directed towards the highest professional level of responsive claims management while having access to a quality network of providers at an affordable cost.

SAMPLE

INSTRUCTIONS TO PROPOSERS

PREPARATION OF PROPOSALS

PROPOSER shall submit one (1) original and two (2) copies of the Proposal on the prescribed forms provided in the specifications. All proposals should be submitted in a sealed opaque envelope marked **"**SAMPLE CLIENT – INSURANCE PROPOSAL**"**. All copies must be plainly marked by the PROPOSER who will be responsible for their correctness. All blank spaces must be filled in as noted in ink or type. Proposals having erasures or corrections must be initialed in ink by the PROPOSER.

A PROPOSER is expected to fully inform themselves as to the requirements of the Specifications and failure to do so will be at their own risk. A PROPOSER shall not expect to secure relief on the plea of error.

PROPOSAL SUBMISSION AND WITHDRAWAL

Proposals must be received by SAMPLE CLIENT's Benefits Consultant, the Gehring Group, no later than 3:00 PM on Friday September 5th, 2014. Receipt of the proposal after the time and date specified due to failure by the PROPOSER to provide the above information on the outside of the envelope shall result in the rejection of the proposal.

PROPOSERS may withdraw their proposals by notifying the Gehring Group in writing at any time prior to the time set for the proposal receipt deadline. PROPOSERS may withdraw their proposals in person or through an authorized representative. PROPOSERS and authorized representatives must disclose their identity and provide a signed receipt for the proposal. Proposals, once opened, become the property of SAMPLE CLIENT and will not be returned to the PROPOSERS.

ADDENDUM

Should revisions to the RFP become necessary, the Gehring Group will provide a written addendum to all PROPOSERS who requested the RFP. PROPOSERS who obtain RFP documents from other sources must officially register with the Gehring Group in order to be placed on the mailing list for any forthcoming addendum or other official communications. Failure to register as a prospective PROPOSER may cause the proposal to be rejected as non-responsive if the PROPOSER has failed to submit a proposal **with** an addendum acknowledgment for the most current addendum.

All PROPOSERS should contact the Gehring Group no more than five (5) calendar days before the date fixed for receiving proposals to ascertain whether any addenda have been issued. Failure by the PROPOSER to make this determination could deem their response non-responsive in the event addenda were issued and not acknowledged by the PROPOSER in their response.

SAMPLE

QUALIFICATIONS OF PROPOSERS
SAMPLE CLIENT reserves the right to make such investigations as it may deem necessary to establish the competency and financial ability of any PROPOSER to perform the work.

RECEIPT AND OPENING OF PROPOSALS
The PROPOSER shall submit his proposal on the form(s) furnished along with all information indicated on the form. The PROPOSER shall enter the company name wherever the Proposal Form so indicates and shall sign or initial the Proposal Form wherever the Proposal Form so indicates. Unsigned proposals will be considered incomplete.

Proposals will be received at the office of the Gehring Group at the following address:

Gehring Group
11505 Fairchild Gardens Avenue, Suite 202
Palm Beach Gardens, FL 33410
(561) 626-6797

CONSIDERATION OF PROPOSALS AND AWARD CONTRACT
SAMPLE CLIENT reserves the right to award separate items to separate vendors, to award in total, or to make no award. SAMPLE CLIENT reserves the right to reject any or all proposals, in whole or in part, with or without cause, to waive any informalities and technicalities, and to award the contract on such coverage and terms it deems will best serve the interest of SAMPLE CLIENT. Criteria utilized by SAMPLE CLIENT for determining the most responsible PROPOSER includes, but is not limited to, cost, whether the PROPOSER meets SAMPLE CLIENT's published specifications, the PROPOSER's experience, skill, ability, financial capacity, previous performance, and any other factor which could reasonably be asserted as being relevant to successful performance.

RECOMMENDATION & SELECTION PROCESS

Proposals will be solicited and received by the Gehring Group, the CLIENT'S competitively selected Consultant. The Gehring Group shall review the submittals and provide a recommendation to SAMPLE CLIENT. SAMPLE CLIENT may require any PROPOSER(S) to make an oral presentation of his/her submittal. At its discretion, SAMPLE CLIENT may conduct a site visitation of a PROPOSER(S) premises. **The Award shall be made by the Executive Director as authorized by the SAMPLE CLIENT Governing Board.**

SAMPLE CLIENT reserves the right to reject all proposals, to waive any informality, and to solicit and re-advertise for new proposals.

SAMPLE

AWARD
The PROPOSER understands that this RFP does not constitute an agreement or a contract with the PROPOSER. An award is not effectuated or binding until proposals are reviewed and accepted by appointed staff, approved by the appropriate level of authority within SAMPLE CLIENT, and executed by the parties. No Proposal will be accepted from, nor will any award be issued, with any PROPOSER which is in default on any obligation or which has failed to perform faithfully any previous contract with the SAMPLE CLIENT.

CONFLICT OF INTEREST
The PROPOSER, by affixing his signature to the Proposal Form, declares that the proposal is made without any previous understanding, agreement, or connections with any SAMPLE CLIENT official or persons, firms, or corporations making a proposal on the same items and without any outside control, collusion or fraud. By signing the proposal, the PROPOSER further declares that no SAMPLE CLIENT Official, other SAMPLE CLIENT officer, or SAMPLE CLIENT employee directly or indirectly owns more than five (5) percent of the total assets or capital stock of the PROPOSER entity, nor will directly or indirectly benefit by more than five (5) percent from the profits or emoluments of this contract.

QUESTIONS & CORRESPONDENCE
Please address all inquiries regarding this *Request for Proposal* to:

Dustin Kuehn – Senior Analyst
Gehring Group
11505 Fairchild Gardens Avenue, Suite 202
Palm Beach Gardens, FL 33410
Email: Dustin.kuehn@gehringgroup.com

LEGAL REQUIREMENTS
Federal, State, County and local laws, ordinances, rules and regulations that in any manner affect the items covered herein apply. Lack of knowledge by the PROPOSER will in no way be a cause for relief from responsibility.

1. Vendors doing business with SAMPLE CLIENT are prohibited from discriminating against any employee, applicant for employment or client because of race, creed, color, ancestry, religion, national origin, sex, or age with regard to, but not limited to the following: Employment practices, rates of pay or other compensation methods and training selection.

2. Pursuant to Florida Statute 287.133, as amended: A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the

SAMPLE

threshold amount provided in Section 287.017, for CATEGORY TWO for a period of 36 months from the date of begin placed on the convicted vendor list.

3. The obligations of SAMPLE CLIENT under this award are subject to the availability of funds lawfully appropriated for this purpose.

4. This request for proposal shall be included and incorporated into the final award.

RESERVATION OF RIGHTS

Proposals which contain any alteration, addition, condition, limitation, unauthorized alternatives or which show irregularities of any kind may be rejected by SAMPLE CLIENT as non-responsive or irregular. SAMPLE CLIENT reserves the right to waive any irregularities, technicalities or informalities in any Proposal or to reject any or all Proposals.

PROPOSAL PREPARATION COSTS

Neither SAMPLE CLIENT nor its representatives shall be liable for any expenses incurred in connection with preparation of a response to this RFP. PROPOSERS should prepare their proposals simply and economically, providing a straightforward and concise description of the PROPOSERS ability to meet the requirements of the RFP.

ACCURACY OF PROPOSAL INFORMATION

Any PROPOSER which submits in its proposal to SAMPLE CLIENT any information which is determined to be substantially inaccurate, misleading, exaggerated, or incorrect shall be disqualified from consideration.

INSURANCE

The awarded PROPOSER(S) shall maintain insurance coverage reflecting the minimum amounts and conditions deemed acceptable by SAMPLE CLIENT. In the event the PROPOSER is a governmental entity or a self-insured organization, different insurance requirements may apply. Misrepresentation of any material fact, whether intentional or not, regarding the PROPOSER'S insurance coverage, policies or capabilities may be grounds for rejection of the proposal and rescission of any ensuing contract.

LICENSES

The awarded PROPOSERS, both corporate and individual, must be fully licensed and certified for the type of work to be performed in the State of Florida at the time of submittal of their response to this RFP. Should the PROPOSER not be fully licensed and certified, its proposal shall be rejected.

PROPOSER'S RESPONSIBILITY

Each PROPOSER is required, before submitting his or her proposal, to carefully examine the Proposal specifications and to completely familiarize themselves with all of the terms

SAMPLE

and conditions that are contained within this document. Ignorance on the part of the PROPOSER will in no way relieve him or her of any of the obligations and responsibilities that are a part of this Proposal.

CONTRACTUAL AGREEMENT

This invitation to Propose shall be included and incorporated in the final award. Any and all legal action necessary to enforce the award will have venue in Palm Beach County and the contractual obligations will be interpreted according to the laws of Florida. Any contract or agreement required by PROPOSER must be enclosed at the time of Proposal submittal.

PUBLIC RECORDS

Upon award recommendation or ten (10) days after opening, whichever is earlier, any material submitted in response to this request for proposals will become a "public record" and shall be subject to public disclosure consistent with Chapter 119, Florida Statutes (Public Records Law). PROPOSERS must claim the applicable exemptions to disclosure provided by law in their response to the RFP by identifying materials to be protected and must state the reasons why such exclusion from public disclosure is necessary and legal. SAMPLE CLIENT reserves the right to make any final determination of the applicability of the Public Records Law.

CODE OF ETHICS

If any PROPOSER violates the Code of Ethics of the State of Florida with respect to this proposal, such PROPOSER may be disqualified from performing this work and future work for SAMPLE CLIENT.

SAMPLE

BACKGROUND & UNDERWRITING INFORMATION

SAMPLE

BACKGROUND & UNDERWRITING INFORMATION

Please read all of the following information carefully before submitting your proposal.

BACKGROUND SUMMARY

Medical Insurance

The SAMPLE CLIENT is fully-insured under a participating contract with Aetna. The existing contract has been in place since January 01, 2012. In 2013, SAMPLE CLIENT removed the gatekeeper status of their medical plans.

Prior to Aetna, SAMPLE CLIENT was insured by Cigna since January 01, 2009. There were minimal plan changes implemented for the 2010 and 2011 plan years.

Prior to being fully insured with CIGNA HealthCare the SAMPLE CLIENT was insured by the Palm Beach County Board of County Commissioners Consortium, made up of the Board of County Commissioners, Palm Tran, SAMPLE CLIENT, and the Supervisor of Elections.

Dental PPO Insurance & Managed Dental Insurance

The SAMPLE CLIENT's current dental program consists of a Dental PPO and a Managed Dental Plan through Aetna (also the current health insurance provider) since 2012. Prior to Aetna, SAMPLE CLIENT maintained dental coverage with CIGNA for over ten years. The premium for dental insurance is 100% employer paid regardless of the dental option and tier of coverage selected if employees participate in one of SAMPLE CLIENT's health insurance options.

Group Vision Insurance

In January 01, 2012, SAMPLE CLIENT offered group vision insurance to employees for the first time through Aetna. SAMPLE CLIENT contributes 100% of the employee only premium.

Group Term Life Insurance

SAMPLE CLIENT's life insurance is provided through Aetna and has been in effect since 2012. Prior to Aetna, SAMPLE CLIENT's life insurance was maintained through Cigna since 2008. There are two classes of insurance; one for active employees and two for retired employees.

Supplemental Group Term Life Insurance

SAMPLE CLIENT's Supplemental Life Insurance is also provided through Aetna. SAMPLE CLIENT currently offers employees the ability to purchase between $10,000 and $100,000 of supplemental life in increments of $10,000. In addition, employees can purchase up to $50,000 for spouses in increments of $5,000. Additionally, Employees can purchase $5,000 per child. Retirees can purchase $5,000 or $10,000.

SAMPLE

Short-Term Disability Insurance

SAMPLE CLIENT's Short-term disability insurance is provided by Aetna. The current plan is rated as a "Per Employee/Per Month" charge and has been in effect since January 1, 2012. Prior to being insured with Aetna, SAMPLE CLIENT maintained short-term disability insurance through Cigna.

Long-Term Disability Insurance

SAMPLE CLIENT's Long-term disability insurance is provided by Aetna. The current plan has been in effect since January 1, 2012. Prior to being insured with Aetna, SAMPLE CLIENT maintained long-term disability insurance through Cigna.

Employee Assistance Program

SAMPLE CLIENT's employee assistance program has been in effect with Aetna since 2012. SAMPLE CLIENT currently offers their employees 6 sessions per year (also available to dependents). Prior to Aetna, SAMPLE CLIENT maintained EAP coverage through Cigna.

SAMPLE

UNDERWRITING INFORMATION & INSTRUCTIONS

1. **SAMPLE CLIENT is requesting proposals for the following insurance coverages**:

   a. MEDICAL INSURANCE PLAN
   - *i. HMO Plan*
   - *ii. POS Plan*

   The goal of this RFP is to solicit proposals that match the current plan level of benefits. Proposers may provide fully insured, open access plans.

   b. DUAL OPTION DENTAL INSURANCE PLAN
   - *i. Dental PPO*
   - *ii. Managed Dental Plan*

   The goal of this RFP is to solicit proposals for a Dental PPO and Managed Dental Plan with benefits that match or improve the current benefits. Refer to Attachment 7 for current schedule of benefits.

   c. GROUP VISION INSURANCE – *SAMPLE CLIENT is requesting that proposers quote a Group Vision Insurance plan with benefits that match or improve on the current plan offering.*

   d. GROUP TERM LIFE INSURANCE – *SAMPLE CLIENT is requesting that proposers quote a Group Term Life Insurance plan with benefits that match or improve on the current plan offering.*

   e. SUPPLEMENTAL GROUP TERM LIFE INSURANCE – *SAMPLE CLIENT is requesting that proposers quote a Group Term Life Insurance plan with benefits that match or improve on the current plan offering.*

   f. SHORT TERM DISABILITY INSURANCE – *SAMPLE CLIENT is requesting that proposers quote a Short-term Disability insurance plan with benefits that match the current. Refer to Attachment 11 for current schedule of benefits.*

   g. LONG TERM DISABILITY INSURANCE – *SAMPLE CLIENT is requesting that proposers quote a Long-term Disability insurance plan with benefits that match the current. Refer to Attachment 12 for current schedule of benefits.*

   h. EMPLOYEE ASSISTANCE PROGRAM – *SAMPLE CLIENT is requesting that proposers quote employee assistance program with benefit equal or greater than the current plan.*

2. **Effective Date**: January 1, 2015

3. Insurance is being requested on a **Fully Insured** basis. Illustrations have been provided detailing how these rates and benefits should be presented.

SAMPLE

4. **Employee Waiting Period for Benefits**: 1st of the month following 60 days of continuous full-time employment.

5. **Employer Contribution:** The SAMPLE CLIENT contributes 100% of the premiums for Dental (regardless of plan chosen), Vision, Life, Short-term Disability, Long-term Disability insurance and employee assistance programs for all eligible employees. Refer to Item #8 for Medical contributions.

6. **Commissions:** All proposals SHALL be quoted NET of commission. No commissions shall be payable in the products proposed.

7. **Fully Insured Premium History :**

General Information:

1. What are the Average discounts for the area the census covers broken down by:

Average Discount					
Charge Type	Palm Beach	Broward County	Okeechobee County	Dade County	Martin County
In-Patient Hosp	%	%	%	%	%
Out-Patient Hosp	%	%	%	%	%
Doctors	%	%	%	%	%
Urgent Care Centers	%	%	%	%	%
All Others	%	%	%	%	%

2. Please identify which of your networks are included in your proposal.

3. Do you utilize any “wrap” or leased networks not negotiated or owned by your organization?

4. Provide a disruption report if quoting Medical and/or dental services, for the attached provider lists.

5. Please describe your out-of-area coverage for retirees, dependent students or other dependents not residing with the employee (as a result of divorce or other reasons) but covered under their health plan.

Account Services:

6. Provide the name, title, contact information and resume of the individual who would have direct daily account responsibility for the employee benefits program(s) you are proposing. If more than one person will be filling this role, please respond with complete information for all.
7. Will you provide COBRA Administration as a part of your proposed services? If so, are the fees for the COBRA Administration included in the costs associated with your proposed programs or are there separate, additional fees?

8. What is your account team service team’s average response time to client requests or questions?

9. Does your company help facilitate annual open enrollments?
    a. Onsite meetings?
    b. Educational materials?

SAMPLE

Data & Reports:

10. Describe the reports you will provide regarding the utilization and claims associated with the employee benefits program(s) you are proposing. Please indicate in your description if any of the reports would be provided at an additional cost over the fees associated with the programs.

11. Each proposer must confirm that they will provide the following reports upon request (possibly quarterly) of SAMPLE CLIENT:
    a. Large Claimants (over $25,000) inclusive of gender, plan, diagnosis, last date of service, prognosis and if the claimant remains covered on the plan.
    b. Utilization reports by diagnosis, place of service, employee vs. dependent costs.
    c. Prescription drug utilization including number of prescriptions issued for Generic vs. Brand, retail vs. mail order, top drugs paid by cost and top drugs paid by volume.
    d. Monthly paid claims

12. What is your proposed frequency of reporting on utilization experience? Is there a charge for utilization data analysis?

13. Will there be online access for claim reports?

Wellness Services:

14. Does your company offer any wellness services or wellness programs, including wellness funds? Are there any restrictions for usage of the wellness funds? Please describe your offerings in detail.

15. Are there any additional costs to the Client or employees for participation in your wellness programs or services?

16. Will the account team assigned include a designated wellness coordinator? If so, which wellness services will be included?

SAMPLE

References/Other:

17. Please provide a listing of at least three (3) references with a minimum of 300 employees for whom you provide insurance coverage for the program(s) you are proposing. Include the group name, contact name, title and phone number.

Benefits & Claims

18. Are you willing to waive the actively at work, dependent non-confinement and pre-existing limitation provisions for all currently enrolled individuals on medical and dental?

19. Will you cover the cost of transferring existing mail order prescriptions from the incumbent carrier?

20. Does your prescription drug proposal(s) include Step Therapy?

21. Please outline your Specialty Drug Process.

22. Please describe the precertification criteria necessary in order for Polysomnography tests to be covered under the medical plan (BMI, neck circumference, ect.)

Renewal Planning & Additional Fees

23. Will your company be willing and/or able to provide the annual renewal for the programs you are proposing a minimum of 120 days prior to the renewal date?

24. Will you provide a "Not to Exceed" amount prior to the renewal?

25. Are you willing to award a multi-year rate guarantee for administrative fees? If so, please provide the details of your guarantee(s).

26. Are there any additional fees for reporting? Please provide all reporting options/packages and their associated costs.

27. Describe any performance guarantee programs your company proposes.

28. Describe any performance guarantees based on Network discount guarantees. Are large claims included in the performance guarantees?

City of Coconut Creek Florida

Introduction

The City of Coconut Creek provides a comprehensive compensation package including group insurance benefits. The Employee Benefits Highlight Booklet provides a general summary of these benefit options as a convenient reference. Please refer to The City of Coconut Creek's Personnel Policies, applicable Union Contracts and/or Certificates of Coverage for detailed descriptions of all available employee benefit programs and stipulations therein. If you require further explanation or need assistance with benefit questions or claims processing, please refer to the customer service phone numbers under each benefit description heading or contact Human Resources using the contact information provided.

2014-2015 Plan Year News

The City of Coconut Creek will have the following plan options effective **October 1, 2014 – September 30, 2015**.

Medical Insurance — Cigna is our medical insurance provider with two plans to choose from.

- Open Access Plus In-Network Copay Plan (OAPIN)
- Choice Fund Open Access Plus Qualified High Deductible Health Plan (OAP HDHP)

Please note:
The Open Access Plus Copay Plan (OAP) is no longer being offered by the City. If you are currently enrolled in the OAP Plan you will be able to stay in it for the 2014-2015 Plan Year, or you may enroll in the OAPIN or OAP HDHP plan options.

Health Savings Account (HSA) — Any employee enrolled in the Choice Fund Open Access Qualified High Deductible Health Plan (OAP HDHP) may be able to participate in the Health Savings Account (HSA) offered through Cigna/JP Morgan Chase. This is an interest bearing account and can be payroll deducted throughout the year. Unlike an FSA, the funds in your HSA can rollover, can earn interest and are portable from one employer to another.

Dental Insurance — Cigna is our dental insurance provider with two plans to choose from.

- DHMO Plan
- PPO Plan

Vision Discount Plan — Those selecting any of the medical plans receive one routine vision exam every 24 months at no charge. Additionally, Cigna offers a Vision Discount Plan through its Healthy Rewards Program, which is available to all members participating in any of their medical or dental plans.

Flexible Spending Accounts
KCI Financial Services is our Flexible Spending Account (FSA) administrator. Any employee wishing to contribute to an FSA can do so during open enrollment. Your previous election amount does not automatically continue to the new plan year and *must* be reelected.

Voluntary Life Insurance
Employees can purchase voluntary life insurance for themselves, their spouse, and/or their dependent children through Unum Insurance Company.

Voluntary Benefit Options

- Aflac
- Long Term Care
- Pre-Paid Legal & Identity Theft

Employer Provided Plans

- Basic Life and AD&D Insurance
- Short Term Disability Insurance
- Long Term Disability Insurance
- Employee Assistance Program (EAP)

Notices

COBRA Continuation of Medical Coverage Benefits

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), employees and/or dependents may be able to continue their enrollment in certain health plans such as medical and dental, if such coverage is terminated or changed due to a qualifying event.

Medicare Part D Creditable Coverage

The City's prescription drug coverage(s) is considered Creditable Coverage under Medicare Part D. If you or your dependents are or will be eligible for Medicare, you may obtain more information by requesting a Medicare Part D Disclosure of Creditable Coverage Notice.

Notice of Privacy Practice of The City of Coconut Creek

The Privacy Notice of the City is available and you can obtain a copy by contacting Human Resources or by logging onto www.mybentek.com/coconutcreek.

More information is available about the above Notices by contacting the Human Resources and Risk Management Department.

Online Benefit Enrollment

BenTek
Technical Support - Email: support@mybentek.com
Technical Support - Phone: (888) 5-BenTek (523-6835)

The City will continue to provide online benefits enrollment through BenTek's Employee Benefits Center (EBC). The EBC provides benefit-eligible employees the ability to make group insurance benefit elections and changes online during the City's annual open enrollment, new hire orientation as well as through a qualifying events module.

Accessing BenTek:

- Log on to www.mybentek.com/coconutcreek
- Sign in by using your previously created username and password or follow the instructions to set up your own username and password. You may reset your username and password online, but if you need assistance, contact BenTek support at (888) 5-BenTek (523-6835) for assistance.
- Enter BenTek to review current elections, learn about your benefit options, and make any elections or changes.
- You may also update your life insurance beneficiary designation(s).
- You have the option to print out your enrollment summary statement containing all your benefit elections for you and your family including your life insurance beneficiary designations.

Open enrollment has never been easier. Accessible 24 hours a day during the open enrollment process, information about all of your employee benefits election options, including premiums and carrier contact information, are also available to help you make informed decisions. You can also log on to the EBC at any time to review your benefits, access carrier links, update life insurance beneficiaries, and report qualifying events.

If any technical questions arise while visiting the EBC, please email BenTek Support at **support@mybentek.com or call (888) 5-BenTek (523-6835)**, Monday through Friday, during regular business hours.

To access your group insurance benefits online, log on to www.mybentek.com/coconutcreek

Summary of Benefits and Coverage

A **Summary of Benefits & Coverage (SBC)** for each Medical Plan Option is **provided as a supplement** to this booklet which is being distributed to New Hires and Existing Employees during open enrollment. These summaries are an important item in understanding your benefit options. A copy of these SBC documents is also available as follows:

From:	Human Resources and Risk Management
Address:	4800 W. Copans Road
	Coconut Creek, FL 33063
Phone:	(954) 956-1451

Through the enrollment software - BenTek: https://www.mybentek.com/coconutcreek

The SBC is only a summary of the plan's coverage. A copy of the plan document, policy, or certificate of coverage should be consulted to determine the governing contractual provisions of the coverage. A copy of the actual group certificate of coverage can be reviewed and obtained by contacting the Human Resources and Risk Management Department or on the following web address: https://www.mybentek.com/coconutcreek.

If you have any questions about the plan offerings or coverage options, please contact the Human Resources and Risk Management Department at (954) 956-1451.

Group Insurance Eligibility

The City's group insurance plan year is October 1st through September 30th.

Employee Eligibility

Employees are eligible to participate in the City's insurance plans if they are full-time employees working a minimum of 30 hours per week. Coverage will be effective the first of the month following 30 days of employment. For example: If you are hired on April 11th, your coverage will be effective on June 1st.

Termination

If you separate employment from the City, medical and dental insurance will continue through the end of the month in which the separation occurred. COBRA continuation of coverage may be available as applicable by law.

Dependent Eligibility

A dependent is defined as the ***legal spouse or registered domestic partner and/or dependent child(ren)*** of the participant. Dependent children may be covered through the end of the calendar year in which the child reaches age 26 for medical and dental. The term "child" includes any of the following:

- A natural child
- A stepchild
- A legally adopted child
- A foster child
- A newborn (up to age 18 months) of a covered dependent (Florida)
- A child for whom legal guardianship has been awarded to the participant or the participant's spouse

Dependent Eligibility Age Requirements

Over-age Dependents Ages 19-26

Eligibility requirements for eligible Over-age Dependents were eliminated for group medical and dental insurance. Over-age Dependents may be covered by the medical and dental plans through the end of the calendar year in which the child turns age 26.

Florida Only Ages 27-30

Medical coverage may continue to the end of the calendar year in which the dependent reaches the age of 30, if the dependent is:

- Unmarried with no dependents; AND
- A Florida resident, or full-time or part-time student; AND
- Otherwise uninsured; AND
- Not entitled to Medicare benefits under Title XVIII of the Social Security Act, unless the child is handicapped.

Disabled Dependents

Coverage for an unmarried dependent child may be continued beyond age 26 if:

1. The dependent is physically or mentally disabled and incapable of self-sustaining employment; AND
2. The dependent is otherwise eligible for coverage under the group medical plan; AND
3. The dependent has been continuously insured; AND
4. Coverage began prior to the age of 19.

Proof of disability must be provided upon request. Please contact the Human Resources and Risk Management Department if further clarification is required.

Group Insurance Eligibility *(continued)*

Domestic Partner

Domestic Partners may be eligible to participate in the City's medical and dental plans if the partnership is officially registered as a Domestic Partner with Broward, Palm Beach, or Miami-Dade County. The IRS guidelines state that an employee may not receive a tax advantage on any portion of the premium paid related to domestic partner coverage. Employees insuring domestic partners and/or child dependents of a domestic partner will see the insurance premium deductions post-tax and should consult their tax advisor.

Taxable Dependents

Beginning January 1st of the calendar year in which the child reaches age 27 through the end of the calendar year in which the child reaches age 30, that portion of health insurance premium that is attributable to covering the overage dependent (the "OAD value") will be deducted on a post tax basis. The remaining employee contribution, if any (i.e. the amount over and above the OAD value) will continue to be deducted on a pre-tax basis. If the OAD value is greater than the payroll deduction, the additional employer subsidized portion of the value (OAD value minus payroll deduction) will be reported as imputed income to the employee and included as income on the W-2.

Qualifying Events and IRS Code Section 125

IRS Code Section 125

Premiums for medical and dental insurance, certain Aflac policies and contributions to FSA accounts (Health Care and Dependent Care FSAs) are deducted through a Cafeteria Plan established under Section 125 of the Internal Revenue Code (IRC) and are pre-tax to the extent permitted. Under Section 125, changes to your pre-tax benefits can be made ONLY during the Open Enrollment period unless you or your qualified dependents experience a qualifying event and the request to make a change is made within 30 days of the qualifying event.

Under certain circumstances, you may be allowed to make changes to your benefits elections during the plan year, if the event affects your own, your spouse's, or your dependent's coverage eligibility. An "eligible" qualifying event is determined by the Internal Revenue Service (IRS) Code, Section 125.

Examples of Qualifying Events

- You get married or divorced
- You have a child, gain legal custody or adopt a child
- Your spouse and/or other dependent(s) die(s)
- You, your spouse, or dependent(s) terminate or start employment
- An increase or decrease in your work hours causes eligibility or ineligibility
- A covered dependent no longer meets eligibility criteria for coverage
- A child gains or loses coverage with an ex-spouse
- Gain or loss of Medicare coverage
- Losing eligibility for coverage under a State Medicaid or CHIP (including Florida Kid Care) program (60 day notification period)
- Becoming eligible for State premium assistance under Medicaid or CHIP (60 day notification period)

IMPORTANT

If you experience a qualifying event, **you must contact Human Resources within 30 days of the qualifying event** to make the appropriate changes to your coverage. Beyond 30 days, requests will be denied and the employee may be responsible both legally and financially for any claim and/or expense incurred as a result of the employee or a dependent who continues to be enrolled but no longer meets eligibility requirements. If approved, changes will take place on the first of the month following the qualifying event, except for newborns which are effective on the date of birth. Any cancellations will be processed at the end of the month, except coverage terminates the date following a death. You will be required to furnish valid documentation supporting a change in status or "Qualifying Event."

Health Savings Account

The Summary of Benefits and Coverage (SBC) Supplement and Summary of Benefits, provided in addition to this Employee Benefits Highlights Booklet, is your primary source of information regarding your Health Reimbursement Account (HRA). The information contained in this Booklet regarding your HSA is intended to supplement your SBC Supplement and Summary of Benefits. The SBC Supplement and Summary of Benefits are only intended to be a summary of the plan's coverage, a copy of the plan document, policy or certificate of coverage, should be consulted to determine the governing contractual provisions of the plan. A copy of the actual group certificate can be reviewed and obtained by contacting JP Morgan Chase at (866) 524-2483. If any information in this booklet unintentionally conflicts with the SBC Supplement, or Summary of Benefits, the group certificate information prevails. If you have any additional questions regarding the plan please contact JP Morgan Chase at (866) 524-2483.

Cigna — JP Morgan Chase
Customer Service: (866) 524-2483
www.mycigna.com

Employees who enroll in **OAP HDHP** may participate in the Health Savings Account (HSA) offered through JP Morgan Chase. Funds in the HSA are interest-bearing and may be used to offset a wide variety of health related costs incurred under the health plan that apply towards your deductible or coinsurance.

- 2014 IRS Calendar Year Contribution Limitations: $3,300 (individual coverage); $6,550 (family coverage)
- 2015 IRS Calendar Year Contribution Limitations: $3,350 (individual coverage); $6,650 (family coverage)
- The HSA catch up contribution for individuals 55 and older remains $1,000

An HSA is an interest-bearing account employees can opt to fund via pre-tax, evenly disbursed payroll deductions or a lump sum payroll deduction; this decision can be made and changed throughout the year with the payroll division. Employee contributions may also be made on an after-tax basis and taken as an above-the-line deduction on their tax return (making such contributions tax-free). Guidelines regarding the HSAs are established by the IRS so be sure to thoroughly review your enrollment materials before deciding if an HSA is right for you.

What do you need to know about your HSA?

- To be eligible to open or contribute to an HSA, you must be covered by a high deductible health plan.
- You may not be covered under another medical plan that is not a high deductible health plan including a plan your spouse may have where he/she has selected family coverage.
- HSA dollars can be used tax-free for all eligible IRS 213.d medical expenses.
- No use-it-or-lose-it rules like an FSA; funds are in the account when needed, now or in the future.
- Participants cannot fund into a traditional medical FSA, it must be a Limited Purpose FSA.
- HSA funds are portable from one employer to another.
- Domestic partners and over-age dependents are not able to use HSA funds for their qualified expenses, even if they are covered under the medical plan, as federal law does not recognize them as a qualified dependent.
- Employees with adult children up to age 30 covered under the health insurance plan, may only use HSA funds for qualified expenses if the adult child is still a tax dependent.
- HSA funds earn interest.
- An account holder will receive two debit cards which will be issued to the member at no cost. An additional card can be issued for an additional service fee.
- An account holder can also request a checkbook for an additional fee per book of 25 checks. Account holders have the option of choosing a checkbook when they enroll via the web.
- Account holders can view their balance and transactions on cigna.com. The account holders can also request paper statements at a cost per paper statement.
- Please refer to your HSA plan for additional information on services and changes.
- HSA funds can be used for eligible medical expenses for dependents even if the dependent is not enrolled in the employee's group insurance benefits as long as it is for a qualified tax dependent.
- **If you are enrolled in Medicare, TRICARE or TRICARE for Life, you are *not* eligible to contribute funds into an HSA.** If you are *not* enrolled in Medicare, TRICARE or TRICARE for Life, then you *are* eligible to enroll and contribute into the HSA up to the 2015 maximum contribution amounts.
- Active Employees NOT on Medicare but with a spouse enrolled in Medicare: Any active employee who is covering a spouse that is enrolled in Medicare may contribute the full family HSA contribution allowed by the IRS. These funds can be utilized for the active employee and spouse expenses.
- Active Employees ON Medicare and with a spouse NOT enrolled in Medicare: Any active employee who is enrolled in Medicare and covering a spouse may not contribute to the HSA. Any remaining balance in the HSA can be utilized until there are no funds remaining.

Medical Insurance: OAPIN Plan At-A-Glance

Dental Insurance: DHMO Plan

Cigna
Customer Service: (800) 244-6224
www.mycigna.com

The City offers two dental insurance plans through Cigna. A brief description of the DHMO Plan is provided below and a summary of benefits is provided on the following page. For detailed coverages, exclusions and stipulations, please refer to the carrier's benefit summary or contact Cigna's Customer Service.

In-Network Benefits

The DHMO Plan is an in-network only plan that requires you to select and receive services from a Primary Dental Provider. In order to receive services, you can select any participating dentist in the network. This dental plan utilizes the **Dental Care HMO Network**. This plan does not provide any coverage for services received out-of-network.

The DHMO plan's schedule of benefits is set forth by the Patient Charge Schedule (fee schedule), which is highlighted on the following page. Please refer to your plan's Certificate of Coverage for a detailed listing of charges and what is covered.

Out-of-Network Benefits

The DHMO Plan does not provide benefits for services received by providers who do not participate in the **Cigna Dental Care HMO Network** (considered "out of network"). You will pay out of pocket if you utilize any out-of-network providers.

How To Locate a Provider

To search for a participating provider, contact Customer Service or go to www.mycigna.com, select "Find a Doctor," then click on "Select a Plan For Your Search." Choose the "**Cigna Dental Care (HMO)**," and click "Select." Fill in the rest of your criteria and click "Search."

Calendar Year Deductible

There is no Calendar Year Deductible that needs to be met on this plan option.

Calendar Year Out-of-Pocket Maximum

This plan is not subject to any out-of-pocket benefit maximums.

Please Note the Following:

- *Each covered member may receive up to 2 free cleanings per calendar year. Members can also receive 2 additional cleanings for a $50 copay ($40 for children).*
- *Coverage and age limitations may apply for some services. Check your Plan Summary or contact Cigna prior to having services rendered.*

Dental Insurance: PPO Plan

Cigna
Customer Service: (800) 244-6224
www.cigna.com

The City offers dental insurance through Cigna. A brief description of the PPO Plan is provided below, and a summary of benefits is provided on the following page. For detailed coverages, exclusions and stipulations, please refer to the carrier's benefit summary or contact Cigna's Customer Service.

In-Network Benefits

The PPO Plan is "open access" and allows you to receive services from any dental provider without selecting a Primary Dental Provider (PDP) and does not require referrals to specialists. The network of participating dental providers the plan utilizes is the **Core Network**. The PPO Plan provides benefits for services received from in-network and out-of-network providers. Members have the ability to maximize benefits by receiving services from providers in the **Core Network** because they have agreed to accept Cigna's discounted fees.

Out-of-Network Benefits

Providers who do not contract with insurance carriers because they do not accept their discounted rates are referred to as "non-participating" or "out of network." Understanding how your insurance company pays for out-of-network services is important because you will usually pay more.

The insurance company processes charges based on what it determines the "Usual, Customary and Reasonable (UCR)" charge is for a specific service. UCR or the "allowed amount" can be defined as the most common charge for a particular dental procedure performed in a specific geographic area. Since there is no contract in place between the insurance company and out-of-network provider, the dentist may charge an amount higher than the UCR. The difference between the UCR amount and the dentist's higher charge is called "balance billing." **Balance billing is in addition to your deductible and coinsurance responsibility**.

How To Locate a Provider

To search for a participating provider, contact Customer Service or go to cigna.com, select "Find a Doctor," then click on "Select a Plan For Your Search." Choose the "**Cigna Dental PPO**" then "**Core Network,**" and click "Select." Fill in the rest of your criteria and click "Search."

Calendar Year Deductible

The PPO Plan benefits begin once each covered member satisfies a $50 in-network or $100 out-of-network Calendar Year Deductible (CYD) (waived for Class I services). Once any 3 members of a family meet the deductible, it will be considered met for all covered members in that family. The deductible is waived for Preventive and Diagnostic Services.

Coinsurance

The percentage of coinsurance a covered member is responsible for is based upon the plan's discounted fee assigned to each particular service. For example, in Class II services (Basic Restorative Care), the plan pays 80% coinsurance for out-of-network services and the member is responsible for 20% coinsurance, once the annual deductible has been satisfied.

Please Note: *Out-of-Network providers may also "balance bill."*

Calendar Year Benefit Maximum

The maximum benefit the PPO Plan will pay for each covered member is $2,000 for in- and out-of-network services combined. All services, including Preventive and Diagnostic Services, accumulate towards your Calendar Year Benefit Maximum.

Please Note the Following:

- *Teeth missing prior to coverage under the Cigna Dental Plan are not covered.*
- *If a plan treatment is going to exceed $200, you should ask your dentist to file a pretreatment review.*
- *Each covered family member may receive up to 2 cleanings per calendar year.*
- *Coverage and age limitations may apply for some services. Check your Plan Summary or contact Cigna prior to having services rendered.*

Flexible Spending Accounts

KCI Financial Services
Customer Service: (954) 443-4443
http://kcifinancialservices.com

Claims Email: claims@kcifinancialservices.com
Address: P.O. Box 49347
Sarasota, FL 34230

The City offers Flexible Spending Accounts (FSA) administered through KCI Financial Services.

If you have predictable medical expenses for yourself or your family, such as deductibles, coinsurance, copays, or any dependent work-related day care expenses, FSAs may be right for you. FSAs allow you to set aside money on a pre-tax basis for reimbursement of qualified health care expenses and dependent care expenses you regularly pay with after-tax dollars. The amount you set aside is not taxed and is automatically deducted from your paycheck and deposited into your FSA account. During the year, you have access to this account for reimbursement of qualified medical expenses that are not reimbursed or covered by insurance. An FSA not only results in a substantial tax savings, it also increases your spending power. There are two types of FSAs:

Health Care Reimbursement Account	Dependent Care Reimbursement Account
This account allows you to set aside up to an **annual maximum of $2,500.** This money will not be taxable income to you and can be used to offset the cost of a wide variety of eligible medical expenses that generate out-of-pocket costs for you or your qualified dependents. Employees can also receive reimbursement for expenses related to dental and vision care (that are not classified as cosmetic). Examples of common expenses that qualify for reimbursement are listed below. ***NOTE: Your entire Health Care FSA election is available to you on the first day coverage is effective.**	This account allows you to set aside up to an **annual maximum of $5,000 if you are single or married and file a joint tax return ($2,500 if you are married and file a separate tax return)** for work-related day care expenses. Qualified expenses include adult and child day care centers, preschool, and before/after school care for eligible children and adults. Please note that if your family's annual income is over $20,000, this reimbursement option will most likely save you more money than the dependent care tax credit you take on your tax return. To qualify, your dependent must be: • a child under the age of 13, or • a child, spouse or other dependent that is physically or mentally incapable of self-care and spends at least 8 hours a day in your household. ***NOTE: Unlike the Health Care FSA, you will only be reimbursed up to the amount that has been deducted from your paycheck for Dependent Care expenses.**

A sample list of qualified expenses eligible for reimbursement include, but are not limited to, the following:

- Ambulance service
- Chiropractic care
- Dental fees/Orthodontic fees*
- Diagnostic tests/Health screenings*
- Doctor fees
- Drug addiction/Alcoholism treatment*
- Experimental medical treatment
- Eyeglasses/Contact lenses (corrective)*
- Hearing aids and exams*
- Injections & vaccinations*
- Lasik surgery*
- Mental healthcare
- Nursing services
- Optometrist fees*
- Physician office visits
- Prescription drugs
- Sunscreen
- Wheelchairs

** These items are eligible expenses under the limited purpose FSA.*

Log on to http://www.irs.gov/publications/p502/index.html for additional details regarding qualified and non-qualified expenses.

Flexible Spending Accounts *(continued)*

FSA Guidelines

- You have a grace period at the end of your plan year that allows you to claim reimbursement for eligible expenses incurred through December 15.
- **Any unused funds after a plan year/grace period ends and all claims have been filed cannot be returned to you or carried forward to the next plan year.**
- You can enroll in either or both FSAs during open enrollment period, a qualifying event or new hire eligibility only.
- You cannot transfer money between FSAs.
- You cannot pay a dependent care expense from your Health Care FSA or vice versa.
- You cannot deduct reimbursed expenses for income tax purposes.
- You cannot be reimbursed for a service which you have not received.
- You cannot receive insurance benefits or any other compensation for expenses which are reimbursed through your FSAs.
- Domestic partners are not eligible, as federal law does not recognize them as a qualified dependent.

Here's How It Works

Employee earning $30,000 elects to place $1,000 into their FSA Health Care Savings Account, with payroll deductions being $38.46 based on a 26 pay period schedule. As a result, the insurance premiums and health care expenses are paid with tax-free dollars, giving the employee a tax savings of $227.

	With the Plan	Without the Plan
Salary	$30,000	$30,000
FSA Contribution	- $1,000	- $0
Taxable pay	$29,000	$30,000
Estimated Tax 22.65% = 15% + 7.65% FICA	- $6,568	- $6,795
After Tax Expenses	- $0	- $1,000
Spendable Income	$22,432	$22,205
Tax Savings	**$227**	

NOTE: Be conservative when estimating your medical and/or dependent care expenses. IRS regulations state that any unused funds which remain in your FSA after a plan year/grace period ends, cannot be returned to you nor carried forward to the next plan year. This is known as the "USE IT OR LOSE IT" rule.

Filing a Claim

The IRS requires FSA participants to maintain complete documentation, including keeping copies of receipts for reimbursed expenses, for a minimum of one year. To file a claim, you must submit your completed claim form and include a copy of the receipt as proof of the expense. Once completed, you may submit your claim either by mail, email or fax.

Limited Purpose FSA

The City has a Limited Purpose FSA for the 2014/2015 plan year. If you choose the OAP HDHP and elect the HSA, you will only be eligible for a Limited Purpose Health Care FSA. This account allows you to set aside up to an annual maximum of $2,500 during Open Enrollment only. This money will not be taxable income to you and can be used to offset the cost of a wide variety of expenses incurred by you or your qualified dependents.

A Limited-Purpose Health FSA may be used for qualified dental, vision and hearing expenses; as well as medical expenses after you have satisfied your out-of-pocket deductible.

Employee Assistance Program

Cigna
24-Hour Customer Service: (877) 622-4327
www.cignabehavioral.com
Employee ID: coconutcreek

The City cares about your well being on and off the job and provides all eligible employees and their family/household members an Employee Assistance Program (EAP) through Cigna at no cost.

What is an Employee Assistance Program?

An Employee Assistance Program (EAP) offers covered employees and their family members/domestic partners free and convenient access to a range of confidential and professional services to help them address a variety of problems that can negatively affect their well-being such as:

- Stress Management
- Parenting Problems
- Marital Problems
- Relationship Issues
- Substance Abuse
- Critical Incident Debriefing
- Child Care
- Elder Care
- Financial Services

How do employees access EAP benefits?

The EAP provides up to six (6) face-to-face counseling sessions per occurrence for short-term problem resolution. Conditions that require long-term treatment may be referred to your medical plan. The EAP also provides unlimited phone consultation with an EAP professional available 24 hours a day, seven (7) days a week at the Customer Service number given above. Contact customer service at (877) 622-4327.

Are your services confidential?

Yes. Receipt of EAP services are completely confidential. If, however, participation in the EAP is the direct result of a Management Referral (a referral initiated by a supervisor or manager), we will ask permission to communicate certain aspects of the employee's care (attendance at sessions, adherence to treatment plans, etc.) to the referring supervisor/manager. The referring supervisor will not, however, receive specific information regarding the referred employee's case. The supervisor will only receive reports on whether the referred employee is complying with the prescribed treatment plan.

Life Insurance

Unum
Customer Service: (800) 421-0344
www.unum.com

Basic Life Insurance

The City provides a Basic Life insurance benefit to all eligible employees at no cost through Unum. All full-time employees working a minimum of 30 hours per week are covered for a flat benefit amount of $20,000.

Accidental Death & Dismemberment

Also at no cost to the employee, the City offers Accidental Death & Dismemberment (AD&D) insurance, which pays in addition to the Basic Life benefit when death occurs as a result of an accident. The AD&D benefit amount equals the Basic Term Life benefit.

- Coverage amounts reduce to 65% at age 70 and 50% at age 75, for the Basic Life and AD&D.

Voluntary Employee Life and AD&D Insurance

Eligible employees may purchase additional life insurance coverage, on a voluntary basis, through Unum. This coverage may be purchased in addition to the Basic Term Life/AD&D coverages. Premiums for this coverage will be made via payroll deduction.

New Hires can purchase Voluntary Employee Life insurance without having to go through Medical Underwriting, also known as Evidence of Insurability (EOI), up to the Guaranteed Issue amount of $130,000.

- Units can be purchased in increments of $10,000 up to five (5) times your salary, not to exceed $500,000.
- Premiums are based on your age as of 10/1 each plan year. Please refer to the rate sheets found in your Unum Life Insurance Packet for specific rates.
- Coverage amounts reduce to 65% at age 70 and 50% at age 75.

Voluntary Spouse Life and AD&D Insurance

New Hires can purchase Voluntary Spouse Life insurance without having to go through Medical Underwriting, also known as Evidence of Insurability (EOI), up to the Guaranteed Issue amount of $130,000.

- In order to purchase Life and AD&D Insurance coverage for your spouse, you must purchase coverage for yourself.
- Units of coverage may be purchased in $10,000 increments not to exceed $500,000.
- Premiums are based on your age as of 10/1 each plan year. Please refer to the rate sheet found in your Unum life insurance packet for specific rates.
- Coverage amounts reduce to 65% at age 70 and 50% at age 75 based on the employees age, not the covered spouse's age.

Voluntary Child Life Insurance Only

- In order to purchase Life Insurance coverage for your dependent child, you must purchase coverage for yourself.
- Units of coverage may be purchased for dependent children as follows:
  - Children ages live birth to age 6 months $1,000.
  - Children ages 6 months to age 19 (26 if a full-time student) $10,000.
  - Coverage is $0.12 Per Pay Period for all eligible child(ren) enrolled.

Always remember to keep your beneficiary forms updated.
Beneficiary information may be updated at anytime through Bentek.

Short Term Disability Insurance

Unum
Customer Service: (800) 421-0344
www.unum.com

The City provides Short Term Disability (STD) insurance at no cost to all eligible full-time employees working a minimum of 30 hours per week through Unum. The STD plan pays you a percentage of your weekly earnings if you become disabled due to an illness or non-work related injury.

- The STD plan offers a benefit of 70% of your weekly earnings, up to a maximum of $1,250 per week.
- An employee must be disabled or ill for 14 days prior to becoming eligible for benefits (known as the elimination period).
- The maximum benefit period is 24 weeks (Does not include the elimination period).
- Benefits may be reduced by other income.

Long Term Disability Insurance

Unum
Customer Service: (800) 421-0344
www.unum.com

The City provides Long Term Disability (LTD) insurance at no cost to all eligible full-time employees through Unum. The LTD plan pays you a percentage of your monthly earnings if you become disabled due to an illness or non-work related injury.

- The LTD plan offers a benefit of 66.66% of your monthly earnings, up to a maximum of $5,000 per month.
- An employee must be disabled for 180 days/26 weeks prior to becoming eligible for benefits (known as the elimination period).
- Benefit payments will commence on the 181st day of disability.
- You may continue to be eligible for benefits if you return to work on a part-time basis.
- Benefits may be reduced by other income.
- Benefits may be paid to you until age 65 (depending on a number of factors). See plan document or contact Unum for additional information.

Supplemental Insurance

Aflac
http://kcifinancialservices.com
Local Agent: KCI Financial Services
Local Office: (954) 443-4443
Email: lcohen@kcifinancialservices.com
& ccohen@kcifinancialservices.com
Claims Email: claims@kcifinancialservices.com
Address: P.O. Box 49347
Sarasota, FL 34230

Aflac offers a variety of supplemental insurance plans that may be purchased separately on a voluntary basis and premiums are paid via payroll deduction. Aflac pays cash directly to you, regardless of what other insurance plans you may have. Coverage is available for your spouse and children on most plans and the coverage is portable when you retire or change jobs, with no increase in premiums. To learn more about these plans and/or to schedule a personal appointment, contact KCI Financial Services. Details regarding the following available plans and services are also available online at kcifinancialservices.com.

- Aflac Life, Term and Whole Life
- Hospital Intensive Care Protection (Plan 1)
- Critical Care and Recovery (Plan 2)
- Hospital Advantage
- Cancer Care (Classic, Select, Preferred and Premier)
- Short Term Disability Insurance (Guarantee Issue)
- Accident Indemnity Advantage - 24 Hour Protection

Long Term Care is the assistance received when someone needs help with two or more Activities of Daily Living – such as dressing, bathing, going to the bathroom, eating or moving about – or when someone suffers a severe cognitive impairment. This care could be provided in the home, in an assisted living or residential care facility, or in a skilled nursing facility such as a nursing home.

The City offers coverage in the form of a fixed dollar indemnity benefit if you become disabled. Coverage is subject to policy limitations, benefit maximums and elimination periods.

Benefit Duration	3 Years	6 Years
Facility Benefit Amount **Per $1,000 Increments**	$1,000 to $6,000	$1,000 to $6,000
Assisted Living Facility Percent	60%	60%
Lifetime Maximum **Per $1,000 Increments**	$36,000	$72,000
Professional Home Care	50%	50%
Total Home Care — **Option**	50%	50%

Pre-Paid Legal and Identity Theft Plans

The City offers employees the opportunity to participate in an Identity Theft Plan provided by LegalShield. This plan will protect you, your spouse and children by giving you access to one of the world's leading risk management companies, Kroll Advisory Solutions. Kroll can assist with Identity Theft consultations, credit report with analysis, credit monitoring and full restoration of benefits should you or a covered family member become a victim of Identity Theft.

By enrolling in the Legal Plan, employees will have Nationwide access to a network of law firms who are pre-paid and ready to serve for advice on unlimited issues, plus legal help for a variety of situations that include*:

- Wills & Living Wills
- Healthcare Directive
- Letters & Phone Calls
- Contract Review
- Real Estate
- Traffic Tickets
- Family Law
- Child Custody
- Civil Litigation
- Bankruptcy
- Adoption
- IRS Audits

LegalShield & ID Theft Plan	$11.86 Per Pay Period Covers Member, Spouse, Covered Dependents
LegalShield Family Plan	$7.27 Per Pay Period Legal Plan covers Member, Spouse, Covered Dependents
ID Theft Plan	$6.90 Per Pay Period Covers Member, Spouse, Children up to 18

* See brochure for complete coverage details (including dependent eligibility information).

Announcements & Reminders

Employee Wellness Committee

The City has a genuine interest in your health, nutrition and overall well being! We offer wellness programs and various events to benefit employee wellness throughout the year. We welcome new ideas and are actively looking for employees to participate and assist with the City Wellness initiative. Keep an eye out for the next Wellness event/program, and be a participant.

Please see the Human Resources & Risk Management Department for more information.

Gehring Group Account Service Specialists

Dedicated Account Service Specialists for all your health insurance questions!

If you have questions or concerns regarding your health insurance, help is available. Coconut Creek has dedicated Account Service Specialists at the Gehring Group that can assist you with your health insurance questions. You can reach an Account Service Specialist by calling **(800) 244-3696**, Monday-Friday, 8:30am-5:00pm. You can also email your questions to **coconutcreek@gehringgroup.com** and a specialist will respond to you within 24-48 business hours.

Gehring Group can provide assistance with:	
• *Reviewing hospital and doctor bills*	• *Pharmacy delays or denials*
• *Reviewing Explanation of Benefits for claims accuracy*	• *Assisting with eligibility for members*
• *Developing claims appeals*	• *Explaining available benefits and services*

2013-2014

August 1st - 22nd
OPEN ENROLLMENT

Employees who are not making any changes do not need to do anything as you will automatically be re-enrolled in your current coverage. If you are making changes for the 2013-2014 Plan Year, such as adding or deleting dependents, changing your beneficiary, or adding or dropping different lines of coverage, follow these simple steps:

1. Log on to https://www.mybentek.com/charlottecounty.
2. Enter your username and password.
3. Select the Open Enrollment menu option.
4. Enter the Employee Benefits Center (EBC) to review current elections and make any elections or changes.
   - Make sure your life insurance beneficiary is current or update accordingly.
5. Once you complete your elections, print out your confirmation statement containing all your benefit elections for you and your family including your life insurance beneficiary designations.

Return to the Employee Benefits Center at any time to review your benefits, access carrier links, update life insurance beneficiaries and obtain other important benefit-related information.

Enrolling For Your Benefits Has Never Been Easier!

BENEFITS FAIR

WEDNESDAY, OCTOBER 23, 2013

9:00 AM - 1:00 PM

Blake Library – John F. Armstrong Wing
2351 SE Monterey Road, Stuart, Florida

AVOID THE PREMIUM INCREASE

For the 2013/2014 Health Insurance Plan Year employee contributions will be increased by $50.00 per month. This contribution increase will occur with the first pay period in January 2014. However, to encourage employee wellness a waiver of this premium increase will be made available for employees who test negative for nicotine or through completion of a tobacco cessation program for those employees who use tobacco. Both the nicotine testing and tobacco cessation program are at no cost to the employee and are provided through the Employee Health Center.

How do I qualify for the premium increase waiver?

1. Complete a nicotine test between May 1, 2013 and September 1, 2013. Nicotine tests will be administered at the Employee Health Clinic and can be requested at the time of your Personal Health Risk Assessment.
2. Testing negative for nicotine will automatically qualify you for the premium increase waiver.
3. If you test positive for nicotine you can complete a Tobacco Cessation Program through the Employee Health Center to qualify for the premium increase waiver. You must complete the Tobacco Cessation Program by December 1, 2013 to get the premium increase waiver.
4. Employees that do not take the nicotine test between May 1, 2013 and September 1, 2013 or that test positive for nicotine and do not complete a Tobacco Cessation Program by December 1, 2013 will **NOT BE ELIGIBLE** for the premium increase waiver.

THE HIGH COST OF TOBACCO

According to the Centers for Disease Control (CDC) tobacco use adds an average of between **$1,300 and $1,600** per year in medical costs, and $1,700 absenteeism and loss of productivity as compared to a non-tobacco user.

Businesses pay an average of **$2,189 in workers' compensation** costs for tobacco users, compared with $176 for non-tobacco users.

Tobacco use causes numerous cancers including cancers of the lung, bladder, oral cavity, larynx, esophagus, cervix, kidney, pancreas, and stomach. **Smoking causes 87% of lung cancer cases.**

Tobacco users have approximately **30%** higher risk of hospitalization than non-tobacco users and die 13 to 14 years earlier than non-tobacco users.

SMOKING IS THE LEADING CAUSE OF PREVENTABLE DEATH IN THE U.S. AND GLOBALLY!

Tobacco users are **2-4 times** more likely to develop heart disease and 2 times more likely to have a stroke than non-tobacco users.

Please contact risk management for tobacco cessation programs that are available to you at no cost.

We want to be a healthy, fit, and happy Charlotte County!

The Human Resources Department cordially invites all employees and their family members to attend the:

2016 Federal Budget Delays ACA's Cadillac Tax & Suspends Two Other Taxes

Quick Facts

- **On Dec. 18, 2015, President Barack Obama signed a federal budget bill for 2016 into law, which makes significant changes to three ACA taxes.**
- **The provisions affecting the ACA taxes took effect immediately on Dec. 18, 2015.**
- **The new law delays the Cadillac tax for two years, and temporarily suspends collection of the providers fee and the medical devices tax.**
- **The new federal budget does not affect any other ACA provisions.**

On Dec. 18, 2015, President Barack Obama signed a federal budget bill for 2016 into law, which makes significant changes to three tax provisions under the Affordable Care Act (ACA). This new law:

1. **Delays implementation of the ACA's Cadillac tax** on high-cost group health coverage for two years, until 2020;
2. **Imposes a one-year moratorium on the collection of the ACA's health insurance providers fee**, for 2017; and
3. **Imposes a two-year moratorium on the ACA's medical device excise tax**, for 2016 and 2017.

The provisions affecting these ACA taxes took effect immediately, once the bill was enacted.

Cadillac Tax Delayed

The ACA imposes a 40 percent excise tax on high-cost group health coverage, also known as the "Cadillac tax." This tax is intended to encourage companies to choose lower-cost health plans for their employees, but also to raise revenue to fund other ACA provisions.

This provision taxes the amount, if any, by which the monthly cost of an employee's applicable employer-sponsored health coverage exceeds the annual limitation (called the employee's excess benefit). The tax amount for each employee's coverage will be **calculated by the employer** and **paid by the coverage provider** who provided the coverage.

Although originally intended to take effect in 2013, the Cadillac tax was immediately delayed until 2018 following the ACA's enactment. The new 2016 federal budget **further delays implementation of this tax for an additional two years, until 2020**.

The new law also:

- Removes a provision prohibiting the Cadillac tax from being deducted as a business expense; and
- Requires a study to be conducted on the age and gender adjustment to the annual limit.

There is some indication that this additional delay will lead to an eventual repeal of the Cadillac tax provision altogether. However, while several bills have been introduced into Congress to repeal this tax, President

Obama has indicated that he will veto legislation repealing any ACA provision.

Moratorium on the Providers Fee
Beginning in 2014, the ACA imposes an annual, non-deductible fee on the health insurance sector, allocated across the industry according to market share. This health insurance providers fee, which is treated as an excise tax, is required to be paid by Sept. 30 of each calendar year. Thus, the first fees were due Sept. 30, 2014.

The new 2016 federal budget suspends collection of the health insurance providers fee for the 2017 calendar year. **Thus, health insurance issuers are not required to pay these fees for 2017**.

Employers are not directly subject to the health insurance providers fee. However, in many instances, providers of insured plans have been passing the cost of the fee on to the employers sponsoring that coverage. As a result, this one-year moratorium may result in significant savings for some employers on their health insurance rates.

Moratorium on the Medical Devices Tax
The ACA also imposes a 2.3 percent excise tax on the sales price of certain medical devices, effective beginning in 2013. Generally, the manufacturer or importer of a taxable medical device is responsible for reporting and paying this tax to the IRS.

The new 2016 federal budget suspends collection of the medical devices tax for two years, in 2016 and 2017. **As a result, this tax will not apply to sales made between Jan. 1, 2016, and Dec. 31, 2017**.

The Effect on Other ACA Provisions
Although this new federal budget makes significant changes to these three ACA taxes, it does not affect any other ACA provision. Therefore, all other aspects of the ACA continue to apply as they did prior to this law's enactment, with no changes or delays.

IRS Releases Final Forms and Instructions for ACA Reporting

Quick Facts

- On Feb. 8, 2015, the IRS issued final forms and instructions for Section 6055 and 6056 reporting.
- Final instructions provide a new option for some ALEs reporting information for nonemployees.
- Although these forms are not required to be filed for 2014, employers may voluntarily file in 2015 for 2014 coverage, using these forms and instructions.

The Affordable Care Act (ACA) created new reporting requirements under Internal Revenue Code (Code) Sections 6055 and 6056. Under these new reporting rules, certain employers must provide information to the IRS about the health plan coverage they offer (or do not offer) to their employees.

On Feb. 8, 2015, the Internal Revenue Service (IRS) **released final versions** of forms and related instructions that employers may use to report under Sections 6055 and 6056 for 2014. These forms are **not required to be filed for 2014,** but reporting entities may voluntarily file them in 2015 for 2014 coverage.

Forms and instructions for calendar year 2015 reporting have not yet been released and may contain some changes from the 2014 versions.

On Feb. 9, 2015, the IRS also issued Publication 5196, Understanding Employer Reporting Requirements of the Health Care Law, to help employers prepare for reporting in 2016.

On Feb. 8, 2015, the IRS released final versions of forms and instructions that employers will use to report information about the health plan coverage they offer (or do not offer) to employees.

Few Changes in Final Forms

The final versions of the forms do not differ significantly from the draft versions. In general, the final instructions were edited to clarify existing requirements. However, the final instructions for Forms 1094-C and 1095-C did include a **new option for applicable large employers (ALEs) reporting information for nonemployees** (such as nonemployee directors, retired employees or nonemployee COBRA beneficiaries) covered under employer-sponsored self-insured health coverage.

Section 6055 Forms and Instructions

The following forms and instructions are available for use under Section 6055:

IRS Releases Final Forms and Instructions for ACA Reporting

- **Form 1094-B**, Transmittal of Health Coverage Information Returns
- **Form 1095-B**, Health Coverage
- Instructions for Forms 1094-B and 1095-B

Section 6056 Forms and Instructions
The following forms and instructions are available for use under Section 6056:

- **Form 1094-C**, Transmittal of Employer-Provided Health Insurance Offer and Coverage Information Return
- **Form 1095-C,** Employer-Provided Health Insurance Offer and Coverage
- Instructions for Forms 1094-C and 1095-C

Section 6055 Reporting
Under Section 6055, every person that provides minimum essential coverage (MEC) to an individual during a calendar year must file Forms **1094-B** (a transmittal) and **1095-B** (an information return), including:

- Health insurance issuers or carriers;
- Self-insured health plan sponsors;
- Government agencies that administer government-sponsored health insurance programs; and
- Any other entity that provides MEC.

Self-insured plan sponsors that are also ALEs subject to the employer shared responsibility rules will report information about the coverage in **Part III of Form 1095-C**, instead of on Form 1095-B. In general, an employer with 50 or more full-time employees (including full-time equivalents) during the prior calendar year is considered an ALE.

Section 6056 Reporting
All ALEs (as defined under the employer shared responsibility rules) must file **Form 1094-C** (a transmittal) and **Form 1095-C** (an information return) for each full-time employee.

- Form 1094-C is used to report summary information for each employer to the IRS as a transmittal for filing the Forms 1095-C to the IRS.
- Form 1095-C is used to report information about each employee. A copy is filed with the IRS with the Form 1094-C and a copy is sent to each applicable employee.

These forms help the IRS determine whether an ALE owes penalties under the employer shared responsibility rules, as well as whether an employee is eligible for premium tax credits.

Combined Reporting
Form 1095-C will generally be used by ALEs to satisfy both the Section 6055 and 6056 reporting requirements, as applicable.

- An ALE that sponsors a self-insured plan will complete all sections of Form 1095-C to report the information required under both Sections 6055 and 6056. Therefore, these ALEs will be able to use a single form to report information regarding whether an employee was covered.
- An ALE that provides insured coverage will also report on Form 1095-C, but will complete only the sections of Form 1095-C related to Section 6056.

ALEs will also be providing only a single employee statement (with the Section 6056 information, and, with respect to employers with a self-insured group health plan, Section 6055 information).

This Gehring Group Legislative Brief is not intended to be exhaustive nor should any discussion or opinions be construed as legal advice. Readers should contact legal counsel for legal advice.

IRS Releases Final Forms and Instructions for ACA Reporting

New Option for ALEs Reporting Enrollment Information for Nonemployees

The final instructions for Forms 1094-C and 1095-C include a new option for ALEs reporting information for nonemployees (such as nonemployee directors, retirees or nonemployee COBRA beneficiaries).

This new option allows employers to report employer-sponsored self-insured health coverage for nonemployees (and their family members) using either Forms 1094-B and 1095-B or Form 1095-C, Part III.

This option applies only for ALEs offering self-insured health coverage for any individual who enrolled in the coverage for one or more calendar months of the year, but was not an employee for any calendar month of the year, such as:

- A nonemployee director;
- A noncompensated elected official;
- A retired employee who retired in a previous year;
- A terminated employee receiving COBRA coverage who terminated employment during a previous year; and
- A nonemployee COBRA beneficiary.

A nonemployee does *not* include an individual who obtained coverage through the employee's enrollment, such as a spouse or dependent obtaining coverage when an employee elects family coverage.

Under this new option, ALEs may report enrollment for these individuals using either:

- Forms 1094-B and 1095-B; or
- Form 1095-C, Part III.

If the Form 1095-C is used with respect to an individual who was not an employee for any month of the calendar year, Part II must also be completed by using Code 1G on Line 14 in the "All 12 Months" box (or the box for each month of the calendar year).

In the case of a nonemployee who enrolls in the coverage under a self-insured health plan, all family members who are covered individuals due to the individual's enrollment must be included on the same Form 1095-B or Form 1095-C as the individual who is offered, and enrolls in, the coverage.

Changes to Alternative Methods of Reporting Under Section 6056

The final instructions for Forms 1094-C and 1095-C also made several changes to the alternative methods of reporting under Section 6056. Two alternative methods of reporting are available under Section 6056—the **Qualifying Offer Method** (and the Qualifying Offer Method Transition Relief for 2015) and the **98 Percent Offer Method**.

The **Qualifying Offer Method** (and the Qualifying Offer Method Transition Relief for 2015) allows eligible ALEs to provide simplified employee statements to certain employees, in lieu of a copy of the Form 1095-C. The final instructions added to the list of information that must be included in these simplified employee statements. A statement is now required that directs the employee to see IRS Publication 974, Premium Tax Credit (PTC), (currently in draft form) for more information on eligibility for the premium tax credit.

Also, the final instructions clarified that ALEs may not use the alternative method of furnishing Form 1095-C to employees under the Qualifying Offer Method (or the Qualifying Offer Method Transition Relief for 2015) for **employees who enrolled in self-insured coverage**.

This Gehring Group Legislative Brief is not intended to be exhaustive nor should any discussion or opinions be construed as legal advice. Readers should contact legal counsel for legal advice.

For these employees, the ALE must furnish the information reporting enrollment in the self-insured coverage on Form 1095-C, Part III. The ALE may provide this information to the employee by furnishing a copy of Form 1095-C as filed with the IRS (with or without the statements regarding any qualifying offer the employee received or the employee's premium tax credit eligibility).

The 98 Percent Offer Method is generally available to ALEs that offer MEC that is affordable and provides minimum value to at least 98 percent of the employees on whom it reports in its Section 6056 return. The final instructions clarify that **ALEs must also offer MEC to those employees' dependents** to be eligible to use the 98 Percent Offer Method. For this purpose, the term "dependent" is defined to include an employee's child, but does not include a spouse.

Additional Changes in the Final Instructions
The final instructions also made the following changes and clarifications:

- The Employer Identification Number (EIN) *may* be truncated on any statements furnished to employees or individuals, but *not* on any forms filed with the IRS (previously, truncation of EINs was not allowed on any forms).
- When determining the total employee count for the ALE for purposes of Form 1094-C, Part III, Column (c), an ALE may now choose to use either the first or last day of **the first payroll period** that starts during each month, or the first or last day of each month.
- All ALEs, including U.S. ALEs, should include a country code with the employee's address in Part I of Form 1095-C.
- An offer of coverage is treated as having been made to an employee's dependents only if the offer of coverage is made to an unlimited number of dependents, regardless of the actual number of dependents (if any) an employee has during any particular calendar month.
- If spouses (or employee and dependent) are employed by the same ALE, and one employee enrolled in a coverage option that also covered the other employee(s) (for example, family coverage that provided coverage to the other employee spouse and their employee dependent child), the enrollment information should be reflected only on the Form 1095-C for the employee who enrolled in the coverage (but it would report the other employee family members as covered individuals).
- An ALE is not required to file a Form 1095-C for an individual who, for all months of a calendar year, is either not an employee of the ALE or is in a limited non-assessment period. However, for the months in which the employee was an employee of the ALE, he or she would be included in the total employee count reported on Form 1094-C, Part III, Column (c). (Also, if the employee enrolled in self-insured employer-sponsored coverage during the limited non-assessment period, the employer must file a Form 1095-C for the employee in order to report coverage information for the year.)
- For purposes of reporting, an offer to a spouse includes an offer to a spouse that is subject to a reasonable, objective condition, regardless of whether the spouse meets the condition. For example, an offer to a spouse that is available only if the spouse certifies that he or she does not have access to health coverage from another employer is treated as an offer of coverage to the spouse for

This Gehring Group Legislative Brief is not intended to be exhaustive nor should any discussion or opinions be construed as legal advice. Readers should contact legal counsel for legal advice.

reporting purposes. (Note that this treatment is for reporting purposes only, and generally will not affect the spouse's eligibility for the premium tax credit if the spouse did not meet the condition and therefore did not have an actual offer of coverage.)

Gehring Group remains committed to educating our clients with regard to ACA compliance. We will be scheduling webinars that will be specifically directed to the various scenarios of our client population size and funding arrangement. For example, we anticipate hosting separate webinars for 1094/1095 reporting for clients with the following size and funding combinations:

- **Small Group < 50 – Fully insured**
- **Small Group < 50 – Self insured**
- **Large group 100 ≥ – Fully insured**
- **Large group 100 ≥ – Self insured**
- **Large group 50-99 – Fully insured**
- **Large group 50-99 – Self insured**

More Information

Please contact Gehring Group for more information on reporting under Code Sections 6055 and 6056, or see the IRS' Q&As on Section 6055 and Q&As on Section 6056. Thank you as always for placing your trust in us throughout these changing times.

Benefits for Same-sex Couples and Domestic Partners

A significant number of U.S. companies provide benefits, such as health insurance coverage, for their employees' domestic partners or same-sex spouses. Businesses may decide to offer these benefits to attract and retain talented employees or because they desire to provide equal benefits regardless of marital status or sexual orientation.

At the federal level, there are no laws that require or prohibit domestic partner or same-sex spouse benefits in the workplace. However, employee benefits for domestic partners generally do not receive the same favorable federal tax treatment as benefits for spouses. Also, a number of states have enacted same-sex marriage, civil union and domestic partnership laws that affect benefits for domestic partners and same-sex spouses.

This Employment Law Summary provides an overview of the federal and state laws that affect domestic partner and same-sex spouse benefits for Florida employers. It also outlines action steps for employers to consider when providing benefits for employees' same-sex spouses and domestic partners.

Effective **Jan. 6, 2015**, Florida law allows two persons of the same sex to marry.

STATE LAW

Overview

Laws on same-sex marriage, civil unions and domestic partnerships vary from state to state. Up until recently, most states had laws or constitutional amendments that prohibited same-sex marriage. Now, same-sex marriage is legal in the majority of states. This legal change is due in large part to a string of federal court decisions that, beginning in late 2013, have declared state bans on same-sex marriage unconstitutional. Although many states had their same-sex marriage bans invalidated by court decisions, other states passed laws to legalize same-sex marriage.

Also, a small number of states have laws granting spousal-like rights to unmarried couples through civil unions and domestic partnerships.

Same-sex Marriage

Florida had a law that limited the terms "marriage" and "spouse" to unions between one man and one woman. On Aug. 21, 2014, a federal district court ruled that Florida's ban on same-sex marriage is unconstitutional. However, following the court's ruling, same-sex couples were not permitted to marry because the ruling was put on hold until Jan. 5, 2015, pending appeal.

On Dec. 3, 2014, the 11th U.S. Circuit Court of Appeals declined to extend the hold that expired on Jan. 5, 2015. This means that same-sex marriages are permitted in Florida, effective Jan. 6, 2015.

The judicial hold on same-sex marriages in Florida expired on Jan. 5, 2015. Therefore, same-sex couples in Florida are permitted to marry, effective Jan. 6, 2015.

INSURANCE BROKERS & CONSULTANTS

Benefits for Same-sex Couples and Domestic Partners

Other State Laws

Florida does not have a civil union or domestic partnership law that grants spousal-like rights to unmarried couples.

Florida's fair employment law does not cover discrimination based on sexual orientation or gender identity. However, in 1991, a Florida court concluded that discrimination based on gender identity falls under a fair employment prohibition on disability discrimination.

Also, since Florida does not have a state income tax on wages, health plan coverage for same-sex spouses is tax-free at both the federal and state levels in Florida.

FEDERAL LAW

Supreme Court's DOMA Ruling

The U.S. Congress enacted the Defense of Marriage Act (DOMA) in 1996 in response to concerns about state legalization of same-sex marriage. DOMA banned federal recognition of same-sex marriage by solely defining "marriage" as the legal union between one man and one woman as husband and wife.

On June 26, 2013, the U.S. Supreme Court struck down a key part of DOMA by ruling that the law's definition of marriage violates the U.S. Constitution's guarantee of equal protection.

> As a result of the Supreme Court's ruling, legally married same-sex couples are entitled to the **same benefits and protections under federal law** as opposite-sex married couples.

The Supreme Court's ruling did not invalidate state laws prohibiting same-sex marriages. However, since the Court's DOMA decision, most federal courts reviewing challenges to state bans on same-sex marriage have concluded that the state bans are unconstitutional.

Same-sex Marriages

Due to the Supreme Court's decision, **same-sex marriages must be recognized on the same terms as opposite-sex marriages for purposes of federal employee benefits laws.** The Supreme Court's DOMA decision provides that the federal government may not discriminate against same-sex couples who are legally married. The decision does not require employers to provide the same benefits to opposite-sex and same-sex spouses.

After the Supreme Court's DOMA decision, the Internal Revenue Service (IRS) and Department of Labor (DOL) adopted a **"state of celebration" policy** for determining when a same-sex marriage will be treated as valid for purposes of federal tax law. Under the state of celebration policy, same-sex couples who are legally married in states (including foreign jurisdictions) that recognize their marriages will be treated as married for federal purposes. This rule applies regardless of whether the couple lives or works in a jurisdiction that recognizes same-sex marriage.

Due to the Supreme Court's DOMA ruling, these rules apply to employee benefits under federal law:

- An employer should not impute additional income to an employee who covers his or her same-sex spouse as a dependent under the employer's health plan.
- An eligible employee may pay for a same-sex spouse's health coverage on a pre-tax basis through a cafeteria (or section 125) plan in the same way as an employee with an opposite-sex spouse.
- An eligible employee may receive tax-free reimbursements for expenses of his or her same-sex spouse through a health flexible spending account (FSA), health reimbursement account (HRA) or health savings account (HSA).
- If a health plan provides coverage for same-sex spouses, special enrollment rights under HIPAA will be triggered when an employee acquires a same-sex spouse and same-sex spouses will have their own COBRA election rights.

Benefits for Same-sex Couples and Domestic Partners

Additionally, a same-sex spouse is considered a spouse or family member for purposes of taking leave under the federal **Family and Medical Leave Act** (FMLA). For purposes of the FMLA, the term "spouse" includes a same-sex spouse if the marriage is recognized under the laws of the state where the employee resides. However, on June 20, 2014, the DOL issued a proposed rule that would change the definition of "spouse" under the FMLA to look to the law of the jurisdiction in which the marriage was entered into, as opposed to the law of the state in which the employee resides. Until final guidance is issued extending FMLA rights to all legally married same-sex spouses (regardless of residence), employers will not be required to make FMLA leave available to a same-sex spouse who resides in a state that does not recognize same-sex marriage.

The administration of benefits for same-sex couples may be complicated in states that do not recognize same-sex marriages. For example, even though health coverage for a same-sex spouse is tax-free at the federal level, it may still be taxable at the state level. Also, state law employee leave rights may not be available to same-sex spouses in states that do not recognize same-sex marriages.

Civil Unions and Domestic Partnerships

The Supreme Court's DOMA decision applies only to same-sex marriages that are valid under state law. It does not affect same-sex couples in civil unions or domestic partnerships. **These couples will generally remain ineligible for the federal benefits and protections provided to spouses.** However, some states have laws that provide benefits and protections to couples in civil unions or domestic partnerships.

At the federal level, domestic partner benefits are non-taxable only if the domestic partner qualifies as a dependent under the Internal Revenue Code's definition of "qualifying relative." To qualify as a dependent under this definition, the domestic partner must generally:

- Have the same primary address as the employee/taxpayer for the year;
- Be a member of the employee/taxpayer's household;
- Receive more than half of his or her support for the year from the employee/taxpayer;
- Not be anyone's "qualifying child" for tax purposes; and
- Be a citizen or national of the U.S., or a resident of the U.S. or a country contiguous to the U.S.

If a domestic partner does not qualify as a tax dependent of the employee, employers are required to report and withhold taxes on the value of employer-provided health coverage for the domestic partner. In addition, an employee cannot pay for a domestic partner's coverage on a pre-tax basis through a cafeteria (or section 125) plan if the partner is not the employee's tax dependent.

It is common for employers to "gross up" an employee's salary to offset the tax consequences of domestic partner benefits (that is, reimburse employees for the extra taxes they are required to pay on the value of domestic partner benefits).

Due to the Supreme Court's DOMA decision, there has been speculation that employers may discontinue their domestic partner benefits, particularly in states where same-sex marriage has been legalized. However, domestic partner benefits will likely remain popular with employers that want to provide benefits to same-sex couples and have employees in states that have not legalized same-sex marriage.

HEALTH PLAN COVERAGE FOR SAME-SEX SPOUSES

Federal law does not require employers to offer coverage to same-sex spouses under their health plans. However, employers with fully-insured plans that offer spousal coverage may be required by **state insurance law** to offer coverage to both opposite-sex and same-sex spouses. This is generally the case in states that have legalized same-sex marriage.

Also, even if an employer is not required by state insurance law to offer coverage to same-sex spouses (for example, because the employer has a self-funded plan), the employer may be at risk for **discrimination lawsuits** if coverage is offered only to opposite-sex spouses.

In addition, if an employer wants to offer coverage to same-sex spouses, the Affordable Care Act (ACA) prohibits health insurance issuers from discriminating based on sexual orientation. This means that a

Benefits for Same-sex Couples and Domestic Partners

health insurance issuer in the group or individual market that offers coverage for an opposite-sex spouse is prohibited from refusing to offer coverage to a same-sex spouse. While issuers were encouraged to offer coverage for same-sex spouses in 2014, issuers must fully comply with this requirement for plan or policy years beginning on or after **Jan. 1, 2015**.

Employers with Insured Health Plans

- Review state insurance law to determine if it requires equal coverage for same-sex and opposite-sex spouses.
- In states that have legalized same-sex marriage, equal coverage is likely required.
- Even if state insurance law does not require coverage for same-sex spouses, employers that do not offer equal benefits to same-sex spouses may be at risk for discrimination lawsuits.

Employers with Self-funded Health Plans

- Self-funded plans are generally not subject to state insurance law.
- Even if an employer is located in a state that has legalized same-sex marriage, state insurance law will generally not require the plan to cover same-sex spouses.
- However, employers that do not offer equal benefits to same-sex spouses may be at risk for discrimination lawsuits.

ACTION STEPS

Effective Jan. 6, 2015, same-sex marriage is permitted in Florida and employers are generally required to treat employees in a same-sex marriage the same as employees in an opposite-sex marriage. This equal treatment also extends to federal benefits and protections, such as the FMLA leave, due to the Supreme Court's DOMA decision.

In addition, employers that are interested in providing domestic partner benefits should:

- Review their employee benefits package to determine which benefits should be offered to domestic partners;
- Consult with tax advisors and payroll vendors regarding the tax implications of providing benefits to domestic partners; and
- Communicate benefit changes to employees on a periodic basis, including changes for domestic partners and tax implications.

Live Well, Work Well

Fat Myths

When it comes to fat consumption, it often seems like there's a lot of noise and little agreement about how much (or how little) you should eat. This can be frustrating for people who are trying to be healthy and follow expert recommendations, and it's tempting to try to eliminate fat intake altogether and let the experts fight it out.

But is the amount of fat you eat really the issue? According to the Harvard School of Public Health, it's time to end the low-fat myth. Research has shown that the number of calories from fat that you eat, whether high or low, isn't really linked with disease. What really matters is the *type* of fat.

Unsaturated fats, which are found in nuts, avocadoes, fish and vegetable oils, are considered "good" fats. Some of these, like omega-3 fatty acids, are considered essential fats that must be eaten regularly because the body cannot produce them internally.

Saturated fats, which are found in cheese, butter, red meat and some oils, have long been seen as a key culprit of heart disease and high cholesterol.

The American Heart Association, along with the Harvard School of Public Health, recommends limiting saturated fat consumption, but cautions against doing so by choosing products that replace fat with sugars and other refined carbohydrates.

In fact, a 2009 review published in the American Journal of Clinical Nutrition concluded that replacing saturated fats with carbs had no discernable benefits, while replacing saturated fats with unsaturated fats reduced the risk of heart disease.

Finally, there are trans fats, found in heavily processed breads, baking mixes, shortening, snack foods and fried foods. For once, there is little disagreement—the overwhelming scientific consensus suggests that trans fats are dangerous. Last year, the Food and Drug Administration took the dramatic step of seeking to redefine artificial trans fats as "generally not recognized as safe."

As for obesity, the trend is clear: Over the past 30 years in the United States, the percentage of calories from fat in people's diets has gone down, but obesity rates have skyrocketed. This suggests that limiting fat intake is not a silver bullet for weight loss.

With the exception of trans fats, eliminating all fat to make your overall diet healthier is a bad idea. The key to a healthy diet, including fat intake, has always been balance.

Stroke is among the leading causes of death in the United States and is a major cause of adult disability.

Provided by: GEHRING GROUP INSURANCE BROKERS & CONSULTANTS

Stroke Awareness Month

Stroke is among the leading causes of death in the United States and is a major cause of adult disability. There are two types of strokes that cause damage to the brain by stopping blood flow: ischemic and hemorrhagic. Ischemic strokes are caused by a blood clot, while hemorrhagic strokes are caused by ruptured blood vessels.

If the stroke occurs in the brain's right side, the left side of the body and face will be affected, which could produce paralysis, vision problems and inquisitive behavior. A stroke occurring on the left side of the brain may produce paralysis on the right side of the body, speech or language problems and slow, cautious behavior.

The chance of having a stroke approximately doubles for each decade of life after age 55. Gender, ethnicity and heredity have also been found to be determining factors in the likelihood of suffering a stroke. However, there are preventive measures you can take to reduce your risk of stroke, including eating a healthy diet, maintaining a healthy weight, getting enough exercise, reducing alcohol consumption and not smoking.

Pilates 101

Pilates is a style of exercise that has recently surged in popularity. It builds flexibility, muscle strength and endurance in your body's core.

Its inventor and namesake Joseph Pilates developed the system in the first half of the 20th century. Drawing on bodybuilding, yoga and gymnastics, Pilates refined his system while held in an internment camp during World War I. Having access to only bare-bones equipment, he designed a crude series of resistance machines, and even today, some Pilates equipment resembles furniture that might be found in a prison hospital. After the war, he immigrated to the United States and opened a studio in New York City, where he taught until the 1960s.

Despite its relative newness on the fitness scene, Pilates has been embraced for the emphasis it puts into improving coordination and balance, as well as developing strong arms, legs, hips, back and abdominal muscles.

People of all fitness levels can enjoy the benefits of Pilates, and it can be an integral part of a total fitness program. Pilates allows for different exercises to be modified for difficulty ranging from beginning to advanced. Intensity can be increased over time as the body conditions and adapts to the exercises.

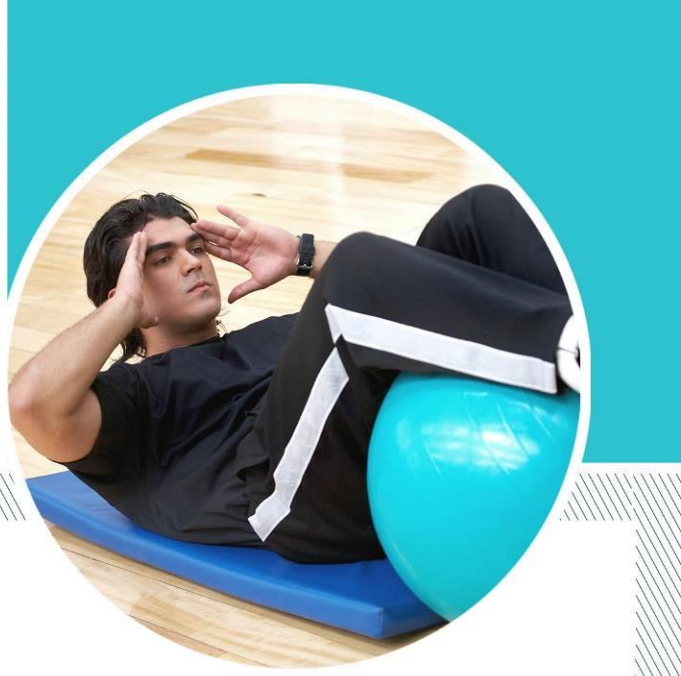
A word of caution, however, when looking for a Pilates studio or trainer: There is no mandatory accreditation process for Pilates instruction, and anyone with no prior training can offer "Pilates" to the public. To find a qualified instructor in your area, check with local gyms and don't be afraid to ask about background training and apprenticeships.

Emergency Savings

No one can predict the future, but it's a pretty safe bet that everyone will run into unforeseen expenses. If an expense is large enough, it can put an unprepared person into the position of having to borrow money or withdraw investments to cover costs.

Emergency savings accounts are an incredibly helpful precaution to guard against uncertainty. Using extra money from paychecks, you should make regular deposits until you have built up a sum large enough to cover your expenses through a prolonged emergency, such as major medical bills, car repairs or the loss of a job. Most experts recommend saving enough to cover at least three months' worth of bills and living expenses.

An emergency savings account has the added benefit of generating interest—even if you stop making contributions, money will still be added. With a fully funded account, you can handle unexpected expenses worry-free.



Sensational Six-Layer Dinner

This delicious casserole brings full restaurant flavor for a fraction of the cost ($1.03 per serving). For a variation, use peas or corn instead of green beans, or use your favorite cream soup instead of tomato soup.

- 2 medium potatoes, sliced
- 2 cups sliced carrots
- ¼ tsp. black pepper
- ½ cup onion, sliced
- 1 pound ground beef, browned and drained
- 1½ cups green beans
- 1 can tomato soup

Lightly grease a baking dish, or spray with cooking spray. Layer ingredients into the dish in the order listed. Cover dish and bake at 350° F for 45 minutes or until tender and thoroughly heated. Remove cover and bake an additional 15 minutes.

Yield: 6 servings. Each serving provides 260 calories, 6g of fat, 2.5g of saturated fat, 65mg of cholesterol, 480mg of sodium and 3g of fiber.

IRS Increases FSA Limit to $2,550

The Affordable Care Act (ACA) imposes a **$2,500 limit** on salary reduction contributions to a health flexible spending account (FSA) offered under a cafeteria plan, effective for plan years beginning on or after Jan. 1, 2013. This limit is applicable to grandfathered and non-grandfathered health FSAs.

The $2,500 limit is indexed for cost-of-living adjustments for years after 2013.

- For taxable years beginning in 2014, the dollar limitation on employee salary reductions contributions to a health FSA remains unchanged at $2,500.
- For **taxable years beginning in 2015**, the dollar limitation on employee salary reduction contributions to a health FSA **will increase from $2,500 to $2,550**.

Prior to the ACA change, the law did not limit employees' health FSA contributions. It had been common, however, for employers to limit employee contributions to health FSAs. Employers may continue to impose limits on employee health FSA contributions, as long as the employer's limit does not exceed the ACA's maximum limit.

EFFECTIVE DATE

The ACA provides that the health FSA limit is effective for taxable years beginning after Dec. 31, 2012. Because the ACA ties the effective date to the taxable year, and not specifically to the plan year, there was some confusion regarding when the limit became effective for non-calendar year plans.

In Notice 2012-40, the IRS clarified the effective date of the $2,500 FSA limit. The IRS Notice states that the $2,500 FSA limit does NOT apply for plan years that begin before 2013. Instead, the IRS clarified that the **limit applies on a plan year basis and is effective for plan years beginning after Dec. 31, 2012**. Thus, for a calendar year plan, the limit became effective on Jan. 1, 2013.

This guidance has the most significant impact on non-calendar year cafeteria plans. Under the IRS's interpretation of the law, a health FSA with a July 1 plan year was not required to comply with the ACA's limit until the plan year beginning July 1, 2013. Having the health FSA limit tied to the plan year, and not to an individual's taxable year, simplifies the administration of this limit for non-calendar year plans.

If a cafeteria plan has a short plan year (that is, fewer than 12 months) that begins after 2012, the $2,500 limit must be prorated based on the number of months in that short plan year.

COST-OF-LIVING ADJUSTMENTS

The $2,500 health FSA limit is indexed for cost-of-living adjustments for years after 2013.

In Revenue Procedure 2013-35, the IRS announced annual inflation adjustments for 2014 for a number of tax provisions, including the health FSA limit. According to this guidance, for the taxable years beginning in 2014, the dollar limitation on employee salary reductions contributions to health FSAs remains unchanged at $2,500.

On Oct. 30, 2014, the IRS released Revenue Procedure 2014-61, which includes the annual inflation numbers for 2015 for a number of tax provisions, including the health FSA limit. According to this guidance, for taxable years beginning in 2015, the dollar limitation on employee salary reduction contributions to health FSAs will increase to $2,550, up $50 from the amount for 2014.

The health FSA limit potentially will be further increased for cost-of-living adjustments for later years.

IRS Increases FSA Limit to $2,550

PER EMPLOYEE LIMIT

The health FSA limit applies on an employee-by-employee basis. Each employee may elect only up to $2,500 in salary reductions, regardless of whether or not he or she also has family members who benefit from the funds in that FSA.

However, each family member who is eligible to participate in his or her own health FSA will have a separate limit. For example, a husband and wife who have their own health FSAs can both make salary reductions up to $2,500 per year (subject to any lower employer limits).

If an employee participates in multiple cafeteria plans that are maintained by employers under common control, the employee's total health FSA salary reduction contributions under all of the cafeteria plans are limited to $2,500. However, if an individual has health FSAs through two or more unrelated employers, he or she can make salary reductions up to $2,500 under each employer's health FSA.

SALARY REDUCTION CONTRIBUTIONS

The ACA imposes the $2,500 limit on health FSA salary reduction contributions. Non-elective employer contributions to a health FSA (for example, matching contributions or flex credits) generally do not count toward the $2,500 limit. However, if employees may elect to receive the employer contributions in cash or as a taxable benefit, then the contributions will be treated as salary reductions and will count toward the $2,500 limit.

In addition, the limit does not impact contributions under other employer-provided coverage. For example, employee salary reduction contributions to an FSA for dependent care assistance or adoption care assistance are not affected by the $2,500 health FSA limit. The limit also does not apply to salary reduction contributions to a cafeteria plan that are used to pay for an employee's share of health coverage premiums, to contributions to a health savings account (HSA) or to amounts made available by an employer under a health reimbursement arrangement (HRA).

GRACE PERIOD

A cafeteria plan may include a grace period of up to two months and 15 days immediately following the end of a plan year. If a plan includes a grace period, an employee may use amounts remaining from the previous plan year, including amounts remaining in a health FSA, to pay for expenses incurred for certain qualified benefits during the grace period. If a health FSA is subject to a grace period, unused salary reduction contributions that are carried over into the grace period do not count against the $2,500 limit applicable to the following plan year.

PLAN AMENDMENTS

A cafeteria plan with a health FSA must be amended to include the ACA's $2,500 limit (or a lower limit at the employer's option). In general, cafeteria plan amendments cannot be made retroactively. However, the IRS sometimes provides exceptions to this rule. **Cafeteria plans with health FSAs must be amended for the ACA's $2,500 limit on or before Dec. 31, 2014.** To take advantage of the delayed amendment deadline, the cafeteria plan must comply in operation with the ACA's limit for health FSAs for plan years beginning after Dec. 31, 2012.

Employers that amended their cafeteria plans to set the health FSA maximum at the "statutory maximum" do not need to amend their plan again since the plan can automatically be increased to the new "statutory maximum." However, these employers will want to communicate to their employees that the maximum has been increased to $2,550 for plan year 2015.

Employers that have set the maximum health FSA election at a specific dollar amount will need to amend their cafeteria plans to change the health FSA maximum to a different amount up to the $2,550 amount if they so choose.

This Gehring Group Legislative Brief is not intended to be exhaustive nor should any discussion or opinions be construed as legal advice. Readers should contact legal counsel for legal advice.

IRS Increases FSA Limit to $2,550

COMPLIANCE MISTAKES

Compliance relief is provided for certain salary reduction contributions exceeding the $2,500 limit that are due to a reasonable mistake and not willful neglect and that are corrected by the employer. More specifically, if one or more employees are mistakenly allowed to elect a salary reduction of more than $2,500 for a plan year, the error may be corrected without causing the cafeteria plan to lose its preferential tax status if:

- The plan's terms apply uniformly to all participants;
- The error results from a reasonable mistake by the employer (or its agent) and is not due to the employer's (or agent's) willful neglect; and
- Salary reductions in excess of the $2,500 limit are paid to the employee and reported as wages for income tax withholding and employment tax purposes on the employee's Form W-2.

USE-OR-LOSE RULE

The "use-or-lose" rule generally prohibits any contribution or benefit under a health FSA from being used in a following plan year or period of coverage. According to the IRS, the $2,500 limit reduces the potential for using health FSAs to defer compensation and limits the extent to which salary reduction amounts may accumulate over time.

On Oct. 31, 2013, the IRS released Notice 2013-71 (Notice), which relaxes the "use-or-lose" rule for health FSAs. Under the relaxed rule, employers will now be able to allow participants to carry over up to $500 in unused funds into the next year. **This modification applies only if the plan does not also incorporate the grace period rule**.

The IRS decided to change the "use-or-lose" for a number of reasons, including:

- Difficulty for employees in predicting their future needs for medical expenditures;
- Minimizing unnecessary spending at the end of a year or grace period;
- The possibility that lower- and moderate-paid employees are reluctant to participate in an FSA because of the risk of losing salary reduction contributions; and
- The opportunity to ease and potentially to simplify the administration of health FSAs.

Under the modified rule, an employer, at its option, is permitted to amend its section 125 cafeteria plan document to allow up to $500 of unused amounts remaining at the end of a plan year in a health FSA to be paid or reimbursed to plan participants for qualified medical expenses incurred during the following plan year. The plan may specify a lower amount as the permissible maximum (and has the option of not permitting any carryover at all). As noted above, this modification applies only if the plan does not also incorporate the grace period rule.

The carryover of up to $500 may be used to pay or reimburse medical expenses under the health FSA incurred during the entire plan year to which it is carried over. For this purpose, the amount remaining unused as of the end of the plan year is the amount unused after medical expenses have been reimbursed at the end of the plan's run-out period for the plan year. A cafeteria plan may not allow unused amounts to be cashed out or converted to any other taxable or nontaxable benefit.

If an employer amends its plan to adopt a carryover, the same carryover limit must apply to all plan participants. A cafeteria plan is not permitted to allow unused amounts relating to a health FSA to be cashed out or converted to any other taxable or nontaxable benefit.

Carryover Amount

With respect to a participant, the amount that may be carried over to the following plan year is equal to the **lesser of**:

- Any unused amounts from the immediately preceding plan year; or
- $500 (or a lower amount specified in the plan).

IRS Increases FSA Limit to $2,550

Any unused amount in excess of $500 (or a lower amount specified in the plan) remaining at the end of the run-out period for the plan year is forfeited. Any unused amount remaining in an employee's health FSA as of termination of employment also is forfeited (unless, the employee elects COBRA coverage with respect to the health FSA).

Effect on the $2,500 Limit and Grace Period

This new carryover *does not affect* the $2,500 limit on salary reduction contributions. This means the plan may permit the individual to elect up to $2,500 in salary reductions in addition to the $500 that may be carried over.

According to the IRS, this carryover option provides an alternative to the current grace period rule and administrative relief similar to that rule. A plan adopting this carryover provision may not also provide a grace period with respect to health FSAs. Also, for any plan year, the plan may not:

- Allow an individual to salary reduce for qualified health FSA benefits more than the indexed $2,500 salary reduction limit; or
- Reimburse claims incurred during the plan year that exceed the $2,500 salary reduction limit (and any non-elective employer flex credits) plus the carryover amount of up to $500.

The Uniform Coverage Rule

The uniform coverage rule, which requires that the maximum amount of reimbursement from the health FSA be available for claims incurred at all times during the period of coverage, continues to apply for plans adopting the $500 carryover.

Administration

For ease of administration, a cafeteria plan is permitted to treat reimbursements of all claims for expenses that are incurred in the current plan year as reimbursed first from unused amounts for the current plan year and, only after exhausting these current plan year amounts, as then reimbursed from unused carryover amounts from the preceding plan year.

- Any carryover amounts that are used to reimburse a current year expense:
- Reduce amounts available to pay prior plan year expenses during the run-out period;
- Must be counted against the permitted carryover of up to $500; and
- Cannot exceed the permitted carryover.

The Notice also includes examples of how the carryover operates.

Written Cafeteria Plan Amendment Required

To implement the new $500 carryover option, a cafeteria plan offering a health FSA must be amended to include the carryover provision.

The amendment must be adopted on or before the last day of the plan year from which amounts may be carried over, and may be effective retroactively to the first day of that plan year, provided that:

- The cafeteria plan operates in accordance with the rules in the Notice and informs participants of the carryover provision; and
- A plan may be amended to adopt the carryover provision for a plan year that begins in 2013 at any time on or **before the last day of the plan year beginning in 2014.**

If a plan has provided for a grace period and is being amended to add a carryover provision, the plan must also be amended to eliminate the grace period provision by no later than the end of the plan year from which amounts may be carried over. The ability to eliminate a grace period provision previously adopted for the plan year in which the amendment is adopted may be subject to non-Code legal constraints.

This Gehring Group Legislative Brief is not intended to be exhaustive nor should any discussion or opinions be construed as legal advice. Readers should contact legal counsel for legal advice.

Penalty Exposure Related to Reporting

IRS Rev Proc 2016-11:
Penalties assessed under:Section 6721 (file with IRS) & 6722 (furnish to recipient)
https://www.irs.gov/pub/irs-drop/rp-16-11.pdf

.06 Failure to File Correct Information Returns. For taxable years beginning in 2015, the penalty amounts under § 6721 are:

(1) for persons with average annual gross receipts for the most recent three taxable years of more than $5,000,000, for failure to file correct information returns are:

Scenario	Penalty Per Return	Calendar Year Maximum
General Rule (§ 6721(a)(1))	$260	$3,178,500
Corrected on or before 30 days after required filing date (§ 6721(b)(1))	$50	$529,500
Corrected after 30th day but on or before August 1 (§ 6721(b)(2))	$100	$1,589,000

(2) for persons with average annual gross receipts for the most recent three taxable years of $5,000,000 or less, for failure to file correct information returns are:

Scenario	Penalty Per Return	Calendar Year Maximum
General Rule (§ 6721(d)(1)(A))	$260	$1,059,500
Corrected on or before 30 days after required filing date (§ 6721(d)(1)(B))	$50	$185,000
Corrected after 30th day but on or before August 1 (§ 6721(d)(1)(C))	$100	$529,500

.07 Failure to Furnish Correct Payee Statements. For taxable years beginning in 2015, the penalty amounts under § 6722 are:

(1) for persons with average annual gross receipts for the most recent three taxable years of more than $5,000,000, for failure to file correct payee statements are:

Scenario	Penalty Per Return	Calendar Year Maximum
General Rule (§ 6722(a)(1))	$260	$3,178,500
Corrected on or before 30 days after required filing date (§ 6722(b)(1))	$50	$529,500
Corrected after 30th day but on or before August 1 (§ 6722(b)(2))	$100	$1,589,000

(2) for persons with average annual gross receipts for the most recent 3 taxable years of $5,000,000 or less, for failure to file correct payee statements are:

Scenario	Penalty Per Return	Calendar Year Maximum
General Rule (§ 6722(d)(1)(A))	$260	$1,059,500
Corrected on or before 30 days after required filing date (§ 6722(d)(1)(B))	$50	$185,000
Corrected after 30th day but on or before August 1 (§ 6722(d)(1)(C))	$100	$529,500

GEHRING GROUP
INSURANCE BROKERS & CONSULTANTS

The 1095-C Boomerang Effect

Form 1095-C:

- Two error notification sources:
  - Errors noticed by the Employee
  - Errors noticed by the IRS
    - IRS is using a "robust validation set"- not the same E-verify or Social Security Number Verification Service that are used for verifying SSN for Form W-2's
      - No indication if error is employee or dependent if applicable
    - Greatland - Approximately 6% of 1095 Forms are being returned for Invalid PIN type errors – 5% on C Forms and 9% on B Forms.
    - IRS bouncing some returns due to internal errors – currently being fixed
- Errors hould be more prevalent in 1st year of reporting

SYMPTOM

I received a correction needed status for the reason of TIN Validation Failed. What is this and how do I fix it?

SOLUTION

A "Correction Needed" or "TIN Validation Failed" message indicates that the IRS found a Name/TIN combination on a 1095 form that does not match IRS records. These error messages can be confusing because the IRS does not specify which name(s)/TIN(s) caused the error, and there may be multiple errors of this type on a single form. This article is intended to lead you through the process of correcting TIN errors so that your ACA filing can reach an "Accepted" status.

How do I know if I have a TIN Validation error?

Greatland will inform you of a TIN validation error via e-mail, within the product message center on Your Filing Home, and on the Correction Report which is available within Form Filing History. To access the report either click on the link displayed in the product message center or select Form Filing History from Your Filing Home.

Within Form Filing History select the yellow caution symbol next to the confirmation number of the 1095 filing. Choose View Correction Report. A report will be downloaded that lists forms that need corrections and the related error message. The sample below indicates that recipients John Doe and Jane Smith both have TIN validation errors on their 1095-C forms.

Form Title	Payer TIN	Payer Name	Recipient TIN	Recipient Name	Error Message
1095-C	12-3456789	ABC Company	123-45-6789	John Doe	TIN Validation Failed
1095-C	12-3456789	ABC Company	123-45-6789	John Doe	TIN Validation Failed
1095-C	12-3456789	ABC Company	123-45-6789	John Doe	TIN Validation Failed
1095-C	98-7654321	XYZ Corporation	987-65-4321	Jane Smith	TIN Validation Failed

How do I know which name or TIN on the form is incorrect?

Unfortunately, the IRS does not provide specific information on TIN validation errors. The only information that is provided is the name and TIN of the recipient; however, the TIN validation error could be the name/TIN combination for the recipient, or a covered individual of the recipient, or both. Since it is impossible to know which name/TIN combination caused the error, it will be necessary to validate all name/TIN fields on the form, both the recipient and the covered individuals. Also note that if you find that the name/TIN field on the recipient is incorrect, you will also need to correct their information in the Covered Individuals section of the form.

The Correction Report above indicates that John Doe, with recipient TIN 123-45-6789, has three TIN validation errors on his Form 1095-C. However, since the IRS does not specify which name/TIN fields on the form caused the errors any of the following are possible and need to be validated:

GEHRING GROUP
INSURANCE BROKERS & CONSULTANTS

The 1095-C Boomerang Effect

Completing the Updated Form 1095-C:

- Greatland – Go into system and file CORRECTED returns

John Doe's name/TIN combination is incorrect in the Employee Name field AND in the Covered Individuals field and one other individual listed in the Covered Individuals section has an incorrect name/TIN combination.

John Doe's name/TIN combination is incorrect in the Employee Name field OR in the Covered Individuals field and two other individuals listed in the Covered Individuals section have incorrect name/TIN combinations.

Three individuals listed in the Covered Individuals section (not John Doe) have incorrect name/TIN combinations.

This example also shows that Jane Smith has one TIN validation error on her Form 1095-C. Again, the error could indicate that the recipient name/TIN information is incorrect, or that there is an incorrect name/TIN in the Covered Individuals section of the 1095 form. Either of the following are possible and need to be validated:

Jane Smith's name/TIN combination is incorrect in the Employee Name field OR in the Covered Individuals section.

One individual listed in the Covered Individuals section (not Jane Smith) has an incorrect name/TIN combination.

How do I obtain the correct TIN information?

Follow these steps to ensure you have met all requirements to obtain the correct name/TIN information:

Check your records (HR/Benefits, Payroll data) to verify that all name/TIN combinations were entered correctly on Form 1095.

Contact the employee or employer to validate the recipient name/TIN combination and covered individuals name(s)/TIN(s).

1095-B Forms - check with the sponsoring employer or responsible individual to validate the name/TIN information.

1095-C Forms - check with your employee to validate the name/TIN information.

Contact your local Social Security Administration (SSA) office to determine if your information matches SSA's information.

If still not resolved, delete TINs for the Responsible Individual (1095-B) and the Covered Individuals (1095-B and 1095-C) and enter the applicable date(s) of birth in the appropriate fields. The date of birth cannot be used for the employee listed on the Form 1095-C

Once you have identified the incorrect name/TIN fields and have obtained the correct data, you may enter a 1095 correction in Yearli Performance. Submit your corrected forms as soon as possible. **If you do not change any data on your forms, do not resubmit your forms to the IRS.**

What if I can't resolve a TIN issue?

You may be unable to resolve a TIN issue if you can't reach a particular employer or individual to validate their TIN or obtain their date of birth. It is also possible that you have taken all required steps and believe that your data is accurate. In these cases, *make sure you have documented your process thoroughly to avoid potential fines and penalties*. The IRS has outlined the following process for 1095 forms:

Make an initial solicitation of recipient and covered individuals' TINs at an individual's first enrollment or, if already enrolled by September 17, 2015, the next open season.

If you do not receive the TINs, make the second solicitation at a reasonable time thereafter.

If TINs are still not provided, make a third solicitation by December 31 of the year following the initial solicitation. You are not required to solicit a TIN from an individual whose coverage is terminated.

How do I enter a correction in Yearli Performance?

GEHRING GROUP
INSURANCE BROKERS & CONSULTANTS

The 1095-C Boomerang Effect

Completing the Updated Form 1095-C:

- Greatland – Go into system and file CORRECTED returns

How do I enter a correction in Yearli Performance?

To submit a 1095 correction for the TIN Validation Failed forms:

1. Select the View Details button in the Message Center.
2. Or, select Form Filing History and click the yellow caution triangle next to the confirmation number.
3. Select the Correct button.
4. All of the forms will be moved to Forms in Progress.
5. Select the Edit link next to the form that needs to be corrected.
6. Make the necessary changes and choose the Save button.
7. Select the previous employee or next employee arrow to move through the additional forms quickly. See the sample below.
8. Repeat steps 6 and 7 for all remaining forms that need to be corrected.
9. Once complete, select the File Forms button.

What is the deadline to correct TIN Validation errors?

We recommend correcting the forms as soon as possible. For the tax year 2015 1095 forms, the IRS is allowing the corrections to be filed until November 30, 2016.

- Does not appear Employers can validate SSN through SSNVS, except Employee for Form W-2: https://www.ssa.gov/employer/ssnvshandbk/ssnvs_bso.htm#&a0=1

Form 1094-C Transmittal of Employer-Provided Health Insurance Offer and Coverage Information Returns

- Available Elections on Transmittal
  - **Qualifying Offer Method (line 22A)** – available if Employer made a qualifying offer of coverage to 1 or more full-time employees for all months of the year for which an employer shared responsibility payment (ESRP) could apply to that employee. Offer of coverage must be minimum essential coverage (MEC), minimum value (MV), and affordable under FPL safe harbor. Enter 1A on 1095-C, Part II line 14, and leave line 15 blank for applicable employee.

Line 22, Box A - Qualifying offer. Check this box if ER is eligible to use, and is using code "1A" on Form 1095-C, for 1 or more employees, for all months in which they were eligible. Use of this election is optional, but ER must check this box A on Line 22 if using Indicator Code 1A on line 14.

Form 1094-C Transmittal of Employer-Provided Health Insurance Offer and Coverage Information Returns

- Available Elections on Transmittal
  - **Qualifying Offer Method Transition Relief – (line 22B)** – available if ER made a qualifying offer of coverage to 95% or more of it's full time employees, for 1 or more months of the year. Enter 1A or Code 1I only on 1095-C, Part II line 14, and MUST leave line 15 blank for all months for applicable employee. Use only Codes 1A (for months offered coverage) and 1I (for any months not offered coverage regardless of the reason). An employee in wait period is not counted toward the monthly 95%.

Line 22, Box B - Qualifying offer Method Transition Relief. Check this box if you are eligible to use, and are using code "1A" and code "1I" only on line 14 of Form 1095-C. The employer is certifying they made a qualifying offer of coverage to at least 95% of FT eligible employees 1 or more months. This is a 2015 election only. Use of this election is optional, but you must check Box B on line 22 if using Indicator Code 1I on line 14. This election is optional.

Form 1094-C Transmittal of Employer-Provided Health Insurance Offer and Coverage Information Returns

- Available Elections on Transmittal
  - **Section 4980H Transition Relief (line22C)**– available if ER qualifies and is electing transition relief due to:
    - Midsize Employer Transition Relief
      - 50-99 FTE+FTEE and meet the requirements of transition relief
    - Relief when Calculating Assessable Penalties
      - 100>= FTE + FTEE Calendar Year Plan
    - Checking this box AND signing form is the Employers Certification that the employer qualifies for this Transition Relief from ESRP as applicable.

This document is subject to copyright and may not be transmitted or reproduced without express written permission from Gehring Group.

GEHRING GROUP
INSURANCE BROKERS & CONSULTANTS

Form 1094-C Transmittal of Employer-Provided Health Insurance Offer and Coverage Information Returns

- Available Elections on Transmittal
  - **Section 4980H Transition Relief (line22C)**

    Midsize Employer Transition Relief Requirements:

    - Not modified plan after February 9, 2014 to begin on later calendar date
    - Not reduced workforce size or overall hours of service to qualify for delay
    - Not eliminated or materially reduced coverage in effect of February 9, 2014. A material reduction includes:
      - ER Contribution is either less that 95% of dollar amount of single only ER Contribution on 2/9/2014 or is a small % that the ER was paying on 2/9/2014
      - A change was made to the benefits in place on 2/9/2014 that caused the plan to fall below MV
      - The class of employees or dependents eligible for overage on February 9, 2014 has been reduced
    - Delays requirement to offer health benefits until 1st day of plan year starting on or after 1/1/2016

Line 22, Box C – Section 4980H Transition Relief. Check this box if ER is eligible to elect, and is electing Midsize ER Relief. Use of this election is optional, but ER must check this box C on Line 22 and use CODE "A" in Column (e) of Part III.

GEHRING GROUP INSURANCE BROKERS & CONSULTANTS

This document is subject to copyright and may not be transmitted or reproduced without express written permission from Gehring Group.

Form 1094-C Transmittal of Employer-Provided Health Insurance Offer and Coverage Information Returns

- Available Elections on Transmittal
  - **Section 4980H Transition Relief (line22C)**

    Relief when Calculating Assessable Penalties:

    - If any FT eligible employee not offered coverage qualifies for and receives a subsidy on the exchange; then the employer with 100 or more employees that failed to offer coverage to 70% or more of FT eligible employees will owe $2,000 penalty multiplied by Total FT Employees. The penalty is reduced by the first 30 employees.
    - Checking this box allows a reduction of the first 80 employees when calculating this penalty.

Line 22, Box C – Section 4980H Transition Relief. Check this box if ER size is more than or equal to 100 FT employees, and is electing this Relief when calculating Assessable Penalties. Use of this election is optional, however, it could provide a safety net in the event less than 100% of eligible employees were offered coverage. Check this box C on Line 22 and use CODE "B" in Column (e) of Part III.

GEHRING GROUP INSURANCE BROKERS & CONSULTANTS

This document is subject to copyright and may not be transmitted or reproduced without express written permission from Gehring Group.

Form 1094-C Transmittal of Employer-Provided Health Insurance Offer and Coverage Information Returns

- Available Elections on Transmittal
  - **98% Offer Method (22D)**– available if ER made an offer of minimum value, affordable health coverage (under any of the safe harbors) to 98% of its employees for whom it is filing a Form 1095-C , (regardless of if they are FT or PT). ER certifies that calculation based on all months in which employees were employed, discarding months in wait period; and an offer of MEC coverage was made to dependents. Would not need to identify FT vs PT employees, but need to file a Form 1095-C for all FT employees if ER is SI or FI, and for PT employees when self-insured.

Line 22, Box D – 98% Offer Method. Check this box if ER is eligible to elect, and is electing the 98% Offer Method. Use of this election is optional, but ER making this election is not required to complete the FT Employee Count in Part III, Column (b) of Form 1094-C.

Exhibit 9
Letters of Recommendation

Administrative Services
65 Stone Street I Cocoa, FL 32922
Phone: (321) 433-8665

April 6, 2015

To Whom It May Concern:

I am writing to recommend the Gehring Group as a resource in implementing your Employee Health Center. The City of Cocoa has used Gehring since 2012 as our City's benefit broker and they have been instrumental in reducing and maintaining our overall insurance costs.

Last year, with Gehring's great support, we were able to launch our Employee Health Center to all employees and retirees on our health plan. Gehring wrote the Request for Proposal (RFP); provided an extensive review and analysis of each proposal; and assisted step-by-step with the selection and implementation of our new Health Center. This was all completed under intense deadlines and within budget. Without Gehring's support, our Health Center project would not have been a success. Their extensive knowledge and attention to detail on health centers put our worries at ease.

I feel confident in recommending Gehring for their benefit broker services. If you have any further questions, please do not hesitate to contact me.

Sincerely,

Tammy B. Gemmati

TELEPHONE (239) 213-1810 • FACSIMILE (239) 213-1845
735 EIGHTH STREET SOUTH • NAPLES, FLORIDA 34102-6796

To Whom It May Concern:

In 2010 the City of Naples contracted with the Gehring Group for brokerage and consulting services related to the City's employee benefit program. We have enjoyed a mutually beneficial relationship since that time. The Gehring Group has assisted the City in making significant plan design changes including the implementation of a high deductible plan and phase out/elimination of our low deductible/high cost plan. In addition, Gehring provides monthly financial analysis and has been instrumental in assisting the City with navigation and compliance of the Affordable Care Act.

In addition, the City uses BenTek for benefit administration and enrollment. Paperless enrollment has really helped us to manage the employee benefits process making it easier, more efficient, more secure and less time consuming. The user friendly program enables employees to go online and enter their own enrollment data. The data is then transmitted directly to the insurance carriers which eliminates data entry errors. In addition, the BenTek team is extremely knowledgeable and helpful. Customer service is top priority. Their dedicated team has been there every step of the way from implementation to training to daily support. With the help of BenTek we have streamlined our benefit enrollment and benefit administration process.

Please do not hesitate to contact me at (239) 213-1833 if I can be of any further assistance.

Sincerely,

Lori McCullers

Linda J. Toppi, M.S, PHR, PPP, Director
Email address: ltoppi@ci.stuart.fl.us

April 1, 2015

To Whom it May Concern:

I am pleased to recommend the Gehring Group for all services pertaining to employee benefits and on-site health clinic consulting services.

The City of Stuart has utilized the Gehring Group to administer all professional service aspects of our group health benefit program to include open enrollment, provider negotiation services, reporting and cost analysis, employee wellness initiatives, and consulting and facilitation of our employee health clinic.

Three years ago we called upon the professional expertise of the Gehring Group for the endeavor to set up an on-site employee health clinic. Due to the small size of our organization, less than 300 employees, Gehring was able to arrange for the City to partner with other local entities to establish an employee health clinic in a cost sharing agreement. This innovative solution maximized our cost savings on the front end by sharing expenses among three entities. We have been most pleased to report to our Commission a reduction in healthcare costs each subsequent year by this arrangement.

We have found our working relationship with the Gehring Group most beneficial on many levels in the administration our employee group health programs. I highly recommend their expert consulting services. Please feel free to contact me directly if you require additional information.

Sincerely,

Linda Toppi

Suite 202
Palm Beach Gardens, FL 33410

It is with great pleasure that I have the opportunity to recommend the Gehring Group for all services related to Employee Benefits and Onsite Health Clinic Consulting. During the City's 17+ year relationship with the Gehring Group, they have provided a superior level of employee benefit consulting expertise with a high priority on customer service.

As part of the City of West Palm Beach's employee benefits cost saving strategy, the Gehring Group guided the City through the RFP design, evaluation, selection and implementation of our onsite health clinic. Our Gehring Group team was involved in every aspect of the process – through finalist presentations, provider interviews, facility selection and educating our employees on the benefits and use of the onsite clinic.

The addition of an employee clinic has proven to be an asset in attracting talented employees, cost savings to the employees and a great ROI for the City.

The City has always had great confidence with the Gehring Group and their ability to problem solve and bring forth ideas that help the City to be a top choice for employees due the benefits it offers.

I am pleased to recommend the Gehring Group to any organization for employee benefits and onsite clinic consulting services.

Sincerely,

Patricia A. Brosamer

RE: Recommendation for the Gehring Group

Dear Representative:

This letter is written as an excellent recommendation for The Gehring Group, which has served as health insurance broker and benefits consultant for the Osceola County Sheriff's Office for the past two years.

We have found the entire Gehring Group team to be extremely knowledgeable, customer service oriented, and helpful. The staff members have a very strong and consistent depth of knowledge, and they are clearly problem solvers. The Gehring Group also assisted us in saving more than $150,000 per year compared to our previous health benefits broker.

If you have any questions, please feel free to call.

Sincerely,
Robert E. Hansell, Sheriff
Osceola County

Ladies & Gentlemen:

The Palm Beach County Sheriff's Office has enjoyed a long relationship with the Gehring Group, as they have been our Agent of Record for Employee Benefits for over 15 years. During this extensive period of service, Gehring Group has provided outstanding service to our organization. They are highly regarded by me and my staff and have been a source of unqualified support and expertise to us throughout the years.

It is with pleasure that I recommend Gehring Group to other organizations. Please do not hesitate to call for further information.

Sincerely,

Ric L. Bradshaw

October 14, 2010

Mr. Kurt Gehring, President
Gehring Group Professional Services
11505 Fairchild Gardens Avenue
Suite 202
Palm Beach Gardens, FL 33410

Dear Mr. Gehring, Kurt

The process of branching out and doing something that is outside of ones expertise and comfort zone is a difficult undertaking. We carefully selected you as our broker and I want you to know we are extremely pleased with the services you have provided.

On many occasions during this process you have dropped everything and came to our offices or answered our telephone calls and emails. While we as a staff did not possess the expertise to ask the questions and examine the data, you did. I am confident in saying that had we not engaged your firm to examine the costs imposed on us by county government we would not have reached the resolution that we did. While there may be more savings to be had, the agreement we have come to with county staff guarantees our employees will see real savings in their pockets in 2011. This could not have been accomplished without the help of your dedicated staff.

I have asked Major Kurt Hoffman and Captain Paul Marshall to remain in contact with your group because I firmly believe that this issue will remain one that requires constant examination. During recent meetings in Tallahassee, Major Hoffman was contacted by several majors and undersheriffs from various agencies inquiring as to how we initiated this process. I have instructed him to share with them your RFP for broker services in the hopes that they may avail themselves of your services.

If you have any current projects that you wish to list the Sarasota County Sheriff's Office as a reference, you have my express permission to do so. Please accept this letter with my humble appreciation for what you did for us and may do for us again in the future.

Sincerely,

Thomas M. Knight, Sheriff
Sarasota County, Florida

AGREEMENT FOR AGENT OF RECORD –
EMPLOYEE BENEFIT BROKER SERVICES

This Agreement for Agent of Record – Employee Benefit Broker services ("Agreement" hereafter) is made as of the _____ day of _____, 2022, by and between the **Village of Palm Springs**, 226 Cypress Lane, Palm Springs, Florida 33461-1699, a municipal corporation organized and existing under the laws of the State of Florida ("VILLAGE"), and **The Gehring Group, Inc.,** a corporation authorized to do business in the State of Florida, with offices located at 11505 Fairchild Gardens Avenue, Suite 202, Palm Beach Gardens, Florida 33410 ("CONSULTANT").

RECITALS

WHEREAS, the VILLAGE is in need of a Consultant to provide employee benefits – agent of record services to the VILLAGE; and,

WHEREAS, the City of Oakland Park, Florida, a Florida municipal corporation, through its competitive selection process awarded Request For Proposal #052716, Agreement for Employee Benefits Agent of Record (AOR) ("Oakland Park Agreement") to the CONSULTANT, which agreement includes substantially the same services sought by the VILLAGE; and,

WHEREAS, the VILLAGE requested and the CONSULTANT has executed this Agreement with the VILLAGE for providing Employee Benefits -- Agent of Record Services ("the Services") based on the pricing and terms and conditions of the Oakland Park Agreement; and,

WHEREAS, the Oakland Park Agreement is eligible and available for piggybacking; and

WHEREAS, the VILLAGE desires to accept CONSULTANT's pricing by piggy-backing the Oakland Park Agreement including all terms, conditions and pricing therein.

NOW THEREFORE, in consideration of the mutual promises set forth herein, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Recitals. The parties agree that the recitals set forth above are true and correct and are fully incorporated herein by reference.

2. Oakland Park Agreement. The Oakland Park Agreement with the CONSULTANT, including RFP #052716 and Consultant's Response thereto, is hereby expressly made a part of this Agreement as fully as if set forth at length herein. The VILLAGE shall have all rights, obligations and remedies authorized to the City of Oakland Park under the Oakland Park Agreement and all associated and applicable Contract Documents as defined therein.

3. Agreement. In accordance with the terms and conditions in the Oakland Park Agreement and pricing therein, the CONSULTANT shall perform the Services as requested by the VILLAGE.

4. Contract Documents and Conflict of Terms and Conditions. The Contract Documents for this Agreement are compromised of the following:

A. This Agreement;
B. Any and all approved written modifications, and amendments hereto.
C. The Oakland Park Agreement, together with Request For Proposal #052716 and Consultant's response thereto.

The Contract Documents of this Agreement are intended to be complementary and interpreted in harmony so as to avoid conflict with the words and phrases interpreted in a manner consistent with construction and design industry standards. In the event of any inconsistency, conflict or ambiguity between or among the Contract Documents of this Agreement, the Contract Documents of this Agreement shall take precedence in the following order:

A. All approved written modifications, and amendments hereto;
B. This Agreement;
C. The Oakland Park Agreement.

5. Compensation to CONSULTANT. Payments by the VILLAGE to the CONSULTANT under this Agreement shall not exceed the amount of compensation, on the unit basis, as set forth under the Oakland Park Agreement. CONSULTANT waives consequential or incidental damages for claims, disputes or other matters in question arising out of or relating to this Agreement. **The VILLAGE will not expend more than the amount in the approved Budget as it may be adopted each year for these goods and services over the term of this Agreement.**

6. Miscellaneous Provisions.

6.1 The VILLAGE and CONSULTANT each binds itself, its partners, its successors, assigns and legal representatives to the other party hereto, its partners, successors, assigns and legal representatives in respect of all covenants, agreements and obligations contained in the Contract Documents.

6.2 CONSULTANT shall maintain the insurance as required by the Oakland Park Agreement applicable to the work being performed hereunder. Said insurance will name the VILLAGE as an additional insured.

6.3 Headings and References & Exhibits: The headings contained in this Contract are inserted for convenience of reference only and shall not be a part or control or affect the meaning hereof. All references herein to Exhibits are to the exhibits hereto, each of which shall be incorporated into and deemed to be a part of this Contract.

6.4 Counterparts: This Contract may be executed in two or more counterparts, each of which shall be deemed to be an original, but all of which shall be deemed to be an original, but each of which together shall constitute one and the same instrument.

6.5 Entire Contract; Amendment and Waiver: This Contract (together with the Exhibits hereto) supersedes any and all prior negotiations and oral or written agreements heretofore made relating to the subject matter hereof and, except for written agreements, if any, executed and delivered simultaneously with or subsequent to the date of this Contract, constitutes the entire agreement of the parties relating to the subject matter hereof. This Contract may not be altered or amended except by a writing signed by the parties hereto. No waiver of any of the terms or conditions of this Contract shall be effective unless in writing and executed by the party to be changed therewith. No waiver of any condition or of the breach of any term, covenant, representation, warranty or other provision hereof shall be deemed to be construed as a further or continuing waiver of any such condition or breach or a waiver of any other condition or of any breach of any other term, covenant, representation, warranty or other provision contained in this Contract.

6.6 Successors and Assigns: This Contract shall be binding upon, and shall inure to the benefit of the parties hereto and their respective successors and assigns.

6.7 Governing Law; Consent to Jurisdiction: This Contract shall be governed by and construed and interpreted in accordance with the laws of the State of Florida. Each of the parties hereto (a) irrevocably submit itself to the exclusive jurisdiction of the Fifteenth Judicial Circuit Court in and for Palm Beach County, Florida for state actions and jurisdiction of the United States District Court for the Southern District of Florida, Palm Beach Division, for the purposes of any suit, action or other proceeding arising out of, or relating to, this Contract; (b) waives and agrees not to assert against any party hereto, by way of motion, as a defense of otherwise, in any suit, action or other proceeding, any claim that it is not personally subject to the jurisdiction of the above-named courts for any reason whatsoever; and (ii) to the extent permitted by applicable law, any claim that such suit, action or proceeding by any part hereto is brought in an inconvenient forum or that the venue of such suit, action or proceeding is improper or that this Contract or the subject matter hereof may not be enforced in or by such courts.

6.8 Third Party Beneficiary rights: This Contract shall create no rights or claims whatsoever in any person other than a party herein.

6.9 Severability: If any one or more of the provisions of the Contract shall be held to be invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions hereof shall not in any way be affected or impaired thereby.

6.10 Effective date, term and renewal: The effective date of this Contract is the date the Contract is approved by the Village Council. The term of this contract shall be for a term to mirror the Oakland Park Agreement term, as extended by the Village of Longboat Key, currently set to expire on November 4, 2022. This Contract may be renewed by the Village Council if the underlying Contract is renewed as set forth in the Oakland Park Agreement.

6.11 Public Records**:** Public Records**:** CONSULTANT shall comply with Florida's Public Records Act, Chapter 119, Florida Statutes, and, if determined to be acting on behalf of

the VILLAGE as provided under section 119.011(2), Florida Statutes, specifically agrees to:

(a) Keep and maintain public records required by the VILLAGE to perform the service.

(b) Upon request from the VILLAGE's custodian of public records or designee, provide the VILLAGE with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

(c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of this Contract and following completion of this Contract if the CONSULTANT does not transfer the records to the VILLAGE.

(d) Upon completion of this Contract, transfer, at no cost, to the VILLAGE all public records in possession of the CONSULTANT or keep and maintain public records required by the VILLAGE to perform the service. If the CONSULTANT transfers all public records to the VILLAGE upon completion of the Contract, the CONSULTANT shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the CONSULTANT keeps and maintains public records upon completion of the Contract, the CONSULTANT shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the VILLAGE, upon request from the VILLAGE's custodian of public records or designee, in a format that is compatible with the information technology systems of the VILLAGE.

IF THE CONSULTANT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONSULTANT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS OR DESIGNEE AT 561-434-5084, kwynn@vpsfl.org, OR BY MAIL AT VILLAGE OF PALM SPRINGS, 226 CYPRESS LANE, PALM SPRINGS, FL 33461.

6.12 Preparation: This Contract shall not be construed more strongly against either party regardless of who was more responsible for its preparation.

6.13 PALM BEACH COUNTY IG: In accordance with Palm Beach County ordinance number 2011-009, the CONSULTANT acknowledges that this Agreement may be subject to investigation and/or audit by the Palm Beach County Inspector General. The CONSULTANT has reviewed Palm Beach County ordinance number 2011-009 and is aware of its rights and/or obligations under such ordinance.

6.14 All notices required in this Agreement shall be sent by certified mail, return receipt requested, and sent to the addresses appearing on the first page of this Agreement.

6.15 The VILLAGE is exempt from payment of Florida State Sales and Use Tax. The CONSULTANT shall not be exempted from paying sales tax to its suppliers for materials used to fill contractual obligations with the VILLAGE, nor is the CONSULTANT authorized to use the VILLAGE'S Tax Exemption Number in securing such materials.

7. Indemnity.

The parties recognize that the CONSULTANT is an independent CONSULTANT. The CONSULTANT agrees to assume liability for and indemnify, hold harmless, and defend the VILLAGE, its council members, mayor, officers, employees, agents, and attorneys of, from, and against all liability and expense, including reasonable attorney's fees, in connection with any and all claims, demands, damages, actions, causes of action, and suits in equity of whatever kind or nature, including claims for personal injury, property damage, equitable relief, or loss of use, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the CONSULTANT, its agents, officers, CONSULTANTs, subcontractors, employees, or anyone else utilized by the CONSULTANT in the performance of this Contract. The CONSULTANT's liability hereunder shall include all attorney's fees and costs incurred by the VILLAGE in the enforcement of this indemnification provision. This includes claims made by the employees of the CONSULTANT against the VILLAGE and the CONSULTANT hereby waives its entitlement, if any, to immunity under Section 440.11, Florida Statutes. The obligations contained in this provision shall survive termination of this Contract and shall not be limited by the amount of any insurance required to be obtained or maintained under this Contract.

Subject to the limitations set forth in this Section, CONSULTANT shall assume control of the defense of any claim asserted by a third party against the VILLAGE and, in connection with such defense, shall appoint lead counsel, in each case at the CONSULTANT's expense. The VILLAGE shall have the right, at its option, to participate in the defense of any third party claim, without relieving CONSULTANT of any of its obligations hereunder. If the CONSULTANT assumes control of the defense of any third party claim in accordance with this paragraph, the CONSULTANT shall obtain the prior written consent of the VILLAGE before entering into any settlement of such claim. Notwithstanding anything to the contrary in this Section, the CONSULTANT shall not assume or maintain control of the defense of any third party claim, but shall pay the fees of counsel retained by the VILLAGE and all expenses, including experts' fees, if (i) an adverse determination with respect to the third party claim would, in the good faith judgment of the VILLAGE, be detrimental in any material respect to the VILLAGE's reputation; (ii) the third party claim seeks an injunction or equitable relief against the VILLAGE; or (iii) the CONSULTANT has failed or is failing to prosecute or defend vigorously the third party claim. Each party shall cooperate, and cause its agents to cooperate, in the defense or prosecution of any third party claim and shall furnish or cause to be furnished such records and information, and attend such conferences, discovery proceedings, hearings, trials, or appeals, as may be reasonably requested in connection therewith.

It is the specific intent of the parties hereto that the foregoing indemnification complies with Section 725.06, Florida Statutes, as amended. CONSULTANT expressly agrees that it will not claim, and waives any claim, that this indemnification violates Section 725.06, Florida Statues.

Nothing contained in the foregoing indemnification shall be construed as a waiver of any immunity or limitation of liability the VILLAGE may have under the doctrine of sovereign immunity or Section 768.28, Florida Statutes.

8. Public Entity Crimes. CONSULTANT acknowledges and agrees that a person or affiliate who has been placed on the convicted CONSULTANT list following a conviction for a public entity crime may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a CONSULTANT, supplier or sub-CONSULTANT under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statues, for CATEGORY TWO for a period of 36 months following the date of being placed on the convicted CONSULTANT list. CONSULTANT will advise the Village immediately if it becomes aware of any violation of this statute.

9. Scrutinized Companies. As provided in F.S. 287.135, by entering into any agreement with the VILLAGE, or performing any work in furtherance hereof, CONSULTANT certifies that CONSULTANT and CONSULTANT's affiliates, suppliers, subcontractors and consultants that will perform hereunder that at the time CONSULTANT submits a bid or proposal for a contract or before CONSULTANT enters into or renews a contract with an agency or local governmental entity for goods or services of $1 million or more, the company must certify that CONSULTANT is not on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List and that it does not have business operations in Cuba or Syria. Also, at the time a CONSULTANT submits a bid or proposal for a contract or before the CONSULTANT enters into or renews a contract with an agency or local governmental entity for goods or services of any amount, CONSULTANT must certify that it is not participating in a boycott of Israel. If the VILLAGE determines, using credible information available to the public, that a false certification has been submitted by CONSULTANT, the VILLAGE's Agreement may be terminated and a civil penalty equal to the greater of $2 million or twice the amount of the Agreement shall be imposed, pursuant to Section 287.135, Florida Statutes.

10. Termination of Contract. The VILLAGE reserves the right and may elect to terminate this Contract at any time, with or without cause. At such time, the CONSULTANT would be compensated only for that work which has been satisfactorily completed to the date of termination. No compensation shall be paid for de-mobilization, take-down, disengagement wind-down or other costs incurred due to termination of this Contract. CONSULTANT may terminate this Contract upon 30 days written notice to the VILLAGE.

11. The CONSULTANT shall not perform work which is out of scope, nor exceed any amounts stated in an approved Work Order(s) or this Agreement. Note that the VILLAGE's Fiscal Year ends on September 30th of each calendar year. The VILLAGE cannot authorize work beyond September 30th of each calendar year, prior to the annual budget being approved by the VILLAGE Council. Additionally, the VILLAGE must have budgeted appropriate funds for the work in any subsequent Fiscal Year.

12. E-Verify. Pursuant to Section 448.095(2), Florida Statutes, effective January 1, 2021, the CONSULTANT shall:

(a) Register with and use the E-Verify system to verify the work authorization status of all newly hired employees and require all subcontractors (providing services or receiving funding under this Agreement) to register with and use the E-Verify system to verify the work authorization status of all the subcontractors' newly hired employees;

(b) Secure an affidavit from all subcontractors (providing services or receiving funding under this Agreement) stating that the subcontractor does not employ, contract with, or subcontract with an "unauthorized alien" as defined in Section 448.095(1)(k), Florida Statutes;

(c) Maintain copies of all subcontractor affidavits for the duration of this Agreement and provide the same to the Owner upon request;

(d) Comply fully, and ensure all of its subcontractors comply fully, with Section 448.095, Florida Statutes;

(e) Be aware that a violation of Section 448.09, Florida Statutes (Unauthorized aliens; employment prohibited) shall be grounds for termination of this Agreement; and,

(f) Be aware that if the VILLAGE terminates this Agreement under Section 448.095(2)(c), Florida Statutes, the CONSULTANT may not be awarded a contract for at least one (1) year after the date on which the Agreement is terminated and will be liable for any additional costs incurred by the VILLAGE as a result of the termination of the Agreement.

Re: Group Benefits Consultant / Agent of Record

Dear Ashley:

It is our understanding that the Village of Palm Springs is interested in piggybacking on the City of Oakland Park's RFP #052716 for Group Benefits Consultant/Agent of Record which was awarded to Gehring Group. **The term of the piggyback contract with the Village would be effective beginning April 1, 2022, with an expiration date of November 4, 2022 with (2) additional one (1) year extensions.** We confirm that the Village of Palm Springs would be accepting the bulleted Scope of Services as proposed in Gehring Group's response to the City of Oakland Park's RFP #052716 as well as payment by the Village to Gehring Group of a percentage fee as outlined in the table below for the insurance premiums for which the Village currently purchases or may purchase. Certain lines of insurance coverage may have fixed commission percentages included in their premium rates, but Gehring Group will disclose these percentages to the Village prior to purchasing that line(s) of coverage. Gehring Group proposes the following commission structure under an agent of record arrangement for each year:

Line of Coverage:	Commission Rate:
Medical	4% (excludes Bentek® online enrollment system) 5% (includes Bentek® online enrollment system)
Dental	5%
Life, Voluntary Life & AD&D	15%
Disability	15%
Supplemental Worksite	Carrier Standard Commission

**Commission rates would be addressed annually to accommodate adjustments for premium rate increases.*

We thank you in advance for your consideration of our proposal of a piggyback to continue our exceptional service, and we are happy to provide any additional clarification or information that may be requested.

Sincerely,

Kurt N. Gehring, National Practice Leader - Public Entities

Village of Palm Springs

Executive Brief

AGENDA DATE: March 10, 2022

DEPARTMENT: Administration

ITEM #18: Approve Interlocal Agreement Governing Use of Palm Beach County Regional Opioid Settlement Funds

SUMMARY: The State of Florida (Attorney General's Office) filed litigation on behalf of Florida cities and counties against several entities involved in the manufacturing, marketing, distribution, and/or dispensing of opioids for their actions that contributed to the opioid crisis.

After numerous negotiations, the State and "Pharmaceutical Supply Chain Participants" reached a compromise that is outlined in a Memorandum of Understanding (MOU), which the Village entered into in July 2021. The MOU divides settlement funds into three (3) funds: 1) a City/County Fund, 2) a Regional Fund, and 3) a State Fund.

For Palm Beach County to qualify as a "Qualified County" and receive its share of the Regional Fund, cities representing more than 50% of the municipal population must enter into an interlocal agreement with the County.

Without city participation through the proposed interlocal agreement, Palm Beach County would not meet the requirements to serve as administrator of the funds, and all settlement proceeds would be administered at the regional level through the Southeast Florida Behavioral Health Network.

Note: The proposed interlocal agreement only applies to the funds in the “regional” bucket, and does not affect the funds in the “city/county” bucket, so the Village can still expect to get a direct payout from its share of the city/county settlement proceeds.

The proposed interlocal agreement was prepared by the County Attorney's Office. It was shared with the cities for review and comment last month.

Staff recommends that the Village enter into the proposed interlocal agreement. It will be determined at a later date whether the Village desires to request a portion of these funds to undertake approved activities for the abatement of opioid abuse, or whether the Village will defer to the County to administer programs that benefit the Village, as well as the County as a whole.

FISCAL IMPACT:

The proposed interlocal agreement does not have an immediate fiscal impact. Should the Village desire to undertake opioid abatement activities in the future pursuant to the State MOU, it may be eligible for $3,900-$7,400 annually.

ATTACHMENTS:

1. PROPOSED INTERLOCAL AGREEMENT -OPIOID SETTLEMENT FUNDS - PALM BEACH COUNTY
2. EXHIBIT A
3. Exhibit B
4. Exhibit C

INTERLOCAL AGREEMENT GOVERNING USE OF PALM BEACH COUNTY REGIONAL OPIOID SETTLEMENT FUNDS

This Interlocal Agreement ("Agreement") is made and entered into by and between Palm Beach County ("County"), a political subdivision of the state of Florida, and each of the following municipalities that elects to enter into this Agreement.

The Municipalities in Exhibit A, each a municipal corporation existing under the laws of the state of Florida (each a "Municipality" and collectively the "Municipalities") (County and the Municipalities are collectively referred to as the "Parties").

Recitals

A. A national epidemic arose as a result of the manufacture, distribution, and over-prescribing of opioid analgesics and resulted in opioid overdoses and addictions throughout Palm Beach County ("Opioid Epidemic").

B. County and Municipalities have suffered harm from the Opioid Epidemic.

C. County is a Charter County within the state of Florida, and has an estimated population of approximately 1.497 million based on the most recent census data.

D. Municipalities are located in Palm Beach County, Florida.

E. The state of Florida has filed an action pending in Pasco County, Florida, and a number of Florida cities and counties have also filed an action titled *In re: National Prescription Opiate Litigation*, MDL No. 2804 (N.D. Ohio) ("Opioid Litigation"). The County is a litigating participant in the Opioid Litigation.

F. Proposed settlements have been developed to resolve certain claims under the Opioid Litigation.

G. The Attorney General for the State of Florida ("Attorney General") anticipates that settlement funds arising out of the Opioid Litigation will be distributed to the State of Florida over multiple years as part of a global settlement, and not directly distributed to County and Municipalities.

H. The Florida Memorandum of Understanding a/k/a Florida Opioid Allocation and Statewide Response Agreement ("Florida Plan") attached hereto as Exhibit B sets forth the framework for a unified plan between the state of Florida and local governments within the state of Florida regarding the proposed allocation and use of Opioid Litigation settlement funds. The Florida Plan, as currently drafted, divides the settlement funds into three funds: (i) the City/County Fund; (ii) the Regional Fund (which includes funds to Qualified Counties in addition to funds received in the City/County Fund); and (iii) the State Fund.

I. To receive its share of the Regional Fund (the "County Regional Funds," as defined below), County must qualify as a "Qualified County" as that term is defined under the Florida Plan.

J. If County does not qualify as a "Qualified County," the County Regional Funds will be allocated to the Southeast Florida Behavioral Health Network, Inc., which would be required under the Florida Plan to spend such funds within Palm Beach County to the greatest extent practicable.

K. To qualify as a Qualified County under the Florida Plan, County must enter into an Agreement with municipalities whose populations, taken together, contain more than 50% of the Municipalities total population.

L. Under the Florida Plan, County will be required to expend the County Regional Funds in Palm Beach County for abatement of the effects of the Opioid Epidemic.

M. County has an abatement plan that is being utilized to respond to the Opioid Epidemic.

N. The *Behavioral Health Substance Use & Co-Occurring Disorder Steering Committee* is a taskforce that advises, plans, and provides for programs relating to the abatement of opioid abuse and other substance abuse throughout Palm Beach County.

O. County contracts to provide funding for *The South County Mental Health Center, The Addiction Stabilization Unit, The Drug Abuse Foundation* and other Financially Assisted Agencies which provide substance abuse assessment, prevention, detoxification, residential, and outpatient services to adults aged 18 years and older and also provides treatment for substance abuse and co-occurring disorders such as depression, anxiety, trauma, and other mental health concerns that may contribute to an individual's substance abuse and dependence.

P. The Parties recognize that enabling County to receive the County Regional Funds for expenditure in the best interest of all persons within the geographic boundaries of Palm Beach County will ensure that Opioid Litigation settlement funds are available and used to address opioid-related impacts within Palm Beach County.

Q. The Parties recognize that it is in the best interest of County and Municipalities to enter into this Agreement to ensure County qualifies as a "Qualified County" to receive the County Regional Funds pursuant to the Florida Plan.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

ARTICLE 1.
DEFINITIONS

1.1 Unless otherwise defined herein, all defined terms in the Florida Plan are incorporated herein and shall have the same meanings as in the Florida Plan.

1.2 "County Regional Funds" shall mean the amount of the Regional Funds remitted to County by the state of Florida, provided County qualifies as a Qualified County.

ARTICLE 2. CONDITIONS PRECEDENT

2.1 This Agreement shall become effective on the Commencement Date set forth in Article 3, so long as the following conditions precedent have been satisfied:

A. Execution of this Agreement by County and Municipalities that, taken together, contain more than 50% of the Municipalities total population, as required by Florida Plan to enable County to become a Qualified County and receive the County Regional Funds from the state of Florida;

B. Execution of all documents necessary to effectuate the Florida Plan in its final form; and

C. Filing of this Agreement with the Clerk of the Circuit Court for County as required by Florida Statutes Section 163.01.

ARTICLE 3.
TERM

3.1 The term of this Agreement shall commence upon the satisfaction of all conditions precedent stated in Article 2 ("Commencement Date"), and shall continue until one (1) year after the expenditure of all County Regional Funds, unless otherwise terminated in accordance with the provisions of the Florida Plan ("Term"). Obligations under this Agreement that by their nature survive termination or expiration, including, but not limited to, any and all obligations relating to record retention, audit, and indemnification, will survive and remain in effect after termination or expiration of this Agreement.

ARTICLE 4.
PLAN ADMINISTRATION

4.1 County is responsible for administering the County Regional Funds pursuant to the Florida Plan. County staff shall provide all support services including but not limited to legal services, as well as contract management, program monitoring, and reporting, required by the Florida Plan up to the moment of distribution of funds to cities at which point the cities are responsible for all reporting and monitoring and other requirements as set forth in the Plan and including providing data and reporting to County.. County is entitled to and shall receive no more than 5% from

the County Regional Funds for administrative fees as provided under the Florida Plan and will deduct such administrative fees on an annual basis. After such deduction, County shall spend all of the remaining County Regional Funds on efforts to abate the deleterious effects of the Opioid Epidemic by utilizing funds for the Approved Purposes (as defined in the Florida Plan), including the provisions related to Core Services (if and as applicable) identified in Exhibit C. County shall spend the County Regional Funds on programs and in geographic areas based on demonstrated need throughout Palm Beach County without choosing or favoring any particular municipality, geographic area, or socio-economic group.

ARTICLE 5.
LOCAL GOVERNMENT REPORTING REQUIREMENTS

5.1 To the extent a City Municipality receives County Regional Funds directly from County, that Municipality agrees to spend such funds solely for Approved Purpose(s) (as defined in the Florida Plan), and further agrees to timely satisfy all reporting requirements of the Florida Plan. In addition to other available remedies, failure to comply with this provision may disqualify the Municipality from further receipt of County Regional Funds.

ARTICLE 6.
NON-APPROPRIATION

6.1 This Agreement is not a general obligation of the County. County is not obligated to expend any funds under this Agreement except to the extent of County Regional Funds budgeted and actually received, all of which the County agrees to expend consistent with the terms of this Agreement.

ARTICLE 7.
GOVERNMENTAL IMMUNITY

7.1 Nothing herein is intended to serve as a waiver of sovereign immunity by County or any Municipality nor shall anything included herein be construed as consent by County or any Municipality to be sued by third parties in any matter arising out of this Agreement. County and Municipalities are political subdivisions as defined in Section 768.28, Florida Statutes, and shall be responsible for the negligent or wrongful acts or omissions of their employees to the extent of and within the limits set forth om Section 768.28, Florida Statutes.

ARTICLE 8.
INSURANCE

8.1 Parties are entities subject to Section 768.28, Florida Statutes, and shall furnish the other Parties with written verification of liability protection in accordance with state law upon request by the requesting party.

ARTICLE 9.
MISCELLANEOUS

9.1 Public Records. The Parties shall comply with all public records requirements of Chapter 119, Florida Statutes, as may be required by law.

IF ANY PARTY HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO A PARTY'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE PALM BEACH COUNTY CUSTODIAN OF PUBLIC AFFAIRS AT 561-355-2754, OR VIA ELECTRONIC MAIL AT *RECORDSREQUEST@PBCGOV.ORG* OR THE MUNICIPALITY'S CUSTODIAN OF PUBLIC RECORDS (SEE EXHIBIT A FOR EACH MUNICIPALITY'S CUSTODIAN'S CONTACT INFORMATION).

9.2 Truth-In-Negotiation Representation. This Agreement is based upon representations supplied by the Parties to each other and the Parties certify that the information supplied, including without limitation in the negotiation of this Agreement, is accurate, complete, and current at the time of contracting.

9.3 Public Entity Crime Act. Each of the Parties represents that it is familiar with the requirements and prohibitions under the Public Entity Crime Act, Section 287.133, Florida Statutes, and represents that its entry into this Agreement will not violate that Act. In addition to the foregoing, each of the Parties further represents that there has been no determination that it committed a "public entity crime" as defined by Section 287.133, Florida Statutes, and that it has not been formally charged with committing an act defined as a "public entity crime" regardless of the amount of money involved or whether it has been placed on the convicted vendor list. Notwithstanding any provision in this Agreement to the contrary, if any representation made by a party pursuant to this paragraph is false, each of the Parties shall have the right to immediately terminate this Agreement.

9.4 Third Party Beneficiaries. Neither County nor the Municipalities intend to directly or substantially benefit a third party by this Agreement. Therefore, the Parties acknowledge that there are no third-party beneficiaries to this Agreement and that no third party shall be entitled to assert a right or claim against any party based upon this Agreement. Nothing in this Agreement, express or implied, is intended to (i) confer upon any entity or person other than the Parties and their successors or assigns any rights or remedies under or by reason of this Agreement as a third-party beneficiary or otherwise, except as specifically provided in this Agreement; or (ii) authorize anyone not a party to this Agreement to maintain an action pursuant to or based upon this Agreement.

9.5 Notices. In order for a notice to a party to be effective under this Agreement, notice must be sent via U.S. first-class mail to the addresses listed below and shall be effective upon mailing. The addresses for notice shall remain as set forth herein unless and until changed by providing notice of such change in accordance with the provisions of this section.

FOR COUNTY:

Attn: Office of the County Attorney, Litigation Section
300 North Dixie Highway
Suite 359
West Palm Beach, FL 33401

FOR MUNICIPALITY:
The addresses specified in Exhibit A.

9.6 Assignment. No Party shall have the right to assign this Agreement.

9.7 Materiality and Waiver of Breach. Each requirement, duty, and obligation set forth herein was bargained for at arm's-length and is agreed to by the Parties. Each requirement, duty, and obligation set forth herein is substantial and important to the formation of this Agreement, and each is, therefore, a material term hereof. The failure of any Party to enforce any provision of this Agreement shall not be deemed a waiver of such provision or modification of this Agreement.a waiver of any breach of a provision of this Agreement shall not be deemed a waiver of any subsequent breach and shall not be construed to be a modification of the terms of this Agreement.

9.8 Compliance with Laws. The Parties shall comply with all applicable federal, state, and local laws, codes, ordinances, rules, and regulations in performing its duties, responsibilities, and obligations pursuant to this Agreement.

9.9 Severability. In the event any part of this Agreement is found to be unenforceable by any court of competent jurisdiction, that part shall be deemed severed from this Agreement and the balance of this Agreement shall remain in full force and effect.

9.10 Joint Preparation. This Agreement has been jointly prepared by the Parties hereto, and shall not be construed more strictly against any party.

9.11 Interpretation. The headings contained in this Agreement are for reference purposes only and shall not in any way affect the meaning or interpretation of this Agreement. All personal pronouns used in this Agreement shall include any other gender, and the singular shall include the plural, and vice versa, unless the context otherwise requires. Terms such as "herein," "hereof," "hereunder," and "hereinafter" refer to this Agreement as a whole and not to any particular sentence, paragraph, or section where they appear, unless the context otherwise requires. Whenever reference is made to a section or article of this Agreement, such reference isto the section or article as a whole, including all of the subsections of such section, unless the reference is made to a particular subsection or subparagraph of such section or article.

9.12 Priority of Provisions. If there is a conflict or inconsistency between any term, statement, requirement, or provision of any document or exhibit attached hereto or referenced or incorporated herein and any provision of Articles 1 through 9 of this Agreement, the provisions contained in Articles 1 through 9 shall prevail and be given effect.

9.13 Law, Jurisdiction, Venue, Waiver of Jury Trial. This Agreement will be interpreted and construed in accordance with and governed by the laws of the State of Florida. The Parties acknowledge and accept that jurisdiction of any controversies or legal problems arising out of this Agreement, and any action involving the enforcement or interpretation of any rights hereunder, will be exclusively in the State courts of the Fifteenth Judicial Circuit in Palm Beach County, Florida, and venue for litigation arising out of this Agreement will be exclusively in such State courts, forsaking any other jurisdiction that any party may claim by virtue of its residency or other jurisdictional device. **BY ENTERING INTO THIS AGREEMENT, THE PARTIES HEREBY EXPRESSLY WAIVE ANY RIGHTS ANY PARTY MAY HAVE TO A TRIAL BY JURY OF ANY CIVIL LITIGATION RELATED TO THIS AGREEMENT.**

9.14 Amendments. No modification, amendment, or alteration in the terms or conditions contained herein shall be effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by the Board and the Municipalities or others with delegated authority or otherwise authorized to execute same on their behalf.

9.15 Prior Agreements. This Agreement represents the final and complete understanding of the Parties regarding the subject matter hereof and supersedes all prior and contemporaneous negotiations and discussions regarding that subject matter. There is no commitment, agreement, or understanding concerning the subject matter of this Agreement that is not contained in this written document.

9.16 Incorporation by Reference. Any and all Recital clauses stated above are true and correct and are incorporated herein by reference. The attached Exhibits are incorporated into and made a part of this Agreement.

9.17 Representation of Authority. Each individual executing this Agreement on behalf of a party hereto hereby represents and warrants that he or she is, on the date he or she signs this Agreement, duly authorized by all necessary and appropriate action to execute this Agreement on behalf of such party and does so with full legal authority.

9.18 Counterparts and Multiple Originals. This Agreement may be executed in multiple originals, and may be executed in counterparts, each of which shall be deemed to be an original, but all of which, taken together, shall constitute one and the same agreement.

9.19 Force Majeure. If the performance of this Agreement, or any obligation hereunder, is prevented by reason of epidemic, pandemic, hurricane, earthquake, or other casualty caused by nature, or by labor strike, war, or by a law, order, proclamation, regulation, or ordinance of any governmental agency, the party so affected, upon giving prompt notice to the other party, shall be excused from such performance to the extent of such prevention, provided that the party so affected shall first have taken reasonable steps to avoid and remove such cause of non-performance and shall continue to take reasonable steps to avoid and remove such cause, and shall promptly notify the other Parties in writing and resume performance hereunder whenever such causes are removed; provided, however, that if such nonperformance exceeds sixty (60) days, the party that is not prevented from performance by the force majeure event shall have the right to terminate this Agreement upon written notice to the Parties. This section shall not

supersede or prevent the exercise of any right the Parties may otherwise have to terminate this Agreement.

IN WITNESS WHEREOF, the Parties have made and executed this Agreement: Palm Beach County, through its Board of County Commissioners, signing by and through its County Administrator, authorized to execute same by Board action on the_____day of_____2022, and the City of_____, signing by and through its officials, duly authorized to execute same.

FLORIDA OPIOID ALLOCATION AND STATEWIDE RESPONSE AGREEMENT

BETWEEN

STATE OF FLORIDA DEPARTMENT OF LEGAL AFFAIRS,
OFFICE OF THE ATTORNEY GENERAL

And

CERTAIN LOCAL GOVERNMENTS IN THE STATE OF FLORIDA

This Florida Opioid Allocation and Statewide Response Agreement (the "Agreement") is entered into between the State of Florida ('State") and certain Local Governments ("Local Governments" and the State and Local Governments are jointly referred to as the "Parties" or individually as a "Party"). The Parties agree as follows:

Whereas, the people of the State and its communities have been harmed by misfeasance, nonfeasance and malfeasance committed by certain entities within the Pharmaceutical Supply Chain; and

Whereas, the State, through its Attorney General, and certain Local Governments, through their elected representatives and counsel, are separately engaged in litigation seeking to hold many of the same Pharmaceutical Supply Chain Participants accountable for the damage caused by their misfeasance, nonfeasance and malfeasance as the State; and

Whereas, certain of the Parties have separately sued Pharmaceutical Supply Chain participants for the harm caused to the citizens of both Parties and have collectively negotiated settlements with several Pharmaceutical Supply Chain Participants; and

Whereas, the Parties share a common desire to abate and alleviate the impacts of that misfeasance, nonfeasance and malfeasance throughout the State; and

Whereas, it is the intent of the State and its Local Governments to use the proceeds from any Settlements with Pharmaceutical Supply Chain Participants to increase the amount of funding presently spent on opioid and substance abuse education, treatment, prevention and other related programs and services, such as those identified in Exhibits "A" and "B," and to ensure that the funds are expended in compliance with evolving evidence-based "best practices;" and

Whereas, the State and its Local Governments enter into this Agreement and agree to the allocation and use of the proceeds of any settlement described herein

Wherefore, the Parties each agree to as follows:

A. Definitions

As used in this Agreement:

1. "Approved Purpose(s)" shall mean forward-looking strategies, programming and services used to expand the availability of treatment for individuals impacted by substance use disorders, to: (a) develop, promote, and provide evidence-based substance use prevention strategies; (b) provide substance use avoidance and awareness education; (c) decrease the oversupply of licit and illicit opioids; and (d) support recovery from addiction. Approved Purposes shall include, but are not limited to, the opioid abatement strategies listed in Exhibits "A" and "B" which are incorporated herein by reference.

2. "Local Governments" shall mean all counties, cities, towns and villages located within the geographic boundaries of the State.

3. "Managing Entities" shall mean the corporations selected by and under contract with the Florida Department of Children and Families or its successor ("DCF") to manage the daily operational delivery of behavioral health services through a coordinated system of care. The singular "Managing Entity" shall refer to a singular of the Managing Entities.

4. "County" shall mean a political subdivision of the state established pursuant to s. 1, Art. VIII of the State Constitution.

5. "Dependent Special District" shall mean a Special District meeting the requirements of Florida Statutes § 189.012(2).

6. "Municipalities" shall mean cities, towns, or villages located in a County within the State that either have: (a) a Population greater than 10,000 individuals; or (b) a Population equal to or less than 10,000 individuals and that has either (i) filed a lawsuit against one or more Pharmaceutical Supply Chain Participants; or (ii) executes a release in connection with a settlement with a Pharmaceutical Supply Chain participant. The singular "Municipality" shall refer to a singular city, town, or village within the definition of Municipalities.

7. "'Negotiating Committee" shall mean a three-member group comprised by representatives of the following: (1) the State; and (2) two representatives of Local Governments of which one representative will be from a Municipality and one shall be from a County (collectively, "Members") within the State. The State shall be represented by the Attorney General or her designee.

8. "Negotiation Class Metrics" shall mean those county and city settlement allocations which come from the official website of the Negotiation Class of counties and cities certified on September 11, 2019 by the U.S. District for the Northern District of Ohio in *In re National Prescription Opiate Litigation*, MDL No. 2804 (N.D. Ohio). The website is located at https://allocationmap.iclaimsonline.com.

9. "Opioid Funds" shall mean monetary amounts obtained through a Settlement.

10. "Opioid Related" shall have the same meaning and breadth as in the agreed Opioid Abatement Strategies attached hereto as Exhibits "A" or "B."

11. "Parties" shall mean the State and Local Governments that execute this Agreement. The singular word "Party" shall mean either the State or Local Governments that executed this Agreement.

12. "PEC" shall mean the Plaintiffs' Executive Committee of the National Prescription Opiate Multidistrict Litigation pending in the United States District Court for the Northern District of Ohio.

13. "Pharmaceutical Supply Chain" shall mean the entities, processes, and channels through which Controlled Substances are manufactured, marketed, promoted, distributed or dispensed.

14. "Pharmaceutical Supply Chain Participant" shall mean any entity that engages in, or has engaged in the manufacture, marketing, promotion, distribution or dispensing of an opioid analgesic.

15. "Population" shall refer to published U.S. Census Bureau population estimates as of July 1, 2019, released March 2020, and shall remain unchanged during the term of this Agreement. These estimates can currently be found at *https://www.census.gov. For purposes of Population under the definition of Qualified County, a County's population shall be the greater of its population as of the July 1, 2019, estimates or its actual population, according to the official U.S. Census Bureau count, which was released by the U.S. Census Bureau in August 2021.*

16. "Qualified County" shall mean a charter or non-chartered County that has a Population of at least 300,000 individuals and: (a) has an opioid taskforce or other similar board, commission, council, or entity (including some existing sub-unit of a County's government responsible for substance abuse prevention, treatment, and/or recovery) of which it is a member or it operates in connection with its municipalities or others on a local or regional basis; (b) has an abatement plan that has been either adopted or is being utilized to respond to the opioid epidemic; (c) is, as of December 31, 2021, either providing or is contracting with others to provide substance abuse prevention, recovery, and/or treatment services to its citizens; and (d) has or enters into an interlocal agreement with a majority of Municipalities (Majority is more than 50% of the Municipalities' total Population) related to the expenditure of Opioid Funds. The Opioid Funds to be paid to a Qualified County will only include Opioid Funds for Municipalities whose claims are released by the Municipality or Opioid Funds for Municipalities whose claims are otherwise barred. For avoidance of doubt, the word "operate" in connection with opioid task force means to do at least one of the following activities: (1) gathers data about the nature, extent, and problems being faced in communities within that County; (2) receives and reports recommendations from other government and private entities about activities that should be undertaken to abate the opioid epidemic to a County; and/or (3) makes recommendations to a County and other public and private leaders about steps, actions, or plans that should be undertaken to abate the opioid epidemic. For avoidance of doubt, the Population calculation required by subsection (d) does not include Population in unincorporated areas.

17. "SAMHSA" shall mean the U.S. Department of Health & Human Services, Substance Abuse and Mental Health Services Administration.

18. "Settlement" shall mean the negotiated resolution of legal or equitable claims against a Pharmaceutical Supply Chain Participant when that resolution has been jointly entered into by the State and Local Governments or a settlement class as described in (B)(1) below.

19. "State" shall mean the State of Florida.

B. Terms

1. **Only Abatement** - Other than funds used for the Administrative Costs and Expense Fund as hereinafter described or to pay obligations to the United States arising out of Medicaid or other federal programs, all Opioid Funds shall be utilized for Approved Purposes. In order to accomplish this purpose, the State will either: (a) file a new action with Local Governments as Parties; or (b) add Local Governments to its existing action, sever any settling defendants. In either type of action, the State will seek entry of a consent judgment, consent order or other order binding judgment binding both the State and Local Governments to utilize Opioid Funds for Approved Purposes ("Order") from the Circuit Court of the Sixth Judicial Circuit in and for Pasco County, West Pasco Division New Port Richey, Florida (the "Court"), except as herein provided. The Order may be part of a class action settlement or similar device. The Order shall provide for continuing jurisdiction by the Court to address non-performance by any party under the Order.

2. **Avoid Claw Back and Recoupment** - Both the State and Local Governments wish to maximize any Settlement and Opioid Funds. In addition to committing to only using funds for the Expense Funds, Administrative Costs and Approved Purposes, both Parties will agree to utilize a percentage of funds for the Core Strategies highlighted in Exhibit A. Exhibit A contains the programs and strategies prioritized by the U.S. Department of Justice and/or the U.S. Department of Health & Human Services ("Core Strategies"). The State is trying to obtain the United States' agreement to limit or reduce the United States' ability to recover or recoup monies from the State and Local Government in exchange for prioritization of funds to certain projects. If no agreement is reached with the United States, then there will be no requirement that a percentage be utilized for Core Strategies.

3. **No Benefit Unless Fully Participating** - Any Local Government that objects to or refuses to be included under the Order or refuses or fails to execute any of documents necessary to effectuate a Settlement shall not receive, directly or indirectly, any Opioid Funds and its portion of Opioid Funds shall be distributed to, and for the benefit of, the Local Governments. Funds that were a for a Municipality that does not join a Settlement will be distributed to the County where that Municipality is located. Funds that were for a County that does not join a Settlement will be distributed pro rata to Counties that join a Settlement. For avoidance of doubt, if a Local Government initially refuses to be included in or execute the documents necessary to effectuate a Settlement and subsequently effectuates such documents necessary to join a Settlement, then that Local Government will only lose those payments made under a Settlement while that Local Government was not a part of the Settlement. If a Local Government participates in a Settlement, that Local Government is thereby releasing the claims of its Dependent Special District claims, if any.

4. **Distribution Scheme** – If a Settlement has a National Settlement Administrator or similar entity, all Opioids Funds will initially go to the Administrator to be distributed. If a Settlement does not have a National Settlement Administrator or similar entity, all Opioid Funds will initially go to the State, and then be distributed by the State as they are received from the Defendants according to the following distribution scheme. The Opioid Funds will be divided into three funds after deducting any costs of the Expense Fund detailed below. Funds due the federal government, if any, pursuant to Section B-2, will be subtracted from only the State and Regional Funds below:

(a) City/County Fund- The city/county fund will receive 15% of all Opioid Funds to directly benefit all Counties and Municipalities. The amounts to be distributed to each County and Municipality shall be determined by the Negotiation Class Metrics or other metrics agreed upon, in writing, by a County and a Municipality, which are attached to this Agreement as Exhibit "C." In the event that a Municipality has a Population less than 10,000 people and it does not execute a release or otherwise join a Settlement that Municipalities share under the Negotiation Class Metrics shall be reallocated to the County where that Municipality is located.

(b) Regional Fund- The regional fund will be subdivided into two parts.

(i) The State will annually calculate the share of each County within the State of the regional fund utilizing the sliding scale in paragraph 5 of the Agreement, and according to the Negotiation Class Metrics.

(ii) For Qualified Counties, the Qualified County's share will be paid to the Qualified County and expended on Approved Purposes, including the Core Strategies identified in Exhibit A, if applicable.

(iii) For all other Counties, the State will appropriate the regional share for each County and pay that share through DCF to the Managing Entities providing service for that County. The Managing Entities will be required to expend the monies on Approved Purposes, including the Core Strategies as directed by the Opioid Abatement Task Force or Council. The Managing Entities shall expend monies from this Regional Fund on services for the Counties within the State that are non-Qualified Counties and to ensure that there are services in every County. To the greatest extent practicable, the Managing Entities shall endeavor to expend monies in each County or for citizens of a County in the amount of the share that a County would have received if it were a Qualified County.

(c) State Fund - The remainder of Opioid Funds will be expended by the State on Approved Purposes, including the provisions related to Core Strategies, if applicable.

(d) To the extent that Opioid Funds are not appropriated and expended in a year by the State, the State shall identify the investments where settlement funds will be deposited. Any gains, profits, or interest accrued from the deposit of the Opioid Funds to the extent that any funds are not appropriated and expended within a calendar year, shall be the sole property of the Party that was entitled to the initial amount.

(e) To the extent a County or Municipality wishes to pool, comingle, or otherwise transfer its share, in whole or part, of Opioid Funds to another County or Municipality, the comingling Municipalities may do so by written agreement. The comingling Municipalities shall provide a copy of that agreement to the State and any settlement administrator to ensure that monies are directed consistent with such agreement. The County or Municipality receiving any such Opioid Funds shall assume the responsibility for reporting how such Opioid Funds were utilized under this Agreement.

5. Regional Fund Sliding Scale- The Regional Fund shall be calculated by utilizing the following sliding scale of the Opioid Funds available in any year after deduction of Expenses and any funds due the federal government:

A. Years 1-6: 40%

B. Years 7-9: 35%

C. Years 10-12: 34%

D. Years 13-15: 33%

E. Years 16-18: 30%

6. Opioid Abatement Taskforce or Council - The State will create an Opioid Abatement Taskforce or Council (sometimes hereinafter "Taskforce" or "Council") to advise the Governor, the Legislature, DCF, and Local Governments on the priorities that should be addressed by expenditure of Opioid Funds and to review how monies have been spent and the results that have been achieved with Opioid Funds.

(a) Size - The Taskforce or Council shall have ten Members equally balanced between the State and the Local Government representatives.

(b) Appointments Local Governments - Two Municipality representatives will be appointed by or through Florida League of Cities. Two county representatives, one from a Qualified County and one from a county within the State that is not a Qualified County, will be appointed by or through the Florida Association of Counties. The final representative will alternate every two years between being a county representative (appointed by or through Florida Association of Counties) or a Municipality representative (appointed by or through the Florida League of Cities). One Municipality representative must be from a city of less than 50,000 people. One county representative must be from a county of less than 200,000 people and the other county representative must be from a county whose population exceeds 200,000 people.

(c) Appointments State -

(i) The Governor shall appoint two Members.

(ii) The Speaker of the House shall appoint one Member.

(iii) The Senate President shall appoint one Member.

(iv) The Attorney General or her designee shall be a Member.

(d) Chair - The Attorney General or designee shall be the chair of the Taskforce or Council.

(e) Term - Members will be appointed to serve a four-year term and shall be staggered to comply with Florida Statutes § 20.052(4)(c).

(f) Support - DCF shall support the Taskforce or Council and the Taskforce or Council shall be administratively housed in DCF.

(g) Meetings - The Taskforce or Council shall meet quarterly in person or virtually using communications media technology as defined in section 120.54(5)(b)(2), Florida Statutes.

(h) Reporting - The Taskforce or Council shall provide and publish a report annually no later than November 30th or the first business day after November 30th, if November 30th falls on a weekend or is otherwise not a business day. The report shall contain information on how monies were spent the previous fiscal year by the State, each of the Qualified Counties, each of the Managing Entities, and each of the Local Governments. It shall also contain recommendations to the Governor, the Legislature, and Local Governments for priorities among the Approved Purposes or similar such uses for how monies should be spent the coming fiscal year to respond to the opioid epidemic. Prior to July 1st of each year, the State and each of the Local Governments shall provide information to DCF about how they intend to expend Opioid Funds in the upcoming fiscal year.

(i) Accountability - The State and each of the Local Governments shall report its expenditures to DCF no later than August 31st for the previous fiscal year. The Taskforce or Council will set other data sets that need to be reported to DCF to demonstrate the effectiveness of expenditures on Approved Purposes. In setting those requirements, the Taskforce or Council shall consider the Reporting Templates, Deliverables, Performance Measures, and other already utilized and existing templates and forms required by DCF from Managing Entities and suggest that similar requirements be utilized by all Parties to this Agreement.

(j) Conflict of Interest - All Members shall adhere to the rules, regulations and laws of Florida including, but not limited to, Florida Statute §112.311, concerning the disclosure of conflicts of interest and recusal from discussions or votes on conflicted matters.

7. **Administrative Costs**- The State may take no more than a 5% administrative fee from the State Fund and any Regional Fund that it administers for counties that are not Qualified Counties. Each Qualified County may take no more than a 5% administrative fee from its share of the Regional Funds. Municipalities and Counties may take no more than a 5% administrative fee from any funds that they receive or control from the City/County Fund.

8. **Negotiation of Non-Multistate Settlements** - If the State begins negotiations with a Pharmaceutical Supply Chain Participant that is separate and apart from a multi-state negotiation, the State shall include Local Governments that are a part of the Negotiating Committee in such negotiations. No Settlement shall be recommended or accepted without the affirmative votes of both the State and Local Government representatives of the Negotiating Committee.

9. **Negotiation of Multistate or Local Government Settlements** - To the extent practicable and allowed by other parties to a negotiation, both Parties agree to communicate with members of the Negotiation Committee regarding the terms of any other Pharmaceutical Supply Chain Participant Settlement.

10. **Program Requirements**- DCF and Local Governments desire to make the most efficient and effective use of the Opioid Funds. DCF and Local Governments will work to achieve that goal by ensuring the following requirements will be minimally met by any governmental entity or provider providing services pursuant to a contract or grant of Opioid Funds:

a. In either performing services under this Agreement or contracting with a provider to provide services with the Opioid Funds under this Agreement, the State and Local Governments shall be aware of and comply with all State and Federal laws, rules, Children and Families Operating Procedures (CFOPs), and similar regulations relating to the substance abuse and treatment services.

b. The State and Local Governments shall have and follow their existing policies and practices for accounting and auditing, including policies relating to whistleblowers and avoiding fraud, waste, and abuse. The State and Local Governments shall consider additional policies and practices recommended by the Opioid Abatement Taskforce or Council. c. In any award or grant to any provider, State and Local Governments shall ensure that each provider acknowledges its awareness of its obligations under law and shall audit, supervise, or review each provider's performance routinely, at least once every year.

d. In contracting with a provider, the State and Local Governments shall set performance measures in writing for a provider.

e. The State and Local Governments shall receive and report expenditures, service utilization data, demographic information, and national outcome measures in a similar fashion as required by the 42.U.S.C. s. 300x and 42 U.S.C. s. 300x-21.

f. The State and Local Governments, that implement evidenced based practice models will participate in fidelity monitoring as prescribed and completed by the originator of the model chosen..

g. The State and Local Governments shall ensure that each year, an evaluation of the procedures and activities undertaken to comply with the requirements of this Agreement are completed.

h. The State and Local Governments shall implement a monitoring process that will demonstrate oversight and corrective action in the case of non-compliance, for all providers that receive Opioid Funds. Monitoring shall include:

(i) Oversight of the any contractual or grant requirements;

(ii) Develop and utilize standardized monitoring tools;

(iii) Provide DCF and the Opioid Abatement Taskforce or Council with access to the monitoring reports; and

(iv) Develop and utilize the monitoring reports to create corrective action plans for providers, where necessary.

11. **Reporting and Records Requirements-** The State and Local Governments shall follow their existing reporting and records retention requirements along with considering any additional recommendations from the Opioid Abatement Taskforce or Council. Local Governments shall respond and provide documents to any reasonable requests from the State or Opioid Abatement Taskforce or Council for data or information about programs receiving Opioid Funds. The State and Local Governments shall ensure that any provider or sub-recipient of Opioid Funds at a minimum does the following:

(a) Any provider shall establish and maintain books, records and documents (including electronic storage media) sufficient to reflect all income and expenditures of Opioid Funds. Upon demand, at no additional cost to the State or Local Government, any provider will facilitate the duplication and transfer of any records or documents during the term that it receives any Opioid Funds and the required retention period for the State or Local Government. These records shall be made available at all reasonable times for inspection, review, copying, or audit by Federal, State, or other personnel duly authorized by the State or Local Government.

(b) Any provider shall retain and maintain all client records, financial records, supporting documents, statistical records, and any other documents (including electronic storage media) pertinent to the use of the Opioid Funds during the term of its receipt of Opioid Funds and retained for a period of six (6) years after its ceases to receives Opioid Funds or longer when required by law. In the event an audit is required by the State of Local Governments, records shall be retained for a minimum period of six (6) years after the audit report is issued or until resolution of any audit findings or litigation based on the terms of any award or contract.

(c) At all reasonable times for as long as records are maintained, persons duly authorized by State or Local Government auditors shall be allowed full access to and the right to examine any of the contracts and related records and documents, regardless of the form in which kept.

(d) A financial and compliance audit shall be performed annually and provided to the State.

(e) All providers shall comply and cooperate immediately with any inspections, reviews, investigations, or audits deemed necessary by The Office of the Inspector General (section 20.055, F.S.) or the State.

(f) No record may be withheld nor may any provider attempt to limit the scope of any of the foregoing inspections, reviews, copying, transfers or audits based on any claim that any record is exempt from public inspection or is confidential, proprietary or trade secret in nature; provided, however, that this provision does not limit any exemption to public inspection or copying to any such record.

12. **Expense Fund** - The Parties agree that in any negotiation every effort shall be made to cause Pharmaceutical Supply Chain Participants to pay costs of litigation, including attorneys' fees, in addition to any agreed to Opioid Funds in the Settlement. To the extent that a fund sufficient to pay the full contingent fees of Local Governments is not created as part of a Settlement by a Pharmaceutical Supply Chain Participant, the Parties agree that an additional expense fund for attorneys who represent Local Governments (herein "Expense Fund") shall be created out of the City/County fund for the purpose of paying the hard costs of a litigating Local Government and then paying attorneys' fees.

(a) The Source of Funds for the Expense Fund- Money for the Expense Fund shall be sourced exclusively from the City/County Fund.

(b) The Amount of the Expense Fund- The State recognizes the value litigating Local Governments bring to the State in connection with the Settlement because their participation increases the amount of Incentive Payments due from each Pharmaceutical Supply Chain Participant. In recognition of that value, the amount of funds that shall be deposited into the Expense Fund shall be contingent upon on the percentage of litigating Local Government participation in the Settlement, according to the following table:

Litigating Local Government Participation in the Settlement (by percentage of the population)	Amount that shall be paid into the Expense Fund from (and as a percentage of) the City/County fund
96 to 100%	10%
91 to 95%	7.5%
86 to 90%	5%
85%	2.5%
Less than 85%	0%

If fewer than 85% percent of the litigating Local Governments (by population) participate, then the Expense Fund shall not be funded, and this Section of the Agreement shall be null and void.

(c) The Timing of Payments into the Expense Fund- Although the amount of the Expense Fund shall be calculated based on the entirety of payments due to the City/County fund over a ten-to-eighteen-year period, the Expense Fund shall be funded entirely from payments made by Pharmaceutical Supply Chain Participants during the first two payments of the Settlement. Accordingly, to offset the amounts being paid from the

City/County Fund to the Expense Fund in the first two years, Counties or Municipalities may borrow from the Regional Fund during the first two years and pay the borrowed amounts back to the Regional Fund during years three, four, and five.

For the avoidance of doubt, the following provides an illustrative example regarding the calculation of payments and amounts that may be borrowed under the terms of this MOU, consistent with the provisions of this Section:

Opioid Funds due to State of Florida and Local Governments (over 10 to 18 years):	$1,000
Litigating Local Government Participation:	100%
City/County Fund (over 10 to 18 years):	$150
Expense Fund (paid over 2 years):	$15
Amount Paid to Expense Fund in 1st year:	$7.5
Amount Paid to Expense Fund in 2nd year	$7.5
Amount that may be borrowed from Regional Fund in 1st year:	$7.5
Amount that may be borrowed from Regional Fund in 2nd year:	$7.5
Amount that must be paid back to Regional Fund in 3rd year:	$5
Amount that must be paid back to Regional Fund in 4th year:	$5
Amount that must be paid back to Regional Fund in 5th year:	$5

(d) Creation of and Jurisdiction over the Expense Fund- The Expense Fund shall be established, consistent with the provisions of this Section of the Agreement, by order of the Court. The Court shall have jurisdiction over the Expense Fund, including authority to allocate and disburse amounts from the Expense Fund and to resolve any disputes concerning the Expense Fund.

(e) Allocation of Payments to Counsel from the Expense Fund- As part of the order establishing the Expense Fund, counsel for the litigating Local Governments shall seek to have the Court appoint a third-neutral to serve as a special master for purposes of allocating the Expense Fund. Within 30 days of entry of the order appointing a special master for the Expense Fund, any counsel who intend to seek an award from the Expense Fund shall provide the copies of their contingency fee contracts to the special master. The special master shall then build a mathematical model, which shall be based on each litigating Local Government's share under the Negotiation Class Metrics and the rate set forth in their contingency contracts, to calculate a proposed award for each litigating Local Government who timely provided a copy of its contingency contract.

13. **Dispute resolution-** Any one or more of the Local Governments or the State may object to an allocation or expenditure of Opioid Funds solely on the basis that the allocation or expenditure at issue (a) is inconsistent with the Approved Purposes; (b) is inconsistent with the distribution scheme as provided in paragraph,; (c) violates the limitations set forth herein with respect to administrative costs or the Expense Fund; or (d) to recover amounts advanced from the Regional Fund for the Expense Fund. There shall be no other basis for bringing an objection to the approval of an allocation or expenditure of Opioid Funds. In the event that there is a National Settlement Administrator or similar entity, the Local Governments sole action for non-payment of

amounts due from the City/County Fund shall be against the particular settling defendant and/or the National Settlement Administrator or similar entity.

C. Other Terms and Conditions

1. **Governing Law and Venue**: This Agreement will be governed by the laws of the State of Florida. Any and all litigation arising under the Agreement, unless otherwise specified in this Agreement, will be instituted in either: (a) the Court that enters the Order if the matter deals with a matter covered by the Order and the Court retains jurisdiction; or (b) the appropriate State court in Leon County, Florida.

2. **Agreement Management and Notification:** The Parties have identified the following individuals as Agreement Managers and Administrators:

a. State of Florida Agreement Manager:

Greg Slemp

PL-01, The Capitol, Tallahassee, FL 32399

850-414-3300

Greg.slemp@myfloridalegal.com

b. State of Florida Agreement Administrator

Janna Barineau

PL-01, The Capitol, Tallahassee, FL 32399

850-414-3300

Janna.barineau@myfloridalegal.com

c. Local Governments Agreement Managers and Administrators are listed on Exhibit C to this Agreement.

Changes to either the Managers or Administrators may be made by notifying the other Party in writing, without formal amendment to this Agreement.

3. **Notices**. All notices required under the Agreement will be delivered by certified mail, return receipt requested, by reputable air courier, or by personal delivery to the designee identified in paragraphs C.2., above. Either designated recipient may notify the other, in writing, if someone else is designated to receive notice.

4. **Cooperation with Inspector General:** Pursuant to section 20.055, Florida Statutes, the Parties, understand and will comply with their duty to cooperate with the Inspector General in any investigation, audit, inspection, review, or hearing.

5. **Public Records**: The Parties will keep and maintain public records pursuant to Chapter 119, Florida Statutes and will comply will all applicable provisions of that Chapter.

6. **Modification**: This Agreement may only be modified by a written amendment between the appropriate parties. No promises or agreements made subsequent to the execution of this Agreement shall be binding unless express, reduced to writing, and signed by the Parties.

7. **Execution in Counterparts**: This Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original, but all of which together shall constitute one and the same instrument.

8. **Assignment:** The rights granted in this Agreement may not be assigned or transferred by any party without the prior written approval of the other party. No party shall be permitted to delegate its responsibilities or obligations under this Agreement without the prior written approval of the other parties.

9. **Additional Documents:** The Parties agree to cooperate fully and execute any and all supplementary documents and to take all additional actions which may be reasonably necessary or appropriate to give full force and effect to the basic terms and intent of this Agreement.

10. **Captions:** The captions contained in this Agreement are for convenience only and shall in no way define, limit, extend or describe the scope of this Agreement or any part of it.

11. **Entire Agreement:** This Agreement, including any attachments, embodies the entire agreement of the parties. There are no other provisions, terms, conditions, or obligations. This Agreement supersedes all previous oral or written communications, representations or agreements on this subject.

12. **Construction:** The parties hereto hereby mutually acknowledge and represent that they have been fully advised by their respective legal counsel of their rights and responsibilities under this Agreement, that they have read, know, and understand completely the contents hereof, and that they have voluntarily executed the same. The parties hereto further hereby mutually acknowledge that they have had input into the drafting of this Agreement and that, accordingly, in any construction to be made of this Agreement, it shall not be construed for or against any party, but rather shall be given a fair and reasonable interpretation, based on the plain language of the Agreement and the expressed intent of the parties.

13. **Capacity to Execute Agreement:** The parties hereto hereby represent and warrant that the individuals signing this Agreement on their behalf are duly authorized and fully competent to do so.

14. **Effectiveness:** This Agreement shall become effective on the date on which the last required signature is affixed to this Agreement.

IN WITNESS THEREOF, the parties hereto have caused the Agreement to be executed by their undersigned officials as duly authorized.

STATE OF FLORIDA

11/15/2021

By: John Guard DATED

Its: Chief Deputy Attorney General

EXHIBIT A

Schedule A

Core Strategies

States and Qualifying Block Grantees shall choose from among the abatement strategies listed in Schedule B. However, priority shall be given to the following core abatement strategies ("**Core Strategies**")[, such that a minimum of __% of the [aggregate] state-level abatement distributions shall be spent on [one or more of] them annually].[1]

A. Naloxone or other FDA-approved drug to reverse opioid overdoses

1. Expand training for first responders, schools, community support groups and families; and

2. Increase distribution to individuals who are uninsured or whose insurance does not cover the needed service.

B. Medication-Assisted Treatment ("MAT") Distribution and other opioid-related treatment

1. Increase distribution of MAT to non-Medicaid eligible or uninsured individuals;

2. Provide education to school-based and youth-focused programs that discourage or prevent misuse;

3. Provide MAT education and awareness training to healthcare providers, EMTs, law enforcement, and other first responders; and

4. Treatment and Recovery Support Services such as residential and inpatient treatment, intensive outpatient treatment, outpatient therapy or counseling, and recovery housing that allow or integrate medication with other support services.

C. Pregnant & Postpartum Women

1. Expand Screening, Brief Intervention, and Referral to Treatment ("SBIRT") services to non-Medicaid eligible or uninsured pregnant women;

2. Expand comprehensive evidence-based treatment and recovery services, including MAT, for women with co-occurring Opioid Use Disorder ("OUD") and other Substance Use Disorder ("SUD")/Mental Health disorders for uninsured individuals for up to 12 months postpartum; and

3. Provide comprehensive wrap-around services to individuals with Opioid Use Disorder (OUD) including housing, transportation, job placement/training, and childcare.

D. Expanding Treatment for Neonatal Abstinence Syndrome

1. Expand comprehensive evidence-based and recovery support for NAS babies;

2. Expand services for better continuum of care with infant-need dyad; and

3. Expand long-term treatment and services for medical monitoring of NAS babies and their families.

---

[1] As used in this Schedule A, words like "expand," "fund," "provide" or the like shall not indicate a preference for new or existing programs. Priorities will be established through the mechanisms described in the Term Sheet.

E. Expansion of Warm Hand-off Programs and Recovery Services

1. Expand services such as navigators and on-call teams to begin MAT in hospital emergency departments;

2. Expand warm hand-off services to transition to recovery services;

3. Broaden scope of recovery services to include co-occurring SUD or mental health conditions. ;

4. Provide comprehensive wrap-around services to individuals in recovery including housing, transportation, job placement/training, and childcare; and

5. Hire additional social workers or other behavioral health workers to facilitate expansions above.

F. Treatment for Incarcerated Population

1. Provide evidence-based treatment and recovery support including MAT for persons with OUD and co-occurring SUD/MH disorders within and transitioning out of the criminal justice system; and

2. Increase funding for jails to provide treatment to inmates with OUD.

G. Prevention Programs

1. Funding for media campaigns to prevent opioid use (similar to the FDA's "Real Cost" campaign to prevent youth from misusing tobacco);

2. Funding for evidence-based prevention programs in schools.;

3. Funding for medical provider education and outreach regarding best prescribing practices for opioids consistent with the 2016 CDC guidelines, including providers at hospitals (academic detailing);

4. Funding for community drug disposal programs; and

5. Funding and training for first responders to participate in pre-arrest diversion programs, post-overdose response teams, or similar strategies that connect at-risk individuals to behavioral health services and supports.

H. Expanding Syringe Service Programs

1. Provide comprehensive syringe services programs with more wrap-around services including linkage to OUD treatment, access to sterile syringes, and linkage to care and treatment of infectious diseases.

I. Evidence-based data collection and research analyzing the effectiveness of the abatement strategies within the State.

EXHIBIT B

Schedule B

Approved Uses

PART ONE: TREATMENT

A. TREAT OPIOID USE DISORDER (OUD)

Support treatment of Opioid Use Disorder (OUD) and any co-occurring Substance Use Disorder or Mental Health (SUD/MH) conditions through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:[2]

1. Expand availability of treatment for OUD and any co-occurring SUD/MH conditions, including all forms of Medication-Assisted Treatment (MAT) approved by the U.S. Food and Drug Administration.

2. Support and reimburse evidence-based services that adhere to the American Society of Addiction Medicine (ASAM) continuum of care for OUD and any co-occurring SUD/MH conditions

3. Expand telehealth to increase access to treatment for OUD and any co-occurring SUD/MH conditions, including MAT, as well as counseling, psychiatric support, and other treatment and recovery support services.

4. Improve oversight of Opioid Treatment Programs (OTPs) to assure evidence-based or evidence-informed practices such as adequate methadone dosing and low threshold approaches to treatment.

5. Support mobile intervention, treatment, and recovery services, offered by qualified professionals and service providers, such as peer recovery coaches, for persons with OUD and any co-occurring SUD/MH conditions and for persons who have experienced an opioid overdose.

6. Treatment of trauma for individuals with OUD (e.g., violence, sexual assault, human trafficking, or adverse childhood experiences) and family members (e.g., surviving family members after an overdose or overdose fatality), and training of health care personnel to identify and address such trauma.

7. Support evidence-based withdrawal management services for people with OUD and any co-occurring mental health conditions.

8. Training on MAT for health care providers, first responders, students, or other supporting professionals, such as peer recovery coaches or recovery outreach specialists, including telementoring to assist community-based providers in rural or underserved areas.

9. Support workforce development for addiction professionals who work with persons with OUD and any co-occurring SUD/MH conditions.

10. Fellowships for addiction medicine specialists for direct patient care, instructors, and clinical research for treatments.

11. Scholarships and supports for behavioral health practitioners or workers involved in addressing OUD and any co-occurring SUD or mental health conditions, including but not limited to training,

---

[2] As used in this Schedule B, words like "expand," "fund," "provide" or the like shall not indicate a preference for new or existing programs. Priorities will be established through the mechanisms described in the Term Sheet.

scholarships, fellowships, loan repayment programs, or other incentives for providers to work in rural or underserved areas.

12. [Intentionally Blank – to be cleaned up later for numbering]

13. Provide funding and training for clinicians to obtain a waiver under the federal Drug Addiction Treatment Act of 2000 (DATA 2000) to prescribe MAT for OUD, and provide technical assistance and professional support to clinicians who have obtained a DATA 2000 waiver.

14. Dissemination of web-based training curricula, such as the American Academy of Addiction Psychiatry's Provider Clinical Support Service-Opioids web-based training curriculum and motivational interviewing.

15. Development and dissemination of new curricula, such as the American Academy of Addiction Psychiatry's Provider Clinical Support Service for Medication-Assisted Treatment.

B. SUPPORT PEOPLE IN TREATMENT AND RECOVERY

Support people in treatment for or recovery from OUD and any co-occurring SUD/MH conditions through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

1. Provide comprehensive wrap-around services to individuals with OUD and any co-occurring SUD/MH conditions, including housing, transportation, education, job placement, job training, or childcare.

2. Provide the full continuum of care of treatment and recovery services for OUD and any co-occurring SUD/MH conditions, including supportive housing, peer support services and counseling, community navigators, case management, and connections to community-based services.

3. Provide counseling, peer-support, recovery case management and residential treatment with access to medications for those who need it to persons with OUD and any co-occurring SUD/MH conditions.

4. Provide access to housing for people with OUD and any co-occurring SUD/MH conditions, including supportive housing, recovery housing, housing assistance programs, training for housing providers, or recovery housing programs that allow or integrate FDA-approved medication with other support services.

5. Provide community support services, including social and legal services, to assist in deinstitutionalizing persons with OUD and any co-occurring SUD/MH conditions.

6. Support or expand peer-recovery centers, which may include support groups, social events, computer access, or other services for persons with OUD and any co-occurring SUD/MH conditions.

7. Provide or support transportation to treatment or recovery programs or services for persons with OUD and any co-occurring SUD/MH conditions.

8. Provide employment training or educational services for persons in treatment for or recovery from OUD and any co-occurring SUD/MH conditions.

9. Identify successful recovery programs such as physician, pilot, and college recovery programs, and provide support and technical assistance to increase the number and capacity of high-quality programs to help those in recovery.

10. Engage non-profits, faith-based communities, and community coalitions to support people in treatment and recovery and to support family members in their efforts to support the person with OUD in the family.

11. Training and development of procedures for government staff to appropriately interact and provide social and other services to individuals with or in recovery from OUD, including reducing stigma.

12. Support stigma reduction efforts regarding treatment and support for persons with OUD, including reducing the stigma on effective treatment.

13. Create or support culturally appropriate services and programs for persons with OUD and any co-occurring SUD/MH conditions, including new Americans.

14. Create and/or support recovery high schools.

15. Hire or train behavioral health workers to provide or expand any of the services or supports listed above.

C. CONNECT PEOPLE WHO NEED HELP TO THE HELP THEY NEED (CONNECTIONS TO CARE)

Provide connections to care for people who have – or at risk of developing – OUD and any co-occurring SUD/MH conditions through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

1. Ensure that health care providers are screening for OUD and other risk factors and know how to appropriately counsel and treat (or refer if necessary) a patient for OUD treatment.

2. Fund Screening, Brief Intervention and Referral to Treatment (SBIRT) programs to reduce the transition from use to disorders, including SBIRT services to pregnant women who are uninsured or not eligible for Medicaid.

3. Provide training and long-term implementation of SBIRT in key systems (health, schools, colleges, criminal justice, and probation), with a focus on youth and young adults when transition from misuse to opioid disorder is common.

4. Purchase automated versions of SBIRT and support ongoing costs of the technology.

5. Expand services such as navigators and on-call teams to begin MAT in hospital emergency departments.

6. Training for emergency room personnel treating opioid overdose patients on post-discharge planning, including community referrals for MAT, recovery case management or support services.

7. Support hospital programs that transition persons with OUD and any co-occurring SUD/MH conditions, or persons who have experienced an opioid overdose, into clinically-appropriate follow-up care through a bridge clinic or similar approach.

8. Support crisis stabilization centers that serve as an alternative to hospital emergency departments for persons with OUD and any co-occurring SUD/MH conditions or persons that have experienced an opioid overdose.

9. Support the work of Emergency Medical Systems, including peer support specialists, to connect individuals to treatment or other appropriate services following an opioid overdose or other opioid-related adverse event.

10. Provide funding for peer support specialists or recovery coaches in emergency departments, detox facilities, recovery centers, recovery housing, or similar settings; offer services, supports, or connections to care to persons with OUD and any co-occurring SUD/MH conditions or to persons who have experienced an opioid overdose.

11. Expand warm hand-off services to transition to recovery services.

12. Create or support school-based contacts that parents can engage with to seek immediate treatment services for their child; and support prevention, intervention, treatment, and recovery programs focused on young people.

13. Develop and support best practices on addressing OUD in the workplace.

14. Support assistance programs for health care providers with OUD.

15. Engage non-profits and the faith community as a system to support outreach for treatment.

16. Support centralized call centers that provide information and connections to appropriate services and supports for persons with OUD and any co-occurring SUD/MH conditions.

D. ADDRESS THE NEEDS OF CRIMINAL-JUSTICE-INVOLVED PERSONS

Address the needs of persons with OUD and any co-occurring SUD/MH conditions who are involved in, are at risk of becoming involved in, or are transitioning out of the criminal justice system through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

1. Support pre-arrest or pre-arraignment diversion and deflection strategies for persons with OUD and any co-occurring SUD/MH conditions, including established strategies such as:

    a. Self-referral strategies such as the Angel Programs or the Police Assisted Addiction Recovery Initiative (PAARI);

    b. Active outreach strategies such as the Drug Abuse Response Team (DART) model;

    c. “Naloxone Plus” strategies, which work to ensure that individuals who have received naloxone to reverse the effects of an overdose are then linked to treatment programs or other appropriate services;

    d. Officer prevention strategies, such as the Law Enforcement Assisted Diversion (LEAD) model;

    e. Officer intervention strategies such as the Leon County, Florida Adult Civil Citation Network or the Chicago Westside Narcotics Diversion to Treatment Initiative; or

f. Co-responder and/or alternative responder models to address OUD-related 911 calls with greater SUD expertise

2. Support pre-trial services that connect individuals with OUD and any co-occurring SUD/MH conditions to evidence-informed treatment, including MAT, and related services.

3. Support treatment and recovery courts that provide evidence-based options for persons with OUD and any co-occurring SUD/MH conditions

4. Provide evidence-informed treatment, including MAT, recovery support, harm reduction, or other appropriate services to individuals with OUD and any co-occurring SUD/MH conditions who are incarcerated in jail or prison.

5. Provide evidence-informed treatment, including MAT, recovery support, harm reduction, or other appropriate services to individuals with OUD and any co-occurring SUD/MH conditions who are leaving jail or prison have recently left jail or prison, are on probation or parole, are under community corrections supervision, or are in re-entry programs or facilities.

6. Support critical time interventions (CTI), particularly for individuals living with dual-diagnosis OUD/serious mental illness, and services for individuals who face immediate risks and service needs and risks upon release from correctional settings.

7. Provide training on best practices for addressing the needs of criminal-justice-involved persons with OUD and any co-occurring SUD/MH conditions to law enforcement, correctional, or judicial personnel or to providers of treatment, recovery, harm reduction, case management, or other services offered in connection with any of the strategies described in this section.

E. ADDRESS THE NEEDS OF PREGNANT OR PARENTING WOMEN AND THEIR FAMILIES, INCLUDING BABIES WITH NEONATAL ABSTINENCE SYNDROME

Address the needs of pregnant or parenting women with OUD and any co-occurring SUD/MH conditions, and the needs of their families, including babies with neonatal abstinence syndrome (NAS), through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

1. Support evidence-based or evidence-informed treatment, including MAT, recovery services and supports, and prevention services for pregnant women – or women who could become pregnant – who have OUD and any co-occurring SUD/MH conditions, and other measures to educate and provide support to families affected by Neonatal Abstinence Syndrome.

2. Expand comprehensive evidence-based treatment and recovery services, including MAT, for uninsured women with OUD and any co-occurring SUD/MH conditions for up to 12 months postpartum.

3. Training for obstetricians or other healthcare personnel that work with pregnant women and their families regarding treatment of OUD and any co-occurring SUD/MH conditions.

4. Expand comprehensive evidence-based treatment and recovery support for NAS babies; expand services for better continuum of care with infant-need dyad; expand long-term treatment and services for medical monitoring of NAS babies and their families.

5. Provide training to health care providers who work with pregnant or parenting women on best practices for compliance with federal requirements that children born with Neonatal Abstinence Syndrome get referred to appropriate services and receive a plan of safe care.

6. Child and family supports for parenting women with OUD and any co-occurring SUD/MH conditions.

7. Enhanced family supports and child care services for parents with OUD and any co-occurring SUD/MH conditions.

8. Provide enhanced support for children and family members suffering trauma as a result of addiction in the family; and offer trauma-informed behavioral health treatment for adverse childhood events.

9. Offer home-based wrap-around services to persons with OUD and any co-occurring SUD/MH conditions, including but not limited to parent skills training.

10. Support for Children's Services – Fund additional positions and services, including supportive housing and other residential services, relating to children being removed from the home and/or placed in foster care due to custodial opioid use.

PART TWO: PREVENTION

F. PREVENT OVER-PRESCRIBING AND ENSURE APPROPRIATE PRESCRIBING AND DISPENSING OF OPIOIDS

Support efforts to prevent over-prescribing and ensure appropriate prescribing and dispensing of opioids through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

1. Fund medical provider education and outreach regarding best prescribing practices for opioids consistent with Guidelines for Prescribing Opioids for Chronic Pain from the U.S. Centers for Disease Control and Prevention, including providers at hospitals (academic detailing).

2. Training for health care providers regarding safe and responsible opioid prescribing, dosing, and tapering patients off opioids.

3. Continuing Medical Education (CME) on appropriate prescribing of opioids.

4. Support for non-opioid pain treatment alternatives, including training providers to offer or refer to multi-modal, evidence-informed treatment of pain.

5. Support enhancements or improvements to Prescription Drug Monitoring Programs (PDMPs), including but not limited to improvements that:

    a. Increase the number of prescribers using PDMPs;

    b. Improve point-of-care decision-making by increasing the quantity, quality, or format of data available to prescribers using PDMPs, by improving the interface that prescribers use to access PDMP data, or both; or

c. Enable states to use PDMP data in support of surveillance or intervention strategies, including MAT referrals and follow-up for individuals identified within PDMP data as likely to experience OUD in a manner that complies with all relevant privacy and security laws and rules.

6. Ensuring PDMPs incorporate available overdose/naloxone deployment data, including the United States Department of Transportation's Emergency Medical Technician overdose database in a manner that complies with all relevant privacy and security laws and rules.

7. Increase electronic prescribing to prevent diversion or forgery.

8. Educate Dispensers on appropriate opioid dispensing.

G. PREVENT MISUSE OF OPIOIDS

Support efforts to discourage or prevent misuse of opioids through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

1. Fund media campaigns to prevent opioid misuse.

2. Corrective advertising or affirmative public education campaigns based on evidence.

3. Public education relating to drug disposal.

4. Drug take-back disposal or destruction programs.

5. Fund community anti-drug coalitions that engage in drug prevention efforts.

6. Support community coalitions in implementing evidence-informed prevention, such as reduced social access and physical access, stigma reduction – including staffing, educational campaigns, support for people in treatment or recovery, or training of coalitions in evidence-informed implementation, including the Strategic Prevention Framework developed by the U.S. Substance Abuse and Mental Health Services Administration (SAMHSA).

7. Engage non-profits and faith-based communities as systems to support prevention.

8. Fund evidence-based prevention programs in schools or evidence-informed school and community education programs and campaigns for students, families, school employees, school athletic programs, parent-teacher and student associations, and others.

9. School-based or youth-focused programs or strategies that have demonstrated effectiveness in preventing drug misuse and seem likely to be effective in preventing the uptake and use of opioids.

10. Create of support community-based education or intervention services for families, youth, and adolescents at risk for OUD and any co-occurring SUD/MH conditions.

11. Support evidence-informed programs or curricula to address mental health needs of young people who may be at risk of misusing opioids or other drugs, including emotional modulation and resilience skills.

12. Support greater access to mental health services and supports for young people, including services and supports provided by school nurses, behavioral health workers or other school staff, to address

mental health needs in young people that (when not properly addressed) increase the risk of opioid or other drug misuse.

H. PREVENT OVERDOSE DEATHS AND OTHER HARMS (HARM REDUCTION)

Support efforts to prevent or reduce overdose deaths or other opioid-related harms through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

1. Increase availability and distribution of naloxone and other drugs that treat overdoses for first responders, overdose patients, individuals with OUD and their friends and family members, individuals at high risk of overdose, schools, community navigators and outreach workers, persons being released from jail or prison, or other members of the general public.

2. Public health entities provide free naloxone to anyone in the community

3. Training and education regarding naloxone and other drugs that treat overdoses for first responders, overdose patients, patients taking opioids, families, schools, community support groups, and other members of the general public.

4. Enable school nurses and other school staff to respond to opioid overdoses, and provide them with naloxone, training, and support.

5. Expand, improve, or develop data tracking software and applications for overdoses/naloxone revivals.

6. Public education relating to emergency responses to overdoses.

7. Public education relating to immunity and Good Samaritan laws.

8. Educate first responders regarding the existence and operation of immunity and Good Samaritan laws.

9. Syringe service programs and other evidence-informed programs to reduce harms associated with intravenous drug use, including supplies, staffing, space, peer support services, referrals to treatment, fentanyl checking, connections to care, and the full range of harm reduction and treatment services provided by these programs.

10. Expand access to testing and treatment for infectious diseases such as HIV and Hepatitis C resulting from intravenous opioid use.

11. Support mobile units that offer or provide referrals to harm reduction services, treatment, recovery supports, health care, or other appropriate services to persons that use opioids or persons with OUD and any co-occurring SUD/MH conditions.

12. Provide training in harm reduction strategies to health care providers, students, peer recovery coaches, recovery outreach specialists, or other professionals that provide care to persons who use opioids or persons with OUD and any co-occurring SUD/MH conditions.

13. Support screening for fentanyl in routine clinical toxicology testing.

PART THREE: OTHER STRATEGIES

I. FIRST RESPONDERS

In addition to items in sections C, D, and H relating to first responders, support the following:

1. Educate law enforcement or other first responders regarding appropriate practices and precautions when dealing with fentanyl or other drugs.

2. Provision of wellness and support services for first responders and others who experience secondary trauma associated with opioid-related emergency events.

J. LEADERSHIP, PLANNING AND COORDINATION

Support efforts to provide leadership, planning, coordination, facilitation, training and technical assistance to abate the opioid epidemic through activities, programs, or strategies that may include, but are not limited to, the following:

1. Statewide, regional, local, or community regional planning to identify root causes of addiction and overdose, goals for reducing harms related to the opioid epidemic, and areas and populations with the greatest needs for treatment intervention services; to support training and technical assistance; or to support other strategies to abate the opioid epidemic described in this opioid abatement strategy list.

2. A dashboard to share reports, recommendations, or plans to spend opioid settlement funds; to show how opioid settlement funds have been spent; to report program or strategy outcomes; or to track, share, or visualize key opioid-related or health-related indicators and supports as identified through collaborative statewide, regional, local, or community processes.

3. Invest in infrastructure or staffing at government or not-for-profit agencies to support collaborative, cross-system coordination with the purpose of preventing overprescribing, opioid misuse, or opioid overdoses, treating those with OUD and any co-occurring SUD/MH conditions, supporting them in treatment or recovery, connecting them to care, or implementing other strategies to abate the opioid epidemic described in this opioid abatement strategy list.

4. Provide resources to staff government oversight and management of opioid abatement programs.

K. TRAINING

In addition to the training referred to throughout this document, support training to abate the opioid epidemic through activities, programs, or strategies that may include, but are not limited to, the following:

1. Provide funding for staff training or networking programs and services to improve the capability of government, community, and not-for-profit entities to abate the opioid crisis.

2. Support infrastructure and staffing for collaborative cross-system coordination to prevent opioid misuse, prevent overdoses, and treat those with OUD and any co-occurring SUD/MH conditions, or implement other strategies to abate the opioid epidemic described in this opioid abatement strategy list (e.g., health care, primary care, pharmacies, PDMPs, etc.).

L. RESEARCH

Support opioid abatement research that may include, but is not limited to, the following:

1. Monitoring, surveillance, data collection, and evaluation of programs and strategies described in this opioid abatement strategy list.

2. Research non-opioid treatment of chronic pain.

3. Research on improved service delivery for modalities such as SBIRT that demonstrate promising but mixed results in populations vulnerable to opioid use disorders.

4. Research on novel harm reduction and prevention efforts such as the provision of fentanyl test strips.

5. Research on innovative supply-side enforcement efforts such as improved detection of mail-based delivery of synthetic opioids.

6. Expanded research on swift/certain/fair models to reduce and deter opioid misuse within criminal justice populations that build upon promising approaches used to address other substances (e.g. Hawaii HOPE and Dakota 24/7).

7. Epidemiological surveillance of OUD-related behaviors in critical populations including individuals entering the criminal justice system, including but not limited to approaches modeled on the Arrestee Drug Abuse Monitoring (ADAM) system.

8. Qualitative and quantitative research regarding public health risks and harm reduction opportunities within illicit drug markets, including surveys of market participants who sell or distribute illicit opioids.

9. Geospatial analysis of access barriers to MAT and their association with treatment engagement and treatment outcomes.

EXHIBIT C

Schedule A

Core Strategies

States and Qualifying Block Grantees shall choose from among the abatement strategies listed in Schedule B. However, priority shall be given to the following core abatement strategies ("**Core Strategies**")[, such that a minimum of __% of the [aggregate] state-level abatement distributions shall be spent on [one or more of] them annually].[1]

A. Naloxone or other FDA-approved drug to reverse opioid overdoses

1. Expand training for first responders, schools, community support groups and families; and

2. Increase distribution to individuals who are uninsured or whose insurance does not cover the needed service.

B. Medication-Assisted Treatment ("MAT") Distribution and other opioid-related treatment

1. Increase distribution of MAT to non-Medicaid eligible or uninsured individuals;

2. Provide education to school-based and youth-focused programs that discourage or prevent misuse;

3. Provide MAT education and awareness training to healthcare providers, EMTs, law enforcement, and other first responders; and

4. Treatment and Recovery Support Services such as residential and inpatient treatment, intensive outpatient treatment, outpatient therapy or counseling, and recovery housing that allow or integrate medication with other support services.

C. Pregnant & Postpartum Women

1. Expand Screening, Brief Intervention, and Referral to Treatment ("SBIRT") services to non-Medicaid eligible or uninsured pregnant women;

2. Expand comprehensive evidence-based treatment and recovery services, including MAT, for women with co-occurring Opioid Use Disorder ("OUD") and other Substance Use Disorder ("SUD")/Mental Health disorders for uninsured individuals for up to 12 months postpartum; and

3. Provide comprehensive wrap-around services to individuals with Opioid Use Disorder (OUD) including housing, transportation, job placement/training, and childcare.

D. Expanding Treatment for Neonatal Abstinence Syndrome

1. Expand comprehensive evidence-based and recovery support for NAS babies;

2. Expand services for better continuum of care with infant-need dyad; and

3. Expand long-term treatment and services for medical monitoring of NAS babies and their families.

---

[1] As used in this Schedule A, words like "expand," "fund," "provide" or the like shall not indicate a preference for new or existing programs. Priorities will be established through the mechanisms described in the Term Sheet.

E. Expansion of Warm Hand-off Programs and Recovery Services

1. Expand services such as navigators and on-call teams to begin MAT in hospital emergency departments;

2. Expand warm hand-off services to transition to recovery services;

3. Broaden scope of recovery services to include co-occurring SUD or mental health conditions. ;

4. Provide comprehensive wrap-around services to individuals in recovery including housing, transportation, job placement/training, and childcare; and

5. Hire additional social workers or other behavioral health workers to facilitate expansions above.

F. Treatment for Incarcerated Population

1. Provide evidence-based treatment and recovery support including MAT for persons with OUD and co-occurring SUD/MH disorders within and transitioning out of the criminal justice system; and

2. Increase funding for jails to provide treatment to inmates with OUD.

G. Prevention Programs

1. Funding for media campaigns to prevent opioid use (similar to the FDA's "Real Cost" campaign to prevent youth from misusing tobacco);

2. Funding for evidence-based prevention programs in schools.;

3. Funding for medical provider education and outreach regarding best prescribing practices for opioids consistent with the 2016 CDC guidelines, including providers at hospitals (academic detailing);

4. Funding for community drug disposal programs; and

5. Funding and training for first responders to participate in pre-arrest diversion programs, post-overdose response teams, or similar strategies that connect at-risk individuals to behavioral health services and supports.

H. Expanding Syringe Service Programs

1. Provide comprehensive syringe services programs with more wrap-around services including linkage to OUD treatment, access to sterile syringes, and linkage to care and treatment of infectious diseases.

I. Evidence-based data collection and research analyzing the effectiveness of the abatement strategies within the State.

Office of the Mayor

Village of Palm Springs, Florida

Proclamation

WHEREAS, Village of Palm Springs residents and visitors engage in bicycling as a viable and environmentally sound form of transportation and an excellent form of physical activity and recreation; and

WHEREAS, the State of Florida recognizes March officially as Bicycle Month, and Palm Beach County will recognize it locally; and

WHEREAS, Florida Bicycle Month features many fitness opportunities and events for riders of all ages to enjoy throughout the month at various parks and locations throughout Palm Beach County; and

WHEREAS, the recognition of Florida Bicycle Month will raise awareness of bicycling and ultimately promote physical activity and healthy lifestyles by elevating bicycling as a more widely accepted choice of transportation;

WHEREAS, the Palm Beach Transportation Planning Agency plans and recommends projects to make bicycling more accessible and promotes comprehensive community education efforts aimed at improving bicycle safety; and

WHEREAS, through these efforts, Palm Beach County now has over 255 miles of designated bicycle facilities, with more than 600 miles of additional bicycle facilities planned and will continue to promote a connected network of improved bicycle level of service; and

WHEREAS, on March 5, 2022, the Village of Palm Springs Parks and Recreation Department hosted a Bicycle Safety and Awareness Event, an event to educate bicycle riders of all ages on awareness and safety associated with bicycling.

NOW, THEREFORE, I, BEV SMITH, Mayor of the Village of Palm Springs, Florida, do hereby proclaim the month of March 2022 as:

Florida Bicycle Month

BE IT FURTHER PROCLAIMED BY THE Village of Palm Springs, Florida, *that this proclamation is duly sealed, ribboned, and executed by the members of this Village Council. The foregoing proclamation was sponsored by Honorable Mayor Bev Smith, and upon unanimous consent of the Village Council, the Mayor declared the proclamation duly enacted.*

VILLAGE OF PALM SPRINGS SEAL 1957 FLORIDA

In witness whereof I have herunto set my hand and caused the seal of this city to be affixed

Mayor Beverly Smith

Date March 10, 2022

Village of Palm Springs

Staff Report

AGENDA DATE: March 10, 2022

DEPARTMENT: Planning, Zoning & Building

ITEM #21: Ordinance No. 2022-02 - Land Use Amendment (Small-Scale) - Belmont - 1591 Kirk Road - *(First Reading)(Quasi-Judicial Hearing)*

SUMMARY: Mr. Jerrod Purser, agent for D.R. Horton, Inc. ("Applicant"), is requesting a small-scale land use plan amendment on a 5.07-acre property to facilitate a multi-family (townhome) development project.

The proposed small-scale land use change would be from the existing Palm Springs designation to the new Palm Springs designation. The property is less than 50 acres in size (5.07 acres) and planned for urban (residential) use:

Existing Village Future Land Use	Proposed Village Future Land Use
Other Public Facilities	Medium Density Residential (up to 10 du/ac)

The applicant is requesting that the property be designated with the Village's Medium-Density Residential future land use category (10 du/ac), which would allow up to a maximum intensity of 50 residential dwelling units. The property was annexed into the Village of Palm Springs in 2006 and assigned Village Residential Multiple-Family and Other Public Facilities zoning and future land use designations, respectively.

Note: The subject property is bound to the west and the north by Palm Beach County residential land use.

The applicant is concurrently requesting a site plan approval (SPR22-03) and two (2) waivers for residential planned development (RPD) to construct 50 two-story fee-simple townhomes within nine (9) buildings. The proposed community would have access via Kirk Road, and amenities are expected to include playground equipment, picnic tables under a shade structure, and a trail path.

The applicant is requesting two (2) waivers for the proposed RPD site plan:

1. Relief from Sec. 34-1328 to allow a 20' wide drive aisle rather than the 26' wide required
2. Relief from Sec. 34-766(1) to allow the construction of 50 residential dwelling units within 5.07 acres rather than 10.59 acres.

The proposed site plan with waivers is presented (within this item) for informational purposes only (no action required at this time). If the proposed small-scale map amendment is approved on the 2nd and final reading, the proposed site plan will be considered by the Village Council under a separate

Resolution during the April 14th meeting.

The staff has identified the focal area of concern related to the project with the present traffic conditions at the northern section of the Kirk Road and Forest Hill Boulevard intersection, primarily because of peak traffic caused by the adjacent middle school. The main issue is the increased vehicular and pedestrian traffic during peak morning and afternoon school traffic. Palm Springs Middle School has an enrollment of 1,636 students, and the school session is from 9:30 a.m. to 4:05 p.m. The peak traffic times for this area range from 8:00 a.m. - 9:00 a.m. and 3:00 p.m. - 4:30 p.m. Kirk Road has hundreds of cars stacked for student drop off and pick up during these times. Hundreds of students cross the adjacent roads at the beginning of school and during dismissal. Officers estimate about 400 students exit the school. Many of them cross the street using the northern crosswalk to go to Dollar General, Cumberland Farms, and Woodhaven Plaza. During peak dismissal, the school staff stops vehicular traffic at the north crosswalk crossing for up to seven minutes, and crossing guards at the corner of Kirk and Forest Hill stop vehicular traffic for multiple twenty-second intervals. In addition, Palm Beach County added a second pedestrian crossing on Kirk Road north of the main intersection on Kirk and Forest Hill to alleviate crowding at the corner crossings. The end of the new crosswalk is too close to the driveway to access Dollar General. As a result, students crossing the street walk directly into traffic that turn left into Kirk since the lack of distance does not allow stacking. We believe the county could have averted this issue if the crosswalk were offset by a few feet further north away from the driveway access.

Note: The Village does not typically place conditions of approval on future land use map changes. The legislative decision as to the appropriateness of the land use, irrespective of potential development plans, is generally made with consideration to compatibility, impact on services, and need for the land use to fulfill village redevelopment and growth objectives.

The proposed request was submitted through the PBC Intergovernmental Plan Amendment Review Committee (IPARC) for intergovernmental review and no comments were received.

Note: IPARC is designated to provide coordination of proposed plan amendments, cooperation between affected local governments and service providers and provides opportunities to resolve potential disputes only within the plan amendment process.

The Planning & Zoning Board considered the requested land use plan amendment during their February 8, 2021 meeting and recommended denial. Board members expressed concerns regarding the number of units suggested, the density, and the amount of traffic generated from the new development.

The Local Planning Agency (LPA) considered this item during their March 10, 2022 meeting.

If approved on 1st reading, the proposed ordinance will be considered for 2nd and final reading by the Village Council at a future (possibly April) meeting.

FISCAL IMPACT:

The property land use amendment is not expected to provide a direct fiscal impact on the Village; however, it would facilitate development that will increase the Village's property evaluation. In addition, this project would require various Village services that will result in increased expenditures on the Village.

ORDINANCE NO. 2022-02
(SMALL SCALE LAND USE AMENDMENT)

AN ORDINANCE OF THE VILLAGE OF PALM SPRINGS, FLORIDA, AMENDING THE COMPREHENSIVE LAND USE PLAN OF THE VILLAGE, PURSUANT TO THE "SMALL SCALE" COMPREHENSIVE LAND USE AMENDMENT LAWS OF THE STATE OF FLORIDA, FOR A 5.07-ACRE PARCEL AND PLANNED FOR "MEDIUM DENSITY RESIDENTIAL" LOCATED AT 1591 KIRK ROAD, AND BEING MORE FULLY DESCRIBED IN EXHIBIT "A" ATTACHED HERETO, FROM A FUTURE LAND USE DESIGNATION OF "OTHER PUBLIC FACILITIES" TO A FUTURE LAND USE DESIGNATION OF "MEDIUM DENSITY RESIDENTIAL"; THE ZONING DESIGNATION WILL REMAIN AS "RESIDENTIAL MULTIPLE- FAMILY (RM)" DISTRICT ON THE VILLAGE OF PALM SPRINGS OFFICIAL ZONING MAP; PROVIDING DIRECTIONS TO THE VILLAGE CLERK; PROVIDING FOR REPEAL OF ALL ORDINANCES IN CONFLICT; PROVIDING FOR SEVERABILITY; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Village has determined the need to amend the land use designation for a parcel less than 50 acres in size (5.07 acres) that is currently a church, and is currently proposed for "medium density residential" use located at 1591 Kirk Road; and

WHEREAS, the Village will initiate the small-scale land use from the existing Village of Palm Springs designations. The subject property is less than 50 acres in size; and

WHEREAS, there is a limitation of ten (10) dwelling units' maximum on the property; and

WHEREAS, the Village has adopted a Comprehensive Plan pursuant to the Local Government Comprehensive Planning and Land Development Regulation Act (the "Act"); and

WHEREAS, the Village Council, sitting as the Village's Local Planning Agency (the "LPA") will consider this item on March 10, 2022, and their recommendation will be provided to the Council prior to consideration; and

WHEREAS, the Village Council has considered the request of Village Staff for small-scale land use amendment; and

WHEREAS, the Village Council has determined that granting the request for land use amendment serves a valid public purpose.

NOW THEREFORE, BE IT ORDAINED BY THE VILLAGE COUNCIL OF THE VILLAGE OF PALM SPRINGS, FLORIDA:

Section 1. Findings. The Village Council finds the above statements are true and correct and serve as a basis for consideration of this ordinance.

Section 2. Future Land Use. The Future Land Use designation in the Village's Comprehensive Land Use Plan for the lands described herein, as more particularly designated in **"Exhibit A"** shall be established as "Medium Density Residential" land use. Until such time as the appeal period expires, (if challenged, the new Future Land Use Designation is not effective until such time as the state land planning agency or the Administration Commission issues a final order of compliance) but not sooner than 31 days following the effective date of this ordinance, all development of said lands shall be subject to the requirement of the existing Village Land Use Plan, Zoning, and Subdivision Regulations.

Section 3. Repeal of Conflicting Ordinances. All Ordinances, Resolutions or parts of Ordinances and Resolutions in conflict herewith are hereby repealed.

Section 4. Severability. If any word, clause, sentence, paragraph, section, or part thereof contained in this Ordinance is declared to be unconstitutional, unenforceable, void, or inoperative by a court of competent jurisdiction, such declaration shall not affect the validity of the remainder of this Ordinance.

Section 5. Effective Date. This Ordinance shall become effective thirty-one (31) days from adoption.

Council Member_____ offered the foregoing Ordinance and moved its adoption. The motion was seconded by Council Member _____and upon being put to a vote, the vote was as follows:

	Aye	Nay	Absent
BEV SMITH, MAYOR	□	□	□
GARY READY, VICE MAYOR	□	□	□
DOUG GUNTHER, MAYOR PRO TEM	□	□	□
PATTI WALLER, COUNCIL MEMBER	□	□	□

Belmont – 1591 Kirk Road

Application Summary			
Applicant / Petitioner	D.R. Horton, Inc. (Contract Purchaser) Jerrod Purser; WGI, Inc. (Agent)	**Submittal Date**	4/29/2021
Reference Name	Belmont	**Case Number**	**SPR22-03**
		Parcel Control No.	70-42-44-12-39-000-0020
Location	1591 Kirk Road	**Site Area**	± 6.12 gross acres ± 5.07 net acres
P&Z B Meeting	Tuesday, February 8, 2022	**Local Planning Agency**	Thursday, March 10, 2022
Council Meeting (after LPA, 1st Reading)	Thursday, March 10, 2022	**Council Meeting (2nd Reading)**	Thursday, April 14, 2022
Requests			
Proposed Use	Small-Scale Future Land Use Amendment to change the land use from Other Public Facilities to Medium Density Residential and Residential Planned Development Site Plan with waivers for the construction of 50 two-story fee-simple townhomes within nine (9) buildings.		
Number of Buildings	Nine (9) Buildings (approximately 93,764 S.F. total) Seven (7) six-unit buildings (approximately 78,848 S.F. total) Two (2) four-unit buildings (approximately 14,916 S.F. total)		
Waivers	1. Requesting a waiver from Sec. 34-1328 to allow a 20' parking drive aisle instead of the 26' parking drive aisle required. 2. Requesting a waiver from Sec. 34-766(1) to allow a minimum lot area of 5.07 acres (220,849 SF) instead of the 10.59 acres (461,500 SF) minimum requirement.		

Parking			
Code	**Required**	**Provided**	**Meets Requirement**
Total Parking	**Total of 157 spaces needed** 2.5/ DU + 25% for guest	165 spaces total 50 One-Car Garages, 68 Driveway spaces, 47 guest spaces	Yes

Setbacks			
Code	**Required Minimum**	**Proposed**	**Meets Requirement**
Front Yard	25'	30'	Yes
Rear Yard	20'	20'	Yes
Side Yard	20'	20'	Yes

Site Characteristics			
Existing Use	Church	**Proposed Use**	Townhomes
Existing Zoning	Residential Multiple-Family (RM)	**Proposed Zoning**	Residential Multiple-Family (RM)
Existing Future Land Use	Other Public Facilities	**Proposed Future Land Use**	Medium Density Residential
Proposed Density	9.86 du/acres (Maximum permitted on Medium Density Residential is 10 du/acre)		

Surrounding Existing Land Use, Future Land Use, and Zoning			
Direction	**Existing Use**	**Future Land Use**	**Zoning District**
North	LWDD Canal	Unincorporated PBC	Unincorporated PBC
South	Retail	Commercial	Commercial General (CG)
East	Palm Springs Middle School	Education	Governmental (G)
West	Multi-Family Residences	Unincorporated PBC	Unincorporated PBC

Recommendation

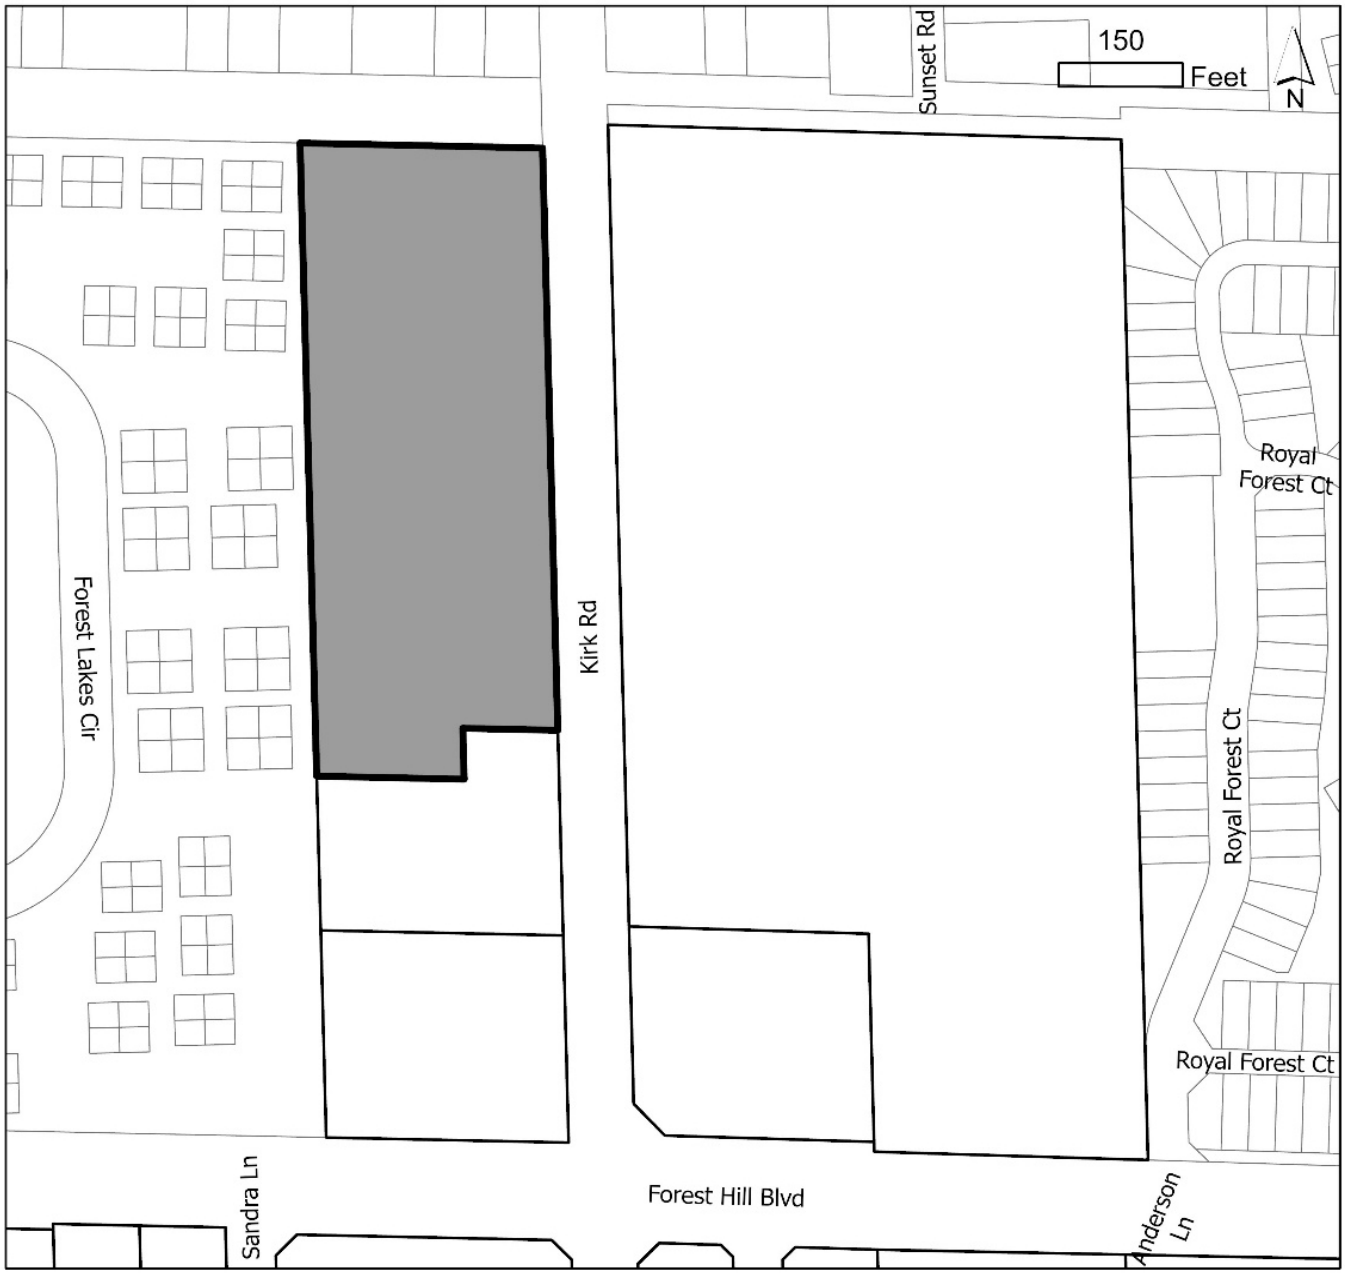
Staff has concerns regarding congestion issues due to high pedestrian traffic during the neighboring school's entry and dismissal. A second pedestrian crossing on Kirk Road was added crossing north of the main intersection on Kirk and Forest Hill to prevent jaywalking and alleviate crowding in the corner crossings. However, the end of the new crosswalk is too close to the driveway access to Dollar General. As a result, students crossing the street walk directly into traffic turning left into Kirk since the lack of distance does not allow stacking.

Staff highly recommends the following:

1) Adding a pedestrian crossing light at the secondary crossing or eliminating the secondary pedestrian crossing completely.
2) Designating the right exit lane, from the new community, a turn-right-only lane during school zone hours to reduce traffic conflicts during peak traffic hours (8:00 – 9:00 am and 3:00pm – 4:30 pm)

Even with the concerns outlined in this staff report, Planning, Zoning & Building Staff recommends conditional approval of the new residential medium density planned development site plan, as depicted on the proposed site plan, based on consistency with the Village Comprehensive Plan and compatibility with surrounding uses.

The Planning and Zoning Board considered the application and recommended denial – motion carried 3-2.



I Site History

- Ordinance 2006-13: Annexation
  The property located at 1591 Kirk Road was annexed into the Village of Palm Springs on April 27, 2006. The property maintained Palm Beach County's Future Land Use Designation of Institutional and Palm Beach County's Zoning Designation of Residential Multi-Family/Medium Density with a Class A Conditional Use.

- Ordinance 2007-26: Future Land Use Map Amendment
  On February 28, 2008, the Village Council adopted the resolution to change the property's Future Land Use designation to Other Public Buildings and Zoning Designation to Residential Multiple Family.

- Ordinance 2014-02: Small Scale Land Use and Zoning
  The 0.77-acre southern vacant portion of the parcel was carved out with a FLU Map Amendment to Commercial and rezoning to Commercial General.

II. Comprehensive Plan Consistency

- The subject property's Future Land Use Designation and Zoning are Other Public Facilities and Residential Multi-Family, respectively. The Future Land Use map designation change from Other Public Facilities to Medium Density Residential is requested and is supported with a planned development site plan. All requests are consistent with the goals, objectives, and policies of the Village's Comprehensive Plan.

III. Waivers Requested

The applicant is seeking the following waivers:

Waiver #1: The applicant is requesting a waiver from Sec. 34-1328 to allow a 20' parking drive aisle when adjacent to 90-degree parking instead of the 26' parking drive aisle required.

Waiver #2: The applicant is requesting a waiver relief from Sec. 34-766(1) to allow a minimum lot area of 220,849 square feet (5.07 acres) instead of the 461,500 square feet (10.59 acres) required for 50 dwelling units.

The applicant's full justification to the waivers is attached hereto.

a. <u>The request is in harmony with and is consistent with the purpose and intent of the Village's Comprehensive Plan and Land Development Code and that such waiver will not be injurious to the area involved or otherwise detrimental to the public health, safety, and welfare.</u>

Waiver 1: It is important to note that each driveway is designed with a proposed depth of 20 feet, which is longer by 2 feet from a standard 90-degree angle parking space.

The internal road has a 20-foot asphalt pavement, a 4-foot paver strip and a 2-foot curb/gutter along both sides of the road totaling 28 feet in width. Therefore, when comparing the internal road with townhouse units/driveways located on both sides of the street to a two-way drive aisle of a parking lot, with 90-degree angle parking spaces on both sides of the drive aisle, the proposed dimension measures 68 feet versus 62 feet as required for the parking lot.

The second scenario is where the proposed townhouse units/driveways abut an internal street with parking spaces located on the other side of the street. The proposed dimension of the internal street is 28 feet and exceeds the drive aisle dimension of 26 feet.

It is important to note that Section 34-1328 has a conflict between the dimensions for the aisle width for a 90-degree parking lot, the Table of 34-1328 indicated a 27-foot aisle width whereas the graphic for the 90- degree angle parking layout shows 26 feet aisle width is required, after consultation with Village Staff, the latter dimension is confirmed to be correct. Therefore, the request is to reduce the aisle width from 26 feet to 20 feet for those areas where 90-degree angle parking are located.

In addition to the proposed signage on speed limit; installation of speed tables and striping of crosswalks will provide a safe and environment for the residents of this development.

Since the aisle width reduction is internal to the development, by granting this waiver, it will not be injurious or detrimental to the public health, safety, and welfare.

Waiver 2: The request to allow a reduced lot size from the required minimum lot requirements is outside of the Applicant's control and will not affect the public health safety, and welfare.

b. <u>The request results from innovative design in which other minimum standards are exceeded.</u>

Waiver 1: As mentioned in Criteria 1 above, the proposed townhouse planned development complies with the performance standards of a Residential Planned Development of Section 34-1063 – Performance Standards by:

a. providing sidewalks on both sides of the street; and will be interconnected with other pedestrian amenities and access to individual units.
b. utilizing existing curb cut to the Church and improve the northern access point as the main ingress/egress for the townhouse development.
c. providing adequate parking for both residents and guests.
d. providing pedestrian scale street lighting along internal sidewalks.
e. providing amenities that are in a central location of the development and will be accessible by a safe pedestrian circulation system.
f. providing landscape buffers along the perimeter of the planned development to address any potential impact.

As such, by complying with those applicable planned development performance standards, of which these performance standards are examples of innovative design and can be used as a guideline for an applicant to follow. Therefore, the Applicant is providing an innovative design for the overall development, and with the additional traffic calming components such as defining parking areas with decorative pavement; speed limit signage and speed tables, the minimum design standards are exceeded.

Waiver 2: The request to allow a reduced lot size is not the result of innovative design. The lot is predisposed to be smaller than the required minimum and is outside of the control of the applicant.

c. <u>The request demonstrates that granting of the waiver will result in preservation of valuable natural resources, including drainage and recharge areas, natural areas, etc.</u>

Waiver 1: The granting of the waiver request related to reduced drive aisle width will result a lesser impervious area, and will provide a more efficient drainage system for the proposed development.

Waiver 2: The request to allow a reduced lot size will not result in preservation of valuable natural resources. The lot is predisposed to be smaller than the required minimum and is outside of the control of the applicant.

d. <u>The request demonstrates public benefits to be derived, including but not limited to such benefits as dedication of rights-of-way, extensions of pedestrian linkages outside of the project boundaries, preservation of open areas and use of desirable architectural, building, and site design techniques.</u>

Waiver 1: By allowing a narrower drive aisle adjacent to parking spaces, there is still sufficient area to provide safe vehicular maneuvering area and a sidewalk on both sides of the internal street, and therefore establishes a safe pedestrian circulation system that connects external to the public sidewalk along Kirk Road and Forest Hill Boulevard.

Waiver 2: The request to allow a reduced lot size does not demonstrate public benefits to be derived. The lot is predisposed to be smaller than the required minimum and is outside of the control of the applicant.

e. <u>The request provides sufficient screening and buffering to screen adjacent uses from adverse impacts caused by the granting of a waiver.</u>

Waiver 1: The request will not jeopardize the screening of the subject site as it relates to a decreased drive aisle width which is internal to the planned development, and only in a specific portion of the site.

Waiver 2: The waiver does not generate any adverse impacts related to adjacent properties; however, the Applicant will sufficiently screen and buffer the property.

f. Economic issues may not be used to justify waivers.

Waivers 1 & 2: Economic issues are not used as a justification for these requests.

g. The request is compatible with existing and potential land uses adjacent to the development site.

Waivers 1 & 2: These requests are consistent with the existing and potential land uses adjacent to the development site. The surrounding uses to the north and west are residential communities. The request of a decreased drive aisle and decreased minimum lot area will not jeopardize the subject site's compatibility with the adjacent uses.

Staff supports the applicant's request based on the intent of the applicant to maximize the utilization of the land reducing the amount of impervious surface and consistency with the Village Comprehensive Plan allowing for innovative designs. Although the acreage is below the minimum required for 50 residential dwelling units, the property can still be developed in the proposed manner without major any adverse impact to the surrounding properties.

Staff has concerns about congestion issues due to high pedestrian traffic during the neighboring school's entry and dismissal. Palm Beach County added a second pedestrian crossing on Kirk Road crossing north of the main intersection on Kirk and Forest Hill to prevent jaywalking and alleviate crowding in the corner crossings. However, the end of the new crosswalk is too close to the driveway access to Dollar General. As a result, students crossing the street walk directly into traffic turning left into Kirk since the lack of distance does not allow stacking. We believe the county could have adverted this issue if the crosswalk were offset a few feet further north away from the driveway access.

Staff have the following two conditions in reference to these concerns:

- *Adding a pedestrian crossing light at the secondary crossing or eliminating the secondary pedestrian crossing.*
- *Designating the right exit lane, from the new community, a turn-right-only lane during school zone hours to reduce traffic conflicts during peak traffic hours.*

IV. Neighborhood Compatibility

1) The proposed project is located on the west side of Kirk Road between Forest Hill Blvd and LWDD Canal L-7.
2) Surrounding properties to the north and west are mostly single family and multi-family residential dwellings.
3) A mix of different retail and professional services like general retail, restaurants, schools, and professional offices are located to the south and southwest within walking distance along Kirk Rd and Forest Hill Blvd.
4) The site is located about 1.05 miles northwest From Village Hall.
5) Palm Springs Middle School is located east across the street. The Summit Blvd branch of the Palm Beach County Library and the Palm Beach School District Fulton Holland Educational Services Center are other major sites located within a mile of the site.
6) Public transportation is available through Palm Tran bus stops along Kirk Road via route 60 and Forest Hill Blvd via route 46.

V. Regulatory Issues

- The site plan generally conforms to the property development standards of a Residential Planned Development.
  1) Proposed project plan generally meets required site development regulations.

2) The applicant is responsible to acquire all applicable permits from all regulatory agencies with jurisdiction over the project site, including but not limited to Palm Beach County, Lake Worth Drainage District, and the Village of Palm Springs.
3) Civil/Utility plans shall be approved by the Village's Engineer.
4) The proposed development is located within the Airport Regulated areas Zone 1 and Zone 3 for Palm Beach International Airport.
5) Proposed Site Plan meets the Traffic Performance Standards of Palm Beach County.
6) A negative impact on the School District of Palm Beach County public school system is expected with the proposed development.

VI. Environmental Issues:

There are no environmental (wetlands, floodplains, etc.) issues identified.

VII. Community Outreach/Notification

- The subject property was posted on January 28, 2022.
- Public Notification letters were mailed to all property owners within 300 feet radius of subject property on January 26, 2022.
- Legal advertisement was published in the paper on February 3, 2022 and will be re-advertised on March 31, 2022.
- Staff has not received any inquiries or comments because of the notices.

VIII. Proposed Development Plan Details

The petitioner's development plans received on April 23, 2021, depicts the following:

- Application for Residential Planned Development Site Plan approval with two (2) waivers for the construction of 50 two-story fee-simple townhomes within 9 buildings.
    1. Site Plan received on April 29, 2021. Last revised and resubmitted on January 13, 2022.
    2. Landscape plans received on April 29, 2021. Last revised and resubmitted on January 13, 2021.
    3. Engineering plan received on April 29, 2021. Last revised and resubmitted on January 13, 2021.
    4. Architectural plans received April 29, 2021 and January 25, 2022.
    5. Photometric plan received April 29, 2021. Revised and resubmitted on January 13, 2022.
    6. Boundary and topographic survey received April 29, 2021.
    7. Traffic study dated April 23, 2021 and received April 29, 2021. Revised October 20, 2021 and received November 5, 2021.
    8. Project narrative and Justification Statement of proposed use received April 29, 2021. Revised and resubmitted on January 13, 2022.
    9. Drainage Statement dated April 22, 2021 and received April 29, 2021.
    10. Conceptual Drainage Plan received April 29, 2021. Revised and resubmitted on January 13, 2022.

IX. Recommendation

The applicant is proposing the development of the 5.07-acre parcel with the construction of 50 two-story fee-simple townhomes within nine buildings.

The townhomes will be three-bedroom homes with a one car garage and a driveway with space for one or two cars. The buildings will be configured with seven (7) six-townhome structures and two (2) four-townhome structures, for a total of nine (9) buildings. The community will have one access driveway via the existing Kirk Road right-of-way on the northern segment of the property and only emergency access is proposed thru the southern drive aisle. Amenities include a tot lot, a shade structure with picnic tables, and a recreational open space.

Planning, Zoning & Building Staff has conducted a review of the application and found the proposed Residential Planned Development Site Plan to be consistent with goal, objectives, and policies of the Village's Comprehensive Plan. The proposed project is generally consistent with the Land Development and zoning regulations and all other portions of the code. However, staff has concerns about congestion issues due to high pedestrian traffic during the neighboring school's entry and dismissal.

The proposed residential project provides internal sidewalk connections between the common amenities (tot lot, picnic area) and the buildings to facilitate pedestrian circulation and safety. The proposed project provides open spaces creating common areas for passive/leisure activities. The proposed use does not significantly reduce light and air on adjacent properties and would not be a deterrent to surrounding properties. The new project does not negatively impact natural systems.

In addition, the project exceeds some of the minimum requirements for a Planned Development as shown on the following table:

Land Development Regulations	Required	Proposed
35 percent of the gross land area for open space	77,101 SF. (1.77 acres)	105,415 SF. (2.42 acres) (48%)
40% maximum lot coverage	88,340 S.F.	53,004 S.F. (24%)
2.5 Vehicle Parking Spaces per Dwelling Unit + 25 percent allocation for Guest Parking	157 Spaces	165 Spaces

PZ&B Staff recommends conditional approval of the Residential Planned Development Site Plan with two (2) waivers, for the construction of 50 fee-simple townhomes within nine (9) buildings subject to the following forty-three (43) conditions below and a suggestion for a voluntary monetary contribution, requested by the School District to mitigate school impacts:

1. Build out date December 31, 2024.
2. The Final Plat shall be approved and recorded **prior to the issuance of any building permit**.
3. The common amenities shall be completed in their entirety, open for use and accessible to the residents, **prior to the issuance of the 8th Certificate of Occupancy** (40% of the project)
4. An opaque fence shall be provided around the lift station supplemented with landscaping and details shall be provided **at time of permitting**.
5. A pedestrian crossing light shall be added at the secondary pedestrian crossing or shall be eliminated.
6. Designate the right exit lane, from the new community, a turn-right-only lane during school zone hours to reduce traffic conflicts during peak traffic hours (8:00 – 9:00 am and 3:00pm – 4:30 pm).
7. A Utility/Civil Plan shall be approved by the Village Engineer and Palm Beach County Utilities **at time of permitting.**
8. Details of the proposed black aluminum fence shall be provided to the PZB Department and shall be approved by the PZB Director **at time of permitting.**
9. Garages shall be used for parking only. The HOA covenants/ deed restrictions shall prohibit the conversion of garages into habitable spaces or used as storage.
10. The HOA covenants/ deed restrictions shall prohibit the installation of sheds, the parking of boats, commercial vehicles, or recreational vehicles anywhere inside the property. Parking of oversized vehicles that do not fit within the typical parking stall (9'x18.5') shall also be prohibited.
11. The legal instruments providing parking restrictions, shall be reviewed and approved by the Village Attorney and PZB Director **prior to issuance of the first building permit**.
12. Only two vehicles shall be parked in the driveways overnight and shall not be permitted to park on or block any sidewalk or drive isles.
13. No parking shall be allowed, under any circumstances, along the drive aisle. Residents and guest parking shall only occur within designated parking stalls, private driveways and private garages.
14. The HOA shall be responsible for all landscape maintenance, including, but not limited to, mowing of private yards and trimming the trees around the entire perimeter.

15. The construction dumpster shall be only provided by Waste Pro USA who is under franchise Agreement with the Village.
16. Conditions of approval stated in Village Engineer's letter (Chen Moore and Associates) issued on January 24, 2022, shall be satisfied **at time of Civil/Utility application review**.
17. Any existing or proposed utility box/cabinet shall be screened from view, Staff recommends wrapping the cabinets/box with a match design accordingly with the existing/proposed location.
18. Any existing or proposed utility easement shall not overlap more than 5' the landscape buffer.
19. The property owner shall post a notice of annual boundary school assignments for students from this development. The district will provide an 11' x 17' sign to be posted in a clear and visible location in all sales offices and models with the following:

    "NOTICE TO HOMEBUYERS/TENANTS"

    "school age children may not be assigned to the public school closest to their residences. School Board policies regarding overcrowding or other boundary policy decisions affect school boundaries. Please contact the Palm Beach School District Boundary Office at (561) 434-8100 for the most current school assignment(s)".
20. Photometric plans shall be approved by the Planning, Zoning and Building Department **at time of permitting**.
21. Landscaped areas shall be irrigated including but not limited to buffer, islands, planter boxes, etc.
22. The mail pickup and delivery system shall be approved by the United States Postal Service.
23. Irrigation plans shall be provided **at the time of permitting**. Non-potable water shall be used for the irrigation system per Village code.
24. Provide permits from all applicable permitting agencies, including but not limited to, Lake Worth Drainage District, Palm Beach County Water Utilities Department, Palm Beach County Roadway Production Division, and the Village of Palm Springs **at the time of permitting**.
25. The property owner shall register an Agent of Record, prior to issuance of a permit, to establish a contact person responsible for compliance with this Development Order, including site plan/landscape plan details and conditions of approval.
26. A copy of the NPDES Notice of Intent for Generic Permit shall be submitted to the PZB Department at time of permitting.
27. A stabilized surface shall be provided at all times during construction for access by emergency vehicles.
28. All mechanical equipment's and above-ground infrastructure shall be screened from view.
29. The Applicant may be required to undertake additional security measures, based on the number of complaints or calls for service for incidents at the premises, as determined by the Police Chief. Such additional security measures, as approved by the Police Chief, may include increased on-site security at the operator's sole expense.
30. Verify utility and easement locations to ensure that there are no conflicts with landscaping, revise **at time of permitting** as needed.
31. All electric utilities shall be underground.
32. A pre-construction meeting shall be scheduled with the Village Planning, Zoning & Building Development Department prior to commencement of any construction activity. Permits are required from the Planning, Zoning & Building Department prior to commencing any construction or renovation. The project shall be constructed in accordance with the FBC edition in effect **at the time of permitting**.
33. A silt barrier shall be installed around the perimeter of the property (within the affected area for the site improvements and new building construction) prior to commencement of any site work or construction activity, and a track pad shall be installed at the construction entrance(s), both of which shall remain through substantial completion.
34. Any sidewalk broken or damaged during construction shall be replaced by the contractor **prior to CO**.
35. The Landscaping shall be certified by the Landscape Architect upon completion and **prior to Certificate of Occupancy/Certificate of Completion** of each improvement area.
36. Absolutely no occupancy, other than construction personnel, is permitted **prior to TCO/CO**.
37. Photometrics must be certified by an engineer **prior to CO**.
38. The civil engineer of record shall certify the site construction **prior to Certificate of Occupancy**.
39. The applicant may be required to provide a resident inspector for structural elements such as concrete pours in accordance with Section 109.1.3 FBC 2010 and F.S. 553.791. Determination shall be made at time of pre-construction conference with Planning Zoning and Building Director.
40. The General Contractor shall be on site during all construction activity in accordance with FS 489.1195.

41. The project shall receive approval from all Authorities Having Jurisdiction and submit copies of approvals to the Village of Palm Springs.
42. **At the time of CO**, the petitioner shall provide the Planning, Zoning and Building Department with electronic copies of as-builts.
43. An updated School Capacity Availability Determination letter from the School District of Palm Beach County reflecting 50 residential units shall be provided prior to Village council consideration.

44. The School District has requested the Applicant offer a voluntary commitment to make a contribution of $54,888.00 to the School District of Palm Beach County prior to issuance of a building permit, based on School Capacity Availability Determination letter issued on June 23, 2021.

JUSTIFICATION STATEMENT
FLU Map Amendment | Site Plan (Planned Development)
Belmont
Initial Submittal: April 22, 2021
Revised: June 11, 2021; August 20, 2021; December 15, 2021

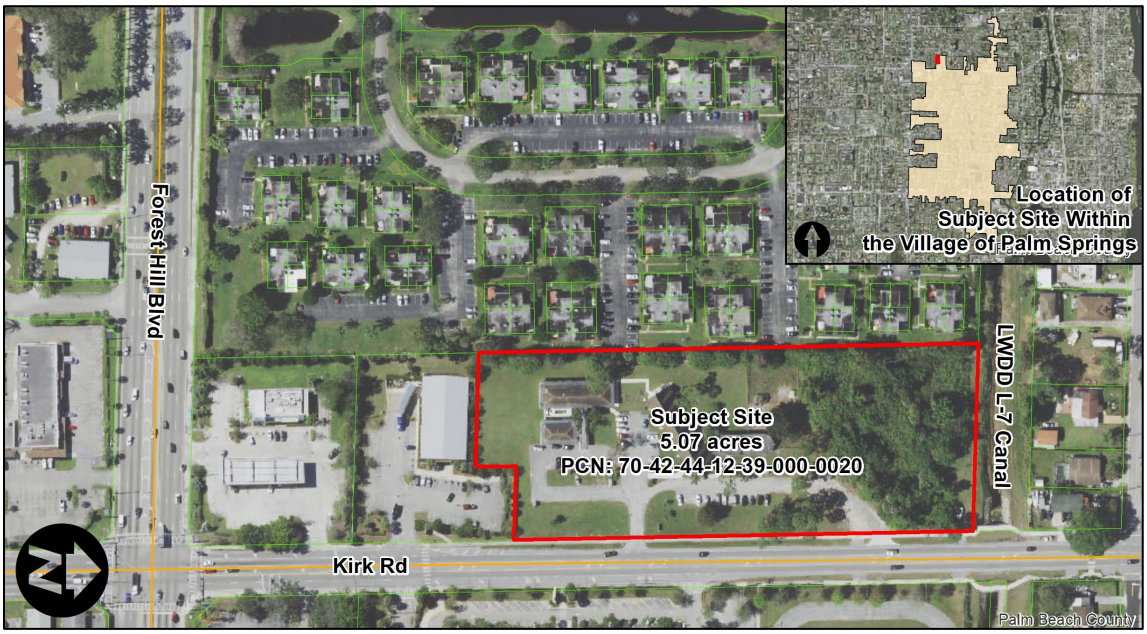
REQUEST

On behalf of D.R. Horton, Inc., the Applicant, WGI is requesting approval of the following:

1) **Future Land Use Map Amendment** from the Other Public Facilities Future Land Use designation to the Medium Density Residential Future Land Use designation.
2) **Site Plan (Planned Development)** to allow a 50-unit fee-simple townhome residential planned development.
   - **Waivers** from the following development standards allowed as part of Planned Development Performance Standards:
     i. Drive aisle width adjacent to 90-degree parking.
     ii. Minimum Lot Area

SITE CHARACTERISTICS

The 5.07-acre subject site, known as "Belmont", is located approximately 600 feet north of the Kirk Road and Forest Hill Boulevard intersection on the west side of Kirk Road. It is identified by Parcel Control Number (PCN) 70-42-44-12-39-000-0020 and has an existing address of 1591 Kirk Road. The subject site is under the jurisdiction of the Village of Palm Springs and has a Future Land Use (FLU) Designation of Other Public Facilities (UI) and is within the Residential Multiple Family (RM) Zoning district. The subject site is not within any of the Village of Palm Spring's overlay districts or within the Community Redevelopment Agency (CRA) district boundary. The subject site is currently being utilized as a Place of Worship use, with four buildings and its associated site elements. A large portion of the subject site is heavily vegetated. A map has been provided below which identifies the subject site's location within the Village, as well as an adjacent parcel's view which provides greater detail regarding the site characteristics and surrounding areas.



SURROUNDING PROPERTIES

The site is surrounded by a mix of uses, including a school, multifamily residential, single-family residential, and general retail. The mix of surrounding residential uses adjacent to the subject site can generally be found to be consistent with the proposed development. A summary of the surrounding property information has been provided below.

	FLU Designation	Zoning District	Existing Use
North	Medium Density Residential, 5 Units Per Acre (MR-5) (Unincorporated)	Multi-family Residential, Medium Density (RM) (Unincorporated)	Canal & Single-Family Residential
South	Commercial	General Commercial	Retail
East	Education	Governmental	Middle School
West	High Density Residential, 8 Units Per Acre (HR-8) (Unincorporated)	Multi-family Residential, Medium Density (RM) (Unincorporated)	Multi-Family Residential

North: Immediately north of the subject site is the Lake Worth Drainage District (LWDD) L-7 Canal. The L-7 Canal Right-Of-Way (ROW) provides 85 feet of separation from a single-family residential community further north on the other side of the canal. This community is within unincorporated Palm Beach County and retains a FLU designation of MR-5 and zoning district of RM.

South: South of the subject site is a Dollar General convenience store. The property is identified by a FLU designation of Commercial and is within the General Commercial zoning district.

East: To the east of the subject site is the Palm Springs Community Middle School. The property is identified by an Education FLU designation and is within the Governmental zoning district.

West: West of the subject site is the Forest Lakes community. This multi-family residential community is comprised of quadplexes, approximating 228 dwelling units. This community is within unincorporated Palm Beach County and retains a FLU designation of High Density Residential, 8 units per Acre and is within the multi-family residential zoning district.

DEVELOPMENT HISTORY

As previously mentioned, the subject site currently accommodates a Place of Worship, known as Lutheran Church of the Holy Cross. This church was initially approved by Palm Beach County in the late 1960s and has been in operation since. The subject site was voluntarily annexed into the Village of Palm Springs in 2006 under Ordinance Number 2006-13. No other development approvals since the subject site's annexation into the Village have taken place.

DEVELOPMENT PROGRAM

The following outlines the development program for the proposed 50-unit multi-family residential townhouse development:

Density

Pursuant to Section 34-761, the maximum density for the RM zoning district is 19 DU/AC. The proposed 50 townhouse development on the 5.07-acre site will yield a density of 9.86 DU/AC, and is consistent with the district's density regulations.

Building Height

Pursuant to Section 34-1064, the maximum height for a building within the residential planned development district shall be the same as allowed in the applicable land development district, or 35 feet, whichever is higher. The proposed RM zoning district and residential planned development height regulation remain consistent with one another, as three stories or 35 feet. The subject site is in compliance with this requirement as the proposed buildings are two stories with a 20' maximum height to Top of Beam (TOB).

Minimum Acreage Requirement
Pursuant to Section 34-1064(c), all Residential Planned Developments shall be no less than three acres. The subject site is compliant with this requirement as it is 5.07 acres in size. However, it should be noted that per Section 34-766(1), the RM zoning district requires a Minimum Lot Area regulation based on dwelling units, which would require the subject site to be 11.25 acres [15,000 SF for three dwelling units & 9,500 SF for each unit thereafter (50) = 490,000 SF or 11.25 acres].

Open Space and Common Amenity Area
Pursuant to Section 34-1064(d), a residential planned development is required to provide a minimum amount of open space and common amenity area. The minimum total open space requirement for residential planned developments shall be 35 percent of the gross land area, of which 20 percent shall be common amenity area. Based on the standard for required open space, the 5.07-acre subject site is required to provide 1.77 acres of open space. The subject site currently exceeds the code requirement for open space as 2.39 acres or 47 percent of the gross land are proposed to remain as open space. Of the 1.77-acre open space requirement, at least 20 percent of this area must be provided as a common amenity area to all lots such as parks, playgrounds, or other recreational purposes. Based on the open space land area requirement of 1.77 acres the subject site is required to provide 0.35 acres of common amenity area for the proposed community. This requirement is exceeded, as 0.38 acres of common amenity area is proposed central to the community. This amenity area accommodates a tot lot, shade structure and picnic tables.

Lot Coverage
Pursuant to Sec. 34-1064(e)(2), all structures within a Residential Planned Developments shall have a maximum lot coverage of 40%, based on the net area of individual lots. The development proposal is compliant with this requirement as none of the proposed lots exceed 40% lot coverage.

Access
The subject site has frontage along Kirk Road. The proposed site plan provides ingress/egress to the site from a Kirk Road access point at the northern portion of the property. An emergency only stabilized access point to Kirk Road is provided at the southern portion of the subject site.

Buffering
Pursuant to Village Code Article III, Section 34-162.-Required Landscaping, in certain situations the Village requires landscaping around the perimeter of development parcels to create a buffer from adjoining land uses, streets and properties. The subject site is in compliance with this section of the Village's code as there is a landscape buffer provided around the entirety of the subject site. The proposed perimeter buffer varies in width from five feet to 15 feet.

North - A Category 6, 10-foot-wide landscape buffer is required along the northern property line. Pursuant to Section 34-162 – Required buffers, planting for Category 6 requires a hedge not less than three feet in height, with trees, spaced not more than 20 feet apart. The hedge shall be a minimum of three feet in height at time of planting. The required hedge shall be a minimum of two different maintained levels or tiers, and shall be installed in a non-linear (meandering) manner.

South - A five-foot-wide landscape buffer with a six-foot high opaque fence is being proposed along the southern property line. It should be noted that the retail use has an existing buffer and an opaque fence. Combined with the proposed 0.23-acre dry detention area and proposed landscape buffer, increased separation and screening for the proposed residential development will be provided.

East - A 15-foot-wide landscape buffer is proposed along the eastern boundary to provide screening of the subject site from the traffic associated with Kirk Road. The buffer will include a six-foot high aluminum fence and planting on both sides of the fence.

West - Although the property to the west of the subject site consists of a compatible multi-family residential community, a 10-foot-wide landscape buffer is being proposed with a six-foot high opaque fence to maximize screening and privacy between the adjacent existing residential units and the proposed units on the subject site.

Waivers
As provided in Subdivision IX.-Planned Developments, the proposed residential planned development is subject to greater flexibility in design and development standards relative to specific dimensional regulations, in order to encourage ingenuity and originality in subdivision and site design while preserving open space to serve recreational, scenic and other public services. Therefore, this Subdivision of the Village's code allows for waivers from certain criteria. The waivers requested for the subject site relate to drive-aisle width and the minimum lot area. The waiver details of the aforementioned requirements can be found within the subject site's *Conformance with Planned Development Code* section of this Justification Statement.

FUTURE LAND USE MAP AMENDMENT

This Justification Statement for the Future Land Use Map (FLUM) Amendment is provided to demonstrate that the proposed FLUM change is consistent and in compliance with the applicable Objectives and Policies of the Village's Comprehensive Plan, as follows.

Policy A.2

Encourage the development of planned developments (townhouse, zero lot line) projects as an alternative single family living style to accommodate the demand and to preserve the character of the Village, and incorporate regulations into the Village of Palm Springs' Comprehensive Zoning Ordinance.

Applicant's Response:

The proposed townhouse planned development will fulfill this policy as it will serve as a housing alternative to single family homes and will provide more affordable housing opportunities in the community. There is also a companion Site Plan application of which compliance with the Zoning ordinance will be demonstrated.

Policy A.3

Promote the location of multi-family residential development in areas with direct access to collector or arterial streets. The location of multi-family residential development shall be consistent with the high and medium density residential areas established on the Future land Use Map.

Applicant's Response:

The subject site is located approximately 600 feet north of the Kirk Road and Forest Hill Boulevard intersection on the west side of Kirk Road. The proposed access for the townhouse planned development is from Kirk Road, which is classified as an arterial street. As previously mentioned within the Surrounding Properties section of this Justification Statement, the subject site is surrounded by compatible residential uses to the north and west.

Objective F – Level of Service

Meet Level of Service standards for all public facilities and services facilitated by proposed future land uses at the time of, and concurrent with, land development and/or redevelopment of areas in Palm Springs.

Applicant's Response:

The proposed development will meet the required level of service standards, and the proposed concurrency for 50 townhouse units will be reviewed at the Site Plan Review process. See **II.** - **Justification Statement of Site Plan Review** of this document.

Policy G.2 – Density Analysis

Land Development standards for residential land use densities shall be as follows:
Low density residential – 0.1 to 5.80 residential units per gross acre; and
Medium density residential – 5.81 to 10.0 residential units per gross acre; and
High density residential – 10.01 to 19.0 residential units per gross acre.

Applicant's Response:

The proposed request to redesignate the subject site to Medium Density Residential FLU, will allow the development of the site at a density ranging from 5.81 to 10.00 units per gross acre. The applicant is requesting for 50 units which will result in a gross density of 9.86 du/ac.

Policy I.1 – Co-ordination with Other Agencies

As part of the site plan review process, coordinate requests for development orders, permits or project proposals, as appropriate, with adjacent municipalities, Metropolitan Planning Organization, Palm Beach County, Treasure Coast Regional Planning Council, Special Districts, South Florida Water Management District, and State and Federal Agencies.

Applicant's Response:

As part of the companion application, Site Plan review process, the applicant is submitting a Traffic Study prepared by JFO Group Inc., of which the Study indicated the coordination with Palm Beach County Traffic Division and explained how the request will be in compliance with Article 12 of the Unified Land Development Code on the Traffic Performance Standards as part of its traffic impact analysis.

Policy K.1 – Adequate Public Facilities

All land uses that have been developed or approved for development within the Village must be adequately served by existing public utilities and services before the Village may approve any new development, redevelopment, or annexations that would require use of these utilities and services. These utilities and services shall include the following for which the Village has set a Level of Service Standard, including: Water facilities; Sewer facilities; Drainage Facilities; Roadways; and Recreational facilities.

Applicant's Response:

Under these applications, the following documents have been submitted to demonstrate compliance with this Policy: Water facilities: Please see correspondence provided by Palm Beach County Water Utilities District stating that adequate potable water supply and sewage collection and treatment capacities are available to serve the proposed development. Sewer facilities: Please see correspondence provided by Palm Beach County Water Utilities District stating that adequate potable water supply and sewage collection and treatment capacities are available to serve the proposed development.

Drainage facilities: See Drainage Study prepared by Michael B. Schorah and Associates, Inc.

Roadways: See Traffic Study prepared by JFO Group Inc.

Recreational facilities: See Site Plan dated December 10, 2021 which shows 0.39-acre of on-site recreational amenities are provided for the residents.

Objective M - School

The Village shall continue to coordinate with Palm Beach County School Board on the location of new schools within land uses designated as Educational and Medium Density Residential.

Applicant's Response:

The School Capacity Availability Determination (SCAD) Letter was provided to the applicant and has been provided as part of this application, as required.

CONFORMANCE WITH PLANNED DEVELOPMENT CODE

As required by the Village's Development Application, demonstration must be provided that the proposed residential planned development is in conformance with the Planned Development Code Objectives and Performance Standards provided in Subdivision IX of the Village's Code. An outline of how the project conforms with standards has been provided below.

SEC. 41-1062 OBJECTIVES

The development proposal conforms with the Objectives for a Planned Development as outlined below.

1. ***To permit the creation of functional and unique residential, commercial and mixed-use developments that do not adversely impact the village's character and "small town feel".***

   Response: The proposed residential planned development is in conformance with this objective as the requested residential density of 9.86 DU/AC is not out of character for the surrounding area. The site is located in close proximity to many commercial services which will provide immediate service to future residents and create a functional balance between non-residential and residential uses. Furthermore, it is compatible with the surrounding residential land use designations to the west and north. Therefore, by allowing for the approval of the proposed 50 dwelling unit townhouse development, the Village's "Small Town Feel" will not be adversely impacted.

2. ***To promote building siting that takes into consideration the context of the development, the location of nearby uses, and the new development's compatibility with existing neighborhoods.***

Response: The site planning of the subject site took great consideration into the context of the development with the surrounding areas. Townhouses are a great transition between the commercial uses to the south and the single-family residential uses to the north. Furthermore, it is consistent with the adjacent multi-family residential use to the west. Regarding site design, the subject site's required dry detention areas have been located adjacent to the areas with greater chances of incompatibility along the east and south. Most of the townhouses proposed along the east are separated from Kirk Road by the 0.44-acre dry detention area, which is in addition to a 15' landscape buffer. The 0.22-acre dry detention area at the south of the property provides great separation of the proposed townhouses from the adjacent commercial uses.

3. ***To enhance landscaped open space and streetscapes.***

Response: The development proposal is consistent with the aforementioned objective as the open space and streetscape areas of the subject site will be enhance with landscaping, consistent with the Village's landscape requirements. Furthermore, areas of the development exceed the code requirements. No buffer is required along the south property line, however, a 5' wide buffer is proposed to ensure adequate screening is provided.

4. ***To bring unique and creative solutions to new development, the following elements should be considered in the context of the specific site, project and/or use:***

   a) Arrangement and spacing of buildings and open spaces;
   b) Ability to aggregate adjacent lots or parcels, and/or eliminate nonconformities;
   c) Location of access drive and sidewalks to promote circulation and access;
   d) Building coverage;
   e) Sufficient and convenient parking for uses and activities;
   f) Landscape buffers and screening mechanisms to enhance aesthetics and promote compatibility
   g) Adequate lighting for security and pedestrian/vehicular safety; and
   h) Development of large employment centers predominately of light industrial or high technology uses in underutilized corridors. The flexibility of design should promote revitalization of the primary commercial areas and an economic stimulus through job creation to the local economy as well.

Response: The development proposal brings unique and creative solutions to new development, by remaining consistent with the aforementioned subobjectives. As previously mentioned, great consideration was given during the site planning of the subject site. The arrangement and spacing of buildings relative to open spaces was considered heavily to remain consistent with requirements such as the common amenity area requirements and to provide a better quality of living for future residents. The pedestrian and vehicular circulation programs were designed specifically to promote safety for future residents. Each subobjective was weighed heavily as they relate to the specific subject site.

SEC. 34-1063 PERFORMANCE STANDARDS

The development proposal conforms with the performance standards for a Planned Development as outlined below.

Standards:

1. ***Sidewalks on both sides of a street or primary driveway, interconnected with other pedestrian-ways and/or providing access to each building.***

   Response: The development proposal is consistent with this performance standard as sidewalks are proposed on both sides of the proposed streets. Access is provided to each townhouse unit from the proposed sidewalk network. The sidewalk provides connection to Kirk Road to ensure the community is interconnected with the rest of the Village.

2. ***Consolidation of smaller parcels into a larger, unified development project.***

   Response: This is not applicable, as the subject site is one 5.07-acre parcel.

3. ***Consolidation of driveways to eliminate curb cuts, with reciprocal easements for access; provision of access from secondary streets and alleys.***

   Response: The consolidation of driveways has been provided as evidenced within the provided site plan. Access from secondary streets and alleys is not appropriate for the subject site as Townhouse units are proposed, and the size of the subject site does not allow for the use of alleys and secondary streets.

4. ***Shared parking arrangements to reduce impervious surfaces and promote efficient* use *of facilities.***

   Response: As required by the Village's Parking Code, the subject site provides guest parking accommodations throughout the subject site. These guest parking locations were intentionally planned to be central to the entire development to promote efficient use by lots. Furthermore, this consideration allows for reduced impervious area as guest parking is not over abundant and throughout all areas of the subject site.

5. ***Provision of sufficient parking to avoid on-street parking, unless designed with on-street spaces.***

   Response: The subject site retains sufficient parking for the residential units per the Village's Code requirement of 2.5 spaces per unit. Parking spaces are provided for guest parking spaces as required by Village Code; the total parking provided exceeds the requirement and is distributed throughout the development.

6. ***Pedestrian-scale street lighting along sidewalks and pedestrian ways.***

   Response: Street lighting will be provided along sidewalks and pedestrian-ways to create an appropriate pedestrian scale environment.

7. ***Aggregation of open space to create common areas of sufficient size for passive/leisure activities.***

   Response: The required 0.35-acre community amenity area (0.38-acre amenity area proposed) is proposed to remain as one whole area located central to the development. By aggregating the amenity area into one tract rather than multiple smaller tracts throughout the subject site, the land will sufficiently be used for active and passive/leisure activities.

8. ***Continuity of sidewalks and pathways where disconnects occur; and provision of sidewalks to usable open spaces, recreation amenities or public facilities.***

Response: As previously mentioned, crosswalks will be provided throughout the subject site to provide continuity of sidewalks and pathways where disconnects occur. The subject site has an extensive pedestrian circulation pattern which allows uninterrupted circulation from usable open spaces, recreation amenities, public facilities, and individual lots.

9. ***Residential setbacks that allow for a green, semi-private planting area between the sidewalk and house(s).***

Response: The provided setbacks are proposed to allow for a green, semi-private planting area between the sidewalk and houses. Appropriate foundation planting has been planned to be incorporated into the individual lots.

10. ***Promote streetscape where feasible, with maintenance agreements assigning responsibility to adjacent properties.***

Response: Streetscape is promoted throughout the subject site where feasible. This will be achieved through the use of pedestrian scale lighting, as previously mentioned, and by proposing appropriate landscaping to provide adequate streetscape. Maintenance agreements will be assigned through the use of HOA documents.

11. ***Create bus waiting areas for safety, for school buses or mass transit, as may be applicable.***

Response: As coordinated with Palm Beach County School Board, a 10'x15' school bus shelter has been provided at the main entrance of the community.

12. ***Building stepbacks or setbacks to respect existing scale and massing of adjacent neighborhoods and promote compatibility.***

Response: As aforementioned, the site was planned to provide the greatest amount of separation as possible from the most incompatible adjacent uses to the south and east. Much of the structures are massed closer to the northern and western boundary as the adjacent uses and structures are more compatible with the proposed townhouse structures.

13. ***Provision of original, self-confident building design, and prohibition of metal buildings.***

Response: Metal buildings are not proposed as part of this development proposal. Original, self-confident building design is provided as the townhouse buildings are proposed to be contemporary modern.

14. ***Buffers between differing uses to include a masonry wall and landscaping to promote compatibility.***

Response: As depicted in the site photos provided with this submittal, a vinyl fence currently exists along the adjacent commercial property line to the south of the subject site. This fence is proposed to remain as is to provide further screening from the retail use and to promote compatibility. As previously mentioned, a perimeter landscape buffer is proposed in conjunction with the neighboring retail landscape buffer to provide the utmost screening.

15. ***Adequate vehicular circulation, traffic maintenance and/or operational measures that does not negatively impact existing roadway conditions, including avoidance of dead-end streets and t-style turnarounds.***

Response: The proposed development consists of three streets which will provide adequate vehicular circulation that will not negatively impact existing roadway conditions. While there are dead-end streets proposed, there is adequate room for vehicles to maneuver, and based on the proposed townhouse use these dead ends are not anticipated to have any negative impacts.

WAIVERS

Pursuant to the Planned Development Performance standards of the Village's Code, the Applicant may utilize waivers to promote the use of innovative and creative techniques and concepts. As previously mentioned, waivers are requested for the development proposal to allow relief from certain requirements. The waivers requested have been outlined within the table below and meet the waiver criteria as identified within this *Waivers* section.

Waiver	Subject	Code Section	Required	Proposed	Deviation
1.	Street width adjacent to 90-degree parking	Sec. 34-1328	26' wide drive aisle when adjacent to parking	20' wide drive aisle when adjacent to parking	-6'
2.	Min. Lot Area	Sec. 34-766(1)	490,000 SF / 11.25 AC.	220,849 SF / 5.07 AC.	-269,151 SF / -6.18 AC.

1. ***The request is in harmony with and is consistent with the purpose and intent of the Village's Comprehensive Plan and* Land *Development Code and that such waiver will not be injurious to the area involved or otherwise detrimental to the public health, safety, and welfare.***

Waiver 1 Response: It is important to note that each driveway is designed with a proposed depth of 20 feet, which is longer by 2 feet from a standard 90-degree angle parking space.

The internal road has a 20-foot asphalt pavement, a 4-foot paver strip and a 2-foot curb/gutter along both sides of the road totaling 28 feet in width. Therefore, when comparing the internal road with townhouse units/driveways located on both sides of the street to a two-way drive aisle of a parking lot, with 90-degree angle parking spaces on both sides of the drive aisle, the proposed dimension measures 68 feet versus 62 feet as required for the parking lot.

The second scenario is where the proposed townhouse units/driveways abut an internal street with parking spaces located on the other side of the street. The proposed dimension of the internal street is 28 feet, and exceeds the drive aisle dimension of 26 feet.

It is important to note that Section 34-1328 has a conflict between the dimensions for the aisle width for a 90-degree parking lot, the Table of 34-1328 indicated a 27-foot aisle width whereas the graphic for the 90- degree angle parking layout shows 26 feet aisle width is required, after consultation with Village Staff, the latter dimension is confirmed to be correct. Therefore, the request is to reduce the aisle width from 26 feet to 20 feet for those areas where 90-degree angle parking are located.

In addition to the proposed signage on speed limit; installation of speed tables and striping of crosswalks will provide a safe and environment for the residents of this development.

Since the aisle width reduction is internal to the development, by granting this waiver, it will not be injurious or detrimental to the public health, safety and welfare.

Waiver 2 Response: The request to allow a reduced lot size from the required minimum lot requirements is outside of the Applicant's control and will not affect the public health safety, and welfare.

2. The request results from innovative design in which other minimum standards are exceeded.

Waiver 1 Response: As mentioned in Criteria 1 above, the proposed townhouse planned development complies with the performance standards of a Residential Planned Development of Section 34-1063 – Performance Standards by:

a. providing sidewalks on both sides of the street; and will be interconnected with other pedestrian amenities and access to individual units;
b. utilizing existing curb cut to the Church, and improve the northern access point as the main ingress/egress for the townhouse development;
c. providing adequate parking for both residents and guests;
d. providing pedestrian scale street lighting along internal sidewalks;
e. providing amenities that are located in a central location of the development, and will be accessible by a safe pedestrian circulation system;
f. providing landscape buffers along the perimeter of the planned development to address any potential impact.

As such, by complying with those applicable planned development performance standards, of which these performance standards are examples of innovative design and can be used as a guideline for an applicant to follow. Therefore, the Applicant is providing an innovative design for the overall development, and with the additional traffic calming components such as defining parking areas with decorative pavement; speed limit signage and speed tables, the minimum design standards are exceeded.

Waiver 2 Response: The request to allow a reduced lot size is not the result of innovative design. The lot is predisposed to be smaller than the required minimum and is outside of the control of the applicant.

3. The request demonstrates that granting of the waiver will result in preservation of valuable natural resources, including drainage and recharge areas, natural areas, etc.

Waiver 1 Response: The granting of the waiver request related to reduced drive aisle width will result a lesser impervious area, and will provide a more efficient drainage system for the proposed development.

Waiver 2 Response: The request to allow a reduced lot size will not result in preservation of valuable natural resources. The lot is predisposed to be smaller than the required minimum and is outside of the control of the applicant.

4. The request demonstrates public benefits to be derived, including but not limited to such benefits as dedication of rights-of-way, extensions of pedestrian linkages outside of the project boundaries, preservation of open areas and* use *of desirable architectural, building, and site design techniques.

Waiver 1 Response: By allowing a narrower drive aisle adjacent to parking spaces, there is still sufficient area to provide safe vehicular maneuvering area and a sidewalk on both sides of the internal street, and therefore establishes a safe pedestrian circulation system that connects external to the public sidewalk along Kirk Road and Forest Hill Boulevard.

Waiver 2 Response: The request to allow a reduced lot size does not demonstrate public benefits to be derived. The lot is predisposed to be smaller than the required minimum and is outside of the control of the applicant.

5. ***The request provides sufficient screening and buffering to screen adjacent* uses *from adverse impacts caused by the granting of a waiver.***

   Waiver 1 Response: The request will not jeopardize the screening of the subject site as it relates to a decreased drive aisle width which is internal to the planned development, and only in a specific portion of the site.

   Waiver 2 Response: The waiver does not generate any adverse impacts related to adjacent properties, however, the Applicant will sufficiently screen and buffer the property.

6. ***Economic issues may not be* used *to justify waivers.***

   Response: Economic issues are not used as a justification for these requests.

7. ***The request is compatible with existing and potential* land uses *adjacent to the development site.***

   Response: These requests are consistent with the existing and potential land uses adjacent to the development site. The surrounding uses to the north and west are residential communities. The request of a decreased drive aisle and decreased minimum lot area will not jeopardize the subject site's compatibility with the adjacent uses.

8. ***Waiver requests from minimum common amenity area requirements shall further demonstrate that adequate recreation area is available in the immediate vicinity of the proposed development.***

   Response: This criterion is not applicable as a waiver is not requested from the common amenity area requirements. The development proposal provides adequate community amenity area.

9. ***Waiver requests from maximum height limitations shall further demonstrate that the additional height will not adversely impact adjacent properties and appropriate setbacks are provided as building height increases.***

   Response: This criterion is not applicable as a waiver is not requested from the height limitation requirements. The development proposal is currently under the maximum height threshold of three stories or 35 feet.

CONCLUSION

Based on the above justification and attached information, the petitioner respectfully requests approval of the Future Land Use Map Amendment, and Site Plan to allow a Residential Planned Development application for the subject site.

LANDSCAPE NOTES:

1. STRUCTURAL ELEMENTS AND HARDSCAPE FEATURES INDICATED ON LANDSCAPE PLANS ARE FOR INFORMATIONAL PURPOSES ONLY. LANDSCAPE PLANS ARE TO BE UTILIZED FOR LOCATION OF LIVING PLANT MATERIAL ONLY. LANDSCAPE PLANS SHOULD NOT BE UTILIZED FOR STAKING AND LAYOUT OR LOCATION OF ANY STRUCTURAL SITE FEATURES INCLUDING BUT NOT LIMITED TO: BUILDINGS, SIGNAGE, PATHWAYS, EASEMENTS, BERMS, WALL, FENCES, UTILITIES OR ROADWAYS.
2. CONTRACTOR SHALL ACQUIRE ALL APPLICABLE FEDERAL, STATE, LOCAL, JURISDICTIONAL OR UTILITY COMPANY PERMITS REQUIRED PRIOR TO REMOVAL, RELOCATION, AND/OR INSTALLATION OF LANDSCAPE MATERIALS INDICATED WITHIN PLAN DOCUMENTS. THE CONTRACTOR SHALL HAVE PERMITS "IN HAND" PRIOR TO STARTING WORK. LANDSCAPE ARCHITECT SHALL BEAR NO RESPONSIBILITY FOR WORK PERFORMED WITHOUT PERMITTED DRAWINGS. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL CHANGES TO THE WORK, AT NO ADDITIONAL COST TO THE OWNER, AS A RESULT OF UNAUTHORIZED WORK PRIOR TO RECEIPT OF PERMIT.
3. TREES SHOWN ON THIS PLAN ARE FOR GRAPHIC REPRESENTATION ONLY. TREE SPACING IS BASED ON DESIGN REQUIREMENTS AND THE TREES SHOWN ON THESE PLANS ATTEMPT TO ACCOMPLISH THAT SPACING WHILE MAINTAINING THE REQUIRED SETBACKS FROM UTILITIES. IN THE EVENT OF A CONFLICT, AFFECTED PLANT MATERIAL SHALL BE FIELD ADJUSTED WITH THE APPROVAL OF THE LANDSCAPE ARCHITECT TO AVOID CONFLICTS WITH THE WITH EXISTING AND PROPOSED UTILITIES, LIGHT POLES, DRAINAGE STRUCTURES OR LINES, LAKE MAINTENANCE EASEMENTS OR OTHER AFFECTED SITE FEATURES.
4. ANY PLANTING WITHIN THE SIGHT TRIANGLES SHALL PROVIDE UNOBSTRUCTED VIEWS AT A LEVEL BETWEEN 30" AND 8' ABOVE THE PAVEMENT.
5. ALL UTILITY BOXES/ STRUCTURES TO BE SCREENED ON 3 SIDES W/ APPROVED PLANTING MATERIAL.
6. IRRIGATION IS REQUIRED PROVIDING 100% COVERAGE WITH A MAXIMUM OF 50% OVERLAP, AN AUTOMATIC RAIN SENSOR MUST BE INCLUDED.
7. ALL PLANT MATERIAL TO BE INSTALLED SHALL CONFORM TO FLORIDA POWER AND LIGHT'S (FPL'S) RIGHT TREE RIGHT PLACE GUIDELINES.
8. IN CASE OF DISCREPANCIES PLANS TAKE PRECEDENCE OVER PLANT LIST.
9. LANDSCAPE CONTRACTOR RESPONSIBLE FOR VERIFICATION OF ALL QUANTITIES PRIOR TO BIDDING.
10. REMOVAL OF EXISTING VEGETATION IS RESPONSIBILITY OF LANDSCAPE CONTRACTOR.
11. RELOCATION OF EXISTING VEGETATION IS RESPONSIBILITY OF LANDSCAPE CONTRACTOR. REFER TO SPECIFICATIONS FOR RELOCATION INSTRUCTIONS.
12. ALL PLANT MATERIAL TO BE FLORIDA GRADE #1 AT TIME OF INSTALLATION UNLESS OTHERWISE NOTED.

Landscape Planting - Part I. General

I. Description of Work
A. Provide all exterior planting as shown on the drawings or inferable therefrom and/or as specified in accordance with the requirements of the Contract Documents. Landscape plans provided indicate the proposed location of living plant material only. Structural elements and hardscape features indicated on the landscape plans are for information purposes only. Landscape plans are not to be utilized for staking and layout or location of any structural site features including but not limited to, buildings, signage, pathways, easements, utilities or roadways.
B. These specifications include standards necessary for and incidental to the execution and completion of planting as indicated on the prepared drawings and specified herein.
C. All applicable federal, state and local permits shall be attained prior to the removal, relocation, or installation of plant materials indicated within the plan documents.
D. Protection of existing features. During construction, protect all existing trees, shrubs, and other specified vegetation, site features and improvements, structures, and utilities specified herein and/or on submitted drawings. Removal or destruction of existing plantings is prohibited unless specifically authorized by the owner, and with permit as required by associated federal, state and local government agencies.

II. Applicable Standards
A. American National Standards for Tree Care Operations, ANSI A300. American National Standards Institute, 11 West 42nd Street, New York, N.Y. 10036.
B. American Standard for Nursery Stock, ANSI Z60.1. American Nursery and Landscape Association, 1250 Eye Street. NW, Suite 500, Washington, D.C. 20005.
C. Hortus Third, The Staff of the L.H. Bailey Hortorium. 1976. MacMillan Publishing Co., New York.
D. Florida Department of Agriculture "Grades and Standards for Nursery Plants", most recent addition.
E. National Arborist Association- Pruning Standards for Shade Trees
F. All standards shall include the latest additions and amendments as of the date of advertisement for bids

III. Qualifications
A. Landscape planting and related work shall be performed by a firm with a minimum of five years experience specializing in this type of work. All contractors and their sub-contractors who will be performing any landscape work included in this section of the specification shall be approved by the landscape architect.
B. Landscape Contractor shall be licensed and shall carry any necessary insurance and shall protect the Landscape Architect and Owner against all liabilities, claims or demands for injuries or damage to any person or property growing out of the performance of the work under this contract. All workers shall be covered by Workman's Compensation Insurance.

IV. Requirements of Regulatory Agencies
A. Certificates of inspection shall accompany the invoice for each shipment of plants as may be required by law for transportation. File certificates with the landscape architect prior to acceptance of the material. Inspection by federal or state authorities at place of growth does not preclude rejection of the plants at the site.

V. Submittals
A. Manufacturer's Data: Submit copies of the manufacturer's and/or source data for all materials specified, including soils, soil amendments and fertilizer materials. Comply with regulations applicable to landscape materials.
B. Samples: Submit samples of all topsoil, soil mixes, mulches, and organic materials. Samples shall weigh 1 kg (2 lb) and be packaged in plastic bags. Samples shall be typical of the lot of material to be delivered to the site and provide an accurate indication of color, texture, and organic makeup of the material.
C. Nursery Sources: Submit a list of all nurseries that will supply plants, along with a list of the plants they will provide and the location of the nursery.
D. Soil Test: Submit soil test analysis report for each sample of topsoil and planting mix from a soil testing laboratory approved by the landscape architect.
1. Provide a particle size analysis, including the following gradient of mineral content:

USDA Designation	Size in mm
Gravel	+2 mm
Very Course Sand	1-2 mm
Coarse Sand	0.5-1 mm
Medium Sand	0.25-0.5 mm
Fine Sand	0.1-0.25 mm
Very fine sand	0.05-0.1 mm
Silt	0.002-0.05 mm
Clay	smaller than 0.002

2. Provide a chemical analysis, including the following:
a. pH and buffer pH
b. Percentage of organic content by oven-dried weight.
c. Nutrient levels by parts per million, including phosphorus, potassium magnesium, manganese, iron, zinc, and calcium. Nutrient test shall include the testing laboratory recommendations for supplemental additions to the soil based on the requirements of horticultural plants.
d. Soluble salt by electrical conductivity of a 1:2, soil: water, sample measured in millimho per cm.
e. Cation exchange capacity (CEC).
E. Material Testing: Submit the manufacturers particle size analysis, and the pH analysis and provide a description and source location for the content material of all organic materials.
F. Maintenance Instructions: Prior to the end of maintenance period, Landscape Contractor shall furnish three copies of written maintenance instructions to the Landscape Architect for transmittal to the Owner for maintenance and care of installed plants through their full growing season.

VI. Utility Verification
A. The contractor shall contact the local utility companies for verification of the location of all underground utility lines in the area of the work. The contractor shall be responsible for all damage resulting from neglect or failure to comply with this requirement.

Part 2. Materials

I. Plants
A. Plants shall be true to species and variety specified and nursery-grown in accordance with good horticultural practices under climatic conditions similar to those in the locality of the project for at least two years. They shall have been freshly dug.
1. All plant names and descriptions shall be as defined in Hortus Third.
2. All plants shall be grown and harvested in accordance with the American Standard for Nursery Stock and Florida Department of Agriculture Grades and Standards for Nursery Plants.
3. Unless approved by the landscape architect, plants shall have been grown at a latitude not more than 325 km (200 miles) north or south of the latitude of the project unless the provenance of the plant can be documented to be compatible with the latitude and cold hardiness zone of the planting location.
B. Unless specifically noted, all plants shall be exceptionally heavy, symmetrical, and so trained or favored in development and appearance as to be unquestionably and outstandingly superior in form, compactness, and symmetry. They shall be sound, healthy, vigorous, well branched, and densely foliated when in leaf; free of disease and insects, eggs, or larvae; and shall have healthy, well-developed root systems. They shall be free from physical damage or other conditions that would prevent vigorous growth.
1. Trees with multiple leaders, unless specified, will be rejected. Trees with a damaged or crooked leader, bark abrasions, sunscald, disfiguring knots, insect damage, or cuts of limbs over 20 mm (3/4 in.) in diameter that are not completely closed will be rejected.
C. Plants shall conform to the measurements specified, except that plants larger than those specified may be used if approved by the landscape architect. Use of larger plants shall not increase the contract price. If larger plants are approved, the root ball shall be increased in proportion to the size of the plant.
1. Caliper measurements shall be taken on the trunk 150 mm (6 in.) above the natural ground line for trees up to and including 100 mm (4 in.) in caliper, and 300 mm (12 in.) above the natural ground line for trees over 100 mm (4 in.) in caliper. Height and spread dimensions specified refer to the main body of the plant and not from branch tip to branch tip. Plants shall be measured when branches are in their normal position. If a range of sizes is given, no plant shall be less than the minimum size, and no less than 50 percent of the plants shall be as large as the maximum size specified. Measurements specified are minimum sizes acceptable after pruning, where pruning is required. Plants that meet measurements but do not possess a standard relationship between height and spread, according to the Florida Department of Agriculture Grades and Standards for Nursery Plants, shall be rejected.
D. Substitutions of plant materials will not be permitted unless authorized in writing by the landscape architect. If proof is submitted in writing that a plant specified is not obtainable, consideration will be given to the nearest available size or similar variety, with a corresponding adjustment of the contract price.
E. The plant schedule provided at the end of this section, or on the drawing, is for the contractor's information only, and no guarantee is expressed or implied that quantities therein are correct or that the list is complete. The contractor shall ensure that all plant materials shown on the drawings are included in his or her bid.
F. All plants shall be labeled by plant name. Labels shall be attached securely to all plants, bundles, and containers of plant materials when delivered. Plant labels shall be durable and legible, with information given in weather-resistant ink or embossed process lettering.
G. Selection and Tagging
1. Plants shall be subject to inspection for conformity to specification requirements and approval by the landscape architect at their place of growth and upon delivery. Such approval shall not impair the right of inspection and rejection during progress of the work.
2. A written request for the inspection of plant material at their place of growth shall be submitted to the landscape architect at least ten calendar days prior to digging. This request shall state the place of growth and the quantity of plants to be inspected. The landscape architect may refuse inspection at this time if, in his or her judgment, sufficient quantities of plants are not available for inspection or landscape architect deems inspection is not required.
3. All field grown deciduous trees shall be marked to indicate the trees north orientation in the nursery. Place a 1-in. diameter spot of white paint onto the north side of the tree trunk within the bottom 12 inches of the trunk.
H. Anti-Desiccants
1. Anti-desiccants, if specified, are to be applied to plants in full leaf immediately before digging or as required by the landscape architect. Anti-desiccants are to be sprayed so that all leaves and branches are covered with a continuous protective film.
I. Balled and Burlapped (B&B) Plant Materials
1. Trees designated B&B shall be properly dug with firm, natural balls of soil retaining as many fibrous roots as possible, in sizes and shapes as specified in the Florida Department of Agriculture Grades and Standards for Nursery Plants. Balls shall be firmly wrapped with synthetic, natural, or treated burlap, and/or wire. All synthetic fabric should be removed from the rootball prior to planting. True biodegradable burlap can be left around the root ball. The root collar shall be apparent at surface of ball. Trees with loose, broken, processed, or manufactured root balls will not be accepted, except with special written approval before planting.
J. Container Plants
1. Plants grown in containers shall be of appropriate size for the container as specified in the most recent edition of the Florida Department of Agriculture Grades and Standards for Nursery Plants and be free of circling roots on the exterior and interior of the root ball.
2. Container plants shall have been grown in the container long enough to have established roots throughout the growing medium.
K. Bareroot and Collected Plants
1. Plants designated as bareroot or collected plants shall conform to the American Standard for Nursery Stock.
2. Bareroot material shall not be dug or installed after bud break or before dormancy.
3. Collected plant material that has not been taken from active nursery operations shall be dug with a root ball spread at least 1/3 greater than nursery grown plants. When specified or approved, shall be in good health, free from disease, insect or weed infestation and shall not be planted before inspection and acceptance at the site. Testing may be required at the discretion of the Landscape Architect and/or the Owner and shall be provided at no additional cost.
L. Specimen Material: Plant material specified as specimens are to be approved by the Landscape Architect before being brought to the site. Unless otherwise noted on the drawings, these plants shall be Florida Fancy.
M. Palms
1. Coconut Palms shall be grown from a certified seed.
2. All palm species except Sabal palmetto shall have roots adequately wrapped before transporting.
3. Sabal palms shall have a hurricane cut. Sabal palms shall be installed on site at the earliest opportunity in the construction process. All Sabal palms shall be from Palm Beach County or other sandy soils. All Sabal palms shall be Florida Fancy.
4. For booted trunk palms, trunks shall have clean intact boots firmly attached to the palm trunk. For slick trunk palms, trunk shall be clear and free from defect and scars.
5. The Contractor shall treat all palms as required to prevent infestation by the palmetto weevil.
N. Sod
1. Sod shall be graded #1 or better. Sod shall be loam or muck grown with a firm, full texture and good root development. Sod shall be thick, healthy and free from defects and debris including but not limited to dead thatch, insects, fungus, diseases and contamination by weeds, other grass varieties or objectionable plant material.
2. Sod shall be sufficiently thick to insure a dense stand of live grass. Sod shall be live, fresh, and uninjured at the time of planting. Plant sod within 48 hours after harvesting.
3. Sod area shall be all areas not otherwise identified and shall include the area beyond the property line to the edge of pavement and/or edge of water.
O. Immediately after harvesting plants, protect from drying and damage until shipped and delivered to the planting site. Rootballs shall be checked regularly and watered sufficiently to maintain root viability.
P. Transportation and Storage of Plant Material
1. Branches shall be tied with rope or twine only, and in such a manner that no damage will occur to the bark or branches.
2. During transportation of plant material, the contractor shall exercise care to prevent injury and drying out of the trees. Should the roots be dried out, large branches broken, balls of earth broken or loosened, or areas of bark torn, the landscape architect may reject the injured tree(s) and order them replaced at no additional cost to the owner. All loads of plants shall be covered at all times with tarpaulin or canvas. Loads that are not protected will be rejected.
3. All bareroot stock sent from the storage facility shall be adequately covered with wet soil, sawdust, woodchips, moss, peat, straw, hay, or other acceptable moisture-holding medium, and shall be covered with a tarpaulin or canvas. Loads that are not protected in the above manner may be rejected.
4. Plants must be protected at all times from sun or drying winds. Those that cannot be planted immediately on delivery shall be kept in the shade, well protected with soil, wet mulch, or other acceptable material, and kept well watered. Plants shall not remain unplanted any longer than three days after delivery. Plants shall not be bound with wire or rope at any time so as to damage the bark or break branches. Plants shall be lifted and handled with suitable support of the soil ball to avoid damaging it.
Q. Mechanized Tree Spade Requirements
Trees may be moved and planted with an approved mechanical tree spade. The tree spade shall move trees limited to the maximum size allowed for a similar B&B root-ball diameter according to the American Standard for Nursery Stock or the manufacturer's maximum size recommendation for the tree spade being used, whichever is smaller. The machine shall be approved by the landscape architect prior to use. Trees shall be planted at the designated locations in the manner shown in the plans and in accordance with applicable sections of the specifications.

II Materials for Planting
A. Mulch: Except as otherwise specified, mulch shall be shredded Melaleuca mulch - grade "A". All Melaleuca mulch shall be made entirely from the wood and bark of the Melaleuca quinquinerva tree. It shall not contain more than 10% bark (by volume). Shreds and chips shall not be larger the ¾" diameter and 1½" in length. Mulch shall be free of weeds, seeds, and any other organic or inorganic material other than Melaleuca wood and bark. It shall not contain stones or other foreign material that will prevent its eventual decay. This shall be applied to all planted areas where indicated so that, after installation, the mulch thickness will not be less than 3". Submit sample for approval.
B. Peat: Shall be horticultural peat composed of not less than 60% decomposed organic matter by weight, on an oven dried basis. Peat shall be delivered to the site in a workable condition free from lumps.
C. Gravel Mulch: Use only where specifically indicated on the plans of the size and type shown. Unless otherwise specified it shall be water-worn, hard durable gravel, washed free of loam, sand, clay and other foreign substances. It shall be a minimum of 3" deep and shall be contained with edging or other approved gravel stop as indicated on the plans. It shall be a maximum of 1 1/2", a minimum of 3/4" and of a readily-available natural gravel color range. Provide geotextile filter fabric below aggregate rock.
Submit sample for approval.
D. Root Barrier: Where specified, root barriers shall be installed on all tree and palm material in accordance with the root barrier detail provided within the plan drawings. Root barriers shall comply with all requirements of the municipality within which they are located as well as with any utility holder requirements of any affected utilities. In the event that conflicting requirements exist between the root barrier detail provided within the plan documents and the municipality/utility holder requirements, the more stringent of the requirements shall be applicable.
E. Planter Edging: Use only where specifically indicated on plans. Edging shall be the color black.
F. Anti-desiccant: shall be an emulsion specifically manufactured for agricultural use, which provides a protective film over plant surfaces. Anti-desiccants shall be delivered in containers of the manufacturer and shall be mixed according to the manufacturer's directions. Submit manufacturer literature for approval.

III. Materials for Soil Amendment
A. Pine Bark: Horticultural-grade milled pine bark, with 80 percent of the material by volume sized between 0.1 and 15.0 mm.
1. Pine bark shall be aged sufficiently to break down all woody material. Pine bark shall be screened.
2. pH shall range between 4 and 7.0.
3. Submit manufacturer literature for approval.
B. Organic Matter: Leaf matter and yard waste composted sufficiently to break down all woody fibers, seeds, and leaf structures, and free of toxic and nonorganic matter. Organic matter shall be commercially prepared compost. Submit 0.5 kg (1 lb) sample and suppliers literature for approval.
C. Course Sand: Course concrete sand, ASTM C-33 Fine Aggregate, with a Fines Modulus Index of 2.75 or greater.
1. Sands shall be clean, sharp, natural sands free of limestone, shale and slate particles.
2. Provide the following particle size distribution:

Sieve	Percentage Passing
3/8 in (9.5 mm)	100
No. 4 (4.75 mm)	95-100
No. 8 (2.36 mm)	80-100
No. 16 (1.18 mm)	50-85
No. 30 (0.60 mm)	25-60
No. 50 (0.30 mm)	10-30
No. 100 (0.15 mm)	2-10

D. Lime: shall be ground, palletized, or pulverized lime manufactured to meet agricultural standards and contain a maximum of 60 percent oxide (i.e. calcium oxide plus magnesium oxide). Submit manufacturer literature for approval.
E. Sulfur: shall be flowers of sulfur, pelletized or granular sulfur, or iron sulfate. Submit manufacturer literature for approval.
F. Fertilizer: Agricultural fertilizer of a formula indicated by the soil test. Fertilizers shall be organic, slow-release compositions whenever applicable. Submit manufacturer literature for approval.

IV. Planting Mix
A. Planting Mix
1. Planting Mix for Trees, Shrubs, Groundcovers and vines: Check with landscape architect for appropriate mixture.
2. Planting Mix for Palms: Mixture of course sand and peat mixed to the following proportion:

Component	Percent by Volume
Coarse Sand	75%
Peat	25%

B. Planting mix shall be thoroughly mixed, screened, and shredded.
C. Prior to beginning the mixing process, submit a 1-kg (2-lb) sample of the proposed mix with soil test results that indicate the mix ratio and the results achieved.
D. During the mixing process but prior to installing the mix, submit a 1-kg (2-lb) sample for each 200 cubic meters (250 cubic yards) of planting mix, taken randomly from the finished soil mix, with soil test results for approval. In the event that the test results do not meet the required particle size distribution, remix and resubmit a revised planting mix.
E. Make all amendments of lime/sulfur and fertilizer indicated by the soil test results at the time of mixing.
F. All mixing shall take place in the contractors yard, using commercial mixing equipment sufficient to thoroughly mix all components uniformly
G. Protect the planting mix from erosion prior to installation.

Part 3. Execution

I. Excavation of Planted Areas
A. Locations for plants and/or outlines of areas to be planted are to be staked out at the site. Locate and mark all subsurface utility lines. Approval of the stakeout by the landscape architect is required before excavation begins.
B. Tree, shrub, and groundcover beds are to be excavated to the depth and widths indicated on the landscape plan detail drawings. If the planting area under any tree is initially dug too deep, the soil added to bring it up to the correct level should be thoroughly tamped.
1. The sides of the excavation of all planting areas shall be sloped at a 45 degrees. The bottom of all beds shall slope parallel to the proposed grades or toward any subsurface drain lines within the planting bed. The bottom of the planting bed directly under any tree shall be horizontal such that the tree sits plumb.
2. Maintain all required angles of repose of the adjacent materials as shown on the drawings. Do not excavate compacted subgrades of adjacent pavement or structures.
3. Subgrade soils shall be separated from the topsoil, removed from the area, and not used as backfill in any planted or lawn area. Excavations shall not be left uncovered or unprotected overnight.
C. For trees and shrubs planted in individual holes in areas of good soil that is to remain in place and/or to receive amendment in the top 150-mm (6 in.) layer, excavate the hole to the depth of the root ball and to widths shown on the drawing. Slope the sides of the excavation at a 45 degree angle up and away from the bottom of the excavation.
1. In areas of slowly draining soils, the root ball may be set up to 75 mm (3 in.) or 1/8 of the depth of the root ball above the adjacent soil level.
2. Save the existing soil to be used as backfill around the tree.
3. On steep slopes, the depth of the excavation shall be measured at the center of the hole and the excavation dug as shown on the drawings.
D. Detrimental soil conditions: The landscape architect is to be notified, in writing, of soil conditions encountered, including poor drainage, that the contractor considers detrimental to the growth of plant material. When detrimental conditions are uncovered, planting shall be discontinued until instructions to resolve the conditions are received from the landscape architect.
E. Obstructions: If rock, underground construction work, utilities, tree roots, or other obstructions are encountered in the excavation of planting areas, alternate locations for any planting shall be determined by the landscape architect.

II. Installation of Planting Mix
A. Prior to the installation of the planting mix, install subsurface drains, irrigation main lines, lateral lines, and irrigation risers shown on the drawings.
B. The landscape architect shall review the preparation of subgrades prior to the installation of planting mix.
C. Do not proceed with the installation of planting mix until all utility work in the area has been installed.
D. Protect adjacent walls, walks, and utilities from damage or staining by the soil. Use 12-mm (1/2 in.) plywood and/or plastic sheeting as directed to cover existing concrete, metal, masonry work, and other items as directed during the progress of the work.
1. Clean up any soil or dirt spilled on any paved surface at the end of each working day.
2. Any damage to the paving or architectural work caused by the soils installation contractor shall be repaired by the general contractor at the soils installation contractors expense.
E. Till the subsoil into the bottom layer of topsoil or planting mix.
1. Loosen the soil of the subgrade to a depth of 50 to 75 mm (2 to 3 in.) with a rototiller or other suitable device.
2. Spread a layer of the specified topsoil or planting mix 50 mm (2 in.) deep over the subgrade. Thoroughly till the planting mix and the subgrade together.
3. Immediately install the remaining topsoil or planting mix in accordance with the following specifications. Protect the tilled area from traffic. DO NOT allow the tilled subgrade to become compacted.
4. In the event that the tilled area becomes compacted, till the area again prior to installing the planting mix.
F. Install the remaining topsoil or planting mix in 200- to 250-mm (8- to 10-in.) lifts to the depths and shown on the drawing details. The depths and grades shown on the drawings are the final grades after soil settlement and shrinkage of the organic material. The contractor shall install the soil at a higher level to anticipate this reduction of soil volume, depending on predicted settling properties for each type of soil.
1. Phase the installation of the soil such that equipment does not have to travel over already-installed topsoil or planting mixes.
2. Compact each lift sufficiently to reduce settling but not enough to prevent the movement of water and feeder roots through the soil. The soil in each lift should feel firm to the foot in all areas and make only slight heel prints. Overcompaction shall be determined by the following field percolation test.
a. Dig a hole 250 mm (10 in.) in diameter and 250 mm (10 in.) deep.
b. Fill the hole with water and let it drain completely. Immediately refill the hole with water, and measure the rate of fall in the water level.
c. In the event that the water drains at a rate less than 25 mm (1 in.) per hour, till the soil to a depth required to break the overcompaction.
d. The landscape architect shall determine the need for, and the number and location of percolation tests based on observed field conditions of the soil.
3. Maintain moisture conditions within the soils during installation to allow for satisfactory compaction. Suspend installation operations if the soil becomes wet. Do not place soils on wet subgrade.
4. Provide adequate equipment to achieve consistent and uniform compaction of the soils. Use the smallest equipment that can reasonably perform the task of spreading and compaction.
5. Add lime, sulfur, fertilizer, and other amendments during soil installation. Spread the amendments over the top layer of soil and till into the top 100 mm (4 in.) of soil. Soil amendments may be added at the same time that organic matter, when required, is added to the top layer of soil.
6. Protect soil from overcompaction after placement. An area that becomes overcompacted shall be tilled to a depth of 125 mm (6 in.). Uneven or settled areas shall be filled and regraded.

III. Fine Grading
A. It shall be the responsibility of the Contractor to finish grade (min. 6" below adjacent F.F.E.). Finish grades in planting areas shall be one inch lower than adjacent paving and are to include 3" of mulching. New earthwork shall blend smoothly into the existing earthwork, and grades shall pitch evenly between spot grades. All planted areas must pitch to drain at a minimum of 1/4" per foot. Any discrepancies not allowing this to occur shall be reported to the Landscape Architect prior to continuing work.
B. Fill all dips and remove any bumps in the overall plane of the slope.
1. The tolerance for dips and bumps in lawn areas shall be a 12-mm (1/2 in.) deviation from the plane in 3,000 mm (10 ft).
2. The tolerance for dips and bumps in shrub planting areas shall be a 25-mm (1 in.) deviation from the plane in 3,000 mm (10 ft).
3. All fine grading shall be inspected and approved by the landscape architect prior to planting, mulching, sodding, or seeding.
C. Berming shall not be placed within 10' of any existing tree nor will it be allowed to encroach upon any utility, drainage, or maintenance easement. Berming shall not impede or obstruct any necessary swales needed to drain other areas for the property.

IV. Planting Operations
A. Plants shall be set on flat-tamped or unexcavated pads at the same relationship to finished grade as they were to the ground from which they were dug, unless otherwise noted on the drawings. Plants must be set plumb and braced in position until topsoil or planting mix has been placed and tamped around the base of the root ball. Improper compacting of the soil around the root ball may result in the tree settling or leaning. Plants shall be set so that they will be at the same depth and so that the root ball does not shift or move laterally one year later.
1. Determine the elevation of the root flare and ensure that it is planted at grade. This may require that the tree be set higher than the grade in the nursery.
2. If the root flare is less than 50 mm (2 in.) below the soil level of the root ball, plant the tree the appropriate level above the grade to set the flare even with the grade. If the flare is more than 50 mm (2 in) at the center of the root ball the tree shall be rejected.
B. Lift plants only from the bottom of the root balls or with belts or lifting harnesses of sufficient width not to damage the root balls. Do not lift trees by their trunk or use the trunk as a lever in positioning or moving the tree in the planting area.
C. Remove plastic, paper, or fiber pots from containerized plant material. Pull roots out of the root mat. Loosen the potting medium and shake away from the root mat. Immediately after removing the container, install the plant such that the roots do not dry out. Pack planting mix around the exposed roots while planting.
D. The roots of bare-root trees shall be pruned at the time of planting to remove damaged or undesirable roots (those likely to become a detriment to future growth of the root system). Bare-root trees shall have the roots spread to approximate the natural position of the roots and shall be centered in the planting pit. The planting-soil backfill shall be worked firmly into and around the roots, with care taken to fill in completely with no air pockets.
E. Cut ropes or strings from the top of shrub root balls and trees smaller than 3 in. caliper after plant has been set. Remove burlap or cloth wrapping and any wire baskets from around top half of balls. Do not turn under and bury portions of burlap at top of ball.
1. Do not immediately remove the ropes and burlap from trees larger than 3 in. caliper. Return to each tree three months after planting and cut all ropes around the trunks and tops of the root balls of these trees.
2. Completely remove any waterproof or water-repellant strings or wrappings from the root ball and trunk before backfilling.
F. Set balled and burlapped trees in the hole with the north marker facing north unless otherwise approved by the landscape architect.
G. Place native soil, topsoil, or planting mix into the area around the tree, tamping lightly to reduce settlement.
1. For plants planted in individual holes in existing soil, add any required soil amendments to the soils, as the material is being backfilled around the plant. Ensure that the amendments are thoroughly mixed into the backfill.
2. For plants planted in large beds of prepared soil, add soil amendments during the soil installation process.
3. Ensure that the backfill immediately around the base of the root ball is tamped with foot pressure sufficient to prevent the root ball from shifting or leaning.
H. Solid sod shall be laid with closely abutting joints with a tamped or rolled, even surface. Stagger strips to offset joints in adjacent courses. Bring the sod edge in a neat, clean manner to the edge of all paving and shrub areas. Sod along slopes shall be pegged to hold sod in place along slopes or banks a wood peg acceptable to the Landscape Architect shall be used at no additional cost to the Owner. If, in the opinion of the Landscape Architect, top-dressing is necessary after rolling, clean sand will be evenly applied over the entire surface and thoroughly washed in without additional charge.
I. Thoroughly water all plants immediately after planting. Apply water by hose directly to the root ball and the adjacent soil.
J. Remove all tags, labels, strings, etc. from all plants.
K. Remove any excess soil, debris, and planting material from the job site at the end of each workday.
L. Form watering saucers 100 mm (4 in.) high immediately outside the area of the root ball of each tree as indicated on the drawings.

V. Relocation of Existing Material:
A. Landscape Contractor shall root prune trees which are to be relocated in accordance with approved horticultural practices and the following procedures.
1. Select a healthy tree
2. Selectively trim the canopy removing dead limbs, cross branching over crowned areas, and lower undesirable limbs. Fertilize and water trees before pruning.
3. Root prune 50% of the root system approximately 18"-2' deep (depending upon species and size). This is done by hand with sharp hand tools or a root pruning saw. The diameter of the root ball to be pruned is 8-12 inches per every one inch of diameter at breast height of the tree.
4. Back fill the existing soil with peat moss to stimulate new root growth of the pruned roots.
5. Water in thoroughly and treat with a mycorrhizae and a low nitrogen fertilizer (so not to burn the pruned roots). Brace trees if deemed necessary.
6. The root pruned tree should be watered every day (especially during warm months of the season), the equivalent of 5 gallons for every DBH of tree per day.
7. Root pruned trees should be let to stand for a minimum of 6 weeks for trees less than 8" DBH and as long as 3 months for larger specimens prior to transplanting.
8. For best results and survivorship, new root growth should be evident on root pruned trees prior to transplanting.
9. Upon transplanting, water should be applied every day as outlined in step 6 for at least one year.

VI. Staking and Guying
A. The Contractor shall stake all trees and palms in accordance with the tree and palm staking details provided within the plan drawings. Alternate methods of guying or staking may be employed with the prior approval of the Landscape Architect.
B. The Contractor shall be responsible for the replacement or adjustment of all trees, palms or shrubs that fall or lean during the guarantee period. The Contractor shall be responsible for any damage caused by the falling or leaning of trees.
C. Stakes and guys shall be installed immediately upon approval or planting, and shall be removed in accordance with the staking details provide within the plan drawings. Any tree that is not stable at the end of the warranty period shall be rejected.

VII. Pruning
A. Plants shall not be heavily pruned at the time of planting. Pruning is required at planting time to correct defects in the tree structure, including removal of injured branches, waterspouts, suckers, and interfering branches. Healthy lower branches and interior small twigs should not be removed except as necessary to clear walks and roads. In no case should more than one-quarter of the branching structure be removed. Retain the normal or natural shape of the plant.
B. All pruning shall be completed using clean, sharp tools. All cuts shall be clean and smooth, with the bark intact with no rough edges or tears.
C. Pruning of large trees shall be done from a hydraulic man-lift such that it is not necessary to climb the tree.

VIII. Mulching
A. All trees, palms, shrubs, and other plantings will be mulched with mulch previously approved by the landscape architect. The mulch shall be a minimum 3" thick layer over all tree, shrub and ground cover planting areas, unless otherwise specified. All mulch layers shall be of the specified thickness at the time of the final acceptance of the work. Mulch must not be placed within 3 inches of the trunks of trees, palms or shrubs.
B. Place mulch at least 3" in depth in a circle around all trees located in lawn areas. The diameter of the circle shall be 18" in diameter larger than the ball of the plant provided. Mulch must not be placed within 3 inches of the trunks of trees, palms or shrubs.

IX. Maintenance of Trees, Shrubs, and Vines
A. Maintenance shall begin immediately after each plant is planted and continue until its acceptance has been confirmed by the landscape architect.
B. Maintenance shall consist of pruning, watering, cultivating, weeding, mulching, fertilizing, tightening and repairing guys and stakes, resetting plants to proper grades or upright position, restoring of the planting saucer, and furnishing and applying such sprays or other materials as necessary to keep plantings free of insects and diseases and in vigorous condition.
C. Planting areas and plants shall be protected at all times against trespassing and damage of all kinds for the duration of the maintenance period. If a plant becomes damaged or injured, it shall be treated or replaced as directed by the landscape architect at no additional cost.
D. Watering: Contractor shall irrigate as required to maintain vigorous and healthy tree growth. Overwatering or flooding shall not be allowed. The contractor shall monitor, adjust, and use existing irrigation facilities, if available, and furnish any additional material, equipment, or water to ensure adequate irrigation. Root balls of all trees and large shrubs shall be spot watered using handheld hoses during the first four months after planting, as required to ensure adequate water within the root ball.
E. During periods of restricted water usage, all governmental regulations (permanent and temporary) shall be followed. The contractor may have to transport water from ponds or other sources, at no additional cost to the owner when irrigation systems are unavailable.
F. Remove soil ridges from around watering basins prior to end of maintenance period, as directed by Landscape Architect

X. Acceptance
A. The landscape architect shall inspect all work for acceptance upon written request of the contractor. The request shall be received at least ten calendar days before the anticipated date of inspection.
B. Acceptance of plant material shall be for general conformance to specified size, character, and quality and shall not relieve the contractor of responsibility for full conformance to the contract documents, including correct species.
C. Upon completion and re-inspection of all repairs or renewals necessary in the judgment of the landscape architect, the landscape architect shall certify in writing that the work has been accepted.

XI. Acceptance in Part
A. Work may be accepted in parts when the landscape architect and contractor deem that practice to be in their mutual interest. Approval must be given in writing by the landscape architect to the contractor verifying that the work is to be completed in parts. Acceptance of work in parts shall not waive any other provision of this contract.

XII. Guarantee Period and Replacements
A. The guarantee period for trees and shrubs shall begin at the date of acceptance.
B. The contractor shall guarantee all plant material to be in healthy and flourishing condition for a period of one year from the date of acceptance.
C. When work is accepted in parts, the guarantee periods extend from each of the partial acceptances to the terminal date of the guarantee of the last acceptance. Thus, all guarantee periods terminate at one time.
D. The contractor shall replace, without cost, as soon as weather conditions permit, and within a specified planting period, all plants determined by the landscape architect to be dead or in an unacceptable condition during and at the end of the guarantee period. To be considered acceptable, plants shall be free of dead or dying branches and branch tips and shall bear foliage of normal density, size, and color. Replacements shall closely match adjacent specimens of the same species. Replacements shall be subject to all requirements stated in this specification.
E. The guarantee of all replacement plants shall extend for an additional period of one year from the date of their acceptance after replacement. In the event that a replacement plant is not acceptable during or at the end of said extended guarantee period, the landscape architect may elect subsequent replacement or credit for that item.
F. At the end of the guarantee, the contractor shall reset grades that have settled below the proposed grades on the drawings.
G. The contractor shall make periodic inspections, at no extra cost, during the guarantee period to determine what changes, if any, should be made in the maintenance program. If changes are recommended, they shall be submitted in writing to the landscape architect. Claims by the contractor that the owners maintenance practices or lack of maintenance resulted in dead or dying plants will not be considered if such claims have not been documented by the contractor during the guarantee period.

XIII. Final Inspection and Final Acceptance
At the end of the guarantee period and upon written request of the contractor, the landscape architect will inspect all guaranteed work for final acceptance. The request shall be received at least ten calendar days before the anticipated date for final inspection. Upon completion and re-inspection of all repairs or renewals necessary in the judgment of the landscape architect at that time, the landscape architect shall certify, in writing, that the project has received final acceptance.

LIGHT FIXTURE SCHEDULE

TYPE	MANUFACTURER	FIXTURE CATALOG NO.	LAMPS		FIXTURE WATTS	MOUNTING	REMARKS
			LAMP #	LAMP TYPE			
S1	GE CURRENT	EPTT-01-0-3-A-N-30-P	1	LED, 3000K, 3500 LUMENS	30 W	20' POLE 15' 6" MH	POST TOP LED FIXTURE.

(d) *Standards.*

(1) *Confinement.* All outdoor lighting shall utilize full cutoff luminaries per the Illuminating Engineering Society of North America (IESNA) definition of full cutoff which allows for zero percent of lumens above 90 degrees from nadir. No luminaries other than landscape lighting exempted per subparagraph (b)(3)d. above, shall be directed upwards to avoid urban sky glow.

(2) *Light trespass.* The maximum illumination at the property line of an adjoining residential parcel or public ROW is 0.33 horizontal and vertical foot-candles measured at six feet above grade level. Said illumination likewise measured at the property line of an adjoining non-residential parcel, shall not exceed 3.0 horizontal and vertical foot-candles measured at six feet above grade level.

(3) *Security lighting and time restrictions.*

a. Full cutoff luminaires shall be used for all security lighting and dusk-to-dawn area lighting.

b. Outdoor illumination, including, but not limited to, areas used for outdoor sales and display, eating, parking, assembly, service, storage of equipment and freight, loading and unloading, repair, maintenance, commercial activities, and industrial activities shall not continue after 11:00 p.m., or no more than one hour after active use of the area ceases, whichever is later, except for security lighting.

c. Security lighting shall be required for all active entrances to buildings, parking lots and access to buildings or parking lots. All security lighting shall maintain an average of 0.75 fc, a minimum of 0.3 fc and a maximum of 3 fc from dusk until dawn.

d. No outdoor recreational facility shall be illuminated after 11:00 p.m. except to conclude a scheduled and sanctioned recreational or sporting event by the village or other authorized agency in progress prior to 11:00 p.m. The luminaries shall be extinguished after outdoor recreational events are completed and the site has been vacated.

1. *Exceptions.* Public recreational facilities that operate or are open to the public on a 24-hour basis.

e. Automatic timing devices with a photosensor or an astronomical timeclock, which control the hours of illumination shall be required for all parking lots, car dealerships/outdoor display lots and parking garages. These devices may remain on Eastern Standard Time throughout the year.

(4) *Illumination levels.* Table 34-1362(1), illumination levels, indicates the minimum and maximum illumination levels for specific site elements, as well as the maximum to minimum, and average to minimum ratios.

Table 34-1362(1): Illumination Levels

Outdoor Lighting	Maximum Illumination (1)	Minimum Illumination (1)	Max to Min Ratio	Average to Min Ratio
Buildings and Accessory Structures				
a. Pathway lighting (2)	5.0 (4)	-	-	-
b. Canopies, drive-thru and overhangs	30.0	3.0	10:1	2.5:1
Parking lots				
a. Multifamily residential	3.0	0.3	10:1	-
b. All others	12.0	1.0	12:1	3:1
Parking Structures				
a. Parking area	10.0	1.0	10:1	4:1
b. Ramps—Day	20.0	2.0	10:1	-
c. Ramps—Night	10.0	1.0	10:1	-
d. Entrance area—Day	50.0	5.0	10:1	-
e. Entrance area—Night	10.0	1.0	10:1	-
f. Stairways	-	10.0	-	-
Property Boundary	Refer to Light Trespass			
Specialty Lighting (3)				
a. Outdoor entertainment	Per IESNA Lighting Handbook			
b. Parks				
Other Lighting Types				
a. Outdoor display and storage for vehicle sales and rental.	40	1.0	15:1	4:1
b. Other outdoor display and storage Areas.	20	1.0	15:1	4:1
c. Outdoor work areas	20	1.0	15:1	4:1
Notes				

1. Measured in foot-candles.
2. Building or accessory mounted luminaries used to light parking lots shall comply with parking lot illumination levels.
3. Applicable to outdoor recreation areas only, excluding areas such as parking lots, drive isles, pathways, building and landscape lighting.
4. Fully shielded bollards not greater than 42 inches in height may be permitted up to 20 foot-candles.

LIGHTING SYMBOLS SCHEDULE

ALL SYMBOLS DO NOT NECESSARILY APPEAR ON THESE DRAWINGS

NOTES:
1. IF WALL MOUNTED FIXTURE PROJECTS 4" OR MORE FROM FINISHED WALL THERE SHALL BE 80" VERTICAL CLEARANCE A.F.F.
2. PROVIDE A SEPARATE REFERENCE CONDUCTOR FOR THE FIXTURES BATTERY PACK, FED FROM THE SAME CIRCUIT AS THE FIXTURE. THIS REFERENCE CONDUCTOR SHALL NOT ROUTE THROUGH ANY LOCAL SWITCH OR LIGHTING CONTROL RELAY. ALL FIXTURES WITH EMERGENCY BATTERY PACKS SHALL BE SWITCHED AS SHOWN ON PLANS, UNO. ALL FIXTURES WITH EMERGENCY BATTERY PACKS SHALL BE PROVIDED WITH INTEGRAL RED TEST BUTTON, UNO.

(3) *Exemptions.* The following uses shall be exempt to the extent listed below:

a. *Residential.* Single-family and multifamily dwellings up to two units shall not be subject to the requirements of this section.

b. *Street lights.* Street lights in any public ROW that meet the requirements of the appropriate public utility.

c. *Temporary lighting.* The temporary use of low wattage or low voltage lighting for public festivals, celebrations, and the observance of holidays are exempt from regulation except where they create a hazard or nuisance from glare.

d. *Landscape and accent lighting.* Landscape and accent lighting fixtures that comply with the Florida Building Code, Energy Conservation, 5th Edition, Section C4056, efficiency requirements shall be exempt. All exempt landscape and accent lighting fixtures must have a locking mechanism and a glare shield so that light is aimed, and remains aimed at the surface intended. Accent and landscape luminaries not exceeding 100 watts.

ELECTRICAL SHEET LIST

SHEET NUMBER	SHEET NAME
E0.01	ELECTRICAL SYMBOLS
E1.00	ELECTRICAL SITE PLAN
E1.01	PHOTOMETRICS A
E1.02	PHOTOMETRICS B
E6.00	LIGHTING DIAGRAMS

Location	Maximum Height	
	U/S Tier	Rural, Exurban and AGR Tiers
Buildings and Accessory Structures		
a. Buildings	25 feet or eave overhang, whichever is lower (unless required by the Florida Building Code)	
b. Accessory structures	10 feet	8 feet
Parking Lot		
a. Residential	20 feet	15 feet
b. Industrial	40 feet	-
c. Commercial, civic and institutional	30 feet, or equal to the height of the building up to a maximum of 40 feet	25 feet
Parking Structures		
a. Luminaires on top parking level.	20 feet or 25 feet (4)	15 feet
Property Boundary		
a. Luminaires within 100 feet of residential (2)	20 feet	15 feet
Specialty Lighting (3)		
a. Golf courses	Per IESNA Lighting Handbook	
b. Outdoor entertainment		
c. Parks		
Notes:		

1. For the purposes of this table, residential parcel shall include any residential use, or any vacant parcel with a residential land use designation.
2. The height of any lighting luminaire within 100 feet of a parcel with a residential use land use designation shall be limited in accordance with the height limitations of the adjacent residential land development district.
3. Applicable to outdoor recreation areas only, excluding areas such as parking lots, drive isles, pathways, building and landscape lighting.
4. Minimum setback shall be 45 feet from exterior edge of wall for all luminaries, except luminaries mounted to interior face of perimeter wall, which do not exceed the height of the perimeter wall.

Village of Palm Springs

Executive Brief

AGENDA DATE: March 10, 2022

DEPARTMENT: Public Service

ITEM #22: Ordinance No. 2022-03 - Village Code Amendment - Chapter 78-45 - Utility Billing Adjustments *(First Reading)*

SUMMARY: The Utilities Department requests an amendment to the Village Code - Chapter 78, Section 78-45 Utility Billing Adjustments, to include an adjustment for excessive use caused by a concealed leak.

A concealed leak is an underground leak in the service line, sprinkler line, a leak inside the wall, or a leak under a building, that causes the monthly bill to exceed six (6) times the average monthly consumption based on the last twelve (12) months. In the event of a concealed leak, a residential customer may be eligible for a one-time adjustment of 100% of the excess consumption, one (1) time in a five (5) year period.

To receive excessive use caused by a concealed leak adjustment, the residential customer must meet the following criteria:

1. The customer must notify the Village of the apparent water loss on their property within one (1) business day of discovering the water loss, or five (5) business days following the customer's receipt of a water bill indicating inconsistent usage on their property, whichever is sooner.
2. The customer must take corrective action to end the loss of water within forty-eight (48) hours of discovering the water loss or receiving an unusually high water bill for their property, whichever occurs first. If no corrective action is feasible, the customer should request that the Village temporarily shut off the water to the property until the repairs are made.

Note: Refunds between $0 to $1,000.00 must have the approval of the Customer Relation Supervisor. Refunds greater than $1,000.00 and up to $7,500.00 must have the approval of the Utilities Director. Refunds greater than $7,500.00 must have the approval of the Utilities Director, Finance Director, and Village Manager.

The proposed ordinance was prepared by the Village Attorney and reviewed by the Assistant Village Manager, Public Service Administrator, and the Customer Relation Supervisor.

If approved on 1st reading, the proposed ordinance will be considered for 2nd and final reading by the Village Council on April 14, 2022.

FISCAL IMPACT:

The proposed amendment will not have a significant fiscal impact on the Village.

ATTACHMENTS:

1. Proposed Ordinance No. 2022-03 - Village Code Amendment - Utility Billing Adjustments

ORDINANCE NO. 2022-03

AN ORDINANCE OF THE VILLAGE OF PALM SPRINGS, FLORIDA, AMENDING CHAPTER 78, UTILITIES, ARTICLE II, WATER AND WASTEWATER SYSTEM, DIVISION 1, GENERALLY, SECTION 78-45, UTILITY BILLING ADJUSTMENT; PROVIDING FOR REPEAL OF LAWS IN CONFLICT; PROVIDING FOR SEVERABILITY; AND, PROVIDING AN EFFECTIVE DATE.

WHEREAS, Pursuant to Chapter 166 and Chapter 180, Florida Statutes, the Village of Palm Springs has the power to establish regulations for its water and wastewater system within the municipal boundaries and service area of its water and wastewater system; and,

WHEREAS, the Village desires to amend Chapter 78, Utilities, in order to make certain amendments to the regulations for its water and wastewater system concerning utility billing adjustments; and,

WHEREAS, the Village finds that the amendments set forth herein to the regulations for the Village water and wastewater system serve a valid public purpose.

NOW, THEREFORE, BE IT ORDAINED BY THE VILLAGE COUNCIL OF THE VILLAGE OF PALM SPRINGS, FLORIDA:

Section 1. The foregoing “Whereas” clauses are hereby ratified and confirmed as being true and correct and are hereby made a specific part of this ordinance upon adoption thereof.

Section 2. Chapter 78, Utilities, Article II, Water and Wastewater System, Division 1, Generally, Section 78-45, Utility Billing Adjustment, of the Code of Ordinances of the Village of Palm Springs, Florida, is hereby amended to read as follows (underlined language is added; strike-thru language is deleted):

Sec. 78-45. Utility billing adjustments.

Utility billing adjustments may be made through the issuance of credits under the circumstances described in subsections (a) through (f) below. The approval or denial of such credits shall be at the discretion of the Director of Utilities or his/her designee. All decisions of the Director or designee shall be final.

(a) *Adjustment for billing errors.* Customers shall be given credit if services were billed to the customer but not provided. Such credits will be limited to the current customer and shall not go back more than 12 months. When it is found that services have been provided to a customer but not billed, the customer shall be back billed, but for no more than twelve months; except for unauthorized connection, unauthorized use, or unauthorized tampering by the customer. In such instances back billing shall be from the date services were first provided but not billed to the current customer.

(b) *Adjustment for leaks at the meter.* Except as provided in subsection (f) below, excess water use due to a leak on the customer's side of the meter is the responsibility of the customer. The village will review each case and may apply a credit against the wastewater portion of the bill if the customer is able to present third party verification, such as a bill or letter from a state licensed plumber, that the leak existed and that the leak has been repaired. Credit shall be limited to the actual wastewater charge less the customer's

average wastewater charge. The customer shall not be responsible for leaks at or within three feet of the meter box if the meter has been changed out or repaired by the village within the preceding three months and the cause of the leak cannot reasonably be attributed to actions by the customer.

(c) *Filling residential swimming pools.* Customers may request an adjustment to their sewer bill by notifying the village prior to draining and refilling a residential swimming pool. Following notification, the village will adjust wastewater charges based on the customer's average usage. No adjustment shall be provided for water usage. This adjustment may be requested only one time in a rolling 12-month period.

(d) *Adjustment for damage due to acts of nature.* The village will grant customers an excessive use credit as described below if the customer can provide documentation, such as a copy of the insurance claim for water damage caused by a broken line, pictures of an uprooted tree, etc., resulting from acts of nature. This does not include broken lines resulting from root intrusion. An adjustment under this section may only be requested once in a rolling 12-month period.

(e) *Excessive use credit.* Except in cases where a credit is available under subsection (f) below, an excessive use credit will be provided by the village at the customer's request for customers meeting the following criteria:

(1) The actual meter reading for one monthly billing cycle is three or more times the average monthly usage for the prior calendar year for the customer at that service location (or in the event the service location has less than twelve months' history, the average use for the months available for the same customer); and

(2) The abnormally high use is not the result of an apparent or deliberate act of the customer such as pool filling, frequent use of sprinklers, or hoses left running; and

(3) The excessive use credit is limited to one credit within a three-year period on a specific account; and

(4) The billing in question has occurred within the past six months. The excessive use credit will be applied to all water commodity charges in excess of the customer's average usage. The customer is responsible for paying the full cost of his/her average usage plus the minimum rate per 1,000 gallons for all water used in excess of their average usage.

(f) *Excessive Use Caused By Concealed Leak*. A residential customer may be issued one credit adjustment in a five (5) year period, per property address, for excessive water use resulting from a concealed leak. A concealed leak is defined as an underground leak in the service line, underground leak in the sprinkler line, a leak inside a wall, or a leak under a building. Eligible customers may receive a

concealed leak adjustment of 100% of the excess consumption, if the monthly bill exceeds six (6) times the average monthly consumption based on the last twelve (12) months, provided that the following criteria are met:

(1) The customer must notify the Village of the apparent water loss on their property within one (1) business day of discovering the water loss, or five (5) business days following the customer's receipt of water bill indicating inconsistent usage on their property, whichever is sooner.

(2) The customer must take corrective action to end the water loss within forty-eight (48) hours of discovering the water loss or receiving an unusually high water bill for their property, whichever occurs first. All corrective action is subject to the customer obtaining applicable permits for the work to be performed. If no corrective action is feasible, the customer should request that the Village temporarily shut off the water to the property until such time as the repairs are made.

(f g) *Refunds.* Notwithstanding anything else provided in this section, the Village Manager, or designee, shall be allowed to issue refunds to water and wastewater customers of the village in the event there was an error on the part of the village resulting in an overcharge to the customer.

The authority of village staff to correct billing errors, make billing adjustments or issue refunds is as follows:

(1) Refunds between $0.00 to $1,000.00 must have the approval of the utility billing manager.

(2) Refunds greater than $1,000.00 and up $7,500.00 must have the approval of the Utilities Director.

(3) Refunds greater than $7,500.00 must be approved by the Utilities Director, Finance Director, and Village Manager.

Section 3. All local laws and ordinances in conflict with any provisions of this ordinance are hereby repealed to the extent of such conflict.

Section 4. If any section, paragraph, sentence, clause, phrase, or word of this ordinance is for any reason held by a court of competent jurisdiction to be unconstitutional, inoperative, or void, such holding shall not affect the remainder of this ordinance.

Section 5. This ordinance shall become effective immediately upon adoption.

Council Member _____ offered the foregoing Ordinance and moved its adoption. The motion was seconded by Council Member _____, and upon being put to a vote, the vote was as follows:
