Title President	Title Secretary

Note: Addresses are to be used for giving any required notice.
Provide execution by any additional parties, such as joint ventures, if necessary.

1. Bidder and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors, and assigns to pay to Owner upon default of Bidder the penal sum set forth on the face of this Bond. Payment of the penal sum is the extent of Bidder's and Surety's liability. Recovery of such penal sum under the terms of this Bond shall be Owner's sole and exclusive remedy upon default of Bidder.

2. Default of Bidder shall occur upon the failure of Bidder to deliver within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds required by the Bidding Documents.

3. This obligation shall be null and void if:

3.1 Owner accepts Bidder's Bid and Bidder delivers within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds required by the Bidding Documents, or

3.2 All Bids are rejected by Owner, or

3.3 Owner fails to issue a Notice of Award to Bidder within the time specified in the Bidding Documents (or any extension thereof agreed to in writing by Bidder and, if applicable, consented to by Surety when required by Paragraph 5 hereof).

4. Payment under this Bond will be due and payable upon default of Bidder and within 30 calendar days after receipt by Bidder and Surety of written notice of default from Owner, which notice will be given with reasonable promptness, identifying this Bond and the Project and including a statement of the amount due.

5. Surety waives notice of any and all defenses based on or arising out of any time extension to issue Notice of Award agreed to in writing by Owner and Bidder, provided that the total time for issuing Notice of Award including extensions shall not in the aggregate exceed 120 days from the Bid due date without Surety's written consent.

6. No suit or action shall be commenced under this Bond prior to 30 calendar days after the notice of default required in Paragraph 4 above is received by Bidder and Surety and in no case later than one year after the Bid due date.

7. Any suit or action under this Bond shall be commenced only in a court of competent jurisdiction located in the state in which the Project is located.

8. Notices required hereunder shall be in writing and sent to Bidder and Surety at their respective addresses shown on the face of this Bond. Such notices may be sent by personal delivery, commercial courier, or by United States Registered or Certified Mail, return receipt requested, postage pre-paid, and shall be deemed to be effective upon receipt by the party concerned.

9. Surety shall cause to be attached to this Bond a current and effective Power of Attorney evidencing the authority of the officer, agent, or representative who executed this Bond on behalf of Surety to execute, seal, and deliver such Bond and bind the Surety thereby.

10. This Bond is intended to conform to all applicable statutory requirements. Any applicable requirement of any applicable statute that has been omitted from this Bond shall be deemed to be included herein as if set forth at length. If any provision of this Bond conflicts with any applicable statute, then the provision of said statute shall govern and the remainder of this Bond that is not in conflict therewith shall continue in full force and effect.

11. The term "Bid" as used herein includes a Bid, offer, or proposal as applicable.

intact INSURANCE

Power of Attorney

KNOW ALL MEN BY THESE PRESENTS, that ATLANTIC SPECIALTY INSURANCE COMPANY, a New York corporation with its principal office in Plymouth, Minnesota, does hereby constitute and appoint: **Daniel F. Wagner, Taylor D. Wagner, Daniel F. Wagner, Jr**, each individually if there be more than one named, its true and lawful Attorney-in-Fact, to make, execute, seal and deliver, for and on its behalf as surety, any and all bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof; provided that no bond or undertaking executed under this authority shall exceed in amount the sum of: **unlimited** and the execution of such bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof in pursuance of these presents, shall be as binding upon said Company as if they had been fully signed by an authorized officer of the Company and sealed with the Company seal. This Power of Attorney is made and executed by authority of the following resolutions adopted by the Board of Directors of ATLANTIC SPECIALTY INSURANCE COMPANY on the twenty-fifth day of September, 2012:

Resolved: That the President, any Senior Vice President or Vice-President (each an "Authorized Officer") may execute for and in behalf of the Company any and all bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof, and affix the seal of the Company thereto; and that the Authorized Officer may appoint and authorize an Attorney-in-Fact to execute on behalf of the Company any and all such instruments and to affix the Company seal thereto; and that the Authorized Officer may at any time remove any such Attorney-in-Fact and revoke all power and authority given to any such Attorney-in-Fact.

Resolved: That the Attorney-in-Fact may be given full power and authority to execute for and in the name and on behalf of the Company any and all bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof, and any such instrument executed by any such Attorney-in-Fact shall be as binding upon the Company as if signed and sealed by an Authorized Officer and, further, the Attorney-in-Fact is hereby authorized to verify any affidavit required to be attached to bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof.

This power of attorney is signed and sealed by facsimile under the authority of the following Resolution adopted by the Board of Directors of ATLANTIC SPECIALTY INSURANCE COMPANY on the twenty-fifth day of September, 2012:

Resolved: That the signature of an Authorized Officer, the signature of the Secretary or the Assistant Secretary, and the Company seal may be affixed by facsimile to any power of attorney or to any certificate relating thereto appointing an Attorney-in-Fact for purposes only of executing and sealing any bond, undertaking, recognizance or other written obligation in the nature thereof, and any such signature and seal where so used, being hereby adopted by the Company as the original signature of such officer and the original seal of the Company, to be valid and binding upon the Company with the same force and effect as though manually affixed.

IN WITNESS WHEREOF, ATLANTIC SPECIALTY INSURANCE COMPANY has caused these presents to be signed by an Authorized Officer and the seal of the Company to be affixed this twenty-seventh day of April, 2020.

ATLANTIC SPECIALTY INSURANCE COMPANY CORPORATE SEAL 1986 NEW YORK

ATLANTIC SPECIALTY INSURANCE COMPANY

February 20, 2020

Village of Palm Springs
226 Cypress Lane
Palm Springs, FL 33461

Re: Hinterland Group, Inc.
Project: Kudza Road Lift Station Emergency Generator
Bid No.: 2024B-002

This letter is to advise you that Hinterland Group, Inc. is a valued surety client of Atlantic Specialty Insurance Company, which is one of the main underwriting companies of the Intact Insurance. Hinterland Group, Inc. remains in good standing and is afforded surety capacity of $10,000,00 for a single project and $50,000,000 in the aggregate.

It is our opinion that Hinterland Group, Inc. is qualified to perform contracts that fall within this range and their normal scope. This letter is not an assumption of liability, nor is it a bid bond or a performance bond. It is issued only as a bonding reference requested from us by our client. Intact's decision to issue surety bonds on behalf of Hinterland Group, Inc. will be subject to our standard underwriting including but not limited to acceptance of the financial condition of our client, contract terms and conditions, bonds forms and project financing.

Intact Insurance (TSX: IFC)) is A+ rated by A.M. Best with a financial size category of XV and is included in The Department of the Treasury's Listing of Certified Companies.

Sincerely,

DocuSigned by:
Derek Lipschutz

MINUTES OF SPECIAL MEETING

OF

HINTERLAND GROUP INC.

Minutes of Special Meeting of Hinterland Group Inc. held at 2051 W. Blue Heron Blvd., Riviera Beach, Florida 33404 on this 25 day of April, 2023.

The President called the meeting to consider the following business: The authorization of Chase Rogers and Danny Duke, Jr., to sign any and all documentation with regard to the Company.

On motion duly made and carried, the meeting proceeded to approve the authorization.

Chase Rogers and Danny Duke, Jr., have the authority to sign all documents as stated above.

There being no further business, the meeting was adjourned.

Dated April 25, 2023

Daniel Duke III, President

Hinterland Group Inc.

STATE OF FLORIDA

COUNTY OF PALM BEACH

The foregoing instrument was acknowledged before me this 25 day of April, 2023 by Daniel Duke, III.

Lori Guild
Notary Public

LORI GUILD
MY COMMISSION # HH 298713
EXPIRES: August 9, 2026

Printed Name: LORI GUILD

My Commission Expires: 8/9/2026

Form **W-9**
(Rev. October 2018)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

▶ **Go to *www.irs.gov/FormW9* for instructions and the latest information.**

Give Form to the requester. Do not send to the IRS.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.

Hinterland Group Inc.

2 Business name/disregarded entity name, if different from above

3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor or single-member LLC ☐ C Corporation ☑ S Corporation ☐ Partnership ☐ Trust/estate

☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ▶ _____

Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is **not** disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner.

☐ Other (see instructions) ▶

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) _____

Exemption from FATCA reporting code (if any) _____

(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.) See instructions.

2051 W. Blue Heron Blvd.

Requester's name and address (optional)

6 City, state, and ZIP code

Riviera Beach, FL 33404

7 List account number(s) here (optional)

Print or type. See Specific Instructions on page 3.

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number

			–			–				

or

Employer identification number

2	0	–	5	1	5	6	8	4	4

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here **Signature of U.S. person ▶** Daniel Duke, III - President **Date ▶** 2-6-2024

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

CORPORATE RESUME

DANIEL A. DUKE, III

President

Daniel began his career working on land development projects with his father, and came to realize his passion for the underground industry. In 2006 Daniel III and His father, Daniel Jr, decided to dive into the underground industry full bore and started Hinterland Group out of a small office space in Cocoa, FL. Daniel and his father served as the field crew through the first few years as Hinterland Group developed. Through Hard work and dedication to the best final product possible and customer satisfaction the company has grown exponentially over the years. Daniel has worked on projects of every nature related to the underground industry over the years, including all facets of water, waste water and storm water. Daniel remains a key role player at Hinterland Group and stays involved with all the daily operations. His oversight with all the projects ensures that the final product and customer that HG was built on continue to carry on through every project the company completes.

DANIEL A. DUKE, JR.

Operations

Daniel has Twenty-Seven years of direct experience including various wastewater lift station installations, gravity and force main sewer installations. He provides direct daily supervision of superintendents and skilled labor, management of project schedules, asset management and logistics for entire company personnel and equipment fleet.

CHARLES BREIG

Electrical Contractor

Charles has over 40 years of commercial electrical experience through out the state of Florida. He currently holds a Florida Electrical Contractors License (EC13003615). Charles joined the HGI team in June 2006.

JAY B. BREIG

Project Manager/Operations

Jay began working in the waste water industry in 2004 for a clarifier rehabilitation company, and then a full service underground utility company in 2006. He then joined the HG team in early 2008, and since then has been a huge contributing factor to the growth of HG as a company. Jay brought a wealth knowledge of the water and waste water industry to the company and allowed HG to broaden its capabilities as an underground contractor. Jay served as a lead foreman for many years on all of the company's largest and most difficult projects ranging from lift station installs to master pumping stations and neighborhood revitalization projects before moving into a management position. Jay now oversees the construction operations for HG by scheduling all crews, coordinating project startups with project managers, arranging equipment deliveries, communicating daily with crew foreman and superintendents and making sure that all jobs are completed properly, on time and under budget.

CORPORATE RESUME (CONT.)

CHASE R. ROGERS, E.I.

Estimating Manager, Engineer

Chase has been with the HG team since 2008, in its very early stages. Prior to working at HG Chase had spent several years in the construction industry working for both residential contractors and an industrial electrical contractor. Chase began his career at HG halfway through his collegiate career as a field staff member working on lift station rehabilitation. Since then he has played many roles in the company both in the field and eventually into the office. Chase obtained his Bachelor's degree in civil engineering from the University of Central Florida, before making the transition into the office and has since become a key staff member for HG. He covered the role of Estimator and Project Manager for many years as HG expanded its scope of services and coverage area. As the need for more management grew Chase has fallen into a managerial role for the company, overseeing the estimating and contract procurement departments and helping to coordinate scheduling and crews with the project management team. Chase has worked on all facets of the underground industry over the years from Stormwater and drainage projects, to large pipeline projects, water and waste water treatment plants, and every type of lift station project imaginable.

PROJECT RELATED BACKGROUND

STRUCTURAL REPAIR OF THE FLOW EQUALIZATION BASIN AT ECR

Project Owner: City of West Palm Beach
Project Location: West Palm Beach, FL
Project Value: $528, 587.00
Role: On Site Foreman

Complete rehabilitation of the flow equalization basin at the City of West Palm Beach East Central Regional Water Reclamation Facility. Dewatering and cleaning/removal of all silt and sediment from the EQ basin, leak stopping throughout, repairs to damaged and spalling concrete and replacement of piping for the EQ basin floor pumps.

PUMP REPLACEMENT FOR THE RAW WATER BOOSTER PUMP STATION

Project Owner: Collier County
Project Location: Naples, FL
Project Value: $653,400.00
Role: Project Manager

Removal and Replacement of four 300HP split case pumps and their associated VFD drives. All 18" and 24" piping and valves were replaced to accommodate the new pumps.

CUDJOE INNER ISLANDS - MASTER PUMPING STATIONS

Project Owner: Florida Keys Aqueduct Authority
Project Location: Cudjoe Key, FL
Project Value: $2,313,374.00
Role: Project Manager

Removal and Replacement of four 300HP split case pumps and their associated VFD drives. All 18" and 24" piping and valves were replaced to accommodate the new pumps.

JAY B. BREIG

Construction Operations Manager

2051 W. Blue Heron Blvd.
Riviera Beach, FL 33404
jbreig@hinterlandgroup.com
561-640-3503

PERSONAL PROFILE

Jay began working in the waste water industry in 2004 for a clarifier rehabilitation company, and then a full service underground utility company in 2006. He then joined the HG team in early 2008, and since then has been a huge contributing factor to the growth of HG as a company. Jay brought a wealth knowledge of the water and waste water industry to the company and allowed HG to broaden its capabilities as an underground contractor. Jay served as a lead foreman for many years on all of the company's largest and most difficult projects ranging from lift station installs to master pumping stations and neighborhood revitalization projects before moving into a management position. Jay now oversees the construction operations for HG by scheduling all crews, coordinating project startups with project managers, arranging equipment deliveries, communicating daily with crew foreman and superintendents and making sure that all jobs are completed properly, on time and under budget.

QUALIFICATIONS

- OSHA Confined Space Training
- Advanced MOT Certification
- Crane and Rigging Certification

PROJECT RELATED BACKGROUND

CITY OF WESTON INDIAN TRACE LIFT STATION REHABILITATION

Project Owner: The City of Weston
Project Location: The City of Weston, FL
Project Value: $689,531.00
Role: Project Manager

This project consisted of the refurbishing, repair, and, replacement of concrete, and metal lift station components along with site related improvements for over 30 Lift Stations in the City of Weston, Florida.

PALM BEACH COUNTY WATER UTILITIES DISTRICT ZONE 1 WATERMAIN IMPROVEMENTS

Project Owner: Palm Beach County WUD
Project Location: Belle Glades, FL
Project Value: $1,121,551.20
Role: Project Manager

Improvement and replacement of approximately 2,500 LF of WM and relocation of services from the rear to front of homes.

CLIFF CREEK STORMWATER QUALITY RETROFIT

Project Owner: City of Melbourne
Project Location: City of Melbourne, FL
Project Value: $715,290.00
Role: Project Manager

The largest baffle box East of the Mississippi for the City of Melbourne, Fl. As part of the "Cleaning Our Lagoon Program." The project included installing a 24' x 30' x 12' deep baffle box structure, 7" x 5" box culvert, corresponding endwalls and canal revetment.

JOSEPH V. MYER

518-965-4680 JoeMyer77@gmail.com
Mailing: 2336 SE Ocean Blvd. # 274, Stuart, Florida 34996
Physical: 4550 SE Boatyard Drive, Slip E-11, Stuart, Florida 34997

A highly talented Certified Safety and Health Official with experience in monitoring and coordinating an organization's safety program, including: safety inspections, accident investigations, work zone air monitoring and conducting OSHA and site-specific safety trainings and new hire orientations. Keen observation and enforcement of rules, regulations and governing policies.

PROFESSIONAL EXPERIENCE

2018 – PRESENT

FIELD SAFETY SUPERVISOR, FERREIRA CONSTRUCTION & POWER

Performed new hire safety orientations, forklift, FDOT Flagger certifications and respirator training and fit testing. Daily management of site safety procedures and site control. Documentation of construction safety in daily audit reports, site-specific training, equipment inspections, writing JSA's and crane lift plans. Maintaining employee certification/training files, data log download of air monitoring equipment and routine auditing of safety systems. Marine safety inspections of barges, cranes and vessels. Subcontractor oversight. Compliance of client/company policies. Monitoring and permitting of confined space entries and hot work permits. Work zone air monitoring with PID's, Multi-Gas Meters and Dust meters. Excavation and trenching inspections.

2016 – 2018

CORPORATE SITE SAFETY OFFICER, LAND REMEDIATION INC.

Performed daily management of site safety procedures and site control.
Documentation of construction safety in weekly safety report, site-specific training, equipment inspections, JSA's, crane lift plans, maintaining employee certification/training files, data log download of air monitoring equipment and routine auditing of safety systems.
Marine navigational operations and safety inspections of barges, cranes and vessels.
Subcontractor oversight. Compliance of client/company policies.
Monitoring and permitting of confined space entries and hot work permits.
Work zone air monitoring with PID's, Multi-Gas Meters and Dust meters.
Excavation and trenching inspections.

2014 – 2016

SAFETY SPECIALIST, SELBY & SMITH/GLOBAL FOUNDARIES

Enforced corporate and project- specific safety and health programs as well as federal, state and site.
Developed and implemented an ongoing project- specific safety program to meet site requirements, identify known/potential exposures and recommend corrective action.
Worked closely with field supervision to plan more complex safety aspects of the project construction.

Developed project- specific safety training for job site personnel and delivered weekly safety presentations on varying topics (depending on assessed significance) to a large, diverse audience.
Conducted compliance evaluations of equipment, structures, and work in progress.
Engaged employees to act proactively, to mitigate future hazards they may encounter.
Performed field safety assessments to evaluate training needs.

2013 – 2014

NCCER CONSTRUCTION TRADE INSTRUCTOR, GLENMONT JOB CORP

Utilized evidence-based teaching and learning strategies for instruction. Provided explicit instruction, guided practice, skill reiteration.
Teaching 10hr OSHA Construction Safety and NCCER Core Curriculum.
Independently and collaboratively created lesson plans and related assessments, selected and developed instructional materials that aligned with technical career and academic success standards. Compose/write descriptive reports and use appropriate techniques to implement programmatic activities.

2012 – 2013

CREW LEAD, SOLAR CITY

Proficient in installing all types of grid-tied inverters and able to work with various ground and roof mount racking systems.
Understanding of the National Electrical Codes that relate to PV installations.
Implementation of roofing anchor safety systems and ensuring co-workers are trained and tied off properly.
Instruction and guidance to crew on electrical safety and use of arch flash gear and maintaining approach boundaries.

2001 – 2012

HVAC TECHNICIAN, D.A. BENNETT/KOOL-TEMP/TIENKEN PLUMBING & HEATING

Plumbing: installation of sinks, toilets, showers, boilers, water heaters. Familiarity with Pex, copper piping, cast and pvc. Join pipes or tubing to equipment and to fuel, water, or refrigerant source, to form complete circuit.
Duct Work: Fabrication of plenums, returns and trunk line. Use of ductulator calculator for proper cfm sizing for systems.
Heating: Installation of natural gas, propane, fuel oil; furnaces, boilers and Geo Thermal heat pumps
Cooling: Installation of central air units, ductless splits; including running line sets and adding refrigerant. Use of gauges and thermometers to check proper sub cooling & super heat settings.
Electrical: Wiring, including high and low voltage, use of relay's, disconnects and thermostats. Test electrical circuits and components for continuity, using electrical test equipment. Layout and connect electrical wiring between controls and equipment according to wiring diagrams.

LAW ENFORCEMENT & MILITARY EXPERIENCE

2002-2005

DEPUTY SHERIFF, GREENE COUNTY

Patrolled county roads and enforce NYS Traffic & Penal Laws. Investigated accident scenes.
Responded to 911 calls. Investigated and apprehended offenders.
Served warrants and civil papers.
Worked jointly with other law enforcement agencies (US Secret Service, US Marshals, State Police and local Police).
Transported prisoners to and from court proceedings.
Documented statements and filed paperwork.
Testified in court proceedings.

1996-2000

BOAT COXSWAIN/FEDERAL BOARDING OFFICER, U.S. COAST GUARD

Federal Law Enforcement /Supervisor & Training Officer.
Federal Fisheries Enforcement.
Enforcement of federal maritime laws.
Performed boating safety inspections.
Conducted joint operations with U.S. Customs, NYPD and DEC boarding vessels in NY Harbor.
Setup and maintained security zones during presidential operations, working with U.S. Secret Service.
Boat Coxswain Certified/Search and Rescue Boat Captain.
Training in towing, de-watering, firefighting, engine casualty control, first aid, and CPR.

EDUCATION/TRAINING/CERTIFICATIONS/LICENSES

2013-2017
OSHA TRAINING INSTITUTE
KEENE STATE COLLEGE, Manchester, NH
CSHO-Certified Safety & Health Official
OSHA 500 Construction Trainer, OSHA 510 Construction Standards, OSHA 511 General Industry Standards, OSHA 2264 Permit Required Confined Space Entry, OSHA 2225 Respiratory Protection, OSHA 3095 Electrical Standards, OSHA 2055 Cranes in Construction, OSHA 3115 Fall Arrest Systems, OSHA 3015 Excavating, Trenching & Soil Mechanics, OSHA 521 Guide to Industrial Hygiene, OSHA 7500 Safety & Health Management, OSHA 7845 Recordkeeping, OSHA 7505 Intro to Accident Investigation, OSHA 502 Update for Construction Trainers.

2006
CERTIFICATE: EPA UNIVERSAL TECHNICIAN
NUGENT ASSOCIATES: ID#: 062406022777

2002
SPECIALIZED TRAINING: LAW ENFORCEMENT
Zone 5 Regional Law Enforcement Training Center, Troy, NY
6 Months Specialized Training in Accident Reconstruction, Crash Management, Investigations, Narcotic and Alcohol identification, NYS Penal Law, NYS Traffic Law, NYS Criminal Procedure Law, Firearms Training, Defensive Tactics, Building Searches, and Domestic Violence Incidents.
Highest Academic Achievement - Zone 5 Law Enforcement Center
Certificate of Recognition- NYS Police Chiefs for DWI Enforcement

2000
A+ CERTIFICATION: COMPUTER TECHNOLOGY
IKON INSTITUTE, Latham, NY
Computer Hardware and PC Operating Systems. Advanced Topics DOS 6.22 and Hard Disk Management.

1996-2000
SPECIALIZED TRAINING: MARITIME LAW ENFORCEMENT
U.S. COAST GUARD, Cape May, NJ
Boot Camp, Firearms, Leadership, Federal Law Enforcement, Defensive Tactics, Narcotics Identification,
Federal Fisheries, Navigation and Boat Handling.
Meritorious Unit Commendation-Operation Frontier Shield
2-Letters of Commendation
Sailor of the Quarter

1995
HIGH SCHOOL DIPLOMA: COMPUTERS/ART/GENERAL STUDIES
COXSACKIE/ATHENS HIGH SCHOOL, Coxsackie, NY

OSHA's Form 300 (Rev. 04/2004)

Log of Work-Related Injuries and Illnesses

Note: You can type input into this form and save it. Because the forms in this recordkeeping package are "fillable/writable" PDF documents, you can type into the input form fields and then save your inputs using the free Adobe PDF Reader. In addition, the forms are programmed to auto-calculate as appropriate.

Attention: This form contains information relating to employee health and must be used in a manner that protects the confidentiality of employees to the extent possible while the information is being used for occupational safety and health purposes.

Year 20 22

U.S. Department of Labor
Occupational Safety and Health Administration

Form approved OMB no. 1218-0176

Please Record:
- *Information about every work-related death and about every work-related injury or illness that involves loss of consciousness, restricted work activity or job transfer, days away from work, or medical treatment beyond first aid.*
- *Significant work-related injuries and illnesses that are diagnosed by a physician or licensed health care professional.*
- *Work-related injuries and illnesses that meet any of the specific recording criteria listed in 29 CFR Part 1904.8 through 1904.12.*

Reminders:
- *Complete an Injury and Illness Incident Report (OSHA Form 301) or equivalent form for each injury or illness recorded on this form. If you're not sure whether a case is recordable, call your local OSHA office for help.*
- *Feel free to use two lines for a single case if you need to.*
- *Complete the 5 steps for each case.*

Establishment name: Hinterland Group

City: Riviera Beach State: Fl

Step 1. Identify the person			Step 2. Describe the case			Step 3. Year 2022

U.S. Department of Labor
Occupational Safety and Health Administration

Form approved OMB no. 1218-0176

All establishments covered by Part 1904 must complete this Summary page, even if no work-related injuries or illnesses occurred during the year. Remember to review the Log to verify that the entries are complete and accurate before completing this summary.

Using the Log, count the individual entries you made for each category. Then write the totals below, making sure you've added the entries from every page of the Log. If you had no cases, write "0."

Employees, former employees, and their representatives have the right to review the OSHA Form 300 in its entirety. They also have limited access to the OSHA Form 301 or its equivalent. See 29 CFR Part 1904.35, in OSHA's recordkeeping rule, for further details on the access provisions for these forms.

Number of Cases

Total number of deaths	Total number of cases with days away from work	Total number of cases with job transfer or restriction	Total number of other recordable cases
0	0	1	0
(G)	(H)	(I)	(J)

Number of Days

Total number of days away from work	Total number of days of job transfer or restriction
0	3
(K)	(L)

Injury and Illness Types

Total number of . . .	(M)		
(1) Injuries	2	(4) Poisonings	0
(2) Skin disorders	0	(5) Hearing loss	0
(3) Respiratory conditions	0	(6) All other illnesses	0

Post this Summary page from February 1 to April 30 of the year following the year covered by the form.

Public reporting burden for this collection of information is estimated to average 58 minutes per response, including time to review the instructions, search and gather the data needed, and complete and review the collection of information. Persons are not required to respond to the collection of information unless it displays a currently valid OMB control number. If you have any comments about these estimates or any other aspects of this data collection, contact: US Department of Labor, OSHA Office of Statistical Analysis, Room N-3644, 200 Constitution Avenue, NW, Washington, DC 20210. Do not send the completed forms to this office.

Public reporting burden for this collection of information is estimated to average 14 minutes per response, including time to review the instructions, search and gather the data needed, and complete and review the collection of information. Persons are not required to respond to the collection of information unless it displays a currently valid OMB control number. If you have any comments about these estimates or any other aspects of this data collection, contact: US Department of Labor, OSHA Office of Statistical Analysis, Room N-3644, 200 Constitution Avenue, NW, Washington, DC 20210. Do not send the completed forms to this office.

OSHA's Form 300A (Rev. 04/2004)

Summary of Work-Related Injuries and Illnesses

Note: You can type input into this form and save it.
Because the forms in this recordkeeping package are "fillable/writable" PDF documents, you can type into the input form fields and then save your inputs using the free Adobe PDF Reader.

Year 20 20

U.S. Department of Labor
Occupational Safety and Health Administration

Form approved OMB no. 1218-0176

All establishments covered by Part 1904 must complete this Summary page, even if no work-related injuries or illnesses occurred during the year. Remember to review the Log to verify that the entries are complete and accurate before completing this summary.

Using the Log, count the individual entries you made for each category. Then write the totals below, making sure you've added the entries from every page of the Log. If you had no cases, write "0."

Employees, former employees, and their representatives have the right to review the OSHA Form 300 in its entirety. They also have limited access to the OSHA Form 301 or its equivalent. See 29 CFR Part 1904.35, in OSHA's recordkeeping rule, for further details on the access provisions for these forms.

Number of Cases

Total number of deaths	Total number of cases with days away from work	Total number of cases with job transfer or restriction	Total number of other recordable cases
0	0	0	0

OSHA's Form 300 (Rev. 01/2004)

Log of Work-Related Injuries and Illnesses

Attention: This form contains information relating to employee health and must be used in a manner that protects the confidentiality of employees to the extent possible while the information is being used for occupational safety and health purposes.

Year 2019

U.S. Department of Labor
Occupational Safety and Health Administration

Form approved OMB no. 1218-0176

You must record information about every work-related injury or illness that involves loss of consciousness, restricted work activity or job transfer, days away from work, or medical treatment beyond first aid. You must also record significant work-related injuries and illnesses that are diagnosed by a physician or licensed health care professional. You must also record work-related injuries and illnesses that meet any of the specific recording criteria listed in 29 CFR 1904.8 through 1904.12. Feel free to use two lines for a single case if you need to. You must complete an injury and illness incident report (OSHA Form 301) or equivalent form for each injury or illness recorded on this form. If you're not sure whether a case is recordable, call your local OSHA office for help.

Re: Hinterland Group, Inc.
Project: Kudza Road Lift Station Emergency Generator
Bid No.: 2024B-002

This letter is to advise you that Hinterland Group, Inc. is a valued surety client of Atlantic Specialty Insurance Company, which is one of the main underwriting companies of the Intact Insurance. Hinterland Group, Inc. remains in good standing and is afforded surety capacity of $10,000,00 for a single project and $50,000,000 in the aggregate.

It is our opinion that Hinterland Group, Inc. is qualified to perform contracts that fall within this range and their normal scope. This letter is not an assumption of liability, nor is it a bid bond or a performance bond. It is issued only as a bonding reference requested from us by our client. Intact's decision to issue surety bonds on behalf of Hinterland Group, Inc. will be subject to our standard underwriting including but not limited to acceptance of the financial condition of our client, contract terms and conditions, bonds forms and project financing.

Intact Insurance (TSX: IFC)) is A+ rated by A.M. Best with a financial size category of XV and is included in The Department of the Treasury's Listing of Certified Companies.

Sincerely,

DocuSigned by:

SECTION 00454
DRUG-FREE WORKPLACE CERTIFICATE

I, the undersigned, in accordance with Florida Statute 287.087, hereby certify that _____
Hinterland Group Inc. (Print or Type Name of Firm)

- Publishes a written statement notifying that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace named above, and specifying actions that will be taken against violations of such prohibition.
- Informs employees about the dangers of drug abuse in the workplace; the firm's policy of maintaining a drug-free working environment and available drug counseling, rehabilitation, and employee assistance programs; and the penalties that may be imposed upon employees for drug-use violations.
- Gives each employee engaged in providing commodities or contractual services that are under bid or proposal a copy of the statement specified above.
- Notifies the employees that as a condition of working on the commodities or contractual services under bid or proposal, the employee will abide by the terms of the statement and will notify the employer of any conviction of or plea of guilty or nolo contendere to any violation of Chapter 1893 or any controlled substance law of the State of Florida or the United States for a violation occurring in the workplace, no later than 5 days after such conviction, and requires employees to sign copies of such written statement to acknowledge their receipt.
- Imposes a sanction on or requires the satisfactory participation in a drug-abuse assistance or rehabilitation program, if such is available in the employee's community, by any employee who is so convicted.
- Makes a good faith effort to continue to maintain a drug-free workplace through the implementation of the drug-free workplace program.

"As a person authorized to sign this statement, I certify that the business, firm, or corporation named above complies fully with the requirements set forth herein."

SECTION 00455
SWORN STATEMENT UNDER SECTION 287.133(3)(a),
FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES

(To be signed in the presence of a notary public or other officer authorized to administer oaths.)

STATE OF FLORIDA

COUNTY OF PALM BEACH

Before me, the undersigned authority, personally appeared Chase Rogers, who, being by me first duly sworn, made the following statement:

1. The business address of Hinterland Group Inc.
(firm name of Bidder/Contractor)

is 2051 W Blue Heron Blvd., Riviera Beach, FL 33404.

2. My relationship to Hinterland Group Inc.
(firm name of Bidder/Contractor)

is Project Director.
(relationship such as sole proprietor, partner, president, vice president)

3. I understand that a "public entity crime" as defined in Section 287.133 of the Florida Statutes includes a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity in Florida or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or such an agency or political subdivision and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

4. I understand that "convicted" or "conviction" is defined by the statute to mean a finding of guilt or a conviction of a public entity crime, with or without adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

5. I understand that "affiliate" is defined by the statute to mean (1) a predecessor or successor of a person or a corporation convicted of a public entity crime; or (2) an entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime; or (3) those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate; or (4) a person or corporation who knowingly entered into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months.

6. Neither the Bidder/Contractor nor any officer, director, executive, partner, shareholder, employee, member or agent who is active in the management of the Bidder/Contractor, nor any affiliate of the Bidder/Contractor, has been convicted of public entity crime subsequent to July 1, 1989.

(Draw a line through Paragraph 6 if Paragraph 7 below applies.)

7. There has been a conviction of a public entity crime by the Bidder/Contractor, or an officer, director, executive, partner, shareholder, employee, member or agent of the Bidder/Contractor who is active in the management of the Bidder/Contractor or an affiliate of the Bidder/Contractor. A determination has been made pursuant to Section 287.133(3) by order of the Division of Administrative Hearings that it is not in the public interest for the name of the convicted person or affiliate to appear on the convicted vendor list. The name of the convicted person or affiliate is_____.

A copy of the order of the Division of Administrative Hearings is attached to this statement.

(Draw a line through Paragraph 7 if Paragraph 6 above applies.)

SECTION 00456
SCRUTINIZED COMPANIES CERTIFICATION FORM

By execution below, I, Chase Rogers, on behalf of Hinterland Group Inc. (hereinafter, the "Contractor"), hereby swear or affirm to the following certifications:

The following certifications apply to all procurements:

1. The Contractor has reviewed section 215.4725, Florida Statutes, section 215.473, Florida Statutes and section 287.135, Florida Statutes, and understands the same.
2. The Contractor is not on the Scrutinized Companies that Boycott Israel List nor is the Contractor engaged in a boycott of Israel.
3. If awarded a contract, the Contractor agrees to require these certifications for applicable subcontracts entered into for the performance of work/services under this procurement.
4. If awarded a contract, the Contractor agrees that the certifications in this section shall be effective and relied upon by the City for the entire term of the contract, including any and all renewals.

If the contract awarded hereunder is for one million dollars or more, the following additional certifications apply:

1. The Contractor is not on the Scrutinized Companies with Activities in Sudan List.
2. The Contractor is not on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List.
3. The Contractor is not engaged in business operations in Cuba or Syria.
5. If awarded a contract, the Contractor agrees to require these certifications for applicable subcontracts entered into for the performance of work/services under this procurement.
6. If awarded a contract, the Contractor agrees that the certifications in this section shall be effective and relied upon by the City for the entire term of the contract, including any and all renewals.

Vendor Conflict of Interest
Disclosure Statement
Information and Instructions

The award of this contract is subject to the provisions of Chapter 112, Part III, *Florida Statutes,* and section 6.02 of the Charter of the Village of Palm Springs. The Village requires all potential vendors, as defined herein, to complete and submit this Conflict of Interest Disclosure Statement in connection with any competitive purchase in excess of $7,500.00.

The purpose of this disclosure form is to give the Village the information needed to identify potential conflicts of interest for evaluation team members, public officials, and other key personnel involved in the award of this contract and to take appropriate remedial measures. The information disclosed will not necessarily be deemed a conflict of interest or result in disqualification. If you are unsure whether certain information is responsive, you should include it in the disclosure.

The original disclosure statement shall be maintained by the Village Clerk, with a copy retained by the Finance Department.

- The Village will not enter into any contract or purchase order with any vendor who fails or refuses to provide all information required in the disclosure form.
- For vendors consisting of partnerships or joint ventures, each member of the partnership or joint venture is required to complete and submit the form.
- Any vendor who provides incorrect, misleading, or incomplete information on the disclosure statement shall be disqualified from participation.
- If the Village discovers misleading, incorrect, or incomplete information on the disclosure statement subsequent to the execution of a contract, the contract will be voidable by the Village;
- Serious and/or repeated failure to provide complete and accurate information on the Conflict of Interest Disclosure Form may lead to suspension or debarment of the vendor pursuant to Sec. 58-16 of the Village Code.

DEFINITIONS

"Business Entity" means any corporation, partnership, limited partnership, company, limited liability company, proprietorship, firm, enterprise, franchise, association, self-employed individual, or trust, whether fictitiously named or not, doing business in the State of Florida.

"Conflict of Interest" means a situation in which regard for a private interest tends to lead to disregard of a public duty or interest.

"Financial interest" means direct or indirect ownership or other interest that may result in special private gain or loss.

"Person" means an individual, firm, partnership, association, joint venture, cooperative, or corporation, or any other group or combination acting in concert.

"Public Official" includes any person elected or appointed to hold office in any agency, including any person serving on an advisory body.

"Relative" means an individual who is related to a public officer or employee as a father, mother, son, daughter, brother, sister, uncle, aunt, first cousin, nephew, niece, husband, wife, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, stepfather, stepmother, stepson, stepdaughter, stepbrother, stepsister, half-brother, half-sister, grandparent, great grandparent, grandchild, great-grandchild, step-grandparent, step great grandparent, step-grandchild, step great-grandchild, a person who is engaged to be married to the public officer or employee or who otherwise holds himself or herself out as or is generally known as the person whom the public officer or employee intends to marry or with whom the public officer or employee intends to form a household, or any other natural person having the same legal residence as the public officer or employee.

"Vendor" means (1) any business entity or person submitting a response to an invitation to bid, request for proposals, request for qualifications, or other solicitation in connection with the procurement of goods or services; or (2) any business entity or person entering into a contract or purchase order in excess of $7,500.00 with the Village.

INSTRUCTIONS

Complete all lines as indicated. If the answer to any question is "None," so indicate. If an item does not apply, denote N/A (not applicable). If you cannot include the required information in the space provided, attach additional sheets as necessary.

CORPORATE RESUME

DANIEL A. DUKE, III

President

Daniel began his career working on land development projects with his father, and came to realize his passion for the underground industry. In 2006 Daniel III and His father, Daniel Jr, decided to dive into the underground industry full bore and started Hinterland Group out of a small office space in Cocoa, FL. Daniel and his father served as the field crew through the first few years as Hinterland Group developed. Through Hard work and dedication to the best final product possible and customer satisfaction the company has grown exponentially over the years. Daniel has worked on projects of every nature related to the underground industry over the years, including all facets of water, waste water and storm water. Daniel remains a key role player at Hinterland Group and stays involved with all the daily operations. His oversight with all the projects ensures that the final product and customer that HG was built on continue to carry on through every project the company completes.

DANIEL A. DUKE, JR.

Operations

Daniel has Twenty-Seven years of direct experience including various wastewater lift station installations, gravity and force main sewer installations. He provides direct daily supervision of superintendents and skilled labor, management of project schedules, asset management and logistics for entire company personnel and equipment fleet.

CHARLES BREIG

Electrical Contractor

Charles has over 40 years of commercial electrical experience through out the state of Florida. He currently holds a Florida Electrical Contractors License (EC13003615). Charles joined the HGI team in June 2006.

JAY B. BREIG

Project Manager/Operations

Jay began working in the waste water industry in 2004 for a clarifier rehabilitation company, and then a full service underground utility company in 2006. He then joined the HG team in early 2008, and since then has been a huge contributing factor to the growth of HG as a company. Jay brought a wealth knowledge of the water and waste water industry to the company and allowed HG to broaden its capabilities as an underground contractor. Jay served as a lead foreman for many years on all of the company's largest and most difficult projects ranging from lift station installs to master pumping stations and neighborhood revitalization projects before moving into a management position. Jay now oversees the construction operations for HG by scheduling all crews, coordinating project startups with project managers, arranging equipment deliveries, communicating daily with crew foreman and superintendents and making sure that all jobs are completed properly, on time and under budget.

CORPORATE RESUME (CONT.)

CHASE R. ROGERS, E.I.

Estimating Manager, Engineer

Chase has been with the HG team since 2008, in its very early stages. Prior to working at HG Chase had spent several years in the construction industry working for both residential contractors and an industrial electrical contractor. Chase began his career at HG halfway through his collegiate career as a field staff member working on lift station rehabilitation. Since then he has played many roles in the company both in the field and eventually into the office. Chase obtained his Bachelor's degree in civil engineering from the University of Central Florida, before making the transition into the office and has since become a key staff member for HG. He covered the role of Estimator and Project Manager for many years as HG expanded its scope of services and coverage area. As the need for more management grew Chase has fallen into a managerial role for the company, overseeing the estimating and contract procurement departments and helping to coordinate scheduling and crews with the project management team. Chase has worked on all facets of the underground industry over the years from Stormwater and drainage projects, to large pipeline projects, water and waste water treatment plants, and every type of lift station project imaginable.

Chase obtained his Bachelor's degree in civil engineering from the University of Central Florida, before making the transition into the office and has since become a key staff member for HG. He covered the role of Estimator and Project Manager for many years as HG expanded its scope of services and coverage area. As the need for more management grew Chase has fallen into a managerial role for the company, overseeing the estimating and contract procurement departments and helping to coordinate scheduling and crews with the project management team. Chase has worked on all facets of the underground industry over the years from Stormwater and drainage projects, to large pipeline projects, water and waste water treatment plants, and every type of lift station project imaginable.

QUALIFICATIONS:

- Bachelor's Degree in Civil Engineering from University of Central Florida
- Engineering Intern, E.I.
- Member of ASCE
- OSHA Confined Space Training
- Intermediate MOT certification

PROJECT RELATED BACKGROUND

STRUCTURAL REPAIR OF THE FLOW EQUALIZATION BASIN AT ECR

Project Owner: City of West Palm Beach
Project Value: $528, 587.00
Project Location: West Palm Beach, FL
Role: On Site Foreman

Complete rehabilitation of the flow equalization basin at the City of West Palm Beach East Central Regional Water Reclamation Facility. Dewatering and cleaning/removal of all silt and sediment from the EQ basin, leak stopping throughout, repairs to damaged and spalling concrete and replacement of piping for the EQ basin floor pumps.

PUMP REPLACEMENT FOR THE RAW WATER BOOSTER PUMP STATION

Project Owner: Collier County
Project Value: $653,400.00
Project Location: Naples, FL
Role: Project Manager

Removal and Replacement of four 300HP split case pumps and their associated VFD drives. All 18" and 24" piping and valves were replaced to accommodate the new pumps.

CUDJOE INNER ISLANDS - MASTER PUMPING STATIONS

Project Owner: Florida Keys Aqueduct Authority
Project Value: $2,313,374.00
Project Location: Cudjoe Key, FL
Role: Project Manager

Removal and Replacement of four 300HP split case pumps and their associated VFD drives. All 18" and 24" piping and valves were replaced to accommodate the new pumps.

JAY B. BREIG

Construction Operations Manager

2051 W. Blue Heron Blvd.
Riviera Beach, FL 33404
jbreig@hinterlandgroup.com
561-640-3503

PERSONAL PROFILE

Jay began working in the waste water industry in 2004 for a clarifier rehabilitation company, and then a full service underground utility company in 2006. He then joined the HG team in early 2008, and since then has been a huge contributing factor to the growth of HG as a company. Jay brought a wealth knowledge of the water and waste water industry to the company and allowed HG to broaden its capabilities as an underground contractor. Jay served as a lead foreman for many years on all of the company's largest and most difficult projects ranging from lift station installs to master pumping stations and neighborhood revitalization projects before moving into a management position. Jay now oversees the construction operations for HG by scheduling all crews, coordinating project startups with project managers, arranging equipment deliveries, communicating daily with crew foreman and superintendents and making sure that all jobs are completed properly, on time and under budget.

QUALIFICATIONS

- OSHA Confined Space Training
- Advanced MOT Certification
- Crane and Rigging Certification

PROJECT RELATED BACKGROUND

CITY OF WESTON INDIAN TRACE LIFT STATION REHABILITATION

Project Owner: The City of Weston
Project Location: The City of Weston, FL
Project Value: $689,531.00
Role: Project Manager

This project consisted of the refurbishing, repair, and, replacement of concrete, and metal lift station components along with site related improvements for over 30 Lift Stations in the City of Weston, Florida.

PALM BEACH COUNTY WATER UTILITIES DISTRICT ZONE 1 WATERMAIN IMPROVEMENTS

Project Owner: Palm Beach County WUD
Project Location: Belle Glades, FL
Project Value: $1,121,551.20
Role: Project Manager

Improvement and replacement of approximately 2,500 LF of WM and relocation of services from the rear to front of homes.

CLIFF CREEK STORMWATER QUALITY RETROFIT

Project Owner: City of Melbourne
Project Location: City of Melbourne, FL
Project Value: $715,290.00
Role: Project Manager

The largest baffle box East of the Mississippi for the City of Melbourne, Fl. As part of the "Cleaning Our Lagoon Program." The project included installing a 24' x 30' x 12' deep baffle box structure, 7" x 5" box culvert, corresponding endwalls and canal revetment.

MINUTES OF SPECIAL MEETING

OF

HINTERLAND GROUP INC.

Minutes of Special Meeting of Hinterland Group Inc. held at 2051 W. Blue Heron Blvd., Riviera Beach, Florida 33404 on this 25 day of April, 2023.

The President called the meeting to consider the following business: The authorization of Chase Rogers and Danny Duke, Jr., to sign any and all documentation with regard to the Company.

On motion duly made and carried, the meeting proceeded to approve the authorization.

Chase Rogers and Danny Duke, Jr., have the authority to sign all documents as stated above.

There being no further business, the meeting was adjourned.

Dated April 25, 2023

Daniel Duke III, President

Hinterland Group Inc.

STATE OF FLORIDA

COUNTY OF PALM BEACH

The foregoing instrument was acknowledged before me this 25 day of April, 2023 by Daniel Duke, III.

WAGNER BONDING
&
INSURANCE, INC.

April 18, 2023

RE: Hinterland Group Inc.

To whom it may concern,

We are the bonding agent for Hinterland Group Inc. They are bonded by Atlantic Specialty Insurance Company, an "A+XV" rated surety in the AM Best Guide. Hinterland Group Inc. has an excellent reputation in the community. While each project is approved on it's own merits, Hinterland Group Inc. has the ability to bond single projects in excess of $20,000,000 with an aggregate limit of $100,000,000.

We welcome the opportunity to execute the necessary bonds provided they meet the current underwriting guidelines and the provisions are acceptable to both Hinterland Group Inc. and Atlantic Specialty Insurance Company.

Should you have any questions or concerns, please do not hesitate to call.

Sincerely,

Wagner Bonding & Insurance, Inc.

Taylor Wagner

RE: CERTIFICATE OF QUALIFICATION

The Department of Transportation has qualified your company for the type of work indicated below.

FDOT APPROVED WORK CLASSES:
DRAINAGE, ELECTRICAL WORK, Water & Wastewater, Manhole Rehabilitation, Lift Stations, Pipe Lining & Pipe Desilting.

Unless notified otherwise, this Certificate of Qualification will expire **6/30/2024.**

In accordance with Section 337.14(4), Florida Statutes, changes to Ability Factor or Maximum Capacity Rating will not take effect until after the expiration of the current certificate of prequalification (if applicable).

In accordance with Section 337.14(1), Florida Statutes, an application for qualification must be filed within (4) months of the ending date of the applicant's audited annual financial statements.

If the company's maximum capacity has been revised, it may be accessed by logging into the Contractor Prequalification Application System via the following link:
HTTPS://fdotwp1.dot.state.fl.us/ContractorPreQualification

Once logged in, select "View" for the most recently approved application, and then click the "Manage" and "Application Summary" tabs.

The company may apply for a Revised Certificate of Qualification at any time prior to the expiration date of this certificate according to Section 14-22.0041(3), Florida Administrative Code (F.A.C.), by accessing the most recently approved application as shown above and choosing "Update" instead of "View." If certification in additional classes of work is desired, documentation is needed to show that the company has performed such work.

All prequalified contractors are required by Section 14-22.006(3), F.A.C., to certify their work underway monthly in order to adjust maximum bidding capacity to available bidding capacity. You can find the link to this report at the website shown above.

Sincerely,

James E. Taylor II

James E. Taylor II, Prequalification Supervisor
Contracts Administration Office

Sanitary Sewer Remediation	Cleaning and internally lining the existing vitrified clay sanitary sewer gravity collection system. Cured-in Place Pipe (CIPP) system. The liner system consists of a heat-activated resin-impregnated fabric pipe system. Once cured, the CIPP system will provide a continuous rigid pipe system between manholes. Individual services are to be cut out and sealed to the main line to minimize infiltration around the connections. VILLAGE OF PALM SPRINGS
PALM SPRINGS, FL
ITB NO. 2024B-002
KUDZA ROAD LIFT STATION EMERGENCY GENERATOR

ADVERTISEMENT FOR BIDS

Sealed Electronic Bids for the construction of the **KUDZA ROAD LIFT STATION EMERGENCY GENERATOR** Project will be received, by the **Village of Palm Springs**, at the office of the **Palm Springs Village Clerk**, until **2:00 PM** local time on **February 20, 2024**. At **2:30 PM** all Bids received will be publicly opened and read. The Project consists of installing a new emergency generator at the Kudza Road Lift Station**.**

Bidding Documents may be viewed and downloaded online www.vpsfl.org or http://www.demandstar.com. Hard copies of bidding Documents may be obtained from **Holtz Consulting Engineers, Inc.** on Mondays through Fridays between the hours of **8:00 AM and 5:00 PM**. Bidding Documents are available on compact disc (as portable document format (PDF) files) for a non-refundable charge of $ **25.00** , including shipping via overnight express service. Alternatively, printed Bidding Documents may be obtained from Holtz Consulting Engineers, Inc. either via in-person pick-up or via mail, upon receipt of payment for the Bidding Documents. The non-refundable cost of printed Bidding Documents is $ **50.00** per set, payable to "**Holtz Consulting Engineers, Inc.**".

Bidders must submit their responses electronically via DemandStar – http://www.demandstar.com. Bids must be submitted before the deadline on **February 20, 2024**, **at 2:00 PM** local time.

A virtual pre-bid conference will be held at **10:00 AM** local time on **February 7, 2024,** via Microsoft Teams. Attendance at the pre-bid conference **is NON-MANDATORY**.

Non-Mandatory Pre-Bid Conference - February 7, 2024, at 10:00 AM

Participants can use their telephone or computer mic & speakers (VoIP)

- **Registration: https://events.gcc.teams.microsoft.com/event/08210076-e51c-4e93-a536-1aa5056f6a75@20801dc8-57d4-4c4b-b981-92be4d50e21c**

Meeting ID: 252 736 591 117

Passcode: 3ynCu8

Bid Opening - February 20, 2024, at 2:30 PM

Participants can use their telephone or computer mic & speakers (VoIP)

- **Registration: https://events.gcc.teams.microsoft.com/event/2b90aaa7-b26b-4769-abd7-b285df2df530@20801dc8-57d4-4c4b-b981-92be4d50e21c**

Meeting ID: 259 261 468 217

Passcode: g4Xwi3

Bid security shall be furnished in accordance with the Instructions to Bidders.

Any questions regarding the specifications and Solicitation process must be submitted in writing to the Procurement Specialist at procurement@vpsfl.org. Questions and requests for clarification and

additional information must be received prior to the Deadline for Submission of Questions on **February 14, 2024,** AT 5:00 PM local time.

Pursuant to Section 2-355 of Palm Beach County Ordinance No. 2011-039, and the purchasing policies of the Village of Palm Springs, all Solicitations, once advertised, are under the "Cone of Silence" until the appropriate authority has approved an award recommendation, rejected all responses or some other action by the Village to end the selection process. This limits and requires documentation of communications between potential Bidders and/or Bidders on Village Solicitations, the Village's professional staff, and the Village Council members.

PALM SPRINGS, FL
ITB NO. 2024B-002
KUDZA ROAD LIFT STATION EMERGENCY GENERATOR

ADVERTISEMENT FOR BIDS

Sealed Electronic Bids for the construction of the **KUDZA ROAD LIFT STATION EMERGENCY GENERATOR** Project will be received, by the **Village of Palm Springs**, at the office of the **Palm Springs Village Clerk**, until **2:00 PM** local time on **February 20, 2024**. At **2:30 PM** all Bids received will be publicly opened and read. The Project consists of installing a new emergency generator at the Kudza Road Lift Station**.**

Bidding Documents may be viewed and downloaded online www.vpsfl.org or http://www.demandstar.com. Hard copies of bidding Documents may be obtained from **Holtz Consulting Engineers, Inc.** on Mondays through Fridays between the hours of **8:00 AM and 5:00 PM**. Bidding Documents are available on compact disc (as portable document format (PDF) files) for a non-refundable charge of $ **25.00** , including shipping via overnight express service. Alternatively, printed Bidding Documents may be obtained from Holtz Consulting Engineers, Inc. either via in-person pick-up or via mail, upon receipt of payment for the Bidding Documents. The non-refundable cost of printed Bidding Documents is $ **50.00** per set, payable to "**Holtz Consulting Engineers, Inc.**".

Bidders must submit their responses electronically via DemandStar – http://www.demandstar.com. Bids must be submitted before the deadline on **February 20, 2024**, **at 2:00 PM** local time.

A virtual pre-bid conference will be held at **10:00 AM** local time on **February 7, 2024,** via Microsoft Teams. Attendance at the pre-bid conference **is NON-MANDATORY**.

Non-Mandatory Pre-Bid Conference - February 7, 2024, at 10:00 AM

Participants can use their telephone or computer mic & speakers (VoIP)

- **Registration: https://events.gcc.teams.microsoft.com/event/08210076-e51c-4e93-a536-1aa5056f6a75@20801dc8-57d4-4c4b-b981-92be4d50e21c**

ARTICLE 1 – DEFINED TERMS

1.01 Terms used in these Instructions to Bidders have the meanings indicated in the General Conditions and Supplementary Conditions. Additional terms used in these Instructions to Bidders have the meanings indicated below:

A. *Issuing Office* – The office from which the Bidding Documents are to be issued.

ARTICLE 2 – COPIES OF BIDDING DOCUMENTS

2.01 Complete sets of the Bidding Documents may be obtained from the Issuing Office in the number and format stated in the advertisement or invitation to bid.

2.02 Complete sets of Bidding Documents shall be used in preparing Bids; neither Owner nor Engineer assumes any responsibility for errors or misinterpretations resulting from the use of incomplete sets of Bidding Documents.

2.03 Owner and Engineer, in making copies of Bidding Documents available on the above terms, do so only for the purpose of obtaining Bids for the Work and do not authorize or confer a license for any other use.

ARTICLE 3 – QUALIFICATIONS OF BIDDERS

3.01 To demonstrate Bidder's qualifications to perform the Work, Bidder shall submit with its Bid (a) written evidence establishing its qualifications such as financial data, previous experience, present commitments, and other such information as may be called for in Section 00451, and (b) the following additional information:

A. Evidence of Bidder's authority to do business in the State of Florida.

B. State of Florida contractor license number.

C. Subcontractor and Supplier qualification information [coordinate with provisions of Article 12 of these Instructions, "Subcontractors, Suppliers, and Others."]

D. Provide a minimum of five (5) similar projects which have been completed within the past ten (10) years per Section 00451 - Bidder Qualifications Questionnaire, Article 11, including project description, final project cost, owner's name, address, and phone number. A similar project shall be defined as installation of an emergency generator with fuel tank and automatic transfer switch for a municipal or government facility in Florida.

E. Current Certificate of Insurance per the requirements of Section 00520 - Agreement, Article 10.10.

3.02 A Bidder's failure to submit required qualification information within the times indicated may disqualify Bidder from receiving an award of the Contract.

3.03 No requirement in this Article 3 to submit information will prejudice the right of Owner to seek additional pertinent information regarding Bidder's qualifications.

3.04 Bidder is advised to carefully review those portions of the Bid Form requiring Bidder's representations and certifications.

ARTICLE 4 – SITE AND OTHER AREAS; EXISTING SITE CONDITIONS; EXAMINATION OF SITE; OWNER'S SAFETY PROGRAM; OTHER WORK AT THE SITE

4.01 *Site and Other Areas*

A. The Site is identified in the Bidding Documents. By definition, the Site includes rights-of-way, easements, and other lands furnished by Owner for the use of the Contractor. Any additional lands required for temporary construction facilities, construction equipment, or storage of materials and equipment, and any access needed for such additional lands, are to be obtained and paid for by Contractor.

4.02 *Existing Site Conditions*

A. Subsurface and Physical Conditions; Hazardous Environmental Conditions

1. The Supplementary Conditions identify:

a. those reports known to Owner of explorations and tests of subsurface conditions at or adjacent to the Site, if any.

b. those drawings known to Owner of physical conditions relating to existing surface or subsurface structures at the Site (except Underground Facilities), if any.

2. Owner will make copies of reports and drawings referenced above available to any Bidder on request. These reports and drawings are not part of the Contract Documents, but the Technical Data contained therein upon whose accuracy Bidder is entitled to rely, as provided in the General Conditions, has been identified and established in the Supplementary Conditions. Bidder is responsible for any interpretation or conclusion Bidder draws from any Technical Data or any other data, interpretations, opinions, or information contained in such reports or shown or indicated in such drawings.

3. If the Supplementary Conditions do not identify Technical Data, the default definition of Technical Data set forth in Article 1 of the General Conditions will apply.

B. Underground Facilities: Information and data shown or indicated in the Bidding Documents with respect to existing Underground Facilities at or adjacent to the Site are set forth in the Contract Documents and are based upon information and data furnished to Owner and Engineer by owners of such Underground Facilities, including Owner, or others.

C. Adequacy of Data: Provisions concerning responsibilities for the adequacy of data furnished to prospective Bidders with respect to subsurface conditions, other physical conditions, and Underground Facilities, and possible changes in the Bidding Documents due to differing or unanticipated subsurface or physical conditions appear in Paragraphs 5.03, 5.04, and 5.05 of the General Conditions. Provisions concerning responsibilities for the adequacy of data furnished to prospective Bidders with respect to a Hazardous Environmental Condition at the Site, if any, and possible changes in the Contract Documents due to any Hazardous Environmental Condition uncovered or revealed at the Site which was not shown or indicated in the Drawings or Specifications or identified in the Contract Documents to be within the scope of the Work, appear in Paragraph 5.06 of the General Conditions.

4.03 *Site Visit and Testing by Bidders*

A. On request, the Owner will provide the Bidder access to the Site visit during normal working hours. Bidder shall not disturb any ongoing operations at the Site.

B. On request, and to the extent Owner has control over the Site, and schedule permitting, the Owner will provide Bidder access to the Site to conduct such additional examinations,

investigations, explorations, tests, and studies as Bidder deems necessary for preparing and submitting a successful Bid. Owner will not have any obligation to grant such access if doing so is not practical because of existing operations, security or safety concerns, or restraints on Owner's authority regarding the Site.

C. Bidder shall comply with all applicable Laws and Regulations regarding excavation and location of utilities, obtain all permits, and comply with all terms and conditions established by Owner or by property owners or other entities controlling the Site with respect to schedule, access, existing operations, security, liability insurance, and applicable safety programs.

D. Bidder shall fill all holes and clean up and restore the Site to its former condition upon completion of such explorations, investigations, tests, and studies.

E. Bidder shall not disturb any ongoing operations at the Site.

ARTICLE 5 – BIDDER'S REPRESENTATIONS

5.01 It is the responsibility of each Bidder before submitting a Bid to:

A. examine and carefully study the Bidding Documents, and any data and reference items identified in the Bidding Documents;

B. visit the Site, conduct a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and satisfy itself as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work;

C. become familiar with and satisfy itself as to all Laws and Regulations that may affect cost, progress, and performance of the Work;

D. carefully study all: (1) reports of explorations and tests of subsurface conditions at or adjacent to the Site and all drawings of physical conditions relating to existing surface or subsurface structures at the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings, and (2) reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings;

E. consider the information known to Bidder itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Bidding Documents; and the Site-related reports and drawings identified in the Bidding Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Bidder; and (3) Bidder's safety precautions and programs;

F. agree, based on the information and observations referred to in the preceding paragraph, that at the time of submitting its Bid no further examinations, investigations, explorations, tests, studies, or data are necessary for the determination of its Bid for performance of the Work at the price bid and within the times required, and in accordance with the other terms and conditions of the Bidding Documents;

G. become aware of the general nature of the work to be performed by Owner and others at the Site that relates to the Work as indicated in the Bidding Documents;

H. promptly give Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Bidder discovers in the Bidding Documents and confirm that the written resolution thereof by Engineer is acceptable to Bidder;

I. determine that the Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for the performance and furnishing of the Work; and

J. agree that the submission of a Bid will constitute an incontrovertible representation by Bidder that Bidder has complied with every requirement of this Article, that without exception the Bid and all prices in the Bid are premised upon performing and furnishing the Work required by the Bidding Documents.

ARTICLE 6 – PRE-BID CONFERENCE

6.01 A pre-Bid conference will be held at the time and location stated in the invitation or advertisement to bid. Representatives of Owner and Engineer will be present to discuss the Project. Bidders are encouraged to attend and participate in the conference. Owner will transmit to all prospective Bidders of record such Addenda as Owner and Engineer considers necessary in response to questions arising at the conference. Oral statements may not be relied upon and will not be binding or legally effective.

ARTICLE 7 – INTERPRETATIONS AND ADDENDA

7.01 All questions about the meaning or intent of the Bidding Documents are to be submitted to Owner in writing to the email address stated in the invitation or advertisement to bid. Interpretations or clarifications considered necessary by Owner or Engineer in response to such questions will be issued by Addenda delivered to all parties recorded as having received the Bidding Documents. Questions received less than seven days prior to the date for opening of Bids may not be answered. Only questions answered by Addenda will be binding. Oral and other interpretations or clarifications will be without legal effect.

7.02 Addenda may be issued to clarify, correct, supplement, or change the Bidding Documents.

ARTICLE 8 – BID SECURITY

8.01 A Bid must be accompanied by Bid security made payable to Owner in an amount of 5 percent of Bidder's maximum Bid price (determined by adding the base bid and all alternates) and in the form of a certified check, bank money order, or a Bid bond (on the form included in the Bidding Documents) issued by a surety meeting the requirements of Paragraphs 6.01 and 6.02 of the General Conditions.

8.02 The Bid security of the apparent Successful Bidder will be retained until Owner awards the contract to such Bidder, and such Bidder has executed the Contract Documents, furnished the required contract security, and met the other conditions of the Notice of Award, whereupon the Bid security will be released. If the Successful Bidder fails to execute and deliver the Contract Documents and furnish the required contract security within 15 days after the Notice of Award, Owner may consider Bidder to be in default, annul the Notice of Award, and the Bid security of that Bidder will be forfeited. Such forfeiture shall be Owner's exclusive remedy if Bidder defaults.

8.03 The Bid security of other Bidders that Owner believes to have a reasonable chance of receiving the award may be retained by Owner until the earlier of seven days after the Effective Date of

the Contract or 121 days after the Bid opening, whereupon Bid security furnished by such Bidders will be released.

8.04 Bid security of other Bidders that Owner believes do not have a reasonable chance of receiving the award will be released within seven days after the Bid opening.

ARTICLE 9 – CONTRACT TIMES

9.01 The number of days within which, or the dates by which, the Work is to be substantially completed, and completed and ready for final payment, are set forth in the Agreement.

ARTICLE 10 – LIQUIDATED DAMAGES

10.01 Provisions for liquidated damages, if any, for failure to timely attain a Milestone, Substantial Completion, or completion of the Work in readiness for final payment, are set forth in the Agreement.

ARTICLE 11 – SUBSTITUTE AND "OR-EQUAL" ITEMS

11.01 The Contract for the Work, as awarded, will be on the basis of materials and equipment specified or described in the Bidding Documents, and those "or-equal" or substitute or materials and equipment subsequently approved by Engineer prior to the submittal of Bids and identified by Addendum. No item of material or equipment will be considered by Engineer as an "or-equal" or substitute unless written request for approval has been submitted by Bidder and has been received by Engineer at least 15 days prior to the date for receipt of Bids. Each such request shall comply with the requirements of Paragraphs 7.04 and 7.05 of the General Conditions. The burden of proof of the merit of the proposed item is upon Bidder. Engineer's decision of approval or disapproval of a proposed item will be final. If Engineer approves any such proposed item, such approval will be set forth in an Addendum issued to all prospective Bidders. Bidders shall not rely upon approvals made in any other manner.

11.02 All prices that Bidder sets forth in its Bid shall be based on the presumption that the Contractor will furnish the materials and equipment specified or described in the Bidding Documents, as supplemented by Addenda. Any assumptions regarding the possibility of post-Bid approvals of "or-equal" or substitution requests are made at Bidder's sole risk.

ARTICLE 12 – SUBCONTRACTORS, SUPPLIERS, AND OTHERS

12.01 A Bidder shall be prepared to retain specific Subcontractors, Suppliers, or other individuals or entities for the performance of the Work if required by the Bidding Documents (most commonly in the Specifications) to do so. If a prospective Bidder objects to retaining any such Subcontractor, Supplier, or other individual or entity, and the concern is not relieved by an Addendum, then the prospective Bidder should refrain from submitting a Bid.

12.02 Subsequent to the submittal of the Bid, Owner may not require the Successful Bidder or Contractor to retain any Subcontractor, Supplier, or other individual or entity against which Contractor has reasonable objection.

12.03 Unless otherwise required to be submitted with the Bid, the apparent Successful Bidder, and any other Bidder so requested, shall within five days after Bid opening, submit to Owner a list of the Subcontractors or Suppliers for which such identification is required.

Such list shall be accompanied by an experience statement with pertinent information regarding similar projects and other evidence of qualification for each such Subcontractor, Supplier, or

other individual or entity. If Owner or Engineer, after due investigation, has reasonable objection to any proposed Subcontractor, Supplier, individual, or entity, Owner may, before the Notice of Award is given, request apparent Successful Bidder to submit an acceptable substitute, in which case apparent Successful Bidder shall submit a substitute, Bidder's Bid price will be increased (or decreased) by the difference in cost occasioned by such substitution, and Owner may consider such price adjustment in evaluating Bids and making the Contract award.

12.04 If apparent Successful Bidder declines to make any such substitution, Owner may award the Contract to the next lowest Bidder that proposes to use acceptable Subcontractors, Suppliers, or other individuals or entities. Declining to make requested substitutions will constitute grounds for forfeiture of the Bid security of any Bidder. Any Subcontractor, Supplier, individual, or entity so listed and against which Owner or Engineer makes no written objection prior to the giving of the Notice of Award will be deemed acceptable to Owner and Engineer subject to subsequent revocation of such acceptance as provided in Paragraph 7.06 of the General Conditions.

ARTICLE 13 – PREPARATION OF BID

13.01 The Bid Form is included with the Bidding Documents.

A. All blanks on the Bid Form shall be completed in ink and the Bid Form signed in ink. Erasures or alterations shall be initialed in ink by the person signing the Bid Form. A Bid price shall be indicated for each section, Bid item, alternate, adjustment unit price item, and unit price item listed therein.

B. If the Bid Form expressly indicates that submitting pricing on a specific alternate item is optional, and Bidder elects to not furnish pricing for such optional alternate item, then Bidder may enter the words "No Bid" or "Not Applicable."

13.02 A Bid by a corporation shall be executed in the corporate name by a corporate officer (whose title must appear under the signature), accompanied by evidence of authority to sign. The corporate address and state of incorporation shall be shown.

13.03 A Bid by a partnership shall be executed in the partnership name and signed by a partner (whose title must appear under the signature), accompanied by evidence of authority to sign. The partnership's address for receiving notices shall be shown.

13.04 A Bid by a limited liability company shall be executed in the name of the firm by a member or other authorized person and accompanied by evidence of authority to sign. The state of formation of the firm and the firm's address for receiving notices shall be shown.

13.05 A Bid by an individual shall show the Bidder's name and address for receiving notices.

13.06 A Bid by a joint venture shall be executed by an authorized representative of each joint venturer in the manner indicated on the Bid Form. The joint venture's address for receiving notices shall be shown.

13.07 All names shall be printed in ink below the signatures.

13.08 The Bid shall contain an acknowledgment of receipt of all Addenda, the numbers of which shall be filled in on the Bid Form.

13.09 Postal and e-mail addresses and telephone number for communications regarding the Bid shall be shown.

13.10 The Bid shall contain evidence of Bidder's authority and qualification to do business in the state where the Project is located, or Bidder shall covenant in writing to obtain such authority and

qualification prior to award of the Contract and attach such covenant to the Bid. Bidder's state contractor license number, if any, shall also be shown on the Bid Form.

ARTICLE 14 – BASIS OF BID

14.01 *Lump Sum*

A. Bidders shall submit a Bid on a lump sum basis as set forth in the Bid Form.

14.02 *Unit Price*

A. Bidders shall submit a Bid on a unit price basis for each item of Work listed in the unit price section of the Bid Form.

B. The "Bid Price" (sometimes referred to as the extended price) for each unit price Bid item will be the product of the "Estimated Quantity" (which Owner or its representative has set forth in the Bid Form) for the item and the corresponding "Bid Unit Price" offered by the Bidder. The total of all unit price Bid items will be the sum of these "Bid Prices"; such total will be used by Owner for Bid comparison purposes. The final quantities and Contract Price will be determined in accordance with Paragraph 13.03 of the General Conditions.

C. Discrepancies between the multiplication of units of Work and unit prices will be resolved in favor of the unit prices. Discrepancies between the indicated sum of any column of figures and the correct sum thereof will be resolved in favor of the correct sum.

14.03 *Allowances*

A. For cash allowances the Bid price shall include such amounts as the Bidder deems proper for Contractor's overhead, costs, profit, and other expenses on account of cash allowances, if any, named in the Contract Documents, in accordance with Paragraph 13.02.B of the General Conditions.

ARTICLE 15 – SUBMITTAL OF BID

15.01 With each copy of the Bidding Documents, a Bidder is furnished one separate unbound copy of the Bid Form, and, if required, the Bid Bond Form. The unbound copy of the Bid Form is to be completed and submitted with the Bid security and the other documents required to be submitted under the terms of Article 7 of the Bid Form.

15.02 A Bid shall be received no later than the date and time prescribed and at the place indicated in the advertisement or invitation to bid and shall be enclosed in a plainly marked package with the Project title (and, if applicable, the designated portion of the Project for which the Bid is submitted), the name and address of Bidder, and shall be accompanied by the Bid security and other required documents. If a Bid is sent by mail or other delivery system, the sealed envelope containing the Bid shall be enclosed in a separate package plainly marked on the outside with the notation "BID ENCLOSED." A mailed Bid shall be addressed to 226 Cypress Lane, Palm Springs, FL 33461.

15.03 Bids received after the date and time prescribed for the opening of bids, or not submitted at the correct location or in the designated manner, will not be accepted and will be returned to the Bidder unopened.

15.04 By submitting a Bid, Bidder acknowledges that Bidder has reviewed the terms of the Agreement included as part of the bid package and represents that, if awarded the contract, Bidder is prepared to enter into an Agreement with the Village in substantially the same form.

15.05 The following documents shall be submitted with and made a part of the Bid:

Section 00400 Bid Submission checklist
Section 00410 Bid Form
Section 00430 Bid Bond, complete with Power of Attorney
Section 00431 Tabulation of Subcontractor and Suppliers
Section 00440 Florida Trench Safety Act Certification
Section 00451 Qualifications Statement
Section 00452 Bidder's Statement of Disputes, Litigation, Arbitration, and Surety Completion
Section 00453 Non-collusion Affidavit
Section 00454 Drug-Free Workplace Certificate
Section 00455 Sworn Statement on Public Entity Crimes
Section 00456 Scrutinized Companies Certification Form
Section 00457 Vendor Conflict of Interest Disclosure Statement
Current Certificate of Insurance

ARTICLE 16 – MODIFICATION AND WITHDRAWAL OF BID

16.01 A Bid may be withdrawn by an appropriate document duly executed in the same manner that a Bid must be executed and delivered to the place where Bids are to be submitted prior to the date and time for the opening of Bids. Upon receipt of such notice, the unopened Bid will be returned to the Bidder.

16.02 If a Bidder wishes to modify its Bid prior to Bid opening, Bidder must withdraw its initial Bid in the manner specified in Paragraph 16.01 and submit a new Bid prior to the date and time for the opening of Bids.

16.03 If within 24 hours after Bids are opened any Bidder files a duly signed written notice with Owner and promptly thereafter demonstrates to the reasonable satisfaction of Owner that there was a material and substantial mistake in the preparation of its Bid, that Bidder may withdraw its Bid, and the Bid security will be returned. Thereafter, if the Work is rebid, that Bidder will be disqualified from further bidding on the Work.

ARTICLE 17 – OPENING OF BIDS

17.01 Bids will be opened at the time and place indicated in the advertisement or invitation to bid and, unless obviously non-responsive, read aloud publicly. An abstract of the amounts of the base Bids and major alternates, if any, will be made available to Bidders after the opening of Bids.

ARTICLE 18 – BIDS TO REMAIN SUBJECT TO ACCEPTANCE

18.01 All Bids will remain subject to acceptance for the period of time stated in the Bid Form, but Owner may, in its sole discretion, release any Bid and return the Bid security prior to the end of this period.

ARTICLE 19 – EVALUATION OF BIDS AND AWARD OF CONTRACT

19.01 Owner reserves the right to reject any or all Bids, including without limitation, nonconforming, nonresponsive, unbalanced, or conditional Bids. Owner will reject the Bid of any Bidder that Owner finds, after reasonable inquiry and evaluation, to not be responsible. If Bidder purports to add terms or conditions to its Bid, takes exception to any provision of the Bidding Documents, or attempts to alter the contents of the Contract Documents for purposes of the Bid, then the Owner will reject the Bid as nonresponsive; provided that Owner also reserves the right to waive all minor informalities not involving price, time, or changes in the Work.

19.02 If Owner awards the contract for the Work, such award shall be to the responsible Bidder submitting the lowest responsive Bid.

19.03 Evaluation of Bids

A. In evaluating Bids, Owner will consider whether or not the Bids comply with the prescribed requirements, and such alternates, unit prices, and other data, as may be requested in the Bid Form or prior to the Notice of Award.

B. In the comparison of Bids, alternates will be applied in the same order of priority as listed in the Bid Form. To determine the Bid prices for purposes of comparison, Owner shall announce to all bidders a "Base Bid plus alternates" budget after receiving all Bids, but prior to opening them. For comparison purposes alternates will be accepted, following the order of priority established in the Bid Form, until doing so would cause the budget to be exceeded. After determination of the Successful Bidder based on this comparative process and on the responsiveness, responsibility, and other factors set forth in these Instructions, the award may be made to said Successful Bidder on its base Bid and any combination of its additive alternate Bids for which Owner determines funds will be available at the time of award.

19.04 In evaluating whether a Bidder is responsible, Owner will consider the qualifications of the Bidder and may consider the qualifications and experience of Subcontractors and Suppliers proposed for those portions of the Work for which the identity of Subcontractors and Suppliers must be submitted as provided in the Bidding Documents.

19.05 Owner may conduct such investigations as Owner deems necessary to establish the responsibility, qualifications, and financial ability of Bidders and any proposed Subcontractors or Suppliers.

ARTICLE 20 – BONDS AND INSURANCE

20.01 Article 6 of the General Conditions, as may be modified by the Supplementary Conditions, sets forth Owner's requirements as to performance and payment bonds and insurance. When the Successful Bidder delivers the Agreement (executed by Successful Bidder) to Owner, it shall be accompanied by required bonds and insurance documentation.

ARTICLE 21 – SIGNING OF AGREEMENT

21.01 When Owner issues a Notice of Award to the Successful Bidder, it shall be accompanied by the unexecuted counterparts of the Agreement along with the other Contract Documents as identified in the Agreement. Within 15 days thereafter, Successful Bidder shall execute and deliver the required number of counterparts of the Agreement (and any bonds and insurance documentation required to be delivered by the Contract Documents) to Owner. Within ten days thereafter, Owner shall deliver one fully executed counterpart of the Agreement to Successful Bidder, together with printed and electronic copies of the Contract Documents as stated in Paragraph 2.02 of the General Conditions.

ARTICLE 22 – SALES AND USE TAXES

22.01 CONTRACTOR is responsible for all sales and use taxes applicable to this project.

SECTION 00400

BID SUBMISSION CHECKLIST

Project Name: KUDZA ROAD LIFT STATION EMERGENCY GENERATOR

Bid Number: 2024B-002

Bidders Name: _____

The following items must be submitted in the following order with your bid:

1. __ Completed Section 00400 - Bid Submission Checklist
2. __ Completed Section 00410 - Bid Form
3. __ Completed Section 00430 - Bid Bond, complete with Power of Attorney
4. __ Completed Section 00431 - Tabulation of Subcontractor and Suppliers
5. __ Completed Section 00440 - Florida Trench Safety Act Certification
6. __ Completed Section 00451 - Qualifications Statement
    a. __ Affidavit from Bonding Company
7. __ Completed Section 00452 - Bidder's Statement of Disputes, Litigation, Arbitration, and Surety Completion
8. __ Completed Section 00453 - Non-Collusive Affidavit
9. __ Completed Section 00454 - Drug-Free Workplace Certificate
10. __ Completed Section 00455 - Sworn Statement on Public Entity Crimes
11. __ Completed Section 00456 - Scrutinized Companies
12. __ Completed Section 00457 - Vendor Conflict of Interest Disclosure Statement
13. __ Provide requested bidder qualification information per Section 00200 - Instructions to Bidders, Articles 3.01, 3.02, 3.03, and 3.04.
14. __ Current Insurance Certificate showing that bidder can meet the insurance requirements per Section 10.11 of the Contract Agreement, Section 6.03 of the General Conditions.
15. __ Signed copy of all Addenda.

Submit one (1) original and two (2) copies of all documents listed above. Original shall be clearly marked "Original".

Failure to provide the above listed items may result in your bid being deemed non-responsive.

END OF SECTION

BID FORM

ARTICLE 1 – BID RECIPIENT

1.01 This Bid is submitted to:

VILLAGE OF PALM SPRINGS

C/O Kimberly Wynn, Village Clerk

226 Cypress Lane, Palm Springs, FL 33461

1.02 The undersigned Bidder proposes and agrees, if this Bid is accepted, to enter into an Agreement with Owner in the form included in the Bidding Documents to perform all Work as specified or indicated in the Bidding Documents for the prices and within the times indicated in this Bid and in accordance with the other terms and conditions of the Bidding Documents.

ARTICLE 2 – BIDDER'S ACKNOWLEDGEMENTS

2.01 Bidder accepts all of the terms and conditions of the Instructions to Bidders, including without limitation those dealing with the disposition of Bid security. This Bid will remain subject to acceptance for 120 days after the Bid opening, or for such longer period of time that Bidder may agree to in writing upon request of Owner.

ARTICLE 3 – BIDDER'S REPRESENTATIONS

3.01 In submitting this Bid, Bidder represents that:

A. Bidder has examined and carefully studied the Bidding Documents, and any data and reference items identified in the Bidding Documents, and hereby acknowledges receipt of the following Addenda:

Addendum No.	**Addendum, Date**
_____	_____
_____	_____
_____	_____
_____	_____

B. Bidder has visited the Site, conducted a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and satisfied itself as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.

C. Bidder is familiar with and has satisfied itself as to all Laws and Regulations that may affect cost, progress, and performance of the Work.

D. Bidder has considered the information known to Bidder itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Bidding Documents; and any Site-related reports and drawings identified in the Bidding Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Bidder; and (3) Bidder's safety precautions and programs.

E. Bidder agrees, based on the information and observations referred to in the preceding paragraph, that no further examinations, investigations, explorations, tests, studies, or data are necessary for the determination of this Bid for performance of the Work at the price bid and within the times required, and in accordance with the other terms and conditions of the Bidding Documents.

F. Bidder is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Bidding Documents.

G. Bidder has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Bidder has discovered in the Bidding Documents, and confirms that the written resolution thereof by Engineer is acceptable to Bidder.

H. The Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for the performance and furnishing of the Work.

I. The submission of this Bid constitutes an incontrovertible representation by Bidder that Bidder has complied with every requirement of this Article, and that without exception the Bid and all prices in the Bid are premised upon performing and furnishing the Work required by the Bidding Documents.

ARTICLE 4 – BIDDER'S CERTIFICATION

4.01 Bidder certifies that:

A. This Bid is genuine and not made in the interest of or on behalf of any undisclosed individual or entity and is not submitted in conformity with any collusive agreement or rules of any group, association, organization, or corporation;

B. Bidder has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid;

C. Bidder has not solicited or induced any individual or entity to refrain from bidding; and

D. Bidder has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for the Contract. For the purposes of this Paragraph 4.01.D:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process;

2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process to the detriment of Owner, (b) to establish bid prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;

3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish bid prices at artificial, non-competitive levels; and

4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the e execution of the Contract.

ARTICLE 5 – BASIS OF BID

5.01 Bidder will complete the Work in accordance with the Contract Documents for the following price(s):

UNIT PRICE BID

Item No.	Description	Unit	Estimated Quantity	Bid Unit Price	Bid Price
1	General Conditions, Bonds, Indemnification	Lump Sum	1		
2	Lift Station Improvements	Lump Sum	1		
				SUBTOTAL	
3	Owner Contingency	Lump Sum	1	$20,000.00	$20,000.00
Total of All Unit Price Bid Items					$

Bidder acknowledges that {1) each Bid Unit Price includes an amount considered by Bidder to be adequate to cover Contractor's overhead and profit for each separately identified item, and {2) estimated quantities are not guaranteed, and are solely for the purpose of comparison of Bids, and final payment for all unit price Bid items will be based on actual quantities, determined as provided in the Contract Documents.

Total Bid Price (written)

ARTICLE 6 -TIME OF COMPLETION

6.01 Bidder agrees that the Work will be substantially complete within 210 calendar days after the date when the Contract Times commence to run as provided in Paragraph 4.01 of the General Conditions, and will be completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions within 240 calendar days after the date when the Contract Times commence to run.

6.02 Bidder accepts the provisions of the Agreement as to liquidated damages.

ARTICLE 7 - ATTACHMENTS TO THIS BID

7.01 The following documents are submitted with and made a condition of this Bid:

A. Required Bid security;

B. List of Proposed Subcontractors;

C. List of Proposed Suppliers;

D. List of Project References;

E. Evidence of authority to do business in the state of the Project; or a written covenant to obtain such license within the time for acceptance of Bids;

F. Contractor's License No.: _____ **[or]** Evidence of Bidder's ability to obtain a State Contractor's License and a covenant by Bidder to obtain said license within the time for acceptance of Bids;

G. Required Bidder Qualification Statement with supporting data.

ARTICLE 8 – DEFINED TERMS

8.01 The terms used in this Bid with initial capital letters have the meanings stated in the Instructions to Bidders, the General Conditions, and the Supplementary Conditions.

ARTICLE 9 – BID SUBMITTAL

BIDDER: *[Indicate correct name of bidding entity]*

_____

By:
[Signature] _____

[Printed name] _____
(If Bidder is a corporation, a limited liability company, a partnership, or a joint venture, attach evidence of authority to sign.)

Attest:
[Signature] _____

[Printed name] _____

Title: _____

_____	_____
Print Name	Print Name
_____	_____
Title	Title
Attest: _____	Attest: _____
Signature	Signature
Title	Title

Note: Addresses are to be used for giving any required notice.
Provide execution by any additional parties, such as joint venturers, if necessary.

1. Bidder and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors, and assigns to pay to Owner upon default of Bidder the penal sum set forth on the face of this Bond. Payment of the penal sum is the extent of Bidder's and Surety's liability. Recovery of such penal sum under the terms of this Bond shall be Owner's sole and exclusive remedy upon default of Bidder.

2. Default of Bidder shall occur upon the failure of Bidder to deliver within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds required by the Bidding Documents.

3. This obligation shall be null and void if:

3.1 Owner accepts Bidder's Bid and Bidder delivers within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds required by the Bidding Documents, or

3.2 All Bids are rejected by Owner, or

3.3 Owner fails to issue a Notice of Award to Bidder within the time specified in the Bidding Documents (or any extension thereof agreed to in writing by Bidder and, if applicable, consented to by Surety when required by Paragraph 5 hereof).

4. Payment under this Bond will be due and payable upon default of Bidder and within 30 calendar days after receipt by Bidder and Surety of written notice of default from Owner, which notice will be given with reasonable promptness, identifying this Bond and the Project and including a statement of the amount due.

5. Surety waives notice of any and all defenses based on or arising out of any time extension to issue Notice of Award agreed to in writing by Owner and Bidder, provided that the total time for issuing Notice of Award including extensions shall not in the aggregate exceed 120 days from the Bid due date without Surety's written consent.

6. No suit or action shall be commenced under this Bond prior to 30 calendar days after the notice of default required in Paragraph 4 above is received by Bidder and Surety and in no case later than one year after the Bid due date.

7. Any suit or action under this Bond shall be commenced only in a court of competent jurisdiction located in the state in which the Project is located.

8. Notices required hereunder shall be in writing and sent to Bidder and Surety at their respective addresses shown on the face of this Bond. Such notices may be sent by personal delivery, commercial courier, or by United States Registered or Certified Mail, return receipt requested, postage pre-paid, and shall be deemed to be effective upon receipt by the party concerned.

9. Surety shall cause to be attached to this Bond a current and effective Power of Attorney evidencing the authority of the officer, agent, or representative who executed this Bond on behalf of Surety to execute, seal, and deliver such Bond and bind the Surety thereby.

10. This Bond is intended to conform to all applicable statutory requirements. Any applicable requirement of any applicable statute that has been omitted from this Bond shall be deemed to be included herein as if set forth at length. If any provision of this Bond conflicts with any applicable statute, then the provision of said statute shall govern and the remainder of this Bond that is not in conflict therewith shall continue in full force and effect.

11. The term "Bid" as used herein includes a Bid, offer, or proposal as applicable.

SECTION 00431
TABULATION OF SUBCONTRACTORS AND SUPPLIERS

The Undersigned states that the following is a full and complete list of the proposed subcontractors and suppliers on this Project and the class of work to be performed by each and that such list will not be added to nor altered without written consent to the Owner through the Engineer.

	SUBCONTRACTOR OR SUPPLIER AND ADDRESS	**CLASS OF WORK OR MATERIAL**

SECTION 00440
FLORIDA TRENCH SAFETY ACT CERTIFICATION

The Bidder acknowledges that included in the various items of the proposal and in the Total Bid Price are costs for complying with the most current version of the Florida Trench Safety Act (90-96, Laws of Florida). The Bidder further identifies the costs to be summarized below:

	Cost
1. Trench Safety Act Compliance	$ _____
2. Special Shoring	$ _____

Identify method of compliance for Item #1: _____

_____

Identify or attach a copy of Special Shoring Requirements for Item #2: _____

_____

The undersigned certifies that he/she is the Contractor who will perform the trench excavation for this project and hereby gives written assurance that Contractor will comply with the applicable trench safety standards specifically set forth in Florida's Trench Safety Act (90-96, Laws of Florida).

C. Such bid is genuine and is not a collusive or sham bid;

D. Neither the said Bidder nor any of its officers, partners, owners, agents, representatives, employees, or parties in interest, including this affiant, has in any way colluded, conspired, connived, or agreed, directly or indirectly with any other Bidder, firm, or person to submit a collusive or sham bid in connection with the contract for which the attached bid has been submitted or to refrain from bidding in connection with such contract, or has in any manner, directly or indirectly, sought by agreement or collusion or communication or conference with any other Bidder, firm, or person to fix the price or prices in the attached bid or of any other Bidder, or to fix any overhead, profit, or cost element of the bid price or the bid price of any other Bidder, or to secure through any collusion, conspiracy, connivance, or unlawful agreement any advantage against the _____ or any person interested in the proposed contract; and

E. The price or prices quoted in the attached bid are fair and proper and are not tainted by any collusion, conspiracy, connivance, or unlawful agreement on the part of the Bidder or any of its agents, representatives, owners, employees, or parties in interest, including this affiant.

SECTION 00454
DRUG-FREE WORKPLACE CERTIFICATE

I, the undersigned, in accordance with Florida Statute 287.087, hereby certify that _____
_____(Print or Type Name of Firm)

- Publishes a written statement notifying that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace named above, and specifying actions that will be taken against violations of such prohibition.

- Informs employees about the dangers of drug abuse in the workplace; the firm's policy of maintaining a drug-free working environment and available drug counseling, rehabilitation, and employee assistance programs; and the penalties that may be imposed upon employees for drug-use violations.

- Gives each employee engaged in providing commodities or contractual services that are under bid or proposal a copy of the statement specified above.

- Notifies the employees that as a condition of working on the commodities or contractual services under bid or proposal, the employee will abide by the terms of the statement and will notify the employer of any conviction of or plea of guilty or nolo contendere to any violation of Chapter 1893 or any controlled substance law of the State of Florida or the United States for a violation occurring in the workplace, no later than 5 days after such conviction, and requires employees to sign copies of such written statement to acknowledge their receipt.

- Imposes a sanction on or requires the satisfactory participation in a drug-abuse assistance or rehabilitation program, if such is available in the employee's community, by any employee who is so convicted.

- Makes a good faith effort to continue to maintain a drug-free workplace through the implementation of the drug-free workplace program.

"As a person authorized to sign this statement, I certify that the business, firm, or corporation named above complies fully with the requirements set forth herein."

SECTION 00455
SWORN STATEMENT UNDER SECTION 287.133(3)(a),
FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES

(To be signed in the presence of a notary public or other officer authorized to administer oaths.)

STATE OF _____

COUNTY OF _____

Before me, the undersigned authority, personally appeared_____, who, being by me first duly sworn, made the following statement:

1. The business address of _____
(firm name of Bidder/Contractor)

is_____.

2. My relationship to _____
(firm name of Bidder/Contractor)

is_____.
(relationship such as sole proprietor, partner, president, vice president)

3. I understand that a "public entity crime" as defined in Section 287.133 of the Florida Statutes includes a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity in Florida or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or such an agency or political subdivision and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

4. I understand that "convicted" or "conviction" is defined by the statute to mean a finding of guilt or a conviction of a public entity crime, with or without adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

5. I understand that "affiliate" is defined by the statute to mean (1) a predecessor or successor of a person or a corporation convicted of a public entity crime; or (2) an entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime; or (3) those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate; or (4) a person or corporation who knowingly entered into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months.

6. Neither the Bidder/Contractor nor any officer, director, executive, partner, shareholder, employee, member or agent who is active in the management of the Bidder/Contractor, nor any affiliate of the Bidder/Contractor, has been convicted of public entity crime subsequent to July 1, 1989.

(Draw a line through Paragraph 6 if Paragraph 7 below applies.)

7. There has been a conviction of a public entity crime by the Bidder/Contractor, or an officer, director, executive, partner, shareholder, employee, member or agent of the Bidder/Contractor who is active in the management of the Bidder/Contractor or an affiliate of the Bidder/Contractor. A determination has been made pursuant to Section 287.133(3) by order of the Division of Administrative Hearings that it is not in the public interest for the name of the convicted person or affiliate to appear on the convicted vendor list. The name of the convicted person or affiliate is_____.

A copy of the order of the Division of Administrative Hearings is attached to this statement.

(Draw a line through Paragraph 7 if Paragraph 6 above applies.)

SECTION 00456
SCRUTINIZED COMPANIES CERTIFICATION FORM

By execution below, I, _____, on behalf of _____ (hereinafter, the "Contractor"), hereby swear or affirm to the following certifications:

The following certifications apply to all procurements:

1. The Contractor has reviewed section 215.4725, Florida Statutes, section 215.473, Florida Statutes and section 287.135, Florida Statutes, and understands the same.
2. The Contractor is not on the Scrutinized Companies that Boycott Israel List nor is the Contractor engaged in a boycott of Israel.
3. If awarded a contract, the Contractor agrees to require these certifications for applicable subcontracts entered into for the performance of work/services under this procurement.
4. If awarded a contract, the Contractor agrees that the certifications in this section shall be effective and relied upon by the City for the entire term of the contract, including any and all renewals.

If the contract awarded hereunder is for one million dollars or more, the following additional certifications apply:

1. The Contractor is not on the Scrutinized Companies with Activities in Sudan List.
2. The Contractor is not on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List.
3. The Contractor is not engaged in business operations in Cuba or Syria.
5. If awarded a contract, the Contractor agrees to require these certifications for applicable subcontracts entered into for the performance of work/services under this procurement.
6. If awarded a contract, the Contractor agrees that the certifications in this section shall be effective and relied upon by the City for the entire term of the contract, including any and all renewals.

Vendor Conflict of Interest
Disclosure Statement
Information and Instructions

The award of this contract is subject to the provisions of Chapter 112, Part III, *Florida Statutes,* and section 6.02 of the Charter of the Village of Palm Springs. The Village requires all potential vendors, as defined herein, to complete and submit this Conflict of Interest Disclosure Statement in connection with any competitive purchase in excess of $7,500.00.

The purpose of this disclosure form is to give the Village the information needed to identify potential conflicts of interest for evaluation team members, public officials, and other key personnel involved in the award of this contract and to take appropriate remedial measures. The information disclosed will not necessarily be deemed a conflict of interest or result in disqualification. If you are unsure whether certain information is responsive, you should include it in the disclosure.

The original disclosure statement shall be maintained by the Village Clerk, with a copy retained by the Finance Department.

- The Village will not enter into any contract or purchase order with any vendor who fails or refuses to provide all information required in the disclosure form.
- For vendors consisting of partnerships or joint ventures, each member of the partnership or joint venture is required to complete and submit the form.
- Any vendor who provides incorrect, misleading, or incomplete information on the disclosure statement shall be disqualified from participation.
- If the Village discovers misleading, incorrect, or incomplete information on the disclosure statement subsequent to the execution of a contract, the contract will be voidable by the Village;
- Serious and/or repeated failure to provide complete and accurate information on the Conflict of Interest Disclosure Form may lead to suspension or debarment of the vendor pursuant to Sec. 58-16 of the Village Code.

DEFINITIONS

"Business Entity" means any corporation, partnership, limited partnership, company, limited liability company, proprietorship, firm, enterprise, franchise, association, self-employed individual, or trust, whether fictitiously named or not, doing business in the State of Florida.

"Conflict of Interest" means a situation in which regard for a private interest tends to lead to disregard of a public duty or interest.

"Financial interest" means direct or indirect ownership or other interest that may result in special private gain or loss.

"Person" means an individual, firm, partnership, association, joint venture, cooperative, or corporation, or any other group or combination acting in concert.

"Public Official" includes any person elected or appointed to hold office in any agency, including any person serving on an advisory body.

"Relative" means an individual who is related to a public officer or employee as a father, mother, son, daughter, brother, sister, uncle, aunt, first cousin, nephew, niece, husband, wife, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, stepfather, stepmother, stepson, stepdaughter, stepbrother, stepsister, half-brother, half-sister, grandparent, great grandparent, grandchild, great-grandchild, step-grandparent, step great grandparent, step-grandchild, step great-grandchild, a person who is engaged to be married to the public officer or employee or who otherwise holds himself or herself out as or is generally known as the person whom the public officer or employee intends to marry or with whom the public officer or employee intends to form a household, or any other natural person having the same legal residence as the public officer or employee.

"Vendor" means (1) any business entity or person submitting a response to an invitation to bid, request for proposals, request for qualifications, or other solicitation in connection with the procurement of goods or services; or (2) any business entity or person entering into a contract or purchase order in excess of $7,500.00 with the Village.

INSTRUCTIONS

Complete all lines as indicated. If the answer to any question is "None," so indicate. If an item does not apply, denote N/A (not applicable). If you cannot include the required information in the space provided, attach additional sheets as necessary.

Copy: Engineer

AGREEMENT
BETWEEN OWNER AND CONTRACTOR
FOR CONSTRUCTION CONTRACT (STIPULATED PRICE)

THIS AGREEMENT is by and between Village of Palm Springs ("Owner") and

("Contractor").

Owner and Contractor hereby agree as follows:

ARTICLE 1 – WORK

1.01 Contractor shall complete all Work as specified or indicated in the Contract Documents. The Work is generally described as follows:

ARTICLE 2 – THE PROJECT

2.01 The Project, of which the Work under the Contract Documents is a part, is generally described as follows: KUDZA ROAD LIFT STATION EMERGENCY GENERATOR.

ARTICLE 3 – ENGINEER

3.01 The part of the Project that pertains to the Work has been designed by Holtz Consulting Engineers, Inc.

3.02 The Owner has retained Holtz Consulting Engineers, Inc. ("Engineer") to act as Owner's representative, assume all duties and responsibilities, and have the rights and authority assigned to Engineer in the Contract Documents in connection with the completion of the Work in accordance with the Contract Documents.

ARTICLE 4 – CONTRACT TIMES

4.01 *Time of the Essence*

A. All time limits for Milestones, if any, Substantial Completion, and completion and readiness for final payment as stated in the Contract Documents are of the essence of the Contract.

4.02 *Contract Times: Days*

A. The Work will be substantially completed within 210 days after the date when the Contract Times commence to run as provided in Paragraph 4.01 of the General Conditions, and completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions within 240 days after the date when the Contract Times commence to run.

4.03 *Liquidated Damages*

A. Contractor and Owner recognize that time is of the essence as stated in Paragraph 4.01 above and that Owner will suffer financial and other losses if the Work is not completed and Milestones not achieved within the times specified in Paragraph 4.02 above, plus any extensions thereof allowed in accordance with the Contract. The parties also recognize the delays, expense, and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by Owner if the Work is not completed on time. Accordingly, instead of

requiring any such proof, Owner and Contractor agree that as liquidated damages for delay (but not as a penalty):

1. Substantial Completion: Contractor shall pay Owner $ 1,000.00 for each day that expires after the time (as duly adjusted pursuant to the Contract) specified in Paragraph 4.02.A above for Substantial Completion until the Work is substantially complete.

2. Completion of Remaining Work: After Substantial Completion, if Contractor shall neglect, refuse, or fail to complete the remaining Work within the Contract Times (as duly adjusted pursuant to the Contract) for completion and readiness for final payment, Contractor shall pay Owner $ 500.00 for each day that expires after such time until the Work is completed and ready for final payment.

3. Liquidated damages for failing to timely attain Substantial Completion and final completion are not additive and will not be imposed concurrently.

4.04 *Special Damages*

A. In addition to the amount provided for liquidated damages, Contractor shall reimburse Owner (1) for any fines or penalties imposed on Owner as a direct result of the Contractor's failure to attain Substantial Completion according to the Contract Times.

ARTICLE 5 – CONTRACT PRICE

5.01 Owner shall pay Contractor for completion of the Work in accordance with the Contract Documents the amounts that follow, subject to adjustment under the Contract:

A. For all Unit Price Work, an amount equal to the sum of the extended prices (established for each separately identified item of Unit Price Work by multiplying the unit price times the actual quantity of that item):

Unit Price Work					
Item No.	**Description**	**Unit**	**Estimated Quantity**	**Unit Price**	**Extended Price**
Total of all Extended Prices for Unit Price Work (subject to final adjustment based on actual quantities)					$

The extended prices for Unit Price Work set forth as of the Effective Date of the Contract are based on estimated quantities. As provided in Paragraph 13.03 of the General Conditions, estimated quantities are not guaranteed, and determinations of actual quantities and classifications are to be made by Engineer.

ARTICLE 6 – PAYMENT PROCEDURES

6.01 *Submittal and Processing of Payments*

A. Contractor shall submit Applications for Payment in accordance with Article 15 of the General Conditions. Applications for Payment will be processed by Engineer as provided in the General Conditions.

6.02 *Progress Payments; Retainage*

A. Owner shall make progress payments on account of the Contract Price on the basis of Contractor's Applications for Payment on or about the 20th day of each month during performance of the Work as provided in Paragraph 6.02.A.1 below, provided that such Applications for Payment have been submitted in a timely manner and otherwise meet the requirements of the Contract. All such payments will be measured by the Schedule of Values established as provided in the General Conditions (and in the case of Unit Price Work based on the number of units completed) or, in the event there is no Schedule of Values, as provided elsewhere in the Contract.

1. Prior to Substantial Completion, progress payments will be made in accordance with Florida Statute 255.078 but, in each case, less the aggregate of payments previously made and less such amounts as Owner may withhold, including but not limited to liquidated damages, in accordance with the Contract

B. Upon Substantial Completion, Owner shall pay an amount sufficient to increase total payments to Contractor to 100 percent of the Work completed, less such amounts set off by Owner pursuant to Paragraph 15.01.E of the General Conditions, and less 200 percent of Engineer's estimate of the value of Work to be completed or corrected as shown on the punch list of items to be completed or corrected prior to final payment.

6.03 *Final Payment*

A. Upon final completion and acceptance of the Work in accordance with Paragraph 15.06 of the General Conditions, Owner shall pay the remainder of the Contract Price as recommended by Engineer as provided in said Paragraph 15.06.

ARTICLE 7 – INTEREST

7.01 All amounts not paid when due shall bear interest at the rate of *1* percent per annum.

ARTICLE 8 – CONTRACTOR'S REPRESENTATIONS

8.01 In order to induce Owner to enter into this Contract, Contractor makes the following representations:

A. Contractor has examined and carefully studied the Contract Documents, and any data and reference items identified in the Contract Documents.

B. Contractor has visited the Site, conducted a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and is satisfied as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.

C. Contractor is familiar with and is satisfied as to all Laws and Regulations that may affect cost, progress, and performance of the Work.

D. Contractor has carefully studied all provided: (1) reports of explorations and tests of subsurface conditions at or adjacent to the Site and all drawings of physical conditions

relating to existing surface or subsurface structures at the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings, and (2) reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings.

E. Contractor has considered the information known to Contractor itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Contract Documents; and the Site-related reports (if provided) and drawings identified in the Contract Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Contractor; and (3) Contractor's safety precautions and programs.

F. Based on the information and observations referred to in the preceding paragraph, Contractor agrees that no further examinations, investigations, explorations, tests, studies, or data are necessary for the performance of the Work at the Contract Price, within the Contract Times, and in accordance with the other terms and conditions of the Contract.

G. Contractor is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Contract Documents.

H. Contractor has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Contractor has discovered in the Contract Documents, and the written resolution thereof by Engineer is acceptable to Contractor.

I. The Contract Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performance and furnishing of the Work.

J. Contractor's entry into this Contract constitutes an incontrovertible representation by Contractor that without exception all prices in the Agreement are premised upon performing and furnishing the Work required by the Contract Documents.

ARTICLE 9 – CONTRACT DOCUMENTS

9.01 *Contents*

A. The Contract Documents consist of the following:

1. This Agreement (pages 1 to _13__, inclusive).
2. Performance bond (pages 1 to 3, inclusive).
3. Payment bond (pages 1 to 3, inclusive).
4. General Conditions (pages 1 to 65, inclusive).
5. Supplementary Conditions (pages 1 to 10, inclusive).
6. Specifications as listed in the table of contents of the Project Manual.
7. Drawings (not attached but incorporated by reference) consisting of _10__ sheets with each sheet bearing the following general title: _KUDZA ROAD LIFT STATION EMERGENCY GENERATOR.
8. Addenda (numbers ___ to ___, inclusive).
9. Exhibits to this Agreement (enumerated as follows):

a. Contractor's Bid (pages ___ to ___, inclusive).

10. The following which may be delivered or issued on or after the Effective Date of the Contract and are not attached hereto:

a. Notice to Proceed.

b. Work Change Directives.

c. Change Orders.

d. Field Orders.

B. The documents listed in Paragraph 9.01.A are attached to this Agreement (except as expressly noted otherwise above).

C. There are no Contract Documents other than those listed above in this Article 9.

D. The Contract Documents may only be amended, modified, or supplemented as provided in the General Conditions.

ARTICLE 10 – MISCELLANEOUS

10.01 *Terms*

A. Terms used in this Agreement will have the meanings stated in the General Conditions and the Supplementary Conditions.

10.02 *Assignment of Contract*

A. Unless expressly agreed to elsewhere in the Contract, no assignment by a party hereto of any rights under or interests in the Contract will be binding on another party hereto without the written consent of the party sought to be bound; and, specifically but without limitation, money that may become due and money that is due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents.

10.03 *Successors and Assigns*

A. Owner and Contractor each binds itself, its successors, assigns, and legal representatives to the other party hereto, its successors, assigns, and legal representatives in respect to all covenants, agreements, and obligations contained in the Contract Documents.

10.04 *Severability*

A. Any provision or part of the Contract Documents held to be void or unenforceable under any Law or Regulation shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon Owner and Contractor, who agree that the Contract Documents shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision.

10.05 *Contractor's Certifications*

A. Contractor certifies that it has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for or in executing the Contract. For the purposes of this Paragraph 10.05:

1. “corrupt practice” means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process or in the Contract execution;

2. “fraudulent practice” means an intentional misrepresentation of facts made (a) to influence the bidding process or the execution of the Contract to the detriment of Owner, (b) to establish Bid or Contract prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;

3. “collusive practice” means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish Bid prices at artificial, non-competitive levels; and

4. “coercive practice” means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the execution of the Contract.

10.06 *Indemnity*

A. The parties recognize that the CONTRACTOR is an independent contractor. The CONTRACTOR agrees to assume liability for and indemnify, hold harmless, and defend the VILLAGE, its council members, mayor, officers, employees, agents, and attorneys of, from, and against all liability and expense, including reasonable attorney’s fees, in connection with any and all claims, demands, damages, actions, causes of action, and suits in equity of whatever kind or nature, including claims for personal injury, property damage, equitable relief, or loss of use, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the CONTRACTOR, its agents, officers, Contractors, subcontractors, employees, or anyone else utilized by the CONTRACTOR in the performance of this Contract. The CONTRACTOR’s liability hereunder shall include all attorney’s fees and costs incurred by the VILLAGE in the enforcement of this indemnification provision. This includes claims made by the employees of the CONTRACTOR against the VILLAGE and the CONTRACTOR hereby waives its entitlement, if any, to immunity under Section 440.11, Florida Statutes. The obligations contained in this provision shall survive termination of this Contract and shall not be limited by the amount of any insurance required to be obtained or maintained under this Contract.

B. Subject to the limitations set forth in this Section, CONTRACTOR shall assume control of the defense of any claim asserted by a third party against the VILLAGE and, in connection with such defense, shall appoint lead counsel, in each case at the CONTRACTOR’s expense. The VILLAGE shall have the right, at its option, to participate in the defense of any third party claim, without relieving CONTRACTOR of any of its obligations hereunder. If the CONTRACTOR assumes control of the defense of any third party claim in accordance with this paragraph, the CONTRACTOR shall obtain the prior written consent of the VILLAGE before entering into any settlement of such claim. Notwithstanding anything to the contrary in this Section, the CONTRACTOR shall not assume or maintain control of the defense of any third party claim, but shall pay the fees of counsel retained by the VILLAGE and all expenses, including experts’ fees, if (i) an adverse determination with respect to the third party claim would, in the good faith judgment of the VILLAGE, be detrimental in any material respect to the VILLAGE’s reputation; (ii) the third party claim seeks an injunction or equitable relief against the VILLAGE; or (iii) the CONTRACTOR has failed or is failing to prosecute or defend vigorously the third party claim. Each party shall cooperate, and cause its agents to cooperate, in the defense or prosecution of any third party claim and shall furnish or cause to be furnished such records and information, and attend such

conferences, discovery proceedings, hearings, trials, or appeals, as may be reasonably requested in connection therewith.

C. It is the specific intent of the parties hereto that the foregoing indemnification complies with Section 725.06, Florida Statutes, as amended. CONTRACTOR expressly agrees that it will not claim, and waives any claim, that this indemnification violates Section 725.06, Florida Statues. Nothing contained in the foregoing indemnification shall be construed as a waiver of any immunity or limitation of liability the VILLAGE may have under the doctrine of sovereign immunity or Section 768.28, Florida Statutes.

10.07 *Governing Law and Remedies*

A. The validity of this Agreement and of any of its terms or provisions, as well as the rights and duties of the parties hereunder, shall be governed by the laws of the State of Florida and venue for any and all disputes related to or arising from this Agreement shall be in Palm Beach County, Florida.

B. No remedy herein conferred upon any party is intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or further exercise thereof.

10.08 *Office of the Inspector General*

A. Palm Beach County has established the Office of the Inspector General, which is authorized and empowered to review past, present, and proposed County programs, contracts, transactions, accounts and records. The Inspector General (IG) has the power to subpoena witnesses, administer oaths, require the production of records, and monitor existing projects and programs. The Inspector General may, on a random basis, perform audits on all Village contracts.

10.09 *Scrutinized Companies*

A. Company certifies that it and its subcontractors are not on the Scrutinized Companies that Boycott Israel List and are not engaged in the boycott of Israel. Pursuant to section 287.135, Florida Statutes, the Village may immediately terminate this Agreement at its sole option if the Company or any of its subcontractors are found to have submitted a false certification; or if the Company or any of its subcontractors, are placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of this Agreement.

B. The Company agrees to observe the above requirements for applicable subcontracts entered into for the performance of work under this Agreement. The Company agrees that the certifications in this section shall be effective and relied upon by the Village for the term of this Agreement, including any and all renewals. The Company agrees that if it or any of its subcontractors' status changes in regards to any certification herein, the Company shall immediately notify the Village of the same. As provided in Subsection 287.135(8), Florida Statutes, if federal law ceases to authorize the above-stated contracting prohibitions then they shall become inoperative.

10.10 *Public Records*

Contractor shall comply with Florida's Public Records Act, Chapter 119, Florida Statutes, and, if determined to be acting on behalf of the Village as provided under section 119.011(2), Florida Statutes, specifically agrees to:

(a) Keep and maintain public records required by the Village to perform the service.

(b) Upon request from the Village's custodian of public records or designee, provide the Village with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

(c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of this Contract and following completion of this Contract if the Contractor does not transfer the records to the Village.

(d) Upon completion of this Contract, transfer, at no cost, to the Village all public records in possession of the Contractor or keep and maintain public records required by the Village to perform the service. If the Contractor transfers all public records to the Village upon completion of the Contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the Contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the Village, upon request from the Village's custodian of public records or designee, in a format that is compatible with the information technology systems of the Village.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONSULTANT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS OR DESIGNEE AT 561-584-8200 ext. 8430, kwynn@vpsfl.org, OR BY MAIL AT VILLAGE OF PALM SPRINGS, 226 CYPRESS LANE, PALM SPRINGS, FL 33461.

10.11 *Insurance*

A. The limits of liability for insurance required by Paragraph 6.03 of the General Conditions shall provide coverage for not less that the following amounts or greater where required by Law and Regulations:

1. Workers' Compensation, and related coverages under Paragraphs 6.03.A.1 and A.2 of the General Conditions:

a.	State	Statutory
b.	Applicable Federal	Statutory
c.	Employer Liability:	
	Bodily injury, each accident	$1,000,000
	Bodily injury by disease, each employee	$500,000
	Bodily injury/disease aggregate	$1,000,000
d.	Foreign voluntary worker compensation	Statutory

2. Contractor's Commercial General Liability under Paragraphs 6.03.B and 6.03.C of the General Conditions:

a.	General Aggregate	$2,000,000

b. Products – Completed Operations Aggregate $2,000,000
c. Personal and Advertising Injury $1,000,000
d. Each Occurrence/Per Claim $1,000,000
(Bodily Injury and Property Damage)

3. Automobile Liability under paragraph 6.03.D of the General Conditions:

a. Bodily Injury:
Each Person $500,000
Each Accident $1,000,000
b. Property Damage:
Each Incident $1,000,000

4. Umbrella of Excess Liability under paragraph 6.03.E of the General Conditions:

a. Excess or Umbrella Liability
1) General Aggregate $5,000,000
2) Each Occurrence/Per Claim $1,000,000

5. Contractor's Pollution Liability under paragraph 6.03.F of the General Conditions:

a. Contractor's Pollution Liability
1) General Aggregate $2,000,000
2) Each Occurrence/Per Claim $1,000,000

6. Additional Insureds include the respective officers, partners, directors, employees, agents, consultants, and subconsultants of the following firms and municipal government(s):

a. Village of Palm Springs

10.12 *Public Construction Bond*

A. If the contract amount exceeds $200,000 in total construction cost, the CONTRACTOR must provide the VILLAGE with a public construction bond in accordance with section 255.05, Florida Statutes. Said bond must be recorded in the Official Records in and for Palm Beach County and the **original** recorded bond must be provided to the VILLAGE prior to the CONTRACTOR providing any services under the contract. The VILLAGE reserves the right to request a bond for any work which is less than $200,000. The cost of the bond shall be a direct pass through cost to the VILLAGE without any mark-up by the CONTRACTOR.

B. The public construction bond shall be on forms attached hereto as **Forms C-610 and C-615 "Performance" and "Payment" Bonds** or substantially similar as approved by the VILLAGE. The bond shall be in an amount not less than the total contract price and shall incorporate by reference the terms of the Contract Documents in their entirety.

C. To be acceptable to the VILLAGE, a Surety Company shall comply with the following provisions:

a. The Surety Company shall have a currently valid Certificate of Authority, issued by the State of Florida Department of Insurance, authorizing it to write surety bonds in the State of Florida.

b. The Surety Company shall have a currently valid Certificate of Authority issued by the United States Department of Treasury under Sections 9304 to 9308 of Title 31 of the United States Code.

c. The Surety Company shall be in full compliance with the provisions of the Florida Insurance Code.

d. The Surety Company shall have at least twice the minimum surplus and capital required by the Florida Insurance Code at the time the contract is approved.

e. The Surety Company shall have at least the ratings of A-/Class V in the latest issue of Best's Key Rating Guide.

f. The Surety Company shall not expose itself to any loss on any one risk in an amount exceeding ten (10) percent of its surplus to policyholders, provided:

1) Any risk or portion of any risk being reinsured shall be deducted in determining the limitation of the risk as prescribed in this section. These minimum requirements shall apply to the reinsuring carrier providing authorization or approval by the State of Florida, Department of Insurance to do business in this state have been met.

2) In the case of the surety insurance company, in addition to the deduction for reinsurance, the amount assumed by any co-surety, the value of any security deposited, pledged or held subject to the consent of the surety and for the protection of the surety shall be deducted.

10.13 *Audit By Village*

A. The CONTRACTOR shall permit the VILLAGE, or any authorized representatives of the VILLAGE, at all reasonable times, access to and the right to examine all records, books, papers or documents related to the CONTRACTOR's performance under this Agreement including, but not limited to, expenses for sub-contractors, agents or assistants, direct and indirect charges for work performed and detailed documentation for all such work performed or to be performed under this Agreement.

10.14 *Copies of Data/Documents*

A. Copies or original documents prepared by the CONTRACTOR in relation to work associated with this Agreement shall be provided to the VILLAGE. Data collected, stored, and/or provided shall be in a form acceptable to the VILLAGE and agreed upon by the VILLAGE.

10.15 *Ownership*

A. Each and every report, draft, work product, map, record, and other document reproduced, prepared, or caused to be prepared by the CONTRACTOR pursuant to or in connection with this Agreement shall be the exclusive property of the VILLAGE.

10.16 *Limitations of Liability*

A. Under no circumstances shall either party be liable to the other for any consequential, incidental, special, punitive, or any other form of indirect or non-compensatory damages.

10.17 *Enforcement Costs*

A. All parties shall be responsible for their own attorneys' fees, court costs and expenses if any legal action or other proceeding is brought for any dispute, disagreement, or issue of construction or interpretation arising hereunder whether relating to the Agreement's execution, validity, the obligations provided therein, or performance of this Agreement, or because of an alleged breach, default or misrepresentation in connection with any provisions of this Agreement.

10.18 *Copyrights and/or Patent Rights*

A. CONTRACTOR warrants that there has been no violation of copyrights and/or patent rights in the manufacturing, producing or selling of the goods, shipped or ordered, as a result of

this Agreement and the CONTRACTOR agrees to hold the Village harmless from any and all liability, loss, or expense occasioned by any such violation.

10.19 *Protection of Property*

A. The CONTRACTOR shall at all times guard against damage or loss to the property of the VILLAGE or of other vendors or contractors and shall be held responsible for replacing or repairing any such loss or damage. The VILLAGE may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss or damage to property through negligence of the successful CONTRACTOR or its agents. The CONTRACTOR shall be responsible to safeguard all of their property such as tools and equipment while on site. The VILLAGE will not be held responsible for any loss of CONTRACTOR property due to theft or vandalism.

10.20 *Damage to Persons or Property*

A. The responsibility for all damage to person or property arising out of or on account of Scope of Work done under this Contract shall rest upon the CONTRACTOR.

10.21 *Discrimination*

A. The CONTRACTOR warrants and represents that all of its employees are treated equally during employment without regard to race, color, religion, disability, sex, age, national origin, ancestry, political affiliation, marital status, handicap, or sexual orientation. Further, CONTRACTOR shall not discriminate or permit discrimination against any employee or an applicant for employment on the basis of race, color, sex, religion, political affiliation, natural origin, ancestry, marital status, sexual orientation or handicap.

10.22 *Construction Defects*

A. PURSUANT TO SECTION 558.005, FLORIDA STATUTES, ANY CLAIMS FOR CONSTRUCTION DEFECTS ARE NOT SUBJECT TO THE NOTICE AND CURE PROVISIONS OF CHAPTER 558, FLORIDA STATUTES.

10.23 *Public Entity Crimes*

Contractor acknowledges and agrees that a person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier or sub-contractor under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statues, for CATEGORY TWO for a period of 36 months following the date of being placed on the convicted vendor list. The Contractor will advise the Village immediately if it becomes aware of any violation of this statute.

10.24 *Scrutinized Companies*

A. Contractor certifies that it and its subcontractors are not on the Scrutinized Companies that Boycott Israel List and are not engaged in the boycott of Israel. Pursuant to section 287.135, Florida Statutes, the City may immediately terminate this Agreement at its sole option if the Contractor or any of its subcontractors are found to have submitted a false certification; or if the Contractor or any of its subcontractors, are placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of this Agreement.

B. If this Agreement is for one million dollars or more, the Contractor certifies that it and its subcontractors are also not on the Scrutinized Companies with Activities in Sudan List, Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged in business operations in Cuba or Syria as identified in Section 287.135, Florida Statutes. Pursuant to Section 287.135, the City may immediately terminate this Agreement at its sole option if the Contractor, or any of its subcontractors are found to have submitted a false certification; or if the Contractor or any of its subcontractors are placed on the Scrutinized Companies with Activities in Sudan List, or Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or are or have been engaged with business operations in Cuba or Syria during the term of this Agreement.

C. The Contractor agrees to observe the above requirements for applicable subcontracts entered into for the performance of work under this Agreement.

D. The Contractor agrees that the certifications in this section shall be effective and relied upon by the City for the term of this Agreement, including any and all renewals.

E. The Contractor agrees that if it or any of its subcontractors' status changes in regards to any certification herein, the Contractor shall immediately notify the City of the same.

F. As provided in Subsection 287.135(8), Florida Statutes, if federal law ceases to authorize the above-stated contracting prohibitions then they shall become inoperative.

10.25 *E-Verify*

A. Pursuant to Section 448.095(2), Florida Statutes, beginning on January 1, 2021, the CONTRACTOR shall:

1. Register with and use the E-Verify system to verify the work authorization status of all newly hired employees and require all Subcontractors (providing services or receiving funding under this Agreement) to register with and use the E-Verify system to verify the work authorization status of all the Subcontractors' newly hired employees;

2. Secure an affidavit from all Subcontractors (providing services or receiving funding under this Agreement) stating that the Subcontractor does not employ, contract with, or subcontract with an "unauthorized alien" as defined in Section 448.095(1)(k), Florida Statutes;

3. Maintain copies of all Subcontractor affidavits for the duration of this Agreement and provide the same to the Owner upon request;

4. Comply fully, and ensure all of its Subcontractors comply fully, with Section 448.095, Florida Statutes;

5. Be aware that a violation of Section 448.09, Florida Statutes (Unauthorized aliens; employment prohibited) shall be grounds for termination of this Agreement; and,

6. Be aware that if the Owner terminates this Agreement under Section 448.095(2)(c), Florida Statutes, the Contractor may not be awarded a contract for at least 1 year after the date on which the Agreement is terminated and will be liable for any additional costs incurred by the Village as a result of the termination of the Agreement.

IN WITNESS WHEREOF, Owner and Contractor have signed this Agreement.

This Agreement will be effective on _____ (which is the Effective Date of the Contract).

1. The Contractor and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors, and assigns to the Owner for the performance of the Construction Contract, which is incorporated herein by reference.

2. If the Contractor performs the Construction Contract, the Surety and the Contractor shall have no obligation under this Bond, except when applicable to participate in a conference as provided in Paragraph 3.

3. If there is no Owner Default under the Construction Contract, the Surety's obligation under this Bond shall arise after:

3.1 The Owner first provides notice to the Contractor and the Surety that the Owner is considering declaring a Contractor Default. Such notice shall indicate whether the Owner is requesting a conference among the Owner, Contractor, and Surety to discuss the Contractor's performance. If the Owner does not request a conference, the Surety may, within five (5) business days after receipt of the Owner's notice, request such a conference. If the Surety timely requests a conference, the Owner shall attend. Unless the Owner agrees otherwise, any conference requested under this Paragraph 3.1 shall be held within ten (10) business days of the Surety's receipt of the Owner's notice. If the Owner, the Contractor, and the Surety agree, the Contractor shall be allowed a reasonable time to perform the Construction Contract, but such an agreement shall not waive the Owner's right, if any, subsequently to declare a Contractor Default;

3.2 The Owner declares a Contractor Default, terminates the Construction Contract and notifies the Surety; and

3.3 The Owner has agreed to pay the Balance of the Contract Price in accordance with the terms of the Construction Contract to the Surety or to a contractor selected to perform the Construction Contract.

4. Failure on the part of the Owner to comply with the notice requirement in Paragraph 3.1 shall not constitute a failure to comply with a condition precedent to the Surety's obligations, or release the Surety from its obligations, except to the extent the Surety demonstrates actual prejudice.

5. When the Owner has satisfied the conditions of Paragraph 3, the Surety shall promptly and at the Surety's expense take one of the following actions:

5.1 Arrange for the Contractor, with the consent of the Owner, to perform and complete the Construction Contract;

5.2 Undertake to perform and complete the Construction Contract itself, through its agents or independent contractors;

5.3 Obtain bids or negotiated proposals from qualified contractors acceptable to the Owner for a contract for performance and completion of the Construction Contract, arrange for a contract to be prepared for execution by the Owner and a contractor selected with the Owners concurrence, to be secured with performance and payment bonds executed by a qualified surety equivalent to the bonds issued on the Construction Contract, and pay to the Owner the amount of damages as described in Paragraph 7 in excess of the Balance of the Contract Price incurred by the Owner as a result of the Contractor Default; or

5.4 Waive its right to perform and complete, arrange for completion, or obtain a new contractor, and with reasonable promptness under the circumstances:

5.4.1 After investigation, determine the amount for which it may be liable to the Owner and, as soon as practicable after the amount is determined, make payment to the Owner; or

5.4.2 Deny liability in whole or in part and notify the Owner, citing the reasons for denial.

6. If the Surety does not proceed as provided in Paragraph 5 with reasonable promptness, the Surety shall be deemed to be in default on this Bond seven days after receipt of an additional written notice from the Owner to the Surety demanding that the Surety perform its obligations under this Bond, and the Owner shall be entitled to enforce any remedy available to the Owner. If the Surety proceeds as provided in Paragraph 5.4, and the Owner refuses the payment or the Surety has denied liability, in whole or in part, without further notice the Owner shall be entitled to enforce any remedy available to the Owner.

7. If the Surety elects to act under Paragraph 5.1, 5.2, or 5.3, then the responsibilities of the Surety to the Owner shall not be greater than those of the Contractor under the Construction Contract, and the responsibilities of the Owner to the Surety shall not be greater than those of the Owner under the Construction Contract. Subject to the commitment by the Owner to pay the Balance of the Contract Price, the Surety is obligated, without duplication for:

7.1 the responsibilities of the Contractor for correction of defective work and completion of the Construction Contract;

7.2 additional legal, design professional, and delay costs resulting from the Contractor's Default, and resulting from the actions or failure to act of the Surety under Paragraph 5; and

7.3 liquidated damages, or if no liquidated damages are specified in the Construction Contract, actual damages caused by delayed performance or non-performance of the Contractor.

8. If the Surety elects to act under Paragraph 5.1, 5.3, or 5.4, the Surety's liability is limited to the amount of this Bond.

9. The Surety shall not be liable to the Owner or others for obligations of the Contractor that are unrelated to the Construction Contract, and the Balance of the Contract Price shall not be reduced or set off on account of any such unrelated obligations. No right of action shall accrue on this Bond to any person or entity other than the Owner or its heirs, executors, administrators, successors, and assigns.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

10. The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders, and other obligations.

11. Any proceeding, legal or equitable, under this Bond may be instituted in any court of competent jurisdiction in the location in which the work or part of the work is located and shall be instituted within two years after a declaration of Contractor Default or within two years after the Contractor ceased working or within two years after the Surety refuses or fails to perform its obligations under this Bond, whichever occurs first. If the provisions of this paragraph are void or prohibited by law, the minimum periods of limitations available to sureties as a defense in the jurisdiction of the suit shall be applicable.

12. Notice to the Surety, the Owner, or the Contractor shall be mailed or delivered to the address shown on the page on which their signature appears.

13. When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted here from and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

14. Definitions

14.1 Balance of the Contract Price: The total amount payable by the Owner to the Contractor under the Construction Contract after all proper adjustments have been made including allowance for the Contractor for any amounts received or to be received by the Owner in settlement of insurance or other claims for damages to which the Contractor is entitled, reduced by all valid and proper payments made to or on behalf of the Contractor under the Construction Contract.

14.2 Construction Contract: The agreement between the Owner and Contractor identified on the cover page, including all Contract Documents and changes made to the agreement and the Contract Documents.

14.3 Contractor Default: Failure of the Contractor, which has not been remedied or waived, to perform or otherwise to comply with a material term of the Construction Contract.

14.4 Owner Default: Failure of the Owner, which has not been remedied or waived, to pay the Contractor as required under the Construction Contract or to perform and complete or comply with the other material terms of the Construction Contract.

14.5 Contract Documents: All the documents that comprise the agreement between the Owner and Contractor.

15. If this Bond is issued for an agreement between a contractor and subcontractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

Notes: (1) Provide supplemental execution by any additional parties, such as joint venturers. (2) Any singular reference to Contractor, Surety, Owner, or other party shall be considered plural where applicable.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

1. The Contractor and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors, and assigns to the Owner to pay for labor, materials, and equipment furnished for use in the performance of the Construction Contract, which is incorporated herein by reference, subject to the following terms.

2. If the Contractor promptly makes payment of all sums due to Claimants, and defends, indemnifies, and holds harmless the Owner from claims, demands, liens, or suits by any person or entity seeking payment for labor, materials, or equipment furnished for use in the performance of the Construction Contract, then the Surety and the Contractor shall have no obligation under this Bond.

3. If there is no Owner Default under the Construction Contract, the Surety's obligation to the Owner under this Bond shall arise after the Owner has promptly notified the Contractor and the Surety (at the address described in Paragraph 13) of claims, demands, liens, or suits against the Owner or the Owner's property by any person or entity seeking payment for labor, materials, or equipment furnished for use in the performance of the Construction Contract, and tendered defense of such claims, demands, liens, or suits to the Contractor and the Surety.

4. When the Owner has satisfied the conditions in Paragraph 3, the Surety shall promptly and at the Surety's expense defend, indemnify, and hold harmless the Owner against a duly tendered claim, demand, lien, or suit.

5. The Surety's obligations to a Claimant under this Bond shall arise after the following:

   5.1 Claimants who do not have a direct contract with the Contractor,

      5.1.1 have furnished a written notice of non-payment to the Contractor, stating with substantial accuracy the amount claimed and the name of the party to whom the materials were, or equipment was, furnished or supplied or for whom the labor was done or performed, within ninety (90) days after having last performed labor or last furnished materials or equipment included in the Claim; and

      5.1.2 have sent a Claim to the Surety (at the address described in Paragraph 13).

   5.2 Claimants who are employed by or have a direct contract with the Contractor have sent a Claim to the Surety (at the address described in Paragraph 13).

6. If a notice of non-payment required by Paragraph 5.1.1 is given by the Owner to the Contractor, that is sufficient to satisfy a Claimant's obligation to furnish a written notice of non-payment under Paragraph 5.1.1.

7. When a Claimant has satisfied the conditions of Paragraph 5.1 or 5.2, whichever is applicable, the Surety shall promptly and at the Surety's expense take the following actions:

   7.1 Send an answer to the Claimant, with a copy to the Owner, within sixty (60) days after receipt of the Claim, stating the amounts that are undisputed and the basis for challenging any amounts that are disputed; and

   7.2 Pay or arrange for payment of any undisputed amounts.

   7.3 The Surety's failure to discharge its obligations under Paragraph 7.1 or 7.2 shall not be deemed to constitute a waiver of defenses the Surety or Contractor may have or acquire as to a Claim, except as to undisputed amounts for which the Surety and Claimant have reached agreement. If, however, the Surety fails to discharge its obligations under Paragraph 7.1 or 7.2, the Surety shall indemnify the Claimant for the reasonable attorney's fees the Claimant incurs thereafter to recover any sums found to be due and owing to the Claimant.

8. The Surety's total obligation shall not exceed the amount of this Bond, plus the amount of reasonable attorney's fees provided under Paragraph 7.3, and the amount of this Bond shall be credited for any payments made in good faith by the Surety.

9. Amounts owed by the Owner to the Contractor under the Construction Contract shall be used for the performance of the Construction Contract and to satisfy claims, if any, under any construction performance bond. By the Contractor furnishing and the Owner accepting this Bond, they agree that all funds earned by the Contractor in the performance of the Construction Contract are dedicated to satisfy obligations of the Contractor and Surety under this Bond, subject to the Owner's priority to use the funds for the completion of the work.

10. The Surety shall not be liable to the Owner, Claimants, or others for obligations of the Contractor that are unrelated to the Construction Contract. The Owner shall not be liable for the payment of any costs or expenses of any Claimant under this Bond, and shall have under this Bond no obligation to make payments to or give notice on behalf of Claimants, or otherwise have any obligations to Claimants under this Bond.

11. The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders, and other obligations.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

12. No suit or action shall be commenced by a Claimant under this Bond other than in a court of competent jurisdiction in the state in which the project that is the subject of the Construction Contract is located or after the expiration of one year from the date (1) on which the Claimant sent a Claim to the Surety pursuant to Paragraph 5.1.2 or 5.2, or (2) on which the last labor or service was performed by anyone or the last materials or equipment were furnished by anyone under the Construction Contract, whichever of (1) or (2) first occurs. If the provisions of this paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.

13. Notice and Claims to the Surety, the Owner, or the Contractor shall be mailed or delivered to the address shown on the page on which their signature appears. Actual receipt of notice or Claims, however accomplished, shall be sufficient compliance as of the date received.

14. When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

15. Upon requests by any person or entity appearing to be a potential beneficiary of this Bond, the Contractor and Owner shall promptly furnish a copy of this Bond or shall permit a copy to be made.

16. **Definitions**

16.1 **Claim:** A written statement by the Claimant including at a minimum:

1. The name of the Claimant;
2. The name of the person for whom the labor was done, or materials or equipment furnished;
3. A copy of the agreement or purchase order pursuant to which labor, materials, or equipment was furnished for use in the performance of the Construction Contract;
4. A brief description of the labor, materials, or equipment furnished;
5. The date on which the Claimant last performed labor or last furnished materials or equipment for use in the performance of the Construction Contract;
6. The total amount earned by the Claimant for labor, materials, or equipment furnished as of the date of the Claim;
7. The total amount of previous payments received by the Claimant; and
8. The total amount due and unpaid to the Claimant for labor, materials, or equipment furnished as of the date of the Claim.

16.2 **Claimant:** An individual or entity having a direct contract with the Contractor or with a subcontractor of the Contractor to furnish labor, materials, or equipment for use in the performance of the Construction Contract. The term Claimant also includes any individual or entity that has rightfully asserted a claim under an applicable mechanic's lien or similar statute against the real property upon which the Project is located. The intent of this Bond shall be to include without limitation in the terms of "labor, materials, or equipment" that part of the water, gas, power, light, heat, oil, gasoline, telephone service, or rental equipment used in the Construction Contract, architectural and engineering services required for performance of the work of the Contractor and the Contractor's subcontractors, and all other items for which a mechanic's lien may be asserted in the jurisdiction where the labor, materials, or equipment were furnished.

16.3 **Construction Contract:** The agreement between the Owner and Contractor identified on the cover page, including all Contract Documents and all changes made to the agreement and the Contract Documents.

16.4 **Owner Default**: Failure of the Owner, which has not been remedied or waived, to pay the Contractor as required under the Construction Contract or to perform and complete or comply with the other material terms of the Construction Contract.

16.5 **Contract Documents:** All the documents that comprise the agreement between the Owner and Contractor.

17. If this Bond is issued for an agreement between a contractor and subcontractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

18. Modifications to this Bond are as follows:

Approved Change Orders		
Number	Additions	Deductions
TOTALS		
NET CHANGE BY CHANGE ORDERS		

1. ORIGINAL CONTRACT PRICE	$
2. Net change by Change Orders	$
3. Current Contract Price (Line 1 ± 2)	$
4. TOTAL COMPLETED AND STORED TO DATE (Column F total on Progress Estimates)	$
5. RETAINAGE:	
a. X _____ Work Completed	$
b. X _____ Stored Material	$
c. Total Retainage (Line 5.a + Line 5.b)	$
6. AMOUNT ELIGIBLE TO DATE (Line 4 - Line 5.c)	$
7. LESS PREVIOUS PAYMENTS (Line 6 from prior Application)	$
8. AMOUNT DUE THIS APPLICATION	$
9. BALANCE TO FINISH, PLUS RETAINAGE (Column G total on Progress Estimates + Line 5.c above)	$

Contractor's Certification

The undersigned Contractor certifies, to the best of its knowledge, the following:
(1) All previous progress payments received from Owner on account of Work done under the Contract have been applied on account to discharge Contractor's legitimate obligations incurred in connection with the Work covered by prior Applications for Payment;
(2) Title to all Work, materials and equipment incorporated in said Work, or otherwise listed in or covered by this Application for Payment, will pass to Owner at time of payment free and clear of all Liens, security interests, and encumbrances (except such as are covered by a bond acceptable to Owner indemnifying Owner against any such Liens, security interest, or encumbrances); and
(3) All the Work covered by this Application for Payment is in accordance with the Contract Documents and is not defective.

These General Conditions have been prepared for use with the Agreement Between Owner and Contractor for Construction Contract (EJCDC® C-520, Stipulated Sum, or C-525, Cost-Plus, 2013 Editions). Their provisions are interrelated and a change in one may necessitate a change in the other.

To prepare supplementary conditions that are coordinated with the General Conditions, use EJCDC's Guide to the Preparation of Supplementary Conditions (EJCDC® C-800, 2013 Edition). The full EJCDC Construction series of documents is discussed in the Commentary on the 2013 EJCDC Construction Documents (EJCDC® C-001, 2013 Edition).

ARTICLE 1 – DEFINITIONS AND TERMINOLOGY

1.01 Defined Terms

A. Wherever used in the Bidding Requirements or Contract Documents, a term printed with initial capital letters, including the term's singular and plural forms, will have the meaning indicated in the definitions below. In addition to terms specifically defined, terms with initial capital letters in the Contract Documents include references to identified articles and paragraphs, and the titles of other documents or forms.

1. *Addenda*—Written or graphic instruments issued prior to the opening of Bids which clarify, correct, or change the Bidding Requirements or the proposed Contract Documents.

2. *Agreement*—The written instrument, executed by Owner and Contractor, that sets forth the Contract Price and Contract Times, identifies the parties and the Engineer, and designates the specific items that are Contract Documents.

3. *Application for Payment*—The form acceptable to Engineer which is to be used by Contractor during the course of the Work in requesting progress or final payments and which is to be accompanied by such supporting documentation as is required by the Contract Documents.

4. *Bid*—The offer of a Bidder submitted on the prescribed form setting forth the prices for the Work to be performed.

5. *Bidder*—An individual or entity that submits a Bid to Owner.

6. *Bidding Documents*—The Bidding Requirements, the proposed Contract Documents, and all Addenda.

7. *Bidding Requirements*—The advertisement or invitation to bid, Instructions to Bidders, Bid Bond or other Bid security, if any, the Bid Form, and the Bid with any attachments.

8. *Change Order*—A document which is signed by Contractor and Owner and authorizes an addition, deletion, or revision in the Work or an adjustment in the Contract Price or the Contract Times, or other revision to the Contract, issued on or after the Effective Date of the Contract.

9. *Change Proposal*—A written request by Contractor, duly submitted in compliance with the procedural requirements set forth herein, seeking an adjustment in Contract Price or Contract Times, or both; contesting an initial decision by Engineer concerning the requirements of the Contract Documents or the acceptability of Work under the Contract Documents; challenging a set-off against payments due; or seeking other relief with respect to the terms of the Contract.

10. *Claim*—(a) A demand or assertion by Owner directly to Contractor, duly submitted in compliance with the procedural requirements set forth herein: seeking an adjustment of Contract Price or Contract Times, or both; contesting an initial decision by Engineer concerning the requirements of the Contract Documents or the acceptability of Work under the Contract Documents; contesting Engineer's decision regarding a Change Proposal; seeking resolution of a contractual issue that Engineer has declined to address; or seeking other relief with respect to the terms of the Contract; or (b) a demand or assertion by Contractor directly to Owner, duly submitted in compliance with the procedural requirements set forth herein, contesting Engineer's decision regarding a Change Proposal; or seeking resolution of a contractual issue that Engineer

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

has declined to address. A demand for money or services by a third party is not a Claim.

11. *Constituent of Concern*—Asbestos, petroleum, radioactive materials, polychlorinated biphenyls (PCBs), hazardous waste, and any substance, product, waste, or other material of any nature whatsoever that is or becomes listed, regulated, or addressed pursuant to (a) the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. §§9601 et seq. ("CERCLA"); (b) the Hazardous Materials Transportation Act, 49 U.S.C. §§5101 et seq.; (c) the Resource Conservation and Recovery Act, 42 U.S.C. §§6901 et seq. ("RCRA"); (d) the Toxic Substances Control Act, 15 U.S.C. §§2601 et seq.; (e) the Clean Water Act, 33 U.S.C. §§1251 et seq.; (f) the Clean Air Act, 42 U.S.C. §§7401 et seq.; or (g) any other federal, state, or local statute, law, rule, regulation, ordinance, resolution, code, order, or decree regulating, relating to, or imposing liability or standards of conduct concerning, any hazardous, toxic, or dangerous waste, substance, or material.

12. *Contract*—The entire and integrated written contract between the Owner and Contractor concerning the Work.

13. *Contract Documents*—Those items so designated in the Agreement, and which together comprise the Contract.

14. *Contract Price*—The money that Owner has agreed to pay Contractor for completion of the Work in accordance with the Contract Documents. .

15. *Contract Times*—The number of days or the dates by which Contractor shall: (a) achieve Milestones, if any; (b) achieve Substantial Completion; and (c) complete the Work.

16. *Contractor*—The individual or entity with which Owner has contracted for performance of the Work.

17. *Cost of the Work*—See Paragraph 13.01 for definition.

18. *Drawings*—The part of the Contract that graphically shows the scope, extent, and character of the Work to be performed by Contractor.

19. *Effective Date of the Contract*—The date, indicated in the Agreement, on which the Contract becomes effective.

20. *Engineer*—The individual or entity named as such in the Agreement.

21. *Field Order*—A written order issued by Engineer which requires minor changes in the Work but does not change the Contract Price or the Contract Times.

22. *Hazardous Environmental Condition*—The presence at the Site of Constituents of Concern in such quantities or circumstances that may present a danger to persons or property exposed thereto. The presence at the Site of materials that are necessary for the execution of the Work, or that are to be incorporated in the Work, and that are controlled and contained pursuant to industry practices, Laws and Regulations, and the requirements of the Contract, does not establish a Hazardous Environmental Condition.

23. *Laws and Regulations; Laws or Regulations*—Any and all applicable laws, statutes, rules, regulations, ordinances, codes, and orders of any and all governmental bodies, agencies, authorities, and courts having jurisdiction.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

24. *Liens*—Charges, security interests, or encumbrances upon Contract-related funds, real property, or personal property.

25. *Milestone*—A principal event in the performance of the Work that the Contract requires Contractor to achieve by an intermediate completion date or by a time prior to Substantial Completion of all the Work.

26. *Notice of Award*—The written notice by Owner to a Bidder of Owner's acceptance of the Bid.

27. *Notice to Proceed*—A written notice by Owner to Contractor fixing the date on which the Contract Times will commence to run and on which Contractor shall start to perform the Work.

28. *Owner*—The individual or entity with which Contractor has contracted regarding the Work, and which has agreed to pay Contractor for the performance of the Work, pursuant to the terms of the Contract.

29. *Progress Schedule*—A schedule, prepared and maintained by Contractor, describing the sequence and duration of the activities comprising the Contractor's plan to accomplish the Work within the Contract Times.

30. *Project*—The total undertaking to be accomplished for Owner by engineers, contractors, and others, including planning, study, design, construction, testing, commissioning, and start-up, and of which the Work to be performed under the Contract Documents is a part.

31. *Project Manual*—The written documents prepared for, or made available for, procuring and constructing the Work, including but not limited to the Bidding Documents or other construction procurement documents, geotechnical and existing conditions information, the Agreement, bond forms, General Conditions, Supplementary Conditions, and Specifications. The contents of the Project Manual may be bound in one or more volumes.

32. *Resident Project Representative*—The authorized representative of Engineer assigned to assist Engineer at the Site. As used herein, the term Resident Project Representative or "RPR" includes any assistants or field staff of Resident Project Representative.

33. *Samples*—Physical examples of materials, equipment, or workmanship that are representative of some portion of the Work and that establish the standards by which such portion of the Work will be judged.

34. *Schedule of Submittals*—A schedule, prepared and maintained by Contractor, of required submittals and the time requirements for Engineer's review of the submittals and the performance of related construction activities.

35. *Schedule of Values*—A schedule, prepared and maintained by Contractor, allocating portions of the Contract Price to various portions of the Work and used as the basis for reviewing Contractor's Applications for Payment.

36. *Shop Drawings*—All drawings, diagrams, illustrations, schedules, and other data or information that are specifically prepared or assembled by or for Contractor and submitted by Contractor to illustrate some portion of the Work. Shop Drawings, whether approved or not, are not Drawings and are not Contract Documents.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

37. *Site*—Lands or areas indicated in the Contract Documents as being furnished by Owner upon which the Work is to be performed, including rights-of-way and easements, and such other lands furnished by Owner which are designated for the use of Contractor.

38. *Specifications*—The part of the Contract that consists of written requirements for materials, equipment, systems, standards, and workmanship as applied to the Work, and certain administrative requirements and procedural matters applicable to the Work.

39. *Subcontractor*—An individual or entity having a direct contract with Contractor or with any other Subcontractor for the performance of a part of the Work.

40. *Substantial Completion*—The time at which the Work (or a specified part thereof) has progressed to the point where, in the opinion of Engineer, the Work (or a specified part thereof) is sufficiently complete, in accordance with the Contract Documents, so that the Work (or a specified part thereof) can be utilized for the purposes for which it is intended. The terms "substantially complete" and "substantially completed" as applied to all or part of the Work refer to Substantial Completion thereof.

41. *Successful Bidder*—The Bidder whose Bid the Owner accepts, and to which the Owner makes an award of contract, subject to stated conditions.

42. *Supplementary Conditions*—The part of the Contract that amends or supplements these General Conditions.

43. *Supplier*—A manufacturer, fabricator, supplier, distributor, materialman, or vendor having a direct contract with Contractor or with any Subcontractor to furnish materials or equipment to be incorporated in the Work by Contractor or a Subcontractor.

44. *Technical Data*—Those items expressly identified as Technical Data in the Supplementary Conditions, with respect to either (a) subsurface conditions at the Site, or physical conditions relating to existing surface or subsurface structures at the Site (except Underground Facilities) or (b) Hazardous Environmental Conditions at the Site. If no such express identifications of Technical Data have been made with respect to conditions at the Site, then the data contained in boring logs, recorded measurements of subsurface water levels, laboratory test results, and other factual, objective information regarding conditions at the Site that are set forth in any geotechnical or environmental report prepared for the Project and made available to Contractor are hereby defined as Technical Data with respect to conditions at the Site under Paragraphs 5.03, 5.04, and 5.06.

45. *Underground Facilities*—All underground pipelines, conduits, ducts, cables, wires, manholes, vaults, tanks, tunnels, or other such facilities or attachments, and any encasements containing such facilities, including but not limited to those that convey electricity, gases, steam, liquid petroleum products, telephone or other communications, fiber optic transmissions, cable television, water, wastewater, storm water, other liquids or chemicals, or traffic or other control systems.

46. *Unit Price Work*—Work to be paid for on the basis of unit prices.

47. *Work*—The entire construction or the various separately identifiable parts thereof required to be provided under the Contract Documents. Work includes and is the result of performing or providing all labor, services, and documentation necessary to produce such construction; furnishing, installing, and incorporating all materials and equipment into such construction; and may include related services such as testing, start-up, and commissioning, all as required by the Contract Documents.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

48. *Work Change Directive*—A written directive to Contractor issued on or after the Effective Date of the Contract, signed by Owner and recommended by Engineer, ordering an addition, deletion, or revision in the Work.

1.02 Terminology

A. The words and terms discussed in the following paragraphs are not defined but, when used in the Bidding Requirements or Contract Documents, have the indicated meaning.

B. *Intent of Certain Terms or Adjectives*:

1. The Contract Documents include the terms "as allowed," "as approved," "as ordered," "as directed" or terms of like effect or import to authorize an exercise of professional judgment by Engineer. In addition, the adjectives "reasonable," "suitable," "acceptable," "proper," "satisfactory," or adjectives of like effect or import are used to describe an action or determination of Engineer as to the Work. It is intended that such exercise of professional judgment, action, or determination will be solely to evaluate, in general, the Work for compliance with the information in the Contract Documents and with the design concept of the Project as a functioning whole as shown or indicated in the Contract Documents (unless there is a specific statement indicating otherwise). The use of any such term or adjective is not intended to and shall not be effective to assign to Engineer any duty or authority to supervise or direct the performance of the Work, or any duty or authority to undertake responsibility contrary to the provisions of Article 10 or any other provision of the Contract Documents.

C. *Day*:

1. The word "day" means a calendar day of 24 hours measured from midnight to the next midnight.

D. *Defective*:

1. The word "defective," when modifying the word "Work," refers to Work that is unsatisfactory, faulty, or deficient in that it:

a. does not conform to the Contract Documents; or

b. does not meet the requirements of any applicable inspection, reference standard, test, or approval referred to in the Contract Documents; or

c. has been damaged prior to Engineer's recommendation of final payment (unless responsibility for the protection thereof has been assumed by Owner at Substantial Completion in accordance with Paragraph 15.03 or 15.04).

E. *Furnish, Install, Perform, Provide*:

1. The word "furnish," when used in connection with services, materials, or equipment, shall mean to supply and deliver said services, materials, or equipment to the Site (or some other specified location) ready for use or installation and in usable or operable condition.

2. The word "install," when used in connection with services, materials, or equipment, shall mean to put into use or place in final position said services, materials, or equipment complete and ready for intended use.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

3. The words “perform” or “provide,” when used in connection with services, materials, or equipment, shall mean to furnish and install said services, materials, or equipment complete and ready for intended use.

4. If the Contract Documents establish an obligation of Contractor with respect to specific services, materials, or equipment, but do not expressly use any of the four words “furnish,” “install,” “perform,” or “provide,” then Contractor shall furnish and install said services, materials, or equipment complete and ready for intended use.

F. Unless stated otherwise in the Contract Documents, words or phrases that have a well-known technical or construction industry or trade meaning are used in the Contract Documents in accordance with such recognized meaning.

ARTICLE 2 – PRELIMINARY MATTERS

2.01 Delivery of Bonds and Evidence of Insurance

A. *Bonds*: When Contractor delivers the executed counterparts of the Agreement to Owner, Contractor shall also deliver to Owner such bonds as Contractor may be required to furnish.

B. *Evidence of Contractor’s Insurance*: When Contractor delivers the executed counterparts of the Agreement to Owner, Contractor shall also deliver to Owner, with copies to each named insured and additional insured (as identified in the Supplementary Conditions or elsewhere in the Contract), the certificates and other evidence of insurance required to be provided by Contractor in accordance with Article 6.

C. *Evidence of Owner’s Insurance*: After receipt of the executed counterparts of the Agreement and all required bonds and insurance documentation, Owner shall promptly deliver to Contractor, with copies to each named insured and additional insured (as identified in the Supplementary Conditions or otherwise), the certificates and other evidence of insurance required to be provided by Owner under Article 6.

2.02 Copies of Documents

A. Owner shall furnish to Contractor four printed copies of the Contract (including one fully executed counterpart of the Agreement), and one copy in electronic portable document format (PDF). Additional printed copies will be furnished upon request at the cost of reproduction.

B. Owner shall maintain and safeguard at least one original printed record version of the Contract, including Drawings and Specifications signed and sealed by Engineer and other design professionals. Owner shall make such original printed record version of the Contract available to Contractor for review. Owner may delegate the responsibilities under this provision to Engineer.

2.03 Before Starting Construction

A. *Preliminary Schedules*: Within 10 days after the Effective Date of the Contract (or as otherwise specifically required by the Contract Documents), Contractor shall submit to Engineer for timely review:

1. a preliminary Progress Schedule indicating the times (numbers of days or dates) for starting and completing the various stages of the Work, including any Milestones specified in the Contract;

2. a preliminary Schedule of Submittals; and

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

3. a preliminary Schedule of Values for all of the Work which includes quantities and prices of items which when added together equal the Contract Price and subdivides the Work into component parts in sufficient detail to serve as the basis for progress payments during performance of the Work. Such prices will include an appropriate amount of overhead and profit applicable to each item of Work.

2.04 Preconstruction Conference; Designation of Authorized Representatives

A. Before any Work at the Site is started, a conference attended by Owner, Contractor, Engineer, and others as appropriate will be held to establish a working understanding among the parties as to the Work and to discuss the schedules referred to in Paragraph 2.03.A, procedures for handling Shop Drawings, Samples, and other submittals, processing Applications for Payment, electronic or digital transmittals, and maintaining required records.

B. At this conference Owner and Contractor each shall designate, in writing, a specific individual to act as its authorized representative with respect to the services and responsibilities under the Contract. Such individuals shall have the authority to transmit and receive information, render decisions relative to the Contract, and otherwise act on behalf of each respective party.

2.05 Initial Acceptance of Schedules

A. At least 10 days before submission of the first Application for Payment a conference, attended by Contractor, Engineer, and others as appropriate, will be held to review for acceptability to Engineer as provided below the schedules submitted in accordance with Paragraph 2.03.A. Contractor shall have an additional 10 days to make corrections and adjustments and to complete and resubmit the schedules. No progress payment shall be made to Contractor until acceptable schedules are submitted to Engineer.

1. The Progress Schedule will be acceptable to Engineer if it provides an orderly progression of the Work to completion within the Contract Times. Such acceptance will not impose on Engineer responsibility for the Progress Schedule, for sequencing, scheduling, or progress of the Work, nor interfere with or relieve Contractor from Contractor's full responsibility therefor.

2. Contractor's Schedule of Submittals will be acceptable to Engineer if it provides a workable arrangement for reviewing and processing the required submittals.

3. Contractor's Schedule of Values will be acceptable to Engineer as to form and substance if it provides a reasonable allocation of the Contract Price to the component parts of the Work.

2.06 Electronic Transmittals

A. Except as otherwise stated elsewhere in the Contract, the Owner, Engineer, and Contractor may transmit, and shall accept, Project-related correspondence, text, data, documents, drawings, information, and graphics, including but not limited to Shop Drawings and other submittals, in electronic media or digital format, either directly, or through access to a secure Project website.

B. If the Contract does not establish protocols for electronic or digital transmittals, then Owner, Engineer, and Contractor shall jointly develop such protocols.

C. When transmitting items in electronic media or digital format, the transmitting party makes no representations as to long term compatibility, usability, or readability of the items resulting from the recipient's use of software application packages, operating systems, or

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

computer hardware differing from those used in the drafting or transmittal of the items, or from those established in applicable transmittal protocols.

ARTICLE 3 – DOCUMENTS: INTENT, REQUIREMENTS, REUSE

3.01 Intent

A. The Contract Documents are complementary; what is required by one is as binding as if required by all.

B. It is the intent of the Contract Documents to describe a functionally complete project (or part thereof) to be constructed in accordance with the Contract Documents.

C. Unless otherwise stated in the Contract Documents, if there is a discrepancy between the electronic or digital versions of the Contract Documents (including any printed copies derived from such electronic or digital versions) and the printed record version, the printed record version shall govern.

D. The Contract supersedes prior negotiations, representations, and agreements, whether written or oral.

E. Engineer will issue clarifications and interpretations of the Contract Documents as provided herein.

3.02 Reference Standards

A. Standards Specifications, Codes, Laws and Regulations

1. Reference in the Contract Documents to standard specifications, manuals, reference standards, or codes of any technical society, organization, or association, or to Laws or Regulations, whether such reference be specific or by implication, shall mean the standard specification, manual, reference standard, code, or Laws or Regulations in effect at the time of opening of Bids (or on the Effective Date of the Contract if there were no Bids), except as may be otherwise specifically stated in the Contract Documents.

2. No provision of any such standard specification, manual, reference standard, or code, or any instruction of a Supplier, shall be effective to change the duties or responsibilities of Owner, Contractor, or Engineer, or any of their subcontractors, consultants, agents, or employees, from those set forth in the part of the Contract Documents prepared by or for Engineer. No such provision or instruction shall be effective to assign to Owner, Engineer, or any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors, any duty or authority to supervise or direct the performance of the Work or any duty or authority to undertake responsibility inconsistent with the provisions of the part of the Contract Documents prepared by or for Engineer.

3.03 Reporting and Resolving Discrepancies

A. *Reporting Discrepancies*:

1. *Contractor's Verification of Figures and Field Measurements*: Before undertaking each part of the Work, Contractor shall carefully study the Contract Documents, and check and verify pertinent figures and dimensions therein, particularly with respect to applicable field measurements. Contractor shall promptly report in writing to Engineer any conflict, error, ambiguity, or discrepancy that Contractor discovers, or has actual knowledge of, and shall not proceed with any Work affected thereby until the conflict,

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

error, ambiguity, or discrepancy is resolved, by a clarification or interpretation by Engineer, or by an amendment or supplement to the Contract Documents issued pursuant to Paragraph 11.01.

2. *Contractor's Review of Contract Documents*: If, before or during the performance of the Work, Contractor discovers any conflict, error, ambiguity, or discrepancy within the Contract Documents, or between the Contract Documents and (a) any applicable Law or Regulation, (b) actual field conditions, (c) any standard specification, manual, reference standard, or code, or (d) any instruction of any Supplier, then Contractor shall promptly report it to Engineer in writing. Contractor shall not proceed with the Work affected thereby (except in an emergency as required by Paragraph 7.15) until the conflict, error, ambiguity, or discrepancy is resolved, by a clarification or interpretation by Engineer, or by an amendment or supplement to the Contract Documents issued pursuant to Paragraph 11.01.

3. Contractor shall not be liable to Owner or Engineer for failure to report any conflict, error, ambiguity, or discrepancy in the Contract Documents unless Contractor had actual knowledge thereof.

B. *Resolving Discrepancies*:

1. Except as may be otherwise specifically stated in the Contract Documents, the provisions of the part of the Contract Documents prepared by or for Engineer shall take precedence in resolving any conflict, error, ambiguity, or discrepancy between such provisions of the Contract Documents and:

a. the provisions of any standard specification, manual, reference standard, or code, or the instruction of any Supplier (whether or not specifically incorporated by reference as a Contract Document); or

b. the provisions of any Laws or Regulations applicable to the performance of the Work (unless such an interpretation of the provisions of the Contract Documents would result in violation of such Law or Regulation).

3.04 Requirements of the Contract Documents

A. During the performance of the Work and until final payment, Contractor and Owner shall submit to the Engineer all matters in question concerning the requirements of the Contract Documents (sometimes referred to as requests for information or interpretation—RFIs), or relating to the acceptability of the Work under the Contract Documents, as soon as possible after such matters arise. Engineer will be the initial interpreter of the requirements of the Contract Documents, and judge of the acceptability of the Work thereunder.

B. Engineer will, with reasonable promptness, render a written clarification, interpretation, or decision on the issue submitted, or initiate an amendment or supplement to the Contract Documents. Engineer's written clarification, interpretation, or decision will be final and binding on Contractor, unless it appeals by submitting a Change Proposal, and on Owner, unless it appeals by filing a Claim.

C. If a submitted matter in question concerns terms and conditions of the Contract Documents that do not involve (1) the performance or acceptability of the Work under the Contract Documents, (2) the design (as set forth in the Drawings, Specifications, or otherwise), or (3) other engineering or technical matters, then Engineer will promptly give written notice to Owner and Contractor that Engineer is unable to provide a decision or interpretation. If Owner and Contractor are unable to agree on resolution of such a matter in question, either party may pursue resolution as provided in Article 12.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

3.05 Reuse of Documents

A. Contractor and its Subcontractors and Suppliers shall not:

1. have or acquire any title to or ownership rights in any of the Drawings, Specifications, or other documents (or copies of any thereof) prepared by or bearing the seal of Engineer or its consultants, including electronic media editions, or reuse any such Drawings, Specifications, other documents, or copies thereof on extensions of the Project or any other project without written consent of Owner and Engineer and specific written verification or adaptation by Engineer; or

2. have or acquire any title or ownership rights in any other Contract Documents, reuse any such Contract Documents for any purpose without Owner's express written consent, or violate any copyrights pertaining to such Contract Documents.

B. The prohibitions of this Paragraph 3.05 will survive final payment, or termination of the Contract. Nothing herein shall preclude Contractor from retaining copies of the Contract Documents for record purposes.

ARTICLE 4 – COMMENCEMENT AND PROGRESS OF THE WORK

4.01 Commencement of Contract Times; Notice to Proceed

A. The Contract Times will commence to run on the thirtieth day after the Effective Date of the Contract or, if a Notice to Proceed is given, on the day indicated in the Notice to Proceed. A Notice to Proceed may be given at any time within 30 days after the Effective Date of the Contract. In no event will the Contract Times commence to run later than the sixtieth day after the day of Bid opening or the thirtieth day after the Effective Date of the Contract, whichever date is earlier.

4.02 Starting the Work

A. Contractor shall start to perform the Work on the date when the Contract Times commence to run. No Work shall be done at the Site prior to such date.

4.03 Reference Points

A. Owner shall provide engineering surveys to establish reference points for construction which in Engineer's judgment are necessary to enable Contractor to proceed with the Work. Contractor shall be responsible for laying out the Work, shall protect and preserve the established reference points and property monuments, and shall make no changes or relocations without the prior written approval of Owner. Contractor shall report to Engineer whenever any reference point or property monument is lost or destroyed or requires relocation because of necessary changes in grades or locations, and shall be responsible for the accurate replacement or relocation of such reference points or property monuments by professionally qualified personnel.

4.04 Progress Schedule

A. Contractor shall adhere to the Progress Schedule established in accordance with Paragraph 2.05 as it may be adjusted from time to time as provided below.

1. Contractor shall submit to Engineer for acceptance (to the extent indicated in Paragraph 2.05) proposed adjustments in the Progress Schedule that will not result in changing the Contract Times.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. Proposed adjustments in the Progress Schedule that will change the Contract Times shall be submitted in accordance with the requirements of Article 11.

B. Contractor shall carry on the Work and adhere to the Progress Schedule during all disputes or disagreements with Owner. No Work shall be delayed or postponed pending resolution of any disputes or disagreements, or during any appeal process, except as permitted by Paragraph 16.04, or as Owner and Contractor may otherwise agree in writing.

4.05 Delays in Contractor's Progress

A. If Owner, Engineer, or anyone for whom Owner is responsible, delays, disrupts, or interferes with the performance or progress of the Work, then Contractor shall be entitled to an equitable adjustment in the Contract Times and Contract Price. Contractor's entitlement to an adjustment of the Contract Times is conditioned on such adjustment being essential to Contractor's ability to complete the Work within the Contract Times.

B. Contractor shall not be entitled to an adjustment in Contract Price or Contract Times for delay, disruption, or interference caused by or within the control of Contractor. Delay, disruption, and interference attributable to and within the control of a Subcontractor or Supplier shall be deemed to be within the control of Contractor.

C. If Contractor's performance or progress is delayed, disrupted, or interfered with by unanticipated causes not the fault of and beyond the control of Owner, Contractor, and those for which they are responsible, then Contractor shall be entitled to an equitable adjustment in Contract Times. Contractor's entitlement to an adjustment of the Contract Times is conditioned on such adjustment being essential to Contractor's ability to complete the Work within the Contract Times. Such an adjustment shall be Contractor's sole and exclusive remedy for the delays, disruption, and interference described in this paragraph. Causes of delay, disruption, or interference that may give rise to an adjustment in Contract Times under this paragraph include but are not limited to the following:

1. severe and unavoidable natural catastrophes such as fires, floods, epidemics, and earthquakes;

2. abnormal weather conditions;

3. acts or failures to act of utility owners (other than those performing other work at or adjacent to the Site by arrangement with the Owner, as contemplated in Article 8); and

4. acts of war or terrorism.

D. Delays, disruption, and interference to the performance or progress of the Work resulting from the existence of a differing subsurface or physical condition, an Underground Facility that was not shown or indicated by the Contract Documents, or not shown or indicated with reasonable accuracy, and those resulting from Hazardous Environmental Conditions, are governed by Article 5.

E. Paragraph 8.03 governs delays, disruption, and interference to the performance or progress of the Work resulting from the performance of certain other work at or adjacent to the Site.

F. Contractor shall not be entitled to an adjustment in Contract Price or Contract Times for any delay, disruption, or interference if such delay is concurrent with a delay, disruption, or interference caused by or within the control of Contractor.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

G. Contractor must submit any Change Proposal seeking an adjustment in Contract Price or Contract Times under this paragraph within 30 days of the commencement of the delaying, disrupting, or interfering event.

ARTICLE 5 – AVAILABILITY OF LANDS; SUBSURFACE AND PHYSICAL CONDITIONS; HAZARDOUS ENVIRONMENTAL CONDITIONS

5.01 Availability of Lands

A. Owner shall furnish the Site. Owner shall notify Contractor of any encumbrances or restrictions not of general application but specifically related to use of the Site with which Contractor must comply in performing the Work.

B. Upon reasonable written request, Owner shall furnish Contractor with a current statement of record legal title and legal description of the lands upon which permanent improvements are to be made and Owner's interest therein as necessary for giving notice of or filing a mechanic's or construction lien against such lands in accordance with applicable Laws and Regulations.

C. Contractor shall provide for all additional lands and access thereto that may be required for temporary construction facilities or storage of materials and equipment.

5.02 Use of Site and Other Areas

A. *Limitation on Use of Site and Other Areas*:

1. Contractor shall confine construction equipment, temporary construction facilities, the storage of materials and equipment, and the operations of workers to the Site, adjacent areas that Contractor has arranged to use through construction easements or otherwise, and other adjacent areas permitted by Laws and Regulations, and shall not unreasonably encumber the Site and such other adjacent areas with construction equipment or other materials or equipment. Contractor shall assume full responsibility for (a) damage to the Site; (b) damage to any such other adjacent areas used for Contractor's operations; (c) damage to any other adjacent land or areas; and (d) for injuries and losses sustained by the owners or occupants of any such land or areas; provided that such damage or injuries result from the performance of the Work or from other actions or conduct of the Contractor or those for which Contractor is responsible.

2. If a damage or injury claim is made by the owner or occupant of any such land or area because of the performance of the Work, or because of other actions or conduct of the Contractor or those for which Contractor is responsible, Contractor shall (a) take immediate corrective or remedial action as required by Paragraph 7.12, or otherwise; (b) promptly attempt to settle the claim as to all parties through negotiations with such owner or occupant, or otherwise resolve the claim by arbitration or other dispute resolution proceeding, or at law; and (c) to the fullest extent permitted by Laws and Regulations, indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them from and against any such claim, and against all costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to any claim or action, legal or equitable, brought by any such owner or occupant against Owner, Engineer, or any other party indemnified hereunder to the extent caused directly or indirectly, in whole or in part

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

by, or based upon, Contractor's performance of the Work, or because of other actions or conduct of the Contractor or those for which Contractor is responsible.

B. *Removal of Debris During Performance of the Work*: During the progress of the Work the Contractor shall keep the Site and other adjacent areas free from accumulations of waste materials, rubbish, and other debris. Removal and disposal of such waste materials, rubbish, and other debris shall conform to applicable Laws and Regulations.

C. *Cleaning*: Prior to Substantial Completion of the Work Contractor shall clean the Site and the Work and make it ready for utilization by Owner. At the completion of the Work Contractor shall remove from the Site and adjacent areas all tools, appliances, construction equipment and machinery, and surplus materials and shall restore to original condition all property not designated for alteration by the Contract Documents.

D. *Loading of Structures*: Contractor shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall Contractor subject any part of the Work or adjacent structures or land to stresses or pressures that will endanger them.

5.03 Subsurface and Physical Conditions

A. *Reports and Drawings*: The Supplementary Conditions identify:

1. those reports known to Owner of explorations and tests of subsurface conditions at or adjacent to the Site;

2. those drawings known to Owner of physical conditions relating to existing surface or subsurface structures at the Site (except Underground Facilities); and

3. Technical Data contained in such reports and drawings.

B. *Reliance by Contractor on Technical Data Authorized*: Contractor may rely upon the accuracy of the Technical Data expressly identified in the Supplementary Conditions with respect to such reports and drawings, but such reports and drawings are not Contract Documents. If no such express identification has been made, then Contractor may rely upon the accuracy of the Technical Data (as defined in Article 1) contained in any geotechnical or environmental report prepared for the Project and made available to Contractor. Except for such reliance on Technical Data, Contractor may not rely upon or make any claim against Owner or Engineer, or any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors, with respect to:

1. the completeness of such reports and drawings for Contractor's purposes, including, but not limited to, any aspects of the means, methods, techniques, sequences, and procedures of construction to be employed by Contractor, and safety precautions and programs incident thereto; or

2. other data, interpretations, opinions, and information contained in such reports or shown or indicated in such drawings; or

3. any Contractor interpretation of or conclusion drawn from any Technical Data or any such other data, interpretations, opinions, or information.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

5.04 Differing Subsurface or Physical Conditions

A. *Notice by Contractor*: If Contractor believes that any subsurface or physical condition that is uncovered or revealed at the Site either:

1. is of such a nature as to establish that any Technical Data on which Contractor is entitled to rely as provided in Paragraph 5.03 is materially inaccurate; or

2. is of such a nature as to require a change in the Drawings or Specifications; or

3. differs materially from that shown or indicated in the Contract Documents; or

4. is of an unusual nature, and differs materially from conditions ordinarily encountered and generally recognized as inherent in work of the character provided for in the Contract Documents;

then Contractor shall, promptly after becoming aware thereof and before further disturbing the subsurface or physical conditions or performing any Work in connection therewith (except in an emergency as required by Paragraph 7.15), notify Owner and Engineer in writing about such condition. Contractor shall not further disturb such condition or perform any Work in connection therewith (except with respect to an emergency) until receipt of a written statement permitting Contractor to do so.

B. *Engineer's Review*: After receipt of written notice as required by the preceding paragraph, Engineer will promptly review the subsurface or physical condition in question; determine the necessity of Owner's obtaining additional exploration or tests with respect to the condition; conclude whether the condition falls within any one or more of the differing site condition categories in Paragraph 5.04.A above; obtain any pertinent cost or schedule information from Contractor; prepare recommendations to Owner regarding the Contractor's resumption of Work in connection with the subsurface or physical condition in question and the need for any change in the Drawings or Specifications; and advise Owner in writing of Engineer's findings, conclusions, and recommendations.

C. *Owner's Statement to Contractor Regarding Site Condition*: After receipt of Engineer's written findings, conclusions, and recommendations, Owner shall issue a written statement to Contractor (with a copy to Engineer) regarding the subsurface or physical condition in question, addressing the resumption of Work in connection with such condition, indicating whether any change in the Drawings or Specifications will be made, and adopting or rejecting Engineer's written findings, conclusions, and recommendations, in whole or in part.

D. *Possible Price and Times Adjustments*:

1. Contractor shall be entitled to an equitable adjustment in Contract Price or Contract Times, or both, to the extent that the existence of a differing subsurface or physical condition, or any related delay, disruption, or interference, causes an increase or decrease in Contractor's cost of, or time required for, performance of the Work; subject, however, to the following:

a. such condition must fall within any one or more of the categories described in Paragraph 5.04.A;

b. with respect to Work that is paid for on a unit price basis, any adjustment in Contract Price will be subject to the provisions of Paragraph 13.03; and,

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

c. Contractor's entitlement to an adjustment of the Contract Times is conditioned on such adjustment being essential to Contractor's ability to complete the Work within the Contract Times.

2. Contractor shall not be entitled to any adjustment in the Contract Price or Contract Times with respect to a subsurface or physical condition if:

a. Contractor knew of the existence of such condition at the time Contractor made a commitment to Owner with respect to Contract Price and Contract Times by the submission of a Bid or becoming bound under a negotiated contract, or otherwise; or

b. the existence of such condition reasonably could have been discovered or revealed as a result of any examination, investigation, exploration, test, or study of the Site and contiguous areas expressly required by the Bidding Requirements or Contract Documents to be conducted by or for Contractor prior to Contractor's making such commitment; or

c. Contractor failed to give the written notice as required by Paragraph 5.04.A.

3. If Owner and Contractor agree regarding Contractor's entitlement to and the amount or extent of any adjustment in the Contract Price or Contract Times, or both, then any such adjustment shall be set forth in a Change Order.

4. Contractor may submit a Change Proposal regarding its entitlement to or the amount or extent of any adjustment in the Contract Price or Contract Times, or both, no later than 30 days after Owner's issuance of the Owner's written statement to Contractor regarding the subsurface or physical condition in question.

5.05 Underground Facilities

A. *Contractor's Responsibilities*: The information and data shown or indicated in the Contract Documents with respect to existing Underground Facilities at or adjacent to the Site is based on information and data furnished to Owner or Engineer by the owners of such Underground Facilities, including Owner, or by others. Unless it is otherwise expressly provided in the Supplementary Conditions:

1. Owner and Engineer do not warrant or guarantee the accuracy or completeness of any such information or data provided by others; and

2. the cost of all of the following will be included in the Contract Price, and Contractor shall have full responsibility for:

a. reviewing and checking all information and data regarding existing Underground Facilities at the Site;

b. locating all Underground Facilities shown or indicated in the Contract Documents as being at the Site;

c. coordination of the Work with the owners (including Owner) of such Underground Facilities, during construction; and

d. the safety and protection of all existing Underground Facilities at the Site, and repairing any damage thereto resulting from the Work.

B. *Notice by Contractor*: If Contractor believes that an Underground Facility that is uncovered or revealed at the Site was not shown or indicated in the Contract Documents, or was not shown or indicated with reasonable accuracy, then Contractor shall, promptly after

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

becoming aware thereof and before further disturbing conditions affected thereby or performing any Work in connection therewith (except in an emergency as required by Paragraph 7.15), identify the owner of such Underground Facility and give written notice to that owner and to Owner and Engineer.

C. *Engineer's Review*: Engineer will promptly review the Underground Facility and conclude whether such Underground Facility was not shown or indicated in the Contract Documents, or was not shown or indicated with reasonable accuracy; obtain any pertinent cost or schedule information from Contractor; prepare recommendations to Owner regarding the Contractor's resumption of Work in connection with the Underground Facility in question; determine the extent, if any, to which a change is required in the Drawings or Specifications to reflect and document the consequences of the existence or location of the Underground Facility; and advise Owner in writing of Engineer's findings, conclusions, and recommendations. During such time, Contractor shall be responsible for the safety and protection of such Underground Facility.

D. *Owner's Statement to Contractor Regarding Underground Facility*: After receipt of Engineer's written findings, conclusions, and recommendations, Owner shall issue a written statement to Contractor (with a copy to Engineer) regarding the Underground Facility in question, addressing the resumption of Work in connection with such Underground Facility, indicating whether any change in the Drawings or Specifications will be made, and adopting or rejecting Engineer's written findings, conclusions, and recommendations in whole or in part.

E. *Possible Price and Times Adjustments*:

1. Contractor shall be entitled to an equitable adjustment in the Contract Price or Contract Times, or both, to the extent that any existing Underground Facility at the Site that was not shown or indicated in the Contract Documents, or was not shown or indicated with reasonable accuracy, or any related delay, disruption, or interference, causes an increase or decrease in Contractor's cost of, or time required for, performance of the Work; subject, however, to the following:

    a. Contractor did not know of and could not reasonably have been expected to be aware of or to have anticipated the existence or actual location of the Underground Facility in question;

    b. With respect to Work that is paid for on a unit price basis, any adjustment in Contract Price will be subject to the provisions of Paragraph 13.03;

    c. Contractor's entitlement to an adjustment of the Contract Times is conditioned on such adjustment being essential to Contractor's ability to complete the Work within the Contract Times; and

    d. Contractor gave the notice required in Paragraph 5.05.B.

2. If Owner and Contractor agree regarding Contractor's entitlement to and the amount or extent of any adjustment in the Contract Price or Contract Times, or both, then any such adjustment shall be set forth in a Change Order.

3. Contractor may submit a Change Proposal regarding its entitlement to or the amount or extent of any adjustment in the Contract Price or Contract Times, or both, no later than 30 days after Owner's issuance of the Owner's written statement to Contractor regarding the Underground Facility in question.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

5.06 Hazardous Environmental Conditions at Site

A. *Reports and Drawings*: The Supplementary Conditions identify:

1. those reports and drawings known to Owner relating to Hazardous Environmental Conditions that have been identified at or adjacent to the Site; and

2. Technical Data contained in such reports and drawings.

B. *Reliance by Contractor on Technical Data Authorized*: Contractor may rely upon the accuracy of the Technical Data expressly identified in the Supplementary Conditions with respect to such reports and drawings, but such reports and drawings are not Contract Documents. If no such express identification has been made, then Contractor may rely on the accuracy of the Technical Data (as defined in Article 1) contained in any geotechnical or environmental report prepared for the Project and made available to Contractor. Except for such reliance on Technical Data, Contractor may not rely upon or make any claim against Owner or Engineer, or any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors with respect to:

1. the completeness of such reports and drawings for Contractor's purposes, including, but not limited to, any aspects of the means, methods, techniques, sequences and procedures of construction to be employed by Contractor and safety precautions and programs incident thereto; or

2. other data, interpretations, opinions and information contained in such reports or shown or indicated in such drawings; or

3. any Contractor interpretation of or conclusion drawn from any Technical Data or any such other data, interpretations, opinions or information.

C. Contractor shall not be responsible for removing or remediating any Hazardous Environmental Condition encountered, uncovered, or revealed at the Site unless such removal or remediation is expressly identified in the Contract Documents to be within the scope of the Work.

D. Contractor shall be responsible for controlling, containing, and duly removing all Constituents of Concern brought to the Site by Contractor, Subcontractors, Suppliers, or anyone else for whom Contractor is responsible, and for any associated costs; and for the costs of removing and remediating any Hazardous Environmental Condition created by the presence of any such Constituents of Concern.

E. If Contractor encounters, uncovers, or reveals a Hazardous Environmental Condition whose removal or remediation is not expressly identified in the Contract Documents as being within the scope of the Work, or if Contractor or anyone for whom Contractor is responsible creates a Hazardous Environmental Condition, then Contractor shall immediately: (1) secure or otherwise isolate such condition; (2) stop all Work in connection with such condition and in any area affected thereby (except in an emergency as required by Paragraph 7.15); and (3) notify Owner and Engineer (and promptly thereafter confirm such notice in writing). Owner shall promptly consult with Engineer concerning the necessity for Owner to retain a qualified expert to evaluate such condition or take corrective action, if any. Promptly after consulting with Engineer, Owner shall take such actions as are necessary to permit Owner to timely obtain required permits and provide Contractor the written notice required by Paragraph 5.06.F. If Contractor or anyone for whom Contractor is responsible created the Hazardous Environmental Condition in question, then Owner may remove and remediate the Hazardous Environmental Condition, and impose a set-off against payments to account for the associated costs.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

F. Contractor shall not resume Work in connection with such Hazardous Environmental Condition or in any affected area until after Owner has obtained any required permits related thereto, and delivered written notice to Contractor either (1) specifying that such condition and any affected area is or has been rendered safe for the resumption of Work, or (2) specifying any special conditions under which such Work may be resumed safely.

G. If Owner and Contractor cannot agree as to entitlement to or on the amount or extent, if any, of any adjustment in Contract Price or Contract Times, or both, as a result of such Work stoppage or such special conditions under which Work is agreed to be resumed by Contractor, then within 30 days of Owner's written notice regarding the resumption of Work, Contractor may submit a Change Proposal, or Owner may impose a set-off.

H. If after receipt of such written notice Contractor does not agree to resume such Work based on a reasonable belief it is unsafe, or does not agree to resume such Work under such special conditions, then Owner may order the portion of the Work that is in the area affected by such condition to be deleted from the Work, following the contractual change procedures in Article 11. Owner may have such deleted portion of the Work performed by Owner's own forces or others in accordance with Article 8.

I. To the fullest extent permitted by Laws and Regulations, Owner shall indemnify and hold harmless Contractor, Subcontractors, and Engineer, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to a Hazardous Environmental Condition, provided that such Hazardous Environmental Condition (1) was not shown or indicated in the Drawings, Specifications, or other Contract Documents, identified as Technical Data entitled to limited reliance pursuant to Paragraph 5.06.B, or identified in the Contract Documents to be included within the scope of the Work, and (2) was not created by Contractor or by anyone for whom Contractor is responsible. Nothing in this Paragraph 5.06.I shall obligate Owner to indemnify any individual or entity from and against the consequences of that individual's or entity's own negligence.

J. To the fullest extent permitted by Laws and Regulations, Contractor shall indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to the failure to control, contain, or remove a Constituent of Concern brought to the Site by Contractor or by anyone for whom Contractor is responsible, or to a Hazardous Environmental Condition created by Contractor or by anyone for whom Contractor is responsible. Nothing in this Paragraph 5.06.J shall obligate Contractor to indemnify any individual or entity from and against the consequences of that individual's or entity's own negligence.

K. The provisions of Paragraphs 5.03, 5.04, and 5.05 do not apply to the presence of Constituents of Concern or to a Hazardous Environmental Condition uncovered or revealed at the Site.

ARTICLE 6 – BONDS AND INSURANCE

6.01 Performance, Payment, and Other Bonds

A. Contractor shall furnish a performance bond and a payment bond, each in an amount at least equal to the Contract Price, as security for the faithful performance and payment of all of Contractor's obligations under the Contract. These bonds shall remain in effect until one year after the date when final payment becomes due or until completion of the correction period specified in Paragraph 15.08, whichever is later, except as provided otherwise by Laws or Regulations, the Supplementary Conditions, or other specific provisions of the Contract. Contractor shall also furnish such other bonds as are required by the Supplementary Conditions or other specific provisions of the Contract.

B. All bonds shall be in the form prescribed by the Contract except as provided otherwise by Laws or Regulations, and shall be executed by such sureties as are named in "Companies Holding Certificates of Authority as Acceptable Sureties on Federal Bonds and as Acceptable Reinsuring Companies" as published in Circular 570 (as amended and supplemented) by the Financial Management Service, Surety Bond Branch, U.S. Department of the Treasury. A bond signed by an agent or attorney-in-fact must be accompanied by a certified copy of that individual's authority to bind the surety. The evidence of authority shall show that it is effective on the date the agent or attorney-in-fact signed the accompanying bond.

C. Contractor shall obtain the required bonds from surety companies that are duly licensed or authorized in the jurisdiction in which the Project is located to issue bonds in the required amounts.

D. If the surety on a bond furnished by Contractor is declared bankrupt or becomes insolvent, or its right to do business is terminated in any state or jurisdiction where any part of the Project is located, or the surety ceases to meet the requirements above, then Contractor shall promptly notify Owner and Engineer and shall, within 20 days after the event giving rise to such notification, provide another bond and surety, both of which shall comply with the bond and surety requirements above.

E. If Contractor has failed to obtain a required bond, Owner may exclude the Contractor from the Site and exercise Owner's termination rights under Article 16.

F. Upon request, Owner shall provide a copy of the payment bond to any Subcontractor, Supplier, or other person or entity claiming to have furnished labor or materials used in the performance of the Work.

6.02 Insurance—General Provisions

A. Owner and Contractor shall obtain and maintain insurance as required in this Article and in the Supplementary Conditions.

B. All insurance required by the Contract to be purchased and maintained by Owner or Contractor shall be obtained from insurance companies that are duly licensed or authorized, in the state or jurisdiction in which the Project is located, to issue insurance policies for the required limits and coverages. Unless a different standard is indicated in the Supplementary Conditions, all companies that provide insurance policies required under this Contract shall have an A.M. Best rating of A-VII or better.

C. Contractor shall deliver to Owner, with copies to each named insured and additional insured (as identified in this Article, in the Supplementary Conditions, or elsewhere in the Contract), certificates of insurance establishing that Contractor has obtained and is

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

maintaining the policies, coverages, and endorsements required by the Contract. Upon request by Owner or any other insured, Contractor shall also furnish other evidence of such required insurance, including but not limited to copies of policies and endorsements, and documentation of applicable self-insured retentions and deductibles. Contractor may block out (redact) any confidential premium or pricing information contained in any policy or endorsement furnished under this provision.

D. Owner shall deliver to Contractor, with copies to each named insured and additional insured (as identified in this Article, the Supplementary Conditions, or elsewhere in the Contract), certificates of insurance establishing that Owner has obtained and is maintaining the policies, coverages, and endorsements required of Owner by the Contract (if any). Upon request by Contractor or any other insured, Owner shall also provide other evidence of such required insurance (if any), including but not limited to copies of policies and endorsements, and documentation of applicable self-insured retentions and deductibles. Owner may block out (redact) any confidential premium or pricing information contained in any policy or endorsement furnished under this provision.

E. Failure of Owner or Contractor to demand such certificates or other evidence of the other party's full compliance with these insurance requirements, or failure of Owner or Contractor to identify a deficiency in compliance from the evidence provided, shall not be construed as a waiver of the other party's obligation to obtain and maintain such insurance.

F. If either party does not purchase or maintain all of the insurance required of such party by the Contract, such party shall notify the other party in writing of such failure to purchase prior to the start of the Work, or of such failure to maintain prior to any change in the required coverage.

G. If Contractor has failed to obtain and maintain required insurance, Owner may exclude the Contractor from the Site, impose an appropriate set-off against payment, and exercise Owner's termination rights under Article 16.

H. Without prejudice to any other right or remedy, if a party has failed to obtain required insurance, the other party may elect to obtain equivalent insurance to protect such other party's interests at the expense of the party who was required to provide such coverage, and the Contract Price shall be adjusted accordingly.

I. Owner does not represent that insurance coverage and limits established in this Contract necessarily will be adequate to protect Contractor or Contractor's interests.

J. The insurance and insurance limits required herein shall not be deemed as a limitation on Contractor's liability under the indemnities granted to Owner and other individuals and entities in the Contract.

6.03 Contractor's Insurance

A. *Workers' Compensation*: Contractor shall purchase and maintain workers' compensation and employer's liability insurance for:

1. claims under workers' compensation, disability benefits, and other similar employee benefit acts.

2. United States Longshoreman and Harbor Workers' Compensation Act and Jones Act coverage (if applicable).

3. claims for damages because of bodily injury, occupational sickness or disease, or death of Contractor's employees (by stop-gap endorsement in monopolist worker's compensation states).

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

4. Foreign voluntary worker compensation (if applicable).

B. *Commercial General Liability—Claims Covered*: Contractor shall purchase and maintain commercial general liability insurance, covering all operations by or on behalf of Contractor, on an occurrence basis, against:

1. claims for damages because of bodily injury, sickness or disease, or death of any person other than Contractor's employees.

2. claims for damages insured by reasonably available personal injury liability coverage.

3. claims for damages, other than to the Work itself, because of injury to or destruction of tangible property wherever located, including loss of use resulting therefrom.

C. *Commercial General Liability—Form and Content*: Contractor's commercial liability policy shall be written on a 1996 (or later) ISO commercial general liability form (occurrence form) and include the following coverages and endorsements:

1. Products and completed operations coverage:

a. Such insurance shall be maintained for three years after final payment.

b. Contractor shall furnish Owner and each other additional insured (as identified in the Supplementary Conditions or elsewhere in the Contract) evidence of continuation of such insurance at final payment and three years thereafter.

2. Blanket contractual liability coverage, to the extent permitted by law, including but not limited to coverage of Contractor's contractual indemnity obligations in Paragraph 7.18.

3. Broad form property damage coverage.

4. Severability of interest.

5. Underground, explosion, and collapse coverage.

6. Personal injury coverage.

7. Additional insured endorsements that include both ongoing operations and products and completed operations coverage through ISO Endorsements CG 20 10 10 01 and CG 20 37 10 01 (together); or CG 20 10 07 04 and CG 20 37 07 04 (together); or their equivalent.

8. For design professional additional insureds, ISO Endorsement CG 20 32 07 04, "Additional Insured—Engineers, Architects or Surveyors Not Engaged by the Named Insured" or its equivalent.

D. *Automobile liability*: Contractor shall purchase and maintain automobile liability insurance against claims for damages because of bodily injury or death of any person or property damage arising out of the ownership, maintenance, or use of any motor vehicle. The automobile liability policy shall be written on an occurrence basis.

E. *Umbrella or excess liability*: Contractor shall purchase and maintain umbrella or excess liability insurance written over the underlying employer's liability, commercial general liability, and automobile liability insurance described in the paragraphs above. Subject to industry-standard exclusions, the coverage afforded shall follow form as to each and every one of the underlying policies.

F. *Contractor's pollution liability insurance*: Contractor shall purchase and maintain a policy covering third-party injury and property damage claims, including clean-up costs, as a result

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

of pollution conditions arising from Contractor's operations and completed operations. This insurance shall be maintained for no less than three years after final completion.

G. *Additional insureds*: The Contractor's commercial general liability, automobile liability, umbrella or excess, and pollution liability policies shall include and list as additional insureds Owner and Engineer, and any individuals or entities identified in the Supplementary Conditions; include coverage for the respective officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of all such additional insureds; and the insurance afforded to these additional insureds shall provide primary coverage for all claims covered thereby (including as applicable those arising from both ongoing and completed operations) on a non-contributory basis. Contractor shall obtain all necessary endorsements to support these requirements.

H. *Contractor's professional liability insurance*: If Contractor will provide or furnish professional services under this Contract, through a delegation of professional design services or otherwise, then Contractor shall be responsible for purchasing and maintaining applicable professional liability insurance. This insurance shall provide protection against claims arising out of performance of professional design or related services, and caused by a negligent error, omission, or act for which the insured party is legally liable. It shall be maintained throughout the duration of the Contract and for a minimum of two years after Substantial Completion. If such professional design services are performed by a Subcontractor, and not by Contractor itself, then the requirements of this paragraph may be satisfied through the purchasing and maintenance of such insurance by such Subcontractor.

I. *General provisions*: The policies of insurance required by this Paragraph 6.03 shall:

1. include at least the specific coverages provided in this Article.

2. be written for not less than the limits of liability provided in this Article and in the Supplementary Conditions, or required by Laws or Regulations, whichever is greater.

3. contain a provision or endorsement that the coverage afforded will not be canceled, materially changed, or renewal refused until at least 10 days prior written notice has been given to Contractor. Within three days of receipt of any such written notice, Contractor shall provide a copy of the notice to Owner, Engineer, and each other insured under the policy.

4. remain in effect at least until final payment (and longer if expressly required in this Article) and at all times thereafter when Contractor may be correcting, removing, or replacing defective Work as a warranty or correction obligation, or otherwise, or returning to the Site to conduct other tasks arising from the Contract Documents.

5. be appropriate for the Work being performed and provide protection from claims that may arise out of or result from Contractor's performance of the Work and Contractor's other obligations under the Contract Documents, whether it is to be performed by Contractor, any Subcontractor or Supplier, or by anyone directly or indirectly employed by any of them to perform any of the Work, or by anyone for whose acts any of them may be liable.

J. The coverage requirements for specific policies of insurance must be met by such policies, and not by reference to excess or umbrella insurance provided in other policies.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

6.04 Owner's Liability Insurance

A. In addition to the insurance required to be provided by Contractor under Paragraph 6.03, Owner, at Owner's option, may purchase and maintain at Owner's expense Owner's own liability insurance as will protect Owner against claims which may arise from operations under the Contract Documents.

B. Owner's liability policies, if any, operate separately and independently from policies required to be provided by Contractor, and Contractor cannot rely upon Owner's liability policies for any of Contractor's obligations to the Owner, Engineer, or third parties.

6.05 Property Insurance

A. *Builder's Risk*: Unless otherwise provided in the Supplementary Conditions, Contractor shall purchase and maintain builder's risk insurance upon the Work on a completed value basis, in the amount of the full insurable replacement cost thereof (subject to such deductible amounts as may be provided in the Supplementary Conditions or required by Laws and Regulations). This insurance shall:

1. include the Owner and Contractor as named insureds, and all Subcontractors, and any individuals or entities required by the Supplementary Conditions to be insured under such builder's risk policy, as insureds or named insureds. For purposes of the remainder of this Paragraph 6.05, Paragraphs 6.06 and 6.07, and any corresponding Supplementary Conditions, the parties required to be insured shall collectively be referred to as "insureds."

2. be written on a builder's risk "all risk" policy form that shall at least include insurance for physical loss or damage to the Work, temporary buildings, falsework, and materials and equipment in transit, and shall insure against at least the following perils or causes of loss: fire; lightning; windstorm; riot; civil commotion; terrorism; vehicle impact; aircraft; smoke; theft; vandalism and malicious mischief; mechanical breakdown, boiler explosion, and artificially generated electric current; earthquake; volcanic activity, and other earth movement; flood; collapse; explosion; debris removal; demolition occasioned by enforcement of Laws and Regulations; water damage (other than that caused by flood); and such other perils or causes of loss as may be specifically required by the Supplementary Conditions. If insurance against mechanical breakdown, boiler explosion, and artificially generated electric current; earthquake; volcanic activity, and other earth movement; or flood, are not commercially available under builder's risk policies, by endorsement or otherwise, such insurance may be provided through other insurance policies acceptable to Owner and Contractor.

3. cover, as insured property, at least the following: (a) the Work and all materials, supplies, machinery, apparatus, equipment, fixtures, and other property of a similar nature that are to be incorporated into or used in the preparation, fabrication, construction, erection, or completion of the Work, including Owner-furnished or assigned property; (b) spare parts inventory required within the scope of the Contract; and (c) temporary works which are not intended to form part of the permanent constructed Work but which are intended to provide working access to the Site, or to the Work under construction, or which are intended to provide temporary support for the Work under construction, including scaffolding, form work, fences, shoring, falsework, and temporary structures.

4. cover expenses incurred in the repair or replacement of any insured property (including but not limited to fees and charges of engineers and architects).

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

5. extend to cover damage or loss to insured property while in temporary storage at the Site or in a storage location outside the Site (but not including property stored at the premises of a manufacturer or Supplier).

6. extend to cover damage or loss to insured property while in transit.

7. allow for partial occupation or use of the Work by Owner, such that those portions of the Work that are not yet occupied or used by Owner shall remain covered by the builder's risk insurance.

8. allow for the waiver of the insurer's subrogation rights, as set forth below.

9. provide primary coverage for all losses and damages caused by the perils or causes of loss covered.

10. not include a co-insurance clause.

11. include an exception for ensuing losses from physical damage or loss with respect to any defective workmanship, design, or materials exclusions.

12. include performance/hot testing and start-up.

13. be maintained in effect, subject to the provisions herein regarding Substantial Completion and partial occupancy or use of the Work by Owner, until the Work is complete.

B. *Notice of Cancellation or Change*: All the policies of insurance (and the certificates or other evidence thereof) required to be purchased and maintained in accordance with this Paragraph 6.05 will contain a provision or endorsement that the coverage afforded will not be canceled or materially changed or renewal refused until at least 10 days prior written notice has been given to the purchasing policyholder. Within three days of receipt of any such written notice, the purchasing policyholder shall provide a copy of the notice to each other insured.

C. *Deductibles*: The purchaser of any required builder's risk or property insurance shall pay for costs not covered because of the application of a policy deductible.

D. *Partial Occupancy or Use by Owner*: If Owner will occupy or use a portion or portions of the Work prior to Substantial Completion of all the Work as provided in Paragraph 15.04, then Owner (directly, if it is the purchaser of the builder's risk policy, or through Contractor) will provide notice of such occupancy or use to the builder's risk insurer. The builder's risk insurance shall not be canceled or permitted to lapse on account of any such partial use or occupancy; rather, those portions of the Work that are occupied or used by Owner may come off the builder's risk policy, while those portions of the Work not yet occupied or used by Owner shall remain covered by the builder's risk insurance.

E. *Additional Insurance*: If Contractor elects to obtain other special insurance to be included in or supplement the builder's risk or property insurance policies provided under this Paragraph 6.05, it may do so at Contractor's expense.

F. *Insurance of Other Property*: If the express insurance provisions of the Contract do not require or address the insurance of a property item or interest, such as tools, construction equipment, or other personal property owned by Contractor, a Subcontractor, or an employee of Contractor or a Subcontractor, then the entity or individual owning such property item will be responsible for deciding whether to insure it, and if so in what amount.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

6.06 Waiver of Rights

A. All policies purchased in accordance with Paragraph 6.05, expressly including the builder's risk policy, shall contain provisions to the effect that in the event of payment of any loss or damage the insurers will have no rights of recovery against any insureds thereunder, or against Engineer or its consultants, or their officers, directors, members, partners, employees, agents, consultants, or subcontractors. Owner and Contractor waive all rights against each other and the respective officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them, for all losses and damages caused by, arising out of, or resulting from any of the perils or causes of loss covered by such policies and any other property insurance applicable to the Work; and, in addition, waive all such rights against Engineer, its consultants, all Subcontractors, all individuals or entities identified in the Supplementary Conditions as insureds, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them, under such policies for losses and damages so caused. None of the above waivers shall extend to the rights that any party making such waiver may have to the proceeds of insurance held by Owner or Contractor as trustee or fiduciary, or otherwise payable under any policy so issued.

B. Owner waives all rights against Contractor, Subcontractors, and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them, for:

1. loss due to business interruption, loss of use, or other consequential loss extending beyond direct physical loss or damage to Owner's property or the Work caused by, arising out of, or resulting from fire or other perils whether or not insured by Owner; and

2. loss or damage to the completed Project or part thereof caused by, arising out of, or resulting from fire or other insured peril or cause of loss covered by any property insurance maintained on the completed Project or part thereof by Owner during partial occupancy or use pursuant to Paragraph 15.04, after Substantial Completion pursuant to Paragraph 15.03, or after final payment pursuant to Paragraph 15.06.

C. Any insurance policy maintained by Owner covering any loss, damage or consequential loss referred to in Paragraph 6.06.B shall contain provisions to the effect that in the event of payment of any such loss, damage, or consequential loss, the insurers will have no rights of recovery against Contractor, Subcontractors, or Engineer, or the officers, directors, members, partners, employees, agents, consultants, or subcontractors of each and any of them.

D. Contractor shall be responsible for assuring that the agreement under which a Subcontractor performs a portion of the Work contains provisions whereby the Subcontractor waives all rights against Owner, Contractor, all individuals or entities identified in the Supplementary Conditions as insureds, the Engineer and its consultants, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them, for all losses and damages caused by, arising out of, relating to, or resulting from any of the perils or causes of loss covered by builder's risk insurance and any other property insurance applicable to the Work.

6.07 Receipt and Application of Property Insurance Proceeds

A. Any insured loss under the builder's risk and other policies of insurance required by Paragraph 6.05 will be adjusted and settled with the named insured that purchased the

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

policy. Such named insured shall act as fiduciary for the other insureds, and give notice to such other insureds that adjustment and settlement of a claim is in progress. Any other insured may state its position regarding a claim for insured loss in writing within 15 days after notice of such claim.

B. Proceeds for such insured losses may be made payable by the insurer either jointly to multiple insureds, or to the named insured that purchased the policy in its own right and as fiduciary for other insureds, subject to the requirements of any applicable mortgage clause. A named insured receiving insurance proceeds under the builder's risk and other policies of insurance required by Paragraph 6.05 shall distribute such proceeds in accordance with such agreement as the parties in interest may reach, or as otherwise required under the dispute resolution provisions of this Contract or applicable Laws and Regulations.

C. If no other special agreement is reached, the damaged Work shall be repaired or replaced, the money so received applied on account thereof, and the Work and the cost thereof covered by Change Order, if needed.

ARTICLE 7 – CONTRACTOR'S RESPONSIBILITIES

7.01 Supervision and Superintendence

A. Contractor shall supervise, inspect, and direct the Work competently and efficiently, devoting such attention thereto and applying such skills and expertise as may be necessary to perform the Work in accordance with the Contract Documents. Contractor shall be solely responsible for the means, methods, techniques, sequences, and procedures of construction.

B. At all times during the progress of the Work, Contractor shall assign a competent resident superintendent who shall not be replaced without written notice to Owner and Engineer except under extraordinary circumstances.

7.02 Labor; Working Hours

A. Contractor shall provide competent, suitably qualified personnel to survey and lay out the Work and perform construction as required by the Contract Documents. Contractor shall at all times maintain good discipline and order at the Site.

B. Except as otherwise required for the safety or protection of persons or the Work or property at the Site or adjacent thereto, and except as otherwise stated in the Contract Documents, all Work at the Site shall be performed during regular working hours, Monday through Friday. Contractor will not perform Work on a Saturday, Sunday, or any legal holiday. Contractor may perform Work outside regular working hours or on Saturdays, Sundays, or legal holidays only with Owner's written consent, which will not be unreasonably withheld.

7.03 Services, Materials, and Equipment

A. Unless otherwise specified in the Contract Documents, Contractor shall provide and assume full responsibility for all services, materials, equipment, labor, transportation, construction equipment and machinery, tools, appliances, fuel, power, light, heat, telephone, water, sanitary facilities, temporary facilities, and all other facilities and incidentals necessary for the performance, testing, start up, and completion of the Work, whether or not such items are specifically called for in the Contract Documents.

B. All materials and equipment incorporated into the Work shall be of good quality and new, except as otherwise provided in the Contract Documents. All special warranties and

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

guarantees required by the Specifications shall expressly run to the benefit of Owner. If required by Engineer, Contractor shall furnish satisfactory evidence (including reports of required tests) as to the source, kind, and quality of materials and equipment.

C. All materials and equipment shall be stored, applied, installed, connected, erected, protected, used, cleaned, and conditioned in accordance with instructions of the applicable Supplier, except as otherwise may be provided in the Contract Documents.

7.04 "Or Equals"

A. Whenever an item of material or equipment is specified or described in the Contract Documents by using the name of a proprietary item or the name of a particular Supplier, the Contract Price has been based upon Contractor furnishing such item as specified. The specification or description of such an item is intended to establish the type, function, appearance, and quality required. Unless the specification or description contains or is followed by words reading that no like, equivalent, or "or equal" item is permitted, Contractor may request that Engineer authorize the use of other items of material or equipment, or items from other proposed suppliers under the circumstances described below.

1. If Engineer in its sole discretion determines that an item of material or equipment proposed by Contractor is functionally equal to that named and sufficiently similar so that no change in related Work will be required, Engineer shall deem it an "or equal" item. For the purposes of this paragraph, a proposed item of material or equipment will be considered functionally equal to an item so named if:

a. in the exercise of reasonable judgment Engineer determines that:

1) it is at least equal in materials of construction, quality, durability, appearance, strength, and design characteristics;

2) it will reliably perform at least equally well the function and achieve the results imposed by the design concept of the completed Project as a functioning whole;

3) it has a proven record of performance and availability of responsive service; and

4) it is not objectionable to Owner.

b. Contractor certifies that, if approved and incorporated into the Work:

1) there will be no increase in cost to the Owner or increase in Contract Times; and

2) it will conform substantially to the detailed requirements of the item named in the Contract Documents.

B. *Contractor's Expense*: Contractor shall provide all data in support of any proposed "or equal" item at Contractor's expense.

C. *Engineer's Evaluation and Determination*: Engineer will be allowed a reasonable time to evaluate each "or-equal" request. Engineer may require Contractor to furnish additional data about the proposed "or-equal" item. Engineer will be the sole judge of acceptability. No "or-equal" item will be ordered, furnished, installed, or utilized until Engineer's review is complete and Engineer determines that the proposed item is an "or-equal", which will be evidenced by an approved Shop Drawing or other written communication. Engineer will advise Contractor in writing of any negative determination.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

D. *Effect of Engineer's Determination*: Neither approval nor denial of an "or-equal" request shall result in any change in Contract Price. The Engineer's denial of an "or-equal" request shall be final and binding, and may not be reversed through an appeal under any provision of the Contract Documents.

E. *Treatment as a Substitution Request*: If Engineer determines that an item of material or equipment proposed by Contractor does not qualify as an "or-equal" item, Contractor may request that Engineer considered the proposed item as a substitute pursuant to Paragraph 7.05.

7.05 Substitutes

A. Unless the specification or description of an item of material or equipment required to be furnished under the Contract Documents contains or is followed by words reading that no substitution is permitted, Contractor may request that Engineer authorize the use of other items of material or equipment under the circumstances described below. To the extent possible such requests shall be made before commencement of related construction at the Site.

1. Contractor shall submit sufficient information as provided below to allow Engineer to determine if the item of material or equipment proposed is functionally equivalent to that named and an acceptable substitute therefor. Engineer will not accept requests for review of proposed substitute items of material or equipment from anyone other than Contractor.

2. The requirements for review by Engineer will be as set forth in Paragraph 7.05.B, as supplemented by the Specifications, and as Engineer may decide is appropriate under the circumstances.

3. Contractor shall make written application to Engineer for review of a proposed substitute item of material or equipment that Contractor seeks to furnish or use. The application:

a. shall certify that the proposed substitute item will:

1) perform adequately the functions and achieve the results called for by the general design,

2) be similar in substance to that specified, and

3) be suited to the same use as that specified.

b. will state:

1) the extent, if any, to which the use of the proposed substitute item will necessitate a change in Contract Times,

2) whether use of the proposed substitute item in the Work will require a change in any of the Contract Documents (or in the provisions of any other direct contract with Owner for other work on the Project) to adapt the design to the proposed substitute item, and

3) whether incorporation or use of the proposed substitute item in connection with the Work is subject to payment of any license fee or royalty.

c. will identify:

1) all variations of the proposed substitute item from that specified, and

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2) available engineering, sales, maintenance, repair, and replacement services.

d. shall contain an itemized estimate of all costs or credits that will result directly or indirectly from use of such substitute item, including but not limited to changes in Contract Price, shared savings, costs of redesign, and claims of other contractors affected by any resulting change.

B. *Engineer's Evaluation and Determination*: Engineer will be allowed a reasonable time to evaluate each substitute request, and to obtain comments and direction from Owner. Engineer may require Contractor to furnish additional data about the proposed substitute item. Engineer will be the sole judge of acceptability. No substitute will be ordered, furnished, installed, or utilized until Engineer's review is complete and Engineer determines that the proposed item is an acceptable substitute. Engineer's determination will be evidenced by a Field Order or a proposed Change Order accounting for the substitution itself and all related impacts, including changes in Contract Price or Contract Times. Engineer will advise Contractor in writing of any negative determination.

C. *Special Guarantee*: Owner may require Contractor to furnish at Contractor's expense a special performance guarantee or other surety with respect to any substitute.

D. *Reimbursement of Engineer's Cost*: Engineer will record Engineer's costs in evaluating a substitute proposed or submitted by Contractor. Whether or not Engineer approves a substitute so proposed or submitted by Contractor, Contractor shall reimburse Owner for the reasonable charges of Engineer for evaluating each such proposed substitute. Contractor shall also reimburse Owner for the reasonable charges of Engineer for making changes in the Contract Documents (or in the provisions of any other direct contract with Owner) resulting from the acceptance of each proposed substitute.

E. *Contractor's Expense*: Contractor shall provide all data in support of any proposed substitute at Contractor's expense.

F. *Effect of Engineer's Determination*: If Engineer approves the substitution request, Contractor shall execute the proposed Change Order and proceed with the substitution. The Engineer's denial of a substitution request shall be final and binding, and may not be reversed through an appeal under any provision of the Contract Documents. Contractor may challenge the scope of reimbursement costs imposed under Paragraph 7.05.D, by timely submittal of a Change Proposal.

7.06 Concerning Subcontractors, Suppliers, and Others

A. Contractor may retain Subcontractors and Suppliers for the performance of parts of the Work. Such Subcontractors and Suppliers must be acceptable to Owner.

B. Contractor shall retain specific Subcontractors, Suppliers, or other individuals or entities for the performance of designated parts of the Work if required by the Contract to do so.

C. Subsequent to the submittal of Contractor's Bid or final negotiation of the terms of the Contract, Owner may not require Contractor to retain any Subcontractor, Supplier, or other individual or entity to furnish or perform any of the Work against which Contractor has reasonable objection.

D. Prior to entry into any binding subcontract or purchase order, Contractor shall submit to Owner the identity of the proposed Subcontractor or Supplier (unless Owner has already deemed such proposed Subcontractor or Supplier acceptable, during the bidding process or otherwise). Such proposed Subcontractor or Supplier shall be deemed acceptable to Owner unless Owner raises a substantive, reasonable objection within five days.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

E. Owner may require the replacement of any Subcontractor, Supplier, or other individual or entity retained by Contractor to perform any part of the Work. Owner also may require Contractor to retain specific replacements; provided, however, that Owner may not require a replacement to which Contractor has a reasonable objection. If Contractor has submitted the identity of certain Subcontractors, Suppliers, or other individuals or entities for acceptance by Owner, and Owner has accepted it (either in writing or by failing to make written objection thereto), then Owner may subsequently revoke the acceptance of any such Subcontractor, Supplier, or other individual or entity so identified solely on the basis of substantive, reasonable objection after due investigation. Contractor shall submit an acceptable replacement for the rejected Subcontractor, Supplier, or other individual or entity.

F. If Owner requires the replacement of any Subcontractor, Supplier, or other individual or entity retained by Contractor to perform any part of the Work, then Contractor shall be entitled to an adjustment in Contract Price or Contract Times, or both, with respect to the replacement; and Contractor shall initiate a Change Proposal for such adjustment within 30 days of Owner's requirement of replacement.

G. No acceptance by Owner of any such Subcontractor, Supplier, or other individual or entity, whether initially or as a replacement, shall constitute a waiver of the right of Owner to the completion of the Work in accordance with the Contract Documents.

H. On a monthly basis Contractor shall submit to Engineer a complete list of all Subcontractors and Suppliers having a direct contract with Contractor, and of all other Subcontractors and Suppliers known to Contractor at the time of submittal.

I. Contractor shall be fully responsible to Owner and Engineer for all acts and omissions of the Subcontractors, Suppliers, and other individuals or entities performing or furnishing any of the Work just as Contractor is responsible for Contractor's own acts and omissions.

J. Contractor shall be solely responsible for scheduling and coordinating the work of Subcontractors, Suppliers, and all other individuals or entities performing or furnishing any of the Work.

K. Contractor shall restrict all Subcontractors, Suppliers, and such other individuals or entities performing or furnishing any of the Work from communicating with Engineer or Owner, except through Contractor or in case of an emergency, or as otherwise expressly allowed herein.

L. The divisions and sections of the Specifications and the identifications of any Drawings shall not control Contractor in dividing the Work among Subcontractors or Suppliers or delineating the Work to be performed by any specific trade.

M. All Work performed for Contractor by a Subcontractor or Supplier shall be pursuant to an appropriate contractual agreement that specifically binds the Subcontractor or Supplier to the applicable terms and conditions of the Contract Documents for the benefit of Owner and Engineer.

N. Owner may furnish to any Subcontractor or Supplier, to the extent practicable, information about amounts paid to Contractor on account of Work performed for Contractor by the particular Subcontractor or Supplier.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

O. Nothing in the Contract Documents:

1. shall create for the benefit of any such Subcontractor, Supplier, or other individual or entity any contractual relationship between Owner or Engineer and any such Subcontractor, Supplier, or other individual or entity; nor

2. shall create any obligation on the part of Owner or Engineer to pay or to see to the payment of any money due any such Subcontractor, Supplier, or other individual or entity except as may otherwise be required by Laws and Regulations.

7.07 Patent Fees and Royalties

A. Contractor shall pay all license fees and royalties and assume all costs incident to the use in the performance of the Work or the incorporation in the Work of any invention, design, process, product, or device which is the subject of patent rights or copyrights held by others. If a particular invention, design, process, product, or device is specified in the Contract Documents for use in the performance of the Work and if, to the actual knowledge of Owner or Engineer, its use is subject to patent rights or copyrights calling for the payment of any license fee or royalty to others, the existence of such rights shall be disclosed by Owner in the Contract Documents.

B. To the fullest extent permitted by Laws and Regulations, Owner shall indemnify and hold harmless Contractor, and its officers, directors, members, partners, employees, agents, consultants, and subcontractors from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals, and all court or arbitration or other dispute resolution costs) arising out of or relating to any infringement of patent rights or copyrights incident to the use in the performance of the Work or resulting from the incorporation in the Work of any invention, design, process, product, or device specified in the Contract Documents, but not identified as being subject to payment of any license fee or royalty to others required by patent rights or copyrights.

C. To the fullest extent permitted by Laws and Regulations, Contractor shall indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to any infringement of patent rights or copyrights incident to the use in the performance of the Work or resulting from the incorporation in the Work of any invention, design, process, product, or device not specified in the Contract Documents.

7.08 Permits

A. Unless otherwise provided in the Contract Documents, Contractor shall obtain and pay for all construction permits and licenses. Owner shall assist Contractor, when necessary, in obtaining such permits and licenses. Contractor shall pay all governmental charges and inspection fees necessary for the prosecution of the Work which are applicable at the time of the submission of Contractor's Bid (or when Contractor became bound under a negotiated contract). Owner shall pay all charges of utility owners for connections for providing permanent service to the Work

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

7.09 Taxes

A. Contractor shall pay all sales, consumer, use, and other similar taxes required to be paid by Contractor in accordance with the Laws and Regulations of the place of the Project which are applicable during the performance of the Work.

7.10 Laws and Regulations

A. Contractor shall give all notices required by and shall comply with all Laws and Regulations applicable to the performance of the Work. Except where otherwise expressly required by applicable Laws and Regulations, neither Owner nor Engineer shall be responsible for monitoring Contractor's compliance with any Laws or Regulations.

B. If Contractor performs any Work or takes any other action knowing or having reason to know that it is contrary to Laws or Regulations, Contractor shall bear all resulting costs and losses, and shall indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such Work or other action. It shall not be Contractor's responsibility to make certain that the Work described in the Contract Documents is in accordance with Laws and Regulations, but this shall not relieve Contractor of Contractor's obligations under Paragraph 3.03.

C. Owner or Contractor may give notice to the other party of any changes after the submission of Contractor's Bid (or after the date when Contractor became bound under a negotiated contract) in Laws or Regulations having an effect on the cost or time of performance of the Work, including but not limited to changes in Laws or Regulations having an effect on procuring permits and on sales, use, value-added, consumption, and other similar taxes. If Owner and Contractor are unable to agree on entitlement to or on the amount or extent, if any, of any adjustment in Contract Price or Contract Times resulting from such changes, then within 30 days of such notice Contractor may submit a Change Proposal, or Owner may initiate a Claim.

7.11 Record Documents

A. Contractor shall maintain in a safe place at the Site one printed record copy of all Drawings, Specifications, Addenda, Change Orders, Work Change Directives, Field Orders, written interpretations and clarifications, and approved Shop Drawings. Contractor shall keep such record documents in good order and annotate them to show changes made during construction. These record documents, together with all approved Samples, will be available to Engineer for reference. Upon completion of the Work, Contractor shall deliver these record documents to Engineer.

7.12 Safety and Protection

A. Contractor shall be solely responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the Work. Such responsibility does not relieve Subcontractors of their responsibility for the safety of persons or property in the performance of their work, nor for compliance with applicable safety Laws and Regulations. Contractor shall take all necessary precautions for the safety of, and shall provide the necessary protection to prevent damage, injury, or loss to:

1. all persons on the Site or who may be affected by the Work;

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. all the Work and materials and equipment to be incorporated therein, whether in storage on or off the Site; and

3. other property at the Site or adjacent thereto, including trees, shrubs, lawns, walks, pavements, roadways, structures, other work in progress, utilities, and Underground Facilities not designated for removal, relocation, or replacement in the course of construction.

B. Contractor shall comply with all applicable Laws and Regulations relating to the safety of persons or property, or to the protection of persons or property from damage, injury, or loss; and shall erect and maintain all necessary safeguards for such safety and protection. Contractor shall notify Owner; the owners of adjacent property, Underground Facilities, and other utilities; and other contractors and utility owners performing work at or adjacent to the Site, when prosecution of the Work may affect them, and shall cooperate with them in the protection, removal, relocation, and replacement of their property or work in progress.

C. Contractor shall comply with the applicable requirements of Owner's safety programs, if any. The Supplementary Conditions identify any Owner's safety programs that are applicable to the Work.

D. Contractor shall inform Owner and Engineer of the specific requirements of Contractor's safety program with which Owner's and Engineer's employees and representatives must comply while at the Site.

E. All damage, injury, or loss to any property referred to in Paragraph 7.12.A.2 or 7.12.A.3 caused, directly or indirectly, in whole or in part, by Contractor, any Subcontractor, Supplier, or any other individual or entity directly or indirectly employed by any of them to perform any of the Work, or anyone for whose acts any of them may be liable, shall be remedied by Contractor at its expense (except damage or loss attributable to the fault of Drawings or Specifications or to the acts or omissions of Owner or Engineer or anyone employed by any of them, or anyone for whose acts any of them may be liable, and not attributable, directly or indirectly, in whole or in part, to the fault or negligence of Contractor or any Subcontractor, Supplier, or other individual or entity directly or indirectly employed by any of them).

F. Contractor's duties and responsibilities for safety and protection shall continue until such time as all the Work is completed and Engineer has issued a notice to Owner and Contractor in accordance with Paragraph 15.06.B that the Work is acceptable (except as otherwise expressly provided in connection with Substantial Completion).

G. Contractor's duties and responsibilities for safety and protection shall resume whenever Contractor or any Subcontractor or Supplier returns to the Site to fulfill warranty or correction obligations, or to conduct other tasks arising from the Contract Documents.

7.13 Safety Representative

A. Contractor shall designate a qualified and experienced safety representative at the Site whose duties and responsibilities shall be the prevention of accidents and the maintaining and supervising of safety precautions and programs.

7.14 Hazard Communication Programs

A. Contractor shall be responsible for coordinating any exchange of material safety data sheets or other hazard communication information required to be made available to or

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

exchanged between or among employers at the Site in accordance with Laws or Regulations.

7.15 Emergencies

A. In emergencies affecting the safety or protection of persons or the Work or property at the Site or adjacent thereto, Contractor is obligated to act to prevent threatened damage, injury, or loss. Contractor shall give Engineer prompt written notice if Contractor believes that any significant changes in the Work or variations from the Contract Documents have been caused thereby or are required as a result thereof. If Engineer determines that a change in the Contract Documents is required because of the action taken by Contractor in response to such an emergency, a Work Change Directive or Change Order will be issued.

7.16 Shop Drawings, Samples, and Other Submittals

A. *Shop Drawing and Sample Submittal Requirements*:

1. Before submitting a Shop Drawing or Sample, Contractor shall have:

a. reviewed and coordinated the Shop Drawing or Sample with other Shop Drawings and Samples and with the requirements of the Work and the Contract Documents;

b. determined and verified all field measurements, quantities, dimensions, specified performance and design criteria, installation requirements, materials, catalog numbers, and similar information with respect thereto;

c. determined and verified the suitability of all materials and equipment offered with respect to the indicated application, fabrication, shipping, handling, storage, assembly, and installation pertaining to the performance of the Work; and

d. determined and verified all information relative to Contractor's responsibilities for means, methods, techniques, sequences, and procedures of construction, and safety precautions and programs incident thereto.

2. Each submittal shall bear a stamp or specific written certification that Contractor has satisfied Contractor's obligations under the Contract Documents with respect to Contractor's review of that submittal, and that Contractor approves the submittal.

3. With each submittal, Contractor shall give Engineer specific written notice of any variations that the Shop Drawing or Sample may have from the requirements of the Contract Documents. This notice shall be set forth in a written communication separate from the Shop Drawings or Sample submittal; and, in addition, in the case of Shop Drawings by a specific notation made on each Shop Drawing submitted to Engineer for review and approval of each such variation.

B. *Submittal Procedures for Shop Drawings and Samples*: Contractor shall submit Shop Drawings and Samples to Engineer for review and approval in accordance with the accepted Schedule of Submittals. Each submittal will be identified as Engineer may require.

1. *Shop Drawings*:

a. Contractor shall submit the number of copies required in the Specifications.

b. Data shown on the Shop Drawings will be complete with respect to quantities, dimensions, specified performance and design criteria, materials, and similar data to show Engineer the services, materials, and equipment Contractor proposes to

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

provide and to enable Engineer to review the information for the limited purposes required by Paragraph 7.16.D.

2. *Samples*:

   a. Contractor shall submit the number of Samples required in the Specifications.

   b. Contractor shall clearly identify each Sample as to material, Supplier, pertinent data such as catalog numbers, the use for which intended and other data as Engineer may require to enable Engineer to review the submittal for the limited purposes required by Paragraph 7.16.D.

3. Where a Shop Drawing or Sample is required by the Contract Documents or the Schedule of Submittals, any related Work performed prior to Engineer's review and approval of the pertinent submittal will be at the sole expense and responsibility of Contractor.

C. *Other Submittals*: Contractor shall submit other submittals to Engineer in accordance with the accepted Schedule of Submittals, and pursuant to the applicable terms of the Specifications.

D. *Engineer's Review*:

1. Engineer will provide timely review of Shop Drawings and Samples in accordance with the Schedule of Submittals acceptable to Engineer. Engineer's review and approval will be only to determine if the items covered by the submittals will, after installation or incorporation in the Work, conform to the information given in the Contract Documents and be compatible with the design concept of the completed Project as a functioning whole as indicated by the Contract Documents.

2. Engineer's review and approval will not extend to means, methods, techniques, sequences, or procedures of construction or to safety precautions or programs incident thereto.

3. Engineer's review and approval of a separate item as such will not indicate approval of the assembly in which the item functions.

4. Engineer's review and approval of a Shop Drawing or Sample shall not relieve Contractor from responsibility for any variation from the requirements of the Contract Documents unless Contractor has complied with the requirements of Paragraph 7.16.A.3 and Engineer has given written approval of each such variation by specific written notation thereof incorporated in or accompanying the Shop Drawing or Sample. Engineer will document any such approved variation from the requirements of the Contract Documents in a Field Order.

5. Engineer's review and approval of a Shop Drawing or Sample shall not relieve Contractor from responsibility for complying with the requirements of Paragraph 7.16.A and B.

6. Engineer's review and approval of a Shop Drawing or Sample, or of a variation from the requirements of the Contract Documents, shall not, under any circumstances, change the Contract Times or Contract Price, unless such changes are included in a Change Order.

7. Neither Engineer's receipt, review, acceptance or approval of a Shop Drawing, Sample, or other submittal shall result in such item becoming a Contract Document.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

8. Contractor shall perform the Work in compliance with the requirements and commitments set forth in approved Shop Drawings and Samples, subject to the provisions of Paragraph 7.16.D.4.

E. *Resubmittal Procedures*:

1. Contractor shall make corrections required by Engineer and shall return the required number of corrected copies of Shop Drawings and submit, as required, new Samples for review and approval. Contractor shall direct specific attention in writing to revisions other than the corrections called for by Engineer on previous submittals.

2. Contractor shall furnish required submittals with sufficient information and accuracy to obtain required approval of an item with no more than three submittals. Engineer will record Engineer's time for reviewing a fourth or subsequent submittal of a Shop Drawings, sample, or other item requiring approval, and Contractor shall be responsible for Engineer's charges to Owner for such time. Owner may impose a set-off against payments due to Contractor to secure reimbursement for such charges.

3. If Contractor requests a change of a previously approved submittal item, Contractor shall be responsible for Engineer's charges to Owner for its review time, and Owner may impose a set-off against payments due to Contractor to secure reimbursement for such charges, unless the need for such change is beyond the control of Contractor.

7.17 Contractor's General Warranty and Guarantee

A. Contractor warrants and guarantees to Owner that all Work will be in accordance with the Contract Documents and will not be defective. Engineer and its officers, directors, members, partners, employees, agents, consultants, and subcontractors shall be entitled to rely on Contractor's warranty and guarantee.

B. Contractor's warranty and guarantee hereunder excludes defects or damage caused by:

1. abuse, modification, or improper maintenance or operation by persons other than Contractor, Subcontractors, Suppliers, or any other individual or entity for whom Contractor is responsible; or

2. normal wear and tear under normal usage.

C. Contractor's obligation to perform and complete the Work in accordance with the Contract Documents shall be absolute. None of the following will constitute an acceptance of Work that is not in accordance with the Contract Documents or a release of Contractor's obligation to perform the Work in accordance with the Contract Documents:

1. observations by Engineer;

2. recommendation by Engineer or payment by Owner of any progress or final payment;

3. the issuance of a certificate of Substantial Completion by Engineer or any payment related thereto by Owner;

4. use or occupancy of the Work or any part thereof by Owner;

5. any review and approval of a Shop Drawing or Sample submittal;

6. the issuance of a notice of acceptability by Engineer;

7. any inspection, test, or approval by others; or

8. any correction of defective Work by Owner.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

D. If the Contract requires the Contractor to accept the assignment of a contract entered into by Owner, then the specific warranties, guarantees, and correction obligations contained in the assigned contract shall govern with respect to Contractor's performance obligations to Owner for the Work described in the assigned contract.

7.18 Indemnification

A. To the fullest extent permitted by Laws and Regulations, and in addition to any other obligations of Contractor under the Contract or otherwise, Contractor shall indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to the performance of the Work, provided that any such claim, cost, loss, or damage is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom but only to the extent caused by any negligent act or omission of Contractor, any Subcontractor, any Supplier, or any individual or entity directly or indirectly employed by any of them to perform any of the Work or anyone for whose acts any of them may be liable.

B. In any and all claims against Owner or Engineer or any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors by any employee (or the survivor or personal representative of such employee) of Contractor, any Subcontractor, any Supplier, or any individual or entity directly or indirectly employed by any of them to perform any of the Work, or anyone for whose acts any of them may be liable, the indemnification obligation under Paragraph 7.18.A shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for Contractor or any such Subcontractor, Supplier, or other individual or entity under workers' compensation acts, disability benefit acts, or other employee benefit acts.

C. The indemnification obligations of Contractor under Paragraph 7.18.A shall not extend to the liability of Engineer and Engineer's officers, directors, members, partners, employees, agents, consultants and subcontractors arising out of:

1. the preparation or approval of, or the failure to prepare or approve maps, Drawings, opinions, reports, surveys, Change Orders, designs, or Specifications; or

2. giving directions or instructions, or failing to give them, if that is the primary cause of the injury or damage.

7.19 Delegation of Professional Design Services

A. Contractor will not be required to provide professional design services unless such services are specifically required by the Contract Documents for a portion of the Work or unless such services are required to carry out Contractor's responsibilities for construction means, methods, techniques, sequences and procedures. Contractor shall not be required to provide professional services in violation of applicable Laws and Regulations.

B. If professional design services or certifications by a design professional related to systems, materials, or equipment are specifically required of Contractor by the Contract Documents, Owner and Engineer will specify all performance and design criteria that such services must satisfy. Contractor shall cause such services or certifications to be provided by a properly licensed professional, whose signature and seal shall appear on all drawings, calculations, specifications, certifications, and other submittals prepared by such professional. Shop

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

Drawings and other submittals related to the Work designed or certified by such professional, if prepared by others, shall bear such professional's written approval when submitted to Engineer.

C. Owner and Engineer shall be entitled to rely upon the adequacy, accuracy, and completeness of the services, certifications, or approvals performed by such design professionals, provided Owner and Engineer have specified to Contractor all performance and design criteria that such services must satisfy.

D. Pursuant to this paragraph, Engineer's review and approval of design calculations and design drawings will be only for the limited purpose of checking for conformance with performance and design criteria given and the design concept expressed in the Contract Documents. Engineer's review and approval of Shop Drawings and other submittals (except design calculations and design drawings) will be only for the purpose stated in Paragraph 7.16.D.1.

E. Contractor shall not be responsible for the adequacy of the performance or design criteria specified by Owner or Engineer.

ARTICLE 8 – OTHER WORK AT THE SITE

8.01 Other Work

A. In addition to and apart from the Work under the Contract Documents, the Owner may perform other work at or adjacent to the Site. Such other work may be performed by Owner's employees, or through contracts between the Owner and third parties. Owner may also arrange to have third-party utility owners perform work on their utilities and facilities at or adjacent to the Site.

B. If Owner performs other work at or adjacent to the Site with Owner's employees, or through contracts for such other work, then Owner shall give Contractor written notice thereof prior to starting any such other work. If Owner has advance information regarding the start of any utility work at or adjacent to the Site, Owner shall provide such information to Contractor.

C. Contractor shall afford each other contractor that performs such other work, each utility owner performing other work, and Owner, if Owner is performing other work with Owner's employees, proper and safe access to the Site, and provide a reasonable opportunity for the introduction and storage of materials and equipment and the execution of such other work. Contractor shall do all cutting, fitting, and patching of the Work that may be required to properly connect or otherwise make its several parts come together and properly integrate with such other work. Contractor shall not endanger any work of others by cutting, excavating, or otherwise altering such work; provided, however, that Contractor may cut or alter others' work with the written consent of Engineer and the others whose work will be affected.

D. If the proper execution or results of any part of Contractor's Work depends upon work performed by others under this Article 8, Contractor shall inspect such other work and promptly report to Engineer in writing any delays, defects, or deficiencies in such other work that render it unavailable or unsuitable for the proper execution and results of Contractor's Work. Contractor's failure to so report will constitute an acceptance of such other work as fit and proper for integration with Contractor's Work except for latent defects and deficiencies in such other work.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

8.02 Coordination

A. If Owner intends to contract with others for the performance of other work at or adjacent to the Site, to perform other work at or adjacent to the Site with Owner's employees, or to arrange to have utility owners perform work at or adjacent to the Site, the following will be set forth in the Supplementary Conditions or provided to Contractor prior to the start of any such other work:

1. the identity of the individual or entity that will have authority and responsibility for coordination of the activities among the various contractors;

2. an itemization of the specific matters to be covered by such authority and responsibility; and

3. the extent of such authority and responsibilities.

B. Unless otherwise provided in the Supplementary Conditions, Owner shall have sole authority and responsibility for such coordination.

8.03 Legal Relationships

A. If, in the course of performing other work at or adjacent to the Site for Owner, the Owner's employees, any other contractor working for Owner, or any utility owner for whom the Owner is responsible causes damage to the Work or to the property of Contractor or its Subcontractors, or delays, disrupts, interferes with, or increases the scope or cost of the performance of the Work, through actions or inaction, then Contractor shall be entitled to an equitable adjustment in the Contract Price or the Contract Times, or both. Contractor must submit any Change Proposal seeking an equitable adjustment in the Contract Price or the Contract Times under this paragraph within 30 days of the damaging, delaying, disrupting, or interfering event. The entitlement to, and extent of, any such equitable adjustment shall take into account information (if any) regarding such other work that was provided to Contractor in the Contract Documents prior to the submittal of the Bid or the final negotiation of the terms of the Contract. When applicable, any such equitable adjustment in Contract Price shall be conditioned on Contractor assigning to Owner all Contractor's rights against such other contractor or utility owner with respect to the damage, delay, disruption, or interference that is the subject of the adjustment. Contractor's entitlement to an adjustment of the Contract Times is conditioned on such adjustment being essential to Contractor's ability to complete the Work within the Contract Times.

B. Contractor shall take reasonable and customary measures to avoid damaging, delaying, disrupting, or interfering with the work of Owner, any other contractor, or any utility owner performing other work at or adjacent to the Site. If Contractor fails to take such measures and as a result damages, delays, disrupts, or interferes with the work of any such other contractor or utility owner, then Owner may impose a set-off against payments due to Contractor, and assign to such other contractor or utility owner the Owner's contractual rights against Contractor with respect to the breach of the obligations set forth in this paragraph.

C. When Owner is performing other work at or adjacent to the Site with Owner's employees, Contractor shall be liable to Owner for damage to such other work, and for the reasonable direct delay, disruption, and interference costs incurred by Owner as a result of Contractor's failure to take reasonable and customary measures with respect to Owner's other work. In response to such damage, delay, disruption, or interference, Owner may impose a set-off against payments due to Contractor.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

D. If Contractor damages, delays, disrupts, or interferes with the work of any other contractor, or any utility owner performing other work at or adjacent to the Site, through Contractor's failure to take reasonable and customary measures to avoid such impacts, or if any claim arising out of Contractor's actions, inactions, or negligence in performance of the Work at or adjacent to the Site is made by any such other contractor or utility owner against Contractor, Owner, or Engineer, then Contractor shall (1) promptly attempt to settle the claim as to all parties through negotiations with such other contractor or utility owner, or otherwise resolve the claim by arbitration or other dispute resolution proceeding or at law, and (2) indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them from and against any such claims, and against all costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such damage, delay, disruption, or interference.

ARTICLE 9 – OWNER'S RESPONSIBILITIES

9.01 Communications to Contractor

A. Except as otherwise provided in these General Conditions, Owner shall issue all communications to Contractor through Engineer.

9.02 Replacement of Engineer

A. Owner may at its discretion appoint an engineer to replace Engineer, provided Contractor makes no reasonable objection to the replacement engineer. The replacement engineer's status under the Contract Documents shall be that of the former Engineer.

9.03 Furnish Data

A. Owner shall promptly furnish the data required of Owner under the Contract Documents.

9.04 Pay When Due

A. Owner shall make payments to Contractor when they are due as provided in the Agreement.

9.05 Lands and Easements; Reports, Tests, and Drawings

A. Owner's duties with respect to providing lands and easements are set forth in Paragraph 5.01.

B. Owner's duties with respect to providing engineering surveys to establish reference points are set forth in Paragraph 4.03.

C. Article 5 refers to Owner's identifying and making available to Contractor copies of reports of explorations and tests of conditions at the Site, and drawings of physical conditions relating to existing surface or subsurface structures at the Site.

9.06 Insurance

A. Owner's responsibilities, if any, with respect to purchasing and maintaining liability and property insurance are set forth in Article 6.

9.07 Change Orders

A. Owner's responsibilities with respect to Change Orders are set forth in Article 11.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

9.08 Inspections, Tests, and Approvals

A. Owner's responsibility with respect to certain inspections, tests, and approvals is set forth in Paragraph 14.02.B.

9.09 Limitations on Owner's Responsibilities

A. The Owner shall not supervise, direct, or have control or authority over, nor be responsible for, Contractor's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of Contractor to comply with Laws and Regulations applicable to the performance of the Work. Owner will not be responsible for Contractor's failure to perform the Work in accordance with the Contract Documents.

9.10 Undisclosed Hazardous Environmental Condition

A. Owner's responsibility in respect to an undisclosed Hazardous Environmental Condition is set forth in Paragraph 5.06.

9.11 Evidence of Financial Arrangements

A. Upon request of Contractor, Owner shall furnish Contractor reasonable evidence that financial arrangements have been made to satisfy Owner's obligations under the Contract Documents (including obligations under proposed changes in the Work).

9.12 Safety Programs

A. While at the Site, Owner's employees and representatives shall comply with the specific applicable requirements of Contractor's safety programs of which Owner has been informed.

B. Owner shall furnish copies of any applicable Owner safety programs to Contractor.

ARTICLE 10 – ENGINEER'S STATUS DURING CONSTRUCTION

10.01 Owner's Representative

A. Engineer will be Owner's representative during the construction period. The duties and responsibilities and the limitations of authority of Engineer as Owner's representative during construction are set forth in the Contract.

10.02 Visits to Site

A. Engineer will make visits to the Site at intervals appropriate to the various stages of construction as Engineer deems necessary in order to observe as an experienced and qualified design professional the progress that has been made and the quality of the various aspects of Contractor's executed Work. Based on information obtained during such visits and observations, Engineer, for the benefit of Owner, will determine, in general, if the Work is proceeding in accordance with the Contract Documents. Engineer will not be required to make exhaustive or continuous inspections on the Site to check the quality or quantity of the Work. Engineer's efforts will be directed toward providing for Owner a greater degree of confidence that the completed Work will conform generally to the Contract Documents. On the basis of such visits and observations, Engineer will keep Owner informed of the progress of the Work and will endeavor to guard Owner against defective Work.

B. Engineer's visits and observations are subject to all the limitations on Engineer's authority and responsibility set forth in Paragraph 10.08. Particularly, but without limitation, during

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

or as a result of Engineer's visits or observations of Contractor's Work, Engineer will not supervise, direct, control, or have authority over or be responsible for Contractor's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of Contractor to comply with Laws and Regulations applicable to the performance of the Work.

10.03 Project Representative

A. If Owner and Engineer have agreed that Engineer will furnish a Resident Project Representative to represent Engineer at the Site and assist Engineer in observing the progress and quality of the Work, then the authority and responsibilities of any such Resident Project Representative will be as provided in the Supplementary Conditions, and limitations on the responsibilities thereof will be as provided in Paragraph 10.08. If Owner designates another representative or agent to represent Owner at the Site who is not Engineer's consultant, agent, or employee, the responsibilities and authority and limitations thereon of such other individual or entity will be as provided in the Supplementary Conditions.

10.04 Rejecting Defective Work

A. Engineer has the authority to reject Work in accordance with Article 14.

10.05 Shop Drawings, Change Orders and Payments

A. Engineer's authority, and limitations thereof, as to Shop Drawings and Samples, are set forth in Paragraph 7.16.

B. Engineer's authority, and limitations thereof, as to design calculations and design drawings submitted in response to a delegation of professional design services, if any, are set forth in Paragraph 7.19.

C. Engineer's authority as to Change Orders is set forth in Article 11.

D. Engineer's authority as to Applications for Payment is set forth in Article 15.

10.06 Determinations for Unit Price Work

A. Engineer will determine the actual quantities and classifications of Unit Price Work performed by Contractor as set forth in Paragraph 13.03.

10.07 Decisions on Requirements of Contract Documents and Acceptability of Work

A. Engineer will render decisions regarding the requirements of the Contract Documents, and judge the acceptability of the Work, pursuant to the specific procedures set forth herein for initial interpretations, Change Proposals, and acceptance of the Work. In rendering such decisions and judgments, Engineer will not show partiality to Owner or Contractor, and will not be liable to Owner, Contractor, or others in connection with any proceedings, interpretations, decisions, or judgments conducted or rendered in good faith.

10.08 Limitations on Engineer's Authority and Responsibilities

A. Neither Engineer's authority or responsibility under this Article 10 or under any other provision of the Contract, nor any decision made by Engineer in good faith either to exercise or not exercise such authority or responsibility or the undertaking, exercise, or performance of any authority or responsibility by Engineer, shall create, impose, or give rise to any duty in contract, tort, or otherwise owed by Engineer to Contractor, any Subcontractor, any Supplier, any other individual or entity, or to any surety for or employee or agent of any of them.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. Engineer will not supervise, direct, control, or have authority over or be responsible for Contractor's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of Contractor to comply with Laws and Regulations applicable to the performance of the Work. Engineer will not be responsible for Contractor's failure to perform the Work in accordance with the Contract Documents.

C. Engineer will not be responsible for the acts or omissions of Contractor or of any Subcontractor, any Supplier, or of any other individual or entity performing any of the Work.

D. Engineer's review of the final Application for Payment and accompanying documentation and all maintenance and operating instructions, schedules, guarantees, bonds, certificates of inspection, tests and approvals, and other documentation required to be delivered by Paragraph 15.06.A will only be to determine generally that their content complies with the requirements of, and in the case of certificates of inspections, tests, and approvals, that the results certified indicate compliance with the Contract Documents.

E. The limitations upon authority and responsibility set forth in this Paragraph 10.08 shall also apply to the Resident Project Representative, if any.

10.09 Compliance with Safety Program

A. While at the Site, Engineer's employees and representatives will comply with the specific applicable requirements of Owner's and Contractor's safety programs (if any) of which Engineer has been informed.

ARTICLE 11 – AMENDING THE CONTRACT DOCUMENTS; CHANGES IN THE WORK

11.01 Amending and Supplementing Contract Documents

A. The Contract Documents may be amended or supplemented by a Change Order, a Work Change Directive, or a Field Order.

1. *Change Orders*:

a. If an amendment or supplement to the Contract Documents includes a change in the Contract Price or the Contract Times, such amendment or supplement must be set forth in a Change Order. A Change Order also may be used to establish amendments and supplements of the Contract Documents that do not affect the Contract Price or Contract Times.

b. Owner and Contractor may amend those terms and conditions of the Contract Documents that do not involve (1) the performance or acceptability of the Work, (2) the design (as set forth in the Drawings, Specifications, or otherwise), or (3) other engineering or technical matters, without the recommendation of the Engineer. Such an amendment shall be set forth in a Change Order.

2. *Work Change Directives*: A Work Change Directive will not change the Contract Price or the Contract Times but is evidence that the parties expect that the modification ordered or documented by a Work Change Directive will be incorporated in a subsequently issued Change Order, following negotiations by the parties as to the Work Change Directive's effect, if any, on the Contract Price and Contract Times; or, if negotiations are unsuccessful, by a determination under the terms of the Contract Documents governing adjustments, expressly including Paragraph 11.04 regarding change of Contract Price. Contractor must submit any Change Proposal seeking an

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

adjustment of the Contract Price or the Contract Times, or both, no later than 30 days after the completion of the Work set out in the Work Change Directive. Owner must submit any Claim seeking an adjustment of the Contract Price or the Contract Times, or both, no later than 60 days after issuance of the Work Change Directive.

3. *Field Orders*: Engineer may authorize minor changes in the Work if the changes do not involve an adjustment in the Contract Price or the Contract Times and are compatible with the design concept of the completed Project as a functioning whole as indicated by the Contract Documents. Such changes will be accomplished by a Field Order and will be binding on Owner and also on Contractor, which shall perform the Work involved promptly. If Contractor believes that a Field Order justifies an adjustment in the Contract Price or Contract Times, or both, then before proceeding with the Work at issue, Contractor shall submit a Change Proposal as provided herein.

11.02 Owner-Authorized Changes in the Work

A. Without invalidating the Contract and without notice to any surety, Owner may, at any time or from time to time, order additions, deletions, or revisions in the Work. Such changes shall be supported by Engineer's recommendation, to the extent the change involves the design (as set forth in the Drawings, Specifications, or otherwise), or other engineering or technical matters. Such changes may be accomplished by a Change Order, if Owner and Contractor have agreed as to the effect, if any, of the changes on Contract Times or Contract Price; or by a Work Change Directive. Upon receipt of any such document, Contractor shall promptly proceed with the Work involved; or, in the case of a deletion in the Work, promptly cease construction activities with respect to such deleted Work. Added or revised Work shall be performed under the applicable conditions of the Contract Documents. Nothing in this paragraph shall obligate Contractor to undertake work that Contractor reasonably concludes cannot be performed in a manner consistent with Contractor's safety obligations under the Contract Documents or Laws and Regulations.

11.03 Unauthorized Changes in the Work

A. Contractor shall not be entitled to an increase in the Contract Price or an extension of the Contract Times with respect to any work performed that is not required by the Contract Documents, as amended, modified, or supplemented, except in the case of an emergency as provided in Paragraph 7.15 or in the case of uncovering Work as provided in Paragraph 14.05.

11.04 Change of Contract Price

A. The Contract Price may only be changed by a Change Order. Any Change Proposal for an adjustment in the Contract Price shall comply with the provisions of Paragraph 11.06. Any Claim for an adjustment of Contract Price shall comply with the provisions of Article 12.

B. An adjustment in the Contract Price will be determined as follows:

1. where the Work involved is covered by unit prices contained in the Contract Documents, then by application of such unit prices to the quantities of the items involved (subject to the provisions of Paragraph 13.03); or

2. where the Work involved is not covered by unit prices contained in the Contract Documents, then by a mutually agreed lump sum (which may include an allowance for overhead and profit not necessarily in accordance with Paragraph 11.04.C.2); or

3. where the Work involved is not covered by unit prices contained in the Contract Documents and the parties do not reach mutual agreement to a lump sum, then on

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

the basis of the Cost of the Work (determined as provided in Paragraph 13.01) plus a Contractor's fee for overhead and profit (determined as provided in Paragraph 11.04.C).

C. *Contractor's Fee*: When applicable, the Contractor's fee for overhead and profit shall be determined as follows:

1. a mutually acceptable fixed fee; or

2. if a fixed fee is not agreed upon, then a fee based on the following percentages of the various portions of the Cost of the Work:

a. for costs incurred under Paragraphs 13.01.B.1 and 13.01.B.2, the Contractor's fee shall be 15 percent;

b. for costs incurred under Paragraph 13.01.B.3, the Contractor's fee shall be five percent;

c. where one or more tiers of subcontracts are on the basis of Cost of the Work plus a fee and no fixed fee is agreed upon, the intent of Paragraphs 11.04.C.2.a and 11.04.C.2.b is that the Contractor's fee shall be based on: (1) a fee of 15 percent of the costs incurred under Paragraphs 13.01.A.1 and 13.01.A.2 by the Subcontractor that actually performs the Work, at whatever tier, and (2) with respect to Contractor itself and to any Subcontractors of a tier higher than that of the Subcontractor that actually performs the Work, a fee of five percent of the amount (fee plus underlying costs incurred) attributable to the next lower tier Subcontractor; provided, however, that for any such subcontracted work the maximum total fee to be paid by Owner shall be no greater than 27 percent of the costs incurred by the Subcontractor that actually performs the work;

d. no fee shall be payable on the basis of costs itemized under Paragraphs 13.01.B.4, 13.01.B.5, and 13.01.C;

e. the amount of credit to be allowed by Contractor to Owner for any change which results in a net decrease in cost will be the amount of the actual net decrease in cost plus a deduction in Contractor's fee by an amount equal to five percent of such net decrease; and

f. when both additions and credits are involved in any one change, the adjustment in Contractor's fee shall be computed on the basis of the net change in accordance with Paragraphs 11.04.C.2.a through 11.04.C.2.e, inclusive.

11.05 Change of Contract Times

A. The Contract Times may only be changed by a Change Order. Any Change Proposal for an adjustment in the Contract Times shall comply with the provisions of Paragraph 11.06. Any Claim for an adjustment in the Contract Times shall comply with the provisions of Article 12.

B. An adjustment of the Contract Times shall be subject to the limitations set forth in Paragraph 4.05, concerning delays in Contractor's progress.

11.06 Change Proposals

A. Contractor shall submit a Change Proposal to Engineer to request an adjustment in the Contract Times or Contract Price; appeal an initial decision by Engineer concerning the requirements of the Contract Documents or relating to the acceptability of the Work under the Contract Documents; contest a set-off against payment due; or seek other relief under

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

the Contract. The Change Proposal shall specify any proposed change in Contract Times or Contract Price, or both, or other proposed relief, and explain the reason for the proposed change, with citations to any governing or applicable provisions of the Contract Documents.

1. *Procedures*: Contractor shall submit each Change Proposal to Engineer promptly (but in no event later than 30 days) after the start of the event giving rise thereto, or after such initial decision. The Contractor shall submit supporting data, including the proposed change in Contract Price or Contract Time (if any), to the Engineer and Owner within 15 days after the submittal of the Change Proposal. The supporting data shall be accompanied by a written statement that the supporting data are accurate and complete, and that any requested time or price adjustment is the entire adjustment to which Contractor believes it is entitled as a result of said event. Engineer will advise Owner regarding the Change Proposal, and consider any comments or response from Owner regarding the Change Proposal.

2. *Engineer's Action*: Engineer will review each Change Proposal and, within 30 days after receipt of the Contractor's supporting data, either deny the Change Proposal in whole, approve it in whole, or deny it in part and approve it in part. Such actions shall be in writing, with a copy provided to Owner and Contractor. If Engineer does not take action on the Change Proposal within 30 days, then either Owner or Contractor may at any time thereafter submit a letter to the other party indicating that as a result of Engineer's inaction the Change Proposal is deemed denied, thereby commencing the time for appeal of the denial under Article 12.

3. *Binding Decision*: Engineer's decision will be final and binding upon Owner and Contractor, unless Owner or Contractor appeals the decision by filing a Claim under Article 12.

B. *Resolution of Certain Change Proposals*: If the Change Proposal does not involve the design (as set forth in the Drawings, Specifications, or otherwise), the acceptability of the Work, or other engineering or technical matters, then Engineer will notify the parties that the Engineer is unable to resolve the Change Proposal. For purposes of further resolution of such a Change Proposal, such notice shall be deemed a denial, and Contractor may choose to seek resolution under the terms of Article 12.

11.07 Execution of Change Orders

A. Owner and Contractor shall execute appropriate Change Orders covering:

1. changes in the Contract Price or Contract Times which are agreed to by the parties, including any undisputed sum or amount of time for Work actually performed in accordance with a Work Change Directive;

2. changes in Contract Price resulting from an Owner set-off, unless Contractor has duly contested such set-off;

3. changes in the Work which are: (a) ordered by Owner pursuant to Paragraph 11.02, (b) required because of Owner's acceptance of defective Work under Paragraph 14.04 or Owner's correction of defective Work under Paragraph 14.07, or (c) agreed to by the parties, subject to the need for Engineer's recommendation if the change in the Work involves the design (as set forth in the Drawings, Specifications, or otherwise), or other engineering or technical matters; and

4. changes in the Contract Price or Contract Times, or other changes, which embody the substance of any final and binding results under Paragraph 11.06, or Article 12.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. If Owner or Contractor refuses to execute a Change Order that is required to be executed under the terms of this Paragraph 11.07, it shall be deemed to be of full force and effect, as if fully executed.

11.08 Notification to Surety

A. If the provisions of any bond require notice to be given to a surety of any change affecting the general scope of the Work or the provisions of the Contract Documents (including, but not limited to, Contract Price or Contract Times), the giving of any such notice will be Contractor's responsibility. The amount of each applicable bond will be adjusted to reflect the effect of any such change.

ARTICLE 12 – CLAIMS

12.01 Claims

A. *Claims Process*: The following disputes between Owner and Contractor shall be submitted to the Claims process set forth in this Article:

1. Appeals by Owner or Contractor of Engineer's decisions regarding Change Proposals;

2. Owner demands for adjustments in the Contract Price or Contract Times, or other relief under the Contract Documents; and

3. Disputes that Engineer has been unable to address because they do not involve the design (as set forth in the Drawings, Specifications, or otherwise), the acceptability of the Work, or other engineering or technical matters.

B. *Submittal of Claim*: The party submitting a Claim shall deliver it directly to the other party to the Contract promptly (but in no event later than 30 days) after the start of the event giving rise thereto; in the case of appeals regarding Change Proposals within 30 days of the decision under appeal. The party submitting the Claim shall also furnish a copy to the Engineer, for its information only. The responsibility to substantiate a Claim shall rest with the party making the Claim. In the case of a Claim by Contractor seeking an increase in the Contract Times or Contract Price, or both, Contractor shall certify that the Claim is made in good faith, that the supporting data are accurate and complete, and that to the best of Contractor's knowledge and belief the amount of time or money requested accurately reflects the full amount to which Contractor is entitled.

C. *Review and Resolution*: The party receiving a Claim shall review it thoroughly, giving full consideration to its merits. The two parties shall seek to resolve the Claim through the exchange of information and direct negotiations. The parties may extend the time for resolving the Claim by mutual agreement. All actions taken on a Claim shall be stated in writing and submitted to the other party, with a copy to Engineer.

D. *Mediation*:

1. At any time after initiation of a Claim, Owner and Contractor may mutually agree to mediation of the underlying dispute. The agreement to mediate shall stay the Claim submittal and response process.

2. If Owner and Contractor agree to mediation, then after 60 days from such agreement, either Owner or Contractor may unilaterally terminate the mediation process, and the Claim submittal and decision process shall resume as of the date of the termination. If the mediation proceeds but is unsuccessful in resolving the dispute, the Claim

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

submittal and decision process shall resume as of the date of the conclusion of the mediation, as determined by the mediator.

3. Owner and Contractor shall each pay one-half of the mediator's fees and costs.

E. *Partial Approval*: If the party receiving a Claim approves the Claim in part and denies it in part, such action shall be final and binding unless within 30 days of such action the other party invokes the procedure set forth in Article 17 for final resolution of disputes.

F. *Denial of Claim*: If efforts to resolve a Claim are not successful, the party receiving the Claim may deny it by giving written notice of denial to the other party. If the receiving party does not take action on the Claim within 90 days, then either Owner or Contractor may at any time thereafter submit a letter to the other party indicating that as a result of the inaction, the Claim is deemed denied, thereby commencing the time for appeal of the denial. A denial of the Claim shall be final and binding unless within 30 days of the denial the other party invokes the procedure set forth in Article 17 for the final resolution of disputes.

G. *Final and Binding Results*: If the parties reach a mutual agreement regarding a Claim, whether through approval of the Claim, direct negotiations, mediation, or otherwise; or if a Claim is approved in part and denied in part, or denied in full, and such actions become final and binding; then the results of the agreement or action on the Claim shall be incorporated in a Change Order to the extent they affect the Contract, including the Work, the Contract Times, or the Contract Price.

ARTICLE 13 – COST OF THE WORK; ALLOWANCES; UNIT PRICE WORK

13.01 Cost of the Work

A. *Purposes for Determination of Cost of the Work*: The term Cost of the Work means the sum of all costs necessary for the proper performance of the Work at issue, as further defined below. The provisions of this Paragraph 13.01 are used for two distinct purposes:

1. To determine Cost of the Work when Cost of the Work is a component of the Contract Price, under cost-plus-fee, time-and-materials, or other cost-based terms; or

2. To determine the value of a Change Order, Change Proposal, Claim, set-off, or other adjustment in Contract Price. When the value of any such adjustment is determined on the basis of Cost of the Work, Contractor is entitled only to those additional or incremental costs required because of the change in the Work or because of the event giving rise to the adjustment.

B. *Costs Included*: Except as otherwise may be agreed to in writing by Owner, costs included in the Cost of the Work shall be in amounts no higher than those prevailing in the locality of the Project, shall not include any of the costs itemized in Paragraph 13.01.C, and shall include only the following items:

1. Payroll costs for employees in the direct employ of Contractor in the performance of the Work under schedules of job classifications agreed upon by Owner and Contractor. Such employees shall include, without limitation, superintendents, foremen, and other personnel employed full time on the Work. Payroll costs for employees not employed full time on the Work shall be apportioned on the basis of their time spent on the Work. Payroll costs shall include, but not be limited to, salaries and wages plus the cost of fringe benefits, which shall include social security contributions, unemployment, excise, and payroll taxes, workers' compensation, health and retirement benefits, bonuses, sick leave, and vacation and holiday pay applicable

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

thereto. The expenses of performing Work outside of regular working hours, on Saturday, Sunday, or legal holidays, shall be included in the above to the extent authorized by Owner.

2. Cost of all materials and equipment furnished and incorporated in the Work, including costs of transportation and storage thereof, and Suppliers' field services required in connection therewith. All cash discounts shall accrue to Contractor unless Owner deposits funds with Contractor with which to make payments, in which case the cash discounts shall accrue to Owner. All trade discounts, rebates, and refunds and returns from sale of surplus materials and equipment shall accrue to Owner, and Contractor shall make provisions so that they may be obtained.

3. Payments made by Contractor to Subcontractors for Work performed by Subcontractors. If required by Owner, Contractor shall obtain competitive bids from subcontractors acceptable to Owner and Contractor and shall deliver such bids to Owner, who will then determine, with the advice of Engineer, which bids, if any, will be acceptable. If any subcontract provides that the Subcontractor is to be paid on the basis of Cost of the Work plus a fee, the Subcontractor's Cost of the Work and fee shall be determined in the same manner as Contractor's Cost of the Work and fee as provided in this Paragraph 13.01.

4. Costs of special consultants (including but not limited to engineers, architects, testing laboratories, surveyors, attorneys, and accountants) employed for services specifically related to the Work.

5. Supplemental costs including the following:

    a. The proportion of necessary transportation, travel, and subsistence expenses of Contractor's employees incurred in discharge of duties connected with the Work.

    b. Cost, including transportation and maintenance, of all materials, supplies, equipment, machinery, appliances, office, and temporary facilities at the Site, and hand tools not owned by the workers, which are consumed in the performance of the Work, and cost, less market value, of such items used but not consumed which remain the property of Contractor.

    c. Rentals of all construction equipment and machinery, and the parts thereof, whether rented from Contractor or others in accordance with rental agreements approved by Owner with the advice of Engineer, and the costs of transportation, loading, unloading, assembly, dismantling, and removal thereof. All such costs shall be in accordance with the terms of said rental agreements. The rental of any such equipment, machinery, or parts shall cease when the use thereof is no longer necessary for the Work.

    d. Sales, consumer, use, and other similar taxes related to the Work, and for which Contractor is liable, as imposed by Laws and Regulations.

    e. Deposits lost for causes other than negligence of Contractor, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable, and royalty payments and fees for permits and licenses.

    f. Losses and damages (and related expenses) caused by damage to the Work, not compensated by insurance or otherwise, sustained by Contractor in connection with the performance of the Work (except losses and damages within the deductible amounts of property insurance established in accordance with Paragraph 6.05), provided such losses and damages have resulted from causes

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

other than the negligence of Contractor, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable. Such losses shall include settlements made with the written consent and approval of Owner. No such losses, damages, and expenses shall be included in the Cost of the Work for the purpose of determining Contractor's fee.

g. The cost of utilities, fuel, and sanitary facilities at the Site.

h. Minor expenses such as communication service at the Site, express and courier services, and similar petty cash items in connection with the Work.

i. The costs of premiums for all bonds and insurance that Contractor is required by the Contract Documents to purchase and maintain.

C. *Costs Excluded*: The term Cost of the Work shall not include any of the following items:

1. Payroll costs and other compensation of Contractor's officers, executives, principals (of partnerships and sole proprietorships), general managers, safety managers, engineers, architects, estimators, attorneys, auditors, accountants, purchasing and contracting agents, expediters, timekeepers, clerks, and other personnel employed by Contractor, whether at the Site or in Contractor's principal or branch office for general administration of the Work and not specifically included in the agreed upon schedule of job classifications referred to in Paragraph 13.01.B.1 or specifically covered by Paragraph 13.01.B.4. The payroll costs and other compensation excluded here are to be considered administrative costs covered by the Contractor's fee.

2. Expenses of Contractor's principal and branch offices other than Contractor's office at the Site.

3. Any part of Contractor's capital expenses, including interest on Contractor's capital employed for the Work and charges against Contractor for delinquent payments.

4. Costs due to the negligence of Contractor, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable, including but not limited to, the correction of defective Work, disposal of materials or equipment wrongly supplied, and making good any damage to property.

5. Other overhead or general expense costs of any kind and the costs of any item not specifically and expressly included in Paragraph 13.01.B.

D. *Contractor's Fee*: When the Work as a whole is performed on the basis of cost-plus, Contractor's fee shall be determined as set forth in the Agreement. When the value of any Work covered by a Change Order, Change Proposal, Claim, set-off, or other adjustment in Contract Price is determined on the basis of Cost of the Work, Contractor's fee shall be determined as set forth in Paragraph 11.04.C.

E. *Documentation*: Whenever the Cost of the Work for any purpose is to be determined pursuant to this Article 13, Contractor will establish and maintain records thereof in accordance with generally accepted accounting practices and submit in a form acceptable to Engineer an itemized cost breakdown together with supporting data.

13.02 Allowances

A. It is understood that Contractor has included in the Contract Price all allowances so named in the Contract Documents and shall cause the Work so covered to be performed for such sums and by such persons or entities as may be acceptable to Owner and Engineer.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. *Cash Allowances*: Contractor agrees that:

1. the cash allowances include the cost to Contractor (less any applicable trade discounts) of materials and equipment required by the allowances to be delivered at the Site, and all applicable taxes; and

2. Contractor's costs for unloading and handling on the Site, labor, installation, overhead, profit, and other expenses contemplated for the cash allowances have been included in the Contract Price and not in the allowances, and no demand for additional payment on account of any of the foregoing will be valid.

C. *Contingency Allowance*: Contractor agrees that a contingency allowance, if any, is for the sole use of Owner to cover unanticipated costs.

D. Prior to final payment, an appropriate Change Order will be issued as recommended by Engineer to reflect actual amounts due Contractor on account of Work covered by allowances, and the Contract Price shall be correspondingly adjusted.

13.03 Unit Price Work

A. Where the Contract Documents provide that all or part of the Work is to be Unit Price Work, initially the Contract Price will be deemed to include for all Unit Price Work an amount equal to the sum of the unit price for each separately identified item of Unit Price Work times the estimated quantity of each item as indicated in the Agreement.

B. The estimated quantities of items of Unit Price Work are not guaranteed and are solely for the purpose of comparison of Bids and determining an initial Contract Price. Payments to Contractor for Unit Price Work will be based on actual quantities.

C. Each unit price will be deemed to include an amount considered by Contractor to be adequate to cover Contractor's overhead and profit for each separately identified item.

D. Engineer will determine the actual quantities and classifications of Unit Price Work performed by Contractor. Engineer will review with Contractor the Engineer's preliminary determinations on such matters before rendering a written decision thereon (by recommendation of an Application for Payment or otherwise). Engineer's written decision thereon will be final and binding (except as modified by Engineer to reflect changed factual conditions or more accurate data) upon Owner and Contractor, subject to the provisions of the following paragraph.

E. Within 30 days of Engineer's written decision under the preceding paragraph, Contractor may submit a Change Proposal, or Owner may file a Claim, seeking an adjustment in the Contract Price if:

1. the quantity of any item of Unit Price Work performed by Contractor differs materially and significantly from the estimated quantity of such item indicated in the Agreement;

2. there is no corresponding adjustment with respect to any other item of Work; and

3. Contractor believes that it is entitled to an increase in Contract Price as a result of having incurred additional expense or Owner believes that Owner is entitled to a decrease in Contract Price, and the parties are unable to agree as to the amount of any such increase or decrease.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

ARTICLE 14 – TESTS AND INSPECTIONS; CORRECTION, REMOVAL OR ACCEPTANCE OF DEFECTIVE WORK

14.01 Access to Work

A. Owner, Engineer, their consultants and other representatives and personnel of Owner, independent testing laboratories, and authorities having jurisdiction will have access to the Site and the Work at reasonable times for their observation, inspection, and testing. Contractor shall provide them proper and safe conditions for such access and advise them of Contractor's safety procedures and programs so that they may comply therewith as applicable.

14.02 Tests, Inspections, and Approvals

A. Contractor shall give Engineer timely notice of readiness of the Work (or specific parts thereof) for all required inspections and tests, and shall cooperate with inspection and testing personnel to facilitate required inspections and tests.

B. Owner shall retain and pay for the services of an independent inspector, testing laboratory, or other qualified individual or entity to perform all inspections and tests expressly required by the Contract Documents to be furnished and paid for by Owner, except that costs incurred in connection with tests or inspections of covered Work shall be governed by the provisions of Paragraph 14.05.

C. If Laws or Regulations of any public body having jurisdiction require any Work (or part thereof) specifically to be inspected, tested, or approved by an employee or other representative of such public body, Contractor shall assume full responsibility for arranging and obtaining such inspections, tests, or approvals, pay all costs in connection therewith, and furnish Engineer the required certificates of inspection or approval.

D. Contractor shall be responsible for arranging, obtaining, and paying for all inspections and tests required:

1. by the Contract Documents, unless the Contract Documents expressly allocate responsibility for a specific inspection or test to Owner;

2. to attain Owner's and Engineer's acceptance of materials or equipment to be incorporated in the Work;

3. by manufacturers of equipment furnished under the Contract Documents;

4. for testing, adjusting, and balancing of mechanical, electrical, and other equipment to be incorporated into the Work; and

5. for acceptance of materials, mix designs, or equipment submitted for approval prior to Contractor's purchase thereof for incorporation in the Work.

Such inspections and tests shall be performed by independent inspectors, testing laboratories, or other qualified individuals or entities acceptable to Owner and Engineer.

E. If the Contract Documents require the Work (or part thereof) to be approved by Owner, Engineer, or another designated individual or entity, then Contractor shall assume full responsibility for arranging and obtaining such approvals.

F. If any Work (or the work of others) that is to be inspected, tested, or approved is covered by Contractor without written concurrence of Engineer, Contractor shall, if requested by Engineer, uncover such Work for observation. Such uncovering shall be at Contractor's expense unless Contractor had given Engineer timely notice of Contractor's intention to

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

cover the same and Engineer had not acted with reasonable promptness in response to such notice.

14.03 Defective Work

A. *Contractor's Obligation*: It is Contractor's obligation to assure that the Work is not defective.

B. *Engineer's Authority*: Engineer has the authority to determine whether Work is defective, and to reject defective Work.

C. *Notice of Defects*: Prompt notice of all defective Work of which Owner or Engineer has actual knowledge will be given to Contractor.

D. *Correction, or Removal and Replacement*: Promptly after receipt of written notice of defective Work, Contractor shall correct all such defective Work, whether or not fabricated, installed, or completed, or, if Engineer has rejected the defective Work, remove it from the Project and replace it with Work that is not defective.

E. *Preservation of Warranties*: When correcting defective Work, Contractor shall take no action that would void or otherwise impair Owner's special warranty and guarantee, if any, on said Work.

F. *Costs and Damages*: In addition to its correction, removal, and replacement obligations with respect to defective Work, Contractor shall pay all claims, costs, losses, and damages arising out of or relating to defective Work, including but not limited to the cost of the inspection, testing, correction, removal, replacement, or reconstruction of such defective Work, fines levied against Owner by governmental authorities because the Work is defective, and the costs of repair or replacement of work of others resulting from defective Work. Prior to final payment, if Owner and Contractor are unable to agree as to the measure of such claims, costs, losses, and damages resulting from defective Work, then Owner may impose a reasonable set-off against payments due under Article 15.

14.04 Acceptance of Defective Work

A. If, instead of requiring correction or removal and replacement of defective Work, Owner prefers to accept it, Owner may do so (subject, if such acceptance occurs prior to final payment, to Engineer's confirmation that such acceptance is in general accord with the design intent and applicable engineering principles, and will not endanger public safety). Contractor shall pay all claims, costs, losses, and damages attributable to Owner's evaluation of and determination to accept such defective Work (such costs to be approved by Engineer as to reasonableness), and for the diminished value of the Work to the extent not otherwise paid by Contractor. If any such acceptance occurs prior to final payment, the necessary revisions in the Contract Documents with respect to the Work shall be incorporated in a Change Order. If the parties are unable to agree as to the decrease in the Contract Price, reflecting the diminished value of Work so accepted, then Owner may impose a reasonable set-off against payments due under Article 15. If the acceptance of defective Work occurs after final payment, Contractor shall pay an appropriate amount to Owner.

14.05 Uncovering Work

A. Engineer has the authority to require additional inspection or testing of the Work, whether or not the Work is fabricated, installed, or completed.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. If any Work is covered contrary to the written request of Engineer, then Contractor shall, if requested by Engineer, uncover such Work for Engineer's observation, and then replace the covering, all at Contractor's expense.

C. If Engineer considers it necessary or advisable that covered Work be observed by Engineer or inspected or tested by others, then Contractor, at Engineer's request, shall uncover, expose, or otherwise make available for observation, inspection, or testing as Engineer may require, that portion of the Work in question, and provide all necessary labor, material, and equipment.

1. If it is found that the uncovered Work is defective, Contractor shall be responsible for all claims, costs, losses, and damages arising out of or relating to such uncovering, exposure, observation, inspection, and testing, and of satisfactory replacement or reconstruction (including but not limited to all costs of repair or replacement of work of others); and pending Contractor's full discharge of this responsibility the Owner shall be entitled to impose a reasonable set-off against payments due under Article 15.

2. If the uncovered Work is not found to be defective, Contractor shall be allowed an increase in the Contract Price or an extension of the Contract Times, or both, directly attributable to such uncovering, exposure, observation, inspection, testing, replacement, and reconstruction. If the parties are unable to agree as to the amount or extent thereof, then Contractor may submit a Change Proposal within 30 days of the determination that the Work is not defective.

14.06 Owner May Stop the Work

A. If the Work is defective, or Contractor fails to supply sufficient skilled workers or suitable materials or equipment, or fails to perform the Work in such a way that the completed Work will conform to the Contract Documents, then Owner may order Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, this right of Owner to stop the Work shall not give rise to any duty on the part of Owner to exercise this right for the benefit of Contractor, any Subcontractor, any Supplier, any other individual or entity, or any surety for, or employee or agent of any of them.

14.07 Owner May Correct Defective Work

A. If Contractor fails within a reasonable time after written notice from Engineer to correct defective Work, or to remove and replace rejected Work as required by Engineer, or if Contractor fails to perform the Work in accordance with the Contract Documents, or if Contractor fails to comply with any other provision of the Contract Documents, then Owner may, after seven days written notice to Contractor, correct or remedy any such deficiency.

B. In exercising the rights and remedies under this Paragraph 14.07, Owner shall proceed expeditiously. In connection with such corrective or remedial action, Owner may exclude Contractor from all or part of the Site, take possession of all or part of the Work and suspend Contractor's services related thereto, and incorporate in the Work all materials and equipment stored at the Site or for which Owner has paid Contractor but which are stored elsewhere. Contractor shall allow Owner, Owner's representatives, agents and employees, Owner's other contractors, and Engineer and Engineer's consultants access to the Site to enable Owner to exercise the rights and remedies under this paragraph.

C. All claims, costs, losses, and damages incurred or sustained by Owner in exercising the rights and remedies under this Paragraph 14.07 will be charged against Contractor as set-offs against payments due under Article 15. Such claims, costs, losses and damages will

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

include but not be limited to all costs of repair, or replacement of work of others destroyed or damaged by correction, removal, or replacement of Contractor's defective Work.

D. Contractor shall not be allowed an extension of the Contract Times because of any delay in the performance of the Work attributable to the exercise by Owner of Owner's rights and remedies under this Paragraph 14.07.

ARTICLE 15 – PAYMENTS TO CONTRACTOR; SET-OFFS; COMPLETION; CORRECTION PERIOD

15.01 Progress Payments

A. *Basis for Progress Payments*: The Schedule of Values established as provided in Article 2 will serve as the basis for progress payments and will be incorporated into a form of Application for Payment acceptable to Engineer. Progress payments on account of Unit Price Work will be based on the number of units completed during the pay period, as determined under the provisions of Paragraph 13.03. Progress payments for cost-based Work will be based on Cost of the Work completed by Contractor during the pay period.

B. *Applications for Payments*:

1. At least 20 days before the date established in the Agreement for each progress payment (but not more often than once a month), Contractor shall submit to Engineer for review an Application for Payment filled out and signed by Contractor covering the Work completed as of the date of the Application and accompanied by such supporting documentation as is required by the Contract Documents. If payment is requested on the basis of materials and equipment not incorporated in the Work but delivered and suitably stored at the Site or at another location agreed to in writing, the Application for Payment shall also be accompanied by a bill of sale, invoice, or other documentation warranting that Owner has received the materials and equipment free and clear of all Liens, and evidence that the materials and equipment are covered by appropriate property insurance, a warehouse bond, or other arrangements to protect Owner's interest therein, all of which must be satisfactory to Owner.

2. Beginning with the second Application for Payment, each Application shall include an affidavit of Contractor stating that all previous progress payments received on account of the Work have been applied on account to discharge Contractor's legitimate obligations associated with prior Applications for Payment.

3. The amount of retainage with respect to progress payments will be as stipulated in the Agreement.

C. *Review of Applications*:

1. Engineer will, within 10 days after receipt of each Application for Payment, including each resubmittal, either indicate in writing a recommendation of payment and present the Application to Owner, or return the Application to Contractor indicating in writing Engineer's reasons for refusing to recommend payment. In the latter case, Contractor may make the necessary corrections and resubmit the Application.

2. Engineer's recommendation of any payment requested in an Application for Payment will constitute a representation by Engineer to Owner, based on Engineer's observations of the executed Work as an experienced and qualified design professional, and on Engineer's review of the Application for Payment and the accompanying data and schedules, that to the best of Engineer's knowledge, information and belief:

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

a. the Work has progressed to the point indicated;

b. the quality of the Work is generally in accordance with the Contract Documents (subject to an evaluation of the Work as a functioning whole prior to or upon Substantial Completion, the results of any subsequent tests called for in the Contract Documents, a final determination of quantities and classifications for Unit Price Work under Paragraph 13.03, and any other qualifications stated in the recommendation); and

c. the conditions precedent to Contractor's being entitled to such payment appear to have been fulfilled in so far as it is Engineer's responsibility to observe the Work.

3. By recommending any such payment Engineer will not thereby be deemed to have represented that:

a. inspections made to check the quality or the quantity of the Work as it has been performed have been exhaustive, extended to every aspect of the Work in progress, or involved detailed inspections of the Work beyond the responsibilities specifically assigned to Engineer in the Contract; or

b. there may not be other matters or issues between the parties that might entitle Contractor to be paid additionally by Owner or entitle Owner to withhold payment to Contractor.

4. Neither Engineer's review of Contractor's Work for the purposes of recommending payments nor Engineer's recommendation of any payment, including final payment, will impose responsibility on Engineer:

a. to supervise, direct, or control the Work, or

b. for the means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or

c. for Contractor's failure to comply with Laws and Regulations applicable to Contractor's performance of the Work, or

d. to make any examination to ascertain how or for what purposes Contractor has used the money paid on account of the Contract Price, or

e. to determine that title to any of the Work, materials, or equipment has passed to Owner free and clear of any Liens.

5. Engineer may refuse to recommend the whole or any part of any payment if, in Engineer's opinion, it would be incorrect to make the representations to Owner stated in Paragraph 15.01.C.2.

6. Engineer will recommend reductions in payment (set-offs) necessary in Engineer's opinion to protect Owner from loss because:

a. the Work is defective, requiring correction or replacement;

b. the Contract Price has been reduced by Change Orders;

c. Owner has been required to correct defective Work in accordance with Paragraph 14.07, or has accepted defective Work pursuant to Paragraph 14.04;

d. Owner has been required to remove or remediate a Hazardous Environmental Condition for which Contractor is responsible; or

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

e. Engineer has actual knowledge of the occurrence of any of the events that would constitute a default by Contractor and therefore justify termination for cause under the Contract Documents.

D. *Payment Becomes Due*:

1. Ten days after presentation of the Application for Payment to Owner with Engineer's recommendation, the amount recommended (subject to any Owner set-offs) will become due, and when due will be paid by Owner to Contractor.

E. *Reductions in Payment by Owner*:

1. In addition to any reductions in payment (set-offs) recommended by Engineer, Owner is entitled to impose a set-off against payment based on any of the following:

a. claims have been made against Owner on account of Contractor's conduct in the performance or furnishing of the Work, or Owner has incurred costs, losses, or damages on account of Contractor's conduct in the performance or furnishing of the Work, including but not limited to claims, costs, losses, or damages from workplace injuries, adjacent property damage, non-compliance with Laws and Regulations, and patent infringement;

b. Contractor has failed to take reasonable and customary measures to avoid damage, delay, disruption, and interference with other work at or adjacent to the Site;

c. Contractor has failed to provide and maintain required bonds or insurance;

d. Owner has been required to remove or remediate a Hazardous Environmental Condition for which Contractor is responsible;

e. Owner has incurred extra charges or engineering costs related to submittal reviews, evaluations of proposed substitutes, tests and inspections, or return visits to manufacturing or assembly facilities;

f. the Work is defective, requiring correction or replacement;

g. Owner has been required to correct defective Work in accordance with Paragraph 14.07, or has accepted defective Work pursuant to Paragraph 14.04;

h. the Contract Price has been reduced by Change Orders;

i. an event that would constitute a default by Contractor and therefore justify a termination for cause has occurred;

j. liquidated damages have accrued as a result of Contractor's failure to achieve Milestones, Substantial Completion, or final completion of the Work;

k. Liens have been filed in connection with the Work, except where Contractor has delivered a specific bond satisfactory to Owner to secure the satisfaction and discharge of such Liens;

l. there are other items entitling Owner to a set off against the amount recommended.

2. If Owner imposes any set-off against payment, whether based on its own knowledge or on the written recommendations of Engineer, Owner will give Contractor immediate written notice (with a copy to Engineer) stating the reasons for such action and the specific amount of the reduction, and promptly pay Contractor any amount

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

remaining after deduction of the amount so withheld. Owner shall promptly pay Contractor the amount so withheld, or any adjustment thereto agreed to by Owner and Contractor, if Contractor remedies the reasons for such action. The reduction imposed shall be binding on Contractor unless it duly submits a Change Proposal contesting the reduction.

3. Upon a subsequent determination that Owner's refusal of payment was not justified, the amount wrongfully withheld shall be treated as an amount due as determined by Paragraph 15.01.C.1 and subject to interest as provided in the Agreement.

15.02 Contractor's Warranty of Title

A. Contractor warrants and guarantees that title to all Work, materials, and equipment furnished under the Contract will pass to Owner free and clear of (1) all Liens and other title defects, and (2) all patent, licensing, copyright, or royalty obligations, no later than seven days after the time of payment by Owner.

15.03 Substantial Completion

A. When Contractor considers the entire Work ready for its intended use Contractor shall notify Owner and Engineer in writing that the entire Work is substantially complete and request that Engineer issue a certificate of Substantial Completion. Contractor shall at the same time submit to Owner and Engineer an initial draft of punch list items to be completed or corrected before final payment.

B. Promptly after Contractor's notification, Owner, Contractor, and Engineer shall make an inspection of the Work to determine the status of completion. If Engineer does not consider the Work substantially complete, Engineer will notify Contractor in writing giving the reasons therefor.

C. If Engineer considers the Work substantially complete, Engineer will deliver to Owner a preliminary certificate of Substantial Completion which shall fix the date of Substantial Completion. Engineer shall attach to the certificate a punch list of items to be completed or corrected before final payment. Owner shall have seven days after receipt of the preliminary certificate during which to make written objection to Engineer as to any provisions of the certificate or attached punch list. If, after considering the objections to the provisions of the preliminary certificate, Engineer concludes that the Work is not substantially complete, Engineer will, within 14 days after submission of the preliminary certificate to Owner, notify Contractor in writing that the Work is not substantially complete, stating the reasons therefor. If Owner does not object to the provisions of the certificate, or if despite consideration of Owner's objections Engineer concludes that the Work is substantially complete, then Engineer will, within said 14 days, execute and deliver to Owner and Contractor a final certificate of Substantial Completion (with a revised punch list of items to be completed or corrected) reflecting such changes from the preliminary certificate as Engineer believes justified after consideration of any objections from Owner.

D. At the time of receipt of the preliminary certificate of Substantial Completion, Owner and Contractor will confer regarding Owner's use or occupancy of the Work following Substantial Completion, review the builder's risk insurance policy with respect to the end of the builder's risk coverage, and confirm the transition to coverage of the Work under a permanent property insurance policy held by Owner. Unless Owner and Contractor agree otherwise in writing, Owner shall bear responsibility for security, operation, protection of the Work, property insurance, maintenance, heat, and utilities upon Owner's use or occupancy of the Work.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

E. After Substantial Completion the Contractor shall promptly begin work on the punch list of items to be completed or corrected prior to final payment. In appropriate cases Contractor may submit monthly Applications for Payment for completed punch list items, following the progress payment procedures set forth above.

F. Owner shall have the right to exclude Contractor from the Site after the date of Substantial Completion subject to allowing Contractor reasonable access to remove its property and complete or correct items on the punch list.

15.04 Partial Use or Occupancy

A. Prior to Substantial Completion of all the Work, Owner may use or occupy any substantially completed part of the Work which has specifically been identified in the Contract Documents, or which Owner, Engineer, and Contractor agree constitutes a separately functioning and usable part of the Work that can be used by Owner for its intended purpose without significant interference with Contractor's performance of the remainder of the Work, subject to the following conditions:

1. At any time Owner may request in writing that Contractor permit Owner to use or occupy any such part of the Work that Owner believes to be substantially complete. If and when Contractor agrees that such part of the Work is substantially complete, Contractor, Owner, and Engineer will follow the procedures of Paragraph 15.03.A through E for that part of the Work.

2. At any time Contractor may notify Owner and Engineer in writing that Contractor considers any such part of the Work substantially complete and request Engineer to issue a certificate of Substantial Completion for that part of the Work.

3. Within a reasonable time after either such request, Owner, Contractor, and Engineer shall make an inspection of that part of the Work to determine its status of completion. If Engineer does not consider that part of the Work to be substantially complete, Engineer will notify Owner and Contractor in writing giving the reasons therefor. If Engineer considers that part of the Work to be substantially complete, the provisions of Paragraph 15.03 will apply with respect to certification of Substantial Completion of that part of the Work and the division of responsibility in respect thereof and access thereto.

4. No use or occupancy or separate operation of part of the Work may occur prior to compliance with the requirements of Paragraph 6.05 regarding builder's risk or other property insurance.

15.05 Final Inspection

A. Upon written notice from Contractor that the entire Work or an agreed portion thereof is complete, Engineer will promptly make a final inspection with Owner and Contractor and will notify Contractor in writing of all particulars in which this inspection reveals that the Work, or agreed portion thereof, is incomplete or defective. Contractor shall immediately take such measures as are necessary to complete such Work or remedy such deficiencies.

15.06 Final Payment

A. *Application for Payment*:

1. After Contractor has, in the opinion of Engineer, satisfactorily completed all corrections identified during the final inspection and has delivered, in accordance with the Contract Documents, all maintenance and operating instructions, schedules, guarantees, bonds, certificates or other evidence of insurance, certificates of

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

inspection, annotated record documents (as provided in Paragraph 7.11), and other documents, Contractor may make application for final payment.

2. The final Application for Payment shall be accompanied (except as previously delivered) by:

   a. all documentation called for in the Contract Documents;

   b. consent of the surety, if any, to final payment;

   c. satisfactory evidence that all title issues have been resolved such that title to all Work, materials, and equipment has passed to Owner free and clear of any Liens or other title defects, or will so pass upon final payment.

   d. a list of all disputes that Contractor believes are unsettled; and

   e. complete and legally effective releases or waivers (satisfactory to Owner) of all Lien rights arising out of the Work, and of Liens filed in connection with the Work.

3. In lieu of the releases or waivers of Liens specified in Paragraph 15.06.A.2 and as approved by Owner, Contractor may furnish receipts or releases in full and an affidavit of Contractor that: (a) the releases and receipts include all labor, services, material, and equipment for which a Lien could be filed; and (b) all payrolls, material and equipment bills, and other indebtedness connected with the Work for which Owner might in any way be responsible, or which might in any way result in liens or other burdens on Owner's property, have been paid or otherwise satisfied. If any Subcontractor or Supplier fails to furnish such a release or receipt in full, Contractor may furnish a bond or other collateral satisfactory to Owner to indemnify Owner against any Lien, or Owner at its option may issue joint checks payable to Contractor and specified Subcontractors and Suppliers.

B. *Engineer's Review of Application and Acceptance*:

1. If, on the basis of Engineer's observation of the Work during construction and final inspection, and Engineer's review of the final Application for Payment and accompanying documentation as required by the Contract Documents, Engineer is satisfied that the Work has been completed and Contractor's other obligations under the Contract have been fulfilled, Engineer will, within ten days after receipt of the final Application for Payment, indicate in writing Engineer's recommendation of final payment and present the Application for Payment to Owner for payment. Such recommendation shall account for any set-offs against payment that are necessary in Engineer's opinion to protect Owner from loss for the reasons stated above with respect to progress payments. At the same time Engineer will also give written notice to Owner and Contractor that the Work is acceptable, subject to the provisions of Paragraph 15.07. Otherwise, Engineer will return the Application for Payment to Contractor, indicating in writing the reasons for refusing to recommend final payment, in which case Contractor shall make the necessary corrections and resubmit the Application for Payment.

C. *Completion of Work*: The Work is complete (subject to surviving obligations) when it is ready for final payment as established by the Engineer's written recommendation of final payment.

D. *Payment Becomes Due*: Thirty days after the presentation to Owner of the final Application for Payment and accompanying documentation, the amount recommended by Engineer (less any further sum Owner is entitled to set off against Engineer's recommendation,

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

including but not limited to set-offs for liquidated damages and set-offs allowed under the provisions above with respect to progress payments) will become due and shall be paid by Owner to Contractor.

15.07 Waiver of Claims

A. The making of final payment will not constitute a waiver by Owner of claims or rights against Contractor. Owner expressly reserves claims and rights arising from unsettled Liens, from defective Work appearing after final inspection pursuant to Paragraph 15.05, from Contractor's failure to comply with the Contract Documents or the terms of any special guarantees specified therein, from outstanding Claims by Owner, or from Contractor's continuing obligations under the Contract Documents.

B. The acceptance of final payment by Contractor will constitute a waiver by Contractor of all claims and rights against Owner other than those pending matters that have been duly submitted or appealed under the provisions of Article 17.

15.08 Correction Period

A. If within one year after the date of Substantial Completion (or such longer period of time as may be prescribed by the terms of any applicable special guarantee required by the Contract Documents, or by any specific provision of the Contract Documents), any Work is found to be defective, or if the repair of any damages to the Site, adjacent areas that Contractor has arranged to use through construction easements or otherwise, and other adjacent areas used by Contractor as permitted by Laws and Regulations, is found to be defective, then Contractor shall promptly, without cost to Owner and in accordance with Owner's written instructions:

1. correct the defective repairs to the Site or such other adjacent areas;

2. correct such defective Work;

3. if the defective Work has been rejected by Owner, remove it from the Project and replace it with Work that is not defective, and

4. satisfactorily correct or repair or remove and replace any damage to other Work, to the work of others, or to other land or areas resulting therefrom.

B. If Contractor does not promptly comply with the terms of Owner's written instructions, or in an emergency where delay would cause serious risk of loss or damage, Owner may have the defective Work corrected or repaired or may have the rejected Work removed and replaced. Contractor shall pay all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such correction or repair or such removal and replacement (including but not limited to all costs of repair or replacement of work of others).

C. In special circumstances where a particular item of equipment is placed in continuous service before Substantial Completion of all the Work, the correction period for that item may start to run from an earlier date if so provided in the Specifications.

D. Where defective Work (and damage to other Work resulting therefrom) has been corrected or removed and replaced under this paragraph, the correction period hereunder with respect to such Work will be extended for an additional period of one year after such correction or removal and replacement has been satisfactorily completed.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

E. Contractor's obligations under this paragraph are in addition to all other obligations and warranties. The provisions of this paragraph shall not be construed as a substitute for, or a waiver of, the provisions of any applicable statute of limitation or repose.

ARTICLE 16 – SUSPENSION OF WORK AND TERMINATION

16.01 Owner May Suspend Work

A. At any time and without cause, Owner may suspend the Work or any portion thereof for a period of not more than 90 consecutive days by written notice to Contractor and Engineer. Such notice will fix the date on which Work will be resumed. Contractor shall resume the Work on the date so fixed. Contractor shall be entitled to an adjustment in the Contract Price or an extension of the Contract Times, or both, directly attributable to any such suspension. Any Change Proposal seeking such adjustments shall be submitted no later than 30 days after the date fixed for resumption of Work.

16.02 Owner May Terminate for Cause

A. The occurrence of any one or more of the following events will constitute a default by Contractor and justify termination for cause:

1. Contractor's persistent failure to perform the Work in accordance with the Contract Documents (including, but not limited to, failure to supply sufficient skilled workers or suitable materials or equipment or failure to adhere to the Progress Schedule);

2. Failure of Contractor to perform or otherwise to comply with a material term of the Contract Documents;

3. Contractor's disregard of Laws or Regulations of any public body having jurisdiction; or

4. Contractor's repeated disregard of the authority of Owner or Engineer.

B. If one or more of the events identified in Paragraph 16.02.A occurs, then after giving Contractor (and any surety) ten days written notice that Owner is considering a declaration that Contractor is in default and termination of the contract, Owner may proceed to:

1. declare Contractor to be in default, and give Contractor (and any surety) notice that the Contract is terminated; and

2. enforce the rights available to Owner under any applicable performance bond.

C. Subject to the terms and operation of any applicable performance bond, if Owner has terminated the Contract for cause, Owner may exclude Contractor from the Site, take possession of the Work, incorporate in the Work all materials and equipment stored at the Site or for which Owner has paid Contractor but which are stored elsewhere, and complete the Work as Owner may deem expedient.

D. Owner may not proceed with termination of the Contract under Paragraph 16.02.B if Contractor within seven days of receipt of notice of intent to terminate begins to correct its failure to perform and proceeds diligently to cure such failure.

E. If Owner proceeds as provided in Paragraph 16.02.B, Contractor shall not be entitled to receive any further payment until the Work is completed. If the unpaid balance of the Contract Price exceeds the cost to complete the Work, including all related claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals) sustained by Owner, such excess will be paid to Contractor. If the cost to complete the Work including such related claims, costs, losses,

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

and damages exceeds such unpaid balance, Contractor shall pay the difference to Owner. Such claims, costs, losses, and damages incurred by Owner will be reviewed by Engineer as to their reasonableness and, when so approved by Engineer, incorporated in a Change Order. When exercising any rights or remedies under this paragraph, Owner shall not be required to obtain the lowest price for the Work performed.

F. Where Contractor's services have been so terminated by Owner, the termination will not affect any rights or remedies of Owner against Contractor then existing or which may thereafter accrue, or any rights or remedies of Owner against Contractor or any surety under any payment bond or performance bond. Any retention or payment of money due Contractor by Owner will not release Contractor from liability.

G. If and to the extent that Contractor has provided a performance bond under the provisions of Paragraph 6.01.A, the provisions of that bond shall govern over any inconsistent provisions of Paragraphs 16.02.B and 16.02.D.

16.03 Owner May Terminate For Convenience

A. Upon seven days written notice to Contractor and Engineer, Owner may, without cause and without prejudice to any other right or remedy of Owner, terminate the Contract. In such case, Contractor shall be paid for (without duplication of any items):

1. completed and acceptable Work executed in accordance with the Contract Documents prior to the effective date of termination, including fair and reasonable sums for overhead and profit on such Work;

2. expenses sustained prior to the effective date of termination in performing services and furnishing labor, materials, or equipment as required by the Contract Documents in connection with uncompleted Work, plus fair and reasonable sums for overhead and profit on such expenses; and

3. other reasonable expenses directly attributable to termination, including costs incurred to prepare a termination for convenience cost proposal.

B. Contractor shall not be paid on account of loss of anticipated overhead, profits, or revenue, or other economic loss arising out of or resulting from such termination.

16.04 Contractor May Stop Work or Terminate

A. If, through no act or fault of Contractor, (1) the Work is suspended for more than 90 consecutive days by Owner or under an order of court or other public authority, or (2) Engineer fails to act on any Application for Payment within 30 days after it is submitted, or (2) Owner fails for 30 days to pay Contractor any sum finally determined to be due, then Contractor may, upon seven days written notice to Owner and Engineer, and provided Owner or Engineer do not remedy such suspension or failure within that time, terminate the contract and recover from Owner payment on the same terms as provided in Paragraph 16.03.

B. In lieu of terminating the Contract and without prejudice to any other right or remedy, if Engineer has failed to act on an Application for Payment within 30 days after it is submitted, or Owner has failed for 30 days to pay Contractor any sum finally determined to be due, Contractor may, seven days after written notice to Owner and Engineer, stop the Work until payment is made of all such amounts due Contractor, including interest thereon. The provisions of this paragraph are not intended to preclude Contractor from submitting a Change Proposal for an adjustment in Contract Price or Contract Times or otherwise for

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

expenses or damage directly attributable to Contractor's stopping the Work as permitted by this paragraph.

ARTICLE 17 – FINAL RESOLUTION OF DISPUTES

17.01 Methods and Procedures

A. *Disputes Subject to Final Resolution*: The following disputed matters are subject to final resolution under the provisions of this Article:

1. A timely appeal of an approval in part and denial in part of a Claim, or of a denial in full; and

2. Disputes between Owner and Contractor concerning the Work or obligations under the Contract Documents, and arising after final payment has been made.

B. *Final Resolution of Disputes*: For any dispute subject to resolution under this Article, Owner or Contractor may:

1. elect in writing to invoke the dispute resolution process provided for in the Supplementary Conditions; or

2. agree with the other party to submit the dispute to another dispute resolution process; or

3. if no dispute resolution process is provided for in the Supplementary Conditions or mutually agreed to, give written notice to the other party of the intent to submit the dispute to a court of competent jurisdiction.

ARTICLE 18 – MISCELLANEOUS

18.01 Giving Notice

A. Whenever any provision of the Contract Documents requires the giving of written notice, it will be deemed to have been validly given if:

1. delivered in person, by a commercial courier service or otherwise, to the individual or to a member of the firm or to an officer of the corporation for which it is intended; or

2. delivered at or sent by registered or certified mail, postage prepaid, to the last business address known to the sender of the notice.

18.02 Computation of Times

A. When any period of time is referred to in the Contract by days, it will be computed to exclude the first and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day will be omitted from the computation.

18.03 Cumulative Remedies

A. The duties and obligations imposed by these General Conditions and the rights and remedies available hereunder to the parties hereto are in addition to, and are not to be construed in any way as a limitation of, any rights and remedies available to any or all of them which are otherwise imposed or available by Laws or Regulations, by special warranty or guarantee, or by other provisions of the Contract. The provisions of this paragraph will be as effective as if repeated specifically in the Contract Documents in connection with each particular duty, obligation, right, and remedy to which they apply.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

18.04 Limitation of Damages

A. With respect to any and all Change Proposals, Claims, disputes subject to final resolution, and other matters at issue, neither Owner nor Engineer, nor any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors, shall be liable to Contractor for any claims, costs, losses, or damages sustained by Contractor on or in connection with any other project or anticipated project.

18.05 No Waiver

A. A party's non-enforcement of any provision shall not constitute a waiver of that provision, nor shall it affect the enforceability of that provision or of the remainder of this Contract.

18.06 Survival of Obligations

A. All representations, indemnifications, warranties, and guarantees made in, required by, or given in accordance with the Contract, as well as all continuing obligations indicated in the Contract, will survive final payment, completion, and acceptance of the Work or termination or completion of the Contract or termination of the services of Contractor.

18.07 Controlling Law

A. This Contract is to be governed by the law of the state in which the Project is located.

18.08 Headings

A. Article and paragraph headings are inserted for convenience only and do not constitute parts of these General Conditions.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

SUPPLEMENTARY CONDITIONS

These Supplementary Conditions amend or supplement the Standard General Conditions of the Construction Contract, EJCDC® C-700 (2013 Edition). All provisions that are not so amended or supplemented remain in full force and effect.

The terms used in these Supplementary Conditions have the meanings stated in the General Conditions. Additional terms used in these Supplementary Conditions have the meanings stated below, which are applicable to both the singular and plural thereof.

The address system used in these Supplementary Conditions is the same as the address system used in the General Conditions, with the prefix "SC" added thereto.

ARTICLE 1 – DEFINITIONS AND TERMINOLOGY

SC-1.01 Defined Terms

SC-1.01. Add to the list of definitions in Paragraph 1.01.A by inserting the following as numbered items in their proper alphabetical positions:

SURETY – The person, firm, or corporation which is bound by the contract bonds with and for Contractor (Principal); and which is held and firmly bound unto Owner for the conditions of obligations set forth in said bonds.

ARTICLE 2 – PRELIMINARY MATTERS

SC-2.01 Delivery of Bonds and Evidence of Insurance

SC-2.01 Delete Paragraphs 2.01 B. in their entirety and insert the following in their place:

B. Evidence of Contractor's Insurance: When Contractor delivers the executed counterparts of the Agreement to Owner, Contractor shall also deliver to Owner copies of the policies of insurance (including all endorsements, and identification of applicable self-insured retentions and deductibles) required to be provided by Contractor in Article 6. Contractor may block out (redact) any confidential premium or pricing information contained in any policy or endorsement furnished under this provision.

SC-2.01 Delete Paragraphs 2.01 C. in its entirety.

SC-2.03 Before Starting Construction

SC-2.03 Amend the second sentence of Paragraph 2.03.A to read as follows:

At the Preconstruction Conference (or as otherwise specifically required by the Contract Documents), Contractor shall submit to Engineer for timely review

ARTICLE 4 – PRELIMINARY MATTERS

SC-4.01 Commencement of Contract Times; Notice to Proceed

SC-4.01 Amend the third sentence of Paragraph 4.01 A. to read as follows:

A. In no event will the Contract Times commence to run later than the one hundred eightieth day after the day of Bid opening or the ninetieth day after the Effective Date of the Contract, whichever date is earlier.

ARTICLE 5 – AVAILABILITY OF LANDS; SUBSURFACE AND PHYSICAL CONDITIONS; HAZARDOUS ENVIRONMENTAL CONDITIONS

SC-5.01 Availability of Lands

SC-5.01 Add the following to the end of paragraph 5.01.C:

Contractor shall obtain said land rights at his own expense and without liability to the Owner. Contractor shall not enter upon private property without first obtaining written permission from the rightful property owner.

SC-5.03 Subsurface and Physical Conditions

SC 5.03 Delete Paragraphs 5.03.A and 5.03.B in their entirety and insert the following:

A. No reports of explorations or tests of subsurface conditions at or adjacent to the Site, or drawings of physical conditions relating to existing surface or subsurface structures at the Site, are known to Owner.

SC-5.06 Hazardous Environmental Conditions

SC 5.06 Delete Paragraphs 5.06.A and 5.06.B in their entirety and insert the following:

A. No reports or drawings related to Hazardous Environmental Conditions at the Site are known to Owner.

B. Not Used.

SC-5.06 Delete Paragraph 5.06 I. in its entirety.

SC 5.06 Amend the first paragraph of 5.06.J of the General Conditions by changing "(including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs)" to "(including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or other dispute resolution costs)"

ARTICLE 6 – BONDS AND INSURANCE

SC-6.01 Performance, Payment, and Other Bonds

SC 6.01 Delete Paragraph 6.01.B in its entirety and insert the following:

B. All Bonds shall be in the form prescribed by the Contract Documents or other form approved by Owner. All else notwithstanding, the terms of all Bonds shall be substantially in the form prescribed by Chapter 255, Florida Statutes. All Bonds shall be executed by Contractor and a corporate bonding company licensed to transact such business in the State of Florida and named on the

current list of "Surety Companies Acceptable on Federal Bonds" as published in the Treasury Department Circular Number 570. Contractor will cause the Bonds to be recorded with the Clerk of the Circuit Court in the county in which the Work is to be performed. Failure to execute bonds in the form prescribed may constitute nonresponsiveness on the part of Contractor. The expense for all Bonds shall be Contractor's responsibility.

SC-6.02 Insurance—General Provisions

SC-6.02 Add the following paragraph immediately after Paragraph 6.02.B:

1. Certificates of insurance shall be issued by a company with a Best's rating of at least B+ authorized to do business in the State of Florida. Owner must approve non-rated insurers. If used, Owner shall be shown as the Certificate Holder, Engineer as Additional Insured and provide for a 30-day cancellation notice.

SC-6.02 Delete Paragraph 6.02 D. in its entirety.

SC-6.02 Add the following paragraph immediately after Paragraph 6.02.J:

K. No work shall be commenced under this contract until the required Certificate(s) have been provided. Work shall not continue after expiration (or cancellation) until new Certificate(s) have been provided. Non-continuance of work after expiration (or cancellation) of Certificate(s) will not constitute a delay beyond Contractor's control as defined in paragraph 4.05.

L. Contractor shall arrange for its insurers' policies to include, or be endorsed to include, a severability of interest/cross liability provision, so that Owner will be treated as if a separate policy were in existence, but without increasing the policy limits.

M. Contractor's deductibles/self-insured retentions shall be disclosed to Owner and may be disapproved by the latter. They shall be reduced or eliminated at the option of Owner. Contractor is responsible for the amount of any deductible or self-insured retention.

N. Insurance required of Contractor or any other insurance of Contractor shall be considered primary and insurance or self-insurance of Owner shall be considered excess, as may be applicable to claims that arise out of this contract.

O. The Contractor shall either (a) require each subcontractor to procure and maintain the same coverage as required of the Contractor, or (b) insure the activities of subcontractors in his own policy.

SC-6.05.A. Add the following to the list of items in Paragraph 6.05.A, as numbered items:

14. include for the benefit of Owner loss of profits and soft cost coverage including, without limitation, fixed expenses and debt service for a minimum of 12 months with a maximum deductible of 30 days, plus attorneys fees and engineering or other consultants' fees, if not otherwise covered;

15. include by express endorsement coverage of damage to Contractor's equipment.

ARTICLE 7 – CONTRACTOR'S RESPONSIBILITIES

SC-7.02 Labor; Working Hours

SC-7.02.B. Amend the first and second sentences of Paragraph 7.02.B to state "…all Work at the Site shall be performed during regular working hours, 7:00 AM through 5:00 PM. Contractor will not perform Work on a Saturday, Sunday, or any legal holiday recognized by the Owner without prior written approval by the Owner. The Owner recognizes the following legal holidays:

New Year's Day (January 1)
Martin Luther King Jr. Day (3rd Monday in January)
President's Day (3rd Monday in February)
Good Friday
Memorial Day (Last Monday of May)
Juneteenth (June 19)
Independence Day (July 4)
Labor Day (1st Monday of September)
Veteran's Day (November 11)
Thanksgiving Day (4th Thursday of November)
Day After Thanksgiving (4th Friday of November)
Christmas Eve (December 24)
Christmas Day (December 25)
New Year's Eve (December 31)"

SC-7.02.C. Add the following new paragraph immediately after Paragraph 7.02.B:

Contractor shall be responsible for the cost of any overtime pay or other expense incurred by the Owner for Engineer's services (including those of the Resident Project Representative, if any), Owner's representative, and construction observation services, occasioned by the performance of Work outside of regular working hours as defined in the Contract Documents. If Contractor is responsible but does not pay, or if the parties are unable to agree as to the amount owed, then Owner may impose a reasonable set-off against payments due under Article 15.

SC-7.07 Delete Paragraph 7.07 B. in its entirety.

SC-7.11 Record Documents

SC-7.11.A. Add the following new paragraph immediately after Paragraph 7.11.A:

Annotation of record documents shall be legible, precise, and complete as determined by Engineer. Record drawings shall also meet all additional requirements if any as specified in the Contract Documents including providing an electronic CAD version.

SC-7.12 Safety and Protection

SC-7.12.A. Add the following new paragraph immediately after Paragraph 7.12.A.3:

4. Contractor shall be responsible at all times for precautions to achieve the protection of all persons, including employees and property. Contractor shall make special effort to detect hazardous conditions and shall take prompt action where necessary to avoid accident, injury, or property damage. OSHA and all other applicable safety laws and ordinances shall be followed as well as American National Standards Institute Safety Standards. All accidents, injuries,

claims, or potential claims shall be reported promptly to Owner.

SC-7.16 Shop Drawings, Samples, and Other Submittals

SC-7.16.E. Add the following new paragraph immediately after Paragraph 7.16.E.1:

2. Contractor shall reimburse Owner for the charges of Engineer and Engineer's Consultants for costs generated as a result of more than two submittals of any one Shop Drawing or Sample being required for evaluation due to rejection for noncompliance of the original submittal or for lack of information required by the Contract Documents. Owner's reimbursement for the charges shall be a deduction from Contractor's Partial Payment(s).

SC-7.18 Indemnification

SC-7.18 Delete in its entirety

ARTICLE 9 – OWNER'S RESPONSIBILITIES

SC-9.02 Replacement of Engineer

SC-9.02 Amend paragraph 9.02 of the General Conditions by striking out the following words: ",provided the Contractor makes no reasonable objection."

SC-9.11 Evidence of Financial Arrangements

SC-9.11 Delete in its entirety

ARTICLE 10 – ENGINEER'S STATUS DURING CONSTRUCTION

SC-10.03 Project Representative

SC-10.03 Add the following new paragraphs immediately after Paragraph 10.03.A:

B. The Resident Project Representative (RPR) will be Engineer's representative at the Site, will act as directed by and under the supervision of Engineer, and will confer with Engineer regarding RPR's actions.

1. General: RPR's dealings in matters pertaining to the Work in general shall be with Engineer and Contractor. RPR's dealings with Subcontractors shall only be through or with the full knowledge and approval of Contractor. RPR shall generally communicate with Owner only with the knowledge of and under the direction of Engineer.

2. Schedules: Review the progress schedule, schedule of Shop Drawing and Sample submittals, and Schedule of Values prepared by Contractor and consult with Engineer concerning acceptability.

3. Conferences and Meetings: Attend meetings with Contractor, such as preconstruction conferences, progress meetings, job conferences, and other Project-related meetings, and prepare and circulate copies of minutes thereof.

4. **Liaison:**

    a. **Serve as Engineer's liaison with Contractor. Working principally through Contractor's authorized representative or designee, assist in providing information regarding the provisions and intent of the Contract Documents.**

    b. **Assist Engineer in serving as Owner's liaison with Contractor when Contractor's operations affect Owner's on-Site operations.**

    c. **Assist in obtaining from Owner additional details or information, when required for proper execution of the Work.**

5. **Interpretation of Contract Documents: Report to Engineer when clarifications and interpretations of the Contract Documents are needed and transmit to Contractor clarifications and interpretations as issued by Engineer.**

6. **Shop Drawings and Samples:**

    a. **Record date of receipt of Samples and Contractor-approved Shop Drawings.**

    b. **Receive Samples which are furnished at the Site by Contractor, and notify Engineer of availability of Samples for examination.**

    c. **Advise Engineer and Contractor of the commencement of any portion of the Work requiring a Shop Drawing or Sample submittal for which RPR believes that the submittal has not been approved by Engineer.**

7. **Modifications: Consider and evaluate Contractor's suggestions for modifications in Drawings or Specifications and report such suggestions, together with RPR's recommendations, if any, to Engineer. Transmit to Contractor in writing decisions as issued by Engineer.**

8. **Review of Work and Rejection of Defective Work:**

    a. **Conduct on-Site observations of Contractor's work in progress to assist Engineer in determining if the Work is in general proceeding in accordance with the Contract Documents.**

    b. **Report to Engineer whenever RPR believes that any part of Contractor's work in progress is defective, will not produce a completed Project that conforms generally to the Contract Documents, or will imperil the integrity of the design concept of the completed Project as a functioning whole as indicated in the Contract Documents, or has been damaged, or does not meet the requirements of any inspection, test or approval required to be made; and advise Engineer of that part of work in progress that RPR believes should be corrected or rejected or should be uncovered for observation, or requires special testing, inspection or approval.**

9. **Inspections, Tests, and System Start-ups:**

    a. **Verify that tests, equipment, and systems start-ups and operating and maintenance training are conducted in the presence of appropriate Owner's personnel, and that Contractor maintains adequate records thereof.**

b. Observe, record, and report to Engineer appropriate details relative to the test procedures and systems start-ups.

10. Records:

a. Prepare a daily report or keep a diary or log book, recording Contractor's hours on the Site, Subcontractors present at the Site, weather conditions, data relative to questions of Change Orders, Field Orders, Work Change Directives, or changed conditions, Site visitors, deliveries of equipment or materials, daily activities, decisions, observations in general, and specific observations in more detail as in the case of observing test procedures; and send copies to Engineer.

b. Record names, addresses, fax numbers, e-mail addresses, web site locations, and telephone numbers of all Contractors, Subcontractors, and major Suppliers of materials and equipment.

c. Maintain records for use in preparing Project documentation.

11. Reports:

a. Furnish to Engineer periodic reports as required of progress of the Work and of Contractor's compliance with the Progress Schedule and schedule of Shop Drawing and Sample submittals.

b. Draft and recommend to Engineer proposed Change Orders, Work Change Directives, and Field Orders. Obtain backup material from Contractor.

c. Immediately notify Engineer of the occurrence of any Site accidents, emergencies, acts of God endangering the Work, force majeure or delay events, damage to property by fire or other causes, or the discovery of any Constituent of Concern or Hazardous Environmental Condition.

12. Payment Requests: Review applications for payment with Contractor for compliance with the established procedure for their submission and forward with recommendations to Engineer, noting particularly the relationship of the payment requested to the Schedule of Values, Work completed, and materials and equipment delivered at the Site but not incorporated in the Work.

13. Certificates, Operation and Maintenance Manuals: During the course of the Work, verify that materials and equipment certificates, operation and maintenance manuals and other data required by the Contract Documents to be assembled and furnished by Contractor are applicable to the items actually installed and in accordance with the Contract Documents, and have these documents delivered to Engineer for review and forwarding to Owner prior to payment for that part of the Work.

14. Completion:

a. Participate in Engineer's visits to the Site to determine Substantial Completion, assist in the determination of Substantial Completion and the preparation of a punch list of items to be completed or corrected.

b. Participate in Engineer's final visit to the Site to determine completion of the Work, in the company of Owner and Contractor, and prepare a

final punch list of items to be completed and deficiencies to be remedied.

c. Observe whether all items on the final list have been completed or corrected and make recommendations to Engineer concerning acceptance and issuance of the notice of acceptability of the work.

C. The RPR shall not:

1. Authorize any deviation from the Contract Documents or substitution of materials or equipment (including "or-equal" items).

2. Exceed limitations of Engineer's authority as set forth in the Contract Documents.

3. Undertake any of the responsibilities of Contractor, Subcontractors, or Suppliers.

4. Advise on, issue directions relative to, or assume control over any aspect of the means, methods, techniques, sequences or procedures of Contractor's work.

5. Advise on, issue directions regarding, or assume control over security or safety practices, precautions, and programs in connection with the activities or operations of Owner or Contractor.

6. Participate in specialized field or laboratory tests or inspections conducted off-site by others except as specifically authorized by Engineer.

7. Accept Shop Drawing or Sample submittals from anyone other than Contractor.

8. Authorize Owner to occupy the Project in whole or in part.

ARTICLE 12 – CLAIMS

SC-12.01 Claims

SC 12.01.B Amend the first sentence of paragraph 12.01.B of the General Conditions by changing "(but in no event later than 30 days)" to "(but in no event later than 90 days for the Owner and no later than 10 days for the Contractor)".

ARTICLE 13 – COST OF THE WORK; ALLOWANCES; UNIT PRICE WORK

SC-13.01 Cost of the Work

SC 13.01.B.5.c Add the following to the end of Paragraph 13.01.B.5.c:

In no case shall rates exceed those published by the current edition of Data Quest Incorporated titled, Rental Rate Blue Book for Construction Equipment, and other procedures established by Florida Department of Transportation.

SC 13.01.B.5.f Amend the first sentence of paragraph 13.01.B.5.f by striking out the following words: "(except losses and damages within the deductible amounts of property insurance established in accordance with Paragraph 6.05)."

SC 13.01.B.5.i Add the following new paragraphs immediately after paragraph 13.01.B.5.i:

j. The cost of compliance with current local, state and federal safety regulations.

SC-13.03 Unit Price Work

SC 13.03.E Delete Paragraph 13.03.E in its entirety and insert the following in its place:

E. The unit price of an item of Unit Price Work shall be subject to reevaluation and adjustment by the Owner under the following conditions:

1. if the extended price of a particular item of Unit Price Work amounts to 25 percent or more of the Contract Price (based on estimated quantities at the time of Contract formation) and the variation in the quantity of that particular item of Unit Price Work actually furnished or performed by Contractor differs by more than 25 percent from the estimated quantity of such item indicated in the Agreement; and

2. if there is no corresponding adjustment with respect to any other item of Work; and

3. if Owner believes that the quantity variation entitles Owner to an adjustment in the unit price, Owner may make a Claim, seeking an adjustment in the Contract Price.

SC 13.03.E Add the following new paragraphs immediately after Paragraph 13.03.E:

F. Owner reserves the right to delete any Unit Price Work with the change, if any, in the Contract Price or in the Contract Times determined in accordance with Article 11.

ARTICLE 14 –TESTS AND INSPECTIONS; CORRECTION, REMOVAL OR ACCEPTANCE OF DEFECTIVE WORK

SC-14.02 Tests, Inspections, and Approvals

SC 14.02.A Add the following to the end of Paragraph 14.02.A:

Contractor shall reimburse Owner for the charges of Engineer and Engineer's Consultants for all costs due to work not being ready for tests and/or inspections when the Contractor has notified Engineer that work is ready for tests and/or inspections. Contractor shall reimburse Owner for all failed tests and subsequent retests. Partial payments payable to Contractor shall be distributed, first to reimburse the Owner for such charges, with the balance distributed to the Contractor in accordance with the Contract Documents.

ARTICLE 15 – PAYMENTS TO CONTRACTOR; SET-OFFS; COMPLETION; CORRECTION PERIOD

SC-15.01 Progress Payments

SC 15.01.B.2 Delete Paragraph 15.01.B.2 in its entirety and insert the following in its place:

Beginning with the second Application for Payment, each Application shall include an affidavit of Contractor certifying that Contractor has disbursed to all subcontractors and suppliers having an interest in the contract their pro rata shares of the payment out of previous progress payments received by Contractor for all work completed and materials furnished in the previous period, less a retainage withheld by Contractor pursuant to an agreement with a subcontractor. Contractor shall provide a waiver of lien for all stored materials with the second application for payment after submitting application for payment. If the waiver of lien is not provided, current application for payment will be reduced by the value of the stored materials until said time waiver of lien is received or stored materials become incorporated in the Work. Within 30 days of receipt for the final progress payment or any other payments received thereafter except the final payment, Contractor shall pay all subcontractors and suppliers having an interest in the contract their pro rata shares of the payment for all work completed and materials furnished.

SC 15.01.D.1 Change Paragraph 15.01.D.1 to read as follows:

After presentation of the Application for Payment to the Owner with Engineer's recommendation, the amount recommended will (subject to the provisions of paragraph 15.01.C) become due and when due, will be paid by Owner to Contractor within thirty (30) days.

SC-15.03 Substantial Completion

SC 15.03.B Add the following new subparagraph to Paragraph 15.03.B:

1. If some or all of the Work has been determined not to be at a point of Substantial Completion and will require re-inspection or re-testing by Engineer, the cost of such re-inspection or re-testing, including the cost of time, travel and living expenses, shall be paid by Contractor to Owner. If Contractor does not pay, or the parties are unable to agree as to the amount owed, then Owner may impose a reasonable set-off against payments due under Article 15.

Work Change Directive No. _____

Date of Issuance: Effective Date:

Owner: Village of Palm Springs Owner's Task Order No.: 317

Contractor: Project Bid No. (ITB #): 2024B-002

Engineer: Holtz Consulting Engineers, Inc. Engineer's Project No.:

Project: Kudza Road Lift Station Emergency Generator

Contractor is directed to proceed promptly with the following change(s):

Description:

Attachments: *[List documents supporting change]*

Purpose for Work Change Directive:

Directive to proceed promptly with the Work described herein, prior to agreeing to changes on Contract Price and Contract Time, is issued due to: *[check one or both of the following]*

- ☐ Non-agreement on pricing of proposed change.
- ☐ Necessity to proceed for schedule or other Project reasons.

Estimated Change in Contract Price and Contract Times (non-binding, preliminary):

Contract Price $ [increase] [decrease]

Contract Time days [increase] [decrease]

Basis of estimated change in Contract Price:

- ☐ Lump Sum
- ☐ Unit Price
- ☐ Cost of the Work
- ☐ Other

DIVISION 1

GENERAL REQUIREMENTS

SECTION 01000

SUMMARY OF WORK

PART 1 - GENERAL

1.01 WORK COVERED BY CONTRACT DOCUMENTS

A. Furnish all labor, equipment and materials necessary to construct/install an emergency generator at the Kudza Road Lift Station, including automatic transfer switch, conduits, conductors, site work including concrete pad and fence with gate, all miscellaneous and restoration items, all items indicated and/or implied on the drawings and in the specifications, and everything required for a complete and operable system.

B. The CONTRACTOR shall be responsible for all labor, materials, tools, transportation, supplies, equipment and appurtenances necessary to construct/install, start-up, and test the emergency generators and associated electrical and instrumentation equipment.

C. The OWNER reserves the right to add to the work in accordance with the Contract Documents.

1.02 WORK BY OTHERS

A. The CONTRACTOR will diligently perform the scope of work independently of all others who may perform concurrent tasks during execution of the scope of work.

B. The OWNER reserves the right to add to the work in accordance with the Contract Documents.

C. The ENGINEER or OWNER’s representative reserves the right to, throughout the construction process, perform on-site inspections of the CONTRACTOR and construction process. Documentation of work shall include, but not be limited to, detailed documentation of daily work performed by the CONTRACTOR, and photographs of critical phases of construction, restoration, and testing.

D. Perimeter privacy (screened) fencing must be secured at all times including but not limited to the installation of temporary construction fencing prior to the removal of existing perimeter and security fencing required for construction. CONTRACTOR must submit a plan outlining the installation and removal of fencing for approval by OWNER prior to mobilization.

END OF SECTION

This page intentionally left blank.

SECTION 01025

MEASUREMENT AND PAYMENT

PART 1 - GENERAL

1.01 GENERAL REQUIREMENTS

A. The Unit prices stated in the Contract shall be considered payment in full for the completion of all work. Payment shall be made under each item only for work as it is not specifically included under other items.

B. The CONTRACTOR shall furnish all labor, equipment and materials necessary to construct all work depicted and required for a complete and operable system for the Village of Palm Springs (OWNER).

1.02 PERFORMANCE

A. Section generally defines unless otherwise indicated, the following:

1. Payment item descriptions.

2. Payment application descriptions.

B. The cost of temporary facilities, bonds, insurance, attending project meetings, administration, record drawings, policing, and other general duties shall be considered incidental to all items.

C. The OWNER may direct the CONTRACTOR to install certain portions of the work in advance of other portions without extra payment to the CONTRACTOR.

D. Measurement methods delineated in the individual Specification sections are intended to complement the criteria of this Section. In the event of conflict, the requirements of the individual Specification section will govern.

E. The CONTRACTOR’s attention is called to the fact that the quotations for the various items of Work are intended to establish a total price for completing the Work in its entirety. Should the CONTRACTOR feel that the cost of any item of Work has not been established by the Schedule of Values or Measure and Payment, CONTRACTOR shall include the cost for that Work in the other Bid Items so that CONTRACTOR’s proposal for the project does reflect CONTRACTOR’s total price for completing the Work in its entirety.

1.03 RELATED SECTIONS

A. Section 00200 - Instructions to Bidders

B. Section 00520 - Agreement

C. Section 00700 - General Conditions

D. Section 00800 – Supplementary Conditions

1.04 LUMP SUM ITEMS

A. The lump sum price shall be full compensation for all labor, materials and equipment to satisfactorily complete the installation of the items as shown on the plans and indicated in the details for lump sum bid items for a complete and operable system.

1.05 UNIT PRICE ITEMS

A. The ENGINEER or his representative shall determine the number of units of each work item installed.

1.06 SATISFACTORY COMPLETION

A. Satisfactory completion shall include all installation, testing, and startup of improvements along with full restoration of areas affected by construction.

1.07 PAYMENT ITEMS

A. Unit Price Bid

1. Payment shall constitute summation of measured quantities multiplied by the respective unit price for items constructed as specified herein and shown on the engineering drawings; including installation and removal of all temporary facilities, piping; and supply of all incidental materials, equipment and labor necessary to complete the contemplated Work whether specifically identified herein or not.

2. Partial progress payments will be made at monthly intervals and will be based upon the value of the Work completed on the date that a partial payment application is submitted less deductions for retainage as defined elsewhere.

B. Total Lump Sum Bid

1. Full payment shall constitute full reimbursement for the construction of all work as specified herein and shown on the Engineering Drawings; installation and removal of all temporary facilities and supply of all incidental materials, equipment and labor necessary to complete the work whether specifically identified herein or not.

2. Partial progress payments will be made at monthly intervals and be based upon the value of the Work completed on the date that a partial payment application is submitted less deductions for retainage as defined elsewhere.

1.08 PAYMENT APPLICATION DESCRIPTION

A. Preparation of Applications:

1. Present required information in type written form, or equivalent.

2. Execute certification by signature of authorized officer.

3. Use data from approved Schedule of Values. Provide dollar value in each column for each line item for portion of work performed.

4. List each authorized Change Order as an extension on the Application for Payment, listing Change Order number and dollar amount as for an original item of Work.

B. Submittal Procedures

1. Submit three copies of each Application for Payment.

Payment Period: Submit monthly as directed by the OWNER.

Submit signed and sealed record drawings covering work for which payment is being requested.

Submit revised progress schedule accurately reflecting the work completed and the schedule of future work items.

C. Substantiating Data

1. When OWNER requires substantiating information, submit data justifying dollar amounts in question.

PART 2 – PRODUCTS

NOT USED

PART 3 – EXECUTION

3.01 PAYMENT ITEMS

A. PAY ITEM NO. 1 – GENERAL CONDITIONS, BONDS, AND INDEMNIFICATION

Payment of this item shall be on a lump sum basis. This pay item shall include the costs to comply with all elements of the General Conditions of the Contract, including but not limited to: compliance with the requirements of the General

Conditions, Supplementary Conditions, bonds, insurance, record keeping, temporary facilities, safety and permitting, and indemnification. Payment shall be made at the Contract Lump Sum Price as identified in the Agreement upon completion of work identified in the general conditions. The total cost of this item shall not exceed 5% of the total bid cost.

B. PAY ITEM NO. 2 – KUDZA ROAD LIFT STATION IMPROVEMENTS

Payment of this item shall be on a lump sum basis. This pay item shall include the costs for all work required to complete the proposed improvements shown and implied in the Contract Documents including, but not limited to: mobilization/demobilization, demolition of existing facilities, furnishing all labor, materials, and equipment to install the emergency generator, automatic transfer switch, conduits and conductors, concrete pads, startup and testing services, and all appurtenances required for a complete and operable system. This pay item also includes record drawings and closeout documents as well as all materials, labor and equipment for complete restoration of the area to existing conditions or better.

END OF SECTION

SECTION 01039

COORDINATION AND MEETINGS

PART 1 - GENERAL

1.01 PERFORMANCE

A. Section generally defines CONTRACTOR's responsibilities, unless otherwise indicated, for the following:

1. Coordination.
2. Field Engineering.
3. Preconstruction Conference.
4. Progress Meetings.

1.02 COORDINATION

A. Coordinate scheduling, submittals, and work to assure efficient and orderly sequence of installation of interdependent construction elements, with provisions for accommodating items to be installed later.

B. Coordinate completion and clean-up of Work of separate sections in preparation for Substantial Completion.

C. Coordinate any tie-ins to existing piping with the Village of Palm Springs (OWNER). Obtain written authorization prior to shutting down any water mains on services, reclaimed mains, force mains, or performing tie-ins.

D. Procure approval from the OWNER prior to operating any existing valve.

1.03 FIELD ENGINEERING

A. Employ a Land Surveyor registered in the State of Florida and acceptable to the ENGINEER and the Village to perform all field surveys.

B. CONTRACTOR shall locate and protect survey control and reference points.

C. Control datum for survey is Vertical Control NAVD 1988.

D. Provide field engineering services. Utilize land surveyor to establish elevations, lines, and levels, utilizing recognized survey practices.

E. Submit signed and sealed certification prepared by the Land Surveyor that the elevations and locations of the Work are in conformance with the Contract Documents.

1.04 PRECONSTRUCTION CONFERENCE

A. ENGINEER will schedule a conference after Notice of Award.

B. Attendance Required: OWNER, ENGINEER, and CONTRACTOR.

C. Agenda:

1. Designation of personnel representing the parties in Contract, and the ENGINEER.

2. Procedures and processing of field decisions, submittals, substitutions, applications for payments, proposal request, Change Orders and Contract closeout procedures.

3. Scheduling.

1.05 PROGRESS MEETINGS

A. Schedule and administer meetings throughout progress of the Work as required.

B. Make arrangements for meetings, prepare agenda with copies for participants, preside at meetings, record minutes, and distribute copies within two (2) days to ENGINEER, OWNER, participants, and those affected by decisions made at the meeting.

C. Attendance Required: Job superintendent, major Subcontractors and suppliers, OWNER, ENGINEER, as appropriate to agenda topics for each meeting.

D. Agenda:

1. Review minutes of previous meetings.

2. Review of work progress.

3. Field observations, problems, and decisions.

3. Identification of problems, which impede planned progress.

SECTION 01300

SUBMITTALS

PART 1 - GENERAL

1.01 PERFORMANCE

A. Section generally defines CONTRACTOR’s responsibilities, unless otherwise indicated, for the following:

1. Submittal Procedures.
2. Construction Progress Schedules.
3. Contractor’s Daily Field Notes
4. Temporary Fencing and Screening Plan.
5. Dewatering Plans.
6. Testing Plans.
7. Temporary Trenching, Sheeting, and Shoring Plan.
8. Proposed Products List.
9. Shop Drawings.
10. Product Data.
11. Manufacturers' Instructions.
12. Manufacturers' Certificates.
13. Maintenance of Traffic.
14. Schedule of Values Acceptable to Engineer and Owner.

1.02 RELATED SECTIONS

A. **Section 01400 - Quality Control:** Manufacturers' field services and reports.

B. **Section 01780 - Contract Closeout:** Contract warranty and manufacturer's certificates, closeout submittals.

1.03 SUBMITTAL PROCEDURES

A. Transmit each submittal with ENGINEER accepted form. All submittals shall be submitted electronically. Responses to submittals will also be performed electronically.

B. Sequentially number the transmittal forms. Resubmittals to have original number with an alphabetic suffix.

C. Identify Project, CONTRACTOR, Subcontractor or supplier; pertinent Drawing sheet and detail number(s), and specification Section number, as appropriate.

D. Apply CONTRACTOR's stamp, signed or initialed certifying that review, verification of Products required, field dimensions, adjacent construction Work, and coordination of information, is in accordance with the requirements of the Work and Contract Documents.

E. Schedule submittals to expedite the Project, and deliver to ENGINEER at their business address. Coordinate submission of related items.

F. Identify variations from Contract Documents and Product or system limitations which may be detrimental to successful performance of the completed Work.

G. Provide space for CONTRACTOR and ENGINEER review stamps on each submittal.

H. Only complete submittals will be reviewed. Partial or incomplete submittals for a product will be returned to the CONTRACTOR without review.

I. Revise and resubmit submittals as required, identify all changes made since previous submittal.

J. Distribute copies of reviewed submittals to concerned parties. Instruct parties to promptly report any inability to comply with provisions.

K. Provide an updated Submittal Log at the end of each week that tracks the date the submittal was transmitted, the date the submittal was returned, and the status of each submittal.

L. All approved submittals to be saved electronically, in PDF format, and provided on a CD along with As-Built Plans and O&M Manuals at the end of the project.

1.04 CONSTRUCTION PROGRESS SCHEDULES

A. Submit initial progress schedule as required in the “General Conditions”.

B. Revise and resubmit as required in the “General Conditions”.

C. Submit revised schedules with each Application for Payment, identifying changes since previous version.

D. Submit a horizontal bar chart with separate line for each major section of Work or operation, identifying first work day of each week.

E. Show complete sequence of construction by activity, identifying Work of separate stages and other logically grouped activities. Indicate the early and late start, early and late finish, float dates, and duration.

F. Indicate estimated percentage of completion for each item of Work at submission of each Application for Payment.

G. At the end of each week, CONTRACTOR shall submit a written two (2) week look ahead describing the construction activities that will take place to allow for coordination with ENGINEER, OWNER, and other parties.

1.05 CONTRACTOR'S DAILY FIELD NOTES

A. Submittal of daily field notes/activities logs is required with each progress payment application covering all days worked during the period covered by the progress payment application.

1.06 TEMPORARY FENCING AND SCREENING PLAN

A. Submit temporary fencing and screening plan to ENGINEER for review.

1.07 DEWATERING PLANS

A. Submit dewatering plans to ENGINEER for review.

B. After ENGINEER's review of dewatering plans, CONTRACTOR shall submit plans to proper governing authority and receive permits for dewatering prior to construction.

C. CONTRACTOR is responsible for paying any dewatering permit fees.

1.08 TESTING PLANS

A. CONTRACTOR shall submit plans to ENGINEER for review.

1.09 TEMPORARY TRENCHING, SHEETING, AND SHORING PLAN

A. CONTRACTOR shall submit plans to proper governing authority for approval.

1.10 PROPOSED PRODUCTS LIST AND INFORMATION

A. Submit complete list of major products proposed for use, with name of manufacturer, trade name, and model number or each product.

B. For products specified only by reference standards, give manufacturer, trade name, model or catalog designation, and reference standards.

1.11 SHOP DRAWINGS

A. After review, distribute in accordance with Article on Procedures above and for Record Documents described in **Section 01780 - Contract Closeout**.

1.12 PRODUCT DATA

A. Submit the number of copies which the CONTRACTOR requires, plus four (4) copies, which will be retained by the ENGINEER.

B. Mark each copy to identify applicable products, models, options, and other data. Supplement manufacturers' standard data to provide information unique to this Project.

C. After review, distribute in accordance with Article on Procedures above and provide copies for Record Documents described in **Section 01780 - Contract Closeout.**

1.13 MANUFACTURER'S INSTRUCTIONS

A. When specified in individual specification Sections, submit manufacturers' printed instructions for delivery, storage, assembly, installation, start-up, adjusting, and finishing, in quantities specified for Product Data.

B. Identify conflicts between manufacturers' instructions and Contract Documents.

1.14 MANUFACTURER'S CERTIFICATES

A. When specified in individual specification Sections, submit manufacturers' certificate to ENGINEER for review, in quantities specified for Product Data.

B. Indicate material or Product conforms to or exceeds specified requirements. Submit supporting reference data, affidavits, and certifications as appropriate.

C. Certificates may be recent or previous test results on material or Product, but must be acceptable to ENGINEER.

1.15 MAINTENANCE OF TRAFFIC

A. Prepare and submit a Work Zone Traffic Control Plan to the appropriate officials in all municipalities and jurisdictions where the work will impact the flow of traffic. Obtain written approval of that plan from all municipalities and jurisdictions, then provide copies of the plan and all approvals to the OWNER and ENGINEER prior to the start of construction. Also, submit plan to maintain/control pedestrian traffic in the work area.

END OF SECTION

SECTION 01360

PRE-CONSTRUCTION AUDIO-VIDEO DOCUMENTATION

PART 1 - GENERAL

1.01 PERFORMANCE

A. Section generally defines CONTRACTOR's responsibilities, unless otherwise rated, for the following:

1. Audio-Video Documentation.
2. Equipment.
3. Submittals.
4. Technique.
5. Quality Assurance.

1.02 QUALITY ASSURANCE

A. Documentation shall be performed by a responsible commercial firm known to be skilled and regularly engaged in the preparation of pre-construction color audio-video documentation. **Any Preconstruction video produced by the CONTRACTOR will be immediately rejected.** All preconstruction videos are to be completed by a firm with extensive amount of previous experience in producing preconstruction documentation.

B. Completed documentation shall reproduce bright, sharp pictures with accurate colors and shall be free from distortion, tearing, rolling, or any other significant picture imperfection. The audio portion of the recording shall reproduce the commentary of the camera operator with proper volume, clarity, and be free of distortion and shall be recorded in fluent English.

C. Construction shall not proceed until the OWNER and ENGINEER have reviewed the documentation and notified the CONTRACTOR of its acceptability.

1.03 MEASUREMENT AND PAYMENT

A. No separate payment item is provided for this work. The cost of performing this work shall be incorporated into the bid items or lump sum amount identified on the bid form.

PART 2 - PRODUCTS

2.01 RECORDING EQUIPMENT

A. Utilize color video camera having:

1. Horizontal Resolution of 350 lines at center.

2. 8:1 Zoom, minimum.

B. Utilize digital format recorder having:

1. Minimum horizontal resolution of 540 lines, 60 fields.

2.02 RECORDING MEDIA

A. Utilize new, Digital Video Disc (DVD) having:

1. DVD shall be DVD-R. DVD-RAM shall not be accepted.

2. 4¾ inches diameter discs.

2. High resolution.

3. 4.7 gigabyte storage per layer with two layers (minimum).

PART 3 - EXECUTION

3.01 COVERAGE

A. Record coverage of all surface features located in the construction's zone of influence (including the proposed storage area(s)) including, but not limited to:

1. Roadways, driveways, sidewalks.

2. Treatment facilities, surrounding structures, sanitary facilities.

3. Drainage structures, abovegrade utilities, drainage swales, canals.

4. Landscaping, trees, shrubbery, fences, irrigation heads, meters.

B. Record the individual features of each item with particular attention being focused upon the existence of any faults, fractures, or defects.

C. Control pan rate, rate of travel, camera height and zoom rate to maintain a steady clear view at all times.

D. Limit recorded coverage to one side of any street at any one time.

E. Create a single, continuous, unedited recording that begins and ends within each portion of a particular construction area. The recording shall proceed in the direction of ascending baseline stationing.

3.02 AUDIO CONTENT

A. Simultaneously record audio content during videotaping.

B. Audio recording shall assist in viewer orientation and in any needed identification, clarification, or description of features being recorded.

C. Audio recording will only consist of camera operator commentary.

3.03 INDEXING

A. Permanently label each tape with a sequential tape number and the project name.

B. Index each DVD with a digital record of the time and date of the recording that is continuously displayed as the DVD is played.

C. Prepare a written log which describes the contents of each DVD including:

1. Structure/location names.

2. Coverage begin/end, station and location.

3. Recording date.

3.04 CONDITIONS

A. Record coverage during dry, clear weather and during daylight hours only.

B. Record coverage when the area to be covered is free of debris or obstructions.

C. Record coverage no more than 15 days prior to the start of construction.

END OF SECTION

This page intentionally left blank.

SECTION 01400

QUALITY CONTROL

PART 1 - GENERAL

1.01 PERFORMANCE

A. Section generally defines CONTRACTOR's responsibilities, unless otherwise indicated, for the following:

1. Quality assurance and control of installation.

2. References.

3. Inspection and testing laboratory services.

1.02 QUALITY ASSURANCE/CONTROL OF INSTALLATION

A. Monitor quality control over suppliers, manufacturers, products, services, site conditions, and workmanship, to produce Work of specified quality.

B. Comply fully with manufacturers' instructions, including each step in sequence.

C. Should manufacturers' instructions conflict with Contract Documents, request clarification from ENGINEER before proceeding.

D. Comply with specified standards as a minimum quality for the Work except when more stringent tolerances, codes, or specified requirements indicate higher standards or more precise workmanship.

E. Perform work by persons qualified to produce workmanship of specified quality.

F. Secure products in place with positive anchorage devices designed and sized to withstand stresses, vibration, physical distortion or disfigurement.

G. Provide devices or utilize methods necessary for compliance with the "Trench Safety Act".

1.03 REFERENCES

A. Conform to reference standard as identified in each individual technical specification section.

B. Should specified reference standards conflict with Contract Documents, request clarification from ENGINEER before proceeding.

C. The contractual relationship of the parties to the Contract shall not be altered from the Contract Documents by any reference standard or document.

1.04 INSPECTION AND TESTING LABORATORY SERVICES

A. CONTRACTOR will appoint, employ, and pay for services of an independent firm that is licensed and certified to perform inspection and testing.

B. The independent firm will perform inspections, tests, and other services specified in individual specification Sections and as required by the ENGINEER.

C. Reports will be submitted by the independent firm to the ENGINEER, in duplicate, indicating observations and results of tests and indicating compliance or non-compliance with Contract Documents.

D. Cooperate with independent firm; furnish samples of materials, design mix, equipment, tools, storage and assistance as requested.

1. Notify ENGINEER and independent firm 24 hours prior to expected time for operations requiring services.

2. Make arrangements with independent firm and pay for additional samples and tests required for CONTRACTOR's use.

E. Retesting required because of non-conformance to specified requirements shall be performed by the same independent firm on instructions by the ENGINEER. The cost for retesting shall be the CONTRACTOR’s responsibility.

F. Testing to be provided by the CONTRACTOR shall include, at a minimum:

1. Density testing.

2. Concrete testing.

SECTION 01500

CONSTRUCTION FACILITIES AND TEMPORARY CONTROLS

PART 1- GENERAL

1.01 PERFORMANCE

A. Section generally defines CONTRACTOR's responsibilities, unless otherwise indicated, for the following:

1. Temporary Utilities: Electricity, water, and sanitary facilities.

2. Temporary Controls: Barriers, enclosures and fencing and screening, protection of the Work.

3. Construction Facilities: Parking, progress cleaning, and project signage.

1.02 RELATED SECTIONS

A. **Section 01780 – Closeout Submittals**: Final cleaning.

1.03 TEMPORARY ELECTRICITY

A. CONTRACTOR will provide temporary 110 VAC power, if existing at well or lift station locations, and CONTRACTOR may use at no cost.

B. CONTRACTOR will provide portable power supply as required.

C. CONTRACTOR will provide power outlets for construction operations, with branch wiring and distribution boxes located as needed. Provide flexible power cords as required.

1.04 TEMPORARY WATER SERVICE

A. CONTRACTOR shall be responsible for supplying any potable or non-potable water needed for this project.

1.05 TEMPORARY SANITARY FACILITIES

A. CONTRACTOR shall provide and maintain required facilities.

1.06 BARRIERS AND TRAFFIC CONTROL

A. Provide barriers to prevent unauthorized entry to construction areas and to protect

existing facilities and adjacent properties from damage due to construction operations and demolition.

B. Provide protection for natural vegetation designated to remain. Replace protected vegetation, if damaged.

C. Protect all landscaping and decorative vegetation. Restore damaged landscaping and vegetation to its original condition.

D. Protect non-owned vehicular traffic, stored materials, site and structures from damage.

E. Provide signs, signals, cones, barricades and trained flagmen to direct traffic in and around the construction site in accordance with Florida Department of Transportation Work Zone Traffic Control Standards.

1. Prepare a WORK ZONE TRAFFIC CONTROL PLAN and submit that plan to the appropriate officials in all municipalities and jurisdictions where the Work will impact the flow of traffic.

2. Obtain written approval of that plan from all municipalities and jurisdictions, and then provide copies of the plan and all approvals to the OWNER and ENGINEER prior to the start of construction. All approvals must be obtained prior to construction.

3. Keep specified areas open and accessible at all times. Roads must be kept open at all times. Flow bypass ramps or buried hoses are required to maintain traffic access.

1.07 PROTECTION OF INSTALLED WORK

A. Protect installed Work and provide special protection where specified in individual specification Sections.

B. Provide temporary and removable protection for existing and installed Products. Control activity in immediate work area to minimize damage.

C. Provide protective coverings as needed.

D. Protect finished floors, stairs, roadways, and other surfaces from traffic, dirt, wear, damage, or movement of heavy objects, by protecting with durable sheet materials.

1.08 SECURITY/TEMPORARY FENCING AND SCREENING

A. Provide security and facilities to protect Work from unauthorized entry,

vandalism, or theft.

B. Provide temporary fencing and screening to protect Work from unauthorized entry, vandalism, or theft.

1.09 ACCESS ROADS

A. Construct and maintain temporary roads accessing public thoroughfares to serve construction area. Access routes shall be restored to preexisting conditions or better upon conclusion of the project.

B. Extend and relocate as Work progress requires. Provide detours necessary for unimpeded traffic flow. Coordinate interruptions in normal public vehicular traffic flow with those governmental agencies having authority over each roadway.

1.10 PARKING

A. Provide temporary parking areas to accommodate construction personnel.

B. Temporary parking areas must not interfere with normal traffic flow or designated parking for others.

C. Temporary parking areas must be approved by the ENGINEER and OWNER.

1.11 PROGRESS CLEANING

A. Maintain all construction areas free of waste materials, debris, and rubbish. Maintain all sites in a clean and orderly condition.

B. Broom and vacuum clean areas prior to start of surface finishing, and continue cleaning to eliminate dust.

C. Remove waste materials, debris, and rubbish from site daily and dispose of at approved location.

D. Always keep roadways, sidewalks and bicycle paths clear of construction debris and trash.

E. Provide positive methods and apply dust control materials to minimize raising dust form construction operations, and provide positive means to prevent air-borne dust from dispersing into the atmosphere. CONTRACTOR shall immediately mitigate dust upon complaint.

1.12 REMOVAL OF UTILITIES, FACILITIES, AND CONTROLS

A. Remove temporary above grade or buried utilities, equipment, facilities, materials, prior to Final Application for Payment inspection.

B. Remove underground installations to a minimum depth of three (3) feet.

C. Clean and repair damage caused by installation or use of temporary work.

D. Restore existing facilities used during construction to original condition. Restore permanent facilities used during construction to specified condition.

END OF SECTION

SECTION 01600

MATERIAL AND EQUIPMENT

PART 1 - GENERAL

1.01 PERFORMANCE

A. Section generally defines CONTRACTOR's responsibilities, unless otherwise indicated, for the following:

1. Products.
2. Transportation and handling.
3. Storage and protection.
4. Product options.
5. Substitutions.

1.02 RELATED SECTIONS

A. Instructions to Bidders: Product options and substitution procedures.

B. **Section 01400 - Quality Control**: Product quality monitoring.

1.03 PRODUCTS

A. Products: Means new material, machinery, components, equipment, fixtures, and systems forming the Work. Does not include machinery and equipment used for preparation, fabrication, conveying and erection of the Work. Products may also include existing materials or components required for reuse.

B. Do not use materials and equipment removed from existing premises, except as specifically permitted by the Contract Documents.

1.04 TRANSPORTATION AND HANDLING

A. Transport and handle Products in accordance with manufacturer's instructions.

B. Promptly inspect shipments to assure that Products comply with requirements, quantities are correct, and Products are undamaged.

C. Provide equipment and personnel to handle Products by methods which prevent soiling, disfigurement, or damage.

1.05 STORAGE AND PROTECTION

A. Store and protect Products in accordance with manufacturer's instructions, with seals and labels intact and legible. Store sensitive Products in weather-tight, climate controlled enclosures.

B. For exterior storage of fabricated Products, place on secure supports, above ground.

C. Provide off-site storage and protection when site does not permit on-site storage or protection. On-site storage of products must be approved by the OWNER and ENGINEER prior to delivery.

D. Cover Products subject to deterioration with impervious sheet covering. Provide ventilation to avoid condensation.

E. Store loose granular materials on solid flat surfaces in a well-drained area. Prevent mixing with foreign matter.

F. Arrange storage of Products to permit access for inspection. Periodically inspect to assure Products are undamaged and are maintained under specified conditions.

1.06 PRODUCT OPTIONS

A. Products Specified by Reference Standards or by Description Only: Any Product meeting those standards or description.

B. Products Specified by Naming One or More Manufacturers: Products of manufacturers named and meeting specifications, no options or substitutions allowed.

C. Products Specified by Naming One or More Manufacturers with a Provision for Substitutions: Submit a request for substitution for any manufacturer not named.

1.07 SUBSTITUTIONS

A. Instructions to Bidders specify time restrictions for submitting requests for Substitutions during the bidding period to requirements specified in this Section.

B. Substitutions may be considered when a Product becomes unavailable through no fault of the CONTRACTOR.

C. Document each request with complete data substantiating compliance of proposed Substitution with Contract Documents.

D. A request constitutes a representation that the Bidder:

1. Has investigated proposed Product and determined that it meets or exceeds the quality level of the specified Product.

2. Will provide the same warranty for the Substitution as for the specified Product.

3. Will coordinate installation and make changes to other Work that may be required for the Work to be complete with no additional cost to OWNER.

4. Waives claims for additional costs or time extension that may subsequently become apparent.

5. Will reimburse OWNER for review or redesign services associated with re-approval by the ENGINEER or governing authorities.

E. Substitutions will not be considered when they are indicated or implied on shop drawing or product data submittals without separate written request, or when acceptance will require revision to the Contract Documents.

F. Substitution Submittal Procedure:

1. Submit three (3) copies of request for Substitution for consideration. Limit each request to one proposed Substitution.

2. Submit shop drawings, Product data, and certified test results attesting to the proposed Product equivalence.

G. The ENGINEER will notify CONTRACTOR, in writing, of decision to accept or reject request.

SECTION 01720

RECORD DOCUMENTS

PART 1 - GENERAL

1.01 PERFORMANCE

A. Section generally defines CONTRACTOR's responsibilities, unless otherwise indicated, for the following:

1. On-site maintenance of Record Documents.
2. Required record information.

1.02 MAINTENANCE

A. Maintain on site, one (1) set of the following Record Documents; record actual revisions to the Work:

1. Drawings.
2. Specifications.
3. Addenda.
4. Change Orders and other modifications to the Contract.
5. Shop Drawings, product data, and samples.
6. Building Permits.
7. Other Permits as necessary.

B. Store Record Documents separate from documents used for construction.

C. Record information concurrent with construction progress.

D. In the interest of timely detection of non-conforming Work, all Record Drawing information for the partially completed work must be furnished to the ENGINEER prior to submitting for periodic progress payments on the partially completed Work.

E. Under no circumstances will pavement restoration Work be allowed to start until the ENGINEER has reviewed the Record Drawing information for Work constructed within the area that pavement will be restored.

F. All Record Drawing information must be obtained by a Professional Land Surveyor, who is licensed in the State of Florida. Information must be signed and sealed.

G. Record Documents must be available to ENGINEER for examination at any time during the progress of the Work.

H. Submit completed Record Documents upon completion of the Work, at each partial pay request, and prior to application for final payment.

I. The Surveyor to be utilized shall have successfully completed three (3) Record Drawing projects within the last two (2) years within the Village of Palm Springs Service area (i.e. has completed three sets of Record Drawings that have been reviewed by Village Staff and is familiar with the requirements of the Village of Palm Springs.)

1.03 REQUIRED RECORD DRAWING INFORMATION

A. General

1. All drawings included as part of the Contract Documents shall be submitted as part of the record drawing submittal.

2. Label drawings “Record Drawings” with date.

3. Complete title block with current file name.

4. Location sketch.

5. Design information shall be crossed out and the record drawing information shall be included in bold.

6. Two (2) signed and sealed sets of Record Drawings.

7. One (1) signed and sealed set of Record Drawings on Mylar.

8. Two (2) digital copies of Record Drawings in AutoCAD 2000 format or later and one (1) copy, in PDF format, on CD.

9. Additional copies as required for permitting closeout as requested by the ENGINEER.

10. Design information which is no longer applicable to the installed components and/or configuration shall be crossed-out.

11. Design elevations shall be crossed out and the installed elevations shall be recorded where applicable.

B. Concrete Pad

1. Include Northing/Easting and latitude/longitude of the corners of the concrete slab, and slab elevation.

C. Electrical

1. Include location of electrical and instrument panels, rocks, pull boxes, transformers, equipment panels, grounding rods and test wells, and conduit. Conduit information shall include depth of cover and separation between other utilities where they cross each other.

PART 2 - PRODUCTS

NOT USED

PART 3 - EXECUTION

3.01 SURVEYOR RESPONSIBILITIES

A. Signed and sealed prints are to be submitted for each pay requisition and appropriate stages of construction as designated by the ENGINEER.

B. Mark information on the Drawing in a manner that indicates which elevations and dimensions have been checked. This is to be done by crossing through the design elevation or dimension and placing the Record information next to it. If an elevation or dimension has not changed, the same procedure should be followed to confirm that it has been checked. Add new information in a manner to indicate that it is Record information and not design information.

C. Each Record Drawing sheet must include the surveyor's name, company, address, and registration number.

D. Prior to the conclusion of the Project, CONTRACTOR shall submit the required number of signed and sealed copies of the Record Drawings to the ENGINEER for the purpose of closing all of the outstanding permits.

E. At the conclusion of the Project, submit two final sets of signed and sealed prints and a signed and sealed set of Mylar’s to the ENGINEER for permanent record keeping, along with two (2) digital copies of the Record Drawings on CD in AutoCAD 2000 format or later and one (1) copy, in PDF format, on CD. In addition, the CONTRACTOR shall provide the required number of copies to the ENGINEER to assist in the closing out of all necessary permits.

END OF SECTION

SECTION 01730

OPERATION & MAINTENANCE MANUALS

PART 1 - GENERAL

1.01 SECTION INCLUDES

A. Detailed information for the preparation, submission, and ENGINEER's review of Operation and Maintenance (O&M) Data, as required by individual specification Sections. The O&M information shall be prepared specifically for this project, and shall include all sections and organization as specified herein.

1.02 DEFINITIONS

A. Preliminary Data: Initial and subsequent submissions for ENGINEER's review.

B. Final Data: ENGINEER-accepted data, submitted as specified herein.

C. Maintenance Operation: As used on Maintenance Summary Form is defined to mean any routine operation required to ensure satisfactory performance and longevity of equipment. Examples of typical maintenance operations are lubrication, belt tensioning, adjustment of pump packing glands, and routine adjustments.

1.03 SEQUENCING AND SCHEDULING

A. Equipment and System Data.

1. Preliminary Data:

a. Do not submit until Shop Drawing for equipment or system has been reviewed and approved by ENGINEER and OWNER.

b. Submit prior to shipment date.

2. Materials and Finished Data

a. Preliminary Data: Submit at least 15 days prior to request for start-up.

b. Final Data: Submit within 10 days after final inspection.

1.04 DATA FORMAT

A. Prepare preliminary data in the form of an instructional manual. Prepare final data in data compilation format in electronic media.

B. Instructional Manual Format:

1. Binder: Commercial quality, permanent, three-ring or three-post binders with durable plastic cover.

2. Size: 8½ inches by 11 inches, minimum.

3. Cover: Identify manual with typed or printed title "OPERATION AND MAINTENANCE MANUAL" and list:

   a. Project title.

   b. Month and year.

   c. Designate Applicable system, equipment, material, or finish.

   d. Identity of separate structure as applicable.

   e. Identity of general subject matter covered in the manual.

   f. Spine shall have the project title, month and year, and "OPERATION AND MAINTENANCE MANUAL" printed on it.

4. Title Page

   a. CONTRACTOR name, address, and telephone number.

   b. Subcontractor, supplier, installer, or maintenance contractor's name address, and telephone number, as appropriate.
      i. Identify area of responsibility of each.
      ii. Provide name and telephone number of local source of supply for parts and replacement.

5. Table of Contents:

   a. Neatly typewritten and arranged in systematic order with consecutive page numbers.

   b. Identify each product by product name and other identifying numbers or symbols set forth in the Contract Documents.

6. Paper: 20-pound minimum, white for typed pages.

7. Text: manufacturer's printed data, or neatly typewritten.

8. Three-hole punch data for binding and composition; arrange printing do that punched holes do not obliterate data.

9. Material shall be suitable for reproduction, with quality equal to original. Photocopying of materials will be acceptable, except for material containing photographs.

C. Data Compilation Format:

1. Compile all ENGINEER-accepted preliminary O&M data into a hard-copy, hard-bound set.

2. Each set shall consist of the following:

a. Binder: Commercial quality, permanent, three-ring or three-post binders with durable plastic cover.

b. Cover: Identify each volume with typed or printed title "OPERATION AND MAINTENANCE MANUAL, VOLUME NO. ____ OF _____", and list:
   i. Project title
   ii. CONTRACTOR's name, address, and telephone number.
   iii. If entire volume covers equipment or system provided by one (1) supplier include the following:
      a) Identity of general subject matter covered in the Manual.
      b) Identity of equipment number and specification Section.

c. Provide each volume with title page and typed table of contents with consecutive page numbers. Place content of entire set, identified by volume number in each binder.

d. Table of contents neatly typewritten, arranged in systematic order:
   i. Include list of each product, indexed to content of each volume.
   ii. Designate system or equipment for which it is intended.
   iii. Identify each product by product name and other identifying numbers or symbols set forth in the Contract Documents.

e. Section Dividers:
   i. Heavy, 80-pound cover weight, tabbed with numbered plastic index tabs.
   ii. Fly-leaf:
      a) For each separate product, or each piece of operating equipment, with typed description of product and major component parts of equipment.
      b) List with each product:
         i. Name address, and telephone of subcontractor, suppliers, installer and maintenance contractor as applicable.
         ii. Identity area of responsibility of each.
         iii. Provide local source of supply for parts and replacement.
   iii. Identity of separate structure as applicable.

f. Assemble and bind material, as much as possible, in the same order as specified in the Contract Documents.

D. Electronic Media Format:

1. Portable Document Format (PDF):

a. After all preliminary data has been found to be acceptable to the ENGINEER, submit O&M data in PDF format on CD.

b. Files to be exact duplicates of ENGINEER-accepted preliminary data. Arrange by specification number and name.

c. Files to be fully functional and viewable in the latest version of Adobe Acrobat.

d. The table of contents shall include hot links to the individual sections.

1.05 SUBMITTALS

A. Informational

1. Data outline: submit two (2) copies of a detailed outline if the proposed organization and content of the Final Manuals prior to preparation of the preliminary manuals.

2. Preliminary Data:

a. Submit two (2) copies for ENGINEER's review.

b. If data meets conditions of the Contract:
   i. One (1) copy will be returned to the CONTRACTOR.
   ii. One (1) copy will be forwarded to the project representative.

c. If data does not meet conditions of the Contract:
   i. All copies will be returned to the CONTRACTOR with the ENGINEER's comments for revision.
   ii. ENGINEER's comments will be retained in ENGINEER's file.
   iii. Resubmit two (2) copies revised in accordance with the ENGINEER's comments.

3. Final Data: Submit two (2) copies in format specified herein.

1.06 DATA FOR EQUIPMENT AND SYSTEMS

A. Content for each unit (or common Units) and system:

1. Product Data:

   a. Include only those sheets that are pertinent to specific product.

   b. Clearly annotate each sheet to:
      i. Identify specific product or part installed.
      ii. Identify data applicable to installation.
      iii. Delete references to inapplicable information.

   c. Function, normal operating characteristics, and limiting conditions.

   d. Performance curves, engineering data, nameplate data, and tests.

   e. Complete nomenclature and commercial number of replaceable parts.

   f. Original manufacturer's part list, illustrations, detailed assembly drawings showing each part with part numbers and sequentially numbered part list, and diagrams required for maintenance.

   g. Spare parts ordering instructions.

   h. Where applicable, identify installed spares and other provisions for future work (e.g. reserved panel space, unused components, wiring, and terminals).

2. As-installed, color coded piping diagrams.

3. Charts of valve tag numbers, with the location and function of each valve.

4. Drawings: Supplement product data with Drawings as necessary to clearly illustrate:

    a. Format:
        i. Provide reinforced, punched, binder tab: bind in with text.
        ii. Reduced to 8½ inches by 11 inches, or 11 inches by 17 inches folded to 8½ inches by 11 inches.
        iii. Where reduction is impractical, fold and place in 8½ inch by 11 inch envelopes bound in text.
        iv. Identify specification section and product on drawings and envelopes.

    b. Relations of component parts of equipment and systems.

    c. Control and flow diagrams.

    d. Coordinate drawings with Project record documents to assure correct illustration of completed installation.

5. Instructions and procedures: Within text, as required to supplement product data.

    a. Format:
        i. Organize in consistent format under separate heading for each different procedure.
        ii. Provide logical sequence of instructions for each procedure.
        iii. Provide information sheet for OWNER's personnel, including:
            a) Proper procedures in the event of failure.
            b) Instances that might affect validity of guarantee or bond.

    b. Installation instructions: Including alignment, adjusting, calibrating, and checking.

    c. Operating procedures:
        i. Startup, break-in, routine, and normal operating instructions.
        ii. Test procedures and results of factory tests where required.
        iii. Regulation, control, stopping, and emergency instructions.
        iv. Description of operating sequence by control manufacturer.
        v. Shutdown instructions for both short and extended duration.
        vi. Summer and winter operating instructions, as applicable.
        vii. Safety precautions.
        viii. Special operating instructions.

d. Maintenance and Overhaul procedures:
   i. Routine maintenance.
   ii. Guide to troubleshooting.
   iii. Disassembly, removal, repair, reinstallation, and reassembly.

6. Start-up information and test reports.

7. Guarantee, bond, and service agreement: in accordance with **Section 01780 - Closeout Submittals.**

B. Content for each electronic item or system:

1. Description of unit and component parts:

   a. Function, normal operating characteristics, and limiting conditions.

   b. Performance curves, engineering data, nameplate data, and tests.

   c. Complete nomenclature and commercial number of replaceable parts.

   d. Interconnection wiring diagrams, including control and lighting systems.

2. Circuit directories of panelboard:

   a. Electrical service.

   b. Controls.

   c. Communication.

3. List of electrical relay settings and control and alarm contact settings. Include a copy of all configuration settings and files on a USB thumb-drive.

4. Electrical interconnection wiring diagram, including control and lighting systems.

5. As-installed control diagrams by control manufacturer.

6. Grounding measurements

7. Operating procedures:

   a. Routine and normal operating instructions.

b. Sequences required.

c. Safety precautions.

d. Special operating instructions.

8. Maintenance procedures:

a. Routine maintenance.

b. Guide to troubleshooting.

c. Adjustment and checking.

d. List of relay settings, control, and alarm contact settings.

9. Manufacturer's printed operating and maintenance instructions.

10. List of original manufacturer's spare parts, manufacturer's current prices, and recommended quantities to be maintained in storage.

11. Start-up information and test reports.

C. Maintenance summary

1. Compile individual maintenance summary for each applicable equipment item, respective unit or system, and for components of subunits.

2. Format:

a. Use maintenance summary form bound with this Section.

b. Each maintenance summary may take as many pages as needed.

c. Use only 8½ x 11 paper.

d. Complete using typewriter or electronic printing.

3. Include detailed lubrication instructions and diagrams showing points to be greased or oiled; recommended type, grade, and temperature range of lubricants and frequency of lubrication.

4. Recommended spare parts:

a. Data to be consistent with manufacturer's bill of materials/parts list furnished in the O&M Manuals.

b. “Unit” is the unit of measure for ordering the part.

c. “Quantity” is the number of units recommended.

d. “Unit Cost” is the current purchase price.

1.07 DATA FOR MATERIALS AND FINISHES

A. Content for architectural products, applied materials and finishes:

1. Manufacturer’s data, giving full information on products:

a. Catalog number, size, and composition.

b. Color and texture designations.

c. Information required for reordering special manufactured products

2. Instructions for care and maintenance

a. Manufacturer’s recommendation for types of cleaning agents and methods.

b. Cautions against cleaning agents and methods that are detrimental to product.

c. Recommended schedule for cleaning and maintenance.

B. Content for moisture protection and weather exposed products.

1. Manufacturer’s data, giving full information on products:

a. Applicable standards.

b. Chemical composition.

c. Details of installation.

2. Instructions for inspection, maintenance and repair.

1.08 ADDITIONAL ITEMS FOR THE O&M MANUAL

A. Record drawings provided by the CONTRACTOR.

B. CD containing the approved submittals for the project.

1.09 SUPPLEMENTS

A. The supplement listed below, following "END OF SECTION," are part of this specification.

1. Form: Maintenance Summary Form.

PART 2 - PRODUCTS

NOT USED

PART 3 - EXECUTION

NOT USED

END OF SECTION

MAINTENANCE SUMMARY FORM

PROJECT: _____ CONTRACT NO.:_____

1. EQUIPMENT ITEM_____

2. MANUFACTURER _____

3. EQUIPMENT/TAG NUMBER_____

4. WEIGHT OF INDIVIDUAL COMPONENTS (OVER 100 POUNDS)_____

5. NAMEPLATE DATA (hp, voltage, speed, etc.)_____

6. MANUFACTURER'S LOCAL REPRESENTATIVE_____

   a. Name_____ Telephone No._____

   b. Address_____

7. MAINTENANCE REQUIREMENTS

Maintenance Operation Comments	Frequency	Lubricant (If Applicable)
List briefly each maintenance operation required and refer to specific information in manufacturer's standard maintenance manual, if applicable. (Reference to manufacturer's catalog or sales literature is not acceptable.	List required frequency of each maintenance operation.	Refer by symbol to lubricant required.

8. LUBRICANT LIST

Reference Symbol	Shell	Exxon Mobil	Chevron Texaco	BP Amoco	Or Equal
List Symbols used in No. 7 above	List equivalent lubricants as distributed by each manufacture for the specific use recommended.				

9. RECOMMENDED SPARE PARTS FOR OWNER'S INVENTORY

Part No.	Description	Unit	Quantity	Unit Cost
Note: Identify parts provided by this Contract with two asterisks.				

SECTION 01750

GENERAL REQUIREMENTS

PART 1 - GENERAL

1.01 PERFORMANCE

A. Section generally defines CONTRACTOR's responsibilities, unless otherwise indicated, for the following:

1. Preservation of Property.
2. Siltation and Bank Erosion.
3. Utility Construction and Adjustment.
4. CONTRACTOR’s Responsibility.
5. Use of Chemicals.
6. Progress of Work.
7. OSHA.
8. Utilities and Structures Shown on the Plans.
9. Drainage.
10. Restoration of Surface Improvements.
11. Hours of Operation.
12. Cutting and Patching

1.02 PRESERVATION OF PROPERTY

A. Preserve from damage all property along the line of the work, or which is in the vicinity of or is in any way affected by the work, the removal or destruction of which is not called for by the plans.

B. Wherever such property is damaged due to the activities of the CONTRACTOR, it shall be immediately restored to its original condition by the CONTRACTOR at no cost to the OWNER. CONTRACTOR is made aware that the project area is a residential area. All areas disturbed by construction activities shall be immediately restored to existing conditions or better.

C. In case of failure on the part of the CONTRACTOR to restore such property, or make good such damage or injury, the OWNER may, after 48 hours notice to the

CONTRACTOR, proceed to repair, rebuild or otherwise restore such property as may be deemed necessary and the cost thereof will be deducted from any monies due or which may become due the CONTRACTOR under this contract.

1.03 SILTATION AND BANK EROSION

A. Take adequate precautions to minimize siltation and bank erosion in the vicinity of canals or ditches, in discharging well point systems or during other construction activities.

B. If well pointing, the CONTRACTOR shall notify the South Florida Water Management District and/or the Northern Palm Beach County Water Control District as applicable and procure and necessary permits.

1.04 UTILITY CONSTRUCTION AND ADJUSTMENT

A. Bid items for liner systems, pump stations, drainage structures, and appurtenances are for new work only.

B. Prices bid for these items shall include all work incidental thereto, such as pavement repair, existing pond lining repair, sodding, landscape and irrigation repair, and all other required restoration work unless otherwise called for.

C. Where it is necessary to relocate, lower or otherwise adjust existing mains and appurtenances as may be required to accomplish the new pipeline construction, the cost of work shall be included in the unit prices or lump sum bid for such new pipeline.

1.05 CONTRACTOR'S RESPONSIBILITY

A. The CONTRACTOR shall be held strictly responsible for all parts of the work.

B. If failures in the Work develop within one year from the date of final acceptance, the CONTRACTOR shall be required to replace all faulty material at his full expense. A one (1) year warranty walkthrough shall be attended by the CONTRACTOR with the ENGINEER and the OWNER.

C. The CONTRACTOR is advised to purchase material under a guarantee from the manufacturer, guaranteeing proper service under conditions that are established by the drawings, specifications and local conditions.

D. The CONTRACTOR shall also be responsible for the following:

1. Charges by others for assistance to the CONTRACTOR for such work as supporting, replacing, moving or providing protection for their facilities as necessitated by the CONTRACTOR's operation.

2. All costs of restoration of the work site to condition equal or better than prior to construction, including landscaping and irrigation systems.

3. All costs of restoration of pavements and structures damaged by the CONTRACTOR's operation. Likewise the CONTRACTOR shall pay all costs of restoring all work areas and all areas where construction materials are stored, whether new materials to be installed or materials removed from the work area incidental to the work solely to the satisfaction of the OWNER.

4. All public liability, property damage and contractual liability insurance required by others to permit the CONTRACTOR's operation.

1.06 USE OF CHEMICALS

A. Any chemical used by the CONTRACTOR during the course of construction shall meet the regulatory requirements of either the Environmental Protection Agency or the United States Department of Agriculture, and shall be approved by the ENGINEER prior to use.

B. All work shall comply with the Palm Beach County Wellfield ordinance. All chemicals and fuel shall be properly contained and any spills shall be immediately reported and cleaned at no additional cost to the OWNER.

1.07 PROGRESS OF WORK

A. If at any time, the materials and appliances to be used appear to the ENGINEER as insufficient or improper for securing the quality of work or rate of progress required for the project, he may order the CONTRACTOR to increase his efficiency or improve the character of work.

B. The failure of the ENGINEER to demand any increase of such efficiency or improvement shall not release the CONTRACTOR from his obligation to secure the quality of work or the rate of progress necessary to complete the work within the limits imposed by the Contract.

1.08 OSHA

A. Bidders must comply with the Department of Labor, Safety and Health Regulations for construction promulgated under the Occupational Safety and Health Act of 1970 (PL 91-956) and under Section 107 of the Contract Work Hours and Safety Standards Act (PL 91-54).

1.09 UTILITIES AND STRUCTURES SHOWN ON THE PLANS

A. Existing utilities and facilities are shown on the contract drawings only for the convenience of all parties concerned and were established without guarantee as to their accuracy or completeness of location.

B. Because of conflicting and sometimes erroneous information, certain facilities may not be located precisely as shown, or may be omitted entirely.

C. Prior to performing any work, the CONTRACTOR shall determine, by site inspection or otherwise, all pertinent data concerning the existing utilities, structures, and facilities, including the request of each utility agency to advise him of the location of their facilities in the work vicinity.

D. The CONTRACTOR shall be completely responsible for the relocation, as required, of existing utilities and structures with such work accomplished at no additional cost to the OWNER.

E. The OWNER and ENGINEER will assume no liability for damages sustained or costs incurred because of the CONTRACTOR's operations in the vicinity of the existing utilities or structures.

F. The CONTRACTOR shall schedule his work in such a manner that he is not delayed by the utility companies relocating or supporting their utilities. No compensation shall be made for such loss of time.

G. The position of certain structures and utilities directly affects the proposed construction. Therefore, in order to insure that the proposed work can actually be positioned as planned, the CONTRACTOR shall make any excavation necessary for location of structures and utilities prior to construction of that particular portion of the job.

H. All overhead, surface or underground structures encountered in trenching, whether shown on the Plans or not shown on the Plans, are to be carefully protected from injury or displacement, and all damage to such structures is to be completely repaired within a reasonable time; otherwise, the ENGINEER may give 24 hours notice to the CONTRACTOR, then repair the damage at the CONTRACTOR's expense.

I. All such repairs made by the CONTRACTOR are to be made to the satisfaction of the ENGINEER; all damaged pipes must be replaced or prevented from leaking. Also, all such repairs are to be inspected by the ENGINEER prior to backfilling. The CONTRACTOR must carefully protect from disturbance or injury, all monuments, stakes and bench marks, and shall not excavate nearer than five (5) feet to any of them until they have been removed, witnessed or otherwise disposed of by the ENGINEER.

1.10 DRAINAGE

A. Grading shall be controlled in the vicinity of excavations so that the surface of the ground will be properly sloped to prevent water from running into trenches or other excavated areas.

B. Any water that accumulates in the excavations shall be removed promptly by well point or by other means satisfactory to the ENGINEER in such a manner as to not create a nuisance to adjacent property or public thoroughfare.

C. Trenches shall be kept dry while pipe is being laid. Bridging of dewatering pipe shall be provided where necessary.

D. Pumps and engines for well point systems shall be operated with mufflers, at a minimum noise level suitable to a residential area.

E. The CONTRACTOR will not be allowed to discharge water into any storm drainage system without the written approval of the OWNER of that system.

F. Approval will be subject to the conditions that the storm sewer be returned to its original conditions.

G. The CONTRACTOR is responsible for carrying the water to the nearest ditch or body of water and for obtaining the necessary permission to use same.

H. The CONTRACTOR shall be financially responsible for any nuisance or damage created due to carrying off water from his drainage system.

1.11 RESTORATION OF SURFACE IMPROVEMENTS

A. Roadways, including shoulders, alleys and driveways of shell, limerock, asphalt, concrete, stabilized soil or gravel, grade plots, sod, shrubbery, ornamental trees, signs, mailboxes, fences, irrigation systems, or other surface improvements on public or private property which have been damaged or removed in excavating or other construction operations, shall be restored to conditions equal to or better than conditions existing prior to beginning work.

B. Restoration shall consist of sodding.

C. CONTRACTOR is urged to investigate existing irrigation systems in order to minimize repair work necessary. No extra costs will be paid as a result of damage to existing irrigation systems.

D. The cost of doing this work shall be included in the cost of the various applicable items or the lump sum bid amount unless a separate payment item has been established for specific restoration Work.

E. Pre-Construction Audio Video DVDs - as specified will be used as an aid in determining conditions prior to construction.

1.12 HOURS OF OPERATION

A. The CONTRACTOR is hereby informed and understands that certain noise between the hours of 6:00 PM and 8:00 AM is restricted. Therefore, the work is restricted during these hours, unless emergency conditions exist that are endangering life or property, as may be determined by the ENGINEER.

B. If the CONTRACTOR is authorized to operate equipment 24 hours per day, the engines shall be provided with residential type silencers approved by the ENGINEER.

C. The CONTRACTOR shall not perform any work activities outside of the normal Village of Palm Springs work hours without prior written authorization from the Village.

1.13 CUTTING AND PATCHING

A. Employ skilled and experienced installer to perform cutting and patching.

B. Submit written request in advance of cutting or altering elements which affects:

1. Structural integrity of element.

2. Integrity of weather-exposed or moisture-resistant elements.

3. Efficiency, maintenance, or safety of element.

4. Visual qualities of sight-exposed elements.

5. Work of OWNER or separate CONTRACTOR.

C. Execute cutting, fitting, and patching including excavation and fill, to complete Work, and to:

1. Fit the several parts of the Work together, to integrate with other Work.

2. Uncover Work for installation of subsequent Work or to correct ill-timed Work.

3. Remove and replace defective and non-conforming Work.

4. Remove samples of installed Work for testing.

5. Provide openings in elements of Work for penetrations by mechanical and electrical Work.

D. Execute Work by methods, which will avoid damage to other Work, and provide proper surfaces to receive patching and finishing.

E. Cut rigid materials using masonry saw or core drill, as required.

F. Restore Work with new Products in accordance with requirements of Contract Documents.

G. Construct a tight fit between the Work and pipes, sleeves, ducts, conduit, and other penetrations through surfaces.

H. Refinish surfaces to match adjacent finishes. For continuous surfaces, refinish to nearest intersection; for an assembly, refinish entire unit.

I. Identify any hazardous substance or condition exposed during the Work to the ENGINEER.

END OF SECTION

This page intentionally left blank.

SECTION 01780

CONTRACT CLOSEOUT

PART 1 - GENERAL

1.01 SUBMITTALS

A. Informational Submittals:

1. Submit prior to application for final payment.

a. Written certification that Contract Documents have been reviewed, Work has been inspected, and that the Work is complete in accordance with the Contract Documents and ready for ENGINEER's inspection.

b. Record Documents: As required in General Conditions.

c. Approved Shop Drawings and Samples: As required in General Conditions.

d. Special Bonds, Special Guarantees, and Service Agreements.

e. Consent of Surety to Final Payment: As required in General Conditions.

f. Releases of Waivers of Liens and Claims: As required in General Conditions.

g. Releases from Agreements.

h. Final Application for Payment: Submit in accordance with procedures and requirements stated in **Section 01025 – Measurement and Payment.**

i. Extra Materials: As required by individual specification Sections.

j. Approved Operation and Maintenance Manuals.

k. Copies of all permits obtained by the Contractor and documentation that all permits have been properly closed-out.

1.02 RECORD DOCUMENTS

A. Quality Assurance.

1. Furnish qualified and experienced person, whose duty and responsibility shall be to maintain record documents.

2. Accuracy of Records:

a. Coordinate changes within record documents, making legible and accurate entries on each sheet of Drawings and other documents where such entry is required to show change.

b. Purpose of Project record documents is to document factual information regarding aspects of the Work. Both concealed and visible, to enable future modification of the Work to proceed without lengthy and expensive site measurement, investigation, and examination.

3. Make entries within 24 hours after receipt of information that a change in the Work has occurred.

4. Prior to submitting each request for progress payment, request ENGINEER's review and approval of current status of record documents. Failure to properly maintain, update, and submit record documents may result in a deferral by ENGINEER to recommend whole or any part of CONTRACTOR's Application for Payment, either partial or final.

1.03 RELEASES FROM AGREEMENTS

A. Furnish OWNER written releases from property owners or public agencies where side agreements or special easements have been made, or where CONTRACTOR's operations have not been kept within the OWNER's construction right-of-way.

B. In the event CONTRACTOR is unable to secure written releases:

1. Inform OWNER of the reasons.

2. OWNER or its representatives will examine the site, and OWNER will direct CONTRACTOR to complete the WORK that may be necessary to satisfy terms of the side agreement or special easement.

3. Should CONTRACTOR refuse to perform this Work, OWNER reserves right to have it done by separate contract and deduct cost of same from Contract Price, or require CONTRACTOR to furnish a satisfactory Bond in a sum to cover legal claims for damages.

4. When OWNER is satisfied that the Work has been complete in agreement with Contract Documents and terms of side agreement or special easement, right is reserved to waive requirement for written release if: (i) CONTRACTOR's failure to obtain such statement is due to grantor's refusal to sign, and this refusal is not based upon any legitimate claims that CONTRACTOR has failed to fulfill terms of side agreement or special easement, or (ii) CONTRACTOR is unable to contact or has had undue hardship in contacting grantor.

1.04 WARRANTIES

A. Provide duplicate notarized copies.

B. Execute and assemble documents from Subcontractors, suppliers and manufacturers.

C. Provide table of contents and assemble in binder with durable plastic cover.

D. Submit prior to the final Application for Payment.

E. For items of work delayed beyond date of Substantial Completion, provide updated submittal within ten days after acceptance, listing date of acceptance as start of warranty period.

F. Provide operation and maintenance documentation.

G. CONTRACTOR shall attend a One-Year Warranty walkthrough and resolve any issues at his own expense.

PART 2 – PRODUCTS

NOT USED

PART 3 - EXECUTION

3.01 MAINTENANCE OF RECORD DOCUMENTS

A. General:

1. Promptly following commencement of Contract Times, secure from ENGINEER at no cost to CONTRACTOR, one complete set of Contract Documents. Drawings will be full size.

2. Delete ENGINEER title block and seal all documents.

3. Label or stamp record document with title, "RECORD DOCUMENTS," in neat large printed letters.

4. Record information concurrently with construction progress and within 24 hours after receipt of information that change has occurred. Do not cover or conceal Work until required information is recorded.

5. Submit final Record Drawings in accordance with **Section 01720 – Record Documents**.

B. Preservation:

1. Maintain documents in a clean, dry, legible condition and in good order. Do not use record documents for construction purposes.

2. Make documents and samples available at all times for observation by ENGINEER.

C. Making Entries on Drawings:

1. Using an erasable colored pencil (not ink or indelible pencil), clearly describe change by graphic line and note as required.

   a. Color Coding:
      i. Green when showing information deleted from Drawings.
      ii. Red when showing information added to Drawings.
      iii. Blue and circled in blue to show notes.

2. Date entries.

3. Call attention to entry by "cloud" drawn around area or areas affected.

4. Legibly mark to record actual changes made during construction, including but not limited to:

   a. Depths of various elements of foundation in relation to finished first floor data if not shown or where depth differs from that shown.

   b. Horizontal and vertical locations of existing and new Underground Facilities and appurtenances, and other underground structures, equipment, or Work. Reference to at least two (2) measurements to permanent surface improvements.

   c. Location of internal utilities and appurtenances concealed in the construction referenced to visible and accessible features of the structure.

d. Locate existing facilities, piping, equipment, and items critical to the interface between existing physical conditions or construction and new construction.

e. Changes made by Addenda and Field Orders, Work Change Directive, Change Order, Written Amendment, and ENGINEER's written interpretation and clarification using consistent symbols for each and showing appropriate document tracking number.

5. Dimensions on Schematic Layouts: Show on record drawings, by dimension, the centerline of each run of items such as are described in previous subparagraph above.

a. Clearly identify the item by accurate note such as "cast-iron drain," "galvanized water," and the like.

b. How by symbol or note, vertical location of item ("under slab," "in ceiling plenum," "exposed," and the like).

c. Make identifications so descriptive that it may be related reliably to Specifications.

3.02 FINAL CLEANING

A. At completion of the Work or of a part thereof and immediately prior to CONTRACTOR's request for certificate of Substantial Completion; or if no certificate is issued, immediately prior to CONTRACTOR's notice of completion, clean entire site or parts thereof, as applicable.

1. Leave the Work and adjacent areas affected in a cleaned condition satisfactory to OWNER.

2. Remove grease, dirt, dust, paint or plaster splatter, stains, labels, fingerprints, and other foreign materials from exposed surfaces.

3. Repair, patch, and touch up marred surfaces to specified finish and match adjacent surfaces.

4. Clean all windows.

5. Clean and wax wood, vinyl, or painted floors.

6. Broom clean exterior paved driveways and parking areas.

7. Hose clean sidewalks, loading areas, and other areas contiguous with principal structures.

8. Rake clean all other surfaces.

9. Replace air-handling filters and clean ducts, blowers, and coils of ventilation units operated during construction.

10. Leave water courses, gutters, and ditches open and clean.

B. Use only cleaning materials recommended by manufacturer of surfaces to be cleaned.

C. Adjust operating products and equipment to ensure smooth and unhindered operation.

END OF SECTION

SECTION 01810

EQUIPMENT TESTING AND FACILITY STARTUP

PART 1- GENERAL

1.01 DEFINITIONS

A. Facility: Entire project, or an agreed-upon portion of the project, including all of its unit processes.

B. Functional Test: Test or tests in presence of the ENGINEER and the OWNER to demonstrate that installed equipment meets manufacturer's installation, calibration, and adjustment requirements and other requirements as specified.

C. Performance Test: Test or tests performed after any required functional tests and in the presence of the ENGINEER and the OWNER to demonstrate and confirm individual equipment meets performance requirements specified in the individual specification sections.

D. Unit Process: as used in this Section, a unit process is a portion of the facility that performs a specific process function, such as pumping or treatment.

E. Facility Performance Demonstration:

1. A demonstration, conducted by the CONTRACTOR, with assistance of the OWNER, to demonstrate and document the performance of the entire operating facility, both manually automatically, if required, based on criteria developed in conjunction with the OWNER and as accepted by the ENGINEER.

2. Such a demonstration is for the purposes of (i) verifying to the OWNER the entire facility performs as a whole, and (ii) documenting performance characteristics of complete facility for OWNER's records. Neither the demonstration nor the evaluation is intended in any way to make performance of a unit process or entire facility the responsibility of the CONTRACTOR, unless such performance is otherwise specified.

1.02 SUBMITTALS

A. Information Submittals:

1. Facility startup and performance demonstration plan.

2. Functional and performance test results.

3. Start-up check-list and report for approval prior to start-up services are conducted.

4. Completed start-up check-list and report.

1.03 FACILITY STARTUP AND PERFORMANCE DEMONSTRATION PLAN

A. Develop a written plan, in conjunction with the OWNER's operating personnel, to include the following:

1. Step-by-step instructions for startup of each unit process and the complete facility.

2. Start-up form to minimally include the following:

a. Description of the unit process, including equipment numbers/nomenclature of each item of equipment and all included devices.

b. Detailed procedure for startup of the unit process, including valves to be opened/closed, order of equipment startup, etc.

c. Startup requirements for each unit process, including water, power, controls, chemicals, etc.

d. Space for evaluation comments.

e. Sequence of unit process startup to achieve facility startup.

f. CONTRACTOR certification that the facility is capable of performing its intended function(s), including fully automatic operations

g. Signature spaces for the CONTRACTOR and the ENGINEER.

PART 2 - PRODUCTS

NOT USED

PART 3 - EXECUTION

3.01 GENERAL

A. Facility Startup Meetings: Schedule, in accordance with the requirements of **Section 01039 - Coordination and Meetings**, to discuss test schedules, test methods, materials, chemicals and liquids required, facilities operations interface, and OWNER involvement.

B. CONTRACTOR's Testing and Startup Representative:

1. Designate and furnish one or more personnel to coordinate and expedite testing and facility startup.

2. Representative(s) shall be present during startup meetings and shall be available at all times during testing and startup.

C. Provide temporary valves, gauges, piping, test equipment, water, power, fuel, chemicals, laboratory analysis, and other materials and equipment required for testing and startup.

D. Provide adequate subcontract and equipment manufacturer's staff to prevent delays. Schedule ongoing work so as not to interfere with or delay testing and startup.

E. OWNER will:

1. Operate process units and facility with support of CONTRACTOR.

3.02 EQUIPMENT TESTING

A. Preparation:

1. Complete installation before testing.

2. Furnish qualified manufacturer's representatives, when required by individual specification sections.

3. Obtain and submit from equipment manufacturer's representative Manufacturer's Certification of Proper Installation Form.

4. Equipment Test Report Form: Provide written test report for each item of equipment to be tested, to include the minimum information:

a. OWNER/Project Name.

b. Equipment or item tested.

c. Date and time of test.

d. Type of test performed (functional or performance).

e. Test method.

f. Test conditions.

g. Test results.

h. Signature spaces for CONTRACTOR and ENGINEER as witness.

5. Cleaning and Checking: Prior to beginning functional testing:

a. Calibrate testing equipment in accordance with manufacturer's instructions.

b. Inspect and clean equipment, devices, connected piping, and structures to ensure they are free of foreign material.

c. Lubricate equipment in accordance with manufacturer's instructions.

d. Turn rotating equipment by hand when possible to confirm that equipment is not bound.

e. Open and close valves by hand and operate other devices to check for binding, interference, or improper functioning.

f. Check power supply to electric-powered equipment for correct voltage.

g. Adjust clearances and torque.

h. Test piping for leaks.

6. Ready-to-test determination will be by ENGINEER based at least on the following:

a. Acceptable Operation and Maintenance Data.

b. Notification by CONTRACTOR of equipment readiness for testing.

c. Receipt of Manufacturer's Certificate of Proper Installation.

d. Receipt and approval of start-up check-list and from.

e. Adequate completion of work adjacent to, or interfacing with, equipment to be tested, including items to be furnished by the OWNER, if any.

f. Availability and acceptability of manufacturer's representative, when specified, to assist in testing of respective equipment.

g. Satisfactory fulfillment of other specified manufacturer's responsibilities.

h. Equipment and electrical tagging complete.

i. Delivery of all spare parts and special tools.

B. Functional Testing:

1. Conduct as specified in individual specification Sections.

2. Notify OWNER and ENGINEER in writing at least 10 days prior to scheduled date of testing.

3. Prepare Equipment Test Report summarizing test method and results.

4. When, in ENGINEER's opinion, equipment meets functional requirements specified, such equipment will be accepted for purposes of advancing to performance testing phase, if so required by individual Specification sections. Such acceptance will be evidenced by ENGINEER/OWNER's signature as witness on Equipment Test Report.

C. Performance Testing:

1. Conduct as specified in individual specification Sections.

2. Notify ENGINEER and OWNER in writing at least 10 days prior to scheduled test date.

3. Performance testing shall not commence until equipment has been accepted by ENGINEER as having satisfied functional test requirements specified.

4. Type of fluid, gas, or solid for testing shall be as specified.

5. Unless otherwise indicated, furnish labor, materials, and supplies for conducting the test and taking samples and performance measurements.

6. Prepare Equipment Test Report summarizing test method and results.

7. When, in ENGINEER's opinion, equipment meets performance requirements specified, such equipment will be accepted as to conforming to Contract requirements. Such acceptance will be evidenced by ENGINEER's signature on Equipment Test Report.

3.03 STARTUP OF UNIT PROCESSES

A. Prior to unit process startup, equipment within unit processes shall be accepted by ENGINEER as having met functional and performance testing requirements specified.

B. Startup sequencing of unit processes shall be as chosen by the CONTRACTOR to meet schedule requirements.

C. Make adjustments, repairs, and corrections necessary to complete unit process startup.

D. Startup shall be considered complete when, in the opinion of the ENGINEER, the unit process has operated in the manner intended for five (5) continuous days without significant interruption. This period is in addition to functional or performance test periods specified elsewhere.

E. Significant Interruption: May include any of the following events:

1. Failure of CONTRACTOR to provide and maintain qualified onsite startup personnel as scheduled.

2. Failure to meet specified functional operation for more than two (2) consecutive hours.

3. Failure of any critical equipment or unit process that is not satisfactorily corrected within five (5) hours after failure.

4. Failure of any noncritical equipment or unit process that is not satisfactorily corrected within eight (8) hours after failure.

5. As determined by the ENGINEER.

F. A significant interruption will require startup then in progress to be stopped. After corrections are made, startup test period to start from the beginning again.

3.04 FACILITY PERFORMANCE DEMONSTRATION

A. When, in the opinion of the ENGINEER, startup of all unit processes has been achieved, sequence each unit process to the point that the facility is operational.

B. Demonstrate proper operation of required interfaces within and between individual unit processes.

C. After facility is operational, complete performance testing of equipment and system not previously tested.

DIVISION 2

SITEWORK

SECTION 02270

EROSION, SEDIMENTATION AND DUST CONTROL

PART 1 - GENERAL

1.01 DESCRIPTION OF WORK

A. Work consists of control measures as required during the life of the Contract to control erosion, sedimentation and dust.

B. The CONTRACTOR shall establish, construct and maintain erosion and sediment control measures. The erosion control programs shall be maintained during the entire period of construction, including any extensions in Contract time.

C. Temporary erosion and pollution control shall include construction work off-site where such work is necessary as a result of borrow pit operations, haul roads or equipment storage sites, etc.

D. Preparation of the Stormwater Pollution Prevention Plan (SWPPP), including modifications and updates.

E. Obtain and comply with all provisions of the State of Florida, Department of Environmental Protection, Permit for Stormwater Discharge from Large and Small Construction Activities (NPDES Construction Site Permit Program)

1.02 REFERENCES

A. Rule 62-40.432, F.A.C.

B. The Florida Development Manual: A Guide to Sound Land and Water Management (DEP, 1988) and any subsequent amendments.

C. 40 CFR Part 122.

D. Chapter 403.0885, F.S.

E. FDOT Standard Specifications for Road and Bridge Construction, Section 104, Latest Edition.

F. State of Florida Department of Environmental Protection Generic permit for Stormwater Discharge from Large and Small Construction Activities – Notice of Termination of Generic Permit Coverage immediately following this Section.

PART 2 - PRODUCTS

NOT USED

PART 3 - EXECUTION

3.01 PREVENTION, CONTROL AND ABATEMENT OF EROSION AND WATER POLLUTION

A. All work shall be in accordance with the requirements of the State of Florida Department of Environmental Protection under Chapter 62-621, F.A.C. or Chapter 62-620, F.A.C.

B. The CONTRACTOR shall provide for and be responsible for the prevention, control and abatement of erosion and water pollution until completion and acceptance of the Project. The CONTRACTOR shall provide all temporary erosion control features necessary to prevent, control and abate erosion and water pollution, and shall prepare and submit as the operator and permittee, along with the applicable application fee, the "Notice of Intent to Use Generic Permit for Stormwater Discharge from Large and Small Construction Activities" (NOI) prior to commencing construction and the "Notice of Termination" (NOT) upon final completion of construction. The CONTRACTOR, as required by the NPDES permit program, shall prepare a stormwater pollution prevention plan (SWPPP). This SWPPP shall be modified and updated by the CONTRACTOR as necessary, to meet the requirements of the NPDES permit issued, at no additional cost to the OWNER. The CONTRACTOR shall also comply with the inspections, maintenance, reporting and all other provisions of the NPDES permitting program, and the cost for the compliance with this program is to be included in the CONTRACTOR bid price for the work.

C. During the construction of the Project, the CONTRACTOR shall comply with the Water Quality Standards of the EPA and the State of Florida.

D. The CONTRACTOR shall meet and be responsible for the requirements of all applicable governing agencies regarding prevention, control and abatement of erosion and water pollution.

3.02 DAMAGE TO WATER DETENTION AND DRAINAGE AREAS

A. The CONTRACTOR shall be responsible for the prevention of damage to detention ponds, holding areas, drainage canals or natural waterways, and wetlands (both on and off site).

B. The CONTRACTOR shall act as directed to correct said damage as quickly as possible and take necessary steps to prevent future damage. The CONTRACTOR

shall notify the ENGINEER of said damage.

C. The cost of correction of damage shall be at no cost to the OWNER or his agents.

3.03 DUST CONTROL

A. The CONTRACTOR shall exercise precautionary measures to minimize dust emissions as necessary, which may include, but shall not be limited to, periodic sprinkling or wetting of the site, and shall modify measures to be implemented, as necessary, to satisfy jurisdictional agency requirements including but not limited to Palm Beach County and the Palm Beach County Health Department (Air Pollution Division) at no additional expense to the OWNER.

END OF SECTION

SECTION 02510

PAVING AND SURFACING

PART 1 - GENERAL

1.1 WORK INCLUDED

A. Furnishing all labor, materials, equipment and supplies and performing all operations for the construction of pavement under this Contract.

1.2 RELATED WORK

A. **Division 1: General Requirements**

1.3 REFERENCED SPECIFICATIONS

A. FDOT Standard Specifications for Road and Bridge Construction, Latest Edition.

PART 2 - PRODUCTS

2.1 BASE MATERIAL

A. Limerock meeting the requirements of Section 911 of the FDOT Standard Specifications.

2.2 PRIME AND TACK COATS

A. Supply prime and tack coats conforming to Section 300 of the FDOT Standard Specifications.

2.3 ASPHALTIC CONCRETE

A. Use materials for type SP, asphaltic concrete meeting the requirements of Section 334 of the FDOT Standard Specifications.

B. Restrict oversized aggregate by scalping screens having an opening of ¾-inches square. Coarse aggregate: ¾ -inches passing, ½-inches retained – 0 percent by weight. Balance the percent weight of coarse aggregate by adjusting the remaining size.

C. For restoration of existing asphalt, the asphalt types and thicknesses shall at a minimum match the existing pavement being restored.

2.4 CONCRETE FOR CURBS AND SIDEWALKS

A. Meet the requirements of FDOT Standards for Class I concrete.

2.5 EQUIPMENT

A. Use equipment suitable for the operations of pavement replacement and related work.

2.6 QUALITY CONTROL

A. Quality control is the CONTRACTOR's responsibility. Make every effort to produce the best quality work as specified on the Drawings and in these Technical Specifications.

B. Obtain the services of an independent testing laboratory to perform density tests on the compacted subgrade and base course at locations designated by the ENGINEER.

PART 3 - EXECUTION

3.1 SUBGRADE STABILIZATION

A. Prepare, grade, stabilize and compact the pavement subgrade to the lines and grades as shown on the Drawings.

B. Compact subgrade to not less than 98 percent of the maximum density as determined by AASHTO T-180. Stabilize the subgrade to provide a minimum bearing value of LBR 40.

C. Density tests shall be taken for each lift in each lane of traffic, at a minimum.

3.2 LIMEROCK BASE

A. Prepare, grade and compact all base materials to the required lines and grades in accordance with Section 200 of the FDOT Standard Specifications.

B. Compact base to not less than 98 percent of the maximum density per AASHTO T-180. Base shall provide a minimum bearing value of LBR 100.

D. Density tests shall be taken for each lift in each lane of traffic, at a minimum.

3.3 PRIME AND TACK COATS

A. Apply to the base a prime coat with cover material in accordance with Section 300 of the FDOT Standard Specifications.

B. If required by the ENGINEER, apply a tack coat in accordance with Section 300 of the FDOT Standard Specifications.

3.4 ASPHALTIC CONCRETE SURFACE COURSE (ACSC)

A. Construct asphaltic concrete surface course to the thickness specified.

B. Construct asphaltic concrete surface course in accordance with Sections 320 and 330 of the FDOT Standard Specifications.

3.5 CONCRETE CURBING

A. Form, place and cure concrete curbs in accordance with Section 520 of the FDOT Standard Specifications.

END OF SECTION

SECTION 02820

CHAIN LINK FENCE

PART 1 - GENERAL

1.01 DESCRIPTION

This work consists of all labor, materials, and equipment necessary for furnishing and installing chain link fence, gates, temporary fencing and screening, and accessories in conformance with the specifications, drawings, and details.

1.02 RELATED SECTIONS

A. All of Division 1.

B. **Section 02210 – Grading.**

C. **Section 03700 – Concrete Work**.

1.03 REFERENCES

A. ASTM F668, Standard Specification for PVC-Coated Steel Chain Link Fence Fabric.

B. ASTM F900, Standard Specification for Industrial and commercial Swing Gates.

C. ASTM F1083, Standard Specification for Pipe, Steel, Hot-Dipped Zinc-Coated .Welded for Fence Structures.

D. ASTM F567, Standard Practice for Installation of Chain-Link Fences.

E. ASTM F626 Standard Specification for Fence Fittings.

1.04 SUBMITTALS

A. Submit manufacturer's data for fabric, posts, gates, and all other materials, finishes, and appurtenances.

B. Submit shop drawing showing dimensions of materials and layout of posts and gates.

C. Submit temporary fencing and screening plan.

PART 2 - PRODUCTS

2.01 GENERAL

A. Match, style, finish, and color of each fence component with that of other fence components. All fence components shall be black, PVC coated.

2.02 CHAIN LINK FENCE FABRIC

A. Fence fabric shall be black, PVC coated galvanized fabric conforming to STM F668, Class 1 or 2a with a minimum thickness of five (5) mm.

B. Fence height shall be 96 inches.

C. Core wire gauge shall be No. 9 prior to vinyl coating.

D. Link patter shall be two (2) inch diamond mesh.

E. Loops of knuckled selvages shall be closed or nearly closed with space not exceeding diameter of wire

F. Wires of twisted selvages shall be twisted in a closed helix three full turns and cut at an angle to provide sharp barbs that extend a minimum of ¼-inch beyond the twist.

G. Fencing shall be slatted.

2.03 POSTS

A. Strength and stiffness requirements shall meet ASTM F1043, except as modified in this section. The steel shall meet the requirements of ASTM F1083.

B. The post length shall be the manufacturer's standard with an allowance for a minimum of 36 inches of embedment below finished grade.

C. Protective coating shall be a zinc coating applied to the internal and external portions of the post meeting the requirements of ASTM F1043, Type A.

D. Color coating shall be applied over the zinc coating a minimum of 10 mils in thickness and matching the color of the chain link fabric.

E. Line posts shall have an outside diameter of 2½-inches and a minimum weight of 2.96 pounds per foot.

F. End, corner, angle, and pull posts shall have an outside diameter of three (3) inches and a minimum weight of 4.69 pounds per foot.

G. Gates posts shall have an outside diameter of four (4) inches and a minimum weight of 4.85 pounds per foot.

2.04 TOP RAILS AND BRACE RAILS

A. Rails shall be manufactured from galvanized steel pipe.

B. The protective coating and color coating shall match the coating applied to the posts.

C. The rails shall have an outside diameter of 1⅝ and a minimum weight of 2.27 pounds per foot.

2.05 FENCE FITTINGS

A. Post and line caps shall be designed to accommodate passage of top rail through cap.

B. The protective coating and color coating shall match the coating applied to the posts.

C. Tension and brace bands shall be vinyl clad.

D. Truss rods assemblies shall be ⅜-inches in diameter.

2.06 TENSION WIRE

A. Tension wire shall be zinc-coated steel marcelled tension wire confirming to ASTM A824, Type II, Class 2.

B. The protective coating and color coating shall match the coating applied to the posts.

2.07 GATES

A. Gates shall have welded steel joints with coated with zinc-based paint.

B. The protective coating and color coating shall match the coating applied to the posts.

C. The chain link fabric shall be attached to the gate frame a maximum of every 15 inches.

2.08 PVC VERTICAL SLATS

A. The slats shall be black in color, made of UV-resistant PVC, and installed vertically the entire height of the fence.

2.08 TEMPORARY FENCING AND SCREENING

A. Fence height shall be 72 inches.

B. Temporary screening shall be provided with temporary fencing and may consist of non-transparent fabric or PVC vertical slats which provide a visual barrier of all fenced area.

C. Signage shall be provided and attached to temporary fencing and shall include project emergency contact information.

PART 3 - EXECUTION

3.01 GENERAL

A. Install chain link fences and gates in accordance with ASTM F567, except as modified in this Section.

B. Provide necessary hardware for a complete fence and gate system.

3.02 POST SETTING

A. Driven posts are not acceptable.

B. Post hole depth shall be a minimum of three feet below finished grade.

C. Post holes shall be backfilled with concrete to two (2) inches above finished grade. The concrete shall have a crown to divert water away from the post. Where posts come in contact with concrete, they shall be coated with Koppers 300M or approved equal.

3.03 GATE INSTALLATION

A. Hang gates and adjust hardware so gates operate satisfactorily from both the open and closed positions and all latches operate freely.

3.04 FIELD QUALITY CONTROL

A. Demonstrate to the ENGINEER proper operation of the gates from both the open and closed position prior to final acceptance.

END OF SECTION

SECTION 02936

SODDING

PART 1 - GENERAL

1.01 PERFORMANCE

A. Section generally defines CONTRACTOR's responsibilities, unless otherwise indicated for the following:

1. Preparation of subsoil.

2. Placing topsoil.

3. Fertilizing.

4. Sod installation.

5. Maintenance.

1.02 RELATED SECTIONS

A. All of Division 1.

B. **Section 02210 – Grading.**

1.03 REFERENCES

A. FDOT - Florida Department of Transportation - Standard Specifications for Road and Bridge, Latest Edition.

1.04 QUALITY ASSURANCE

A. Sod Producer: Company specializing in sod production and harvesting with a minimum five (5) years of experience and certified by the State of Florida.

B. Installer: Company approved by the sod producer.

C. Sod: Minimum age of 18 months, with root development that will support its own weight, without tearing, when suspended vertically by holding the upper two (2) corners.

D. Submit sod certification for grass species and location of sod source.

E. The ENGINEER reserves the right to test, reject or approve all materials before application.

1.05 REGULATORY REQUIREMENTS

A. Comply with regulatory agencies for fertilizer.

1.06 DELIVERY, STORAGE, AND HANDLING

A. Deliver products to site under provisions of **Section 01600 – Material and Equipment.**

B. Store and protect products under provisions of **Section 01600 – Material and Equipment.**

C. Deliver sod on pallets. Protect exposed roots from dehydration.

D. Do not deliver more sod than can be laid within 48 hours.

E. Deliver fertilizer in waterproof bags showing weight, chemical analysis, and name of manufacturer.

F. The CONTRACTOR shall furnish the ENGINEER invoices of all materials received in order that the minimum application rate of materials may be determined.

1.07 MAINTENANCE SERVICE

A. Maintain sodded areas immediately after placement until grass is well established and exhibits a vigorous growing condition.

PART 2 - PRODUCTS

2.01 MATERIALS

A. Sod:

1. Sod shall be ASPA approved grade, Argentine Bahia, Tifton Bermuda, Floritam, or St. Augustine to match existing or better as directed, with firm texture having a compacted growth and good root development.

2. Sod shall be absolutely true to varietal type, and free from weeds or other objectionable vegetation, fungus, insects and disease of any kind.

3. Cut sod in area not exceeding 24 inches by 24 inches with minimum one inch and maximum three inch of topsoil base.

4. The sod shall be planted as soon as possible after being harvested and shall be shaded and kept moist from the time of harvesting to the time it is planted.

B. Topsoil:

1. Excavated from site and free of weeds.

2. Topsoil to be minimum three (3) inches thick.

C. Fertilizer:

1. In accordance with FDOT 982-1.

D. Water:

1. Clean, fresh, and free of substances or matter, which could inhibit vigorous growth of grass.

PART 3 - EXECUTION

3.01 INSPECTION

A. Verify that prepared subsoil is ready to receive the work of this Section.

3.02 FERTILIZING

A. Apply fertilizer in accordance with manufacturer's instructions.

B. Apply after smooth raking of topsoil and prior to installation of sod.

C. Apply fertilizer no more than 48 hours before laying sod.

D. Mix thoroughly into upper two (2) inches of topsoil.

E. Lightly water to aid the dissipation of fertilizer.

3.03 LAYING SOD

A. Moisten prepared surface immediately prior to laying sod.

B. Lay sod tight with no open joints visible, and no overlapping; stagger end joints 12 inches minimum. Do not stretch or overlap sod pieces.

C. Stake sod with 1x2 stakes on all areas with slopes greater than one (1) vertical to five (5) horizontal.

D. Coordinate sod installation with irrigation system components.

3.04 MAINTENANCE

A. Water to prevent grass and soil from drying out.

B. Immediately replace sod in areas, which show deterioration or bare spots.

3.05 APPROXIMATE AREA TO BE SODDED

A. All construction areas disturbed by construction of the project except those areas receiving pavement or rock. CONTRACTOR is to take into account his anticipated ditch width and pit sizes at the surface when accounting for the cost of this work.

END OF SECTION

DIVISION 3

CONCRETE WORK

SECTION 03700

CONCRETE WORK

PART 1 - GENERAL

1.01 DESCRIPTION OF WORK

A. This section includes all cast-in-place, steel reinforced and pre-cast concrete work as shown on the drawings and described within these specifications.

B. The CONTRACTOR shall furnish all labor, materials, equipment and incidentals required to perform all cast-in-place concrete work, complete and in place.

C. The CONTRACTOR shall be responsible for providing a steel reinforced concrete pad design for the generator(s) which has been signed and sealed by a Professional Engineer licensed in the state of Florida. Design shall include the anchors for the generator to the concrete pad and shall meet the requirements of the Florida Building Code (2017). Refer to Section 16203.

1.02 QUALITY ASSURANCE

A. Codes and Standards: Comply with the provisions of the following codes, specifications and standards, except where more stringent requirements are shown or specified:

B. ACI 301 "Specifications for Structural Concrete for Buildings".

C. ACI 318 "Building Code Requirements for Reinforced Concrete".

D. ACI 347 "Recommended Practice for Concrete Formwork".

E. Concrete Reinforcing Steel Institute, "Manual of Standard Practice".

F. Workmanship: The CONTRACTOR is responsible for correction of concrete work which does not conform to the specified requirements, including strength, tolerances, and finishes. Correct deficient concrete as directed by the ENGINEER.

G. Concrete Testing Service: CONTRACTOR shall employ a testing laboratory for material evaluation tests and to perform sampling and testing of concrete during placement.

H. Tests, not specifically indicated to be done at the OWNER's expense, including the retesting of rejected materials and installed work, shall be done at the CONTRACTOR's expense.

I. Quality Control Testing During Construction:

1. Testing laboratory shall sample and test concrete for quality control during the placement of concrete as required by the drawings and specifications.

2. Test results will be reported in writing to the ENGINEER and the CONTRACTOR on the same day that tests are made.

3. Additional Tests: The testing service will make additional tests of in-place concrete when test results indicate the specified concrete strengths and other characteristics have not been attained in the structure, as directed by the ENGINEER. The testing service may conduct tests to determine adequacy of concrete by cored cylinders complying with ASTM C-42, or by other methods as directed. CONTRACTOR shall pay for such tests conducted, and any other additional testing as may be required, when unacceptable concrete is verified.

PART 2 - PRODUCTS

2.01 FORM MATERIALS

A. Forms: Unless otherwise shown or specified, construct formwork for exposed concrete surfaces with plywood, metal, metal-framed plywood faced or other acceptable panel type materials, to provide continuous, straight, smooth, exposed surfaces.

B. For Coatings: Provide commercial formulation form coating compounds that will not bond with, stain nor adversely affect concrete surfaces, and will not impair subsequent treatments of concrete surfaces to be cured with water or curing compound.

2.02 REINFORCING MATERIALS

A. Reinforcing Bar: ASTM A-615, Grade 60 deformed, free from oil, scale and rust and placed in accordance with the typical bending diagram and placing details of ACI standards and specifications.

B. Steel Wire: ASTM A-82, plain, cold-drawn steel, free from oil, scale and rust and placed in accordance with the typical placing details of ACI standards and specifications. Minimum lap shall be one space plus two (2) inches.

C. Welded Wire Fabric: ASTM A-185, flat mat welded steel wire fabric.

D. Supports for Reinforcement: Use wire bar type supports complying with CRSI recommendations, unless otherwise indicated. Wood, brick and other devices will not be acceptable.

2.03 CONCRETE MATERIALS

A. Portland Cement: ASTM C-150, Type I/II unless otherwise acceptable to ENGINEER.

B. Normal Weight Aggregates: ASTM C-33, and as herein specified. Provide aggregates from a single source for all exposed concrete.

C. Fine Aggregate: Clean, sharp, natural sand free from loam, clay, lumps or other deleterious substances.

D. Maximum Aggregate Size: Not larger than one (1) inches, nor ¾ of the minimum clear spacing between individual reinforcing bars or bundles of bars, except when approved otherwise by ENGINEER.

E. Water: Clean, fresh, and potable.

F. Air-Entraining Admixture: ASTM C-260.

G. Calcium Chloride: Calcium chloride for admixtures shall not be permitted.

H. Moisture Barrier: Polyethylene sheet not less than six (6) mils thick, ASTM E-154.

I. Moisture Retaining Cover: One (1) of the following complying with ASTM C-171.

1. Waterproof paper.

2. Polyethylene film.

3. Polyethylene coated burlap.

J. Membrane Forming Curing Compound: ASTM C-309 clear, unless other type acceptable to the ENGINEER.

K. Curing and Sealing Type: (For Horizontal Surfaces).

1. Dress and Seal: L & M Construction Chemicals.

2. Super Floor Coat: The Euclid Chemical Co.

3. Masterseal 66: Master Builders

4. DeKote 800: W.R. Grace & Co.

5. Kure-N-Seal 0800: Sonneborn/Contech.

L. Moisture Barrier: Provide six (6) mil polyethylene sheet, resistant to decay when tested in accordance with ASTM E-154.

2.04 PROPORTIONING AND DESIGN OF MIXES

A. Concrete shall be an approved mix design proportions to achieve a strength at 28 days of 4,000 psi with a plastic and workable mix. Water to cement ratio shall be 0.45 max. and slump range shall be 3.5" to 5".

B. Prepare design mixes for each type and strength of concrete in accordance with applicable provisions of ASTM C-94.

C. Proportion mixes by either laboratory trial batch or field experience methods, using materials to be employed on the project for each class of concrete required, complying with ACI 211.1.

D. Submit written reports to the ENGINEER of each proposed mix for each class of concrete at least 15 days prior to start of work. A number or code unique to that mix shall identify each mix design.

E. Design mixes to provide normal weight concrete with the 28 day psi compressive strength as indicated on drawings and within these specifications.

F. Admixtures: Use air entraining admixture in all exterior exposed concrete, unless otherwise indicated. Add air entraining admixture at the Manufacturer's prescribed rate to result in concrete at the point of placement having air content within the following limits:

1. All concrete three (3) percent to five (5) percent unless otherwise approved by ENGINEER.

G. Use admixtures for water reducing and set control (with written permission of ENGINEER).

2.05 CONCRETE MIXING

A. Ready-Mix Concrete: Comply with the requirements of ASTM C-94 and as herein specified.

2.06 CONCRETE TESTING

A. An independent testing laboratory shall perform the following tests on cast-in-place concrete.

1. Standard Test Method for slump of Portland cement concrete in accordance to ASTM C143.

2. Standard Test Method for compressive strength of cylindrical concrete specimens in accordance to ASTM C39.

B. A separate test shall be conducted for each class of concrete and for every 50 cubic yards (or fraction thereof), placed per day.

C. Required cylinder(s) quantities and test age are as follows:

1. 1 at 7 days.

2. 2 at 28 days.

3. 1 hold cylinder.

2.07 CHEMICAL ANCHORS

A. Chemical anchors shall be an epoxy polymer injection system, installed in accordance with the Manufacturer's instructions. Installers shall be trained by the Manufacturer's representative.

2.08 PRE-MOLDED EXPANSION JOINT MATERIAL AND SEALANT

A. Sealant material shall be Sonolastic NP-1 or Sikaflex-15 LM, or approved equal. Apply in strict conformance to manufacturer's instructions. Maximum depth, ½-inch.

B. Expansion joint material shall be resilient, non-extruding type premolded impregnated fiberboard complying with ASTM D-1751, FSHN-F-341, Type I and AASHTO M213.

C. Plumbing sleeves: Minimum sleeve spacing shall be two diameters, center to center of the larger sleeve or six (6) inches clear between sleeves, whichever is greater.

PART 3 - EXECUTION

3.01 GENERAL

A. Construct forms complying with ACI 347 to sizes, shapes, lines, and dimensions shown and to obtain accurate alignment, location, grades, level, and plumb work in finished structures.

B. Unless otherwise shown, Chamfer exposed corners and edges ¾-inches, using wood, metal, PVC, or rubber chamfer strips fabricated to produce uniform smooth lines and tight edge joints.

C. Form Ties: Factory fabricated, adjustable length, removable or snap off metal form ties, designed to prevent form deflection, and to prevent spalling concrete surfaces upon removal.

3.02 PLACING REINFORCEMENT

A. Accurately position, support and secure reinforcement against displacement by formwork, construction, or concrete placement operations. Locate and support reinforcing by metal chairs, runners, bolsters, spacers, and hangers, as required. Comply with ACI 301 and 318.

3.03 JOINTS

A. Construction Joints: Locate and install construction joints, which are not shown on the drawings, so as not to impair the strength and appearance of the structure, as acceptable to the ENGINEER.

B. Place construction joints as indicated on the structural drawings.

C. Isolation Joints in Slabs-On-Grade: Construct isolation joints at all points of contact between slabs on ground and vertical surfaces where shown on the structural drawings.

D. Control Joints in Slabs-on-Grade: Construct control joints in slabs-on-ground to form panels of patterns as shown. See typical detail on structural drawings.

E. Saw cuts shall be made as soon as possible after final troweling without dislodging aggregate, normally 12 hours.

F. Expansion Joints: Provide expansion joints as shown. Install premolded filler as specified.

3.04 INSTALLATION OF EMBEDDED ITEMS

A. General: Set and build into the work anchorage devices and other embedded items required for other work that is attached to, or supported by, cast-in-place concrete. Use setting drawings, diagrams, instructions, and directions provided by suppliers of the items to be attached thereto.

B. No penetrations shall be made in any structural members other than those located on these drawings without previous approval of the ENGINEER.

3.05 PREPARATION OF FORM SURFACES

A. Coat the contact surfaces of forms with a non-staining form coating compound before reinforcement is placed.

3.06 CONCRETE PLACEMENT

A. General: Comply with ACI 304 and as herein specified. Subgrades shall be inspected and approved before concrete is placed for concrete poured on grade. Forms and reinforcing shall be inspected and approved prior to concrete placement.

B. Consolidate placed concrete by mechanical vibrating equipment supplemented by hand spading, rodding or tamping. Use equipment and procedures for consolidation of concrete in accordance with the recommended practices of ACI 309, to suit the type of concrete and project conditions. The use of vibrators or other mechanical devices to move the concrete in the forms is not permitted. Concrete shall be deposited as near its final location as practical.

C. Hot Weather Placing: When hot weather conditions exist that would seriously impair the quality and strength of concrete, place concrete in compliance with ACI 305.

3.07 FINISH OF FORMED SURFACES

A. Rough Form Finish: For formed concrete surfaces not exposed to view in the finish work or by other construction, unless otherwise indicated. This is the concrete surface having the texture imparted by the form facing material used, with tie holes and defective areas repaired and patched and fins and other projections exceeding ¼-inches in height chipped off, defective areas, honeycomb and tie holes filled and repaired with cement grout.

B. Smooth Form Finish: For formed concrete surfaces exposed to view, or that area to be covered with a coating material applied directly to the concrete, or a covering material bonded to the concrete, such as waterproofing, damp-proofing, painting, or other similar system, to have the as-cast concrete surface obtained with selected form facing material, arranged orderly and symmetrically with a minimum of

seams. Repair and patch defective areas with all fins or other projections completely removed and smoothed, and all tie rod holes grouted flush, all honeycomb cut out and patched with grout.

C. Related Unformed Surfaces: At tops of walls, horizontal offsets and similar unformed surfaces occurring adjacent to formed surfaces, strike-off smooth and finish with a texture matching adjacent formed surfaces. Continue final surface treatment of formed surfaces uniformly across adjacent unformed surfaces, unless otherwise shown.

3.08 MONOLITHIC SLAB FINISHES

A. General: Comply with ACI 301 for the specified finish specification and methods. The use of jitterbugs for finishing slabs will not be permitted.

3.09 TYPE OF FINISHES AND TOLERANCES

A. Trowel Finish: For floors intended as walking surfaces or for reception of floor coverings. Class by tolerance 5/16 inches in 10'-0", ⅜-inches in 20'-0", and +/- ¾-inches total building.

B. Broom or Belt Finish: For sidewalks, steps, platforms, and ramps. Class by tolerance (5/16 inches 10'-0").

C. Light Broom Finish: For concrete slabs, house keeping pads, and all other surfaces.

3.10 MOISTURE BARRIER

A. Where a moisture barrier is shown under concrete slabs on grade, install six (6) mil thick polyethylene sheets, with joints lapped and taped. Place moisture barrier three (3) inches below bottom elevation of slab, and place a three (3) inches thick, clean, sand bed over moisture barrier for slab placement.

3.11 CONCRETE CURING, SEALING AND PROTECTION

A. Start initial curing as soon as free water has disappeared from concrete surface after placing and finishing. Weather permitting, keep continuously moist for not less than 72 hours.

B. Begin final curing procedures immediately following initial curing and before concrete has dried. Continue final curing for at least seven (7) days in accordance with ACI 301 procedures. Avoid rapid drying through the end of final curing period.

C. Curing Methods: Perform curing of concrete by moisture retaining cover curing, by membrane curing, and by combinations thereof, as herein specified.

1. Provide Moisture Cover Curing as follows: Cover concrete surfaces with moisture retaining cover for curing concrete, placed in widest practicable width with sides and ends lapped at least three (3) inches and sealed by waterproof tape or adhesive. Immediately repair any holes or tears during curing period using cover material and waterproof tape.

2. Provide Membrane Curing to Slabs as Follows:

a. Apply membrane forming curing compound to concrete surfaces as soon as final finishing operations are complete (within two [2] hours). Apply uniformly in continuous operation by power spray or roller in accordance with manufacturer's directions. Recoat areas, which are subjected to heavy rainfall within three (3) hours after initial application. Maintain continuity of coating and repair damage during curing period.

b. Curing Formed Surfaces: Cure formed concrete surfaces by moist curing with forms in place for full curing period or until forms are removed. If forms are removed, continue curing by methods specified above, as applicable.

c. Sealing Concrete Floors: Clean surfaces of all foreign material, oil and grease. Apply an additional coat of cure and seal material, same as used to cure concrete surfaces to all floors not receiving other finish. Apply at rate recommended by manufacturer.

3.12 REMOVAL OF FORMS

A. Comply with ACI 301 and 318 and structural notes for removal of forms.

3.13 CONCRETE SURFACE REPAIRS

A. Patching Defective Areas: Repair and patch defective areas with cement mortar immediately after removal of forms, but only when acceptable to ENGINEER.

DIVISION 16

ELECTRICAL

SECTION 16000

ELECTRICAL GENERAL REQUIREMENTS

PART 1 GENERAL

1.01 RELATED DOCUMENTS

A. The general provisions of the Contract, including General Conditions, apply to all the Work specified in the Electrical 16000 Sections.

1.02 LAWS, PERMITS, FEES AND NOTICES

A. Secure and pay all permits, fees and licenses necessary for the proper execution of the Work. Submit all notices and comply with all laws, ordinances, rules and regulations of any public agency bearing on the Work. CONTRACTOR shall be licensed Electrical CONTRACTOR in the county of construction.

1.03 DEPARTURES

A. If any departures from the Contract drawings or specifications are deemed necessary, details of such departures and the reasons therefore shall be submitted to the ENGINEER for advance written approval, prior to departure.

B. Due to long lead times on generator and ATS switch coordinate with Engineer and Owner for the shop drawing review, ordering of equipment after proper approval, and then coordination with Owner for any schedule shut downs and bypass pumping that may be needed while station is being worked on for the demo of the existing concrete slab, new conduit and wiring installation including grounding, and equipment installation and testing.

1.04 GUARANTEES

A. Furnish written guarantee covering all materials, workmanship, labor and equipment for a period of one (1) year from the date of acceptance as described in the Contract General Conditions.

B. The OWNER reserves the right to operate and use all materials and equipment failing to meet the requirements of the Contract documents until such unacceptable materials and equipment are replaced or repaired to the satisfaction of the ENGINEER.

1.05 AS-BUILT INFORMATION

A. A set of “red-lined” electrical drawings shall be carefully maintained at the job site. Actual conditions are to be put on the drawings in red on a daily basis so the drawings will continuously show locations and routes of cable trays, conduits, pull-boxes, circuit numbers, and other information required by the ENGINEER.

1.06 JOB SITE VISIT

A. Visit the project site before submitting a bid. Verify all dimensions shown and determine the characteristics of existing facilities which will affect performance of the Work, but which may not be shown on drawings or described within these specifications.

1.07 CLEANUP

A. Maintain a continuous cleanup during the progress of the Work and use appointed storage areas for supplies. The premises shall be kept free from accumulations of waste materials and rubbish.

1.08 CUTTING AND PATCHING

A. Cut and prepare all openings, chases and trenches required for the installation of equipment and materials. Repair, remodel and finish in strict conformance with the quality of workmanship and materials in the surroundings. Obtain written permission from the ENGINEER for any alterations to structural members before proceeding.

1.09 MAINTENANCE

A. Render all necessary measures to ensure complete protection and maintenance of all systems, materials and equipment prior to final acceptance. Any materials or equipment not properly maintained or protected to assure a factory new condition at the time of final acceptance shall be replaced immediately at no additional cost to the OWNER.

1.10 WATERPROOFING

A. Whenever any Work penetrates any waterproofing, seal and render the Work waterproof. All Work shall be accomplished so as not to void or diminish any waterproofing bond or guarantee.

1.11 TESTS

A. Conduct an operating test of equipment prior to the ENGINEER’s approval. The equipment shall be demonstrated to operate in accordance with the requirements of these specifications. The tests shall be performed in the presence of the ENGINEER or an authorized representative. The electrical CONTRACTOR shall furnish all instruments, electricity and personnel required for the tests.

1.12 POWER SHUT DOWNS COORDINATION

A. CONTRACTOR shall coordinate at well sites and especially at lift station site any power shut downs to the station and control panel. All power shut downs shall be kept to a minimum, and in the case of the lift station bypass pumping may be necessary during any extended power outage.

1.13 SUMMARY OF ELECTRICAL WORK

A. Provide all labor, materials, tools, supplies, equipment and temporary utilities to complete the Work shown on the drawings and specified herein. All systems are to be completely installed and fully operational. Specifically, the Work includes, but is not necessarily limited to:

B. Provide demolition of existing raceway and wires from main disconnect to the existing control panel. Reuse the existing 480V 3 phase service, meter, main, control panel, raceways, RTU, CPT, pipe stand, and the like, see drawings and other specifications for other information.

2. Coordinate demolition work with the Owner. Minimize any outages of the lift station FPL power to less than two to three hours.

3. Provide new power and control raceways, wireway with Polaris taps, and conductors as called out on drawings. Provide new Mini PowerZone transformer with built-in single phase 120/240V panelboard, rack mount onto rack, and provide Unistrut and hardware as required.

4. Provide and install the generator, and all the electrical equipment, equipment racks, panels, Mini PowerZone step down transformer/ panelboard, power and control raceways, terminal boxes, power and control wiring as indicated on the drawings.

5. Provide and install outdoor generator on generator pad, and ATS equipment onto equipment rack. Generator with sub-base fuel tank. Generator shall be properly bolted down into generator concrete slab and isolation rubber pads, 1/2” thick minimum shall be used at each tiedown or bolting point to isolate the generator bottom (fuel tank) from slab and humidity and water to prevent corrosion of tank.

6. Provide grounding of the equipment. Provide grounding of the Generator and ATS equipment, genset is not a separately derived system so the Neutral is not switched in the ATS switch.

7. Provide testing and startup of the pump station equipment, including the ATS and generator.

8. Provide modifications to the existing RTU to add an I/O board to the AB 1400 PLC for the signals called out on the drawings (provide additional terminals and wiring as required) , provide all labor and equipment as required to add these signals to the existing PLC/RTU, see the drawings. Coordinate with Owner's RTU programmer to add these signals to RTU and provide them at the existing SCADA system.

9. The Contractor shall provide up to 4 hours of assistance to the Village's programmer in the programming of the generator and ATS status signals.

10. Provide load bank test with generator and also test ATS. Contractor shall program ATS for weekly or monthly switching with load – coordinate schedule with the Owner.

11. Provide all as-built to the drawings, training of Owner's maintenance personnel, spare parts, and closing documents.

1.14 CODES AND STANDARDS

A. General Applicable provisions of the following codes and standards and other codes and standards required by the State of Florida and local jurisdictions are hereby imposed on a general basis for electrical Work (in addition to specific applications specified by individual Work sections of these specifications):

1. U.L.: Electrical materials shall be approved by Underwriters' Laboratories, Inc. This applies to materials which are covered by U.L. standards. Factory applied labels are required.

2. National Electrical Code.

3. OSHA: Standards of the Occupational Safety and Health Administration are to be complied with.

4. NEMA: National Electrical Manufacturers Association Standards are to be met wherever standards have been established by that agency and proof is specifically required with material submittals for switchboards, motor control centers, panelboards, cable trays, motors, switches, circuit breakers and fuses.

5. ANSI: America National Standards Institute

6. NESC: National Electrical Safety Code

7. Any and all local codes.

1.15 ELECTRICAL TEMPORARY FACILITIES

A. The electrical CONTRACTOR shall include in his bid the cost of furnishing, installing, maintaining and removing all materials and equipment required to provide temporary light and power to perform his Work during construction and until Work is completed.

B. Safety

1. All reasonable safety requirements shall be observed to protect workers and the public from shock and fire hazards. Ground fault interrupters shall be employed in accordance with codes.

2. Ground wires are required in all circuits. Ground poles are required on all outlets. All metallic cases shall be grounded.

3. Raintight cabinets shall be used for all equipment employed in wet areas.

1.16 EXCAVATING FOR ELECTRICAL WORK

A. General – Not needed

1.17 ELECTRICAL SUBMITTALS

A. Submittals for Approval

1. Refer to Contract General Conditions for additional instructions on the General Conditions and this section, the more stringent requirements shall apply.

2. Shop Drawings and Manufacturer's data sheets are required for all electrical materials.

3. Submittals will not be accepted for partial systems. Submit all materials for each specification section at one time. Submittals must be arranged, correlated, indexed and bound in orderly sets for ease of review.

4. Samples are to be supplied for any substitute as requested by the ENGINEER.

5. The following numbers of copies are required:

Shop drawings	6 sets
Samples	1 each
Manufacturer's data	6 sets
Certifications	6 sets
Test reports	6 sets
Warranties/Guarantees	6 sets

6. Submit shop drawings, Manufacturer's data and certifications on all items of electrical Work prior to the time such equipment and materials are to be ordered. Order no equipment or

materials without approval from the ENGINEER. Submittals will not be accepted for partial system submittals; submit all data at one time. Submittals will be promptly returned, approved, approved as noted, or not approved. Items “approved as noted” must be changed to comply with the ENGINEER’s comments and need not be resubmitted for “approved” status. Items “not approved” are not suitable, requiring complete new submittals.

7. Time delays caused by rejection of submittals are not cause for extra charges to OWNER or time extensions. CONTRACTOR shall be responsible for investigating existing systems or shop drawings in order to fully integrate the new equipment into the system. Adequate shop drawings may or may not exist for all existing systems.

B. Operation and Maintenance Manuals

1. Submit to the ENGINEER five (5) copies of all Manufacturer’s service installation and operation manuals, instructions and bulletins. These manuals shall be subject to review of the ENGINEER. If acceptable they shall be forwarded to the OWNER. If not acceptable they shall be returned to the CONTRACTOR for revision and resubmittal. Manuals shall contain, but not be limited to, the following:

a. Brief description of system and basic features.

b. Manufacturer’s name and model number for all components in the system.

c. List of local factory authorized service companies.

d. Operating instructions.

e. Maintenance instructions

f. Trouble shooting instructions

g. Manufacturer’s literature describing each piece of equipment.

h. Power and control wiring diagrams

i. Parts lists

1.18 ELECTRICAL PRODUCTS

A. Standards Products

1. Unless otherwise indicated in writing by the ENGINEER, the products to be furnished under this specification shall be the

Manufacturer's latest design. Units of equipment and components of the same purpose and rating shall be interchangeable throughout the project. All products shall be newly manufactured. Defective equipment or equipment damaged in the course of installation or test, shall be replaced or repaired in a manner meeting with the approval of the ENGINEER at no additional expense to the OWNER.

B. Delivery, Storage and Handling

1. Deliver products to project properly identified with names, model numbers, types, grades, compliance labels and similar information needed for distinct identification; adequately packaged or protected to prevent deterioration during shipment, storage and handling. Store in a dry, well ventilated, indoor space, except where prepared and protected by the Manufacturer specifically for exterior instructions for storage locations.

C. Substitutions

1. Comply with instructions in the Contract General Conditions and Special Conditions and obtain pre-approval of the ENGINEER regarding substitutions.

1.19 SKILLED ELECTRICAL CRAFTSMEN

A. CONTRACTOR shall employ and staff the project with skilled Craftsmen experienced in the project requirements.

B. As a minimum, a Licensed Journeyman Electrician shall be present on the project at all times.

C. Other skilled persons shall be present as the project requirements dictate including Manufacturers representatives, start-up technicians, ENGINEERs, etc.

1.20 DRAWINGS AND SPECIFICATIONS

A. Refer to the drawings for additional requirements. There are requirements indicated on the drawings which are not indicated in the specification.

B. Bidders, suppliers, equipment vendors, General CONTRACTOR, Sub Contractors and other similar entities are required to read all the Contract documents including drawings and specifications.

1.21 SCHEMATIC NATURE

A. Plan views are schematic in nature and meant to show the schematic arrangement of equipment and conduit.

B. CONTRACTOR shall provide the OWNER/ENGINEER with an 11 x 17 (min) drawing (to scale) of the final layout of the equipment and conduit routing for approval. This drawing shall include measurements for all NEC required clearances and separations for equipment and conduit. Refer to other spec sections for conduit routing requirements.

1.22 APPROVED SHOP DRAWINGS

A. Use approved shop drawings for lay out of equipment. The Contract documents will vary from the shop drawings. Inform the ENGINEER immediately if there are lay out issues or inadequate space for equipment or clearances. Land conduits in openings of enclosures per the approved shop drawings, do not use the Contract drawings.

B. Housekeeping pads, equipment racks and the like shall be based on the approved shop drawings.

1.23 CLEARANCES

A. It shall be the CONTRACTOR's responsibility to meet N.E.C. clearances about equipment.

1.24 ROUTING

A. Conduit routing is schematic in nature. Conduit routing is shown for clarity on the Contract drawings. See other spec sections for additional conduit routing requirements.

1.25 FUTURE FACILITIES

A. Where future facilities are indicated, conduit routing shall account for such facilities.

B. Where conduits are installed as spares or for future equipment, these conduits shall include pull string, any conduits installed exposed along a concrete pad or slab, shall be capped .

1.26 DRAWINGS FURNISHED BY CONTRACTOR

A. OWNER shall be provided all CONTRACTOR furnished drawings. Such drawings include, but are not limited to: Control panels, MCC.s, switch boards, instrumentation details, redline mark-up of the Contract drawing and the like.

B. Drawings shall be furnished for review and approval. No materials shall be provided without the ENGINEER's approval.

C. Final drawings shall be furnished or as field modified accounting for any changes made during start up.

1.27 HOMERUNS

A. CONTRACTOR shall coordinate home runs between plan views. Where any conduit is shown in any plan view it shall be installed the entire length may be required.

PART 2 PRODUCTS (NOT USED)

PART 3 EXECUTION (NOT USED)

END OF SECTION

SECTION 16050

BASIC MATERIALS AND METHODS

PART 1 GENERAL

1.01 SUBMITTALS

A. Submit data sheets on all items per Section 16000.

1.02 CODES AND STANDARDS

A. General applicable provisions of the following codes and standards and other codes and standards required by the State of Florida and local jurisdictions are hereby imposed on a general basis for electrical Work (in addition to specific applications specified by individual Work sections of these specifications):

1. U.L.: Electrical materials shall be approved by the Underwriters' Laboratories, Inc. This applies to materials which are covered by U.L. standards. Factory applied labels are required.

2. NEC: National Electrical Code

3. OSHA: Standard of the Occupational Safety and Health Administration are to be complied with.

4. NEMA: National Electrical Manufacturers Association Standards are to be met wherever standards have been established by that agency, and proof is specifically required with material submittals for switchboards, motor control centers, panelboards, cable trays, motors, switches, circuit breakers, and fuses.

5. ANSI: American National Standards Institute

6. NESC: National Electrical Safety Code

PART 2 PRODUCTS

2.01 GROUNDING MATERIALS

A. All ground rods shall be 20 foot 5/8" copperclad, unless otherwise indicated.

B. Around wires shall be soft drawn copper sized per National Electrical Code, unless otherwise indicated.

2.02 CONDUIT

A. PVC Conduit

1. PVC conduit shall be Schedule 80 or Schedule 40 unless otherwise noted and shall be U.L. approved. Comply with Federal Spec WC-1094 and NEMA TC-1.

B. Flexible Conduit

1. All flexible conduits shall be liquidtight, made of corrosion resistant plated steel with extruded polyvinyl covering and watertight connectors.

C. Refer to schedule in drawing for location requirements.

2.03 CABLE, WIRE AND CONNECTORS

A. 600 Volt Power Wiring

1. Individual conductors shall be rated for 600 volts and shall meet the requirements below:

a. Conductors shall be stranded.

b. All wire shall be brought to the job in unbroken packages and shall bear the date of manufacturing; not older than 12 months.

c. Type of wire shall be THWN except where required otherwise by the Contract drawings.

d. No wire smaller than No. 12 gauge shall be used unless specifically indicated.

e. Conductor metal shall be copper.

f. All conductors shall be meggered after installation. Megger testing shall exceed 50 mega ohms.

2. Multi-conductor cables shall be type TC UL 1277 THWN, PVC jacketed 600V with conductor and quantities as indicated.

B. Instrumentation and Control Cable

1. Process instrumentation wire shall be 16 gauge twisted pair, 600 V., aluminum tape shielded, polyvinyl chloride jacketed, as manufactured by the American Insulated Wire Co., Eaton Corp., or

equal. Multiconductor cables with individually shielded twisted pairs shall be installed where indicated.

2. Multiconductor control cable shall be stranded 14 gauge, 600 V. THWN insulated overall shielded with PVC jacket, as manufactured by the American Insulated Wire Co., Eaton Corp., or equal.

2.04 TERMINATIONS AND SPLICES (600 VOLTS AND LESS)

A. Terminations of power cable shall be by means of U.L. approved connectors. All connectors shall meet U.L. 486B and shall be compatible with the conductor material.

B. Terminate all control and instrumentation cable with screw-clamp type terminal blocks.

C. Splicing of power, control, or instrumentation wiring will not be allowed except by written approval of the ENGINEER. Where splicing is allowed, splices shall be made with approved compression connectors, and splices shall be made waterproof regardless of location.

2.05 BOXES

A. Boxes for wiring devices, switches and receptacles installed outdoors shall be weatherproof fiberglass with polycarbonate cover plates, or stainless steel 316.

2.06 PULL BOXES AND SPLICE BOXES

A. Location

1. Units used outdoor or in a damp or corrosive environment shall be 316 ss or fiberglass unless otherwise indicated on plans.

2. Units used indoors in dry and clean A/C environments shall be NEMA 1.

B. Size

1. Units shall be sized per NEC as minimum.

C. Required Units

1. Plans depict minimum requirements. Additional units shall be provided as may be required to complete raceway systems.

2.07 MOUNTING AND SUPPORTING ELECTRICAL EQUIPMENT

A. Furnish and install all supports, hangers, and inserts required to mount fixtures, conduits, cables, pull boxes, and other equipment.

B. Support system used indoors in clean, dry and air conditioned areas shall be galvanized steel. All other areas shall be 316 ss with ss fasteners.

C. Perforated straps and wires are not permitted for supporting electrical devices. Anchors shall be of approved types.

D. All supports, hangers, hardware, etc. used outdoors or in in non-air-conditioned indoor areas or in hazardous areas shall be non-ferrous, corrosion resistant or 316 stainless steel. Supports shall be selected to avoid galvanic reactions. Support devices shall be submitted for approval.

E. Provide trapeze, bridge systems or wall bracketed cantilevered system to support the raceway system.

F. Spacing of support systems shall be per NEC. Provide spacing of conduits according to the NEC and the materials used. For PVC conduit, refer to NEC table 347-8.

G. Plans depict minimum requirements. Provide additional units as required to complete raceway system.

2.08 DUCT SEAL

A. Provide Garvin Industries' duct seal or an approved equal

B. Provide and install duct seal at all conduit ends for all new conduit installations, including wetwell and valve vault.

C. Duct seal shall be used to seal all penetrations at junction boxes, control panels, RTU enclosures, terminal boxes, starter enclosures, timers, MCC equipment, panelboards and the like, It shall be a permanently soft, non toxic compound. It shall also not affect other plastic materials or corrode metals.

PART 3 EXECUTION

3.01 GROUNDING

A. Provide ground system as indicated on the drawings and as required by the National Electrical Code.

B. All raceways require grounding conductors. Metallic raceways are not adequate grounding paths. Bonding conductors through the raceway systems shall be continuous from main switch ground buses to panel ground bars of the panelboards, and from panel grounding bars of panelboards and motor control centers to branch circuit outlets, motors, lights, etc. THESE GROUND CONDUCTORS ARE REQUIRED THROUGHOUT THE PROJECT REGARDLESS OF WHETHER

CONDUIT RUNS SHOW GROUND CONDUCTORS ON THE DRAWINGS.

C. All connections made below grade shall be of the exothermic type.

D. The grounding system test shall not exceed a 48 hour span dry resistance of 10 ohms. Additional grounding to meet this requirement shall be installed at no extra cost. Grounding and bonding connections shall not be painted.

3.02 CONDUIT

A. Locations:

Conduits shall be used as follows:

1. Refer to schedule on drawings.

B. Installation

1. Conduits subjected to rough handling or usage shall be removed from the premises.

2. Conduits must be kept dry and free of water or debris with approved pipe plugs or caps. Care shall be given that plugs or caps be installed before pouring of concrete.

3. Where conduits pass through exterior concrete walls or fittings below grade, the entrances shall be made watertight.

4. Infurred ceilings, conduit runs shall be supported from structure, not furring.

5. Conduits entering panelboards, pull boxes, or outlet boxes shall be secured in place by galvanized locknuts and bushings, one (1) locknut outside and one (1) locknut inside of box with bushing on conduit end. The locknuts shall be tightened against the box without deforming the box. Bushings shall be of the insulating type.

6. Field conduit bends shall be made with standard tools and equipment manufactured especially for conduit bending.

7. Where embedded conduits cross expansion joints, furnish and install offset expansion joints or sliding expansion joints. Sliding expansion joints shall be made with straps and clamps.

8. Exposed runs of conduits shall be installed with runs parallel or perpendicular to walls, structural members or intersections of vertical planes and ceilings, with right angle turns consisting of symmetrical bends. No attempts are made in plans to show

required pull boxes, gutters, etc. necessary for the construction of the raceway system but the CONTRACTOR shall provide these raceways as may be required.

9. Conduits in structural slabs shall be placed between the upper and the lower layers of reinforcing steel, requiring careful bending of conduits. Conduits embedded in concrete slabs shall be spaced not less than eight (8) inches on centers or as widely spaced as possible where they converge at panels or junction boxes. Conduits running parallel to slab supports, such as beams, columns and structural walls shall be installed not less than 12 inches from such supporting elements. To prevent displacement during concrete pour, saddle supports for conduit, outlet boxes, junction boxes, inserts, etc., shall be secured.

10. Conduit runs shall always be concealed except where indicated on plans.

11. Pull lines shall be installed in all empty conduits. All pull wires shall be identified with conduit number at each end.

12. Where conduits are run individually, they shall be supported by approved pipe straps secured by means of toggle bolts or tapcons on hollow masonry; tapcons on concrete or solid masonry; machine screws or bolts on metal surfaces and wood screws on wood construction. The use of perforated straps or wires will not be permitted.

13. Wire shall not be installed until all Work of any nature that may cause damage is completed, including pouring of concrete. Mechanical means shall not be used in pulling in wires No. 8 or smaller.

14. Underground conduits not under concrete slabs are to be buried at least two (2) feet below finished grade for circuits rated 600 volts or less, except under traffic areas where motor vehicles may cross. Under traffic areas, conduits are to be buried at least three (3) feet below finished grade.

15. All conduits shall be cleaned by pulling a brush swab through before installing cables.

16. All conduits shall be sealed at each end with electrical putty. Special care shall be taken at all equipment where entrance of moisture could be detrimental to equipment. Approved backing gauze is required prior to the installation of conduit putty.

17. A maximum of two (2) feet of flexible conduit shall be used at connections of all motors, transformers, motor operated valve and gates, instruments and other items of equipment where vibration is

present. It shall be supported where required with stainless steel bands.

20. PVC conduit shall be supported to walls and slabs using carlon snap strap conduit wall hangers. Two hole PVC conduit clamps shall not be permitted.

3.03 WIRES, CABLES AND CONNECTIONS

A. Cables pulled into conduits shall be pulled using pulling eyes attached to conductors.

B. Shields shall be grounded at only one termination point.

3.04 BOXES

A. Installation of boxes shall be in accordance with the National Electrical Code requirements.

B. Boxes shall be mounted plumb and level in accessible locations and mounting shall be secure, vibration resistant and galvanically compatible. Hardware shall be used that is specifically intended for the purpose. When mounted in corrosive, damp or wet locations, stainless steel hardware shall be utilized.

3.05 WIRING DEVICES

A. Wiring devices shall be installed in device boxes approved for the application. All connections shall be made with screw terminals. Wiring devices shall be Leviton or approved equal.

B. Wire devices on UPS systems shall be isolated ground, colored orange.

C. Cover plates shall be provided as follows except as otherwise noted.

1. Interior finished area – brushed aluminum

2. Wet areas – gasketed plastic with flip cover.

D. Receptacles installed outdoors, below grade, or in areas other than clean and dry environments shall be GFI and weatherproof. Receptacles shall be weatherproof with cords plugged in.

E. All receptacles shall be GFI protected.

3.06 SUPPORTING DEVICES

A. All items shall be supported from the structural portion of the building and studs, except standard ceiling mounted lighting fixtures and small devices may be supported from ceiling system where permitted by the ENGINEER.

However, no sagging of the ceiling will be permitted. Supports and hangers shall be types approved by Underwriters' Laboratories.

B. All floor-mounted devices (switchboards, large control panels, motor control centers, transformers, etc.) shall be securely anchored to the floors. Where recommendations are made by Manufacturer, these recommendations shall be followed.

3.07 CLEANING

A. All electrical equipment enclosures shall be thoroughly cleaned before acceptable by the OWNER. As a minimum, CONTRACTOR shall remove all debris including stripped wire insulation, dirt, and debris.

END OF SECTION

SECTION 16200

GENERATOR, WEATHER PROOF ENCLOSED, WITH SUB BASE TANK REACH-IN

PART 1 GENERAL

1.01 GENERATOR SPECIFICATIONS

A. Work included:

1. All of the equipment described in this section shall be purchased and installed by the Contractor; the Generator shall be supplied by a single generator equipment Supplier regularly engaged in that business. The Contractor shall be responsible for coordinating with the Equipment Supplier for the delivery, storage and release of equipment. Including the Testing setup, configuration of the emergency generator unit at the Owner's lift station location as indicted on the plans. The Contractor shall cover the costs related with the startup and testing of the generator include the fuel used for the testing and load bank tests before the unit is accepted by the Engineer and the Owner.

2. The Contractor shall provide all transportation and delivery of the emergency unit with its sub-base fuel tank and connections, installation, piping, fuel, liquids, and all other mechanical and electrical equipment necessary for a complete emergency power system. All necessary equipment and accessories as specified shall be provided and any additional equipment required for a completely functional system shall be supplied.

2. The Contractor shall submit shop drawings designed by a registered Engineer for a generator with its sub-base fuel tank, weatherproof and sound attenuated enclosure capable of meeting the south Florida wind load requirements. Include calculations that the entire assembly bolted onto the concrete slab meets the latest Florida Building Code wind load requirements.

4. The generator unit shall be provided inside an outdoor weatherproof aluminum enclosure with steel reinforcement and sound attenuated that also meets 75 db at 23 feet.

5. The Supplier shall provide the unit completely assembled. The Contractor shall handle, store, install and make all connections to the equipment.

6. Generator vendor shall supply generator unit in a weatherproof and sound attenuated enclosure with a 500 gallon

diesel sub-base fuel tank that meets UL-142 double wall tank requirements. This would provide approximately 72 hours of fuel.

7. The Contractor shall hire the services of the Generator's vendor field technician to conduct start up, testing and commissioning of the unit. Include load bank testing; provide a 1 hour @ 80% load and 2 hours @ 100% load tests.

8. Coordinate with Electrical Contractor and the Owner's RTU/PLC programmer and provide testing of the ATS and generator status and alarm signals to the PLC equipment in the existing RTU. Confirm these are properly terminated and working. Provide PLC hardware as indicated on the drawings at the existing RTU to add the new ATS and generator status and alarm digital signals.

9. The generator vendor shall be Tradewinds Corporation, no equal.

10. The outdoor rated unit shall be a Tier 2/3, standby emergency use power generator with digital controller, sound attenuated enclosure

11. Unit shall be programmable so it can do weekly or monthly exercising via the ATS switch controller of the genset unit with load – per the Village of Palm Springs requirements.

1.02 CODES

A. All equipment shall be provided per the requirements of the following codes as applicable for the intended use and installation.

1. NFPA 70, latest edition (National Electrical Code).

2. NFPA 110, Emergency and Standby Power Systems, latest edition.

3. UL2200, the complete generator set shall be UL listed.

3. BOCA, Building Officials and Code Administration.

4. The Florida Building Code.

1.03 SUBMITTALS

A. Provide 6 copies of shop drawings. As a minimum include:

1. Engine manufacturer, model number, power output parameters, plans and elevations of the units, entrance points for power, control and fuel, storage and foundation requirements.

2. Engine Generator/Exciter control cubical.

3. Fuel consumption rate curves at ¼, 2/4, ¾, 4/4 loads.

4. Exhaust mufflers and vibration isolators.

5. Battery charger, batteries and battery racks.

6. Dual fuel piping with regulator and diaphragm as required.

7. Cooling water requirements of radiator.

8. Engine cooling air requirements and radiator fan capacity.

9. Electrical diagrams including schematic and interconnection wiring diagrams for all equipment to be provided.

10. Legends for all devices on all diagrams.

11. Sequence of operation, explanations of all portions of schematic wiring diagrams.

12. Provide load calculations including starting and running kVA.

13. Transient voltage response calculation, no voltage transient shall dip below 25%.

14. Weather-proof sound attenuated, & wind load resistant Enclosure.

15. Registered Engineer's designed steel reinforced concrete pad.

16. Provide installation instruction and details.

17. Provide signed and sealed drawings by a Florida registered engineer verifying that the generator set and its enclosure meet the wind loading requirements of ASCE 7.

18. Three sets of O&M manuals shall be provided.

18. Provide 120/240V equipment for the battery charger and jacket

Water heater and alternator heater circuit from the proposed panelboard, see the drawings.

1.04 WARRANTY

A. Equipment furnished under this section shall be guaranteed against defective parts and workmanship under terms of the manufacturers and dealer's standard

warranty. But, in no event shall it be for a period of less than five (5) years from the date of the Owner's acceptance of the unit.

PART 2.0 - PRODUCTS

2.01 ALTERNATOR

A. The AC generator shall be synchronous, four pole, 2/3 pitch, revolving field, drip-proof construction, single pre-lubricated sealed bearing, air cooled by a direct drive centrifugal blower fan, and directly connected to the engine with flexible drive disc. All insulation system components shall meet NEMA MG1 temperature limits for Class H insulation system. Actual temperature rise measured by resistance method at full load shall not exceed 105 degrees Centrigrade.

B. The generator shall be capable of delivering rated output (kVA) at rated frequency and power factor at any voltage not more than 5 percent above or below rated voltage.

C. A permanent magnet generator (PMG) shall be included to provide a reliable source of excitation power for optimum motor starting and short circuit performance. The PMG and controls shall be capable of sustaining circuit performance. The PMG and controls shall be capable of sustaining and regulating current supplied to a single phase or three phase fault at approximately 300% of rated current for not more than 10 seconds.

D. The subtransient reactance of the alternator shall not exceed 12 percent based on the standby rating of the generator set.

E. Space Heater – Alternator shall be provided with 120V, 200W max. space heater interlocked with generator run relay.

F. Alternator shall be random wound.

G. Provide lightning arrestor and surge capacitor for the generator.

2.02 COOLING SYSTEM

A. Radiator – An engine mounted radiator with blower type fan shall be sized to maintain safe operation at 122 degrees Fahrenheit maximum ambient temperature.

B. The engine cooling system shall be pretreated by the engine supplier for the inhibiting of internal corrosion.

C. The radiator shall exhaust through the enclosure.

2.03 EXHAUST SILENCER

A. Exhaust Silencer – Hospital grade silencer, muffler companion flanges, and flexible braided stainless steel exhaust fittings properly sized shall be furnished according to the manufacturer's recommendations. A silencer rain cap with counter weight shall be provided. Allow enclosure sized for Hospital grade silencer

B. Silencer shall be located within the enclosure.

C. Exhaust silencer and flex shall have insulation blankets installed.

2.04 AUTOMATIC STARTING SYSTEM

A. Starting Motor – A DC electric starting system with positive engagement drive shall be provided. The motor voltage shall be as recommended by the engine manufacturer.

B. Automatic control – Fully automatic generator start/stop controls in the generator control panel shall be provided. Controls shall provide shutdowns for alarm conditions listed in this specification. Controls shall include a 30 second cranking cycle with lock out.

C. Batteries – A lead acid storage battery set of the heavy duty special starting type shall be provided. Battery voltage shall be compatible with the starting system. Battery set shall be rated for no less than 172 amp hours. Free standing corrosion resistant battery racks and necessary cables shall be provided. Batteries shall be unit mounted.

D. Battery Charger – Current limiting battery charger shall be furnished to automatically recharge the batteries. Charger shall be the float charging type furnished to properly charge the batteries. It shall include overload protection, silicone diode full wave rectifiers, voltage surge suppressor, DC ampmeter, DC voltmeter, fused AC input. Input power shall be 120V single phase. A battery charger fail alarm contact shall be provided. Charger shall be unit mounted.

2.05 GENERATOR CONTROL PANEL

A. Generator Set Control

1. The generator set shall be provided with a microprocessor-based control system that is designed to provide automatic starting, monitoring and control functions for the generator set. The control system shall also be designed to allow local monitoring and control of the generator set.

2. Provide form "A" contacts for each alarm and shutdown signal.

B. Unit shall work with the electrical contractor furnished and installed ATS. All labor and material shall be provided to coordinate the installation with the ATS, refer to ATS specification, see the drawings.

2.06 GENERATOR RATINGS

A. The generator shall be a minimum kW rating as called out on the drawings, 480V, 3-phase, 8 PF, and shall also start and operate the following loads with a maximum voltage dip of 25%. Supplier shall submit load calculations showing the starting and running of the following generator load, approval of shop drawing on generator unit will depend on this information being included also.

LIFT STA. LOAD	START METHOD	HP/KW	STEP
Pump controls 5kva controls		5	1
Sewage Pump 1	VFNR	50	1
Sewage Pump 2	FVNR	50	2

Load data shall be provided based on max size of submersible sewage pumps- 50HP
Include loading information of the generator with the generator shop drawing.

A. Provide a 480V 3 phase main breaker for the generator, see the drawings. `

B. The generator breaker shall be located inside the generator enclosure and the access door shall allow for the full NEC clearance requirements of the breaker and its removable cover.

2.08 FLUIDS

A. Unit shall be provided with all fluids, fully fuelled and ready for immediate use.

2.09 GENERATOR ENCLOSURE

A. A weather resistant, sound attenuated, pre-painted, maintenance free industrial grade aluminum enclosure with 304SS fasteners and door hardware. Designed as a reach-in to mount to sub-base tank shall be provided to house the engine/generator and accessories. It shall consist of a roof, side walls, and end walls of one-piece, stressed skin, semi-monocoque construction. Enclosure shall be as manufactured by approved generator enclosure vendor in the business of providing generator enclosures that meet wind load and noise requirement.

B. The system shall include a cooling and combustion air inlet silencer system, an equipment enclosure section, and a cooling air discharge silencer section. Enclosure shall be sized to house Muffler that meets hospital grade rating, which

typically reduces noise between sound attenuated with a max of 75 dba at 7 meters.

C. Insulation in walls and roof shall be semi-rigid, thermo-acoustic, thickness as required to meet the noise criteria specified. Lining shall be perforated, mill-finish aluminum. Self-adhesive foam and loose or bat-type insulating materials will not be accepted.

D. Lifting provisions shall be provided at or near the enclosure roof, with capacity suitable for rigging the enclosure. Estimated enclosure weight shall be provided on submittal drawings.

E. Personnel access doors shall be fabricated of the same materials as the enclosure walls. They shall be reinforced for rigidity, gasketed, and set in a welded frame to ensure proper operation. Handles shall be key lockable, all doors keyed alike. Doors and/or hinged louver panels should be provided in sufficient quantity to allow access for all necessary maintenance and operation, coordinated with generator set manufacturer. All handles, hinges and hardware shall be stainless steel.

F. Air handling shall be as follows: Air will enter through removable hood(s) or a vertical plenum. Intake openings shall be screened to prevent the entrance of rodents and bugs. Radiator discharge will be through a gravity operated damper and into a hood or vertical plenum, as dictated by airflow. The system shall be designed for 0.5" w.c. static pressure drop maximum through enclosure.

G. Enclosure manufacturer shall provide all necessary hardware to internally mount the specified exhaust silencer(s) and maintain the weather resistant integrity of the system.

H. LED interior lighting shall be provided, lighting shall be protected mesh/plastic globe lens; lights shall operate from weather proof type toggle switches; the light switch shall be located at each door location, powered from batteries.

2.10 CLEARANCES

A. The manufacturer shall locate equipment inside enclosure so all NEC required clearances shall be met in front of the generator main circuit breaker, panelboard, and battery charger.

2.11 WIND LOAD REQUIREMENTS

A. The Contractor shall provide signed and sealed drawings from a Registered Florida engineer confirming that the generator set and its

enclosure meets the wind load requirements of the Florida Building Code, and ASCE 7 for the area where the generator is being installed; include this information during the generator shop drawing submittal.

2.12 GENERATOR CONCRETE PAD

A. The Contractor shall provide bolting of the emergency generator unit onto the concrete reinforced pad and provide rubber isolation pads between the concrete pad the generator steek frame footing/springs

2.13 GENERATOR TESTING AND CONFIGURATION

A. The unit shall be tested at rated frequency and voltage.

B. Following installation, the following tests shall be performed by the system manufacturer's local dealer representative(s) in the presence of the Owner's Engineer or designated appointee:

1. Pre-start checks:

a. Oil level

b. Water level

c. Fuel pressure from gas line/regulator

d. Battery connection and charge condition

e. Engine to control interconnects

f. Engine generator intake/exhaust obstructions

C. Supplier shall provide onsite operation tests

1. Load – One hour operation at 80% of full load rating. Two hours of operation at 100% of full load rating. After the first half hour stabilization period at full load, the following shall be recorded at fifteen-minute intervals:

a. Voltage, amps and frequency.

b. Fuel pressure, oil pressure and water temperature.

c. Exhaust gas temperature at engine exhaust outlet.

d. Ambient temperature

e. Kilowatts

f. Power factor

g. kVARS

h. Generator temperature

2. Test shall utilize resistive load banks for the full load. Minimum load shall be equal to the nameplate rating of the engine/generator set in kW. Generator supplier shall supply all load banks equipment necessary for connecting generator to load banks. The Contractor shall provide all labor and material to perform test.

3. A test report of the load bank tests and information measured and configured by the Generator Vendor Technician shall be provided shortly after the load bank test and startup. This report shall include multiple electrical, mechanical and temperature measurements taken every 15 minutes during the 80% and 100% load bank test.

4. Proper operation of controls, engine shutdown, maintenance procedures, and safety devices shall be demonstrated to the Owner and its personnel. Provide a minimum of 2 hours training at a time convenient to the Owner and its personnel.

END OF SECTION

SECTION 16250

AUTOMATIC TRANSFER SWITCH

PART 1 GENERAL

1.01 Section includes

A. Automatic transfer switches (ATS) with delayed transition. This section is provided for the Contractor to provide and install the ATS switch and related raceways and controls along with mounting hardware.

B. Contractor shall provide ATS status signals to the existing RTU equipment as indicated the drawings so these signals. Coordinate the programming of these signals with the Village of Palm Springs programmer.

1.02 References

A. Transfer switches shall be designed and manufactured to the latest revision of UL-1008 and shall be provided with a UL label.

1.03 Submittals

A. Submittals shall be provided in accordance with the general conditions but not less than six (6) copies.

B. Detailed fully engineered drawings shall be provided. Standard product data sheet will be rejected.

1.04 Qualifications

A. To be considered for approval, a manufacturer shall be specialized in manufacturing products specified in this Section with a minimum of ten (10) years documented experience.

1.05 Warranty

A. Manufacturer shall warrant specified equipment to be free from defects in materials and workmanship for one (1) year from date of installation.

1.06 Integration

A. Units shall be provided to fully integrate with the standby generator system. Coordination shall be required of the generator vendor.

B. See the drawings for additional requirements.

PART 2 PRODUCTS

2.01 Model

A. Model shall be Eaton, Cutler Hammer, Asco, Lake Shore or an approved equal.

B. The switch shall be of the automatic power sensing, delayed transition type. The ATS shall include a programmable electronic timer so it may be program to do weekly or monthly exercise with the generator load switching – as directed by the Owner. The switch shall be UL approved standard 1008, rated to carry full name plate current at all times. A manual handle shall be provided for emergency operation from the deadfront inner panel.

C. Provide pilot devices or pilot LED.s.

D. Unit shall have dead front inner panel for manual operation.

E. Units shall be rated NEMA 4X 316 SS. ATS Minimum Features:

1. Voltage sensing on all three phases on normal and emergency sources with automatic low voltage and phase loss detection. Adjustable over/under frequency sensor shall be provided on the emergency source.

2. ATS shall have a controller that is programmable by the user to allow for the ATS switch to be exercised once a month or every week; with or without the option to transfer load.

3. Adjustable time delay after line failure before engine start, 0-5 minutes.

4. Automatic transfer to generator when voltage is present.

5. Adjustable time delay on retransfer when normal power is available, 2-30 minutes. Push button to cancel time delay on return to normal.

6. Adjustable time delay for engine running unloaded after transfer to normal source, 2-30 minutes.

7. 4-Pilot lights or LED.s

    a. Green for switch in normal position.

    b. Red for switch in emergency position.

    c. Green for normal power available.

    d. Red for emergency power available.

8. 4-Position selector switch, maintained, front door mounted on outside or keypad

    a. Off – Switch position remains constant; generator shall not crank.

    b. Auto – Normal automatic control.

    c. Test – Test operation of the transfer system and standby generator by simulating line power loss. System shall remain in the test mode until selector switch in returned to the auto mode which will allow normal retransfer, logic and/or time delays shall be provided to allow switch mode change without undesired actions.

    d. Engine test – start engine without ATS transfer.

9. Status contacts (form A) wired to terminals for inputs to station RTU/PLC equipment:

    a. Switch in normal position.

    b. Switch in emergency position.

    c. Normal voltage present.

    d. Emergency voltage present.

10. Engine start contact (Form A) wired to terminals for engine start.

11. Short circuit withstand rating shall be 42,000 amps, unless otherwise noted.

12. Provide adjustable time delay for transition period in the neutral position with the pole of the switch de-energized.

12. Unit shall be front accessible only and wall mounted.

13. Provide lugs for cable connections.

14. Unit shall be U.L. labeled.

15. Installation Contractor shall be responsible for all field power and control wiring.

16. Provide sunshield on the top.

17. Provide digital multi-meter Cutler Hammer IQ 200 Series (or equal) with front panel display volts, amps, kWD etc. or equal. Provide potential and current transformers as may be required.

18. Provide electronic control.

19. Provide keypad and sunlight use display.

PART 3 EXECUTION

3.01 INSTALLATION

A. Install ATS in accordance with manufacturers written instructions and the National Electrical Code.

3.02 FIELD QUALITY CONTROL

A. Inspect ATS visually.

B. Perform several manual operations.

C. Verify circuit continuity and megger each conductor. Minimum megger valve shall be 50 mega-ohms.

D. Check tightness of all connections using calibrated torque wrench per manufacturers recommended torque values.

3.03 ADJUSTING

A. Adjust time delay setting to values as required for proper operation of the power system. Provide settings per Owner’s instructions.

3.04 TESTING

A. Test manual operation of the unit under load. Test all automatic features of ATS including transfer from normal to emergency and from emergency to normal, remote generator start control. Provide testing in the presence of the Owner and Engineer.

3.05 TRAINING

A. Provide a minimum of two (2) hours training.

3.06 PROGRAMMING

A. Program switch features per Engineer/Owner requirements; including exercising the switch with load once a month for 4 hours or 1 hour per week; date and time of programmed testing with load to be coordinated with the Owner.

B. Provide typewritten listing of final parameter setting with O&M manuals.

SURVEY NOTES

1. THE ELEVATIONS SHOWN HEREON ARE FOR THE PURPOSE OF INDICATING THE GROUND ELEVATION ONLY AT THE POSITION SHOWN AND IN NO WAY INDICATE ELEVATIONS AT ANY OTHER POINT THAN SHOWN HEREON AND DO NOT DETERMINE SUB SURFACE CONDITIONS.
2. UNDERGROUND APPARENT USE AND/OR IMPROVEMENTS HAVE NOT BEEN SHOWN UNLESS OTHERWISE NOTED.
3. THIS SURVEY LIES IN SECTION 14, TOWNSHIP 44 SOUTH, RANGE 42 EAST, PALM BEACH COUNTY, FLORIDA.
4. BY GRAPHIC PLOTTING ONLY THE SUBJECT PROPERTY LIES WITHIN ZONE X AND ZONE AE (EL 16.3), AS SHOWN ON THE U.S. DEPARTMENT OF HOMELAND SECURITY FEDERAL EMERGENCY MANAGEMENT AGENCY (FEMA) FLOOD INSURANCE RATE MAP, MAP NUMBER: 12099C0569F, COMMUNITY: PALM BEACH COUNTY, NUMBER: 120192, PANEL 0569, SUFFIX: F, EFFECTIVE DATE: OCTOBER 5, 2017.
5. IN SOME INSTANCES, GRAPHIC REPRESENTATIONS HAVE BEEN EXAGGERATED TO MORE CLEARLY ILLUSTRATE RELATIONSHIPS BETWEEN PHYSICAL IMPROVEMENTS AND/OR LOT LINES. IN ALL CASES, DIMENSIONS SHOWN SHALL CONTROL THE LOCATION OF THE IMPROVEMENTS OVER SCALED POSITIONS.
6. MEASUREMENTS SHOWN HEREON ARE EXPRESSED IN FEET AND DECIMAL PARTS THEREOF UNLESS OTHERWISE NOTED.
7. BENCHMARK OF ORIGIN: PBC BENCHMARK "KRAMER" WHOSE PUBLISHED ELEVATION IS 19.050', BASED ON THE NORTH AMERICAN VERTICAL DATUM OF 1988.

GENERAL NOTES

1. THE CONTRACTOR SHALL BE RESPONSIBLE FOR POTHOLING, TEST PITS, ETC. IN THE VICINITY OF THE PROJECT WORK AREA TO LOCATE AND VERIFY THE EXISTING UTILITY LOCATIONS PRIOR TO INITIATING WORK. IT IS THE RESPONSIBILITY OF THE CONTRACTOR TO PROTECT THE EXISTING UTILITIES DURING CONSTRUCTION AT NO ADDITIONAL COST TO THE OWNER.
2. THE LOCATION OF EXISTING UTILITIES AS SHOWN ON THESE DRAWINGS ARE APPROXIMATE AND ARE BASED UPON LIMITED RECORD DRAWING INFORMATION AND SURFACE SURVEY. CONTRACTOR SHALL VERIFY EXISTING HORIZONTAL AND VERTICAL LOCATION OF ALL UTILITY CROSSINGS AND FOR UTILITIES IN CLOSE PROXIMITY OF PROPOSED WORK.
3. CONTRACTOR SHALL MAINTAIN ACCESS FOR THE BUSINESSES LOCATED ADJACENT TO THE LIFT STATION AT ALL TIMES, INCLUDING DELIVERIES.
4. EXTREME CARE SHALL BE TAKEN TO PROTECT EXISTING LANDSCAPING, IRRIGATION, LIGHTING, AND OTHER SURFACE FEATURES. ALL DAMAGED LANDSCAPING, IRRIGATION, LIGHTING, AND SURFACE FEATURES DAMAGED DURING CONSTRUCTION OR REQUIRED TO BE REMOVED/RELOCATED TO FACILITATE CONSTRUCTION SHALL BE REPAIRED/REPLACED SHALL BE REPAIRED TO EXISTING CONDITIONS OR BETTER AT NO ADDITIONAL COST TO THE OWNER. ALL DAMAGED IRRIGATION LINES AND SPRINKLER HEADS SHALL BE REPAIRED THE SAME DAY THEY ARE DAMAGED.
5. A PRE-CONSTRUCTION MEETING WILL BE HELD WITH THE OWNER, ENGINEER, AND CONTRACTOR TO DISCUSS SITE ACCESS, SAFETY, SECURITY, AND RESTORATION.
6. CONTRACTOR IS RESPONSIBLE FOR ALL RESTORATION COSTS RESULTING FROM CONSTRUCTION ACTIVITIES. A PRE-CONSTRUCTION VIDEO SHALL BE TAKEN BY THE CONTRACTOR AND COPIES PROVIDED TO OWNER/ENGINEER.
7. ALL ELEVATIONS GIVEN IN NAVD 1988. TO CONVERT FROM NAVD TO NGVD 1929, ADD 1.483 FEET.
8. THE CONTRACTOR IS RESPONSIBLE FOR ANY TEMPORARY BYPASS PUMPING OR TEMPORARY POWER REQUIRED TO MAINTAIN COLLECTION SYSTEM FLOWS DURING CONSTRUCTION.

NOTES:
1. SILT FENCE SHALL BE INSTALLED PER MANUFACTURE'S SPECIFICATIONS PRIOR TO THE START OF CONSTRUCTION AND SHALL NOT BE REMOVED UNTIL CONSTRUCTION IS COMPLETE.
2. THE CONTRACTOR SHALL INSPECT AND REPAIR THE SILT FENCE AFTER EACH RAIN EVENT AND REMOVE SEDIMENT WHEN NECESSARY.
3. REMOVED SEDIMENT SHALL BE DEPOSITED IN AN AREA THAT WILL NOT CONTRIBUTE SEDIMENT OFFSITE AND CAN BE PERMANENTLY STABILIZED.
4. THE SILT FENCE SHALL BE PLACED ON SLOPE CONTOUR TO MAXIMIZE ITS PONDING EFFICIENCY.
5. IF DITCH LEVEL IS DEEPER THAN 30", THEN A FLOATING SILT SCREEN SHALL BE USED.

SILT FENCE DETAIL

Drawing Name: F:\PROJECTS\Palm Springs\WA_14 - Kudza Road LS Generator\2 - Design\Drawings\Details.dwg Layout Name: CD-1 - Plotted by: Russell Ryan - Date: 12/13/2023 - 2:17 PM - Holtz Consulting Engineers

GENERAL ELECTRICAL NOTES

1. **SCHEMATIC NATURE**
PLAN VIEWS ARE SCHEMATIC IN NATURE AND MEANT TO SHOW THE SCHEMATIC ARRANGEMENT OF EQUIPMENT AND CONDUIT.

2. **APPROVED SHOP DRAWINGS**
USE APPROVED SHOP DRAWINGS FOR LAY OUT OF EQUIPMENT. THE CONTRACT DOCUMENTS WILL VARY FROM THE SHOP DRAWINGS. INFORM THE ENGINEER IMMEDIATELY IF THERE ARE LAY OUT ISSUES OR INADEQUATE SPACE FOR EQUIPMENT OR CLEARANCES. LAND CONDUITS IN OPENINGS OF ENCLOSURES PER THE APPROVED SHOP DRAWINGS, DO NOT USE THE CONTRACT DRAWINGS.

3. **CLEARANCES**
IT SHALL BE THE CONTRACTOR'S RESPONSIBILITY TO MEET N.E.C. CLEARANCES ABOUT EQUIPMENT. THE SAME APPLIES TO RACEWAY SUPPORTS.

4. **ROUTING**
CONDUIT ROUTING IS SCHEMATIC IN NATURE. CONDUIT ROUTING IS SHOWN FOR CLARITY ON THE CONTRACT DRAWINGS. ROUTE CONDUITS AS MAY BE REQUIRED. PROVIDE PULL BOXES AS REQUIRED PER NEC.

5. **FUTURES FACILITIES**
WHERE FUTURE FACILITIES ARE INDICATED. CONDUIT ROUTING SHALL ACCOUNT FOR SUCH FACILITIES.

6. **RESPONSIBILITIES**
BIDDERS, SUPPLIERS, EQUIPMENT VENDORS, GENERAL CONTRACTOR, SUB CONTRACTORS AND OTHER SIMILAR ENTITIES ARE REQUIRED TO READ ALL THE CONTRACT DOCUMENTS INCLUDING DRAWINGS AND SPECIFICATIONS.

7. **HOME RUNS**
CONTRACTOR SHALL COORDINATE HOME RUNS BETWEEN PLAN VIEWS. WHERE ANY CONDUIT IS SHOWN IN ANY PLAN VIEW IT SHALL BE INSTALLED THE ENTIRE LENGTH AS MAY BE REQUIRED.

8. **FIELD VERIFICATIONS**
FIELD VERIFY ALL EXISTING CONDITIONS. MAKE MINOR ADJUSTMENTS AS NEEDED. INFORM OWNER/ENGINEER OF INCONSISTENCIES IMMEDIATELY IF PROBLEMS OR CONFLICTS EXIST. VERIFY POWER ON SITE WITH UTILITY CO. VERIFY POWER REQUIREMENTS/COMPATIBILITY WITH EXISTING EQUIPMENT PRIOR TO ORDERING EQUIPMENT.

9. **COMPLETE AND FUNCTIONAL SYSTEMS**
PROVIDE ALL LABOR AND MATERIAL FOR A COMPLETE AND FUNCTIONAL SYSTEM. DEMONSTRATE SYSTEM OPERATION TO THE OWNER/ENGINEER.

10. **GROUNDING**
PROVIDE GROUNDING SYSTEM AS INDICATED ON DRAWINGS AND BY NEC. ALL POWER RACEWAYS REQUIRE GROUNDING CONDUCTORS. BONDING THROUGH RACEWAY SYSTEMS SHALL BE CONTINUOUS FROM MAIN SWITCH GROUND BUSES TO PANEL GROUND BARS, FROM PANEL GROUND BARS TO BRANCH CIRCUIT OUTLETS, MOTORS, LIGHTS, ETC. THESE GROUND CONDUCTORS ARE REQUIRED THROUGHOUT THE PROJECT REGARDLESS OF WHETHER CONDUIT RUNS SHOW GROUND CONDUCTORS ON DRAWINGS.

11. **CONTRACTOR MINIMUM REQUIREMENTS**
PROVIDE AND INSTALL A COMPLETE ELECTRICAL SYSTEM AS INDICATED ON THE DRAWINGS. ITEMS NOT SHOWN BUT OBVIOUSLY NECESSARY FOR A COMPLETE SYSTEM SHALL BE INCLUDED.

THE CONTRACTOR SHALL OBTAIN ALL NECESSARY PERMITS, INSPECTIONS AND APPROVALS.

ALL WORK SHALL CONFORM TO THE NATIONAL ELECTRICAL CODE, NFPA, AND THE LOCAL BUILDING CODES. ALL COMPONENTS SHALL BE U.L. APPROVED.

CONTRACTOR SHALL BE RESPONSIBLE FOR LOCATING ALL CONCEALED FACILITIES BEFORE ANY WORK BEGINS.

12. **SCOPE OF WORK**
A. COORDINATE NEW ELECTRICAL EQUIPMENT.
B. DEMO EXISTING EQUIPMENT.
C. INSTALL NEW EQUIPMENT.
D. RESTORE AREAS TO ORIGINAL CONDITION.
E. ASSIST VILLAGE PROGRAMMER WITH NEW I/O POINTS COORDINATION.

13. **CONDUIT**
CONDUIT SIZES AS SHOWN ON THE DRAWINGS ARE MINIMUM. THE CONTRACTOR MAY INCREASE AS REQUIRED FOR EASE OF PULLING.

ALL EXPOSED CONDUIT SHALL BE NEATLY INSTALLED AND RUN PARALLEL OR PERPENDICULAR TO STRUCTURAL ELEMENTS. SUPPORTS AND MOUNTING HARDWARE SHALL BE 316 SS. CONDUITS SHALL HAVE BURRS REMOVED WITH A REAMER. CONDUITS ENTERING CABINETS SHALL HAVE LOCK NUTS INSIDE AND OUT UNLESS ENTRANCE IS THREADED. NYLON INSULATED BUSHING SHALL BE USED ON ALL CONDUIT TERMINATIONS.

ALL UNDERGROUND CONDUITS SHALL BE INSTALLED 24" BELOW FINAL GRADE.

ALL BURIED CONDUIT SHALL BE PVC UNLESS INDICATED; SERVICE CONDUIT SHALL BE PVC SCHEDULE 80 OR RIGID GALVANIZED STEEL.

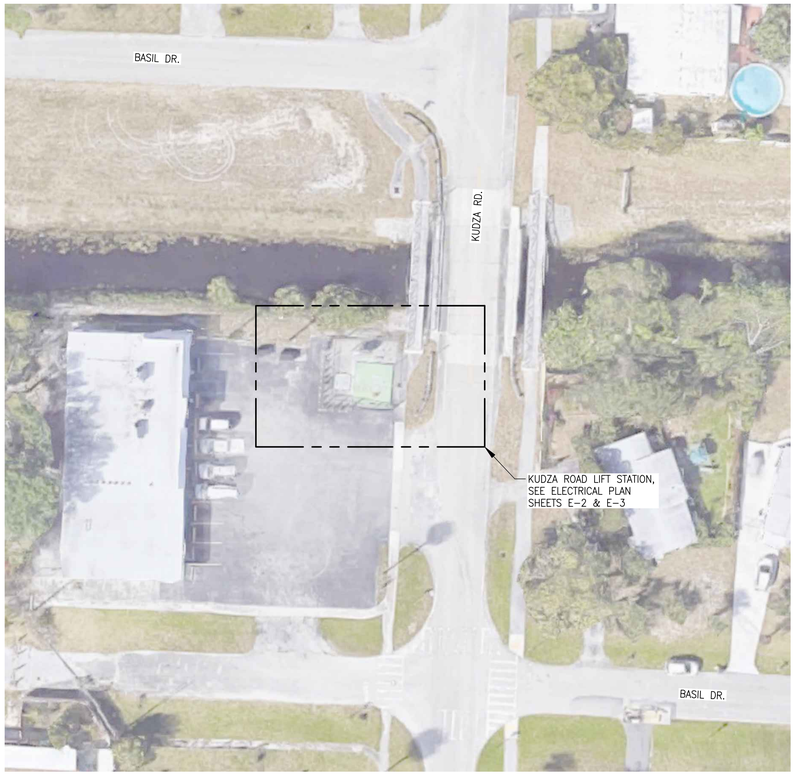
14. **JUNCTION BOXES**
PROVIDE ADDITIONAL BOXES AS MAY BE REQUIRED. PROVIDE NEMA 3R OUTSIDE.

15. **CONDUCTORS**
CONDUCTORS SHALL BE COPPER STRANDED TYPE THWN WITH 75°C RISE INSULATION.

GROUNDING CONDUCTORS SHALL BE TINNED COPPER 600V RATED #6 MINIMUM GAUGE.

MULTICONDUCTOR LABELS SHALL BE STRANDED 14 GAUGE, 600V, THWN INSULATED WITH PVC JACKET.

16. **SHUT DOWNS**
CONTRACTOR SHALL COORDINATE ANY POWER DOWNTIME WITH FPL AND THE OWNER. ANY POWER DOWN TIME SHALL BE APPROVED BY THE OWNER.



17. **RESTORATION**
CONTRACTOR SHALL RESTORE TO ORIGINAL CONDITION ALL FACILITIES HE DISTURBS. CONTRACTOR SHALL PROVIDE CLEANUP, AND PROPER DISPOSAL, AND PAY ALL FEES FOR ALL DEMOLISHED MATERIALS AND THE LIKE.

18. **WARRANTY**
CONTRACTOR SHALL WARRANT LABOR AND MATERIALS FOR A PERIOD OF ONE (1) YEAR FROM THE OWNER'S ACCEPTANCE OF THE COMPLETED PROJECT.

19. **STATION CONTROL PANEL & RTU**
EXISTING LSCP & RTU SHALL REMAIN, PROVIDE TEMP. POWER TO KEEP STATION OPERATIONAL AS REQUIRED. PROVIDE I/O CARDS, ADDITIONAL TERMINALS AS INDICATED ON SPECS AND DRAWINGS FOR OWNER'S PROGRAMMER TO PROGRAM AND CONFIGURE, CONTRACTOR TO TERMINATE SIGNALS AT EXISTING RTU, ATS, AND GENERATOR CONTROLS.

HOLTZ CONSULTING ENGINEERS, INC

February 27, 2024

Mr. Walter Sanchez
Project Manager
Village of Palm Springs
360 Davis Road
Palm Springs, FL 33461

Subject: **Bid No. 2024B-002 – Kudza Road Lift Station Emergency Generator Recommendation to Award**

Dear Mr. Sanchez,

On February 20, 2024, at 2:30 p.m. bids were opened for the referenced project. There was one (1) bid accepted for the project as follows:

Bidder	Bid Amount	Included Bid Security?	Completed All Items in Bid Submission Checklist?
Hinterland Group, Inc.	$508,000.00	Y	Y

The bid was reviewed by Holtz Consulting Engineers, Inc. (HCE) to evaluate whether the bid was responsive to the bid submittal requirements.

Hinterland Group, Inc. was the sole bidder with a Total Bid Amount of $508,000.00. Their bid was reviewed and included the required bid bond in the amount of five percent of their bid from an acceptable surety company according to the US Department of Treasury. The other forms and information required to be submitted with their bid appear to be in order. We therefore consider the bid submitted by Hinterland Group, Inc. to be responsive.

Hinterland Group, Inc. has successfully completed numerous utility construction projects in South Florida, including similar projects for local utilities. The references contacted indicated that they completed their projects generally on time, within budget, and in conformance with the contract documents. Hinterland Group, Inc. is a corporation in good standing with the Florida Department of State Division of Corporations. We therefore consider Hinterland Group, Inc. to be a responsible bidder.

Based on the above information, Holtz Consulting Engineers, Inc. considers Hinterland Group, Inc. to be the low responsive and responsible bidder and recommends that they be awarded the contract for the Kudza Road Lift Station Emergency Generator in the Total Bid Amount of $508,000.00.

Sincerely,

HOLTZ CONSULTING ENGINEERS, INC.

Stephen Fowler, P.E.

Kudza Road Lift Station Emergency Generator
Addendum No. 1
February 15, 2024

BIDS DUE: 2:30 PM, Local Time, 2/20/2024

TO ALL VENDORS BIDDING ON THIS PROJECT:

The changes, additions, substitutions, and/or deletions contained in Addendum No. 1 are hereby made a part of the Bid Documents for the **Kudza Road Lift Station Emergency Generator** project, fully and completely as if the same were fully set forth herein.

IN THE PLANS

1. Electrical Plan Sheet E-1:

   Delete:
   Entire Plan Sheet E-1.

   Replace with:
   Entire Plan Sheet E-1 as revised per Revision No. 1 on 2/14/24 and as included herein.

2. Electrical Plan Sheet E-3:

   Delete:
   Entire Plan Sheet E-3.

   Replace with:
   Entire Plan Sheet E-3 as revised per Revision No. 1 on 2/14/24 and as included herein.

3. Electrical Plan Sheet E-4:

   Delete:
   Entire Plan Sheet E-4.

   Replace with:
   Entire Plan Sheet E-4 as revised per Revision No. 1 on 2/14/24 and as included herein.

IN THE SPECIFICATIONS

1. Section 16000

   Delete:
   Entire Section.

   Replace with:
   Complete revised Section 16000 as included herein and as labeled “Addendum No. 1”.

2. Section 16912

   Add:
   Entire Section 16912 – RTU & PLC System.

3. Section 16960

   Add:
   Entire Section 16960 – SCADA System.

Receipt acknowledged and conditions agreed to the _____ day of _____, 2024.

_____ _____

RESPONSES TO BIDDER QUESTIONS

VILLAGE OF PALM SPRINGS

ITB NO. 2024B-002

KUDZA ROAD LIFT STATION EMERGENCY GENERATOR

Bidders Questions and Answers

1. How long can the power be down before a pump or mobile generator is needed?

The lift station cannot be without power for more than two hours.

2. The oneline on E-4 indicates that there are no neutrals to be run. Please confirm.

The service is a 480V 3 phase with ground, and FPL neutral(ground). The neutral conductor is not carried out to the load as there are no 277V loads, only 480V 3 phase with a ground, but the service would carry a #3/0AWG minimum size neutral – this is being called out on the revised E-4 oneline (included in addendum No 1) which will show the neutral to be installed from the main disconnect through the ATS switch and the generator (no switching of the neutral at the ATS as this is not a separately derived system).The load (the control panel) does not need the neutral since there are no 277V loads

3. Please clarify the contractor's responsibility on the fuel supply. Are we to supply just the fuel for startup or startup plus a full tank?

The Contractor shall supply diesel fuel for the generator not only for the startup and testing phase, but also refill the tank to full capacity after the startup and testing phase.

4. Please confirm that there is no remote annunciator on this project.

There is no remote annunciator on this project, any status and alarms from the generator are provided via radio telemetry to SCADA from the existing RTU as called out on the drawings.

5. Please confirm the contractor's responsibility regarding surveying. Are we to add 6" of concrete or do we need a surveyor to tell us the exact height to be added? Also is surveyor needed for placement of the overall concrete pad corners as well as the generator pad corners? Please advise.

The Contractor must hire a surveyor for construction layout staking and for preparation of record drawings. The top of the new 6" thick concrete slab shall be at elevation 16.6 as shown on the plans to match the elevation of the existing wet well top slab.

6. Is the new concrete to go on top of the existing asphalt or is that to be removed before the concrete? Please advise.

The existing asphalt must be saw-cut and removed. The new concrete shall be installed on top of compacted base, compacted to 98% max. density per AASHTO T-180.

7. I see that Blanket Contractual Liability is included in the insurance section. Is this something that can be negotiated out of the contract?

No.

8. Can Builder Risk be negotiated out of the contract? If not, can Installation Coverage be used instead?

No and No.

9. Is the prime required to carry Design professional insurance? If so, can this be negotiated out?

No. Contract documents under General Conditions section 6.03.C.8 under "Contractor's Insurance" require the project's design professionals to be added as an "Additional Insured". Section 7.19.A states: "Contractor will not be required to provide professional design services unless such services are specifically required by the Contract Documents for a portion of the Work or unless such services are required to carry out Contractor's responsibilities for construction means, methods, techniques, sequences and procedures." In such case, the specialty design engineer hired by the Contractor shall carry his own insurance as required by law.

10. Is contractors Pollution Liability required or can this be negotiated out?

It is required. No, it cannot be negotiated out.

11. What is the Engineer's Estimate for this project?

The Village's estimate of probable cost (and/or budget) for the project is approximately $400,000; however, since the project is being competitively bid the Village anticipates based on prior bidding experience to receive multiple bids which provide competitive rates (or unit prices) to complete the project for less than the aforementioned estimate (or budget). The Village reserves the right to cancel this solicitation if the bids received do not appear competitive and/or match or exceed the estimate or budget.

12. Since this bid will be submitted via DemandStar, do you require the original bid bond to be mailed?

The Village will accept uploaded copies of bid bonds for bid work. The bidder will need to be ready to provide originals upon request.

13. I would like to arrange a site visit on a date prior to the Non-mandatory pre-bid on February 7th. Can you assist with setting up a visit?

Any potential bidder who wants to visit the site on their own, can. They shouldn't need to get inside the fence or open any panels as all that information is on the plans.

14. Is there an actual street address we can reference for satellite imagery?

2011 Kudza Rd, WPB, Fl. 33415

15. Is this project to be delivered through DemandStar as an eBid, or as a sealed bid (hard copy) at the Village of Palm Spring office?

This bid is only being accepted through DemandStar.

ATTACHMENT 2

Revised Plan Sheets E-1, E-3, and E-4

GENERAL ELECTRICAL NOTES

1. **SCHEMATIC NATURE**
PLAN VIEWS ARE SCHEMATIC IN NATURE AND MEANT TO SHOW THE SCHEMATIC ARRANGEMENT OF EQUIPMENT AND CONDUIT.

2. **APPROVED SHOP DRAWINGS**
USE APPROVED SHOP DRAWINGS FOR LAY OUT OF EQUIPMENT. THE CONTRACT DOCUMENTS WILL VARY FROM THE SHOP DRAWINGS. INFORM THE ENGINEER IMMEDIATELY IF THERE ARE LAY OUT ISSUES OR INADEQUATE SPACE FOR EQUIPMENT OR CLEARANCES. LAND CONDUITS IN OPENINGS OF ENCLOSURES PER THE APPROVED SHOP DRAWINGS, DO NOT USE THE CONTRACT DRAWINGS.

3. **CLEARANCES**
IT SHALL BE THE CONTRACTOR'S RESPONSIBILITY TO MEET N.E.C. CLEARANCES ABOUT EQUIPMENT. THE SAME APPLIES TO RACEWAY SUPPORTS.

4. **ROUTING**
CONDUIT ROUTING IS SCHEMATIC IN NATURE. CONDUIT ROUTING IS SHOWN FOR CLARITY ON THE CONTRACT DRAWINGS. ROUTE CONDUITS AS MAY BE REQUIRED. PROVIDE PULL BOXES AS REQUIRED PER NEC.

5. **FUTURES FACILITIES**
WHERE FUTURE FACILITIES ARE INDICATED. CONDUIT ROUTING SHALL ACCOUNT FOR SUCH FACILITIES.

6. **RESPONSIBILITIES**
BIDDERS, SUPPLIERS, EQUIPMENT VENDORS, GENERAL CONTRACTOR, SUB CONTRACTORS AND OTHER SIMILAR ENTITIES ARE REQUIRED TO READ ALL THE CONTRACT DOCUMENTS INCLUDING DRAWINGS AND SPECIFICATIONS.

7. **HOME RUNS**
CONTRACTOR SHALL COORDINATE HOME RUNS BETWEEN PLAN VIEWS. WHERE ANY CONDUIT IS SHOWN IN ANY PLAN VIEW IT SHALL BE INSTALLED THE ENTIRE LENGTH AS MAY BE REQUIRED.

8. **FIELD VERIFICATIONS**
FIELD VERIFY ALL EXISTING CONDITIONS. MAKE MINOR ADJUSTMENTS AS NEEDED. INFORM OWNER/ENGINEER OF INCONSISTENCIES IMMEDIATELY IF PROBLEMS OR CONFLICTS EXIST. VERIFY POWER ON SITE WITH UTILITY CO. VERIFY POWER REQUIREMENTS/COMPATIBILITY WITH EXISTING EQUIPMENT PRIOR TO ORDERING EQUIPMENT.

9. **COMPLETE AND FUNCTIONAL SYSTEMS**
PROVIDE ALL LABOR AND MATERIAL FOR A COMPLETE AND FUNCTIONAL SYSTEM. DEMONSTRATE SYSTEM OPERATION TO THE OWNER/ENGINEER.

10. **GROUNDING**
PROVIDE GROUNDING SYSTEM AS INDICATED ON DRAWINGS AND BY NEC. ALL POWER RACEWAYS REQUIRE GROUNDING CONDUCTORS. BONDING THROUGH RACEWAY SYSTEMS SHALL BE CONTINUOUS FROM MAIN SWITCH GROUND BUSES TO PANEL GROUND BARS, FROM PANEL GROUND BARS TO BRANCH CIRCUIT OUTLETS, MOTORS, LIGHTS, ETC. THESE GROUND CONDUCTORS ARE REQUIRED THROUGHOUT THE PROJECT REGARDLESS OF WHETHER CONDUIT RUNS SHOW GROUND CONDUCTORS ON DRAWINGS.

11. **CONTRACTOR MINIMUM REQUIREMENTS**
PROVIDE AND INSTALL A COMPLETE ELECTRICAL SYSTEM AS INDICATED ON THE DRAWINGS. ITEMS NOT SHOWN BUT OBVIOUSLY NECESSARY FOR A COMPLETE SYSTEM SHALL BE INCLUDED.

THE CONTRACTOR SHALL OBTAIN ALL NECESSARY PERMITS, INSPECTIONS AND APPROVALS.

ALL WORK SHALL CONFORM TO THE NATIONAL ELECTRICAL CODE, NFPA, AND THE LOCAL BUILDING CODES. ALL COMPONENTS SHALL BE U.L. APPROVED.

CONTRACTOR SHALL BE RESPONSIBLE FOR LOCATING ALL CONCEALED FACILITIES BEFORE ANY WORK BEGINS.

12. **SCOPE OF WORK**
A. COORDINATE NEW ELECTRICAL EQUIPMENT.
B. DEMO EXISTING EQUIPMENT.
C. INSTALL NEW EQUIPMENT.
D. RESTORE AREAS TO ORIGINAL CONDITION.
E. PROVIDE NEW PLC HARDWARE AND PROGRAMMING. (1)

13. **CONDUIT**
CONDUIT SIZES AS SHOWN ON THE DRAWINGS ARE MINIMUM. THE CONTRACTOR MAY INCREASE AS REQUIRED FOR EASE OF PULLING.

ALL EXPOSED CONDUIT SHALL BE NEATLY INSTALLED AND RUN PARALLEL OR PERPENDICULAR TO STRUCTURAL ELEMENTS. SUPPORTS AND MOUNTING HARDWARE SHALL BE 316 SS. CONDUITS SHALL HAVE BURRS REMOVED WITH A REAMER. CONDUITS ENTERING CABINETS SHALL HAVE LOCK NUTS INSIDE AND OUT UNLESS ENTRANCE IS THREADED. NYLON INSULATED BUSHING SHALL BE USED ON ALL CONDUIT TERMINATIONS.

ALL UNDERGROUND CONDUITS SHALL BE INSTALLED 24" BELOW FINAL GRADE.

ALL BURIED CONDUIT SHALL BE PVC UNLESS INDICATED; SERVICE CONDUIT SHALL BE PVC SCHEDULE 80 OR RIGID GALVANIZED STEEL.

14. **JUNCTION BOXES**
PROVIDE ADDITIONAL BOXES AS MAY BE REQUIRED. PROVIDE NEMA 3R OUTSIDE.

15. **CONDUCTORS**
CONDUCTORS SHALL BE COPPER STRANDED TYPE THWN WITH 75°C RISE INSULATION.

GROUNDING CONDUCTORS SHALL BE TINNED COPPER 600V RATED #6 MINIMUM GAUGE.

MULTICONDUCTOR LABELS SHALL BE STRANDED 14 GAUGE, 600V, THWN INSULATED WITH PVC JACKET.

16. **SHUT DOWNS**
CONTRACTOR SHALL COORDINATE ANY POWER DOWNTIME WITH FPL AND THE OWNER. ANY POWER DOWN TIME SHALL BE APPROVED BY THE OWNER.

17. **RESTORATION**
CONTRACTOR SHALL RESTORE TO ORIGINAL CONDITION ALL FACILITIES HE DISTURBS. CONTRACTOR SHALL PROVIDE CLEANUP, AND PROPER DISPOSAL, AND PAY ALL FEES FOR ALL DEMOLISHED MATERIALS AND THE LIKE.

18. **WARRANTY**
CONTRACTOR SHALL WARRANT LABOR AND MATERIALS FOR A PERIOD OF ONE (1) YEAR FROM THE OWNER'S ACCEPTANCE OF THE COMPLETED PROJECT.

19. **STATION CONTROL PANEL & RTU** (1)
EXISTING FPL SERVICE, METER, MAIN, LSCP & RTU SHALL REMAIN, PROVIDE TEMP. POWER TO KEEP STATION OPERATIONAL AS REQUIRED. PROVIDE I/O CARDS, ADDITIONAL TERMINALS AS INDICATED ON SPECS AND DRAWINGS. I&C CONTRACTOR SHALL PROVIDE PROGRAMMING AND CONFIGURE SIGNALS AT EXISTING RTU FOR ATS AND GENERATOR STATUS AND ALARM.

Revised Specification Section 16000

Specification Section 16912

Specification Section 16960

SECTION 16000

ELECTRICAL GENERAL REQUIREMENTS

PART 1 GENERAL

1.01 RELATED DOCUMENTS

A. The general provisions of the Contract, including General Conditions, apply to all the Work specified in the Electrical 16000 Sections.

1.02 LAWS, PERMITS, FEES AND NOTICES

A. Secure and pay all permits, fees and licenses necessary for the proper execution of the Work. Submit all notices and comply with all laws, ordinances, rules and regulations of any public agency bearing on the Work. CONTRACTOR shall be licensed Electrical CONTRACTOR in the county of construction.

1.03 DEPARTURES

A. If any departures from the Contract drawings or specifications are deemed necessary, details of such departures and the reasons therefore shall be submitted to the ENGINEER for advance written approval, prior to departure.

B. Due to long lead times on generator and ATS switch coordinate with Engineer and Owner for the shop drawing review, ordering of equipment after proper approval, and then coordination with Owner for any schedule shut downs and bypass pumping that may be needed while station is being worked on for the demo of the existing concrete slab, new conduit and wiring installation including grounding, and equipment installation and testing.

1.04 GUARANTEES

A. Furnish written guarantee covering all materials, workmanship, labor and equipment for a period of one (1) year from the date of acceptance as described in the Contract General Conditions.

B. The OWNER reserves the right to operate and use all materials and equipment failing to meet the requirements of the Contract documents until such unacceptable materials and equipment are replaced or repaired to the satisfaction of the ENGINEER.

1.05 AS-BUILT INFORMATION

A. A set of “red-lined” electrical drawings shall be carefully maintained at the job site. Actual conditions are to be put on the drawings in red on a daily basis so the drawings will continuously show locations and routes of cable trays, conduits, pull-boxes, circuit numbers, and other information required by the ENGINEER.

1.06 JOB SITE VISIT

A. Visit the project site before submitting a bid. Verify all dimensions shown and determine the characteristics of existing facilities which will affect performance of the Work, but which may not be shown on drawings or described within these specifications.

1.07 CLEANUP

A. Maintain a continuous cleanup during the progress of the Work and use appointed storage areas for supplies. The premises shall be kept free from accumulations of waste materials and rubbish.

1.08 CUTTING AND PATCHING

A. Cut and prepare all openings, chases and trenches required for the installation of equipment and materials. Repair, remodel and finish in strict conformance with the quality of workmanship and materials in the surroundings. Obtain written permission from the ENGINEER for any alterations to structural members before proceeding.

1.09 MAINTENANCE

A. Render all necessary measures to ensure complete protection and maintenance of all systems, materials and equipment prior to final acceptance. Any materials or equipment not properly maintained or protected to assure a factory new condition at the time of final acceptance shall be replaced immediately at no additional cost to the OWNER.

1.10 WATERPROOFING

A. Whenever any Work penetrates any waterproofing, seal and render the Work waterproof. All Work shall be accomplished so as not to void or diminish any waterproofing bond or guarantee.

1.11 TESTS

A. Conduct an operating test of equipment prior to the ENGINEER’s approval. The equipment shall be demonstrated to operate in accordance with the requirements of these specifications. The tests shall be performed in the presence of the ENGINEER or an authorized representative. The electrical CONTRACTOR shall furnish all instruments, electricity and personnel required for the tests.

1.12 POWER SHUT DOWNS COORDINATION

A. CONTRACTOR shall coordinate at well sites and especially at lift station site any power shut downs to the station and control panel. All power shut downs shall be kept to a minimum, and in the case of the lift station bypass pumping may be necessary during any extended power outage.

1.13 SUMMARY OF ELECTRICAL WORK

A. Provide all labor, materials, tools, supplies, equipment and temporary utilities to complete the Work shown on the drawings and specified herein. All systems are to be completely installed and fully operational. Specifically, the Work includes, but is not necessarily limited to:

B. Provide demolition of existing raceway and wires from main disconnect to the existing control panel. Reuse the existing 480V 3 phase service, meter, main, control panel, raceways, RTU, CPT, pipe stand, and the like, see drawings and other specifications for other information.

2. Coordinate demolition work with the Owner. Minimize any outages of the lift station FPL power to less than two to three hours.

3. Provide new power and control raceways, wireway with Polaris taps, and conductors as called out on drawings. Provide new Mini PowerZone transformer with built-in single phase 120/240V panelboard, rack mount onto rack, and provide Unistrut and hardware as required.

4. Provide and install the generator, and all the electrical equipment, equipment racks, panels, Mini PowerZone step down transformer/ panelboard, power and control raceways, terminal boxes, power and control wiring as indicated on the drawings.

5. Provide and install outdoor generator on generator pad, and ATS equipment onto equipment rack. Generator with sub-base fuel tank. Generator shall be properly bolted down into generator concrete slab and isolation rubber pads, 1/2” thick minimum shall be used at each tiedown or bolting point to isolate the generator bottom (fuel tank) from slab and humidity and water to prevent corrosion of tank.

6. Provide grounding of the equipment. Provide grounding of the Generator and ATS equipment, genset is not a separately derived system so the Neutral is not switched in the ATS switch.

7. Provide testing and startup of the pump station equipment, including the ATS and generator.

8. Provide modifications to the existing RTU to add an I/O board to the AB 1400 PLC for the signals called out on the drawings (provide additional terminals and wiring as required) , provide all labor and equipment as required to add these signals to the existing PLC/RTU, see the drawings. ~~Coordinate with Owner's RTU programmer~~ **The I&C contractor shall provide all the configuration and programming** to add these signals to RTU and provide them at the existing SCADA system.

9. The Contractor shall provide up to 4 hours of ~~assistance~~ **coordination with** ~~to~~ the Village's **staff** ~~programmer~~ in the programming of the generator and ATS status signals.

10. Provide load bank test with generator and also test ATS. Contractor shall program ATS for weekly or monthly switching with load – coordinate schedule with the Owner.

11. Provide all as-built to the drawings, training of Owner's maintenance personnel, spare parts, and closing documents.

1.14 CODES AND STANDARDS

A. General Applicable provisions of the following codes and standards and other codes and standards required by the State of Florida and local jurisdictions are hereby imposed on a general basis for electrical Work (in addition to specific applications specified by individual Work sections of these specifications):

1. U.L.: Electrical materials shall be approved by Underwriters' Laboratories, Inc. This applies to materials which are covered by U.L. standards. Factory applied labels are required.

2. National Electrical Code.

3. OSHA: Standards of the Occupational Safety and Health Administration are to be complied with.

4. NEMA: National Electrical Manufacturers Association Standards are to be met wherever standards have been established by that agency and proof is specifically required with material submittals for switchboards, motor control centers, panelboards, cable trays, motors, switches, circuit breakers and fuses.

5. ANSI: America National Standards Institute

6. NESC: National Electrical Safety Code

7. Any and all local codes.

1.15 ELECTRICAL TEMPORARY FACILITIES

A. The electrical CONTRACTOR shall include in his bid the cost of furnishing, installing, maintaining and removing all materials and equipment required to provide temporary light and power to perform his Work during construction and until Work is completed.

B. Safety

1. All reasonable safety requirements shall be observed to protect workers and the public from shock and fire hazards. Ground fault interrupters shall be employed in accordance with codes.

2. Ground wires are required in all circuits. Ground poles are required on all outlets. All metallic cases shall be grounded.

3. Raintight cabinets shall be used for all equipment employed in wet areas.

1.16 EXCAVATING FOR ELECTRICAL WORK

A. General – Not needed

1.17 ELECTRICAL SUBMITTALS

A. Submittals for Approval

1. Refer to Contract General Conditions for additional instructions on the General Conditions and this section, the more stringent requirements shall apply.

2. Shop Drawings and Manufacturer's data sheets are required for all electrical materials.

3. Submittals will not be accepted for partial systems. Submit all materials for each specification section at one time. Submittals must be arranged, correlated, indexed and bound in orderly sets for ease of review.

4. Samples are to be supplied for any substitute as requested by the ENGINEER.

5. The following numbers of copies are required:

Shop drawings	6 sets
Samples	1 each
Manufacturer's data	6 sets
Certifications	6 sets
Test reports	6 sets
Warranties/Guarantees	6 sets

6. Submit shop drawings, Manufacturer's data and certifications on all items of electrical Work prior to the time such equipment and materials are to be ordered. Order no equipment or materials without approval from the ENGINEER. Submittals will not be accepted for partial system submittals; submit all data at one time. Submittals will be promptly returned, approved, approved as noted, or not approved. Items "approved as noted" must be changed to comply with the ENGINEER's comments and need not be resubmitted for "approved" status. Items "not approved" are not suitable, requiring complete new submittals.

7. Time delays caused by rejection of submittals are not cause for extra charges to OWNER or time extensions. CONTRACTOR shall be responsible for investigating existing systems or shop drawings in order to fully integrate the new equipment into the system. Adequate shop drawings may or may not exist for all existing systems.

B. Operation and Maintenance Manuals

1. Submit to the ENGINEER five (5) copies of all Manufacturer's service installation and operation manuals, instructions and bulletins. These manuals shall be subject to review of the ENGINEER. If acceptable they shall be forwarded to the OWNER. If not acceptable they shall be returned to the CONTRACTOR for revision and resubmittal. Manuals shall contain, but not be limited to, the following:

a. Brief description of system and basic features.

b. Manufacturer's name and model number for all components in the system.

c. List of local factory authorized service companies.

d. Operating instructions.

e. Maintenance instructions

f. Trouble shooting instructions

g. Manufacturer's literature describing each piece of equipment.

h. Power and control wiring diagrams

i. Parts lists

1.18 ELECTRICAL PRODUCTS

A. Standards Products

1. Unless otherwise indicated in writing by the ENGINEER, the products to be furnished under this specification shall be the Manufacturer's latest design. Units of equipment and components of the same purpose and rating shall be interchangeable throughout the project. All products shall be newly manufactured. Defective equipment or equipment damaged in the course of installation or test, shall be replaced or repaired in a manner meeting with the approval of the ENGINEER at no additional expense to the OWNER.

B. Delivery, Storage and Handling

1. Deliver products to project properly identified with names, model numbers, types, grades, compliance labels and similar information needed for distinct identification; adequately packaged or protected to prevent deterioration during shipment, storage and handling. Store in a dry, well ventilated, indoor space, except where prepared and protected by the Manufacturer specifically for exterior instructions for storage locations.

C. Substitutions

1. Comply with instructions in the Contract General Conditions and Special Conditions and obtain pre-approval of the ENGINEER regarding substitutions.

1.19 SKILLED ELECTRICAL CRAFTSMEN

A. CONTRACTOR shall employ and staff the project with skilled Craftsmen experienced in the project requirements.

B. As a minimum, a Licensed Journeyman Electrician shall be present on the project at all times.

C. Other skilled persons shall be present as the project requirements dictate including Manufacturers representatives, start-up technicians, ENGINEERs, etc.

1.20 DRAWINGS AND SPECIFICATIONS

A. Refer to the drawings for additional requirements. There are requirements indicated on the drawings which are not indicated in the specification.

B. Bidders, suppliers, equipment vendors, General CONTRACTOR, Sub Contractors and other similar entities are required to read all the Contract documents including drawings and specifications.

1.21 SCHEMATIC NATURE

A. Plan views are schematic in nature and meant to show the schematic arrangement of equipment and conduit.

B. CONTRACTOR shall provide the OWNER/ENGINEER with an 11 x 17 (min) drawing (to scale) of the final layout of the equipment and conduit routing for approval. This drawing shall include measurements for all NEC required clearances and separations for equipment and conduit. Refer to other spec sections for conduit routing requirements.

1.22 APPROVED SHOP DRAWINGS

A. Use approved shop drawings for lay out of equipment. The Contract documents will vary from the shop drawings. Inform the ENGINEER immediately if there are lay out issues or inadequate space for equipment or clearances. Land conduits in openings of enclosures per the approved shop drawings, do not use the Contract drawings.

B. Housekeeping pads, equipment racks and the like shall be based on the approved shop drawings.

1.23 CLEARANCES

A. It shall be the CONTRACTOR's responsibility to meet N.E.C. clearances about equipment.

1.24 ROUTING

A. Conduit routing is schematic in nature. Conduit routing is shown for clarity on the Contract drawings. See other spec sections for additional conduit routing requirements.

1.25 FUTURE FACILITIES

A. Where future facilities are indicated, conduit routing shall account for such facilities.

B. Where conduits are installed as spares or for future equipment, these conduits shall include pull string, any conduits installed exposed along a concrete pad or slab, shall be capped .

1.26 DRAWINGS FURNISHED BY CONTRACTOR

A. OWNER shall be provided all CONTRACTOR furnished drawings. Such drawings include, but are not limited to: Control panels, MCC.s, switch boards, instrumentation details, redline mark-up of the Contract drawing and the like.

B. Drawings shall be furnished for review and approval. No materials shall be provided without the ENGINEER's approval.

C. Final drawings shall be furnished or as field modified accounting for any changes made during start up.

1.27 HOMERUNS

A. CONTRACTOR shall coordinate home runs between plan views. Where any conduit is shown in any plan view it shall be installed the entire length may be required.

PART 2 PRODUCTS (NOT USED)

PART 3 EXECUTION (NOT USED)

END OF SECTION

SECTION 16912

RTU & PLC SYSTEMS

PART 1 GENERAL

1.01 WORK INCLUDED

A. The I&C Contractor shall furnish, install, configure, program, and provide modifications to the existing PLC/RTU equipment and existing SCADA system. The modifications shall allow for the proper implementation of a new Digital Input card and modifications to the existing MicroLogix 1400 PLC/RTU.

B. The I&C Contractor shall provide modifications to the existing RTU equipment. The RTU system modifications shall include all hardware, including the new I/O card, fuses, signal surge suppressors, terminals, related relays, and the like for the PLC and RTU equipment to properly interface with the signals from the generator and ATS switch. It shall be the I&C Contractor's responsibility to provide a complete and functional system as a part of the I&C Contractor's work and implementation.

C. Provide all equipment for the continued working communication with the Owner's existing central radio system and SCADA system. The additional signals and modifications needed shall not take any of the existing signals from the lift station equipment currently being monitored.

D. All communications hardware, PLC and radio software (as may be required) shall be provided.

E. In order to establish sole source responsibility; the Instrumentation and Control (I&C) system vendor shall be responsible for all RTU systems, subsystems, and interfacing the proposed ATS and generator equipment and its signals with the RTU and the Owner's central SCADA system. Provide programming modifications for the new I/O points to be added to the existing RTU and SCADA HMI.

F. Approved I&C Contractors shall be limited to the following vendors:
   1. CC Controls
   2. Champion Controls
   3. Revere Controls
   4. No equal

G. Refer to Drawings. Drawings include additional work not contained herein.

H. All programming of the existing PLC and RTU at the lift station, and all the programming and configuration of the Owner's existing SCADA HMI shall be provided by the I&C Contractor. The I&C Contractor shall provide all drivers and PLC firmware updates as needed to allow for the existing PLC to interface with the new I/O signals for a complete and functional system.

I. All programming of the existing plant SCADA and existing main central RTU and its configuration efforts shall be provided by the I&C Contractor. This shall include the programming software and programming key shall be provided by the Contractor.

J. Provide any and all equipment and modules as may be required to implement the requirements as indicated on the drawings or as notes in the specifications.

K. Unit shall work with Owner's existing wastewater system. All hardware, software and configuration to work the Owner's central station, and SCADA shall be implemented to match the Owner's current standards for the equipment status and alarm graphics, colors, and HMI page layouts in general; the Contractor shall be responsible to provide its own software key for programming the PLC and the SCADA HMI as may be required. Include all labor and material for a complete, functional and working system.

1.02 RTU SYSTEM

A. RTU shall be based on the existing serial modem radio currently in use at this RTU by the Village of Palm Springs. Reuse modem radio.

1.03 RELATED WORK SPECIFIED ELSEWHERE

A. Section 16050 – Electrical General Provisions

B. Section 16960 – SCADA System.

1.04 SUBMITTALS

A. Submittals for approval shall be provided for any and all materials. No materials shall be used without approval from the Engineer.

B. Refer to the General Requirements for documentation of Shop Drawings and O&M Manuals.

1.05 WARRANTY

A. The Contractor shall warrant all equipment for a period of one (1) year from the date of Owner acceptance of the system.

PART 2 PRODUCTS

2.01 GENERAL

A. Radio telemetry system shall properly integrate with the existing central terminal unit. Reuse existing radio telemetry system.

2.02 POWER SUPPLY

A. Reuse existing power supply.

2.03 PLC SYSTEM AND I/O EXPANSION CARDS

A. Digital Input

1. Provide a CompactLogix AB 1400 DI compatible I/O expansion card with at least 16 inputs, or as required per the drawings.

B. Digital Output (not needed/existing)

C. Analog Input (not needed/existing)

D. Analog Output Module (not needed)

E. PLC System (existing)

1. Existing PLC is an Allen Bradley MicroLogix AB1400 model PLC System.

2. The PLC programming shall be provided by I&C Contractor as stated earlier in this specification.

2.04 RTU

A. Reuse existing radio and RF radio antenna system.

PART 3 EXECUTION

3.01 CONSTRUCTION

A. Provide modifications to existing system in accordance with manufacturer's equipment and instruction.

3.02 REQUIRED NEW I/O

A. Refer to the drawings for additional information; provide and receive all I/O indicated, as a minimum provide the following new I/O.

Hard wired I/O (To SCADA via PLC/Radio Telemetry):

1. ATS switch normal power position
2. ATS switch emergency power position
3. Generator Running status
4. Generator General Alarm status
5. Generator Fail to start status
6. Generator Low coolant status
7. Generator Low fuel status

B. Refer to other specifications; existing RTU I/O shall remain intact and available to SCADA.

C. Review the drawings and provide I/O as may be required, including modifications to the existing panel with fuses, terminals, relays, and the like.

3.03 PROGRAMMING

A. All PLC/RTU programming shall be provided by I&C Contractor;

B. Refer to other specs for the configuration of the ATS and generator.

C. Programming of the Owner's SCADA computer shall be provided by the I&C contractor under Section 16960 - SCADA System.

3.04 DOCUMENTATION

A. Reports shall be included in the O&M manuals reflecting radio performance and final corrections.

B. Detailed wiring diagrams shall be provided and include descriptions of all I/O.

3.05 TESTING

A. All elements of the radio telemetry system installation shall be checked in the presence of the Engineer and to his satisfaction. The I&C Contractor

shall provide instrument technicians for the purposes of startup and testing.

B The I&C Contractor shall provide 4 hours for programming adjustments as required.

END OF SECTION

SECTION 16960

SCADA SYSTEM

1 GENERAL

1.01 GENERAL REQUIREMENTS

A. Contractor Responsibilities

1. Install and configure all hardware, including adding a discrete signal I/O PLC card compatible with the existing AB MicroLogix 1400 PLC, see the drawings and refer to other specification sections.

2. Test and demonstrate all hardware via the necessary programming for a fully functional SCADA HMI system. All new I/O points being added for the proposed ATS and Generator shall match the HMI colors, graphic types, status and alarm page formats of other similar existing equipment on the Owner's SCADA system.

3. Provide assistance during testing and demonstration of hardware, as may be required.

4. Provide PLC/RTU radio, and SCADA programming to add to the existing PLC/RTU and SCADA status points and alarms the proposed new signals for the generator and the ATS equipment. Refer to the drawings for the list of status discrete inputs to be added to the PLC/RTU. The programming shall be carried out by the I&C Contractor. Such new programming and sub-routines added to the PLC and SCADA shall not impact or affect in a negative way the existing programming of the Kudza lift station equipment and the way the HMI SCADA represents the existing equipment.

5. The new I/O being added to the PLC program and SCADA HMI shall match the existing status colors, alarm format and graphics as it is currently being used for the existing equipment at the Kudza lift station and at the plant SCADA system. The new points, screen and HMI graphics being created shall match the same format as the existing equipment being monitored by the existing PLC/RTU and SCADA.

6. The I&C Contractor shall provide programming software, and provide the software key as required to program the PLC and the SCADA systems.

7. Provide coordination with the Owner's staff to implement the configuration of the proposed equipment, in particular the programming/configuration of the ATS switch and its weekly or monthly exerciser.

8. The Contractor shall provide an additional 8 hours of troubleshooting and programming, after the startup and testing phase to implement any configuration change or tweak needed to make desired adjustments as directed by the Owner and its staff.

9. Provide training on the proper use and maintenance of the equipment, including any minor adjustments to the signals being monitored.

B. Owner's Responsibilities

The Owner shall provide feedback and review comments on any of the PLC/RTU and SCADA programming.

PROJECT REQUEST FORM

TASK # 317

Project Name: Kudza Lift Station Emergency Backup Generator
Department: Utilities
Location: 2011 Kudza Rd. (Kudza Lift Station)
Project Manager: Andrew Klausner
Plan Date: 2/13/23
Date Approved: 2/13/23

DESCRIPTION / JUSTIFICATION:

The Utility Department has identified the need for an emergency backup generator to ensure the continuous operation of this critical sewer lift station during power outages.

PROJECT EXPENDITURES / FUNDING SOURCES:

PROJECT COSTS:	FY 23	FY 24	FY 25	FY 26	FY 27	FY 28	TOTAL

Village of Palm Springs

Executive Brief

AGENDA DATE: April 11, 2024

DEPARTMENT: Utilities

ITEM #13: Approve Surficial Wellfield No. 12 Rehabilitation (Task Order No. 332) – Work Authorization No. CDU-U01 - Utilities Department (FY 2024 - Water & Sewer Enterprise Fund) - Centerline Drilling, Inc.

Summary: The Utilities Department plans to rehabilitate existing Surficial Well No. 12 to provide additional flow and pressure to the Main Water Treatment Plant (WTP), meet regulatory requirements, and improve the reliability and redundancy and to provide a firm capacity of raw groundwater to the Main Water Treatment Plant. The proposed cost to complete this rehabilitation is $59,801.28.

Note: To ensure the lowest possible price, Village staff are recommending piggybacking the Town of Jupiter's current contract for Surficial Wellfield Rehabilitation. This selection by the Town of Jupiter was completed through a competitive selection process - Surficial Wellfield Rehabilitation Program - (ITB No. W2412 - January 9,2024). The Village will accept Centerline Drilling, Inc.'s pricing approved under the Town of Jupiter's contract including all terms, conditions, and pricing therein. The term of the proposed agreement would expire on January 9, 2025, and may be renewed for two (2) additional one (1) year terms.

The Village's Purchasing Code, Section 58-9, Accessing Contracts of Other Government Agencies, provides that the Village may award a contract by piggybacking or accessing the goods and/or services from any State of Florida contract; contracts of any Florida political 38 subdivision; or from any other governmental entity (other than the Federal government); provided that the same or substantially similar goods and/or services were competitively solicited.

The proposed Agreement was prepared by the Village Attorney and reviewed by the Utilities Director, Assistant Utilities Director, Village Project Manager, and the Finance Director.

The Village has previously worked with the proposed vendor and has received excellent service and a quality product.

FISCAL IMPACT:
Funding to support purchases under this proposed agreement is available within the FY 2024 Budget - Water & Sewer Enterprise Fund.

The Village will not expend more than the amount in the approved Budget as it may be adopted/amended each year for those goods and services over the term of this contract.

ATTACHMENTS:
1. Proposed Work Authorization - Centerline Drilling, Inc.

2. Proposed Agreement - Centerline Drilling, Inc.
3. Well No. 12 Rehabilitation Plan
4. Fiscal Impact
5. Town of Jupiter Executed Agreement - Centerline Drilling, Inc.

PROJECT WORK AUTHORIZATION NO. CD-U01 WITH CENTERLINE DRILLING FOR SURFICIAL AQUIFER WELL REHABILITATION

This Project Work Authorization No. CD-U01 is made as of the _____ day of _____, 2024, by and between the **Village of Palm Springs**, 226 Cypress Lane, Palm Springs, Florida 33461-1699, a municipal corporation organized and existing under the laws of the State of Florida, hereinafter referred to as the "Village", and **Centerline Drilling, Inc.**, 1696 Old Okeechobee Road, West Palm Beach, FL 33409, a corporation authorized to do business in the State of Florida, hereinafter referred to as the "Contractor".

1.0 Project Description:

The Public Service Department has identified a need to rehabilitate potable water supply wells within the Village utility system.

The Village desires the Contractor to provide rehabilitation of the following wells:

1. Well No. 12.

2.0 Scope

Under this Project Work Authorization, the Contractor will provide the construction services to the Village as detailed in the **Contractor's proposal attached hereto and incorporated herein as Exhibit "A"**.

3.0 Schedule

The services to be provided under this Project Work Authorization shall be completed within sixty (60) calendar days from the Village's issuance of a Notice to Proceed.

4.0 Compensation

This Project Work Authorization is issued for a not to exceed price in the amount of $59,801.28. The attached proposal identifies all costs and expenses included in the not to exceed amount.

5.0 Authorization

This Project Work Authorization is issued pursuant to the Agreement for surficial aquifer well rehabilitation between the Village and the Contractor, dated March 19, 2024. If there are any conflicts between the terms and conditions of this Project Work Authorization and the Agreement, the terms and conditions of the Agreement shall prevail.

THE REST OF THIS PAGE IS LEFT INTENTIONALLY BLANK

IN WITNESS WHEREOF, the Village and Contractor have caused this Project Work Authorization No. 1 to be executed the day and year shown above.

AGREEMENT FOR GOODS AND SERVICES
(Surficial Wellfield Rehabilitation)

This Agreement for Goods and Services ("Agreement") is made as of the _____ day of _____, 2024, by and between the **Village of Palm Springs**, 226 Cypress Lane, Palm Springs, Florida 33461-1699, a Florida municipal corporation ("VILLAGE"), and **Centerline Drilling, Inc.**, a Florida corporation, 1696 Old Okeechobee Road, 3C, West Palm Beach, FL 33409 ("VENDOR").

RECITALS

WHEREAS, the VILLAGE's Utilities Department is in need of assistance in surficial wellfield rehabilitation services for surficial wellfields; and,

WHEREAS, the Town of Jupiter, through its competitive selection process on **March 19, 2024,** awarded a Surficial Wellfield Rehabilitation Program contract ("Jupiter Contract") to the VENDOR for substantially the same goods and services sought by the VILLAGE; and,

WHEREAS, the VILLAGE has reviewed the terms of the Jupiter Contract and has determined the VENDOR's rates set forth therein for the needed goods and services are fair and reasonable; and,

WHEREAS, the VILLAGE requested and the VENDOR has agreed to extend the terms of the Jupiter Contract to the VILLAGE and the VENDOR has executed this Agreement with the VILLAGE to utilize the terms of the Jupiter Contract; and,

WHEREAS, the VILLAGE finds that entering into this Agreement is in compliance with the VILLAGE's Purchasing Code and serves a valid public purpose.

NOW THEREFORE, in consideration of the mutual promises set forth herein, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Recitals. The parties agree that the recitals set forth above are true and correct and are fully incorporated herein by reference.

2. Jupiter Contract, Effective Date, and Term. The Jupiter Contract with the VENDOR is hereby expressly made a part of this Agreement as fully as if set forth at length herein. The VILLAGE shall have all rights, obligations, and remedies authorized to Jupiter under the Jupiter Contract. The effective date of this Agreement is the date this Agreement is approved by the Village Council. Unless earlier terminated, the term of this Agreement shall be the same as the current Jupiter Contract, which is currently in effect until **March 19, 2025**. Each year of this Agreement shall be dependent on the annual appropriation of funds by the VILLAGE's Village Council.

3. Purchase Order(s). The VILLAGE does not guarantee that it will utilize this Agreement or the VENDOR for any needed goods and services hereunder. If the Village seeks goods and services from the VENDOR under this Agreement, the VILLAGE's ordering mechanism for the goods and services shall be a VILLAGE issued Purchase Order. The scope of goods and services to be provided by the VENDOR and the compensation to be paid by the VILLAGE to the VENDOR shall be set forth in each VILLAGE issued Purchase Order. The VENDOR shall not provide any goods or services under this Agreement without a VILLAGE issued Purchase Order specifically for this purpose. The VENDOR shall not provide any goods or services which are outside the scope of an issued Purchase Order and the VENDOR shall not exceed the expressed amounts stated in the Purchase Order to be paid to the VENDOR. The pricing in each Purchase Order shall be consistent with the pricing set forth in the Jupiter Contract.

4. Documents and Conflict of Terms and Conditions. The complete agreement between the VILLAGE and the VENDOR consists of the terms and conditions in this Agreement, VILLAGE issued Purchase Orders, and the Jupiter Contract. The aforementioned documents are intended to be complementary and interpreted in harmony so as to avoid conflict with the words and phrases interpreted in a manner consistent with construction and design industry standards. In the event of any inconsistency, conflict or ambiguity between or among the above documents, the terms and conditions of this Agreement shall take precedence with any VILLAGE issued purchase order(s) next taking precedence.

5. Miscellaneous Provisions.

5.1 *Successors and Assigns*. The VILLAGE and VENDOR each binds itself, its partners, its successors, assigns and legal representatives to the other party hereto, its partners, successors, assigns and legal representatives in respect of all covenants, agreements and obligations contained in this Agreement.

5.2 *Insurance*. VENDOR shall maintain the insurance as required in Jupiter Contract applicable to the goods and services being delivered hereunder. Said insurance will name the "Village of Palm Springs, its officials, employees and agents" as an additional insured.

5.3 *Headings, References and Exhibits*. The headings contained in this Agreement are inserted for convenience of reference only and shall not be a part or control or affect the meaning hereof. All references herein to Exhibits are to the exhibits hereto, each of which shall be incorporated into and deemed to be a part of this Agreement.

5.4 *Counterparts*. This Agreement may be executed in two or more counterparts, each of which shall be deemed to be an original, but all of which shall be deemed to be an original, but each of which together shall constitute one and the same instrument.

5.5 *Entire Agreement; Amendment*. This Agreement supersedes any and all prior negotiations and oral or written agreements heretofore made relating to the subject matter hereof and, except for written agreements, if any, executed and delivered simultaneously with or subsequent to the date of this Agreement, constitutes the entire agreement of the parties relating to the subject matter hereof. This Agreement may not be altered or amended except by a writing signed by the parties hereto.

5.6 *Lien Rights*. The VENDOR shall have no lien rights regarding any property owned by the VILLAGE or otherwise.

5.7 *Governing Law; Consent to Jurisdiction*. This Agreement shall be governed by and construed and interpreted in accordance with the laws of the State of Florida. Each of the parties hereto (a) irrevocably submit itself to the exclusive jurisdiction of the Fifteenth Judicial Circuit Court in and for Palm Beach County, Florida, for state actions and jurisdiction of the United States District Court for the Southern District of Florida, Palm Beach Division, for the purposes of any suit, action or other proceeding arising out of, or relating to, this Agreement; (b) waives and agrees not to assert against any party hereto, by way of motion, as a defense of otherwise, in any suit, action or other proceeding, any claim that it is not personally subject to the jurisdiction of the above-named courts for any reason whatsoever; and (ii) to the extent permitted by applicable law, any claim that such suit, action or proceeding by any part hereto is brought in an inconvenient forum or that the venue of such suit, action or proceeding is improper or that this Agreement or the subject matter hereof may not be enforced in or by such courts.

5.8 *Third Party Beneficiary rights*. This Agreement shall create no rights or claims whatsoever in any person other than a party herein.

5.9 *Severability*. If any one or more of the provisions of the Agreement shall be held to be invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions hereof shall not in any way be affected or impaired thereby.

5.10 *Public Records*. VENDOR shall comply with Florida's Public Records Act, Chapter 119, Florida Statutes, and, if determined to be acting on behalf of the VILLAGE as provided under section 119.011(2), Florida Statutes, specifically agrees to:

(1) Keep and maintain public records required by the VILLAGE to perform the service.
(2) Upon request from the VILLAGE's custodian of public records or designee, provide the VILLAGE with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.
(3) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of this Agreement and following completion of this Agreement if the VENDOR does not transfer the records to the VILLAGE.
(4) Upon completion of this Agreement, transfer, at no cost, to the VILLAGE all public records in possession of the VENDOR or keep and maintain public records required by the VILLAGE to perform the service. If the VENDOR transfers all public records to the VILLAGE upon completion of the Agreement, the VENDOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the VENDOR keeps and maintains public records upon completion of the Agreement, the VENDOR shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the VILLAGE, upon request from the VILLAGE's custodian of public records or designee, in a format that is compatible with the information technology systems of the VILLAGE.

IF THE VENDOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE VENDOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS OR DESIGNEE AT 561-584-8200, Ext. 8431, kwynn@vpsfl.org, OR BY MAIL AT VILLAGE OF PALM SPRINGS, 226 CYPRESS LANE, PALM SPRINGS, FL 33461.

5.11 *Preparation*. This Agreement shall not be construed more strongly against either party regardless of who was more responsible for its preparation.

5.12 *Palm Beach County IG*. In accordance with Palm Beach County ordinance number 2011-009, the VENDOR acknowledges that this Agreement may be subject to investigation and/or audit by the Palm Beach County Inspector General. The VENDOR has reviewed Palm Beach County ordinance number 2011-009 and is aware of its rights and/or obligations under such ordinance.

5.13 *Notices*. All notices required in this Agreement shall be hand-delivered, sent by certified mail, return receipt requested, or by over-night delivery by a nationally recognized courier (with receipt of delivery) to the addresses appearing on the first page of this Agreement.

5.14 *Taxes*. The VILLAGE is exempt from payment of Florida State Sales and Use Tax. The VENDOR shall not be exempted from paying sales tax to its suppliers for materials used to fill contractual obligations

with the VILLAGE, nor is the VENDOR authorized to use the VILLAGE'S Tax Exemption Number in securing such materials.

5.15 *No Consequential Damages*. Notwithstanding any other provision in this Agreement, in no event shall either party be liable to the other party for any incidental, special, indirect, liquidated, consequential, or punitive damages arising out of or related to this Agreement, whether such alleged damages are labeled in tort, contract, or otherwise, and even if a party has been advised of the possibility of such damages.

5.16 *Execution/Delivery*. This Agreement may be executed in one or more counterparts, each of which shall be deemed to be an original and such counterparts will constitute one and the same instrument. The parties agree to accept the execution and delivery of this Agreement by electronic means and shall treat the same as an original.

5.17 *Authorized Signatory*. By signing this Agreement, the undersigned individual agrees and warrants that he/she is authorized by the VENDOR to enter this Agreement and bind the VENDOR to this Agreement.

6. Public Entity Crimes, E-Verify, and Scrutinized Companies.

6.1 As provided in Sections 287.132-133, Florida Statutes, as amended from time to time, by entering into the Agreement, VENDOR certifies that it, its affiliates, suppliers, subcontractors and any other contractors who will perform hereunder, have not been placed on the convicted vendor list maintained by the State of Florida Department of Management Services within the thirty-six (36) months immediately preceding the date hereof.

6.2 If applicable to the VENDOR, pursuant to Section 448.095(5), Florida Statutes, the VENDOR, and any subcontractor thereof, shall register with and use the E-Verify system to verify the work authorization status of all new employees of the contractor and the subcontractor.

6.3 As provided in Section 287.135, Florida Statutes, as amended from time to time, by entering into the Agreement, VENDOR certifies that it is not participating in a boycott of Israel. The VILLAGE and VENDOR agree that the VILLAGE will have the right to terminate the Agreement if VENDOR is found to have been placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel.

7. Fiscal Non-funding. In the event sufficient budgeted funds are not available for a new fiscal period, the VILLAGE shall notify the VENDOR of such occurrence and this Agreement shall terminate on the last day of the current fiscal period without penalty or expense to the VILLAGE. The VENDOR will be paid for all services rendered through the date of termination.

Village of Palm Springs

Executive Brief

AGENDA DATE: April 11, 2024

DEPARTMENT: Parks & Recreation

ITEM #14: Approve Existing Playground Surfacing Removal and New Pour In Place Surfacing Installation Contract Award (Task Order #345)- Cooperative Purchase- Parks and Recreation Department (FY 2024 Funded - General Fund) – Playcore Wisconsin, Inc. dba GameTime.

SUMMARY: The removal of the existing surfacing at the Foxtail Palm Park playground, as well as the installation of a new pour in place surfacing are necessary in order to provide a safer environment for residents utilizing the play area. The cost for the demolition and preparatory foundation work ($114,737.50) was previously approved by the Council as part of the 2023-2024 Parks and Recreation budget.

If approved, the Village would accept Playcore Wisconsin, Inc. d/b/a Gametime's pricing through a cooperative purchasing agreement off the Omnia Partners Contract with City of Charlotte (RFP #269-2017-0281; Playground Equipment, Outdoor Fitness Equipment, Surfacing, Site Accessories and Related Products and Services) including all terms, conditions, and pricing therein.

The Village's Purchasing Code, Section 58-8: The village may participate in, sponsor, conduct, or administer a cooperative purchasing agreement for purchasing. Such cooperative purchasing may include, but is not limited to, joint or multi-party contracts between government entities. Purchases through a cooperative purchasing agreement are exempt from the competitive selection purchase requirements set forth in this purchasing code. The council must approve all village purchases from a cooperative purchasing agreement which are anticipated to have a total value of more than $35,000.00

If approved, the proposed removal of the existing playground surfacing and installation of the new pour in place surfacing would be completed within 90 days following the Receipt of Purchase Order by the Village.

The proposed agreement was prepared by the Village Attorney and reviewed by the Parks and Recreation Director, Public Works Director, the Public Service Project Manager, the Assistant Village Manager, and the Finance Director.

The Village has worked with the vendor previously and has received excellent service and quality products.

FISCAL IMPACT:
FY 2024 Approved Budget - General Fund – Foxtail Palm Park Improvements - $115,000

Estimated/Actual Project Costs:

Amount Proposed Project Cost – Playground Surfacing Removal and Installation $114,737.50

ATTACHMENTS:

1. Original Omnia Partners Gametime Contract with City of Charlotte
2. Amendment in Contract for Extension along with 2024 Master List Prices
3. Quote for Foxtail playground re-surfacing

STATE OF NORTH CAROLINA
COUNTY OF MECKLENBURG

CONTRACT TO PROVIDE
PLAYGROUND AND OUTDOOR FITNESS EQUIPMENT, SITE ACCESSORIES, SURFACING, AND RELATED PRODUCTS AND SERVICES

This Contract (the "Contract") is entered into as of this 1st day of July 2017 (the "Effective Date"), by and between Playcore Wisconsin, Inc. d/b/a GameTime, a corporation doing business in North Carolina (the "Company"), and the City of Charlotte, a North Carolina municipal corporation (the "City").

RECITALS

WHEREAS, the City issued a Request For Proposals (RFP #269-2017-028) for Playground Equipment, Outdoor Fitness Equipment, Surfacing, Site Accessories and Related Products and Services dated January 25, 2017. This Request for Proposals together with all attachments and addenda, is referred to herein as the "RFP"; and

WHEREAS, the Company submitted a Proposal in response to RFP #269-2017-028 on March 16, 2017. This Proposal, together with all attachments and separately sealed confidential trade secrets, is referred to herein as the "Proposal" and is incorporated into this Contract by reference.

WHEREAS, the City awarded this Contract on May 8, 2017 to Company to provide Playground Equipment, Outdoor Fitness Equipment, Surfacing, Site Accessories and Related Products and Services to the City all in accordance with the terms and conditions set forth herein.

WHEREAS, the City of Charlotte, on behalf of itself and all states, local governments, school districts, and higher education institutions in the United States of America, and other government agencies and nonprofit organizations (herein "Participating Public Agencies"), competitively solicited and awarded the Contract to the Company. The City has designated U.S. Communities as the administrative and marketing conduit for the distribution of the Contract to Participating Public Agencies.

The City is acting as the "Contracting Agent" for the Participating Public Agencies, and shall not be liable or responsible for any costs, damages, liability or other obligations incurred by the Participating Public Agencies. The Company (including its subsidiaries) shall deal directly with each Participating Public Agency concerning the placement of orders, issuance of purchase orders, contractual disputes, invoicing, payment and all other matters relating or referring to such Participating Public Agency's access to the Contract.

Each Participating Public Agency enters into a Master Intergovernmental Cooperative Purchasing Agreement (MICPA) outlining the terms and conditions that allow access to the Lead Public Agencies' Master Agreements. Under the terms of the MICPA, the procurement by the Participating Public Agency shall be construed to be in accordance with, and governed by, the laws of the state in which the Participating Public Agency resides.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and in further consideration of the covenants and representations contained herein, the parties agree as follows:

CONTRACT

1. EXHIBITS.

The Exhibits below are hereby incorporated into and made a part of this Contract. In interpreting this Contract and resolving any ambiguities, the main body of this Contract will take precedence over the Exhibits, and any inconsistency between the Exhibits will be resolved in the order in which the Exhibits appear below. Each reference to GameTime in the Exhibits and Appendices shall be deemed to mean the Company.

EXHIBIT A:	Discount Schedule, Price Lists, and Incentives
EXHIBIT B:	Installation Fees
EXHIBIT C:	National Network of Distributors and Installers
EXHIBIT D:	Freight Rate Schedules
EXHIBIT E:	Product Warranties
EXHIBIT F:	Scope of Work
EXHIBIT G:	U.S. Communities Administrative Agreement

2. DEFINITIONS.

As used in this Contract, the following terms shall have the meanings set forth below:

Acceptance:	Refers to receipt and approval by the City of a Deliverable or Service in accordance with the acceptance process and criteria in this Contract.
Affiliates:	Refers to all departments or units of the City and all other governmental units, boards, committees or municipalities for which the City processes data or performs Services.
Biodegradable:	Refers to the ability of an item to be decomposed by bacteria or other living organisms.
Charlotte Business Inclusion (CBI):	Refers to the Charlotte Business Inclusion office of the City of Charlotte.
Charlotte Combined Statistical Area (CSA):	Refers to the Charlotte-Gastonia-Salisbury Combined Statistical Area consisting of; (a) the North Carolina counties of Anson, Cabarrus, Cleveland, Gaston, Iredell, Lincoln, Mecklenburg, Rowan, Stanly, and Union; and (b) the South Carolina counties of Chester, Lancaster, and York; a criteria used by Charlotte Business INClusion to determine eligibility to participate in the program.
City:	Refers to the City of Charlotte, North Carolina.
Company:	Refers to a company that has been selected by the City to provide the Products and Services of this Contract.
Company Project Manager:	Refers to a specified Company employee representing the best interests of the Company for this Contract.
Contract:	Refers to a written agreement executed by the City and Company for all or part of the Services.

Deliverables:	Refers to all tasks, reports, information, designs, plans, and other items that the Company is required to deliver to the City in connection with the Contract.
Documentation:	Refers to all written, electronic, or recorded works that describe the use, functions, features, or purpose of the Deliverables or Services or any component thereof, and which are provided to the City by the Company or its subcontractors, including without limitation all end user manuals, training manuals, guides, program listings, data models, flow charts, and logic diagrams.
Environmentally Preferable Products:	Refers to Products that have a lesser or reduced effect on human health and the environment when compared with competing Products that serves the same purpose. This comparison may consider raw materials acquisition, production, manufacturing, packaging, distribution, reuse, operation, maintenance, or disposal of the product.
Lead Public Agency:	Refers to the City of Charlotte, North Carolina.
Master Agreement:	Refers to the Agreement that is made available by the Lead Public Agency after the successful completion of the competitive solicitation and selection process, wherein Participating Public Agencies may utilize the agreement to purchase Products and Services.
Minority Business Enterprise/MBE:	Refers to a business enterprise that: (a) is certified by the State of North Carolina as a Historically Underutilized Business (HUB) within the meaning of N.C. Gen. Stat. § 143-128.4; (b) is at least fifty-one percent (51%) owned by one or more persons who are members of one of the following groups: African American or Black, Hispanic, Asian, Native American or American Indian; and (c) is headquartered in the Charlotte Combined Statistical Area.
MWSBE:	Refers to SBEs, MBEs and WBEs, collectively.
Participating Public Agency:	Refers to all states, local governments, school districts, and higher education institutions in the United States of American, and other governmental agencies and nonprofit organizations that elect to purchase Products and Services under the Master Agreement.
Products:	Refers to all Products that the Company agrees to provide to the City as part this Contract.
Services:	Refers to the Playground Equipment, Outdoor Fitness Equipment, Surfacing, Site Accessories and Related Products and Services as requested in this RFP.

Specifications and Requirements:	Refers to all definitions, descriptions, requirements, criteria, warranties, and performance standards relating to the Deliverables and Services that are set forth or referenced in: (i) this RFP, including any addenda; (ii) the Documentation; and (iii) any functional and/or technical specifications that are published or provided by the Company or its licensors or suppliers from time to time with respect to all or any part of the Deliverables or Services.

3. **TERM**. The initial term of this Contract will be for five (5) years from the Effective Date with an option to renew for two (2) additional two-year terms. This Contract may be extended only by a written amendment to the contract signed by both parties.

4. **AGREEMENT TO PROVIDE PRODUCTS AND SERVICES.**

4.1 The Company shall provide the Products and Services in accordance with the terms and conditions set forth in this Contract and the attached Exhibits when ordered from time to time by the City. Except as set forth Exhibit A, the prices set forth in Exhibit A constitute all charges payable by the City for the Products and Services, and all labor, materials, equipment, transportation, facilities, storage, information technology, permits, and licenses necessary for the Company to provide the Products and Services. The Company shall perform any Services for the City on site at the City's facilities in Charlotte, North Carolina, except as otherwise stated in this Contract or agreed in writing by the City.

4.2 Placement of Orders: All orders will be placed by personnel designated by the City on an as needed basis for the quantity required at the time during the term of the Contract.

5. **OPTIONAL PRODUCTS AND SERVICES:** The City may in its discretion purchase from the Company optional Products and Services beyond what is called for in the Specifications, provided that such purchase does not create unfairness so as to defeat the purpose of the bid statutes, and provided the City is authorized by law to make such purchases without a formal bid process.

6. **DOCUMENTATION:** the Company will provide for all products purchased under this contract written or electronic documentation that is complete and accurate, and sufficient to enable City employees with ordinary skills and experience to utilize such products for the purpose for which the City is acquiring them.

7. **COMPENSATION.** The City shall pay the company for the products and services delivered in compliance with the specifications at the prices set forth in Exhibit A. This amount constitutes the maximum fees and charges payable to the company in the aggregate under this contract and will not be increased except by a written amendment duly executed by both parties in compliance with the price adjustment provisions set forth in Exhibit c. The company shall not be entitled to charge the City any prices, fees or other amounts that are not listed in Exhibit A.

8. **PRICE ADJUSTMENT.**

8.1 The price(s) stated in this Contract shall remain firm through December 31, 2017. Company may request price increases in writing, in accordance with the following terms:

8.1.1 Price increases shall only be allowed when justified in the City's sole discretion based on legitimate, bona fide increases in the cost of materials. No adjustment shall be made to compensate the Company for inefficiency in operation, increase in labor costs, or for additional profit.

8.1.2 To obtain approval for a price increase, the Company shall submit a written request at least sixty (60) days prior to each calendar year during the term of the contract. All requests must be submitted to the Procurement Management Division representative, at the address listed below, together with written documentation sufficient to demonstrate that the increase is necessary based on a legitimate increase in the cost of materials. The request must state and fully justify the proposed price increase per unit over the price originally proposed.

City of Charlotte
M&FS Finance Office / Procurement Management
600 East Fourth Street
Charlotte, NC 28202

8.1.3 No proposed price increase shall be valid unless accepted by the City in writing. The City may approve such price increase for the remaining term of the Contract or for a shorter specified period, in the City's sole discretion. If the City rejects such price increase, the Company shall continue performance of the Contract.

8.1.4 If the City approves a price increase pursuant to this Section and the market factors justifying the increase shift so that the increase is no longer justified, the City shall have the right to terminate the price increase and revert back to the prices that were in effect immediately prior to the increase. The Company shall notify the City in writing if the market factors on which the City granted the increase change such that the City's reasons for granting the increase longer apply.

8.2 If the Company's unit prices for any Products and/or Services should decrease, the Company shall provide the affected Products and/or Services at the lower discounted price. The Company will provide the City with prompt written notice of all decreases in unit prices.

8.3 If a Product becomes unavailable, or if a new Product becomes available, the Company promptly will send the City a proposed revised version of Exhibit A. The City reserves the right to add or delete items to this Contract if particular items should become discontinued or an upgraded item becomes available to the industry market. Any new or replacement items added may be subject to bid statute requirements. The City may also delete radio and communication equipment items included in this Contract if items are no longer needed or no longer issued as part of radios and communication equipment. At no additional cost to the City, the Company may substitute any Product or Service to be provided by the Company, if the substitute meets or exceeds the Specifications, is compatible with the City's operating environment and is of equivalent or better quality to the City. Any substitution will be reflected in a written signed change order.

9. **BILLING**. Each invoice sent by the Company shall include all reports, information and data required by this Contract (including the Exhibits) necessary to entitle the Company to the requested payment. The Company shall send one (1) copy only of each invoice using one of the following options:

Option 1 – E-mail one copy of each invoice to cocap@charlottenc.gov . Company shall not mail invoices that have been sent via e-mail.

Option 2 – Mail one copy of each invoice to:

City of Charlotte Accounts Payable
PO Box 37979
Charlotte, NC 28237-7979
Attn: (Insert Department)

The City is not tax exempt from sales tax. The Company shall include all applicable State and County sales taxes on the invoice and not combined with the cost of the goods.

Payment of invoices shall be due within thirty (30) days after the City has received all of the following: (a) an accurate, properly submitted invoice, (b) all reports due for the month covered by the invoice; and (c) any other information reasonably requested by the City to verify the charges contained in the invoice. Invoices must include state and local sales tax.

10. CONTRACT MONITORING: The City shall have the right to audit the Company's compliance with the terms and conditions of the Contract at such times as the City deems appropriate. Unless the City elects to terminate the Contract, the Company shall develop a written action plan to correct any Contract deficiency identified during these compliance audits, and shall submit such plan to the City within thirty (30) days of notification of non-compliance.

11. REPORTING: The Company shall provide such written reports of purchasing and expenditures as may be requested by the City from time to time, including without limitation any reports described in the Specifications.

12. AUDIT: During the term of the Contract and for a period of three (3) years after termination or expiration of this Contract for any reason, the City shall have the right to audit, either itself or through a third party, all books and records (including but not limited to the technical records) and facilities of the Company necessary to evaluate Company's compliance with the terms and conditions of the Contract or the City's payment obligations. The City shall pay its own expenses, relating to such audits, but shall not have to pay any expenses or additional costs of the Company. However, if non-compliance is found that would have cost the City in excess of $5,000 but for the audit, then the Company shall be required to reimburse the City for the cost of the audit.

13. **GENERAL WARRANTIES**. Company represents and warrants that:

13.1 It is a corporation duly incorporated, validly existing and in good standing under the laws of the state of Alabama, and is qualified to do business in North Carolina;

13.2 It has all the requisite corporate power and authority to execute, deliver and perform its obligations under this Contract;

13.3 The execution, delivery, and performance of this Contract have been duly authorized by Company;

13.4 No approval, authorization or consent of any governmental or regulatory authority is required to be obtained or made by it in order for it to enter into and perform its obligations under this Contract;

13.5 In connection with its obligations under this Contract, it shall comply with all applicable federal, state and local laws and regulations and shall obtain all applicable permits and licenses; and

13.6 The Company shall not violate any agreement with any third party by entering into or performing this Contract.

14. ADDITIONAL REPRESENTATIONS AND WARRANTIES. Company represents warrants and covenants that:

14.1 The Products and Services shall comply with all requirements set forth in this Contract, including but not limited to the attached Exhibits;

14.2 All work performed by the Company and/or its subcontractors pursuant to this Contract shall meet industry accepted standards, and shall be performed in a professional and workmanlike manner by staff with the necessary skills, experience and knowledge;

14.3 Neither the Services, nor any Products provided by the Company under this Contract will infringe or misappropriate any patent, copyright, trademark or trade secret rights of any third party; and

14.4 The Company and each of its subcontractors have complied and shall comply in all material respects with all applicable federal, state and local laws, regulations and guidelines relating to the performance of this Contract or to the products and services delivered hereunder, including but not limited to E-Verify, and shall obtain all applicable verifications, permits, and licenses.

15. COMPLIANCE WITH LAWS: All Products and Services delivered under this Contract shall be in compliance with all applicable federal, state and local laws, regulations and ordinances. In performing the Contract, the Company shall obtain and maintain all licenses and permits, and comply with all federal, state and local laws, regulations and ordinances.

16. DELIVERY TIME: When delivery time is requested in the RFP, (whether in the form of a specific delivery date or maximum number of days for delivery) time is of the essence. The Company's Bid shall be deemed a binding commitment of the Company to meet the delivery time stated herein unless the Bid specifically takes exception. If such delivery time is not met, the City shall be entitled to terminate the Contract immediately for default and/or exercise any other remedies available at law or in equity.

17. QUALITY. Unless this Contract specifically states otherwise for a particular item, all components used to manufacture or construct any supplies, materials or equipment or Products provided under this Contract shall be: (a) new; (b) the latest model; (c) of the best quality and highest grade workmanship; and (d) in compliance with all applicable federal, state and local laws, regulations and requirements. By "new", the City means that the item has been recently produced and has not been previously sold or used.

Whenever this Contract states that a Product or Service shall be in accordance with laws, ordinances, building codes, underwriter's codes, applicable A.S.T.M. regulations or similar expressions, the requirements of such laws, ordinances, etc., shall be construed to be minimum requirements that are in addition to any other requirements that may be stated in this Contract.

18. DESIGN AND/OR MANUFACTURER REQUIREMENT: All Products and Services shall meet the Specifications set forth in Section 4 of the RFP.

19. INSPECTION AT COMPANY'S SITE: The City reserves the right to inspect the equipment, plant, store or other facilities of the Company during the Contract term from time to time as the City deems necessary to confirm that such equipment, plant, store or other facilities conform with the Specifications and are adequate and suitable for proper and effective performance of the Contract. Such inspections shall be conducted during normal business hours and upon at least three (3) days' notice to the Company (except that a store may be inspected at any time during regular store hours without notice).

20. PREPARATION FOR DELIVERY:

20.1 Condition and Packaging. All containers/packaging shall be suitable for handling, storage or shipment, without damage to the contents. The Company shall make shipments using the minimum number of containers consistent with the requirements of safe transit, available mode of transportation routing. The Company will be responsible for confirming that packing is sufficient to assure that all the materials arrive at the correct destination in an undamaged condition ready for their intended use.

20.2 Marking. All cartons shall be clearly identified with the City purchase order number and the name of the department making the purchase. Packing lists must be affixed to each carton identifying all contents included in the carton. If more than one carton is shipped, each carton must be numbered and must state the number of that carton in relation to the total number of cartons shipped (i.e. 1 of 4, 2 of 4, etc).

20.3 Shipping. The Company shall follow all shipping instructions included in the ITB, the City's purchase order or in the Contract.

21. ACCEPTANCE OF PRODUCTS/SERVICES: The Products delivered under this Contract shall remain the property of the Company until the City physically inspects, actually uses and accepts the Products. In the event Products provided to the City do not comply with the Contract, the City shall be entitled to terminate the Contract upon written notice to the Company and return such Products (and any related goods) to the Company at the Company's expense. In the event the Services provided under this Contract do not comply with the Contract, the City reserves the right to cancel the Service and rescind any related purchase of products upon written notice to the Company. The remedies stated in this Section are in addition to and without limitation of any other remedies that the City may have under the Contract, at law or in equity.

22. GUARANTEE: Unless otherwise specified by the City, the Company unconditionally guarantees the materials and workmanship on all Products and Services. If, within the guarantee period any defects occur due to a faulty Product or Services (including without limitation a failure to comply with the Specifications), the Company at its expense, shall repair or adjust the condition, or replace the Product and/or Services to the complete satisfaction of the City. These repairs, replacements or adjustments shall be made only at such time as will be designated by the City to ensure the least impact to the operation of City business.

23. NO LIENS: All Products shall be delivered and shall remain free and clear of all liens and encumbrances.

24. MANUFACTURER OR DEALER ADVERTISEMENT: No manufacturer or dealer shall advertise on Products delivered to the City without prior approval by the City.

25. RIGHT TO COVER: If the Company fails to comply with any term or condition of the Contract or the Company's response to the ITB, the City may take any of the following actions with or without terminating the Contract, and in addition to and without limiting any other remedies it may have:

(A) Employ such means as it may deem advisable and appropriate to obtain the applicable Products and/or Services (or reasonable substitutes) from a third party; and

(B) Recover from the Company the difference between what the City paid for such Products and/or Services on the open market and the price of such Products and/or Services under the Contract or the Company's response to the ITB.

26. RIGHT TO WITHHOLD PAYMENT: If Company breaches any provision of the Contract the City shall have the right to withhold all payments due to the Company until such breach has been fully cured.

27. OTHER REMEDIES: Upon breach of the Contract, each party may seek all legal and equitable remedies to which it is entitled. The remedies set forth herein shall be deemed cumulative and not exclusive and may be exercised successively or concurrently, in addition to any other available remedy.

28. TERMINATION.

29.1 TERMINATION WITHOUT CAUSE. The City may terminate this Contract at any time without cause by giving sixty (60) days written notice to the Company. The Company may terminate this Contract at any time without cause by giving one hundred and eighty (180) days written notice to the City.

29.2 TERMINATION FOR DEFAULT BY EITHER PARTY. By giving written notice to the other party, either party may terminate this Contract upon the occurrence of one or more of the following events:

29.2.1 The other party violates or fails to perform any covenant, provision, obligation, term or condition contained in this Contract, provided that, unless otherwise stated in this Contract, such failure or violation shall not be cause for termination if both of the following conditions are satisfied: (i) such default is reasonably susceptible to cure; and (ii) the other party cures such default within thirty (30) days of receipt of written notice of default from the non-defaulting party; or

29.2.2 The other party attempts to assign, terminate or cancel this Contract contrary to the terms hereof; or

29.2.3 The other party ceases to do business as a going concern, makes an assignment for the benefit of creditors, admits in writing its inability to pay debts as they become due, files a petition in bankruptcy or has an involuntary bankruptcy petition filed against it (except in connection with a reorganization under which the business of such party is continued and performance of all its obligations under this Contract shall continue), or if a receiver, trustee or liquidator is appointed for it or any substantial part of other party's assets or properties.

Any notice of default pursuant to this Section shall identify and state the party's intent to terminate this Contract if the default is not cured within the specified period.

29.3 ADDITIONAL GROUNDS FOR DEFAULT TERMINATION BY THE CITY. By giving written notice to the Company, the City may also terminate this Contract upon the occurrence of one or more of the following events (which shall each constitute grounds for termination without a cure period and without the occurrence of any of the other events of default previously listed):

29.3.1 The Company makes or allows to be made any material written misrepresentation or provides any materially misleading written information in connection with this Contract, Company's Bid, or any covenant, agreement, obligation, term or condition contained in this Contract; or

29.3.2 The Company takes or fails to take any action which constitutes grounds for immediate termination under the terms of this Contract, including but not limited to failure to obtain or maintain the insurance policies and endorsements as required by this Contract, or failure to provide the proof of insurance as required by this Contract.

29.4 NO EFFECT ON TAXES, FEES, CHARGES, OR REPORTS. Any termination of the Contract shall not relieve the Company of the obligation to pay any fees, taxes or other charges then due to the City, nor relieve the Company of the obligation to file any daily, monthly, quarterly or annual reports covering the period to termination nor relieve the Company from any claim for damages previously accrued or then accruing against the Company.

29.5 OBLIGATIONS UPON EXPIRATION OR TERMINATION. Upon expiration or termination of this Contract, the Company shall promptly (a) return to the City all computer programs, files, documentation, data, media, related material and any other recording devices, information, or compact discs that are owned by the City; (b) provide the City with sufficient data necessary to migrate to a new vendor, or allow the City or a new vendor access to the systems, software, infrastructure, or processes of the Company that are necessary to migrate to a new vendor; and (c) refund to the City all pre-paid sums for Products or Services that have been cancelled and will not be delivered.

29.6 NO SUSPENSION. In the event that the City disputes in good faith an allegation of default by the Company, notwithstanding anything to the contrary in this Contract, the Company agrees that it will not terminate this Contract or suspend or limit the delivery of Products or Services or any warranties or repossess, disable or render unusable any Software supplied by the Company, unless (i) the parties agree in writing, or (ii) an order of a court of competent jurisdiction determines otherwise.

29.7 AUTHORITY TO TERMINATE. The City Manager or their designee is authorized to terminate this Contract on behalf of the City.

29.8 TRANSITION SERVICES UPON TERMINATION. Upon termination or expiration of this Contract, the Company shall cooperate with the City to assist with the orderly transfer of the Products, Services, functions and operations provided by the Company hereunder to another provider or to the City as determined by the City in its sole discretion. The transition services that the Company shall perform if requested by the City include but are not limited to:

29.8.1 Working with the City to jointly develop a mutually agreed upon transition services plan to facilitate the termination of the Services; and

29.8.2 Notifying all affected vendors and subcontractors of the Company of transition activities;

29.8.3 Performing the transition service plan activities;

29.8.4 Answering questions regarding the products and services on an as-needed basis; and

29.8.5 Providing such other reasonable services needed to effectuate an orderly transition to a new system.

29. NO DELAY DAMAGES: Under no circumstances shall the City be liable to the Company for any damages arising from delay, whether caused by the City or not.

30. MULTIPLE CONTRACT AWARDS. This Contract is not exclusive. The City reserves the right to award multiple contracts for the Products and Services required by this Contract if the City deems multiple Contracts to be in the City's best interest.

31. RELATIONSHIP OF THE PARTIES. The relationship of the parties established by this Contract is solely that of independent contractors, and nothing contained in this Contract shall be construed to (i) give any party the power to direct or control the day-to-day activities of the other; (ii) constitute such parties as partners, joint ventures, co-owners or otherwise as participants in a joint or common undertaking; (iii) make either party an agent of the other for any purpose whatsoever, or (iv) give either party the authority to act for, bind, or otherwise create or assume any obligation on behalf of the other. Nothing herein shall be deemed to eliminate any fiduciary duty on the part of the Company to the City that may arise under law or under the terms of this Contract.

32. INDEMNIFICATION: To the fullest extent permitted by law, the Company shall indemnify, defend and hold harmless each of the "Indemnitees" (as defined below) from and against any and all "Charges" (as defined below) paid or incurred any of them as a result of any claims, demands, lawsuits, actions, or proceedings: (i) alleging violation, misappropriation or infringement of any copyright, trademark, patent, trade secret or other proprietary rights with respect to the Work or any Products or deliverables provided to the City pursuant to this Contract ("Infringement Claims"); (ii) seeking payment for labor or materials purchased or supplied by the Company or its subcontractors in connection with this Contract; or (iii) arising from the Company's failure to perform its obligations under this Contract, or from any act of negligence or willful misconduct by the Company or any of its agents, employees or subcontractors relating to this Contract, including but not limited to any liability caused by an accident or other occurrence resulting in bodily injury, death, sickness or disease to any person(s) or damage or destruction to any property, real or personal, tangible or intangible; or (iv) arising from a violation of any federal, state or local law, regulation or ordinance by the Company or any its subcontractors (including without limitation E-Verify or other immigration laws); or (v) arising from any claim that the Company or an employee or subcontractor of the Company is an employee of the City, including but not limited to claims relating to worker's compensation, failure to withhold taxes and the like. For purposes of this Section: (a) the term "Indemnitees" means the City and each of the City's officers, officials, employees, agents and independent contractors (excluding the Company); and (b) the term "Charges" means any and all losses, damages, costs, expenses (including reasonable attorneys' fees), obligations, duties, fines, penalties, royalties, interest charges and other liabilities (including settlement amounts) or any other legal theory or principle, in connection with an Infringement Claim.

This indemnification requirement is not intended to cover, and the Company is not responsible for, any damages that result from lack of maintenance; inadequate supervision;

negligence; intentional misconduct of anyone other than the Company, it's subcontractors, or their affiliates; inadequate surfacing that was not provided by or recommended by the Company, its subcontractors, or their affiliates; or vandalism.

It is the intent of any insurance provided by Company to protect the Company and any subcontractor performing work under the Contract for

(1) Product liability Claims arising solely from the negligent design or manufacture of the Playground Equipment when such goods and services are provided by the Company, Company's subcontractors, or their affiliates pursuant to this Contract;

(2) Claims arising from any act of negligence or wilful misconduct by the Company or any of its agents, employees or subcontractors relating to this Contract, including but not limited to any liability caused by an accident or other occurrence resulting in bodily injury, death, sickness or disease to any person(s) or damage or destruction to any property, real or personal, tangible or intangible; and

(3) Claims relating to worker's compensation for any employee or subcontractor of the Company;

This clarifies and supersedes any other section of the Contract concerning indemnification that could be interpreted otherwise.

33. INSURANCE. Throughout the term of the Contract, the Company shall comply with the insurance requirements described in this Section. In the event the Company fails to procure and maintain each type of insurance required by this Section, or in the event the Company fails to provide the City with the required certificates of insurance, the City shall be entitled to terminate the Contract immediately upon written notice to the Company.

The Company agrees to purchase and maintain the following insurance coverage during the life of the Contract with an insurance company acceptable to the City of Charlotte, authorized to do business in the State of North Carolina:

(A) Automobile Liability: Bodily injury and property damage liability covering all owned, non-owned, and hired automobiles for limits of not less than $1,000,000 bodily injury each person, each accident; and, $1,000,000 property damage, or $1,000,000 combined single limit each occurrence/aggregate.

(B) Commercial General Liability: Bodily injury and property damage liability as shall protect the Company and any subcontractor performing work under the Contract from claims of bodily injury or property damage which arise from performance of the Contract, whether such work is performed by the Company, any subcontractor or anyone directly or indirectly employed by either. The amounts of such insurance shall not be less than $1,000,000 bodily injury each occurrence/aggregate and $1,000,000 property damage each occurrence/aggregate or $1,000,000 bodily injury and property damage combined single limits each occurrence/aggregate. This insurance shall include coverage for products, services, completed operations, personal injury liability and contractual liability assumed under the indemnity provision of the Contract.

(C) Workers' Compensation: Meeting the statutory requirements of the State of North Carolina and Employers Liability - $100,000 per accident limit, $500,000 disease per policy limit, $100,000 disease each employee limit, providing coverage for employees and owners.

The City shall be named as additional insured during and until completion of the work under the commercial general liability insurance for operations or services rendered under

this Contract. The Company's insurance shall be primary of any self-funding and/or insurance otherwise carried by the City for all loss or damages arising from the Consultant's operations under this agreement. The Company and each of its subcontractors shall and does waive all rights of subrogation against the City and each of the Indemnitees, as defined in Section 5.1.

The Company shall not commence any work in connection with the Contract until it has obtained all of the types of insurance set forth in this Form, and such insurance has been approved by the City. The Company shall not allow any subcontractor to commence work on its subcontract until all similar insurance required of the subcontractor has been obtained and approved.

All insurance policies shall be with insurers qualified and doing business in North Carolina recognized by the Secretary of State and the Insurance Commissioner's Office. The Company shall furnish the City with proof of insurance coverage by certificates of insurance accompanying the Contract.

All insurance certificates must include the City of Charlotte's contract number in the description field.

The City shall be exempt from, and in no way liable for any sums of money that may represent a deductible in any insurance policy. The payment of such deductible shall be the sole responsibility of the Company and/or subcontractor providing such insurance.

Since the playground and the play equipment will be in the care, custody, and control of the end user following installation, it is understood the Company cannot additionally insure the eventual owners of the equipment for any damages that result from:

1) lack of maintenance for which the Company or its subcontractors are not contractually obligated to perform, where such lack of maintenance is not as a result of instructions or manuals provided by the Company or its subcontractors ;
2) inadequate supervision;
3) Negligence (other than negligence of the Company or its subcontractors);
4) intentional acts of anyone other than the Company, its subcontractors or their affiliates;
5) inadequate surfacing that was not provided by or recommended by the Company, its subcontractors, or their affiliates; or
6) vandalism.

34. COMMERCIAL NON-DISCRIMINATION.

As a condition of entering into this Contract, the Company represents and warrants that it will fully comply with the City's Commercial Non-Discrimination Policy, as described in Section 2, Article V of the Charlotte City Code, and consents to be bound by the award of any arbitration conducted thereunder. As part of such compliance, the Company shall not discriminate on the basis of race, gender, religion, national origin, ethnicity, age or disability in the solicitation, selection, hiring, or treatment of subcontractors, vendors or suppliers in connection with a City contract or contract solicitation process, nor shall the Company retaliate against any person or entity for reporting instances of such discrimination. The Company shall provide equal opportunity for subcontractors, vendors and suppliers to participate in all of its subcontracting and supply opportunities on City contracts, provided that nothing contained in this clause shall prohibit or limit otherwise lawful efforts to remedy the effects of marketplace discrimination that has occurred or is occurring in the marketplace. The Company understands and agrees that a violation of this

clause shall be considered a material breach of this Contract and may result in termination of this Contract, disqualification of the Company from participating in City contracts or other sanctions.

As a condition of entering into this Contract, the Company agrees to: (a) promptly provide to the City in a format specified by the City all information and documentation that may be requested by the City from time to time regarding the solicitation, selection, treatment and payment of subcontractors in connection with this Contract; and (b) if requested, provide to the City within sixty days after the request a truthful and complete list of the names of all subcontractors, vendors, and suppliers that the Company has used on City contracts in the past five years, including the total dollar amount paid by the Company on each subcontract or supply contract. The Company further agrees to fully cooperate in any investigation conducted by the City pursuant to the City's Non-Discrimination Policy, to provide any documents relevant to such investigation that are requested by the City, and to be bound by the award of any arbitration conducted under such Policy.

The Company agrees to provide to the City from time to time on the City's request, payment affidavits detailing the amounts paid by the Company to subcontractors and suppliers in connection with this Contract within a certain period of time. Such affidavits shall be in the format specified by the City from time to time

The Company understands and agrees that violation of this Commercial Non-Discrimination provision shall be considered a material breach of this Contract and may result in contract termination, disqualification of the Company from participating in City contracts and other sanctions.

35. COMPANY WILL NOT SELL OR DISCLOSE DATA. The Company will treat as confidential information all data provided by the City in connection with this agreement. City data processed by the Company shall remain the exclusive property of the City. The Company will not reproduce, copy, duplicate, disclose, or in any way treat the data supplied by the City in any manner except that contemplated by this agreement.

36. WORK ON CITY'S PREMISES. The Company will ensure that its employees and agents shall, whenever on the City's premises, obey all instructions and directions issued by the City's project manager with respect to work on the City's premises. The Company agrees that its personnel and the personnel of its subcontractors will comply with all rules, regulations and security procedures of the City when on the City's premises.

37. BACKGROUND CHECKS: The Company agrees that it has conducted or will conduct background checks on all personnel who will be working at the Charlotte service facility or delivering Products or Services under the Contract. The Company will conduct such background checks prior to the personnel commencing work hereunder, whether as part of the Company's standard pre-employment screening practices or otherwise. The Company will complete a background check on an annual basis for each person working at the Charlotte facility. Background check will include at a minimum:

a. Criminal records search,

b. Identification verification; and

c. Proof of authorization to work in the United States.

The Company agrees if any personnel does not meet the background qualifications, he/she shall not be assigned to perform services under this Contract. The Company will notify the City immediately if a background check reveals any conviction(s). If there is any question

as to whether any personnel meets the background qualifications, prior to assignment of any Services under this Contract, the Company shall contact the City immediately.

38. DRUG-FREE WORKPLACE. The City is a drug-free workplace employer. The Company hereby certifies that it has or it will within thirty (30) days after execution of this Contract:

38.1 Notify employees that the unlawful manufacture, distribution, dispensation, possession, or use of controlled substance is prohibited in the workplace and specifying actions that will be taken for violations of such prohibition;

38.2 Establish a drug-free awareness program to inform employees about (i) the dangers of drug abuse in the workplace, (ii) the Company's policy of maintaining a drug-free workplace, (iii) any available drug counseling, rehabilitation, and employee assistance programs, and (iv) the penalties that may be imposed upon employees for drug abuse violations;

38.3 Notify each employee that as a condition of employment, the employee will (i) abide by the terms of the prohibition outlines in (a) above, and (ii) notify the Company of any criminal drug statute conviction for a violation occurring in the workplace not later than five days after such conviction;

38.4 Impose a sanction on, or requiring the satisfactory participation in a drug counseling, rehabilitation or abuse program by an employee convicted of a drug crime;

38.5 Make a good faith effort to continue to maintain a drug-free workplace for employees; and

38.6 Require any party to which it subcontracts any portion of the work under the contract to comply with the provisions of this Section.

A false certification or the failure to comply with the above drug-free workplace requirements during the performance of this Contract shall be ground for suspension, termination or debarment.

39. NOTICES. Any notice, consent or other communication required or contemplated by this Contract shall be in writing, and shall be delivered in person, by U.S. mail, by overnight courier, by electronic mail or by telefax to the intended recipient at the address set forth below. Notice shall be effective upon the date of receipt by the intended recipient; provided that any notice which is sent by telefax or electronic mail shall also be simultaneously sent by mail deposited with the U.S. Postal Service or by overnight courier. Each party may change its address for notification purposes by giving the other party written notice of the new address and the date upon which it shall become effective.

Communications that relate to any breach, default, termination, delay in performance, prevention of performance, modification, extension, amendment, or waiver of any provision of this Contract shall be sent to:

All other notices shall be sent to the other party's Project Manager at the most recent address provided in writing by the other party.

40. SUBCONTRACTING: The Company shall not subcontract any of its obligations under this Contract without the City's prior written consent. In the event the City does consent in writing to a subcontracting arrangement, Company shall be the prime contractor and shall remain fully responsible for performance of all obligations which it is required to perform under this Contract. Any subcontract entered into by Company shall name the City as a third party beneficiary.

41. FORCE MAJEURE: Neither party shall be liable for any failure or delay in the performance of its obligations pursuant to the Contract, and such failure or delay shall not be deemed a default of the Contract or grounds for termination hereunder if all of the following conditions are satisfied:

If such failure or delay:

A. could not have been prevented by reasonable precaution;
B. cannot reasonably be circumvented by the non-performing party through the use of alternate sources, work-around plans, or other means; and
C. if, and to the extent, such failure or delay is caused, directly or indirectly, by fire, flood, earthquake, hurricane, elements of nature or acts of God, acts of war, terrorism, riots, civil disorders, rebellions or revolutions or court order.

An event that satisfies all of the conditions set forth above shall be referred to as a "Force Majeure Event." Upon the occurrence of a Force Majeure Event, the affected party shall be excused from any further performance of those of its obligations which are affected by the Force Majeure Event for as long as (a) such Force Majeure Event continues and (b) the affected party continues to use reasonable efforts to recommence performance whenever and to whatever extent possible without delay.

Upon the occurrence of a Force Majeure Event, the affected party shall promptly notify the other by telephone (to be confirmed by written notice within five (5) days of the inception of the failure or delay) of the occurrence of a Force Majeure Event and shall describe in reasonable detail the nature of the Force Majeure Event. If any Force Majeure Event prevents the Company from performing its obligations for more than fifteen (15) days, the

City shall have the right to terminate the Contract by written notice to the Company.

Notwithstanding anything contained herein to the contrary, strikes, slow-downs, walkouts, lockouts, and industrial disputes of the Company or its subcontractors shall not constitute "Force Majeure Events" and are not excused under this provision. Nothing in the preceding Force Majeure provisions shall relieve the Company of any obligation it may have regarding disaster recovery, whether under the Contract or at law.

42 CONFIDENTIALITY.

42.1 DEFINITIONS. As used in this Contract, The term "Confidential Information" shall mean any information, in any medium, whether written, oral or electronic, not generally known in the relevant trade or industry, that is obtained from the City or any of its suppliers, contractors or licensors which falls within any of the following general categories:

42.2 Trade secrets. For purposes of this Contract, trade secrets consist of information of the City or any of its suppliers, contractors or licensors: (a) that derives value from being secret; and (b) that the owner has taken reasonable steps to keep confidential. Examples of trade secrets include information relating to proprietary software, new technology, new products or services, flow charts or diagrams that show how things work, manuals that tell how things work and business processes and procedures.

42.3 Information of the City or its suppliers, contractors or licensors marked "Confidential" or "Proprietary."

42.4 Information relating to criminal investigations conducted by the City, and records of criminal intelligence information compiled by the City.

42.5 Information contained in the City's personnel files, as defined by N.C. Gen. Stat. 160A-168. This consists of all information gathered by the City about employees, except for that information which is a matter of public record under North Carolina law.

42.6 Citizen or employee social security numbers collected by the City.

42.7 Computer security information of the City, including all security features of electronic data processing, or information technology systems, telecommunications networks and electronic security systems. This encompasses but is not limited to passwords and security standards, procedures, processes, configurations, software and codes.

42.8 Local tax records of the City that contains information about a taxpayer's income or receipts.

42.9 Any attorney / client privileged information disclosed by either party.

42.10 Any data collected from a person applying for financial or other types of assistance, including but not limited to their income, bank accounts, savings accounts, etc.

42.11 The name or address of individual home owners who, based on their income, have received a rehabilitation grant to repair their home.

42.12 Building plans of City-owned buildings or structures, as well as any detailed security plans.

42.13 Billing information of customers compiled and maintained in connection with the City providing utility services

42.14 Other information that is exempt from disclosure under the North Carolina public records laws.

Categories 42.1 through 42.13 above constitute "Highly Restricted Information," as well as Confidential Information. The Company acknowledges that certain Highly Restricted Information is subject to legal restrictions beyond those imposed by this Contract, and agrees that: (a) all provisions in this Contract

applicable to Confidential Information shall apply to Highly Restricted Information; and (b) the Company will also comply with any more restrictive instructions or written policies that may be provided by the City from time to time to protect the confidentiality of Highly Restricted Information.

The parties acknowledge that in addition to information disclosed or revealed after the date of this Contract, the Confidential Information shall include information disclosed or revealed within one year prior to the date of this Contract.

43. RESTRICTIONS. Company shall keep the Confidential Information in the strictest confidence, in the manner set forth below:

43.1 Company shall not copy, modify, enhance, compile or assemble (or reverse compile or disassemble), or reverse engineer Confidential Information, except as authorized by the City in writing.

43.2 Company shall not, directly or indirectly, disclose, divulge, reveal, report or transfer Confidential Information to any third party, other than an agent, subcontractor or vendor of the City or Company having a need to know such Confidential Information for purpose of performing work contemplated by written agreements between the City and the Company, and who has executed a confidentiality agreement incorporating substantially the form of this the Contract. Company shall not directly or indirectly, disclose, divulge, reveal, report or transfer Highly Restricted to any third party without the City's prior written consent.

43.3 Company shall not use any Confidential Information for its own benefit or for the benefit of a third party, except to the extent such use is authorized by this Contract or other written agreements between the parties hereto, or is for the purpose for which such Confidential Information is being disclosed.

43.4 Company shall not remove any proprietary legends or notices, including copyright notices, appearing on or in the Confidential Information.

43.5 Company shall use reasonable efforts (including but not limited to seeking injunctive relief where reasonably necessary) to prohibit its employees, vendors, agents and subcontractors from using or disclosing the Confidential Information in a manner not permitted by this Contract.

43.6 In the event that any demand is made in litigation, arbitration or any other proceeding for disclosure of Confidential Information, Company shall assert this Contract as a ground for refusing the demand and, if necessary, shall seek a protective order or other appropriate relief to prevent or restrict and protect any disclosure of Confidential Information.

43.7 All materials which constitute, reveal or derive from Confidential Information shall be kept confidential to the extent disclosure of such materials would reveal Confidential Information, and unless otherwise agreed, all such materials shall be returned to the City or destroyed upon satisfaction of the purpose of the disclosure of such information.

43.8 Company shall restrict employee access to the Confidential Information to those employees having a need to know for purposes of their jobs.

43.9 Company shall take reasonable measures to prevent the use or disclosure of Confidential Information by its employees in a manner not permitted by this Contract. The Company shall have each of its employees who will have access to the Confidential Information sign a confidentiality agreement which provides the City and its vendors, licensors, subcontractors, employees and taxpayers the same level of protection as provided by this Contract.

44. EXCEPTIONS. The City agrees that Company shall have no obligation with respect to any Confidential Information that the Company can establish:

44.1 Was already known to Company prior to being disclosed by the City;

44.2 Was or becomes publicly known through no wrongful act of Company;

44.3 Was rightfully obtained by Company from a third party without similar restriction and without breach hereof;

44.4 Was used or disclosed by Company with the prior written authorization of the City;

44.5 Was disclosed pursuant to the requirement or request of a governmental agency, which disclosure cannot be made in confidence, provided that, in such instance, Company shall first give to the City notice of such requirement or request;

44.6 Was disclosed pursuant to the order of a court of competent jurisdiction or a lawfully issued subpoena, provided that the Company shall take reasonable steps to obtain an agreement or protective order providing that this Contract will be applicable to all disclosures under the court order or subpoena.

45. MISCELLANEOUS

45.1 ENTIRE AGREEMENT. This Contract, including all Exhibits and Attachments constitute the entire agreement between the parties with respect to the subject matter herein. There are no other representations, understandings, or agreements between the parties with respect to such subject matter. This Contract supersedes all prior agreements, negotiations, representations and proposals, written or oral. Notwithstanding the forgoing, the parties agree that the ITB and the Bid are relevant in resolving any ambiguities that may exist with respect to the language of this Contract

45.2 AMENDMENT. No amendment or change to this Contract shall be valid unless in writing and signed by the party against whom enforcement is sought. Amendments that involve or increase in the amounts payable by the City may require execution by a Department Director, the City Manager, or an Assistant City Manager; depending on the amount. Some increases may also require approval by City Council.

45.3 GOVERNING LAW AND JURISDICTION. North Carolina law shall govern the interpretation and enforcement of this Contract, and any other matters relating to this Contract (all without regard to North Carolina conflicts of law principles). All legal actions or other proceedings relating to this Contract shall be brought in a state or federal court sitting in Mecklenburg County, North Carolina. By execution of this Contract, the parties submit to the jurisdiction of such courts and hereby irrevocably waive any and all objections which they may have with respect to venue in any court sitting in Mecklenburg County, North Carolina.

45.4 BINDING NATURE AND ASSIGNMENT. This Contract shall bind the parties and their successors and permitted assigns. Neither party may assign this Contract without the prior written consent of the other. Any assignment attempted without the written consent of the other party shall be void. For purposes of this Section, a Change in Control, as defined in Section 42.8 constitutes an assignment.

45.5 SEVERABILITY. The invalidity of one or more of the phrases, sentences, clauses or sections contained in this Contract or the Exhibits shall not affect the validity of the remaining portion of this Contract or Exhibits so long as the material purposes of this Contract can be determined and effectuated. If any provision of this Contract or Exhibit is held to be unenforceable, then both parties shall be relieved of all obligations arising under such provision, but only to the extent that such provision is unenforceable, and this Contract shall be deemed amended by modifying such provision to the extent necessary to make it enforceable while preserving its intent.

45.6 NO PUBLICITY. No advertising, sales promotion or other materials of the Company or its agents or representations may identify or reference this Contract or the City in any manner without the prior written consent of the City. Notwithstanding the forgoing, the parties agree that the Company may list the City as a reference in responses to requests for proposals, and may identify the City as a customer in presentations to potential customers.

45.7 WAIVER. No delay or omission by either party to exercise any right or power it has under this Contract shall impair or be construed as a waiver of such right or power. A waiver by either party of any covenant or breach of this Contract shall not constitute or operate as a waiver of any succeeding breach of that covenant or of any other covenant. No waiver of any provision of this Contract shall be effective unless in writing and signed by the party waiving the rights.

45.8 CHANGE IN CONTROL. In the event of a change in "Control" of the Company (as defined below), the City shall have the option of terminating this Contract by written notice to the Company. The Company shall notify the City within ten days of the occurrence of a change in control. As used in this Contract, the term "Control" shall mean the possession, direct or indirect, of either (i) the ownership of or ability to direct the voting of, as the case may be fifty-one percent (51%) or more of the equity interests, value or voting power in the Company or (ii) the power to direct or cause the direction of the management and policies of the Company whether through the ownership of voting securities, by contract or otherwise.

45.9 NO BRIBERY. The Company certifies that neither it, any of its affiliates or subcontractors, nor any employees of any of the forgoing has bribed or attempted to bribe an officer or employee of the City in connection with this Contract.

45.10 FAMILIARITY AND COMPLIANCE WITH LAWS AND ORDINANCES. The Company agrees to make itself aware of and comply with all local, state and federal ordinances, statutes, laws, rules and regulations applicable to the Services. The Company further agrees that it will at all times during the term of this Contract be in compliance with all applicable federal, state and/or local laws regarding employment practices. Such laws will include, but shall not be limited to workers' compensation, the Fair Labor Standards Act (FLSA), the Americans with Disabilities Act (ADA), the Family and Medical Leave Act (FMLA) and all OSHA regulations applicable to the work.

45.11 TAXES. The Company shall pay all applicable federal, state and local taxes which may be chargeable against the Products and/or Services.

45.12 SURVIVAL OF PROVISIONS: Those Sections of the Contract and the Exhibits, which by their nature would reasonably be expected to continue after the termination of the Contract shall survive the termination of the Contract, including but not limited to the following:

Section 3	"Term"
Section 4.3	"Employment Taxes and Employee Benefits"
Section 13	"General Warranties"
Section 14	"Additional Representations and Warranties"
Section 22	"Guarantee"
Section 28	"Other Remedies"
Section 29	"Termination"
Section 33	"Insurance"
Section 34	"Indemnification"
Section 39	"Notices"
Section 42	"Confidentiality"
Section 45	"Miscellaneous"

45.13 NON-APPROPRIATION OF FUNDS. If City Council does not appropriate the funding needed by the City to make payments under this Contract for a given fiscal year, the City will not be obligated to pay amounts due beyond the end of the last fiscal year for which funds were appropriated. In such event, the City will promptly notify the Company of the non-appropriation and this Contract will be terminated at the end of the last fiscal year for which funds were appropriated. No act or omission by the City, which is attributable to non-appropriation of funds shall constitute a breach of or default under this Contract.

45.14 E-VERIFY. Company shall comply with the requirements of Article 2 of Chapter 64 of the North Carolina General Statutes, and shall require each of its subcontractors to do so as well.

45.15 IRAN DIVESTMENT ACT. Company certifies that: (i) it is not identified on the Final Divestment List or any other list of prohibited investments created by the NC State Treasurer pursuant to N.C.G.S. 147-86.58; (ii) it will not take any action causing it to appear on any such list during the term of this Contract; and (iii) it will not utilize any subcontractor that is identified on any such list to provide goods or services hereunder.

45.16 PRE-AUDIT. No pre-audit certificate is required under N.C. Gen. Stat. 159-28(a) because this Contract is for an indefinite quantity with no minimum purchase requirement. Notwithstanding anything contained herein to the contrary, this Contract does not require the City to purchase a single product or service, and a decision by the City to not make any purchase hereunder will violate neither this Contract nor any implied duty of good faith and fair dealing. The City has no financial obligation under this Contract absent the City's execution of a valid and binding purchase order or contract addendum containing a pre-audit certificate."

45.17 UNIFORM ADMINISTRATIVE REQUIREMENTS

By entering into this Contract, the Company agrees to comply with all applicable provisions of *Title 2, Subtitle A, Chapter II, Part 200* – Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards *contained in Title 2 C.F. R. § 200 et seq.*

45.18 COUNTERPARTS.

This Contract may be executed in any number of counterparts, all of which taken together shall constitute one single agreement between the parties.

[Signature Page Follows]

IN WITNESS WHEREOF, and in acknowledgment that the parties hereto have read and understood each and every provision hereof, the parties have caused this Contract to be executed on the date first written above.

A PLAYCORE Company

GAMETIME® WARRANTIES

GameTime provides warranties on all materials and workmanship for one year, excluding vandalism.

In addition, GameTime offers:

- Lifetime limited warranty on PowerScape®, PrimeTime®, Xscape® & IONiX® uprights.
- Lifetime limited warranty on all hardware.
- Lifetime limited warranty on GameTime PowerScape Tru-Loc® connections.
- Lifetime limited warranty on PrimeTime and Xscape bolt-through connections.
- Fifteen-Year limited warranty on metal decks, pipes, rungs, rails and loops.
- Fifteen-Year limited warranty on rotationally molded products.
- Five-Year limited warranty on glass fiber reinforced concrete PlayWorx structures.
- Five-Year limited warranty on glass fiber reinforced polymers Tuff Forms sculptures.
- Twenty-Year limited warranty on Timber Décor™ & Timbers recycled plastic lumber.
- Five-Year limited warranty on nylon-covered cable net climbers and components.
- Ten-Year limited warranty on pressure-treated pine and redwood products.
- Ten-Year limited warranty on Advanced, Elite & stationary Base Series posts & bars.
- Ten-Year limited warranty on site furnishings.
- Ten-Year limited warranty on integrated GTShade® products.
- Ten-Year limited warranty on fiberglass and DHPL signage.
- Five-Year limited warranty on Super Seats™.
- Three-Year limited warranty on SaddleMates® rubber and “C”-springs.
- One-Year limited warranty on all other GameTime products.

All warranties specifically exclude damage caused by vandalism; negligence, improper installation or improper use; changes in appearance resulting from weathering; scratches, dents or marring as a result of use. ***Warranties are valid only if products are installed and maintained in accordance with GameTime instructions and use approved parts.***

FIFTEEN YEAR
LIMITED (PERFORMANCE) WARRANTY

Effective June 1, 2008

GameTime warrants the GT Impax Engineered Wood Fiber Surfacing installation to the original purchaser for a period of fifteen (15) years from date of installation. This limited warranty applies only to GT Impax Engineered Wood Fiber Surfacing that has been approved for installation.

Performance:

In the event the Materials do not conform or perform as expected, the Limited Warranty shall be limited to replacement of the defective Materials in question, and shall not include installation or consequential damages or refund. This Limited Warranty does not cover normal wear.

Conditions:

This Limited Warranty is conditional upon the Surfacing being properly installed and maintained by the purchaser in accordance with written instructions provided by GameTime.

What Is Covered?

1. GameTime warrants, to the original purchaser, that the GT Impax Engineered Wood Fiber surfacing system will meet ASTM F1292-04 at the specified critical height (8 ft. for an 8 in. depth of GT Impax Engineered Wood Fiber, 12 ft. for a 12 in. depth) for a period of fifteen (15) years from the date of installation, subject to the conditions and exclusions shown below.

2. GameTime warrants, to the original purchaser, that the GT Impax Engineered Wood Fiber Surfacing will be free from defects upon delivery, subject to the conditions and exclusions shown below.

If the GT Impax Engineered Wood Fiber surfacing is defective within the applicable warranty period, GameTime will, subject to the conditions set forth below, replace defective installation components at no charge within a reasonable period of time. Components used for replacement under this warranty are warranted for the remainder of the original warranty period. The replacement of defective components shall constitute the sole and exclusive remedy in the event of a breach of warranty.

FIFTEEN YEAR
LIMITED (PERFORMANCE) WARRANTY

EXCLUSIONS

Incorrect installation, including insufficient drainage, failure to install all material delivered, failure to maintain the surface depth thereof, failure to use GT Impax wear mats in high use areas (swings, slides etc.), abnormal use, lack of or improper maintenance, acts of vandalism shall void this limited warranty and GT Impax shall have no responsibility with respect to damage resulting there from. In addition, changed impact attenuation characteristics created by sand or other materials tracked into the System are not covered by this Warranty as is acts of God, or any other cause beyond the control of GameTime will not be covered by this limited warranty.

NO REPRESENTATIVE OF THE SELLER HAS AUTHORITY TO MAKE ANY REPRESENTATIONS OR PROMISES EXCEPT AS STATED HEREIN.

THERE ARE NO WARRANTIES EITHER EXPRESSED OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANT ABILITY AND FITNESS FOR A PARTICULAR PURPOSE THAT EXTEND BEYOND THE WARRANTIES CONTAINED IN THIS DOCUMENT. GAMETIME SHALL NOT BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL OR OTHER DAMAGES TO THE STRUCTURE OR ITS CONTENTS ARISING UNDER ANY THEORY OF LAW WHATSOEVER.

Some states do not allow limitations on how long an implied warranty lasts or the exclusion or limitations of incidental or consequential damages, so the above limitation or exclusions may not apply to you. This warranty gives you specific legal rights and you may also have other rights that vary from state to state.

GT IMPAX RUBBER™
Recycled Shredded Rubber Surfacing

WARRANTY

GT Impax Loose Shredded Rubber Surfacing is manufactured from recycled automobile and truck tires and is guaranteed to meet or exceed the ASTM Standard Specification for Impact Attenuation of Surface Systems Under and Around Playground Equipment Playground Surfacing Guidelines used by U.S. Consumer Products Safety Commission.

GameTime warrants GT Impax Loose Shredded Rubber Surfacing against total color loss for eight years from the purchase date and in turn warrants the impact attenuation performance of this product for the lifetime of ownership (not to exceed fifty years), subject to the conditions and exclusions listed below.

All product warranties are conditioned upon GT Impax Loose Shredded Rubber Surfacing being properly installed and maintained by the end-user in accordance with the installation and maintenance guidelines available from GameTime.

GameTime's entire liability and the purchaser's sole remedy, in the unlikely event that GT Impax Loose Shredded Rubber Surfacing does not conform to this guarantee, shall be limited to the replacement of defective material and shall not include the removal costs or installation costs or consequential damages or refund.

No other guarantee or warranty is expressed, written or implied except stated herein. Vandalism, physical loss or any abnormal use shall void this warranty, and GameTime shall have no responsibility with respect to damage resulting there from. Additionally, this warranty shall be void if foreign materials that affect impact attenuation are deposited onto or into these products. Under no conditions shall GameTime be liable for any damages whatsoever arising from the use of or inability to use the aforementioned products, even if GameTime has been advised of the possibility of such loss.

10 YEAR LIMITED WARRANTY

Playcore Inc. (the "Seller") warrants that the GT Impax Interlocking Tile safety surfacing system will be free from defects in material and workmanship. The Seller further warrants that the GT Impax Interlocking Tile safety surfacing system complies with the requirements of the ASTM F1292 Standard specification for impact attenuation of surface system under playground equipment.

The Warranty Covers

- Surface wear due to ordinary abrasion from pedestrian traffic will not penetrate the wear course of the surface.
- The locking system, installing the tile according to manufacture's specifications, will ensure that the surface will remain secure and functional.
- The product will comply with the requirements of ASTM F1292-04 at the height the manufacture rated the GT Impax Interlocking tile system at the time of purchase.

Duration of Warranty

- This is a 10 year limited warranty, prorated as outlined in the schedule shown below. This warranty maybe transferred with the property.

Terms of Warranty

- Any segment of a GT Impax Interlocking Tile surface that meets the criteria will be repaired or replaced, at the Seller's option and in conjunction with the warranty coverage schedule below.

Warranty Submittal Process

- A warranty claim should be made directly to the Seller. All claim submittals will require the following information. Please provide a description of the claim defect and the date the defect was discovered, a photographic image if image (if applicable) of the claim defect, the date of the original installation, the project name and your name, address and phone numbers. The Seller will provide notification of any additional information and physical evidence that may be required to process your claim.

Warranty Coverage Schedule

- The Seller shall be responsible for the 100% of the cost of the repair or replacement of any product found to be defective or not in compliance with the warranty herein within the first six (6) years following the original shipment of the product. Where any product is found to be defective or not in compliance with the warranty herein more that six (6) years following the original shipment of the product, the Seller shall only be responsible for a portion of the cost of the repair or replacement of such products as follows (and the buyer shall bear and pay the remaining portion of such cost):

Number of years from date of original shipment to date of claim	Percentage of purchase price of product for which Seller is responsible
0-6	**100%**
More than 6, less than 7	**60%**
More than 7, less than 8	**40%**
More than 8, less than 9	**30%**
More than 9, less than 10	**20%**

Warranty Exclusions

This warranty dose not cover:

- Product failure caused by accidents, misuse, natural disaster, vandalism, improper installation or maintenance and the like (see installation, care and maintenance instructions)
- Color change caused by exposure to UV and/or normal abrasion from pedestrian traffic
- Failure due to improper sub-surface preparation
- Resilient flooring may suffer visible damage as a result of extreme high forces (up to2000 pound per square inch).

Common contributors of this type of force include but are not limited to stiletto or high heels, as well as narrow tipped chair supports. GT Impax Interlocking Tile resilient surfacing is not designed to perform under such concentrated high pressure.
Playcore will not accept claims for damage caused by extreme high force.

Additional Consideration

The Seller's liability is limited to the material and transportation cost of the repair or replacement of the product at the Seller's option. The Seller shall be responsible for the installation cost and the cost of other work in connection with the repair and replacement only if such work was performed by Seller in the original installation. Where GT Impax Interlocking Tile are installed only in high traffic areas or installed in combination with other surfacing products not sold by the Seller, such GT Impax Interlocking Tiles are excluded from this warranty.

- In the event of repair, replacement, or refinishing under this warranty, the warranty applicable to the replacement material or to the repaired or refinished product will extend only for the time remaining under the original warranty.
- The Seller reserves the right to discontinue or change any design or color of any product at any time and without notice or liability. If, for any reason, products of the type originally purchased are no longer available at the time a warranty claim is made, Seller may substitute another product determined by Seller to be of comparable quality and price.
- THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO IMPLIED WARRANTIES OR MERCHANTABILITY AND FITNESS FOR A PARITCULAR PURPOSE.
- Your exclusive remedy for any breach of warranty is as set forth in the warranty. This warranty gives you specific legal rights. You may have other rights which vary from state to state.

GT IMPAX POURED™

Recycled Poured Rubber Surfacing

POURED IN PLACE (PIP) WARRANTY

Playground Equipment

GameTime warrants the GT Impax recycled poured rubber surface (referred to as PIP) installed and maintained in accordance to GameTime specifications, under this contract agreement for a period of five (5) years commencing from the date of substantial completion. This limited warranty shall provide for 100% of the cost for necessary repairs caused by the failure of the GT Impax PIP due to workmanship and materials only, and pertains only to the surfacing material agreed to under this contract.

Water Play Equipment

GameTime warrants the GT Impax recycled poured rubber surface (referred to as PIP) installed and maintained in accordance to GameTime specifications, under this contract agreement for a period of three (3) years commencing from the date of substantial completion. This limited warranty shall provide for 100% of the cost for necessary repairs caused by the failure of the GT Impax PIP due to workmanship and materials only, and pertains only to the surfacing material agreed to under this contract.

Water Play Equipment Only: If aliphatic binder is not used, poured rubber surfacing (PIP) will carry a maximum one-year (1) warranty.

This limited warranty includes GameTime's obligation to only repair and/or replace any defective materials or workmanship in the surface area or surface areas that have failed during the warranty period. A failed area or failed areas include edge raveling, bubbling, delamination, peeling, and loss of integrity as a result of the GT Impax recycled poured rubber degradation. GameTime is under no obligation or responsibility to repair and/or replace the GT Impax recycled poured rubber "PIP" surface if damaged during the curing process (Unless specified in contract), damage by vandalism (including stains, cuts, burns, gouges, etc.), product misuse, abuse or alteration, improper slab or base or sub-base design or construction, improper drainage, improper or lack of specified required maintenance, any foreign residue that may be deposited on the surface, normal wear and tear (including slight color variations, and color fading), damage from sharp objects (high heels, spikes, etc.), problems caused by moisture, alkali, hydrostatic pressure, cracking, shifting, or lifting of the substrate, or acts of God.

All warranty claims shall be made in writing to GameTime within thirty (30) days after the Owner has knowledge thereof, but in no event later than thirty (30) days after expiration of the warranty period. The written notification from the Owner shall include the following: the date of the first notice of the failure, details of the failure, photos of the failed area and a request for a warranty claim meeting with GameTime at the installation site (if applicable). GameTime shall not be responsible for warranty claims for any notices received from the Owner after thirty (30) days of Owner's first knowledge of the failure.

GTIMPAX POURED
Recycled Poured Rubber Surfacing

Warranty

GameTime shall determine the validity of all claims after sufficient evidence has been gathered. GameTime shall then replace, repair or make a refund for any claims validated by it. Any refund, credit or allowance provided to the Owner on a warranty claim is exercisable only if said allowance is used to accommodate replacement with a GT Impax recycled poured rubber surface.

Any dispute as to whether and to what extent there is a GT Impax recycled poured rubber surfacing failure and a subsequent valid warranty claim within the meaning of this warranty shall be initially dealt with by joint investigation and discussion between GameTime and owner in order to achieve a mutually agreeable solution. If such a solution cannot be reached within thirty (30) days, then either the Owner of GameTime shall submit the matter to an arbitrator who is a member of the American Arbitration Association and who shall make a determination in accordance with the rules and regulation of said American Arbitration Association. The decision of said arbitrator shall be binding on both parties.

This limited warranty is exclusive of the underlying material (e.g. existing surface, existing or new asphalt, concrete, base, sub-base or sub-grade). If the underlying material fails for any reason whatsoever (including hydrostatic pressure, cracking, shifting, heaving), then GameTime warranty shall be rendered invalid. If the underlying material is concrete, a "curing agent" is NOT allowed, as it will probably cause delamination of the GT Impax recycled poured rubber. Additionally, there is no warranty against surface cracking along expansion joints and underlying cracks, or separating from an adjacent border, curb or walkway. This limited warranty does not include discoloration as a result of ultraviolet rays, unapproved cleaning materials or vandalism. WARNING: Surface temperatures can prove dangerous under warm weather conditions. Shoes and/or socks must be worn during warm weather conditions.

Owner agrees that it will not, under any circumstances, make alterations to the GT Impax recycled poured rubber surface without the written authorization of GameTime. Any unauthorized alteration by the Owner shall result in the immediate termination of all warranties for the GT Impax recycled poured rubber surfacing and shall also give rise to the duty of the Owner to hold harmless, defend and indemnify GameTime from any claim, suit or cause of action, personal injury, death, or property damage arising out of or related to said alteration.

This limited warranty is expressly made in lieu of any other warranties and is exclusive to the original Owner. Owner acknowledges that the limited warranty will be voided if the Owner fails to follow the GameTime Maintenance Guidelines provided by GameTime. Owner agrees that in no event shall GameTime have any liability to Owner for loss of use or loss of profits or any form of consequential damages. NOTE: The following chemicals can cause potential damage to the GT Impax recycled poured rubber and should be avoided: disinfectants, concentrated bleach, gasoline, diesel, hydraulic and lubricating oils, weak acids and organic solvents.

If the contract price is not paid in a timely manner as per the terms and conditions of the agreed contract, the limited warranty is automatically voided. Any damages to the surface during the curing period will be repaired or paid for at the Owner's expense. This limited warranty does not lessen or eliminate any other contractual obligation of Owner to GameTime.

Turf
Product Specification

PART 1 – GENERAL

Work Details:

Provide all labor, materials, equipment, and tools necessary for the complete installation of synthetic grass safety surface. The system shall consist of, but not necessarily be limited to, the following:

Synthetic Grass: consisting of fibers that are nominal 1 3/4 inch long. Turf fiber construction consisting of polyethylene monofilament and texturized polypropylene thatch tufted to a 2-layer stabilized woven polypropylene fabric (primary backing), with a secondary backing (stitch binder) of urethane or Duraflo. (GT Impax Turf ™ synthetic turf or equivalent).

Pad Underlayment System A: consisting of porous closed cell composite materials. Thickness and density of panels shall be sufficient so that system meets the fall height requirements. GT Impax Turf ™ Pad or equivalent.

Pad Underlayment System B: consisting of 50% recycled tire buffings / 50% recycled ¼" – ½" (inch) chunk rubber mixed with a urethane binder (min. 10%).

Synthetic Grass Infill: consisting of anti-microbial acrylic coated round silica particles, designed to provide the look, feel, and performance of optimally maintained natural grass. GT Impax Turf ™ Infill or equivalent.

Quality Assurance and Compliance Details:

Impact Attenuation – ASTM F1292-04: Impact attenuation test results will be provided to the owner or owner's representative. These test results shall be certified and submitted on the letterhead of an independent testing lab. Impact attenuation test results shall meet or exceed Consumer Product Safety Commission Guidelines for impact attenuation (G-max and Head Injury Criteria (HIC).

Accessibility of Surface Systems – ASTM F1951-08: All Playground surfacing products must pass testing to ensure wheelchair access under and around playground equipment as required by the American Disabilities Act.

Flammability of Finished Floor cover – ASTM D2859: Product shall meet requirements of ASTM D2859.

IPEMA Certification: Manufacturer must provide proof of certification. "In the interest of public playground safety, IPEMA provides an independent laboratory which validates a manufacturer's certification of conformance to ASTM F1292-04. A list of current validated products, their thickness and critical heights may be viewed at www.ipema.org."

PART 1 – GENERAL (Continued)

Submittal Details:

General: Submit listed submittals in accordance with Conditions of the Contract and Submittal Procedures Section.

Product Data: Submit manufacturer's product data and installation instructions.

Verification Samples: Submit manufacturer's standard verification samples of 6" x 9" (153 mm x 229 mm) minimum.

Quality Assurance/Control Submittals: Submit the following:
Certificate of qualifications of the playground surfacing installer.

Closeout Submittals: Submit the following:
Warranty documents specified herein.

PART 2 – MATERIAL DATA:

Synthetic Grass: 1 ¾ inch GT Impax Turf ™ from Gametime or approved equal

Face Weight:
- GT Impax Turf ™ 50 oz/sy
- GT Impax Turf ™ Elite 80 oz/sy

Face Yarn Type: Polyethylene
Yarn Size: 4200/9000
Pile Height:
- GT Impax Turf ™ 1 3/4 inches
- GT Impax Turf ™ Elite 1 3/4 inches

Color: Blend
Construction: Broadloom tufted
Stitch Rate: 8 per 3 inches
Tufting Gauge: 1/4"
Primary Backing: Stabilized woven Polypropylene (double thickness)
Secondary Backing: 20 oz. Urethane or DuraFlo
Total Product Weight:
- GT Impax Turf ™ 69.7 oz/sy
- GT Impax Turf™ 99.7oz/sy

Finished Roll Width" 15 feet

PART 2 – MATERIAL DATA (Continued):

Pad Underlayment System A: GT Impax Turf ™ Pad Standard recycled, non contaminated, Post industrial cross-link, closed cell Polyethylene – polyolefin foam pad from Gametime Pad Underlayment System:

Foam Type: Polyethylene – polyolefin
Bulk Density: 4.0-6.0 lb/cu ft
Effective Size: 24 sq ft (net coverage)
Tensile Strength: 80 - 120 psi

Pad Underlayment System B: 50% recycled tire buffings / 50% recycled ¼" – ½" (inch) chunk rubber mixed with a urethane binder (min. 10%).

Synthetic Grass Infill: GT Impax Turf ™ infill from Gametime or approved equal Coating: Priority acrylic, iron oxide and chromium oxide

Grain shape: 7.0 Mohs
Curvature: .65
Specific Gravity: 2.65 g/cm3
Bulk Density: 92-95 lb/cu ft
Uniform coefficient: 1.00 to 1.40
Effective Size: .90 - .95 mm
Blend rate: 3 to 4 lb per square foot.

Splicing Material: 1000 denier coated nylon (Cordura®) 12" wide minimum.
Adhesive: Synthetic Turf Adhesive

PART 3 – SUB-BASE TYPES AND DETAILS

Sub-base Requirements - The base shall have the specific minimum slope (2%) and shall vary no more than 1/8" when measured in any direction with a 10' straight edge.

Stone – The density requirement is 90% to 95% compaction with final condition of stone as level and stable so as not to shift when traveled on or during surface installation process. A compaction test is required and must be submitted to GameTime prior to installation of turf surfacing. Failure to provide proof of compaction test will void 5-year warranty of turf surfacing should signs of sub-base failure occurs.

PART 3 – SUB-BASE TYPES AND DETAILS (Continued)

Depth:	4 inch minimum thickness.
Slope:	Stone elevation shall maintain ¼" per foot toward low end.
Porosity:	Base course shall maintain porosity for direct drainage.
Enclosure:	Stone base course must be surrounded by a retaining curb.
Drainage:	Subsurface drainage is recommended under and around a stone base. Perforated pipe or similar system is acceptable.
Tolerances:	¼" in any 10-foot direction and 1/8" in any 3-foot direction.
Stone Selection:	It is critical that different size stones are used so that the base shall be uniformly mixed. The material shall be wetted during mixing operations if necessary for proper blending.

Stone Graduation	U.S. Sieve	Percent Passing
	1"	100
	3/4"	90 - 100
	No. 4	35 - 60
	No. 30	10 - 30
	No. 200	2 - 9

Concrete or Asphalt – Concrete should be finished with a medium broom finish. All new concrete slabs must cure for a minimum of seven (7) days prior to installation. Asphalt cure time requires fourteen (14) days. Once the new asphalt has cured, it must be pressured washed prior to the surfacing being installed. The concrete contractor shall be responsible for flooding the pad to insure proper slope and tolerance. Any areas holding enough water to cover a flat nickel shall be patched prior to arrival of turf installation crews.

Depth:	4 inch minimum thickness.
Slope:	Concrete or asphalt shall maintain ¼" per foot.
Tolerance:	Concrete must maintain a tolerance of 1/8" in 10 ft. to avoid low areas that will hold water under the turf.

PART 4 – SITE PREPARATION AND REQUIREMENTS

Drainage – Having proper drainage at the low end of the concrete slab is of utmost importance. Any brick walls or curbs at the low end of the slab shall have drainage access through weep holes. Concrete curbing weep holes should be level with finish grade of sub-base or a minimum of 1/8" below top of concrete slab, as GT IMPAX turf surfacing is porous and water drains immediately through it. Weep holes shall be 2" high and 3" wide and shall be installed every three (3) feet. If weep holes are smaller than the recommended size, they shall be installed every 18". Floor drains shall be located outside the high impact areas, as the drains may not be covered with GT IMPAX turf surfacing. Recommended locations for drains are under play unit or against low-end wall or curb.

Security & Waste Disposal – Surface installation crew shall be responsible for the protection of surface during the installation process while on site only. Owner or general contractor shall be responsible for the protection of the surface during the curing period upon completion of the installation and overnight during the installation. Owner or general contractor shall be responsible for having a dumpster on site for all waste and debris. Failure to provide security and a dumpster will result in additional cost.

Utilities & Access – Power and water must be available within 300 feet of installation. Site will require tractor-trailer access. In a case where tractor-trailer access is not possible, owner or general contractor shall be responsible for transporting materials from delivering carrier to the installation site.

PART 5 – INSTALLATION

General: The area to be smooth and graded to allow proper drainage. Refer to grading plan. The overall grade of the playground is not to exceed 3%.

Compacted Aggregate Base: Place 4 inches of aggregate base as leveling layer compacted to 90% of max density per AASHTO T99. Compaction shall be done with mechanical compactors, including vibratory compactors, and/or powered tampers, and rollers. Aggregate size should be ¾" minus (compactable).

Synthetic Grass: Place turf and cut to fit configuration as shown on Drawings. Splice seams. All seams must be attached with splicing film/fabric and adhesive as approved by the manufacturer for this type of installation of their product.

Infill: Apply layers of synthetic grass infill evenly with a spreader and broom the turf fibers with stiff bristle broom to stand fibers up and allow infill to settle into the bottom. Broom in GT Impax Turf ™ infill approximately 3 to 4 pounds per square foot.
**(infill is only required on the 60 oz. Dura Series. 80 oz Ultra Series does require limited to no infill. Manufacturer always recommends at least a pound of infill per sq foot)*

Anchoring/Edging: Edges of turf will be secured to ground with mechanical fasteners, stakes or edging.

PART 6 – WARRANTY

Gametime offers a 5 year limited product warranty on GT Impax Turf from the date of purchase. The product shall be free from defects in material and workmanship resulting in color loss.

Supplier's warranty excludes: any Product defect, damage or failure that is the direct result of Product abuse, misuse or negligent maintenance; and Product damage caused directly or indirectly by acts of third parties, including, without limitation, negligence of owner/operator, vandalism, machinery, animals, flood, chemical reaction, improper sub-surface preparation and/or installation, improper cleaning methods, and acts of God.

Ask your GameTime representative for a copy of our full GT Impax turf warranty details.

PART 7 – MAINTENANCE

Ask your GameTime representative for a copy of our full GT Impax turf maintenance details.

Warranty

GameTime provides a ten-year limited warranty on all fabric canopies against tears, runs, cracking and mildew.

GameTime provides a ten-year limited warranty on all fabric colors against fading except for red, which carries a three-year warranty.

GameTime provides a 90 MPH (miles per hour) limited warranty on the fabric canopy against wind. The fabric canopy is to be removed if winds are expected to exceed 90 miles per hour.

GameTime provides a 10 to 20 pound per square foot limited warranty on the fabric canopy against snow and ice. The fabric is to be removed during Winter months when snow and ice is expected.

GameTime provides a ten-year limited warranty on all metal upright posts and support structure framing against failure due to structural integrity.

GameTime provides a one-year limited warranty against rusting and workmanship of painted surfaces.

GameTime provides a 90, 110 or 140 MPH (miles per hour) limited warranty on all metal upright posts and support structure framing. These calculations are with fabric canopy installed. Removing the fabric canopy will assist the metal structure to withstand higher winds by 10 to 20 MPH (miles per hour).

Above warranties are valid from the date of shipment.

All GameTime warranties will be void if damage to or failure to the shade fabric is caused by contact with chemicals, misuse, vandalism, any act of God, including but not limited to, ice, snow or wind in excess of the applicable building code parameters.

All GameTime warranties are invalid if the fabric is installed on structures other than GTShade, if changes or field modifications are made without written authorization from GameTime or if the product isn't installed or maintained in strict compliance with the manufacturer's specifications.

GameTime warranties do not cover the cost of removals, replacements or repairs.

All warranty claims must be filed in writing within the warranty period.

To the extent permitted by law, these warranties are expressly in lieu of any other implied or expressed warranties or representation by any person, including any implied warranty of merchantability or fitness. These warranties provide valuable rights to you. No Sales Representative can modify or amend the terms of this warranty.

To make a warranty claim, send your written statement of claim, along with the original purchase invoice or invoice number to:

GameTime
Customer Service
P. O. Box 680121
Fort Payne, AL 35968

Or Contact Your Local Representative at:
USA 1-800-235-2440
International 01-256-845-5610

Within 60 days of notice of claim under warranty, GameTime will make arrangements to replace the damaged product. GameTime will cover freight costs within the Continental United States. GameTime is not responsible for freight cost associated with products located outside the Continental United States. GameTime reserves the right to inspect all products identified as damaged.

Since warranty limitations and exclusions may vary from state to state, you should check any specific rights in your state.

LIMITED WARRANTY ON BIGTOYS

BigToys provides a lifetime limited warranty on BigToys: a fifty-year limited warranty on recycled plastic lumber including solid recycled plastic decking, enclosure and roof components; a fifteen-year limited warranty on pipes, rails, loops, and rungs; a lifetime limited warranty on metal upright posts; and a one-year limited warranty on powder coated parts. These warranties cover damage due to failure or corrosion of metal parts that cause the product to become structurally unfit for its intended use. Lifetime warranty covers the life of the product as defined below and cover the product under normal use, proper maintenance and at original installation location; see exclusions.

LIFETIME LIMITED WARRANTY ON HARDWARE

BigToys provides a lifetime warranty against structural failure due to breaking or shearing which causes the product to become structurally unfit for its intended use; a lifetime warranty on stainless steel hardware again rust; and a one-year limited warranty on hardware against rust; see exclusions. All testing of BigToys hardware is performed under the guidelines of ASTM B117. The lifetime warranty refers to life of the product as defined below and covers the product under normal use and proper maintenance. The cost of the replacement due to scratching or cutting of certain hardware plating is not included in this warranty.

LIMITED WARRANTY ON INTEGRATED SHADE PRODUCTS

BigToys provides a ten-year limited warranty on fabric canopies against tears, runs, cracking, mildew and color fading except for red, which has a three-year color warranty. Canopies have a limited warranty against structural failure due to wind of up to 90 miles per hour (mph) and structural failure due to snow and ice loading exceeding five pounds per square foot. Fabric canopies are to be removed if winds are expected to exceed 90 mph or when snow or ice is expected. Fabric warranty does not cover damage resulting from chemical contact.
All metal upright posts and support structure framing have a ten-year limited warranty against becoming structurally unfit for the intended and a one-year limited warranty against rusting and **workmanship of painted surfaces. Warranty is limited to winds of up to 90 mph when fabric canopies are installed (wind resistance improves 10 to 20 mph without canopies).**

FIFTEEN-YEAR LIMITED WARRANTY ON ROTOMOLDED PRODUCTS

BigToys provides a fifteen-year limited warranty on rotomolded products and ten-year limited warranty on polyethylene handholds for structural integrity against damage due to breaking or splitting under normal use that causes the product to become structurally unfit for its intended use; see exclusions. In the event of a claim under this warranty, BigToys will replace the rotomolded product at no cost to the customer.

LIMITED WARRANTY ON CONDITIONED WOOD

BigToys provides a fifteen-year limited warranty on conditioned wood components including decks, enclosures and roofs and on conditioned wood uprights utilizing metal footings; and an eight year limited warranty on conditioned uprights without metal footings against structural failure due to deterioration from fungi or insects that render the product to become unfit for its intended use; see exclusions.

LIMITED WARRANTY ON NET CLIMBERS AND COMPONENTS

BigToys provides a five-year limited warranty on nylon-covered cable net climbers and components against structural failure caused by cable breakage; a five-year limited warranty on nylon-covered cable wear and deterioration resulting from defects in material and workmanship; and a one-year limited warranty on nylon rope products. These warranties cover damage due to failure that cause the product to become structurally unfit for the intended use; see exclusions.

LIMITED WARRANTY ON SITE FURNISHINGS

BigToys provides a ten-year limited warranty on site furnishings against structural failure and a one-year limited warranty on powder coating. These warranties cover damage due to failure or corrosion of metal parts that cause the product to become structurally unfit for the intended use; see exclusions.

LIMITED WARRANTY ON FIBERGLASS SIGNAGE AND HDPE PANELS

BigToys provides a ten-year limited warranty on fiberglass sign panels against delaminating or fading and a five-year warranty on high density polyethylene (HDPE) panels against degradation and discoloration.

FIVE-YEAR LIMITED WARRANTY ON BELT AND INFANT SWING SEATS

BigToys provides a five-year limited warranty on belt and infant swing seats against structural failure that causes the seats to become unfit for its intended use; see exclusions.

FIVE-YEAR LIMITED WARRANTY ON FREENOTES INSTRUMENTS AND POSTS

Freenotes Harmony Parks instruments and posts carry a five-year limited warranty against failures in manufacturing or materials.

TWO-YEAR LIMITED WARRANTY ON MOVEABLE PARTS

BigToys provides a two-year limited warranty on moveable plastic and metal with respect to failure due to material or production defects.

ONE-YEAR LIMITED WARRANTY ON ALL OTHER BIGTOYS PRODUCTS

Products included in the BigToys catalog that are manufactured by other PlayCore companies, including but not limited to UltraSite, UltraPlay, UltraShade and UltraShelter, will maintain the warranty of each respective brand.

For the purpose of this warranty, lifetime encompasses no specific term of years, but rather that Seller warrants to its original customer for as long as the original customer owns the Product and uses the Product for its intended purpose that the Product and all parts will be free from defect in material and manufacturing workmanship.

The warranty is not effective if products have not been installed properly according to the instructions provided by BigToys, or maintained correctly according to the BigToys Maintenance Manual.

BigToys excludes from these warranties the cost to remove parts and reinstall replacements; replacement due to cosmetic defects or coating deterioration caused by climatic conditions; and wood replacement resulting from twisting, warping, checking, shrinking, swelling or other natural physical properties of wood.

The warranty does not cover normal wear and tear, surface corrosion on metal parts, discolored surfaces and other cosmetic issues or failures due to misuse or vandalism.

To the extent permitted by law, these warranties are expressly in lieu of any other implied or expressed warranties or representation by any person, including any implied warranty of merchantability or fitness. These warranties provide valuable rights to you. No Sales Representative can modify or amend the terms of this warranty.

Claim Procedure

To make a warranty claim, send your written statement of claim, along with the original purchase invoice or invoice number to:

BigToys
Customer Service
P.O. Box 680121
Fort Payne, AL 35968

Or Contact you local Representative at
USA 1-866-814-8697

Within 60 days of notice of claim under warranty, BigToys will make arrangements to replace the damaged product. BigToys will cover freight costs within the continental United States. BigToys is not responsible for freight costs associated with products located outside the continental United States. BigToys reserves the right to inspect all products identified as damaged.

Since warranty limitations and exclusions may vary from state to state, you should check any specific warranty rights in your state.

INTERNATIONAL PLAY EQUIPMENT MANUFACTURERS ASSOCIATION

MULTISPORT SCOREBOARD & CONTROLLER
WARRANTY AND LIMITATION OF LIABILITY

This Warranty and Limitation of Liability (the "Warranty") sets forth the warranty provided by Colorado Time Systems (Seller) with respect to Multisport Equipment. By accepting delivery of the Equipment, Purchaser agrees to be bound by and accept these terms and conditions. All defined terms within the Warranty shall have the same meaning and definition as provided in the Agreement.

1. Scoreboard Warranty Coverage
    a. Seller warrants that models: BB-xxxx, BK-xxxx, CM-xxxx, FB-xxxx, CLK-xxxx, CR-xxxx, HK-xxxx, LX-xxxx, and SC-xxxx series of scoreboards will be free from defects in materials and workmanship for a period of five (5) years (the "Warranty Period"). The warranty period shall commence as soon as the Purchaser, customer or any other party occupies or operates the scoreboard, or 3 months after shipment.
    b. Seller's sole responsibility for any breach of the foregoing warranty shall be to repair or replace equipment or parts not forming to the aforesaid warranty at Seller's option either on-site or upon return thereof to Seller. Return transportation charges shall be pre-paid by Purchaser. Returned products must be properly packaged. Upon repair, Seller will pay return shipping costs for ground transportation only. Overnight, express, or other special shipping costs will be paid by Purchaser.
    c. Defects shall be defined as follows. With regard to the Scoreboards (excepting LEDs), a "Defect" shall refer to a material variance from the design specifications that prohibit the Scoreboard from operating for its intended use. With respect to LEDs, "Defects" are defined as LED pixels that cease to emit light. The limited warranty provided does not impose any duty or liability upon Seller for partial LED pixel degradation. Nor does the limited warranty provide for the replacement or installation of communication methods including but not limited to: wire, fiber optic cable, conduit, or trenching for the purpose of overcoming local site interference radio equipment substitutions.
2. Controller Warranty Coverage
    a. Seller warrants that wireless controller models: WHC-1 and WTTC-1 will be free from defects in materials and workmanship for two (2) years (the "Warranty Period"). The warranty period shall commence as soon as the Purchaser, customer or any other party occupies or operates the controller, or 3 months after shipment.
    b. Seller's sole responsibility for any breach of the foregoing warranty shall be to repair or replace equipment or parts not forming to the aforesaid warranty at Seller's option either on-site or upon return thereof to Seller. Return transportation charges shall be pre-paid by Purchaser. Returned products must be properly packaged. Upon repair, Seller will pay return shipping costs for ground transportation only. Overnight, express, or other special shipping costs will be paid by Purchaser.

3. Conditions and Limitations

a. This warranty covers equipment provided under agreement by Seller only. Seller reserves the right to use new or equivalent to new parts in the service of its products. This warranty does not apply to independent third party installation or service labor. It does not provide routine or emergency maintenance services. It does not apply to normal LED degradation, or replacement of batteries.
b. Said warranty shall not apply to resulting damage in any of the following cases:
    i. Neglect, abuse or damage caused by user including failure to operate and maintain according to end-user documentation furnished with the product.
    ii. Improper storage, installation, maintenance or servicing of the equipment by anyone other than Seller or an Authorized Seller's representative.
    iii. Improper environmental control (storage and/or use) of electronic equipment.
    iv. Power surges, water damage, lightning or other "acts of nature."
    v. Vandalism or acts of terrorism or war.
    vi. Excessive application of electrical power or improper power connection.
    vii. Removal of warning labels and protection devices.
    viii. Installing non-factory replacement parts.
    ix. Use of high-pressure washers or exposure to concentrated detergents or other chemical agents or solvents.
c. Disclaimer
    i. Said warranty is in lieu of all other warranties of Seller, express or implied, and except to the extent herein provided, Seller does not make any warranty whatsoever to Purchase including, without limitation, any warranty of merchantability or fitness for any particular use or purpose. Seller's entire liability and Purchaser's exclusive remedy for damages from any cause whatsoever, and regardless of the form of action, whether in contract or in tort including negligence, shall be limited to actual damages up to the purchase price of the Equipment. The foregoing limitation of liability will not apply to claims by Purchaser for bodily injury or damage to real property or tangible personal property for which Seller is legally liable. In no event shall Seller be liable for any special, punitive, or consequential damages or lost profits even if Seller has been advised of the possibility of such damages. Seller will not be liable for any claim by Purchaser based on any third party claim.

Equipment Warranty

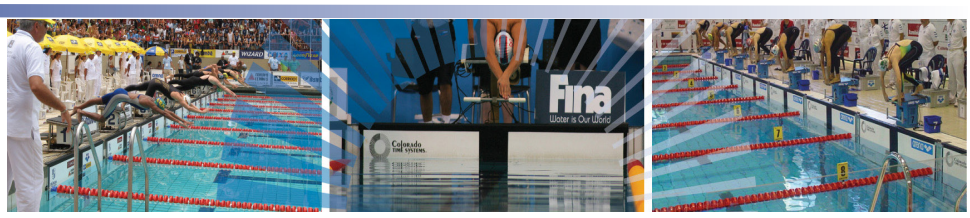
Colorado Time Systems warrants the following products against any defects in materials and workmanship affecting electronic and mechanical performance for two years from the date of purchase: Timing Consoles, Start Systems, Touchpads, Relay Judging Platform, Shot Clocks, Pace Clocks, LED and Light Reflective Scoreboards, and Matrix Displays. Colorado Time Systems warrants Titanium Deckplates against any defects in materials and workmanship for five years from the date of purchase.

All other components associated with the above equipment including cable harness, deckplates (excluding Titanium Deckplates), wallplates, push buttons, test meters, microphones, speakers, data cable, etc. will have a one-year limited warranty. Dolphin Wireless Stopwatch Systems are also warranted for one year; not including the batteries. Any computer equipment associated with the above products has a six-month limited warranty.

Colorado Time Systems' products, when properly installed, are warranted not to fail due to defects in materials and workmanship. This warranty is limited to the original purchaser of the product and is not transferable.

Colorado Time Systems will, at its option, repair or replace the defective product at no additional charge except as set forth below. Repaired components, parts, and replacement products will be furnished on an exchange basis and will be either reconditioned or new. All replaced parts and products become the property of Colorado Time Systems. This limited warranty does not include service to repair damage to the product due to the modification of the product, misuse, abuse, neglect, negligence, vandalism, accident, or abnormal conditions including: war, flood, accident, lightning or other acts of God or damage caused by occurrences over which Colorado Time Systems has no control.

Limited Warranty service may be obtained by delivering the product or component part to Colorado Time Systems. You agree to insure the product or assume the risk of loss or damage in transit, to prepay shipping charges to the service location, and to use the original shipping container or equivalent. Repaired products will be returned to you by surface delivery at Colorado Time Systems' expense or by air freight at the buyer's expense. On-site service calls are available for a fee.



All expressed and implied warranties for these products including the warranties of merchantability and fitness for a particular purpose are limited in duration to a period of two years (or one year, as applicable), from the date of purchase and no warranties, whether expressed or implied, will apply after this period. Some states do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.

If the product is not in good working order as warranted above, your sole remedy shall be repair or replacement as provided above. In no such event will Colorado Time Systems be liable to you for any damages, including lost profits, lost savings, or other incidental or consequential damages arising out of the inability to use the product, even if Colorado Time Systems has been advised of the possibility of such damages or for any claim by any other party.

Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This warranty give you specific legal rights, and you may also have other rights which may vary from state to state.

Colorado Time Systems | 1551 E 11th St. | Loveland, CO 80537 | USA | +1(970)667-1000 | +1(970)667-5876 (fax) | www.coloradotime.com | (800)279-0111

WARRANTY

Dero will warrant its products against defects in workmanship and materials for a period of (12) months from the date of delivery for all products consisting of TGIC powder coat, Thermoplastic powder coat, stainless steel finishes, and for a period of two years on products consisting of galvanized or Thermoplastic/PVC rubber dip over galvanized finishes. Under this warranty, Dero's liability is limited to repair or replacement, at Dero's option, of products found in Dero's reasonable judgment to have been defective in workmanship or materials.

This warranty does not cover failure due to negligence, abuse, vandalism, accidents, lack of maintenance, or improper installation; nor does it cover defects or failure due to products tampered with, altered, modified or repaired by anyone not approved by Dero.

The air pump for the Dero Air Kit 1 is warranted for above freezing temperatures. The air pump is not warranted in below freezing temperatures and it is strongly recommended that air pumps are removed and stored indoors during periods of below freezing temperatures. There is a six month warranty period for the pump, parts and gaskets. Acts of God, improper use or vandalism are not covered by this warranty

The Dero Air Kit 2 and Air Kit 3 are warranted for temperatures ranging from -30 – 110 degrees. There is a one year warranty period for the pump, parts and gaskets, and a six-month warranty on the hose and pumphead. Acts of God, improper use or vandalism are not covered by this warranty

Dero will assume transportation charges for return of the defective product if returned by the buyer in accordance with written instructions from Dero. Dero will not be responsible for providing the cost of labor for removal or installation of the defective product or any replacement. In no event shall Dero be liable for special, inherent or consequential damages, including, without limitation, loss of use or profits.
Proof of sale from Dero or from an approved dealer is required. The foregoing warranty is exclusive and is given and accepted in lieu of any and all other warranties, expressed or implied, including, without limitation, the implied warranties of merchantability and fitness. The remedies of buyer for any breach of warranty shall be limited to those provided herein. No agreement varying or extending the foregoing warranty will be binding upon Dero unless it is in writing and signed by a duly authorized officer of Dero.
Any questions regarding this warranty should be directed to:

LIMITED WARRANTY

Everlast Climbing Industries, Inc. ("ECI") warrants to the original purchaser that products from ECI will be free from defects in materials and workmanship for a period of one full year from the date of purchase, normal wear and tear excepted. Should the products purchased directly from ECI, or authorized partners, fail to conform to this warranty during this one year warranty period, ECI will, at its option, repair or replace the faulty unit(s) at no additional charge. This limited warranty does not include service to repair damage to the products purchased from ECI, or authorized partners, resulting from a cause other than defect or malfunction, including neglect, accident, unreasonable use or servicing or modification by anyone other than ECI.

EXCEPT AS SET FORTH ABOVE, ALL PRODUCTS PURCHASED FROM ECI ARE SOLD "AS IS." ECI MAKES NO WARRANTIES EXPRESS OR IMPLIED HEREUNDER AND SPECIFICALLY DISCLAIMS ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE.

Warranty service may be obtained by contacting ECI in writing at the address shown below within one year of original purchase and providing proof of purchase date. You, the original purchaser, agree to pay the cost for ECI to ascertain that damages have occurred. For further information, contact:

Everlast Climbing Industries, Inc.,
1335 Mendota Heights Road, Mendota Heights, MN 55120
Phone: (651) 665-9131 Toll Free: (800) 476-7366

All warranties on the products purchased from ECI are limited to one year from the date of purchase.

Failure to install and maintain products according to ECI's Installation and/or Maintenance Instructions will void this warranty. Any modifications or changes to the product's panels, wall products or hand holds, without ECI's express written approval, will void this warranty.

If the product does not conform with the warranties given as stated above, your remedy is to have the unit repaired or replaced as provided above. In no event will ECI be liable for any loss or damage, including damages of any kind arising out of the use of or inability to use this product, for incidental or consequential damages, or for any claim by anyone other than you, the original purchaser.

Some states do not allow limitations on warranties and do not allow the exclusion or limitation of incidental or consequential damages, so any such limitation or exclusion may not apply to you. This warranty gives you specific legal rights which may vary from state to state.

GT GRANDSTANDS™

A PLAYCORE Company

NR - SERIES – ALUMINUM ANGLE FRAME

MANUFACTURER: GT Grandstands, Inc., 2810 Sydney Road, Plant City, FL 33566, Ph (866) 550-5511, Fax (813) 305-1419

DESIGN: The bleachers shall be designed to support, in addition to their own weight, a uniformly distributed live load of not less than 100 psf of gross horizontal projection of the bleachers. All seat and foot plank members shall be designed to accommodate 200 plf across a 6' span with a maximum deflection of 9/16". The bleachers shall be designed to resist, with or without a live load, a horizontal wind load of 30 psf of gross vertical projection. In addition to the live load, the bleachers shall be designed to resist the following sway forces: (1) 24 plf of seat plank in a direction parallel to the length of the seat, and (2) 10 plf of seat plank in a direction perpendicular to the length of the seat. Under these loads, stresses in aluminum members and connections shall not exceed those specified for Building Type Structures by the Aluminum Association.

CONSTRUCTION: The understructure, including crossbracing, shall be of a welded, aluminum angle (6061-T6 alloy, mill finish) construction. The understructure of each unit shall consist of frames spaced at 6' centers joined by crossbracing at adequate points to comply with the design loads.

FRAME MEMBER SIZES:

Seat Posts:	3" x 2"x 3/16" min. (Row 2) 1 3/4" x 1 3/4" x 3/16" min. (All other rows)
Foot Brackets:	2" x 2" x 3/16" min.
Crossbracing:	1 1/2" x 1 1/2" x 3/16" min.
Bottom Runners:	2" x 2" x 3/16" min.

DIMENSIONS: The rise per row shall be 7", seat height 16" above respective tread, and tread depth per row of 24". Overall depth of unit is 2' 9-5/8". Clear width of unit is 15'. Top row seat height is 1'-11".

SEAT PLANKS: Seat planks shall be 2"x10" nominal, extruded 6063-T6 aluminum alloy with a clear anodized finish and end cap. (Finished size shall be 1 3/4" x 9 5/8", .075" wall with two internal legs.).

TREAD PLANKS: Tread planks shall be of one 2"x10" nominal, extruded 6063-T6 aluminum alloy with a mill finish and end cap. (Finished size shall be 1 3/4" x 9 5/8", .075" wall with two internal legs.).

ALUMINUM PLANK HARDWARE: Tie-down assemblies consisting of a four-way adjustable aluminum clip, with galvanized bolt with nut and washer shall be provided for each connection point at each support.

WARRANTY: GT Grandstands warrants to the Buyer that its bleachers shall be free from defects in material and workmanship under normal use for a period of five (5) years provided they are installed per GT Grandstands installation instructions and that component parts supplied by GT Grandstands are used. GT Grandstands' obligation under this warranty shall be limited to repair and exchange of any such item, which may prove defective under normal use (vandalism and premeditated damage excluded) during such period. GT Grandstands will release the warranty documents to the buyer only after the Buyer has paid GT Grandstands in full the final contracted amount.

Freenotes Harmony Park Warranty

Our Outdoor Musical Instruments are designed for durability and playability. We are confident that they will withstand all types of normal weather conditions and normal frequent play. They will never need re-tuning and can be enjoyed by all, any age or ability.

All Freenotes Harmony Park ("FHP") instruments will be built to our documented procedures and with the highest quality. Our warranty provides that our products will be free of defects in manufacturing and material.

Warranty begins on date of shipment. If any failures in manufacturing or materials occur within the applicable warranty period, FHP will provide replacement parts or products as determined by FHP within 30 days after written notification.

All FHP products carry a 5-year limited warranty on all standard/stock instruments and posts. All custom instruments and posts carry a 90 day warranty.

This warranty is valid for purchases on or after January 1, 2016.

This warranty is valid only if the mounting/assembly and ground/foundation works are carried out as described in the Installation Instructions of your FHP products and maintained according to the maintenance instructions provided by FHP. For all warranty issues it is the responsibility of the customer to cover all shipping costs, when necessary, for warranty items. FHP will not be responsible for providing labor or labor costs for the replacement of products or parts.

All replacement parts or products will be covered for the duration of the original warranty.

All products must be inspected immediately upon arrival. It is your responsibility to note any shipping damage on all copies of shipping paperwork. You must report any damage within 48 hours to Freenotes Harmony Park or to your FHP distributor. Damage not reported within this time frame cannot be covered under warranty.

FHP cannot warrant against:

Theft, vandalism, misuse, negligence or accident.
Scratches on paint, aluminum, or any finishes.
Cosmetic issues or wear and tear from normal use.

5-YEAR WARRANTY

Aluminum planks covered against blistering, cracking, peeling or flaking due to weather, temperature changes, continued exposure to rain, snow or U.V. rays from the sun.

1 Year Warranty - failure of structural strength of any framework component.

Limited Warranty Information:

The product I purchased is not what I expected. Can I return the product?

You may return items within 30 days of receipt for a refund. All products are warranted free of manufacturer defects for 90 days from invoice date. No other warranty, written, or implied, exists unless noted on the website or in the catalog.

To return a product, please call our customer service department 800.321.6975 to receive a return merchandise authorization number. You must have pre-authorization prior to returning a product.
Due to manufacturing changes and raw material costs, some product characteristics may vary slightly and prices may be affected.

Warranties

Power Systems (PS), LLC issues limited warranties on some of our products. We do list 3 and 5 years on some products – this does not cover normal wear and tear. This limited warranty states that the goods shall be free from defects in material and workmanship.

This warranty shall not apply in the event of defects caused by: (I.) Physical abuse of the goods or any component or acts of vandalism by any persons. (II.) Alterations, modifications made to our products will void the warranty. (III.) This warranty does not extend to normal wear and tear of a product.

SPECTRUM AQUATICS® WARRANTY

- TWO-YEAR LIMITED WARRANTY ON AQUATIC LIFTS
- THREE-YEAR LIMITED WARRANTY ON STAINLESS STEEL DECK EQUIPMENT & AQUATIC LIFT FRAME*

What is covered by this warranty? Spectrum Aquatics® warrants all products it manufactures to be free from defects in materials and factory workmanship to the original buyer. This warranty is contingent upon the proper installation, use, care and operation of the equipment for its intended purpose, and does not cover equipment that has been modified or has been subjected to abusive physical or environmental stresses. Spectrum Aquatics® agrees to repair or replace, at its sole discretion, any product that fails to perform as specified within the specified warranty period, unless otherwise noted. Warranty on pool lifts and lift components will be valid from the date of installation, which is verified by sending in the warranty card. In cases where the warranty card is not returned to Spectrum Aquatics, the beginning date for the warranty period will be the date that the pool lift was shipped from Spectrum

This warranty relates only to defects in materials and workmanship and does not include damage or failure resulting from other causes, including, but not limited to, acts of God, misuse or abuse, accident or negligence, fire, improper installation or ice damage. This warranty does not apply to fading of materials or to any corrosion of any metallic parts. Damage induced by the improper use of chemicals is not covered by this warranty. In the event that products are altered or repaired by anyone without the prior written approval of Spectrum Aquatics®, all warranties are voided.

What will Spectrum do related to the product covered by this warranty? Spectrum shall provide, F.O.B. the factory, new or reconditioned replacement product or parts (Spectrum's option). This warranty does not cover labor to remove or install equipment and parts.

What is not covered by this warranty? Damage or loss in transit as indicated by bill of lading, normal wear and tear, chemical damage, discoloration, misuse and damage or loss caused by neglect, abuse, vandalism, modification, improper installation, lack of proper maintenance (such as keeping products clean, lubricating battery contacts on lifts, etc.) or physical damage are not included in this warranty. See owner's manual for recommendations related to the use and care of the product.

Powder Coated Products: This warranty does not cover chipping, flaking, scratches or any other surface defect due to abuse, mishandling of product, or lack of maintenance and care. Due to the corrosive environments, this warranty does not cover surfaces damaged during handling or installation. Although powder coating on product is designed for long-term use, keeping products outside in the elements, inside a highly humid environment, excessive washing (including power washing) or improper maintenance may result in premature corrosion.

Parts: Components of products provided by other manufacturers are subject to the original equipment manufacturers (OEM) warranty. Examples include but not limited to batteries, actuators, control systems, valves, pumps, etc.

IMPORTANT: TO ENSURE SAFE OPERATION, USERS MUST COMPLY WITH THE PUBLISHED WEIGHT LIMITS ON SEVERAL PRODUCTS SUCH AS SLIDES, LIFTS, CHAIRS, STARTING PLATFORMS, STANDS AND LADDERS. REFER TO PRODUCT LITERATURE AND MANUALS FOR THESE LIMITATIONS.

To make a warranty claim, contact:

Spectrum Aquatics®
7100 Spectrum Lane
Missoula, MT 59808
info@spectrumproducts.com

Your Rights Under State Law: This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state. Spectrum Aquatics® disclaims all liability for damage during transportation, for incidental, special or consequential damage of whatever nature, for damage due to handling, installation, or improper operation, or for damage caused by circumstances beyond Spectrum Products™' control; in no event shall recovery of any kind against Spectrum Products™ be greater in amount than the purchase price of the equipment sold by Spectrum Aquatics® that caused alleged damage. Spectrum Aquatics® makes no warranties either expressed or implied, including any warranty of merchantability or fitness for particular purpose, other than these stated. Some states do not allow the exclusion or limitation of incidental or consequential damages, or limitations on how long on implied warranty lasts, so the above exclusions may not apply to you. No representative has authority to change or modify this warranty in any respect.

UPlay Today™ Warranty

UltraPlay Systems, Inc. warrants its products to be free from defects in materials and/or workmanship, subject to normal usage and installation, for a period of 1-year from the date of shipment to the original purchaser. In the event of a claim under this warranty, UltraPlay Systems will replace the component at no cost within the first 12 months from date of shipment to the original customer. Equipment not specifically addressed in the following paragraphs is also subject to this limited 1 year warranty against defects in materials and/or workmanship.

TEN-YEAR LIMITED WARRANTY ON UPRIGHT POSTS

UltraPlay Systems provides a limited warranty on metal upright posts to be free from defects in materials or workmanship against structural failure which causes the product to become unfit for its intended use, subject to normal usage and installation, for a period of 10 years from the date of shipment to the original customer.

FIVE-YEAR LIMITED WARRANTY ON METAL PARTS

UltraPlay Systems provides a limited warranty on metal decks, steps, stairs, rails, pipes, support posts, rungs, loops, swing frame yokes and clamps to be free from defects in materials or workmanship against structural failure which causes the product to become unfit for its intended use, subject to normal usage and installation, for a period of 5 years from the date of shipment to the original customer.

FIVE-YEAR LIMITED WARRANTY ON GROUND-MOUNT METAL PARTS

UltraPlay Systems provides a limited warranty on metal footers, inground footers, surface mount plates, ground spikes, slide and climber mounting posts and plates to be free from defects in materials or workmanship against structural failure which causes the product to become unfit for its intended use, subject to normal usage and installation, for a period of 5 years from the date of shipment to the original customer.

THREE-YEAR LIMITED WARRANTY ON PLASTIC PARTS

UltraPlay Systems provides a limited warranty on the following plastic parts: slides, climbers, roofs, tunnels, bridges, panels and border timbers. These components are warranted to be free from defects in materials or workmanship, subject to normal usage and installation, for a period of 3 years from the date of shipment to the original customer.

ONE-YEAR LIMITED WARRANTY ON HARDWARE

UltraPlay Systems provides a limited warranty on hardware to be free from defects in materials or workmanship against structural failure due to breaking or shearing, subject to normal use and installation, for a period of 1 year from the date of shipment to the original customer.

ONE-YEAR LIMITED WARRANTY ON HDPE CLIMBERS AND HDPE SPRING RIDERS

UltraPlay Systems provides a limited warranty on high density polyethylene (HDPE) climbers and spring riders against degradation for a period of 1 year from the date of shipment to the original customer.

ONE-YEAR LIMITED WARRANTY ON SPRING RIDER METAL PARTS

UltraPlay Systems provides a limited warranty on metal springs, bases and brackets of spring riders to be free from defects in materials or workmanship against structural failure which causes the product to become unfit for its intended use, subject to normal usage and installation, for a period of 1 year from the date of shipment to the original customer.

ONE-YEAR LIMITED WARRANTY ON STRAP AND TOT SEAT

UltraPlay Systems provides a 1 year limited warranty on strap and tot swing seats against structural failure that causes the seat to become unfit for its intended use. Additionally, chain, "S"- hooks and hangers are covered under a one-year limited warranty.

LIMITED WARRANTY ON SITE FURNISHINGS

UltraPlay Systems provides a five-year limited warranty on the finish of thermoplastic coated site furnishings from the date of shipment to the original customer. Additionally, all site furnishings are guaranteed to be free from defects in materials or workmanship for one-year from the date of shipment to the original customer.

All warranties specifically exclude damage caused by man-made or natural disasters, vandalism, negligence, improper installation or improper use, modification, changes in appearance resulting from weathering, scratches, dents, discoloration, normal wear and tear, or marring as a result of public or private use.

Claims are limited to replacement of equipment only and do not include any costs associated with labor, removal or installation of the original or replacement product.

Warranties are valid only if products are installed and maintained in accordance with UltraPlay installation instructions and use of approved parts.

This warranty is applicable to the original owner only. Warranties are non-transferable.

Claim Procedure: To make a warranty claim, send your written statement of claim, photographs of defective equipment along with the original purchase invoice or invoice number to:

UltraPlay Systems
Customer Service
1675 Locust Street
Red Bud, IL 62278

Or Contact a Customer Service Representative at:
1-800-458-5872

Within 60 days of notice of claim under warranty, UltraPlay Systems will make arrangements to replace the damaged product. UltraPlay Systems will cover freight costs within the continental United States. UltraPlay Systems is not responsible for freight costs associated with products located outside the continental United States. UltraPlay Systems reserves the right to inspect all products identified as defective. Photos of defective equipment may be required to accompany warranty claims.

Since warranty limitations and exclusions may vary from state to state, you should check any specific warranty rights in your state.

IPEMA™ INTERNATIONAL PLAY EQUIPMENT MANUFACTURERS ASSOCIATION MEMBER

WARRANTY

UltraSite provides a limited warranty on site furnishing products. These warranties cover damage due to failure or corrosion of metal parts that cause the product to become structurally unfit for its intended use. The warranty covers the life of the product as defined below, and covers the product under normal use with proper maintenance, and at original installation location. See exclusions* (page 5).

THERMOPLASTIC COATED PRODUCTS

UltraSite provides a 5-year Limited Warranty on Thermoplastic coated site amenities. UltraSite guarantees all items for one full year to be free of defects in workmanship or materials when installed and maintained properly. We agree to repair or replace any items determined to be defective. Items specifically not covered by this warranty include vandalism, man-made or natural disasters, lack of maintenance, normal weathering, or wear and tear due to public abuse.

Items damaged or lost in transit are the responsibility of the carrier, whether visible or concealed. It is the responsibility of the recipient to assure that the order is received complete. Before signing the delivery receipt, inspect the shipment immediately and completely. Note any damages or shortages on the bill of lading. Damage reports must be filed within 5 days. UltraSite is not responsible for damages or loss in transit. Title to all goods passes to the customer at the time of shipment. UltraSite will assist in filing claims if the freight arrangements were made by UltraSite at your request.

HARDWARE

UltraSite provides a lifetime limited warranty on hardware against structural failure due to breaking or shearing which causes the product to become structurally unfit for its intended use; a lifetime warranty on stainless steel hardware against rust; and a one-year limited warranty on hardware against rust. See exclusions. The lifetime warranty refers to the life of the product as defined below and covers the product under normal use and proper maintenance. The cost of replacement due to scratching or cutting of certain hardware plating is not included in this warranty.

RECYCLED PLASTIC LUMBER PRODUCTS

UltraSite provides a 5-year limited warranty on recycled plastic lumber products in normal applications against splintering, decay or structural damage directly from termites or fungal decay that causes the product to become structurally unfit for its intended use. See exclusions* (page 5)

UltraSite guarantees all materials and workmanship for 5-years on any product made completely from our 100% Recycled Plastic. The guarantee excludes vandalism, improper use, product alterations, misuse, negligence, accident, theft, corrosion caused by chemicals, ice or snow damage and acts of God.

IPE WOOD, RED STAINED WOOD, PRESSURE TREATED WOOD AND UNTREATED WOOD

UltraSite provides a 1-year limited warranty on IPE wood, red stained wood, pressure-treated wood and untreated wood products against rotting, splintering, decay or structural damage directly from termites or fungal decay that causes the product to become structurally unfit for its intended use. Checking in the surface of planks are natural in all wood products and are not covered under this limited warranty. The guarantee excludes vandalism, improper use, product alterations, misuse, negligence, accident, theft, corrosion caused by chemicals, ice or snow damage and acts of God. Please follow the maintenance procedures as specified in the product maintenance guide.

LIMITED WARRANTY ON WATER FOUNTAINS AND DOG FOUNTAINS

UltraSite provides a 1-year limited warranty on all the water fountains and related components.

ULTRASHADE STRUCTURES

UltraShade warrants that the shade structure sold will be free from defects in materials under intended use for a period of 10-years from the date of delivery (Structure & Fabric). UltraShade and its suppliers will be liable for repair or replacement of materials found to be defective. The repair or replacement of materials shall be at the expense of UltraShade.

This warranty is in effect only if the structure has been assembled and installed in accordance with the UltraShade's installation drawings, and has been subjected only to normal intended use and exposure. UltraShade shall not be responsible for delays due to missing, stolen or non-conforming parts. Any rework/retrofit of non-conforming part must be authorized by UltraShade. This limited warranty is void if any damage has resulted from abnormal use, abuse, accident, vandalism, maintenance, misapplication, service or modification by someone other than UltraShade, authorized dealers, or authorized installers.

This limited warranty excludes color fading of structure within 10 miles of any area retaining salt water. Any replacement part issued during original warranty period is warranted for the remaining original warranty period or 6 months, whichever is longer.

Shade fabrics carry a 10-year limited manufacturer's warranty from the date of assembly, against failure from significant fading, deterioration, breakdown, mildew, outdoor heat, cold or discoloration, with the exception of Red, which carry a 3-year limited warranty. Should the fabric need to be replaced under the warranty, UltraShade will manufacture and ship a new fabric at no charge for the first 6 years, thereafter pro-rated over the last 4 years.

This warranty shall be void if damage to the fabric is caused by contact with chemical, misuse, vandalism, any Act of God (ie. Hurricane, tornado, micro/macroburst), including, but not limited to, ice, snow, or wind in excess of the applicable building code parameters. Fabric tops are warranted for wind/gusts up to 90mph and prior to snow or ice accumulation. The warranty will be voided if any modification or attachment is made to the rafter(s). The fabric will wear/tear should any object be placed between the rafter and fabric, voiding the warranty.

The warranty will only be applicable to the repair or replacement of defective materials. UltraShade reserves the right, in cases where certain fabric colors have been discontinued, to offer the customer a choice of available colors to replace the warranted fabric of the discontinued color. UltraShade does not warrant any particular color will be available for any period of time, and reserves the right to discontinue any color for any reason, without recourse by the owner of the discontinued fabric color.

NOTE: ShadesureTM fabric warranties cover fabric tops up to 40' in length.
Fabric tops over 40' in length are covered by a non-prorated 5-year warranty.
UltraShade warranties its sewing thread for a period of 8 years.
The thread will be free from defects in material/workmanship and will not be damaged by exposure to the sunlight, weather or water.

All labor for the removal, assembly and/or freight will be for the customer's account and the warranty will only be applicable to the repair or replacement of the defective material.

In the event of a claim of defect in materials, UltraShade shall be placed on notice of defect in writing, delivered to UltraShade at the address indicated below, within 30 calendar days from discovery of the defect. No later than 30 days from the date of receipt of the notice, UltraShade will determine whether to repair or to replace defective materials. UltraShade, disclaims all other warranties, expressed or implied, including any supplementary materials required for the shade installation.

ULTRASHELTER

UltraShelter warrants that the shelter sold will be free from defects in materials under intended use for a period of 10-years from the date of delivery. UltraShelter and its suppliers will be liable for repair or replacement of materials found to be defective. The repair or replacement of materials shall be at the expense of UltraShelter.

This warranty is in effect only if the structure has been assembled and installed in accordance with UltraShelter's installation drawings, and has been subjected only to normal intended use and exposure. Pre-finished metal roof surfaces, performance shall be the responsibility of the metal finisher. UltraShelter assumes no warranties with regard to finish durability.

UltraShelter shall not be responsible for delays due to missing, stolen, or non-conforming parts. Any rework/retro-fit of non-conforming parts must be authorized by UltraShelter. This limited warranty is void if any damage has resulted from abnormal use, abuse, accident, vandalism, maintenance or lack of maintenance, misapplication, service, or modification by someone other than UltraShelter, authorized dealers, or authorized installers.

This limited warranty excludes color fading of structure within 10 miles of any area retaining salt water. Any replacement part issued during original warranty period is warranted for the remaining original warranty period or 6 months, whichever is longer. In the event of a claim of defect in materials, UltraShelter shall be placed on notice of defect in writing, delivered to UltraShelter at the address indicated below, within 30 calendar days from discovery of the defect. No later than 30 days from the date of receipt of the notice, UltraShelter will determine whether to repair or to replace defective materials. UltraShelter, disclaims all other warranties, expressed or implied, including any supplementary materials required for the shelter installation.

ACTIONFIT PRODUCTS

UltraSite offers 10-year limited warranty on steel posts, stainless steel posts, welds, bars and metal accessories excluding cycle parts, and cosmetic damage or defects. A 5-year limited warranty on Stainless damper module and aluminum cycle cover, with the exclusion of cosmetic damage or defects. 2-year limited warranty on Bearings, damper, plastics, rubber parts, and some cycle parts including pedal and shaft, with the exclusion of cosmetic damage or defects. 1-year limited warranty on Rib belt of cycle, with the exclusion of cosmetic damage or defects.

ALL OTHER PRODUCTS

UltraSite offers 1-year limited warranty on all other products.

For the purpose of this warranty, *lifetime* encompasses no specific term of years, but rather that Seller warrants to its original customer for as long as the original customer owns the Product and uses the Product for its intended purpose that the Product and all parts will be free from defects in material and manufacturing workmanship.

UltraSite excludes from these warranties the cost to remove parts and reinstall replacements; replacement due to cosmetic defects or coating deterioration caused by climatic conditions; and wood replacement resulting from twisting, warping, checking, shrinking, swelling or other natural physical properties of wood.
To the extent permitted by law, these warranties are expressly in lieu of any other implied or expressed warranties or representation by any person, including any implied warranty of merchantability or fitness. These warranties provide valuable rights to you.
No Sales Representative can modify or amend the terms of this warranty.

CANCELLATIONS AND RETURNS

Cancellations are only accepted with approval of UltraSite. No merchandise shall be returned without a Return Goods Authorization number which is issued by customer service. Any authorized merchandise must be carefully packed and received in saleable condition. A restocking charge of up to 25% will be applied to all returned goods and 50% charge will be applied to all the UltaShade and UltraShelter products when the error is not the fault of UltraSite. All returns must be shipped freight prepaid.

EXCLUSION

The guarantee excludes vandalism, improper use, product alterations, misuse, negligence, accident, theft, corrosion caused by chemicals, ice or snow damage and acts of God.

UltraSite

UltraSite Warranty Created 1.2017

Warranty Statement

Warranty

Fountain People, Inc. shall warrant all properly installed and maintained Water Odyssey™ equipment (excluding consumables) for a period of one year from date of shipment, unless otherwise qualified, below. For systems with a factory start-up, the warranty shall extend for 18 months from date of shipment or one year from date of start-up, whichever comes first. Fountain People, Inc, at its option, shall replace or repair any materials, components, or workmanship found to be defective, within the warranty period when returned to the factory, freight prepaid. No equipment or parts may be returned to Fountain People, Inc. for repair or replacement without a factory issued RMA (Return Material Authorization).

Special Provisions

The following equipment shall be warranted for the terms noted when properly installed and maintained:

Structural Pipe: Stainless steel pipe and anchor bases used in the fabrication of Water Odyssey™ play equipment shall be warranted against structural failure for a period of 25 years.

Finish Coating: Shall be warranted for a period of 2 years against peeling or fading under normal environmental conditions.

ColorCast™ Accents: Shall be warranted for a period of 2 years against fading or cracking under normal environmental conditions.

Nozzles: Brass or stainless steel, 5 Years. PVC nozzles, 2 years.

Polyurethane Components (including Fun Forms™) shall be warranted for a period of 2 Years.

Water Odyssey™ Dynamic Sequencing Control Module 02-6210, Valve Boxes and Fiberglass Components shall be warranted against defects for a period of 3 years. All DSC Controller components, other than the 02-6210 module, are warranted for 1 year.

UV Disinfection Units Manufactured by ETS/ATG UV (excluding consumables) shall be warranted for a period of five (5) years after commencement of operation providing that the owner has entered into a service agreement with a factory trained and certified representative to annually (during the warranty period) service the unit as outlined in the Basic Operator's Guide using original manufacturers parts.

Exclusions

This warranty does not include damage resulting from lightning, vandalism, improper maintenance, operator error, Acts of God, failure to comply with codes of the jurisdiction having authority, or other conditions beyond the control of Fountain People, Inc. Nor does this warranty cover labor, freight charges, or incidental materials required to implement repairs. Fountain People, Inc. shall not be held liable for damage to other equipment or materials, or loss of time, profits, or any inconvenience, directly or indirectly, resulting from the failure of equipment or materials furnished by Fountain People, Inc. Fountain People, Inc. will not accept liability for any costs associated with the removal or replacement of equipment in difficult-to-access locations. These extraordinary costs shall be the responsibility of the customer, regardless of the reason necessitating removal of the product from service. This warranty may exclude damage to metals resulting from chemical control devices that use electrolysis as a means for generating chlorine or other chemicals to treat water. No other warranty, expressed or implied, exists beyond that included in this statement.

EXHIBIT F
SCOPE OF WORK

The following Scope of Work is an Exhibit to and is incorporated into the Contract to provide Playground Equipment, Outdoor Fitness Equipment, Surfacing, Site Accessories and Related Products and Services (the "Contract") between the City of Charlotte and Playcore Wisconsin, Inc. d/b/a GameTime.

4. SCOPE OF SERVICES.

4.1 General Scope.

The Company shall provide various Playground Equipment, Outdoor Fitness Equipment, Surfacing, Site Accessories and Related Products and Services that meets or exceeds the following requirements to the City and Participating Public Agencies nationwide.

Participating Public Agencies may have additional specific requirements that might not be a requirement of the Lead Public Agency. The Company agrees to provide additional information or documentation to Participating Public Agencies as may be required per the Master Intergovernmental Cooperative Purchasing Agreement (between the Lead Public Agency and the Participating Public Agency).

4.2 Product Standards and Guidelines.

It is essential that all Playground Equipment, Outdoor Fitness Equipment, Site Accessories, Surfacing, and Related Products and Services be in compliance with all current and applicable Consumer Product Safety Commission (CPSC), Americans with Disabilities Act (ADA) and ADA Accessibility Guidelines (ADAAG), and ASTM Standards and other applicable laws and regulations in the state of North Carolina or in accordance with the laws and applicable purchasing policies of the State and locality where the Participating Public Agencies exists.

Manufacturers must be a member of the International Play Equipment Manufacturers Association (IPEMA) and ISO 9001 and 14001 certified. All equipment must be IPEMA Certified and meet all current American Society of Testing and Materials (ASTM), Consumer Product Safety Commission (CPSC), and IPEMA standards.

4.2.1 American Society for Testing and Materials (ASTM):

ASTM-F1487- 11	Standard Consumer Safety Performance Specification for Playground Equipment for Public use.
ASTM-F1292-13	Standard Specification for Impact Attenuation of Surface Systems within the Use Zone of Playground Equipment.
ASTM 1951-09	Standard Specifications for Determination of Surface Systems Under and Around Playground Equipment.

ASTM F2049-11	Fences/Barriers for Public, Commercial, and Multifamily Residential Use Outdoor Play Areas.
ASTM F2075	Standard Specifications for Engineered Wood Fiber for Use as a Playground Safety Surface and Around Playground Equipment.

4.2.2 Printed Handbook for Public Playground Safety (CPSC)

Equipment must meet all guidelines stated in the "Handbook for Public Safety" published by the Consumer Product Safety Commission. Copies of publication No. 325 may be obtained from U.S. Consumer Product Safety Commission, Washington, DC 20207.

4.2.3 International Play Equipment Manufacturers Association (IPEMA)

IPEMA provides third-party Product Certification services for U.S. and Canadian public play equipment and U.S. public play surfacing materials. The services provide for the validation of a participant's certification of conformance to the standards referenced above. Both certifications are administered by Detroit Testing Laboratory, Inc. For more information on certification and membership, visit IPEMA's website at: www.ipema.org.

All equipment must be IPEMA Certified. Certification must be included with your proposal submission.

4.3 Environmental Purchasing Requirements.

The Company must provide documentation of their environmental sustainability policies, measures, and initiatives with their Proposal response per Section 2.6.15 and Section 7 - U.S. Communities Requirements of this RFP.

4.4 **New Products and Services.**

New Products and Services may be added to the resulting Contract(s) during the term of the Contract by written amendment, to the extent that those Products and Services are within the scope of this RFP and include, but will not be limited to, new Product added to the Manufacturer's listing offerings, and services which reflect new technology and improved functionality. All requests are subject to review and approval of the City of Charlotte.

4.5 **Replacement Parts.**

The Company must stock replacement parts for a minimum of 15 years on all play systems and provide parts within two (2) weeks (14 calendar days) from the time an order is placed by the Participating Public Agency.

4.6 **Surfacing Material**.

Surfacing Material must meet all guidelines stated in the Handbook for Public Playground Safety, and most current versions of ASTM-F1292-13, F2075-15, F3012-14, and all other applicable ASTM standards and guidelines as certified by an independent laboratory conforming to IPEMA safety standards as identified for the playground industry.

4.7 **Installation.**

All Products provided under this Contract that require assembly and installation should be performed by the awarded manufacturers' certified installers. Company must provide the names and addresses of each certified installer/subcontractor by geographical area.

All work must be performed according to the standards established by the terms, specifications, drawings, and construction notes for each project, and meet manufacturer's specifications and industry standards. It shall be the obligation of the Installer to obtain clarification from the Project Coordinator concerning questions or conflicts in the specifications, drawings and construction notes in a timely manner as to not delay the progress of the work.

4.8 **Design.**

The Company must have the capability to recommend and design appropriate play systems/structures to fit the need of the site for age groups to be determined by Participating Public Agency. Company must provide drawings (plan and elevation) of all pertinent aspects of the play equipment and its method of connection to the work. Final playground layout drawings shall be to scale and legible and must show location of play equipment and dimensions of use zones. All designs shall indicate ADA accessible routes, and percentage of ADA accessible components.

4.9 **Project Management**.

The Company must have the ability to provide project management services to help Participating Agencies complete their projects on-time and within budget.

4.10 **Safety.**

The Company and installers or subcontractors performing services for Charlotte-Mecklenburg are required and shall comply with all Occupational Safety and Health Administration (OSHA), State and County Safety and Occupational Health Standards and any other applicable rules and regulations. The Company and subcontractors shall be held responsible for the safety of their employees and any unsafe acts or conditions that may cause injury or damage to any persons or property within and around the work site area under this contract.

4.11 **Literature and Catalogs.**

The Company will be required to furnish and/or update all price lists, listings, color charts and other literature as requested within fifteen (15) days after notification of award. All catalogs may be electronic versions.

4.12 **Warranty.**

The Company should address each of the following:

1. Applicable warranty and/or guarantees of equipment and installations including any conditions and response time for repair and/or replacement of any components during the warranty period.
2. Warranty period start date. The City desires the warranty start at the time of substantial completion.
3. Availability of replacement parts.
4. Life expectancy of equipment under normal use.
5. Detailed information as to proposed return policy on all equipment.

4.13 **Lead Time and Delivery.**

1. Company must provide a four (4) week lead time on standard product, unlimited configurations, with no up charge.
2. Deliveries may be made typically between the hours of 8:30 a.m. and 3:30 p.m., local time, on regular business days unless other arrangements have been made. Delivery location shall be stated on each purchase order issued by Participating Agencies.
3. The Company will ensure that all items are delivered fully assembled or assembled by vendor or its designated subcontractor on site as may be designated by the Participating Public Agency. The Company will assure that all items are packed in accordance with prevailing commercial practices and delivered and assembled and installed in the first class condition.
4. When the purchase order calls for delivery to a specific location (other than door delivery) the vendor will deliver in accordance with the delivery instructions provided by the Participating Public Agency and shall perform inside delivery, assembly, set in place in proper location, make ready for use and remove all debris.
5. The Company shall authorize immediate replacement of any item that has been damaged in transit.
6. If deliveries are required in the evenings or weekends, or designated holidays, special installation charges will be negotiated. It is expected that the pricing will be fair and reasonable based upon specific requirements.

4.14 **Optional Work.**
Company will be required to provide quotations on a case-by-case basis for optional related work such as, but not limited to, removal and/or reinstallation of Playground & Fitness Equipment, timbers, and fencing as may be required to provide a full turnkey solution to Participating Public Agencies.

4.15 **Material Specifications.**
Equipment material specifications may vary between cities, counties, schools and states. Each Participating Entity will provide required specifications to include, but not be limited to, acceptable material, finish, diameters, thickness, gage, and angles of all components when placing orders or as necessary.

4.16 **Additional Requirements.**
The Company may be required and agrees to comply with additional state, or local laws and policies of the individual Participating Public Agencies.

4.17 **Performance Bond.**
The Company may be required to provide a performance bond as required by Participating Public Agencies for each project as required by local or state laws and policies.

4.18 **Reports.**
The Company must maintain all records in compliance with federal and state regulations. A statistical report and an annual tabulated report must be submitted electronically to the Lead Public Agency upon request.

4.19 **Pricing.**
The Company must submit a cost proposal fully supported by data adequate to establish the reasonableness of the proposed fee. One (1) firm fixed percentage

discount off of a verifiable list price for each category (defined in Section 1.3): 1) Playground Equipment (including components, replacement parts); 2) Outdoor Fitness Equipment: 3) Site Accessories; 4) Surfacing Materials; and 5) all other related Products (Shade Structures, Skate Parks, and other categorized Products); and 6) Services offered by the Company, for the life of the contract is preferred.

Prices must include manufacturer mark up, profit, item cost and storage to allow each customer the ability to calculate and verify discount. All manufacturer price lists must be identified in the Proposal response.

Proposals must include an itemized list of any Products and Services that the Company intends to include in the Master Agreement and assume responsibility for as prime contractor, but are offered by the individual authorized distributors and not included in the Company's catalog. The list must identify the distributors name and location that offers each product and service included. The Company shall be the prime contractor and remain solely responsible for contractual performance, and reporting, per Section 2.6.7 of this RFP for any Products and Services offered by the authorized distributor.

Proposals shall not include Products and Services the Company does not intend to offer, or take responsibility for, as prime contractor.

4.19.1 Volume Discounts: Please include any volume discounts offered to the Lead Public Agency and Participating Public Agencies.

4.19.2 Rebates: Please include any rebates offered to Lead Public Agency and Participating Public Agencies..

4.19.3 Product, Design and Price Comparison.
For comparison purposes only, the Company must provide the following information for the three (3) sample playground designs included in Section 6, Form 4:

1. Cost breakdown of all components using proposed discounts and list prices;
2. Manufacturer Price List ID
3. Three dimensional drawings
4. Number of kids that can use the playground;
5. Total number of play components:
   - Number of ground level components
   - Number of accessible ground level components
   - Number of elevated components
   - Number of accessible elevated components
6. Play Structure Size
7. Deck Sizes
8. Diameter of Uprights
9. Color options
10. Minimum time needed from date of design to delivery of equipment.

4.20 Installation.

Company response must include a defined installation fee program. If a percentage of total dollar amounts of each order are proposed, the Company must submit one (1) fixed percentage for all installation services for all Participating Public Agencies, regardless of location, for the life of the contract.

4.21 Shipping and Delivery.

Company must include a defined shipping program with their Proposal responses. If shipping is charged separately, only the actual cost of the freight may be added to an invoice. Shipping charges calculated as a percentage of the product price **cannot be used**.

1. Unless specifically stated otherwise in the "Shipping Program" included in the Company's Proposal response, all prices quoted must be F.O.B. destination with freight prepaid by the Company.
2. Additional costs for expedited deliveries may be added.
3. Selection of a carrier for shipment will be the option of the Participating Public Agency paying for said shipping.

4.22 Price Adjustments.

All proposed pricing shall remain firm through December 31, 2017. Company may request price increases for consideration at least sixty (60) days prior to each anniversary of the Contract effective date. All requests must be submitted in writing to City of Charlotte Procurement Management along with documentation of bona fide materials and labor increases for the cost of Products. No adjustments shall be made to compensate a Company for inefficiency in operation or for additional profit. Price decreases shall be accepted at any time during the term of the contract.

4.23 References.

Proposals must include a minimum of five (5) customer references (see Section 6, Form 7) that Company has provided products and services similar to those outlined in this RFP.

4.24 Prevailing Wages.

Company must comply with the prevailing wage requirements of each state. Please include any exceptions to this requirement in your proposal response, per Section 2.6.12 of the RFP.

EXHIBIT G
U.S. COMMUNITIES ADMINISTRATIVE AGREEMENT

The following U.S. Communities Administrative Agreement is an Exhibit to and is incorporated into the Contract to provide Playground Equipment, Outdoor Fitness Equipment, Surfacing, Site Accessories and Related Products and Services (the "Contract") between the City of Charlotte and Playcore Wisconsin, Inc. d/b/a GameTime.

STATE OF NORTH CAROLINA
COUNTY OF MECKLENBURG

FIFTEENTH AMENDMENT TO THE AGREEMENT TO PROVIDE PLAYGROUND AND OUTDOOR FITNESS EQUIPMENT, SITE ACCESSORIES, SURFACING, AND RELATED PRODUCTS AND SERVICES

THIS FIFTEENTH AMENDMENT TO THE AGREEMENT TO PROVIDE PLAYGROUND AND OUTDOOR FITNESS EQUIPMENT, SITE ACCESSORIES, SURFACING, AND RELATED PRODUCTS AND SERVICES (this "Fifteenth Amendment") is made and entered into this 22 of December 2023, by and between Playcore Wisconsin, Inc., dba GameTime an Alabama corporation doing business in North Carolina (the "Company"), and the City of Charlotte, a North Carolina municipal corporation (the "City").

Statement of Background and Intent

A. The City of Charlotte and the Company entered into an Agreement for Playground and Outdoor Fitness Equipment, Site Accessories, Surfacing, and Related Products and Services dated July 1, 2017 (the "Contract") pursuant to which the Company agreed to provide Playground and Outdoor Fitness Equipment, Site Accessories, Surfacing, and Related Products and Services for the City of Charlotte.

B. The parties amended the Contract on January 1, 2018, to incorporate unit price adjustments and freight rate adjustments.

C. The parties amended the Contract on July 1, 2018, to incorporate unit price adjustments due to tariffs on steel and aluminum.

D. The parties amended the Contract on September 1, 2018, to incorporate federal contract terms and conditions.

E. The parties amended the Contract on January 1, 2019, to incorporate unit price adjustments and freight rate adjustments.

F. The parties amended the Contract on April 1, 2019, to incorporate new products and pricing.

G. The parties amended the Contract on January 1, 2020, to incorporate unit price adjustments and freight rate adjustments.

H. The parties amended the Contract on January 1, 2021, to incorporate new products, unit price adjustments, and freight rate adjustments.

I. The parties amended the Contract on March 16, 2021, to incorporate a 4.7% material surcharge.

J. The parties amended the Contract on May 17, 2021, to incorporate a 5.3% material surcharge.

K. The parties amended the Contract on July 14, 2021, to incorporate a 5% material surcharge.

L. The parties amended the Contract on December 1, 2021, to add new Products and Services and to incorporate the 2022 Master Price List and Freight Rate Schedule.

M. The parties amended the Contract on July 1, 2022, to extend the Term of the Contract by the first of two (2) two-year renewal terms and to incorporate certain other changes.

N. The parties amended the Contract on December 5, 2022, to add new Products and Services and to incorporate the 2023 Master Price List and Freight Rate Schedule, the 2022 Network of Distributors, and incorporate certain other changes.

O. The parties amended the Contract to extend the Term of the Contract by the second of two (2) two-year renewal terms and to incorporate certain other changes.

P. The parties now desire to amend the Contract to add new Products and Services and incorporate the 2024 Master Price List and Freight Rate Schedule and incorporate certain other changes.

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained herein, the parties hereby agree to the following:

A G R E E M E N T

1. The terms of the Contract are restated by and incorporated into this Fifteenth Amendment by reference.
2. Defined terms used in this Fifteenth Amendment shall have the same meaning as are assigned to such terms in the Contract.
3. The Pricing Sheets in Exhibit A of the Contract are hereby replaced in their entirety to the adjustments in the 2024 Master Price List which are attached hereto as Exhibit A.2.
4. The Freight Rate Schedules in Exhibit D of the Contract are hereby replaced in their entirety to the adjustments in the 2024 GameTime OMNIA Contract Freight Rates which are attached hereto as Exhibit D.2.
5. Except to the extent specifically provided above, this amendment shall not be interpreted or construed as waiving any rights, obligations, remedies, or claims the parties may otherwise have under the Contract.
6. In all other respects and except as modified herein, the terms of the Contract shall remain in force and effect.

[Signature Page Follows]

IN WITNESS WHEREOF, and in acknowledgment that the parties hereto have read and understood each and every provision hereof, the parties have caused this Fifteenth Amendment to be executed as of the date first written above.

GAMETIME POLICIES

Specifications: Specifications were current at the time of publication. GameTime has an ongoing policy of product improvement and therefore reserves the right to modify specifications or discontinue products without notice.

Terms of sale: To governmental agencies and tax supported institutions, and those with approved credit, payment is due 30 days from the date of invoice. A 1.5% per month finance charge will be imposed on all past due accounts. We also accept payment by VISA, MasterCard or American Express. All other orders will require a 50% deposit at time of order entry. The balance will be due with a certified check upon receipt of shipment (C.O.D.).

Prices: Prices are F.O.B. factory and do not include freight charges. All prices were current at time of publication and quoted in U.S. Funds. Prices are subject to change without notice. Current prices will apply at the time of shipment. Due to the abnormally high cost of fuel and its impact on many of the materials used in our industry, quotations are valid for 30 days only and prices may be subject to material and fuel surcharges at time of shipment.

Freight charges: Freight charges are determined and collected by the carrier unless GameTime is requested and agrees to prepay and add these costs to the invoice.

Taxes: If applicable, taxes will be added to the invoice except when a tax exempt certificate is provided with the purchase order at the time of order entry.

Minimum Order: Our minimum order is US $50.00.

Order cancellation: Once accepted, orders can be canceled only with the consent of GameTime, and on terms which will indemnify GameTime against loss. Canceled orders will be subject to a restocking fee. Equipment “built-to-order” is non-cancelable.

Domestic shipments: Unless specifically given routing instructions on the purchase order, shipment will be made via the carrier we consider to be the most economical and practical in reaching the final destination.

Delays in transit: GameTime is not responsible for delays in transit and such delays shall not alter our invoicing terms.

Loss or damage in transit: GameTime is not responsible for loss or damage in transit. Carefully check all materials received; any shortage, discrepancy or damage must be noted on the delivery receipt and signed by the carriers representative. Failure to note exceptions on the delivery receipt may impair your right to recovery from the car-

Weights: All published weights are estimated and include appropriate packing materials. Actual weights may vary slightly.
