CONSENT AGENDA
(Public Comment on Consent Agenda Items is permissible prior to voting)

1. **Approval of the March 14, 2024, Village Council Regular Meeting:** Motion the approval of the March 14, 2024, Village Council Regular Meeting Minutes.
   Staff: Kimberly Wynn, Village Clerk

2. **Appointments to the Planning and Zoning Advisory Board:** Approve the reappointment of Regular Member Johnnie Tieche and Regular Member Kim Gehrman to the Planning & Zoning Board to serve a three (3) year term that ends on May 14, 2027.
   Staff: Kimberly Wynn, Village Clerk

3. **Appointments to the Library Advisory Board:** Approve the reappointment of Regular Member Michelle Dunlap and Regular Member Leonre Dirienzo to the Library Advisory Board to serve a three (3) year term that ends on May 14, 2027.
   Staff: Kimberly Wynn, Village Clerk

4. **Purchase Agreement - Financial Sustainability Modeling Services Software - Finance (FY24 - ARPA Funded) - Raftelis:** Motion to approve a Purchase Agreement with Raftelis in the amount of $65,505 to prepare a ten-year financial forecast for the General Fund, Community Redevelopment Agency (CRA) and Stormwater Fund to generate a financial sustainability analysis model. Funding to support the project is from several individual accounts: General Fund $29,028; CRA $5,313, Stormwater $20,478 and Water and Sewer $10,688. The funds will be reimbursed with ARPA funds.
   Staff: Rebecca Morse, Chief Financial Officer

5. **Purchase Agreement - Budgeting Software (FY2024 General Funds - Finance) - ClearGov:** Motion for approval of a Purchasing Agreement with ClearGov for $29,900 the first year, then a multiplier of 3% annually for three years. The budgeting software will include personnel, operating, and capital budgeting, a digital budget book and a transparency module. The term of the Purchase Agreement is October 1, 2024, until September 30, 2027.
   Staff: Rebecca Morse, Chief Financial Officer

6. **Approval of Davis Road Stormwater Improvements Project (Task Order No. 291) - Invitation to Bid (ITB No. 2024B-004) - Public Works Department (FY 2024 Budget Funded Stormwater Enterprise Fund - ARPA) - Rosso Site Development, Inc.:** Motion for the approval to award (ITB No. 2024B-004 [TO No. 291]) to Rosso Site Development, Inc. for $1,710,874.13 to improve the stormwater system around Davis Road between Canal 11 and 10th Avenue North. Funding for the Davis Road Stormwater Improvements project (TO No. 291) is available within the FY 2024 - Stormwater Enterprise Fund / ARPA Fund.
   Staff: Jimmie Johnson, Utilities Director

7. **Resolution 2024-14 Florida Urban and Community Forestry Grant Application**

- (Public Works Department) - Florida Department of Agriculture and Consumer Services Tree Canopy at Greenbrier Drive Entryway Beautification Project: for the Florida Urban and Community Forestry Grant Application, which is submitted by the Public Works Department. The grant application is for the Tree Canopy at Greenbrier Drive Entryway Beautification Project. The resolution seeks approval to submit the grant application to the Florida Department of Agriculture and Consumer Services, requesting a sum of $75,000. The funds will be used for the installation of approximately twenty-three trees to beautify the Greenbrier Drive Entryway.

Staff: Felipe Lofaso, Public Works Director

8. **Amendment No. 8 to Agreement - Document Storage and Inventory Management Modules Utilities Department (FY 2024 Budget - Water & Sewer Enterprise Fund) - Tyler MUNIS Technologies:** Motion for the approval of Amendment No. 8 to Agreement with Tyler MUNIS Technologies for $28,326 for the implementation and equipment costs associated with the addition of the Inventory Management and Document Storage modules. Funding to support this project is available from the FY24 Water and Sewer Fund.

   Staff: Paul Ward, Assistant Director of Utilities

9. **Resolution No. 2024-04 - Interlocal Agreement - Wastewater Service and Wastewater Facilities Cost Sharing - Amendment 1 - Utilities Department:** Motion for the approval of Resolution 2024-04 of an Interlocal Agreement between the City of Lake Worth Beach and the Water and Sewer Enterprise Fund. The agreement provides wastewater service and facilities cost-sharing services from September 30, 2023, until September 30, 2033, with two renewal options. Resolution No. 2024-04 continues from February 8, 2024, Village Council Regular Meeting.

   Staff: Paul Ward, Assistant Director of Utilities

10. **Work Authorization No. 1 - Valve Replacement at Main Water Treatment Plant (WTP) - Utilities (FY 2024 - Water and Sewer Fund) - Hinterland Group:** Motion to approve Work Authorization No. 1 with Hinterland Group in the amount of $88,510.00 to replace two (2) valves at the Main Water Treatment Plant (WTP) utilizing a Piggyback agreement with City of Lake Worth Beach. Funding to support purchases under this proposal is available within the FY 2024 - Water and Sewer Fund.

    Staff: Paul Ward, Assistant Director of Utilities

11. **Authorize Emergency Repair - Force Main Repair L-9 Canal - Utilities (FY 2024 Budget - Water & Sewer Enterprise Fund):** Motion to ratify an emergency purchase for repairs was initiated on February 20, 2024, when the village's force main broke and wastewater spilled into the L-9 canal. Hinterlang Group, Inc. was hired for repairs and cleanup, costing $351,712.51. Funding to support the emergency purchase is available from the FY 2024 Budget - Water & Sewer Enterprise Fund.

Staff: Paul Ward, Assistant Director of Utilities

12. **Approval of Kudza Road Lift Station Emergency Generator Project Award (Task Order No. 317) - Invitation to Bid (ITB No. 2024B-002) - Utilities Department (FY 2024 Budget Funded - Water & Sewer Enterprise Fund) - Hinterland Group Inc:** Motion for the approval to award (ITB No. 2024B-002 - TO No. 317) to Hinterland Group, Inc. for $508,000.00 to incorporate an emergency generator at the Kudza Road Lift Station. Funding for the Kudza Road Lift Station Emergency Generator project (TO No. 317) is available within the FY 2024 – Water & Sewer Enterprise Fund.
    Staff: Jimmie Johnson, Utilities Director

13. **Approval of Surficial Wellfield No. 12 Rehabilitation (Task Order No. 332) – Work Authorization No. CDU-U01 - Utilities Department (FY 2024 - Water & Sewer Enterprise Fund) - Centerline Drilling, Inc.:** Motion for the approval to award a piggyback contract to Centerline Drilling, Inc. for $59,801.28 to perform the rehabilitation of Well No. 12 work. Funding for the Well No. 12 Rehabilitation project (TO No. 332) is available within the FY 2024 - Water & Sewer Enterprise Fund.
    Staff: Jimmie Johnson, Utilities Director

14. **Pour in Place Foundation Foxtail Palm Park (Task Order No. 345) - Cooperative Purchasing Agreement off Omnia Partners Contract with City of Charlotte - Parks and Recreation Department (FY 2024 Funded - General Fund) – Playcore Wisconsin, Inc. dba GameTime:** Motion to approve an Agreement with Playcore Wisconsin, Inc. dba GameTime for $114,737.50 from the Omnia Partners Contract (Playground and Outdoor Fitness Equipment, Site Accessories, Surfacing, and Related Products and Services) through the cooperative purchasing process for the installation of new playground surfacing at Foxtail Palm Park, 3981 Park Lane Road. Funding to support the demolition and preparatory foundation was approved in the FY 2024 General Fund Budget.

VILLAGE COUNCIL COMMENTS

ADJOURNMENT

NEXT MEETING
THURSDAY, MAY 9, 2024, AT 6:30 PM

Village of Palm Springs

Title VI/Nondiscrimination Policy

I. Policy Statement:

The Village of Palm Springs values diversity and welcomes input from all interested parties, regardless of cultural identity, background, or income level. Moreover, the Village believes the best programs and services result from careful consideration of the needs of all its communities and when those communities are involved in the decision-making process. The Village does not tolerate discrimination in any of its programs, services, or activities. Pursuant to Title VI of the Civil Rights Act of 1964 and other federal and state authorities, the Village will not exclude from participation in, deny the benefits of, or subject to discrimination anyone on the grounds of race, color, national origin, sex, age, disability, religion, or family status.

II. Persons with Disabilities:

Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990 (ADA) and related federal and state laws and regulations forbid discrimination against those who have disabilities. These laws require federal-aid recipients and other government entities to take affirmative steps to reasonably accommodate those with disabilities and ensure that their needs are equitably represented.

The Village will make every effort to ensure that its facilities, programs, services, and activities are accessible to those with disabilities. The Village will also make every effort to ensure that its advisory committees, public involvement activities and all other programs, services and activities include representation by communities with disabilities and disability service groups.

The Village encourages the public to report any facility, program, service, or activity that appears inaccessible to those who are disabled. Also, the Village will provide reasonable accommodation to individuals with disabilities who wish to participate in public involvement events or who require special assistance to access facilities, programs, services, or activities. Because providing reasonable accommodation may require outside assistance, the Village asks that requests be made at least three (3) business days prior to the need for accommodation. Questions, concerns, comments, or requests for accommodation should be made to the Village ADA Officer:

Name: Ashley Saingilus, Human Resources Director
Address: 226 Cypress Lane, Palm Springs, FL 33461
Email: asaingilus@vpsfl.org
Phone: (561) 584-8200 Ext. 8421

III. Complaint Procedures:

The Village has established a discrimination complaint procedure and will take prompt and reasonable action to investigate and eliminate discrimination when found. Any person who believes that he or she has been subjected to discrimination based upon race, color, national origin, sex, religion, age, disability or family status in any Village program, service or activity may file a complaint with the Village Title VI/Nondiscrimination Coordinator:

Name: Janette Piedra, Human Resources Manager
Address: 226 Cypress Lane, Palm Springs, FL 33461
Email: jpiedra@vpsfl.org
Phone: (561) 584-8200 Ext. 8422

MINUTES, COUNCIL CHAMBERS
226 CYPRESS LANE VILLAGE OF PALM SPRINGS, FLORIDA
MARCH 14, 2024 AT 6:30 PM

CALL TO ORDER

Mayor Bev Smith called the Village Council Regular Meeting to order at 6:30 PM.

ROLL CALL

Present: Mayor Bev Smith, Vice-Mayor Joni Brinkman, Mayor Pro Tem Patti Waller, Council Member Kim Schmitz, and Council Member Gary M. Ready

Absent: None

Also Present: Village Manager Michael Bornstein, Village Attorney Christy Goddeau, Village Clerk Kimberly M. Wynn, Assistant Village Manager Kim Glas-Castro, Police Chief Tom Ceccarelli, as Sergeant-In-Arms, Planning, Zoning, and Building Director Iramis Cabrera, Utilities Director Jimmie Johnson, Assistant Utilities Director Paul Ward, Public Works Director Felipe Lofaso, Assistant Public Works Director Timothy Crespo, Assistant Parks and Recreation Director/Communications Lauren Bennett and Multi-Media Specialist Ben Kerr.

INVOCATION

The Village Manager, Mr. Bornstein, gave the invocation.

PLEDGE OF ALLEGIANCE

The Village Council led in the invocation.

ADDITIONS, DELETIONS OR MODIFICATIONS, AND APPROVAL OF AGENDA

There were no Additions, Deletions, or Modifications to the Agenda.

Council Member Ready motioned to approve the Agenda as presented, and Mayor Pro Tem Waller seconded the motion. The said motion carried 5-0.

CONSENT AGENDA

Vice-Mayor Brinkman motioned to approve the Consent Agenda, and Council Member Schmitz seconded. The said motion carried 5-0.

1. **Resolution No. 2024-04 - Interlocal Agreement - Wastewater Service and Wastewater Facilities Cost Sharing - Amendment 1 - Utilities Department:** Motion for the approval of Resolution 2024-04 of an Interlocal Agreement between The City of Lake Worth Beach and the Water and Sewer Enterprise

DRAFT

Fund. The Agreement provides wastewater service and facilities cost-sharing services from September 30, 2023, until September 30, 2033, with two renewal options. *(STAFF HAS REQUESTED THAT THIS ITEM BE MOVED TO APRIL 11, 2024, VILLAGE MEETING)*
Staff: Kimberly Wynn, Village Clerk

SUMMARY: The Utilities Department is requesting the Village to renew an Interlocal Agreement with The City of Lake Worth Beach to provide wastewater service and wastewater facilities cost-sharing services. The Village has been in an Interlocal Agreement for these services for ten (10) years.

The original Interlocal Agreement between the City of Lake Worth Beach and the Village went into effect on March 27, 2013, and expired on September 30, 2023. The City of Lake Worth Beach has proposed the attached first amendment to the existing Agreement, which the Lake Worth Sub-Regional Board reviewed during meetings on November 8, 2023, and December 13, 2023.

If approved, the Agreement will commence for a ten (10) year term, retroactively commencing on September 30, 2023, and expiring on September 30, 2033, with two (2) additional ten (10) year renewal options remaining.

The amended Agreement includes the following changes that take effect during the 2024-2025 fiscal year.

- The Capital/Repair & Restoration Reserve Fund has been tentatively set at $2,500,000.00 by the board and shall be reviewed annually during budgeting.
- In case of emergency repairs to the shared wastewater collection system, a Catastrophic Fund will be established with a balance of $1,000,000.00 and reviewed annually during budgeting.

The proposed Interlocal Agreement was prepared by the Village Attorney and reviewed by the Lake Worth Sub-Regional Board, Assistant Utilities Director, and Utilities Director.

Fiscal Impact: Funds to support the proposed Interlocal Agreement are available within the FY 2024 Budget - Water & Sewer Enterprise Fund.

2. **February 8, 2024, Village Council Regular Meeting Minutes:** Motion for the approval of February 8, 2024, Village Council Regular Meeting Minutes.
   Staff: Kimberly Wynn, Village Clerk

3. **Professional Services Agreement of Code Enforcement Special Magistrate Ms. Diane James- Bigot (FY-24 Legal - Other Professional Services):** Motion to approve the Professional Services Agreement of Code Enforcement Special Magistrate Ms. Diane James-Bigot with Law Offices of Diane James-Bigot for the amount of two hundred and ten dollars ($210.00) per hour. The Agreement is for

three (3) years, with three, one-year extensions. The Village Manager may carry out the extensions on behalf of the Village.
Staff: Kimberly Wynn, Village Clerk

SUMMARY: Ms. Diane James-Bigot, from the Law Offices of Diane James-Bigot, has been serving as the Village's Special Magistrate since April 11, 2019.

The Village is proposing to pay Ms. James-Bigot for her services as the Code Enforcement Special Magistrate at $210.00 per hour. However, Ms. James-Bigot will not charge for travel time to and from hearings.

The Village is requesting the reappointment of Ms. James-Bigot to provide alternate Special Magistrate services for three (3) years with three (3) one (1) year extensions. The Village Manager can exercise renewing the extensions on behalf of the Village.

Please note that according to Section 58-2 of the Village's procurement code, the selection of the Special Magistrate is exempt from the competitive selection purchase requirements.

The proposed Agreement has been prepared by the Village Attorney and reviewed by the Village Clerk.

Per Section 58-2. Exempt Purchases within the Village's procurement code, selection of the Special Magistrate is considered exempt from the competitive selection purchase requirements.

Fiscal Impact: Funding to support the Professional Services Agreement is available from Legal-Other Professional Services.

4. **Professional Services Agreement of Code Enforcement Special Magistrate Mr. William P. Doney - (FY-24 Legal - Other Professional Services):**
Motion to approve the Professional Services Agreement of Code Enforcement Special Magistrate William P. Doney with Caldwell Pacetti Edwards Schoech & Viator, LLP for the amount of two hundred and ten dollars ($210.00) per hour. The Agreement is for three (3) years, with three, one-year extensions. The Village Manager may carry out the extensions on behalf of the Village. Funding to support the Professional Services Agreement is available from Legal-Other Professional Services.

Staff: Kimberly Wynn, Village Clerk

SUMMARY: Mr. William Doney, associate with Caldwell Pacetti Edwards Schoech & Viator, LLP has served as the Village's Alternate Special Magistrate since October 8, 2015. If Mr. Keith David, Special Magistrate (appointed December 8, 2022), cannot perform his duties on scheduled hearing days, Mr. Doney will serve as the Village's Special Magistrate.

DRAFT

If approved, the Village would agree to compensate Mr. Doney as the Code Enforcement Alternate Special Magistrate for services provided in the amount of two hundred and ten dollars ($210.00) per hour. The Alternate Special Magistrate shall not charge for travel time to and from hearings.

Staff requests the re-appointment of Mr. Doney as an alternate to provide Special Magistrate Services to the Village for three years with three (1) one (1) year extensions. The Village Manager may exercise renewals on behalf of the Village.

Note: Under Section 58-2. Exempt Purchases within the Village's procurement code, selection of the Special Magistrate is considered exempt from the competitive selection purchase requirements. The proposed Agreement was prepared by the Village Attorney and reviewed by the Village Clerk.

Fiscal Impact: Funding to support the Professional Services Agreement is available from Legal - Other Professional Services.

5. **Resolution No. 2024-10 - Interlocal Agreement - Congress Avenue Sanitary Sewer Force Main Project - Palm Beach County:** Motion for the approval of an Interlocal Agreement with Palm Beach County for Congress Avenue Sanitary Sewer Improvements in the Community Redevelopment Agency (CRA) District. The Village and County will share the cost for the project.
Staff: Kimberly Glas-Castro, Assistant Village Manager

SUMMARY: Village and CRA staff have been coordinating with Palm Beach County on concept designs for the extension of a sanitary sewer along Congress Avenue, north of Forest Hill Boulevard. Village Engineer, Holtz Consulting Engineers (Holtz), prepared three (3) drafts of the Basis of Design Report (BODR) for the sewer force main(s) design, which was finalized in August, 2023. The total costs of the proposed project to serve the Congress Avenue CRA district, generally north of Forest Hill Boulevard, are estimated at $7.9 million, which is more than double the original estimate prepared in 2019. As a result, Holtz included in the final report a “Phase 1” that meets the initial $3 million project estimate.

The proposed project is a partnership with Palm Beach County to facilitate redevelopment in the Congress Avenue District of the CRA. The lack of sanitary sewer was outlined in the Finding of Necessity Report for the CRA as one of the factors contributing to blight in the area, and limiting redevelopment potential. The CRA Community Redevelopment Plan identifies the sanitary sewer project as a priority for the corridor.

Village/CRA staff and Palm Beach County staff are proposing an Interlocal Agreement for Village/CRA-County Partnership based on the $3 million Phase 1 concept. The Interlocal Agreement provides for the following:

DRAFT

- The Village, and its engineers, will take the lead in the project and oversee the finalization of construction plans, hire the contractors and oversee the construction. The Village and County will share the costs of the project, up to $1.5 million each.
- The Village may utilize (piggyback) County contractors to install the improvements.
- The County will reserve sewer capacity (projected flow plus 25% buffer) to serve future redevelopment of the Congress Avenue corridor.

If approved, it is estimated that the finalization of construction plans, based on the BODR concept design, will take approximately six (6) months from the date surveying is complete, and construction is estimated to take approximately sixteen (16) months following the Notice to Proceed.

The proposed Interlocal Agreement has been prepared by the Village Attorney and reviewed by the Palm Beach County Attorney, Water Utilities Director, and Assistant County Administrator.

Fiscal Impact: The Village/CRA has budgeted $1.5 million for its portion of the project costs for Phase 1. The Village will not expend more than the amount within the approved budget as it may be adopted/amended each year for these goods and services over the term of this Agreement.

6. **Work Authorization No. HE-CRA2 - Congress Avenue Sanitary Sewer Force Main Project - Task Order No. 305 (FY24 Budget funded - CRA / General Fund) - Holtz Consulting Engineers:** Motion to approve Work Authorization HE-CRA2 with Holtz Consulting Engineers (Holtz) in the amount of $420,270 for professional engineering services related to the final design and construction oversight of the Congress Avenue Sanitary Sewer project (Task Order No. 305). Staff: Kimberly Glas-Castro, Assistant Village Manager

SUMMARY: The Palm Springs Community Redevelopment Agency (CRA) is requesting approval of Work Authorization HE-CRA2 with Holtz Consulting Engineers (Holtz) for professional engineering services related to the final design and construction oversight of the Congress Avenue Sanitary Sewer project (Task Order #305).

The proposed project is a partnership with Palm Beach County to facilitate redevelopment in the Congress Avenue District of the CRA. The lack of sanitary sewer was outlined in the Finding of Necessity Report for the CRA as one of the factors contributing to blight in the area, and limiting redevelopment potential. The CRA Community Redevelopment Plan identifies the sanitary sewer project as a priority for the corridor.

DRAFT

Upon execution of the Interlocal Agreement with Palm Beach County pertaining to the shared funding of the sanitary sewer force main effort, Holtz will proceed with the coordination of surveying and geotechnical investigations necessary to finalize the construction plans, which are based on a Basis of Design Report completed in August 2023. It is estimated that the finalization of construction plans, based on the BODR concept design, will take approximately six (6) months from the date surveying is complete, and construction is estimated to take approximately sixteen (16) months following the Notice to Proceed.

Note: The Village/CRA will utilize County contractors familiar with PBCWUD construction standards via piggyback Agreement).

The Village Council is requested to approve Work Authorization HE-CRA2 (Task Order No. 305) to support all required professional engineering services and related tasks to the final design and construction of the sanitary sewer project, for a total of $420,270 over an estimated 26.5-month period.

The proposed Work Authorization HE-CRA2 was prepared by Holtz Consulting Engineers and reviewed by the Assistant Village Manager, Project Manager, and the Palm Beach County Water Utility Department Director.

Fiscal Impact: The Village/CRA has budgeted $1.5 million for its portion of the project costs for Phase 1, utilizing the general fund balance after the allocation of ARPA funds to other general services. The Village will not expend more than the amount within the approved budget as it may be adopted/amended each year for these goods and services over the term of this Agreement.

7. **Piggyback Agreement Emergency Vehicle Equipment - FY 2024 General Fund-Police Department Shyft Group Upfit Services Inc./ Strobes-R-Us:** Motion to approve a Piggyback Agreement with Broward County Sheriff's Office contract awarded to the Shyft Group Upfit Services Inc./Strobes-R-Us for $60,482.14 to purchase emergency vehicle equipment to install on four (4) 2024 Chevrolet Tahoe marked patrol vehicles and two (2) 2024 unmarked vehicles. Funding is available in the FY 2024 Budget - General Fund - Vehicles.
Staff: Thomas Ceccarelli, Police Chief

SUMMARY: The Police Department has a need to purchase and install equipment for its newly purchased vehicles to support the public safety services and activities that are provided by our Police Officers. To ensure the lowest possible price, staff is recommending that the Village continues to piggyback off the current Broward County Sheriff's Office contract awarded to the Shyft Group Upfit Services Inc./Strobes-R-Us.

This selection by the Broward County Sheriff's Office was completed through a competitive selection process – Emergency Equipment for Law Enforcement Vehicles – (RLI #23004AP – June 5th, 2023). Within the FY 2024 budget, the

Village Council approved $345,000 to be used for the purchase of six (6) police vehicles: (four marked police vehicles and two unmarked vehicles), with the associated graphics and equipment.

Through the Broward County Sheriff's Office bid, the Police Department was able to obtain a price of $60,482.14 to purchase the necessary emergency equipment and lighting to outfit the following vehicles:

- Four (4) 2024 Chevrolet Tahoe marked patrol vehicles $51,268.52
- Two (2) 2024 unmarked vehicles $9,213.62

If approved, the Village would accept Strobes-R-Us pricing by continuing to piggyback off the Broward County Sheriff's Office Invitation to Bid/ RLI #23004AP (Agreement by and between Gregory Tony, as Sheriff of Broward County, Florida and Strobes-R-Us, Inc., for Emergency Equipment for Vehicles for Broward Sheriff's Office) including all terms, conditions, and pricing therein. The term of the contract is set to expire on June 8th, 2026.

The Village will not expend more than the amount in the approved budget as it may be adopted/amended each year for these goods and services over the term of this contract.

The Village's Purchasing Code, Section 58-9 - Accessing contracts of other government agencies, provides that the Village may award a contract by piggybacking or accessing the goods and/or services from any State of Florida contract; contracts of any Florida political subdivision; or from any other governmental entity (other than the Federal government); provided that the same or substantially similar goods and/or services were competitively solicited.

Fiscal Impact: Funds to support this proposed purchase are available within the FY 2024 Budget - General Fund Allocated/ Estimated Project Funding: Amount FY 2024 Approved Budget - Vehicles - General Fund
$345,000 FY 2024.

The total vehicle equipment costs will be $60,482.14 for the purchase of emergency safety/lighting equipment for six (6) vehicles: four (4) marked and two (2) unmarked vehicles.

8. **Resolution No. 2024-06 - Adopt Revised Investment Policy:** Motion to approve Resolution No. 2024-06 that adopts a revised Investment Policy to include updates and the latest requirements of the Florida law enacted as of July 1, 2023, which includes minor changes to make the policy more up to date.
Staff: Rebecca Morse, Chief Financial Officer

DRAFT

SUMMARY: The Village updated its investment policy in February 2001, and a new update is required to include the latest requirements of Florida law enacted to F.S. as of July 1, 2023. This update also includes minor changes to make the policy more up to date.

The new policy affects how the Village invests funds, buys products and services, and works with certain vendors. It also requires financial institutions to make decisions based on each customer's unique risk factors and prohibits them from denying services based on non-quantitative factors.

Financial institutions must attest annually to comply with the new requirements, and qualified public depositories must also comply to avoid penalties. The Chief Financial Officer can verify compliance and impose penalties if necessary.

Fiscal Impact: No fiscal impact

9. **Resolution No. 2024-09 - Budget Transfer from Council Contingency FY 2024: Motion to approve Resolution No. 2024-09 for the Budget Transfer from Council Contingency in the amount of $97,340 to cover operational costs in multiple departments.**
Staff: Rebecca Morse, Chief Financial Officer

SUMMARY: Staff is requesting that the Village Council consider a $97,340 General Fund Budget Transfer from Council Contingency.

The proposed budget transfer, if approved, would amend the following department budgets based on actual and estimated cost projections through the remainder of the fiscal year:

- Administration - $4,625 to cover the Fall Employee Appreciation Luncheon, Leadership Training, and hosting the City Manager Luncheon
- Finance - $12,301 to cover the renewal of DebtBook Software services for GASB 87 and GASB 96 and provide funding for the telepresence robot
- Human Resources - $7,000 to cover HRCC consulting fees
- Library - $4,834 to cover new exterior cameras
- Special Events - $68,580 to cover the estimated cost for special events.

Additional information is available on the attached Budget

Transfer/Amendment Form. After this transfer, the Council Contingency

will have the remaining $302,660.

Fiscal Impact: This will reduce the Village Council budget by $97,340, and increase the following department budgets:

- Administration - $4,625

DRAFT

- Finance - $12,301
- Human Resources - $7,000
- Library - $4,834
- Special Events - $68,580
-

This does not impact on the total General Fund Budget.

10. **Change Order No. 1 – Lakewood Road West of Kirk Stormwater Improvements (Task Order No. 293) - Public Works Department (FY 2024 Budget Funded - Stormwater Enterprise/American Rescue Plan Act (ARPA) Funded - R & D Paving, LLC:** Motion to approve Change Order No. 1 for additional stormwater pipe replacement on Almar Road due to existing collapsing deteriorated storm pipe from structures S-12 to EX-17. If approved, the total cost of the Lakewood Road West of Kirk Stormwater Improvements within Task Order No. 293 will increase to $1,579,568.03 and 333 Days, a difference of $271,642.34 and 93 days.
Staff: Jimmie Johnson, Utilities Director

SUMMARY: On September 14, 2023, the Village Council approved Task Order No. 293 with R & D Paving, LLC, for the Lakewood Road West of Kirk Stormwater Improvements project, for $1,307,925.69.

Due to extended material lead times during the procurement process, the Village's Contractor, R & D Paving, LLC, requested an additional 70 days to be added to the contract time. This request is memorialized in R & D's Proposed Change Order (PCO) #002.

Additionally, during a pre-mobilization inspection on Almar Road, several sinkholes were noted along the north section of the stormwater drainage system where the new drainage pipe was to connect to the existing infrastructure. The Village's Project Management Team along with the Village's Engineer (DRMP, Inc.), the Public Works Director, and the Village's Contractor (R & D Paving), evaluated the condition of the existing corrugated metal pipe (CMP) and determined that the CMP has deteriorated and is failing in multiple locations. Removing and replacing the CMP from structure S-12 to EX-17 was recommended. The total cost for the additional stormwater drainage pipe is $271,642.34. An additional 23 days to complete this work has also been requested. This is memorialized in R & D's PCO #005.

The Village's contracted Contractor, R & D Paving, LLC, and the Public Works department are requesting an amendment to the contract for Task Order No. 293 (Change Order No. 1) in the amount of **$271,642.34** and an additional **93** days to the contract time for these additional services.

DRAFT

Fiscal Impact:

Item	**Contract Amount**
Original Contract Amount	$1,307,925.69.00
Original Contract Time (Days)	240 Days
CO No. 1 Contract Price Increase	*$271,642.34*
CO No.1 Additional Days	*93 Days*
Revised Contract Amount	**$1,579,568.03**
Revised Contract Time (Days)	**333 Days**

If approved, the total cost of the Lakewood Road West of Kirk Stormwater Improvements within Task Order No. 293 will increase to $1,579,568.03 and 333 Days.

Funding to support the Lakewood Road West of Kirk Stormwater Improvements project (Task Order No. 293) was provided by the Stormwater Enterprise Fund/ARPA Fund.

11. **Resolution No. 2024-05 - Community Development Block Grant (CDBG) - FY25 Annual Project - Lakewood Road Streetlight Project: Motion for the approval of Resolution No. 2024- 05, which authorizes the Mayor to sign an Interlocal Agreement with Palm Beach County. The Agreement will reimburse $125,051 from CDBG funds for the Lakewood Road Streetlight Project. This project is part of the FY25 Annual Project for Community Development Block Grant (CDBG).**
Staff: Felipe Lofaso, Public Works Director

SUMMARY: The Village of Palm Springs has been designated as an "Entitlement City" for the past 10 years, and the estimated Community Development Block Grant (CDBG) allocation for FY24/25 is approximately $125,051.00.

To comply with HUD and CDBG requirements, the Village plans to install sixteen (16) decorative solar streetlights along the south side of Lakewood Road, using the projected FY 2025 CDBG funding allocation.

This is Phase 2 of a comprehensive streetlight program, which will include the balance of Lakewood Road and the Village at large.

Under the approved Interlocal Agreement with Palm Beach County, the Village is responsible for all aspects of the project.

Project bidding and selection are expected to be completed by the end of January 2025, with installation scheduled to begin by Spring 2025 and expected completion by July 2025.

The proposed project application was prepared by the Assistant Village Manager and reviewed by the Public Works Director.

The Staff is seeking the Council's approval to enter into an Interlocal Agreement with Palm Beach County for reimbursement of $125,501.00. The reimbursement will be used to install sixteen decorative streetlights along Lakewood Road under the Village's proposed CDBG project.

Fiscal Impact: The proposed FY24 CDBG allocation for the Village is estimated to be $125,051 and is requested to be approved to support the addition of streetlights along Lakewood Road, within the Village's CDBG Target Area.

12 **Approval of Reconstruction of Surficial Aquifer Well No. 9 Project Award (Task Order No. 262) - Invitation to Bid (ITB #2024B-003) - Utilities Department (FY 2024 Budget Funded - Water & Sewer Enterprise Fund) - Florida Design Drilling, LLC.:** Motion to award ITB No. 2024B-003 - TO No. 262 to Florida Design Drilling for $1,341,275.00 to complete the reconstruction of Surficial Aquifer Well No. 9. Funding to support the Reconstruction of Surficial Aquifer Well No. 9 (Task Order No. 262) is available within the FY 2024 - Water and Sewer Enterprise Fund. An internal budget transfer or amendment to support this proposed cost above the budgeted amount will be completed within the Water and Sewer Enterprise Fund at a later date, if necessary.
Staff: Jimmie Johnson, Utilities Director

Summary: The Utilities Department has identified a need to reconstruct one (1) existing production well, Well No. 9. The work consists of reconstructing an existing production well, Well No. 9, including drilling, setting of casings and/or well screen, grouting, testing, well logging, video logging, acidization (optional), pump testing, formation water disposal system (including temporary piping and pumps), well facility disinfection, fencing, clearing and restoration of well site, new pump and motor including column pipe and appurtenances, well-head piping and appurtenances, flow meter, raw water main piping / tie-in, electrical and controls, site work and restoration.

To ensure the lowest possible price for these projects, the Village issued an Invitation to Bid (ITB No. 2024B-003) on December 21, 2023, for the reconstruction of one (1) existing production well, Well No. 9. This process was completed by the Village through a competitive selection process - Reconstruction of Surficial Aquifer Well No. 9 - (ITB No. 2024B-003) on January 23, 2024.

DRAFT

Within the Fiscal Year 2024 Budget - Water & Sewer Enterprise Fund and the Capital Improvement Plan (CIP), the Village Council approved $1,500,000.00 for the Reconstruction of Surficial Aquifer Well No. 9. As a result of the Village's ITB, the following single bid proposal was received:

Vendor	**Total Bid**
Florida Design Drilling, LLC.	$1,341,275.00

The Village's Purchasing Code - Section 58-5(4)a - Competitive Selection Purchase Requirements, provides that the Village Manager shall have the authority to reject any and all bids, proposals or other responses if he determines that it is in the best interest of the Village to do so.

After reviewing the one (1) bid received, the Village Assistant Director of Utilities, the Village Project Manager, the Village Attorney, and the Village's contracted engineer, Holtz Consulting Engineers, Inc., determined that Florida Design Drilling, LLC provided the lowest, responsible, and responsive bid. As a result, staff is requesting the Council to approve Task Order No. 262 in the amount of $1,341,275.00 to Florida Design Drilling, LLC.

If approved, the Village would accept Florida Design Drilling, LLC’s pricing including all terms, conditions and pricing as submitted within their ITB proposal. The Village will not expend more than the amount in the approved budget as it may be adopted/amended each year for these goods and services over the term of this contract.

If approved, it is estimated that the proposed Reconstruction of Surficial Aquifer Well No. 9 project is expected to be completed by April 2025.

The proposed Agreement was prepared by the Village Attorney and reviewed by the Assistant Village Manager, the Assistant Director of Utilities, the Village Attorney, the Village Project Manager, and the Finance Director.

The Village has previously worked with the proposed contractor and has received excellent service and a quality product.

Fiscal Impact: Funding to support the Reconstruction of Surficial Aquifer Well No. 9 (Task Order No. 262) is available within the FY 2024 - Water and Sewer Enterprise Fund. An internal budget transfer or amendment to support this proposed cost above the budgeted amount will be completed within the Water and Sewer Enterprise Fund at a later date, if necessary.

DRAFT

13. **Change Order No. 3 - Pratt Emergency Generator Replacement (Task Order No. 296) - Utilities Department (FY 2024 Budget Funded - Water & Sewer Enterprise Fund) - All Florida Contracting Services, LLC:** Motion to approve Change Order No. 3 to extend the contract time 106 days for completion due to the delay due of longer-than-normal lead times for the delivery of the generator, and the Contractor. The anticipated Pratt Emergency Generator Replacement Project is estimated to be complete by April 2024. An internal budget transfer or amendment to support the proposed costs above the budgeted amount will be completed within the General Fund and the Water & Sewer Fund at a later date, if necessary.
Staff: Jimmie Johnson, Utilities Director

SUMMARY: On July 7, 2022, the Village Council approved Task Order No. 296 with All Florida Contracting Services, LLC for construction services for the Pratt Emergency Generator Replacement Project for $380,200.00.

The project was originally delayed due to longer-than-normal lead times for the delivery of the generator, and the Contractor was issued an initial time extension of 226 days. The generator arrived and was installed last November, and all the work associated with it was completed.

Note: The contract initially included a steel muffler painted with high-temperature rated paint with the generator.

The Village has concerns about the long-term maintenance of the supplied muffler, which has peeling paint due to high temperatures and metal oxidation at the joints and connections, and has requested pricing to replace the current muffler with a stainless steel model. With credit for this upgrade to the existing damper, an acceptable price was submitted, approved, and processed via a change order (CO No. 2) for the stainless steel muffler. The muffler was ordered and is scheduled to be shipped sometime in March 2024. The work to replace the muffler will push the project's completion beyond the current contract date. Therefore, the Contractor requests a time extension of an additional 106 days.

The Village's contracted engineer, Holtz Consulting Engineers, Inc., and the Utilities Department are requesting an amendment to the contract for Task Order No. 296 (Change Order No. 3) to extend the project completion date by an additional 106 calendar days (bringing the total contract time from 466 days to 572 days).

If approved, the proposed Pratt Emergency Generator Replacement Project is estimated to be complete by April 2024.

Note: The original contracted work has been completed, and all payments have been made with the exemption of this additional work. The installed generator is currently in service at the plant.

DRAFT

All Florida Contracting Services, LLC submitted the proposed change order and was reviewed by the Village's Engineer, Holtz Consulting Engineers, Inc., the Assistant Village Manager, the Assistant Utilities Director, the Village Attorney, the Village Project Manager, and the Finance Director.

Fiscal Impact:
Funding to support Pratt Emergency Generator Replacement Project (Task Order No. 296) was provided by the Water & Sewer Enterprise Fund:

An internal budget transfer or amendment to support the proposed costs above the budgeted amount will be completed within the General Fund and the Water & Sewer Fund at a later date, if necessary.

End of Consent Agenda....

PRESENTATIONS

14. **Proclamation: Recognizing Florida Bicycle Month March 2024.**
Staff: Kimberly Glas-Castro, Assistant Village Manager

Mr. Bryan Ruscher, Deputy Director of Multimodal with PBC Transportation Planning Agency (TPA) representative gave comments. He commented on the bicycle month and how he bicycles from Palm Springs to West Palm Beach. Mayor Smith read the proclamation onto the record and presented it to Mr. Rauscher in celebration of the awareness event. The Assistant Village Manager, Mrs. Glas-Castro, explained that the Contractor is taking longer than expected. She talked about the expected date of completion. There was further discussion about a grant received by the Village to enhance multimodal transport like a bicycle path.

15. **Proclamation: Recognizing Irish American Heritage Month - March 2024.**
Staff: Kimberly Wynn, Village Clerk

Mr. Ben Kerr, Parks and Recreation Multimedia Specialist, played Happy Birthday on the bagpipes to honor Council Member Ready and Mayor Pro Tem Waller. Mayor Smith read the proclamation on the record and presented it to Mayor Pro Tem Waller.

PUBLIC COMMENT

Ms. Virginia Sauvietto, member of the Parent Teacher Association (PTA) talked about low parent participation at Palm Springs Middle School (PSMS). The "Lucky to Have You" special event on April 2nd. The event shows gratification to teachers for student

success. She asked for support with fundraising from the residents.

Mr. James Auld, 3380 Lakewood Circle, requested a meeting with the Village Council to discuss the Oxygen project. He is not in support of the height and the increase. There is an influx of buildings and security issues. He also has a concern about the lighting and landscaping. He spoke with the previous Village Manager, Mr. Reade (Rich) to have a wall at the location. There is additional parking on a gravel lot. The Village Manager, Mr. Bornstein, will set up a meeting.

PBC Fire Rescue Chief Speighart provided the monthly fire rescue statistics for the Village of Palm Springs along with upcoming projects for the agency. Council Member Ready asked about the disposal of helicopters. He wanted to know if the agency donated the helicopters to less fortunate Fire Rescue stations. The Fire Chief explained that the helicopters are donated to other agencies with limited resources, but Palm Beach County was the ultimate decision maker.

REGULAR AGENDA

16. **Appointment of Voting Delegate(s) to the Palm Beach County League of Cities:** Motion to appoint one voting delegate and alternatives to the Palm Beach County League of Cities to serve a one-year term as a representative of the Village of Palm Spring.
Staff: Kimberly Wynn, Village Clerk

SUMMARY: Every year, the Palm Beach County (PBC) League of Cities requests that each municipality designate a voting delegate and an alternate(s) if so desired, to vote on behalf of the Village of Palm Springs at the League of Cities general membership, special membership, and general membership functions. The appointed delegate(s) vote on official business items at membership meetings.

Currently, Mayor Smith is the voting delegate for the Village, and Vice-Mayor Brinkman, Mayor Pro Tem Waller, and Council Member Ready serve as the alternates.

The Village Council is requested to appoint a voting delegate and alternate(s) to the PBC League of Cities.

The Council reached a consensus to appoint Mayor Smith as the Voting Delegate, with each of the Council as alternates.

Fiscal Impact: There is no direct fiscal impact on the Village.

DRAFT

17. **Change Order No. 3 - Replacement of Surficial Aquifer Well No. 10 (Task Order No. 296) - Utilities Department (FY 2023 Budget Funded - Water & Sewer Enterprise Fund) - Florida Design Drilling Corp.:** Motion to approve the reconciliation of Change Order No. 3 for credits for work not performed and the time extension due to delays beyond the Contractor's control.
Staff: Paul Ward, Assistant Utilities Director

SUMMARY: On July 7, 2022, the Village Council approved Task Order No. 296 with Florida Design Drilling Corp. for construction services for the Replacement of the Surficial Aquifer Well No. 10 Project for $380,200.00.

During the initial drilling of the well, the surrounding ground around the well started settling. Stabilization efforts were attempted to continue drilling but without any success. The Contractor ultimately was directed to abandon attempts to drill well and to stabilize the surrounding ground with compaction efforts in areas of loose soil.

Note: The existing Well No. 10 was grouted in during the well drilling process of the new Well No. 10 (No. 10A) and is no longer a working well.

The Contractor salvaged some of the purchased materials (e.g., well-head, etc.) and turned those over to the Village to utilize on upcoming well projects. The Contractor performed all restoration work and credited the Village for work not performed due to the settlement issues. Also, due to the time it took to address these issues and attempt solutions, the project went over the project contract time, and therefore, the Contractor is requesting additional time lost due to these delays.

Therefore, the Village's contracted engineer, Holtz Consulting Engineers, Inc., and the Utilities department request an amendment to the contract for Task Order No. 296 (Reconciliation Change Order No. 3) in the credit amount of ($262,375.38) for construction services not performed and to extend the project completion date by an additional 586 calendar days (total contract time from 300 days to 886 days):

If approved, the total cost of the Replacement of Surficial Aquifer Well No. 10 Project within Task Order No. 296 will be decreased to $757,513.97, the total contract time will be increased to 886 days, and the new completion date for the Replacement of Surficial Aquifer Well No. 10 Project will be February 28, 2024.

Florida Design Drilling Corp. prepared the proposed Change Order No. 3, and it was reviewed by the Village's Engineer, Holtz Consulting Engineers, Inc., the Assistant Village Manager, the Assistant Director of Utilities, the Village Attorney, the Village Project Manager, and the Finance Director.

Mr. Ward introduced this item. He explained that the Village Council approved

DRAFT

Task Order No. 296 with Florida Design Drilling Corp. for $380,200. During drilling. The surrounding ground settled, and attempts to stabilize it failed. The Contractor salvaged materials and credited the Village for work not done. Due to delays, the Contractor requested an amendment to the contract for Task Order No. 296 to credit amount of ($262,375.38) and an extension of the project completion date by 586 calendar days. If approved, the total cost of the project will decrease to $757,513.97, and the new completion date will be February 28, 2024. The project eventually had to be abandoned.

Council Member Ready made a motion to approve Change Order No 3, and it was seconded by Vice-Mayor Brinkman. The said motion carried 5-0.

Fiscal Impact: Funding to support the Replacement of the Surficial Aquifer Well No. 10 Project (Task Order No. 296) was provided by the Water & Sewer Enterprise Fund:

Item	**Contract Amount**	**Contract Time / Add' l Days**
Original Contract Amount	$994,949.00	300 days
Approved CO No. 1	-$16,059.65	0 days
Approved CO No. 2	$41,000.00	0 days
Proposed CO No. 3	- $262,375.38	586 days
Revised Contract Amount	**$757,513.97**	**886 days**

The Village will not expend more than the amount in the approved budget as it may be adopted / approved each year for these goods and services for the term of the contract.

An internal budget transfer or amendment to support the proposed costs above the budgeted amount will be completed within the General Fund and the Water & Sewer Fund at a later date, if necessary.

PUBLIC HEARINGS

18. ***(Second Reading)*** **Ordinance No. 2024-03 - Village Code Amendment - Chapter 10 - Buildings and Building Regulations:** Motion to approve Ordinance No. 2024-03 to amend Chapter 10 to the Village Code of Ordinances which provides that the Florida Building Code is revised every three (3) years by the state and these codes establish the minimum construction standards for buildings and structures to protect public health, safety, and general welfare. Staff: Iramis Cabrera, PZB Director

SUMMARY: Planning, Zoning & Building Staff is recommending an amendment to the Village's Code of Ordinances (Chapter 10 - Buildings and Building

Regulations) by adopting, by reference, the new Florida Building Code, 8th Edition (2023), which will become effective within the State of Florida on January 1, 2024. The Florida Building Code is revised every three (3) years by the state, and these codes establish the minimum construction standards for buildings and structures to protect public health, safety, and general welfare. The 7th Edition of the Florida Building Code was adopted by the Village in 2021 (Ordinance No. 2021-01).

Additionally, the Village can provide/approve local amendments ("Chapter One Amendments") that are more specific than the Florida Building Code and are adopted concurrently to create consistency. These proposed amendments provide for local administrative regulations and requirements (i.e., enforcement mechanisms, interpretation/appeal procedures, etc.).

The Building Officials Association of Florida (BOAF) developed the proposed Chapter One Amendments as a template for local governments within Palm Beach County to address local regulations and requirements better. The Village's Interim Building Official, Wayne Cameron, served on the Advisory Board Subcommittee to develop the proposed recommendations/revisions to Chapter One of the new Florida Building Code.

As a result, the Florida Building Code, 8thEdition (2023), and the proposed "Chapter One Amendments" include amendments to the following construction standards:

- Roofing
- Energy
- Fire
- Plumbing
- Electrical
- Code Administration

Note: The Florida Building Commission updates the Florida Building Codes every three (3) years. If approved, the proposed Chapter One Amendments will be submitted to the Building Official Commission within 30 days of adoption.

The Planning & Zoning Board considered the proposed ordinance at its January 9, 2024, meeting and recommended approval.

The proposed ordinance was approved on the 1st reading by the Village Council on February 8, 2024.

Fiscal Impact: The proposed ordinance does not have a direct fiscal impact on the Village.

DRAFT

The Village Clerk, Ms. Wynn, read the statement in the advertisement. The Village Attorney, Ms. Goddeau read the title of the caption on the record. Mrs. Glas-Castro stated that the staff presented their presentation at the First Reading.

Mayor Smith offered the Council and public an opportunity to comment. There were no comments from the public.

Vice-Mayor Brinkman motioned to approved Ordinance No. 2024-03 and Council Member Schmitz seconded. There was a roll call vote as follows: Vice-Mayor Brinkman - Yes, Mayor Pro Tem Waller - Yes, Council Member Schmitz - Yes, and Council Member Ready - Yes, and Mayor Smith - Yes. The said motion carried 5-0.

19. ***(Quasi-Judicial Hearing)*** **Resolution No. 2024-07 - Residential Planned Unit Development Site Plan (SPR24-02) with Two (2) Waivers - Palm Springs Townhomes East - 3820, 3838 and 3864 Gulfstream Road:** Motion to approve Resolution No. 2024-07 for the construction of 24 two- story townhouses on a 2.48 acre parcel at 3820, 3838 and 3864 Gulfstream Road. The application was submitted by Cotleur & Hearing, agent for Palm Springs Town Homes East, for a Residential Planned Development Site Plan (SPR24-02) with two (2) waivers and conditions. The townhouses will be constructed within four (4) buildings.
Staff: Iramis Cabrera, PZB Director

SUMMARY: Cotleur & Hearing, agent for Palm Springs Town Homes East, is requesting a Residential Planned Unit Development Site Plan (SPR24-02) to allow the construction of 24 residential two-story townhouses, utilizing the Gulfstream Road Overlay development regulation located on three parcels that make up the site currently within the Residential Multiple-Family zoning district at 3820, 3838 and 3864 Gulfstream Road.

The property is within the Gulfstream Road Overlay (GRO) and only applies to Residential Multi- Family zoned properties fronting Gulfstream Road between Lakewood Road and Lake Worth Road. The GRO objective is to encourage residential development projects, optimize the utilization of residential properties to create a neighborhood identity, and fulfill the objectives of the Palm Springs Community Redevelopment Agency. Redevelopment in the GRO shall utilize a Key West architectural style to establish a neighborhood identity, and projects that comply with the development standards of the GRO shall be eligible for and may be granted a density bonus by the Village Council with a maximum density of 10 dwelling units per gross acre.

Some regulations of the GRO provide the following:

- Use of Key West architectural style to establish a distinct neighborhood identity and create a sense of place (Gable-ends, raised seam metal roofing material or dimensional shingles, minimum two-foot overhang with

exposed or decorative truss-tails, design to distinguish each unit, etc.)
- Windows shall incorporate single-hung or double-hung windows with mullions in at least one of the window frames, decorative or functional shutters mounted on the side of each window, or utilizing a "Bahama" type shutter.
- The exterior wall finish shall have a clapboard appearance utilizing wood, vinyl, Hardie Plank type of siding, or a stucco finish.
- The building color shall be a tropical light-colored pastel, all units shall include a complementary accent color, and all trim shall be white.
- Building articulation. In multi-unit buildings, the facade should vary by articulating individual units, using different paint colors for each unit, or using other architectural treatments.
- At least 20 percent of the project site shall be designed for active or passive recreation activities.

The applicant proposes the development of a 2.48-acre parcel with the construction of 24 two-story fee-simple townhomes within four (4) buildings, utilizing the GRO development standards. The community will have two access driveways via the existing Gulfstream Road right-of-way. The buildings will be configured with three (3) two-story townhome structures, each building with six (6) attached units. The townhomes will be three-bedroom homes with a one-car garage and a driveway with space for one car. A centralized open grass area is proposed for lawn games and/or leisure time.

Additionally, the applicant is seeking the following waivers:

Waiver #1: The applicant requests a waiver relief from Sec. 34-1063(a)(1) to allow a sidewalk on one side of the private street - along the north side of the south entrance and the south side of the north entrance.

Waiver #2: The applicant is requesting a waiver relief from Sec. 34-162(b)(2) to reduce the required landscape buffer from 10' wide to 5' within 24 linear feet of the south and north property lines (at each end of the internal drive aisle).

The Planning & Zoning Board considered this application during their February 13, 2024, meeting and recommended approval.

The Planning, Zoning & Building Staff does not object to the Residential Planned Unit Development Site Plan and recommends conditional approval of the proposed project subject to the conditions listed on the Staff Report.

Mayor Smith asked the Council to disclose their ex parte communication. There was none. Statement of advertisement read on the record. The applicants were present to give testimony. Ms. Cabrera read the staff report on the record. Village Attorney Goddeau read the title of the caption on the record.

DRAFT

She stated that Cotleur & Hearing requested a Residential Planned Unit Development Site Plan (SPR24-02) to construct 24 residential two-story townhouses, utilizing the Gulfstream Road Overlay (GRO) development regulation located on three parcels that make up the site currently within the Residential Multiple-Family zoning district at 3820, 3838 and 3864 Gulfstream Road. The project is within the Gulfstream Road Overlay (GRO) and only applies to Residential Multi-Family zoned properties fronting Gulfstream Road between Lakewood Road and Lake Worth Road. The development will follow the Key West architectural style and the project is recommended for conditional approval by the Planning, Zoning & Building Staff.

The applicants presented their testimony and entered it into the record. She reiterated that parking is supported. There are four (4) two-story buildings that will be fee-simple townhomes. The building is about 21,428 SF. The proposed building elevations and site plan is compatible with Village requirements.

Mayor Smith offered the public and Council an opportunity to comment.

Council Member Ready asked about onsite property management. The Applicant advised that the Homeowner Association will be onsite and handle issues accordingly. Vice-Mayor Brinkman asked about a chain link fence around the perimeter. She would like to have the condition changed. She also asked about townhomes in the north and south are subjected to headlights. She suggested the installation of a gate that is four feet and the building 6 ft to the north and south are subjected to headlights so they would like to have installation 4 feet and building 6 feet. She is also suggesting a clause that the HOA is responsible for the enforcement of parking. The Village Attorney, Mrs. Goddeau stated the HOA has the burden to enforce parking.

Mayor Pro Tem Member Waller asked about a bench placed next to the trash can. The Applicant stated that the trash can is close to the bench for convenience. There was further discussion about the placement of the trash can. Mayor Smith asked if there was enough room for public safety vehicles to maneuver. Vice-Mayor Brinkman asked if garbage cans would be required to be stored in the back area and garage. Council Member Ready asked about the pricing of the properties. They are looking to make this affordable. Mayor Pro Tem Waller asked for clarification about the garbage can placement.

Council Member Ready motioned to approve Resolution No. 2024-07 as amended, and Vice-Mayor Brinkman seconded. The said motion carried 5-0.

20. ***(Quasi-Judicial Hearing)*** **Resolution No. 2024-08 - Residential Planned Unit Development Site Plan (SPR24-01) with Two (2) Waivers - Palm Springs Townhomes West - 3935 Gulfstream Road:** Motion to approve Resolution No. 2024-08 for a Residential Planned Unit Development Site Plan (SPR24-01) with two waivers and conditions for the construction of nine two-story fee-simple

townhomes on a 0.93 gross acre parcel at 3935 Gulfstream Road, submitted by Cotleur & Hearing, agent for Palm Springs Town Homes West, for construction of nine (9) residential two-story fee-simple townhomes, on a 0.93 gross acre parcel at 3935 Gulfstream Road.
Staff: Iramis Cabrera, PZB Director

SUMMARY: Cotleur & Hearing, agent for Palm Springs Town Homes West, is requesting a Residential Planned Unit Development Site Plan (SPR24-01) to allow the construction of 9 residential two-story townhomes, utilizing the Gulfstream Road Overlay development regulation for the Residential-Multifamily property located at 3935 Gulfstream Road.

The property is within the Gulfstream Road Overlay (GRO) and only applies to residential multi- family zoned properties fronting Gulfstream Road between Lakewood Road and Lake Worth Road. The GRO objective is to encourage residential redevelopment projects, optimizing the utilization of residential properties to create a neighborhood identity and fulfill the objectives of the Palm Springs Community Redevelopment Agency. Redevelopment in the GRO shall utilize a Key West architectural style to establish a neighborhood identity, and projects that comply with the development standards of the GRO shall be eligible for and may be granted a density bonus by the Village Council with a maximum density of 10 dwelling units per gross acre.

Some regulations of the GRO provide the following:

- Use of Key West architectural style to establish a distinct neighborhood identity and create a sense of place (Gable-ends, Raised seam metal roofing material or dimensional shingles, minimum two-foot overhang with exposed or decorative truss-tails, design to distinguish each unit, etc.)
- Windows shall incorporate single-hung or double-hung windows with mullions in at least one of the window frames, decorative or functional shutters mounted on the side of each window, or utilizing a "Bahama" type shutter.

The building color shall be a tropical light-colored pastel, all units shall include a complementary accent color, and all trim shall be white.

Building articulation. There shall be variation in the building façade of multi-unit buildings, which may be accomplished by articulating individual units, using a different paint color for each unit, or other similar architectural treatment.

At least 20 percent of the project site shall be designed for active or passive recreation activities. The applicant proposes the development of a 0.93-acre parcel with the construction of nine (9) two- story fee-simple townhomes within two (2) buildings utilizing the GRO development standards. The community will have access via the existing Gulfstream Road right-of-way. The buildings will be

DRAFT

configured with two (2) two-story townhome structures (one building with three (3) attached units and one (1) building with six (6) attached units). The townhomes will be three-bedroom homes with a one-car garage and a driveway with space for one car. A centralized open grass area is proposed for lawn games and/or leisure time.

Additionally, the applicant is seeking the following waivers:

Waiver #1: The applicant requests a waiver relief from Sec. 34-1063(a)(1) to not provide a sidewalk on the entire north side of the main private street.

Waiver #2: The applicant requests a waiver relief from Sec. 34-162(b)(2) to reduce the required landscape buffer from ten feet to five feet wide within 90 linear feet of the south property line.

The Planning & Zoning Board considered this application during their February 13, 2024, meeting and recommended approval.

The Planning, Zoning & Building Staff does not object to the Residential Planned Unit Development Site Plan and recommends conditional approval of the proposed development subject to the conditions listed on the Staff Report.

Fiscal Impact: The proposed project is expected to have a fiscal impact on the Village as it would enhance the Village's assessed property valuation. Additionally, this project, if approved, would require various Village services that will result in increased expenditures to the Village.

Mayor Smith asked the Council to disclose their ex parte communication. There was none. Statement of advertisement read on the record. The applicants were present to give testimony. Ms. Cabrera read the staff report on the record. The Village Attorney read the title of the caption on record.

The applicant requests two (2) waivers

Mayor Smith offered the public and the council an opportunity to speak. Vice-Mayor Brinkman asked where the sidewalk would be located and the parking spaces. There were no comments from the public.

Vice-Mayor Brinkman asked how big the hedges were installed. She asked about the placement of the sidewalks in front of the building instead of at the side of the building.

Vice-Mayor Brinkman motioned to approve Resolution No. 2024-08, Council Member Schmitz seconded. The said motion carried 5-0.

DRAFT

ACTIONS AND REPORTS

There were no Actions and Reports

VILLAGE MANAGER COMMENTS

Dr. Jimmie Johnson gave an update about the Canal 9 sewage leak. He discussed mitigation and collaboration with several agencies. The Utilities Department, Public Works and Parks and Recreation worked fervently to keep everyone informed. There are eight random locations where sampling continues until the numbers are acceptable.

The Council asked about the level of e-coli in the water. The Staff advised that the numbers are not low enough to discontinue testing based on the Department of Environmental Protection (DEP). Residents are not encouraged to swim, or fish in the canals at this time. Sprinklers are not banned, but they are not encouraged. The Village Manager, Mr. Bornstein, complimented the staff and discussed follow-up meetings. Then, he introduced the new Public works Director, Felipe Lofaso.
Mr. Lofaso commented on his appreciation of the staff, and the level of commitment from everyone. Lastly, Mr. Bornstein discussed the status of legislative priorities and the Village's position.

VILLAGE COUNCIL COMMENTS

The Council wished everyone a Happy Birthday. The Council discussed events that they attended and upcoming events. Vice-Mayor Brinkman talked about the Boat Hammock and getting an update.

ADJOURNMENT

Hearing no further business, Mayor Smith adjourned the meeting at 8:03 PM.

The undersigned is the Village Clerk of Palm Springs, Florida, and the information provided herein is the Minutes of the Regular Council Meeting held on **March 14, 2024**. Which minutes were formally approved and adopted by the Village Council on **April 14, 2024.**

Kimberly M. Wynn
Village Clerk

NEXT REGULAR MEETING: THURSDAY, APRIL 11, 2024, AT 6:30 PM (IMMEDIATELY FOLLOWING THE ANNUAL CRA MEETING)

DRAFT

Village of Palm Springs

Executive Brief

AGENDA DATE: April 11, 2024

DEPARTMENT: Administration

ITEM #2: Appointments to the Planning and Zoning Advisory Board

SUMMARY: Mr. Tieche has shown interest in continuing to serve as a Regular Member and Chair on the Planning & Zoning Board. He has been an asset to the board. If appointed, he will serve a three-year term until May 14, 2027.

Mrs. Gehrman has also expressed interest in continuing to serve as a Regular Member on the board. She has been an asset to the board. If appointed, she will serve a three-year term until May 14, 2027.

If the proposed appointments are approved, there will be no vacancies on the Planning and Zoning Board.

FISCAL IMPACT:
No fiscal impact to the Village.

Executive Brief

AGENDA DATE: April 11, 2024

DEPARTMENT: Finance

ITEM #4: Purchase Agreement - Financial Sustainability Modeling Services Software - Finance (FY24 - ARPA Funded) - Raftelis

SUMMARY: The Village has requested the professional services of Raftelis consultants to prepare a comprehensive ten-year financial forecast for the General Fund, CRA, Stormwater Fund, and Water and Sewer Enterprise Fund. The objective of this forecast is to generate a financial sustainability analysis model that will serve as a decision support tool to ensure long-term financial stability for the Village.

As part of this effort, Raftelis will also conduct an analysis of the Water and Sewer Enterprise Fund as part of the rate study work that is being done by Kimley Horn & Associates. This analysis will include meetings with staff and review of results to ensure that the Water and Sewer Enterprise Fund is also financially sustainable in the long-term.

The proposed total fee for this project is $65,505, which includes meetings with staff and result reviews. The fee is broken down by fund, with the General Fund costing $29,028, the CRA costing $5,313, the Stormwater Fund costing $20,478, and the Water and Sewer Enterprise Fund costing $10,688.

FISCAL IMPACT:
The cost for these services will be charged to the individual funds and will be reimbursed with ARPA funds.

ATTACHMENTS:
1. Professional Services Agreement - Raftelis
2. Revised - Raftelis - Proposal to Provide Financial Sustainability Modeling Services

PROFESSIONAL SERVICES AGREEMENT
(Financial Sustainability Modeling Services)

THIS PROFESSIONAL SERVICES AGREEMENT ("Agreement") is entered on _____, 2024, by and between the **Village of Palm Springs**, a municipal corporation ("VILLAGE"), and **Raftelis Financial Consultants, Inc.**, a corporation authorized to do business in the State of Florida ("Consultant").

RECITALS

WHEREAS, the VILLAGE is in need of a consultant to provide financial sustainability modeling services to assist the VILLAGE in preparing its comprehensive ten-year financial forecast for the General Fund, CRA, Stormwater Fund, and Water and Sewer Enterprise Fund; and

WHEREAS, the Consultant has significant experience in providing financial sustainability modeling services for local governments; and

WHEREAS, the Consultant has provided the VILLAGE with a written proposal to provide the VILLAGE with the desired services; and

WHEREAS, the VILLAGE's procurement code authorizes the selection of a consultant to provide professional services with a distinctive field of expertise without competitive selection provided the contract is approved by the governing board of the VILLAGE (anticipated cost to exceed $35,000); and

WHEREAS, the VILLAGE desires to accept the Consultant's proposal in order for CONSULTANT to render the services to the VILLAGE as provided herein; and

WHEREAS, the Consultant further warrants that it is experienced and capable of performing the tasks hereunder in a professional and competent manner; and

WHEREAS, the purpose of this Agreement is to set forth certain terms and conditions for the provision of services by Consultant to the VILLAGE; and,

WHEREAS, the VILLAGE finds entering this Agreement with the Consultant serves a valid public purpose.

NOW THEREFORE, the VILLAGE hereby engages the services of the Consultant, and in consideration of the mutual promises herein contained, the sufficiency of which is hereby acknowledged by both parties, the parties agree as follows:

SECTION 1: INCORPORATION OF RECITALS. The foregoing Recitals are incorporated into this Agreement as true and correct statements.

SECTION 2: CONSULTANT'S SERVICES. As more specifically set forth in the Consultant's proposal which is attached hereto as **Exhibit "A"**, the Consultant shall provide financial sustainability modeling services to assist the VILLAGE in preparing its comprehensive ten-year financial forecast for the General Fund, CRA, Stormwater Fund, and Water and Sewer Enterprise Fund.

SECTION 3: INDEPENDENT CONTRACTOR RELATIONSHIP. No relationship of employer or employee is created by this Agreement, it being understood that Consultant will act hereunder as an independent contractor and none of the Consultant's, officers, directors, employees, independent

contractors, representatives or agents performing services for Consultant pursuant to this Agreement shall have any claim under this Agreement or otherwise against the VILLAGE for compensation of any kind under this Agreement. The relationship between the VILLAGE and Consultant is that of independent contractors, and neither shall be considered a joint venturer, partner, employee, agent, representative or other relationship of the other for any purpose expressly or by implication.

SECTION 4: TERM, TIME AND TERMINATION.

(a) Term. The term of this Agreement shall commence upon the approval of this Agreement by VILLAGE governing board and shall be for the period of time necessary for the Consultant to complete all services as set forth in Exhibit "A" unless earlier terminated as stated herein.

(b) Time for Completion. Time is of the essence in the performance of this Agreement. The Consultant shall at all times carry out its duties and responsibilities as expeditiously as possible and in accordance with the project schedule set forth by the VILLAGE and as agreed to by the Consultant.

(c) Force Majeure. Neither party hereto shall be liable for its failure to perform hereunder due to any circumstances beyond its reasonable control, such as acts of God, wars, riots, national emergencies, sabotage, strikes, labor disputes, accidents, and governmental laws, ordinances, rules, or regulations. The Consultant or VILLAGE may suspend its performance under this Agreement as a result of a force majeure without being in default of this Agreement, but upon the removal of such force majeure, the Consultant or VILLAGE shall resume its performance as soon as is reasonably possible. Upon the Consultant's request, the VILLAGE shall consider the facts and extent of any failure to perform the services and, if the Consultant's failure to perform was without its or its subconsultants' fault or negligence, the schedule and/or any other affected provision of this Agreement may be revised accordingly, subject to the VILLAGE's rights to change, terminate, or stop any or all of the services at any time. No extension shall be made for delay occurring more than seven (7) days before a notice of delay or claim therefore is made in writing to the VILLAGE. In the case of continuing cause of delay, only one (1) notice of delay or claim is necessary.

(d) Termination without cause. Either party may terminate this Agreement at any time with or without cause by giving not less than thirty (30) days written notice of termination.

(e) Termination for cause. Either party may terminate this Agreement at any time in the event that the other party engages in any act or makes any omission constituting a material breach of any term or condition of this Agreement. The party electing to terminate this Agreement shall provide the other party with written notice specifying the nature of the breach. The party receiving the notice shall then have three (3) days from the date of the notice in which to remedy the breach. If such corrective action is not taken within three (3) days, then this Agreement shall terminate at the end of the three (3) day period without further notice or demand.

(f) Early Termination. If this Agreement is terminated before the completion of all services by either party, the Consultant shall:

1. Stop services on the date and to the extent specified including without limitation services of any subconsultants.

2. Transfer all work in progress, completed work, and other materials related to the terminated services to the VILLAGE in the format acceptable to VILLAGE.

3. Continue and complete all parts of the services that have not been terminated.

(g) Effect of Termination. Termination of this Agreement shall not affect any rights, obligations, and liabilities of the parties arising out of transactions which occurred prior to termination. Notwithstanding the foregoing, the parties acknowledge and agree that the VILLAGE is a governmental entity subject to budgeting and appropriation by the Village of Palm Springs Village Council of funds sufficient to pay the costs associated herewith in any fiscal year of the VILLAGE. Notwithstanding anything in this Agreement to the contrary, in the event that no funds are appropriated or budgeted by the Village Council in any fiscal year to pay the costs associated with the VILLAGE's obligations under this Agreement, or in the event the funds budgeted or appropriated are, or are estimated by the VILLAGE to be, insufficient to pay the costs associated with the VILLAGE's obligations hereunder in any fiscal period, then the VILLAGE will notify Consultant of such occurrence and either the VILLAGE or Consultant may terminate this Agreement by notifying the other in writing, which notice shall specify a date of termination no earlier than twenty-four (24) hours after giving of such notice. Termination in accordance with the preceding sentence shall be without penalty or expense to the VILLAGE of any kind whatsoever; however, VILLAGE shall pay Consultant for all services performed under this Agreement through the date of termination.

SECTION 5: COMPENSATION.

(a) Invoices. The Consultant shall render monthly invoices to the VILLAGE for services that have been rendered in conformity with this Agreement in the previous month. The invoices shall specify the services performed and the time spent on such work and the amounts shall be consistent with Exhibit "A". Invoices will normally be paid within thirty (30) days following the VILLAGE's receipt of the Consultant's invoice. Invoices shall be submitted to:

Palm Springs VILLAGE
Attn: Finance Department
226 Cypress Lane
Palm Springs, FL 33461

(c) Payments. The VILLAGE agrees to compensate the Consultant in accordance with Exhibit "A"; **provided that, the total amount to be paid the Consultant under this Agreement shall not exceed Sixty-Five Thousand Five Hundred Five Dollars ($65,505)**. The VILLAGE shall not reimburse the Consultant for any additional costs incurred as a direct or indirect result of the Consultant providing services to the VILLAGE under this Agreement unless prior authorization is issued by the VILLAGE Manager and this Agreement is amended.

SECTION 6: INDEMNIFICATION. The Consultant shall indemnify and hold harmless the VILLAGE, including its officers and employees from liabilities, damages, losses, and costs, including but not limited to, reasonable attorney's fees (at the trial and appellate levels), to the extent caused by the negligence of the Consultant, its officers, directors, employees, representatives and agents employed or utilized by the Consultant in the performance of the services under this Agreement. The VILLAGE agrees to be responsible for its own negligence. Nothing contained in this Agreement shall create a contractual relationship with or a cause of action in favor of a third party against either the VILLAGE or the Consultant, nor shall this Agreement be construed as a waiver of sovereign immunity for the VILLAGE beyond the waiver provided in section 768.28, Florida Statutes.

SECTION 7: COMPLIANCE AND DISQUALIFICATION. Each of the parties agrees to perform its responsibilities under this Agreement in conformance with all laws, regulations and administrative instructions that relate to the parties' performance of this Agreement.

SECTION 8: PERSONNEL. The Consultant represents that it has, or will secure at its own expense, all necessary personnel required to perform the services under this Agreement. Such personnel shall not be employees of or have any contractual relationship with the VILLAGE. All of the services required hereunder shall be performed by the Consultant or under its supervision, and all personnel engaged in performing the services shall be fully qualified and authorized or permitted under federal, state and local law to perform such services.

SECTION 9: SUB-CONSULTANTS. The VILLAGE reserves the right to accept the use of a sub-consultant or to reject the selection of a particular sub-consultant and approve all qualifications of any sub-consultant in order to make a determination as to the capability of the sub-consultant to perform properly under this Agreement. All sub-consultants providing professional services to the Consultant under this Agreement will also be required to provide their own insurance coverage identical to those contained in this Agreement. In the event that a sub-consultant does not have insurance or does not meet the insurance limits as stated in this Agreement, the Consultant shall indemnify and hold harmless the VILLAGE for any claim in excess of the sub-consultant's insurance coverage, arising out of the negligent acts, errors or omissions of the sub-consultant.

SECTION 10: FEDERAL AND STATE TAX. The VILLAGE is exempt from payment of Florida State Sales and Use Tax. The Consultant is not authorized to use the VILLAGE's Tax Exemption Number.

SECTION 11: INSURANCE. Prior to commencing any services, the Consultant shall provide proof of insurance coverage as required hereunder. Such insurance policy(s) shall be issued by the United States Treasury or insurance carriers approved and authorized to do business in the State of Florida, and who must have a rating of no less than "excellent" by A.M. Best or as mutually agreed upon by the VILLAGE and the Consultant. All such insurance policies may not be modified or terminated without the express written authorization of the VILLAGE.

Type of Coverage	Amount of Coverage
Professional liability/ Errors and Omissions	$1,000,000 per occurrence
Commercial general liability (Products/completed operations Contractual, insurance broad form property, Independent Consultant, personal injury)	$1, 000,000 per occurrence $2,000,000 annual aggregate
Automobile (owned, non-owned, & hired)	$ 1,000,000 single limits
Worker's Compensation	$ statutory limits

The commercial general liability and automobile policies will name the VILLAGE as an additional insured on primary, non-contributory basis and proof of all insurance coverage shall be furnished to the VILLAGE by way of an endorsement to same or certificate of insurance prior to the provision of services. The certificates shall clearly indicate that the Consultant has obtained insurance of the type, amount, and classification as required for strict compliance with this section. Failure to comply with the foregoing requirements shall not relieve Consultant of its liability and obligations under this Agreement.

SECTION 12: SUCCESSORS AND ASSIGNS. The VILLAGE and the Consultant each binds itself and its partners, successors, executors, administrators, and assigns to the other party of this Agreement and to

the partners, successors, executors, administrators and assigns of such other party, in respect to all covenants of this Agreement. Except as agreed in writing by all parties, this Agreement is not assignable.

SECTION 13: DISPUTE RESOLUTION, LAW, VENUE AND REMEDIES. All claims arising out of this Agreement or its breach shall be submitted first to mediation. The parties shall share the mediator's fee equally. The mediation shall be held in Palm Beach County. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof. This Agreement shall be governed by the laws of the State of Florida. Any and all legal action necessary to enforce the Agreement will be held in Palm Beach County. No remedy herein conferred upon any party is intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or further exercise thereof.

SECTION 14: WAIVER OF JURY TRIAL. TO ENCOURAGE PROMPT AND EQUITABLE RESOLUTION OF ANY LITIGATION, EACH PARTY HEREBY WAIVES ITS RIGHTS TO A TRIAL BY JURY IN ANY LITIGATION RELATED TO THIS AGREEMENT.

SECTION 15: ACCESS AND AUDITS. The Consultant shall maintain adequate records to justify all payments made by the VILLAGE under this Agreement for at least three (3) years after completion of this Agreement and longer if required by applicable federal or state law. The VILLAGE shall have access to such books, records, and documents as required in this section for the purpose of inspection or audit during normal business hours, at the Consultant's place of business. In no circumstances will Consultant be required to disclose any confidential or proprietary information regarding its products and service costs.

SECTION 16: NONDISCRIMINATION. The Consultant warrants and represents that all of its employees are treated equally during employment without regard to race, color, religion, disability, sex, age, national origin, ancestry, marital status, or sexual orientation.

SECTION 17: AUTHORITY TO PRACTICE. The Consultant hereby represents and warrants that it has and will continue to maintain all licenses and approvals required to conduct its business and provide the services required under this Agreement, and that it will at all times conduct its business and provide the services under this Agreement in a reputable manner. Proof of such licenses and approvals shall be submitted to the VILLAGE upon request.

SECTION 18: SEVERABILITY. If any term or provision of this Agreement, or the application thereof to any person or circumstances shall, to any extent, be held invalid or unenforceable, to the remainder of this Agreement, or the application of such terms or provision, to persons or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected and every other term and provision of this Agreement shall be deemed valid and enforceable to the extent permitted by law.

SECTION 19: PUBLIC ENTITY CRIMES. Consultant acknowledges and agrees that a person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a Consultant, supplier or sub-consultant under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statutes, for CATEGORY TWO for a period of 36 months following the date of being placed on the convicted vendor list. The Consultant will advise the VILLAGE immediately if it becomes aware of any violation of this statute.

SECTION 20: NOTICE. All notices required in this Agreement shall be sent by hand-delivery, certified mail (RRR), or by nationally recognized overnight courier, and if sent to the VILLAGE shall be sent to:

Palm Springs VILLAGE
Attn: Village Manager
226 Cypress Lane
Palm Springs, FL 33461

and if sent to the Consultant, shall be sent to:

Raftelis Financial Consultants, Inc.
Attn: Michael Burton
227 West Trade Street
Suite 1400
Charlotte, NC 28202

The foregoing names and addresses may be changed if such change is provided in writing to the other party. Notice shall be deemed given upon receipt.

SECTION 21: ENTIRETY OF AGREEMENT. The VILLAGE and the Consultant agree that this Agreement sets forth the entire agreement between the parties, and that there are no promises or understandings other than those stated herein. None of the provisions, terms and conditions contained in this Agreement may be added to, modified, superseded or otherwise altered, except by written instrument executed by the parties hereto.

SECTION 22: WAIVER. Failure of a party to enforce or exercise any of its right(s) under this Agreement shall not be deemed a waiver of that parties' right to enforce or exercise said right(s) at any time thereafter.

SECTION 23: PREPARATION AND NON-EXCLUSIVE. This Agreement shall not be construed more strongly against either party regardless of who was more responsible for its preparation. This is a non-exclusive Agreement and the VILLAGE reserves the right to contract with individuals or firms to provide the same or similar services.

SECTION 24: MATERIALITY. All provisions of the Agreement shall be deemed material. In the event Consultant fails to comply with any of the provisions contained in this Agreement or exhibits, amendments and addenda attached hereto, said failure shall be deemed a material breach of this Agreement and VILLAGE may at its option provide notice to the Consultant to terminate for cause.

SECTION 25: LEGAL EFFECT. This Agreement shall not become binding and effective until approved by the VILLAGE governing board. The Effective Date is the date this Agreement is executed by the VILLAGE.

SECTION 26: NOTICE OF COMPLAINTS, SUITS AND REGULATORY VIOLATIONS. Each party will promptly notify the other of any complaint, claim, suit or cause of action threatened or commenced against it which arises out of or relates, in any manner, to the performance of this Agreement. Each party agrees to cooperate with the other in any investigation either may conduct, the defense of any claim or suit in which either party is named, and shall do nothing to impair or invalidate any applicable insurance coverage.

SECTION 27: SURVIVABILITY. Any provision of this Agreement which is of a continuing nature or imposes an obligation which extends beyond the term of this Agreement shall survive its expiration or earlier termination.

SECTION 28: COUNTERPARTS. This Agreement may be executed in one or more counterparts electronically, each of which shall be deemed an original, and will become effective and binding upon the parties as of the effective date at such time as all the signatories hereto have signed a counterpart of this Agreement.

SECTION 29: PALM BEACH COUNTY IG. In accordance with Palm Beach County ordinance number 2011-009, the Consultant acknowledges that this Agreement may be subject to investigation and/or audit by the Palm Beach County Inspector General. The Consultant has reviewed Palm Beach County ordinance number 2011-009 and is aware of its rights and/or obligations under such ordinance.

SECTION 30: AGREEMENT DOCUMENTS AND CONTROLLING PROVISIONS. This Agreement consists of this Agreement and Exhibit "A". The parties agree to be bound by all the terms and conditions set forth in the aforementioned documents. To the extent that there exists a conflict between the terms and conditions of this Agreement and the remaining documents, the terms and conditions of this Agreement shall take precedence. Wherever possible, the provisions of such documents shall be construed in such a manner as to avoid conflicts between provisions of the various documents.

SECTION 31: OWNERSHIP OF DELIVERABLES. The deliverables, work product, specifications, calculations, supporting documents, or other work products which are listed as deliverables by the Consultant shall become the property of the VILLAGE. The Consultant may keep copies or samples thereof and shall have the right to use the same for its own purposes. The VILLAGE accepts sole responsibility for the reuse of any such deliverables in a manner other than as initially intended or for any use of incomplete documents.

SECTION 32: REPRESENTATIONS AND BINDING AUTHORITY. By signing this Agreement, on behalf of the Consultant, the undersigned hereby represents to the VILLAGE that he or she has the authority and full legal power to execute this Agreement and any and all documents necessary to effectuate and implement the terms of this Agreement on behalf of the Consultant for whom he or she is signing and to bind and obligate such party with respect to all provisions contained in this Agreement.

SECTION 33: PUBLIC RECORDS. The Consultant shall comply with Florida's Public Records Act, Chapter 119, Florida Statutes, and, if determined to be acting on behalf of the VILLAGE as provided under section 119.011(2), Florida Statutes, specifically agrees to:

(a) Keep and maintain public records required by the VILLAGE to perform the service.

(b) Upon request from the VILLAGE's custodian of public records or designee, provide the VILLAGE with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

(c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of this Agreement and following completion of this Agreement if the Consultant does not transfer the records to the VILLAGE.

(d) Upon completion of this Agreement, transfer, at no cost, to the VILLAGE all public records in possession of the Consultant or keep and maintain public records required by the VILLAGE to perform the service. If the Consultant transfers all public records to the VILLAGE upon completion of the Agreement, the Consultant shall destroy any duplicate public records that are exempt or confidential or exempt from public records disclosure requirements. If the Consultant keeps and maintains public records upon completion of the Agreement, the Consultant shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the VILLAGE, upon request from the VILLAGE's custodian of public records or designee, in a format that is compatible with the information technology systems of the VILLAGE.

IF THE CONSULTANT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONSULTANT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT (561) 584-8200 (ext. 8431), kwynn@vpsfl.org, OR BY MAIL SENT TO THE PALM SPRINGS VILLAGE, 226 CYPRESS LANE, PALM SPRINGS, FL 33461.

SECTION 34: CONFIDENTIAL AND PROPRIETARY INFORMATION. Each party (the "Receiving Party") will keep confidential and not disclose to any other person or entity or use (except as expressly and unambiguously authorized by this Agreement) information, technology or software ("Confidential Information") obtained from the other party (the "Disclosing Party"); provided, however, that the Receiving Party will not be prohibited from disclosing or using information (i) that at the time of disclosure is publicly available or becomes publicly available through no act or omission of the Receiving Party, (ii) that is or has been disclosed to the Receiving Party by a third party who is not under, and to whom the Receiving Party does not owe, an obligation of confidentiality with respect thereto, (iii) that is or has been independently acquired or developed by the Receiving Party without access to the Disclosing Party's Confidential Information, (iv) that is already in the Receiving Party's possession at the time of disclosure, or (v) that is required to be released by law.

SECTION 35: EXPORT ADMINISTRATION. Each party agrees to comply with all export laws and regulations of the United States ("Export Laws") to assure that no software deliverable, item, service, technical data or any direct product thereof arising out of or related to this Agreement is exported directly or indirectly (as a physical export or a deemed export) in violation of Export Laws.

SECTION 36: NO THIRD-PARTY BENEFICIARIES. There are no third-party beneficiaries under this Agreement.

SECTION 37: SCRUTINIZED COMPANIES AND E-VERIFY.

(a) The Consultant certifies that it and its subconsultants are not on the Scrutinized Companies that Boycott Israel List and are not engaged in the boycott of Israel. Pursuant to section 287.135, Florida Statutes, the VILLAGE may immediately terminate this Agreement at its sole option if the Consultant or any of its subconsultants are found to have submitted a false certification; or if the Consultant or any of its subconsultants, are placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of this Agreement.

(b) The Consultant shall comply with all requirements of Section 448.095, Florida Statutes, as applicable, including without limitation, the Consultant registering with and use the E-Verify system to verify the work authorization status of all newly hired employees and requiring all subcontractors

(providing services or receiving funding under this Agreement) to register with and use the E-Verify system to verify the work authorization status of all the subcontractors' newly hired employees. If the VILLAGE terminates this Agreement under Section 448.095(2)(c), Florida Statues, the Consultant may not be awarded a contract for at least one (1) year after the date on which the Agreement is terminated and will be liable for any additional costs incurred by the VILLAGE as a result of the termination of the Agreement.

IN WITNESS WHEREOF, the parties hereto have made and executed this Professional Services Agreement (Financial Sustainability Modeling Services) as of the day and year set forth above.

EXHIBIT "A"
(Consultant's Proposal dated February 28, 2024– 16 pages)

March 28, 2024

Mr. Michael Bornstein
Village Manager
Village of Palm Springs
226 Cypress Lane
Palm Springs, FL 33461

Re: Proposal to Provide Financial Sustainability Modeling Services (Stormwater Fund Adjusted)

Dear Mr. Bornstein:

Modifications from our Proposal of February 28, 2024

This is the same proposal sent to you on February 18, 2024 with the exception of a reduced fee for the Stormwater Fund based upon its small size as you pointed out in a recent email to me. Because of its small size I was able to adjust our proposed hours by assuming that we will accomplish interactive reviews and presentations during our reviews and presentations for the General Fund. The Stormwater Fund will still require a Model and a report, but I have also reduced the hours to accomplish those tasks. Based upon the reductions discussed above, I was able to reduce the overall fee for the Project from $66,505 to $55,095. That is the result of reducing the Stormwater Fund Fee from $20,478 to $10,068. The details of the results of these adjustments are included in the Fee Summary on page 5 and in the detailed Project Task Plan and Fee Estimate Schedules in the Appendix.

Proposal Introduction

It was a pleasure speaking with you and your staff recently to demonstrate our financial sustainability modeling approach and discuss your needs in that regard. In response to my question as to which funds to include in our proposal, Kim responded that we should include the General Fund, the CRA and the Stormwater Fund.

After receipt of our Proposed Scope and Fee, Kim asked if we could include the Water and Sewer Fund also. I have included the Water and Sewer Fund in this proposal and adjusted the fee based upon the amount in the Water and Sewer Rate Study (that Raftelis is also doing as a sub to Kimley Horn) that is associated with the revenue Sufficiency Analysis in that project. We will accomplish that portion of the work for the Water and Sewer Fund within the contract for the Water and Sewer Rate Study in the same format as for the other funds in this proposal, and the fee for the activities included in this proposal will only be for an interactive review with staff and Village Management, preparation of the report and presentation to the Village Council.

The following sections present our Scope of Work, Task Plan, Fee, Schedule, Project Team and an Appendix with our detailed Project Task Plan and Fee Estimate Schedule. The scope includes the four aforementioned funds as well as linkages among the funds where applicable for interfund transfers, etc.

Scope of Work

The scope of work will consist of modifying our Financial Sustainability Analysis Model (Model) to develop a ten-year financial forecast for the four aforementioned funds for the Village. The Model will be built with consideration of the specific financial dynamics of the Village and will project revenues and expenses for each fund over a ten-year planning period. Our Financial Sustainability Analysis Modeling Process is a decision support tool to ensure long term financial sustainability for your community. The scope of this proposal is to model your General Fund, the CRA, the Stormwater Fund and the Water and Sewer Fund with the results for each fund shown separately, but the modeling will also include linkages among the fund where applicable for interfund transfers, etc.

Our approach will be to first define a base scenario of the "Status Quo" for each fund, which will provide a clear diagnostic picture of the financial health of these funds over a ten-year planning period under baseline assumptions. Once a Status Quo forecast is established, the model will allow for the quick evaluation of alterative scenarios to measure the sensitivity of the financial forecasts for these funds to key assumptions. Key assumptions may include growth in developed property and property values, cost escalation rates, capital improvement program projects, staffing levels, and any other variables identified during the Study that may be important to the financial future of these funds.

The modeling process focuses on a Decision Panel on which key graphical results are displayed. The Decision Panel will be constructed specifically for you to easily modify key assumptions, without having to go deep into the model, with the results presented instantaneously in a graphical side-by-side comparison to the last saved scenario. This tool allows you to clearly see the difference between scenarios in terms of cash flow and fund balance, which is where "the rubber meets the road" in terms of financial sustainability. Ultimately, the Decision Panel provides for quick and easy testing of alternative scenarios and what-if assumptions regarding variables relevant to the long-term financial wellbeing of the General Fund, the CRA fund, the Stormwater Fund and the Water and Sewer Fund.

We have developed a Task Plan, which will be followed for each fund, which is presented in the following section, that specifically defines the scope of work, and identifies the tasks and sub-tasks that we will accomplish for each fund during the Project.

Task Plan

Task 1 Initiate the Project (all Funds)

1.1 Prepare preliminary work plan, timeline for tasks, and initial data request list prior to kick-off meeting.

1.2 Conduct kick-off conference call to review project objectives, schedule, key issues, approach, available data, and key assumptions.

1.3 Review initial data/documentation provided by staff and submit supplemental requests and/or clarifications.

Task 2 Initialize Raftelis' General Fund Sustainability Model (Model).

2.1 Conduct an interactive internet conference with Village staff (for all funds included in the analysis) to discuss the scenarios to be modeled to include the following:

- Discuss the Baseline - Status Quo Scenario to determine the key assumptions to be included.

- Discuss Alternative Scenarios (up to three) to determine the alternative assumptions to include as variables and to be included on the Decision Panel of the Model for easy, interactive evaluation.

2.2 Obtain, verify and input financial, property, and other data into Raftelis' General Fund Sustainability Model, project year end results for the current year and run the model and produce preliminary output for identified scenarios, including a ten year financial management plan that will include the following:

- o Property data, including growth assumptions.
- o Operations and Maintenance (O&M) Budget and projections:
  - O&M budget categories, initial year budget and projections of budget in future years.
  - Inflation factors for each O&M budget cost category.
- o Capital Improvements Program (10 year).
- o Borrowing Program.
- o Revenue Sufficiency Analysis:
  - Annual revenue projections for all revenue sources, including variable annual adjustment factors for each revenue source.
  - Annual plan to provide sufficient revenues for each scenario evaluated through adjustments to O&M costs, capital costs, millage rates, etc.
- o Sources and Uses of Funds Analysis.
- o Funds Analysis:
  - Spend down limits (minimum reserve requirements) by fund.
  - Beginning and ending funds balances by fund by year.

2.3 Input financial, growth and property data to the Model for the Baseline - Status Quo Scenario and alternative scenarios to be evaluated.

2.4 Review results with consulting team, make required adjustments and create alternatives scenarios.

Task 3 Conduct interactive review sessions with Village staff for each Fund.

3.1 Meet with Village staff in an interactive work session to review preliminary results for each Fund.

3.2 Make adjustments and prepare an Assumptions and Results workbook for each Fund.

3.3 Conduct a Conference call for Village staff provide feedback to Raftelis for each Fund.

3.4 Meet with Village staff in a second interactive work session to review preliminary results for each Fund.

3.5 Make adjustments and prepare an updated Assumptions and Results workbook for each Fund.

3.6 Conference call for Village staff provide feedback to Raftelis for each Fund.

3.7 Make adjustments as required based upon input from Village staff in the prior sub-task.

Task 4: Review Preliminary Results with Village Management for each Fund.

4.1 Conduct an interactive review session with Village Management and identify any needed adjustments.

4.2 Make any needed adjustments based upon feedback from Village Management.

Task 5: Prepare Report of the Results of the Analysis for each Fund.

5.1 Prepare a Draft Report.

5.2 Review the Draft Report with Village staff for comments.

5.3 Prepare the Final Report and deliver to Village.

Task 6: Present Results to Village Council

6.1 Prepare Presentation for and review and finalize with Village staff.

6.2 Attend One (1) Village Council workshop to present the results of all funds included in the analysis.

A detailed version of this this Task Plan is also presented in the Appendix for each fund with our assignment of consultant-hours by sub-task, our detailed fee proposal, and an indication as to whether Village staff involvement is required for each sub-task.

Fee

We have structured our proposal with four Work Elements, one for each fund. A Fee Summary is presented on the following page, and the detailed calculations of the proposed fee are presented in the Project Work Plan and Fee Estimate Schedules in the Appendix.

--- This Space Intentionally Blank ---

Fee Summary

	Work Elements and Tasks	Hours	Fee
Work Element I - Develop a 10 Year Financial Sustainability Model for the Village's General Fund:			
Task 1	Initiate the Project (all Funds)	9	$1,810
Task 2	Initialize Raftelis's General Fund Sustainability Model (Model).	48	$9,510
Task 3	Conduct interactive review sessions with Village staff for General Fund (GF) and CRA	23	$4,695
Task 4:	Review Preliminary Results with Village Management for GF and CRA	13	$2,775
Task 5:	Prepare Report of the Results of the Analysis for GF and CRA	30	$5,885
Task 6:	Present Results to Village Council	16	$3,570
Total Hours and Fee		139	$28,245
Technology Expenses			$0
Travel Expenses			$783
Total Work Element I			**$29,028**
Work Element II - Develop a 10 Year Financial Sustainability Model for the Village's CRA Fund:			
Task 1	Initiate the Project (Included in General Fund Plan)	0	$0
Task 2	Initialize Raftelis's General Fund Sustainability Model (Model).	18	$3,680
Task 3	Conduct interactive review sessions with Village staff (Included in GF Plan).	0	$0
Task 4:	Review Preliminary Results with Village Management	0	$0
Task 5:	Prepare Report of the Results of the Analysis (Included in GF Plan).	0	$0
Task 6:	Present Results to Village Council	4	$850
Total Hours and Fee		22	$4,530
Technology Expenses			$0
Travel Expenses			$783
Total Work Element II			**$5,313**
Work Element III - Develop a 10 Year Financial Sustainability Model for the Village's Stormwater Fund:			
Task 1	Initiate the Project (Included in General Fund Plan)	0	$0
Task 2	Initialize Raftelis's General Fund Sustainability Model (Model).	28	$5,490
Task 3	Conduct interactive review sessions with Village staff:	0	$0
Task 4:	Review Preliminary Results with Village Management	0	$0
Task 5:	Prepare Report of the Results of the Analysis (Included in GF Plan).	14	$2,945
Task 6:	Present Results to Village Council	4	$850
Total Hours and Fee		46	$9,285
Technology Expenses			$0
Travel Expenses			$783
Total Work Element III			**$10,068**
Work Element IV - Develop a 10 Year Financial Sustainability Model for the Village's Water and Sewer Fund:			
Task 1	Initiate the Project	0	$0
Task 2	Initialize Raftelis's General Fund Sustainability Model (Model).	0	$0
Task 3	Conduct interactive review sessions with Village staff:	11	$2,205
Task 4:	Review Preliminary Results with Village Management	7	$1,530
Task 5:	Prepare Report of the Results of the Analysis	27	$5,320
Task 6:	Present Results to Village Council	4	$850
Total Hours and Fee		49	$9,905
Technology Expenses			$0
Travel Expenses			$783
Total Work Element IV			**$10,688**
Total Work Elements I, II, III and IV:			
Task 1	Initiate the Project (Included in General Fund Plan)	9	$1,810
Task 2	Initialize Raftelis's General Fund Sustainability Model (Model).	94	$18,680
Task 3	Conduct interactive review sessions with Village staff:	34	$6,900
Task 4:	Review Preliminary Results with Village Management	20	$4,305
Task 5:	Prepare Report of the Results of the Analysis	18	$14,150
Task 6:	Present Results to Village Council	28	$6,120
Total Work Elements I, II, III and IV Fee		**203**	**$51,965**
Technology Expenses			$0
Travel Expenses			$3,130
Total Work Elements I, II, III and IV			**$55,095**

It is our practice to invoice monthly on a time and expenses basis for the work completed during the billing period and payment is due within 30 days.

To the extent that additional analysis or attendance at additional meetings are required and requested by you, we will invoice for those services at our hourly rates, plus actual out-of-pocket expenses.

Schedule

We can begin this engagement immediately and estimate that it can be completed within 90 days. A Schedule by task is presented below.

Project Team

I will serve as our Project Principal and I will be assisted by Chad Cowan as our Project Manager. I reside in St. Augustine, FL, Chad resides in Charlotte, NC and Chad will be supported by one of our consultants in our Florida Office in Maitland, FL. A brief summary of the experience of Mike and Chad is presented below.

Michael Burton – Project Director: Mike has 35+ years of experience managing a variety of projects to assist local government with planning for and funding services and infrastructure, to include the general funds of local government in addressing economic, financial, pricing issues, and financial sustainability modeling. He also has conducted project related to fire protection, water and wastewater services, stormwater utilities, and economic and fiscal impact analyses. Mike has conducted financial sustainability modeling projects for over 20 city and county governments. Some of these projects included the general fund only, but several projects included an integrated approach where he modeled from 3 to 8 separate funds to include the general fund, capital funds, utility enterprise funds and special revenue funds. As an Executive Vice President of Raftelis, he is responsible for providing overall management input to the practice as well as focusing on directing the financial analysis component of the firm's management consulting practice. As the founder of another firm in the local government and utility consulting arena, he has over 35 years of hands on experience in advising city managers, budget directors, finance directors, utility directors, and governing boards of over 100 local government clients. Mike also served on the AWWA Rates and Charges Committee for 5 years, where he was a contributing author of the first edition of AWWA's Manual M54 – Developing Rates for Small Systems.

Chad Cowan – Project Manager: Chad has over 24 years of experience working with local governments, utilities, non-profits and Higher Education clients. He spent the majority of his career working as a municipal advisor, investment banker and local government official. During this time, he has assisted clients in evaluating their long-term financial needs and the impact that current decisions have on their long-term financial health. Through his work and education, he has developed broad knowledge of long-term financial planning for his clients including building unique models for his clients to help facilitate the decision-making process. As a Consultant with Raftelis, Chad is responsible for delivering client services across a range of activities, including long-term financial planning, feasibility studies and other studies.

Conclusion

We look forward to the opportunity to assist you in meeting the financial challenges facing local government today. If you have any questions, please do not hesitate to call me at (904) 923-1466 or contact me via email at mburton@raftelis.com. If the terms of this proposal are acceptable to you, let me know and I will send you a short form contract for your review, or you can provide a contract for our review. There is also the possibility of piggybacking on our financial services contract with the City of Daytona Beach, which is how we recently contracted for a Financial Sustainability Modeling project with the City of Bartow, FL.

Very truly yours,

Michael E. Burton
Executive Vice President

Appendix

The following pages of this Appendix present our detailed Project Task Plan and Fee Estimate Schedule for each work element, followed by a detailed schedule of estimated expenses for the project.

Village of Palm Springs, FL *Financial Sustainability Modeling Study for the General Fund, CRA Fund, Stormwater Fund and Water & Sewer Fund* *Raftelis Project Task Plan and Fee Estimate*	Hours				Fee	Village Staff Involved at Sub-Task Level

Village of Palm Springs

Executive Brief

AGENDA DATE: April 11, 2024

DEPARTMENT: Finance

ITEM #5: Purchase Agreement - Budgeting Software - ClearGov (FY24 General Fund-Finance)

SUMMARY: The Village recently purchased a prorated agreement to implement new budgeting software that will be effective from March 8, 2024, to September 30, 2024. This application includes personnel, operating, and capital budgeting, a digital budget book feature, and a transparency module. The proposed Purchase Agreement aims to continue using this application for the next three years, starting from October 1, 2024, through September 30, 2027. The Finance and IT departments are currently working on implementing the application.

The Village has been using Excel to prepare the annual budget for years. It was easy when there were only a few budgets to manage, such as the General Fund, Debt Service, and Water and Sewer Enterprise Fund budgets. However, the Village now has budgets for the General Fund, American Rescue Plan, two CRA districts, Debt Service, Water and Sewer, and Stormwater Enterprise funds, making the process cumbersome. The Village needs to upgrade its technology and adopt a more flexible application with new features to streamline the preparation process and highlight the new focus on performance measures.

FISCAL IMPACT:

This is a three-year contract payable annually. The first year is $29,900 and increases each year by a 3% multiplier. Funds to pay for this contract will be budgeted annually from the (General Funds Finance).

ATTACHMENTS:

1. Addendum - ClearGov
2. Budgeting Software 3Yr agreement
3. ClearGov-BCM-Service-Agreement
4. Additional Information - Palm Springs FL - Standard Addendum - Redline

VILLAGE OF PALM SPRINGS STANDARD ADDENDUM

This Village of Palm Springs Standard Addendum ("Addendum") is made as of the _____ day of _____, 2024, by and between the **Village of Palm Springs**, a Florida Municipal Corporation ("Village") and **CLEARGOV INC**, a corporation authorized to do business in the State of Florida ("ClearGov").

In consideration of the mutual promises contained in this Addendum and contained within the ClearGov's Service Order dated March 14, 2024 and ClearGov's BCM Service Agreement, which are attached hereto as composite **Exhibit "A"** ("Agreement") (collectively, this Addendum and the Agreement are the "Contract" or the "Contract Documents"), the Village and ClearGov agree as follows:

SECTION 1 – PAYMENTS; TERM; TERMINATION

1.1 The Village shall make payments to ClearGov consistent with the Agreement's Service Order.

1.2 Payments shall be made by the Village within forty-five (45) days of receipt of a proper invoice from the ClearGov or the Village shall be subject to interest at the rate of 1% per month from thirty (30) days after the due date, in accordance with the Local Government Prompt Payment Act, Section 218.70, et seq, Florida Statutes.

1.3 ClearGov acknowledges and agrees that the Village is a municipal corporation and political subdivision of the state of Florida, and as such, the Contract Documents are subject to budgeting and appropriation by the Village of funds sufficient to pay the costs associated therewith in any fiscal year of the Village. Based upon the timeframes set forth in the Contract Documents, the Village agrees that it has the funding available for the current fiscal year (FY 2023-2024) and agrees to propose in each applicable fiscal year budget thereafter an amount to cover the Village's payment obligations as stated in the Contract Documents; however, the Village's future funding obligations as stated herein are all subject to the Village's annual budgeting and appropriation process. ClearGov understands and agrees that the Village's funding obligations hereunder are payable exclusively from duly appropriated or otherwise legally available funds and shall not be construed to be debt, liability or obligation within the meaning of any applicable constitutional or statutory limitation or requirement. Neither the Village nor the State of Florida nor any political subdivision or agency thereof has pledged any of its full faith and credit or its taxing power to make any payments under the Contract Documents. In the event the funds budgeted or appropriated are, or are estimated by the Village to be, insufficient to pay the costs associated with the Village's payment obligations in the Contract Documents in any fiscal year after the current fiscal year, then the Village will notify ClearGov of such occurrence and either the Village or ClearGov may terminate the Contract Documents by notifying the other in writing, which notice shall specify a date of termination no earlier than twenty-four (24) hours after giving of such notice. Termination in accordance with the preceding sentence shall be without penalty or expense to the Village of any kind whatsoever; however, Village shall pay ClearGov for all services performed under the Contract Documents through the date of termination.

SECTION 2 – CONTRACT DOCUMENTS AND CONTROLLING PROVISIONS

The agreement between the parties consists of the Contract Documents. To the extent that there exists a conflict between this Addendum and the remaining Contract Documents, the terms, conditions, covenants, and/or provisions of this Addendum will prevail. Wherever possible, the provisions of such documents shall be construed in such a manner as to avoid conflicts between provisions of the various documents.

SECTION 3 –PUBLIC ENTITY CRIMES; PALM BEACH COUNTY IG; SCRUTINIZED COMPANIES; E-VERIFY

3.1 As provided in Sections 287.132-133, Florida Statutes, as amended from time to time, by entering into the Contract Documents, ClearGov certifies that it and its affiliates who will perform hereunder have

not been placed on the convicted vendor list maintained by the State of Florida Department of Management Services within the thirty-six (36) months immediately preceding the date hereof.

3.2 In accordance with Palm Beach County ordinance number 2011-009, this Contract may be subject to investigation and/or audit by the Palm Beach County Inspector General. ClearGov should review Palm Beach County ordinance number 2011-009 in order to be aware of its rights and/or obligations under such ordinance and as applicable.

3.3 As provided in Section 287.135, Florida Statutes, as amended from time to time, by entering into the Contract Documents, ClearGov certifies that it is not participating in a boycott of Israel. Village and ClearGov agree that the Village will have the right to terminate the Contract Documents if ClearGov is found to have been placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel.

3.4 Pursuant to Section 448.095(2), Florida Statutes, ClearGov shall register with and use the E-Verify system to verify the work authorization status of all newly hired employees and require all subcontractors (providing services or receiving funding under this Contract) to register with and use the E-Verify system to verify the work authorization status of all the subcontractors' newly hired employees.

SECTION 4 – SOVEREIGN IMMUNITY; LAW, VENUE, REMEDIES; WAIVER OF JURY TRIAL; ENFORCEMENT COSTS; INDEMNIFICATION

4.1 Nothing contained in any of the Contract Documents shall be construed or interpreted as consent by the Village to be sued, nor as a waiver of sovereign immunity beyond the waiver and limits provided in Section 768.28, Florida Statutes, as amended from time to time.

4.2 The Contract shall be governed by the laws of the State of Florida. ClearGov represents that it is authorized to do business in the State of Florida and covenants that it will continue to be authorized through the completion of this Contract. Venue for any and all legal action necessary to enforce this Contract will be held exclusively in Palm Beach County, Florida. **All disputes arising from or related to the Contract Documents shall not be subject arbitration**. Unless resolved amicably between the Village and ClearGov, all disputes will be settled through litigation in Palm Beach County, Florida.

4.3 No remedy herein conferred upon any party is intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or further exercise thereof.

4.4 TO ENCOURAGE PROMPT AND EQUITABLE RESOLUTION OF ANY LITIGATION, EACH PARTY HEREBY WAIVES ITS RIGHTS TO A TRIAL BY JURY IN ANY LITIGATION RELATED TO THE CONTRACT DOCUMENTS.

4.5 If any legal action or other proceeding is brought for the enforcement of the Contract, or because of an alleged dispute, breach, default or misrepresentation in connection with any provisions of the Contract Documents, the parties agree that each party shall be responsible for its own attorney's fees.

SECTION 5 – SURVIVABILITY; SEVERABILITY; PREPARATION; WAIVER

Any provision of the Contract which is of a continuing nature or imposes an obligation which extends beyond the term of the Contract shall survive its expiration or earlier termination. If any term or provision of the Contract, or the application thereof to any person or circumstances shall, to any extent, be held invalid or unenforceable, the remainder of the Contract, or the application of such terms or provision, to persons or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected, and every other term and provision shall be deemed valid and enforceable to the extent permitted by law. The Contract shall not be construed more strongly against either party regardless of who was more responsible for its preparation. Failure of a party to enforce or exercise any of its right(s)

under this Contract shall not be deemed a waiver of that party's right to enforce or exercise said right(s) at any time thereafter.

SECTION 6 –SUCCESSOR AND ASSIGNS

The Village and the ClearGov each bind itself and its partners, successors, executors, administrators, and assigns to the other party and to the partners, successors, executors, administrators and assigns of such other party, in respect to all covenants of the Contract. Except as set forth above or except as set forth in Section 8.3 of the BCM Service Agreement, neither the Village nor ClearGov shall assign, sublet, convey or transfer its interest in the Contract without the written consent of the other. Nothing herein shall be construed as creating any personal liability on the part of any officer or agent of the Village which may be a party hereto, nor shall it be construed as giving any rights or benefits hereunder to anyone other than the Village and the ClearGov.

SECTION 7 – PUBLIC RECORDS

7.1 The ClearGov shall comply with Florida's Public Records Act, Chapter 119, Florida Statutes, and, if determined to be acting on behalf of the Village as provided under section 119.011(2), Florida Statutes, specifically agrees to:

1. Keep and maintain public records required by the Village to perform the service.
2. Upon request from the Village's custodian of public records or designee, provide the Village with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.
3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of this Contract and following completion of this Contract if the ClearGov does not transfer the records to the Village.
4. Upon completion of this Contract, transfer, at no cost, to the Village all public records in possession of the ClearGov or keep and maintain public records required by the Village to perform the service. If the ClearGov transfers all public records to the Village upon completion of the Contract, the ClearGov shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the ClearGov keeps and maintains public records upon completion of the Contract, the ClearGov shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the Village, upon request from the Village's custodian of public records or designee, in a format that is compatible with the information technology systems of the Village.

IF THE CLEARGOV HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CLEARGOV'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS OR DESIGNEE AT 561-584-8200 (ext. 8431) kwynn@vpsfl.org, OR BY MAIL AT VILLAGE OF PALM SPRINGS, 226 CYPRESS LANE, PALM SPRINGS, FL 33461.

SECTION 8 –TAXES

8.1 The Village is exempt from payment of Florida State Sales and Use Tax. ClearGov shall not be exempted from paying sales tax to its suppliers for materials used to fill any contractual obligations with the Village, nor is ClearGov authorized to use the Village's Tax Exemption Number in securing such materials. ClearGov shall be responsible for payment of their own and their share of its employees' payroll, payroll taxes, and benefits with respect to the Contract.

SECTION 9 – INSURANCE

9.1 Coverage Limits. During the term of this Agreement, ClearGov shall maintain the following insurance coverage in at least the following amounts:

1. Workers' Compensation consistent with requirements and limits set under Ch. 440, Florida Statutes.
2. Commercial General Liability coverage (including products and completed operations blanket or broad form contractual, personal injury liability and broad form property damage) with minimum limits of one million dollars ($1,000,000) per occurrence for bodily injury/property damage and one million dollars ($4,000,000) for personal injury and products/completed operations.

9.2 Policy Requirements. ClearGov's policies shall be primary, and any insurance maintained by the Village is excess and non-contributory. Promptly upon Village's written request for same, the ClearGov shall provide or cause its insurers or insurance brokers to issue certificates of insurance evidencing that the coverages required under this Contract are maintained in force and effect.

SECTION 10 – ENTIRETY OF CONTRACTUAL AGREEMENT

The Village and ClearGov agree that the Contract Documents set forth the entire contract between the parties, and that there are no promises or understandings other than those stated herein. None of the provisions, terms and conditions contained in the Contract Documents may be added to, modified, superseded or otherwise altered, except by written instrument executed by the parties hereto.

SECTION 11 - COUNTERPARTS

This Addendum may be executed in one or more counterparts, each of which shall be deemed to be an original and such counterparts will constitute one and the same instrument. The parties agree to accept the execution and delivery of this document by digital or electronic means and shall treat the same as an original.

IN WITNESS WHEREOF, the parties hereto have caused this Addendum to be executed as of the day and year set forth above.

Billing Date(s)	Amount(s)	Notes
Oct 1, 2024	$ 29,900.00	Annual Subscription Fee

Additional subscription years and/or renewals will be billed annually in accordance with pricing and terms set forth herein.

Billing Terms and Conditions

Valid Until	**Apr 30, 2024**	Pricing set forth herein is valid only if ClearGov Service Order is executed on or before this date.
Payment	**Net 30**	All invoices are due Net 30 days from the date of invoice.
Initial Period Rate Increase	3% per annum	During the Initial Service Period, the Annual Subscription Service Fee shall automatically increase by this amount.
Rate Increase	6% per annum	After the Initial Service Period, the Annual Subscription Service Fee shall automatically increase by this amount.

General Terms & Conditions	
Original Service Order	As of October 01, 2024 this ClearGov Service Order supercedes the ClearGov Service Order with an Order Date of March 03, 2024 (the "Original Service Order"). The Original Service Order shall be null and void as of October 01, 2024.
Appropriations	ClearGov acknowledges that this Service Order is subject to ongoing appropriations by Customer's applicable appropriating body and/or board of directors.
Customer Satisfaction Guarantee	During the first thirty (30) days of the Service, Customer shall have the option to terminate the Service, by providing written notice. In the event that Customer exercises this customer satisfaction guarantee option, such termination shall become effective immediately and Customer shall be eligible for a full refund of the applicable Service Fees.
Statement of Work	ClearGov and Customer mutually agree to the ClearGov Service activation and onboarding process set forth in the attached Statement of Work. Please note that ClearGov will not activate and/or implement services for any Customer with outstanding balance past due over 90 days for any previous subscription services.
Taxes	The Service Fees and Billing amounts set forth above in this ClearGov Service Order **DO NOT** include applicable taxes. In accordance with the laws of the applicable state, in the event that sales, use or other taxes apply to this transaction, ClearGov shall include such taxes on applicable invoices and Customer is solely responsible for such taxes, unless documentation is provided to ClearGov demonstrating Customer's exemption from such taxes.
Term & Termination	Subject to the termination rights and obligations set forth in the ClearGov BCM Service Agreement, this ClearGov Service Order commences upon the Order Date set forth herein and shall continue until the completion of the Service Period(s) for the Service(s) set forth herein. Each Service shall commence upon the Start Date set forth herein and shall continue until the completion of the applicable Service Period. To be clear, Customer shall have the option to Terminate this Service Order on an annual basis by providing notice at least sixty (60) days prior to the end of the then current Annual Term.
Auto-Renewal	After the Initial Period, the Service Period for any ClearGov Annual Subscription Services shall automatically renew for successive annual periods (each an ***"Annual Term"***), unless either Party provides written notice of its desire not to renew at least sixty (60) days prior to the end of the then current Annual Term.
Agreement	The signature herein affirms your commitment to pay for the Service(s) ordered in accordance with the terms set forth in this ClearGov Service Order and also acknowledges that you have read and agree to the terms and conditions set forth in the ClearGov BCM Service Agreement found at the following URL: http://www.ClearGov.com/terms-and-conditions. This Service Order incorporates by reference the terms of such ClearGov BCM Service Agreement.

Customer Upgrades (ClearGov internal use only)			
This Service Order is a Customer Upgrade	No	**If Yes: Original Service Order Date**	

Statement of Work

This Statement of Work outlines the roles and responsibilities by both ClearGov and Customer required for the activation and onboarding of the ClearGov Service. ClearGov will begin this onboarding process upon execution of this Service Order. All onboarding services and communications will be provided through remote methods - email, phone, and web conferencing.

ClearGov Responsibilities

- ClearGov will activate ClearGov Service subscription(s) as of the applicable Start Date(s). ClearGov will create the initial Admin User account, and the Customer Admin User will be responsible for creating additional User accounts.

- ClearGov will assign an Implementation Manager (IM) responsible for managing the activation and onboarding process. ClearGov IM will coordinate with other ClearGov resources, as necessary.

- ClearGov IM will provide a Kickoff Call scheduling link to the Customer's Primary Contact. Customer should schedule Kickoff Call within two weeks after the Service Order has been executed.

- If Customer is subscribing to any products that require data onboarding:
  - ClearGov IM will provide a Data Discovery Call scheduling link to the Customer's Primary Contact. Customer should schedule Data Discovery Call based on the availability of Customer's staff.
  - ClearGov will provide Customer with financial data requirements and instructions, based on the ClearGov Service subscription(s).
  - ClearGov will review financial data files and confirm that data is complete, or request additional information, if necessary. Once complete financial data files have been received, ClearGov will format the data, upload it to the ClearGov platform and complete an initial mapping of the data.
  - After initial mapping, ClearGov will schedule a Data Review call with a ClearGov Data Onboarding Consultant (DOC), who will present how the data was mapped, ask for feedback, and address open questions. Depending upon Customer feedback and the complexity of data mapping requests, there may be additional follow-up calls or emails required to complete the data onboarding process.

- ClearGov will inform Customer of all training, learning, and support options. ClearGov recommends all Users attend ClearGov Academy training sessions and/or read Support Center articles before using the ClearGov Service to ensure a quick ramp and success. As needed, ClearGov will design and deliver customized remote training and configuration workshops for Admins and one for End Users - via video conference - and these sessions will be recorded for future reference.

- ClearGov will make commercially reasonable efforts to complete the onboarding/activation process in a timely fashion, provided Customer submits financial data files and responds to review and approval requests by ClearGov in a similarly timely fashion. Any delay by Customer in meeting these deliverable requirements may result in a delayed data onboarding process. Any such delay shall not affect or change the Service Period(s) as set forth in the applicable Service Order.

Customer Responsibilities

- Customer's Primary Contact will coordinate the necessary personnel to attend the Kickoff and Data Discovery Calls within two weeks after the Service Order has been executed. If Customer needs to change the date/time of either of these calls, the Primary Contact will notify the ClearGov IM at least one business day in advance.

- If Customer is subscribing to any products that require data onboarding:
  - Customer will provide a complete set of requested financial data files (revenue, expense, chart of accounts, etc.) to ClearGov in accordance with the requirements provided by ClearGov.
  - Customer's Primary Contact will coordinate the necessary personnel to attend the Data Discovery and Data Review calls. It is recommended that all stakeholders with input on how data should be mapped should attend. Based on these calls and any subsequent internal review, Customer shall provide a detailed list of data mapping requirements and requested changes to data mapping drafts in a timely manner, and Customer will approve the final data mapping, once completed to Customer's satisfaction.

- Customer will complete recommended on-demand training modules in advance of customized training & configuration workshops.

- Customer shall be solely responsible for importing and/or inputting applicable text narrative, custom graphics, performance metrics, capital requests, personnel data, and other such information for capital budget, personnel budget, budget books, projects, dashboards, etc.

ClearGov BCM Service Agreement

This ClearGov BCM Service Agreement (the ***"Agreement"***) is made and entered into by and between ClearGov, Inc. (***"ClearGov"***), a Delaware corporation with its principal offices at 2 Mill & Main; Suite 630, Maynard, MA 01754 and ***Customer*** (as defined in the applicable ClearGov Service Order) (each a ***"Party"*** and collectively the ***"Parties"***). This Agreement governs the terms and conditions under which Customer may utilize the ClearGov Service as set forth herein and as specified in one or more applicable ClearGov Service Order(s) executed by Customer in connection herewith and incorporated herein (the ***"ClearGov Service Order(s)"***). In event of any conflict between the terms set forth in this Agreement and any terms or conditions of any applicable ClearGov Service Order, the terms of the applicable ClearGov Service Order shall prevail.

WHEREAS ClearGov owns and operates the ClearGov Service, a Web-based SaaS solution that includes a variety of ClearGov App(s) and provides various features and functionality via such ClearGov App(s); and

WHEREAS Customer wishes to utilize the ClearGov Service in order to convey fiscal budget, key metrics and other information to the public as well as to leverage the functionality of such ClearGov App(s);

NOW THEREFORE, in consideration of the mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, ClearGov and Customer hereby agree as follows:

1) **Definitions.** Capitalized terms used in this Agreement, and not otherwise defined herein, shall have the following meanings:
   - 1.1) ***"Account"*** means an access point for the ClearGov Service that requires registration by the Customer.
   - 1.2) ***"ClearGov API"*** means an application programming interface that provides access to specified content and functionality within certain ClearGov Apps.
   - 1.3) ***"ClearGov Apps"*** means collectively all of the Web applications hosted by ClearGov and available via the ClearGov Service, including but not limited to the applications listed in any applicable ClearGov Service Order. All features, functionality, reports, etc. for each ClearGov App are included as material elements of the applicable ClearGov App. ClearGov may modify, combine, add or delete ClearGov Apps from the ClearGov Service from time to time at its sole discretion, provided that in the event that ClearGov terminates or deletes any ClearGov App to which Customer is actively subscribing, ClearGov shall provide a pro-rata refund for the applicable portion of the Subscription Service Fee for the remainder of the then current Service Period.
   - 1.4) ***"ClearGov Data"*** means any aggregated and normalized key metrics and benchmarking data collected by ClearGov for the delivery of the ClearGov Service.
   - 1.5) ***"ClearGov Service"*** means the complete set of ClearGov software and related materials including but not limited to the ClearGov Apps, ClearGov Data, ClearGov Web Site, the Documentation and the Software.
   - 1.6) ***"ClearGov Web Site"*** means the Web site owned and operated by ClearGov and made available at the following URL: http://www.ClearGov.com and/or any successor site(s).
   - 1.7) ***"Customer PDF"*** means one or more PDF files of Customer's digital documents created by Customer using the ClearGov Apps.
   - 1.8) ***"Customer Data"*** means any data provided to ClearGov by or on behalf of Customer or any data entered or uploaded into the ClearGov Service by or on behalf of Customer, including Sensitive Data entered or provided by Customer. Customer Data specifically excludes ClearGov Data as well as any anonymized, customized, modified or derivative works related to the Customer Data.
   - 1.9) ***"Customer State"*** means the state, commonwealth or territory in which the Customer is located.
   - 1.10) ***"Customer Web Site"*** means any Web site owned and operated by Customer.
   - 1.11) ***"Documentation"*** means any accompanying proprietary documentation made available to Customer by ClearGov for use with the ClearGov Service, including any documentation available online or otherwise.
   - 1.12) ***"Sensitive Data:*** means any Customer Data that may reasonably be deemed sensitive and/or private in nature, including but not limited to personal wage garnishments, individual healthcare-related expenses, data protected by HIPAA, etc.
   - 1.13) ***"Software"*** means the source code and/or other code which are material elements of the ClearGov Apps and ClearGov Service.

2) **Service Usage & Licenses.**
   - 2.1) Account Password and Security. Customer shall protect its passwords and take full responsibility for Customer's own, as well as any third-party, use of the Customer Account(s). Customer is solely responsible for any and all activities that occur under such Customer Account(s), except for any activities performed by ClearGov as set forth herein. Customer agrees to notify ClearGov immediately upon learning of any unauthorized use of a Customer Account or any other breach of security. From time to time, ClearGov's support staff may log in to the Customer Account in order to maintain or improve service, including providing Customer assistance with technical or billing issues. Customer hereby acknowledges and consents to such access.
   - 2.2) ClearGov License. Subject to the terms and conditions of this Agreement and as specifically set forth in the applicable ClearGov Service Order(s), ClearGov grants Customer a limited, revocable, non-exclusive, non-transferable, non-distributable, worldwide license to utilize the ClearGov Service for the following functionality:
     - a) Content Delivery. Customer may integrate, link and publish applicable public-facing content from the applicable ClearGov Apps within one or more Customer Web Site(s);
     - b) Application Access. Customer may access the ClearGov Apps via Customer's Account to utilize the functionality provided within such ClearGov Apps; and
     - c) API Access. Customer may access the ClearGov API to distribute and display public-facing content from the ClearGov Apps within one or more Customer Web Site(s).

3) **Term and Termination.**
   - 3.1) Term. The duration of this Agreement shall be defined in accordance with the Term set forth in all applicable Service Order(s). The Term shall commence upon the Start Date set forth in the first ClearGov Service Order executed between the Parties and shall continue in full force and effect until the termination or expiration of all applicable ClearGov Service Order(s) (the ***"Term"***).
   - 3.2) Termination. This Agreement and/or any applicable ClearGov Service Order may be terminated prior to the expiration of the term as follows:
     - a) Either Party may terminate this Agreement if the other Party fails to cure a material breach of the Agreement within fifteen (15) days after receipt of written notice

thereof.

b) Either Party may terminate this Agreement if the other Party is involved in insolvency proceedings, receivership, bankruptcy, or assignment for the benefit of creditors.

3.3) Obligations. Upon expiration or termination of this Agreement:

a) Each Party shall promptly return to the other all of the Confidential Information of the other Party in its possession or control;

b) Customer shall cease use of the ClearGov Service and shall remove all links from the Customer Web Site(s) to any content provided by the ClearGov Apps, provided that Customer may continue to provide access to any Customer PDF(s). Customer shall be solely responsible for hosting and delivering such Customer PDF(s) as well as any ongoing costs for doing so; and

c) Any outstanding fees shall become immediately due and payable, and termination of this Agreement shall not relieve Customer from its obligation to pay to ClearGov any such fees.

3.4) Survival. Sections 3.3, 3.4 and 4 through 8 inclusive shall survive any termination or expiration of this Agreement.

4) Fees and Billing.

4.1) Fees. Customer shall pay the Fees in accordance with the terms set forth in the applicable ClearGov Service Order.

4.2) Interest and Collections. Customer will be charged $50 for payments by checks that are returned due to insufficient funds. Any late payments will accrue interest equal to one and one-half percent (1.5%) per month, or the maximum amount allowable under law, whichever is less, compounded monthly. ClearGov shall be entitled to recover all reasonable costs of collection (including agency fees, attorneys' fees, in-house counsel costs, expenses and costs) incurred in attempting to collect payment from Customer.

4.3) Taxes. Customer is solely responsible for all applicable sales, use and other taxes and similar charges based on or arising from this Agreement or any ClearGov Service Order. In the event that Customer is exempt from sales tax, Customer will provide ClearGov with a tax-exempt certificate upon request.

5) Intellectual Property.

5.1) General. Both Parties may only use the other Party's intellectual property as expressly set forth herein. Nothing in this Agreement shall be construed in any manner to affect or modify either Party's ownership rights in any preexisting or future works, trademarks, copyrights or technologies developed or created by either Party, including without limitation, their respective proprietary software used in connection with the development and provision of their respective Web sites, databases, systems, products and/or services. Unless specifically agreed by the Parties in writing, all intellectual property, including without limitation information that could become the subject of a patent, copyright or trade secret, developed by a Party in the context of performing its obligations under this Agreement shall be exclusively owned by that Party and the other Party shall cooperate with any reasonable requests to execute documents confirming such ownership.

5.2) Data Ownership and License.

a) Customer represents and warrants that it has obtained all data subjects' consent or otherwise has the full legal right necessary to provide the Customer Data to ClearGov for ClearGov's use as contemplated by this Agreement. Customer acknowledges that ClearGov shall have no legal liability for its use and/or the display of the Customer Data as contemplated by this Agreement.

b) Customer represents and warrants that Customer shall not provide or enter Sensitive Data to be displayed in any publicly available element of the ClearGov Service. To the extent that Customer enters or uploads any Sensitive Data into the ClearGov Service, Customer shall assume full responsibility for the disclosure of such Sensitive Data. ClearGov is under no obligation to review and/or verify whether or not Customer Data includes Sensitive Data.

c) Customer Data shall remain the property of Customer, and Customer hereby grants ClearGov a limited, perpetual, irrevocable and royalty-free right to use, copy, modify, and display the Customer Data within any ClearGov App(s) and for the purpose of providing the ClearGov Service.

5.3) Proprietary Rights Notice. The ClearGov Service and all intellectual property rights in the ClearGov Service are, and shall remain, the property of ClearGov. All rights in and to the ClearGov Service not expressly granted to Customer in this Agreement are hereby expressly reserved and retained by ClearGov without restriction, including, without limitation, ClearGov's right to sole ownership of the ClearGov API, ClearGov Apps, ClearGov Data, ClearGov Web Site, Documentation and Software. Without limiting the generality of the foregoing, Customer agrees not to (and to not allow any third party to): (a) sublicense, copy, distribute, rent, lease, lend or use the ClearGov Service outside of the scope of the license granted herein or make the ClearGov Service available to any third party or use the ClearGov Service on a service bureau time sharing basis; (b) copy, modify, adapt, translate, prepare derivative works from, reverse engineer, disassemble, or decompile the ClearGov Service or otherwise attempt to discover or reconstruct any source code, underlying ideas, algorithms, file formats, program interfaces or other trade secrets related to the ClearGov Service; (c) use the trademarks, trade names, service marks, logos, domain names and other distinctive brand features or any copyright or other proprietary rights associated with the ClearGov Service for any purpose without the express written consent of ClearGov; (d) register, attempt to register, or assist anyone else to register any trademark, trade name, service marks, logos, domain names and other distinctive brand features, copyrights or other proprietary rights associated with ClearGov other than in the name of ClearGov; or (e) modify, remove, obscure, or alter any notice of copyright, trademark, or other proprietary right or legend appearing in or on any item included with the ClearGov Service. If the use of the ClearGov Service is being purchased by or on behalf of the U.S. Government or by a U.S. Government prime contractor or subcontractor (at any tier), in accordance with 48 C.F.R. 227.7202-4 (for Department of Defense (DOD) acquisitions) and 48 C.F.R. 2.101 and 12.212 (for non-DOD acquisitions), the Government's rights in the ClearGov Service, including its rights to use, modify, reproduce, release, perform, display or disclose any elements of the ClearGov Service, will be subject in all respects to the commercial license rights and restrictions provided in this Agreement.

6) Representations, Warranties, Indemnification and Liability.

6.1) By ClearGov. ClearGov represents and warrants that: (i) the ClearGov Service shall be provided in accordance with, and shall not violate applicable laws, rules or regulations; and (ii) by using the ClearGov Service, Customer will not violate or in any way infringe upon the personal or proprietary rights of any third party, (iii) to ClearGov's knowledge, the ClearGov Service does not contain any virus, worm, Trojan horse, time bomb or similar contaminating or destructive feature; and (iv)

ClearGov holds all necessary rights to permit the use of the ClearGov Service and all components thereof provided to Customer under this Agreement.

6.2) By Customer. Customer represents and warrants that: (i) it has all right, title, and interest in and to the Customer Data necessary for its use in connection with the ClearGov Service; and (ii) it shall not use the ClearGov Service in a manner or in connection with any activity that would violate this Agreement or any law, rule or regulation or rights of any third party.

6.3) By Both. ClearGov and Customer both represent and warrant that (i) each has full power and authority to enter into and perform its obligations under this Agreement; (ii) this Agreement is a legal, valid and binding obligation, enforceable against each Party in accordance with its terms; and (iii) entering into this Agreement will not knowingly violate the Agreement or any laws, regulations or third-party contracts.

6.4) Indemnification by ClearGov. At ClearGov's cost, ClearGov agrees to indemnify, hold harmless and defend Customer against any cost, loss or expense (including attorney's fees) resulting from any claims by third parties for loss, damage or injury (each, a ***"Claim"***) arising out of or relating to (i) ClearGov's breach of any term, condition, representation or warranty of this Agreement, (ii) ClearGov's violation of any third party rights in connection with the ClearGov Service or (iii) ClearGov's violations of applicable laws, rules or regulations in connection with the ClearGov Service. In such a case, Customer will provide ClearGov with written notice of such Claim. Customer shall cooperate as fully as reasonably required in the defense of any Claim. Customer reserves the right, at its own expense, to assume the exclusive defense and control of any matter subject to indemnification by ClearGov. Notwithstanding the foregoing, unless the settlement involves no cost, loss or continuing liability to Customer, ClearGov shall not settle any Claim, without the written consent of Customer, such consent not to be unreasonably withheld.

6.5) Limited Warranty. ClearGov warrants that the ClearGov Service will be delivered in a professional and workmanlike manner substantially in accordance with the statement of work set forth in the applicable ClearGov Service Order and that the ClearGov Service will operate in all material respects as described in its product descriptions and/or documentation. EXCEPT FOR THE EXPRESS WARRANTIES STATED IN THIS AGREEMENT, INCLUDING ANY APPLICABLE CLEARGOV SERVICE ORDER, CLEARGOV MAKES NO ADDITIONAL WARRANTY, EXPRESS OR IMPLIED, STATUTORY OR OTHERWISE, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT, GUARANTEES, REPRESENTATIONS, PROMISES, STATEMENTS, ESTIMATES, CONDITIONS, OR OTHER INDUCEMENTS.

6.6) Limitation of Liability. NEITHER CLEARGOV NOR CUSTOMER WILL BE LIABLE TO THE OTHER PARTY FOR ANY INDIRECT, SPECIAL, PUNITIVE, CONSEQUENTIAL (INCLUDING, WITHOUT LIMITATION, LOST PROFITS), OR INCIDENTAL DAMAGES, WHETHER BASED ON A CLAIM OR ACTION OF CONTRACT, WARRANTY, NEGLIGENCE, STRICT LIABILITY, OR OTHER TORT, BREACH OF ANY STATUTORY DUTY, INDEMNITY OR CONTRIBUTION, OR OTHERWISE, EVEN IF THE PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THE EXCLUSION CONTAINED IN THIS PARAGRAPH SHALL APPLY REGARDLESS OF THE FAILURE OF THE EXCLUSIVE REMEDY PROVIDED IN THE FOLLOWING SENTENCE. BOTH PARTIES' TOTAL CUMULATIVE LIABILITY TO THE OTHER PARTY FOR ANY LOSS OR DAMAGES RESULTING FROM ANY CLAIMS, DEMANDS OR ACTIONS ARISING OUT OF OR RELATING TO THIS AGREEMENT SHALL NOT EXCEED THE CUMULATIVE FEES PAID BY CUSTOMER TO CLEARGOV IN THE PRECEDING TWELVE (12) MONTHS. THE FOREGOING SHALL NOT LIMIT A PARTY'S (A) PAYMENT OBLIGATIONS UNDER THE AGREEMENT; (B) LIABILITY FOR INDEMNIFICATION OBLIGATIONS UNDER SECTION 6.4; (C) LIABILITY FOR ANY BREACH OF ITS CONFIDENTIALITY OBLIGATIONS UNDER SECTION 7; (D) LIABILITY FOR ANY BREACH OF ITS REPRESENTATIONS, WARRANTIES, OR OBLIGATIONS UNDER SECTION 5.2; OR (E) LIABILITY FOR ITS INFRINGEMENT OR MISAPPROPRIATION OF ANY PROPRIETARY RIGHTS OF THE OTHER PARTY. NOTHING IN THIS AGREEMENT SHALL BE CONSTRUED AS EXCLUDING OR LIMITING A PARTY'S LIABILITY FOR FRAUD OR ITS LIABILITY FOR DEATH OR PERSONAL INJURY ARISING FROM ITS NEGLIGENCE.

6.7) Essential Element. The provisions of this Section 6 are an essential element of the benefit of the consideration reflected in this Agreement.

7) Confidentiality.

7.1) Subject to any applicable open public records laws in the Customer State, each Party will keep the specific terms of this Agreement confidential, including the contents of the schedules and exhibits, and not disclose any portion of them to any third party (other than to its attorneys, accountants, advisors and potential investors who are bound to keep such information confidential) without the other Party's prior written consent, except as required by law, including but not limited to open public record laws.

7.2) In addition, in connection with the negotiation and performance of this Agreement, a Party (the ***"Receiving Party"***) may receive information from the other Party (the ***"Disclosing Party"***) which is confidential or proprietary in nature, including without limitation information about a Party's products, systems and services (***"Confidential Information"***). The Receiving Party agrees that, during the term of this Agreement and for a period of three (3) years thereafter, it will keep the Confidential Information in strictest confidence and protect such Confidential Information by similar security measures as it takes to protect its own Confidential Information of a similar nature, but in no event shall the Receiving Party take less than reasonable care with the Confidential Information of the Disclosing Party. The Receiving Party also agrees that it will not use any Confidential Information for any purpose other than in connection with the performance of its obligations under this Agreement.

7.3) The term ***"Confidential Information"*** shall not include information which A) is or becomes generally available to the public without breach of this Agreement, B) is in the possession of the Receiving Party prior to its disclosure by the Disclosing Party, C) becomes available from a third party not in breach of any obligations of confidentiality, D) is independently developed by the Receiving Party, or E) is required to be disclosed by the Receiving Party pursuant to law, rule, regulation, subpoena or court order, including but not limited to open public record laws.

7.4) The Parties recognize that the disclosure or use of a Disclosing Party's Confidential Information by the Receiving Party in violation of the provisions of this Section 7 may cause irreparable injury to the Disclosing Party; therefore, in the event either Party breaches the provisions of this Section 7, the other Party, in addition to any other remedies it may have, shall be entitled to seek preliminary and permanent

injunctive relief without the necessity of posting a bond.

8) Miscellaneous.

8.1) General. If any provision of this Agreement is held to be unenforceable for any reason, such provision shall be reformed to the extent necessary to make it enforceable to the maximum extent permissible so as to implement the intent of the Parties, and the remainder of this Agreement shall continue in full force and effect. A waiver of any default is not a waiver of any subsequent default. The relationship between ClearGov and Customer is one of independent contractors, not partnership, joint venture or agency. This Agreement shall be binding upon and inure to the benefit of the respective successors and permitted assigns of the Parties hereto. The United Nations Convention on Contracts for the International Sale of Goods and the Uniform Computer Information Transactions Act shall not apply to this Agreement. The Software is controlled by U.S. Export Regulations, and it may not be exported to or used by embargoed countries or individuals.

8.2) Entire Agreement. This Agreement and the accompanying ClearGov Service Order(s), together, constitute a valid and binding agreement between the Parties and are intended to be the Parties' complete, integrated expression of the terms of their agreement with respect to the ClearGov Service, and any prior agreements or understandings with respect to such subject matter are superseded hereby and fully merged herein.

8.3) Assignment. Neither Party will assign this Agreement in whole or in part to any third party without the prior written consent of the other Party; provided, however, either Party may assign this Agreement without such consent to any subsidiary or parent company of such Party or to any successor by way of any merger, consolidation or other corporate reorganization of such Party or sale of all or substantially all of the assets of such Party or to an entity that assumes, by sale, license or otherwise, the business activities that are the subject of this Agreement, provided that such subsidiary or parent company or successor assumes or is otherwise fully bound by all of the obligations of the assigning Party under this Agreement.

8.4) Marketing Materials. Customer agrees that ClearGov may utilize Customer's name solely to identify it as a ClearGov Customer on the ClearGov Web site, in client lists and other marketing materials. Any other uses of Customer's name and/or logo (other than as included in the content and/or other items furnished to ClearGov by Customer) shall require Customer's prior written consent.

8.5) Insurance. ClearGov shall maintain commercial general liability insurance, cybersecurity insurance, product liability insurance and auto liability insurance in amounts that are consistent with industry standards. ClearGov shall maintain Worker's Compensation insurance as required by law.

8.6) No Boycott of Israel. ClearGov hereby certifies that ClearGov is not currently engaged in and shall not, for the duration of the Term of this Agreement, engage in a boycott of goods or services from the State of Israel; companies doing business in or with the State of Israel or authorized by, licensed by or organized under the laws of the State of Israel; or persons or entities doing business in the State of Israel.

8.7) Jurisdiction. This Agreement shall be governed by the applicable laws in the Customer State, without regard to conflict of laws rules. Any dispute, claim or controversy arising out of or relating to this Agreement or the breach, termination, enforcement, interpretation or validity thereof, including the determination of the scope or applicability of this agreement to arbitrate, shall be determined exclusively by arbitration in the Customer State before a panel of three arbitrators. Such arbitration shall be administered by JAMS pursuant to JAMS' Streamlined Arbitration Rules and Procedures. Judgment on an award, if any, may be entered in any court having jurisdiction. This clause shall not preclude parties from seeking provisional remedies in aid of arbitration from a court of appropriate jurisdiction. The Parties acknowledge that this Agreement evidences a transaction involving interstate commerce. Notwithstanding the provision with respect to applicable substantive law, any arbitration conducted pursuant to the terms of this Agreement shall be governed by the Federal Arbitration Act (9 U.S.C., Secs. 1-16).

8.8) Modification. ClearGov shall have the right to modify this Agreement at any time by posting revised terms and conditions at the following URL: http://www.ClearGov.com/terms-and-conditions. Changes will be binding on the date they are posted. Continued use of the ClearGov Service will be considered acceptance by Customer of the then current Agreement.

8.9) Force Majeure. If the performance of this Agreement or any obligations hereunder is prevented or interfered with by reason of fire or other casualty or accident, strikes or labor disputes, war or other violence, any law, proclamation, regulation, or requirement of any government agency, or any other act or condition beyond the reasonable control of a Party hereto, that Party upon giving prompt notice to the other Party shall be excused from such performance during such occurrence.

8.10) Notices. All notices, requests, or other communications between the Parties that are required or permitted hereunder will be in writing and will be given by: (a) delivery in person or by prepaid courier service with a nationally recognized courier company, (b) delivery by registered or certified mail, postage prepaid, return receipt requested, (c) by confirmed fax, or (d) email to the address and/or fax number set forth in the applicable ClearGov Service Order. A Party may change the street or email address or fax number to which notice is to be sent by giving written notice of such change. Notices will be deemed given when received as evidenced by verification from the courier company, the mail or confirmation of email receipt or fax confirmation.

8.11) Titles & Subtitles. The titles and subtitles in this Agreement are used for convenience only and are not to be considered in construing it.

VILLAGE OF PALM SPRINGS STANDARD ADDENDUM

This Village of Palm Springs Standard Addendum ("Addendum") is made as of the _____ day of _____, 2024, by and between the **Village of Palm Springs**, a Florida Municipal Corporation ("Village") and **CLEARGOV INC**, a corporation authorized to do business in the State of Florida ("ClearGov").

In consideration of the mutual promises contained in this Addendum and contained within the ClearGov's Service Order dated March 14, 2024 and ClearGov's BCM Service Agreement, which are attached hereto as composite **Exhibit "A"** ("Agreement") (collectively, this Addendum and the Agreement are the "Contract" or the "Contract Documents"), the Village and ClearGov agree as follows:

SECTION 1 – PAYMENTS; TERM; TERMINATION

1.1 The Village shall make payments to ClearGov consistent with the Agreement's Service Order.

1.2 Payments shall be made by the Village within forty-five (45) days of receipt of a proper invoice from the ClearGov or the Village shall be subject to interest at the rate of 1% per month from thirty (30) days after the due date, in accordance with the Local Government Prompt Payment Act, Section 218.70, et seq, Florida Statutes.

1.3 ClearGov acknowledges and agrees that the Village is a municipal corporation and political subdivision of the state of Florida, and as such, the Contract Documents are subject to budgeting and appropriation by the Village of funds sufficient to pay the costs associated therewith in any fiscal year of the Village. Based upon the timeframes set forth in the Contract Documents, the Village agrees that it has the funding available for the current fiscal year (FY 2023-2024) and agrees to propose in each applicable fiscal year budget thereafter an amount to cover the Village's payment obligations as stated in the Contract Documents; however, the Village's future funding obligations as stated herein are all subject to the Village's annual budgeting and appropriation process. ClearGov understands and agrees that the Village's funding obligations hereunder are payable exclusively from duly appropriated or otherwise legally available funds and shall not be construed to be debt, liability or obligation within the meaning of any applicable constitutional or statutory limitation or requirement. Neither the Village nor the State of Florida nor any political subdivision or agency thereof has pledged any of its full faith and credit or its taxing power to make any payments under the Contract Documents. In the event the funds budgeted or appropriated are, or are estimated by the Village to be, insufficient to pay the costs associated with the Village's payment obligations in the Contract Documents in any fiscal year after the current fiscal year, then the Village will notify ClearGov of such occurrence and either the Village or ClearGov may terminate the Contract Documents by notifying the other in writing, which notice shall specify a date of termination no earlier than twenty-four (24) hours after giving of such notice. Termination in accordance with the preceding sentence shall be without penalty or expense to the Village of any kind whatsoever; however, Village shall pay ClearGov for all services performed under the Contract Documents through the date of termination.

SECTION 2 – CONTRACT DOCUMENTS AND CONTROLLING PROVISIONS

The agreement between the parties consists of the Contract Documents. To the extent that there exists a conflict between this Addendum and the remaining Contract Documents, the terms, conditions, covenants, and/or provisions of this Addendum will prevail. Wherever possible, the provisions of such documents shall be construed in such a manner as to avoid conflicts between provisions of the various documents.

SECTION 3 –PUBLIC ENTITY CRIMES; PALM BEACH COUNTY IG; SCRUTINIZED COMPANIES; E-VERIFY

3.1 As provided in Sections 287.132-133, Florida Statutes, as amended from time to time, by entering into the Contract Documents, ClearGov certifies that it and its affiliates who will perform hereunder have

not been placed on the convicted vendor list maintained by the State of Florida Department of Management Services within the thirty-six (36) months immediately preceding the date hereof.

3.2 In accordance with Palm Beach County ordinance number 2011-009, this Contract may be subject to investigation and/or audit by the Palm Beach County Inspector General. ClearGov should review Palm Beach County ordinance number 2011-009 in order to be aware of its rights and/or obligations under such ordinance and as applicable.

3.3 As provided in Section 287.135, Florida Statutes, as amended from time to time, by entering into the Contract Documents, ClearGov certifies that it is not participating in a boycott of Israel. Village and ClearGov agree that the Village will have the right to terminate the Contract Documents if ClearGov is found to have been placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel.

3.4 Pursuant to Section 448.095(2), Florida Statutes, ClearGov shall register with and use the E-Verify system to verify the work authorization status of all newly hired employees and require all subcontractors (providing services or receiving funding under this Contract) to register with and use the E-Verify system to verify the work authorization status of all the subcontractors' newly hired employees.

SECTION 4 – SOVEREIGN IMMUNITY; LAW, VENUE, REMEDIES; WAIVER OF JURY TRIAL; ENFORCEMENT COSTS; INDEMNIFICATION

4.1 Nothing contained in any of the Contract Documents shall be construed or interpreted as consent by the Village to be sued, nor as a waiver of sovereign immunity beyond the waiver and limits provided in Section 768.28, Florida Statutes, as amended from time to time.

4.2 The Contract shall be governed by the laws of the State of Florida. ClearGov represents that it is authorized to do business in the State of Florida and covenants that it will continue to be authorized through the completion of this Contract. Venue for any and all legal action necessary to enforce this Contract will be held exclusively in Palm Beach County, Florida. **All disputes arising from or related to the Contract Documents shall not be subject arbitration**. Unless resolved amicably between the Village and ClearGov, all disputes will be settled through litigation in Palm Beach County, Florida.

4.3 No remedy herein conferred upon any party is intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or further exercise thereof.

4.4 TO ENCOURAGE PROMPT AND EQUITABLE RESOLUTION OF ANY LITIGATION, EACH PARTY HEREBY WAIVES ITS RIGHTS TO A TRIAL BY JURY IN ANY LITIGATION RELATED TO THE CONTRACT DOCUMENTS.

4.5 If any legal action or other proceeding is brought for the enforcement of the Contract, or because of an alleged dispute, breach, default or misrepresentation in connection with any provisions of the Contract Documents, the parties agree that each party shall be responsible for its own attorney's fees.

SECTION 5 – SURVIVABILITY; SEVERABILITY; PREPARATION; WAIVER

Any provision of the Contract which is of a continuing nature or imposes an obligation which extends beyond the term of the Contract shall survive its expiration or earlier termination. If any term or provision of the Contract, or the application thereof to any person or circumstances shall, to any extent, be held invalid or unenforceable, the remainder of the Contract, or the application of such terms or provision, to persons or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected, and every other term and provision shall be deemed valid and enforceable to the extent permitted by law. The Contract shall not be construed more strongly against either party regardless of who was more responsible for its preparation. Failure of a party to enforce or exercise any of its right(s)

under this Contract shall not be deemed a waiver of that party's right to enforce or exercise said right(s) at any time thereafter.

SECTION 6 –SUCCESSOR AND ASSIGNS

The Village and the ClearGov each binds itself and its partners, successors, executors, administrators, and assigns to the other party and to the partners, successors, executors, administrators and assigns of such other party, in respect to all covenants of the Contract. Except as set forth above or except as set forth in Section 8.3 of the BCM Service Agreement, neither the Village nor the ClearGov shall assign, sublet, convey or transfer its interest in the Contract without the written consent of the other. Nothing herein shall be construed as creating any personal liability on the part of any officer or agent of the Village which may be a party hereto, nor shall it be construed as giving any rights or benefits hereunder to anyone other than the Village and the ClearGov.

Commented [BB1]: We understand that Palm Springs' intent with this clause is to prevent us from randomly assigning responsibility to a third party. We are in full agreement with that intent, but we DO need the ability to assign this agreement – without permission – in the event that ClearGov is ever acquired. While there are no acquisition candidates on the foreseeable horizon, we still need language that allows for the possibility...someday. Our preferred language is already included in Section 8.3 of the BCM Service Agreement, so I thought the simplest edit was to reference that exception here.

SECTION 7 – PUBLIC RECORDS

7.1 The ClearGov shall comply with Florida's Public Records Act, Chapter 119, Florida Statutes, and, if determined to be acting on behalf of the Village as provided under section 119.011(2), Florida Statutes, specifically agrees to:

1. Keep and maintain public records required by the Village to perform the service.
2. Upon request from the Village's custodian of public records or designee, provide the Village with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.
3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of this Contract and following completion of this Contract if the ClearGov does not transfer the records to the Village.
4. Upon completion of this Contract, transfer, at no cost, to the Village all public records in possession of the ClearGov or keep and maintain public records required by the Village to perform the service. If the ClearGov transfers all public records to the Village upon completion of the Contract, the ClearGov shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the ClearGov keeps and maintains public records upon completion of the Contract, the ClearGov shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the Village, upon request from the Village's custodian of public records or designee, in a format that is compatible with the information technology systems of the Village.

IF THE CLEARGOV HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CLEARGOV'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS OR DESIGNEE AT 561-434-5084, kwynn@vpsfl.org, OR BY MAIL AT VILLAGE OF PALM SPRINGS, 226 CYPRESS LANE, PALM SPRINGS, FL 33461.

SECTION 8 –TAXES

8.1 The Village is exempt from payment of Florida State Sales and Use Tax. ClearGov shall not be exempted from paying sales tax to its suppliers for materials used to fill any contractual obligations with the Village, nor is ClearGov authorized to use the Village's Tax Exemption Number in securing such materials. ClearGov shall be responsible for payment of their own and their share of its employees' payroll, payroll taxes, and benefits with respect to the Contract.

SECTION 9 – INSURANCE

9.1 Coverage Limits. During the term of this Agreement, ClearGov shall maintain the following insurance coverage in at least the following amounts:

1. Workers' Compensation consistent with requirements and limits set under Ch. 440, Florida Statutes.
2. Commercial General Liability coverage (including products and completed operations blanket or broad form contractual, personal injury liability and broad form property damage) with minimum limits of one million dollars ($1,000,000) per occurrence for bodily injury/property damage and one million dollars ($4,000,000) for personal injury and products/completed operations.

9.2 Policy Requirements. ClearGov's policies shall be primary and any insurance maintained by the Village is excess and non-contributory. Promptly upon Village's written request for same, the ClearGov shall provide or cause its insurers or insurance brokers to issue certificates of insurance evidencing that the coverages required under this Contract are maintained in force and effect.

SECTION 10 – ENTIRETY OF CONTRACTUAL AGREEMENT

The Village and ClearGov agree that the Contract Documents set forth the entire contract between the parties, and that there are no promises or understandings other than those stated herein. None of the provisions, terms and conditions contained in the Contract Documents may be added to, modified, superseded or otherwise altered, except by written instrument executed by the parties hereto.

SECTION 11 - COUNTERPARTS

This Addendum may be executed in one or more counterparts, each of which shall be deemed to be an original and such counterparts will constitute one and the same instrument. The parties agree to accept the execution and delivery of this document by digital or electronic means and shall treat the same as an original.

IN WITNESS WHEREOF, the parties hereto have caused this Addendum to be executed as of the day and year set forth above.

Village of Palm Springs

Executive Brief

AGENDA DATE: April 11, 2024

DEPARTMENT: Public Works

ITEM #6: Approve Davis Road Stormwater Improvements Project Award (Task Order No. 291) - Invitation to Bid (ITB #2024B-004) - Public Works Department (FY 2024 Budget Funded Stormwater Enterprise Fund - ARPA) - Rosso Site Development, Inc.

Summary: The Public Works Department has identified the need to address localized flooding within and around Davis Road between Canal 11 and 10th Avenue North. The proposed improvements would include improving the functionality of the existing roadway drainage system by interconnecting existing drainage structures, regrading and creating roadside swales, and adding exfiltration trenches.

To ensure the lowest possible price for these projects, the Village issued an Invitation to Bid (ITB) on January 11, 2024, for the Davis Road Stormwater Improvement project. Village completed this through a competitive bid selection process - Davis Road Stormwater Improvements - (ITB No. 2024B-004 - February 13, 2024).

Within the Fiscal Year 2024 Budget - Stormwater Enterprise Fund - ARPA, the Village Council approved $1,880,000.00 for the Davis Road Stormwater Improvement project.

The Village received four (4) bid proposals. They reviewed the bids and found that RJ Engineering Construction Corporation did not provide all the required documentation. While they did submit a price, they failed to include any of the necessary bid documents. As a result, their bid of $2,407,777.81 was declared nonresponsive. However, three other bidders provided complete bid packages that included the required documents and demonstrated their experience and references to prove they were qualified for the advertised work.

The Village's Purchasing Code, Section 58-5(4)a - Competitive Selection Purchase Requirements, provides that the Village Manager shall have the authority to reject any bids, proposals, or other responses if it is in the Village's best interest.

After reviewing the four (4) bids received, the Public Works Director, the Village Project Manager, the Village Attorney, and the Village's contracted Engineer, Chen Moore and Associates (CMA), determined that Rosso Site Development, Inc. provided the lowest, responsible, and responsive bid. As a result, staff are requesting the Council to approve Task Order No. 291 for $1,710,874.13 to Rosso Site Development, Inc.

If approved, the Village will accept Rosso Site Development, Inc.'s pricing, including all terms, conditions, and pricing submitted within their ITB proposal. Further, Rosso Site Development, Inc.'s proposed bid amount ($1,710,874.13) is approximately 35% below the Engineer's cost estimate ($2,430,000.00). The Village will not spend more than the amount in the approved budget, as it may

be adopted/amended each year for these goods and services over the term of this contract.

The anticipated time to complete the Davis Road Stormwater Improvements project is December 2024.

The proposed agreement was prepared by the Village Attorney and reviewed by the Public Works Director, the Assistant Village Manager, the Village Project Manager, and the Finance Director.

The proposed vendor has not worked with the Village; however, the Village has received good feedback about the vendor.

FISCAL IMPACT:

Funding to support the Davis Road Stormwater Improvements (Task Order No. 291) is available within the FY 2024 - Stormwater Enterprise Fund/ARPA Fund. The Village will not expend more than the amount within the approved budget as it may be adopted/amended each year for these goods and services over the term of this contract.

AGREEMENT
BETWEEN OWNER AND CONTRACTOR
FOR CONSTRUCTION CONTRACT (STIPULATED PRICE)

THIS AGREEMENT is by and between **Village of Palm Springs** ("Owner") and **Rosso Site Development, Inc.** ("Contractor").

Owner and Contractor hereby agree as follows:

ARTICLE 1 – WORK

1.01 Contractor shall complete all Work as specified or indicated in the Contract Documents. The Work is generally described as follows:

ARTICLE 2 – THE PROJECT

2.01 The Project, of which the Work under the Contract Documents is a part, is generally described as follows: **Davis Road Stormwater Improvements Project**

ARTICLE 3 – ENGINEER

3.01 The part of the Project that pertains to the Work has been designed by **Chen Moore & Associates**.

3.02 The Owner has retained **Chen Moore & Associates** ("Engineer") to act as Owner's representative, assume all duties and responsibilities, and have the rights and authority assigned to Engineer in the Contract Documents in connection with the completion of the Work in accordance with the Contract Documents.

ARTICLE 4 – CONTRACT TIMES

4.01 *Time of the Essence*

A. All time limits for Milestones, if any, Substantial Completion, and completion and readiness for final payment as stated in the Contract Documents are of the essence of the Contract.

4.02 *Contract Times: Days*

A. The Work will be substantially completed within **180** days after the date when the Contract Times commence to run as provided in Paragraph 4.01 of the General Conditions, and completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions within **210** days after the date when the Contract Times commence to run.

4.03 *Liquidated Damages*

A. Contractor and Owner recognize that time is of the essence as stated in Paragraph 4.01 above and that Owner will suffer financial and other losses if the Work is not completed and Milestones not achieved within the times specified in Paragraph 4.02 above, plus any extensions thereof allowed in accordance with the Contract. The parties also recognize the delays, expense, and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by Owner if the Work is not completed on time. Accordingly, instead of

requiring any such proof, Owner and Contractor agree that as liquidated damages for delay (but not as a penalty):

1. Substantial Completion: Contractor shall pay Owner $ **1,200** for each day that expires after the time (as duly adjusted pursuant to the Contract) specified in Paragraph 4.02.A above for Substantial Completion until the Work is substantially complete.

2. Completion of Remaining Work: After Substantial Completion, if Contractor shall neglect, refuse, or fail to complete the remaining Work within the Contract Times (as duly adjusted pursuant to the Contract) for completion and readiness for final payment, Contractor shall pay Owner $ **1,200** for each day that expires after such time until the Work is completed and ready for final payment.

3. Liquidated damages for failing to timely attain Substantial Completion and final completion are not additive and will not be imposed concurrently.

4.04 *Special Damages*

A. In addition to the amount provided for liquidated damages, Contractor shall reimburse Owner (1) for any fines or penalties imposed on Owner as a direct result of the Contractor's failure to attain Substantial Completion according to the Contract Times.

ARTICLE 5 – CONTRACT PRICE

5.01 Owner shall pay Contractor for completion of the Work in accordance with the Contract Documents the amounts that follow, subject to adjustment under the Contract:

A. For all Unit Price Work, an amount equal to the sum of the extended prices (established for each separately identified item of Unit Price Work by multiplying the unit price times the actual quantity of that item):

Item No.	Description	Unit	Estimated Quantity	Bid Unit Price	Bid Price
	GENERAL CONDITIONS				
GC-1	General Conditions	LS	1	$120,324.99	$120,324.99
GC-2	Mobilization (10%)	LS	1	$171,087.41	$171,087.41
GC-3	Field, Office Overhead, Profit (5%)	LS	1	$85,543.71	$85,543.71
GC-4	Bond & Insurance Requirements (3%)	LS	1	$51,326.22	$51,326.22

		Restoration Subtotal		$589,322.55	
	ALLOWANCE				
A-1	Owner's Allowance	AL	1	$50,000.00	$50,000.00
Total of all Extended Prices for Unit Price Work (subject to final adjustment based on actual quantities)					**$1,710,874.13**

The extended prices for Unit Price Work set forth as of the Effective Date of the Contract are based on estimated quantities. As provided in Paragraph 13.03 of the General Conditions, estimated quantities are not guaranteed, and determinations of actual quantities and classifications are to be made by Engineer.

B. Total of Lump Sum Amount and Unit Price Work (subject to final Unit Price adjustment) $ **$1,710,874.13** .

ARTICLE 6 – PAYMENT PROCEDURES

6.01 *Submittal and Processing of Payments*

A. Contractor shall submit Applications for Payment in accordance with Article 15 of the General Conditions. Applications for Payment will be processed by Engineer as provided in the General Conditions.

6.02 *Progress Payments; Retainage*

A. Owner shall make progress payments on account of the Contract Price on the basis of Contractor's Applications for Payment on or about the **20th** day of each month during performance of the Work as provided in Paragraph 6.02.A.1 below, provided that such Applications for Payment have been submitted in a timely manner and otherwise meet the requirements of the Contract. All such payments will be measured by the Schedule of Values established as provided in the General Conditions (and in the case of Unit Price Work based on the number of units completed) or, in the event there is no Schedule of Values, as provided elsewhere in the Contract.

1. Prior to Substantial Completion, progress payments will be made in accordance with Florida Statute 255.078 but, in each case, less the aggregate of payments previously made and less such amounts as Owner may withhold, including but not limited to liquidated damages, in accordance with the Contract

B. Upon Substantial Completion, Owner shall pay an amount sufficient to increase total payments to Contractor to **100** percent of the Work completed, less such amounts set off by Owner pursuant to Paragraph 15.01.E of the General Conditions, and less **200** percent of Engineer's estimate of the value of Work to be completed or corrected as shown on the punch list of items to be completed or corrected prior to final payment.

6.03 *Final Payment*

A. Upon final completion and acceptance of the Work in accordance with Paragraph 15.06 of the General Conditions, Owner shall pay the remainder of the Contract Price as recommended by Engineer as provided in said Paragraph 15.06.

ARTICLE 7 – INTEREST

7.01 All amounts not paid when due shall bear interest at the rate of ***1*** percent per annum.

ARTICLE 8 – CONTRACTOR'S REPRESENTATIONS

8.01 In order to induce Owner to enter into this Contract, Contractor makes the following representations:

A. Contractor has examined and carefully studied the Contract Documents, and any data and reference items identified in the Contract Documents.

B. Contractor has visited the Site, conducted a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and is satisfied as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.

C. Contractor is familiar with and is satisfied as to all Laws and Regulations that may affect cost, progress, and performance of the Work.

D. Contractor has carefully studied all: (1) reports of explorations and tests of subsurface conditions at or adjacent to the Site and all drawings of physical conditions relating to existing surface or subsurface structures at the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings, and (2) reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings.

E. Contractor has considered the information known to Contractor itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Contract Documents; and the Site-related reports and drawings identified in the Contract Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Contractor; and (3) Contractor's safety precautions and programs.

F. Based on the information and observations referred to in the preceding paragraph, Contractor agrees that no further examinations, investigations, explorations, tests, studies, or data are necessary for the performance of the Work at the Contract Price, within the Contract Times, and in accordance with the other terms and conditions of the Contract.

G. Contractor is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Contract Documents.

H. Contractor has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Contractor has discovered in the Contract Documents, and the written resolution thereof by Engineer is acceptable to Contractor.

I. The Contract Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performance and furnishing of the Work.

J. Contractor's entry into this Contract constitutes an incontrovertible representation by Contractor that without exception all prices in the Agreement are premised upon performing and furnishing the Work required by the Contract Documents.

ARTICLE 9 – CONTRACT DOCUMENTS

9.01 *Contents*

A. The Contract Documents consist of the following:

1. This Agreement (pages **1** to **15**, inclusive).
2. Performance bond (pages **1** to **3**, inclusive).
3. Payment bond (pages **1** to **3**, inclusive).
4. Other bonds.
   a. ___ (pages ___ to ___, inclusive).
   b. ___ (pages ___ to ___, inclusive).
   c. ___ (pages ___ to ___, inclusive).
5. General Conditions (pages **1** to **65**, inclusive).
6. Supplementary Conditions (pages **1** to **10**, inclusive).
7. Specifications as listed in the table of contents of the Project Manual.
8. Drawings (not attached but incorporated by reference) consisting of **25** sheets with each sheet bearing the following general title: **Davis Road Stormwater Improvements**.
9. Addenda (numbers **1** to **2**, inclusive).
10. Exhibits to this Agreement (enumerated as follows):
    a. Contractor's Bid (pages **1** to **77**, inclusive).
    b. American Rescue Plan Act (ARPA) Contract Addendum.
11. The following which may be delivered or issued on or after the Effective Date of the Contract and are not attached hereto:
    a. Notice to Proceed.
    b. Work Change Directives.
    c. Change Orders.
    d. Field Orders.

B. The documents listed in Paragraph 9.01.A are attached to this Agreement (except as expressly noted otherwise above).

C. There are no Contract Documents other than those listed above in this Article 9.

D. The Contract Documents may only be amended, modified, or supplemented as provided in the General Conditions.

E. To the extent that there exists a conflict between this Agreement and the remaining Contract Documents, the terms, conditions, covenants, and/or provisions of this Agreement shall prevail; however, precedence shall be given to any amendments, change directives, change orders, or field orders, beginning with the most recent in time. Wherever possible, the provisions of all Contract Documents shall be construed in such a manner as to avoid conflicts between provisions of the various documents.

ARTICLE 10 – MISCELLANEOUS

10.01 *Terms*

A. Terms used in this Agreement will have the meanings stated in the General Conditions and the Supplementary Conditions.

10.02 *Assignment of Contract*

A. Unless expressly agreed to elsewhere in the Contract, no assignment by a party hereto of any rights under or interests in the Contract will be binding on another party hereto without the written consent of the party sought to be bound; and, specifically but without limitation, money that may become due and money that is due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents.

10.03 *Successors and Assigns*

A. Owner and Contractor each binds itself, its successors, assigns, and legal representatives to the other party hereto, its successors, assigns, and legal representatives in respect to all covenants, agreements, and obligations contained in the Contract Documents.

10.04 *Severability*

A. Any provision or part of the Contract Documents held to be void or unenforceable under any Law or Regulation shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon Owner and Contractor, who agree that the Contract Documents shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision.

10.05 *Contractor's Certifications*

A. Contractor certifies that it has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for or in executing the Contract. For the purposes of this Paragraph 10.05:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process or in the Contract execution;

2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process or the execution of the Contract to the detriment of Owner, (b) to establish Bid or Contract prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;

3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish Bid prices at artificial, non-competitive levels; and

4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the execution of the Contract.

10.06 *Indemnity*

A. The parties recognize that the CONTRACTOR is an independent contractor. The CONTRACTOR agrees to assume liability for and indemnify, hold harmless, and defend the VILLAGE, its council members, mayor, officers, employees, agents, and attorneys of, from, and against all liability and expense, including reasonable attorney's fees, in connection with any and all claims, demands, damages, actions, causes of action, and suits in equity of whatever kind or nature, including claims for personal injury, property damage, equitable relief, or loss of use, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the CONTRACTOR, its agents, officers, Contractors, subcontractors, employees, or anyone else utilized by the CONTRACTOR in the performance of this Contract. The CONTRACTOR's liability hereunder shall include all attorney's fees and costs incurred by the VILLAGE in the enforcement of this indemnification provision. This includes claims made by the employees of the CONTRACTOR against the VILLAGE and the CONTRACTOR hereby waives its entitlement, if any, to immunity under Section 440.11, Florida Statutes. The obligations contained in this provision shall survive termination of this Contract and shall not be limited by the amount of any insurance required to be obtained or maintained under this Contract.

B. Subject to the limitations set forth in this Section, CONTRACTOR shall assume control of the defense of any claim asserted by a third party against the VILLAGE and, in connection with such defense, shall appoint lead counsel, in each case at the CONTRACTOR's expense. The VILLAGE shall have the right, at its option, to participate in the defense of any third party claim, without relieving CONTRACTOR of any of its obligations hereunder. If the CONTRACTOR assumes control of the defense of any third party claim in accordance with this paragraph, the CONTRACTOR shall obtain the prior written consent of the VILLAGE before entering into any settlement of such claim. Notwithstanding anything to the contrary in this Section, the CONTRACTOR shall not assume or maintain control of the defense of any third party claim, but shall pay the fees of counsel retained by the VILLAGE and all expenses, including experts' fees, if (i) an adverse determination with respect to the third party claim would, in the good faith judgment of the VILLAGE, be detrimental in any material respect to the VILLAGE's reputation; (ii) the third party claim seeks an injunction or equitable relief against the VILLAGE; or (iii) the CONTRACTOR has failed or is failing to prosecute or defend vigorously the third party claim. Each party shall cooperate, and cause its agents to cooperate, in the defense or prosecution of any third party claim and shall furnish or cause to be furnished such records and information, and attend such conferences, discovery proceedings, hearings, trials, or appeals, as may be reasonably requested in connection therewith.

C. It is the specific intent of the parties hereto that the foregoing indemnification complies with Section 725.06, Florida Statutes, as amended. CONTRACTOR expressly agrees that it will not claim, and waives any claim, that this indemnification violates Section 725.06, Florida Statues. Nothing contained in the foregoing indemnification shall be construed as a waiver of any immunity or limitation of liability the VILLAGE may have under the doctrine of sovereign immunity or Section 768.28, Florida Statutes.

10.07 *Governing Law and Remedies*

A. The validity of this Agreement and of any of its terms or provisions, as well as the rights and duties of the parties hereunder, shall be governed by the laws of the State of Florida and venue for any and all disputes related to or arising from this Agreement shall be in Palm Beach County, Florida.

B. No remedy herein conferred upon any party is intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or further exercise thereof.

10.08 *Office of the Inspector General*

A. Palm Beach County has established the Office of the Inspector General, which is authorized and empowered to review past, present, and proposed County programs, contracts, transactions, accounts and records. The Inspector General (IG) has the power to subpoena witnesses, administer oaths, require the production of records, and monitor existing projects and programs. The Inspector General may, on a random basis, perform audits on all Village contracts.

10.09 *Scrutinized Companies*

A. Company certifies that it and its subcontractors are not on the Scrutinized Companies that Boycott Israel List and are not engaged in the boycott of Israel. Pursuant to section 287.135, Florida Statutes, the Village may immediately terminate this Agreement at its sole option if the Company or any of its subcontractors are found to have submitted a false certification; or if the Company or any of its subcontractors, are placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of this Agreement.

B. The Company agrees to observe the above requirements for applicable subcontracts entered into for the performance of work under this Agreement. The Company agrees that the certifications in this section shall be effective and relied upon by the Village for the term of this Agreement, including any and all renewals. The Company agrees that if it or any of its subcontractors' status changes in regards to any certification herein, the Company shall immediately notify the Village of the same. As provided in Subsection 287.135(8), Florida Statutes, if federal law ceases to authorize the above-stated contracting prohibitions then they shall become inoperative.

10.10 *Public Records*

A. The CONTRACTOR shall comply with Florida's Public Records Act, Chapter 119, Florida Statutes, and, if determined to be acting on behalf of the Village as provided under section 119.011(2), Florida Statutes, specifically agrees to:

1. Keep and maintain public records required by the Village to perform the service.

2. Upon request from the Village's custodian of public records or designee, provide the Village with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of this Contract and following completion of this Contract if the Contractor does not transfer the records to the Village.

4. Upon completion of this Contract, transfer, at no cost, to the Village all public records in possession of the Contractor or keep and maintain public records required by the Village to perform the service. If the Contractor transfers all public records to the Village upon completion of the Contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records

disclosure requirements. If the Contractor keeps and maintains public records upon completion of the Contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the Village, upon request from the Village's custodian of public records or designee, in a format that is compatible with the information technology systems of the Village.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONSULTANT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS OR DESIGNEE AT 561-584-8200 ext. 8430, kwynn@vpsfl.org, OR BY MAIL AT VILLAGE OF PALM SPRINGS, 226 CYPRESS LANE, PALM SPRINGS, FL 33461.

10.11 *Insurance*

A. The limits of liability for insurance required by Paragraph 6.03 of the General Conditions shall provide coverage for not less that the following amounts or greater where required by Law and Regulations:

1. Workers' Compensation, and related coverages under Paragraphs 6.03.A.1 and A.2 of the General Conditions:

a.	State	Statutory
b.	Applicable Federal	Statutory
c.	Employer Liability:	
	Bodily injury, each accident	$1,000,000
	Bodily injury by disease, each employee	$1,000,000
	Bodily injury/disease aggregate	$1,000,000
d.	Foreign voluntary worker compensation	Statutory

2. Contractor's Commercial General Liability under Paragraphs 6.03.B and 6.03.C of the General Conditions:

a.	General Aggregate	$2,000,000
b.	Products – Completed Operations Aggregate	$2,000,000
c.	Personal and Advertising Injury	$1,000,000
d.	Each Occurrence/Per Claim (Bodily Injury and Property Damage)	$1,000,000

3. Automobile Liability under paragraph 6.03.D of the General Conditions:

a.	Bodily Injury:	
	Each Person	$1,000,000
	Each Accident	$1,000,000
b.	Property Damage:	
	Each Incident	$1,000,000

4. Umbrella of Excess Liability under paragraph 6.03.E of the General Conditions:

a. Excess or Umbrella Liability

1) General Aggregate $5,000,000
2) Each Occurrence/Per Claim $1,000,000

5. Contractor's Pollution Liability under paragraph 6.03.F of the General Conditions:

   a. Contractor's Pollution Liability
      1) General Aggregate $2,000,000
      2) Each Occurrence/Per Claim $1,000,000

6. Additional Insureds include the respective officers, partners, directors, employees, agents, consultants, and subconsultants of the following firms and municipal government(s):

   a. Village of Palm Springs

10.12 *Public Construction Bond*

A. If the contract amount exceeds $200,000 in total construction cost, the CONTRACTOR must provide the VILLAGE with a public construction bond in accordance with section 255.05, Florida Statutes. Said bond must be recorded in the Official Records in and for Palm Beach County and a copy of the recorded bond must be provided to the VILLAGE prior to the CONTRACTOR providing any services under the contract. The VILLAGE reserves the right to request a bond for any work which is less than $200,000. The cost of the bond shall be a direct pass-through cost to the VILLAGE without any mark-up by the CONTRACTOR.

B. The public construction bond shall be on forms attached hereto as **Forms C-610 and C-615 "Performance" and "Payment" Bonds** or substantially similar as approved by the VILLAGE. The bond shall be in an amount not less than the total contract price and shall incorporate by reference the terms of the Contract Documents in their entirety.

C. To be acceptable to the VILLAGE, a Surety Company shall comply with the following provisions:

   a. The Surety Company shall have a currently valid Certificate of Authority, issued by the State of Florida Department of Insurance, authorizing it to write surety bonds in the State of Florida.

   b. The Surety Company shall have a currently valid Certificate of Authority issued by the United States Department of Treasury under Sections 9304 to 9308 of Title 31 of the United States Code.

   c. The Surety Company shall be in full compliance with the provisions of the Florida Insurance Code.

   d. The Surety Company shall have at least twice the minimum surplus and capital required by the Florida Insurance Code at the time the contract is approved.

   e. The Surety Company shall have at least the ratings of A-/Class V in the latest issue of Best's Key Rating Guide.

   f. The Surety Company shall not expose itself to any loss on any one risk in an amount exceeding ten (10) percent of its surplus to policyholders, provided:

      1) Any risk or portion of any risk being reinsured shall be deducted in determining the limitation of the risk as prescribed in this section. These minimum requirements shall apply to the reinsuring carrier providing authorization or approval by the State of Florida, Department of Insurance to do business in this state have been met.

2) In the case of the surety insurance company, in addition to the deduction for reinsurance, the amount assumed by any co-surety, the value of any security deposited, pledged or held subject to the consent of the surety and for the protection of the surety shall be deducted.

10.13 *Audit by Village*

A. The CONTRACTOR shall maintain adequate records to justify all charges, expenses, and costs incurred in estimating and performing the Services for at least three (3) years after completion of the Contract. The CONTRACTOR shall permit the VILLAGE, or any authorized representatives of the VILLAGE, at all reasonable times, access to and the right to examine all records, books, papers or documents related to the CONTRACTOR's performance under this Agreement including, but not limited to, expenses for sub-contractors, agents or assistants, direct and indirect charges for work performed and detailed documentation for all such work performed or to be performed under this Agreement.

10.14 *Copies of Data/Documents*

A. Copies or original documents prepared by the CONTRACTOR in relation to work associated with this Agreement shall be provided to the VILLAGE. Data collected, stored, and/or provided shall be in a form acceptable to the VILLAGE and agreed upon by the VILLAGE.

10.15 *Ownership*

A. Each and every report, draft, work product, map, record, and other document reproduced, prepared, or caused to be prepared by the CONTRACTOR pursuant to or in connection with this Agreement shall be the exclusive property of the VILLAGE.

10.16 *Limitations of Liability*

A. Under no circumstances shall either party be liable to the other for any consequential, incidental, special, punitive, or any other form of indirect or non-compensatory damages.

10.17 *Enforcement Costs*

A. All parties shall be responsible for their own attorneys' fees, court costs and expenses if any legal action or other proceeding is brought for any dispute, disagreement, or issue of construction or interpretation arising hereunder whether relating to the Agreement's execution, validity, the obligations provided therein, or performance of this Agreement, or because of an alleged breach, default or misrepresentation in connection with any provisions of this Agreement.

10.18 *Copyrights and/or Patent Rights*

A. CONTRACTOR warrants that there has been no violation of copyrights and/or patent rights in the manufacturing, producing or selling of the goods, shipped or ordered, as a result of this Agreement and the CONTRACTOR agrees to hold the Village harmless from any and all liability, loss, or expense occasioned by any such violation.

10.19 *Protection of Property*

A. The CONTRACTOR shall at all times guard against damage or loss to the property of the VILLAGE or of other vendors or contractors and shall be held responsible for replacing or repairing any such loss or damage. The VILLAGE may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss or damage to property through negligence of the successful CONTRACTOR or its agents. The CONTRACTOR shall be responsible to safeguard all of their property such as tools and

equipment while on site. The VILLAGE will not be held responsible for any loss of CONTRACTOR property due to theft or vandalism.

10.20 *Damage to Persons or Property*

A. The responsibility for all damage to person or property arising out of or on account of Scope of Work done under this Contract shall rest upon the CONTRACTOR.

10.21 *Discrimination*

A. The CONTRACTOR warrants and represents that all of its employees are treated equally during employment without regard to race, color, religion, disability, sex, age, national origin, ancestry, political affiliation, marital status, handicap, or sexual orientation. Further, CONTRACTOR shall not discriminate or permit discrimination against any employee or an applicant for employment on the basis of race, color, sex, religion, political affiliation, natural origin, ancestry, marital status, sexual orientation or handicap.

10.22 *Construction Defects*

A. PURSUANT TO SECTION 558.005, FLORIDA STATUTES, ANY CLAIMS FOR CONSTRUCTION DEFECTS ARE NOT SUBJECT TO THE NOTICE AND CURE PROVISIONS OF CHAPTER 558, FLORIDA STATUTES.

10.23 *Public Entity Crimes*

A. Contractor acknowledges and agrees that a person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier or sub-contractor under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statues, for CATEGORY TWO for a period of 36 months following the date of being placed on the convicted vendor list. The Contractor will advise the Village immediately if it becomes aware of any violation of this statute.

10.24 *Scrutinized Companies*

A. Contractor certifies that it and its subcontractors are not on the Scrutinized Companies that Boycott Israel List and are not engaged in the boycott of Israel. Pursuant to section 287.135, Florida Statutes, the City may immediately terminate this Agreement at its sole option if the Contractor or any of its subcontractors are found to have submitted a false certification; or if the Contractor or any of its subcontractors, are placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of this Agreement.

B. If this Agreement is for one million dollars or more, the Contractor certifies that it and its subcontractors are also not on the Scrutinized Companies with Activities in Sudan List, Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged in business operations in Cuba or Syria as identified in Section 287.135, Florida Statutes. Pursuant to Section 287.135, the City may immediately terminate this Agreement at its sole option if the Contractor, or any of its subcontractors are found to have submitted a false certification; or if the Contractor or any of its subcontractors are placed on the Scrutinized Companies with Activities in Sudan List, or Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or are or have been engaged with business operations in Cuba or Syria during the term of this Agreement.

C. The Contractor agrees to observe the above requirements for applicable subcontracts entered into for the performance of work under this Agreement.

D. The Contractor agrees that the certifications in this section shall be effective and relied upon by the City for the term of this Agreement, including any and all renewals.

E. The Contractor agrees that if it or any of its subcontractors' status changes in regards to any certification herein, the Contractor shall immediately notify the City of the same.

F. As provided in Subsection 287.135(8), Florida Statutes, if federal law ceases to authorize the above-stated contracting prohibitions then they shall become inoperative.

10.25 *E-Verify*

A. Pursuant to Section 448.095(2), Florida Statutes, beginning on January 1, 2021, the CONTRACTOR shall:

1. Register with and use the E-Verify system to verify the work authorization status of all newly hired employees and require all Subcontractors (providing services or receiving funding under this Agreement) to register with and use the E-Verify system to verify the work authorization status of all the Subcontractors' newly hired employees;

2. Secure an affidavit from all Subcontractors (providing services or receiving funding under this Agreement) stating that the Subcontractor does not employ, contract with, or subcontract with an "unauthorized alien" as defined in Section 448.095(1)(k), Florida Statutes;

3. Maintain copies of all Subcontractor affidavits for the duration of this Agreement and provide the same to the Owner upon request;

4. Comply fully, and ensure all of its Subcontractors comply fully, with Section 448.095, Florida Statutes;

5. Be aware that a violation of Section 448.09, Florida Statutes (Unauthorized aliens; employment prohibited) shall be grounds for termination of this Agreement; and,

6. Be aware that if the Owner terminates this Agreement under Section 448.095(2)(c), Florida Statutes, the Contractor may not be awarded a contract for at least 1 year after the date on which the Agreement is terminated and will be liable for any additional costs incurred by the Village as a result of the termination of the Agreement.

14. ☑ Current Insurance Certificate showing that bidder can meet the insurance requirements per Section 10.11 of the Contract Agreement, Section 6.03 of the General Conditions.
15. ☑ Signed copy of all Addenda.
16. ☑ Signed copy of ARPA Contract Addendum.

Submit one (1) electronic copy (PDF) of all documents listed above. Failure to provide the above-listed items may result in your bid being deemed non-responsive.

END OF SECTION

BID FORM

ARTICLE 1 – BID RECIPIENT

1.01 This Bid is submitted to:

VILLAGE OF PALM SPRINGS

C/O Kimberly Wynn, Village Clerk

226 Cypress Lane, Palm Springs, FL 33461

1.02 The undersigned Bidder proposes and agrees, if this Bid is accepted, to enter into an Agreement with Owner in the form included in the Bidding Documents to perform all Work as specified or indicated in the Bidding Documents for the prices and within the times indicated in this Bid and in accordance with the other terms and conditions of the Bidding Documents.

ARTICLE 2 – BIDDER'S ACKNOWLEDGEMENTS

2.01 Bidder accepts all of the terms and conditions of the Instructions to Bidders, including without limitation those dealing with the disposition of Bid security. This Bid will remain subject to acceptance for 120 days after the Bid opening, or for such longer period of time that Bidder may agree to in writing upon request of Owner.

ARTICLE 3 – BIDDER'S REPRESENTATIONS

3.01 In submitting this Bid, Bidder represents that:

A. Bidder has examined and carefully studied the Bidding Documents, and any data and reference items identified in the Bidding Documents, and hereby acknowledges receipt of the following Addenda:

Addendum No.	Addendum, Date
1	01/23/2024
2	02/07/2024

B. Bidder has visited the Site, conducted a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and satisfied itself as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.

C. Bidder is familiar with and has satisfied itself as to all Laws and Regulations that may affect cost, progress, and performance of the Work.

D. Bidder has carefully studied all: (1) reports of explorations and tests of subsurface conditions at or adjacent to the Site and all drawings of physical conditions relating to existing surface or subsurface structures at the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings, and (2) reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings.

E. Bidder has considered the information known to Bidder itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Bidding Documents; and any Site-related reports and drawings identified in the Bidding Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Bidder; and (3) Bidder's safety precautions and programs.

F. Bidder agrees, based on the information and observations referred to in the preceding paragraph, that no further examinations, investigations, explorations, tests, studies, or data are necessary for the determination of this Bid for performance of the Work at the price bid and within the times required, and in accordance with the other terms and conditions of the Bidding Documents.

G. Bidder is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Bidding Documents.

H. Bidder has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Bidder has discovered in the Bidding Documents, and confirms that the written resolution thereof by Engineer is acceptable to Bidder.

I. The Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for the performance and furnishing of the Work.

J. The submission of this Bid constitutes an incontrovertible representation by Bidder that Bidder has complied with every requirement of this Article, and that without exception the Bid and all prices in the Bid are premised upon performing and furnishing the Work required by the Bidding Documents.

ARTICLE 4 – BIDDER'S CERTIFICATION

4.01 Bidder certifies that:

A. This Bid is genuine and not made in the interest of or on behalf of any undisclosed individual or entity and is not submitted in conformity with any collusive agreement or rules of any group, association, organization, or corporation;

B. Bidder has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid;

C. Bidder has not solicited or induced any individual or entity to refrain from bidding; and

D. Bidder has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for the Contract. For the purposes of this Paragraph 4.01.D:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process;

2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process to the detriment of Owner, (b) to establish bid prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;

3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish bid prices at artificial, non-competitive levels; and

4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the e execution of the Contract.

ARTICLE 5 – BASIS OF BID

5.01 Bidder will complete the Work in accordance with the Contract Documents for the following price(s):

Bond Number: B402135
Date: February 13th, 2024
Penal sum Five Percent of Amount Bid (Words) $ 5% (Figures)

Surety and Bidder, intending to be legally bound hereby, subject to the terms set forth below, do each cause this Bid Bond to be duly executed by an authorized officer, agent, or representative.

BIDDER	SURETY
Rosso Site Development, Inc. (Seal)	NGM Insurance Company (Seal)
Bidder's Name and Corporate Seal	Surety's Name and Corporate Seal
By:	By:
Signature	Signature (Attach Power of Attorney)
Joseph A Rosso III	Lawrence T. Dwyer
Print Name	Print Name
Vice-President	Attorney-In-Fact
Title	Title
Attest:	Attest:
Signature	Signature
Title Blair Simpson, Secretary	Title James Sharp, Resident Agent

Note: Addresses are to be used for giving any required notice.
Provide execution by any additional parties, such as joint venturers, if necessary.

1. Bidder and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors, and assigns to pay to Owner upon default of Bidder the penal sum set forth on the face of this Bond. Payment of the penal sum is the extent of Bidder's and Surety's liability. Recovery of such penal sum under the terms of this Bond shall be Owner's sole and exclusive remedy upon default of Bidder.

2. Default of Bidder shall occur upon the failure of Bidder to deliver within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds required by the Bidding Documents.

3. This obligation shall be null and void if:

3.1 Owner accepts Bidder's Bid and Bidder delivers within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds required by the Bidding Documents, or

3.2 All Bids are rejected by Owner, or

3.3 Owner fails to issue a Notice of Award to Bidder within the time specified in the Bidding Documents (or any extension thereof agreed to in writing by Bidder and, if applicable, consented to by Surety when required by Paragraph 5 hereof).

4. Payment under this Bond will be due and payable upon default of Bidder and within 30 calendar days after receipt by Bidder and Surety of written notice of default from Owner, which notice will be given with reasonable promptness, identifying this Bond and the Project and including a statement of the amount due.

5. Surety waives notice of any and all defenses based on or arising out of any time extension to issue Notice of Award agreed to in writing by Owner and Bidder, provided that the total time for issuing Notice of Award including extensions shall not in the aggregate exceed 120 days from the Bid due date without Surety's written consent.

6. No suit or action shall be commenced under this Bond prior to 30 calendar days after the notice of default required in Paragraph 4 above is received by Bidder and Surety and in no case later than one year after the Bid due date.

7. Any suit or action under this Bond shall be commenced only in a court of competent jurisdiction located in the state in which the Project is located.

8. Notices required hereunder shall be in writing and sent to Bidder and Surety at their respective addresses shown on the face of this Bond. Such notices may be sent by personal delivery, commercial courier, or by United States Registered or Certified Mail, return receipt requested, postage pre-paid, and shall be deemed to be effective upon receipt by the party concerned.

9. Surety shall cause to be attached to this Bond a current and effective Power of Attorney evidencing the authority of the officer, agent, or representative who executed this Bond on behalf of Surety to execute, seal, and deliver such Bond and bind the Surety thereby.

10. This Bond is intended to conform to all applicable statutory requirements. Any applicable requirement of any applicable statute that has been omitted from this Bond shall be deemed to be included herein as if set forth at length. If any provision of this Bond conflicts with any applicable statute, then the provision of said statute shall govern and the remainder of this Bond that is not in conflict therewith shall continue in full force and effect.

11. The term "Bid" as used herein includes a Bid, offer, or proposal as applicable.

NGM INSURANCE COMPANY
A member of The Main Street America Group

POWER OF ATTORNEY

06-03119326

KNOW ALL MEN BY THESE PRESENTS: That NGM Insurance Company, a Florida corporation having its principal office in the City of Jacksonville, State of Florida, pursuant to Article IV, Section 2 of the By-Laws of said Company, to wit:

> "Article IV, Section 2. The board of directors, the president, any vice president, secretary, or the treasurer shall have the power and authority to appoint attorneys-in-fact and to authorize them to execute on behalf of the company and affix the seal of the company thereto, bonds, recognizances, contracts of indemnity or writings obligatory in the nature of a bond, recognizance or conditional undertaking and to remove any such attorneys-in-fact at any time and revoke the power and authority given to them. "

does hereby make, constitute and appoint **Lawrence T Dwyer**----------

its true and lawful Attorneys-in-fact, to make, execute, seal and deliver for and on its behalf, and as its act and deed, bonds, undertakings, recognizances, contracts of indemnity, or other writings obligatory in nature of a bond subject to the following limitation:

1. **No one bond to exceed Ten Million Dollars ($10,000,000.00)**

and to bind NGM Insurance Company thereby as fully and to the same extent as if such instruments were signed by the duly authorized officers of NGM Insurance Company; the acts of said Attorney are hereby ratified and confirmed.

This power of attorney is signed and sealed by facsimile under and by the authority of the following resolution adopted by the Directors of NGM Insurance Company at a meeting duly called and held on the 2nd day of December 1977.

> Voted: That the signature of any officer authorized by the By-Laws and the company seal may be affixed by facsimile to any power of attorney or special power of attorney or certification of either given for the execution of any bond, undertaking, recognizance or other written obligation in the nature thereof; such signature and seal, when so used being hereby adopted by the company as the original signature of such office and the original seal of the company, to be valid and binding upon the company with the same force and effect as though manually affixed.

IN WITNESS WHEREOF, NGM Insurance Company has caused these presents to be signed by its Vice President, General Counsel and Secretary and its corporate seal to be hereto affixed this 7th day of January, 2020.

NGM INSURANCE COMPANY By: Kimberly K. Law

Kimberly K. Law
Vice President,
General Counsel and Secretary

NGM INSURANCE COMPANY FOUNDED 1923 FLORIDA

State of Florida,
County of Duval.

On this 7th day of January, 2020, before the subscriber a Notary Public of State of Florida in and for the County of Duval duly commissioned and qualified, came Kimberly K. Law of NGM Insurance Company, to me personally known to be the officer described herein, and who executed the preceding instrument, and she acknowledged the execution of same, and being by me fully sworn, deposed and said that she is an officer of said Company, aforesaid: that the seal affixed to the preceding instrument is the corporate seal of said Company, and the said corporate seal and her signature as officer were duly affixed and subscribed to the said instrument by the authority and direction of the said Company; that Article IV, Section 2 of the By-Laws of said Company is now in force.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal at Jacksonville, Florida this 7th day of January, 2020.

Lisa K. Penton

Notary Public State of Florida

ROSSO
Site Development

Qualifications of Bidders

Rosso Site Development, Inc. is a heavy civil general contractor located in Lake Worth, Florida. We self-perform clearing and grubbing, excavation and embankment, subgrade, road base, asphalt paving, concrete paving, and minor storm water drainage.

Rosso Site Development, Inc., founded by Joe Rosso II, is a family owned and operated business that provides construction services to a broad range of clients, both public and private. We work primarily in the areas of site development, highway and road construction and pride ourselves as being one of the leading construction companies in Palm Beach County. RSD has successfully completed projects on both the city and county level as well as privately, leaving behind a reputation of quality and value. RSD is a licensed Certified General Contractor, Certified Underground Utility and Excavation Contractor, Paving Contractor and we have a full time Professional Engineer on staff licensed in the State of Florida and the State of North Carolina.

The Rosso Family brings over 60 years of combined construction experience and we take pride in the principles that have led to success – responding to clients' needs, maintaining a strong work ethic and staying abreast to the cutting edge in construction technologies and methods.

Project Highlights

Recent Projects Only

Palm Beach International Airport (2009-2010) ● **Budget: $6,000,000**

Work consisted of two separate taxiway construction projects. These projects included but were not limited to clearing and grubbing, earthwork (+/- 100,000 cy), asphalt (+/- 14,000 tons), storm water drainage, and the demolition of a radar tower (+/- 60 ft tall). These projects were in a high security area, as they were located adjacent to active runways in an international airport.

Port of Palm Beach (2012) ● **Budget: $1,600,000**

Project Manager for the reconstruction of the wharf located between slips 2 and 3 at the Port of Palm Beach. The project demolition consisted of over 12,000 sy of asphalt and concrete, a building slab, and a water quality drainage pit and structure. The reconstruction of the slip entailed a 7,200 square yard concrete slab and 5,500 square yards of asphalt. The concrete slab was constructed per design to be 15" thick with a double mat of #4 rebar 12" on center. The concrete was of a special mix design which required the importing of granite stone to complete the project per the owner's request.

Palm Beach County (2010-2012) ● **Budget: $5,000,000**

Project Manager for the construction of Lyons Road between Boynton Beach Blvd and Atlantic Avenue. The work consisted of 3 miles of new 2 lane roadway 32' wide. The roadway crossed 5 Lake Worth Drainage District Canals, 4 of which required a 6'x10' precast rectangular box and the last we built a 70' long bridge.

Cherokee Indian School (2006-2009) ● **Budget: $100,000,000**

Project Engineer on first LEED Platinum project in America.

RE: CERTIFICATE OF QUALIFICATION

The Department of Transportation has qualified your company for the type of work indicated below.

FDOT APPROVED WORK CLASSES:
DRAINAGE, FENCING, FLEXIBLE PAVING, GRADING, GRASSING, SEEDING AND SODDING, HOT PLANT-MIXED BITUM. COURSES, PORTLAND CEMENT CONCRETE ROADWAY PAVING, SIDEWALK, Curb & Gutter, Driveways, Rip Rap, Underground Utilities (Water & Sewer).

Unless notified otherwise, this Certificate of Qualification will expire **6/30/2024.**

In accordance with Section 337.14(4), Florida Statutes, changes to Ability Factor or Maximum Capacity Rating will not take effect until after the expiration of the current certificate of prequalification (if applicable).

In accordance with Section 337.14(1), Florida Statutes, an application for qualification must be filed within (4) months of the ending date of the applicant's audited annual financial statements.

If the company's maximum capacity has been revised, it may be accessed by logging into the Contractor Prequalification Application System via the following link:
HTTPS://fdotwp1.dot.state.fl.us/ContractorPreQualification

Once logged in, select "View" for the most recently approved application, and then click the "Manage" and "Application Summary" tabs.

The company may apply for a Revised Certificate of Qualification at any time prior to the expiration date of this certificate according to Section 14-22.0041(3), Florida Administrative Code (F.A.C.), by accessing the most recently approved application as shown above and choosing "Update" instead of "View." If certification in additional classes of work is desired, documentation is needed to show that the company has performed such work.

All prequalified contractors are required by Section 14-22.006(3), F.A.C., to certify their work underway monthly in order to adjust maximum bidding capacity to available bidding capacity. You can find the link to this report at the website shown above.

Sincerely,

James E. Taylor II

SECTION 00454
DRUG-FREE WORKPLACE CERTIFICATE

I, the undersigned, in accordance with Florida Statute 287.087, hereby certify that Rosso Site Development, Inc. (Print or Type Name of Firm)

- Publishes a written statement notifying that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace named above, and specifying actions that will be taken against violations of such prohibition.
- Informs employees about the dangers of drug abuse in the workplace; the firm's policy of maintaining a drug-free working environment and available drug counseling, rehabilitation, and employee assistance programs; and the penalties that may be imposed upon employees for drug-use violations.
- Gives each employee engaged in providing commodities or contractual services that are under bid or proposal a copy of the statement specified above.
- Notifies the employees that as a condition of working on the commodities or contractual services under bid or proposal, the employee will abide by the terms of the statement and will notify the employer of any conviction of or plea of guilty or nolo contendere to any violation of Chapter 1893 or any controlled substance law of the State of Florida or the United States for a violation occurring in the workplace, no later than 5 days after such conviction, and requires employees to sign copies of such written statement to acknowledge their receipt.
- Imposes a sanction on or requires the satisfactory participation in a drug-abuse assistance or rehabilitation program, if such is available in the employee's community, by any employee who is so convicted.
- Makes a good faith effort to continue to maintain a drug-free workplace through the implementation of the drug-free workplace program.

"As a person authorized to sign this statement, I certify that the business, firm, or corporation named above complies fully with the requirements set forth herein."

SECTION 00455
SWORN STATEMENT UNDER SECTION 287.133(3)(a),
FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES

(To be signed in the presence of a notary public or other officer authorized to administer oaths.)

STATE OF Florida

COUNTY OF Palm Beach

Before me, the undersigned authority, personally appeared Joseph A. Rosso III, who, being by me first duly sworn, made the following statement:

1. The business address of Rosso Site Development, Inc.
(firm name of Bidder/Contractor)

is 1302 S J Street, Lake Worth, FL 33460.

2. My relationship to Rosso Site Development, Inc.
(firm name of Bidder/Contractor)

is Vice President.
(relationship such as sole proprietor, partner, president, vice president)

3. I understand that a "public entity crime" as defined in Section 287.133 of the Florida Statutes includes a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity in Florida or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or such an agency or political subdivision and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

4. I understand that "convicted" or "conviction" is defined by the statute to mean a finding of guilt or a conviction of a public entity crime, with or without adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

5. I understand that "affiliate" is defined by the statute to mean (1) a predecessor or successor of a person or a corporation convicted of a public entity crime; or (2) an entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime; or (3) those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate; or (4) a person or corporation who knowingly entered into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months.

6. Neither the Bidder/Contractor nor any officer, director, executive, partner, shareholder, employee, member or agent who is active in the management of the Bidder/Contractor, nor any affiliate of the Bidder/Contractor, has been convicted of public entity crime subsequent to July 1, 1989.

(Draw a line through Paragraph 6 if Paragraph 7 below applies.)

7. There has been a conviction of a public entity crime by the Bidder/Contractor, or an officer, director, executive, partner, shareholder, employee, member or agent of the Bidder/Contractor who is active in the management of the Bidder/Contractor or an affiliate of the Bidder/Contractor. A determination has been made pursuant to Section 287.133(3) by order of the Division of Administrative Hearings that it is not in the public interest for the name of the convicted person or affiliate to appear on the convicted vendor list. The name of the convicted person or affiliate is_____.

A copy of the order of the Division of Administrative Hearings is attached to this statement.

(Draw a line through Paragraph 7 if Paragraph 6 above applies.)

SECTION 00456
SCRUTINIZED COMPANIES CERTIFICATION FORM

By execution below, I, Joseph A, Rosso III, on behalf of Rosso Site Development, Inc. (hereinafter, the "Contractor"), hereby swear or affirm to the following certifications:

The following certifications apply to all procurements:

1. The Contractor has reviewed section 215.4725, Florida Statutes, section 215.473, Florida Statutes and section 287.135, Florida Statutes, and understands the same.
2. The Contractor is not on the Scrutinized Companies that Boycott Israel List nor is the Contractor engaged in a boycott of Israel.
3. If awarded a contract, the Contractor agrees to require these certifications for applicable subcontracts entered into for the performance of work/services under this procurement.
4. If awarded a contract, the Contractor agrees that the certifications in this section shall be effective and relied upon by the City for the entire term of the contract, including any and all renewals.

If the contract awarded hereunder is for one million dollars or more, the following additional certifications apply:

1. The Contractor is not on the Scrutinized Companies with Activities in Sudan List.
2. The Contractor is not on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List.
3. The Contractor is not engaged in business operations in Cuba or Syria.
5. If awarded a contract, the Contractor agrees to require these certifications for applicable subcontracts entered into for the performance of work/services under this procurement.
6. If awarded a contract, the Contractor agrees that the certifications in this section shall be effective and relied upon by the City for the entire term of the contract, including any and all renewals.

CONTRACTOR: ROSSO SITE DEVELOPMENT, INC.

Vendor Conflict of Interest
Disclosure Statement
Information and Instructions

The award of this contract is subject to the provisions of Chapter 112, Part III, *Florida Statutes,* and section 6.02 of the Charter of the Village of Palm Springs. The Village requires all potential vendors, as defined herein, to complete and submit this Conflict of Interest Disclosure Statement in connection with any competitive purchase in excess of $7,500.00.

The purpose of this disclosure form is to give the Village the information needed to identify potential conflicts of interest for evaluation team members, public officials, and other key personnel involved in the award of this contract and to take appropriate remedial measures. The information disclosed will not necessarily be deemed a conflict of interest or result in disqualification. If you are unsure whether certain information is responsive, you should include it in the disclosure.

The original disclosure statement shall be maintained by the Village Clerk, with a copy retained by the Finance Department.

- The Village will not enter into any contract or purchase order with any vendor who fails or refuses to provide all information required in the disclosure form.
- For vendors consisting of partnerships or joint ventures, each member of the partnership or joint venture is required to complete and submit the form.
- Any vendor who provides incorrect, misleading, or incomplete information on the disclosure statement shall be disqualified from participation.
- If the Village discovers misleading, incorrect, or incomplete information on the disclosure statement subsequent to the execution of a contract, the contract will be voidable by the Village;
- Serious and/or repeated failure to provide complete and accurate information on the Conflict of Interest Disclosure Form may lead to suspension or debarment of the vendor pursuant to Sec. 58-16 of the Village Code.

DEFINITIONS

"Business Entity" means any corporation, partnership, limited partnership, company, limited liability company, proprietorship, firm, enterprise, franchise, association, self-employed individual, or trust, whether fictitiously named or not, doing business in the State of Florida.

"Conflict of Interest" means a situation in which regard for a private interest tends to lead to disregard of a public duty or interest.

"Financial interest" means direct or indirect ownership or other interest that may result in special private gain or loss.

"Person" means an individual, firm, partnership, association, joint venture, cooperative, or corporation, or any other group or combination acting in concert.

"Public Official" includes any person elected or appointed to hold office in any agency, including any person serving on an advisory body.

"Relative" means an individual who is related to a public officer or employee as a father, mother, son, daughter, brother, sister, uncle, aunt, first cousin, nephew, niece, husband, wife, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, stepfather, stepmother, stepson, stepdaughter, stepbrother, stepsister, half-brother, half-sister, grandparent, great grandparent, grandchild, great-grandchild, step-grandparent, step great grandparent, step-grandchild, step great-grandchild, a person who is engaged to be married to the public officer or employee or who otherwise holds himself or herself out as or is generally known as the person whom the public officer or employee intends to marry or with whom the public officer or employee intends to form a household, or any other natural person having the same legal residence as the public officer or employee.

"Vendor" means (1) any business entity or person submitting a response to an invitation to bid, request for proposals, request for qualifications, or other solicitation in connection with the procurement of goods or services; or (2) any business entity or person entering into a contract or purchase order in excess of $7,500.00 with the Village.

INSTRUCTIONS

Complete all lines as indicated. If the answer to any question is "None," so indicate. If an item does not apply, denote N/A (not applicable). If you cannot include the required information in the space provided, attach additional sheets as necessary.

American Rescue Plan Act (ARPA) Contract Addendum

Notice: The contract or purchase order to which this addendum is attached is made using federal assistance provided to the Village of Palm Springs by the US Department of Treasury under the American Rescue Plan Act ("ARPA"), Sections 602(b) and 603(b) of the Social Security Act, Pub. L. No. 117-2 (March 11, 2021).

The following terms and conditions apply to you, the contractor or vendor, as a contractor of the Village of Palm Springs, according to the City's Award Terms and Conditions signed on May 11, 2021; by ARPA and its implementing regulations; and as established by the Treasury Department.

1. **Equal Opportunity**. Contractor shall comply with Executive Order 11246, "Equal Employment Opportunity," as amended by EO 11375, "Amending Executive Order 11246 Relating to Equal
Employment Opportunity," and as supplemented by regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

Minority and Women Business Enterprises (*if applicable to this Contract*)
Contractor hereby agrees to comply with the following when applicable: The requirements of Executive Orders 11625 and 12432 (concerning Minority Business Enterprise), and 12138 (concerning Women's Business Enterprise), ***when applicable.*** Accordingly, the Contractor hereby agrees to take affirmative steps to assure that women and minority businesses are utilized when possible as sources of supplies, equipment, construction and services. Affirmative steps shall include the following:

a. Including qualified women's business enterprises and small and minority businesses on solicitation lists;
b. Assuring that women's enterprises and small and minority businesses are solicited whenever they are potential sources;
c. When economically feasible, dividing total requirements into smaller tasks or quantities so as to permit maximum participation by small and minority business, and women's business enterprises;
d. Where the requirement permits, establishing delivery schedules which will encourage participation by women's business enterprises and small and minority business;
e. Using the services and assistance of the Small Business Administration, and the U.S. Office of Minority Business Development Agency of the Department of Commerce; and
f. If any subcontracts are to be let, requiring the prime Contractor to take the affirmative steps in a through e above.

For the purposes of these requirements, a Minority Business Enterprise (MBE) is defined as an enterprise that is at least 51 percent owned and controlled in its daily operation by members of the following groups: Black, Hispanic, Asian or Pacific Islander, American Indian, or Alaskan Natives. A Women Business Enterprise (WBE) is defined as an enterprise that is at least 51 percent owned and controlled in its daily operation by women. .

2. **Suspension and Debarment. (applies to all purchases.)**

(A) This contract is a covered transaction for purposes of 2 CFR pt. 180 and 2 CFR pt. 3000. As such, the Contractor is required to verify that none of Contractor's principals (defined at 2 CFR § 180.995) or its affiliates (defined at 2 CFR § 180.905) are excluded (defined at 2 CFR § 180.940) or disqualified (defined at 2 CFR § 180.935).

(B) The Contractor must comply with 2 CFR pt. 180, subpart C and 2 CFR pt. 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(C) This certification is a material representation of fact relied upon by the Village of Palm Springs. If it is later determined that the contractor did not comply with 2 CFR pt. 180, subpart C and 2 CFR pt. 3000, subpart C, in addition to remedies available to the City, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

(D) The Contractor agrees to comply with the requirements of 2 CFR pt. 180, subpart C and 2 CFR pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The Contractor further agrees to include a provision requiring such compliance in its lower tier covered transactions.

3. **Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352, as amended. (Applies to all purchases.)** Contractor certifies that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Contractor shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the awarding agency.

Purchases over $100,000 - Contractors must sign the certification on the last page of this addendum

4. **Access to Records (applies to all purchases.)**

(A) The Contractor agrees to provide the Village of Palm Springs, the U.S. Department of Treasury, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions. The Contractor agrees to permit any of the foregoing parties to reproduce by any means or to copy excerpts and transcriptions as reasonably needed, and agrees to cooperate with all such requests.

(B) The Contractor agrees to provide the Treasury Department or authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.

(C) No language in this contract is intended to prohibit audits or internal reviews by the Treasury Department or the Comptroller General of the United States.

5. **Rights to Inventions Made Under a Contract or Agreement.** Contracts or agreements for the performance of experimental, developmental, or research work shall provide for the rights of the Federal Government and the recipient in any resulting

invention in accordance with 37 CFR part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any applicable implementing regulations.

6. Contract Work Hours and Safety Standards Act (40 U.S.C. 327 through 333) (applies only to purchases over $100,000, when laborers or mechanics are used.) Where applicable, all contracts in excess of $100,000 that involve the employment of mechanics or laborers shall include a provision for compliance with 40 U.S.C. 3702 and 3704 of the Contract Work Hours and Safety Standards Act, as supplemented by Department of Labor regulations (29 CFR part 5). Under Section 3702 of the Act, each contractor shall be required to compute the wages of every mechanic and laborer on the basis of a standard workweek of 40 hours. Work in excess of the standard workweek is permissible provided that the worker is compensated at a rate of not less than 1 1/2 times the basic rate of pay for all hours worked in excess of 40 hours in the workweek. The requirements of 40 U.S.C. 3704 are applicable to construction work and provides that no laborer or mechanic shall be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

7. Clean Air Act & Federal Water Pollution Control Act (applies to purchases of more than $150,000.)

(A) The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

(B) The Contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

(C) The Contractor agrees to report each violation of the Clean Air Act and the Water Pollution Control Act to the Village of Palm Springs and understands and agrees that the Village will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

(D) Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance.

8. Prohibition on certain telecommunications and video surveillance services or equipment (Huawei and ZTE)

Contractor is prohibited from obligating or expending loan or grant funds to:

(1)Procure or obtain;
(2)Extend or renew a contract to procure or obtain; or
(3)Enter into a contract (or extend or renew a contract) to procure or obtain

equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. As described in Public Law 115–232, section 889, covered telecommunications equipment is telecommunications equipment produced by **Huawei**

Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).

(i) For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).

(ii) Telecommunications or video surveillance services provided by such entities or using such equipment.

(iii) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

9. **Buy USA - Domestic Preference for certain procurements using federal funds**. Contractor should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this section must be included in all subawards including all contracts and purchase orders for work or products under this award. For purposes of this section:

(1) "Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

(2) "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

10. **Procurement of Recovered Materials: (applies only if the work involves the use of materials)** (A) In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired:

i. Competitively within a timeframe providing for compliance with the contract performance schedule;

ii. Meeting contract performance requirements; or iii. At a reasonable price.

(B) Information about this requirement, along with the list of EPA- designated items, is available at EPA's Comprehensive Procurement Guidelines web site, https://www.epa.gov/smm/comprehensive- procurement-guideline-cpg-program.

(C) The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

11. **Publications**. Any publications produced with funds from this award must display the following language: "This project [is being] [was] supported, in whole or in part, by federal award number [enter project FAIN] awarded to [name of Recipient] by the U.S. Department of the Treasury."

12. **Increasing Seat Belt Use in the United States**. Pursuant to Executive Order 13043, 62 FR 19217 (Apr. 18, 1997), Contractor is encouraged to adopt and enforce on-the-job seat belt policies and programs for your employees when operating company-owned, rented or personally owned vehicles.

13. **Reducing Text Messaging While Driving**. Pursuant to Executive Order 13513, 74 FR 51225 (Oct. 6, 2009), Contractor is encouraged to adopt and enforce policies that ban text messaging while driving and establish workplace safety policies to decrease accidents caused by distracted drivers.

- This form is required only for purchases of more than $100,000 -

31 CFR Part 21 – New Restrictions on Lobbying - CERTIFICATION REGARDING LOBBYING

The undersigned certifies, to the best of their knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all contractors shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The Contractor certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. Ch. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

Re: ITB #2024B-004 Davis Road Stormwater Improvements
Award Recommendation

Dear Mr. Sanchez,

Chen Moore and Associates (CMA) has conducted a review of the three (3) bids received on February 15, 2024, for the ITB #2024B-004 Davis Road Stormwater Improvements. The lowest bidder is Rosso Site Development, Inc. with a total submitted bid of $1,710,874.13. The second lowest bidder is TCLM Enterprise, Inc. with a total submitted bid of $ $2,017,364.06 and the third bidder is Emerald Construction Corp. with a total submitted bid of $2,984,651.21.

The engineer's opinion of probable cost was $ 2,430,000.00. It is CMA's opinion that the cost submitted by Rosso Site Development, Inc. is the lowest amount that the Village can successfully construct the project for at this time.

The references submitted by Rosso Site Development Inc. were contacted as part of the bid evaluation. The reference check performed included questions verifying the type of work completed and contractor performance during the project. As of the date of this letter, two (2) of the four references responded and commented on the quality of Rosso Site Development, Inc. work performed. No responses at this time appear to be of the nature that would be disqualifying.

In conclusion, Rosso Site Development, Inc. was identified as the lowest bidder, is qualified to perform the work, and submitted bid prices reflective of the current market conditions. CMA recommends the award of this contract to Rosso Site Development, Inc. based on the unit prices submitted, for a total bid price of **$1,710,874.13**.

Respectfully submitted,

David Cowan, Jr., P.E.
Senior Engineer
Chen Moore and Associates

VILLAGE OF PALM SPRINGS
PALM SPRINGS, FL
ITB NO. 2024B-004
DAVIS ROAD STORMWATER IMPROVEMENTS – CANAL ROAD TO 10TH AVENUE NORTH

ADVERTISEMENT FOR BIDS

Sealed Bids for the construction of the **Davis Road Stormwater Improvements – Canal Road to 10th Avenue North** will be received, by the Village of Palm Springs, at the office of the Village of Palm Springs Clerk, until **2:00 PM** local time on **February 13, 2024**. At **2:30 PM** all Bids received will be publicly opened and read. The Project consists of constructing and rehabilitating infrastructure including swales, drainage pipes, catch basins, and outfalls to improve the stormwater system in the project area.

Bidding Documents may be viewed and downloaded online www.vpsfl.org or http://www.demandstar.com. Hard copies of bidding Documents may be obtained from **Chen Moore and Associates (David Cowan)** on Mondays through Fridays between the hours of **8:00 AM. to 5:00 PM**. Bidding Documents are available on compact disc (as portable document format (PDF) files) for a non-refundable charge of $ **10.00** , including shipping via overnight express service. Alternatively, printed Bidding Documents may be obtained from **Chen Moore and Associates** either via in-person pick-up or via mail, upon receipt of payment for the Bidding Documents. The non-refundable cost of printed Bidding Documents is $ **10.00** per set, payable to **Chen Moore and Associates**.

Bidders must submit their responses electronically via DemandStar – http://www.demandstar.com. Bids must be submitted before the deadline on **February 13, 2024**, **at 2:00 PM** local time.

A virtual pre-bid conference will be held at 10:00 AM local time on **January 24, 2023, at 10:00 AM** via Microsoft Teams. Attendance at the pre-bid conference **is NON-MANDATORY**.

Non-Mandatory Pre-Bid Conference January 24, 2024, at 10:00 AM

Participants can use their telephone or computer mic & speakers (VoIP)

Bid security shall be furnished in accordance with the Instructions to Bidders.

Any questions regarding the specifications and Solicitation process must be submitted in writing to the Procurement Specialist at procurement@vpsfl.org. Questions and requests for clarification and additional information must be received prior to the Deadline for Submission of Questions on **February 2, 2024,** AT **5:00 PM** local time.

Pursuant to Section 2-355 of Palm Beach County Ordinance No. 2011-039, and the purchasing policies of the Village of Palm Springs, all Solicitations, once advertised, are under the "Cone of Silence" until the appropriate authority has approved an award recommendation, rejected all responses or some other action by the Village to end the selection process. This limits and requires documentation of communications between potential Bidders and/or Bidders on Village Solicitations, the Village's professional staff, and the Village Council members.

BIDDING REQUIREMENTS

VILLAGE OF PALM SPRINGS
PALM SPRINGS, FL
ITB NO. 2024B-004
DAVIS ROAD STORMWATER IMPROVEMENTS – CANAL ROAD TO 10TH AVENUE NORTH

ADVERTISEMENT FOR BIDS

Sealed Bids for the construction of the **Davis Road Stormwater Improvements – Canal Road to 10th Avenue North** will be received, by the Village of Palm Springs, at the office of the Village of Palm Springs Clerk, until **2:00 PM** local time on **February 13, 2024**. At **2:30 PM** all Bids received will be publicly opened and read. The Project consists of constructing and rehabilitating infrastructure including swales, drainage pipes, catch basins, and outfalls to improve the stormwater system in the project area.

Bidding Documents may be viewed and downloaded online www.vpsfl.org or http://www.demandstar.com. Hard copies of bidding Documents may be obtained from **Chen Moore and Associates (David Cowan)** on Mondays through Fridays between the hours of **8:00 AM. to 5:00 PM**. Bidding Documents are available on compact disc (as portable document format (PDF) files) for a non-refundable charge of $ **10.00** , including shipping via overnight express service. Alternatively, printed Bidding Documents may be obtained from **Chen Moore and Associates** either via in-person pick-up or via mail, upon receipt of payment for the Bidding Documents. The non-refundable cost of printed Bidding Documents is $ **10.00** per set, payable to **Chen Moore and Associates**.

Bidders must submit their responses electronically via DemandStar – http://www.demandstar.com. Bids must be submitted before the deadline on **February 13, 2024**, **at 2:00 PM** local time.

A virtual pre-bid conference will be held at 10:00 AM local time on **January 24, 2023, at 10:00 AM** via Microsoft Teams. Attendance at the pre-bid conference **is NON-MANDATORY**.

Non-Mandatory Pre-Bid Conference January 24, 2024, at 10:00 AM

Participants can use their telephone or computer mic & speakers (VoIP)

- Registration: https://events.gcc.teams.microsoft.com/event/b61361cc-7d65-4555-9c4e-43ed418f0aee@20801dc8-57d4-4c4b-b981-92be4d50e21c

Meeting ID: 249 551 961 977
Passcode: P8hoUZ

Bid Opening – February 13, 2024, at 2:30 PM

Participants can use their telephone or computer mic & speakers (VoIP)

- Registration: https://events.gcc.teams.microsoft.com/event/1f3a9e2c-fd82-4238-86e9-dca7c866ec5f@20801dc8-57d4-4c4b-b981-92be4d50e21c

Meeting ID: 293 820 664 190
Passcode: iehiyQ

Bid security shall be furnished in accordance with the Instructions to Bidders.

Any questions regarding the specifications and Solicitation process must be submitted in writing to the Procurement Specialist at procurement@vpsfl.org. Questions and requests for clarification and additional information must be received prior to the Deadline for Submission of Questions on **February 2, 2024,** AT **5:00 PM** local time.

Pursuant to Section 2-355 of Palm Beach County Ordinance No. 2011-039, and the purchasing policies of the Village of Palm Springs, all Solicitations, once advertised, are under the "Cone of Silence" until the appropriate authority has approved an award recommendation, rejected all responses or some other action by the Village to end the selection process. This limits and requires documentation of communications between potential Bidders and/or Bidders on Village Solicitations, the Village's professional staff, and the Village Council members.

ARTICLE 1 – DEFINED TERMS

1.01 Terms used in these Instructions to Bidders have the meanings indicated in the General Conditions and Supplementary Conditions. Additional terms used in these Instructions to Bidders have the meanings indicated below:

A. *Issuing Office* – The office from which the Bidding Documents are to be issued.

ARTICLE 2 – COPIES OF BIDDING DOCUMENTS

2.01 Complete sets of the Bidding Documents may be obtained from the Issuing Office in the number and format stated in the advertisement or invitation to bid.

2.02 Complete sets of Bidding Documents shall be used in preparing Bids; neither Owner nor Engineer assumes any responsibility for errors or misinterpretations resulting from the use of incomplete sets of Bidding Documents.

2.03 Owner and Engineer, in making copies of Bidding Documents available on the above terms, do so only for the purpose of obtaining Bids for the Work and do not authorize or confer a license for any other use.

ARTICLE 3 – QUALIFICATIONS OF BIDDERS

3.01 To demonstrate Bidder's qualifications to perform the Work, Bidder shall submit with its Bid (a) written evidence establishing its qualifications such as financial data, previous experience, present commitments, and other such information as may be called for in Section 00451, and (b) the following additional information:

A. Evidence of Bidder's authority to do business in the State of Florida.

B. State of Florida contractor license number.

C. Subcontractor and Supplier qualification information [coordinate with provisions of Article 12 of these Instructions, "Subcontractors, Suppliers, and Others."]

D. Provide a minimum of five (5) similar projects which have been completed within the past ten (10) years per Section 00451 - Bidder Qualifications Questionnaire, Article 11, including project description, final project cost, owner's name, address, and phone number. A similar project shall be defined as a project that involves the construction and/or rehabilitation of stormwater infrastructure similar in scope, materials and design.

E. Current Certificate of Insurance per the requirements of Section 00520 - Agreement, Article 10.10.

3.02 A Bidder's failure to submit required qualification information within the times indicated may disqualify Bidder from receiving an award of the Contract.

3.03 No requirement in this Article 3 to submit information will prejudice the right of Owner to seek additional pertinent information regarding Bidder's qualifications.

3.04 Bidder is advised to carefully review those portions of the Bid Form requiring Bidder's representations and certifications.

ARTICLE 4 – SITE AND OTHER AREAS; EXISTING SITE CONDITIONS; EXAMINATION OF SITE; OWNER'S SAFETY PROGRAM; OTHER WORK AT THE SITE

4.01 *Site and Other Areas*

A. The Site is identified in the Bidding Documents. By definition, the Site includes rights-of-way, easements, and other lands furnished by Owner for the use of the Contractor. Any additional lands required for temporary construction facilities, construction equipment, or storage of materials and equipment, and any access needed for such additional lands, are to be obtained and paid for by Contractor.

4.02 *Existing Site Conditions*

A. Subsurface and Physical Conditions; Hazardous Environmental Conditions

1. The Supplementary Conditions identify:

a. those reports known to Owner of explorations and tests of subsurface conditions at or adjacent to the Site, if any.

b. those drawings known to Owner of physical conditions relating to existing surface or subsurface structures at the Site (except Underground Facilities), if any.

2. Owner will make copies of reports and drawings referenced above available to any Bidder on request. These reports and drawings are not part of the Contract Documents, but the Technical Data contained therein upon whose accuracy Bidder is entitled to rely, as provided in the General Conditions, has been identified and established in the Supplementary Conditions. Bidder is responsible for any interpretation or conclusion Bidder draws from any Technical Data or any other data, interpretations, opinions, or information contained in such reports or shown or indicated in such drawings.

3. If the Supplementary Conditions do not identify Technical Data, the default definition of Technical Data set forth in Article 1 of the General Conditions will apply.

B. Underground Facilities: Information and data shown or indicated in the Bidding Documents with respect to existing Underground Facilities at or adjacent to the Site are set forth in the Contract Documents and are based upon information and data furnished to Owner and Engineer by owners of such Underground Facilities, including Owner, or others.

C. Adequacy of Data: Provisions concerning responsibilities for the adequacy of data furnished to prospective Bidders with respect to subsurface conditions, other physical conditions, and Underground Facilities, and possible changes in the Bidding Documents due to differing or unanticipated subsurface or physical conditions appear in Paragraphs 5.03, 5.04, and 5.05 of the General Conditions. Provisions concerning responsibilities for the adequacy of data furnished to prospective Bidders with respect to a Hazardous Environmental Condition at the Site, if any, and possible changes in the Contract Documents due to any Hazardous Environmental Condition uncovered or revealed at the Site which was not shown or indicated in the Drawings or Specifications or identified in the Contract Documents to be within the scope of the Work, appear in Paragraph 5.06 of the General Conditions.

4.03 *Site Visit and Testing by Bidders*

A. On request, the Owner will provide the Bidder access to the Site visit during normal working hours. Bidder shall not disturb any ongoing operations at the Site.

B. On request, and to the extent Owner has control over the Site, and schedule permitting, the Owner will provide Bidder access to the Site to conduct such additional examinations,

investigations, explorations, tests, and studies as Bidder deems necessary for preparing and submitting a successful Bid. Owner will not have any obligation to grant such access if doing so is not practical because of existing operations, security or safety concerns, or restraints on Owner's authority regarding the Site.

C. Bidder shall comply with all applicable Laws and Regulations regarding excavation and location of utilities, obtain all permits, and comply with all terms and conditions established by Owner or by property owners or other entities controlling the Site with respect to schedule, access, existing operations, security, liability insurance, and applicable safety programs.

D. Bidder shall fill all holes and clean up and restore the Site to its former condition upon completion of such explorations, investigations, tests, and studies.

E. Bidder shall not disturb any ongoing operations at the Site.

ARTICLE 5 – BIDDER'S REPRESENTATIONS

5.01 It is the responsibility of each Bidder before submitting a Bid to:

A. examine and carefully study the Bidding Documents, and any data and reference items identified in the Bidding Documents;

B. visit the Site, conduct a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and satisfy itself as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work;

C. become familiar with and satisfy itself as to all Laws and Regulations that may affect cost, progress, and performance of the Work;

D. carefully study all: (1) reports of explorations and tests of subsurface conditions at or adjacent to the Site and all drawings of physical conditions relating to existing surface or subsurface structures at the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings, and (2) reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings;

E. consider the information known to Bidder itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Bidding Documents; and the Site-related reports and drawings identified in the Bidding Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Bidder; and (3) Bidder's safety precautions and programs;

F. agree, based on the information and observations referred to in the preceding paragraph, that at the time of submitting its Bid no further examinations, investigations, explorations, tests, studies, or data are necessary for the determination of its Bid for performance of the Work at the price bid and within the times required, and in accordance with the other terms and conditions of the Bidding Documents;

G. become aware of the general nature of the work to be performed by Owner and others at the Site that relates to the Work as indicated in the Bidding Documents;

H. promptly give Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Bidder discovers in the Bidding Documents and confirm that the written resolution thereof by Engineer is acceptable to Bidder;

I. determine that the Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for the performance and furnishing of the Work; and

J. agree that the submission of a Bid will constitute an incontrovertible representation by Bidder that Bidder has complied with every requirement of this Article, that without exception the Bid and all prices in the Bid are premised upon performing and furnishing the Work required by the Bidding Documents.

ARTICLE 6 – PRE-BID CONFERENCE

6.01 A pre-Bid conference will be held at the time and location stated in the invitation or advertisement to bid. Representatives of Owner and Engineer will be present to discuss the Project. Bidders are encouraged to attend and participate in the conference. Owner will transmit to all prospective Bidders of record such Addenda as Owner and Engineer considers necessary in response to questions arising at the conference. Oral statements may not be relied upon and will not be binding or legally effective.

ARTICLE 7 – INTERPRETATIONS AND ADDENDA

7.01 All questions about the meaning or intent of the Bidding Documents are to be submitted to Owner in writing to the email address stated in the invitation or advertisement to bid. Interpretations or clarifications considered necessary by Owner or Engineer in response to such questions will be issued by Addenda delivered to all parties recorded as having received the Bidding Documents. Questions received less than seven days prior to the date for opening of Bids may not be answered. Only questions answered by Addenda will be binding. Oral and other interpretations or clarifications will be without legal effect.

7.02 Addenda may be issued to clarify, correct, supplement, or change the Bidding Documents.

ARTICLE 8 – BID SECURITY

8.01 A Bid must be accompanied by Bid security made payable to Owner in an amount of 5 percent of Bidder's maximum Bid price (determined by adding the base bid and all alternates) and in the form of a certified check, bank money order, or a Bid bond (on the form included in the Bidding Documents) issued by a surety meeting the requirements of Paragraphs 6.01 and 6.02 of the General Conditions.

8.02 The Bid security of the apparent Successful Bidder will be retained until Owner awards the contract to such Bidder, and such Bidder has executed the Contract Documents, furnished the required contract security, and met the other conditions of the Notice of Award, whereupon the Bid security will be released. If the Successful Bidder fails to execute and deliver the Contract Documents and furnish the required contract security within 15 days after the Notice of Award, Owner may consider Bidder to be in default, annul the Notice of Award, and the Bid security of that Bidder will be forfeited. Such forfeiture shall be Owner's exclusive remedy if Bidder defaults.

8.03 The Bid security of other Bidders that Owner believes to have a reasonable chance of receiving the award may be retained by Owner until the earlier of seven days after the Effective Date of

the Contract or 121 days after the Bid opening, whereupon Bid security furnished by such Bidders will be released.

8.04 Bid security of other Bidders that Owner believes do not have a reasonable chance of receiving the award will be released within seven days after the Bid opening.

ARTICLE 9 – CONTRACT TIMES

9.01 The number of days within which, or the dates by which, the Work is to be substantially completed, and completed and ready for final payment, are set forth in the Agreement.

ARTICLE 10 – LIQUIDATED DAMAGES

10.01 Provisions for liquidated damages, if any, for failure to timely attain a Milestone, Substantial Completion, or completion of the Work in readiness for final payment, are set forth in the Agreement.

ARTICLE 11 – SUBSTITUTE AND "OR-EQUAL" ITEMS

11.01 The Contract for the Work, as awarded, will be on the basis of materials and equipment specified or described in the Bidding Documents, and those "or-equal" or substitute or materials and equipment subsequently approved by Engineer prior to the submittal of Bids and identified by Addendum. No item of material or equipment will be considered by Engineer as an "or-equal" or substitute unless written request for approval has been submitted by Bidder and has been received by Engineer at least 15 days prior to the date for receipt of Bids. Each such request shall comply with the requirements of Paragraphs 7.04 and 7.05 of the General Conditions. The burden of proof of the merit of the proposed item is upon Bidder. Engineer's decision of approval or disapproval of a proposed item will be final. If Engineer approves any such proposed item, such approval will be set forth in an Addendum issued to all prospective Bidders. Bidders shall not rely upon approvals made in any other manner.

11.02 All prices that Bidder sets forth in its Bid shall be based on the presumption that the Contractor will furnish the materials and equipment specified or described in the Bidding Documents, as supplemented by Addenda. Any assumptions regarding the possibility of post-Bid approvals of "or-equal" or substitution requests are made at Bidder's sole risk.

ARTICLE 12 – SUBCONTRACTORS, SUPPLIERS, AND OTHERS

12.01 A Bidder shall be prepared to retain specific Subcontractors, Suppliers, or other individuals or entities for the performance of the Work if required by the Bidding Documents (most commonly in the Specifications) to do so. If a prospective Bidder objects to retaining any such Subcontractor, Supplier, or other individual or entity, and the concern is not relieved by an Addendum, then the prospective Bidder should refrain from submitting a Bid.

12.02 Subsequent to the submittal of the Bid, Owner may not require the Successful Bidder or Contractor to retain any Subcontractor, Supplier, or other individual or entity against which Contractor has reasonable objection.

12.03 Unless otherwise required to be submitted with the Bid, the apparent Successful Bidder, and any other Bidder so requested, shall within five days after Bid opening, submit to Owner a list of the Subcontractors or Suppliers for which such identification is required.

Such list shall be accompanied by an experience statement with pertinent information regarding similar projects and other evidence of qualification for each such Subcontractor, Supplier, or

other individual or entity. If Owner or Engineer, after due investigation, has reasonable objection to any proposed Subcontractor, Supplier, individual, or entity, Owner may, before the Notice of Award is given, request apparent Successful Bidder to submit an acceptable substitute, in which case apparent Successful Bidder shall submit a substitute, Bidder's Bid price will be increased (or decreased) by the difference in cost occasioned by such substitution, and Owner may consider such price adjustment in evaluating Bids and making the Contract award.

12.04 If apparent Successful Bidder declines to make any such substitution, Owner may award the Contract to the next lowest Bidder that proposes to use acceptable Subcontractors, Suppliers, or other individuals or entities. Declining to make requested substitutions will constitute grounds for forfeiture of the Bid security of any Bidder. Any Subcontractor, Supplier, individual, or entity so listed and against which Owner or Engineer makes no written objection prior to the giving of the Notice of Award will be deemed acceptable to Owner and Engineer subject to subsequent revocation of such acceptance as provided in Paragraph 7.06 of the General Conditions.

ARTICLE 13 – PREPARATION OF BID

13.01 The Bid Form is included with the Bidding Documents.

A. All blanks on the Bid Form shall be completed in ink and the Bid Form signed in ink. Erasures or alterations shall be initialed in ink by the person signing the Bid Form. A Bid price shall be indicated for each section, Bid item, alternate, adjustment unit price item, and unit price item listed therein.

B. If the Bid Form expressly indicates that submitting pricing on a specific alternate item is optional, and Bidder elects to not furnish pricing for such optional alternate item, then Bidder may enter the words "No Bid" or "Not Applicable."

13.02 A Bid by a corporation shall be executed in the corporate name by a corporate officer (whose title must appear under the signature), accompanied by evidence of authority to sign. The corporate address and state of incorporation shall be shown.

13.03 A Bid by a partnership shall be executed in the partnership name and signed by a partner (whose title must appear under the signature), accompanied by evidence of authority to sign. The partnership's address for receiving notices shall be shown.

13.04 A Bid by a limited liability company shall be executed in the name of the firm by a member or other authorized person and accompanied by evidence of authority to sign. The state of formation of the firm and the firm's address for receiving notices shall be shown.

13.05 A Bid by an individual shall show the Bidder's name and address for receiving notices.

13.06 A Bid by a joint venture shall be executed by an authorized representative of each joint venturer in the manner indicated on the Bid Form. The joint venture's address for receiving notices shall be shown.

13.07 All names shall be printed in ink below the signatures.

13.08 The Bid shall contain an acknowledgment of receipt of all Addenda, the numbers of which shall be filled in on the Bid Form.

13.09 Postal and e-mail addresses and telephone number for communications regarding the Bid shall be shown.

13.10 The Bid shall contain evidence of Bidder's authority and qualification to do business in the state where the Project is located, or Bidder shall covenant in writing to obtain such authority and

qualification prior to award of the Contract and attach such covenant to the Bid. Bidder's state contractor license number, if any, shall also be shown on the Bid Form.

ARTICLE 14 – BASIS OF BID

14.01 *Lump Sum*

A. Bidders shall submit a Bid on a lump sum basis as set forth in the Bid Form.

14.02 *Unit Price*

A. Bidders shall submit a Bid on a unit price basis for each item of Work listed in the unit price section of the Bid Form.

B. The "Bid Price" (sometimes referred to as the extended price) for each unit price Bid item will be the product of the "Estimated Quantity" (which Owner or its representative has set forth in the Bid Form) for the item and the corresponding "Bid Unit Price" offered by the Bidder. The total of all unit price Bid items will be the sum of these "Bid Prices"; such total will be used by Owner for Bid comparison purposes. The final quantities and Contract Price will be determined in accordance with Paragraph 13.03 of the General Conditions.

C. Discrepancies between the multiplication of units of Work and unit prices will be resolved in favor of the unit prices. Discrepancies between the indicated sum of any column of figures and the correct sum thereof will be resolved in favor of the correct sum.

14.03 *Allowances*

A. For cash allowances the Bid price shall include such amounts as the Bidder deems proper for Contractor's overhead, costs, profit, and other expenses on account of cash allowances, if any, named in the Contract Documents, in accordance with Paragraph 13.02.B of the General Conditions.

ARTICLE 15 – SUBMITTAL OF BID

15.01 With each copy of the Bidding Documents, a Bidder is furnished one separate unbound copy of the Bid Form, and, if required, the Bid Bond Form. The unbound copy of the Bid Form is to be completed and submitted with the Bid security and the other documents required to be submitted under the terms of Article 7 of the Bid Form.

15.02 A Bid shall be received no later than the date and time prescribed and at the place indicated in the advertisement or invitation to bid and shall be enclosed in a plainly marked package with the Project title (and, if applicable, the designated portion of the Project for which the Bid is submitted), the name and address of Bidder, and shall be accompanied by the Bid security and other required documents. If a Bid is sent by mail or other delivery system, the sealed envelope containing the Bid shall be enclosed in a separate package plainly marked on the outside with the notation "BID ENCLOSED." A mailed Bid shall be addressed to 226 Cypress Lane, Palm Springs, FL 33461.

15.03 Bids received after the date and time prescribed for the opening of bids, or not submitted at the correct location or in the designated manner, will not be accepted and will be returned to the Bidder unopened.

15.04 By submitting a Bid, Bidder acknowledges that Bidder has reviewed the terms of the Agreement included as part of the bid package and represents that, if awarded the contract, Bidder is prepared to enter into an Agreement with the Village in substantially the same form.

15.05 The following documents shall be submitted with and made a part of the Bid:

Section 00400 Bid Submission checklist
Section 00410 Bid Form
Section 00430 Bid Bond
Section 00431 Tabulation of Subcontractor and Suppliers
Section 00440 Florida Trench Safety Act Certification
Section 00451 Qualifications Statement
Section 00452 Bidder's Statement of Disputes, Litigation, Arbitration, and Surety Completion
Section 00453 Noncollusion Affidavit
Section 00454 Drug-Free Workplace Certificate
Section 00455 Sworn Statement on Public Entity Crimes
Section 00456 Scrutinized Companies Certification Form
Section 00457 Vendor Conflict of Interest Disclosure Statement
Current Certificate of Insurance

ARTICLE 16 – MODIFICATION AND WITHDRAWAL OF BID

16.01 A Bid may be withdrawn by an appropriate document duly executed in the same manner that a Bid must be executed and delivered to the place where Bids are to be submitted prior to the date and time for the opening of Bids. Upon receipt of such notice, the unopened Bid will be returned to the Bidder.

16.02 If a Bidder wishes to modify its Bid prior to Bid opening, Bidder must withdraw its initial Bid in the manner specified in Paragraph 16.01 and submit a new Bid prior to the date and time for the opening of Bids.

16.03 If within 24 hours after Bids are opened any Bidder files a duly signed written notice with Owner and promptly thereafter demonstrates to the reasonable satisfaction of Owner that there was a material and substantial mistake in the preparation of its Bid, that Bidder may withdraw its Bid, and the Bid security will be returned. Thereafter, if the Work is rebid, that Bidder will be disqualified from further bidding on the Work.

ARTICLE 17 – OPENING OF BIDS

17.01 Bids will be opened at the time and place indicated in the advertisement or invitation to bid and, unless obviously non-responsive, read aloud publicly. An abstract of the amounts of the base Bids and major alternates, if any, will be made available to Bidders after the opening of Bids.

ARTICLE 18 – BIDS TO REMAIN SUBJECT TO ACCEPTANCE

18.01 All Bids will remain subject to acceptance for the period of time stated in the Bid Form, but Owner may, in its sole discretion, release any Bid and return the Bid security prior to the end of this period.

ARTICLE 19 – EVALUATION OF BIDS AND AWARD OF CONTRACT

19.01 Owner reserves the right to reject any or all Bids, including without limitation, nonconforming, nonresponsive, unbalanced, or conditional Bids. Owner will reject the Bid of any Bidder that Owner finds, after reasonable inquiry and evaluation, to not be responsible. If Bidder purports to add terms or conditions to its Bid, takes exception to any provision of the Bidding Documents, or attempts to alter the contents of the Contract Documents for purposes of the Bid, then the Owner will reject the Bid as nonresponsive; provided that Owner also reserves the right to waive all minor informalities not involving price, time, or changes in the Work.

19.02 If Owner awards the contract for the Work, such award shall be to the responsible Bidder submitting the lowest responsive Bid.

19.03 Evaluation of Bids

A. In evaluating Bids, Owner will consider whether or not the Bids comply with the prescribed requirements, and such alternates, unit prices, and other data, as may be requested in the Bid Form or prior to the Notice of Award.

B. In the comparison of Bids, alternates will be applied in the same order of priority as listed in the Bid Form. To determine the Bid prices for purposes of comparison, Owner shall announce to all bidders a "Base Bid plus alternates" budget after receiving all Bids, but prior to opening them. For comparison purposes alternates will be accepted, following the order of priority established in the Bid Form, until doing so would cause the budget to be exceeded. After determination of the Successful Bidder based on this comparative process and on the responsiveness, responsibility, and other factors set forth in these Instructions, the award may be made to said Successful Bidder on its base Bid and any combination of its additive alternate Bids for which Owner determines funds will be available at the time of award.

19.04 In evaluating whether a Bidder is responsible, Owner will consider the qualifications of the Bidder and may consider the qualifications and experience of Subcontractors and Suppliers proposed for those portions of the Work for which the identity of Subcontractors and Suppliers must be submitted as provided in the Bidding Documents.

19.05 Owner may conduct such investigations as Owner deems necessary to establish the responsibility, qualifications, and financial ability of Bidders and any proposed Subcontractors or Suppliers.

ARTICLE 20 – BONDS AND INSURANCE

20.01 Article 6 of the General Conditions, as may be modified by the Supplementary Conditions, sets forth Owner's requirements as to performance and payment bonds and insurance. When the Successful Bidder delivers the Agreement (executed by Successful Bidder) to Owner, it shall be accompanied by required bonds and insurance documentation.

ARTICLE 21 – SIGNING OF AGREEMENT

21.01 When Owner issues a Notice of Award to the Successful Bidder, it shall be accompanied by the unexecuted counterparts of the Agreement along with the other Contract Documents as identified in the Agreement. Within 15 days thereafter, Successful Bidder shall execute and deliver the required number of counterparts of the Agreement (and any bonds and insurance documentation required to be delivered by the Contract Documents) to Owner. Within ten days thereafter, Owner shall deliver one fully executed counterpart of the Agreement to Successful Bidder, together with printed and electronic copies of the Contract Documents as stated in Paragraph 2.02 of the General Conditions.

ARTICLE 22 – SALES AND USE TAXES

22.01 CONTRACTOR is responsible for all sales and use taxes applicable to this project.

SECTION 00400

BID SUBMISSION CHECKLIST

Project Name: DAVIS ROAD STORMWATER IMPROVEMENTS

Bid Number: ITB #2024B-004

Bidders Name: _____

The following items must be submitted in the following order with your bid:

1. __ Completed Section 00400 - Bid Submission Checklist
2. __ Completed Section 00410 - Bid Form
3. __ Completed Section 00430 - Bid Bond, complete with Power of Attorney
4. __ Completed Section 00431 - Tabulation of Subcontractor and Suppliers
5. __ Completed Section 00440 - Florida Trench Safety Act Certification
6. __ Completed Section 00451 - Qualifications Statement
    a. __ Affidavit from Bonding Company
7. __ Completed Section 00452 - Bidder's Statement of Disputes, Litigation, Arbitration, and Surety Completion
8. __ Completed Section 00453 - Non-Collusive Affidavit
9. __ Completed Section 00454 - Drug-Free Workplace Certificate
10. __ Completed Section 00455 - Sworn Statement on Public Entity Crimes
11. __ Completed Section 00456 - Scrutinized Companies
12. __ Completed Section 00457 - Vendor Conflict of Interest Disclosure Statement
13. __ Provide requested bidder qualification information per Section 00200 - Instructions to Bidders, Articles 3.01, 3.02, 3.03, and 3.04.
14. __ Current Insurance Certificate showing that bidder can meet the insurance requirements per Section 10.11 of the Contract Agreement, Section 6.03 of the General Conditions.
15. __ Signed copy of all Addenda.
16. __ Signed copy of ARPA Contract Addendum.

Submit one (1) electronic copy (PDF) of all documents listed above. Failure to provide the above-listed items may result in your bid being deemed non-responsive.

END OF SECTION

BID BOND

Any singular reference to Bidder, Surety, Owner or other party shall be considered plural where applicable.

BIDDER *(Name and Address)*:

SURETY *(Name, and Address of Principal Place of Business)*:

OWNER *(Name and Address)*:
Village of Palm Springs
226 Cypress Lane
Palm Springs Fl. 33461

BID
Bid Due Date: February 13, 2024
Description: Davis Road Stormwater Improvements

BOND
Bond Number:
Date:
Penal sum _____ $ _____
(Words) (Figures)

Surety and Bidder, intending to be legally bound hereby, subject to the terms set forth below, do each cause this Bid Bond to be duly executed by an authorized officer, agent, or representative.

BIDDER	**SURETY**
_____ (Seal)	_____ (Seal)
Bidder's Name and Corporate Seal	Surety's Name and Corporate Seal
By: _____	By: _____
Signature	Signature (Attach Power of Attorney)
_____	_____
Print Name	Print Name
_____	_____
Title	Title
Attest: _____	Attest: _____
Signature	Signature
Title	Title

Note: Addresses are to be used for giving any required notice.
Provide execution by any additional parties, such as joint venturers, if necessary.

1. Bidder and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors, and assigns to pay to Owner upon default of Bidder the penal sum set forth on the face of this Bond. Payment of the penal sum is the extent of Bidder's and Surety's liability. Recovery of such penal sum under the terms of this Bond shall be Owner's sole and exclusive remedy upon default of Bidder.

2. Default of Bidder shall occur upon the failure of Bidder to deliver within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds required by the Bidding Documents.

3. This obligation shall be null and void if:

3.1 Owner accepts Bidder's Bid and Bidder delivers within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Owner) the executed Agreement required by the Bidding Documents and any performance and payment bonds required by the Bidding Documents, or

3.2 All Bids are rejected by Owner, or

3.3 Owner fails to issue a Notice of Award to Bidder within the time specified in the Bidding Documents (or any extension thereof agreed to in writing by Bidder and, if applicable, consented to by Surety when required by Paragraph 5 hereof).

4. Payment under this Bond will be due and payable upon default of Bidder and within 30 calendar days after receipt by Bidder and Surety of written notice of default from Owner, which notice will be given with reasonable promptness, identifying this Bond and the Project and including a statement of the amount due.

5. Surety waives notice of any and all defenses based on or arising out of any time extension to issue Notice of Award agreed to in writing by Owner and Bidder, provided that the total time for issuing Notice of Award including extensions shall not in the aggregate exceed 120 days from the Bid due date without Surety's written consent.

6. No suit or action shall be commenced under this Bond prior to 30 calendar days after the notice of default required in Paragraph 4 above is received by Bidder and Surety and in no case later than one year after the Bid due date.

7. Any suit or action under this Bond shall be commenced only in a court of competent jurisdiction located in the state in which the Project is located.

8. Notices required hereunder shall be in writing and sent to Bidder and Surety at their respective addresses shown on the face of this Bond. Such notices may be sent by personal delivery, commercial courier, or by United States Registered or Certified Mail, return receipt requested, postage pre-paid, and shall be deemed to be effective upon receipt by the party concerned.

9. Surety shall cause to be attached to this Bond a current and effective Power of Attorney evidencing the authority of the officer, agent, or representative who executed this Bond on behalf of Surety to execute, seal, and deliver such Bond and bind the Surety thereby.

10. This Bond is intended to conform to all applicable statutory requirements. Any applicable requirement of any applicable statute that has been omitted from this Bond shall be deemed to be included herein as if set forth at length. If any provision of this Bond conflicts with any applicable statute, then the provision of said statute shall govern and the remainder of this Bond that is not in conflict therewith shall continue in full force and effect.

11. The term "Bid" as used herein includes a Bid, offer, or proposal as applicable.

SECTION 00431
TABULATION OF SUBCONTRACTORS AND SUPPLIERS

The Undersigned states that the following is a full and complete list of the proposed subcontractors and suppliers on this Project and the class of work to be performed by each and that such list will not be added to nor altered without written consent to the Owner through the Engineer.

SECTION 00454
DRUG-FREE WORKPLACE CERTIFICATE

I, the undersigned, in accordance with Florida Statute 287.087, hereby certify that _____
_____(Print or Type Name of Firm)

- Publishes a written statement notifying that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace named above, and specifying actions that will be taken against violations of such prohibition.

- Informs employees about the dangers of drug abuse in the workplace; the firm's policy of maintaining a drug-free working environment and available drug counseling, rehabilitation, and employee assistance programs; and the penalties that may be imposed upon employees for drug-use violations.

- Gives each employee engaged in providing commodities or contractual services that are under bid or proposal a copy of the statement specified above.

- Notifies the employees that as a condition of working on the commodities or contractual services under bid or proposal, the employee will abide by the terms of the statement and will notify the employer of any conviction of or plea of guilty or nolo contendere to any violation of Chapter 1893 or any controlled substance law of the State of Florida or the United States for a violation occurring in the workplace, no later than 5 days after such conviction, and requires employees to sign copies of such written statement to acknowledge their receipt.

- Imposes a sanction on or requires the satisfactory participation in a drug-abuse assistance or rehabilitation program, if such is available in the employee's community, by any employee who is so convicted.

- Makes a good faith effort to continue to maintain a drug-free workplace through the implementation of the drug-free workplace program.

"As a person authorized to sign this statement, I certify that the business, firm, or corporation named above complies fully with the requirements set forth herein."

SECTION 00455
SWORN STATEMENT UNDER SECTION 287.133(3)(a),
FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES

(To be signed in the presence of a notary public or other officer authorized to administer oaths.)

STATE OF _____

COUNTY OF _____

Before me, the undersigned authority, personally appeared _____, who, being by me first duly sworn, made the following statement:

1. The business address of _____
(firm name of Bidder/Contractor)

is _____.

2. My relationship to _____
(firm name of Bidder/Contractor)

is _____.
(relationship such as sole proprietor, partner, president, vice president)

3. I understand that a "public entity crime" as defined in Section 287.133 of the Florida Statutes includes a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity in Florida or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or such an agency or political subdivision and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

4. I understand that "convicted" or "conviction" is defined by the statute to mean a finding of guilt or a conviction of a public entity crime, with or without adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

5. I understand that "affiliate" is defined by the statute to mean (1) a predecessor or successor of a person or a corporation convicted of a public entity crime; or (2) an entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime; or (3) those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate; or (4) a person or corporation who knowingly entered into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months.

6. Neither the Bidder/Contractor nor any officer, director, executive, partner, shareholder, employee, member or agent who is active in the management of the Bidder/Contractor, nor any affiliate of the Bidder/Contractor, has been convicted of public entity crime subsequent to July 1, 1989.

(Draw a line through Paragraph 6 if Paragraph 7 below applies.)

7. There has been a conviction of a public entity crime by the Bidder/Contractor, or an officer, director, executive, partner, shareholder, employee, member or agent of the Bidder/Contractor who is active in the management of the Bidder/Contractor or an affiliate of the Bidder/Contractor. A determination has been made pursuant to Section 287.133(3) by order of the Division of Administrative Hearings that it is not in the public interest for the name of the convicted person or affiliate to appear on the convicted vendor list. The name of the convicted person or affiliate is_____.

A copy of the order of the Division of Administrative Hearings is attached to this statement.

(Draw a line through Paragraph 7 if Paragraph 6 above applies.)

SECTION 00456
SCRUTINIZED COMPANIES CERTIFICATION FORM

By execution below, I, _____, on behalf of _____ (hereinafter, the "Contractor"), hereby swear or affirm to the following certifications:

The following certifications apply to all procurements:

1. The Contractor has reviewed section 215.4725, Florida Statutes, section 215.473, Florida Statutes and section 287.135, Florida Statutes, and understands the same.
2. The Contractor is not on the Scrutinized Companies that Boycott Israel List nor is the Contractor engaged in a boycott of Israel.
3. If awarded a contract, the Contractor agrees to require these certifications for applicable subcontracts entered into for the performance of work/services under this procurement.
4. If awarded a contract, the Contractor agrees that the certifications in this section shall be effective and relied upon by the City for the entire term of the contract, including any and all renewals.

If the contract awarded hereunder is for one million dollars or more, the following additional certifications apply:

1. The Contractor is not on the Scrutinized Companies with Activities in Sudan List.
2. The Contractor is not on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List.
3. The Contractor is not engaged in business operations in Cuba or Syria.
5. If awarded a contract, the Contractor agrees to require these certifications for applicable subcontracts entered into for the performance of work/services under this procurement.
6. If awarded a contract, the Contractor agrees that the certifications in this section shall be effective and relied upon by the City for the entire term of the contract, including any and all renewals.

Vendor Conflict of Interest
Disclosure Statement
Information and Instructions

The award of this contract is subject to the provisions of Chapter 112, Part III, *Florida Statutes,* and section 6.02 of the Charter of the Village of Palm Springs. The Village requires all potential vendors, as defined herein, to complete and submit this Conflict of Interest Disclosure Statement in connection with any competitive purchase in excess of $7,500.00.

The purpose of this disclosure form is to give the Village the information needed to identify potential conflicts of interest for evaluation team members, public officials, and other key personnel involved in the award of this contract and to take appropriate remedial measures. The information disclosed will not necessarily be deemed a conflict of interest or result in disqualification. If you are unsure whether certain information is responsive, you should include it in the disclosure.

The original disclosure statement shall be maintained by the Village Clerk, with a copy retained by the Finance Department.

- The Village will not enter into any contract or purchase order with any vendor who fails or refuses to provide all information required in the disclosure form.
- For vendors consisting of partnerships or joint ventures, each member of the partnership or joint venture is required to complete and submit the form.
- Any vendor who provides incorrect, misleading, or incomplete information on the disclosure statement shall be disqualified from participation.
- If the Village discovers misleading, incorrect, or incomplete information on the disclosure statement subsequent to the execution of a contract, the contract will be voidable by the Village;
- Serious and/or repeated failure to provide complete and accurate information on the Conflict of Interest Disclosure Form may lead to suspension or debarment of the vendor pursuant to Sec. 58-16 of the Village Code.

DEFINITIONS

"Business Entity" means any corporation, partnership, limited partnership, company, limited liability company, proprietorship, firm, enterprise, franchise, association, self-employed individual, or trust, whether fictitiously named or not, doing business in the State of Florida.

"Conflict of Interest" means a situation in which regard for a private interest tends to lead to disregard of a public duty or interest.

"Financial interest" means direct or indirect ownership or other interest that may result in special private gain or loss.

"Person" means an individual, firm, partnership, association, joint venture, cooperative, or corporation, or any other group or combination acting in concert.

"Public Official" includes any person elected or appointed to hold office in any agency, including any person serving on an advisory body.

"Relative" means an individual who is related to a public officer or employee as a father, mother, son, daughter, brother, sister, uncle, aunt, first cousin, nephew, niece, husband, wife, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, stepfather, stepmother, stepson, stepdaughter, stepbrother, stepsister, half-brother, half-sister, grandparent, great grandparent, grandchild, great-grandchild, step-grandparent, step great grandparent, step-grandchild, step great-grandchild, a person who is engaged to be married to the public officer or employee or who otherwise holds himself or herself out as or is generally known as the person whom the public officer or employee intends to marry or with whom the public officer or employee intends to form a household, or any other natural person having the same legal residence as the public officer or employee.

"Vendor" means (1) any business entity or person submitting a response to an invitation to bid, request for proposals, request for qualifications, or other solicitation in connection with the procurement of goods or services; or (2) any business entity or person entering into a contract or purchase order in excess of $7,500.00 with the Village.

INSTRUCTIONS

Complete all lines as indicated. If the answer to any question is "None," so indicate. If an item does not apply, denote N/A (not applicable). If you cannot include the required information in the space provided, attach additional sheets as necessary.

CONTRACT FORMS

NOTICE OF AWARD

Date of Issuance:		Project Bid No. (ITB #):	2024B-004
Owner:	Village of Palm Springs	Owner's Task Order No.:	291
Engineer:	Chen Moore & Associates	Engineer's Project No.:	21-471.002
Project:	Davis Road Stormwater Improvements		
Bidder:			
Bidder's Address:			

TO BIDDER:

You are notified that Owner has accepted your Bid dated [_____] for the above Contract, and that you are the Successful Bidder and are awarded a Contract for:

_____ .

[describe Work, alternates, or sections of Work awarded]

The Contract Price of the awarded Contract is: $_____ *[note if subject to unit prices, or cost-plus]*

[___] unexecuted counterparts of the Agreement accompany this Notice of Award, and one copy of the Contract Documents accompanies this Notice of Award, or has been transmitted or made available to Bidder electronically. *[revise if multiple copies accompany the Notice of Award]*

☐ a set of the Drawings will be delivered separately from the other Contract Documents.

You must comply with the following conditions precedent within 15 days of the date of this Notice of Award:

1. Deliver to Owner [____] counterparts of the Agreement, fully executed by Bidder.
2. Deliver with the executed Agreement(s) the Contract security *[e.g., performance and payment bonds]* and insurance documentation as specified in the Instructions to Bidders and General Conditions, Articles 2 and 6.
3. Other conditions precedent (if any):

Failure to comply with these conditions within the time specified will entitle Owner to consider you in default, annul this Notice of Award, and declare your Bid security forfeited.

Within ten days after you comply with the above conditions, Owner will return to you one fully executed counterpart of the Agreement, together with any additional copies of the Contract Documents as indicated in Paragraph 2.02 of the General Conditions.

AGREEMENT
BETWEEN OWNER AND CONTRACTOR
FOR CONSTRUCTION CONTRACT (STIPULATED PRICE)

THIS AGREEMENT is by and between Village of Palm Springs ("Owner") and

("Contractor").

Owner and Contractor hereby agree as follows:

ARTICLE 1 – WORK

1.01 Contractor shall complete all Work as specified or indicated in the Contract Documents. The Work is generally described as follows:

ARTICLE 2 – THE PROJECT

2.01 The Project, of which the Work under the Contract Documents is a part, is generally described as follows: **Davis Road Stormwater Improvements Project**

ARTICLE 3 – ENGINEER

3.01 The part of the Project that pertains to the Work has been designed by **Chen Moore & Associates**.

3.02 The Owner has retained **Chen Moore & Associates** ("Engineer") to act as Owner's representative, assume all duties and responsibilities, and have the rights and authority assigned to Engineer in the Contract Documents in connection with the completion of the Work in accordance with the Contract Documents.

ARTICLE 4 – CONTRACT TIMES

4.01 *Time of the Essence*

A. All time limits for Milestones, if any, Substantial Completion, and completion and readiness for final payment as stated in the Contract Documents are of the essence of the Contract.

4.02 *Contract Times: Days*

A. The Work will be substantially completed within **180** days after the date when the Contract Times commence to run as provided in Paragraph 4.01 of the General Conditions, and completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions within **210** days after the date when the Contract Times commence to run.

4.03 *Liquidated Damages*

A. Contractor and Owner recognize that time is of the essence as stated in Paragraph 4.01 above and that Owner will suffer financial and other losses if the Work is not completed and Milestones not achieved within the times specified in Paragraph 4.02 above, plus any extensions thereof allowed in accordance with the Contract. The parties also recognize the delays, expense, and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by Owner if the Work is not completed on time. Accordingly, instead of

requiring any such proof, Owner and Contractor agree that as liquidated damages for delay (but not as a penalty):

1. Substantial Completion: Contractor shall pay Owner $ **1,200** for each day that expires after the time (as duly adjusted pursuant to the Contract) specified in Paragraph 4.02.A above for Substantial Completion until the Work is substantially complete.

2. Completion of Remaining Work: After Substantial Completion, if Contractor shall neglect, refuse, or fail to complete the remaining Work within the Contract Times (as duly adjusted pursuant to the Contract) for completion and readiness for final payment, Contractor shall pay Owner $ **1,200** for each day that expires after such time until the Work is completed and ready for final payment.

3. Liquidated damages for failing to timely attain Substantial Completion and final completion are not additive and will not be imposed concurrently.

4.04 *Special Damages*

A. In addition to the amount provided for liquidated damages, Contractor shall reimburse Owner (1) for any fines or penalties imposed on Owner as a direct result of the Contractor's failure to attain Substantial Completion according to the Contract Times.

ARTICLE 5 – CONTRACT PRICE

5.01 Owner shall pay Contractor for completion of the Work in accordance with the Contract Documents the amounts that follow, subject to adjustment under the Contract:

A. For all Work other than Unit Price Work, a lump sum of: $_____.

All specific cash allowances are included in the above price in accordance with Paragraph 13.02 of the General Conditions.

B. For all Unit Price Work, an amount equal to the sum of the extended prices (established for each separately identified item of Unit Price Work by multiplying the unit price times the actual quantity of that item):

Total of all Extended Prices for Unit Price Work (subject to final adjustment based on actual quantities)					$

The extended prices for Unit Price Work set forth as of the Effective Date of the Contract are based on estimated quantities. As provided in Paragraph 13.03 of the General Conditions, estimated quantities are not guaranteed, and determinations of actual quantities and classifications are to be made by Engineer.

C. Total of Lump Sum Amount and Unit Price Work (subject to final Unit Price adjustment) $_____.

ARTICLE 6 – PAYMENT PROCEDURES

6.01 *Submittal and Processing of Payments*

A. Contractor shall submit Applications for Payment in accordance with Article 15 of the General Conditions. Applications for Payment will be processed by Engineer as provided in the General Conditions.

6.02 *Progress Payments; Retainage*

A. Owner shall make progress payments on account of the Contract Price on the basis of Contractor's Applications for Payment on or about the **20th** day of each month during performance of the Work as provided in Paragraph 6.02.A.1 below, provided that such Applications for Payment have been submitted in a timely manner and otherwise meet the requirements of the Contract. All such payments will be measured by the Schedule of Values established as provided in the General Conditions (and in the case of Unit Price Work based on the number of units completed) or, in the event there is no Schedule of Values, as provided elsewhere in the Contract.

1. Prior to Substantial Completion, progress payments will be made in accordance with Florida Statute 255.078 but, in each case, less the aggregate of payments previously made and less such amounts as Owner may withhold, including but not limited to liquidated damages, in accordance with the Contract

B. Upon Substantial Completion, Owner shall pay an amount sufficient to increase total payments to Contractor to **100** percent of the Work completed, less such amounts set off by Owner pursuant to Paragraph 15.01.E of the General Conditions, and less **200** percent of Engineer's estimate of the value of Work to be completed or corrected as shown on the punch list of items to be completed or corrected prior to final payment.

6.03 *Final Payment*

A. Upon final completion and acceptance of the Work in accordance with Paragraph 15.06 of the General Conditions, Owner shall pay the remainder of the Contract Price as recommended by Engineer as provided in said Paragraph 15.06.

ARTICLE 7 – INTEREST

7.01 All amounts not paid when due shall bear interest at the rate of ***1*** percent per annum.

ARTICLE 8 – CONTRACTOR'S REPRESENTATIONS

8.01 In order to induce Owner to enter into this Contract, Contractor makes the following representations:

A. Contractor has examined and carefully studied the Contract Documents, and any data and reference items identified in the Contract Documents.

B. Contractor has visited the Site, conducted a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and is satisfied as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.

C. Contractor is familiar with and is satisfied as to all Laws and Regulations that may affect cost, progress, and performance of the Work.

D. Contractor has carefully studied all: (1) reports of explorations and tests of subsurface conditions at or adjacent to the Site and all drawings of physical conditions relating to existing surface or subsurface structures at the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings, and (2) reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings.

E. Contractor has considered the information known to Contractor itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Contract Documents; and the Site-related reports and drawings identified in the Contract Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Contractor; and (3) Contractor's safety precautions and programs.

F. Based on the information and observations referred to in the preceding paragraph, Contractor agrees that no further examinations, investigations, explorations, tests, studies, or data are necessary for the performance of the Work at the Contract Price, within the Contract Times, and in accordance with the other terms and conditions of the Contract.

G. Contractor is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Contract Documents.

H. Contractor has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Contractor has discovered in the Contract Documents, and the written resolution thereof by Engineer is acceptable to Contractor.

I. The Contract Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performance and furnishing of the Work.

J. Contractor's entry into this Contract constitutes an incontrovertible representation by Contractor that without exception all prices in the Agreement are premised upon performing and furnishing the Work required by the Contract Documents.

ARTICLE 9 – CONTRACT DOCUMENTS

9.01 *Contents*

A. The Contract Documents consist of the following:

1. This Agreement (pages **1** to **16**, inclusive).
2. Performance bond (pages **1** to **3**, inclusive).
3. Payment bond (pages **1** to **3**, inclusive).
4. Other bonds.
    a. ___ (pages ___ to ___, inclusive).
    b. ___ (pages ___ to ___, inclusive).
    c. ___ (pages ___ to ___, inclusive).
5. General Conditions (pages **1** to **65**, inclusive).
6. Supplementary Conditions (pages **1** to **10**, inclusive).
7. Specifications as listed in the table of contents of the Project Manual.
8. Drawings (not attached but incorporated by reference) consisting of **25** sheets with each sheet bearing the following general title: **Davis Road Stormwater Improvements**.
9. Addenda (numbers ___ to ___, inclusive).
10. Exhibits to this Agreement (enumerated as follows):
    a. Contractor's Bid (pages ___ to ___, inclusive).
    b. American Rescue Plan Act (ARPA) Contract Addendum.
11. The following which may be delivered or issued on or after the Effective Date of the Contract and are not attached hereto:
    a. Notice to Proceed.
    b. Work Change Directives.
    c. Change Orders.
    d. Field Orders.

B. The documents listed in Paragraph 9.01.A are attached to this Agreement (except as expressly noted otherwise above).

C. There are no Contract Documents other than those listed above in this Article 9.

D. The Contract Documents may only be amended, modified, or supplemented as provided in the General Conditions.

E. To the extent that there exists a conflict between this Agreement and the remaining Contract Documents, the terms, conditions, covenants, and/or provisions of this Agreement shall prevail; however, precedence shall be given to any amendments, change

directives, change orders, or field orders, beginning with the most recent in time. Wherever possible, the provisions of all Contract Documents shall be construed in such a manner as to avoid conflicts between provisions of the various documents.

ARTICLE 10 – MISCELLANEOUS

10.01 *Terms*

A. Terms used in this Agreement will have the meanings stated in the General Conditions and the Supplementary Conditions.

10.02 *Assignment of Contract*

A. Unless expressly agreed to elsewhere in the Contract, no assignment by a party hereto of any rights under or interests in the Contract will be binding on another party hereto without the written consent of the party sought to be bound; and, specifically but without limitation, money that may become due and money that is due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents.

10.03 *Successors and Assigns*

A. Owner and Contractor each binds itself, its successors, assigns, and legal representatives to the other party hereto, its successors, assigns, and legal representatives in respect to all covenants, agreements, and obligations contained in the Contract Documents.

10.04 *Severability*

A. Any provision or part of the Contract Documents held to be void or unenforceable under any Law or Regulation shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon Owner and Contractor, who agree that the Contract Documents shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision.

10.05 *Contractor's Certifications*

A. Contractor certifies that it has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for or in executing the Contract. For the purposes of this Paragraph 10.05:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process or in the Contract execution;

2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process or the execution of the Contract to the detriment of Owner, (b) to establish Bid or Contract prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;

3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish Bid prices at artificial, non-competitive levels; and

4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the execution of the Contract.

10.06 *Indemnity*

A. The parties recognize that the CONTRACTOR is an independent contractor. The CONTRACTOR agrees to assume liability for and indemnify, hold harmless, and defend the VILLAGE, its council members, mayor, officers, employees, agents, and attorneys of, from, and against all liability and expense, including reasonable attorney's fees, in connection with any and all claims, demands, damages, actions, causes of action, and suits in equity of whatever kind or nature, including claims for personal injury, property damage, equitable relief, or loss of use, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the CONTRACTOR, its agents, officers, Contractors, subcontractors, employees, or anyone else utilized by the CONTRACTOR in the performance of this Contract. The CONTRACTOR's liability hereunder shall include all attorney's fees and costs incurred by the VILLAGE in the enforcement of this indemnification provision. This includes claims made by the employees of the CONTRACTOR against the VILLAGE and the CONTRACTOR hereby waives its entitlement, if any, to immunity under Section 440.11, Florida Statutes. The obligations contained in this provision shall survive termination of this Contract and shall not be limited by the amount of any insurance required to be obtained or maintained under this Contract.

B. Subject to the limitations set forth in this Section, CONTRACTOR shall assume control of the defense of any claim asserted by a third party against the VILLAGE and, in connection with such defense, shall appoint lead counsel, in each case at the CONTRACTOR's expense. The VILLAGE shall have the right, at its option, to participate in the defense of any third party claim, without relieving CONTRACTOR of any of its obligations hereunder. If the CONTRACTOR assumes control of the defense of any third party claim in accordance with this paragraph, the CONTRACTOR shall obtain the prior written consent of the VILLAGE before entering into any settlement of such claim. Notwithstanding anything to the contrary in this Section, the CONTRACTOR shall not assume or maintain control of the defense of any third party claim, but shall pay the fees of counsel retained by the VILLAGE and all expenses, including experts' fees, if (i) an adverse determination with respect to the third party claim would, in the good faith judgment of the VILLAGE, be detrimental in any material respect to the VILLAGE's reputation; (ii) the third party claim seeks an injunction or equitable relief against the VILLAGE; or (iii) the CONTRACTOR has failed or is failing to prosecute or defend vigorously the third party claim. Each party shall cooperate, and cause its agents to cooperate, in the defense or prosecution of any third party claim and shall furnish or cause to be furnished such records and information, and attend such conferences, discovery proceedings, hearings, trials, or appeals, as may be reasonably requested in connection therewith.

C. It is the specific intent of the parties hereto that the foregoing indemnification complies with Section 725.06, Florida Statutes, as amended. CONTRACTOR expressly agrees that it will not claim, and waives any claim, that this indemnification violates Section 725.06, Florida Statues. Nothing contained in the foregoing indemnification shall be construed as a waiver of any immunity or limitation of liability the VILLAGE may have under the doctrine of sovereign immunity or Section 768.28, Florida Statutes.

10.07 *Governing Law and Remedies*

A. The validity of this Agreement and of any of its terms or provisions, as well as the rights and duties of the parties hereunder, shall be governed by the laws of the State of Florida and

venue for any and all disputes related to or arising from this Agreement shall be in Palm Beach County, Florida.

B. No remedy herein conferred upon any party is intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or further exercise thereof.

10.08 *Office of the Inspector General*

A. Palm Beach County has established the Office of the Inspector General, which is authorized and empowered to review past, present, and proposed County programs, contracts, transactions, accounts and records. The Inspector General (IG) has the power to subpoena witnesses, administer oaths, require the production of records, and monitor existing projects and programs. The Inspector General may, on a random basis, perform audits on all Village contracts.

10.09 *Scrutinized Companies*

A. Company certifies that it and its subcontractors are not on the Scrutinized Companies that Boycott Israel List and are not engaged in the boycott of Israel. Pursuant to section 287.135, Florida Statutes, the Village may immediately terminate this Agreement at its sole option if the Company or any of its subcontractors are found to have submitted a false certification; or if the Company or any of its subcontractors, are placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of this Agreement.

B. The Company agrees to observe the above requirements for applicable subcontracts entered into for the performance of work under this Agreement. The Company agrees that the certifications in this section shall be effective and relied upon by the Village for the term of this Agreement, including any and all renewals. The Company agrees that if it or any of its subcontractors' status changes in regards to any certification herein, the Company shall immediately notify the Village of the same. As provided in Subsection 287.135(8), Florida Statutes, if federal law ceases to authorize the above-stated contracting prohibitions then they shall become inoperative.

10.10 *Public Records*

A. The CONTRACTOR shall comply with Florida's Public Records Act, Chapter 119, Florida Statutes, and, if determined to be acting on behalf of the Village as provided under section 119.011(2), Florida Statutes, specifically agrees to:

1. Keep and maintain public records required by the Village to perform the service.

2. Upon request from the Village's custodian of public records or designee, provide the Village with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of this Contract and following completion of this Contract if the Contractor does not transfer the records to the Village.

4. Upon completion of this Contract, transfer, at no cost, to the Village all public records in possession of the Contractor or keep and maintain public records required by the

Village to perform the service. If the Contractor transfers all public records to the Village upon completion of the Contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the Contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the Village, upon request from the Village's custodian of public records or designee, in a format that is compatible with the information technology systems of the Village.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONSULTANT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS OR DESIGNEE AT 561-584-8200 ext. 8430, kwynn@vpsfl.org, OR BY MAIL AT VILLAGE OF PALM SPRINGS, 226 CYPRESS LANE, PALM SPRINGS, FL 33461.

10.11 *Insurance*

A. The limits of liability for insurance required by Paragraph 6.03 of the General Conditions shall provide coverage for not less that the following amounts or greater where required by Law and Regulations:

1. Workers' Compensation, and related coverages under Paragraphs 6.03.A.1 and A.2 of the General Conditions:

a.	State	Statutory
b.	Applicable Federal	Statutory
c.	Employer Liability:	
	Bodily injury, each accident	$1,000,000
	Bodily injury by disease, each employee	$1,000,000
	Bodily injury/disease aggregate	$1,000,000
d.	Foreign voluntary worker compensation	Statutory

2. Contractor's Commercial General Liability under Paragraphs 6.03.B and 6.03.C of the General Conditions:

a.	General Aggregate	$2,000,000
b.	Products – Completed Operations Aggregate	$2,000,000
c.	Personal and Advertising Injury	$1,000,000
d.	Each Occurrence/Per Claim (Bodily Injury and Property Damage)	$1,000,000

3. Automobile Liability under paragraph 6.03.D of the General Conditions:

a.	Bodily Injury:	
	Each Person	$1,000,000
	Each Accident	$1,000,000
b.	Property Damage:	
	Each Incident	$1,000,000

4. Umbrella of Excess Liability under paragraph 6.03.E of the General Conditions:

    a. Excess or Umbrella Liability
        1) General Aggregate $5,000,000
        2) Each Occurrence/Per Claim $1,000,000

5. Contractor's Pollution Liability under paragraph 6.03.F of the General Conditions:

    a. Contractor's Pollution Liability
        1) General Aggregate $2,000,000
        2) Each Occurrence/Per Claim $1,000,000

6. Additional Insureds include the respective officers, partners, directors, employees, agents, consultants, and subconsultants of the following firms and municipal government(s):

    a. Village of Palm Springs

10.12 *Public Construction Bond*

A. If the contract amount exceeds $200,000 in total construction cost, the CONTRACTOR must provide the VILLAGE with a public construction bond in accordance with section 255.05, Florida Statutes. Said bond must be recorded in the Official Records in and for Palm Beach County and a copy of the recorded bond must be provided to the VILLAGE prior to the CONTRACTOR providing any services under the contract. The VILLAGE reserves the right to request a bond for any work which is less than $200,000. The cost of the bond shall be a direct pass-through cost to the VILLAGE without any mark-up by the CONTRACTOR.

B. The public construction bond shall be on forms attached hereto as **Forms C-610 and C-615 "Performance" and "Payment" Bonds** or substantially similar as approved by the VILLAGE. The bond shall be in an amount not less than the total contract price and shall incorporate by reference the terms of the Contract Documents in their entirety.

C. To be acceptable to the VILLAGE, a Surety Company shall comply with the following provisions:

    a. The Surety Company shall have a currently valid Certificate of Authority, issued by the State of Florida Department of Insurance, authorizing it to write surety bonds in the State of Florida.

    b. The Surety Company shall have a currently valid Certificate of Authority issued by the United States Department of Treasury under Sections 9304 to 9308 of Title 31 of the United States Code.

    c. The Surety Company shall be in full compliance with the provisions of the Florida Insurance Code.

    d. The Surety Company shall have at least twice the minimum surplus and capital required by the Florida Insurance Code at the time the contract is approved.

    e. The Surety Company shall have at least the ratings of A-/Class V in the latest issue of Best's Key Rating Guide.

    f. The Surety Company shall not expose itself to any loss on any one risk in an amount exceeding ten (10) percent of its surplus to policyholders, provided:

        1) Any risk or portion of any risk being reinsured shall be deducted in determining the limitation of the risk as prescribed in this section. These minimum requirements shall apply to the reinsuring carrier providing

authorization or approval by the State of Florida, Department of Insurance to do business in this state have been met.

2) In the case of the surety insurance company, in addition to the deduction for reinsurance, the amount assumed by any co-surety, the value of any security deposited, pledged or held subject to the consent of the surety and for the protection of the surety shall be deducted.

10.13 *Audit by Village*

A. The CONTRACTOR shall maintain adequate records to justify all charges, expenses, and costs incurred in estimating and performing the Services for at least three (3) years after completion of the Contract. The CONTRACTOR shall permit the VILLAGE, or any authorized representatives of the VILLAGE, at all reasonable times, access to and the right to examine all records, books, papers or documents related to the CONTRACTOR's performance under this Agreement including, but not limited to, expenses for sub-contractors, agents or assistants, direct and indirect charges for work performed and detailed documentation for all such work performed or to be performed under this Agreement.

10.14 *Copies of Data/Documents*

A. Copies or original documents prepared by the CONTRACTOR in relation to work associated with this Agreement shall be provided to the VILLAGE. Data collected, stored, and/or provided shall be in a form acceptable to the VILLAGE and agreed upon by the VILLAGE.

10.15 *Ownership*

A. Each and every report, draft, work product, map, record, and other document reproduced, prepared, or caused to be prepared by the CONTRACTOR pursuant to or in connection with this Agreement shall be the exclusive property of the VILLAGE.

10.16 *Limitations of Liability*

A. Under no circumstances shall either party be liable to the other for any consequential, incidental, special, punitive, or any other form of indirect or non-compensatory damages.

10.17 *Enforcement Costs*

A. All parties shall be responsible for their own attorneys' fees, court costs and expenses if any legal action or other proceeding is brought for any dispute, disagreement, or issue of construction or interpretation arising hereunder whether relating to the Agreement's execution, validity, the obligations provided therein, or performance of this Agreement, or because of an alleged breach, default or misrepresentation in connection with any provisions of this Agreement.

10.18 *Copyrights and/or Patent Rights*

A. CONTRACTOR warrants that there has been no violation of copyrights and/or patent rights in the manufacturing, producing or selling of the goods, shipped or ordered, as a result of this Agreement and the CONTRACTOR agrees to hold the Village harmless from any and all liability, loss, or expense occasioned by any such violation.

10.19 *Protection of Property*

A. The CONTRACTOR shall at all times guard against damage or loss to the property of the VILLAGE or of other vendors or contractors and shall be held responsible for replacing or repairing any such loss or damage. The VILLAGE may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss or damage to property through negligence of the successful CONTRACTOR or its agents. The

CONTRACTOR shall be responsible to safeguard all of their property such as tools and equipment while on site. The VILLAGE will not be held responsible for any loss of CONTRACTOR property due to theft or vandalism.

10.20 *Damage to Persons or Property*

A. The responsibility for all damage to person or property arising out of or on account of Scope of Work done under this Contract shall rest upon the CONTRACTOR.

10.21 *Discrimination*

A. The CONTRACTOR warrants and represents that all of its employees are treated equally during employment without regard to race, color, religion, disability, sex, age, national origin, ancestry, political affiliation, marital status, handicap, or sexual orientation. Further, CONTRACTOR shall not discriminate or permit discrimination against any employee or an applicant for employment on the basis of race, color, sex, religion, political affiliation, natural origin, ancestry, marital status, sexual orientation or handicap.

10.22 *Construction Defects*

A. PURSUANT TO SECTION 558.005, FLORIDA STATUTES, ANY CLAIMS FOR CONSTRUCTION DEFECTS ARE NOT SUBJECT TO THE NOTICE AND CURE PROVISIONS OF CHAPTER 558, FLORIDA STATUTES.

10.23 *Public Entity Crimes*

A. Contractor acknowledges and agrees that a person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier or sub-contractor under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statues, for CATEGORY TWO for a period of 36 months following the date of being placed on the convicted vendor list. The Contractor will advise the Village immediately if it becomes aware of any violation of this statute.

10.24 *Scrutinized Companies*

A. Contractor certifies that it and its subcontractors are not on the Scrutinized Companies that Boycott Israel List and are not engaged in the boycott of Israel. Pursuant to section 287.135, Florida Statutes, the City may immediately terminate this Agreement at its sole option if the Contractor or any of its subcontractors are found to have submitted a false certification; or if the Contractor or any of its subcontractors, are placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of this Agreement.

B. If this Agreement is for one million dollars or more, the Contractor certifies that it and its subcontractors are also not on the Scrutinized Companies with Activities in Sudan List, Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged in business operations in Cuba or Syria as identified in Section 287.135, Florida Statutes. Pursuant to Section 287.135, the City may immediately terminate this Agreement at its sole option if the Contractor, or any of its subcontractors are found to have submitted a false certification; or if the Contractor or any of its subcontractors are placed on the Scrutinized Companies with Activities in Sudan List, or Scrutinized Companies with Activities in the Iran

Petroleum Energy Sector List, or are or have been engaged with business operations in Cuba or Syria during the term of this Agreement.

C. The Contractor agrees to observe the above requirements for applicable subcontracts entered into for the performance of work under this Agreement.

D. The Contractor agrees that the certifications in this section shall be effective and relied upon by the City for the term of this Agreement, including any and all renewals.

E. The Contractor agrees that if it or any of its subcontractors' status changes in regards to any certification herein, the Contractor shall immediately notify the City of the same.

F. As provided in Subsection 287.135(8), Florida Statutes, if federal law ceases to authorize the above-stated contracting prohibitions then they shall become inoperative.

10.25 *E-Verify*

A. Pursuant to Section 448.095(2), Florida Statutes, beginning on January 1, 2021, the CONTRACTOR shall:

1. Register with and use the E-Verify system to verify the work authorization status of all newly hired employees and require all Subcontractors (providing services or receiving funding under this Agreement) to register with and use the E-Verify system to verify the work authorization status of all the Subcontractors' newly hired employees;

2. Secure an affidavit from all Subcontractors (providing services or receiving funding under this Agreement) stating that the Subcontractor does not employ, contract with, or subcontract with an "unauthorized alien" as defined in Section 448.095(1)(k), Florida Statutes;

3. Maintain copies of all Subcontractor affidavits for the duration of this Agreement and provide the same to the Owner upon request;

4. Comply fully, and ensure all of its Subcontractors comply fully, with Section 448.095, Florida Statutes;

5. Be aware that a violation of Section 448.09, Florida Statutes (Unauthorized aliens; employment prohibited) shall be grounds for termination of this Agreement; and,

6. Be aware that if the Owner terminates this Agreement under Section 448.095(2)(c), Florida Statutes, the Contractor may not be awarded a contract for at least 1 year after the date on which the Agreement is terminated and will be liable for any additional costs incurred by the Village as a result of the termination of the Agreement.

Notes: (1) Provide supplemental execution by any additional parties, such as joint venturers. (2) Any singular reference to Contractor, Surety, Owner, or other party shall be considered plural where applicable.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

1. The Contractor and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors, and assigns to the Owner for the performance of the Construction Contract, which is incorporated herein by reference.

2. If the Contractor performs the Construction Contract, the Surety and the Contractor shall have no obligation under this Bond, except when applicable to participate in a conference as provided in Paragraph 3.

3. If there is no Owner Default under the Construction Contract, the Surety's obligation under this Bond shall arise after:

3.1 The Owner first provides notice to the Contractor and the Surety that the Owner is considering declaring a Contractor Default. Such notice shall indicate whether the Owner is requesting a conference among the Owner, Contractor, and Surety to discuss the Contractor's performance. If the Owner does not request a conference, the Surety may, within five (5) business days after receipt of the Owner's notice, request such a conference. If the Surety timely requests a conference, the Owner shall attend. Unless the Owner agrees otherwise, any conference requested under this Paragraph 3.1 shall be held within ten (10) business days of the Surety's receipt of the Owner's notice. If the Owner, the Contractor, and the Surety agree, the Contractor shall be allowed a reasonable time to perform the Construction Contract, but such an agreement shall not waive the Owner's right, if any, subsequently to declare a Contractor Default;

3.2 The Owner declares a Contractor Default, terminates the Construction Contract and notifies the Surety; and

3.3 The Owner has agreed to pay the Balance of the Contract Price in accordance with the terms of the Construction Contract to the Surety or to a contractor selected to perform the Construction Contract.

4. Failure on the part of the Owner to comply with the notice requirement in Paragraph 3.1 shall not constitute a failure to comply with a condition precedent to the Surety's obligations, or release the Surety from its obligations, except to the extent the Surety demonstrates actual prejudice.

5. When the Owner has satisfied the conditions of Paragraph 3, the Surety shall promptly and at the Surety's expense take one of the following actions:

5.1 Arrange for the Contractor, with the consent of the Owner, to perform and complete the Construction Contract;

5.2 Undertake to perform and complete the Construction Contract itself, through its agents or independent contractors;

5.3 Obtain bids or negotiated proposals from qualified contractors acceptable to the Owner for a contract for performance and completion of the Construction Contract, arrange for a contract to be prepared for execution by the Owner and a contractor selected with the Owners concurrence, to be secured with performance and payment bonds executed by a qualified surety equivalent to the bonds issued on the Construction Contract, and pay to the Owner the amount of damages as described in Paragraph 7 in excess of the Balance of the Contract Price incurred by the Owner as a result of the Contractor Default; or

5.4 Waive its right to perform and complete, arrange for completion, or obtain a new contractor, and with reasonable promptness under the circumstances:

5.4.1 After investigation, determine the amount for which it may be liable to the Owner and, as soon as practicable after the amount is determined, make payment to the Owner; or

5.4.2 Deny liability in whole or in part and notify the Owner, citing the reasons for denial.

6. If the Surety does not proceed as provided in Paragraph 5 with reasonable promptness, the Surety shall be deemed to be in default on this Bond seven days after receipt of an additional written notice from the Owner to the Surety demanding that the Surety perform its obligations under this Bond, and the Owner shall be entitled to enforce any remedy available to the Owner. If the Surety proceeds as provided in Paragraph 5.4, and the Owner refuses the payment or the Surety has denied liability, in whole or in part, without further notice the Owner shall be entitled to enforce any remedy available to the Owner.

7. If the Surety elects to act under Paragraph 5.1, 5.2, or 5.3, then the responsibilities of the Surety to the Owner shall not be greater than those of the Contractor under the Construction Contract, and the responsibilities of the Owner to the Surety shall not be greater than those of the Owner under the Construction Contract. Subject to the commitment by the Owner to pay the Balance of the Contract Price, the Surety is obligated, without duplication for:

7.1 the responsibilities of the Contractor for correction of defective work and completion of the Construction Contract;

7.2 additional legal, design professional, and delay costs resulting from the Contractor's Default, and resulting from the actions or failure to act of the Surety under Paragraph 5; and

7.3 liquidated damages, or if no liquidated damages are specified in the Construction Contract, actual damages caused by delayed performance or non-performance of the Contractor.

8. If the Surety elects to act under Paragraph 5.1, 5.3, or 5.4, the Surety's liability is limited to the amount of this Bond.

9. The Surety shall not be liable to the Owner or others for obligations of the Contractor that are unrelated to the Construction Contract, and the Balance of the Contract Price shall not be reduced or set off on account of any such unrelated obligations. No right of action shall accrue on this Bond to any person or entity other than the Owner or its heirs, executors, administrators, successors, and assigns.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

10. The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders, and other obligations.

11. Any proceeding, legal or equitable, under this Bond may be instituted in any court of competent jurisdiction in the location in which the work or part of the work is located and shall be instituted within two years after a declaration of Contractor Default or within two years after the Contractor ceased working or within two years after the Surety refuses or fails to perform its obligations under this Bond, whichever occurs first. If the provisions of this paragraph are void or prohibited by law, the minimum periods of limitations available to sureties as a defense in the jurisdiction of the suit shall be applicable.

12. Notice to the Surety, the Owner, or the Contractor shall be mailed or delivered to the address shown on the page on which their signature appears.

13. When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted here from and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

14. Definitions

14.1 Balance of the Contract Price: The total amount payable by the Owner to the Contractor under the Construction Contract after all proper adjustments have been made including allowance for the Contractor for any amounts received or to be received by the Owner in settlement of insurance or other claims for damages to which the Contractor is entitled, reduced by all valid and proper payments made to or on behalf of the Contractor under the Construction Contract.

14.2 Construction Contract: The agreement between the Owner and Contractor identified on the cover page, including all Contract Documents and changes made to the agreement and the Contract Documents.

14.3 Contractor Default: Failure of the Contractor, which has not been remedied or waived, to perform or otherwise to comply with a material term of the Construction Contract.

14.4 Owner Default: Failure of the Owner, which has not been remedied or waived, to pay the Contractor as required under the Construction Contract or to perform and complete or comply with the other material terms of the Construction Contract.

14.5 Contract Documents: All the documents that comprise the agreement between the Owner and Contractor.

15. If this Bond is issued for an agreement between a contractor and subcontractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

Notes: (1) Provide supplemental execution by any additional parties, such as joint venturers. (2) Any singular reference to Contractor, Surety, Owner, or other party shall be considered plural where applicable.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

1. The Contractor and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors, and assigns to the Owner to pay for labor, materials, and equipment furnished for use in the performance of the Construction Contract, which is incorporated herein by reference, subject to the following terms.

2. If the Contractor promptly makes payment of all sums due to Claimants, and defends, indemnifies, and holds harmless the Owner from claims, demands, liens, or suits by any person or entity seeking payment for labor, materials, or equipment furnished for use in the performance of the Construction Contract, then the Surety and the Contractor shall have no obligation under this Bond.

3. If there is no Owner Default under the Construction Contract, the Surety's obligation to the Owner under this Bond shall arise after the Owner has promptly notified the Contractor and the Surety (at the address described in Paragraph 13) of claims, demands, liens, or suits against the Owner or the Owner's property by any person or entity seeking payment for labor, materials, or equipment furnished for use in the performance of the Construction Contract, and tendered defense of such claims, demands, liens, or suits to the Contractor and the Surety.

4. When the Owner has satisfied the conditions in Paragraph 3, the Surety shall promptly and at the Surety's expense defend, indemnify, and hold harmless the Owner against a duly tendered claim, demand, lien, or suit.

5. The Surety's obligations to a Claimant under this Bond shall arise after the following:

    5.1 Claimants who do not have a direct contract with the Contractor,

        5.1.1 have furnished a written notice of non-payment to the Contractor, stating with substantial accuracy the amount claimed and the name of the party to whom the materials were, or equipment was, furnished or supplied or for whom the labor was done or performed, within ninety (90) days after having last performed labor or last furnished materials or equipment included in the Claim; and

        5.1.2 have sent a Claim to the Surety (at the address described in Paragraph 13).

    5.2 Claimants who are employed by or have a direct contract with the Contractor have sent a Claim to the Surety (at the address described in Paragraph 13).

6. If a notice of non-payment required by Paragraph 5.1.1 is given by the Owner to the Contractor, that is sufficient to satisfy a Claimant's obligation to furnish a written notice of non-payment under Paragraph 5.1.1.

7. When a Claimant has satisfied the conditions of Paragraph 5.1 or 5.2, whichever is applicable, the Surety shall promptly and at the Surety's expense take the following actions:

    7.1 Send an answer to the Claimant, with a copy to the Owner, within sixty (60) days after receipt of the Claim, stating the amounts that are undisputed and the basis for challenging any amounts that are disputed; and

    7.2 Pay or arrange for payment of any undisputed amounts.

    7.3 The Surety's failure to discharge its obligations under Paragraph 7.1 or 7.2 shall not be deemed to constitute a waiver of defenses the Surety or Contractor may have or acquire as to a Claim, except as to undisputed amounts for which the Surety and Claimant have reached agreement. If, however, the Surety fails to discharge its obligations under Paragraph 7.1 or 7.2, the Surety shall indemnify the Claimant for the reasonable attorney's fees the Claimant incurs thereafter to recover any sums found to be due and owing to the Claimant.

8. The Surety's total obligation shall not exceed the amount of this Bond, plus the amount of reasonable attorney's fees provided under Paragraph 7.3, and the amount of this Bond shall be credited for any payments made in good faith by the Surety.

9. Amounts owed by the Owner to the Contractor under the Construction Contract shall be used for the performance of the Construction Contract and to satisfy claims, if any, under any construction performance bond. By the Contractor furnishing and the Owner accepting this Bond, they agree that all funds earned by the Contractor in the performance of the Construction Contract are dedicated to satisfy obligations of the Contractor and Surety under this Bond, subject to the Owner's priority to use the funds for the completion of the work.

10. The Surety shall not be liable to the Owner, Claimants, or others for obligations of the Contractor that are unrelated to the Construction Contract. The Owner shall not be liable for the payment of any costs or expenses of any Claimant under this Bond, and shall have under this Bond no obligation to make payments to or give notice on behalf of Claimants, or otherwise have any obligations to Claimants under this Bond.

11. The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders, and other obligations.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

12. No suit or action shall be commenced by a Claimant under this Bond other than in a court of competent jurisdiction in the state in which the project that is the subject of the Construction Contract is located or after the expiration of one year from the date (1) on which the Claimant sent a Claim to the Surety pursuant to Paragraph 5.1.2 or 5.2, or (2) on which the last labor or service was performed by anyone or the last materials or equipment were furnished by anyone under the Construction Contract, whichever of (1) or (2) first occurs. If the provisions of this paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.

13. Notice and Claims to the Surety, the Owner, or the Contractor shall be mailed or delivered to the address shown on the page on which their signature appears. Actual receipt of notice or Claims, however accomplished, shall be sufficient compliance as of the date received.

14. When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

15. Upon requests by any person or entity appearing to be a potential beneficiary of this Bond, the Contractor and Owner shall promptly furnish a copy of this Bond or shall permit a copy to be made.

16. **Definitions**

16.1 **Claim:** A written statement by the Claimant including at a minimum:

1. The name of the Claimant;
2. The name of the person for whom the labor was done, or materials or equipment furnished;
3. A copy of the agreement or purchase order pursuant to which labor, materials, or equipment was furnished for use in the performance of the Construction Contract;
4. A brief description of the labor, materials, or equipment furnished;
5. The date on which the Claimant last performed labor or last furnished materials or equipment for use in the performance of the Construction Contract;
6. The total amount earned by the Claimant for labor, materials, or equipment furnished as of the date of the Claim;
7. The total amount of previous payments received by the Claimant; and
8. The total amount due and unpaid to the Claimant for labor, materials, or equipment furnished as of the date of the Claim.

16.2 **Claimant:** An individual or entity having a direct contract with the Contractor or with a subcontractor of the Contractor to furnish labor, materials, or equipment for use in the performance of the Construction Contract. The term Claimant also includes any individual or entity that has rightfully asserted a claim under an applicable mechanic's lien or similar statute against the real property upon which the Project is located. The intent of this Bond shall be to include without limitation in the terms of "labor, materials, or equipment" that part of the water, gas, power, light, heat, oil, gasoline, telephone service, or rental equipment used in the Construction Contract, architectural and engineering services required for performance of the work of the Contractor and the Contractor's subcontractors, and all other items for which a mechanic's lien may be asserted in the jurisdiction where the labor, materials, or equipment were furnished.

16.3 **Construction Contract:** The agreement between the Owner and Contractor identified on the cover page, including all Contract Documents and all changes made to the agreement and the Contract Documents.

16.4 **Owner Default**: Failure of the Owner, which has not been remedied or waived, to pay the Contractor as required under the Construction Contract or to perform and complete or comply with the other material terms of the Construction Contract.

16.5 **Contract Documents:** All the documents that comprise the agreement between the Owner and Contractor.

17. If this Bond is issued for an agreement between a contractor and subcontractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

18. Modifications to this Bond are as follows:

These General Conditions have been prepared for use with the Agreement Between Owner and Contractor for Construction Contract (EJCDC® C-520, Stipulated Sum, or C-525, Cost-Plus, 2013 Editions). Their provisions are interrelated and a change in one may necessitate a change in the other.

To prepare supplementary conditions that are coordinated with the General Conditions, use EJCDC's Guide to the Preparation of Supplementary Conditions (EJCDC® C-800, 2013 Edition). The full EJCDC Construction series of documents is discussed in the Commentary on the 2013 EJCDC Construction Documents (EJCDC® C-001, 2013 Edition).

ARTICLE 1 – DEFINITIONS AND TERMINOLOGY

1.01 *Defined Terms*

A. Wherever used in the Bidding Requirements or Contract Documents, a term printed with initial capital letters, including the term's singular and plural forms, will have the meaning indicated in the definitions below. In addition to terms specifically defined, terms with initial capital letters in the Contract Documents include references to identified articles and paragraphs, and the titles of other documents or forms.

1. *Addenda*—Written or graphic instruments issued prior to the opening of Bids which clarify, correct, or change the Bidding Requirements or the proposed Contract Documents.

2. *Agreement*—The written instrument, executed by Owner and Contractor, that sets forth the Contract Price and Contract Times, identifies the parties and the Engineer, and designates the specific items that are Contract Documents.

3. *Application for Payment*—The form acceptable to Engineer which is to be used by Contractor during the course of the Work in requesting progress or final payments and which is to be accompanied by such supporting documentation as is required by the Contract Documents.

4. *Bid*—The offer of a Bidder submitted on the prescribed form setting forth the prices for the Work to be performed.

5. *Bidder*—An individual or entity that submits a Bid to Owner.

6. *Bidding Documents*—The Bidding Requirements, the proposed Contract Documents, and all Addenda.

7. *Bidding Requirements*—The advertisement or invitation to bid, Instructions to Bidders, Bid Bond or other Bid security, if any, the Bid Form, and the Bid with any attachments.

8. *Change Order*—A document which is signed by Contractor and Owner and authorizes an addition, deletion, or revision in the Work or an adjustment in the Contract Price or the Contract Times, or other revision to the Contract, issued on or after the Effective Date of the Contract.

9. *Change Proposal*—A written request by Contractor, duly submitted in compliance with the procedural requirements set forth herein, seeking an adjustment in Contract Price or Contract Times, or both; contesting an initial decision by Engineer concerning the requirements of the Contract Documents or the acceptability of Work under the Contract Documents; challenging a set-off against payments due; or seeking other relief with respect to the terms of the Contract.

10. *Claim*—(a) A demand or assertion by Owner directly to Contractor, duly submitted in compliance with the procedural requirements set forth herein: seeking an adjustment of Contract Price or Contract Times, or both; contesting an initial decision by Engineer concerning the requirements of the Contract Documents or the acceptability of Work under the Contract Documents; contesting Engineer's decision regarding a Change Proposal; seeking resolution of a contractual issue that Engineer has declined to address; or seeking other relief with respect to the terms of the Contract; or (b) a demand or assertion by Contractor directly to Owner, duly submitted in compliance with the procedural requirements set forth herein, contesting Engineer's decision regarding a Change Proposal; or seeking resolution of a contractual issue that Engineer

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

has declined to address. A demand for money or services by a third party is not a Claim.

11. *Constituent of Concern*—Asbestos, petroleum, radioactive materials, polychlorinated biphenyls (PCBs), hazardous waste, and any substance, product, waste, or other material of any nature whatsoever that is or becomes listed, regulated, or addressed pursuant to (a) the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. §§9601 et seq. ("CERCLA"); (b) the Hazardous Materials Transportation Act, 49 U.S.C. §§5101 et seq.; (c) the Resource Conservation and Recovery Act, 42 U.S.C. §§6901 et seq. ("RCRA"); (d) the Toxic Substances Control Act, 15 U.S.C. §§2601 et seq.; (e) the Clean Water Act, 33 U.S.C. §§1251 et seq.; (f) the Clean Air Act, 42 U.S.C. §§7401 et seq.; or (g) any other federal, state, or local statute, law, rule, regulation, ordinance, resolution, code, order, or decree regulating, relating to, or imposing liability or standards of conduct concerning, any hazardous, toxic, or dangerous waste, substance, or material.

12. *Contract*—The entire and integrated written contract between the Owner and Contractor concerning the Work.

13. *Contract Documents*—Those items so designated in the Agreement, and which together comprise the Contract.

14. *Contract Price*—The money that Owner has agreed to pay Contractor for completion of the Work in accordance with the Contract Documents. .

15. *Contract Times*—The number of days or the dates by which Contractor shall: (a) achieve Milestones, if any; (b) achieve Substantial Completion; and (c) complete the Work.

16. *Contractor*—The individual or entity with which Owner has contracted for performance of the Work.

17. *Cost of the Work*—See Paragraph 13.01 for definition.

18. *Drawings*—The part of the Contract that graphically shows the scope, extent, and character of the Work to be performed by Contractor.

19. *Effective Date of the Contract*—The date, indicated in the Agreement, on which the Contract becomes effective.

20. *Engineer*—The individual or entity named as such in the Agreement.

21. *Field Order*—A written order issued by Engineer which requires minor changes in the Work but does not change the Contract Price or the Contract Times.

22. *Hazardous Environmental Condition*—The presence at the Site of Constituents of Concern in such quantities or circumstances that may present a danger to persons or property exposed thereto. The presence at the Site of materials that are necessary for the execution of the Work, or that are to be incorporated in the Work, and that are controlled and contained pursuant to industry practices, Laws and Regulations, and the requirements of the Contract, does not establish a Hazardous Environmental Condition.

23. *Laws and Regulations; Laws or Regulations*—Any and all applicable laws, statutes, rules, regulations, ordinances, codes, and orders of any and all governmental bodies, agencies, authorities, and courts having jurisdiction.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

24. *Liens*—Charges, security interests, or encumbrances upon Contract-related funds, real property, or personal property.

25. *Milestone*—A principal event in the performance of the Work that the Contract requires Contractor to achieve by an intermediate completion date or by a time prior to Substantial Completion of all the Work.

26. *Notice of Award*—The written notice by Owner to a Bidder of Owner's acceptance of the Bid.

27. *Notice to Proceed*—A written notice by Owner to Contractor fixing the date on which the Contract Times will commence to run and on which Contractor shall start to perform the Work.

28. *Owner*—The individual or entity with which Contractor has contracted regarding the Work, and which has agreed to pay Contractor for the performance of the Work, pursuant to the terms of the Contract.

29. *Progress Schedule*—A schedule, prepared and maintained by Contractor, describing the sequence and duration of the activities comprising the Contractor's plan to accomplish the Work within the Contract Times.

30. *Project*—The total undertaking to be accomplished for Owner by engineers, contractors, and others, including planning, study, design, construction, testing, commissioning, and start-up, and of which the Work to be performed under the Contract Documents is a part.

31. *Project Manual*—The written documents prepared for, or made available for, procuring and constructing the Work, including but not limited to the Bidding Documents or other construction procurement documents, geotechnical and existing conditions information, the Agreement, bond forms, General Conditions, Supplementary Conditions, and Specifications. The contents of the Project Manual may be bound in one or more volumes.

32. *Resident Project Representative*—The authorized representative of Engineer assigned to assist Engineer at the Site. As used herein, the term Resident Project Representative or "RPR" includes any assistants or field staff of Resident Project Representative.

33. *Samples*—Physical examples of materials, equipment, or workmanship that are representative of some portion of the Work and that establish the standards by which such portion of the Work will be judged.

34. *Schedule of Submittals*—A schedule, prepared and maintained by Contractor, of required submittals and the time requirements for Engineer's review of the submittals and the performance of related construction activities.

35. *Schedule of Values*—A schedule, prepared and maintained by Contractor, allocating portions of the Contract Price to various portions of the Work and used as the basis for reviewing Contractor's Applications for Payment.

36. *Shop Drawings*—All drawings, diagrams, illustrations, schedules, and other data or information that are specifically prepared or assembled by or for Contractor and submitted by Contractor to illustrate some portion of the Work. Shop Drawings, whether approved or not, are not Drawings and are not Contract Documents.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

37. *Site*—Lands or areas indicated in the Contract Documents as being furnished by Owner upon which the Work is to be performed, including rights-of-way and easements, and such other lands furnished by Owner which are designated for the use of Contractor.

38. *Specifications*—The part of the Contract that consists of written requirements for materials, equipment, systems, standards, and workmanship as applied to the Work, and certain administrative requirements and procedural matters applicable to the Work.

39. *Subcontractor*—An individual or entity having a direct contract with Contractor or with any other Subcontractor for the performance of a part of the Work.

40. *Substantial Completion*—The time at which the Work (or a specified part thereof) has progressed to the point where, in the opinion of Engineer, the Work (or a specified part thereof) is sufficiently complete, in accordance with the Contract Documents, so that the Work (or a specified part thereof) can be utilized for the purposes for which it is intended. The terms "substantially complete" and "substantially completed" as applied to all or part of the Work refer to Substantial Completion thereof.

41. *Successful Bidder*—The Bidder whose Bid the Owner accepts, and to which the Owner makes an award of contract, subject to stated conditions.

42. *Supplementary Conditions*—The part of the Contract that amends or supplements these General Conditions.

43. *Supplier*—A manufacturer, fabricator, supplier, distributor, materialman, or vendor having a direct contract with Contractor or with any Subcontractor to furnish materials or equipment to be incorporated in the Work by Contractor or a Subcontractor.

44. *Technical Data*—Those items expressly identified as Technical Data in the Supplementary Conditions, with respect to either (a) subsurface conditions at the Site, or physical conditions relating to existing surface or subsurface structures at the Site (except Underground Facilities) or (b) Hazardous Environmental Conditions at the Site. If no such express identifications of Technical Data have been made with respect to conditions at the Site, then the data contained in boring logs, recorded measurements of subsurface water levels, laboratory test results, and other factual, objective information regarding conditions at the Site that are set forth in any geotechnical or environmental report prepared for the Project and made available to Contractor are hereby defined as Technical Data with respect to conditions at the Site under Paragraphs 5.03, 5.04, and 5.06.

45. *Underground Facilities*—All underground pipelines, conduits, ducts, cables, wires, manholes, vaults, tanks, tunnels, or other such facilities or attachments, and any encasements containing such facilities, including but not limited to those that convey electricity, gases, steam, liquid petroleum products, telephone or other communications, fiber optic transmissions, cable television, water, wastewater, storm water, other liquids or chemicals, or traffic or other control systems.

46. *Unit Price Work*—Work to be paid for on the basis of unit prices.

47. *Work*—The entire construction or the various separately identifiable parts thereof required to be provided under the Contract Documents. Work includes and is the result of performing or providing all labor, services, and documentation necessary to produce such construction; furnishing, installing, and incorporating all materials and equipment into such construction; and may include related services such as testing, start-up, and commissioning, all as required by the Contract Documents.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

48. *Work Change Directive*—A written directive to Contractor issued on or after the Effective Date of the Contract, signed by Owner and recommended by Engineer, ordering an addition, deletion, or revision in the Work.

1.02 *Terminology*

A. The words and terms discussed in the following paragraphs are not defined but, when used in the Bidding Requirements or Contract Documents, have the indicated meaning.

B. *Intent of Certain Terms or Adjectives*:

1. The Contract Documents include the terms "as allowed," "as approved," "as ordered," "as directed" or terms of like effect or import to authorize an exercise of professional judgment by Engineer. In addition, the adjectives "reasonable," "suitable," "acceptable," "proper," "satisfactory," or adjectives of like effect or import are used to describe an action or determination of Engineer as to the Work. It is intended that such exercise of professional judgment, action, or determination will be solely to evaluate, in general, the Work for compliance with the information in the Contract Documents and with the design concept of the Project as a functioning whole as shown or indicated in the Contract Documents (unless there is a specific statement indicating otherwise). The use of any such term or adjective is not intended to and shall not be effective to assign to Engineer any duty or authority to supervise or direct the performance of the Work, or any duty or authority to undertake responsibility contrary to the provisions of Article 10 or any other provision of the Contract Documents.

C. *Day*:

1. The word "day" means a calendar day of 24 hours measured from midnight to the next midnight.

D. *Defective*:

1. The word "defective," when modifying the word "Work," refers to Work that is unsatisfactory, faulty, or deficient in that it:

a. does not conform to the Contract Documents; or

b. does not meet the requirements of any applicable inspection, reference standard, test, or approval referred to in the Contract Documents; or

c. has been damaged prior to Engineer's recommendation of final payment (unless responsibility for the protection thereof has been assumed by Owner at Substantial Completion in accordance with Paragraph 15.03 or 15.04).

E. *Furnish, Install, Perform, Provide*:

1. The word "furnish," when used in connection with services, materials, or equipment, shall mean to supply and deliver said services, materials, or equipment to the Site (or some other specified location) ready for use or installation and in usable or operable condition.

2. The word "install," when used in connection with services, materials, or equipment, shall mean to put into use or place in final position said services, materials, or equipment complete and ready for intended use.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

3. The words “perform” or “provide,” when used in connection with services, materials, or equipment, shall mean to furnish and install said services, materials, or equipment complete and ready for intended use.

4. If the Contract Documents establish an obligation of Contractor with respect to specific services, materials, or equipment, but do not expressly use any of the four words “furnish,” “install,” “perform,” or “provide,” then Contractor shall furnish and install said services, materials, or equipment complete and ready for intended use.

F. Unless stated otherwise in the Contract Documents, words or phrases that have a well-known technical or construction industry or trade meaning are used in the Contract Documents in accordance with such recognized meaning.

ARTICLE 2 – PRELIMINARY MATTERS

2.01 *Delivery of Bonds and Evidence of Insurance*

A. *Bonds*: When Contractor delivers the executed counterparts of the Agreement to Owner, Contractor shall also deliver to Owner such bonds as Contractor may be required to furnish.

B. *Evidence of Contractor’s Insurance*: When Contractor delivers the executed counterparts of the Agreement to Owner, Contractor shall also deliver to Owner, with copies to each named insured and additional insured (as identified in the Supplementary Conditions or elsewhere in the Contract), the certificates and other evidence of insurance required to be provided by Contractor in accordance with Article 6.

C. *Evidence of Owner’s Insurance*: After receipt of the executed counterparts of the Agreement and all required bonds and insurance documentation, Owner shall promptly deliver to Contractor, with copies to each named insured and additional insured (as identified in the Supplementary Conditions or otherwise), the certificates and other evidence of insurance required to be provided by Owner under Article 6.

2.02 *Copies of Documents*

A. Owner shall furnish to Contractor four printed copies of the Contract (including one fully executed counterpart of the Agreement), and one copy in electronic portable document format (PDF). Additional printed copies will be furnished upon request at the cost of reproduction.

B. Owner shall maintain and safeguard at least one original printed record version of the Contract, including Drawings and Specifications signed and sealed by Engineer and other design professionals. Owner shall make such original printed record version of the Contract available to Contractor for review. Owner may delegate the responsibilities under this provision to Engineer.

2.03 *Before Starting Construction*

A. *Preliminary Schedules*: Within 10 days after the Effective Date of the Contract (or as otherwise specifically required by the Contract Documents), Contractor shall submit to Engineer for timely review:

1. a preliminary Progress Schedule indicating the times (numbers of days or dates) for starting and completing the various stages of the Work, including any Milestones specified in the Contract;

2. a preliminary Schedule of Submittals; and

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

3. a preliminary Schedule of Values for all of the Work which includes quantities and prices of items which when added together equal the Contract Price and subdivides the Work into component parts in sufficient detail to serve as the basis for progress payments during performance of the Work. Such prices will include an appropriate amount of overhead and profit applicable to each item of Work.

2.04 *Preconstruction Conference; Designation of Authorized Representatives*

A. Before any Work at the Site is started, a conference attended by Owner, Contractor, Engineer, and others as appropriate will be held to establish a working understanding among the parties as to the Work and to discuss the schedules referred to in Paragraph 2.03.A, procedures for handling Shop Drawings, Samples, and other submittals, processing Applications for Payment, electronic or digital transmittals, and maintaining required records.

B. At this conference Owner and Contractor each shall designate, in writing, a specific individual to act as its authorized representative with respect to the services and responsibilities under the Contract. Such individuals shall have the authority to transmit and receive information, render decisions relative to the Contract, and otherwise act on behalf of each respective party.

2.05 *Initial Acceptance of Schedules*

A. At least 10 days before submission of the first Application for Payment a conference, attended by Contractor, Engineer, and others as appropriate, will be held to review for acceptability to Engineer as provided below the schedules submitted in accordance with Paragraph 2.03.A. Contractor shall have an additional 10 days to make corrections and adjustments and to complete and resubmit the schedules. No progress payment shall be made to Contractor until acceptable schedules are submitted to Engineer.

1. The Progress Schedule will be acceptable to Engineer if it provides an orderly progression of the Work to completion within the Contract Times. Such acceptance will not impose on Engineer responsibility for the Progress Schedule, for sequencing, scheduling, or progress of the Work, nor interfere with or relieve Contractor from Contractor's full responsibility therefor.

2. Contractor's Schedule of Submittals will be acceptable to Engineer if it provides a workable arrangement for reviewing and processing the required submittals.

3. Contractor's Schedule of Values will be acceptable to Engineer as to form and substance if it provides a reasonable allocation of the Contract Price to the component parts of the Work.

2.06 *Electronic Transmittals*

A. Except as otherwise stated elsewhere in the Contract, the Owner, Engineer, and Contractor may transmit, and shall accept, Project-related correspondence, text, data, documents, drawings, information, and graphics, including but not limited to Shop Drawings and other submittals, in electronic media or digital format, either directly, or through access to a secure Project website.

B. If the Contract does not establish protocols for electronic or digital transmittals, then Owner, Engineer, and Contractor shall jointly develop such protocols.

C. When transmitting items in electronic media or digital format, the transmitting party makes no representations as to long term compatibility, usability, or readability of the items resulting from the recipient's use of software application packages, operating systems, or

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

computer hardware differing from those used in the drafting or transmittal of the items, or from those established in applicable transmittal protocols.

ARTICLE 3 – DOCUMENTS: INTENT, REQUIREMENTS, REUSE

3.01 *Intent*

A. The Contract Documents are complementary; what is required by one is as binding as if required by all.

B. It is the intent of the Contract Documents to describe a functionally complete project (or part thereof) to be constructed in accordance with the Contract Documents.

C. Unless otherwise stated in the Contract Documents, if there is a discrepancy between the electronic or digital versions of the Contract Documents (including any printed copies derived from such electronic or digital versions) and the printed record version, the printed record version shall govern.

D. The Contract supersedes prior negotiations, representations, and agreements, whether written or oral.

E. Engineer will issue clarifications and interpretations of the Contract Documents as provided herein.

3.02 *Reference Standards*

A. Standards Specifications, Codes, Laws and Regulations

1. Reference in the Contract Documents to standard specifications, manuals, reference standards, or codes of any technical society, organization, or association, or to Laws or Regulations, whether such reference be specific or by implication, shall mean the standard specification, manual, reference standard, code, or Laws or Regulations in effect at the time of opening of Bids (or on the Effective Date of the Contract if there were no Bids), except as may be otherwise specifically stated in the Contract Documents.

2. No provision of any such standard specification, manual, reference standard, or code, or any instruction of a Supplier, shall be effective to change the duties or responsibilities of Owner, Contractor, or Engineer, or any of their subcontractors, consultants, agents, or employees, from those set forth in the part of the Contract Documents prepared by or for Engineer. No such provision or instruction shall be effective to assign to Owner, Engineer, or any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors, any duty or authority to supervise or direct the performance of the Work or any duty or authority to undertake responsibility inconsistent with the provisions of the part of the Contract Documents prepared by or for Engineer.

3.03 *Reporting and Resolving Discrepancies*

A. *Reporting Discrepancies*:

1. *Contractor's Verification of Figures and Field Measurements*: Before undertaking each part of the Work, Contractor shall carefully study the Contract Documents, and check and verify pertinent figures and dimensions therein, particularly with respect to applicable field measurements. Contractor shall promptly report in writing to Engineer any conflict, error, ambiguity, or discrepancy that Contractor discovers, or has actual knowledge of, and shall not proceed with any Work affected thereby until the conflict,

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

error, ambiguity, or discrepancy is resolved, by a clarification or interpretation by Engineer, or by an amendment or supplement to the Contract Documents issued pursuant to Paragraph 11.01.

2. *Contractor's Review of Contract Documents*: If, before or during the performance of the Work, Contractor discovers any conflict, error, ambiguity, or discrepancy within the Contract Documents, or between the Contract Documents and (a) any applicable Law or Regulation, (b) actual field conditions, (c) any standard specification, manual, reference standard, or code, or (d) any instruction of any Supplier, then Contractor shall promptly report it to Engineer in writing. Contractor shall not proceed with the Work affected thereby (except in an emergency as required by Paragraph 7.15) until the conflict, error, ambiguity, or discrepancy is resolved, by a clarification or interpretation by Engineer, or by an amendment or supplement to the Contract Documents issued pursuant to Paragraph 11.01.

3. Contractor shall not be liable to Owner or Engineer for failure to report any conflict, error, ambiguity, or discrepancy in the Contract Documents unless Contractor had actual knowledge thereof.

B. *Resolving Discrepancies*:

1. Except as may be otherwise specifically stated in the Contract Documents, the provisions of the part of the Contract Documents prepared by or for Engineer shall take precedence in resolving any conflict, error, ambiguity, or discrepancy between such provisions of the Contract Documents and:

a. the provisions of any standard specification, manual, reference standard, or code, or the instruction of any Supplier (whether or not specifically incorporated by reference as a Contract Document); or

b. the provisions of any Laws or Regulations applicable to the performance of the Work (unless such an interpretation of the provisions of the Contract Documents would result in violation of such Law or Regulation).

3.04 *Requirements of the Contract Documents*

A. During the performance of the Work and until final payment, Contractor and Owner shall submit to the Engineer all matters in question concerning the requirements of the Contract Documents (sometimes referred to as requests for information or interpretation—RFIs), or relating to the acceptability of the Work under the Contract Documents, as soon as possible after such matters arise. Engineer will be the initial interpreter of the requirements of the Contract Documents, and judge of the acceptability of the Work thereunder.

B. Engineer will, with reasonable promptness, render a written clarification, interpretation, or decision on the issue submitted, or initiate an amendment or supplement to the Contract Documents. Engineer's written clarification, interpretation, or decision will be final and binding on Contractor, unless it appeals by submitting a Change Proposal, and on Owner, unless it appeals by filing a Claim.

C. If a submitted matter in question concerns terms and conditions of the Contract Documents that do not involve (1) the performance or acceptability of the Work under the Contract Documents, (2) the design (as set forth in the Drawings, Specifications, or otherwise), or (3) other engineering or technical matters, then Engineer will promptly give written notice to Owner and Contractor that Engineer is unable to provide a decision or interpretation. If Owner and Contractor are unable to agree on resolution of such a matter in question, either party may pursue resolution as provided in Article 12.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

3.05 *Reuse of Documents*

A. Contractor and its Subcontractors and Suppliers shall not:

1. have or acquire any title to or ownership rights in any of the Drawings, Specifications, or other documents (or copies of any thereof) prepared by or bearing the seal of Engineer or its consultants, including electronic media editions, or reuse any such Drawings, Specifications, other documents, or copies thereof on extensions of the Project or any other project without written consent of Owner and Engineer and specific written verification or adaptation by Engineer; or

2. have or acquire any title or ownership rights in any other Contract Documents, reuse any such Contract Documents for any purpose without Owner's express written consent, or violate any copyrights pertaining to such Contract Documents.

B. The prohibitions of this Paragraph 3.05 will survive final payment, or termination of the Contract. Nothing herein shall preclude Contractor from retaining copies of the Contract Documents for record purposes.

ARTICLE 4 – COMMENCEMENT AND PROGRESS OF THE WORK

4.01 *Commencement of Contract Times; Notice to Proceed*

A. The Contract Times will commence to run on the thirtieth day after the Effective Date of the Contract or, if a Notice to Proceed is given, on the day indicated in the Notice to Proceed. A Notice to Proceed may be given at any time within 30 days after the Effective Date of the Contract. In no event will the Contract Times commence to run later than the sixtieth day after the day of Bid opening or the thirtieth day after the Effective Date of the Contract, whichever date is earlier.

4.02 *Starting the Work*

A. Contractor shall start to perform the Work on the date when the Contract Times commence to run. No Work shall be done at the Site prior to such date.

4.03 *Reference Points*

A. Owner shall provide engineering surveys to establish reference points for construction which in Engineer's judgment are necessary to enable Contractor to proceed with the Work. Contractor shall be responsible for laying out the Work, shall protect and preserve the established reference points and property monuments, and shall make no changes or relocations without the prior written approval of Owner. Contractor shall report to Engineer whenever any reference point or property monument is lost or destroyed or requires relocation because of necessary changes in grades or locations, and shall be responsible for the accurate replacement or relocation of such reference points or property monuments by professionally qualified personnel.

4.04 *Progress Schedule*

A. Contractor shall adhere to the Progress Schedule established in accordance with Paragraph 2.05 as it may be adjusted from time to time as provided below.

1. Contractor shall submit to Engineer for acceptance (to the extent indicated in Paragraph 2.05) proposed adjustments in the Progress Schedule that will not result in changing the Contract Times.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. Proposed adjustments in the Progress Schedule that will change the Contract Times shall be submitted in accordance with the requirements of Article 11.

B. Contractor shall carry on the Work and adhere to the Progress Schedule during all disputes or disagreements with Owner. No Work shall be delayed or postponed pending resolution of any disputes or disagreements, or during any appeal process, except as permitted by Paragraph 16.04, or as Owner and Contractor may otherwise agree in writing.

4.05 *Delays in Contractor's Progress*

A. If Owner, Engineer, or anyone for whom Owner is responsible, delays, disrupts, or interferes with the performance or progress of the Work, then Contractor shall be entitled to an equitable adjustment in the Contract Times and Contract Price. Contractor's entitlement to an adjustment of the Contract Times is conditioned on such adjustment being essential to Contractor's ability to complete the Work within the Contract Times.

B. Contractor shall not be entitled to an adjustment in Contract Price or Contract Times for delay, disruption, or interference caused by or within the control of Contractor. Delay, disruption, and interference attributable to and within the control of a Subcontractor or Supplier shall be deemed to be within the control of Contractor.

C. If Contractor's performance or progress is delayed, disrupted, or interfered with by unanticipated causes not the fault of and beyond the control of Owner, Contractor, and those for which they are responsible, then Contractor shall be entitled to an equitable adjustment in Contract Times. Contractor's entitlement to an adjustment of the Contract Times is conditioned on such adjustment being essential to Contractor's ability to complete the Work within the Contract Times. Such an adjustment shall be Contractor's sole and exclusive remedy for the delays, disruption, and interference described in this paragraph. Causes of delay, disruption, or interference that may give rise to an adjustment in Contract Times under this paragraph include but are not limited to the following:

1. severe and unavoidable natural catastrophes such as fires, floods, epidemics, and earthquakes;

2. abnormal weather conditions;

3. acts or failures to act of utility owners (other than those performing other work at or adjacent to the Site by arrangement with the Owner, as contemplated in Article 8); and

4. acts of war or terrorism.

D. Delays, disruption, and interference to the performance or progress of the Work resulting from the existence of a differing subsurface or physical condition, an Underground Facility that was not shown or indicated by the Contract Documents, or not shown or indicated with reasonable accuracy, and those resulting from Hazardous Environmental Conditions, are governed by Article 5.

E. Paragraph 8.03 governs delays, disruption, and interference to the performance or progress of the Work resulting from the performance of certain other work at or adjacent to the Site.

F. Contractor shall not be entitled to an adjustment in Contract Price or Contract Times for any delay, disruption, or interference if such delay is concurrent with a delay, disruption, or interference caused by or within the control of Contractor.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

G. Contractor must submit any Change Proposal seeking an adjustment in Contract Price or Contract Times under this paragraph within 30 days of the commencement of the delaying, disrupting, or interfering event.

ARTICLE 5 – AVAILABILITY OF LANDS; SUBSURFACE AND PHYSICAL CONDITIONS; HAZARDOUS ENVIRONMENTAL CONDITIONS

5.01 *Availability of Lands*

A. Owner shall furnish the Site. Owner shall notify Contractor of any encumbrances or restrictions not of general application but specifically related to use of the Site with which Contractor must comply in performing the Work.

B. Upon reasonable written request, Owner shall furnish Contractor with a current statement of record legal title and legal description of the lands upon which permanent improvements are to be made and Owner's interest therein as necessary for giving notice of or filing a mechanic's or construction lien against such lands in accordance with applicable Laws and Regulations.

C. Contractor shall provide for all additional lands and access thereto that may be required for temporary construction facilities or storage of materials and equipment.

5.02 *Use of Site and Other Areas*

A. *Limitation on Use of Site and Other Areas*:

1. Contractor shall confine construction equipment, temporary construction facilities, the storage of materials and equipment, and the operations of workers to the Site, adjacent areas that Contractor has arranged to use through construction easements or otherwise, and other adjacent areas permitted by Laws and Regulations, and shall not unreasonably encumber the Site and such other adjacent areas with construction equipment or other materials or equipment. Contractor shall assume full responsibility for (a) damage to the Site; (b) damage to any such other adjacent areas used for Contractor's operations; (c) damage to any other adjacent land or areas; and (d) for injuries and losses sustained by the owners or occupants of any such land or areas; provided that such damage or injuries result from the performance of the Work or from other actions or conduct of the Contractor or those for which Contractor is responsible.

2. If a damage or injury claim is made by the owner or occupant of any such land or area because of the performance of the Work, or because of other actions or conduct of the Contractor or those for which Contractor is responsible, Contractor shall (a) take immediate corrective or remedial action as required by Paragraph 7.12, or otherwise; (b) promptly attempt to settle the claim as to all parties through negotiations with such owner or occupant, or otherwise resolve the claim by arbitration or other dispute resolution proceeding, or at law; and (c) to the fullest extent permitted by Laws and Regulations, indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them from and against any such claim, and against all costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to any claim or action, legal or equitable, brought by any such owner or occupant against Owner, Engineer, or any other party indemnified hereunder to the extent caused directly or indirectly, in whole or in part

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

by, or based upon, Contractor's performance of the Work, or because of other actions or conduct of the Contractor or those for which Contractor is responsible.

B. *Removal of Debris During Performance of the Work*: During the progress of the Work the Contractor shall keep the Site and other adjacent areas free from accumulations of waste materials, rubbish, and other debris. Removal and disposal of such waste materials, rubbish, and other debris shall conform to applicable Laws and Regulations.

C. *Cleaning*: Prior to Substantial Completion of the Work Contractor shall clean the Site and the Work and make it ready for utilization by Owner. At the completion of the Work Contractor shall remove from the Site and adjacent areas all tools, appliances, construction equipment and machinery, and surplus materials and shall restore to original condition all property not designated for alteration by the Contract Documents.

D. *Loading of Structures*: Contractor shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall Contractor subject any part of the Work or adjacent structures or land to stresses or pressures that will endanger them.

5.03 *Subsurface and Physical Conditions*

A. *Reports and Drawings*: The Supplementary Conditions identify:

1. those reports known to Owner of explorations and tests of subsurface conditions at or adjacent to the Site;

2. those drawings known to Owner of physical conditions relating to existing surface or subsurface structures at the Site (except Underground Facilities); and

3. Technical Data contained in such reports and drawings.

B. *Reliance by Contractor on Technical Data Authorized*: Contractor may rely upon the accuracy of the Technical Data expressly identified in the Supplementary Conditions with respect to such reports and drawings, but such reports and drawings are not Contract Documents. If no such express identification has been made, then Contractor may rely upon the accuracy of the Technical Data (as defined in Article 1) contained in any geotechnical or environmental report prepared for the Project and made available to Contractor. Except for such reliance on Technical Data, Contractor may not rely upon or make any claim against Owner or Engineer, or any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors, with respect to:

1. the completeness of such reports and drawings for Contractor's purposes, including, but not limited to, any aspects of the means, methods, techniques, sequences, and procedures of construction to be employed by Contractor, and safety precautions and programs incident thereto; or

2. other data, interpretations, opinions, and information contained in such reports or shown or indicated in such drawings; or

3. any Contractor interpretation of or conclusion drawn from any Technical Data or any such other data, interpretations, opinions, or information.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

5.04 *Differing Subsurface or Physical Conditions*

A. *Notice by Contractor*: If Contractor believes that any subsurface or physical condition that is uncovered or revealed at the Site either:

1. is of such a nature as to establish that any Technical Data on which Contractor is entitled to rely as provided in Paragraph 5.03 is materially inaccurate; or

2. is of such a nature as to require a change in the Drawings or Specifications; or

3. differs materially from that shown or indicated in the Contract Documents; or

4. is of an unusual nature, and differs materially from conditions ordinarily encountered and generally recognized as inherent in work of the character provided for in the Contract Documents;

then Contractor shall, promptly after becoming aware thereof and before further disturbing the subsurface or physical conditions or performing any Work in connection therewith (except in an emergency as required by Paragraph 7.15), notify Owner and Engineer in writing about such condition. Contractor shall not further disturb such condition or perform any Work in connection therewith (except with respect to an emergency) until receipt of a written statement permitting Contractor to do so.

B. *Engineer's Review*: After receipt of written notice as required by the preceding paragraph, Engineer will promptly review the subsurface or physical condition in question; determine the necessity of Owner's obtaining additional exploration or tests with respect to the condition; conclude whether the condition falls within any one or more of the differing site condition categories in Paragraph 5.04.A above; obtain any pertinent cost or schedule information from Contractor; prepare recommendations to Owner regarding the Contractor's resumption of Work in connection with the subsurface or physical condition in question and the need for any change in the Drawings or Specifications; and advise Owner in writing of Engineer's findings, conclusions, and recommendations.

C. *Owner's Statement to Contractor Regarding Site Condition*: After receipt of Engineer's written findings, conclusions, and recommendations, Owner shall issue a written statement to Contractor (with a copy to Engineer) regarding the subsurface or physical condition in question, addressing the resumption of Work in connection with such condition, indicating whether any change in the Drawings or Specifications will be made, and adopting or rejecting Engineer's written findings, conclusions, and recommendations, in whole or in part.

D. *Possible Price and Times Adjustments*:

1. Contractor shall be entitled to an equitable adjustment in Contract Price or Contract Times, or both, to the extent that the existence of a differing subsurface or physical condition, or any related delay, disruption, or interference, causes an increase or decrease in Contractor's cost of, or time required for, performance of the Work; subject, however, to the following:

a. such condition must fall within any one or more of the categories described in Paragraph 5.04.A;

b. with respect to Work that is paid for on a unit price basis, any adjustment in Contract Price will be subject to the provisions of Paragraph 13.03; and,

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

c. Contractor's entitlement to an adjustment of the Contract Times is conditioned on such adjustment being essential to Contractor's ability to complete the Work within the Contract Times.

2. Contractor shall not be entitled to any adjustment in the Contract Price or Contract Times with respect to a subsurface or physical condition if:

a. Contractor knew of the existence of such condition at the time Contractor made a commitment to Owner with respect to Contract Price and Contract Times by the submission of a Bid or becoming bound under a negotiated contract, or otherwise; or

b. the existence of such condition reasonably could have been discovered or revealed as a result of any examination, investigation, exploration, test, or study of the Site and contiguous areas expressly required by the Bidding Requirements or Contract Documents to be conducted by or for Contractor prior to Contractor's making such commitment; or

c. Contractor failed to give the written notice as required by Paragraph 5.04.A.

3. If Owner and Contractor agree regarding Contractor's entitlement to and the amount or extent of any adjustment in the Contract Price or Contract Times, or both, then any such adjustment shall be set forth in a Change Order.

4. Contractor may submit a Change Proposal regarding its entitlement to or the amount or extent of any adjustment in the Contract Price or Contract Times, or both, no later than 30 days after Owner's issuance of the Owner's written statement to Contractor regarding the subsurface or physical condition in question.

5.05 *Underground Facilities*

A. *Contractor's Responsibilities*: The information and data shown or indicated in the Contract Documents with respect to existing Underground Facilities at or adjacent to the Site is based on information and data furnished to Owner or Engineer by the owners of such Underground Facilities, including Owner, or by others. Unless it is otherwise expressly provided in the Supplementary Conditions:

1. Owner and Engineer do not warrant or guarantee the accuracy or completeness of any such information or data provided by others; and

2. the cost of all of the following will be included in the Contract Price, and Contractor shall have full responsibility for:

a. reviewing and checking all information and data regarding existing Underground Facilities at the Site;

b. locating all Underground Facilities shown or indicated in the Contract Documents as being at the Site;

c. coordination of the Work with the owners (including Owner) of such Underground Facilities, during construction; and

d. the safety and protection of all existing Underground Facilities at the Site, and repairing any damage thereto resulting from the Work.

B. *Notice by Contractor*: If Contractor believes that an Underground Facility that is uncovered or revealed at the Site was not shown or indicated in the Contract Documents, or was not shown or indicated with reasonable accuracy, then Contractor shall, promptly after

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

becoming aware thereof and before further disturbing conditions affected thereby or performing any Work in connection therewith (except in an emergency as required by Paragraph 7.15), identify the owner of such Underground Facility and give written notice to that owner and to Owner and Engineer.

C. *Engineer's Review*: Engineer will promptly review the Underground Facility and conclude whether such Underground Facility was not shown or indicated in the Contract Documents, or was not shown or indicated with reasonable accuracy; obtain any pertinent cost or schedule information from Contractor; prepare recommendations to Owner regarding the Contractor's resumption of Work in connection with the Underground Facility in question; determine the extent, if any, to which a change is required in the Drawings or Specifications to reflect and document the consequences of the existence or location of the Underground Facility; and advise Owner in writing of Engineer's findings, conclusions, and recommendations. During such time, Contractor shall be responsible for the safety and protection of such Underground Facility.

D. *Owner's Statement to Contractor Regarding Underground Facility*: After receipt of Engineer's written findings, conclusions, and recommendations, Owner shall issue a written statement to Contractor (with a copy to Engineer) regarding the Underground Facility in question, addressing the resumption of Work in connection with such Underground Facility, indicating whether any change in the Drawings or Specifications will be made, and adopting or rejecting Engineer's written findings, conclusions, and recommendations in whole or in part.

E. *Possible Price and Times Adjustments*:

1. Contractor shall be entitled to an equitable adjustment in the Contract Price or Contract Times, or both, to the extent that any existing Underground Facility at the Site that was not shown or indicated in the Contract Documents, or was not shown or indicated with reasonable accuracy, or any related delay, disruption, or interference, causes an increase or decrease in Contractor's cost of, or time required for, performance of the Work; subject, however, to the following:

    a. Contractor did not know of and could not reasonably have been expected to be aware of or to have anticipated the existence or actual location of the Underground Facility in question;

    b. With respect to Work that is paid for on a unit price basis, any adjustment in Contract Price will be subject to the provisions of Paragraph 13.03;

    c. Contractor's entitlement to an adjustment of the Contract Times is conditioned on such adjustment being essential to Contractor's ability to complete the Work within the Contract Times; and

    d. Contractor gave the notice required in Paragraph 5.05.B.

2. If Owner and Contractor agree regarding Contractor's entitlement to and the amount or extent of any adjustment in the Contract Price or Contract Times, or both, then any such adjustment shall be set forth in a Change Order.

3. Contractor may submit a Change Proposal regarding its entitlement to or the amount or extent of any adjustment in the Contract Price or Contract Times, or both, no later than 30 days after Owner's issuance of the Owner's written statement to Contractor regarding the Underground Facility in question.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

5.06 *Hazardous Environmental Conditions at Site*

A. *Reports and Drawings*: The Supplementary Conditions identify:

1. those reports and drawings known to Owner relating to Hazardous Environmental Conditions that have been identified at or adjacent to the Site; and

2. Technical Data contained in such reports and drawings.

B. *Reliance by Contractor on Technical Data Authorized*: Contractor may rely upon the accuracy of the Technical Data expressly identified in the Supplementary Conditions with respect to such reports and drawings, but such reports and drawings are not Contract Documents. If no such express identification has been made, then Contractor may rely on the accuracy of the Technical Data (as defined in Article 1) contained in any geotechnical or environmental report prepared for the Project and made available to Contractor. Except for such reliance on Technical Data, Contractor may not rely upon or make any claim against Owner or Engineer, or any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors with respect to:

1. the completeness of such reports and drawings for Contractor's purposes, including, but not limited to, any aspects of the means, methods, techniques, sequences and procedures of construction to be employed by Contractor and safety precautions and programs incident thereto; or

2. other data, interpretations, opinions and information contained in such reports or shown or indicated in such drawings; or

3. any Contractor interpretation of or conclusion drawn from any Technical Data or any such other data, interpretations, opinions or information.

C. Contractor shall not be responsible for removing or remediating any Hazardous Environmental Condition encountered, uncovered, or revealed at the Site unless such removal or remediation is expressly identified in the Contract Documents to be within the scope of the Work.

D. Contractor shall be responsible for controlling, containing, and duly removing all Constituents of Concern brought to the Site by Contractor, Subcontractors, Suppliers, or anyone else for whom Contractor is responsible, and for any associated costs; and for the costs of removing and remediating any Hazardous Environmental Condition created by the presence of any such Constituents of Concern.

E. If Contractor encounters, uncovers, or reveals a Hazardous Environmental Condition whose removal or remediation is not expressly identified in the Contract Documents as being within the scope of the Work, or if Contractor or anyone for whom Contractor is responsible creates a Hazardous Environmental Condition, then Contractor shall immediately: (1) secure or otherwise isolate such condition; (2) stop all Work in connection with such condition and in any area affected thereby (except in an emergency as required by Paragraph 7.15); and (3) notify Owner and Engineer (and promptly thereafter confirm such notice in writing). Owner shall promptly consult with Engineer concerning the necessity for Owner to retain a qualified expert to evaluate such condition or take corrective action, if any. Promptly after consulting with Engineer, Owner shall take such actions as are necessary to permit Owner to timely obtain required permits and provide Contractor the written notice required by Paragraph 5.06.F. If Contractor or anyone for whom Contractor is responsible created the Hazardous Environmental Condition in question, then Owner may remove and remediate the Hazardous Environmental Condition, and impose a set-off against payments to account for the associated costs.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

F. Contractor shall not resume Work in connection with such Hazardous Environmental Condition or in any affected area until after Owner has obtained any required permits related thereto, and delivered written notice to Contractor either (1) specifying that such condition and any affected area is or has been rendered safe for the resumption of Work, or (2) specifying any special conditions under which such Work may be resumed safely.

G. If Owner and Contractor cannot agree as to entitlement to or on the amount or extent, if any, of any adjustment in Contract Price or Contract Times, or both, as a result of such Work stoppage or such special conditions under which Work is agreed to be resumed by Contractor, then within 30 days of Owner's written notice regarding the resumption of Work, Contractor may submit a Change Proposal, or Owner may impose a set-off.

H. If after receipt of such written notice Contractor does not agree to resume such Work based on a reasonable belief it is unsafe, or does not agree to resume such Work under such special conditions, then Owner may order the portion of the Work that is in the area affected by such condition to be deleted from the Work, following the contractual change procedures in Article 11. Owner may have such deleted portion of the Work performed by Owner's own forces or others in accordance with Article 8.

I. To the fullest extent permitted by Laws and Regulations, Owner shall indemnify and hold harmless Contractor, Subcontractors, and Engineer, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to a Hazardous Environmental Condition, provided that such Hazardous Environmental Condition (1) was not shown or indicated in the Drawings, Specifications, or other Contract Documents, identified as Technical Data entitled to limited reliance pursuant to Paragraph 5.06.B, or identified in the Contract Documents to be included within the scope of the Work, and (2) was not created by Contractor or by anyone for whom Contractor is responsible. Nothing in this Paragraph 5.06.I shall obligate Owner to indemnify any individual or entity from and against the consequences of that individual's or entity's own negligence.

J. To the fullest extent permitted by Laws and Regulations, Contractor shall indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to the failure to control, contain, or remove a Constituent of Concern brought to the Site by Contractor or by anyone for whom Contractor is responsible, or to a Hazardous Environmental Condition created by Contractor or by anyone for whom Contractor is responsible. Nothing in this Paragraph 5.06.J shall obligate Contractor to indemnify any individual or entity from and against the consequences of that individual's or entity's own negligence.

K. The provisions of Paragraphs 5.03, 5.04, and 5.05 do not apply to the presence of Constituents of Concern or to a Hazardous Environmental Condition uncovered or revealed at the Site.

ARTICLE 6 – BONDS AND INSURANCE

6.01 *Performance, Payment, and Other Bonds*

A. Contractor shall furnish a performance bond and a payment bond, each in an amount at least equal to the Contract Price, as security for the faithful performance and payment of all of Contractor's obligations under the Contract. These bonds shall remain in effect until one year after the date when final payment becomes due or until completion of the correction period specified in Paragraph 15.08, whichever is later, except as provided otherwise by Laws or Regulations, the Supplementary Conditions, or other specific provisions of the Contract. Contractor shall also furnish such other bonds as are required by the Supplementary Conditions or other specific provisions of the Contract.

B. All bonds shall be in the form prescribed by the Contract except as provided otherwise by Laws or Regulations, and shall be executed by such sureties as are named in "Companies Holding Certificates of Authority as Acceptable Sureties on Federal Bonds and as Acceptable Reinsuring Companies" as published in Circular 570 (as amended and supplemented) by the Financial Management Service, Surety Bond Branch, U.S. Department of the Treasury. A bond signed by an agent or attorney-in-fact must be accompanied by a certified copy of that individual's authority to bind the surety. The evidence of authority shall show that it is effective on the date the agent or attorney-in-fact signed the accompanying bond.

C. Contractor shall obtain the required bonds from surety companies that are duly licensed or authorized in the jurisdiction in which the Project is located to issue bonds in the required amounts.

D. If the surety on a bond furnished by Contractor is declared bankrupt or becomes insolvent, or its right to do business is terminated in any state or jurisdiction where any part of the Project is located, or the surety ceases to meet the requirements above, then Contractor shall promptly notify Owner and Engineer and shall, within 20 days after the event giving rise to such notification, provide another bond and surety, both of which shall comply with the bond and surety requirements above.

E. If Contractor has failed to obtain a required bond, Owner may exclude the Contractor from the Site and exercise Owner's termination rights under Article 16.

F. Upon request, Owner shall provide a copy of the payment bond to any Subcontractor, Supplier, or other person or entity claiming to have furnished labor or materials used in the performance of the Work.

6.02 *Insurance—General Provisions*

A. Owner and Contractor shall obtain and maintain insurance as required in this Article and in the Supplementary Conditions.

B. All insurance required by the Contract to be purchased and maintained by Owner or Contractor shall be obtained from insurance companies that are duly licensed or authorized, in the state or jurisdiction in which the Project is located, to issue insurance policies for the required limits and coverages. Unless a different standard is indicated in the Supplementary Conditions, all companies that provide insurance policies required under this Contract shall have an A.M. Best rating of A-VII or better.

C. Contractor shall deliver to Owner, with copies to each named insured and additional insured (as identified in this Article, in the Supplementary Conditions, or elsewhere in the Contract), certificates of insurance establishing that Contractor has obtained and is

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

maintaining the policies, coverages, and endorsements required by the Contract. Upon request by Owner or any other insured, Contractor shall also furnish other evidence of such required insurance, including but not limited to copies of policies and endorsements, and documentation of applicable self-insured retentions and deductibles. Contractor may block out (redact) any confidential premium or pricing information contained in any policy or endorsement furnished under this provision.

D. Owner shall deliver to Contractor, with copies to each named insured and additional insured (as identified in this Article, the Supplementary Conditions, or elsewhere in the Contract), certificates of insurance establishing that Owner has obtained and is maintaining the policies, coverages, and endorsements required of Owner by the Contract (if any). Upon request by Contractor or any other insured, Owner shall also provide other evidence of such required insurance (if any), including but not limited to copies of policies and endorsements, and documentation of applicable self-insured retentions and deductibles. Owner may block out (redact) any confidential premium or pricing information contained in any policy or endorsement furnished under this provision.

E. Failure of Owner or Contractor to demand such certificates or other evidence of the other party's full compliance with these insurance requirements, or failure of Owner or Contractor to identify a deficiency in compliance from the evidence provided, shall not be construed as a waiver of the other party's obligation to obtain and maintain such insurance.

F. If either party does not purchase or maintain all of the insurance required of such party by the Contract, such party shall notify the other party in writing of such failure to purchase prior to the start of the Work, or of such failure to maintain prior to any change in the required coverage.

G. If Contractor has failed to obtain and maintain required insurance, Owner may exclude the Contractor from the Site, impose an appropriate set-off against payment, and exercise Owner's termination rights under Article 16.

H. Without prejudice to any other right or remedy, if a party has failed to obtain required insurance, the other party may elect to obtain equivalent insurance to protect such other party's interests at the expense of the party who was required to provide such coverage, and the Contract Price shall be adjusted accordingly.

I. Owner does not represent that insurance coverage and limits established in this Contract necessarily will be adequate to protect Contractor or Contractor's interests.

J. The insurance and insurance limits required herein shall not be deemed as a limitation on Contractor's liability under the indemnities granted to Owner and other individuals and entities in the Contract.

6.03 *Contractor's Insurance*

A. *Workers' Compensation*: Contractor shall purchase and maintain workers' compensation and employer's liability insurance for:

1. claims under workers' compensation, disability benefits, and other similar employee benefit acts.

2. United States Longshoreman and Harbor Workers' Compensation Act and Jones Act coverage (if applicable).

3. claims for damages because of bodily injury, occupational sickness or disease, or death of Contractor's employees (by stop-gap endorsement in monopolist worker's compensation states).

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

4. Foreign voluntary worker compensation (if applicable).

B. *Commercial General Liability—Claims Covered*: Contractor shall purchase and maintain commercial general liability insurance, covering all operations by or on behalf of Contractor, on an occurrence basis, against:

1. claims for damages because of bodily injury, sickness or disease, or death of any person other than Contractor's employees.

2. claims for damages insured by reasonably available personal injury liability coverage.

3. claims for damages, other than to the Work itself, because of injury to or destruction of tangible property wherever located, including loss of use resulting therefrom.

C. *Commercial General Liability—Form and Content*: Contractor's commercial liability policy shall be written on a 1996 (or later) ISO commercial general liability form (occurrence form) and include the following coverages and endorsements:

1. Products and completed operations coverage:

a. Such insurance shall be maintained for three years after final payment.

b. Contractor shall furnish Owner and each other additional insured (as identified in the Supplementary Conditions or elsewhere in the Contract) evidence of continuation of such insurance at final payment and three years thereafter.

2. Blanket contractual liability coverage, to the extent permitted by law, including but not limited to coverage of Contractor's contractual indemnity obligations in Paragraph 7.18.

3. Broad form property damage coverage.

4. Severability of interest.

5. Underground, explosion, and collapse coverage.

6. Personal injury coverage.

7. Additional insured endorsements that include both ongoing operations and products and completed operations coverage through ISO Endorsements CG 20 10 10 01 and CG 20 37 10 01 (together); or CG 20 10 07 04 and CG 20 37 07 04 (together); or their equivalent.

8. For design professional additional insureds, ISO Endorsement CG 20 32 07 04, "Additional Insured—Engineers, Architects or Surveyors Not Engaged by the Named Insured" or its equivalent.

D. *Automobile liability*: Contractor shall purchase and maintain automobile liability insurance against claims for damages because of bodily injury or death of any person or property damage arising out of the ownership, maintenance, or use of any motor vehicle. The automobile liability policy shall be written on an occurrence basis.

E. *Umbrella or excess liability*: Contractor shall purchase and maintain umbrella or excess liability insurance written over the underlying employer's liability, commercial general liability, and automobile liability insurance described in the paragraphs above. Subject to industry-standard exclusions, the coverage afforded shall follow form as to each and every one of the underlying policies.

F. *Contractor's pollution liability insurance*: Contractor shall purchase and maintain a policy covering third-party injury and property damage claims, including clean-up costs, as a result

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

of pollution conditions arising from Contractor's operations and completed operations. This insurance shall be maintained for no less than three years after final completion.

G. *Additional insureds*: The Contractor's commercial general liability, automobile liability, umbrella or excess, and pollution liability policies shall include and list as additional insureds Owner and Engineer, and any individuals or entities identified in the Supplementary Conditions; include coverage for the respective officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of all such additional insureds; and the insurance afforded to these additional insureds shall provide primary coverage for all claims covered thereby (including as applicable those arising from both ongoing and completed operations) on a non-contributory basis. Contractor shall obtain all necessary endorsements to support these requirements.

H. *Contractor's professional liability insurance*: If Contractor will provide or furnish professional services under this Contract, through a delegation of professional design services or otherwise, then Contractor shall be responsible for purchasing and maintaining applicable professional liability insurance. This insurance shall provide protection against claims arising out of performance of professional design or related services, and caused by a negligent error, omission, or act for which the insured party is legally liable. It shall be maintained throughout the duration of the Contract and for a minimum of two years after Substantial Completion. If such professional design services are performed by a Subcontractor, and not by Contractor itself, then the requirements of this paragraph may be satisfied through the purchasing and maintenance of such insurance by such Subcontractor.

I. *General provisions*: The policies of insurance required by this Paragraph 6.03 shall:

1. include at least the specific coverages provided in this Article.

2. be written for not less than the limits of liability provided in this Article and in the Supplementary Conditions, or required by Laws or Regulations, whichever is greater.

3. contain a provision or endorsement that the coverage afforded will not be canceled, materially changed, or renewal refused until at least 10 days prior written notice has been given to Contractor. Within three days of receipt of any such written notice, Contractor shall provide a copy of the notice to Owner, Engineer, and each other insured under the policy.

4. remain in effect at least until final payment (and longer if expressly required in this Article) and at all times thereafter when Contractor may be correcting, removing, or replacing defective Work as a warranty or correction obligation, or otherwise, or returning to the Site to conduct other tasks arising from the Contract Documents.

5. be appropriate for the Work being performed and provide protection from claims that may arise out of or result from Contractor's performance of the Work and Contractor's other obligations under the Contract Documents, whether it is to be performed by Contractor, any Subcontractor or Supplier, or by anyone directly or indirectly employed by any of them to perform any of the Work, or by anyone for whose acts any of them may be liable.

J. The coverage requirements for specific policies of insurance must be met by such policies, and not by reference to excess or umbrella insurance provided in other policies.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

6.04 *Owner's Liability Insurance*

A. In addition to the insurance required to be provided by Contractor under Paragraph 6.03, Owner, at Owner's option, may purchase and maintain at Owner's expense Owner's own liability insurance as will protect Owner against claims which may arise from operations under the Contract Documents.

B. Owner's liability policies, if any, operate separately and independently from policies required to be provided by Contractor, and Contractor cannot rely upon Owner's liability policies for any of Contractor's obligations to the Owner, Engineer, or third parties.

6.05 *Property Insurance*

A. *Builder's Risk*: Unless otherwise provided in the Supplementary Conditions, Contractor shall purchase and maintain builder's risk insurance upon the Work on a completed value basis, in the amount of the full insurable replacement cost thereof (subject to such deductible amounts as may be provided in the Supplementary Conditions or required by Laws and Regulations). This insurance shall:

1. include the Owner and Contractor as named insureds, and all Subcontractors, and any individuals or entities required by the Supplementary Conditions to be insured under such builder's risk policy, as insureds or named insureds. For purposes of the remainder of this Paragraph 6.05, Paragraphs 6.06 and 6.07, and any corresponding Supplementary Conditions, the parties required to be insured shall collectively be referred to as "insureds."

2. be written on a builder's risk "all risk" policy form that shall at least include insurance for physical loss or damage to the Work, temporary buildings, falsework, and materials and equipment in transit, and shall insure against at least the following perils or causes of loss: fire; lightning; windstorm; riot; civil commotion; terrorism; vehicle impact; aircraft; smoke; theft; vandalism and malicious mischief; mechanical breakdown, boiler explosion, and artificially generated electric current; earthquake; volcanic activity, and other earth movement; flood; collapse; explosion; debris removal; demolition occasioned by enforcement of Laws and Regulations; water damage (other than that caused by flood); and such other perils or causes of loss as may be specifically required by the Supplementary Conditions. If insurance against mechanical breakdown, boiler explosion, and artificially generated electric current; earthquake; volcanic activity, and other earth movement; or flood, are not commercially available under builder's risk policies, by endorsement or otherwise, such insurance may be provided through other insurance policies acceptable to Owner and Contractor.

3. cover, as insured property, at least the following: (a) the Work and all materials, supplies, machinery, apparatus, equipment, fixtures, and other property of a similar nature that are to be incorporated into or used in the preparation, fabrication, construction, erection, or completion of the Work, including Owner-furnished or assigned property; (b) spare parts inventory required within the scope of the Contract; and (c) temporary works which are not intended to form part of the permanent constructed Work but which are intended to provide working access to the Site, or to the Work under construction, or which are intended to provide temporary support for the Work under construction, including scaffolding, form work, fences, shoring, falsework, and temporary structures.

4. cover expenses incurred in the repair or replacement of any insured property (including but not limited to fees and charges of engineers and architects).

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

5. extend to cover damage or loss to insured property while in temporary storage at the Site or in a storage location outside the Site (but not including property stored at the premises of a manufacturer or Supplier).

6. extend to cover damage or loss to insured property while in transit.

7. allow for partial occupation or use of the Work by Owner, such that those portions of the Work that are not yet occupied or used by Owner shall remain covered by the builder's risk insurance.

8. allow for the waiver of the insurer's subrogation rights, as set forth below.

9. provide primary coverage for all losses and damages caused by the perils or causes of loss covered.

10. not include a co-insurance clause.

11. include an exception for ensuing losses from physical damage or loss with respect to any defective workmanship, design, or materials exclusions.

12. include performance/hot testing and start-up.

13. be maintained in effect, subject to the provisions herein regarding Substantial Completion and partial occupancy or use of the Work by Owner, until the Work is complete.

B. *Notice of Cancellation or Change*: All the policies of insurance (and the certificates or other evidence thereof) required to be purchased and maintained in accordance with this Paragraph 6.05 will contain a provision or endorsement that the coverage afforded will not be canceled or materially changed or renewal refused until at least 10 days prior written notice has been given to the purchasing policyholder. Within three days of receipt of any such written notice, the purchasing policyholder shall provide a copy of the notice to each other insured.

C. *Deductibles*: The purchaser of any required builder's risk or property insurance shall pay for costs not covered because of the application of a policy deductible.

D. *Partial Occupancy or Use by Owner*: If Owner will occupy or use a portion or portions of the Work prior to Substantial Completion of all the Work as provided in Paragraph 15.04, then Owner (directly, if it is the purchaser of the builder's risk policy, or through Contractor) will provide notice of such occupancy or use to the builder's risk insurer. The builder's risk insurance shall not be canceled or permitted to lapse on account of any such partial use or occupancy; rather, those portions of the Work that are occupied or used by Owner may come off the builder's risk policy, while those portions of the Work not yet occupied or used by Owner shall remain covered by the builder's risk insurance.

E. *Additional Insurance*: If Contractor elects to obtain other special insurance to be included in or supplement the builder's risk or property insurance policies provided under this Paragraph 6.05, it may do so at Contractor's expense.

F. *Insurance of Other Property*: If the express insurance provisions of the Contract do not require or address the insurance of a property item or interest, such as tools, construction equipment, or other personal property owned by Contractor, a Subcontractor, or an employee of Contractor or a Subcontractor, then the entity or individual owning such property item will be responsible for deciding whether to insure it, and if so in what amount.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

6.06 *Waiver of Rights*

A. All policies purchased in accordance with Paragraph 6.05, expressly including the builder's risk policy, shall contain provisions to the effect that in the event of payment of any loss or damage the insurers will have no rights of recovery against any insureds thereunder, or against Engineer or its consultants, or their officers, directors, members, partners, employees, agents, consultants, or subcontractors. Owner and Contractor waive all rights against each other and the respective officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them, for all losses and damages caused by, arising out of, or resulting from any of the perils or causes of loss covered by such policies and any other property insurance applicable to the Work; and, in addition, waive all such rights against Engineer, its consultants, all Subcontractors, all individuals or entities identified in the Supplementary Conditions as insureds, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them, under such policies for losses and damages so caused. None of the above waivers shall extend to the rights that any party making such waiver may have to the proceeds of insurance held by Owner or Contractor as trustee or fiduciary, or otherwise payable under any policy so issued.

B. Owner waives all rights against Contractor, Subcontractors, and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them, for:

1. loss due to business interruption, loss of use, or other consequential loss extending beyond direct physical loss or damage to Owner's property or the Work caused by, arising out of, or resulting from fire or other perils whether or not insured by Owner; and

2. loss or damage to the completed Project or part thereof caused by, arising out of, or resulting from fire or other insured peril or cause of loss covered by any property insurance maintained on the completed Project or part thereof by Owner during partial occupancy or use pursuant to Paragraph 15.04, after Substantial Completion pursuant to Paragraph 15.03, or after final payment pursuant to Paragraph 15.06.

C. Any insurance policy maintained by Owner covering any loss, damage or consequential loss referred to in Paragraph 6.06.B shall contain provisions to the effect that in the event of payment of any such loss, damage, or consequential loss, the insurers will have no rights of recovery against Contractor, Subcontractors, or Engineer, or the officers, directors, members, partners, employees, agents, consultants, or subcontractors of each and any of them.

D. Contractor shall be responsible for assuring that the agreement under which a Subcontractor performs a portion of the Work contains provisions whereby the Subcontractor waives all rights against Owner, Contractor, all individuals or entities identified in the Supplementary Conditions as insureds, the Engineer and its consultants, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them, for all losses and damages caused by, arising out of, relating to, or resulting from any of the perils or causes of loss covered by builder's risk insurance and any other property insurance applicable to the Work.

6.07 *Receipt and Application of Property Insurance Proceeds*

A. Any insured loss under the builder's risk and other policies of insurance required by Paragraph 6.05 will be adjusted and settled with the named insured that purchased the

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

policy. Such named insured shall act as fiduciary for the other insureds, and give notice to such other insureds that adjustment and settlement of a claim is in progress. Any other insured may state its position regarding a claim for insured loss in writing within 15 days after notice of such claim.

B. Proceeds for such insured losses may be made payable by the insurer either jointly to multiple insureds, or to the named insured that purchased the policy in its own right and as fiduciary for other insureds, subject to the requirements of any applicable mortgage clause. A named insured receiving insurance proceeds under the builder's risk and other policies of insurance required by Paragraph 6.05 shall distribute such proceeds in accordance with such agreement as the parties in interest may reach, or as otherwise required under the dispute resolution provisions of this Contract or applicable Laws and Regulations.

C. If no other special agreement is reached, the damaged Work shall be repaired or replaced, the money so received applied on account thereof, and the Work and the cost thereof covered by Change Order, if needed.

ARTICLE 7 – CONTRACTOR'S RESPONSIBILITIES

7.01 *Supervision and Superintendence*

A. Contractor shall supervise, inspect, and direct the Work competently and efficiently, devoting such attention thereto and applying such skills and expertise as may be necessary to perform the Work in accordance with the Contract Documents. Contractor shall be solely responsible for the means, methods, techniques, sequences, and procedures of construction.

B. At all times during the progress of the Work, Contractor shall assign a competent resident superintendent who shall not be replaced without written notice to Owner and Engineer except under extraordinary circumstances.

7.02 *Labor; Working Hours*

A. Contractor shall provide competent, suitably qualified personnel to survey and lay out the Work and perform construction as required by the Contract Documents. Contractor shall at all times maintain good discipline and order at the Site.

B. Except as otherwise required for the safety or protection of persons or the Work or property at the Site or adjacent thereto, and except as otherwise stated in the Contract Documents, all Work at the Site shall only be performed during regular working hours, Monday through Friday. Contractor will not perform Work on a Saturday, Sunday, or any legal holiday. Contractor may perform Work outside regular working hours or on Saturdays, Sundays, or legal holidays only with Owner's written consent, which will not be unreasonably withheld.

7.03 *Services, Materials, and Equipment*

A. Unless otherwise specified in the Contract Documents, Contractor shall provide and assume full responsibility for all services, materials, equipment, labor, transportation, construction equipment and machinery, tools, appliances, fuel, power, light, heat, telephone, water, sanitary facilities, temporary facilities, and all other facilities and incidentals necessary for the performance, testing, start up, and completion of the Work, whether or not such items are specifically called for in the Contract Documents.

B. All materials and equipment incorporated into the Work shall be of good quality and new, except as otherwise provided in the Contract Documents. All special warranties and

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

guarantees required by the Specifications shall expressly run to the benefit of Owner. If required by Engineer, Contractor shall furnish satisfactory evidence (including reports of required tests) as to the source, kind, and quality of materials and equipment.

C. All materials and equipment shall be stored, applied, installed, connected, erected, protected, used, cleaned, and conditioned in accordance with instructions of the applicable Supplier, except as otherwise may be provided in the Contract Documents.

7.04 *"Or Equals"*

A. Whenever an item of material or equipment is specified or described in the Contract Documents by using the name of a proprietary item or the name of a particular Supplier, the Contract Price has been based upon Contractor furnishing such item as specified. The specification or description of such an item is intended to establish the type, function, appearance, and quality required. Unless the specification or description contains or is followed by words reading that no like, equivalent, or "or equal" item is permitted, Contractor may request that Engineer authorize the use of other items of material or equipment, or items from other proposed suppliers under the circumstances described below.

1. If Engineer in its sole discretion determines that an item of material or equipment proposed by Contractor is functionally equal to that named and sufficiently similar so that no change in related Work will be required, Engineer shall deem it an "or equal" item. For the purposes of this paragraph, a proposed item of material or equipment will be considered functionally equal to an item so named if:

a. in the exercise of reasonable judgment Engineer determines that:

1) it is at least equal in materials of construction, quality, durability, appearance, strength, and design characteristics;

2) it will reliably perform at least equally well the function and achieve the results imposed by the design concept of the completed Project as a functioning whole;

3) it has a proven record of performance and availability of responsive service; and

4) it is not objectionable to Owner.

b. Contractor certifies that, if approved and incorporated into the Work:

1) there will be no increase in cost to the Owner or increase in Contract Times; and

2) it will conform substantially to the detailed requirements of the item named in the Contract Documents.

B. *Contractor's Expense*: Contractor shall provide all data in support of any proposed "or equal" item at Contractor's expense.

C. *Engineer's Evaluation and Determination*: Engineer will be allowed a reasonable time to evaluate each "or-equal" request. Engineer may require Contractor to furnish additional data about the proposed "or-equal" item. Engineer will be the sole judge of acceptability. No "or-equal" item will be ordered, furnished, installed, or utilized until Engineer's review is complete and Engineer determines that the proposed item is an "or-equal", which will be evidenced by an approved Shop Drawing or other written communication. Engineer will advise Contractor in writing of any negative determination.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

D. *Effect of Engineer's Determination*: Neither approval nor denial of an "or-equal" request shall result in any change in Contract Price. The Engineer's denial of an "or-equal" request shall be final and binding, and may not be reversed through an appeal under any provision of the Contract Documents.

E. *Treatment as a Substitution Request*: If Engineer determines that an item of material or equipment proposed by Contractor does not qualify as an "or-equal" item, Contractor may request that Engineer considered the proposed item as a substitute pursuant to Paragraph 7.05.

7.05 *Substitutes*

A. Unless the specification or description of an item of material or equipment required to be furnished under the Contract Documents contains or is followed by words reading that no substitution is permitted, Contractor may request that Engineer authorize the use of other items of material or equipment under the circumstances described below. To the extent possible such requests shall be made before commencement of related construction at the Site.

1. Contractor shall submit sufficient information as provided below to allow Engineer to determine if the item of material or equipment proposed is functionally equivalent to that named and an acceptable substitute therefor. Engineer will not accept requests for review of proposed substitute items of material or equipment from anyone other than Contractor.

2. The requirements for review by Engineer will be as set forth in Paragraph 7.05.B, as supplemented by the Specifications, and as Engineer may decide is appropriate under the circumstances.

3. Contractor shall make written application to Engineer for review of a proposed substitute item of material or equipment that Contractor seeks to furnish or use. The application:

a. shall certify that the proposed substitute item will:

1) perform adequately the functions and achieve the results called for by the general design,

2) be similar in substance to that specified, and

3) be suited to the same use as that specified.

b. will state:

1) the extent, if any, to which the use of the proposed substitute item will necessitate a change in Contract Times,

2) whether use of the proposed substitute item in the Work will require a change in any of the Contract Documents (or in the provisions of any other direct contract with Owner for other work on the Project) to adapt the design to the proposed substitute item, and

3) whether incorporation or use of the proposed substitute item in connection with the Work is subject to payment of any license fee or royalty.

c. will identify:

1) all variations of the proposed substitute item from that specified, and

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2) available engineering, sales, maintenance, repair, and replacement services.

d. shall contain an itemized estimate of all costs or credits that will result directly or indirectly from use of such substitute item, including but not limited to changes in Contract Price, shared savings, costs of redesign, and claims of other contractors affected by any resulting change.

B. *Engineer's Evaluation and Determination*: Engineer will be allowed a reasonable time to evaluate each substitute request, and to obtain comments and direction from Owner. Engineer may require Contractor to furnish additional data about the proposed substitute item. Engineer will be the sole judge of acceptability. No substitute will be ordered, furnished, installed, or utilized until Engineer's review is complete and Engineer determines that the proposed item is an acceptable substitute. Engineer's determination will be evidenced by a Field Order or a proposed Change Order accounting for the substitution itself and all related impacts, including changes in Contract Price or Contract Times. Engineer will advise Contractor in writing of any negative determination.

C. *Special Guarantee*: Owner may require Contractor to furnish at Contractor's expense a special performance guarantee or other surety with respect to any substitute.

D. *Reimbursement of Engineer's Cost*: Engineer will record Engineer's costs in evaluating a substitute proposed or submitted by Contractor. Whether or not Engineer approves a substitute so proposed or submitted by Contractor, Contractor shall reimburse Owner for the reasonable charges of Engineer for evaluating each such proposed substitute. Contractor shall also reimburse Owner for the reasonable charges of Engineer for making changes in the Contract Documents (or in the provisions of any other direct contract with Owner) resulting from the acceptance of each proposed substitute.

E. *Contractor's Expense*: Contractor shall provide all data in support of any proposed substitute at Contractor's expense.

F. *Effect of Engineer's Determination*: If Engineer approves the substitution request, Contractor shall execute the proposed Change Order and proceed with the substitution. The Engineer's denial of a substitution request shall be final and binding, and may not be reversed through an appeal under any provision of the Contract Documents. Contractor may challenge the scope of reimbursement costs imposed under Paragraph 7.05.D, by timely submittal of a Change Proposal.

7.06 *Concerning Subcontractors, Suppliers, and Others*

A. Contractor may retain Subcontractors and Suppliers for the performance of parts of the Work. Such Subcontractors and Suppliers must be acceptable to Owner.

B. Contractor shall retain specific Subcontractors, Suppliers, or other individuals or entities for the performance of designated parts of the Work if required by the Contract to do so.

C. Subsequent to the submittal of Contractor's Bid or final negotiation of the terms of the Contract, Owner may not require Contractor to retain any Subcontractor, Supplier, or other individual or entity to furnish or perform any of the Work against which Contractor has reasonable objection.

D. Prior to entry into any binding subcontract or purchase order, Contractor shall submit to Owner the identity of the proposed Subcontractor or Supplier (unless Owner has already deemed such proposed Subcontractor or Supplier acceptable, during the bidding process or otherwise). Such proposed Subcontractor or Supplier shall be deemed acceptable to Owner unless Owner raises a substantive, reasonable objection within five days.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

E. Owner may require the replacement of any Subcontractor, Supplier, or other individual or entity retained by Contractor to perform any part of the Work. Owner also may require Contractor to retain specific replacements; provided, however, that Owner may not require a replacement to which Contractor has a reasonable objection. If Contractor has submitted the identity of certain Subcontractors, Suppliers, or other individuals or entities for acceptance by Owner, and Owner has accepted it (either in writing or by failing to make written objection thereto), then Owner may subsequently revoke the acceptance of any such Subcontractor, Supplier, or other individual or entity so identified solely on the basis of substantive, reasonable objection after due investigation. Contractor shall submit an acceptable replacement for the rejected Subcontractor, Supplier, or other individual or entity.

F. If Owner requires the replacement of any Subcontractor, Supplier, or other individual or entity retained by Contractor to perform any part of the Work, then Contractor shall be entitled to an adjustment in Contract Price or Contract Times, or both, with respect to the replacement; and Contractor shall initiate a Change Proposal for such adjustment within 30 days of Owner's requirement of replacement.

G. No acceptance by Owner of any such Subcontractor, Supplier, or other individual or entity, whether initially or as a replacement, shall constitute a waiver of the right of Owner to the completion of the Work in accordance with the Contract Documents.

H. On a monthly basis Contractor shall submit to Engineer a complete list of all Subcontractors and Suppliers having a direct contract with Contractor, and of all other Subcontractors and Suppliers known to Contractor at the time of submittal.

I. Contractor shall be fully responsible to Owner and Engineer for all acts and omissions of the Subcontractors, Suppliers, and other individuals or entities performing or furnishing any of the Work just as Contractor is responsible for Contractor's own acts and omissions.

J. Contractor shall be solely responsible for scheduling and coordinating the work of Subcontractors, Suppliers, and all other individuals or entities performing or furnishing any of the Work.

K. Contractor shall restrict all Subcontractors, Suppliers, and such other individuals or entities performing or furnishing any of the Work from communicating with Engineer or Owner, except through Contractor or in case of an emergency, or as otherwise expressly allowed herein.

L. The divisions and sections of the Specifications and the identifications of any Drawings shall not control Contractor in dividing the Work among Subcontractors or Suppliers or delineating the Work to be performed by any specific trade.

M. All Work performed for Contractor by a Subcontractor or Supplier shall be pursuant to an appropriate contractual agreement that specifically binds the Subcontractor or Supplier to the applicable terms and conditions of the Contract Documents for the benefit of Owner and Engineer.

N. Owner may furnish to any Subcontractor or Supplier, to the extent practicable, information about amounts paid to Contractor on account of Work performed for Contractor by the particular Subcontractor or Supplier.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

O. Nothing in the Contract Documents:

1. shall create for the benefit of any such Subcontractor, Supplier, or other individual or entity any contractual relationship between Owner or Engineer and any such Subcontractor, Supplier, or other individual or entity; nor

2. shall create any obligation on the part of Owner or Engineer to pay or to see to the payment of any money due any such Subcontractor, Supplier, or other individual or entity except as may otherwise be required by Laws and Regulations.

7.07 *Patent Fees and Royalties*

A. Contractor shall pay all license fees and royalties and assume all costs incident to the use in the performance of the Work or the incorporation in the Work of any invention, design, process, product, or device which is the subject of patent rights or copyrights held by others. If a particular invention, design, process, product, or device is specified in the Contract Documents for use in the performance of the Work and if, to the actual knowledge of Owner or Engineer, its use is subject to patent rights or copyrights calling for the payment of any license fee or royalty to others, the existence of such rights shall be disclosed by Owner in the Contract Documents.

B. To the fullest extent permitted by Laws and Regulations, Owner shall indemnify and hold harmless Contractor, and its officers, directors, members, partners, employees, agents, consultants, and subcontractors from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals, and all court or arbitration or other dispute resolution costs) arising out of or relating to any infringement of patent rights or copyrights incident to the use in the performance of the Work or resulting from the incorporation in the Work of any invention, design, process, product, or device specified in the Contract Documents, but not identified as being subject to payment of any license fee or royalty to others required by patent rights or copyrights.

C. To the fullest extent permitted by Laws and Regulations, Contractor shall indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to any infringement of patent rights or copyrights incident to the use in the performance of the Work or resulting from the incorporation in the Work of any invention, design, process, product, or device not specified in the Contract Documents.

7.08 *Permits*

A. Unless otherwise provided in the Contract Documents, Contractor shall obtain and pay for all construction permits and licenses. Owner shall assist Contractor, when necessary, in obtaining such permits and licenses. Contractor shall pay all governmental charges and inspection fees necessary for the prosecution of the Work which are applicable at the time of the submission of Contractor's Bid (or when Contractor became bound under a negotiated contract). Owner shall pay all charges of utility owners for connections for providing permanent service to the Work

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

7.09 *Taxes*

A. Contractor shall pay all sales, consumer, use, and other similar taxes required to be paid by Contractor in accordance with the Laws and Regulations of the place of the Project which are applicable during the performance of the Work.

7.10 *Laws and Regulations*

A. Contractor shall give all notices required by and shall comply with all Laws and Regulations applicable to the performance of the Work. Except where otherwise expressly required by applicable Laws and Regulations, neither Owner nor Engineer shall be responsible for monitoring Contractor's compliance with any Laws or Regulations.

B. If Contractor performs any Work or takes any other action knowing or having reason to know that it is contrary to Laws or Regulations, Contractor shall bear all resulting costs and losses, and shall indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such Work or other action. It shall not be Contractor's responsibility to make certain that the Work described in the Contract Documents is in accordance with Laws and Regulations, but this shall not relieve Contractor of Contractor's obligations under Paragraph 3.03.

C. Owner or Contractor may give notice to the other party of any changes after the submission of Contractor's Bid (or after the date when Contractor became bound under a negotiated contract) in Laws or Regulations having an effect on the cost or time of performance of the Work, including but not limited to changes in Laws or Regulations having an effect on procuring permits and on sales, use, value-added, consumption, and other similar taxes. If Owner and Contractor are unable to agree on entitlement to or on the amount or extent, if any, of any adjustment in Contract Price or Contract Times resulting from such changes, then within 30 days of such notice Contractor may submit a Change Proposal, or Owner may initiate a Claim.

7.11 *Record Documents*

A. Contractor shall maintain in a safe place at the Site one printed record copy of all Drawings, Specifications, Addenda, Change Orders, Work Change Directives, Field Orders, written interpretations and clarifications, and approved Shop Drawings. Contractor shall keep such record documents in good order and annotate them to show changes made during construction. These record documents, together with all approved Samples, will be available to Engineer for reference. Upon completion of the Work, Contractor shall deliver these record documents to Engineer.

7.12 *Safety and Protection*

A. Contractor shall be solely responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the Work. Such responsibility does not relieve Subcontractors of their responsibility for the safety of persons or property in the performance of their work, nor for compliance with applicable safety Laws and Regulations. Contractor shall take all necessary precautions for the safety of, and shall provide the necessary protection to prevent damage, injury, or loss to:

1. all persons on the Site or who may be affected by the Work;

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. all the Work and materials and equipment to be incorporated therein, whether in storage on or off the Site; and

3. other property at the Site or adjacent thereto, including trees, shrubs, lawns, walks, pavements, roadways, structures, other work in progress, utilities, and Underground Facilities not designated for removal, relocation, or replacement in the course of construction.

B. Contractor shall comply with all applicable Laws and Regulations relating to the safety of persons or property, or to the protection of persons or property from damage, injury, or loss; and shall erect and maintain all necessary safeguards for such safety and protection. Contractor shall notify Owner; the owners of adjacent property, Underground Facilities, and other utilities; and other contractors and utility owners performing work at or adjacent to the Site, when prosecution of the Work may affect them, and shall cooperate with them in the protection, removal, relocation, and replacement of their property or work in progress.

C. Contractor shall comply with the applicable requirements of Owner's safety programs, if any. The Supplementary Conditions identify any Owner's safety programs that are applicable to the Work.

D. Contractor shall inform Owner and Engineer of the specific requirements of Contractor's safety program with which Owner's and Engineer's employees and representatives must comply while at the Site.

E. All damage, injury, or loss to any property referred to in Paragraph 7.12.A.2 or 7.12.A.3 caused, directly or indirectly, in whole or in part, by Contractor, any Subcontractor, Supplier, or any other individual or entity directly or indirectly employed by any of them to perform any of the Work, or anyone for whose acts any of them may be liable, shall be remedied by Contractor at its expense (except damage or loss attributable to the fault of Drawings or Specifications or to the acts or omissions of Owner or Engineer or anyone employed by any of them, or anyone for whose acts any of them may be liable, and not attributable, directly or indirectly, in whole or in part, to the fault or negligence of Contractor or any Subcontractor, Supplier, or other individual or entity directly or indirectly employed by any of them).

F. Contractor's duties and responsibilities for safety and protection shall continue until such time as all the Work is completed and Engineer has issued a notice to Owner and Contractor in accordance with Paragraph 15.06.B that the Work is acceptable (except as otherwise expressly provided in connection with Substantial Completion).

G. Contractor's duties and responsibilities for safety and protection shall resume whenever Contractor or any Subcontractor or Supplier returns to the Site to fulfill warranty or correction obligations, or to conduct other tasks arising from the Contract Documents.

7.13 *Safety Representative*

A. Contractor shall designate a qualified and experienced safety representative at the Site whose duties and responsibilities shall be the prevention of accidents and the maintaining and supervising of safety precautions and programs.

7.14 *Hazard Communication Programs*

A. Contractor shall be responsible for coordinating any exchange of material safety data sheets or other hazard communication information required to be made available to or

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

exchanged between or among employers at the Site in accordance with Laws or Regulations.

7.15 *Emergencies*

A. In emergencies affecting the safety or protection of persons or the Work or property at the Site or adjacent thereto, Contractor is obligated to act to prevent threatened damage, injury, or loss. Contractor shall give Engineer prompt written notice if Contractor believes that any significant changes in the Work or variations from the Contract Documents have been caused thereby or are required as a result thereof. If Engineer determines that a change in the Contract Documents is required because of the action taken by Contractor in response to such an emergency, a Work Change Directive or Change Order will be issued.

7.16 *Shop Drawings, Samples, and Other Submittals*

A. *Shop Drawing and Sample Submittal Requirements*:

1. Before submitting a Shop Drawing or Sample, Contractor shall have:

a. reviewed and coordinated the Shop Drawing or Sample with other Shop Drawings and Samples and with the requirements of the Work and the Contract Documents;

b. determined and verified all field measurements, quantities, dimensions, specified performance and design criteria, installation requirements, materials, catalog numbers, and similar information with respect thereto;

c. determined and verified the suitability of all materials and equipment offered with respect to the indicated application, fabrication, shipping, handling, storage, assembly, and installation pertaining to the performance of the Work; and

d. determined and verified all information relative to Contractor's responsibilities for means, methods, techniques, sequences, and procedures of construction, and safety precautions and programs incident thereto.

2. Each submittal shall bear a stamp or specific written certification that Contractor has satisfied Contractor's obligations under the Contract Documents with respect to Contractor's review of that submittal, and that Contractor approves the submittal.

3. With each submittal, Contractor shall give Engineer specific written notice of any variations that the Shop Drawing or Sample may have from the requirements of the Contract Documents. This notice shall be set forth in a written communication separate from the Shop Drawings or Sample submittal; and, in addition, in the case of Shop Drawings by a specific notation made on each Shop Drawing submitted to Engineer for review and approval of each such variation.

B. *Submittal Procedures for Shop Drawings and Samples*: Contractor shall submit Shop Drawings and Samples to Engineer for review and approval in accordance with the accepted Schedule of Submittals. Each submittal will be identified as Engineer may require.

1. *Shop Drawings*:

a. Contractor shall submit the number of copies required in the Specifications.

b. Data shown on the Shop Drawings will be complete with respect to quantities, dimensions, specified performance and design criteria, materials, and similar data to show Engineer the services, materials, and equipment Contractor proposes to

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

provide and to enable Engineer to review the information for the limited purposes required by Paragraph 7.16.D.

2. *Samples*:

   a. Contractor shall submit the number of Samples required in the Specifications.

   b. Contractor shall clearly identify each Sample as to material, Supplier, pertinent data such as catalog numbers, the use for which intended and other data as Engineer may require to enable Engineer to review the submittal for the limited purposes required by Paragraph 7.16.D.

3. Where a Shop Drawing or Sample is required by the Contract Documents or the Schedule of Submittals, any related Work performed prior to Engineer's review and approval of the pertinent submittal will be at the sole expense and responsibility of Contractor.

C. *Other Submittals*: Contractor shall submit other submittals to Engineer in accordance with the accepted Schedule of Submittals, and pursuant to the applicable terms of the Specifications.

D. *Engineer's Review*:

1. Engineer will provide timely review of Shop Drawings and Samples in accordance with the Schedule of Submittals acceptable to Engineer. Engineer's review and approval will be only to determine if the items covered by the submittals will, after installation or incorporation in the Work, conform to the information given in the Contract Documents and be compatible with the design concept of the completed Project as a functioning whole as indicated by the Contract Documents.

2. Engineer's review and approval will not extend to means, methods, techniques, sequences, or procedures of construction or to safety precautions or programs incident thereto.

3. Engineer's review and approval of a separate item as such will not indicate approval of the assembly in which the item functions.

4. Engineer's review and approval of a Shop Drawing or Sample shall not relieve Contractor from responsibility for any variation from the requirements of the Contract Documents unless Contractor has complied with the requirements of Paragraph 7.16.A.3 and Engineer has given written approval of each such variation by specific written notation thereof incorporated in or accompanying the Shop Drawing or Sample. Engineer will document any such approved variation from the requirements of the Contract Documents in a Field Order.

5. Engineer's review and approval of a Shop Drawing or Sample shall not relieve Contractor from responsibility for complying with the requirements of Paragraph 7.16.A and B.

6. Engineer's review and approval of a Shop Drawing or Sample, or of a variation from the requirements of the Contract Documents, shall not, under any circumstances, change the Contract Times or Contract Price, unless such changes are included in a Change Order.

7. Neither Engineer's receipt, review, acceptance or approval of a Shop Drawing, Sample, or other submittal shall result in such item becoming a Contract Document.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

8. Contractor shall perform the Work in compliance with the requirements and commitments set forth in approved Shop Drawings and Samples, subject to the provisions of Paragraph 7.16.D.4.

E. *Resubmittal Procedures*:

1. Contractor shall make corrections required by Engineer and shall return the required number of corrected copies of Shop Drawings and submit, as required, new Samples for review and approval. Contractor shall direct specific attention in writing to revisions other than the corrections called for by Engineer on previous submittals.

2. Contractor shall furnish required submittals with sufficient information and accuracy to obtain required approval of an item with no more than three submittals. Engineer will record Engineer's time for reviewing a fourth or subsequent submittal of a Shop Drawings, sample, or other item requiring approval, and Contractor shall be responsible for Engineer's charges to Owner for such time. Owner may impose a set-off against payments due to Contractor to secure reimbursement for such charges.

3. If Contractor requests a change of a previously approved submittal item, Contractor shall be responsible for Engineer's charges to Owner for its review time, and Owner may impose a set-off against payments due to Contractor to secure reimbursement for such charges, unless the need for such change is beyond the control of Contractor.

7.17 *Contractor's General Warranty and Guarantee*

A. Contractor warrants and guarantees to Owner that all Work will be in accordance with the Contract Documents and will not be defective. Engineer and its officers, directors, members, partners, employees, agents, consultants, and subcontractors shall be entitled to rely on Contractor's warranty and guarantee.

B. Contractor's warranty and guarantee hereunder excludes defects or damage caused by:

1. abuse, modification, or improper maintenance or operation by persons other than Contractor, Subcontractors, Suppliers, or any other individual or entity for whom Contractor is responsible; or

2. normal wear and tear under normal usage.

C. Contractor's obligation to perform and complete the Work in accordance with the Contract Documents shall be absolute. None of the following will constitute an acceptance of Work that is not in accordance with the Contract Documents or a release of Contractor's obligation to perform the Work in accordance with the Contract Documents:

1. observations by Engineer;

2. recommendation by Engineer or payment by Owner of any progress or final payment;

3. the issuance of a certificate of Substantial Completion by Engineer or any payment related thereto by Owner;

4. use or occupancy of the Work or any part thereof by Owner;

5. any review and approval of a Shop Drawing or Sample submittal;

6. the issuance of a notice of acceptability by Engineer;

7. any inspection, test, or approval by others; or

8. any correction of defective Work by Owner.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

D. If the Contract requires the Contractor to accept the assignment of a contract entered into by Owner, then the specific warranties, guarantees, and correction obligations contained in the assigned contract shall govern with respect to Contractor's performance obligations to Owner for the Work described in the assigned contract.

7.18 *Indemnification*

A. To the fullest extent permitted by Laws and Regulations, and in addition to any other obligations of Contractor under the Contract or otherwise, Contractor shall indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to the performance of the Work, provided that any such claim, cost, loss, or damage is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom but only to the extent caused by any negligent act or omission of Contractor, any Subcontractor, any Supplier, or any individual or entity directly or indirectly employed by any of them to perform any of the Work or anyone for whose acts any of them may be liable.

B. In any and all claims against Owner or Engineer or any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors by any employee (or the survivor or personal representative of such employee) of Contractor, any Subcontractor, any Supplier, or any individual or entity directly or indirectly employed by any of them to perform any of the Work, or anyone for whose acts any of them may be liable, the indemnification obligation under Paragraph 7.18.A shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for Contractor or any such Subcontractor, Supplier, or other individual or entity under workers' compensation acts, disability benefit acts, or other employee benefit acts.

C. The indemnification obligations of Contractor under Paragraph 7.18.A shall not extend to the liability of Engineer and Engineer's officers, directors, members, partners, employees, agents, consultants and subcontractors arising out of:

1. the preparation or approval of, or the failure to prepare or approve maps, Drawings, opinions, reports, surveys, Change Orders, designs, or Specifications; or

2. giving directions or instructions, or failing to give them, if that is the primary cause of the injury or damage.

7.19 *Delegation of Professional Design Services*

A. Contractor will not be required to provide professional design services unless such services are specifically required by the Contract Documents for a portion of the Work or unless such services are required to carry out Contractor's responsibilities for construction means, methods, techniques, sequences and procedures. Contractor shall not be required to provide professional services in violation of applicable Laws and Regulations.

B. If professional design services or certifications by a design professional related to systems, materials, or equipment are specifically required of Contractor by the Contract Documents, Owner and Engineer will specify all performance and design criteria that such services must satisfy. Contractor shall cause such services or certifications to be provided by a properly licensed professional, whose signature and seal shall appear on all drawings, calculations, specifications, certifications, and other submittals prepared by such professional. Shop

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

Drawings and other submittals related to the Work designed or certified by such professional, if prepared by others, shall bear such professional's written approval when submitted to Engineer.

C. Owner and Engineer shall be entitled to rely upon the adequacy, accuracy, and completeness of the services, certifications, or approvals performed by such design professionals, provided Owner and Engineer have specified to Contractor all performance and design criteria that such services must satisfy.

D. Pursuant to this paragraph, Engineer's review and approval of design calculations and design drawings will be only for the limited purpose of checking for conformance with performance and design criteria given and the design concept expressed in the Contract Documents. Engineer's review and approval of Shop Drawings and other submittals (except design calculations and design drawings) will be only for the purpose stated in Paragraph 7.16.D.1.

E. Contractor shall not be responsible for the adequacy of the performance or design criteria specified by Owner or Engineer.

ARTICLE 8 – OTHER WORK AT THE SITE

8.01 *Other Work*

A. In addition to and apart from the Work under the Contract Documents, the Owner may perform other work at or adjacent to the Site. Such other work may be performed by Owner's employees, or through contracts between the Owner and third parties. Owner may also arrange to have third-party utility owners perform work on their utilities and facilities at or adjacent to the Site.

B. If Owner performs other work at or adjacent to the Site with Owner's employees, or through contracts for such other work, then Owner shall give Contractor written notice thereof prior to starting any such other work. If Owner has advance information regarding the start of any utility work at or adjacent to the Site, Owner shall provide such information to Contractor.

C. Contractor shall afford each other contractor that performs such other work, each utility owner performing other work, and Owner, if Owner is performing other work with Owner's employees, proper and safe access to the Site, and provide a reasonable opportunity for the introduction and storage of materials and equipment and the execution of such other work. Contractor shall do all cutting, fitting, and patching of the Work that may be required to properly connect or otherwise make its several parts come together and properly integrate with such other work. Contractor shall not endanger any work of others by cutting, excavating, or otherwise altering such work; provided, however, that Contractor may cut or alter others' work with the written consent of Engineer and the others whose work will be affected.

D. If the proper execution or results of any part of Contractor's Work depends upon work performed by others under this Article 8, Contractor shall inspect such other work and promptly report to Engineer in writing any delays, defects, or deficiencies in such other work that render it unavailable or unsuitable for the proper execution and results of Contractor's Work. Contractor's failure to so report will constitute an acceptance of such other work as fit and proper for integration with Contractor's Work except for latent defects and deficiencies in such other work.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

8.02 *Coordination*

A. If Owner intends to contract with others for the performance of other work at or adjacent to the Site, to perform other work at or adjacent to the Site with Owner's employees, or to arrange to have utility owners perform work at or adjacent to the Site, the following will be set forth in the Supplementary Conditions or provided to Contractor prior to the start of any such other work:

1. the identity of the individual or entity that will have authority and responsibility for coordination of the activities among the various contractors;

2. an itemization of the specific matters to be covered by such authority and responsibility; and

3. the extent of such authority and responsibilities.

B. Unless otherwise provided in the Supplementary Conditions, Owner shall have sole authority and responsibility for such coordination.

8.03 *Legal Relationships*

A. If, in the course of performing other work at or adjacent to the Site for Owner, the Owner's employees, any other contractor working for Owner, or any utility owner for whom the Owner is responsible causes damage to the Work or to the property of Contractor or its Subcontractors, or delays, disrupts, interferes with, or increases the scope or cost of the performance of the Work, through actions or inaction, then Contractor shall be entitled to an equitable adjustment in the Contract Price or the Contract Times, or both. Contractor must submit any Change Proposal seeking an equitable adjustment in the Contract Price or the Contract Times under this paragraph within 30 days of the damaging, delaying, disrupting, or interfering event. The entitlement to, and extent of, any such equitable adjustment shall take into account information (if any) regarding such other work that was provided to Contractor in the Contract Documents prior to the submittal of the Bid or the final negotiation of the terms of the Contract. When applicable, any such equitable adjustment in Contract Price shall be conditioned on Contractor assigning to Owner all Contractor's rights against such other contractor or utility owner with respect to the damage, delay, disruption, or interference that is the subject of the adjustment. Contractor's entitlement to an adjustment of the Contract Times is conditioned on such adjustment being essential to Contractor's ability to complete the Work within the Contract Times.

B. Contractor shall take reasonable and customary measures to avoid damaging, delaying, disrupting, or interfering with the work of Owner, any other contractor, or any utility owner performing other work at or adjacent to the Site. If Contractor fails to take such measures and as a result damages, delays, disrupts, or interferes with the work of any such other contractor or utility owner, then Owner may impose a set-off against payments due to Contractor, and assign to such other contractor or utility owner the Owner's contractual rights against Contractor with respect to the breach of the obligations set forth in this paragraph.

C. When Owner is performing other work at or adjacent to the Site with Owner's employees, Contractor shall be liable to Owner for damage to such other work, and for the reasonable direct delay, disruption, and interference costs incurred by Owner as a result of Contractor's failure to take reasonable and customary measures with respect to Owner's other work. In response to such damage, delay, disruption, or interference, Owner may impose a set-off against payments due to Contractor.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

D. If Contractor damages, delays, disrupts, or interferes with the work of any other contractor, or any utility owner performing other work at or adjacent to the Site, through Contractor's failure to take reasonable and customary measures to avoid such impacts, or if any claim arising out of Contractor's actions, inactions, or negligence in performance of the Work at or adjacent to the Site is made by any such other contractor or utility owner against Contractor, Owner, or Engineer, then Contractor shall (1) promptly attempt to settle the claim as to all parties through negotiations with such other contractor or utility owner, or otherwise resolve the claim by arbitration or other dispute resolution proceeding or at law, and (2) indemnify and hold harmless Owner and Engineer, and the officers, directors, members, partners, employees, agents, consultants and subcontractors of each and any of them from and against any such claims, and against all costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such damage, delay, disruption, or interference.

ARTICLE 9 – OWNER'S RESPONSIBILITIES

9.01 *Communications to Contractor*

A. Except as otherwise provided in these General Conditions, Owner shall issue all communications to Contractor through Engineer.

9.02 *Replacement of Engineer*

A. Owner may at its discretion appoint an engineer to replace Engineer, provided Contractor makes no reasonable objection to the replacement engineer. The replacement engineer's status under the Contract Documents shall be that of the former Engineer.

9.03 *Furnish Data*

A. Owner shall promptly furnish the data required of Owner under the Contract Documents.

9.04 *Pay When Due*

A. Owner shall make payments to Contractor when they are due as provided in the Agreement.

9.05 *Lands and Easements; Reports, Tests, and Drawings*

A. Owner's duties with respect to providing lands and easements are set forth in Paragraph 5.01.

B. Owner's duties with respect to providing engineering surveys to establish reference points are set forth in Paragraph 4.03.

C. Article 5 refers to Owner's identifying and making available to Contractor copies of reports of explorations and tests of conditions at the Site, and drawings of physical conditions relating to existing surface or subsurface structures at the Site.

9.06 *Insurance*

A. Owner's responsibilities, if any, with respect to purchasing and maintaining liability and property insurance are set forth in Article 6.

9.07 *Change Orders*

A. Owner's responsibilities with respect to Change Orders are set forth in Article 11.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

9.08 *Inspections, Tests, and Approvals*

A. Owner's responsibility with respect to certain inspections, tests, and approvals is set forth in Paragraph 14.02.B.

9.09 *Limitations on Owner's Responsibilities*

A. The Owner shall not supervise, direct, or have control or authority over, nor be responsible for, Contractor's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of Contractor to comply with Laws and Regulations applicable to the performance of the Work. Owner will not be responsible for Contractor's failure to perform the Work in accordance with the Contract Documents.

9.10 *Undisclosed Hazardous Environmental Condition*

A. Owner's responsibility in respect to an undisclosed Hazardous Environmental Condition is set forth in Paragraph 5.06.

9.11 *Evidence of Financial Arrangements*

A. Upon request of Contractor, Owner shall furnish Contractor reasonable evidence that financial arrangements have been made to satisfy Owner's obligations under the Contract Documents (including obligations under proposed changes in the Work).

9.12 *Safety Programs*

A. While at the Site, Owner's employees and representatives shall comply with the specific applicable requirements of Contractor's safety programs of which Owner has been informed.

B. Owner shall furnish copies of any applicable Owner safety programs to Contractor.

ARTICLE 10 – ENGINEER'S STATUS DURING CONSTRUCTION

10.01 *Owner's Representative*

A. Engineer will be Owner's representative during the construction period. The duties and responsibilities and the limitations of authority of Engineer as Owner's representative during construction are set forth in the Contract.

10.02 *Visits to Site*

A. Engineer will make visits to the Site at intervals appropriate to the various stages of construction as Engineer deems necessary in order to observe as an experienced and qualified design professional the progress that has been made and the quality of the various aspects of Contractor's executed Work. Based on information obtained during such visits and observations, Engineer, for the benefit of Owner, will determine, in general, if the Work is proceeding in accordance with the Contract Documents. Engineer will not be required to make exhaustive or continuous inspections on the Site to check the quality or quantity of the Work. Engineer's efforts will be directed toward providing for Owner a greater degree of confidence that the completed Work will conform generally to the Contract Documents. On the basis of such visits and observations, Engineer will keep Owner informed of the progress of the Work and will endeavor to guard Owner against defective Work.

B. Engineer's visits and observations are subject to all the limitations on Engineer's authority and responsibility set forth in Paragraph 10.08. Particularly, but without limitation, during

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

or as a result of Engineer's visits or observations of Contractor's Work, Engineer will not supervise, direct, control, or have authority over or be responsible for Contractor's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of Contractor to comply with Laws and Regulations applicable to the performance of the Work.

10.03 *Project Representative*

A. If Owner and Engineer have agreed that Engineer will furnish a Resident Project Representative to represent Engineer at the Site and assist Engineer in observing the progress and quality of the Work, then the authority and responsibilities of any such Resident Project Representative will be as provided in the Supplementary Conditions, and limitations on the responsibilities thereof will be as provided in Paragraph 10.08. If Owner designates another representative or agent to represent Owner at the Site who is not Engineer's consultant, agent, or employee, the responsibilities and authority and limitations thereon of such other individual or entity will be as provided in the Supplementary Conditions.

10.04 *Rejecting Defective Work*

A. Engineer has the authority to reject Work in accordance with Article 14.

10.05 *Shop Drawings, Change Orders and Payments*

A. Engineer's authority, and limitations thereof, as to Shop Drawings and Samples, are set forth in Paragraph 7.16.

B. Engineer's authority, and limitations thereof, as to design calculations and design drawings submitted in response to a delegation of professional design services, if any, are set forth in Paragraph 7.19.

C. Engineer's authority as to Change Orders is set forth in Article 11.

D. Engineer's authority as to Applications for Payment is set forth in Article 15.

10.06 *Determinations for Unit Price Work*

A. Engineer will determine the actual quantities and classifications of Unit Price Work performed by Contractor as set forth in Paragraph 13.03.

10.07 *Decisions on Requirements of Contract Documents and Acceptability of Work*

A. Engineer will render decisions regarding the requirements of the Contract Documents, and judge the acceptability of the Work, pursuant to the specific procedures set forth herein for initial interpretations, Change Proposals, and acceptance of the Work. In rendering such decisions and judgments, Engineer will not show partiality to Owner or Contractor, and will not be liable to Owner, Contractor, or others in connection with any proceedings, interpretations, decisions, or judgments conducted or rendered in good faith.

10.08 *Limitations on Engineer's Authority and Responsibilities*

A. Neither Engineer's authority or responsibility under this Article 10 or under any other provision of the Contract, nor any decision made by Engineer in good faith either to exercise or not exercise such authority or responsibility or the undertaking, exercise, or performance of any authority or responsibility by Engineer, shall create, impose, or give rise to any duty in contract, tort, or otherwise owed by Engineer to Contractor, any Subcontractor, any Supplier, any other individual or entity, or to any surety for or employee or agent of any of them.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. Engineer will not supervise, direct, control, or have authority over or be responsible for Contractor's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of Contractor to comply with Laws and Regulations applicable to the performance of the Work. Engineer will not be responsible for Contractor's failure to perform the Work in accordance with the Contract Documents.

C. Engineer will not be responsible for the acts or omissions of Contractor or of any Subcontractor, any Supplier, or of any other individual or entity performing any of the Work.

D. Engineer's review of the final Application for Payment and accompanying documentation and all maintenance and operating instructions, schedules, guarantees, bonds, certificates of inspection, tests and approvals, and other documentation required to be delivered by Paragraph 15.06.A will only be to determine generally that their content complies with the requirements of, and in the case of certificates of inspections, tests, and approvals, that the results certified indicate compliance with the Contract Documents.

E. The limitations upon authority and responsibility set forth in this Paragraph 10.08 shall also apply to the Resident Project Representative, if any.

10.09 *Compliance with Safety Program*

A. While at the Site, Engineer's employees and representatives will comply with the specific applicable requirements of Owner's and Contractor's safety programs (if any) of which Engineer has been informed.

ARTICLE 11 – AMENDING THE CONTRACT DOCUMENTS; CHANGES IN THE WORK

11.01 *Amending and Supplementing Contract Documents*

A. The Contract Documents may be amended or supplemented by a Change Order, a Work Change Directive, or a Field Order.

1. *Change Orders*:

a. If an amendment or supplement to the Contract Documents includes a change in the Contract Price or the Contract Times, such amendment or supplement must be set forth in a Change Order. A Change Order also may be used to establish amendments and supplements of the Contract Documents that do not affect the Contract Price or Contract Times.

b. Owner and Contractor may amend those terms and conditions of the Contract Documents that do not involve (1) the performance or acceptability of the Work, (2) the design (as set forth in the Drawings, Specifications, or otherwise), or (3) other engineering or technical matters, without the recommendation of the Engineer. Such an amendment shall be set forth in a Change Order.

2. *Work Change Directives*: A Work Change Directive will not change the Contract Price or the Contract Times but is evidence that the parties expect that the modification ordered or documented by a Work Change Directive will be incorporated in a subsequently issued Change Order, following negotiations by the parties as to the Work Change Directive's effect, if any, on the Contract Price and Contract Times; or, if negotiations are unsuccessful, by a determination under the terms of the Contract Documents governing adjustments, expressly including Paragraph 11.04 regarding change of Contract Price. Contractor must submit any Change Proposal seeking an

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

adjustment of the Contract Price or the Contract Times, or both, no later than 30 days after the completion of the Work set out in the Work Change Directive. Owner must submit any Claim seeking an adjustment of the Contract Price or the Contract Times, or both, no later than 60 days after issuance of the Work Change Directive.

3. *Field Orders*: Engineer may authorize minor changes in the Work if the changes do not involve an adjustment in the Contract Price or the Contract Times and are compatible with the design concept of the completed Project as a functioning whole as indicated by the Contract Documents. Such changes will be accomplished by a Field Order and will be binding on Owner and also on Contractor, which shall perform the Work involved promptly. If Contractor believes that a Field Order justifies an adjustment in the Contract Price or Contract Times, or both, then before proceeding with the Work at issue, Contractor shall submit a Change Proposal as provided herein.

11.02 *Owner-Authorized Changes in the Work*

A. Without invalidating the Contract and without notice to any surety, Owner may, at any time or from time to time, order additions, deletions, or revisions in the Work. Such changes shall be supported by Engineer's recommendation, to the extent the change involves the design (as set forth in the Drawings, Specifications, or otherwise), or other engineering or technical matters. Such changes may be accomplished by a Change Order, if Owner and Contractor have agreed as to the effect, if any, of the changes on Contract Times or Contract Price; or by a Work Change Directive. Upon receipt of any such document, Contractor shall promptly proceed with the Work involved; or, in the case of a deletion in the Work, promptly cease construction activities with respect to such deleted Work. Added or revised Work shall be performed under the applicable conditions of the Contract Documents. Nothing in this paragraph shall obligate Contractor to undertake work that Contractor reasonably concludes cannot be performed in a manner consistent with Contractor's safety obligations under the Contract Documents or Laws and Regulations.

11.03 *Unauthorized Changes in the Work*

A. Contractor shall not be entitled to an increase in the Contract Price or an extension of the Contract Times with respect to any work performed that is not required by the Contract Documents, as amended, modified, or supplemented, except in the case of an emergency as provided in Paragraph 7.15 or in the case of uncovering Work as provided in Paragraph 14.05.

11.04 *Change of Contract Price*

A. The Contract Price may only be changed by a Change Order. Any Change Proposal for an adjustment in the Contract Price shall comply with the provisions of Paragraph 11.06. Any Claim for an adjustment of Contract Price shall comply with the provisions of Article 12.

B. An adjustment in the Contract Price will be determined as follows:

1. where the Work involved is covered by unit prices contained in the Contract Documents, then by application of such unit prices to the quantities of the items involved (subject to the provisions of Paragraph 13.03); or

2. where the Work involved is not covered by unit prices contained in the Contract Documents, then by a mutually agreed lump sum (which may include an allowance for overhead and profit not necessarily in accordance with Paragraph 11.04.C.2); or

3. where the Work involved is not covered by unit prices contained in the Contract Documents and the parties do not reach mutual agreement to a lump sum, then on

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

the basis of the Cost of the Work (determined as provided in Paragraph 13.01) plus a Contractor's fee for overhead and profit (determined as provided in Paragraph 11.04.C).

C. *Contractor's Fee*: When applicable, the Contractor's fee for overhead and profit shall be determined as follows:

1. a mutually acceptable fixed fee; or

2. if a fixed fee is not agreed upon, then a fee based on the following percentages of the various portions of the Cost of the Work:

a. for costs incurred under Paragraphs 13.01.B.1 and 13.01.B.2, the Contractor's fee shall be 15 percent;

b. for costs incurred under Paragraph 13.01.B.3, the Contractor's fee shall be five percent;

c. where one or more tiers of subcontracts are on the basis of Cost of the Work plus a fee and no fixed fee is agreed upon, the intent of Paragraphs 11.04.C.2.a and 11.04.C.2.b is that the Contractor's fee shall be based on: (1) a fee of 15 percent of the costs incurred under Paragraphs 13.01.A.1 and 13.01.A.2 by the Subcontractor that actually performs the Work, at whatever tier, and (2) with respect to Contractor itself and to any Subcontractors of a tier higher than that of the Subcontractor that actually performs the Work, a fee of five percent of the amount (fee plus underlying costs incurred) attributable to the next lower tier Subcontractor; provided, however, that for any such subcontracted work the maximum total fee to be paid by Owner shall be no greater than 27 percent of the costs incurred by the Subcontractor that actually performs the work;

d. no fee shall be payable on the basis of costs itemized under Paragraphs 13.01.B.4, 13.01.B.5, and 13.01.C;

e. the amount of credit to be allowed by Contractor to Owner for any change which results in a net decrease in cost will be the amount of the actual net decrease in cost plus a deduction in Contractor's fee by an amount equal to five percent of such net decrease; and

f. when both additions and credits are involved in any one change, the adjustment in Contractor's fee shall be computed on the basis of the net change in accordance with Paragraphs 11.04.C.2.a through 11.04.C.2.e, inclusive.

11.05 *Change of Contract Times*

A. The Contract Times may only be changed by a Change Order. Any Change Proposal for an adjustment in the Contract Times shall comply with the provisions of Paragraph 11.06. Any Claim for an adjustment in the Contract Times shall comply with the provisions of Article 12.

B. An adjustment of the Contract Times shall be subject to the limitations set forth in Paragraph 4.05, concerning delays in Contractor's progress.

11.06 *Change Proposals*

A. Contractor shall submit a Change Proposal to Engineer to request an adjustment in the Contract Times or Contract Price; appeal an initial decision by Engineer concerning the requirements of the Contract Documents or relating to the acceptability of the Work under the Contract Documents; contest a set-off against payment due; or seek other relief under

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

the Contract. The Change Proposal shall specify any proposed change in Contract Times or Contract Price, or both, or other proposed relief, and explain the reason for the proposed change, with citations to any governing or applicable provisions of the Contract Documents.

1. *Procedures*: Contractor shall submit each Change Proposal to Engineer promptly (but in no event later than 30 days) after the start of the event giving rise thereto, or after such initial decision. The Contractor shall submit supporting data, including the proposed change in Contract Price or Contract Time (if any), to the Engineer and Owner within 15 days after the submittal of the Change Proposal. The supporting data shall be accompanied by a written statement that the supporting data are accurate and complete, and that any requested time or price adjustment is the entire adjustment to which Contractor believes it is entitled as a result of said event. Engineer will advise Owner regarding the Change Proposal, and consider any comments or response from Owner regarding the Change Proposal.

2. *Engineer's Action*: Engineer will review each Change Proposal and, within 30 days after receipt of the Contractor's supporting data, either deny the Change Proposal in whole, approve it in whole, or deny it in part and approve it in part. Such actions shall be in writing, with a copy provided to Owner and Contractor. If Engineer does not take action on the Change Proposal within 30 days, then either Owner or Contractor may at any time thereafter submit a letter to the other party indicating that as a result of Engineer's inaction the Change Proposal is deemed denied, thereby commencing the time for appeal of the denial under Article 12.

3. *Binding Decision*: Engineer's decision will be final and binding upon Owner and Contractor, unless Owner or Contractor appeals the decision by filing a Claim under Article 12.

B. *Resolution of Certain Change Proposals*: If the Change Proposal does not involve the design (as set forth in the Drawings, Specifications, or otherwise), the acceptability of the Work, or other engineering or technical matters, then Engineer will notify the parties that the Engineer is unable to resolve the Change Proposal. For purposes of further resolution of such a Change Proposal, such notice shall be deemed a denial, and Contractor may choose to seek resolution under the terms of Article 12.

11.07 *Execution of Change Orders*

A. Owner and Contractor shall execute appropriate Change Orders covering:

1. changes in the Contract Price or Contract Times which are agreed to by the parties, including any undisputed sum or amount of time for Work actually performed in accordance with a Work Change Directive;

2. changes in Contract Price resulting from an Owner set-off, unless Contractor has duly contested such set-off;

3. changes in the Work which are: (a) ordered by Owner pursuant to Paragraph 11.02, (b) required because of Owner's acceptance of defective Work under Paragraph 14.04 or Owner's correction of defective Work under Paragraph 14.07, or (c) agreed to by the parties, subject to the need for Engineer's recommendation if the change in the Work involves the design (as set forth in the Drawings, Specifications, or otherwise), or other engineering or technical matters; and

4. changes in the Contract Price or Contract Times, or other changes, which embody the substance of any final and binding results under Paragraph 11.06, or Article 12.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. If Owner or Contractor refuses to execute a Change Order that is required to be executed under the terms of this Paragraph 11.07, it shall be deemed to be of full force and effect, as if fully executed.

11.08 *Notification to Surety*

A. If the provisions of any bond require notice to be given to a surety of any change affecting the general scope of the Work or the provisions of the Contract Documents (including, but not limited to, Contract Price or Contract Times), the giving of any such notice will be Contractor's responsibility. The amount of each applicable bond will be adjusted to reflect the effect of any such change.

ARTICLE 12 – CLAIMS

12.01 *Claims*

A. *Claims Process*: The following disputes between Owner and Contractor shall be submitted to the Claims process set forth in this Article:

1. Appeals by Owner or Contractor of Engineer's decisions regarding Change Proposals;

2. Owner demands for adjustments in the Contract Price or Contract Times, or other relief under the Contract Documents; and

3. Disputes that Engineer has been unable to address because they do not involve the design (as set forth in the Drawings, Specifications, or otherwise), the acceptability of the Work, or other engineering or technical matters.

B. *Submittal of Claim*: The party submitting a Claim shall deliver it directly to the other party to the Contract promptly (but in no event later than 30 days) after the start of the event giving rise thereto; in the case of appeals regarding Change Proposals within 30 days of the decision under appeal. The party submitting the Claim shall also furnish a copy to the Engineer, for its information only. The responsibility to substantiate a Claim shall rest with the party making the Claim. In the case of a Claim by Contractor seeking an increase in the Contract Times or Contract Price, or both, Contractor shall certify that the Claim is made in good faith, that the supporting data are accurate and complete, and that to the best of Contractor's knowledge and belief the amount of time or money requested accurately reflects the full amount to which Contractor is entitled.

C. *Review and Resolution*: The party receiving a Claim shall review it thoroughly, giving full consideration to its merits. The two parties shall seek to resolve the Claim through the exchange of information and direct negotiations. The parties may extend the time for resolving the Claim by mutual agreement. All actions taken on a Claim shall be stated in writing and submitted to the other party, with a copy to Engineer.

D. *Mediation*:

1. At any time after initiation of a Claim, Owner and Contractor may mutually agree to mediation of the underlying dispute. The agreement to mediate shall stay the Claim submittal and response process.

2. If Owner and Contractor agree to mediation, then after 60 days from such agreement, either Owner or Contractor may unilaterally terminate the mediation process, and the Claim submittal and decision process shall resume as of the date of the termination. If the mediation proceeds but is unsuccessful in resolving the dispute, the Claim

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

submittal and decision process shall resume as of the date of the conclusion of the mediation, as determined by the mediator.

3. Owner and Contractor shall each pay one-half of the mediator's fees and costs.

E. *Partial Approval*: If the party receiving a Claim approves the Claim in part and denies it in part, such action shall be final and binding unless within 30 days of such action the other party invokes the procedure set forth in Article 17 for final resolution of disputes.

F. *Denial of Claim*: If efforts to resolve a Claim are not successful, the party receiving the Claim may deny it by giving written notice of denial to the other party. If the receiving party does not take action on the Claim within 90 days, then either Owner or Contractor may at any time thereafter submit a letter to the other party indicating that as a result of the inaction, the Claim is deemed denied, thereby commencing the time for appeal of the denial. A denial of the Claim shall be final and binding unless within 30 days of the denial the other party invokes the procedure set forth in Article 17 for the final resolution of disputes.

G. *Final and Binding Results*: If the parties reach a mutual agreement regarding a Claim, whether through approval of the Claim, direct negotiations, mediation, or otherwise; or if a Claim is approved in part and denied in part, or denied in full, and such actions become final and binding; then the results of the agreement or action on the Claim shall be incorporated in a Change Order to the extent they affect the Contract, including the Work, the Contract Times, or the Contract Price.

ARTICLE 13 – COST OF THE WORK; ALLOWANCES; UNIT PRICE WORK

13.01 *Cost of the Work*

A. *Purposes for Determination of Cost of the Work*: The term Cost of the Work means the sum of all costs necessary for the proper performance of the Work at issue, as further defined below. The provisions of this Paragraph 13.01 are used for two distinct purposes:

1. To determine Cost of the Work when Cost of the Work is a component of the Contract Price, under cost-plus-fee, time-and-materials, or other cost-based terms; or

2. To determine the value of a Change Order, Change Proposal, Claim, set-off, or other adjustment in Contract Price. When the value of any such adjustment is determined on the basis of Cost of the Work, Contractor is entitled only to those additional or incremental costs required because of the change in the Work or because of the event giving rise to the adjustment.

B. *Costs Included*: Except as otherwise may be agreed to in writing by Owner, costs included in the Cost of the Work shall be in amounts no higher than those prevailing in the locality of the Project, shall not include any of the costs itemized in Paragraph 13.01.C, and shall include only the following items:

1. Payroll costs for employees in the direct employ of Contractor in the performance of the Work under schedules of job classifications agreed upon by Owner and Contractor. Such employees shall include, without limitation, superintendents, foremen, and other personnel employed full time on the Work. Payroll costs for employees not employed full time on the Work shall be apportioned on the basis of their time spent on the Work. Payroll costs shall include, but not be limited to, salaries and wages plus the cost of fringe benefits, which shall include social security contributions, unemployment, excise, and payroll taxes, workers' compensation, health and retirement benefits, bonuses, sick leave, and vacation and holiday pay applicable

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

thereto. The expenses of performing Work outside of regular working hours, on Saturday, Sunday, or legal holidays, shall be included in the above to the extent authorized by Owner.

2. Cost of all materials and equipment furnished and incorporated in the Work, including costs of transportation and storage thereof, and Suppliers' field services required in connection therewith. All cash discounts shall accrue to Contractor unless Owner deposits funds with Contractor with which to make payments, in which case the cash discounts shall accrue to Owner. All trade discounts, rebates, and refunds and returns from sale of surplus materials and equipment shall accrue to Owner, and Contractor shall make provisions so that they may be obtained.

3. Payments made by Contractor to Subcontractors for Work performed by Subcontractors. If required by Owner, Contractor shall obtain competitive bids from subcontractors acceptable to Owner and Contractor and shall deliver such bids to Owner, who will then determine, with the advice of Engineer, which bids, if any, will be acceptable. If any subcontract provides that the Subcontractor is to be paid on the basis of Cost of the Work plus a fee, the Subcontractor's Cost of the Work and fee shall be determined in the same manner as Contractor's Cost of the Work and fee as provided in this Paragraph 13.01.

4. Costs of special consultants (including but not limited to engineers, architects, testing laboratories, surveyors, attorneys, and accountants) employed for services specifically related to the Work.

5. Supplemental costs including the following:

    a. The proportion of necessary transportation, travel, and subsistence expenses of Contractor's employees incurred in discharge of duties connected with the Work.

    b. Cost, including transportation and maintenance, of all materials, supplies, equipment, machinery, appliances, office, and temporary facilities at the Site, and hand tools not owned by the workers, which are consumed in the performance of the Work, and cost, less market value, of such items used but not consumed which remain the property of Contractor.

    c. Rentals of all construction equipment and machinery, and the parts thereof, whether rented from Contractor or others in accordance with rental agreements approved by Owner with the advice of Engineer, and the costs of transportation, loading, unloading, assembly, dismantling, and removal thereof. All such costs shall be in accordance with the terms of said rental agreements. The rental of any such equipment, machinery, or parts shall cease when the use thereof is no longer necessary for the Work.

    d. Sales, consumer, use, and other similar taxes related to the Work, and for which Contractor is liable, as imposed by Laws and Regulations.

    e. Deposits lost for causes other than negligence of Contractor, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable, and royalty payments and fees for permits and licenses.

    f. Losses and damages (and related expenses) caused by damage to the Work, not compensated by insurance or otherwise, sustained by Contractor in connection with the performance of the Work (except losses and damages within the deductible amounts of property insurance established in accordance with Paragraph 6.05), provided such losses and damages have resulted from causes

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

other than the negligence of Contractor, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable. Such losses shall include settlements made with the written consent and approval of Owner. No such losses, damages, and expenses shall be included in the Cost of the Work for the purpose of determining Contractor's fee.

g. The cost of utilities, fuel, and sanitary facilities at the Site.

h. Minor expenses such as communication service at the Site, express and courier services, and similar petty cash items in connection with the Work.

i. The costs of premiums for all bonds and insurance that Contractor is required by the Contract Documents to purchase and maintain.

C. *Costs Excluded*: The term Cost of the Work shall not include any of the following items:

1. Payroll costs and other compensation of Contractor's officers, executives, principals (of partnerships and sole proprietorships), general managers, safety managers, engineers, architects, estimators, attorneys, auditors, accountants, purchasing and contracting agents, expediters, timekeepers, clerks, and other personnel employed by Contractor, whether at the Site or in Contractor's principal or branch office for general administration of the Work and not specifically included in the agreed upon schedule of job classifications referred to in Paragraph 13.01.B.1 or specifically covered by Paragraph 13.01.B.4. The payroll costs and other compensation excluded here are to be considered administrative costs covered by the Contractor's fee.

2. Expenses of Contractor's principal and branch offices other than Contractor's office at the Site.

3. Any part of Contractor's capital expenses, including interest on Contractor's capital employed for the Work and charges against Contractor for delinquent payments.

4. Costs due to the negligence of Contractor, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable, including but not limited to, the correction of defective Work, disposal of materials or equipment wrongly supplied, and making good any damage to property.

5. Other overhead or general expense costs of any kind and the costs of any item not specifically and expressly included in Paragraph 13.01.B.

D. *Contractor's Fee*: When the Work as a whole is performed on the basis of cost-plus, Contractor's fee shall be determined as set forth in the Agreement. When the value of any Work covered by a Change Order, Change Proposal, Claim, set-off, or other adjustment in Contract Price is determined on the basis of Cost of the Work, Contractor's fee shall be determined as set forth in Paragraph 11.04.C.

E. *Documentation*: Whenever the Cost of the Work for any purpose is to be determined pursuant to this Article 13, Contractor will establish and maintain records thereof in accordance with generally accepted accounting practices and submit in a form acceptable to Engineer an itemized cost breakdown together with supporting data.

13.02 *Allowances*

A. It is understood that Contractor has included in the Contract Price all allowances so named in the Contract Documents and shall cause the Work so covered to be performed for such sums and by such persons or entities as may be acceptable to Owner and Engineer.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. *Cash Allowances*: Contractor agrees that:

1. the cash allowances include the cost to Contractor (less any applicable trade discounts) of materials and equipment required by the allowances to be delivered at the Site, and all applicable taxes; and

2. Contractor's costs for unloading and handling on the Site, labor, installation, overhead, profit, and other expenses contemplated for the cash allowances have been included in the Contract Price and not in the allowances, and no demand for additional payment on account of any of the foregoing will be valid.

C. *Contingency Allowance*: Contractor agrees that a contingency allowance, if any, is for the sole use of Owner to cover unanticipated costs.

D. Prior to final payment, an appropriate Change Order will be issued as recommended by Engineer to reflect actual amounts due Contractor on account of Work covered by allowances, and the Contract Price shall be correspondingly adjusted.

13.03 *Unit Price Work*

A. Where the Contract Documents provide that all or part of the Work is to be Unit Price Work, initially the Contract Price will be deemed to include for all Unit Price Work an amount equal to the sum of the unit price for each separately identified item of Unit Price Work times the estimated quantity of each item as indicated in the Agreement.

B. The estimated quantities of items of Unit Price Work are not guaranteed and are solely for the purpose of comparison of Bids and determining an initial Contract Price. Payments to Contractor for Unit Price Work will be based on actual quantities.

C. Each unit price will be deemed to include an amount considered by Contractor to be adequate to cover Contractor's overhead and profit for each separately identified item.

D. Engineer will determine the actual quantities and classifications of Unit Price Work performed by Contractor. Engineer will review with Contractor the Engineer's preliminary determinations on such matters before rendering a written decision thereon (by recommendation of an Application for Payment or otherwise). Engineer's written decision thereon will be final and binding (except as modified by Engineer to reflect changed factual conditions or more accurate data) upon Owner and Contractor, subject to the provisions of the following paragraph.

E. Within 30 days of Engineer's written decision under the preceding paragraph, Contractor may submit a Change Proposal, or Owner may file a Claim, seeking an adjustment in the Contract Price if:

1. the quantity of any item of Unit Price Work performed by Contractor differs materially and significantly from the estimated quantity of such item indicated in the Agreement;

2. there is no corresponding adjustment with respect to any other item of Work; and

3. Contractor believes that it is entitled to an increase in Contract Price as a result of having incurred additional expense or Owner believes that Owner is entitled to a decrease in Contract Price, and the parties are unable to agree as to the amount of any such increase or decrease.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

ARTICLE 14 – TESTS AND INSPECTIONS; CORRECTION, REMOVAL OR ACCEPTANCE OF DEFECTIVE WORK

14.01 *Access to Work*

A. Owner, Engineer, their consultants and other representatives and personnel of Owner, independent testing laboratories, and authorities having jurisdiction will have access to the Site and the Work at reasonable times for their observation, inspection, and testing. Contractor shall provide them proper and safe conditions for such access and advise them of Contractor's safety procedures and programs so that they may comply therewith as applicable.

14.02 *Tests, Inspections, and Approvals*

A. Contractor shall give Engineer timely notice of readiness of the Work (or specific parts thereof) for all required inspections and tests, and shall cooperate with inspection and testing personnel to facilitate required inspections and tests.

B. Contractor shall retain and pay for the services of an independent inspector, testing laboratory, or other qualified individual or entity to perform all inspections and tests expressly required by the Contract Documents to be furnished and paid for by Contractor, except that costs incurred in connection with tests or inspections of covered Work shall be governed by the provisions of Paragraph 14.05.

C. If Laws or Regulations of any public body having jurisdiction require any Work (or part thereof) specifically to be inspected, tested, or approved by an employee or other representative of such public body, Contractor shall assume full responsibility for arranging and obtaining such inspections, tests, or approvals, pay all costs in connection therewith, and furnish Engineer the required certificates of inspection or approval.

D. Contractor shall be responsible for arranging, obtaining, and paying for all inspections and tests required:

1. by the Contract Documents, unless the Contract Documents expressly allocate responsibility for a specific inspection or test to Owner;

2. to attain Owner's and Engineer's acceptance of materials or equipment to be incorporated in the Work;

3. by manufacturers of equipment furnished under the Contract Documents;

4. for testing, adjusting, and balancing of mechanical, electrical, and other equipment to be incorporated into the Work; and

5. for acceptance of materials, mix designs, or equipment submitted for approval prior to Contractor's purchase thereof for incorporation in the Work.

Such inspections and tests shall be performed by independent inspectors, testing laboratories, or other qualified individuals or entities acceptable to Owner and Engineer.

E. If the Contract Documents require the Work (or part thereof) to be approved by Owner, Engineer, or another designated individual or entity, then Contractor shall assume full responsibility for arranging and obtaining such approvals.

F. If any Work (or the work of others) that is to be inspected, tested, or approved is covered by Contractor without written concurrence of Engineer, Contractor shall, if requested by Engineer, uncover such Work for observation. Such uncovering shall be at Contractor's expense unless Contractor had given Engineer timely notice of Contractor's intention to

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

cover the same and Engineer had not acted with reasonable promptness in response to such notice.

14.03 *Defective Work*

A. *Contractor's Obligation*: It is Contractor's obligation to assure that the Work is not defective.

B. *Engineer's Authority*: Engineer has the authority to determine whether Work is defective, and to reject defective Work.

C. *Notice of Defects*: Prompt notice of all defective Work of which Owner or Engineer has actual knowledge will be given to Contractor.

D. *Correction, or Removal and Replacement*: Promptly after receipt of written notice of defective Work, Contractor shall correct all such defective Work, whether or not fabricated, installed, or completed, or, if Engineer has rejected the defective Work, remove it from the Project and replace it with Work that is not defective.

E. *Preservation of Warranties*: When correcting defective Work, Contractor shall take no action that would void or otherwise impair Owner's special warranty and guarantee, if any, on said Work.

F. *Costs and Damages*: In addition to its correction, removal, and replacement obligations with respect to defective Work, Contractor shall pay all claims, costs, losses, and damages arising out of or relating to defective Work, including but not limited to the cost of the inspection, testing, correction, removal, replacement, or reconstruction of such defective Work, fines levied against Owner by governmental authorities because the Work is defective, and the costs of repair or replacement of work of others resulting from defective Work. Prior to final payment, if Owner and Contractor are unable to agree as to the measure of such claims, costs, losses, and damages resulting from defective Work, then Owner may impose a reasonable set-off against payments due under Article 15.

14.04 *Acceptance of Defective Work*

A. If, instead of requiring correction or removal and replacement of defective Work, Owner prefers to accept it, Owner may do so (subject, if such acceptance occurs prior to final payment, to Engineer's confirmation that such acceptance is in general accord with the design intent and applicable engineering principles, and will not endanger public safety). Contractor shall pay all claims, costs, losses, and damages attributable to Owner's evaluation of and determination to accept such defective Work (such costs to be approved by Engineer as to reasonableness), and for the diminished value of the Work to the extent not otherwise paid by Contractor. If any such acceptance occurs prior to final payment, the necessary revisions in the Contract Documents with respect to the Work shall be incorporated in a Change Order. If the parties are unable to agree as to the decrease in the Contract Price, reflecting the diminished value of Work so accepted, then Owner may impose a reasonable set-off against payments due under Article 15. If the acceptance of defective Work occurs after final payment, Contractor shall pay an appropriate amount to Owner.

14.05 *Uncovering Work*

A. Engineer has the authority to require additional inspection or testing of the Work, whether or not the Work is fabricated, installed, or completed.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. If any Work is covered contrary to the written request of Engineer, then Contractor shall, if requested by Engineer, uncover such Work for Engineer's observation, and then replace the covering, all at Contractor's expense.

C. If Engineer considers it necessary or advisable that covered Work be observed by Engineer or inspected or tested by others, then Contractor, at Engineer's request, shall uncover, expose, or otherwise make available for observation, inspection, or testing as Engineer may require, that portion of the Work in question, and provide all necessary labor, material, and equipment.

1. If it is found that the uncovered Work is defective, Contractor shall be responsible for all claims, costs, losses, and damages arising out of or relating to such uncovering, exposure, observation, inspection, and testing, and of satisfactory replacement or reconstruction (including but not limited to all costs of repair or replacement of work of others); and pending Contractor's full discharge of this responsibility the Owner shall be entitled to impose a reasonable set-off against payments due under Article 15.

2. If the uncovered Work is not found to be defective, Contractor shall be allowed an increase in the Contract Price or an extension of the Contract Times, or both, directly attributable to such uncovering, exposure, observation, inspection, testing, replacement, and reconstruction. If the parties are unable to agree as to the amount or extent thereof, then Contractor may submit a Change Proposal within 30 days of the determination that the Work is not defective.

14.06 *Owner May Stop the Work*

A. If the Work is defective, or Contractor fails to supply sufficient skilled workers or suitable materials or equipment, or fails to perform the Work in such a way that the completed Work will conform to the Contract Documents, then Owner may order Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, this right of Owner to stop the Work shall not give rise to any duty on the part of Owner to exercise this right for the benefit of Contractor, any Subcontractor, any Supplier, any other individual or entity, or any surety for, or employee or agent of any of them.

14.07 *Owner May Correct Defective Work*

A. If Contractor fails within a reasonable time after written notice from Engineer to correct defective Work, or to remove and replace rejected Work as required by Engineer, or if Contractor fails to perform the Work in accordance with the Contract Documents, or if Contractor fails to comply with any other provision of the Contract Documents, then Owner may, after seven days written notice to Contractor, correct or remedy any such deficiency.

B. In exercising the rights and remedies under this Paragraph 14.07, Owner shall proceed expeditiously. In connection with such corrective or remedial action, Owner may exclude Contractor from all or part of the Site, take possession of all or part of the Work and suspend Contractor's services related thereto, and incorporate in the Work all materials and equipment stored at the Site or for which Owner has paid Contractor but which are stored elsewhere. Contractor shall allow Owner, Owner's representatives, agents and employees, Owner's other contractors, and Engineer and Engineer's consultants access to the Site to enable Owner to exercise the rights and remedies under this paragraph.

C. All claims, costs, losses, and damages incurred or sustained by Owner in exercising the rights and remedies under this Paragraph 14.07 will be charged against Contractor as set-offs against payments due under Article 15. Such claims, costs, losses and damages will

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

include but not be limited to all costs of repair, or replacement of work of others destroyed or damaged by correction, removal, or replacement of Contractor's defective Work.

D. Contractor shall not be allowed an extension of the Contract Times because of any delay in the performance of the Work attributable to the exercise by Owner of Owner's rights and remedies under this Paragraph 14.07.

ARTICLE 15 – PAYMENTS TO CONTRACTOR; SET-OFFS; COMPLETION; CORRECTION PERIOD

15.01 *Progress Payments*

A. *Basis for Progress Payments*: The Schedule of Values established as provided in Article 2 will serve as the basis for progress payments and will be incorporated into a form of Application for Payment acceptable to Engineer. Progress payments on account of Unit Price Work will be based on the number of units completed during the pay period, as determined under the provisions of Paragraph 13.03. Progress payments for cost-based Work will be based on Cost of the Work completed by Contractor during the pay period.

B. *Applications for Payments*:

1. At least 20 days before the date established in the Agreement for each progress payment (but not more often than once a month), Contractor shall submit to Engineer for review an Application for Payment filled out and signed by Contractor covering the Work completed as of the date of the Application and accompanied by such supporting documentation as is required by the Contract Documents. If payment is requested on the basis of materials and equipment not incorporated in the Work but delivered and suitably stored at the Site or at another location agreed to in writing, the Application for Payment shall also be accompanied by a bill of sale, invoice, or other documentation warranting that Owner has received the materials and equipment free and clear of all Liens, and evidence that the materials and equipment are covered by appropriate property insurance, a warehouse bond, or other arrangements to protect Owner's interest therein, all of which must be satisfactory to Owner.

2. Beginning with the second Application for Payment, each Application shall include an affidavit of Contractor stating that all previous progress payments received on account of the Work have been applied on account to discharge Contractor's legitimate obligations associated with prior Applications for Payment.

3. The amount of retainage with respect to progress payments will be as stipulated in the Agreement.

C. *Review of Applications*:

1. Engineer will, within 10 days after receipt of each Application for Payment, including each resubmittal, either indicate in writing a recommendation of payment and present the Application to Owner, or return the Application to Contractor indicating in writing Engineer's reasons for refusing to recommend payment. In the latter case, Contractor may make the necessary corrections and resubmit the Application.

2. Engineer's recommendation of any payment requested in an Application for Payment will constitute a representation by Engineer to Owner, based on Engineer's observations of the executed Work as an experienced and qualified design professional, and on Engineer's review of the Application for Payment and the accompanying data and schedules, that to the best of Engineer's knowledge, information and belief:

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

a. the Work has progressed to the point indicated;

b. the quality of the Work is generally in accordance with the Contract Documents (subject to an evaluation of the Work as a functioning whole prior to or upon Substantial Completion, the results of any subsequent tests called for in the Contract Documents, a final determination of quantities and classifications for Unit Price Work under Paragraph 13.03, and any other qualifications stated in the recommendation); and

c. the conditions precedent to Contractor's being entitled to such payment appear to have been fulfilled in so far as it is Engineer's responsibility to observe the Work.

3. By recommending any such payment Engineer will not thereby be deemed to have represented that:

a. inspections made to check the quality or the quantity of the Work as it has been performed have been exhaustive, extended to every aspect of the Work in progress, or involved detailed inspections of the Work beyond the responsibilities specifically assigned to Engineer in the Contract; or

b. there may not be other matters or issues between the parties that might entitle Contractor to be paid additionally by Owner or entitle Owner to withhold payment to Contractor.

4. Neither Engineer's review of Contractor's Work for the purposes of recommending payments nor Engineer's recommendation of any payment, including final payment, will impose responsibility on Engineer:

a. to supervise, direct, or control the Work, or

b. for the means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or

c. for Contractor's failure to comply with Laws and Regulations applicable to Contractor's performance of the Work, or

d. to make any examination to ascertain how or for what purposes Contractor has used the money paid on account of the Contract Price, or

e. to determine that title to any of the Work, materials, or equipment has passed to Owner free and clear of any Liens.

5. Engineer may refuse to recommend the whole or any part of any payment if, in Engineer's opinion, it would be incorrect to make the representations to Owner stated in Paragraph 15.01.C.2.

6. Engineer will recommend reductions in payment (set-offs) necessary in Engineer's opinion to protect Owner from loss because:

a. the Work is defective, requiring correction or replacement;

b. the Contract Price has been reduced by Change Orders;

c. Owner has been required to correct defective Work in accordance with Paragraph 14.07, or has accepted defective Work pursuant to Paragraph 14.04;

d. Owner has been required to remove or remediate a Hazardous Environmental Condition for which Contractor is responsible; or

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

e. Engineer has actual knowledge of the occurrence of any of the events that would constitute a default by Contractor and therefore justify termination for cause under the Contract Documents.

D. *Payment Becomes Due*:

1. Ten days after presentation of the Application for Payment to Owner with Engineer's recommendation, the amount recommended (subject to any Owner set-offs) will become due, and when due will be paid by Owner to Contractor.

E. *Reductions in Payment by Owner*:

1. In addition to any reductions in payment (set-offs) recommended by Engineer, Owner is entitled to impose a set-off against payment based on any of the following:

a. claims have been made against Owner on account of Contractor's conduct in the performance or furnishing of the Work, or Owner has incurred costs, losses, or damages on account of Contractor's conduct in the performance or furnishing of the Work, including but not limited to claims, costs, losses, or damages from workplace injuries, adjacent property damage, non-compliance with Laws and Regulations, and patent infringement;

b. Contractor has failed to take reasonable and customary measures to avoid damage, delay, disruption, and interference with other work at or adjacent to the Site;

c. Contractor has failed to provide and maintain required bonds or insurance;

d. Owner has been required to remove or remediate a Hazardous Environmental Condition for which Contractor is responsible;

e. Owner has incurred extra charges or engineering costs related to submittal reviews, evaluations of proposed substitutes, tests and inspections, or return visits to manufacturing or assembly facilities;

f. the Work is defective, requiring correction or replacement;

g. Owner has been required to correct defective Work in accordance with Paragraph 14.07, or has accepted defective Work pursuant to Paragraph 14.04;

h. the Contract Price has been reduced by Change Orders;

i. an event that would constitute a default by Contractor and therefore justify a termination for cause has occurred;

j. liquidated damages have accrued as a result of Contractor's failure to achieve Milestones, Substantial Completion, or final completion of the Work;

k. Liens have been filed in connection with the Work, except where Contractor has delivered a specific bond satisfactory to Owner to secure the satisfaction and discharge of such Liens;

l. there are other items entitling Owner to a set off against the amount recommended.

2. If Owner imposes any set-off against payment, whether based on its own knowledge or on the written recommendations of Engineer, Owner will give Contractor immediate written notice (with a copy to Engineer) stating the reasons for such action and the specific amount of the reduction, and promptly pay Contractor any amount

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

remaining after deduction of the amount so withheld. Owner shall promptly pay Contractor the amount so withheld, or any adjustment thereto agreed to by Owner and Contractor, if Contractor remedies the reasons for such action. The reduction imposed shall be binding on Contractor unless it duly submits a Change Proposal contesting the reduction.

3. Upon a subsequent determination that Owner's refusal of payment was not justified, the amount wrongfully withheld shall be treated as an amount due as determined by Paragraph 15.01.C.1 and subject to interest as provided in the Agreement.

15.02 *Contractor's Warranty of Title*

A. Contractor warrants and guarantees that title to all Work, materials, and equipment furnished under the Contract will pass to Owner free and clear of (1) all Liens and other title defects, and (2) all patent, licensing, copyright, or royalty obligations, no later than seven days after the time of payment by Owner.

15.03 *Substantial Completion*

A. When Contractor considers the entire Work ready for its intended use Contractor shall notify Owner and Engineer in writing that the entire Work is substantially complete and request that Engineer issue a certificate of Substantial Completion. Contractor shall at the same time submit to Owner and Engineer an initial draft of punch list items to be completed or corrected before final payment.

B. Promptly after Contractor's notification, Owner, Contractor, and Engineer shall make an inspection of the Work to determine the status of completion. If Engineer does not consider the Work substantially complete, Engineer will notify Contractor in writing giving the reasons therefor.

C. If Engineer considers the Work substantially complete, Engineer will deliver to Owner a preliminary certificate of Substantial Completion which shall fix the date of Substantial Completion. Engineer shall attach to the certificate a punch list of items to be completed or corrected before final payment. Owner shall have seven days after receipt of the preliminary certificate during which to make written objection to Engineer as to any provisions of the certificate or attached punch list. If, after considering the objections to the provisions of the preliminary certificate, Engineer concludes that the Work is not substantially complete, Engineer will, within 14 days after submission of the preliminary certificate to Owner, notify Contractor in writing that the Work is not substantially complete, stating the reasons therefor. If Owner does not object to the provisions of the certificate, or if despite consideration of Owner's objections Engineer concludes that the Work is substantially complete, then Engineer will, within said 14 days, execute and deliver to Owner and Contractor a final certificate of Substantial Completion (with a revised punch list of items to be completed or corrected) reflecting such changes from the preliminary certificate as Engineer believes justified after consideration of any objections from Owner.

D. At the time of receipt of the preliminary certificate of Substantial Completion, Owner and Contractor will confer regarding Owner's use or occupancy of the Work following Substantial Completion, review the builder's risk insurance policy with respect to the end of the builder's risk coverage, and confirm the transition to coverage of the Work under a permanent property insurance policy held by Owner. Unless Owner and Contractor agree otherwise in writing, Owner shall bear responsibility for security, operation, protection of the Work, property insurance, maintenance, heat, and utilities upon Owner's use or occupancy of the Work.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

E. After Substantial Completion the Contractor shall promptly begin work on the punch list of items to be completed or corrected prior to final payment. In appropriate cases Contractor may submit monthly Applications for Payment for completed punch list items, following the progress payment procedures set forth above.

F. Owner shall have the right to exclude Contractor from the Site after the date of Substantial Completion subject to allowing Contractor reasonable access to remove its property and complete or correct items on the punch list.

15.04 *Partial Use or Occupancy*

A. Prior to Substantial Completion of all the Work, Owner may use or occupy any substantially completed part of the Work which has specifically been identified in the Contract Documents, or which Owner, Engineer, and Contractor agree constitutes a separately functioning and usable part of the Work that can be used by Owner for its intended purpose without significant interference with Contractor's performance of the remainder of the Work, subject to the following conditions:

1. At any time Owner may request in writing that Contractor permit Owner to use or occupy any such part of the Work that Owner believes to be substantially complete. If and when Contractor agrees that such part of the Work is substantially complete, Contractor, Owner, and Engineer will follow the procedures of Paragraph 15.03.A through E for that part of the Work.

2. At any time Contractor may notify Owner and Engineer in writing that Contractor considers any such part of the Work substantially complete and request Engineer to issue a certificate of Substantial Completion for that part of the Work.

3. Within a reasonable time after either such request, Owner, Contractor, and Engineer shall make an inspection of that part of the Work to determine its status of completion. If Engineer does not consider that part of the Work to be substantially complete, Engineer will notify Owner and Contractor in writing giving the reasons therefor. If Engineer considers that part of the Work to be substantially complete, the provisions of Paragraph 15.03 will apply with respect to certification of Substantial Completion of that part of the Work and the division of responsibility in respect thereof and access thereto.

4. No use or occupancy or separate operation of part of the Work may occur prior to compliance with the requirements of Paragraph 6.05 regarding builder's risk or other property insurance.

15.05 *Final Inspection*

A. Upon written notice from Contractor that the entire Work or an agreed portion thereof is complete, Engineer will promptly make a final inspection with Owner and Contractor and will notify Contractor in writing of all particulars in which this inspection reveals that the Work, or agreed portion thereof, is incomplete or defective. Contractor shall immediately take such measures as are necessary to complete such Work or remedy such deficiencies.

15.06 *Final Payment*

A. *Application for Payment*:

1. After Contractor has, in the opinion of Engineer, satisfactorily completed all corrections identified during the final inspection and has delivered, in accordance with the Contract Documents, all maintenance and operating instructions, schedules, guarantees, bonds, certificates or other evidence of insurance, certificates of

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

inspection, annotated record documents (as provided in Paragraph 7.11), and other documents, Contractor may make application for final payment.

2. The final Application for Payment shall be accompanied (except as previously delivered) by:

   a. all documentation called for in the Contract Documents;

   b. consent of the surety, if any, to final payment;

   c. satisfactory evidence that all title issues have been resolved such that title to all Work, materials, and equipment has passed to Owner free and clear of any Liens or other title defects, or will so pass upon final payment.

   d. a list of all disputes that Contractor believes are unsettled; and

   e. complete and legally effective releases or waivers (satisfactory to Owner) of all Lien rights arising out of the Work, and of Liens filed in connection with the Work.

3. In lieu of the releases or waivers of Liens specified in Paragraph 15.06.A.2 and as approved by Owner, Contractor may furnish receipts or releases in full and an affidavit of Contractor that: (a) the releases and receipts include all labor, services, material, and equipment for which a Lien could be filed; and (b) all payrolls, material and equipment bills, and other indebtedness connected with the Work for which Owner might in any way be responsible, or which might in any way result in liens or other burdens on Owner's property, have been paid or otherwise satisfied. If any Subcontractor or Supplier fails to furnish such a release or receipt in full, Contractor may furnish a bond or other collateral satisfactory to Owner to indemnify Owner against any Lien, or Owner at its option may issue joint checks payable to Contractor and specified Subcontractors and Suppliers.

B. *Engineer's Review of Application and Acceptance*:

1. If, on the basis of Engineer's observation of the Work during construction and final inspection, and Engineer's review of the final Application for Payment and accompanying documentation as required by the Contract Documents, Engineer is satisfied that the Work has been completed and Contractor's other obligations under the Contract have been fulfilled, Engineer will, within ten days after receipt of the final Application for Payment, indicate in writing Engineer's recommendation of final payment and present the Application for Payment to Owner for payment. Such recommendation shall account for any set-offs against payment that are necessary in Engineer's opinion to protect Owner from loss for the reasons stated above with respect to progress payments. At the same time Engineer will also give written notice to Owner and Contractor that the Work is acceptable, subject to the provisions of Paragraph 15.07. Otherwise, Engineer will return the Application for Payment to Contractor, indicating in writing the reasons for refusing to recommend final payment, in which case Contractor shall make the necessary corrections and resubmit the Application for Payment.

C. *Completion of Work*: The Work is complete (subject to surviving obligations) when it is ready for final payment as established by the Engineer's written recommendation of final payment.

D. *Payment Becomes Due*: Thirty days after the presentation to Owner of the final Application for Payment and accompanying documentation, the amount recommended by Engineer (less any further sum Owner is entitled to set off against Engineer's recommendation,

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

including but not limited to set-offs for liquidated damages and set-offs allowed under the provisions above with respect to progress payments) will become due and shall be paid by Owner to Contractor.

15.07 *Waiver of Claims*

A. The making of final payment will not constitute a waiver by Owner of claims or rights against Contractor. Owner expressly reserves claims and rights arising from unsettled Liens, from defective Work appearing after final inspection pursuant to Paragraph 15.05, from Contractor's failure to comply with the Contract Documents or the terms of any special guarantees specified therein, from outstanding Claims by Owner, or from Contractor's continuing obligations under the Contract Documents.

B. The acceptance of final payment by Contractor will constitute a waiver by Contractor of all claims and rights against Owner other than those pending matters that have been duly submitted or appealed under the provisions of Article 17.

15.08 *Correction Period*

A. If within one year after the date of Substantial Completion (or such longer period of time as may be prescribed by the terms of any applicable special guarantee required by the Contract Documents, or by any specific provision of the Contract Documents), any Work is found to be defective, or if the repair of any damages to the Site, adjacent areas that Contractor has arranged to use through construction easements or otherwise, and other adjacent areas used by Contractor as permitted by Laws and Regulations, is found to be defective, then Contractor shall promptly, without cost to Owner and in accordance with Owner's written instructions:

1. correct the defective repairs to the Site or such other adjacent areas;

2. correct such defective Work;

3. if the defective Work has been rejected by Owner, remove it from the Project and replace it with Work that is not defective, and

4. satisfactorily correct or repair or remove and replace any damage to other Work, to the work of others, or to other land or areas resulting therefrom.

B. If Contractor does not promptly comply with the terms of Owner's written instructions, or in an emergency where delay would cause serious risk of loss or damage, Owner may have the defective Work corrected or repaired or may have the rejected Work removed and replaced. Contractor shall pay all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such correction or repair or such removal and replacement (including but not limited to all costs of repair or replacement of work of others).

C. In special circumstances where a particular item of equipment is placed in continuous service before Substantial Completion of all the Work, the correction period for that item may start to run from an earlier date if so provided in the Specifications.

D. Where defective Work (and damage to other Work resulting therefrom) has been corrected or removed and replaced under this paragraph, the correction period hereunder with respect to such Work will be extended for an additional period of one year after such correction or removal and replacement has been satisfactorily completed.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

E. Contractor's obligations under this paragraph are in addition to all other obligations and warranties. The provisions of this paragraph shall not be construed as a substitute for, or a waiver of, the provisions of any applicable statute of limitation or repose.

ARTICLE 16 – SUSPENSION OF WORK AND TERMINATION

16.01 *Owner May Suspend Work*

A. At any time and without cause, Owner may suspend the Work or any portion thereof for a period of not more than 90 consecutive days by written notice to Contractor and Engineer. Such notice will fix the date on which Work will be resumed. Contractor shall resume the Work on the date so fixed. Contractor shall be entitled to an adjustment in the Contract Price or an extension of the Contract Times, or both, directly attributable to any such suspension. Any Change Proposal seeking such adjustments shall be submitted no later than 30 days after the date fixed for resumption of Work.

16.02 *Owner May Terminate for Cause*

A. The occurrence of any one or more of the following events will constitute a default by Contractor and justify termination for cause:

1. Contractor's persistent failure to perform the Work in accordance with the Contract Documents (including, but not limited to, failure to supply sufficient skilled workers or suitable materials or equipment or failure to adhere to the Progress Schedule);

2. Failure of Contractor to perform or otherwise to comply with a material term of the Contract Documents;

3. Contractor's disregard of Laws or Regulations of any public body having jurisdiction; or

4. Contractor's repeated disregard of the authority of Owner or Engineer.

B. If one or more of the events identified in Paragraph 16.02.A occurs, then after giving Contractor (and any surety) ten days written notice that Owner is considering a declaration that Contractor is in default and termination of the contract, Owner may proceed to:

1. declare Contractor to be in default, and give Contractor (and any surety) notice that the Contract is terminated; and

2. enforce the rights available to Owner under any applicable performance bond.

C. Subject to the terms and operation of any applicable performance bond, if Owner has terminated the Contract for cause, Owner may exclude Contractor from the Site, take possession of the Work, incorporate in the Work all materials and equipment stored at the Site or for which Owner has paid Contractor but which are stored elsewhere, and complete the Work as Owner may deem expedient.

D. Owner may not proceed with termination of the Contract under Paragraph 16.02.B if Contractor within seven days of receipt of notice of intent to terminate begins to correct its failure to perform and proceeds diligently to cure such failure.

E. If Owner proceeds as provided in Paragraph 16.02.B, Contractor shall not be entitled to receive any further payment until the Work is completed. If the unpaid balance of the Contract Price exceeds the cost to complete the Work, including all related claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals) sustained by Owner, such excess will be paid to Contractor. If the cost to complete the Work including such related claims, costs, losses,

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

and damages exceeds such unpaid balance, Contractor shall pay the difference to Owner. Such claims, costs, losses, and damages incurred by Owner will be reviewed by Engineer as to their reasonableness and, when so approved by Engineer, incorporated in a Change Order. When exercising any rights or remedies under this paragraph, Owner shall not be required to obtain the lowest price for the Work performed.

F. Where Contractor's services have been so terminated by Owner, the termination will not affect any rights or remedies of Owner against Contractor then existing or which may thereafter accrue, or any rights or remedies of Owner against Contractor or any surety under any payment bond or performance bond. Any retention or payment of money due Contractor by Owner will not release Contractor from liability.

G. If and to the extent that Contractor has provided a performance bond under the provisions of Paragraph 6.01.A, the provisions of that bond shall govern over any inconsistent provisions of Paragraphs 16.02.B and 16.02.D.

16.03 *Owner May Terminate For Convenience*

A. Upon seven days written notice to Contractor and Engineer, Owner may, without cause and without prejudice to any other right or remedy of Owner, terminate the Contract. In such case, Contractor shall be paid for (without duplication of any items):

1. completed and acceptable Work executed in accordance with the Contract Documents prior to the effective date of termination, including fair and reasonable sums for overhead and profit on such Work;

2. expenses sustained prior to the effective date of termination in performing services and furnishing labor, materials, or equipment as required by the Contract Documents in connection with uncompleted Work, plus fair and reasonable sums for overhead and profit on such expenses; and

3. other reasonable expenses directly attributable to termination, including costs incurred to prepare a termination for convenience cost proposal.

B. Contractor shall not be paid on account of loss of anticipated overhead, profits, or revenue, or other economic loss arising out of or resulting from such termination.

16.04 *Contractor May Stop Work or Terminate*

A. If, through no act or fault of Contractor, (1) the Work is suspended for more than 90 consecutive days by Owner or under an order of court or other public authority, or (2) Engineer fails to act on any Application for Payment within 30 days after it is submitted, or (3) Owner fails for 30 days to pay Contractor any sum finally determined to be due, then Contractor may, upon seven days written notice to Owner and Engineer, and provided Owner or Engineer do not remedy such suspension or failure within that time, terminate the contract and recover from Owner payment on the same terms as provided in Paragraph 16.03.

B. In lieu of terminating the Contract and without prejudice to any other right or remedy, if Engineer has failed to act on an Application for Payment within 30 days after it is submitted, or Owner has failed for 30 days to pay Contractor any sum finally determined to be due, Contractor may, seven days after written notice to Owner and Engineer, stop the Work until payment is made of all such amounts due Contractor, including interest thereon. The provisions of this paragraph are not intended to preclude Contractor from submitting a Change Proposal for an adjustment in Contract Price or Contract Times or otherwise for

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

expenses or damage directly attributable to Contractor's stopping the Work as permitted by this paragraph.

ARTICLE 17 – FINAL RESOLUTION OF DISPUTES

17.01 *Methods and Procedures*

A. *Disputes Subject to Final Resolution*: The following disputed matters are subject to final resolution under the provisions of this Article:

1. A timely appeal of an approval in part and denial in part of a Claim, or of a denial in full; and

2. Disputes between Owner and Contractor concerning the Work or obligations under the Contract Documents, and arising after final payment has been made.

B. *Final Resolution of Disputes*: For any dispute subject to resolution under this Article, Owner or Contractor may:

1. elect in writing to invoke the dispute resolution process provided for in the Supplementary Conditions; or

2. agree with the other party to submit the dispute to another dispute resolution process; or

3. if no dispute resolution process is provided for in the Supplementary Conditions or mutually agreed to, give written notice to the other party of the intent to submit the dispute to a court of competent jurisdiction.

ARTICLE 18 – MISCELLANEOUS

18.01 *Giving Notice*

A. Whenever any provision of the Contract Documents requires the giving of written notice, it will be deemed to have been validly given if:

1. delivered in person, by a commercial courier service or otherwise, to the individual or to a member of the firm or to an officer of the corporation for which it is intended; or

2. delivered at or sent by registered or certified mail, postage prepaid, to the last business address known to the sender of the notice.

18.02 *Computation of Times*

A. When any period of time is referred to in the Contract by days, it will be computed to exclude the first and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day will be omitted from the computation.

18.03 *Cumulative Remedies*

A. The duties and obligations imposed by these General Conditions and the rights and remedies available hereunder to the parties hereto are in addition to, and are not to be construed in any way as a limitation of, any rights and remedies available to any or all of them which are otherwise imposed or available by Laws or Regulations, by special warranty or guarantee, or by other provisions of the Contract. The provisions of this paragraph will be as effective as if repeated specifically in the Contract Documents in connection with each particular duty, obligation, right, and remedy to which they apply.

Copyright © 2013 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

18.04 *Limitation of Damages*

A. With respect to any and all Change Proposals, Claims, disputes subject to final resolution, and other matters at issue, neither Owner nor Engineer, nor any of their officers, directors, members, partners, employees, agents, consultants, or subcontractors, shall be liable to Contractor for any claims, costs, losses, or damages sustained by Contractor on or in connection with any other project or anticipated project.

18.05 *No Waiver*

A. A party's non-enforcement of any provision shall not constitute a waiver of that provision, nor shall it affect the enforceability of that provision or of the remainder of this Contract.

18.06 *Survival of Obligations*

A. All representations, indemnifications, warranties, and guarantees made in, required by, or given in accordance with the Contract, as well as all continuing obligations indicated in the Contract, will survive final payment, completion, and acceptance of the Work or termination or completion of the Contract or termination of the services of Contractor.

18.07 *Controlling Law*

A. This Contract is to be governed by the law of the state in which the Project is located.

18.08 *Headings*

A. Article and paragraph headings are inserted for convenience only and do not constitute parts of these General Conditions.

SUPPLEMENTARY CONDITIONS

These Supplementary Conditions amend or supplement the Standard General Conditions of the Construction Contract, EJCDC® C-700 (2013 Edition). All provisions that are not so amended or supplemented remain in full force and effect.

The terms used in these Supplementary Conditions have the meanings stated in the General Conditions. Additional terms used in these Supplementary Conditions have the meanings stated below, which are applicable to both the singular and plural thereof.

The address system used in these Supplementary Conditions is the same as the address system used in the General Conditions, with the prefix "SC" added thereto.

ARTICLE 1 – DEFINITIONS AND TERMINOLOGY

SC-1.01 Defined Terms

SC-1.01. Add to the list of definitions in Paragraph 1.01.A by inserting the following as numbered items in their proper alphabetical positions:

SURETY – The person, firm, or corporation which is bound by the contract bonds with and for Contractor (Principal); and which is held and firmly bound unto Owner for the conditions of obligations set forth in said bonds.

ARTICLE 2 – PRELIMINARY MATTERS

SC-2.01 Delivery of Bonds and Evidence of Insurance

SC-2.01 Delete Paragraphs 2.01 B. in their entirety and insert the following in their place:

B. Evidence of Contractor's Insurance: When Contractor delivers the executed counterparts of the Agreement to Owner, Contractor shall also deliver to Owner copies of the policies of insurance (including all endorsements, and identification of applicable self-insured retentions and deductibles) required to be provided by Contractor in Article 6. Contractor may block out (redact) any confidential premium or pricing information contained in any policy or endorsement furnished under this provision.

SC-2.01 Delete Paragraphs 2.01 C. in its entirety.

SC-2.03 Before Starting Construction

SC-2.03 Amend the second sentence of Paragraph 2.03.A to read as follows:

At the Preconstruction Conference (or as otherwise specifically required by the Contract Documents), Contractor shall submit to Engineer for timely review

ARTICLE 4 – PRELIMINARY MATTERS

SC-4.01 Commencement of Contract Times; Notice to Proceed

SC-4.01 Amend the third sentence of Paragraph 4.01 A. to read as follows:

A. In no event will the Contract Times commence to run later than the one hundred eightieth day after the day of Bid opening or the ninetieth day after the Effective Date of the Contract, whichever date is earlier.

ARTICLE 5 – AVAILABILITY OF LANDS; SUBSURFACE AND PHYSICAL CONDITIONS; HAZARDOUS ENVIRONMENTAL CONDITIONS

SC-5.01 Availability of Lands

SC-5.01 Add the following to the end of paragraph 5.01.C:

Contractor shall obtain said land rights at his own expense and without liability to the Owner. Contractor shall not enter upon private property without first obtaining written permission from the rightful property owner.

SC-5.03 Subsurface and Physical Conditions

SC-5.03 Add the following new paragraphs immediately after Paragraph 5.03.B:

C. In the preparation of Drawings and Specifications, Engineer or Engineer's Consultants relied upon the following reports of explorations and tests of subsurface conditions at the Site:

1. Report dated June 7, 2021, prepared by H2R Corp, entitled: "Geotechnical Report", consisting of 34 pages.

E. Copies of these reports and drawings itemized in SC 5.03.C that are not included with the Bidding Documents may be examined at the Engineer's office during regular business hours. These reports and drawings are not part of the Contract Documents, but the "technical data" contained therein upon which Contractor may rely as identified and established above are incorporated therein by reference. Contractor is not entitled to rely upon other information and data utilized by Engineer and Engineer's Consultants in the preparation of Drawings and Specifications.

SC-5.06 Hazardous Environmental Conditions

SC 5.06 Delete Paragraphs 5.06.A and 5.06.B in their entirety and insert the following:

A. No reports or drawings related to Hazardous Environmental Conditions at the Site are known to Owner.

B. Not Used.

SC-5.06 Delete Paragraph 5.06.I in its entirety.

SC 5.06 Amend the first paragraph of 5.06.J of the General Conditions by changing "(including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs)" to "(including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or other dispute resolution costs)"

ARTICLE 6 – BONDS AND INSURANCE

SC-6.01 Performance, Payment, and Other Bonds

SC 6.01 Delete Paragraph 6.01.B in its entirety and insert the following:

B. All Bonds shall be in the form prescribed by the Contract Documents or other form approved by Owner. All else notwithstanding, the terms of all Bonds shall be substantially in the form prescribed by Chapter 255, Florida Statutes. All Bonds shall be executed by Contractor and a corporate bonding company licensed to transact such business in the State of Florida and named on the current list of "Surety Companies Acceptable on Federal Bonds" as published in the Treasury Department Circular Number 570. Contractor will cause the Bonds to be recorded with the Clerk of the Circuit Court in the county in which the Work is to be performed. Failure to execute bonds in the form prescribed may constitute non-responsiveness on the part of Contractor. The expense for all Bonds shall be Contractor's responsibility.

SC-6.02 Insurance—General Provisions

SC-6.02 Add the following paragraph immediately after Paragraph 6.02.B:

1. Certificates of insurance shall be issued by a company with a Best's rating of at least B+ authorized to do business in the State of Florida. Owner must approve non-rated insurers. If used, Owner shall be shown as the Certificate Holder, Engineer as Additional Insured and provide for a 30-day cancellation notice.

SC-6.02 Delete Paragraph 6.02 D. in its entirety.

SC-6.02 Add the following paragraph immediately after Paragraph 6.02.J:

K. No work shall be commenced under this contract until the required Certificate(s) have been provided. Work shall not continue after expiration (or cancellation) until new Certificate(s) have been provided. Non-continuance of work after expiration (or cancellation) of Certificate(s) will not constitute a delay beyond Contractor's control as defined in paragraph 4.05.

L. Contractor shall arrange for its insurers' policies to include, or be endorsed to include, a severability of interest/cross liability provision, so that Owner will be treated as if a separate policy were in existence, but without increasing the policy limits.

M. Contractor's deductibles/self-insured retentions shall be disclosed to Owner and may be disapproved by the latter. They shall be reduced or eliminated at the option of Owner. Contractor is responsible for the amount of any deductible or self-insured retention.

N. Insurance required of Contractor or any other insurance of Contractor shall be considered primary and insurance or self-insurance of Owner shall be considered excess, as may be applicable to claims that arise out of this contract.

O. The Contractor shall either (a) require each subcontractor to procure and maintain the same coverage as required of the Contractor, or (b) insure the activities of subcontractors in his own policy.

SC-6.05.A. Add the following to the list of items in Paragraph 6.05.A, as numbered items:

14. include for the benefit of Owner loss of profits and soft cost coverage including, without limitation, fixed expenses and debt service for a minimum of 12 months with a maximum deductible of 30 days, plus attorneys fees and engineering or other consultants' fees, if not otherwise covered;

15. include by express endorsement coverage of damage to Contractor's equipment.

ARTICLE 7 – CONTRACTOR'S RESPONSIBILITIES

SC-7.02 Labor; Working Hours

SC-7.02.B. Amend the first and second sentences of Paragraph 7.02.B to state "…all Work at the Site shall be performed during regular working hours, 7:00 AM through 5:00 PM. Contractor will not perform Work on a Saturday, Sunday, or any legal holiday recognized by the Owner without prior written approval by the Owner. The Owner recognizes the following legal holidays:

New Year's Day (January 1)
Martin Luther King Jr. Day (3rd Monday in January)
President's Day (3rd Monday in February)
Good Friday
Memorial Day (Last Monday of May)
Juneteenth (June 19)
Independence Day (July 4)
Labor Day (1st Monday of September)
Veteran's Day (November 11)
Thanksgiving Day (4th Thursday of November)
Day After Thanksgiving (4th Friday of November)
Christmas Eve (December 24)
Christmas Day (December 25)
New Year's Eve (December 31)"

SC-7.02.C. Add the following new paragraph immediately after Paragraph 7.02.B:

Contractor shall be responsible for the cost of any overtime pay or other expense incurred by the Owner for Engineer's services (including those of the Resident Project Representative, if any), Owner's representative, and construction observation services, occasioned by the performance of Work outside of regular working hours as defined in the Contract Documents. If Contractor is responsible but does not pay, or if the parties are unable to agree as to the amount owed, then Owner may impose a reasonable set-off against payments due under Article 15.

SC-7.07 Delete Paragraph 7.07 B. in its entirety.

SC-7.11 Record Documents

SC-7.11.A. Add the following new paragraph immediately after Paragraph 7.11.A:

Annotation of record documents shall be legible, precise, and complete as determined by Engineer. Record drawings shall also meet all additional requirements if any as specified in the Contract Documents including providing an electronic CAD version.

SC-7.12 Safety and Protection

SC-7.12.A. Add the following new paragraph immediately after Paragraph 7.12.A.3:

4. Contractor shall be responsible at all times for precautions to achieve the protection of all persons, including employees and property. Contractor shall make special effort to detect hazardous conditions and shall take prompt action where necessary to avoid accident, injury, or property damage. OSHA and all other applicable safety laws and ordinances shall be followed as well as American National Standards Institute Safety Standards. All accidents, injuries, claims, or potential claims shall be reported promptly to Owner.

SC-7.16 Shop Drawings, Samples, and Other Submittals

SC-7.16.E. Add the following new paragraph immediately after Paragraph 7.16.E.1:

2. Contractor shall reimburse Owner for the charges of Engineer and Engineer's Consultants for costs generated as a result of more than two submittals of any one Shop Drawing or Sample being required for evaluation due to rejection for noncompliance of the original submittal or for lack of information required by the Contract Documents. Owner's reimbursement for the charges shall be a deduction from Contractor's Partial Payment(s).

SC-7.18 Indemnification

SC-7.18 Delete in its entirety

ARTICLE 9 – OWNER'S RESPONSIBILITIES

SC-9.02 Replacement of Engineer

SC-9.02 Amend paragraph 9.02 of the General Conditions by striking out the following words: ", provided the Contractor makes no reasonable objection."

SC-9.11 Evidence of Financial Arrangements

SC-9.11 Delete in its entirety

ARTICLE 10 – ENGINEER'S STATUS DURING CONSTRUCTION

SC-10.03 Project Representative

SC-10.03 Add the following new paragraphs immediately after Paragraph 10.03.A:

B. The Resident Project Representative (RPR) will be Engineer's representative at the Site, will act as directed by and under the supervision of Engineer, and will confer with Engineer regarding RPR's actions.

1. General: RPR's dealings in matters pertaining to the Work in general shall be with Engineer and Contractor. RPR's dealings with Subcontractors shall only be through or with the full knowledge and approval of Contractor. RPR shall generally communicate with Owner only with the knowledge of and under the direction of Engineer.

2. Schedules: Review the progress schedule, schedule of Shop Drawing and Sample submittals, and Schedule of Values prepared by Contractor and consult with Engineer concerning acceptability.

3. Conferences and Meetings: Attend meetings with Contractor, such as preconstruction conferences, progress meetings, job conferences, and other Project-related meetings, and prepare and circulate copies of minutes thereof.

4. Liaison:

a. Serve as Engineer's liaison with Contractor. Working principally through Contractor's authorized representative or designee, assist in providing information regarding the provisions and intent of the Contract Documents.

b. Assist Engineer in serving as Owner's liaison with Contractor when Contractor's operations affect Owner's on-Site operations.

c. Assist in obtaining from Owner additional details or information, when required for proper execution of the Work.

5. Interpretation of Contract Documents: Report to Engineer when clarifications and interpretations of the Contract Documents are needed and transmit to Contractor clarifications and interpretations as issued by Engineer.

6. Shop Drawings and Samples:

a. **Record date of receipt of Samples and Contractor-approved Shop Drawings.**

b. Receive Samples which are furnished at the Site by Contractor, and notify Engineer of availability of Samples for examination.

c. Advise Engineer and Contractor of the commencement of any portion of the Work requiring a Shop Drawing or Sample submittal for which RPR believes that the submittal has not been approved by Engineer.

7. Modifications: Consider and evaluate Contractor's suggestions for modifications in Drawings or Specifications and report such suggestions, together with RPR's recommendations, if any, to Engineer. Transmit to Contractor in writing decisions as issued by Engineer.

8. **Review of Work and Rejection of Defective Work:**

    a. **Conduct on-Site observations of Contractor's work in progress to assist Engineer in determining if the Work is in general proceeding in accordance with the Contract Documents.**

    b. **Report to Engineer whenever RPR believes that any part of Contractor's work in progress is defective, will not produce a completed Project that conforms generally to the Contract Documents, or will imperil the integrity of the design concept of the completed Project as a functioning whole as indicated in the Contract Documents, or has been damaged, or does not meet the requirements of any inspection, test or approval required to be made; and advise Engineer of that part of work in progress that RPR believes should be corrected or rejected or should be uncovered for observation, or requires special testing, inspection or approval.**

9. **Inspections, Tests, and System Start-ups:**

    a. **Verify that tests, equipment, and systems start-ups and operating and maintenance training are conducted in the presence of appropriate Owner's personnel, and that Contractor maintains adequate records thereof.**

    b. **Observe, record, and report to Engineer appropriate details relative to the test procedures and systems start-ups.**

10. **Records:**

    a. **Prepare a daily report or keep a diary or log book, recording Contractor's hours on the Site, Subcontractors present at the Site, weather conditions, data relative to questions of Change Orders, Field Orders, Work Change Directives, or changed conditions, Site visitors, deliveries of equipment or materials, daily activities, decisions, observations in general, and specific observations in more detail as in the case of observing test procedures; and send copies to Engineer.**

    b. **Record names, addresses, fax numbers, e-mail addresses, web site locations, and telephone numbers of all Contractors, Subcontractors, and major Suppliers of materials and equipment.**

    c. **Maintain records for use in preparing Project documentation.**

11. **Reports:**

    a. **Furnish to Engineer periodic reports as required of progress of the Work and of Contractor's compliance with the Progress Schedule and schedule of Shop Drawing and Sample submittals.**

    b. **Draft and recommend to Engineer proposed Change Orders, Work Change Directives, and Field Orders. Obtain backup material from Contractor.**

    c. **Immediately notify Engineer of the occurrence of any Site accidents, emergencies, acts of God endangering the Work, force majeure or delay events, damage to property by fire or other causes, or the discovery of any Constituent of Concern or Hazardous Environmental Condition.**

12. **Payment Requests: Review applications for payment with Contractor for compliance with the established procedure for their submission and forward with recommendations to Engineer, noting particularly the relationship of the payment requested to the Schedule of Values, Work completed, and materials and equipment delivered at the Site but not incorporated in the Work.**

13. **Certificates, Operation and Maintenance Manuals: During the course of the Work, verify that materials and equipment certificates, operation and maintenance manuals and other data required by the Contract Documents to be assembled and furnished by Contractor are applicable to the items actually installed and in accordance with the Contract Documents, and have these documents delivered to Engineer for review and forwarding to Owner prior to payment for that part of the Work.**

14. **Completion:**

    a. **Participate in Engineer's visits to the Site to determine Substantial Completion, assist in the determination of Substantial Completion and the preparation of a punch list of items to be completed or corrected.**

    b. **Participate in Engineer's final visit to the Site to determine completion of the Work, in the company of Owner and Contractor, and prepare a final punch list of items to be completed and deficiencies to be remedied.**

    c. **Observe whether all items on the final list have been completed or corrected and make recommendations to Engineer concerning acceptance and issuance of the notice of acceptability of the work.**

C. The RPR shall not:

1. **Authorize any deviation from the Contract Documents or substitution of materials or equipment (including "or-equal" items).**

2. **Exceed limitations of Engineer's authority as set forth in the Contract Documents.**

3. **Undertake any of the responsibilities of Contractor, Subcontractors, or Suppliers.**

4. **Advise on, issue directions relative to, or assume control over any aspect of the means, methods, techniques, sequences or procedures of Contractor's work.**

5. **Advise on, issue directions regarding, or assume control over security or safety practices, precautions, and programs in connection with the activities or operations of Owner or Contractor.**

6. **Participate in specialized field or laboratory tests or inspections conducted off-site by others except as specifically authorized by Engineer.**

7. **Accept Shop Drawing or Sample submittals from anyone other than Contractor.**

8. **Authorize Owner to occupy the Project in whole or in part.**

ARTICLE 12 – CLAIMS

SC-12.01 Claims

SC 12.01.B **Amend the first sentence of paragraph 12.01.B of the General Conditions by changing "(but in no event later than 30 days)" to "(but in no event later than 90 days for the Owner and no later than 10 days for the Contractor)".**

ARTICLE 13 – COST OF THE WORK; ALLOWANCES; UNIT PRICE WORK

SC-13.01 Cost of the Work

SC 13.01.B.5.c **Add the following to the end of Paragraph 13.01.B.5.c:**

In no case shall rates exceed those published by the current edition of Data Quest Incorporated titled, Rental Rate Blue Book for Construction Equipment, and other procedures established by Florida Department of Transportation.

SC 13.01.B.5.f **Amend the first sentence of paragraph 13.01.B.5.f by striking out the following words: "(except losses and damages within the deductible amounts of property insurance established in accordance with Paragraph 6.05)."**

SC 13.01.B.5.i **Add the following new paragraphs immediately after paragraph 13.01.B.5.i:**

j. The cost of compliance with current local, state and federal safety regulations.

SC-13.03 Unit Price Work

SC 13.03.E **Delete Paragraph 13.03.E in its entirety and insert the following in its place:**

E. The unit price of an item of Unit Price Work shall be subject to reevaluation and adjustment by the Owner under the following conditions:

1. if the extended price of a particular item of Unit Price Work amounts to 25 percent or more of the Contract Price (based on estimated quantities at the time of Contract formation) and the variation in the quantity of that particular item of Unit Price Work actually furnished or performed by Contractor differs by more than 25 percent from the estimated quantity of such item indicated in the Agreement; and

2. if there is no corresponding adjustment with respect to any other item of Work; and

3. if Owner believes that the quantity variation entitles Owner to an adjustment in the unit price, Owner may make a Claim, seeking an adjustment in the Contract Price.

SC 13.03.E **Add the following new paragraphs immediately after Paragraph 13.03.E:**

F. Owner reserves the right to delete any Unit Price Work with the change, if any, in the Contract Price or in the Contract Times determined in accordance with Article 11.

ARTICLE 14 –TESTS AND INSPECTIONS; CORRECTION, REMOVAL OR ACCEPTANCE OF DEFECTIVE WORK

SC-14.02 Tests, Inspections, and Approvals

SC 14.02.A Add the following to the end of Paragraph 14.02.A:

Contractor shall reimburse Owner for the charges of Engineer and Engineer's Consultants for all costs due to work not being ready for tests and/or inspections when the Contractor has notified Engineer that work is ready for tests and/or inspections. Contractor shall reimburse Owner for all failed tests and subsequent retests. Partial payments payable to Contractor shall be distributed, first to reimburse the Owner for such charges, with the balance distributed to the Contractor in accordance with the Contract Documents.

ARTICLE 15 – PAYMENTS TO CONTRACTOR; SET-OFFS; COMPLETION; CORRECTION PERIOD

SC-15.01 Progress Payments

SC 15.01.B.2 Delete Paragraph 15.01.B.2 in its entirety and insert the following in its place:

Beginning with the second Application for Payment, each Application shall include an affidavit of Contractor certifying that Contractor has disbursed to all subcontractors and suppliers having an interest in the contract their pro rata shares of the payment out of previous progress payments received by Contractor for all work completed and materials furnished in the previous period, less a retainage withheld by Contractor pursuant to an agreement with a subcontractor. Contractor shall provide a waiver of lien for all stored materials with the second application for payment after submitting application for payment. If the waiver of lien is not provided, current application for payment will be reduced by the value of the stored materials until said time waiver of lien is received or stored materials become incorporated in the Work. Within 30 days of receipt for the final progress payment or any other payments received thereafter except the final payment, Contractor shall pay all subcontractors and suppliers having an interest in the contract their pro rata shares of the payment for all work completed and materials furnished.

SC 15.01.D.1 Change Paragraph 15.01.D.1 to read as follows:

After presentation of the Application for Payment to the Owner with Engineer's recommendation, the amount recommended will (subject to the provisions of paragraph 15.01.C) become due and when due, will be paid by Owner to Contractor within thirty (30) days.

SC-15.03 Substantial Completion

SC 15.03.B Add the following new subparagraph to Paragraph 15.03.B:

1. **If some or all of the Work has been determined not to be at a point of Substantial Completion and will require re-inspection or re-testing by Engineer, the cost of such re-inspection or re-testing, including the cost of time, travel and living expenses, shall be paid by Contractor to Owner. If Contractor does not pay, or the parties are unable to agree as to the amount owed, then Owner may impose a reasonable set-off against payments due under Article 15.**

CERTIFICATE OF SUBSTANTIAL COMPLETION

Owner:	Village of Palm Springs	Owner's Task Order No.:	291
Contractor:		Project Bid No. (ITB #):	2024B-004
Engineer:	Chen Moore & Associates	Engineer's Project No.:	21-471.002
Project:	Davis Road Stormwater Improvements		

This [preliminary] [final] Certificate of Substantial Completion applies to:

☐ All Work ☐ The following specified portions of the Work:

Date of Substantial Completion

The Work to which this Certificate applies has been inspected by authorized representatives of Owner, Contractor, and Engineer, and found to be substantially complete. The Date of Substantial Completion of the Work or portion thereof designated above is hereby established, subject to the provisions of the Contract pertaining to Substantial Completion. The date of Substantial Completion in the final Certificate of Substantial Completion marks the commencement of the contractual correction period and applicable warranties required by the Contract.

A punch list of items to be completed or corrected is attached to this Certificate. This list may not be all-inclusive, and the failure to include any items on such list does not alter the responsibility of the Contractor to complete all Work in accordance with the Contract.

The responsibilities between Owner and Contractor for security, operation, safety, maintenance, heat, utilities, insurance, and warranties upon Owner's use or occupancy of the Work shall be as provided in the Contract, except as amended as follows: *[Note: Amendments of contractual responsibilities recorded in this Certificate should be the product of mutual agreement of Owner and Contractor; see Paragraph 15.03.D of the General Conditions.]*

Amendments to Owner's responsibilities:
☐ None
☐ As follows

Amendments to Contractor's responsibilities:
☐ None
☐ As follows:

The following documents are attached to and made a part of this Certificate: *[punch list; others]*

This Certificate does not constitute an acceptance of Work not in accordance with the Contract Documents, nor is it a release of Contractor's obligation to complete the Work in accordance with the Contract.

Appendix C .....Approved Permits

PART 1 - GENERAL

1.01 SCOPE

Work under this contract includes furnishing materials, labor, tools equipment, supervision and incidentals necessary to construct infrastructure improvements.

1.02 GENERAL

A. The provisions of this Section shall amplify the "General Conditions", including updates through the bid date of this project, in specific instances and shall have full force and effect as if contained in those documents.

B. TECHNICAL SPECIFICATIONS consists of this section, Section 01005, described as TECHNICAL PROVISIONS, pages 01005-1 to 01005-5 and the applicable sections of the latest edition of the Village of Palm Springs (VILLAGE) Code of Ordinances, Palm Beach County- Department of Engineering and Public Works Land Development Design Standards, and FDOT Design Manual (FDM) shall be the "Minimum Standards", at the time of bidding.

C. In case of conflict between codes, reference standards, drawings, and the other Contract Documents, the most stringent requirements shall govern. All conflicts shall be brought to the attention of the ENGINEER for clarification and direction prior to ordering or providing any materials or furnishing labor. The CONTRACTOR shall bid for the most stringent requirements.

D. Village of Palm Springs Code of Ordinances, Palm Beach County- Department of Engineering and Public Works Land Development Design Standards, and FDOT Design Manual (FDM) are not attached to the TECHNICAL SPECIFICATIONS but can be obtained on line or for a nominal fee, from the agency of reference.

F. When no reference is made to a code, standard or specification is stated, the standard specifications or guide for the ASCE, the ASTM, the ASA, the ASME, the AIEE, the NEMA or similar organization shall govern.

1.03 ITEMS SPECIFIED ON DRAWINGS

A. Items of material, equipment, machinery and the like may be specified on the Drawings and not in the Technical Specifications. The CONTRACTOR in accordance with the General Notes on the Drawings shall provide such items.

1.04 FIELD LAYOUT OF THE WORK AND RECORD DRAWINGS

A. See "General Conditions", Paragraph 14.07.A.1.

B. After completion of construction, the CONTRACTOR shall provide four sets of Record Drawings with all the As-Built information; all locations, dimensions and elevations of the constructed facilities, certified, signed and sealed thereon by a Land Surveyor registered in the State of Florida. All elevations shall refer to N.A.V.D. (North American Vertical Datum). The cost of such field layout and recording work shall be the responsibility of the CONTRACTOR.

1.05 SALVAGE

A. Any existing equipment or material, including but not limited to valves, pipes, fittings, couplings, etc., which is removed as a result of construction under this project may be designated as salvage by the VILLAGE, and if so, shall be delivered clean to the VILLAGE at a location directed by the VILLAGE. Any equipment or material not worthy of salvaging shall be disposed of by the CONTRACTOR at a suitable location in accordance with all applicable regulations, ordinances and laws at no additional cost to the VILLAGE.

1.06 POWER

A. The CONTRACTOR shall furnish and pay for all electrical power required for the construction, testing and trial operation, prior to final acceptance by the VILLAGE.

1.07 WATER SUPPLY

A. All water required for testing, flushing, and construction shall be furnished by the VILLAGE and paid for by the CONTRACTOR. The purchase price shall be the prevailing rate as published by the VILLAGE. The quantity of water used shall be determined by reading the meter at the start and at the finish of construction. The CONTRACTOR shall make all arrangements and incur all expense involved in having the VILLAGE furnish and install the necessary water meters. Each water service line shall be provided with a vacuum relief or backflow preventer which shall meet the requirements of ASA A40.6, latest revision, and the local administrative authority.

1.08 MAINTENANCE

A. The CONTRACTOR shall fully cooperate at all times with the VILLAGE in order to maintain the operation of the existing water and/or sewer system with the least amount of interference and interruption possible. The schedule plans and work of the CONTRACTOR shall at all times be subject to alteration and revision if necessary for public health and safety considerations. The creation of a public nuisance will not be permitted.

B. It may be necessary to interrupt the operation of the existing water and/or sewer system. In all cases where the CONTRACTOR must cause an interruption, CONTRACTOR shall prepare and submit to the ENGINEER four (4) working days prior to commencing the work, a complete description of the proposed procedure and a time schedule, which CONTRACTOR will guarantee. At least forty-eight (48) hours prior to the time proposed for starting the work, the ENGINEER will notify the CONTRACTOR whether or not the work will be permitted as proposed.

1. The ENGINEER reserves the right to require the CONTRACTOR to work 24 hours per day in all cases where, in ENGINEER'S opinion, interference with operation of the system may result in dangerous health hazards or offensive conditions.

2. In no case will the CONTRACTOR be permitted to interfere with the existing system until all materials, supplies, equipment, tools and incidentals necessary to complete the work are on the site. Backup equipment on key equipment items shall be required on work necessitating interference with the existing system.

3. The CONTRACTOR shall furnish and pay for notification to effected parcels by method of door hanger or similar approved method 24 hours prior to interference.

1.09 SITE RESTORATION

A. The CONTRACTOR shall remove all excess material and shall clean up and restore the site to its original condition or better. All damage, as a result of work under this Contract, done to existing structures, pavement, driveways, paved areas, curbs and gutters, sidewalks shrubbery, grass, trees, utility poles, utility pipelines, conduits, drains, catch basins, flagstones, rocked, graveled, or stabilized areas of driveways, and including all obstructions not specifically named herein, shall be repaired, or replaced, as determined by the ENGINEER. Site restoration shall be done in a timely manner as the work progresses.

1.10 SANITARY FACILITIES

A. The CONTRACTOR shall provide temporary facilities at the site as directed by the ENGINEER.

1.11 STANDARDS

A. Wherever in these TECHNICAL SPECIFICATIONS or in the drawings name and/or number refer to certain standards or regulations, the applicable publication shall be the latest revision thereof. Reference by abbreviation is made in accordance with the Section 01070, "Abbreviations of Institutions."

1.12 QUALITY OF ITEMS

A. All material furnished for this project shall be new and unused. Any material, which has become excessively weathered or damaged since manufacture, shall not be considered as new. ENGINEER shall be the sole judge as to what constitutes excessive weathering or damage.

1.13 TESTING

A. The Minimum Standards may require during shop drawing review that materials and equipment supplied meet given standards and testing to demonstrate conformance to the standards is a part of those standards. The cost of these tests shall be the obligation of the CONTRACTOR and no extra charge shall be made to the VILLAGE on account of such testing.

B. The CONTRACTOR will select a recognized, independent testing laboratory to make tests on concrete, reinforcing steel, soils and other materials for the construction phase, which the VILLAGE may decide to test for conformity with the TECHNICAL SPECIFICATIONS. The CONTRACTOR shall supply the necessary samples for this testing without cost to the VILLAGE. The costs for actual testing shall be included within the base bid price for each line item which requires testing.

C. Construction in areas where installation and restoration must satisfy the additional requirements of a local, state or federal authority may require testing to demonstrate conformance. The CONTRACTOR shall ascertain the extent of testing required by regulatory agencies within these areas. The CONTRACTOR is responsible for coordinating the performance such tests, including but not limited to, tests of compaction, and all costs for these tests shall be the obligation of the CONTRACTOR and no extra charge shall be made to the VILLAGE on account of such testing.

1.14 UTILITY CROSSINGS

A. It is intended that wherever existing utilities must be crossed that the pipe may be deflected up to 75% of the manufacturers recommended limits, but shall not exceed the allowable limits of the VILLAGE. Adequate cover shall be used to adequately clear the obstruction. However, when in

the opinion of the ENGINEER, this procedure is not feasible ENGINEER may direct the use of fittings to clear a utility crossing as detailed on the Drawings. The cost of such crossing including joint restraints shall be on the basis of the schedule of pay items applied.

B. Deflections and adjustments of the proposed pipelines to avoid all other existing utilities shall be verified/determined in the field during construction.

1.15 BASIS OF MEASUREMENT

A. Where mains are to be paid for on a unit price per linear foot basis, the number of linear feet will be determined by measurement along the centerline of the pipe in place, including fittings.

1.16 ADJUSTMENT AND RELOCATION OF EXISTING LINES

A. When the drawings indicate that existing lines must be deflected, the pipe may be deflected up to 75% of the manufacturer's recommended limits but shall not exceed the allowable limits of the VILLAGE. The CONTRACTOR will be so directed by the ENGINEER. If the ENGINEER determines that the use of new pipe and fittings is required for deflection, the CONTRACTOR will be directed to use this method. The price for either method shall be based upon the unit prices bid. This does not apply to connections to existing system (Paragraph 1.17, this Section).

1.17 CONNECTION TO EXISTING SYSTEM

A. The CONTRACTOR shall perform all work necessary to locate, excavate and prepare for connection to the existing mains as shown on the Drawings. The cost of this work and for the actual connection to the existing main shall be based upon the unit prices for installing the pipe and appurtenances and shall not result in any additional cost to the VILLAGE. The cost of ductile iron sleeves shall be included in the fittings unit price.

B. Additional valves used for the CONTRACTOR's convenience shall not be considered as an extra cost payable by the VILLAGE for the tie-in to the existing system.

C. During all phases of the work, (i.e. installation, testing and restoration), the CONTRACTOR shall ensure at all times the safe operation of the existing water and/or sewage systems. Service to the customers shall be maintained with the least amount of interference and interruption as possible.

1.18 RELOCATIONS AND SUPPORT

A. The CONTRACTOR shall be responsible for the relocation and/or support of structures that are shown on the drawings, including, but not limited to, light poles, signs, fences, piping, conduits and drains that interfere with the proposed positioning of the drainage. The cost of all such relocations shall be included in the prices bid for the appropriate items.

1.19 UTILITIES

A. Existing utilities are shown on the Drawings insofar as information is reasonably available; however, it will be the responsibility of the CONTRACTOR to preserve all existing utilities whether shown on the Drawings or not. Additional utilities may exist which are not shown on the plans. The CONTRACTOR shall be responsible for the exact location of all existing utilities. The contractor shall verify all utilities by electronic methods and by hand excavation in coordination with all utility companies prior to beginning any construction operation. The exact location shall

be determined by the CONTRACTOR during construction and the locations and elevations of exposed features shall be carefully noted on the project record "as-built" drawings. Any and all conflict of existing utilities with proposed improvements must be resolved by the CONTRACTOR in an approved manner. If utility conflicts are encountered by the CONTRACTOR during construction, CONTRACTOR shall give sufficient notice to their owners so that they may make the necessary adjustments. Damage to any utility, which in the opinion of the VILLAGE is caused by carelessness on the part of the CONTRACTOR shall be repaired at the expense of the CONTRACTOR.

1.20 GUARANTEE

A. The CONTRACTOR shall guarantee the equipment, material and labor performed under the Contract against any and all failures in proper use and operation for a period of one (1) year from date of written acceptance by the VILLAGE.

B. The CONTRACTOR shall also obtain warranties from manufacturers for each piece of equipment furnished so that the manufacturer's warranty fully covers the equipment for a period of one (1) year from the date of written acceptance by the VILLAGE.

1.21 PERFORMANCE OF WORK

A. The CONTRACTOR shall provide all personnel and equipment required to complete all work specified herein and on the Drawings. In an emergency situation, if the VILLAGE determines that it must provide staff and/or equipment to assist the CONTRACTOR in the satisfactory performance of the Contract terms and conditions, the CONTRACTOR at the applicable prevailing wage rates shall reimburse the VILLAGE. Any additional cost accrued by inspector overtime work (i.e. night work, weekends and holidays) will be billed at an hourly rate of $125.00/hr.

B. CONTRACTOR shall provide forty-eight (48) hours advance written notice to the VILLAGE for approval of CONTRACTOR’S intention to work overtime on weekdays or to work on the weekends.

1.22 BARRICADING (SAFETY)

A. The CONTRACTOR shall be responsible for the furnishing and maintaining of all required barricades, either the lighted or the reflector type, to ensure the public's safety during open trench work or for any other potentially unsafe or hazardous construction activities. Barricades shall be located and displayed in conformance with the most stringent regulations required by the governing agencies. All costs for barricading, including any permits and design, shall be the responsibility of the CONTRACTOR.

B. All work in public rights-of-way shall be done in strict compliance with these specifications and Minimum Standards. Failure to so comply will result in cessation of operations and the removal of project related obstructions from the right-of-way until compliance is achieved.

PART 2 - PRODUCTS (Not Applicable)

PART 3 - EXECUTION (Not Applicable)

END OF SECTION 01005

PART 1 - GENERAL

1.01 SCOPE

A. The WORK to be performed under this Contract shall consist of furnishing and installing all tools, equipment, materials, supplies, and manufactured articles and furnishing all labor, transportation, and services, including fuel, power, water, and essential communications, and performing all work, or other operations required for the fulfillment of the Contract in strict accordance with the Contract Documents. The WORK shall be complete, and all work, materials, and services not expressly indicated or called for in the Contract Documents which may be necessary for the complete and proper construction of the WORK in good faith shall be provided by the CONTRACTOR as though originally so indicated, at no increase in cost to the VILLAGE.

B. The Davis Road Stormwater Improvements Contract Documents are comprised of two volumes and are summarized as follows:

Volume I	Front End Documents and Technical Specifications
Volume II	General Drawings and Standard Details

1.02 WORK COVERED BY CONTRACT DOCUMENTS

A. The work of this Contract comprises the construction of Stormwater Improvements. The work will include but not be limited to site preparation, earthwork, dewatering, drainage installation and improvements, roadway and driveway restoration, tree removal, landscape restoration, swale regrading, restoring existing irrigation systems and pavement marking and signage.

B. The general location of the project site is as follows:

The limits of the Davis Road Stormwater Improvements are bounded by 10th Avenue N to the north, Canal Road to the south, Sago Park to the east, and Rostan Lane to the west.

C. The contract time required to Substantial Completion for each project will be 240 calendar days per project. The Final Completion is required to be completed within 30 days of Substantial Completion date.

1.03 NOTICE TO BIDDERS

A. The successful bidder, in order to be considered responsive, must possess the appropriate licenses.

B. It should also be noted that the successful bidder will, at the time of the pre-work conference, be required to show that each of the CONTRACTOR'S subcontractors must possess the appropriate licenses.

1.04 STANDARD SPECIFICATION

B. All materials and workmanship shall meet the requirements of The Minimum Standards Applicable to Public Rights-of-Way under Palm Beach County Jurisdiction" (to be referred to as "Minimum Standards") and the Florida Department of Transportation "Standard Specifications for Road and Bridge Construction," and its supplements, and the Florida Department of Transportation "Roadway and Traffic Design Standards" and "Structures Standards,"

B. These Special Provisions are supplemental to the above Specifications and Standards.

1.05 SITE INVESTIGATION

B. The CONTRACTOR, by virtue of signing the Contract, acknowledges that CONTRACTOR and all subcontractors have satisfied themselves to the nature and location of the work, the general and local conditions including, but not restricted to: those bearing upon transportation; disposal, handling and storage of materials; access roads to the site; the conformation and conditions of the work area; and the character of equipment and facilities needed preliminary to and during the performance of the work. Failure on the part of the CONTRACTOR to completely or properly evaluate the site conditions shall not be grounds for additional compensation.

B. Soil boring information is limited to the information provided in the geotechnical report. No additional information will be furnished to the CONTRACTOR. The CONTRACTOR, by virtue of signing the Contract, acknowledges that CONTRACTOR and subcontractors have satisfied themselves as to the nature and extent of soil and (underground) water conditions on the project site. No additional payment will be made to the CONTRACTOR because of differences between actual conditions and those shown by the boring logs.

1.06 WORK BY OTHERS

A. Concurrent Work by Other Contractors. The CONTRACTOR'S attention is directed to the fact that other contractors may conduct work at the site during the performance of the WORK under this Contract. The CONTRACTOR shall conduct its operations so as to cause little conflict or contractors is to provide continued safe access to their respective portions of the site, as required to perform work under their respective contracts.

B. Interference With Work On Utilities. The CONTRACTOR shall cooperate fully with all utility forces of the VILLAGE or forces of other public or private agencies engaged in the relocation, altering, or otherwise rearranging of any facilities which interfere with the progress of the WORK, and shall schedule the WORK so as to minimize interference with said relocation, altering, or other rearranging of facilities.

1.07 WORK SEQUENCE

A. The CONTRACTOR shall schedule and perform the work in such a manner as to result in the least possible disruption to the public's use of roadways, driveways, and utilities. Utilities shall include but not be limited to water, sewerage, drainage structures, ditches and canals, gas, electric, television and telephone. Prior to commencing with the WORK, CONTRACTOR shall perform a location investigation of existing underground utilities and facilities in accordance with Section 01530 entitled "Protection of Existing Facilities" and shall have obtained all required permits and permissions, CONTRACTOR shall also deliver written notice to the VILLAGE, ENGINEER, and property occupants (private and public) of all planned disruption to roadway, driveways, temporary displacement of fences, mailboxes, street signs and traffic signs, and utilities 72 hours in advance of disruption.

B. CONTRACTOR shall sequence the work so as to minimize impact on residents. CONTRACTOR shall notify Village Roadway Coordinator, Palm Beach County Sheriff’s Office, Village of Palm Springs Police, the Fire Department and Post Office 14 days prior to disruption of roadway.

1.08 WORK SCHEDULE

A. The contract time required to Substantial Completion for each project will be 240 calendar days per project. The Final Completion is required to be completed within 30 days of Substantial Completion date. Time is of the essence in completing this project. Because time is of the essence the CONTRACTOR shall commit the necessary resources to this project to complete it in a timely manner. Those resources may include multiple working crews, working over time, etc. Because time is of the essence, the CONTRACTOR'S construction progress will be monitored closely on a weekly basis. The Construction progress will be measured with the construction schedule submitted by the CONTRACTOR. If the ENGINEER determines that the CONTRACTOR does not meet the Critical Path Method (CPM) as specified in Section 01311, the CONTRACTOR will be required to commit those resources necessary to ensure the completion of the project in a timely manner including working over time, adding other work crews, etc. All costs incurred to implement measure to complete the work in timely manner will be borne by the CONTRACTOR at no additional cost to the VILLAGE.

B. SCHEDULE

1. CONTRACTOR will submit Provisional Preliminary Network Schedule as part of their bid.

2. CONTRACTOR shall submit scheduling information for the work as required in Section 01311 "Schedules and Reports". No separate payment shall be made for preparation and/or revision of the schedule.

3. Contract time required to Substantial Completion for each project will be 240 day per project. The Final Completion is required to be completed within 30 days of Substantial Completion date.

4. CONTRACTOR will submit de-watering plan (if necessary) a minimum of 30 days before start-up of construction.

5. CONTRACTOR will submit shop-drawings a minimum of 10 days before start-up of construction.

1.09 COMPUTATION OF CONTRACT TIME

A. It is the CONTRACTOR'S responsibility to provide clear and convincing documentation to the ENGINEER as to the effect additional work will have with respect to additional contract time extension that may be justified. If additional quantities of work can be carried out concurrent with other existing construction activities without disrupting the critical path of the project then no contract time extension will be granted. The CONTRACTOR is obligated to provide documentation to the ENGINEER if additional elements of work affect the critical path of the project. If work set forth in the original scope of the project is deleted, the contract time may be reduced. This contract is a calendar day contract. While the CONTRACTOR may be granted time to suspend work operations for vacations or holidays, contract time will not be suspended. During suspensions, the CONTRACTOR shall be responsible for all maintenance of traffic and liability without additional compensation from the VILLAGE. Any additional cost accrued by inspector overtime work (i.e. weekends and holidays) will be billed at an hourly rate of $125.00/hr.

1.10 CONTRACTOR USE OF PREMISES

A. The CONTRACTOR'S use of the project site shall be limited to its construction operations. The CONTRACTOR will arrange for storage of materials and a copy of a written agreement for use of other property shall be furnished to the ENGINEER.

1.11 PRE-CONSTRUCTION CONFERENCE

A. After the award of Contract, a Pre-construction Work Conference will be held between the CONTRACTOR, the ENGINEER, the VILLAGE, other interested Agencies, representatives of Utility Companies and others affected by the work. The ENGINEER will set the time and place of this conference. The CONTRACTOR shall bring to the conference a copy of the proposed work schedule for the approval by the ENGINEER of the proposed methods and manner of executing the work including sequences of operation and time schedule. The work shall be performed in accordance with such schedule or approved amendments thereto.

1.12 UTILITY LOCATIONS

A. As far as possible, all existing utility lines in the project area have been shown on the plans. However, VILLAGE does not guarantee that all lines are shown, or that said lines are in their true location. It shall be the CONTRACTOR'S responsibility to identify and locate all underground or overhead utility lines or equipment affected by the project. No additional payment will be made to the CONTRACTOR because of discrepancies in actual and plan location of utilities and damages suffered as a result thereof.

B. The CONTRACTOR shall notify each utility company involved at least thirty (30) days prior to the start of construction to arrange for positive underground location, relocation or support of its utility where that utility may be in conflict with or endangered by the proposed construction. The CONTRACTOR shall pay for relocation of water mains or other utilities for the convenience of the CONTRACTOR. The CONTRACTOR shall pay for all charges by utility companies for temporary support of its utilities. All costs of permanent utility relocations to avoid conflict shall be the responsibility of the CONTRACTOR and the utility company involved.

C. The CONTRACTOR shall schedule and coordinate their work in such a manner that they are not delayed by the utility companies relocating or supporting their utilities. No compensation will be paid to the CONTRACTOR for any loss of time or delay.

D. All overhead, surface, and underground structures and/or utilities encountered are to be carefully protected from damage or displacement. All damage to said structures and/or utilities is to be completely repaired within a reasonable time; needless delay will not be tolerated. The VILLAGE reserves the right to remedy any damage by ordering outside parties to make repairs at the expense of the CONTRACTOR. All repairs made by the CONTRACTOR are to be made to the satisfaction of the utility owner and shall be inspected by a representative of the utility owner and the ENGINEER.

E. The CONTRACTOR should be aware of the Sunshine State One Call Center, which has a free locating service for CONTRACTORS and excavators. Within forty-eight hours before excavating, dial toll free 1-800-432-4770, and a locator will be dispatched to the work location. CONTRACTOR shall reasonably notify other utility companies not notified by Sunshine State One Call Center.

F. The permits listed below will be obtained for the project by the VILLAGE prior to beginning construction. The CONTRACTOR is responsible for compliance with any and all permit conditions. In the event that the VILLAGE must obtain permits in addition to those listed below, the CONTRACTOR shall not have any claim for damages arising from any delay caused by the VILLAGE'S obtaining said additional permits.

1. LWDD Right of Way Permit
2. SFWMD Surface Water Permit Modification

G. The CONTRACTOR shall obtain construction permit and applicable building and other permits from the VILLAGE. There will be no charge for the VILLAGE Construction Permits.

1.13 LINE AND GRADE

A. The ENGINEER has provided vertical and horizontal control for layout of the work in the form of benchmarks and reference points located adjacent to the work. From these controls provided, the CONTRACTOR shall develop and make all detailed surveys needed for construction and shall establish all working points, lines and elevations necessary to perform the work. Grades shall be true to plans and in accordance construction tolerances within specifications, unless indicated otherwise. Grades comply with industry standards except when more restrictive tolerances of specified requirements indicate more rigid standards or more precise workmanship. Where no other tolerance is provided +1/4-inch or -1/4-inch in 10 feet, Max ±1-inch in total length, or 1/4-inch tolerance shall be minimum. A Professional Land Surveyor registered in the State of Florida shall supervise this surveying work.

1.14 PROTECTION AND RESTORATION OF SURVEY MONUMENTS

A. The CONTRACTOR shall carefully protect from disturbance all survey monuments, stakes and bench marks, whether or not established by CONTRACTOR, and shall not remove or destroy any surveying point until it has been properly witnessed by the ENGINEER. All major survey monuments that have been damaged by the CONTRACTOR such as section corners, 1/4 section corners, property corners or block control points shall be replaced at the CONTRACTOR'S expense with markers of a size and type approved by the ENGINEER. The replacement shall be under the supervision of a Florida Registered Land Surveyor where directed by the ENGINEER.

1.15 EQUIPMENT

A. All equipment necessary and required for the proper construction of all facilities shall be on the construction site, in first-class working condition.

1.16 STORAGE SITES

A. The CONTRACTOR shall furnish, at CONTRACTOR's expense, properly zoned areas suitable for material storage and equipment service and storage. No material may be stored in the public right of way without prior authorization by the agency having jurisdiction. The CONTRACTOR shall keep these areas in a clean and orderly condition so as not to cause a nuisance or sight obstruction to motorists or pedestrians.

1.17 OWNERSHIP OF EXISTING MATERIALS

A. All materials removed or excavated from the job site shall remain the property of VILLAGE until released by the VILLAGE, at which time it shall become the property of the CONTRACTOR, who shall dispose of it in a manner satisfactory to the ENGINEER.

1.18 EXCESS MATERIAL

A. Upon direction of the ENGINEER, all vegetation, debris, concrete or other unsuitable materials shall be disposed of in areas provided by the CONTRACTOR and approved by the ENGINEER. Any excess material desired to be retained by the VILLAGE shall be delivered by the CONTRACTOR to a designated area the VILLAGE limits, at no extra cost to the VILLAGE.

1.19 AUDIO-VISUAL PRECONSTRUCTION RECORD

A. General:

1. Prior to beginning the work, the CONTRACTOR shall have a continuous color audio-video tape recording taken along the entire length of the project to serve as a record of preconstruction conditions. No construction shall begin prior to review and approval of the tapes covering the construction area by the ENGINEER.

B. Audio-Video Tapes:

1. CONTRACTOR shall provide the ENGINEER and the VILLAGE with one complete set of tapes for each of the project area.

C. Equipment:

1. All equipment, accessories, materials and labor to perform this service shall be furnished by the CONTRACTOR.

2. The total audio-video system shall reproduce bright, sharp, clear pictures with accurate colors and shall be free from distortion, tearing, rolls or any other form of imperfection. The audio portion of the recording shall reproduce the commentary of the camera operator with proper volume and clarity and be free from distortion and interruptions.

3. When conventional wheeled vehicles are used, the distance from the camera lens to the ground shall not be less than twelve feet. In some instances, audio-video tape coverage may be required in areas not accessible by conventional wheeled vehicles. Such coverage shall be obtained by walking or special conveyance approved by the ENGINEER.

D. Recorded Information - Audio

1. Each tape shall begin with the current date, project name and municipality and be followed by the general location, i.e., name of street, house address, viewing side and direction of progress. The audio track shall consist of an original live recording. The recording shall contain the narrative commentary of the electrographer, recorded simultaneously with the electrographer's fixed elevation video record of the zone of influence of construction.

E. Recorded Information - Video

1. All video recordings must, by electronic means, display continuously and simultaneously generated with the actual transparent digital information to include the date and time of recording, and station numbers as shown on the drawings. The date information shall contain the month, day and year. The time information shall contain the hour, minutes and seconds. Additional information shall be displayed periodically. Such information shall include, but not be limited to, project name, contract number, name of street, house address, direction of travel and the viewing side.

2. All taping shall be done during times of good visibility. No taping shall be done during precipitation, mist or fog. The recording shall only be done when sufficient sunlight is present to properly illuminate the subjects of recording and to produce bright, sharp video recordings of those subjects.

3. The rate of speed of the vehicle used during taping shall not exceed 10 miles per hour. Panning, zoom-in and zoom-out rates shall be sufficiently controlled to maintain a clear view of the object.

4. Tape coverage shall include all surface features located within the zone influence of construction supported by appropriate audio coverage. Such coverage shall include, but not be limited to, existing driveways, sidewalks, curbs, pavements, ditches, mailboxes, landscaping, culverts, fences, signs and headwalls within the area covered.

F. Site Photographs

For each site example outfall and other no linear areas, take a minimum of 50 photographs for preconstruction, construction, acceptance. The photographs shall be minimum 35-mm film size and shall indicate on the front of each print the date, name of work, and the location where the photograph was taken. It is Contractor's responsibility to take a sufficient number of preconstruction photographs, so as to resolve any disputes which may arise regarding the considerations prior to and subsequent to construction.

1. Photographs shall be taken of representative portions of the Work. The Engineer may upon receipt of submitted photographs request that additional angles or particular work elements be photographed. No additional payment will be made for these requests.

2. Photographs shall include a broad mix of close and afar shots in order to accurately capture the work progress.

3. Photographs shall be taken with a minimum 8.0-megapixel (minimum) camera with motion suppression. Each photo provided shall not have a file size of more than 2.0 megabytes.

4. Submit photograph sets to Engineer within 1-day of taking photographs.
   a. Submit photographs on compact disc with each photograph numbered and dated. All photos shall include time and date stamp on the actual photo.
   b. Label each disc with the following:
      i. Title of Project.
      ii. Date photographs were taken.

G. Payment:

1. Compensation for the audio-video preconstruction record shall be included in the lump sum price bid for Mobilization.

1.20 ADJUSTING EXISTING VALVES, METERS, CATCH BASINS, AND MANHOLES

A. It shall be the CONTRACTOR'S responsibility to coordinate and have all adjustments made to existing water meters, valves, and structures encountered during construction, in order to meet all final grades, unless otherwise instructed by the ENGINEER or the respective utility owner. All valves and manholes shall be accessible during all phases of the work for emergency access. Omission of such structures from the Contract Plans does not relieve the CONTRACTOR from making such adjustments as may be deemed necessary. The CONTRACTOR shall take this provision into account when personally investigating the site prior to bidding. No additional payment shall be made for these adjustments.

1.21 CONFLICT STRUCTURES

A. The CONTRACTOR shall abide by the following criteria concerning conflicts between new drainage, water, or sewer construction and existing utilities.

1. The CONTRACTOR shall verify the location of all utilities suspected of being potential conflicts prior to ordering drainage or sewer structures for these locations and inform the ENGINEER as to CONTRACTOR’S findings.

2. The ENGINEER shall have full authority to direct the placement of conflict structures, the relocation of structures shown in the plans, and the addition, deletion, or relocation of any pipe or structure shown in the plans in order to facilitate construction, expedite completion and avoid conflicts with existing utilities.

3. Where an existing utility is to pass through a conflict structure, the CONTRACTOR shall protect the utility from damage by whatever means the utility owner and the ENGINEER deem necessary.

4. In no case shall there be less than 6 inches between any two (2)-pipe lines within the structure or between pipelines and the structure.

1.22 ENVIRONMENTAL PROTECTION

A. The CONTRACTOR shall furnish all labor and equipment and perform all work required for the prevention of environmental pollution during and as a result of the work under this contract. For the purpose of this contract, environmental pollution is defined as the presence of chemical, physical, or biological elements or agents which adversely affect human health or welfare; unfavorably alter ecological balances of importance to human life, affect other species of importance to man, or degrade the utility of the environment for aesthetic and recreational purposes. The control of environmental pollution requires consideration of air, water, land and involves noise, solid waste management and management of radiant energy and radioactive materials, as well as other pollutants.

B. The CONTRACTOR shall take all steps necessary to protect water quality in the connected waters around the project and shall utilize such additional measures as directed by the ENGINEER. Silt

screens adjacent to outfall construction shall not be removed until the turbidity of the affected waters is equal to or lower than the ambient turbidity of undisturbed segments of the waterway. Any discharge into existing drainage facilities shall require the approval of the owner of the system. This may require an engineered plan to be furnished at no additional cost to the VILLAGE.

1.23 MAINTENANCE AND PROTECTION OF TRAFFIC

A. The CONTRACTOR shall provide all necessary traffic control devices in order to redirect, protect, warn or maintain existing vehicular and pedestrian traffic during the course of construction.

1. CONSTRUCTION PHASING REQUIREMENTS

Following are general requirements for construction phasing to minimize resident disruption, yet maximize cost effectiveness of the construction scheduling.

a. No two adjacent roadways may be under construction at the same time (i.e. construction shall be on alternating roadways, and every other roadway shall remain open for access). In no case shall more than 50% of all roadways in a section be under construction at one time. At least 50% of all roadways shall have an asphalt surface, either original or new asphalt, at all times. The CONTRACTOR shall make every effort to provide access to driveways at the end of the working day. If a driveway is not accessible, the homeowner should have access to a neighboring swale area for temporary parking. When vehicular access to homes is not possible for parking of vehicles, an area for parking shall be provided within one block of the furthest home effected. This condition is to be avoided whenever possible and shall last no longer than five (5) working days. The CONTRACTOR, with the VILLAGE'S approval, shall coordinate the parking area location. The CONTRACTOR shall lease the property from the landowner, and will provide a compacted, graded parking surface acceptable to the ENGINEER.

1. The CONTRACTOR shall not begin construction on subsequent roadways until the initial roadways under construction are substantially complete. A roadway shall be considered substantially complete when all work is complete except for the last lift of asphalt. All work on private property and landscaping must also be complete before a road is considered substantially complete.

2. Site restoration work shall be complete on private property within fifteen (15) days after being disturbed.

b. Construction within the right of way of affected roads shall be scheduled so that all improvements are completed at once, and the residents are only disrupted for one time period.

c. All affected residents and property owners shall be notified by the contractor in writing a minimum of two (2) weeks, or earlier if required by the VILLAGE, prior to any disruption to or construction in road right-of-ways adjacent to their homes. The notification shall also indicate any special parking or traffic conditions that will affect residents.

d. All affected residents shall be notified by the contractor a minimum of forty eight (48) hours, or earlier if required by the VILLAGE, prior to a shut off of water supply. Any water supply interruptions shall be rescheduled to be as short as possible and not exceed twelve (12) hours.

e. Access for emergency vehicles shall be maintained at all times to all homes or businesses. Excavation must be back-filled or barricaded at the end of each workday to prevent hazardous conditions. If a trench, excavation or structure is to be left open, it must be covered with a steel plate and barricaded at the end of each workday or when work will be suspended for more than eight (8) hours.

f. Transportation provisions for handicapped or disabled residents shall be made by the CONTRACTOR if construction prevents access to homes.

g. The CONTRACTOR shall also make provisions with local bus, school bus, garbage collection, mail delivery and other agencies for continuation of service. A traffic maintenance plan indicating proposed street closings, schedules, and alternate routes, which have been approved by the ENGINEER and VILLAGE, should be submitted to all affected agencies for coordination and routing purposes.

h. Materials and equipment shall be stored in a fenced or otherwise enclosed area during non-working hours. Pipe and material shall not be strung out along installation routes for longer than one (1) week prior to installation.

B. TRAFFIC CONTROL

1. The CONTRACTOR is required to submit a conceptual Traffic Control Plan at the Pre-Construction Conference. This preliminary plan should identify the phases of construction that the CONTRACTOR plans to proceed with and identify traffic flows during each phase. The ENGINEER will have ten (10) days to notify the CONTRACTOR of any comments. Once the conceptual plan for maintaining traffic has been approved, the CONTRACTOR will be required to submit a detailed plan showing each phase's Maintenance and Protection Plan prior to starting construction of any phase.

2. The "Maintenance of Traffic" plan shall include pedestrian traffic as well as vehicular traffic.

   A safe walk route for all schools within the vicinity of the construction zone shall be maintained during the arrival and dismissal of school. CONTRACTOR shall not block bus access to schools during school hours.

   In the case that a designated crossing of any portion of the designated walk route can not be maintained, then the CONTRACTOR shall notify the " School Traffic Safety Unit " at Palm Beach County Sheriff's, (561)-681-4534 a minimum of ten (10) working days prior to ceasing that route so that an alternate route can be established with the School and the Enforcing agency.

   It shall be the responsibility of the CONTRACTOR for any necessary Construction, Pavement Marking and Signage or any Pedestrian Signalization and/or Signal Modification to accommodate an alternate safe walk route.

Thirty (30) days prior to the beginning of construction the CONTRACTOR shall notify the " School Traffic Safety Unit " at Palm Beach County Sheriff's, (561)-681-4534, to set up a pre-work meeting.

3. The CONTRACTOR, at all times, shall conduct the work in such a manner as to ensure the least obstruction to traffic as is practical. Convenience of the general public and of the residents adjacent to the work shall be provided for in a satisfactory manner, as determined by the ENGINEER.

4. Sidewalks, gutters, drains, fire hydrants and private drives shall, insofar as practical, be kept in condition for their intended uses. Fire hydrants on or adjacent to the work shall be kept accessible to fire apparatus at all times, and no material or obstruction shall be placed within twenty (20) feet of any such hydrant.

5. Construction materials stored upon the public street shall be placed so as to cause as little obstruction to the general public as is reasonably possible.

6. Streets may be closed only as permitted by the approved Maintenance of Traffic Plan, and as directed by the ENGINEER and, whenever the street is not closed, the work must be conducted with the provision for a safe passageway for traffic at all times. The CONTRACTOR shall make all necessary arrangements with the ENGINEER concerning maintenance of traffic and selection of detours required.

7. All existing stop and street name signs will be maintained as long as deemed necessary by the ENGINEER.

8. When permission has been granted to close an existing roadway, the CONTRACTOR shall furnish and erect signs, barricades, lights, flags and other protective devices, which shall conform to the requirements, and be subject to the approval of the ENGINEER. The CONTRACTOR shall furnish and maintain proper protective devices at such location for the entire time of closure as the ENGINEER may direct. Signage shall be affected one week before closure.

9. The CONTRACTOR shall furnish a sufficient number of protective devices to protect and divert the vehicular and pedestrian traffic from working areas closed to traffic, or to protect any new work. Failure to comply with this requirement will result in the ENGINEER shutting down the work until the CONTRACTOR provides the necessary protection.

10. Any time traffic is diverted for a period of time that will exceed one-work day temporary pavement markings will be required. Existing pavement markings that conflict with the new work zone traffic pattern must be obliterated. Painting over existing pavement markings (black out) is not permitted.

11. The CONTRACTOR may be required to reposition existing traffic heads in order to maintain traffic flows at diverted intersections. If this should be necessary the CONTRACTOR must submit a plan for approval showing the course of work and the planned repositioning. The Palm Beach County Traffic Engineering Division must approve the plan prior to implementation. No separate payment for repositioning the existing traffic signal heads will be made. The cost of this work shall be included in the bid item for Maintenance of Traffic.

1.24 BASIS OF PAYMENT (SEE SECTION 01152)

1.25 APPLICATION FOR PAYMENT FOR STORED MATERIALS

A. Application for payment for stored materials may not be made by the CONTRACTOR.

1.26 SPECIAL CONDITIONS FOR CONSTRUCTION BY OTHER AGENCIES

A. It will be the CONTRACTOR'S responsibility to coordinate construction schedules with other contractors so as to minimize disruptions, and inconveniences. The project site shall be safe at all times for construction workers and residents of the Project area.

PART 2 - PRODUCTS (Not Applicable)

PART 3 - EXECUTION (Not Applicable)
END OF SECTION 01010

PART 1 - GENERAL

1.01 SCOPE

A. Payment for various items of the Bid Schedule, as further specified herein, shall include all compensation to be received by the CONTRACTOR for furnishing all tools, equipment, supplies, and manufactured articles, and for all labor operations and incidentals appurtenant to the items of work being described, as necessary to complete the various items of the WORK all in accordance with requirements of the Contract Documents, including all appurtenances thereto, and including all costs of permits and cost of compliance with the regulations of public agencies having jurisdiction, including Safety and Health Requirements of the Occupational Safety and Health Administration of the U.S. Department of Labor (OSHA). No separate payment will be made for any item that is not specifically set forth in the Bid Schedule, and all costs therefore shall be included in the prices named in the Bid Schedule for the various appurtenances needed to complete the items of work.

B. Payment for the various items of the Bid Schedule shall constitute full compensation for CONTRACTOR's superintendent at the job site full-time during construction, for furnishing and installing all pipe and structures complete in place including but not limited to bends, tees, outlets, fittings, blind flanges and specials, including connections to existing pipelines shown on the Drawings; including surveying both horizontal and vertical control for construction of the roadways, structures, pipeline and appurtenances; including protecting and replacing if necessary existing monuments, control points, found iron rods, valves; including all earthwork, trench excavation as shown on the Drawings, removal and disposal of waste, unsuitable and excess material, furnishing and installing pipe bedding material, all backfill and compaction of native material, and dewatering as required; the restoration of interfering portions of existing service and utility lines that are not included in other bid items and shown on the Drawings, including replacement of sewer lines with ductile iron pipe where the minimum vertical clearances are not met for the sewer line shown; restraint of pipe shown on the Drawings and grouting of pipe joints; including providing the water for pressure testing, cleaning the pipe and disinfection, and disposal of the water as required when completed; furnishing, installation, and removal of test heads, cleanup; and restoration of all improvements incidental to construction for which there are no other bid items; including but not limited to, existing sprinkler systems, and all other work not included in other bid items.

C. Payment shall also include providing the necessary equipment and labor power to pothole and verify depths and locations of existing utilities sufficiently ahead of construction to avoid conflicts with the design alignment and grade of structures, culverts, storm drains and exfiltration trenches. Conflicts with utilities shown on the Drawings which result from the Contractor's negligence to pothole sufficiently ahead of construction (a minimum of two days ahead of construction of the pipeline or as approved by the ENGINEER) shall be resolved by the Contractor at no additional cost to the VILLAGE.

D. Payment for all bid items shall constitute full compensation for the complete installation of each bid item including but not limited to excavation, dewatering, backfill and compaction. The work shall include for all bid items to be completed, tested and ready for acceptance by the appropriate government agency.

E. No separate payment for pavement restoration will be made unless specifically shown on the plans, called out in the bid schedule, or directed by the ENGINEER. All bid items shall include pavement restoration.

1.02 GENERAL CONDITIONS (GC-1)

A. See contract front end material of contract section 111 through 944 for payment limitations. Payment for general condition will include any necessary activities and fees within. This includes all field, office, overhead, and profit as well as planning and compliance with regulatory requirements not included in any other bid item and is considered inclusive.

B. Payment for general conditions will be made at the lump sum price named in the Bid Schedule. Payment for general conditions will be made in equal monthly amounts during the duration of the original contract time.

1.03 MOBILIZATION (GC-2)

A. See Section 01505, "Mobilization" for payment limitations. Payment for Mobilization will include any necessary LWDD or SFWMD de-watering permit fees.

B. Payment for mobilization will be made at the lump sum price named in the Bid Schedule. Payment for mobilization will be made in equal monthly amounts during the duration of the original contract time.

1.04 FIELD, OFFICE OVERHEAD, PROFIT (GC-3)

A. Payment for field, office overhead, and profit will be made at the lump sum price named in the Bid Schedule. The CONTRACTOR may request payment for this bid item after the Initial Notice to Proceed has been issued.

B. Field, office overhead, and profits are limited to 5% of the Total Bid Price. Any amount in excess of 5% will be moved to Line Item, Mobilization. However, the total bid amount will not change. The 5% ceiling on field, office overhead, and profit is not responsiveness, just an instruction on the amount the VILLAGE will pay for field, office overhead, and profit.

1.05 BONDS AND INSURANCE (GC-4)

A. Payment for bonds and insurance will be made at the lump sum price named in the Bid Schedule. The CONTRACTOR may request payment for this bid item after the Initial Notice to Proceed has been issued.

B. Bonds and Insurance are limited to 3% of the Total Bid Price. Any amount in excess of 3% will be moved to Line Item, Mobilization. However, the total bid amount will not change. The 3% ceiling on Bonds and Insurance is not responsiveness, just an instruction on the amount the VILLAGE will pay for Bonds and Insurance. CONTRACTOR will record the required public construction bond with the Clerk of the Court in the Public Records of Palm Beach County and provide a certified copy of the recorded bond(s). CONTRACTOR shall provide a Certified copy of the bond within 10-days of the award of the contract. Proof of bond shall be provided prior to the commencing of Work and submittal of first invoice. in accordance with Sec. 255.05, Fla. Stat.

1.06 PROFESSIONAL VIDEOTAPPING (GC-5)

A. The quantity to be paid for under this Section shall be on a lump sum basis. The work specified in this Section consists of the Contractor engaging the services of a professional videographer to prepare a pre-construction video to document existing site conditions prior to the Contractor mobilizing to the project site. The pre-construction video shall be prepared by a responsible commercial firm known to be skilled and regularly engaged in the business of preparing color audio-visual tape documentation for construction purpose.

B. Payment shall be made at the Contract Lump Sum Unit Price. The audio-video recording shall include access roads, staging areas, the lift station sites and extend to a minimum of 10' beyond the limits of construction. Two (2) copies of the video (DVD format) shall be provided to the Village for their review and acceptance prior to the Contractor mobilizing to the project site.

1.07 NPDES (GC-6)

A. The quantity to be paid for under this Section shall be on a lump sum basis. The Contract Lump Sum Unit Price shall include compensation for required labor, materials, and equipment necessary for complying with the NPDES Permit and providing Erosion Protection Measures during construction activities in accordance with the Contract Documents.

B. Payment shall be made at the basis of a percentage of the Lump Sum Unit Price. The percent completion of the project shall be based on the percent of the total project actually constructed and not on the percent of the Contract price completed.

1.08 MAINTENANCE OF TRAFFIC (GC-7)

A. See Section 01570 "Traffic Regulation" and all other references to traffic control and maintenance in this document and any regulatory requirements.

B. Payment for maintenance of traffic will be made at the lump sum price named in the Bid Schedule. Payment for maintenance of traffic will be made in equal monthly amounts during the duration of the contract time.

C. Payment for maintenance of traffic shall include all materials, plans, and documents the CONTRACTOR is required to prepare for this section. This plan shall include a Maintenance of Traffic (MOT) plan that shall meet all requirements of FDOT and other authorities having jurisdiction. MOT plans shall be signed and sealed by a Professional Engineer registered in the State of Florida.

1.09 TRENCH SAFETY COMPLIANCE (GC-8)

A. The quantity to be paid for under this Section shall be on a lump sum basis. The work specified in this Section consists of furnishing and installing adequate trench safety measures and any special shoring measures for trench safety act compliance. The work also includes the supply, maintenance and removal of any temporary security fencing required during the course of construction.

B. Payment shall be made at the basis of a percentage of the Lump Sum Unit Price. The percent completion of the project shall be based on the percent of the total project actually constructed and not on the percent of the Contract price completed.

C. The contract Lump Sum Unit Price shall include compensation for required labor, materials, and equipment necessary for complying with the Trench Safety Act and providing any required Special Shoring, as well as the supply, maintenance, and removal of temporary site security fencing during the construction activities in accordance with the Contract Documents.

1.010 REMOVE AND REPLACE EXISTING SIGNS (D-1)

A. Measurement for payment to remove and reinstall signs will be based upon actual quantity, each, of such signs removed and reinstalled, all in accordance with the requirements of the Contract Documents.

B. Payment for removal and reinstallation of signs will be made at the unit price, each named in the Bid Schedule which price shall constitute full compensation for the completed removal, temporary relocation, and final installation of the sign and post including all restoration. Signs damaged by the CONTRACTOR will be replaced by the CONTRACTOR at no cost to the VILLAGE.

1.011 REMOVE AND REPLACE EXISTING 4" CONCRETE WALK (D-2)

A. Measurement for payment to remove and dispose of existing concrete will be based upon the actual number of square yards or linear feet of concrete actually removed and disposed, all in accordance with the Contract Documents.

B. Payment for removal and disposal of existing concrete will be made at the unit price per square yard or linear feet named in the Bid Schedule which price shall constitute full compensation for the removal and disposal of all concrete complete. This includes, but is not limited to sidewalks, curbs, aprons and all other miscellaneous concrete as directed by the ENGINEER. Existing structures will not be compensated under this line item.

1.012 SWALE RESTORATION (D-3)

A. Measurement for payment for swale restoration will be based upon the number of square yards of swale actually restored all in accordance with the Contract Documents. This work shall include but is not limited to the removal of all vegetation, shrubs and trees with diameter less than or equal to 8-inches.

B. Payment for swale restoration will be made at the unit price per square yards of clearing and grading named in the Bid Schedule which price shall constitute full compensation, including earthwork, removal of shrubs, removal of any protruding object, importing of fill material, disposal of excess material and protection of trees to remain. The Village will accept up to 2,000 cubic yards of clean fill for storage for a future project. The contractor shall estimate the project excess material and confirm in writing their intention to provide fill to the Village at the construction kick off meeting.

1.013 REMOVE AND DISPOSE OF EXISTING ASPHALT PAVEMENT (D-4)

A. Measurement for payment to remove and dispose of existing pavement will be based upon the actual number of square yards of such pavement actually removed not covered in any other line item, all in accordance with the Contract Documents.

B. Payment for removal and disposal of existing pavement will be made at the unit price per square yard of pavement named in the Bid Schedule not covered under any other line item, which price

shall constitute full compensation for the removal and disposal of such pavement and include the removal of asphalt sidewalks, reflective pavement markers, traffic loops (including coordination with County Traffic Engineering), abandoned valves and valve boxes, the removal and salvage of brass valve tabs.

1.014 REMOVE AND RELOCATE TREES (D-5)

A. Measurement for payment to remove and Relocation of existing trees will be based upon the actual number, each of such trees removed, all in accordance with the requirements of the Contract Documents.

B. Payment for removal and disposal of trees will be made at the unit price for each tree type and size named in the Bid Schedule which price shall constitute full compensation for the removal of all trees complete, to include all labor, material and equipment required. Size and type of tree in this Bid item is limited to Sable Palms or Coconut Palms 12-inch DBH or smaller. No additional compensations will be made for watering, fertilizing, staking and any other tree maintenance needed for the duration of the contract and one year warranty period. Tree will be flagged at the time of walk through to indicate category of disposition.

1.015 REMOVE AND RELOCATE EXISTING MAILBOX (D-6)

A. Measurement for payment to remove and reinstall existing mailboxes will be based upon the actual number of mailboxes removed and reinstalled, all in accordance with the Contract Documents. This quantity has been estimated for the project boundaries. Mailbox reinstallation, however, will only be provided for lots in which the mailbox is actually in conflict with the proposed improvements. As such, the actual quantity may not equal the estimated quantity and no additional compensation will be granted.

B. Payment for removing and reinstalling existing mailboxes will be made at the unit price, each, named in the Bid Schedule, which shall constitute full compensation for coordination with the local postmaster, the complete temporary relocation during construction (as needed), and the final relocation of the mailbox including post upon completion of construction. This bid item shall include all mailbox types located within the right of way. No additional compensation will be made for specialty mailboxes. Contractor is responsible for any mailboxes damaged during execution of contractors work.

1.016 CLEARING AND GRUBBING (D-7)

A. The quantity to be paid for under this Section shall be on a lump sum basis. The work included in this item consists of all clearing and grubbing activities at the existing site.

B. Payment shall be made at the basis of a percentage of the Lump Sum Unit Price for the project actually completed. The percent completion of the project shall be based on the percent of the total project actually constructed and not on the percent of the Contract price completed.

1.017 SEWER LATERAL ADJUSTMENT (D-8)

A. Measurement for payment for sewer lateral adjustment will be based upon the number of adjustments actually constructed, all in accordance with the requirements of the Contract Documents.

B. Payment for each adjustment will be made at the unit price named in the Bid Schedule and agreed open in writing, which price shall constitute full compensation for all pipes, connection pieces and adaptors, by-pass excavation, dewatering, stormwater pollution prevention components, bedding, backfilling, compaction, relocation of existing utilities as required and material costs associated with the execution of the work in accordance to the details in the plans.

1.018 VCP REPLACEMENT (D-9)

A. Measurement for payment for furnishing and installing sewer pipe will be based upon the number of linear feet of such pipe actually constructed as determined by measurement along the centerline of the pipe in place, not including through structures, all in accordance with the requirements of the Contract Documents.

B. Payment for furnishing and installing pipe will be made at the unit price per linear foot of pipe named in the Bid Schedule which price shall constitute full compensation for all pipes, connection pieces and adaptors, by-pass pumping, excavation, dewatering, stormwater pollution prevention components, bedding, backfilling, compaction, relocation of existing utilities as required, and material costs associated.

1.019 REMOVE AND RELOCATE PALM TO PRIVATE PROPERTY WITH DBH < 3", AVG. HEIGHT < 15' (D-10)

A. Measurement for payment for Remove and Relocate Palm to Private Property will be based upon the number of actually relocated trees as determined and agreed open in writing, all in accordance with the requirements of the Contract Documents and FDOT Spec. Section 581 Tree and Palm Relocation. Final decision on which trees will be relocated will be agreed on after the notice to proceed and coordination with residence is completed. This pay item is limited to palm trees with average diameter at breast height of 3" or less and for palms that are an average height of 15 feet or less.

B. Payment for coordination and relocation of a palm named in the Bid Schedule which price shall constitute full compensation for all management, hiring of consultant (International Society of Arboriculture (ISA) Certified Arborist), excavation, root pruning, dewatering, stormwater pollution prevention components, watering, backfilling, compaction, relocation of existing utilities as required and material costs associated.

1.020 REMOVE AND RELOCATE TREE TO PRIVATE PROPERTY WITH DBH < 3", AVG. HEIGHT < 15' (D-11)

A. Measurement for payment for Remove and Relocate Palm to Private Property will be based upon the number of actually relocated trees as determined and agreed open in writing, all in accordance with the requirements of the Contract Documents and FDOT Spec. Section 581 Tree and Palm Relocation. Final decision on which trees will be relocated will be agreed on after the notice to proceed and coordination with residence is completed. This pay item is limited to palm trees with average diameter at breast height of 3" or less and for trees that are an average height of 15 feet or less.

B. Payment for coordination and relocation of a Tree named in the Bid Schedule which price shall constitute full compensation for all management, hiring of consultant (International Society of Arboriculture (ISA) Certified Arborist), excavation, root pruning, dewatering, stormwater pollution prevention components, watering, backfilling, compaction, relocation of existing utilities as required, and material costs associated.

1.021 REMOVE AND RELOCATE PALM TO PRIVATE PROPERTY WITH DBH 3" to 8", AVG. HEIGHT < 15' (D-12)

A. Measurement for payment for Remove and Relocate Palm to Private Property will be based upon the number of actually relocated trees as determined and agreed open in writing, all in accordance with the requirements of the Contract Documents and FDOT Spec section 581 Tree and Palm Relocation. Final decision on which trees will be relocated will be agreed on after the notice to proceed and coordination with residence is completed. This pay item is limited to palm trees with an average diameter at breast height between 3" to 8" and for palms that are an average height of 15 feet or less.

B. Payment for coordination and relocation of a palm named in the Bid Schedule which price shall constitute full compensation for all management, hiring of consultant (International Society of Arboriculture (ISA) Certified Arborist), excavation, root pruning, dewatering, stormwater pollution prevention components, watering, backfilling, compaction, relocation of existing utilities as required, and material costs associated.

1.022 REMOVE AND RELOCATE TREE TO PRIVATE PROPERTY WITH DBH 3" to 8", AVG. HEIGHT < 15' (D-12)

A. Measurement for payment for Remove and Relocate Palm to Private Property will be based upon the number of actually relocated trees as determined and agreed open in writing, all in accordance with the requirements of the Contract Documents and FDOT Spec section 581 Tree and Palm Relocation. Final decision on which trees will be relocated will be agreed on after the notice to proceed and coordination with residence is completed. This pay item is limited to palm trees with an average diameter at breast height between 3" to 8" and for trees that are an average height of 15 feet or less.

B. Payment for coordination and relocation of a palm named in the Bid Schedule which price shall constitute full compensation for all management, hiring of consultant (International Society of Arboriculture (ISA) Certified Arborist), excavation, root pruning, dewatering, stormwater pollution prevention components, watering, backfilling, compaction, relocation of existing utilities as required, and material costs associated.

1.023 FURNISH AND INSTALL DRAINAGE STRUCTURE (SW-1)

A. Measurement for payment to furnish and install drainage structures will be based upon the actual quantity, each of such structures constructed, all in accordance with the requirements of the Contract Documents.

B. Payment for furnishing and installing drainage structures will be made at the unit price, each, named in the Bid Schedule which price shall constitute full compensation for the completed installation of

the structure including but not limited to excavation, dewatering, stormwater pollution prevention components, backfill and compaction, bypassing as necessary, testing, rock bedding for structure, construction of the reinforced concrete structure, and installation of top slab, frame and grate.

1.024 FURNISH AND INSTALL OUTFALL STRUCTURE (SW-2)

A. Measurement for payment to furnish and install outfall structures will be based upon the actual quantity, each of such structures constructed, all in accordance with the requirements of the Contract Documents.

B. Payment for furnishing and installing outfall structures will be made at the unit price, each, named in the Bid Schedule which price shall constitute full compensation for the completed installation of the structure including but not limited to excavation, dewatering, stormwater pollution prevention components, backfill and compaction, bypassing as necessary, testing, rock bedding for structure, construction of the reinforced concrete structure, and installation of top slab, frame and grate.

1.025 FURNISH AND INSTALL RCP DRAINAGE PIPE (SW-3 TO SW-4)

A. Measurement for payment for furnishing and installing RCP drainage pipe will be based upon the number of linear feet of such pipe actually constructed as determined by measurement along the centerline of the pipe in place, not including through structures, all in accordance with the requirements of the Contract Documents.

B. Payment for furnishing and installing drainage pipe will be made at the unit price per linear foot of pipe named in the Bid Schedule which price shall constitute full compensation for all pipes, connection to structures, excavation, dewatering, stormwater pollution prevention components, bedding, backfilling, compaction, subterranean drain relocation of existing utilities as required and material costs associated.

1.026 CONNECT TO EXISTING STRUCTURE (SW-5)

A. Measurement for payment for connecting to existing drainage structures and pipe will be based upon the actual number, each, of such connections or adjustments completed, all in accordance with the Contract Documents.

B. Payment for connecting to existing drainage structures and pipe will be made at the unit price, each, named in the Bid Schedule and shall constitute full compensation for the complete installation of the said connection including excavation, connections, adjusting of grates, structure rim elevations, coring existing structures, attaching new pipe with coupler all applicable fittings and adjustment of pipe ends, excavation, trench protection and trench safety, stormwater pollution prevention components, backfill and compaction, dewatering, restoration and all related material.

1.027 CONCRETE HEADWALL (SW-6)

A. Measurement for payment to furnish and install concrete headwall will be based on a lump sum and include all the structures constructed all in accordance with the requirements of the Contract Documents.

B. Payment for furnishing and installing concrete headwalls will be made at the unit price, each, named in the Bid Schedule which price shall constitute full compensation for the completed

installation of the structure including but not limited to excavation, dewatering, stormwater pollution prevention components, backfill and compaction, bypassing as necessary, testing, rock bedding for structure, construction of the reinforced concrete structure, and installation of top slab, frame and grate.

1.028 FURNISH AND INSTALL PVC PIPE (SW-7)

A. The work included in this item consists of providing and installing PVC pipe, fittings, plug valves, and check valves as indicated on the Drawings. This work shall also include, but not be limited to all demolition, excavation, dewatering, surveying, noise abatement, bedding, pipe laying, pipe markers, corrosion protection, thrust restraint, line stops, trench stabilization in accordance with the State of Florida Trench Safety Act, backfilling, grading, compacting, density testing, pressure testing, shop drawings, record drawings with GPS data, and other items or activities necessary for a complete and acceptable installation. Payment will be on a linear foot basis per item as installed and accepted by the VILLAGE.

1.029 YARD DRAIN (SW-8)

A. Measurement for payment for furnishing and installing yard drain will be based upon the actual quantity, each, of such yard drain actually installed, all in accordance with the requirements of the Contract Documents.

B. Payment for furnishing and installing yard drains, pipe required and insert-a-tee to connect to system and will be made at the unit price, each, named in the Bid Schedule which price shall constitute full compensation for furnishing and installing such baffle boxes.

1.030 WEIR STRUCTURE WITH ORIFICE (SW-9)

A. Measurement for payment to install weir structure with orifice will be based upon the unit price named in the bid schedule.

B. Payment for installation of structure shall constitute full compensation for labor and materials delivery and installation of concrete structures construction, in connection to structures, excavation, dewatering, bedding, backfilling, compaction and material costs associated. in accordance with the Contract Documents.

1.031 FURNISH AND INSTALL CONFLICT STRUCTURE (SW-10)

A. Measurement for payment to furnish and install conflict structures will be based upon the actual quantity, each of such structures constructed, all in accordance with the requirements of the Contract Documents.

B. Payment for furnishing and installing conflict structures will be made at the unit price, each, named in the Bid Schedule which price shall constitute full compensation for the completed installation of the structure including but not limited to excavation, dewatering, stormwater pollution prevention components, backfill and compaction, bypassing as necessary, testing, rock bedding for structure, construction of the reinforced concrete structure, and installation of top slab, frame and lid.

1.032 FURNISH AND PLACE ASPHALT PAVEMENT (R-1 TO R-2)

A. Measurement for payment of asphalt concrete pavement will be based upon the number of square yards of such asphalt concrete pavement actually constructed for streets with newly compacted subgrades and limerock bases, as detailed in the drawings, all in accordance with the requirements of the Contract Documents.

B. Payment for placement of asphalt concrete pavement at the thickness indicated will be made at the unit price per square yard for such placement as named and at the thickness indicated in the Bid Schedule which price will constitute full compensation for applying a tack coat, and furnishing, placing and compacting all asphalt surface, complete in place to the cross section and thicknesses shown on the drawings; including replacing brass valve tabs, adjusting valve box and MAS rim elevations, milling and saw cutting of all pavement, temporary striping and all cleanup of the area disturbed by this construction.

1.033 FURNISH AND PLACE LIMEROCK BASE (R-3)

A. Measurement for payment for furnishing and placing limerock base material will be based upon the number of square yards of such materials actually compacted in place at the depth indicated, all in accordance with the requirements of the Contract Documents. No reuse will be allowed.

B. Payment for furnishing and placing of limerock base material will be made at the unit price per square yard at the depth indicated and named in the Bid Schedule, which price shall constitute full compensation for applying prime coat and furnishing all such material, in place, including all transportation, handling, cleaning, positioning and compacting of said bedding and disposal of waste or unsuitable material.

1.034 STABILIZATION OF SUBGRADE (R-4)

A. Measurement for payment for compaction of subgrade will be based upon the number of square yards of such materials actually compacted in place at the depth indicated, all in accordance with the requirements of the Contract Documents.

B. Payment for compacting of subgrade will be made at the unit price per square yard named in the Bid Schedule, which price shall constitute full compensation for handling, cleaning, positioning and compacting of said bedding to a LBR of 40, importing fill material as needed and disposal of excess waste or unsuitable material.

C. Existing limerock removed can be blended to be used for subgrade compaction if the CONTRACTOR elects to do so. If contractor elects to reuse limerock, stockpiling and blending of limerock shall be done at no cost to the VILLAGE.

1.035 CONCRETE DRIVEWAY REMOVAL AND RESTORATION (R-5)

A. Measurement for payment for construction of concrete driveways and miscellaneous concrete will be based upon the actual number of square yards or number of such driveways, sidewalks and aprons constructed as shown in the drawings, all in accordance with the requirements of the Contract Documents.

B. Payment for reconstruction of driveways and miscellaneous concrete will be made at the unit price

per square yard named in the Bid Schedule which price shall constitute full compensation for completing said work, including removing all existing concrete materials, all earthwork, subgrade compaction, limerock base, construction of the concrete driveway to 6" deep, furnishing and setting for expansion joint material, disposal of excess material, and the appurtenant items for which separate payment is not specifically included in the Bid Schedule. Construction of concrete aprons at catch basin will be compensated for under this line item according to the requirements stated. No additional compensation will be granted for sloping concrete as required by Contract Documents.

C. No payment will be made for reconstruction of driveways and aprons outside the limits shown on the drawings or not approved by the ENGINEER.

1.036 SPECIALTY DRIVEWAY REMOVAL AND RESTORATION (R-6)

A. Measurement for payment for restoration of specialty driveway aprons will be based upon the number of square yards of such driveways aprons actually constructed to repair open cuts made to install pipeline as detailed in the drawing, all in accordance with the requirements of the Contract Documents. Specialty driveways are considered to be pavers, stamped, Chattahoochee, etc.

B. Payment for specialty driveway apron restoration will be made at the unit price per square yard for such driveways aprons constructed as named in the Bid Schedule which price will constitute full compensation for furnishing and installing all materials necessary to restore driveway to conditions equal or better than pre-construction conditions and shall include the removal of existing material, all earthwork and grading, subgrade compaction, disposal of excess material and the appurtenant items for which separate payment is not specifically included in the Bid Schedule.

C. No payment will be made for reconstruction of driveways outside the limits shown on the drawings or not approved by the ENGINEER. Driveway must meet all requirements of the Village of Palm Springs to be eligible for payment.

1.037 FURNISH, INSTALL AND WATER SOD (R-7)

A. Measurement for payment for furnishing and installing sod will be based upon the number of square yards of sod actually installed, all in accordance with the requirements of the Contract Documents.

B. Payment for sod will be made at the unit price per square yard of sod named in the Bid Schedule (Item Response Form) which price shall constitute full compensation for relocating mailboxes as necessary for construction, furnishing, and installing the sod matching existing type and maintaining sod for 30 days. No additional compensation will be made for the type of sod installed or watering and maintaining sod for 30 days after installation. Appropriate notification to homeowners announcing the maintenance of newly installed sod is included in this line item.

1.038 FURNISH AND INSTALL FLUSH HEADER CURB (R-8)

A. Measurement for payment for furnishing and installing curb will be based upon the number of linear feet of such curb actually constructed as determined by measurement along the centerline of the curb in place, including but not limited to depressed curb and gutter section (i.e., at driveway), type D curb, all in accordance with the requirements of the Contract Documents.

B. Payment for furnishing and installing curb will be made at the unit price per linear foot of curb named in the Bid Schedule, which shall constitute full compensation for complete installation including grading, 4-inch rock curb pad, forming, saw cutting of pavement and cleanup of all areas disturbed by this construction.

1.039 MILL AND OVERLAY (R-9)

A. Measurement for payment for mill of existing asphalt pavement will be based on the number of square yards of such pavement actually milled, as detailed in the drawings, all in accordance with the requirements of the Contract Documents.

B. Payment for milling existing asphalt pavement will be made at the unit price per square yard of such as named in the Bid Schedule which price shall constitute full compensation for milling, removal and disposal of asphalt, removal of reflective pavement markers, tack coat and restoration. Milling of local roads will be at a minimum depth of ¾ inch.

1.040 SITE CONCRETE (R-10)

A. Measurement and payment for concrete slabs and related concrete blocks will be based upon the actual number of square yards constructed as shown in the drawings, all in accordance with the requirements of the Contract Documents.

B. Payment for this item will be made at the unit price per square yard named in the Bid Schedule (Item Response Form) and detailed on the drawings which price shall constitute full compensation for completing said work.

1.041 ADDITIONAL ALLOWANCE (M-1)

A. Payment for this item shall be on an allowance payment basis.

B. This item includes all necessary OWNER approved work and is reserved for the owner exclusively. In the event the allowance is engaged to compensate the Contractor for additional work beyond the scope of the base bid, payment will be based on actual approved work. The CONTRACTOR shall document this approved work by submitting invoices, specifically excluding ANY LABOR mark-up, overhead and profit, administration and other costs involved in obtaining permits, and paying fees. The OWNER reserves the right to award any, all, or none of the money associated with this item. Uncommitted funds will be returned to the OWNER at the end of the project.

PART 2 - PRODUCTS (Not Applicable)

PART 3 - EXECUTION (Not Applicable)

END OF SECTION 01025

PART 1 - GENERAL

1.01 REQUIREMENTS

A. Coordinate work of trades and schedule elements of alterations and renovation work by procedure and methods to expedite completion of the work.

B. In addition to demolition specified in Section 02050 and that specifically shown, cut, move or remove items necessary to provide access or to allow alterations and new work to proceed. Include such items as:

1. Repair or removal of hazardous or unsanitary conditions.

2. Removal of abandoned items and items serving no useful purpose, such as abandoned piping, conduit and wiring.

3. Removal of unsuitable or extraneous materials not marked for salvage, such as abandoned furnishings and equipment, and debris such as rotted wood, rusted metals and deteriorated concrete, shall be removed from the site expeditiously.

4. Removal of unsuitable soils within the limits of construction.

5. Cleaning of surfaces, and removal of surface finished as needed to install new work and finishes.

6. Protection as required for existing trees to remain.

7. For purposes of all existing underground utilities work, coordinate as required by use of special telephone number shown on engineering drawings.

8. Site storage for all existing benches, signals, light poles, fire hydrants, manhole covers and grates to be relocated.

C. Patch, repair and refinish existing items to remain, to the specified condition for each material, with a professional transition to adjacent new items of construction.

1.02 RELATED REQUIREMENTS

A. All applicable sections of the Specifications.

B. Conditions of the Contract.

1.03 ALTERATIONS, CUTTING AND PROTECTION

A. Assign the work of moving, removal, cutting, patching and protection to trades qualified to perform the work in a manner to cause least damage to each type of work, and provide means of returning surfaces to appearance of new work.

B. Perform cutting and removal work to remove minimum necessary, and in a manner to avoid damage to adjacent work.

1. Cut finish surfaces such as paving, masonry, tile, plaster or metals, by methods to terminate surfaces in a straight line, existing seam or at a natural point of division.

C. Perform cutting and patching as specified in Section 01045.

D. Protect existing finishes, equipment, and adjacent work which are scheduled to remain, from damage.

1. Protect existing and new work from weather and extremes of temperature.

PART 2 - PRODUCTS

2.01 PRODUCTS FOR PATCHING, EXTENDING AND MATCHING

A. General Requirements that work be complete:

1. Provide same products or types of construction as that in existing structure, as needed to patch, extend or match existing work.

(a) Generally, Contract Documents will not define products or standards of working conduct present in existing construction; CONTRACTOR shall determine products in inspection and any necessary testing by use of the existing as a sample of comparison.

2. Presence of a product, finish, or type of construction, requires that patching, extending or matching shall be performed as necessary to make work complete and consistent to existing identical standards of quality.

PART 3 - EXECUTION

3.01 PERFORMANCE

A. Patch and extend existing work using skilled mechanics who are capable of matching existing quality. Quality of patched or extended work shall be not less than that specified for new work.

3.02 DAMAGED SURFACES

A. Patch and replace any portion of an existing finished surface which is found to be damaged, lifted, discolored, or shows other imperfections, with matching material.

1. Provide adequate support of substrate prior to patching the finish.

2. Refinish patched portions of painted or coated surfaces in a manner to produce uniform color and texture over entire surface.

3. When existing surface finish cannot be matched, refinish entire surface to nearest intersections.

3.03 TRANSITION FROM EXISTING TO NEW WORK

A. When new work abuts or is finished flush with existing work, make a smooth transition. Patched work shall match existing adjacent work in texture and appearance so that the patch of transition is invisible at a distance of five feet.

1. When finished surfaces are cut in such a way that a smooth transition with new work is not possible, terminate existing surface in a neat manner along a straight line at a natural line of division, and provide trim appropriate to finished surface.

3.04 CLEANING

A. Perform periodic and final cleaning as specified in Section 01710.

1. Clean VILLAGE occupied areas daily.

2. Clean spillage, overspray, and heavy collection of dust in VILLAGE occupied areas immediately.

B. At completion of work of each trade, clean area and make surfaces ready for work of successive trades.

C. At completion of alterations work in each area, provide final cleaning and return space to a condition suitable for use by VILLAGE.

3.05 MEASUREMENT AND PAYMENT

A. There shall be no special measurement or payment for the work in this section. Payment for work shall be included in all other work.

END OF SECTION 01031

PART 1 - GENERAL

1.01 REQUIREMENTS INCLUDED

A. CONTRACTOR shall be responsible for all cutting, fitting and patching, including attendant excavation and backfill, required to complete the work or to:

1. Make its several parts fit together properly.

2. Uncover portions of the work to provide for installation of ill-timed work.

3. Remove and replace defective work.

4. Remove and replace work not conforming to requirements of Contract Documents.

5. Remove samples of installed work as specified for testing.

6. Provide routine penetrations of nonstructural surfaces for installation of piping and electrical conduit.

1.02 RELATED REQUIREMENTS

A. All applicable sections of the Specifications.

B. Conditions of the Contract.

1.03 SUBMITTALS

A. Submit a written request to ENGINEER well in advance of executing any cutting or alteration, which affects:

1. Work of the VILLAGE or any separate CONTRACTOR.

2. Structural value of integrity of any element of the project.

3. Integrity of effectiveness of weather-exposed or moisture-resistant elements or systems.

4. Efficiency, operational life, maintenance, or safety of operational elements.

5. Visual qualities of sight-exposed elements.

B. Request shall include:

1. Identification of the project.

2. Description of the affected work.

3. The necessity for cutting, alteration, or excavation.

4. Effect on work of VILLAGE or any separate CONTRACTOR, or on structural or weatherproof integrity of project.

5. Description of proposed work:

    a. Scope of cutting, patching, alteration, or excavation.
    b. Trades who will execute the work.
    c. Products proposed to be used.
    d. Extent of refinishing to be done.

6. Alternatives to cutting and patching.

7. Cost proposal, when applicable.

8. Written permission of any separate CONTRACTOR whose work will be affected.

C. Should conditions of work or the schedule indicate a change of products from original installation, CONTRACTOR shall submit request for substitution as specified in Section 01600, paragraph 1.08.

D. Submit written notice to ENGINEER designating the date and time the work will be uncovered.

PART 2 - PRODUCTS

2.01 MATERIALS

A. Comply with specifications and standards for each specific product involved.

PART 3 - EXECUTION

3.01 INSPECTION

A. Inspect existing conditions of project, including elements subject to damage or to movement during cutting and patching.

B. After uncovering the work, inspect conditions affecting installation of products, or performance of work.

C. Report unsatisfactory or questionable conditions affecting installation of products, or performance of work.

3.02 PREPARATION

A. Provide adequate temporary support as necessary to assure structural value or integrity of affected portion of work.

B. Provide devices and methods to protect other portions of project from damage.

C. Provide protection from elements for that portion of the project, which may be exposed by cutting and patching, work, and maintain excavations free from water.

3.03 PERFORMANCE

A. Execute cutting and demolition by methods, which will prevent damage to other work, and will provide proper surfaces to receive installation of repairs.

B. Execute excavating and backfilling by methods, which will prevent settlement or damage to other work.

C. Employ original Installer or Fabricator to perform cutting and patching for:

1. Weather-exposed or moisture-resistant elements.

2. Sight-exposed finished surfaces.

D. Execute fitting and adjustment of products to provide a finished installation to comply with specified product, functions, tolerances, and finishes.

E. Restore work which has been cut or removed; install new products to provide completed work in accordance with requirements of Contract Documents.

F. Fit work airtight to pipes, sleeves, ducts, conduit, and other penetrations through surfaces.

G. Refinish entire surfaces as necessary to provide an even finish to match adjacent finishes:

1. For continuous surfaces, refinish to nearest intersection.

2. For an assembly, refinish entire unit.

3.04 MEASUREMENT AND PAYMENT

A. There shall be no special measurement or payment for the work under this section, it shall be included in the unit price bid of any item requiring cutting and patching, including pavement restoration.

END OF SECTION 01045

SECTION 01050
FIELD ENGINEERING

PART 1 - GENERAL

1.01 REQUIREMENTS INCLUDED

A. CONTRACTOR shall provide and pay for field Engineering and Survey services, including Auto CAD 2021 (or approved equal) capabilities, required for the project except as noted below in paragraph 1.04.

B. ENGINEER will identify existing control points and property line corner stakes indicated on the drawings, as required.

1.02 RELATED REQUIREMENTS

A. All applicable sections of the Specifications.

B. Conditions of the Contract.

1.03 QUALIFICATIONS OF SURVEYOR OR ENGINEER

A. Qualified Engineer or registered Land Surveyor, acceptable to ENGINEER and VILLAGE.

1.04 SURVEY REFERENCE POINTS

A. CONTRACTOR will provide basic horizontal and vertical control points for the construction project including:

1. Permanent coordinate reference points with horizontal and vertical control, located and staked as shown on the plans.

B. Locate and protect control points prior to starting site construction work and preserve all permanent reference points during construction.

1. Make no changes or relocations without prior written notice to VILLAGE'S Representative.

2. Report to VILLAGE'S Representative when any reference point is lost or destroyed or requires relocation because of necessary changes in grades or locations.

3. CONTRACTOR's surveyor shall replace project control points which may be lost or destroyed at contractor's expense.

a. Establish replacements based on original survey control.

1.05 PROJECT SURVEY REQUIREMENTS

A. CONTRACTOR's surveyor shall establish a minimum of two permanent benchmarks on site, referenced to data established by survey control points.

B. CONTRACTOR shall establish lines and levels, locate and lay out, by instrumentation and similar appropriate means:

1. Stakes for grading and fill placement.

2. Controlling lines and levels as required.

C. From time to time, verify layouts by same methods.

1.06 RECORDS

A. Maintain a complete, accurate log and Auto CAD 2021 (or approved equal) electronic drawing of all control and survey work as it progresses.

B. On completion of construction work, prepare a certified survey showing all dimensions, locations and elevations of project.

1.07 SUBMITTALS

A. Submit name and address of Surveyor and Professional Engineer to VILLAGE'S Representative at preconstruction conference.

B. Submit serial number of Auto CAD 2021 software (or approved equal) to VILLAGE'S Representative at preconstruction conference.

C. Submit documentation to verify accuracy of field Engineering work on a monthly basis.

D. Submit certificate signed by Registered Engineer or Surveyor certifying that elevation and locations of work are in conformance, or non-conformance, with Contract Documents.

PART 2 - PRODUCTS (Not Applicable)

PART 3 - EXECUTION

3.01 MEASUREMENT AND PAYMENT

A. There shall be no special measurement or payment for the work under this section; it shall be included in the price of all other work.

END OF SECTION 01050

PART 1 - GENERAL

1.01 REQUIREMENTS INCLUDED

A. CONTRACTOR shall comply with all building codes appropriate to the project, including those of:

1. National Electric Code.

2. Unified Building Code.

B. CONTRACTOR shall comply with these codes, laws, regulations, rules, directives of all agencies, boards, districts, and governmental bodies having jurisdiction.

C. CONTRACTOR shall obtain and pay the cost of all building permits, fees, tie-in or connection charges associated with the project.

D. Any and all engineering permits have been obtained from the Agencies listed below by the VILLAGE. The CONTRACTOR is responsible for compliance with any and all permit conditions. In the event that the VILLAGE must obtain permits in addition to those listed below, the CONTRACTOR shall not have any claim for damages arising from any delay caused by the VILLAGE'S obtaining said additional permits.

1. LWDD Right of Way Permit
2. SFWMD Surface Stormwater Permit Modification

E. The CONTRACTOR shall be responsible for obtaining the following permits as required:

1. VILLAGE Building Permit
2. VILLAGE Tree Removal Permit
3. FDEP NPDES Notice of Intent

1.02 RELATED REQUIREMENTS

A. All applicable sections of the Specifications.

B. Conditions of the Contract.

1.03 MEASUREMENT AND PAYMENT

A. CONTRACTOR shall be reimbursed for permit fees as described in Section 01025.

PART 2 - PRODUCTS (Not Applicable)

PART 3 - EXECUTION (Not Applicable)

END OF SECTION 01060

PART 1 GENERAL

1.01 GENERAL

A. Wherever in these Specifications references are made to the standards, specifications, or other published data of the various international, national, regional, or local organizations, such organizations may be referred to by their acronym or abbreviation only. As a guide to the user of these Specifications, the following acronyms or abbreviations, which may appear in these Specifications, shall have the meanings indicated herein.

1.02 ABBREVIATIONS

PART 2 - PRODUCTS (Not Applicable)

PART 3 - EXECUTION (Not Applicable)

END OF SECTION 01070

PART 1 GENERAL

1.01 GENERAL

A. Titles of Sections and Paragraphs: Captions accompanying specification sections and paragraphs are for convenience of reference only, and do not form a part of the Specifications.

B. Applicable Publications: Whenever in these Specifications references are made to published specifications, codes, standards, or other requirements, it shall be understood that wherever no date is specified, only the latest specifications, standards, or requirements of the respective issuing agencies which have been published as of the date that the WORK is advertised for bids, shall apply; except to the extent that said standards or requirements may be in conflict with applicable laws, ordinances, or governing codes. No requirements set forth herein or shown on the Drawings shall be waived because of any provision of, or omission from, said standards or requirements.

C. Specialists, Assignments: In certain instances, specification text requires (or implies) that specific work is to be assigned to specialists or expert entities, who must be engaged for the performance of that work. Such assignments shall be recognized as special requirements over which the CONTRACTOR has no choice or option. These requirements shall not be interpreted so as to conflict with the enforcement of building codes and similar regulations governing the WORK; also, they are not intended to interfere with local union jurisdiction settlements and similar conventions. Such assignments are intended to establish which party or entity involved in a specific unit of work is recognized as "expert" for the indicated construction processes or operations. Nevertheless, the final responsibility for fulfillment of the entire set of contract requirements remains with the CONTRACTOR.

1.02 REFERENCE SPECIFICATIONS, CODES, AND STANDARDS

A. Without limiting the generality of other requirements of the Specifications, all work specified herein shall conform to or exceed the requirements of applicable codes and the applicable requirements of the following documents.

B. References herein to "Building Code" shall mean "Florida Building Code". Reference to "Uniform Building Code" shall mean Uniform Building Code of the International Conference of Building Officials (ICBO). Similarly, references to "Mechanical Code" or "Uniform Mechanical Code," "Plumbing Code" or "Uniform Plumbing Code," "Fire Code" or "Uniform Fire Code," shall mean Uniform Mechanical Code, Uniform Plumbing Code and Uniform Fire Code of the International Conference of the Building Officials (ICBO). "Electric Code" or "National Electric Code (NEC)" shall mean the National Electric Code of the National Fire Protection Association (NFPA). The latest edition of the codes as approved by the Municipal Code and used by the local agency as of the date that the WORK is advertised for bids, as adopted by the agency having jurisdiction, shall apply to the WORK herein, including all addenda, modifications, amendments, or other lawful changes thereto.

C. In case of conflict between codes, reference standards, drawings and the other Contract Documents, the greater and most stringent requirements shall govern. All conflicts shall be brought to the attention of the ENGINEER for clarification and directions prior to ordering or providing any materials or furnishing labor. The CONTRACTOR shall bid for the greater and most stringent requirements.

D. The CONTRACTOR shall construct the WORK specified herein in accordance with the requirements of the Contract Documents and the referenced portions of those referenced codes, standards, and specifications listed herein.

E. Applicable Standard Specifications: References in the Contract Documents to "Standard Specifications" or SSPWC shall mean the Standard Specifications for Public Works Construction, 1991 Edition.

F. References herein to "OSHA Regulations for Construction" shall mean Title 29, Part 1926, Construction Safety and Health Regulations, Code of Federal Regulations (OSHA), including all changes and amendments thereto.

G. References herein to "OSHA Standards" shall mean Title 29, Part 1910, Occupational Safety and Health Standards, Code of Federal Regulations (OSHA), including all changes and amendments thereto.

H. References to "Minimum Standards" shall mean Village of Palm Springs - Standards, Palm Beach County Road and Bridge Construction Division, Palm Beach County Water Utilities Department – Minimum Design Standards and Palm Beach County Engineering and Public Works-Minimum Design Standards, Palm Beach County Health Department's Requirements for Design and Construction.

1.03 REGULATIONS RELATED TO HAZARDOUS MATERIALS

A. The CONTRACTOR is responsible that all work included in the Contract Documents, regardless if shown or not, shall comply with all EPA, OSHA, RCRA, NFPA, and any other Federal, State, and Local Regulations governing the storage and conveyance of hazardous materials, including petroleum products.

B. Where no specific regulations exist, all chemical, hazardous, and petroleum product piping and storage in underground locations must be installed with double containment piping and tanks, or in separate concrete trenches and vaults, or with an approved lining which cannot be penetrated by the chemicals, unless waived in writing by the VILLAGE.

PART 2 - PRODUCTS (Not Applicable)

PART 3 - EXECUTION (Not Applicable)

END OF SECTION 01090

PART 1 - GENERAL

1.01 REQUIREMENTS INCLUDED

A. Submit Applications for Payment to OWNER and ENGINEER in accordance with the schedule established by Conditions of the Contract and Agreement between OWNER and CONTRACTOR.

1.02 RELATED REQUIREMENTS

A. Contract Between OWNER and CONTRACTOR: Progress Payments, Retainage and Final Payment.

B. All applicable sections of the Specifications.

1.03 FORMAT AND DATE REQUIRED

A. Submit itemized applications typed on AIA Document G702, Application and Certificate for Payment, and continuation sheet G702A or equivalent.

1.04 PREPARATION OF APPLICATION FOR EACH PROGRESS PAYMENT

A. Application Form:

1. Fill in required information, including that for Change Orders executed prior to date of submittal of application.

2. Fill in summary of dollar values to agree with respective totals indicated on continuation sheets.

3. Execute certification with signature of a responsible officer of Contract firm.

B. Continuation Sheets:

1. Fill in total list of all scheduled component items of work, with item number and scheduled dollar value for each item.

2. Fill in dollar value in each column for each scheduled line item when work has been performed or products stored.

   a. Round off values to nearest dollar, or as specified for Schedule of Values.

3. List each Change Order executed prior to date of submission, at the end of the continuation sheets.

   a. List by Change Order Number, and description, as for an original component item of work.

1.05 SUBSTANTIATING DATA FOR PROGRESS PAYMENTS

A. When the OWNER or the OWNER's Representative requires substantiating data, CONTRACTOR shall submit suitable information, with a cover letter identifying:

1. Project.

2. Application number and date.

3. Detailed list of enclosures.

Submit one copy of data and cover letter for each copy of application.

B. Submit a check list of all required documents for application.

1.06 PREPARATION OF APPLICATION FOR FINAL PAYMENT

A. Fill in Application form as specified for progress payments.

B. Use continuation sheet for presenting the final statement of accounting as specified in Section 01700 Contract Closeout.

1.07 SUBMITTAL PROCEDURE

A. Submit Applications for Payment to OWNER's Representative at the times stipulated in the Agreement.

B. Number: Two copies of each Application.

1.08 "RED LINE" AS-BUILT INFORMATION

A. Submit with each progress payment application "red-line" as-built information current to the date of the submittal date with verification by the OWNER's Representative.

1.09 OTHER PROVISIONS

A. The CONTRACTOR'S Land Surveyor will measure all "As-built" quantities for payment. In the event of disputes as to quantity, the ENGINEER shall make the final determination; no additional compensation will be made for surveying services. A Florida Licensed Registered Land Surveyor shall supervise this work.

B. The CONTRACTOR shall not be permitted to invoice for quantities of work beyond those contained in the contract and all previously approved change orders. Invoice for partial payment shall not be accepted by ENGINEER as complete without the following:

1. Certificate of payment to subcontractors.

2. Updated Construction Schedule: Five hard copies and one electronic copy.

3. Progress photos of the project.

PART 2 - PRODUCTS (Not Applicable)
PART 3 - EXECUTION (Not Applicable)

END OF SECTION 01152

SECTION 01200
PROJECT MEETINGS

PART 1 - GENERAL

1.01 REQUIREMENTS INCLUDED

A. VILLAGE'S Representative shall schedule and administer a preconstruction meeting, progress meetings at a minimum of every two weeks on a day established by the VILLAGE'S Representative and specially called meetings throughout progress of the work.

1. Prepare agenda for meetings.

2. Distribute written notice of each meeting five (5) days in advance of meeting date.

3. Make physical arrangements for meetings.

4. Preside at meetings.

5. Record the minutes; include significant proceedings and decisions.

6. Reproduce and distribute copies of minutes within three days after each meeting.

a. To participants in the meeting.
b. To parties affected by decisions made at the meeting.
c. Furnish three copies of minutes to VILLAGE'S Representative.

B. Representative of CONTRACTOR, subcontractor and suppliers attending meetings shall be qualified and authorized to act on behalf of the entity each represents.

C. ENGINEER shall attend all meetings.

1.02 RELATED REQUIREMENTS

A. All applicable sections of the Specifications.

B. Conditions of the Contract.

1.03 PRE-CONSTRUCTION MEETING

A. Schedule after date of Notice to Proceed.

B. Location: A central site, convenient for all parties, designated by VILLAGE'S Representative.

C. Attendance:

1. The CONTRACTOR and its superintendent.
2. ENGINEER and ENGINEER'S professional consultants.
3. Resident Project Representative.
4. Representatives of the VILLAGE.
5. Major subcontractors.

6. Major Suppliers.
7. Governmental representatives as appropriate.
8. Others as requested by CONTRACTOR, VILLAGE or ENGINEER.

D. Suggested Agenda:

1. Distribution and discussion of:

   a. List of major subcontractors and suppliers.
   b. Projected Construction Schedules.
   c. Shop drawings and other submittals.
   d. Traffic maintenance plan.
   e. Community Public Relations.

2. Critical work sequencing.

3. Procurement of major equipment and materials requiring a long lead time.

4. Project Coordination

   a. Designation of responsible personnel.
   b. Contact information

5. Procedures and processing of:

   a. Field decisions.
   b. Proposal requests.
   c. Submittals.
   d. Change Orders.
   e. Applications for Payment

6. Adequacy of distribution of Contract Documents.

7. Procedures for maintaining Record Documents.

8. Use of premises:

   a. Office, work and storage areas.
   b. VILLAGE'S requirements.

9. Construction facilities, controls and construction aids.

10. Temporary utilities.

11. Safety procedures.

12. Security procedures.

13. Housekeeping procedures.

1.04 PROGRESS MEETINGS

A. Schedule regular biweekly meetings on a day established by the VILLAGE'S Representative as required.

B. Hold called meetings as required by progress of the work.

C. Location: A central site, convenient for all parties, designated by VILLAGE'S Representative.

D. Attendance

1. VILLAGE'S Representative and VILLAGE'S professional consultants as needed.

2. Subcontractors as active on the site.

3. Suppliers as appropriate to the agenda.

4. Governmental representatives as appropriate.

5. Others, as requested by CONTRACTOR, VILLAGE or ENGINEER.

E. Suggested Agenda:

1. Review, approval of minutes of previous meeting.

2. Review of work progress since previous meeting.

3. Field observations, problems, and conflicts.

4. Problems, which impeded Construction Schedule.

5. Review of off-site fabrication, delivery schedules.

6. Corrective measures and procedures to regain projected schedule.

7. Revisions to Construction Schedule.

8. Progress, schedule, during succeeding work period.

9. Coordination of schedules.

10. Community Public Relations.

11. Review submittal schedules; expedite as required.

12. Maintenance of quality standards.

13. Pending changes and substitutions.

14. Review proposed changes for:

a. Effect on Construction Schedule and on completion date.
b. Effect on other contracts of the Project.

15. Other business.

PART 2 - PRODUCTS (Not Applicable)

PART 3 - EXECUTION (Not Applicable)

END OF SECTION 01200

PART 1 - GENERAL

1.01 GENERAL REQUIREMENTS

A. The Work under this Contract shall be planned, scheduled, executed, reported and accomplished using the Critical Path Method (hereinafter referred to as CPM), in calendar days, unless otherwise specifically provided in the Contract Documents.

B. The primary objectives of the CPM scheduling requirements are: (1) to insure adequate planning and execution of the Work by CONTRACTOR; (2) to assist VILLAGE and CONSULTANT in evaluating progress of the Work; (3) to provide for optimum coordination by CONTRACTOR of their trades, Subcontractors and Suppliers, and of their Work with the work or services provided by any separate Contractors; (4) to permit the timely prediction or detection of events or occurrences which may affect the timely prosecution of the Work; and (5) to provide a mechanism or tool for use by the VILLAGE, CONSULTANT and CONTRACTOR in determining and monitoring any actions of the CONTRACTOR which may be required in order to comply with the requirements of the Contract Documents relating to the completion of the various portions of the Work by the Specific Dates specified in the Contract Documents.

C. CONTRACTOR is responsible for determining the sequence of activities, the time estimates of the detailed construction activities and the means, methods, techniques, and procedures to be employed. The construction Schedule shall represent the CONTRACTOR's best judgment of how they will prosecute the Work in compliance with the Contract requirements. CONTRACTOR shall ensure that the Construction Schedule is current and accurate and is properly and timely monitored, updated and revised as Project conditions and the Contract Documents may require.

D. CONTRACTOR shall consult with their principal Subcontractors and Suppliers relating to the preparation of their construction plan and Construction Schedule. Principal Subcontractors shall receive copies of those portions of CONTRACTOR's Construction Schedule, which relate to their work and shall be continually advised of any updates or revisions to the Construction Schedule as the Work progresses. When CONTRACTOR submits their Construction Schedule to the VILLAGE or makes any proposed updates or revisions to such Schedule, VILLAGE and CONSULTANT that CONTRACTOR has consulted with and has the concurrence of their principal Subcontractors and Suppliers will assume it. CONTRACTOR shall be solely responsible for ensuring that all Subcontractors and Suppliers comply with the requirements of the Construction Schedule for their portions of the Work.

E. CONTRACTOR will provide the basic data relating to activities, durations and sequences of construction and shall develop and deliver to the VILLAGE and CONSULTANT the draft of the Construction Schedule. This data shall reflect the CONTRACTOR's actual construction plan for the Project, and shall fully comply with all requirements of the Contract Documents.

F. When there are separate Contractors working concurrently on the Project whose work must interface or be coordinated with the Work of CONTRACTOR, CONTRACTOR shall coordinate their activities with the activities of the separate Contractors and shall, prior to the submission of their Construction Schedule to the VILLAGE and CONSULTANT, obtain written approval of their Construction Schedule by the separate Contractors. If CONTRACTOR is unable to obtain such written approval by the separate Contractors after their best efforts to do so, or if a conflict occurs that cannot be resolved by mutual agreement between CONTRACTOR and any separate CONTRACTOR, the VILLAGE shall make a determination of the schedule, which shall be binding upon CONTRACTOR and the separate Contractors.

G. The CONTRACTOR shall be responsible for providing the services required for the basic drafting and computerization of CONTRACTOR's data for CONTRACTOR's initial Construction Schedule, in accordance with the requirements of this Contract. The CONTRACTOR shall use Primavera, Microsoft Project or similar computer program for development and maintenance of the schedule.

H. To carry out the intent of this Section, CONTRACTOR agrees that the orientation session, as described in Subparagraph 1.02-B, shall not be grounds for any claim by CONTRACTOR or any of their Subcontractors or Sub-Subcontractors of alleged interference, lack of cooperation, delay disruption, negligence or hindrance by VILLAGE or CONSULTANT, and CONTRACTOR covenants not to sue therefore.

I. It is understood and agreed that the Construction Schedule is to represent CONTRACTOR's best plan and estimate for the Work; however, CONTRACTOR acknowledges that the Construction Schedule may have to be revised from time-to-time as progress proceeds. CONTRACTOR further acknowledges and agrees that the VILLAGE does not guarantee that: (1) CONTRACTOR can start work activities on the "early start" or "late start" dates or complete work activities on the "early finish" or "late finish" dates shown in the schedule, or as same may be updated or revised; (2) CONTRACTOR can proceed at all times in the sequence established by the utilization of only the resources and labor they initially plans for the performance of the work; (3) CONTRACTOR's Construction Schedule will not have to be modified in order to obtain the agreement of any separate Contractors to the schedule; or (4) CONTRACTOR's Construction Schedule will not have to be modified or changed by direction of the VILLAGE. Any changes, modifications or adjustments made by CONTRACTOR to the Construction Schedule shall be in full compliance with all requirements of the Contract Documents.

J. The CONTRACTOR acknowledges and agrees that their Construction Schedule must be flexible in order to accommodate and allow for their coordination with the operations of the VILLAGE and the work of separate contractors relating to the Project. The VILLAGE and CONSULTANT will review the CONTRACTOR's Construction Schedule for compatibility with VILLAGE operations and the work of separate contractors. CONTRACTOR agrees to hold meetings with the VILLAGE, CONSULTANT and separate contractors to resolve any conflicts between CONTRACTOR's Construction Schedule and the operations of the VILLAGE or work of separate contractors. CONTRACTOR agrees to fully cooperate with VILLAGE and separate contractors to resolve such conflicts and to revise their Construction Schedule as reasonable required.

K. In order to maintain the orderly progress of the work performed on the Project, the VILLAGE shall have the right to determine, in their sole discretion, the priority between the Work performed by CONTRACTOR and the work of any separate contractors or VILLAGE'S operations; this decision shall be final and binding upon CONTRACTOR and shall not be a cause for extra compensation or an extension of time, except where an extension of time is granted because of a delay for which CONTRACTOR is otherwise entitled to an extension under the Contract Documents. Provided, however, that this right shall not be exercised by the VILLAGE unless: (1) the determination is necessary, in the opinion of the VILLAGE, because of Project conditions; and (2) CONTRACTOR and any separate contractors cannot otherwise agree upon such priority of schedule construed as relieving the CONTRACTOR of their obligation to cooperate with any separate contractors on the Project.

L. If CONTRACTOR's Construction Schedule indicates that VILLAGE or a separate CONTRACTOR is to complete an activity or perform certain preceding work by a particular date,

or within a certain duration, VILLAGE or any separate contractor shall not be bound to said date or duration unless VILLAGE expressly and specifically agrees in writing to same. The review and approval or acceptance by VILLAGE of the Construction Schedule or any other schedule or plan of construction of CONTRACTOR, does not constitute an agreement by VILLAGE of any start or finish date in the schedule or specific durations or sequences for activities of the VILLAGE or any separate contractor; provided, however, that nothing herein shall be construed as modifying or changing, or excusing the performance of CONTRACTOR of required portions of the Work by the Specific Dates as set forth in the Contract Documents.

M. The Specific Dates set forth in the Contract Documents represent only the major items of Work and may include interface dates with the operations of the VILLAGE, the work of separate contractors or others. Specific Dates are Contract requirements and are of the essence to this Contract and to the coordination of the Work by CONTRACTOR. Specific Dates represent the latest allowable start or completion time for those portions of the Work to which each Specific Date relates. The Specific Dates are not intended to be a complete listing of all Work under this Contract or of all interfaces with work performed by other separate contractors, the VILLAGE or others. CONTRACTOR shall determine the time requirements for all such interfaces and shall be responsible for planning, scheduling, and coordinating the Work in order to complete in accordance with those requirements.

N. It is understood and agreed that should the VILLAGE and CONSULTANT provide CONTRACTOR, at CONTRACTOR's request, with any services, advice or counsel relating to the scheduling or coordination of the Work or any other matter that: (1) VILLAGE and CONSULTANT shall not be liable to CONTRACTOR for any errors, omissions, negligence or deficiencies which may in any way occur because of same; (2) such services, advice or counsel are provided solely as aids in the development by CONTRACTOR of a representation of CONTRACTOR's actual construction plan and schedule in accordance with the requirements of the Contact Documents, and VILLAGE and CONSULTANT shall not be liable to CONTRACTOR should CONTRACTOR rely on such services, advice or counsel to their detriment; (3) such services, advice or counsel shall not relieve CONTRACTOR of any responsibility under the Contract for all construction means, methods, techniques, coordinating all portions of the Work; and (4) any services provided by the VILLAGE and CONSULTANT or the lack or alleged untimeliness thereof will not in any way take the place of or relieve the CONTRACTOR of full responsibility for compliance with all requirements of the Contract Documents, including, but not limited to the obligation to complete the Work within the Specific Dates set forth in Contract Documents.

O. Approval or acceptance by the VILLAGE of the CONTRACTOR's Construction Schedule, or any revisions or updates thereto, is advisory only and shall not relieve the CONTRACTOR of the responsibility for accomplishing each portion of the Work within each and every applicable Specific Date. Omissions and errors in the approved or accepted Construction Schedule, or any revisions or updates shall not excuse performance, which is not in compliance with the Contract. Approval by the VILLAGE in no way makes the VILLAGE an insurer of the reliability, accuracy, or feasibility of the Construction Schedule nor liable for time or cost overruns flowing from such omissions or errors. It is understood and agreed that CONTRACTOR cannot rely upon any informal or constructive acquiescence or approval of the Construction Schedule by VILLAGE has any right or power to agree to any schedule commitment or obligation on the part of VILLAGE except as set forth expressly in the Contract Documents.

P. Should CONTRACTOR intend or plan to complete the Work, or any portion thereof, earlier than any applicable Specific Date or the Contract Time, CONTRACTOR shall give timely and

reasonable notice of this fact to VILLAGE and CONSULTANT. VILLAGE shall have the sole discretion to agree to or reject such early completion plan by CONTRACTOR. VILLAGE shall have no duty or obligation to agree to, or to cooperate with CONTRACTOR regarding any early completion plan or proposal by CONTRACTOR and shall not be liable for any damages of CONTRACTOR because of the rejection by VILLAGE of said plan.

Q. Unless otherwise specifically provided in the Contract Documents, CONTRACTOR acknowledges that VILLAGE has contemplated in VILLAGE'S planning and approval of the schedule, and in VILLAGE'S budgeting for professional services, that the Work will be performed on a 5-day work week basis, utilizing a single 8-hour shift per day. VILLAGE shall have the sole discretion of approving or rejecting a variance in the workweek, number of shifts, or shift length. Unless otherwise agreed by VILLAGE, CONTRACTOR shall bear the cost of, and pay the VILLAGE, for additional staff and supervisory personnel, including but not limited to the services of CONSULTANT necessary to support any variance in the contemplated work week, number of shifts or shift length.

1.02 POST AWARD ACTIVITIES

A. Upon receipt by CONTRACTOR of the Notice to Proceed, and until the Construction Schedule is approved by the VILLAGE, CONTRACTOR shall proceed with CONTRACTOR's Work in accordance with the Provisional Preliminary Network of CONTRACTOR which was included as part of the CONTRACTOR's bid.

B. Orientation Session: CONTRACTOR shall, upon notification from the VILLAGE, attend an orientation session relating to the Schedules and Reports requirements for this Project. This orientation meeting is designed to assist the CONTRACTOR in planning the Work and in developing the Construction Schedule. This session will normally be held within three (3) days after the date of the Notice to Proceed or the Notice of Award of Contract by VILLAGE (whichever occurs first) and will be conducted by the VILLAGE. CONTRACTOR shall arrange for CONTRACTOR's project manager and Superintendent, major Subcontractors and Suppliers, and any scheduling engineers that CONTRACTOR may employ to attend the orientation session.

C. Among other things, the VILLAGE and CONSULTANT will review: the objectives of the Schedules and Reports requirements; the procedures and requirements for the preparation of the Construction Schedule and Schedule of Values by CONTRACTOR; how the requirements of the Contact Documents will be monitored and enforced by the VILLAGE; long-lead items and time requirements for work by Subcontractors will be identified. It is understood and agreed that the CONSULTANT has no authority to waive any requirements of the Contract Documents at this orientation meeting, and all requirements of the Contract Documents remain applicable to CONTRACTOR's work whether or not discussed at this session.

D. Should CONTRACTOR or CONTRACTOR's principal Subcontractors and Suppliers fail or refuse to attend this orientation session, VILLAGE shall have the right to terminate CONTRACTOR for default pursuant to the provisions of the General Conditions.

1.03 DRAFT OF CONSTRUCTION SCHEDULE

A. Within fifteen (15) days of the orientation session, (even though CONTRACTOR may not have completed subcontractor negotiations and executed subcontracts) the CONTRACTOR, in consultation with the VILLAGE and CONSULTANT, shall complete a draft of CONTRACTOR's time-scaled network graphic and work schedule.

1. Except for procurement requirements, CONTRACTOR shall differentiate activities of the Schedule so that no single activity shown has a duration longer than fourteen (14) calendar days, unless the VILLAGE, in VILLAGE'S sole discretion, shall approve a longer duration for certain activities.
2. The CONTRACTOR shall include for all items in the critical path and other appropriate items any submittal, shop drawings and review time required in the contract.
3. The CONTRACTOR shall include in the schedule time for seasonal average weather conditions and potential delay in the critical path. Abnormal weather conditions may represent an excusable delay. Abnormal weather conditions are a substantial variation from seasonal average weather conditions occurring for a significant period of time and operations were necessarily affected. Contractor shall support a claim of abnormal weather conditions with local US Weather Bureau climatological report for the period involved plus a report indicating the average weather conditions for the past ten (10) years from the nearest reporting station. Excusable delay may be compensable or non-compensable.
4. The Construction Schedule shall represent the CONTRACTOR's best judgment and intended plan for completion of the Work in compliance with Specific Dates listed in the Contract Documents and the Contract Time. The Construction Schedule shall take into account all foreseeable activities to be accomplished by any separate contractors, and interface dates with utility VILLAGE'S, the VILLAGE'S operations and others. The Construction Schedule shall anticipate all necessary labor and resources to accomplish the activities within the durations set forth in the Construction Schedule.
5. Neither the VILLAGE nor the CONTRACTOR shall be considered to own the schedule "float" time.

B. VILLAGE shall have seven (7) days to approve the draft schedule information and shall have the right to require the CONTRACTOR to modify any CONTRACTOR data or any portion of the CONTRACTOR's Construction Schedule, Schedule of Values or Recovery Schedule, as herein required, with CONTRACTOR bearing the expense thereof, which the VILLAGE reasonably determines to be: (1) impracticable; (2) based upon erroneous calculations or estimates; (3) unreasonable; (4) required in order to ensure proper coordination by CONTRACTOR of the work of their Subcontractors and with the work or services being provided by any separate Contractors; (5) necessary to avoid undue interference with the VILLAGE'S operations or those of any utility VILLAGE'S or adjoining property VILLAGE'S; (6) necessary to ensure completion of the Work by the Specific Dates set forth in the Contract Documents; (7) required in order for CONTRACTOR to comply with the requirements of the Contract Documents or (8) not in accordance with the CONTRACTOR's actual operations.

C. The VILLAGE and CONSULTANT will be available during normal working hours to consult with the CONTRACTOR should questions arise while the CONTRACTOR assembles the information required for the Construction Schedule. The VILLAGE will pay for the reasonable costs for the CONSULTANT's time for this consultation.

1.04 CONSTRUCTION SCHEDULE

A. Within ten (10) days after approval of the Construction Schedule draft by the VILLAGE, based on the data submitted by the CONTRACTOR, the CONTRACTOR will provide a final draft time-scaled graphic network of activities and computer listing of all activities included in the Construction Schedule. The graphic representation and computer printouts shall be carefully reviewed by the VILLAGE and CONSULTANT and discussed at a meeting with the CONTRACTOR for the purpose of finalizing the schedule. Any additions and/or deletions to these

documents that are desired by the VILLAGE will be brought to the attention of the CONTRACTOR within three (3) days. The CONTRACTOR shall, if consistent with the requirements of the Contract Documents, incorporate the VILLAGE'S revisions and shall deliver the completed Construction Schedule and computer reports to the VILLAGE and CONSULTANT for review and acceptance within seven (7) days.

B. CONTRACTOR shall submit as a part of the data submitted to the VILLAGE and CONSULTANT a narrative report indicating anticipated allocation by CONTRACTOR of the following resources and work shifts for each activity which they propose to be utilized on the Project:

1. Labor resources;

2. Equipment resources;

3. Whether CONTRACTOR proposes the Work to be performed on single, double or triple shifts, and whether it is to be done on a 5-, 6- or 7-day workweek basis. If the CONTRACTOR chooses any work schedule other than the 8-hour day, 5-day workweek, and approved by the VILLAGE, any overtime costs shall be borne by the CONTRACTOR.

1.05 SCHEDULE OF VALUES

A. Within ten (10) days after completion of the Construction Schedule the CONTRACTOR shall submit to the VILLAGE and CONSULTANT a Schedule of Values for review by the VILLAGE and CONSULTANT, allocating a dollar value for the activities on the Construction Schedule. The dollar value for the activity shall be the cost of the work of the activity including labor, materials, and pro rata contribution of General Conditions requirements, overhead and profit. The sum of all activity costs shall equal the total Contract Sum. The CONTRACTOR shall revise the Schedule of Values as necessary to gain the approval of the CONSULTANT and the VILLAGE.

B. The activity cost for the Schedule of Values shall be coded with a cost code corresponding to the trade, subcontractor or Supplier performing the work so that subtotals for each division of the Work can be prepared.

C. The Schedule of Values shall, in the best judgment of the CONTRACTOR, represent a fair, reasonable and equitable dollar (cost) allocation for each activity on the Construction Schedule.

D. The CONTRACTOR will provide, within seven (7) days after approval of the Schedule of Values, a computer listing of all cost-loaded activities for VILLAGE and CONSULTANT's review.

1.06 CONSTRUCTION SCHEDULE CONTENT

A. The Construction Schedule shall consist of a time-scaled, detailed network graphic representation of all activities that are part of the CONTRACTOR's construction plan and an accompanying computerized mathematical analysis of these activities. The graphic network shall include, but not be limited to, the following information:

1. Project Name

2. Activities of completed work ready for use by next trade, VILLAGE, etc.

3. Activities relating to different areas of responsibility, such as subcontracted work, which is distinctly separate from that being done by the CONTRACTOR directly;

4. Different categories of work as distinguished by craft or crew requirements;

5. Different categories of work as distinguished by equipment requirements;

6. Different categories of work as distinguished by materials;

7. Distinct and identifiable subdivisions of work such as structural slabs, beams, columns;

8. Locations of work within the Project that necessitates different times or crews to perform;

9. Outage schedules for existing utility services that will be interrupted during the performance of the Work;

10. Acquisition and installation of equipment and materials, supplies and/or installed by the VILLAGE or separate contractors;

11. Material to be sorted on site; and

12. Specific Dates.

B. For all major equipment and materials to be fabricated or supplied for the Project, the Construction Schedule shall show a sequence of activities including:

1. Preparation of Shop Drawings and sample submissions;

2. A reasonable time for review of Shop Drawings and samples or such time as specified in the Contract Documents:
3. Shop fabrication, delivery, and storage;

4. Erection or installation; and

5. Testing of equipment and materials.

C. The Construction Schedule shall include late completion dates for the Work that is no later than the required Specific Dates. The time-scaled graphic network shall be drawn based upon the early start dates of activities shown on the graphic.

D. All activity durations shall be given in calendar days.

1.07 CONTRACTOR APPROVAL AND CERTIFICATION

A. Approval by CONTRACTOR of the drafting and computerization of the Construction Schedule and the Schedule of Values shall be signified by the CONTRACTOR by signing the following certification:

"The undersigned CONTRACTOR certifies that the Construction Schedule which is comprised of the graphic network of activities displayed on the sheets dated _____ and of the computerized mathematical reports dated _____ is the CONTRACTOR's Construction Schedule as required

by the Contract document; and that said Schedule is a true and accurate representation of CONTRACTOR's plan of construction for the Work and fully complies with the requirements of the contract Documents. The CONTRACTOR further certifies that CONTRACTOR will prosecute the Work in accordance with this Schedule, subject to any change therein which is implemented in accordance with the Contract Documents; and the undersigned acknowledges that this Schedule shall be the instrument by which progress of the Work shall be monitored, and together with the dollar value assigned to each activity, shall be the basis of monthly payments in accordance with the Contract documents; and CONTRACTOR certifies they have fully complied with all of the requirements of the Contract Documents relating to coordination of said Schedule with separate contractors."

1.08 UPDATING OF CONSTRUCTION SCHEDULE/PROGRESS REPORTS

A. On or about the dates specified, CONTRACTOR shall arrange for CONTRACTOR's project manager and superintendent to meet at Project Site with the VILLAGE and CONSULTANT to review CONTRACTOR's report of actual progress prepared by CONTRACTOR. Said report shall set forth up-to-date and accurate progress data, shall be based upon CONTRACTOR's best judgment and shall be prepared by CONTRACTOR in consultation with all principal Subcontractors and suppliers.

B. The progress report of CONTRACTOR shall show the activities or portions of activities, completed during the reporting period, the actual start and finish dates for these activities, remaining durations and/or estimated completion dates for activities currently in progress.

C. The CONTRACTOR will produce a computerized update work sheet for approval by the VILLAGE as a part of this process.

D. CONTRACTOR shall submit a narrative report with the updated progress analysis which shall include, but not be limited to a description of problem areas, current and anticipated delaying factors and their impact, explanations of corrective actions taken or planned, any newly planned activities or changes in sequence, and proposed logic for a Recovery Schedule, if required, as further described herein. The report shall also include:

1. A narrative describing actual work accomplished during the reporting period;

2. A list of major construction equipment used on the Work during the reporting period and any construction equipment idle during the reporting period.

3. The total number of personnel by craft actually engaged in the Work during the reporting period, with such total stated separately as to office, supervisory, and field personnel;

4. A labor and equipment forecast for the succeeding thirty (30) days, stating the total number of personnel by craft, and separately stating such total as to office, supervisory and field personnel;

5. A list of CONTRACTOR supplied materials and equipment, indicating current availability and anticipated job site delivery dates;

6. Changes or additions to CONTRACTOR's supervisory personnel since the preceding progress report.

E. The CONTRACTOR will provide initial computer reports and monthly reports thereafter, in accordance with the following:

1. Schedule Reports: Initial and subsequent Schedule Reports will contain the following minimum information for each activity:

   a. Activity number, description and estimated duration in days.
   b. Early and late finish dates.
   c. Percentage of each activity competed as of each report.
   d. Remaining float/days behind schedule.
   e. Responsibility for activity. Actual start and finish dates shall be indicated for each activity, as appropriate. Dummies and completed activities will be omitted from remaining Float and Late Start Sorts.

2. Cost Reports: Initial and subsequent Cost Reports will include the following information for each activity, sorted by trade activity:

   a. Activity number and description;
   b. Percentage of value of Work in place against total value;
   c. Total cost of each activity;
   d. Value of Work in place since last report;
   e. Value of Work in place to date;
   f. Value of uncompleted Work.

3. As part of the updating process, the CONTRACTOR'S computer will calculate, based upon progress data provided by CONTRACTOR and agreed to by the VILLAGE, the value of work done for each activity based on percentage complete for each activity less the amount previously paid for past percentages completed. Summation of all values of each activity less the appropriate percent of retainage shall be the amount payable to the CONTRACTOR, provided that CONTRACTOR has complied with all requirements of the Contract Documents.

F. CONTRACTOR shall be solely responsible for expediting the delivery of all materials and equipment to be furnished by CONTRACTOR so that the progress of construction shall be maintained according to the currently approved Construction Schedule for the Work. CONTRACTOR shall notify the VILLAGE and CONSULTANT in writing, and in a timely and reasonable manner, whenever CONTRACTOR determines or anticipates that the delivery date of any material or equipment to be furnished by CONTRACTOR will be later than the delivery date indicated by the Construction Schedule, or required consistent with the completion requirements of this Contract, subject to schedule updates as herein provided.

G. CONTRACTOR shall ensure that the critical path runs through on-site activities and that off-site activities do not control the critical path of the Construction Schedule.

1.09 INITIAL PROGRESS PAYMENT

A. The completed Construction Schedule, including the Schedule of Values, will be required for each Application for Payment. However, one initial provisional progress payment may be payable in the sole discretion of VILLAGE if VILLAGE determines the CONTRACTOR is complying with these Schedules and Reports provisions during the development of the Construction Schedule and Schedule of Values as required herein and represented to be true by the CONSULTANT. However,

no more than one Application for Payment will be approved until all of the requirements of these Schedules and Reports provisions have been met.

1.10 RECOVERY SCHEDULE

A. Should the updated Construction Schedule show at any time during CONTRACTOR's performance, in the sole opinion of the VILLAGE, that the CONTRACTOR is fourteen (14) or more days behind schedule for any Specific Date, or should CONTRACTOR be required to undertake actions under Paragraph 40 of the General Conditions hereof, the CONTRACTOR shall prepare a Recovery Schedule at no additional cost to the VILLAGE (unless the VILLAGE is solely responsible for the event or occurrence which has caused the schedule slippage) explaining and displaying how CONTRACTOR intends to reschedule the Work in order to regain compliance with the Construction Schedule during the immediate subsequent pay period.

B. If the CONTRACTOR believes that all of the time can be recovered during the subsequent pay period the CONTRACTOR will be permitted to prepare a Recovery Schedule as set forth below. However, if the CONTRACTOR believes it will take more than thirty (30) days to recover all of the lost time, CONTRACTOR shall prepare and submit a request for revision to the Construction Schedule and comply with all of the requirements for a Schedule Revision.

1. The CONTRACTOR shall prepare and submit to the VILLAGE and CONSULTANT a one-month maximum duration Recovery Schedule, incorporating best available information from Subcontractors and others, which will permit return to Construction Schedule at the earliest possible time. The CONTRACTOR shall prepare a Recovery Schedule to same level of detail as the Construction Schedule for a maximum duration of one month. This Recovery Schedule shall be prepared in coordination with other separate contractors on the Project.

2. Within two (2) days after submission of Recovery Schedule to the VILLAGE and CONSULTANT, CONTRACTOR shall participate in a conference with the VILLAGE and CONSULTANT to review and evaluate the Recovery Schedule. Within two (2) days of conference, the CONTRACTOR shall submit the revisions necessitated by the review for the VILLAGE and CONSULTANT’s review and approval. The CONTRACTOR shall use the approved Recovery Schedule as their plan for returning to the Construction Schedule.

3. CONTRACTOR shall confer continuously with the VILLAGE and CONSULTANT to assess the effectiveness of the Recovery Schedule. As a result of this conference, the VILLAGE will direct the CONTRACTOR as follows:

a. If the VILLAGE determines the CONTRACTOR is still behind the schedule the VILLAGE will direct the CONTRACTOR to prepare a Schedule Revision and comply with all of the requirements of a Schedule Revision as stated herein and the other requirements of the Contract Documents; provided, however, that nothing herein shall limit in any way the rights and remedies of the VILLAGE as provided elsewhere in the Contract Documents.

b. If the VILLAGE determines the CONTRACTOR has successfully complied with provisions of the Recovery Schedule, the VILLAGE will direct the CONTRACTOR to return to the use of the approved Construction Schedule.

1.11 SCHEDULE REVISIONS

A. Should CONTRACTOR desire to or otherwise be required under the Contract Documents to make modifications or changes in CONTRACTOR's method of operation, the sequence of Work or the durations of the activities in the Construction Schedule, CONTRACTOR shall do so in accordance with the requirements of the Contract Documents. The VILLAGE must approve revisions to the approved Construction Schedule in writing.

B. CONTRACTOR shall submit requests for revisions to the Construction Schedule to the VILLAGE and CONSULTANT, together with written rationale for revisions and description of logic for rescheduling work and maintaining the Specific Dates listed in the Contract Documents. Proposed revisions acceptable to the VILLAGE will be incorporated into next update of Construction Schedule. CONTRACTOR shall pay the VILLAGE for costs incurred by the VILLAGE for the revisions.

C. If there are separate contractors on the Project, prior to the submission by the CONTRACTOR of their proposed schedule revisions, CONTRACTOR shall meet with and gain written approval of the separate contractors to make the revisions which shall be evidenced by the signatures of said separate contractors on the proposed schedule revisions. If accepted by the VILLAGE the revisions shall be binding upon CONTRACTOR and all separate contractors on the Project.

D. In submitting any proposed schedule revisions to the VILLAGE and CONSULTANT, CONTRACTOR shall submit therewith the following certification:

"The undersigned CONTRACTOR certifies that the proposed schedule revision to the Construction Schedule which comprised of the graphic network of activities displayed on the sheets dated and of the computerized mathematical reports dated _____ is the CONTRACTOR's schedule revision to the Construction Schedule as required by the Contract Documents; and that said schedule revision is a true and accurate representation of CONTRACTOR's plan to complete the Work, including all Change Orders that are in the CONTRACTOR's possession as of the foregoing date, and fully complies with the requirements of the Contract Documents. The CONTRACTOR further certifies that CONTRACTOR will prosecute the Work in accordance with this schedule revision, subject to any change therein which is implemented in accordance with the Contract Documents; and CONTRACTOR further certifies that CONTRACTOR has met and coordinated with and obtained the approval of said schedule revision by all separate contractors, as evidenced by CONTRACTOR's signature thereon; and CONTRACTOR further certifies they have fully complied with all of the requirements of the Contract Documents relating to coordination of said Schedule with separate contractors."

1.12 FLOAT TIME

A. Float or slack time associated with one chain of activities is defined as amount of time between earliest start date and latest start date or between earliest finish date and latest finish date for such activities, as calculated as part of the Construction Schedule. Float or slack time shown on the Construction Schedule is not for exclusive use or benefit of either the VILLAGE, CONSULTANT or the CONTRACTOR and is available for use by either of them according to whichever first needs the use or benefit of the float to facilitate the effective use of available resources and to minimize the impact of project problems, delays or Changes in the Work which may arise during performance. CONTRACTOR specifically agrees that the VILLAGE or CONSULTANT may use float time in conjunction with their review activities or to resolve for any modification of the

Specific Dates or an extension of the Contract Time or a claim for additional compensation as a result of any Project problem.

B. Float time shown on the Construction Schedule shall not be used arbitrarily by CONTRACTOR in a manner, which, in the opinion of the VILLAGE and CONSULTANT, unnecessarily delays separate contractors from proceeding with their work in a way which is detrimental to the interests of the VILLAGE. Any conflict between contractors, or schedules or available and/or necessary work of Contractors, which may result in a delay on that Contractor performing work on this Project, shall be referred to the VILLAGE for resolution. If CONTRACTOR refuses to perform Work which is available and necessary to be performed in order to not delay any separate contractors and the VILLAGE has provided resolution to any conflicts, the VILLAGE may, regardless of the float shown on the Construction Schedule to be available for the path of activities which encompasses said Work, terminate the CONTRACTOR for default pursuant to the General Conditions of this Contract.

1.13 CONTRACTOR'S ORGANIZATION

A. CONTRACTOR shall maintain as part of their organization, or hire a subcontractor with, a competent staff of sufficient size who are knowledgeable in the use, application and implementation of CPM as required by the Contract Documents. It shall be the responsibility of this staff to prepare input information for the Construction Schedule, monitor progress, provide input for updating and revising logic diagrams when necessary and otherwise assist the CONTRACTOR in fulfilling their obligations hereunder.

1.14 DEFAULT

A. Failure of the CONTRACTOR to substantially comply with the requirements of this Section shall constitute a default by CONTRACTOR of CONTRACTOR’s obligations under this Contract sufficient for termination of CONTRACTOR under the General Conditions of this Contract.

PART 2 - PRODUCTS (Not Applicable)

PART 3 - EXECUTION

3.01 MEASUREMENT AND PAYMENT

A. No separate measurement and payment is provided for work covered by this Section. All work required in connection with Schedules and Reports shall be included in the bid price for all other work.

END OF SECTION 01311

SECTION 01340
SHOP DRAWINGS, PRODUCT DATA AND SAMPLES

PART 1 - GENERAL

1.01 REQUIREMENTS INCLUDED

A. Submit Shop Drawings, Product Data and Samples required by the Contract Documents.

1.02 RELATED REQUIREMENTS

A. All applicable sections of the Specifications.

B. Conditions of the Contract.

C. Designate in the construction schedule, or in a separate coordinated schedule, the dates for submission and the dates that reviewed Shop Drawings, Product Data and Samples will be needed.

1.03 SHOP DRAWINGS

A. Drawings shall be presented in readable and thorough condition.

1. Drawing size shall be in standard sizes 8½" X 11" through 22" X 34" as appropriate for detail.

2. Details shall be identified by reference to VILLAGE Project Number, sheet, detail, specification section, equipment numbers, I. D. numbers and schedule numbers shown on Contract Drawings.

1.04 PRODUCT DATA

A. Preparation

1. Clearly mark each copy to identify pertinent products or models.

2. Cleary mark or highlight details on submittal that demonstrates compliance with contract documents.

3. Show performance characteristics and capacities.

4. Show dimensions and clearances required.

5. Show wiring or piping diagrams and controls.

B. Manufacturer's standard schematic drawings and diagrams:

1. Modify drawings and diagrams to delete information, which is not applicable to the work.

2. Supplement standard information to provide information specifically applicable to the work.

1.05 SAMPLES

A. Office samples shall be of sufficient size and quantity to clearly illustrate:

1. Functional characteristics of the product with integrally related parts and attachment devices.

2. Full range of color, texture and pattern.

1.06 CONTRACTOR RESPONSIBILITIES

A. Review Shop Drawings, Product Data and Samples prior to submission.

B. Determine and verify:

1. Field measurements.

2. Field construction criteria.

3. Catalog numbers and similar data.

4. Conformance with specifications.

C. Coordinate each submittal with requirements of the work and of the Contract Documents.

D. Notify the VILLAGE'S Representative in writing, at time of submission, of any deviations in the submittals from requirements of the Contract Documents.

E. Begin no fabrication or work, which requires submittals until return of submittals with VILLAGE'S Representative or ENGINEER's approval.

1.07 SUBMISSION REQUIREMENTS

A. CONTRACTOR shall furnish to the ENGINEER for review, 4 copies of each shop drawing submittal. The term "Shop Drawing" as used herein shall be understood to include detail design calculations, shop drawings, fabrication and installation drawings, erection drawings, lists, graphs, catalog sheets, data sheets, and similar items.

B. Normally, a separate transmittal form shall be used for each specific item or class of material or equipment for which a submittal is required. Transmittal of a submittal of various items using a single transmittal form will be permitted only when the items taken together constitute a manufacturer's "package" or are so functionally related that expediency indicates review of the group or package as a whole. A multiple-page submittal shall be collated into sets, and each set shall be stapled or bound, as appropriate, prior to transmittal to the ENGINEER. In any case, every separate item submitted for shop drawing approval will be uniquely numbered, between the submittal and transmittal for proper tracking.

C. Except as may otherwise be indicated herein, the ENGINEER will return prints of each submittal to the CONTRACTOR with its comments noted thereon, within fourteen (14) calendar days following their receipt by the ENGINEER. It is considered reasonable that the CONTRACTOR shall make a complete and acceptable submittal to the ENGINEER by the second submission of a submittal item. The VILLAGE reserves the right to withhold monies due the contractor to cover

additional costs of the ENGINEER's review beyond the second submittal. The ENGINEER's maximum review period for each submittal, including all resubmittals, will be 14 days per submittal. In other words, for a submittal that required two resubmittals before it is complete, the maximum review period for that submittal could be 42 days.

D. If a copy of a submittal is returned to the CONTRACTOR marked "NO EXCEPTIONS TAKEN", formal revision and resubmission of said submittal will not be required.

E. If a copy of a submittal is returned to the CONTRACTOR marked "FURNISH WITH CHANGES NOTED," formal revision and resubmission of said submittal will not be required.

F. If a submittal is returned to the CONTRACTOR marked "AMEND AND RESUBMIT" or "AMEND-RESUBMIT," the CONTRACTOR shall revise said submittal and shall resubmit the required number of copies of said revised submittal to the ENGINEER.

G. If a submittal is returned to the CONTRACTOR marked "REJECTED", the CONTRACTOR shall address reason for rejection of said submittal and shall submit the required number of copies of a new submittal to the ENGINEER.

H. Fabrication of an item shall be commenced only after the ENGINEER has reviewed the pertinent submittals and returned copies to the CONTRACTOR marked either 'NO EXCEPTIONS TAKEN" or 'MAKE CORRECTIONS NOTED." Corrections indicated on submittals shall be considered as changes necessary to meet the requirements of the Contract Documents and shall not be taken as the basis for changes to the contract requirements.

I. All CONTRACTOR shop drawings and submittals shall be carefully reviewed by an authorized representative of the CONTRACTOR, prior to submission to the ENGINEER. Each submittal shall be dated, signed, and certified by the CONTRACTOR, as being correct and in strict conformance with the Contract Documents. In the case of shop drawings, each sheet shall be so dated, signed, and certified. No consideration for review by the ENGINEER of any CONTRACTOR submittals will be made for any items, which have not been so certified by the CONTRACTOR. All non-certified submittals will be returned to the CONTRACTOR without action taken by the ENGINEER, and any delays caused thereby shall be the total responsibility of the CONTRACTOR.

J. The ENGINEER's review of CONTRACTOR shop drawing submittals shall not relieve the CONTRACTOR of the entire responsibility for the correctness of details and dimensions. The CONTRACTOR shall assume all responsibility and risk for any misfits due to any errors in CONTRACTOR submittals. The CONTRACTOR shall be responsible for the dimensions and the design of adequate connections and details.

K. Shop Drawing Distribution: Shop drawings shall be reviewed by the ENGINEER and marked either as "NO EXCEPTIONS TAKEN, "FURNISH WITH CHANGES NOTED," " AMEND AND RESUBMIT ", or "REJECTED." The distribution of processed shop drawings shall be as follows:

1. Shop drawings marked "NO EXCEPTIONS TAKEN" or FURNISH WITH CHANGES NOTED".

   1 copy returned to CONTRACTOR
   2 copies transmitted to VILLAGE
   1 copy to remain with ENGINEER

2. Shop drawings marked " AMEND AND RESUBMIT " or 'REJECTED "

   2 copies returned to CONTRACTOR
   2 copies remain with the ENGINEER

L. Submittals shall contain:

1. The date of submission and the dates of any previous submissions.

2. The Project title and Project number.

3. Contract identification.

4. The names of:

   a. CONTRACTOR
   b. Supplier
   c. Manufacturer

5. Identification of the product, with the specification section number.

6. Field dimensions, clearly identified as such.

7. Relation to adjacent or critical features of the work or materials.

8. Applicable standards, such as ASTM or Federal Specification numbers.

9. Identification of deviations from Contract Documents.

10. Identification of revisions on resubmittals.

11. An 8" x 3" blank space for CONTRACTOR and VILLAGE'S Representative ENGINEER's stamps.

12. CONTRACTOR's stamp, initialed or signed, certifying to review of submittal, verification of products, field measurements and field construction criteria, and coordination of the information within the submittal with requirements of the work and of Contract Documents.

13. CONTRACTOR shall submit a copy of each specification section with each paragraph check-marked to indicate specification compliance or marked to indicate requested deviations from specification requirements. Check-marks (✓) shall denote full compliance with a paragraph as a whole. Deviations shall be underlined and denoted by a number in the margin to the right of the identified paragraph. The remaining portions of the paragraph not underlined will signify compliance on the part of the CONTRACTOR with the specifications. Include a detailed, written justification for each deviation. Failure to include a copy of the marked-up specification sections, along with Justification(s) for any requested deviations to the specification requirements, with the submittal shall be sufficient cause for rejection of the entire submittal with no further consideration.

M. Submittal Completeness:

1. Submittals which do not have all the information required to be submitted including deviations, are not acceptable and will be returned without review.

2. All submittals shall be complete and reviewable on their own content. The CONTRACTOR is to provide in the submittal all necessary information for the complete review. Submittal found to be missing information necessary information, are not acceptable and will be returned without review.

N. Informational Submittals:

1. Informational Submittals are examined to verify that the information has been furnished as specified. If the information has not been furnished as specified, the submittal will be returned marked "AMEND AND RESUBMIT" and any deficiencies will be noted. If the information has been furnished as specified, the submittal will be returned marked "RECEIPT ACKNOWLEDGED" or "FOR INFORMATIONAL ONLY". CSI's informational submittals are similar to what were formerly called PRODUCT DATA. Note: Testing Requirements can be either Action or Information Submittals

1.08 RESUBMISSION REQUIREMENTS

A. Make any corrections or changes in the submittals required by VILLAGE'S Representative and resubmit until approved.

B. Shop Drawings and Product Data:

1. Revise initial drawings or data, and resubmit as specified for the initial submittal.

2. Indicate any changes which have been made other than those requested by the VILLAGE'S Representative.

C. Samples: Submit new samples as required for initial submittal.

1.09 DISTRIBUTION

A. Distribute reproduction of Shop Drawings and copies of Product Data, which carry the VILLAGE'S Representative or ENGINEER's stamp of approval to:

1. Job site file.

2. Record Documents file.

3. Other affected CONTRACTORS.

4. Subcontractors

5. Supplier or Fabricator.

B. Distribute samples which carry the VILLAGE'S Representative or ENGINEER's stamp of approval as directed by the VILLAGE'S Representative or ENGINEER.

1.10 VILLAGE'S REPRESENTATIVE OR ENGINEER DUTIES

A. Review submittals with reasonable promptness and in accord with schedule.

B. Affix stamp and initials or signature, and indicate requirements for resubmittal, or approval of submittal.

C. Return submittals to CONTRACTOR for distribution, or for resubmission.

1.10 VILLAGE'S REPRESENTATIVE OR ENGINEER DUTIES

A. Review of contract drawings, methods of work, or information regarding materials or equipment the Contractor proposes to provide, shall not relieve the Contractor of his responsibility for errors therein and shall not be regarded as an assumption of risks or liability by the ENGINEER or the VILLAGE, or by any officer or employee thereof, and the Contractor shall have no claim under the contract on account of the failure, or partial failure, of the method of work, material, or equipment so reviewed. A mark of "NO EXCEPTIONS TAKEN, "FURNISH WITH CHANGES NOTED", "RECEIPT ACKNOWLEDGED", or "FOR INFORMATIONAL ONLY" shall mean that the VILLAGE has no objection to the Contractor, upon his own responsibility, using the plan or method of work proposed, or providing the materials or equipment proposed.

PART 2 - PRODUCTS (Not Applicable)

PART 3 - EXECUTION

3.01 MEASUREMENT AND PAYMENT

A. There shall be no special measurement or payment for the work under this section, shall be included in the price of all other work.

END OF SECTION 01340

PART 1 - GENERAL

1.01 GENERAL

A. Employ competent photographer to take construction record photographs before construction, periodically, monthly at a minimum, during course of the work.

1.02 RELATED REQUIREMENTS

A. Section 01010: Summary of Work.

B. Section 01720: Project Record Documents.

1.03 PHOTOGRAPHY REQUIRED

A. Provide Pre-Construction photographs of each driveway.

B. Provide photographs taken on cutoff date for each scheduled application for Payment.

C. Provide photographs taken at each major stage of construction.

D. Provide photographs taken of change order work.

E. Provide five prints of each view.

F. Negatives:

1. Remain property of photographer.

2. Require that photographer maintain negatives for a period of two years from Date of Substantial Completion of entire Project.

3. Photographer shall agree to furnish additional prints to VILLAGE and the ENGINEER at commercial rates applicable at time of purchase.

4. Digital photographs by photographer are to be provide at full resolution in digital format on a portable drive, disk, or download at no additional cost. File format shall be jpeg, tiff, gif, or png.

1.04 COSTS OF PHOTOGRAPHY

A. CONTRACTOR shall pay costs for specified photography and prints.

1. Parties requiring additional photography or prints will pay photographer directly.

1.05 DIGITAL PHOTOGRAPHY

A. At VILLAGE and ENGINEER’s discretion, digital photography may be used for all construction photographs.
1.Digital photographs are to be provide at full resolution in digital format on a portable drive, disk,

or download at no additional cost. File format shall be jpeg, tiff, gif, or png.

PART 2 PRODUCTS

2.01 PRINTS

A. Color:

1. Paper: Single weight, color print paper.
2. Finish: Smooth surface, glossy.
3. Size: 8-inch x 10-inch.

B. Identify each print on back, listing:

1. Name of Project.
2. Specific Location.
3. Date and time of exposure.
4. Name and address of photographer.
5. Photographer's numbered identification of exposure.

PART 3 - EXECUTION

3.01 TECHNIQUE

A. Factual presentation.

B. Correct exposure and focus.

1. High resolution and sharpness.
2. Maximum depth-of-field.
3. Minimum distortion.

3.02 VIEWS REQUIRED

A. Photograph from locations to adequately illustrate condition of construction and state of progress.

3.03 DELIVERY OF PRINTS

A. Deliver prints to the ENGINEER to accompany each Application for Payment.

B. Distribution of prints as soon as processed, is anticipated to be as follows:

1. VILLAGE (one set).
2. ENGINEER (two sets).
3. Project Record File (one set to be stored by CONTRACTOR).
4. CONTRACTOR (one set).

3.04 MEASUREMENT AND PAYMENT

A. There shall be no special measurement or payment for the work under this section, it shall be included in the price of all other work.

END OF SECTION 01380

PART 1 - GENERAL

1.01 DEFINITION

A. Specific quality control requirements for the WORK are indicated throughout the Contract Documents. The requirements of this Section are primarily related to performance of the WORK beyond furnishing of manufactured products. The term "Quality Control" includes inspection, sampling and testing, and associated requirements.

1.02 INSPECTION AT PLACE OF MANUFACTURE

A. Unless otherwise indicated, all products, materials, and equipment shall be subject to inspection by the ENGINEER at the place of manufacture.

B. The presence of the ENGINEER at the place of manufacturer, however, shall not relieve the CONTRACTOR of the responsibility for furnishing products, materials, and equipment which comply with all requirements of the Contract Documents. Compliance is a duty of the CONTRACTOR, and said duty shall not be avoided by any act or omission on the part of the ENGINEER.

1.03 SAMPLING AND TESTING

A. Unless otherwise indicated, all sampling and testing shall be in accordance with the methods prescribed in the current standards of the ASTM, as applicable to the class and nature of the article or materials considered; however, the VILLAGE reserves the right to use any generally-accepted system of sampling and testing which, in the opinion of the ENGINEER will insure the VILLAGE that the quality of the work is in full accord with the Contract Documents.

B. Any waiver by the VILLAGE of any specific testing or other quality assurance measures, whether or not such waiver is accompanied by a guarantee of substantial performance as a relief from the specified testing or other quality assurance requirements as originally specified, and whether or not such guarantee is accompanied by a performance bond to assure execution of any necessary corrective or remedial WORK, shall not be construed as a waiver of any requirements of the Contract Documents.

C. Notwithstanding the existence of such waiver, the ENGINEER reserves the right to make independent investigations and tests, and failure of any portion of the WORK to meet any of the requirements of the Contract Documents, shall be reasonable cause for the ENGINEER to require the removal or correction and reconstruction of any such work in accordance with the General Conditions.

1.04 INSPECTION AND TESTING LABORATORY SERVICE

A. Inspection and testing laboratory service shall comply with the following:

1. VILLAGE will approve of an independent firm to perform inspection and testing or will perform inspection and testing itself.

2. The VILLAGE or independent firm will perform inspections, testings, and other services specified in individual specification sections and as required by the ENGINEER.

3. Reports will be submitted to the ENGINEER in duplicate, indicating observations and results of tests and indicating compliance or non-compliance with Contract Documents.

4. The CONTRACTOR shall cooperate with the VILLAGE or independent firm and furnish samples of materials, design mix, equipment, tools, storage and assistance as requested.

5. The CONTRACTOR shall notify ENGINEER 48 hours prior to the expected time for operations requiring inspection and laboratory testing services.

6. Retesting required because of non-conformance to specified requirements shall be performed by the same independent firm on instructions by the ENGINEER. The CONTRACTOR shall bear all costs from such retesting at no additional cost to the VILLAGE.

7. For samples and tests required for CONTRACTOR'S use, the CONTRACTOR shall make arrangements with an independent firm for payment and scheduling of testing. The cost of sampling and testing for the CONTRACTOR'S use shall be included in the Contract Price.

8. CONTRACTOR shall bear all costs should materials for testing are not ready for testing at time specified by CONTRACTOR for test.

PART 2 - PRODUCTS (Not Applicable)

PART 3 - EXECUTION

3.01 INSTALLATION

A. Inspection: The CONTRACTOR shall inspect materials or equipment upon the arrival on the job site and immediately prior to installation, and reject damaged and defective items.

B. Measurements: The CONTRACTOR shall verify measurements and dimensions of the WORK, as an integral step of starting each installation.

C. Manufacturer's Instructions: Where installations include manufactured products, the CONTRACTOR shall comply with manufacturer's applicable instructions and recommendations for installation, to whatever extent these are more explicit or more stringent than applicable requirements indicated in Contract Documents.

END OF SECTION 01400

PART 1 GENERAL

1.01 REQUIREMENTS INCLUDED

A. All required testing services under the contract Documents shall be provided by the CONTRACTOR:

1. CONTRACTOR shall cooperate with the laboratory to facilitate the execution of its required services.

2. Employment of the laboratory by the CONTRACTOR for specific testing shall in no way relieve the CONTRACTOR's obligations to perform the work of the Contract as specified.

3. The CONTRACTOR shall pay for testing. The cost of any retesting necessitated by failure of materials or methods shall be deducted from the CONTRACTOR's monthly payment request.

4. The following tests will be coordinated by the CONTRACTOR, as necessary.

a. Density
b. Proctor
c. LBR
d. Carbonate Content
e. Gradation
f. Plastic Index and Liquid Limit
g. Organic Content
h. Concrete Compressive Strength and Slump
i. Asphalt Extraction
j. Bacteriological testing
k. Physical Performance
l. Spark

1.02 RELATED REQUIREMENTS

A. All applicable sections of the Specifications.

B. Conditions of the Contract: Inspections and testing required by laws, ordinances, rules, regulations, orders or approvals of public authorities.

1.03 QUALIFICATION OF LABORATORY

A. Meet "Recommended Requirements for Independent Laboratory Qualification", published by American Council of Independent Laboratories.

B. Meet basic requirements of ASTM E-329.

C. Authorized to operate in the state in which the project is located.

D. Submit copy of report of inspection of facilities made by Materials Reference Laboratory of Natural Bureau of Standards during the most recent tour of inspection, with memorandum of remedies of any deficiencies reported by the inspection.

E. Testing Equipment

1. Calibrated at reasonable intervals by devices of accuracy traceable to either:

a. National Bureau of Standards
b. National Institute of Standards and Technology
c. Accepted values of natural physical constants

1.04 LABORATORY DUTIES

A. Cooperate with OWNER's Representative and CONTRACTOR; provide qualified personnel after due notice.

B. Perform specified inspections, sampling and testing of materials and methods of construction:

1. Comply with specified standards.

2. Ascertain compliance of materials with requirements of Contract Documents.

C. Promptly notify OWNER's Representative and CONTRACTOR of observed irregularities of deficiencies of work or products.

D. Promptly submit written report of each test and inspection; one copy each to OWNER's Representative, OWNER, CONTRACTOR, and one copy to Record Document File. Each report shall include:

1. Date issued

2. Project title, number and Parcel number or Northing Easting

3. Testing laboratory name, address and telephone number

4. Name and signature of laboratory inspector

5. Date and time of sampling or inspection

6. Record of temperature and weather conditions

7. Date of test

8. Identification of fill product and specification section

9. Location of sample or test in the project

10. Type of inspection or test

11. Results of tests and compliance with Contract Documents

12. Interpretation of test results, when requested by OWNER's Representative

E. Perform additional tests as required by the OWNER's Representative.

1.05 LIMITATION OF AUTHORITY OF TESTING LABORATORY

A. Laboratory is not authorized to:

1. Release, revoke, alter or enlarge on requirements of Contract documents.

2. Approve or accept any portion of the work.

3. Perform any duties of the CONTRACTOR.

1.06 CONTRACTOR'S RESPONSIBILITIES

A. Cooperate with laboratory personnel and provide access to work.

B. Secure and deliver to the laboratory adequate quantities of representational samples of materials proposed to be used and which require testing.

C. Provide to the laboratory the preliminary design mix proposed to be used for concrete, and other material mixes, which require control by the Testing Laboratory.

D. Furnish copies of Products test reports as required.

E. Furnish incidental labor and facilities:

1. To provide access to work to be tested

2. To obtain and handle samples at the project site or at the source of the product to be tested

3. To facilitate inspections and tests

4. For storage of test samples

F. Notify laboratory sufficiently in advance of operations to allow for laboratory assignment of personnel and scheduling of tests.

1. When tests or inspections cannot be performed after such notice, reimburse OWNER for laboratory personnel and travel expenses incurred due to CONTRACTOR's negligence.

PART 2 - PRODUCTS (Not Applicable)

PART 3 - EXECUTION

3.01 MEASUREMENT AND PAYMENT

A. There shall be no special measurement or payment for the work under this section, it shall be included in the price for all other work.

END OF SECTION 01410

SECTION 01505
MOBILIZATION

PART 1 GENERAL

1.01 GENERAL

A. Mobilization shall include the obtaining of all permits; moving onto the site of all equipment; temporary buildings, and other construction facilities; and implementing security requirements; all as required for the proper performance and completion of the WORK. Mobilization shall include the following principal items:

1. Moving on to the site of all CONTRACTOR's equipment required for first month operations.

2. Installing temporary construction power, wiring, and lighting facilities.

3. Developing construction water supply.

4. Providing all on-site communication facilities, including telephones and radio pagers.

5. Arranging for and erection of CONTRACTOR's work, site access, and storage.

6. Obtaining all required permits, including LWDD or SFWMD dewatering permit, if necessary.

7. Having all OSHA required notices and establishment of safety programs.

8. Having the CONTRACTOR's superintendent at the job site full time.

9. Submitting initial submittals.

10. Audio-Visual preconstruction record as described in Section 01010.

11. Project identification and signs.

PART 2 - PRODUCTS (Not Applicable)

PART 3 - EXECUTION

3.01 PAYMENT FOR MOBILIZATION

A. The CONTRACTOR's attention is directed to the condition that no payment for mobilization, or any part thereof will be approved for payment under the Contract until all mobilization items listed in Paragraph 1.01.A. above have been completed as specified.

END OF SECTION 01505

PART 1 GENERAL

1.01 GENERAL REQUIREMENTS

A. Types: The types of utility services required for general temporary use at the project site include the following:

- Water service (potable for certain uses)
- Storm sewer
- Sanitary sewer
- Electric power service
- Telephone service
- Gas service

B. It shall be the CONTRACTOR's responsibility to provide equipment that is adequate for the performance of the WORK under this Contract within the time specified. All equipment shall be kept in satisfactory operating condition, shall be capable of safety and efficiently performing the required WORK, and shall be subject to inspection and approval by the VILLAGE'S representative at any time within the duration of the Contract. All work hereunder shall conform to the applicable requirements of the OSHA Standards for Construction.

1.02 JOB CONDITIONS

A. Scheduled Uses: The CONTRACTOR shall, in conjunction with establishment of job progress schedule, establish a schedule for implementation and termination of service for each temporary utility or facility; at earliest feasible time, and when acceptable to VILLAGE and ENGINEER change over from use of temporary utility service to permanent service.

PART 2 - PRODUCTS (Not Applicable)

PART 3 - EXECUTION

3.01 INSTALLATION OF POWER DISTRIBUTION SYSTEM

A. Power: The CONTRACTOR shall provide all necessary power required for its operations under the Contract, and shall provide and maintain all temporary power lines required to perform the WORK in a safe and satisfactory manner.

3.02 INSTALLATION OF LIGHTING

A. Construction Lighting: All WORK conducted at night or under conditions of deficient daylight shall be suitable lighted to ensure proper WORK and to afford adequate facilities for inspection and safe working conditions.

3.03 WATER SUPPLY

A. General: The VILLAGE will furnish reasonable quantities of water required by the CONTRACTOR in performance of the WORK under the Contract; however, the CONTRACTOR shall provide all facilities necessary to convey the water from the VILLAGE -designated source to

the points of use in accordance with the requirements of the Contract Document. The CONTRACTOR shall pay all permit and water charges.

B. Potable Water: All drinking water on the site during construction shall be furnished by the CONTRACTOR and shall be bottled water or water furnished in acceptable metal dispensers. Notices shall be posted conspicuously throughout the site warning the CONTRACTOR's personnel that piped water may be contaminated.

C. Water Connections: The CONTRACTOR shall not make connection to, or draw water from, any fire hydrant or pipeline without first obtaining permission of the authority having jurisdiction over the use of said fire hydrant or pipeline and from the agency owning the affected water system. For each such connection made, the CONTRACTOR shall first attach to the fire hydrant or pipeline a valve and a meter (or approved equal), if required by the said authority, of a size and type acceptable to said authority and agency. The CONTRACTOR shall pay all permit and water charges.

D. Removal of Water Connections: Before final acceptance of the WORK on the project, all temporary connections and piping installed by the CONTRACTOR shall be entirely removed, and all affected improvements shall be restored to their original condition, or better, to the satisfaction of the ENGINEER and to the agency owning the affected utility.

3.04 INSTALLATION OF SANITARY FACILITIES

A. Toilet Facilities: Fixed or portable chemical toilets (or approved equals) shall be provided wherever needed for the use of CONTRACTOR's employees. Toilets at construction job sites shall conform to the requirements of Subpart D, Section 1926.51 of the OSHA Standards for Construction.

B. Sanitary and Other Organic Wastes: The CONTRACTOR shall establish a regular daily collection of all sanitary and organic wastes. All wastes and refuse from sanitary facilities provided by the CONTRACTOR or organic material wasted from any other source related to the CONTRACTOR's operations shall be disposed of away from the site in a manner satisfactory to the ENGINEER and in accordance with all laws and regulations pertaining thereto.

3.05 INSTALLATION OF FIRE PROTECTION

A. Fire Protection: The construction of the WORK shall be connected with the CONTRACTOR's water supply system and shall be adequately protected against damage by fire. Hose connections and hose, water casks, chemical equipment, or other sufficient means shall be provided for fighting fires in the temporary structures and other portions of the WORK, and responsible persons shall be designated and instructed in the operation such fire apparatus so as to prevent or minimize the hazard of fire. The CONTRACTOR's fire protection program shall conform to the requirements of Subpart F of the OSHA Standards for Construction.

3.06 MEASUREMENT AND PAYMENT

A. There shall be no special measurement or payment for the work under this section, it shall be included in the lump sum price for Mobilization.

END OF SECTION 01510

PART 1 - GENERAL

1.01 REQUIREMENTS INCLUDED

A. Furnish, install and maintain required construction aids, remove on completion of work.

1.02 RELATED REQUIREMENTS

A. All applicable sections of the Specifications.

B. Conditions of the Contract.

PART 2 - PRODUCTS

2.01 MATERIALS, GENERAL

A. Materials may be new or used, suitable for the intended purpose, but must not violate requirements of applicable codes and standards.

2.02 CONSTRUCTION AIDS

A. Provide construction aids and equipment required by personnel and to facilitate execution of the work; reference points, scaffolds, staging, ladders, stairs, ramps, runways, platforms, railings, hoists, cranes, chutes and other such facilities and equipment (or approved equals).

1. Refer to respective sections for particular requirements for each trade.

2. Provide protective coverings for finished surfaces.

B. Maintain facilities and equipment in first-class condition.

PART 3 - EXECUTION

3.01 PREPARATION

A. Consult with VILLAGE'S Representative, review site conditions and factors which affect construction procedures and construction aids including adjacent properties and public facilities which may be affected by execution of the work.

3.02 GENERAL

A. Comply with applicable requirements specified in sections of Division 2 through 4 (as applicable).

B. Relocate construction aids as required by progress of construction, by storage or work requirements, and to accommodate legitimate requirements of VILLAGE and other Contractors employer at the site.

3.03 REMOVAL

A. Completely remove temporary materials, equipment and services:

1. When construction needs can be met by use of permanent construction.
2. At completion of project.

B. Clean, repair damage caused by installation or by use of temporary facilities.

1. Remove foundations and underground installations for construction aids.

2. Grade areas of site affected by temporary installations to required elevations and slopes, and clean the area.

C. Restore permanent facilities used for temporary purposes to specified condition.

3.04 MEASUREMENT AND PAYMENT

A. There shall be no special measurement or payment for the work under this section, it shall be included in the price of all other work.

END OF SECTION 01520

SECTION 01530
PROTECTION OF EXISTING FACILITIES

PART 1 - GENERAL

1.01 GENERAL

A. The CONTRACTOR shall protect all existing utilities and improvements not designated for removal and shall restore damaged or temporarily relocated utilities and improvements to a condition equal to or better than they were prior to such damage or temporary relocation, all in accordance with requirements of the Contract Documents. Any utility damaged during construction will be replaced with a material approved by the ENGINEER and the VILLAGE.

B. The CONTRACTOR shall verify the exact locations and depths of all utilities shown and the CONTRACTOR shall make exploratory excavations of all utilities that may interfere with the WORK. All such exploratory excavations shall be performed as soon as practicable after award of the contract and, in any event, a sufficient time in advance of construction to avoid possible delays to the CONTRACTOR's work. When such exploratory excavations show the utility location as shown to be in error, the CONTRACTOR shall so notify the ENGINEER.

C. The number of exploratory excavations required shall be that number which is sufficient to determine the alignment and grade of the utility.

1.02 RIGHTS-OF-WAY

A. The CONTRACTOR shall not do any work that would affect any oil, gas, sewer, or water pipeline; any telephone, telegraph, or electric transmission line; any fence; or any other structure, nor shall the CONTRACTOR enter upon the rights-of-way involved until notified by the ENGINEER that the VILLAGE has secured authority therefore from the proper party. After authority has been obtained, the CONTRACTOR shall give said party due notice of its intention to begin work, if required by said party, and shall remove, shore, support or otherwise protect such pipeline, transmission line, ditch, fence, or structure or replace the same. When two or more contracts are being executed at one time on the same or adjacent land in such manner that work on one contract may interfere with that on another, the VILLAGE shall determine the sequence and order of the WORK. When the territory of one contract is the necessary or convenient means of access for the execution of another contract, such privilege of access or any other reasonable privilege may be granted by the VILLAGE to the CONTRACTOR so desiring, to the extent, amount, in the manner, and at the times permitted. No such decision as to the method or time of conducting the WORK or the use of territory shall be made the basis of any claim for delay or damage, except as provided for temporary suspension of the WORK in the General Conditions of the Contract.

1.03 PROTECTION OF STREET OR ROADWAY MARKERS

A. The CONTRACTOR shall not destroy, remove, or otherwise disturb any existing survey markers or other existing street or roadway markers without proper authorization. No pavement breaking or excavation shall be started until all survey or other permanent marker points that will be disturbed by the construction operations have been properly referenced. All survey markers or points disturbed by the CONTRACTOR shall be accurately restored after all street or roadway resurfacing has been completed.

1.04 RESTORATION OF PAVEMENT

A. General: All paved areas including asphaltic concrete berms cut or damaged during construction shall be replaced with similar materials and of equal thickness to match the existing adjacent undisturbed areas, except where specific resurfacing requirements have been called for in the Contract Documents or in the requirements of the agency issuing the permit. All temporary and permanent pavement shall conform to the requirements of the affected pavement VILLAGE. All pavements which are subject to partial removal shall be neatly saw cut in straight lines. Limits of cut shall be verified with ENGINEER prior to final cut.

B. Temporary Resurfacing: Wherever required by the public authorities having jurisdiction, the CONTRACTOR shall place temporary surfacing promptly after backfilling and shall maintain such surfacing for the period of time fixed by said authorities before proceeding with the final restoration of improvements.

C. Permanent Resurfacing: In order to obtain a satisfactory junction with adjacent surfaces, the CONTRACTOR shall saw cut back and trim the edge so as to provide a clean, sound, vertical joint (or approved equal) before permanent replacement of an excavated or damaged portion of pavement. Damaged edges of pavement along excavations and elsewhere shall be trimmed back by saw cutting in straight lines. Location of straight line shall be based on logical termination point and approved by ENGINEER. All pavement restoration and other facilities restoration shall be constructed to finish grades compatible with adjacent undisturbed pavement.

D. Restoration of Sidewalks or Private Properties: Wherever sidewalks or private properties and driveways have been removed for purposes of construction, the CONTRACTOR shall place suitable temporary sidewalks or driveways (or approved equals) promptly after backfilling and shall maintain them in satisfactory condition for the period of time fixed by the authorities having jurisdiction over the affected portions before proceeding with the final restoration or, if no such period of times is so fixed, the CONTRACTOR shall maintain said temporary sidewalks or driveways until the final restoration thereof has been made. The CONTRACTOR shall restore all private properties within thirty (30) days after a complaint is received by the VILLAGE. If walks, paths, curb & gutter, and/or ADA facilities are damaged by the contractor's actions/work, those facilities shall be restored to like or better than existing conditions and a minimum of 10' in length (sawcut to sawcut) and to be like or better than conditions per Minimum Standard. Sidewalks will be restored by replacing: two flags if the point of construction is located at a control joint and three flags if the point of construction is located between control joints. No partial joints accepted.

1.05 EXISTING UTILITIES AND IMPROVEMENTS

A. General: The CONTRACTOR shall protect all Underground Utilities and other improvements which may be impaired during construction operations. It shall be the CONTRACTOR's responsibility to ascertain the actual location of all existing utilities and other improvements that will be encountered in its construction operations, and to see that such utilities or other improvements are adequately protected from damage due to such operations. The CONTRACTOR shall take all possible precautions for the protection of unforeseen utility lines to provide for uninterrupted service and to provide such special protection as may be necessary. The CONTRACTOR shall be required to TV the existing sewer lines both before and after work is done in the area to ensure that existing utilities are not damaged by construction.

B. Utilities to be Moved: In case it shall be necessary to move the property of any public utility or franchise holder, such utility company or franchise holder will, upon request of the CONTRACTOR, be notified by the VILLAGE to move such property within a specified reasonable time. When utility lines that are to be removed are encountered within the area of operations, the

CONTRACTOR shall notify the ENGINEER a sufficient time in advance for the necessary measures to be taken to prevent interruption of service.

C. Where the proper completion of the WORK requires the temporary or permanent removal and/or relocation of an existing utility or other improvement which is indicated, the CONTRACTOR shall remove and, without unnecessary delay, temporarily replace or relocate such utility or improvement in a manner satisfactory to the ENGINEER and the VILLAGE of the facility. In all cases of such temporary removal or relocation, restoration to former location shall be accomplished by the CONTRACTOR in a manner that will restore or replace the utility or improvement as nearly as possible to its former locations and to as good or better condition than found prior to removal.

D. VILLAGE'S Right of Access: The right is reserved to the VILLAGE and to the VILLAGE'S of public utilities and franchises to enter at any time upon any public street, alley, right-of-way, or easement for the purpose of making changes in their property made necessary by the WORK of this Contract.

E. Underground Utilities Indicated: Existing utility lines that are indicated or the locations of which are made known to the CONTRACTOR prior to excavation and that are to be retained, and all utility lines that are constructed during excavation operations shall be protected from damage during excavation and backfilling and, if damaged, shall be immediately repaired or replaced by the CONTRACTOR with material approved by the ENGINEER and the VILLAGE.

F. Underground Utilities Not Indicated: In the event that the CONTRACTOR damages any existing utility lines that are not indicated or the locations of which are not made known to the CONTRACTOR prior to excavation, a written report thereof shall be made immediately to the ENGINEER. If directed by the ENGINEER, repairs shall be made by the CONTRACTOR under the provisions for changes and extra work contained in the General Conditions.

G. All costs of locating, repairing damage not due to failure of the CONTRACTOR to exercise reasonable care, and removing or relocating such utility facilities not shown in the Contract Documents with reasonable accuracy, and for equipment on the project which was actually working on that portion of the work which was interrupted or idled by removal or relocation of such utility facilities, and which was necessarily idled during such work will be paid for as extra work in accordance with the provisions of the General Conditions.

H. Approval of Repairs: All repairs to a damaged utility or improvement are subject to inspection and approval by an authorized representative of the utility or improvement VILLAGE and the ENGINEER before being concealed by backfill or other work.

I. Maintaining in Service: All oil and gasoline pipelines, power, and telephone or the communication cable ducts, gas and water mains, irrigation lines, sewer lines, storm drain lines, poles, and overhead power and communication wires and cables encountered along the line of the WORK shall remain continuously in service during all the operations under the Contract, unless other arrangements satisfactory to the ENGINEER are made with the VILLAGE of said pipelines, duct, main, irrigation line, sewer, storm drain, pole, or wire or cable. The CONTRACTOR shall be responsible for and shall repair all damage due to its operations, and the provisions of this Section shall not be abated even in the event such damage occurs after backfilling or is not discovered until after completion of the backfilling.

J. Existing Water Services: CONTRACTOR shall protect and provide temporary support for existing water services. Any water service damaged by the CONTRACTOR, shall be replaced at the

CONTRACTOR's expense, with a new water service complete with new water main tap (or approved equal).

1.06 TREES WITHIN STREET RIGHTS-OF-WAY AND PROJECT LIMITS

A. General: The CONTRACTOR shall exercise all necessary precautions so as not to damage or destroy any trees or shrubs, including those lying within street rights-of-way and project limits, and shall not trim or remove any trees unless such trees have been approved for trimming or removal by the jurisdictional agency or VILLAGE. All existing trees and shrubs which are damaged during construction shall be trimmed or replaced by the CONTRACTOR or a certified tree company under permit from the jurisdictional agency and/or the VILLAGE. Tree trimming and replacement shall be accomplished in accordance with the following paragraphs.

B. Trimming: Symmetry of the tree shall be preserved; no stubs or splits or torn branches left; clean cuts shall be made close to the trunk or large branch. Spikes shall not be used for climbing live trees. All cuts over 1-1/2 inches in diameter shall be coated with an asphaltic emulsion material.

C. Replacement: The CONTRACTOR shall immediately notify the jurisdictional agency and/or the VILLAGE if any tree is damaged by the CONTRACTOR's operations. If, in the opinion of said agency or the VILLAGE, the damage is such that replacement is necessary, the CONTRACTOR shall replace the tree (or approved equal) at CONTRACTOR’s own expense. The tree shall be of a like size and variety as the tree damaged, or, if of a smaller size, the CONTRACTOR shall pay to the VILLAGE of said tree a compensatory payment acceptable to the tree VILLAGE, subject to the approval of the jurisdictional agency or VILLAGE. The size of the trees shall be not less than 1-inch diameter nor less than 6 feet in height

D. Relocation of Trees: The VILLAGE has as part of this project coordinated with the property owners about property in the right-of -way, trees. The owners have agreed that the trees in the right-of-way will either be removed and relocated on their property or removed. Per the tree disposition documents the contractor will coordinate with the owner location to relocate trees. The VILLAGE will prior to start of construction mark trees to be relocated or removed. The CONTRACTOR will be responsible for the preparation, relocation, watering and supporting of relocated trees. The CONTRACTOR will employ qualified tree surgeon for plan preparation for tree relocation.

1.07 NOTIFICATION BY THE CONTRACTOR

A. Prior to any excavation in the vicinity of any existing underground facilities, including all water, sewer, storm drain, gas, petroleum products, or other pipelines; all buried electric power, communications, or television cables; all traffic signal and street lighting facilities; and all roadway and state highway rights-of-way the CONTRACTOR shall notify the respective authorities representing the owners or agencies responsible for such facilities not less than 3 days nor more than 7 days prior to excavation so that a representative of said owners or agencies can be present during such work if they so desire. The CONTRACTOR shall also notify the Sunshine State One Call Center 1-800-432-4770 at least 2 days, but no more than 14 days, prior to such excavation. The CONTRACTOR will also be required to notify any utility companies of any conflict located within the project limits within 30 days.

PART 2 - PRODUCTS

2.01 MATERIALS, GENERAL

A. Materials may be new or used, suitable for the intended purpose, but must not violate requirements of applicable codes and standards.

2.02 FENCING

A. Materials to CONTRACTOR's option, minimum fence height = 6 feet.

2.03 BARRIERS

A. Materials to CONTRACTOR's option, as appropriate to serve required purpose.

PART 3 - EXECUTION

3.01 GENERAL

A. Install facilities of a neat and reasonable uniform appearance, structurally adequate for required purposes.

B. Maintain barriers during entire construction period.

C. Relocate barriers as required by progress of construction.

3.02 TREE AND PLANT PROTECTION

A. Preserve and protect existing trees to remain and plants adjacent to work areas.

B. Consult with VILLAGE'S Representative and remove agreed-on roots and branches which interfere with work.

1. Employ qualified tree surgeon to remove branches, and to treat cuts.

C. Protect root zones of trees and plants.

1. Do not allow vehicular traffic and parking.

2. Do not store materials or products.

3. Prevent dumping of refuse or chemically injurious materials or liquids.

4. Prevent puddling or continuous running water.

D. Carefully supervise all work to prevent damage.

E. Replace trees and plants which are damaged or destroyed due to work operations under this contract.

3.03 REMOVAL

A. Completely remove barricades, including foundations, when construction has progressed to the point that they are no longer needed, and when approved by VILLAGE'S Representative.

B. Clean and repair damage caused by installation, fill and grade areas of the site to required elevations and slopes, and clean the area.

3.04 MEASUREMENT AND PAYMENT

A. There shall be no special measurement or payment for the work under this section, it shall be included in the price of all other work.

END OF SECTION 01530

PART 1 - GENERAL

1.01 HIGHWAY LIMITATIONS:

A. The CONTRACTOR shall make its own investigation of the condition of available public and private roads and of clearances, restrictions, bridge load limits, and other limitations affecting transportation and ingress and egress to the site of the WORK. It shall be the CONTRACTOR's responsibility to construct and maintain any haul roads required for its construction operations.

1.02 TEMPORARY CROSSINGS:

A. General: Continuous, unobstructed, safe, and adequate pedestrian and vehicular access shall be provided to fire hydrants, commercial and industrial establishments, churches, schools, parking lots, service stations, motels, fire and police stations, and hospitals. Safe and adequate public transportation stops and pedestrian crossings at intervals not exceeding 300 feet shall be provided. The CONTRACTOR shall cooperate with parties involved in the delivery of mail and removal of trash and garbage so as to maintain existing schedules for such services. Vehicular access to residential driveways shall be maintained to the property line except when necessary, construction precludes such access for reasonable periods of time.

B. Temporary Bridges: Wherever necessary, the CONTRACTOR shall provide suitable temporary bridges or steel plates (or approved equal) over unfilled excavations, except in such cases as the CONTRACTOR shall secure the written consent of the individuals or authorities concerned to omit such temporary bridges or steel plates (or approved equal), which written consent shall be delivered to the ENGINEER prior to excavation. All such bridges or steel plates shall be maintained in service until access is provided across the backfilled excavation. Temporary bridges or steel plates (or approved equal) for street and highway crossing shall conform to the requirements of the authority having jurisdiction in each case, and the CONTRACTOR shall adopt designs furnished by said authority for such bridges or steel plates (or approved equal), or shall submit designs to said authority for approval, as may be required.

C. Street Use: Nothing herein shall be construed to entitle the CONTRACTOR to the exclusive use of any public street, alleyway, or parking area during the performance of the WORK hereunder, and it shall so conduct its operations as not to interfere unnecessarily with the authorized work of utility companies or other agencies in such streets, alleyways, or parking areas. No street shall be closed to the public without first obtaining permission of the ENGINEER and proper governmental authority. Where excavation is being performed in primary streets or highways, one lane in each direction shall be kept open to traffic at all times unless otherwise indicated. Toe boards shall be provided to retain excavated material if required by the ENGINEER or the agency having jurisdiction over the street or highway. Fire hydrants on or adjacent to the WORK shall be kept accessible to fire-fighting equipment at all times. Temporary provisions shall be made by the CONTRACTOR to assure the use of sidewalks and the proper functioning of all gutters, storm drain inlets, and other drainage facilities.

D. Traffic Control: For the protection of traffic in public or private streets and ways, the CONTRACTOR shall provide, place, and maintain all necessary barricades, traffic cones, warning signs, lights, and other safety devices in accordance with the requirements of Palm Beach County and the "Manual of Uniform Traffic Control Devices, Part VI - Traffic Controls for Street and Highway Construction and Maintenance Operations," published by U.S. Department of Transportation, Federal Highway Administration (ANSI D6.1).

The CONTRACTOR shall take all necessary precautions for the protection of the WORK and the safety of the public. All barricades and obstructions shall be illuminated at night, and all lights shall be kept burning from sunset until sunrise. The CONTRACTOR shall station such guards or flaggers and shall conform to such special safety regulations relating to traffic control as may be required by the public authorities within their respective jurisdictions. All signs, signals, and barricades shall conform to the requirements of the Florida Department of Transportation.

The CONTRACTOR shall submit 3 copies of a traffic control plan to the ENGINEER for review a minimum of 2 weeks prior to construction. Plan shall be prepared by and signed and sealed by a Professional Engineer in the State of Florida. The ENGINEER reserves the right to observe these traffic control plans in use and to make requests to changes as field conditions warrant. Any changes shall supersede these plans and be done solely at the CONTRACTOR's expense.

The CONTRACTOR shall remove traffic control devices when no longer needed, repair all damage caused by installation of the devices, and shall remove post settings and backfill the resulting holes to match grade.

E. Temporary Driveway Closure: The CONTRACTOR shall notify the VILLAGE or occupant (if not VILLAGE -occupied) of the closure of the driveways to be closed more than one eight-hour work-day at least 3 working days prior to the closure. The CONTRACTOR shall minimize the inconvenience and minimize the time-period that the driveways will be closed. The CONTRACTOR shall fully explain to the VILLAGE /occupant how long the work will take and when closure is to start. Total closure time shall not exceed 5 days.

1.03 CONTRACTOR'S WORK AND STORAGE AREA:

A. The CONTRACTOR shall designate and arrange for the use of a portion of the property, adjacent to the WORK for its exclusive use during the term of the Contract as storage and shop area for its construction operations relative to this Contract.

B. The CONTRACTOR shall make its own arrangements for any necessary off-site storage or shop areas necessary for the proper execution of the WORK.

C. The CONTRACTOR shall construct and use a separate storage area for hazardous materials used in constructing the WORK.

1. For the purpose of this paragraph, hazardous materials to be stored in the separate area are all products labeled with any of the following terms: Warning, Caution, Poisonous, Toxic, flammable, Corrosive, Reactive, or Explosive. In addition, whether or not so labeled, the following materials shall be stored in the separate area: diesel fuel, gasoline, new and used motor oil, hydraulic fluid, cement, paints and paint thinners, two-part epoxy coatings, sealants, asphaltic products, glues, solvents, wood preservatives, sand blast materials, and spill absorbent.

2. Hazardous materials shall be stored in groupings according to the Material Safety Data Sheets.

3. The CONTRACTOR shall develop and submit to the ENGINEER a plan for storing and disposing of the materials above.

4. The CONTRACTOR shall obtain and submit to the ENGINEER a single EPA number for wastes generated at the site.

5. The separate storage area shall meet all the requirements of all authorities having jurisdiction over the storage of hazardous materials.

6. All hazardous materials which are delivered in containers shall be stored in the original containers until use. Hazardous materials which are delivered in bulk shall be stored in containers which meet the requirements of authorities having jurisdiction.

PART 2 - PRODUCTS (Not Applicable)

PART 3 - EXECUTION

3.01 MEASUREMENT AND PAYMENT

A. There shall be no special measurement or payment for the work under this section, it shall be included in the price of Mobilization and of all other work.

END OF SECTION 01550

PART 1 - GENERAL

1.01 REQUIREMENTS INCLUDED

A. Provide and maintain methods, equipment, and temporary construction, as necessary, to provide controls over environmental conditions at the construction site and related area under CONTRACTOR's control; remove physical evidence of temporary facilities at completion of work.

1.02 RELATED REQUIREMENTS

A. All applicable sections of the Specifications.

B. Conditions of the Contract.

1.03 NOISE CONTROL

A. Provide all necessary requirements for noise control during the construction period.

1. Noise procedures shall conform to all applicable OSHA requirements and local ordinances having jurisdiction on the work.

2. Noise levels during nighttime hours shall not exceed 55 db measured at the property line of a residence.

1.04 DUST CONTROL

A. Provide positive methods and apply dust control materials to minimize raising dust from construction operations, and provide positive means to prevent air-borne dust from dispersing into the atmosphere.

1.05 WATER CONTROL

A. Provide methods to control surface water to prevent damage to the project, the site, or adjoining properties.

1. Control fill, grading and ditching to direct surface drainage away from excavations, pits, tunnels and other construction areas; and to direct drainage to proper runoff.

B. Provide, operate and maintain hydraulic equipment of adequate capacity to control surface and water.

C. Dispose of drainage water in a manner to prevent flooding, erosion, or other damage to any portion of the site or to adjoining areas.

1.06 PEST CONTROL

A. Provide pest control as necessary to prevent infestation of construction or storage area.

1. Employ methods and use materials which will not adversely affect conditions at the site or on adjoining properties.

2. Should the use of pesticides be considered necessary, submit an informational copy of the proposed program to VILLAGE with a copy to ENGINEER. Clearly indicate:

    a. The area or areas to be treated.
    b. The pesticide to be used, with a copy of the manufacturer's printed instructions.
    c. The pollution preventative measures to be employed.

B. The use of any pesticide (or approved equal) shall be in full accordance with the manufacturer's printed instructions and recommendations.

1.07 RODENT CONTROL

A. Provide rodent control as necessary to prevent infestation of construction or storage area.

1. Employ methods and use materials, which will not adversely affect conditions at the site or on adjoining properties

2. Should the use of rodenticide (or approved equal) be considered necessary, submit an informational copy of the proposed program to VILLAGE with a copy to VILLAGE'S Representative. Clearly indicate:

    a. the area or areas to be treated.
    b. the rodenticide to be used, with a copy of the manufacturer's printed instructions.
    c. the pollution preventative measures to be employed.

B. The use of any rodenticide shall be in full accordance with the manufacturer's printed instructions and recommendations.

1.08 DEBRIS CONTROL

A. Maintain all areas under CONTRACTOR's control free of extraneous debris.

B. Initiate and maintain a specific program to prevent accumulation of debris at construction site, storage and parking area, or along access roads and haul routes.

1. Provide containers for deposit of debris as specified in Section 01710 - Cleaning.

2. Prohibit overloading of trucks to prevent spillage on access and haul routes.

    a. Provide periodic inspection of traffic areas to enforce requirements.

C. Schedule periodic collections and disposal of debris as specified in Section 01710 - Cleaning.

1. Provide additional collections and disposal of debris whenever the periodic schedule is inadequate to prevent accumulation.

1.09 POLLUTION CONTROL

A. Provide methods, means and facilities required to prevent contamination of soil, water or atmosphere by the discharge of noxious substances from construction operations.

B. Provide equipment and personnel, perform emergency measures required to contain any spillage, and to remove contaminated soils or liquids.

1. Excavate and dispose of any contaminated earth off-site and replace with suitable compacted fill and topsoil.

C. Take special measures to prevent harmful substances from entering public waters.

1. Prevent disposal of wastes, effluents, chemicals, or other such substances adjacent to streams or in sanitary or storm sewers.

D. Provide systems for control of atmospheric pollutants.

1. Prevent toxic concentrations of chemicals.

2. Prevent harmful dispersal of pollutants into the atmosphere.

1.10 EROSION CONTROL

A. Plan and execute construction and earthwork, by methods to control surface drainage from cuts and fills, and from borrow and waste disposal areas to prevent erosion and sedimentation.

1. Hold the areas of bare soil exposed at one time to a minimum.

2. Provide temporary control measures such as berms, dikes, drains (or approved equals).

3. Provide silt screens (or approved equal) as required preventing surface water contamination.

B. Construct fills and waste areas by selective placement to eliminate surface silts or clays, which will erode.

C. Periodically inspect earthwork to detect any evidence of the start of erosion, apply corrective measures as required to control erosion.

D. All erosion control procedures must comply with the National Pollutant Discharge Elimination System (NPDES). The CONTRACTOR shall develop and implement a Stormwater Pollution Prevention Plan as outlined by NPDES.

E. CONTRACTOR shall have at a minimum one trained person under the Florida Stormwater, Erosion and Sedimentation Control Inspector Training and Qualification Program available for the design and implementation of SWPPP.

PART 2 - PRODUCTS (Not Applicable)

PART 3 - EXECUTION

3.01 MEASUREMENT AND PAYMENT

A. There shall be no special measurement or payment for the work under this section; it shall be included in the price of all other work.

END OF SECTION 01560

PART 1 - GENERAL

1.01 REQUIREMENTS INCLUDED

A. Provide, operate and maintain equipment, services and personnel, with traffic control and protective devices, as required to expedite vehicular traffic flow on haul routes, at site entrances, on-site access roads, and parking areas.

B. Remove temporary equipment and facilities when no longer required, restore grounds to original, or specified conditions.

1.02 RELATED REQUIREMENTS

A. All applicable sections of the Specifications.

B. Conditions of the Contract.

1.03 TRAFFIC SIGNALS AND SIGNS

A. Provide and operate traffic control and directional signals or signs required to direct and maintain an orderly flow of traffic in all areas under CONTRACTOR's control or affected by CONTRACTOR's operations. Traffic control designs shall be a written plan and signed and sealed by a Professional Engineer in the State of Florida.

1.04 FLAGPERSON

A. Provide qualified and suitably equipped flag person when construction operations encroach on traffic lanes, as required for regulation of traffic.

1.05 FLARES AND LIGHTS

A. Provide flares and lights during periods of low visibility:

1. To clearly delineate traffic lanes and to guide traffic.

2. For use of flag person in directing traffic.

B. Provide illumination of critical traffic and parking areas.

1. Maintain free vehicular access to and through parking areas.

2. Prohibit parking on or adjacent to access roads, or in non-designated areas.

1.07 HAUL ROUTES

A. Consult with VILLAGE and governing authorities, establish public thoroughfares which will be used as haul routes and site access.

B. Confine construction traffic to designated haul routes.

C. Provide traffic control at critical areas of haul routes to expedite traffic flow, to minimize interference with normal public traffic.

PART 2 - PRODUCTS (Not Applicable)

PART 3 - EXECUTION

3.01 MEASUREMENT AND PAYMENT

A. There shall be no special measurement and payment for work under the section, it shall be included in the lump sum price bid for Maintenance of Traffic.

END OF SECTION 01570

PART 1 - GENERAL

1.01 REQUIREMENTS INCLUDED

A. Material and equipment incorporated into the work:

1. Conform to applicable specifications and standards.

2. Comply with size, make, type and quality specified, implied, or as specifically approved in writing by the VILLAGE'S Representative.

3. Manufactured and fabricated products:

a. Design, fabricate and assemble in accord with the best engineering and shop practices.

b. Manufacture like parts of duplicate units to standard sizes and gauges to be interchangeable.

c. Two or more items of the same kind shall be identical, by the same manufacturer.

d. Products shall be suitable for service conditions.

e. Equipment capacities, sizes and dimensions shown or specified shall be adhered to unless variations are specifically approved in writing.

4. Do not use material or equipment for any purpose other than that for which it is designed or is specified.

1.02 RELATED REQUIREMENTS

A. All applicable sections of the Specifications.

B. Conditions of the Contract.

1.03 MANUFACTURER'S INSTRUCTIONS

A. When Contract Documents require that installation of work shall comply with manufacturer's printed instructions, obtain and distribute copies of such instructions to parties involved in the installation, including two copies to VILLAGE'S Representative. Maintain one set of complete instructions at the job site during installation and until completion.

B. Handle, install, connect, clean, condition and adjust products in strict accordance with such instructions and in conformity with specified requirements.

1. Should job conditions or specified requirements conflict with manufacturer's instructions, consult with VILLAGE'S Representative for further instructions.

2. Do not proceed with work without clear instructions.

C. Perform work in accord with manufacturer's instructions. Do not omit any preparatory step or installation procedure unless specifically modified or exempted by Contract Documents.

1.04 TRANSPORTATION AND HANDLING

A. Arrange deliveries of products in accordance with construction schedules, coordinate to avoid conflict with work and conditions at the site. Products shall be delivered to the job site on an "as needed" basis.

1. Deliver products in undamaged condition, in manufacturers' original containers or packaging, with identifying labels intact with legible markings.

2. Immediately upon delivery, inspect shipments to assure compliance with requirements of Contract Documents and approved submittals, and that products are properly protected and undamaged.

3. Pipe and materials shall not be strung out along installation routes for longer than two (2) weeks prior to installation.

B. Provide equipment and personnel to handle products by methods to prevent soiling or damage to products or packaging.

C. Coordinate deliveries to avoid conflict with Work and conditions at site:

1. Work of other contractors, or VILLAGE.

2. Limitations of storage space.

3. Availability of equipment and personnel for handling products.

4. VILLAGE'S use of premises.

D. Deliver products in undamaged condition in original containers or packaging, with identifying labels intact and legible.

E. Partial deliveries of component parts of equipment shall be clearly marked to identify the equipment, to permit easy accumulation of parts and to facilitate assembly.

F. Immediately on delivery, inspect shipment to assure:

1. Product complies with requirements of Contract Documents and reviewed submittals.

2. Quantities are correct.

3. Containers and packages are intact, labels are legible.

4. Products are properly protected and undamaged.

G. Provide equipment and personnel necessary to handle products, including those provided by VILLAGE, by methods to prevent soiling or damage to products or packaging.

H. Provide additional protection during handling as necessary to prevent scraping, marring or otherwise damaging products or surrounding surfaces.

I. Handle products by methods to prevent bending or overstressing.

J. Lift heavy components only at designated lifting points.

J. Consider potential weather conditions as part of material transportation. CONTRACTOR shall be responsible for the planning and execution of transport. Protect materials from potentially damaging enviromanal conditions.

1.05 STORAGE

A. Store products in accord with manufacturer's instructions, with seals and labels intact and legible.

1. Store products subject to damage by the elements in weather-tight enclosures.

2. Maintain temperature and humidity within the ranges required by manufacturer's instructions.

3. Store unpacked products on shelves, in bins or in neat piles, accessible for inspection.

B. Exterior Storage

1. Provide substantial platforms, blocking or skids to support fabricating products above ground, prevent soiling or staining.

a. Cover products, subject to discoloration or deterioration from exposure to the elements, with impervious sheet coverings (or approved equal). Provide adequate ventilation to avoid condensation.

2. Store loose granular materials on solid surface such as paved areas, or provide plywood or sheet materials (or approved equal) to prevent mixing with foreign matter.

a. Provide surface drainage to prevent flow or ponding of rainwater.

b. Prevent mixing of refuse or chemically injurious materials or liquids.

1.06 MAINTENANCE OF STORAGE

A. Maintain periodic system of inspection of stored products on scheduled basis to assure that:

1. State of storage facilities is adequate to provide required conditions.

2. Required environmental conditions are maintained on continuing basis.

3. Surfaces of products exposed to elements are not adversely affected.

a. Any weathering of products, coatings and finishes is not acceptable under requirements of Contract Documents.

B. Mechanical and electrical equipment which requires servicing during long term storage shall have complete manufacturer's instructions for servicing accompanying each item, with notice of enclosed instructions shown on exterior of package.

1.07 PROTECTION AFTER INSTALLATION

A. Provide protection of installed products to prevent damage from subsequent operations. Remove when no longer needed, prior to completion of work.

B. Control traffic to prevent damage to equipment and surfaces.

C. Provide coverings to protect finished surfaces from damage.

1. Cover projections, wall corners, and jambs, sills and soffits of openings, in areas used for traffic and for passage of products in subsequent work.

2. Protect finished floors and stairs from dirt and damage.

a. In areas subject to foot traffic, secure heavy paper, sheet goods, or other materials in place.

b. For movement of heavy products, lay planking (or approved equal) in place.

c. Cover wall and floor surfaces in the vicinity of construction personnel activities and all finished surfaces used by construction personnel.

D. Waterproofed surfaces

1. Prohibit use of surfaces for traffic of any kind, and for storage of any products.

2. When some activity must take place in order to carry out the Contract, obtain recommendations of installer for protection of surface.

a. Install recommended protection; remove on completion of that activity.

b. Restrict use of adjacent unprotected areas.

E. Lawns and landscaping

1. Prohibit traffic of any kind across planted lawn and landscaped areas.

F. Arrange storage in a manner to provide easy access for inspection. Make periodic inspections of stored products to assure that products are maintained under specified conditions, and free from damage or deterioration.

1.08 SUBSTITUTIONS AND PRODUCT OPTIONS

A. Limitations on substitutions.

1. During bidding period, Instructions to Bidders govern times for submitting requests for substitutions under requirements specified in this section.

2. Substitutions will not be considered when indicated on shop drawings or product data submittals without separate formal request, when requested directly by Subcontractor or supplier, or when acceptance will require substantial revision of Contract Documents.

3. Substitute products shall not be ordered or installed without written acceptance.

4. Only one (1) request for substitution for each product will be considered. When substitution is not accepted, provide specified product.

B. Products List

1. Within 15 days after Contract Date submit to ENGINEER a complete list of major products proposed to be used, with the name of the manufacturer and the installing Subcontractor.

C. Contractors Options

1. For products specified only by reference standard, select any product meeting that standard.

2. For products specified by naming several products or manufacturers, select any one of the products or manufacturers named (or approved equal), which complies with the Specifications.

3. For products specified by naming one or more products or manufacturers and "or approved equal," CONTRACTOR must submit a request as for substitutions for any product or manufacturer not specifically named.

D. Substitutions

1. For a period of 15 days after Contract Date, ENGINEER will consider written request from CONTRACTOR for substitution of products.

2. Identify product by specification Section and Article Numbers. Provide manufacturer's name and address, trade name of product, and model of catalog number. List fabricators and suppliers as appropriate.

3. List similar projects using product, dates of installation, and names of ENGINEER and VILLAGE.

4. List availability of maintenance services and replacement materials.

5. Submit a separate request for each product, supported with complete data, with drawings and samples as appropriate, including:

a. Comparison of the qualities and performance of the proposed substitution with that specified.

b. Changes required in other elements of the work because of the substitution.

c. Effect on the construction schedule.

d. Cost data comparing the proposed substitution with the product specified.

e. Any required license fees or royalties.

f. Availability of maintenance services, and source of replacement materials.

g. Statement providing a reason for the substitution.

6. The burden of proof as to the type, function, and quality of any such substitute material or equipment shall be upon the CONTRACTOR.

7. The ENGINEER will be the sole judge as to the type, function, and quality of any such substitute material or equipment and the ENGINEER's decision shall be final.

8. The ENGINEER may require the CONTRACTOR to furnish at the CONTRACTOR's expense additional data about the proposed substitute.

9. The VILLAGE may require the CONTRACTOR to furnish at the CONTRACTOR's expense a special performance guarantee or other surety with respect to any substitute.

10. Acceptance by the ENGINEER of a substitute item proposed by the CONTRACTOR shall not relieve the CONTRACTOR of the responsibility for full compliance with the Contract Documents and for adequacy of the substitute item.

11. The CONTRACTOR shall be responsible for resultant changes and all additional costs which the accepted substitution requires in the CONTRACTOR work, the work of its Subcontractors and of other Contractors, and shall effect such changes without cost to the VILLAGE.

E. Contractors Representation:

1. A request for a substitution constitutes a representation that CONTRACTOR:

a. Has investigated the proposed product and determined that it is equal to or superior in all respects to that specified.

b. Will provide the same guarantees or bonds for the substitution as for the product specified.

c. Will coordinate the installation of an accepted substitution into the work, and make such other changes as may be required to make the work complete in all respects.

d. Waives all claims for additional costs, under CONTRACTOR’S responsibility, which may subsequently become apparent.

F. Submittal Procedures

1. Submit three (3) copies of request for substitution.

2. ENGINEER will review requests for substitutions with reasonable promptness, and notify CONTRACTOR, in writing, of the decision to accept or reject the requested substitution.

3. During the bidding period, ENGINEER will record acceptable substitutions in Addenda.

4. After award of Contract, ENGINEER will notify CONTRACTOR, in writing, of decision to accept or reject requested substitutions in Addenda.

PART 2 - PRODUCTS (Not Applicable)

PART 3 - EXECUTION (Not Applicable)

END OF SECTION 01600

PART 1 - GENERAL

1.01 REQUIREMENTS INCLUDED

A. Comply with requirements stated in Conditions of the Contract and in Specifications for administrative procedures in closing out the work.

1.02 RELATED REQUIREMENTS

A. All applicable sections of the Specifications.

B. Conditions of the Contract.

1.03 SUBSTANTIAL COMPLETION

A. When CONTRACTOR considers the work is substantially complete, CONTRACTOR shall submit to VILLAGE'S Representative:

1. A written notice that the work, or designated portion thereof is substantially complete.

2. A list of items to be completed or corrected.

B. Within a reasonable time after receipt of such notice, VILLAGE'S Representative and ENGINEER will make an inspection to determine the status of completion.

C. Should VILLAGE'S Representative determine that the work is not substantially complete:

1. VILLAGE'S Representative will promptly notify the CONTRACTOR in writing, giving the reasons therefore.

2. CONTRACTOR shall remedy the deficiencies in the work and send a second written notice of substantial completion to the VILLAGE'S Representative.

3. VILLAGE'S Representative and ENGINEER will reinspect the work.

D. When VILLAGE'S Representative and ENGINEER concur that the work is substantially complete, VILLAGE'S Representative will:

1. Prepare a Letter of Substantial Completion accompanied by CONTRACTOR's list of items to be completed or corrected, as verified and amended by the VILLAGE'S Representative.

1.04 FINAL INSPECTION

A. When CONTRACTOR considers the work is complete, CONTRACTOR shall submit written certification that:

1. Contract Documents have been reviewed.

2. Work has been inspected for compliance with Contract Documents.

3. Work has been completed in accordance with Contract Documents.

4. Equipment and systems have been tested in the presence of the VILLAGE'S Representative and are operational.

5. Work is completed and ready for final inspection.

B. VILLAGE'S Representative and ENGINEER will make an inspection to verify the status of completion with reasonable promptness after receipt of such certification.

C. Should VILLAGE'S Representative and ENGINEER consider that the work is incomplete and defective:

1. VILLAGE'S Representative will promptly notify the CONTRACTOR, in writing, listing the incomplete or defective work.

2. CONTRACTOR shall take immediate steps to remedy the stated deficiencies, and send a second written certification to VILLAGE'S Representative that the work is complete.

3. VILLAGE'S Representative and ENGINEER will reinspect the work.

B. When the VILLAGE'S Representative finds that the work is acceptable under the Contract Documents, VILLAGE'S Representative shall request the CONTRACTOR to make closeout submittals.

1.05 REINSPECTION FEES

A. Should VILLAGE'S Representative perform re-inspections due to failure of the work to comply with the claims of status of completion made by the CONTRACTOR:

1. VILLAGE'S Representative and ENGINEER will determine when the number of deficiencies represents a failure of the work to comply with the claim of status

2. VILLAGE will compensate VILLAGE'S Representative and ENGINEER for such additional services.

3. VILLAGE will deduct the amount of such compensation from the final payment to the CONTRACTOR.

1.06 CONTRACTOR'S CLOSEOUT SUBMITTALS TO VILLAGE'S REPRESENTATIVE

A. Evidence of compliance with requirements of governing authorities.

1. Certificate of Occupancy.

2. Certificates of Inspection.

a. Mechanical
b. Electrical

c. Other, as may be required.

B. Project Record Documents: To requirements of Section 01720.

C. Guarantees and Bonds: To requirements of Section 01740.

D. Evidence of Payment and Release of Liens: To requirements of General and Supplementary General Conditions.

E. Certificate of Insurance for Products and Completed Operations.

1.07 FINAL ADJUSTMENT OF ACCOUNTS

A. Submit a final statement of accounting to VILLAGE'S Representative.

B. Statement shall reflect all adjustments to the Contract Sum:

1. The original Contract Sum.

2. Additions and deductions resulting from:

a. Previous Change Orders.
b. Allowances.
c. Unit Prices.
d. Deductions for uncorrected work.
e. Penalties and Bonuses.
f. Deductions for liquidated damages.
g. Deductions for reinspection payments.
h. Other adjustments.

3. Total Contract Sum, as required.

4. Previous payments.

5. Sum remaining due.

C. VILLAGE'S Representative will prepare a final Change Order, reflecting approved adjustments to the Contract Sum, which were not previously made by Change Orders.

1.08 FINAL APPLICATION FOR PAYMENT

A. CONTRACTOR shall submit the final Application for Payment in accordance with procedures and requirements stated in the Conditions of the Contract. At minimum, final payment will be contingent upon the CONTRACTOR producing the following:

- As-Builts Record Drawings,
- Consent of Surity, and
- Release of Liens.

PART 2 - PRODUCTS (Not Applicable)

PART 3 - EXECUTION (Not Applicable)
END OF SECTION 01700

PART 1 - GENERAL

1.01 REQUIREMENTS INCLUDED

A. Execute cleaning, during progress of the Work, and at completion of the Work, as required by the General Conditions.

1.02 RELATED REQUIREMENTS

A. All applicable sections of the Specifications.

B. Conditions of the Contract.

1.03 DISPOSAL REQUIREMENTS

A. Conduct cleaning and disposal operations to comply with codes, ordinances, regulations, and anti-pollution laws.

PART 2 - PRODUCTS

2.01 MATERIALS

A. Use only those cleaning materials which will not create hazards to health or property, and which will not damage surfaces.

B. Use only those cleaning materials and methods recommended by cleaning material manufacturer.

PART 3 - EXECUTION

3.01 DURING CONSTRUCTION

A. Execute periodic cleaning to keep the work, the site and adjacent properties free from accumulation of waste material, rubbish and windblown debris, resulting from Construction Work.

B. Provide on-site containers for the collection of waste materials, debris and rubbish.

C. Remove waste materials, debris and rubbish from the site periodically and dispose of at legal disposal areas away from the site.

C. The VILLAGE'S Representative reserves the right to direct the CONTRACTOR to remove waste materials and clean

D. Mechanical Sweeping: CONTRACTOR shall maintain on site a mechanical sweeping device for removing debris from existing, temporary and permanent pavement.

3.02 DUST CONTROL

A. Perform operations so that dust and other contaminants resulting from Construction Work operations will not cause any damages or maintenance problems to adjacent properties.

B. Schedule operations so that dust and other contaminants resulting from cleaning process will not fall on wet or newly coated surfaces.

3.03 FINAL CLEANING

A. Employ skilled workmen for final cleaning.

B. Remove grease, mastic, adhesives, dust, dirt, stains, fingerprints, labels, and other foreign materials from sight-exposed interior and exterior surfaces.

C. Polish glossy surfaces to a clear shine.

D. Broom clean exterior paved surfaces; rake clean other surfaces of the grounds.

E. Prior to final completion, or VILLAGE occupancy, CONTRACTOR shall conduct an inspection of sight-exposed interior and exterior surfaces, and all work areas, to verify the entire work is clean.

F. All storage and staging areas shall be cleaned and returned to prior conditions or better as per requirements of this section.

3.04 MEASUREMENT AND PAYMENT

A. There shall be no special measurement or payment for the work under this section; it shall be included in the price of all other work.

END OF SECTION 01710

PART 1 - GENERAL

1.01 REQUIREMENTS INCLUDED

A. Maintain at the site of the VILLAGE a record copy of:

1. Drawings (Auto CAD 2021 or approved equal)

2. Specifications

3. Addenda

4. Change Orders and other modifications to the Contract.

5. Approved Shop Drawings, Product Data and Samples.

6. Field Test Records.

1.02 RELATED REQUIREMENTS

A. All applicable sections of the Specifications.

B. Conditions of the Contract.

1.03 MAINTENANCE OF DOCUMENTS AND SAMPLES

A. Store documents and samples in CONTRACTOR's office apart from documents used for construction.

B. File documents and samples in accordance with CSI format.

C. Maintain documents in a clean, dry, legible condition and in good order. Do not use record documents for construction purposes.

D. Make documents and samples available at all times for inspection by VILLAGE'S Representative.

1.04 MARKING DEVICES

A. Provide felt tip-marking pens for recording information in the color code designated by VILLAGE'S Representative.

1.05 RECORDING

Definition: The Project Record is the updated and revised plans and specifications, including a running account of all known revisions and changes made to the original plans and specifications, complete with copies of any field sketches and clarifications, issued over the course of construction. The Project Record is the responsibility of the CONTRACTOR.

A. CONTRACTOR shall label each document, "PROJECT RECORD" in neat large-printed letters, or by rubber stamp.

B. Record information concurrently with construction progress. Do not conceal any work until required information is recorded.

C. Drawings: Legibly mark to record actual construction: (in Auto CAD 2021 format or approved equal)

1. Horizontal and vertical locations of underground utilities and appurtenances, referenced to permanent surface improvements.

2. Location of internal utilities and appurtenances concealed in the construction, referenced to visible and accessible features of the structure.

3. Field changes of dimension and detail.

4. Changes made by Field Order or by Change Order.

5. Details not on original Contract Drawings.

6. The Record Drawing set shall show benchmark positions and their vertical values. Benchmarks are optional for Plan Views, but required for Profile Views.

D. Specifications and Addenda; Legibly mark each Section to record:

1. Manufacturer, trade name, catalog number, and supplier of each produce and item of equipment actually installed.

2. Changes made by field order or by Change Order.

1.06 AS-BUILT PLANS (RECORD DRAWINGS)

A. The CONTRACTOR shall maintain a full size (22"X34") field drawings and electronically in Auto CAD 2021 format (or approved equal) to reflect the "as-built" items of work as the work progresses. Upon completion of the work, the CONTRACTOR shall prepare a record set of "as-built" drawings on full-size, reproducible material. One set of full-size design drawings on reproducible material will be furnished to the CONTRACTOR by the design ENGINEER at the current square foot price. No separate payment will be made for those "as-built" drawings.

B. The cost of maintaining record changes, and preparation of the Record Drawings shall be included in the unit prices bid for the affected items. Upon completion of the work, the CONTRACTOR shall furnish the ENGINEER the reproducible "as-built" Drawings. The completed Record drawings shall be delivered to the ENGINEER at least 48 hours prior to final inspection of the work. The Final Inspection will not be conducted unless the Record Drawings are in the possession of the ENGINEER.

C. The completed (or final) record drawings shall be certified by a Professional Land Surveyor registered in the State of Florida. This certification shall consist of the surveyor's embossed seal bearing registration number, the surveyor's signature, and date on each sheet of the drawing set. In addition, the key sheet, cover sheet or first sheet of the plans set shall list the business address and telephone number of the surveyor.

D. Representative items of work that should be shown on the record drawings as verified, changed or added are shown below:

1. Plans:

   a. Structure types, location with grade of rim and flow-line elevations.
   b. Sewer type, length, size and elevations.
   c. Utility type, length, size and elevation in conflict structures.
   d. All manholes, valves, fittings and hydrants within right-of-way.
   e. Spot (critical) elevations at plateaued intersections.
   f. Sewer laterals shall be stationed between manholes.
   g. In state plane coordinates Northing, Easting and Elevation of items.

2. Pavement Marking and Signing Plans: Sign location where installed if different from plans.

3. Sanitary Sewer, Water Main, and/or Drainage Plans: Location (horizontal and vertical) of all pipe lines, structures, fittings, valves and appurtenances.

4. All deviations from condition shown in the Construction Documents including Change Orders, Field Orders and other varying conditions.

5. Every utility (gas, telephone, power, water, force main, etc.) encountered and/or crossing drainage, water or sanitary sewer facilities (whether it is a conflict or has sufficient clearances) shall be located, both horizontally and vertically. The clearance between the facilities horizontal and vertical shall be noted. For instance, if a 2-inch gas main crosses over the top of a 6-inch potable water main, the bottom elevation of the gas main shall be noted and the top of the water main shall be noted. The difference between the two facilities will be the clearance between the two facilities. Parallel mains shall note the clearance between the outside of the mains. It shall be the CONTRACTOR's responsibility to note these crossings on a daily basis and insure that this information is reflected on the Record Drawing plan set. Crossings will not require state plane coordinates.

6. Pipelines that are "dead" or have been abandoned shall be located during construction and shall be annotated Record Drawing Plans.

7. As-built survey drawings shall meet applicable minimum technical standards for land surveys as outlined in Section 61G17 of the Florida Administrative Code.

   NOTE: For technical information on AutoCAD and GIS, please refer to the MINIMUM STANDARDS.

8. DIGITAL COPY (THE “DIGITAL DATA”) OF HARD COPY INFORMATION SIGNED, SEALED “ORIGINAL INFORMATION”. Such data is provided for convenience only and the recipient accepts full responsibility for verifying the accuracy and completeness of the data. The CONTRACTOR at their own cost, shall be responsible for validating any and all digital information provided. The original hard copy data, which has been sealed and signed, shall constitute the official documents of record for working purposes. In the event of inconsistencies between the electronic data and the original hard copy data, the hard copy data (paper, mylar or vellum documents which bear the company or engineer of record's signature and seal shall dictate. Digital data provided for record drawings are for record drawings preparation purposed only. CONTRACTOR is not to use digital data for layout or construction working purposes.

E. The CONTRACTOR shall submit one set of progress record drawings with each application for payment. This drainage shall accurately depict the work completed and for which payment is being requested.

1.07 SUBMITTAL

A. At Contract closeout, deliver Record Documents including electronic file drawing in Auto CAD 2021 format (or approved equal) to VILLAGE'S Representative, or presentation to the VILLAGE.

B. A complete set of "As-Built" Drawings shall be prepared in electronic (Auto CAD 2021 or approved equal) and hardcopy formats and delivered to the VILLAGE'S Representative for the VILLAGE. Work shall be performed by a registered land surveyor and shall include, but not be limited to the following:

1. Valve boxes, splice boxes, pull boxes, all underground utilities-waterlines, electrical runs, irrigation system, storm drainage pipe and structures, finished necessary grades, benches, curbs, fences walls signs, light fixtures and other items as necessary.

C. Accompany submittal with transmittal letter in duplicate, containing:

1. Date.

2. Project title and number.

3. CONTRACTOR's name and address.

4. Title and number of each Record Document.

5. Signature of CONTRACTOR or CONTRACTOR'S authorized representative.

1.08 "RED LINE" AS-BUILT INFORMATION

A. Submit with each progress payment application "red-line" "As-Built" Drawings current to the date of the submittal date with verification by the VILLAGE'S Representative.

PART 2 - PRODUCTS (Not Applicable)

PART 3 - EXECUTION

3.01 MEASUREMENT AND PAYMENT

A. There shall be no special measurement or payment for the work under this section, it shall be included in the price of all other work.

END OF SECTION 01720

PART 1 - GENERAL

1.01 REQUIREMENTS INCLUDED

A. Compile specified guarantees and bonds.

B. Compile specified services and maintenance contracts.

C. Co-execute submittals when so specified.

D. Review submittals to verify compliance with Contract Documents.

E. Submit to VILLAGE'S Representative for review and transmittal to VILLAGE.

1.02 RELATED REQUIREMENTS

A. All applicable sections of the Specifications.

B. Conditions of the Contract.

1.03 SUBMITTAL REQUIREMENTS

A. Assemble guarantees, bonds and service and maintenance contracts, executed by each of the respective manufacturers, suppliers, and Subcontractors.

B. Number of original signed copies required: Three each.

C. Table of Contents: Neatly typed, in orderly sequence. Provide complete information for each item.

1. Product or work item.

2. Firm, with name of principal, address, and telephone number.

3. Scope.

4. Date of beginning warranty, bond or service and maintenance contract.

5. Duration of warranty, bond or service maintenance contract.

6. Provide information for VILLAGE'S personnel:

a. Proper procedure in case of failure.
b. Instances, which might affect the validity of warranty or bond.

7. CONTRACTOR, name of responsible principal, address, and telephone number.

1.04 FORM OF SUBMITTALS

A. Prepare in triplicate packets.

B. Format:

1. Size 8-1/2 in. x 11 in., punch sheets for standard 3-ring binder. Fold larger sheets to fit into binders.

2. Cover: Identify each packet with typed or printed title "GUARANTEES AND BONDS". List:

   a. Title of Project.
   b. Name of CONTRACTOR.

C. Binders: Commercial quality, three-ring, with durable and cleanable plastic covers.

1.05 TIME OF SUBMITTALS

A. Make submittals within ten days after Date of Substantial Completion, prior to final request for payment.

B. For items of work, where acceptance is delayed materially beyond Date of Substantial Completion, provide updated submittal within ten days after acceptance, listing date of acceptance as start of guarantee period.

1.06 SUBMITTALS REQUIRED

A. Submit guarantees, bonds, and service and maintenance contracts for periods other than one year as specified in respective specific sections of the Specifications, (if applicable).

B. The General CONTRACTOR shall submit on the entire Project the one-year guarantee as per AIA, Document A-201 General Conditions, (except for certain portions of the work, where longer periods of time are specified in the specific applicable sections of the Specifications).

PART 2 - PRODUCTS (Not Applicable)

PART 3 - EXECUTION (Not Applicable)

3.01 MEASUREMENT AND PAYMENT

A. There shall be no special measurement or payment for the work under this section; it shall be included in the price of all other work.

END OF SECTION 01740

SECTION 02010
SUBSURFACE INVESTIGATION

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

A. All applicable provisions of the bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this section.

1.02 WORK INCLUDED

A. Provide all labor, materials, necessary equipment and services to complete the subsurface investigation work, as indicated on the drawings, as specified herein or both, except as for items specifically indicated as Not In Contract "NIC ITEMS".

B. The subsurface investigation for conditions of the project site is the sole responsibility of the CONTRACTOR. In preparing the Bid, the CONTRACTOR shall make all subsurface or surface investigations necessary to provide proper background and knowledge to determine the nature and extent of work required.

C. VILLAGE or VILLAGE'S Representative provides no subsurface information, and makes no warranties or guarantees concerning the nature of materials to be encountered on the site.

1.03 RELATED WORK

A. Section 02110 - Clearing.

B. Section 02200 - Earthwork.

C. Section 02400 - Storm Drainage Facilities.

D. All applicable sections under Divisions 1, 2, 3, and 4.

PART 2 - PRODUCTS (Not Applicable)

PART 3 - EXECUTION

3.01 MEASUREMENT AND PAYMENT

A. There shall be no special measurement or payment for the work under this section; it shall be included in the price of all other work.

END OF SECTION 02010

SECTION 02050
DEMOLITION

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

A. All applicable provisions of the Bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this section.

1.02 WORK INCLUDED

A. Provide all labor, materials, necessary equipment and services to complete the site demolition work, as indicated on the drawings, as specified herein or both, except as for items specifically indicated as "NIC ITEMS".

1.03 RELATED WORK

A. Section 02200 - Earthwork.

B. All applicable Sections under Divisions 1, 2, 3, and 4.

1.04 QUALITY ASSURANCE

A. CONTRACTOR Qualifications: Minimum of five years experience in demolition of comparable nature.

B. Requirements of All Applicable Regulatory Agencies:

1. All applicable Building Codes and other Public Agencies having jurisdiction upon the work.

1.05 SUBMITTALS

A. Permits and notices authorizing building demolition.

B. Certificates of severance of utility services.

C. Permit for transport and disposal of debris.

D. Demolition procedures and operational sequence for review and acceptance by ENGINEER.

1.06 JOB CONDITIONS

A. Existing Conditions

1. The demolition work shall be done as indicated on the construction plans.

2. Remove all demolition debris from the site the same day the work is performed. Leave no deposits of demolished material on site overnight.

3. Structural demolition, excavation, backfill and compaction as indicated in drawings.

B. Protection:

1. Erect barriers, fences, guardrails, enclosures, and shoring to protect personnel, structures, and utilities remaining intact.
2. Protect designated trees and plants from damages.
3. Use all means necessary to protect existing objects and vegetation designated to remain, and, in the event of damage, immediately make all repairs, replacements and dressings to damaged plants necessary to the approval of the ENGINEER at no additional cost to the VILLAGE.

C. Maintaining Traffic:

1. Ensure minimum interference with roads, streets, driveways, sidewalks, and adjacent facilities.

2. Do not close or obstruct streets and sidewalks without written approval from the ENGINEER.

3. If required by governing authorities, provide alternate routes around closed or obstructed traffic ways.

D. Dust Control:

1. Use all means necessary for preventing dust from demolition operations from being a nuisance to adjacent property VILLAGE'S. Methods used for dust control are subject to approval by the ENGINEER prior to use.

E. Burning:

1. On-site burning will not be permitted.

1.07 GENERAL ITEMS

A. Scope of work shall comprise the following: Provide all labor, materials, necessary equipment and services to complete the demolition and clearing work, as indicated on the contract plans, and as specified herein.

B. The CONTRACTOR shall provide references to the VILLAGE to demonstrate a minimum of five years experience in demolition of a comparable nature. Current occupational licenses held by CONTRACTOR shall be submitted to VILLAGE.

C. The CONTRACTOR shall be responsible for adherence to all applicable codes of all regulatory agencies having jurisdiction upon the works.

1.08 PRE-DEMOLITION MEETING

A. A meeting shall be held with the VILLAGE or VILLAGE'S representative at the jobsite to describe intended demolition and cleaning procedures and schedules. This shall include identifying access routes for bringing necessary equipment in, removing debris from site, and designation of any trees, drives or other items to remain.

1.09 EXISTING CONDITIONS

A. The CONTRACTOR shall become thoroughly familiar with the site, and of existing utilities and their connections, and note all conditions, which may influence the work.

B. By submitting a bid, the CONTRACTOR affirms that CONTRACTOR has carefully examined the site and all conditions affecting work. No claim for additional costs will be allowed because of lack of full knowledge of existing conditions.

C. The nature of the work proposed does not include the removal of hazardous material. The VILLAGE shall be responsible for coordinating the removal of all hazardous materials such as asbestos, chemicals, etc., from the site prior to CONTRACTOR mobilizing on site. The VILLAGE shall be notified immediately should the CONTRACTOR discover any further hazardous materials during demolition.

PART 2 - PRODUCTS (Not Applicable)

PART 3 - EXECUTION

3.01 INSPECTION

A. Contractor shall verify that structures to be demolished are discontinued in use and ready for removal.

B. Contractor shall not commence work until all conditions and requirements of all applicable public agencies are complied with.

3.02 PREPARATION

A. Arrange for, and verify termination of utility services to include removing meters and capping lines.

B. Notification: Notify the VILLAGE at least three full working days prior to commencing the work of this Section.

3.03 CLARIFICATION

A. The drawings do not purport to show all objects existing on the site.

B. Before commencing the work of this Section, verify with the VILLAGE all objects to be removed and all objects to be preserved.

3.04 SCHEDULING

A. Schedule all work in a careful manner with all necessary consideration for the public and the VILLAGE.

B. Avoid interference with the use of, and passage to and from, adjacent facilities.

3.05 DISCONNECTION OF UTILITIES

A. Before starting site operations, disconnect or arrange for the disconnection of all affected utility service.

1. Arrange and pay for disconnecting, removing, capping, and plugging utility services. Disconnect and stub off. Notify affected utility company in advance and obtain approval before starting this work.

2. Do not interrupt existing utilities serving occupied or used facilities, except when authorized in writing by authorities having jurisdiction.

3. Place markers to indicate location of disconnected services.

4. On-site drainage structures and drain fields shall be removed in their entirety by methods approved by the VILLAGE'S representative.

3.06 PROTECTION OF EXISTING STRUCTURES AND UTILITIES

A. Utility Services: Maintain existing offsite utilities, keep in service, and protect against damage during demolition operations.

B. Prevent movement or settlement of adjacent structures. Provide and place bracing or shoring and be responsible for safety and support of structures. Assume liability for such movement, settlement, damage, or injury.

C. Cease operations and notify VILLAGE immediately if safety of adjacent structures appears to be endangered. Take precautions to properly support structures. Do not resume operations until safety is restored.

D. Prevent movement, settlement, damage, or collapse of adjacent services, sidewalks, driveways and trees. Assume liability for such movement, settlement, or collapse. Promptly repair damage at no cost to the VILLAGE.

E. Ensure safe passage of persons around areas of demolition.

3.07 MAINTAINING TRAFFIC

A. Do not interfere with use of adjacent buildings and facilities. Maintain free and safe passage to and from. Conduct demolition operations and removal of debris to ensure minimum interference with roads, streets, walks, and other adjacent occupied or used facilities. Do not close or obstruct streets, walks, or other occupied or used facilities without permission from authorities having jurisdiction. Provide alternate routes around closed or obstructed travel ways if required by governing authorities.

3.08 POLLUTION CONTROLS

A. Use water sprinkling, temporary enclosures, and other suitable methods to limit dust and dirt rising and scattering in air to lowest practical level. Comply with governing regulations pertaining to environmental protection.

B. Clean adjacent structures and improvements of dust, dirt, and debris caused by demolition operations as directed by the VILLAGE or their representative or governing authorities. Return adjacent areas to condition existing prior to start of work.

3.09 INSPECTION AND PREPARATION

A. Verify that structures to be demolished are discontinued in use and ready for removal.

B. Do not commence work until all conditions and requirements of all applicable public agencies are complied with.

C. Arrange for, and verify termination of utility services to include removing meters and capping lines.

D. The drawings do not purport to show all objects existing on the site; at the pre-demolition meeting before commencement of the work, verify with the VILLAGE all objects to be removed and all objects to be preserved.

3.10 DEMOLITION

A. Pull out any existing utility lines designated for abandonment, irrigation, electrical lines, pull boxes and splice boxes, MAS'S and catch basins to be removed and all other objects designated to be removed or interfering with the work. Contact the utility company or agency involved for their requirements for performing this work. All removed equipment and materials shall be removed from the work area the same day as removed.

B. Remove all debris from the site and leave the site in a neat, orderly condition to the full acceptance of the ENGINEER, or the VILLAGE. No debris shall be left on the site overnight.

C. Clear and Grub and dispose of all trees, shrubs and other organic matter not otherwise addressed on tree removal and relocation plans and specifications.

3.11 DEMOLITION OF SITE STRUCTURES

A. Demolish all site structure items designated to be removed or which are required to be removed to perform the work. This item does not include buildings.

3.12 REMOVAL OF DEBRIS AND DISPOSAL OF MATERIAL

A. Material resulting from demolition and not scheduled for salvaging shall become the property of the CONTRACTOR and shall be removed from site and legally disposed of off-site. Disposal shall be timely, performed as promptly as possible and not left until the final cleanup. Material shall not be left on the job site for more than 60 days.

B. Remove from site contaminated, vermin infested, or dangerous materials encountered and disposed of by safe means so as not to endanger health of workers and public.

C. Burning of removed materials from demolished structures will not be permitted on-site.

3.13 COMPLETION OF WORK

A. Leave the site in a neat, orderly condition to the full acceptance of the VILLAGE.

B. Dirt remaining after demolition shall be graded level and compacted, in preparation for filling operations to follow demolition. Trenches shall be filled in layers of 12" maximum thickness and compacted in accordance with the technical specifications applicable to backfilling of trenches.

3.14 MEASUREMENT AND PAYMENT

A. There shall be no special measurement or payment for the work under this section, it shall be included in the lump sum price bid for items associated with the demolition.

END OF SECTION 02050

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

A. All applicable provisions of the Bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this Section.

1.02 WORK INCLUDED

A. Provide all labor, materials, necessary equipment and services to complete the clearing work, as indicated on the drawings, as specified herein or both, except as for items specifically indicated as "NIC ITEMS".

B. Under this section, the CONTRACTOR shall do all clearing, grubbing, root-raking, and necessary clean-up operations in connection with the construction of the work and its related site work.

C. The work shall consist of the removal and disposal of trees, stumps, roots, limbs, brush, fences, asphalt, etc. from all project areas as designated on the drawings as specified herein, and as directed by the ENGINEER on the site.

D. The CONTRACTOR shall remove all refuse, asphalt pavement, concrete pavement, glass, metal, stone, plaster, lumber, paper materials, and any and all trash found in clearing and adjacent areas as directed by the ENGINEER.

E. The CONTRACTOR shall furnish all services, labor, transportation, materials, and equipment necessary for the performance of these operations. All clearing and cleanup operations shall be accomplished to the complete satisfaction of the ENGINEER.

F. The CONTRACTOR shall strip all existing topsoil and stockpile it on-site in locations approved by the VILLAGE'S Representative. All topsoil material shall be stockpiled within a haul distance of 3,000 feet.

1.03 RELATED WORK

A. Section 02010 - Subsurface Investigation

B. Section 02200 - Earthwork.

PART 2 - PRODUCTS (Not Applicable)

PART 3 - EXECUTION

3.01 TREE REMOVAL AND TREE PRESERVATION

A. No trees shall be removed if located outside of the right-of-way and dedicated easement.

B. Within the rights-of-way and easements, no trees with a trunk diameter of 3" or greater at 4-1/2" above grade shall be removed without the approval of the ENGINEER with the exception of

Australian Pines, Meleleuca or Florida Holly. Trees shall be evaluated on an individual basis in accordance with following:

a. Type and size of tree.
b. Proximity to proposed and/or existing utility lines and/or exfiltration trench.
c. Change in adjacent grades for swale excavation.
d. Proximity to proposed sidewalk.
e. Proximity to proposed edge of roadway.
f. Living condition of the tree.

C. If trees are determined to remain, root barrier shall be installed in accordance with the root barrier detail as shown on the Plans.

D. Do not remove trees marked to remain.

3.02 MEASUREMENT AND PAYMENT

A. Measurement and payment for this item will be made per square yard and will include grading of swales per Section 02210.

END OF SECTION 02110

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

A. All applicable provisions of the Bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this Section.

1.02 WORK INCLUDED

A. Provide all labor, materials, necessary equipment and services to complete the dewatering work, as indicated on the drawings, as specified herein or both, except as for items specifically indicated as "NIC ITEMS".

1.03 RELATED WORK

A. Section 02200 - Earthwork

B. Section 02400 - Storm Drainage Facilities

C. Section 02401 - Exfiltration Trench Drains

D. Section 02221 - Excavation and Backfilling for Utilities

E. Section 02601 - Subterranean Structures

F. Section 02610 - Piping, General Section

PART 2 - PRODUCTS

2.01 EQUIPMENT

A. Dewatering, where required, may include the use of temporary reservoirs and diking, well points, sump pumps, temporary pipelines for water disposal, rock or gravel placement, and other means. Standby pumping equipment must be maintained on the job site and operate within any local noise ordinance limits. At a minimum All safety requirements, fencing, etc. shall be installed and maintained by the CONTRACTOR.

B. Sound attenuated pumps as manufactured by Thompson Pumps with "Silent Knight" canopy, or approved equal shall be used for all dewatering activities that require a pumping system. CONTRACTOR shall demonstrate, measure and record the dBA levels at the time of initial set-up. The CONTRACTOR shall record the dB levels weekly. In no event should the sound exceed 85 dBA at a distance of 50 feet.

PART 3 - EXECUTION

3.01 GENERAL REQUIREMENTS

A. The CONTRACTOR shall provide all equipment necessary for dewatering. It shall have on hand, at all times, sufficient pumping equipment and machinery in good working condition and shall have available, at all times, competent workmen for the operation of the pumping equipment. Adequate

standby equipment shall be kept available at all times to insure efficient dewatering and maintenance of dewatering operation during power failure.

B. Dewatering for structures and pipelines shall commence when groundwater is first encountered, and shall be continuous until such times as water can be allowed to rise in accordance with the provisions of this Section or other requirements.

C. At all times, site grading shall promote drainage. Surface runoff shall be diverted from excavations, water entering the excavation from surface runoff shall be collected in shallow ditches around the perimeter of the excavation, drained to sumps, and be pumped or drained by gravity from the excavation to maintain a bottom free from standing water.

D. Dewatering shall at all times be conducted in such a manner as to preserve the undisturbed bearing capacity of the subgrade soils at proposed bottom of excavation.

E. If foundation soils are disturbed or loosened by the upward seepage of water or an uncontrolled flow of water, the affected areas shall be excavated and replaced with pea rock at no additional cost to the VILLAGE.

F. The CONTRACTOR shall maintain the water level below the bottom of excavation in all work areas where groundwater occurs during excavation construction, backfilling, and up to acceptance.

G. The CONTRACTOR shall prevent flotation by maintaining a positive and continuous removal of water. The CONTRACTOR shall be fully responsible and liable for all damages which may result from failure to adequately keep excavations dewatered.

H. If well points or wells are used, they shall be adequately spaced to provide the necessary dewatering and shall be sand-packed and/or other means used to prevent pumping of fine sands or silts from the subsurface. A continual check by the CONTRACTOR shall be maintained to ensure that the subsurface soil is not being removed by the dewatering operation.

I. The CONTRACTOR is responsible for pot holing the sewer service laterals before well pointing. The VILLAGE will mark the general location; however CONTRACTOR must visually verify the location.

J. The CONTRACTOR shall dispose of water from the WORK in a suitable manner without damage to adjacent property. CONTRACTOR shall be responsible for obtaining any permits that may be necessary to dispose of water. No water shall be drained into work built or under construction without prior consent of the ENGINEER. Water shall be filtered using a silt box or another approved method to remove sand and fine-sized soil particles before disposal into any drainage system. The ENGINEER prior to being used shall approve dewatering disposal points. Storm drains used by the CONTRACTOR for dewatering shall be cleaned by a jet vac, or other method approved by the ENGINEER after dewatering is complete.

K. The release of groundwater to its static level shall be performed in such a manner as to maintain the undisturbed state of the natural foundation soils, prevent disturbance of compacted backfill and prevent flotation or movement of structures, pipelines, and sewers.

L. Dewatering of trenches and other excavations shall be considered, as incidental to the construction of the WORK and all costs thereof shall be included in the various contract prices in the Bid Forms, unless a separate bid item has been established for dewatering.

M. The CONTRACTOR shall submit a dewatering plan to the ENGINEER for review. The CONTRACTOR is advised that the County Department of Environmental Protection and/or SFWMD may require that a dewatering plan, prepared by a State of Florida licensed Professional Engineer or Registered Professional Geologist. The CONTRACTOR will be responsible for obtaining any necessary dewatering permit including but not limited to VILLAGE, Palm Beach County and SFWMD.

N. The CONTRACTOR is advised to identify contaminated sites within 1/4-mile radius of the project site. The CONTRACTOR may be required to provide testing and monitoring of the dewatering operations, and to institute dewatering methods and controls, as required.

3.02 QUALITY CONTROL

A. It shall be the sole responsibility of the CONTRACTOR to control the rate and effect of the dewatering in such a manner as to avoid all objectionable settlement and subsidence.

B. All dewatering operations shall be adequate to assure the integrity of the finished project and shall be the responsibility of the CONTRACTOR.

C. Where critical structures or facilities exist immediately adjacent to areas of proposed dewatering, reference points shall be established and observed at frequent intervals to detect any settlement, which may develop. The responsibility for conducting the dewatering operation in a manner, which will protect adjacent structures and facilities, rests solely with the CONTRACTOR. The cost of repairing any damage to adjacent structures and restoration of facilities shall be the responsibility of the CONTRACTOR.

3.03 CONTRACTOR SUBMITTALS

Prior to commencement of excavation, the CONTRACTOR shall submit a detailed plan, monitoring plan and operation schedule for dewatering of excavations. The CONTRACTOR may be required to demonstrate the system proposed and to verify that adequate equipment, personnel, and materials are provided to dewater the excavations at all locations and times. The CONTRACTOR's dewatering plan is subject to review by the ENGINEER and regulatory agencies.

3.04 MEASUREMENT AND PAYMENT

A. There shall be no special measurement or payment for the work under this section. It shall be included in the appropriate unit price bid.

END OF SECTION 02140

SECTION 02200
EARTHWORK

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

A. All applicable provisions of the Bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this Section.

1.02 WORK INCLUDED

A. Provide all labor, materials, necessary equipment and services to complete the Earthwork, as indicated on the drawings, as specified herein or both, except as for items specifically indicated as "NIC ITEMS".

B. Including but not necessarily limited to the following:

1. Excavation, including demucking

2. Backfilling

3. Filling

4. Grading, general site and building pads

5. Compaction

C. There shall be no classification of excavation for measurement of payment regardless of materials encountered.

D. The work of this Section includes all earthwork required for construction of the WORK. Such earthwork shall include, but not be limited to, the loosening, removing, loading, transporting, depositing, and compacting in its final location of all materials wet and dry, as required for the purposes of completing the work specified in the Contract Documents, which shall include, but not be limited to, the furnishing, placing, and removing of sheeting and bracing necessary to safely support the sides of all excavation; all pumping, ditching, draining, and other required measures for the removal or exclusion of water from the excavation; the supporting of structures above and below the ground; all backfilling around structures and all backfilling of trenches and pits; the disposal of excess excavated materials; borrow of materials to makeup deficiencies for fills; and all other incidental earthwork, all in accordance with the requirement of the Contract Documents.

1.03 RELATED WORK

A. Section 02050 - Demolition.

B. Section 02210 - Site Grading.

C. All applicable sections of Division 1, 2, 3, and 4.

1.04 REFERENCE SPECIFICATIONS, CODES, AND STANDARDS

A. Codes: All codes, as referenced herein, are specified in Section 01090, "Reference Standards".

B. Commercial Standards:

ASTM D 422	Method for Particle-Size Analysis of Soils.
ASTM D 698	Test Methods for Moisture-Density Relations of Soils and Soil-Aggregate Mixtures, Using 5.5-lb (2.49-kg) Rammer and 12-in (304.8-mm) Drop.
ASTM D 1556	Test Method for Density of Soil in Place by the Sand Cone Method.
ASTM D 1557	Test Methods for Moisture-Density Relations of Soils and Soil-Aggregate Mixtures Using 10-lb (4.54-kg) Rammer and 18-in (457-mm) Drop.
ASTM D 1633	Test Method for Compressive Strength of Molded Soil-Cement Cylinders.
ASTM D 2419	Test Method for Sand Equivalent Value of Soils and Fine Aggregate.
ASTM D 2487	Classification of Soils for Engineering Purposes.
ASTM D 2901	Test Method for Cement Content of Freshly-Mixed Soil-Cement.
ASTM D 2922	Test Methods for Density of Soil and Soil-Aggregate in Place by Nuclear Methods (Shallow Depth).
ASTM D 4253	Test Methods for Maximum Index Density of Soils Using a Vibratory Table.
ASTM D 4254	Test Methods for Minimum Index Density of Soils and Calculation of Relative Density.

1.05 SUBSOIL INFORMATION

A. There are no representations of any type made as to subsurface conditions. The CONTRACTOR is to review the limits of soil boring reports if provided.

1.06 SITE INSPECTION

A. CONTRACTOR shall visit the site and acquaint with all existing conditions. CONTRACTOR shall investigate the site and subsurface conditions with no cost to the VILLAGE if CONTRACTOR chooses to. Such subsurface investigations shall be performed only under time schedules and arrangements approved in advance by the VILLAGE'S Representative and ENGINEER.

1.07 TOPOGRAPHIC INFORMATION

A. The existing grades shown on the drawings are approximate only and no representation is made as to their accuracy or consistency. The CONTRACTOR shall verify all existing grades to the extent necessary to ensure completion of the job to the proposed grades indicated on the drawings.

1.08 DISPOSAL OF SURPLUS OR UNSUITABLE MATERIAL

A. Unsuitable material encountered during the course of construction shall be removed from the construction site at the expense of the CONTRACTOR. Unsuitable material shall not be stockpiled. All suitable material shall be stockpiled on-site at areas designated by the ENGINEER.

1.09 BENCH MARKS AND MONUMENTS

A. CONTRACTOR shall employ a registered surveyor to lay out lines and grades as indicated. A surveyor registered in the State of Florida shall establish benchmarks. Benchmarks shall be permanent and easily accessible and maintained and replaced if disturbed or destroyed. All benchmarks shall be NAVD.

1.10 UTILITIES

A. Before starting site operations, disconnect or arrange for the disconnection of all utility services designated to be removed in accordance with Section 02050 "Demolition".

B. Locate all existing active utility lines traversing the site and determine the requirements for their protection. Preserve in operating condition all active utilities adjacent to or traversing the site and/or designated to remain.

C. Observe rules and regulations governing respective utilities in working under requirements of this section. Adequately protect utilities from damage, remove or replace as indicated, specified or required. Remove, plug or cap inactive or abandoned utilities encountered in excavation. Record the location of all utilities.

1.11 QUALITY ASSURANCE

A. A SOILS ENGINEER may be retained by the VILLAGE to observe performance of work in connection with excavating, filling, grading, and compaction. The CONTRACTOR shall re-adjust all work performed that does not meet technical or design requirements but make no deviations from the Contract documents without specific and written acceptance of the ENGINEER.

B. Where soil material is required to be compacted to a percentage of maximum density, the maximum density at optimum moisture content will be determined in accordance with ASTM D 1557. Where cohesionless, free draining soil material is required to be compacted to a percentage of relative density, the calculation of relative density will be determined in accordance with ASTM D 4253 and D 4254. Field density in-place tests will be performed in accordance with ASTM D 1556, ASTM D 2922, or by such other means acceptable to the ENGINEER.

C. In case the tests of the fill or backfill show non-compliance with the required density, the CONTRACTOR shall accomplish such remedy as may be required to ensure compliance. Subsequent testing to show compliance shall be by a testing laboratory selected by the VILLAGE and shall be at the CONTRACTOR's expense.

D. Particle size analysis of soils and aggregates will be performed using ASTM D 422.

E. Determination of sand equivalent value will be performed using ASTM D 2419.

F. Unified Soil Classification System: References in these specifications to soil classification types and standards are set forth in ASTM D 2487. The CONTRACTOR shall be bound by all applicable provisions of said ASTM D 2487 in the interpretation of soil classifications.

G. Requirements of all applicable building codes and other public agencies having jurisdiction upon the work.

PART 2 - PRODUCTS

2.01 SUITABLE FILL AND BACKFILL MATERIAL REQUIREMENTS

A. General: Fill, backfill, and embankment materials shall be suitable selected or processed clean, fine earth, rock, or sand, free from grass, roots, brush, or other vegetation.

B. Fill and backfill materials to be placed within 6 inches of any structure or pipe shall be free of rocks or unbroken masses of earth materials having a maximum dimension larger than 3 inches.

C. Suitable Materials: Soils not classified as unsuitable as defined in Paragraph entitled, "Unsuitable Material" herein, are defined as suitable materials and may be used in fills, backfilling, and embankment construction subject to the specified limitations. In addition, when acceptable to the ENGINEER, some of the material listed as unsuitable may be used when thoroughly mixed with suitable material to form a stable composite.

D. Suitable materials may be obtained from on-site excavations, may be processed on-site materials, or may be imported. If imported materials are required to meet the requirements of this Section or to meet the quantity requirements of the project the CONTRACTOR shall provide the imported materials at no additional expense to the VILLAGE, unless a unit price item is included for imported materials in the bidding schedule.

E. The following types of suitable materials are designated and defined as follows:

1. Type A (one inch minus granular backfill): Crushed rock, gravel, or sand with 100 percent passing a 1-inch sieve and a sand equivalent value not less than 50.

2. Type B (one half inch minus granular backfill): Crushed rock, gravel, or sand with 100 percent passing a 1/2-inch sieve and a sand equivalent value not less than 50.

3. Type C (sand backfill): Sand with 100 percent passing a 3/8-inch sieve, at least 90 percent passing a number 4 sieve, and a sand equivalent value not less than 30.

4. Type D (coarse rock backfill): Crushed rock or gravel with 100 percent passing a 1-inch sieve and not more than 10 percent passing a Number 4 sieve.

5. Type E (pea gravel backfill): Crushed rock or gravel with 100 percent passing a 1/2-inch sieve and not more than 10 percent passing a Number 4 sieve.

6. Type F (coarse drainrock): Crushed rock or gravel meeting the following gradation requirements:

Sieve Size	Percentage Passing
2-inch	100

1-1/2-inch	90-100
1-inch	20-55
3/4-inch	0-15
No. 200	0-3

7. Type G (aggregate base): Crushed rock aggregate base material of such nature that it can be compacted readily by watering and rolling to form a firm, stable base for pavements. At the option of the CONTRACTOR, the grading for either the 1-1/2-inch maximum size or 3/4-inch maximum size shall be used. The sand equivalent value shall be not less than 22, and the material shall meet the following gradation requirements.

	Percentage Passing	
Sieve Size	1-1/2 inch Max.	3/4-inch Max.
2-inch	100	-
1-1/2 inch	90-100	-
1-inch	-	100
3/4-inch	50-85	90-100
No. 4	25-45	35-55
No. 30	10-25	10-30
No. 200	2-9	2-9

8. Type H (graded drainrock): Drainrock shall be crushed rock or gravel, durable and free from slaking or decomposition under the action of alternate wetting or drying. The material shall be uniformly graded and shall meet the following gradation requirements.

Sieve Size	Percentage Passing
1-inch	100
3/4-inch	90-100
3/8-inch	40-100
No. 4	25-40
No. 8	18-33
No. 30	5-15
No. 50	0-7
No. 200	0-3

The drainrock shall have a sand equivalent value not less than 75. The finish-graded surface of the drainrock immediately beneath hydraulic structures shall be stabilized to provide a firm, smooth surface upon which to construct reinforced concrete floor slabs. The CONTRACTOR shall use, at its option, one of the asphalt types listed below:

	Type 1	Type 2	Type 3
Designation	SC-70	SC-250	RS-1
Spray Temperature (°F)	135-175	165-200	70-120
Coverage (gal/ sq yd)	0.50	0.50	0.50

If the surface remains tacky, sufficient sand shall be applied to absorb the excess asphalt.

9. Type I: Any other suitable material as defined herein.

10. Type J (cement-treated backfill): Material which consists of Type H material, or any mixture of Types B, C, G and H materials which has been cement-treated so that the cement content of the material is not less than 5 percent by weight when tested in accordance with ASTM D 2901. The ultimate compressive strength at 28 days shall be not less than 400 psi when tested in accordance with ASTM D 1633.

11. Type K (topsoil): Stockpiled topsoil materials, which have been obtained at the site by removing soil to a depth not exceeding 2 feet. Removal of the topsoil shall be done after the area has been stripped of vegetation and debris as specified. Imported topsoil shall be weed free, 80% sand, 10% peat, and 10% muck.

12. Type L (Class I crushed stone): Manufactured angular, granular crushed stone, rock, or slag, with 100 percent passing a 1-inch sieve and less than 5 percent passing a Number 4 sieve.

13. Type M (aggregate subbase): Crushed rock aggregate subbase material that can be compacted readily by watering and rolling to form a firm stable base. The sand equivalent value shall be not less than 18 and shall meet the following gradation requirements.

Sieve Size	Percentage Passing
3-inch	100
2-1/2 inch	87-100
No. 4	35-95
No. 200	0-29

14. Type N (trench plug): Low permeable fill material, a non-dispersible clay material having a minimum plasticity index of 10.

2.02 UNSUITABLE MATERIAL

A. Unsuitable soils for fill material shall include soils which, when classified under ASTM D 2487, fall in the classifications of Pt, OH, CH, MH or OL.

B. In addition, any soil, which cannot be compacted sufficiently to achieve the percentage of maximum density specified for the intended use, shall be classed as unsuitable material.

2.03 USE OF FILL, BACKFILL, AND EMBANKMENT MATERIAL TYPES

A. The CONTRACTOR shall use the types of materials as designated herein for all required fill, backfill, and embankment construction hereunder.

B. Where these Specifications conflict with the requirements of any local agency having jurisdiction, or with the requirements of a material manufacture, the ENGINEER shall be immediately notified. In case of conflict therewith, the CONTRACTOR shall use the most stringent requirement, as determined by the ENGINEER.

C. Fill and backfill types shall be used in accordance with the following provisions:

1. Embankment fills shall be constructed of Type I material, as defined herein, or any mixture of Type I and Type A through Type H materials.

2. Pipe zone backfill, as defined under "Pipe and Utility Trench Backfill" herein, shall consist of the following materials for each pipe material listed below. Where pipelines are installed on grades exceeding 4 percent, and where backfill materials are graded such that there is less than 10 percent passing a Number 4 sieve, trench plugs of Type J or N material shall be provided at maximum intervals of 200 feet or as shown on the Drawings.

    a. Mortar coated pipe, concrete pipe, and uncoated ductile iron pipe shall be provided Type A, B, C, D, E, or L pipe zone backfill material.

    b. Coal tar enamel coated pipe, polyethylene encased pipe, tape wrapped pipe, and other non-mortar coated pipe shall be backfilled with Type C pipe zone backfill material.

    c. Plastic pipe and vitrified clay pipe shall be backfilled with Type L pipe zone backfill material.

3. Trench zone backfill for pipelines as defined under "Pipe and Utility Trench Backfill" shall be Type I backfill material or any of Types A through H backfill materials or any mixture thereof, except that Type K material may be used for trench zone backfill in agricultural areas unless otherwise shown or specified.

4. Final backfill material for pipelines under paved area, as defined under "Pipe and Utility Trench Backfill" shall be Type G backfill material. Final backfill under areas not paved shall be the same material as that used for trench backfill, except that Type K material shall be used for final backfill in agricultural areas unless otherwise shown or specified.

5. Trench backfill and final backfill for pipelines under structures shall be the same material as used in the pipe zone, except where concrete encasement is required by the Contract Documents.

6. Aggregate base materials under pavements shall be Type G material constructed to the thickness shown or specified. Where specified or shown, aggregate subbase shall be Type M Material.

7. Backfill around structures shall be Type I material, or Types A through Type H materials, or any mixture thereof.

8. Backfill materials beneath structures shall be as follows:

    a. Drainrock materials under hydraulic structures or other water retaining structure with underdrain systems shall be Type H material.

    b. Under concrete hydraulic structures or other water retaining structures without underdrain systems, Types G or H materials shall be used.

    c. Under structures where groundwater must be removed to allow placement of concrete, Type F material shall be used.

    d. Under all other structures, Type D, E, G, or H material shall be used.

9. Backfill used to replace pipeline trench over-excavation shall be a layer of Type F material with a 6-inch top filter layer of Type E material or filter fabric to prevent migration of fines

for wet trench conditions or the same material as used for the pipe zone backfill if the trench conditions are not wet. Filter fabric shall be Mirafi 140 N, Mirafi 700X (or approved equal).

10. The top 6 inches of fill on reservoir roofs, embankment fills around hydraulic structures, and all other embankment fills shall consist of Type K material, topsoil.

2.04 EMBANKMENT

A. The maximum sizes of rock, which will be permitted in the completed fill areas, are as follows:

Depth Below Finish Grade	Maximum Allowable Diameter
Top 4 inches	1 inch
4 inches to 12 inches	3-1/2 inches
12 inches to 2 feet	6 inches
2 feet to 4 feet	12 inches
4 feet to 8 feet	24 inches
Below 8 feet	36 inches

B. Embankments shall be constructed of material containing no muck, stumps, roots, brush, vegetable matter, rubbish or other material that will not compact into a suitable and enduring roadbed, and material designated as undesirable shall be removed from the site. Where embankments are constructed adjacent to bridge end bents or abutments, rock larger than 3-1/2 inches in diameter shall not be placed within three feet of the location of any abutment.

C. Fill material containing debris, sod, and biodegradable materials shall not be used as fill in construction areas.

D. Fill material required for the building pads and for pavement subgrade shall be granular fill, free of organic material.

E. Fill material required for pervious and sodded areas shall have a maximum organic component of 10%. CONTRACTOR shall provide, at CONTRACTOR'S cost, organic content test results for approval by the ENGINEER.

PART 3 - EXECUTION

3.01 JOB CONDITIONS

A. Protection: Use all means necessary to protect existing objects and vegetation. In the event of damage, immediately make all repairs, and replacements necessary to the acceptance of the VILLAGE'S Representative and ENGINEER at no cost to the VILLAGE.

3.02 BACKFILL, FILLING & GRADING

A. Grades:

1. Cut, backfill, fill and grade to proper grade levels indicated. The proposed grades shown on the drawings are for establishing a finished grade over the site.

B. Filling:

1. Fill material shall be placed in horizontal layers and spread to obtain a uniform thickness.

2. After compaction, layers of fill are not to exceed twelve (12) inches for cohesive soils or eight (8) inches for non-cohesive soils.

3.03 STRUCTURE, ROADWAY, AND EMBANKMENT EXCAVATION

A. General: Except when specifically provided to the contrary, excavation shall include the removal of all materials of whatever nature encountered, including all obstructions of any nature that would interfere with the proper execution and completion of the work. The removal of said materials shall conform to the lines and grades shown or ordered. Unless otherwise provided, the entire construction site shall be stripped of all vegetation and debris, and such material shall be removed from the site prior to performing any excavation or placing any fill. The CONTRACTOR shall furnish, place, and maintain all supports and shoring that may be required for the sides of the excavations, and all pumping, ditching, or other measure for the removal or exclusion of water, including taking care of storm water, groundwater, and wastewater reaching the site of the work from any source so as to prevent damage to the work or adjoining property. Excavations shall be sloped or otherwise supported in a safe manner in accordance with applicable State safety requirements and the requirements of OSHA Safety and Health Standards for Construction (29CFR1926).

B. Excavation Beneath Structures and Embankments: Except where otherwise specified for a particular structure or ordered by the ENGINEER, excavation shall be carried to the grade of the bottom of the footing or slab. Where shown or ordered, areas beneath structures or fills shall be over-excavated. The subgrade areas beneath embankments shall be excavated to remove not less than the top [6 inches] of native material and where such subgrade is sloped, the native material shall be benched. When such over excavation is shown, the CONTRACTOR shall perform both over-excavation and subsequent backfill to the required grade. When such over-excavation is not shown but is ordered by the ENGINEER, such over-excavation and any resulting backfill will be paid for under a separate unit price bid item if such bid item has been established; otherwise payment will be made in accordance with a negotiated price. After the required excavation or over-excavation has been completed, the exposed surface shall be scarified to a depth of 6 inches, brought to optimum moisture content, and rolled with heavy compaction equipment to obtain density as specified in Paragraph 3.14.I.

C. Excavation Beneath Paved Areas: Excavation under areas to be paved shall extend to the bottom of the aggregate base or subbase, if such base is called for; otherwise it shall extend to the paving thickness. After the required excavation has been completed, the top 12 inches of exposed surface shall be scarified, brought to optimum moisture content, and rolled with heavy compaction equipment to obtain density as specified in Paragraph 3.14.I. The finished subgrade shall be even, self-draining, and in conformance with the slope of the finished pavement. Areas that could accumulate standing water shall be regraded to provide a self-draining subgrade.

D. Notification of ENGINEER: The CONTRACTOR shall notify the ENGINEER at least 3 days in advance of completion of any structure excavation and shall allow the ENGINEER a review period of at least one day before the exposed foundation is scarified and compacted or is covered with backfill or with any construction materials.

3.04 PIPELINE AND UTILITY TRENCH EXCAVATION

A. General: Unless otherwise shown or ordered, excavation for pipelines and utilities shall be open-cut trenches. Trench widths shall be kept as narrow as is practical for the method of pipe zone densification selected by the CONTRACTOR, but shall have a minimum width at the bottom of the trench equal to the outside diameter of the pipe plus 24 inches for mechanical compaction methods and 18 inches for water consolidation methods. The maximum width at the top of the pipe shall be equal to the outside diameter of the pipe plus 36 inches for pipe diameters 18 inches and larger and to the outside diameter of the pipe plus 24 inches for pipe diameters less than 18 inches, or as shown on the Drawings.

B. Trench Bottom: Except when pipe bedding is required, the bottom of the trench shall be excavated uniformly to the grade of the bottom of the pipe. The trench bottom shall be given a final trim, using a string line for establishing grade, such that each pipe section when first laid will be continually in contact with the ground along the extreme bottom of the pipe. Rounding out the trench to form a cradle for the pipe will not be required. Excavations for pipe bells and welding shall be made as required.

C. Open Trench: The maximum amount of open trench permitted in any one location shall be 300 feet, or the length necessary to accommodate the amount of pipe installed in a single day, whichever is greater. All trenches shall be fully backfilled at the end of each day or, in lieu thereof, shall be covered by heavy steel plates adequately braced and capable of supporting vehicular traffic in those locations where it is impractical to backfill at the end of each day. The above requirements for backfilling or use of steel plate (or approved equal) will be waived in cases where the trench is located further than 100 feet from any traveled roadway or occupied structure. In such cases, however, barricades and warning lights meeting OSHA requirements shall be provided and maintained.

D. Trench Over-Excavation: Where the Drawings indicate that trenches shall be over-excavated, they shall be excavated to the depth shown, and then backfilled to the grade of the bottom of the pipe.

E. Over-Excavation: When ordered by the ENGINEER, whether indicated on the Drawings or not, trenches shall be over-excavated beyond the depth shown. Such over-excavation shall be to the depth ordered. The trench shall then be backfilled to the grade of the bottom of the pipe. All work specified in this Section shall be performed by the CONTRACTOR when the over-excavation ordered by the ENGINEER is less than 6 inches below the limits shown. When the over-excavation ordered by the ENGINEER is 6 inches or greater below the limits shown, additional payment will be made to the CONTRACTOR for that portion of the work which is located below said 6-inch distance. Said additional payment will be made under separate unit price bid items for over-excavation and bedding if such bid items have been established; otherwise payment will be made in accordance with a negotiated price.

F. Where pipelines are to be installed in embankment or structure fills, the fill shall be constructed to a level at least one foot above the top of the pipe before the trench is excavated.

3.05 OVER-EXCAVATION NOT ORDERED, SPECIFIED, OR SHOWN

A. Any over-excavation carried below the grade ordered, specified, or shown, shall be backfilled to the required grade with the specified material and compaction. The CONTRACTOR at its own expense shall perform such work.

3.06 EXCAVATION IN LAWN AREAS

A. Where excavation occurs in lawn areas, the sod shall be carefully removed, kept damp, and stockpiled to preserve it for replacement. Excavated material may be placed on the lawn; provided that a drop cloth or other suitable method is employed to protect the lawn from damage. The lawn shall not remain covered for more than 72 hours. Immediately after completion of backfilling and testing of the pipeline, the sod shall be replaced and lightly rolled in a manner so as to restore the lawn as near as possible to its original condition. CONTRACTOR shall provide new sod if stockpiled sod has not been replaced within 72 hours.

3.07 EXCAVATION IN VICINITY OF TREES

A. Except where trees are shown to be removed, trees shall be protected from injury during construction operations. No tree roots over 2 inches in diameter shall be cut without express permission of the ENGINEER. Trees shall be supported during excavation by any means previously reviewed and approved by the ENGINEER.

3.08 ROCK EXCAVATION

A. Rock is defined as follows:

1. Rock shall be classified as material having a blow count in excess of 30 blows per foot from a Standard Penetration Test (ASTM D-1586) and exceeding 1000 psi from an Unconfined Compression Strength Test (ASTM D-2938); and,
2. General Excavation - Any material that cannot be excavated with a single-toothed ripper drawn by a crawler tractor having a minimum draw bar pull rated at not less than 71,000 lbs. (Caterpillar D9N or equivalent), and occupying an original volume of at least 2 cubic yards or more; and,

3. Trench Excavation - Any material that cannot be excavated with a backhoe having a break out force rated at not less than 44,000 lbs. (Caterpillar 235D or equivalent), and occupying an original volume of at least 2 cubic yards.

B. Rock excavation shall include removal and disposal of the following: (1) all boulders measuring 1/3 of a cubic yard or more in volume; (2) all rock material in ledges, bedding deposits, and unstratified masses which cannot be removed without systematic drilling and blasting; (3) concrete or masonry structures which have been abandoned; and (4) conglomerate deposits which are so firmly cemented that they possess the characteristics of rock as described in Paragraph 3.09(A).

C. Said rock excavation shall be performed by the CONTRACTOR; provided, that should the quantity of rock excavation be affected by any change in the scope of the work, an appropriate adjustment of the contract price will be made under a separate bid item if such bid item has been established; otherwise payment will be made in accordance with a negotiated price.

D. Explosives and Blasting: Blasting will not be permitted, except by express permission of the ENGINEER on a case-by-case basis. The use of explosives will be subject to the approval and regulations of all agencies having jurisdiction. If blasting is utilized at the site of the WORK, the CONTRACTOR shall take all precautions and provide all protective measures necessary to prevent damage to property and structures or injury to person. Prior to blasting, the CONTRACTOR shall secure all permits required by law for blasting operations and shall provide any additional hazard

insurance required by the VILLAGE. The CONTRACTOR shall have a fully qualified and experienced blasting foreman in charge of all blasting operations.

E. The CONTRACTOR will be held responsible for all and shall make good any damage caused by blasting or resulting from its possession or use of explosives on the WORK.

F. All operations involving the handling, storage, and use of explosives shall be conducted in accordance with the requirements of the OSHA Standards for Construction, and in accordance with all local laws and regulations.

3.09 DISPOSAL OF EXCESS EXCAVATED MATERIAL

A. The CONTRACTOR shall remove and dispose of all excess excavated material at a site within the VILLAGE limits, selected by the CONTRACTOR and reviewed by the ENGINEER.

3.10 DISPOSAL OF UNSUITABLE EXCAVATED MATERIAL

A. The CONTRACTOR shall remove and dispose of all unsuitable excavated material. This shall include muck, tree roots, rocks, garbage, debris, or any other material designated as unsuitable by Paragraph 2 of this Section. Disposal shall be at a site selected by the CONTRACTOR that is designated as an approved disposal site for the unsuitable material.

3.11 BACKFILL - GENERAL

A. Backfill shall not be dropped directly upon any structure or pipe. Backfill shall not be placed around or upon any structure until the concrete has attained sufficient strength to withstand the loads imposed. Backfill around water retaining structures shall not be placed until the structures have been tested, and the structures shall be full of water while backfill is being placed.

B. Except for drainrock materials being placed in over-excavated areas or trenches, backfill shall be placed after all water is removed from the excavation.

3.12 PLACING AND SPREADING OF BACKFILL MATERIALS

A. Backfill materials shall be placed and spread evenly in layers. When compaction is achieved using mechanical equipment the layers shall be evenly spread so that when compacted each layer shall not exceed 6 inches in thickness.

B. During spreading each layer shall be thoroughly mixed as necessary to promote uniformity of material in each layer. Pipe zone backfill materials shall be manually spread around the pipe so that when compacted the pipe zone backfill will provide uniform bearing and side support.

C. Where the backfill material moisture content is below the optimum moisture content water shall be added before or during spreading until the proper moisture content is achieved.

D. Where the backfill material moisture content is too high to permit the specified degree of compaction the material shall be dried until the moisture content is satisfactory.

3.13 COMPACTION - GENERAL

A. Compact each layer of fill in designated areas with approved equipment to achieve a maximum density at optimum moisture, AASHTO T 180 - latest edition.

1. Building Pads: compaction shall be to 98% of maximum density, unless otherwise shown on the drawings or specifications. Building pads shall be within plus or minus one-tenth (0.1) of a foot of the elevations shown on the plans.

2. Refer to Sections 02513 Asphaltic Concrete Paving and 02515 Portland Cement Concrete Paving for compaction requirements in the affected areas.

3. Under landscaped area, compaction shall be to density as specified in Paragraph 3.14.I., unless otherwise shown on the Drawings.

B. No backfill shall be placed against any masonry or other exposed building surface until permission has been given by the VILLAGE'S Representative, and in no case until the masonry has been in place seven days.

C. Heavy construction equipment will not be permitted within ten (10) feet of any masonry or other exposed building surface.

D. Compaction in limited areas shall be obtained by the use of mechanical tampers or approved hand tampers. When hand tampers are used, the materials shall be deposited in layers not more than four inches thick. The hand tampers used shall be suitable for this purpose and shall have a face area of not more than 100 square inches. Special precautions shall be taken to prevent any wedging action against masonry, or other exposed building surfaces.

E. Compaction in limited areas that cannot be meet by hand tamper, flowable fill may be used. Flowable fill may be excavatable or not as required by the ENGINEER. No flowable fill shall be placed without written approval.

3.14 COMPACTION OF FILL, BACKFILL, AND EMBANKMENT MATERIALS

A. Each layer of Types, A, B, C, G, H, I, and K backfill materials as defined herein, where the material is graded such that at least 10 percent passes a No. 4 sieve, shall be mechanically compacted to the specified percentage of maximum density. Equipment that is consistently capable of achieving the required degree of compaction shall be used and each layer shall be compacted over its entire area while the material is at the required moisture content.

B. Each layer of Type D, E, F, and J backfill materials shall be compacted by means of at least 2 passes from a flat plate vibratory compactor. When such materials are used for pipe zone backfill, vibratory compaction shall be used at the top of the pipe zone or at vertical intervals of 24 inches, whichever is the least distance from the subgrade.

C. Type L material requires mechanical spreading and placement to fill voids but does not require mechanical compaction or vibration.

D. Fill on reservoir and structure roofs shall be deposited at least 30 days after the concrete roof slab has been placed. Equipment weighing more than 10,000 pounds when loaded shall not be used on a roof. A roller weighing not more than 8,000 pounds shall be used to compact fill on a roof.

E. Flooding, ponding, or jetting shall not be used for fill on roofs, backfill around structures, backfill around reservoir walls, for final backfill materials, or aggregate base materials.

F. Pipe zone backfill materials that are granular may be compacted by a combination of flooding and vibration using concrete vibrators or by jetting, when acceptable to the ENGINEER.

G. Pipeline trench zone backfill materials, containing 5 percent or less of material passing a No. 200 sieve, may be compacted using flooding and jetting or vibration if the CONTRACTOR uses effective procedures that yield the specified compaction test results. Flooding and jetting shall not be done in such a manner that the pipe or nearby utilities are damaged, in areas of poorly draining or expansive soils, or where the use of the procedure is prohibited by any agency having jurisdiction over the street or right-of-way. Approved jet pipes or immersible vibrators shall be used so that each backfill layer is saturated and consolidated to its full depth before the next layer is placed. Jet pipes shall be kept at least 6 inches away from the pipe where the backfills being consolidated and 2 feet away from other pipes or utilities.

H. Equipment weighing more than 10,000 pounds shall not be used closer to walls than a horizontal distance equal to the fill at that time. Hand operated power compaction equipment shall be used where use of heavier equipment is impractical or restricted due to weight limitations.

I. Compaction Requirements: The following compaction test requirements shall be in accordance with AASHTO T-180. Where agency or utility company requirements govern, the highest compaction standards shall apply.

Location or Use of Fill	Percentage of Maximum Density
Pipe zone backfill portion above bedding for flexible pipe.	98
Pipe zone backfill bedding and over-excavated zones under bedding/pipe for flexible pipe, including trench plugs.	98
Pipe zone backfill portion above bedding for rigid pipe.	98
Pipe zone backfill bedding and over-excavated zones under bedding/pipe for rigid pipe.	98
Final backfill, beneath paved areas or structures	98
Final backfill, not beneath paved areas or structures	95
Trench zone backfill, not beneath paved areas or structures, including trench plugs	95
Embankments	98

Embankments, beneath paved areas or structures	98
Backfill beneath structures, hydraulic structures	98
Backfill around structures	98

Location or Use of Fill	Percentage of Maximum Density
Topsoil (Type K material)	80
Aggregate base or subbase Type G or M material)	98

J. Trench Backfill Requirements: the pipe has been structurally designed based upon the trench configuration specified herein.

K. The CONTRACTOR shall maintain the indicated trench cross section up to a horizontal plane lying 6 inches above the top of the pipe.

L. If, at any location under said horizontal plane, the CONTRACTOR slopes the trench walls or exceeds the maximum trench widths indicated in the Contract Documents, the pipe zone backfill shall be "improved" or the pipe class increased as specified herein, at no additional cost to the VILLAGE. "Improved" backfill shall mean sand-cement backfill or other equivalent materials acceptable to the ENGINEER.

M. If the allowable deflection specified for the pipe is exceeded, the CONTRACTOR shall expose and reground or replace the pipe, repair all damaged lining and coating, and reinstall the pipe zone material and trench backfill as specified at no additional expense to the VILLAGE.

3.15 PIPE AND UTILITY TRENCH BACKFILL

A. Pipe zone Backfill: The pipe zone is defined as that portion of the vertical trench cross-section lying between a plane 6 inches below the bottom surface of the pipe, i.e., the trench subgrade, and a plane at a point 6 inches above the top surface of the pipe. The bedding for flexible pipe is defined as that portion of pipe zone backfill material between the trench subgrade and the bottom of the pipe. The bedding for rigid pipe is defined as that portion of the pipe zone backfill material between the trench subgrade and a level line which varies from the bottom of the pipe to the springline as shown.

B. Bedding shall be provided for all sewers, drainage pipelines, and other gravity flow pipelines. Unless otherwise specified or shown, for other pipelines the bedding may be omitted if all the following conditions exist.

1. The pipe bears on firm, undisturbed native soil, which contains only particles that will pass a one-inch sieve.

2. The trench excavation is not through rock or stones.

3. The trench subgrade soils are classified as suitable fill and backfill materials per Paragraph 2.01.

4. The trench subgrade soils have, as a maximum, a moisture content that allows compaction.

C. Where bedding is required, after compacting the bedding the CONTRACTOR shall perform a final trim using a stringline for establishing grade, such that each pipe section when first laid will be continually in contact with the bedding along the extreme bottom of the pipe. Excavation for pipe bells and welding shall be made as required.

D. The pipe zone shall be backfilled with the specified backfill material. The CONTRACTOR shall exercise care to prevent damage to the pipeline coating, cathodic bonds, or the pipe itself during the installation and backfill operations.

E. Trench Zone Backfill: After the pipe zone backfill has been placed as specified above, and after all excess water has completely drained from the trench, backfilling of the trench zone may proceed. The trench zone is defined as that portion of the vertical trench cross-section lying between a plane 6 inches above the top surface of the pipe and a plane at a point 18 inches below the finished surface grade, or if the trench is under pavement, 18 inches below the roadway subgrade. If flooding, ponding, or jetting is used the pipe shall be filled with water to prevent flotation.

F. Final Backfill: Final backfill is all backfill in the trench cross-sectional area within 18 inches of finished grade, of if the trench is under pavement, all backfill within 18 inches of the roadway subgrade.

3.16 EMBANKMENT CONSTRUCTION

A. The area where an embankment is to be constructed shall be cleared of all vegetation, roots and foreign material. Following this, the surface shall be moistened, scarified to a depth of 6 inches, and rolled or otherwise mechanically compacted as specified in Paragraph 3.14.I. Embankment fill material shall be placed and spread evenly in approximately horizontal layers. Each layer shall be moistened or aerated, as necessary. Unless otherwise approved by the ENGINEER, each layer shall not exceed 6 inches of compacted thickness. The embankment fill and the scarified layer of underlying ground shall be compacted to 95 percent of maximum density under structures and paved areas, and 90 percent of maximum density elsewhere.

B. When an embankment fill is to be made and compacted against hillsides or fill slopes steeper than 4:1, the slopes of hillsides or fills shall be horizontally benched to key the embankment fill to the underlying ground. A minimum of 12 inches normal to the slope of the hillside or fill shall be removed and recompacted as the embankment fill is brought up in layers. Material thus cut shall be recompacted along with the new fill material at the CONTRACTOR's expense. Hillside of fill slopes 4:1 or flatter shall be prepared in accordance with Paragraph A, above.

C. Where embankment or structure fills are constructed over pipelines, the first 4 feet of fill over the pipe shall be constructed using light placement and compaction equipment that does not damage the pipe. Heavy construction equipment shall maintain a minimum distance from the edge of the trench equal to the depth of the trench until at least 4 feet of fill over the pipe has been completed.

3.17 CORRECTION OF GRADE

A. Bring to required grade levels areas where settlement, erosion or other grade changes occur.

3.18 MAINTENANCE AND PROTECTION OF WORK

A. While construction is in progress adequate drainage for the roadbed shall be maintained at all times.

The CONTRACTOR shall maintain all earthwork construction throughout the life of the contract, unless otherwise provided, and shall take all reasonable precautions to prevent loss of material from the roadway due to the action of wind or water. CONTRACTOR shall repair at CONTRACTOR'S expense, except as otherwise provided herein, any slides, washouts, settlement, subsidence, or other mishap which may occur prior to final acceptance of the work.

All channels excavated as a part of the contract work shall be maintained against natural shoaling or other encroachments to the lines, grades, and cross sections shown on the plans, until final acceptance of the project.

3.19 AS-BUILT SURVEY

A. At the completion of the work and prior to final inspection of the area, the CONTRACTOR shall provide the ENGINEER with an as-built topographic survey made by a registered Surveyor, of the State of Florida.

B. The surveyor is to certify on the survey whether or not the as-built conditions conform to the elevations shown on the Drawings to within plus or minus two-hundredth (0.02) of a foot.

3.20 MEASUREMENT AND PAYMENT

A. There shall be no special measurement or payment for the work under this section, it shall be included in the unit price per square yard bid for compaction of subgrade when constructing new roads and shall be included in the cost of all other work called out in the bid schedule requiring earth work.

END OF SECTION 02200

SECTION 02210
SITE GRADING

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

A. All applicable provisions of the Bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this section.

1.02 WORK INCLUDED

A. The work covered by this section shall include all labor, equipment, services and materials necessary for bringing the entire site to elevations shown in the plans. The work included in this section shall include all necessary excavations for streets, ditches and swales. It shall include the construction of embankments and fills by the loading, movement, deposition and compaction of suitable fill materials resulting from above listed excavations. It shall include stockpiling of any excess material to an on-site location as specified by the VILLAGE.

B. It shall include rough grading within the roadways and parking lots to the elevations or cross-section details shown on the drawings.

C. It shall include the erection and maintenance of any barricades that are required for accident prevention and property protection.

D. It shall include removal and legal disposal of muck, rock boulders, final excess fill, or any foreign material interfering with construction.

1.03 RELATED WORK

A. Section 02110 - Clearing

B. Section 02200 - Earthwork

PART 2 - PRODUCTS (Not Applicable)

PART 3 - EXECUTION

3.01 GENERAL

A. The CONTRACTOR shall be familiar with all work to be performed as specified and shown on the Drawings. CONTRACTOR shall ascertain where all excavation will be required and shall be solely responsible for all excavating to complete the Contract.

3.02 PAYMENT

A. No extra payment will be allowed for type or classification of material in excavation.

3.03 MATCHING EXISTING GRADES

A. Where existing roadbed surfaces are not at the elevation required prior to subgrade compaction, the CONTRACTOR shall perform any such excavation, filling, earthmoving and grading as may be necessary to attain the proper compacted subgrade elevation before proceeding with base course construction.

3.04 UNSUITABLE MATERIAL

A. All muck, large rocks and boulders encountered during the work under this Contract shall be removed and legally disposed of in a manner approved by the VILLAGE'S Representative.

3.05 EXCAVATION

A. All excavation shall be unclassified regardless of material encountered.

B. The CONTRACTOR shall make probings or soundings for subsurface rock to ascertain its location and depth.

C. It shall be the CONTRACTOR's responsibility to be familiar with soil conditions on the site. Borings, in addition to those provided by others, if any, shall be acquired by the CONTRACTOR, at the CONTRACTOR's expense.

D. Any wet excavated materials shall be drained before hauling or moving.

3.06 EMBANKMENT (FILL)

A. Embankment shall be constructed from suitable materials resulting from roadway or site excavation or approved materials furnished from off-site borrow areas.

B. Embankments shall be placed in successive layers of not more than eight inches in thickness, measured loose, for the full width of the embankment.

C. Each layer of the material used in the formation of roadbed embankments shall be compacted at optimum moisture content to a density as specified in Section 02200, Paragraph 3.14.I.

D. The existing material on the site may vary as to stability. The CONTRACTOR shall be familiar with the soil characteristics by site inspection borings, probings, etc., prior to bidding, as to the subsurface character of the material.

E. All unstable soil shall be removed and shall be replaced by material approved by the ENGINEER.

3.07 GRADING

A. The material excavated shall be transported and spread over the entire work site and shall be graded so that the finished grade shall be within $\pm$0.1 feet of the grades indicated by the grade stakes and control point elevations shown on the plans and by the cross-sections. Due to the minimal slope of the roadways, swale grades shall be within $\pm$0.05 feet of the grades indicated on the plans.

B. The disposal of large rocks in excess of 8", within roadways and parking areas is prohibited. Where allowable, the disposal of large rocks by burial in areas designated by the ENGINEER shall have a minimum 30 inches of cover below finished grade elevation.

3.08 FINISH GRADING

A. Following completion of the paving work, all swales, etc., adjacent to the roadway shall be shaped and graded to the elevations and cross-sections shown on the drawings. The finished surface shall be maintained until seeding and mulching or sodding work is completed.

3.09 SURVEYS

A. All initial surveys, including detail construction stakes, will be furnished by the CONTRACTOR.

B. The CONTRACTOR will carefully maintain bench marks, monuments, stakes and other reference points, and if disturbed or destroyed, be replaced as directed at the CONTRACTOR's expense.

3.10 MEASUREMENT AND PAYMENT

A. Measurement and payment for this item will be made per square yard and will include clearing of the swales per Section 02110.

END OF SECTION 02210

SECTION 02212
MILLING OF EXISTING ASPHALT PAVEMENT

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

A. All applicable provisions of the Bidding and Contract Requirements, and Division 1-General Requirements shall govern the WORK under this section

1.02 WORK INCLUDED

A. Remove existing asphalt concrete pavement by milling to improve the rideability and cross slope of the finished pavement, to lower the finished grade adjacent to existing curb prior to resurfacing, or to completely remove existing pavement.

B. When milling to improve rideability, the plans will specify an average depth of cut.

C. Contractor to take ownership of milled material.

PART 2 – PRODUCT

2.01 EQUIPMENT

A. Provide a milling machine capable of maintaining a depth of cut and cross slope that will achieve the results specified in the Contract Documents. Use a machine with a minimum overall length (out to out measurement excluding the conveyor) of 18 feet and a minimum cutting width of 6 feet.

B. Equip the milling machine with a built-in automatic grade control system that can control the transverse slope and the longitudinal profile to produce the specified results.

C. To start the project, the Engineer will approve any commercially manufactured milling machine that meets the above requirements. If it becomes evident after starting to mill that the milling machine cannot consistently produce the specified results, the Engineer will reject the milling machine for further use.

D. The Contractor may use a smaller milling machine when milling to lower the grade adjacent to existing curb or other areas where it is impractical to use the above-described equipment.

E. Equip the milling machine with means to effectively limit the amount of dust escaping during the removal operation.

F. For complete pavement removal, the Engineer may approve the use of alternate removal and crushing equipment in lieu of the equipment specified above.

PART 3 – EXECUTION

3.01 MILLING

A. Remove the existing raised reflective pavement markers prior to milling. Include the cost of removing existing pavement markers in the price for milling.

B. When milling to improve rideability or cross slope, remove the existing pavement to the average depth specified in the plans, in a manner that will restore the pavement surface to a uniform cross-section and longitudinal profile. The Engineer may require the contractor to provide and use of a stringline to ensure maintaining the proper alignment.

C. Establish the longitudinal profile of the milled surface in accordance with the milling plans. Ensure that the final cross slope of the milled surface parallels the surface cross slope shown on the plans or as directed by the Engineer. Establish the cross slope of the milled surface by a second sensing device near the outside edge of the cut or by an automatic cross slope control mechanism. The plans may waive the requirement of automatic grade or cross slope controls where the situation warrants such action.

D. Multiple cuts may be made to achieve the required pavement configuration or depth of cut. Include in the Quality Control Plan a system to control the cross slope of the milling surface with a minimum frequency of one cross slope measurement every 250 feet during milling operations in order to ensure that the slopes are uniform and in compliance with the designed milling slope. When the difference between the measured cross slope and the designed cross slope exceeds ±0.2% for travel lanes (including turn lanes) and ±0.5% for shoulders, make all corrections immediately to bring the cross slope into an acceptable range. The Engineer will periodically verify the Contractor's measurements at the job site.

E. The Engineer will randomly take ten measurements of the cross slope per day for the first two days of milling operation. If the average cross slope of the ten random measurements per day varies more than the required tolerance (0.2% for travel lanes including turn lanes and 0.5% for shoulders), the milling operation shall be stopped until appropriate corrective actions are made to bring the cross slope into an acceptable range. Approval of the Engineer will be required prior to resuming the milling operation.

F. A recheck of ten random measurements will be made after corrective actions are taken. If the recheck indicates that the cross slope is out of control, the deficient section(s) shall be corrected to bring the cross slope into an acceptable range. During milling operations, the Engineer reserves the right to take ten cross slope measurements per day. If the average cross slope of the ten measurements varies more than the permissible tolerance, the milling operation will be stopped until appropriate corrective actions are made to bring the cross slope into an acceptable range and the deficient sections shall be corrected accordingly.

G. The Engineer may waive the corrections specified above if an engineering determination indicates that the deficiencies are sufficiently separated so as not to significantly affect the final cross slope.

H. For intersections, tapers, crossovers, transitions at the beginning and end of the project and in other similar areas, the cross slope will be adjusted as directed by the Engineer to match the actual site conditions.

I. Operate the milling machine to minimize the amount of dust being emitted. The Engineer may require pre-wetting of the pavement. The contractor not to operate a hydrant on the Village system. Water will be water truck filled off site or through a construction water meter. Do not use private water connection.

J. Provide positive drainage of the milled surface and the adjacent pavement. Perform this operation on the same day as milling. Repave all milled surfaces no later than the day after the

surface was milled unless otherwise stated in the plans.

K. If traffic is to be maintained on the milled surface prior to the placement of the new asphalt concrete, provide suitable transitions between areas of varying thickness to create a smooth longitudinal riding surface. Produce a pattern of striations that will provide an acceptable riding surface. The Engineer will control the traveling speed of the milling machine to produce a texture that will provide an acceptable riding surface.

L. Prior to opening an area which has been milled to traffic, sweep the pavement with a power broom or other approved equipment to remove, to the greatest extent practicable, fine material which will create dust under traffic. Sweep in a manner that will minimize the potential for creation of a traffic hazard and to minimize air pollution.

M. Sweep the milled surface with a power broom prior to placing asphalt concrete.

N. In urban and other sensitive areas, use a street sweeper or other equipment capable of removing excess milled materials and controlling dust. Obtain the Engineer's approval of such equipment, contingent upon its demonstrated ability to do the work.

O. Perform the sweeping operation immediately after the milling operations or as directed by the Engineer.

3.02 MILLED SURFACE

A. Provide a milled surface with a reasonably uniform texture, within 1/4 inch of a true profile grade, and with no deviation in excess of 1/4 inch from a straightedge applied to the pavement perpendicular to the centerline.

B. Ensure that the variation of the longitudinal joint between multiple cut areas does not exceed 1/4 inch. The Engineer may accept areas varying from a true surface in excess of the above stated tolerance without correction if the Engineer determines that they were caused by a pre-existing condition which could not have reasonably been corrected by the milling operations.

C. Correct any unsuitable texture or profile, as determined by the Engineer, at no additional expense to the OWNER.

D. The Engineer may require remilling of any area where a surface lamination causes a non-uniform texture to occur.

E. Refer to Section 02513 for specifications on resurfacing of asphaltic pavement.

3.03 MEASUREMENT AND PAYMENT

A. Price and payment will be full compensation for all work specified in this Section, including hauling off and stockpiling or otherwise disposing of the milled material. Payment will be made for the plan quantity area, in square yards, over which milling is completed and accepted as more specifically discussed and described in SECTION 01025 for MEASUREMENT AND PAYMENT.

END OF SECTION 02212

SECTION 02221
EXCAVATION AND BACKFILLING FOR UTILITIES

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

A. All applicable provisions of the Bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this section.

1.02 WORK INCLUDED

A. The work shall consist of furnishing all materials, labor and equipment for excavation, trenching and backfilling for utilities. "Utilities" shall include storm water drains, culverts, water mains, gravity sewers, sewage force mains and appurtenant structures.

1.03 RELATED WORK

A. 02050 - Demolition

B. 02200 - Earthwork

C. 02210 - Site Grading

PART 2 - PRODUCTS (Not Applicable)

PART 3 - EXECUTION

3.01 EXCAVATION

A. General: This work shall consist of the excavation of whatever substances shall be encountered to the depths as shown on the plans. Excavated materials not required for fill or backfill shall be removed from the work site as directed by the ENGINEER and shall be considered to be a part of the bid price of the utility pipe for which excavation and backfill is required.

B. Excavation for structures and other accessories shall have a minimum clearance of twelve inches and a maximum clearance of twenty-four inches on all sides.

C. Excavation shall not be carried below the required depths as indicated by the plans. Excess excavation below the required level shall be backfilled at the CONTRACTOR's expense with sharp sand, gravel or other suitable material thoroughly compacted and approved by the ENGINEER.

D. Any unstable soil shall be removed and shall be replaced by material acceptable to the ENGINEER. The removal and replacement of such unstable soil shall be considered to be part of the bid price of the pipe for which excavation and backfill is required.

E. Water shall not be permitted to accumulate in the excavated area. It shall be removed by pumping or other means as approved by the ENGINEER. The removal of water shall be considered to be a part of the bid price of the pipe for which excavation and backfill is required.

Well points, pumps or other approved means shall be used to keep the ground water sufficiently low in the opinion of the ENGINEER to permit the placing of concrete, masonry or pipe in first

class condition, and sufficiently long thereafter to protect the concrete, masonry or joints against washing or damage.

The CONTRACTOR shall also use such other means as may be necessary to keep the excavation in satisfactory condition for the construction of the work, and the use of well points, or other approved method, will not relieve the CONTRACTOR of CONTRACTOR'S responsibility to make structures watertight.

F. Banks and trenches shall be vertical unless shown otherwise on plans. The width of the trench shall be no less than 8" and no more than twelve inches, or as approved by the ENGINEER, on each side of the pipe bell for pipe up to 16" diameter. Bell holes shall be accurately excavated by hand.

G. If the bottom of the trench is rock, the excavation shall be carried eight inches below the invert of the pipe and backfilled with thoroughly compacted sharp sand, gravel or other suitable material approved by the ENGINEER.

H. Rock excavation shall include any rock encountered, which cannot be removed with a 3/4-yard backhoe under normal operating conditions. Rock excavation shall be incidental to construction of all piping systems and no separate payment will be made.

I. Whenever it is necessary, in the interest of safety, to brace or shore the sides of the trench, such bracing or shoring shall be considered to be part of the bid price of the pipe for which excavation and backfill is required.

The CONTRACTOR shall furnish, put in place and maintain such sheeting, bracing, as may be required to support the side of the excavation, and to prevent any movement which can in any way damage the work or endanger adjacent structures. If the ENGINEER is of the opinion that supports are insufficient, the ENGINEER may order additional supports. The compliance with such order shall not release the CONTRACTOR from CONTRACTOR'S responsibility for the sufficiency of the sheeting. The CONTRACTOR shall leave all sheeting in place. The ENGINEER may require sheeting to be cut off at any specified elevation, but in no case will any sheeting be left closer than two (2) feet below the natural surface, nor cut off below the elevation of the top of the pipe. The ENGINEER may require calculation and designs by a Professional Engineer licensed in the state of Florida for complex excavation shoring. The design shall be incidental to construction and excavation.

3.02 BACKFILLING

A. After pipes, structures and other appurtenances have been installed, the trench or opening shall be backfilled with material free from large stones or clods of a quality acceptable to the ENGINEER.

B. Backfill around the pipe and to a point twelve inches above the top of the pipe shall be placed in six-inch layers compacted with 20-pound hand tampers or mechanical tampers suitable for this purpose. Backfilling shall follow lying closely and shall not be more than one hundred (100) feet behind completed lying. Backfill over pipe shall be carefully placed by experienced labor and thoroughly consolidated without shock to the pipe and carried up uniformly on both sides of the pipe. No backfilling with bulldozers will be permitted adjacent to pipeline.

C. Within roadway right-of-ways, or within areas where pavements are to be constructed over the pipe, the remainder of the trench shall be placed in six-inch layers (compacted thickness) and shall

be compacted to that as noted in Section 02200. CONTRACTOR will be responsible for correcting settlement in all backfilled areas whether under the pavement or otherwise.

D. In areas where no pavement is to be constructed, the backfill above the twelve-inch line above the pipe shall be compacted to a firmness approximately equal to that of the soil adjacent to the pipe trench or to that as noted in Section 02200. Backfill below the 12-inch line shall be compacted in 6-inch layers (compacted thickness) and shall be compacted to 98% of maximum density as determined by AASHTO T-180.

3.03 EXPLOSIVES

A. The use of explosives will not be permitted.

3.04 PAYMENT AND MEASUREMENT

A. No separate payment is provided for work covered by this Section. All costs in connection with Excavation and Backfilling, including testing, shall be included in the bid price of any item for which excavation and backfilling is required.

END OF SECTION 02221

PART 1 - GENERAL

1.1 WORK INCLUDED

A. The work specified in this Section consists of the construction of a compacted base course composed of limerock. It shall be constructed upon the prepared subgrade in accordance with these Technical Specifications and in conformity with the lines and grades of the existing road to be re-constructed.

1.2 QUALITY ASSURANCE

A. Laboratory analysis shall be complete and the material accepted by the ENGINEER prior to placement.

PART 2 - PRODUCTS

2.1 MATERIALS

A. The material used in limerock base courses shall be material classified as either Miami Oolite Formation or Ocala Formation. However, only one (1) formation may be used on the contract.

B. Composition:

1. The limerock material shall contain not more than 0.5 percent of organic material or objectionable matter and shall show no tendency to air slake or undergo any chemical change under exposure to weather.

2. Limerock material shall contain not less than 70 percent of carbonates of calcium and magnesium, 95.0 (Ocala Limerock). The maximum percentage of water sensitive clay material shall be 3 percent.

3. The limerock material shall contain not more that 2 percent oxides of iron and aluminum.

4. All other constituents shall be silica or other inert material

C. Gradation:

1. At least 97 percent by weight of the material shall pass a 3½ inch sieve and the material shall be graded uniformly down to dust.

2. Fine material shall consist entirely of dust.

3. All crushing required to meet such size requirements shall be done before the material is placed within the right-of-way.

D. Limerock Material:

1. Limerock shall be uniform in quality and shall not contain cherty or other extremely hard

pieces or lumps, balls, or pockets of sand or clay size material in sufficient quantity as to be detrimental to prevent proper bonding, finishing or strength of the limerock base.

2. Limerock shall be non-plastic and the liquid limit (LL) shall not exceed 35.

3. Limerock shall have an average LBR value not less than 100.

PART 3 - EXECUTION

3.1 GENERAL

A. All equipment necessary for the proper construction of the work shall be used on the project and shall be in first class working condition.

B. Base shall be constructed to the full width of the existing road to be re- constructed.

3.2 PERFORMANCE

A. Equipment : The equipment for construction shall be in first class working condition and shall include:
   1. Three-wheel roller weighting not less than ten tons.
   2. Self-propelled blade grader weighing not less than three tons. The wheelbase shall not be less than fifteen feet and blades length not less than ten feet.
   3. Scarifier shall have teeth space not to exceed 4.5-inches.
   4. Water tank and hose system capable of delivering not less than 50 gallons per minute.

B. Limerock shall be transported to the site, over rock previously placed, and dumped on the end of the preceding spread. No hauling over the subgrade or dumping on the subgrade shall be done.

C. Spreading Limerock:

   1. Limerock shall be spread uniformly, and all segregated areas of fine or coarse rock shall be removed and replaced with well-graded rock.

   2. The total compacted thickness of the base shall be eight (8) inches. The base shall be constructed in two courses, each not more than five (5) inches in compacted thickness.

D. The thickness of the first course shall be approximately ½ the total thickness of the finished base, or enough additional to bear the weight of the construction equipment without disturbing the subgrade.

E. Compacting and Finishing Base:

   1. For single course base, after spreading is completed, the entire surface shall be scarified and shaped to produce the required grade and cross section after compaction.

   2. For double course base, the first course shall be cleaned of foreign material, bladed and brought to a surface cross section approximately parallel to that of the finished base. Prior to spreading material for the upper course, density tests for the lower course shall be made

to determine that the required compaction has been obtained. After spreading the second course, its surface shall be finished and shaped so as to produce the required grade and cross section after compaction and free of scabs and laminations.

F. Moisture Content:

1. When the material does not have the proper moisture content to insure the required density, wetting or drying will be required.

2. If the material is deficient in moisture, water shall be added and uniformly mixed in by discing the base course to its full depth.

3. If the material contains excess moisture, such excess shall be reduced or removed until the required moisture content is attained before being compacted.

4. Wetting or drying operations shall involve manipulation of the entire width and depth of the base.

G. When proper conditions of moisture are attained, the material shall be compacted to a density of not less than 98 percent of the maximum density as determined by AASHTO T-180.

H. Density Tests:

1. During final compaction, if blading is necessary to obtain the true grade and cross section, the compacting operations shall be completed prior to making the density determinations on the finished base.

2. At least three (3) density determinations shall be made on each day's final operations on each course, and the density determinations shall be made at more frequent intervals if deemed necessary by the ENGINEER.

I. Correction of Defects:

1. If at any time the subgrade should become mixed with the base course, the CONTRACTOR shall dig out and remove the mixture, reshape and compact the subgrade, and replace the materials removed with clean base material, which shall be shaped and compacted as specified above.

2. If cracks appear in the base either before or after priming which in the opinion of the ENGINEER would impair the structural integrity of the base course, the CONTRACTOR shall remove such cracks by re- scarifying, re-shaping, adding base material where necessary, and re- compacting.

J. The finished surface of the base course shall be checked with a template cut to required crown and cross section and with a ten (10) foot straight-edge laid parallel to the centerline of the road.

K. All irregularities greater than ¼ inches shall be corrected by scarifying and removing or adding limerock as required, after which the entire area shall be re- compacted as specified above.

L. Thickness Determinations:

1. The thickness of the compacted base shall be measured at intervals of not more than 200 feet. Measurements shall be taken at various points on the cross sections prior to the application of the prime coat.

2. Measurements shall be taken in holes through the base of not less than three (3) inches in diameter.

3. Where the compacted base is deficient by more than ½ inches from the thickness specified, the CONTRACTOR shall correct such areas by scarifying and adding limerock. The base shall be scarified and rock added for a distance of 100 feet in each direction from the edge of the deficient area. The affected areas shall then be brought to the required state of compaction and to the required thickness and cross section.

M. Priming and Maintaining:

1. The prime coat shall be applied only when the base meets the specified density requirements and the moisture content in the top half of the base does not exceed 90 percent of the optimum moisture content of the base material. At the time of priming, the base shall be firm and unyielding.

2. Apply prime coat in accordance with Section 300-7 of the FDOT Specifications except Contractor to apply prime coat at a rate of 0.15 gallons per square yard over a base course free of all loose and foreign materials which may prevent proper bond. The moisture content of the base must not exceed 90 percent of the optimum moisture content of the material.

3. The CONTRACTOR is responsible for assuring that the true crown and grade are maintained with no rutting or other distortion, and that the base meets all the requirements at the time the surface course is applied

4.

END OF SECTION 02242

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

A. All applicable provisions of the Bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this Section.

1.02 WORK INCLUDED

A. Provide all labor, materials, necessary equipment and services to complete the work, as indicated on the drawings, as specified herein or both.

B. Including but not necessarily limited to the following:

1. Topsoil Stripping.

2. Topsoil Mixing and Spreading.

C. There shall be no classification of excavation for measurement of payment regardless of materials encountered.

1.03 RELATED WORK

A. Section 02110 - Clearing.

B. Section 02200 - Earthwork.

C. Section 02210 - Site Grading.

PART 2 - PRODUCTS

2.01 TOPSOIL

A. Topsoil shall be obtained from any previously established stockpile on site, to the extent that suitable material is available.

B. Additional topsoil, if required, shall be obtained by mixing existing on-site sandy fill with imported muck or compost (or approved equal).

C. Topsoil, whether obtained from stockpile, or mixed as described in "B" above, shall be sandy loam, and shall have the following characteristics:

1. 95% of topsoil shall pass a 2-mm. sieve.

2. Topsoil shall be free of stones 1" in longest dimensions, earth clods, plant parts, and debris.

3. Organic matter content shall not be less than 10% of total dry weight.

4. pH and nutrient content shall be adjusted as necessary to conform to recommendations made by testing laboratory. (See 2.01 (D))

D. Samples shall be submitted to VILLAGE for testing. Test shall indicate compliance with the specifications and recommendations as to the type and quantity of soil additives required to bring the nutrient content and pH to satisfactory levels for planting specified plant material. Tests shall be required at a rate of one per 500 cubic yards of material placed, for the first 5,000 cubic yards of material, and may be reduced at the ENGINEER discretion thereafter. Sampling shall be done in the presence of the ENGINEER. The CONTRACTOR shall be responsible for the cost of testing.

PART 3 - EXECUTION

3.01 JOB CONDITIONS

A. Protection: Use all means necessary to protect existing objects and vegetation. In the event of damage, immediately make all repairs, and replacements necessary to the acceptance of the ENGINEER.

3.02 FILLING AND GRADING:

A. Topsoil shall be spread in a uniform minimum 2" layer after compaction, over all sodded and pervious areas, and finished to grades shown on the plans, making allowance, where necessary, for sod. Grades shown include 0.2' for thickness of sod in all sodded areas.

3.03 MEASUREMENT AND PAYMENT

A. Topsoil shall be measured and paid for by the square yard of actual topsoil in place as more specifically discussed and described in SECTION 01025 for MEASUREMENT AND PAYMENT.

END OF SECTION 02251

PART 1 GENERAL

1.01 SECTION INCLUDES

A. Geotextile fabric material and placement for slope protection, pipe joints and subsurface drainage.

1.02 REFERENCES

A. Florida Department of Transportation – Standard Specifications for Road and Bridge Construction, latest edition, hereinafter referred to as the FDOT Specification.

1.03 SUBMITTALS

A. Submit geotextile fabric data sheets.

1.04 DELIVERY, STORAGE AND HANDLING

A. Wrap fabric in a protective covering which is sufficient to protect it from sunlight, dirt and other debris during shipment and storage.

PART 2 PRODUCTS

2.01 MATERIALS

A. Geotextile Fabric for Slope Protection
   1. Woven fabric which allows the passage of water.
   2. Consists of a long-chain synthetic polymer and resistant to deterioration due to salt water, ultraviolet light and heat exposure through basic formulation or the addition of stabilizers and/or inhibitors. The cloth should be calendared or otherwise finished so that yarns will retain their relative position with respect to each other. The edges of the cloth should be selvaged or otherwise finished to prevent the outer yarn or fibers from pulling away from the fabric.
   3. Meet all requirements for geotextile fabrics in Section 985 of the FDOT Specifications and Index 199 of the FDOT Design Standards.

B. Filter Fabric for Pipe Joints and Subsurface Drainage
   1. Non-woven fabric which allows the passage of water.
   2. Consists of a long-chain synthetic polymer and resistant to deterioration due to salt water and heat exposure through basic formulation or the addition of stabilizers and/or inhibitors. The cloth should be calendared or otherwise finished so that yarns will retain their relative position with respect to each other. The edges of the cloth should be selvaged or otherwise finished to prevent the outer yarn or fibers from pulling away from the fabric.
   3. Meet all requirements for subsurface drainage in Section 985 of the FDOT Specifications and Index 199 of the FDOT Design Standards

PART 3 EXECUTION

3.01 PLACEMENT – PIPE JOINTS

A. Place in accordance with the details on the Drawings.

3.02 PLACEMENT – SLOPE PROTECTION

A. Slopes to be uniform, reasonably smooth, free from mounds and wind rows, and free of any debris or projections which could damage the filter material to be placed upon it.

B. Material to be loosely laid (not stretched). Overlap adjacent strips a minimum of 24 inches. Overlaps may be eliminated if all fabric sections are either factory or field sewn.

C. Anchor in place with plastic securing pins (as recommended by the filter material manufacturer) inserted through the fabric along, but not closer than two inches to, each edge and to the extent necessary to prevent displacement before or during placement of the fabric or other material.

D. Stagger vertical laps at least five feet. Use full rolls wherever possible in order to minimize the number of vertical laps. Lengths and widths of individual sheets to be at the Contractor's option. Grommets are not required.
E. Toe-in geotextile fabric at the top of the slope and at the bottom in accordance with the detail on the Drawings.
F. Any fabric damaged or displaced before or during placement of overlying layers must be replaced or repaired to the satisfaction of the Engineer and at the Contractor's expense.

3.03 PLACEMENT-SUBSURFACE DRAINAGE

A. Cut fabric to the proper width prior to installation. Include sufficient material to conform to the trench perimeter, any irregularities, and for a 12 inch (minimum) top overlap.
B. Where overlaps are required between rolls, lap the upstream roll a minimum of two feet over the downstream roll in order to provide a shingled effect.
C. Care should be exercised to prevent natural or fill soils from intermixing with the drainage aggregate.

END OF SECTION 02271

PART 1 GENERAL

1.01 SECTION INCLUDES

All applicable provisions of the Bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this Section.

1.02 WORK INCLUDED

A. Broken Concrete.

B. Stone.

C. Rock.

D. Rubble.

1.03 QUALITY CONTROL

A. Control of gradation will be by visual inspection. Provide a sample of rip rap of at least 5 tons, meeting the gradation specified. The sample may be a part of the finished rip rap covering. This sample will be used as a frequent reference for judging the gradation of the rip rap supplied.

PART 2 PRODUCTS

2.01 MATERIALS

A. Broken Concrete: Graded mixture with individual pieces weighing in general, from 20 to 300 pounds each. Not over 25 percent of the total volume may be composed of pieces weighing less than 50 pounds each, and at least 50 percent of the total volume to be composed of pieces weighing 100 pounds or more.

B. Stone: Sound and durable with specific gravity of at least 1.9. Free of cracks, soft seams and other structural defects. Pieces to be roughly angular and reasonably free from thin, flat or elongated pieces.

3 GRADATION

Sieve Size (Square Opening)	Percent Passing (By Weight)
8 inch	100-90
6 inch	80-60
3 inch	50-20
1/2 inch	10-0

C. Rock: Sound and durable quality weighing not less than 143 pounds per cubic foot (surface – dry natural state). Free from cracks, seams and other defects that could increase deterioration of the stone from natural causes. Rock to be compact, roughly angular in shape of which the least dimension to be not less than 1/3 its greatest dimension. Flat rocks are not acceptable. Rocks are to be well graded from the minimum size rock permitted weighing approximately 3 pounds, to the maximum size rock permitted weighing approximately 200 pounds. By weight, 35 to 55 percent of the rip rap consists of rocks weighing more than 100 pounds and 10 to 30 percent weigh less than 25 pounds.

D. Rubble: Graded mixture with individual pieces weighing in general from 20 to 300 pounds

each. Not over 25 percent of the total volume to be composed of pieces weighing less than 50 pounds each and at least 50 percent of the total volume composed of pieces weighing 100 pounds or more.

PART 3 EXECUTION

3.01 PLACEMENT

A. Prepare slope by grading as required in drawings. Place geotextile fabric on grade and secure all sides of fabric including bottom edge. Cover fabric with minimum of 6-inches of bedding washed rock fill.

B. Place rip rap on prepared slope or area in a manner which will produce a reasonably well-graded mass of stone with the minimum practicable percentage of voids. Place riprap on prepared slope or area from a maximum height of 3 feet.

C. Conform to the lines, grades and thickness shown on the Drawings.

D. Place full course thickness in one operation and in a manner as to avoid displacing the underlying material.

E. Large accumulations of either the larger or smaller sizes of rip rap will not be permitted.

F. Hand placing or rearranging of rip rap by mechanical equipment may be required to the extent necessary to secure the results specified.

G. Place rip rap protection in conjunction with the construction of the embankment with only sufficient lag as may be necessary to allow for proper construction of the portion of the embankment protected and to prevent mixture of embankment and rip rap.

H. Distribute small pieces so that they fill the voids between the larger pieces.

..

END OF SECTION 02272

PART 1 GENERAL

1.01 All applicable provisions of the Bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this Section.

1.02 SECTION INCLUDES

A. Broken Concrete.

B. Stone.

C. Rock.

D. Rubble.

1.03 QUALITY CONTROL

A. Control of gradation will be by visual inspection. Provide a sample of rip rap of at least 5 tons, meeting the gradation specified. The sample may be a part of the finished rip rap covering. This sample will be used as a frequent reference for judging the gradation of the rip rap supplied.

PART 2 PRODUCTS

2.02 MATERIALS

A. Broken Concrete: Graded mixture with individual pieces weighing in general, from 20 to 300 pounds each. Not over 25 percent of the total volume may be composed of pieces weighing less than 50 pounds each, and at least 50 percent of the total volume to be composed of pieces weighing 100 pounds or more.

B. Stone: Sound and durable with specific gravity of at least 1.9. Free of cracks, soft seams and other structural defects. Pieces to be roughly angular and reasonably free from thin, flat or elongated pieces.

4 GRADATION

Sieve Size (Square Opening)	Percent Passing (By Weight)
8 inch	100-90
6 inch	80-60
3 inch	50-20
1/2 inch	10-0

C. Rock: Sound and durable quality weighing not less than 143 pounds per cubic foot (surface – dry natural state). Free from cracks, seams and other defects that could increase deterioration of the stone from natural causes. Rock to be compact, roughly angular in shape of which the least dimension to be not less than 1/3 its greatest dimension. Flat rocks are not acceptable. Rocks are to be well graded from the minimum size rock permitted weighing approximately 3 pounds, to the maximum size rock permitted weighing approximately 200 pounds. By weight, 35 to 55 percent of the rip rap consists of rocks weighing more than 100 pounds and 10 to 30 percent weigh less than 25 pounds.

D. Rubble: Graded mixture with individual pieces weighing in general from 20 to 300 pounds each. Not over 25 percent of the total volume to be composed of pieces weighing less than 50

pounds each and at least 50 percent of the total volume composed of pieces weighing 100 pounds or more.

PART 3 EXECUTION

4.01 PLACEMENT

A. Prepare slope by grading as required in drawings. Place geotextile fabric on grade and secure all sides of fabric including bottom edge. Cover fabric with minimum of 6-inches of bedding washed rock fill.

B. Place rip rap on prepared slope or area in a manner which will produce a reasonably well-graded mass of stone with the minimum practicable percentage of voids. Place riprap on prepared slope or area from a maximum height of 3 feet.

C. Conform to the lines, grades and thickness shown on the Drawings.

D. Place full course thickness in one operation and in a manner as to avoid displacing the underlying material.

E. Large accumulations of either the larger or smaller sizes of rip rap will not be permitted.

F. Hand placing or rearranging of rip rap by mechanical equipment may be required to the extent necessary to secure the results specified.

G. Place rip rap protection in conjunction with the construction of the embankment with only sufficient lag as may be necessary to allow for proper construction of the portion of the embankment protected and to prevent mixture of embankment and rip rap.

H. Distribute small pieces so that they fill the voids between the larger pieces.

..

END OF SECTION 02272

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

A. All applicable provisions of the Bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this Section..

1.02 WORK INCLUDED

A. Provide all labor, materials, necessary equipment and services to complete the Storm Drainage Facilities work, as indicated on the drawings, as specified herein or both, except as for items specifically indicated as "NIC ITEMS".

1.03 RELATED WORK

A. Section 02110 - Clearing

B. Section 02200 - Earthwork

C. Section 02601 - Subterranean Structures

1.04 CLEARING

A. Clearing or installation of pipe and all drainage structures shall be confined within the working limits of the trenches. Trees, utility poles, survey monuments, underground and overhead utilities shall be suitably protected and preserved.

1.05 EXISTING UTILITIES

A. Furnish temporary support, adequate protection and maintenance of all underground and surface utility structures, drains, sewers, cables, etc., and other obstructions encountered in the progress of the work.

B. When the grade of alignment of the pipe is obstructed by existing utility structures, such as conduits, ducts, pipes, branch connections to water or sewer mains, and other obstructions, the obstructions shall be permanently supported, relocated, removed or reconstructed by the CONTRACTOR in cooperation with the owners of such structures. The ENGINEER shall make no deviation from the required line or grade except as directed in writing.

C. It shall be the responsibility of the CONTRACTOR to notify the owners of existing utilities in the area of construction a minimum of 48 hours prior to any excavation adjacent of such utilities, so that field locations of said utilities may be established.

D. It shall be the responsibility of the contractor to maintain positive drainage on the surface and to ensure that the existing underground drainage system continues to function as intended during the construction of the new drainage system. The contractor shall submit a plan to maintain the existing drainage patterns and underground system for the approval of the ENGINEER prior to beginning any work on the existing or new drainage systems.

PART 2 - PRODUCTS

2.01 PIPE

A. REINFORCED CONCRETE CULVERT PIPE:

1. A reputable manufacturer, engaged in the full-time business of manufacturing concrete pipe, shall produce the concrete pipe. Pipe manufacturer shall produce the pipe from an approved, permanent plant acceptable to the ENGINEER.

2. All concrete pipes shall be reinforced and shall conform to the requirements of A.S.T.M. C-76. Reinforced Concrete Culvert, Storm Drain, and Sewer Pipe." Pipe shall be Class III. Pipe shall have an interior surface, which is smooth, uniform and free from rough spots, irregularities and projections. Nominal pipe lengths shall be 8' unless authorized otherwise by the VILLAGE'S Representative. Lifting holes will not be permitted.

3. Concrete pipe shall be either bell or spigot, unless approved by ENGINEER.

4. Internal rubber gasket joints will be used at CONTRACTOR'S option. The internal rubber gasket joint shall be supplied by the pipe manufacturer and shall be completely compatible in every respect with the pipe furnished. The pipe manufacturer shall install the rubber gasket on the inside of the bell or groove on the pipe at the plant. All materials and accessories for the rubber gasket joint and the methods of jointing shall be in strict conformance with the pipe manufacturer's direction and recommendation. Joint must be completely watertight.

5. All joints shall be wrapped with filter fabric and held in place with a band or mastic.

6. Cement grout joints shall be completely watertight and acceptable to the VILLAGE'S Representative. A full bed of mortar shall be placed in the bell and/or groove and on the tongue and/or spigot. The annular space in the pipe joint shall be wiped with cement mortar to ensure the joint is filled and to present a smooth surface. The complete exterior periphery of the joint shall have a standard cement grout diaper joint. Diaper shall be installed within the aid of an approved cloth ring. Cement mortar joints shall be made in the dry. Mortar and grout shall be one part Portland Cement to two parts by weight of sand. Mortar shall have enough water to make a stiff mixture that can be molded and worked. Cement mortar joints shall not be covered until inspected and approved by the VILLAGE'S Representative.

B. ADS HP STORM

1. ADS HP Storm pipe shall have a smooth interior and annular exterior corrugations. • 12- through 60-inch (300 to 1500 mm) pipe shall meet ASTM F2881 or AASHTO M330 • Manning's "n" value for use in design shall be 0.012.

2. Pipe shall be joined using a bell & spigot joint meeting the requirements of ASTM F2881 or AASHTO M330. The joint shall be watertight according to the requirements of ASTM D3212. Gaskets shall meet the requirements of ASTM F477. Gasket shall be installed by the pipe manufacturer and covered with a removable, protective wrap to ensure the gasket is free from debris. A joint lubricant available from the manufacturer shall be used on the gasket and bell during assembly. 12- through 60-inch (300 to 1500 mm) diameters shall have an exterior bell wrap installed by the manufacturer.

3. Fittings shall conform to ASTM F2881 or AASHTO M330. Bell and spigot connections shall utilize a welded or integral bell and valley or inline gaskets meeting the watertight joint performance requirements of ASTM D3212.

4. To assure watertightness, field performance verification may be accomplished by testing in accordance with ASTM F1417 or ASTM F2487. Appropriate safety precautions must be used when field-testing any pipe material. Contact the manufacturer for recommended leakage rates.

5. Polypropylene compound for pipe and fitting production shall be impact modified copolymer meeting the material requirements of ASTM F2881, Section 5 and AASHTO M330, Section 6.1.

6. All joints shall be wrapped with filter fabric and held in place with a band or mastic.

2.02 SUBMITTALS.

A. Submit copies of product and material information and data.

PART 3 - EXECUTION

3.01 EXCAVATIONS

A. Trenches shall be kept as nearly vertical as possible and, if required, shall be properly sheeted and braced. Where, in the opinion of the ENGINEER, damage could result from withdrawing sheeting, the sheeting shall be left in place. Not more than 100 feet of trench shall be opened at any one time or in advance of pipe laying unless permitted by the ENGINEER.

1. Except in rock, water-bearing earth or where a granular or concrete base is to be used, mechanical excavation of trenches shall be stopped above the final grade elevation so that the pipe may be laid on a firm, undisturbed native earth bed. If over digging occurs, all loosened earth shall be removed, and the trench bottom brought back to grade with granular material.

2. Excavations and trenches in rock shall be carried to a depth of not less than 12" below the pipe bottom. This space shall be filled with granular material or washed rock.

3. Width of trenches shall be such as to provide adequate space for placing and jointing pipe properly, but in every case the trench shall be kept to a minimum width.

4. Any unstable soil encountered shall be removed and replaced with gravel, crushed rock or rock and sand suitably compacted.

3.02 PREPARATION TO TRENCH BOTTOM

A. Water shall not be allowed in the trenches while the trench bottom is being prepared or while pipe is being installed, unless directed by the ENGINEER.

B. A continuous trough shall be shaped to receive the bottom quadrant of the pipe barrel. Bell holes shall be excavated so that after placement, only the barrel of the pipe receives bearing pressure from the trench bottom.

C. Preparation of the trench bottom and placement of the pipe shall be placed in the trench bottom a minimum of 8" below the bottom of the pipe, and a trough as described above shall be formed to uniformly support the bottom quadrant of the pipe barrel.

3.03 INSTALLATION OF DRAINAGE PIPE

A. Pipe shall be protected during handling against impact shocks and free falls. Pipe shall be kept clean at all times and no pipe shall be used that does not conform to the Specifications.

B. The laying of the pipe shall be commenced at the lowest point with spigot ends pointing in the direction of flow. All pipes shall be laid with ends abutting and true to line and grade. They shall be laid in accordance with manufacturer's requirements as approved by the ENGINEER.

C. Pipe shall be laid accurately to the line and grade as designated on the plans. Preparatory to making pipe joints, all surfaces of the portions of the pipe to be jointed or of the factory-made jointing material shall be clean and dry. Lubricant, primers, adhesive, or approved equals shall be used as recommended by the pipe or joint manufacturer's specifications. The jointing materials or factory-fabricated joints shall then be placed, fitted, joined and adjusted in such a manner as to obtain a watertight line. As soon as possible after the joint is made, sufficient backfill material shall be placed along each side of the pipe to prevent movement of pipe offline and grade.

D. The exposed ends of all pipes shall be suitably plugged to prevent earth, water, or other substances from entering the pipe when construction is not in progress.

E. ADS HP STORM - Installation shall be in accordance with ASTM D2321 and ADS recommended installation guidelines, with the exception that minimum cover in traffic areas for 12- through 48-inch (300 to 1200 mm) diameters shall be one foot (0.3 m) and for 60-inch (1500 mm) diameter the minimum cover shall be 2 ft. (0.6 m) in single run applications. Backfill for minimum cover situations shall consist of Class 1 (compacted), Class 2 (minimum 90% SPD), or Class 3 (minimum 95%) material. Maximum fill heights depend on embedment material and compaction level. Contact your local ADS representative or visit our website at www.ads-pipe.com for a copy of the latest installation guidelines.

3.04 BACKFILLING TRENCHES

A. No trenches or excavations shall be backfilled until the trench and installation has been inspected and written approval given by the VILLAGE'S Representative. Under no circumstances shall water be permitted to rise in unbackfilled trenches after pipe has been placed. Trenches shall be backfilled with approved material, free of large clods, stones or rocks and carefully deposited in layers not to exceed 6-inches until enough fill has been placed to provide a cover of not less than 1-ft above the pipe. Each layer shall be placed, then carefully and uniformly tamped, so as to eliminate the possibility of pipe displacement. The remainder of backfill materials shall then be placed, moistened and compacted in 6-inch layers to density as specified in Section 02200, Paragraph 3.14.I.

B. Whenever the trenches have been improperly filled or if settlement occurs, they shall be refilled, compacted, smoothed off and made to conform to grade. Unless otherwise directed or shown on

the plans, backfill in trenches in or through roadways shall be made as specified above, except that the entire fill above 1-ft over the pipe shall be deposited in layers not to exceed 8-inch in thickness, moistened, and compacted to density equal to or greater than that of adjacent material so that pavement can be placed immediately.

3.05 CONCRETE ENCASEMENT OF DRAINAGE PIPE

A. Trenches in which encasement for pipe are to be placed, may be excavated completely with mechanical equipment. Prior to formation of the encasement, temporary supports consisting of timber wedges or masonry shall be used to support the pipe in place. Temporary supports shall have minimum dimensions and shall support the pipe at no more than two places, one at the bottom of the barrel of the pipe adjacent to the shoulder of the socket and the other near the spigot end.

3.06 DRAINAGE STRUCTURES

A. All structures shall be built to the line and grade shown on drawings. All reinforced concrete work shall be in strict conformance with the concrete specifications contained herein. After erection of the forms and placing of the steel, the CONTRACTOR must have inspection and approval from the ENGINEER before placing any concrete. After removal of the forms, the CONTRACTOR shall backfill around each structure with approved granular fill. The fill shall be placed in layers not exceeding 8-inch in depth measured loose and compacted to density as specified in Section 02200, Paragraph 3.14.I. No defects of any kind in the pipe section will be accepted. All pipe stubs shall be made of the same type of pipe. Pipe stubs shall be sealed with a concrete plug, watertight. The ends of the pipes, which enter masonry, shall be neatly cut to fit the inner face of the masonry. Cutting shall be done before the pipes are built in.

3.07 INSPECTION

A. All storm sewers shall be lamped and physically inspected by the ENGINEER prior to acceptance of the work. Repairs or misalignment shown necessary by the tests shall be corrected at the CONTRACTOR'S expense. All sewers shall be thoroughly cleaned before being placed into use and shall be kept clean until final acceptance by the ENGINEER.

3.08 RESTORATION OF SURFACES AND/OR STRUCTURES

A. The CONTRACTOR shall restore and/or replace paving, curbing, sidewalks, fences and survey points, or any other disturbed surfaces or structures to a condition equal to that before the work was begun and to the satisfaction of the ENGINEER. Relative to restoration of surfaces and/or structures, the CONTRACTOR shall comply with all requirements of governing agencies including VILLAGE, county, and state.

3.09 ABANDONMENT OF PIPELINE IN PLACE

A. All drainage pipelines or structures shown on the drawings to be abandoned in place shall be properly cut and plugged after new mains and provisions for proper drainage are installed. The pipeline shall be filled with concrete one foot from end of pipe as specified in Division 3 - Concrete, and section 03010. Excavation, backfill, and restoration shall be executed in accordance with requirements for removing existing and installing new pipelines.

3.10 MEASUREMENT AND PAYMENT

A. Measurement and payment will be based on the actual quantities installed as more specifically discussed and described in SECTION 01025 for MEASUREMENT AND PAYMENT.

END OF SECTION 02400

SECTION 02510
CONCRETE SIDEWALK

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

A. All applicable provisions of the Bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this Section.

1.02 WORK INCLUDED

A. The work specified in this Section consists of the construction of concrete sidewalk in accordance with these Specifications and in conformity with the lines, grades, dimensions, and notes shown on the plans.

1.03 RELATED WORK

A. Section 02110 - Clearing

B. Section 02200 - Earthwork

C. Section 02515 - Portland Cement Concrete Paving

D. Section 03010 - Concrete

E. Section 03300 - Cast-In-Place Concrete

F. Section 03370 - Concrete Curing

PART 2 - PRODUCTS

2.01 CONCRETE

A. Concrete shall be Class I Concrete, with a minimum compressive strength of 3,000 psi in accordance with Section 345, Florida Department of Transportation Standard Specifications for Road and Bridge Construction.

2.02 FORMS

A. Forms for this work shall be made of either wood or metal and shall have a depth equal to the plan dimensions for the depth of concrete being deposited against them. They shall be straight, free from warp or bends, and of sufficient strength when staked, to resist the lateral pressure of the concrete without displacement from lines and grade. Forms shall be cleaned each time they are used and shall be oiled prior to placing the concrete.

2.03 SUBGRADE AND GRADING

A. Excavation shall be made to the required depth, and the foundation material upon which the sidewalk is to be set shall be compacted to a firm, even surface, true to grade and cross-section, and shall be moist at the time that the concrete is placed.

2.04 JOINTS

A. Contraction joints may be of the open type or may be sawed. Staking a metal bulkhead in place and depositing the concrete on both sides shall form open type contraction joints. After the concrete has

set sufficiently to preserve the width and shape of the joint, the bulkhead shall be removed. After the sidewalk has been finished over the joint, the slot shall be edged with a tool having a 1/2-inch radius.

If the CONTRACTOR elects to saw the contraction joints, a slot approximately 1/8 inch wide and not less than 1-1/2 inches deep shall be cut with a concrete saw after the concrete has set, and within the following periods of time:

Contraction joints shall be constructed at not more than 20-foot intervals and shall be in place within 12 hours after finishing.

PART 3 - EXECUTION

3.01 PLACING

A. The concrete shall be placed in the forms to the required depth and shall be vibrated and spaded until mortar entirely covers its surface.

3.02 FINISHING

A. Screeding: The concrete shall be struck-off by means of a wood screed, used perpendicular to the forms, and floated in order to obtain the required grade and remove surplus water and laitance.

B. Surface requirements: The concrete shall be given a broom finish. The surface variations shall not be more than 1/4-inch under a ten-foot straightedge, nor more than 1/8-inch on a five-foot transverse section. The exposed edge of the slab shall be carefully finished with an edging tool having a radius of 1.5-inch.

3.03 CURING

A. The concrete shall be continuously cured for a period of at least 72 hours. Curing shall be commenced after finishing has been completed and as soon as the concrete has hardened sufficiently, to permit application of the curing material without marring the surface.

B. Wet burlap, white-pigmented curing compound, waterproof paper or polyethylene sheets may be used for the curing of grey concrete only.

3.04 COLORED CONCRETE (NOT USED)

A. Colored – Conditioned Concrete shall be placed, finished, and cured in strict accordance with applicable requirements of this Section and Sections 03010, 03370, and the requirements of the chosen manufacturer.

3.05 MEASUREMENT AND PAYMENT

A. Measurement and payment will be based on the actual quantities installed as more specifically discussed and described in Section 01025 for MEASUREMENT AND PAYMENT.

END OF SECTION 02510

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

A. All applicable provisions of the bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this section.

1.02 WORK INCLUDED

A. This section of the specifications covers the control and general conduct of asphalt paving construction for roads, parking, walks and court areas.

B. All work within the right-of-way shall be constructed using materials and methods in accordance with the drawings, Palm Beach County and Florida Department of Transportation Standard Specifications for Road and Bridge Construction.

C. Provide all labor, materials, necessary equipment and services to complete the Asphaltic Concrete Paving work, as indicated on the drawings, as specified herein or both, except as for items specifically indicated as "NIC ITEMS".

D. Including, but not necessarily limited to the following:

1. Preparation of subgrade.
2. Installation and compaction of base course.
3. Spreading of asphalt surface course.

1.03 RELATED WORK

A. Section 02200 - Earthwork

B. Section 02400 - Storm Drainage Facilities

C. Section 02515 - Portland Cement Concrete Paving

1.04 TRAFFIC CONTROL

A. The CONTRACTOR shall provide and maintain access to and from all properties along the line of CONTRACTOR’S work. The CONTRACTOR shall also provide temporary bypasses and maintain them in a safe and usable condition whenever the public cannot do detouring of traffic to parallel routes without hardship or excessive increases in travel.

1.05 SPECIAL SUBGRADE CONDITIONS

A. When special subgrade conditions are encountered for which these "Asphaltic Concrete Paving Specifications" are not applicable, portions of these specifications shall be deleted or revised to provide a properly finished paved surface. A requested revision or deletion of the specifications shall be accompanied with reports and laboratory tests on existing field conditions. Any change from these "Asphaltic Concrete Paving Specifications" shall be approved by the ENGINEER and shall be in effect only for a specified area or paving project.

1.06 QUALITY ASSURANCE

A. D.O.T. Standard Specifications.

1. Work and materials shall conform to all applicable requirements of Florida Department of Transportation "Standard Specifications for Road and Bridge Construction - 1982" (referred to herein as D.O.T.).

B. American Society for Testing and Materials.

1. ASTM 3515-80 "Standard Specification for Hot-Mixed, Job Laid, Bituminous Paving mixtures."

1.07 SUBMITTALS

A. Provide copies of materials, notarized certificates of compliance signed by material producer and CONTRACTOR, certifying that each material item complies with, or exceeds, specified requirements.

1.08 JOB CONDITIONS

A. Apply prime and tack coats when ambient temperature is above 50 degrees, and when temperature has not been below 35 degrees for 12 hours immediately prior to application. Do not apply when base is wet or contains an excess of moisture.

B. Construct asphalt concrete surface course only when atmospheric temperature is above 40 degrees, and when base is dry. Base course may be placed when air temperature is above 30 degrees, and rising.

1.09 LOCATIONS, LAYOUT AND GRADES

A. Locate and layout paved areas and right-of-ways with reference to benchmarks, property lines or buildings according to the drawings and as accepted by the ENGINEER.

B. Determine locations of paved edges and right-of-way line from surveyor's permanent reference monuments and information on the drawings.

C. Where permanent reference monuments are not available, obtain proper line locations from authorities having jurisdiction.

D. Establish and maintain required lines and elevations.

PART 2 - PRODUCTS

2.01 FILL

A. All fill shall be clean rock and sand (maximum rock size = 1 inch).

B. Fill shall be compacted thoroughly as per Section 02200 - Earthwork.

2.02 LIMEROCK

A. Limerock shall be obtained from pits for which all overburden has been removed previous to blasting and shall show no tendency to air slake and must undergo the following chemical requirements.

		Percent
1.	Carbonates of Calcium	Min.70.0 (Miami Limerock) and Magnesium.
		95.0 (Ocala Limerock)
2.	Oxides of Iron and Aluminum	Max. 2.0
3.	Organic Matter	Max. 0.5

4. Any constituents of other than the above shall be silica or inert material.

5. The material shall be crushed to such size that not less than 97% shall pass a 3-1/2" sieve and it shall be graded uniformly down to dust. All fine material shall consist entirely of dust of fracture.

6. Limerock from on-site may be used if the material meets the requirements of this section of the specifications.

B. All limerock shall comply with requirements set forth under D.O.T. Section 911.

C. Equipment: The equipment for constructing the rock base shall be in first class working condition and shall include:

1. Three-wheel roller weighing not less than ten tons.

2. Self-propelled blade grader weighing not less than three tons. The wheelbase shall be not less than fifteen feet and blade length not less than ten feet.

3. Scarifiers shall have teeth space not to exceed 4-1/2 inches.

   a. Provision for furnishing water at the construction site by tank or hose at a rate not less than 50 gallons per minute.

2.03 PRIME COAT

A. Prime coat shall be Grade RC-70, cut-back asphalt, D.O.T. Section 916-2 (or approved equal).

B. Prime coat shall have full compatibility with surface treatment asphalt.

C. The bituminous material shall conform to the requirements of the Florida Department of Transportation Standard Specifications for Road and Bridge Construction, Section 300-2.

D. The sand for cover shall be clean dry sand.

2.04 TACK COAT

A. The bituminous material to be used for the tack coat shall conform to the requirements of the Florida Department of Transportation Standard Specifications for Road and Bridge Construction, Section 300-2.

2.05 ASPHALT

A. The asphaltic concrete surface course shall be in accordance with Palm Beach County, Florida Department of Transportation Standard Specifications for Type S-1 and Type S-3 Asphaltic Concrete Surface Course (or approved equal).

B. Pavement within public road right-of-way, which has been disturbed by this construction, shall be replaced with the same type and thickness to match the existing pavement section.

C. General composition of mixtures:

1. The aggregate in the asphaltic concrete shall be crushed stone and manufactured sand screening of natural sand or combination of both when necessary to meet requirements of composition of mix. All aggregate shall have a Los Angeles abrasion loss of less than 40%.

2. The mineral aggregate shall be so graded, and the prescribed constituents, prepared as hereinafter set out, shall be combined in such proportions as to produce a mixture conforming to the following general composition limits by weight:

Constituent	Passing Sieve	S-1 Percent by Weight	S-3 Percent by Weight
Course Aggregate	3/4"	100	100
	1/2"	80-100	100
	3/8"	75-93	88-100
	No. 4	47-75	60-90
Total Course Aggregate	No. 10	31-53	40-70
Fine Aggregate	No. 40	19-35	20-45
	No. 80	7-21	10-30
Filler	No. 200	2-6	2-6

Constituent	Percent by Weight
Total Fine Aggregate	

and Filler No. 10	100	100
Total Mineral Aggregate	100	100
Total Mix	100	100
Total Mineral Aggregate	91-95	
Asphalt Cement	5-9*	
(Bitumen) Total Mix	100	

*For highly absorptive aggregates the upper limit may be raised.

2.06 SEAL COATING

A. Homogeneous mixture of emulsified coal tar pitch, asbestos, sand and other inert fillers. It shall be easily remixed if settlement occurs in storage (except in the case of freezing). It shall be capable of application and complete coverage by rubber squeegee, brush, or approved mechanical method, to the surface of bituminous pavements at the spreading rate of point two (.2) to point three (.3) gallons per square yard in two (2) coats.

B. Approved product: "TARFEX" manufactured by Bitucote Products Co. (or approved equal).

PART 3 - EXECUTION

3.01 BARRICADES

A. Provide substantial temporary barricades around all areas of operation and maintain until work under this section is completed and approved.

B. Install temporary traffic markers, signals, and signs as per FDOT to:

1. Eliminate potentially hazardous conditions.

2. Maintain adequate traffic patterns free of conflict with work under this Contract.

3.02 PREPARATION OF SUBGRADE

A. This work consists of bringing the bottom of excavations and top of embankments of the roadway between the outer limits of the shoulders or base course to a surface conforming to the grades, lines, and cross sections shown on the plans. The subgrade shall be of uniform density ready to receive the rock base of the paving course.

B. All soft and yielding material and other portions of the subgrade which will not compact readily shall be removed and replaced with suitable material and the entire subgrade brought to line and grade to provide a foundation of uniform compaction and supporting power.

C. Stumps, roots, and other deleterious organic matter encountered in the preparation of the subgrade shall be removed.

D. Where fills are required on areas covered or partly covered by existing paving, the entire area of such existing paving shall be scarified to a depth of at least six inches, and the scarified material spread evenly over the area to be filled to a width not less than that of the proposed paving.

E. Material for fills shall consist of sand or other suitable material approved by the ENGINEER free from stumps, roots, brushes, and other deleterious organic matter.

F. Where fill is more than one foot (1') in depth, the backfill material above the ground water table shall be compacted on one (8") depth lifts. Each individual layer of fill under the rock base shall have a density as specified in Section 02200, Paragraph 3.14.I. unless shown otherwise on the plans. Each individual layer of fill under the shoulder area shall have a density as specified in Section 02200, Paragraph 3.14.I., unless shown otherwise on the plans.

G. The bottom of all excavated areas and the top of all fills where rock base is to be constructed shall be thoroughly compacted by rolling. Water shall be used to insure thorough compaction. The stability of the top 12-inch thickness of the subgrade immediately under the base, for the full base width plus one foot (1') on each side, shall be at least LBR 40 as determined by AASHTO T-180.

H. Bring subgrade, which has been properly filled and shaped to a firm unyielding surface, by rolling an entire area with an approved vibratory power roller weighing a minimum of 10 tons.

1. Thoroughly compact area inaccessible to the roller with approved hand tamper.

2. Apply water sufficiently to compact the subgrade where the subgrade is of a dry, sandy nature and cannot be rolled.

I. The subgrade shall be maintained free from ruts, depressions or other irregularities until rock base material is spread.

J. For all roads and streets other than State Highway, the stabilized subgrade shall have a minimum Limerock Bearing Ratio (LBR) of 40, unless otherwise noted on the plans.

K. Where the bearing value of the existing subgrade is adequate without addition of stabilizing material, the subgrade shall be scarified and disked, harrowed, bladed or tilled for removal of boulders, roots, etc. to assure uniformity and thorough mixing of material to the full width and depth of required stabilization. The compacted subgrade shall conform to the lines, grades and cross-section shown on the plans.

L. Test subgrade for crown and elevation after preparation and immediately before base of paving course is laid.

1. Remove or add material and compact to bring to a correct elevation and uniform bearing if the subgrade is found not to be at the specified elevation at all points.

2. Adjust the manhole rims, catch basin frames and valve boxes where necessary to match proposed finish grade.

3.03 CONSTRUCTION OF BASE COURSE

A. This work consists of construction of lime rock base course for the asphaltic concrete wearing surface. The base course shall be constructed on the prepared subgrade in 8-inch thick limerock

bases constructed in two 4-inch lifts as shown on the drawings. Twelve 12-inch thick limerock bases shall be constructed in two 6-inch lifts. The limerock base shall be a minimum LBR of 100.

B. Spreading Rock: The rock shall be transported to the points where it is to be used over rock previously placed and dumped on the end of the preceding spread. It shall then be spread uniformly with hand tools, or mechanical equipment. In no case shall rock be dumped directly on the subgrade. No hauling shall be done over the subgrade.

C. Compacting Rock

1. Following spreading, the rock shall be rolled with a three-wheel roller weighing not less than ten tons, water being added as required, until the entire depth of base is compacted into a dense unyielding mass.

2. No greater area of rock base shall be placed during any one day than that which can be rolled and compacted on the same day.

D. Finishing Base

1. After watering and rolling, the entire surface shall be thoroughly scarified to a depth not less than 4-inches and shaped to exact crown and cross section, re-watered and again thoroughly rolled. Rolling shall continue until the entire depth of base is bonded and compacted into a dense, unyielding mass, true to grade and cross section.

a. Any irregularities, which may develop in the surface during such finishing, shall be corrected by the removal or addition of rock as the case may be.

b. If at any time the subgrade material becomes churned up and mixed with the base rock, the CONTRACTOR shall dig out and remove the mixture, reshape and compact the subgrade and replace the materials removed with clean rock which shall be watered and rolled until satisfactorily compacted.

c. Where cracks or checks appear in the base either before or after priming, which in the opinion of the ENGINEER would impair the structural efficiency of the base course, the CONTRACTOR shall remove such cracks or checks by re-scarifying, reshaping, watering, rolling and adding rock where necessary.

d. During final compacting operations, if grading of any areas is necessary to obtain the true grade and cross section, the compacting operations for such areas shall be completed prior to making the density tests on the finished base.

E. Inferior Rock: If in the opinion of the ENGINEER at any time during the progress of the work, rock of inferior quality is being delivered to the construction site, a laboratory analysis of the rock shall be made. Should the results of such tests indicate that the rock does not conform to specifications, the CONTRACTOR shall, at CONTRACTOR's own expense, remove such inferior material from the area indicated and deliver and spread satisfactory rock on said area.

F. Testing Surface: The finished surface of the rock base shall be true to the required cross section. Any irregularities in the grade greater than 1/4", as determined by placing a ten-foot straight edge parallel with the centerline, shall be corrected by scarifying to a depth of three inches (3"), removing or adding rock as may be required and again watering, rolling, and compacting the scarified area.

In testing the surface for irregularities, the measurements under the straight edge shall not be taken in small holes caused by individual pieces of rock having been pulled out by the road grader.

G. Thickness Determination: Thickness of the base shall be measured by intervals as required by the ENGINEER. Measurements shall be taken at various points on the cross section. The measurements shall be taken in holes through the base of not less than 3-inches in diameter. Where the base is more than 1/2-inch less than the required compacted thickness, the CONTRACTOR shall correct such areas by scarifying and adding rock. The affected areas shall then be watered, rolled and brought to a satisfactory state of completion, and of required thickness and cross section.

H. Density: Density determinations shall be made by the CONTRACTOR or at intervals required by the ENGINEER. An average required density shall be as specified in Section 02200, Paragraph 3.14.I. No section of base shall be accepted when more than 10% of tests fall below 98% of maximum density and in no case shall a density of less than 96% of maximum be accepted.

I. Testing: The CONTRACTOR shall coordinate with ENGINEER for all testing. One test shall be made in accordance with AASHTO, T-180 for each class of material in the subgrade and base.

1. In place density tests in accordance with AASHTO T-147 shall be made in the locations shown on the plans. Two copies of the test reports will be sent directly to the ENGINEER for evaluation.

2. Any material, which fails to meet these specifications, shall be removed, replaced, and retested, all at the CONTRACTOR's expense.

3. Tests shall be taken at least every 200 feet and taken at locations and lifts as directed by the ENGINEER.

3.04 PRIME COAT FOR BASE COURSE

A. Cleaning the prepared base:

1. Before any bituminous material is applied, all loose material: dust, dirt, caked clay and foreign matter which might prevent proper bond with the existing surface shall be moved to the shoulders, to the full width of the treatment, by means of revolving brooms or approved mechanical sweepers and by mechanical blowers, of approved types, supplemented by hand sweeping. Dust and other loose materials not removed by mechanical means shall be removed with hand brooms. Particular care shall be taken to clean the outer edges of the strip to be treated in order to insure that the prime coat will adhere. Sweeping and blowing shall be continued until all the loose dust and dirt is removed from the surfaces.

2. Application of bituminous material shall be made during the same day surface has been swept and as soon as practical thereafter.

B. Application for prime coat:

1. The bituminous material shall be applied to the clean dry surface of the rock base at such temperature as will insure uniform distribution. The amount applied will be at the rate of approximately 0.10 to 0.20 gallons per square yard of base area. The application shall be made by means of self-propelled pressure distributor operating under a pressure not less

than 20 pounds per square inch. Application of bituminous material shall be made on only one-half of the width of base at one time.

2. The primed base shall then be covered with a uniform layer of clean sand, and kept thoroughly and uniformly covered by additional sand or sweeping until it shows no signs of picking up under traffic. For a period of one week after priming, the CONTRACTOR shall again broom any area where insufficient cover sand or excess of bituminous material causes "bleeding" and, if necessary, spread additional sand on such area.

C. Prime coat finish: After prime has cured or sat and been sanded, the shoulder shall be shaped to conform to all grade lines and cross sections and the entire area shall be rolled and compacted with a rubber tired roller or a power roller before asphalt surface is laid on the finished base.

3.05 BITUMINOUS TACK COAT

A. Before applying any bituminous material, all loose material: dust, dirt and foreign material, which might prevent proper bond with the existing surface, shall be removed for the full width of the application.

B. Application for tack coat:

1. The surface to receive the tack coat shall be clean and dry. The tack coat shall be clean and dry. The tack coat shall be applied with a pressure distributor except that on small jobs, if approved by the ENGINEER, the application may be made by other approved mechanical methods or by hand methods. The pressure distributor shall operate at a pressure not less than 20 pounds per square inch and at a consistency such that it can be properly pumped and sprayed uniformly over the surface.

2. The bituminous material shall be applied in a thin uniform layer. The rate of application shall be between 0.02 and 0.10 gallon per square yard. The tack coat shall be applied sufficiently in advance of the laying of the wearing surface to permit drying, but shall not be applied so far in advance that it might lose adhesiveness as a result of being covered with dust or other foreign material. The tack coat surface shall be kept free from traffic until the wearing surface is laid.

3.06 ASPHALTIC CONCRETE WEARING SURFACE COURSE

A. Cleaning and preparing base:

1. Prior to the laying of the asphaltic concrete, the base of pavement to be covered shall be cleaned of all loose deleterious material by the use of power brooms or blowers. A tack coat shall be applied on all pavements. The tack coat shall not be applied so far in advance of laying operations as to allow shifting and sand or weather conditions to nullify its effectiveness.

2. After the surface has been thoroughly cleaned, all holes shall be filled with asphaltic concrete, if necessary, and thoroughly compacted to conform to the existing surface and to form a smooth surface.

B. Placing asphaltic concrete: The asphaltic concrete surface course shall be applied after the tack coat may be permitted a reasonable time for drying but not to an extent that the tack coat is allowed to lose its adhesiveness.

1. Machine spreading: Upon arrival the mixture shall be dumped into the approved mechanical spreader and immediately spread and struck off to the full width required and to such appropriate loose depth for each successive course that when the work is completed the required weight of the mixture per square yard or the specified thickness will be secured. An excessive amount of mixture shall be carried ahead of the screen at all times. Hand raking shall be done behind the machine as required.

2. Hand spreading: In limited areas, where, on account of irregularities or unavoidable obstacles, the use of mechanical spreading and finishing equipment is impractical, the mixture may be spread by hand, when so authorized by the ENGINEER.

3. The mixture shall be laid only when the surface to be covered is dry and only when weather conditions are suitable.

4. All structures which will be in actual contact with asphaltic mixture, including the face or surface of curbs or gutters and their vertical faces of existing pavements, shall be painted with a uniform coating of asphalt material to provide a closely bonded, watertight joint.

5. Where necessary, due to the traffic requirements, the mixture shall be laid in strips in such manner as to provide for the passage of traffic.

6. Any mixtures caught in transit by a sudden rain may be laid at the CONTRACTOR's risk. In no case shall the mixture be laid while rain is falling or when there is water on the surface to be covered.

7. The depth of the layer being spread shall be gauged as directed, and where the thickness fails to average the specified thickness, immediate steps shall be taken to correct the depth.

8. Before any rolling is started, the course surface shall be checked, any inequalities adjusted, and all drippings, fat sand accumulations from the screed and fat spots from any source shall be removed and replaced with satisfactory material.

9. Straight-edging and back patching shall be done after initial completion has been obtained and while the material is still hot. Any irregularity greater than 1/4" either longitudinally or traversely shall be corrected at this time.

10. No skin patching shall be done. When a depression is to be corrected while the mixture is hot, the surface shall be well scarified before the addition of fresh mixture. If irregularities occur and are not corrected while the mixture is still hot, the irregularities shall be cut out the full depth of the layer and replaced with fresh mixture.

C. Compacting mixture: After the spreading, the mixture shall be rolled when it has set sufficiently or come to the proper condition to be rolled, and when the rolling does not cause undue displacement or shoving.

1. The motion of the roller shall at all times be slow enough to avoid displacement and shall at once be corrected by the use of rakes and fresh mixture where required. The rolling shall

include all transverse, longitudinal, and diagonal rolling, as may be necessary to obtain the maximum density.

2. The seal rolling with tandem steel rollers weighing from five to eight tons shall follow as close behind the spreader as is possible without picking up or displacing or blistering the material.

3. Rolling with the self-propelled pneumatic-tired rollers shall follow as soon as possible and as close behind the seal rolling as the heat of the mixture will permit. The rolling shall be done while pavement temperature is between 175^{o} and 240^{o}F, and to such an extent that the self-propelled traffic roller shall cover every area of the surface with at least ten passes. Final rolling with tandem steel rollers shall be done after the rolling with self-propelled pneumatic tired rollers is completed. This final rolling shall be done before the pavement temperature is lower than 175^{o}F., and shall be continued until all roller marks or tire marks are eliminated.

4. Self-propelled pneumatic rollers shall be used for the rolling of patching and leveling courses. At the option of the CONTRACTOR, a steel-wheeled roller may be used to supplement the self-propelled pneumatic-tired rollers but not more than one steel-wheeled roller may be used in conjunction with the necessary number of self-propelled pneumatic-tired rollers. After final completion, the finished pavement shall at no point have a density less than 95% of the laboratory compacted density.

5. Rolling with the self-propelled pneumatic-tired roller shall proceed at a speed from six to twelve miles per hour and the rate of rolling shall not exceed 3,000 square yards per hour per roller. A sufficient number of self-propelled pneumatic-tired rollers shall be used so that the rolling of the surface for the required number of 10 passes within this maximum rolling rate shall not delay any other phase of the placing operation and not result in excessive cooling of the mixture before the rolling is complete. In the event that the rolling is not properly maintained to schedule as outlined above, the laying operation shall be discontinued until the rolling operations are sufficiently caught up.

6. In all places inaccessible to a roller, such as adjacent to curbs, headers, gutters, bridges, MAS'S, etc., the required compaction shall be secured with tamps. Depressions, which may develop before the completion of the rolling, shall be remedied by loosening the mixture laid and adding new material to bring such depressions to a true surface.

7. Should any depressions remain after final compaction has been obtained, the mixture shall be removed sufficiently and new material added to form a true and even surface. All high spots, high joints and honeycombs shall be adjusted as directed by the ENGINEER.

8. The mixture, after compaction, shall be of the thickness shown on the plans. The surface, after compactions, at no place shall snow an excess of asphalt and any area showing such excess or other defect, shall be cut out and replaced with fresh mixture and immediately compacted to conform with the surrounding area. Any mixture which becomes loose or broken, mixed with dirt in the wearing course shall be removed and replaced with fresh mixture which shall be immediately compacted to conform with surrounding areas.

9. Gasoline or oil from rollers shall not be allowed to deposit on the pavement and any pavement damaged by such deposits shall be removed and replaced as directed by the ENGINEER.

10. Any mixture remaining unbonded after rolling shall be removed and replaced.

D. Protection of pavement: After the completion of the pavement, no vehicular traffic of any kind shall be permitted on the pavement until it has set sufficiently as approved by the ENGINEER.

3.07 ABUTTING EXISTING PAVING

A. Meet elevation of existing paving and structures, facilities and utilities where applicable by saw cutting and removing no less than two (2) feet from abutment. Milling of asphalt for a width of two (2) feet is an alternative if approved by engineer. Do not cover access covers, manhole tops, water meters or other similar devices.

3.08 PAVEMENT EDGES

A. Make edges of paved area conform to details and sections as shown on drawings.

3.09 SEAL COATING

A. Preparation of surface: Pavement to be sealed must be sound and free of loose dust, dirt, stones, or other foreign matter:

1. Repair any breaks or holes.

2. Scrape off accumulations of oil or fuel drippings and scrub with detergent and water. Remove all traces of detergent.

3. Soft or damaged spots must be repaired.

4. Flush entire area with clean water.

5. Pavement should be damp (no puddles or excess water) when seal coating is applied.

B. MIXING: Stir seal coating to a uniform consistency, use no solvents for thinning. Dilute seal coating with ten (10) percent to twenty (20) percent clean water, stirring to uniform consistency.

C. Application:

1. Seal coat may be applied to dampened surface with a rubber squeegee, soft bristled push broom, or approved mechanized equipment.

2. Seal coating may be poured directly onto pavement in a ribbon or windrow. Squeegee is placed on pavement at a slight angle to edge line of pavement and pulled in a window along pavement in parallel lines, always working excess material toward bottom edge of squeegee.

3. Seal coating should be applied in two (2) thin coats. After first coat is completely dry to touch, a second coat may be applied at right angles to the first. Rate of application will depend on porosity of surface.

4. Allow to cure for twenty-four (24) hours before opening to traffic.

5. Do not apply seal coating when temperature is below fifty (50) degrees Fahrenheit, or falling, before sealer is dry, or rain appears imminent or forecast.

6. Apply in strict accord with manufacturers published instructions.

3.10 FIELD QUALITY CONTROL

A. Test in place asphalt concrete course for compliance with requirements for thickness and surface smoothness. Repair or remove and replace unacceptable paving as directed by VILLAGE'S Representative and ENGINEER.

1. In-place compacted thickness will not be acceptable if exceeding following allowable variation from required thickness:

a. Base Course: Not greater than 1/2" of specified thickness.
b. Surface Course: Not greater than 1/4" of specified thickness.

2. Test finished surface of each asphalt concrete course for smoothness, using 10' straight edge applied parallel with, and at right angles to centerline of paved area. Surfaces will not be acceptable if exceeding the following tolerances for smoothness.

a. Base Course Surface: 1/4".
b. Wearing Course Surface: 1/8".

B. Check surface area at intervals as directed by the ENGINEER.

C. Finish grade shall be within ±0.01 feet of the grades indicated on the plans or ± 0.05 feet as long as no ponding of water is observed after final paving.

3.11 CLEAN UP

A. Remove all debris and excess material immediately from project site.

B. Take down all barricades and temporary traffic markers, signals and signs only after all work included in this section is finished and inspected, and only after so directed by the ENGINEER.

C. Leave project area clean, orderly and free of any hazardous conditions.

3.12 CONSTRUCTION OF SWALES

A. This work consists of regrading existing swales and construction of new swales adequate for conveying storm water along the right-of-way to catch basins. The swale shall be shaped according to the cross section shown on the plan. In areas adjacent to existing roadways all swales shall be regraded to match their existing condition prior to construction, unless otherwise noted.

B. Requirements: All soft and yielding material and other portions of the swale which will not compact readily shall be removed and replaced with suitable material and the entire swale area brought to the proper grade. Stumps, roots, and other deleterious organic matter encountered during the shaping for the swale shall be removed.

C. The bottom of all excavated areas and the top of all fills of swale areas shall be thoroughly compacted by rolling. Water shall be used as necessary to insure thorough compaction. The stability of the top 12" thickness of swale area shall be at least LBR 40 as determined by ASSHTO T-180. Sufficient stabilizing material shall be added to swale area soil as required to provide the specified stability.

D. The CONTRACTOR shall place sod over existing areas damaged by construction. The sod shall match the existing sod type in the affected areas.

3.13 MEASUREMENT AND PAYMENT

A. Measurement and payment will be based on the actual quantities installed as more specifically discussed and described in SECTION 01025 for MEASUREMENT AND PAYMENT.

END OF SECTION 02513

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

A. All applicable provisions of the Bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this Section.

1.02 WORK INCLUDED

A. Provide all labor, materials, necessary equipment and services to complete the Portland Cement Concrete Paving work, as indicated on the drawings, as specified herein or both, except as for items specifically indicated as "NIC ITEMS".

B. Including, but not necessarily limited to the following:

1. Fill, subgrade, and limerock base.

2. Concrete formwork.

3. Concrete reinforcement.

4. Expansion and contraction joints.

5. Concrete paving.

1.03 RELATED WORK

A. Section 02200 - Earthwork

B. Section 02513 - Asphaltic Concrete Paving - General

1.04 QUALITY ASSURANCE

A. Requirements of Regulatory Agencies: Perform work in accordance with local building and other applicable codes.

B. Applicator Qualifications: Minimum of five years experience on 5 comparable concrete projects.

C. Inspection and Testing: Performed in accordance with Section 01410 unless otherwise specified.

1. Test cylinders - as per ASTM C-39.

a. Minimum of three (3) concrete test cylinders shall be taken for every 75 or less cubic yards of concrete placed.

b. Minimum of one (1) additional test cylinder shall be taken during any cold weather concreting and be cured on job site under same conditions as the concrete it represents.

2. Slump test - as per ASTM C-143:

a. Minimum of one (1) slump test shall be taken for each set of test cylinders taken.

1.05 SUBMITTALS

A. Test Reports: Reports of concrete compression, yield, air content, and slump tests.

B. Certificates:

1. Manufacturer's certification that materials meet specification requirements.

2. Material content per cubic yard of each class of concrete furnished.

a. Dry weights of cement.
b. Saturated surface-dried weights of fine and coarse aggregate.
c. Quantities, type and name of admixtures.
d. Weight of water.

3. Ready-mix delivery tickets, ASTM C-94.

C. Shop Drawings:

1. Show sizes and dimensions for fabrication and placing of reinforcing steel and bar supports.

2. Indicate bar schedules, stirrup spacing, and diagrams of bend bars.

3. Detail items of form systems affecting appearance of Architectural concrete surfaces such as joints, tie holes liners, patterns and textures. Show items in relation to entire form system.

1.06 DELIVERY, STORAGE AND HANDLING

A. Deliver reinforcement to project site in bundles marked with metal tags indicating bar size and length.

B. Handle and store materials to prevent contamination.

1.07 JOB CONDITIONS

A. Allowable concrete temperatures:

1. Hot weather: Maximum 90 degrees F as per ASTM C-94.

B. Do not place concrete during rain, unless protection is provided.

PART 2 - PRODUCTS

2.01 FILL

A. As specified in Section 02513 - Asphaltic Concrete Paving - general.

2.02 SUBGRADE

A. As specified in Section 02513 - Asphaltic Concrete Paving – general.

2.03 LIMEROCK BASE

A. As specified in Section 2242 – Limerock Base and Section 02513 - Asphaltic Concrete Paving - general.

2.04 READY-MIXED CONCRETE

A. Cement: ASTM C-150, normal Type 1.

B. Admixtures:

1. Air entraining: ASTM C-260.
2. Chemical: Type (as required) ASTM C-494.
3. Fly ash and pozzolans: ASTM C-618.

C. Coarse aggregate: Not less than 50% clean, hard, crushed stone conforming to requirements of Table 2, size number 467 ASTM C-33.

D. Slump Range: 2-4 inches - tested according to ASTM designation C143 (AASHTO T119).

E. Air content: 5% + 1%.

F. Mix proportioning:

1. 28 day compressive strength of cured laboratory samples 3,000 psi.
2. Minimum cement content 5-sacks/cubic yard.

G. Curing Material: Liquid membrane, ASTM C-309, Type 1.

H. Mixes:

1. ASTM C-94.
2. Mix concrete only in quantities for immediate use.
3. Do not retemper or use set concrete.

2.05 REINFORCEMENT

A. Reinforcing Steel Bars: 60 psi yield strength; deformed billet steel bars; ASTM A-615, plain finish.

B. Welded Steel Wire Fabric: Plain type, ASTM A-185, hot dip galvanized, plain finish.

C. Tie Wire: FS QQ-W-461-G, annealed steel, black, 16-gage minimum.

D. Bar Supports: Conform to "Bar Support Specifications," CRSI Manual of Standard Practice.

2.06 FORMWORK AND ACCESSORIES

A. Formwork: Matched, tight fitting and adequately stiffened to support weight of concrete without deflection detrimental to tolerances and appearance of concrete, conform with ACU 347, Chapter 3, Material and Form Work.

B. Lumber:

1. Softwood framing lumber: Kiln dried, PS-20.

2. Boards less than 1-1/2 inch thick and 2 inches wide, used for basic forms and form liners: Kiln dried.

3. Grade marked by grading rules agency approved by American Lumber Standards Committee.

4. Light framing or studs for board or plywood forms, 2 inches to 4 inches width and thickness, construction standard grade.

5. Boards for basic forms, construction standard grade.

6. Board surface: Smooth.

C. Plywood:

1. Exterior type softwood plywood, PS 1-66.

2. Each panel stamped or branded indicating veneer grades, species, type and identification.

3. Wood faced plywood for Architectural concrete surfaces.

   a. Panel veneer grades: B-C.
   b. Mill-oiled sides and mill-sealed edges of panels.

D. Ties:

1. Material: Steel
2. Type: Snap ties
3. Depth of breakback: 1 in.
4. Maximum diameter, 1/4 in.

E. Form coatings:

1. Non-staining type.
2. Agent: Pine oil derivative.

2.07 EXPANSION AND CONTRACTION JOINTS

A. Minimum 3/4-inch thick asphaltic impregnated fiberboard as per ASTM D-1751.

2.08 OTHER

A. Water: Clean and potable.

PART 3 - EXECUTION

3.01 BARRICADES

A. Provide substantial temporary barricades around all areas of operation and maintain until work under this section is completed and approved.

B. Install temporary traffic, markers, signals, and signs as per D.O.T. Standard Specifications to:

1. Eliminate potentially hazardous conditions.

2. Maintain adequate traffic patterns free of conflict with work under this Contract.

3.02 PREPARATION OF SUBGRADE

A. Ensure rough grading has brought subgrade to required elevations.

B. Fill soft spots and hollows with additional fill.

C. Level and compact subgrade, to receive limerock base for concrete walks, curbs and gutters, to a density as specified in Section 02200, Paragraph 3.14.I.

3.03 FORMWORK

A. CONTRACTOR is responsible for the design, construction, removal and complete safety of formwork and shoring.

B. Form construction shall be provided to shape, lines dimensions of members shown: substantial, tight enough to prevent leakage, and properly braced or tied to maintain position and size, form sides and bottoms of members unless specifically excepted.

C. Fill voids of plywood joints with sealant and tool smooth.

D. Form vertical surfaces to full depth and securely position to required lines and levels. Ensure form ties are not placed so as to pass through concrete.

E. Arrange and assemble formwork to permit easy dismantling and stripping, and to prevent damage to concrete during formwork removal.

3.04 REINFORCING

A. Reinforce concrete curbs and gutters. Allow for minimum 2-inch concrete cover.

B. Do not extend reinforcing through expansion and contraction of joints. Provide dowelled joints through expansion and contraction joints, with one end of dowels fitted with capping sleeve to allow free movement.

3.05 FORMING EXPANSION AND CONTRACTION JOINTS

A. Place expansion and contraction joints at 20 foot intervals or as indicated on drawings. Where possible, make joints of curbs coincide with joints in paving slabs. When sidewalks abut building, provide continuous joint filled.

B. Fill joints with filler of required profiles set perpendicular to longitudinal axis of walks, curbs and gutters. Recess 1/2 inch below finished concrete surface.

3.06 INSPECTION

A. Assure that excavation and formwork are completed, and excess water is removed.

B. Check that reinforcement is secured in place.
C. Verify that expansion joint material, anchors, and other embedded items are secured in position.

3.07 PREPARATION FOR PLACEMENT

A. Notify the ENGINEER and other inspectors at least 36 hours prior to inspection.

B. Equipment forms, and reinforcing shall be clean and wet down, reinforcing firmly secured in place, runways set up and not resting on or displacing reinforcing.

3.08 PLACING CONCRETE

A. Place concrete, screed and wood float surfaces to a smooth and uniform finish, free of open texturing and exposed aggregate.

B. Avoid working mortar to surface.

C. Round all edges, including edges of expansion and contraction joints, with 1/2 inch of radius edging tool.

D. Where concrete curbs are adjacent to pavement slabs, make concrete curbs and gutters integral with slabs. Make expansion and contraction joints of curbs coincide with slab joints.

E. Ensure finished surfaces do not vary from true lines, levels or grade by more than 1/8 inch in 10 feet when measured with straightedge.

F. Apply curing compound on finished surfaces immediately after finishing. Apply in accordance with manufacturer's recommendations.

3.09 PROTECTION OF COMPLETED WORK

A. During curing period, protect concrete from damaging mechanical disturbances, water flow, loading, shock, and vibration.

3.10 CLEAN UP

A. Remove all debris and excess material immediately from project site.

B. Take down all barricades and temporary traffic markers, signals and signs only after all work included in this section is finished and inspected, and only after so directed by VILLAGE'S Representative.

C. Leave project area neat, orderly and free of any hazardous conditions.

3.11 MEASUREMENT AND PAYMENT

A. Measurement and payment will be based on the actual quantities installed as more specifically discussed and described in SECTION 01025 for MEASUREMENT AND PAYMENT.

END OF SECTION 02515

SECTION 02577
PAVEMENT MARKING

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

A. All applicable provisions of the bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this section.

1.02 WORK INCLUDED

A. The work covered by this section shall include the furnishing of all labor, equipment and materials necessary to construct and install all pavement marking, striping and car stops in accordance with the plans and these specifications.

1.03 RELATED WORK

A. Section 02513 - Asphaltic Concrete Paving - General

B. Section 02515 - Portland Cement Concrete Paving

1.04 QUALITY ASSURANCE

A. Perform all work in accordance with the requirements of local agencies.

1.05 SUBMITTALS

A. Submit copies of product and material information and data.

PART 2 - PRODUCTS

2.01 Chlorinated rubber-alkyd type, as per Fed Spec. No. TT-P-115, Type III, or shall be Code T-1, conforming to Section 971-12.2 of the Florida Department of Transportation Standard Specifications.

1. Paint shall be factory mixed, quick drying and non-bleeding type.

2. Color shall be as per D.O.T. requirements.

3. Striping, arrows, lane markers and stop bars shall be provided with paint containing reflective additive.

2.02 Thermoplastic paint shall conform to the applicable Technical Specifications (Section 711) of the Florida Department of Transportation and Palm Beach County Standards

2.03 Traffic paint shall conform to the applicable Technical Specifications (Section 710) of the Florida Department of Transportation and Palm Beach County Standards

2.04 Car stops shall be of the size and dimensions shown on the plans. Concrete for car stops shall have a minimum compressive strength of 2,500 psi.

2.05 Reflectors shall be in accordance with Minimum Standards.

PART 3 - EXECUTION

3.01 TRAFFIC AND LANE MARKINGS

A. Sweep dust and loose material from the sealed surface.

B. Apply paint striping as indicated on the drawings, with suitable mechanical equipment to produce uniform straight edges.

1. Apply in not less than (2) two coats as per manufacturer's recommended rates of applications.

C. Protect pavement markings until completely dry in accordance with manufacturers recommendations.

3.02 MEASUREMENT AND PAYMENT

A. Measurement and payment will be based on the actual quantities installed as more specifically discussed and described in SECTION 01025 for MEASUREMENT AND PAYMENT.

END OF SECTION 02577

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

A. All applicable provisions of the Bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this section.

1.02 WORK INCLUDED

A. The work covered by this section shall include the furnishing of all labor, equipment, services, materials, products and tests to perform all operations in connection with the construction of all new structures or modifications or abandonment of existing structures as shown on the plans, defined in these specifications and subject to the terms and conditions of this contract, including, but not limited to, maintenance access structure's (MAS's), catch basins, and inlets.

1.03 RELATED WORK

A. Section 02200 - Earthwork

B. Section 02221 - Excavation and Backfilling for Utilities

C. Section 02400 - Storm Drainage Facilities

1.04 SUBMITTALS

A. The CONTRACTOR shall furnish the ENGINEER shop drawings of the precast drainage structures and MAS's for approval. Shop drawings should illustrate all dimensions, reinforcements and specifications for the complete installation.

PART 2 - PRODUCTS

2.01 MORTAR

A. Mortar for use in constructing and plastering sewer structures shall conform to ASTM C-270, "Specifications for Mortar for Unit Masonry" A Portland cement-hydrated lime mixture or a masonry cement may be used provided that the same materials are used throughout the project.

B. Mortar materials shall be proportioned by volume and shall consist of one part Type II Portland Cement to two parts aggregate (sand). Portland Cement shall conform to ASTM C-150, "Specifications for Portland Cement". Aggregate shall conform to ASTM C-144, "Specifications for Aggregate for Masonry Units."

2.02 PRECAST CONCRETE MANHOLES

A. Precast manhole sections shall conform to ASTM C-478, Specifications for Precast Reinforce Concrete Manhole Sections as modified thereto. Concrete shall attain a minimum compressive strength of 4,000 psi at 28 days. Minimum wall thickness shall be 8 inches.

B. Unless otherwise specified on the plans, all joints shall be made with neoprene or rubber "O" ring compression joints; asphalt or mastic joint sealing compound. After assembly, all joints shall be

filled with mortar and pointed to provide a smooth surface without joint voids. Joints shall be wrapped with filter fabric and sealed with mastic or other approved exterior seal product.

C. The base and walls that compose the bottom section of precast manholes shall be of monolithic construction, minimum 8-inches thick, and the edge of the base slab shall project a minimum 4 inches beyond the outside diameter of the wall.

D. Holes for piping shall be 6" inches larger than the outside diameter of the respective pipe. After the pipe is set, the void space between the pipe and the hole perimeter shall be completely filled with non-shrinking, quick-setting, waterproof cement mortar and struck smooth.

E. The minimum height of precast base section shall be 36 inches from the bottom of the base slab; however, no holes for piping shall be cast less than 8 inches from the top of the base section or less than 2 inches from the top of the base slab.

2.03 ENDWALLS, CATCH BASINS, INLETS AND JUNCTIONS BOXES

A. Endwalls, valve vaults, catch basins, inlets and junction boxes shall be constructed at the locations shown and to the dimensions indicated on site plans. Unless otherwise specified on the plans, inlets, junction boxes, catch basins, valve vaults and similar structures may be constructed of brick, concrete block, poured concrete or precast concrete. Precast catch basins shall conform to latest A.C.H.A. and P.C.A. specifications. Concrete shall have not less than 4,000-PSI compressive strength at 28 days.

B. Unless otherwise specified on the plans, all concrete for these structures shall be Class I concrete as specified in the Florida Department of Transportation "Standard Specifications for Road and Bridge Construction", latest revision, Section 345. Mortar for use in constructing and plastering shall be as previously set forth in this section.

C. Brick shall be solid hard-burned clay conforming to ASTM Serial C-32-73, Grade MA. Concrete brick shall conform to ASTM Serial C-55-75, Grade P-I. Concrete block shall conform to ASTM Serial C-90-78, Grade PI.

D. All brick or concrete block structures covered in this Section shall be plastered inside and outside with 1 inch of cement mortar. Inside surfaces shall be smooth and even.

E. Base slabs and walls of concrete structures shall be constructed in a continuous pour between expansion joints.

F. For each grate type inlet, two layers of Mirafi 140 fabric of "Poly Filter X" polypropylene material (or approved equal), shall be sandwiched between 2 x 2 x 10/10 welded wire fabric cut to the grate size and attached to the underside of the grate. The sandwiched filter material shall be wired to the cross members of the grate each way on 4-inch centers. After inlet construction and the roadway construction is completed and the project site work (including landscaping) has been established, the filter material and fabric shall be removed with any retained silt or sand.

2.04 CASTINGS (INCLUDING FRAMES, COVERS AND GRATINGS)

A. Iron castings shall conform to ASTM A-48, "Specifications for Gray Iron Castings", and shall be Class 30. Frames and grates may be Class 20.

B. All castings shall be made of clean, even grain, tough grey cast iron. The castings shall be smooth, true to pattern and free from projections, sand holes, warp and other defects. The horizontal surface of the frame cover seats and the under surface of the frame cover seat which rests upon the cover seat shall be machined. After machining, it shall not be possible to rock any after it has been seated in any position in its associated frame. Machining shall be required only on those frames and covers intended for vehicular traffic.

C. Bearing surfaces between cast frames, covers and grates shall be machined and fitted together to assure a true and even fit. Within areas of vehicular traffic, the frames, covers and gratings shall be machined-ground so that irregularity of contact will be reduced to a minimum and will be rattle-proof.

D. All manhole covers shall be provided with concealed pick holes. Manufacturer's name and catalog number shall be cast on all frames, covers, grates, etc. Covers shall be lettered "Storm Sewer" or "Sanitary Sewer" as applicable and shall be plainly visible. The manhole frames and covers shall be flush with finished grade.

E. Grates and covers for inlets shall be as shown on the plans, set to the grades indicated and conforming with the requirements of the castings described above. Grates shall be furnished complete with frames specifically constructed to provide full bearing at all points of contract.

PART 3 - EXECUTION

3.01 CHANNELS

A. Channels shall be accurately and smoothly formed in accordance with the plans. Channels shall be constructed of concrete with trowel-finished surfaces. The upper surface of the manhole shall be sloped toward the channels as shown.

B. Drop pipe at sanitary sewer MAS’s shall be installed when the difference in elevation between the pipe invert and the invert at the center of the manhole exceeds two feet (2'), or where directed by the ENGINEER. The drop manhole structure shall be built according to the plans and specifications.

C. After channels are formed and section joints are pointed, the interior of the sanitary sewer manhole shall be painted with two coats of Koppers Bitumastic 300-M (7 mils per coat) (or approved equal). The exterior shall be painted in a similar manner, if required by local regulations.

D. Storm drainage structures are not required to be painted inside or outside. Provide finish and water proofing as specified in 3.02 and 3.03 below.

3.02 BRICKS

A. All bricks shall be thoroughly wetted before being laid. Brick shall be laid by the above shove joint method so as to bond them thoroughly into the mortar. Headers and stretcher courses shall be so arranged as to bond and mass thoroughly. Joints shall be finished smooth and shall be not less than 1/4 inch or more than 1/2 inch in thickness.

3.03 MANHOLES AND OTHER STRUCTURES

A. All joints shall be finished watertight; all openings for sewers, frames, etc., in precast manhole access structures and catch basins shall be cast at time of manufacture. Spaces around all piping entering or leaving manhole access structures shall be completely filled with Embeco mortar (or approved equal).

B. All MAS's shall be set plumb to line and grade and shall rest on a firm carefully graded subgrade which shall provide uniform bearing under base.

C. Grout for manhole bottoms shall consist of broken block, brick and 2:1 cement mortar.

3.04 CLEANING AND MAINTENANCE

A. All structures shall be cleaned and maintained in workable condition until accepted by the ENGINEER

3.05 ABANDONMENT OF EXISTING STRUCTURES IN PLACE

A. All structures shown on the drawings to be abandoned in place shall be removed to a minimum of 3 feet below existing grade and properly filled with material as in section 02200 paragraph 3.14. Excavation, backfill, and restoration shall be executed in accordance with requirements for removing existing and installing new structures.

3.06 MEASUREMENT AND PAYMENT

A. Measurement and payment will be based on the actual quantities installed as more specifically discussed and described in SECTION 01025 for MEASUREMENT AND PAYMENT.

END OF SECTION 02601

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

A. All applicable provisions of the Bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this Section.

1.02 WORK INCLUDED

A. The CONTRACTOR shall furnish and install all piping systems shown and specified, in accordance with the requirements of the Contract Documents. Each system shall be complete with all necessary fittings, hangers, supports, anchors, expansion joints, flexible connectors, valves, accessories, heat tracing, insulation, lining and coating, testing, disinfection, excavation, backfill and encasement, to provide a functional installation.

B. The piping shown is intended to define the general layout, configuration, routing, method of support, pipe size, and pipe type. The mechanical drawings are not pipe construction or fabrication drawings. It is the CONTRACTOR's responsibility to develop the details necessary to construct all mechanical piping systems, to accommodate the specific equipment provided, and to provide and install all spools, spacers, adapters, connectors, etc., for a complete and functional system.

1.03 RELATED WORK

A. Division 2 as applicable.

B. Section 02200 - Earthwork.

C. Section 02221 - Excavation and Backfilling Utilities

D. Section 02400 - Storm Drainage Facilities

E. Section 02601 - Subterranean Structures

1.04 REFERENCE STANDARDS

A. Codes: All codes, as referenced herein are specified in Section 01090, "Reference Standards".

B. Commercial Standards:

ANSI/ASME B1.20.1	Pipe Threads, General Purpose (inch).
ANSI B16.5	Pipe Flanges and Flanged Fittings, Steel Nickel Alloy and other Special Alloys.
ANSI/AWWA C207	Steel Pipe Flanges for Water Works Service, Sizes 4 in through 144 in.
ANSI/AWWA C606	Grooved and Shouldered Joints.
ANSI/AWS D1.1	Structural Welding Code.

ASTM A 307	Specification for Carbon Steel Bolts and Studs, 6,000 PSI Tensile.
ASTM A 325	Specification for High-Strength Bolts for Structural Steel Joints.
ASTM D 792	Test Methods for Specific Gravity and Density of Plastics by Displacement.
ASTM D 2000	Classification System for Rubber Products in Automotive Applications.

1.05 SUBMITTALS

A. The CONTRACTOR shall submit complete shop drawings and certificates, test reports, affidavits of compliance, of all piping systems, in accordance with the requirements in Section 01340, "Shop Drawings, Product Data and Samples", and as specified in the individual sections. The shop drawings shall include all necessary dimensions and details on pipe joints, fittings, fitting specials, valves, appurtenances, design calculations, and material lists. The submittals shall include detailed layout, spool, or fabrication drawings which show all pipe spools, spacers, adapters, connectors, fittings, and pipe supports necessary to accommodate the equipment and valves provided in a complete and functional system.

B. All expenses incurred in making samples for certification of tests shall be borne by the CONTRACTOR.

C. The CONTRACTOR shall submit as part of the shop drawings a certification from the pipe fabricator stating that all pipes will be fabricated subject to a recognized Quality Control Program. An outline of the program shall be submitted to the ENGINEER for review prior to the fabrication of any pipe

1.06 QUALITY ASSURANCE

A. Inspection: All pipes shall be subject to inspection at the place of manufacture. During the manufacture of the pipe, the ENGINEER shall be given access to all areas where manufacturing is in progress and shall be permitted to make all inspections necessary to confirm compliance with the Specifications.

B. Tests: Except where otherwise specified, all materials used in the manufacture of the pipe shall be tested in accordance with the applicable Specifications and Standards. [Welds shall be tested as specified.] The CONTRACTOR shall perform all tests at no additional cost to the VILLAGE.

C. Welding Requirements: All welding procedures used to fabricate pipe shall be pre-qualified under the provisions of ANSI/AWS D1.1. Welding procedures shall be required for, but not necessarily limited to, longitudinal and girth or spiral welds for pipe cylinders, spigot and bell ring attachments, reinforcing plates and ring flange welds, and plates for lug connections.

D. Welder Qualifications: skilled welders, welding operators, and tackers who have had adequate experience in the methods and materials to be used shall do all welding. Welders shall be qualified under the provisions of ANSI/AWS D1.1 by an independent local, approved testing agency not more than 6 months prior to commencing work on the pipeline. Machines and electrodes similar

to those used in the WORK shall be used in qualification tests. The CONTRACTOR shall furnish all material and bear the expense of qualifying welders.

1.07 MANUFACTURER'S SERVICE REPRESENTATIVE

A. Where the assistance of a manufacturer's service representative is advisable, in order to obtain perfect pipe joints, supports, or special connections, the CONTRACTOR shall furnish such assistance at no additional cost to the VILLAGE

1.08 MATERIAL DELIVERY, STORAGE, AND HANDLING

A. All piping materials, fittings, valves, and accessories shall be delivered in a clean and undamaged condition and stored off the ground, to provide protection against oxidation caused by ground contact. All defective or damaged materials shall be replaced with new materials.

1.09 CLEANUP

A. After completion of the work, all remaining pipe cuttings, joining and wrapping materials, and other scattered debris, shall be removed from the site. The entire piping system shall be handed over in a clean and functional condition.

PART 2 - PRODUCTS

2.01 GENERAL

A. All pipes, fittings, and appurtenances shall be furnished in accordance with the requirements of the applicable Sections of Division 2 and as specified herein.

B. Lining: All requirements pertaining to thickness, application, and curing of pipe lining, are in accordance with the requirements of the applicable Sections of Division 2, unless otherwise specified.

C. Coating: All requirements pertaining to thickness, application, and curing of pipe coating, are in accordance with the requirements of the applicable Sections of Division 2, unless otherwise specified. Pipes above ground or in structures shall be field-painted as directed by the ENGINEER.

D. Grooved Piping Systems: Piping systems with grooved joints and fittings may be provided in lieu of screwed, flanged, welded, or mechanical joint systems for ductile iron yard piping. (All piping above and below ground within the property limits of treatment plants, pump stations, and similar installations). All grooved couplings on buried piping must be bonded. To assure uniform and compatible piping components, all grooved fittings, couplings, and valves shall be from the same manufacturer. The CONTRACTOR shall make the coupling manufacturer responsible for the selection of the correct style of coupling and gasket for each individual location.

2.02 PIPE FLANGES

A. Flanges: Where the design pressure is 150 psi or less, flanges shall conform to either ANSI/AWWA C207 Class D or ANSI B16.5 150-lb class. Where the design pressure is greater than 150 psi, up to a maximum of 275 psi, flanges shall conform to ANSI/AWWA C207 Class E, Class F, or ANSI B16.5 150-lb class. However, AWWA flanges shall not be exposed to test pressure greater than 125 percent of rated capacity. For higher test pressures, the next higher rated

AWWA flange or an ANSI-rated flange shall be selected. Where the design pressure is greater than 275 psi up to a maximum of 700 psi, flanges shall conform to ANSI B16.5 300-lb class. Flanges shall have flat faces and shall be attached with boltholes straddling the vertical axis of the pipe unless otherwise shown. Attachment of the flanges to the pipe shall conform to the applicable requirements of ANSI/AWWA C207. Flanges for miscellaneous small pipes shall be in accordance with the standards specified for these pipes.

B. Blind Flanges: Blind flanges shall be in accordance with ANSI/AWWA C207, or with the standards for miscellaneous small pipes. All blind flanges for pipe sizes 12 inches and over shall be provided with lifting eyes in form of welded or screwed eyebolts.

C. Flange Coating: All machined faces of metal blind flanges and pipe flanges shall be coated with a temporary rust-inhibitive coating to protect the metal until the installation is completed.

D. Flange Bolts: All bolts and nuts shall conform to pipe manufacturers recommendations. Studs and bolts shall extend through the nuts a minimum of 1/4-inch. All-thread studs shall be used on all valve flange connections, where space restrictions preclude the use of regular bolts.

E. Insulating Flanges: Insulated flanges shall have boltholes 1/4-inch diameter greater than the bolt diameter.

F. Insulating Flange Sets: Insulating flange sets shall be provided where shown. Each insulating flange set shall consist of an insulating gasket, insulating sleeves and washers and a steel washer. Insulating sleeves and washers shall be one piece when flange bolt diameter is 1-1/2-inch or smaller and shall be made of acetal resin. For bolt diameters larger than 1-1/2-inch, insulating sleeves and washers shall be 2-piece and shall be made of polyethylene or phenolic. Steel washers shall be in accordance with ASTM A 325. Insulating gaskets shall be full-face.

G. Insulating Flange Manufacturers, or approved equal:

1. JM Red Devil, Type E;
2. Maloney Pipeline Products Co., Houston;
3. PSI Products, Inc., Burbank, California.

H. Flange Gaskets: Gaskets for flanged joints shall be full-faced, 1/16-inch thick compressed sheets of aramid fiber base, with nitrile binder and non-stick coating, suitable for temperatures to 700 degrees F, a pH of one to eleven, and pressures to 1000 psig. Blind flanges shall have gaskets covering the entire inside face of the blind flange and shall be cemented to the blind flange. Ring gaskets shall not be permitted.

I. Flange Gasket Manufacturers, or approved equal:

1. John Crane, style 2160;
2. Garlock, style 3000.

J. Water Stop Gasket: Water stop gaskets for HDPE pipe are to be used to seal and prevent the infiltration and exfiltration of water at manhole connections. The recommended minimum concrete structure hole diameter for a 18" pipe is to be 26.50". The pipe is to be cleaned prior to attaching the gasket which is to be positioned on the valley of the corrugation. The take up clamp screws are to be positioned 180 degrees from each other. A good quality bonding agent is required at the structures opening. Water stop gasket is to meet the requirements of ASTM C923.

2.03 THREADED INSULATING CONNECTIONS

A. General: Threaded insulating bushings, unions, or couplings, as appropriate, shall be used for joining threaded pipes of dissimilar metals and for piping systems where corrosion control and cathodic protection are involved.

B. Materials: Threaded insulating connections shall be of nylon, Teflon, polycarbonate, polyethylene, or other non-conductive materials, and shall have ratings and properties to suit the service and loading conditions.

2.04 MECHANICAL-TYPE COUPLINGS (GROOVED OR BANDED PIPE)

A. General: Cast mechanical-type couplings shall be provided where shown. The couplings shall conform to the requirements of ANSI/AWWA C606. All gaskets for mechanical-type couplings shall be compatible with the piping service and fluid utilized, in accordance with the coupling manufacturer's recommendations. The wall thickness of all grooved piping shall conform with the coupling manufacturer's recommendations to suit the highest expected pressure. To avoid stress on equipment, all equipment connections shall have rigid-grooved couplings, or harness sets in sizes where rigid couplings are not available, unless thrust restraint is provided by other means. The CONTRACTOR shall have the coupling Manufacturer's service representative verify the correct choice and application of all couplings and gaskets, and the workmanship, to assure a correct installation.

B. Couplings for Steel Pipe, Manufacturers, or approved equal:

1. Gustin-Bacon (banded or grooved);
2. Victaulic Style 41 or 44 (banded, flexible);
3. Victaulic Style 77 or 07 (grooved).

C. Ductile Iron Pipe Couplings, Manufacturers, or approved equal:

1. Gustin-Bacon;
2. Victaulic Style 31.

Note: Ductile iron pipe couplings shall be furnished with flush seal gaskets.

2.05 SLEEVE-TYPE COUPLINGS

A. Construction: Sleeve-type couplings shall be provided where shown, in accordance with ANSI/AWWA C219 unless otherwise specified, and shall be of steel with steel bolts, without pipe stop, and shall be of sizes to fit the pipe and fittings shown. The middle ring shall be not less than 1/4-inch in thickness and shall be either 5 or 7 inches long for sizes up to and including 30 inches and 10 inches long for sizes greater than 30 inches, for standard steel couplings, and 16 inches long for long-sleeve couplings. The followers shall be single-piece contoured mill section welded and cold expanded as required for the middle rings. They shall be of sufficient strength to accommodate the number of bolts necessary to obtain adequate gasket pressures without excessive rolling. The shape of the follower shall be of such design as to provide positive confinement of the gasket. Buried sleeve-type couplings shall be epoxy-coated at the factory as specified.

B. Pipe Preparation: The ends of the pipe, where specified or shown, shall be prepared for flexible steel couplings. Plain ends for use with couplings shall be smooth and round for a distance of 12

inches from the ends of the pipe, with outside diameter not more than 1/64-inch smaller than the nominal outside diameter of the pipe. The middle ring shall be tested by cold-expanding a minimum of one percent beyond the yield point, to proof-test the weld to the strength of the parent metal. The weld of the middle ring shall be subjected to air test for porosity.

C. Gaskets: Gaskets for sleeve-type couplings shall be rubber-compound material that will not deteriorate from age or exposure to air under normal storage or use conditions. Gaskets for wastewater and sewerage applications shall be Buna "N," grade 60, or equivalent suitable elastomer. The rubber in the gasket shall meet the following specifications:

1. Color - Jet Black
2. Surface - Non-blooming
3. Durometer Hardness - 74 ± 5
4. Tensile Strength - 1000 psi Minimum
5. Elongation - 175 percent Minimum

The gaskets shall be immune to attack by impurities normally found in water or wastewater. All gaskets shall meet the requirements of ASTM D 2000, AA709Z, meeting Suffix B13 Grade 3, except as noted above. All gaskets shall be compatible with the piping service and fluid utilized.

D. Insulating Couplings: Where insulating couplings are required, both ends of the coupling shall have a wedge-shaped gasket which assembles over a rubber sleeve of an insulating compound in order to obtain insulation of all coupling metal parts from the pipe.

E. Restrained Joints: All sleeve-type couplings on pressure lines shall be harnessed unless thrust restraint is provided by other means. Harnesses shall be in accordance with the requirements of the appropriate reference standard, or as shown.

F. Manufacturers or approved equal:

1. Dresser, Style 38;
2. Ford Meter Box Co., Inc., Style FC1 or FC3;
3. Smith-Blair, Style 411.

2.06 FLEXIBLE CONNECTORS

A. Flexible connectors shall be installed in all piping connections to engines, blowers, compressors, and other vibrating equipment, and where shown. Flexible connectors for service temperatures up to 180 degrees F shall be flanged, reinforced Neoprene or Butyl spools, rated for a working pressure of 40 to 150 psi, or reinforced, flanged duck and rubber, as best suited for the application. Flexible connectors for service temperatures above 180 degrees F shall be flanged braided stainless steel spools with inner, annular, corrugated stainless steel hose, rated for minimum 150 psi working pressure, unless otherwise shown. The connectors shall be 9 inches long, face-to-face flanges, unless otherwise shown. The manufacturer shall approve the final material selection. The CONTRACTOR shall submit manufacturer's shop drawings and calculations.

2.07 EXPANSION JOINTS

A. All piping subject to expansion and contraction shall be provided with sufficient means to compensate for such movement, without exertion of undue forces to equipment or structures. This may be accomplished with expansion loops, bellow-type expansion joints, or sliding-type expansion joints. Expansion joints shall be of stainless steel, monel, rubber, or other materials, best

suited for each individual service. The CONTRACTOR shall submit detailed calculations and manufacturer's shop drawings, guaranteeing satisfactory performance of all proposed expansion joints, piping layouts showing all anchors and guides, and information on materials, temperature and pressure ratings.

2.08 PIPE THREADS

A. All pipe threads shall be in accordance with ANSI/ASME B1.20.

PART 3 - EXECUTION

3.01 GENERAL

A. All pipes, fittings, and appurtenances shall be installed in accordance with the requirements of the applicable Section of Divisions 2. The lining manufacturer shall take full responsibility for the complete, final product and its application. All pipe ends and joints at screwed flanges shall be epoxy-coated, to assure continuous protection.

B. Where core drilling is required for pipes passing through existing concrete, core drilling locations shall be determined by radiograph of concrete construction to avoid damage to embedded raceways and rebars.

C. All exposed piping shall be painted. All piping to be painted shall be color coded in accordance with VILLAGE'S standard color code. Color samples shall be submitted to ENGINEER for final color selection.

3.02 MEASUREMENT AND PAYMENT

A. Measurement and payment will be based on the actual quantities installed as more specifically discussed and described in SECTION 01025 for measurement and payment.

END OF SECTION 2610

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

A. Drawings and general provisions of the Contract, including General and Supplementary Conditions apply to this Section.

1.02 SUMMARY

A. This Section includes the following:

1. Interlocking concrete paver units.
2. Sand setting bed.
3. Sand joint filler.

1.03 REFERENCES

A. American Society of Testing and Materials (ASTM):

1. ASTM C 33 – Standard Specification for Concrete Aggregates.
2. ASTM C 136 – Method for Sieve Analysis for Fine and Course Aggregates.
3. ASTM C 140 C 33, Specification for Concrete Aggregates.
4. ASTM C 136, Method for Sieve Analysis for Fine and Coarse Aggregate.
5. ASTM C 140, Sampling and Testing Concrete Masonry Units.
6. ASTM 144, Standard Specification for Aggregate for Masonry Mortar.
7. ASTM C 936, Specification for Solid Interlocking Concrete Paving Units.
8. ASTM C 979, Specification for Pigments for Integrally Colored Concrete.
9. ASTM D 698, Test Methods for Moisture Density Relations of Soil and Soil Aggregate Mixtures Using a 5.5-lb (2.49 kg) Rammer and 12 in. (305 mm) drop.
10. ASTM C 1319 – Standard Specification for Concrete Grid Paving Units.
11. ASTM D 1557, Test Methods for Moisture Density Relations of Soil and Soil Aggregate Mixtures Using a 10-lb (4.54 kg) Rammer and 18 in. (457 mm) drop.
12. ASTM D 2940, Graded Aggregate Material for Bases or Subbases for Highways or Airports.
13. ASTM D 5269 – Standard Specification for Topsoil Used for Landscaping Purposes.

1.04 SUBMITTALS

B. Product Data: For materials other than water and aggregates.

C. Submit sieve analysis for grading of bedding and joint sand.

D. Submit test results from independent testing laboratory for compliance of paving unit ASTM C 936 requirements.

E. Indicate layout, patter, and relationship of paving joints to fixtures and project formed details.

F. Samples: Submit full size sample sets of concrete paving units indicating color and shape selections. Color to be selected by ENGINEER and VILLAGE from manufacturer's full range of available colors or as specified on the drawings.

1.05 QUALITY ASSURANCE

A. Mockups: Build mockups for each form and pattern of unit paver.

1. Approved mockups may become part of the completed Work if undisturbed at time of Substantial Completion.

1.06 DELIVERY, STORAGE, AND HANDLING

A. Deliver concrete pavers to site in steel banded, plastic banded, or plastic wrapped cubes capable of transfer by fork lift or clamp lift.

B. Unload pavers at job site in such a manner that no damage occurs to product.

C. Cover sand with waterproof covering to prevent exposure to rainfall or removal by wind. Secure covering in place.

D. Coordinate delivery and paving schedule to minimize interference with normal use of buildings adjacent to paving.

PART 2 - PRODUCTS

2.01 CONCRETE PAVERS

A. Concrete Pavers:
1. Material to match existing pavers in right of way.

B. Manufacturer: Provide products produced by manufacturers as shown or approved equal.

1. Artistic Paver
MFG. 120 N.E.
179th Street
North Miami Beach, FL
33162 (305) 653-7283

C. Units shall be sound and free of defects that would interfere with proper placement of unit or impair strength or performance of construction.

D. Minor cracks incidental to usual methods of manufacture, or chipping resulting from customary shipment and delivery shall not be deemed grounds for rejection.

2.02 BEDDING SAND

A. Bedding and joint sand shall be clean, non-plastic, free from deleterious or foreign matter.

B. Sand shall be natural or manufactured from crushed rock.

C. Limestone screenings or stone dust shall not be used.

D. When concrete pavers are subject to vehicular traffic, sands shall be as hard as practically available.

E. Grading of sand samples for the bedding course and joints shall be done according to ASTM C 136. Bedding sand shall conform to the grading requirements of ASTM C 33 as shown in Table 1 below:

Table 1 – Grading Requirements for Bedding Sand ASTM C 33

Sieve Size Natural Sand	Percent Passing
3/8 in. (9.5 mm)	100
No. 4 (4.75 mm)	95 to 100
No. 8 (2.36 mm)	85 to 100
No. 16 (1.18 mm)	50 to 85
No. 30 (600 µm)	25 to 60
No. 50 (300 µm)	10 to 30
No. 100 (150 µm)	2 to 10

2.03 JOINT SAND

A. Joint sand shall conform to grading requirements of ASTM C 144 as shown in Table 2 below:

Table 2 – Grading Requirements for Bedding Sand ASTM C 33

Sieve Size Natural Sand	Percent Passing
No. 4 (4.75 mm)	100
No. 8 (2.36 mm)	95 to 100
No. 16 (1.18 mm)	70 to 100
No. 30 (600 µm)	40 to 75
No. 100 (150 µm)	2 to 10
No. 200 (75 µm)	0

2.04 SOURCE QUALITY CONTROL

A. Sampling and Testing:

1. Manufacturer shall provide access to lots ready for delivery to Owner or authorized representative for testing in accordance with ASTM 936 82 for sampling of material prior to commencement of paver placement.
2. Manufacturer shall provide minimum three (3) years testing backup data showing manufactured products that meet and exceed ASTM 936-82 when tested in compliance with ASTM C-140.

3. Provide random sampling with a minimum of nine (9) specimens per 20,000 square feet per product shape and size with repeated samples taken every additional 20,000 square feet or a fraction thereof.
4. Test units in accordance with ASTM for compressive strength, absorption and dimensional tolerance. Minimum three (3) specimens per test required for an average value. Testing of full units is preferred.
5. In the event a shipment fails to conform to specified requirements, manufacturer may sort, and new tests shall be selected at random by Owner from retained lot and tested at the expense of manufacturer. If the second set of test units fails to conform to specified requirements, the entire lot will berejected.

PART 3 - EXECUTION

3.01 EXAMINATION

A. Verify that subgrade preparation, compacted density and elevations conform to the specifications.

1. Compaction of the soil subgrade to at least 98% Standard Proctor Density per ASTM D 698 is recommended.
2. Higher density or compaction to ASTM D 1557 may be necessary for areas subject to continual vehicular traffic.
3. Stabilization of the subgrade and/or base material may be necessary with weak or saturated subgrade soils.
4. The Architect/Engineer should inspect subgrade preparation, elevations, and conduct density tests for conformance to specifications.

B. Verify that geotextiles, if applicable, have been placed according to specifications.

C. Verify that aggregate base materials, thickness, compaction, surface tolerances, and elevations conform to the specifications.

D. Verify location, type, installation, and elevations of edge restraints around the perimeter area to be paved.

E. Verify that base is dry, uniform, even, and ready to support sand, pavers, and imposed loads.

F. Beginning of bedding sand and paver installation means acceptance of base and edge restraints.

3.02 INSTALLATION

A. Spread sand evenly over the base course and screed to a nominal 1 in. (25 mm) thickness, not exceeding 1-1/2 in. (40 mm) thickness.

B. Screeded sand should not be disturbed. Place sufficient sand to stay ahead of laid

pavers. Do not use the bedding sand to fill depressions in the base surface.

C. Ensure that pavers are free of foreign materials before installation.

D. Lay pavers in pattern(s) as shown on Drawings. Maintain straight patternlines.

E. Joints between pavers on average shall be between 1/16 inch and 3/16 inch (2 mm to 5 mm) wide.

1. Some paver shapes require a largerjoint.
2. Consult manufacturer for recommended joint widths.

F. Fill gaps at the edges of the paved area with cut pavers or edge units.

1. Units cut no smaller than one-third of a whole paver are recommended along edges subject to vehicular traffic.
2. Cut pavers to be placed along the edge with a double blade paver splitter or masonry saw.
3. Use a low amplitude, high frequency plate vibrator to vibrate the pavers into the sand. Use Table 3 below to select size of compaction equipment:

Table 3

Paver Thickness	Minimum Centrifugal Compaction Force
60 mm	3000 lbs. (13 kN)
80 mm	5000 lbs. (22 kN)

G. Vibrate the pavers, sweeping dry joint sand into the joints and vibrating until they are full. This will require at least two or three passes with the vibrator. Do not vibrate within 3 ft. (1 m) of the unrestrained edges of the paving units.

H. All work within 3 ft. (1 m) of the laying face must be left fully compacted with sand-filled joints at the completion of each day.

I. Sweep off excess sand when the job is complete.

J. Final surface elevations shall not deviate more than 3/8 inch (10 mm) under a 10 ft. (3 m) long straightedge.

K. Surface elevation of pavers shall be 1/8 inch to 1/4 inch (3 to 6 mm) above adjacent drainage inlets, concrete collars, or channels.

L. Contracts shall reapply sand as necessary to paver joints for a period of 90 days after completion of work.

M. After removal of excess sand, check final elevations for conformance to Drawings.

END OF SECTION 02780

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

A. All applicable provisions of the Bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this Section.

1.02 WORK INCLUDED

A. The work included in this section consists of furnishing all labor, supplies equipment and materials necessary to complete the installation of all landscaping as shown on the Plans as base bid including the installation of sod and seeding as shown, as well as all other related responsibilities as described in these Specifications and accompanying plans.

B. Installation: All plant materials included shall be of the specific size and quality indicated on the plans and in these specifications and shall be installed in strict accordance with sound nursery practices and shall include maintenance and watering for all work outlined on the plans and specifications until final acceptance.

C. Quantities and Locations: The ENGINEER reserves the right to adjust the number and locations of the designated types and species to be used at any of the locations shown in order to provide for any modifications which might become necessary.

1.03 RELATED WORK

A. Section 02050 - Demolition

B. Section 02210 - Site Grading

C. Section 02284 - Topsoil

D. Section 02910 - Sodding

1.04 QUALITY ASSURANCE

A. Responsibility for Assuring Quality Work: The CONTRACTOR'S Superintendent shall be well versed in Florida plant material, planting operations, blue print reading, and coordination with other performing contracts or services in the job area.

All employees shall be competent and highly skilled in their particular job in order to properly perform the work assigned to them. The CONTRACTOR shall be responsible for maintaining the quality of the material on the job throughout the duration of the CONTRACT.

B. Correct Grade of Plants: In the event that it becomes apparent that any nursery supplying plants for this work has knowingly and consistently represented the grade of plants as being higher than their actual grades as determined under these provisions, all plants already delivered from such sources shall be removed from the job at the CONTRACTOR'S expense, and no further plants will be accepted from such nursery until written evidence is submitted and confirmed that all material for delivery has been inspected and approved by inspectors of the State Plant Board as being of the grade as represented.

C. Authority for Nomenclature, Species, Etc.: All plant material shall conform to the names given in Hortus Third, 1976 edition. Names of varieties not included therein conform generally with names accepted in the nursery trade.

D. Grade Standards: All plant materials shall be nursery grown except where specified as collected material, and shall comply with all required inspections, grading standards and plant regulations as set forth by the Florida Department of Agriculture's "Grades and Standards for Nursery Plants" revised 1973, or with any superseding specifications that may be called for on the Plans or in the Specifications. ALL PLANTS NOT LISTED IN THE GRADES AND STANDARDS FOR NURSERY PLANTS, shall conform to a Florida No. 1 as to: (1) Health and Vitality, (2) Condition of Foliage, (3) Root System, (4) Freedom from Pest or Mechanical Damage, (5) Heavily Branched and Densely Foliated according to the accepted normal shape of the species, or sport, (6) Form and branching habit.

E. Balled and Burlapped (B&B) and Wire Balled and Burlapped (WB&B) Plants: These plants shall be properly protected until they are planted. The plant shall be handled only by the earth ball and not be the plant itself.

Any (B&B) or (WB&B) plant which shows evidence of having handled by a method other than the method outlined above, and resulting in a cracked or broken ball or of the roots being loosened within the ball shall be rejected.

For plants grown in soil of loose texture, which does not readily adhere to the root system, (especially in the case of large plant material), WB&B plants may be specified. For WB&B plants, before plant is removed from the hole, sound hog wire shall be placed around the burlapped ball and looped and tensioned until the burlapped ball is substantially packaged by the tightened wire netting, such as to prevent disturbing of the loose soil around the roots during handling. Any wire, synthetic material or chemically treated material will be removed from the rootball at planting time, all ties shall be removed from the rootball and around the trunk at planting.

F. Container Grown Plants (CG): Any Container Grown (CG) plants, which have became "pot bound" or for which the top system is out of proportion (larger) to the size of the container, will not be acceptable.

With metal containers, unless the root-ball system slips easily and unbroken from the can, a nursery can-cutter shall be used to slit the can in such a way that the can may be opened fully.

CG plants shall not be removed from the can until immediately before planting, and with all due care to prevent damage to the root system.

G. Submit to the ENGINEER the names and locations of nurseries proposed as sources of acceptable plant material. The ENGINEER reserves the right to visit the nursery to inspect and/or select the specified material.

H. The ENGINEER will be included in the hand selecting of all Live Oaks for the project.

1.05 DELIVERY, STORAGE AND HANDLING

A. Inspection and Transporting: Movement of nursery stock shall comply with all Federal, State, and local laws and regulations. Therefore, required inspection certificates shall accompany each shipment, and shall be filed with the ENGINEER.

Wrap root balls with burlap. Wire wraps burlap if root ball is not sufficiently compacted. Palms will not require burlap wrapping if the following requirements are met:

1. Dug from marl or heavy soil that adheres to roots and retains shape without shattering.

2. Moistened material used to cover ball and roots not exposed to wind and sun.
3. Transport material on vehicles large enough to allow plants not to be crowded. Plants shall be covered to prevent wind damage during transit and shall be kept moist, fresh and protected at all times. Such protection shall encompass the entire period, which the plants are in transit, being handled, or are in temporary storage.

B. All plant material shall not remain on the work site longer than two (2) days prior to being installed.

1.06 SUBSTITUTIONS

A. Substitutions of plant types or change in the size of plant material will only be permitted upon submission of documented proof that the particular plant type and size specified is not obtainable.

B. Where B&B or WB&B plants are specified, CG plants of the same species, etc., will not be accepted. Where a B&B or WB&B is not specified on a particular plant material, B&B, WB&B or CG plants may be used provided they meet all specifications.

1.07 GUARANTEE

A. All plant material shall be guaranteed for a minimum of one (1) calendar year from the time of final acceptance.

1.08 REPLACEMENT

A. The guaranteeing of plant material shall be construed to mean the complete and immediate replacement of plant material if it is:

1. Not in a healthy growing condition.

2. There is a question to its survival ability at the end of the guarantee period.

3. It is dead.

1.09 SIZE, QUALITY AND GRADE OF REPLACEMENT

A. Replacement plant material shall be of the same species, quality, and grade as that of the plant to be replaced. The size of the replacement shall not necessarily be the same size as the original specified plant at its initial planting but shall closely match specimens of the same species. Replacements shall be guaranteed for a period equal to the originally specified guarantee. This guarantee period shall begin at time of plant replacement.

1.10 GUARANTEE NULL AND VOID

A. The guarantee shall be null and void for plant material which is damaged or dies as a result of "Act of God" limited to hail, freeze, lightening, winds which exceed hurricane force, and lethal yellowing, providing the plant was in a healthy growing condition prior to these "Acts of God".

PART 2 - MATERIALS

2.01 PLANT MATERIAL

A. Florida No. 1: Except where another grade is specifically called for in the Plans, all plant material shall be no less than Florida No. 1 at the time of final inspection immediately prior to the acceptance by the VILLAGE.

B. Habit of Growth: All plant material shall have a habit of growth that is normal for that species and shall be sound, healthy, vigorous, and free from insects, plant diseases, injuries, and dead limbs.

C. Branching, Leafing, Measurements and Ball Sizes:

1. Trees and Shrubs: Requirements for the measurement, branching character, ball diameter, depth and other standards shall follow the Code of Standards recommended by the American Association of Nursery Stock, Bulletin Z-60.1-1973 and as revised.

2. Palms: Requirements for the measurement of clear trunk, clear wood and graywood ball diameter and depth shall comply with requirements as set forth by the Florida department of Agriculture's "Grades and Standards for Nursery Plants, Part II for Palms and Trees".

D. Die-Back and Leaf-Drop: Plant material showing signs of die-back or leaf-drop will not be accepted and must be removed from the job immediately if so directed by the ENGINEER. Therefore, any plant material with tendencies toward leaf-drop or dieback must be root pruned early enough to provide a sound network of hair roots prior to relocation to the job site.

E. Mechanical Destruction of Foliage: Mechanical destruction of foliage resulting from root pruning shall not effect more than 10% of the total foliage prior to planting on the job site. Loss of foliage caused by seasonal change will be accepted.

F. Spanish Moss: If Spanish Moss (Tillandsia usneoides) exists on plant material, it shall be completely removed prior to planting on the job site.

G. Palms: Before transporting, see Delivery, Storage and Handling; for requirements related to wrapping of root balls.

1. Remove a minimum of fronds from the crown of the palms to facilitate transporting and handling.

2. Palms with burn marks, nail holes, and frond boots on trunk shall not be accepted.

3. Using untreated burlap strip or untreated cotton twine, tie Sabal Palmetto buds and leave in place until Palmetto is established. Tying shall be as set forth in Florida Department of Agriculture's "Grades and Standards for Nursery Plants". Tying of other palms shall be at the option of the CONTRACTOR.

4. To reduce head volume, Palm fronds may be taper trimmed by not more than one-third (1/3).

5. Palm trees showing cable or chain marks and equipment scars shall be rejected.

H. Chlorosis: The allowable level of Chlorosis in foliage shall be as set forth in the Florida Department of Agriculture's "Grades and Standards for Nursery Plants".

2.02 PLANTING SOILS

A. General Type: All plant material with the exception of Sabal palmetto shall be planted with planting soil mixed with 50% original soil, if the soil is of good quality, as determined by the ENGINEER. The planting soils shall be sandy loam (50% sand, and 50% muck) typical of the locality. The soil must be taken from ground that has never been stripped, with a slight acid reaction (5.5 to 6.5 ph) and without an excess of calcium or carbonate. Soil shall be delivered in a loose friable condition.

B. Special Type: Planting soil for palms shall be a good grade of salt free sand, which is free of all weeds.

2.03 WATER

A. Water shall be potable, from municipal water supplies or other sources, which are approved by a public health department.

2.04 MULCH

A. Mulch shall be Eucalyptus mulch or other approved non-native tree bark mulch. It must be uniformly shredded and be free from pieces of bark larger than 1", foreign matter, weed seeds and any other organic or inorganic material. Submit sample for approval. CONTRACTOR shall apply one application at initial installation and a second application prior to final acceptance.

2.05 FERTILIZER

A. New Plant Material: Trees, palms and shrubs, fertilize with Agriform planting tablets, 20-20-5 formula, 21 gram (or approved equal).

B. New Ground Covers: Fertilize with an approved fertilizer of fifty percent (50%) or greater organic 6-6-6 or 8-8-8 with minor elements including, but not limited to, iron zinc and manganese.

C. Composition of Quality: All fertilizer shall be uniform in composition and dry. Granular fertilizer shall be free flowing and delivered in manufacturers standard container with name of material, weight and guaranteed analysis printed on container. Tabletized fertilizer shall be delivered in unopened containers or boxes. All bags, containers or boxes shall be fully labeled with the manufacturer's analysis. Submit labels to ENGINEER for approval prior to placement of fertilizer.

D. All shall comply with the State of Florida fertilizer laws.

2.06 PRUNING PAINT

A. Pruning Paint shall be commercial tree paint, which is waterproof, antiseptic, adhesive, elastic and free of kerosene, water, cresol and any other substances harmful to plant material.

2.07 VEGETATIVE ROOT INHIBITOR

A. A vegetative root inhibitor shall consist of a polypropylene fabric (or approved equal) with root control time-release modules of Trifluralin with an effective life of 100 years (or approved equal).

B. Vegetative root inhibitor shall Bio-Barrier as manufactured by Reemay, Inc. (or approved equal).

PART 3 - EXECUTION

3.01 INSPECTION

A. Utilities: The location and existence of utilities (overhead and underground) shall be thoroughly investigated and verified by the CONTRACTOR before the work begins in the area of said utilities. The CONTRACTOR shall exercise care in digging and work so as not to damage existing utilities in said areas, such as underground pipes, cables, wires, etc. Should such overhead or underground obstructions be encountered which interfere with planting, the ENGINEER shall be consulted immediately in order for a decision to made on the relocations of plant material to clear such obstruction. The CONTRACTOR shall be responsible for the immediate repair of any damage to utilities caused by CONTRACTOR's work.

3.02 PREPARATION

A. Staking Plant Locations: Plant locations must be staked or marked prior to plant hole excavation or placing on deck, by scaling the plants from existing features found on-site and shown on the plans or by given dimensions if shown.

B. Spacing of Shrubs: Shrub beds located next to another bed, walkway, structure, etc., shall have the plants along the perimeter spaced so that the plants can mature properly without growing into the other bed, walkway, structure, etc.

C. Excavation of Plant Holes: Excavation of plant holes shall be roughly cylindrical in shape with the sides approximately vertical. The ENGINEER reserves the right to adjust the size and shape of the plant hole and the location of the plant in the hole to compensate for unanticipated structures or unanticipated factors. All plant holes shall be sufficiently deep to allow the rootball to set on existing soil and have root collar at grade level. Plants shall be centered in the holes with the tree trunk locations scaled from existing permanent structures as shown on the drawings. Plants shall be set straight or plumb in locations. All plant holes to accommodate plants with ball sizes less than 24" in diameter shall be at least 18" greater than the diameter of the ball. All plants holes to accommodate plants with ball sizes two feet (2') and larger in diameter shall be at least twice the diameter of the ball. The excavated material from the plant holes may not be used to back-fill around the plant material. Such material shall be disposed of either on the project site or off the site as directed by the ENGINEER. Plant holes for shrub material planted in mass shall meet all requirements listed above for plant holes. However, they shall not be individual holes but one continuous hole or excavation. Plant holes for hedge material shall also meet all requirements listed above for plant holes, however, a continuous trench shall be used in lieu of individual holes.

3.03 INSTALLATION

A. Setting of Plants:

1. When lowered into the hole the plant shall rest on the prepared hole bottom such that the roots after settlement are level, or slightly above the level of its previous growth condition and the final level of the ground around the plant shall conform to the surrounding grade. The plants shall be set straight or plumb or normal to the relationship of their growth prior to transplanting. The ENGINEER reserves the right to realign any plant material after it has been set.

2. Palms of the Sabal species may be set deeper than the depth of their original growth condition in order to lessen the necessity for support or bracing. For such deeper planting however, it will be required that the underlying soil be friable and that the clear trunk requirements set forth in the plant list be maintained from the finished grade and NOT from the previous grade of the palm trees before it was transplanted.

3. Plant material of the shrub category and smaller must be handled by the ball only. Plant material too large for hand handling, if moved by winch or crane, must be thoroughly protected from chain, rope or cable marks, girdling, bark slippage, limb breakage and any other damage that might occur by improper handling or negligence.

4. All palm trees handled by the trunks must be wrapped with burlap and wood battens, held in place by banding strips as called for in the details.

B. Backfilling:

1. Use planting soils specified in Article 2.02, Planting Soil. Backfill to the bottom two thirds of the planting hole and firmly tamp and settle by watering as backfilling progresses. After having tamped and settled the bottom two thirds (2/3) of the hole, thoroughly puddle with water and fill remaining one third (1/3) of the hole with planting soil, tamping and watering to eliminate air pockets.

C. Application of Fertilizer:

1. Fertilize New Planting (Trees, Palms and Shrubs) as follows:

a.

Specified Container Size	Application Rate
1 gallon container	1 tablet
3 gallon container	2 tablets
5 gallon container	3 tablets
7 gallon container	5 tablets

b. Large tubs or boxes and B&B material shall receive one (1) tablet for each one-half (1/2) inch of trunk diameter (measured three (3) feet from ground). For large shrubs, one (1) tablet for each one (1) foot of height or spread.

D. Mulch: Within 24 hours after planting, planting areas must be mulched as called for in these specifications. The mulch shall be uniformly applied to a depth of two (2) inches over all shrub, tree and groundcover areas and any areas indicated on the plans.

E. Staking and Guying shall be installed within 24 hours; in accordance with details.

F. Initial Watering: Initially, water the plant material to develop uniform coverage and deep-water penetration of at least six inches (6"). Avoid erosion, puddling, and washing soil away from plant roots.

G. Hand Watering: Provide hand watering of plant material as necessary subject to weather conditions, to maintain healthy growing conditions until final acceptance. This shall be in addition to water received from irrigation system, if any.

H. Pruning:

1. The amount of general pruning shall be limited to the minimum necessary to remove dead or injured twigs and branches and to compensate for the loss of roots as a result of transplanting operations. Pruning shall be done in such a manner as not to change the natural habit of shape of a plant, and in accordance with National Arborist Association standards for pruning.

2. All broken or damaged roots shall be cut off smoothly. The tops of all trees shall be pruned in a manner complying with standard horticultural practices. All cut surfaces of one-half inch (1/2") or more in diameter above ground level shall be treated with approved commercial tree paint.

I. Weeding: In the event that weeds or undesirable vegetation becomes prevalent to such an extent that they threaten plant material, they shall be removed as directed by the ENGINEER. If necessary, the plant material and/or planting soil shall be replaced as needed to eliminate the weeds at the expense of the CONTRACTOR.

3.04 CLEANING AND PROTECTION

A. Disposal of Trash: All debris and other objectionable material created through planting operations and landscape construction shall be removed completely on a daily basis from the job or as directed by the ENGINEER. Excess soil shall be disposed of as directed by the ENGINEER.

B. Responsibility for Protection and Restoration of Property: The CONTRACTOR shall be responsible for all damage to property whether it is accidental or necessary for the completion of the contract.

C. Protection Against Mechanical Damage: The CONTRACTOR's responsibility for protection against mechanical damage shall include providing protection from vehicles and providing warning signs and barricades as might be necessary and CONTRACTOR shall repair, restore and replace any planting areas which become damaged as a result of any negligence of the CONTRACTOR or CONTRACTOR’s employees in complying with these requirements. Coordination shall be with the VILLAGE and the ENGINEER.

D. Responsibility Prior to Final Acceptance:

1. Maintenance shall begin immediately after each plant is planted and continue until final acceptance.

2. Plants shall be watered by hose, soaking thoroughly each day for the first two weeks (14 calendar days) and every other day for the following two week period. Soaking then shall continue on a twice weekly basis for another period of three (3) weeks for material over

five feet (5') height, amounting to a total of 28 days after installation of planting under five feet (5') and a total of 45 days for plants over five feet (5'). All watering is required without regard to an irrigation system.

3. Plant maintenance shall include watering, pruning, weeding, cultivating, mulching, tightening and repairing of guys, stakes, braces, etc., replacement of sick or dead plants, resetting plants to proper grades or upright position and maintenance of the watering saucer, and all other care needed for proper growth of the plants. Plant material rejected during the course of the construction shall be removed within five (5) working days and replaced before the inspection for completion will be scheduled.

4. During the maintenance period and up to the issuance of Certificate of Final Acceptance, the CONTRACTOR shall do all seasonal spraying and/or dusting of all planting. The materials and methods shall be in accordance with the highest standard nursery practices and as recommended by the VILLAGE, or Horticultural Engineer and approved by the ENGINEER, prior to implementation.

5. Planting areas and plants shall be protected against trespassing and damage. If any plants become damaged or injured they shall be treated or replaced, as directed and in compliance with this specification. No work shall be done within or over planting areas or adjacent to plants without proper safeguards and protection.

3.05 MEASUREMENT AND PAYMENT

A. Measurement and payment will be based on actual quantities installed as more specifically discussed and described in SECTION 01025 of MEASUREMENT AND PAYMENT.

END OF SECTION 02900

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

A. All applicable provisions of the Bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this Section.

1.02 WORK INCLUDED

A. The work included in this section consists of furnishing all labor, supplies, equipment and materials necessary to complete the installation of sod and associated materials herein after listed and as shown on the plans.

1.03 RELATED WORK

A. Section 02200 - Earthwork.

B. Section 02210 - Site Grading.

C. Section 02251 - Top Soil.

D. Section 02900 - Landscape Work.

1.04 QUALITY ASSURANCE

A. Sodding work shall be performed by a firm specializing in sodding.

B. Source Quality Control: Ship sod with certificates of inspection as required by governing authorities.

Do not make substitutions. If specified sod is not obtainable, submit proof of non-availability to ENGINEER, together with proposal for use of equivalent material.

C. Analysis and Standards: Package standard products with manufacturer have certified analysis. For other materials, provide analysis by recognized laboratory made in accordance with methods established by the Association of Official Agriculture Chemists, wherever applicable.

1.05 SUBMITTALS

A. Submit the following in accordance with Conditions of Contract and Division 1 Specification Sections.

B. Plant and Material Certifications:

1. Certificate of inspection as required by governmental authorities.
2. Manufacturer's or vendor's certified analysis for soil amendments or fertilizer materials.

1.06 DELIVERY, STORAGE AND HANDLING

A. Packaged Materials: Deliver packaged materials in containers showing weight, analysis, and name of manufacturer. Protect materials from deterioration during delivery, and while stored at site.

B. Sod: Time delivery so that sod will be placed within 24 hours after stripping. Protect sod against drying.

C. Transporting:

1. Sod transported to the project in open vehicles shall be covered with tarpaulin or other suitable covers securely fastened to the body of the vehicle to prevent injury to the sod material. Closed vehicles shall be adequately ventilated to prevent overheating of the sod. Evidence of inadequate protection against drying out in transit shall be cause for rejection.

2. Sod shall be kept moist, fresh and protected at all times. Such protection shall encompass the entire period during which the sod is in transit, being handled, or in temporary storage.

3. Upon arrival at the temporary storage location or the site of work, sod shall be inspected for proper shipping procedures. Should the roots be dried out, the ENGINEER will reject the sod. When sod has been rejected, the CONTRACTOR shall remove it at once from the area of the work and replace it.

4. Unless otherwise authorized by the ENGINEER, the CONTRACTOR shall notify the ENGINEER at least 48 hours in advance of the anticipated delivery date of sod material. A legible copy of the invoice, showing species and variety of sod included for each shipment shall be submitted to the ENGINEER. Certificate of Inspection must accompany each sod shipment.

1.07 JOB CONDITIONS

A. Begin installation of sod after preceding related work is accepted.

B. Environmental Requirements:

1. Install sod during months acceptable to the ENGINEER.
2. Do not install sod on saturated soil.

C. Protection: Erect signs and barriers to control vehicular traffic.

D. Utilities: Determine location of underground utilities and perform work in a manner which will avoid possible damage. Hand excavate, as required. Maintain grade stakes set by others until parties concerned mutually agree upon removal.

1.08 SEQUENCING AND SCHEDULING

A. Correlate planting with specified maintenance periods to provide maintenance from date of substantial completion.

B. Coordination with sodding: Plant trees, palms and shrubs after final grades are established and prior to planting of sod, unless otherwise acceptable to ENGINEER. If planting of trees, palms and shrubs occurs after sod work, protect sod areas and promptly repair damage to lawns resulting from planting operations.

1.09 SPECIAL PROJECT WARRANTY

A. Warranty sod through specified lawn maintenance period, and until final acceptance.

PART 2 - PRODUCTS

2.01 PLANTING SOIL

A. Provide new planting soil that is fertile, friable, natural loam, surface soil, reasonably free of subsoil, clay lumps, brush, weeds and other litter, and free of roots, stumps, stones larger than 1 inch in any dimension, and other extraneous or toxic matter harmful to plant growth.

B. Obtain planting soil from local sources or from areas having similar soil characteristics to that found at project site.

C. Refer to Section 162 of the "FDOT Standard Specifications for Road and Bridge Construction" dated 1991 for Topsoil Specifications.

2.02 COMMERCIAL FERTILIZER

A. For sod, provide fertilizer with percentage of nitrogen required to provide not less than 1 pound of actual nitrogen per 1,000 sq. ft. of lawn area and not less than 4 percent phosphoric acid and 2 percent potassium. Provide nitrogen in a form that will be available to sod during initial period of growth; at least 50 percent of nitrogen to be organic form.

2.03 SOD

A. Provide strongly rooted sod, not less than 2 years old, free of weeds and undesirable native grasses, and machine cut to pad thickness of 1-1/2 inch (plus or minus 1/4 inch), excluding top growth and thatch. Provide only sod capable of vigorous growth and development when planted (viable, not dormant).

B. Provide sod uniform pad sizes with maximum 5 percent deviation in either length or width. Broken pads with uneven ends will not be acceptable. Sod pads incapable of supporting their own weight when suspended vertically with a firm grasp on upper 10 percent of pad will be rejected.

C. Provide sod composed of the following (or approved equal):

1. Bahia sod
2. St. Augustine

D. Sod shall be nursery grown on cultivated mineral agricultural soils. Sod shall have been mowed regularly and carefully maintained from planting to harvest.

E. American Sod Producers Association (ASPA) Grade: Nursery Grown or Approved. Field grown sod is not acceptable.

F. Furnished in pads:

1. Size:

a. Length: 24 inches plus or minus 5%.

b. Width: 18 inches plus or minus 5%
c. Thickness: 1-1/2 inches excluding top growth and thatch.

2. Not stretched, broken or torn.

G. Uniformly mowed height when harvested: 2 inches.

H. Thatch: Maximum 1/2 inch uncompressed.

I. Inspected and found free of disease, nematodes, pests, and pest larvae, by entomologist of State Department of Agriculture.

J. Weeds:

1. Free of Bermuda grass, nut grass or other objectionable weeds.

K. Uniform in color, leaf texture, and density.

2.04 WATER

A. Water shall be potable, from municipal water supplies or other sources which are approved by a public health department.

2.05 FERTILIZER

A. FS O-F-241c (1), Grade A or B.

B. The chemical designation shall be 1-8-8, with at least 50 percent of the nitrogen from a non-water-soluble organic source.

2.06 HERBICIDES

A. As recommended by the State Department of Agriculture.

2.07 STAKES

A. Softwood, 3/4-inch diameter, 8-inch length.

PART 3 - EXECUTION

3.01 PREPARATION OF GROUND SURFACE

A. Before mixing, clean planting soil of roots, plants, sods, stones, clay lumps, and other extraneous material harmful or toxic to plant growth.

B. Mix specified fertilizers with planting soil as necessary at rates specified. Delay mixing fertilizer if planting will not allow placing of planting soil within a few days.

C. For sod, mix planting soil either prior to planting or apply on surface of topsoil and mix thoroughly before planting.

3.02 PREPARATION OF PLANTING BEDS

A. Loosen subgrade of lawn areas to a minimum depth of 4 inches. Remove stones measuring over 1 1/2 inches in any dimension. Remove sticks, stones, rubbish, and other extraneous matter. Limit preparation to areas, which will be planted promptly after preparation.

B. Spread planting soil to minimum depth of 2" or as required meeting lines, grades, and elevations shown, after light rolling and natural settlement. Add specified fertilizer and mix thoroughly into upper 4 inches of topsoil.

C. Place approximately 1/2 of total amount of topsoil required. Work into top of loosened subgrade to create a transition layer and then place remainder of planting soil. Add specified soil amendments and mix thoroughly into upper 4 inches.

D. Where sod is to be planted in areas that have not been altered or disturbed by excavating, grading, or stripping operations, prepare soil for lawn planting as follows: Till to a depth of not less than 6 inches. Apply fertilizers as specified. Remove high areas and fill in depressions. Till soil to a homogenous mixture of fine texture, free of lumps, clods, stones, roots and other extraneous matter.

E. Prior to preparation of unchanged areas, remove existing grass, vegetation and turf. Dispose of such material outside of VILLAGE'S property. Do not turn existing vegetation over into soil being prepared for lawns.

F. Allow for sod thickness in areas to be sodded.

G. Apply specified commercial fertilizer at rates specified and thoroughly mix into upper 2 inches of topsoil. Delay application of fertilizer if lawn planting will not follow within a few days.

H. Fine grade sod areas to smooth, even surface with loose, uniformly fine texture. Roll, rake, and drag lawn areas, remove ridges and fill depressions, as required to meet finish grades. Limit fine grading to areas, which can be planted immediately after grading.

I. Moisten prepared sod areas before planting if soil is dry. Water thoroughly and allow surface to dry before planting lawns. Do not create a muddy soil condition.

J. Restore sod areas to specified condition, if eroded or otherwise disturbed, after fine grading and prior to planting.

3.03 SODDING NEW LAWNS

A. Lay sod within 24 hours from time of stripping.

B. Lay sod to form solid mass with tightly fitted joints. Butt ends and sides of sod strips; do not overlap. Stagger strips to offset joints in adjacent courses. Work from boards to avoid damage to subgrade or sod. Tamp or roll lightly to ensure contact with subgrade. Work sifted soil into minor cracks between pieces of sod; remove excess to avoid smothering of adjacent grass.

C. Anchor sod on slopes with wood pegs to prevent slippage.

D. Water sod thoroughly with a fine spray immediately after planting.

3.04 MAINTENANCE

A. Begin maintenance immediately after planting.

B. Maintain lawns for not less than 30 days after substantial completion, and longer as required to establish an acceptable lawn.

C. Maintain sod by watering, fertilizing, weeding, mowing, trimming, and other operations such as rolling, regrading and replanting as required to establish a smooth, acceptable lawn, free of eroded or bare areas.

D. Mowing:

1. Whenever grass reaches a height of 3 inches, it shall be cut back to 2" with all clippings removed.

2. After two mowings, CONTRACTOR shall topdress the sod with an application of fertilizer at the rate of 1 pound of actual nitrogen per 1,000 square feet.

3.05 CLEANUP AND PROTECTION

A. During sodding work, keep pavements clean and work area in an orderly condition.

B. Protect sodding work and materials from damage due to landscape operations, operations by other CONTRACTORs and trades, and trespassers.Maintain protection during installation and maintenance periods. Treat, repair, or replace damaged sod work as directed.

3.06 INSPECTION AND ACCEPTANCE

A. Sod areas will be accepted when in compliance with all the following conditions:

1. The roots are thoroughly attached to the soil.
2. Absence of visible joints.
3. All areas show a uniform stand of specified grass in healthy condition.
4. At least 60 days have elapsed since the completion of the work in this section.

B. When inspected sod work does not comply with requirements, replace rejected work and continue specified maintenance until reinspected by ENGINEER and found to be acceptable. Remove rejected plants and materials promptly from project site.

C. Procedure:

1. The CONTRACTOR shall submit a request for acceptance in writing to the ENGINEER. Request must be received not less than 10 days before the anticipated date for final inspection.

2. Upon completion of all repairs and/or renewals required by ENGINEER at the inspection, the ENGINEER will verify the completeness of the work and then notify the VILLAGE in writing that the work is accepted.

3. Upon completeness, the VILLAGE will assume maintenance of all sod areas.

3.07 MEASUREMENT AND PAYMENT

A. Measurement and payment will be based on actual quantities installed as more specifically discussed and described in SECTION 01025 of MEASUREMENT AND PAYMENT.

END OF SECTION 02910

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

A. All applicable provisions of the Bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this Section.

1.02 WORK INCLUDED

A. Provide all labor, materials, necessary equipment and services to complete the concrete work, as indicated on the drawings, as specified herein or both, except as for items specifically indicated as "NIC ITEMS".

B. Including but not necessarily limited to the following:

1. Form work, shoring, bracing and anchorage.

2. Concrete reinforcement and accessories.

3. Cast-in-place concrete.

4. Plugging abandoned pipelines and/or structures in place.

1.03 RELATED WORK

A. Section 02510 - Concrete sidewalk

B. Section 02513 - Asphaltic Concrete Paving - General

C. Section 02515 - Portland Cement Concrete Paving.

D. Section 03300 - Cast-in-Place Concrete.

E. All applicable sections of Division 1, 2, 3 and 4.

1.04 QUALITY ASSURANCE

A. All work shall be in accordance with ACI 301, latest edition, a copy of which shall be maintained on site.

B. Requirements of Regulatory Agencies: perform work in accordance with local building and other applicable codes.

C. Installation: Performed only by skilled workmen with satisfactory record of performance on completed projects of comparable size and quality.

D. Inspection and Testing:

1. Test Cylinders - As per ASTM C-39.

a. Minimum of three (3) concrete test cylinder shall be taken for every 75 or less cubic yards of concrete placed each day.

b. Minimum of one (1) slump test shall be taken during any cold weather concreting, and be cured on job site under same conditions as the concrete it represents.

2. Slump Test - As per ASTM C-143.

a. Minimum of one (1) slump test shall be taken for each set of test cylinders taken.

1.05 SUBMITTALS

A. Test Reports: Reports of concrete compression, yield, air content and slump tests.

B. Certificates:

1. Manufacturer's certification that materials meet specification requirements.

2. Material content per cubic yards of each class of concrete furnished.

a. Dry weights of cement.
b. Saturated surface-dried weights of fine and course aggregate.
c. Quantities, type and name of all mixtures.
d. Weight of water.

3. Ready-mix delivery tickets as per ASTM C-94.

C. Shop Drawings:

1. Show sizes and dimensions for fabrication and placing of reinforcing steel and bar supports.

2. Indicate reinforcement sizes, spaces, locations and quantities or reinforcing steel, and wire fabric, bending and cutting schedules, splicing and supporting and spacing devices.

3. Indicate formwork dimensioning, materials, arrangement of joints and ties.

4. Shop drawings shall be prepared under seal of a Professional Structural Engineer, registered in the State of Florida.

1.06 DELIVERY, STORAGE AND HANDLING

A. Deliver reinforcement to project site in bundles marked with metal tags indicating bar size and length.

B. Handle and store materials to prevent contamination.

1.07 JOB CONDITIONS

A. Allowable concrete temperatures:

1. Hot weather: Maximum 90 degrees F as per ASTM C-94.

B. Do not place concrete during rain, unless protection is provided.

PART 2 - PRODUCTS

2.01 FORM MATERIALS

A. Materials shall conform to ACI 301, latest edition.

B. Plywood forms: Douglas Fir Species, solid one side, form grade, sound undamaged sheets.

C. Lumber: Southern Pine Species, No. 2 Grade, with grade stamp clearly visible.

D. Form Ties: Removable, snap-off metal, of fixed and adjustable length, cone ends.

E. Tubular Column Type: Round, spirally wound laminated fiber material, clearly visible.

2.02 REINFORCING STEEL

A. Reinforcing steel shall conform to ASTM A615, 60 ksi yield grade billet steel reformed bars; uncoated finish.

B. Welded steel wire fabric shall conform to ANSI/ASTM A185, plain type; coiled rolls, uncoated finish.

2.03 CONCRETE MATERIALS

A. Cement: shall conform to ASTM C150, normal Type II Portland, gray color.

B. Fine and coarse aggregate shall conform to ASTM C33.

C. Water: clean and not detrimental to concrete.

2.04 ADMIXTURES

A. Air Entraining: ASTM C-260

B. Chemical: Type (as required) ASTM C-494.

C. Fly Ash and Pozzolans: ASTM C-618

D. Color - Conditioned Concrete: ASTM C-494 and ASTM C-979

2.05 ACCESSORIES

A. Non-shrink grout: pre-mixed compound with non-metallic aggregate, cement, water reducing and plasticing agents; capable of minimum compressive strength of 3500 psi.

B. Construction joints: locate and install construction joints, which are not shown on drawings, so as not to impair strength and appearance of the structure, as acceptable to the ENGINEER. Place

construction joints perpendicular to the main reinforcement, continue reinforcement across construction joints.

C. Expansion joints: shall be a minimum of 3/4-inch thick asphalt impregnated fiberboard as per ASTM D-1751.

D. Form release agent shall be a colorless material, which will not stain concrete, absorb moisture or impair natural bonding or color characteristics of coating intended for use on concrete.

E. Water shall be clear and potable.

2.06 CURING MATERIALS

A. Water shall be clean and potable.

B. Absorptive mat shall be burlap fabric of 9 oz./sq. yd. clean, roll goods complying with AASHTO M182, Class 3.

C. Membrane curing compound shall conform to ASTM C309.

D. Clear Sealer: "Clear Bond" as manufactured by Guardian Chemical Co., Dayton Day-Chem Cure-W (J-9-A) (or approved equal).

E. Color curing compound shall be liquid membrane-forming conforming to ASTM C 309 two-component Lithochrome Colorwax by L.M. Scofield Company, (or approved equal), color to match admixture for color-conditioned concrete.

2.07 CONCRETE MIX

A. Mix concrete in accordance with ASTM C94.

B. Concrete:

1. Compressive strength (28 days): 3000 psi.

2. Slump: 4(±) 1 inch.

C. Concrete / Flowable fill for grouting and plugging:

1. Compressive strength (28 days) 2000 psi.

2. Slump: as required to grout and plug.

PART 3 - EXECUTION

3.01 FORMWORK ERECTION

A. Verify lines, levels, and measurement before proceeding with formwork.

B. Hand trimmed sides and bottom of earth forms; remove loose dirt.

C. Align form joints.

D. Do not apply form release agent where concrete surfaces receive special finishes or applied coatings, which may be affected by agent.

E. Coordinate work of other sections in forming and setting openings, slots, recesses, chases, sleeves, bolts, anchors and other inserts.

3.02 REINFORCING

A. Place, support and secure reinforcement against displacement.

3.03 PLACING CONCRETE

A. Color Conditioned concrete, when batching, shall not be less than one-third of the capacity of the mixing drum (a minimum of four yards for a ten yard mixer) and will be in full cubic yard increments.

B. Notify ENGINEER minimum 24-hours prior to commencement of concreting operations.

C. Scratch, float, trowel, broom or belt finish surfaces, as scheduled or indicated on the Drawings.

D. Place 2000 psi concrete for pugging and grouting pipelines and structures in-place as required after proper connection to new service and function of system is complete.

3.04 TOLERANCES

A. Provide Class B tolerance to floor slabs according to ACI 301. Pitch to drains 1/4 inch per foot.

3.05 FINISHES FOR EXPOSED SURFACES

A. Provide exposed surfaces with finishes as called for on the Drawings.

3.06 CONCRETE CURING

A. Curing for standard grey work after finishing, cure concrete by keeping moist for one (1) week after placement. Floors and vertical surfaces may be sprayed with an approved curing compound to retard evaporation of water, if spraying is not objectionable because of future finishing requirements. Begin curing operations as soon as concrete has attained its initial set. Keep exposed concrete surface moist for at least one (1) week.

B. Apply a liquid membrane-forming compound, conforming with ASTM C 309, color to match that of the color condition concrete. Apply on flat work immediately after the finishing operation pursuant to the manufacturers recommendations.

3.07 MEASUREMENT AND PAYMENT

A. No separate measurement and payment is provided for work covered by this Section. All costs in connection with concrete work shall be included in the bid price of any item in the bid schedule for which concrete products, materials, or appurtenances are required.

END OF SECTION 03010

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

A. All applicable provisions of the Bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this Section.

1.02 WORK INCLUDED

A. Formwork for Cast-In-Place Concrete, with shoring, bracing, and anchorage.

B. Openings for other affected work.

C. Form accessories.

D. Stripping forms.

1.03 RELATED WORK

A. Section 03010 - Concrete.

B. Section 03200 - Concrete Reinforcement.

C. Section 03300 - Cast-In-Place Concrete.

1.04 SYSTEM DESCRIPTION

A. Design, engineer and construct formwork, shoring and bracing to meet design code requirements, so that resultant concrete conforms to required shapes, lines, and dimensions.

1.05 QUALITY ASSURANCE

A. Construct and erect concrete formwork in accordance with ACI 301 and 347.

1.06 SUBMITTALS

A. Indicate pertinent dimensions, materials, and arrangement of joints and ties.

B. Prepare shop drawings under seal of Professional Structural Engineer registered in the State of Florida.

C. Manufacturers certification that materials meet specification requirements.

1.07 DELIVERY, STORAGE AND HANDLING

A. Deliver, store and handle materials in accordance with manufacturers recommendations.

B. Deliver form materials in manufacturer's packaging with installation instructions.

C. Store off ground in ventilated and protected area to prevent deterioration from moisture or damage.

D. Remove packaging from void forms.

PART 2 - PRODUCTS

2.01 FORM MATERIALS

A. Plywood: Douglas Fir Species; medium density overlaid one side grade; sound, undamaged sheets with straight edges.

B. Lumber: Southern Pine Species; No. 2 grade; with grade stamp clearly visible.

C. Tubular Column: Round, of spirally wound laminated fiber type; surface treated with release agent; of size required.

2.02 FORMWORK ACCESSORIES

A. Form Ties: Snap-off metal of adjustable length; cone type; 1 1/2 inch break back dimension; free of defects that will leave holes no larger than 1-1/4 inches diameter in concrete surface.

B. Form Release Agent: Colorless material which will not stain concrete, absorb moisture, or impair natural bonding in color characteristics of coating intended for use on concrete.

C. Fillets for Chamfered Corners: Wood strips or rigid PVC plastic in maximum possible lengths.

D. Nails, Spikes, Lag Bolts, Through Bolts, Anchorages: Sized as required; or strength and character to maintain formwork in place while placing concrete.

PART 3 - EXECUTION

3.01 INSPECTION

A. Verify lines, levels, and measurements before proceeding with formwork.

3.02 PREPARATION

A. Hand-trim sides and bottoms of earth forms; remove loose dirt prior to placing concrete.

B. Minimize form joints. Symmetrically align joints and make weathertight to prevent leakage of mortar.

C. Arrange and assemble formwork to permit dismantling, stripping, so that concrete is not damaged during its removal.

D. Arrange forms to allow stripping without removal of principal shores, where required to remain in place.

3.03 ERECTION

A. Provide bracing to ensure stability of formwork. Strengthen formwork liable to be overstressed by construction loads.

B. Camber slabs and beams to achieve ACI 301 tolerances.

C. Provide temporary ports in formwork to facilitate cleaning and inspection. Locate openings at bottom of forms to allow flushing water to drain. Close ports with tight fitting panels, flush with inside face of forms, neatly lifted so that joints will be apparent in exposed concrete surfaces.

D. Provide expansion strips on external corners of beams and columns, where exposed.

E. Install void forms. Protect from moisture before concrete placement. Protect from crushing during concrete placement.

F. Construct formwork to maintain tolerances in accordance with ACI 301.

3.04 APPLICATION OF FORM RELEASE AGENT

A. Apply form release agent on formwork in accordance with manufacturer's instructions. Apply prior to placing reinforcing steel, anchoring devices, and embedded items.

B. Do not apply form release agent where concrete surfaces are scheduled to receive special finishes or applied coverings, which may be affected by agent. Soak contact surfaces of untreated forms with clean water. Keep surfaces wet prior to placing concrete.

3.05 INSERTS, EMBEDDED PARTS, AND OPENINGS

A. Provide formed openings where required for work embedded in or passing through concrete.

B. Coordinate work of other sections in forming and setting openings, slots, recesses, chases, sleeves, bolts, anchors, and other inserts.

C. Install accessories in accordance with manufacturer's instructions, level and plumb. Ensure items are not disturbed during concrete placement.

3.06 FORM REMOVAL

A. Notify ENGINEER prior to removing formwork.

B. Do not remove forms and shoring until concrete has sufficient strength to support its own weight, and construction and design loads which may be imposed upon it. Remove load-supporting forms when concrete has attained 75 percent of required 28-day compressive strength, provided construction is reshored.

C. Formwork not supporting weight of concrete, such as sides of beams, walls, columns, and similar parts of the work, may be removed after cumulatively curing at not less than 50 degrees F for 24-hours after placing concrete, provided concrete is sufficiently hard to not be damaged by form removal operations, and provided curing and protection operations are maintained.

D. Formwork supporting weight of concrete, such as beam soffits, joints, slabs and other structural elements, may not be removed in less than 14 days and until concrete has attained design minimum compressive strength at 28-days. Determine potential compressive strength of inplace concrete by testing field-cured specimens representative of concrete location of members.

E. Reshore structural members due to design requirements or construction conditions to permit successive construction.

F. Remove formwork progressively so no unbalanced loads are imposed on structure.

G. Do not damage concrete surfaces during form removal.

H. Store reusable forms for exposed architectural concrete to prevent damage to contact surfaces.

I. Remove formwork in same sequence as concrete placement to achieve similar concrete surface coloration.

3.07 CLEANING

A. Clean forms to remove foreign matter as erection proceeds.

B. Ensure that water and debris drain to exterior through clean-out ports.

3.08 MEASUREMENT AND PAYMENT

A. No separate measurement and payment is provided for work covered by this Section. All costs in connection with concrete formwork shall be included in the bid price of any item in the bid schedule for which concrete formwork is required.

END OF SECTION 03100

SECTION 03200
CONCRETE REINFORCEMENT

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

A. All applicable provisions of the Bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this Section.

1.02 WORK INCLUDED

A. Reinforcing steel bars, welded steel wire fabric, fabricated steel bar or rod mats for cast-in-place concrete.

B. Support chairs, bolsters, bar supports, spaces, for supporting reinforcement.

1.03 RELATED WORK

A. Section 03010 - Concrete.

B. Section 03100 - Concrete Formwork.

C. Section 03300 - Cast-In-Place Concrete.

1.04 QUALITY ASSURANCE

A. Perform concrete reinforcement work in accordance with CRSI Manual and Standard Practice, and Documents 63 and 65.

B. Conform to ACI 301.

1.05 SUBMITTALS

A. Indicate sizes, spacings, locations and quantities of reinforcing steel, bending and cutting schedules, splicing, stirrup spacing, supporting and spacing devices.

B. Prepare shop drawings under seal of Professional Structural ENGINEER registered in the State of Florida.

C. Submit mill test certificates and supplied concrete reinforcing, indicating physical and chemical analysis.

PART 2 - PRODUCTS

2.01 MATERIALS

A. Reinforcing Steel: ASTM A615, 60-ksi-yield grade billet-steel, deformed bars, uncoated finish.

B. Welded Steel Wire Fabric: ANSI/ASTM A185 plain type; in coiled rolls; uncoated finish.

C. Stirrup Steel: ANSI/ASTM A82.

2.02 ACCESSORY MATERIALS

A. Tie Wire: Minimum 16 gauge annealed type.
B. Chairs, Bolsters, Bar Supports, Spacers: Sized and shaped for strength and support of reinforcement during installation and placement of concrete, including load bearing pad on bottom to prevent vapor barrier puncture.

C. Chairs, Bolsters, Bar Supports, Spacers Adjacent to Architectural Concrete Surfaces: Plastic coated or stainless steel type; sized and shaped as required.

2.03 FABRICATION

A. Fabricate in accordance with ACI 315, providing concrete cover specified in Section 03300.

B. Locate reinforcing splices not indicated on Drawings at points of minimum stress. Indicate location of splices on shop drawings.

PART 3 - EXECUTION

3.01 INSTALLATION

A. Before placing concrete, clean reinforcement of foreign particles or coatings.

B. Place, support, and secure reinforcement against displacement. Do not deviate from alignment or measurement.

C. Do not dispose or damage vapor barrier required by Section 03300.

3.08 MEASUREMENT AND PAYMENT

A. No separate measurement and payment is provided for work covered by this Section. All costs in connection with concrete reinforcement work shall be included in the bid price of any item in the bid schedule for which concrete reinforcement is required.

END OF SECTION 03200

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

A. All applicable provisions of the Bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this Section.

1.02 WORK INCLUDED

A. Provide all labor, materials, necessary equipment and services to complete the Cast-In-Place Concrete Work, as indicated on the drawings, as specified herein or both except as for items specifically indicated as "NIC ITEMS".

B. Including but not necessarily limited to the following:

1. Cast-In-Place concrete walls, footings, foundation walls, paving, walks, slabs, formwork, reinforcing and all other components as indicated on the Drawings.

1.03 RELATED WORK

A. Section 03010 - Concrete.

B. Section 03100 - Concrete Form work.

C. Section 03200 - Concrete Reinforcement.

D. Section 03370 - Concrete Curing.

E. Section 02510 - Concrete Sidewalk

1.04 QUALITY ASSURANCE

A. Applicator Qualifications: Minimum of five years experience on 5 comparable concrete projects.

B. Requirements of Regulatory Agencies: Perform work in accordance with local building codes.

C. Allowable Tolerances: Flat work true to plane 1/8 inch in 10 feet.

D. Slump tests as per ASTM C-143, and test cylinders as per ASTM C-39.

1.05 TESTS

A. Submit proposed mix design of each class of concrete to appointed firm for review prior to commencement of work.

B. Testing firm will take cylinders and perform slump and air entrainment tests in accordance with ACI 301.

C. Tests of cement and aggregates will be performed to ensure conformance with requirements stated herein.

D. Three (3) concrete test cylinders will be taken for every 75 cu. yds. or less of each class of concrete placed each day.

E. One (1) slump test will be taken for each set of test cylinders taken.

F. All testing shall be at the expense of the CONTRACTOR.

1.06 SUBMITTALS

A. Provide product data for specified products.

B. Test Reports: Reports of concrete compression, yield, air content, and slump tests.

C. Certificates:

1. Manufacturer's certification that materials meet specification requirements.

2. Material content per cubic yard of each class of concrete furnished.

a. Dry weights of cement.
b. Saturated surface-dried weights of fine and coarse aggregate.
c. Quantities, type and name of admixtures.
d. Weight of water.

3. Ready-mix delivery tickets, ASTM C-94.

D. Shop Drawings:

1. Show sizes and dimensions for fabrication and placing of reinforcing steel and bar supports.

2. Indicate bar schedules, stirrup spacing, and diagrams of bend bars.

3. Detail items of form systems affecting appearance of architectural concrete surfaces such as joints, tie holes, liners, patterns and textures. Show items in relation to entire form system.

1.07 DELIVERY, STORAGE AND HANDLING

A. Deliver reinforcement to project site in bundles marked with metal tags indicating bar size and length.

B. Handle and store materials to prevent contamination.

1.08 ENVIRONMENTAL REQUIREMENTS

A. Allowable concrete temperatures:
- Hot Weather: Maximum 90□ as per after C-94.

B. Do not place concrete during rain, unless protection is provided.

PART 2 - PRODUCTS

2.01 MATERIALS & MANUFACTURERS

A. Concrete Ready-Mix concrete ASTM C-94.

1. Cement:

a. ASTM C 150, Type II

2. Admixtures:

a. Air entraining: ASTM C-260
b. Chemical: Type (as required) ASTM C-494.
c. Fly ash and pozzolans: ASTM C-618
d. Vapor Barrier: 6-mil thick film of type recommended for below grade application.

3. Coarse aggregate: Not less than 50% clean, hard, crushed stone conforming to requirements of Table 2, size number 467 ASTM C-33.

4. Slump 4 in. maximum; plus tolerance 0, minus tolerance 1 in.

5. Air content: 5% + 1%.

6. Mix proportioning:

a. In accordance with ASTM C-94.
b. 28 day compressive strength of moist cured laboratory samples 3,000 PSI.
c. Use set retarding admixtures during hot weather only when approved by ENGINEER.
d. Minimum cement contents 5 sacks/cubic yards.
e. Add air-entraining agent to concrete work exposed to exterior.

7. Curing Material: Liquid membrane, ASTM C-309, Type 1.

8. Mixes:

a. ASTM C-94.
b. Mix concrete only in quantities for immediate use.
c. Do not retemper or use set concrete.

B. Bars.

1. Deformed billet steel: ASTM A 615, Grade 60.

C. Wire Fabric:

1. Welded Wire Fabric Steel: ASTM A 185

D. Tie Wire: FS QQ-W-461-G, annealed steel, black 16 ga. minimum.

E. Bar supports: Conform to "Bar Support Specification," CRSI Manual of Standard Practice.

F. Forms:

1. Conform with ACI 347, Chapter 3, Material and Form Work.

2. Lumber:

a. Softwood framing lumber: Kiln dried, PS-20.
b. Boards less than 1 1/2 in. thick and 2 in. wide, used for basic forms and form liners: Kiln dried.
c. Grade marked by grading rules agency approved by American Lumber Standards Committee.
d. Light framing or studs for board or plywood forms, 2 in. to 4 in. width and thickness Construction Standard grade.
e. Boards for basic forms Construction Standard grade.
f. Board surface: Smooth.

3. Plywood:

a. Exterior type softwood plywood, PS 1-66.
b. Each panel stamped or branded indicating veneer grades, species, type and identification.
c. Wood faced plywood for architectural concrete surfaces.
(1). Panel veneer grades: B - C.
(2). Mill-oiled sides and mill-sealed edges of panels.

4. Ties:

a. Materials: Stainless Steel.
b. Type: Snap Ties.
c. Depth of breakback: 1 in.
d. Maximum diameter 1/4 in.

5. Form coatings:

a. Non-staining type.
b. Agent: Pine oil derivative.

G. Water: Clean and potable.

PART 3 - EXECUTION

3.01 FORMWORK

A. Conform to ACI 347, Chapter 2, Construction; and Article 4.2, architectural Concrete.

B. Framing, Bracing and Plywood Form Liners: APA Form V 345-72.

C. Provide temporary openings in framework for concrete placement.

D. Fill voids of plywood joints with sealant and tool smooth.

E. CONTRACTOR is responsible for the design, construction, removal and complete safety of formwork and shoring.

F. Form construction shall be provided to shape, lines dimensions of members shown; substantial, tight enough to prevent leakage, and properly braced or tied to maintain position and size, form sides and bottoms of members unless specifically excepted.

3.02 REINFORCING

A. Fabrication shall be provided to latest ACI Manual of Practice ACI-315.

B. Reinforcing free from excessive rust, scale or coating reducing bond. Bars bent cold in fabrication plant. Chairs, support bars, and other accessories furnished to carry and provide coverage as required by ACI Manual.

C. Unless otherwise indicated the minimum coverage is 3 in. for footings (slabs to have 3/4 in. minimum). Call any "crowding" of reinforcement to ENGINEERs attention during placing.

D. Splices shall be Mesh 6 in. lap, bars 30 diameter minimum.

E. Conduit or pipes embedded in concrete must have specific approval and be located to avoid cracking or reduction in strength. Provide extra strong pipe sleeves where pipes are allowed to pierce concrete beams or walls.

F. Placement:

1. Bar supports: CRSI 65.

2. Reinforcing bars: CRSI 63.

G. Steel Adjustment:

1. Move within allowable tolerances to avoid interference with other reinforcing steel, conduits, expansion joints, or embedded items.

2. Do not move bars beyond allowable tolerances without concurrence of ENGINEER.

3. Do not heat, bend or cut bars without concurrence of ENGINEER.

H. Splices:

1. Lap splices: Tie securely with wire to prevent displacement of splices during placement of concrete.

2. Splice devices: Install in accordance with manufacturer's written instructions.

3. Welding: Perform in accordance with AWS Standards.

4. Do not splice bars except at locations shown on drawings without concurrence of ENGINEER.

I. Wire Fabric:

1. Install in longest practicable length.

2. Lap adjoining pieces one full mesh minimum, and lay splices with 16-gage wire.

3. Offset end laps in adjacent widths to prevent continuous laps.

J. Cleaning: Remove dirt, grease, oil, loose mill scale, excessive rust, and foreign matter that will reduce bond with concrete.

K. Protection During Concreting: Keep reinforcing steel in proper position during concrete placement.

3.03 JOINTS

A. Construction pours shall be continuous pours except where joints are indicated. No additional joints except by special acceptance in writing by the ENGINEER. Allow no construction or interrupted pour joints in any exposed surface, unless treated as part of design.

1. Where indicated and as detailed, provide saw cut type construction joints of sizes as called for on the drawings.

B. Expansion joints shall be constructed as shown on drawings.

1. Expansion material shall be 1/2" continuous full depth strips set 1/2" below finish surface with 1/2" x 1/2" joint sealant filler above.

3.04 BUILT-IN ANCHORING DEVICES, FIXTURES, PIPE SLEEVES AND OTHER INSERTS

A. Build-in and coordinate as required and called for on the drawings all items to be constructed into concrete such as anchoring devices, fixtures, piping, sleeves and other inserts and items as required for a complete installation.

3.05 INSPECTION

A. Assure that excavation and formwork are completed, with smooth rubbed finish, and that excess water is removed.

B. Check that reinforcement is secured in place.

C. Verify that expansion joint material, anchors, and other embedded items are secured in position.

D. Verify anchors, seats, plates, reinforcement, and other items to be cast into concrete are accurately placed, held securely, and will not cause hardship in placing concrete.

3.06 CONCRETE QUALITY

A. Design of mix shall be a laboratory designed mix to satisfy the following requirements and shall be approved by the ENGINEER.

1. Ready mixed concrete as per ASTM C-94 with 28 day strength 3,000 PSI minimum, for all standard grey concrete work.

2. Proportion the concrete to work readily into forms and around reinforcement, without excessive manipulation, segregation or water gain. Approved additives may be used to achieve the above results.

3. Slump shall be maximum 3 in. for footings, and for all other concrete shall be 3 in. to 5 in.

4. Submit for approval representative test results by independent laboratory to substantiate proposed mix design.

3.07 PREPARATION FOR POURS

A. Notify the VILLAGE'S Representative, ENGINEER and other inspectors at least 36 hours prior to inspection.

B. Equipment forms, and reinforcing shall be clean and wet down, reinforcing firmly secured in place, runways set up and not resting on or displaying reinforcing.

C. Prepare previously placed concrete by cleaning with steel brush and applying bonding agent. Apply bonding agent in accordance with manufacturer's instruction.

D. At locations where new concrete is dowelled to existing work, drill holes in existing concrete, insert steel dowels, and pack solid with non-shrink grout.

3.08 PLACING

A. Mixing and conveying shall be as per ASTM C-94 and as follows:

1. Maximum elapsed time from addition of water to placing in forms -60 minutes, (total mixing time).

2. Concrete handled and placed by methods, which keep concrete plastic, prevent separation of materials, and do not displace reinforcement.

B. Deposit as close as possible to final position to avoid segregation of materials. Restrict drop to 3 foot maximum (less for exposed concrete), using tremie if necessary.

1. Compact by mechanical vibration to thoroughly work around reinforcing and eliminate honeycomb.

C. Place concrete in accordance with ACI 301.

D. Hot Weather Placement: ACI 301.

E. Cold Weather Placement: ACI 301.

F. Ensure reinforcement, inserts, embedded parts and formed joints are not disturbed during concrete placement.

G. Maintain concrete cover around reinforcing as follows:

Item	Coverage
Beams	1 1/2 inch
Supported Slabs	3/4 inch
Column Ties	1 1/2 inch
Walls (exposed to weather or backfill)	2 inch
Footings and Concrete Formed Against Earth	3 inch
Slabs on Fill	2 inch

H. Place concrete continuously between predetermined construction and control joints. Do not break or interrupt successive pours such that cold joints occur.

I. Saw cut control joints at an optimum time after finishing. Use 3/16 inch thick blade, cutting 1/3 depth of slab thickness.

J. Separate exterior slabs on fill from vertical surfaces with joint filler. Extend joint filler from bottom of slab to within 1/2 inch of finished slab surface.

K. Excessive honeycomb or embedded debris in concrete is not acceptable. Notify ENGINEER upon discovery.

3.09 CONCRETE CURING

A. Curing for standard grey work after finishing, cure concrete by keeping moist for one (1) week after placement. Floors and vertical surfaces may be sprayed with an approved curing compound to retard evaporation of water, if spraying is not objectionable because of future finishing requirements. Begin curing operations as soon as concrete has attained its initial set. Keep exposed concrete surface moist for at least one (1) week.

B. Apply a liquid membrane-forming compound, conforming to ASTM C 309, color to match that of the color condition concrete. Apply on flat work immediately after the finishing operation pursuant to the manufacturers recommendations.

3.10 CONCRETE FINISHING

A. Unexposed concrete work shall be patched and repaired immediately after removal of forms.

1. Cut off metal ties a minimum of 1 in. back from surface of concrete.

2. Moderate honeycomb cut out and prepared for patching. Severe honeycomb with exposed steel reinforcing is to be removed or "united" at the discretion of the ENGINEER.

3. Wet areas for patching and pack carefully with rich mortar rubbed to match surface.

B. Provide concrete surfaces to be left exposed, walls, columns, beams, with smooth rubbed finish.

C. Provide Class B tolerances to floor slabs and toppings according to ACI 301.

D. Pitch to drains 1/4 inch per foot.

E. Exposed concrete work shall be patched and repaired as accepted by ENGINEER after consultation. Patching and rubbing will be kept to a minimum if possible, but when necessary will be done with great care to obtain maximum degree of matching in color and texture to adjacent finished concrete surfaces.

F. Monolithic finish using care to obtain a level surface; floors out of level or with variation greater than 1/8 in. in 10 feet shall be corrected.

G. All finishes shall be as called for on the drawings.

3.11 SEPARATE FLOOR TOPPINGS

A. Prior to placing, roughen concrete base course and remove foreign materials. Broom and vacuum clean.

B. Place dividers, edge strips, reinforcing and other items to be cast in.

C. Apply bonding agent on base course in accordance with manufacturer's instructions. Apply sand and cement slurry coat on base course immediately prior to placing toppings.

D. Place concrete floor toppings to required lines and levels.

3.12 PATCHING

A. Notify ENGINEER immediately upon removal of forms.

B. Patch imperfections.

3.13 DEFECTIVE CONCRETE

A. Modify or replace concrete not conforming to required levels and lines, details, and elevations.

B. Repair or replace concrete not properly placed or of the specified type.

3.14 FIELD QUALITY CONCRETE

A. Maintain records of placed concrete items. Record date, location of pour, quantity, air temperature, and test samples taken.

3.15 PROTECTION

A. Immediately after placement, protect concrete from premature drying, excessively hot or cold temperatures, and mechanical injury.

B. Maintain concrete with minimal moisture loss at relatively constant temperature for period necessary for hydration of cement and hardening of concrete.

C. During curing period, protect concrete from damaging mechanical disturbances, water flow, loading, shocking, and vibration.

3.16 APPLICATION OF BOND COAT FOR CONCRETE LEVELING COAT FOR PAVERS AND TEXTURED SURFACES

A. Provide installation as per manufacturer's standard printed specifications, instructions and recommendations.

3.17 MEASUREMENT AND PAYMENT

A. No separate measurement and payment is provided for work covered by this Section. All cast in place concrete shall be included in the bid price of the relevant item in the bid schedule.

END OF SECTION 03300

PART 1 - GENERAL

1.01 RELATED DOCUMENTS

A. All applicable provisions of the Bidding and Contract Requirements, and Division 1 - General Requirements shall govern the work under this Section.

1.02 WORK INCLUDED

A. Maintenance of conditions for proper concrete curing.

1.03 RELATED WORK

A. Section 02510 - Concrete Sidewalk

B. Section 03010 - Concrete

C. Section 03300 - Cast-in-Place Concrete

1.04 QUALITY ASSURANCE

A. Conform to requirements of ACI 301.

1.05 REFERENCES

A. ACI 301 - Specifications for Structural Concrete for Buildings.

B. ASTM C309 - Liquid Membrane-Forming Compounds for Curing Concrete.

1.06 SUBMITTALS

A. Provide product data for specified products.

1.07 ENVIRONMENTAL REQUIREMENTS

A. Maintain ambient temperature at 70 degrees F. for three (3) days.

PART 2 - PRODUCTS

2.01 MATERIALS

A. Water: Clean and not detrimental to concrete.

B. Absorptive Mat: Burlap fabric of 9 oz./sq. yd. clean, roll goods.

C. Curing Compound: As per ASTM C309.

PART 3 - EXECUTION

3.01 INSPECTION

A. Verify concrete surfaces are ready for curing.

3.02 CURING COMPOUND

A. Apply curing compound in two (2) coats with second coat at right angles to first.

B. Apply in accordance with manufacturer's instructions.

3.03 SPRAYING

A. Spray water over slab areas; maintain wet for three (3) days.

3.04 ABSORPTIVE MAT

A. Saturate burlap side of burlap fabric mat. Place over slab areas, burlap side down; lap edges and ends 12 inches. Maintain in place for seven (7) days.

3.05 CONCRETE CURING

A. Curing for standard grey work after finishing, cure concrete by keeping moist for one (1) week after placement. Floors and vertical surfaces may be sprayed with an approved curing compound to retard evaporation of water, if spraying is not objectionable because of future finishing requirements. Begin curing operations as soon as concrete has attained its initial set. Keep exposed concrete surface moist for at least one (1) week.

B. Apply a liquid membrane-forming compound, conforming with ASTM C 309, color to match that of the color condition concrete. Apply on flat work immediately after the finishing operation pursuant to the manufacturers recommendations.

C. Cure concrete as scheduled or indicated.

D. Remove absorptive mat after curing.

3.06 MEASUREMENT AND PAYMENT

A. No separate measurement and payment is provided for work covered by this Section. All costs in connection with concrete curing shall be included in the bid price of any item in the bid schedule for which concrete curing is required.

END OF SECTION 03370

PART 1 – GENERAL

1.01 REQUIREMENTS

A. The CONTRACTOR shall furnish provide grout, complete and in place, accordance with the Contract Documents.

B. The following types of grout are covered in this Section:

1. Non-Shrink Grout: This type of grout is to be used wherever grout indicated unless another type is specifically referenced.
2. Cement Grout.
3. Epoxy Grout.
4. Topping Grout and Concrete Fill.
5. Grout for Abandonment of Piping.

1.02 REFERENCE SPECIFICATIONS, CODES, AND STANDARDS

A. Specifications, codes, and standards shall be as listed in Section 03301 – Reinforced Concrete, and as indicated herein.

1.03 CONTRACTOR SUBMITTALS

A. Furnish submittals in accordance with Section 01300 – Submittals.

B. Shop Drawings: Include certified test results verifying compliance with the compressive strength, shrinkage, and expansion requirements herein; and manufacturer's literature containing instructions and recommendations on the mixing, handling, placement, and appropriate uses for each type of non-shrink and epoxy grout proposed for the work.

1.04 QUALITY ASSURANCE

A. Field Tests:

1. Compression test specimens will be taken during construction from the first placement of each type of grout, and at intervals thereafter selected by the ENGINEER to insure continued compliance with these Technical Specifications. The specimens will be made by the ENGINEER or its representative.

2. Compression tests and fabrication of specimens for cement grout and non-shrink grout will be performed in accordance with ASTM C109 - Test Method for Compressive Strength of Hydraulic Cement Mortars (Using 2-in or 50-mm Cube Specimens) at intervals during construction selected by the ENGINEER. A set of three specimens will be made for testing seven (7) days, 28 days, and each additional time period as appropriate.

3. Compression tests and fabrication of specimens for epoxy grout will be performed in accordance with ASTM C579 -Test Methods for Compressive Strength of Chemical Resistant Mortars and Monolithic Surfacing, Method B, at intervals during construction selected by the ENGINEER. A set of three specimens will be made for testing at seven
   (7) days, and each earlier time period as appropriate.

4. All grout which fails to meet requirements is subject to removal and replacement at no increased cost to the VILLAGE.

5. The cost of all laboratory tests on grout will be borne by the VILLAGE, but the CONTRACTOR shall assist the ENGINEER in obtaining specimens for testing. The CONTRACTOR shall be responsible for the cost of testing and inspection of Defective Work which has been replaced. The CONTRACTOR shall furnish all materials necessary for fabricating the test specimens.

B. Construction Tolerances: Construction tolerances shall be in accordance with Section 03300 – General Concrete Construction, unless indicated otherwise.

PART 2 - PRODUCTS

2.01 CEMENT GROUT

A. Cement Grout: Cement grout shall be composed of one-part cement, three parts sand, and the minimum amount of water necessary to obtain the desired consistency. Where needed to match the color of adjacent concrete, white Portland cement shall be blended with regular cement as needed. The minimum compressive strength at 28 days shall be 4000 psi.

B. Cement grout materials shall be as indicated in Section 03300 – General Concrete Construction, except that no cement from kilns burning metal-rich hazardous waste fuel shall be used.

2.02 PREPACKAGED GROUTS

A. Non-Shrink Grout:

1. Non-shrink grout shall be a prepackaged, inorganic, non-gas-liberating, non-metallic, cement-based grout requiring only the addition of water. Cement from kilns burning metal-rich hazardous waste fuel shall not be used. Manufacturer's instructions shall be printed on each bag or other container in which the materials are packaged. The specific formulation for each class of non-shrink grout herein shall be that recommended by the manufacturer for the particular application.

2. Class A non-shrink grouts shall have a minimum 28-day compressive strength of 5000 psi; shall have no shrinkage (0.0 percent) and a maximum
   4.0 percent expansion in the plastic state when tested in accordance with ASTM

C827 - Test Method for Early Volume Change of Cementitious Mixtures; and shall have no shrinkage (0.0 percent) and a maximum of 0.2 percent expansion in the hardened state when tested in accordance with CRD C621 - Corps of ENGINEERs Specification for Non-shrink Grout.

3. Class B non-shrink grouts shall have a minimum 28-day compressive strength of 5000 psi and shall meet the requirements of CRD C621.

4. Application:

   a. Class A non-shrink grout shall be used for the repair of all holes and defects in concrete members which are water bearing or in contact with soil or other fill material, grouting under all equipment base plates, and at all locations where grout is required by the Contract Documents except where Class B non-shrink grout and epoxy grout are specifically required. Class A non-shrink grout may be used in place of Class B non-shrink grout for all applications.

   b. Class B non-shrink grout shall be used for the repair of all holes and defects in concrete members which are not water-bearing and not in contact with soil or other fill material, grouting under all base plates for structural steel members, and grouting railing posts in place.

B. Epoxy Grout

1. Epoxy grout shall be a pourable, non-shrink, 100 percent solids system. The epoxy grout system shall have three components: resin, hardener, and specially blended aggregate, all premeasured and prepackaged. The resin component shall not contain any non-reactive diluents. Resins containing butyl glycidyl ether (BGE) or other highly volatile and hazardous reactive diluents are not acceptable. Variation of component ratios is not permitted unless specifically recommended by the manufacturer. Manufacturer's instructions shall be printed on each container in which the materials are packaged. Epoxy grout shall be BurkEpoxy Anchoring Grout by The Burke Company.

2. The chemical formulation of the epoxy grout shall be that recommended by the manufacturer for the particular application.

3. The mixed epoxy grout system shall have a minimum working life of 45 minutes at 75 degrees F.

4. The epoxy grout shall develop a compressive strength of 5000 psi in 24 hours and 10,000 psi in seven days when tested in accordance with ASTM C 579, Method B. There shall be no shrinkage (0.0 percent) and a maximum 4.0 percent expansion when tested in accordance with ASTM C827.

5. The epoxy grout shall exhibit a minimum effective bearing area of 95 percent. This shall be determined by a test consisting of filling a two (2) inch diameter by four (4) inch high metal cylinder mold covered with a glass plate coated

with a release agent. A weight shall be placed on the glass plate. At 24 hours after casting, the weight and plate shall be removed and the area in plan of all voids measured. The surface of the grout shall be probed with a sharp instrument to locate all voids.

6. The peak exotherm of a two (2) inch diameter by four (4) inch high cylinder shall not exceed 95 degrees F when tested with 75 degrees F material at laboratory temperature. The epoxy grout shall exhibit a maximum thermal coefficient of 30 x 10 – six (6) inches/inch/degree F when tested according to ASTM C531 - Test Method for Linear Shrinkage and Coefficient of Thermal Expansion of Chemical- Resistant Mortars, Grouts, and Monolithic Surfacing or ASTM D696 - Test Method for Coefficient of Linear Thermal Expansion of Plastics.

7. Application: Epoxy grout shall be used to embed all anchor bolts and reinforcing steel required to be set in grout, and for other applications specifically required in the Contract Documents.

2.03 TOPPING GROUT AND CONCRETE FILL

A. Grout for topping of slabs and concrete fill for built-up surfaces of tank, channel, and basin bottoms shall be composed of cement, fine aggregate, coarse aggregate, water, and admixtures. All materials and procedures for concrete in Section 03300 – General Concrete Construction shall apply except as noted otherwise herein.

B. Topping grout and concrete fill shall contain a minimum of 564 pounds of cement per cubic yard with a maximum water cement ratio of 0.45. Where concrete fill is thicker than three (3) inches, site work concrete in accordance with Section 03301 – Reinforced Concrete may be used if accepted by the ENGINEER.

C. Coarse aggregate shall be graded as follows:

U.S. STANDARD SIEVE SIZE	PERCENT BY WEIGHT PASSING
1/2"	100
3/8”	90-100
No. 4	20-55
No. 8	5-30
No. 16	0-10
No. 30	0

D. Final mix design shall be determined by trial mix design under supervision of the approved testing laboratory.

E. Strength: Minimum compressive strength of topping grout and concrete fill at the end of 28 days shall be 3,000 psi.

2.04 GROUT OF ABANDONMENT OF PIPING

A. Grout shall be made with Type II Portland Cement, masonry sand, properly sized clean aggregate and potable water. In no case shall local on-site sand / dirt, rock or stones or non-potable water be utilized. Grout mix shall not contain calcium chloride or other materials that can contribute to corrosion of existing prestressing wires in PCCP pipe. Grout shall be pumped until flowing through other end of pipe to ensure pipe is full.

2.05 CURING MATERIALS

A. Curing materials shall be in accordance with Section 03301 – Reinforced Concrete for cement grout and be as recommended by the manufacturer of prepackaged grouts.

2.06 CONSISTENCY

A. The consistency of grout shall be as necessary to completely fill the space to be grouted for the particular application. Dry pack consistency is such that the grout is plastic and moldable but will not flow. Where "dry pack" is required by the Contract Documents, it shall mean a grout of that consistency; the type of grout to be used shall be as indicated herein for the particular application.

B. The slump for topping grout and concrete fill shall be adjusted to match placement and finishing conditions but shall not exceed four (4) inches.

2.07 MEASUREMENT OF INGREDIENTS

A. Measurements for cement grout shall be made accurately by volume using containers. Shovel measurement shall not be allowed.

B. Prepackaged grouts shall have ingredients measured by means recommended by the manufacturer.

PART 3 - EXECUTION

3.01 GENERAL

A. All surface preparation, curing, and protection of cement grout shall be in accordance with Section 03300 – Reinforced Concrete. The finish of the grout surface shall match that of the adjacent concrete.

B. The manufacturer of Class A non-shrink grout and epoxy grout shall provide on-site technical assistance upon request.

C. Base concrete or masonry must have attained its design strength before grout is placed, unless authorized by the ENGINEER.

3.02 GROUTING PROCEDURES

A. Prepackage Grouts: All mixing, surface preparation, handling, placing, consolidation, curing, and other means of execution for prepackaged grouts shall be done according

to the instructions and recommendations of the manufacturer.

B. Base Plate Grouting:

1. For base plates, the original concrete shall be blocked out or finished off a sufficient distance below the plate to provide for a one (1) inch thickness of grout or a thickness as indicated on the Drawings.

2. After the base plate has been set in position at the proper elevation by steel wedges or double nuts on the anchor bolts, the space between the bottom of the plate and the original pour of concrete shall be filled with non-shrink-type grout. The mixture shall be of a trowelable consistency and be tamped or rodded solidly into the space between the plate and the base concrete. A backing board or stop shall be provided at the back side of the space to be filled with grout. Where this method of placement is not practical or where required by the ENGINEER, alternate grouting methods shall be submitted for acceptance.

C. Topping Grout

1. All mechanical, electrical, and finish work shall be completed prior to placement of topping or concrete fill. The base slab shall be given a roughened textured surface by sandblasting or hydroblasting, exposing the aggregates to ensure bonding to the base slab.

2. The minimum thickness of grout topping and concrete fill shall be one inch. Where the finished surface of concrete fill is to form an intersecting angle of less than 45 degrees with the concrete surface it is to be placed against, a key shall be formed in the concrete surface at the intersection point. The key shall be a minimum of 3½ inches wide by 1½-inches deep.

3. The base slab shall be thoroughly cleaned and wetted prior to placing topping and fill. No topping concrete shall be placed until the slab is completely free from standing pools or ponds of water. A thin coat of neat cement grout shall be broomed into the surface of the slab just before topping of fill placement. The topping and fill shall be compacted by rolling or tamping, brought to established grade, and floated. Grouted fill for tank and basin bottoms where scraping mechanisms are to be installed shall be screeded by blades attached to the revolving mechanism of the equipment in accordance with the procedures outlined by the equipment manufacturer after the grout is brought to the established grade.

4. Topping grout placed on sloping slabs shall proceed uniformly from the bottom of the slab to the top, for the full width of the placement.

5. The surface shall be tested with a straight edge to detect high and low spots which shall be immediately eliminated. When the topping and fill has hardened sufficiently, it shall be steel troweled to a smooth surface free from pinholes and other imperfections. An approved type of mechanical trowel may be used as an assist in this operation, but the last pass over the surface shall be by hand-

troweling. During finishing, no water, dry cement, or mixture of dry cement and sand shall be applied to the surface.

3.03 CONSOLIDATION

D. Grout shall be placed in such a manner, for the consistency necessary for each application, so as to assure that the space to be grouted is completely filled.

END OF SECTION 03380

SECTION 07900
JOINT PROTECTION AND SEALANT

PART 1 -- GENERAL

1.01 THE SUMMARY

A. This section consists of Preparing sealant substrate surfaces, sealant and caulking work required for a complete installation as indicated on the Drawings and specified herein.

B. The required applications of sealants and caulking include, but are not necessarily limited to, the following general locations:

1. Flashing, reglets and retainers;
2. Masonry joints, exterior and interior;
3. Joints at penetrations of walls, decks by piping and other services and equipment;
4. Joints between items of equipment and other construction;
5. Joints in concrete.

1.02 MANUFACTURERS

C. The following list of companies manufacture products that are acceptable for this section, subject to conformance with the specified requirements: **Tremco, Thiokol, Sika** or approved equal.

1.03 SUBMITTALS

D. Submit shop drawings and color samples of sealant for review.

E. Submit to the OWNER a two year guarantee on sealant type caulking to work against joint failure.

F. Joint failure is defined as leaks of air or water, evidence of loss of cohesion, fading of sealant material, migration of sealant, evidence of loss of adhesion between sealant and joint edge.

PART 2 -- PRODUCTS

2.01 MATERIALS

A. Primer:

1. Where required by sealant manufacturer, the primer shall be a compound designed to ensure the adhesion of sealant.

B. Material shall be provided by the sealant manufacturer and shall be selected for compatibility with substrate.

C. Sealant:

1. Polyurethane Sealant: Sikaflex-1a as manufactured by the Sika Corporation of Lyndhurst, New Jersey or approved equal.
   Elongation Capability 700%

Service Temperature Range -40F to 150F
Shore A Hardness Range 40 + /-5.

2. Self-leveling, one-component, ultra low modulus, elastomeric, neutral cure silicone sealant.: Sikasil-728 SL as manufactured by the Sika Corporation of Lyndhurst, New Jersey.

   Elongation Capability 1100%
   Service Temperature Range -80F to 350F
   Shore A Hardness Range 40 + /-5
   Fuel Resistant

D. Caulking Compound:

1. Caulking compound for setting thresholds and for other interior caulking shall be oleo-resinous, gun grade, non-staining plastic compound conforming to FS TT-C-598-b.

2. Materials shall have a shrinkage factor not exceeding fifteen percent.

E. Joint Backing:

1. Joint backing shall be closed cell foam.
2. Material shall be non-reactive with caulking materials and non-oily.
3. Minimum density shall be 3.24 pcf.
4. Use no asphalt or bitumen-impregnated fiber with sealants.

F. Joint Cleaner:

1. Joint cleaner shall be as recommended by the sealant or caulking compound manufacturer.

G. Joint Primer:

1. Joint primer shall be as recommended by the sealant manufacturer.

H. Bond Breaker:

1. Bond breaker tape shall be either polyethylene or plastic as recommended by the sealant manufacturer.

PART 3 -- EXECUTION

3.01 GENERAL

Comply with sealant manufacturer's printed instructions except where more stringent requirements are shown or specified and except where manufacturer's technical representative directs otherwise.

3.02 SHIPPING, HANDLING AND STORAGE

A. Store and handle materials so as to prevent the inclusion of foreign matter or the damage of

materials by water or breakage.

B. Procure and store in original containers until ready for use.

C. Material showing evidence of damage will be rejected.

3.03 INSTALLATION

A. Employ only proven installation techniques, which will insure that sealants will be deposited in uniform, continuous ribbons without gaps or air pockets, with complete "wetting" of the joint bond surface equally on opposite sides.

B. Except as otherwise indicated, fill sealant rabbet to a slightly concave surface, slightly below adjoining surfaces.

C. Where horizontal joints are between a horizontal surface and a vertical surface, fill joint to form a slight cove, so that joint will not trap moisture and dirt.

D. Install sealants to depths as specified, or if not, as recommended by the sealant manufacturer and as follows:

1. Moving Joints: For normal moving joints sealed with elastomeric sealants but not subject to traffic, fill joints to a depth equal to fifty percent of joint width, but not more than 1/2" deep or less than 1/4" deep.
2. Sealed Joints: For joints sealed with non-elastomeric sealants and caulking compounds, fill joints to a depth in the range of seventy-five percent to one hundred twenty-five percent of joint width.
3. Thresholds: Set thresholds in full bed of caulking compound. Remove excess materials.

3.04 PROTECTION OF ADJOINING SURFACES

A. Prime or seal the joint surfaces wherever shown or recommended by the sealant manufacturer.

B. Do not allow primer/sealer to spill or migrate onto adjoining surfaces.

3.05 SEALANT BACKER ROD

A. Install sealant backer rod for liquid elastomeric sealants, except where shown to be omitted or recommended to be omitted by the sealant manufacturer for the specific application shown.

3.06 BOND BREAKER

A. Install bond breaker tape wherever shown and wherever required by manufacturer's recommendations to ensure that elastomeric sealants will perform properly.

3.07 SPILLAGE

A. Sealants or compounds shall not overflow or spill onto adjoining surfaces, or to migrate into the voids of adjoining surfaces.

B. Masking tape or other precautionary devices shall be used to prevent staining of adjoining surfaces.

3.08 CURING

A. Sealants and caulking compounds shall be cured in compliance with manufacturer's instructions and recommendations, to obtain high early bond strength, internal cohesive strength, and surface durability.

3.09 CLEANING

A. Excess and spillage of compounds shall be promptly removed as the work progresses.

B. Adjoining surfaces shall be cleaned by whatever means may be necessary to eliminate evidence of spillage.

C. Do not damage the adjoining surfaces or finishes.

END OF SECTION 7900

3 PART 1 GENERAL

1.01 SECTION INCLUDES

A. Surface preparation.

B. Surface finish.

C. Work included in this section includes Exterior and interior concrete, concrete unit masonry, cement plaster, doors, frames, sheet metal surfaces and other architectural work as specified and shown on the Drawings.

1.02 PAYMENT

A. Payment for coal tar epoxy coating as described under this Specification is to be included in the Contractor's price of concrete structure and work.

1.03 REFERENCES

A. Steel Structures Painting Council (SSPC) Specifications

1. Volume I, Chapter 4 Practical Aspects, Use, and Application of Paints.
2. SSPC-SP1, Solvent Cleaning.
3. SSPC-SP3, Power Tool Cleaning.
4. SSPC-SP5/NACE 1, White Metal Blast Cleaning.
5. SSPC-SP6/NACE 3, Commercial Blast Cleaning.
6. SSPC-SP10/NACE 2, Near White Blast Cleaning.
7. SSPC-SP13/NACE 6, Surface Preparation of Concrete

1.04 QUALITY ASSURANCE

A. Product Manufacturer: Company shall have produced coatings of this class for a period of at least 5 years. The coating being offered under this Specification shall be the same formulation which has been manufactured and distributed by him during this 5-year period. The coating being offered under this Specification shall have been successfully used in a sea-water immersion service for at least 5 years.

B. Applicator: Company specializing in commercial painting and finishing with at least 5 years experience.

C. Guarantee: A two (2) year guarantee which commences on the date of acceptance against failure of all coatings shall be provided. Failure of any coating during the guarantee period shall be repaired by the Contractor who shall absorb all costs related to the repair of the coating.

1.05 DELIVERY, STORAGE AND HANDLING

A. Package coatings and vehicles in standard containers not larger than 5 gallons in size with removable friction or lug-type covers.

B. Container labeling to include manufacturer's name, date of manufacture, manufacturer's batch number, type of paint, brand name, brand code, coverage, surface preparation, drying time, cleanup and color designation.

C. Product shall be delivered with product material safety data sheet and complete application guide

1.06 ENVIRONMENTAL REQUIREMENTS

A. Surface preparations and coating applications shall be performed in the shop.

B. Surface preparation and coating completed in the field shall be contained as to prevent the migration of any debris from the work area. Coating application migration. No visible emission will be allowed.

C. Field touch-up of coatings shall not be performed when it is raining. Any surface coating damage by moisture or rain shall be removed and redone to meet the approval of the Engineer.

PART 2 PRODUCTS

2.01 MATERIALS

A. Koppers Bitumastic No. 300-M, Tnemec HS Epoxy 104, or approved equal meeting the requirements of the Federal Specification for Coal Tar Epoxy MIL-P-23236 Type 1, Class 2 and/or the Corps of Engineers' Formula C-200 and/or Steel Structures Painting Council Specification SSPC-Paint, No. 16, Coal Tar Epoxy-Polyamide Black Paint. Color to be black.

PART 3 EXECUTION

3.01 PREPARATION

A. Remove all oily and greasy residues in accordance with SSPC-SP1 all surfaces.

B. Remove all oily and greasy prepare all concrete in accordance with SSPC-SP13 / NACE 6, resulting in 1-3 mils profile.

C. Blast clean all bare steel surfaces to be coated in accordance with SSPC-SP5/NACE 1.

D. All Work blasted in one day must be coated on that day. Coat before any rust bloom forms.

E. All surfaces to be coated must be completely dry, free of moisture, soil, dust and grit at the time the coating is applied.

F. Galvanized steel surfaces shall be primed in accordance with the coal tar epoxy coating manufacturer.

G. Concrete surfaces shall be free of defects, laitance, exposed reinforcing, and cured for 28-day

3.02 APPLICATION

A. Apply coating to all surfaces of the sheet piling with the exception of the interior contacting surfaces of the interlocks.

B. Coat all associated structural members and hardware such as steel "H" piles, the entire wale assembly, tie rods, turnbuckles, and all bolts in their entirety. Coat threads and nuts in the field after assembly.

C. Coat all concrete location specified in plans. If not specified at a minimum coat the exterior of all precast structures.

D. Do not apply finishes to surfaces that are not free of moisture.

E. Apply each coat to a uniform thickness.

F. Apply coatings either by brush or spray using commercially available spray equipment.

Coating shall exhibit reasonable leveling without excessive sagging.

G. A minimum dry film thickness of 16 mils is required on all surfaces to be coated. Where two coats are required to achieve the recommended film thickness, the time interval between coats should be as short as possible. To ensure maximum intercoat adhesion; 1) apply the next coat as soon as possible after the previous coat is firm; 2) if the previous coat has cured for more than the recoat time specified by the manufacturer, wash with fresh water, then brush blast to provide an adequate mechanical bond before recoating.

H. No thinners shall be used except those specifically recommended by the manufacturer and only in such quantity as directed by the manufacturer's instructions. If thinning is used, sufficient additional coats shall be applied to assure the required dry thickness is achieved.

I. Coated surfaces shall be permitted drying time as long as practicable but in any event the following minimum requirements shall be met. The steel coated with the coal tar epoxy system shall not be driven until the finished coating has been cured at least 7 days at 77 degrees F (25 degrees C), or been post-cured at higher temperatures for a shorter time period in accordance with the coating manufacturer's recommendations.

J. Exercise extreme care when handling coated materials so as not to damage the coated surfaces. The Contractor shall repair all damage to the coating due to handling or construction operations at no additional expense.

K. Damaged coating must be repaired in such a manner as to provide a service life commensurate with the original undamaged coating system. Touch-up with the same coating as was originally applied. The surface preparation shall be the same as originally specified in Paragraph 3.01 or in accordance with the coating manufacturer's specific recommendations and as approved by the Engineer.

3.03 OBSERVATIONS

A. The finished coating shall be generally smooth and free of sharp protuberances which could be removed by abrasion. A minor amount of sags, dimpling, or curtaining which does not exceed 2 or 3 percent of the surface will not be considered cause for rejection unless they present sharp edges which might be removed by abrasion.

B. Sharp protuberances shall be cut off using a sharp wood chisel laid flat against the surface. The areas from which material has been removed shall be recoated to smooth the surface.

3.04 TESTING

A. For application observed by ENGINEER a 11-22 wet film thickness measured on a WFT gage should provide desired DFT or as recommended by the manufacturer. This observation does not relieve the CONTRACTOR of the final dry film thickness result.

B. One out of every five sheet pile panels, beams, or structure shall be tested by an independent testing laboratory at the Contractor's expense, for adequate bond and thickness of the epoxy coating. Each test shall be with a low voltage spark tester for holidays and/or pin holes and other coating defects and tested for thickness using a magnetic detector.

C. A test report shall be certified and prepared by a certified testing lab and sent to the Engineer for review.

Subject: Geotechnical Report
Drainage and Pavement Improvements – Village of Palm Springs
Palm Springs, Florida
H2R Corp Project Number: 210119.012

Dear Mr. Cowan:

H2R Corp is pleased to submit this geotechnical report for the proposed Drainage and Pavement Improvements Project at Village of Palm Springs. The services were provided in accordance with the proposal dated January 25, 2021.

The results of the exploration and our evaluations are presented in the following report. Included are a review of the project information, a description of the general subsurface characteristics as encountered in the borings, a discussion of the field exploration performed and construction recommendation for the proposed improvements.

H2R Corp appreciates the opportunity to provide our services on this project. If you have any questions concerning the information provided, please do not hesitate to contact us.

Sincerely,
H2R Corp

Roshan Poudel, E.I.

1. PROJECT INFORMATION

1.1. General

H2R Corp (H2R) was requested by Chen Moore to provide geotechnical exploration and evaluation for proposed Drainage and Pavement Improvements Project at Village of Palm Springs. The purpose of these services is to provide information and geotechnical recommendations relative to the subsurface conditions and groundwater conditions to be used for the design of new drainage structures and restoration of existing pavement. The Site Location Map is included in Appendix A.

2. SCOPE OF FIELD EXPLORATION AND LABORATORY TESTING PROGRAM

A field exploration program was conducted which consisted of performing Standard Penetration Test (SPT) borings, pavement coring and exfiltration test for the proposed drainage and pavement improvements. The exploration was performed at two locations: one near the intersection of Jamaica Dr. and Davis Rd., and one along the Jamaica Dr. The boring locations plan is included in Appendix B.

2.1. Pavement Coring

H2R conducted a pavement evaluation to determine the pavement parameters. Evaluation included asphalt thickness, limerock base thickness, pavement deformation and rutting using a six-inch coring machine. The aerial view of the pavement core locations can be found in Appendix B. Each core was measured, photographed, marked and their locations were identified accordingly. The condition of the pavement at each core location was observed and recorded on the Pavement Evaluation Coring and Condition Data Sheet, included in Appendix C. The pictures of the cores can be found in Appendix B.

2.2. SPT Boring

The SPT borings provide soil samples and Standard Penetration Resistance "N" values. Engineering properties of the soils are inferred from SPT “N” values and index property soil classification, based on published empirical correlations. As the pavement cores were completed, the SPT borings were then performed using a calibrated automatic hammer. The borings were performed in general accordance with ASTM D-1586. The borings were logged by a representative of H2R during the field exploration. Disturbed soil samples were placed in glass jars and returned to our laboratory for additional visual classification and laboratory testing assignment by an H2R Geotechnical Engineer.

A total of two (2) SPT borings were performed to the depth of 10 feet below existing grade.

2.3. Hydraulic Conductivity Test

Exfiltration tests were performed at two (2) locations using the South Florida Water Management District (SFWMD) conventional open-hole, constant head methodology. The test was performed to depths of 10 feet below ground surface elevations. 4-inch diameter auger was used to bore the hole and 2-inch size screen was then used to fill the hole with water. Drain sand with permeability higher than native soils was filled outside of the screen so that the test results were not affected by the smaller screen size. Clean water was pumped into the open hole, and the amount of water needed to maintain constant head was recorded. The average hydraulic conductivity ('K'-value) of the soil was 3.76 x 10-4 centimeter per second. Field test results are included in the Appendix C.

2.4. Laboratory Testing and Soil Classification Test

Representative soil samples collected from the borings were visually reviewed in the laboratory by an H2R Geotechnical Engineer to confirm the field classifications. The soil samples were then classified using the Unified Soil Classification System (USCS) in general accordance with ASTM D-2488 - Standard Practice for Description and Identification of Soils (Visual-Manual Procedure) and ASTM D-2487-Standard Test Method for Classification of Soils for Engineering Purposes.

Grain size determination, fines content, organic content and natural moisture content tests were performed on selected samples to assist in soil classification and to provide a general indication of the engineering properties of the soils. The results of the tests have been included in the Summary of Laboratory Test Results located in Appendix C. Table below summarizes laboratory tests performed and their associated standard test methods.

Quantity	Type of Laboratory Test	Standard Test Method
4	Percent Passing #200	ASTM D 422 (AASHTO T 11)
7	Natural Moisture Content	ASTM D 2216 (AASHTO T 265)
1	Organic Content	FM 1 T-267
2	Sieve Analysis	ASTM C 136 (AASHTO T 27 or AASHTO T 311)

3. SITE AND SUBSURFACE CONDTIONS

3.1. Review of Site Conditions and Regional Geology

The project corridor is located in Village of Palm Spring, Palm Beach County, FL. The vicinity of the project corridor mostly consists of roadway, residential building and parking areas. According to the geologic survey of Palm Beach County, most of the survey area is low, nearly level land at an elevation of 7 to 12 feet above sea level. The site is within the "Qa" Anastasia formation. The Atlantic Coastal Ridge is underlain by the Anastasia Formation from St. Johns County southward to Palm Beach County. The Anastasia Formation is composed of interbedded sands and coquinoid limestones. The most recognized facies of the Anastasia sediments is an orangish brown, unindurated to moderately indurated, coquina of whole and fragmented mollusk shells in a matrix of sand often cemented by sparry calcite. Sands occur as light gray to tan and orangish brown, unconsolidated to moderately indurated, unfossiliferous to very fossiliferous beds. The Anastasia Formation forms part of the surficial aquifer system. The site geology map is included in the Appendix A.

3.2. Observed Subsurface Stratigraphy

The soils encountered in the vicinity the SPT boring locations are shallower than those described in the previously described regional geology. The general soil conditions encountered during the geotechnical investigation consists of fine sands down to the boring termination depth of 10-feet. In boring B-2 a thin layer of muck was encountered with 70% organic content confirmed by the laboratory tests. The soil classification is based on examination of recovered samples and interpretation of the field logs by a geotechnical engineer. It should be noted that the soil types shown represent observations made in the test borings and may not reflect variations between the borings and beyond the depths explored.

3.3. Groundwater

The depths of groundwater tables (GWT) were measured at the locations of the borings drilled. At the boring locations, GWT was encountered at an average depth of approximately 4.5 feet below existing ground surface. Fluctuations of the groundwater should be anticipated as groundwater levels vary depending upon many factors including climatic, seasonal, and tidal changes. The groundwater table levels measured are shown on the boring logs included in Appendix B.

Seasonal high ground water table (SHGWT) was not evaluated.

4. CONSTRUCTION RECOMMEDATION

4.1. Site Preparation

Excavations resulting from the subsurface improvements should be backfilled and compacted in accordance with the Florida Department of Transportation (FDOT) Specifications for Road and Bridge Construction (FDOT Specs), Sections 125-1 to 125-7. .

4.2. Compacted Fill

Excavated material, except for muck, vegetation, debris, and rocks greater than 6 inches can be used as compacted fill. Fill should be moisture conditioned to near optimum moisture content. Compaction procedure and requirements to follow FDOT Specs, Sections 125-8 to 125-10.

4.3. Imported Soil

Imported soil should consist of predominately granular soil free of organic matter and rocks greater than 6 inches. Imported soil should be inspected and, if appropriate, tested prior to transportation to the site.

4.4. Protection of Existing Structures

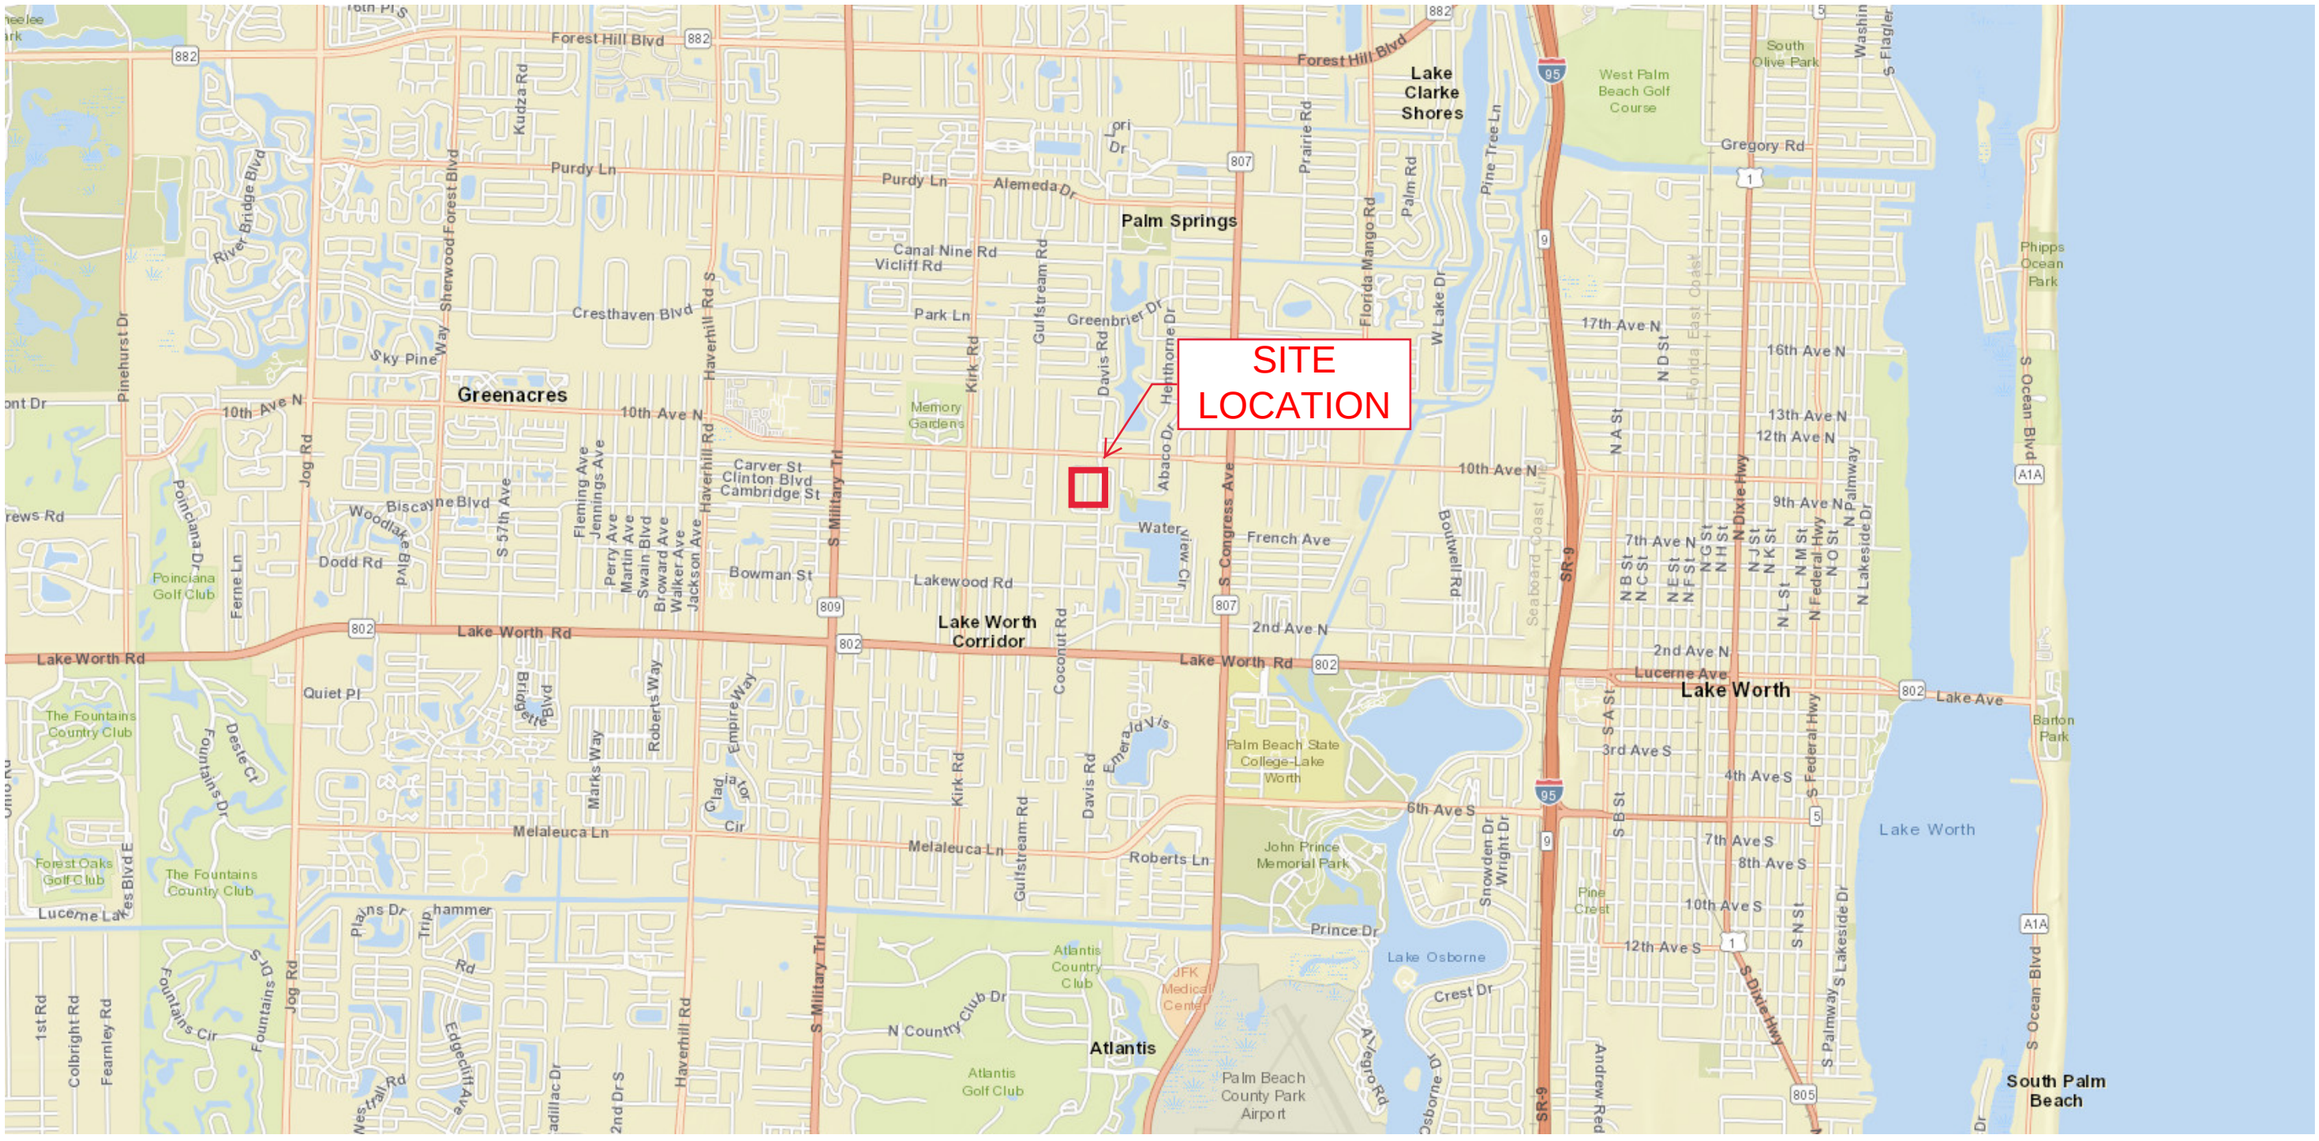
The proposed project is located in an urban neighborhood and the scope of works involving drainage and pavement improvement will likely have minimal vibration impact in the neighborhood. Regardless, it is recommended to perform the construction activities in accordance with Florida Department of Transportation (FDOT) Standard Index 455-1.1 Protection of Existing Structures.

5. CONCLUSION

The evaluations presented in this report of the proposed project corridor were prepared for the use by Chen Moore and Associates. These evaluations and recommendations were prepared using generally accepted standards of geotechnical engineering practices. No other warranty is expressed or implied.

Our geotechnical engineering evaluation of the site and subsurface conditions with respect to this submittal and our recommendations are based upon site observations, field exploratory test data obtained during this phase of the study, soils laboratory test data, our understanding of the project information as presented in this report, and information provided to us.

If the conditions vary from those stated, the geotechnical engineer should be notified for review of the recommendations contained herein. Furthermore, upon the discovery of any site or subsurface condition during construction which appears to deviate from the data presented and documented herein, please contact us immediately so that we may visit the site, observe the differing conditions, and evaluate this new information concerning our recommendations contained herein.



The recommendations presented represent design and construction techniques that H2R Corp believes are both applicable and feasible for the planned construction. It is our recommendation that H2R Corp be provided the opportunity to review the final plans to evaluate whether the recommendations have been properly interpreted and implemented.

Involvement of the geotechnical engineer during construction is vitally important to ensure the project is constructed in accordance with the geotechnical report. Should varying subsurface conditions be encountered, early involvement of the geotechnical engineer can hasten subsequent recommendations.

The scope of our services does not include any environmental assessments or investigations for the presence or absence of hazardous or toxic materials in the soil, groundwater, or surface water within or beyond the site. Any statements in this report or on the test boring logs regarding unusual subsurface conditions and/or composition, odor, staining origin or other characteristics of the surface and/or subsurface materials are strictly for the information of our client.

CLASSIFICATION CRITERIA

Classification on basis of percentage of fines:

<5% pass No. 200 sieve: GW, GP, SW, SP

> 12% pass No. 200 sieve <50% GM, GC, SM, SC

5% to 12% pass No. 200 sieve - SP-SM/SP-SC

$C_u = \frac{D_{60}}{D_{10}}$ $Cc = \frac{D^2_{30}}{D_{60} \times D_{10}}$

GW: C_u greater than 4
Cc between 1 and 3

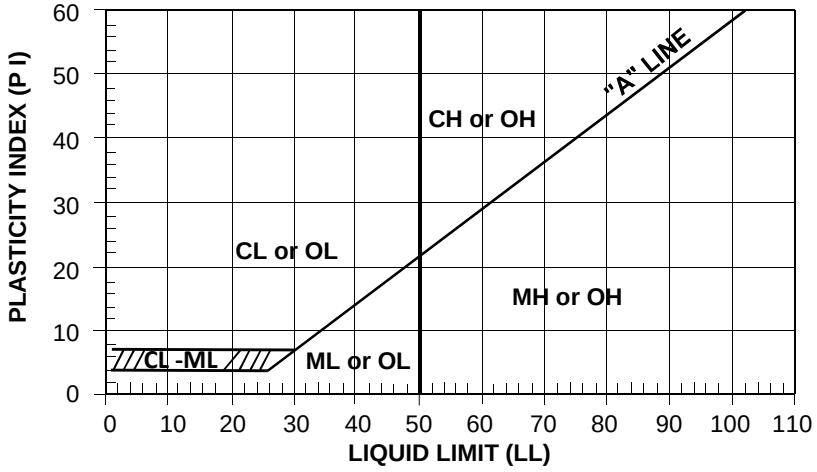
SW: C_u greater than 6
Cc between 1 and 3

ML: Atterberg limits plot below "A" line
MH: or plasticity index less than4

CL: Atterberg limits plot above "A" line
CH: or plasticity index greater than 7

Atterberg limits plotting in hatched area are borderline classifications requiring use of dual symbols

OL/OH - Silts and Clays with organics



Peat > 50% organic material

SURVEYOR'S NOTES

1. THE SURVEY DEPICTED HEREON IS CLASSIFIED AS A TOPOGRAPHIC SURVEY AND IS IN COMPLIANCE WITH CHAPTER 5J-17 FLORIDA ADMINISTRATIVE CODE.

2. ENGENUITY GROUP, INC. AND THE CERTIFYING SURVEYOR ACCEPT NO RESPONSIBILITY FOR RIGHT-OF-WAYS, EASEMENTS RESTRICTIONS OR OTHER MATTERS AFFECTING TITLE TO THE LANDS SURVEYED OTHER THAN THOSE RECITED IN THE CURRENT DEED AND/OR OTHER INSTRUMENT OF RECORD FURNISHED BY THE CLIENT.

3. UNDERGROUND UTILITIES WERE NOT SEARCHED FOR OR LOCATED BY ENGENUITY GROUP, INC.

4. THIS SURVEY IS NOT VALID WITHOUT THE ORIGINAL SIGNATURE AND RAISED SEAL, OR AN ELECTRONIC SIGNATURE OF A FLORIDA LICENSED SURVEYOR AND MAPPER. OTHERWISE THIS MAP IS FOR INFORMATIONAL PURPOSES ONLY.

5. LAST DATE OF FIELD SURVEY: JUNE 10, 2021.

6. ALL DISTANCES SHOWN HEREON ARE IN U.S. FEET AND DECIMAL PARTS THEREOF UNLESS OTHERWISE NOTED.

7. ADDITIONS OR DELETIONS TO THIS SURVEY MAP BY OTHER THAN THE SIGNING PARTY OR PARTIES IS PROHIBITED WITHOUT WRITTEN CONSENT OF THE SIGNING PARTY OR PARTIES.

8. ACCURACY STATEMENT: A FIELD SURVEY WAS PERFORMED IN ACCORDANCE WITH CHAPTER 5J-17, FLORIDA ADMINISTRATIVE CODE PURSUANT TO SECTION 472.027 FLORIDA STATE STATUTES FOR TOPOGRAPHIC SURVEYS. THE ACCURACY OF CONTROL DATA WAS VERIFIED BY REDUNDANT MEASUREMENTS OF TRAVERSE CLOSURES AND EXCEEDS COMMERCIAL/HIGH RISK: LINEAR: 1 FOOT IN 10,000 FEET.

9. THIS MAP IS INTENDED TO BE DISPLAYED AT A SCALE OF 1/240 OR SMALLER.

10. THIS SURVEY WAS PREPARED WITHOUT THE BENEFIT OF A TITLE REPORT.

11. ALL DIMENSIONS SHOWN HEREON ARE MEASURED UNLESS OTHERWISE NOTED.

12. ELEVATIONS SHOWN HEREON ARE BASED ON THE NORTH AMERICAN VERTICAL DATUM OF 1988 (NAVD 1988) AND REFERENCE THE FOLLOWING BENCHMARK:

SOURCE BENCHMARK:
NAME: CON 27
STAMPED: "C-27" ELEVATION= 12.162 NAVD 88

TO REACH THE STATION PROCEED APPROXIMATELY 1.80 MILES SOUTH OF FOREST HILL BOULEVARD, OR APPROXIMATELY 0.25 MILES SOUTH OF 10TH AVENUE NORTH APPROXIMATELY 35 FEET WEST OF THE APPROXIMATE CENTERLINE OF CONGRESS AVENUE (SR-807). THE STATION IS A PALM BEACH COUNTY BRASS DISK IN CONCRETE SET FLUSH AND IS STAMPED AND PAINTED "C-27". THE STATION IS LOCATED APPROXIMATELY 29.0 FEET SOUTH OF THE APPROXIMATE CENTERLINE OF LATERAL #11, APPROXIMATELY 12.5 FEET NORTHWEST OF A POWER POLE, APPROXIMATELY 6.0 FEET WEST OF THE WEST EDGE OF A CONCRETE SIDEWALK, APPROXIMATELY 8.0 FEET SOUTHWEST OF THE SOUTH END OF A METAL HANDRAIL, APPROXIMATELY 60 FEET NORTHEAST OF THE NORTHEAST CORNER OF "DORSEY FUNERAL HOME", APPROXIMATELY 24.0 FEET NORTH OF THE APPROXIMATE CENTERLINE OF THE ENTRANCE DRIVE TO SAID ESTABLISHMENT, APPROXIMATELY 2.0 FEET EAST OF A METAL WITNESS POST AND IS JUST NORTH OF A SMALL HEDGE RUNNING WEST.

13. THE FOLLOWING CONVERSION MAY BE USED TO CONVERT FROM THE NORTH AMERICAN VERTICAL DATUM OF 1988 (NAVD 88) TO NATIONAL GEODETIC VERTICAL DATUM OF 1929 (NGVD 29) (PER U.S ARMY CORPS OF ENGINEERS CORPSCON VERSION 6.0.1).
NAVD 88 + 1.525 = NGVD 29.

14. THIS SURVEY IS BASED ON THE FLORIDA STATE PLANE COORDINATE SYSTEM TRANSVERSE MERCATOR, FLORIDA EAST ZONE 901, NORTH AMERICAN DATUM OF 1983 (1990 ADJUSTMENT).

15. ALL EASEMENTS ARE FOR PUBLIC UTILITIES UNLESS OTHERWISE NOTED AS MENTIONED IN PLAT BOOK 26, PAGE 27.

APPENDIX 'C'

Approved Permits

LAKE WORTH DRAINAGE DISTRICT

Right-of-Way Permit

Date Issued: January 12, 2023

Permit No.: **RW-22-0266**

Permittee: Village of Palm Springs
226 Cypress Lane
Palm Springs, FL 33461

Permit Use Type: **Drainage Outfall Connection**

Project Description: **Installation of thirty-one linear feet (31 L.F), thirty-six-inch (36") RCP with concrete headwall per FDOT Index 430, concrete collar within the northern bank of the L-11 Canal Right-of-Way, remove existing CMP outfall ≈ 670' west of Davis Road. Existing twenty-four-inch (24") CMP outfall CS-3 just west of Davis Road will remain. Reshape canal to design section within the area of the new outfall installation. SFWMD 50-107699-P**

Project Location: LWDD L-11 Canal,
Section 19 Township 44 S, Range 43 E

This permit is issued by the Lake Worth Drainage District (LWDD) pursuant to an initial application received on 7/19/2022. The application, including all plans and specifications submitted to LWDD, is by reference made a part hereof.

This permit is a revocable authorization to use or occupy LWDD right-of-way, subject to the general and special conditions contained herein, which the permittee acknowledges and agrees to be bound by acceptance of this permit.

Should the permittee object to any permit conditions, a request to petition the LWDD Board of Supervisors must be submitted in writing no later than 30 days from date of permit issuance. The LWDD Board of Supervisors will consider the petition at the next available Board meeting, providing the petition is received more than 10 business days prior to the next available Board meeting. All petitions should include permittee name, contact information, condition(s) being contested, and explanation of disputed items.

1.0 General Conditions

1.1 All structures and/or works located on LWDD rights-of-way constructed by permittee shall remain the property of the permittee, who shall be solely responsible for ensuring that such structures and other uses remain in good and safe condition. It is left to the sole discretion of LWDD to determine if the facilities are being properly maintained. Permittees are advised that other federal, state and local safety standards may govern the occupancy and use of the LWDD's rights-of-way. The LWDD assumes no duty with regard to ensuring that such uses are so maintained and assumes no liability with regard to injuries caused to others by any such failure.

1.2 Permittee solely acknowledges and accepts the duty and all associated responsibilities to incorporate safety features, which meet applicable engineering practice and industry standards, into the design, construction, operation and continued maintenance of the permitted facilities/authorized use. This duty shall include, but not be limited to, permittee's consideration of LWDD's regulation and fluctuation, without notice, of water levels in canals and works, as well as the permittee's consideration of upgrades and modifications to the Permitted facilities/authorized use which may be necessary to meet any future changes to applicable engineering practice and accepted industry standards. Permittee acknowledges that LWDD's review and issuance of this permit, including, but not limited to, any field inspections performed by LWDD, does not in any way consider or ensure that the

permitted facilities/authorized use is planned, designed, engineered, constructed, or will be operated, maintained or modified to meet applicable engineering practice and accepted industry standards, or otherwise provide any safety protections. Permittee further acknowledges that any inquiries, discussions, or representations, whether verbal or written, by or with any LWDD staff or representative during the application review and permit issuance process, including, but not limited to, any field inspections, shall not in any way be relied upon by permittee as LWDD's assumption of any duty to incorporate safety features, as set forth above, and shall also not be relied upon by permittee in order to meet permittee's duty to incorporate safety features, as set forth above.

1.3 Permittee agrees to abide by all terms and conditions of this permit, including any representations made on the permit applications and related documents. Permittee agrees to pay all demolition, removal and restoration costs, investigative costs, court costs and reasonably attorney's fees, including appeals, resulting from any action taken by LWDD to obtain compliance with the conditions of the permit or removal of the permitted use. If legal action is taken by LWDD, "reasonable attorney's fees" is understood to mean the fair market value of the services provided, based upon what a private attorney would charge.

1.4 This permit does not create any vested rights, and except for governmental entities and utilities, is revocable at will upon 30 days prior written notice. LWDD reserves the right to amend the terms and conditions contained herein at any time and for any reason. Permittee bears all risk of loss as to monies expended in furtherance of the permitted use. Upon revocation, the permittee shall promptly modify, relocate or remove the permitted use and properly restore the right-of-way to the LWDD's satisfaction. In the event of failure to so comply within the specified time frame, LWDD may remove the permitted use and permittee shall be responsible for all removal and restoration costs. In addition, the permittee agrees and acknowledges that any failure to comply constitutes a violation of section 298.66, Florida Statutes, and LWDD may pursue any and all remedies available under law.

1.5 This permit does not convey any property rights nor any rights or privileges other than those specified herein and this permit shall not, in any way, be construed as an abandonment of any other such impairment or disposition of LWDD's property rights. The LWDD approves the permitted use only to the extent of its interest in the works of LWDD. Permittee shall obtain all other necessary federal, state, local, special district and private authorizations prior to the start of any construction or alteration authorized by this permit. Permittee shall comply with any more stringent conditions or provisions which may be set forth in other required Permits or other authorizations. However, the LWDD, assumes no duty to ensure that any such authorizations have been obtained or to protect the legal rights of the underlying fee owner, in those instances where the LWDD owns less than fee.

1.6 Unless specifically prohibited or limited by statute, permittee agrees to indemnify, defend and save the LWDD (which used herein includes LWDD and its past, present and/or future employees, agents, representatives, officers and/or Board members and any of their successors and assigns) from and against any and all lawsuits, actions, claims, demands, losses, expenses, costs, attorney's fees, judgements and liabilities which arise from or may be related to the ownership, construction, maintenance or operation of the permitted use or the possession, utilization, maintenance, occupancy or ingress and egress of the LWDD's right-of-way which arise directly or indirectly and are caused in whole or in part by the acts, omissions or negligence of the permittee or of third parties. Permittee acknowledges that LWDD is exempt from liability for personal injury and damages that may occur as a result of permitted use or activity by virtue of Chapter 2009-258, Laws of Florida. Permittee agrees to provide legal counsel acceptable to the LWDD if requested for the defense of any such claims.

1.7 Permittee releases LWDD for any and all damages that may be caused by LWDD to the permitted use, while exercising its responsibilities and obligations of maintenance of its drainage system. The LWDD is not responsible for the repair of or claims of damage to any facilities and uses which may incur damage resulting from water fluctuations or flows, or by the use of LWDD's rights-of-way by LWDD or a third party. Improvements placed within the right-of-way are done so at the sole risk of the owner/permittee.

1.8 The LWDD is not responsible for any personal injury or property damage which may directly or indirectly result from the use of water from the LWDD canals or any activities which may include use of contact with water from LWDD canals, since LWDD periodically sprays its canals and/or rights-of-way for aquatic weed control purposes and uses substances which may be harmful to human health or plant

life.

1.9 The LWDD does not waive sovereign immunity, per section 768.28, Florida Statutes.

1.10 As specified by LWDD, permittee shall maintain insurance coverage to the required amounts and limits throughout the duration of the permit.

1.11 The permittee shall not engage in any activity regarding the permitted use which interferes with the construction, alteration, maintenance or operation of the works of LWDD including, but not limited to: a) discharging of debris or aquatic weeds into the works of LWDD; b) causing erosion or shoaling within the works of LWDD; c) planting trees or shrubs or erecting structures which limit or prohibit access by LWDD equipment and vehicles, except as authorized by the permit; d) leaving construction or other debris on the LWDD right-of-way or waterway; e) damaging LWDD berms and levees; f) removing of LWDD owned spoil material; g) removing or damaging LWDD locks, gates, and fencing; h) opening of LWDD rights-of-way to unauthorized vehicular access; or i) running or allowing livestock on the LWDD rights-of-way.

1.12 Permittee shall allow all LWDD staff the right to inspect the permitted use at any reasonable time.

1.13 Permittee shall allow, without charge or any interference, the LWDD, its employees, agents, and contractors, to utilize the permitted facilities before, during and after construction for the purpose of conducting LWDD's routine and emergency, canal operation, maintenance, and construction activities. To the extent there is a conflicting use, the LWDD's use shall have priority over the permittee's use.

1.14 This permit is non-exclusive and revocable. Permittee shall not interfere with any other existing or future permitted uses or facilities authorized by the LWDD.

1.15 If the use involves the construction of facilities for a non-exempt water withdrawal or surface water discharge, the permittee must apply for and obtain the appropriate water management permit before or concurrently with any activities which may be conducted pursuant to this permit.

1.16 Permittee authorizes the LWDD to record the permit through filing the appropriate notice in the public records of Palm Beach County. Governmental entities and utilities are not subject to this provision.

1.17 Permittee shall be responsible for the repair or replacement of any existing facilities located within the LWDD right-of-way which are damaged as a result of construction or maintenance of the authorized facility.

1.18 If determined that the permitted use interferes with LWDD's canal maintenance, operations or rehabilitation efforts, permittee agrees that all or part of the permitted use must be removed and/or reconstructed at permittees expense.

1.19 The Permittee assigns or successors in title shall operate and maintain the permitted facilities in perpetuity and shall be responsible for removal of all facilities and restoration of LWDD's right-of-way if the permit is not transferred. Permittee shall provide prior written notice to their successors in title of the permit and its terms and conditions. As the LWDD has no control over the sale or transfer of real or personal property, it is the sole obligation of a permittee to disclose the existence of an LWDD right-of-way permit, its terms and conditions to prospective purchasers.

1.20 Permittee agrees that the transfer of any rights, title or interests of the property or facility ownership referenced in this permit herein shall require a transfer of permit. Within thirty (30) days of any transfer of interest or control of the subject property, the permittee must notify the LWDD in writing of the property transfer. Notification of the transfer does not by itself constitute a permit transfer. All successors and assigns shall be required to apply for a transfer of permit with LWDD within 60 days of obtaining property or facility. LWDD shall have the right to approve in writing the successors and assigns of transfer of any rights or conditions contained in this permit, which approval shall not be unreasonably withheld. Failure to submit a transfer of permit shall be considered a default of the terms and conditions of this permit and LWDD shall have the right to terminate this permit upon 10 days written notice to permittee. Failure to timely transfer the permit will necessitate Permittee, assigns or

successors in title to remove all of the facilities and restore LWDD's right-of-way.

1.21 This permit is issued by the LWDD as a license to use or occupy LWDD works or lands. It does not create any right of entitlement, either legal or equitable, to the continued use of the LWDD works or lands. Since this permit conveys no right to the continued use of the works or lands, the LWDD is under no obligation to transfer this permit to any subsequent owner. By acceptance of this permit, the permittee expressly acknowledges that the permittee bears all risks of loss as a result of the revocation of this permit. The permittee assigns or successors shall be responsible for removal of all facilities and restoration of LWDD's right-of-way if the permit is not transferred.

1.22 Permittee agrees that no other encroachments and/or facilities shall be located within the right-of-way without prior authorization from LWDD.

1.23 It shall be the responsibility of the permittee to locate and protect the underground facilities of the LWDD or those of others prior to and during construction.

1.24 Permittee shall take the necessary precautions to prevent turbidity and/or silting upstream or downstream during construction.

1.25 All unpermitted facilities installed prior to or during construction must be removed prior to the project's final approval.

1.26 The permittee must make a copy of this permit available and/or post at the job site prior to and during any construction. Failure to comply may result in suspension of construction.

1.27 Permittee agrees that significant construction shall commence within one year and construction be completed within two (2) years from the date of permit issuance or the permit may terminate and a new permit application must be submitted. The new application must meet current operating policies including current applicable fees. Prior to the expiration date, the permittee may submit a request in writing for an extension of time to commence or complete construction.

1.28 Permittee or permittee's representative shall notify the LWDD construction inspector at least forty-eight (48) hours prior to any work to be undertaken within LWDD rights-of-way. All underground installations must be inspected prior to backfilling.

1.29 No dewatering into LWDD canals is authorized until written notification of approval from South Florida Water Management District has been submitted to LWDD.

1.30 Any non-compliance by the permittee of any condition listed herein will result in the termination of this permit, removal of permitted uses or facilities at the permittees expense, and/or LWDD requesting other jurisdictional agencies to withhold their final approvals.

1.31 Permittee shall submit record drawings within sixty (60) days of project completion. Drawings shall be signed and sealed by a Florida Professional Engineer and shall include sufficient information to show that the permitted facilities have been installed or constructed in substantial compliance with the plans and design approved by the LWDD. All elevations shall be referenced to N.G.V.D. 1929 (adjusted). In lieu of signed and sealed record drawings utility cable companies may submit, within sixty (60) days of project completion, a project certification stating that the permitted facilities have been installed or constructed in substantial compliance with the plans and design approved by the LWDD. Failure of the permittee to provide these drawings or certification within the time specified may result in LWDD revoking this permit and requesting that all jurisdictional agencies withhold their final approval until the drawings are received and approved by LWDD.

1.32 Special Conditions that are specific to the project site and right-of-way usage shall be incorporated into this permit as may be necessary in the best interest of the LWDD.

2.0 Special Conditions

2.1 This permit authorizes the Installation of thirty-one linear feet (31 L.F) of thirty-six-inch (36") RCP with concrete headwall per FDOT Index 430, concrete collar within the northern bank of the L-11 Canal Right-of-Way, remove existing CMP outfall ≈ 670' west of Davis Road. Existing twenty-four-inch (24") CMP outfall CS-3 just west of Davis Road will remain. Reshape canal to design section within the area of the new outfall installation, as represented on the application, plans and/or specifications received on August 08, 2022, and the revised plans received on January 12, 2023.

2.2 The permittee or authorized representative shall provide the 48-hour notice prior to construction at https://www.lwdd.net/48-hour-construction-notice.

2.3 Pursuant to the approved plans, the emergency control type structure(s) shall remain closed at all times unless specific written approval is granted by LWDD for its operation. At no time, shall the structure(s) be operated to bypass the water quality detention requirements for the project or to lower the lake levels below the permitted control elevation for the project. If for whatever reason it is determined that the permittee is not complying with the directives of the LWDD, and/or is operating the structure(s) contrary to their intended purpose as an emergency outflow, the structure(s) shall be modified by LWDD to render the emergency structure(s) inoperable. In addition, the emergency structure(s) shall be equipped with a lock mechanism to prevent its unauthorized use, and a staff gauge shall be installed upstream of the structure(s) so that lake levels within the project can be quickly determined. By accepting this permit, the permittee and/or assigns agree to allow LWDD to ingress/egress and render the emergency portion of the structure(s) inoperable for non-compliance or to prevent potential or actual unacceptable adverse impacts.

2.4 Pursuant to the approved plans, permittee is to construct any sidewalk or pathway that is proposed within LWDD's rights-of-way with six-inch (6") thick concrete, or to meet LWDD approved alternate loading and material(s). The LWDD will not be held responsible or liable for any damage to the sidewalk or pathway resulting from LWDD operations and maintenance procedures, or any property damage or personal injury resulting from any sidewalk or pathway damage. All repairs are to be the responsibility of the permittee.

2.5 Permittee shall restore LWDD's right-of-way to its original or better condition where disturbed by construction activity.

2.6 At the time of installation, a permanent benchmark shall be established at 2nd order, class II or better on top of the control structure(s) with the elevation clearly defined, pursuant to the National Geodetic Survey standards and requirements for leveling.

2.7 All underground utility installations in LWDD rights-of-way must have a minimum depth (cover) of thirty-six inches (36") unless an alternate design is approved. All underground utilities placed within LWDD's canal rights-of-way must be identified with LWDD approved permanent witness markers identifying utility type and location.

2.8 Permittee agrees that the stormwater discharge authorized by this permit shall comply with all applicable provisions of Part IV of Chapter 373, Florida Statutes, as well as applicable management and storage of surface water rules pursuant to current Chapter 62-330, Florida Administrative Code. All costs of correcting any violations shall be the exclusive obligation of permittee.

2.9 The permittee, LWDD approved assignees, and/or successors in title agree to operate and maintain the system/facility in perpetuity, including correction of any damages caused as a result of this installation. Pursuant to General Conditions of this permit, the permittee agrees that the transfer of any rights, title or interests of the property or facility ownership referenced in this permit herein shall require a transfer of this permit

2.10 In the event it becomes necessary for LWDD to expand or further utilize its facilities within its right-of-way, the permittee shall after reasonable notice (the same not to exceed sixty (60) days), effect such removal of the permitted facility as LWDD may reasonably require from time to time so as to allow and not delay LWDD canal or right-of-way improvements and further, the permittee shall maintain in good safe operating condition the facility permitted and involved herein.

2.11 Permittee may, at its sole expense, modify the facility involved and installed herein under the condition that same does not unreasonably interfere with LWDD's use of its right-of-way and under the condition that the plans and specifications for such modification have been permitted by LWDD through application of a permit modification.

2.12 It shall be the responsibility of the permittee or permittee's contractor(s) installing the above described facility to maintain the continuous uninterrupted free flow of water in the canal. It shall further be the duty of the Permittee to obtain the approval of LWDD for any construction methods, which would be contrary to the above. The permittee shall also be responsible for the installation of silt screens and/or turbidity barriers as necessary to maintain the clarity of the water. PERMITTEE'S FAILURE TO COMPLY WITH WRITTEN NOTICE OF A VIOLATION OF THE CONDITIONS OF THIS PERMIT SHALL, AFTER FIVE (5) WORKING DAYS, AUTOMATICALLY WITHOUT FURTHER NOTICE VOID THIS PERMIT, BUT NOT THE PERMITTEE'S LIABILITY INVOLVED HEREIN. ANY BOND CONDITIONED BY THIS PERMIT SHALL BE UTILIZED FOR THE RESTORATION OF ANY DAMAGES DONE TO THE CANAL RIGHT-OF-WAY BY THE PERMITTEE OR THE PERMITTEE'S CONTRACTOR(S).

2.13 This permit is issued based on the applicant's submitted information which reasonably demonstrates that no adverse water resource related impacts will be caused by the completed permit activity. Should it be determined that adverse impacts caused by the completed surface water management system have taken place, including the discharge of nutrient concentrations to canals that cause an imbalance in natural populations of aquatic flora and fauna, then LWDD shall require the permittee to develop a source control plan [i.e. consisting of chemical treatment and/or implementation of best management practices (BMPs)]. Additionally, LWDD may require the permittee to modify the permit in order to implement components of the source control plan.

Environmental Resource General Permit No. 50-107699-P
Date Issued: December 29, 2022

Permittee: Village Of Palm Springs
226 Cypress Lane
Palm Springs, FL 33461

Project: Davis Road Stormwater Improvements

Location: Palm Beach County, See Exhibit 1

Application No. 220901-35815

Description: The project proposes the retrofit of an existing stormwater system serving Barbados Dr., Morgan Way, Jamaica Dr., Tortuga Rd., Davis Rd., and Andros Rd. in Palm Springs, Palm Beach County. The retrofit will include the addition of roadside swales, stormwater inlets, storm sewer piping, and control structures to reduce existing flooding problems. Discharge points for the improvements serving Barbados Dr. and Morgan Way to the Lake Worth Drainage District's (LWDD's) L-11 Canal will remain the same. Discharge points for the improvements serving Jamaica Dr., Tortuga Rd., Davis Rd., and Andros Rd. to the lake east of the project area will remain the same. See Exhibit No. 2.0 for construction plans.

Rule: **62-330.451, F.A.C.:** General Permit to Counties, Municipalities, and other Agencies to Conduct Stormwater Retrofit Activities

Expiration: December 29, 2027

Your application to use a General Environmental Resource Permit has been approved. This action is taken based on Chapter 373, Part IV, of Florida Statutes (F.S.) and the rules in Chapter 62-330, Florida Administrative Code (F.A.C.). Please read this entire agency action thoroughly and understand its contents.

This permit is subject to:

- Not receiving a filed request for a Chapter 120, F.S., administrative hearing.
- The attached General Conditions for Environmental Resource General Permits.
- The attached Specific Conditions.
- All referenced Exhibits.

Should you object to these conditions, please refer to the attached "Notice of Rights" which addresses the procedures to be followed if you desire a public hearing or other review of the proposed agency action. Please contact this office if you have any questions concerning this matter. If we do not hear from you in accordance with the "Notice of Rights", we will assume that you concur with the District's action.

Certificate of Service

I hereby certify that this written notice has been mailed or electronically transmitted to the Permittee (and the persons listed in the distribution list) on December 29, 2022 , in accordance with Section 120.60(3), F.S. Notice was also electronically posted on this date through a link on the home page of the District's website (www.sfwmd.gov/ePermitting).

Richard Lott, P.G., P.E.
Section Leader, Engineer

General Conditions for All General Permits, 62-330.405, F.A.C.

1. The general permit is valid only for the specific activity indicated. Any deviation from the specified activity and the conditions for undertaking that activity shall constitute a violation of the permit and shall subject the permittee to enforcement action and revocation of the permit under Chapter 373, F.S.

2. The general permit does not eliminate the necessity to obtain any required federal, state, local and special district authorizations prior to the start of any construction, alteration, operation, maintenance, removal or abandonment authorized by this permit; and it does not authorize any violation of any other applicable federal, state, local, or special district laws (including, but not limited to, those governing the “take” of listed species).

3. This general permit does not convey to the permittee or create in the permittee any property right, or any interest in real property, nor does it authorize any entrance upon or activities on property which is not owned or controlled by the permittee, or convey any rights or privileges other than those specified in the general permit.

4. The general permit does not relieve the permittee from liability and penalties when the permitted activity causes harm or injury to: human health or welfare; animal, plant or aquatic life; or property. It does not allow the permittee to cause pollution that violates state water quality standards.

5. Section 253.77, F.S., provides that a person may not commence any excavation, construction, or other activity involving the use of state-owned or other lands of the state, the title to which is vested in the Board of Trustees of the Internal Improvement Trust Fund without obtaining the required consent, lease, easement, or other form of authorization authorizing the proposed use. Therefore, the permittee is responsible for obtaining any necessary authorizations from the Board of Trustees prior to commencing activity on state-owned lands.

6. The authorization to conduct activities under a general permit may be modified, suspended or revoked in accordance with Chapter 120, F.S., and Section 373.429, F.S.

7. The general permit is not transferable to a new third party. To be used by a different permittee, a new notice to use a general permit must be submitted in accordance with rule 62-330.402, F.A.C. Activities constructed in accordance with the terms and conditions of a general permit are automatically authorized to be operated and maintained by the permittee and subsequent owners in accordance with subsection 62-330.340(1), F.A.C. Any person holding the general permit, persons working under the general permit, and owners of land while work is conducted under the general permit shall remain liable for any corrective actions that may be required as a result of any permit violations prior to sale, conveyance, or other transfer of ownership or control of the permitted project, activity, or the real property at which the permitted project or activity is located.

8. Upon reasonable notice to the permittee, Agency staff with proper identification shall have permission to enter, inspect, sample and test the permitted system to ensure conformity with the plans and specifications approved by the general permit.

9. The permittee shall maintain any permitted project or activity in accordance with the plans submitted to the Agency and authorized in this general permit.

10. A permitee's right to conduct a specific activity under this general permit is authorized for a duration of five years.

11. Activities shall be conducted in a manner that does not cause or contribute to violations of

state water quality standards. Performance-based erosion and sediment control best management practices shall be implemented and maintained immediately prior to, during, and after construction as needed to stabilize all disturbed areas, including other measures specified in the permit to prevent adverse impacts to the water resources and adjacent lands. Erosion and sediment control measures shall be installed and maintained in accordance with the State of Florida Erosion and Sediment Control Designer and Reviewer Manual (Florida Department of Environmental Protection and Florida Department of Transportation, June 2007), available at https://www.flrules.org/Gateway/reference.asp?No=Ref-04227, and the Florida Stormwater Erosion and Sedimentation Control Inspector's Manual (Florida Department of Environmental Protection, Nonpoint Source Management Section, Tallahassee, Florida, July 2008), available at http://publicfiles.dep.state.fl.us/DEAR/Stormwater_Training_Docs/erosion-inspectors-manual.pdf.

12. Unless otherwise specified in the general permit, temporary vehicular access within wetlands during construction shall be performed using vehicles generating minimum ground pressure to minimize rutting and other environmental impacts. Within forested wetlands, the permittee shall choose alignments that minimize the destruction of mature wetland trees to the greatest extent practicable. When needed to prevent rutting or soil compaction, access vehicles shall be operated on wooden, composite, metal, or other non-earthen construction mats. In all cases, access in wetlands shall comply with the following:
    (a) Access within forested wetlands shall not include the cutting or clearing of any native wetland tree having a diameter four inches or greater at breast height;
    (b) The maximum width of the construction access area shall be limited to 15 feet;
    (c) All mats shall be removed as soon as practicable after equipment has completed passage through, or work has been completed, at any location along the alignment of the project, but in no case longer than seven days after equipment has completed work or passage through that location; and
    (d) Areas disturbed for access shall be restored to natural grades immediately after the maintenance or repair is completed.

13. Barges or other work vessels used to conduct in-water activities shall be operated in a manner that prevents unauthorized dredging, water quality violations, and damage to submerged aquatic communities.

14. The construction, alteration, or use of the authorized project shall not adversely impede navigation or create a navigational hazard in the water body.

15. Except where specifically authorized in the general permit, activities must not:
    (a) Impound or obstruct existing water flow, cause adverse impacts to existing surface water storage and conveyance capabilities, or otherwise cause adverse water quantity or flooding impacts to receiving water and adjacent lands; or
    (b) Cause an adverse impact to the maintenance of surface or ground water levels or surface water flows established pursuant to section 373.042, F.S., or a Works of the District established pursuant to section 373.086, F.S.

16. If prehistoric or historic artifacts, such as pottery or ceramics, projectile points, stone tools, dugout canoes, metal implements, historic building materials, or any other physical remains that could be associated with Native American, early European, or American settlement are encountered at any time within the project site area, the permitted project shall cease all activities involving subsurface disturbance in the vicinity of the discovery. The permittee or other designee shall contact the Florida Department of State, Division of Historical Resources, Compliance Review Section (DHR), at (850)245-6333, as well as the appropriate permitting agency office. Project activities shall not resume without verbal or written authorization from the Division of Historical Resources. If unmarked human remains are encountered, all work shall stop immediately and the proper authorities notified in accordance with section 872.05, F.S.

17. The activity must be capable, based on generally accepted engineering and scientific

principles, of being performed and of functioning as proposed, and must comply with any applicable District special basin and geographic area criteria.

18. The permittee shall comply with the following when performing work within waters accessible to federally- or state-listed aquatic species, such as manatees, marine turtles, smalltooth sawfish, and Gulf sturgeon:
    (a) All vessels associated with the project shall operate at “Idle Speed/No Wake” at all times while in the work area and where the draft of the vessels provides less than a four-foot clearance from the bottom. All vessels will follow routes of deep water whenever possible.
    (b) All deployed siltation or turbidity barriers shall be properly secured, monitored, and maintained to prevent entanglement or entrapment of listed species.
    (c) All in-water activities, including vessel operation, must be shut down if a listed species comes within 50 feet of the work area. Activities shall not resume until the animal(s) has moved beyond a 50-foot radius of the in-water work, or until 30 minutes elapses since the last sighting within 50 feet. Animals must not be herded away or harassed into leaving. All onsite project personnel are responsible for observing water-related activities for the presence of listed species.
    (d) Any listed species that is killed or injured by work associated with activities performed shall be reported immediately to the Florida Fish and Wildlife Conservation Commission (FWC) Hotline at 1(888)404-3922 and ImperiledSpecies@myFWC.com.
    (e) Whenever there is a spill or frac-out of drilling fluid into waters accessible to the above species during a directional drilling operation, the FWC shall be notified at ImperiledSpecies@myfwc.com with details of the event within 24 hours following detection of the spill or frac-out.

19. The permittee shall hold and save the Agency harmless from any and all damages, claims, or liabilities which may arise by reason of the construction, alteration, operation, maintenance, removal, abandonment or use of any activity authorized by the general permit.

20. The permittee shall immediately notify the Agency in writing of any submitted information that is discovered to be inaccurate.

Specific Conditions for General Permits, 62-330.451, F.A.C.

1. Within 30 days after completion of construction, a registered professional shall submit certification that construction was completed in substantial conformance with the plans and calculations that were submitted in the notice to use this general permit.

Project Work Schedule for Permit No. 50-107699-P

The following activities are requirements of this Permit and shall be completed in accordance with the Project Work Schedule below. Please refer to General Conditions, Special Conditions and/or Specific Conditions for more information. Any deviation from these time frames will require prior approval from the District's Environmental Resources Bureau and may require a modification to this permit. Such requests must be made in writing and shall include: (1) reason for the change, (2) proposed start/finish and/or completion dates, and (3) progress report on the status of the project.

Condition No.	Date Added	Description (Application Number)	Due Date	Date Satisfied

NOTICE OF RIGHTS

As required by Chapter 120, Florida Statutes, the following provides notice of the opportunities which may be available for administrative hearing pursuant to Sections 120.569 and 120.57, Florida Statutes, or judicial review pursuant to Section 120.68, Florida Statutes, when the substantial interests of a party are determined by an agency. Please note that this Notice of Rights is not intended to provide legal advice. Some of the legal proceedings detailed below may not be applicable or appropriate for your situation. You may wish to consult an attorney regarding your legal rights.

RIGHT TO REQUEST ADMINISTRATIVE HEARING

A person whose substantial interests are or may be affected by the South Florida Water Management District's (District) action has the right to request an administrative hearing on that action pursuant to Sections 120.569 and 120.57, Florida Statutes. Persons seeking a hearing on a District decision which affects or may affect their substantial interests shall file a petition for hearing in accordance with the filing instructions set forth herein within 21 days of receipt of written notice of the decision unless one of the following shorter time periods apply: (1) within 14 days of the notice of consolidated intent to grant or deny concurrently reviewed applications for environmental resource permits and use of sovereign submerged lands pursuant to Section 373.427, Florida Statutes; or (2) within 14 days of service of an Administrative Order pursuant to Section 373.119 (1), Florida Statutes. "Receipt of written notice of agency decision" means receipt of written notice through mail, electronic mail, posting, or publication that the District has taken or intends to take final agency action. Any person who receives written notice of a District decision and fails to file a written request for hearing within the timeframe described above waives the right to request a hearing on that decision.

If the District takes final agency action that materially differs from the noticed intended agency decision, persons who may be substantially affected shall, unless otherwise provided by law, have an additional point of entry pursuant to Rule 28-106.111, Florida Administrative Code.

Any person to whom an emergency order is directed pursuant to Section 373.119(2), Florida Statutes, shall comply therewith immediately, but on petition to the board shall be afforded a hearing as soon as possible.

A person may file a request for an extension of time for filing a petition. The District may grant the request for good cause. Requests for extension of time must be filed with the District prior to the deadline for filing a petition for hearing. Such requests for extension shall contain a certificate that the moving party has consulted with all other parties concerning the extension and whether the District and any other parties agree to or oppose the extension. A timely request for an extension of time shall toll the running of the time period for filing a petition until the request is acted upon.

FILING INSTRUCTIONS

A petition for administrative hearing must be filed with the Office of the District Clerk. Filings with the Office of the District Clerk may be made by mail, hand-delivery, or e-mail. Filings by facsimile will not be accepted. A petition for administrative hearing or other document is deemed filed upon receipt during normal business hours by the Office of the District Clerk at the District's headquarters in West Palm Beach, Florida. The District's normal business hours are 8:00 a.m. – 5:00 p.m., excluding weekends and District holidays. Any document received by the Office of the District Clerk after 5:00 p.m. shall be deemed filed as of 8:00 a.m. on the next regular business day.

Additional filing instructions are as follows:

- Filings by mail must be addressed to the Office of the District Clerk, 3301 Gun Club Road, West Palm Beach, Florida 33406.
- Filings by hand-delivery must be delivered to the Office of the District Clerk. Delivery of a petition to the District's security desk does not constitute filing. It will be necessary to request that the District's security officer contact the Office of the District Clerk. An employee of the

- Filings by e-mail must be transmitted to the Office of the District Clerk at clerk@sfwmd.gov. The filing date for a document transmitted by electronic mail shall be the date the Office of the District Clerk receives the complete document.

INITIATION OF ADMINISTRATIVE HEARING

Pursuant to Sections 120.54(5)(b)4. and 120.569(2)(c), Florida Statutes, and Rules 28-106.201 and 28-106.301, Florida Administrative Code, initiation of an administrative hearing shall be made by written petition to the District in legible form and on 8 1/2 by 11 inch white paper. All petitions shall contain:

1. Identification of the action being contested, including the permit number, application number, District file number or any other District identification number, if known.
2. The name, address, any email address, any facsimile number, and telephone number of the petitioner, petitioner's attorney or qualified representative, if any.
3. An explanation of how the petitioner's substantial interests will be affected by the agency determination.
4. A statement of when and how the petitioner received notice of the District's decision.
5. A statement of all disputed issues of material fact. If there are none, the petition must so indicate.
6. A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the District's proposed action.
7. A statement of the specific rules or statutes the petitioner contends require reversal or modification of the District's proposed action.
8. If disputed issues of material fact exist, the statement must also include an explanation of how the alleged facts relate to the specific rules or statutes.
9. A statement of the relief sought by the petitioner, stating precisely the action the petitioner wishes the District to take with respect to the District's proposed action.

MEDIATION

The procedures for pursuing mediation are set forth in Section 120.573, Florida Statutes, and Rules 28-106.111 and 28-106.401–.405, Florida Administrative Code. The District is not proposing mediation for this agency action under Section 120.573, Florida Statutes, at this time.

RIGHT TO SEEK JUDICIAL REVIEW

Pursuant to Section 120.68, Florida Statutes, and in accordance with Florida Rule of Appellate Procedure 9.110, a party who is adversely affected by final District action may seek judicial review of the District's final decision by filing a notice of appeal with the Office of the District Clerk in accordance with the filing instructions set forth herein within 30 days of rendition of the order to be reviewed, and by filing a copy of the notice with the appropriate district court of appeals via the Florida Courts E-Filing Portal.

GENERAL NOTES:

1. EXISTING CONDITIONS. CONTRACTOR TO FIELD VERIFY EXISTING CONDITIONS, WHETHER SHOWN OR NOT, AND NOTIFY ENGINEER OF ANY DISCREPANCIES OR CONFLICTS PRIOR TO CONSTRUCTION. ALL EXISTING MANHOLES, VALVES, ETC. ARE TO BE ADJUSTED TO MATCH PROPOSED ELEVATIONS. ANY EXISTING ITEM DISTURBED DURING CONSTRUCTION IS TO BE RESTORED TO EQUAL OR BETTER QUALITY.

2. EXISTING UTILITIES. THE CONTRACTOR SHALL BE RESPONSIBLE FOR CONTACTING ALL UTILITY COMPANIES AND "SUNSHINE STATE ONE CALL OF FLORIDA, INC." TO LOCATE ALL EXISTING UTILITIES WITHIN THE CONSTRUCTION AREA PRIOR TO CONSTRUCTION. CONTRACTOR SHALL VERIFY THE HORIZONTAL AND VERTICAL LOCATION OF ALL EXISTING UTILITIES PRIOR TO COMMENCING CONSTRUCTION. THE CONTRACTOR SHALL BE RESPONSIBLE FOR PROTECTING ALL EXISTING UTILITIES DURING CONSTRUCTION AND RESETTING UTILITIES TO NEW GRADE AND SLOPE WITHIN THE LIMITS OF CONSTRUCTION. IF UPON EXCAVATION, AN EXISTING UTILITY IS FOUND TO BE IN CONFLICT WITH THE PROPOSED CONSTRUCTION OR TO BE OF A SIZE OR MATERIAL DIFFERENT FROM THAT SHOWN ON THE PLANS THE CONTRACTOR SHALL IMMEDIATELY NOTIFY THE ENGINEER OF RECORD.

3. ELECTRICAL UTILITY LINES. IT SHALL BE THE CONTRACTOR'S SOLE RESPONSIBILITY TO TAKE THE NECESSARY PRECAUTIONS TO ENSURE PROPER SAFETY AND WORKMANSHIP WHEN WORKING IN THE VICINITY OF EXISTING UTILITY LINES. CONTRACTOR SHALL BE RESPONSIBLE TO COORDINATE WITH LAKE WORTH BEACH UTILITIES ON ANY WORK IN THE VICINITY OF OVERHEAD OR UNDERGROUND POWER LINES. CONTRACTOR SHALL VERIFY PROPER CLEARANCE BELOW EXISTING OVERHEAD POWER LINES PRIOR TO WORKING WITHIN THE VICINITY OF POWER LINES.

4. SAFETY. THE CONTRACTOR SHALL BE RESPONSIBLE FOR COMPLYING WITH THE PROVISIONS OF THE FLORIDA TRENCH SAFETY ACT, THE FLORIDA UNDERGROUND FACILITY DAMAGE PREVENTION AND SAFETY ACT, AND ALL APPLICABLE O.S.H.A. REQUIREMENTS.

5. MAINTENANCE OF TRAFFIC. CONTRACTOR SHALL PROVIDE MAINTENANCE OF TRAFFIC (MOT) PLANS, PREPARED BY A WORK SITE TRAFFIC SUPERVISOR AS CERTIFIED BY THE AMERICAN TRAFFIC SAFETY SERVICES ASSOCIATION, PRIOR TO COMMENCING CONSTRUCTION WITHIN THE VILLAGE OF PALM SPRINGS RIGHT-OF-WAY AND FDOT AS NECESSARY IF WORK OCCURS IN THE STATE R/W.

6. ACCESS. THE CONTRACTOR SHALL BE RESPONSIBLE FOR MAINTAINING SAFE VEHICULAR AND PEDESTRIAN ACCESS AT ALL TIMES.

7. WARRANTY. ALL WORK, MATERIALS, OR EQUIPMENT SHALL BE WARRANTIED FOR A MINIMUM OF ONE YEAR, FROM THE DATE OF FINAL ACCEPTANCE BY VPS, AGAINST DEFECTIVE MATERIALS AND/OR WORKMANSHIP. ALL WORK FOUND TO BE DEFECTIVE WILL BE REPLACED BY THE CONTRACTOR AT NO EXPENSE TO VPS.

8. SHOP DRAWINGS. THE CONTRACTOR SHALL PROVIDE A MINIMUM OF THREE (3) COPIES OR ONE (1) ELECTRONIC COPY (OR MORE, IF REQUIRED) OF SHOP DRAWINGS, PRODUCT DATA, MATERIAL SPECIFICATIONS AND OTHER INFORMATION REGARDING CONSTRUCTION MATERIALS AND STRUCTURES AS REQUESTED BY THE ENGINEER OF RECORD OR VPS. SHOP DRAWINGS MUST BE NEWLY PREPARED INFORMATION, DRAWN TO ACCURATE SCALE. STANDARD INFORMATION PREPARED WITHOUT SPECIFIC REFERENCE TO THE PROJECT WILL BE RETURNED TO THE CONTRACTOR WITHOUT REVIEW. SHOP DRAWINGS SHALL BE SUBJECT TO THE FOLLOWING:
   A. BY SUBMITTAL OF ANY SHOP DRAWING OR CATALOG DATA, BEARING AN APPROVAL STAMP, THE CONTRACTOR REPRESENTS THAT IT HAS DETERMINED AND VERIFIED ALL FIELD MEASUREMENTS, FIELD CONSTRUCTION CRITERIA, MATERIALS, DIMENSIONS, CATALOG NUMBERS AND SIMILAR DATA, OR WILL DO SO, AND THAT IT HAS CHECKED AND COORDINATED EACH ITEM WITH OTHER APPLICABLE APPROVED SHOP DRAWINGS AND THE CONTRACT REQUIREMENTS.
   B. SHOP DRAWINGS AND CATALOG DATA SUBMITTED WITHOUT THE CONTRACTOR'S STAMP OF APPROVAL WILL BE RETURNED TO THE CONTRACTOR WITHOUT REVIEW. APPROVAL OF SHOP DRAWINGS, SAMPLES, OR CATALOG DATA BY THE ENGINEER OF RECORD OR VPS SHALL NOT AUTHORIZE ANY DEVIATION FROM THE REQUIREMENTS OF THE CONTRACT DOCUMENTS.
   C. ANY PROPOSED SUBSTITUTE OR EQUAL TO THAT SHOWN ON THE CONTRACT DOCUMENTS SHALL BE ACCOMPANIED BY CALCULATIONS SUBSTANTIATING EQUIVALENCY. SHOP DRAWINGS WITH SUBSTITUTE MATERIALS NOT ACCOMPANIED BY CALCULATIONS WILL BE RETURNED WITHOUT REVIEW.
   D. THE CONTRACTOR SHALL CONFIRM COMPATIBILITY OF PIPE SLOPES AND INVERTS DURING THE SHOP DRAWING AND MATERIALS ORDERING PHASE OF THE PROJECT AND ADVISE THE ENGINEER OF RECORD IN WRITING OF ANY DISCREPANCIES.
   E. INDIVIDUAL SHOP DRAWINGS FOR ALL PRECAST STRUCTURES ARE REQUIRED. CATALOG LITERATURE WILL NOT BE ACCEPTED FOR PRECAST STRUCTURES.

9. FIELD REVIEWS. THE CONTRACTOR SHALL PROVIDE NOTIFICATION, 48 HOURS (MIN.), PRIOR TO ANY REQUIRED FIELD REVIEWS OR INSPECTIONS AND SHALL SUPPLY ALL NECESSARY EQUIPMENT, LABOR, AND MATERIALS FOR INSPECTION AND/OR TEST. ALL WORK SHALL BE OPEN AND SUBJECT TO REVIEW AND/OR INSPECTION BY AUTHORIZED PERSONNEL OF VPS AND THE ENGINEER OF RECORD.

10. DENSITY TESTING. THE CONTRACTOR SHALL BE RESPONSIBLE FOR OBTAINING ALL NECESSARY TESTING TO ENSURE THAT THE PROPER COMPACTION HAS BEEN ACHIEVED FOR ALL SUBGRADE, BASE MATERIAL, PIPE BASE MATERIAL, BACKFILL, & ALL OTHER AREAS WHERE COMPACTION REQUIREMENTS ARE SPECIFIED. ALL TEST RESULTS SHALL BE SIGNED & SEALED BY A FLORIDA LICENSED PROFESSIONAL ENGINEER AND COPIES SHALL BE PROVIDED TO THE ENGINEER OF RECORD AND VPS.

11. PERMITS. THE CONTRACTOR SHALL NOT COMMENCE CONSTRUCTION PRIOR TO RECEIPT OF ALL APPLICABLE PERMITS AND APPROVALS INCLUDING AN APPROVED MAINTENANCE OF TRAFFIC PLAN. THE CONTRACTOR SHALL ABIDE BY ALL APPLICABLE REQUIREMENTS OF THE PERMITS AND AGENCY APPROVALS.

12. STORM DRAINAGE. ALL STORM DRAINAGE PIPE JOINTS SHALL BE WRAPPED IN FILTER FABRIC PER FDOT STANDARD INDEX NO. 280. ALL DRAINAGE STRUCTURES SHALL CONFORM TO THE REQUIREMENTS OF FDOT STANDARD SPECIFICATIONS FOR ROAD AND BRIDGE CONSTRUCTION, LATEST EDITION. ALL GRATES SHALL BE SECURED TO THE STRUCTURES WITH AN EYEBOLT AND CHAIN. ALL STORM DRAINAGE SHALL BE FREE OF SILT AND SEDIMENT AT THE TIME OF FINAL ACCEPTANCE BY VPS.

13. DEWATERING. THE CONTRACTOR SHALL BE RESPONSIBLE FOR OBTAINING AND COMPLYING WITH ANY DEWATERING PERMITS AND/OR APPROVALS NECESSARY FOR CONSTRUCTION. NO WATER FROM DEWATERING MEASURES SHALL BE DISCHARGED OFF-SITE. ALL DISCHARGE SHALL BE CONTAINED IN ON-SITE SEDIMENT BASINS.

14. SIDEWALKS. ALL SIDEWALKS SHALL BE CONSTRUCTED TO MEET THE REQUIREMENTS OF THE FLORIDA BUILDING CODE, CHAPTER 11 - FLORIDA ACCESSIBILITY CODE FOR BUILDING CONSTRUCTION. ALL CURB RAMPS SHALL BE CONSTRUCTED IN ACCORDANCE WITH FDOT STANDARD INDEX NO. 304 AND THE REQUIREMENTS OF THE FLORIDA BUILDING CODE. ALL WALKWAYS CROSSING VEHICULAR AREAS SHALL HAVE A SURFACE MOUNTED DETECTABLE WARNING SURFACE (TRUNCATED DOMES) IN ACCORDANCE WITH FDOT STANDARD INDEX NO. 304 AND THE FLORIDA BUILDING CODE, CHAPTER 11 - ACCESSIBILITY CODE FOR BUILDING CONSTRUCTION. ALL SIDEWALKS SHALL BE BROOM FINISHED WITH AN EVEN, DUSTLESS SURFACE AND SHALL BE FREE OF CRACKS AT TIME OF FINAL ACCEPTANCE BY VPS.

15. PAVEMENT. WHERE FULL-DEPTH PAVEMENT REPLACEMENT IS SPECIFIED, EXISTING BASEROCK MAY NOT BE RE-USED, HOWEVER IT MAY BE UTILIZED AS SUBGRADE STABILIZATION MATERIAL. ALL SUBGRADE SHALL BE FREE OF MUCK, ROOTS, UNDERBRUSH, VEGETATIVE MATTER, GARBAGE, TRASH, OR ANY OTHER UNSUITABLE MATERIALS. BASEROCK AND ASPHALT SHALL BE PLACED IN MULTIPLE LIFTS AND SHALL BE PLACED IN ACCORDANCE WITH THE APPLICABLE FDOT STANDARD SPECIFICATIONS FOR ROAD AND BRIDGE CONSTRUCTION, LATEST EDITION. FINAL LIFT OF ASPHALT SHALL PROVIDE A UNIFORM FINISH AND SHALL BE PLACED TO CORRECT MINOR IMPERFECTIONS IN THE FIRST LIFT AND TO PROVIDE POSITIVE DRAINAGE FOR THE ROADWAY.

16. SURVEY. THIS SURVEY IS BASED ON THE FLORIDA STATE PLANE COORDINATE SYSTEM TRANSVERSE MERCATOR, FLORIDA EAST ZONE 901, NORTH AMERICAN DATUM OF 1983 (1990 ADJUSTMENT).

ASBESTOS CONTAINING MATERIAL

1. ATTENTION IS DIRECTED TO THE FACT THAT ASBESTOS CONTAINING MATERIAL (ACM) PIPE IS PRESENT ON THIS PROJECT. KNOWN ACM PIPE LOCATIONS ARE SHOWN ON THE PLANS WITH NOTATIONS FOR REMOVAL, CONNECTIONS, OR ABANDONMENT IN PLACE. IT IS THE INTENT TO ABANDON ACM PIPE IN PLACE AS MUCH AS FEASIBLE. INTERPRET REFERENCES AND NOTATIONS IN THE PLANS AS TO AC, ACP OR ACM PIPE TO MEAN ASBESTOS CONTAINING MATERIAL (ACM) PIPE. TAKE SPECIAL PRECAUTION FOR ANY DISTURBANCE OF THE ASBESTOS CONTAINED IN THESE ACM PIPES AND ANY OTHER ACM PIPES THAT MAY BE IDENTIFIED DURING CONSTRUCTION.

2. CONTRACTOR IS RESPONSIBLE FOR ENSURING CONSTRUCTION IMPACTING ASBESTOS CEMENT PIPE ADHERE TO APPLICABLE REGULATIONS AND OBTAINING ALL REQUIRED PERMITS.

3. TO PROTECT THE HEALTH AND SAFETY OF THE TRAVELING PUBLIC, CITY EMPLOYEES, CONTRACTORS AND ENGINEERS. PROTECT AND / OR REMOVE AND DISPOSE AS APPLICABLE THOSE SECTIONS OF ACM PIPE DISTURBED DURING THE EXCAVATION OF THE PROJECT AND ARE NOT IDENTIFIED TO REMAIN AS ACTIVE UTILITY LINES.

4. FOLLOW FEDERAL, STATE AND LOCAL LAWS, RULES AND REGULATIONS, INCLUDING THE FOLLOWING:

   4.1. OCCUPATION AND SAFETY AND HEALTH ADMINISTRATION (OSHA) OSHA TITLE 29, PARTS 1910 AND 1926 (GENERAL INDUSTRY AND CONSTRUCTION STANDARDS)

   4.2. STATE OF FLORIDA STATUTES 469 AND 255.551 TO 25.565

   4.3. UNITED STATES ENVIRONMENTAL PROTECTION AGENCY, US EPA 40 CFR, PART 61, SUBPART M "NESHAP" (NATIONAL EMISSION STANDARDS FOR HAZARDOUS AIR POLLUTANTS)

   4.4. FLORIDA ADMINISTRATIVE CODE, CHAPTERS 62-257 AND 62-701.520, FAC

   4.5. FLORIDA DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION (FDPR) REGARDING THE LICENSING AND REGULATION OF ASBESTOS CONSULTANTS AND CONTRACTORS

      a. GENERAL INDUSTRY GUIDELINES

      b. ANY OTHER APPLICABLE FEDERAL, STATE AND LOCAL GOVERNMENT AGENCY

5. IF NECESSARY, THE SERVICES OF BOTH A FLORIDA LICENSED ASBESTOS CONSULTANT AND A FLORIDA LICENSED ASBESTOS ABATEMENT CONTRACTOR SHALL BE REQUIRED.

6. DUTIES INCLUDE, BUT ARE NOT LIMITED TO THE FOLLOWING:

   1.1. MAKE ALL REQUIRED AGENCY NOTIFICATIONS, SECURE PERMITS, PREPARE WORK PLANS, PLANS AND SPECIFICATIONS FOR ASBESTOS REMOVAL, HANDLING AND DISPOSAL OF ACM PIPE, MONITORING THE ABATEMENT (INCLUDING CLEARANCE SAMPLING WHEN DETERMINED TO BE NECESSARY BY THE ENGINEER AND / OR AS REQUIRED BY REGULATION), FOLLOWING THE REQUIRED SPECIFICATIONS FOR THE OPERATION AND MAINTENANCE (O&M) PLAN FOR ANY ASBESTOS REMAINING IN PLACE FOLLOWING COMPLETION OF REMOVAL OF THE SECTIONS OF UTILITY LINES IDENTIFIED FOR REMOVAL, APPROVAL OF PRE-JOB AND POST-JOB SUBMITTALS, PROJECT MONITORING, KEEPING DAILY LOGS, AIR MONITORING AND FINAL CLEARANCE SAMPLES, PREPARATION OF THE FINAL REPORT, ETC.

   1.2. SUBMIT REQUIRED AGENCY NOTIFICATIONS.

   1.3. APPROVAL OF ABATEMENT CONTRACTOR'S PRE-JOB AND POST-JOB SUBMITTALS.

DEMOLITION NOTES:

1. CONDUCT DEMOLITION OPERATIONS AND REMOVE DEBRIS TO ENSURE MINIMUM INTERFERENCE WITH ROADS, STREETS, WALKS, AND OTHER ADJACENT OCCUPIED AND USED FACILITIES.

2. DO NOT CLOSE OR OBSTRUCT STREETS, WALKS, OR OTHER ADJACENT OCCUPIED OR IN-USE FACILITIES WITHOUT PERMISSION FROM THE VILLAGE PROVIDE ALTERNATE ROUTES AROUND CLOSED OR OBSTRUCTED TRAFFIC WAYS AS REQUIRED BY THE VILLAGE.

3. CONDUCT DEMOLITION OPERATIONS TO PREVENT INJURY TO PEOPLE AND DAMAGE TO ADJACENT BUILDINGS AND FACILITIES TO REMAIN. ENSURE SAFE PASSAGE OF PEOPLE AROUND DEMOLITION AREA.

4. ERECT TEMPORARY PROTECTION, SUCH AS WALKS, FENCES, BARRIERS, RAILINGS, ETC. WHERE REQUIRED BY AUTHORITIES HAVING JURISDICTION.

5. PROTECT EXISTING SITE IMPROVEMENTS, APPURTENANCES, AND LANDSCAPING TO REMAIN.

6. ADJACENT IMPROVEMENTS SHALL BE CLEANED OF DUST, DIRT, AND DEBRIS CAUSED BY DEMOLITION OPERATIONS. RETURN ADJACENT AREAS TO EXISTING CONDITION BEFORE START OF DEMOLITION.

7. FOR SELECTIVE DEMOLITION, USE CUTTING METHODS LEAST LIKELY TO DAMAGE CONSTRUCTION OR ADJOINING CONSTRUCTIONS. TO MINIMIZE DISTURBANCE OF ADJACENT SURFACES, USE HAND OR SMALL POWER TOOLS DESIGNED FOR SAWING OR GRINDING, NOT HAMMERING OR CHOPPING. TEMPORARILY COVER FEATURES OR APPURTENANCES NOT TO BE DISTURBED.

8. DEMOLISH CONCRETE IN SMALL SECTIONS. CUT CONCRETE AT JUNCTURES WITH CONSTRUCTION TO REMAIN, USING POWER-DRIVEN MASONRY SAW OR HAND TOOLS; DO NOT USE POWER-DRIVEN IMPACT TOOLS.

9. REMOVAL, DEMOLITION, HAULING, AND DISPOSAL SHALL COMPLY WITH REGULATIONS BY F.D.E.P., E.P.A., AND ANY OTHER AUTHORITY HAVING JURISDICTION.

10. ALL EXISTING PATHWAY AND STREET LIGHTING WILL REMAIN IN PLACE AND REMAIN IN SERVICE DURING CONSTRUCTION OPERATIONS.

SIGNING AND MARKING NOTES:

1. ALL PAVEMENT MARKINGS WITHIN VILLAGE RIGHT-OF-WAY SHALL BE THERMOPLASTIC. THERMOPLASTIC SHALL NOT BE INSTALLED ON PAVEMENT UNTIL A MINIMUM OF FIVE CALENDAR DAYS AFTER THE FINAL LIFT OF ASPHALT HAS BEEN COMPLETED.

2. BLUE/BLUE REFLECTIVE PAVEMENT MARKERS (RPM) SHALL BE INSTALLED IN THE CENTER OF ADJACENT TRAVEL LANE TO INDICATE THE LOCATION OF ALL FIRE HYDRANTS.

3. BI-DIRECTIONAL YELLOW/YELLOW REFLECTIVE PAVEMENT MARKERS SHALL BE PROVIDED AT 40' INTERVALS CENTERED BETWEEN YELLOW SKIP STRIPES.

4. ONE BI-DIRECTIONAL YELLOW/YELLOW REFLECTIVE PAVEMENT MARKER SHALL BE PROVIDED AT EACH END OF 18" YELLOW STRIPES ON EACH SIDE OF DOUBLE YELLOW STRIPES.

5. BI-DIRECTIONAL COLORLESS/RED REFLECTIVE PAVEMENT MARKERS SHALL BE PROVIDED AT 20' INTERVALS ALONG SOLID WHITE LINES (NOT ON EDGE OF PAVEMENT LINES).

6. BI-DIRECTIONAL YELLOW/YELLOW REFLECTIVE PAVEMENT MARKERS SHALL BE PROVIDED AT 1' INTERVALS AT ALL BULLNOSES.

7. ALL SIGNING, PAVEMENT MARKINGS AND PLACEMENT OF REFLECTIVE PAVEMENT MARKERS SHALL CONFORM TO THE MANUAL OF UNIFORM TRAFFIC CONTROL DEVICES MANUAL (MUTCD), LATEST VERSION.

8. ALL PAVEMENT MARKING SHALL BE HOT APPLIED THERMOPLASTIC MANUFACTURED AND APPLIED IN ACCORDANCE WITH FDOT STANDARD SPECIFICATION SECTION 711, LATEST EDITION.

9. REFLECTIVE PAVEMENT MARKERS SHALL BE CLASS B MARKERS MANUFACTURED IN ACCORDANCE WITH FDOT STANDARD SPECIFICATION 706, LATEST EDITION AND INSTALLED IN ACCORDANCE WITH THE MANUFACTURER'S RECOMMENDED PROCEDURES.

10. ALL SIGNS SHALL BE MANUFACTURED AND INSTALLED IN ACCORDANCE WITH THE MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES, LATEST EDITION.

11. ALL SIGNS SHALL BE DIAMOND GRADE.

12. THE PUBLIC ROADWAYS INDICATED IN THESE PLANS HAVE BEEN DESIGNED SUBSTANTIALLY IN ACCORDANCE WITH "THE MANUAL OF UNIFORM MINIMUM STANDARDS FOR DESIGN, CONSTRUCTION AND MAINTENANCE FOR STREETS AND HIGHWAYS-STATE OF FLORIDA".

13. METHOD OF REMOVAL OF EXISTING PAVEMENT MARKINGS SHALL BE BY WATER JETTING OR SAND BLASTING. BLACK-OUT OF EXISTING PAVEMENT MARKING IS NOT PERMITTED.

14. THE CONTRACTOR SHALL VERIFY PROPER STREET NAMES AND NUMBERS WITH AN APPROVED ADDRESS PLAN PRIOR TO ORDERING AND INSTALLING `D3' SIGNS.

15. THE CONTRACTOR SHALL BE RESPONSIBLE FOR COORDINATING REFUSE PICK UP AND MAIL SERVICE TO ENSURE UNINTERRUPTED SERVICE THROUGHOUT THE CONSTRUCTION PROJECT.

EROSION AND SEDIMENT CONTROL NOTES:

1. ALL EROSION CONTROL MEASURES SHALL BE INSTALLED IN ACCORDANCE WITH FDOT INDICES 102, 103 AND 106, THE FDEP NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) GENERAL PERMIT (IF APPLICABLE), AND THE STORMWATER POLLUTION PREVENTION PLAN (SWPPP). FILTER FABRIC, HAY BALES, OR ROCK BAGS SHALL BE INSTALLED IN EACH INLET THROUGHOUT THE CONSTRUCTION PERIOD. A SOIL TRACKING PREVENTION DEVICE (STPD) SHALL BE CONSTRUCTED AT ALL UNSTABILIZED CONSTRUCTION ACCESS POINTS, PER FDOT INDEX NO. 106.
2. THE INTENT OF EROSION CONTROL MEASURES IS TO PROVIDE A BARRIER TO CONTAIN SILT AND SEDIMENT ON THE PROJECT SITE. THIS REPRESENTATION IS PROVIDED FOR THE CONVENIENCE OF THE CONTRACTOR. THE TEST OF EROSION CONTROL EFFECTIVENESS IS TO BE DETERMINED BY MEETING THE REGULATIONS SET FORTH BY THE AUTHORITY HAVING JURISDICTION OVER WATER QUALITY CONTROL AND OTHER SEDIMENTATION RESTRICTION REQUIREMENTS.
3. APPROVED EROSION AND SEDIMENT CONTROL MEASURES SHALL BE INSTALLED PRIOR TO ANY CLEARING GRADING, EXCAVATION, FILLING, OR OTHER LAND DISTURBANCE ACTIVITIES, EXCEPT THOSE OPERATIONS NEEDED TO INSTALL SUCH MEASURES. APPROVAL AND INSPECTION OF INSTALLED EROSION CONTROL MEASURES BY VPS INSPECTOR REQUIRED PRIOR TO START OF ANY WORK
4. INSPECTION OF ALL EROSION CONTROL MEASURES SHALL BE CONDUCTED WEEKLY, OR AFTER EACH RAINFALL EVENT. REPAIR, AND/OR REPLACEMENT OF SUCH MEASURES SHALL BE MADE PROMPTY, AS NEEDED.
5. KEEP DUST WITHIN TOLERABLE LIMITS BY SPRINKLING OR OTHER ACCEPTABLE MEANS.
6. ADDITIONAL EROSION AND SEDIMENT CONTROL MEASURES MAY BE REQUIRED IF DEEMED NECESSARY BY ONSITE INSPECTION.
7. FAILURE TO PROPERLY INSTALL AND MAINTAIN EROSION CONTROL PRACTICES SHALL RESULT IN CONSTRUCTION BEING HALTED.
8. DRAINAGE INLETS SHALL BE PROTECTED BY FILTER OR OTHER APPROVED MATERIALS.
9. ANY ACCESS ROUTES TO SITE SHALL BE BASED WITH CRUSHED STONE, WHERE PRACTICAL.
10. EROSION CONTROL MEASURES ARE TO BE MAINTAINED UNTIL PERMANENT GROUND COVER IS ESTABLISHED.
11. VILLAGE APPROVAL REQUIRED PRIOR TO DISTURBING VEGETATION WHERE FEASIBLE OPENS UP TO CONTRACTOR INTERPRETATION.
12. ALL WORK IS TO BE IN COMPLIANCE WITH THE RULES AND REGULATIONS SET FORTH BY THE STATE OF FLORIDA, DEPARTMENT OF ENVIRONMENTAL PROTECTION AND VPS.

WATER AND SEWER SEPARATION CRITERIA:

1. NEW OR RELOCATED UNDERGROUND WATER MAINS SHALL BE LAID TO PROVIDE A HORIZONTAL DISTANCE OF AT LEAST THREE FEET BETWEEN THE OUTSIDE OF THE WATER MAIN AND THE OUTSIDE OF ANY EXISTING OR PROPOSED SEWER, STORMWATER FORCE MAIN, OR PIPELINE CONVEYING RECLAIMED WATER REGULATED UNDER PART III OF CHAPTER 2-610, F.A.C.
2. NEW OR RELOCATED UNDERGROUND WATER MAINS SHALL BE LAID TO PROVIDE A HORIZONTAL DISTANCE OF AT LEAST THREE FEET, AND PREFERABLY TEN FEET, BETWEEN THE OUTSIDE OF THE WATER MAIN AND THE OUTSIDE OF ANY EXISTING OR PROPOSED VACUUM-TYPE SANITARY SEWER.
3. NEW OR RELOCATED UNDERGROUND WATER MAINS SHALL BE LAID TO PROVIDE A HORIZONTAL DISTANCE OF AT LEAST SIX, AND PREFERABLY TEN FEET, BETWEEN THE OUTSIDE OF THE WATER MAIN AND THE OUTSIDE OF ANY EXISTING OR PROPOSED GRAVITY OR PRESSURE TYPE SANITARY SEWER, WASTEWATER FORCE MAIN, OR PIPELINE CONVEYING RECLAIMED WATER NOT REGULATED UNDER PART III OF CHAPTER 62-610, F.A.C. THE MINIMUM HORIZONTAL SEPARATION BETWEEN WATER MAINS AND GRAVITY TYPE SANITARY SEWERS SHALL BE REDUCED TO THREE FEET WHERE THE BOTTOM OF THE WATER MAIN IS LAID AT LEAST SIX INCHES ABOVE THE TOP OF THE SEWER.
4. NEW OR RELOCATED UNDERGROUND WATER MAINS SHALL BE LAID TO PROVIDE A MINIMUM HORIZONTAL DISTANCE OF AT LEAST TEN FEET BETWEEN THE OUTSIDE OF THE WATER MAIN AND ALL PARTS OF ANY EXISTING OR PROPOSED 'ON SITE SEWAGE TREATMENT AND DISPOSAL SYSTEM' AS DEFINED IN SECTION 381.0065(2), F.S. AND RULE 64E-6.002, F.A.C.
5. NEW OR RELOCATED UNDERGROUND WATER MAINS CROSSING ANY EXISTING OR PROPOSED GRAVITY OR VACUUM TYPE SANITARY OR STORM SEWER SHALL BE LAID SO THE OUTSIDE OF THE WATER MAIN IS AT LEAST SIX INCHES, AND PREFERABLY TWELVE INCHES ABOVE, OR AT LEAST TWELVE INCHES BELOW THE OUTSIDE OF THE OTHER PIPELINE. HOWEVER, IT IS PREFERABLE TO LAY THE WATER MAIN ABOVE THE OTHER PIPELINE.
6. NEW OR RELOCATED UNDERGROUND WATER MAINS CROSSING ANY EXISTING OR PROPOSED PRESSURE TYPE SANITARY SEWER, WASTEWATER OR STORM WATER FORCE MAIN, OR PIPE LINE CONVEYING RECLAIMED WATER SHALL BE LAID SO THE OUTSIDE OF THE WATER MAIN IS AT LEAST TWELVE INCHES ABOVE OR BELOW THE OUTSIDE OF THE OTHER PIPELINE. HOWEVER, IT IS PREFERABLE TO LAY THE WATER MAIN ABOVE THE OTHER PIPELINE.
7. AT THE UTILITY CROSSING DESCRIBED IN PARAGRAPH 1 AND 2 ABOVE, ONE FULL LENGTH OF WATER MAIN PIPE SHALL BE CENTERED ABOVE OR BELOW THE OTHER PIPELINE SO THE WATER MAIN JOINTS SHALL BE AS FAR AS POSSIBLE FROM THE OTHER PIPELINE. ALTERNATIVELY, AT SUCH CROSSINGS, THE PIPES SHALL BE ARRANGED SO THAT ALL WATER MAIN JOINTS ARE AT LEAST THREE FEET FROM ALL JOINTS IN VACUUM TYPE SANITARY SEWER, STORM SEWERS, STORMWATER FORCE MAINS, OR PIPELINES CONVEYING RECLAIMED WATER REGULATED UNDER PART III OF CHAPTER 62-610, F.A.C., AND AT LEAST SIX FEET FROM ALL JOINTS IN GRAVITY OR PRESSURE TYPE SANITARY SEWERS, WASTEWATER FORCE MAINS, OR PIPELINES CONVEYING RECLAIMED WATER NOT REGULATED UNDER PART III OF CHAPTER III 62-610, F.A.C.

PIPE SPECIFICATIONS

1. HIGH DENSITY POLYETHYLENE PIPE SHALL BE AWWA C906 (HDPE) AND PER CITY SPECIFICATIONS.
2. PIPE MUST CONFORM TO ASTM F714 AND NSF 61.
3. HDPE RESIN SHALL BE PE3408 CHARACTERIZED BY ASTM D3350.
4. ALL PIPE SHALL BE MADE OF VIRGIN MATERIAL, NO REWORK EXCEPT THAT OBTAINED FROM MANUFACTURERS OWN PRODUCTION.
5. PIPE SHALL BE A MINIMUM OF SDR 17 WALL THICKNESS OR AS DIRECTED BY THE AUTHORITY.
6. CUTS OR GOUGES, PER ASTM F585 ARE ACCEPTABLE UP TO 10% OF WALL THICKNESS. BEYOND 10% OF WALL, DAMAGE MUST BE REMOVED BY CUTTING THE DAMAGED SECTION FROM THE PIPE STRING AND BUTT FUSING THE ENDS.

GENERAL NOTES:

1. PAVERS ARE TO BE REMOVED, STORED, AND RESET BY CONTRACTOR. CONTRACTOR SHALL INCLUDE IN COST ADDITIONAL PAVER TO BLEND AND MATCH FIELD AND CUTS.
2. THERE ARE NO INVERT ELEVATIONS FOR LATERALS WITHIN THE CONSTRUCTION DOCUMENTS. INVERT ELEVATIONS FOR THE GRAVITY SEWER MAINLINE ARE INCLUDED IN THE PLANS. SECTION 01530 - PROTECTION OF EXISTING FACILITIES ADDRESSES EXISTING FACILITIES IN PROXIMITY TO THE WORK.
3. SWALE RESTORATION SHALL INCLUDE ALL WORK ASSOCIATED WITH GRADING THE SWALES AS SHOWN IN THE PLANS INCLUDING REMOVAL OF ROUGH GRADING, IMPORTATION OF FILL OR DISPOSAL OF EXCESS MATERIAL AND FINE GRADING.
4. NO ADDITIONAL INFORMATION IS AVAILABLE WITH RESPECT TO THE WATER SERVICE LINE SHOWN. FOR THE PURPOSE OF BIDDING, IT SHOULD BE ASSUMED THAT THE SERVICES LINE IS 2" OR SMALLER.
5. IF BY-PASS IS REQUIRED FOR THE REPLACEMENT OF THE VCP MAIN THE COST SHALL BE INCLUDED IN THAT PAY ITEM.

VICINITY MAP

LEGEND

- 00.00 — PROPOSED ELEVATION
- PROPOSED SURFACE FLOW ARROW
- PROPOSED STORM DRAIN PIPE
- PROPOSED CATCH BASIN OR INLET
- PROPOSED MANHOLE
- ROAD / ASPHALT RESTORATION
- PROPOSED ASPHALT OVERLAY
- CONCRETE RESTORATION
- SPECIALTY DRIVEWAY RESTORATION
- SOD RESTORATION (CONTRACTOR TO RESTORE IRRIGATION DAMAGED BY INSTALLATION OF UTILITY IMPROVEMENTS)
- TH1 — TEST HOLE LOCATION
- EX FM — EXISTING FORCE MAIN
- EX OE — EXISTING OVERHEAD ELECTRIC
- RIGHT-OF-WAY LINE
- EX WM — EXISTING WATER MAIN
- EX SD — EXISTING STORM DRAIN PIPE
- EXISTING CATCH BASIN OR INLET GRATE
- EXISTING GUTTER INLET
- EXISTING ROUND CATCH BASIN
- EXISTING STORM MANHOLE
- EXISTING ENDWALL OR HEADWALL

GENERAL NOTES:

1. PAVERS ARE TO BE REMOVED, STORED, AND RESET BY CONTRACTOR. CONTRACTOR SHALL INCLUDE IN COST ADDITIONAL PAVER TO BLEND AND MATCH FIELD AND CUTS.
2. THERE ARE NO INVERT ELEVATIONS FOR LATERALS WITHIN THE CONSTRUCTION DOCUMENTS. INVERT ELEVATIONS FOR THE GRAVITY SEWER MAINLINE ARE INCLUDED IN THE PLANS. SECTION 01530 - PROTECTION OF EXISTING FACILITIES ADDRESSES EXISTING FACILITIES IN PROXIMITY TO THE WORK.
3. SWALE RESTORATION SHALL INCLUDE ALL WORK ASSOCIATED WITH GRADING THE SWALES AS SHOWN IN THE PLANS INCLUDING REMOVAL OF ROUGH GRADING, IMPORTATION OF FILL OR DISPOSAL OF EXCESS MATERIAL AND FINE GRADING.
4. NO ADDITIONAL INFORMATION IS AVAILABLE WITH RESPECT TO THE WATER SERVICE LINE SHOWN. FOR THE PURPOSE OF BIDDING, IT SHOULD BE ASSUMED THAT THE SERVICES LINE IS 2" OR SMALLER.
5. IF BY-PASS IS REQUIRED FOR THE REPLACEMENT OF THE VCP MAIN THE COST SHALL BE INCLUDED IN THAT PAY ITEM.

N.T.S.

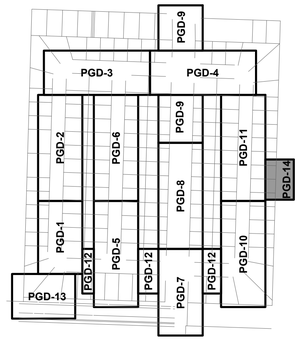
NOTES:

1. ALL WORK SHALL MEET FDOT INDEX 425-001, 425-010, 425-052.
2. ALL EXPOSED CORNERS AND EDGES SHALL BE CHAMFERED ¾".
3. INLETS AND MANHOLES SHALL BE PRECAST CLASS "A" 4000 P.S.I. CONCRETE.
4. REINFORCING STEEL SHALL CONFORM TO A.S.T.M. 615 GRADE 60.
5. BEND BAR AROUND OPENING TO PROVIDE DEVELOPMENT LENGTH.
6. ALL GROUTED JOINTS ARE TO HAVE MINIMUM THICKNESS OF 1".
7. FILTER FABRIC JOINTS SHALL LAP A MINIMUM OF ONE (1) FOOT.



PLAN VIEW
N.T.S.

SITE MAP

NOTE:
THE CONTRACTOR SHALL BE RESPONSIBLE FOR COORDINATING WITH THE OWNER OF ANY EXISTING UTILITY AND FOR THE SUPPORT OF ANY UTILITY INCLUDING ANY POLES, DURING THE INSTALLATION OF THE STRUCTURE AT SAGO PARK AND OTHER WORK WITHIN THE PROJECT SCOPE. THE COST FOR SUPPORTING EXISTING UTILITIES AND FENCE SHALL BE PART OF THE STRUCTURE INSTALLATION.

CONTROL STRUCTURE NO. 1
N.T.S.

LEGEND

- PROPOSED ELEVATION (00.00)
- PROPOSED SURFACE FLOW ARROW
- PROPOSED STORM DRAIN PIPE
- PROPOSED CATCH BASIN OR INLET
- PROPOSED MANHOLE
- ROAD / ASPHALT RESTORATION
- PROPOSED ASPHALT OVERLAY
- CONCRETE RESTORATION
- SPECIALTY DRIVEWAY RESTORATION
- SOD RESTORATION (CONTRACTOR TO RESTORE IRRIGATION DAMAGED BY INSTALLATION OF UTILITY IMPROVEMENTS)
- TEST HOLE LOCATION (TH1)
- EX FM — EXISTING FORCE MAIN
- EX OE — EXISTING OVERHEAD ELECTRIC
- RIGHT-OF-WAY LINE
- EX WM — EXISTING WATER MAIN
- EX SD — EXISTING STORM DRAIN PIPE
- EXISTING CATCH BASIN OR INLET GRATE
- EXISTING GUTTER INLET
- EXISTING ROUND CATCH BASIN
- EXISTING STORM MANHOLE
- EXISTING ENDWALL OR HEADWALL

GENERAL NOTES:

1. PAVERS ARE TO BE REMOVED, STORED, AND RESET BY CONTRACTOR. CONTRACTOR SHALL INCLUDE IN COST ADDITIONAL PAVER TO BLEND AND MATCH FIELD AND CUTS.
2. THERE ARE NO INVERT ELEVATIONS FOR LATERALS WITHIN THE CONSTRUCTION DOCUMENTS. INVERT ELEVATIONS FOR THE GRAVITY SEWER MAINLINE ARE INCLUDED IN THE PLANS. SECTION 01530 - PROTECTION OF EXISTING FACILITIES ADDRESSES EXISTING FACILITIES IN PROXIMITY TO THE WORK.
3. SWALE RESTORATION SHALL INCLUDE ALL WORK ASSOCIATED WITH GRADING THE SWALES AS SHOWN IN THE PLANS INCLUDING REMOVAL OF ROUGH GRADING. IMPORTATION OF FILL OR DISPOSAL OF EXCESS MATERIAL AND FINE GRADING.
4. NO ADDITIONAL INFORMATION IS AVAILABLE WITH RESPECT TO THE WATER SERVICE LINE SHOWN. FOR THE PURPOSE OF BIDDING, IT SHOULD BE ASSUMED THAT THE SERVICES LINE IS 2" OR SMALLER.
5. IF BY-PASS IS REQUIRED FOR THE REPLACEMENT OF THE VCP MAIN THE COST SHALL BE INCLUDED IN THAT PAY ITEM.

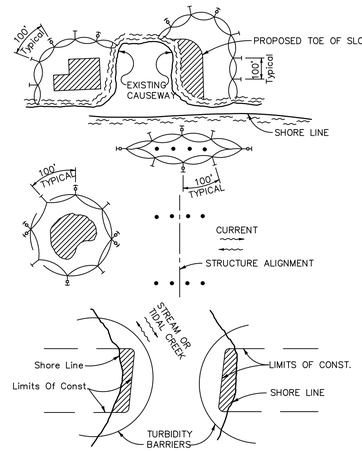
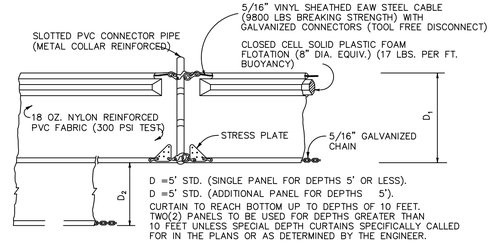
SILT FENCE

N.T.S.





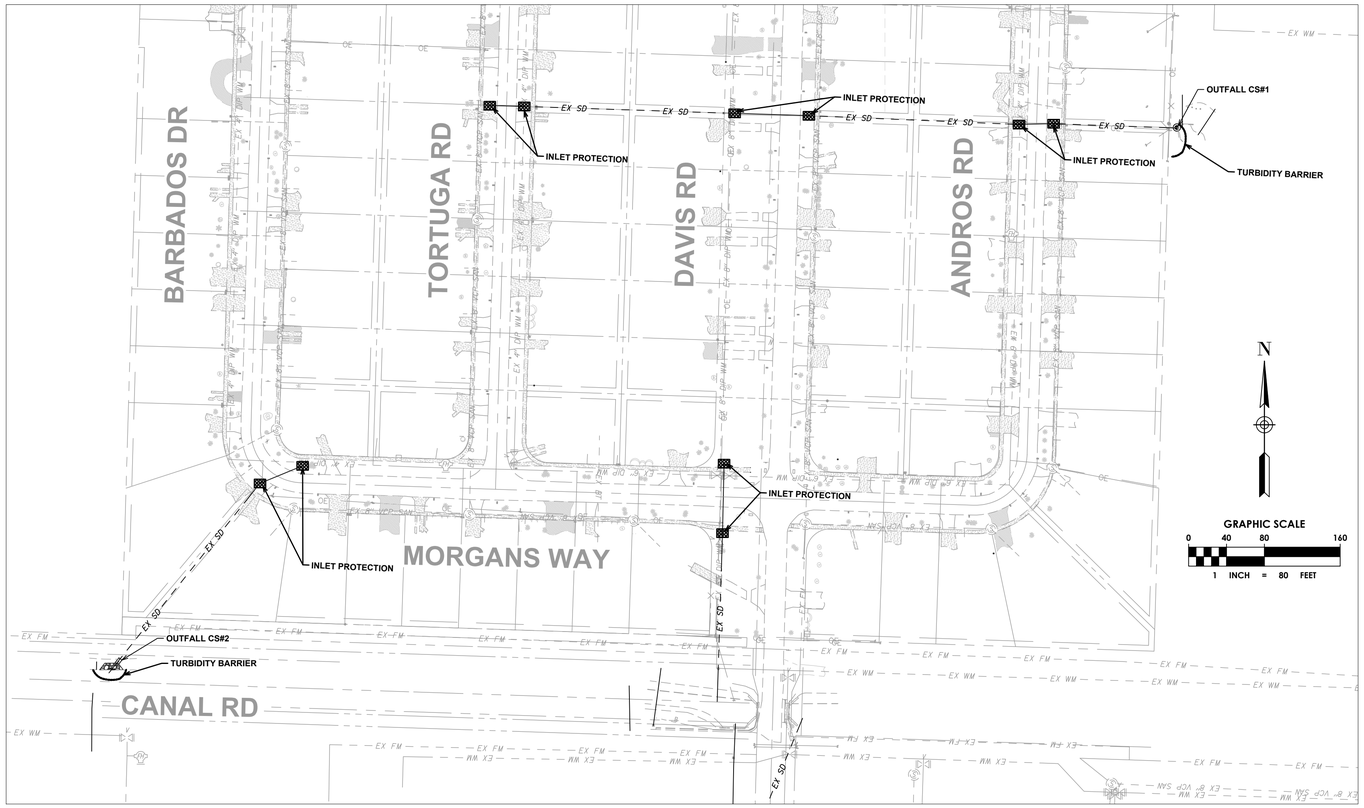
NOTES:

1. TYPE III SILT FENCE TO BE USED AT MOST LOCATIONS. WHERE USED IN DITCHES, THE SPACING FOR TYPE III SILT FENCE SHALL BE IN ACCORDANCE WITH CHART 1, SHEET 1 FROM TEMPORARY EROSION AND SEDIMENT CONTROL STANDARDS FROM FDOT.
2. TYPE IV SILT FENCE TO BE USED WHERE LARGE SEDIMENT LOADS ARE ANTICIPATED. SUGGESTED USE IS WHERE FILL SLOPE IS 1:2 OR STEEPER AND LENGTH OF SLOPE EXCEEDS 25 FEET. AVOID USE WHERE THE DETAINED WATER MAY BACK INTO TRAVEL LANES OR OFF THE RIGHT-OF-WAY.
3. DO NOT CONSTRUCT SILT FENCES ACROSS PERMANENT FLOWING WATERCOURSES. SILT FENCES ARE TO BE AT UPLAND LOCATIONS AND TURBIDITY BARRIERS USED AT PERMANENT BODIES OF WATER.
4. WHERE USED AS SLOPE PROTECTION, SILT FENCE IS TO BE CONSTRUCTED ON 0% LONGITUDINAL GRADE TO AVOID CHANNELIZING RUNOFF ALONG THE LENGTH OF THE FENCE.

SILT FENCE APPLICATIONS

N.T.S.

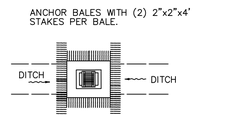
LEGEND



- PILE LOCATIONS
- DREDGE OR FILL AREA
- MOORING BUOY W/ANCHOR
- ANCHOR
- BARRIER MOVEMENT DUE TO CURRENT ACTION

NOTES:

1. TURBIDITY BARRIERS ARE TO BE USED IN ALL PERMANENT BODIES OF WATER REGARDLESS OF WATER DEPTH.
2. TURBIDITY BARRIERS SHALL BE OF SUFFICIENT LENGTH & DEPTH & SUFFICIENTLY STABILIZED IN ORDER TO MINIMIZE TURBIDITY.
3. NUMBER AND SPACING OF ANCHORS DEPENDENT ON CURRENT VELOCITIES.
4. DEPLOYMENT OF BARRIER AROUND PILE LOCATIONS MAY VARY TO ACCOMMODATE CONSTRUCTION OPERATIONS.
5. NAVIGATION MAY REQUIRE SEGMENTING BARRIER DURING CONSTRUCTION OPERATIONS.
6. FOR ADDITIONAL INFORMATION SEE SECTION 104 OF THE STANDARD SPECIFICATIONS.
7. FLOATING TURBIDITY BARRIERS ARE TO BE PAID FOR UNDER THE CONTRACT UNIT PRICE FOR FLOATING TURBIDITY BARRIER, LF.
8. CREEKS MAY BE ANY COMBINATION OF TYPES THAT WILL SUIT SITE CONDITIONS AND MEET EROSION CONTROL AND WATER QUALITY REQUIREMENTS. THE BARRIER TYPE(S) WILL BE AT THE CONTRACTORS OPTION UNLESS OTHERWISE SPECIFIED IN THE PLANS.



FLOATING TURBIDITY BARRIER

N.T.S.

EROSION AND SEDIMENT CONTROL NOTES:

1. CONTRACTOR TO EMPLOY BEST MANAGEMENT PRACTICES THROUGHOUT CONSTRUCTION IN ORDER TO ENSURE POLLUTION PREVENTION. CONTRACTOR TO COMPLY WITH ALL LOCAL STATE AND OTHER GOVERNMENTAL ENVIRONMENTAL REGULATIONS THROUGHOUT CONSTRUCTION.
2. DURING CONSTRUCTION ALL CATCH BASIN INLETS WITHIN THE AFFECTED AREA SHALL BE PROTECTED TO PREVENT SEDIMENT AND DEBRIS FROM ENTERING THE CATCH BASIN.
3. SILT FENCES SHALL BE INSTALLED AS NECESSARY TO CONTROL OR PREVENT DISCHARGE OF SEDIMENT ONTO ADJACENT UNDISTURBED AREAS, OR OFF-SITE AREAS.
4. ALL AREAS DISTURBED DURING CONSTRUCTION SHALL BE STABILIZED WITHIN A REASONABLE PERIOD OF TIME TO ASSURE MINIMUM EROSION OF SOILS.
5. NO LAND CLEARING OR GRADING SHALL BEGIN UNTIL ALL EROSION CONTROL MEASURES HAVE BEEN INSTALLED.
6. MAINTAIN EROSION CONTROL MEASURES AFTER EACH RAIN AND AT LEAST ONCE A WEEK.
7. THE CONTRACTOR SHALL TAKE ALL NECESSARY PRECAUTIONS TO PREVENT SOIL SEDIMENT FROM LEAVING THE SITE.
8. CONTRACTOR SHALL COMPLY WITH ALL STATE AND LOCAL ORDINANCES THAT APPLY.
9. ADDITIONAL EROSION AND SEDIMENT CONTROL MEASURES WILL BE INSTALLED IF DEEMED NECESSARY BY CITY, COUNTY, AND STATE OF FLORIDA ON SITE INSPECTION, AT NO ADDITIONAL COST TO THE OWNER.
10. LAND DISTURBING ACTIVITIES SHALL NOT COMMENCE UNTIL APPROVAL TO DO SO HAS BEEN RECEIVED BY GOVERNING AUTHORITIES.
11. IF INSTALLATION OF STORM DRAINAGE SYSTEM SHOULD BE INTERRUPTED BY WEATHER OR NIGHTFALL, THE PIPE ENDS SHALL BE COVERED WITH FILTER FABRIC.
12. BURNING OF DEBRIS WILL NOT BE ALLOWED.
13. CONTRACTOR SHALL BE RESPONSIBLE TO TAKE WHATEVER MEANS NECESSARY TO ESTABLISH PERMANENT SOIL STABILIZATION.
14. CONTRACTOR IS TO PROVIDE EROSION CONTROL/SEDIMENTATION BARRIER (HAY BALES OR SILTATION CURTAIN) TO PREVENT SILTATION OF ADJACENT PROPERTY, STREETS, STORM SEWERS AND WATER WAYS. IN ADDITION CONTRACTOR SHALL PLACE STRAW, MULCH OR OTHER SUITABLE MATERIAL ON GROUND IN AREAS WHERE CONSTRUCTION RELATED TRAFFIC IS TO ENTER AND EXIT SITE IF IN THE OPINION OF THE ENGINEER AND/OR LOCAL AUTHORITIES IF EXCESSIVE QUANTITIES OF EARTH ARE TRANSPORTED OFF-SITE EITHER BY NATURAL DRAINAGE OR BY VEHICULAR TRAFFIC. THE CONTRACTOR IS TO REMOVE AND CLEAN SAID EARTH TO THE SATISFACTION OF THE ENGINEER AND/OR AUTHORITIES. EROSION CONTROL BARRIER SHALL BE ESTABLISHED AS THE FIRST ITEM OF WORK.
15. THE NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION'S STORMWATER PERMITTING PROGRAM APPLIES TO ALL CONSTRUCTION ACTIVITY THAT: 1) CONTRIBUTE STORMWATER DISCHARGES TO SURFACE WATER OF THE STATE OR INTO A MUNICIPAL SEPARATE STORM SEWER SYSTEM (MS4); 2) DISTURBS ONE OR MORE ACRES OF LAND; OR 3) LESS THAN ONE ACRE IS INCLUDED IF THE ACTIVITY IS PART OF A LARGER COMMON PLAN OF DEVELOPMENT THAT WILL MEET OR EXCEED THE ONE ACRE THRESHOLD. DISTURB INCLUDES CLEARING, GRADING AND EXCAVATING.
16. FOR CONSTRUCTION ACTIVITY THAT IS SUBJECT TO THE NPDES FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION'S STORMWATER PERMITTING PROGRAM, THE CONTRACTOR SHALL:
    - 16.1. OBTAIN A GENERIC PERMIT FOR STORMWATER DISCHARGE FROM LARGE AND SMALL CONSTRUCTION ACTIVITIES FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION DOCUMENT 62-621.300(4)(A).
    - 16.2. COMPLY WITH ALL REQUIREMENTS OF THE GENERIC PERMIT.
    - 16.3. DEVELOP AND IMPLEMENT A STORMWATER POLLUTION PREVENTION PLAN (SWPPP).
    - 16.4. COMPLETE A NOTICE OF INTENT (NOI) FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION FORM 62-621.300(4)(B) IN ITS ENTIRETY USING THE FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION'S WEBSITE.
17. SUBMIT COPIES OF THE SWPPP AND THE NOI TO THE ENGINEER AS INFORMATIONAL RECORDS. THESE SUBMITTALS WILL NOT BE REVIEWED BY THE ENGINEER.
18. CONTRACTOR TO CLEAN AND REPAIR ALL EXISTING STORMWATER INFRASTRUCTURE THAT IS IMPACTED BY CONSTRUCTION ACTIVITIES, BEFORE LEAVING THE JOBSITE.
19. CONTRACTOR TO REMOVE ALL FILTER FABRIC AND POLLUTION PREVENTION ITEMS BEFORE THE FINAL WALK-THROUGH.
20. DUST ABATEMENT: CONTRACTOR SHALL LIMIT THE NUMBER OF TRIPS ONLY FOR THE NECESSARY OPERATIONS TO PERFORM THE WORK. OPERATIONAL SPEED OF VEHICLES SHALL BE REDUCED WHENEVER NECESSARY TO CONTROL AND PREVENT DUST WITHIN THE SITE. CONTROLLED WATERING AND MOISTURE OF THE SURFACES AND DIRT ROADS SHALL BE APPLIED TO AVOID UNNECESSARY DUST WHEN APPLICABLE.
21. CONTRACTOR TO USE SYNTHETIC BALE BARRIERS ONLY. HAY / STRAW BALES ARE NOT ALLOWED.
22. ALL EROSION CONTROL MEASURES SHALL BE INSTALLED IN ACCORDANCE WITH FDOT INDICES 102, 103 AND 106, THE FDEP NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) GENERAL PERMIT (IF APPLICABLE), AND THE STORMWATER POLLUTION PREVENTION PLAN (SWPPP). FILTER FABRIC, HAY BALES, OR ROCK BAGS SHALL BE INSTALLED IN EACH INLET THROUGHOUT THE CONSTRUCTION PERIOD. A SOIL TRACKING PREVENTION DEVICE (STPD) SHALL BE CONSTRUCTED AT ALL UNSTABILIZED CONSTRUCTION ACCESS POINTS, PER FDOT INDEX NO. 106.
23. THE INTENT OF EROSION CONTROL MEASURES IS TO PROVIDE A BARRIER TO CONTAIN SILT AND SEDIMENT ON THE PROJECT SITE. THIS REPRESENTATION IS PROVIDED FOR THE CONVENIENCE OF THE CONTRACTOR. THE TEST OF EROSION CONTROL EFFECTIVENESS IS TO BE DETERMINED BY MEETING THE REGULATIONS SET FORTH BY THE AUTHORITY HAVING JURISDICTION OVER WATER QUALITY CONTROL AND OTHER SEDIMENTATION RESTRICTION REQUIREMENTS.
24. APPROVED EROSION AND SEDIMENT CONTROL MEASURES SHALL BE INSTALLED PRIOR TO ANY CLEARING, GRADING, EXCAVATION, FILLING, OR OTHER LAND DISTURBANCE ACTIVITIES, EXCEPT THOSE OPERATIONS NEEDED TO INSTALL SUCH MEASURES.
25. INSPECTION OF ALL EROSION CONTROL MEASURES SHALL BE CONDUCTED WEEKLY, OR AFTER EACH RAINFALL EVENT. REPAIR, AND/OR REPLACEMENT OF SUCH MEASURES SHALL BE MADE PROMPTLY, AS NEEDED.
26. KEEP DUST WITHIN TOLERABLE LIMITS BY SPRINKLING OR OTHER ACCEPTABLE MEANS.
27. ADDITIONAL EROSION AND SEDIMENT CONTROL MEASURES MAY BE REQUIRED IF DEEMED NECESSARY BY ONSITE INSPECTION.
28. FAILURE TO PROPERLY INSTALL AND MAINTAIN EROSION CONTROL PRACTICES SHALL RESULT IN CONSTRUCTION BEING HALTED.
29. DRAINAGE INLETS SHALL BE PROTECTED BY FILTER OR OTHER APPROVED MATERIALS.
30. ANY ACCESS ROUTES TO SITE SHALL BE BASED WITH CRUSHED STONE, WHERE PRACTICAL.
31. EROSION CONTROL MEASURES ARE TO BE MAINTAINED UNTIL PERMANENT GROUND COVER IS ESTABLISHED.
32. PRIOR TO CONSTRUCTION AND DURING ALL OPERATIONS THAT MAY DEGRADE WATER QUALITY, THE CONTRACTOR SHALL PRACTICE TURBIDITY CONTROLS TO PREVENT VIOLATION OF THE WATER QUALITY STANDARDS AS OUTLINED IN CHAPTER 62-302, F.A.C

FOR ADDITIONAL INFORMATION REFERENCE FDOT INDEX 102

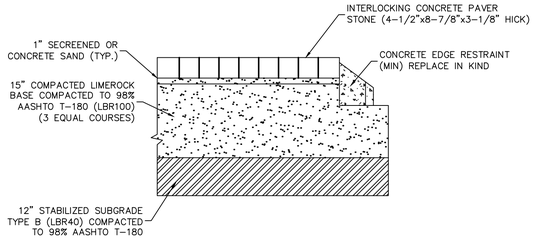
PAVEMENT MATCHING SECTION

N.T.S.



SECTION

NOTES

1. CONCRETE TO BE CLASS 1, 3,000 PSI IN 28 DAYS.
2. USE OF FIBER REINFORCED CONCRETE IS PROHIBITED.
3. 4" THICK MIN. (TYP.); 6" THICK AT DRIVEWAYS, EXTENDED TWO-FEET BEYOND DRIVE, ON BOTH SIDES.
4. SIDEWALK SLOPES SHALL MEET THE REQUIREMENTS OF THE AMERICAN WITH DISABILITIES ACT.
5. INCLUDES ANY CUT AND/OR FILL TO ACHIEVE DESIGN SLOPES.
6. PROVIDE 1/8" CONSTRUCTION JOINTS AT 5' c.c., MINIMUM DEPTH 1/2".
7. PROVIDE 1/2" EXPANSION JOINTS W/ NON-RISING FILLER AT 30'c.c.
8. CURE ALL CONCRETE WITH CLEAN SAND, PLASTIC MEMBRANE, OR OTHER APPROVED METHOD.
9. GRADE ADJACENT TO ALL SIDEWALKS AND PATHS SHALL BE 0.2' BELOW FINISH GRADE TO RECEIVE SOD

CONCRETE SIDEWALK SECTION

N.T.S.

NOTES

1. 20" LIMEROCK WITH COMPACTED SUBGRADE MAY BE USED IN LIEU OF 12" STABILIZED SUBGRADE/15" LIMEROCK

STRUCTURAL NUMBER (SN) VALUE:

LAYER TYPE	THICKNESS	AASHTO CODE	SN TOTAL
TYPE B STABILIZED, SUBGARDE (LBR40)	12"	0.08	0.96
LIMEROCK BASE (LBR 100)	15"	0.18	2.70
INTERLOCKING CONCRETE PAVER	3.125"	0.00	0.00

SN = 3.66 (>3.5 REQUIRED)

PAVER STONE SECTION

N.T.S.

PAVER STONE SPECIFICATIONS

1. PAVER STONES MUST MEET OR EXCEED ASTM C936 SPECIFICATIONS, "STANDARD SPECIFICATION FOR SOLID INTERLOCKING CONCRETE PAVING UNITS".
2. PROVIDE 12" STABILIZED SUBGRADE TYPE B (LBR 40) COMPACTED TO 98% AASHTO T-180.
3. SAWCUT NEATLY, REMOVE AND DISPOSE OF EXISTING PAVEMENT AND BASE. PROVIDE A MINIMUM 15" LIMEROCK BASE (LBR 100) OR CEMENT TREATED BASE OR APPROVED EQUAL; PRIMED AND COMPACTED (3 EQUAL 5" COURSES). COMPACT TO 98% AASHTO T-180.
4. PLACE BEDDING COURSE OF SHARP, NORMAL WEIGHT SCREENING OR CONCRETE SAND TO A UNIFORM DEPTH OF 1", LEVELED TO GRADE. CONTRACTOR MAY CONSIDER USE OF MORTAR MIX IN SAND BED TO STABILIZE THE PAVER SYSTEM AND MINIMIZE SETTLEMENT.
5. INSTALL INTERLOCKING CONCRETE PAVER STONES WITH A HERRINGBONE PATTERN, 3-18" (80 MM) THICK.
6. WHERE REQUIRED, CUT PAVING STONES WITH AN APPROVED CUTTER TO FIT ACCURATELY ON ALL EDGES, NEATLY AND WITHOUT DAMAGE.
7. TAMP PAVING STONES WITH MECHANICAL VIBRATOR UNTIL UNIFORMLY LEVEL, TRUE TO GRADE AND FREE FROM MOVEMENT.
8. FILL VOIDS IN JOINTS BY SWEEPING IN A FINE, DRY MASONRY SAND.
9. WASH AND CLEAN THE SURFACE AS REQUIRED.
10. PAVERS MUST BE COMPLETELY BORDERED BY 3,000 PSI CONCRETE CURBS (FLUSH HEADER, VALLEY GUTTER, TYPE "D" OR TYPE "F"). HEADER CURB SHALL BE OF WHITE CONCRETE WITH GLASS SPHERES WHEN USED TO OUTLINE A CROSSWALK.
11. PROVIDE 5" THICK CONCRETE COLLAR, 24" AROUND ALL STRUCTURES WITHIN PAVER STONE AREA(S). TOP OF CONCRETE COLLAR TO BE PLACED AT BOTTOM OF SAND LAYER.
12. SIGNING, PAVEMENT MARKINGS AND REFLECTIVE PAVEMENT MARKERS SHALL BE IN ACCORDANCE WITH PALM BEACH COUNTYTY TYPICAL DRAWING NO. T-P-17 (OR LATEST REVISION), AND THE MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES. PAVER STONES USED FOR PAVEMENT MARKING SHALL MEET COLORING AND RETROREFLECTIVITY REQUIREMENTS OF T-P-17 (OR LATEST REVISION).
13. DETECTION LOOPS TO BE REPLACED. CONDUITS AND PULL BOXES TO BE PROVIDED AS NECESSARY FOR LOOP LEAD-INS, AS APPROVED BY PBC. NO CONDUITS, LOOPS, OR PULL BOXES TO BE CONSTRUCTED UNDER PAVER STONES OR HEADER CURBS.

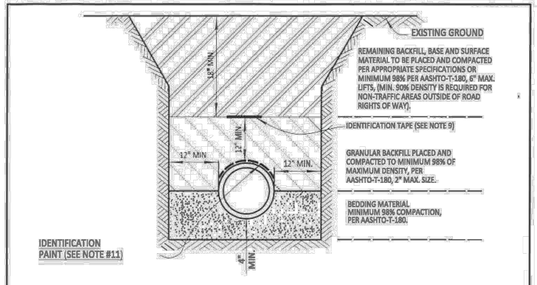
VALLEY GUTTER TOP (TYPE 'C-V' INLET)

N.T.S.

PLAN

SECTION



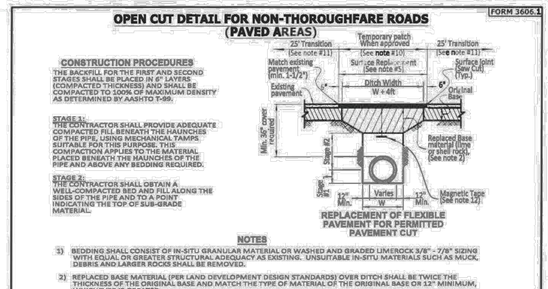
CATCH BASIN SWALE DETAIL

NOTE:

THE ROOT SYSTEM FOR ALL EXISTING TREES TO REMAIN SHALL NOT BE IMPACTED BY ANY EARTHWORK ACTIVITIES RELATED TO SWALE REGRADING. SWALE REGRADING SHALL NOT BE COMPLETED WITHIN THE CRITICAL PROTECTION ZONE WHICH IS THE AREA SURROUNDING AN EXISTING TREE WITHIN A CIRCLE DEFINED BY A RADIUS OF ONE FOOT FOR EACH INCH OF THE TREE TRUNK DIAMETER AT 54 INCHES ABOVE FINISHED GRADE. THE CRITICAL PROTECTION ZONE SHALL HAVE A 4 FOOT MINIMUM RADIUS AND 8 FOOT MAXIMUM RADIUS FROM THE CENTER OF THE TREE TRUNK.

SWALE RESTORATION

N.T.S.



NOTES:

1. BEDDING SHALL CONSIST OF IN-SITU GRANULAR MATERIAL OR WASHED AND GRADED LIMEROCK 3/8" - 7/8" SIZING WITH EQUAL OR GREATER STRUCTURAL ADEQUACY AS EXISTING. UNSUITABLE IN-SITU MATERIALS SUCH AS MUCK, DEBRIS AND LARGER ROCKS SHALL BE REMOVED.
2. THE PIPE SHALL BE FULLY SUPPORTED FOR ITS ENTIRE LENGTH WITH APPROPRIATE COMPACTION UNDER THE PIPE HAUNCHES.
3. THE PIPE SHALL BE PLACED IN A DRY TRENCH.
4. BACKFILL SHALL BE FREE OF UNSUITABLE MATERIAL SUCH AS LARGE ROCK, MUCK AND DEBRIS.
5. DENSITY TESTS SHALL BE TAKEN IN 1 FOOT LIFTS ABOVE THE PIPE AT INTERVALS OF 400' MAXIMUM, (MINIMUM 1 SET) OR AS DIRECTED BY THE CONSTRUCTION COORDINATION DIVISION. RESULTS SHALL BE SUBMITTED TO CONSTRUCTION COORDINATION AS PART OF THEIR FIELD REVIEW.
6. THE PERMITTEE/DEVELOPER/CONTRACTOR SHALL BE RESPONSIBLE TO COMPLY WITH ALL TRENCH SAFETY LAWS AND REGULATIONS.
7. SEE SEPARATE DETAIL FOR PAVED AREAS (OPEN CUT FOR THOROUGHFARE AND NON-THOROUGHFARE ROADS).
8. THE AFFECTED AREA SHALL BE RESTORED TO EQUAL OR BETTER CONDITION OR AS SPECIFIED IN PERMIT/CONTRACT DOCUMENTS.
9. APPROVED MAGNETIC TAPE IS REQUIRED FOR ALL MAIN PRESSURE PIPES AND CONDUIT IN THE COUNTY'S RIGHT-OF-WAY. INSTALL TAPE 18" BELOW FINISHED GRADE.
10. ROOT BARRIER IS REQUIRED FOR APPROVED PIPE INSTALLATION CLOSER THAN 10 FEET FROM AN EXISTING TREE. SEE SEPARATE DETAIL FOR ROOT BARRIER.
11. CONTINUOUS 4" WIDE PAINT STRIPING IS REQUIRED FOR DIP/PCCP WATER MAINS (BLUE), DIP SANITARY FORCE MAINS (GREEN),DIP RECLAIMED WATER MAINS (PURPLE), GAS MAINS (YELLOW), OR AS REQUIRED BY THE APWA.
12. PERMANENT ABOVE GROUND UTILITY MARKER SHALL BE INSTALLED IF REQUIRED.

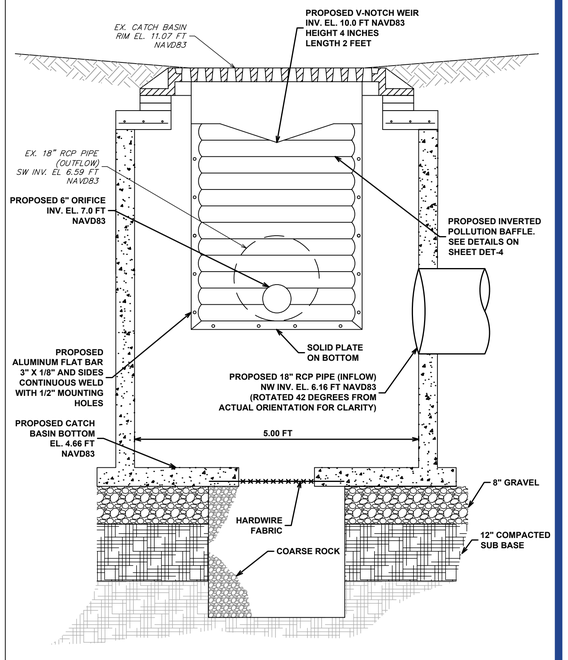
NOTES:



1. MINIMUM TOPSOIL SHALL BE 2" FOR SODDED GRASS AREAS.
2. PLANTING SOIL MIX SHALL BE A WEED FREE MIX AS FOLLOWS:
   2.1. TURF: 80% SAND, 10% PEAT & 10% MUCK
3. QUANTITIES LISTED ARE FOR ESTIMATING PURPOSES. CONTRACTOR SHALL VERIFY ALL QUANTITIES. TOPSOIL, FERTILIZER, ETC. SHALL BE INCLUDED IN THE UNIT COST OF THE PLANTS.
4. CONTRACTOR SHALL BE RESPONSIBLE FOR PROVIDING FINAL GRADING OF ALL ASSOCIATED PLANTING AREAS.
5. ALL PLANTING BEDS IN OPEN AREAS AND AROUND BUILDING FOUNDATIONS SHALL BE EXCAVATED TO A DEPTH OF TWENTY–FOUR INCHES (24") AND BACK FILLED WITH SOIL MIX AS SPECIFIED IN SECTION 5.00. PLANTING BED SHALL BE FREE FROM ROCK, CONSTRUCTION DEBRIS OR OTHER EXTRANEOUS MATERIAL.
6. ALL PLANTING BEDS IN MEDIANS, HARDSCAPE AREAS OR AREAS ENCOMPASSED BY IMPERVIOUS MATERIAL SHALL BE EXCAVATED TO A DEPTH OF THIRTY–SIX INCHES (36") OR UNTIL NATIVE SOILS ENCOUNTERED TO ENSURE DRAINAGE. BACK FILL WITH SOIL MIX AS SPECIFIED IN SECTION 5.00. PLANTING BED SHALL BE FREE FROM ROCK, CONSTRUCTION DEBRIS OR OTHER EXTRANEOUS MATERIAL.
7. ALL AREAS NOT USED FOR BUILDINGS, VEHICULAR USE AREAS, WALKS OR PLANTING BEDS SHALL BE GRASSED. GRASSING SHALL EXTEND TO ANY ABUTTING STREET PAVEMENT EDGE AND TO THE MEAN WATERLINE OF ANY ABUTTING CANAL, LAKE OR WATERWAY.
8. FERTILIZER MIX AS FOLLOWS:
   8.1. TURF: NPK 16–4–8, SLOW RELEASE W/ MICRONUTRIENTS

1. SOD (AS SPECIFIED)
2. PLANTING MIX: 80% SILICA SAND, 20% ORGANIC
3. SIDEWALK OR CURB
4. SUB-BASE
5. NATIVE SOIL

SOD PLANTING

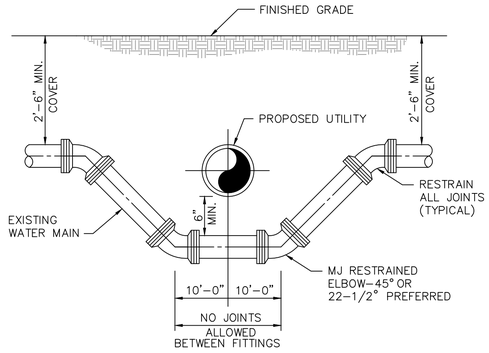
1. RECTANGULAR STRUCTURE
2. ROUND STRUCTURE

NOTES:

1. ALUMINUM SHEET OF SAME THICKNESS (GAUGE) AS PIPE SHALL BE WELDED TO CLOSE OPENING AT THE TOP.
2. THE BOTTOM ELEVATION OF THE POLLUTION RETARDANT BAFFLE MUST BE AT LEAST 2' BELOW CONTROL ELEVATION.
3. NEOPRENE ADHESIVE BACKED GASKET, OR APPROVED EQUAL (1" x 2") SHALL BE INSTALLED ON THE SIDES AND TOP OF ALL BAFFLES.
4. POLLUTION RETARDANT BAFFLE TO BE FASTENED IN PLACE WITH 3/8"x4" STAINLESS STEEL "RED HEADS", OR APPROVED EQUAL.
5. ALL EXFILTRATION TRENCHES SHALL HAVE A POLLUTION RETARDANT BAFFLE AT EACH CONNECTION POINT TO A STRUCTURE (SEE EXFILTRATION TRENCH DETAIL).
6. FIBERGLASS BAFFLES ARE NOT PERMITTED.
7. MOUNTING BRACKETS MAY BE ADDED TO FLAT BARS TO EASE INSTALLATION IN ROUND STRUCTURES. SPACING TO MATCH HOLES IN FLAT BARS.

POLLUTION RETARDANT BAFFLE

N.T.S.



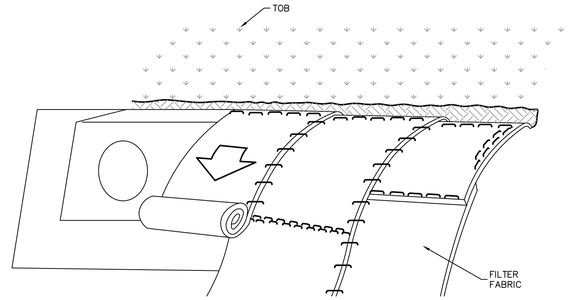
NOTES

1. INSPECT AND REPAIR FENCE AFTER EACH STORM EVENT AND REMOVE SEDIMENT WHEN NECESSARY.
2. REMOVED SEDIMENT SHALL BE DEPOSITED TO AN AREA THAT WILL NOT CONTRIBUTE SEDIMENT OFF-SITE AND CAN BE PERMANENTLY STABILIZED.
3. SILT FENCE SHALL BE PLACED ON SLOPE CONTOURS TO MAXIMIZE PONDING EFFICIENCY.

SILT FENCE INSTALLATION

N.T.S.

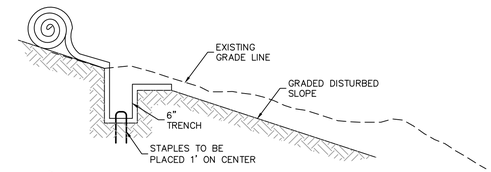
NOTES:



1. WHERE CONDITIONS PERMIT, PIPE DEFLECTION MAY BE USED INSTEAD OF BENDS TO OBTAIN THE MINIMUM CLEARANCE. FACTORY OFFSETS MAY BE USED ON 6" OR SMALLER MAINS.
2. THIS CROSSING CONFLICT DETAIL SHALL ONLY BE USED WHEN APPROVED BY THE ENGINEER OF RECORD.

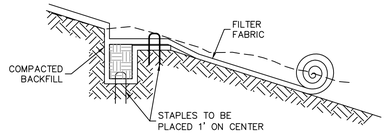
USE MEGALUGS AT ALL PIPE JOINTS

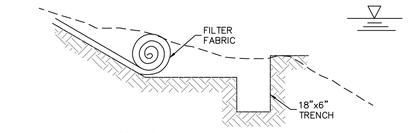
ALL D.I.P. TO BE PAINTED BLUE ON TOP HALF OF PIPE



TYPICAL CONFLICT (WATER)

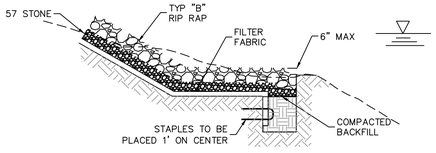
N.T.S.





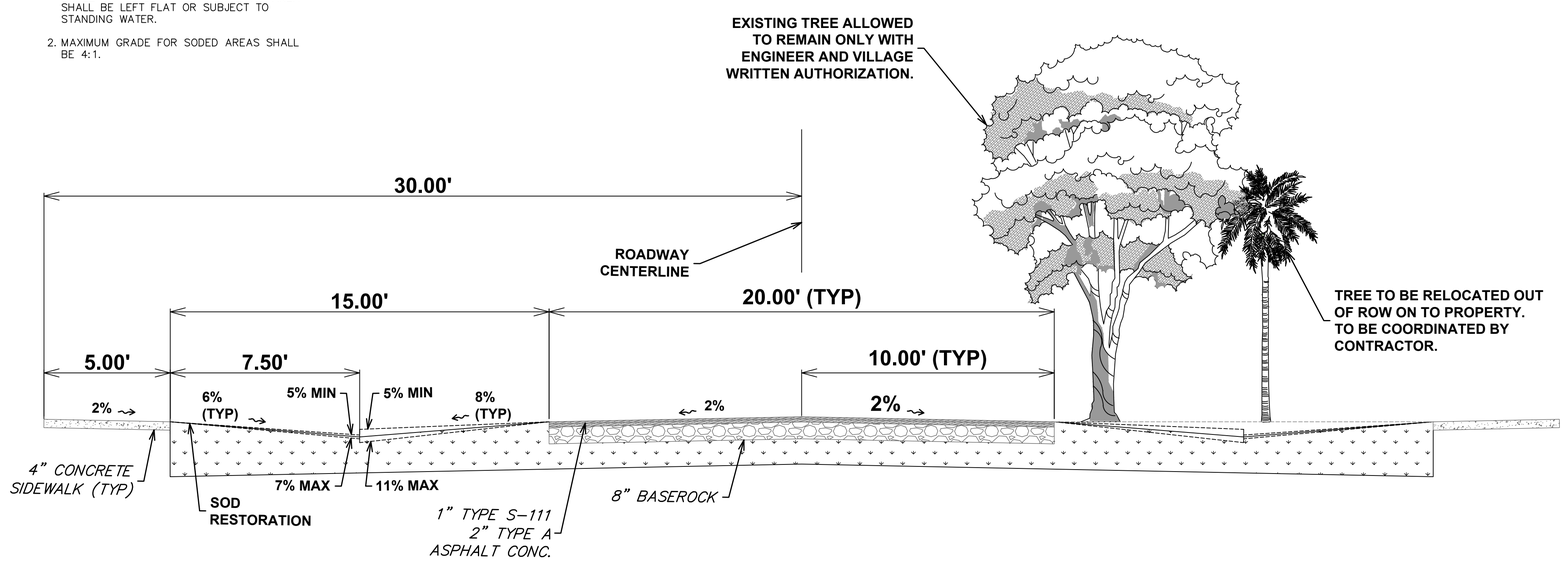
INSTALLATION INSTRUCTIONS:

1. DIG A 6"x6" TRENCH BOTH UP-SLOPE AND DOWN-SLOPE OF THE AREA IS TO BE APPLIED.
2. BEGIN BY PLACING THE FILTER FABRIC A MINIMUM OF 12" DOWN-SLOPE OF THE UP-SLOPE TRENCH. SECURE THE FILTER FABRIC AT THE BOTTOM OF THE TRENCH WITH STAPLES PLACED 12" APART. BACK FILL AND COMPACT THE TRENCH. FOLD THE FILTER FABRIC OVER SOIL, SECURE WITH A ROW OF STAPLES PLACED 12" APART ACROSS THE WIDTH OF THE FILTER FABRIC.
3. ROLL THE FILTER FABRIC VERTICALLY DOWN THE SLOPE. SECURE BY INSTALLING STAPLES AT 24" ON CENTER IN FIELD AND 12" ON CENTER ON EDGES.
4. PARALLEL RUNS MUST BE OVERLAPPED BY A MINIMUM OF 4", AND SECURED WITH A ROW OF STAPLES PLACED 3'-0" APART.
5. ADDITIONAL VERTICAL SEAMS CAN BE JOINED USING A MINIMUM 4" OVERLAPPING OR SHINGLE STYLE IN THE DIRECTION OF WATER FLOW. CONNECT THE FILTER FABRIC BY PLACING STAPLES APPROXIMATELY 12" APART ACROSS THE WIDTH OF THE FILTER FABRIC.
6. FOR MAXIMUM PERFORMANCE A CHECK SLOT SHOULD BE PLACED AT 25'-40' INTERVALS. PLACE A ROW OF STAPLES 4" APART ALONG THE ENTIRE WIDTH OF THE SLOPE. A SECOND ROW SHOULD BE PLACED 4" BELOW IN A STAGGERED PATTERN. THEN CONTINUE WITH GENERAL INSTALLATION.
7. THE END OF THE FABRIC MUST BE SECURED IN A 6"x6" TRENCH WITH A ROW OF STAPLES PLACED AT 12" INTERVALS.



UP SLOPE TRENCH DIAGRAM

DOWN SLOPE TRENCH DIAGRAM



RIP RAP DETAIL

N.T.S.

NOTES:

1. SOD AREAS SHALL BE GRADED TO DRAIN, SWALE OR ROADWAY PER PLANS. NO AREA SHALL BE LEFT FLAT OR SUBJECT TO STANDING WATER.
2. MAXIMUM GRADE FOR SODED AREAS SHALL BE 4:1.

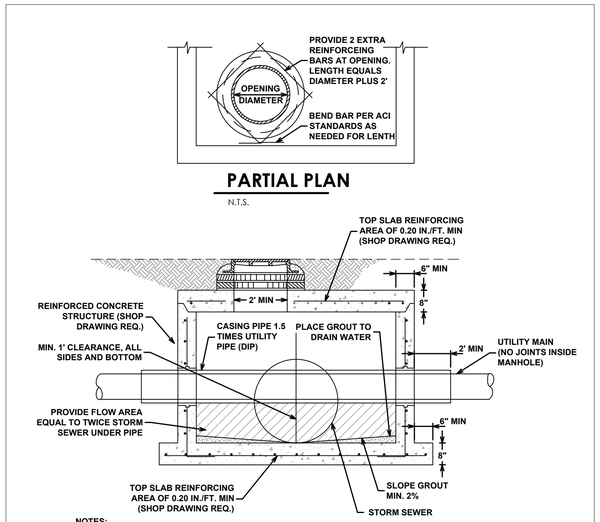
GENERAL NOTES:



1. CONTRACTOR TO INVESTIGATE SANITARY LATERALS AFTER AWARD AND PRIOR TO CONSTRUCTION AND PROVIDE PLAN TO OWNER AND ENGINEER FOR METHOD OF CONFLICT RESOLUTION PER THIS DETAIL, ONE (1) MONTH PRIOR TO CONSTRUCTION IN THAT AREA.
2. ALL SUCH EXPLORATORY EXCAVATIONS SHALL BE PERFORMED AS SOON AS PRACTICABLE AFTER AWARD OF THE CONTRACT AND, IN ANY EVENT, A SUFFICIENT TIME IN ADVANCE OF CONSTRUCTION TO AVOID POSSIBLE DELAYS TO THE CONTRACTOR'S WORK.
3. SANITARY SEWER ADJUSTMENTS SHALL ONLY BE PERFORMED IF SANITARY SEWER LATERAL IS IN DIRECT CONFLICT WITH PROPOSED WORK.
4. OPEN CUT OF PAVEMENT FOR LATERAL ADJUSTMENTS WILL NOT BE PERMITTED UNLESS APPROVED BY OWNER AND ENGINEER.
5. PROPOSED PIPE SHALL CROSS OVER SANITARY SEWER LATERALS WITH 30" GROUND COVER WHERE POSSIBLE. IF THIS IS NOT POSSIBLE, METHOD 1 OR METHOD 2 SHALL BE USED IF SANITARY SEWER LATERAL SLOPES CAN BE MAINTAINED. CONFLICT STRUCTURE SHALL BE USED IF THE ABOVE TWO ITEMS ARE NOT POSSIBLE.
6. OWNER AND ENGINEER MUST APPROVE OF CONFLICT RESOLUTION METHOD PRIOR TO CONSTRUCTION.

NOTES:

1. EXTENT OF LATERAL ADJUSTMENT SHALL AT A MINIMUM BE THE WIDTH OF THE WATER MAIN TRENCH. THE ADJUSTED LATERAL SHALL EXTEND PAST THE WATER MAIN TRENCH AS NEEDED TO MAINTAIN A MINIMUM 1% SLOPE OR MAXIMUM 45° ANGLE TO PROPERTY LINE.
2. THERE ARE NO INVERT ELEVATIONS FOR LATERALS WITHIN THE CONSTRUCTION DOCUMENTS. INVERT ELEVATIONS FOR THE GRAVITY SEWER MAINLINE ARE INCLUDED IN THE PLANS. SECTION 01530 – PROTECTION OF EXISTING FACILITIES, ADDRESSES EXISTING FACILITIES IN PROXIMITY TO THE WORK.

01 ALTERNATIVE SANITARY SEWER LATERAL ADJUSTMENTS

N.T.S.

PARTIAL PLAN

N.T.S.

NOTES:

1. WHERE CONDITIONS PERMIT THE LOWEST POINT OF CONFLICT MAIN AT OR ABOVE CENTER LINE OF STORM SEWER.
2. CONFLICT MANHOLES WILL BE ALLOWED WHERE DESIGN PROBLEMS AND ECONOMICS PROVE THEM TO BE THE ONLY VIABLE SOLUTION AS APPROVED BY VILLAGE
3. CONFLICT MANHOLES WILL NOT BE ALLOWED FOR WATER MAINS CROSSING GRAVITY WASTEWATER SYSTEM S.
4. USF RING WITH SELF SEALING COVER MODEL USF 420-GB/C.
   A. FOR WATER MAIN APPLICATIONS, "WATER" TO BE CAST IN COVER
   B. FOR WASTEWATER APPLICATIONS, "SEWER" TO BE CAST IN COVER
5. ALL OPENINGS AND PIPING ENTERING / EXITING STRUCTURE SHALL BE SEALED WITH WATERPROOF NON-SHRINKING GROUT.

Davis Road Stormwater Improvements
Addendum No. 1
January 23, 2024

BIDS DUE: 2:00 PM, Local Time, February 13, 2024

TO ALL VENDORS BIDDING ON THIS PROJECT:

The changes, additions, substitutions, and/or deletions contained in Addendum No. 1 are hereby made a part of the Bid Documents for the **Davis Road Stormwater Improvements** project, fully and completely as if the same were fully set forth herein.

IN THE PLANS

1. **None**

IN THE SPECIFICATIONS

1. Part 1, Bidding Requirements, Section 00410 - Bid Form:

   Missing:
   Section 00410 - Bid Form

   Insert:
   Section 00410 - Bid Form, updated to include items from "Responses to Bidder Questions" (Attachment No. 2)

Receipt acknowledged and conditions agreed to the _____ day of _____, 2024.

_____ _____

Bidder By

ATTACHMENT 1 RESPONSES TO BIDDER QUESTIONS

ATTACHMENT 2 SECTION 00410 BID FORM

END OF ADDENDUM

ATTACHMENT 1

RESPONSES TO BIDDER QUESTIONS

RESPONSES TO BIDDER QUESTIONS

Question 1: *Can you please advise where Section 00410 Bid Form can be found? Is there a separate SOV form?*

Response 1: **See attached Section 00410 Bid Form as attachment #2**

Question 2: *The bid documents did not appear to contain an Engineer's estimate. What is the Engineer's opinion of probable cost?*

Response 2: **The Village's estimate of probable cost (and/or budget) for the project is approximately $2 Million; however, since the project is being competitively bid the Village anticipates based on prior bidding experience to receive multiple bids which provide competitive rates (or unit prices) to complete the project for less than the aforementioned estimate (or budget). The Village reserves the right to cancel this solicitation if the bids received do not appear competitive and/or match or exceed the estimate or budget."**

Question 3: *The sections of stormpipe in the right of way seem as if they could be done in ADS pipe. Will the Engineer accept N-12 in lieu of any/all of the scheduled 18" RCP?*

Response 3: **The bidder should assume for bidding purposes that the pipe will be 18" RCP. The successful bidder may request a substitute after award in accordance with EJCDC Article 7 in the front-end documents.**

Question 4: *PGD drawings show several paver driveways with remove/reset existing pavers scheduled and there is no corresponding bid item. Under which bid item are the paver driveways to be paid for?*

Response 4: **The bid item is, "R-6 Specialty Driveway Relocate & Restoration".**

Question 5: *Structure S-3: There is a header curb adjacent to this structure that will probably be undermined during installation of the drainage structure. Will replacing this curb be paid for under the header curb line item?*

Response 5: **The header curb shall be removed within the limits of the structure replacement. Sod shall be installed in the area of the removed header curb. The cost of the sod shall be included in the line-item cost for GeoGrid Driveway, Item R-11.**

Question 6: *Structure S-2: The existing driveway adjacent to this structure is to remain, with pipe going all around the driveway. This driveway will more than likely need to be removed and replaced with all this underground work being done around it. Will replacing this drive be paid for under bid item R5?*

Response 6: **The driveway is newly installed, and the contractor should include in the cost of installing structures the necessary shoring activities to support existing conditions.**

Question 7: *Station 15+25, LT: Note states "install geogrid" but points to existing asphalt apron that isn't shown to be removed. Please clarify.*

Response 7: **Bid item R-11 Geogrid driveway has been added. This item shall include removal of 60 square yards of asphalt, removal of header curb, installing geogrid in accordance with manufacturer's recommendations and sod. The basis of the bid should be Tensar NX850, under 4" of well graded aggregate with topsoil and sod installed.**

Question 8: *Plan Sheets: There are only 16 trees called out to be relocated outside the right of way. There is a "(typ)" added to the end of the notes. Is it the intent to relocate all of the trees in the right of way? If it is not, what is the "remove and relocate trees" bid item with a quantity of 200 to be used for?*

Response 8: **The bid item "Remove and Relocate Trees" has been changed to "Remove and Dispose of Trees". The bidder should plan on removing and disposing of the trees in the right of way that are not called out to remain. Bid item D-10 through D-13 will be used to relocate a select number of trees after coordination with a few homeowners in place of disposal.**

Question 9: *Regarding the project, what is the estimated value/budget and projected start date for work to begin?*

Response 9: **See the response to Question 2 for cost estimate. The start date has not been determined at this time. However, per Special Conditions SC-4.01.A, "In no event will the Contract Times commence to run later than the one hundred eightieth day after the day of Bid opening or the ninetieth day after the Effective Date of the Contract, whichever date is earlier".**

Question 10: *Please supply a detail for the 12" HDPE connecting to the 18" RCP for the Yard Drains.*

Response 10: **The contractor can use an Insert a Tee by ADS for connection or other approved method.**

Question 11: *Bid item SW-9 Weir Structure with Orifice, is that referring to the Baffle shown for structure S-18 on DET-2? They also call it CS-2 on PGD-1?*

Response 11: **Yes.**

Question 12: *Bid item SW-1 Type C, 19 ea., there are only 18 ea. on the plans?*

Response 12: **The quantity has been changed to 18.**

Question 13: *Bid Item SW-8 Yard Drain, 7 ea., there are 8 ea. on the plans?*

Response 13: **The quantity has been changed to 9.**

Question 14: *Bid Item SW-10 Conflict Structure, 5 ea., there are none shown?*

Response 14: **There were concerns about unknown conditions with respect to sewer laterals and water mains during a previous bid. The conflict structure detail was requested and provided to allow for this condition. The amount paid for this item will be for the actual number of structures installed.**

Question 15: *Control Structure #3, shown on PGD-7, what is this referring to, there is no detail or Bid Item for it?*

Response 15: **Control structure #3 was for permit purpose. The work to be completed at that location is connect to existing structure CB-9.**

Question 16: *Would the Village and the engineer consider relocating Control Structure #1 from Sago Park to Andros Road and remove existing CB – 8 and install a revised Control Structure in its place? The proposed location for CS #1 would require extensive steel sheeting to fit the structure between the existing C.I.P. Headwall and the pole with its overhead wires, the fences, private irrigation well system, along with the other extensive restoration work that will be necessary?*

Response 16: **The plans have been permitted as they are. The existing outfall to the east needs to be maintained.**

SECTION 00410 BID FORM

BID FORM

ARTICLE 1 – BID RECIPIENT

1.01 This Bid is submitted to:

VILLAGE OF PALM SPRINGS

C/O Kimberly Wynn, Village Clerk

226 Cypress Lane, Palm Springs, FL 33461

1.02 The undersigned Bidder proposes and agrees, if this Bid is accepted, to enter into an Agreement with Owner in the form included in the Bidding Documents to perform all Work as specified or indicated in the Bidding Documents for the prices and within the times indicated in this Bid and in accordance with the other terms and conditions of the Bidding Documents.

ARTICLE 2 – BIDDER'S ACKNOWLEDGEMENTS

2.01 Bidder accepts all of the terms and conditions of the Instructions to Bidders, including without limitation those dealing with the disposition of Bid security. This Bid will remain subject to acceptance for 120 days after the Bid opening, or for such longer period of time that Bidder may agree to in writing upon request of Owner.

ARTICLE 3 – BIDDER'S REPRESENTATIONS

3.01 In submitting this Bid, Bidder represents that:

A. Bidder has examined and carefully studied the Bidding Documents, and any data and reference items identified in the Bidding Documents, and hereby acknowledges receipt of the following Addenda:

Addendum No.	**Addendum, Date**

B. Bidder has visited the Site, conducted a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and satisfied itself as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.

C. Bidder is familiar with and has satisfied itself as to all Laws and Regulations that may affect cost, progress, and performance of the Work.

D. Bidder has carefully studied all: (1) reports of explorations and tests of subsurface conditions at or adjacent to the Site and all drawings of physical conditions relating to existing surface or subsurface structures at the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings, and (2) reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings.

E. Bidder has considered the information known to Bidder itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Bidding Documents; and any Site-related reports and drawings identified in the Bidding Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Bidder; and (3) Bidder's safety precautions and programs.

F. Bidder agrees, based on the information and observations referred to in the preceding paragraph, that no further examinations, investigations, explorations, tests, studies, or data are necessary for the determination of this Bid for performance of the Work at the price bid and within the times required, and in accordance with the other terms and conditions of the Bidding Documents.

G. Bidder is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Bidding Documents.

H. Bidder has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Bidder has discovered in the Bidding Documents, and confirms that the written resolution thereof by Engineer is acceptable to Bidder.

I. The Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for the performance and furnishing of the Work.

J. The submission of this Bid constitutes an incontrovertible representation by Bidder that Bidder has complied with every requirement of this Article, and that without exception the Bid and all prices in the Bid are premised upon performing and furnishing the Work required by the Bidding Documents.

ARTICLE 4 – BIDDER'S CERTIFICATION

4.01 Bidder certifies that:

A. This Bid is genuine and not made in the interest of or on behalf of any undisclosed individual or entity and is not submitted in conformity with any collusive agreement or rules of any group, association, organization, or corporation;

B. Bidder has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid;

C. Bidder has not solicited or induced any individual or entity to refrain from bidding; and

D. Bidder has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for the Contract. For the purposes of this Paragraph 4.01.D:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process;

2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process to the detriment of Owner, (b) to establish bid prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;

3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish bid prices at artificial, non-competitive levels; and

4. “coercive practice” means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the e execution of the Contract.

ARTICLE 5 – BASIS OF BID

5.01 Bidder will complete the Work in accordance with the Contract Documents for the following price(s):

Item No.	Description	Unit	Estimated Quantity	Bid Unit Price	Bid Price
	GENERAL CONDITIONS				
GC-1	General Conditions	LS	1		
GC-2	Mobilization (10%)	LS	1		
GC-3	Field, Office Overhead, Profit (5%)	LS	1		
GC-4	Bond & Insurance Requirements (3%)	LS	1		
GC-5	Professional Videotaping - Pre-Construction Conditions	LS	1		
GC-6	NPDES	LS	1		
GC-7	Maintenance Of Traffic	LS	1		
GC-8	Trench Safety Compliance	LS	1		
	General Conditions Subtotal				
	DEMOLITION				
D-1	Remove and Replace - Existing Signs	EA	15		
D-2	Remove and Replace - Existing 4" Concrete Walk	SY	53		
D-3	Swale Restoration	SY	10,801		
D-4	Remove and Dispose of Existing Asphalt Pavement	SY	1,435		
D-5	Remove and Dispose of Trees	EA	200		
D-6	Remove and Relocate Existing Mailbox	EA	16		
D-7	Clearing and Grubbing	LS	1		
D-8	Sewer Lateral Adjustment	EA	10		
D-9	VCP Replacement	LF	20		
D-10	Remove and Relocate Palm to Private Property (DBH < 3", Avg. Height < 15')	EA	3		
D-11	Remove and Relocate Tree to Private Property (DBH 3", Avg. Height < 15')	EA	3		
D-12	Remove and Relocate Palm to Private Property (DBH < 3" to 8", Avg. Height < 15')	EA	1		
D-13	Remove and Relocate Tree to Private Property (DBH 3" to 8", Avg. Height < 15')	EA	1		
	Demolition Subtotal				

	STORMWATER				
SW-1	Furnish and Install 'Type C' Drainage Structure	EA	18		
SW-2	Sago Outfall Structure	EA	1		
SW-3	Furnish and Install 18" RCP Drainage Pipe	LF	2,316		
SW-4	Furnish and Install 36" RCP Drainage Pipe	LF	10		
SW-5	Connect to Existing Structure	EA	4		
SW-6	Concrete Headwall	LS	1

R-9	Mill and Overlay	SY	1,689		
R-10	Site Concrete	SY	150		
R-11	Geogrid Driveway	LS	1		
			Restoration Subtotal		
	ALLOWANCE				
A-1	Owner's Allowance	AL	1	$50,000.00	$50,000.00
Total of All Unit Price Bid Items					$

Bidder acknowledges that (1) each Bid Unit Price includes an amount considered by Bidder to be adequate to cover Contractor's overhead and profit for each separately identified item, and (2) estimated quantities are not guaranteed, and are solely for the purpose of comparison of Bids, and final payment for all unit price Bid items will be based on actual quantities, determined as provided in the Contract Documents.

Total of Lump Sum and Unit Price Bids = Total Bid Price $ _____

ARTICLE 6 – TIME OF COMPLETION

6.01 Bidder agrees that the Work will be substantially complete within _____ calendar days after the date when the Contract Times commence to run as provided in Paragraph 4.01 of the General Conditions, and will be completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions within _____ calendar days after the date when the Contract Times commence to run.

6.02 Bidder accepts the provisions of the Agreement as to liquidated damages.

ARTICLE 7 – ATTACHMENTS TO THIS BID

7.01 The following documents are submitted with and made a condition of this Bid:

A. Required Bid security;

B. List of Proposed Subcontractors;

C. List of Proposed Suppliers;

D. List of Project References;

E. Evidence of authority to do business in the state of the Project; or a written covenant to obtain such license within the time for acceptance of Bids;

F. Contractor's License No.: _____ **[or]** Evidence of Bidder's ability to obtain a State Contractor's License and a covenant by Bidder to obtain said license within the time for acceptance of Bids;

G. Required Bidder Qualification Statement with supporting data; and

ARTICLE 8 – DEFINED TERMS

8.01 The terms used in this Bid with initial capital letters have the meanings stated in the Instructions to Bidders, the General Conditions, and the Supplementary Conditions.

END OF ADDENDUM

ATTACHMENT 1

RESPONSES TO BIDDER QUESTIONS

RESPONSES TO BIDDER QUESTIONS

Question 1: *Does the Village have a staging/storage area for excess spoils to be utilized on the project? Can you provide the address of those staging areas?*

Response 1: **The Village has two water treatment plants that may be used for excess spoils to be reutilized on the project. The closest WT plant is located at 360 Davis Rd. The other is further N and W off of Kudza Rd between Purdy Lane and Forrest Hill Blvd. The use of either location will need to be coordinated with the Village and this will be based on the amounts of spoils generated and actual available space at the time of request. The bidder should be prepared to make other arrangements if space is not available at the time of request.**

Question 2: *Can the WTP area be used for placement of removed trees, grinding, etc.*

Response 2: **No. Both WTPs cannot be used for this purpose as space is limited and only available for spoils to be reintroduced onto the project (e.g., fill), pending availability of space. Awarded bidder will need to make other arrangements for discarding trees and debris of any type.**

Question 3: *Do we need to follow a specific Schedule or sequence of work?*

Response 3: **The awarded bidder will need to provide a construction schedule at the pre-construction meeting to demonstrate how they propose to perform the work within the time frame stipulated in the contract. There is no predetermined sequence or schedule for how the work needs to be done.**

Question 4: *All existing signage is to be removed and reinstalled, no new signage anticipated... correct?*

Response 4: **That is correct.**

Question 5: *Do you have a budget or Engineering Estimate?*

Response 5: **This question was address in Addendum No. 1, Response No. 2.**

Question 6: *Plan Sheets: Is it the intent to relocate all of the trees in the right-of-way? If so, where would the trees be relocated? A lot of trees are too large to relocate onto the resident's front yard.*

Response 6: **Per Addendum 1, the bid item "Remove and Relocate Trees" has been revised to "Remove and Dispose of Trees" with sufficient quantities. The bidder should plan on removing and disposing of the trees in the right of way that are not called out to remain. Per Addendum 1, bid item D-10 through D-13 will be used to relocate a select number of trees (8) after coordination with homeowners.**

Question 7: *Is this project to be delivered through DemandStar as an eBid, or as a sealed bid (hard copy) at the Village of Palm Spring office?*

Response 7: **This bid is only being accepted through DemandStar.**

Question 8: *Please confirm if Davis-Bacon wages or other prevailing wages are required for this project.*

Response 8: **No, Davis-Bacon wages or other prevailing wages are not required on this project.**

Question 9: *Are we going to have a full-time inspector during installation, or do we have to call for an inspection?*

Response 9: **You have to call for inspections into the Village Building Department for all required inspections on the permit. The Engineer will also have certain items they will want to inspect/review that will be discussed at the Pre-Construction/Kick-off Meeting.**

Question 10: *Is the area contaminated? If so, kindly provide the necessary details.*

Response 10: **The Village has no information about contamination.**

Question 11: *Can we use an alternative material for utilities, like pipes? HDPE.*

Response 11: **The bidder should assume for bidding purposes that they are using the materials in the plan. A successful bidder may request a substitution after award in accordance with EJCDC Article 7 in the front-end documents.**

Question 12: *Can the excavated material be re-used as fill material?*

Response 12: **Any excavated material that meets the requirements of Section 02200 Part 2, may be used.**

Question 13: *Kindly confirm that the quantity of trees and palms that need to be removed and relocated is only 8; based on the plans, there are a lot of trees and palms along the work area, even in the outfall.*

Response 13: **Per Addendum 1, the bid item "Remove and Relocate Trees" has been revised to "Remove and Dispose of Trees" with sufficient quantities. The bidder should plan on removing and disposing of the trees in the right of way that are not called out to remain. Per Addendum 1, bid item D-10 through D-13 will be used to relocate a select number of trees (8) after coordination with homeowners.**

Question 14: *Is landscaping or tree disposition plan available?*

Response 14: **No landscape disposition plan is available.**

Question 15: *What is the water level in the area?*

Response 15: **The Contractor shall review Part 3.3 of the Geotechnical Report that was part of the bid documents for information on this topic.**

Question 16: *When can we add the dewatering to the schedule of value?*

Response 16: **Dewatering is included in the scope of work, and for each item in the measurement and payment. The Contractor should include dewatering as they deem necessary in each bid item. If dewatering is not shown for an item in the measurement and payment it shall be included in the description of all subsurface work in the conformed contract documents.**

Question 17: *Can we dispose of the dewatering in the nearest drainage or canal/outfall? If not, kindly provide the location.*

Response 17: **The contractor shall get a dewatering permit as required from SFWMD. The Contractor will be allowed to discharge to the Village MS4, provided that proper pretreatment measures are taken. Prior to discharging to the Village MS4 the Engineer and Contractor shall inspect the proposed discharge point. The contractor will be responsible for cleaning any sediment from the system that is the result of the dewatering activity.**

Question 18: *Do you have a specific budget for NPDES?*

Response 18: **No budget has been set for this bid item. Any NPDES requirements and associated costs to be included in bid price.**

Question 19: *Is there any budget allotted for water system adjustment, if so, where to add?*

Response 19: **There are no water systems proposed, therefore no bid items associated with that work. The Contractor shall review Section 01530 Protection of Existing Facilities.**

ATTACHMENT 2

ARPA CONTRACT ADDENDUM

American Rescue Plan Act (ARPA) Contract Addendum

Notice: The contract or purchase order to which this addendum is attached is made using federal assistance provided to the Village of Palm Springs by the US Department of Treasury under the American Rescue Plan Act ("ARPA"), Sections 602(b) and 603(b) of the Social Security Act, Pub. L. No. 117-2 (March 11, 2021).

The following terms and conditions apply to you, the contractor or vendor, as a contractor of the Village of Palm Springs, according to the City's Award Terms and Conditions signed on May 11, 2021; by ARPA and its implementing regulations; and as established by the Treasury Department.

1. Equal Opportunity. Contractor shall comply with Executive Order 11246, "Equal Employment Opportunity," as amended by EO 11375, "Amending Executive Order 11246 Relating to Equal
Employment Opportunity," and as supplemented by regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

Minority and Women Business Enterprises (*if applicable to this Contract*) Contractor hereby agrees to comply with the following when applicable: The requirements of Executive Orders 11625 and 12432 (concerning Minority Business Enterprise), and 12138 (concerning Women's Business Enterprise), ***when applicable.*** Accordingly, the Contractor hereby agrees to take affirmative steps to assure that women and minority businesses are utilized when possible as sources of supplies, equipment, construction and services. Affirmative steps shall include the following:

a. Including qualified women's business enterprises and small and minority businesses on solicitation lists;
b. Assuring that women's enterprises and small and minority businesses are solicited whenever they are potential sources;
c. When economically feasible, dividing total requirements into smaller tasks or quantities so as to permit maximum participation by small and minority business, and women's business enterprises;
d. Where the requirement permits, establishing delivery schedules which will encourage participation by women's business enterprises and small and minority business;
e. Using the services and assistance of the Small Business Administration, and the U.S. Office of Minority Business Development Agency of the Department of Commerce; and
f. If any subcontracts are to be let, requiring the prime Contractor to take the affirmative steps in a through e above.

For the purposes of these requirements, a Minority Business Enterprise (MBE) is defined as an enterprise that is at least 51 percent owned and controlled in its daily operation by members of the following groups: Black, Hispanic, Asian or Pacific Islander, American Indian, or Alaskan Natives. A Women Business Enterprise (WBE) is defined as an enterprise that is at least 51 percent owned and controlled in its daily operation by women. .

2. Suspension and Debarment. (applies to all purchases.)

(A) This contract is a covered transaction for purposes of 2 CFR pt. 180 and 2 CFR pt. 3000. As such, the Contractor is required to verify that none of Contractor's principals (defined at 2 CFR § 180.995) or its affiliates (defined at 2 CFR § 180.905) are excluded (defined at 2 CFR § 180.940) or disqualified (defined at 2 CFR § 180.935).

(B) The Contractor must comply with 2 CFR pt. 180, subpart C and 2 CFR pt. 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(C) This certification is a material representation of fact relied upon by the Village of Palm Springs. If it is later determined that the contractor did not comply with 2 CFR pt. 180, subpart C and 2 CFR pt. 3000, subpart C, in addition to remedies available to the City, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

(D) The Contractor agrees to comply with the requirements of 2 CFR pt. 180, subpart C and 2 CFR pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The Contractor further agrees to include a provision requiring such compliance in its lower tier covered transactions.

3. Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352, as amended. (Applies to all purchases.) Contractor certifies that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Contractor shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the awarding agency.

Purchases over $100,000 - Contractors must sign the certification on the last page of this addendum

4. Access to Records (applies to all purchases.)

(A) The Contractor agrees to provide the Village of Palm Springs, the U.S. Department of Treasury, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions. The Contractor agrees to permit any of the foregoing parties to reproduce by any means or to copy excerpts and transcriptions as reasonably needed, and agrees to cooperate with all such requests.

(B) The Contractor agrees to provide the Treasury Department or authorized representatives access to construction or other work sites pertaining to the work being completed under the contract.

(C) No language in this contract is intended to prohibit audits or internal reviews by the Treasury Department or the Comptroller General of the United States.

5. Rights to Inventions Made Under a Contract or Agreement. Contracts or agreements for the performance of experimental, developmental, or research work shall provide for the rights of the Federal Government and the recipient in any resulting

invention in accordance with 37 CFR part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any applicable implementing regulations.

6. Contract Work Hours and Safety Standards Act (40 U.S.C. 327 through 333) (applies only to purchases over $100,000, when laborers or mechanics are used.) Where applicable, all contracts in excess of $100,000 that involve the employment of mechanics or laborers shall include a provision for compliance with 40 U.S.C. 3702 and 3704 of the Contract Work Hours and Safety Standards Act, as supplemented by Department of Labor regulations (29 CFR part 5). Under Section 3702 of the Act, each contractor shall be required to compute the wages of every mechanic and laborer on the basis of a standard workweek of 40 hours. Work in excess of the standard workweek is permissible provided that the worker is compensated at a rate of not less than 1 1/2 times the basic rate of pay for all hours worked in excess of 40 hours in the workweek. The requirements of 40 U.S.C. 3704 are applicable to construction work and provides that no laborer or mechanic shall be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

7. Clean Air Act & Federal Water Pollution Control Act (applies to purchases of more than $150,000.)

(A) The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

(B) The Contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

(C) The Contractor agrees to report each violation of the Clean Air Act and the Water Pollution Control Act to the Village of Palm Springs and understands and agrees that the Village will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

(D) Contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance.

8. Prohibition on certain telecommunications and video surveillance services or equipment (Huawei and ZTE)

Contractor is prohibited from obligating or expending loan or grant funds to:

(1)Procure or obtain;
(2)Extend or renew a contract to procure or obtain; or
(3)Enter into a contract (or extend or renew a contract) to procure or obtain

equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. As described in Public Law 115–232, section 889, covered telecommunications equipment is telecommunications equipment produced by **Huawei**

Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).

(i) For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).
(ii) Telecommunications or video surveillance services provided by such entities or using such equipment.
(iii) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

9. Buy USA - Domestic Preference for certain procurements using federal funds. Contractor should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this section must be included in all subawards including all contracts and purchase orders for work or products under this award. For purposes of this section:

(1) "Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.
(2) "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

10. Procurement of Recovered Materials: (applies only if the work involves the use of materials) (A) In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired:

i. Competitively within a timeframe providing for compliance with the contract performance schedule;
ii. Meeting contract performance requirements; or iii. At a reasonable price.

(B) Information about this requirement, along with the list of EPA- designated items, is available at EPA's Comprehensive Procurement Guidelines web site, https://www.epa.gov/smm/comprehensive- procurement-guideline-cpg-program.
(C) The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

11. Publications. Any publications produced with funds from this award must display the following language: "This project [is being] [was] supported, in whole or in part, by federal award number [enter project FAIN] awarded to [name of Recipient] by the U.S. Department of the Treasury."

12. **Increasing Seat Belt Use in the United States**. Pursuant to Executive Order 13043, 62 FR 19217 (Apr. 18, 1997), Contractor is encouraged to adopt and enforce on-the-job seat belt policies and programs for your employees when operating company-owned, rented or personally owned vehicles.

13. **Reducing Text Messaging While Driving**. Pursuant to Executive Order 13513, 74 FR 51225 (Oct. 6, 2009), Contractor is encouraged to adopt and enforce policies that ban text messaging while driving and establish workplace safety policies to decrease accidents caused by distracted drivers.

- This form is required only for purchases of more than $100,000 -

31 CFR Part 21 – New Restrictions on Lobbying - CERTIFICATION REGARDING LOBBYING

The undersigned certifies, to the best of their knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all contractors shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The Contractor certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. Ch. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

VILLAGE OF PALM SPRINGS
CAPITAL IMPROVEMENT PROJECT DETAIL

TASK # 291

Project Name: Davis Rd Stormwater Improvements Project
Department: Stormwater
Location: Davis Rd between Canal L-11 and 10th Ave. N.
Project Manager: Walt Sanchez
Date Requested: 3/15/2024
Date Approved:

DESCRIPTION / JUSTIFICATION:

The Davis Road Stormwater Improvements Project (Project No. 7) was identified to address localized flooding within and around Davis Road between Canal 11 and 10th Ave North. The proposed improvements, if approved, would include improve the functionality of the existing roadway drainage system by interconnecting existing drainage structures, re-grading and creating roadside swales, and potentially adding exfiltration trenches.

Village of Palm Springs

Executive Brief

AGENDA DATE: April 11, 2024

DEPARTMENT: Public Works

ITEM #7: Resolution No. 2024-14 Florida Urban and Community Forestry Grant

SUMMARY: As part of the Inflation Reduction Act, the Florida Urban and Community Forestry Program has made available a grant of up to $75,000 for the increase of tree canopy coverage and enhancing public access to nature. The grant does not require a match from the receiving agency.

Staff has reviewed candidate areas for the increase in tree canopy coverage and has identified the Greenbrier Drive Gateway project as the potential candidate for new and additional tree plantings as part of the overall project.

NOTE: Resolution 2024-14 to contain language about the Managing agency (The Village) to concur with the grant proposal and maintenance plan.

FISCAL IMPACT:
The Grant does not require a match from The Village, therefore a potential revenue source of up to $75,000 is available.

ATTACHMENTS:
1. Resolution No. 2024-14 Public Works Grant Application
2. FDACS Form 02032 Application for Federal Financial Assistance

RESOLUTION NO. 2024-14

A RESOLUTION OF THE COUNCIL FOR THE VILLAGE OF PALM SPRINGS, FLORIDA, AUTHORIZING THE MAYOR, AND/OR HER DESIGNEE, TO SUBMIT A GRANT APPLICATION TO THE FLORIDA DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES FOR GREENBRIER DRIVE ENTRYWAY AND LANDSCAPE BEAUTIFICATION; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, As part of the Inflation Reduction Act, the Florida Urban and Community Forestry Program has made available a grant of up to $75,000 for the increase of tree canopy coverage and enhancing public access to nature; and

WHEREAS, After reviewing candidate areas for the increase in tree canopy coverage, Public Works has identified the Greenbrier Drive Gateway Beautification project as the potential candidate for new and additional tree plantings as part of the overall project; and

WHEREAS, the Village intends to use the grant funds to install approximately 23 trees inclusive of live oaks, silver buttonwood, green buttonwoods and royal palm trees.

NOW THEREFORE, BE IT RESOLVED BY THE VILLAGE COUNCIL OF THE VILLAGE OF PALM SPRINGS, FLORIDA, as follows**:**

Section 1. The “Whereas” clauses incorporated herein are true and correct and are hereby made a specific part of this Resolution.

Section 2. The $75,000 grant does not require a match from the Village.

Section 3. The Village staff will be responsible for the 3-Year maintenance plan and carrying out the duties for maintaining the soil, water, mulching, pruning and

pest management of the trees.

Section 4. This Resolution shall take effect immediately upon its passage.

Council Member _____ offered the foregoing resolution. Council Member _____ seconded the motion, and upon being put to a vote, the vote was as follows:

APPLICATION FOR FEDERAL FINANCIAL ASSISTANCE SUBAWARD

2 CFR 200

Instructions for Application Packet
*Each field of the application must be completed.
*If a field does not apply, indicate N/A in the field.

1. Federal Financial Assistance Funding Opportunity Number - Record the number shown on the Notice of Funding Opportunity.
2. Amount of funds requested for this project - List the total amount of funds required to complete the scope of work.
3. Subrecipient Legal Name - Record the legal name of applicant that will undertake the scope of work. The name must match the name listed in SAM.
4. Subrecipient FEIN - Record the employer or taxpayer identification number as assigned by the Internal Revenue Service.
5. Subrecipient Registered in SAM - All applicants must be registered in the System of Award Management (SAM) to obtain federal financial assistance. Individuals are not required to register in SAM.
6. Street Address - Record the street address as recognized by the U.S. Postal Service. Do not record a P.O. Box.
7. City - Record the city.
8. State - Record the state.
9. Zip Code plus 4 - Record the nine-digit U.S. Postal Code.
10. Mailing address (if different from above) - Record a different mailing address.
11. Phone Number - Record a 10-digit (xxx-xxx-xxxx) daytime phone number.
12. Fax Number - Record a 10-digit (xxx-xxx-xxxx) fax number.
13. Is the subrecipient delinquent on any federal debt? Record yes or no. The question applies to the applicant. Categories of federal debt include, but are not limited to, delinquent loans, tax, and audit disallowances. If yes, provide an explanation.
14. Cost Sharing (Match) if applicable - Record the value of cost share to be provided.
15. Congressional District - Record the applicant's congressional district.
16. Name and contact information for matters involving this application.
17. Subrecipient Type - Circle the type of subrecipient.
18. Descriptive title of Subrecipient Project - Record a brief descriptive title of the project.
19. Funding Period - Enter the dates, within the award period, as to when the project will begin and finish.
20. Location of Proposed Program/Project - Record the physical address of where the scope of work will be completed.
21. Total # of full-time employees - Record the number of full-time employees. A full-time employee works 40 hours per week.
22. Total # of part-time employees - Record the number of part-time employees. A part-time employee works less than 40 hours per week.
23. Is your organization a 501(c)(3) tax exempt organization? Record yes or no.
24. Has your organization previously received federal financial assistance from FDACS? Record yes or no. Please answer yes if the funding has been received within the last three years.
25. The application must be signed and dated by an authorized representative of the applicant organization.

PROJECT NARRATIVE

2 CFR 200

Instructions for Application Packet - Project Narrative

*If a field does not apply, indicate N/A in the field.

1. Federal Financial Assistance Funding Opportunity Number - Record the number shown on the Notice of Funding Opportunity.
2. Amount of funds requested for this project - List the total amount of funds required to complete the scope of work.
3. Subrecipient Legal Name - Record the legal name of applicant that will undertake the scope of work. The name must match the name listed in SAM. Please note section XII Public Records in the Notice of Federal Financial Assistance Funding Opportunity before including any proprietary or confidential information.
4. The header section of each page of the project narrative must have the funding opportunity number, subrecipient federal identification number and subrecipient legal name.
5. The project narrative must not exceed (insert #) 8 ½" by 11" single sided pages. Additional pages beyond the page limitation will not be considered.
6. The project narrative must include, but is not limited to:
   - A statement of need for the federal financial assistance and how the project will address the need.
   - A description of the expected project outcomes. The measurable objectives and specific targets of the expected project outcomes should be specified.
   - A plan of action to achieve the projected outcomes and how the plan of action will be accomplished.
   - A timeline of activities or implementation schedule.
   - Collaboration details, if any.
   - Information on key personnel including their background and experience with the project objectives. An indication of the amount of effort the key personnel will provide to the project.
   - Precise location of the project or the area to be served/benefited by the project.
   - A statement of whether this project relates to any other project, current or anticipated.

PROJECT NARRATIVE

2 CFR 200

1. Federal Financial Assistance Funding Opportunity Number:	2. Amount of funds requested for this project:
23-DG-11083112-500	$75,000.00

3. Subrecipient Legal Name:
Village of Palm Springs

Please note section XII Public Records in the Notice of Federal Financial Assistance Funding Opportunity before including any proprietary or confidential information.

Project Narrative:

The Village of Palm Springs is a small municipality within Palm Beach County spanning 4.2 square miles. The Village is dedicated to providing a safe and beautiful urban environment for its residents, businesses and visitors. The Village is in the process of undergoing numerous infrastructure improvement projects aimed at increasing resilience and mitigating climate change induced stormwater events. As part of this process, the Village is requesting funding from the Urban and Community Forestry Grant Program to aid in the installation of numerous trees as part of a project to revitalize an entryway to the Village that will introduce new large native trees and vegetation, while increasing the tree canopy and enhancing public access to nature within the urban environment.

The Grant funds will be utilized for the planting and installation of approximately 23 trees, inclusive of live oaks, green buttonwood, royal palms, and silver buttonwood. The proposed trees and palms will be installed as part of a larger construction project by a contractor and associated irrigation, staking and maintenance procedures will be established to ensure the proper installation and long term health of the trees are maintained.

The Greenbrier Drive Entryway and Beautification Project is currently in the final stages of design, with the anticipated bid date to be in mid-summer and a Notice to Proceed for construction to begin in October 2024. The project is estimated to take 120 calendar days to complete, and the final completion set for February 1, 2025.

The project is being directly managed by the Public Works Director, Felipe Lofaso, who is a State of Florida Certified General Contractor and has managed and constructed similar projects for the last 20 years. Additionally, Mr. Lofaso has been involved in numerous planting and grant related Tree City USA projects during his tenure as the Assistant Public Works Director for the City of Lake Worth Beach.

The project is located at the intersections of Greenbrier Drive and Congress Avenue, and Greenbrier Drive and Davis Road, both within the municipal limits of the Village of Palm Springs. The Village's surrounding neighborhoods are all pedestrian friendly with sidewalks and ADA accessible pathways. The gateway at Congress Avenue will serve as a main entry point into the Village that will provide for a shaded and beautifully landscaped entry with new sidewalks, bus stop, large monument sign, and comfortable location to congregate and take part in an urban nature environment.

Performance Measures

Deliverable #	Tasks	Task Description	Indicator	Costs per Unit	Outcome Measures
1	1	F&I Live Oak Tree	8	$6,000.00	$48,000.00
	2	F&I Green Buttonwood	5	$2,000.00	$10,000.00
	3	F&I Royal Palm	4	$2,000.00	$8,000.00
	4	F&I Silver Buttonwood	6	$1,500.00	$9,000.00

Describe in detail the activity or work to be conducted.

The Village of Palm Springs will be constructing a new gateway / entryway project located at the intersections of Greenbrier Drive and Congress Avenue, and Greenbrier Drive and Davis Road. The installation of new native live oak trees, new coconut palms and royal palms are being designed into the project to provide for shade and increase resiliency in the community.

The objective of the utilization of the grant funds are to provide approximately twenty three (23) new trees and palms within the gateway project that will create a sense of nature within the urban environment and serve as a gathering place for the community. There will be approximately eight (8) live oak trees, five (5) green buttonwood, four (4) royal palms, and six (6) silver buttonwood trees being funded by the grant, and the balance of the landscape and irrigation work funded by the Village's capital improvement funds.

The project timeline entails the completion of the design of the project in mid-summer 2024, followed by bidding and contract award in August, with a Notice to Proceed of October 1, 2024. The project will take approximately 120 calendar days to complete with Final Completion in February 2025. The project deliverables consisting of minor clearing, construction of a new monument sign wall, irrigation, landscaping and sodding will be managed by the Village's Public Works Department and management staff. The Public Works Director will have direct oversight of the project and manage all phases of the project to ensure schedule achievement.

BUDGET PLAN NARRATIVE

2 CFR 200

Instructions for Application Packet - Budget Plan Narrative

*If a field does not apply, indicate N/A in the field.

1. Federal Financial Assistance Funding Opportunity Number - Record the number shown on the Notice of Funding Opportunity.
2. Subrecipient FEIN - Record the employer or taxpayer identification number as assigned by the Internal Revenue Service.
3. Subrecipient Legal Name - Record the legal name of applicant that will undertake the scope of work. The name must match the name listed in SAM. **Please note section XII Public Records in the Notice of Federal Financial Assistance Funding Opportunity before including any proprietary or confidential information**.
4. The header section of each page of the budget plan narrative must have the funding opportunity number, subrecipient federal identification number and subrecipient legal name.
5. The budget plan narrative must not exceed (insert #) 8 ½" by 11" single sided pages. Additional pages beyond the page limitation will not be considered.
6. Describe line items for each applicable budget category shown on the budget plan. Provide sufficient detail to clearly indicate the estimated funding amounts for each project task contained in the scope of work.
7. Project costs will be evaluated for reasonableness and necessity. Any travel costs must be in compliance with the State of Florida travel rules.
8. Indirect costs are at the rate approved by the applicant's cognizant agency. A copy of the approved rate must be attached to the application. If the applicant has never received a negotiated indirect cost, provide a statement indicating the applicant is electing to charge a de minimis rate of 10% of modified total direct costs.

BUDGET PLAN NARRATIVE

Federal Financial Assistance Funding Opportunity Number: 23-DG11083112-500

Subrecipient FEIN: 596020405

Subrecipient Legal Name: Village of Palm Springs

The Village of Palm Springs intends to utilize the grant funding for the installation of approximately twenty three (23) trees inclusive of live oaks, silver buttonwood, green buttonwood and royal palms. The installation of the new trees is part of a larger scale construction project to revitalize the main entry way into the Village at two major intersections. These improvements will be part of a single bid to be awarded to a contractor whom is selected through the Village's procurement process.

The gateway revitalization project team has conducted numerous community outreach and council meetings to engage the local residents and allow them to voice their opinions on the project. Through these meetings, the design of the project has developed into the current design and the stakeholders have influenced design elements such as tree species, type, location and size.

The decision to utilize Contractual Services in lieu of Village force account labor or volunteers was to construct a complete project at one time to minimize project downtime and liability. The use of a selected contractor through the procurement process enables the Village to expedite the completion of the entire project which is inclusive of the tree plantings scope of work.

The associated costs for the trees to be paid through "Contractual Services" is estimated to be the following:

CONTRACTUAL SERVICES

1. Furnish and Install Live Oak trees, 18'-20' HT, 8'-10' spread, 3"-4" caliper = 8ea x $6,000.00 = $48,000.00

2. Furnish and Install Silver Buttonwood trees, 15 gallon = 6ea x $1,500.00 = $9,000.00

3. Furnish and Install Green Buttonwood trees, 15 gallon = 5ea x $2,000.00 = $10,000.00

4. Furnish and Install Royal Palm trees, 16' clear truck = 4ea x $2,000.00 = $8,000.00

TOTAL COST CONTRACTUAL SERVICES = $75,000.00

3. Subrecipient Legal Name: Village of Palm Springs		
Direct Costs		
Personnel Costs		Provide job titles, rate of pay (hourly/salary) and percentage of time to spend on project (FTE) or hours per week. The total for all personnel costs must match to the budget plan.
	Example	To achieve the objective of monitoring ponds within Liberty County will require 10 inspectors working 20 hours per week for 4 weeks at an hourly rate of $25.50. Total cost is $20,400.
	Example	To achieve the objective of testing water samples from ponds within Liberty County will require 1 chemist. The chemist will work 20% of their time on the project for one year. The annual salary is $60,000. Total cost is $12,000.
Fringe Benefits		Employer costs for social security taxes, workers compensation, health insurance, life insurance and retirement. A percentage may be used when calculating an amount for the budget plan. Only the actual cost of each fringe benefit is chargeable to the award.
Travel (if authorized)		Provide a description of travel purpose, destination of each trip, number of travelers, timeline, and relationship to the project objectives.
Equipment (if authorized)		Provide a description of the equipment to be purchased and the task on which the equipment will be used.
Supplies		Provide a description of the consumable materials to be acquired for each specific deliverable(s).
Contractual (if authorized)		Provide an explanation as to the need to hire a third party to complete the work. Provide the rate, number of staff, and task to be completed.
Other Expenses		Direct costs, which do not fit any of the other categories. Provide a description, amount and relationship to a deliverable.
Indirect Costs		
Indirect Charges		Provide an approved indirect cost rate or a statement indicating the entity has never received a negotiated indirect cost rate and elect to charge a de minimis rate of 10% of modified total direct costs.

Instructions for Application Packet - Key Person / Staff

*If a field does not apply, indicate N/A in the field.

1. Federal Financial Assistance Funding Opportunity Number - Record the number shown on the Notice of Funding Opportunity.
2. Subrecipient FEIN - Record the employer or taxpayer identification number as assigned by the Internal Revenue Service.
3. Subrecipient Legal Name - Record the legal name of applicant that will undertake the scope of work. The name must match the name listed in SAM.

The header section of the key person/staff must have the funding opportunity number, subrecipient federal identification number and subrecipient legal name.

Each application must include descriptions of key personnel and their qualifications to meet the requirements of the notice of funding opportunity. An individual form will be completed for each key person/staff member. Include an estimate of the number or hours or percentage of time devoted to the project.

Key personnel are individuals who contribute in a substantive and meaningful way to the execution or development of the project. Reimbursement of salary costs are not required for an individual to be considered key personnel. Consultants or contract employees may be included if they meet the definition.

KEY PERSON / STAFF

2 CFR 200

An individual form must be completed for each key person/staff member. Include an estimate of the number of hours or percentage of time devoted to the project.

1. Federal Financial Assistance Funding Opportunity Number:	**2. Subrecipient FEIN:**
23-DG-11083112-500	596020405

3. Subrecipient Legal Name: Village of Palm Springs

Person Name:	**Title:**	**Hours of % of time devoted to the project:**
Felipe Lofaso	Public Works Director	50 hours estimated time

Phone Number:	**Email Address:**
561-584-8200	flofaso@vpsfl.org

Qualifications:

Certified General Contractor

Former Assistant Director of Public Works for the City of Lake Worth Beach (2012-2022)

As a Certified General Contractor, Mr. Lofaso was responsible for the estimating, management and construction of approximately $15 million per year of publicly funded infrastructure directly related to neighborhood improvement projects which included landscaping, tree maintenance, irrigation and related activities.

As a former Assistant Director of Public Works, Mr. Lofaso was responsible for the Grounds Maintenance Division and the numerous tree planting, pruning and maintenance projects and day to day activities. The City achieved Tree City USA designation for all 10 years of Mr. Lofaso's tenure. Mr. Lofaso was regularly acknowledged for working hand in hand with the residents of the City with tree related matters, and planted over 100+ native trees throughout the City during his tenure.

Mr. Lofaso will be responsible for the design, bidding, contractor selection, and implementation of the grant funds. The tree installation and subsequent maintenance will be under direct oversight by Mr. Lofaso. The Village's Grounds Maintenance crew is under the oversight of Mr. Lofaso and will be responsible for the ongoing care and maintenance of the trees into the future.

FEDERAL ASSURANCE FOR FEDERAL FINANCIAL ASSISTANCE SUBRECIPIENT AWARD

2 CFR 200

Federal Financial Assistance Funding Opportunity Number:	23-DG-11083112-500
Subrecipient Legal Name:	Village of Palm Springs
Subrecipient FEIN:	596020405

As the duly authorized representative of the Subrecipient, I certify that to the extent applicable, the Subrecipient:

1. Has the legal authority to apply for federal assistance and the institutional, managerial and financial capability (including funds sufficient to pay the non-federal share of project costs) to ensure proper planning, management and completion of the project described in this application.

2. Will give the Recipient, the Comptroller General of the United States and, if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the subrecipient award; and will establish a proper accounting system in accordance with generally accepted accounting principles or Recipient directives.

3. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.

4. Will initiate and complete the work within the applicable time frames after receipt of approval of the Recipient.

5. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards for merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).

6. Will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C.§§1681- 1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee- 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and, (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.

7. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal or federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.

8. Will comply, as applicable, with provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.

9. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333), regarding labor standards for federally-assisted construction subagreements.

10. Will comply, if applicable, with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is $10,000 or more.
11. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to State (Clean Air) Implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93-205).
12. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.
13. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq.).
14. Will comply with P.L. 93-348 regarding the protection of human subjects involved in research, development, and related activities supported by this award of assistance.
15. Will comply with the Laboratory Animal Welfare Act of 1966 (P.L. 89-544, as amended, 7 U.S.C. §§2131 et seq.) pertaining to the care, handling, and treatment of warm-blooded animals held for research, teaching, or other activities supported by this award of assistance.
16. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.
17. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and 2 CFR, Part 200 Uniform Administrative Requirements, Costs Principles and Audit Requirements for Federal Awards, Subpart F Audit Requirements.
18. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, and policies governing this program.
19. Will comply with the requirements of Section 106(g) of the Trafficking Victims Protection Act (TVPA) of 2000, as amended (22 U.S.C. 7104) which prohibits grant award recipients or a subrecipient from (1) Engaging in severe forms of trafficking in persons during the period of time that the award is in effect, (2) Procuring a commercial sex act during the period of time that the award is in effect or, (3) Using forced labor in the performance of the award or subawards under the award.
20. Will comply with and enforce the requirements for a drug-free workplace as mandated in 2 CFR Part 421, “Requirements for Drug-Free Workplace”.
21. Will comply with 2 CFR 417, Subpart C to ensure that any vendor or subcontractor that carries out the provisions of this agreement are not debarred or suspended.
22. Will comply with the Executive Order 13513 entitled “Federal Leadership on Reducing Text Messaging While Driving” by prohibiting employees, contractors, and subcontractors from texting while driving on official business and or in federally owned, rented or leased vehicles or privately owned vehicles when on official government business or when performing any work for or on behalf of or in cooperation with the federal government.

CERTIFICATION REGARDING LOBBYING

2 CFR 200

Federal Financial Assistance Funding Opportunity Number:	23-DG-11083112-500
Subrecipient Legal Name:	Village of Palm Springs
Subrecipient FEIN:	596020405

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with this Federal contract, grant. loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities" in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

4. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty or not less than $10,000 and not more than $100,000 for each such failure.

CERTIFICATION REGARDING DEBARMENTS, SUSPENSION, INELIGIBILTY AND VOLUNTARY EXCLUSION - LOWER TIER FEDERALLY FUNDED TRANSACTIONS

2 CFR 200

Federal Financial Assistance Funding Opportunity Number:	23-DG-11083112-500
Subrecipient Legal Name:	Village of Palm Springs
Subrecipient FEIN:	596020405

This certification is pursuant to Executive Order 12549, Debarment and Suspension and implemented at 2 CFR parts 180 and 1880.

Instructions for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certifications set out below.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification. In addition to other remedies available to the federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

4. The terms "covered transaction", "debarred", "suspended", "ineligible", "lower tier covered transaction", "participant", "person", "primary covered transaction", "principal", "proposal", and "voluntarily excluded", as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.

5. The prospective lower tier participant agrees by submitting this form that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction , unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this form that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participating in this transactions, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Certification

1. The prospective lower tier participant certifies to the best of its knowledge and belief, that it and its principals;

a. Are not presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from covered transactions by any Federal department or agency.

b. Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statues or commission of embezzlement theft, forgery, bribery, falsification or destruction or records, making false statements, or receiving stolen property;

c. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and

d. Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State, or local) terminated for cause or default.

2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective lower tier participant shall attach an explanation to this proposal.

THREE YEAR TREE MAINTENANCE PLAN

Federal Financial Assistance Funding Number: 23-DG-11083112-500

Subrecipient FEIN Number: 596020405

Subrecipient Lagal Name: Village of Palm Springs

The Village of Palm Springs is proposing the planting of live oaks, silver buttonwoods, green buttonwoods, and royal palm trees. Each species has unique characteristics and is treated with care and diligence throughout its life cycle. The urban environment in which these proposed trees are being planted contains sufficient area for the trees to thrive and root structure able to grow properly. The Village's Grounds Maintenance staff will be responsible for the 3 Year Maintenance Plan and carrying out the duties for maintaining the soil, water, mulching, pruning and pest management of the trees.

SOIL

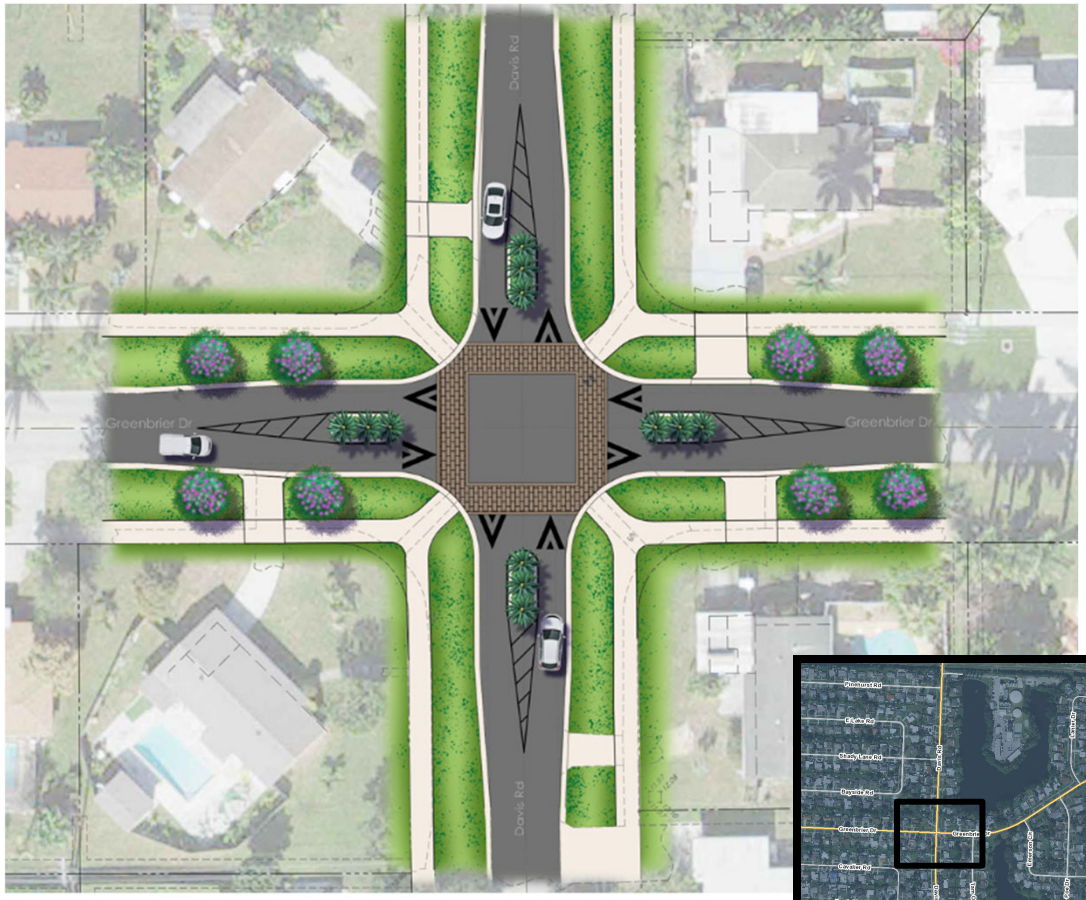
The initial planting phase will require the proposed tree to be planted with suitable soil that will preserve tree root health and promote whole tree health. Inspection of the soil content and condition will be evaluated each year.

IRRIGATION

Proper watering of the newly installed trees is essential to the overall success of the health of the tree. Each tree will be watered with an irrigation system for the Greenbrier and Congress Ave site. The irrigation cycle will be set to approximately 2-3 gallons of water per inch truck diameter. At the Greenbrier and Davis Road location, the trees will be watered via a Village owned water truck a minimum of 3 days per week depending on the local rainfall amount. As the trees complete the grow in period after the first 6 months to 1 year, watering will be monitored based on local rainfall and drought cycles.

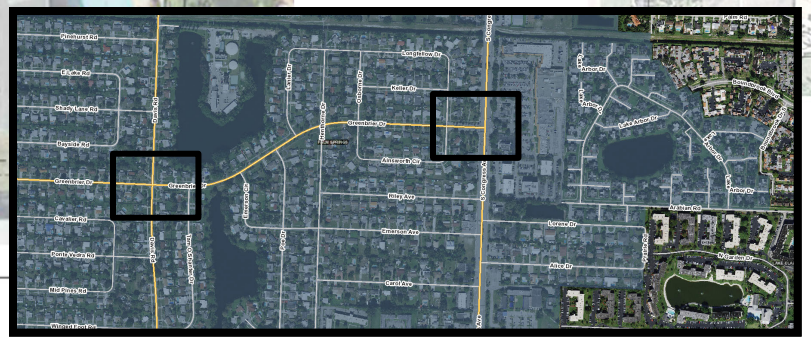
MULCHING

To promote tree health during the initial grow-in period and thereafter, each tree will receive organic mulch extending approximately 6' around the trunk. Mulching will be performed twice per year.



PRUNING

The proposed trees will be evaluated monthly for necessary pruning of limbs or fronds that are broken or dead. Pruning tools shall be sharp and sterilized prior to usage. Pruning newly planted trees will be assessed to develop the dominant leader and canopy.



PEST MANAGEMENT

Newly planted trees will be assessed monthly for the inspection of pests or disease. Herbicides or other pest management practices will be performed by a licensed professional.

Village of Palm Springs

Executive Brief

AGENDA DATE: April 11, 2024

DEPARTMENT: Utilities

ITEM #8: Amendment No. 8 to Tyler Technologies Agreement

SUMMARY: The Village has been utilizing Tyler Technologies for its MUNIS applications since 1992. In July 2023, the Village signed Amendment No. 7, extending the agreement for three more years.

Amendment No. 8 includes recurring, implementation, and equipment costs for a document storage solution and inventory management solution added to their current suite of Tyler products. The document storage solution provides enhanced functionality throughout the Village's current suite of Tyler products. The inventory management solution would allow the user departments, mainly Utilities and Public Works, to manage their inventories more accurately and efficiently, using barcodes to check in and out inventory.

Completing both modules is crucial so that the Utilities and Public Works departments can continue working towards their goal of implementing Asset Management Software.

The increase in cost will be as follows:

Document Storage:

- Implementation cost - $8,400.00
- Recurring cost - $5,000.00
- Total: $13,400.00

Inventory Management:

- Implementation cost - $4,900.00
- Recurring cost - $3,116.00
- Equipment cost - $6,280.00
- Total: $14,926.00

FISCAL IMPACT:
Funding to support purchases under this proposed amendment is available within the FY 2024 Budget - Water & Sewer Enterprise Fund. The Village will not expend more than the amount within the approved budget as it may be adopted/amended each year for these goods and services over the term of this contract.

Note: Funding is available under the line item of Asset Management Software on account 41336-56601.

ATTACHMENTS:

1. Amendment No. 8 to the Tyler Agreement

AMENDMENT

This eighth amendment ("Amendment") is effective as of the date of signature of the last party to sign as indicated below ("Amendment Effective Date"), by and between Tyler Technologies, Inc. with offices at One Tyler Drive, Yarmouth, Maine 04096 ("Tyler") and the Village of Palm Springs, Florida, with offices at 226 Cypress Lane, Palm Springs, Florida 33461 ("Client").

WHEREAS, Tyler and Client are parties to the Application Service Provider Agreement dated June 5, 2012 ("Agreement"), as amended on October 1, 2014; June 11, 2015; July 22, 2015; July 7, 2016; September 18, 2018; March 17, 2020; and August 16, 2023; and

WHEREAS, Tyler and Client desire to amend the terms of the Agreement as provided herein.

NOW THEREFORE, in consideration of the mutual promises hereinafter contained, Tyler and Client agree as follows:

1. The items set forth in the sales quotations attached as Exhibit 1 to this Amendment are hereby added to the Agreement as of April 1, 2024 and, notwithstanding anything to the contrary in Exhibit 1, ending coterminous with the SaaS Term as defined in the Agreement. Payment of fees and costs for such items shall conform to the following terms:

    a. As of April 1, 2024, the annual SaaS fees payable under the Agreement shall be increased by $8,116, with a quarterly payment increase of $2,029. Subsequent SaaS Fees shall be invoiced in accordance with the terms of the Agreement.

    b. Fees for Hardware are due on delivery of the respective Hardware and submission of an invoice to the Client. Client shall pay all invoices consistent with the terms of the Agreement.

    c. Year 1 hardware maintenance fees are due on delivery of the respective hardware and submission of an invoice to the Client. Client shall pay all invoices consistent with the terms of the Agreement.

    d. Unless otherwise provided herein, services identified at Exhibit 1 and added to the Agreement pursuant to this Amendment, along with applicable expenses, shall be invoiced as provided and/or incurred.

2. This Amendment shall be governed by and construed in accordance with the terms and conditions of the Agreement.

3. Public Records: To the extent applicable, Tyler shall comply with Florida's Public Records Act, Chapter 119, Florida Statutes (§119.0701), and, if determined to be acting on behalf of the Client as provided under section 119.011(2), Florida Statutes, specifically agrees to:

a. Keep and maintain public records required by the Client to perform the service.

b. Upon request from the Client's custodian of public records or designee, provide the Client with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

c. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of this Agreement and following completion of this Agreement if Tyler does not transfer the records to the Client.

d. Upon completion of this Agreement, transfer, at no cost, to the Client all public records in possession of Tyler or keep and maintain public records required by the Client to perform the service. If Tyler transfers all public records to the Client upon completion of the Agreement, Tyler shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If Tyler keeps and maintains public records upon completion of the Agreement, Tyler shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the Client, upon request from the Client's custodian of public records or designee, in a format that is compatible with the information technology systems of the Client.

IF TYLER HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE TYLER'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS OR DESIGNEE AT: ATTENTION KIMBERLY WYNN, CLIENT CLERK, 561-434-5084, kwynn@vpsfl.org, OR BY MAIL AT VILLAGE OF PALM SPRINGS, 226 CYPRESS LANE, PALM SPRINGS, FL 33461

4. *Execution/Delivery*. This Amendment may be executed in one or more counterparts, each of which shall be deemed to be an original and such counterparts will constitute one and the same instrument. The parties agree to accept the execution and delivery of this Amendment by electronic means and shall treat the same as an original.

5. *Authorized Signatory*. By signing this Amendment, the undersigned individuals agrees and warrant that he/she is authorized by the party to enter this Amendment and bind the party to this Amendment.

6. Except as expressly indicated in this Amendment, all other terms and conditions of the Agreement shall remain in full force and effect.

Comments

Client agrees that items in this sales quotation are, upon Client's signature or approval of same, hereby added to the existing agreement ("Agreement") between the parties and subject to its terms. Additionally, payment for said items, as applicable but subject to any listed assumptions herein, shall conform to the following terms:

- License fees for Tyler and third party software are invoiced upon the earlier of (i) deliver of the license key or (ii) when Tyler makes such software available for download by the Client;
- Fees for hardware are invoiced upon delivery;
- Fees for year one of hardware maintenance are invoiced upon delivery of the hardware;
- Annual Maintenance and Support fees, SaaS fees, Hosting fees, and Subscription fees are first payable when Tyler makes the software available

for download by the Client (for Maintenance) or on the first day of the month following the date this quotation was signed (for SaaS, Hosting, and Subscription), and any such fees are prorated to align with the applicable term under the Agreement, with renewals invoiced annually thereafter in accord with the Agreement.

- Fees for services included in this sales quotation shall be invoiced as indicated below.
    - Implementation and other professional services fees shall be invoiced as delivered.
    - Fixed-fee Business Process Consulting services shall be invoiced 50% upon delivery of the Best Practice Recommendations, by module, and 50% upon delivery of custom desktop procedures, by module.
    - Fixed-fee conversions are invoiced 50% upon initial delivery of the converted data, by conversion module, and 50% upon Client acceptance to load the converted data into Live/Production environment, by conversion module.
    - Except as otherwise provided, other fixed price services are invoiced upon complete delivery of the service. For the avoidance of doubt, where "Project Planning Services" are provided, payment shall be invoiced upon delivery of the Implementation Planning document. Dedicated Project Management services, if any, will be invoiced monthly in arrears, beginning on the first day of the month immediately following initiation of project planning.
    - If Client has purchased any change management services, those services will be invoiced in accordance with the Agreement.
    - Notwithstanding anything to the contrary stated above, the following payment terms shall apply to services fees specifically for migrations: Tyler will invoice Client 50% of any Migration Fees listed above upon Client approval of the product suite migration schedule. The remaining 50%, by line item, will be billed upon the go-live of the applicable product suite. Tyler will invoice Client for any Project Management Fees listed above upon the go-live of the first product suite. Unless otherwise indicated on this Sales quotation, annual services will be invoiced in advance, for annual terms commencing on the date this sales quotation is signed by the Client. If listed annual service(s) is an addition to the same service presently existing under the Agreement, the first term of the added annual service will be prorated to expire coterminous with the existing annual term for the service, with renewals to occur as indicated in the Agreement.
- Expenses associated with onsite services are invoiced as incurred.

Tyler's quote contains estimates of the amount of services needed, based on our preliminary understanding of the scope, level of engagement, and timeline as defined in the Statement of Work (SOW) for your project. The actual amount of services required may vary, based on these factors.

Tyler's pricing is based on the scope of proposed products and services contracted from Tyler. Should portions of the scope of products or services be altered by the Client, Tyler reserves the right to adjust prices for the remaining scope accordingly.

Unless otherwise noted, prices submitted in the quote do not include travel expenses incurred in accordance with Tyler's then-current Business Travel Policy.

Tyler's prices do not include applicable local, city or federal sales, use excise, personal property or other similar taxes or duties, which you are responsible for determining and remitting. Installations are completed remotely but can be done onsite upon request at an additional cost.

In the event Client cancels services less than four (4) weeks in advance, Client is liable to Tyler for (i) all non-refundable expenses incurred by

Tyler on Client's behalf; and (ii) daily fees associated with the cancelled services if Tyler is unable to re-assign its personnel.

The Implementation Hours included in this quote assume a work split effort of 70% Client and 30% Tyler.

Implementation Hours are scheduled and delivered in four (4) or eight (8) hour increments.

Tyler provides onsite training for a maximum of 12 people per class. In the event that more than 12 users wish to participate in a training class or more than one occurrence of a class is needed, Tyler will either provide additional days at then-current rates for training or Tyler will utilize a Train-the-Trainer approach whereby the client designated attendees of the initial training can thereafter train the remaining users.

Content Manager Core includes up to 1TB of storage. Should additional storage be needed it may be purchased as needed at an annual fee of $5,000 per TB.

Standard Project Management responsibilities include project plan creation, initial stakeholder presentation, bi-weekly status calls, updating of project plan task statuses, and go-live planning activities.

In the event Client acquires from Tyler any edition of Content Manager software other than Enterprise Edition, the license for Content Manager is restricted to use with Tyler applications only. If Client wishes to use Content Manager software with non-Tyler applications, Client must purchase or upgrade to Content Manager Enterprise Edition.

Village of Palm Springs

Executive Brief

AGENDA DATE: April 11, 2024

DEPARTMENT: Utilities

ITEM #9: Approval of Interlocal Wastewater Service and Wastewater Facilities Cost Sharing Agreement - Amendment 1 - Utilities Department

SUMMARY: The Utilities Department is requesting the Village to renew an Interlocal Agreement with The City of Lake Worth Beach to provide wastewater service and wastewater facilities cost-sharing services. The Village has been in an Interlocal Agreement for these services for ten (10) years.

The original Interlocal Agreement between the City of Lake Worth Beach and the Village went into effect on March 27, 2013, and expired on September 30, 2023. The City of Lake Worth Beach has proposed the attached first amendment to the existing Agreement, which the Lake Worth Sub-Regional Board reviewed during meetings on November 8, 2023, and December 13, 2023.

If approved, the Agreement will commence for a ten (10) year term, retroactively commencing on September 30, 2023, and expiring on September 30, 2033, with two (2) additional ten (10) year renewal options remaining.

The amended agreement includes the following changes that take effect during the 2024-2025 fiscal year.

- The Capital/Repair & Restoration Reserve Fund has been tentatively set at $2,500,000.00 by the board and shall be reviewed annually during budgeting.
- In case of emergency repairs to the shared wastewater collection system, a Catastrophic Fund will be established with a balance of $1,000,000.00 and reviewed annually during budgeting.

The proposed Interlocal Agreement was prepared by the Village Attorney and reviewed by the Lake Worth Sub-Regional Board, Assistant Utilities Director, and Utilities Director.

FISCAL IMPACT:
Funds to support the proposed Interlocal Agreement are available within the FY 2024 Budget - Water & Sewer Enterprise Fund.

ATTACHMENTS:
1. Resolution No. 2024-04 Interlocal Agreement with Lake Worth Beach
2. Proposed First Amendment to Interlocal Agreement
3. Exhibit I Subregional Transmission Facilities Map
4. Exhibit II Subregional Contract Customer Allocations & Flows for FY22
5. Exhibit III - E. Regional Sewer Calculator 2024
6. Exhibit A Memo on Administrative Charges

RESOLUTION NO. 2024-04

A RESOLUTION OF THE VILLAGE OF PALM SPRINGS, FLORIDA, APPROVING AND AUTHORIZING THE MAYOR AND VILLAGE CLERK TO EXECUTE THE RENEWAL AND FIRST AMENDMENT TO THE INTERLOCAL WASTEWATER SERVICE AND WASTEWATER FACILITIES COST-SHARING AGREEMENT WITH THE CITY OF LAKE WORTH BEACH, FLORIDA AND THE OTHER SUBREGIONAL MUNICIPAL PARTNERS, FOR A TEN (10) YEAR TERM EXPIRING ON SEPTEMBER 30, 2033; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, on March 27, 2013, the Village entered an Interlocal Agreement with the City of Lake Worth (now known as the City of Lake Worth Beach) and other municipal partners for wastewater services and wastewater facilities cost sharing (the "Agreement") which is administered by the involved municipalities' Lake Worth Subregional Board; and

WHEREAS, the Agreement expired on September 30, 2023 while the City, the Village and the other municipal partners were working on an amendment to the Agreement; and

WHEREAS, the City has proposed the attached renewal and first amendment to the Agreement, which renews the Agreement, amends and updates the terms of the Agreement, and extends the term of the Agreement for ten (10) years (the "Amendment"); and

WHEREAS, the members of the Lake Worth Subregional Board reviewed the Amendment during the board's November 8, 2023, and December 13, 2023 meetings and agreed to present the same to their respective governing bodies; and

WHEREAS, the Amendment will commence for a ten (10) year term, retroactively commencing on September 30, 2023, and expiring on September 30, 2033, with two (2) additional ten (10) year renewal options remaining; and

WHEREAS, the Amendment includes the following changes that take effect during the 2024-2025 fiscal year (commencing October 1, 2024):

- The Capital/Repair & Restoration Reserve Fund has been tentatively set at $2,500,000.00 by the board and shall be reviewed annually during budgeting.

- In case of emergency repairs to the shared wastewater collection system, a Catastrophic Fund will be established with a balance of $1,000,000.00 and reviewed annually during budgeting; and,

WHEREAS, the Village finds amending the Agreement as proposed in the attached Amendment serves a valid public purpose.

NOW, THEREFORE, BE IT RESOLVED BY THE VILLAGE COUNCIL OF PALM SPRINGS, FLORIDA, AS FOLLOWS:

Section1. The Village of Palm Springs, Florida hereby approves the Renewal and First Amendment to Interlocal Wastewater Service and Wastewater Facilities Cost Sharing Agreement, a copy of which is attached hereto as **Exhibit "A",** and which is incorporated herein by reference, and further authorizes the Mayor and Village Clerk to execute and deliver said Agreement, along with a certified copy of this Resolution to the City Attorney, City of Lake Worth Beach, 7 North Dixie Highway, Lake Worth Beach, FL 33460-3725.

Section 2. This Resolution shall take effect immediately upon its passage.

Council Member _____ offered the foregoing resolution. Council Member _____ the motion, and upon being put to a vote, the vote was as follows:

CHRISTY GODDEAU, VILLAGE ATTORNEY

RENEWAL AND FIRST AMENDMENT TO INTERLOCAL WASTEWATER SERVICE AND WASTEWATER FACILITIES COST SHARING AGREEMENT

THIS FIRST AMENDMENT ("First Amendment") is made by and among the **CITY OF LAKE WORTH BEACH, FLORIDA** (formerly known as City of Lake Worth), a municipal corporation of the State of Florida (hereafter "Lake Worth"), the **CITY OF ATLANTIS**, a municipal corporation of the State of Florida (hereafter "Atlantis"), the **TOWN OF LAKE CLARKE SHORES**, a municipal corporation of the State of Florida (hereafter "Lake Clarke Shores"), the **TOWN OF LANTANA**, a municipal corporation of the State of Florida (hereafter "Lantana"), the **TOWN OF MANALAPAN**, a municipal corporation of the State of Florida (hereafter "Manalapan"), the **TOWN OF PALM BEACH**, a municipal corporation of the State of Florida (hereafter "Palm Beach"), the **VILLAGE OF PALM SPRINGS**, a municipal corporation of the State of Florida (hereafter "Palm Springs"), the **TOWN OF SOUTH PALM BEACH**, a municipal corporation of the State of Florida (hereafter "South Palm Beach"), and the **PALM BEACH STATE COLLEGE**, hereinafter referred to as "College." The eight (8) participants in this Agreement shall hereafter collectively be referred to as the "Parties." The seven (7) municipalities of Atlantis, Lake Clarke Shores, Lantana, Manalapan, Palm Beach, Palm Springs, South Palm Beach and the College shall hereafter collectively be referred to as the "Municipalities."

WHEREAS, on March 27, 2013, the Parties entered into the Interlocal Wastewater Service and Wastewater Facilities Cost Sharing Agreement to modify certain terms and conditions of the Subregional Contracts and to resolve certain differences (hereafter "Agreement"); and

WHEREAS, the Agreement expired on September 30, 2023 and the Parties continued their relationship as if the Agreement did not expire; and

WHEREAS, the Parties desire to renew the Agreement and make certain amendments to the Agreement; and

WHEREAS, Lake Worth and Lake Clarke Shores entered into an Interlocal Agreement on September 17, 2013, for Wastewater Service and Wastewater Facilities Cost Sharing, which Interlocal Agreement was modeled after the Agreement; and

WHEREAS, the Lake Worth and Lake Clarke Shores Interlocal Agreement expired on September 20, 2023 and Lake Worth and Lake Clarke Shores continued their relationship as if the Interlocal Agreement did not expire; and

WHEREAS, the Parties desire to have Lake Clarke Shores participation assumed under the Agreement; and

WHEREAS, the Parties find amending the Agreement as set forth herein is in the best interests of the Parties and serves a valid public purpose.

NOW, THEREFORE, in consideration of the mutual promises contained herein, the sufficiency of which is hereby acknowledged by each party hereto, the Parties agree to amend the Agreement, as follows:

1. **Recitals.** The above recitals are true and correct and are incorporated herein by reference.

2. **Definitions**. For the purpose of this First Amendment, the terms utilized herein shall be as defined in the Agreement unless the context otherwise indicates.

3. **Amendments**. The following amendments are made to the Agreement (*where indicated, the underlined language is added; the strike-through language is deleted*):

3.1 ***Section 2.19 - Definition of "Subregional Transmission Facilities" or "Subregional Sewer System" or "Subregional System"***: Exhibit "I" referenced in the definition at this Section of the Agreement is removed and replaced with **Exhibit "I REVISED**", which exhibit is attached hereto and incorporated herein.

3.2 ***Section 4 – Right of Use***: The Parties' right of use table set forth in Section 4 of the Agreement is deleted and replaced with the revised table entitled **"Table 2 – Subregional Contract Customer Allocations & Flows for FY 2022**," which is attached hereto and incorporated herein.

3.3 ***Section 6. – O & M Budgets; Rates; Allowable Costs***. The following shall be added to the beginning of Section 6:

For purposes of the First Amendment, Fiscal Year 2013 information as set forth in Exhibit III and elsewhere in the Agreement shall remain for historical purposes only.

3.4 ***Section 7. – Pass-through Components Calculated; Capital / R&R Reserve Fund Required.*** The following revisions are made to Section 7:

SECTION 7. PASS-THROUGH COMPONENTS CALCULATED; CAPITAL / R&R RESERVE FUND AND CATASTROPIC FUND REQUIRED. Lake Worth shall establish annual "pass-through" charges as set forth below.

7.1. Rate Making Procedure for Pass-Through Charges.

(1) The Parties agree that there are currently four~~three~~ (4~~3~~) primary pass-through charges that shall be paid in accordance with this Agreement. These charges are comprised of: (a) the Lake Worth Subregional R&R related to the Subregional Transmission Facilities, which shall be recommended by the Member Board during each fiscal year budget process and collected and deposited into a Capital / R&R reserve fund as further explained in subsection (2) below; (b) the Subregional Catastrophic Fund, which shall be recommended by the Member Board during each fiscal year budget

process and collected and deposited into a Catastrophic reserve fund as further explained in subsection (3) below; (c) R&R charged to Lake Worth by Palm Beach County related to the Palm Beach County Transmission Facilities, which is collected and paid on an "as-needed" basis according to the contract between Lake Worth and Palm Beach County; and (dc) R&R charged to Lake Worth by the ECR Board related to the ECR Facility on October 1 of each year, which shall be collected by Lake Worth. There are currently no other pass-through charges that could be considered the responsibility of the Parties of the System. However, in the future, if any additional pass-through charges are assigned to Lake Worth by the ECR Board, PBC, or some other governmental or quasi-governmental organization, but are not in the control of Lake Worth, these pass-through charges shall be allocated to each Party according to pro-rata share of reserved capacity.

(2) For Fiscal Year 2023-2024 (FY 2024), there shall be no changes to the Capital / R&R reserve fund as set forth in the Agreement. However, during the budgeting process for fiscal year 2024 – 2025 (FY 2025), and commencing FY 2025 and for each fiscal year thereafter, the provision shall read as follows:

The Parties agree that a Capital / R&R reserve fund shall be established and such fund is comprised of money set aside to pay for planned and unusual or extraordinary R&R of the Subregional Transmission Facilities. Each of the Parties agree to pay an annual R&R amount into the Capital/R&R Reserve Fund, based upon their pro-rata share of reserved capacity as set forth in Section 4 of this Agreement unless or until a particular Party terminates or otherwise does not renew or extend this Agreement. ~~Subject to the credit permitted to Palm Springs,~~ tThe total amount to be allocated based upon the pro-rata shares set forth in Section 4 hereof, and paid to the Capital/R&R Reserve Fund for Fiscal Year 2024-2025 (FY 2025) has been tentatively set by the Member Board at ~~shall be~~ Two Million Five Hundred Thousand Dollars ($2,500,000). ~~0.5% of the replacement cost value of the Subregional Transmission Facilities, until said Fund shall contain Two Million Dollars ($2,000,000.00). The Capital/R&R Reserve Fund balance shall not exceed Two Million Dollars ($2,000,000.00). Subject to the provisions set forth in Section 10 below, at such time as the balance shall reach Two Million Dollars ($2,000,000.00), the Parties' obligation to pay annually into the Capital/R&R Reserve Fund shall be temporarily suspended until such time as the Capital/R&R Reserve Fund balance drops, or is projected to drop, below One Million, Five Hundred Thousand Dollars ($1,500,000.00), at which time annual payments shall resume by each Party.~~ This tentative amount shall be reviewed during the budgeting process for FY 2025, which shall conclude with a final recommendation by the Member Board to Lake Worth and its City Commission for a final Capital / R&R reserve fund amount to be included in the final Lake Worth adopted budget for FY 2025. Sub-Regional R&R will be billed in 12 equal installments during each fiscal year and all existing funds and collected amounts shall be deposited into an interest bearing account.

During each budgeting process for an upcoming fiscal year, the Parties agree that the Capital / R&R reserve fund amount will be proposed by Lake Worth and reviewed by the Member Board as part of its review of the tentative and final budgets as set forth in Section 6 of the Agreement. The Capital / R&R reserve fund amount for the next fiscal

year shall be recommended by the Member Board to Lake Worth and its City Commission for inclusion and adoption in Lake Worth's final budget.

(3) The Parties agree that a Catastrophic reserve fund shall be established and such fund is comprised of money set aside in an interest bearing account to pay for an emergency catastrophic event impacting the Subregional Transmission Facilities. An "emergency catastrophic event impacting the Subregional Transmission Facilities" shall include, but not be limited to, any natural or manmade emergency, including terrorism, that results in unforeseen and extraordinary damage and/or disruption affecting the Subregional Transmission Facilities and may affect the general public health, safety and welfare. Lake Worth is authorized to utilize the Catastrophic reserve fund to address an emergency catastrophic event impacting the Subregional Transmission Facilities. Lake Worth shall provide notice to the Member Board as soon as reasonably practicable when funds are expended from the Catastrophic reserve fund but no later than the next regular meeting of the Member Board.

The Parties agree that the Catastrophic reserve fund shall be established with each of the Parties paying an annual Catastrophic reserve amount based upon their pro-rata share of reserved capacity as set forth in Section 4 of this Agreement unless or until a particular Party terminates or otherwise does not renew or extend this Agreement. The total amount to be allocated based upon the pro-rata shares set forth in Section 4 hereof, and paid to the Catastrophic reserve fund for Fiscal Year 2024-2025 (FY 2025) has been tentatively set by the Member Board at One Million Dollars ($1,000,000). Sub-Regional Catastrophic reserve fund will be billed in 12 equal installments during each fiscal year and all collected amounts shall be deposited into an interest bearing account.

During each budgeting process for an upcoming fiscal year, the Parties agree that the Catastrophic reserve fund amount will be proposed by Lake Worth and reviewed by the Member Board as part of its review of the tentative and final budgets as set forth in Section 6 of the Agreement. The Catastropich reserve fund amount for the next fiscal year shall be recommended by the Member Board to Lake Worth and its City Commission for inclusion and adoption in Lake Worth's final budget.

7.2. Change to Lake Worth's Pass-Through Costs; Review by MB; Billing Procedure. The method of calculation of applicable pass-through costs as detailed herein for the Parties, except for those costs as determined by the ECR Board or Palm Beach County, may only be changed by Lake Worth presenting justification for the same to the MB through the annual budget process for the MB's review and recommendations and ultimate approval thereafter by Lake Worth~~; provided, however, that the 0.5% of the replacement cost value shall not be increased~~. The final pass-through amounts shall become effective as of October 1st of the year of presentation to the MB and approval by Lake Worth.

3.5 ***Section 9.2: Excess Use Payments***. This provision is revised to read as follows:

Should any Party's sewage flows exceed its reserved capacity, such Party shall pay Lake Worth O & M Charges of 120% of those charges calculated pursuant to Section 6 applicable to the excess flows and Exhibit III herein to the extent and for such length of time as the Party exceeds its authorized allocated capacity. Said excess shall be determined monthly based on the monthly total flow converted to a daily flow and compared to reserved capacity. ~~Said excess shall be determined by subtracting the allocated capacity for an average of the flows for the current month and the two immediately preceding months.~~

3.6 ***Section 16: Term; Termination***. This provision is revised to read as follows:

The ~~initial~~ term of this Agreement is extended to September 30, 2033~~shall expire on September 30, 2023~~. The individual Municipalities, or any combination of them, may extend this Agreement for up to two (2) ~~three (3)~~ additional ten (10) year periods (the "extension periods"). In the event a Municipality chooses not to renew this Agreement at the end of the ~~initial~~ current term, or at the end of any of the extension periods, it shall provide Lake Worth with written notice of its intent not to renew on or before February 1st of the fiscal year in which the Agreement is set to expire~~; provided, however, for those Parties terminating by transfer of all capacity in 2013, notice shall be given on or before May 1, 2013~~. Notwithstanding the above, a Municipality may terminate this Agreement at any time with written notice to Lake Worth on or before February 1st of the fiscal year in which it seeks to terminate the Agreement. Such termination shall be effective on September 30th of the fiscal year in which the written notice of termination was provided to Lake Worth. The Parties agree that termination or non-renewal by any or all Parties shall not cause an increase in the current share, rates, fees, or charges paid by any non-terminating Party under this Agreement except with respect to transfers of capacity to other ECR members as provided for in Section 12.3.

3.7 ***Section 22: Notice***. This provision is revised to reads as follows:

Any notice or other document required or allowed to be given pursuant to this Agreement shall be in writing and shall be delivered personally, or by recognized overnight courier or sent by certified mail, postage prepaid, return receipt requested, or by facsimile transmission with written confirmation.

3.8 ***Exhibit "III", Illustrative Example.*** Exhibit "III" is amended to add the updated information for Fiscal Year 2024 including the Proposed Budget, the Fiscal 2024 calculations, and the Fiscal Year 2024 Line Item Budget Breakdown, which exhibits are attached hereto as "**Exhibit 'III' – Additions**" and incorporated herein.

3.9 ***Exhibit "III", City of Lake Worth Utility Issue; Narrative of Cost Categories for Agreement; LW SubRegional System O&M – Salary & Related Expenses***

The Salary & Related Expenses cost category includes those costs directly related to staffing necessary for the ongoing operation of the System. The FY 2013 budget, as shown on Attachment A, page 4, covers 2.5 Full Time Employees (FTEs) and includes Regular Salaries, Salary Increases, Leave Payout, Overtime Pay, Longevity Pay, Other Pays, FICA Taxes, Retirement Contributions (Defined Benefit Plan) Life & Health Insurance, Worker's Compensation, and Unemployment Compensation. The FY 2013 revenue requirement for this cost category is $242,485.

Commencing Fiscal Year 2023 - 2024, this cost category will also include all Natural Disaster overtime, which pays for salaries and expenses of employees during natural disaster events that occur after regular scheduled hours.

3.10 ***Exhibit "III", City of Lake Worth Utility Issue; Narrative of Cost Categories for Agreement; LW SubRegional System O&M –Contribution to General Fund***

The Contribution to General Fund cost category covers the cost calculated as attributable to the LW SubRegional System for Interfund Administrative Services, which for FY 2013 is $338,389. Attachment A, page 7 details the calculation of this revenue requirement for FY 2013. General Fund Administration costs are allocated city-wide across all departments according to each department's percentage of overall budgeted expenses, based on the latest Lake Worth Commission-Approved budget each year. Utility Administrative Costs are allocated across all utility departments according to each utility department's percentage of overall budgeted utility expenses. The calculation and methodology is shown on Attachment A, page 7, for FY 2013.

Commencing Fiscal Year 2023 - 2024, the City identified in a memorandum attached hereto as **Exhibit "A"** and incorporated herein entitled, "Administrative Charges Explanation," which addressed how the fund is to be administered. This fund shall continue to be administered in accordance with **Exhibit "A"**.

3.11 ***City of Lake Worth Utility Issue; Narrative of Cost Categories for Agreement; Exhibit "III", LW SubRegional System O&M – Miscellaneous***.

The Miscellaneous cost category includes any miscellaneous costs not covered in the above cost categories. For FY 2013, Bank Charges and Fees and Uncollectible Accounts are included, for a total revenue requirement of $5,000. Because this cost category is very broad in its definition, in the event additional miscellaneous expenses are deemed necessary for the ongoing operation and maintenance of the System, the Parties shall agree to such additional expenses via an addendum to this Agreement.

Commencing Fiscal Year 2023 - 2024, Right-of-Way charges are included in the Miscellaneous cost category, which includes all amounts paid to the Florida East Coast Railway (or similar railways) for the System pipelines that cross railway rights-of-way.

4. **Entire Agreement.** The Parties agree that the Agreement and this First Amendment set forth the entire agreement between the parties, and that there are no promises or understandings other than those stated herein. None of the provisions, terms and conditions contained in this First Amendment may be added to, modified, superseded or otherwise altered, except by written instrument executed by the Parties. All other terms and conditions of the Agreement (except as amended herein) remain in full force and effect.

5. **Counterparts.** This First Amendment may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument. The Parties may sign and transmit this First Amendment via facsimile, email, or electronically and such signature is as valid as the original signature of such party.

6. **Effective Date**. This First Amendment shall be effective as of October 1, 2023.

IN WITNESS WHEREOF, the parties hereto have made and executed this First Amendment to the Interlocal Wastewater Service and Wastewater Facilities Cost Sharing Agreement.

Totals/Peak Value	**8.000**	**11.500**	**8.42**	**8.74**	2.760

In 2013 the Town of Palm Beach implemented a project to redirect their wastewater flow from the Lake Worth Beach Subregional System to the West Palm Beach system. Therefore, the Town of Palm Beach withdrew from the Lake Worth Beach Subregional System on October 1, 2013, as noted previously (but retained emergency flow capability). The Town's allotted capacity of 0.941 MGD rounded up to 1.0 MGD was removed from the Lake Worth Beach Subregional System on October 1, 2013. This reallocation of flow capacity was acknowledged by the ECRWRF Board as required by Board policy.

In FY 2019 the City of Lake Worth Beach reached an agreement to transfer 0.176 MGD of its allocated capacity to the Town of Lantana. This capacity transfer is included in the "Current Allocation" column in the above table.

Memo
To: Sub-regional Partners
From: Sam Heady, Water Utilities Director

Re: Administrative Charges Explanation

The Interlocal Wastewater Service and Wastewater Facilities Cost Sharing Agreement, signed in March 2013 between all sub-regional partners and the City of Lake Worth Beach, defines all charges and fees between the entities. The costs are allocated based on flow, and include the Lake Worth Beach Sub-regional System O&M charges, which are broken up and include a contribution to the City's general fund for administrative services. This information is found in the agreement.

"The Contribution to General Fund cost category covers the cost calculated as attributable to the LW Sub-Regional System for Inter-fund Administrative Services, which for FY 2024 is $616,286.
General Fund Administration costs are allocated city-wide across all departments according to each department's percentage of overall budgeted expenses, based on the latest Lake Worth Commission-Approved budget each year. Utility Administrative Costs are allocated across all utility departments according to each utility department's percentage of overall budgeted utility expenses."

The City has made changes to its budgeting, affecting the Administrative Charges. As a result, the budgeted expenses calculation for Administrative Charges only draws from the Local Sewer administration cost accounts to be split between local and regional sewer, as the regional sewer fund does not have its own administrative accounts and uses the local sewer administration and staff. After reassessment and calculation, it was determined that the amount for FY 23-24 for Administrative Charges to the sub-regional partners should be $624,305. However, since the FY 23-24 budget has already been approved and passed, the charge will remain at $616,286 for FY 23-24.

Village of Palm Springs

Executive Brief

AGENDA DATE: April 11, 2024

DEPARTMENT: Utilities

ITEM #10: Approve Valve Replacement at Main Water Treatment Plant - Work Authorization No. 1 - Utilities Department (FY 2024 Budget Funded) - Hinterland Group, Inc.

SUMMARY: The Utilities Department needs to replace two valves at the Main Water Treatment Plant. These valves control the flow of water from the contact basin to the recovery basin. They allow the contact basin to be emptied for routine cleaning and maintenance, while the recovery basin is used to return the water to the water treatment plant, reducing water loss. Since the piping is large (16") and deep, the Village staff cannot make repairs. Therefore, a contractor that specializes in underground utility repairs will be hired. The cost of replacing both valves is $88,510.00.

To ensure the lowest possible price, the Village staff suggests piggybacking City of Lake Worth Beach's Emergency Repair contract. This contract is for water, wastewater, and stormwater and was chosen by the City of Lake Worth Beach through a competitive selection process (ITB# 20-106 - June 23, 2020). The Village will accept Hinterland Group, Inc.'s pricing, which is approved under the City of Lake Worth Beach's contract, including all terms, conditions, and pricing. The proposed City of Lake Worth Beach contract will expire on May 30, 2024, but there is an additional one-year renewal option.

The Village's Purchasing Code, Section 58-9, allows it to access contracts from other government agencies for goods and services. The Village may award a contract by piggybacking or accessing the goods and/or services from any State of Florida contract, contracts of any Florida political subdivision, or from any other governmental entity (other than the Federal government) provided that the same or substantially similar goods and/or services were competitively solicited.

FISCAL IMPACT:

Funding to support purchases under this proposal is available within the FY 2024 - Water and Sewer Fund.

This repair was not requested in the FY 23-24 Utilities Budget as the valves failed during the FY 2024 budget year. An internal budget transfer or budget amendment will be done at a later date, if necessary, to cover the needed repairs.

ATTACHMENTS:

1. Proposed Quote - Hinterland Group, Inc.
2. City of Lake Worth Beach Amendment 1 (Renewal) - Hinterland Group, Inc.
3. City of Lake Worth Beach Executed Agreement - Hinterland Group, Inc.
4. Piggyback of Hinterland contract with LWB 4.3.2024

FIRST AMENDMENT TO CONTRACTOR AGREEMENT
(Emergency Utility Repairs for Water, Wastewater and Stormwater)

THIS FIRST AMENDMENT ("Amendment") to the Agreement is made as of 5/30/2023, by and between the **City of Lake Worth Beach**, a Florida municipal corporation ("CITY") and **Hinterland Group, Inc.,** a Company authorized to do business in the State of Florida, hereinafter the ("CONTRACTOR").

WHEREAS, on July 10, 2020, the CITY entered into the Contractor Agreement with the CONTRACTOR to provide Emergency Utility Repairs for Water, Wastewater and Stormwater for Disaster Recovery to the CITY (the "Agreement"); and

WHEREAS, the term of the Agreement was for three (3) years with two (2) additional single year renewal options; and

WHEREAS, the CITY and the CONTRACTOR wish to amend the Agreement to extend the terms of the Agreement for additional one (1) year with all other terms and conditions remaining the same; and

WHEREAS, the CONTRACTOR submitted a revised rate schedule for the pricing to be provided under this Amendment, which rates are attached hereto as **Exhibit "A"** and incorporated herein; and

WHEREAS, this Agreement may be funded, in whole or in part, by the Federal agencies, in which case, the CONTRACTOR agrees that any services performed pursuant to this Agreement will comply with all applicable Federal law, Federal regulations, executive orders, FEMA policies, procedures, and directives and special clauses as provided in Agreement and additional Federal Contract provision incorporated with this Amendment in **Exhibit "B"**; and

WHEREAS, the CITY finds amending the Agreement as set forth herein is in the best interest of the CITY and serves a valid public purpose.

NOW, THEREFORE, in consideration of the mutual promises contained herein, the sufficiency of which is hereby acknowledged by each party hereto, the CITY and the CONTRACTOR agree to amend the Agreement, as follow:

1. **Recitals**. The parties agree that the recitals set forth above are true and correct and are fully incorporated herein by reference.

2. **Term of Agreement.** The parties agree that the term of the Agreement is hereby extended to July 9, 2024.

3. **Fee and Ordering Mechanism**. The Agreement is amended at Section 5, Fee and Ordering Mechanism, specifically paragraph 5.1, by deleting **Exhibit "C"** of the Agreement and replacing it with **Exhibit "A"** attached hereto and made a part hereof.

DocuSign Envelope ID: 43432544-08CC-464B-B58C-44B56DCB0430

4. **Additional Federal Clauses**. The additional federal clauses attached hereto as **Exhibit "B"** are incorporated into the Agreement and made a part hereof.

5. **E-Verify.** Pursuant to Section 448.095(2), Florida Statutes, beginning on January 1, 2021, the CONTRACTOR shall:

a. Register with and use the E-Verify system to verify the work authorization status of all newly hired employees and require all subcontractors (providing services or receiving funding under this Agreement) to register with and use the E-Verify system to verify the work authorization status of all the subcontractors' newly hired employees;

b. Secure an affidavit from all subcontractors (providing services or receiving funding under this Agreement) stating that the subcontractor does not employ, contract with, or subcontract with an "unauthorized alien" as defined in Section 448.095(1)(k), Florida Statutes;

c. Maintain copies of all subcontractor affidavits for the duration of this Agreement and provide the same to the CITY upon request;

d. Comply fully, and ensure all of its subcontractors comply fully, with Section 448.095, Florida Statutes;

e. Be aware that a violation of Section 448.09, Florida Statutes (Unauthorized aliens; employment prohibited) shall be grounds for termination of this Agreement; and,

f. Be aware that if the CITY terminates this Agreement under Section 448.095(2)(c), Florida Statues, the CONTRACTOR may not be awarded a contract for at least 1 year after the date on which the Agreement is terminated and will be liable for any additional costs incurred by the CITY as a result of the termination of the Agreement.

6. **Entire Agreement.** The CITY and the CONTRACTOR agree that the Agreement and this Amendment set forth the entire agreement between the parties, and that there are no promises or understandings other than those stated herein. None of the provisions, terms and conditions contained in this Amendment may be added to, modified, superseded or otherwise altered, except by written instrument executed by the parties hereto. All other terms and conditions of the Agreement (except as amended herein) remain in full force and effect.

7. **Counterparts.** This Amendment may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument. Either or both parties may sign this Amendment via facsimile, email or electronically and such signature is as valid as the original signature of such party.

EXHIBIT "B"

Additional Federal Clauses

1."Domestic Preference for Procurements"

As appropriate, and to the extent consistent with law, the Contractor should, to the greatest extent practicable, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States. This includes, but is not limited to iron, aluminum, steel, cement, and other manufactured products.

For purposes of this clause: Produced in the United States means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

Manufactured products mean items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber."

2. "Prohibition on Contracting for Covered Telecommunications Equipment or Services"

(a) Definitions. As used in this clause, the terms backhaul; covered foreign country; covered telecommunications equipment or services; interconnection arrangements; roaming; substantial or essential component; and telecommunications equipment or services have the meaning as defined in FEMA Policy 405-143-1, Prohibitions on Expending FEMA Award Funds for Covered Telecommunications Equipment or Services (Interim), as used in this clause—

(b) Prohibitions.

(1) Section 889(b) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019, Pub. L. No. 115-232, and 2 C.F.R. § 200.216 prohibit the head of an executive agency on or after Aug.13, 2020, from obligating or expending grant, cooperative agreement, loan, or loan guarantee funds on certain telecommunications products or from certain entities for national security reasons.

(2) Unless an exception in paragraph (c) of this clause applies, the Contractor and its subcontractors may not use grant, cooperative agreement, loan, or loan guarantee funds from the Federal Emergency Management Agency to:

(i) Procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;

(ii) Enter into, extend, or renew a contract to procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;

(iii) Enter into, extend, or renew contracts with entities that use covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system; or

DocuSign Envelope ID: 43432544-08CC-464B-B58C-44B56DCB0430

(iv) Provide, as part of its performance of this contract, subcontract, or other contractual instrument, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) Exceptions.

(1) This clause does not prohibit the Contractor from providing—

(i) A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) By necessary implication and regulation, the prohibitions also do not apply to:

(i) Covered telecommunications equipment or services that:

i. Are not used as a substantial or essential component of any system; and

ii. Are not used as critical technology of any system.

(ii) Other telecommunications equipment or services that are not considered covered telecommunications equipment or services.

(d) Reporting requirement.

(1) In the event the Contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the Contractor is notified of such by a subcontractor at any tier or by any other source, the Contractor shall report the information in paragraph (d)(2) of this clause to the recipient or subrecipient, unless elsewhere in this contract are established procedures for reporting the information.

(2) The Contractor shall report the following information pursuant to paragraph (d)(1) of this clause:

(i) Within one business day from the date of such identification or notification: The contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.

(ii) Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: Any further available information about mitigation actions undertaken or recommended. In addition, the Contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(e) Subcontracts. The Contractor shall insert the substance of this clause, including this paragraph (e), in all subcontracts and other contractual instruments."

CONTRACTOR AGREEMENT
(Emergency Utility Repairs for Water, Wastewater and Stormwater)

THIS AGREEMENT is made this 6/23/2020, between the **City of Lake Worth Beach**, Florida, a municipal corporation, hereinafter the "CITY", with its office located at 7 North Dixie Highway, Lake Worth Beach, Florida 33460, and **Hinterland Group, Inc.,** a company authorized to do business in the State of Florida, hereinafter the "CONTRACTOR", with its office located at 2051 W Blue Heron Blvd, Riviera Beach, FL 33404.

RECITALS

WHEREAS, the CITY is a municipal corporation organized and existing pursuant to the Charter and the Constitution of the State of Florida;

WHEREAS, the CITY issued Invitation to Bid # 20-106 (hereinafter "IFB") for the Emergency Utility Repairs for Water, Wastewater and Stormwater; and

WHEREAS, CONTRACTOR submitted a Bid to perform the services described and set out in the IFB which is incorporated herein by reference with the Scope of Services specifically attached as **Exhibit "A"**; and

WHEREAS, the CITY desires to accept the CONTRACTOR's bid in order for CONTRACTOR to render the services to the CITY as provided herein; and

WHEREAS, the CONTRACTOR further warrants that it is experienced and capable of performing the tasks hereunder in a professional and competent manner; and

WHEREAS, this Agreement has been identified as providing essential services which is anticipated to be needed by the CITY in the event of a hurricane or other disaster in order to provide the services for the benefit of the public health, safety and welfare; and

WHEREAS, CONTRACTOR acknowledges and agrees that in such event, the CITY may apply to the State of Florida or the federal government for funds which will be used to pay CONTRACTOR or reimburse the CITY for payments made to CONTRACTOR, and that the federal government will only consider reimbursing for contracts which contain the requisite FEMA provisions; and

WHEREAS, CONTRACTOR acknowledges and agrees that any work performed under this Agreement and pursuant to the IFB will comply with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives; and

WHEREAS, CONTRACTOR acknowledges and agrees to the terms laid out in IFB and **Exhibit "B"**, which are the provisions required to be included in contracts funded by

DocuSign Envelope ID: E16AE4F4-0FDD-4434-8F39-BC977254579D

federal grants, including FEMA Public Assistance (*see* 2 C.F.R. § 200.326 and applicable FEMA guidance); and

WHEREAS, the CITY finds making the non-exclusive award of the IFB to the CONTRACTOR as described herein serves a valid public purpose.

NOW THEREFORE, the CITY hereby engages the services of the CONTRACTOR, and in consideration of the mutual promises herein contained, the sufficiency of which is hereby acknowledged by both parties, the parties agree as follows:

1. TERM

The initial term of this non-exclusive Agreement shall be from the date of execution by the CITY for an initial term of three (3) years with two (2) additional 1-year renewal options unless earlier terminated in accordance with the terms of this Agreement.

Rates shall remain firm for the first three (3) years of the Agreement subject to terms and conditions to be negotiated on requests for consideration of a price adjustment after that term.

2. SCOPE OF WORK

2.1 The Scope of Work includes all implements, machinery, equipment, transportation, tools, materials, supplies, labor and other things necessary to provide repairs to the CITY's water distribution, wastewater collection and stormwater collection systems immediately after a hurricane, other disaster, or as needed by the CITY on an emergency basis. CONTRACTOR represents that it is capable of efficiently repairing water distribution, wastewater collection and stormwater collection systems for a large CITY area in a timely and cost-effective manner. The CONTRACTOR is also capable of assembling, directing, and managing a work force that can complete the repairs in timely and efficient manner

2.2. The CONTRACTOR represents that it is experienced and proficient in all phases of construction and repairs of water systems, including but not limited to: furnishing and installing various sizes of pipe for gravity sewer main and force main, water distribution lines and storm sewer mains; and concrete structures for the wastewater and storm water systems, set up and monitoring of bypass pumping; dewatering systems; and restoration related to landscaping, asphalt and concrete work may also be required as needed. The CONTRACTOR must be capable of assembling, directing, and managing a work force that can complete the repairs in the assigned number of days

2.2 The CONTRACTOR represents to the CITY that the Scope of Work provided under this Agreement and IFB shall be in accordance with accepted and established trade practices and procedures recognized in the CONTRACTOR's trade in general and that

DocuSign Envelope ID: E16AE4F4-0FDD-4434-8F39-BC977254579D

the materials shall conform to the highest standards and in accordance with this Agreement.

2.3 The CONTRACTOR represents that it is licensed to do business in the State of Florida and holds and will maintain all applicable licenses required for the work to be completed under this Agreement. The CONTRACTOR further warrants its capability and experience to perform the work provided for herein in a professional and competent manner.

2.4 The Scope of Work shall be performed by the CONTRACTOR or under its supervision and all personnel engaged in performing the Scope of Work shall be fully qualified and, if required, authorized or permitted under the state and local law to perform such Scope of Work. All of the CONTRACTOR's personnel (and all subcontractors), while on CITY premises, shall comply with all CITY requirements governing safety, conduct and security.

2.5 The Scope of Work shall be completed in accordance with the terms and conditions set forth in the IFB and this Agreement.

3. INDEPENDENT CONTRACTOR; USE OF AGENTS OR ASSISTANTS

3.1 The CONTRACTOR is and shall be, in the performance of the Scope of Work under this Agreement, an independent contractor, and not an employee, agent, or servant of the CITY. All persons engaged in any of the Scope of Work performed pursuant to this Agreement shall at all times, and in all places, be subject to the CONTRACTOR's sole direction, supervision, and control. The CONTRACTOR shall exercise control over the means and manner in which it and its employees perform the Scope of Work.

3.2 To the extent reasonably necessary to enable the CONTRACTOR to perform the Scope of Work hereunder, the CONTRACTOR shall be authorized to engage the services of any agents or assistants which it may deem proper, and may further employ, engage, or retain the services of such other persons or corporations to aid or assist in the proper performance of its duties. All costs of the services of, or expenses incurred by, such agents or assistants shall be paid by the CONTRACTOR.

4. MATERIALS

4.1 The CONTRACTOR shall provide all materials as more specifically set forth in the Scope of Work.

5. FEE AND ORDERING MECHANISM

5.1 For services to be rendered under this Agreement, the CONTRACTOR shall be entitled to a billing rates set forth in CONTRACTOR's bid in Schedule of Unit Prices for

DocuSign Envelope ID: E16AE4F4-0FDD-4434-8F39-BC977254579D

services to be performed, which is attached hereto as **Exhibit "C"**. The CONTRACTOR's Schedule of Unit Prices shall remain fixed for the first three (3) years of this Agreement. After the first three (3) years of this Agreement, if due to applicable price escalations and/or reductions which impact the CONTRACTOR's Schedule of Unit Prices, the CITY and CONTRACTOR may execute a written amendment to this Agreement to establish new Schedule of Unit Prices for the renewal term(s). The City Manager may approve changes in the CONTRACTOR's Schedule of Unit Prices based on the recommendation of the CITY's Water Utility Director or designee.

5.2 Should the CITY require additional materials or services, not included in this Agreement, fees and payment for such work will be set forth in a separate amendment, as authorized in accordance with the CITY's procurement code prior to any such additional materials or services being provided by the CONTRACTOR.

5.3 The CITY's ordering mechanism for the Scope of Work performed under this Agreement may be a Work Order or CITY Purchase Order; however, the terms and conditions stated in a CITY Purchase Order shall not apply. CONTRACTOR shall not exceed amounts expressed on any Purchase Order. The CITY's Fiscal Year ends on September 30th of each calendar year and the CITY cannot authorize the purchase of goods or services beyond September 30th of each calendar year, prior to the annual budget being approved by the CITY's City Commission. Additionally, the CITY must have budgeted appropriate funds for the goods and services in any subsequent Fiscal Year. If the budget is approved for said goods and services, the CITY will issue a new Purchase Order for required and approved goods and/or services.

5.4 This Agreement does not guarantee that the CITY will utilize the CONTRACTOR in any capacity or for any services hereunder. When the CITY identifies a need for the CONTRACTOR's services, the CITY will request a proposal from the CONTRACTOR to provide the services requested. The CITY will provide the CONTRACTOR with plans and/or specifications in order for the CONTRACTOR to develop its proposal. The CONTRACTOR's proposal shall be submitted in the format of the sample work order, attached hereto and incorporated herein as **Exhibit "D"** along with a copy of the CONTRACTOR's proposal and shall be based on the CONTRACTOR's Schedule of Unit Prices attached hereto as **Exhibit "C"**. Upon receipt of the CONTRACTOR's proposed work order and proposal, the CITY shall decide in its sole discretion whether to award the work order to the CONTRACTOR. In an event of declared disaster, the work order or a Purchase Order may be awarded by the CITY's City Manager. If the work order is approved by the CITY, the CONTRACTOR shall commence the identified services upon the CITY's approval of the work order for the services and issuance of a notice to proceed. The CITY reserves the right to reject any and all proposals submitted by the CONTRACTOR. A CITY-approved work order shall include (by reference) the plans and/or specifications provided by the CITY to the CONTRACTOR.

DocuSign Envelope ID: E16AE4F4-0FDD-4434-8F39-BC977254579D

6. MAXIMUM COSTS

6.1 The CONTRACTOR expressly acknowledges and agrees that the total cost to complete the Scope of Work in accordance with the IFB and this Agreement is not to exceed **the amount(s) set forth in the approved City work order or Purchase Order issued to the CONTRACTOR annually**, and no additional costs shall be authorized without prior written approval from the CITY.

7. INVOICE & PAYMENT

7.1 The CONTRACTOR shall submit an itemized invoice to the CITY for approval prior to receiving compensation. The CONTRACTOR shall be paid within thirty (30) days of receipt of an approved invoice for work.

7.2 If the CITY disputes any invoice or part of an invoice, CITY shall notify the CONTRACTOR within a reasonable time after receipt of the invoice. CITY reserves the right to off-set, reduce or withhold any payment to the CONTRACTOR until the dispute is resolved.

7.3 Payment to the Contractor shall be made pursuant Florida's Prompt Payment Act (for construction services), section 218.735, Florida Statutes, except as provided herein. Specifically, the City will withhold ten percent (10%) of each payment from a work order to the CONTRACTOR as retainage until fifty percent (50%) of the work order price is paid to the CONTRACTOR. Upon payment of fifty percent (50%) of the work order price to the CONTRACTOR, the CITY will withhold only five percent (5%) of each work order payment made to the CONTRACTOR. Upon written request from the CONTRACTOR, the Contract Administrator may agree in writing with the CONTRACTOR to release a portion of the retainage upon payment of fifty percent (50%) of the work order price being paid to the CONTRACTOR (not to exceed fifty percent (50%) of the total retainage amount).

7.4 Upon substantial completion, the CONTRACTOR shall establish a punch-list of items that must be completed by the CONTRACTOR. The punch-list shall be provided to the CITY within ten (10) days of substantial completion. The CITY shall have five (5) business days to review the punch-list and revise the same. The CITY shall return the punch-list to the CONTRACTOR. The CONTRACTOR shall complete all items identified on the punch-list prior to the CONTRACTOR submitting its final payment request including the request for all retainage.

7.5 Final Payment. Upon final completion and acceptance of the work in accordance with this Agreement (including all punch-list items) and final inspection by the appropriate agency with jurisdiction over the project (if other than the CITY), the CONTRACTOR shall submit a "final invoice" to the CITY. In order for both parties to close their books and records, the CONTRACTOR will clearly state "FINAL" on the CONTRACTOR's final

DocuSign Envelope ID: E16AE4F4-0FDD-4434-8F39-BC977254579D

invoice. This certifies that all work under the applicable work order has been properly completed and all charges have been invoiced to the CITY. Since this account will thereupon be closed, any and other further charges if not properly included in this final invoice are waived by the CONTRACTOR. If the CONTRACTOR's Final Invoice is approved as set forth above, the CITY shall pay the remainder of the work order price including any amount held as retainage.

7.6 Notwithstanding the foregoing, the CITY shall not be required to pay or release any amount of retainage that is subject of a good faith dispute, the subject of a claim brought pursuant to section 255.05, Florida Statutes, or otherwise the subject of a claim or demand by the CITY.

7.7 Final payment shall not become due until the CONTRACTOR and all of its subcontractors submit to the CITY releases and waivers of liens, and data establishing payment or satisfaction of obligations, such as receipts, claims, security interests or encumbrances arising out of this Agreement or otherwise related to the Program.

7.8 Acceptance of final payment by the CONTRACTOR or a subcontractor shall constitute a waiver of claims by that payee except those previously made in writing and identified by that payee as unsettled at the time of final invoice.

8. PUBLIC CONSTRUCTION BOND

It is anticipated that work awarded under this Agreement may require a public construction bond under section 255.05, Florida Statutes. Due to the likelihood of services having to be performed on an emergency basis, the CONTRACTOR must provide the CITY with a public construction bond in amount of $200,000 at the beginning of the hurricane season (no later than June 1 of each year) which is in accordance with section 255.05, Florida Statutes. Said bond shall remain in place until December 1 of each year. The bond must be recorded in the Official Records in and for Palm Beach County and a copy of the recorded bond must be provided to the CITY prior to the CONTRACTOR providing any services under this Agreement.

If the CITY approves a Purchase Order or a work order which exceeds $200,000 in total construction cost, the CONTRACTOR must provide the CITY with an amendment to the bond which covers the amount in excess of $200,000. Said bond amendment must be recorded in the Official Records in and for Palm Beach County and a copy of the recorded bond amendment must be provided to the CITY prior to the CONTRACTOR providing any services under the Purchase Order or work order. The CITY reserves the right to request a separate public construction bond for any Purchase Order or work order which is less than $200,000. The cost of the public construction bond(s) as required under this section shall be a direct pass through cost to the CITY without any mark-up by the CONTRACTOR.

DocuSign Envelope ID: E16AE4F4-0FDD-4434-8F39-BC977254579D

The public construction bond shall be on forms attached hereto as **Exhibit "E"** or substantially similar as approved by the CITY and shall incorporate by reference the terms of this Agreement in its entirety.

To be acceptable to the CITY, a Surety Company shall comply with the following provisions:

The Surety Company shall have a currently valid Certificate of Authority, issued by the State of Florida Department of Insurance, authorizing it to write surety bonds in the State of Florida.

(a) The Surety Company shall have a currently valid Certificate of Authority issued by the United States Department of Treasury under Sections 9304 to 9308 of Title 31 of the United States Code.

(b) The Surety Company shall be in full compliance with the provisions of the Florida Insurance Code.

(c) The Surety Company shall have at least twice the minimum surplus and capital required by the Florida Insurance Code at the time the CONTRACTOR submits its proposed work order for CITY approval.

(d) The Surety Company shall have at least the ratings of A-/Class V in the latest issue of Best's Key Rating Guide.

(e) The Surety Company shall not expose itself to any loss on any one risk in an amount exceeding ten (10) percent of its surplus to policyholders, provided:

1. Any risk or portion of any risk being reinsured shall be deducted in determining the limitation of the risk as prescribed in this section. These minimum requirements shall apply to the reinsuring carrier providing authorization or approval by the State of Florida, Department of Insurance to do business in this state have been met.

2. In the case of the surety insurance company, in addition to the deduction for reinsurance, the amount assumed by any co-surety, the value of any security deposited, pledged or held subject to the consent of the surety and for the protection of the surety shall be deducted.

9. AUDIT BY CITY

9.1 The CONTRACTOR shall permit the CITY, or any authorized representatives of the CITY, at all reasonable times, access to and the right to examine all records, books, papers or documents related to the CONTRACTOR's performance under this Agreement including, but not limited to, expenses for sub-contractors, agents or assistants, direct

DocuSign Envelope ID: E16AE4F4-0FDD-4434-8F39-BC977254579D

and indirect charges for work performed and detailed documentation for all such work performed or to be performed under this Agreement.

10. COPIES OF DATA/DOCUMENTS

10.1 Copies or original documents prepared by the CONTRACTOR in relation to work associated with this Agreement shall be provided to the CITY. Data collected, stored, and/or provided shall be in a form acceptable to the CITY and agreed upon by the CITY.

11. OWNERSHIP

11.1 Each and every report, draft, work product, map, record, and other document reproduced, prepared, or caused to be prepared by the CONTRACTOR pursuant to or in connection with this Agreement shall be the exclusive property of the CITY.

12. WRITTEN AUTHORIZATION REQUIRED

12.1 The CONTRACTOR shall not make changes in the Scope of Work or perform any additional services or provide any additional material under this Agreement without first obtaining written authorization from the CITY for such additional services or materials. Additional services or materials provided without written authorization shall be done at the CONTRACTOR's sole risk and without payment from the CITY.

13. DEFAULTS, TERMINATION OF AGREEMENT

13.1 If the CONTRACTOR fails to timely perform the Scope of Work or has failed in any other respect to satisfactorily perform in accordance with this Agreement; or, is in material breach of a term or condition of this Agreement, the City Manager or designee may give written notice to the CONTRACTOR specifying defaults to be remedied. Such notice shall set forth the basis for any dissatisfaction and suggest corrective measures. If the CONTRACTOR does not remedy defaults within the allotted time or commence good faith steps to remedy the default to the reasonable satisfaction of the City Manager or designee, the CITY may take such action to remedy the default and all expenses related thereto shall be borne by the CONTRACTOR including, without limitation, utilization of another contractor to provide for such work; and/or, the CITY may withhold any money due or which may become due to the CONTRACTOR for such expense and/or work related to the claimed default. Alternatively, or in addition to the foregoing, if after three (3) days the CONTRACTOR has not remedied defaults or commenced good faith steps to remedy defaults to the satisfaction of the City Manager or designee, the CITY may elect to terminate this Agreement. No compensation shall be paid for de-mobilization, take-down, disengagement wind-down, lost profits or other costs incurred due to termination of this Agreement under this paragraph.

DocuSign Envelope ID: E16AE4F4-0FDD-4434-8F39-BC977254579D

13.2 Notwithstanding paragraph 13.1, the CITY reserves the right and may elect to terminate this Agreement at any time, with or without cause. At such time, the CONTRACTOR would be compensated only for that work which has been satisfactorily completed to the date of termination. No compensation shall be paid for de-mobilization, take-down, disengagement wind-down, lost profits or other costs incurred due to termination of this Agreement under this paragraph.

14. INSURANCE

14.1. Prior to commencing the Scope of Work, the CONTRACTOR shall provide certificates evidencing insurance coverage as required hereunder. All insurance policies shall be issued by companies authorized to do business under the laws of the State of Florida. The Certificates shall clearly indicate that the CONTRACTOR has obtained insurance of the type, amount, and classification as required for strict compliance with this Section and that no material change or cancellation of the insurance shall be effective without thirty (30) days' prior written notice to the CITY. Failure to comply with the foregoing requirements shall not relieve the CONTRACTOR of its liability and obligations under this Contract. All insurance, other than Workers' Compensation, required hereunder shall specifically include the "City of Lake Worth Beach" as an "Additional Insured" on a primary, non-contributory basis, and the CONTRACTOR shall provide additional insured endorsements section of Certificates of Insurance.

14.2. The CONTRACTOR shall maintain, during the life of this Agreement, commercial general liability, including contractual liability insurance in the amount of $1,000,000 per occurrence ($2,000,000 aggregate) to protect the CONTRACTOR from claims for damages for bodily and personal injury, including wrongful death, as well as from claims of property damages which may arise from any operations under this Agreement, whether such operations be by the CONTRACTOR or by anyone directly employed by or contracting with the CONTRACTOR.

14.3. The CONTRACTOR shall maintain, during the life of this Agreement, comprehensive automobile liability insurance in the minimum amount of $1,000,000 combined single limit for bodily injury and property damages liability to protect the CONTRACTOR from claims for damages for bodily and personal injury, including death, as well as from claims for property damage, which may arise from the ownership, use, or maintenance of owned and non-owned automobiles, including rented automobiles whether such operations be by the CONTRACTOR or by anyone directly or indirectly employed by the CONTRACTOR.

14.4. The CONTRACTOR shall maintain, during the life of this Agreement, Workers' Compensation Insurance and Employer's Liability Insurance for all employees as required by Florida Statutes.

DocuSign Envelope ID: E16AE4F4-0FDD-4434-8F39-BC977254579D

15. WAIVER OF BREACH

15.1 The waiver by either party of any breach of any provision of this Agreement shall not operate or be construed as a waiver of any subsequent breach of that same or any other provision.

16. INDEMNITY

16.1 The CONTRACTOR shall indemnify, defend and hold harmless, to the maximum extent permitted by law, the CITY and its officers, agents, employees and representatives, from and against any and all liability, suit, actions, proceedings, judgments, claims, losses, liens, damages, injuries (whether in contract or in tort, including personal injury, accidental death, patent infringement or property damage, and regardless, of whether the allegations are false, fraudulent or groundless), costs and expenses (including attorney's fees, litigation, arbitration, mediation, appeal expenses) to the extent arising out of or alleged to have arisen out of the acts, omissions or neglect of the CONTRACTOR or any of its agents, employees, subcontractors or by anyone the CONTRACTOR directly or indirectly employed.

16.2 The CONTRACTOR's obligation to indemnify, defend and hold harmless shall remain in effect and shall be binding upon the CONTRACTOR whether such injury or damage shall accrue, or may be discovered, before or after termination of this Agreement.

16.3 Compliance with any insurance requirements required elsewhere in this Agreement shall not relieve CONTRACTOR of its liability and obligation to defend, hold harmless and indemnify the CITY as set forth in this section.

16.4 Nothing contained in this Agreement shall create a contractual relationship with or a cause of action in favor of a third party against either the CITY or CONTRACTOR. Further, nothing contained in this Agreement shall be construed or interpreted as consent by the CITY to be sued, nor as a waiver of sovereign immunity beyond the waiver provided in section 768.28, Florida Statutes, as amended from time to time.

16.5 The CONTRACTOR's failure to comply with this section's provisions shall constitute a material breach upon which the CITY may immediately terminate or suspend this Agreement.

17. ENTIRE AGREEMENT AND ORDER OF PRECEDENCE

17.1 This Agreement consists of the terms and conditions provided herein; the IFB (including all specifications, exhibits and addenda attached thereto or referenced therein and the Scope of Services attached as Exhibit "A"); all applicable federal grant requirements (Exhibit "B"); and, the CONTRACTOR's Equipment and Personnel Rate Schedule (Exhibit "C"). To the extent that there exists a conflict between this Agreement

DocuSign Envelope ID: E16AE4F4-0FDD-4434-8F39-BC977254579D

and the remaining documents, the terms, conditions, covenants, and/or provisions of this Agreement along with Exhibit “A” shall prevail with the IFB (including all specifications, exhibits and addenda attached thereto or referenced therein and the Scope of Services attached as Exhibit “A”) next taking precedence. Wherever possible, the provisions of such documents shall be construed in such a manner as to avoid conflicts between provisions of the various documents.

17.2 This Agreement supersedes any and all other Agreements, either oral or in writing, between the parties hereto with respect to the subject matter hereof, and no other Agreement, statement, or promise relating to the subject matter of this Agreement which is not contained herein shall be valid or binding.

18. ASSIGNMENT

18.1 Nothing under this Agreement shall be construed to give any rights or benefits to any party other than the CITY and the CONTRACTOR. All duties and responsibilities under this Agreement shall be for the sole and exclusive benefit of the CITY and the CONTRACTOR and not for the benefit or any other party. The CONTRACTOR shall not assign any right or interest in this Agreement, and shall not delegate any duty owned, without the CITY’s prior written consent. Any attempted assignment or delegation shall be void and totally ineffective for all purposes, and shall constitute a material breach upon which the CITY may immediately terminate or suspend this Agreement.

18.2 In the event the CITY consents to an assignment or delegation, the assignee, delegate, or its legal representative shall agree in writing to personally assume, perform, and be bound by this Agreement’s covenants, conditions, obligations and provisions.

19. SUCCESSORS AND ASSIGNS

19.1 Subject to the provision regarding assignment, this Agreement shall be binding on the heirs, executors, administrators, successors, and assigns of the respective parties.

20. OF TRIAL BY JURY

20.1 TO ENCOURAGE PROMPT AND EQUITABLE RESOLUTION OF ANY LITIGATION, EACH PARTY HEREBY WAIVES ITS RIGHTS TO A TRIAL BY JURY IN ANY LITIGATION RELATED TO THIS AGREEMENT.

21. GOVERNING LAW AND REMEDIES

21.1 The validity of this Agreement and of any of its terms or provisions, as well as the rights and duties of the parties hereunder, shall be governed by the laws of the State of Florida and venue shall be in Palm Beach County, Florida.

DocuSign Envelope ID: E16AE4F4-0FDD-4434-8F39-BC977254579D

21.2 No remedy herein conferred upon any party is intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or further exercise thereof.

22. TIME IS OF THE ESSENCE

22.1 Time is of the essence in the completion of the Scope of Work as specified herein.

23. NOTICES

23.1 All notices hereunder must be in writing and, unless otherwise provided herein, shall be deemed validly given on the date when personally delivered to the address indicated below; or on the third (3rd) business day following deposit, postage prepaid, using certified mail, return receipt requested, in any U.S. postal mailbox or at any U.S. Post Office; or when sent via nationally recognized overnight courier to the address indicated below. Should the CITY or the CONTRACTOR have a change of address, the other party shall immediately be notified in writing of such change, provided, however, that each address for notice must include a street address and not merely a post office box. All notices, demands or requests from the CONTRACTOR to the CITY shall be given to the CITY address as follows:

Michael Bornstein, City Manager
City of Lake Worth Beach
7 North Dixie Highway
Lake Worth Beach, Florida 33460

All notices, demands or requests from the CITY to the CONTRACTOR shall be given to the CONTRACTOR address as follows:

Hinterland Group, Inc.
Attn. Mayra Aguiar
2051 W Blue Heron Blvd
Riviera Beach, Florida 33404

24. SEVERABILITY

24.1 Should any part, term or provision of this Agreement or any document required herein to be executed be declared invalid, void or unenforceable, all remaining parts, terms and provisions hereof shall remain in full force and effect and shall in no way be invalidated, impaired or affected thereby.

25. DELAYS AND FORCES OF NATURE

DocuSign Envelope ID: E16AE4F4-0FDD-4434-8F39-BC977254579D

25.1 The CONTRACTOR shall not be considered in default by reason of a delay in timely performance if such delay and failure arises out of causes reasonably beyond the control of the CONTRACTOR or its subcontractors and without their fault or negligence. Upon the CONTRACTOR's request, the CITY shall consider the facts and extent of any such delay and failure to timely perform the work for reason beyond the control of the CONTRACTOR and, if the CONTRACTOR'S delay and failure to timely perform was without it or its subcontractors' fault or negligence, as determined by the CITY in its sole discretion, the time of completion shall be extended for any reasonable time that the CITY, in its sole discretion, may decide; subject to the CITY'S rights to change, terminate, or stop any or all of the work at any time. If the CONTRACTOR is delayed at any time in the progress of the work by any act or neglect of the CITY or its employees, or by any other contractor employed by the CITY, or by changes ordered by the CITY or in an unusual delay in transportation, unavoidable casualties, or any causes beyond the CONTRACTOR'S control, or by delay authorized by the CITY pending negotiation or by any cause which the CITY, in its sole discretion, shall decide justifies the delay, then the time of completion shall be extended for any reasonable time the CITY, in its sole discretion, may decide. No extension of time shall be made for any delay occurring more than five (5) days before a claim therefore is made in writing to the CITY. In the case of continuing cause of delay, only one (1) claim is necessary. The CONTRACTOR's sole remedy for a delay in completion of the work for any reason will be an extension of time to complete the work and CONTRACTOR specifically waives any right to seek any monetary damages or losses for a delay in completion of the work, including, but not limited to, waiving any right to seek monetary amounts for lost profits, additional overhead, salaries, lost productivity, efficiency losses, or any other alleged monetary losses which may be allegedly suffered by CONTRACTOR due to a delay in completion of the work.

25.2 Neither party shall be considered in default in the performance of its obligations hereunder or any of them, if such obligations were prevented or delayed by any cause, existing or future beyond the reasonable control of such party which include but are not limited to acts of God, labor disputes or civil unrest.

26. COUNTERPARTS

26.1 This Agreement may be executed in counterparts, each of which shall be an original, but all of which shall constitute one and the same document. This Agreement may be executed with electronic signatures.

27. LIMITATIONS OF LIABILITY

DocuSign Envelope ID: E16AE4F4-0FDD-4434-8F39-BC977254579D

27.1 Under no circumstances shall either party be liable to the other for any consequential, incidental, special, punitive, or any other form of indirect or non-compensatory damages.

28. PUBLIC ENTITY CRIMES

28.1 CONTRACTOR acknowledges and agrees that a person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier or sub-contractor under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statues, for CATEGORY TWO for a period of 36 months following the date of being placed on the convicted vendor list. CONTRACTOR will advise the CITY immediately if it becomes aware of any violation of this statute.

29. PREPARATION

29.1 This Agreement shall not be construed more strongly against either party regardless of who was more responsible for its preparation.

30. PALM BEACH COUNTY INSPECTOR GENERAL

30.1 In accordance with Palm Beach County ordinance number 2011-009, the CONTRACTOR acknowledges that this Agreement may be subject to investigation and/or audit by the Palm Beach County Inspector General. The CONTRACTOR has reviewed Palm Beach County ordinance number 2011-009 and is aware of its rights and/or obligations under such ordinance.

31. ENFORCEMENT COSTS

31.1 All parties shall be responsible for their own attorneys' fees, court costs and expenses if any legal action or other proceeding is brought for any dispute, disagreement, or issue of construction or interpretation arising hereunder whether relating to the Agreement's execution, validity, the obligations provided therein, or performance of this Agreement, or because of an alleged breach, default or misrepresentation in connection with any provisions of this Agreement.

32. PUBLIC RECORDS

CONTRACTOR shall comply with Florida's Public Records Laws, Chapter 119, Florida Statutes, and, if it is acting on behalf of the CITY as provided under section 119.011(2), the CONTRACTOR specifically agrees to:

DocuSign Envelope ID: E16AE4F4-0FDD-4434-8F39-BC977254579D

(a) Keep and maintain public records required by the CITY to perform the services under this Agreement.

(b) Upon request from the CITY's custodian of public records, provide the CITY with a copy of the requested records or allow the records to be inspected or copied within a reasonable tie at a cost that does not exceed the cost provided in this Chapter 119, Florida Statutes, or as otherwise provided by law.

(c) Ensure that said public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement term and following completion of the Agreement, if the CONTRACTOR does not transfer the records to the CITY.

(d) Upon the completion of the Agreement, transfer, at no cost, to the CITY all public records in possession of the CONTRACTOR or keep and maintain public records required by the CITY to perform the services. If the CONTRACTOR transfers all public records to the CITY upon completion of the Agreement, the CONTRACTOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the CONTRACTOR keeps and maintains public records upon completion of the Agreement, the CONTRACTOR shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the CITY, upon request from the CITY's custodian of public records, in a format that is compatible with the information technology systems of the City.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT (561) 586-1660, DANDREA@LAKEWORTHBEACHFL.GOV, OR 7 NORTH DIXIE HIGHWAY, LAKE WORTH BEACH, FLORIDA 33460.

33. COPYRIGHTS AND/OR PATENT RIGHTS

33.1 CONTRACTOR warrants that there has been no violation of copyrights and/or patent rights in the manufacturing, producing or selling of the goods, shipped or ordered, as a result of this Agreement and the CONTRACTOR agrees to hold the City harmless from any and all liability, loss, or expense occasioned by any such violation.

34. COMPLIANCE WITH OCCUPATIONAL SAFETY AND HEALTH

DocuSign Envelope ID: E16AE4F4-0FDD-4434-8F39-BC977254579D

34.1 CONTRACTOR certifies that all material, equipment, etc., contained in this bid meets all OSHA requirements. CONTRACTOR further certifies that, if the material, equipment, etc., delivered is subsequently found to be deficient in any OSHA requirements in effect on date of delivery, all costs necessary to bring the material, equipment, etc. into compliance with the aforementioned requirements shall be borne by the CONTRACTOR.

35. FEDERAL AND STATE TAX

35.1 The CITY is exempt from Federal Tax and State Tax for Tangible Personal Property. The Procurement Official will sign an exemption certificate submitted by the successful CONTRACTOR. The CONTRACTOR shall not be exempted from paying sales tax to their suppliers for materials to fulfill contractual obligations with the CITY, nor shall the CONTRACTOR be authorized to use the CITY's tax Exemption Number in securing such materials.

36. PROTECTION OF PROPERTY

36.1 The CONTRACTOR shall at all times guard against damage or loss to the property of the CITY or of other vendors or contractors and shall be held responsible for replacing or repairing any such loss or damage. The CITY may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss or damage to property through negligence of the successful CONTRACTOR or its agents. The CONTRACTOR shall be responsible to safeguard all of their property such as tools and equipment while on site. The CITY will not be held responsible for any loss of CONTRACTOR property due to theft or vandalism.

37. DAMAGE TO PERSONS OR PROPERTY

37.1 The responsibility for all damage to person or property arising out of or on account of work done under this Agreement shall rest upon the CONTRACTOR, and the CONTRACTOR shall save the CITY harmless from all claims made on account of such damages.

38. WARRANTY

38.1 CONTRACTOR warrants and guarantees to the CITY that the Scope of Work provided under this Agreement shall be in accordance with the Agreement and the other documents specifically included in this Agreement. CONTRACTOR warrants that all materials and parts supplied under the Scope of Work and this Agreement shall be free from defects for a minimum of one (1) year from the final completion of the Scope of Work. CONTRACTOR guarantees that all services and labor performed under the Scope of Work and this Agreement will be free from defects for a minimum of one (1) year from the final completion of the Scope of Work. CONTRACTOR shall provide to the CITY any and all manufacturers' warranties for the goods and services being provided under the Scope of Work. CONTRACTOR agrees to pay for all transportation and handling costs

DocuSign Envelope ID: E16AE4F4-0FDD-4434-8F39-BC977254579D

of returning the boilers, if required, for repair or replacement. If a boiler(s) must be returned, CONTRACTOR, shall provide a replacement boiler(s) for the duration.

39. SCRUTINIZED COMPANIES

39.1 CONTRACTOR certifies that it and its subcontractors are not on the Scrutinized Companies that Boycott Israel List and are not engaged in the boycott of Israel. Pursuant to section 287.135, Florida Statutes, the CITY may immediately terminate this Agreement at its sole option if the CONTRACTOR or any of its subcontractors are found to have submitted a false certification; or if the CONTRACTOR or any of its subcontractors, are placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of this Agreement.

39.2 If this Agreement is for one million dollars or more, the CONTRACTOR certifies that it and its subcontractors are also not on the Scrutinized Companies with Activities in Sudan List, Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged in business operations in Cuba or Syria as identified in Section 287.135, Florida Statutes. Pursuant to Section 287.135, the CITY may immediately terminate this Agreement at its sole option if the CONTRACTOR, or any of its subcontractors are found to have submitted a false certification; or if the CONTRACTOR or any of its subcontractors are placed on the Scrutinized Companies with Activities in Sudan List, or Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or are or have been engaged with business operations in Cuba or Syria during the term of this Agreement.

39.3 The CONTRACTOR agrees to observe the above requirements for applicable subcontracts entered into for the performance of work under this Agreement.

39.4 The CONTRACTOR agrees that the certifications in this section shall be effective and relied upon by the CITY for the term of this Agreement, including any and all renewals.

39.5 The CONTRACTOR agrees that if it or any of its subcontractors' status changes in regards to any certification herein, the CONTRACTOR shall immediately notify the CITY of the same.

39.6 As provided in Subsection 287.135(8), Florida Statutes, if federal law ceases to authorize the above-stated contracting prohibitions then they shall become inoperative.

40. SURVIVABILITY

40.1 Any provision of this Agreement which is of a continuing nature or imposes an obligation which extends beyond the term of this Agreement shall survive its expiration or earlier termination.

41. WORK FOR HIRE

DocuSign Envelope ID: E16AE4F4-0FDD-4434-8F39-BC977254579D

41.1 All documents, including but not limited to drawings, specifications, plans, reports, other items and data or programs stored in hard-copy, electronically or otherwise (collectively referred to as "Documents" hereafter), prepared by the CONTRACTOR or its subcontractors under this Agreement shall be considered a "Work for Hire" and the exclusive property of the CITY. To the extent such Documents may not be deemed a "Work for Hire" under applicable law, CONTRACTOR and CONTRACTOR's Subcontractors will assign to the CITY all right, title and interest in and to CONTRACTOR and/or CONTRACTOR's Subcontractors' copyright(s) for such Documents. CONTRACTOR shall execute and deliver to CITY such instruments of transfer and take such other action that CITY may reasonable request, including, without limitation, executing and filing, at CITY's expense, copyright applications, assignments and other documents required for the protection of CITY's right to such Documents. The CONTRACTOR shall retain copies of the Documents for a period of three (3) years from the date of completion of the scope of services. The CITY grants to the CONTRACTOR and CONTRACTOR's Subcontractors the right and/or limited license to use a portion of the Documents prepared by the CONTRACTOR or the CONTRACTOR's Subcontractors in future projects of the CONTRACTOR or CONTRACTOR's Subcontractors with said right and/or limited license to use a portion at CONTRACTOR's or CONTRACTOR's Subcontractor's own risk and without any liability to CITY. Any modifications made by the CITY to any of the Contractor's Documents, or any use, partial use or reuse of the Documents without written authorization or adaptation by the CONTRACTOR will be at the CITY's sole risk and without liability to the CONTRACTOR.

Exhibit A

IFB Scope of Services

The City of Lake Worth Beach is expecting that the CONTRACTOR provides repairs to the CITY's water distribution, wastewater collection and stormwater collection systems immediately after a hurricane, other disaster, or as needed by the CITY on an emergency basis. The objective of this Agreement is to secure the services of an experienced CONTRACTOR who is capable of efficiently repairing aforementioned water systems in a timely and cost-effective manner. The CONTRACTOR should be experienced and proficient in all phases of construction and repairs of water systems, including but not limited to: furnishing and installing various sizes of pipe for gravity sewer main and force main, water distribution lines and storm sewer mains; and concrete structures for the wastewater and storm water systems, set up and monitoring of bypass pumping; dewatering systems; and restoration related to landscaping, asphalt and concrete work may also be required as needed. The CONTRACTOR must be capable of assembling, directing, and managing a work force that can complete the repairs in the assigned number of days.

This is an acknowledgement that FEMA financial assistance may be used to fund the resulting contract. The CONTRACTOR shall perform all work in compliance with all applicable federal law, regulations, executive orders, FEMA policies, procedures, and directives in order to maximize recovery of reimbursable expenses. This shall include the provision of audit quality documentation as required by and acceptable to FEMA for all work accomplished. This includes compliance with any disaster management or monitoring services the CITY may have under contract.

The CONTRACTOR may be required, at the CITY's discretion, to be under the direction of an agent of the CITY.

While intended to cover water, wastewater and stormwater repair needs in any major disaster scenario or other emergency, the primary focus is on the threat of hurricane damage to the CITY. The planning standards used for this project are based on the anticipated impacts of a named storm event or major flood impacting Palm Beach County, Florida.

The CITY envisions the need for multiple contracts to carry out the water utility systems work throughout the CITY in the event of a major disaster or other emergency. The CONTRACTOR must have the experience and capability to manage a major workforce with multiple subcontractors and to cover the expenses associated with a major recovery operation prior to the initial CITY payment and between subsequent payments, as well as

DocuSign Envelope ID: E16AE4F4-0FDD-4434-8F39-BC977254579D

the capacity to provide the necessary insurance. The CONTRACTOR must also have an established management team, an established network of resources to provide the necessary equipment and personnel to complete comprehensive water utility system repairs and demonstrable experience in major disaster recovery projects.

This Agreement is a contingency contract that will be activated activated via purchase order or work order only in the case of an emergency or immediately after an emergency. As such, no compensation will accrue to the contractor(s) unless and until a purchase order or work order is issued either in anticipation of an emergency or immediately after such disaster. Each purchase order/work order will contain a price ceiling (not-to-exceed amount) that the CONTRACTOR exceeds at its own risk.

The CITY does not guarantee a CONTRACTOR will be activated under this Agreement.

In addition to using CITY forces and equipment, the CITY intends to award multiple contracts on a contingency basis for the purpose of having CONTRACTOR(S) immediately available and committed to assisting the CITY prior to or in the aftermath of an emergency. Each CONTRACTOR awarded a repair contract will serve as a General Contractor for the purpose of water utility systems repair operations, and will be able to use his/her own resources and subcontractor resources to meet the obligations of the contract and specific purchase order. It is anticipated that the CONTRACTOR will use both local and non-local subcontractors. Notwithstanding, the CONTRACTOR must take all necessary affirmative steps to assure that small and minority businesses, women's business enterprises and labor surplus area firms are solicited and used when possible.

When a major disaster or emergency occurs or is imminent, the CITY intends to contact the CONTRACTOR awarded a repair contract under this IFB to advise them of the CITY's intent to utilize the contracts via purchase order/work order.

When a major disaster or emergency occurs or is imminent, the CITY will initially send out an alert to the selected CONTRACTOR(S). This alert will serve to activate the lines of communication between the CONTRACTOR representatives and the CITY.

Specific purchase orders/work orders will be issued to select contractor(s) based on the best interest of the CITY. The CITY reserves the right to assign purchase orders to various CONTRACTORS based on pricing submitted. The CITY does not guarantee a cradle to grave pricing arrangement but reserves the right to pick and choose awarded CONTRACTORS based on ranking.

The general concept of water utility systems repairs shall include pipe break repair, pipe collapse repair, sections of pipe replacement, cleaning and lining of existing mains, among other tasks. The CITY will prescribe the specific schedule to be used after ascertaining the scope and nature of the anticipated or disaster's or emergency's impacts.

DocuSign Envelope ID: E16AE4F4-0FDD-4434-8F39-BC977254579D

The CITY reserves the right to utilize the CONTRACTOR for other repair work consistent with this Scope of Work even if the repair work is not an emergency. Said work will be awarded via Purchase Order OR Work Order in the CITY's sole discretion.

Reporting

The CONTRACTOR shall submit a report to the CITY Emergency Management Coordinator or designee by close of business each day of the term of the Purchase Order or Work Order, Each report shall contain, at a minimum, the following information:

1. Contractor's Name

2. Contract Number

3. Daily and cumulative hours for each piece of equipment, if appropriate

4. Daily and cumulative hours for personnel, by position, and tasks performed, if appropriate

5. Volumes of repairs handled

Failure to provide audit quality information by 5:00 p.m. of the following day of operation will subject CONTRACTOR to non-payment in each instance at the sole discretion of the CITY.

Performance of Contractor

It is the intent of the Agreement to ensure that the CONTRACTOR provides a quality level of services. To this end, all complaints received by the Emergency Management Coordinator or designee, and reported to the CONTRACTOR shall be promptly resolved pursuant to the provisions of this Agreement.

The Emergency Management Coordinator or designee may levy administrative charges for the following infractions:

1. Inability to perform repairs due to CONTRACTOR equipment or operational failures, liquidated damages of $500 per day, for each day repair site must remain attended.

CONTRACTOR may also be subject to non-payment and liquidated damages of $50 for the following infraction:

1. Failure to provide audit quality information by 5:00 p.m. of the following day of operation.

The CONTRACTOR may be immediately terminated and may not paid for the following:

DocuSign Envelope ID: E16AE4F4-0FDD-4434-8F39-BC977254579D

1. Starting repairs of any non-eligible, non-CITY approved areas.

2. Moving to another designated Work Area without prior CITY approval.

3. Failure to provide service in accordance to guidelines set forth by FEMA and the CITY.

4. Soliciting work from private citizens or others to be performed in the designated Service Area during the awarded contract term.

The City reserves the right to delete or amend any of the services as listed and described herein in negotiations with the selected CONTRACTOR(S) or in specific purchase orders.

END OF SCOPE OF SERVICES

DocuSign Envelope ID: E16AE4F4-0FDD-4434-8F39-BC977254579D

Exhibit B

Federal Contract Provisions

The Contractor hereby agrees that the following terms, at a minimum, are incorporated into this Agreement:

Equal Employment Opportunity. During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the

DocuSign Envelope ID: E16AE4F4-0FDD-4434-8F39-BC977254579D

contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, that if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract. The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of

DocuSign Envelope ID: E16AE4F4-0FDD-4434-8F39-BC977254579D

contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

Compliance with the Contract Work Hours and Safety Standards Act.

(1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this section, in the sum of $27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this section.

DocuSign Envelope ID: E16AE4F4-0FDD-4434-8F39-BC977254579D

(3) Withholding for unpaid wages and liquidated damages. FEMA, the State of Florida, or the CITY shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2) of this section.

(4) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1) through (4) of this section.

Clean Air Act.

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.

2. The contractor agrees to report each violation to the CITY, and understands and agrees that the CITY will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Federal Water Pollution Control Act.

1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.

2. The contractor agrees to report each violation to the CITY and understands and agrees that the CITY will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.

DocuSign Envelope ID: E16AE4F4-0FDD-4434-8F39-BC977254579D

3. The contractor agrees to include these requirements in each subcontract exceeding $150,000 financed in whole or in part with Federal assistance provided by FEMA.

Suspension and Debarment.

(1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the contractor is required to verify that none of the contractor's principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

(2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.

(3) This certification, as laid out in Exhibit I, is a material representation of fact relied upon by the CITY. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the State of Florida or the CITY, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

(4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

Byrd Anti-Lobbying Amendment.

Contractors who apply or bid for an award of $100,000 or more shall file the required certification as laid out in Exhibit J. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, officer or employee of Congress, or an employee of a Member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the awarding agency.

Procurement of Recovered materials.

DocuSign Envelope ID: E16AE4F4-0FDD-4434-8F39-BC977254579D

(i) In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA-designated items unless the product cannot be acquired—

- Competitively within a timeframe providing for compliance with the contract performance schedule;
- Meeting contract performance requirements; or
- At a reasonable price.

(ii) Information about this requirement, along with the list of EPA-designated items, is available at EPA's Comprehensive Procurement Guidelines web site, https://www.epa.gov/smm/comprehensive- procurement-guideline-cpg-program.

(iii) The Contractor also agrees to comply with all other applicable requirements of Section 6002 of the Solid Waste Disposal Act.

Access to Records.

(1) The Contractor agrees to provide the State of Florida, the CITY, the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representative's access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions.

(2) The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

(3) The Contractor agrees to provide the FEMA Administrator or his authorized representative's access to construction or other work sites pertaining to the work being completed under the contract.

(4) In compliance with the Disaster Recovery Act of 2018, the CITY and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by the FEMA Administrator or the Comptroller General of the United States.

DHS Seal, Logo, and Flags. The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

Compliance with Federal Law, Regulations, and Executive Orders. By signing this agreement, The CONTRACTOR acknowledges that FEMA financial assistance will be

DocuSign Envelope ID: E16AE4F4-0FDD-4434-8F39-BC977254579D

used to fund all or a portion of the contract. The contractor will comply with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives.

No Obligation by Federal Government. The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

Program Fraud and False or Fraudulent Statements or Related Acts. The Contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Contractor's actions pertaining to this contract.

Affirmative Steps. Required Affirmative Steps

If the Contractor intends to subcontract any portion of the work covered by this Contract, the Contractor must take all necessary affirmative steps to assure that small and minority businesses, women's business enterprises and labor surplus area firms are solicited and used when possible. Affirmative steps must include:

(1) Placing qualified small and minority businesses and women's business enterprises on solicitation lists;

(2) Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;

(3) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;

(4) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and

(5) Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

SAMPLE WORK ORDER

CONTRACTOR AGREEMENT
(EMERGENCY UTILITY REPAIRS FOR WATER, WASTEWATER AND STORMWATER)
WORK ORDER NO._____

THIS WORK ORDER for Emergency Utility Repairs for Water, Wastewater and Stormwater ("Work Order" hereafter) is made on the _____, between the **City of Lake Worth Beach**, a Florida municipal corporation located at 7 North Dixie Highway, Lake Worth, Florida 33460 ("City" hereafter) and **Hinterland Group, Inc.,** a Florida corporation ("Contractor" hereafter).

1.0 Project Description:

The City desires the Contractor to provide all goods, services, materials and equipment as identified herein related to the Emergency Utility Repairs for Water, Wastewater and Stormwater project generally described as: _____ (the "Project"). The Project is more specifically described in the plans prepared by _____, dated _____, and which are incorporated herein by reference.

2.0 Scope

Under this Work Order, the Contractor will provide the City of Lake Worth with construction services for the Project as specified in the **Contractor's proposal attached hereto and incorporated herein as Exhibit "1"**.

3.0 Schedule and Liquidated Damages

Substantial completion of all services and work under this Work Order shall be within ____ **calendar days** from the Effective Date of this Work Order. Final completion of all services and work (and all punch-list items (if any)) under this Work Order shall be within ___ **calendar days** from the Effective Date of this Work Order. The Effective Date of this Work Order is the date following the parties' execution of this Work Order and the City's delivery of a Notice to Proceed to the Contractor via e-mail, facsimile or other form of delivery as documented by the City. Substantial completion occurs when the services and work has progressed to the point where, in the opinion of the City, the work is sufficiently complete in accordance with the Contract Documents and this Work Order, so that the Project can be utilized for the purposes for which it is intended. Final completion occurs when all services and work (including punch-list items) has been completed and the project becomes fully operational and accepted by the City.

Liquidated Damages. The City and Contractor recognize that time is of the essence under this Work Order and the Contract Documents, and that the City will suffer financial loss if the services and work described in this Work Order and the Contract Documents are not completed within the times specified in this Work Order. The City and Contractor recognize, agree and acknowledge that it would be impractical and extremely difficult to ascertain and fix the actual damages that the City would suffer in the event Contractor neglects, refuses, or otherwise fails to complete the

DocuSign Envelope ID: E16AE4F4-0FDD-4434-8F39-BC977254579D

services and work within the time specified. Accordingly, instead of requiring any such proof, the City and Contractor agree that as liquidated damages for delay (but not as a penalty) Contractor shall pay the City ____ hundred dollars ($_____.00) for each day that expires after the time specified in this Work Order.

4.0 Compensation and Direct Purchases

This Work Order is issued for a lump sum, not to exceed amount of $_____ (_____). The attached proposal identifies all costs and expenses included in the lump sum, not to exceed amount.

The following Direct Purchases are to be made under this Work Order by the City: _____
_____
_____
_____.

5.0 Project Manager

The Project Manager for the Contractor is _____, phone:_____; email: _____; and, the Project Manager for the City is _____, phone:_____; email:_____.

6.0 Progress Meetings

The Contractor shall schedule periodic progress review meetings with the City Project Manager as necessary but every 30 days as a minimum.

7.0 Contractor's Representations

In order to induce the City to enter into this Work Order, the Contractor makes the following representations:

7.1 Contractor has familiarized itself with the nature and extent of the Contract Documents including this Work Order, work, site, locality, and all local conditions and laws and regulations that in any manner may affect cost, progress, performance or furnishing of the work.

7.2 Contractor has obtained at his/her own expense and carefully studied, or assumes responsibility for obtaining and carefully studying, soil investigations, explorations, and test reports which pertain to the subsurface conditions at or contiguous to the site or otherwise may affect the cost, progress, performance or furnishing of the work as Contractor considers necessary for the performance or furnishing of the work at the stated work order price within the Work Order stated time and in accordance with the other terms and conditions of the Contract Documents, including specifically the provisions of the IFB; and no additional examinations, investigations, explorations, tests, reports, studies or similar information or data are or is deemed necessary by Contractor for such purposes.

7.3 Contractor has reviewed and checked all information and data shown or indicated

DocuSign Envelope ID: E16AE4F4-0FDD-4434-8F39-BC977254579D

on the Contract Documents with respect to existing Underground Facilities at or contiguous to the site and assumes responsibility for the accurate location of said Underground Facilities. No additional examinations, investigations, explorations, tests, reports, studies or similar information or data in respect of said Underground Facilities are or is deemed necessary by the Contractor in order to perform and furnish the work under this Work Order price, within the Work Order time and in accordance with the other terms and conditions of the Contract Documents.

7.4 Contractor has correlated the results of all such observations, examinations, investigations, explorations, tests, reports and studies with the terms and conditions of the Contract Documents.

7.5 Contractor has given the City's Contract Administrator written notice of all conflicts, errors or discrepancies that he or she has discovered in the Contract Documents and the written resolution thereof by City or its designee is acceptable to the Contractor.

8.0 Warranty. The Contractor warrants and guarantees to the City that all services and work provided under this Work Order will be in accordance with this Work Order and the other Contract Documents. The Contractor warrants that (a) all materials and parts supplied under this Work Order shall be free from defects for one (1) year from the final completion of all work (unless a longer manufacturer warranty applies); (b) all services and work performed under this Work Order will be free from defects for one (1) year from the final completion of all work and the project shall be fully operational without unreasonable downtime or failures; and (c) that the services and work will conform to the requirements of the Contract Documents. If, at any time prior to the expiration of the one (1) year warranty period, the City discovers any failure or breach of the Contractor's warranties or the Contractor discovers any failure or breach of the Contractor's warranties, the Contractor will, upon written notice from City or of its own accord, at the Contractor's sole cost and expense, promptly correct such failure or breach (which corrective action must include, without limitation, any necessary removal, disassembly, reinstallation, repair, replacement, reassembly, retesting, and/or re-inspection of any part or portion of the work and any other property damaged or affected by such failure, breach, or corrective action). The Contractor will remedy any such failure or breach so, to the extent possible, to avoid unnecessary disruptions to the operations of City or its systems. In the event the Contractor fails to initiate and diligently pursue corrective action within five (5) days of the Contractor's receipt of the City's notice or the Contractor's discovery of the same, the City may undertake such corrective action at the Contractor's expense.

9.0 Authorization

This Work Order is issued pursuant to the System Hardening and Reliability Improvements Contract for between the City of Lake Worth and the Contractor, dated _____, 2020 ("Contract" hereafter). If there are any conflicts between the terms and conditions of this Work Order and the Contract, the terms and conditions of the Contract shall prevail.

OWNER:

City of Lake Worth Beach

7 North Dixie Highway

Lake Worth Beach, FL 33460

(561) 586-1600

CONTRACT:

Date: 6/23/2020

Amount: $200,000.00

Description (Name and Location):
IFB 20-106 Emergency Utility Repairs for Water, Wastewater and Stormwater
City of Lake Worth Beach - Different Locations

mdl 7.1.20

BOND

Date (Not earlier than Contract Date):

Amount: $200,000.00

Modifications to this Bond Form: N/A

This Bond is issued in favor of the City of Lake Worth Beach/Owner conditioned on the full and faithful performance of the Contract.

1. Contractor has entered into Project No. IFB 20-106 with the City for the project titled "Emergency Utility Repairs for Water, Wastewater and Stormwater" (the "Contract"), with conditions and provisions as are further described in the aforementioned Contract, which Contract, including all of its attachments, exhibits and incorporated documents (hereinafter, collectively, the "Contract Documents") is by reference made a part hereof for the purposes of explaining this bond.

2. Principal and Surety are bound to the Owner in the sum of the Contract Amount set forth above for payment of which we bind ourselves, our heirs, personal representatives, successors, and assigns, jointly and severally.

3. THE CONDITION OF THIS BOND is that if Principal:

a. Performs the Work required of and in accordance with the Contract Documents at the times and in the manner prescribed in the Contract Documents, which are made a part of this bond by reference; and

b. In accordance with sec. 255.05 and sec. 337.18, Florida Statutes, promptly makes payments to all persons, defined in sec. 713.01, Florida Statutes, who furnish labor, services or materials for prosecution of the work set forth in the Contract Documents described above; and

c. Pays Owner all losses, damages (including liquidated damages), expenses, costs, and professional fees, including but not limited to attorneys' fees, including appellate proceedings, that Owner sustains because of a default by Principal under the Contract Documents; and

d. Performs the warranty and guarantee of all work and materials furnished under the Contract Documents for the time specified in the Contract Documents, then this bond is void; otherwise it remains in full force.

4. Section 255.05, Fla. Stat., as amended, together with all notice and time provisions contained therein, is incorporated herein by reference.

5. Any action instituted by a claimant under this bond for payment must be in accordance with the notice and time limitation provisions in secs. 255.05(2) and (10), Fla. Stat., and those of sec. 337.18, Fla. Stat.

6. Any changes in or under the Contract Documents and compliance or noncompliance with any formalities connected with the Contract Documents or the changes does not affect Surety's obligation under this bond, and Surety waives notice of such changes.

7. Principal and Surety expressly acknowledge that any and all provisions relating to consequential, delay and liquidated damages contained in the contract are expressly covered by and made a part of this Performance, Labor and Material Payment Bond. Principal and Surety acknowledge that any such provisions lie within their obligations and within the policy coverages and limitations of this instrument.

8. Any action brought under this instrument shall be brought in the state court of competent jurisdiction in Palm Beach County, Florida, and not elsewhere.

Surety and Contractor, intending to be legally bound hereby, subject to the terms included herein and as required under Florida Statutes, do each cause this Performance and Payment Bond to be duly executed on its behalf by its authorized officer, agent, or representative.

AGREEMENT FOR GOODS AND SERVICES
(Emergency Utility Repairs for Water, Wastewater and Stormwater)

This Agreement for Goods and Services ("Agreement") is made as of the _____ day of _____, 2024, by and between the **Village of Palm Springs**, 226 Cypress Lane, Palm Springs, Florida 33461-1699, a Florida municipal corporation ("VILLAGE"), and **Hinterland Group, Inc.**, a Florida corporation, 2051 W. Blue Heron Blvd., Riviera Beach, FL 33404 ("VENDOR").

RECITALS

WHEREAS, the VILLAGE's Utilities Department is in need of emergency utility repairs for water, wastewater, and stormwater; and,

WHEREAS, the City of Lake Worth Beach, through its competitive selection process (Invitation to Bid #20-106) on June 23, 2020 awarded a Contractor Agreement ("LWB Contract") to the VENDOR for substantially the same goods and services (emergency utility repairs for water, wastewater, and stormwater) sought by the VILLAGE; and,

WHEREAS, the VILLAGE has reviewed the terms of the LWB Contract and has determined the VENDOR's rates set forth therein for the needed goods and services are fair and reasonable; and,

WHEREAS, the VILLAGE requested and the VENDOR has agreed to extend the terms of the LWB Contract to the VILLAGE and the VENDOR has executed this Agreement with the VILLAGE to utilize the terms of the LWB Contract; and,

WHEREAS, the VILLAGE finds that entering into this Agreement is in compliance with the VILLAGE's Purchasing Code and serves a valid public purpose.

NOW THEREFORE, in consideration of the mutual promises set forth herein, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Recitals. The parties agree that the recitals set forth above are true and correct and are fully incorporated herein by reference.

2. LWB Contract, Effective Date, and Term. The LWB Contract with the VENDOR is hereby expressly made a part of this Agreement as fully as if set forth at length herein. The VILLAGE shall have all rights, obligations, and remedies authorized to LWB under the LWB Contract. The effective date of this Agreement is the date this Agreement is approved by the Village Council. Unless earlier terminated, the term of this Agreement shall be the same as the current LWB Contract, which is currently in effect until July 9, 2024 and may be extended for one (1) more year. Each year of this Agreement shall be dependent on the annual appropriation of funds by the VILLAGE's Village Council.

3. Purchase Order(s). The VILLAGE does not guarantee that it will utilize this Agreement or the VENDOR for any needed goods and services hereunder. If the Village seeks goods and services from the VENDOR under this Agreement, the VILLAGE's ordering mechanism for the goods and services shall be a VILLAGE issued Purchase Order. The scope of goods and services to be provided by the VENDOR and the compensation to be paid by the VILLAGE to the VENDOR shall be set forth in each VILLAGE issued Purchase Order. The VENDOR shall not provide any goods or services under this Agreement without a VILLAGE issued Purchase Order specifically for this purpose. The VENDOR shall not provide any goods or services which are outside the scope of an issued Purchase Order and the VENDOR shall not exceed the

expressed amounts stated in the Purchase Order to be paid to the VENDOR. The pricing in each Purchase Order shall be consistent with the pricing set forth in the LWB Contract.

4. Documents and Conflict of Terms and Conditions. The complete agreement between the VILLAGE and the VENDOR consists of the terms and conditions in this Agreement, VILLAGE issued Purchase Orders, and the LWB Contract. The aforementioned documents are intended to be complementary and interpreted in harmony so as to avoid conflict with the words and phrases interpreted in a manner consistent with construction and design industry standards. In the event of any inconsistency, conflict or ambiguity between or among the above documents, the terms and conditions of this Agreement shall take precedence with any VILLAGE issued purchase order(s) next taking precedence.

5. Miscellaneous Provisions.

5.1 *Successors and Assigns*. The VILLAGE and VENDOR each binds itself, its partners, its successors, assigns and legal representatives to the other party hereto, its partners, successors, assigns and legal representatives in respect of all covenants, agreements and obligations contained in this Agreement.

5.2 *Insurance*. VENDOR shall maintain the insurance as required in LWB Contract applicable to the goods and services being delivered hereunder. Said insurance will name the "Village of Palm Springs, its officials, employees and agents" as an additional insured.

5.3 *Headings, References and Exhibits*. The headings contained in this Agreement are inserted for convenience of reference only and shall not be a part or control or affect the meaning hereof. All references herein to Exhibits are to the exhibits hereto, each of which shall be incorporated into and deemed to be a part of this Agreement.

5.4 *Counterparts*. This Agreement may be executed in two or more counterparts, each of which shall be deemed to be an original, but all of which shall be deemed to be an original, but each of which together shall constitute one and the same instrument.

5.5 *Entire Agreement; Amendment*. This Agreement supersedes any and all prior negotiations and oral or written agreements heretofore made relating to the subject matter hereof and, except for written agreements, if any, executed and delivered simultaneously with or subsequent to the date of this Agreement, constitutes the entire agreement of the parties relating to the subject matter hereof. This Agreement may not be altered or amended except by a writing signed by the parties hereto.

5.6 *Lien Rights*. The VENDOR shall have no lien rights regarding any property owned by the VILLAGE or otherwise.

5.7 *Governing Law; Consent to Jurisdiction*. This Agreement shall be governed by and construed and interpreted in accordance with the laws of the State of Florida. Each of the parties hereto (a) irrevocably submit itself to the exclusive jurisdiction of the Fifteenth Judicial Circuit Court in and for Palm Beach County, Florida, for state actions and jurisdiction of the United States District Court for the Southern District of Florida, Palm Beach Division, for the purposes of any suit, action or other proceeding arising out of, or relating to, this Agreement; (b) waives and agrees not to assert against any party hereto, by way of motion, as a defense of otherwise, in any suit, action or other proceeding, any claim that it is not personally subject to the jurisdiction of the above-named courts for any reason whatsoever; and (ii) to the extent permitted by applicable law, any claim that such suit, action or proceeding by any part hereto is brought in an inconvenient forum or that the venue of such suit, action or proceeding is improper or that this Agreement or the subject matter hereof may not be enforced in or by such courts.

5.8 *Third Party Beneficiary rights*. This Agreement shall create no rights or claims whatsoever in any person other than a party herein.

5.9 *Severability*. If any one or more of the provisions of the Agreement shall be held to be invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions hereof shall not in any way be affected or impaired thereby.

5.10 *Public Records*. VENDOR shall comply with Florida's Public Records Act, Chapter 119, Florida Statutes, and, if determined to be acting on behalf of the VILLAGE as provided under section 119.011(2), Florida Statutes, specifically agrees to:

(1) Keep and maintain public records required by the VILLAGE to perform the service.
(2) Upon request from the VILLAGE's custodian of public records or designee, provide the VILLAGE with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.
(3) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of this Agreement and following completion of this Agreement if the VENDOR does not transfer the records to the VILLAGE.
(4) Upon completion of this Agreement, transfer, at no cost, to the VILLAGE all public records in possession of the VENDOR or keep and maintain public records required by the VILLAGE to perform the service. If the VENDOR transfers all public records to the VILLAGE upon completion of the Agreement, the VENDOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the VENDOR keeps and maintains public records upon completion of the Agreement, the VENDOR shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the VILLAGE, upon request from the VILLAGE's custodian of public records or designee, in a format that is compatible with the information technology systems of the VILLAGE.

IF THE VENDOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE VENDOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS OR DESIGNEE AT 561-434-5084, kwynn@vpsfl.org, OR BY MAIL AT VILLAGE OF PALM SPRINGS, 226 CYPRESS LANE, PALM SPRINGS, FL 33461.

5.11 *Preparation*. This Agreement shall not be construed more strongly against either party regardless of who was more responsible for its preparation.

5.12 *Palm Beach County IG*. In accordance with Palm Beach County ordinance number 2011-009, the VENDOR acknowledges that this Agreement may be subject to investigation and/or audit by the Palm Beach County Inspector General. The VENDOR has reviewed Palm Beach County ordinance number 2011-009 and is aware of its rights and/or obligations under such ordinance.

5.13 *Notices*. All notices required in this Agreement shall be hand-delivered, sent by certified mail, return receipt requested, or by over-night delivery by a nationally recognized courier (with receipt of delivery) to the addresses appearing on the first page of this Agreement.

5.14 *Taxes*. The VILLAGE is exempt from payment of Florida State Sales and Use Tax. The VENDOR shall not be exempted from paying sales tax to its suppliers for materials used to fill contractual obligations with the VILLAGE, nor is the VENDOR authorized to use the VILLAGE'S Tax Exemption Number in securing such materials.

5.15 *No Consequential Damages*. Notwithstanding any other provision in this Agreement, in no event shall either party be liable to the other party for any incidental, special, indirect, liquidated, consequential, or punitive damages arising out of or related to this Agreement, whether such alleged damages are labeled in tort, contract, or otherwise, and even if a party has been advised of the possibility of such damages.

5.16 *Execution/Delivery*. This Agreement may be executed in one or more counterparts, each of which shall be deemed to be an original and such counterparts will constitute one and the same instrument. The parties agree to accept the execution and delivery of this Agreement by electronic means and shall treat the same as an original.

5.17 *Authorized Signatory*. By signing this Agreement, the undersigned individual agrees and warrants that he/she is authorized by the VENDOR to enter this Agreement and bind the VENDOR to this Agreement.

6. Public Entity Crimes, E-Verify, and Scrutinized Companies.

6.1 As provided in Sections 287.132-133, Florida Statutes, as amended from time to time, by entering into the Agreement, VENDOR certifies that it, its affiliates, suppliers, subcontractors and any other contractors who will perform hereunder, have not been placed on the convicted vendor list maintained by the State of Florida Department of Management Services within the thirty-six (36) months immediately preceding the date hereof.

6.2 If applicable to the VENDOR, pursuant to Section 448.095(5), Florida Statutes, the VENDOR, and any subcontractor thereof, shall register with and use the E-Verify system to verify the work authorization status of all new employees of the contractor and the subcontractor.

6.3 As provided in Section 287.135, Florida Statutes, as amended from time to time, by entering into the Agreement, VENDOR certifies that it is not participating in a boycott of Israel. The VILLAGE and VENDOR agree that the VILLAGE will have the right to terminate the Agreement if VENDOR is found to have been placed on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel.

7. Fiscal Non-funding. In the event sufficient budgeted funds are not available for a new fiscal period, the VILLAGE shall notify the VENDOR of such occurrence and this Agreement shall terminate on the last day of the current fiscal period without penalty or expense to the VILLAGE. The VENDOR will be paid for all services rendered through the date of termination.

Village of Palm Springs

Executive Brief

AGENDA DATE: April 11, 2024

DEPARTMENT: Utilities

ITEM #11: Authorize Emergency Repair - Force Main Repair L-9 Canal - Utilities (FY 2024 Budget - Water & Sewer Enterprise Fund)

Summary: On February 20th, 2024, there was a 16-inch force main break in the Village that resulted in the discharge of wastewater into the L-9 canal. The Hinterland Group, Inc. was selected by Utilities to fix the forcemain and help with the cleanup process due to their immediate availability and experience with the Village. The cost of repairs and cleanup totaled $351,712.51, which the Village Manager approved as an Emergency Purchase.

As per the Village's Purchasing Code, the item is now being presented to the Council for approval, as it exceeded the $35,000 threshold.

FISCAL IMPACT:
Funds to support this emergency repair are available within the FY 2024 Budget – Water and Sewer Fund. A budget amendment or internal budget transfer will be requested if needed at a later date.

Village of Palm Springs

Executive Brief

AGENDA DATE: April 11, 2024

DEPARTMENT: Utilities

ITEM #12: Approval of Kudza Rd Lift Station Emergency Generator Project Award (Task Order No. 317) - Invitation to Bid (ITB No. 2024B-002) - Utilities Department (FY 2024 Budget Funded - Water & Sewer Enterprise Fund) - Hinterland Group Inc.

Summary: The Utilities Department has identified a need for an emergency backup generator to ensure the continuous operation of this critical sewer lift station during power outages.

To ensure the lowest possible price for these projects, the Village issued an Invitation to Bid (ITB No. 2024B-002) on January 25, 2024, for the Kudza Rd. Lift Station Emergency Generator. This process was completed by the Village through a competitive selection process - Kudza Road Lift Station Emergency Generator - (ITB No. 2024B-002 on February 20, 2024).

Within the Fiscal Year 2024 Budget - Water & Sewer Enterprise Fund and the Capital Improvement Plan (CIP), the Village Council approved $250,000.00 for the Kudza Rd Lift Station Emergency Generator. As a result of the Village's ITB, the following single bid proposal was received:

Vendor	Total Bid
HINTERLAND GROUP INC.	$508,000.00

The Village's Purchasing Code - Section 58-5(4)a - Competitive Selection Purchase Requirements, provides that the Village Manager shall have the authority to reject any and all bids, proposals or other responses if he determines that it is in the best interest of the Village to do so.

After reviewing the one (1) bid received, the Utilities Assistant Director, the Village Project Manager, the Village Attorney and the Village's contracted engineer, Holtz Consulting Engineers Inc., determined that Hinterland Group Inc. provided the lowest, responsible and responsive bid. As a result, staff is requesting the Council to approve Task Order No. 317 in the amount of $508,000.00 to Hinterland Group Inc.

Note: The Village Council has approved funding ($250,000) within the FY 2024 Budget - Water & Sewer Enterprise Fund to support this project. Although the full cost for this project was not included within the FY 2024 Budget - Water & Sewer Enterprise Fund due to substantial increases in construction costs from the time the Village's budget was approved, funding to support the proposed Kudza Road Lift Station Emergency Generator project is available within the Water & Sewer Fund. An internal budget transfer or amendment to support this proposed cost above the budgeted amount will be completed within the Water & Sewer Enterprise Fund at a later date, if necessary.

If approved, the Village would accept Hinterland Group Inc's pricing including all terms, conditions and pricing as submitted within their ITB proposal. The Village will not expend more than the amount in the approved budget as it may be adopted/amended each year for these goods and services over the term of this contract.

If approved, it is estimated that the proposed Kudza Rd Lift Station Emergency Generator project is expected to be completed by January 2025.

The proposed agreement was prepared by the Village Attorney and reviewed by the Utilities Assistant Director, the Assistant. Village Manager, the Village Project Manager, and the Finance Director.

The Village has previously worked with the proposed contractor and has received excellent service and a quality product.

FISCAL IMPACT:

Funding to support the Kudza Lift Station Emergency Generator (Task Order No. 317) is available within the FY 2024 - Water and Sewer Enterprise Fund. An internal budget transfer or amendment to support this proposed cost above the budgeted amount will be completed within the Water and Sewer Enterprise Fund at a later date, if necessary.

AGREEMENT
BETWEEN OWNER AND CONTRACTOR
FOR CONSTRUCTION CONTRACT (STIPULATED PRICE)

THIS AGREEMENT is by and between Village of Palm Springs ("Owner") and **Hinterland Group, Inc.** ("Contractor").

Owner and Contractor hereby agree as follows:

ARTICLE 1 – WORK

1.01 Contractor shall complete all Work as specified or indicated in the Contract Documents. The Work is generally described as follows:

ARTICLE 2 – THE PROJECT

2.01 The Project, of which the Work under the Contract Documents is a part, is generally described as follows: **KUDZA ROAD LIFT STATION EMERGENCY GENERATOR**.

ARTICLE 3 – ENGINEER

3.01 The part of the Project that pertains to the Work has been designed by Holtz Consulting Engineers, Inc.

3.02 The Owner has retained Holtz Consulting Engineers, Inc. ("Engineer") to act as Owner's representative, assume all duties and responsibilities, and have the rights and authority assigned to Engineer in the Contract Documents in connection with the completion of the Work in accordance with the Contract Documents.

ARTICLE 4 – CONTRACT TIMES

4.01 *Time of the Essence*

A. All time limits for Milestones, if any, Substantial Completion, and completion and readiness for final payment as stated in the Contract Documents are of the essence of the Contract.

4.02 *Contract Times: Days*

A. The Work will be substantially completed within **210** days after the date when the Contract Times commence to run as provided in Paragraph 4.01 of the General Conditions, and completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions within **240** days after the date when the Contract Times commence to run.

4.03 *Liquidated Damages*

A. Contractor and Owner recognize that time is of the essence as stated in Paragraph 4.01 above and that Owner will suffer financial and other losses if the Work is not completed and Milestones not achieved within the times specified in Paragraph 4.02 above, plus any extensions thereof allowed in accordance with the Contract. The parties also recognize the delays, expense, and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by Owner if the Work is not completed on time. Accordingly, instead of

requiring any such proof, Owner and Contractor agree that as liquidated damages for delay (but not as a penalty):

1. Substantial Completion: Contractor shall pay Owner $ **1,000.00** for each day that expires after the time (as duly adjusted pursuant to the Contract) specified in Paragraph 4.02.A above for Substantial Completion until the Work is substantially complete.

2. Completion of Remaining Work: After Substantial Completion, if Contractor shall neglect, refuse, or fail to complete the remaining Work within the Contract Times (as duly adjusted pursuant to the Contract) for completion and readiness for final payment, Contractor shall pay Owner $ **500.00** for each day that expires after such time until the Work is completed and ready for final payment.

3. Liquidated damages for failing to timely attain Substantial Completion and final completion are not additive and will not be imposed concurrently.

4.04 *Special Damages*

A. In addition to the amount provided for liquidated damages, Contractor shall reimburse Owner (1) for any fines or penalties imposed on Owner as a direct result of the Contractor's failure to attain Substantial Completion according to the Contract Times.

ARTICLE 5 – CONTRACT PRICE

5.01 Owner shall pay Contractor for completion of the Work in accordance with the Contract Documents the amounts that follow, subject to adjustment under the Contract:

A. For all Unit Price Work, an amount equal to the sum of the extended prices (established for each separately identified item of Unit Price Work by multiplying the unit price times the actual quantity of that item):

Unit Price Work					
Item No.	**Description**	**Unit**	**Estimated Quantity**	**Unit Price**	**Extended Price**
1	Gen. Conditions, Bonds, Indemnification	Lump Sum	1	$35,000.00	$35,000.00
2	Lift Station Improvements	Lump Sum	1	$453,000.00	$453,000.00
				SUBTOTAL	$488,000.00
3	Owner Contingency	Lump Sum	1	$20,000.00	$20,000.00
Total of all Extended Prices for Unit Price Work (subject to final adjustment based on actual quantities)					**$ 508,000.00**

The extended prices for Unit Price Work set forth as of the Effective Date of the Contract are based on estimated quantities. As provided in Paragraph 13.03 of the General Conditions, estimated quantities are not guaranteed, and determinations of actual quantities and classifications are to be made by Engineer.

ARTICLE 6 – PAYMENT PROCEDURES

6.01 *Submittal and Processing of Payments*

A. Contractor shall submit Applications for Payment in accordance with Article 15 of the General Conditions. Applications for Payment will be processed by Engineer as provided in the General Conditions.

6.02 *Progress Payments; Retainage*

A. Owner shall make progress payments on account of the Contract Price on the basis of Contractor's Applications for Payment on or about the 20th day of each month during performance of the Work as provided in Paragraph 6.02.A.1 below, provided that such Applications for Payment have been submitted in a timely manner and otherwise meet the requirements of the Contract. All such payments will be measured by the Schedule of Values established as provided in the General Conditions (and in the case of Unit Price Work based on the number of units completed) or, in the event there is no Schedule of Values, as provided elsewhere in the Contract.

1. Prior to Substantial Completion, progress payments will be made in accordance with Florida Statute 255.078 but, in each case, less the aggregate of payments previously made and less such amounts as Owner may withhold, including but not limited to liquidated damages, in accordance with the Contract

B. Upon Substantial Completion, Owner shall pay an amount sufficient to increase total payments to Contractor to 100 percent of the Work completed, less such amounts set off by Owner pursuant to Paragraph 15.01.E of the General Conditions, and less 200 percent of Engineer's estimate of the value of Work to be completed or corrected as shown on the punch list of items to be completed or corrected prior to final payment.

6.03 *Final Payment*

A. Upon final completion and acceptance of the Work in accordance with Paragraph 15.06 of the General Conditions, Owner shall pay the remainder of the Contract Price as recommended by Engineer as provided in said Paragraph 15.06.

ARTICLE 7 – INTEREST

7.01 All amounts not paid when due shall bear interest at the rate of *1* percent per annum.

ARTICLE 8 – CONTRACTOR'S REPRESENTATIONS

8.01 In order to induce Owner to enter into this Contract, Contractor makes the following representations:

A. Contractor has examined and carefully studied the Contract Documents, and any data and reference items identified in the Contract Documents.

B. Contractor has visited the Site, conducted a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and is satisfied as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.

C. Contractor is familiar with and is satisfied as to all Laws and Regulations that may affect cost, progress, and performance of the Work.

D. Contractor has carefully studied all provided: (1) reports of explorations and tests of subsurface conditions at or adjacent to the Site and all drawings of physical conditions

relating to existing surface or subsurface structures at the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings, and (2) reports and drawings relating to Hazardous Environmental Conditions, if any, at or adjacent to the Site that have been identified in the Supplementary Conditions, especially with respect to Technical Data in such reports and drawings.

E. Contractor has considered the information known to Contractor itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Contract Documents; and the Site-related reports (if provided) and drawings identified in the Contract Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Contractor; and (3) Contractor's safety precautions and programs.

F. Based on the information and observations referred to in the preceding paragraph, Contractor agrees that no further examinations, investigations, explorations, tests, studies, or data are necessary for the performance of the Work at the Contract Price, within the Contract Times, and in accordance with the other terms and conditions of the Contract.

G. Contractor is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Contract Documents.

H. Contractor has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Contractor has discovered in the Contract Documents, and the written resolution thereof by Engineer is acceptable to Contractor.

I. The Contract Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performance and furnishing of the Work.

J. Contractor's entry into this Contract constitutes an incontrovertible representation by Contractor that without exception all prices in the Agreement are premised upon performing and furnishing the Work required by the Contract Documents.

ARTICLE 9 – CONTRACT DOCUMENTS

9.01 *Contents*

A. The Contract Documents consist of the following:

1. This Agreement (pages 1 to _13__, inclusive).
2. Performance bond (pages 1 to 3, inclusive).
3. Payment bond (pages 1 to 3, inclusive).
4. General Conditions (pages 1 to 65, inclusive).
5. Supplementary Conditions (pages 1 to 10, inclusive).
6. Specifications as listed in the table of contents of the Project Manual.
7. Drawings (not attached but incorporated by reference) consisting of _10__ sheets with each sheet bearing the following general title: _KUDZA ROAD LIFT STATION EMERGENCY GENERATOR.
8. Addenda (numbers __0__ to __1__, inclusive).
9. Exhibits to this Agreement (enumerated as follows):

a. Contractor's Bid (pages 1 to 157, inclusive).

10. The following which may be delivered or issued on or after the Effective Date of the Contract and are not attached hereto:

a. Notice to Proceed.

b. Work Change Directives.

c. Change Orders.

d. Field Orders.

B. The documents listed in Paragraph 9.01.A are attached to this Agreement (except as expressly noted otherwise above).

C. There are no Contract Documents other than those listed above in this Article 9.

D. The Contract Documents may only be amended, modified, or supplemented as provided in the General Conditions.

ARTICLE 10 – MISCELLANEOUS

10.01 *Terms*

A. Terms used in this Agreement will have the meanings stated in the General Conditions and the Supplementary Conditions.

10.02 *Assignment of Contract*

A. Unless expressly agreed to elsewhere in the Contract, no assignment by a party hereto of any rights under or interests in the Contract will be binding on another party hereto without the written consent of the party sought to be bound; and, specifically but without limitation, money that may become due and money that is due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents.

10.03 *Successors and Assigns*

A. Owner and Contractor each binds itself, its successors, assigns, and legal representatives to the other party hereto, its successors, assigns, and legal representatives in respect to all covenants, agreements, and obligations contained in the Contract Documents.

10.04 *Severability*

A. Any provision or part of the Contract Documents held to be void or unenforceable under any Law or Regulation shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon Owner and Contractor, who agree that the Contract Documents shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision.

10.05 *Contractor's Certifications*

A. Contractor certifies that it has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for or in executing the Contract. For the purposes of this Paragraph 10.05:

1. “corrupt practice” means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process or in the Contract execution;

2. “fraudulent practice” means an intentional misrepresentation of facts made (a) to influence the bidding process or the execution of the Contract to the detriment of Owner, (b) to establish Bid or Contract prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;

3. “collusive practice” means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish Bid prices at artificial, non-competitive levels; and

4. “coercive practice” means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the execution of the Contract.

10.06 *Indemnity*

A. The parties recognize that the CONTRACTOR is an independent contractor. The CONTRACTOR agrees to assume liability for and indemnify, hold harmless, and defend the VILLAGE, its council members, mayor, officers, employees, agents, and attorneys of, from, and against all liability and expense, including reasonable attorney’s fees, in connection with any and all claims, demands, damages, actions, causes of action, and suits in equity of whatever kind or nature, including claims for personal injury, property damage, equitable relief, or loss of use, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the CONTRACTOR, its agents, officers, Contractors, subcontractors, employees, or anyone else utilized by the CONTRACTOR in the performance of this Contract. The CONTRACTOR’s liability hereunder shall include all attorney’s fees and costs incurred by the VILLAGE in the enforcement of this indemnification provision. This includes claims made by the employees of the CONTRACTOR against the VILLAGE and the CONTRACTOR hereby waives its entitlement, if any, to immunity under Section 440.11, Florida Statutes. The obligations contained in this provision shall survive termination of this Contract and shall not be limited by the amount of any insurance required to be obtained or maintained under this Contract.

B. Subject to the limitations set forth in this Section, CONTRACTOR shall assume control of the defense of any claim asserted by a third party against the VILLAGE and, in connection with such defense, shall appoint lead counsel, in each case at the CONTRACTOR’s expense. The VILLAGE shall have the right, at its option, to participate in the defense of any third party claim, without relieving CONTRACTOR of any of its obligations hereunder. If the CONTRACTOR assumes control of the defense of any third party claim in accordance with this paragraph, the CONTRACTOR shall obtain the prior written consent of the VILLAGE before entering into any settlement of such claim. Notwithstanding anything to the contrary in this Section, the CONTRACTOR shall not assume or maintain control of the defense of any third party claim, but shall pay the fees of counsel retained by the VILLAGE and all expenses, including experts’ fees, if (i) an adverse determination with respect to the third party claim would, in the good faith judgment of the VILLAGE, be detrimental in any material respect to the VILLAGE’s reputation; (ii) the third party claim seeks an injunction or equitable relief against the VILLAGE; or (iii) the CONTRACTOR has failed or is failing to prosecute or defend vigorously the third party claim. Each party shall cooperate, and cause its agents to cooperate, in the defense or prosecution of any third party claim and shall furnish or cause to be furnished such records and information, and attend such

conferences, discovery proceedings, hearings, trials, or appeals, as may be reasonably requested in connection therewith.

C. It is the specific intent of the parties hereto that the foregoing indemnification complies with Section 725.06, Florida Statutes, as amended. CONTRACTOR expressly agrees that it will not claim, and waives any claim, that this indemnification violates Section 725.06, Florida Statues. Nothing contained in the foregoing indemnification shall be construed as a waiver of any immunity or limitation of liability the VILLAGE may have under the doctrine of sovereign immunity or Section 768.28, Florida Statutes.

10.07 *Governing Law and Remedies*

A. The validity of this Agreement and of any of its terms or provisions, as well as the rights and duties of the parties hereunder, shall be governed by the laws of the State of Florida and venue for any and all disputes related to or arising from this Agreement shall be in Palm Beach County, Florida.

B. No remedy herein conferred upon any party is intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or further exercise thereof.

10.08 *Office of the Inspector General*

A. Palm Beach County has established the Office of the Inspector General, which is authorized and empowered to review past, present, and proposed County programs, contracts, transactions, accounts and records. The Inspector General (IG) has the power to subpoena witnesses, administer oaths, require the production of records, and monitor existing projects and programs. The Inspector General may, on a random basis, perform audits on all Village contracts.

10.09 *Scrutinized Companies*

A. Company certifies that it and its subcontractors are not on the Scrutinized Companies that Boycott Israel List and are not engaged in the boycott of Israel. Pursuant to section 287.135, Florida Statutes, the Village may immediately terminate this Agreement at its sole option if the Company or any of its subcontractors are found to have submitted a false certification; or if the Company or any of its subcontractors, are placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of this Agreement.

B. The Company agrees to observe the above requirements for applicable subcontracts entered into for the performance of work under this Agreement. The Company agrees that the certifications in this section shall be effective and relied upon by the Village for the term of this Agreement, including any and all renewals. The Company agrees that if it or any of its subcontractors' status changes in regards to any certification herein, the Company shall immediately notify the Village of the same. As provided in Subsection 287.135(8), Florida Statutes, if federal law ceases to authorize the above-stated contracting prohibitions then they shall become inoperative.

10.10 *Public Records*

Contractor shall comply with Florida's Public Records Act, Chapter 119, Florida Statutes, and, if determined to be acting on behalf of the Village as provided under section 119.011(2), Florida Statutes, specifically agrees to:

(a) Keep and maintain public records required by the Village to perform the service.

(b) Upon request from the Village's custodian of public records or designee, provide the Village with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

(c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of this Contract and following completion of this Contract if the Contractor does not transfer the records to the Village.

(d) Upon completion of this Contract, transfer, at no cost, to the Village all public records in possession of the Contractor or keep and maintain public records required by the Village to perform the service. If the Contractor transfers all public records to the Village upon completion of the Contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the Contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the Village, upon request from the Village's custodian of public records or designee, in a format that is compatible with the information technology systems of the Village.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONSULTANT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS OR DESIGNEE AT 561-584-8200 ext. 8430, kwynn@vpsfl.org, OR BY MAIL AT VILLAGE OF PALM SPRINGS, 226 CYPRESS LANE, PALM SPRINGS, FL 33461.

10.11 *Insurance*

A. The limits of liability for insurance required by Paragraph 6.03 of the General Conditions shall provide coverage for not less that the following amounts or greater where required by Law and Regulations:

1. Workers' Compensation, and related coverages under Paragraphs 6.03.A.1 and A.2 of the General Conditions:

a.	State	Statutory
b.	Applicable Federal	Statutory
c.	Employer Liability:	
	Bodily injury, each accident	$1,000,000
	Bodily injury by disease, each employee	$500,000
	Bodily injury/disease aggregate	$1,000,000
d.	Foreign voluntary worker compensation	Statutory

2. Contractor's Commercial General Liability under Paragraphs 6.03.B and 6.03.C of the General Conditions:

a.	General Aggregate	$2,000,000

b. Products – Completed Operations Aggregate $2,000,000
c. Personal and Advertising Injury $1,000,000
d. Each Occurrence/Per Claim $1,000,000
(Bodily Injury and Property Damage)

3. Automobile Liability under paragraph 6.03.D of the General Conditions:

a. Bodily Injury:
Each Person $500,000
Each Accident $1,000,000
b. Property Damage:
Each Incident $1,000,000

4. Umbrella of Excess Liability under paragraph 6.03.E of the General Conditions:

a. Excess or Umbrella Liability
1) General Aggregate $5,000,000
2) Each Occurrence/Per Claim $1,000,000

5. Contractor's Pollution Liability under paragraph 6.03.F of the General Conditions:

a. Contractor's Pollution Liability
1) General Aggregate $2,000,000
2) Each Occurrence/Per Claim $1,000,000

6. Additional Insureds include the respective officers, partners, directors, employees, agents, consultants, and subconsultants of the following firms and municipal government(s):

a. Village of Palm Springs

10.12 *Public Construction Bond*

A. If the contract amount exceeds $200,000 in total construction cost, the CONTRACTOR must provide the VILLAGE with a public construction bond in accordance with section 255.05, Florida Statutes. Said bond must be recorded in the Official Records in and for Palm Beach County and the **original** recorded bond must be provided to the VILLAGE prior to the CONTRACTOR providing any services under the contract. The VILLAGE reserves the right to request a bond for any work which is less than $200,000. The cost of the bond shall be a direct pass through cost to the VILLAGE without any mark-up by the CONTRACTOR.

B. The public construction bond shall be on forms attached hereto as **Forms C-610 and C-615 "Performance" and "Payment" Bonds** or substantially similar as approved by the VILLAGE. The bond shall be in an amount not less than the total contract price and shall incorporate by reference the terms of the Contract Documents in their entirety.

C. To be acceptable to the VILLAGE, a Surety Company shall comply with the following provisions:

a. The Surety Company shall have a currently valid Certificate of Authority, issued by the State of Florida Department of Insurance, authorizing it to write surety bonds in the State of Florida.

b. The Surety Company shall have a currently valid Certificate of Authority issued by the United States Department of Treasury under Sections 9304 to 9308 of Title 31 of the United States Code.

c. The Surety Company shall be in full compliance with the provisions of the Florida Insurance Code.

d. The Surety Company shall have at least twice the minimum surplus and capital required by the Florida Insurance Code at the time the contract is approved.

e. The Surety Company shall have at least the ratings of A-/Class V in the latest issue of Best's Key Rating Guide.

f. The Surety Company shall not expose itself to any loss on any one risk in an amount exceeding ten (10) percent of its surplus to policyholders, provided:

1) Any risk or portion of any risk being reinsured shall be deducted in determining the limitation of the risk as prescribed in this section. These minimum requirements shall apply to the reinsuring carrier providing authorization or approval by the State of Florida, Department of Insurance to do business in this state have been met.

2) In the case of the surety insurance company, in addition to the deduction for reinsurance, the amount assumed by any co-surety, the value of any security deposited, pledged or held subject to the consent of the surety and for the protection of the surety shall be deducted.

10.13 *Audit By Village*

A. The CONTRACTOR shall permit the VILLAGE, or any authorized representatives of the VILLAGE, at all reasonable times, access to and the right to examine all records, books, papers or documents related to the CONTRACTOR's performance under this Agreement including, but not limited to, expenses for sub-contractors, agents or assistants, direct and indirect charges for work performed and detailed documentation for all such work performed or to be performed under this Agreement.

10.14 *Copies of Data/Documents*

A. Copies or original documents prepared by the CONTRACTOR in relation to work associated with this Agreement shall be provided to the VILLAGE. Data collected, stored, and/or provided shall be in a form acceptable to the VILLAGE and agreed upon by the VILLAGE.

10.15 *Ownership*

A. Each and every report, draft, work product, map, record, and other document reproduced, prepared, or caused to be prepared by the CONTRACTOR pursuant to or in connection with this Agreement shall be the exclusive property of the VILLAGE.

10.16 *Limitations of Liability*

A. Under no circumstances shall either party be liable to the other for any consequential, incidental, special, punitive, or any other form of indirect or non-compensatory damages.

10.17 *Enforcement Costs*

A. All parties shall be responsible for their own attorneys' fees, court costs and expenses if any legal action or other proceeding is brought for any dispute, disagreement, or issue of construction or interpretation arising hereunder whether relating to the Agreement's execution, validity, the obligations provided therein, or performance of this Agreement, or because of an alleged breach, default or misrepresentation in connection with any provisions of this Agreement.

10.18 *Copyrights and/or Patent Rights*

A. CONTRACTOR warrants that there has been no violation of copyrights and/or patent rights in the manufacturing, producing or selling of the goods, shipped or ordered, as a result of

this Agreement and the CONTRACTOR agrees to hold the Village harmless from any and all liability, loss, or expense occasioned by any such violation.

10.19 *Protection of Property*

A. The CONTRACTOR shall at all times guard against damage or loss to the property of the VILLAGE or of other vendors or contractors and shall be held responsible for replacing or repairing any such loss or damage. The VILLAGE may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss or damage to property through negligence of the successful CONTRACTOR or its agents. The CONTRACTOR shall be responsible to safeguard all of their property such as tools and equipment while on site. The VILLAGE will not be held responsible for any loss of CONTRACTOR property due to theft or vandalism.

10.20 *Damage to Persons or Property*

A. The responsibility for all damage to person or property arising out of or on account of Scope of Work done under this Contract shall rest upon the CONTRACTOR.

10.21 *Discrimination*

A. The CONTRACTOR warrants and represents that all of its employees are treated equally during employment without regard to race, color, religion, disability, sex, age, national origin, ancestry, political affiliation, marital status, handicap, or sexual orientation. Further, CONTRACTOR shall not discriminate or permit discrimination against any employee or an applicant for employment on the basis of race, color, sex, religion, political affiliation, natural origin, ancestry, marital status, sexual orientation or handicap.

10.22 *Construction Defects*

A. PURSUANT TO SECTION 558.005, FLORIDA STATUTES, ANY CLAIMS FOR CONSTRUCTION DEFECTS ARE NOT SUBJECT TO THE NOTICE AND CURE PROVISIONS OF CHAPTER 558, FLORIDA STATUTES.

10.23 *Public Entity Crimes*

Contractor acknowledges and agrees that a person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier or sub-contractor under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statues, for CATEGORY TWO for a period of 36 months following the date of being placed on the convicted vendor list. The Contractor will advise the Village immediately if it becomes aware of any violation of this statute.

10.24 *Scrutinized Companies*

A. Contractor certifies that it and its subcontractors are not on the Scrutinized Companies that Boycott Israel List and are not engaged in the boycott of Israel. Pursuant to section 287.135, Florida Statutes, the City may immediately terminate this Agreement at its sole option if the Contractor or any of its subcontractors are found to have submitted a false certification; or if the Contractor or any of its subcontractors, are placed on the Scrutinized Companies that Boycott Israel List or is engaged in the boycott of Israel during the term of this Agreement.

B. If this Agreement is for one million dollars or more, the Contractor certifies that it and its subcontractors are also not on the Scrutinized Companies with Activities in Sudan List, Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or engaged in business operations in Cuba or Syria as identified in Section 287.135, Florida Statutes. Pursuant to Section 287.135, the City may immediately terminate this Agreement at its sole option if the Contractor, or any of its subcontractors are found to have submitted a false certification; or if the Contractor or any of its subcontractors are placed on the Scrutinized Companies with Activities in Sudan List, or Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or are or have been engaged with business operations in Cuba or Syria during the term of this Agreement.

C. The Contractor agrees to observe the above requirements for applicable subcontracts entered into for the performance of work under this Agreement.

D. The Contractor agrees that the certifications in this section shall be effective and relied upon by the City for the term of this Agreement, including any and all renewals.

E. The Contractor agrees that if it or any of its subcontractors' status changes in regards to any certification herein, the Contractor shall immediately notify the City of the same.

F. As provided in Subsection 287.135(8), Florida Statutes, if federal law ceases to authorize the above-stated contracting prohibitions then they shall become inoperative.

10.25 *E-Verify*

A. Pursuant to Section 448.095(2), Florida Statutes, beginning on January 1, 2021, the CONTRACTOR shall:

1. Register with and use the E-Verify system to verify the work authorization status of all newly hired employees and require all Subcontractors (providing services or receiving funding under this Agreement) to register with and use the E-Verify system to verify the work authorization status of all the Subcontractors' newly hired employees;

2. Secure an affidavit from all Subcontractors (providing services or receiving funding under this Agreement) stating that the Subcontractor does not employ, contract with, or subcontract with an "unauthorized alien" as defined in Section 448.095(1)(k), Florida Statutes;

3. Maintain copies of all Subcontractor affidavits for the duration of this Agreement and provide the same to the Owner upon request;

4. Comply fully, and ensure all of its Subcontractors comply fully, with Section 448.095, Florida Statutes;

5. Be aware that a violation of Section 448.09, Florida Statutes (Unauthorized aliens; employment prohibited) shall be grounds for termination of this Agreement; and,

6. Be aware that if the Owner terminates this Agreement under Section 448.095(2)(c), Florida Statutes, the Contractor may not be awarded a contract for at least 1 year after the date on which the Agreement is terminated and will be liable for any additional costs incurred by the Village as a result of the termination of the Agreement.

IN WITNESS WHEREOF, Owner and Contractor have signed this Agreement.

This Agreement will be effective on _____ (which is the Effective Date of the Contract).

Failure to provide the above listed items may result in your bid being deemed non-responsive.

END OF SECTION

BID FORM

ARTICLE 1 – BID RECIPIENT

1.01 This Bid is submitted to:

VILLAGE OF PALM SPRINGS

C/O Kimberly Wynn, Village Clerk

226 Cypress Lane, Palm Springs, FL 33461

1.02 The undersigned Bidder proposes and agrees, if this Bid is accepted, to enter into an Agreement with Owner in the form included in the Bidding Documents to perform all Work as specified or indicated in the Bidding Documents for the prices and within the times indicated in this Bid and in accordance with the other terms and conditions of the Bidding Documents.

ARTICLE 2 – BIDDER'S ACKNOWLEDGEMENTS

2.01 Bidder accepts all of the terms and conditions of the Instructions to Bidders, including without limitation those dealing with the disposition of Bid security. This Bid will remain subject to acceptance for 120 days after the Bid opening, or for such longer period of time that Bidder may agree to in writing upon request of Owner.

ARTICLE 3 – BIDDER'S REPRESENTATIONS

3.01 In submitting this Bid, Bidder represents that:

A. Bidder has examined and carefully studied the Bidding Documents, and any data and reference items identified in the Bidding Documents, and hereby acknowledges receipt of the following Addenda:

Addendum No.	Addendum, Date
1	02/15/2024

B. Bidder has visited the Site, conducted a thorough, alert visual examination of the Site and adjacent areas, and become familiar with and satisfied itself as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.

C. Bidder is familiar with and has satisfied itself as to all Laws and Regulations that may affect cost, progress, and performance of the Work.

D. Bidder has considered the information known to Bidder itself; information commonly known to contractors doing business in the locality of the Site; information and observations obtained from visits to the Site; the Bidding Documents; and any Site-related reports and drawings identified in the Bidding Documents, with respect to the effect of such information, observations, and documents on (1) the cost, progress, and performance of the Work; (2) the means, methods, techniques, sequences, and procedures of construction to be employed by Bidder; and (3) Bidder's safety precautions and programs.

E. Bidder agrees, based on the information and observations referred to in the preceding paragraph, that no further examinations, investigations, explorations, tests, studies, or data are necessary for the determination of this Bid for performance of the Work at the price bid and within the times required, and in accordance with the other terms and conditions of the Bidding Documents.

F. Bidder is aware of the general nature of work to be performed by Owner and others at the Site that relates to the Work as indicated in the Bidding Documents.

G. Bidder has given Engineer written notice of all conflicts, errors, ambiguities, or discrepancies that Bidder has discovered in the Bidding Documents, and confirms that the written resolution thereof by Engineer is acceptable to Bidder.

H. The Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for the performance and furnishing of the Work.

I. The submission of this Bid constitutes an incontrovertible representation by Bidder that Bidder has complied with every requirement of this Article, and that without exception the Bid and all prices in the Bid are premised upon performing and furnishing the Work required by the Bidding Documents.

ARTICLE 4 – BIDDER'S CERTIFICATION

4.01 Bidder certifies that:

A. This Bid is genuine and not made in the interest of or on behalf of any undisclosed individual or entity and is not submitted in conformity with any collusive agreement or rules of any group, association, organization, or corporation;

B. Bidder has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid;

C. Bidder has not solicited or induced any individual or entity to refrain from bidding; and

D. Bidder has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for the Contract. For the purposes of this Paragraph 4.01.D:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process;

2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process to the detriment of Owner, (b) to establish bid prices at artificial non-competitive levels, or (c) to deprive Owner of the benefits of free and open competition;

3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of Owner, a purpose of which is to establish bid prices at artificial, non-competitive levels; and

4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the e execution of the Contract.

ARTICLE 5 – BASIS OF BID

5.01 Bidder will complete the Work in accordance with the Contract Documents for the following price(s):

UNIT PRICE BID

Item No.	Description	Unit	Estimated Quantity	Bid Unit Price	Bid Price
1	General Conditions, Bonds, Indemnification	Lump Sum	1	$35,000.00	$35,000.00
2	Lift Station Improvements	Lump Sum	1	$453,000.00	$453,000.00
				SUBTOTAL	$488,000.00
3	Owner Contingency	Lump Sum	1	$20,000.00	$20,000.00
Total of All Unit Price Bid Items					$ 508,000.00

Bidder acknowledges that {1) each Bid Unit Price includes an amount considered by Bidder to be adequate to cover Contractor's overhead and profit for each separately identified item, and {2) estimated quantities are not guaranteed, and are solely for the purpose of comparison of Bids, and final payment for all unit price Bid items will be based on actual quantities, determined as provided in the Contract Documents.

Total Bid Price (written) Five Hundred Eight Thousand Dollars and Zero Cents

ARTICLE 6 -TIME OF COMPLETION

6.01 Bidder agrees that the Work will be substantially complete within 210 calendar days after the date when the Contract Times commence to run as provided in Paragraph 4.01 of the General Conditions, and will be completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions within 240 calendar days after the date when the Contract Times commence to run.

6.02 Bidder accepts the provisions of the Agreement as to liquidated damages.

ARTICLE 7 - ATTACHMENTS TO THIS BID

7.01 The following documents are submitted with and made a condition of this Bid:

A. Required Bid security;

B. List of Proposed Subcontractors;

C. List of Proposed Suppliers;

D. List of Project References;

E. Evidence of authority to do business in the state of the Project; or a written covenant to obtain such license within the time for acceptance of Bids;

F. Contractor's License No.: See attached **[or]** Evidence of Bidder's ability to obtain a State Contractor's License and a covenant by Bidder to obtain said license within the time for acceptance of Bids; (CGC1520354, CUC1224634, EC13003615)

G. Required Bidder Qualification Statement with supporting data.

ARTICLE 8 – DEFINED TERMS
